

# An Act

ENROLLED HOUSE  
BILL NO. 1324

By: McDaniel (Randy) of the  
House

and

Sykes of the Senate

An Act relating to the Oklahoma Police Pension and Retirement System; amending 11 O.S. 2011, Section 50-111.5, which relates to election to transfer Systems; prohibiting certain individual from becoming member of certain System; allowing certain individual to enter System; amending 11 O.S. 2011, Sections 50-114.1, as last amended by Section 10, Chapter 364, O.S.L. 2012 and 50-114.4 (11 O.S. Supp. 2012, Section 50-114.1), which relate to limitation on benefits pursuant to requirements of the Internal Revenue Code; modifying reference to Internal Revenue Code; modifying provisions related to permissive service credit; modifying provisions related to repayments; modifying references for purposes of certain qualified health insurance premiums; and declaring an emergency.

SUBJECT: Oklahoma Police Pension and Retirement System

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 11 O.S. 2011, Section 50-111.5, is amended to read as follows:

Section 50-111.5 A. Any individual who was a member with a vested benefit with the Oklahoma Police Pension and Retirement System on or after July 1, 1987, and who becomes appointed to a position in the Oklahoma State Bureau of Narcotics and Dangerous

Drugs Control, the Oklahoma State Bureau of Investigation, or the Alcoholic Beverage Laws Enforcement Commission may, at the time the individual accepts such position, elect in writing to remain a member of the Oklahoma Police Pension and Retirement System as long as the individual has not begun receiving benefits from the Oklahoma Police Pension and Retirement System or the Oklahoma Law Enforcement Retirement System and shall not become a member of the Oklahoma Law Enforcement Retirement System. The agency shall send a copy of the written election to the Oklahoma Police Pension and Retirement System and the Oklahoma Law Enforcement Retirement System within five (5) business days from its signing. If such eligible individual does not elect to remain in the Oklahoma Police Pension and Retirement System pursuant to this subsection, then the individual may elect to transfer at a later date pursuant to subsection B of this section.

B. Any individual who was a member with a vested benefit with the Oklahoma Police Pension and Retirement System on or after July 1, 1987, and who subsequently entered the Oklahoma Law Enforcement Retirement System because he or she was appointed to a position in the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control, the Oklahoma State Bureau of Investigation, or the Alcoholic Beverage Laws Enforcement Commission or, effective July 1, 2013, through July 31, 2013, an individual who made an election under subsection A that had been accepted by the Oklahoma Police Pension and Retirement System who did not have a vested benefit may, at any time the member is an active employee of such agency and has not begun receiving benefits from the Oklahoma Police Pension and Retirement System or the Oklahoma Law Enforcement Retirement System, elect in writing to reenter the Oklahoma Police Pension and Retirement System. Such written election shall be provided to the Oklahoma Police Pension and Retirement System. For purposes of this section, constructive receipt of the written election shall be the first day of the month following actual receipt.

1. A person who elects to transfer pursuant to this subsection shall have all of his or her employer and employee contributions made to the Oklahoma Law Enforcement Retirement System transferred to the Oklahoma Police Pension and Retirement System along with accrued earnings based upon the actuarial rate of return of the Oklahoma Law Enforcement Retirement System. Upon receiving the transfer of the employer and employee contributions and earnings, and notwithstanding the provisions of Section 50-111.4 of this title, the Oklahoma Police Pension and Retirement System shall treat the service that the member accrued in the Oklahoma Law Enforcement

Retirement System as service in the Oklahoma Police Pension and Retirement System; and

2. Upon actual receipt of the written election pursuant to this subsection, the Oklahoma Police Pension and Retirement System shall notify the Oklahoma Law Enforcement Retirement System of the transfer election and shall send to the Oklahoma Law Enforcement Retirement System a copy of the election within five (5) business days. The Oklahoma Law Enforcement Retirement System shall transfer the employer and employee contributions and earnings of the transferring member to the Oklahoma Police Pension and Retirement System on or before the first day of the month following constructive receipt of the election. The transferring member shall then reenter the Oklahoma Police Pension and Retirement System beginning on the first day of the month following the month in which constructive receipt of the written election was made to the Oklahoma Police Pension and Retirement System. Any member who transfers to the Oklahoma Police Pension and Retirement System pursuant to this subsection shall have all service credit in the Oklahoma Law Enforcement Retirement System canceled.

