The rules in this Subchapter establish policies and procedures to be observed by Precinct Officials during elections. These rules detail the organization of the Precinct Election Board, preparations for the election, conduct of election day duties and the return of election results and supplies to the County Election Board office. ~~The rules contained in Parts 1 through 17 are published for distribution to County Election Board personnel and Precinct Officials as The Manual for Precinct Election Officials section of the Precinct Official Notebook. The rules contained in Parts 19 through 29 this Subchapter are published for distribution to County Election Board personnel and Precinct Officials as the Precinct Election Day Reference and Problem Solver section of the Precinct Official Notebook. The Manual for Precinct Election Officials and the Precinct Problem Solver are Election Day Reference and Problem Solver is an essential parts part of Oklahoma's uniform statewide election system.~~

230:35-5-2. Publication of ~~The Manual for Precinct Election Officials~~ Election Day Reference and Problem Solver

Prepared by the staff of the State Election Board for use by County Election Board Secretaries, Precinct Officials and other election personnel, ~~The Manual for Precinct Election Officials~~ the Election Day Reference and Problem Solver is published as a section within the Precinct Official Notebook and is intended to complement other publications of the State Election Board. ~~The Manual for Precinct Election Officials Election Day Reference and Problem Solver~~ includes the rules contained in Parts 1 through 17 of this Subchapter.

230:35-5-8. Authority of Inspector

The Inspector is the administrative officer of the Precinct Election Board and is in charge of the operations of the polling place on election day. It is the Inspector's duty to receive election materials from the Secretary of the County Election Board and to ensure that the procedures contained in ~~The Manual for Precinct Election Officials and the Precinct~~ the Election Day Reference and Problem Solver sections ~~section~~ of the Precinct

Permanent Final Adoptions

Official Notebook are followed correctly on election day. At times, the Inspector also may be responsible for relaying special instructions or new information from the County Election Board Secretary to the Judge and the Clerk.

PART 5. PREPARATIONS FOR ELECTION DAY

230:35-5-32. Preparation of voting device

Before the polls open, the Inspector follows these steps, with the help of the Judge and Clerk as needed, to prepare the voting device.

- (1) Place the ballot box near an electrical outlet.
- (2) Follow the instructions in the ~~voting device instructions~~ Election Day Reference and Problem Solver section of the Precinct Official Notebook to set up the ballot box, to attach the voting device to the ballot box, and to close and lock the emergency compartment of the ballot box.
- (3) Follow the instructions in the ~~voting device instructions~~ Election Day Reference and Problem Solver section of the Precinct Official Notebook to open the voting device case and to attach and plug in the power cord.
- (4) Follow the instructions in the ~~voting device instructions~~ Election Day Reference and Problem Solver section of the Precinct Official Notebook to turn on the voting device, open the polls on the voting device, and to prepare the voting device to accept ballots.
- (5) Check the number printed on the seal on the election results storage device compartment cover and verify that it is the same as the number recorded on the ~~Voting Device Report~~ Inspector's Notes to Secretary sheet.
- (6) Check the precinct number on the luggage tag attached to the voting device and verify that it is the same as the precinct number that printed at the beginning of the Zero Tape. If either of these numbers is not the correct number for this precinct, call the County Election Board office immediately.
- (7) Verify that the voting device console screen displays the Ready to Scan message.

PART 7. GENERAL GUIDELINES

230:35-5-40. Problems

When questions arise during the day, consult ~~The Manual for Precinct Election Officials and the Precinct Election Day Reference and Problem Solver sections~~ section of the Precinct Official Notebook for solutions. If the answer cannot be found in ~~these publications~~ this publication, or if the Precinct Officials are uncertain how to apply the information in these publications to the situation at hand, the Inspector should call the County Election Board office for advice.

PART 15. AFTER THE POLLS CLOSE

230:35-5-70. Closing the polls

At precisely 7 p.m. on election day, the Inspector announces that the polls are closed. Any registered voters who are in line to vote at 7 p.m. must be permitted to vote. [26:7-104] The Inspector must keep lines of voters orderly and secure. The Inspector shall make certain that all voters have finished voting and have fed their ballots into the voting device before ~~obtaining the~~ closing the polls on the voting device and obtaining the required number of Detail Report and the and Tally Report Reports. Follow the ~~instructions in the~~ voting device instructions in the Election Day Reference and Problem Solver section of the Precinct Official Notebook to close the polls on the voting device and to print the required reports.

230:35-5-75.1. Obtaining Detail Report and Tally Report

After all voters who are in line at 7 p.m. have finished voting and have fed their ballots into the voting device, the Inspector unlocks the emergency compartment of the ballot box, takes out any ballots deposited there during the day, and feeds them into the voting device. See 230:35-5-154. The Inspector then follows the ~~steps in the~~ voting device instructions in the Election Day Manual and Problem Solver section of the Precinct Official Notebook to obtain the required number of copies of the ~~Detail Report and Tally Report~~.

- (1) Tear the tape off the voting device when it finishes printing the first Detail and Tally Report.
- (2) The Inspector, Judge, and Clerk sign the first Tally Report in the spaces provided at the end of the tape.
- (3) Print at least ~~three more~~ two more copies of the Detail and Tally Report, ~~for a statewide election and at least two more copies for all other elections. Print additional copies of the Detail Report only if so instructed by the In~~ the event that the Secretary of the County Election Board has instructed the Inspector to print additional copies of the Detail and Tally Report, print the number of additional copies as instructed.
- (4) Tear each additional copy of the Detail and Tally Report off the device as ~~as~~ it finishes printing and sign each copy in the spaces provided at the end of each report tape.

230:35-5-75.2. Securing the voting device

After printing the required number of Detail and Tally Reports, the Inspector follows ~~the instructions in the~~ voting device instructions in the Election Day Reference and Problem Solver section of the Precinct Official Notebook, with the help of the Judge and Clerk as needed, to secure the voting device, to remove all voted ballots from the ballot box, and to secure them in the ballot transfer case for return to the County Election Board office. Prepare the ballot box for transport or for storage on-site at the polling place as instructed by the Secretary. Put the voting device key envelope in the Envelope for Tally Report.

230:35-5-79. Inspector returns to the County Election Board office

(a) **Inspector's items.** After all the work is completed, the Inspector returns to the County Election Board office with the following items.

- (1) Voting device.
- (2) Envelope for Tally Report.
- (3) Election supplies.
- (4) American flag.
- (5) Precinct Registry or Registries.
- (6) Precinct Expense Claim Envelope and any unclaimed vouchers.
- (7) Sealed ballot transfer cases.
- (8) Sealed orange Provisional Ballot Bag.

(b) ~~Green Envelope. If this is a statewide election, the Inspector mails the green envelope to the State Election Board on the way to the County Election Board office.~~

(c) **At the County Election Board office.** At the County Election Board office, the Inspector turns over the voting device, the ballots, and the election supplies and materials to County Election Board personnel. [26:7-133]

GIST/ANALYSIS:

The rules amended and/or revoked in this Chapter concern elections conducted by the County Election Board for municipalities and school districts.

Some amendments are needed to update and clarify the process for affected County Election Boards to make proper notification of final election results to the parent County Election Board. Other amendments eliminate a requirement that an affected county transmit by fax or e-mail a copy of its own signed and sealed Official Certification Report to the parent county before the parent county certifies the full election results. The results are transmitted through MESA. Election certification documents for all elections are retained as permanent records by all County Election Boards.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 3. RECOUNTS

PART 1. RECOUNTS FOR COUNTY OFFICE

230:45-3-15. Paying the costs

If only one person files a recount petition and he is successful, the county bears the entire expense of the recount. If the petitioner is successful in the case of municipal or school district elections, the municipality or school district bears said cost. If said petitioner is not successful, the expenses of the recount shall be deducted from his deposit, and the remainder returned to him. If two candidates seek recounts in the same race, the expenses are borne by the losing candidate. In the event that the winner of the election requests the recount and the recounted results do not change the outcome of the election, the winner assumes the cost of the recount. If the petitioner was required to post an additional deposit, as required by Title 26, Section 8-111, expenses of the recount may be deducted from the additional deposit if the primary deposit is depleted, but no part of the additional deposit shall be refunded to the petitioner.

PART 3. RECOUNTS FOR DISTRICT, STATE OFFICE

230:45-3-22. Recounting responsibility delegated

In cases of recounts involving state offices, petitions are filed with the Secretary of the State Election Board. A deposit, as outlined in 230: 45-3-1(c), is required for each county in which either regular ballots or absentee ballots are to be recounted. The State Election Board shall delegate the responsibility for actual conduct of the recount to the appropriate County Election Board. Such recounts are held as detailed in 230:45-3-7 through 230:45-3-12.1. A written claim for expenses as outlined in 230:45-3-14 shall be filed by the County Election Board Secretary with the State Election Board as soon as possible after the conclusion of the recount. A Certification Report showing the results of the recount immediately shall be transmitted to the State Election Board upon completion of the recount, along with any deposits that have been filed during the recount.

PART 5. RECOUNTS FOR MULTI-COUNTY ELECTIONS

230:45-3-28. Recounting responsibility delegated

Upon receipt of a recount petition in a multi-county election, the Secretary of the control (parent) County Election Board shall delegate the responsibility for actual conduct of the recount to the appropriate affected County Election Board. Such recounts are held as outlined in 230:45-3-7 through 230:45-3-12.1. A written claim for expenses as outlined in 230:45-3-14 shall be filed immediately with the control (parent) County Election Board. The control (parent) County Election Board shall reimburse the affected County Election

~~Board for the expenses of the recount from the deposit. An Official Certification Report from MESA showing the results of the recount shall be transmitted immediately to the control (parent) County Election Board, along with any Any deposits that have been filed during the recount as outlined in 230:45-3-12 in the affected county shall be sent to the control (parent) county.~~

PART 9. RECOUNTS WITH ELECTRONIC VOTING DEVICES

230:45-3-52. Preparation of voting device

When it is time to begin the recount, the person designated to operate the voting device shall follow the appropriate instructions to prepare the voting device to accept and count ballots. The following procedure shall be observed. See 230:35-5-32 or the Election Day Reference and Problem Solver section of the Precinct Official Notebook.

- ~~(1) The ballot box or testing stand and the voting device shall be positioned near an electrical outlet.~~
- ~~(2) If a ballot box is being used, the person assigned to operate the voting device shall demonstrate to all assembled witnesses that the ballot box is empty. See 230:35-5-32(3). After this demonstration, the ballot box shall be assembled as outlined in 230:35-5-32(4)-(6), except that the ballot box shall not be locked.~~
- ~~(3) The voting device shall be placed on top of the ballot box or testing stand.~~
- ~~(4) The panel on the back of the voting device shall be unlocked.~~
- ~~(5) The memory pack for the first precinct to be recounted shall be installed.~~
- ~~(6) The voting device shall be plugged into the electrical outlet. The Zero Printout will begin to print immediately. The Zero Printout tape shall not be torn off the voting device.~~
- ~~(7) The person operating the voting device shall verify that the red and green lights on the front panel of the device are both on.~~

SUBCHAPTER 5. INSTRUCTIONS FOR COUNTERS FOR MANUAL RECOUNT

PART 1. GENERAL GUIDELINES

230:45-5-5. County Election Board to make decision

In the event that the Counters cannot agree on how to count a ballot, the Counters shall consult the County Election Board members. The County Election Board members shall make the decision, ~~or if they are. If the Board members also are unable to agree, the ballot shall be invalidated not be counted.~~ The County Election Board alone shall decide how to count any ballot challenged by a Watcher. [26:8-114]

PART 3. PROCEDURE FOR COUNTING

230:45-5-11. Preparing to count

- ~~(a) The Secretary shall break the seal on each ballot transfer box from each requested their first precinct to be recounted. In the event that a ballot transfer box from a precinct contains ballots from more than one entity or more than one party in a primary election, the Secretary shall assign each opened ballot transfer box from that precinct to a County Election Board employee or to a Precinct Official to sort and separate the ballots containing the race or question to be recounted. All other ballots shall be replaced inside the ballot transfer box. or for absentee ballots and (b) The Secretary shall assign the box or boxes ballots from the first precinct to a group team of four Counters. [26:8-114(B)] If only one group team of four Counters is used, the ballot transfer box for only all the ballots for one precinct shall be opened at a time recounted before ballots for the next precinct are assigned to the Counters.~~
- ~~(b) In the event that the ballot transfer box contains ballots for more than one entity, the Counters shall sort and separate the ballots containing the race or question to be recounted. All other ballots shall be replaced in the ballot transfer box.~~
- ~~(c) When absentee ballots are being recounted in a candidate race or for a question, the Secretary shall break the seal on the first box of absentee ballots and assign the box to a County Election Board employee or to a Precinct Official to sort the ballots by precinct and by entity or party, if necessary. Ballots containing the race or question being recounted shall be set aside and all other ballots shall be returned to the same ballot transfer box. Under no circumstance shall mail and nursing home absentee ballots be commingled with in-person absentee ballots. All absentee ballots shall be recounted and recorded by source (mail/nursing home and in-person absentee) and by precinct.~~
- ~~(d) During a recount, the Counters shall record both overvotes and undervotes in the race or question being recounted.~~

GIST/ANALYSIS:

The amendments to these rules will modify the time computation rule to make allowance for federal holidays and days state offices are closed due to Executive Order. The liability of a claimant when a personal identification number is lost is more clearly explained, citations to statutes are corrected, the receipt date of tax payments mailed through the U.S. Postal Service is more clearly delineated, procedures for claiming refunds and interest and penalty waivers are streamlined, group tax accounts are eliminated, obsolete programs are deleted from the Assessment Board jurisdiction, and clarification of the appeal rights rule for benefit claims.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

240:10-1-3. Time computation

(a) In computing any period of time prescribed or allowed by the Employment Security Act of 1980, by these rules, or by order of a hearing officer, the day of the act, event, or default from which the designated period of time begins to run shall not be included. All intervening days falling between the beginning and end of the time period shall be counted, including Saturdays, Sundays, holidays and any day the offices of the Oklahoma Employment Security Commission are closed for part or all of the day. The last day of the period so computed shall be included, unless it is a Saturday, a Sunday, or a legal holiday as defined by the Oklahoma Statutes, an Executive Order, or the Federal Statutes, or any other day when the offices of the Oklahoma Employment Security Commission do not remain open for public business until 4:00 p.m., in which event the period runs until the end of the next day which is not a Saturday, a Sunday, or a legal holiday as defined by the Oklahoma Statutes, an Executive Order, or the Federal Statutes or any other day when the offices of the Oklahoma Employment Security Commission do not remain open for public business until 4:00 p.m.

(b) This rule shall not apply to the calculation of the time period set out in rule 240:10-3-23.

SUBCHAPTER 3. BENEFITS

PART 7. PROTECTION OF RIGHTS AND BENEFITS

240:10-3-35. Personal identification numbers

At the claimant's option, the weekly filings for a continued unemployment claim can be made by telecommunication through the Commission's automated voice response system or via the Internet. In order to utilize these methods, the claimant will establish a personal identification number (PIN). It is the responsibility of the claimant to keep his or her personal identification number confidential at all times. A third party may not utilize a claimant's personal identification number to file a continued claim on behalf of, or in place of, the claimant. If a third party uses a claimant's personal identification number to obtain benefits, this will be considered unemployment compensation fraud. on the part of the third party and gross negligence on the part of the claimant. The claimant shall be liable to repay to the Commission all benefits obtained by the third party through the use of the claimant's personal identification number. The claimant may file a cause of action against the third party for any amount of money the claimant has become liable to repay to the Commission due to the third party's actions, and the third party shall be liable to the claimant for any funds the third party received through fraud or theft.

**SUBCHAPTER 5.
CONTRIBUTION/CONTRIBUTIONS**

PART 1. GENERAL PROVISIONS

240:10-5-4. Surety bond for lessor employing units

- (a) **Statute.** This Section applies to the application for, and issuance of, the Surety Bond for lessor employing units that is provided for in 40 O.S. ~~1991 §1-209A~~ §1-209.1.
- (b) **Form of bond.** The Surety Bond shall be on a form prescribed by the Oklahoma Employment Security Commission. Forms can be obtained from the Contributions Department of the Oklahoma Employment Security Commission at the following address: Oklahoma Employment Security Commission, Contributions Department, P. O. Box 52003, Oklahoma City, Oklahoma 73152-2003.
- (c) **Corporate surety.** The Surety Bond shall be issued by a corporate surety authorized to do business in this state by the Oklahoma Insurance Department.
- (d) **Bond application.** Any lessor employing unit that desires to purchase a Surety Bond must make its initial application with the Commission each year before March 1. The initial application and renewal application shall be on a form prescribed by the Commission. The application forms can be obtained at the address listed in (b) of this Section. Completed application forms shall be returned to the same address.
- (e) **Client list.** The lessor employing unit wishing to apply for a bond or a bond renewal shall supply with their application a list of Oklahoma clients that will include the client's name, federal identification number, and the number of employees the lessor employing unit is leasing to each client lessee.
- (f) **Term of bond.** The term of the Surety Bond shall be a one year period from April 1 of any given year to March 31 of the succeeding year. Any bond issued on a date other than

April 1 shall extend from the date of issuance until the next March 31st, at which time the bond will expire.

(g) **Amount of bond.** The Surety Bond shall be in an amount equivalent to the contributions for which the lessor employing unit was liable in the last calendar year in which it accrued contributions, or in the sum of one hundred thousand dollars (\$100,000.00), which ever is greater. The exact amount of the bond will be certified by the Oklahoma Employment Security Commission upon receipt of the initial application or renewal application for a bond from the lessor employing unit. The certification shall be mailed to the corporate surety that will be issuing the bond.

PART 3. RATES

240:10-5-10. Payment of contributions

(a) **Date payment due.** Contributions shall become due and be paid on or before the last day of the month following the calendar quarter to which they relate, provided that:

(1) If, under the provisions of 40 O.S. Section 3-306, the Commission shall declare the period for which any contribution may become due to have terminated for an employer, and assesses the contributions for such period, such contributions shall immediately become due and be paid by such employer; and

(2) If an employing unit has not previously qualified as an employer under the Employment Security Act of 1980 and first qualifies as an employer during a calendar year, the employing unit shall pay contributions for all past periods of that year for which said employer is liable for the payment of contributions, on or before the due date for that quarter in which such employing unit becomes an employer subject to the Employment Security Act of 1980.

(b) **Date of receipt defined.**

(1) Payments of contributions received through the mail shall be deemed to have been received as of the date shown by the postmark on the envelope properly addressed to the Commission's office and containing such payment. If there is no proof from the Post Office of the date of mailing, the date of receipt by the Commission shall constitute the date of payment.

(2) Payment of contributions received through an electronic fund transfer system shall be deemed to have been received by the Commission on the date on which the electronic payment was authorized for immediate payment to the Oklahoma Employment Security Commission.

(3) All other payments of contributions shall be deemed to have been received on the date on which payments are received by a representative of the Commission.

PART 7. COLLECTION OF CONTRIBUTIONS

240:10-5-31. Claims for refund - procedure

Each employer who files an application for refund under 40 O.S. Section 3-304 shall be notified of ~~the~~ determination

Permanent Final Adoptions

~~made on denying~~ the application in writing. Any employer aggrieved by the determination ~~made on denying~~ the application for refund may file a request for review and redetermination pursuant to 40 O.S. Section 3-115.

PART 8. WAIVER OF PENALTY AND INTEREST

240:10-5-43. Request letter

(a) The request letter prepared by the employer must contain the following information:

- (1) Employer's name, address and telephone number
- (2) Employer's Oklahoma account number
- (3) The calendar quarters associated with the penalties and/or interest the employer is requesting to be waived
- (4) A statement of all reasons the employer will rely on to explain why penalty or interest should be waived

(b) The request letter must be signed by the employer, or the employer's agent or representative.

(c) If the employer is represented by an attorney, the name, address, and telephone number ~~and Oklahoma Bar Association number~~ of the attorney must also be included in the request letter.

~~(d) The employer must attach to the request letter a copy of all notices, statements, determinations, correspondence, reports, or any other documents relevant to the request for waiver.~~

240:10-5-45. Appeal of initial determination

(a) If an employer wants to appeal the determination of the Oklahoma Employment Security Commission, the employer must file a letter appealing the determination within 20 days of the date the determination letter was mailed to the employer.

(b) The appeal letter must contain the following:

- (1) The name, address and telephone number of the employer.
- (2) The employer's Oklahoma account number.
- (3) ~~The date of the determination letter issued by the Contributions Department.~~
- (4) Signature and title of person requesting appeal.

(c) The appeal must be filed with the Oklahoma Employment Security Commission by any method set forth in 40 O.S. §1-224 (A). Contact information for filing the appeal will be set forth in the determination letter.

(d) If any employer fails to file his or her appeal letter within the 20 days provided for in subsection (a) of this Section, then the determination of the Oklahoma Employment Security Commission shall be final, and no appeal shall thereafter be allowed.

PART 15. FINANCING BENEFITS TO EMPLOYEES OF THE STATE

240:10-5-71. Group accounts [REVOKED]

~~OAC 240:10-5-80 shall also apply to governmental organizations and their instrumentalities which apply for group accounts.~~

PART 17. FINANCING BENEFITS TO EMPLOYEES OF NONPROFIT ORGANIZATIONS [REVOKED]

240:10-5-80. Establishment of group accounts for state, local governments and nonprofit organizations [REVOKED]

~~(a) **Applying for group accounts.** Title 40 O.S. Section 3-809 provides that two (2) or more approved reimbursing employers may file a joint application for the purpose of establishing a group account to share the cost of benefits paid that are attributable to service in the employ of such employer.~~

~~(1) **Information required.** Application to form such a group must include:~~

~~(A) Identification of the name, address and account number, if any, previously assigned by the Commission to each employer desiring to participate in the group.~~

~~(B) Identification of the group name, mailing address and identity of the individual representative authorized to act as the group representative in all matters before the Commission.~~

~~(C) A certified copy of the group's by laws, rules and regulations adopted by the group, board of directors, trustees or other governing body.~~

~~(i) By laws adopted by the group must include requirements established for membership into and termination from the group.~~

~~(ii) The by laws must include rules and procedural requirements to the effect that the group account is requested and established for the purpose of sharing the cost of benefits paid by the Commission that are attributable to service in the employ of each such reimbursing employer in the group.~~

~~(iii) By laws must include the method agreed upon by group members for prorating full benefit costs, including any interest and penalties as required by the OES Act.~~

~~(2) **Termination of account.** A group account established and approved as such by the Commission may after two (2) or more calendar years make application to terminate the group account by filing a request with the Commission on or before the last day of January immediately following the beginning of the calendar year for which such termination shall first be effective.~~

~~(b) **Reporting requirements for group accounts.**~~

~~(1) Each group account approved by the Commission will be assigned a group number. Each individual employer member of the group will also be assigned a reimbursing account number within the group account.~~

~~(2) Each individual employer member of the group will be responsible for the proper separate reporting of wages paid to employees of his/her organization under the account number assigned by the Commission as a member of such group. Wages will be reported under such assigned account number on a designated form or format authorized~~

by the Commission. Reports so prepared must be submitted to the Commission through the authorized representative of the group.

(3) A quarterly wage report for each employer member of the group must be filed with the Commission on or before the last day of the month following the calendar quarter to be reported. Any such electing employer or group of employers that fails or refuses to file required wage report(s) within fifteen (15) days after written notice has been mailed to such employer or the group representative by the Commission, a penalty of Ten Dollars (\$10.00) for each day with a maximum of One Hundred Dollars (\$100.00) [40:3-806 B] until such report is filed will be imposed against such employer or group and shall be collected as provided by the OES Act.

(4) Any group account that has been in effect for two (2) or more calendar years and is delinquent in filing separate wage reports as required for each member of the group or fails to pay the full reimbursement costs, including any interest and penalties in excess of forty five (45) calendar days after written notice will result in the Commission automatically terminating such group account. The penalty assessed of Ten Dollars \$10.00 per day with a maximum of One Hundred Dollars (\$100.00) [40:3-806 B] will continue to be applied to each former member of the group whose reports remain delinquent.

(5) Any employer or group of employers who are delinquent in filing any quarterly report or payment of reimbursements as herein required as of the last day of a calendar year shall result in the Commission automatically terminating such reimbursing employer's election to "reimburse payments in lieu of contributions."

(6) At the end of each calendar quarter, the Commission shall notify the authorized group representative as to the amount of regular and extended benefits paid by the Commission during such quarter that is attributable to service in the employ of such members of the group account and that is assessed against the group. Said assessment shall be immediately due and payable and shall bear interest after forty five (45) days from date of statement at the rate of one percent (1%) per month until paid. If the group account fails or refuses to pay said assessment after same has become delinquent within forty five (45) days after written notice for payment has been mailed to the group, a penalty of five percent (5%) of the amount due shall be added to the assessment.

(e) ~~Responsibilities of group representative.~~ Responsibilities of the group representative shall include:

(1) Proper and timely filing of the separate employer quarterly wage reports with the Commission.

(2) Receiving quarterly statements of required payments for regular and extended benefits paid by the Commission resulting from any wages reported by a reimbursing employer that is or has been a member of a group.

(3) Making timely payments, including any interest and penalties applicable for any member of the group, in response to statements received from the Commission.

(4) Responsibility for replies to all correspondence from the Commission concerning reports and payments for employer members in the group.

(5) Responsibility for representation for each employer member of the group in all matters before the Commission.

(d) ~~Reimbursement of regular and extended benefits.~~

(1) 40 O.S. Sections 3-701 through 3-706 and Sections 3-801 through 3-810 provide that employers in group accounts are to reimburse the Commission in full for any amount on both regular or extended benefits that are paid and are attributable to service in the employ of such employers. Reimbursement shall be required by the group for payments made for weeks of unemployment which begin during the "effective period" of such election. The "effective period" is hereby defined as beginning with the first day of the calendar quarter or year such employers' election to reimburse is effective that is approved by the Commission. The "effective period" shall continue through each calendar year until such election has been terminated by the Commission and thereafter until such time that any regular or extended benefits could be payable based on wages having been paid and reported to the Commission for any calendar quarters prior to the effective date of termination to reimburse payments in lieu of contributions.

(2) Application to terminate the reimbursement procedure after two (2) calendar years may be made on or before the last day of January immediately following the beginning of the calendar year for which such termination shall first be effective.

(3) Each individual employer member of the group shall be responsible for the full amount of any reimbursement due the Commission applicable to his/her organization when a group account no longer exists, or the group fails to pay such required costs, or the employer is no longer a member of the group.

SUBCHAPTER 11. ASSESSMENT BOARD PROCEDURE

PART 1. GENERAL PROVISIONS

240:10-11-5. Jurisdiction

(a) The Assessment Board shall have jurisdiction to hear the following types of cases:

(1) An appeal to a determination regarding employer liability for unemployment contributions, pursuant to 40 O.S. Sections 1-208 and 1-210.

(2) An appeal to a determination regarding whether a worker is an independent contractor or an employee, pursuant to 40 O.S. Section 1-210(14).

(3) An appeal to a determination made pursuant to any provision contained in Article III of the Employment Security Act of 1980, 40 O.S. Sections 3-101, et seq.

Permanent Final Adoptions

(4) An appeal to a determination to intercept state tax refunds through the Oklahoma Tax Commission, pursuant to 68 O.S. Section 205.2(B).

~~(5) An appeal filed by a Workforce Investment Act CLEO, local area fiscal agent, Local Board or OESC's sub-recipient, as a result of audit or monitoring findings issued by the Commission pursuant to the Workforce Investment Act, pursuant to 20 C.F.R. Sections 661.120, 667.400, and 667.500.~~

(b) The Commission, or its appointee, may assign other subjects of appeal to the Assessment Board as it deems appropriate.

SUBCHAPTER 13. APPEAL TRIBUNAL PROCEDURE

PART 11. APPEALS TO BOARD OF REVIEW

240:10-13-80. Appeal rights of interested parties

~~In any appeal wherein a decision has been mailed to the interested parties and an appeal has been filed there from to the Board of Review by any interested party within ten (10) days after the certified mailing date of the decision, the Appeal Tribunal is divested of jurisdiction and cannot set any cause for hearing, nor withdraw, modify or reverse any decision. The decisions shall clearly explain the appeal rights and instruct the parties on how to appeal to the Board of Review.~~

(a) All Appeal Tribunal orders that constitute a final disposition of a case on its merits shall clearly set out the appeal rights of the parties to the case and instruct the parties on how to appeal to the Board of Review. Orders that determine pre-hearing issues, post-hearing issues, ancillary issues, or which do not constitute a final disposition of the case shall not contain a statement of appeal rights and instructions to the parties.

(b) When a party has perfected an appeal to the Board of Review pursuant to 40 O.S. §§2-605 and 2-606 and Board of Review Rule 240:15-3-3, the Appeal Tribunal is divested of jurisdiction of the case. Once an appeal is perfected, the Appeal Tribunal shall not set any further hearings in the case, and cannot withdraw, modify, or reverse any decision.

GIST/ANALYSIS:

This rule is being revoked due to changes in state law that make it obsolete. Under 40 O.S. §2-609, the Appeal Tribunal of the Oklahoma Employment Security Commission had the authority to certify certain questions of law and fact to the Board of Review for a hearing and determination by the Board. In 2014, an amendment was made to 40 O.S. §2-609 that removed the ability of the Appeal Tribunal to certify questions to the Board of Review. The Board of Review now sits as an appellate body only. Since the statutory authority allowing for the certification of questions has been removed, this rule governing that process must now be revoked.

SUBCHAPTER 3. APPEALS TO THE BOARD OF REVIEW

240:15-3-6. Certification of fact finding and questions of law from Appeal Tribunal [REVOKED]

~~When a Hearing Officer of the Appeal Tribunal has certified findings of fact together with the question of law presented, to the Board of Review, the Board shall give notice of the certification to all interested parties in the proceeding and provide reasonable opportunity for hearing. The Board shall then certify to the Hearing Officer and all interested parties in the proceeding its answer to the question submitted. If the question certified to the Board by the Hearing Officer is in connection with a claim for benefits, the Board may remove the entire proceedings from the Appeal Tribunal and hear the proceedings with notice to all interested parties in accordance with these rules and with respect to proceedings before the Appeal Tribunal. In such case, the Board shall render a Board of~~

These rules pertain to the Workforce Investment Act. They were added to the OESC Rules shortly after the Workforce Investment Act was passed in 1998 when the OESC was named as the state agency that would monitor the program. The program has since been moved to other state agencies, and the federal government replaced the Workforce Investment Act programs with the Workforce Innovation and Opportunity Act. These rules are now obsolete and will be removed from the OESC Rulebook.

SUBCHAPTER 1. GENERAL PROVISIONS [REVOKED]

240:21-1-1. Purpose and authority [REVOKED]

~~The Governor of the State of Oklahoma appointed the Governor's Council for Workforce and Economic Development (State Council) in compliance with the Section 111 of the Workforce Investment Act. The State Council assists the Governor in developing the Strategic State Workforce Investment Plan (State Plan) for Title I of the Workforce Investment Act of 1998 (WIA) and the Wagner Peyser Act pursuant to Section 112 of WIA. The Oklahoma Employment Security Commission (OESC), as the direct grant recipient, is responsible for the monitoring and oversight for workforce related grants, programs and activities established and funded by the U.S. Department of Labor. The purpose of these rules is to facilitate the implementation of the WIA, U.S. Department of Labor WIA regulations, State Plan, Title V of the Older Americans Act Amendments of 2006 and workforce related grants as they related to specific OESC funding. The authority for these rules is established by Title 40 O.S. § 4 702.~~

240:21-1-2. Definitions [REVOKED]

~~In addition to definitions found at WIA section 101 and 20 CFR 660.300, the following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:~~

Permanent Final Adoptions

"Assessment Board" is a hearing Board for the OESC, which is designated to adjudicate certain appeals specified herein.

"Chief Local Elected Official" or **"CLEO"** means (a) the chief elected executive officer of a unit of general local government in a local area; and (b) in a case in which a local area includes more than one unit of general local government, the individuals designated under the agreement described in WIA section 117(e)(1)(B).

"Department" or **"DOL"** means the U.S. Department of Labor, including its agencies and organizational units.

"Division of Internal Audit" means the OESC division responsible for conducting audit resolutions.

"Director" means the person designated by the Executive Director of the OESC to conduct monitoring and accept grievances and appeals allowed by this chapter.

"Fiscal Agent" means an entity chosen by the CLEO to serve as OESC's subrecipient of the local area's workforce related grant funds. Such designation does not relieve the CLEO or the Governor of the liability for any misuse of grant funds.

"Grant" means an award of WIA or workforce related financial assistance by the U.S. Department of Labor to an eligible recipient.

"Grantee" means the direct recipient of grant funds from the Department of Labor. A grantee may be referred to as a recipient.

"Local Area" means a local workforce investment area designated pursuant to WIA section 116.

"Local Board" means a Local Workforce Investment Board established pursuant to WIA section 117, to set policy for the local area workforce investment system.

"Recipient" means an entity to which a WIA or workforce related grant is awarded directly from the Department of Labor to carry out a specific program.

"Secretary" means the Secretary of the U.S. Department of Labor.

"State Council" means the Governor's Council for Workforce and Economic Development established pursuant to WIA section 111.

"Subgrant" means an award of financial assistance made under a grant by a grantee or subrecipient to an eligible subrecipient.

"Subrecipient" means an entity to which a subgrant is awarded and which is accountable to the recipient, or higher tier subrecipient, for the use of the funds provided.

240:21-1-3. Addresses for appeals [REVOKED]

When a rule in this Chapter allows for an appeal, the following addresses are to be used:

- (1) **Secretary**, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.
- (2) **Regional Administrator**, Regional Office, U.S. Department of Labor, 525 S. Griffin Street Dallas, Texas 75202.
- (3) **Director**, Oklahoma Employment Security Commission, P.O. Box 52003, Oklahoma City, OK 73152-2003.

(4) **Division of Internal Audit**, Oklahoma Employment Security Commission, P.O. Box 52003, Oklahoma City, OK 73152.

(5) **Assessment Board**, Oklahoma Employment Security Commission, P.O. Box 52003, Oklahoma City, OK 73152.

240:21-1-4. Time computation [REVOKED]

In computing any period of time prescribed or allowed by the Employment Security Act of 1980, by these rules, or by order of a hearing officer, the day of the act, event, or default from which the designated period of time begins to run shall not be included. All intervening days falling between the beginning and end of the time period shall be counted, including Saturdays, Sundays, holidays and any day the offices of the Oklahoma Employment Security Commission are closed for part or all of the day. The last day of the period so computed shall be included, unless it is a Saturday, a Sunday, or a legal holiday as defined by the Oklahoma Statutes or any other day when the offices of the Oklahoma Employment Security Commission do not remain open for public business until 4:00 p.m., in which even the period runs until the end of the next day which is not a Saturday, a Sunday, or a legal holiday as defined by the Oklahoma Statutes or any other day when the offices of the Oklahoma Employment Security Commission do not remain open for public business until 4:00 p.m.

SUBCHAPTER 7. MONITORING [REVOKED]

240:21-7-1. Monitoring and exit conference [REVOKED]

- (a) OESC will annually monitor each local area fiscal agent, Local Board, and OESC's subrecipients pursuant to the requirements set forth in WIA section 184 (a)(1-3) and 20 CFR section 667.400 (c) (1) and 20 CFC Section 667.410 (a)(1-3).
- (b) OESC's subrecipients and Local Boards must monitor their subrecipients or service providers.
- (c) An exit conference will be conducted after each OESC monitoring review. Exit notes, which identify issues that may result in findings and/or questioned costs, will be provided to the local area. The local area representatives have fifteen (15) days from date of the exit conference to submit information and/or documentation to OESC to resolve these possible findings and/or questioned costs before they are included in the monitoring report referenced in 240:21-7-2. Additional findings and/or questioned costs may arise after the on-site review and exit conference are conducted.

240:21-7-2. Monitoring report [REVOKED]

- (a) A monitoring report will be issued by the Director to the CLEO, local area fiscal agent, Local Board, or OESC's subrecipients after each monitoring review. A copy of this report will also be addressed to OESC's Director of Internal Audit. If evidence of possible violations is discovered, they will be detailed in the report. The report shall be based, in part, on the requirements of WIA, the regulations promulgated thereunder,

administrative requirements, applicable cost principles, grant agreements, and state and local policies.

(b) Monitoring reports and resolutions generated by an OESC subrecipient or Local Board must be submitted to the Director when issued.

240:21-7-3. Monitoring resolution [REVOKED]

- (a) The Director is responsible for monitoring resolution.
- (b) Resolution of a monitoring finding is required when there are disallowed/questioned costs, administrative findings or deficiencies.
- (c) The CLEO, local area fiscal agent, Local Board or OESC's subrecipient has thirty (30) days from the date of the monitoring report to submit its response to the designated portions of the monitoring report to the Director. The response must contain all additional information, documents, or arguments the CLEO, local area fiscal agent, Local Board or OESC's subrecipient wants the Director to consider in making the final determination. An entity submitting a response to the monitoring report may request in writing an additional thirty (30) day time period. The Director will determine if additional time will be allowed and advise the entity in writing of his or her decision. The Director may request additional information from the entity submitting a response, if clarification is needed. The Director may schedule or the CLEO, local area fiscal agent, Local Board or OESC's subrecipient may request, an informal resolution conference in order to discuss the findings in the monitoring report. The request for the informal resolution conference should be submitted to the Director prior to the first thirty (30) day deadline.
- (d) The Director shall issue a final determination in compliance with 240:21-7-4.
- (e) The Director will maintain a monitoring resolution file documenting the disposition of reported questioned costs and corrective actions taken for all findings.
- (f) After follow up procedures are completed, if the grant recipient is found in non compliance, the Director will send a notice in the form of a certified letter of impending sanctions. The notice will indicate the violation, the corrective action to be taken, the impending sanction, and the process by which the grant recipient may appeal the sanction.

240:21-7-4. Final determination [REVOKED]

- (a) A final determination on the issues raised in the monitoring report will be issued within sixty (60) days from the date the response to the monitoring report is received.
- (b) If all issues have not been resolved, a final determination shall be sent to the local area by certified mail. A final determination will:
 - (1) enumerate the efforts that were made to resolve the issues in the monitoring report;
 - (2) list the issues upon which the parties do not agree;
 - (3) list any changes to the factual findings and conclusions set forth in the monitoring report;
 - (4) establish a debt, if appropriate;
 - (5) require corrective action, when needed;

- (6) determine liability, method of restitution of funds and sanctions; and
- (7) advise recipient of appeal rights.

240:21-7-5. Appeal [REVOKED]

- (a) If the CLEO, local area fiscal agent, Local Board or OESC's subrecipient is not satisfied with the findings issued in the final determination, it has fifteen (15) days from the date of the final determination to file an appeal.
- (b) The appeal must be filed with the Director.
- (c) The Director will then forward a copy of the appeal to the Assessment Board within five (5) days from receipt.

240:21-7-6. Hearing [REVOKED]

- (a) The Assessment Board will conduct a hearing pursuant to the Assessment Board's rules at 240:10-11-20 through 240:10-11-31.
- (b) The decision of the Assessment Board will be final and binding unless an appeal is filed to district court pursuant to Oklahoma's Administrative Procedures Act, 75 Okla. Stat. sections 318, 319, 321, and 322.
- (c) The Assessment Board will provide the administrative record to the district court in the time provided for in 40 Okla. Stat. Section 3-403.
- (d) At the hearing, the appealing party bears the burden of proof to show that the WIA funds granted or paid to the Local Area or OESC's subrecipient were spent in compliance with the statutes, regulations, state policies, uniform administrative requirements, and OMB Circulars that govern these funds and their program. The entities must also prove the WIA costs the entities claim are allowable were determined in accordance with generally accepted accounting principles and adequately documented in compliance with the statutes, regulations, uniform administrative requirements and OMB Circulars that govern these funds and their program.
- (e) Any fee charged to the CLEO, local area fiscal agent, Local Board, or OESC's subrecipient for assistance in resolving the monitoring report or to prepare and present an appeal to the Assessment Board or District Court cannot be charged to grant or contract funds received from OESC. This includes fees charged by an accountant, expert witness, attorney, or other representative.
- (f) Disallowed costs that are not appealed in accordance with these administrative rules are a debt owed to the OESC by the Fiscal Agent and CLEO.
- (g) Disallowed costs cannot be repaid with federal grant funds. A debt can be satisfied by substituting stand in costs that meet the requirements set forth in the One Stop Comprehensive Financial Management Technical Assistance Guide. If stand in costs are not available, the debt may be satisfied by making a lump sum payment to OESC, entering into a payment plan authorized by OESC, or reducing an expenditure in a current grant by the amount of the disallowed costs. The local area must provide documentation that the reduced expenditure was subsequently paid with non federal funds.

Permanent Final Adoptions

SUBCHAPTER 9. AUDITS [REVOKED]

240:21-9-1. Audit requirements [REVOKED]

(a) A financial and compliance audit by an independent auditor is required annually for each subrecipient.

(1) Each subrecipient is subject to the audit requirements of 29 CFR Part 95, 29 CFR Part 97, or 29 CFR Part 99 (as appropriate) and shall comply with applicable OMB Circulars, including OMB Circular A-133.

(2) The audit shall be performed by a certified public accountant or firm, or by a public accountant or public accounting firm.

(A) Except as provided in subparagraph (B) of this paragraph, no single person or firm shall perform the annual audit for an Oklahoma WIA grant recipient for more than three (3) consecutive years.

(B) The restriction in subparagraph (A) of this paragraph is waived if WIA funds constitute less than fifty percent (50%) of a grant recipient's total budget.

(3) The audit shall be performed in accordance with standards required by the federal government, requirements issued by OESC, and guidelines established by the Generally Accepted Governmental Auditing Standards (GAGAS).

(b) If the subrecipient does not receive a sufficient amount of federal grant money to require a full audit, the OESC may require a limited scope audit in accordance with federal requirements. The OESC will be responsible for arranging and paying for all limited scope audits. The limited scope audit will address one or more of the following types of compliance requirements:

- (1) Activities allowed or disallowed;
- (2) Allowable cost and cost principles;
- (3) Eligibility;
- (4) Matching;
- (5) Level of effort;
- (6) Earmarking;
- (7) Reporting.

(c) The OESC Internal Audit Division is charged with the responsibility of audit resolution.

(d) The subrecipient must notify the Internal Audit Division of the name and address of the person or firm that will be performing the annual audit no later than thirty (30) days after the end of the grant recipient's fiscal year. The audit report is to be filed with the Director of Internal Audit Division within thirty (30) days after the completion of the audit and no later than nine (9) months from the end of the grant recipient's fiscal year. A copy of the audit report shall be delivered to the Director within the same time period. If a management letter is issued to a subrecipient, the subrecipient shall submit the management letter and the responses thereto to the OESC Internal Audit Division within thirty (30) days from the receipt of the management letter.

240:21-9-2. Delinquent audit [REVOKED]

If the audit has not been received within nine (9) months after the end of the grant recipient's fiscal year, the Director

of the Internal Audit Division will send a certified letter to the subrecipient advising it that it has fifteen days to provide its reasons for failing to comply with the requirements set forth in Rule 240:21-5-1. If no response is received within fifteen (15) days, or the response received is not adequate, the Director will send a certified letter to the subrecipient advising it that its current funding and eligibility for future contracts are suspended.

240:21-9-3. Audit resolution [REVOKED]

(a) Resolution of an audit is required when there are disallowed/questioned costs, administrative findings or deficiencies.

(b) All audits must be resolved within six (6) months after receipt of the audit report by the Commission.

(c) The Internal Audit Division shall maintain an audit resolution file documenting the disposition of reported questioned costs and corrective actions taken for all findings.

240:21-9-4. Audit review and request for information [REVOKED]

(a) The Internal Audit Division shall review the audit including all financial statements, schedules, notes, disallowed/questioned costs, administrative findings, and management letters and responses thereto. Financial statements shall be verified by the Internal Audit Division.

(b) If there are no disallowed/questioned costs or administrative findings to be resolved, the audit review is closed and the grant recipient shall be notified of the closure in writing.

(c) If the audit review contains findings, disallowed/questioned costs or discrepancies in the financial schedules, a letter requesting additional information and/or a response shall be sent to the subrecipient by certified mail.

(d) Audit resolution information is due within twenty (20) days from the date the written request is made to the subrecipient.

(e) The Internal Audit Division will review the information submitted by the subrecipient and may ask for additional information. An initial determination will be issued if the audit findings have not been resolved to the satisfaction of the Internal Audit Division.

(f) If the disallowed/questioned costs or administrative findings are resolved, the audit review is closed and the subrecipient shall be notified in writing.

240:21-9-5. Initial determination [REVOKED]

(a) The Internal Audit Division shall issue an initial determination on the audit findings for those portions of the audit where there are agreement and disagreement with the subrecipient's resolution, including the allowability of questioned costs or activities. Such initial determination will be based on the requirements of the WIA, regulations promulgated thereunder, administrative requirements, applicable cost principles, grants, contracts, or other agreements with subrecipient.

(b) The initial determination shall be issued within sixty (60) days from the receipt of the audit.

(c) The subrecipient shall have thirty (30) days from the date of the determination to submit its response to the Internal Audit Division.

(d) The subrecipient may request an informal resolution conference in order to meet with members of the Internal Audit Division staff to discuss the initial determination and the information subsequently submitted by the recipient. This request must be made in writing when the subrecipient submits its response to the initial determination.

(e) The Internal Audit Division shall issue its final determination within thirty (30) days from the receipt of the subrecipient's response to the initial determination. This time may be extended for up to thirty (30) days if an informal resolution conference is requested.

240:21-9-6. Final determination [REVOKED]

If the disallowed/questioned costs, administrative findings or deficiencies are not resolved, the Commission shall provide the subrecipient with a written final determination by certified mail. A final determination under this section shall:

- (1) Indicate the efforts to informally resolve matters contained in the initial determination have been unsuccessful;
- (2) List those matters upon which parties continue to disagree;
- (3) List any modifications to the factual findings and conclusions set forth in the initial determination;
- (4) Establish a debt, if appropriate;
- (5) Require corrective action, when needed;
- (6) Determine liability, method of restitution of funds and sanctions; and
- (7) Advise recipient of appeal rights.

240:21-9-7. Appeal [REVOKED]

(a) If the subrecipient is not satisfied with the findings issued in the final determination, it has fifteen days from the date of the final determination to file an appeal.

(b) The appeal must be filed with the Internal Audit Division.

(c) The Internal Audit Division will then forward a copy of the appeal to the Assessment Board.

240:21-9-8. Hearing [REVOKED]

(a) The Assessment Board will conduct a hearing within thirty (30) days from the receipt of the appeal by the Assessment Board unless the parties and the Assessment Board agree to waive this requirement in order to allow additional time to resolve the matter. The hearing will be conducted pursuant to the Assessment Board's rules at 240:10-11-20 through 240:10-11-23 and 240:10-11-25 through 240:10-11-31.

(b) The Assessment Board will issue a decision within thirty (30) days from the date the hearing record is closed.

(c) The decision of the Assessment Board will be final and binding unless an appeal is filed to district court pursuant to Oklahoma's Administrative Procedures Act, 75 Okla. Stat. section 318.

(d) The Assessment Board will provide the administrative record to the district court in the time provided for in 40 Okla. Stat. Section 3-403.

(e) At the hearing, the CLEO, local area fiscal agent, Local Board, and grant recipient bear the burden of proof to show that the WIA funds granted or paid to the Local Area or grant recipient were spent in compliance with the statutes, regulations, state policies, uniform administrative requirements, and OMB Circulars that govern these funds and their program. The entities must also prove the WIA costs the entities claim are allowable were determined in accordance with generally accepted accounting principles and adequately documented in compliance with the statutes, regulations, uniform administrative requirements and OMB Circulars that govern these funds and their program.

(f) Any fee charged to the CLEO, local area fiscal agent, Local Board, or grant recipient for assistance in resolving the monitoring report or to prepare and present an appeal to the Assessment Board or District Court cannot be charged to grant or contract funds received from OESC. This includes fees charged by an accountant, expert witness, attorney, or other representative.

SUBCHAPTER 11. GRIEVANCE PROCEDURES [REVOKED]

PART 1. GENERAL PROVISIONS [REVOKED]

240:21-11-1. Grievances [REVOKED]

(a) A grievance filed with the Oklahoma Employment Security Commission (OESC) by a participant or affected party alleging a violation(s) of Title I of WIA is governed by the procedure set forth herein.

(b) An appeal to the OESC from a grievance decision issued at the local level regarding alleged violation(s) of Title I of WIA is governed by the procedure set forth herein.

(c) This procedure does not apply to grievances alleging discrimination or Title I of WIA, Subtitle C, Job Corps.

PART 3. GRIEVANCES FILED DIRECTLY WITH THE OESC [REVOKED]

240:21-11-10. Filing [REVOKED]

A participant or affected party may file a grievance with the Director.

240:21-11-11. Time limit for filing a grievance with OESC [REVOKED]

If an individual elects to file his or her grievance with OESC, the grievance must be filed within 20 days from the date of the violation(s) which is the basis of the grievance.

240:21-11-12. Contents of a grievance [REVOKED]

Each grievance shall be in writing and should:

Permanent Final Adoptions

- (1) Be signed by the grievant or his authorized representative;
- (2) Contain the grievant's name and address (or specify another means of contacting him or her);
- (3) Identify the individual against whom the grievance is filed, if applicable;
- (4) List the date(s) on which the acts which are the basis of the grievance occurred, or if continuing, when such acts began and describe the continuing nature;
- (5) List the names and addresses of persons who may have knowledge of the facts of the grievance;
- (6) Describe the grievant's allegations in sufficient detail to allow the Director to determine whether:
 - (A) The Director has jurisdiction over the grievance;
 - (B) The grievance was timely filed; and
 - (C) The grievance has apparent merit, i.e., whether the allegations if true, would violate any Title I of WIA.

240:21-11-13. Referral of a grievance filed with OESC [REVOKED]

The Director may refer a grievance, originally filed with the OESC, to the local area if there is a likelihood that it could be resolved at that level. If the referred grievance is not resolved within ten (10) days from the date of receipt by the local area, the Director will attempt to resolve the issue informally.

PART 5. APPEALS TO THE OESC FROM GRIEVANCE DECISIONS OF A LOCAL AREA [REVOKED]

240:21-11-20. Filing grievance with local area [REVOKED]

A participant or affected party may file a grievance with the local area. It will be resolved according to the procedures of the local area, established pursuant to 20 C.F.R. §667.600 (e).

240:21-11-21. Appeals with OESC [REVOKED]

An appeal may be filed with the Director from a grievance decision issued at the local area level if:

- (1) No decision is reached within 60 days from the date the grievance is received at the local area level; or
- (2) Either party is dissatisfied with the local area hearing decision.

240:21-11-22. Time limit for filing an appeal with OESC [REVOKED]

- (a) If the local area does not render a decision within sixty (60) days from the date of receipt of the grievance, an appeal must be filed with the Director within 30 days from the expiration of the sixty (60) day time period.
- (b) If the local area renders a decision that a party is dissatisfied with, the appeal must be filed with the Director within 30

days of the date the local area mails the decision to the party by certified mail.

PART 7. INFORMAL AND FORMAL RESOLUTIONS OF GRIEVANCES [REVOKED]

240:21-11-30. Informal resolution [REVOKED]

The Director or his or her designee will attempt to resolve any grievance or appeal informally by meeting with the parties in person or discussing the grievance with the parties by telephone. If the grievance is not resolved informally within fifteen (15) days from the receipt of the grievance or appeal, the Director will forward the grievance or appeal to the Assessment Board.

240:21-11-31. Hearing [REVOKED]

The Assessment Board will conduct the hearing pursuant to its rules at 240:10-11-20 through 240:10-11-31. The hearing process will be completed within sixty (60) days from the date the grievance was received by the Director.

240:21-11-32. Remedies [REVOKED]

The remedies that may be imposed under this grievance procedure are enumerated in WIA section 181(c).

240:21-11-33. Appeal to Secretary or investigation by Secretary [REVOKED]

The Secretary will investigate an allegation of a violation as set forth above if:

- (1) a decision relating to such violation has not been reached within sixty (60) days after the date of filing of the grievance and either party appeals to the Secretary; or
- (2) a decision relating to such violation has been reached within sixty (60) days and the party to which such decision is adverse appeals such decision to the Secretary.

240:21-11-34. Decision of the Secretary [REVOKED]

The Secretary will make a final determination relating to an appeal no later than 120 days after receiving such appeal.

The gist of the existing rule and the amendments relate to DEQ permit application fees and fee refunds. The existing rule generally prohibits refund of permit application fees except when DEQ has not met its own permit review deadlines. The amendments would allow a refund when an applicant makes a timely request for the refund of an overpayment and when an applicant demonstrates that its application fees should not be forfeited in the case of a voided application. The amendments would also allow DEQ to retain 15 percent of the amount to be refunded to cover the agency's permit review and refund costs.

SUBCHAPTER 7. ENVIRONMENTAL PERMIT PROCESS

PART 1. THE PROCESS

252:4-7-5. Fees and fee refunds

(a) Fees shall be submitted with the application in the appropriate amount and except as herein provided, will not be refunded except in the following situations:

- (1) An applicant has made an overpayment and requests a refund in writing to the relevant DEQ division within thirty (30) days of receiving notice of the close of DEQ's administrative completeness review; or
(2) DEQ has failed to meet a permit review deadline as provided in OAC 252:4-7-12(2), and provided the failure was within DEQ's control; or
(3) DEQ has voided an application as provided in OAC 252:4-7-14(b), and, within thirty (30) days of receiving

notice of the voided application, the applicant is able to demonstrate to the satisfaction of DEQ that the application fee should not be forfeited.

(b) Administrative costs in the amount of fifteen (15) percent of the amount to be refunded will be retained by DEQ except in cases of DEQ error or DEQ failure to meet review deadlines. The amount retained by DEQ in the case of an overpayment shall not exceed \$500, regardless of the amount of the refund.

GIST/ANALYSIS: The Department is proposing to amend OAC 252:4-7-13, Notices - specifically Subsection (g), Additional notice content requirements for Clean Air Act Permits - to align the Department's notice content requirements for Prevention of Significant Deterioration (PSD) permits with those promulgated by the U.S. Environmental Protection Agency (EPA) in 40 CFR Section 51.166. The gist of the proposed rule and the underlying reason for these revisions is to ensure that the State's rules are not less stringent than the federal rules. This will remove an obstacle in EPA Region 6 staff's review and approval of relevant portions of Oklahoma's State Implementation Plan (SIP), which will help ensure that the Department retains the PSD program. The changes would affect only the process for permits issued under OAC 252:100-8, Part 7 (PSD), and would not affect the process for permits issued under other chapters of DEQ rules.

Permanent Final Adoptions

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2017:

SUBCHAPTER 7. ENVIRONMENTAL PERMIT PROCESS

PART 1. THE PROCESS

252:4-7-13. Notices

- (a) **Statutory requirements for notice.** The Uniform Environmental Permitting Act requires an applicant to give notice in accordance with 27A O.S. § 2-14-301.
- (b) **Notice to landowner.** Applicants shall certify by affidavit that they own the real property, have a current lease or easement which is given to accomplish the permitted purpose or have provided legal notice to the landowner.
- (c) **Notice content.** The applicant shall provide DEQ with a draft notice for approval prior to publication. All published legal notice(s) shall contain the:
- (1) Name and address of the applicant;
 - (2) Name, address and legal description of the site, facility and/or activity;
 - (3) Purpose of notice;
 - (4) Type of permit or permit action being sought;
 - (5) Description of activities to be regulated;
 - (6) Locations where the application may be reviewed;
 - (7) Names, addresses and telephone numbers of contact persons for the DEQ and for the applicant;
 - (8) Description of public participation opportunities and time period for comment and requests; and
 - (9) Any other information required by DEQ rules.
- (d) **Proof of publication.** Within twenty (20) days after the date of publication, an applicant shall provide the DEQ with a written affidavit of publication for each notice published. In case of a mistake in a published notice, the DEQ shall require a legal notice of correction or republication of the entire notice, whichever is appropriate. Inconsequential errors in spelling, grammar or punctuation shall not be cause for correction or republication.
- (e) **Exception to notice requirement.** Applicants for solid waste transfer station permits may be exempt from public meeting requirements under 27A O.S. § 2-10-307.
- (f) **Additional notice.**
- (1) Applicants for a NPDES, RCRA or UIC permit are subject to additional notice provisions of federal requirements adopted by reference as DEQ rules.
 - (2) Applicants for a proposed wastewater discharge permit that may affect the water quality of a neighboring state must give written notice to the environmental regulatory agency of that state. [27A O.S. § 2-6-203(A)(7)]
 - (3) Applicants for a landfill permit shall provide notice by certified mail, return receipt requested, to owners of mineral interests and to adjacent landowners whose

property may be substantially affected by installation of a landfill site. See *DuLaney v. OSDH*, 868 P.2d 676 (Okla. 1993).

(g) **Additional notice content requirements for Clean Air Act Permits.** In addition to the notice provisions of 27A O.S. §§ 2-14-301 and 2-14-302 and other provisions of this section, the following requirements apply.

(1) Applicants shall give notice by publication in a newspaper of general circulation in the area where the source is located; to persons on a mailing list developed by the DEQ, including those who request in writing to be on the list; and by other means if determined by the Executive Director to be necessary to assure adequate notice to the affected public.

(2) All published notice(s) for permit modification shall identify the emissions change involved in the modification.

(3) An applicant for a Part 70 permit that may affect the air quality of a neighboring state must give written notice to the environmental regulatory agency of that state. [27A O.S. § 2-5-112(E)]

(4) An operating permit may be issued to an applicant for a new Part 70 operating permit without public review if the operating permit is based on a construction permit that meets the requirements of 252:4-7-32(b)(1)(B) and the public notice for the construction permit contains the following language.

(A) This permit is subject to EPA review, EPA objection, and petition to EPA, as provided by 252:100-8-8 and 40 CFR § 70.8.

(B) If the operating permit has conditions which do not differ from the construction permit's operating conditions in any way considered significant under 252:100-8-7.2(b)(2), the operating permit will be issued without public notice and comment; and,

(C) The public will not receive another opportunity to provide comments when the operating permit is issued.

(5) For permits under OAC 252:100-8, Part 7:

(A) all published notice(s) shall identify the degree of increment consumption that is expected from the source or modification.

(B) the mailing list developed by DEQ under paragraph (g)(1) shall include the mailing address and/or email address for those who request in writing to be on the list, as well as the EPA Administrator, and other officials and agencies having cognizance over the location where the proposed construction would occur as follows:

(i) the chief executives of the city and county where the source would be located;

(ii) any comprehensive regional land use planning agency; and

(iii) any State, Federal Land Manager, or Tribal Government whose lands may be affected by emissions from the source or modification.

GIST/ANALYSIS:

The Department is proposing amendments to OAC 252:4-7-58 and OAC 252:4-7-59 to modify and clarify the permitting process requirements and associated tiers that apply to solid waste composting facilities. In association with this proposed rulemaking, the Department is proposing to create a new Subchapter, OAC 252:515-43, allowing for a tiered permitting and regulatory structure for different classes of composting facilities. The gist of this proposed rule is to amend the permitting process regulations pertaining to solid waste composting facilities to be consistent with the proposed new Subchapter referenced above, which will allow for a tiered permitting and regulatory structure based on the type and quantity of material to be received and composted at a particular facility.

SUBCHAPTER 7. ENVIRONMENTAL PERMIT PROCESS

PART 5. LAND PROTECTION DIVISION TIERS AND TIME LINES

252:4-7-58. Solid waste management applications - Tier I

The following solid waste management authorizations require Tier I applications.

(1) **New permits.**

(A) **Locally approved solid waste transfer stations.** Permit for a solid waste transfer station that, prior to application filing, received county commissioner approval according to 27A O.S. § 2-10-307.

(B) **Biomedical waste transfer stations using only sealed containers.** Biomedical waste transfer station permit when activities are limited to:

- (i) consolidation of sealed containers; and/or
- (ii) transfer of sealed containers from one vehicle or mode of transportation to another.

(C) **Disaster relief.** Emergency authorization for waste disposal resulting from a natural disaster.

(D) **Class I composting facilities.** Permits for Class I composting facilities, as defined in OAC 252:515-43.

(2) **Modifications.**

(A) **All facilities.**

- (i) Modification of a solid waste permit to add methods, units or appurtenances for liquid bulking processes; yard waste composting; recycling operations; waste screening; or baling, chipping, shredding or grinding equipment or operations.
- (ii) Modification to any solid waste permit to make minor changes.
- (iii) Modification of plans for closure and/or post-closure.
- (iv) Administrative modification of all permits and other authorizations.

(B) **On-site and off-site land disposal facilities.** Modification of an existing land disposal permit for a lateral expansion within permitted boundaries.

(C) **Capacity increases of less than 25% with exceptions.** The modification of a solid waste permit, excluding incineration permits, involving a request for less than twenty-five percent (25%) increase in permitted capacity for storage, processing or disposal when the request is for equivalent methods, units or appurtenances as those permitted and which does not involve expansions of permitted boundaries.

(3) **Plans and other authorizations.** The approval of new and when applicable, modified or renewed:

- (A) Plans for ~~composting of yard waste only~~ special events composting.
- (B) Permit transfers.
- (C) Non-hazardous industrial solid waste disposal plans.
- (D) Technical plans.
- (E) County solid waste management plans.
- (F) Individual authorizations under a general permit.

Permanent Final Adoptions

(G) All other administrative approvals required by solid waste rules.

252:4-7-59. Solid waste management applications - Tier II

The following solid waste management authorizations require Tier II applications.

(1) New permits.

(A) **On-site solid waste processing facilities with exception.** Permit for an on-site solid waste processing facility except ~~yard waste~~ Class I composting facilities as listed under Tier I.

(B) **Solid waste transfer stations with exceptions.** Permit for a solid waste transfer station except:
(i) a transfer station permit with county commissioner approval as listed under Tier I, or
(ii) a biomedical waste transfer station permit listed under Tier I.

(C) **On-Site incinerators with exceptions.** Permit for an on-site incinerator except those exempt under solid waste rules or those that have an approved Air Quality permit or Solid Waste Management Plan.

(D) **On-site land disposal sites.** Permit for an on-site solid waste disposal site.

(E) **Material Recovery Facility (MRF).** Permit for a Material Recovery Facility if waste is not source-separated.

(F) **On-site and Off-site Class II, Class III and Class IV composting facilities.** Permits for Class II, Class III and Class IV composting facilities, as defined in OAC 252:515-43.

(2) Modifications.

(A) **All facilities.** Modification of a permit for a change in waste type.

(B) **On-site facilities.** Any modification of an on-site solid waste permit, except as listed under Tier I.

(C) Off-site facilities.

(i) Modification of any off-site solid waste permit involving a request for more than twenty-five percent (25%) but less than fifty percent (50%) increase in permitted capacity for storage, processing or disposal (excluding incineration) when the request is for equivalent methods, units or appurtenances as those permitted, except those listed under Tier I.

(ii) Modification of any off-site processing facility involving an expansion of permitted boundaries.

(D) Incinerators.

(i) Modification of an on-site incinerator permit for any increase in permitted capacity for storage, processing, or disposal.

(ii) Modification of an off-site incinerator permit involving a request for increases less than fifty percent (50%) in permitted capacity for storage, processing, or disposal when the request is

for equivalent methods, units or appurtenances as those permitted.

(3) **General permit.** New, modified or renewed general permit.

GIST/ANALYSIS:

The Department is proposing to amend several provisions in OAC 252:100, Subchapter 1, General Provisions, and Subchapter 8, Permits for Part 70 Sources and Major New Source Review (NSR) Sources, primarily to align the Department's definitions with those promulgated by the U.S. Environmental Protection Agency (EPA). A number of changes would remove and/or update language in response to federal court decisions, EPA rules changes, and deficiencies identified during EPA Region 6's review of SIP submittals. The proposed changes are intended to make certain that the State's rules are not less stringent than the federal rules, and thereby ensure that the Department retains the approval of the PSD and Title V programs.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

252:100-1-3. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise or unless defined specifically for a Subchapter, section, or subsection in the Subchapter, section, or subsection.

"**Act**" means the Federal Clean Air Act, as amended, 42 U.S.C. 7401 et seq.

"**Administrator**" means, unless specifically defined otherwise, the Administrator of the United States Environmental Protection Agency (EPA) or the Administrator's designee.

"**Air contaminant source**" means any and all sources of emission of air contaminants (pollutants), whether privately or publicly owned or operated, or person contributing to emission of air contaminants. Without limiting the generality of the foregoing, this term includes all types of business, commercial and industrial plants, works, shops and stores, heating and power plants or stations, buildings and other structures of all types.

"**Air pollution abatement operation**" means any operation which has as its essential purpose a significant reduction in:

- (A) the emission of air contaminants, or
- (B) the effect of such emission.

"**Air pollution episode**" means high levels of air pollution existing for an extended period (24 hours or more) of time which may cause acute harmful health effects during periods of atmospheric stagnation, without vertical or horizontal ventilation. This occurs when there is a high pressure air mass over an area, a low wind speed and there is a temperature inversion. Other factors such as humidity may also affect the episode conditions.

"**Ambient air standards**" or "**Ambient air quality standards**" means levels of air quality as codified in OAC 252:100-3.

"**Atmosphere**" means the air that envelops or surrounds the earth.

"**Best available control technology**" or "**BACT**" means the best control technology that is currently available as determined by the Division Director on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs of alternative control systems.

"**Building, structure, facility, or installation**" means:

(A) all of the pollutant-emitting activities which belong to the same industrial grouping, are located on one or more contiguous or adjacent properties, and are under the control of the same person (or persons under common control). Pollutant-emitting activities shall be considered as part of the same industrial grouping if they belong to the same "Major Group" (i.e., which have the same two-digit code) as described in the Standard Industrial Classification Manual, 1972, as amended by the 1977 Supplement.

(B) notwithstanding the provisions of subparagraph (A), for onshore activities under Standard Industrial Classification (SIC) Major Group 13: Oil and Gas Extraction, all of the pollutant-emitting activities included in Major Group 13 that are located on one or more contiguous or adjacent properties, and are under the control of the same person (or persons under common control). Pollutant emitting activities shall be considered adjacent if they are located on the same surface site; or if they are located on surface sites that are located within 1/4 mile of one another (measured from the center of the equipment on the surface site) and they share equipment. Shared equipment includes, but is not limited to, produced fluids storage tanks, phase separators, natural gas dehydrators, or emissions control devices. Surface site, as used in this definition, has the same meaning as in 40 CFR 63.761.

"**Carbon dioxide equivalent emissions**" or "**CO₂e**" means an amount of GHG emitted, and shall be computed by multiplying the mass amount of emissions, for each of the six greenhouse gases in the pollutant GHG, by the gas' associated global warming potential (GWP) published in Table A-1 to subpart A of 40 CFR Part 98 - Global Warming Potentials, and summing the resultant value for each to compute a CO₂e. ~~For purposes of the definitions of "subject to regulation" in OAC 252:100-8-2 and 252:100-8-31, prior to July 21, 2014, the mass of the greenhouse gas carbon dioxide shall not include carbon dioxide emissions resulting from the combustion or decomposition of non fossilized and biodegradable organic material originating from plants, animals, or micro organisms (including products, by products, residues and waste from agriculture, forestry and related industries, as well as the non fossilized and biodegradable organic fractions of industrial and municipal wastes, including gases and liquids recovered from the decomposition of non fossilized and biodegradable organic material).~~

"**Catalytic cracking unit**" means a unit composed of a reactor, regenerator and fractionating towers which is used to convert certain petroleum fractions into more valuable products by passing the material through or commingled with a bed of catalyst in the reactor. Coke deposits produced on the catalyst during cracking are removed by burning off in the regenerator.

"**Combustible materials**" means any substance which will readily burn and shall include those substances which, although generally considered incombustible, are or may be included in the mass of the material burned or to be burned.

Permanent Final Adoptions

"Commence" means, unless specifically defined otherwise, that the owner or operator of a facility to which neither a NSPS or NESHAP applies has begun the construction or installation of the emitting units on a pad or in the final location at the facility.

"Commencement of operation" or **"commencing operation"** means the owner or operator of the stationary source has begun, or caused to begin, emitting a regulated air pollutant from any activity for which the stationary source is designed and/or permitted.

"Complete" means in reference to an application for a permit, the application contains all the information necessary for processing the application. Designating an application complete for purposes of permit processing does not preclude the Director from requesting or accepting any additional information.

"Construction" means, unless specifically defined otherwise, fabrication, erection, or installation of a source.

"Crude oil" means a naturally occurring hydrocarbon mixture which is a liquid at standard conditions. It may contain sulfur, nitrogen and/or oxygen derivatives of hydrocarbon.

"Direct fired" means that the hot gasses produced by the flame or heat source come into direct contact with the material being processed or heated.

"Division" means Air Quality Division, Oklahoma State Department of Environmental Quality.

"Dust" means solid particulate matter released into or carried in the air by natural forces, by any fuel-burning, combustion, process equipment or device, construction work, mechanical or industrial processes.

"EPA" means the United States Environmental Protection Agency.

"Excess emissions" means the emission of regulated air pollutants in excess of an applicable limitation or requirement as specified in the applicable limiting Subchapter, permit, or order of the DEQ. This term does not include fugitive VOC emissions covered by an existing leak detection and repair program that is required by a federal or state regulation.

"Existing source" means, unless specifically defined otherwise, an air contaminant source which is in being on the effective date of the appropriate Subchapter, section, or paragraph of these rules.

"Facility" means all of the pollutant-emitting activities that meet all the following conditions:

- (A) Are under common control.
- (B) Are located on one or more contiguous or adjacent properties.
- (C) Have the same two-digit primary SIC Code (as described in the Standard Industrial Classification Manual, 1987).

"Federally enforceable" means all limitations and conditions which are enforceable by the Administrator, including those requirements developed pursuant to 40 CFR Parts 60 and 61, requirements within any applicable State implementation plan, any permit requirements established pursuant to 40 CFR 52.21 or under regulations approved pursuant to 40 CFR Part 51, subpart I, including operating permits issued under an EPA-approved program that is incorporated into the State

implementation plan and expressly requires adherence to any permit issued under such program.

"Fossil fuel" means natural gas, petroleum, coal, or any form of solid, liquid, or gaseous fuel derived from such material.

"Fuel-burning equipment" means any one or more of boilers, furnaces, gas turbines or other combustion devices and all appurtenances thereto used to convert fuel or waste to usable heat or power.

"Fugitive dust" means solid airborne particulate matter emitted from any source other than a stack or chimney.

"Fugitive emissions" means, unless specifically defined otherwise, those emissions which could not reasonably pass through a stack, chimney, vent, or other functionally equivalent opening.

"Fume" means minute solid particles generated by the condensation of vapors to solid matter after volatilization from the molten state, or generated by sublimation, distillation, calcination, or chemical reaction when these processes create airborne particles.

"Garbage" means all putrescible animal and vegetable matter resulting from the handling, preparation, cooking and consumption of food.

"Greenhouse gas" or **"GHG"** means the air pollutant defined in 40 CFR § 86.1818-12(a) as the aggregate group of six greenhouse gases: carbon dioxide (CO₂), nitrous oxide (N₂O), methane (CH₄), hydrofluorocarbons (HFCs), perfluorocarbons (PFCs), and sulfur hexafluoride (SF₆).

"Gross particulate matter" or **"GPM"** means particulate matter with an aerodynamic diameter greater than 10 micrometers.

"In being" means as used in the definitions of New Installation and Existing Source that an owner or operator has undertaken a continuous program of construction or modification or the owner or operator has entered into a binding agreement or contractual obligation to undertake and complete within a reasonable time a continuous program of construction or modification prior to the compliance date for installation as specified by the applicable regulation.

"Incinerator" means a combustion device specifically designed for the destruction, by high temperature burning, of solid, semi-solid, liquid, or gaseous combustible wastes and from which the solid residues contain little or no combustible material.

"Indirect fired" means that the hot gasses produced by the flame or heat source do not come into direct contact with the material, excluding air, being processed or heated.

"Installation" means an identifiable piece of process equipment.

"Lowest achievable emissions rate" or **"LAER"** means, for any source, the more stringent rate of emissions based on paragraphs (A) and (B) of this definition. This limitation, when applied to a modification, means the lowest achievable emissions rate for the new or modified emissions units within a stationary source. In no event shall the application of LAER allow a proposed new or modified stationary source to emit any pollutant in excess of the amount allowable under applicable standard of performance for the new source.

(A) LAER means the most stringent emissions limitation which is contained in the implementation plan of any State for such class or category of stationary source, unless the owner or operator of the proposed stationary source demonstrates that such limitations are not achievable, or

(B) LAER means the most stringent emissions limitation which is achieved in practice by such class or category of stationary sources.

"Major source" means any new or modified stationary source which directly emits or has the capability at maximum design capacity and, if appropriately permitted, authority to emit 100 tons per year or more of a given pollutant. (OAC 252:100-8, Part 3)

"Malfunction" means any sudden, infrequent, and not reasonably preventable failure of air pollution control equipment, process equipment, or a process to operate in a normal or usual manner. Failures that are caused in part by poor maintenance or careless operation are not malfunctions.

"Mist" means a suspension of any finely divided liquid in any gas or atmosphere excepting uncombined water.

"Modification" means any physical change in, or change in the method of operation of, a source which increases the amount of any air pollutant emitted by such source or which results in the emission of any air pollutant not previously emitted, except that:

(A) routine maintenance, repair and replacement shall not be considered physical changes; and,

(B) the following shall not be considered a change in the method of operation:

(i) any increase in the production rate, if such increase does not exceed the operating design capacity of the source;

(ii) an increase in hours of operation;

(iii) use of alternative fuel or raw material if, prior to the date any standard under this part becomes applicable to such source the affected facility is designed to accommodate such alternative use.

"National Emission Standards for Hazardous Air Pollutants" or **"NESHAP"** means those standards found in 40 CFR Parts 61 and 63.

"New installation", "New source", or "New equipment" means an air contaminant source which is not in being on the effective date of these regulations and any existing source which is modified, replaced, or reconstructed after the effective date of the regulations such that the amount of air contaminant emissions is increased.

"New Source Performance Standards" or **"NSPS"** means those standards found in 40 CFR Part 60.

"Nonmethane organic compounds" or **"NMOC"** means nonmethane organic compounds, as defined in 40 CFR 60.754.

"Opacity" means the degree to which emissions reduce the transmission of light and obscure the view of an object in the background.

"Open burning" means the burning of combustible materials in such a manner that the products of combustion are emitted directly to the outside atmosphere.

"Organic compound" means any chemical compound containing the element carbon.

"Owner or operator" means any person who owns, leases, operates, controls or supervises a source.

"Part 70 permit" means (unless the context suggests otherwise) any permit or group of permits covering a Part 70 source that is issued, renewed, amended, or revised pursuant to this Chapter.

"Part 70 program" means a program approved by the Administrator under 40 CFR Part 70.

"Part 70 source" means any source subject to the permitting requirements of Part 5 of Subchapter 8, as provided in OAC 252:100-8-3(a) and (b).

"PM₁₀ emissions" means particulate matter emitted to the ambient air with an aerodynamic diameter of 10 micrometers or less as measured by applicable reference methods, or an equivalent or alternative method.

"PM₁₀" means particulate matter with an aerodynamic diameter of 10 micrometers or less.

"PM_{2.5}" means particulate matter with an aerodynamic diameter of 2.5 micrometers or less.

"Particulate matter" or **"PM"** means any material that exists in a finely divided form as a liquid or a solid.

"Particulate matter emissions" means particulate matter emitted to the ambient air as measured by applicable reference methods, or an equivalent or alternative method.

"Potential to emit" means the maximum capacity of a source to emit a pollutant under its physical and operational design. Any physical or operational limitation on the capacity of the source to emit a pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored or processed, shall be treated as part of its design if the limitation or the effect it would have on emissions is enforceable. Secondary emissions do not count in determining the potential to emit of a source.

"Prevention of significant deterioration" or **"PSD"** means increments for the protection of attainment areas as codified in OAC 252:100-3.

"Process equipment" means any equipment, device or contrivance for changing any materials or for storage or handling of any materials, the use or existence of which may cause any discharge of air contaminants into the open air, but not including that equipment specifically defined as fuel-burning equipment, or refuse-burning equipment.

"Process weight" means the weight of all materials introduced in a source operation, including solid fuels, but excluding liquids and gases used solely as fuels, and excluding air introduced for the purposes of combustion. Process weight rate means a rate established as follows:

(A) for continuous or long-run, steady-state, operations, the total process weight for the entire period of continuous operation or for a typical portion thereof, divided by the number of hours of such period or portion thereof.

Permanent Final Adoptions

(B) for cyclical or batch source operations, the total process weight for a period which covers a complete or an integral number of cycles, divided by the hours of actual process operation during such period.

(C) where the nature of any process or operation or the design of any equipment is such as to permit more than one interpretation of this definition, that interpretation which results in the minimum value for allowable emission shall apply.

"Reasonably available control technology" or **"RACT"** means devices, systems, process modifications, or other apparatus or techniques that are reasonably available taking into account:

(A) The necessity of imposing such controls in order to attain and maintain a national ambient air quality standard;

(B) The social, environmental, and economic impact of such controls; and

(C) Alternative means of providing for attainment and maintenance of such standard.

"Reconstruction" means

(A) the replacement of components of an existing source to the extent that will be determined by the Executive Director based on:

(i) the fixed capital cost (the capital needed to provide all the depreciable components of the new components exceeds 50 percent of the fixed capital cost of a comparable entirely new source);

(ii) the estimated life of the source after the replacements is comparable to the life of an entirely new source; and,

(iii) the extent to which the components being replaced cause or contribute to the emissions from the source.

(B) a reconstructed source will be treated as a new source for purposes of OAC 252:100-8, Part 9.

"Refinery" means any facility engaged in producing gasoline, kerosene, fuel oils or other products through distillation of crude oil or through redistillation, cracking, or reforming of unfinished petroleum derivatives.

"Refuse" means, unless specifically defined otherwise, the inclusive term for solid, liquid or gaseous waste products which are composed wholly or partly of such materials as garbage, sweepings, cleanings, trash, rubbish, litter, industrial, commercial and domestic solid, liquid or gaseous waste; trees or shrubs; tree or shrub trimmings; grass clippings; brick, plaster, lumber or other waste resulting from the demolition, alteration or construction of buildings or structures; accumulated waste material, cans, containers, tires, junk or other such substances.

"Refuse-burning equipment" means any equipment, device, or contrivance, and all appurtenances thereto, used for the destruction of combustible refuse or other combustible wastes by burning.

"Regulated air pollutant" means any substance or group of substances listed in Appendix P of this Chapter, or any substance regulated as an air pollutant under any federal regulation for which the Department has been given authority,

or any other substance for which an air emission limitation or equipment standard is set by an enforceable permit.

"Responsible official" means one of the following:

(A) For a corporation: a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation, or a duly authorized representative of such person if the representative is responsible for the overall production, or operating facilities applying for or subject to a permit and either:

(i) The facilities employ more than 250 persons or have gross annual sales or expenditures exceeding \$25 million (in second quarter 1980 dollars); or

(ii) The delegation of authority to such representatives is approved in advance by the DEQ;

(B) For the partnership or sole proprietorship: a general partner or the proprietor, respectively;

(C) For a municipality, state, federal, or other public agency: Either a principal executive officer or ranking elected official. For purposes of this Chapter, a principal executive officer or installation commander of a federal agency includes the chief executive officer having responsibility for the overall operations of a principal geographic unit of the agency (e.g., a Regional Administrator of EPA); or

(D) For affected sources:

(i) The designated representative insofar as actions, standards, requirements, or prohibitions under Title IV of the Act or the regulations promulgated thereunder are concerned; and

(ii) The designated representative for any other purposes under this Chapter.

"Shutdown" means the cessation of operation of any process, process equipment, or air pollution control equipment.

"Smoke" means small gas-borne or air-borne particles resulting from combustion operations and consisting of carbon, ash, and other matter any or all of which is present in sufficient quantity to be observable.

"Source operation" means the last operation preceding the emission of an air contaminant, which operation:

(A) results in the separation of the air contaminant from the process materials or in the conversion of the process materials into air contaminants, as in the case of combustion of fuel; and,

(B) is not an air pollution abatement operation.

"Stack" means, unless specifically defined otherwise, any chimney, flue, duct, conduit, exhaust, pipe, vent or opening, excluding flares, designed or specifically intended to conduct emissions to the atmosphere.

"Standard conditions" means a gas temperature of 68 degrees Fahrenheit (20° Centigrade) and a gas pressure of 14.7 pounds per square inch absolute.

"Startup" means the setting into operation of any process, process equipment, or air pollution control equipment.

"Stationary source" means, unless specifically defined otherwise, any building, structure, facility, or installation either fixed or portable, whose design and intended use is at a fixed location and emits or may emit an air pollutant subject to OAC 252:100.

"Total Suspended Particulates" or "TSP" means particulate matter as measured by the high-volume method described in Appendix B of 40 CFR Part 50.

"Temperature inversion" means a phenomenon in which the temperature in a layer of air increases with height and the cool heavy air below is trapped by the warmer air above and cannot rise.

"Visible emission" means any air contaminant, vapor or gas stream which contains or may contain an air contaminant which is passed into the atmosphere and which is perceptible to the human eye.

"Volatile organic compound" or "VOC" means any organic compound that participates in atmospheric photochemical reactions resulting in the formation of tropospheric ozone. Carbon monoxide, carbon dioxide, carbonic acid, metallic carbides, ammonium carbonates, tert-butyl acetate and compounds listed in 40 CFR 51.100(s)(1) are presumed to have negligible photochemical reactivity and are not considered to be VOC.

SUBCHAPTER 8. PERMITS FOR PART 70 SOURCES AND MAJOR NEW SOURCE REVIEW (NSR) SOURCES

PART 5. PERMITS FOR PART 70 SOURCES

252:100-8-2. Definitions

The following words and terms, when used in this Part, shall have the following meaning, unless the context clearly indicates otherwise. Except as specifically provided in this Section, terms used in this Part retain the meaning accorded them under the applicable requirements of the Act.

"Administratively complete" means an application that provides:

- (A) All information required under OAC 252:100-8-5(c), (d), or (e);
- (B) A landowner affidavit as required by OAC 252:4-7-13(b);
- (C) The appropriate application fees as required by OAC 252:100-8-1.7; and
- (D) Certification by the responsible official as required by OAC 252:100-8-5(f).

"Affected source" means the same as the meaning given to it in the regulations promulgated under Title IV (acid rain) of the Act.

"Affected states" means:

- (A) all states:
 - (i) That are one of the following contiguous states: Arkansas, Colorado, Kansas, Missouri, New Mexico and Texas, and

- (ii) That in the judgment of the DEQ may be directly affected by emissions from the facility seeking the permit, permit modification, or permit renewal being proposed; or

- (B) all states that are within 50 miles of the permitted source.

"Affected unit" means the same as the meaning given to it in the regulations promulgated under Title IV (acid rain) of the Act.

"Applicable requirement" means all of the following as they apply to emissions units in a Part 70 source subject to this Chapter (including requirements that have been promulgated or approved by EPA through rulemaking at the time of issuance but have future effective compliance dates):

- (A) Any standard or other requirements provided for in the applicable implementation plan approved or promulgated by EPA through rulemaking under Title I of the Act that implements the relevant requirements of the Act, including any revisions to that plan promulgated in 40 CFR Part 52;
- (B) Any term or condition of any preconstruction permits issued pursuant to regulations approved or promulgated through rulemaking under Title I, including parts C or D, of the Act;
- (C) Any standard or other requirement under section 111 of the Act, including section 111(d);
- (D) Any standard or other requirement under section 112 of the Act, including any requirement concerning accident prevention under section 112(r)(7) of the Act, but not including the contents of any risk management plan required under 112(r) of the Act;
- (E) Any standard or other requirement of the acid rain program under Title IV of the Act or the regulations promulgated thereunder;
- (F) Any requirements established pursuant to section 504(b) or section 114(a)(3) of the Act;
- (G) Any standard or other requirement governing solid waste incineration, under section 129 of the Act;
- (H) Any standard or other requirement for consumer and commercial products, under section 183(e) of the Act;
- (I) Any standard or other requirement for tank vessels, under section 183(f) of the Act;
- (J) Any standard or other requirement of the regulations promulgated to protect stratospheric ozone under Title VI of the Act, unless the Administrator has determined that such requirements need not be contained in a Title V permit; and
- (K) Any national ambient air quality standard or increment or visibility requirement under part C of Title I of the Act, but only as it would apply to temporary sources permitted pursuant to section 504(e) of the Act.

"Begin actual construction" means for purposes of this Part, that the owner or operator has begun the construction or installation of the emitting equipment on a pad or in the final location at the facility.

Permanent Final Adoptions

"Designated representative" means with respect to affected units, a responsible person or official authorized by the owner or operator of a unit to represent the owner or operator in matters pertaining to the holding, transfer, or disposition of allowances allocated to a unit, and the submission of and compliance with permits, permit applications, and compliance plans for the unit.

"Draft permit" means the version of a permit for which the DEQ offers public participation under 27A O.S. §§ 2-14-101 through 2-14-401 and OAC 252:4-7 or affected State review under OAC 252:100-8-8.

"Emergency" means, when used in OAC 252:100-8-6(a)(3)(C)(iii)(I) and (e), any situation arising from sudden and reasonably unforeseeable events beyond the control of the source, including acts of God, which situation requires immediate corrective action to restore normal operation, and that causes the source to exceed a technology-based emission limitation under the permit, due to unavoidable increases in emissions attributable to the emergency. An emergency shall not include noncompliance to the extent caused by improperly designed equipment, lack of preventive maintenance, careless or improper operation, or operator error.

"Emissions allowable under the permit" means a federally enforceable permit term or condition determined at issuance to be required by an applicable requirement that establishes an emissions limit (including a work practice standard) or a federally enforceable emissions cap that the source has assumed to avoid an applicable requirement to which the source would otherwise be subject.

"Emissions unit" means any part or activity of a stationary source that emits or has the potential to emit any regulated air pollutant or any pollutant listed under section 112(b) of the Act. Fugitive emissions from valves, flanges, etc. associated with a specific unit process shall be identified with that specific emission unit. This term is not meant to alter or affect the definition of the term "unit" for purposes of Title IV of the Act.

"Final permit" means the version of a part 70 permit issued by the DEQ that has completed all review procedures required by OAC 252:100-8-7 through 252:100-8-7.5 and OAC 252:100-8-8.

"Fugitive emissions" means those emissions of regulated air pollutants which could not reasonably pass through a stack, chimney, vent, or other functionally-equivalent opening.

"General permit" means a part 70 permit that meets the requirements of OAC 252:100-8-6.1.

"Insignificant activities" means individual emissions units that are either on the list approved by the Administrator and contained in Appendix I, or whose actual calendar year emissions do not exceed any of the limits in (A) and (B) of this definition. Any activity to which a State or federal applicable requirement applies is not insignificant even if it meets the criteria below or is included on the insignificant activities list.

(A) 5 tons per year (TPY) of any one criteria pollutant.

(B) 2 tons per year for any one hazardous air pollutant (HAP) or 5 tons per year for an aggregate of two or more HAPs, or 20 percent of any threshold less

than 10 tons per year for single HAP that the EPA may establish by rule.

"MACT" means maximum achievable control technology.

"Major source" means any stationary source (or any group of stationary sources that are located on one or more contiguous or adjacent properties and are under common control of the same person (or persons under common control)) belonging to a single major industrial grouping and that is described in subparagraph (A), (B), or (C) of this definition. For the purposes of defining "major source," a stationary source or group of stationary sources shall be considered part of a single industrial grouping if all of the pollutant emitting activities at such source or group of sources on contiguous or adjacent properties belong to the same Major Group (i.e., all have the same two-digit primary SIC code) as described in the Standard Industrial Classification Manual, 1987. For onshore activities belonging to Standard Industrial Classification (SIC) Major Group 13: Oil and Gas Extraction, pollutant emitting activities shall be considered adjacent if they are located on the same surface site; or if they are located on surface sites that are located within 1/4 mile of one another (measured from the center of the equipment on the surface site) and they share equipment. Shared equipment includes, but is not limited to, produced fluids storage tanks, phase separators, natural gas dehydrators, or emissions control devices. Surface site, as used in this definition, has the same meaning as in 40 CFR 63.761.

