Confirmation is limited to obtaining identities of the practitioners from the system and determining whether the system indicates that the practitioners are licensed and in good standing.

B. similarly licensed practitioner established by the licensing provisions, practice acts, or other laws of this state.

B. Except as otherwise provided in subsection C of this section, the Uniform Emergency Volunteer Health Practitioners Act does not authorize a volunteer health practitioner to provide services that are outside the scope of practice of the practitioner, even if a similarly licensed practitioner in this state would be permitted to provide the services.

C. A volunteer health practitioner has reason to know of a limitation, modification, or restriction or that a similarly licensed practitioner in this state would not be permitted to provide a service if:

1. The practitioner knows the limitation, modification, or restriction exists or that a similarly licensed practitioner in this state would not be permitted to provide the service; or

2. From all the facts and circumstances known to the practitioner at the relevant time, a reasonable person would conclude that the limitation, modification, or restriction exists or that a similarly licensed practitioner in this state would not be permitted to provide the service.

F. In addition to the authority granted by law of this state other than the Uniform Emergency Volunteer Health Practitioners Act to regulate the conduct of health practitioners, a licensing board or other disciplinary authority in this state:
1. May impose administrative sanctions upon a health practitioner licensed in this state for conduct outside of this state in response to an out-of-state emergency;

2. May impose administrative sanctions upon a practitioner not licensed in this state for conduct in this state in response to an in-state emergency; and

3. Shall report any administrative sanctions imposed upon a practitioner licensed in another state to the appropriate licensing board or other disciplinary authority in any other state in which the practitioner is known to be licensed.

G. In determining whether to impose administrative sanctions under subsection F of this section, a licensing board or other disciplinary authority shall consider the circumstances in which the conduct took place, including any exigent circumstances, and the scope of practice, education, training, experience, and specialized skill of the practitioner.

SECTION 11. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 684.33 of Title 63, unless there is created a duplication in numbering, reads as follows:

A. The Uniform Emergency Volunteer Health Practitioners Act does not limit rights, privileges, or immunities provided to volunteer health practitioners by laws other than the Uniform Emergency Volunteer Health Practitioners Act. Except as otherwise provided in subsection B of this section, the Uniform Emergency Volunteer Health Practitioners Act does not affect requirements for the use of health practitioners pursuant to the Emergency Management Assistance Compact.

B. SECTION 12. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 684.34 of Title 63, unless there is created a duplication in numbering, reads as follows:
The State Board of Health may promulgate rules to implement the Uniform Emergency Volunteer Health Practitioners Act. In doing so, the State Department of Health shall consult with and consider the recommendations of the entity established to coordinate the implementation of the Emergency Management Assistance Compact and shall also consult with and consider rules promulgated by similarly empowered agencies in other states to promote uniformity of application of the Uniform Emergency Volunteer Health Practitioners Act and make the emergency response systems in the various states reasonably compatible.

SECTION 13. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 684.35 of Title 63, unless there is created a duplication in numbering, reads as follows:

In applying and construing the Uniform Emergency Volunteer Health Practitioners Act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.