C. Notwithstanding the provisions of Section 2-300 et seq. of Title 47 of the Oklahoma Statutes, the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control, the Oklahoma State Bureau of Investigation, and the Alcoholic Beverage Laws Enforcement Commission shall make employer contributions to the Oklahoma Police Pension and Retirement System in the same manner as participating municipalities of the Oklahoma Police Pension and Retirement System for all members who either elect to remain in or elect to transfer to the Oklahoma Police Pension and Retirement System pursuant to this section. The electing member shall make employee contributions to the Oklahoma Police Pension and Retirement System as other participating members of the Oklahoma Police Pension and Retirement System.

SECTION 2. AMENDATORY 11 O.S. 2011, Section 50-114.1, as last amended by Section 10, Chapter 364, O.S.L. 2012 (11 O.S. Supp. 2012, Section 50-114.1), is amended to read as follows:

Section 50-114.1 A. For limitation years prior to July 1, 2007, the limitations of Section 415 of the Internal Revenue Code of 1986, as amended, shall be computed in accordance with the applicable provisions of the System in effect at that time and, to the extent applicable, Revenue Ruling 98-1 and Revenue Ruling 2001-51, except as provided below. Notwithstanding any other provision

contained herein to the contrary, the benefits payable to a member from the System provided by employer contributions (including contributions picked up by the employer under Section 414(h) of the Internal Revenue Code of 1986, as amended) shall be subject to the limitations of Section 415 of the Internal Revenue Code of 1986, as amended, in accordance with the provisions of this section. The limitations of this section shall apply in limitation years beginning on or after July 1, 2007, except as otherwise provided below.

B. Except as provided below, effective for limitation years ending after December 31, 2001, any accrued retirement benefit payable to a member as an annual benefit as described below shall not exceed One Hundred Sixty Thousand Dollars (\$160,000.00), automatically adjusted under Section 415(d) of the Internal Revenue Code of 1986, as amended, for increases in the cost of living, as prescribed by the Secretary of the Treasury or the Secretary's delegate, effective January 1 of each calendar year and applicable to the limitation year ending with or within such calendar year. The automatic annual adjustment of the dollar limitation in this subsection under Section 415(d) of the Internal Revenue Code of 1986, as amended, shall apply to a member who has had a severance from employment.

1. The member's annual benefit is a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other form of benefit and is payable on the first day of each month, before applying the limitations of this section. For a member who has or will have distributions commencing at more than one annuity starting date, the annual benefit shall be determined as of each such annuity starting date (and shall satisfy the limitations of this section as of each such date), actuarially adjusting for past and future distributions of benefits commencing at the other annuity starting dates. For this purpose, the determination of whether a new starting date has occurred shall be made without regard to Section 1.401(a)-20, Q&A 10(d), and with regard to Section 1.415(b)-1(b)(1)(iii)(B) and (C) of the Income Tax Regulations.

2. No actuarial adjustment to the benefit shall be made for:

- a. survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the member's benefit were paid in another form,
- b. benefits that are not directly related to retirement benefits (such as a qualified disability benefit, preretirement incidental death benefits, and postretirement medical benefits), or
- c. the inclusion in the form of benefit of an automatic benefit increase feature, provided the form of benefit is not subject to Section 417(e)(3) of the Internal Revenue Code of 1986, as amended, and would otherwise satisfy the limitations of this section, and the System provides that the amount payable under the form of benefit in any limitation year shall not exceed the limits of this section applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code of 1986, as amended. For this purpose, an automatic benefit increase feature is included in a form of benefit if the form of benefit provides for automatic, periodic increases to the benefits paid in that form.

3. The determination of the annual benefit shall take into account Social Security supplements described in Section 411(a)(9) of the Internal Revenue Code of 1986, as amended, and benefits transferred from another defined benefit plan, other than transfers of distributable benefits pursuant to Section 1.411(d)-4, Q&A-3(c), of the Income Tax Regulations, but shall disregard benefits attributable to employee contributions or rollover contributions.

4. Effective for distributions in plan years beginning after December 31, 2003, the determination of actuarial equivalence of forms of benefit other than a straight life annuity shall be made in accordance with paragraph 5 or paragraph 6 of this subsection.

