RULEMAKING ACTION:

Notice of proposed PERMANENT rulemaking

PROPOSED RULES:

Subchapter 9. Maximum Annual Yield Determinations

785:30-9-6. Issuance of regular permit to temporary permit holder [AMENDED]

SUMMARY:

The staff of the Oklahoma Water Resources Board ("OWRB") is proposing or is considering promulgation of amended or new rules in Oklahoma Administrative Code ("OAC") 785:30 as follows.

OAC 785:30-3-6 is proposed to be amended by adding language governing spacing between (a) new or proposed wells drilled and completed in a sensitive sole source groundwater basin and (b) springs and streams emanating from such a basin.

OAC 785:30-9-6 is proposed to be amended by adding new language to be applicable for sensitive sole source groundwater basins or subbasins after the maximum annual yield and equal proportionate share have been determined for such a basin or subbasin. EXECUTIVE ORDER 2013-40

A strong public education system is critical to the future of Oklahoma. Individual students must be proficient in basic subjects like reading, writing, and math to secure living-wage jobs, succeed in post-secondary education, or create individual wealth. Oklahoma businesses must be able to hire qualified, highly-skilled workers in order to thrive. As such, our prosperity as a state and as individual people and enterprises is dependent on excellent educational outcomes.

The Oklahoma Constitution directs the State Legislature to "establish and maintain" a system of free public education accessible to all Oklahoma children. Okla. Const. art. XIII, § 1. In honoring that obligation, the Legislature in 70 O.S. § 11-103.6 directed the State Board of Education to adopt curricular standards for instruction of students in the public schools to ensure the attainment of desired levels of competencies in a variety of areas, to include social studies, literature, languages, the arts, mathematics, science, and communication.

In the same statute, the Legislature required that these standards ensure that public school students "gain literacy at the elementary and secondary levels through a core curriculum" that would be achieved by development of skills in "reading, writing, speaking, computing and critical thinking."

In 70 O.S. § 11-103.6a, the Legislature more specifically directed the State Board of Education to align the "English Language Arts and Mathematics" curriculum "with the K-12 Common Core State Standards developed by the Common Core State Standards Initiative." The National Governors Association and the Council of Chief State School Officers spearheaded the initiative to develop these Common Core Standards, in collaboration with teachers, administrators, and parents, including representatives from Oklahoma.

The State of Oklahoma has not received federal funding relating to the adoption of Oklahoma's curricular standards for instruction, the Oklahoma core curriculum, or the Common Core State Standards. Additionally, Oklahoma has not

received any federal directive regarding implementation of curricular standards, core curriculum, or Common Core State Standards. However, to prohibit the Federal Government from improperly inserting itself on this clearly established right of Oklahoma to educate its own citizens, implementation of 70 O.S. §§ 11-103.6 and 11-103.6a must be carefully monitored by executive branch officials.

Accordingly, by the authority vested in me pursuant to Sections 1 and 2 of Article VI of the Oklahoma Constitution, I hereby direct and order the Secretary of Education and Workforce Development to monitor and ensure:

1. Any curricular standards, core curriculum, or Common Core State Standards used in Oklahoma required by 70 O.S. §§ 11-103.6 and 11-103.6a be clearly identified with the title of "Oklahoma Academic Standards."
2. The Oklahoma Academic Standards shall be carefully circumscribed to reflect direct application to subject matter proficiency.
3. The Oklahoma Academic Standards must increase classroom rigor.
4. Students must be asked to demonstrate proficiency in subject matter that is both complex and contains real-life applications, helping them to be better prepared for post-secondary education or entry into the workforce.
5. Proficiency in these areas will be demonstrated through assessments.
6. All assessments will be developed with input by Oklahomans. Further, final adoption of any assessment is the sole responsibility and obligation of Oklahomans, with input from Oklahoma educators, higher education and career technology centers, parents, and the Oklahoma business community.
7. While the Oklahoma Academic Standards shall be statewide standards, each local school district shall exclusively determine the teaching curriculum to be used in meeting the Standards.
8. The development of the Oklahoma Academic Standards will continue to be conducted in an open and transparent manner that includes opportunities for Oklahomans to offer input and suggestions for modification or updating of the Oklahoma Academic Standards.

Further, in order to safeguard against any threat of federal intrusion, and to guarantee the implementation of good public policy, by the authority vested in me pursuant to Sections 1 and 2 of Article VI of the Oklahoma Constitution, I direct and order all executive branch agencies with authority to promulgate or otherwise participate in the drafting or adoption of the Oklahoma Academic Standards to adhere to the following principles:

1. The Federal Government shall not have any input in the formulation of the Oklahoma Academic Standards or the assessments used to determine student performance.

2. The State of Oklahoma will be exclusively responsible for deciding the assessment methodology to be used to measure student performance.
3. Local school districts may, at their own discretion, adopt additional supplementary assessments to measure educational progress.
4. All agencies of the State of Oklahoma will aggressively oppose any future attempt by the Federal Government to force the state to adopt standards that do not reflect Oklahoma values.
5. The Oklahoma Academic Standards will not jeopardize the privacy of any Oklahoma student or citizen. Local school districts and the Oklahoma State Department of Education shall refrain from collecting or reporting student information in a manner that would, in any way, violate state or federal laws intended to protect student and family privacy.
6. The Oklahoma Academic Standards affect only K-12 public schools. Home schools and homeschooled children are not under the jurisdiction of the State Department of Education and are not affected by the implementation of any standards adopted by the State, including the Oklahoma Academic Standards.

This Executive Order shall be distributed to the Secretary of Education and Workforce Development, who shall cause the provisions of this Order to be implemented.

IN WITNESS WHEREOF, I have set my hand and caused the Great Seal of the State of Oklahoma to be affixed at Oklahoma City, Oklahoma, this 4th day of December, 2013.