(A) A major source under section 112 of the Act, which is defined as:

(i) For pollutants other than radionuclides, any stationary source or group of stationary sources located within a contiguous area and under common control that emits or has the potential to emit, in the aggregate, 10 TPY or more of any hazardous air pollutant which has been listed pursuant to section 112(b) of the Act, 25 TPY or more of any combination of such hazardous air pollutants, or such lesser quantity as the Administrator may establish by rule. Notwithstanding the preceding sentence, emissions from any oil or gas exploration or production well (with its associated equipment) and emissions from any pipeline compressor or pump station shall not be aggregated with emissions from other similar units, whether or not such units are in a contiguous area or under common control, to determine whether such units or stations are major sources; or

(ii) For radionuclides, "major source" shall have the meaning specified by the Administrator by rule.

(B) A major stationary source of air pollutants, as defined in section 302 of the Act, that directly emits or has the potential to emit, 100 TPY or more of any air pollutant (except gross particulate matter) subject to regulation (including any major source of fugitive emissions of any such pollutant, as determined by rule by the Administrator). The fugitive emissions

of a stationary source shall not be considered in determining whether it is a major stationary source for the purposes of section 302(j) of the Act, unless the source belongs to one of the following categories of stationary sources:

- (i) Coal cleaning plants (with thermal dryers);
- (ii) Kraft pulp mills;
- (iii) Portland cement plants;
- (iv) Primary zinc smelters;
- (v) Iron and steel mills;
- (vi) Primary aluminum ore reduction plants;
- (vii) Primary copper smelters;
- (viii) Municipal incinerators capable of charging more than 250 tons of refuse per day;
- (ix) Hydrofluoric, sulfuric, or nitric acid plants;
- (x) Petroleum refineries;
- (xi) Lime plants;
- (xii) Phosphate rock processing plants;
- (xiii) Coke oven batteries;
- (xiv) Sulfur recovery plants;
- (xv) Carbon black plants (furnace process);
- (xvi) Primary lead smelters;
- (xvii) Fuel conversion plants;
- (xviii) Sintering plants;
- (xix) Secondary metal production plants;
- (xx) Chemical process plants (not including ethanol production facilities that produce ethanol by natural fermentation included in NAICS codes 325193 or 312140);
- (xxi) Fossil-fuel boilers (or combination thereof) totaling more than 250 million British thermal units per hour heat input;
- (xxii) Petroleum storage and transfer units with a total storage capacity exceeding 300,000 barrels;
- (xxiii) Taconite ore processing plants;
- (xxiv) Glass fiber processing plants;
- (xxv) Charcoal production plants;
- (xxvi) Fossil-fuel-fired steam electric plants of more than 250 million British thermal units per hour heat input; or
- (xxvii) All other stationary source categories which, as of August 7, 1980, are being regulated by a standard promulgated under section 111 or 112 of the Act.

(C) A major stationary source as defined in part D of Title I of the Act, including:

- (i) For ozone—~~non attainment~~nonattainment areas, sources with the potential to emit 100 TPY or more of volatile organic compounds or oxides of nitrogen in areas classified or treated as classified as "marginal" or "moderate," "Marginal" or "Moderate," 50 TPY or more in areas classified or treated as classified as "serious," "Serious," 25 TPY or more in areas classified or treated as classified as "severe," "Severe," and 10 TPY or more in areas classified or treated as classified as "extreme" "Extreme"; except that the references

in this paragraph to 100, 50, 25, and 10 TPY of nitrogen oxides shall not apply with respect to any source for which the Administrator has made a finding, under section 182(f)(1) or (2) of the Act, that requirements under section 182(f) of the Act do not apply;

(ii) For ozone transport regions established pursuant to section 184 of the Act, sources with the potential to emit 50 TPY or more of volatile organic compounds;

(iii) For carbon monoxide—~~non attainment~~nonattainment areas:

(I) that are classified or treated as classified as "serious," "Serious"; and

(II) in which stationary sources contribute significantly to carbon monoxide levels as determined under rules issued by the Administrator, sources with the potential to emit 50 TPY or more of carbon monoxide; and

(iv) For particulate matter (PM₁₀)—~~non attainment~~nonattainment areas classified or treated as classified as "serious," "Serious," sources with the potential to emit 70 TPY or more of PM₁₀.

"Maximum capacity" means the quantity of air contaminants that theoretically could be emitted by a stationary source without control devices based on the design capacity or maximum production capacity of the source and 8,760 hours of operation per year. In determining the maximum theoretical emissions of VOCs for a source, the design capacity or maximum production capacity shall include the use of raw materials, coatings and inks with the highest VOC content used in practice by the source.

"Permit" means (unless the context suggests otherwise) any permit or group of permits covering a Part 70 source that is issued, renewed, amended, or revised pursuant to this Chapter.

"Permit modification" means a revision to a Part 70 construction or operating permit that meets the requirements of OAC 252:100-8-7.2(b).

"Permit program costs" means all reasonable (direct and indirect) costs required to develop and administer a permit program, as set forth in OAC 252:100-5-2.2 (whether such costs are incurred by the DEQ or other State or local agencies that do not issue permits directly, but that support permit issuance or administration).

"Permit revision" means any permit modification or administrative permit amendment.

"Potential to emit" means the maximum capacity of a stationary source to emit any air pollutant under its physical and operational design. Any physical or operational limitation on the capacity of a source to emit an air pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored, or processed, shall be treated as part of its design if the limitation is enforceable by the Administrator. This term does not alter or affect the use of this term for any other purposes under the Act, or the term "capacity factor" as used in Title IV of the Act or the regulations promulgated thereunder.

Permanent Final Adoptions

"Proposed permit" means the version of a permit that the DEQ proposes to issue and forwards to the Administrator for review in compliance with OAC 252:100-8-8.

"Regulated air pollutant" means the following:

(A) Nitrogen oxides or any volatile organic compound (VOC), including those substances defined in OAC 252:100-1-3, 252:100-37-2, and 252:100-39-2, except those specifically excluded in the EPA definition of VOC in 40 CFR 51.100(s);

(B) Any pollutant for which a national ambient air quality standard has been promulgated;

(C) Any pollutant that is subject to any standard promulgated under section 111 of the Act;

(D) Any Class I or II ozone-depleting substance subject to a standard promulgated under or established by Title VI of the Act;

(E) Any pollutant subject to a standard promulgated under section 112 or other requirements established under section 112 of the Act (Hazardous Air Pollutants), including sections 112(g) (Modifications), (j) (Equivalent Emission Limitation by Permit), and (r) (Prevention of Accidental Releases), including the following:

(i) any pollutant subject to the requirements under section 112(j) of the Act. If the Administrator fails to promulgate a standard by the date established pursuant to section 112(e) of the Act (Schedule for Standards and Review), any pollutant for which a subject source would be major shall be considered to be regulated as to that source on the date 18 months after the applicable date established pursuant to section 112(e) of the Act; and,

(ii) any pollutant for which the requirements of section 112(g)(2) of the Act have been met, but only with respect to the individual source subject to the section 112(g)(2) requirement; or

(F) Any other substance for which an air emission limitation or equipment standard is set by an existing permit or regulation.

"Renewal" means the process by which a permit is reissued at the end of its term.

"Section 502(b)(10) changes" means changes that contravene an express permit term. Such changes do not include changes that would violate applicable requirements or contravene federally enforceable permit terms and conditions that are monitoring (including test methods), recordkeeping, reporting, or compliance certification requirements.

"Small unit" means a fossil fuel fired combustion device which serves a generator with a name plate capacity of 25 MWe or less.

"State-only requirement" means any standard or requirement pursuant to Oklahoma Clean Air Act (27A O.S. §§ 2-5-101 through 2-5-118, as amended) that is not contained in the State Implementation Plan (SIP).

"State program" means a program approved by the Administrator under 40 CFR Part 70.

"Stationary source" means any building, structure, facility, or installation that emits or may emit any regulated air pollutant or any pollutant listed under section 112(b) of the Act as it existed on January 2, 2006.

"Subject to regulation" means, for any air pollutant, that the pollutant is subject to either a provision in the federal Clean Air Act, or a nationally-applicable regulation codified by the EPA Administrator in subchapter C of Chapter I of 40 CFR, that requires actual control of the quantity of emissions of that pollutant, and that such a control requirement has taken effect and is operative to control, limit, or restrict the quantity of emissions of that pollutant released from the regulated activity. Except that:

(A) Greenhouse gases (GHG) shall not be subject to regulation unless, as of July 1, 2011, the GHG emissions are at a stationary source emitting or having the potential to emit 100,000 TPY CO₂ equivalent emissions (CO₂e) and are otherwise subject to regulation as previously described in this definition.

(B) The term TPY CO₂ equivalent emissions (CO₂e) shall represent an amount of GHG emitted, and shall be computed by multiplying the mass amount of emissions (TPY), for each of the six greenhouse gases in the pollutant GHG, by the gas' associated global warming potential (GWP) published in Table A-1 to subpart A of 40 CFR Part 98 - Global Warming Potentials, and summing the resultant value for each to compute a TPY CO₂e. ~~For purposes of this definition, prior to July 21, 2014, the mass of the greenhouse gas carbon dioxide shall not include carbon dioxide emissions resulting from the combustion or decomposition of non fossilized and biodegradable organic material originating from plants, animals, or micro organisms (including products, by products, residues and waste from agriculture, forestry and related industries, as well as the non fossilized and biodegradable organic fractions of industrial and municipal wastes, including gases and liquids recovered from the decomposition of non fossilized and biodegradable organic material).~~

(C) If federal legislation or a federal court stays, invalidates, delays the effective date, or otherwise renders unenforceable by the EPA, in whole or in part, the EPA's tailoring rule (75 FR 31514, June 3, 2010), endangerment finding (74 FR 66496, December 15, 2009), or light-duty vehicle greenhouse gas emission standard (75 FR 25686, May 7, 2010), this definition shall be enforceable only to the extent that it is enforceable by the EPA.

"Trivial activities" means any individual or combination of air emissions units that are considered inconsequential and are on a list approved by the Administrator and contained in Appendix J.

"Unit" means, for purposes of Title IV, a fossil fuel-fired combustion device.

PART 7. PREVENTION OF SIGNIFICANT DETERIORATION (PSD) REQUIREMENTS FOR ATTAINMENT AREAS

252:100-8-31. Definitions

The following words and terms when used in this Part shall have the following meaning, unless the context clearly indicates otherwise. All terms used in this Part that are not defined in this Section shall have the meaning given to them in OAC 252:100-1-3, 252:100-8-1.1, or in the Oklahoma Clean Air Act.

"Actual emissions" means the actual rate of emissions of a regulated NSR pollutant from an emissions unit, as determined in accordance with paragraphs (A) through (C) of this definition, except that this definition shall not apply for calculating whether a significant emissions increase has occurred, or for establishing a PAL under OAC 252:100-8-38. Instead, the definitions of "projected actual emissions" and "baseline actual emissions" shall apply for those purposes.

(A) In general, actual emissions as of a particular date shall equal the average rate in TPY at which the unit actually emitted the pollutant during a consecutive 24-month period which precedes the particular date and which is representative of normal source operation. The Director shall allow the use of a different time period upon a determination that it is more representative of normal source operation. Actual emissions shall be calculated using the unit's actual operating hours, production rates, and types of materials processed, stored, or combusted during the selected time period.

(B) The Director may presume that source-specific allowable emissions for the unit are equivalent to the actual emissions of the unit.

(C) For any emissions unit that has not begun normal operations on the particular date, actual emissions shall equal the potential to emit of the unit on that date.

"Allowable emissions" means the emission rate of a stationary source calculated using the maximum rated capacity of the source (unless the source is subject to enforceable limits which restrict the operating rate, or hours of operation, or both) and the most stringent of the following:

- (A) the applicable standards as set forth in 40 CFR Parts 60 and 61;
- (B) the applicable State rule allowable emissions;
- or,
- (C) the emissions rate specified as an enforceable permit condition.

"Baseline actual emissions" means the rate of emissions, in TPY, of a regulated NSR pollutant, as determined in accordance with paragraphs (A) through (E) of this definition.

(A) The baseline actual emissions shall be based on current emissions data and the unit's utilization during the period chosen. Current emission data means the most current and accurate emission factors available and could include emissions used in the source's latest permit or permit application, the most recent CEM

data, stack test data, manufacturer's data, mass balance, engineering calculations, and other emission factors.

(B) For any existing electric utility steam generating unit (EUSGU), baseline actual emissions means the average rate, in TPY, at which the unit actually emitted the pollutant during any consecutive 24-month period selected by the owner or operator within the 5-year period immediately preceding the date that a complete permit application is received by the Director for a permit required under OAC 252:100-8. The Director shall allow the use of a different time period upon a determination that it is more representative of normal source operation.

(i) The average rate shall include fugitive emissions to the extent quantifiable, and emissions associated with start-ups, shutdowns, and malfunctions.

(ii) The average rate shall be adjusted downward to exclude any noncompliant emissions that occurred while the source was operating above an emission limitation that was legally enforceable during the consecutive 24-month period.

(iii) For a regulated NSR pollutant, when a project involves multiple emissions units, only one consecutive 24-month period shall be used to determine the baseline actual emissions for all the emissions units affected by the project. A different consecutive 24-month period can be used for each regulated NSR pollutant.

(iv) The average rate shall not be based on any consecutive 24-month period for which there is inadequate information for determining annual emissions, in TPY, and for adjusting this amount if required by (B)(ii) of this definition.

(C) For an existing emissions unit (other than an EUSGU), baseline actual emissions means the average rate in TPY, at which the emissions unit actually emitted the pollutant during any consecutive 24-month period selected by the owner or operator within the 10-year period immediately preceding either the date the owner or operator begins actual construction of the project, or the date a complete permit application is received by the Director for a permit required either under this Part or under a plan approved by the Administrator, whichever is earlier, except that the 10 year period shall not include any period earlier than November 15, 1990.

(i) The average rate shall include fugitive emissions to the extent quantifiable, and emissions associated with startups, shutdowns, and malfunctions.

(ii) The average rate shall be adjusted downward to exclude any noncompliant emissions that occurred while the source was operating above an emission limitation that was legally enforceable during the consecutive 24-month period.

Permanent Final Adoptions

(iii) The average rate shall be adjusted downward to exclude any emissions that would have exceeded an emission limitation with which the major stationary source must currently comply, had such major stationary source been required to comply with such limitations during the consecutive 24-month period. However, if an emission limitation is part of a MACT standard that the Administrator proposed or promulgated under 40 CFR 63, the baseline actual emissions need only be adjusted if DEQ has taken credit for such emissions reduction in an attainment demonstration or maintenance plan consistent with requirements of 40 CFR 51.165(a)(3)(ii)(G).

(iv) For a regulated NSR pollutant, when a project involves multiple emissions units, only one consecutive 24-month period must be used to determine the baseline actual emissions for the emissions units being changed. A different consecutive 24-month period can be used for each regulated NSR pollutant.

(v) The average rate shall not be based on any consecutive 24-month period for which there is inadequate information for determining annual emissions, in TPY, and for adjusting this amount if required by (C)(ii) and (iii) of this definition.

(D) For a new emissions unit, the baseline actual emissions for purposes of determining the emissions increase that will result from the initial construction and operation of such unit shall equal zero; and thereafter, for all other purposes, shall equal the unit's potential to emit.

(E) For a PAL for a stationary source, the baseline actual emissions shall be calculated for existing EUSGU in accordance with the procedures contained in paragraph (B) of this definition, for other existing emissions units in accordance with the procedures contained in Paragraph (C) of this definition, and for a new emissions unit in accordance with the procedures contained in paragraph (D) of this definition.

"Baseline area" means any intrastate areas (and every part thereof) designated as attainment or unclassifiable under section 107(d)(1)(A)(ii) or (iii) of the Act in which the major source or major modification establishing the minor source baseline date would construct or would have an air quality impact for the pollutant for which the baseline date is established, as follows: Equal to or greater than $1 \mu\text{g}/\text{m}^3$ (annual average) for SO_2 , NO_2 , or PM_{10} ; or equal or greater than $0.3 \mu\text{g}/\text{m}^3$ (annual average) for $\text{PM}_{2.5}$.

(A) Area redesignations under section 107(d)(1)(A)(ii) or (iii) of the Act cannot intersect or be smaller than the area of impact of any major stationary source or major modification which:

- (i) establishes a minor source baseline date; or
- (ii) is subject to 40 CFR 52.21 or OAC 252:100-8, Part 7, and would be constructed in the same State as the State proposing the redesignation.

(B) Any baseline area established originally for the TSP increments shall remain in effect and shall apply for purposes of determining the amount of available PM_{10} increments, except that such baseline area shall not remain in effect if the Director rescinds the corresponding minor source baseline date in accordance with paragraph (D) of the definition of "baseline date".

"Baseline concentration" means that ambient concentration level that exists in the baseline area at the time of the applicable minor source baseline date.

(A) A baseline concentration is determined for each pollutant for which a minor source baseline date is established and shall include:

- (i) the actual emissions representative of sources in existence on the applicable minor source baseline date, except as provided in (B) of this definition.
- (ii) the allowable emissions of major stationary sources that commenced construction before the major source baseline date, but were not in operation by the applicable minor source baseline date.

(B) The following will not be included in the baseline concentration and will affect the applicable maximum allowable increase(s):

- (i) actual emissions from any major stationary source on which construction commenced after the major source baseline date; and,
- (ii) actual emissions increases and decreases at any stationary source occurring after the minor source baseline date.

"Baseline date" means:

(A) Major source baseline date means:

- (i) in the case of PM_{10} and sulfur dioxide, January 6, 1975;
- (ii) in the case of nitrogen dioxide, February 8, 1988; and
- (iii) in the case of $\text{PM}_{2.5}$, October 20, 2010.

(B) Minor source baseline date means the earliest date after the trigger date on which a major stationary source or major modification (subject to 40 CFR 52.21 or OAC 252:100-8, Part 7) submits a complete application. The trigger date is:

- (i) in the case of PM_{10} and sulfur dioxide, August 7, 1977;
- (ii) in the case of nitrogen dioxide, February 8, 1988; and
- (iii) in the case of $\text{PM}_{2.5}$, October 20, 2011.

(C) The baseline date is established for each pollutant for which increments or other equivalent measures have been established if:

- (i) the area in which the proposed source or modification would construct is designated as attainment or unclassifiable under section 107(d)(1)(A)(ii) or (iii) of the Act for the pollutant on the date of its complete application under 40 CFR 52.21 or under OAC 252:100-8, Part 7; and

(ii) in the case of a major stationary source, the pollutant would be emitted in significant amounts, or, in the case of a major modification, there would be a significant net emissions increase of the pollutant.

(D) Any minor source baseline date established originally for the TSP increments shall remain in effect and shall apply for purposes of determining the amount of available PM₁₀ increments, except that the Director may rescind any such minor source baseline date where it can be shown, to the satisfaction of the Director, that the emissions increase from the major stationary source, or the net emissions increase from the major modification, responsible for triggering that date did not result in a significant amount of PM₁₀ emissions.

"Begin actual construction" means in general, initiation of physical on-site construction activities on an emissions unit which are of a permanent nature.

(A) Such activities include, but are not limited to, installation of building supports and foundations, laying of underground pipework, and construction of permanent storage structures.

(B) With respect to a change in method of operation this term refers to those on-site activities, other than preparatory activities, which mark the initiation of the change.

"Best available control technology" or **"BACT"** means an emissions limitation (including a visible emissions standard) based on the maximum degree of reduction for each regulated NSR pollutant which would be emitted from any proposed major stationary source or major modification which the Director, on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs, determines is achievable for such source or modification through application of production processes or available methods, systems, and techniques, including fuel cleaning or treatment or innovative fuel combination techniques for control of such pollutant. In no event shall application of BACT result in emissions of any pollutant which would exceed the emissions allowed by any applicable standard under 40 CFR parts 60 and 61. If the Director determines that technological or economic limitations on the application of measurement methodology to a particular emissions unit would make the imposition of an emissions standard infeasible, a design, equipment, work practice, operational standard or combination thereof, may be prescribed instead to satisfy the requirement for the application of BACT. Such standard shall, to the degree possible, set forth the emissions reduction achievable by implementation of such design, equipment, work practice or operation, and shall provide for compliance by means which achieve equivalent results.

"Clean coal technology" means any technology, including technologies applied at the precombustion, combustion, or post combustion stage, at a new or existing facility which will achieve significant reductions in air emissions of sulfur dioxide or oxides of nitrogen associated with the utilization of coal in

the generation of electricity, or process steam which was not in widespread use as of November 15, 1990.

"Clean coal technology demonstration project" means a project using funds appropriated under the heading "Department of Energy-Clean Coal Technology", up to a total amount of \$2,500,000,000 for commercial demonstration of clean coal technology, or similar projects funded through appropriations for the EPA. The Federal contribution for a qualifying project shall be at least 20% of the total cost of the demonstration project.

"Commence" means, as applied to construction of a major stationary source or major modification, that the owner or operator has all necessary preconstruction approvals or permits and either has:

(A) begun, or caused to begin, a continuous program of actual on-site construction of the source, to be completed within a reasonable time; or,

(B) entered into binding agreements or contractual obligations, which cannot be cancelled or modified without substantial loss to the owner or operator, to undertake a program of actual construction of the source to be completed within a reasonable time.

"Construction" means any physical change or change in the method of operation (including fabrication, erection, installation, demolition, or modification of an emissions unit) that would result in a change in emissions.

"Continuous emissions monitoring system" or **"CEMS"** means all of the equipment that may be required to meet the data acquisition and availability requirements to sample, condition (if applicable), analyze, and provide a record of emissions on a continuous basis.

"Continuous emissions rate monitoring system" or **"CERMS"** means the total equipment required for the determination and recording of the pollutant mass emissions rate (in terms of mass per unit of time).

"Continuous parameter monitoring system" or **"CPMS"** means all of the equipment necessary to meet the data acquisition and availability requirements to monitor process and control device operational parameters (for example, control device secondary voltages and electric currents) and other information (for example, gas flow rate, O₂, or CO₂ concentrations), and to record average operational parameter value(s) on a continuous basis.

"Electric utility steam generating unit" or **"EUSGU"** means any steam electric generating unit that is constructed for the purpose of supplying more than one-third of its potential electric output capacity and more than 25 MW electrical output to any utility power distribution system for sale. Any steam supplied to a steam distribution system for the purpose of providing steam to a steam-electric generator that would produce electrical energy for sale is also considered in determining the electrical energy output capacity of the affected facility.

"Emissions unit" means any part of a stationary source that emits or would have the potential to emit any regulated NSR pollutant and includes an EUSGU. There are two types of emissions units as described in paragraphs (A) and (B) of this definition.

Permanent Final Adoptions

(A) A new emissions unit is any emissions unit that is (or will be) newly constructed and that has existed for less than 2 years from the date such emissions unit first operated.

(B) An existing emissions unit is any emissions unit that does not meet the requirements in paragraph (A) of this definition. A replacement unit is an existing emissions unit.

"Federal Land Manager" means with respect to any lands in the United States, the Secretary of the department with authority over such lands.

"High terrain" means any area having an elevation 900 feet or more above the base of the stack of a source.

"Innovative control technology" means any system of air pollution control that has not been adequately demonstrated in practice, but would have a substantial likelihood of achieving greater continuous emissions reduction than any control system in current practice or of achieving at least comparable reductions at lower cost in terms of energy, economics, or non-air quality environmental impacts.

"Low terrain" means any area other than high terrain.

"Major modification" means:

(A) Any physical change in or change in the method of operation of a major stationary source that would result in a significant emissions increase of a regulated NSR pollutant and a significant net emissions increase of that pollutant from the major stationary source is a major modification.

(i) Any significant emissions increase from any emissions units or net emissions increase at a major stationary source that is significant for VOC or NO_x shall be considered significant for ozone.

(ii) A physical change or change in the method of operation shall not include:

(I) routine maintenance, repair and replacement;

(II) use of an alternative fuel or raw material by reason of any order under sections 2(a) and (b) of the Energy Supply and Environmental Coordination Act of 1974 (or any superseding legislation) or by reason of a natural gas curtailment plan pursuant to the Federal Power Act;

(III) use of an alternative fuel by reason of an order or rule under section 125 of the Act;

(IV) use of an alternative fuel at a steam generating unit to the extent that the fuel is generated from municipal solid waste;

(V) use of an alternative fuel or raw material by a stationary source which the source was capable of accommodating before January 6, 1975, (unless such change would be prohibited under any enforceable permit condition which was established after January 6, 1975) or the source is approved to use under any permit issued under 40 CFR 52.21 or OAC 252:100-7 or 252:100-8;

(VI) an increase in the hours of operation or in the production rate, unless such change would be prohibited under any federally enforceable permit condition which was established after January 6, 1975;

(VII) any change in source ownership;

(VIII) the installation, operation, cessation, or removal of a temporary clean coal technology demonstration project, provided the project complies with OAC 252:100 and other requirements necessary to attain and maintain the NAAQS during the project and after it is terminated;

(IX) the installation or operation of a permanent clean coal technology demonstration project that constitutes repowering, provided that the project does not result in an increase in the potential to emit of any regulated pollutant (on a pollutant-by-pollutant basis) emitted by the unit; or

(X) the reactivation of a very clean coal-fired EUSGU.

(B) This definition shall not apply with respect to a particular regulated NSR pollutant when the major stationary source is complying with the requirements under OAC 252:100-8-38 for a PAL for that pollutant. Instead, the definition of "PAL major modification" at 40 CFR 51.166(w)(2)(viii) shall apply.

"Major stationary source" means

(A) A major stationary source is:

(i) any of the following stationary sources of air pollutants which emits, or has the potential to emit, 100 TPY or more of a regulated NSR pollutant:

(I) carbon black plants (furnace process),

(II) charcoal production plants,

(III) chemical process plants, (not including ethanol production facilities that produce ethanol by natural fermentation included in NAICS codes 325193 or 312140),

(IV) coal cleaning plants (with thermal dryers),

(V) coke oven batteries,

(VI) fossil-fuel boilers (or combination thereof) totaling more than 250 million BTU per hour heat input,

(VII) fossil fuel-fired steam electric plants of more than 250 million BTU per hour heat input,

(VIII) fuel conversion plants,

(IX) glass fiber processing plants,

(X) hydrofluoric, sulfuric or nitric acid plants,

(XI) iron and steel mill plants,

(XII) kraft pulp mills,

(XIII) lime plants,

(XIV) municipal incinerators capable of charging more than 250 tons of refuse per day,

(XV) petroleum refineries,

- (XVI) petroleum storage and transfer units with a total storage capacity exceeding 300,000 barrels,
 - (XVII) phosphate rock processing plants,
 - (XVIII) portland cement plants,
 - (XIX) primary aluminum ore reduction plants,
 - (XX) primary copper smelters,
 - (XXI) primary lead smelters,
 - (XXII) primary zinc smelters,
 - (XXIII) secondary metal production plants,
 - (XXIV) sintering plants,
 - (XXV) sulfur recovery plants, or
 - (XXVI) taconite ore processing plants;
 - (ii) any other stationary source not on the list in (A)(i) of this definition which emits, or has the potential to emit, 250 TPY or more of a regulated NSR pollutant;
 - (iii) any physical change that would occur at a stationary source not otherwise qualifying as a major stationary source under this definition if the change would constitute a major stationary source by itself.
- (B) A major source that is major for VOC or NO_x shall be considered major for ozone.
- (C) The fugitive emissions of a stationary source shall not be included in determining for any of the purposes of this Part whether it is a major stationary source, unless the source belongs to one of the following categories of stationary sources:
- (i) the stationary sources listed in (A)(i) of this definition;
 - (ii) any other stationary source category which, as of August 7, 1980, is being regulated under section 111 or 112 of the Act.

"Necessary preconstruction approvals or permits" means those permits or approvals required under all applicable air quality control laws and rules.

"Net emissions increase" means:

- (A) with respect to any regulated NSR pollutant emitted by a major stationary source, the amount by which the sum of the following exceeds zero:
 - (i) the increase in emissions from a particular physical change or change in the method of operation at a stationary source as calculated pursuant to OAC 252:100-8-30(b); and,
 - (ii) any other increases and decreases in actual emissions at the major stationary source that are contemporaneous with the particular change and are otherwise creditable. Baseline actual emissions for calculating increases and decreases under (A)(ii) of this definition shall be determined as provided in the definition of "baseline actual emissions", except that (B)(iii) and (C)(iv) of that definition shall not apply.
- (B) An increase or decrease in actual emissions is contemporaneous with the increase from the particular change only if it occurs within 3 years before

the date that the increase from the particular change occurs.

- (C) An increase or decrease in actual emissions is creditable only if:
 - (i) it is contemporaneous; and
 - (ii) The Director has not relied on it in issuing a permit for the source under OAC 252:100-8, Part 7, which permit is in effect when the increase in actual emissions from the particular change occurs.
- (D) An increase or decrease in actual emissions of sulfur dioxide, particulate matter, or nitrogen oxides that occurs before the applicable minor source baseline date is creditable only if it is required to be considered in calculating the amount of maximum allowable increases remaining available.
- (E) An increase in actual emissions is creditable only to the extent that the new level of actual emissions exceeds the old level.
- (F) A decrease in actual emissions is creditable only to the extent that it meets all the conditions in (F)(i) through (iii) of this definition.
 - (i) It is creditable if the old level of actual emissions or the old level of allowable emissions, whichever is lower, exceeds the new level of actual emissions.
 - (ii) It is creditable if it is enforceable as a practical matter at and after the time that actual construction on the particular change begins.
 - (iii) It is creditable if it has approximately the same qualitative significance for public health and welfare as that attributed to the increase from the particular change.
- (G) An increase that results from a physical change at a source occurs when the emissions unit on which construction occurred becomes operational and begins to emit a particular pollutant. Any replacement unit that requires shakedown becomes operational only after a reasonable shakedown period, not to exceed 180 days.
- (H) Paragraph (A) of the definition of "actual emissions" shall not apply for determining creditable increases and decreases.

"Potential to emit" means the maximum capacity of a stationary source to emit a pollutant under its physical and operational design. Any physical or operational limitation on the capacity of the source to emit a pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored or processed, shall be treated as part of its design if the limitation or the effect it would have on emissions is enforceable. Secondary emissions do not count in determining the potential to emit of a stationary source.

"Predictive emissions monitoring system" or **"PEMS"** means all of the equipment necessary to monitor process and control device operational parameters (for example, control device secondary voltages and electric currents) and other

Permanent Final Adoptions

information (for example, gas flow rate, O₂, or CO₂ concentrations), and calculate and record the mass emissions rate (for example, lb/hr) on a continuous basis.

"Prevention of Significant Deterioration (PSD) program" means a major source preconstruction permit program that has been approved by the Administrator and incorporated into the plan to implement the requirements of 40 CFR 51.166, or the program in 40 CFR 52.21. Any permit issued under such a program is a major NSR permit.

"Project" means a physical change in, or change in method of operation of, an existing major stationary source.

"Projected actual emissions" means

(A) Projected actual emissions means the maximum annual rate, in TPY, at which an existing emissions unit is projected to emit a regulated NSR pollutant in any one of the 5 years (12-month period) following the date the unit resumes regular operation after the project, or in any one of the 10 years following that date, if the project involves increasing the emissions unit's design capacity or its potential to emit that regulated NSR pollutant, and full utilization of the unit would result in a significant emissions increase, or a significant net emissions increase at the major stationary source.

(B) In determining the projected actual emissions under paragraph (A) of this definition (before beginning actual construction), the owner or operator of the major stationary source:

(i) shall consider all relevant information, including but not limited to, historical operational data, the company's own representations, the company's expected business activity and the company's highest projections of business activity, the company's filings with the State or Federal regulatory authorities, and compliance plans under the approved plan; and

(ii) shall include fugitive emissions to the extent quantifiable and emissions associated with start-ups, shutdowns, and malfunctions; and

(iii) shall exclude, in calculating any increase in emissions that results from the particular project, that portion of the unit's emissions following the project that an existing unit could have accommodated during the consecutive 24-month period used to establish the baseline actual emissions and that are also unrelated to the particular project, including any increased utilization due to product demand growth; or,

(iv) in lieu of using the method set out in (B)(i) through (iii) of this definition, may elect to use the emissions unit's potential to emit, in TPY.

"Reactivation of a very clean coal-fired electric utility steam generating unit" means any physical change or change in the method of operation associated with the commencement of commercial operations by a coal-fired utility unit after a period of discontinued operation where the unit:

(A) has not been in operation for the two-year period prior to the enactment of the Clean Air Act

Amendments of 1990, and the emissions from such unit continue to be carried in the Department's emissions inventory at the time of enactment;

(B) was equipped prior to shutdown with a continuous system of emissions control that achieves a removal efficiency for sulfur dioxide of no less than 85% and a removal efficiency for particulates of no less than 98%;

(C) is equipped with low-NO_x burners prior to the time of commencement of operations following reactivation; and

(D) is otherwise in compliance with the requirements of the Act.

"Regulated NSR pollutant" means the following:

~~(A) A regulated NSR pollutant is:~~

~~(i) any pollutant for which a NAAQS has been promulgated, and any pollutant identified under (A)(i) of this definition as a constituent or precursor to such pollutant. Precursors identified by the Administrator for purposes of NSR are the following~~

This includes but is not limited to the following:

(i) PM_{2.5} emissions and PM₁₀ emissions shall include gaseous emissions from a source or activity which condense to form particulate matter at ambient temperatures. Such condensable particulate matter shall be accounted for in applicability determinations and in establishing emissions limitations for PM_{2.5} and PM₁₀ in PSD permits.

(ii) any pollutant identified as a constituent or precursor to any pollutant identified under subparagraph (A) of this definition. Precursors identified by the EPA Administrator for purposes of NSR are the following:

(I) volatile organic compounds and nitrogen oxides are precursors to ozone in all attainment and unclassifiable areas.

(II) sulfur dioxide is a precursor to PM_{2.5} in all attainment and unclassifiable areas.

(III) nitrogen oxides are presumed to be precursors to PM_{2.5} in all attainment and unclassifiable areas, unless the State demonstrates to the EPA Administrator's satisfaction or EPA demonstrates that emissions of nitrogen oxides from sources in a specific area are not a significant contributor to that area's ambient PM_{2.5} concentrations.

(IV) volatile organic compounds are presumed not to be precursors to PM_{2.5} in any attainment or unclassifiable area, unless the State demonstrates to the EPA Administrator's satisfaction or EPA demonstrates that emissions of volatile organic compounds from sources in a specific area are a significant contributor to that area's ambient PM_{2.5} concentrations.

~~(ii) any pollutant that is subject to any standard promulgated under section 111 of the Act;~~

~~(iii)~~C) any Class I or II substance subject to a standard promulgated under or established by title VI of the Act; or

~~(iv)~~D) any pollutant that otherwise is "subject to regulation" under the Act as defined in the definition of "subject to regulation" in OAC 252:100-8-31;

~~(v) PM emissions, PM_{2.5} emissions, and PM₁₀ emissions shall include gaseous emissions from a source or activity which condense to form particulate matter at ambient temperatures. Such condensable particulate matter shall be accounted for in applicability determinations and in establishing emissions limitations for PM, PM_{2.5}, and PM₁₀ in PSD permits.~~

~~(B) Notwithstanding subparagraphs (B) through (D) of this definition, Regulated regulated NSR pollutant does not include:~~

- (i) any or all HAP either listed in section 112 of the Act or added to the list pursuant to section 112(b)(2) of the Act, which have not been delisted pursuant to section 112(b)(3) of the Act, unless the listed HAP is also regulated as a constituent or precursor of a general pollutant listed under section 108 of the Act; or
- (ii) any pollutant that is regulated under section 112(r) of the Act, provided that such pollutant is not otherwise regulated under the Act.

"Replacement unit" means an emissions unit for which all the criteria listed in paragraphs (A) through (D) of this definition are met. No creditable emission reduction shall be generated from shutting down the existing emissions unit that is replaced.

(A) The emissions unit is a reconstructed unit within the meaning of 40 CFR 60.15(b)(1), or the emissions unit completely takes the place of an existing emissions unit.

(B) The emissions unit is identical to or functionally equivalent to the replaced emissions unit.

(C) The replacement unit does not alter the basic design parameter(s) of the process unit.

(D) The replaced emissions unit is permanently removed from the major stationary source, otherwise permanently disabled, or permanently barred from operating by a permit that is enforceable as a practical matter. If the replaced emissions unit is brought back into operation, it shall constitute a new emissions unit.

"Repowering" means

(A) Repowering shall mean the replacement of an existing coal-fired boiler with one of the following clean coal technologies: atmospheric or pressurized fluidized bed combustion, integrated gasification combined cycle, magnetohydrodynamics, direct and indirect coal-fired turbines, integrated gasification fuel cells, or as determined by the Administrator, in consultation with the Secretary of Energy, a derivative of one or more of these technologies, and any other technology capable of controlling multiple combustion emissions simultaneously with improved

boiler or generation efficiency and with significantly greater waste reduction relative to the performance of technology in widespread commercial use as of November 15, 1990.

(B) Repowering shall also include any oil and/or gas-fired unit which has been awarded clean coal technology demonstration funding as of January 1, 1991, by the Department of Energy.

(C) The Director shall give expedited consideration to permit applications for any source that satisfies the requirements of this definition and is granted an extension under section 409 of the Act.

"Significant" means:

(A) In reference to a net emissions increase or the potential of a source to emit any of the following pollutants, a rate of emissions that would equal or exceed any of the following significant emission rates:

- (i) carbon monoxide: 100TPY,
- (ii) nitrogen oxides: 40 TPY,
- (iii) sulfur dioxide: 40 TPY,
- (iv) particulate matter: 25 TPY of particulate matter emissions or 15 TPY of PM₁₀ emissions,
- (v) PM_{2.5}: 10 TPY of direct PM_{2.5} emissions; 40 TPY of sulfur dioxide emissions; or 40 TPY of nitrogen oxide emissions unless demonstrated not to be a PM_{2.5} precursor under the definition of "regulated NSR pollutant",
- (vi) ozone: 40 TPY of VOC or NO_x,
- (vii) lead: 0.6 TPY,
- (viii) fluorides: 3 TPY,
- (ix) sulfuric acid mist: 7 TPY,
- (x) hydrogen sulfide (H₂S): 10 TPY,
- (xi) total reduced sulfur (including H₂S): 10 TPY,
- (xii) reduced sulfur compounds (including H₂S): 10 TPY,
- (xiii) municipal waste combustor organics (measured as total tetra-through octa-chlorinated dibenzo-p-dioxins and dibenzofurans): 3.5 x 10⁻⁶ TPY,
- (xiv) municipal waste combustor metals (measured as particulate matter): 15 TPY,
- (xv) municipal waste combustor acid gases (measured as sulfur dioxide and hydrogen chloride): 40 TPY,
- (xvi) municipal solid waste landfill emissions (measured as nonmethane organic compounds): 50 TPY.

(B) In reference to a net emissions increase or the potential of a source to emit a regulated NSR pollutant that subparagraph (A) of this definition does not list, any emission rate.

~~(BC)~~ Any emissions rate or any net emissions increase associated with a major stationary source or major modification which would construct within 6 miles of a Class I area, and have an impact on such area equal to or greater than 1 µg/m³ (24-hour average).

Permanent Final Adoptions

"**Significant emissions increase**" means, for a regulated NSR pollutant, an increase in emissions that is significant for that pollutant.

"**Significant net emissions increase**" means a significant emissions increase and a net increase.

"**Stationary source**" means any building, structure, facility or installation which emits or may emit a regulated NSR pollutant.

"**Subject to regulation**" means, for any air pollutant, that the pollutant is subject to either a provision in the federal Clean Air Act, or a nationally-applicable regulation codified by the EPA Administrator in subchapter C of Chapter I of 40 CFR, that requires actual control of the quantity of emissions of that pollutant, and that such a control requirement has taken effect and is operative to control, limit, or restrict the quantity of emissions of that pollutant released from the regulated activity. Except that:

(A) Greenhouse gases (GHG) shall not be subject to regulation except as provided in subparagraph (D) through (E) of this definition.

(B) For purposes of subparagraphs (C) through (E) and (D) of this definition, the term TPY CO₂ equivalent emissions (CO₂e) shall represent an amount of GHG emitted, and shall be computed as follows:

(i) Multiplying the mass amount of emissions (in TPY), for each of the six greenhouse gases in the pollutant GHG, by the gas' associated global warming potential (GWP) published in Table A-1 to subpart A of 40 CFR Part 98 - Global Warming Potentials. ~~For purposes of this definition, prior to July 21, 2014, the mass of the greenhouse gas carbon dioxide shall not include carbon dioxide emissions resulting from the combustion or decomposition of non fossilized and biodegradable organic material originating from plants, animals, or micro organisms (including products, by products, residues and waste from agriculture, forestry and related industries, as well as the non fossilized and biodegradable organic fractions of industrial and municipal wastes, including gases and liquids recovered from the decomposition of non fossilized and biodegradable organic material).~~

(ii) Summing the resultant value from (B)(i) of this definition for each gas to compute a TPY CO₂e.

(C) The term emissions increase as used in subparagraph (D) through (E) of this definition shall mean that both a significant emissions increase (as calculated using the procedures in OAC 252:100-8-30(b)(1) through (5)) and a significant net emissions increase (as defined in the definitions of "net emissions increase" and "significant" in 252:100-8-31) occur. For the pollutant GHG, an emissions increase shall be based on TPY CO₂e, and shall be calculated assuming the pollutant GHG is a regulated NSR pollutant, and "significant" is defined as 75,000 TPY CO₂e and the emissions are otherwise

subject to regulation as previously described in this definition.

(D) Beginning January 2, 2011, the pollutant GHG is subject to regulation if it meets the other requirements of this definition and if:

(i) The stationary source is a new major stationary source for a regulated NSR pollutant that is not GHG, and also will emit or will have the potential to emit 75,000 TPY CO₂e or more; or

(ii) The stationary source is an existing major stationary source for a regulated NSR pollutant that is not GHG, and also will have an emissions increase of a regulated NSR pollutant, and an emissions increase of 75,000 TPY CO₂e or more.

~~(E) Beginning July 1, 2011, in addition to the provisions in (D) of this definition, the pollutant GHG shall also be subject to regulation:~~

~~(i) At a new stationary source that will emit or have the potential to emit 100,000 TPY CO₂e; or~~

~~(ii) At an existing stationary source that emits or has the potential to emit 100,000 TPY CO₂e, when such stationary source undertakes a physical change or change in the method of operation that will result in an emissions increase of 75,000 TPY CO₂e or more.~~

~~(F)~~ If federal legislation or a federal court stays, invalidates, delays the effective date, or otherwise renders unenforceable by the EPA, in whole or in part, the EPA's tailoring rule (75 FR 31514, June 3, 2010), endangerment finding (74 FR 66496, December 15, 2009), or light-duty vehicle greenhouse gas emission standard (75 FR 25686, May 7, 2010), this definition shall be enforceable only to the extent that it is enforceable by the EPA.

"**Temporary clean coal technology demonstration project**" means a clean coal technology demonstration project that is operated for a period of 5 years or less, and which complies with the Oklahoma Air Pollution Control Rules in OAC 252:100 and other requirements necessary to attain and/or maintain the NAAQS during and after the project is terminated.

252:100-8-33. Exemptions

(a) **Exemptions from the requirements of OAC 252:100-8-34 through 252:100-8-36.2.**

(1) The requirements of OAC 252:100-8-34 through 252:100-8-36.2 do not apply to a particular major stationary source or major modification if the source or modification is:

(A) a nonprofit health or nonprofit educational institution; or

(B) major only if fugitive emissions, to the extent quantifiable, are included in calculating the potential to emit and such source is not one of the categories listed in paragraph (C) of the definition of "Major stationary source"; or

(C) a portable stationary source which has previously received a permit under the requirements contained in OAC 252:100-8-34 through 252:100-8-36.2

and proposes to relocate to a temporary new location from which its emissions would not impact a Class I area or an area where an applicable increment is known to be violated.

(2) The requirements in OAC 252:100-8-34 through 252:100-8-36.2 do not apply to a major stationary source or major modification with respect to a particular pollutant if the owner or operator demonstrates that the source or modification is located in an area designated as nonattainment for that pollutant under section 107 of the Act. Nonattainment designations for revoked NAAQS, as contained in 40 CFR part 81, shall not be viewed as current designations under section 107 of the Act for purposes of determining the applicability of requirements equivalent to those contained in Sections 252:100-8-34 through 252:100-8-36.2 to a major stationary source or major modification after the revocation of that NAAQS is effective.

(b) Exemption from air quality impact analyses in OAC 252:100-8-35(a) and (c) and 252:100-8-35.2.

(1) The requirements of OAC 252:100-8-35(a) and (c) and 252:100-8-35.2 are not applicable with respect to a particular pollutant, if the allowable emissions of that pollutant from a new source, or the net emissions increase of that pollutant from a modification, would be temporary and impact no Class I area and no area where an applicable increment is known to be violated.

(2) The requirements of OAC 252:100-8-35(a) and (c) and 252:100-8-35.2 as they relate to any PSD increment for a Class II area do not apply to a modification of a major stationary source that was in existence on March 1, 1978, if the net increase in allowable emissions of each regulated NSR pollutant from the modification after the application of BACT, would be less than 50 TPY.

(c) Exemption from air quality analysis requirements in OAC 252:100-8-35(c).

(1) The monitoring requirements of OAC 252:100-8-35(c) regarding air quality analysis are not applicable for a particular pollutant if the emission increase of the pollutant from a proposed major stationary source or the net emissions increase of the pollutant from a major modification would cause, in any area, air quality impacts less than the following ~~significant monitoring concentrations (SMC) amounts:~~

- (A) Carbon monoxide - 575 µg/m³, 8-hour average,
- (B) Nitrogen dioxide - 14 µg/m³, annual average,
- (C) ~~PM_{2.5} - 4 µg/m³, 24-hour average~~ 0 µg/m³, no exemption available.
- (D) PM₁₀ - 10 µg/m³, 24-hour average,
- (E) Sulfur dioxide - 13 µg/m³, 24-hour average,
- (F) Ozone - no de minimis air quality level is provided for ozone, however any net increase of 100 TPY or more of VOC or NO_x subject to PSD would require an ambient impact analysis, including the gathering of ambient air quality data,
- (G) Lead - 0.1 µg/m³, 24-hour 3-month average,
- (H) Fluorides - 0.25 µg/m³, 24-hour average,

- (I) Total reduced sulfur - 10 µg/m³, 1-hour average,
- (J) Hydrogen sulfide - 0.2 µg/m³, 1-hour average, or
- (K) Reduced sulfur compounds - 10 µg/m³, 1-hour average.

(2) The monitoring requirements of OAC 252:100-8-35(c) are not applicable for a particular pollutant if the pollutant is not listed in preceding OAC 252:100-8-33(c)(1).

(d) Exemption from monitoring requirements in OAC 252:100-8-35(c)(1)(B) and (D).

(1) The requirements for air quality monitoring in OAC 252:100-8-35(c)(1)(B) and (D) shall not apply to a particular source or modification that was subject to 40 CFR 52.21 as in effect on June 19, 1978, if a permit application was submitted on or before June 8, 1981, and the Director subsequently determined that the application was complete except for the requirements in OAC 252:100-8-35(c)(1)(B) and (D). Instead, the requirements in 40 CFR 52.21(m)(2) as in effect on June 19, 1978, shall apply to any such source or modification.

(2) The requirements for air quality monitoring in OAC 252:100-8-35(c)(1)(B) and (D) shall not apply to a particular source or modification that was not subject to 40 CFR 52.21 as in effect on June 19, 1978, if a permit application was submitted on or before June 8, 1981, and the Director subsequently determined that the application as submitted was complete, except for the requirements in OAC 252:100-8-35(c)(1)(B) and (D).

(e) Exemption from the preapplication analysis required by OAC 252:100-8-35(c)(1)(A), (B), and (D).

(1) The Director shall determine if the requirements for air quality monitoring of PM₁₀ in OAC 252:100-8-35(c)(1)(A), (B), and (D) may be waived for a particular source or modification when an application for a PSD permit was submitted on or before June 1, 1988, and the Director subsequently determined that the application, except for the requirements for monitoring particulate matter under OAC 252:100-8-35(c)(1)(A), (B), and (D), was complete before that date.

(2) The requirements for air quality monitoring of PM₁₀ in OAC 252:100-8-35(c)(1)(B)(i), 252:100-8-35(c)(1)(D), and 252:100-8-35(c)(3) shall apply to a particular source or modification if an application for a permit was submitted after June 1, 1988, and no later than December 1, 1988. The data shall have been gathered over at least the period from February 1, 1988, to the date the application became otherwise complete in accordance with the provisions of OAC 252:100-8-35(c)(1)(C), except that if the Director determines that a complete and adequate analysis can be accomplished with monitoring data over a shorter period (not to be less than 4 months), the data required by OAC 252:100-8-35(c)(1)(B)(ii) shall have been gathered over that shorter period.

(f) Exemption from BACT requirements and air quality analyses requirements. If a complete permit application for a source or modification was submitted before August 7, 1980

Permanent Final Adoptions

the requirements for BACT in OAC 252:100-8-34 and the requirements for air quality analyses in OAC 252:100-8-35(c)(1) are not applicable to a particular stationary source or modification that was subject to 40 CFR 52.21 as in effect on June 19, 1978. Instead, the federal requirements at 40 CFR 52.21 (j) and (n) as in effect on June 19, 1978, are applicable to any such source or modification.

(g) **Exemption from OAC 252:100-8-35(a)(1)(B).** The permitting requirements of OAC 252:100-8-35(a)(1)(B) do not apply to a stationary source or modification with respect to any PSD increment for nitrogen oxides if the owner or operator of the source or modification submitted a complete application for a permit before February 8, 1988.

252:100-8-35. Air quality impact evaluation

(a) Source impact analysis (impact on NAAQS and PSD increment).

(1) **Required demonstration.** The owner or operator of the proposed source or modification shall demonstrate that, as of the source's start-up date, allowable emissions increases from that source or modification, in conjunction with all other applicable emissions increases or reductions (including secondary emissions) would not cause or contribute to any increase in ambient concentrations that would exceed:

- (A) any NAAQS in any air quality control region; or
- (B) the remaining available PSD increment for the specified air contaminants in any area as determined by the Director.

(2) ~~**Significant impact levels (SILs).** For purposes of PM_{2.5}, the demonstration required in OAC 252:100-8-35(a)(1) is deemed to have been made if the emissions increase from the new stationary source alone or from the modification alone would cause, in all areas, air quality impacts less than the following significant impact levels (SILs).~~

~~(A) The SILs for PM_{2.5} annual averaging time are 0.06 µg/m³ for a Class I Area, 0.3 µg/m³ for a Class II Area, and 0.3 µg/m³ for a Class III Area.~~

~~(B) The SILs for PM_{2.5} 24 hour averaging time are 0.07 µg/m³ for a Class I Area, 1.2 µg/m³ for a Class II Area, and 1.2 µg/m³ for a Class III Area. [RESERVED]~~

(b) Air quality models.

(1) All estimates of ambient concentrations required under this Part shall be based on the applicable air quality models, data bases, and other requirements specified in appendix W of 40 CFR 51 (Guideline on Air Quality Models) as it existed on January 2, 2006.

(2) Where an air quality model specified in appendix W of 40 CFR 51 (Guideline on Air Quality Models) as it existed on January 2, 2006, is inappropriate, the model may be modified or another model substituted, as approved by the Administrator. Such a modification or substitution of a model may be made on a case-by-case basis or, where appropriate, on a generic basis. Modified or substitute models shall be submitted to the Administrator with written concurrence of the Director. In addition, use of a

modified or substituted model must be subject to notice and opportunity for public comment under procedures set forth in Sec. 51.102 as it existed on January 2, 2006.

(c) Air quality analysis.

(1) Preapplication analysis.

(A) **Ambient air quality analysis.** Any application for a permit under this Part shall contain, as the Director determines appropriate, an analysis of ambient air quality in the area that the major stationary source or major modification would affect for each of the following pollutants:

- (i) for a new source, each regulated pollutant that it would have the potential to emit in a significant amount;
- (ii) for a major modification, each regulated pollutant for which it would result in a significant net emissions increase.

(B) Monitoring requirements.

(i) **Non-NAAQS pollutants.** For any such pollutant for which no NAAQS exists, the analysis shall contain such air quality monitoring data as the Director determines is necessary to assess the ambient air quality for that pollutant in that area.

(ii) **NAAQS pollutants.** For visibility and any pollutant, other than VOC, for which a NAAQS does exist, the analysis shall contain continuous air quality monitoring data gathered to determine if emissions of that pollutant would cause or contribute to a violation of the NAAQS or any PSD increment.

(C) **Monitoring method.** With respect to any requirements for air quality monitoring of PM₁₀ under OAC 252:100-8-33(e)(1) and (2), the owner or operator of the source or modification shall use a monitoring method approved by the Director and shall estimate the ambient concentrations of PM₁₀ using the data collected by such approved monitoring method in accordance with estimating procedures approved by the Director.

(D) **Monitoring period.** In general, the required continuous air monitoring data shall have been gathered over a period of up to one year and shall represent the year preceding submission of the application. Ambient monitoring data gathered over a period shorter than one year (but no less than four months) or for a time period other than immediately preceding the application may be acceptable if such data are determined by the Director to be within the time period that maximum pollutant concentrations would occur, and to be complete and adequate for determining whether the source or modification will cause or contribute to a violation of any applicable NAAQS or consume more than the remaining available PSD increment.

(E) Monitoring period exceptions.

(i) **Exceptions for applications that became effective between June 8, 1981, and February 9, 1982.** For any application which

became complete except for the monitoring requirements of OAC 252:100-8-35(c)(1)(B)(ii) and 252:100-8-35(c)(1)(D), between June 8, 1981, and February 9, 1982, the data that 252:100-8-35(c)(1)(B)(ii) requires shall have been gathered over the period from February 9, 1981, to the date the application became otherwise complete, except that:

(I) If the source or modification would have been major for that pollutant under 40 CFR 52.21 as in effect on June 19, 1978, any monitoring data shall have been gathered over the period required by those regulations.

(II) If the Director determines that a complete and adequate analysis can be accomplished with monitoring data over a shorter period, not to be less than four months, the data that OAC 252:100-8-35(c)(1)(B)(ii) requires shall have been gathered over that shorter period.

(III) If the monitoring data would relate exclusively to ozone and would not have been required under 40 CFR 52.21 as in effect on June 19, 1978, the Director may waive the otherwise applicable requirements of OAC 252:100-8-35(c)(1)(E)(i) to the extent that the applicant shows that the monitoring data would be unrepresentative of air quality over a full year.

(ii) **Monitoring period exception for PM₁₀.** For any application that became complete, except for the requirements of OAC 252:100-8-35(c)(1)(B)(ii) and 252:100-8-35(c)(1)(D) pertaining to monitoring of PM₁₀, after December 1, 1988, and no later than August 1, 1989, the data that 252:100-8-35(c)(1)(B)(ii) requires shall have been gathered over at least the period from August 1, 1988, to the date the application becomes otherwise complete, except that if the Director determines that a complete and adequate analysis can be accomplished with monitoring data over a shorter period (not less than 4 months), the data that 252:100-8-35(c)(1)(B)(ii) requires shall have been gathered over that shorter period.

(F) **Ozone post-approval monitoring.** The owner or operator of a proposed major stationary source or major modification of VOC who satisfies all conditions of OAC 252:100-8-54 and 40 CFR 51, Appendix S, Section IV as it existed on January 16, 1979, may provide post-approval monitoring data for ozone in lieu of providing preconstruction data as required under OAC 252:100-8-35(c)(1).

(2) **Post-construction monitoring.** The owner or operator of a new major stationary source or major modification shall conduct, after construction, such ambient monitoring and visibility monitoring as the Director determines is necessary to determine the effect its emissions may have, or are having, on air quality in any area.

(3) **Operation of monitoring stations.** The operation of monitoring stations for any air quality monitoring required under this Part shall meet the requirements of 40 CFR 58 Appendix B as it existed January 2, 2006.

**PART 9. MAJOR SOURCES AFFECTING
NONATTAINMENT AREAS**

252:100-8-51.1. Emissions reductions and offsets

(a) The requirements in 40 CFR 51.165(a)(3) regarding emissions reductions and offsets are hereby incorporated by reference as they exist on July 2, 2007.

(b) The requirements in subsection 40 CFR 51.165(a) (9) dealing with offset ratios are hereby incorporated by reference as they exist on July 1, 2010.

(c) The requirements in 40 CFR 51.165(a)(11) regarding emission offsets are hereby incorporated by reference as they exist on ~~July 1, 2010~~ April 6, 2015.

Appendix Q. Incorporation by Reference

Availability:

The standards are on file at the Department of Environmental Quality, 707 North Robinson, Oklahoma City, Oklahoma, 73102, and are available to the public for examination Monday through Friday between the hours of 8:00 a.m. and 4:30 p.m., excluding state holidays.

GIST/ANALYSIS:

The Department is proposing to update OAC 252:100, Appendix Q, Incorporation by Reference, to incorporate the latest changes to U.S. Environmental Protection Agency (EPA) regulations. In addition, the Department is proposing to update language in Subchapter 2, Incorporation by Reference, to reflect the latest date of incorporation of EPA regulations in Appendix Q.

Melanie Foster, Department of Environmental Quality, Air Quality Division, 707 North Robinson, P.O. Box 1677, Oklahoma City, Oklahoma 73101-1677, (405) 702-4100.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2017:

SUBCHAPTER 2. INCORPORATION BY REFERENCE

252:100-2-3. Incorporation by reference

Except as provided under this section, the provisions of 40 CFR listed in Appendix Q are hereby incorporated by reference as they existed on ~~July 1, 2015~~ September 1, 2016.

(1) Inclusion of 40 CFR citations and definitions.

When a provision of 40 CFR is incorporated by reference, all citations contained therein are also incorporated by reference.

(2) Inconsistencies or duplications of requirements or incorporation dates.

(A) In the event that there are inconsistencies or duplications between the requirements of this Chapter and the requirements of those provisions incorporated by reference in Appendix Q or elsewhere in this Chapter, the more stringent requirements shall apply.

(B) In the event that a specific date of incorporation is indicated in Appendix Q or a subchapter of this Chapter, the specified date of incorporation shall apply.

(3) **Terminology related to 40 CFR.** For purposes of interfacing with 40 CFR and unless the context clearly indicates otherwise, the following terms apply.

(A) "Administrator" is synonymous with "Executive Director."

(B) "U. S. Environmental Protection Agency" or "EPA" is synonymous with "Department of Environmental Quality" or "DEQ".

APPENDIX Q. INCORPORATION BY REFERENCE [REVOKED]

APPENDIX Q. INCORPORATION BY REFERENCE [NEW]

Except as provided under OAC 252:100-2-3, the following provisions of Title 40 of the Code of Federal Regulations are hereby incorporated by reference as they existed on September 1, 2016, unless otherwise noted.

GIST/ANALYSIS:

The Department is proposing to amend Part 9 of OAC 252:100-7, Permits for Minor Facilities, by adding references to the Environmental Protection Agency's (EPA's) New Source Performance Standard (NSPS), 40 CFR Part 60, Subpart OOOOa. The gist of the proposed amendments is to ensure that the current PBR covers facilities subject to NSPS Subpart OOOOa and the emission calculation methodologies contained therein. The amendments would also clarify that when calculating potential emissions for the purpose of qualifying for the PBR a facility may include enforceable limitations from a federal standard, NSPS or NESHAP (National Emission Standards for Hazardous Air Pollutants), to which they are subject.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2017:

SUBCHAPTER 7. PERMITS FOR MINOR FACILITIES

PART 9. PERMITS BY RULE

252:100-7-60.5. Oil and natural gas sector

(a) **Applicability.** This PBR is issued for minor facilities and area sources in the oil and natural gas (O&NG) sector. This includes but is not limited to facilities subject to federal standards, primarily Subparts IIII, JJJJ, ~~and OOOO~~, and ~~OOOOa~~ of the federal NSPS, 40 CFR Part 60, and Subparts HH and ZZZZ of the federal NESHAP, 40 CFR Part 63, as cited in this PBR and incorporated by reference in OAC 252:100-2 and Appendix Q to Chapter 100. Specifically, this PBR applies to the following:

(1) **Eligible minor facilities and area sources.** New and existing minor facilities and area sources in the O&NG sector are eligible for this PBR, provided they comply with the conditions in (A) through (G) of this paragraph.

(A) The facility has actual emissions of 40 TPY or less of each regulated air pollutant, except HAPs.

(B) The facility has potential emissions of each regulated air pollutant, except HAPs, that are less than the emission levels that require prevention of significant deterioration (PSD), nonattainment new source review (NNSR), and Part 70 permits.

(C) The facility does not emit or have potential emissions of 10 TPY or more of any single HAP or 25 TPY or more of any combination of HAPs.

(D) For the purpose of determining if a facility is eligible for registration under this PBR, the calculation of actual emissions may include emission reductions that will be made enforceable by registration under this PBR.

(E) Only for the purpose of determining if a facility is eligible for registration under this PBR, the calculation of potential emissions shall not include emission reductions resulting from any physical or operational limitation (including capacity limitations, use of air pollution control equipment, and/or restrictions on hours of operation or on the type or amount of material combusted, stored, or processed). Affected sources subject to a federal standard (NSPS or NESHAP) may include enforceable limitations in the calculation of potential emissions.

(F) The facility must meet the criteria in 252:100-7-15(b)(1)(C) through (E).

(G) The facility is not otherwise a Part 70 source.

(2) **Equipment and processes.** This PBR covers equipment and processes located at minor facilities and area sources in the O&NG sector that meet the criteria contained in 252:100-7-60.5(a)(1). Covered equipment and processes under this PBR include, but are not limited to:

(A) The affected facilities listed in 40 CFR Section 60.5365 of NSPS Subpart OOOO and 40 CFR Section 60.5365a of NSPS Subpart OOOOa.

(B) Stationary compression ignition internal combustion engines, as specified in 40 CFR Section 60.4200 of NSPS Subpart IIII, which are located at minor facilities in the O&NG sector.

(C) Stationary spark ignition internal combustion engines, as specified in 40 CFR Section 60.4230 of

NSPS Subpart JJJJ, which are located at minor facilities in the O&NG sector.

(D) The affected sources listed in 40 CFR Section 63.760(a) and (b)(2) of NESHAP Subpart HH, which are located at area sources.

(E) Stationary reciprocating internal combustion engines (RICE), as specified in 40 CFR Section 63.6585 of NESHAP Subpart ZZZZ, which are located at area sources in the O&NG sector.

(b) **Standards and requirements.**

(1) **NSPS and NESHAP requirements.** The owner or operator shall meet the applicable requirements of the following NSPS and NESHAP subparts for equipment and processes located at minor facilities or area sources in the O&NG sector.

(A) **General provisions.** The owner or operator of minor affected facilities covered by the O&NG PBR shall comply with applicable requirements of 40 CFR 60, Subpart A.

(B) **Crude oil and natural gas production, transmission, and distribution.** The owner or operator of each minor affected facility shall comply with the applicable standards and requirements of 40 CFR Part 60, ~~Subpart~~Subparts OOOO and/or OOOOa.

(C) **Stationary compression ignition internal combustion engines.** The owner or operator of a stationary compression ignition internal combustion engine shall comply with the applicable emission, equipment, and work practice standards and testing, reporting monitoring, and recordkeeping requirements of 40 CFR Part 60, Subpart IIII.

(D) **Stationary spark ignition internal combustion engine.** The owner or operator of a stationary spark ignition internal combustion engine shall comply with the applicable emission, equipment, and work practice standards and testing, reporting, monitoring, and recordkeeping requirements of 40 CFR Part 60, Subpart JJJJ.

(E) **General provisions.** The owner or operator of an area source covered by the O&NG PBR shall comply with applicable requirements of 40 CFR Part 63, Subpart A.

(F) **Oil and natural gas production facilities.** The owner or operator of an affected source listed in 40 CFR Section 63.760(a) and (b) and located at an area source shall comply with the applicable emission, equipment, and work practice standards and testing, reporting, monitoring, and recordkeeping requirements of 40 CFR Part 63, Subpart HH.

(G) **Stationary reciprocating internal combustion engines.** The owner or operator of a stationary RICE located at an area source shall comply with the applicable emission, equipment, and work practice standards and testing, reporting, monitoring, and recordkeeping requirements of 40 CFR Part 63, Subpart ZZZZ.

(H) **Equipment subject to any other NSPS or NESHAP.** The owner or operator of the facility shall

comply with the applicable emission, equipment, and work practice standards and testing, reporting, monitoring, and recordkeeping requirements of any other applicable NSPS or NESHAP, including any modification to requirements of an existing applicable NSPS or NESHAP.

(2) **DEQ Air Pollution Control Rules, standards, and requirements.** The owner or operator of an O&NG facility covered by this PBR shall comply with applicable portions of the:

(A) emission inventory requirements and annual fee requirements contained in 252:100-5;

(B) excess emission reporting requirements contained in 252:100-9;

(C) particulate matter emission rates contained in 252:100-19 for fuel-burning equipment;

(D) visible emissions (opacity) limits contained in 252:100-25 for subject emission units;

(E) fugitive dust standards contained in 252:100-29;

(F) standards and requirements for the control of the emission of sulfur compounds contained in 252:100-31 for subject emission units;

(G) standards and requirements for the control of the emission of nitrogen oxides contained in 252:100-33 for subject fuel-burning equipment;

(H) standards and requirements for the control of the emission of VOCs contained in 252:100-37 and 252:100-39 for subject emission units; and

(I) testing, monitoring, and recordkeeping requirements contained in 252:100-43.

(c) **Requested process-specific limitations - storage vessel affected facilities.** An owner or operator shall designate on the PBR registration form(s) that either of the following federally enforceable limits are applicable to a specified storage vessel affected facility. The permittee shall submit a notice of enforceability on forms provided by the DEQ to add or remove the applicability of federally enforceable limits to or from any specific emission unit.

(1) The storage vessel affected facility shall be limited to less than 6 TPY of VOC emissions, 12-month rolling total, unless another time measurement is specified under 40 CFR Part 60, Subpart OOOO or OOOOa. Demonstration of compliance with the VOC emission limit shall be based on records of VOC stored and monthly throughputs. Emissions shall be calculated using current EPA AP-42 methodology for working and breathing emissions or other methodology acceptable to the DEQ, and using available AQD guidance for flash emissions.

(A) In the demonstration of compliance with the VOC emission limit, a properly installed and operated vapor recovery unit (VRU) is considered to recover 100% of the VOC during the time the VRU is in use.

(B) The permittee shall maintain, for a period of five (5) years, records of VOC stored, monthly throughputs, and emissions calculations used to demonstrate compliance, including records of all periods of uncontrolled venting.

Permanent Final Adoptions

(2) The VOC storage vessel shall be limited to less than 6 TPY of VOC emissions, 12-month rolling total, unless another time measurement is specified under 40 CFR Part 60, Subpart OOOO or OOOOa. For any VOCs not routed through a VRU, the storage vessel affected facility shall be controlled utilizing a flare or enclosed combustion device.

(A) For each flare or enclosed combustion device, the presence of a pilot flame shall be monitored using a thermocouple or any other equivalent device, and records of pilot flame(s) outages and/or flare down-time shall be maintained.

(B) The flare or enclosed combustion device shall be operated according to the manufacturer's specifications.

(C) Demonstration of compliance with the VOC emission limit shall be based on emissions calculated from records of VOC stored and monthly throughputs using current EPA AP-42 methodology for working and breathing emissions or other methodology acceptable to the DEQ, AQD guidance for flash emissions, and a VOC control efficiency as specified.

(i) During periods when records document that the flare or enclosed combustion device was operational, the VOC emissions estimates may be calculated using a VOC destruction efficiency of 95%.

(ii) If the manufacturer of the flare or enclosed combustion device guarantees a VOC destruction efficiency greater than 95%, the VOC emissions estimates may be calculated using the VOC destruction efficiency guaranteed by the manufacturer, up to but not to exceed 99.5% during periods when records document that the control device was operational.

(iii) A properly installed and operated VRU is considered to recover 100% of the VOC during the time the VRU is in use.

(iv) The permittee shall maintain, for a period of five (5) years, records of VOC stored, monthly throughputs, and emissions calculations used to demonstrate compliance, including records of all periods of uncontrolled venting.

SUBCHAPTER 3. INCORPORATION BY REFERENCE

252:205-3-2. Incorporation by reference

(a) **Part 124.** Procedures for Decision Making, those sections required by 40 CFR 271.14, with the following additions:

(1) § 124.19(a) through (c) and (e);

(2) §§ 124.31, 124.32, & 124.33, substituting DEQ for EPA, and deleting the following sentence from paragraph (a) of each section: "For the purposes of this section only, hazardous waste management units over which EPA has permit issuance authority' refers to hazardous waste management units for which the State where the units are located has not been authorized to issue RCRA permits pursuant to 40 CFR Part 271"; and

(3) Subpart G.

(b) **Part 260.** Hazardous Waste Management System: General, except 260.21.

- (1) In 260.20, "Federal Register" is synonymous with "The Oklahoma Register."
- (2) In 260.20(e), strike the words "or a denial."
- (3) In 260.22, references to the lists in Subpart D of Part 261 and the reference to § 261.3(a)(2)(ii) or (c) shall mean the lists in Subpart D of Part 261 and §261.3(a)(2)(ii) or (c) as adopted by reference and applicable in Oklahoma.
- (4) In the 260.10 definitions of "new tank system" and "existing tank system", the reference to "July 14, 1986" for commencement of tank installation applies only to tank regulations promulgated pursuant to the federal Hazardous and Solid Waste Amendment ("HSWA") requirements. The following categories outline HSWA requirements:
- (A) interim status and permitting requirements applicable to tank systems owned and operated by small quantity generators [3001(d)];
 - (B) leak detection requirements for all new underground tank systems [3004(o)(4)]; and
 - (C) permitting standards for underground tanks that cannot be entered for inspection [3004(w)]. For tank regulations promulgated pursuant to statutory authority other than HSWA, the date relative to the commencement of installation is November 2, 1987.
- (c) **Part 261.** Identification and Listing of Hazardous Waste except ~~261.4(b)(18)~~ and 261.150.
- (1) In 261.4(e)(3)(iii) delete "in the Region where the sample is collected".
 - (2) In 261.5(f)(3)(iv), and (v), and in 261.5(g)(3)(iv), and (v) add "other than Oklahoma" after the word "State".
 - (3) In 261.31(a), the listing for F019, add at the end: "Zinc phosphate sludges meeting exemption conditions remain subject to regulation as hazardous waste if the waste exhibits a hazardous waste characteristic."
- (d) **Part 262.** Standards Applicable to Generators of Hazardous Waste except Subpart E and Subpart H. In 262.42(a)(2) and 262.42(b) delete "for the Region in which the generator is located".
- (e) **Part 263.** Standards Applicable to Transporters of Hazardous Waste.
- (f) **Part 264.** Standards for Owners and Operators of Hazardous Waste Treatment, Storage, and Disposal Facilities. The following sections and subsections are not adopted by reference: 264.1(f), 264.1(g)(12), 264.149, 264.150, 264.301(l), 264.1030(d), 264.1050(g), 264.1080(e), 264.1080(f), and 264.1080(g).
- (1) In 264.191(a), the compliance date of January 12, 1988 applies only for HSWA tanks. For non-HSWA tanks the compliance date is November 2, 1988.
 - (2) In 264.191(c), the reference to July 14, 1986 applies only to HSWA tanks. For non-HSWA tanks the applicable date is November 2, 1987.
 - (3) In 264.193, the Federal effective dates apply to HSWA tanks only. For non-HSWA tanks January 12, 1987 is replaced with November 2, 1987.
 - (4) In 264.570(a) the dates December 6, 1990 and December 24, 1992 apply only to drip pads where F032 waste is handled. The dates June 22, 1992 and August 15, 1994 respectively, replace the dates December 6, 1990 and December 24, 1992 for drip pads where F034 or F035 wastes are handled.
- (g) **Part 265.** Interim Status Standards for Owners and Operators of Hazardous Waste Treatment, Storage, and Disposal Facilities except 265.1(c)(4), 265.1(g)(12), 265.149, 265.150, 265.1030(c), 265.1050(f), 265.1080(e), 265.1080(f), and 265.1080(g).
- (1) In 265.191(a), the compliance date of January 12, 1988 applies only for HSWA tanks. For non-HSWA tanks the compliance date is November 2, 1988.
 - (2) In 265.191(c), the reference to July 14, 1986 applies only to HSWA tanks. For non-HSWA tanks the applicable date is November 2, 1987.
 - (3) In 265.193, the Federal effective dates apply to HSWA tanks only. For non-HSWA tanks January 12, 1987 is replaced with November 2, 1987.
 - (4) In 265.440(a) the dates December 6, 1990 and December 24, 1992 apply only to drip pads where F032 waste is handled. The dates June 22, 1992 and August 15, 1994 respectively, replace the dates December 6, 1990 and December 24, 1992 for drip pads where F034 or F035 wastes are handled.
- (h) **Part 266.** Standards for the Management of Specific Hazardous Wastes and Specific Types of Hazardous Waste Management Facilities. Due to an early incorporation by reference, for purposes of Part 266 only, HSWA and non-HSWA dates are the same. In 266.325, the reference to 10 CFR 1.5 is changed to 10 CFR 71.5.
- (i) **Part 267.** Standards for Owners and Operators of Hazardous Waste Facilities Operating Under a Standardized Permit. This permit option shall only be available to:
- (1) those persons who generate hazardous waste on-site through, or as a result of, industrial production processes;
 - (2) wholly owned subsidiaries, owners, or sister companies of those persons specified in paragraph (1); and
 - (3) agencies, departments, or units of the federal government or the State of Oklahoma.
- (j) **Part 268.** Land Disposal Restrictions, except 268.5, 268.6, 268.13, 268.42(b) and 268.44(a) through (g). In 268.7 (a)(9)(iii) exclude D009 from the list of alternative treatment standards for lab packs.
- (k) **Part 270.** The Hazardous Waste Permit Program, except 270.1(c)(2)(ix), and 270.14(b)(18).
- (l) **Part 273.** Standards for Universal Waste Management.
- (m) **Part 279.** Standards for the Management of Used Oil, except that 279.82 is revised to read in its entirety, "The use of used oil as a dust suppressant is prohibited."
- (n) **Excepted CFR Regulations.** Authority for carrying out excepted CFR regulations remains with EPA.

Title 10 of the Code of Federal Regulations, Parts 20, 30, 31, 32, 34, 36, 37, 39, 40, 70, and 71 as amended through January 1, 2016.

GIST/ANALYSIS:

The proposed rulemaking adopts recent revisions to NRC regulations by updating the date for incorporation of federal regulations by reference to January 1, 2016. Requirements on reporting and on protecting Safeguards information are moved from 10 CFR Parts 30 and 73 to 10 CFR Part 37 to consolidate Safeguards requirements in a single Part. Part 37 is also updated to give relief from fingerprinting and background checks to certain commercial vehicle drivers. Shipping requirements for radioactive material in 10 CFR Part 71 are revised to harmonize with International Atomic Energy Agency transportation requirements, and definitions are added or revised to conform with the updated shipping requirements. The recent revisions to NRC regulations that are adopted also include a number of miscellaneous corrections, including correction of typographical errors in 10 CFR Part 37 and Part 40, changing titles of various NRC officials, updating a web site address, and capitalizing the term "Tribe" in numerous locations, including 10 CFR Parts 19, 20, 30, 32, 37, 40, 61, 70, 71, and 150. The gist of the rule and the underlying reason for the rule is that adoption of these changes is required for the Oklahoma Radiation Management program to remain compatible with federal rules, and is required under the terms of the transfer of authority in the

Agreement between the federal Nuclear Regulatory Commission and the State of Oklahoma.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

252:410-1-7. Incorporation of federal regulations by reference

(a) **10 CFR.** References in this Chapter to Title 10 of the Code of Federal Regulations (10 CFR) mean the ~~January 1, 2015~~ January 1, 2016 publication of 10 CFR.

(b) **40 CFR.** References in this Chapter to Title 40 of the Code of Federal Regulations (40 CFR) mean the July 1, 1998 publication of 40 CFR and 64 Fed. Reg. 5574 (February 3, 1999).

(c) **Citations incorporated.** When a provision of the Code of Federal Regulations is incorporated by reference, all citations contained therein are also incorporated by reference.

SUBCHAPTER 10. RADIOACTIVE MATERIALS PROGRAM

PART 1. GENERAL PROVISIONS

252:410-10-1. Radioactive Materials Program

(a) Scope.

(1) The rules in this Subchapter establish license requirements for the following categories of radioactive materials: byproduct material, source material and special nuclear material.

(2) License requirements incorporated by reference from 10 CFR are applicable requirements for all categories of radioactive materials within the scope of this Subchapter.

(b) **Exclusions.** Responsibility for the following regulatory requirements remains with the NRC:

(1) **In 10 CFR 20.** Exemptions to labeling requirements, § 20.1905(g); Reports of exposures, radiation levels, and concentrations of radioactive material exceeding the constraints or limits at nuclear power plants, § 20.2203(c); Reports of individual monitoring, § 20.2206(a)(1), (a)(3), (a)(4) and (a)(5);

(2) **In 10 CFR 30.** Activities requiring license, § 30.3(b); Definitions, § 30.4 "Commencement of construction" paragraph (2), ~~and~~ "Construction" paragraph (9)(ii),

and "Quantities of concern"; Application for specific licenses, § 30.32(k); Terms and conditions of licenses, § 30.34 (d), (e)(1), and (e)(3), and (l); Transfer of byproduct material, § 30.41 (b)(6); Tritium reports, § 30.55;

(3) **In 10 CFR 32.** Purpose and scope, § 32.1(c)(1); Subpart A, Exempt concentrations and items, §§ 32.11, 32.12, 32.14, 32.15, 32.16, 32.18 through 32.23, and 32.25 through 32.29; Subpart D, Specifically licensed items, § 32.210;

(4) **In 10 CFR 35.** License required, § 35.11(c)(1); License amendments, § 35.13(a)(1);

(5) **In 10 CFR 36.** Definitions, § 36.2 "Commencement of construction" paragraph 2 and "Construction" paragraph 9(ii);

(6) **In 10 CFR 37.** General security program requirements, § 37.43(d)(9); ~~Advance notification of shipment of category 1 quantities of radioactive material, § 37.77(f);~~

(7) **In 10 CFR 40.** General Provisions, §§ 40.2a and 40.3; Definitions, § 40.4 "Commencement of construction" paragraph (2) and "Construction" paragraph (9)(ii); Exemptions, §§ 40.11, 40.12 and 40.13 (a), (b), (c)(1) through (5), (c)(7) through (9), 40.14; General Licenses, §§ 40.20 through 40.24; 40.26 through 40.28; License Applications, §§ 40.31 (f) through (l), §§ 40.32 (d) through (g), §§ 40.33 through 40.35, § 40.37, and § 40.38; Licenses, §§ 40.41 (d), (e)(1) and (3), (f) and (g), § 40.42 and § 40.46; Transfer of Source Material, § 40.51 (b)(6); Records, Reports, and Inspections, § 40.60 (c)(3), §§ 40.64 through 40.67; Appendix A;

(8) **In 10 CFR 61.** Other information, § 61.16; Standards for issuance of a license, § 61.23 (i) and (j) regarding physical security information and criticality safety procedures for special nuclear material possessed prior to disposal;

(9) **In 10 CFR 70.** Regulation of special nuclear material for spent fuel, high level radioactive waste and uranium enrichment facilities, §§ 70.1(c),(d) and (e); Definitions, § 70.4 "Commencement of construction" paragraph (2) and "Construction" paragraph (9)(ii); Department of Defense, § 70.13; Foreign military aircraft, § 70.14; General license to possess special nuclear material for transport, § 70.20a; General license for carriers of transient shipments of formula quantities of strategic special nuclear material of moderate strategic significance, special nuclear material of low strategic significance, and irradiated reactor fuel regulated under 10 CFR 73, § 70.20b; Subpart D - License Applications, § 70.21(a)(1), (c), (f), (g) and (h); § 70.22 (b), (c) and (f) through (n), § 70.23 (a)(6) through (12) and (b), § 70.23a, and § 70.24; Subpart E - Licenses, § 70.31 (c), (d), and (e), § 70.32 (a)(1), (a)(4) through (7), (b)(1), (b)(3), (b)(4), (c) through (k), and § 70.37; § 70.40; Subpart F - Acquisition, Use and Transfer of Special Nuclear Material, Creditor's Rights, § 70.42(b)(6), and § 70.44; Subpart G - Special Nuclear Material Control, Records, Reports and Inspections, § 70.51(c),(d) and (e), § 70.52 through § 70.54, § 70.55(c), § 70.56, and § 70.59; Subpart H - Additional Requirements for Certain Licensees Authorized to Possess a Critical

Mass of Special Nuclear Material, § 70.60 through 70.76; Subpart I - Modification and Revocation of Licenses, § 70.81 and § 70.82; Subpart J - Enforcement, §§ 70.91 and 70.92, and Appendix A to Part 70;

(10) **In 10 CFR 71.** Subpart A - General Provisions, § 71.10; Subpart B - Exemptions, § 71.14(b); Subpart C - General licenses, § 71.19; Subpart D - Application for Package Approval, §§ 71.31 through 71.39; Subpart E - Package Approval Standards, §§ 71.41 through 71.45 and §§ 71.51 through 71.65; Subpart F - Package, Special Form, and LSA-III Tests, §§ 71.74 through 71.77; Subpart G - Operating Controls and Procedures, § 71.85(a), (b), and (c) and § 71.91(b); Subpart H - Quality Assurance, § 71.101(c)(2), (d), and (e) and §§ 71.107 through 71.125;

(11) **In 10 CFR 150.** Persons in offshore waters not exempt, § 150.7; Persons in agreement states exempt, § 150.10; Commission regulatory authority for physical protection in agreement states, § 150.14; Persons not exempt, § 150.15(a)(9); Continued Commission authority pertaining to byproduct material, § 150.15a(b)(6); Persons in agreement states not exempt, Continued Commission authority pertaining to byproduct material in agreement states, § 150.17; Compliance with requirements of US/IAEA safeguards agreement for source material under state agreement license; Submission to Commission of reports for tritium in agreement states, § 150.19; Transportation by aircraft of special nuclear material by agreement state licensee, § 150.21; Violations, § 150.30; Requirements for Agreement State regulation of byproduct material, § 150.31; Funds for reclamation or maintenance of byproduct material, § 150.32; and Criminal penalties, § 150.33.

(c) **Effective date.** The requirements of this Subchapter became effective September 29, 2000, the date upon which jurisdiction over all unrevoked and unexpired NRC licenses and plan approvals was transferred to DEQ.

PART 37. PHYSICAL PROTECTION OF CATEGORY 1 AND CATEGORY 2 QUANTITIES OF RADIOACTIVE MATERIAL

252:410-10-37. 10 CFR 37 Incorporations by reference

Incorporations by reference. The following provisions are hereby incorporated by reference from 10 CFR 37, Physical Protection of Category 1 and Category 2 Quantities of Radioactive Material:

(1) **Subpart A; General Provisions.**

- (A) 37.1 - Purpose
- (B) 37.3 - Scope
- (C) 37.5 - Definitions
- (D) 37.7 - Communications
- (E) 37.9 - Interpretations
- (F) 37.11 - Specific exemptions
- (G) 37.13 - Information collection requirements: OMB approval

Permanent Final Adoptions

(2) Subpart B; Background Investigations and Access Control Program.

- (A) 37.21 - Personnel access authorization requirements for category 1 or category 2 quantities of radioactive material
- (B) 37.23 - Access authorization program requirements
- (C) 37.25 - Background investigations
- (D) 37.27 - Requirements for criminal history records checks of individuals granted unescorted access to category 1 or category 2 quantities of radioactive material
- (E) 37.29 - Relief from fingerprinting identification, and criminal history records checks and other elements of background investigations for designated categories of individuals permitted unescorted access to certain radioactive materials
- (F) 37.31 - Protection of information
- (G) 37.33 - Access authorization program review

(3) Subpart C; Physical Protection Requirements During Use.

- (A) 37.41 - Security program
- (B) 37.43 - General security program requirements, except (d)(9)
- (C) 37.45 - LLEA coordination
- (D) 37.47 - Security zones
- (E) 37.49 - Monitoring, detection, and assessment
- (F) 37.51 - Maintenance and testing
- (G) 37.53 - Requirements for mobile devices
- (H) 37.55 - Security program review
- (I) 37.57 - Reporting of events

(4) Subpart D; Physical Protection in Transit.

- (A) 37.71 - Additional requirements for transfer of category 1 and category 2 quantities of radioactive material
- (B) 37.73 - Applicability of physical protection of category 1 and category 2 quantities of radioactive material during transit
- (C) 37.75 - Preplanning and coordination of shipment of category 1 or category 2 quantities of radioactive material
- (D) 37.77 - Advance notification of shipment of category 1 quantities of radioactive material, ~~except (f)~~
- (E) 37.79 - Requirements for physical protection of category 1 and category 2 quantities of radioactive material during shipment
- (F) 37.81 - Reporting of events

(5) Subpart E; Reserved.

(6) Subpart F; Records.

- (A) 37.101 - Form of records
- (B) 37.103 - Record retention

(7) Appendix A to Part 37. Category 1 and Category 2 Radioactive Materials

252:410-10-71. 10 CFR 71 incorporations by reference

The following provisions are hereby incorporated by reference from 10 CFR 71, Packaging and Transportation of Radioactive Material:

(1) Subpart A; General provisions.

- (A) 71.0 - Purpose and scope
- (B) 71.1(b) - Communications and records
- (C) 71.3 - Requirement for license
- (D) 71.4 - Definitions
- (E) 71.5 - Transportation of licensed material
- (F) 71.7 - Completeness and accuracy of information
- (G) 71.8 - Deliberate misconduct
- (H) 71.9 - Employee protection

(2) Subpart B; Exemptions.

- (A) 71.12 - Specific exemptions
- (B) 71.13 - Exemptions of physicians
- (C) 71.14(a) - Exemption for low-level materials
- ~~(D)~~ 71.15 - Exemption from classification as fissile material

(3) Subpart C; General licenses.

- (A) 71.17 - General license: NRC-approved package
- (B) 71.20 - General license: DOT specification container
- (C) 71.21 - General license: Use of foreign approved package
- (D) 71.22 - General license: Fissile material
- (E) 71.23 - General license: Plutonium-beryllium special form material

(4) Subpart E; Package Approval Standards. 71.47 - External radiation standards for all packages

(5) Subpart G; Operating controls and procedures.

- (A) 71.81 - Applicability of operating controls and procedures
- (B) 71.83 - Assumptions as to unknown properties
- (C) 71.85(d) - Preliminary determinations
- (D) 71.87 - Routine determinations
- (E) 71.88 - Air transport of plutonium
- (F) 71.89 - Opening instructions
- (G) 71.91(a), (c), and (d) - Records
- (H) 71.93 - Inspection and tests
- (I) 71.95 - Reports
- (J) 71.97 - Advance notice of shipment of irradiated reactor fuel and nuclear waste

(6) Subpart H; Quality assurance.