5. Benefit Forms Not Subject to Section 417(e)(3) of the Internal Revenue Code of 1986, as amended: The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this paragraph 5 if the form of the member's benefit is either:

- a. a nondecreasing annuity (other than a straight life annuity) payable for a period of not less than the life of the member (or, in the case of a qualified preretirement survivor annuity, the life of the surviving spouse), or
- b. an annuity that decreases during the life of the member merely because of:
  - (1) the death of the survivor annuitant (but only if the reduction is not below fifty percent (50%) of the benefit payable before the death of the survivor annuitant), or
  - (2) the cessation or reduction of Social Security supplements or qualified disability payments (as defined in Section 411(a)(9) of the Internal Revenue Code of 1986, as amended).
- c. Limitation Years Beginning Before July 1, 2007. For limitation years beginning before July 1, 2007, the actuarially equivalent straight life annuity is equal to the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit computed using whichever of the following produces the greater annual amount:
  - (1) the interest rate and the mortality table (or other tabular factor), each as set forth in subsection G of Section 50-105.4 of this title for adjusting benefits in the same form; and
  - (2) a five percent (5%) interest rate assumption and the applicable mortality table described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable) for that annuity starting date.
- d. Limitation Year Beginning On January 1, 2008. For the limitation year beginning on January 1, 2008, the actuarially equivalent straight life annuity is equal to the greater of:

- (1) the annual amount of the straight life annuity (if any) payable to the member under the System commencing at the same annuity starting date as the member's form of benefit, and
  - (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five percent (5%) interest rate assumption and the applicable mortality table described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable) for that annuity starting date.
- e. Limitation Years Beginning On or After July 1, 2008. For limitation years beginning on or after July 1, 2008, the actuarially equivalent straight life annuity is equal to the greater of:
- (1) the annual amount of the straight life annuity (if any) payable to the member under the System commencing at the same annuity starting date as the member's form of benefit, and
  - (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five percent (5%) interest rate assumption and the applicable mortality table within the meaning of Section 417(e)(B) 417(e)(3)(B) of the Internal Revenue Code of 1986, as amended, as described in Rev. Rul. 2007-67 (and subsequent guidance) for that annuity starting date.

6. Benefit Forms Subject to Section 417(e)(3) of the Internal Revenue Code of 1986, as amended: The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this paragraph 6 if the form of the member's benefit is other than a benefit form described in paragraph 5 of this subsection. In this case, the actuarially equivalent straight life annuity shall be determined as follows:

- a. Annuity Starting Date on or after January 1, 2009. If the annuity starting date of the member's form of

benefit is in the period beginning on January 1, 2009, through June 30, 2009, or in a plan year beginning after June 30, 2009, the actuarially equivalent straight life annuity is equal to the greatest of (1), (2) and (3) below:

- (1) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the interest rate and the mortality table (or other tabular factor) as set forth in the most recent actuarial valuation referenced in subsection G of Section 50-105.4 of this title prior to September 1, 2011, and effective September 1, 2011, in paragraph 22 of Section 50-101 of this title, for adjusting benefits in the same form,
- (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table within the meaning of Section 417(e)(3)(B) of the Internal Revenue Code of 1986, as amended, as described in Rev. Rul. 2007-67 (and subsequent guidance), and
- (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using:
  - (a) the adjusted first, second, and third segment rates under Section 417(e)(3)(C) and (D) of the Internal Revenue Code of 1986, as amended, applied under rules similar to the rules of Section 430(h)(2)(C) of the Internal Revenue Code of 1986, as amended, for the fourth calendar month preceding the plan year in which falls the annuity starting date for the distribution and the stability period is the successive period of one (1) plan year which contains the annuity

starting date for the distribution and for which the applicable interest rate remains constant, or as otherwise provided in the applicable guidance if the first day of the first plan year beginning after December 31, 2007, does not coincide with the first day of the applicable stability period, and

- (b) the applicable mortality table within the meaning of Section 417(e)(3)(B) of the Internal Revenue Code of 1986, as amended, as described in Rev. Rul. 2007-67 (and subsequent guidance),

divided by one and five one-hundredths (1.05).

