A "YES" vote is a vote in favor of this measure. A "NO" vote is a vote against this measure.

Section 44. A. The State of Oklahoma shall be authorized to issue bonds or other evidence of indebtedness in order to provide net proceeds equal to Five Hundred Million Dollars (\$500,000,000.00) for the purpose of acquiring, constructing or improving facilities to be used for the benefit of any common school district or career technology district within the state to provide shelter from dangerous weather conditions or to provide security to the students and employees of the district related to personal safety or both such purposes and for the purposes described by subsection G and subsection H of this section.

B. The maximum maturity for any obligation issued pursuant to subsection A of this section shall be twenty-five (25) years.

C. The Oklahoma Building Bonds Commission shall issue the obligations authorized by this section.

D. The Legislature, pursuant to enabling legislation enacted for such purpose, may define the types of facilities which may be acquired, constructed or improved with proceeds from the sale of obligations issued pursuant to this section in order to provide shelter from dangerous weather conditions, to provide secure areas and secure procedures to protect students and employees of common school districts and career technology districts from the threat or potential threat of violence or both such purposes. Until the Legislature passes such enabling legislation, the Office of Emergency Management shall promulgate rules within sixty days and implement such in accordance with subsection G of this section.

E. The repayment of the obligations issued pursuant to the provisions of this section shall be made from the General Revenue Fund of the State of Oklahoma. The use of such funds for storm shelters or enhanced security as authorized by this section shall be deemed in furtherance of a public purpose and shall not be deemed a gift of state tax revenues.

F. If any obligations issued pursuant to the provisions of this section are defeased, within the limit prescribed by subsection A of this section, the principal amount of such obligation shall become available for issuance by the state governmental entity designated pursuant to subsection C of this section if authorized by an act of the Legislature or authorized by an initiative petition approved in the manner required for laws pursuant to Section 2 of Article V of the Oklahoma Constitution. The act of the Legislature or the law proposed by initiative petition shall specify the amount of any additional issuance authorized by this subsection.

G. Pursuant to laws enacted by the Legislature or the rules promulgated by the Office of Emergency Management for such purpose, the proceeds from the obligations issued pursuant to this section may be used to reduce or eliminate any debt incurred by a school district or career technology district for the purpose of acquiring or constructing a storm shelter or secure facility. The debt must have been incurred not earlier than January 1, 2013, pursuant to a vote of the eligible voters of the respective district. If the debt was incurred prior to January 1, 2013, but not prior to July 1, 2007, the provisions of this subsection shall authorize the use of the proceeds in order to reduce or eliminate such debt with respect to construction of the eligible assets which begins on or after January 1, 2013.

H. Pursuant to laws enacted by the Legislature or the rules promulgated by the Office of Emergency Management for such purpose, the proceeds from the obligations issued pursuant to this section shall be used to reimburse a common school district or a career technology district for expenditures made from a building fund created pursuant to Section 10 of Article X of the Oklahoma Constitution, with respect to a common school district, or for expenditures made from the revenue derived from a millage levy authorized pursuant to Section 9B of Article X of the Oklahoma Constitution, with respect to a career technology district, to the extent the expenditure was for the purpose of acquiring, constructing or improving a storm shelter or secure facility. The expenditure for such storm shelter or secure facility must have been incurred no earlier than January 1, 2013

I. The obligations authorized pursuant to the provisions of this section may be issued in series, may be issued in either tax-exempt or taxable status for purposes of the Internal Revenue Code of 1986, as amended, and in such form as required in order to promote the marketability of such obligations.

J. Pursuant to laws enacted by the Legislature for such purpose, any administrative rule adopted by an agency of state government that imposes a condition or requirement upon a common school district or career technology district related to the use of proceeds from sale of the obligations authorized by this section shall be binding upon such school district or career technology district.

K. The proceeds from the sale of obligations issued pursuant to the provisions of this section may be made available to any common school district or any career technology district for the purposes authorized by this section and enabling legislation enacted pursuant to this section notwithstanding any other provision of the Oklahoma Constitution that would otherwise prohibit or restrict the use of such proceeds or the use of tax revenue for the repayment of principal, interest, reserves, issuing costs or other costs related to the sale of the obligations authorized by this section. Any provision of the Oklahoma Constitution that would otherwise restrict the issuance of obligations pursuant to this section, restrict the use of the proceeds from the sale of such obligations, restrict the use of tax revenues for repayment of the obligations or in any way restrict the operation of the provisions of this section shall be deemed to have been amended in order to remove any such restrictions.