- (A) 71.101(a), (b), (c)(1), (f), and (g) - Quality assurance requirements
- (B) 71.103 - Quality assurance organization
- (C) 71.105 - Quality assurance program
- (D) 71.106 - Changes to quality assurance program
- ~~(E)~~ 71.127 - Handling, storage and shipping control
- ~~(F)~~ 71.129 - Inspection, test and operating status
- ~~(G)~~ 71.131 - Nonconforming materials, parts or components
- ~~(H)~~ 71.133 - Corrective action
- ~~(I)~~ 71.135 - Quality assurance records

GIST/ANALYSIS:

The Department is proposing to amend OAC 252:515 and to create a new Subchapter, OAC 252:515-43, to allow for a tiered permitting and regulatory structure for different classes of solid waste composting facilities. The classes of facilities are based on the type and quantity of material to be received and composted at a particular facility. All proposed amendments to OAC 252:515 are associated with the creation of the new Subchapter and are necessary to ensure consistency with the new Subchapter. The gist of the rule is to replace the current regulations pertaining to solid waste composting facilities to allow for a tiered permitting and regulatory structure based on the type and quantity of material to be composted.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2017:

Permanent Final Adoptions

SUBCHAPTER 1. GENERAL PROVISIONS

252:515-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise. Any term not defined in this Chapter shall be defined as set forth in OAC 252:515-1-3.

"Active" means, when used to describe a solid waste disposal facility or a portion thereof (e.g., active MSWLF or active cell), any solid waste disposal facility, or portion thereof, accepting solid waste as of the effective date of this Chapter, regardless of whether such facility has obtained a solid waste permit from DEQ.

"Active life" means the period of operation beginning with the initial receipt of solid waste and ending at completion of closure activities.

"Active portion" means:

- (A) that part of a land disposal facility that has or is receiving waste and that has not received either intermediate or final cover; or
- (B) solid waste process and storage areas at non-land disposal facilities.

"Airport" means a public-use airport open to the public without prior permission, and without restrictions within the physical capacities of available facilities.

"Applicant" means any person who applies for a new permit or a modification to an existing permit for a solid waste disposal facility identified in OAC 252:515-3-1(a) and(b).

"Aquifer" means a geological formation, group of formations, or portion of a formation capable of yielding significant quantities of groundwater to wells or springs.

"Areas susceptible to mass movement" means those areas of influence (i.e., areas characterized as having an active or substantial possibility of mass movement) where the movement of earth material at, beneath, or adjacent to the land disposal facility, because of natural or man-induced events, results in the downslope transport of soil and rock material by means of gravitational influence. Such areas include, but are not limited to, landslides, avalanches, debris slides and flows, soil fluxion, block sliding, and rock fall.

"ASTM" means the American Society for Testing and Materials.

"Bird hazard" means an increase in the likelihood of bird/aircraft collisions that may cause damage to the aircraft or injury to its occupants.

"Buffer zone" means a designated waste-free area within the permit boundary of a disposal facility, to separate waste handling, processing, and/or disposal activities from adjacent areas.

"Citizen collection station" means a designated location that is established or sponsored by a governmental entity and equipped with waste receptacles for exclusive, non-commercial use by individual residents to deposit their own household waste for collection and transportation to a permitted disposal site.

"CLIMOCS" means the following publication of the Oklahoma Climatological Survey: Shafer, Mark A., CLIMOCS: A Climatological Summary of 168 Oklahoma Cooperative

Stations, Oklahoma Climatological Survey, February 1993, 184 pp.

"Composite liner" means a system installed at a land disposal facility composed of a recompacted clay liner overlain with a flexible membrane liner.

"C&D landfill" means a construction/demolition landfill.

"Composting facility" means a facility in which material is converted, under thermophilic conditions, to a product with a high humus content for use as a soil amendment or to prevent or remediate pollutants in soil, air, and stormwater run-off.

"Construction/demolition waste" means waste composed of the following:

- (A) asbestos-free waste from construction and/or demolition projects that may include such materials as metal, concrete, brick, asphalt, glass, roofing materials, limited amounts of packing materials, sheetrock, or lumber;
- (B) wood waste that may include such materials as yard waste, lumber, woodchips, wood shavings, sawdust, plywood, tree limbs, or tree stumps;
- (C) yard waste that may include such materials as grass clippings, tree limbs, tree stumps, shrubbery, flowers, or other vegetative matter resulting from land clearing or landscaping operations; or
- (D) residential lead-based paint waste.

"Contaminated stormwater" means:

- (A) water such as leachate and gas collection condensate, or stormwater that has come into direct contact with solid waste or waste handling and/or treatment areas;
- (B) stormwater discharged from areas of a land disposal facility with less than six inches of waste-free, compacted earthen material; or
- (C) wastewater resulting from washing vehicles or areas that are or have been in direct contact with solid waste.

"DEQ" means the Oklahoma Department of Environmental Quality.

"Disease vector" means rodents, flies, mosquitoes, or other animals, including insects, capable of transmitting disease to humans.

"Displacement" means the relative movement of any two sides of a fault measured in any direction.

"Disposal" means the final disposition of waste and shall be taken to include any discharge, deposit, injection, dumping, spilling, leaking, or placing of waste into or on the land or water so that the waste or any constituent thereof may enter the environment, including the air and any surface waters or ground waters.

"Disposal area" means that part of a land disposal facility where waste is disposed.

"Disposal facility" means disposal site as defined at 27A O.S. § 2-10-103.

"Engineer" means a licensed, professional engineer.

"EPA" means the United States Environmental Protection Agency.

"Existing" means, when used to describe a solid waste disposal facility or portion thereof (e.g. existing MSWLF

or existing cell), any solid waste disposal facility, or portion thereof, that had a solid waste permit as of the effective date of this Chapter.

"Facility" means all contiguous land and structures, other appurtenances, and improvements on the land used for the handling, processing, storage, and/or disposal of solid waste.

"Fault" means a fracture or a zone of fractures in any material along which strata on one side have been displaced with respect to that on the other side.

"Final closure" means a disposal facility has permanently ceased to accept solid waste for disposal and all required closure activities have been completed for the entire facility in accordance with the approved closure plan. Final closure is not synonymous with phased closure.

"Flood" means the general and temporary condition of partial or complete inundation of normally dry land areas from the overflow of a lake, stream, river or other body of surface water, or the unusual and rapid accumulation or runoff of surface waters from any source.

"Flood, One hundred year (100 year)" means a flood that has a one percent or greater chance of occurrence in any given one year period, or of a magnitude equaled or exceeded once in 100 years on the average over a significantly long period.

"Flood plain" means the lowland and relatively flat areas adjoining inland waters that are inundated by the 100-year flood.

"Gas condensate" means the liquid generated as a result of gas recovery processes.

"Generator" means, in the context of NHIW, any person, by site, whose act or process produces NHIW, or whose act first causes an NHIW to become subject to regulation.

"Groundwater" means water below the land surface in a zone of saturation.

"Hazardous waste" means those wastes subject to regulation under OAC 252:205.

"HBV" means hepatitis B virus.

"HIV" means human immunodeficiency virus.

"Holocene" means the most recent epoch of the Quaternary period, extending from the end of the Pleistocene Epoch to the present.

"Household hazardous waste" means household waste that is corrosive, toxic, ignitable, or reactive, including, but not limited to: freon-containing appliances or tanks; non-empty propane tanks; oil, antifreeze, and other motor vehicle fluids; gasoline, kerosene, or diesel fuel; liquid paints; solvents; pesticides, herbicides, fungicides, or rodenticides; caustic cleaners; lead-acid batteries; swimming pool chemicals; unused firearm rounds; and acids and bases.

"Household waste" means any solid waste (including garbage, trash, and sanitary waste in septic tanks) derived from households (including single and multiple residences, hotels and motels, bunkhouses, ranger stations, crew quarters, campgrounds, picnic grounds, and day-use recreation areas).

"Injection well" means a facility subject to regulation by OAC 252:652, Underground Injection Control.

"Karst terrains" means areas where karst topography, with its characteristic surface and subterranean features, is

developed as the result of dissolution of limestone, dolomite, or other soluble rock. Characteristic features of karst terrains include, but are not limited to, sinkholes, sinking streams, caves, large springs, and blind valleys.

"Land disposal facility" means a landfill, or any other discrete area of land or land excavation, where solid waste is placed for treatment, processing, and/or disposal. Land disposal facility does not include:

(A) land application where solid waste is placed onto, or incorporated into, the soil as a soil amendment, fertilizer, or other legitimate agricultural purpose;

(B) a surface impoundment that is either permitted by DEQ's Water Quality Division or is a part of an approved liquid waste management system at a permitted solid waste disposal facility;

(C) ~~a yard waste composting facility~~ facilities;

(D) an injection well;

(E) a solid waste transfer station;

(F) a Used Tire Recycling Facility; or

(G) a Roofing Material Recycling Facility

"Landfill" means a discrete area of land or a land excavation in which solid waste is placed for permanent disposal.

"Large NHIW generator" means any business, by site, that generates over 10,000 tons of NHIW in Oklahoma during a calendar year. This definition does not include facilities that are permitted to receive and process solid waste generated by others.

"Leachate" means liquid that has passed through or emerged from solid waste and contains soluble, suspended, or miscible materials removed from such waste. This includes:

(A) fluid collected in a leachate collection system, including its sumps, surface impoundments, tanks, or other similar locations;

(B) fluid collected on top of the bottom liner of a disposal cell that has received solid waste; and

(C) leachate seeps from disposal cells that have received solid waste.

"Liquid waste" means any waste that is determined to contain "free liquids" as defined by the PFLT.

"Lithified earth material" means all rock, including all naturally occurring and naturally formed aggregates or masses of minerals or small particles of older rock that formed by crystallization of magma or by induration of loose sediments. This term does not include man-made materials, such as fill, concrete, and asphalt, or unconsolidated earth materials, soil, or regolith lying at or near the earth surface.

"Litter fence" means an easily portable fence to be located adjacent to the working face to assist with control of blowing material.

"Lower explosive limit" means the lowest percent by volume of a mixture of explosive gases that will propagate flame in air at 25°C and atmospheric pressure.

"Maximum horizontal acceleration" means the maximum expected horizontal acceleration of lithified earth material, depicted on a seismic hazard map, with a 90 percent or greater probability that the acceleration will not be exceeded

Permanent Final Adoptions

in 250 years, or the maximum expected horizontal acceleration based on a site-specific seismic risk assessment.

"MSWLF" means Municipal Solid Waste Landfill; a publicly or privately owned landfill that is or has received household waste. A MSWLF may also receive other types of non-hazardous solid wastes, such as nonhazardous sludge, NHIW, special waste, and construction/demolition waste.

"Natural disaster" means a natural occurrence or event (such as a tornado, flood, or forest or prairie fire) of such magnitude that the resultant damage and destruction produce quantities of wastes that overtax available solid waste management systems.

"NHIW" means non-hazardous industrial solid waste, as defined at 27A O.S. § 2-10-103. Examples of NHIW are listed in Appendix F of this Chapter.

"Non-contaminated stormwater" means:

- (A) stormwater that has not come into direct contact with solid waste, waste handling and/or treatment areas;
- (B) stormwater discharging from areas of a land disposal facility that has at least six inches of waste-free, compacted earthen material; and
- (C) wastewater resulting from washing vehicles or areas that have not been in direct contact with solid waste.

"Oklahoma Uniform Environmental Permitting Act" means 27A O.S. § 2-14-101 *et seq.* and the rules adopted thereunder at OAC 252:4 Rules of Practice and Procedure.

"Open burning" means the combustion of solid waste without:

- (A) control of combustion air to maintain adequate temperature for efficient combustion;
- (B) containment of the combustion reaction in an enclosed device to provide sufficient residence time and mixing for complete combustion; and
- (C) control of the emission of the combustion products.

"Operating record" means all of the collective records of the facility relating to the site. Such records include, but are not limited to: the permit, modifications, and approvals; records concerning waste received; any sampling or analyses performed by the facility; closure, post-closure and corrective action plans; financial assurance records; inspection and compliance evaluation correspondence; reports; and scale tickets and related fee payment documentation.

"Owner/operator" means the person who owns a solid waste disposal facility and/or is responsible for the overall operation of a facility or part of a facility.

"OWRB" means the Oklahoma Water Resources Board.

"Permit boundary" means the outermost edge of the area described by legal description in the owner/operator's permit. The permitted boundary includes the area in the buffer zone.

"PFLT" means Paint Filter Liquids Test, EPA Method 9095.

"Phased closure" means the closing of individual disposal cells at a land disposal facility as they become full. Phased closure is not synonymous with final closure.

"Piezometer" means a small-diameter well used to make groundwater elevation measurements.

"Point source discharge" means any discharge of water that, when leaving the permit boundary of a facility, has been channeled or altered by man's activity in working that site.

"Poor foundation conditions" means those areas where features exist which indicate that a natural or man-induced event may result in inadequate foundation support for the structural components of a land disposal facility.

"POTW" means Publicly Owned Treatment Works; a wastewater treatment system, as defined at 27A O.S. § 2-6-101(9), that is owned by a State or municipality for the treatment of municipal or industrial wastewaters.

"Qualified groundwater scientist" means a scientist or engineer who has received a baccalaureate or post-graduate degree in the natural sciences or engineering and has sufficient training and experience in groundwater hydrology and related fields as maybe demonstrated by State registration, professional Certifications, or completion of accredited university programs that enable that individual to make sound professional judgments regarding groundwater monitoring, contaminant fate and transport, and corrective action.

"Recharge area" means an area where water is absorbed and added to the zone of saturation.

"Regulated medical waste" means a waste or reusable material that contains an etiologic agent and is generated in the diagnosis, treatment or immunization of human beings or animals; research pertaining to the diagnosis, treatment or immunization of human beings or animals; or the production or testing of biological products. Such waste includes, but is not limited to:

- (A) cultures and stocks of etiologic agents or live vaccines, and culture dishes, devices, paper, and cloth that has come into contact with such cultures, stocks or live vaccines;
- (B) human blood, blood products, and human body fluids, except urine or feces;
- (C) pathological wastes consisting of human tissues, organs, and body parts removed during surgery, autopsy, biopsy and other medical procedures;
- (D) untreated sharps;
- (E) used blood collection bags, tubes, and vials;
- (F) contaminated carcasses, body parts and bedding of animals intentionally exposed to pathogens in research, in the production of biologicals or the "in vivo" testing of pharmaceuticals;
- (G) items contaminated with blood or other human body fluids which drip freely or would release such materials in a liquid or semi-liquid state if compressed or are caked with dried blood or body fluids and are capable of releasing these materials;
- (H) isolation wastes unless determined to be non-infectious by the infection control committee at the health care facility;
- (I) HIV-containing cell or tissue cultures, organ cultures, and HIV- or HBV-containing culture medium or other solutions; and blood, organs, or

other tissues from experimental animals infected with HIV or HBV;

(J) all disposable materials that have come in contact with cytotoxic or antineoplastic agents during the preparation, handling, and administration of such agents. Such wastes include, but are not limited to, masks, gloves, gowns, empty IV tubing and bags, vials, and other contaminated materials; and

(K) any other material or equipment which, in the determination of the health care facility staff, infection control committee or other responsible party, presents a significant danger of infection because it is contaminated with, or may reasonably be expected to be contaminated with, etiologic agents.

"Residential lead-based paint waste" means lead-based paint debris, chips, dust, sludges, and other similar wastes generated as a result of abatement, rehabilitation, renovation, or remodeling activities in individual residences.

"Run-off" means any rainwater, leachate, or other liquid that drains over land from any part of a facility.

"Run-on" means any rainwater, leachate, or other liquid that drains over land onto any part of a facility.

"Saturated zone" means that part of the earth's crust in which all voids are filled with water.

"Scavenging" means the uncontrolled, unorganized sorting, collecting, or removing of solid waste at the disposal site.

"Seismic impact zone" means an area with a ten percent or greater probability that the maximum horizontal acceleration in lithified earth material, expressed as a percentage of the earth's gravitational pull (g), will exceed 0.10g in two hundred fifty (250) years;

"Sludge" means the definition found at 27A O.S. § 2-10-401.

"Solid waste" means the definition found at 27A O.S. § 2-10-103.

"Special waste" means those wastes that are not hazardous wastes but because of their nature or volume, require special or additional handling aside from that given to routine household refuse. This includes but is not limited to: sludge, septic tank pumpings, grease trap wastes, dead animals, packing house offal and tankage, waste fats and oils, hatchery wastes, cannery wastes, NHIW, tires, and asbestos wastes.

"Structural components" mean liners, leachate collection systems, final covers, run-on/run-off systems, and any other component used in the construction and operation of a land disposal facility that is necessary for protection of human health and the environment.

"Surface impoundment" means a natural topographic depression, human-made excavation, or diked area formed primarily of earthen materials (although it may be lined with man-made materials), that is designed to hold an accumulation of liquid wastes or wastes containing free liquids and that is not an injection well. Examples of surface impoundments are holding, storage, settling, and aeration pits, ponds, and lagoons.

"Surface water" means water that stands on the surface of the land in reservoirs, lakes, ponds, sloughs, or swamps, or that flows across the land in rivers, creeks, or streams.

"SW-846" means EPA Publication SW-846, Test Methods for the Evaluation of Solid Waste Physical/Chemical Characteristics.

"Tremie pipe" means a device, usually a small-diameter flexible or rigid pipe, that carries filter pack or bentonite cement from the bottom to the top of a borehole or annular space without forming void spaces. In some cases, a well casing or hollow stem auger can be considered a tremie pipe.

"Unstable area" means a location that is susceptible to natural or human-induced events or forces capable of impairing the integrity of some or all of the structural components responsible for preventing releases from a land disposal facility. Unstable areas can include poor foundation conditions, areas susceptible to mass movements, and Karst terrains.

"Uppermost aquifer" means the geologic formation nearest the natural ground surface that is an aquifer, as well as lower aquifers that are hydraulically interconnected with this aquifer within the facility's property boundary.

"Used Tire" means an unprocessed whole tire or tire part that can no longer be used for its original intended purpose, but can be beneficially reused as approved by the Department.

"Used Tire Recycling Facility" means the definition found at 27A O.S. § 2-11-401.1(15).

"Waste pile" means any non-containerized accumulation of solid, non-flowing waste.

"Waters of the state" means the definition found at 27A O.S. § 1-1-201(20).

"Wetlands" mean those areas that are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands include, but are not limited to, swamps, marshes, bogs, and similar areas.

"Working face" means the place within a land disposal facility where waste has been deposited and has not been covered with at least intermediate cover.

"Yard waste composting facility" means a composting facility that only accepts yard waste.

"Zone of aeration" means a subsurface zone containing water under a pressure lower than that of the atmosphere, including water held by capillarity; and containing air or gases generally under atmospheric pressure. This zone is bounded above by the land surface and below by the water table; and is synonymous with vadose zone and unsaturated zone.

"Zone of saturation" means a subsurface zone in which essentially all the interstices are filled with water under pressure greater than that of the atmosphere. Although the zone may contain interstices filled with gas or liquids other than water, it is still considered saturated. This zone is separated from the zone of aeration by the water table and is synonymous with phreatic zone.

252:515-1-8. Special considerations

(a) **Existing permits.** Permits for active solid waste disposal facilities issued under previous rules, and those in the post-closure monitoring period on the effective date of this Chapter, remain in effect.

Permanent Final Adoptions

(b) **Permit upgrades.** Within 180 days of the effective date of this Chapter, the owner/operator of the following solid waste disposal facilities shall submit a permit modification application to the DEQ to ensure compliance with certain requirements of this Chapter.

(1) **MSWLFs and C&D landfills.** Permit modifications for MSWLFs and C&D landfills shall include:

(A) a legal description, by metes and bounds; section, township, and range, or parts thereof; or book and page number of plat records for platted property, of both on- and off-site soil borrow areas, if applicable;

(B) a temporary easement in accordance with OAC 252:515-3-34(c);

(C) a stormwater management plan to demonstrate how compliance with the requirements of Subchapter 17 of this Chapter will be achieved and maintained;

(D) a disposal plan in accordance with OAC 252:515-19-34(c) through (f) for out-of-state waste, if applicable;

(E) a vegetative cover plan to ensure compliance with the requirements of OAC 252:515-19-54, if applicable;

(F) revised closure plans to ensure closure of on- and off-site soil borrow areas in accordance with OAC 252:515-25-32(b)(3)(A), if applicable;

(G) life of site calculations in accordance with OAC 252:515-27-8(c), except for those facilities owned by units of the federal government;

(H) revised closure, post-closure, and/or corrective action cost estimates calculated in accordance with Part 5 of Subchapter 27 of this Chapter, except for those facilities owned by units of the federal government;

(I) a new or revised waste exclusion plan meeting the requirements of Subchapter 29 of this Chapter; and

(J) sampling ports for gas monitoring probes to meet the requirement of OAC 252:515-15-4(a)(2).

(2) **NHIW landfills.** Permit modification applications for generator-owned and operated NHIW landfills shall include those items identified in (1)(A), (1)(B), (1)(C), (1)(F), (1)(G) and (1)(H) of this Subsection, as well as a revision to the groundwater monitoring program to ensure compliance with OAC 252:515-9-31(d)(3).

(3) **Regulated medical waste processing facilities.** Permit modification applications for regulated medical waste processing facilities shall include the information identified in (1)(B) and (1)(H) of this Subsection.

(4) **Transfer stations.** Permit modification applications for transfer stations shall include the information in (1)(I) of this Subsection.

(5) **Yard waste composting facilities.** Permit applications for yard waste composting facilities operating under an approved plan shall be submitted for purposes of upgrading the plan to a permit and to ensure compliance with Subchapter 43 of this Chapter.

(c) **Compliance required.**

(1) Except as provided in (2) of this Subsection, permit upgrades identified by (b) of this Section shall be implemented within one year of the effective date of this Chapter. Extensions may be granted by the DEQ for good cause shown.

(2) All solid waste disposal facilities required to establish and maintain financial assurance shall ensure financial assurance mechanisms are funded in the appropriate amount based on approved cost estimates.

(d) **MSWLFs prior to October 9, 1991.** MSWLFs that stopped receiving waste prior to October 9, 1991 are subject to the final cover and post-closure monitoring requirements of the permit and the rules in effect at the time of closure.

(e) **MSWLFs on or after October 9, 1991.** MSWLFs receiving waste on or after October 9, 1991 are subject to this Subsection.

(1) **Less than 100 tons per day of waste.** No later than October 9, 1994, MSWLFs that received less than an average of 100 tons per day of solid waste after October 9, 1991 and stopped receiving waste before April 9, 1994 shall install final cover meeting the requirements of OAC 252:515-19-53.

(A) **Post-closure monitoring requirements.** MSWLFs shall be subject to the post-closure monitoring requirements of the permit and rules in effect at the time of closure.

(B) **Failure to stop accepting waste or to apply final cover.** MSWLFs that accepted waste on or after April 9, 1994, or failed to install the final cover by October 9, 1994 shall be subject to all applicable requirements of this Chapter.

(2) **100 tons or more per day of waste.** No later than October 9, 1994, MSWLFs that received an average of 100 tons or more per day of solid waste after October 9, 1991 and stopped receiving waste before October 9, 1993 shall install final cover meeting the requirements of OAC 252:515-19-53.

(A) **Post-closure monitoring requirements.** MSWLFs shall be subject to the post-closure monitoring requirements of the permit and the rules in effect at the time of closure.

(B) **Failure to stop accepting waste or to apply final cover.** MSWLFs that accepted waste on or after October 9, 1993 or failed to install the final cover by October 9, 1994 shall be subject to all applicable requirements of this Chapter.

(f) **Other disposal facilities.** Other solid waste disposal facilities that stopped receiving waste prior to the effective date of this Chapter shall close, and perform any applicable post-closure monitoring, in accordance with the permit and the rules in effect at the time of closure.

(g) **Corrective action.** The DEQ may require corrective action any time an inspection of a solid waste disposal facility or review of testing data indicates the actual release of contaminants into the environment. Such corrective action shall be performed in accordance with the requirements of this Chapter.

SUBCHAPTER 3. PERMIT PROVISIONS AND APPLICATIONS

PART 1. GENERAL PROVISIONS

252:515-3-1. Permit required

(a) **Solid waste disposal facilities.** The following solid waste disposal facilities are subject to the requirements of this Subchapter and require a solid waste permit from DEQ prior to construction and/or operation:

- (1) land disposal facilities;
- (2) solid waste processing facilities, including:
 - (A) transfer stations;
 - (B) solid waste incinerators receiving waste from off-site sources;
 - (C) regulated medical waste processing facilities receiving waste from off-site sources, and that are not shared service facilities;
 - (D) used tire facilities;
 - (E) composting facilities, except special events yard waste composting facilities and other facilities exempted by OAC 252:515-43-31;
 - (F) permanently established household hazardous waste collection facilities; and
 - (G) any other type of facility that processes solid waste;
- (3) facilities used for the storage of solid waste for longer than 10 days; and
- (4) facilities used for the storage of more than 50 used tires, except as authorized by 27A O.S. § 2-11-401.7.

(b) **Sludge.** Solid waste disposal facilities used for the beneficial use, transport, disposal, or storage of sludge that is not subject to the direct jurisdiction of any other environmental regulatory agency of the State of Oklahoma shall obtain a permit in accordance with OAC 252:515-3-41.

252:515-3-2. Permit not required

(a) The following do not require a solid waste permit and are not subject to the requirements of this Subchapter, but may be subject to other DEQ permits or requirements:

- (1) rock and dirt fills that receive only uncontaminated rock, dirt, concrete, bricks or solidified asphalt;
- (2) disposal sites used by a person for disposal of solid waste from his or her household, provided:
 - (A) the disposal site is on land owned by that person;
 - (B) the solid waste does not originate from business or commercial activities; and
 - (C) such disposal does not violate any local government ordinance or create a nuisance or hazard to public health or the environment;
- (3) emergency disposal sites approved by DEQ when a natural disaster creates a need for additional public solid waste disposal sites in the disaster area;
- (4) on-site incinerators meeting the exemption requirements of 27A O.S. § 2-10-501(K);

(5) on-site regulated medical waste treatment activities by hospitals, clinics, or laboratories, or other similar facilities for treatment of regulated medical wastes generated on-site;

(6) facilities that accept only source-separated recyclable materials for recycling;

(7) persons under a DEQ order to remediate an abandoned or inactive waste site in accordance with 27A O.S. § 2-10-301(H);

(8) facilities used as:

- (A) a citizen collection station;
- (B) a collection and processing point for source-separated, non-putrescible, recyclable wastes;
- (C) a collection point for parking lot or street sweepings; or
- (D) a collection point for wastes collected and received in sealed bags from such activities as periodic cleanup campaigns for cities, rights-of-way, or roadside parks;

(9) projects approved by DEQ and a local conservation district in accordance with 27A O.S. § 2-10-301(J).

(b) ~~Yard waste composting facilities that receive only yard waste from off-site sources and are~~ Special events composting facilities operated in accordance with a plan approved by DEQ are not subject to this Subchapter. The plan shall include, at a minimum:

- (1) the permit application information identified in OAC 252:515-3-36(a)(1) through (a)(8);
- (2) a demonstration of compliance with the location restrictions of Subchapter 5 of this Chapter; and
- (3) a demonstration of how the facility will comply with applicable regulations of other state agencies or parts thereof, including the Water Quality Division of DEQ.

(c) Units of local or county government wishing to use baled used tires in engineering projects are not subject to this Subchapter but must have a plan meeting the requirements of OAC 252:515-21- 111 approved by DEQ prior to beginning the project.

SUBCHAPTER 11. LINER DESIGN

PART 1. GENERAL PROVISIONS

252:515-11-1. Applicability

This Subchapter applies to all land disposal facilities, ~~except yard waste composting facilities.~~

SUBCHAPTER 13. LEACHATE COLLECTION AND MANAGEMENT

PART 1. GENERAL PROVISIONS

Permanent Final Adoptions

252:515-13-1. Applicability, with exceptions

- (a) **Existing facilities.** Existing facilities with a leachate collection system are subject to 252:515- 13-2, 13-34 and Part 5 of this Subchapter.
- (b) **New facilities and expansions.** Except as provided in (c) and (d) of this Section, this Subchapter applies to all new land disposal facilities and expansions of waste disposal boundaries of existing land disposal facilities constructed after the effective date of this Chapter.
- (c) **All disposal facilities.** All solid waste disposal facilities shall manage leachate in accordance with the requirements of Part 5 of this Subchapter.
- (d) **Exceptions.** C&D landfills and yard waste composting facilities are not subject to the requirements of this Subchapter, except for (c) of this Section.

SUBCHAPTER 19. OPERATIONAL REQUIREMENTS

PART 1. GENERAL PROVISIONS

252:515-19-1. Applicability

- (a) **Active land disposal facilities.** Parts 3, 5 and 13 of this Subchapter apply to all active land disposal facilities.
- (b) **Active MSWLFs.** Parts 3, 5, and 7 of this Subchapter apply to all active MSWLFs.
- (c) **Active solid waste processing facilities.** Parts 3 and 9 of this Subchapter apply to all active solid waste transfer stations and processing facilities, except used tire facilities, regulated medical waste processing facilities, and solid waste composting facilities.
 - (1) **Used Tire facilities.** Used Tire facilities are subject to the requirements of Part 3 of this Subchapter, except OAC 252:515-19-33, as well as Parts 3 and 5 of OAC 252:515-21.
 - (2) **Regulated medical waste processing facilities.** Regulated medical waste processing facilities are subject to the requirements of Part 3 of this Subchapter as well as Parts 3 and 5 of OAC 252:515-23, as applicable.
 - (3) **Solid waste composting facilities.** ~~Parts 3 and 4~~ of this Subchapter ~~apply~~ applies to all active solid waste composting facilities, including composting facilities at land disposal facilities, except those exempted by OAC 252:515-43-31.
- (d) **Borrow areas.** Off-site soil borrow areas of land disposal facilities are only subject to the operational requirements of OAC 252:515-19-32, 35, 36, and 55.

PART 11. ADDITIONAL OPERATIONAL REQUIREMENTS FOR SOLID WASTE COMPOSTING FACILITIES [REVOKED]

252:515-19-111. Acceptable composting materials [REVOKED]

- ~~(a) **Source separated.** Unless otherwise allowed by the permit or other authorization, composting materials received at the composting facility must be source separated.~~
- ~~(b) **Prohibited materials.** In addition to the materials identified in OAC 252:515-19-31(a) through (c), composting facilities shall not accept putrescible wastes (except food wastes if authorized by the permit or other authorization), liquid waste, municipal solid waste, special waste, or any waste not specifically identified in the permit or other authorization.~~
- ~~(c) **Acceptable composting materials.** Materials to be composted shall be specified in the permit or other authorization. Acceptable composting materials may include: grass clippings, garden debris, leaves, tree branches, shrubbery, wood chips, hay, cotton gin waste, sawdust, newsprint paper, cardboard, computer paper, white paper, manure and food wastes.~~

252:515-19-112. Receiving area [REVOKED]

~~Unloading of material shall be restricted to a specific area and controlled to minimize traffic congestion, facilitate the handling of materials and minimize danger to facility employees and other personnel.~~

252:515-19-113. Debaggging required [REVOKED]

~~All material received in plastic bags shall be debaggged before processing, unless other means or methods are approved by the DEQ and identified in the permit or other authorization.~~

252:515-19-114. Processing area [REVOKED]

~~A designated processing area shall be maintained, except facilities using windrow turners that may process the material in the composting area.~~

252:515-19-115. Processing time [REVOKED]

~~All material received for composting shall be processed within 48 hours of receipt.~~

252:515-19-116. Composting area [REVOKED]

~~The composting area shall be constructed of or covered with material which will allow operation during all types of weather.~~

252:515-19-117. Windrow construction [REVOKED]

~~All windrows shall be constructed perpendicular to slopes and not along slopes.~~

252:515-19-118. Windrow turning [REVOKED]

~~Windrows shall be turned on a routine basis to maintain aerobic conditions.~~

252:515-19-119. In vessel composting [REVOKED]

~~Construction and management requirements for an in vessel composting operation shall be determined on a case by case basis.~~

252:515-19-120. Temperature monitoring [REVOKED]

- ~~(a) **Internal temperature recording.** Internal temperature readings shall be recorded prior to the turning of each windrow.~~
- ~~(b) **Internal temperature depths.** Temperature measurements shall be taken every 17 feet at a depth of 20 inches and recorded in a systematic fashion.~~

252:515-19-121. Completed process [REVOKED]

~~After sustaining thermophilic temperatures, the composting process shall be considered complete when the internal temperatures remain below 70 F after three consecutive turnings, at which time the compost can be removed to the curing area.~~

252:515-19-122. Curing area and time [REVOKED]

~~An area for curing of finished compost shall be maintained. Finished compost shall be allowed to cure for a minimum of two weeks before distribution and use.~~

252:515-19-123. Biosolids [REVOKED]

~~Owners/operators of facilities incorporating biosolids shall:~~

- ~~(1) maintain internal windrow temperatures between 131 F and 140 F for a minimum of fifteen days;~~
- ~~(2) conduct a minimum of five turnings of the co composting windrow, where the temperature pre and post turning exceeds 131 F; and~~
- ~~(3) comply with all applicable provisions of OAC 252:606-8-6, "Land Application of Biosolids."~~

252:515-19-124. Odor control [REVOKED]

~~Suitable control measures, including increasing aeration, shall be taken whenever odors become a problem.~~

252:515-19-125. Other wastes [REVOKED]

~~A receptacle shall be maintained for disposal of both refuse generated and unacceptable waste received at the site.~~

252:515-19-126. Recordkeeping [REVOKED]

- ~~(a) **Daily log.** A log of daily operations shall be maintained at the facility that includes, at a minimum:
 - ~~(1) amount of waste received, processed and distributed at the facility;~~
 - ~~(2) windrow internal temperatures; and~~
 - ~~(3) a record of which windrows were turned.~~~~
- ~~(b) **Available to DEQ.** This information shall be maintained at the site and made available for inspection upon request of the DEQ.~~

SUBCHAPTER 25. CLOSURE AND POST-CLOSURE CARE

PART 3. CLOSURE

252:515-25-32. Contents of closure plan

- ~~(a) **All disposal facilities.** The closure plan for all disposal facilities shall include the following as a minimum:
 - (1) identification of site-specific closure activities, a description of how each is expected to be performed, and a schedule for completing all activities;
 - (2) calculation of closure cost estimates in accordance with Subchapter 27 of this Chapter; ~~unless the facility is a transfer station, processing facility or composting facility that principally manages municipal solid waste, or is a yard waste composting facility;~~
 - (3) an estimate of the maximum inventory of waste ever on-site over the active life of the facility;
 - (4) detailed plans for:
 - (A) identifying and removing from the site, all equipment, temporary buildings and other improvements not designated as permanent in the permit application;
 - (B) reworking or replacing defective groundwater monitor wells, gas wells, and other defective monitoring equipment, if any;
 - (C) monitoring ground and surface water, if required;
 - (D) collecting and analyzing soil and water samples;
 - (E) disposing of final wastes and affected soils;
 - (F) decontamination of facility structures, if necessary;
 - (G) maintaining site security and access control, if post-closure monitoring is required;
 - (H) redesigning final closure in accordance with existing site conditions and applicable rules;
 - (I) preparing final closure certification and other required documents and notices; and
 - (J) performing any other tasks necessary to achieve final closure of the site.~~
- ~~(b) **Additional information for land disposal facilities.** The closure plan for land disposal facilities shall include the following additional information:
 - (1) an estimate of the largest area of the disposal facility ever requiring final cover during the active life;
 - (2) a detailed description of the final cap design and construction, including:
 - (A) a calculation of the amount of material needed for each phase of closure;
 - (B) identification of the soil type to be used for the final cover, to include:
 - (i) the location at which it will be obtained;
 - (ii) an analysis of the proposed cover material's permeability;
 - (iii) mass balance calculations to demonstrate sufficient soil is available;~~

Permanent Final Adoptions

- (C) provisions for obtaining, hauling, and placing the soil for final cover;
 - (D) a description of the design and construction of final cover to meet the requirements of 252:515-19-53;
 - (E) a description of the design and construction of gas vents or collection pipes to be incorporated in the cap design, if such structures are required;
 - (F) the QA/QC methods to be used in cap construction and to document the final cover is built to specification; and
 - (G) the schedule and method of placement of all components of the final cap;
- (3) plans for:
- (A) grading, planting, fertilizing and establishing vegetation for all disturbed areas, including reshaping and revegetation of both on-site and off-site soil borrow areas to blend with surrounding terrain, or another approved reclamation plan;
 - (B) constructing surface drainage and erosion control measures or reworking existing measures as necessary;
 - (C) installation of final cover;
 - (D) fitting existing leachate collection systems with a method for automatic and continuous removal of leachate not requiring owner/operator intervention;
 - (E) remedying all former improper closure or waste placement at the site; and
 - (F) conducting the final closure survey and preparing the closure certification; and
- (4) a constructed map showing what the contours of the site will be at final closure.
- (c) **Phased closure authorized.** Individual disposal areas of a land disposal facility may be closed in phases.
- (1) **Closure plan.** A plan for phased closure shall be included as part of the closure plan.
 - (2) **Financial assurance reduction.** To reduce financial assurance for each disposal area closed in a phased closure scenario, a certification prepared and sealed by an independent professional engineer licensed in the State of Oklahoma if the facility was permitted to serve a population of greater than 5,000, shall be provided to the DEQ. Such certification shall:
 - (A) certify that the area was closed according to the approved closure plan, the permit, and applicable rules; and
 - (B) contain a closure report with related drawings, plans or specifications describing how closure was performed.
 - (3) **DEQ approval.** The DEQ must approve closure of the disposal area before financial assurance may be reduced.

SUBCHAPTER 27. COST ESTIMATES AND FINANCIAL ASSURANCE

PART 1. GENERAL PROVISIONS

252:515-27-1. Applicability

- (a) All solid waste disposal facilities are subject to the requirements of this Subchapter except:
 - (1) transfer stations, processing facilities, or composting facilities, other than commercial composting facilities, that principally manage municipal solid waste;
 - (2) yard waste composting facilities;
 - (3) land disposal facilities in post-closure as of the effective date of this Chapter that were not required to have financial assurance at the time of closure; and
 - (4) units of State or Federal governments whose debts and liabilities are the debts and liabilities of a State or the United States.
- (b) A facility identified in (a)(1), (a)(2), or (a)(3) of this Section required to undertake a corrective action program may be required to establish and maintain financial assurance in accordance with this Subchapter.

SUBCHAPTER 29. EXCLUSION OF PROHIBITED WASTES

252:515-29-1. Applicability

- (a) **Land disposal facilities and transfer stations, with exceptions.** This Subchapter applies to all land disposal facilities and transfer stations except generator owned and operated NHIW landfills, ~~and yard waste composting facilities.~~
- (b) ~~Processing All other processing facilities.~~ Except as otherwise set out in this Section, any type of solid waste processing facility is subject to the requirements of OAC 252:515-29-3(e).
- (c) **Class III and Class IV composting facilities.** This Subchapter applies to Class III and Class IV composting facilities.

SUBCHAPTER 43. COMPOSTING FACILITIES

PART 1. GENERAL PROVISIONS

252:515-43-1. Applicability

The rules in this Subchapter apply to all composting facilities using feedstock that is more than 50% non-agricultural in origin. The rules in this Subchapter do not apply to facilities that employ grinding or chipping methods to physically change the size of yard waste or wood debris into products such as mulch, without converting the material, under thermophilic conditions, into a product with a high humus content. The rules in this Subchapter do not apply to the composting of biosolids regulated exclusively under Oklahoma Administrative Code (OAC) 252:606-8 administered by the Water Quality Division of DEQ.

252:515-43-2. Definitions

The following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise.

"Additives" means any material that is mixed with or added to feedstocks and bulking agents to create a favorable condition for the composting process and includes urea, crushed egg shells, earthworms, and bacterial or fungal inoculum.

"Aerated static pile composting" means a process in which decomposing organic material is placed in piles over an air supply system that can be used to supply oxygen and control temperature for the purpose of producing compost.

"Agricultural residuals" means materials generated by the customary and generally accepted activities, practices, and procedures that farmers engage in during:

(A) the production and preparation for market of poultry, livestock and associated farm products;

(B) the production and harvesting of agricultural crops which include agronomic, horticultural, and silvicultural crops; and

(C) the production and cultivation of freshwater and saltwater populations in the aquacultural industry. Agricultural residuals do not include manures managed as part of a Concentrated Animal Feeding Operation (CAFO) license

"Biofilter" means a material consisting of bulking agents, shredded yard waste, or compost that is applied over the composting mixture to control odors, dust, or vectors.

"Biosolids" means primarily organically treated wastewater materials from municipal wastewater treatment plants that are suitable for recycling as amendments. This term is within the meaning "sludge" referenced in 27A O.S. § 2-6-101(7). Biosolids are divided into the following classes:

(A) Class A Biosolid meets the pathogen reduction requirements of 40 CFR § 503.32(a);

(B) Class B Biosolid meets the pathogen reduction requirements of 40 CFR § 503.32(b).

"Bulking agents" means a material added to the composting process to provide structural support, improve aeration, or absorb moisture and includes wood chips, straw, clean untreated wood, shredded newspaper, shredded cardboard, sawdust, shredded brush, and compostable containers.

"Commercial composting facility" means the definition found at 27A O.S. § 2-10-103.

"Composting pad" means the ground on which composting activities take place. This may be subdivided by function, such as "mixing pad", "composting pad", "curing pad" or "storage pad". An "all weather composting pad" is one of sufficient construction, firmness and grading so that composting equipment can manage the process during normal inclement weather, including expected rain, snow and freezing temperatures.

"Contact water" means water that has come in contact with raw feedstocks or active composting piles. It does not include water from curing piles, finished compost, or product storage piles.

"Curing" means a continuation of the composting process after the high heat stage during which stability and maturity continues to increase. Compost enters the curing stage after completing the high heat stage to further reduce pathogens and the requirements for vector attraction reduction.

"Feedstock" means material to be converted under thermophilic conditions to a product with a high humus content classified into different types for purposes of regulation under this Subchapter.

"Food processing residuals" means organic materials generated as a by-product of the industrial food processing sector that are non-toxic, non-hazardous, and contain no sanitary wastewater. The term does not include fats, oil, grease and Dissolved Air Flotation (DAF) skimmings.

"Food residuals" means pre- and post-consumer food discards from households and the commercial/institutional sector including but not limited to vegetables, fruits, grains, dairy products, meats, and compostable foodservice ware/packaging that may be comingled.

"Household or backyard composting" means any person composting household waste that is located and utilized exclusively on the owner's property.

"Industrial by-product" means organic materials generated by manufacturing or industrial processes that are non-toxic, non-hazardous, contain no domestic wastewater, and pass the PFLT.

"In-vessel composting" means process in which decomposing organic material is enclosed in a drum, silo, bin, tunnel, or other container for the purpose of producing compost; and in which temperature, moisture and air-borne emissions are controlled, vectors are excluded and nuisance and odor generation minimized.

"Neighborhood composting" means any person, group of persons or geographically localized community within a town, city or incorporated area composting feedstock that is composted and utilized exclusively on property owned by the neighborhood or members of the neighborhood.

"Nurseries, greenhouses, and garden stores composting" means any private or commercial nursery, greenhouse, or garden store composting feedstock that is located and utilized exclusively on property owned by the facility.

"Source separated organics" means organic material that has been separated from non-compostable material at the point of generation, including but not limited to yard trimmings, food residuals, vegetative materials, woody materials, and compostable products.

"Vermicomposting" means the controlled and managed process by which live worms convert organic materials into dark, fertile, granular excrement or casting.

"Windrow composting" means the processes in which decomposing organic materials are placed in long piles for the purpose of producing compost. The piles are periodically turned or agitated to assure all parts of the decomposing material reach the desired stability.

"Woody materials" means the residuals and by-products of cutting trees, including but not limited to tree stumps, sawdust, pallets, and dimensional lumber that has not been treated chemically or with adhesives and coatings such as paint, glue, or any other visible contaminant.

"Yard trimmings" means leaves, grass clippings, brush, garden materials, tree trunks, tree stumps, holiday trees, and

Permanent Final Adoptions

cuttings from trees or shrubs. Can also include vegetative materials resulting from the use of commercial products, including but not limited to discarded flowers, potted flowers, or grave blankets that do not include plastic, metal, polystyrene foam, or other non-biodegradable materials.

252:515-43-3. Feedstock types for composting facilities

Feedstock material is divided into the following four (4) types based on increasing level of potential risk to human health and the environment from physical contaminants and human pathogens:

- (1) **Type 1.** Composed of yard trimmings, wood chips, woody materials, crop residues, hay, cotton-gin waste, additives, biofilters, and other materials approved by DEQ.
- (2) **Type 2.** Composed of source-separated organics, shredded paper, cardboard, computer paper, white paper, newspapers, napkins, other paper products and bulking agents, and other materials approved by DEQ.
- (3) **Type 3.** Composed of biosolids, food processing residuals, cooking oils, fats and greases, and other materials approved by DEQ.
- (4) **Type 4.** Composed of mixed (non-source separated) organics, commercial waste, and other materials approved by DEQ.

252:515-43-4. Composting facility classes

- (a) **Class I.** Facilities that compost Type 1 feedstock, including yard waste composting facilities.
- (b) **Class II.** Facilities that compost Type 2 feedstock and may include Type 1 feedstock. These facilities receive less than one hundred (100) tons, or two hundred (200) cubic yards, of material per year.
- (c) **Class III.** Facilities that compost Type 3 feedstock and facilities that receive greater than or equal to one hundred (100) tons, or two hundred (200) cubic yards, of Type 1 and Type 2 feedstock per year.
- (d) **Class IV.** Facilities that compost Type 4 feedstock and may include Type 1, Type 2 and Type 3 feedstock.
- (e) **Special events composting.** A composting facility may be approved to compost a variety of feedstock types from special community collection events for a limited period of time under an approved plan or permit.

PART 3. PLANS AND PERMITS

252:515-43-31. Exempt

Non-commercial composting facilities that receive less than fifty (50) tons or one hundred (100) cubic yards of Type 1 and/or Type 2 feedstock per year, generated on-site, are considered exempt from the permitting and plan requirements of OAC 252:515-3-1, but may be subject to other DEQ permits or requirements. Examples of these types of facilities include, but are not limited to household or backyard composting, neighborhood composting, nurseries, greenhouses, and garden stores composting.

252:515-43-32. Plan requirements

Special events composting requires a plan approved by DEQ prior to construction and operation. The plan shall include, at a minimum, the information in OAC 252:515-3-2(b) and a demonstration of compliance with the operational standards in Part 5 of this Subchapter.

252:515-43-33. Permit requirements

Class I, II, III and IV composting facilities require a solid waste permit from DEQ prior to construction and operation subject to the permit provisions of Subchapter 3 and requirements of Part 5, 7, 9 and 11, of this Subchapter.

252:515-43-34. Reporting requirements

Class III and IV composting facilities are required to submit monthly reports. Facilities meeting the definition of commercial composting facilities must also submit fees.

- (1) **Monthly report.** No later than the 15th of each month, each facility shall submit a report to DEQ that includes the following information for the previous month:
 - (A) amount of total feedstock material received;
 - (B) amount of non-compostable material shipped for disposal;
 - (C) name and location of the permitted solid waste disposal site receiving the non-compostable material; and
 - (D) amount of composting material located on site.
- (2) **Quarterly report and fees.** Fees for commercial composting facilities shall be collected and remitted to DEQ in accordance with 27A O.S. § 2-10-802(B). Fees shall be reported in a format prescribed by DEQ.

252:515-43-35. Financial assurance

- (a) **Applicability.** All commercial composting facilities and other composting facilities shall establish financial assurance in accordance with the requirements of Subchapter 27, as applicable.
- (b) **Amount.** Unless a lesser amount is approved by DEQ, financial assurance will be established based upon the cost for removal and disposal, by a third party not affiliated with the owner/operator, of the maximum amount of feedstock and product material that the site is capable of storing at any time, in addition to removal of equipment, temporary buildings, and establishing permanent vegetation at the facility.

PART 5. OPERATIONAL STANDARDS

252:515-43-51. Applicability

Unless otherwise specifically stated, all classes of compost facilities are subject to this Part.

252:515-43-52. Acceptable composting materials

Materials to be composted shall be specified in the permit or other authorization and shall be classified as Type 1, 2, 3, or 4 feedstock. All feedstock material received shall be measured,

either by weight or by volume (cubic yards), and recorded in the operating record, and made available to DEQ upon request.

252:515-43-53. Prohibited materials

Materials as specified in OAC 252:515-19-31(a) through (c), and any other wastes not allowed by the permit or plan are prohibited for receipt at all composting facilities. Class III and IV composting facilities shall implement a Waste Exclusion Plan (WEP) meeting the requirements of Subchapter 29 and approved by DEQ.

252:515-43-54. Non-compostable and other waste

A receptacle shall be maintained for disposal of both refuse generated, and unacceptable waste received at the site. Non-compostable and other waste shall be removed, stored in a waste container or containment area, and removed for proper disposal on a regular basis.

252:515-43-55. Biosolids

(a) Class A. Facilities may accept Class A biosolids if authorized by their permit. Facilities shall be prohibited from accepting Class B biosolids, except as specifically authorized by this Section.

(b) Class B. Facilities that intend to compost Class B biosolids shall comply with all applicable state and federal regulations regarding sludge management at OAC 252:606-8, and shall have all necessary permits and approvals from the Water Quality Division of DEQ prior to being considered authorized to accept Class B biosolids.

252:515-43-56. Bulking

Feedstock with free liquid shall be mixed with drier feedstocks, bulking material or compost so that the liquid is promptly absorbed and not allowed to flow as free liquid from the compost piles or windrows.

252:515-43-57. Operations plan

All applications for a composting facility shall include an Operations Plan that describes how compliance with operating criteria will be met. The Operations Plan shall include measures to control nuisance odors, vectors, fires, contact water and stormwater according to the operational standards within this Part, as well as provisions for prompt equipment repair or replacement when needed. The Operations Plan must be reviewed by facility owner/operators annually to ensure it continues to reflect current procedures, equipment and feedstock and shall be updated to reflect any changes.

252:515-43-58. Operating requirements

(a) Access control. Artificial and/or natural barriers shall be used to discourage unauthorized traffic and uncontrolled dumping. Composting facilities shall comply with all relevant local rules, regulations, and ordinances.

(b) Signage. The facility shall maintain a sign at the entrance of the facility that lists the following: name of facility;

permit number; facility class; hours of operation; and emergency contact information.

(c) Buffer zones. Unless otherwise specified in this Subsection, all composting facilities shall be designed and maintained with a waste-free buffer zone at least 50 feet in width between all feedstock storage, processing, composting and/or handling areas and adjacent property. The buffer zone shall be contained within the permit boundary described in the permit or plan application. DEQ may approve smaller buffer zones for good cause shown.

(d) Receiving area. Unloading of material shall be restricted to a specific area and controlled to minimize traffic congestion, facilitate the handling of materials, and minimize danger to facility employees and other personnel. All material received in plastic bags shall be debagged before processing, unless other means or methods are approved by DEQ and identified in the permit or plan. Composting facilities that conduct salvage and/or recycling operations shall comply with OAC 252:515-19-39.

(e) Processing area. A designated processing area shall be maintained, except facilities using windrow turners that may process the material in the composting area. Contact water shall be directed to a containment, recycling, and/or treatment system sized to handle a minimum 24 hour, 25 year storm event. For Class I - Class IV composting facilities, stormwater shall be managed in compliance with Subchapter 17.

(f) Storage. Storage of finished compost on site is limited to 12 months of production, unless otherwise approved by DEQ.

(g) Composting area. The composting area shall be maintained and repaired, as needed.

(h) Curing area and time. An area for curing of finished compost shall be maintained. Finished compost shall cure for a minimum of two weeks before distribution and use. Composting facilities that recirculate contact water shall comply with OAC 252:515-13-53.

(i) Composting surfaces. Tipping, grinding, shredding, mixing, active composting, curing, screening, and finished compost storage areas must take place on an all-weather pad that meets the design criteria specified in Part 7.

252:515-43-59. Processing time

Facilities must manage feedstock in a timeframe that minimizes odors, release of feedstock liquids, fire, and scavenging by vectors. All feedstock received for composting shall be processed within 48 hours of receipt. By the end of each operating day, all incoming Type 2, 3, and 4 feedstock must be processed into the active composting unit, transferred to leak-proof containment or mixed with bulking material and covered in a manner that minimizes nuisance odors and scavenging by vectors.

252:515-43-60. Composting time

Composting time and temperatures shall meet the following requirements:

(1) Windrow composting. The compost material must be maintained at a minimum average temperature of 55°C (131° F) or higher for 15 days or longer. The 15

Permanent Final Adoptions

or more days at or above 55°C (131° F) do not have to be continuous.

(2) **Aerated static pile or in-vessel composting process.** Material maintained at a minimum average temperature of 55°C (131° F) or higher for three continuous days, followed by at least 14 days with a minimum of 45°C (113° F).

(3) **Passive pile.** Material maintained below 75°C (170° F) for the active composting period. Finished compost must meet standards as specified in the permit or plan.

(4) **Hybrid composting.** Material maintained as specified in the permit or plan.

252:515-43-61. Windrow turning

Windrows shall be turned a minimum of 5 turnings in 15 days or more frequently as needed to maintain aerobic conditions or temperatures set forth in OAC 252:515-43-60(1).

252:515-43-62. Temperature and moisture monitoring

A procedure for monitoring the temperature and moisture during composting shall be provided in the Operations Plan. The temperature and moisture ranges for the composting cycle shall be specified. The plan shall include contingencies for not meeting the specified ranges for the composting process.

(1) **Internal temperature recording.** Internal temperature and moisture readings shall be recorded prior to the turning of each windrow.

(2) **Internal temperature depths.** Temperature and moisture measurements shall be taken every 17 feet at a depth of 20 inches and recorded in a systematic fashion.

252:515-43-63. Completed process

After sustaining thermophilic temperatures, the composting process shall be considered complete when the internal temperatures remain below 70° F, or other temperature specified by permit or plan, at which time the compost can be removed to the curing area.

252:515-43-64. Odor control

Suitable control measures, including increasing aeration, shall be taken whenever odors are detectable outside the composting facility.

252:515-43-65. In-vessel composting

Operations of an in-vessel aerated static pile, static pile, and hybrid composting facility shall be defined in the Operations Plan.

252:515-43-66. Recordkeeping and reporting

(a) **Daily log.** Records shall be maintained that identify the weight or volume of incoming feedstocks and outgoing finished compost, as well as a summary of analytical tests and process results on the product and site monitoring results, if

required. A log of daily operations shall be maintained at the facility that includes, at a minimum:

(1) amount of waste received, processed and distributed at the facility;

(2) windrow internal temperatures; and

(3) a record of which windrows were turned.

(b) **Operating record.** Composting facilities shall comply with recordkeeping requirements of OAC 252:515-19-40.

PART 7. DESIGN STANDARDS

252:515-43-71. Class I and Class II design standards

Class I and Class II composting facilities shall meet the following design:

(1) **Location restrictions.** Facilities shall meet all location restrictions listed in Subchapter 5, Part 3 of this Chapter.

(2) **Contact water control.** Contact water must be segregated and directed to containment, recycling, and/or treatment systems.

(3) **Stormwater run-on / run-off control.** The composting area shall be designed, constructed and maintained to prevent the run-on / run-off of stormwater and be in compliance with Subchapter 17 including OPDES permitting, if required by OAC 252:606.

(4) **All-weather pad.** Composting areas shall be constructed of, or covered with, material which will allow operation during all types of weather. Composting operations shall take place on an all-weather composting pad. The all-weather pad must be designed, constructed, and maintained to:

(A) prevent ponding and impede vertical movement of potential contaminants from contact water;

(B) reliably transmit any free liquid present during the storage, treatment, and processing of materials laterally to a containment, recycling, and/or treatment unit sized to handle a minimum 24 hour, 25 year storm event to prevent liquids from entering surface water or groundwater; and

(C) prevent conditions that could contribute to, or cause a release to the environment.

252:515-43-72. Class III design standards

In addition to meeting Class I and II design standards, Class III facilities shall comply with the following standards and submit design plans for approval with the facility application:

(1) **All-weather pad.** Tipping, grinding, shredding, mixing, active composting, curing, screening, and finished compost storage areas must take place on an all-weather pad that meets the following criteria:

(A) five feet or more separation from the top of groundwater;

(B) soils within the 5 feet separation distance are composed of any combination of the following types:

clay loam, silty clay loam, clay, and silty clay; exhibiting hydraulic conductivity of 1×10^{-2} cm/second, or less;

(C) if either less than 5 feet separation distance from the top of groundwater or more permeable soils than those listed in (2) above, a constructed surface is required for tipping, grinding, shredding, mixing and active composting areas; while an all-weather pad is allowed for curing and finished product storage. The constructed surface can be: concrete, asphalt, stabilized subgrade, stabilized aggregate or other approved methods; and

(D) an all-weather pad shall be of sufficient slope (1 to 6 percent as determined by site conditions) to direct contact water to the appropriate collection, storage and treatment system.

(2) **Windrow construction.** All windrows shall be constructed perpendicular to slopes and not along slopes. The maximum composting process windrow or pile size and minimum composting process windrow or pile spacing shall match the capability and requirements of the equipment used at the facility. As pile height increases, windrows or piles should be monitored to minimize compaction.

(3) **All-weather access.** The composting facility shall have all-weather access roads. The facility shall be designed such that access to the composting facility shall be limited to authorized entrances, which shall be secured from public access when the facility is not in operation.

252:515-43-73. Class IV design standards

Class IV composting facilities must meet the design standards of Class III facilities, with the addition of the following design standards. The owner or operator must submit an engineering design for approval with the facility permit application.

(1) **Location restrictions.** Facilities shall meet the location restriction outlined in OAC 252:515-5-52(e) Airports.

(2) **Working surfaces.** The working surfaces for all receiving, mixing, active composting, and storage areas must be designed, constructed, and maintained to prevent conditions of contamination, pollution, and nuisance. All working surfaces must exhibit a hydraulic conductivity of 1×10^{-2} cm/second, or less and meet one of the following construction and material specifications:

(A) impermeable material such as concrete, asphalt, or similar approved impervious material designed to prevent the infiltration of contact water into the groundwater;

(B) compacted clay, with a minimum thickness of two feet and protected from desiccation and installed in a manner such that the integrity will not be impaired by the operation of heavy equipment used at the composting and storage area; or

(C) an equivalent engineered alternative approved by DEQ.

PART 9. GROUNDWATER MONITORING

252:515-43-91. Groundwater monitoring

(a) Class III and IV facilities shall submit a groundwater monitoring program for DEQ review and approval consistent with requirements in OAC 252:515 Subchapter 9, as applicable. The groundwater monitoring program shall include:

- (1) submission of a sampling and analysis plan,
- (2) establishment of background water quality,
- (3) performance of detection monitoring,
- (4) reporting and evaluation of the monitoring results,
- (5) performance of assessment monitoring (if a trend analysis demonstrates a significant increase over background for one or more of the constituents analyzed in the detection monitoring program), and
- (6) conducting corrective action, if required.

(b) At a minimum, monitoring shall include the following groundwater quality constituents: pH, chemical oxygen demand, specific conductivity, chloride, sulfate, calcium, magnesium, nitrates, sodium, carbonates, and potassium. Other parameters specified in the permit may be required based on the types of feedstock utilized.

PART 11. COMPOST TESTING STANDARDS

252:515-43-111. Compost testing standards

Class III and IV facilities must include in their permit application a testing protocol for the finished compost material to ensure protection of human health and the environmental.

GIST/ANALYSIS:

The Department is proposing to amend OAC 252:517 in response to the United States Environmental Protection Agency (EPA) amendments to 40 CFR Part 257, Subpart D (Federal CCR Rule). Notably, DEQ incorporated the requirements of the Federal CCR Rule in its entirety to ensure the state and federal regulations pertaining to coal combustion residuals (CCR) disposal were uniform.

On October 4, 2016, EPA amended certain provisions of the Federal CCR Rule in response to an Order issued by the D.C. Circuit Court of Appeals on June 14, 2016 that vacated part of the Rule allowing for early closure of inactive CCR surface impoundments. The amendments to the Federal CCR Rule, as well as the proposed amendments to OAC 252:517, extend certain deadlines for owners/operators of the impoundments that had previously been eligible for "early closure" and are now subject to the requirements for existing surface impoundments. The gist of the rule is to amend OAC 252:517 to remove the early closure provisions for CCR surface impoundments, and references thereto, and extend certain timeframes, all for purposes of ensuring the state CCR rules are consistent with the Federal CCR Rule.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2017:

SUBCHAPTER 9. GROUNDWATER MONITORING/CORRECTIVE ACTION

252:517-9-1. General provisions

(a) **Applicability.** ~~Except as provided for in OAC 252:517-15-5 for inactive CCR surface impoundments,~~ ~~a~~ All CCR landfills, CCR surface impoundments, and lateral expansions of CCR units are subject to the groundwater monitoring and corrective action requirements under OAC 252:517-9-1 through OAC 252:517-9-9.

(b) Initial timeframes.

(1) **Existing CCR landfills and existing CCR surface impoundments.** No later than October 17, 2017, the owner or operator of the CCR unit must be in compliance with the following groundwater monitoring requirements:

(A) Install the groundwater monitoring system as required by OAC 252-517-9-2;

(B) Develop the groundwater sampling and analysis program to include selection of the statistical

procedures to be used for evaluating groundwater monitoring data as required by OAC 252:517-9-4;

(C) Initiate the detection monitoring program to include obtaining a minimum of eight independent samples for each background and downgradient well as required by OAC 252:517-9-5(b); and

(D) Begin evaluating the groundwater monitoring data for statistically significant increases over background levels for the constituents listed in Appendix A of this Chapter as required by OAC 252:517-9-5.

(2) **New CCR landfills, new CCR surface impoundments, and all lateral expansions of CCR units.** Prior to initial receipt of CCR by the CCR unit, the owner or operator must be in compliance with the groundwater monitoring requirements specified in paragraph (b)(1)(A) and (B) of this Section. In addition, the owner or operator of the CCR unit must initiate the detection monitoring program to include obtaining a minimum of eight independent samples for each background well as required by OAC 252:517-9-5(b).

(c) **Groundwater monitoring and corrective action.** Once a groundwater monitoring system and groundwater monitoring program has been established at the CCR unit as required by this Chapter, the owner or operator must conduct groundwater monitoring and, if necessary, corrective action throughout the active life and post-closure care period of the CCR unit.

(d) **Control releases.** In the event of a release from a CCR unit, the owner or operator must immediately take all necessary measures to control the source(s) of releases so as to reduce or eliminate, to the maximum extent feasible, further releases of contaminants into the environment. The owner or operator of the CCR unit must comply with all applicable requirements in OAC 252:517-9-7, OAC 252:517-9-8, and OAC 252:517-9-9.

(e) **Annual groundwater monitoring and corrective action report.** For existing CCR landfills and existing CCR surface impoundments, no later than January 31, 2018, and annually thereafter, the owner or operator must prepare an annual groundwater monitoring and corrective action report. For new CCR landfills, new CCR surface impoundments, and all lateral expansions of CCR units, the owner or operator must prepare the initial annual groundwater monitoring and corrective action report no later than January 31 of the year following the calendar year a groundwater monitoring system has been established for such CCR unit as required by this Chapter, and annually thereafter. For the preceding calendar year, the annual report must document the status of the groundwater monitoring and corrective action program for the CCR unit, summarize key actions completed, describe any problems encountered, discuss actions to resolve the problems, and project key activities for the upcoming year. For purposes of this Section, the owner or operator has prepared the annual report when the report is placed in the facility's operating record as required by OAC 252:517-19-1(h)(1). At a minimum, the annual groundwater monitoring and corrective action report must contain the following information, to the extent available:

(1) A map, aerial image, or diagram showing the CCR unit and all background (or upgradient) and downgradient

monitoring wells, to include the well identification numbers, that are part of the groundwater monitoring program for the CCR unit;

(2) Identification of any monitoring wells that were installed or decommissioned during the preceding year, along with a narrative description of why those actions were taken;

(3) In addition to all the monitoring data obtained under OAC 252:517-9-1 through OAC 252:517-9-9, a summary including the number of groundwater samples that were collected for analysis for each background and downgradient well, the dates the samples were collected, and whether the sample was required by the detection monitoring or assessment monitoring programs;

(4) A narrative discussion of any transition between monitoring programs (e.g., the date and circumstances for transitioning from detection monitoring to assessment monitoring in addition to identifying the constituent(s) detected at a statistically significant increase over background levels); and

(5) Other information required to be included in the annual report as specified in OAC 252:517-9-1 through OAC 252:517-9-9.

(f) **Recordkeeping.** The owner or operator of the CCR unit must comply with the recordkeeping requirements specified in OAC 252:517-19-1(h), the notification requirements specified in OAC 252:517-19-2(h), and the internet requirements specified in OAC 252:517-19-3(h).

(g) **DEQ approval required.** The annual groundwater monitoring and corrective action report shall be submitted to the DEQ for approval.

SUBCHAPTER 15. CLOSURE AND POST-CLOSURE CARE

252:517-15-5. Inactive CCR surface impoundments

(a) **Applicability.** ~~Except as provided by paragraph (b) of this Section, I~~Inactive CCR surface impoundments are subject to all of the requirements of this Chapter applicable to existing CCR surface impoundments.

(b) ~~Inactive CCR surface impoundment exemption.~~ **[RESERVED]**~~An owner or operator of an inactive CCR surface impoundment that completes closure of such CCR unit, and meets all of the requirements of either paragraphs (b)(1) through (4) of this Section or paragraph (b)(5) of this Section no later than April 17, 2018, is exempt from all other requirements of this Chapter.~~

(1) **Closure by leaving CCR in place.** If the owner or operator of the inactive CCR surface impoundment elects to close the CCR surface impoundment by leaving CCR in place, the owner or operator must ensure that, at a minimum, the CCR unit is closed in a manner that will:

(A) Control, minimize or eliminate, to the maximum extent feasible, post closure infiltration of liquids into the waste and releases of CCR, leachate, or contaminated run-off to the ground or surface waters or to the atmosphere;

(B) Preclude the probability of future impoundment of water, sediment, or slurry;

(C) Include measures that provide for major slope stability to prevent the sloughing or movement of the final cover system; and

(D) Minimize the need for further maintenance of the CCR unit.

(2) **Free liquids; stabilization.** ~~The owner or operator of the inactive CCR surface impoundment must meet the requirements of paragraphs (b)(2)(A) and (B) of this Section prior to installing the final cover system required under paragraph (b)(3) of this Section.~~

(A) Free liquids must be eliminated by removing liquid wastes or solidifying the remaining wastes and waste residues.

(B) Remaining wastes must be stabilized sufficient to support the final cover system.

(3) **Final cover system design.** ~~The owner or operator must install a final cover system that is designed to minimize infiltration and erosion, and at a minimum, meets the requirements of paragraph (b)(3)(A) of this Section, or the requirements of an alternative final cover system specified in paragraph (b)(3)(B) of this Section.~~

(A) ~~The final cover system must be designed and constructed to meet the criteria specified in paragraphs (b)(3)(A)(i) through (iv) of this Section.~~

(i) ~~The permeability of the final cover system must be less than or equal to the permeability of any bottom liner system or natural subsoils present, or a permeability no greater than 1×10^{-5} centimeters/second, whichever is less.~~

(ii) ~~The infiltration of liquids through the CCR unit must be minimized by the use of an infiltration layer that contains a minimum of 18 inches of earthen material.~~

(iii) ~~The erosion of the final cover system must be minimized by the use of an erosion layer that contains a minimum of six inches of earthen material that is capable of sustaining native plant growth.~~

(iv) ~~The disruption of the integrity of the final cover system must be minimized through a design that accommodates settling and subsidence.~~

(B) ~~The owner or operator may select an alternative final cover system design, provided the alternative final cover system is designed and constructed to meet the criteria in paragraphs (b)(3)(B)(i) through (iii) of this Section.~~

(i) ~~The design of the final cover system must include an infiltration layer that achieves an equivalent reduction in infiltration as the infiltration layer specified in paragraphs (b)(3)(A)(i) and (ii) of this Section.~~

(ii) ~~The design of the final cover system must include an erosion layer that provides equivalent protection from wind or water erosion as the erosion layer specified in paragraph (b)(3)(A)(iii) of this Section.~~

Permanent Final Adoptions

- (iii) The disruption of the integrity of the final cover system must be minimized through a design that accommodates settling and subsidence.
- (4) **PE certification of final cover.** The owner or operator of the CCR surface impoundment must obtain a written certification from a qualified professional engineer stating that the design of the final cover system meets either the requirements paragraphs (b)(3)(A) or (B) of this Section.
- (5) **Closure through removal of CCR.** The owner or operator may alternatively elect to close an inactive CCR surface impoundment by removing and decontaminating all areas affected by releases from the CCR surface impoundment. CCR removal and decontamination of the CCR surface impoundment are complete when all CCR in the inactive CCR surface impoundment is removed, including the bottom liner of the CCR unit.
- (6) **PE certification of timeline.** The owner or operator of the CCR surface impoundment must obtain a written certification from a qualified professional engineer that closure of the CCR surface impoundment under either paragraphs (b)(1) through (4) or (b)(5) of this Section is technically feasible within the timeframe in paragraph (b) of this Section.
- (7) **Failure to complete closure.** If the owner or operator of the CCR surface impoundment fails to complete closure of the inactive CCR surface impoundment within the timeframe in paragraph (b) of this Section, the CCR unit must comply with all of the requirements applicable to existing CCR surface impoundments under this Chapter.
- (c) **Required notices and progress reports.** [RESERVED] An owner or operator of an inactive CCR surface impoundment that closes in accordance with paragraph (b) of this Section must complete the notices and progress reports specified in paragraphs (e)(1) through (3) of this Section.
- (1) The owner or operator must prepare and place in the facility's operating record a notification of intent to initiate closure of the CCR surface impoundment. The notification must state that the CCR surface impoundment is an inactive CCR surface impoundment closing under the requirements of paragraph (b) of this Section. The notification must also include a narrative description of how the CCR surface impoundment will be closed, a schedule for completing closure activities, and the required certifications under paragraphs (b)(4) and (6) of this Section, if applicable.
- (2) The owner or operator must prepare periodic progress reports summarizing the progress of closure implementation, including a description of the actions completed to date, any problems encountered and a description of the actions taken to resolve the problems, and projected closure activities for the upcoming year. The annual progress reports must be completed according to the following schedule and submitted to the DEQ:
- (A) The first annual progress report must be prepared no later than 13 months after completing the

notification of intent to initiate closure required by paragraph (e)(1) of this Section.

(B) The second annual progress report must be prepared no later than 12 months after completing the first progress report required by paragraph (e)(2)(A) of this Section.

(C) The owner or operator has completed the progress reports specified in paragraph (e)(2) of this Section when the reports are placed in the facility's operating record as required by OAC 252:517-19-1(i)(2).

(3) The owner or operator must prepare and place in the facility's operating record a notification of completion of closure of the CCR surface impoundment. The notification must be submitted within 60 days of completing closure of the CCR surface impoundment and must include a written certification from a qualified professional engineer stating that the CCR surface impoundment was closed in accordance with the requirements of either paragraph (b)(1) through (4) or (b)(5) of this Section.

(d) **Recordkeeping.** [RESERVED] The owner or operator of the CCR unit must comply with the recordkeeping requirements specified in OAC 252:517-19-1(i), the notification requirements specified in OAC 252:517-19-2(i), and the internet requirements specified in OAC 252:517-19-3(i).

(e) **Timeframes for certain inactive CCR surface impoundments.**

(1) **Alternative timeframes.** An inactive CCR surface impoundment for which the owner or operator has completed the actions by the deadlines specified in paragraphs (e)(1)(A) through (C) of this Section is eligible for the alternative timeframes specified in paragraphs (e)(2) through (6) of this Section. The owner or operator of the CCR unit must comply with the applicable recordkeeping, notification, and internet requirements associated with these provisions. For the inactive CCR surface impoundment:

(A) The owner or operator must have prepared and placed in the facility's operating record by December 17, 2015, a notification of intent to initiate closure of the inactive CCR surface impoundment pursuant to OAC 252:517-19-1(i)(1);

(B) The owner or operator must have provided notification to the State Director and/or appropriate Tribal authority by January 19, 2016, of the intent to initiate closure of the inactive CCR surface impoundment pursuant to OAC 252:517-19-2(h)(1); and

(C) The owner or operator must have placed on its CCR Web site by January 19, 2016, the notification of intent to initiate closure of the inactive CCR surface impoundment pursuant to OAC 252:517-19-3(i)(1).

(2) **Location restrictions.**

(A) No later than April 16, 2020, the owner or operator of the inactive CCR surface impoundment must:

(i) Complete the demonstration for placement above the uppermost aquifer as set forth by OAC 252:517-5-1(a), (b), and (c)(3);

- (ii) Complete the demonstration for wetlands as set forth by OAC 252:517-5-2(a), (b), and (c)(3);
 - (iii) Complete the demonstration for fault areas as set forth by OAC 252:517-5-3(a), (b), and (c)(3);
 - (iv) Complete the demonstration for seismic impact zones as set forth by OAC 252:517-5-4(a), (b), and (c)(3); and
 - (v) Complete the demonstration for unstable areas as set forth by OAC 252:517-5-5(a), (b), (c), and (d)(3).
- (B) An owner or operator of an inactive CCR surface impoundment who fails to demonstrate compliance with the requirements of paragraph (e)(2)(A) of this section is subject to the closure requirements of OAC 252:517-15-6(b)(1).
- (3) **Design criteria.** The owner or operator of the inactive CCR surface impoundment must:
- (A) No later than April 17, 2018, complete the documentation of liner type as set forth by OAC 252:517-11-2(a) and (b).
 - (B) No later than June 16, 2017, place on or immediately adjacent to the CCR unit the permanent identification marker as set forth by OAC 252:517-11-4(a)(1).
 - (C) No later than October 16, 2018, prepare and maintain an Emergency Action Plan as set forth by OAC 252:517-11-4(a)(3).
 - (D) No later than April 17, 2018, compile a history of construction as set forth by OAC 252:517-11-4(b) and (c).
 - (E) No later than April 17, 2018, complete the initial hazard potential classification, structural stability, and safety factor assessments as set forth by OAC 252:517-11-4(a)(2), (b), (d), (e), and (f).
- (4) **Operating criteria.** The owner or operator of the inactive CCR surface impoundment must:
- (A) No later than April 18, 2017, prepare the initial CCR fugitive dust control plan as set forth in OAC 252:517-13-1(b).
 - (B) No later than April 17, 2018, prepare the initial inflow design flood control system plan as set forth in OAC 252:517-13-3(c).
 - (C) No later than April 18, 2017, initiate the inspections by a qualified person as set forth by OAC 252:517-13-4(a).
 - (D) No later than July 19, 2017, complete the initial annual inspection by a qualified professional engineer as set forth by OAC 252:517-13-4(b).
- (5) **Groundwater monitoring and corrective action.** The owner or operator of the inactive CCR surface impoundment must:
- (A) No later than April 17, 2019, comply with groundwater monitoring requirements set forth in OAC 252:517-9-1(b) and 252:517-9-5(b); and
 - (B) No later than August 1, 2019, prepare the initial groundwater monitoring and corrective action report as set forth in OAC 252:517-9-1(e).
- (6) **Closure and post-closure care.** The owner or operator of the inactive CCR surface impoundment must:
- (A) No later than April 17, 2018, prepare an initial written closure plan as set forth in OAC 252:517-15-7(b); and
 - (B) No later than April 17, 2018, prepare an initial written post-closure care plan as set forth in OAC 252:517-15-9(d).
- 252:517-15-7. Criteria for conducting the closure or retrofit of CCR units**
- (a) **Closure of CCR unit; retrofit of CCR surface impoundment.** Closure of a CCR landfill, CCR surface impoundment, or any lateral expansion of a CCR unit must be completed either by leaving the CCR in place and installing a final cover system or through removal of the CCR and decontamination of the CCR unit, as described in paragraphs (b) through (j) of this Section. Retrofit of a CCR surface impoundment must be completed in accordance with the requirements in paragraph (k) of this Section.
- (b) **Written closure plan.**
- (1) **Content of the plan.** The owner or operator of a CCR unit must prepare a written closure plan that describes the steps necessary to close the CCR unit at any point during the active life of the CCR unit consistent with recognized and generally accepted good engineering practices. The written closure plan must include, at a minimum, the information specified in paragraphs (b)(1)(A) through (F) of this Section.
 - (A) A narrative description of how the CCR unit will be closed in accordance with this Section.
 - (B) If closure of the CCR unit will be accomplished through removal of CCR from the CCR unit, a description of the procedures to remove the CCR and decontaminate the CCR unit in accordance with paragraph (c) of this Section.
 - (C) If closure of the CCR unit will be accomplished by leaving CCR in place, a description of the final cover system, designed in accordance with paragraph (d) of this Section, and the methods and procedures to be used to install the final cover. The closure plan must also discuss how the final cover system will achieve the performance standards specified in paragraph (d) of this Section.
 - (D) An estimate of the maximum inventory of CCR ever on-site over the active life of the CCR unit.
 - (E) An estimate of the largest area of the CCR unit ever requiring a final cover as required by paragraph (d) of this Section at any time during the CCR unit's active life.
 - (F) A schedule for completing all activities necessary to satisfy the closure criteria in this Section, including an estimate of the year in which all closure activities for the CCR unit will be completed. The schedule should provide sufficient information to

Permanent Final Adoptions

describe the sequential steps that will be taken to close the CCR unit, including identification of major milestones such as coordinating with and obtaining necessary approvals and permits from other agencies, the dewatering and stabilization phases of CCR surface impoundment closure, or installation of the final cover system, and the estimated timeframes to complete each step or phase of CCR unit closure. When preparing the written closure plan, if the owner or operator of a CCR unit estimates that the time required to complete closure will exceed the timeframes specified in paragraph (f)(1) of this Section, the written closure plan must include the site-specific information, factors and considerations that would support any time extension sought under paragraph (f)(2) of this Section.

(2) **Timeframes for preparing the initial written closure plan.**

(A) Existing CCR landfills and existing CCR surface impoundments. No later than October 17, 2016, the owner or operator of the CCR unit must prepare an initial written closure plan consistent with the requirements specified in paragraph (b)(1) of this Section.

(B) New CCR landfills and new CCR surface impoundments, and any lateral expansion of a CCR unit. No later than the date of the initial receipt of CCR in the CCR unit, the owner or operator must prepare an initial written closure plan consistent with the requirements specified in paragraph (b)(1) of this Section.

(C) The owner or operator has completed the written closure plan when the plan, including the certification required by paragraph (b)(4) of this Section, has been placed in the facility's operating record as required by OAC 252:517-19-1(i)(4).

(3) **Amendment of a written closure plan.**

(A) The owner or operator may amend the initial or any subsequent written closure plan developed pursuant to paragraph (b)(1) of this Section at any time.

(B) The owner or operator must amend the written closure plan whenever:

(i) There is a change in the operation of the CCR unit that would substantially affect the written closure plan in effect; or

(ii) Before or after closure activities have commenced, unanticipated events necessitate a revision of the written closure plan;

(C) The owner or operator must amend the closure plan at least 60 days prior to a planned change in the operation of the facility or CCR unit, or no later than 60 days after an unanticipated event requires the need to revise an existing written closure plan. If a written closure plan is revised after closure activities have commenced for a CCR unit, the owner or operator must amend the current closure plan no later than 30 days following the triggering event.

(4) **PE certification.** The owner or operator of the CCR unit must obtain a written certification from a qualified professional engineer that the initial and any

amendment of the written closure plan meets the requirements of this Section.

(5) **DEQ approval required.** The owner or operator of the CCR unit must submit the initial closure plan and any amendment of the closure plan to the DEQ for approval.

(c) **Closure by removal of CCR.** An owner or operator may elect to close a CCR unit by removing and decontaminating all areas affected by releases from the CCR unit. CCR removal and decontamination of the CCR unit are complete when constituent concentrations throughout the CCR unit and any areas affected by releases from the CCR unit have been removed and groundwater monitoring concentrations do not exceed the groundwater protection standard established pursuant to OAC 252:517-9-6(h) for constituents listed in Appendix B to this Chapter.

(d) **Closure performance standard when leaving CCR in place.**

(1) **Closure standards.** The owner or operator of a CCR unit must ensure that, at a minimum, the CCR unit is closed in a manner that will:

(A) Control, minimize or eliminate, to the maximum extent feasible, post-closure infiltration of liquids into the waste and releases of CCR, leachate, or contaminated run-off to the ground or surface waters or to the atmosphere;

(B) Preclude the probability of future impoundment of water, sediment, or slurry;

(C) Include measures that provide for major slope stability to prevent the sloughing or movement of the final cover system during the closure and post-closure care period;

(D) Minimize the need for further maintenance of the CCR unit; and

(E) Be completed in the shortest amount of time consistent with recognized and generally accepted good engineering practices.

(2) **Drainage and stabilization of CCR surface impoundments.** The owner or operator of a CCR surface impoundment or any lateral expansion of a CCR surface impoundment must meet the requirements of paragraphs (d)(2)(A) and (B) of this Section prior to installing the final cover system required under paragraph (d)(3) of this Section.

(A) Free liquids must be eliminated by removing liquid wastes or solidifying the remaining wastes and waste residues.

(B) Remaining wastes must be stabilized sufficient to support the final cover system.

(3) **Final cover system.** If a CCR unit is closed by leaving CCR in place, the owner or operator must install a final cover system that is designed to minimize infiltration and erosion, and at a minimum, meets the requirements of paragraph (d)(3)(A) of this Section, or the requirements of the alternative final cover system specified in paragraph (d)(3)(B) of this Section.

(A) The final cover system must be designed and constructed to meet the criteria in paragraphs

(d)(3)(A)(i) through (iv) of this Section. The design of the final cover system must be included in the written closure plan required by paragraph (b) of this Section.

(i) The permeability of the final cover system must be less than or equal to the permeability of any bottom liner system or natural subsoils present, or a permeability no greater than 1×10^{-5} cm/sec, whichever is less.

(ii) The infiltration of liquids through the closed CCR unit must be minimized by the use of an infiltration layer that contains a minimum of 18 inches of earthen material.

(iii) The erosion of the final cover system must be minimized by the use of an erosion layer that contains a minimum of six inches of earthen material that is capable of sustaining native plant growth.

(iv) The disruption of the integrity of the final cover system must be minimized through a design that accommodates settling and subsidence.

(B) The owner or operator may select an alternative final cover system design, provided the alternative final cover system is designed and constructed to meet the criteria in paragraphs (f)(3)(B)(i) through (iv) of this Section. The design of the final cover system must be included in the written closure plan required by paragraph (b) of this Section.

(i) The design of the final cover system must include an infiltration layer that achieves an equivalent reduction in infiltration as the infiltration layer specified in paragraphs (d)(3)(A)(i) and (ii) of this Section.

(ii) The design of the final cover system must include an erosion layer that provides equivalent protection from wind or water erosion as the erosion layer specified in paragraph (d)(3)(A)(iii) of this Section.

(iii) The disruption of the integrity of the final cover system must be minimized through a design that accommodates settling and subsidence.

(C) The owner or operator of the CCR unit must obtain a written certification from a qualified professional engineer that the design of the final cover system meets the requirements of this Section.

(e) **Initiation of closure activities.** Except as provided for in paragraph (e)(4) of this Section and OAC 252:517-15-8, the owner or operator of a CCR unit must commence closure of the CCR unit no later than the applicable timeframes specified in either paragraph (e)(1) or (2) of this Section.

(1) **Commencing closure.** The owner or operator must commence closure of the CCR unit no later than 30 days after the date on which the CCR unit either:

(A) Receives the known final receipt of waste, either CCR or any non-CCR waste stream; or

(B) Removes the known final volume of CCR from the CCR unit for the purpose of beneficial use of CCR.

(2) **Conditions.**

(A) Except as provided by paragraph (e)(2)(B) of this Section, the owner or operator must commence closure of a CCR unit that has not received CCR or any non-CCR waste stream or is no longer removing CCR for the purpose of beneficial use within two years of the last receipt of waste or within two years of the last removal of CCR material for the purpose of beneficial use.

(B) Notwithstanding paragraph (e)(2)(A) of this Section, the owner or operator of the CCR unit may secure an additional two years to initiate closure of the idle unit provided the owner or operator provides written documentation that the CCR unit will continue to accept wastes or will start removing CCR for the purpose of beneficial use. The documentation must be supported by, at a minimum, the information specified in paragraphs (e)(2)(B)(i) and (ii) of this Section. The owner or operator may obtain two-year extensions provided the owner or operator continues to be able to demonstrate that there is reasonable likelihood that the CCR unit will accept wastes in the foreseeable future or will remove CCR from the unit for the purpose of beneficial use. The owner or operator must place each completed demonstration, if more than one time extension is sought, in the facility's operating record as required by OAC 252:517-19-1(i)(5) prior to the end of any two-year period.

(i) Information documenting that the CCR unit has remaining storage or disposal capacity or that the CCR unit can have CCR removed for the purpose of beneficial use; and

(ii) Information demonstrating that there is a reasonable likelihood that the CCR unit will resume receiving CCR or non-CCR waste streams in the foreseeable future or that CCR can be removed for the purpose of beneficial use. The narrative must include a best estimate as to when the CCR unit will resume receiving CCR or non-CCR waste streams. The situations listed in paragraphs (e)(2)(B)(ii)(I) through (IV) of this Section are examples of situations that would support a determination that the CCR unit will resume receiving CCR or non-CCR waste streams in the foreseeable future.

(I) Normal plant operations include periods during which the CCR unit does not receive CCR or non-CCR waste streams, such as the alternating use of two or more CCR units whereby at any point in time one CCR unit is receiving CCR while CCR is being removed from a second CCR unit after its dewatering.

(II) The CCR unit is dedicated to a coal-fired boiler unit that is temporarily idled (e.g., CCR is not being generated) and there is a reasonable likelihood that the coal-fired boiler will resume operations in the future.

(III) The CCR unit is dedicated to an operating coal-fired boiler (i.e., CCR is being

Permanent Final Adoptions

generated); however, no CCR are being placed in the CCR unit because the CCR are being entirely diverted to beneficial uses, but there is a reasonable likelihood that the CCR unit will again be used in the foreseeable future.

(IV) The CCR unit currently receives only non-CCR waste streams and those non-CCR waste streams are not generated for an extended period of time, but there is a reasonable likelihood that the CCR unit will again receive non-CCR waste streams in the future.

(C) In order to obtain additional time extension(s) to initiate closure of a CCR unit beyond the two years provided by paragraph (e)(2)(A) of this Section, the owner or operator of the CCR unit must include with the demonstration required by paragraph (e)(2)(B) of this Section the following statement signed by the owner or operator or an authorized representative: I certify under penalty of law that I have personally examined and am familiar with the information submitted in this demonstration and all attached documents, and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

(3) **Commencement activities.** For purposes of this Chapter, closure of the CCR unit has commenced if the owner or operator has ceased placing waste and completes any of the following actions or activities:

(A) Taken any steps necessary to implement the written closure plan required by paragraph (b) of this Section; or

(B) Taken any steps necessary to comply with any standards that are a prerequisite, or are otherwise applicable, to initiating or completing the closure of a CCR unit.

(4) **Timeline exceptions.** The timeframes specified in paragraphs (e)(1) and (2) of this Section do not apply to any of the following owners or operators:

~~(A) An owner or operator of an inactive CCR surface impoundment closing the CCR unit as required by OAC 252:517-15-5(b);~~

~~(B)~~ (A) An owner or operator of an existing unlined CCR surface impoundment closing the CCR unit as required by OAC 252:517-15-6(a);

~~(C)~~ (B) An owner or operator of an existing CCR surface impoundment closing the CCR unit as required by OAC 252:517-15-6(b);

~~(D)~~ (C) An owner or operator of a new CCR surface impoundment closing the CCR unit as required by OAC 252:517-15-6(c); or

~~(E)~~ (D) An owner or operator of an existing CCR landfill closing the CCR unit as required by OAC 252:517-15-6(d).

(f) **Completion of closure activities.**

(1) **Closure timeframes.** Except as provided for in paragraph (f)(2) of this Section, the owner or operator must complete closure of the CCR unit:

(A) For existing and new CCR landfills and any lateral expansion of a CCR landfill, within six months of commencing closure activities.