- b. Annuity Starting Date in the Period Beginning on July 1, 2008 through December 31, 2008. If the annuity starting date of the member's form of benefit is in the period beginning on July 1, 2008, through December 31, 2008, the actuarially equivalent straight life annuity is equal to the greatest of (1), (2) and (3) below:

- (1) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the interest rate and the mortality table (or other tabular factor) each as set forth in subsection G of Section 50-105.4 of this title for adjusting benefits in the same form,
- (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable), and
- (3) the annual amount of the straight life annuity commencing at the same annuity starting date that

has the same actuarial present value as the member's form of benefit, computed using:

- (a) the adjusted first, second, and third segment rates under Section 417(e)(3)(C) and (D) of the Internal Revenue Code of 1986, as amended, applied under rules similar to the rules of Section 430(h)(2)(C) of the Internal Revenue Code of 1986, as amended, for the fourth calendar month preceding the plan year in which falls the annuity starting date for the distribution and the stability period is the successive period of one (1) plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant, or as otherwise provided in the applicable guidance if the first day of the first plan year beginning after December 31, 2007, does not coincide with the first day of the applicable stability period, and
- (b) the applicable mortality table described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable),

divided by one and five one-hundredths (1.05).

- c. Annuity Starting Date in Plan Years Beginning in 2006 or 2007. If the annuity starting date of the member's form of benefit is in a Plan Year beginning in 2006 or 2007, the actuarially equivalent straight life annuity is equal to the greatest of (1), (2) and (3) below:

- (1) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the interest rate and the mortality table (or other tabular factor) each as set forth in subsection G of Section 50-105.4 of this title for adjusting benefits in the same form,
- (2) the annual amount of the straight life annuity commencing at the same annuity starting date that

has the same actuarial present value as the member's form of benefit, computed using a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable), and

(3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using:

(a) the rate of interest on thirty-year Treasury securities as specified by the Commissioner for the lookback month for the stability period specified below. The lookback month applicable to the stability period is the fourth calendar month preceding the first day of the stability period, as specified below. The stability period is the successive period of one (1) plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant, and

(b) the applicable mortality table described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable),

divided by one and five one-hundredths (1.05).

d. Annuity Starting Date in Plan Years Beginning in 2004 or 2005:

(1) If the annuity starting date of the member's form of benefit is in a plan year beginning in 2004 or 2005, the actuarially equivalent straight life annuity is equal to the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using whichever of the following produces the greater annual amount:

- (a) the interest rate and the mortality table (or other tabular factor) each as set forth in subsection G of Section 50-105.4 of this title for adjusting benefits in the same form, and
  - (b) a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable).
- (2) If the annuity starting date of the member's benefit is on or after the first day of the first plan year beginning in 2004 and before December 31, 2004, the application of this subparagraph shall not cause the amount payable under the member's form of benefit to be less than the benefit calculated under the System, taking into account the limitations of this section, except that the actuarially equivalent straight life annuity is equal to the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using whichever of the following produces the greatest annual amount:
- (a) the interest rate and mortality table (or other tabular factor) each as set forth in subsection G of Section 50-105.4 of this title for adjusting benefits in the same form,
  - (b) (i) the rate of interest on thirty-year Treasury securities as specified by the Commissioner for the lookback month for the stability period specified below. The lookback month applicable to the stability period is the fourth calendar month preceding the first day of the stability period, as specified below. The stability period is the successive period of one (1) plan year which contains the annuity starting date for

the distribution and for which the applicable interest rate remains constant, and

- (ii) the applicable mortality table described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable), and
- (c) (i) the rate of interest on thirty-year Treasury securities as specified by the Commissioner for the lookback month for the stability period specified below. The lookback month applicable to the stability period is the fourth calendar month preceding the first day of the stability period, as specified below. The stability period is the successive period of one (1) plan year which contains the annuity starting date for the distribution and for which the applicable interest rate remains constant (as in effect on the last day of the last plan year beginning before January 1, 2004, under provisions of the System then adopted and in effect), and
- (ii) the applicable mortality table described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable).

C. If a member has less than ten (10) years of participation in the System and all predecessor municipal police pension and retirement systems, the dollar limitation otherwise applicable under subsection B of this section shall be multiplied by a fraction, the numerator of which is the number of the years of participation, or part thereof, in the System of the member, but never less than one (1), and the denominator of which is ten (10).