(B) For existing and new CCR surface impoundments and any lateral expansion of a CCR surface impoundment, within five years of commencing closure activities.

(2) **Extensions of closure timeframes.**

(A) **Applicability.** The timeframes for completing closure of a CCR unit specified under paragraphs (f)(1) of this Section may be extended if the owner or operator can demonstrate that it was not feasible to complete closure of the CCR unit within the required timeframes due to factors beyond the facility's control. If the owner or operator is seeking a time extension beyond the time specified in the written closure plan as required by paragraph (b)(1) of this Section, the demonstration must include a narrative discussion providing the basis for additional time beyond that specified in the closure plan. The owner or operator must place each completed demonstration, if more than one time extension is sought, in the facility's operating record as required by OAC 252:517-19-1(i)(6) prior to the end of any two-year period. Factors that may support such a demonstration include:

(i) Complications stemming from the climate and weather, such as unusual amounts of precipitation or a significantly shortened construction season;

(ii) Time required to dewater a surface impoundment due to the volume of CCR contained in the CCR unit or the characteristics of the CCR in the unit;

(iii) The geology and terrain surrounding the CCR unit will affect the amount of material needed to close the CCR unit; or

(iv) Time required or delays caused by the need to coordinate with and obtain necessary approvals and permits from a state or other agency.

(B) **Maximum time extensions.**

(i) CCR surface impoundments of 40 acres or smaller may extend the time to complete closure by no longer than two years.

(ii) CCR surface impoundments larger than 40 acres may extend the timeframe to complete closure of the CCR unit multiple times, in two-year increments. For each two-year extension sought, the owner or operator must substantiate the factual circumstances demonstrating the need for the extension. No more than a total of five two-year extensions may be obtained for any CCR surface impoundment.

(iii) CCR landfills may extend the timeframe to complete closure of the CCR unit multiple

times, in one-year increments. For each one-year extension sought, the owner or operator must substantiate the factual circumstances demonstrating the need for the extension. No more than a total of two one-year extensions may be obtained for any CCR landfill.

(C) **Certification statement.** In order to obtain additional time extension(s) to complete closure of a CCR unit beyond the times provided by paragraph (f)(1) of this Section, the owner or operator of the CCR unit must include with the demonstration required by paragraph (f)(2)(A) of this Section the following statement signed by the owner or operator or an authorized representative: I certify under penalty of law that I have personally examined and am familiar with the information submitted in this demonstration and all attached documents, and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

(3) **PE certification.** Upon completion, the owner or operator of the CCR unit must obtain a certification from a qualified professional engineer verifying that closure has been completed in accordance with the closure plan specified in paragraph (b) of this Section and the requirements of this Section.

(g) **Notification of intent to close.** No later than the date the owner or operator initiates closure of a CCR unit, the owner or operator must prepare a notification of intent to close a CCR unit. The notification must include the certification by a qualified professional engineer for the design of the final cover system as required by OAC 252:517-15-7(d)(3)(iii), if applicable. The owner or operator has completed the notification when it has been placed in the facility's operating record as required by OAC 252:517-19-1(i)(7).

(h) **Notification of closure.** Within 30 days of completion of closure of the CCR unit, the owner or operator must prepare a notification of closure of a CCR unit. The notification must include the certification by a qualified professional engineer as required by OAC 252:517-15-7(f)(3). The owner or operator has completed the notification when it has been placed in the facility's operating record as required by OAC 252:517-19-1(i)(8).

(i) **Deed notations.**

(1) Except as provided by paragraph (i)(4) of this Section, following closure of a CCR unit, the owner or operator must record a notation on the deed to the property, or some other instrument that is normally examined during title search.

(2) The notation on the deed must in perpetuity notify any potential purchaser of the property that:

- (A) The land has been used as a CCR unit; and
- (B) Its use is restricted under the post-closure care requirements as provided by OAC 252:517-15-9(d)(1)(iii).

(3) Within 30 days of recording a notation on the deed to the property, the owner or operator must prepare a notification stating that the notation has been recorded. The owner or operator has completed the notification when it has been placed in the facility's operating record as required by OAC 252:517-19-1(i)(9).

(4) An owner or operator that closes a CCR unit in accordance with paragraph (c) of this Section is not subject to the requirements of paragraphs (i)(1) through (3) of this Section.

(j) **Recordkeeping.** The owner or operator of the CCR unit must comply with the closure recordkeeping requirements specified in OAC 252:517-19-1(i), the closure notification requirements specified in OAC 252:517-19-2(i), and the closure Internet requirements specified in OAC 252:517-19-3(i).

(k) **Criteria to retrofit existing CCR surface impoundment.**

(1) **Retrofit existing CCR surface impoundment.** To retrofit an existing CCR surface impoundment, the owner or operator must:

- (A) First remove all CCR, including any contaminated soils and sediments from the CCR unit; and
- (B) Comply with the requirements in OAC 252:517-11-3.
- (C) A CCR surface impoundment undergoing a retrofit remains subject to all other requirements of this Chapter, including the requirement to conduct any necessary corrective action.

(2) **Written retrofit plan.**

(A) **Content of the plan.** The owner or operator must prepare a written retrofit plan that describes the steps necessary to retrofit the CCR unit consistent with recognized and generally accepted good engineering practices. The written retrofit plan must include, at a minimum, all of the following information:

- (i) A narrative description of the specific measures that will be taken to retrofit the CCR unit in accordance with this Section.
- (ii) A description of the procedures to remove all CCR and contaminated soils and sediments from the CCR unit.
- (iii) An estimate of the maximum amount of CCR that will be removed as part of the retrofit operation.
- (iv) An estimate of the largest area of the CCR unit that will be affected by the retrofit operation.
- (v) A schedule for completing all activities necessary to satisfy the retrofit criteria in this Section, including an estimate of the year in which retrofit activities of the CCR unit will be completed.

(B) **Timeframes for preparing the initial written retrofit plan.**

(i) No later than 60 days prior to date of initiating retrofit activities, the owner or operator must prepare an initial written retrofit plan consistent with the requirements specified in paragraph (k)(2)

Permanent Final Adoptions

of this Section. For purposes of this Chapter, initiation of retrofit activities has commenced if the owner or operator has ceased placing waste in the unit and completes any of the following actions or activities:

- (I) Taken any steps necessary to implement the written retrofit plan;
- (II) Submitted a completed application for any required state or agency permit or permit modification; or
- (III) Taken any steps necessary to comply with any state or other agency standards that are a prerequisite, or are otherwise applicable, to initiating or completing the retrofit of a CCR unit.

(ii) The owner or operator has completed the written retrofit plan when the plan, including the certification required by paragraph (k)(2)(D) of this Section, has been placed in the facility's operating record as required by OAC 252:517-19-1(j)(1).

(C) **Amendment of a written retrofit plan.**

(i) The owner or operator may amend the initial or any subsequent written retrofit plan at any time.

(ii) The owner or operator must amend the written retrofit plan whenever:

- (I) There is a change in the operation of the CCR unit that would substantially affect the written retrofit plan in effect; or
- (II) Before or after retrofit activities have commenced, unanticipated events necessitate a revision of the written retrofit plan.

(iii) The owner or operator must amend the retrofit plan at least 60 days prior to a planned change in the operation of the facility or CCR unit, or no later than 60 days after an unanticipated event requires the revision of an existing written retrofit plan. If a written retrofit plan is revised after retrofit activities have commenced for a CCR unit, the owner or operator must amend the current retrofit plan no later than 30 days following the triggering event.

(D) **PE certification.** The owner or operator of the CCR unit must obtain a written certification from a qualified professional engineer that the activities outlined in the written retrofit plan, including any amendment of the plan, meet the requirements of this Section.

(E) **DEQ approval required.** The owner or operator of the CCR unit must submit the written retrofit plan, and any amendment of the plan, to the DEQ for approval.

(3) **Deadline for completion.** Deadline for completion of activities related to the retrofit of a CCR unit. Any CCR surface impoundment that is being retrofitted must complete all retrofit activities within the same time frames and procedures specified for the closure of a CCR surface

impoundment in OAC 252:517-15-7(f) or, where applicable, OAC 252:517-15-8.

(4) **PE certification; DEQ approval required.** Upon completion, the owner or operator must obtain a certification from a qualified professional engineer verifying that the retrofit activities have been completed in accordance with the retrofit plan specified in paragraph (k)(2) of this Section and the requirements of this Section. The certified report shall be submitted to DEQ for approval.

(5) **Notification of intent.** No later than the date the owner or operator initiates the retrofit of a CCR unit, the owner or operator must prepare a notification of intent to retrofit a CCR unit. The owner or operator has completed the notification when it has been placed in the facility's operating record as required by OAC 252:517-19-1(j)(5).

(6) **Notification of completion.** Within 30 days of completing the retrofit activities specified in paragraph (k)(1) of this Section, the owner or operator must prepare a notification of completion of retrofit activities. The notification must include the certification by a qualified professional engineer as required by paragraph (k)(4) of this Section. The owner or operator has completed the notification when it has been placed in the facility's operating record as required by OAC 252:517-19-1(j)(6).

(7) **Retrofit cessation.** At any time after the initiation of a CCR unit retrofit, the owner or operator may cease the retrofit and initiate closure of the CCR unit in accordance with the requirements of OAC 252:517-15-7.

(8) **Recordkeeping.** The owner or operator of the CCR unit must comply with the retrofit recordkeeping requirements specified in OAC 252:517-19-1(j), the retrofit notification requirements specified in OAC 252:517-19-2(j), and the retrofit Internet requirements specified in OAC 252:517-19-3(j).

252:517-15-9. Post-closure care requirements

(a) **Applicability.**

(1) Except as provided by either paragraph (a)(2) ~~or (3)~~ of this Section, OAC 252:517-15-9 applies to the owners or operators of CCR landfills, CCR surface impoundments, and all lateral expansions of CCR units that are subject to the closure criteria under OAC 252:517-15-7.

(2) An owner or operator of a CCR unit that elects to close a CCR unit by removing CCR as provided by OAC 252:517-15-7(c) is not subject to the post-closure care criteria under this Section.

~~(3) An owner or operator of an inactive CCR surface impoundment that elects to close a CCR unit pursuant to the requirements under OAC 252:517-15-5(b) is not subject to the post-closure care criteria under this Section.~~

(b) **Post-closure care maintenance requirements.** Following closure of the CCR unit, the owner or operator must conduct post-closure care for the CCR unit, which must consist of at least the following:

(1) Maintaining the integrity and effectiveness of the final cover system, including making repairs to the final cover as necessary to correct the effects of settlement, subsidence, erosion, or other events, and preventing run-on

and run-off from eroding or otherwise damaging the final cover;

(2) If the CCR unit is subject to the design criteria under OAC 252:517-11-1, maintaining the integrity and effectiveness of the leachate collection and removal system and operating the leachate collection and removal system in accordance with the requirements of OAC 252:517-11-1; and

(3) Maintaining the groundwater monitoring system and monitoring the groundwater in accordance with the requirements of OAC 252:517-9-1 through OAC 252:517-9-9.

(c) **Post-closure care period.**

(1) Except as provided by paragraph (c)(2) and (3) of this Section, the owner or operator of the CCR unit must conduct post-closure care for 30 years.

(2) If at the end of the post-closure care period the owner or operator of the CCR unit is operating under assessment monitoring in accordance with OAC 252:517-9-6, the owner or operator must continue to conduct post-closure care until the owner or operator returns to detection monitoring in accordance with OAC 252:517-9-6.

(3) The DEQ may extend the post-closure monitoring and care period if:

- (A) sampling shows the presence of elevated levels of any constituent;
- (B) evidence of contamination resulting from site operations is found to exist;
- (C) prior maintenance or monitoring of the site is found to be inadequate;
- (D) the site is producing leachate that must be treated prior to discharge; or
- (E) if other conditions are present that indicate a need for additional post-closure monitoring and care.

(4) When the post-closure period is extended, the DEQ may require the maintenance of existing financial assurance, the posting of additional assurance, and/or may require corrective action.

(d) **Written post-closure plan.**

(1) **Content of the plan.** The owner or operator of a CCR unit must prepare a written post-closure plan that includes, at a minimum, the information specified in paragraphs (d)(1)(A) through (C) of this Section.

- (A) A description of the monitoring and maintenance activities required in paragraph (b) of this Section for the CCR unit, and the frequency at which these activities will be performed;
- (B) the name, address, telephone number, and email address of the person or office to contact about the facility during the post-closure care period; and
- (C) A description of the planned uses of the property during the post-closure period. Post-closure use of the property shall not disturb the integrity of the final cover, liner(s), or any other component of the containment system, or the function of the monitoring systems unless necessary to comply with the requirements in this Chapter. Any other disturbance

is allowed if the owner or operator of the CCR unit demonstrates that disturbance of the final cover, liner, or other component of the containment system, including any removal of CCR, will not increase the potential threat to human health or the environment. The demonstration must be certified by a qualified professional engineer, and notification shall be provided to the State Director that the demonstration has been placed in the operating record and on the owners or operator's publicly accessible Internet site.

(2) **Deadline to prepare the initial written post-closure plan.**

(A) **Existing CCR landfills and existing CCR surface impoundments.** No later than October 17, 2016, the owner or operator of the CCR unit must prepare an initial written post-closure plan consistent with the requirements specified in paragraph (d)(1) of this Section.

(B) **New CCR landfills, new CCR surface impoundments, and any lateral expansion of a CCR unit.** No later than the date of the initial receipt of CCR in the CCR unit, the owner or operator must prepare an initial written post-closure plan consistent with the requirements specified in paragraph (d)(1) of this Section.

(C) **Completion.** The owner or operator has completed the written post-closure plan when the plan, including the certification required by paragraph (d)(4) of this Section, has been placed in the facility's operating record as required by OAC 252:517-19-1(i)(4).

(3) **Amendment of a written post-closure plan.**

(A) The owner or operator may amend the initial or any subsequent written post-closure plan developed pursuant to paragraph (d)(1) of this Section at any time.

(B) The owner or operator must amend the written closure plan whenever:

- (i) There is a change in the operation of the CCR unit that would substantially affect the written post-closure plan in effect; or
- (ii) After post-closure activities have commenced, unanticipated events necessitate a revision of the written post-closure plan.

(C) The owner or operator must amend the written post-closure plan at least 60 days prior to a planned change in the operation of the facility or CCR unit, or no later than 60 days after an unanticipated event requires the need to revise an existing written post-closure plan. If a written post-closure plan is revised after post-closure activities have commenced for a CCR unit, the owner or operator must amend the written post-closure plan no later than 30 days following the triggering event.

(4) **PE certification.** The owner or operator of the CCR unit must obtain a written certification from a qualified professional engineer that the initial and any amendment of the written post-closure plan meets the requirements of this Section.

Permanent Final Adoptions

(5) **DEQ approval required.** The owner or operator of the CCR unit must submit the initial post-closure plan and any amendment of the post-closure plan to the DEQ for approval.

(e) **Notification of completion of post-closure care period.** No later than 60 days following the completion of the post-closure care period, the owner or operator of the CCR unit must prepare a notification verifying that post-closure care has been completed and submit it to the DEQ. The notification must include the certification by a qualified professional engineer verifying that post-closure care has been completed in accordance with the closure plan specified in paragraph (d) of this Section and the requirements of this Section. The owner or operator has completed the notification when it has been placed in the facility's operating record as required by OAC 252:517-19-1(i)(13).

(f) **Recordkeeping.** The owner or operator of the CCR unit must comply with the recordkeeping requirements specified in OAC 252:517-19-1(i), the notification requirements specified in OAC 252:517-19-2(i), and the Internet requirements specified in OAC 252:517-19-3(i).

INCORPORATIONS BY REFERENCE:

Incorporated standards:

Date of CFR provisions incorporated by reference in these rules is changed to "as published on July 1, 2016."

Incorporating rules:

OAC 252:606-1-4

Availability:

The standards are on file at the Department of Environmental Quality, 707 North Robinson, Oklahoma City, Oklahoma, 73102, and are available to the public for examination Monday through Friday between the hours of 8:00 a.m. and 4:30 p.m.

GIST/ANALYSIS:

The gist of this rule and the underlying reason for the rulemaking is to ensure the Oklahoma Pollutant Discharge Elimination System (OPDES) is in compliance with the Department's delegation agreement with the Environmental Protection Agency (EPA) and to ensure Oklahoma retains responsibility for administering the National Pollutant Discharge Elimination System (NPDES) Program in Oklahoma. The Department proposes to update its rules concerning the date of the incorporation by reference for the Code of Federal Regulations from July 1, 2015, to July 1, 2016. The most significant federal regulation updates being incorporated are an update regarding electronic reporting for NPDES; an update to the effluent limitations guidelines and standards (ELGs) for the steam electric power generating industry; and an update that establishes pretreatment standards that prevent the discharge of pollutants in wastewater from onshore unconventional oil and gas (UOG) extraction facilities to publicly owned treatment works (POTWs). The electronic reporting update will modernize the reporting of NPDES discharge program information from paper-based reporting to electronic reporting. The ELGs update establishes nationally applicable limits on the amount of toxic metals and other harmful pollutants that coal-fired steam electric power plants are allowed to discharge. The pretreatment standards for the discharge of pollutants in wastewater from onshore UOG extraction facilities to POTWs will help protect the operational integrity of POTWs.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S.,

SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

252:624-1-2. Definitions

The following words, terms and acronyms, when used in the Chapter shall have the following meaning, unless the context clearly indicates otherwise:

"Annular space" means the opening between the surface or production casing and the side of the bore hole.

"ANSI" means the American National Standards Institute.

"API" means the American Petroleum Institute.

"ASTM" means the American Society for Testing and Materials.

"AWWA" means the American Water Works Association.

"DEQ" means the Department of Environmental Quality.

"Disinfection" means a process that inactivates pathogenic organisms in water using chlorination.

"Drinking water standards" means the list of maximum contaminant levels for drinking water for public water systems as determined by EPA.

"EPA" means the Environmental Protection Agency.

"Human consumption" means drinking, bathing, showering, food preparation, dishwashing, eye washing, or maintaining oral hygiene. For the purposes of this Chapter hand-washing is not considered consumption.

"Individual water system" means a water system serving only one single-family residence.

"Licensed well driller" means and refers to the individual owner-proprietor or partnership, firm or corporation licensed by the OWRB to engage in the business of the commercial drilling, plugging, reconstruction and/or test drilling of water wells in the State of Oklahoma.

"Minor public water supply system" means a system, ~~whether publicly or privately owned, that supplies water under pressure to the public (for compensation or not) through pipes or other constructed conveyances and is not classified as a community system, non community system, or non transient non community system in OAC 252:626. Excluded from this definition are water supply systems that of one or more water wells or surface water treatment plants that provides water to the public for human consumption:~~

- ~~(A) are constructed, inspected, and maintained under the Construction Industries Board plumbing code;~~
- ~~(B) purchase water from a permitted water system;~~
- ~~(C) do not provide treatment; and~~
- ~~(D) do not resell water.~~
- (A) through pipes or other constructed conveyances
- (B) for compensation or not,
- (C) has fewer than 15 connections,
- (D) serves fewer than 25 people, and
- (E) is not an individual water system. A water system is not an individual water system if it serves:

Permanent Final Adoptions

- (i) a single-family residence housing a commercial business that serves water to the public, or
- (ii) more than one dwelling, or
- (iii) one or more multi-family dwellings.
- (iv) Excluded from this definition are water systems that
 - (I) purchase water from a permitted water system, or
 - (II) only provide water to family members, or
 - (III) have a well for each single-family residence or each unit of a multi-family dwelling, or
 - (IV) qualify as a public water supply system in accordance with OAC 252:626.

"Multi-family dwelling" means a single structure designed and suitable for use of two or more families.

"NSF" means the National Sanitation Foundation.

"NTU" means Nephelometric Turbidity Unit.

"OWRB" means the Oklahoma Water Resources Board.

"PAS" means Pitless Adapter Standard.

"PPM" means parts per million.

"PSI" means pounds per square inch.

"PVC" means polyvinylchloride.

"Service line" means the water supply line that runs between the water main and a residential structure, commercial structure or a water hydrant.

"Slow sand filtration" means a process involving passage of raw water through a bed of sand at low velocity (generally less than 50 gallons/ft²/day) resulting in substantial particulate removal by physical and biological mechanisms.

"Turbidity" means the amount of suspended material in water measured using a nephelometer and expressed in NTU's.

"UL" means Underwriter Laboratories.

"VOC" means volatile organic compound.

"Water main" means a public water supply line that carries potable water to more than one service line.

"Water source" means any lake, stream, spring or groundwater supply that is used as treated or untreated water for a minor public water supply system.

"WSC" means Water Systems Council.

252:624-1-3. Authorizations and permits

(a) **Requirement for authorizations and permits.** This Chapter implements the Uniform Permitting Act, 27A O.S. § 2-14-101 *et seq.* and the rules promulgated thereunder. No one may construct a new minor public water supply system, ~~modify~~amend an existing minor public water supply system or put an existing water well into use as a minor public water supply system until the requirements of 252:624-1-4 have been met and DEQ has issued to the owner of a minor public water supply system either:

- (1) an authorization to construct or ~~modify~~—amend a minor public water supply system under the general permit, the terms of which are the rules of this Chapter including a system for which a variance has been granted in accordance with 252:624-1-5; or

(2) ~~an individual permit~~ a permit to construct from DEQ's Water Quality Division issued pursuant to OAC 252:626. An individual permit A permit to construct will be required when the proposed minor public water supply system cannot be constructed or modified according to the design standards in this Chapter; or

(3) a permit to supply water which is subject to the following:

(A) Only minor public water supply systems constructed without an authorization to construct and were being used to serve water to the public prior to June 1, 2011 qualify for a permit to supply water.

(B) The minor public water supply system must meet drinking water standards.

(C) The minor public water supply system may be subject to additional monitoring requirements as determined by DEQ and may include other permit conditions necessary to assure compliance with drinking water standards.

(b) **Applying for authorizations.** An applicant seeking an authorization to construct ~~a new or modify~~ amend a minor public water supply system or obtain a permit to supply shall submit the following to DEQ:

(1) **Application form.** A completed and signed DEQ Form 624-001, "Application for ~~Authorization to Construct or Modify~~ a Minor Public Water Supply System."

(2) **Site drawing.** A site drawing that includes:

(A) ~~the~~ property lines;

(B) ~~the~~ location of the proposed or existing well;

(C) ~~the~~ location of any one-hundred-year flood plain within one quarter (1/4) of a mile of the proposed or existing water well; and

(D) all potential sources of pollution within three hundred feet (300') of the proposed or existing water well.

(3) **Affidavit.** A completed and signed affidavit certifying that:

(A) the minor water system will be constructed or modified in accordance with the generic plans set ~~for~~ forth in Appendix A; and

(B) the applicant:

(i) owns the property where the minor public water supply system will be located; or

(ii) has a current lease or easement for the purpose of constructing and operating the minor public water supply system.

(4) **Wellhead protection checklist.** A completed and signed DEQ Form 624-002, "Wellhead Protection Checklist."

(5) **Authorization fee.** The required authorization fee. [See 252:624-11 (relating to fees)].

(6) **Pre-existing systems.** If a pre-existing system is reclassified or newly discovered as a minor public water supply system they must also include with the application:

(A) any previous sample results,

(B) the OWRB Multi-purpose Well Completion & Plugging Report, and

(C) any other information as requested by DEQ.

(c) **Certification of Exemption.** Facilities that fall under the definition of a minor public water supply system, but do not provide water for human consumption shall submit a completed and signed DEQ form 624-013, "Certification of Exemption."

(1) In order to be approved for this exemption, facilities must not allow water from the source to be used for the following:

- (A) drinking;
- (B) showering or bathing;
- (C) eye washing;
- (D) food or beverage preparation;
- (E) dishwashing; or
- (F) oral hygiene.

(2) Facilities shall post signs at all sinks and faucets that state "NOT FOR CONSUMPTION".

252:624-1-4. General requirements

(a) **Ownership.** Minor public water supply systems shall be located only where one of the following can be met:

(1) All parts of the minor public water supply system, including the wellhead, water mains and service lines, are or will be located on property that is:

- (A) owned by the owner(s) of the minor public water supply system; and/or
- (B) dedicated in a recorded easement (for the installation and operation of the minor public water supply system) to the owner of the minor public water supply system;

(2) All of the users of the minor public water supply system:

- (A) own the property where the wellhead is or will be located; and
- (B) own or have a dedicated recorded easement to the property where the mains are or will be located; or

(3) The wellhead and water mains are or will be located on property that is owned by or dedicated to a home owners association:

- (A) for which all of the users are members;
- (B) that was established under the laws of the State of Oklahoma;
- (C) that has the legal authority to own, maintain, repair and operate the minor public water supply system;
- (D) that has by-laws providing that dissolution of the association cannot occur until the system is either abandoned or transferred to another viable operating entity; and
- (E) that has the instrument creating the association on file in the office of the county clerk where the property is located; or

(4) All components of the minor public water supply system, excluding service lines, are or will be located on property that is:

- (A) owned by a municipality, rural water district, rural sewer district or federally recognized tribe; and/or

(B) dedicated to a municipality, rural water district, rural sewer district or federally recognized tribe in a recorded easement.

(b) **Flood plain restrictions.** ~~Wellheads~~ The top of the well casing shall be located above the 100-year flood plain, unless other protective measures are provided.

(c) **Laboratory.** All analyses required to be completed by a laboratory in this Chapter shall be performed by a laboratory accredited and certified by DEQ or EPA for the particular analyte.

(d) **Testing water source.** Water sources for proposed new minor public water supply systems shall be tested for applicable contaminants before ~~completing construction of the minor public water supply system as follows~~ supplying water to the public for the following:

(1) **Nitrates.** A representative sample of the water from all proposed water source shall be tested by a laboratory for nitrates. Water sources containing nitrates higher than ten (10) ppm shall not be used as a water source for minor public water supply systems.

(2) ~~Wells near gasoline underground storage tanks~~ **VOCs.** Proposed minor public water supply system wells located within three-hundred feet (300') of a ~~gasoline petroleum~~ underground storage tank shall have water samples analyzed for ~~VOC's~~ VOCs by a laboratory once a year. A water source containing ~~VOC's~~ VOCs higher than the applicable drinking water standards shall not be used as a water source for a minor public water supply system.

(3) **Other contaminants.** Based on the location of the water source, DEQ shall have the authority to request testing for other contaminants.

(e) **Construction.** All minor public water supply systems shall be constructed to meet or exceed the standards in accordance with the rules in this Chapter or the terms of their individual permit.

(f) **Disinfection prior to final inspection.** All parts of a minor public water supply system that will come in contact with potable water shall be disinfected prior to requesting a final inspection as required in 252:624-5-1.

(g) **Bacteriological testing prior to final inspection.** The applicant shall have test results from a laboratory that are negative for total coliform bacteria on two (2) consecutive days before requesting a final inspection. [See 252:624-5-2 (relating to pre-operational disinfection and testing of finished water).]

(h) **Final inspection and approval required.** Water from a minor public water supply system shall not be offered to the public for consumption until DEQ conducts a final inspection and approves the construction. The applicant shall request a final inspection by submitting to DEQ the following:

- (1) a completed and signed DEQ Form 624-003, "Request for Final Inspection of Minor Public Water Supply System;";
- (2) test results from a laboratory showing the results of nitrate analysis and any other analyses performed;
- (3) test results from a laboratory showing two consecutive days of safe bacteriological testing following initial disinfection of a new well;

Permanent Final Adoptions

- (4) ~~a copy of the well driller's log; and~~
(~~5~~) a completed and signed copy of the ~~Groundwater—Multi-Purpose Well Completion & Plugging Report~~ (OWRB form).
- (i) **Operational standards.** All minor public water supply systems shall be operated in compliance with the operational standards in this Chapter.
- (j) **Closure.** All abandoned minor public water supply systems shall be properly closed according to the standards in this Chapter.

252:624-1-5. Variances

A variance may be requested when construction of the well does not meet the standards set forth in this Chapter. Variance requests shall include DEQ form 624-012 (Application for a Variance) and any other information as requested by DEQ. Upon review, DEQ may approve alternative processes, equipment, separation distances, and other construction standards not specified in this Chapter. Any variance granted shall be at least as protective of human health and the environment as the standards set forth in this Chapter, and show that the intent of the rules of this Chapter are being met.

SUBCHAPTER 3. DESIGN AND CONSTRUCTION STANDARDS

252:624-3-1. Design and construction of minor public water supply system wells

- (a) **Licensed well driller.** Minor public water supply system wells shall be drilled and completed:
- (1) by a licensed well driller; and
 - (2) in compliance with OWRB rules.
- (b) **Well design.** Minor public water supply system wells shall be designed and constructed in accordance with the generic plans for minor public water supply systems located in Appendix A.
- (c) **System capacity.** The daily production capacity of the minor public water supply system shall be designed to equal or exceed the maximum daily demand.
- (d) **Separation distances.** Minor public water supply system wells shall be located a sufficient distance from potential sources of pollution to assure that contaminants cannot reach the well. ~~The meet the following are the mandatory—~~minimum separation distances:
- (1) Fifty feet (50') from existing septic tanks and subsurface on-site sewage treatment systems. This separation distance shall be increased to one hundred feet (100') if the septic tank and/or subsurface on-site sewage treatment system is located in soil identified as:
 - (A) ~~being a group 1 soil in the separation range as described in OAC 252:641-3 coarse sand; or~~
 - (B) ~~having a percolation rate of less than five (5) minutes per inch as described in OAC 252:641-3 loamy coarse sand; or~~

- (C) soils with a rock fragment content greater than thirty-five percent (35%) by volume having continuous voids greater than one millimeter.
- (2) Fifty feet (50') from:
 - (A) buildings that have been treated for termites;
 - (B) property lines; and
 - (C) sewer lines. If the sewer line is Schedule 40 PVC, then the separation distance from the sewer line may be decreased to ten feet (10'); and
- (3) One hundred feet (100') from ~~gasoline—~~petroleum underground storage tanks and all other pollution sources.
- (4) Three hundred feet (300') from the outside perimeter of an existing or proposed wastewater lagoon.
- (e) **Approved materials.** All materials that will come in contact with potable water must be approved by the NSF, UL, WSC or AWWA for use in public drinking water supplies and made of material that will not impart taste, odor, toxic substances or bacterial contamination to the water.
- (~~f~~) **Well surface casing.** ~~Every minor public water supply well must have a watertight surface casing extending at least twenty feet (20") below the surface. DEQ may require a greater depth when necessary to eliminate contamination from the surface or upper formations. The pipe used as surface casing must:~~
 - (1) ~~meet ASTM, NSF or API specifications for water well construction; and~~
 - (2) ~~be clean and sanitized.~~
- (~~g~~f) **Gravel pack.** If gravel pack is used, the gravel shall be disinfected by being immersed in a chlorine solution containing not less than two hundred (200) ppm of available chlorine.
- (~~h~~g) **Grouting requirements.** Minor public water supply system wells shall be made watertight around the outside of the ~~surface casing by grouting to a depth necessary to exclude pollution. But in—~~In no case shall the depth of the grouting be less than twenty (20) continuous feet. ~~The grout shall be made of cement that conforms to ASTM Standard C150 mixed with no more than six (6) gallons of water per ninety four pound (94 lb.) sack of cement. When the opening between the surface casing and the side of the bore hole (annular opening) is:—~~The grout may be a bentonite grout, cement grout or a combination of the two. Grout must be installed so that bridging will not occur in the annular space.
 - (1) The cement grout shall conform to ASTM Standard C150, mixed with no more than six (6) gallons of water per ninety-four pound (94 lb.) sack of cement. When the annular space is:
 - (1~~A~~) one and one-half inches (12")—(1.5") thick, then additives may not be used to increase the cement's fluidity without prior approval by DEQ.
 - (2~~B~~) greater than one and one-half inches (12")(1.5"), then sand may be added to the grout mix with a ratio of no more than one part sand to one part cement.
 - (3~~C~~) greater than four inches (4"), then one-half inch (2")(1.5") gravel or smaller may be added to the cement grout mix.

(2) The bentonite grout shall consist of chip, chunk or pelletized bentonite varieties that are hydrated to manufacturer's specifications. If bentonite grout is used the annular space shall be a minimum of two inches (2").

(3) Where a pitless adapter or unit is being installed, the grouting shall start below the junction of the pitless well adapter or unit where it attaches to the well casing and shall continue to at least twenty feet (20') below this junction.

(ih) **Well screens.** When well screens are used:

(1) the screens shall be constructed of materials resistant to damage by ground water or cleaning operations; and

(2) ~~the openings shall be sized based on a sieve analysis of the surrounding formation and the gravel pack materials to permit the maximum flow of water without allowing the infiltration of clogging material. the slot size shall be selected to prevent or minimize infiltration of the filter pack through the well screen.~~

(ji) **Slab around well casing.** The slab around the well casing shall:

(1) be constructed with reinforced concrete not less than three and one-half inches (~~3-2")~~(3.5") thick;

(2) extend at least twelve inches (12") from the well casing in all directions;

(3) extend at least three inches (3") above the surrounding ground; and

(4) slope at least one-eighth of an inch (1/8") per foot away from the well casing.

(kj) ~~Pitless well adapters and units. Pitless well adapters are prohibited from use in minor public water supply systems. A pitless well unit or pitless adapter may be used if it meets the standards of the most recent PAS-97 CC(04) in a listing maintained by the WSC, as developed by the Water Systems Council and installation is performed in a manner meeting or exceeding manufacturer's installation requirements.:~~

(1) ~~is shop fabricated from the point of connection to the well casing to the unit cap or cover;~~

(2) ~~is threaded or welded to the well casing;~~

(3) ~~is made of materials equivalent in composition and weight to the well casing;~~

(4) ~~connects to the lateral discharge with a threaded, flanged or mechanical joint connection; and~~

(5) ~~is designed to provide access to disinfect the well.~~

(hk) **Wellhead.** The wellhead shall be constructed as follows:

(1) The well casing shall extend at least:

(A) twelve inches (12") above the ~~final ground surface~~ concrete slab; and

(B) two feet (2') above the 100-year flood plain or the highest known flood elevation, whichever is higher.

(2) The top of the casing shall be sealed with a well seal or a cap. The well seal or cap shall ~~include a rubber gasket seal and be designed to exclude foreign matter~~ be WSC approved.

(3) The discharge piping shall:

(A) be equipped with a:

(i) check valve;

(ii) shutoff valve;

(iii) pressure gauge; and

(iv) sampling tap located between the wellhead and the shutoff valve.

(B) have all exposed piping, valves and appurtenances protected against physical damage and freezing.

(C) be properly anchored to prevent movement.

(D) be protected against surge or water hammer.

(E) not be connected to any source of contamination or be configured to allow back siphonage from any source of pollution.

(4) There shall be access to disinfect the well.

(5) There shall be a properly constructed well casing vent that:

(A) vents to the atmosphere and prevents a vacuum in the well casing, unless designed for vacuum operation.

(B) is fitted into the well cap or pump base so as to form a water-tight connection.

(C) terminates in a full one hundred eighty degree (180°) bend above the top of the well casing.

(D) has a corrosion resistant screen covering the vent opening. The openings in the screen must not be larger than 24-mesh.

(ml) **Full-time disinfection.** When disinfection is required [see 252:624-5-2 and 7-1(c) (relating to sampling and testing)], either a positive displacement hypochlorite chlorinator or an NSF approved tablet chlorinator shall be provided prior to distribution. The water supply piping for the chlorinator shall be designed to prevent back-siphonage or cross connections with non-potable water.

(nm) **Electrical controls.** All electrical controls shall be protected from flooding.

(on) **Well security.** Minor public water supply systems shall be protected from vandalism, trespass and sabotage by either having:

(1) the wellhead located in a locked well house; or

(2) a locked cap on the wellhead.

252:624-3-2. Design and construction of distribution systems

(a) **Minimum pressure of 25 psi.** The distribution system shall be designed and constructed to maintain a minimum pressure of twenty-five (25) psi throughout the distribution system under normal operating conditions including peak demand.

(b) **Material specifications.** All materials used in the construction of the distribution system, including piping, fittings, valves, gaskets, packing and other joint materials, shall meet the latest specifications issued by AWWA, ASTM, NSF, or ANSI for use in public drinking water supply systems. When distribution lines are installed in soil or groundwater that is contaminated by organic compounds, the pipe and joint materials shall be made of materials that are not subject to permeation by organic compounds.

(c) **Sizing of water lines.** Water lines shall be sized to furnish water at the volume and pressure required by the ~~applicable plumbing code~~ most current International Plumbing

Permanent Final Adoptions

~~Code. Water mains shall be a minimum of two inches (2") in diameter.~~

(d) **Separation of water lines from potential sources of pollution.** The following are the required horizontal and vertical separation distances between water lines and potential sources of pollution.

(1) **Horizontal separations.** Water lines shall be located a minimum of:

(A) five feet (5') from any existing or proposed storm sewers, septic tanks, aerobic treatment units, trash tanks, sewage pump tanks, raw water lines, petroleum product lines, natural gas lines and other buried utility lines.

(B) ten feet (10') from any existing or proposed sewer line.

(C) fifteen feet (15') from any on-site sewage dispersal field.

(D) ten feet (10') from any ~~gasoline—petroleum~~ underground storage tank and/or line, when the water lines are made of cast iron.

(E) fifty feet (50') from any ~~gasoline—petroleum~~ underground storage tank and/or line, when the water lines are made of PVC.

(2) **Vertical separations.** When a water line crosses a sewer line, there shall be a minimum vertical separation distance of twenty-four inches (24") between the water line and the sewer line. The piping shall be arranged so that the joints in the water line do not cross within ten feet (10') of any joints in the sewer line.

(3) **Special conditions.** When it is impossible to obtain the horizontal and vertical separation distances listed in this Subsection, the sewer shall be constructed equal to water line specifications.

(e) **Depth of water mains.** Water mains shall be installed at least thirty inches (30") deep or have sufficient insulation to prevent freezing.

(f) **Bedding for water lines.** Water lines shall be bedded in rock-free material to a depth of at least six inches (6") below the bottom of the pipe. The bedding material shall be tamped in layers around the pipe and to a sufficient height above the pipe to adequately support and protect the pipe.

(g) **Blocking.** Reaction blocking, tie rods, or joints shall be provided to prevent movement of the water line at all tees, bends, plugs and hydrants.

(h) **Dead ends in water main.** An approved flushing hydrant or blow-off valve shall be installed at each dead end in the water main. Flushing devices shall not be connected directly to any sewer.

SUBCHAPTER 5. PRE-OPERATIONAL DISINFECTION AND TESTING

252:624-5-1. Disinfection and flushing required prior to placing minor public water supply systems into operation

(a) **Disinfection.** All parts of a minor public water supply system that may come in contact with potable water shall be

disinfected prior to offering water from the system to the public for consumption.

(1) **Completed wells.** Completed wells shall be disinfected by mixing enough chlorine in the well water to maintain a chlorine residual of fifty (50) ppm for at least twelve (12) hours.

(2) **Clear wells.** Clear wells shall be disinfected by filling the clear well with water and enough chlorine to maintain a chlorine residual of fifty (50) ppm for at least twelve (12) hours.

(3) **Piping, pumps and fixtures.** All piping, pumps and fixtures in the minor public water supply system shall be disinfected by:

(A) drawing the 50 ppm chlorine solution from the well or clear well through all of the water mains, distribution lines and plumbing fixtures until a chlorine odor is detected; and

(B) allowing the chlorinated water to sit in the lines and fixtures for twelve (12) hours.

(b) **Flushing.** Once the disinfection procedure outlined in (a) of this Section has been completed, the system shall be flushed until a chlorine odor cannot be detected at any point in the system.

252:624-5-2. Testing prior to placing minor public water supply systems into operation

(a) **Water samples.** Following the disinfection and flushing procedure outlined in OAC 252:624-5-1, water samples shall be collected from the distribution system at the tap located the farthest distance from the wellhead on two (2) consecutive days and submitted to a laboratory for bacteriological analysis.

(b) **Testing results.**

(1) **Total coliform positive test results.** If either of the sample results required in (a) of this Section come back positive for coliform bacteria, then the disinfection and flushing procedure outlined in OAC 252:624-5-1 shall be repeated. When two (2) consecutive days of coliform negative samples cannot be obtained despite repeated disinfection efforts, then full-time disinfection will be mandatory.

(2) **Fecal coliform positive.** If any of the sample results required in (a) of this Section come back positive for fecal coliform, then a retake sample must be submitted for analysis at a laboratory. If the results of a retake sample come back positive for fecal coliform, then ~~full-time disinfection will be mandatory—the source water cannot be used for a minor public water supply well.~~ If additional cleaning and disinfection of the well results in safe bacteriological samples, DEQ may evaluate the sampling history to determine if the well is approvable as a minor public water supply well.

(3) **Total coliform negative test results.** If the sample results required in (a) of this Section come back negative for coliform bacteria for two (2) consecutive days, then the minor public water supply system may be put into operation after receiving approval from DEQ following the required final inspection [see OAC 252:624-1-4(h) (relating to final inspections)].

SUBCHAPTER 7. OPERATION AND MAINTENANCE

252:624-7-1. General operation and maintenance provisions

- (a) **Owner responsibilities.** The owner of a minor public water supply system shall be responsible for:
 - (1) operating and maintaining the minor public water supply system in accordance with the terms of the authorization or permit;
 - (2) operating and maintaining the minor public water supply system in compliance with this Chapter;
 - (3) repairing or replacing any broken or malfunctioning components of the minor public water supply system as soon as practicable;
 - (4) immediately notifying all consumers of the need to heat the water to a full rolling boil for one minute before consumption or to discontinue the use of the water when repeat water samples test positive for total or fecal coliform;
 - (5) immediately submitting to DEQ copies of any laboratory analysis results that exceed any drinking water standard(s); and
 - (6) immediately notifying all customers of the result of any analysis that exceeds drinking water standards and any precautionary measures necessary to protect the public health.
- (b) **Minimum pressure.** The minor public water supply system shall be operated to maintain a minimum pressure of twenty-five (25) psi throughout the distribution system under normal operating conditions including peak demand periods.
- (c) **Sampling.** The water from minor public water supply systems shall be sampled and analyzed by a laboratory once a year for coliform bacteria. ~~Minor public water supply systems that operate intermittently or on a seasonal basis shall, after periods of non use, be flushed, disinfected and flushed according to OAC 252:624-5-1, and sampled for bacteriological analysis by a laboratory prior to placing the system into operation.~~ If the sample results come back:
 - (1) positive for coliform bacteria, then the disinfection procedure outlined in OAC 252:624-5-1 shall be repeated and a follow-up sample shall be collected for laboratory analysis.
 - (A) If the follow-up bacteriological analysis comes back negative, then the bacteriological sampling shall be done on a monthly basis until a sample comes back coliform negative without disinfection.
 - (B) When a coliform negative sample cannot be obtained after three disinfection attempts, then full-time disinfection will be required.
 - (2) positive for fecal coliform, then a retake must be submitted for analysis at a laboratory. If the results of the retake sample come back positive for fecal coliform, then full-time disinfection will be mandatory.
 - (3) negative for coliform bacteria, then the minor public water supply system may continue or begin to serve water to the public.

- (d) **Chlorine monitoring.** When disinfection is mandatory, a free chlorine residual of at least 0.2 ppm shall be maintained at the farthest point in the distribution system. The free chlorine residual at the farthest point in the distribution system shall be monitored daily. The free chlorine residual shall be analyzed in accordance with the latest edition of "Standard Methods for the Examination of Water and Wastewater."
- (e) ~~Wells near gasoline underground storage tanks~~ **VOCs.** Minor public water supply system wells located within three hundred feet (300') of ~~gasoline-petroleum~~ underground storage tanks shall have water samples analyzed for ~~VOC's~~ **VOCs** by a laboratory once a year. A water source containing ~~VOC's~~ **VOCs** higher than the applicable drinking water standards shall not be used as a water source for minor public water supply system.
- (f) **Additional testing.** Systems that treat for the removal of regulated contaminants shall have samples analyzed for those contaminants by a laboratory at a frequency specified by DEQ.
- (g) **Records.** Records of all control tests and the results of all laboratory analyses shall be maintained at the facility for a period of ten (10) years.
- (h) **Security.** All security measures, including locks on well houses and wellheads, shall be maintained to prevent vandalism, trespass, and sabotage.
- (i) **Seasonal Systems.** Systems, which operate on an intermittent or seasonal basis, shall submit bacteriological samples on two (2) consecutive days prior to placing the system into operation. The system can be placed into operation only after the samples are shown to be safe.

252:624-7-2. Additional maintenance requirements for slow sand filtration systems

- (a) **Source water turbidity.** Slow sand ~~filtration~~ **filtration** systems shall not receive source water with a turbidity of more than thirty (30) NTU.
- (b) **Finished water turbidity.** The finished water turbidity of slow sand filtration systems shall be measured once per day while the minor public water supply system is in operation. The finished water turbidity must be below one (1.0) NTU.
- (c) **Filter sand depth and specifications.** The depth of the filter sand in a slow sand filtration system shall be maintained at a depth of at least twenty-four inches (24"). Replacement filter media shall consist of clean silica with an effective size between 0.30 to 0.65 mm and a uniformity coefficient lower than 3.0.
- (d) **Maximum filtration rate.** Slow sand filtration systems shall be operated so that the rate of filtration does not exceed fifty (50) gal/ft² of filter area per day.
- (e) **Backwash.** Slow sand filtration shall not be back-washed.

SUBCHAPTER 9. CLOSURE

Permanent Final Adoptions

252:624-9-1. Minor public water supply system well abandonment

Any minor public water supply system well that is permanently removed from service shall be permanently plugged in accordance with OWRB rules. If the well was constructed

to prevent undesirable exchange of water from one aquifer to another, the well may be sealed with a locked sanitary well seal instead of being plugged. A copy of the Multi-Purpose Well Completion & Plugging Report shall be submitted to DEQ.

INCORPORATIONS BY REFERENCE:

Incorporated standards:

Date of CFR provisions incorporated by reference in these rules is changed to "as published on July 1, 2016."

Incorporating rules:

OAC 252:690-1-4

Availability:

The standards are on file at the Department of Environmental Quality, 707 North Robinson, Oklahoma City, Oklahoma, 73102, and are available to the public for examination Monday through Friday between the hours of 8:00 a.m. and 4:30 p.m.

GIST/ANALYSIS:

The gist of this rule and the underlying reason for the rulemaking is to ensure the Oklahoma Pollutant Discharge Elimination System (OPDES) is in compliance with the Department's delegation agreement with the Environmental Protection Agency (EPA) and to ensure Oklahoma retains responsibility for administering the National Pollutant Discharge Elimination System (NPDES) Program in Oklahoma. The Department proposes to update its rules concerning the date of the incorporation by reference for the Code of Federal Regulations from July 1, 2015, to July 1, 2016. Additionally, the Department is separating into two sections the date of incorporation by reference and the list of rules incorporated. This change is consistent with other rules and will ease future rulemaking since the date of incorporation, not the list of rules, must be updated regularly.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED

FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2017:

SUBCHAPTER 1. INTRODUCTION

252:690-1-4. Incorporation of EPA regulations by reference

The following federal regulations at 40 CFR, ~~as published on July 1, 2015~~ are incorporated by reference and applicable to this Chapter:

(1) **OAC 252:205 (Hazardous Waste Management)**. 124.31, 124.32, & 124.33, substituting DEQ for EPA, and deleting the following sentence from each section: For the purposes of this section only, "Hazardous waste management units over which EPA has permit issuance authority" refers to hazardous waste management units for which the State where the units are located has not been authorized to issue RCRA permits pursuant to 40 CFR part 271.

(A) **Part 260**. Hazardous Waste Management System: General, except 260.21.

(i) In 260.20, "Federal Register" is synonymous with "The Oklahoma Register."

(ii) In 260.20(e), strike the words "or a denial."

(iii) In 260.22, references to the lists in Subpart D of Part 261 and the reference to § 261.3(a)(2)(ii) or C shall mean the lists in Subpart D of Part 261 and § 261.3(a)(2)(ii) or C as adopted by reference and applicable in Oklahoma.

(iv) In the 260.10 definitions of "new tank system" and "existing tank system", the reference to "July 14, 1986" for commencement of tank installation applies only to tank regulations promulgated pursuant to the federal Hazardous and Solid Waste Amendment ("HSWA") requirements. The following categories outline HSWA requirements:

(I) interim status and permitting requirements applicable to tank systems owned and operated by small quantity generators [3001(d)];

(II) leak detection requirements for all new underground tank systems [3004(o)(4)]; and

(III) permitting standards for underground tanks that cannot be entered for inspection [3004(w)]. For tank regulations promulgated pursuant to statutory authority other than HSWA, the date relative to the commencement of installation is November 2, 1987.

(B) **Part 261**. Identification and Listing of Hazardous Waste except 261.4(b)(18) that pertains to Utah only, thus should be excluded.

(i) In 261.4(e)(3)(iii) delete "in the Region where the sample is collected".

(ii) In 261.5(f)(3)(iv), and (v), and in 261.5(g)(3)(iv), and (v) add "other than Oklahoma" after the word "State".

Permanent Final Adoptions

- (iii) In 261.31(a), the listing for F019, add at the end: "Zinc phosphate sludges meeting exemption conditions remain subject to regulation as hazardous waste if the waste exhibits a hazardous waste characteristic."
- (C) **Part 262.** Standards Applicable to Generators of Hazardous Waste except Subpart E and Subpart H. In 262.42(a)(2) and 262.42(b) delete "for the Region in which the generator is located".
- (D) **Part 263.** Standards Applicable to Transporters of Hazardous Waste.
- (E) **Part 264.** Standards for Owners and Operators of Hazardous Waste Treatment Storage, and Disposal Facilities. The following sections and subsections are not adopted by reference: 264.1(f), 264.1(g)(12), 264.149, 264.150, 264.301(l), 264.1030(d), 264.1050(g), 264.1080(e), 264.1080(f), and 264.1080(g).
- (i) In 264.191(a), the compliance date of January 12, 1988 applies only for HSWA tanks. For non-HSWA tanks the compliance date is November 2, 1988.
- (ii) In 264.191(c), the reference to July 14, 1986 applies only to HSWA tanks. For non-HSWA tanks the applicable date is November 2, 1987.
- (iii) In 264.193, the Federal effective dates apply to HSWA tanks only. For non-HSWA tanks January 12, 1987 is replaced with November 2, 1987.
- (iv) In 264.570(a) the dates December 6, 1990 and December 24, 1992 apply only to drip pads where F032 waste is handled. The dates June 22, 1992 and August 15, 1994 respectively, replace the dates December 6, 1990 and December 24, 1992 for drip pads where F034 or F035 wastes are handled.
- (F) **Part 265.** Interim Status Standards for Owners and Operators of Hazardous Waste Treatment, Storage, and Disposal Facilities except 265.1(c)(4), 265.1(g)(12), 265.149, 265.150, 265.1030(c), 265.1050(f), 265.1080(e), 265.1080(f), and 265.1080(g).
- (i) In 265.191(a), the compliance date of January 12, 1988 applies only for HSWA tanks. For non-HSWA tanks the compliance date is November 2, 1988.
- (ii) In 265.191(c), the reference to July 14, 1986 applies only to HSWA tanks. For non-HSWA tanks the applicable date is November 2, 1987.
- (iii) In 265.193, the Federal effective dates apply to HSWA tanks only. For non-HSWA tanks January 12, 1987 is replaced with November 2, 1987.
- (iv) In 265.440(a) the dates December 6, 1990 and December 24, 1992 apply only to drip pads where F032 waste is handled. The dates June 22, 1992 and August 15, 1994 respectively, replace the dates December 6, 1990 and December 24,

1992 for drip pads where F034 or F035 wastes are handled.

- (G) **Part 266.** Standards for the Management of Specific Hazardous Wastes and Specific Types of Hazardous Waste Management Facilities. Due to an early incorporation by reference, for purposes of Part 266 only, HSWA and non-HSWA dates are the same. In 266.325, the reference to 10 CFR 1.5 is changed to 10 CFR 71.5.
- (H) **Part 267.** Standards for Owners and Operators of Hazardous Waste Facilities Operating Under a Standardized Permit. This permit option shall only be available to:
- (i) those persons who generate hazardous waste on-site through, or as a result of, industrial production processes;
- (ii) wholly owned subsidiaries, owners, or sister companies of those persons specified in paragraph (1); and
- (iii) agencies, departments, or units of the federal government or the State of Oklahoma.
- (I) **Part 268.** Land Disposal Restrictions, except 268.5, 268.6, 268.13, 268.42(b) and 268.44(a) through (g). In 268.7 (a)(9)(iii) exclude D009 from the list of alternative treatment standards for lab packs.
- (J) **Part 270.** The Hazardous Waste Permit Program, except 270.1(c)(2)(ix), and 270.14(b)(18).
- (K) **Part 273.** Standards for Universal Waste Management.
- (L) **Part 279.** Standards for the Management of Used Oil, except that 279.82 is revised to read in its entirety, "The use of used oil as a dust suppressant is prohibited."
- (2) **OAC 252:606 (Discharge Standards).**
- (A) Part 116 (Hazardous Substances List)
- (B) Part 117 (Reportable Quantities for Hazardous Substances)
- (C) The following from PART 122 (NPDES PERMIT REGULATIONS):
- (i) 122.2 - (definitions)
- (ii) 122.24 - (concentrated aquatic animal production facilities)
- (iii) 122.25 - (aquaculture projects)
- (iv) 122.26 - (stormwater discharges)
- (v) 122.27 - (silviculture)
- (vi) 122.28(a) and (b) - (general permits)
- (vii) 122.29 - (new sources and new dischargers)
- (viii) 122.32 - As an operator of a small MS4, am I regulated under the NPDES storm water program?
- (ix) 122.34 - As an operator of a regulated small MS4, what will my NPDES MS4 storm water permit require?
- (x) 122.35 - As an operator of a regulated small MS4, may I share the responsibility to implement the minimum control measures with other entities?

- (xi) 122.41 - (permit conditions)
 - (xii) 122.42 - (conditions for specified categories of permits)
 - (xiii) 122.43 - (establishing permit conditions)
 - (xiv) 122.44 - (establishing permit limitations, standards and other conditions)
 - (xv) 122.45 - (calculating permit conditions)
 - (xvi) 122.46 - (permit duration)
 - (xvii) 122.47(a) - (schedules of compliance)
 - (xviii) 122.48 - (monitoring requirements)
 - (xix) 122.50 - (disposal into wells)
 - (xx) 122.61 - (permit transfer)
 - (xxi) 122.62 - (permit modification)
 - (xxii) 122.63 - (minor modifications of permits)
 - (xxiii) 122.64 - (permit termination)
 - (xxiv) Appendices A through J
 - (D) The following from PART 125 (criteria and standards for NPDES):
 - (i) Subpart A (technology-based treatment),
 - (ii) Subpart B (criteria for aquaculture projects),
 - (iii) Subpart D (fundamentally different factors),
 - (iv) Subpart H (alternative effluent limitations),
 - (v) Subpart I (new cooling water intakes),
 - (vi) Subpart J (existing cooling water intakes), and
 - (vii) Subpart L (disposal of sewage sludge under CWA 405)
 - (E) Part 129 (Toxic Pollutant Effluent Standards)
 - (F) Part 136 (testing and laboratory)
 - (G) Sections 401-471 (Effluent Guidelines 7 and Standards)
 - (H) Section 110.6 (notice of oil discharge)
 - (I) Part 302 (CERCLA exemption from NPDES permits)
 - (J) The following Sections from Part 503, Subpart A (General Provisions):
 - (i) 503.1 (Purpose and applicability)
 - (ii) 503.2 (Compliance period)
 - (iii) 503.3 (Permits and direct enforceability)
 - (iv) 503.4 (Relationship to other regulations)
 - (v) 503.5 (Additional or more stringent requirements)
 - (vi) 503.6(a)-(e),(g)-(j) (Exclusions)
 - (vii) 503.7 (Requirement for a person who prepares biosolids)
 - (viii) 503.8 (Sampling and analysis)
 - (ix) 503.9 (General definitions)
 - (K) The following Sections from Part 503, Subpart B (Land Application):
 - (i) 503.10(a),(b)(1)&(2),(e),(f),(g) (Applicability)
 - (ii) 503.11 (Special definitions)
 - (iii) 503.12 (General requirements)
 - (iv) 503.13 (Pollutant limits)
 - (v) 503.14 (Management practices)
 - (vi) 503.15 (Operational standards - pathogens and vector attraction reduction)
 - (vii) 503.16(a) (Frequency of monitoring)
 - (viii) 503.17(a) (Recordkeeping)
 - (ix) 503.18 (Reporting)
 - (L) The following Sections from Part 503, Subpart D (Pathogens and Vector Attraction Reduction):
 - (i) 503.30 (Scope)
 - (ii) 503.31 (Special definitions)
 - (iii) 503.32(a), (b) (Pathogens)
 - (iv) 503.33(a), (b)(1)-(11) (Vector attraction reduction)
 - (M) The following Sections from Part 503 Subpart E (Incineration)
 - (i) 503.40 (Applicability)
 - (ii) 503.41 (Special definitions)
 - (iii) 503.42 (General requirements)
 - (iv) 503.43 (Pollutant (Metal) limits)
 - (v) 503.44 (Operational standard - total hydrocarbons)
 - (vi) 503.45 (Management practices)
 - (vii) 503.46 (Frequency of monitoring)
 - (viii) 503.47 (Recordkeeping)
 - (ix) 503.48 (Reporting)
 - (N) The following Appendices from Part 503:
 - (i) Appendix A (Procedure to determine the annual whole sludge application rate for a sludge)
 - (ii) Appendix B (Pathogen treatment processes)
 - (O) Provisions of 40 CFR relating to CAFOs are excluded because they are beyond the jurisdiction of this Chapter.
 - (3) **OAC 252:611 (General Water Quality)** Part 130 (Water Quality Planning and Management)
 - (4) **OAC 252:652 (Underground Injection Control)**. The following apply in their entirety as they apply to the underground injection control program:
 - (A) Part 144 (Underground Injection Control Program)
 - (B) Part 145 (State UIC Program Requirements)
 - (C) Part 146 (Underground Injection Control Program: Criteria and Standards)
 - (D) Part 147 (State Underground Injection Control Programs)
 - (E) Part 148 (Hazardous Waste Injection Restrictions)
 - (5) In all cases where these rules conflict with or are less stringent than federal regulations, the federal regulations apply.
- 252:690-1-4.1. Date of federal regulations incorporated**
When reference is made to 40 CFR it means, unless otherwise specified, the volume of 40 CFR as published on July 1, 2016.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 5. POSITION ALLOCATION AND EMPLOYEE CLASSIFICATION SYSTEM

PART 5. AUDIT OF POSITIONS

260:25-5-51. Classification Disputes

(a) An employee has the right and responsibility to file a classification grievance, as provided by law and rule, when duties performed on a regular and consistent basis do not conform to the job family descriptor [74:840-4.3]. The Human Capital Management Division shall not accept classification grievances directly from employees. A formal classification

grievance shall be filed with the employing agency according to the rules for filing classification grievances promulgated by the Merit Protection Commission (OAC 455:10-19-1 et seq.). An internal classification grievance must be concluded within the agency before an employee may file a Classification Dispute Review Request form with the Human Capital Management Division. If the resolution decision by the Appointing Authority is to advise the employee to complete an Human Capital Management Division Classification Dispute Review Request form ~~(HCM 70)~~, as provided in OAC 455:10-19-35, the form will be submitted through appropriate supervisory channels to the agency office responsible for human resources functions.

(b) Upon receipt of a Classification Dispute Review Request form submitted through appropriate supervisory channels, the agency office responsible for human resources functions will review it along with any other appropriate records, including the internal grievance file, to determine the nature and scope of the grievance. If the grievance concerns only the job family level to which the position is assigned, a position audit will be conducted by a designated agency representative who has been assigned the responsibility to complete positions audits, to determine the proper job family level. If an Appointing Authority has been delegated position allocation authority in accordance with OAC 260:25-1-30, designated agency representatives will also be responsible for conducting classification grievance audits to determine both the appropriate job family and job family level. In conducting these audits, consideration shall be given to all relevant information concerning the position according to OAC 260:25-5-34.

(c) If the review of the Classification Dispute Review Request and other related information indicates that the grievance includes the job family to which the position is allocated, and the agency has not been delegated position allocation authority, the form will be forwarded within 20 days to the Human Capital Management Division requesting that a position audit be completed. The Human Capital Management Division will then be responsible for completing the audit and determining an appropriate job family for the position. Upon receipt of the allocation decision made by the Human Capital Management Division, a designated agency representative will be responsible for determining the proper job family level for the position.

(d) If an incumbent employee does not agree with the job family level assigned to a position by the Appointing Authority after completion of a grievance audit, the employee may request a review by the Human Capital Management Division. The employee shall submit the request to the agency office responsible for the agency's human resources management functions within 20 calendar days of the date of the notice of the final decision by the agency. Within 7 calendar days of receipt, the agency shall attach all documents considered by the agency in determining the job family level to the request for review and submit it to the Human Capital Management Division. Within 14 calendar days of receipt, the Human Capital Management Division will review the information submitted and make a final decision concerning the proper level of assignment. Such decision shall be based solely on a review of the written documentation submitted.

(e) An employee may request a Human Capital Management Division review of the job family to which a position has been allocated by an agency which has delegated position allocation authority. The request for review must be received in the agency office responsible for the agency's human resource management functions no later than 20 calendar days after the date of the final notice of the decision by the agency.

(f) An employee is entitled to the compensation assigned to the job family level for which duties were performed on a regular and consistent basis [74:840-4.3].

(g) If a classification grievance or a classification dispute review indicates an employee has not received the compensation assigned to the job family level for which duties were performed on a regular and consistent basis, the Appointing Authority shall compensate an employee for the difference between the employee's actual rate of pay and the rate of pay the employee would have received on promotion to the job family level that was consistent with the duties and responsibilities of the employee. Back pay shall be limited to the date the employee filed the classification grievance pursuant to Section 840-6.2 of the Oklahoma Personnel Act.

260:25-5-56. Conduct of position audits

(a) The conduct of an audit of a position begins when a properly completed Position Description Questionnaire ~~(HCM 39)~~ or a Classification Dispute Review Request form ~~(HCM 70)~~ is received in the Human Capital Management Division. The Human Capital Management Division reserves the right to refuse to accept incomplete or improperly completed forms.

(b) The Human Capital Management Division shall send a written notice of the allocation of the position and its effective date to the Appointing Authority and the employee if the position is occupied. If the Human Capital Management Division finds that an allocation shall not be made within 30 calendar days after the receipt of a properly completed form according to (a) of this Section, both the Appointing Authority and the employee shall be sent written notice of the expected date of allocation. If the audit is conducted at the request of the Executive Director of the Merit Protection Commission, a notice shall be sent to the Executive Director.

(c) After an allocation has been made by the Human Capital Management Division, the Appointing Authority shall assign an appropriate level to the position based on the duties and responsibilities assigned. If the position is occupied, the Appointing Authority shall send a written notice of the level assignment and its effective date to the employee within 20 calendar days of receipt of the Human Capital Management Division allocation.

(d) Position audits by an agency, either to determine the proper job family level or to determine an appropriate allocation under a position allocation delegation agreement, shall begin upon receipt of a properly completed Position Description Questionnaire ~~(HCM 39)~~, Classification Dispute Review Request ~~(HCM 70)~~, Supplemental Position Description Questionnaire ~~(HCM 39A)~~, or other information prescribed by the agency. These audits shall be completed within 30 calendar days after the receipt of required information, or the requesting

Permanent Final Adoptions

official and the incumbent employee shall be provided written notice of the expected date of completion.

SUBCHAPTER 7. SALARY AND PAYROLL

PART 1. SALARY AND RATE OF PAY

260:25-7-6. Sign-on pay incentive

(a) Appointing Authorities may implement a pay incentive for the following individuals who are appointed to positions in job families for which there are critical recruitment and retention problems as identified by the Appointing Authority [74:840-1.6A(11)]:

- (1) individuals not currently employed in state government;
- (2) Carl Albert Executive Fellows and other professional trainees and students employed pursuant to paragraphs 10 and 11(a) and (b) of Section 840-5.5(A) of Title 74 of the Oklahoma Statutes; ~~and~~ or
- (3) individuals employed pursuant to the Cooperative Engineering Trainee Program.

(b) Appointing Authorities who choose to implement the pay incentive shall file a plan with the Office of Management and Enterprise Services which contains information related to the implementation of the pay incentive within the agency. The plan shall provide documentation of the critical recruitment and retention problems and shall include a project description, specific prerequisites that each employee shall meet in order to receive the pay incentive, and information concerning the funding of the incentive from the agency's existing budget. The plan shall be signed by the Appointing Authority, and this signature requirement may not be delegated. No payment shall be made under this Section until the plan has been reviewed and accepted by the Administrator.

(c) The pay incentive shall not exceed \$5,000.00 and is payable to eligible individuals as a lump sum payment or in two equal payments during the first six months of state employment. Former state employees may be eligible for the pay incentive following a break-in-service of at least 180 days.

(d) To receive the pay incentive, an eligible individual shall be required to sign an agreement form acknowledging that the individual is obligated to repay the entire incentive, including tax withholdings on the incentive, if the individual leaves state employment or accepts employment with another state agency within 1 year after he or she receives the pay incentive. Appointing Authorities may use the agreement form developed by the Administrator or any other agreement form which is consistent with the provisions of this Section.

(e) An individual may receive only one sign-on pay incentive during his or her state employment.

260:25-7-13. Adjustments in rates of pay when pay bands are changed

When a pay band is changed for a job family level, all employees in that classification, including persons whose base rate of pay exceeds the maximum of the old pay band, shall

receive an adjustment to the new pay band. No person's base salary may be reduced as a result of such a change. All employees of an agency in that job shall be given uniform treatment using one of the following methods: providing adjustment to the minimum of the new pay band; providing a percent increase given to each employee, which shall not exceed the percent of difference between the minimum of the old pay band and the minimum of the new pay band; or any other uniform method of adjustment approved by the Administrator. At the discretion of the Appointing Authority, no change in employee base salary need occur provided that all affected salaries fall within the new pay band. OAC 260:25-7-10 does not apply to adjustments made in accordance with this Section.

260:25-7-14. Rate of pay upon reclassification, promotion, career progression, demotion and transfer

(a) **Rate of pay when incumbent is reclassified directly.** When an employee is reclassified directly under 260:25-5-90, the base rate of pay shall be fixed in accordance with 260:25-7-13.

(b) **Rate of pay upon promotion or career progression.**

(1) An Appointing Authority shall adopt objective written criteria for the amount of salary advancements on promotion or career progression. These criteria shall be a part of the agency salary administration plan established under 260:25-7-1.1 and shall be consistent with state and federal statutes prohibiting discrimination.

(2) The Appointing Authority shall set an employee's base salary on promotion or career progression at no less than 5% and no more than the maximum of the assigned pay band.

(3) The Appointing Authority shall not lower the base salary of an employee on promotion or career progression. If the employee's base salary before promotion or career progression exceeds the maximum of the new pay band, the employee's base salary shall remain the same.

(c) **Rate of pay when demoted.** The base rate of pay of an employee who is demoted shall be set by the Appointing Authority at any rate of pay within the pay band for the job to which demoted, which does not exceed that employee's last base rate of pay; however, in the event an approved Salary Administration Plan is in effect, the Appointing Authority may increase the base rate of pay for the job to which the employee is demoted into which is consistent with the hiring range established for the job, salaries paid to other individuals performing similar work, or other relevant factors. An Appointing Authority may delay setting the base rate of pay upon demotion for up to 1 year when the demotion is due to an agency reorganization. For the purposes of this subsection, "agency reorganization" means the reclassification of employees in lieu of reduction-in-force.

(d) **Rate of pay upon intra-agency lateral transfer.** An Appointing Authority may provide up to a 5% increase in base rate of pay, not to exceed the maximum rate of pay for the pay band, for an employee upon intra-agency lateral transfer to a position in the same job family and level or another job family

and level with the same pay band assignment, based on the needs of the agency. [74:840-2.17]

(e) **Rate of pay upon interagency lateral transfer.** An Appointing Authority may set the base rate of pay for an employee on an interagency lateral transfer at any rate of pay within the pay band for the job to which the person is transferred which is consistent with the hiring range established for the job, salaries paid to other individuals performing similar work, or other relevant factors.

SUBCHAPTER 9. RECRUITMENT AND SELECTION

PART 9. CLASSIFIED APPOINTMENTS

260:25-9-102. Reinstatement to the classified service

(a) A permanent employee who leaves the classified service is eligible for reinstatement.

(b) If an Appointing Authority elects to appoint a person who is eligible for reinstatement, the person shall be certified according to 260:25-9-10. A test may be required under 260:25-9-35 before his or her reinstatement.

(c) The Appointing Authority may place the person in probationary status with the agency for the maximum period required for original appointments or for a shorter period. The Appointing Authority may not extend the probationary period, but may adjust the probationary period due to an extended absence as provided for in 260:25-11-36(b). If the Appointing Authority requires a probationary period, the Appointing Authority shall notify the reinstated employee and the Human Capital Management Division in writing of the length of the probationary period before the employee's entry on duty. The Appointing Authority may cancel the probationary period at any time and grant permanent status to the employee.

SUBCHAPTER 11. EMPLOYEE ACTIONS

PART 3. PROBATIONARY EMPLOYEES

260:25-11-36. Leave of absence for probationary employees; Adjustment of probationary period

(a) Upon written request, a probationary employee may be granted leave of absence without pay from the agency in accordance with 260:25-15-47, Leave of absence without pay, or 260:25-15-49, Leave because of absence due to job related illness or injury.

(b) If a probationary employee is absent from work in excess of 30 continuous calendar days, the probationary period shall be adjusted by the number of calendar days the probationary employee was absent. The employee shall be notified at the earliest date that the probationary period is to be ~~extended~~ adjusted. Upon the employee's return to work,

notification of such adjustment shall be provided to the employee and the Human Capital Management Division and shall include the adjusted date of the final working day of the probationary period.

PART 5. PROMOTIONS

260:25-11-51. Promotional posting

(a) The appointing authority shall post announcements of a vacancy or vacancies in accordance with a promotional plan filed by the agency with the Office of Management and Enterprise Services. [A copy of this plan shall be posted throughout the agency.] Promotional posting shall be required for initial entry into a job family at any level. Promotional posting shall also be required for entry into any supervisory position or level. Each agency's promotional posting plan shall describe the method by which all agency employees will be notified of vacancy announcements. [74:840-4.15] The Appointing Authority shall post all promotional opportunities to vacant positions. Promotional posting is not required for career progression or for reallocation of occupied positions.

(b) The posting shall include:

- (1) Identification of the job family level of the vacancy or vacancies;
- (2) A listing of job title, major work duties and minimum qualifications;
- (3) The pay band and range;
- (4) The anticipated number of vacancies;
- (5) The specific location of work;
- (6) The time limits and procedure for filing an application with the appointing authority; and
- (7) Any additional factors which the appointing authority will consider in filling the vacancy. [74:840- 4.15]

260:25-11-53. Promotional posting for continuous multiple vacancies

The appointing authority may elect to post general promotional opportunities ~~—~~ in cases where there are usually continuous multiple vacant positions within a given job family; provided the appointing authority maintains a promotional applicant list for each job family which is posted on the basis of general promotional opportunities. In such cases, the posting must include the length of time and conditions under which the promotional application of the candidate will remain available for active consideration by the appointing authority [74:840-4.15] as well as the information required by 260:25-11-51.

260:25-11-55. Trial period and probationary period for promoted employees

(a) **Trial period after intra-agency promotions.**

- (1) When a classified employee is promoted intra-agency, the employee shall serve a 6 month trial period in the job to which the employee has been promoted unless the Appointing Authority waives the trial period according

Permanent Final Adoptions

to the provisions of this Section. The Appointing Authority may waive the trial period at any time by giving the employee written notice of the cancellation. Waiver of the trial period makes the promotion final.

(2) If an employee does not prove to be satisfactory in the new job during the trial period, the employee shall be reinstated to the former position or another in the same job family level, at the salary the employee would have received if the promotion had not taken place. However, the reasons for denying the employee permanent status in the promotional position shall be submitted in writing to the individual before the end of the trial period and a copy filed with the Human Capital Management Division. ~~The~~The employee shall not have the right to appeal [74:840-4.12].

(3) The promotion shall automatically become permanent at the end of the final working day of the trial period.

(4) The Appointing Authority may establish a written policy describing any agency standard for waiving the trial period and the reasons for the standard.

(b) **Trial period after interagency promotion.**

(1) An employee who is promoted interagency may, at the discretion of the receiving Appointing Authority, be required to serve a 6 month trial period in the new job only if the receiving agency has the job family from which the employee was promoted in its classification plan.

(2) The trial period may be canceled at any time, making the promotion final. Before the effective date of the promotion, the employee shall be informed in writing by the Appointing Authority whether the employee will be required to serve a trial period before such promotion becomes final. The promotion shall be permanent if the Appointing Authority fails to notify the employee in writing before the effective date of the promotion that a trial period is required under this paragraph. If an employee does not prove to be satisfactory in the new job during the trial period, the employee shall be reinstated to a position in the former job family in the same pay band for which the employee is qualified with the receiving agency, at the salary the employee would have received if the promotion had not taken place. However, the reasons for denying the employee permanent status in the promotional position shall be submitted in writing to the individual before the end of the trial period and a copy filed with the Human Capital Management Division. The promotion shall automatically become permanent at the end of the final working day of the trial period.

(c) If an employee on a trial period is absent from work in excess of 30 continuous calendar days the trial period shall be adjusted by the number of calendar days the employee was absent. The employee shall be notified at the earliest date that the trial period is to be ~~extended~~adjusted. Upon the employee's return to work notification of such adjustment shall be provided to the employee and the Human Capital Management Division and shall include the adjusted date of the final working day of the trial period.

(d) **Statutory probationary period after intra-agency promotion.** An employee who is promoted to a job for which

a probationary period is either permitted or required by Oklahoma Statutes shall be notified by the Appointing Authority of the probationary period before the effective date of the promotion. An employee shall not be required to serve a trial period after the promotion if a statutory probationary period is required.

PART 7. TRANSFERS AND VOLUNTARY DEMOTIONS

260:25-11-71. Intra-agency transfer

(a) The intra-agency transfer of a permanent employee from one position to another position in the same job family or another job in the same pay band, for which the employee has currently qualified, may be made at any time by the Appointing Authority.

(b) Upon intra-agency lateral transfer, an employee shall serve a six-month trial period in the job level to which the employee is transferred, unless the trial period is waived in writing by the Appointing Authority. [74:840-4.12] The trial period may be adjusted pursuant to 260:25-11-55(c). If an employee does not prove to be satisfactory in the new job during the trial period, the employee may be reinstated to the former position or another in the same job family level, at the salary the employee would have received if the transfer had not taken place. The employee shall be informed in writing of any action taken pursuant to this provision.

(c) A state agency shall have sole and final authority to designate the place or places where its employees shall perform their duties. The Oklahoma Merit Protection Commission shall not have jurisdiction to entertain an appeal of an employee from action of the employing agency transferring the employee from one county or locality to another, changing the assigned duties of the employee, or relieving the employee from performance of duty at a particular place and reassigning to the employee duties to be performed at another place, unless:

- (1) the action results in a change in job classification or reduction of base salary; or
- (2) an investigation by the Commission indicates that a violation of the provisions of Section 840-2.5 or 840-2.9 of . . . [the Oklahoma Personnel Act] may have occurred; or
- (3) it is established that the action was clearly taken for disciplinary reasons and to deny the employee the right of appeal. [74:840-4.19]

PART 11. OTHER TRANSACTIONS

260:25-11-110. Detail to special duty

(a) When the services of a permanent classified employee are temporarily needed in a job family or level other than the one to which the incumbent is regularly assigned the employee may be detailed to special duty, at the discretion of the Appointing Authority, to perform the duties of the job to which temporarily assigned.

(b) A detail to special duty in no way shall affect the status, title or job family held before the detail.

- (c) An employee shall not be placed on detail to special duty more than 12 months in any 36 month period.
- (d) Pay upon detail to special duty is covered in 260:25-7-17.
- (e) Detail to special duty is not required when an employee is temporarily assigned duties of another job for a period of less than 60 days in any 12-month period, or when an employee is temporarily performing such duties as part of a return to work program as a result of a work-related illness or injury, regardless of whether that period exceeds 60 days in any 12-month period. Such temporary placement shall not exceed ~~6 months~~months.

SUBCHAPTER 15. TIME AND LEAVE

PART 5. MISCELLANEOUS TYPES OF LEAVE

260:25-15-45. Family and medical leave

- (a) The federal Family and Medical Leave Act of 1993 entitles eligible employees to family and medical leave. This section is not a comprehensive listing of the provisions of the federal Family and Medical Leave Act of 1993 (29 U.S.C. 2601 et seq.) and regulations promulgated thereunder, and is not intended to conflict with either the Act or the regulations. To be eligible, an employee shall have been employed by the state at least 12 months and have worked at least 1,250 hours during the preceding 12-month period.
- (b) An eligible employee is entitled to family and medical leave for up to a total of 12 weeks during any 12-month period, for the following reasons:
 - (1) the birth of the employee's son or daughter, and to care for the newborn child;
 - (2) the placement with the employee of a son or daughter for adoption or foster care;
 - (3) to care for the employee's spouse, son, daughter, or parent with a serious health condition. As used in this subsection, "son" or "daughter" means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age 18, or age 18 or older and incapable of self-care because of a mental or physical disability;
 - (4) a serious health condition that makes the employee unable to perform the functions of the employee's job; or
 - (5) any qualifying exigency (as defined by U.S. Department of Labor Regulations) arising out of the fact that the spouse, son, daughter, or parent of the employee is on active duty or has been notified of an impending call or order to active duty in the Armed Forces in support of a contingency operation.
- (c) An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member shall be entitled to a total of 26 weeks of leave during a 12-month period to care for the service member. The leave described in this paragraph shall only be available during a single 12-month period. During the single 12-month period described in this paragraph, an eligible employee shall be entitled to combined total of 26 weeks of leave under paragraph (b) and (c). Nothing

- in this paragraph shall be construed to limit the availability of leave under paragraph (b) during any other 12-month period.
- (d) An Appointing Authority may require that an employee's request for family and medical leave to care for the employee's seriously-ill spouse, son, daughter, or parent, or due to the employee's own serious health condition that makes the employee unable to perform one or more of the essential functions of the employee's position, be supported by a certification issued by the health care provider of the employee or the employee's ill family member. An Appointing Authority may require a certification issued by the health care provider of a covered service member being cared for by an employee.
- (e) The entitlement to family and medical leave resulting from (b)(1) and (b)(2) of this Section expires at the end of the 12-month period beginning on the date of the birth or placement.
- (f) When family and medical leave is taken to care for a sick family member as defined in (b)(3) of this Section, a covered service member as referenced in (c) of this Section, or for an employee's own serious health condition, leave may be taken intermittently or on a reduced leave schedule when it is medically necessary. When family and medical leave is taken for a qualifying exigency as referenced in (b)(5) of this Section, leave may be taken intermittently or on a reduced leave schedule. An Appointing Authority may adopt a policy allowing family and medical leave to be taken intermittently to care for a newborn child or newly placed adopted or foster child.
- (g) Whenever it is possible, an employee shall schedule family and medical leave to accommodate the operations of the employee's agency. An employee shall give the Appointing Authority notice and a leave request at least 30 days before leave is to begin if the need for family and medical leave is expected. In any case in which the necessity for leave under (b)(5) of this Section is foreseeable, the employee shall provide such notice to the employer as is reasonable and practicable. When the need for family and medical leave is unexpected, an employee shall give the Appointing Authority notice and a leave request as soon as possible. The notice and request shall:
 - (1) be in writing;
 - (2) describe the reason for the family and medical leave;
 - (3) specify the type of leave the employee is requesting to account for the time off; and
 - (4) include any information or documentation required for the type of leave requested.
- (h) The Appointing Authority has the responsibility to review requests for sick leave and leave without pay for designation as family and medical leave. The Appointing Authority has the right to designate leave taken for an FMLA-qualifying event as FMLA leave, regardless of whether the employee has requested FMLA leave. The Appointing Authority's designation decision shall be based only on information provided by the employee or the employee's spokesperson. In accordance with the federal Family and Medical Leave Act, the Appointing Authority shall not designate leave as family and medical leave retroactively, unless the Appointing Authority does not have sufficient information concerning the employee's reason for taking the leave until after the leave period has begun.

Permanent Final Adoptions

(i) Family and medical leave is not a separate type of leave, and it is not accrued or accumulated. An Appointing Authority ~~shall give~~may require employees to use all available the following options paid leave prior to recording the absence as leave ~~without pay in accordance with 260:25-15-47~~ to account for time lost because of leave under the federal Family and Medical Leave Act of 1993.

- (1) Charge to accumulated annual leave [74:840-2.22];
- (2) Charge to accumulated sick leave [74:840-2.22];
- (3) Charge to leave donated by other state employees under Section 840-2.23 of Title 74 of the Oklahoma Statutes, which is also known as "shared leave";
- (4) Charge to accumulated compensatory time.; or
- (5) Record as leave without pay in accordance with 260:25-15-47.

(j) The agency shall continue paying the employee's insurance coverage while the employee is on family and medical leave.

(k) Upon return from family and medical leave, an employee shall have the right to be restored to the same or equivalent position and benefits, except for extension of his or her anniversary date for longevity pay, leave accrual, and calculation of retention points, he or she would have had if the employee had been continuously employed in pay status during the leave period.

(l) An employee shall not be required to take more leave than necessary to resolve the circumstance that precipitated the need for leave.

SUBCHAPTER 17. PERFORMANCE EVALUATION AND CAREER ENHANCEMENT PROGRAMS

PART 7. CARL ALBERT PUBLIC INTERNSHIP PROGRAM

260:25-17-74. Undergraduate internship program

(a) Eligibility. The undergraduate internship program consists of temporary positions for students enrolled in institutions of higher education and working toward an undergraduate degree which shall include associate's degrees or certifications by the Oklahoma Department of Career and Technology Education; [74:840-3.4(A)(1)]. To be considered for eligibility determination, applicants shall have at least a 2.5 cumulative grade point average on a 4.0 scale. Applicants shall follow the procedures in 260:25-17-77 for eligibility determination.

(b) Conditions of employment. Participants in the Undergraduate Internship Program who receive internship appointments shall:

- (1) be employed in accordance with paragraph 8 of Section 840-5.5 of Title 74 of the Oklahoma Statutes, for not more than 2 semesters or 999 hours per year,
- (2) continue making progress toward an undergraduate degree,
- (3) maintain the grade point average set out in (a) of this Section, and

(4) complete the training requirements described in (d) (3) of this Section.

(c) Benefits. Undergraduate interns shall not be eligible for paid leave, or health and retirement benefits.

(d) Responsibilities of appointing authorities.

(1) The Appointing Authority or designee shall ensure that the intern provides verification to the Human Capital Management Division that the intern is:

- (A) continuing to make progress toward an undergraduate degree during each semester employed, and
- (B) maintaining the grade point average set out in (a) of this Section.

(2) If this information is not transmitted to the Human Capital Management Division within 30 days after the end of the previous semester, the Administrator shall notify and the Appointing Authority of the termination of the internship agreement in accordance with Section 260:25-17-82(a).

(3) Each Appointing Authority shall provide a minimum of 4 clock hours of job-related training for undergraduate interns during the internship.

PART 15. WORKFORCE EDUCATION PROGRAM

260:25-17-140. Purpose

The rules in this part implement Section 840-3.1A of Title 74, which authorizes agencies in the executive branch of state government to establish education and training programs for positions critical to the missions of those agencies. The rules in this Part apply to both Merit System and non-Merit System agencies, and to both classified and unclassified executive branch state employees.

260:25-17-141. Eligibility

An executive branch State employee shall be eligible for the Workforce Education Program if the employee meets the following eligibility criteria:

- (1) Must be a current, full-time state employee with at least 12 months continuous employment with the agency;
- (2) If the employee has received a performance evaluation, he or she must have achieved an overall rating of "meets" or "exceeds" standards on his or her most recent performance evaluation; however, if the employee has not received an employee evaluation the employee may become eligible with a letter of recommendation from their current supervisor;
- (3) Meets the standards of the program as defined within this section;
- (4) Have no pending or formal disciplinary actions in his or her permanent personnel file within the last year from date of application to the program; and
- (5) Have been accepted to an educational or certification program that directly benefits the agency, its mission, or directives set forth by the agency.

260:25-17-142. Qualification and application procedures

Applicants qualifying under the Act shall provide the following information to their respective state agency for review and determination of eligibility:

- (1) A completed application form as prescribed by their respective agency;
- (2) The application must be received and approved prior to the start of the program; and
- (3) The employee must provide documentation from the educational or certifying institution for the course(s) or program in which the employee is enrolled.

260:25-17-143. Benefits

- (a) Funds of the agency may be used to pay salaries, tuition, subsistence and fees for qualified employees accepted in the program.
- (b) Employees may be in a work status while attending these training and education programs.

260:25-17-144. Conditions for receipt of benefits

- (a) The employee receiving benefits under this Subchapter shall execute a promissory note with their respective agency (who completes the promissory note and tracks it) to repay the amount of tuition and/or fees paid by said agency.
- (b) If the employee participated in the education and training program during working hours, the cost of any compensation paid to the employee while attending the course will be included in the total amount of the promissory note.
- (c) The amount of the promissory note with the agency shall be reduced at a rate of \$13.00 per calendar day beginning the first day following completion or graduation from the education or training program.
- (d) Should the employee leave the agency for any reason, except for employees who have volunteered or have been drafted into active military service, the obligation to the agency becomes due and payable immediately.
- (e) Any violation of the terms of the promissory note shall give rise to a cause of action and suit may be commenced by the agency for and on behalf of the State of Oklahoma for restitution of any and all sums plus interest at the statutory rate, costs, and reasonable attorney fees.

260:25-17-145. Standards

- The agency shall verify the employee:
- (1) Makes satisfactory progress towards the program completion; and
 - (2) Completes the program successfully as defined by the institution providing the education or training.

260:25-17-146. Eligible Institutions

- (a) The agency will only contract with institutions located in Oklahoma that are accredited by a national accrediting agency recognized by the U.S. Department of Education.
- (b) The agency may pay licensure and certification fees, regardless of the licensing or certifying entities location, for

those employees whose current or future positions with the agency require such a license or certification.

SUBCHAPTER 25. OKLAHOMA STATE EMPLOYEES' DIRECT DEPOSIT RULES

PART 1. GENERAL PROVISIONS

260:25-25-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"Act" means the Oklahoma State Employees' Direct Deposit Act, Section 292.10 et seq. of Title 74 of the Oklahoma Statutes.

"Administrator" means the Administrator of the Human Capital Management Division of the Office of Management and Enterprise Services.

"Automatic Deposit Transmittal Direct Deposit Authorization form" means a form voluntarily completed by a state employee to provide enrollment or termination information for the direct deposit system and to authorize the use of electronic funds transfer for payroll warrants.

"Banking day" means a day on which a bank is open to the public for carrying on substantially all of its banking functions [12A:4-104].

"Day" means a calendar day.

"Direct deposit system" shall mean a method of electronically transferring a payroll [warrant] for an eligible employee whereby the employee agrees to an electronic transfer of any payroll [warrant] to a financial institution [74:292.11(1)].

"Electronic funds transfer" and "EFT" means transferring an employee's net pay directly into the employee's financial institution account electronically rather than issuing pay warrants.

"Employee" means any person in the classified, unclassified or exempt service of any employer [74:292.11(2)].

"Employer" means any state agency, board, commission, department, institution, authority, officer, bureau, council, office, the Oklahoma State Regents for Higher Education or any institution under the authority of the State Regents for Higher Education, or other entity created by the Oklahoma Constitution. "Employer" shall not include any school district or political subdivision of this state [74:292.11(3)].

"Participant" means a person who is participating in the direct deposit system.