D. Adjustment of Dollar Limitation for Benefit Commencement Before Age Sixty-two (62) or After Age Sixty-five (65): Effective for benefits commencing in limitation years ending after December 31, 2001, the dollar limitation under subsection B of this section

shall be adjusted if the annuity starting date of the member's benefit is before age sixty-two (62) or after age sixty-five (65). If the annuity starting date is before age sixty-two (62), the dollar limitation under subsection B of this section shall be adjusted under paragraph 1 of this subsection, as modified by paragraph 3 of this subsection, but subject to paragraph 4 of this subsection. If the annuity starting date is after age sixty-five (65), the dollar limitation under subsection B of this section shall be adjusted under paragraph 2 of this subsection, as modified by paragraph 3 of this subsection.

1. Adjustment of Defined Benefit Dollar Limitation for Benefit Commencement Before Age Sixty-two (62):

- a. Limitation Years Beginning Before July 1, 2007. If the annuity starting date for the member's benefit is prior to age sixty-two (62) and occurs in a limitation year beginning before July 1, 2007, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using whichever of the following produces the smaller annual amount:
  - (1) the interest rate and the mortality table (or other tabular factor) each as set forth in subsection G of Section 50-105.4 of this title, or
  - (2) a five-percent interest rate assumption and the applicable mortality table as described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable).
- b. Limitation Years Beginning On or After July 1, 2007.
  - (1) System Does Not Have Immediately Commencing Straight Life Annuity Payable at Both Age Sixty-two (62) and the Age of Benefit Commencement.

- (a) If the annuity starting date for the member's benefit is prior to age sixty-two (62) and occurs in the limitation year beginning on January 1, 2008, and the System does not have an immediately commencing straight life annuity payable at both age sixty-two (62) and the age of benefit commencement, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five-percent interest rate assumption and the applicable mortality table for the annuity starting date as described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable) (and expressing the member's age based on completed calendar months as of the annuity starting date).
- (b) If the annuity starting date for the member's benefit is prior to age sixty-two (62) and occurs in a limitation year beginning on or after January 1, 2009, and the System does not have an immediately commencing straight life annuity payable at both age sixty-two (62) and the age of benefit commencement, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five-percent interest rate assumption and the applicable

mortality table within the meaning of Section 417(e)(3)(B) of the Internal Revenue Code of 1986, as amended, as described in Rev. Rul. 2007-67 (and subsequent guidance) (and expressing the member's age based on completed calendar months as of the annuity starting date).

- (2) System Has Immediately Commencing Straight Life Annuity Payable at Both Age Sixty-two (62) and the Age of Benefit Commencement. If the annuity starting date for the member's benefit is prior to age sixty-two (62) and occurs in a limitation year beginning on or after July 1, 2007, and the System has an immediately commencing straight life annuity payable at both age sixty-two (62) and the age of benefit commencement, the dollar limitation for the member's annuity starting date is the lesser of the limitation determined under division (1) of subparagraph b of this paragraph and the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) multiplied by the ratio of the annual amount of the immediately commencing straight life annuity under the System at the member's annuity starting date to the annual amount of the immediately commencing straight life annuity under the System at age sixty-two (62), both determined without applying the limitations of this section.

2. Adjustment of Defined Benefit Dollar Limitation for Benefit Commencement After Age Sixty-five (65):

- a. Limitation Years Beginning Before July 1, 2007. If the annuity starting date for the member's benefit is after age sixty-five (65) and occurs in a limitation year beginning before July 1, 2007, the dollar limitation for the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section

for years of participation less than ten (10), if required) with actuarial equivalence computed using whichever of the following produces the smaller annual amount:

- (1) the interest rate and the mortality table (or other tabular factor) each as set forth in subsection G of Section 50-105.4 of this title, or
- (2) a five-percent interest rate assumption and the applicable mortality table as described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable).

b. Limitation Years Beginning On or After July 1, 2007.

- (1) System Does Not Have Immediately Commencing Straight Life Annuity Payable at Both Age Sixty-five (65) and the Age of Benefit Commencement.
  - (a) If the annuity starting date for the member's benefit is after age sixty-five (65) and occurs in the limitation year beginning on January 1, 2008, and the System does not have an immediately commencing straight life annuity payable at both age sixty-five (65) and the age of benefit commencement, the dollar limitation at the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five-percent interest rate assumption and the applicable mortality table for the annuity starting date as described in Rev. Rul. 2001-62 (or its successor for these purposes, if applicable) (and expressing the member's age

based on completed calendar months as of the annuity starting date).

(b) If the annuity starting date for the member's benefit is after age sixty-five (65) and occurs in a limitation year beginning on or after January 1, 2009, and the System does not have an immediately commencing straight life annuity payable at both age sixty-five (65) and the age of benefit commencement, the dollar limitation at the member's annuity starting date is the annual amount of a benefit payable in the form of a straight life annuity commencing at the member's annuity starting date that is the actuarial equivalent of the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten (10), if required) with actuarial equivalence computed using a five-percent interest rate assumption and the applicable mortality table within the meaning of Section 417(e)(3)(B) of the Internal Revenue Code of 1986, as amended, as described in Rev. Rul. 2007-67 (and subsequent guidance) (and expressing the member's age based on completed calendar months as of the annuity starting date).

(2) System Has Immediately Commencing Straight Life Annuity Payable at Both Age Sixty-five (65) and Age of Commencement. If the annuity starting date for the member's benefit is after age sixty-five (65) and occurs in a limitation year beginning on or after July 1, 2007, and the System has an immediately commencing straight life annuity payable at both age sixty-five (65) and the age of benefit commencement, the dollar limitation at the member's annuity starting date is the lesser of the limitation determined under division (1) of subparagraph b of this paragraph and the dollar limitation under subsection B of this section (adjusted under subsection C of this section for years of participation less than ten

(10), if required) multiplied by the ratio of the annual amount of the adjusted immediately commencing straight life annuity under the System at the member's annuity starting date to the annual amount of the adjusted immediately commencing straight life annuity under the System at age sixty-five (65), both determined without applying the limitations of this section. For this purpose, the adjusted immediately commencing straight life annuity under the System at the member's annuity starting date is the annual amount of such annuity payable to the member, computed disregarding the member's accruals after age sixty-five (65) but including actuarial adjustments even if those actuarial adjustments are used to offset accruals; and the adjusted immediately commencing straight life annuity under the System at age sixty-five (65) is the annual amount of such annuity that would be payable under the System to a hypothetical member who is age sixty-five (65) and has the same accrued benefit as the member.

3. Notwithstanding the other requirements of this subsection, no adjustment shall be made to the dollar limitation under subsection B of this section to reflect the probability of a member's death between the annuity starting date and age sixty-two (62), or between age sixty-five (65) and the annuity starting date, as applicable, if benefits are not forfeited upon the death of the member prior to the annuity starting date. To the extent benefits are forfeited upon death before the annuity starting date, such an adjustment shall be made. For this purpose, no forfeiture shall be treated as occurring upon the member's death if the System does not charge members for providing a qualified preretirement survivor annuity, as defined in Section 417(c) of the Internal Revenue Code of 1986, as amended, upon the member's death.

4. Notwithstanding any other provision to the contrary, for limitation years beginning on or after January 1, 1997, if payment begins before the member reaches age sixty-two (62), the reductions in the limitations in this subsection shall not apply to a member who is a "qualified participant" as defined in Section 415(b)(2)(H) of the Internal Revenue Code of 1986, as amended.

E. Minimum Benefit Permitted: Notwithstanding anything else in this section to the contrary, the benefit otherwise accrued or payable to a member under this System shall be deemed not to exceed the maximum permissible benefit if:

1. The retirement benefits payable for a limitation year under any form of benefit with respect to such member under this System and under all other defined benefit plans (without regard to whether a plan has been terminated) ever maintained by a participating municipality do not exceed Ten Thousand Dollars (\$10,000.00) multiplied by a fraction:

- a. the numerator of which is the member's number of credited years (or part thereof, but not less than one (1) year) of service (not to exceed ten (10) years) with the participating municipality, and
- b. the denominator of which is ten (10); and

2. The participating municipality (or a predecessor employer) has not at any time maintained a defined contribution plan in which the member participated (for this purpose, mandatory employee contributions under a defined benefit plan, individual medical accounts under Section 401(h) of the Internal Revenue Code of 1986, as amended, and accounts for postretirement medical benefits established under Section 419A(d)(1) of the Internal Revenue Code of 1986, as amended, are not considered a separate defined contribution plan).