260:25-25-6. Responsibility of employers

- (a) All employers shall ~~begin~~ offering direct deposit to any eligible employees ~~not later than January 1, 1992~~ [74:292.12(C)].
- (b) All employers shall distribute and make available to employees information about the direct deposit system and ~~automatic deposit transmittal~~ direct deposit authorization forms.

Permanent Final Adoptions

(c) Employers receiving individual "~~advice of deposit~~ earnings statements" forms and pay stubs showing a record of earnings shall provide them to employees in the direct deposit system instead of payroll warrants.

(d) Employers that do not use the ~~OSFOMES~~ payroll accounting system shall provide a direct deposit service for their employees. The service shall agree with the Act and this Subchapter. It shall include the use of an ~~automatic deposit transmittal~~ direct deposit authorization form like the form described in Section 260:25-~~425~~-14 and approved by HCM. The rules in this Chapter do not require revision of any direct deposit authorization form in effect before January 1, 1992, that substantially agrees with 260:25-~~425~~-14.

260:25-25-14. Forms and Instructions

(a) The ~~automatic deposit transmittal~~ direct deposit authorization shall be used by the employee to authorize:

- (1) deposit of his or her payroll warrant in a specified checking or savings account in the financial institution of his or her choice through electronic funds transfer;
- (2) the specified financial institution to make a credit entry to the specified account;
- (3) the state of Oklahoma to direct the financial institution to return any moneys that are deposited in the employee's account to which the employee is not entitled;
- (4) changes in his or her enrollment information;
- (5) termination of the direct deposit of his or her payroll warrant; and

(b) The ~~automatic deposit transmittal~~ direct deposit authorization form contains spaces for the employee to:

- (1) provide personal data to facilitate his or her personal banking needs;
- (2) sign and date the agreement.

260:25-25-16. Procedures for direct deposit enrollment and changes

(a) Procedures for employees under the Office of Management and Enterprise Services payroll accounting system. To authorize direct deposit, employees under the Office of Management and Enterprise Services payroll accounting system, or its successor, shall file a properly completed automatic deposit transmittal form. An employee shall file this form 30 days before the desired effective date of the first electronic funds transfer, change or termination. The employee shall attach the form to an official document from the financial institution. (For example, an employee may attach a blank check with the word "VOID" printed across it.) The official document shall show the financial institution's FedACH routing number and employee's deposit account number.

(b) Procedures for employees not under the Office of Management and Enterprise Services payroll accounting system. Employees of agencies not under the Office of Management and Enterprise Services payroll accounting system shall complete and submit automatic deposit transmittal forms according to the instructions of their employers.

(e) ~~An instruction manual may be obtained from the Human Capital Management Division.~~

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF JANUARY 1, 2018:

**SUBCHAPTER 5. GRIEVANCE PANEL
AUTHORITY AND HEARING PROCEDURES**

**260:45-5-1. Access to Grievance Panel;
requestRequest for hearing**

(a) ~~Grievance Panel Authority~~**Grievances.** EGID has established a grievance procedure procedures by which: ~~an independently appointed three [3] member Grievance/review Panel shall act as an appeals body and the exclusive remedy:~~

(1) ~~For complaints by insured employees regarding the allowance and payment of claims, eligibility, benefits, provision of services, or other matters:~~Independent Review Organizations shall act as an appeals body for complaints by insured members regarding adverse benefit determinations based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit,

(2) ~~To conduct independent external reviews of all adverse determinations rendered by or on behalf of the Board or its designee utilization review organization.~~A three [3] member Grievance Panel shall act as an appeals body for complaints by insured members regarding all other issues.

(b) **Court Administrator Appointees.** The Court Administrator shall designate Grievance Panel members as shall be necessary. The members of the Grievance Panel shall consist of two [2] ~~retired active Judges~~Attorneys licensed to practice law in this state and one [1] state licensed health care professional or health care administrator who has at least three [3] years practical experience, has had or has admitting privileges to a State of Oklahoma hospital, has a working knowledge of prescription medication, or has worked in an administrative capacity at some point in their career.

(c) **Governor Appointees.** The state health care professional shall be appointed by the Governor. At the Governor's discretion, one or more qualified individuals may also be appointed as an alternate to serve on the Grievance Panel in the event the Governor's primary appointee becomes unable to serve.

(d) **Right to a Hearing.** ~~Except for grievances settled to the satisfaction of both parties prior to a hearing, any aggrieved~~Any covered member who requests in writing a hearing before the Grievance Panel pursuant to 260:45-5-1(a)(2) shall receive a hearing in person or through licensed counsel before the panel.

(e) ~~Exclusive remedy~~**Remedy.** ~~The grievance procedure provided by this Part shall be the exclusive remedy available to insured employees having complaints against the insurer. Such grievance procedure~~Grievance procedures conducted by the three [3] member Grievance Panel shall be subject to the Oklahoma Administrative Procedures Act, including provisions thereof for review of agency decisions by the district court.

(f) **Failure to timely submit hearing request.** ~~Any covered member aggrieved regarding the allowance and payment or denial of claims, eligibility, benefits and provision of services, adverse determinations, or other matters may request a hearing before the Grievance Panel [hereinafter referred to as Panel] to determine the validity of the grievance. All~~

~~requests for hearings~~All grievance requests must be filed within one [1] year from the date the member is notified of a denial of the claim, benefit or coverage. After more than one [1] year from the date the member was first notified of an allowance, payment, or denial of a claim, benefit, coverage, or other matter, the matter shall be deemed finally resolved.

(g) **Aggrieved member covered by an HMO.** Any member covered by an HMO is entitled to a hearing before the Panel in the same manner as all other covered members. The member must exhaust the HMO's internal grievance procedure, except for an emergency or if the HMO fails to timely respond, before requesting a ~~grievance panel~~Grievance Panel hearing. The member must file, along with his request for hearing, a written certification from the HMO that the member has exhausted said procedure, or a detailed explanation of the emergency or of the HMO's failure to respond.

(h) **Submission of Grievance request.**~~Request for Hearing.~~Request for Hearing shall be in writing on a form provided by EGID for such purpose or in writing by the employee if in substantial compliance with the form and shall contain the following information:

The employee shall be notified of the hearing date by mail with delivery confirmation. A copy of all rules pertinent to the hearing shall be forwarded with the Notice, along with a statement of claimant's rights.

260:45-5-3. Prehearing conference

For grievance hearings conducted by the three [3] member Grievance Panel ~~the~~ The Attorney representing EGID, the claimant, or the claimant's attorney may request a pre-hearing conference to determine legal or factual issues. The Attorney representing EGID may conduct such a conference.

Permanent Final Adoptions

260:45-5-4. ~~The grievance hearing~~**Grievance hearings conducted by the three [3] member Grievance Panel**

(a) **Witness list.** Each party must submit, in writing, at least forty-eight [48] hours prior to the date of a grievance hearing a complete list of witnesses he or she intends to call, along with a brief comment as to the nature of the testimony. Witnesses shall not be called to testify at the hearing unless notice has been given to the opposing parties.

(b) **Assignment of Panel and Chairman.** All hearings shall be held before a three-member Grievance Panel, as assigned by the Office of the Administrative Director of the Courts. All hearings shall be conducted in accordance with and be governed by the provisions of the Oklahoma Administrative Procedures Act, 75 O.S. §301-326. At each convening of the Panel, one member shall be designated to act as the Chairman.

(c) **Admissibility of evidence.** Rulings on admissibility of evidence shall be made by the Panel Chairman; provided, however, that the remaining members of the Panel may, by affirmative vote, overrule the Chairman's decision, on their own motion or upon motion of any party to the hearing.

(d) **Oaths and subpoena.** The Chairman of the Panel shall have the authority to administer oaths for obtaining testimony for the hearing; and any member of the Panel or the Attorney representing EGID shall have the authority to issue subpoenas for witnesses or subpoenas duces tecum to compel the production of books, records, papers and other objects for the hearing. Said subpoenas may be served by any duly qualified officer of the law, or any employee of EGID in any manner prescribed for the service of a subpoena in a civil action.

(e) **Court reporter.** The Attorney representing EGID shall cause a recording of the proceedings to be made by a certified court reporter at EGID's expense. If transcribed, such written transcript shall become a part of the official record of the hearing, and a copy shall be furnished to any other party having a direct interest therein at the request and expense of such party. The cost of preparing the written transcript of the hearing and providing a copy of the transcript to the other party shall be paid by the party on whose behalf the written transcript is requested.

(f) **Procedure.** In all hearings, opportunity shall be afforded the party or parties requesting same to respond and present evidence and argument on all issues involved. The hearing shall be conducted in an orderly manner. The party or parties requesting the hearing shall appear in person or through licensed counsel and be heard first; those, if any, who oppose the relief sought by the requesting party shall next be heard. Each party shall have the opportunity to present closing arguments.

260:45-5-5. **Continuance; disposition; Attorney representation**

Any request for continuance of a hearing conducted by the three [3] member Grievance Panel may be granted by the Attorney representing EGID or the Panel if requested for any of the following reasons: illness or unavailability of the party requesting the hearing, unavailability or illness of a material witness, unavoidable conflict of schedule, unavailability of

relevant documents, or other good cause. All parties to the hearing shall be notified of the continuance as soon as possible.

(1) Unless precluded by law, informal disposition may be made of any individual proceedings by stipulation, agreed settlement, consent order, or default.

(2) Any party shall at all times have the right to be represented by counsel at their own expense, provided such counsel is licensed to practice law by the Supreme Court of Oklahoma.

260:45-5-6. **Certificate of mailing**

All filings, including Orders, Notices and Briefs, considered or issued by the three [3] member Grievance Panel shall include a Certificate of Mailing showing the names and mailing addresses of adverse parties or their attorneys of record.

260:45-5-7. **Final order; appeals**

(a) **Final Order.** The Grievance Panel shall enter a Final Order within no more than forty-five [45] days after the date of the hearing in all cases in which evidence and testimony has been offered and admitted. The Final Order shall separately state all Findings of Fact, Conclusions of Law and an Order approving or denying the claim.

(b) **District Court appeals.** The Grievance Panel's Final Order shall be considered a final decision of EGID for purposes of appeal. Any party to the hearing has the right to appeal to District Court from Final Orders entered by the Panel. This appeal shall be governed by the Administrative Procedures Act, 75 O.S. §301, et seq., and by other pertinent statutes such as 74 O.S. §1301, et seq.

260:45-5-8. **Scheduling of hearings**

All requests for hearings assigned to the three [3] member Grievance Panel ~~regarding the allowance and payment or denial of claims, eligibility, benefits, provision of services, adverse determinations, or other matters~~ shall be presented to, and heard by the Grievance Panel in open court within sixty [60] days of receipt of the properly submitted written request, unless the matter is: settled to the satisfaction of both parties; continued by agreement of the parties; or the Panel orders a continuance for good cause shown.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF JANUARY 1, 2018:

SUBCHAPTER 1. PURPOSE AND DEFINITIONS

260:50-1-2. Definitions

The following words and terms as defined by EGID, when used in this chapter, shall have the following meaning, unless the content clearly indicates otherwise:

"Administrative error" occurs when the coverage elections the member makes are not the same as those entered into payroll for deduction from the member's paycheck. This does not include untimely member coverage elections or member misrepresentation. When such an administrative error results in underpaid premiums, full payment to EGID shall be required before coverage elected by the member can be made effective.

If overpayment occurs, EGID shall refund overpaid funds to the appropriate party.

"Administrator" means the Administrator of the Employees Group Insurance Department or a designee.

"Allowable fee" means the maximum allowed amount based on the HealthChoice Network Provider Contracts payable to a provider by EGID and the member for covered services.

"Attorney representing EGID" means any attorney designated by the Administrator to appear on behalf of EGID.

"The Board" means the seven [7] Oklahoma Employees Insurance and Benefits Board members designated by statute [74 O.S. §1303(1)].

"Business Associate" shall have the meaning given to "Business Associate" under the Health Insurance Portability and Accountability Act of 1996, Privacy Rule, including, but not limited to, 45 CFR §160.103.

"Carrier" means the State of Oklahoma.

"Comprehensive benefits" means benefits which reimburse the expense of facility room and board, other hospital services, certain out-patient expenses, maternity benefits, surgical expense, including obstetrical care, in-hospital medical care expense, diagnostic radiological and laboratory benefits, providers' services provided by house and office calls, treatments administered in providers' office, prescription drugs, psychiatric services, Christian Science practitioners' services, Christian Science nurses' services, optometric medical services for injury or illness of the eye, home health care, home nursing service, hospice care and such other benefits as may be determined by EGID. Such benefits shall be provided on a co-payment or coinsurance basis, the insured to pay a proportion of the cost of such benefits, and may be subject to a deductible that applies to all or part of the benefits as determined by EGID. [74 O.S. §1303 (14)]

"Cosmetic procedure" means a procedure that primarily serves to improve appearance.

"Current employee" means an employee in the service of a participating entity who receives compensation for services actually rendered and is listed on the payrolls and personnel records of said employer, as a current and present employee, including employees who are otherwise eligible who are on approved leave without pay, not to exceed twenty-four [24] months. An education employee absent from employment, not to exceed eight [8] years, because of election or appointment as local, state, or national education association officer who is otherwise eligible prior to taking approved leave without pay will be considered an eligible, current employee. A person elected by popular vote will be considered an eligible employee during his tenure of office. Eligible employees are defined by statute. [74 O.S. §1303 and §1315]

"Custodial care" means treatment or services regardless of who recommends them or where they are provided, that could be given safely and reasonably by a person not medically skilled. These services are designed mainly to help the patient with daily living activities. These activities include but are not limited to: personal care as in walking, getting in and out of bed, bathing, eating by spoon, tube or gastrostomy, exercising, dressing, using toilet, preparing meals or special diets, moving

Permanent Final Adoptions

the patient, acting as companion or sitter, and supervising medication which can usually be self-administered.

"Dependent" means the primary member's spouse (if not legally separated by court order), including common-law. Dependents also include a member's daughter, son, stepdaughter, stepson, eligible foster child, adopted child, child for whom the member has been granted legal guardianship or child legally placed with the primary member for adoption up to the child's twenty-sixth [26th] birthday. In addition other unmarried children up to age twenty-six [26] may be considered dependents if the child lives with the member and the member is primarily responsible for the child's support. A child may also be covered regardless of age if the child is incapable of self-support because of mental or physical incapacity that existed prior to reaching age twenty-six [26]. Coverage is not automatic and must be approved with a review of medical information. A disabled dependent deemed disabled by Social Security does not automatically mean that this disabled dependent will meet the Plan requirements. [74 O.S. §1303(13)]. See additional eligibility criteria for disabled dependents over the age of twenty-six [26] at 260:50-3-18.

"Durable medical equipment" means medically necessary equipment, prescribed by a provider, which serves a therapeutic purpose in the treatment of an illness or an injury. Durable medical equipment is for the exclusive use of the afflicted member and is designed for prolonged use. Specific criteria and limitations apply.

"Emergency" ~~means a sudden and unexpected symptom that a prudent lay person, who possesses an average knowledge of health and medicine, could reasonably expect that the absence of immediate medical attention would result in placing the health of the individual or others in serious jeopardy.~~ means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition described in clause (i), (ii), or (iii) of section 1867(e)(1)(A) of the Social Security Act (42 U.S.C. 1395dd (e)(1)(A)). (In that provision of the Social Security Act, clause (i) refers to placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; clause (ii) refers to serious impairment to bodily functions; and clause (iii) refers to serious dysfunction of any bodily organ or part.)

"Enrollment period" means the time period in which an individual may make an election of coverage or changes to coverage in effect.

"Excepted Benefits" means the four categories of benefits as established in section 2791 of the PHS Act, section 733 of ERISA and section 9832 of the Internal Revenue Code, as summarized in IRS Bulletin 2015-14 and subsequent regulatory guidance. These Excepted Benefits include but are not limited to vision coverage, dental coverage, long-term care insurance, Medicare supplement coverage, automobile liability insurance, workers compensation, accidental death and dismemberment insurance and specific disease coverage (such as cancer).

"Facility" means any hospital, rehabilitation facility, skilled nursing facility, midwifery center, ambulatory surgical center, home health agency, infusion therapy entity, hospice program, durable medical equipment vendor, radiology facility, dialysis facility, or laboratory which is duly licensed under the laws of the state of operation, Medicare certified as applicable, and accredited by a nationally recognized accreditation organization that is approved by state or federal guidelines, for example, The Joint Commission (formerly JCAHO) or The Commission on Accreditation of Rehabilitation Facilities (CARF).

"Fee schedule" means a listing of one or more allowable fees.

"Former participating employees and dependents" means eligible former employees who have elected benefits within thirty [30] days of termination of service and includes those who have retired, or vested through an eligible State of Oklahoma retirement system, or who have completed the statutory required years of service, or who have other coverage rights through Consolidated Omnibus Budget Reconciliation Act (COBRA) or the Oklahoma Personnel Act. An eligible dependent is covered through the participating former employee or the dependent is eligible as a survivor or has coverage rights through COBRA.

"Health information" means any information, whether oral or recorded in any form or medium: (1) that relates to the past, present or future physical or mental condition of a member; the provision of health care to a member; or the past, present or future payment for the provision of health care to a member; and (2) that identifies the member or with respect to which there is a reasonable basis to believe the information can be used to identify the member.

"Home health care" means a plan of continued care of an insured person who is under the care of a provider who certifies that without the Home health care, confinement in a hospital or skilled nursing facility would be required. Specific criteria and limitations apply.

"Hospice care" means a concept of supportive care for terminally ill patients. Treatment focuses on the relief of pain and suffering associated with a terminal illness. Specific criteria and limitations apply.

"Inaccurate or erroneous information" means materially erroneous, false, inaccurate, or misleading information that was intentionally submitted in order to obtain a specific coverage.

"Initial enrollment period" means the first thirty [30] days following the employee's entry-on-duty date. A group initial enrollment period is defined as the thirty [30] days following the enrollment date of the participating entity.

"Insurance Coordinator" means Insurance/Benefits Coordinator for Education, Local Government, and State Employees.

"Maintenance care" means there is no measurable progress of goals achieved, no skilled care required, no measurable improvement in daily function or self-care, or no change in basic treatment or outcome.

"Medically necessary" means services or supplies which are provided for the diagnosis and treatment of the medical

and/or mental health/substance abuse condition and complies with criteria adopted by EGID. Direct care and treatment are within standards of good medical practice within the community, and are appropriate and necessary for the symptoms, diagnosis or treatment of the condition. The services or supplies must be the most appropriate supply or level of service, which can safely be provided. For hospital stays, this means that inpatient acute care is necessary due to the intensity of services the member is receiving or the severity of the member's condition, and that safe and adequate care cannot be received as an outpatient or in a less intensified medical setting. The services or supplies cannot be primarily for the convenience of the member, caregiver, or provider. The fact that services or supplies are medically necessary does not, in itself, assure that the services or supplies are covered by the Plan.

"Members" means all persons covered by one or more of the group insurance plans offered by EGID including eligible current and qualified former employees of participating entities and their eligible covered dependents.

"Mental health and substance abuse" means conditions including a mental or emotional disorder of any kind, organic or inorganic, and/or alcoholism and drug dependency.

"Network provider" means a practitioner who or facility that is duly licensed under the laws of the state in which the "Network provider" operates and/or is accredited by a nationally recognized accrediting organization such as The Joint Commission (formerly JCAHO) or The Commission on Accreditation of Rehabilitation Facilities (CARF) approved by state or federal guidelines, and has entered into a contract with EGID to accept scheduled reimbursement for covered health care services and supplies provided to members.

"Non-Network out-of-pocket" means the member's expenses include the total of the member's deductibles and co-insurance costs plus all amounts that continue to be charged by the non-Network provider after the HealthChoice allowable fees have been paid.

"OEIBB" means Oklahoma Employees Insurance and Benefits Board.

"Open enrollment period" means a limited period of time as approved by either EGID or the Legislature in which a specified group of individuals are permitted to enroll.

"Option period" means the time set aside at least annually by EGID in which enrolled plan members may make changes to their enrollments. Eligible but not enrolled employees may also make application for enrollment during this time. Enrollment is subject to approval by EGID.

"Orthodontic limitation" means an individual who enrolls in the Dental Plan will not be eligible for any orthodontic benefits for services occurring within the first twelve [12] months after the effective date of coverage. Continuing orthodontic services for newly hired employees who had previous group dental coverage will be paid by prorating or according to plan benefits.

"Other hospital services and supplies" means services and supplies rendered by the hospital that are required for treatment, but not including room and board nor the professional services of any provider, nor any private duty, special or intensive nursing services, by whatever name called, regardless

of whatever such services are rendered under the direction of the hospital or otherwise.

"Participating entity" means any employer or organization whose employees or members are eligible to be participants in any plan authorized by or through the Oklahoma Employees Insurance and Benefits' Act.

"The Plan or Plans" means the self-insured Plans by the State of Oklahoma for the purpose of providing health benefits to eligible members and may include such other benefits as may be determined by EGID. Such benefits shall be provided on a coinsurance basis and the insured pays a proportion of the cost of such benefits.

"Primary insured" means the member who first became eligible for the insurance coverage creating eligibility rights for dependents.

"Prosthetic appliance" means an artificial appliance that replaces body parts that may be missing or defective as a result of surgical intervention, trauma, disease, or developmental anomaly. Said appliance must be medically necessary.

"Provider" means a physician or other practitioner who is duly licensed or certified under the laws of the state in which the Provider practices and is recognized by this Plan, to render health and dental care services and/or supplies.

"Schedule of benefits" means the EGID plan description of one or more covered services.

"Skilled care" means treatment or services provided by licensed medical personnel as prescribed by a provider. Treatment or services that could not be given safely or reasonably by a person who is not medically skilled and would need continuous supervision of the effectiveness of the treatment and progress of the condition. Specific criteria and limitations are applied.

SUBCHAPTER 3. ADMINISTRATION OF PLANS

260:50-3-8. Refunds for overpayment

(a) **Refunds.** Any refund of payment for any premium overpayment shall be made only when EGID is notified in writing no later than sixty [60] days after the actual date of the overpayment, unless lack of notification is beyond control as determined by EGID.

(b+) **Administrative Error.** Refunds for overpayment due to administrative error, as limited and defined in the rules in this title, of the Insurance/Benefits Coordinator or the payroll clerk for EGID, shall be made at one hundred percent [100%].

(c2) **Refunds on behalf of employees.** Refunds on behalf of employees shall be paid to the entity. In order appropriate party. For an entity to receive a refund ~~entity~~. the entity must have a credit balance.

(d) **Inaccurate or erroneous information.** If EGID finds that materially erroneous, false, inaccurate, or misleading information was intentionally submitted in order to obtain a specific coverage, then:

(1) For optional or supplemental life insurance coverage in excess of any guaranteed amounts of coverage, EGID shall extinguish its liability by tendering a refund of premiums paid to the insured or the beneficiary;

Permanent Final Adoptions

(2) Health or dental coverage would be canceled retroactive to the effective date of the coverage obtained by the misrepresentation. Refunded premiums would be reduced by any claims paid by HealthChoice.

(e) Medicare eligibility. There shall be no refund of premiums for prior months during which the member was eligible for Medicare, and written notice was not provided to EGID. An exception shall be made for individuals who are retroactively awarded Medicare coverage by the Social Security Administration, when written notice of the retroactive award is provided to EGID within thirty [30] days after the member's notification of the Social Security Administration award. A member's sixty-fifth [65th] birthday is considered automatic notification of Medicare eligibility.

260:50-3-15. Effective dates of coverage for current employees

An employee other than an education employee is eligible to participate if not classified as seasonal or temporary and whose actual performance of duties normally requires one thousand [1,000] hours per year or more. An education employee who is a member of or eligible to participate in the Oklahoma Teacher's Retirement System and working a minimum of four [4] hours per day or twenty [20] hours per week may participate in the Plan. Part-time education employees are those who meet the requirements of a half-time employee as defined by the Oklahoma Teachers Retirement System. Eligible employees shall be covered on the first [1st] day of the month following the month in which the employee is in an eligible status.

(1) If an employee is absent due to accident or illness on the date the employee coverage would normally become effective, benefits shall not be payable until the employee returns to the job. If the employee is absent from work because of a holiday, vacation or nonscheduled working day and the employee was on the job on a scheduled working day immediately preceding the effective date, this effective date will not be changed. An employee coming to work during the latter part of a payroll period who is not able to complete an insurance change form should be placed on the appropriate plans on the first [1st] day of the following month with employee only coverage, so that the employee life, dental and health will be in effect. Members may add optional coverages within the member's initial thirty [30] day enrollment period to be effective the first [1st] day of the month following the date the member enrolled for optional coverages.

(2) Participating entities shall forward members' enrollment information and any changes to enrollment information during the initial enrollment period to the Administrator within ten [10] days after the last day a member may enroll.

(3) If an employee leaves a participating entity and is hired by another participating entity within the following thirty [30] day period, premiums must be forwarded to EGID to avoid a break in coverage.

(4) An enrolled member who terminates employment or is in leave without pay status and whose spouse is

also an enrolled employee may transfer coverage to their spouse to be insured as a dependent. The health, dental, vision and basic life may be transferred. The employee's basic life amount will transfer to a dependent spouse amount. If there are dependent children, they must also be insured unless they have other ~~verifiable group coverage~~ group or qualified individual health insurance.

(5) An employee that terminates from a participating employer and is hired by another participating employer shall be entitled to be treated as a new employee with new health, dental, vision and life benefit options available. A rehired employee returning to a former employer has new health, dental and vision benefit options only after a thirty [30] day break in coverage and may be subject to orthodontic limitations.

(6) Except as provided by statute, an individual employee may choose not to be enrolled in the health or dental plans or may disenroll from these plans because of other health or group dental coverage or by reason of eligibility for military or Indian health services within thirty [30] days after the date the employee becomes eligible for the other health or group dental coverage. Such employees who subsequently lose the other coverage or eligibility for military or Indian health services may enroll in the corresponding health or dental plans offered through EGID if the election is made no later than thirty [30] days after the date of loss of the other coverage. At the insured's option, in order to avoid a break in coverage and the application of the dental limitation, coverage under this Plan shall become effective on the first [1st] day of the month during which the insured actually lost the previous coverage, provided the insured pays the full premium for that month. Otherwise, coverage shall become effective under this Plan on the first [1st] day of the month following the election of health and/or dental coverage, and any break in coverage shall result in the application of the dental limitations. Excepted Benefits do not qualify as other health coverage for purposes of this rule.

260:50-3-18. Eligibility criteria for disabled dependent children over the age of twenty-six [26]

Eligibility criteria for covering a disabled dependent child over the age of twenty-six [26] pursuant to 74 O. S. §1303(13) are as follows, provided all other eligibility requirements are also satisfied:

(1) It is intended that the following dependent children over the age of twenty-six [26] are eligible for coverage under this provision:

(A) A child who has been medically determined to be incapable of self-support because of mental or physical incapacity that currently exists and has continuously existed since before reaching the age of twenty-six [26] years; and

(B) The child is the primary member's natural child, an adopted child, a child for whom the primary member has been granted guardianship, or a child of the primary member's spouse when the spouse has

been ordered by a Court to provide health insurance for the child; and

(i) Eligibility through court appointed guardianship will be accepted only for individuals considered to be the primary member's immediate family members. ~~(such as a child or grandchild).~~ Guardianship for others not listed herein will not be considered as documentation supporting eligibility for coverage as a disabled dependent. The assessment/application for coverage must be submitted within thirty [30] days of obtaining legal guardianship. Power of attorney, including durable power of attorney, does not qualify as guardianship; and

(ii) Coverage ceases at the end of the month in which the primary member's appointment as guardian is terminated.

(C) An approved disabled dependent can only be added to coverage within thirty [30] days of a qualifying event. While changes to coverage (benefits or plan options) may be made during the annual Option Period, enrollment of a disabled dependent will not be considered without a qualifying event.

(2) Other criteria required for disabled dependent status are:

(A) For an individual who is a new hire or a re-hire, assessment/application for disabled dependent status must be completed and submitted to EGID within thirty [30] days of primary member's initial enrollment;

(B) Primary members must submit a copy of their federal and/or state income tax returns for the prior year reflecting their support of the dependent.

(C) Dependents are eligible only for the coverage in which the primary insured is enrolled. Only dependent life insurance can be carried by both parents if each is a primary member under the plan; and

(D) Primary members must apply for disabled dependent status for an eligible child at least thirty [30] days prior to the dependent's twenty-six [26th] birthday.

(3) Disabled dependent status must be continued for a minimum of one [1] year. If the dependent having the disabled status is dropped from coverage, the primary member may not reapply for disabled dependent status for the dependent for a period of twelve [12] months. The twelve [12] month requirement does not apply when the dependent has lost other group coverage.

260:50-3-20. Withdrawal from plan; termination or loss of coverage

(a) **Withdrawal from plan.** Those eligible entities participating on a voluntary basis that elect to withdraw cannot re-enter the Plan for one [1] year following the date of withdrawal except for extraordinary circumstances. Notice of the election to withdraw must be provided to EGID thirty [30] days prior to the actual withdrawal date.

(b) **Termination of coverage due to insolvency of carrier.** Any eligible entities who have withdrawn and purchased other coverage, then have been notified by their other health and/or group dental insurance carrier that coverage is being terminated due to insolvency of the carrier may re-enroll in the corresponding coverages within thirty [30] days after the loss of coverage by submitting a completed application form which must be approved by EGID prior to enrollment. Excepted Benefits do not qualify as other health coverage for purposes of this rule.

(c) **Individual member withdrawal and re-enrollment.** An individual employee who discontinues coverage on himself cannot re-enroll in any coverage for himself or his dependents for a period of twelve [12] months. Subsequent to the end of this twelve [12] month period, he may reapply for coverage offered by ~~the Oklahoma State and Education Employees Group Insurance Board~~ EGID provided that he is eligible through a participating entity. The orthodontic limitations will apply.

(d) **Loss of other health, group dental or group life insurance coverage.** The twelve [12] month requirement does not apply when the individual member has lost other health, group dental and/or group life insurance coverage and is seeking reinstatement pursuant to Rule 260:50-3-20(c). Excepted Benefits do not qualify as other health coverage for purposes of this rule.

SUBCHAPTER 5. COVERAGE AND LIMITATIONS

PART 3. THE PLANS

260:50-5-10. Plan limits

(a) **Deductible.** Covered members or dependents may be required to meet a calendar year deductible. Only covered charges will apply to the deductible.

(b) **Family deductible.** The family deductible is met when covered family medical expenses combined exceed the Plan's specified amount. No further deductible will be required from any covered participant for the remainder of the calendar year.

(c) **Network out-of-pocket maximum.** Per person and family calendar year out-of-pocket expenses are limited under HealthChoice to the percentage based on coinsurance and copayments. When the member or dependent exceeds the specified out-of-pocket calendar year maximum EGID will pay one hundred percent [100%] of the allowable fee for treatment provided by a Network provider. The one hundred percent [100%] payment of the allowable fee will be made by HealthChoice for the remainder of the calendar year. Network out-of-pocket maximum accumulations also apply to the non-Network out-of-pocket accumulations. The out-of-pocket maximum does not include charges for non-covered services and balance billing charges from non-Network providers.

(d) **Non-Network out-of-pocket.** The Plan will pay one hundred percent [100%] of the allowable fee for treatment provided by a non-Network provider, once the member or dependent exceeds the specified out-of-pocket calendar year threshold. The one hundred percent [100%] payment of

Permanent Final Adoptions

the allowable fee will be made by the Plan for the remainder of the calendar year. Specific HealthChoice plans may apply non-Network out-of-pocket accumulations to the Network out-of-pocket maximums. Unlike Network providers, non-Network providers have no contractual obligation to limit members' financial responsibility after HealthChoice has paid the claim. HealthChoice processes claims based on limited allowable fees to Network and non-Network providers. Allowable fees are not the same as charges billed by providers. Network providers have agreed with HealthChoice to write off the remainder of their fees after all payments from HealthChoice and the member's deductible, copay and coinsurance have been determined. However, non-Network providers have no write-off agreement with HealthChoice, which means the member remains responsible for paying all outstanding billed charges for treatment which have not been paid by HealthChoice. In most cases, this leaves the member responsible for paying a substantial out-of-pocket charges for treatment by the non-Network provider. The out-of-pocket maximum does not include charges for non-covered services, balance billing charges from non-Network providers and copays. Copayments apply to the Network out-of-pocket maximum.

~~(e) **Lifetime maximum benefit.** There is a lifetime maximum benefit that will be paid by the Plan for a member or dependent, with regard to pharmacy benefits.~~

~~(f) **Treatment by non-Network providers.** Any treatment at a non-Network provider will remain subject to the fee schedule or any other form of maximum claim payment limitation. Claims paid pursuant to the benefit administration procedures or guidelines as adopted by EGID at any non-Network hospital or provider are subject to the limited maximum allowable fee in every case, regardless of the reason why the member sought and received treatment at the non-Network provider, and will usually result in substantial out-of-pocket expenses to the insured. Exceptions allowed by Statute at 74 O.S. §1304(12) and (13) may be made, when appropriate.~~

PART 13. COORDINATION OF HEALTH AND DENTAL BENEFITS

260:50-5-45. Definitions

The following words and terms, when used in this part, shall have the following meaning, unless the context clearly indicates otherwise:

"Allowable expense" means any medically necessary item of expense at least a portion of which is covered under at least one of the plans covering the person for whom the claim is made except where a statute requires a different definition. An expense or service, or a portion of an expense or service that is not covered by EGID's medical and or dental plan is not an allowable expense. The maximum liability under EGID's medical and or dental plan as a secondary or subordinate ~~payor~~ ~~payer~~ is the member's actual liability under any coordinating plan or EGID's standard benefit, whichever is less. However, items of expense under coverage such as, but not limited to dental care, vision care, prescription drug or hearing aid programs may be excluded from the definition of allowable

expense. A plan which provides benefits only for any such items of expense may limit its definition of allowable expense to like items of expense. When a plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered shall be deemed to be both an allowable expense and a benefit paid. The difference between the cost of a private hospital room and the cost of a semi-private hospital room shall not be deemed to be an allowable expense, except for the period of time during which the patient's confinement to a private hospital room is deemed medically necessary in terms of generally accepted medical practice.

"Plan" means the following:

(A) "Plan" means any plan providing benefits or services for or by reason of medical or dental care or treatment, which benefits or services are provided by:

- (i) group, blanket or franchise insurance coverage,
- (ii) service plan contracts, group practice, individual practice and other prepayment coverage,
- (iii) any coverage under labor-management trustee plans, union welfare plans, employer organization plans, or employee benefit organization plans, and
- (iv) any coverage under governmental programs, and any coverage required or provided by any statute.

(B) The term "Plan" shall be construed separately with respect to each policy, contract, or other arrangement for benefits or services and separately with respect to that portion of any such policy, contract, or other arrangement which reserves the right to take the benefits or services of other plans into consideration in determining its benefits and that portion which does not.

(C) Individually underwritten and issued contracts which provide a contractual right to renewal regardless of membership in or connection with any particular organization or group shall not be considered group-type contracts, irrespective of the mode or channel of premium payment and regardless of any reduction in premium the covered person may receive by virtue of such method of premium collection.

(D) The definition of a "Plan" within the coordination of benefits provision of group contracts enumerates the types of coverage which the insurer may consider in determining whether other insurance exists with respect to a specific claim. Such definition:

- (i) May not include individual or family policies, or individual or family subscriber contracts, except as provided in (ii) of this part and in (E) of this definition.
- (ii) May include all group or group subscriber contracts as well as such group-type contracts as are not available to the general public and can be obtained and maintained only because of the covered person's membership in or connection with a

particular organization or group. Group-type contracts answering this description may be included in the definition, at the option of the insurer and its policyholder client, whether or not individual policy forms are utilized and whether the group-type coverage is designated as "franchise" or "blanket" or in some other fashion.

(E) The definition of "Plan" may include both group and individual automobile "no fault" contracts but, as to the traditional automobile "fault" contracts, only the medical benefits written on a group or group-type basis may be included.

(F) Interpretation of the definition of a "Plan" may not include group or group-type hospital indemnity benefits (written on a non-expense incurred basis) of thirty dollars [\$30] per day or less unless they are characterized as reimbursement type benefits but are designed to administer so as to give the insured the right to elect indemnity type benefits, in lieu of such reimbursement type benefits at the time of the claim. In any event, the amount of group and group-type hospital indemnity benefits which exceed thirty dollars [\$30] per day may be construed as being included under the definition of "Plan".

(G) School accident type coverages, written on either an individual, blanket, group or franchise basis should not be taken into consideration in coordination of benefits. In this context, school accident type coverages are defined to mean coverage covering grammar school, middle school, and high school students for accidents only, including athletic injuries, either on a twenty-four [24] hour basis or "to and from school" for which the parent pays the entire premium.

(H) If "Medicare" or similar governmental benefits are included in the definition of "Plan", such benefits may be taken into consideration without expanding any of the definitions of this provision beyond the hospital, medical, and surgical benefits which may be provided by the governmental program.

(I) A plan may not coordinate or design benefits so that the benefits payable are altered solely on the basis that:

- (i) another plan exists; or
- (ii) except with respect to Part B of Medicare, that the claimant is or could have been covered under another plan; or
- (iii) the claimant has elected an option under another plan providing a lower level of benefits than another option for which the claimant was eligible.

(J) With regard to plans offered by EGID an eligible person shall not be insured as a primary insured and also as a dependent for any benefit options except dependent life, nor can any dependent be covered simultaneously by more than one primary insured. Double enrollment, whether it occurs intentionally or by error, shall be deemed void from the inception, and EGID reserves the right to decide which form of

single enrollment coverage to allow, whether primary or dependent.

"This Plan" means that portion of the benefits that are subject to this part.

SUBCHAPTER 9. COBRA HEALTH INSURANCE CONTINUATION

260:50-9-1. Procedures and implementation

Notice of right to continue coverage. ~~Each agency or employer participating in the EGID Plan~~ shall advise each covered employee of his right to continue coverage under Federal COBRA provisions. COBRA coverage applies only to health, dental, and vision benefits. Life and disability coverage are not available through COBRA.

- (1) Initial application and licensing fees:
 - (A) Company - \$250.00;
 - (B) Company Qualified Agent - \$200.00;
 - (C) Designer Application - \$200.00;
 - (D) Technician - \$75.00;
 - (E) Trainee - \$75.00;
 - (F) Salesperson - \$75.00;
 - (G) ~~Re-Examination, Per Attempt - \$50.00~~
- (2) Renewal Fees:
 - (A) Company License - \$250.00;
 - (B) Company Qualified Agent - \$100.00;
 - (C) Designer - \$100.00;
 - (D) Technician - \$35.00;
 - (E) Trainee - \$35.00;
 - (F) Salesperson - \$35.00;
 - (G) Duplicate License - \$25.00

(b) **License period.**

- (1) A license shall expire on September 30, 2009 and each year thereafter. Renewals must be received or postmarked on or before September 30 of each year. Beginning October 1 a license may be renewed by paying double the renewal fee.
- (2) Initial applicants for managers, designers, technicians, salespersons and trainees shall provide either:
 - (A) An application and a current criminal history record check dates within thirty days of application, from the Oklahoma State Bureau of Investigations. If the applicant has not resided in the State of Oklahoma for the past ten (10) years, a current criminal history record check from each State of previous residents will be required. In addition two (2) completed fingerprint cards and two (2) passport photos (provides for temporary licensure);
 - (B) An application two (2) completed fingerprint cards and two (2) passport photos (does not provide for temporary licensure).
- (3) A license which has been expired for more than two (2) years shall not be renewed. An individual may obtain a valid license by successful completion of the appropriate examination and/or certification and other licensure requirements.
- (4) From July 1, 2008 through September 20, 2008 the State Fire Marshal shall, upon proper application and payment of fee, make license without examination those persons who can provide evidence that they were engaged

Rule 270:10-1-8 sets forth the Standard Operating Procedures for the Oklahoma Firefighters Pension and Retirement System (the "System").

The rule amendment to 270:10-1-8(c), reflects the effective date in 11 O.S., Section 49-117.1 of November 1, 2013.

The rule amendments to 270:10-1-8(l), which interprets 11 O.S., Section 49-106.1, Participation in Oklahoma Firefighters Deferred Option Plan, require, commencing with the plan year ending on June 30, 2018 and for each plan year thereafter, an annual mandatory distribution of interest earnings from the Deferred Option Plan and the Deferred Option Plan under the Back DROP provision (collectively "Plan B") for members of the System whose first period of employment with a participating employer of the System occurred before November 1, 2013. Pursuant to 11 O.S., Section 49-106.1(F), except for a lump sum payment or an annuity, the Board of Trustees must approve all other methods of payment for Plan B distributions from a member's Plan B account. Thus, revisions to the rules are necessary to reflect the Board of Trustees' approved methods of payment for any interest earnings credited to a member's Plan B account on or about June 30, 2018, and thereafter.

Under 270:10-1-8(l)(1)(E), the mandatory distribution of interest earnings applies to retired members, disabled members and surviving spouses. Under 270:10-1-8(l)(1)(F), the amount of the mandatory distribution of interest earnings for any plan year is reduced by the amount of the voluntary withdrawals from the member's Plan B account. Under 270:10-1-8(l)(1)(F), the mandatory distribution of interest earnings does not apply to an individual who is receiving an IRS required minimum distribution from Plan B, and the System's required minimum distribution requirements are referenced in 11 O.S., Section 49-106(B).

The amendments to 270:10-1-8(l)(1)(E) also clarify the calculation of interest earnings and the approved methods of payment for the annual mandatory distribution of interest earnings credited to a member's

account on or about June 30, 2018, and thereafter. The amendments to 270:10-1-8(l)(1)(A) and 270:10-1-8(p) provide that if a member fails to make an election for a mandatory distribution greater than \$1,000 made on or after June 28, 2018, the rule amendments state that such failure will result in an automatic rollover of such interest earnings to an individual retirement plan ("IRA"), consistent with Section 401(a)(31) of the Internal Revenue Code of 1986, as amended ("Code"), for any member before the member attains the later of age 62 or the member's normal retirement date ("Automatic Rollover"), and a direct lump sum distribution to the member for any other member before such member attains age 70 $\frac{1}{2}$.

The amendments 270:10-1-8(l)(1)(D) also change the terms "beneficiary" and "beneficiaries" to "designated recipient" and "designated recipients" with respect to any payment to these individuals from the Plan B account in order to be consistent with 11 O.S., Section 49-106.1(G).

The amendments to 270:10-1-8(l)(1)(G) and 270:10-1-8(m)(3) move language within a sentence to clarify the positions that may be held by a Plan B member after such member concludes participation in Plan B if reemployed by a participating municipality and is receiving in-service distributions of the member's accrued benefit from the System.

The amendments to 270:10-1-8(l)(3) and 270:10-1-8(m)(7) change the numbering of (1) and (2) to (A) and (B) to avoid potential confusion with the subsection numbering system.

The amendments to 270:10-1-8(m)(2)(C) add a cross-reference to 270:10-1-8(l).

The amendments adding 270:10-1-8(p) detail the automatic rollover provisions required by Code Section 401(a)(31) for the Automatic Rollover. The amendments provide that in the event of a mandatory distribution that is greater than \$1,000 and made on or after June 28, 2018, without the member's consent to the member before the member attains the later of age 62 or normal retirement date, if the member does not elect to have such distribution paid directly to an eligible retirement plan specified by the member in a direct rollover or to receive the distribution directly, then the State Board shall pay the distribution in a direct rollover to an IRA designated by the State Board.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

270:10-1-8. Standard operating procedures

(a) **Benefits.**

- (1) All pension benefits are paid in arrears the last working day of the month.
- (2) In determining a paid member's normal retirement date, fractional round-up of months and days shall not be used even if the member has volunteer credited service.
- (3) If a member serves the majority of the final month of service, the final month will count as a full month of credited service.
- (4) Where longevity pay or other salary which requires contributions is paid in a lump sum to a member, only the amount that would have been paid for a member's last thirty (30) months of credited service will be used for determining final average salary.
- (5) Retirement pursuant to 11 O.S. § 49-106 has at times included reemployment of a member by a participating municipality in a position which is not covered by the System. Thus, in-service distributions from the System to such a member are permitted. If a retired member is reemployed by a participating municipality in a paid position

Permanent Final Adoptions

which is covered by the System, such member's monthly retirement payments shall cease during such period.

(b) **Clerks and fire chiefs.**

(1) The clerk and/or the fire chief of a participating municipality, fire protection district, county fire department or development authority are responsible for the administration of local retirement issues affecting all members of the System, including but not limited to enrollment of eligible members, assisting members in making application for benefits, and collection and payment of employer and member contributions.

(2) The clerk and/or the fire chief shall notify the System of any changes regarding active members such as termination, mailing addresses, and deaths. The fire chief will assist the clerk in obtaining necessary information concerning active members. Notices of termination must be provided on the System's Form 8 and shall be signed by the Fire Chief.

(c) **Volunteer firefighters.**

(1) A member of the System changing status from a paid member to a volunteer member is not entitled to combine the paid credited service and the subsequent volunteer credited service towards a paid or a volunteer pension. If a paid member whose first service with a participating employer of the System occurs prior to November 21, 2013, has completed ten (10) years but less than twenty (20) years of credited service, or a paid member whose first service with a participating employer of the System occurs on or after November 1, 2013, has completed eleven (11) years but less than twenty-two (22) years of credited service, such member would be eligible for a paid vested benefit upon meeting the requirements set forth in 11 O.S. Section 49-117.1. The member whose first service with a participating employer of the System occurs prior to November 1, 2013, would need to complete ten (10) or more years as a volunteer member to be eligible to receive a vested volunteer benefit and a member whose first service with a participating employer of the System occurs on or after November 1, 2013 would need to complete eleven (11) or more years as a volunteer member to be eligible to receive a vested volunteer benefit as set forth in 11 O.S. Section 49-101.

(2) Volunteer members are deemed to be employees of a fire department of a participating municipality for the purposes of the administration of the System.

(d) **State Board.**

(1) Applications for pension benefits will not be considered by the State Board until the applicant terminates employment with the fire department of a participating municipality on or before the date of the meeting of the State Board in which the application is considered.

(2) Applications for pension benefits, entrance into the system, refunds of contributions, etc. will be placed on the State Board agenda when all paperwork has been properly completed and received by the system. All necessary paperwork should be filed with the system no later than the Friday preceding the State Board's regular meeting so as to allow for sufficient time to process the application.

(e) **Member deaths and beneficiaries.**

(1) Guardian checks will be addressed with the Guardian's name and the statement: "Guardian of _____" on the face of the check.

(2) The Estate of the retiree or beneficiary shall be entitled to the benefit check written for the month a retiree or beneficiary dies.

(3) To continue monthly benefits on a child who has reached eighteen (18) years of age, verification that the child is enrolled full-time in an accredited school of learning must be received by the System. Documentation is required each semester until the child reaches twenty-two (22) years of age or marries at which time the benefits will cease.

(4) Step-children and grandchildren of members are not beneficiaries unless they are adopted by the member.

(5) Children adopted prior to January 1, 1981, are considered beneficiaries even though the child(ren) may have been adopted after the member's retirement date.

(6) A valid marriage certificate or other necessary proof of marriage is required before an Application of Surviving Spouse for Pension can be considered by the State Board.

(f) **Membership.**

(1) A part-time firefighter shall not belong to the System.

(2) All firefighters must be members of the System if their employer is a participating municipality in the System.

(3) A candidate for a paid firefighter position must first complete a required State Board approved pre-employment physical performance/agility test and physical examination in order to participate and receive any benefits from the System. The physical examination will be reviewed by a physician, selected by the State Board, to determine if the applicant meets the required medical standards. When the System receives all the information necessary for entrance into the System, including the written notice from the physician, selected by the State Board, that the candidate has met the minimum medical requirements for entrance, the Executive Director shall have the authority to approve an entrance date for the candidate no earlier than the date all the necessary information for entrance is received or the actual hire date whichever is later, provided that the date between the time of the administration of the physical examination and the approval for membership in the System by the Executive Director and the candidate's actual hire date by the participating municipality is less than six (6) months. The State Board shall have the authority to deny or revoke the membership of a candidate submitting false information in such candidate's membership application and shall have the final authority in determining eligibility for membership in the System.

(4) An applicant for a paid firefighter position, who is an active volunteer firefighter with the same fire department, and who has passed the physical performance/agility test approved by the State Board as a condition for entrance as a volunteer firefighter shall only

be required to pass the physical examination upon being employed as a paid firefighter if employed by the same fire department.

(5) A terminated paid firefighter who returns to work as a paid firefighter within six (6) months of his or her termination date will not be required to complete another physical examination.

(6) The classification of a paid firefighter shall be a firefighter who is carried on the city payroll as a paid firefighter and who receives a salary which is more than twice the amount of the minimum pension of a volunteer firefighter. Any firefighter making more than this amount will need to complete the required physical performance/agility test and physical exam and his or her employer must remit both the employee and employer contributions to the System.

(g) Credited Service.

(1) If a firefighter is off the participating municipality's payroll for a period of time and employer and employee contributions are not received by the System, that period of time will not count as credited service until said contributions are received by the System.

(2) New volunteer cities joining the System may purchase up to five (5) years of credited service for each member of the department at the annual rate in effect as of the date of purchase, provided verifiable evidence of active firefighter service for the purchased years for each individual is provided to the System. Even though a city is exempt from contributions, contributions must be paid for a volunteer firefighter to receive purchased credit.

(3) If a question arises concerning a member's correct amount of service time, the member must submit to the State Board three (3) affidavits, based upon the actual knowledge of the member's correct service time, and all other necessary documentation, as may be required by the State Board. The Chairman of the State Board may direct a member of the State Board or an employee of the System to visit the member and the city in question for further verification. Service time may be corrected to allow not more than twenty (20) years of service for a member of the Oklahoma Firefighters Pension and Retirement System whose first employment with a participating employer of the System occurs prior to November 1, 2013, or not more than twenty-two (22) years of service for a member of the Oklahoma Firefighters Pension and Retirement System whose first employment with a participating employer of the System occurs on or after November 1, 2013.

(h) Disability.

(1) Applications for disability pensions shall provide medical evidence certifying the disability, proof of injury unless otherwise provided, and that the applicant can no longer perform the duties of a firefighter. The proof of injury must be proof of the specific injury that prevented the disability pension applicant from continuing the duties of a firefighter from the time of injury until present. In a case where a disability applicant returned to performing the duties of a firefighter at any time following the injury, the proof of injury must be accompanied by proof that certifies

cumulative evidence of a continuing condition relating to that specific injury until the time of filing the disability application. In a case where a firefighter returned to a "light duty" or "restricted duty" only status, proof certifying the disability applicant's work status from the injury time until present shall be submitted along with the disability application. The application shall be filed with the Local Board, if the Local Board exists, or the Executive Director of the System. The existing Local Board or the Executive Director of the System will determine if additional medical evidence is required. If additional medical evidence is required, the State Board shall be responsible for payment of any physical examinations and certifications.

(2) If any additional medical evidence is produced concerning a disability pension application, said medical evidence must be presented to the Local Board, if the Local Board exists, or the Executive Director before the State Board considers the application. If an applicant requests a hearing before the State Board, all evidence concerning the application may be presented providing all parties affected by the hearing agree.

(3) A stroke condition that has been medically certified to be caused by heart disease shall be categorized as heart disease for the purpose of applying line of duty presumptions pursuant to 11 O.S. §49-110.

(4) Any additional medical testing requested by a physician for the purpose of certification of a disability at the request of an existing Local Board shall be approved by the Executive Director of the System prior to the medical testing.

(5) A volunteer member who has completed more than ten (10) years of credited service shall be eligible for consideration of a disability in line of duty pension and entitled to the presumptions pursuant to the provisions of 11 O.S. §49-110 provided that competent medical evidence is presented to support the certification of said disability request.

(6) A participating municipality may make an application for a disability pension on behalf of a member provided that medical evidence is presented supporting the existence of a disability. The member may present medical evidence to the contrary.

(7) If there are physician's statements presented which disagree or there is only one physician statement presented, then the Local Board, if one exists, or the Executive Director shall have the medical records examined by a physician of their choosing. If the participating municipality has made the application request and the member presents contrary medical evidence it shall be the responsibility of the existing Local Board or the Executive Director to obtain an authorization of release of medical records from the member prior to the third physician examination.

(i) Local Boards.

(1) If an existing Local Board desires to have a member, who is receiving a disability pension, re-examined by a physician for the purposes of certifying if a disability still exists, the request shall be approved by the State Board.

Permanent Final Adoptions

- (2) An existing Local Board meets when necessary to review applications for benefits and disability benefits. The Local Board minutes must show action taken by roll call vote. In cities and towns where the city clerk and city treasurer hold both positions the local board becomes a five (5) member board. The board members shall elect a vice-chairman from among all board members who shall assume the duties of the mayor/chairman in that person's absence.
- (3) Any action taken by the local board must be documented. The local board must present objective evidence to the State Board regarding its recommendation. The State Board will consider only the evidence actually presented. The State Board will act upon the evidence presented and render a final decision.
- (4) If the city charter provides, the city council or similar authority, in the absence of the mayor, city clerk or the treasurer, may designate an authorized official as a replacement member of the local board, such as a vice-mayor if he or she has the responsibilities of the mayor. A firefighter member of the local board cannot send a replacement. Only local board members present at a local board meeting may vote. The chairman shall have a casting vote with the members only when necessary to avoid a tie vote among local board members. All local board meetings are subject to the Open Meeting Act.
- (j) **Contributions.**
- (1) There shall be a sixty (60) day waiting period of refund of contributions. If the firefighter requesting the refund of contributions was terminated from service, which resulted in litigation or administrative action, the refund of contributions will not be made until there is a final judgment or conclusion to the litigation or administrative action.
- (2) Gross salary shall include but not be limited to base salary, longevity pay, fire service training and other education pay, scuba pay, out of class pay, one time bonus pay earned during the current twelve (12) month period of employment, and buy back pay when paid on an annual basis and available to all firefighters. Gross salary shall not include payment for unscheduled overtime, payment for accumulated sick, annual or any other similar leave upon termination from employment, any uniform or clothing allowance, car allowance or any other compensation for reimbursement of out-of-pocket expenses. All other compensation not specifically mentioned must have contributions paid on them. Contributions shall be deducted from gross salary prior to federal and state income tax withholdings deductions.
- (3) Volunteer pension contributions are due on July 1 of each year. Cities, towns or fire protection districts subject to the statutory exemption from payment of volunteer contributions shall file for the exemption with the System on an annual basis.
- (4) Workers Compensation benefits shall not be considered a part of gross salary for the purpose of determining pension benefits. The System will not accept member contributions related to workers compensation.
- (5) If a paid member terminated employment prior to January 1, 1981, and then subsequently returns to work as a paid member after January 1, 1981 and then again terminates, contributions paid in prior to January 1, 1981 would not be refundable.
- (6) Salary means a predetermined sum payable at specified and regular times for services rendered, including benefits accumulated and paid as salary; furthermore, any salary received that is to be used in computing a "final average salary" shall be reduced or pro-rated to a monthly amount. It shall be a violation of this section to establish a special pay plan for the purpose of evading the intent of this section.
- (k) **Reinstatement of Prior Service.**
- (1) If a paid firefighter terminates employment and receives a refund of contributions and then subsequently returns to work for a participating municipality, all withdrawn contributions must be paid back to the System plus 10 percent (10%) interest per annum (from the date the member received his or her accumulated contributions to the date of repayment) in order for the member to receive credit for the missed credited service time.
- (2) The member's payment must be made to the System within ninety (90) days following acceptance of the member's application for reinstatement of prior service.
- (3) The member may pay for reinstatement of prior service by a lump-sum payment by check or money order. The member may also pay for reinstatement of prior service by a lump-sum payment (with interest) of non-Roth funds from a Code Section 403(b) annuity, a governmental 457 plan within Oklahoma or a Code Section 401(a) qualified plan.
- (l) **Deferred Option Plan (Plan B).**
- (1) Upon termination of employment, a member participating in the Deferred Option Plan (Plan B) pursuant to 11 O.S. Section 49-106.1 A, B, C, D, E and F shall have the following options:
- (A) Receive a lump sum payment of the member's total account balance, an annuity, a partial lump sum payment or withdrawal, or installment payments of the member's accumulated Plan B balance as described below. Direct rollovers are permitted pursuant to the provisions of 11. O.S. Section 49-106.3. Pursuant to 11 O.S., Section 49-106.1.F, the approved method of payment for any interest earnings credited to a member's Plan B account balance on or about June 30, 2018, and thereafter, as described in (E) of this paragraph, is either a direct lump sum payment of the interest earned for the applicable plan year, or the payment or transfer of the interest earned for the applicable plan year to an Eligible Retirement Plan as defined in 11 O.S., Section 49-106.3. Failure to make an election of either a direct lump sum payment of the interest earned for the applicable plan year, or the payment or transfer of the interest earned for the applicable plan year to an Eligible Retirement Plan shall result in:

(i) an automatic rollover of the interest earned for the applicable plan year to an individual retirement plan, consistent with the mandatory distribution rules of Section 401(a)(31) of the Internal Revenue Code of 1986, as amended, for any member before the member attains the later of age 62 or the member's normal retirement date; and

(ii) a direct lump sum distribution to the member for any other member before such member attains age seventy and one-half (70 $\frac{1}{2}$).

(B) The Subject to the required minimum distribution provisions of 11 O.S. Section 49-106 ("IRS Required Minimum Distribution") and the mandatory interest distribution provisions of (E) of this paragraph, the State Board retains custody of the member's remaining accumulated Plan B balance until the member receives there is a complete and final payout of a member's entire Plan B balance. No more than once a month, the member may elect, with eight (8) working days advance written notice, to change such payout period or payout amount for installment payments.

(C) In addition to the installment payments, a member may elect, with eight (8) working days advance written notice, a withdrawal, but no more than one such withdrawal may be made per month and each withdrawal must be as of the last working day of a month. If such withdrawal is made after installment payments have commenced, appropriate adjustments may be made in the installment payout period to reflect such withdrawal.

(D) ¶To the extent the Plan B balance is to be paid to the member's surviving spouse whether as a designated recipient or by statute, then if the member dies with a balance in the account, such balance will be paid in a lump sum or will continue to be paid in the same manner as was applicable to the member, as elected by the surviving spouse who meets the requirements of paragraph 16 of 11 O.S., Section 49-100.1. If there, except that automatic rollover of the mandatory distribution of interest shall not apply. Any designated recipient who is not the surviving spouse, any remaining beneficiaries shall receive a lump sum payment(s) from the account equal to the balance in the account of the member or any other approved method of payment. If there are no surviving beneficiaries designated recipients, a lump sum payment from the account equal to the balance in the account shall be paid to the member's estate. For purposes of this subparagraph, if a trust is the beneficiary designated recipient (even if the surviving spouse is a beneficiary under such trust), the deceased member's account balance may not remain in the Deferred Option Plan (Plan B) after the member's death.

(E) The interest earned annually on the Plan B account balances shall be calculated based on the return of the investment portfolio of the fund on June 30 of each year as provided in 11 O.S., Section

49-106.1(E)(2) and shall be credited as of June 30 for such plan year. The determined annual interest rate shall be applied on a pro rata account balance in the year the rate is established. Commencing with the plan year ending on June 30, 2018 and for each plan year thereafter, for retired members, disabled members and surviving spouses receiving monthly retirement benefits from the System (Plan A benefits), the interest earned annually on the member's accumulated Plan B balance shall be determined as of June 30 of such plan year and shall be distributed each year as follows:

(i) on or about June 30, 2018, and on or about each subsequent June 30, of such plan year, the initial distribution of interest earnings calculated based on the actuarial assumed interest rate on the first day of the plan year as certified by the actuary in the yearly valuation report shall be distributed; and

(ii) by September 30 of the following plan year, a true-up distribution of any additional earnings posted to a member's account above the interest earnings provided for in (i) of this subparagraph, shall be distributed.

(F) The amount of the mandatory distribution of interest for any plan year shall be reduced by the amount of voluntary withdrawals from the member's Plan B balance during the plan year. No individual shall receive both a mandatory distribution of interest and an IRS Required Minimum Distribution in the same calendar year. In a calendar year in which the System would otherwise distribute both a mandatory distribution of interest and an IRS Required Minimum Distribution to an individual, the IRS Required Minimum Distribution shall be made and not the mandatory distribution of interest. If the member dies before receiving the mandatory distribution of interest, the member's surviving spouse will receive the mandatory distribution of interest. If the member dies before receiving the mandatory distribution of interest with a nonspouse designated beneficiary (or the estate as the recipient), such nonspouse designated beneficiary (or estate) will receive the mandatory distribution of interest as part of a payout of the entire account. If a member withdraws all or a portion of his or her account balance prior to June 30 of a given plan year, the member shall receive at the time of withdrawal, a distribution of interest earnings on the withdrawn amount equal to the actuarial assumed interest rate as certified by the actuary in the yearly valuation report of the actuary on a pro rata basis. If the annual interest earnings calculated on June 30 of a given year exceed the actuarial assumed interest rate as certified by the actuary in the yearly valuation report of the actuary, a member who withdraws all or a portion of his or her account balance prior to June 30 of said plan year shall receive a distribution of additional interest earnings equal to the

Permanent Final Adoptions

difference between the minimum actuarial interest rate and the calculated interest rate on a pro rata basis.

(FC) At the conclusion of a member's participation in Plan B, the member must terminate employment and shall start receiving the member's accrued monthly retirement benefit from the System. Such a member may be reemployed by a participating municipality ~~but only in a position not covered by the System,~~ and receive in-service distributions of such member's accrued monthly benefit from the System, but only in a position not covered by the System.

(2) Participation in the Oklahoma Firefighters Deferred Option Plan must begin the first day of a month.

(3) For a lump sum payment, direct rollover or a combination thereof, which is paid when the regular monthly benefits commence (Plan A), an exclusion ratio must be calculated and applied to the distribution amount from Plan B to determine the portion that may be excluded from income. This exclusion ratio will equal the member's after-tax contributions to the System divided by the expected return. The expected return is the sum of: ~~(+A)~~ the member's accumulated Plan B balance plus ~~(2B)~~ the amount of the value of the monthly pension from Plan A that the member is expected to receive over time based on single life expectancy factors from Table V issued as part of the income tax regulations under Section 72 of the Internal Revenue Code of 1986.

(4) The rules under this subsection shall only apply to a member whose first employment with a participating employer of the System occurred before November 1, 2013.

(m) **Deferred Option Plan under the Back DROP Provision.**

(1) For purposes of this subsection, the definitions as stated in 11 O.S. Section 49-106.1 (H)(1) shall apply.

(2) In lieu of participating in the Deferred Option Plan (Plan B) pursuant to subsections A, B, C, D, E, F and G of 11 O.S. Section 49-106.1 (referred to herein as an election under Plan B), a member may elect to participate in the Deferred Option Plan pursuant to 11 O.S. Section 49-106.1(H) (referred to herein as an election under the Back DROP provision) and this subsection.

(A) The applicant must submit his or her completed application for participation in the Deferred Option Plan under the Back DROP provision on the form provided by the System.

(B) The application must be received by the System no later than eight (8) working days from the end of the month in order to receive a payment at the end of that month. All distributions shall be paid on the last working day of a month.

(C) Upon the member's election to participate in the Deferred Option Plan under the Back DROP provision, the member's account balance shall remain in the System under the same conditions as ~~while an active member~~ described in (l) of this Section, until distributed.

(D) A member in the Back DROP has the same distribution options as described in (l)(1)(A), (B) and (C) of this Section.

(E) If the member dies with a balance in the account, such balance will be paid in a lump sum or will continue to be paid in the same manner as was applicable, as elected by the surviving spouse who meets the requirements of paragraph 16 of 11 O.S. Section 49-100.1. If there is no surviving spouse, any remaining beneficiaries shall receive a lump sum payment(s) from the account equal to the balance in the account of the member, or any other approved method of payment. If there are no surviving beneficiaries, a lump sum payment from the account equal to the balance in the account shall be paid to the member's estate. For purposes of this subparagraph, if a trust is the beneficiary (even if the surviving spouse is a beneficiary under such trust), the deceased member's account balance may not remain in the Deferred Option Plan (Plan B) after the member's death.

(3) At the member's termination date, his or her monthly pension benefit shall be determined based on earlier attained credited service and on the final average salary as of the back drop date. The member's individual deferred option account shall be credited with an amount equal to the deferred benefit balance, and the member shall terminate employment with all participating municipalities as a firefighter and the member shall start receiving the member's accrued monthly retirement benefit from the System. Such a member may be reemployed by a participating municipality ~~but only in a position not covered by the System,~~ and receive in-service distributions of such member's accrued monthly retirement benefit from the System, but only in a position not covered by the System. On the member's back drop date, the member's retirement benefit will be frozen, and at no time will the member be able to increase his or her benefit due to additional years of service, salary or other promotional increases.

(4) The member's credit of his or her deferred benefit balance shall be as follows:

(A) An amount equal to the accumulated contributions the member made to the System from his or her back drop date to termination date with interest based upon how the benefit would have accumulated on a compound basis as if the member had participated in the Deferred Option Plan (Plan B) pursuant to 11 O.S. Section 49-106.1 A-E from his or her back drop date to termination date;

(B) An amount equal to all monthly retirement benefits that would have been payable had the member elected to cease employment on the back drop date and receive a service retirement from the back drop date to the termination date with applicable cost of living adjustments and with interest based on how the benefit would have accumulated on a compound basis as if the member had participated in the Deferred Option Plan pursuant to O.S. 11 Section 49-106.1 A-E from his or her back drop date to termination date; and

(C) An amount equal to one-half (1/2) of the employer contributions from the back drop date to the termination date, with interest based on how the benefit would have accumulated on a compound basis as if the member had participated in the Deferred Option Plan pursuant to 11 O.S. Section 49-106.1 A-E from his or her back drop date to termination date.

(5) The provisions of 11 O.S. Section 49-106.1 B, C, E, F and G shall apply to this subsection.

(6) A member shall not participate in the Deferred Option Plan pursuant to the Back DROP provision if the member is participating in Plan B pursuant to subsections A, B, C, D, E, F and G of 11 O.S. Section 49-106.1.

(7) For a lump sum payment, direct rollover or a combination thereof, which is paid when the regular monthly benefits commence (Plan A), an exclusion ratio must be calculated and applied to the distribution amount from the Back DROP to determine the portion that may be excluded from income. This exclusion ratio will equal the member's after-tax contributions to the System divided by the expected return. The expected return is the sum of: (4A) the member's deferred benefit balance plus (2B) the amount of the value of the monthly pension from Plan A that the member is expected to receive over time based on single life expectancy factors from Table V issued as part of the income tax regulations under Section 72 of the Internal Revenue Code of 1986.

(8) The rules under this subsection shall only apply to a member whose first employment with a participating employer of the System occurred before November 1, 2013.

(n) **Deferred Option Plan (Plan B) For A Member of the System Whose First Employment With A Participating Employer of the System Occurs On Or After November 1, 2013.**

[RESERVED]

(o) **Vested Rights.**

(1) A paid firefighter who terminated active service with more than ten (10) years of credited service with the System prior to July 8, 1985, must return to active service as a paid firefighter in order to establish vested rights.

(2) A volunteer firefighter who terminated active service with ten (10) years of credited service with the System prior to July 20, 1987, must return to active service as a volunteer firefighter in order to establish vested rights.

(p) **Automatic Rollover.**

(1) "Mandatory distribution" means a distribution that is an eligible rollover distribution subject to Section 401(a)(31) of the Internal Revenue Code of 1986, as amended, and is made without the member's consent to a member before the member attains the later of age 62 or normal retirement date. A distribution to a surviving spouse, alternate payee, or a distribution made upon a member's death is not a mandatory distribution for purposes of the automatic rollover requirements of Section 401(a)(31)(B) of the Internal Revenue Code of 1986, as amended.

(2) In the event of a mandatory distribution greater than \$1,000 made on or after June 28, 2018, if the member does not elect to have such distribution paid directly to an eligible retirement plan specified by the member in a direct rollover or to receive the distribution directly, then the State Board shall pay the distribution in a direct rollover to an individual retirement plan designated by the State Board. For purposes of determining whether a mandatory distribution is greater than \$1,000, the portion of the member's distribution attributable to any rollover contribution is included.

GIST/ANALYSIS:

The proposed amendments add new definitions and provide clarification to existing definitions. Language concerning boat registration, towing activities, four-wheel vehicles, off-road vehicles, and all terrain vehicles has been expanded. A new paragraph has been added regarding usage of paddleboards, canoes, and kayaks. Vessels shall stop when directed, or operate at idle speed within five hundred feet from emergency vessels while emergency lights are activated. All buoys shall be purchased from Grand River Dam Authority ("GRDA") at cost and installed at the expense of the requestor. The requestor will be responsible for continuing maintenance and liability for the buoy. The authority for the rule amendments are found at 82 O.S. § 875.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. DEFINITIONS, PURPOSE AND APPLICATION

300:35-1-1. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Authority or GRDA" means the Grand River Dam Authority.

"Board" means the Board of Directors for the Grand River Dam Authority.

"GM" or "CEO" means the General Manager and/or the Chief Executive Officer of the Grand River Dam Authority.

"GRDA land" or "GRDA property" or "lands of GRDA" means the land owned by GRDA. The location and boundaries of GRDA land is determined by a legal description (generally described by metes and bounds). ~~Many times, a~~ survey is necessary to determine the boundary of GRDA land. A particular elevation does not necessarily determine the boundary of GRDA land. Additionally, GRDA and/or the U.S. Army Corps of Engineers may have flowage easements over land.

"Habitable Structure" or "Dock-o-miniums" means structures used as living quarters constructed in conjunction with new or existing docks, piers, and floats. These structures generally resemble cabins and/or homes, placed on floating structures such as covered or enclosed docks, over boathouses and other similar structures where a building is or may be occupied by people overnight or for extended periods. Generally, these structures may contain water supply and/or waste disposal facilities such as sinks, showers, toilets, kitchen facilities, food preparation areas, etc.

"Neosho Bottoms Management Area" means all GRDA lands owned in Ottawa County along the Neosho River that lie West of U.S. Highway 69 and Spring Rivers not used in the delivery and transmission of electricity.

"Normal Idle Speed" means the vessel is in the forward gear with no additional throttle applied.

"Paddleboard" means a board or surfboard propelled through the water by an occupant by arms or paddle while lying, kneeling or standing on the board.

"Restricted Areas" means any area designated by GRDA where the public is prohibited from engaging in certain activities due to safety concerns or because the activity interferes with the business of GRDA.

"Rollover Protection System" or "ROPS" means a system or structure which can withstand the weight of the vehicle and is intended to protect a vehicle and passengers from being crushed.

"Shoreline Management Plan" or "SMP" means the rules relating to management of the shoreline as approved by the Federal Energy Regulatory Commission.

"Wake" means the track of waves left by a vessel or other object moving through the water and such waves are greater than the natural waves in the immediate area of the vessel or are cresting and showing white water or may cause injury to any person or property. However, a "no wake zone" is not violated when a vessel is safely proceeding with engine(s) engaged at normal idle speed.

"Water Jet Pack" means a propulsion system using jets of water and allows the operator to move above or below the surface of the water.

"Water Jet Pack Unit" means the system propelling a person being propelled in the air by water and includes any forced through a tube, the propulsion equipment worn by the person, and shall also include the vessel/PWC used to propel the equipment person into the air. This system may also be known as a jetlev, aquaboard, or aquaflyer, or flyboard.

"Waters of GRDA" means and refers to the waters of the Grand River and its tributaries, including, but not limited to, Grand Lake O' the Cherokees, Lake Hudson, and the W.R. Holway Reservoir.

300:35-1-2. Statutory authority

The Act (82 O.S.2001, § 861 *et seq.*, as amended) creating the Grand River Dam Authority prescribes the use that may be made of the properties and waters of GRDA and authorizes GRDA to promulgate, prescribe, and enforce rules and regulations, and charge a fee for the use, for recreational and commercial purposes, of its lakes and shorelands, including the use of firearms and the inspection of all vessels of every character proposing to operate or operating on said lakes. The travel of vessels on the waters of GRDA shall be in keeping with the following rules of GRDA in the interest of public health, safety and convenience in the use of the waters and the shorelands of GRDA.

300:35-1-4. Registration of boats

~~The Oklahoma Vessel and Motor Registration Act, 63 O.S.2001, § 4001 *et seq.*, as amended, applies to the waters of GRDA and must be complied with in addition to the Rules herein. Every vessel subject to the provisions of the Oklahoma Vessel and Motor Registration Act must have state registration and a current license by no later than June 30 of the current state fiscal year. Every vessel operating on GRDA waters is subject to the provisions of the Oklahoma Vessel and Motor Registration Act and must have state registration and a current license by no later than June 30 of the current state fiscal year, and shall properly display their current annual registration decal on the vessel at all times. A vessel's state assigned registration number must be displayed in accordance with state law, unless the vessel is a properly documented Coast Guard Approved vessel, and all documentation is available for any officer to view, upon request.~~

300:35-1-5. GRDA police and compliance division

- (a) GRDA has created a Police Department and a Compliance Division for the purpose of enforcing these Rules on the waters and land of GRDA.
- (b) The members of GRDA's Police and Compliance Division are hereby declared to be the enforcement officers for GRDA. The enforcement officers for GRDA may enforce GRDA rules and regulations and the provisions of Sections 861 *et seq.* of Title 82 of the Oklahoma Statutes. The GRDA Police may also enforce those rules and regulations as may

be issued pursuant to the provisions of Section 4200 *et seq.* of Title 63 of the Oklahoma Statutes, and all violations of criminal laws occurring within the boundaries of the counties where real property owned or leased by GRDA is located. The GRDA Police officers shall have the power of peace officers during the performance of their duties, except in the serving and execution of civil process.

(c) The GRDA Police officers shall, in the event of emergency, assist in the rescue of any person who may be in danger and shall assist in the saving of any property that is in danger of being lost or damaged. They ~~shall~~ may require the operator of any vessel operating on the waters of the lakes in any manner which is not in compliance with these Rules, or any applicable state law, to immediately remove said vessel from the lake until compliance has been had.

(d) ~~The GRDA Police officers are charged with the duty of causing all vessels to be registered with proper registration numbers, or permit numbers, which shall be displayed upon such vessels will enforce the state and federal laws related to the proper registration of vessels on GRDA waters.~~

(e) GRDA's Police officers may cooperate with federal, state and local enforcement officers in the enforcement of all federal and state laws upon the waters, lands and properties of GRDA or any other location within their jurisdiction.

300:35-1-6. Permitted activities

No person, firm, partnership, corporation or other entity shall perform any activity which requires a permit prior to the ~~issuance of the permit by receipt of written permission from GRDA.~~ For example, no dock may be placed upon the waters of GRDA until such time as the applicant receives written notice from GRDA that such activity may take place. Insurance may be required for permitted activities. Any person shall be subject to the penalties set forth in these Rules and law that performs any activity which requires a permit prior to the issuance of a permit, or written permission from GRDA ~~shall be subject to the penalties set forth in these Rules and law.~~ All applicants are required to notify GRDA of any change in address subsequent to their submission of an application.

SUBCHAPTER 3. GENERAL PROVISIONS

300:35-3-2. Lake elevations

Grand Lake, Lake Hudson, and W.R. Holway Reservoir are flood control and hydro_ electric power projects, and it is recognized and understood that the elevation of the waters in said lakes will vary from time to time as operations for flood control and hydro electric power generation demand, ~~and the~~ The water rights granted under these Rules shall be subject to these conditions and all laws governing the Grand River Dam Authority and shall be subject to all federal and state laws and rules governing the control, storage, release, and use of the waters of Grand River, Grand Lake, Lake Hudson, and W.R. Holway Reservoir.

Permanent Final Adoptions

300:35-3-3. Liability

(a) GRDA shall never be liable in any manner whatsoever because of the quantity or quality of the water in its lakes, nor shall GRDA ever be liable for any damage that the permittee may sustain to person or property which may be occasioned by or result from the construction, maintenance and operation of GRDA's projects and the Fort Gibson Reservoir.

(b) Neither GRDA nor any representative thereof assumes any responsibility for loss or damage to life or property by theft, storm, accident, or otherwise, in connection with or growing out of the exercising of the privileges conferred by any permit which may be issued in accordance with these Rules.

(c) Nothing contained in these Rules shall operate to relieve the owners of vessels from complying with, or from the obligation of complying with, the applicable laws of the United States and the State of Oklahoma.

300:35-3-5. Transfer or assignment of permit prohibited

Transfer or assignment of permits or licenses issued hereunder (both private and commercial) shall not be made except with written consent and approval of GRDA. ~~Additionally, all delinquent unpaid fees, plus interest at the rate of ten percent (10%) per annum must be paid prior to a transfer. In the event the current owner's use occurred prior to the transfer, the current~~ The owner of a dock shall be responsible for all fees incurred throughout the time they owned the dock ~~timeframe of current ownership~~. No person, firm or corporation shall allow his or its name to be used by any other person, firm or corporation to do any work under his or its permit.

300:35-3-9. Fishing and hunting

(a) Fishing or hunting within restricted areas will not be permitted.

(b) Fishing or hunting will not be permitted within two hundred (200) feet of the tailraces below the dams.

(c) Fishing or hunting, except commercial bait operators, will not be permitted at such other points on or about the lakes where such use will unduly interfere with navigation or proper conduct of the business of GRDA or endanger the public.

(d) Fishing and hunting in the Neosho ~~Bottoms Management Area (NMA)~~ will only be allowed when properly permitted by GRDA. All permitted individuals shall have a proper hunting license in accordance with Oklahoma law and shall only use shotguns, primitive firearms, or proper archery equipment. No rifles shall be allowed within the ~~NMA~~ Neosho Bottoms. ~~Additionally removal of trees, or shrubs of any kind from GRDA land shall not be allowed for use as utilized for ground blinds, but temporary commercial ground blinds that can be deployed on-site by the hunter may be permitted upon application. No commercial ground blinds are permitted to be deployed overnight.~~

(e) No hunting shall be allowed on GRDA lands used in the generation, delivery or transmission of electricity.

300:35-3-10. Firearms

(a) Only shotguns, primitive firearms, and ~~legal~~ proper archery equipment are allowed on GRDA property ~~designated as a Wildlife Management Area~~.

(b) All hunting on any GRDA property shall be conducted in accordance with Oklahoma Department of Wildlife Conservation regulations and all state and federal firearm laws. ~~If hunting within 3 mile of GRDA waters, only nontoxic shot may be used.~~

(c) The discharge of any firearms or archery equipment in, over or across the waters of the lakes is expressly prohibited except as regulated by the Oklahoma Department of Wildlife Conservation. In no event shall the use of firearms or archery equipment be conducted in a manner which interferes with the business of GRDA's projects or endangers the public.

(d) Persons properly licensed to carry concealed weapons may do so only in accordance with the laws of the State of Oklahoma.

(e) Hunting on any GRDA lands below Twin Bridges is limited to shotguns with steel shot only and proper archery equipment.

300:35-3-11. Gas and oil storage

The keeping or storage of gasoline and other combustible fuels, except for fuel tanks installed in vessels, in, upon or about GRDA lands and waters will not be permitted unless the location and detailed storage plans ~~therefor~~ are first submitted to and approved by GRDA and comply with all applicable state and federal statutes.

300:35-3-12. Health and sanitation

(a) All sanitary rules, regulations, and laws shall be complied with prior to the granting or renewal of any GRDA permit.

(b) In the interest of public health, sanitation and safety, there shall be no camping on GRDA's lands except in a designated camping area.

(c) Bottles, cans, garbage, rubbish, refuse, debris, wreckage, bilge water containing oil or grease, or materials used in the process of cleaning the outer surfaces of vessels, or any other material of any kind shall not be thrown into or released upon the lakes or deposited or dumped upon the shores of the lakes or upon any land under the jurisdiction of GRDA.

(d) No septic tank, lateral line or lagoon shall be placed on ~~the shorelands of GRDA property~~. No sewage shall be disposed of in the waters or on ~~the shorelands of GRDA property~~. No person shall operate a vessel equipped with a marine toilet which is not a total retention system in accordance with federal regulations regarding marine toilets.

(e) The preparation and marking of beaches shall be in such manner as to provide reasonable safety in their use. Commercial beaches shall be provided with adequate and sanitary dressing rooms, toilets, showers and other necessary accessories for public convenience and safety.

300:35-3-14. Permit applications

(a) Applications for GRDA permits required by these Rules are available at the permitting office inside the GRDA

Ecosystems & Education Center located at the west end of Pensacola Dam in Langley, Oklahoma or visit the website at www.GRDA.com.

(b) In addition to any other requirement that may be applicable to a permit application, GRDA may, in its sole discretion, forward any application to fish and wildlife resource agencies, environmental agencies, and/or tribes for comment.

(c) These Rules cover the following types of GRDA permits:

- (1) Private and commercial docks, wharves, landings, anchorages, and boat houses;

Approval of the Federal Energy Regulatory Commission (FERC) may also be required prior to installation or modification. Upon completion of any modification, installation, or relocation, the private wharf, dock, landing, anchorage, boat house or breakwater shall be subject to a final inspection by GRDA prior to the issuance of a permit. Such inspection will include verification that the wharf, dock, landing, anchorage, boat house or breakwater was constructed, modified, and/or installed in accordance with the application submitted to GRDA and also in accordance with all applicable laws, regulations, rules and building codes.

300:35-11-3. Waivers

(a) Upon written application and hearing, the Board of Directors of GRDA may grant a waiver, exception or modification to the requirements imposed on private and/or commercial permit applicants. Additionally, the Board of Directors may impose additional requirements upon any such applicant. Such waivers, exceptions, modifications, or additional requirements shall be based upon the totality of the circumstances, in consideration of public and environmental concerns.

(b) In approving waivers of these rules, the Board shall consider the SMP and all positive and negative impacts to the following:

- (1) Characteristics of existing permitted and recreational uses, zoning and prevailing permitted uses within a half-mile radius of the proposed activity;
- (2) Shoreline topography and geometry;
- (3) Safety and navigation and flood control requirements;
- (4) Environmental impacts;
- (5) Potential economic development and tourism benefits;
- (6) Recreational use impacts; and
- (7) Statutory mandates.

(c) The applicant shall be required to give notice and the Board shall allow for public comment before acting on any request for a waiver of these rules.

(d) Public notice of the waiver request shall be given in accordance with guidelines established by the GRDA staff and shall include:

- (1) Publication in newspapers of general circulation, including the county in which the property is located; and
- (2) Mailing of written notice, via certified mail, return receipt requested, to all owners of property within ~~a three hundred (300) foot radius of the exterior boundaries of the subject shoreline property~~ one hundred fifty (150) feet from the outer edge of the proposed dock(s). Copies of certified mail receipts must be submitted to GRDA prior to any hearing and before GRDA posts any notice.

- (3) The waiver application shall be posted on GRDA's website for a period of at least thirty (30) days.
- (4) Any other notice as required by GRDA.

300:35-11-4. Electrical inspections

- (a) Each commercial and private boat dock (or any other type of floating structure) shall comply with and be maintained in accordance with all laws, regulations and codes regarding electrical systems and wiring.
- (b) All commercial and private boat docks constructed, modified, relocated, or transferred shall be required to provide to GRDA, ~~within thirty (30) days following completion, modification, relocation or transfer~~ a current certificate signed by an Oklahoma licensed electrical ~~contractor~~inspector, evidencing compliance with all laws, regulations and codes regarding electrical systems and wiring.
- ~~(c) Any dock which has been classified as "Not Electrically Wired" shall be prohibited from installing any permanent electric supply until GRDA has issued a classification change which shall require a certificate from an Oklahoma licensed electrical inspector evidencing compliance with all laws, regulations and codes regarding electrical systems and wiring. A dock will not have any permanent electrical supply installed without first obtaining written approval from GRDA. No temporary electric supply shall be used and left unattended on a dock or walkway and no submersible pump shall be allowed in the water. Any temporary electric supply shall be an approved UL Listed Supply Cord and be in good condition with all electrical connectors attached and in use. Any temporary electric supply shall use GFCI (ground fault circuit interrupter) receptacles.~~

300:35-11-6. Buoys

- (a) No buoy shall be placed or replaced on the waters of GRDA without a permit from GRDA. All buoys shall be purchased from GRDA at cost and installed at the expense of the requestor. The buoy will be installed to specifications provided by GRDA. The GRDA Police will inspect the installation to ensure compliance with all applicable GRDA rules and Oklahoma law. The requestor will be responsible for continuing maintenance and liability for the buoy.
- (b) All buoys placed on the lakes shall be commercially manufactured units purchased from approved by the GRDA ~~Police~~ and shall have reflective tape or paint on the top side. Any buoy not maintained in its proper location shall be subject to removal by GRDA. Any buoys, lighthouses or other types of markers placed with the permission of or installed ~~and maintained~~ by GRDA are primarily warning devices for the convenience of the public and should not be relied upon solely as navigational aids. GRDA assumes no liability or responsibility for loss or damages to life or property arising out of the public's reliance upon said devices.

300:35-11-7. Rail-systems, tram systems, fences, and boat ramps

- (a) No private or commercial rail-systems, tram systems, ~~fences,~~ or boat ramps shall be constructed on GRDA property or waters without first obtaining a permit.
- (b) A rail-system is used to accommodate a watercraft storage facility where standard dock installations are not applicable or desirable.
- (c) A tram-system is a device capable of transporting people to and from a boat dock (or other floating structure) either for private, public or commercial use. Tram-systems are typically utilized on steep inclines associated with cliffs, bluffs, or to accommodate individuals with physical limitations.
- (d) ~~Railways, and tram systems, and fences~~ shall be maintained in a manner such that all electrical systems are to code, that environmental guidelines are met, and that the structures are safe and pose no risk or threat to the public.
- (e) No boat ramp shall be constructed unless the ramp may be accessed by at least twenty-five (25) homeowners in a residential community or the public at large. Approval from the U.S. Army Corps of Engineers, the Federal Energy Regulatory Commission and/or other state and federal agencies may also be required.

300:35-11-8. Removal and cancellation for failure to comply

- (a) ~~If, at any time, GRDA may if~~ any structure, private or commercial, is (i) not installed in accordance with the plans and specifications approved by GRDA, (ii) fails to meet current minimum standards adopted by GRDA, (iii) is not kept in a good state of repair, (iv) has not been inspected by an Oklahoma licensed electrical ~~contractor~~inspector as provided herein, (v) does not have a permit in the name of the current owner, or (vi) has delinquent fees assessed against it upon failure of payment of any fee when due, GRDA, after notice and opportunity to be heard in accordance with Subchapter 21 herein, shall have the right to remove or cause to be removed from GRDA's waters and lands such structure and/or cancel any license or permit in the event the owner fails to remedy the violation~~repair or remove the same~~ after being notified by GRDA ~~to repair or remove the same of the violation.~~
- (b) Any loose, ~~or abandoned, or unpermitted~~ structure located on GRDA land or water ~~shall~~may be ~~removed~~impounded by GRDA and the owner shall be responsible for any expense incurred by GRDA.
- (c) In the event GRDA removes a dock, wharf, boat house, breakwater, buoy, ~~fence,~~ rail-system, tram system or any other structure, private or commercial, the owner of same shall be required to pay all past due fees and costs of such removal and may be required to pay all costs related to the repair and reclamation of GRDA lands and waters associated with the removal. Any expenses which remain unpaid in excess of 45 days shall accrue interest at the rate of 10% per annum.

300:35-11-11. Expiration of permit

- (a) The construction, modification, installation, and final GRDA approval of private docks, landings, anchorages, boat

Permanent Final Adoptions

houses, breakwaters, buoys, rail-systems, and tram-systems, ~~and fences~~ must be completed within two (2) years from the date the permission to construct or modify is issued by GRDA.

(b) The construction, modification, installation, and final GRDA approval of commercial docks, landings, anchorages, boat houses, breakwaters, buoys, rail-systems, and tram-systems, ~~and fences, walls~~ must be completed within seven (7) years from either the date the permission to construct or modify is issued by GRDA or ~~and, if applicable,~~ the date the Federal Energy Regulatory Commission issues an order approving the action, whichever occurs later.