F. In no event shall the maximum annual accrued retirement benefit of a member allowable under this section be less than the annual amount of such accrued retirement benefit, including early pension and qualified joint and survivor annuity amounts, duly accrued by the member as of the last day of the limitation year beginning in 1982, or as of the last day of the limitation year beginning in 1986, whichever is greater, disregarding any plan changes or cost-of-living adjustments occurring after July 1, 1982, as to the 1982 accrued amount, and May 5, 1986, as to the 1986 accrued amount.

G. ~~Effective for years beginning after December 31, 1997, if~~ If a member purchases service pursuant to Section 50-111.2 and Section 50-111.4 of this title credit under the System, which qualifies as "permissive service credit" pursuant to Section 415(n) of the Internal Revenue Code of 1986, as amended, the limitations of

Section 415 of the Internal Revenue Code of 1986, as amended, may be met by either:

1. Treating the accrued benefit derived from such contributions as an annual benefit under subsection B of this section, or

2. Treating all such contributions as annual additions for purposes of Section 415(c) of the Internal Revenue Code of 1986, as amended.

H. ~~Effective for years beginning after December 31, 1997, if~~ If a member repays to the System any amounts ~~received~~ refunded from the System because of such member's prior termination ~~pursuant to subsection C of Section 50-111.1 of this title or any other amount~~ which qualifies as a repayment under Section 415(k)(3) of the Internal Revenue Code of 1986, as amended, such repayment shall not be taken into account for purposes of Section 415 of the Internal Revenue Code of 1986, as amended, pursuant to Section 415(k)(3) of the Internal Revenue Code of 1986, as amended.

I. For limitation years beginning on or after January 1, 1995, subsection C of this section, paragraph 1 of subsection D of this section, and the proration provided under subparagraphs a and b of paragraph 1 of subsection E of this section shall not apply to a benefit paid under the System as the result of the member becoming disabled by reason of personal injuries or sickness, or amounts received by the beneficiaries, survivors or estate of the member as the result of the death of the member.

J. For distributions made in limitation years beginning on or after January 1, 2000, the combined limit of repealed Section 415(e) of the Internal Revenue Code of 1986, as amended, shall not apply.

K. The State Board is hereby authorized to revoke the special election previously made on June 19, 1991, under Section 415(b)(10) of the Internal Revenue Code of 1986, as amended.

SECTION 3. AMENDATORY 11 O.S. 2011, Section 50-114.4, is amended to read as follows:

Section 50-114.4 A. A member who is an eligible retired public safety officer and who wishes to have direct payments made toward the member's qualified health insurance premiums from the member's monthly disability benefit or monthly pension payment must make a written election in accordance with Section 402(1) of the Internal

Revenue Code of 1986, as amended, on the form provided by the System, as follows:

1. The election must be made after the member separates from service as a public safety officer with the member's participating municipality;

2. The election shall only apply to distributions from the System after December 31, 2006, and to amounts not yet distributed to the eligible retired public safety officer;

3. Direct payments for an eligible retired public safety officer's qualified health insurance premiums can only be made from the member's monthly disability benefit or monthly pension payment from the System and cannot be made from the Deferred Option Plan; and

4. The aggregate amount of the exclusion from an eligible retired public safety officer's gross income is Three Thousand Dollars (\$3,000.00) per calendar year.

B. As used in this section:

1. A "public safety officer" is a member serving a public agency in an official capacity, with or without compensation, as a law enforcement officer, firefighter, chaplain, or as a member of a rescue squad or ambulance crew;

2. An "eligible retired public safety officer" is a member who, by reason of disability or attainment of normal retirement date or age, is separated from service as a public safety officer with the member's participating municipality; and

3. "Qualified health insurance premiums" are for coverage for the eligible retired public safety officer, the eligible retired public safety officer's spouse, and dependents, as defined in Section 152 of the Internal Revenue Code of 1986, as amended, by an accident or health insurance plan or a qualified long-term care insurance contract, as defined in Section 7702B(b) of the Internal Revenue Code of 1986, as amended. The health plan does not have to be sponsored by the eligible retired public safety officer's former participating municipality.

C. The State Board shall promulgate such rules as are necessary to implement the provisions of this section.

SECTION 4. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.

Passed the House of Representatives the 6th day of May, 2013.

Jon W. Murahoy  
Presiding Officer of the House  
of Representatives

Passed the Senate the 17th day of April, 2013.

Al Griffin  
Presiding Officer of the Senate

OFFICE OF THE GOVERNOR