(c) Prior to the expiration of the permission to construct or modify, the GRDA Board of Directors may extend the time in which such structure must be completed upon request of the permit holder.

(d) If the permit expires, the permit is null and void.

300:35-11-12. Dock modification prohibited

Any person, firm, corporation, business or other entity must obtain permission from GRDA prior to making any modification, change, addition or improvement to an existing private or commercial dock, landing, anchorage, boat house, breakwater, buoy, rail-system, or tram system, ~~or fence~~. If any such structure will be reconfigured, modified, or expanded from the plans and specifications originally submitted for the construction of the structure, such change must be approved prior to installation in advance by GRDA and prior to installation on the Federal Energy Regulatory Commission, if applicable. ~~Approval from the Federal Energy Regulatory Commission (FERC) may also be required. This rule applies to both private docks and commercial docks.~~

300:35-11-13. One-third cove rule for private and commercial docks

No dock shall extend more than one-third (1/3) of the cove measured on Grand Lake from 745 feet elevation Pensacola Datum to 745 feet elevation Pensacola Datum. On Lake Hudson, the elevation shall be 622 feet mean sea level in figuring the one-third (1/3) of the cove rule. This rule applies to private docks and commercial docks.

SUBCHAPTER 13. PERMITS FOR DIKES, EXCAVATIONS, DREDGINGS, EROSION CONTROL DEVICES, RETAINING WALLS, AND SHORELINE STABILIZATION

300:35-13-1. Permit required

(a) The contour, elevation or surface of any of GRDA's lands or the reservoir bed shall not be changed in any manner whatsoever by the construction of retaining walls, erosion control devices, dams, dikes, jetties, channels, canals or landings until and unless a permit has been issued by GRDA.

(b) No person, firm, partnership, corporation or other entity may excavate, dredge, stabilize or make any improvement or change upon GRDA land or waters until a permit ~~has~~ shall have been issued by GRDA. Approval from the Federal Energy

Regulatory Commission (FERC), the U.S. Army Corps of Engineers (Corps), and other state and local agencies may also be required. All such activities shall be performed in strict accordance with the plans and specifications approved by GRDA (and, if required, by FERC and the Corps). Additionally, an approved wetland delineation report and metals testing report ~~may~~ shall be required prior to the commencement of any dredging or excavation activity.

300:35-13-3. Dredging

(a) All dredging activities on GRDA-owned property require a permit from GRDA. Dredging is defined as the activities associated with digging, gathering, removing, or deepening of any channel, depression, or cavity to achieve sufficient navigable water depth (i.e. 8' at 742' PD Grand Lake, or 619' msl Lake Hudson). The U.S. Army Corps of Engineers may also require a permit for dredging activities. Additionally, the Federal Energy Regulatory Commission must approve all dredging activities on GRDA waters requiring the removal of more than 2,000 cubic yards of material or metals test results indicate toxicity levels as outlined in the current dredging management plan. A wetland delineation study must accompany every application and the study must be conducted by a GRDA approved wetland delineation specialist. Dredging activities must be conducted in accordance with the GRDA dredging management plan and the Shoreline Management Plan. These approvals and permits must be obtained prior to commencing any dredging activity.

(b) Dredging of individual boat channels shall be approved only when GRDA determines there is no other practicable alternative to achieving sufficient navigable water depth and the action would not substantially impact sensitive resources.

(1) No more than two thousand (2,000) cubic yards of material shall be removed for any individual boat channel.

(2) Materials from dredging activities must be placed in accordance with all applicable local, state, and federal regulations at an upland site above the applicable flowage easement.

(3) Dredged shoreline perimeter shall have a slope ratio of at least 3:1 and must allow for the drainage of water.

(4) Dredging activities are not authorized during the months of April, May, June and July to avoid potential impact to fish spawning habitat.

(5) Dredging within vegetated wetlands is not authorized and will not be permitted.

300:35-13-6. Expiration of permit

(a) Any ~~permit issued~~ project permitted pursuant to Subchapter 13 of these rules must be completed within two (2) years from either the date the ~~permit or modification approval is issued by GRDA~~ permission to construct or modify is issued by GRDA or the date the Federal Energy Regulatory Commission issues an order approving the action, whichever occurs later.

(b) Prior to the expiration of the dredging permit, upon written request of the permit holder, the GRDA Board of Directors

may extend the time in which such dredging activities must be completed.

(c) If the permit expires, the permit is null and void.

SUBCHAPTER 15. COMMERCIAL USE OF THE LAKES AND LANDS OF GRDA

300:35-15-2. Dock installer's permit

(a) Any person, firm, partnership, corporation, or any other entity operating for pecuniary gain or profit or any business that, directly or indirectly, is engaged in the building, placing, transfer, demolition or removal, of piers, wharves, landings, anchorages, floating boat houses, docks, barges or other floating structures of a stationary or semi-stationary nature upon the waters of GRDA shall obtain an annual permit. Such person or entity shall not build, place, transfer, demolish or remove a pier, wharf, landing, anchorage, floating boat house, dock, barge or other floating structure of a stationary or semi-stationary nature upon the waters of GRDA until a Dock Installer's permit has been issued by GRDA.

(b) At the time a new or ~~substantially~~ significantly modified dock is installed, ~~or transferred,~~ the dock installer shall post a permanent sign visible on the dock a sign shall be prominently displayed stating the installer's name and the year the dock was installed. The sign shall include the name of the dock installer, the dock installer's phone number and the year the dock was installed. The sign shall measure at least 5" x 5".

(c) A dock installer shall build, construct, place, transfer, demolish and remove docks in strict compliance with the plans and specifications approved by GRDA and in accordance with all applicable laws, regulations, rules and building codes. All Styrofoam, trash and construction materials shall be disposed in an environmentally appropriate fashion and shall not be allowed to remain or float in the waters of GRDA. All Styrofoam, trash and construction materials shall be stored off GRDA property and above the flowage easement. No dock shall be stored on GRDA property for longer than ~~thirty (30) days~~ six (6) months. GRDA property shall not be used without prior written permission.

(d) A dock installer's permit may be revoked at any time during the permit period for the following reasons:

- (1) Nonpayment of permit fee.
- (2) Failure to comply with current dock standards.
- (3) Installation of a dock not permitted by GRDA.
- (4) Upon three sustained complaints of the public regarding the dock installer's business practices.
- (5) Upon conviction of a felony or fraud misdemeanor crime by a court of competent jurisdiction of the owner of the dock installer business or dock installer related to the dock installer's business.
- (6) Failure to maintain insurance required by GRDA and to provide GRDA with a certificate of insurance.
- (7) Improper disposal or storage of waste and other dock materials upon GRDA property or flowage easement.

SUBCHAPTER 17. RAW WATER PERMITS

300:35-17-1. Definition

(a) ~~For the purpose of these Rules and Regulations, the following terms shall apply "domestic"~~ Domestic and household use" shall mean water that is taken by the permittee in and upon his premises for all usual and ordinary household uses and purposes which shall include sprinkling and watering lawns and gardens of not to exceed three (3) acres. The term "irrigation" shall mean water that is taken by the permittee in and upon the premises covered by the permit for the purpose of irrigating lands, crops and vegetables growing in and upon said lands by ditches, canals, sprinkling systems and such other usual and ordinary means of irrigation.

(b) Water rights granted under these Rules and Regulations shall not be construed as the supplying or furnishing of water for domestic purposes to the public; such permits only grant the permittee the right to take and use the water as provided by these Rules and Regulations.

(c) Commercial use of water requires a written contract with GRDA.

300:35-17-4. Location of diversion

The granting of such permit to take water from Grand Lake or Lake Hudson shall authorize the permittee to locate upon the lands of GRDA the facilities necessary to take such water covered by the permit; provided, the location and manner of diversion is first approved by GRDA; however, a permit for the use of water from Fort Gibson Lake shall give the permittee no permission or right to take or use any lands for any purpose whatsoever. (The lake bed and shorelands of Fort Gibson Lake are owned by the United States of America and are under the jurisdiction and control of the United States Army Corps of Engineers, District Office, Tulsa, Oklahoma.)

SUBCHAPTER 21. ADMINISTRATION OF RULES AND HEARINGS

300:35-21-3. Hearings for violation of rules

(a) **Notice of Violation.** A Notice of Violation may be issued by the General Manager or his designee after the discovery of a violation of any rule. A Notice of Violation shall be signed by the GRDA employee issuing it and shall state:

- (1) The name of the person or entity responsible for the violation (the "respondent");
- (2) A description of the nature of the violation;
- (3) The remedial action and/or the relief required, which may include the imposition of a fee, penalty or fine as authorized by statute and/or the correction of any deficiency;
- (4) A reasonable time to comply with the remedial action and/or the relief required;
- (5) That the respondent may submit a response to the Notice of Violation, how and where a response may be submitted, and the deadline to submit a response; and

Permanent Final Adoptions

- (6) That, in connection with the submission of a response to the Notice of Violation, the respondent may request a hearing before the General Manager or his designee to challenge the Notice of Violation.
- (b) **Service of the Notice of Violation.** At the election of the GRDA, a Notice of Violation shall be served:
- (1) By delivering a copy of the Notice of Violation to the respondent or by leaving a copy of the Notice of Violation at the respondent's dwelling house or usual place of abode with some person then residing therein who is fifteen (15) years of age or older, or by posting the Notice on the dock or walkway to the dock, or
- (2) By mailing a copy of the Notice of Violation to the respondent at the last known address on file with GRDA by certified mail, return receipt requested, and delivery restricted to the addressee. Service by mail shall be effective on the date of receipt or if refused, on the date of refusal.
- (3) In the event respondent cannot be notified as stated in paragraphs 1 and 2 above, service of the Notice of Violation may be made by publication of a notice one (1) day a week for three (3) consecutive weeks in a newspaper of general circulation which is published in the county where the violation occurred or an adjoining county.
- (c) **Permits.** In matters involving permits issued by the GRDA, the respondent shall be the person in whose name the permit is currently listed or the current owner of the dock. ~~That person~~ The Respondent shall be the only person entitled to notice under this subsection.
- (d) **Response to Notice of Violation.** In the event that the respondent submits a response to the Notice of Violation, the response shall include a detailed statement of the reasons that respondent objects to the Notice of Violation and all arguments that the respondent desires to make at hearing, if requested. A respondent who fails to submit a response to the Notice of Violation in the time and manner stated in the Notice of Violation may be deemed by the GRDA General Manager or his designee to have waived the right to object or present a defense to the Notice of Violation.
- (e) **Hearing.** A respondent who requests a hearing must also submit a response to the Notice of Violation and must provide an address and telephone number that the GRDA may use to communicate with the respondent concerning the hearing and final order. Upon timely receipt of a request for a hearing, the General Manager or his designee shall set the matter for hearing and shall notify the respondent in writing of the hearing at least ten (10) calendar days before the hearing. Notice of the hearing shall be delivered to the respondent using the address specified in the response to the Notice of Violation and shall state the date, time and location of the hearing.

300:35-21-6. Final order

- (a) ~~As soon as practicable after~~ After the hearing officer has sent his recommendation to the GRDA Board of Directors as provided in 300:35-21-5 or after the time to remedy the violation has passed in the event the respondent does not request a hearing, the Board of Directors shall adopt, amend, or reject any findings or conclusions presented to the Board of the hearing officer, or If a hearing was previously held, the

Board may remand the proceeding for additional argument or the introduction of additional evidence at a hearing held for that purpose.

- (b) ~~At the conclusion of the proceedings and~~ Upon review of the record by the Board of Directors, the Board of Directors shall issue a final order reflecting the findings of fact, conclusions of law, and specifying the action to be taken.

300:35-21-7. Administrative appeal

A challenge from the Board of Director's Final Order shall be made within twenty (20) days from the date of respondent's receipt of the Final Order to the District Court. Service of the Final Order shall be made in the same manner as provided for service of the Notice of Violation.

300:35-21-8. Noncompliance, violations and penalties

Any person, firm or corporation that fails to comply with, or violates any Rule promulgated by GRDA shall, after notice and an opportunity for hearing as provided for herein, be required to reimburse GRDA for any direct cost and overhead incurred as a result of such failure to comply or violation. Such costs may include, but are not limited to, the costs associated with the repair, restoration and reclamation of the lands and waters of GRDA and any storage costs for the respondent's personal property and any other fee, penalty or fine as authorized by statute. Additionally, GRDA may cancel any permit or license which has been issued in connection with said boat, structure or facility and may remove or cause it to be removed from GRDA's lands and waters at the owner's expense.

SUBCHAPTER 23. FOUR-WHEEL VEHICLES, OFF-ROAD VEHICLES AND ALL TERRAIN VEHICLES

300:35-23-1. Designated areas

In the interest of public safety, there shall be no four-wheel vehicles, off-road vehicles or all terrain vehicles on GRDA lands except in designated areas. Operators of such vehicles are subject to federal and state laws and GRDA rules.

300:35-23-2. Passengers prohibited

~~No passengers~~ Passengers are only allowed on three (3) wheelers, four (4) wheelers, or motorcycles when the manufacturer has equipped the vehicle for such passenger which includes a separate seat and foot support.

GIST/ANALYSIS:

These amendments are enacted pursuant to authority found in Title 21 of the Oklahoma statutes, section 842.3, which authorize the State Board of Health to promulgate rules regulating tattooing and the requirements for license. They modify the proof of training and experience required before an applicant is approved to take the license examination as a tattoo artist. They delete the requirement for proof of two years' license from another state, and substitute a requirement for documentation of two years' experience from another state. A licensure candidate will be allowed to submit proof of completion of training that is substantially equivalent to the requirements for apprentice programs in Oklahoma. The changes give candidates credit for experience or training in a state that does not license artists and clarify the process for approving an applicant to take the license examination and issue the permanent artist license.

GIST/ANALYSIS:

These rules apply to application and licensure fees for programs overseen by the Consumer Health Service specific to: food establishments (Title 63 O.S. § 1-1118 & 1-1119), drug manufacturers (Title 63 O.S. § 1-1119), lodging establishments (Title 63 O.S. § 1-1201), diagnostic x-ray facilities (Title 63 O.S. § 1-1501.1), and public bathing places (Title 63 O.S. § 1-1013.1). These statutes authorize the Department of Health to establish fees for licenses. The changes modify the fee schedule for establishments licensed in these areas. The changes are necessary to cover increasing costs for these programs, to allow flexibility to better track types of establishments for reporting purposes and streamline application processes. The effect of these changes increase fees for licensed establishments. The effect will also allow flexibility to better identify types of businesses which will assist in the focused identification of hazards to specific establishment types.

GIST/ANALYSIS:

These amendments are enacted pursuant to authority found in Title 63 of the Public Health Code at section 1-114.1. This law established the Comprehensive Childhood Lead Poisoning Prevention Program to be administered by the State Department of Health and authorizes the Department to enact rules for lead toxicity screening. The amended rules address changes enacted in House Bill 1467 (2013) that created the Infant and Children's Health Advisory Council as the advisory body, replacing the legislatively struck lead poisoning advisory board; clarify that the Oklahoma Childhood Lead Poisoning Prevention Program maintains a statewide surveillance system of elevated blood lead levels only; adds definitions and terms used in the updated rules to ensure that all terms are defined; removes definitions of terms that are no longer used; adds the term for the risk assessment questionnaire to refer to the document as the Lead Exposure Risk Assessment Questionnaire (LERAQ) and allows for an alternative risk assessment questionnaire. The changes clarify the appropriate ages and times for lead screening for children up to the age of 72 months; amend and renumber sections where extensive rewrite occurs; define the role of the health care provider in assessment and screening of children under the age of 72 months for lead exposure; clarify the process regarding a refusal by a parent or guardian for blood lead testing of their child; clarify continuing follow-up requirements and health care provider responsibilities as they pertain to blood lead screening and aftercare; and add language indicating the domain and responsibility among health care providers to follow screening requirements.

The amended rules change guidance that a capillary blood lead sample may be obtained for confirmation of an elevated blood lead level when a venous sample is not obtainable; venous sample testing is required for confirmation of blood lead concentration equal to or greater than 10 µg/dL; and add information regarding the use of Point-of-Care instruments for on-site lead testing and clarify that Point-of-Care instruments are not to be used to confirm elevated blood lead levels.

The amended rules provides clarification regarding primary prevention, the use of chelation therapy, developmental screening and directs providers to the Oklahoma Childhood Lead Poisoning Prevention Program's Clinical Management Guidelines which are available on the program's website.

The rule is amended to address the procedure and terms of blood lead screening reporting requirements to clearly state the method of reporting the results to the Oklahoma Childhood Lead Poisoning Prevention Program; clarify procedures for reporting by providers who use the Point-of-Care devices for blood lead testing; and promotes electronic reporting. Various amendments are provided for improved clarity in terminology and references.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S.,

SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

310:512-1-1. Purpose

~~Under 63 O.S. 1991, Sections 1-114.1 the following rules are established concerning the screening of all Oklahoma children, ages 6 months to 72 months of age, for lead poisoning, designated by the Oklahoma State Board of Health. The rules in this Chapter establish procedures and standards for childhood lead screening, assessment, poison prevention, and reporting as authorized under the provisions of Title 63 O.S. Section 1-114.1.~~

310:512-1-2. Criteria

(a) ~~The Oklahoma State Board of Health shall establish procedures for blood lead screening which shall include risk assessment, laboratory assays, sample collection, reporting, follow-up, and parent education. The Infant and Children's Health Advisory Council shall advise the Oklahoma State Board of Health on the establishment of rules for the prevention of childhood lead poisoning which shall include risk assessment, blood lead screening, laboratory assays, sample collection, reporting, lead hazard control, and rules related to the role of the provider such as: follow-up, diagnosis and treatment, developmental screening, referral for environmental assessments and lead hazard control, and parent education.~~

(b) All health care providers shall comply with the following procedures for blood lead screening ~~established by the Oklahoma State Board of Health.~~

(c) After sufficient statewide data collection and documented incidence of low lead exposure, the Commissioner of Health may exempt a community or county from universal lead screening.

310:512-1-3. Lead poisoning prevention program

(a) The Department shall ~~establish~~ maintain a lead poisoning prevention program. This program shall be responsible for establishing and coordinating activities to prevent lead poisoning and to minimize risk of exposure to lead.

(b) The Department shall ~~promulgate~~ and enforce rules for screening children for lead poisoning, and for follow-up of children who have elevated blood lead levels.

(c) The Department may enter into interagency agreements to coordinate lead poisoning prevention, exposure reduction, identification and treatment activities and lead reduction activities with other federal, state and local agencies and programs.

(d) The Department shall ~~establish~~ maintain a statewide ~~registry surveillance system of children with elevated lead levels~~ all Oklahoma children's blood lead levels provided such information is monitored as confidential except for disclosure for medical treatment purposes ~~and~~ or disclosure of non-identifying epidemiological data.

(e) The Department shall develop and implement public education and community outreach programs on lead exposure, detection and risk reduction.

310:512-1-4. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Advisory Council" means the ~~advisory council on lead poisoning prevention~~ Infant and Children's Health Advisory Council.

"Anticipatory guidance" means providing parents or guardians of children under the age of six with information regarding the major causes of lead poisoning and means of preventing lead exposure. Such guidance shall be pertinent to the environment of the child.

"Blood lead screening" refers to measuring lead concentration by capillary or venous blood collection to identify elevated blood lead levels.

"Case Management" refers to providing a collaborative process to assess, educate, coordinate, monitor, or evaluate options and services required to meet the child's environmental health and human service needs.

"CLIA '88"/"CLIA" means the Clinical Laboratory Improvement Amendments. These amendments apply to the Federal Law that governs laboratories who examine human specimens for the diagnosis, prevention, or treatment of any disease or impairment, or the assessment of the health of human beings.

"Clinical Management Guidelines" means voluntary guidelines produced by the Department for clinical management and treatment decisions based on the initial or confirmed blood lead level.

"Confirmatory testing" refers to a blood lead concentration measured on venous blood the collection of a venous blood sample to confirm an initial elevated capillary blood lead screening result. The collection of a capillary sample within 12 weeks to confirm an initial elevated capillary blood lead screening test result may be used if the initial capillary level is less than 10 µg/dL.

"Confirmed elevated blood lead level" refers to a concentration of lead in the blood taken from a venous sample which is above the reference level. It may also refer to a second capillary test as described in "confirmatory testing".

"Department" refers to the Oklahoma State Department of Health.

"Dwelling" refers to a building or structure thereof, including the property occupied by and appurtenant to such dwelling, which is occupied in whole or in part as the home, residence or sleeping place of one or more human beings and shall without limiting the foregoing, include child care facilities for children under six years of age, schools and nursery schools.

"Elevated blood lead level" means a confirmed concentration of lead of 10 micrograms (µg) per deciliter (dL) or greater in blood at or above the current reference level as defined by the Centers for Disease Control.

"Environmental management investigation" refers to on-site dwelling environmental investigation and exposure assessment, sampling for lead, environmental testing and reporting, notice of conditions conducive to lead poisoning, environmental intervention means an on-site dwelling investigation to determine the existence, nature, severity, and location of lead or lead-based paint hazards, completed by a person licensed as a certified risk assessor by the Oklahoma Department of Environmental Quality.

"Follow-up" refers to actions by local health departments and health care providers which, depending on the blood lead level and exposure history of the child, shall include as appropriate: risk reduction education, follow-up testing, confirmatory testing, medical evaluation, medical management, environmental ~~management~~ investigation, and case management, in accordance with generally accepted medical standards and public health guidelines.

"Follow-up testing" refers to repeat blood lead testing by venous blood draw for any child with a previously confirmed elevated blood lead level.

"Health care provider" means any health professional or facility authorized to conduct blood lead screening. Health care provider includes, but is not limited to, physicians, physician assistants, advance practice registered nurses, city-county health departments, county health departments, medical clinics, medical offices, hospitals, and Head Start programs.

"High risk lead exposure" refers to any positive response on the LERAQ or other suitable risk assessment questionnaire.

"Laboratory" refers to the Oklahoma State Department of Health Laboratory or a laboratory approved by the Oklahoma State Department of Health to conduct blood lead measurement any in-state CLIA approved laboratory or out-of-state CLIA approved laboratory providing blood lead testing for residents of Oklahoma. Laboratory may also refer to any entity using a point of care instrument for the purpose of blood lead testing of Oklahoma residents.

"LERAQ" refers to the Lead Exposure Risk Assessment Questionnaire which consists of a model set of questions developed by the Department to assess a child's risk of exposure to lead and includes information regarding areas of the state with higher than average risks for lead exposure.

"Low risk lead exposure" refers to negative responses to all questions on the LERAQ or other suitable risk assessment questionnaire.

"Person" means any natural person.

"Point-of-Care Instrument" refers to a blood lead testing device designed for the quantitative measurement of lead in fresh whole blood.

"Primary Health Care Provider" refers to any person or government entity that provides well child health care services, such as annual examinations and immunizations, to children under six years of age. Primary health care provider includes, but is not limited to, physicians, physician assistants, advance practice registered nurse, local health departments, medical clinics, medical offices, and hospital outpatient clinics.

Permanent Final Adoptions

"Program" refers to the Oklahoma Childhood Lead Poisoning Prevention Program (OCLPPP) lead poisoning prevention program in of the Department.

"Reference Level" means a level of lead in the blood measured in micrograms per deciliter used to identify children with lead levels that are much higher than most children's lead levels. This level is based on the U.S. population of children ages 1-5 years who are in the highest 2.5% of children when tested for lead in their blood based on the 97.5 percentile of the National Health and Nutrition Examination Survey (NHANES) for the two most recent surveys. The reference level currently in use is 5 micrograms per deciliter.

"Risk Assessment Questionnaire" means a set of questions designed to determine an individual's risk for lead exposure and lead poisoning, as approved by the Department and based on recommendations from the CDC.

"Satisfactory specimen" means a specimen collected using an appropriate procedure which is suitable in both blood quantity and quality to perform screening for Blood Lead measurement. ~~Federal CLIA '88 regulations require that the laboratory requisitions contain sufficient patient data that must include patient's name, date of birth, date of collection, test(s) to be performed, and name and address of person requesting the test.~~

"Submitter" any health care provider (primary and non-primary), hospital, physician, laboratory, or other facility that submits blood specimens for blood lead measurements.

"Target population" refers to any infant or child, 6 months to 72 months of age.

"Unsatisfactory specimen" means a blood specimen which is not suitable in quality or quantity to perform blood lead measurements.

SUBCHAPTER 3. SPECIMEN RISK ASSESSMENT, SCREENING AND MANAGEMENT

310:512-3-1. Screening Parameters Risk assessment and screening criteria

(a) All children in Oklahoma, 6 months to 72 months of age shall be assessed for blood lead exposure utilizing the risk assessment questionnaire as defined in paragraph (c) ~~and should have access to service which will assess the exposure to lead in their environments as part of each periodic health care visit occurring at age 6, 12, and 24 months and age 3 years, 4 years and 5 years. An initial capillary or venous sample should be done at 12 months and 24 months of age, anytime the child has not had a baseline before the age of 72 months, or with any change in the child's assessment.~~

(b) ~~A parent or guardian who refuses blood lead testing screening of their child shall also indicate in writing this refusal in the child's record.~~ All children in Oklahoma shall have a blood lead screening test as part of each periodic health care visit occurring at age 12 and 24 months of age or at any age after age 24 months up to age 72 months, if not previously tested for blood lead.

(c) A risk assessment questionnaire is based on recommendations from the CDC and shall be approved by the Department prior to implementation. The questionnaire should include questions related to the following:

(1) Does the child live in or frequently visit a home built before 1978?

(2) Does the child have a sibling or playmate with an elevated blood lead level?

(3) Is the child eligible for Medicaid, WIC, or Head Start?

(4) Does the child live with someone who has a job or hobby that may involve lead (example: jewelry making, building renovation or repair, working with automobile batteries, lead solder, or battery recycling)?

(5) Does the child eat or mouth trinkets or items that contain lead?

(6) Does the child live in an area identified as a high risk target area by the Program?

(d) A "Yes" or "Don't know" answer to the questions in paragraph (c) is considered a positive answer and requires the child to have a blood lead test.

(e) The Department publishes current high risk target areas on its website located at: <http://lpp.health.ok.gov>.

(f) The Department publishes the LERAQ as an approved risk assessment questionnaire on its website.

310:512-3-2. Screening criteria [REVOKED]

~~(a) For children at low risk for lead exposure, according to risk assessment questions, the health care provider should perform an initial blood lead test at 12 months of age, or when initially assessed if older.~~

~~(1) If the result is $<10 \mu\text{g/dL}$, the child should be retested at 24 months of age.~~

~~(2) If the result is between $10-19 \mu\text{g/dL}$, the child should be retested every 3-4 months until two consecutive measurements are $<10 \mu\text{g/dL}$ or three consecutive measurements are $<15 \mu\text{g/dL}$. At this point, the child should be retested in one year.~~

~~(3) If the result is $\geq 20 \mu\text{g/dL}$, retest every 3-4 months and individual case management should be provided.~~

~~(b) For children at high risk for lead exposure, according to risk assessment questions, the health care provider should perform an initial blood lead test at 6 months of age, or when initially assessed if older.~~

~~(1) If the result is $<10 \mu\text{g/dL}$, the child should be retested every 6 months until two consecutive measurements are $<10 \mu\text{g/dL}$ or three consecutive measurements are $<15 \mu\text{g/dL}$. At this point, retested yearly, if the child remains at high risk for lead exposure.~~

~~(2) If the result is between $10-19 \mu\text{g/dL}$, the child shall be retested every 3-4 months until two consecutive measurements are $<10 \mu\text{g/dL}$ or three consecutive measurements are $<15 \mu\text{g/dL}$. At this point, retested yearly, if the child remains at high risk for lead exposure.~~

~~(3) If the result is $\geq 20 \mu\text{g/dL}$, the child should be retested every 3-4 months and individual case management shall be provided.~~

310:512-3-2.1. Primary health care provider responsibilities for risk assessment and screening

(a) Every primary health care provider who provides a periodic health care visit to a child at age 6, 12, and 24 months and age 3, age 4 and 5 years shall assess the child for risk of lead exposure using the LERAQ, or suitable risk assessment questionnaire approved by the Department.

(b) For children at high risk for lead exposure according to the LERAQ, or suitable risk assessment questionnaire, the primary health care provider shall perform a blood lead test beginning at 6 months of age, or when initially assessed, if older.

(c) Every primary health care provider who provides a periodic health care visit to a child shall order an initial capillary or venous blood lead screening test at age 12 and 24 months, or at any age after age 24 months up to age 72 months if never tested.

(d) Every primary health care provider who provides a periodic health care visit to a child at age 6, 12, and 24 months and age 3, age 4, and 5 years shall:

- (1) Give oral or written anticipatory guidance to a parent or guardian on prevention of childhood lead poisoning, including, at minimum, the information that children can be harmed by exposure to lead, especially deteriorating or disturbed lead-based paint and the dust from it, and are particularly at risk of lead poisoning from the time the child begins to crawl until 72 months of age; and
- (2) Discuss the child's blood lead test results with the child's family and any necessary follow up.

(e) Any health care provider who performs blood lead screening of a child who is six months of age to six years of age and who is not the child's ongoing primary health care provider shall forward the blood lead test result, if elevated at or above the reference level, to the child's primary health care provider.

(f) If a parent or guardian refuses blood lead testing screening of their child, the health care provider shall have the parent or guardian indicate in writing this refusal in the child's medical record and provide a copy via mail or by fax to the Oklahoma Childhood Lead Poisoning Prevention Program.

310:512-3-3. Blood collection-lead screening tests

(a) **Capillary sample for blood lead testing.** Capillary blood specimens are acceptable for initial blood lead screening if appropriate collection procedures are followed; to minimize the risk of environmental lead contamination. A capillary blood lead sample may be obtained for confirmation of an elevated blood lead level less than 10 µg/dL when a venous sample is not obtainable.

(b) **Venous sample for blood lead testing.** Venous blood is the preferred specimen for blood lead analysis and should be used for lead measurement whenever practical. A venous sample is required for confirmation of blood lead concentration equal to or greater than 10 µg/dL and preferred for confirmation of an elevated blood lead level less than 10 µg/dL.

(c) **Point-of-Care instruments.** Point-of-Care instruments shall not be used to confirm elevated blood lead levels even if the sample is collected by venipuncture.

310:512-3-4. Providers screening and follow-up [REVOKED]

(a) Primary provider screening and follow-up.

(1) ~~At each routine well child visit or at least annually if a child has not had routine well child visits, primary health care providers should assess each child who is at least six months of age but under six years of age for high dose lead exposure using a risk assessment tool based on currently accepted public health guidelines. Each child at high risk for lead exposure should be tested.~~

(2) ~~Primary health care providers should provide the parent or guardian of each child under six years of age anticipatory guidance on lead poisoning prevention as part of routine care.~~

(3) ~~Primary health care providers should screen each child for lead exposure starting at 6 months of age, as part of routine well child care.~~

(4) ~~Each primary health care provider who screens a child for an elevated blood lead level should explain the blood lead test results and any necessary follow up.~~

(5) ~~Primary health care providers should provide or make reasonable efforts to ensure the provision of follow up testing for each child with an elevated blood lead level ≥ 10 µg/dL.~~

(6) ~~Primary health care providers should confirm blood lead levels ≥ 10 µg/dL of blood obtained on a capillary fingerstick specimen from a child using a venous blood sample.~~

(7) ~~For each child who has a confirmed blood lead level of ≥ 20 µg/dL (micrograms per deciliter), the primary health care providers should provide or make reasonable efforts to ensure the provision of medical evaluation, or referral for medical evaluation; medical treatment if necessary; and referral to the appropriate local or state health department for environmental management. Medical evaluation should include at a minimum: a detailed lead exposure assessment, a nutritional assessment, including iron status, and a developmental screening.~~

(b) Non-Primary provider screening and follow-up.

(1) ~~A health care provider who provides services to a child who is at least six months of age but under six years of age and who is not the child's ongoing primary care provider, (such as a hospital inpatient facility, an emergency service if the child's condition permits, or another facility or practitioner which provides services to the child on a one-time or walk-in basis), should inquire if the child has been appropriately screened for lead exposure.~~

(2) ~~If the child, under 72 months of age, has not received such appropriate lead assessment and screening, the health care provider should screen the child for a blood lead level.~~

(3) ~~If screening is performed, the blood lead test result should be sent to the child's primary care provider or, if not available, to the local health department for appropriate follow up.~~

Permanent Final Adoptions

310:512-3-4.1. Health care provider responsibilities for follow-up after screening

(a) Health care providers shall provide or make reasonable efforts to ensure the provision of confirmation and follow-up testing for each child with an elevated blood lead level above the reference level.

(b) If the initial blood lead test result is below the reference level on either a venous or capillary sample, the health care provider shall retest the child annually if answers on the LERAQ or suitable risk assessment questionnaire indicate continuing high risk for lead exposure.

(c) For each child who has an elevated blood lead level at or above the reference level, the health care provider shall take those actions that are reasonably and medically necessary and appropriate based upon the child's blood lead level to reduce, to the extent possible, the child's blood lead level below the reference level. Such actions may include the following:

(1) Education of a parent or guardian on lead hazards and lead poisoning;

(2) Clinical evaluation for complication of lead poisoning;

(3) Follow-up blood lead analyses as indicated based on level of elevation and period of time;

(4) Developmental screening;

(5) Referral to the Department for an environmental investigation for a single venous blood lead test result equal to or greater than 20 µg/dL; and

(6) Chelation therapy should be considered and, when possible, a medical toxicologist, provider experienced in chelation therapy, or pediatric environmental health specialist should be consulted for a child with a blood lead test greater than 45 µg/dL.

(d) If the initial capillary blood lead test result is elevated, the health care provider shall obtain a venous confirmation test in accordance with the Clinical Management Guidelines as established by the Department.

(e) If the initial venous blood lead test result or the confirmation test is elevated, the health care provider shall obtain venous follow-up testing in accordance with the Clinical Management Guidelines as set forth by the Department.

310:512-3-5. Reporting requirements

(a) Laboratory.

(1) Laboratories shall report the results of all blood lead tests performed on ~~children 6 months to 72 months of age~~ persons ~~that~~ who are residents of Oklahoma to the Childhood Lead Poisoning Prevention Program. These reports shall be confidential and may be utilized only for the purpose of assuring service delivery, program administration, data analysis, and evaluation.

(2) Federal CLIA regulations at Title 42, of the Code of Federal Regulations, Section 493.1241 (relating to standards for test requests), require that laboratory requisitions contain sufficient patient data that must include patient's name, sex, date of birth, date of collection, test(s) to be performed, the source of the specimen, name and address of person requesting the test, as well as "Any additional information relevant and necessary for a

specific test to ensure accurate and timely testing and reporting of results, including interpretation, if applicable." Laboratories shall report the following information to the Childhood Lead Poisoning Prevention Program by ~~mail, telephone, facsimile, or~~ electronic data transmission: name, date of birth, sex, address, county of residence, type of sample (venous or capillary), blood lead level, health care provider ordering the test, laboratory identifiers, date the sample was collected, ~~and~~ the date of analysis, and additional information already available such as race, ethnicity, Medicaid status and/or Medicaid Number. The laboratory receiving the sample from the health care provider taking the sample shall assure that the laboratory requisition slip is fully completed and includes the information required pursuant to the Subsection. In the event electronic submission is not available, lab reports must be submitted by a method and format approved by the Oklahoma Childhood Lead Poisoning Prevention Program.

(3) Time limits for reporting test results to the Childhood Lead Poisoning Prevention Program shall be as follows:

(A) Results of all blood lead levels ~~<10 µg/dL less than the reference level~~ at a minimum of a monthly basis.

(B) Results of all blood lead levels equal to or ~~>10 µg/dL greater than the reference level~~ at a minimum of a weekly basis and if possible daily.

(4) All clinical laboratories shall notify the health care provider ordering the blood lead test by ~~telephone or fax~~ when the results of any analysis in a child up to 72 months of age is ~~=equal to or greater than~~ 20 µg/dL within 24 hours of the date of the analysis.

(5) Nothing in this Subsection shall be construed to relieve any laboratory from reporting results of any blood lead analysis to the physician, or other health care provider ~~that~~ who ordered the test or to any other entity as required by State, Federal or local statutes or regulations or in accordance with accepted standard of practice.

(b) Health care providers.

(1) All health care providers ~~should~~ shall ensure that all of the information as specified in 310:512-3-5(b) (relating to standards for test requests), is completed for all blood lead analyses ordered by health care providers and that this information accompanies the sample to the testing laboratory.

(2) On written or verbal notification of an elevated capillary lead level, ~~=10 mg/dL equal to or greater than the reference level,~~ the child's health care provider will obtain a ~~confirmatory test by venous sample~~ confirmatory testing.

(3) All health care providers shall notify the Childhood Lead Poisoning ~~and~~ Prevention Program of any blood lead level in a child up to 72 months of age ~~equal to or >10 µg/dL equal to or greater than the reference level~~ within 1 week and equal to or ~~greater than~~ > 20 µg/dL within 24 hours of having been notified of this result by the testing

laboratory; ~~the~~ The following information shall be provided when reporting: name, date of birth, sex, address, county of residence, type of sample (venous or capillary), blood lead level, health care provider ordering the test, laboratory identifiers, date the sample was collected and the date of analysis.

(4) ~~Upon notification of a blood lead level ≥ 20 $\mu\text{g}/\text{dL}$, an environmental investigation and public health followup will be carried out by the Oklahoma State Department of Health. Any health care provider utilizing a point-of-care instrument to test blood lead samples is required to report all such results, regardless of the level, to the Childhood Lead Poisoning Prevention Program, and follow the guidelines for reporting as stated in 310:512-3-5(a) (relating to laboratory reporting).~~

(5) ~~On~~ Upon written notification of unsatisfactory specimens, the child's health care provider will obtain a repeat specimen.

(6) These reports shall be confidential and may be utilized only for the purpose of assuring service delivery, program administration, data analysis, and evaluation.

GIST/ANALYSIS:

These amendments are enacted pursuant to authority found in Title 63 of the Public Health Code at sections 1-502 and 1-503. These sections authorize the Department to adopt such rules as it deems necessary to aid in the prevention and control of communicable disease and for establishing a system of reporting of cases of diseases. These changes amend the lists of reportable diseases in order to clarify those conditions and diseases that are required to be reported to the Department. The amendments add conditions of public health importance that require investigation and implementation of prevention activities. These changes minimally increase the reporting burden placed upon clinicians, have no impact on the reporting burden placed upon laboratories, and do not adversely affect the public health disease control and prevention activities.

The amendments remove the reference to a "non-versioned/non-codified" document which could further specify requirements of reporting. This change will eliminate any possibility of requirements that are not stated in rule. The duplicative requirements at OAC 310:515-1-4(3) (relating to occupational or environmental diseases) are amended by removing the requirements listed and adding a reference to the amended rules on reporting blood lead levels in OAC 310:512, Childhood Lead Poisoning Prevention Rules. Amendments change the current reporting guidance for hepatitis C to include persons of all ages, and lower the alanine aminotransferase (ALT) levels for reporting from 400 to 200. This modification is in accordance with the Council of State and Territorial Epidemiologists case definition for hepatitis C that was revised effective January 1, 2016. Lastly, the revisions more clearly specify which syphilis tests are required for reporting to the Department.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 1. DISEASE AND INJURY REPORTING

310:515-1-1.1. Definitions

When used in this Chapter, the following words or terms shall have the following meaning unless the context of the sentence requires another meaning:

"AIDS" means Acquired Immunodeficiency Syndrome.

"Anti-HAV-IgM+" means a positive test result for the hepatitis A virus immunoglobulin M antibody.

"Anti-HBc-IgM+" means a positive test result for the hepatitis B core immunoglobulin M antibody.

"CD4" means cluster of differentiation 4 glycoprotein that serves as a receptor for HIV on T helper cells.

"Department" or "OSDH" means the Oklahoma State Department of Health.

"E. coli" means *Escherichia coli*.

"EIA" means enzyme immunoassay.

"HBsAg+" means a positive test result for the hepatitis B "e" antigen.

"HBsAg+" means a positive test result for the hepatitis B surface antigen.

Permanent Final Adoptions

"HBV DNA+" means a positive test result for deoxyribonucleic acid of the hepatitis B virus.

"HIV" means Human Immunodeficiency Virus.

"PHIDDO" or "PHIDDO system" means Public Health Investigation and Disease Detection of Oklahoma system.

"NAT for HCV RNA+" means a nucleic acid amplification test with a positive test result for hepatitis C virus ribonucleic acid.

"Outbreak of disease" means two or more cases residing in different households that have a similar clinical syndrome of a potentially infectious disease, toxin, or agent of known or unknown etiology.

"RIBA" means recombinant immunoblot assay.

"S/co" means the signal-to-cut-off-ratio.

"Spp." is an abbreviation referring to the term "species," and is used to broaden the antecedent term in order to include all organisms that may be found or described within a given genus.

"Unusual disease or syndrome" means a case of an uncommon, possibly infectious disease of known or unknown etiology, even if laboratory testing may be pending or inconclusive, or if testing for common etiologies is negative. Such cases of disease may not normally be endemic to Oklahoma, may be an emerging or re-emerging disease, and/or represent diseases for which a public health intervention may be needed. Examples of such unusual diseases or syndromes include but are not limited to, unexplained adult respiratory distress syndrome, rash illness with atypical presentation, or an illness occurring along with an unusual pattern of illness or death among animals.

~~"VISA" means vancomycin intermediate *Staphylococcus aureus*.~~

~~"VRSA" means vancomycin resistant *Staphylococcus aureus*.~~

310:515-1-2. Diseases to be reported

The diseases listed in this Chapter must be reported, along with patient identifiers, demographics, and contact information, to the Department upon discovery as dictated in sections OAC 310:515-1-3 and OAC 310:515-1-4. ~~The current "Oklahoma Disease Reporting Manual" shall serve as the standard for disease specific diagnostic test results to be reported. Ancillary laboratory test results, signs, and symptoms must be reported upon request. The current edition of the "Oklahoma Disease Reporting Manual" may be accessed from the Acute Disease Service disease reporting and alerts web page of the OSDH web site at <http://IDReportingAndAlerts.health.ok.gov>. Laboratories having greater than 400 positive tests performed on-site per year for reportable diseases described in 310:515-1-3, 310:515-1-4(1) and 310:515-1-4(2), or as may be otherwise required to be reported by OSDH, shall begin electronic laboratory reporting no later than August 30, 2010 using secure electronic data transmission meaningful use standards.~~

310:515-1-3. Diseases to be reported immediately

The following diseases must be reported by any health practitioner or laboratory personnel to the OSDH electronically via the secure web-based Public Health Investigation and Disease Detection of Oklahoma system or by telephone (405-271-4060 or 800-234-5963) immediately upon suspicion, diagnosis, or testing ~~as specified in the "Oklahoma Disease Reporting Manual".~~

- (1) Anthrax (*Bacillus anthracis*).
- (2) Bioterrorism - suspected disease.
- (3) Botulism (*Clostridium botulinum*).
- (4) Diphtheria (*Corynebacterium diphtheriae*).
- (5) Haemophilus influenzae invasive disease.
- (6) Hepatitis A (Anti HAV IgM+).
- (5) Free-living amebae infections causing primary amebic meningoencephalitis (*Naegleria fowleri*).
- ~~(7)~~ Hepatitis B during pregnancy (HBsAg+).
- ~~(8)~~ Measles (Rubeola).
- ~~(9)~~ Meningococcal invasive disease (*Neisseria meningitidis*).
- ~~(10)~~ Novel coronavirus.
- ~~(11)~~ Novel influenza A.
- ~~(12)~~ Outbreaks of apparent infectious disease.
- ~~(13)~~ Plague (*Yersinia pestis*).
- ~~(14)~~ Poliomyelitis.
- ~~(15)~~ Rabies.
- ~~(16)~~ Smallpox.
- ~~(17)~~ Tularemia (*Francisella tularensis*).
- ~~(18)~~ Typhoid fever (*Salmonella* Typhi).
- ~~(19)~~ Viral hemorrhagic fever.

310:515-1-4. Additional diseases, conditions, and injuries to be reported

The following diseases, conditions and injuries must be reported by physicians, laboratories, and hospitals (by infection control practitioners, medical records personnel, and other designees) to the OSDH as dictated in the following subsections:

- (1) **Infectious diseases.** Reports of infectious diseases and conditions listed in this subsection must be submitted electronically via the PHIDDO system, telephoned, or submitted via secure electronic data transmission to the OSDH within one (1) working day (Monday through Friday, state holidays excepted) of diagnosis or positive test ~~as specified in the "Oklahoma Disease Reporting Manual".~~
 - (A) Acid Fast Bacillus (AFB) positive smear. Report only if no additional testing is performed or subsequent testing is indicative of *Mycobacterium tuberculosis* Complex.
 - (B) AIDS (Acquired Immunodeficiency Syndrome).
 - (C) Anaplasma phagocytophilum infection.
 - ~~(D)~~ Arboviral infections (West Nile virus, St. Louis encephalitis virus, Eastern equine encephalitis virus, Western equine encephalitis virus, Powassan virus, California serogroup virus, chikungunya virus, Zika virus).
 - ~~(E)~~ Brucellosis (*Brucella* spp.).

- (~~EF~~) Campylobacteriosis (*Campylobacter* spp.).
- (~~FG~~) Congenital rubella syndrome.
- (~~GH~~) Cryptosporidiosis (*Cryptosporidium* spp.).
- (~~HI~~) Dengue Fever.
- (~~HJ~~) *E. coli* O157, O157:H7, or a Shiga toxin producing *E. coli*.
- (~~JK~~) Ehrlichiosis (*Ehrlichia* or *Anaplasma* spp.).
- (L) *Haemophilus influenzae* invasive disease.
- (M) Hantavirus infection, without pulmonary syndrome.
- (~~KN~~) Hantavirus pulmonary syndrome.
- (~~LO~~) Hemolytic uremic syndrome, postdiarrheal.
- (P) Hepatitis A (Anti-HAV-IgM+).
- (~~MQ~~) Hepatitis B. If HBsAg+, anti-HBc-IgM+, HBsAg+, or HBV DNA+ then report results of the entire hepatitis panel.
- (~~NR~~) Hepatitis C in persons ~~< or = 40 years or in persons~~ having jaundice or ALT > or = 400 ~~200~~ regardless of age with laboratory confirmation. If hepatitis C EIA is confirmed by NAT for HCV RNA, or signal-to-cut-off (s/co) ratio or index is predictive of a true positive then report results of the entire hepatitis panel.
- (~~OS~~) Human Immunodeficiency Virus (HIV) infection.
- (~~PT~~) Influenza associated hospitalization or death.
- (~~QU~~) Legionellosis (*Legionella* spp.).
- (~~RV~~) Leptospirosis (*Leptospira interrogans*).
- (~~SW~~) Listeriosis (*Listeria monocytogenes*).
- (~~TX~~) Lyme disease (*Borrelia burgdorferi*).
- (~~UY~~) Malaria (*Plasmodium* spp.).
- (~~VZ~~) Mumps.
- (~~WAA~~) Pertussis (*Bordetella pertussis*).
- (~~XBB~~) Psittacosis (*Chlamydophila psittaci*).
- (~~YCC~~) Q Fever (*Coxiella burnetii*).
- (~~ZDD~~) Rocky Mountain Spotted Fever (*Rickettsia rickettsii*).
- (AAEE) Rubella.
- (BBFF) Salmonellosis (*Salmonella* spp.).
- (CCGG) Shigellosis (*Shigella* spp.).
- (~~DD~~) ~~*Staphylococcus aureus* with reduced susceptibility to vancomycin (VISA or VRSA).~~
- (HH) Streptococcal disease, invasive, Group A (GAS) (*Streptococcus pyogenes*).
- (~~EEII~~) *Streptococcus pneumoniae* invasive disease, in persons less than 5 years of age.
- (~~FFJJ~~) Syphilis (*Treponema pallidum*). Nontreponemal and treponemal tests are reportable. If any syphilis test is positive, then all syphilis test results on the panel must be reported. For infants < or = 12 months, all syphilis tests ordered, regardless of test result, must be reported.
- (~~GGKK~~) Tetanus (*Clostridium tetani*).
- (~~HHLL~~) Trichinellosis (*Trichinella spiralis*).
- (~~HMM~~) Tuberculosis (*Mycobacterium tuberculosis*).
- (~~JNN~~) Unusual disease or syndrome.

- (~~KKOO~~) Vibriosis (*Vibrionaceae* family: *Vibrio* spp. (including cholera), *Grimontia* spp., *Photobacterium* spp., and other genera in the family).
- (~~LLPP~~) Yellow Fever.
- (2) **Infectious diseases.** Reports of infectious diseases and conditions listed in this subsection must be reported to the OSDH within one (1) month of diagnosis or test result as specified in the OSDH Disease Reporting Manual.
 - (A) CD4 cell count with corresponding CD4 cell count percentage of total (by laboratories only).
 - (B) Chlamydia infections (*Chlamydia trachomatis*).
 - (C) Creutzfeldt-Jakob disease.
 - (D) Gonorrhea (*Neisseria gonorrhoeae*).
 - (E) HIV viral load (by laboratories only).
- (3) **Occupational or Environmental diseases.** Laboratories ~~must report blood lead level results greater than 105 ug/dL within one (1) week and results less than 10 ug/dL within one (1) month and~~ health care providers must report blood lead level results pursuant to the requirements established in Title 310, Chapter 512, Childhood Lead Poisoning Prevention Rules ~~20 ug/dL or greater within twenty four (24) hours and results 10-19 ug/dL within one (1) week.~~
 - (4) **Injuries (hospitalized and fatal cases only).**
 - (A) Burns.
 - (B) Drownings and Near Drownings.
 - (C) Traumatic Brain Injuries.
 - (D) Traumatic Spinal Cord Injuries.

310:515-1-6. Additional diseases may be designated

The Commissioner of Health may designate any disease or condition as reportable for a designated period of time for the purpose of enhanced public health surveillance or special investigation.

310:515-1-7. Control of Communicable Diseases Manual

The OSDH adopts the most recently published edition of the publication, "Control of Communicable Diseases Manual," published by the American Public Health Association, as a guideline for the prevention and control of communicable diseases. ~~In order to determine the most recently published edition of the "Control of Communicable Diseases Manual," access the American Public Health Association web site at <https://secure.apha.org/source/orders/index.cfm>.~~

310:515-1-8. Organisms/specimens to be sent to the Public Health Laboratory

- (a) Isolates or appropriate specimens of the following organisms shall be sent to the OSDH Public Health Laboratory for typing.
 - (1) *Bacillus anthracis*.
 - (2) *Brucella* spp.
 - (3) Carbapenem-resistant *Enterobacteriaceae*.
 - (~~34~~) *E. coli* O157, O157:H7, or a Shiga toxin producing *E. coli*.

Permanent Final Adoptions

- (45) *Francisella tularensis*.
- (56) *Haemophilus influenzae* (sterile site).
- (67) *Listeria monocytogenes* (sterile site).
- (78) *Mycobacterium tuberculosis*.
- (89) *Neisseria meningitidis* (sterile site).
- (910) *Plasmodium* spp.
- (1011) *Salmonella* spp.
- (11) ~~*Staphylococcus aureus* that are VISA or VRSA~~
- (12) *Vibrionaceae* family (*Vibrio* spp., *Grimontia* spp., *Photobacterium* spp. and other genera in the family).
- (13) *Yersinia* spp.

(b) Following consultation with an OSDH epidemiologist, clinical specimens from suspected cases of Botulism must be sent to the OSDH Public Health Laboratory for referral and testing.

GIST/ANALYSIS:

These amendments are enacted pursuant to authority found in Title 63 of the Public Health Code at section 1-508. This section authorizes the State

Board of Health to adopt such rules as it deems necessary for the quarantine, isolation, impounding, immunization and disposal of an animal to prevent and control any zoonotic disease. These amendments update Subchapter 3, Rabies Control, to align with new scientific findings which indicate that dogs and cats with an out-of-date rabies vaccination status that are exposed to a rabid animal can be effectively managed by immediate vaccination booster and observation for 45 days similar to the method currently in place for management of currently vaccinated dogs, cats and ferrets that are exposed to a rabid animal. Minor revisions to the rules were made to update sections for alignment with current national guidance on animal rabies control and changes in animal rabies vaccine products.

CONTACT PERSON:

Information regarding this rule may be obtained by contacting Kristy Bradley, State Epidemiologist, Oklahoma State Department of Health, 1000 N.E. 10th Street, Oklahoma City, OK 73117-1207; phone (405) 271-7637, e-mail KristyB@health.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

310:599-1-2. Definitions

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise:

"**Animal**" means any warm-blooded mammal.

"**Cat**" means any *Felis catus*.

"**Currently vaccinated**" means properly immunized by or under the supervision of a licensed veterinarian with an antirabies vaccine licensed and approved by the United States Department of Agriculture for use in that animal species, or meeting conditions specified in OAC 310:599-3-8. Vaccine must have been given at appropriate time interval(s) for the age of the animal and type of vaccine administered. Within 28 days after initial vaccination, a peak rabies antibody titer is expected, and the animal is considered immunized. Regardless of the age of the animal at initial vaccination, a booster vaccination should be administered one year later, then at appropriate time intervals based on the type of vaccine administered.

"**Department**" means the Oklahoma State Department of Health.

"**Department designee**" means an employee of the Oklahoma State Department of Health, or a county health department, who is acting within their scope of rabies control authority designated through the Commissioner of Health.

"**Dog**" means any *Canis familiaris*, excluding hybrids.

"**Domestic animal**" means a companion animal including dogs, cats, and ferrets; an equine animal; or a livestock animal.

"**Euthanize**" means the humane killing of an animal generally performed by a veterinarian, or personnel at an animal control facility under the indirect supervision of a veterinarian.

"**Exposure to rabies**" means a bite or introduction of saliva or neural tissue into open cuts in skin, or onto mucous membranes ~~physical contact with the saliva or other potentially~~

infectious tissues from by an animal confirmed or suspected of being infected with rabies.

"Ferret" means any *Mustela putorius furo*.

"First party ownership" means a situation where the owner of a biting animal is directly related to the bite victim, that is parent-child, sibling-sibling, grandparent-child; or when the legal residence of the animal owner and the bite victim are the same.

"Home quarantine" means confinement and observation of an animal allowed at the animal owner's property for a specified time period, where one of the following acceptable methods of confinement for a dog are used: (a) complete indoor housing, (b) caging or kenneling in an enclosure with a securely latched door, or (c) yard confinement with perimeter fencing that the dog is unable to climb over or dig under. Acceptable methods of confinement for a cat or ferret are: (a) complete indoor housing, or (b) caging in an enclosure that prevents escape. The animal's needs for ambient temperature control, water, nutrition, elimination, and space to comfortably stand up and lie down must be adequately provided by the selected confinement method. Should the animal exhibit neurologic signs, die, or disappear during the specified period, an Oklahoma licensed veterinarian and the Department shall be immediately notified.

"Hybrid" means an offspring of wild animals crossbred to domestic dogs or cats; considered to be wild animals in the enforcement of OAC 310:599.

"Quarantine" means physical confinement of an animal during a specified time period when the animal is monitored for the development of disease. During this time period, the animal is prevented from having contact with other animals, and human contact is limited to as few caretakers as possible.

"Rabies" means an acute disease of humans and warm-blooded mammals caused by the rabies virus (genus *Lyssavirus*) that affects the central nervous system and is almost always fatal.

"Recognized animal control facility" means any facility operating for the purpose of stray animal control and/or animal welfare that is under contract or letter of agreement which identifies a licensed veterinarian responsible for animal quarantines.

"Recognized zoological park" means any member of the American Association of Zoological Parks.

"Severe injury" means any physical injury that results in broken bones or lacerations requiring multiple sutures or cosmetic surgery. [4 O.S. Supp. 1991, § 44 (3)]

"Wild animal" means an animal considered as wildlife; any animal not normally adapted to live in intimate association with humans nor raised for consumption by humans.

"Zoonotic disease" means a disease that is transmissible from animals to humans under natural conditions.

SUBCHAPTER 3. RABIES CONTROL

310:599-3-1. Management of dogs, cats, or ferrets that bite a person

(a) Any person or entity owning, harboring, or keeping a dog, cat or ferret which in the preceding ten (10) days has bitten any person, shall upon receipt of written notice by the local animal control authority or Department designee, place such animal in quarantine under the supervision of a licensed veterinarian for a period of ten (10) days from the date the person was bitten. The impoundment and observation of the dog, cat, or ferret shall be conducted at the veterinarian's facility, or a recognized animal control facility. Unvaccinated animals shall be vaccinated against rabies on the final day of the ten (10) day observation period prior to discharge from the veterinarian's supervision.

(b) Exceptions to this rule include the following circumstances:

(1) Dogs, cats, or ferrets involved in a first party ownership may be allowed to be placed in a home quarantine for a ten (10) day period immediately following the bite.

(2) Dogs, cats, and ferrets meeting the criteria of currently vaccinated against rabies, and not inflicting a severe injury, shall be placed in a home quarantine until the end of a 10 day period from the bite. In some instances, a certification of animal health obtained after examination by a licensed veterinarian on the tenth day may be required by the Department or local animal control authority.

(3) Animals in service to the blind or hearing-impaired, and search and rescue dogs or other animals used for police enforcement duties shall be exempt from the quarantine when a bite exposure occurs and proper record of immunization against rabies is presented. A certification of animal health obtained after examination by a licensed veterinarian at the end of 10 days may be required by the Department.

(4) Stray or unwanted dogs, cats, or ferrets that have bitten any person may either be quarantined for ten (10) days at a veterinary facility or a recognized animal control facility; or immediately euthanized and the brain tissue submitted to the Oklahoma State Department of Health Public Health Laboratory for rabies testing. Upon successful completion of the ten (10) day period, a stray animal may be placed for adoption at the discretion of the animal control authority.

(5) Dogs, cats, and ferrets that bite a veterinarian or staff member under their supervision during a routine examination or elective procedure may be considered eligible for home quarantine if the bite victim and owner agree the animal will be examined by a licensed veterinarian at the end of the ten (10) day period from the bite to confirm the animal's health status.

(56) In rare instances, other good and valid health reasons of the owner or animal may be considered for justification to home quarantine (e.g., a bitch with a litter of very young puppies, an animal with a contagious disease, etc.). Approval for home quarantine will be determined by the Department or its designee.

Permanent Final Adoptions

310:599-3-2. Supervising veterinarian's responsibility

It shall be the duty of the veterinarian in whose supervision the dog, cat, or ferret is placed to keep the animal isolated and secured in a separate cage or kennel and under observation for any symptoms of rabies. The veterinarian shall report immediately to the Department designee any changes occurring in the condition of the dog, cat, or ferret. In the event the animal being observed dies, or develops rabies-like symptoms within the specified period of confinement, the head of the animal shall be removed immediately and packed in a shipping container in accordance with instructions published on the rabies laboratory form, ODH Form 460, and sent to the Oklahoma State Department of Health Public Health Laboratory, 1000 N.E. Tenth Street, Oklahoma City, Oklahoma 73117-1299, for rabies testing.

310:599-3-5. Vaccinated domestic animals exposed to a rabid animal

Any domestic animal which is currently vaccinated against rabies and is exposed to a rabid animal shall be re-vaccinated within three (3) days of notification and isolated, by leashing or confinement under the owner's supervision, for a period of at least forty-five (45) days from exposure date.

310:599-3-6. Unvaccinated domestic animals exposed to a rabid animal

(a) Any dog, cat, or ferret ~~which is not currently~~ that has never been vaccinated against rabies and is exposed to a rabid animal shall be:

(1) Euthanized immediately either by a veterinarian of the owner's choice, or the local animal control officer ~~or his/her agent; or~~

(2) Placed in strict quarantine and observed for a period of ~~four (4) months for dogs and cats~~ or six (6) months for ferrets under the supervision of a licensed veterinarian, either at a veterinary facility or a recognized animal control facility. The exposed animal shall be immediately vaccinated against rabies upon entry into quarantine and then given booster vaccinations at the third and eighth week of the quarantine period. Animals less than 16 weeks of age at the time of entry into quarantine may be required to receive a booster vaccine in addition to the above protocol.

(b) Any dog or cat that is overdue for a booster vaccination, and has documentation of receiving a USDA-licensed rabies vaccine at least once previously by or under the supervision of a licensed veterinarian, shall be re-vaccinated and isolated, by leashing or confinement under the owner's supervision, for a period of at least 45 days from exposure date. Ferrets that are overdue for rabies booster vaccination shall be evaluated on a case-by-case basis by the Department, taking into consideration factors such as the severity of exposure, time elapsed since last vaccination, number of previous vaccinations, and current health status to determine the need for euthanasia or immediate booster vaccination and isolation for a period of at least 45 days from exposure date.

(c) Any dog or cat that is overdue for a booster vaccination and without appropriate documentation of having received a USDA-licensed rabies vaccine at least once by or under the supervision of a licensed veterinarian shall be:

(1) Treated as unvaccinated by the Department and either euthanized as described in (a) of this section; or

(2) Immediately given a booster vaccination and placed in strict quarantine for a period of four months under the supervision of a licensed veterinarian; or

(3) Prior to booster vaccination, the owner may work with the licensed veterinarian to conduct prospective serologic monitoring. Serologic monitoring shall include collecting paired blood samples to document prior vaccination by providing evidence of an anamnestic response to booster vaccination. If an adequate anamnestic response is documented, the animal can be considered to be overdue for booster vaccination as described in (b) of this section. If there is inadequate anamnestic response, the animal is considered to have never been vaccinated and managed as described in (a) of this section.

(d) Any livestock or equine animal which is not currently vaccinated and is exposed to a rabid animal will be managed according to the most current Compendium of Animal Rabies Control published by the National Association of State Public Health Veterinarians, Inc. and any State Department of Agriculture guidelines that may apply.

310:599-3-9. Administration of rabies vaccine

(a) It is prohibited for anyone to administer rabies vaccine to any animal unless said vaccine is licensed for use in the particular animal species in question. Exceptions to this include:

(1) The vaccination of wolf-dog hybrids with a rabies vaccine approved for dogs; or

(2) Use at recognized nonprofit zoological parks, or research institutions; or

(3) Special approval by the Commissioner of Health permitting the vaccination in a particular species where the preponderance of scientific literature suggests vaccine efficacy, and vaccine usage is determined to protect public health and safety.

(b) Animals vaccinated per these exceptions will still be considered as a wild animal species if involved in a bite to a person, and will be handled according to OAC 310:599-3-4.

(c) Rabies vaccines presently licensed are listed in the most current Compendium of Animal Rabies Control published annually by the National Association of State Public Health Veterinarians. ~~Copies shall be available from the Communicable Disease Division, Oklahoma State Department of Health, 1000 N.E. Tenth Street, Oklahoma City, Oklahoma 73117-1299.~~

GIST/ANALYSIS:

These amendments are enacted pursuant to authority found in Title 63 of the Public Health Code at section 1-106.1. This section authorizes the State Board of Health to establish a system of fees to be charged for health services and for services rendered to members of the public in the issuance and renewal of licenses and permits by the State Commissioner of Health and the State Department of Health. Section 2662 of the Public Health Code authorizes the State Board of Health to adopt rules necessary to insure that the quality of medical care in ambulatory surgical centers is the same as that required in hospitals licensed in the State of Oklahoma. These changes amend physical plant requirements in Subchapter 1 by updating references to the Facility Guidelines Institute (FGI): Guidelines for Design and Construction of Hospitals and Outpatient Facilities, 2014 Edition, and the Life Safety Code adopted by the Centers for Medicare & Medicaid Services on July 5, 2016. Added are criteria and a process for ambulatory surgical centers to request exceptions and temporary waivers of the requirements of this Chapter for design or construction techniques that represent innovations or improvements.

The amendments revise the requirements for stage one, stage two, and special construction plan submittals, and give ambulatory surgical centers the option to move directly to stage two plan submittal. The changes set fees

for related services including review of temporary waivers and applications for self-certification; establish a process to ensure timely review of design and construction documents; and, establish requirements and a process for ambulatory surgical centers to self-certify compliance of their plans for certain types of projects.

CONTACT PERSON:

Information regarding this rule may be obtained by contacting Lee Martin, Director, Medical Facilities Service, Oklahoma State Department of Health, 1000 N.E. 10th Street, Oklahoma City, OK 73117-6576, or by e-mail to LeeM@health.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

310:615-1-3. General considerations

(a) **Narrative program.** ~~The sponsor for each ambulatory surgical center shall provide a narrative program which describes the functional requirements, staffing patterns, departmental relationships, and other basic information relating to the fulfillment of the institution's objectives.~~

(b) **Services.** ~~Ambulatory surgical centers shall contain but not be limited to all the elements described herein, or the narrative program shall indicate the manner in which the services are to be made available to the ambulatory patient. When services are to be shared or purchased, appropriate modifications or deletions in space and equipment requirements should be made to avoid duplication. Each element provided in the ambulatory surgical center must meet the requirements outlined herein as a minimum, with the understanding that in some instances the elements will need to be expanded to fulfill the program requirements.~~

(c) **Location.** ~~An ambulatory surgical center may be located within a hospital setting, but it may be located apart from a hospital.~~

(d) **Size.** ~~The number and types of clinical facilities to be provided will be determined by the services contemplated and the estimated patient load as described in the narrative program.~~

(e) **Applicable requirements.** ~~If the facility is an integral part of the hospital and is intended to accommodate hospital inpatients as well as outpatients, the applicable requirements relating to general hospital facilities shall apply. If an ambulatory surgical center is not part of a hospital building, the facilities listed herein shall be provided unless they are available for convenient use by the patients in an associated health facility.~~

(f) **Privacy for patient.** ~~The planning of ambulatory surgical centers shall provide for the privacy and dignity of the patient during interview, examination, and treatment. The facilities shall be located so that ambulatory patients do not traverse inpatient areas.~~

(g) **Parking.** ~~In the absence of a formal parking study, off-street vehicle parking for ambulatory surgical centers shall be provided at the ratio of two spaces for each recovery bed plus~~

Permanent Final Adoptions

sufficient parking spaces to accommodate the maximum number of staff on duty at one time. Exceptions may be made with approval of the appropriate State agency for facilities located in areas with a high population density if adequate public parking is available or if the facility is accessible to a public transportation system.

(h) **Environmental pollution control.** In accordance with the National Environmental Policy Act, the site and project shall be developed to minimize any adverse environmental effects on the neighborhood and community.

(i) **Equipment.** All equipment necessary for the operation of the facility as planned shall be shown on the drawings or equipment list.

(a) The following national standards are incorporated by reference:

(1) Facility Guidelines Institute (FGI): Guidelines for Design and Construction of Hospitals and Outpatient Facilities, 2014 Edition; and

(2) National Fire Protection Association (NFPA) 101: Life Safety Code, 2012 Edition, adopted in 81 Federal Register 26871 by the Centers for Medicare & Medicaid Services on July 5, 2016.

(b) Oklahoma statutes prevail if there is conflict between the FGI Guidelines and Oklahoma statutes. For Medicare-certified ambulatory surgical centers, the Life Safety Code adopted by the Centers for Medicare & Medicaid Services prevails if there is a conflict between the Life Safety Code and this Chapter.

(c) An ambulatory surgical center may submit a request for exception or temporary waiver if the FGI Guidelines create an unreasonable hardship, or if the design and construction for the ambulatory surgical center property offers improved or compensating features with equivalent outcomes to the FGI Guidelines.

(d) The Department may permit exceptions and temporary waivers of the FGI Guidelines if the Department determines that such exceptions or temporary waivers comply with the requirements of 63 O.S. Section 2657 et seq., this Chapter, and the following:

(1) Any ambulatory surgical center requesting an exception or temporary waiver shall apply in writing on a form provided by the Department and pay the exception to or temporary waiver of FGI Guidelines fee set in OAC 310:615-1-3.1. The form shall include:

(A) The FGI Guidelines section(s) for which the exception or temporary waiver is requested;

(B) Reason(s) for requesting an exception or temporary waiver;

(C) The specific relief requested; and

(D) Any documentation which supports the application for exception.

(2) In consideration of a request for exception or temporary waiver, the Department shall consider the following:

(A) Compliance with 63 O.S. Section 2657 et seq.;

(B) The level of care provided;

(C) The impact of an exception on care provided;

(D) Alternative policies or procedures proposed; and

(E) Compliance history with provisions of the FGI Guidelines, Life Safety Code and this Chapter.

(3) The Department shall permit or disallow the exception or waiver in writing within forty-five (45) calendar days after receipt of the request.

(4) If the Department finds that a request is incomplete, the Department shall advise the ambulatory surgical center in writing and offer an opportunity to submit additional or clarifying information. The applicant shall have thirty (30) calendar days after receipt of notification to submit additional or clarifying information in writing to the Department of Health, or the request shall be considered withdrawn.

(5) An ambulatory surgical center which disagrees with the Department's decision regarding the exception or temporary waiver may file a written petition requesting relief through an individual proceeding pursuant to OAC 310:2 (relating to Procedures of the State Department of Health).

(6) The Department may revoke an exception or temporary waiver through an administrative proceeding in accordance with OAC 310:2 and the Oklahoma Administrative Procedures Act upon finding the ambulatory surgical center is operating in violation of the exception or temporary waiver, or the exception or temporary waiver jeopardizes patient care and safety or constitutes a distinct hazard to life.

(7) The Department shall publish decisions on requests for exceptions and waivers and make them available to facilities and the public.

(e) Documentation of the ambulatory surgical center governing body's approval of the functional program shall be sufficient to meet the requirements in this Chapter relating to Department approval of the functional program.

310:615-1-3.1. Submission of plans and specifications and related requests for services

(a) **Submission of Plans.** Before construction is begun, plans and specifications, covering the construction of new buildings or major alterations to existing buildings, shall be submitted to the Oklahoma State Department of Health for review and approval as provided in OAC 310:615-1-3.2 or 310:615-1-5.

(1) Plans and specifications are required for the following alterations:

(A) Changes that affect path of egress;

(B) Change of use or occupancy;

(C) Repurposing of spaces;

(D) Structural modifications;

(E) Heating, ventilation and air conditioning (HVAC) modifications;

(F) Electrical modifications that affect the essential electrical system;

(G) Changes that require modification or relocation of fire alarm initiation or notification devices;

(H) Changes that require modification or relocation of any portion of the automatic fire sprinkler system;

- (I) Replacement of fixed medical equipment if the alteration requires any work noted in (A) through (H) of this paragraph;
- (J) Replacement of, or modifications to, any required magnetic or radiation shielding;
- (K) Changes to or addition of any egress control devices or systems.
- (2) Plans and specifications are not required for the following alterations:
 - (A) Painting, papering tiling, carpeting, cabinets, counter tops and similar finish work provided that the new finishes shall meet the requirements of this Chapter;
 - (B) Ordinary repairs and maintenance;
 - (C) Modifications to nurse call or other signaling/communication/information technology systems provided the modifications meet the requirements of this Chapter; or
 - (D) Replacement of fixed or moveable medical equipment that does not affect electrical, HVAC, or shielding requirements noted above.
- (b) **Fees.** Each construction project ~~submission~~ submitted for approval under OAC 310:615-1-3.2 shall be accompanied by the appropriate review fee based on the cost of design and construction of the project. Review fees are as follows:
 - (1) Project cost less than \$10,000.00: \$250.00 Fee
 - (2) Project cost \$10,000.00 to \$50,000.00: \$500.00 Fee
 - (3) Project cost \$50,000.00 to \$250,000.00: \$1000.00 Fee
 - (4) Project cost \$250,000.00 to \$1,000,000.00: \$1500.00 Fee
 - (5) Project cost greater than \$1,000,000.00: \$2000.00 Fee
- (c) **Fees when greater than two (2) submittals required.** The review fee shall cover the cost of review for up to two (2) stage one and two (2) stage two submittals and one final inspection. If a stage one or stage two submittal is not approved after two (2) submissions, another review fee based on the cost of the project shall be required with the third submittal. Fast-track projects shall be allowed two reviews for each package submitted. If a fast-track stage package is not approved after the second submittal, another review fee based on the cost of the project shall be required with the third submittal of the package.
- (d) **Review process.** ~~All construction project submittals~~ Design and construction plans and specifications shall be reviewed ~~within 45 calendar days of receipt by the Oklahoma State Department of Health~~ in accordance with the following process.
 - (1) Unless otherwise provided in this Subchapter, the Department shall have ten (10) calendar days in which to determine if the filed application is administratively complete
 - (A) Upon determining that the application is not administratively complete, the Department shall immediately notify the applicant in writing and shall

- indicate with reasonable specificity the inadequacies and measures necessary to complete the application. Such notification shall not require nor preclude further review of the application and further requests for specific information. If the Department fails to notify the applicant as specified in this Paragraph, the period for technical review shall begin at the close of the administrative completeness review period. Upon submission of correction of inadequacies, the Department shall have an additional ten (10) calendar days to review the application for completeness.
 - (B) Upon determination that the application is administratively complete, the Department shall immediately notify the applicant in writing. The period for technical review begins.
 - (2) The Department shall have forty-five (45) calendar days from the date a completed application is filed to review each application for technical compliance with the relevant regulations and reach a final determination.
 - (A) The time period for technical review is tolled (the clock stops) when the Department has asked for supplemental information and advised the applicant that the time period is tolled pending receipt.
 - (B) To make up for time lost in reviewing inadequate materials, a request for supplemental information may specify that up to 30 additional calendar days may be added to the deadline for technical review, unless the request for supplemental information is a second or later request that identifies new deficiencies not previously identified
 - (C) An application shall be deemed withdrawn if the applicant fails to supplement an application within 90 calendar days after the Department's request, unless the time is extended by agreement for good cause.
 - (D) Extensions may be made as provided by law.
 - (e) **Fees for other services.** Fees for other services related to construction projects are as follows:
 - (1) Request for exception to, or temporary waiver of, FGI Guidelines fee: Five Hundred Dollars (\$500.00);
 - (2) Application for self-certification fee: One Thousand Dollars (\$1,000.00);
 - (3) Courtesy inspection, prior to final inspection for approval of occupancy, fee: Five Hundred Dollars (\$500.00);
 - (4) Professional consultation or technical assistance fee: Five Hundred Dollars (\$500.00) for each eight staff hours or major fraction thereof. For technical assistance requiring travel, the fee may be increased to include the Department's costs for travel.
- 310:615-1-3.2. Preparation of plans and specifications**
- (a) **Stage one.** Preliminary plans and outline specifications shall be submitted and include sufficient information ~~to establish for approval by the Department~~ of the following: scope of project; project location; required fire-safety and exiting criteria; building-construction type, compartmentation showing fire and smoke barriers, bed count and services; the assignment of all spaces, areas, and rooms for each floor level, including

Permanent Final Adoptions

the basement. An ambulatory surgical center has the option, at its own risk, to bypass the stage one submittal and proceed directly to submittal of stage two documents.

(b) **Stage two.** A proposed construction document shall be submitted that includes final drawings and specifications adequate for ~~proposed contract purposes~~ approval by the Department. All final plans and specifications shall be appropriately sealed and signed by an architect registered by the State of Oklahoma. All construction modifications of approved documents are subject to review and approval, and shall be submitted timely.

(c) **Special submittals.**

(1) **Fast-track projects.** The fast track process applies only to stage two submittals. A stage one submittal and functional program must be approved before entering the fast track process.

(A) Equipment and built-in furnishings are to be identified in the stage one submittal.

(B) The ambulatory surgical center has the option to submit two packages: civil, landscaping and structural in stage one, and the balance of the components in stage two.

(C) Fast-track projects shall have prior approval and be submitted in no more than four (4) separate packages.

(A~~i~~) Site work, foundation, structural, under-slab mechanical, electrical, plumbing work, and related specifications.

(B~~ii~~) Complete architectural plans and specifications.

(C~~iii~~) All mechanical, electrical, and plumbing plans and specifications.

(D~~iv~~) Equipment and furnishings.

(2) ~~Automatic sprinkler systems.~~ At least two (2) sets of sprinkler system show drawings, specifications, and calculations (if applicable), prepared by the installer, shall be submitted to the Office of the State Fire Marshal for review and approval prior to installation of the proposed system in the project.

(3) **Radiation protection.** Any project that includes radiology or special imaging equipment used in medical diagnosis, treatment, and therapy of patients, shall include plans, specifications, and shielding criteria, prepared by a qualified medical physicist. These plans shall be submitted and approved by the Oklahoma State Department of Health prior to installation of the equipment.

(d) **Floor plan scale.** Floor plans are to be submitted at a scale of one-eighth (1/8) inch equals one (1) foot, with additional clarifying documents as required.

(e) **Application form.** The submittal shall be made using a Department application form which requests information required by this Chapter and specifies the number of copies and format for document submittal.

310:615-1-5. Self-certification of plans

(a) The Department shall make available professional consultation and technical assistance services covering the requirements of this section to an ambulatory surgical center considering self-certification of plans. The consultation and technical assistance is subject to the fee for professional consultation and technical assistance services set in OAC 310: 310:615-1-3.1. The consultation is optional and not a prerequisite for filing a request through the self-certification review process.

(b) The ambulatory surgical center and the project architect or engineer may elect to request approval of design and construction plans through a self-certification review process. The ambulatory surgical center and the project architect or engineer shall submit a self-certification request on a form provided by the Department, along with a self-certification application fee set in OAC 310: 310:615-1-3.1. The form shall be signed by the ambulatory surgical center and the project architect or engineer attesting that the plans and specifications are based upon and comply with the requirements of this Chapter. The form shall require information necessary to demonstrate compliance with OAC 310:615-1-5(c).

(c) To be eligible for self-certification, projects must comply with the following requirements:

(1) The project involves any portion of the ambulatory surgical center where patients are intended to be examined or treated and the total of design and construction cost is five million dollars (\$5,000,000.00) or less; or

(2) The project involves only portions of the ambulatory surgical center where patients are not intended to be examined or treated; and

(3) The project architect or engineer attesting the application has held a license to practice architecture or engineering for at least five (5) years prior to the submittal of the application, is licensed to practice in Oklahoma; and

(4) The ambulatory surgical center owner/operator acknowledges that the Department retains the authority to:

(A) Perform audits of the self-certification review program and select projects at random for review;

(B) Review final construction documents;

(C) Conduct on-site inspections of the project;

(D) Withdraw approval based on the failure of the ambulatory surgical center or project architect or engineer to comply with the requirements of this Chapter; and

(5) The ambulatory surgical center agrees to make changes required by the Department to bring the construction project into compliance with this Chapter.

(d) Within twenty-one (21) calendar days after receipt of a complete application, the Department shall approve or deny the application for self-certification and send notification to the ambulatory surgical center. If the application is denied, the ambulatory surgical center shall have thirty (30) calendar days to submit additional or supplemental information demonstrating that the application complies with the requirements for self-certification of plans and specifications. The Department shall have fourteen (14) calendar days after receipt of supplemental information to reconsider the initial denial and issue a final approval or denial of the self-certification request.

(e) After denial of the application for self-certification and prior to the start of construction, the ambulatory surgical center shall pay the applicable fee for plan review specified in OAC 310: 310:615-1-3.1. Upon receipt of the plan review fee, the Department shall review the ambulatory surgical center's plans in accordance with the process in 310:615-1-3.1.

GIST/ANALYSIS:

These amendments are enacted pursuant to authority found in Title 63 of the Public Health Code at section 1-106.1. This section authorizes the State Board of Health to establish a system of fees to be charged for health services and for services rendered to members of the public in the issuance and renewal of licenses and permits by the State Commissioner of Health and the State Department of Health. Section 1-890.3 of the Public Health Code authorizes the State Board of Health to adopt rules necessary to implement the provisions of the Continuum of Care and Assisted Living Act. This authorization includes requirements for the physical plant to meet construction and life safety codes. These changes amend construction and physical plant requirements in Subchapter 7. The changes require submittal of plans and specifications for new buildings or major alterations; establishes fees for review of design and construction plans and specifications; sets fees for related services including

review of temporary waivers and applications for self-certification; establishes a process to ensure timely review of design and construction documents; and establishes requirements and a process for assisted living centers to self-certify compliance of their plans for certain types of projects. A section is added to set requirements for stage one, stage two, and special construction plan submittals, and to give assisted living centers the option to move directly to the stage two plan submittal. Added are criteria and a process for assisted living centers to request exceptions and temporary waivers of the requirements of this Chapter to allow for design or construction techniques that represent innovations or improvements.

Section 310:663-15-4 is added as new rule to address requirements in statute related to a resident's freedom of choice in physician and pharmacist and prohibits any financial penalty or fee for their choice. This change enacts the authorizing statute at Title 63 O.S. Section 1-890.3(A)(8). The change amends section 310:663-19-1 to reduce the unnecessary reporting of certain incidents.

CONTACT PERSON:

Information regarding this rule may be obtained by contacting Michael Cook, Director, Long Term Care Service, Oklahoma State Department of Health, 1000 N.E. 10th Street, Oklahoma City, OK 73117-1207, or by e-mail to MikeC@health.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 7. PHYSICAL PLANT DESIGN

310:663-7-3. Submission of plans and specifications and related requests for services

(a) Submission of plans. Before construction is begun, plans and specifications covering the construction of new buildings or major alterations to existing buildings shall be submitted to the Department for review as provided in OAC 310:663-7-4 or OAC 310:663-7-5.

(1) Plans and specifications are required for the following alterations:

- (A) Changes that affect path of egress;**
- (B) Change of use or occupancy;**
- (C) Repurposing of spaces;**
- (D) Structural modifications;**
- (E) Heating, ventilation and air conditioning (HVAC) modifications;**
- (F) Electrical modifications that affect the essential electrical system;**
- (G) Changes that require modification or relocation of fire alarm initiation or notification devices;**
- (H) Changes that require modification or relocation of any portion of the automatic fire sprinkler system;**
- (I) Replacement of fixed medical equipment if the alteration requires any work noted in (A) through (H) of this paragraph;**
- (J) Replacement of or modifications to any required magnetic or radiation shielding;**
- (K) Changes to or addition of any egress control devices or systems.**

(2) Plans and specifications are not required for the following alterations:

Permanent Final Adoptions

- (A) Painting, papering tiling, carpeting, cabinets, counter tops and similar finish work provided that the new finishes shall meet the requirements of this Chapter;
- (B) Ordinary repairs and maintenance;
- (C) Modifications to nurse call or other signaling/communication/information technology systems provided the modifications meet the requirements of this Chapter; or
- (D) Replacement of fixed or moveable medical equipment that does not affect electrical, HVAC, or shielding requirements noted above.
- (b) **Fees.** Each construction project submission shall be accompanied by the appropriate review fee based on the cost of design and construction of the project. Fees for plan and specification reviews and related Department services are as follows:
- (1) Design and construction plans and specifications fee: two one-hundredths percent (0.02%) of the cost of design and construction of the project, with a minimum fee of Fifty Dollars (\$50.00) and a maximum fee of One Thousand Dollars (\$1,000.00);
 - (2) Request for exception or temporary waiver fee: Five Hundred Dollars (\$500.00);
 - (3) Application for self-certification fee: Five Hundred Dollars (\$500.00);
 - (4) Courtesy construction inspection fee: Five Hundred Dollars (\$500.00);
 - (5) Professional consultation or technical assistance fee: Five Hundred Dollars (\$500.00) for each eight hours or major fraction thereof of staff time. For technical assistance requiring travel, the fee may be increased to include the Department's costs for travel.
- (c) **Fees when greater than two (2) submittals required.** The fee for review of design and construction plans and specifications shall cover the cost of review for up to two (2) stage one and two (2) stage two submittals and one final inspection. If a stage one or stage two submittal is not approved after two (2) submissions, another review fee shall be required with the third submittal. Fast-track projects shall be allowed two reviews for each package submitted. If a fast-track stage package is not approved after the second submittal, another review fee based on the cost of the project shall be required with the third submittal of the package.
- (d) **Review process.** Design and construction plans and specifications shall be reviewed in accordance with the following process.
- (1) Unless otherwise provided in this Subchapter, the Department shall have ten (10) calendar days in which to initially determine if the filed application is administratively complete
 - (A) Upon determining that the application is not administratively complete, the Department shall immediately notify the applicant in writing and shall indicate with reasonable specificity the inadequacies and measures necessary to complete the application. Such notification shall not require nor preclude further review of the application and further requests for

specific information. If the Department fails to notify the applicant as specified in this Paragraph, the period for technical review shall begin at the close of the administrative completeness review period. Upon submission of correction of inadequacies, the Department shall have an additional ten (10) calendar days to review the application for completeness.

(B) Upon determination that the application is administratively complete, the Department shall immediately notify the applicant in writing. The period for technical review begins.

(2) The Department shall have forty-five (45) calendar days from the date a completed application is filed to review each application for technical compliance with the relevant regulations and reach a final determination.

(A) The time period for technical review is tolled (the clock stops) when the Department has asked for supplemental information and advised the applicant that the time period is tolled pending receipt.

(B) To make up for time lost in reviewing inadequate materials, a request for supplemental information may specify that up to 30 additional calendar days may be added to the deadline for technical review, unless the request for supplemental information is a second or later request that identifies new deficiencies not previously identified

(C) An application shall be deemed withdrawn if the applicant fails to supplement an application within 90 calendar after the Department's request, unless the time is extended by agreement for good cause.

(D) Extensions may be made as provided by law.

310:663-7-4. Preparation of plans and specifications

(a) **Stage one.** Preliminary plans and outline specifications shall be submitted and include sufficient information for approval by the Department of the following: scope of project; project location; required fire-safety and exiting criteria; building-construction type, compartmentation showing fire and smoke barriers, bed count and services; the assignment of all spaces, areas, and rooms for each floor level, including the basement. An assisted living center has the option, at its own risk, to bypass the stage one submittal and proceed directly to submittal of stage two documents.

(b) **Stage two.** A proposed construction document shall be submitted that includes final drawings and specifications adequate for approval by the Department. All final plans and specifications shall be appropriately sealed and signed by an architect registered by the State of Oklahoma. All construction modifications of approved documents are subject to review and approval, and shall be submitted timely.

(c) **Special submittals.**

(1) **Fast-track projects.** The fast track process applies only to stage two submittals. A stage one submittal and functional program must be approved before entering the fast track process.

(A) Equipment and built-in furnishings are to be identified in the stage one submittal.

(B) The assisted living center has the option to submit two packages: civil, landscaping and structural in stage one, and the balance of the components in stage two.

(C) Fast-track projects shall have prior approval and be submitted in no more than four (4) separate packages.

(i) Site work, foundation, structural, under-slab mechanical, electrical, plumbing work, and related specifications.

(ii) Complete architectural plans and specifications.

(iii) All mechanical, electrical, and plumbing plans and specifications.

(iv) Equipment and furnishings.

(2) **Radiation protection.** Any project that includes radiology or special imaging equipment used in medical diagnosis, treatment, and therapy of patients, shall include plans, specifications, and shielding criteria, prepared by a qualified medical physicist. These plans shall be submitted and approved by the Department prior to installation of the equipment.

(d) **Floor plan scale.** Floor plans are to be submitted at a scale of one-eighth (1/8) inch equals one (1) foot, with additional clarifying documents as required.

(e) **Application form.** The submittal shall be made using a Department application form which requests information required by this Chapter and specifies the number of copies and format for document submittal.

310:663-7-5. Self-certification of plans

(a) The Department shall make available consultation and technical assistance services covering the requirements of this section to an assisted living center considering self-certification of plans. The consultation and technical assistance is subject to the fees specified in OAC 310:663-7-3. The consultation is optional and not a prerequisite for filing a request through the self-certification review process.

(b) The assisted living center and the project architect or engineer may elect to request approval of design and construction plans through a self-certification review process. The assisted living center and the project architect or engineer submit a self-certification request on a form provided by the Department, along with the review fee specified in OAC 310:663-7-3. The form shall be signed by the assisted living center and the project architect or engineer attesting that the plans and specifications are based upon and comply with the requirements of this Chapter. The form shall require information necessary to demonstrate compliance with OAC 310:665-7-5(c).

(c) To be eligible for self-certification, projects must comply with the following requirements:

(1) The project involves any portion of the assisted living center where residents are intended to be examined or treated and the total cost of design and construction is two million five hundred thousand dollars (\$2,500,000) or less; or

(2) The project involves only portions of the assisted living center where residents are not intended to be examined or treated; and

(3) The project architect or engineer attesting the application has held a license to practice architecture or engineering for at least five (5) years prior to the submittal of the application, is licensed to practice in Oklahoma; and

(4) The assisted living center owner/operator acknowledges that the Department retains the authority to:

(A) Perform audits of the self-certification review program and select projects at random for review;

(B) Review final construction documents;

(C) Conduct on-site inspections of the project;

(D) Withdraw approval based on the failure of the assisted living center or project architect or engineer to comply with the requirements of this Chapter; and

(5) The assisted living center agrees to make changes required by the Department to bring the construction project into compliance with this Chapter.

(d) Within twenty-one (21) calendar after receipt of a complete application, the Department shall approve or deny the application for self-certification and send notification to the assisted living center. If the application is denied, the assisted living center shall have thirty (30) calendar to submit additional or supplemental information demonstrating that the application complies with the requirements for self-certification of plans and specifications. The Department shall have fourteen (14) calendar after receipt of supplemental information to reconsider the initial denial and issue a final approval or denial of the self-certification request.

(e) After denial of the application for self-certification and prior to the start of construction, the assisted living center shall pay the applicable fee for plan review specified in OAC 310:663-7-3. Upon receipt of the plan review fee, the Department shall review the assisted living center's plans in accordance with the process in OAC 310:663-7-3.

310:663-7-6. Exceptions and temporary waivers

(a) These standards are not intended to restrict innovations and improvements in design or construction techniques. Accordingly, the Department may approve plans and specifications that contain deviations if it is determined that the respective intent or objective of this Chapter has been met.

(b) An assisted living center may submit a request for exception or temporary waiver if the rules in this Chapter create an unreasonable hardship, or if the design and construction for the assisted living center property offers improved or compensating features with equivalent outcomes to this Chapter.

(c) The Department may permit exceptions and temporary waivers of this Chapter if the Department determines that such exceptions or temporary waivers comply with the requirements of 63 O.S. Section 1-1901 et seq., and the following:

(1) Any assisted living center requesting an exception or temporary waiver shall apply in writing on a form provided by the Department. The form shall include:

(A) The section(s) of this Chapter for which the exception or temporary waiver is requested;

Permanent Final Adoptions

- (B) Reason(s) for requesting an exception or temporary waiver;
- (C) The specific relief requested; and
- (D) Any documentation which supports the application for exception.
- (2) In consideration of a request for exception or temporary waiver, the Department shall consider the following:
- (A) Compliance with 63 O.S. Section 1-1901 et seq.;
- (B) The level of care provided;
- (C) The impact of an exception on care provided;
- (D) Alternative policies or procedures proposed; and
- (E) Compliance history with provisions of this Chapter.
- (3) The Department shall permit or disallow the exception or waiver in writing within forty-five (45) calendar days after receipt of the request.
- (4) If the Department finds that a request is incomplete, the Department shall advise the assisted living center in writing and offer an opportunity to submit additional or clarifying information. The applicant shall have thirty (30) calendar days after receipt of notification to submit additional or clarifying information in writing to the Department of Health, or the request shall be considered withdrawn.
- (5) An assisted living center which disagrees with the Department's decision regarding the exception or temporary waiver may file a written petition requesting relief through an individual proceeding pursuant to OAC 310:2 (relating to Procedures of the State Department of Health).
- (6) The Department may revoke an exception or temporary waiver through an administrative proceeding in accordance with OAC 310:2 and the Oklahoma Administrative Procedures Act upon finding the assisted living center is operating in violation of the exception or temporary waiver, or the exception or temporary waiver jeopardizes patient care and safety or constitutes a distinct hazard to life.
- (7) The Department shall publish decisions on requests for exceptions and waivers and make them available to facilities and centers and the public.

SUBCHAPTER 15. RESIDENT RIGHTS AND RESPONSIBILITIES

310:663-15-4. Prohibited restrictions and fees

Residents shall have the freedom of choice regarding any personal attending physicians and all other providers of medical services and supplies without a financial penalty or fee charged by the assisted living center [Title 63 O.S. Section 1-890.3 (A)(8)].

SUBCHAPTER 19. ADMINISTRATION, RECORDS AND POLICIES

310:663-19-1. Incident reports

- (a) **Timeline for reporting.** All reports to the Department shall be made ~~via facsimile or by telephone~~ within one (1) Department business day of the reportable incident's discovery. A follow-up report of the incident shall be submitted ~~via facsimile or mail~~ to the Department within five (5) Department business days after the incident. The final report shall be filed with the Department when the full investigation is complete, not to exceed ten (10) Department business days after the incident. Notifications to the Nurse Aide Registry using the ODH Form 718 must be made within one (1) Department business day of the reportable incident's discovery.
- (b) **Incidents requiring report.** Each continuum of care facility and assisted living center shall prepare a written incident report for the following incidents:
- (1) allegations and incidents of resident abuse;
 - (2) allegations and incidents of resident neglect;
 - (3) allegations and incidents of misappropriation of resident's property;
 - (4) accidental fires and fires not planned or supervised by facility staff, occurring on the licensed real estate;
 - (5) storm damage resulting in relocation of a resident from a currently assigned room;
 - (6) deaths by unusual occurrence, including accidental deaths or deaths other than by natural causes;
 - (7) residents missing from the assisted living center upon determination by the assisted living
 - (8) utility failure for more than 4 ~~eight~~ (8) hours;
 - (9) incidents occurring at the assisted living center, on the assisted living center grounds or during assisted living center sponsored events, that result in fractures, ~~head injury or require~~ injury requiring treatment at a hospital, a physician's diagnosis of closed head injury or concussion, or head injuries that require more than first aid;
 - (10) reportable diseases and injuries as specified by the Department in OAC 310:515 (relating to communicable disease and injury reporting); and,
 - (11) situations arising where a criminal act is suspected. Such situations shall also be reported to local law enforcement.
- (c) **Incidents involving another provider.** Each continuum of care facility and assisted living center shall promptly refer incidents involving another provider, including a hospice or home health agency, to the certification or licensure agency having jurisdiction over the provider.
- (d) **Reports to the Department.** Each assisted living center shall report to the Department those incidents specified in 310:663-19-1(b). An assisted living center may use the Department's Long Term Care Incident Report Form.
- (e) **Licensing boards.** Each assisted living center shall report allegations and incidents of resident abuse, neglect, or misappropriation of resident's property by licensed personnel to the appropriate licensing board within five (5) business days.
- (f) **Notification of nurse aide registry.** Each continuum of care facility and assisted living center shall report allegations and occurrences of resident abuse, neglect, or misappropriation of resident's property by a nurse aide to the Nurse Aide Registry by submitting a completed "Notification of Nurse Aide Abuse,

Neglect, Mistreatment or Misappropriation of Property" form (ODH Form 718), which requires the following:

- (1) facility/center name, address and telephone;
- (2) facility type;
- (3) date;
- (4) reporting party name or administrator name;
- (5) employee name and address;
- (6) employee certification number;
- (7) employee social security number;
- (8) employee telephone number;
- (9) termination action and date (if applicable);
- (10) other contact person name and address; and
- (11) the details of the allegation or occurrence of abuse, neglect, or misappropriation of resident property.

(g) Content of incident report.

- (1) The preliminary report shall at the minimum include:
 - (A) who, what, when, and where; and
 - (B) measures taken to protect the resident(s) during the investigation.
- (2) The follow-up report shall at the minimum include:
 - (A) preliminary information;
 - (B) the extent of the injury or damage if any; and
 - (C) preliminary findings of the investigation.
- (3) The final report shall, at the minimum, include preliminary and follow-up information and:
 - (A) a summary of investigative actions;
 - (B) investigative findings and conclusions based on findings;
 - (C) corrective measures to prevent future occurrences; and
 - (D) if items are omitted, why the items are omitted and when they will be provided.

(h) Emergency Response. In lieu of making incident reports during an emergency response to a natural or man-made disaster, the facility may coordinate its communications, status reports and assistance requests through the local emergency response coordinator, and file a final report with the Department within ten (10) days after conclusion of the emergency response.

GIST/ANALYSIS:

Title 63 of the Public Health Code, at section 1-106.1, authorizes the State Board of Health to establish a system of fees to be charged for health services and for services rendered to members of the public in the issuance and renewal of licenses and permits by the State Commissioner of Health and the State Department of Health. Sections 1-705 and 1-707 of the Public Health Code authorize the State Board of Health to promulgate rules for the construction and operation of hospitals and for the review of plans and the assessment of fees for plan review.

The physical plant requirements in Subchapter 41 are amended by updating references to the Facility Guidelines Institute (FGI): Guidelines for Design and Construction of Hospitals and Outpatient Facilities, 2014 Edition, and the Life Safety Code adopted by the Centers for Medicare & Medicaid Services on July 5, 2016. Added are criteria and a process for hospitals to request exceptions and temporary waivers of the requirements of this Chapter for design or construction techniques that represent innovations or improvements.

Subchapter 47 is updated by revising the requirements for stage one, stage two, and special construction plan submittals, and by giving hospitals the option to move directly to stage two plan submittal. The proposal sets fees for related services including review of temporary waivers and applications for self-certification. The proposal establishes a process to ensure timely review of design and construction documents. The proposal establishes requirements and a process for hospitals to self-certify compliance of their plans for certain types of projects.

CONTACT PERSON:

Information regarding this rule may be obtained by contacting Lee Martin, Director, Medical Facilities Service, Oklahoma State Department of Health, 1000 N.E. 10th Street, Oklahoma City, OK 73117-6576, or by e-mail to LeeM@health.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 41. GENERAL CONSTRUCTION PROVISIONS

310:667-41-1. General

(a) ~~These requirements are intended as minimum standards for constructing and equipping hospital and specialized hospital projects. For brevity and convenience these standards are presented in "code language". Use of words such as "shall" is mandatory. Insofar as practical, these standards relate to desired performance or results or both. Details of construction and engineering are assumed to be part of good design practice and local building regulations. Design and construction shall conform to the requirements of these standards. Requirements set forth in these standards shall be considered as minimum. For aspects of design and construction not included, local governing building codes shall apply. Where there is no local governing building code, the prevailing model code used within the geographic area is hereby specified for all requirements not otherwise specified in these standards. (See OAC 310:667-41-4(b) for wind and seismic local requirements.) Where American Society of Civil Engineers (ASCE 9-72) is referenced, similar provisions in the model building code are considered substantially equivalent.~~

(b) ~~These standards are not intended to restrict innovations and improvements in design or construction techniques. Accordingly, the Department may approve plans and specifications which contain deviations if it is determined that the respective intent or objective has been met.~~

(c) ~~Some projects may be subject to the regulations of several different programs, including those of other state agencies, local agencies, and federal authorities. While every effort has been made for coordination, individual project requirements shall be verified, as appropriate.~~

(d) ~~The Centers for Medicare & Medicaid Services (CMS), which is responsible for Medicare and Medicaid reimbursement, has adopted the National Fire Protection Association 101 Life Safety Code (NFPA 101). To ensure non-conflicting requirements, the 2000 version of this code is hereby adopted by the Department and all new construction shall comply with that code. Existing construction may continue to comply with the version of NFPA 101 for which construction was approved.~~

(e) ~~The health care provider shall supply for each project a functional program for the facility that describes the purpose of the project, the projected demand or utilization, staffing patterns, departmental relationships, space requirements, and other basic information relating to fulfillment of the institution's objectives. This program shall include a description of each function or service; the operational space required for each function; the quantity of staff or other occupants of the various spaces; the numbers, types, and areas (in net square feet) of all spaces; the special design features; the systems of operation; and the interrelationships of various functions and spaces. The functional program shall include a description of those services necessary for the complete operation of the facility and shall also include the Infection Control Risk Assessment (ICRA). Services available elsewhere in the institution or community need not be duplicated in the facility. The functional program shall also address the potential future expansion~~

~~of essential services which may be needed to accommodate increased demand. The approved functional program shall be available for use in the development of project design and construction documents.~~

(f) ~~An ICRA is a determination of the potential risk of transmission of various agents in the facility. This continuous process is an essential component of a facility functional or master program to provide a safe environment of care. The ICRA shall be conducted by a panel with expertise in infection control, risk management, facility design, construction, ventilation, safety, and epidemiology. The design professional shall incorporate the specific, construction related requirements of the ICRA in the contract documents. The contract documents shall require the contractor to implement these specific requirements during construction. The ICRA is initiated in design and planning and continues through construction and renovation. After considering the facility's patient population and programs, The ICRA shall address but not be limited to the following key elements:~~

- ~~(1) The impact of disrupting essential services to patients and employees;~~
- ~~(2) Patient placement or relocation;~~
- ~~(3) Placement of effective barriers to protect susceptible patients from airborne contaminants such as Aspergillus sp.~~
- ~~(4) Air handling and ventilation needs in surgical services, airborne infection isolation and protective environment rooms, laboratories, local exhaust systems for hazardous agents, and other special areas;~~
- ~~(5) Determination of additional numbers of airborne infection isolation or protective environment room requirements;~~
- ~~(6) Consideration of the domestic water system to limit Legionella sp. and waterborne opportunistic pathogens.~~

(a) ~~The following national standards are incorporated by reference:~~

- (1) Facility Guidelines Institute (FGI): Guidelines for Design and Construction of Hospitals and Outpatient Facilities, 2014 Edition; and
- (2) National Fire Protection Association (NFPA) 101: Life Safety Code, 2012 Edition, adopted in 81 Federal Register 26871 by the Centers for Medicare & Medicaid Services on July 5, 2016.

(b) Oklahoma statutes prevail if there is conflict between the FGI Guidelines and Oklahoma statutes. For Medicare-certified hospitals, the Life Safety Code adopted by the Centers for Medicare & Medicaid Services prevails if there is a conflict between the Life Safety Code and this Chapter.

(c) A hospital may submit a request for exception or temporary waiver if the FGI Guidelines create an unreasonable hardship, or if the design and construction for the hospital property offers improved or compensating features with equivalent outcomes to the FGI Guidelines.

(d) The Department may permit exceptions and temporary waivers of the FGI Guidelines if the Department determines that such exceptions or temporary waivers comply with the requirements of 63 O.S. Section 1-701 et seq., this Chapter, and the following:

(1) Any hospital requesting an exception or temporary waiver shall apply in writing on a form provided by the Department and pay the exception to, or temporary waiver of, FGI Guidelines fee set in OAC 310:667-47-1. The form shall include:

- (A) The FGI Guidelines section(s) for which the exception or temporary waiver is requested;
- (B) Reason(s) for requesting an exception or temporary waiver;
- (C) The specific relief requested; and
- (D) Any documentation which supports the application for exception.

(2) In consideration of a request for exception or temporary waiver, the Department shall consider the following:

- (A) Compliance with 63 O.S. Section 1-701 et seq.;
- (B) The level of care provided;
- (C) The impact of an exception on care provided;
- (D) Alternative policies or procedures proposed; and
- (E) Compliance history with provisions of the FGI Guidelines, Life Safety Code and this Chapter.

(3) The Department shall permit or disallow the exception or waiver in writing within forty-five (45) calendar days after receipt of the request.

(4) If the Department finds that a request is incomplete, the Department shall advise the hospital in writing and offer an opportunity to submit additional or clarifying information. The applicant shall have thirty (30) calendar days after receipt of notification to submit additional or clarifying information in writing to the Department of Health, or the request shall be considered withdrawn.

(5) A hospital which disagrees with the Department's decision regarding the exception or temporary waiver may file a written petition requesting relief through an individual proceeding pursuant to OAC 310:2 (relating to Procedures of the State Department of Health).

(6) The Department may revoke an exception or temporary waiver through an administrative proceeding in accordance with OAC 310:2 and the Oklahoma Administrative Procedures Act upon finding the hospital is operating in violation of the exception or temporary waiver, or the exception or temporary waiver jeopardizes patient care and safety or constitutes a distinct hazard to life.

(7) The Department shall publish decisions on requests for exceptions and waivers, subject to the confidentiality provisions of 63 O.S. Section 1-709.

(e) Documentation of the hospital governing body's approval of the functional program shall be sufficient to meet the requirements in this Chapter relating to Department approval of the functional program.

SUBCHAPTER 47. SUBMITTAL REQUIREMENTS

310:667-47-1. Submission of plans and specifications and related requests for services

(a) **Submission of plans.** Before construction is begun, plans and specifications, covering the construction of new buildings or major alterations to existing buildings, shall be submitted to the Department for review and approval as provided in OAC 310:667-47-2 or OAC 310:667-47-10.

(1) Plans and specifications are required for the following alterations:

- (A) Changes that affect path of egress;
- (B) Change of use or occupancy;
- (C) Repurposing of spaces;
- (D) Structural modifications;
- (E) Heating, ventilation and air conditioning (HVAC) modifications;
- (F) Electrical modifications that affect the essential electrical system;
- (G) Changes that require modification or relocation of fire alarm initiation or notification devices;
- (H) Changes that require modification or relocation of any portion of the automatic fire sprinkler system;
- (I) Replacement of fixed medical equipment if the alteration requires any work noted in (A) through (H) of this paragraph;
- (J) Replacement of or modifications to any required magnetic or radiation shielding;
- (K) Changes to or addition of any egress control devices or systems.

(2) Plans and specifications are not required for the following alterations:

- (A) Painting, papering tiling, carpeting, cabinets, counter tops and similar finish work provided that the new finishes shall meet the requirements of this Chapter;
- (B) Ordinary repairs and maintenance;
- (C) Modifications to nurse call or other hospital signaling/communication/information technology systems provided the modifications meet the requirements of this Chapter; or
- (D) Replacement of fixed or moveable medical equipment that does not affect electrical, HVAC, or shielding requirements noted above.

(b) **Fees.** Each construction project ~~submission~~ submitted for approval under OAC 310:667-47-2 shall be accompanied by a ~~check~~ for the appropriate review fee based on the cost of design and construction of the project. Review fees are as follows:

- (1) Project cost less than \$10,000.00: \$250.00 Fee
- (2) Project cost \$10,000.00 to \$50,000.00: \$500.00 Fee
- (3) Project cost \$50,000.00 to \$250,000.00: \$1000.00 Fee
- (4) Project cost \$250,000.00 to \$1,000,000.00: \$1500.00 Fee
- (5) Project cost greater than \$1,000,000.00: \$2000.00 Fee

Permanent Final Adoptions

(c) **Fees when greater than two (2) submittals required.**

The review fee shall cover the cost of review for up to two (2) stage one and two (2) stage two submittals and one final inspection. If a stage one or stage two submittal is not approved after two (2) submissions, another review fee based on the cost of the project shall be required with the third submittal. Fast-track projects shall be allowed two reviews for each package submitted. If a fast-track stage package is not approved after the second submittal, another review fee based on the cost of the project shall be required with the third submittal of the package.

(d) **Review process.** ~~All construction project submittals.~~ Design and construction plans and specifications shall be reviewed within 45 calendar days of receipt by the Department in accordance with the following process.

(1) Unless otherwise provided in this Subchapter, the Department shall have ten (10) calendar days in which to determine if the filed application is administratively complete

(A) Upon determining that the application is not administratively complete, the Department shall immediately notify the applicant in writing and shall indicate with reasonable specificity the inadequacies and measures necessary to complete the application. Such notification shall not require nor preclude further review of the application and further requests for specific information. If the Department fails to notify the applicant as specified in this Paragraph, the period for technical review shall begin at the close of the administrative completeness review period. Upon submission of correction of inadequacies, the Department shall have an additional ten (10) calendar days to review the application for completeness.

(B) Upon determination that the application is administratively complete, the Department shall immediately notify the applicant in writing. The period for technical review begins.

(2) The Department shall have forty-five (45) calendar days from the date a completed application is filed to review each application for technical compliance with the relevant regulations and reach a final determination.

(A) The time period for technical review is tolled (the clock stops) when the Department has asked for supplemental information and advised the applicant that the time period is tolled pending receipt.

(B) To make up for time lost in reviewing inadequate materials, a request for supplemental information may specify that up to 30 additional calendar days may be added to the deadline for technical review, unless the request for supplemental information is a second or later request that identifies new deficiencies not previously identified

(C) An application shall be deemed withdrawn if the applicant fails to supplement an application within 90 calendar days after the Department's request, unless the time is extended by agreement for good cause.

(D) Extensions may be made as provided by law.

(e) **Fees for other services.** Fees for other services related to construction projects are as follows:

(1) Request for exception to or temporary waiver of FGI Guidelines fee: Five Hundred Dollars (\$500.00);

(2) Application for self-certification fee: One Thousand Dollars (\$1,000.00);

(3) Courtesy inspection, prior to final inspection for approval of occupancy, fee: Five Hundred Dollars (\$500.00);

(4) Professional consultation or technical assistance fee: Five Hundred Dollars (\$500.00) for each eight staff hours or major fraction thereof. For technical assistance requiring travel, the fee may be increased to include the Department's costs for travel.

310:667-47-2. Preparation of plans and specifications

(a) **Stage one.** Preliminary plans and outline specifications shall be submitted and include sufficient information ~~to establish for approval by the Department of~~ the following: scope of project; project location; required fire-safety and exiting criteria; building-construction type, compartmentation showing fire and smoke barriers, bed count and services; the assignment of all spaces, areas, and rooms for each floor level, including the basement. A hospital has the option, at its own risk, to bypass the stage one submittal and proceed directly to submittal of stage two documents. The option to bypass the stage one submittal does not apply if the project is being submitted for the stage two fast-track project review.

(b) **Stage two.** A proposed construction document shall be submitted that includes final drawings and specifications adequate for ~~proposed contract purposes~~ approval by the Department. All final plans and specifications shall be appropriately sealed and signed by an architect registered by the State of Oklahoma. All construction modifications of approved documents are subject to review and approval, and shall be submitted timely.

(c) **Special submittals.**

(1) ~~Fast-track~~ **Stage two fast-track projects.** The fast track process is a method for phased approval of a project as specified in this paragraph.

(A) Equipment and built-in furnishings are to be identified in the stage one submittal.

(B) The hospital has the option to submit two packages: civil, landscaping and structural in stage one, and the balance of the components in stage two.

(C) Fast-track projects shall have prior approval and be submitted in no more than four (4) separate packages.

(A*i*) Site work, foundation, structural, under-slab mechanical, electrical, plumbing work, and related specifications.

(B*ii*) Complete architectural plans and specifications.

(C*iii*) All mechanical, electrical, and plumbing plans and specifications.

(D*iv*) Equipment and furnishings.

(D) The hospital may begin site work on packages after approval by the Department.

(2) ~~Automatic sprinkler systems.~~ At least two (2) sets of sprinkler system show drawings, specifications, and calculations (if applicable), prepared by the installer, shall be submitted to the Office of the State Fire Marshal for review and approval prior to installation of the proposed system in the project.

(3) ~~Radiation protection.~~ Any project that includes radiology or special imaging equipment used in medical diagnosis, treatment, and therapy of patients, shall include plans, specifications, and shielding criteria, prepared by a qualified medical physicist. These plans shall be submitted and approved by the Department prior to installation of the equipment.

(d) Floor plan scale. Floor plans are to be submitted at a scale of one-eighth (1/8) inch equals one (1) foot, with additional clarifying documents as required.

(e) Application form. The submittal shall be made using a Department application form which requests information required by this Chapter and specifies the number of copies and format for document submittal.

310:667-47-10. Self-certification of plans

(a) The Department shall make available professional consultation and technical assistance services covering the requirements of this section to a hospital considering self-certification of plans. The consultation and technical assistance is subject to the fee for professional consultation and technical assistance services set in OAC 310:667-47-1. The consultation is optional and not a prerequisite for filing a request through the self-certification review process.

(b) The hospital and the project architect or engineer may elect to request approval of design and construction plans through a self-certification review process. The hospital and the project architect or engineer shall submit a self-certification request on a form provided by the Department, along with a self-certification application fee set in OAC 310:667-47-1. The form shall be signed by the hospital and the project architect or engineer attesting that the plans and specifications are based upon and comply with the requirements of this Chapter. The form shall require information necessary to demonstrate compliance with OAC 310:667-47-10(c).

(c) To be eligible for self-certification, projects must comply with the following requirements:

(1) The project involves any portion of the hospital where patients are intended to be examined or treated and the total cost of design and construction is fifteen million dollars (\$15,000,000.00) or less; or

(2) The project involves only portions of the hospital where patients are not intended to be examined or treated; and

(3) The project architect or engineer attesting the application has held a license to practice architecture or engineering for at least five (5) years prior to the submittal of the application, is licensed to practice in Oklahoma; and

(4) The hospital owner/operator acknowledges that the Department retains the authority to:

(A) Perform audits of the self-certification review program and select projects at random for review;

(B) Review final construction documents;
(C) Conduct on-site inspections of the project;
(D) Withdraw approval based on the failure of the hospital or project architect or engineer to comply with the requirements of this Chapter; and

(5) The hospital agrees to make changes required by the Department to bring the construction project into compliance with this Chapter.

(d) Within twenty-one (21) calendar days after receipt of a complete application, the Department shall approve or deny the application for self-certification and send notification to the hospital. If the application is denied, the hospital shall have thirty (30) calendar days to submit additional or supplemental information demonstrating that the application complies with the requirements for self-certification of plans and specifications. The Department shall have fourteen (14) calendar days after receipt of supplemental information to reconsider the initial denial and issue a final approval or denial of the self-certification request.

(e) After denial of the application for self-certification and prior to the start of construction, the hospital shall pay the applicable fee for plan review specified in OAC 310:667-47-1(b)(1) through (5). Upon receipt of the plan review fee, the Department shall review the hospital's plans in accordance with the process in OAC 310:667-47-1(d).

GIST/ANALYSIS:

Title 63, the Public Health Code, at section 1-106.1, authorizes the State Board of Health to establish a system of fees to be charged for health services and for services rendered to members of the public in the issuance and renewal of licenses and permits by the State Commissioner of Health and the State Department of Health. Section 1-1908 of the Public Health Code authorizes the State Board of Health to promulgate rules for the submission and resubmission of construction plans and the assessment of fees for the review. Section 1-1942 authorizes the adoption of rules in furtherance of the Nursing Home Care Act, which includes provisions for complaint investigations and incident reporting.

The physical plant requirements in Subchapter 5 are amended by updating references to the most recent Life Safety Code adopted by the Centers for Medicare & Medicaid Services. The changes provide criteria and a process for exceptions and waivers for design and construction techniques that represent innovations or improvements; establishes fees for review of design and construction plans and specifications and related services including review of temporary waivers and applications for self-certification; establishes a process to ensure timely review of design and construction documents. Requirements are added to allow for stage one, stage two, and special construction plan submittals, and to give nursing facilities the option to move directly to stage two plan submittal. A process is established for nursing facilities to self-certify compliance of their plans for certain types of projects.

Subchapter 7 is amended relating to reportable incidents and updates language for reporting utility failures. The changes clarify the reporting of injuries that have certain physician diagnoses or require treatment at a hospital. Certain complaint investigation timeframes are amended and definitions added.

Subchapter 11 is updated to use current terminology for individuals with intellectual disabilities, and to incorporate the most recent Life Safety Code and the updated plans and specifications requirements of Subchapter 5.

CONTACT PERSON:

Information regarding this rule may be obtained by contacting Michael Cook, Service Director, Long Term Care Service, Oklahoma State Department of Health, 1000 N.E. 10th Street, Oklahoma City, OK 73117-1207, telephone (405) 271 6868, or by e-mail to MikeC@health.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 5. PHYSICAL PLANT

310:675-5-18. Design and construction

The requirements in applicable portions of ~~NFPA 101, 1981, shall supersede all other standards and codes unless indicated herein to the contrary~~ the National Fire Protection Association (NFPA) 101: Life Safety Code, 2012 Edition, adopted in 81 Federal Register 26871 by the Centers for Medicare & Medicaid Services on July 5, 2016 are incorporated by reference. For Medicare or Medicaid certified nursing or specialized facilities, the Life Safety Code adopted by the Centers for Medicare & Medicaid Services prevails if there is a conflict between the Life Safety Code and this Chapter. A high degree of safety for the occupants shall be provided to minimize the incidence of accidents with special consideration for residents who will be ambulatory to assist them in self care. Hazards such as sharp corners shall be avoided.

(1) **Existing facilities.** Nonconforming portions which because of financial hardship are not being totally modernized, shall comply with the safety requirements dealing with details and finishes as listed in Chapter 13 NFPA Standard 1-1, 1981.

(2) New construction projects including additions and alterations. Details and finishes shall comply with the following:

(A) Items such as drinking fountains, telephone booths, vending machines, and portable equipment shall be located so as not to restrict corridor traffic or reduce the corridor width below the required minimum.

(B) All rooms containing bathtubs, sitz baths, showers, and water closets, subject to occupancy by residents, shall be equipped with doors and hardware which will permit access from the outside in any emergency. When such rooms have only one opening or are small, the doors shall be capable of opening outward or be otherwise designed to be opened without need to push against a resident who may have collapsed within the room.

(C) The minimum width of all doors to resident rooms and rooms needing access for beds shall be 3'8" (1.12 m.). Doors to rooms needing access for stretchers and to resident's toilet rooms and other rooms needing access for wheelchairs shall have a minimum width of 2'10" (86.3 cm.).

(D) Doors on all openings between corridors and rooms or spaces subject to occupancy, except elevator doors, shall be swing type. Openings to showers, baths, resident's toilets, and other small wet type areas not subject to fire hazard are exempt from this requirement.

(E) Windows and outer doors which may be frequently left in an open position shall be provided with insect screens. Windows shall be designed to prevent accidental falls when open.

(F) Resident rooms intended for occupancy of 24 hours or more shall have windows operable without the use of tools and shall have sills not more than 3'0" (91 cm.) above the floor. Windows in buildings designed with an engineered smoke control system

in accordance with NFPA 90A are not required to be operable. However, attention is called to the fact that natural ventilation possible with operable windows may in some areas permit a reduction in energy requirements.

(G) Doors, except doors to spaces such as small closets which are not subject to occupancy, shall not swing into corridors in a manner that might obstruct traffic flow or reduce the required corridor width. (Large walk-in type closets are considered as occupiable spaces.)

(H) Safety glazing shall be of materials and at locations required by the Oklahoma Safety Glazing Material Law.

(I) Thresholds and expansion joint covers shall be made flush with the floor surface to facilitate use of wheelchairs and carts and shall be constructed to restrict the passage of smoke.

(J) Grab bars shall be provided at all residents' toilets, showers, tubs, and sitz baths. The bar shall have 1 1/2" (3.8 cm.) clearance to walls and shall have sufficient strength and anchorage to sustain a concentrated load of 250 lbs. (113.4 kg.).

(K) Recessed soap dishes shall be provided in showers and bathrooms.

(L) Handrails shall be provided on both sides of corridors used by residents. A clear distance of 1 1/2" (3.8 cm.) shall be provided between the handrail and the wall. Ends of handrails and grab bars shall be constructed to prevent snagging the clothes of residents.

(M) Location and arrangement of handwashing facilities shall permit their proper use and operation.

(N) Lavatories and handwashing facilities shall be securely anchored to withstand an applied vertical load of not less than 250 lbs. (113.4 kg.) on the front of the fixture.

(O) Mirrors shall be arranged for convenient use by residents in wheelchairs as well as by residents in a standing position. Mirrors shall not be installed at handwashing fixtures in food preparation areas.

(P) Provisions for hand drying shall be included at all handwashing facilities. These shall be single-use separate, individual paper or cloth units enclosed in such a way as to provide protection against the dust or soil and ensure single unit dispensing. Hot air dryers are permitted provided that installation is such to preclude possible contamination by recirculation of air.

(Q) The minimum ceiling height shall be 8'0" (2.44 m.) with the following exceptions:

(i) Boiler rooms shall have ceiling clearances not less than 2'6" (76 cm.) above the main boiler header and connecting piping.

(ii) Rooms containing ceiling-mounted equipment shall have height required to accommodate the equipment.

(iii) Ceilings in corridors, storage rooms, toilet rooms, and other minor rooms shall be not less than 7'8" (2.34 m.).

(iv) Suspended tracks, rails and pipes located in path of normal traffic shall not be less than 6'8" (2.03 m.) above the floor.

(R) Recreation rooms, exercise rooms, and similar spaces where impact noise may be generated shall not be located directly over resident bed areas unless special provisions are made to minimize such noise.

(S) Rooms containing heat producing equipment (such as boiler or heater rooms and laundries) shall be insulated and ventilated to prevent any floor surface above from exceeding a temperature 10° F. (6° C.) above the ambient room temperature.

(3) Finishes.

(A) Floor materials shall be easily cleanable and have wear resistance appropriate for the location involved. Floors in areas used for food preparation or food assembly shall be water-resistant and grease-proof. Joints in tile and similar material in such areas shall be resistant to food acids. In all areas frequently subject to wet cleaning methods, floor materials shall not be physically affected by germicidal and cleaning solutions. Floors that are subject to traffic while wet (such as shower and bath areas, kitchens, and similar work areas) shall have a non-slip surface.

(B) Wall bases in kitchens, soiled workrooms, and other areas which are frequently subject to wet cleaning methods shall be made integral and covered with the floor, tightly sealed within the wall, and constructed without voids that can harbor insects.

(C) Wall finishes shall be washable and, in the immediate area of plumbing fixtures, shall be smooth and moisture resistant. Finish trim, and wall and floor constructions in dietary and food preparation areas shall be free from spaces that can harbor rodents and insects.

(D) Floor and wall penetrations by pipes, ducts, and conduits shall be tightly sealed to minimize entry of rodents and insects. Joints of structural elements shall be similarly sealed.

(E) Ceilings throughout shall be easily cleanable. Ceilings in the dietary and food preparation areas shall have a finished ceiling covering all overhead piping and duct work. Finished ceilings may be omitted in mechanical and equipment spaces, shops, general storage areas, and similar spaces, unless required for fire-resistive purposes.

310:675-5-22. Exceptions and temporary waivers

(a) These standards are not intended to restrict innovations and improvements in design or construction techniques. Accordingly, the Department may approve plans and specifications which contain deviations if it is determined that the respective intent or objective of this Chapter has been met.

Permanent Final Adoptions

(b) A nursing facility may submit a request for exception or temporary waiver if the rules in this Chapter create an unreasonable hardship, or if the design and construction for the nursing facility property offers improved or compensating features with equivalent outcomes to this Chapter.

(c) The Department may permit exceptions and temporary waivers of this Chapter if the Department determines that such exceptions or temporary waivers comply with the requirements of 63 O.S. Section 1-1901 et seq., and the following:

(1) Any nursing facility requesting an exception or temporary waiver shall apply in writing on a form provided by the Department. The form shall include:

(A) The section(s) of this Chapter for which the exception or temporary waiver is requested;

(B) Reason(s) for requesting an exception or temporary waiver;

(C) The specific relief requested;

(D) Any supporting requirements in the Facility Guidelines Institute (FGI): Guidelines for Design and Construction of Residential Health, Care, and Support Facilities, 2014 Edition; and

(E) Any documentation which supports the application for exception.

(2) In consideration of a request for exception or temporary waiver, the Department shall consider the following:

(A) Compliance with 63 O.S. Section 1-1901 et seq.;

(B) The level of care provided;

(C) The impact of an exception on care provided;

(D) Alternative policies or procedures proposed;

(E) Compliance with the Facility Guidelines Institute (FGI): Guidelines for Design and Construction of Residential Health, Care, and Support Facilities, 2014 Edition; and

(F) Compliance history with provisions of the Life Safety Code and this Chapter.

(3) The Department shall permit or disallow the exception or waiver in writing within forty-five (45) calendar days after receipt of the request.

(4) If the Department finds that a request is incomplete, the Department shall advise the nursing facility in writing and offer an opportunity to submit additional or clarifying information. The applicant shall have thirty (30) calendar days after receipt of notification to submit additional or clarifying information in writing to the Department of Health, or the request shall be considered withdrawn.

(5) A nursing facility which disagrees with the Department's decision regarding the exception or temporary waiver may file a written petition requesting relief through an individual proceeding pursuant to OAC 310:2 (relating to Procedures of the State Department of Health).

(6) The Department may revoke an exception or temporary waiver through an administrative proceeding in accordance with OAC 310:2 and the Oklahoma Administrative Procedures Act upon finding the nursing facility is operating in violation of the exception or temporary waiver,

or the exception or temporary waiver jeopardizes patient care and safety or constitutes a distinct hazard to life.

(7) The Department shall publish decisions on requests for exceptions and waivers and make them available to facilities and the public.

310:675-5-23. Submission of plans and specifications and related requests for services

(a) **Submission of plans.** Before construction is begun, plans and specifications, covering the construction of new buildings or major alterations to existing buildings shall be submitted to the Department for review as provided in OAC 310:675-5-24 or OAC 310:675-5-25.

(1) Plans and specifications are required for the following alterations:

(A) Changes that affect path of egress;

(B) Change of use or occupancy;

(C) Repurposing of spaces;

(D) Structural modifications;

(E) Heating, ventilation and air conditioning (HVAC) modifications;

(F) Electrical modifications that affect the essential electrical system;

(G) Changes that require modification or relocation of fire alarm initiation or notification devices;

(H) Changes that require modification or relocation of any portion of the automatic fire sprinkler system;

(I) Replacement of fixed medical equipment if the alteration requires any work noted in (A) through (H) of this paragraph;

(J) Replacement of or modifications to any required magnetic or radiation shielding;

(K) Changes to or addition of any egress control devices or systems.

(2) Plans and specifications are not required for the following alterations:

(A) Painting, papering tiling, carpeting, cabinets, counter tops and similar finish work provided that the new finishes shall meet the requirements of this Chapter;

(B) Ordinary repairs and maintenance;

(C) Modifications to nurse call or other signaling/communication/information technology systems provided the modifications meet the requirements of this Chapter; or

(D) Replacement of fixed or moveable medical equipment that does not affect electrical, HVAC, or shielding requirements noted above.

(b) **Fees.** Each construction project submission shall be accompanied by the appropriate review fee based on the cost of design and construction of the project. Fees for plan and specification reviews and related Department services are as follows:

(1) Design and construction plans and specifications fee: two one-hundredths percent (0.02%) of the cost of design and construction of the project, with a minimum fee of Fifty Dollars (\$50.00) and a maximum fee of One Thousand Dollars (\$1,000.00);

- (2) Request for exception or temporary waiver fee: Five Hundred Dollars (\$500.00);
- (3) Application for self-certification fee: Five Hundred Dollars (\$500.00);
- (4) Courtesy construction inspection fee: Five Hundred Dollars (\$500.00);
- (5) Professional consultation or technical assistance fee: Five Hundred Dollars (\$500.00) for each eight hours or major fraction thereof of staff time. For technical assistance requiring travel, the fee may be increased to include the Department's costs for travel.

(c) **Fees when greater than two (2) submittals required.** The fee for review of design and construction plans and specifications shall cover the cost of review for up to two (2) stage one and two (2) stage two submittals and one final inspection. If a stage one or stage two submittal is not approved after two (2) submissions, another review fee shall be required with the third submittal. If a fast-track stage package is not approved after the second submittal, another review fee based on the cost of the project shall be required with the third submittal of the package.

(d) **Review process.** Design and construction plans and specifications shall be reviewed in accordance with the following process.

(1) Unless otherwise provided in this Subchapter, the Department shall have ten (10) calendar days in which to initially determine if the filed application is administratively complete

(A) Upon determining that the application is not administratively complete, the Department shall immediately notify the applicant in writing and shall indicate with reasonable specificity the inadequacies and measures necessary to complete the application. Such notification shall not require nor preclude further review of the application and further requests for specific information. If the Department fails to notify the applicant as specified in this Paragraph, the period for technical review shall begin at the close of the administrative completeness review period. Upon submission of correction of inadequacies, the Department shall have an additional ten (10) calendar days to review the application for completeness.

(B) Upon determination that the application is administratively complete, the Department shall immediately notify the applicant in writing. The period for technical review begins.

(2) The Department shall have forty-five (45) calendar days from the date a completed application is filed to review each application for technical compliance with the relevant regulations and reach a final determination. The Department shall provide the results of the review, including a statement of any deficiencies, in writing. The written notice shall offer the applicant an opportunity to discuss the results of the review with the Department.

(A) The time period for technical review is tolled (the clock stops) when the Department has asked for supplemental information and advised the applicant that the time period is tolled pending receipt.

(B) To make up for time lost in reviewing inadequate materials, a request for supplemental information may specify that up to 30 additional calendar days may be added to the deadline for technical review, unless the request for supplemental information is a second or later request that identifies new deficiencies not previously identified

(C) An application shall be deemed withdrawn if the applicant fails to supplement an application within 90 calendar days after the Department's request, unless the time is extended by agreement for good cause.

(D) Extensions may be made as provided by law.

310:675-5-24. Preparation of plans and specifications

(a) **Stage one.** Preliminary plans and outline specifications shall be submitted and include sufficient information for approval by the Department of the following: scope of project; project location; required fire-safety and exiting criteria; building-construction type, compartmentation showing fire and smoke barriers, bed count and services; the assignment of all spaces, areas, and rooms for each floor level, including the basement. A nursing facility has the option, at its own risk, to bypass the stage one submittal and proceed directly to submittal of stage two documents. After the first review and before Department approval of stage one plans, the nursing facility at its own risk may choose to make a stage two submittal; a nursing facility electing this option would not be eligible for the fast track process.

(b) **Stage two.** A proposed construction document shall be submitted that includes final drawings and specifications adequate for approval by the Department. All final plans and specifications shall be appropriately sealed and signed by an architect registered by the State of Oklahoma. All construction modifications of approved documents are subject to review and approval, and shall be submitted timely.

(1) **Fast-track projects.** The fast track process applies only to stage two submittals. A stage one submittal and functional program must be approved before entering the fast track process.

(A) Equipment and built-in furnishings are to be identified in the stage one submittal.

(B) The nursing facility has the option to submit two packages: civil, landscaping and structural in stage one, and the balance of the components in stage two.

(C) Fast-track projects shall have prior approval and be submitted in no more than four (4) separate packages.

(i) Site work, foundation, structural, under-slab mechanical, electrical, plumbing work, and related specifications.

(ii) Complete architectural plans and specifications.

(iii) All mechanical, electrical, and plumbing plans and specifications.

(iv) Equipment and furnishings.

(2) **Radiation protection.** Any project that includes radiology or special imaging equipment used in medical

Permanent Final Adoptions

diagnosis, treatment, and therapy of residents, shall include plans, specifications, and shielding criteria, prepared by a qualified medical physicist. These plans shall be submitted and approved by the Department prior to installation of the equipment.

(d) **Floor plan scale.** Floor plans are to be submitted at a scale of one-eighth (1/8) inch equals one (1) foot, with additional clarifying documents as required.

(e) **Application form.** The submittal shall be made using a Department application form which requests information required by this Chapter and specifies the number of copies and format for document submittal.

310:675-5-25. Self-certification of plans

(a) The Department shall make available consultation and technical assistance services covering the requirements of this section to a nursing facility considering self-certification of plans. The consultation and technical assistance is subject to the fees specified in OAC 310:675-5-23. The consultation is optional and not a prerequisite for filing a request through the self-certification review process.

(b) The nursing facility and the project architect or engineer may elect to request approval of design and construction plans through a self-certification review process. The nursing facility and the project architect or engineer shall submit a self-certification request on a form provided by the Department, along with the review fee specified in OAC 310:675-5-23. The form shall be signed by the nursing facility and the project architect or engineer attesting that the plans and specifications are based upon and comply with the requirements of this Chapter. The form shall require information necessary to demonstrate compliance with OAC 310:675-5-25(c).

(c) To be eligible for self-certification, projects must comply with the following requirements:

(1) The project involves any portion of the nursing facility where residents are intended to be examined or treated and the total cost of design and construction is two million and five hundred thousand dollars (\$2,500,000) or less; or

(2) The project involves only portions of the nursing facility where residents are not intended to be examined or treated; and

(3) The project architect or engineer attesting the application has held a license to practice architecture or engineering for at least five (5) years prior to the submittal of the application, is licensed to practice in Oklahoma; and

(4) The nursing facility owner/operator acknowledges that the Department retains the authority to:

(A) Perform audits of the self-certification review program and select projects at random for review;

(B) Review final construction documents;

(C) Conduct on-site inspections of the project;

(D) Withdraw approval based on the failure of the nursing facility or project architect or engineer to comply with the requirements of this Chapter; and

(5) The nursing facility agrees to make changes required by the Department to bring the construction project into compliance with this Chapter.

(d) Within twenty-one (21) days after receipt of a complete application, the Department shall approve or deny the application for self-certification and send notification to the nursing facility. If the application is denied, the nursing facility shall have thirty (30) calendar days to submit additional or supplemental information demonstrating that the application complies with the requirements for self-certification of plans and specifications. The Department shall have fourteen (14) calendar days after receipt of supplemental information to reconsider the initial denial and issue a final approval or denial of the self-certification request.

(e) After denial of the application for self-certification and prior to the start of construction, the nursing facility shall pay the applicable fee for plan review specified in OAC 310:667-47-1(b)(1) through (5). Upon receipt of the plan review fee, the Department shall review the nursing facility's plans in accordance with the process in OAC 310:675-5-23.

SUBCHAPTER 7. ADMINISTRATION

310:675-7-5.1. Reports to state and federal agencies

(a) **Timeline for reporting.** All reports to the Department shall be made ~~by telephone or facsimile~~ within twenty-four (24) hours of the reportable incident unless otherwise noted. A follow-up report of the incident shall be ~~mailed or faxed~~ submitted to the Department within five (5) Department business days after the incident. The final report shall be filed with the Department within ten (10) Department business days after the incident.

(b) **Reporting abuse, neglect or misappropriation.** The facility shall report to the Department allegations and incidents of *resident abuse, neglect or misappropriation of residents' property* [63 O.S. §1-1939(A)(1)(e)]. This requirement does not supersede reporting requirements in Title 43A of the Oklahoma Statutes (relating to the Protective Services for the Elderly and for Incapacitated Adults Act).

(d) **Reporting to licensing boards.** The facility shall also report allegations and incidents of resident abuse, neglect, or misappropriation of residents' property by licensed personnel to the appropriate licensing board.

(d) **Reporting communicable diseases.** The facility shall report *communicable diseases* [63 O.S. §1-1939(A)(1)(a)] and injuries as specified by the Department in OAC 310:515 (relating to communicable disease and injury reporting).

(e) **Reporting certain deaths.** The facility shall report *deaths by unusual occurrence, such as accidental deaths or deaths other than by natural causes, and deaths that may be attributed to a medical device*, [63 O.S. §1-1939(A)(1)(b)] according to applicable state and federal laws. The facility shall also report such deaths to the Department.

(f) **Reporting missing residents.** The facility shall report *missing residents* to the Department after a search of the facility and facility grounds and a determination by the facility that the resident is missing. *In addition, the facility shall make a report to local law enforcement agencies within two (2) hours if the resident is still missing* [63 O.S. §1-1939(A)(1)(c)].

(g) **Reporting criminal acts.** The facility shall report *situations arising where a criminal intent is suspected. Such situations shall also be reported to local law enforcement* [63 O.S. §1-1939(A)(1)(d)]. Where physical harm has occurred to a resident as a result of a suspected criminal act, a report shall immediately be made to the municipal police department or to the sheriff's office in the county in which the harm occurred. A facility that is not clear whether the incident should be reported to local law enforcement should consult with local law enforcement.

(h) **Reporting utility failures.** The facility shall report to the Department utility failures of more than ~~four~~ (4) eight (8) hours.

(i) **Reporting certain injuries.** The facility shall report to the Department incidents that result in: fractures, head injury or require injury requiring treatment at a hospital, a physician's diagnosis of closed head injury or concussion, or head injuries that require more than first aid.

(j) **Reporting storm damage.** The facility shall report to the Department storm damage resulting in relocation of a resident from a currently assigned room.

(k) **Reporting fires.** The facility shall report to the Department all ~~fires~~ accidental fires and fires not planned or supervised by facility staff occurring on the licensed real estate.

(l) **Reports made following local emergency response.** In lieu of making incident reports during an emergency response to a natural or man-made disaster, the facility may coordinate its communications, status reports and assistance requests through the local emergency response coordinator, and file a final report with the Department within ten (10) days after conclusion of the emergency response.

(m) **Reporting nurse aides.** The facility shall report to the Department allegations and incidents of abuse, neglect, or misappropriation of resident property by a nurse aide by submitting a completed Nurse Aide Abuse, Neglect, Misappropriation of Resident Property Form (ODH Form 718), which requires the following:

- (1) facility name, address, and telephone;
- (2) facility type;
- (3) date;
- (4) reporting party name or administrator name;
- (5) employee name and address;
- (6) employee certification number;
- (7) employee social security number;
- (8) employee telephone number;
- (9) termination action and date;
- (10) other contact person name and address; and
- (11) facts of abuse, neglect, or misappropriation of resident property.

(~~nn~~) **Content of reports to the department.** Reports to the Department made pursuant to this section shall contain the following:

- (1) The preliminary report shall, at the minimum, include:
 - (A) who, what, when, and where; and
 - (B) measures taken to protect the resident(s) during the investigation.

(2) The follow-up report shall, at the minimum, include:

- (A) preliminary information;
- (B) the extent of the injury or damage if any; and
- (C) preliminary findings of the investigation.

(3) The final report shall, at the minimum, include preliminary and follow-up information and:

- (A) a summary of investigative actions;
- (B) investigative findings and conclusions based on findings; and
- (C) corrective measures to prevent future occurrences.
- (D) if items are omitted, why the items are omitted and when they will be provided.

(o) Form for incident reports to the Department. Facilities shall use the Incident Report Form, ODH Form 283, to report incidents required to be reported to the Department under OAC 310:675-7-5.1. The ODH Form 283 shall require: the facility name, address and identification number; the date, location and type of incident; parties notified in response to the incident; description of the incident; the relevant resident history; summary of the investigation; and name of person completing the report.

310:675-7-6.1. Complaints

(a) **Complaints to the facility.** The facility shall make available to each resident or the resident's representative a copy of the facility's complaint procedure. The facility shall ensure that all employees comply with the facility's complaint procedure. The facility's complaint procedure shall include at least the following requirements.

(1) The facility shall list in its procedures and shall require to be posted in a conspicuous place outside the administrator's office area the following information:

- (A) The names, addresses and telephone numbers of facility staff persons designated to receive complaints for the facility;
- (B) Notice that a good faith complaint made against the facility shall not result in reprisal against the person making the complaint; and
- (C) Notice that any person with a complaint is encouraged to attempt to resolve the complaint with the facility's designated complaint staff, but that the person may submit a complaint to the Department without prior notice to the facility.

(2) If a resident, resident's representative or facility employee submits to the administrator or designated complaint staff a written complaint concerning resident abuse, neglect or misappropriation of resident's property, the facility shall comply with the Protective Services for Vulnerable Adults Act, Title 43A O.S. Sections 10-101 through 10-110.

(b) **Complaints to the Department.** The following requirements apply to complaints filed with the Department.

(1) The Department shall provide to each facility a notice identifying the telephone number and location of the Department's central call center to which complaints

Permanent Final Adoptions

may be submitted. The facility shall post such notice in a conspicuous place outside the administrator's office area.

(2) Any person may submit a complaint to the Department in writing, by phone, or personally. The Department shall reduce to writing a verbal complaint received by phone or in person.

(3) If the complainant is a facility resident, the resident's representative, or a current employee of the facility, the Department shall keep the complainant's identity confidential. For other complainants the Department shall ask the complainant's preference regarding confidentiality.

(4) The Department shall receive and triage complaints at a central call center. The complaints shall be classified and investigated according to the following priorities:

(A) A complaint alleging a situation in which the facility's noncompliance with state or federal requirements relating to nursing facilities has caused or is likely to cause serious injury, harm, impairment or death to a resident shall be classified as immediate jeopardy and shall be investigated by the Department within two (2) working days;

(B) A complaint alleging minimal harm or more than minimal harm to a resident but less than an immediate jeopardy situation shall be classified as actual harm and shall be investigated by the Department within ten (10) working days; and

(C) A complaint alleging other than immediate jeopardy or actual harm ~~to a resident but that represents a repeated or ongoing violation shall be classified as a continuing complaint and investigated within twenty five (25) days shall be scheduled for an onsite survey and investigated during the next onsite survey or sooner if deemed necessary by the Department;~~ and

(D) ~~A complaint alleging other than immediate jeopardy or actual harm to a resident and that is not a continuing complaint shall be classified as a primary complaint and shall be investigated within thirty (30) days~~A complaint alleging a violation that caused no actual harm but the potential for more than minimal harm to a resident, that repeats a violation cited by the Department within the preceding twelve (12) months, and that is alleged to have occurred after the Department determined the facility corrected the previous violation, shall be classified as continuing and investigated the earlier of the next onsite survey or ninety (90) calendar days.

(5) In addition to scheduling investigations as provided in paragraph (4) of this subsection, the Department shall take necessary immediate action to remedy a situation that alleges a violation of the Nursing Home Care Act, any rules promulgated under authority of the Act, or any federal certification laws or rules, if that situation represents a serious threat to the health, safety and welfare of a resident.

(6) In investigating complaints, the Department shall:

(A) Protect the identity of the complainant if a current or past resident or resident's representative or

designated guardian or a current or past employee of the facility by conforming to the following:

(i) The investigator shall select at least three (3) records for review, including the record of the resident identified in the complaint. The three records shall be selected based on residents with similar circumstances as detailed in the complaint if possible. All three (3) records shall be reviewed to determine whether the complaint is substantiated and if the alleged deficient practice exists; and

(ii) The investigator shall interview or observe at least three (3) residents during the facility observation or tour, which will include the resident referenced in the complaint if identified. If no resident is identified, then the observations used of the three residents shall be used to assist in either substantiating or refuting the complaint;

(B) Review the facility's quality indicator profile using resident assessments filed pursuant to OAC 310:675-9-5.1 to determine whether the facility has been "flagged", if the complaint involves resident abuse, pressure ulcers, weight loss or hydration;

(C) Review surveys completed within the last survey cycle to identify tendencies or patterns of non-compliance by the facility;

(D) Attempt to contact the State or Local Ombudsman prior to the survey; and

(E) Interview the complainant, the resident, if possible, and any potential witness, collateral resource or affected resident.

(7) The Department shall limit the complaint report to the Health Care Financing Administration Form 2567 if applicable and the formal report of complaint investigation.

(A) The Form 2567 shall be issued to the facility within ten (10) business days after completion of the investigation.

(B) The formal report of complaint investigation shall be issued to the facility and the complainant, if requested, within ten (10) business days after completion of the investigation. The formal report of investigation shall include at least the following:

(i) Nature of the allegation(s);

(ii) Written findings;

(iii) Deficiencies, if any, related to the complaint investigation;

(iv) Warning notice, if any;

(v) Correction order, if any; and

(vi) Other relevant information.

310:675-7-12.1. ~~Incident~~Internal facility incident reports

(a) **Incident defined.** An incident is any accident or unusual occurrence where there is apparent injury, ~~or~~ where injury may ~~or may not~~ have occurred, ~~including but not limited to, head injuries, medication, treatment errors or events subject to the reporting requirements in 310:675-7-5.1 (relating to reportable~~

incidents). The incident report shall cover all unusual occurrences within the facility, or on the premises, affecting residents, and incidents within the facility or on the premises affecting visitors or employees.

(b) **Incident records.** Each facility shall maintain an incident report record and shall have incident report forms available.

(c) **Incident report format.** ~~Incident reports shall be on a printed incident report form. The form used shall be Long Term Care's Incident Report Form, ODH Form 283. The Incident Report Form requires incident report shall include, at a minimum: the facility name, address and identification number;~~ the date, location and type of incident; parties notified in response to the incident; description of the incident; the relevant resident history; summary of the investigation; and name of person completing the report.

(d) **Incident report preparation.** At the time of the incident, the administrator, or the person designated by the facility with authority to exercise normal management responsibilities in the administrator's absence, shall be notified of the incident and prepare the report. The report shall include the names of the persons witnessing the incident and their signatures where applicable.

(e) **Incident reporting: scope.** ~~The incident report shall cover all unusual occurrences within the facility, or on the premises, affecting residents, and incidents within the facility or on the premises affecting visitors or employees.~~

(f) **Incident records on file.** A copy of each incident report shall be on file in the facility.

(g) **Incident in clinical record.** The resident's clinical record shall describe the incident and indicate the findings on evaluation of the resident for injury.

(h) **Incidents: reviewers.** All incident reports shall be reviewed by the director of nursing and the administrator and shall include corrective action taken where health and safety are affected.

SUBCHAPTER 11. INTERMEDIATE CARE FACILITIES FOR THE MENTALLY RETARDED (16 BEDS AND LESS (ICF/MR-16) OF 16 BEDS AND LESS FOR INDIVIDUALS WITH INTELLECTUAL DISABILITIES (ICF/IID-16)

310:675-11-5. Physical plant

(a) ~~ICF/MR-16~~ICF/IID-16 facilities shall be of one hour (minimum) fire resistant construction as approved by the Department and the State Fire Marshal, or shall be fully protected by an automatic sprinkler system approved by the Department and the State Fire Marshal. In addition, ~~ICF/MR-16~~ICF/IID-16 facilities shall comply with the requirements of Chapter 21, "Life Safety Code; NFPA 101, 1985", the National Fire Protection Association (NFPA) 101: Life Safety Code, 2012 Edition, adopted in 81 Federal Register 26871 by the Centers for Medicare & Medicaid Services on July 5, 2016 applicable to residential board and care occupancies for small facilities are incorporated by reference. The text and commentary provided in the "Life Safety Code

Handbook, Third Edition: based on the "Life Safety Code; NFPA 101, 1985", shall be the official interpretation for the Code. For Medicare or Medicaid certified ICF/IID-16s, the Life Safety Code adopted by the Centers for Medicare & Medicaid Services prevails if there is a conflict between the Life Safety Code and this Chapter.

(b) Prior to issuance of license, the essential operation functions of the physical plant shall be submitted to licensing agency for review and approval. This submittal shall be in such detail as will depict compliance with applicable codes, including emergency evacuation and day to day living accommodations. This submittal shall be accompanied by the applicant's written certification declaring the classification (prompt, slow, impractical) shown for "evacuation capabilities" Chapter 21, LSC 1985 Edition. The certified evacuation classification shall not change without written approval of State Fire Marshal and Licensing Agency. The Department shall receive, prior to each required survey, a written declaration by a physician or nurse or qualified ~~mental retardation~~intellectual disabilities professional, stating that each resident qualifies for the evacuation classification, as previously submitted and approved.

(c) Each facility must have a license. Any facility licensed under this part shall consist of contiguous construction.

(1) **Resident rooms.** The following requirements shall be provided:

- (A) Capacity shall be a maximum of four (4) residents.
- (B) Minimum area shall be 80 square feet per occupant in multi-bed rooms and 100 square feet in single bed rooms.
- (C) Each resident shall have a minimum of three square feet of closet or locker space which shall contain at least a clothes rod and one adjustable shelf.

(2) **Service areas.** The following shall be provided:

- (A) Toilet and bathing facilities shall be provided in an arrangement similar to general domestic residential facilities, except that bathrooms combining toilet, lavatory, tub and/or shower shall be no less than 60 square feet in size.
- (B) Bathing and toilet facilities shall be provided on a ratio of one facility for each five residents.
- (C) Resident staff offices shall be provided at the facility in sufficient size and number to permit the safe storage and handling of prescription medications used by the individual residents, space for private counseling of residents, space for the business affairs of the ~~ICF MR-16~~ICF/IID-16 to be conducted in private, and space for the maintenance of records pertaining to resident care.
- (D) Linen and supply areas shall be provided in a manner which permits the separation of the clean and soiled materials. Clean linen and supplies shall be stored separately from the area in which the soiled materials are collected.
- (E) Meal service space shall be provided as follows:

(i) Kitchen. Space for conventional food preparation and baking with sufficient storage for maintaining at least a four day supply of all foods required for a general diet, including cold storage.

(ii) Dining. There shall be 15 square feet per person allocated to permit residents and on-duty staff to dine at the same time.

(iii) Warewashing shall be in accordance with the requirements of the care facilities as stated in Chapter 257 (relating to Food Service Establishments) of this Title.

(F) Housekeeping materials and supplies shall be maintained in a designated area which is apart from the food service and sleeping areas.

(3) **Recreation, lounge and public areas.** Each ~~ICF/MR 16~~ICF/IID-16 shall provide interior lounge and recreation space at a rate of no less than 20 square feet per bed. If public visitation areas are included, the lounge and recreation space shall be no less than 25 square feet per bed. Outside recreation lounge areas shall be provided. These areas shall have sufficient lighting to permit utilization after sundown.

(4) **Natural lighting and ventilation of rooms.** All habitable and occupiable rooms or spaces shall contain windows, skylights, monitors, glazed doors, transoms, glass block panels or other light transmitting media opening to the sky or on a public street, yard or court. The light transmitting properties and the area of the devices used shall be adequate to meet the minimum day lighting and ventilating requirements specified herein.

(5) **Window size.** Windows and exterior doors may be used as a natural means of light and ventilation, and when so used their aggregate glass area shall amount to not less than eight percent of the floor area served, and with not less than one half of this required area available for unobstructed ventilation.

310:675-11-5.1. Plans and specifications requirements applicable to ICF/IID-16

The following sections of this Chapter shall apply to ICF/IID-16 facilities: 310:675-5-22 (relating to exceptions and temporary waivers), 310:675-5-23 (relating to submission of plans and specifications and related requests for services), 310:675-5-24 (relating to preparation of plans and specifications) and 310:675-5-25 (relating to self-certification of plans).

GIST/ANALYSIS:

Title 63, the Public Health Code, at section 1-106.1, authorizes the State Board of Health to establish a system of fees to be charged for health services and for services rendered to members of the public in the issuance and renewal of licenses and permits by the State Commissioner of Health and the State Department of Health. Section 1-1908 of the Public Health Code authorizes the State Board of Health to promulgate rules for the submission and resubmission of construction plans and the assessment of fees for the review. Section 1-821 authorizes the adoption of rules in furtherance of the Residential Care Act, which includes provisions for issuance of licenses, complaint investigations, incident reporting, housekeeping and staffing.

Subchapter 3 is amended to authorize the use of a physician assistant or advanced practice registered nurse to provide services and consultation; requirements for records and reports for licensure are updated to reflect current law. Certain incident reporting is amended to encourage coordination with local emergency response managers. Reporting of injuries that have certain physician diagnoses or require treatment at a hospital are addressed.

Certain complaint investigation timeframes are amended and definitions added. Statutory requirements for appropriate occupancy are clarified in the rule. Resident choice in room furnishings is asserted. In Subchapter 5 a process for reviewing plans and specifications for new buildings or major alterations is defined with fees for review of design and construction

plans and specifications and fees for related services including applications for self-certification, a process for residential care homes to self-certify compliance of their plans for certain types of projects. Housekeeping requirements are clarified in Subchapter 7 as are staff training requirements for first aid and CPR for direct care staff in Subchapter 11.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 3. LICENSURE REQUIREMENTS

310:680-3-3. Applications

- (a) An applicant for license or renewal thereof to operate a residential care home shall submit to the Department a completed application along with the fifty dollar (\$50.00) license fee and documents required by the Commissioner to determine that the applicant is of reputable and responsible character and otherwise demonstrates the skill and fitness to provide the necessary services. In addition, the applicant shall have appropriate business or professional experience in dealing with the type of residents in the home. The license fee of fifty dollars (\$50.00) is not refundable.
(b) A license fee of twenty dollars (\$20.00) shall accompany any application for modification of a license.
(c) An application for license, or renewal, shall include a copy of all agreements with the professional consultants utilized by the home.
(d) An application for an initial license to operate a residential care home shall include documentation that the State Fire Marshal or the State Fire Marshal's representative has inspected and approved the home. Each application for renewal of a license for a residential care home with more than six beds shall include documentation of annual inspection and approval by the State Fire Marshal or the State Fire Marshal's representative.
(e) The following items must be renewed annually:
(1) An Agreement/agreement with a physician, physician assistant or advanced practice registered nurse to provide emergency medical services and clinical consultation.
(2) Agreements with registered nurse, registered dietitian, and registered pharmacist, as required based on the needs of the residents.
(3) Licensed plumber or building inspector's report.
(4) Licensed electrician or municipal inspector's report.
(5) Kitchen inspection report made by a registered sanitarian.

(f) An approval letter from the local zoning authority shall accompany each initial license application. Each initial application shall be accompanied by a statement from the unit of local government having zoning jurisdiction over the location of the home stating that the location is not in violation of a zoning ordinance. [63:1-822(C)]

(g) Each application shall be accompanied by an attested statement from the applicant assuring that the applicant has not been convicted of a felony in connection with the operation or management of a home, or facility as defined in Section 1-1902 of Title 63 of the Oklahoma Statutes or the care and treatment of the residents of a home, or facility as defined in Section 1-1902 of Title 63 of the Oklahoma Statute [63:1-822.D]complies with 63 O.S. Section 1-822(D). If the applicant is a firm, partnership or corporation, the application shall include an attested statement from each member of the firm or partnership and from each officer and major stockholder of the corporation.

310:680-3-6. Records and reports

- (a) Every residential care home shall conspicuously post in an area of its offices accessible to residents, employees, and visitors, the following:
(1) Its current license.
(2) The name of the current administrator and their certificate license posted.
(3) A copy of Residents' Rights.
(4) Complaint procedure, established by the Nursing Home Care Act and provided by the Department which includes name, address, and telephone number of a person within the Department who is authorized to receive complaints.
(5) A copy of any order pertaining to the facility/home issued by the Department or a court, which is currently in effect.
(b) Every residential care home shall retain the following for public inspection:
(1) A complete copy of every inspection report of the residential care home received from the Department during the past three (3) years.
(2) A copy of every order pertaining to the residential care home issued by the Department or a court during the past three (3) years.
(3) A description of the services provided by the residential care home, the rates charged for those services, and items for which a resident may be separately charged.
(4) A copy of the statement of ownership.
(5) A list of personnel who are licensed, certified, or registered and employed or retained by the residential care home, including area in which individual is credentialed.
(6) If source of payment for resident's care is from public funds, the contract with the agency providing the funds.
(c) Reports of communicable disease shall be made in accordance with 63 O.S. 1-501, et seq.
(d) The Department shall be notified of all incidents pertaining to fire, storm damage, death other than natural, residents missing, or utilities/utility failure for more than eight (8) four (4) hours, and incidents that result in fractures, head injuries or require treatment at a hospital. The home shall report to the

Permanent Final Adoptions

Department incidents that result in: fractures, injury requiring treatment at a hospital, a physician's diagnosis of closed head injury or concussion, or head injuries that require more than first aid. Notice shall be made no later than the next working day. In lieu of making incident reports during an emergency response to a natural or man-made disaster, the home may coordinate its communications, status reports and assistance requests through the home's local emergency response coordinator, and file a final report with the Department within ten (10) days after conclusion of the emergency response.

(e) An evacuation plan shall be developed and permanently displayed in the hallways and sitting room. Fire drills shall be conducted at least quarterly.

(f) ~~Facility~~The home shall have a written plan for temporary living arrangements in case of fire, climatic conditions that warrant evacuation and/or other natural disasters that may render the home unsuitable.

310:680-3-9. Complaints

(a) **Complaints to the residential care home.** The home shall make available to each resident or the resident's representative a copy of the home's complaint procedure. The home shall ensure that all employees comply with the home's complaint procedure. The home's complaint procedure shall include at least the following requirements:

(1) The home shall list in its procedures and shall require to be posted in a conspicuous place outside the administrator's office area the following information:

(A) The names, addresses and telephone numbers of staff persons designated to receive complaints for the home;

(B) Notice that a good faith complaint made against the home shall not result in reprisal against the person making the complaint; and

(C) Notice that any person with a complaint is encouraged to attempt to resolve the complaint with the home's designated complaint staff, but that the person may submit a complaint to the Department without prior notice to the home.

(2) If a resident, resident's representative or home employee submits to the administrator or designated complaint staff a written complaint concerning resident abuse, neglect or misappropriation of resident's property, the home shall comply with the Protective Services for Vulnerable Adults Act, Title 43A O.S. Sections 10-101 through 10-110.

(b) **Complaints to the Department.** The following requirements apply to complaints filed with the Department.

(1) The Department shall provide to each home a notice identifying the telephone number and location of the Department's central call center to which complaints may be submitted. The home shall post such notice in a conspicuous place outside the administrator's office area.

(2) Any person may submit a complaint to the Department in writing, by phone, or personally. The Department shall reduce to writing a verbal complaint received by phone or in person.

(3) If the complainant is a resident, the resident's representative, or a current employee of the home, the Department shall keep the complainant's identity confidential. For other complaints, the Department shall ask the complainants preference regarding confidentiality.

(4) The Department shall receive and triage complaints at a central call center. The complaints shall be classified and investigated according to the following priorities:

(A) A complaint alleging a situation in which the home's noncompliance with state requirements relating to residential care homes has caused or is likely to cause serious injury, harm, impairment or death to a resident shall be classified as immediate jeopardy and shall be investigated by the Department within two (2) working days;

(B) A complaint alleging minimal harm or more than minimal harm to a resident but less than an immediate jeopardy situation shall be classified as actual harm and shall be investigated by the Department within ten (10) working days; and

(C) A complaint alleging other than immediate jeopardy or actual harm ~~to a resident but that represents a repeated or ongoing violation shall be classified as a continuing complaint and investigated within twenty five (25) days shall be scheduled for an onsite survey and investigated during the next onsite survey or sooner if deemed necessary by the Department;~~ and

(D) ~~A complaint alleging other than immediate jeopardy or actual harm to a resident and that is not a continuing complaint shall be classified as a primary complaint and shall be investigated within thirty (30) days.~~ A complaint alleging a violation that caused no actual harm but the potential for more than minimal harm to a resident, that repeats a violation cited by the Department within the preceding twelve (12) months, and that is alleged to have occurred after the Department determined the facility corrected the previous violation, shall be classified as continuing and investigated the earlier of the next onsite survey or ninety (90) calendar days.

(5) In addition to scheduling investigations as provided in paragraph (4) of this subsection, the Department shall take necessary immediate action to remedy a situation that alleges a violation of the Residential Care Act or any rules promulgated under authority of the Act if that situation represents a serious threat to the health, safety and welfare of a resident.

(6) In investigating complaints, the Department shall:

(A) Protect the identity of the complainant if a current or past resident or resident's representative or designated guardian or a current or past employee of the home by conforming to the following:

(i) The investigator shall select at least three (3) records for review, including the record of the resident identified in the complaint. The three records shall be selected based on residents with similar circumstances as detailed in the complaint

if possible. All three (3) records shall be reviewed to determine whether the complaint is substantiated and if the alleged deficient practice exists; and

(ii) The investigator shall interview or observe at least three (3) residents during the home observation or tour, which will include the resident referenced in the complaint if identified and available in the home. If no resident is identified, then the observations used of the three residents shall be used to assist in either substantiating or refuting the complaint;

(B) Review surveys completed within the last survey cycle to identify tendencies or patterns of non-compliance by the home;

(C) Attempt to contact the State or Local Ombudsman and the complainant, if identified, prior to the survey; and

(D) Interview the complainant, the resident, if possible, and any potential witness, collateral resource or affected resident.

(7) The Department shall limit the complaint report to the formal report of complaint investigation. The formal report of complaint investigation shall be issued to the home and the complainant, if requested, within ten (10) business days after completion of the investigation. The formal report of investigation shall include at least the following:

- (A) Nature of the allegation(s);
- (B) Written findings;
- (C) Deficiencies, if any, related to the complaint investigation;
- (D) Warning notice, if any;
- (E) Correction order, if any; and
- (F) Other relevant information.

310:680-3-14. Appropriate occupancy

~~A residential care home shall not admit or provide services to a resident who is not ambulatory and essentially capable of participating in their own activities of daily living. Residents shall not routinely require nursing services~~The residents of a residential care home shall be ambulatory and essentially capable of participating in their own activities of daily living, but shall not routinely require nursing services [63 O.S. Section 1-820(a)]. The resident may receive nursing services that an individual otherwise may receive in their private home provided by an individual or agency qualified under state or federal law.

SUBCHAPTER 5. CONSTRUCTION REQUIREMENTS AND PHYSICAL PLANT

310:680-5-6. Building elements

(a) Each residential care home shall have its address clearly visible from the street.

(b) At least two (2) flashlights in working order shall be maintained for emergency lighting.

(c) All doors and windows opening to the outside for ventilation shall be screened. Screens shall be well fitted and in good repair.

(d) Adequate enclosed secure storage space shall be provided for items belonging to residents. ~~Clothing, bedding, and residents's personal belongings shall be stored off the floor.~~

(e) Each residential care home shall have one toilet facility for every six (6) residents. Toilet facility shall contain one (1) stool and one (1) lavatory.

(f) Bathtubs or showers shall be provided at the rate of one (1) for each ten (10) residents.

(g) Hot water temperatures at faucets accessible to residents shall be maintained within a range of 100° to 120° Fahrenheit.

(h) Laundry equipment, if on premises, shall be housed in a safe, well-ventilated and clean area. Laundry equipment shall be kept clean and dryer shall be vented to outside.

(i) Linen storage areas shall be provided and be clean and organized.

(j) Cleaning supplies and equipment shall be stored in a separate, clean, and locked area.

(k) Telephone service must be available within the building. Pay phones are not acceptable as the only telephone service.

310:680-5-7. Resident rooms

(a) Each resident shall be provided with clean, comfortable orderly, and reasonably private living accommodations.

(b) Each resident's room shall have direct access to exits and other areas of the home without passing through another resident's room, the kitchen, laundry, or bathroom.

(c) Each single resident room shall contain a minimum of 80 square feet of floor space.

(d) Each resident room containing multiple beds shall provide a minimum of 60 square feet per bed.

(e) Each resident room shall have at least one (1) outside operable window installed in a vertical wall which can be used as an emergency exit. However, if a facility~~home~~ has a sprinkler system approved by the State Fire Marshall, it shall be exempt from the requirement of an outside operable window in each resident room useable as an emergency exit but shall be required to have a window. Minimum dimension of this window shall be 22 inches and the area shall be minimum of 5 square feet. Windows shall have adjustable coverings to provide privacy.

(f) Each resident room shall have a full door which can be closed to provide privacy.

(g) Male and female residents shall not be housed in the same or adjoining rooms which do not have a full floor-to-ceiling partition and door which can be locked, except immediate family may occupy the same room.

(h) Each resident room shall have an electrical outlet.

(i) Each resident room shall have a minimum of 20 foot candle power of lighting.

(j) ~~Each~~Unless the resident elects otherwise, each resident shall have a comfortable chair, a bedside table and a bureau or its equivalent for storing personal belongings.

(k) When residents' personal furniture is used, it shall be clean and in good repair.

Permanent Final Adoptions

- (l) Each resident's bed shall have a comfortable mattress and bed linens which are clean and in good condition.
- (m) Clean towels and wash cloths shall be available to meet the needs of all residents. Towels and wash cloths shall be in good condition.

310:680-5-9. Submission of plans and specifications and related requests for services

(a) **Submission of plans.** Before construction is begun, plans and specifications covering the construction of new buildings or major alterations to existing buildings shall be submitted to the Department for review as provided in OAC 310:680-5-10 or OAC 310:680-5-11.

(1) Plans and specifications are required for the following alterations:

- (A) Changes that affect path of egress;
- (B) Change of use or occupancy;
- (C) Repurposing of spaces;
- (D) Structural modifications;
- (E) Heating, ventilation and air conditioning (HVAC) modifications;
- (F) Electrical modifications that affect the essential electrical system;
- (G) Changes that require modification or relocation of fire alarm initiation or notification devices;
- (H) Changes that require modification or relocation of any portion of the automatic fire sprinkler system;
- (I) Replacement of fixed medical equipment if the alteration requires any work noted in (A) through (H) of this paragraph;
- (J) Replacement of or modifications to any required magnetic or radiation shielding;
- (K) Changes to or addition of any egress control devices or systems.

(2) Plans and specifications are not required for the following alterations:

- (A) Painting, papering, tiling, carpeting, cabinets, counter tops and similar finish work provided that the new finishes shall meet the requirements of this Chapter;
- (B) Ordinary repairs and maintenance;
- (C) Modifications to nurse call or other signaling/communication/information technology systems provided the modifications meet the requirements of this Chapter; or
- (D) Replacement of fixed or moveable medical equipment that does not affect electrical, HVAC, or shielding requirements noted above.

(b) **Fees.** Each construction project submission shall be accompanied by the appropriate review fee based on the cost of design and construction of the project. Fees for plan and specification reviews and related Department services are as follows:

(1) Design and construction plans and specifications fee: two one-hundredths percent (0.02%) of the cost of design and construction of the project, with a minimum fee of Fifty Dollars (\$50.00) and a maximum fee of One Thousand Dollars (\$1,000.00);

(2) Request for exception or temporary waiver fee: Five Hundred Dollars (\$500.00);

(3) Application for self-certification fee: Five Hundred Dollars (\$500.00);

(4) Courtesy construction inspection fee: Five Hundred Dollars (\$500.00);

(5) Professional consultation or technical assistance fee: Five Hundred Dollars (\$500.00) for each eight hours or major fraction thereof of staff time. For technical assistance requiring travel, the fee may be increased to include the Department's costs for travel.

(c) **Fees when greater than two (2) submittals required.** The fee for review of design and construction plans and specifications shall cover the cost of review for up to two (2) stage one and two (2) stage two submittals and one final inspection. If a stage one or stage two submittal is not approved after two (2) submissions, another review fee shall be required with the third submittal. Fast-track projects shall be allowed two reviews for each package submitted. If a fast-track stage package is not approved after the second submittal, another review fee based on the cost of the project shall be required with the third submittal of the package.

(d) **Review process.** Design and construction plans and specifications shall be reviewed in accordance with the following process.

(1) Unless otherwise provided in this Subchapter, the Department shall have ten (10) calendar days in which to initially determine if the filed application is administratively complete

(A) Upon determining that the application is not administratively complete, the Department shall immediately notify the applicant in writing and shall indicate with reasonable specificity the inadequacies and measures necessary to complete the application. Such notification shall not require nor preclude further review of the application and further requests for specific information. If the Department fails to notify the applicant as specified in this Paragraph, the period for technical review shall begin at the close of the administrative completeness review period. Upon submission of correction of inadequacies, the Department shall have an additional ten (10) calendar days to review the application for completeness.

(B) Upon determination that the application is administratively complete, the Department shall immediately notify the applicant in writing. The period for technical review begins.

(2) The Department shall have forty-five (45) calendar days from the date a completed application is filed to review each application for technical compliance with the relevant regulations and reach a final determination.

(A) The time period for technical review is tolled (the clock stops) when the Department has asked for supplemental information and advised the applicant that the time period is tolled pending receipt.

(B) To make up for time lost in reviewing inadequate materials, a request for supplemental information may specify that up to 30 additional calendar

days may be added to the deadline for technical review, unless the request for supplemental information is a second or later request that identifies new deficiencies not previously identified.

(C) Failure by an applicant to supplement an application within 90 calendar days after the request shall be deemed to be withdrawn unless the time is extended by agreement for good cause.

(D) Extensions may be made as provided by law.

310:680-5-10. Preparation of plans and specifications

(a) **Stage one.** Preliminary plans and outline specifications shall be submitted and include sufficient information for approval by the Department of the following: scope of project; project location; required fire-safety and exiting criteria; building-construction type, compartmentation showing fire and smoke barriers, bed count and services; the assignment of all spaces, areas, and rooms for each floor level, including the basement. A residential care home has the option, at its own risk, to bypass the stage one submittal and proceed directly to submittal of stage two documents.

(b) **Stage two.** A proposed construction document shall be submitted that includes final drawings and specifications adequate for proposed contract purposes. All final plans and specifications shall be appropriately sealed and signed by an architect registered by the State of Oklahoma. All construction modifications of approved documents are subject to review and approval, and shall be submitted timely.

(c) **Special submittals.**

(1) **Fast-track projects.** The fast track process applies only to stage two submittals. A stage one submittal and functional program must be approved before entering the fast track process.

(A) Equipment and built-in furnishings are to be identified in the stage one submittal.

(B) The residential care home has the option to submit two packages: civil, landscaping and structural in stage one, and the balance of the components in stage two.

(C) Fast-track projects shall have prior approval and be submitted in no more than four (4) separate packages.

(i) Site work, foundation, structural, under-slab mechanical, electrical, plumbing work, and related specifications.

(ii) Complete architectural plans and specifications.

(iii) All mechanical, electrical, and plumbing plans and specifications.

(iv) Equipment and furnishings.

(2) **Radiation protection.** Any project that includes radiology or special imaging equipment used in medical diagnosis, treatment, and therapy of residents, shall include plans, specifications, and shielding criteria, prepared by a qualified medical physicist. These plans shall be submitted and approved by the Department prior to installation of the equipment.

(d) **Floor plan scale.** Floor plans are to be submitted at a scale of one-eighth (1/8) inch equals one (1) foot, with additional clarifying documents as required.

(e) **Application form.** The submittal shall be made using a Department application form which requests information required by this Chapter and specifies the number of copies and format for document submittal.

310:680-5-11. Self-certification of plans

(a) The Department shall make available consultation and technical assistance services covering the requirements of this section to a residential care home considering self-certification of plans. The consultation and technical assistance is subject to the fees specified in OAC 310: 680-5-9. The consultation is optional and not a prerequisite for filing a request through the self-certification review process.

(b) The residential care home and the project architect or engineer may elect to request approval of design and construction plans through a self-certification review process. The residential care home and the project architect or engineer shall submit a self-certification request on a form provided by the Department, along with the review fee specified in OAC 310:680-5-9. The form shall be signed by the residential care home and the project architect or engineer attesting that the plans and specifications are based upon and comply with the requirements of this Chapter. The form shall require information necessary to demonstrate compliance with OAC 310:680-5-11(c).

(c) To be eligible for self-certification, projects must comply with the following requirements:

(1) The project involves any portion of the residential care home where residents are intended to be examined or treated and the total cost of design and construction is two million five hundred thousand dollars (\$2,500,000) or less; or

(2) The project involves only portions of the residential care home where residents are not intended to be examined or treated; and

(3) The project architect or engineer attesting the application has held a license to practice architecture or engineering for at least five (5) years prior to the submittal of the application, is licensed to practice in Oklahoma; and

(4) The residential care home owner/operator acknowledges that the Department retains the authority to:

(A) Perform audits of the self-certification review program and select projects at random for review;

(B) Review final construction documents;

(C) Conduct on-site inspections of the project;

(D) Withdraw approval based on the failure of the residential care home or project architect or engineer to comply with the requirements of this Chapter; and

(5) The residential care home agrees to make changes required by the Department to bring the construction project into compliance with this Chapter.

(d) Within twenty-one (21) calendar days after receipt of a complete application, the Department shall approve or deny the application for self-certification and send notification to the residential care home. If the application is denied, the residential care home shall have thirty (30) calendar days to submit

Permanent Final Adoptions

additional or supplemental information demonstrating that the application complies with the requirements for self-certification of plans and specifications. The Department shall have fourteen (14) calendar days after receipt of supplemental information to reconsider the initial denial and issue a final approval or denial of the self-certification request.

(e) After denial of the application for self-certification and prior to the start of construction, the residential care home shall pay the applicable fee for plan review specified in OAC 310:680-5-9. Upon receipt of the plan review fee, the Department shall review the residential care home's plans in accordance with the process in OAC 310:680-5-9.

SUBCHAPTER 7. ENVIRONMENTAL HEALTH AND SANITARY REQUIREMENTS

310:680-7-5. Housekeeping

- (a) The interior and exterior of the home shall be safe, clean and sanitary.
- (b) Practices and procedures shall be utilized to keep the home free from offensive odors, accumulation of dirt, rubbish, dust, and safety hazards.
- (c) Floors and floor coverings shall be clean and in good condition. Floor polishes shall provide for a non-slip finish.
- (d) Walls and ceilings shall be in good condition and shall be cleaned regularly. All homes shall have walls capable of being cleaned.
- (e) Deodorizers shall not be used to cover up odors caused by unsanitary conditions or poor housekeeping practices.
- (f) Home and surrounding areas shall be kept free from refuse, discarded furniture, and old newspaper. Combustibles such as cleaning rags and compounds must be kept in closed metal containers in areas away from residents' rooms. No items shall be stored in the hot water heater closet or furnace closet.
- (g) General laundry shall be placed in linen ~~hampers/carts with the lids closed~~ hampers, carts, laundry bags, or similar containers suitable for laundry not soiled by body fluids.
- (h) Soiled linens or clothing shall be placed in bags or non-porous containers with lids tightly closed.

SUBCHAPTER 11. STAFFING REQUIREMENTS

310:680-11-1. Requirements

Residential care homes shall employ sufficient personnel appropriately qualified and trained to provide the essential services of the home.

(1) Sufficient number of persons.

- (A) Each residential care home shall have one (1) person who is administratively responsible for the home.
- (B) There shall be at least one (1) person in charge of the home and its operation on duty in the home whenever residents are present.

(C) There shall be a minimum of 3/4 hour of personnel per day per resident based on average daily census.

(D) All residential care homes shall have a signed, written agreement with a registered nurse to act as a consultant. Documentation of the use of the nurse consultant shall be maintained in the home.

(2) Staff qualifications.

(A) Each residential care home shall have a person designated as "Administrator," ~~who is at least 21 years old and has obtained a residential care administrator's certificate of training from an institute of higher learning whose program has been reviewed by the Department is licensed in accordance with Title 63 O.S. Section 330.51 et seq.~~

(B) All personnel who have the responsibility for administering or monitoring medication to residents shall obtain a certificate of training in medication administration from an institution of higher learning whose program has been reviewed by the Department. (Currently licensed physicians, registered nurses and licensed practical nurses shall be deemed to meet the medication administration training requirement.)

(C) All other staff shall have training and/or experience relevant to their job description.

(D) Personnel responsible for providing professional services must be appropriately certified, registered, or licensed.

(3) **Staff training.** In order to ensure all homes maintain a level of competency necessary to meet the needs of each individual served in the home, personnel must complete the following training requirements.

(A) ~~All employees~~ At all times there shall be in the home at least one staff person ~~shall be currently certified~~ trained in first-aid and cardiopulmonary resuscitation ~~(that is Red Cross training or equivalent training with a hands-on component).~~ Proof of ~~certification~~ and training shall be kept on file in the home. First-Aid and CPR certificate training shall be renewed annually, or as required to be kept current.

(B) Administrators shall ~~have sixteen (16) hours of job related training annually. First aid and CPR training do not count for the sixteen (16) hours~~ obtain continuing education training as required to maintain an administrator's license pursuant to Title 63 O.S. Section 330.51 et seq. All training shall be documented and the record kept in the home.

(C) Direct care staff who are responsible for administering or monitoring medication shall annually be required to receive at least eight (8) hours of training by the administrator of the home in patient reporting and observation, record keeping, independent or daily living skills, leisure skills and recreation, human relations and such other training relevant to residential care program and operation.

(D) All direct care staff shall begin eight (8) hours of inservice by the administrator of the home or other person designated by the administrator of the home

within ninety (90) days of employment and completed within twelve (12) months of employment. Eight (8) hours of inservice shall be required annually thereafter.

(E) All residential care programs shall provide a new employee orientation program which includes instruction in policies and procedures regarding the areas of abuse and neglect, resident rights, confidentiality, procedure for handling emergencies, and job descriptions.

(4) Personnel practices.

(A) Residents shall not supervise other residents.

(B) The behavior of staff reflects sensitivity to the needs of the individuals served for privacy and dignity. For example, confidentiality and normal sensibility are exercised in speaking about an individual, and undignified displays, exhibitions, or exposure of individuals served, whether deliberate or unintentional, do not occur.

(C) The home shall have written personnel policies and procedures which address such issues as: job description, terms of employment, authorized leave procedures, grievance procedures, and professional conduct.

325:50-1-3.1. Prohibited Licensee Activities/Substance Abuse Testing Procedures/Assessment/Treatment/ Penalties

- (a) All licensees shall be deemed to be exercising the privileges of their license... (b) It shall be a violation to exercise the privileges granted by a license from this Commission if the licensee: (1) Is engaged in the illegal sale or distribution of alcohol or a controlled substance; (2) Possesses, without a valid prescription, a controlled substance; (3) Is intoxicated or under the influence of alcohol or a controlled substance; (4) Is addicted, having been determined to be so by a professional evaluation, to alcohol or other drugs and not engaged in an abstinence-based program of recovery acceptable to the Commission; (5) Has in his/her possession within the enclosure any equipment, products or materials of any kind which are used or intended for use in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injecting, ingesting, inhaling or otherwise introducing into the human body a controlled dangerous substance; (6) Refuses to submit to urine or drug and/or alcohol testing, when notified that such testing is based on probable cause or reasonable grounds that the person is using drugs or alcohol or is based on the licensee's acting as if in an impaired condition; or (7) Presently has drugs (controlled substances) or alcohol in his or her body. With regard to alcohol, the results of a breathalyzer test showing a reading of more than .05 percent of alcohol in the blood shall be the criterion for a finding of alcohol present in the body. With regard to other controlled substances, presence of the drug in any quantity measured by the testing instrument establishes the presence of the drug for purposes of this paragraph. (c) The fact that a person charged with a violation of this rule is or has been lawfully entitled to use a prescribed substance shall not constitute a defense against any charge of violating this rule. (d) At its discretion, the Commission may conduct probable cause drug and/or alcohol testing in order to ensure safety on the racetrack. (e) When conducted, probable cause drug and/or alcohol testing shall apply, equally, to all licensees who may affect

- the outcome of a race and are exercising the privileges of their license. (f) No notice need be given as to onset or cessation of probable cause drug and/or alcohol testing. (g) For licensees who are tested under the provisions in this chapter, and whose testing shows the presence of drugs (controlled substances) or alcohol, any field screening test results shall be confirmed by a laboratory acceptable to the Commission which shall include Gas Chromatography/Mass Spectrometry (GC/MS) procedures. (h) When the sample quantity permits, each test sample shall be divided into portions so that one portion may be used for the confirmation procedure and another portion may be utilized for the licensee to obtain an independent analysis of the urine sample through the Commission designated laboratory. (i) The Commission shall provide for a secure chain of custody for the sample to be made available for drug and/or alcohol testing for the licensee. (j) All costs for the transportation and testing for the sample portion for the licensee shall be the financial responsibility of the requesting person as follows: (1) If the licensee is required by order/ruling by a Board of Stewards or OHRC to obtain testing prior to being eligible for license, all cost associated with drug and/or alcohol testing shall be paid by applicant. (2) If the licensee is ordered to obtain a drug and/or alcohol test by an OHRC Representative, all cost associated with testing shall be paid by OHRC. (k) Payment shall be due from the requesting person within 30 days of receipt of notice of the costs made prior to drug and/or alcohol testing. (l) Refusal to submit to a required drug and/or alcohol test will result in an immediate sixty (60) day suspension and require two (2) negative test results thirty (30) days apart prior to reinstatement. However, A licensee penalized or restricted pursuant to this chapter shall retain rights of due process with respect to any determination of alleged violations which may adversely affect the right capacity to hold a license. (m) If there has been a violation, under (b) above, the following additional procedures will be followed: (1) The Stewards/Commission may, at its discretion, order the licensee to obtain a professional assessment to determine whether there is a substantial probability that the licensee is dependent on, or abuses, alcohol or other drugs or the Stewards/Commission may act on the information at hand. (2) Actions in the case of a first violation may include revocation of the license, suspension of the license for up to six months, placing the violator on probation for up to 90 days and/or ordering formal assessment and treatment. (3) Actions in the case of a second violation may include revocation of the license, suspension of the license up to one year and/or a professional assessment of the person may be ordered by the Stewards/Commission. (4) Treatment or assessment, if ordered, must meet the conditions established in this rule. (5) If a professional assessment indicates presence of a problem of alcohol or other drug abuse that is not treatable

Permanent Final Adoptions

within the reasonably foreseeable future (360 days) the license may be suspended for a period of up to one year.

(6) If a professional assessment indicates presence of a treatable problem of alcohol or other drug abuse or dependence, the Stewards/Commission may order the licensee to undergo treatment as a condition of continuing licensure. Such treatment will be through a program or by a practitioner, acceptable to the licensee and the Stewards/Commission. Required features of any program or practitioner acceptable to the Stewards/Commission will be:

- (A) Accreditation or licensure by an appropriate government agency, if required by state statute;
- (B) A minimum of one year follow-up of formal treatment; and
- (C) A formal contract indicating the elements of the treatment and follow up program that will be completed by the licensee and, upon completion, certified by the program administrator to the Stewards/Commission as completed. To effect the contract, the licensee will authorize release of information by the treating agency, hospital or individual.

(7) When a licensee is determined to have failed in maintaining abstinence, the licensee shall furnish to the Stewards/Commission an assessment by the treating agency, hospital or individual practitioner indicating whether the licensee was compliant with the agreed upon program of recovery.

(8) Persons being reinstated following a violation of these rules who have not successfully completed a rehabilitation program shall submit a negative drug and/or alcohol test prior to being licensed.

(9) Actions in the case of a third violation may include revocation of the license and the violator being deemed ineligible for licensure for up to five years.

(10) Prior human substance abuse violation reflected on a person(s) racing records from any racing jurisdiction(s) recognized by the Commission, including Oklahoma, shall be counted as violations when determining appropriate penalties as set forth in this rule.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E) WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

325:75-1-3. Definition of Accredited Oklahoma-Bred Thoroughbred

As used in this Chapter, an accredited Oklahoma-Bred Thoroughbred horse shall mean a Thoroughbred horse which meets the requirements below:

(1) Stallion. An accredited Oklahoma-Bred stallion is one that is domiciled in Oklahoma, stands for service in Oklahoma, and is enrolled in the Oklahoma-Bred stallion registry. An Oklahoma-Bred stallion that is accredited as racing stock is not accredited as breeding stock in the registry unless the required application is filed and fee paid to Registering Agency. For resulting foals to be eligible for accreditation as Oklahoma-Bred racing stock, the stallion must be accredited in the Oklahoma-Bred stallion registry prior to the service that produces the resulting foal. Except for those foals eligible for accreditation that are sired by non-accredited stallions, any foals conceived prior to the stallion being accredited in the Oklahoma-Bred stallion registry will not be eligible for accreditation. Eligibility for participation in the Oklahoma-Bred Program begins when the application for the stallion registry is submitted, at which time the stallion must be domiciled in Oklahoma, and such application is in substantial compliance with the requirements of the registry. The stallion's application must be filed with the Oklahoma-Bred Registering Agency by February 1 of that breeding season. Late applications will be accepted after February 1 and through June 30 of that season. A stallion's accreditation shall not be forfeited if the stallion leaves Oklahoma for an indefinite period of time for racing, medical treatment, performance, or approved departure for breeding purposes in another hemisphere. An Oklahoma-Bred stallion may leave Oklahoma for the purpose of being offered in a recognized sale consignment. In the case of a sale consignment, an accredited stallion returned to Oklahoma to resume his domicile within 30 days after the sale date is not required to become re-accredited. Foals conceived after sale date will be ineligible if the stallion fails to resume domicile within thirty (30) days. Should the stallion not meet the return period from the sale, the stallion must be re-accredited upon resuming his domicile in order to be eligible for breeder awards from foals conceived after the date of departure. The burden of proof relating to such race, performance, medical treatment, sale consignment or breeding shall be on the Owner of record who shall produce such evidence to the Oklahoma-Bred Registering Agency.

(A) Stallions Leaving Oklahoma for Breeding Purposes in Another Hemisphere: Approved departure for breeding purposes shall be granted by the Registering Agency upon written notification by the stallion Owner or manager as to the destination of the stallion, the anticipated date the stallion will be leaving and the anticipated date of return to Oklahoma. The stallion must re-establish his domicile in Oklahoma prior to servicing any mare for which subsequent foals conceived by service from that stallion are to be eligible for accreditation. The Owner or manager of the stallion must provide written notice

Permanent Final Adoptions

of the exact date of stallion's return and re-established domicile location in Oklahoma and the effective date for the stallion's eligibility to earn awards will be the date of return if notice is provided within 30 days of that date, or upon receipt of notice if longer than 30 days after the return of the Stallion.

(B) Re-Accreditation of Stallions: If a stallion leaves the State of Oklahoma for any reason other than breeding, sale consignment, performance, or medical treatment and terminates his domicile, that stallion will not be eligible to sire subsequent foals eligible for accreditation as racing stock in the Oklahoma-Bred Program. If the stallion returns to Oklahoma to re-establish his domicile, pays the appropriate fees and meets all other qualifying requirements, the stallion may become re-accredited in the Oklahoma-Bred stallion registry. If a stallion stands for service outside of Oklahoma during the calendar year in which a foal(s) was conceived, any foal conceived after accreditation or re-accreditation in the Oklahoma-Bred stallion registry and while the accredited stallion was standing in Oklahoma and which otherwise may be accredited in the Oklahoma-Bred Program upon presentation of acceptable documentation reflecting that the service producing the foal occurred while the accredited stallion was standing in Oklahoma. The stallion shall be eligible for stallion awards only from those breedings that occurred while the accredited stallion was physically domiciled in Oklahoma. The Registering Agency may require an affidavit for any breeding season during which the stallion is standing as an accredited Oklahoma-Bred stallion. Failure to provide the required documentation for any year shall result in the stallion Owner being ineligible for stallion awards for all foals resulting from that breeding season unless the required documentation is received by the Registering Agency within thirty (30) days after written request. Further, foals conceived during that breeding season shall be ineligible for accreditation unless the required affidavit is received by the Registering Agency not later than thirty (30) days after written request. An accredited stallion who terminates his domicile in Oklahoma and later returns to Oklahoma to resume his domicile, prior to breeding, but fails to re-accredit in the Oklahoma-Bred stallion registry, may qualify for a hardship re-accreditation. In addition to the regular application fee, the applicant shall be charged an additional \$200.00 fee. All other qualifications and requirements of the Oklahoma-Bred stallion registry must be met as well. The Registering Agency may require proof that all requirements for accreditation have been met. Any foal by the stallion seeking re-accreditation that would otherwise be eligible for accreditation as racing stock in the Oklahoma-Bred Program will be eligible for accreditation upon hardship re-accreditation in the Oklahoma-Bred stallion registry. Acceptance of a foal application under these

circumstances, by the official Registering Agency, is subject to the stallion being enrolled under a hardship re-accreditation application in the Oklahoma-Bred stallion registry within sixty (60) days from receipt of notice by the stallion Owner that the stallion was not re-accredited in the Oklahoma-Bred stallion registry prior to breeding. The fee to enroll the racing stock in the Oklahoma-Bred Program will be based upon the age of the foal on the date the Registering Agency receives the racing stock application. Failure to enroll a stallion under a Hardship Application within sixty (60) days from receipt of notice that the stallion was not re-accredited prior to breeding will result in the rejection of any pending racing stock applications for foals by the stallion. The Owner of an accredited Oklahoma-Bred stallion (for the purpose of qualifying for stallion awards) is the Owner or Lessee of record at the time the offspring is conceived.

(C) Yearly Re-Certification Fee. The Owner of the ~~accredited Oklahoma-Bred Stallion~~ stallion must pay a yearly re-certification fee. ~~If paid prior to February 1, the~~ The yearly recertification fee is \$25.00; and due on or before ~~after February 1, but before June 30,~~ after February 1, but before June 30, the fee is \$50.00. If the yearly recertification fee is paid after between June 30 and December 31, the yearly fee is \$400.00 ~~\$250.00. If the yearly recertification fee is not paid on or before December 31, the stallion will lose its certification as an accredited Oklahoma-Bred stallion. The owner of a stallion may re-certify the stallion as an accredited Oklahoma-Bred stallion by paying a hardship fee of \$500.00 prior to the stallion's foal(s) becoming a yearling or \$1,000.00 prior to the foal(s) two-year-old year.~~ If the Stallion ~~stallion~~ is not re-certified, the horse ~~stallion~~ loses its accreditation in the Oklahoma-Bred Stallion Registry, and the Owner is ineligible for stallion awards for all foals resulting from that breeding season.

(2) Broodmare. An accredited Oklahoma-Bred broodmare is one that is domiciled in Oklahoma and is enrolled in the Oklahoma-Bred broodmare registry. An Oklahoma-Bred mare that is accredited as racing stock is not accredited as breeding stock in the registry unless the required application is filed and fee paid to Registering Agency. Eligibility for participation in the Oklahoma-Bred Program begins when the application for the broodmare registry is submitted, at which time the broodmare must be domiciled in Oklahoma, and such application is in substantial compliance with the requirements of the registry. The broodmare's application must be filed with the Oklahoma-Bred Registering Agency by December 31 of the year prior to foaling. Late applications will be accepted after December 31, but must be prior to foaling. Hardship Applications are accepted at any time. A broodmare's accreditation shall not be forfeited if the broodmare leaves Oklahoma for an indefinite period of time for racing, medical treatment, performance,

or approved departure for breeding purposes in another hemisphere. An Oklahoma-Bred broodmare may leave Oklahoma for the purpose of being offered in a recognized sale consignment. In the case of sale consignment, an accredited broodmare returned to Oklahoma to resume her domicile within 30 days after the sale date is not required to become re-accredited. The burden of proof relating to such race, performance, medical treatment, sale consignment or breeding shall be on the Owner of record who shall produce such evidence to the Oklahoma-Bred Registering Agency.

(A) **Broodmares Serviced by Out-of-State Stallions:** An accredited Oklahoma-Bred broodmare may be shipped out of Oklahoma to be serviced by a non-accredited stallion, provided she is returned to Oklahoma to resume her domicile not later than August 15 of the calendar year in which she is serviced. Failure of the accredited broodmare to return to Oklahoma to resume her domicile not later than August 15 shall have two results: First, the broodmare loses her accreditation in the program; Second, the resultant foal is ineligible for accreditation in the Oklahoma-Bred Program, unless the broodmare resumes her domicile in Oklahoma and files for re-accreditation prior to the birth of the foal. In order for the broodmare to produce successive foals eligible for accreditation in the Oklahoma-Bred Program, beginning with foals born in 2011, she must produce a foal in Oklahoma in alternating years by an accredited stallion standing in Oklahoma.

(B) **Thoroughbred Broodmares Serviced by Non-Thoroughbred Stallions:** An accredited Oklahoma-Bred Thoroughbred broodmare that is serviced by a Non-Thoroughbred stallion shall be subject to the same regulations as Quarter Horse, Paint, or Appaloosa broodmares with regard to its accreditation and eligibility to produce accredited Oklahoma-Bred racing stock so long as the mare is serviced by a Quarter Horse, Paint, or Appaloosa stallion.

(C) **Re-accreditation Rule:** If a broodmare leaves the State of Oklahoma for any reason other than breeding, performance, sale consignment or medical treatment, the broodmare is deemed terminated and loses broodmare accreditation in the Oklahoma-Bred Program. Such broodmare will not be eligible to produce subsequent foals eligible for accreditation as racing stock in the Oklahoma-Bred Program. If the broodmare returns to Oklahoma to re-establish her domicile, pays the appropriate fees and meets all other qualifying requirements, the broodmare may become re-accredited in the Oklahoma-Bred broodmare registry provided, however, a broodmare re-accredited in consecutive years shall not be eligible to produce accredited foals born in the second or subsequent, consecutive year of back to back re-accreditation, unless the application for re-accreditation includes a valid transfer of Ownership between individuals that are not related by blood or marriage, or that share the

same physical address. In the event a re-accredited broodmare produces successive foals by non-accredited Oklahoma-Bred stallions, the broodmare Owner will not receive any breeder awards for the second foal. The Registering Agency may request a copy of the foal report submitted to the official breed registry for any accredited Oklahoma-Bred broodmare. An accredited broodmare who terminates her domicile in Oklahoma and later returns to Oklahoma to resume her domicile, prior to foaling, but fails to re-accredit in the Oklahoma-Bred broodmare registry, may qualify for a hardship re-accreditation. In addition to the regular application fee, the applicant shall be charged an additional \$200.00 fee. All other qualifications and requirements of the Oklahoma-Bred broodmare registry must be met as well. The Registering Agency may require proof that all requirements for accreditation have been met. Any foal out of the broodmare seeking re-accreditation that would otherwise be eligible for accreditation as racing stock in the Oklahoma-Bred Program will be eligible for accreditation upon hardship re-accreditation in the Oklahoma-Bred broodmare registry provided however, a broodmare re-accredited in consecutive years shall not be eligible to produce accredited foals born in the second or subsequent, consecutive year of back to back re-accreditation, unless the application for re-accreditation includes a valid transfer of Ownership between individuals that are not related by blood or marriage, or that share the same physical address. Acceptance of a foal application under these circumstances, by the official Registering Agency, is subject to the broodmare being enrolled under a hardship re-accreditation application in the Oklahoma-Bred broodmare registry within sixty (60) days from receipt of notice by the broodmare Owner that the broodmare was not re-accredited in the Oklahoma-Bred broodmare registry prior to foaling. The fee to enroll the racing stock in the Oklahoma-Bred Program will be based upon the age of the foal on the date the Registering Agency receives the racing stock application. Failure to enroll a broodmare under a Hardship Application within sixty (60) days from receipt of notice that the broodmare was not re-accredited prior to foaling will result in the rejection of any pending racing stock applications for foals out of that mare.

(D) Oklahoma broodmares are classified annually as one of the following and are eligible for awards from Oklahoma-Bred funds as defined, and must meet all other eligibility requirements:

- (i) **Category A - Accredited Oklahoma-Bred broodmare** who is bred to an accredited Oklahoma-Bred stallion receives 100% of the available broodmare awards for that foal [Oklahoma conceived and foaled].
- (ii) **Category B - Accredited Oklahoma-Bred broodmare** who is bred to a non-Oklahoma-Bred

Permanent Final Adoptions

accredited stallion receives 50% of the available broodmare awards for that foal [Oklahoma foaled].

(iii) Category C - A broodmare who is accredited for the first time in the Oklahoma-Bred Program, whether or not bred to an accredited Oklahoma-Bred stallion, receives 100% of the available breeders awards for her first foal. [Re-accredited broodmares do not qualify for Category C.]

All subsequent awards for the broodmare will be based upon the first two foal options listed above.

(E) For Purposes of Qualifying for Broodmare Awards: the Owner of an accredited Oklahoma-Bred Thoroughbred broodmare is the Owner or Lessee of record at the time of foaling.

(3) Hardship Application. Notwithstanding other provisions of this Section, a mare accredited in the Oklahoma-Bred Program as a racing stock (with the proper Oklahoma-Bred stamp) but which has not been accredited in the Oklahoma-Bred broodmare registry prior to producing a foal that would otherwise be eligible for accreditation in the Oklahoma-Bred Program may be accredited in the Oklahoma-Bred broodmare registry. In addition to the regular application fee, the applicant shall be charged an additional \$200.00 fee. All other qualifications and requirements of the Oklahoma-Bred broodmare registry must be met as well. The Registering Agency may require proof that all requirements for accreditation have been met. Any foal out of the broodmare that would otherwise be eligible for accreditation as racing stock in the Oklahoma-Bred Program will be eligible for accreditation upon enrollment in the Oklahoma-Bred broodmare registry. Acceptance of a foal application under these circumstances by the official Registering Agency is subject to the broodmare being enrolled under a Hardship Application in the Oklahoma-Bred broodmare registry within sixty (60) days from receipt of notice by the broodmare Owner that the broodmare was not accredited in the Oklahoma-Bred broodmare registry. The fee to enroll the racing stock in the Oklahoma-Bred Program will be based upon the age of the foal on the date the Oklahoma-Bred Registering Agency received the racing stock application. Failure to enroll a broodmare under a Hardship Application within sixty (60) days from receipt of notice from the official Registering Agency that the broodmare was accredited in the Oklahoma-Bred racing stock registry and not in the Oklahoma-Bred broodmare registry, will result in the rejection of any pending racing stock applications for foals out of that mare.

(4) Racing stock. An accredited Oklahoma-Bred racehorse is one that foaled in Oklahoma, and meets the following requirements:

(A) Beginning with the foal crop of 2001 there will be two (2) classifications of Thoroughbred foals eligible for accreditation in the Oklahoma-Bred Program. The category for those foals out of an accredited Oklahoma-Bred broodmare and by an accredited

Oklahoma-Bred Stallion shall be classified as Oklahoma-Bred Conceived and Foaled. The second category for foals out of an accredited Oklahoma-Bred broodmare and by a non-accredited stallion shall be classified as Oklahoma-Bred Foaled. A foal out of an accredited Oklahoma-Bred broodmare and by a non-accredited stallion may receive accreditation in the Oklahoma-Bred racing stock registry provided all other requirements are met. In such an event, to be eligible for accreditation, the next foal out of said broodmare presented for accreditation must be by an accredited Oklahoma-Bred stallion and meet all other requirements. Further, in no event can a broodmare produce accredited Oklahoma-Bred foals in succession that are by non-accredited stallions. Except for the initial foal accredited in the Oklahoma-Bred Program, all accredited foals sired by non-accredited stallions must be preceded [by year of birth] in the registry by an accredited foal sired by an accredited stallion. Re-accreditation shall not preclude the listed rule. Provided all other requirements are met, both classifications are eligible for accreditation and may compete in Oklahoma-Bred races.

(B) An Oklahoma-Bred that is accredited as racing stock is not accredited as breeding stock in the registry. The Owner of an accredited Oklahoma-Bred racehorse (for the purpose of qualifying for added purse supplements) is the Owner or Lessee of record at the time of the race.

(5) Late applications.

(A) Broodmare. A broodmare may be accredited in the Oklahoma-Bred broodmare registry after December 31 of the year prior to foaling if the application for accreditation is submitted to the Oklahoma-Bred Registering Agency prior to foaling; and the broodmare is otherwise in substantial compliance with the requirements of the registry. Domicile must be established in Oklahoma when the broodmare's application is filed with the Oklahoma-Bred Registering Agency.

(B) Stallion. A stallion may be accredited in the Oklahoma-Bred stallion registry after February 1 and by June 30 and complete the current breeding season if the stallion is otherwise in substantial compliance with the requirements of the registry. Domicile must be established in Oklahoma when the stallion's application is filed with the Oklahoma-Bred Registering Agency.

(C) Fee. The fee to accredit a broodmare or stallion under a late application is twice the regular fee. The fee will not be refunded if the Registering Agency rejects the application but will be applied to accreditation of the horse for the next ensuing year.

(6) Domicile exception. An Oklahoma-Bred broodmare or stallion may leave Oklahoma for an indefinite period of time for race, performance or for medical treatment. The broodmare or stallion may leave Oklahoma for the purpose of being offered in a recognized sale consignment, and, if returned within thirty (30) days of sale

date, is not required to become re-accredited. Should the broodmare or stallion not meet the return period from the sale, it must be re-accredited. The burden of proof shall be on the Owner to notify the Registering Agency of the intent to leave the state for any of the above reasons. The Registering Agency may further require verification of participation, treatment or consignment to a sale. Further, the Owner must report to the Oklahoma-Bred Registering Agency the date the broodmare or stallion returned to Oklahoma.

325:75-1-21. Expenditure of Oklahoma Breeding Development Fund Special Account Monies for the purpose of caring for retired and unwanted Oklahoma-Bred racing stock

The use of monies from the Oklahoma Breeding Development Fund Special Account for the purpose of caring for retired and unwanted Oklahoma-Bred racing stock shall be subject to the following procedures and requirements:

(1) To be eligible to receive monies from the Oklahoma Breeding Development Fund Special Account for the purpose of caring for retired and unwanted Oklahoma-Bred racing stock, a non-profit entity must:

(A) Be exempt from taxation under the United States Internal Revenue Code, 26 U.S.C. § 501(c),

(B) The official horsemen's representative organization for a participating breed must request that the non-profit entity receive monies from the Special Account for the purpose of caring for retired and unwanted Oklahoma-Bred racing stock, and

(C) The non-profit must have a program developed for the care of retired and/or unwanted horses which meets the program requirements specified in this Rule.

(2) Two general types of care programs may receive funding for the purpose of caring for retired or unwanted Oklahoma-Bred racing stock:

(A) Adoption Programs under which Oklahoma-Bred race horses are rehabilitated and/or rehabilitated and retrained for other uses, such as, but not limited to, polo, dressage, hunter/jumper, and pleasure riding. The purpose and goal of such programs is the adoption of the horse by third parties after rehabilitated and/or retraining; and

(i) A horse participating in the "Adoption Program" must be stalled alone or have access to a pen with a constructed shelter to accommodate all horses in said pen.

(ii) The Adoption Program shall not include horses that are currently being "let down" will fall under the Pension Program funding until they are actively participating in the Adoption Program. In the event a horse is injured while in the Adoption Program and requires more than two consecutive weeks off, said horse shall only be eligible to receive Pension Program funding until it can

return to training. Horses deemed eligible to receive funding for the Adoption Program can only receive said funding for a maximum of twelve (12) months.

(B) Pension Programs, for the care and "pasturing" of retired or unwanted race horses who, because of their health or condition, are incapable of being rehabilitated/retrained and adopted.

(C) ~~Such~~ Care programs may be operated by the eligible non-profit entity itself and/or through the use of subcontractors.

(3) Whether conducted by an eligible non-profit entity itself or through the use of subcontractors, to be eligible, a care program must comply with the following requirements:

(A) The program must enable horses to have access to clean, palatable, safe water and be able to drink their fill at least twice a day;

~~(B) The program is to maintain all horses in a body condition score of three (3) or more using the body condition scoring system developed by Dr. Don Henneke at Texas A&M University. In establishing this criteria, the Commission recognizes that horses gaining weight and being fed adequately, highly conditioned performance horses and horses with certain chronic health conditions may be in lower body condition scores and still be acceptably nourished, and that horses with more than twenty (20) years of age may not maintain their body condition well, even with special food.~~ The program must be designed to maintain all horses in a healthy body condition, including regularly scheduled de-worming and vaccination programs;

(C) The program shall permit horses to have free access to natural or constructed shelter that is well-ventilated with adequate space and free of hazards. ~~Stables horses should be allowed exercise daily and provides adequate fencing to ensure the horses' safety;~~

(D) The program should ensure that horses are free of significant health problems or should be receiving appropriate health care to prevent unnecessary discomfort and promote prompt return to well-being;

(E) The program must ensure that horses receive adequate hoof care to allow horses to ~~stand in a normal posture and move at all gates without discomfort.~~ In adopting this criterion, the Commission recognizes that some health and hoof problems [such as Heaves or Founder] in horses, particularly those that are long standing, may not be resolved, but this should be determined by a veterinarian have normal movement;

(F) The program shall maintain adequate dental care to allow a horse to chew and digest the provided feed.

~~(G)~~ The non-profit entity and subcontractor participating in the program must agree to and allow

Permanent Final Adoptions

random, unannounced inspections of their care operations and facilities by the ~~Commission's Law Enforcement Division~~ OHRC or its representative;

(G) Non-profit entities and subcontractors participating in the program must agree to and actually file ~~quarterly~~ monthly reports with the Commission on a form provided by the Commission. The reports will include, but are not limited to, an indication of the total number of horses being cared for at the facility during the ~~quarter~~ month, the number of eligible Oklahoma-Bred horses being cared for, and horse mortality rate during the ~~quarter~~ month and the number of adoptions during the ~~quarter~~ month, and

(H) No horse in the non-profit entity's program shall be sent to slaughter.

(4) To be eligible to participate in the program, racing stock must meet the following requirements:

(A) The horse must be ~~of~~ registered with a participating breed, named and tattooed;

(B) The horse must be registered in the Oklahoma-Bred Program;

(C) ~~The horse's last race or last workout cannot have occurred more than twelve (12) months prior to its entering into care in a program receiving funding under this Rule.~~ The horse must have raced at an Oklahoma Horse Racing Commission (OHRC) licensed racetrack within twelve (12) months of submitting an application for funding or had at least three (3) official workouts at an OHRC licensed racetrack within twelve (12) months of submitting an application for funding;

(D) Ownership of the horse and its registration papers must be turned over to and become the property of the non-profit entity or its designated subcontractor;

(E) The horse shall never be raced again, and

(F) Horses of an owner who has not placed a retired or unwanted horse in an Adoption Program or Pension Program receiving funding authorized in accordance with this Rule will have priority over horses seeking to be placed in such an Adoption or Pension Program whose owners have already placed two (2) or more horses in such an Adoption Program or Pension Program.

(5) The following procedures will be used by the Commission in awarding monies from the Oklahoma Breeding Development Fund Special Account for the purpose of caring for retired and unwanted Oklahoma-Bred racing stock:

(A) No non-profit entity will be eligible to receive monies from the Oklahoma Breeding Development Fund Special Account for the purpose of caring for retired and unwanted Oklahoma-Bred racing stock during any calendar year unless the official horsemen's representative organization for a participating breed requests that the entity receive such from the Special Account during the calendar year. Requests by the official horsemen's representative organization

must be made on an annual basis and no matter when made will only make the non-profit entity eligible during the calendar year in question, assuming all other requirements are met by the non-profit entity.

(B) The Commission's Executive Director shall determine whether a non-profit entity and its program are eligible to receive funding for the purpose of caring for retired and unwanted horses. Further, the Executive Director shall determine the amount of funds that each eligible and participating entity shall receive, based upon the number of eligible Oklahoma-Bred horses being cared for or to be cared for by the non-profit entity and how much funding is available, using the following funding parameters:

(i) No more than fifty percent (50%) of funds made available in the Oklahoma Breeding Development Fund Special Account for the purpose of caring for retired or unwanted Oklahoma-Bred racing stock can be used to care for pensioned horses, horses that because of their health or condition are not being rehabilitated and/or retrained for adoption;

(ii) Funding for horses in an Adoption Program, between \$200-\$250 per month, per horse, or an amount within a range established annually by the Commission's Executive Director;

(iii) Funding for horses in a Pension Program, between \$150-\$200 per month, per horse, or an amount within a range established annually by the Commission's Executive Director.

(C) Of the funding made available to a non-profit entity for the purpose of providing care to retired and unwanted horses, the non-profit entity may use up to fifteen percent (15%) of those funds for administrative expenses, which are any expenses not related to directly providing of care to horses in the program.

(D) Before a non-profit entity can receive funding for the care of a horse, whether in an Adoption Program or Pension Program, the horse's eligibility to participate in the program must be established in the following manner: The non-profit entity shall file with the Commission's Oklahoma-Bred Registry Department: (1) an ownership transfer application which transfers ownership of the horse to the non-profit entity or a subcontractor designated by the non-profit entity, together with (2) the horse's original registration papers to be held by the OHRC until the horse is adopted or purchased, (3) documentation showing the horse's last race and/or last workout, and (4) a request that the horse be qualified as retired or unwanted racing stock within its care for the purpose of receiving Oklahoma Breeding Development Fund Special Account monies.

(E) In addition to transferring the ownership based upon the application filed, the Registering Department will also notify both the Commission's Executive Director and the non-profit entity making the application whether the horse is an Oklahoma-Bred

racing stock horse and whether the horse is eligible under this Rule.

(F) A non-profit entity must notify the Commission's Executive Director within ~~two (2) weeks on an eligible horse's leaving the non-profit's Adoption or Pension Program~~ by virtue of death, adoption or any other reason forty eight (48) hours of a participating horse leaving their care for reason, including death, sale or adoption.

GIST/ANALYSIS:

Revocation of this Chapter 20 because a more current and updated Title 330. Chapter 30 covers same program.

The rules of this Chapter have been adopted for the purpose of complying with the provisions of the Administrative Procedures Act, 75 O.S., Section 250 et seq. OHFA conducts programs, transactions and activities relating to the financing of residential multifamily rental property and cooperatives with tax exempt debt and/or taxable debt. Chapter 20. Financing Projects for Residential Multifamily Rental Property (Rules) have not been updated since 1991. Title 330. Chapter 30. Multifamily Housing Bond Program rules are current and govern the same type of activity. In an effort to achieve simplicity and clarity, OHFA is recommending revocation of these Chapter 20 Rules. All information contained in Rules is now part of and included in Title 330. Chapter 30.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308 (E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS AND ADMINISTRATION [REVOKED]

330:20-1-1. Purpose [REVOKED]

~~The rules of this Chapter have been adopted for the purpose of complying with the provisions of the Administrative Procedures Act, 75 O.S., Sections 250 et seq. The rules of this Chapter shall be utilized by OHFA in the implementation and administration of financing projects for residential rental property.~~

330:20-1-2. Program description [REVOKED]

~~OHFA has determined that the proceeds from tax exempt or taxable debt can be used as an economical means of financing the construction, acquisition, and/or rehabilitation of multifamily housing projects to provide rental housing to individuals or families of low to moderate income to a greater extent than would otherwise be available. The rules of this chapter are designed to provide guidelines under which OHFA may act as a financing agency for residential rental housing projects using tax exempt or taxable debt.~~

Permanent Final Adoptions

330:20-1-3. Techniques [REVOKED]

(a) Credit Enhancements may be used as a technique to achieve a bond rating, and/or lower interest rates and/or additional collateral for tax exempt or taxable financing of residential rental projects. Examples of such techniques include, but are not limited to:

- (1) the pledging of collateral which is maintained at certain levels;
- (2) third party guarantees;
- (3) a bank letter of credit;
- (4) any combination thereof, and other security features.

(b) Credit Enhancement may be provided during construction and/or completion and delivery of a complying mortgage, but must be approved by formal action of OHFA.

SUBCHAPTER 3. APPLICATIONS [REVOKED]

- (13) A history of the financing of the project (interim and permanent).
- (14) List of any appliances or furniture to be supplied by the owner.

SUBCHAPTER 5. SUBMISSION REQUIREMENTS AND PROCEDURE [REVOKED]

330:20-5-1. Initial resolution [REVOKED]

- (a) A meeting of OHFA's Board of Trustees will be scheduled, or the proposed project will be placed on the next Trustee meeting scheduled after OHFA's staff and other personnel have reviewed the application and required materials and sufficient information has been mailed to the Trustees for their review for the purpose of approving/disapproving the INITIAL RESOLUTION (Appendix B of this Chapter). OHFA will not hold a meeting relative to the proposed project on the day materials are received.
- (b) In accordance with the provisions of the Internal Revenue Code of 1954, as amended, and after being authorized by the Trustees by adoption of the Multifamily INITIAL RESOLUTION, the Hearing Officer designated by OHFA's Executive Director will provide for the publication of a public notice, conduct the public hearing, and provide for a record to be kept of the comments from the public hearing in order to provide a report thereof to the Trustees for their review.
- (c) In the event the project is located within the corporate boundaries of any municipality, OHFA will notify the appropriate elected city official of the INITIAL RESOLUTION and the notice of the public hearing, noting time and location.

330:20-5-2. Second resolution [REVOKED]

- (a) If the INITIAL RESOLUTION is adopted and the Public Hearing conducted, the Developer, not more than twenty (20) nor less than ten (10) working days prior to the anticipated date for consideration of the SECOND RESOLUTION by OHFA's Board of Trustees, must submit the following items in substantially final form if the items have not been previously submitted or have changed since submission:

- (1) The final detailed statement of the source and application of funds for the project, certified by the Developer(s).
- (2) A true, correct, and complete copy of the construction and/or rehabilitation contract with the general contractor, or all the major contractors if no general contractor is used.
- (3) A true, correct, and complete copy of the final plans.
- (4) A true, correct, and complete copy of the agreement with the architect, if applicable.
- (5) An independent appraisal of the project and the construction and/or rehabilitation to be performed thereon made by a qualified appraiser satisfactory to OHFA.
- (6) Final detailed project cost estimate and estimated draw schedule for the construction, acquisition, and/or rehabilitation of the project costs.
- (7) A primary binder from an insurance carrier satisfactory to OHFA, to provide fire, public liability, and property damage insurance to the Developer and OHFA, so their interest may appear, in an amount not less than eighty percent (80%) of the estimated Fair Market Value of the project upon completion, and public liability in the aggregate of not less than \$100,000 property damage/\$300,000 personal damage (per Person)/\$1,000,000 per incident for the project. However, OHFA's Trustees may require a larger amount of insurance depending upon the amount of financing required.
- (8) A draft copy of Developer's Tax Certification Form.
- (9) A certificate from the lending institution or other appropriate party in the transaction that the project has been underwritten, describing the underwriting standards employed (i.e., FHA, FNMA, GNMA, etc.), that the project has passed and satisfied those standards, and setting out the detailed cash flow estimates applicable to the project.
- (10) Such additional materials, etc., necessary to disclose any and all changes having occurred in the information submitted with the original application of the Developer(s) and as may be required by OHFA's staff or Trustees, or as may be necessary to make the information called for by these rules true and complete as of the most current date before the filing of such supplemental information with OHFA.
- (b) A meeting of OHFA's Board of Trustees will be scheduled, or the proposed project will be placed on the next scheduled Trustee meeting, after all the conditions set forth in this Subchapter have been satisfactorily met, for the purpose of approving/disapproving the SECOND RESOLUTION (Appendix C of this Chapter).

SUBCHAPTER 7. OHFA FEES [REVOKED]

330:20-7-1. Developer(s) [REVOKED]

- (a) Developer(s) must submit a non-refundable application fee as required by 330:20-3-1(a)(1) or 330:20-3-2(a)(1) in the greater amount of either two thousand dollars (\$2000) or five

Permanent Final Adoptions

(5) basis points (.0005) of the requested amount of total debt estimated to be required to finance the developer's loan request.

(b) If the bond issue is successfully completed, the amount submitted pursuant to (a) of this Section will be counted as a part of the total application fee as described in 330:20-7-2 which is due at closing on the issuance of the debt by OHFA.

330:20-7-2. Total application fee [REVOKED]

A total fee will be charged by OHFA for each of the following described types of financing and must be submitted to OHFA as cash or a check, drawn on a solvent bank, that will be cashed the same day of receipt. All fees paid are non-refundable for any cause whatsoever.

(1) For Profit Developer/Owner: 90 basis points of the actual amount of bond issue (.0090 x bond issue amount).

(2) For Not for Profit Developer/Owner: 65 basis points of the actual amount of bond issue (.0065 x bond issue amount).

330:20-7-3. Annual service fee [REVOKED]

A total annual service fee for all multifamily projects, equaling fifteen (15) basis points of the outstanding principal amount of issuance of debt by OHFA or \$1200, whichever is greater, payable monthly to Oklahoma Housing Finance Agency will be charged by OHFA.

330:20-7-4. Assumption/transfer fee [REVOKED]

A total assumption/transfer fee for all multifamily projects will equal one (1) percent of the outstanding principal amount of OHFA debt not to exceed \$50,000. If for any reason the assumption/transfer is not approved or completed, an equitable portion of the paid fee may be returned after the deduction for OHFA's expenses and staff time. The amount of any such refund will be determined by the Trustees upon written application therefor by the party having paid the same to OHFA.

SUBCHAPTER 9. AGENCY REQUIREMENTS-MULTIFAMILY [REVOKED]

330:20-9-1. Disclosure [REVOKED]

Prior to any financing, a complete disclosure of all fees relative to the Project and bond/note issuance will be made to OHFA, and OHFA's Trustees shall review said fees for reasonableness, and shall have the right to require adjustment to such fees as a condition of providing the requested financing.

330:20-9-2. Review [REVOKED]

At any regular or special meeting, OHFA's Board of Trustees, upon recommendation of OHFA staff (after the public hearing), shall review the pending application and determine whether the project contemplated therein is in the judgment of the Trustees appropriate under the purposes of

the Agency, and in their sole discretion whether to grant final approval of the requested financing.

330:20-9-3. Project guarantees [REVOKED]

As to all projects, whether or not guaranteed by FHA, FmHA (or other federal programs), FNMA, or GNMA, the following shall apply:

(1) All project designs shall meet the applicable design standards established by local, state, and/or federal governmental authorities, including zoning, building, housing, and other codes and ordinances. The developer shall certify compliance with all zoning, building, housing, and other codes in effect in the municipality.

(2) The general construction and/or rehabilitation contract for the project must meet the Federal and State laws and regulations (including but not necessarily limited to equal opportunity laws) and shall be in accordance with the current American Institute of Architects Forum. All such contracts shall make provision for reserves for patent and latent defect corrections after completion of construction and developer's acceptance thereof. Such reserve shall be not less than one hundred fifty percent (150%) of the cost of correcting patent defects and two and one half percent (2 1/2%) of the contract amount for latent defects. Such reserves shall be held by the Trustee Bank for a period of one (1) year after acceptance of the project.

(3) The Indenture Agreement or other appropriate instrument shall provide that, upon commencement of operation of the project, the Trustee Bank, or other designated party to be approved by the Agency, shall make inspection of the project and appropriate records as necessary, but at least quarterly, to assure that the project is being properly constructed, and after completion of construction, at least annually, to assure that the project is being properly operated and maintained in accordance with all contractual requirements, rules and regulations, State, Federal, and Internal Revenue Code requirements.

(4) The loan agreement or other appropriate instrument shall:

(A) Provide that the developer shall at least make a quarterly report to the Trustee Bank on the total tenant occupancy, the required low to moderate income tenant occupancy, amount of rents due, rent collections (including arrearages), major maintenance performed, and such other information as may be required from time to time by OHFA.

(B) Provide that management fees for management and operation of the project be approved by OHFA at the time of closing the mortgage loan on the project.

(C) OHFA may require that the developer deposit with the Trustee Bank out of the developer's separate funds (not bond or mortgage proceeds) a special reserve fund as additional security for OHFA against default by the developer, which shall not be released to the developer until the mortgage note is paid in full; provided, however, that the interest earned upon said special reserve shall be first applied to any other reserve which is not current, then to current mortgage

payments, and then, if all are current, any other remaining interest in said special reserve may be released annually to the developer; and further provided that if developer commits a percentage of the project rental revenues to the replacement of such initial special reserve, any excess in paid reserve account may be released in accordance with the aforementioned priorities.

(5) ~~The Loan Agreement, Note and Mortgage shall provide that the sale of the project or change of control of the developer and whether 100% or less, direct or indirect, ownership of the subject or any direct or indirect interest therein shall accelerate the due date of the mortgage note, which shall thereupon be paid in full unless the sale or change of control or change in direct or indirect ownership is approved by the current bondholders and/or OHFA Trustees (whichever is applicable) prior to the time of the actual sale or change of control, whether such change(s) be 100% or less, or direct or indirect.~~

(6) ~~The mortgage shall require that the project be insured at all times in accordance with the requirements specified in 330:20-5-2(a)(7).~~

(7) ~~No projects that are requesting tax exempt issuance will be considered for financing by the Agency unless, in the opinion of the BOND COUNSEL and GENERAL COUNSEL for the Agency, the Agency's bonds to be issued to finance the project will qualify for tax exempt status under the laws and applicable regulations.~~

(8) ~~All debt issued by OHFA to provide financing must be without recourse against OHFA or its Trustees, officers, employees, counsel, agents, or other representatives, but shall be recoverable solely from the project property and the liability of the developer(s) upon the mortgage and note to OHFA. OHFA may require such personal guarantee by principals of the developer as it deems necessary to adequately insure the performance and payment by the developer of the mortgage note and mortgage.~~

(9) ~~The Mortgage, Mortgage Note, Bonds, Bond Indenture Agreement, Building or Rehabilitation Loan Agreement, Regulatory Agreement, Agency, Developer, and Trustee Bank resolutions, Official Statement, Inducement Letter, Note and Bond Purchase Agreement, and all other documents as may be required by counsel for OHFA shall be provided, and shall be in such form and of such content as may be required or approved by counsel for OHFA.~~

(10) ~~The performance of and payment for all construction contracts on the project must be secured by an irrevocable unconditional letter of credit by a commercial bank or fully funded one hundred percent (100%) with performance and payment bond by a surety company licensed to do business in the State of Oklahoma and recognized as acceptable to Moody's and/or Standard & Poor's rating agencies; however, OHFA Trustees may act to waive this performance bond requirement.~~

(11) ~~The loan agreement, trust indenture agreement, and regulatory agreement and other appropriate instrument shall provide that OHFA will be provided, at the~~

~~developer(s)' expense, with copies of all records, etc., pertaining to the project and/or satisfaction of the terms of the documents entered into by OHFA in connection with the project.~~

SUBCHAPTER 11. EVALUATION CONSIDERATIONS [REVOKED]

330:20-11-1. Evaluations [REVOKED]

~~In evaluating whether to issue OHFA debt for the purpose of financing residential multifamily rental projects, OHFA's Board of Trustees shall take into consideration the following:~~

~~(1) The amount of bond/note proceeds and other monies to be made available for the project's financing.~~

~~(2) The likelihood that the supply of rental property for low to moderate income tenants will be increased by financing the project and whether a need for rental units in the area exists which will be satisfied at least in part by the project.~~

~~(3) The means of distribution of the proceeds of OHFA's debt.~~

~~(4) Whether there have been adequate and/or prudent underwriting evaluations of the project and certifications of underwriting of the project according to the applicable program guidelines; i.e., FNMA, FHA, GNMA.~~

~~(5) Such other considerations as the Trustees, in their discretion deem appropriate to further the public purpose of OHFA.~~

330:20-11-2. Final decision [REVOKED]

~~OHFA's Board of Trustees reserves the right to make the final decision on financing any project.~~

330:20-11-3. Felony conviction [REVOKED]

~~OHFA shall not finance any project where the seller(s) or the developer(s) or the owner(s) or any of their partners, stockholders, or any of their respective partners or stockholders, or any other person, party or entity owning, claiming or having the right or obligation to own or claim ownership, of any interest, whether direct or indirect, immediate or remote, in the seller(s), developer(s), or owner(s) has been convicted of a felony involving moral turpitude under the laws of any state or jurisdiction, the United States or any other nation, foreign country or jurisdiction.~~

330:20-11-4. Developer/buyer affidavits [REVOKED]

~~The developer and prospective buyer must submit an affidavit showing that no individual who is a controlling officer, director, shareholder partner or direct or indirect owner of any interest, whether direct or indirect, of the developer, owner, buyer, seller, or transferee has been convicted of a felony or crime involving moral turpitude within the last 30 years. And further that there will be no transfer or change in control of ownership, etc. of the transferee that would result in an individual who has been convicted of a felony or crime involving~~

Permanent Final Adoptions

moral turpitude within the last 30 years becoming a controlling officer, director or shareholder of the transferee.

SUBCHAPTER 13. COMPLIANCE AND REPORTING REQUIREMENTS [REVOKED]

330:20-13-1. Compliance with state laws [REVOKED]

~~Any issuance of OHFA tax exempt or taxable debt is subject to compliance with all state laws applicable to the prospective project financing or any portion or aspect thereof. Such state laws which may have application include:~~

- ~~(1) Central Purchasing Act (74 O.S., Section 85.1 et seq.)~~
- ~~(2) Open Meeting Act (25 O.S., Section 301 et seq.)~~
- ~~(3) Administrative Procedures Act(s) (75 O.S., Section 250 et seq.)~~
- ~~(4) Conflict of Interest Laws~~
- ~~(5) Open Records Law(s) (51 O.S., Section 24A.1 et seq.)~~
- ~~(6) Competitive Bidding Act (60 O.S., Section 176, and 74 O.S., Section 85.1 et seq.)~~
- ~~(7) Minimum Wages on Public Works Act (40 O.S., Section 196.1)~~
- ~~(8) Oklahoma Economic Development Act of 1986 (H.B. 1444)~~

330:20-13-2. Records and accounts [REVOKED]

~~The developer(s) must agree and certify, by executing certain project/program documents (e.g., regulatory agreement), to keep proper books, records and accounts in which complete and correct entries of all financial transactions relating to the project are entered and to keep copies of all certificates required to be provided, together with all invoices, receipts, tenant certifications, complete rent roll information or other records regarding the low to moderate income tenants, and other supporting documentation reasonably sufficient to demonstrate the accuracy of such certification. The developer(s) shall make such books and records available for inspection by OHFA.~~

330:20-13-3. Audits [REVOKED]

~~OHFA shall have the right, at any time and from time to time, to examine and audit any and all of the developer's records or accounts pertaining to the project and the project loan, including but not limited to those referred to in 330:20-13-2 and all records of ownership of developer, whether direct or indirect ownership is involved, and all records which may be necessary to verify the true ownership, direct and indirect, of developer and all parties and entities listed in response to 330:20-3-1. OHFA shall have the right to require the developer(s) to furnish said documents at developer(s) expense as OHFA in their sole discretion and from~~

~~time to time deems necessary in order to determine that the rules of this Chapter, and the provisions of the project/program documents have been complied with, and to satisfy OHFA's statutory record keeping requirements and/or all requirements under 330:20-13-1, 330:20-3-1, and 330:20-3-2.~~

SUBCHAPTER 15. SALE, TRANSFER/ASSUMPTION [REVOKED]

330:20-15-1. Written consent [REVOKED]

~~The developer(s) and owners must covenant and agree not to sell, transfer, or otherwise dispose of the project, or any material portion of the project site or any material portion of the project facilities, without obtaining the prior written consent of OHFA. The developer and owners of developer and/or the project must also agree that no interest in the developer will be sold, conveyed or transferred directly or indirectly without the prior written consent of OHFA.~~

330:20-15-2. Submission requirements [REVOKED]

~~The developer(s) and prospective buyer must submit the following to OHFA for its review:~~

- ~~(1) Assumption/transfer fee in accordance with 330:20-7-4.~~
- ~~(2) Consent to Transfer Agreement.~~
- ~~(3) Assumption Agreement or other documents to be used in the proposed transfer for which OHFA approval is requested.~~
- ~~(4) A copy of the certified transcript of the organization of the prospective buyer or other entity or such other documents creating or pertaining to the creation or perpetuation of the prospective buyer or other entity.~~
- ~~(5) A copy of the Real Estate Purchase Contract, if applicable.~~
- ~~(6) An opinion of counsel for the transferee that the transferee has duly assumed (or at closing will assume) the remaining obligation of the developer under the Regulatory Agreement, and any and all documents relative thereto which were executed by the developer(s), shall be remaining obligations of the transferee and binding on the transferee.~~
- ~~(7) Financial statements of the prospective buyer for at least the last three (3) years (preferably accompanied by an opinion of a Certified Public Accountant, if in existence), and if a new entity has been formed, the financials of the new general partner(s) or other entities.~~
- ~~(8) A detailed statement of the past history of ownership and management of multifamily projects of the transferee.~~
- ~~(9) Such additional material as may be required by OHFA, its counsel, or the Trustees.~~

RESOLUTION NO. _____

THE OKLAHOMA HOUSING FINANCE AGENCY, A PUBLIC TRUST, MET IN SPECIAL CALLED SESSION AFTER NOTICE OF SUCH MEETING HAD BEEN GIVEN IN ACCORDANCE WITH THE PROVISIONS OF THE OKLAHOMA OPEN MEETING LAW, AT 1140 N.W. 63RD, OKLAHOMA CITY, OKLAHOMA, ON THE _____ DAY OF _____, 19____, AT _____ O'CLOCK (:00) ____ .M.

PRESENT:

ABSENT:

THEREUPON, a Resolution was introduced, read in full, and upon motion by Trustee _____, seconded by Trustee _____, was adopted by the following vote:

AYE:

NAY:

Said Resolution is as follows:

INITIAL RESOLUTION

A RESOLUTION DIRECTING THE STAFF OF THE OKLAHOMA HOUSING FINANCE AGENCY TO CONDUCT A PUBLIC HEARING ON THE ISSUANCE OF THE AGENCY'S MULTIFAMILY HOUSING REVENUE BONDS (_____ PROJECT) (THE "BONDS") IN A PRINCIPAL AMOUNT OF NOT TO EXCEED \$_____ FOR THE PURPOSE OF FINANCING A MULTIFAMILY RESIDENTIAL RENTAL HOUSING PROJECT.

WHEREAS, the Oklahoma Housing Finance Agency ("OHFA") was created pursuant to the terms of the Public Trust Act, Title 60, Oklahoma Statutes, Section 176 et seq. (the "Act") and a Trust Indenture, as amended, (the "Indenture") with the State of Oklahoma (the "State") as the named beneficiary thereof; and

WHEREAS, OHFA is authorized under the Indenture to issue its bonds, notes or other evidences of indebtedness for the purpose of making mortgage loans for the construction, development, purchase or financing of residential housing; and

WHEREAS, _____, (the "Developer") has applied for assistance from OHFA and OHFA is desirous of assisting in the financing of the multifamily project

described in Exhibit "A" attached hereto (the "Project") through the issuance of the Bonds, and

WHEREAS, pursuant to the Internal Revenue Code of 1954, as amended, and OHFA policy, OHFA must conduct a public hearing in respect to the Bonds and the Project before the issuance of bonds; and

WHEREAS, OHFA is desirous of adopting a resolution authorizing the staff of OHFA to conduct a public hearing in respect to the Bonds and the Project; and

WHEREAS, it is to be understood by all parties and the public that OHFA is not bound to issue the Bonds or any Bonds by reason of this resolution:

NOW, THEREFORE, BE IT RESOLVED BY THE TRUSTEES OF THE OKLAHOMA HOUSING FINANCE AGENCY AS FOLLOWS:

Section 1. Public Hearing. OHFA hereby appoints the Executive Director, or at his/her discretion an employee of OHFA designated by him/her, as Hearing Officer for the purpose of conducting a public hearing upon the acceptability of the Project set forth in Exhibit "A", attached hereto, all in accordance with the provisions of the Internal Revenue Code of 1954, as amended, and OHFA policy. The Hearing Officer shall: (i) provide for the publication of an appropriate Public Notice; (ii) conduct the public hearing in accordance with the Public Notice so as to adduce the statements of all those appearing and desiring to be heard; and (iii) prepare a record of the results of such hearing and submit same to the Trustees.

Section 2. Official Action. This Resolution is intended to evidence initial official action of the Trustees of OHFA with respect to the financing of the Project, and to that end the Trustees hereby determine to issue the Bonds to finance the Project, subject, however, at all times to the acceptability to the Trustees of the Project and its financing, in their sole and unconditional authority.

Section 3. No Final Decision to Issue Bonds. All parties named in this Resolution are, and the general public is, to take notice that this Resolution is preliminary and conditional and is not final approval of the Project or the Developer, nor is it authority for the issuance or sale of bonds, which authority remains with the Trustees to be exercised without limitation or condition, notwithstanding the other provisions of this Resolution. The Developer, by executing the acceptance to be appended hereto, which acceptance is a condition to the effectiveness hereof, agrees to all of the conditions and limitations set forth in this Resolution. In addition, various aspects of the financing requested by the

Permanent Final Adoptions

Developer may be subject to satisfaction of requirements of State and Federal laws applicable to such transaction.

Section 4. Incidental Action. The Chairperson of OHFA, or in his/her absence the Vice-Chairperson, is hereby authorized and directed to execute and deliver such documents and to take such other and further action as may be necessary or appropriate in order to pursue the application and request of the Developer to provide financing for the Project and the finalization of such documents and information in regard to the Project and Developer and to provide for the final consideration by the Trustees as to the issuance and delivery of the Bonds.

Section 5. Termination of Initial Resolution. This Initial Resolution may be terminated and of no further force or effect any time after six (6) months from the date hereof by adoption of a Resolution of OHFA Trustees after prior notice to the Developer. In the event of such termination, the developer shall have no recourse, right of recovery, or claim against OHFA, its Trustees, Officers, employees, agents or counsel, for any losses, damages, recovery of expenses or any other claims whatsoever which might result directly or indirectly by reason of such termination.

Section 6. Issuing tax-exempt bonds subject to pending legislation [Tax Reform Act of 1985 (H.R. 3838)]. If enacted in its current form, the Tax Reform Act of 1985 (H.R. 3838) would make several changes in the laws regulating the issuance of tax-exempt bonds for multifamily housing. The approval of this Resolution by the Trustees and acceptance of this Resolution by the Developer is conditional upon the Project and issuance of the bonds being in compliance with the limitations imposed in the Tax Reform Act of 1985 (H.R. 3838) or any subsequent revision of that act or change in Federal or State laws.

financing of the multifamily rental project described in Exhibit "A" (the "Project") through the issuance of bonds; and

WHEREAS, pursuant to Resolution No. _____ the staff of OHFA has conducted a public hearing, pursuant to the appropriate Public Notice, in respect to the Project; and

WHEREAS, the Developer's application sets forth certain information with respect to the Project establishing that the issuance of bonds for the purpose of financing the Project is in furtherance of the purpose of OHFA to promote the development of adequate housing within the State;

NOW, THEREFORE, BE IT RESOLVED BY THE TRUSTEES OF THE OKLAHOMA HOUSING FINANCE AGENCY AS FOLLOWS:

Section 1. Preliminary Approval of Project and Bonds. Subject to approval of all documentation and final approval of the Project, OHFA hereby grants its preliminary approval of the Project and the Developer's application and request for assistance in financing the Project and of the proposal to issue its Revenue Bonds (the "Bonds") in the aggregate amount of not to exceed \$ _____. The description of the Project, the Project site, and the maximum principal amount of the Bonds are hereby determined as set forth in Exhibit "A" attached hereto. OHFA staff is hereby directed to assist in the preparation of documentation for the Bonds, subject to agreement among OHFA, the Developer, and the Purchaser of the Bonds as to terms in all agreements to be entered into with respect to the Project.

Section 2. OHFA Expenses. Any expenses incurred by OHFA with respect to the Project and the issuance of the Bonds shall be reimbursed out of the proceeds of the Bonds, or, in the event such proceeds are insufficient, taking into account other costs of the Project, or in the event Bonds are not issued by OHFA due to inability of the parties to consummate the transaction herein contemplated, shall be paid by the Developer. By acceptance hereof, which acceptance is a condition to the effectiveness hereof, the Developer agrees: (i) to pay such expenses; and (ii) further agrees in consideration of the benefits accruing to the Developer by reason of the adoption of this Resolution, to indemnify OHFA, its Trustees, Officers, employees, agents or counsel and hold OHFA and such persons harmless against claims for losses, damage or injury or any expenses or damage incurred as a result of action taken by or on behalf of OHFA with respect to the Project and the financing thereof; and (iii) specifically acknowledges that the determination to issue the Bonds or any Bonds or other evidences of indebtedness of OHFA is subject to the approval of the Trustees of OHFA to exercise without limitation or condition.

Section 3. Termination of Second Resolution. This Second Resolution may be terminated and of no further force or effect any time after six (6) months from the date hereof by adoption of a resolution of OHFA Trustees after prior notice to the Developer. In the event of such termination, the developer shall have no recourse, right of recovery, or claim against OHFA, its Trustees, Officers, employees, agents or counsel, for any losses, damages, recovery of expenses or any other claims whatsoever which might result directly or indirectly by reason of such termination.

Section 4. Issuing tax-exempt bonds subject to pending legislation [Tax Reform Act of 1985 (H.R. 3838)]. If enacted in its current form, the Tax Reform Act of 1985 (H.R. 3838) would make several changes in the laws regulating the issuance of tax-exempt bonds for multifamily housing. The approval of this Resolution by the Trustees and acceptance of this Resolution by the Developer is conditional upon the Project and issuance of the bonds being in compliance with the limitations imposed in the Tax Reform Act of 1985 (H.R. 3838) or any subsequent revision of that act or change in Federal or State laws.

GIST/ANALYSIS:

Revocation of this Chapter 35 because a more current and updated Title 330, Chapter 36 covers same program.

The rules of this Chapter have been adopted for the purpose of complying with the provisions of the Administrative Procedures Act, 75 O.S., Section 250 et seq. The Internal Revenue Code of 1986, as amended (the "Code") provides for the allocation of housing tax credits to eligible owners of residential rental property used for low-income housing (the "Credits"). OHFA administers the State of Oklahoma's Affordable Housing Tax Credit Program (the "Credit Program") and pursuant thereto reallocates Credits allocated to the State of Oklahoma by the U.S. Congress. OHFA, as the state housing credit agency, also must develop a qualified allocation plan ("QAP") to provide for the evaluation of applications for Credits, the monitoring for noncompliance with the provisions of the Code and reporting noncompliance to the Internal Revenue Service (the "IRS").

Chapter 35, Low-Income Housing Tax Credit Program Rules (Rules) have not been updated since 1993. Title 330, Chapter 36, Affordable Housing Tax Credit Program is current and governs the same type of activity. In an effort to achieve simplicity and clarity, OHFA is recommending revocation of these Chapter 35 Rules. All information contained in Rules is now part of and included in Title 330, Chapter 36.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS [REVOKED]

330:35-1-1. Purpose [REVOKED]

The rules of this Chapter have been adopted for the purpose of complying with the provisions of the Administrative Procedures Act, 75 O.S., Sections 250, et seq. These rules were adopted to provide guidelines for the allocation and administration of low income housing tax credits for owners of residential rental property used for low income housing.

330:35-1-2. Overview [REVOKED]

The Internal Revenue Code of 1986 (the "Code"), as enacted by the Tax Reform Act of 1986 (the "Act"), provides a tax credit that may be claimed by owners of residential rental property used for low income housing (the "Tax Credit"). The Tax Credit is claimed annually. The credit amount is based on the qualified basis of the housing units serving the low income tenants. "Low income tenants" for purposes of the Tax Credit is defined by the Code and Temporary Treasury Regulations. To qualify for the Tax Credit, residential property must comply with all requirements of the Code throughout the compliance period. A credit allocation from the appropriate state credit authority must be received by the owner of property eligible for low income housing Tax Credit, unless the property is substantially financed with the proceeds of tax exempt bonds subject to private activity bond volume limitations.

330:35-1-3. Authority [REVOKED]

Authority to establish low income housing tax credit program rules:

- (1) Authority Provided in Statutes and Trust Indenture.
 - (A) Oklahoma Housing Finance Agency ("OHFA") was created by a Trust Indenture established under the provisions of Title 60, Oklahoma Statutes, 1981, as amended, Sections 176, et seq.
 - (B) OHFA is authorized by its Trust Indenture, Article IV, to plan and implement programs such as the Low Income Housing Tax Credit Program ("LIHTC"). Specific reference should be made to OHFA's current Trust Indenture for the exact provisions for the specific scope of authorization.
- (2) ~~Gubernatorial Approval of Allocation Plan/Rules. Under applicable provisions of the United States Internal Revenue Code of 1986, as amended and supplemented, and any rules or regulations promulgated or adopted by reference thereunder. Section 42 of the Code, as amended, and as may be amended from time to time, and such other relevant sections of the Code, and the rules and regulations promulgated thereunder, are incorporated herein by reference, the Governor of the State must approve the Allocation Plan as contained in these Rules.~~

330:35-1-4. Definitions [REVOKED]

For the purposes of this chapter of rules, the following definitions shall apply. Additional terms capitalized in this Chapter are defined in the Code. When a conflict exists between these definitions and those which are reflected in the Code, the Code definition shall be used.

"Act" means Title 60, Oklahoma Statutes, 1981, Sections 175.1 through 175.54 and 176, et seq., as amended and supplemented.

"Allocation" means, with respect to the Low Income Housing Tax Credit, the amount of such credit awarded or committed to a specific building/project.

"Allocation plan" means Chapter Three of OHFA's LIHTC Rules, which set forth the selection criteria priorities and preferences for selection of buildings/projects for allocations

and set forth the procedures for notifying the IRS of non-compliance.

"~~APA~~" means the Administrative Procedures Act as adopted in Oklahoma, codified at Title 75, Oklahoma Statutes, 1981, Sections 250, et seq., as amended and supplemented.

"~~Applicant~~" means a person or entity who applied for an Allocation of Low Income Housing Tax Credits.

"~~Application~~" means all agreements, certificates, affidavits and exhibits or similar instruments utilized in connection with applying to OHFA for an Allocation of LIHTC.

"~~Code~~" means the United States Internal Revenue Code of 1986, as amended and supplemented, and any rules or regulations promulgated or adopted by reference thereunder. Section 42 of the Code, as amended, and as may be amended from time to time, and such other relevant sections of the Code, and the rules and regulations promulgated thereunder, are incorporated herein by reference.

"~~Credit Authority Limit~~" means the maximum amount of LIHTCs that can be allocated within each state, based upon a formula established by the IRS and the Code.

"~~Credit Ceiling~~" means "Credit Authority Limit."

"~~Developer~~" means the owner of the Project for which an allocation is made.

"~~IRS~~" means the Internal Revenue Service of the United States Department of the Treasury.

"~~LIHTC~~" means Low Income Housing Tax Credit within the meaning of the Code and these Rules.

"~~OHFA~~" means Oklahoma Housing Finance Agency.

"~~Program~~" or "~~LIHTC Program~~" means the program established by these Rules and instituted for the purpose of establishing an application process for, and awarding of, Allocations of Low Income Housing Tax Credits.

"~~Project~~" means the multi-family rental unit(s) for which an application for LIHTC is submitted to OHFA.

"~~Qualified Project~~" means any low income residential rental property that meets the requirements for low income tenant occupancy, gross rent restrictions, state credit authority, and Internal Revenue Service certification. Such Project must continue to meet these requirements for the Compliance Period, plus 15 years, or a recapture of a portion of the credit may occur.

"~~Regulatory Agreement~~" means the binding agreement between OHFA and the Developer of a Project approved for an Allocation. The Regulatory Agreement shall be approved and authorized by the Trustees and shall be in a form suitable for filing in the county in which the Project is located.

"~~Resolution~~" means the resolution, motion, or other official action of OHFA duly taken by not less than a majority vote of its Board of Trustees at an open public meeting of such Board of Trustees.

"~~Scattered Site Project~~" means a Project located on multiple Sites.

"~~Site~~" means the address or physical location of the Units within the Project.

"~~Staff~~" means the staff of OHFA.

"~~State~~" means the State of Oklahoma.

"~~Trustees~~" means the Board of Trustees of OHFA.

"~~Trust Indenture~~" means the Trust Indenture dated as of May 1, 1975, as amended, creating OHFA.

"~~Unit~~" means a dwelling intended for use by a single family or individual.

SUBCHAPTER 3. LOW INCOME HOUSING TAX CREDITS [REVOKED]

330:35-3-1. General [REVOKED]

(a) ~~LIHTC may be claimed by owners of Qualified Projects for construction, or substantial rehabilitation expenditures or acquisition costs. The LIHTC for a qualified project is computed pursuant to the provisions of Section 42 of the Code, and is claimed as a component of the general business credit. LIHTCs are subject to the limitation of Code Section 38, and the carryback and carryforward rules of Code Section 39, which Code sections are incorporated herein by reference.~~

(b) ~~For qualified buildings placed in service after 1987, the applicable credit rates are the appropriate percentages issued by the Internal Revenue Service for the month in which the building is placed in service.~~

(c) ~~For newly constructed units or rehabilitation expenditures exceeding specified minimum amounts per low income unit that are not federally subsidized, the credit rate is computed so that the present value of the ten (10) annual credit amounts at the beginning of the credit period equals seventy percent (70%), thirty percent (30%) if they are federally subsidized, of the qualified basis of the low income units. The thirty percent (30%) rate is also used to determine the credit rate for the cost of acquisition of certain existing low income units, including rehabilitation expenditures below the minimum rehabilitation requirement for such units incurred before the close of the first year of the credit period.~~

(d) ~~The LIHTC is claimed over the credit period, which begins with the tax year in which the project is placed in service, or at the taxpayer's election, the next tax year, but only if the building is a qualified building as of the close of the first year of such period. The first year credit is reduced to reflect the time during the year that any low income units are unoccupied. If such reduction is made, a credit allowed in the eleventh year in an amount equal to the reduction.~~

(e) ~~The credit for rehabilitation expenses applies only if the total expenditures incurred during any 24 month period are at least \$3,000 per low income unit as of the close of the first tax year in the credit period for those expenditures.~~

(f) ~~For purposes of the passive activity credit limitation rules, the credit is treated as arising from rental real estate activities in which the taxpayer materially participates and is subject to the limitations imposed on tax credits from such activities. The basis for depreciation of a project is not reduced by the amount of low income credits claimed.~~

330:35-3-2. Eligible Projects [REVOKED]

Eligible Projects must:

- (1) be for residential rental purposes,
- (2) be suitable for occupancy,

Permanent Final Adoptions

- (3) remain rental housing for at least a 15-year compliance period from the beginning of the first day of the taxable year in which the credit is claimed,
- (4) be available for use by the general public,
- (5) be used on a non-transient basis, with initial lease terms exceeding six (6) months (common eating, cooking and sanitation facilities are allowed),
- (6) be located in the State, on the same tract of land, owned by the same person for federal tax purposes, financed pursuant to a common financing plan, and have similarly constructed housing units if multiple buildings are involved, and
- (7) be permanently fixed to real property if factory built. **NOTE:** Part of a building in a Qualified Project may be used for purposes other than rental, however costs associated with such other uses cannot be considered in calculating the credit.

330:35-3-3. Ineligible Projects [REVOKED]

Ineligible Projects include:

- (1) a building with four or fewer units, if the building is owner-occupied or is owned by a party related to the tenant;
- (2) hospitals, nursing homes, sanitariums, certain life care facilities, retirement homes, or trailer parks.

330:35-3-4. State credit authority limit [REVOKED]

The total amount of LIHTC available for allocation may not exceed the limit for such year as determined under the provisions of the Code. The "State Credit Ceiling" is currently determined by multiplying \$1.25 times the most recent population estimate for the State.

330:35-3-5. Not-for-profit set-aside [REVOKED]

Ten percent (10%) of the State Credit Ceiling must be set aside for not for profit Project sponsors. This set aside may include projects of corporate subsidiaries wholly owned by the non-profit organization.

330:35-3-6. Unit set-aside [REVOKED]

Minimum set-aside requirements of low-income units in a Project are imposed:

- (1) A Project owner must set aside either
 - (A) 20% of the units for individuals whose income is 50% or less of area median gross income, or
 - (B) 40% of the units for individuals whose income is 60% or less of area median gross income.
- (2) Before an Allocation is made or a Project is placed in service, an owner must irrevocably choose to meet one of the two minimum set-aside requirements.
- (3) The minimum set-aside compliance period is 15 years, beginning the year the Project is placed in service or the owner elects to take the credit.
- (4) Any noncompliance must be corrected within a reasonable time. Evictions are not necessary. Penalties for

noncompliance will occur when a next available unit is rented to a market rate tenant while out of compliance.

330:35-3-7. Tenant income limitations [REVOKED]

The Code and Regulations provide detailed income limitations. In summary:

- (1) The tenant (person or family) must have an income of 50% or 60% or less of area median income, depending on the minimum set aside elected by the owner.
- (2) The income is adjusted for family size similar to adjustments under the provisions of Section 8 of the U.S. Housing Act of 1937. Tenants must qualify on initial occupancy and continuously thereafter. Tenant income may increase to no more than 40% of maximum qualifying income, adjusted for family size, and still comply.
- (3) An all-student household as defined in Code Section 151(e)(4) is not eligible.

330:35-3-8. Rent limitations on subsidized units [REVOKED]

(a) To determine a family's monthly rent, multiply 30% times the appropriate income limits level (using either the 50% or 60% schedule as appropriate) and divide this number by 12. Rent will be based on the number of bedrooms, rather than the actual number of tenants in the unit. For rent restricted units, gross rents may not exceed 30% of the applicable income limit for a family of its size. Where federal statutes (typically associated with a rental assistance program) require the owner to collect 30% of the tenant's gross income, regardless of whether the tenant's income increases beyond 50% or 60%, the full 30% must be collected.

(b) Gross rent includes the cost of any utilities, except telephones, and the maximum rent a tenant pays is then reduced according to the cost of utilities paid by the tenant.

(c) Gross rent does not include any payments under the provisions of Section 8 of the U.S. Housing Act of 1937 or comparable rental assistance payment (rent supplement, rental assistance payments, and certificate or voucher payments).

330:35-3-9. Credit rate [REVOKED]

The process for determining the appropriate LIHTC is provided for by the Code. General terms are as follows:

- (1) For buildings "placed in service" in 1987, the applicable credit rates are (were):
 - (A) New Construction: 9% of "Qualified Basis";
 - (B) Rehabilitation (more than \$2,000 per unit): 9% of "Qualified Basis";
 - (C) Acquisition and minor rehabilitation: 4% of "Qualified Basis";
 - (D) Subsidized new construction or rehabilitation: 4% of "Qualified Basis";
- (2) For Projects placed in service after 1987, the LIHTC is computed using the Applicable Federal Rate ("AFR") to yield a tax credit with a present value of either seventy percent (70%) or thirty percent (30%) of the qualified costs of the Project generally as follows:
 - (A) New construction: 70% of "Qualified Basis";

- (B) Rehabilitation (the greater of \$3,000 per unit or 10% of the adjusted basis): 70% of "Qualified Basis";
- (C) Acquisition and minor rehabilitation: 30% of "Qualified Basis".

(3) Projects may be eligible for both acquisition and rehabilitation credits in situations where a Project is acquired and rehabilitation costs incurred meet the rehabilitation (new construction) credit criteria. On projects having acquisition costs that are federally subsidized, but on which there are no federal subsidies in the rehabilitation, the 70% present value credit may be applied to the rehabilitation cost.

(4) The Code states that acquisition projects must have been held for ten (10) years. Certain waivers may be granted by the U.S. Department of the Treasury, to include foreclosures by governmental units, non-profit organizations, or by persons who subsequently dispose of the property in 12 months, where persons inherit the property. If ownership is transferred and the adjusted basis of the original owner determines that of the new owner, then the building will not be treated as newly placed in service for the purpose of meeting the 10 year requirement.

330:35-3-10. Carryover [REVOKED]

If a new construction or rehabilitation project for which costs exceeding 10% of the "reasonably expected basis" have been incurred after 1987, two (2) additional years are allowed in which the project may be placed in service.

330:35-3-11. Other provisions [REVOKED]

The Code provides numerous other provisions pertaining to applications, projects, eligible basis, determination of LIHTC, recapture, and related LIHTC matters. These are incorporated by reference.

330:35-3-12. Advice of professionals [REVOKED]

The LIHTC Program is complex. Applicants are urged to consult with their tax accountant(s) and/or attorney(s) concerning the requirements and restrictions contained herein and in the Code.

330:35-3-13. Responsibility for LIHTC calculations [REVOKED]

OHFA shall review calculations of LIHTC provided by applicants as a part of an application. The exact amount of LIHTC to be claimed on the applicable income tax returns is the responsibility of the taxpayer, and is not the responsibility of OHFA.

SUBCHAPTER 5. ALLOCATION PROCEDURE [REVOKED]

330:35-5-1. Provisions [REVOKED]

(a) **Lease Term.** OHFA shall have the right to require a lease term for applicable units of twelve (12) months.

(b) **Application.** An application is required to be completed by each applicant. The form of the application may be revised from time to time upon approval of the Trustees of OHFA upon advice of counsel, to reflect and incorporate changes in the Code.

(c) **Regulatory Agreement.** A developer receiving an allocation must enter into a binding Regulatory Agreement with OHFA in a form suitable for recording in the county in which the project is located.

(d) **Notice to local chief executive.** OHFA shall, prior to awarding an allocation to a project, notify, in writing, the chief executive of the town/city, or, as applicable, the county, within which the project is, or is to be, located, as to the application. OHFA shall provide to such chief executive a period of no less than ten (10) days to provide comments to OHFA concerning the project, or any other pertinent comments.

(e) **Procedure to notify Internal Revenue Service.** OHFA, within ten (10) days of becoming aware of a fact or situation concerning a project which indicates a possible impairment or limitation of such allocation, shall notify the Internal Revenue Service Center whose jurisdiction includes the State, of same.

330:35-5-2. Purpose [REVOKED]

The purpose of the LIHTC application and allocation process is to select low income rental housing projects to which the LIHTC shall be allocated. The goal of this competitive process has been established to ensure the selection of those projects which serve to reduce the most pressing of the State, in accordance with priorities established by OHFA's Board of Trustees, and in accordance with applicable provisions of the Code.

330:35-5-3. Application process [REVOKED]

(a) Application forms shall be provided to prospective applicants by OHFA upon request. The application forms shall incorporate the requirements of the Code and these Rules. Applications shall be submitted to OHFA in triplicate.

(b) Applicants must apply for one of four (4) annual eligibility competitions to receive a LIHTC allocation during the applicable year. The closing dates for applications for each eligibility cycle and the portion of the total LIHTC allocable to each cycle are as follows:

- (1) Eligibility cycle one:
 - (A) Closing date: March 16.
 - (B) Portion of total LIHTC allocable: twenty five percent (25%).
 - (C) Applications shall be accepted until March 16.
- (2) Eligibility cycle two:
 - (A) Closing date: June 30.
 - (B) Portion of total LIHTC allocable: twenty five percent (25%).
 - (C) Applications shall be accepted during the period May 1 - June 30.
- (3) Eligibility cycle three:

Permanent Final Adoptions

- (A) Closing date: August 31.
- (B) Portion of total LIHTC allocable: twenty five percent (25%).
- (C) Applications shall be accepted during the period July 1 August 31.
- (4) Eligibility cycle four:
 - (A) Closing date: October 31.
 - (B) Portion of total LIHTC allocable: twenty five percent (25%).
 - (C) Applications shall be accepted during the period September 1 October 31. LIHTC NOT ALLOCATED IN A PARTICULAR ELIGIBILITY CYCLE

SHALL BE AVAILABLE FOR ALLOCATION IN THE NEXT SUCCEEDING CYCLE.

- (5) Special set aside:
 - (A) Not for profit sponsored projects. Ten percent (10%) of the allocable LIHTC are reserved for allocation to not for profit sponsored projects as set forth in Code Section 42(h)(5). One half this amount shall be made available in eligibility cycle one and two.
 - (B) Rural Farm Home Administration (FmHA) 515, 521 Projects. Ten percent (10%) of the allocable LIHTC are reserved for allocation to rural FmHA 515, 521 Projects. One half this amount shall be made available in eligibility cycle one and two.
- (6) Recap of total allocable LIHTC:

	FmHA Set-aside	Not For Profit Set-aside	Other	Total
CYCLE ONE	5%	5%	15%	25%
CYCLE TWO	5%	5%	15%	25%
CYCLE THREE	--	--	25%	25%
CYCLE FOUR	--	--	25%	25%
TOTALS	10%	10%	80%	100%

(7) Applications received in each cycle shall be evaluated and a determination made as to whether the project is eligible for Allocation. OHFA shall then rank the projects, based on criteria described herein, and OHFA's Board of Trustees shall award allocations based on these criteria and this ranking, in each eligibility cycle, to the extent that allocations of LIHTC are available for that eligibility cycle. Projects not selected for an award of an allocation for a particular eligibility cycle may, upon notification, choose to compete in the subsequent eligibility cycle OF THE SAME CALENDAR YEAR. APPLICATIONS PRESENTED TO OHFA IN ONE CALENDAR YEAR SHALL NOT BE CARRIED FORWARD TO THE SUBSEQUENT CALENDAR YEAR. OHFA RESERVES THE RIGHT TO LIMIT THE ALLOCATION FOR A PARTICULAR PROJECT AND/OR THE NUMBER OF PROJECTS APPROVED FOR ALLOCATIONS PER DEVELOPER CONSISTENT WITH THESE RULES AND THE CODE.

(8) Eligible projects shall be evaluated for the amount of allocation. OHFA shall conduct a minimum of three (3) evaluations:

- (A) Upon receipt of the application;
- (B) Prior to issuance of a commitment to award LIHTC to the applicant;
- (C) No earlier than thirty (30) days prior to awarding Internal Revenue Service Form 8609 evidencing the allocation.

(9) Applicants awarded an allocation but failing to place the project in service in the year in which the application is made may, at the discretion of OHFA, be awarded a carryover LIHTC if ten percent (10%) of the project costs have been incurred by the end of the year for which application is made for LIHTC. An applicant must request a carryover prior to November 15 of the applicable year, and must execute a Carryover Agreement with OHFA. The project must be placed in service within 24 months from the date of initial allocation. Applicant must notify OHFA within 30 days of the date the project is placed in service or be subject to loss of any LIHTC.

330:35-5-4. Selection criteria [REVOKED]

(a) **Rating.** Applications shall be rated according to selection criteria. Incorporated into these criteria are the following categories required under Code Section 42(m)(1)(C):

- (1) Project location;
- (2) Housing needs characteristics;
- (3) Project characteristics;
- (4) Applicant characteristics;
- (5) Participation of local tax exempt organizations;
- (6) Tenant populations with special needs;
- (7) Project financial feasibility and viability; and
- (8) Public housing waiting lists.

(b) **Selection criteria priorities.** Selection criteria priorities are those which are established by reference to the following:

- (1) Increase the supply of low income housing in certain rural areas (listed below):~~NOTE: THE CODE CONTEMPLATES THE DESIGNATION OF CERTAIN AREAS DEFINED AS "DIFFICULT DEVELOPMENT AREAS", DEFINED BY THE CODE. A "DIFFICULT DEVELOPMENT AREA" IS DEFINED AS ANY AREA DESIGNATED BY THE SECRETARY OF DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD) AS AN AREA WHICH HAS HIGH CONSTRUCTION, LAND, AND UTILITY COSTS RELATIVE TO AREA MEDIAN GROSS INCOME. Applications must include documentation (e.g., site maps) that the project is, or shall be, located in a "Difficult Development Area".~~
- (2) Increase the supply of low income housing in certain urban neighborhoods (listed below):~~THE NOTE APPEARING IN THE PRECEDING SUBPARAGRAPH IS APPLICABLE TO THIS SUBPARAGRAPH AS WELL.~~
- (3) Increase the supply of congregate homes for the elderly, handicapped and/or disabled.
- (4) Involve local government assistance.
- (5) Encourage rehabilitation of housing by not for profit sponsors.
- (6) Preserve assisted low income housing which, due to mortgage prepayments or expiring rental assistance, would convert to market rate use.
- (7) Increase not for profit development sponsors and not for profit participation as general partners.
- (8) Will be placed in service within the calendar year.
- (9) Involve development by an experienced sponsor.
- (10) Include fewer than 50 units per project.
- (11) Involve the use of Farm Home Administration (FmHA) 515 and 521 subsidies.
- (12) Involve new construction.

(c) **Selection criteria point system.**

- (1) **General.** Each project shall be awarded points according to the nature and character of the project. Projects in each cycle shall be ranked according to the score awarded. The maximum number of points which may be awarded for these criteria are as indicated below:
 - (A) Meets critical shortages of low income housing in rural areas: 20 points;
 - (B) Meets critical shortages of low income housing in certain urban neighborhoods: 20 points.~~NOTE: THIS CRITERIA, WITH APPLICABLE POINTS, SHALL NOT BE APPLIED UNLESS/UNTIL THE DESIGNATION OF "DIFFICULT DEVELOPMENT AREAS";~~
 - (C) Meets a critical shortage of housing for the elderly, handicapped and/or disabled: 20 points;
 - (D) Facilitates local government involvement: 10 points;
 - (E) Encourages rehabilitation of housing by not for profit sponsors: 10 points;

- (F) Preserves assisted low income housing which, due to mortgage prepayments or expiring rental assistance, would convert to market rate use: 10 points;
- (G) Increases not for profit project sponsors and not for profit participation as general partners: 10 points;
- (H) Will be placed in service within the calendar year: 10 points;
- (I) Involves development by an experienced sponsor: 10 points;
- (J) Includes fewer than 50 units: 10 points;
- (K) Involves the use of FmHA 515, 521 subsidies: 5 points;
- (L) Involves new construction in rural areas, difficult development areas, or for housing the elderly, handicapped and/or disabled: 5 points;
- (M) Demonstrably provides housing for persons on waiting lists for public housing: 5 points;
- (N) Provides for lower intermediary costs (intermediary costs may include, but are not necessarily limited to, attorney fees, engineering fees, architect fees): from 1 to 10 points;
- (O) Additional points may be given for Projects requiring extensive rehabilitation. To receive points for extensive rehabilitation, the Applicant must demonstrate an expenditure of \$4,000 or more per Unit. A maximum of 30 points will be awarded, based upon actual expenditures and number of units receiving extensive rehabilitation;

(2) **Legislated priorities.** Additional points shall be awarded any project which meets the following priority established by Congress by setting aside low income units for households with fifty percent (50%) of area median income or less: 15 points. The units so set aside for very low income households must be occupied by households within the income limits set forth in the Regulatory Agreement. The compliance period on the very low income units is established by the compliance period on the low income units. Rents are restricted on these units as provided by law.

330:35-5.5. Quality of applications [REVOKED]

The information required by the Code, these Rules and the application, is complex and quite extensive. Applications submitted to OHFA must be complete and must, by attachment or supplements, supply sufficient documentation to substantiate the representations made in the Application. Applications which are incomplete or fail to supply this information will be rejected.

330:35-5.6. Conflict of interest [REVOKED]

NO LIHTC ALLOCATED TO PARTIES WITH CONFLICTS OF INTEREST. In general, no LIHTC shall be allocated to applicants who have or may appear to have a conflict of interest. To this end, OHFA declares the following parties to be in conflict of interest and not eligible for an Allocation of LIHTC:

330:35-5-7. Fees [REVOKED]

The following fees shall apply to the LIHTC Program. For Scattered Site Projects, a separate Application must be filed for each Site. Each Application will be treated separately for all purposes, including payment of fees, reservation, commitment and carryover allocations.

(1) **Application fee.** An Application Fee, payable to "Oklahoma Housing Finance Agency", must accompany the Application submitted to OHFA. The Application Fee shall be 2.5 percent of the annual credit requested, but, in no event, less than \$200.00. The Application Fee is nonrefundable.

(2) **Reservation fees.** A Reservation Fee of 2.5 percent of the annual credit amount reserved is due within fourteen (14) days of notification from OHFA of a reservation of tax credits. This Reservation Fee is nonrefundable.

(3) **Allocation fee.** An Allocation Fee shall be paid in an amount equal to three (3) percent of the first year's tax credit allocation request, but in any event not less than \$1,000, nor, without regard to present value factoring, more than \$7,500. The Allocation Fee must accompany the Allocation request. For single Site or contiguous Site Projects of four (4) or less units, the Allocation Fee shall be calculated on a cost of \$200 per unit.

(4) **Annual certification fee.**

(A) An Annual Fee payable to OHFA must accompany the Annual Certification sent to OHFA. The amount of this fee is as follows:

- (i) For Projects with 50 or fewer Units: \$50;
- (ii) For Projects with greater than 50 Units: \$100.

(B) The initial compliance certification, income certification(s) and related fees must be submitted to OHFA within 30 days of initial occupancy. Subsequent certifications and fees are due no later than June 1 of each calendar year, or at such other time as may be specified by the Secretary of the U.S. Treasury.

(5) **Carryover Allocation fee.** Projects requesting carryover allocations shall pay a fee equal to one (1) percent of the carryover amount. This Carryover Allocation Fee is due at the time the carryover agreement is entered. This fee is nonrefundable.

(6) **Compliance Monitoring fees.** The Code requires OHFA to take such measures as OHFA deems necessary to ensure compliance with the Code. Such measures include, but are not necessarily limited to, visiting and inspecting the Project and its housing quality, reviewing books and records of the Project, and the Developer and interviewing tenants. Upon completion of such examination OHFA, shall be reimbursed, by the Project or Developer, its costs, including an hourly rate for the OHFA examiner, not to exceed \$20 per hour, plus any and all actual travel, lodging and per diem expenses of said examiner. In no case, however, shall the total examination cost per annum for a single or contiguous Site Project exceed \$500 plus actual out of pocket expenses (travel, lodging, per diem) of OHFA. With respect to Scattered Site Projects, each location will be examined and assessed a separate Compliance Monitoring Fee consistent with this section. Upon completion of the compliance inspection, OHFA shall provide a report to the Developer and an itemized Compliance Monitoring Fee assessment. The Compliance Monitoring Fee shall be paid to OHFA within ten (10) days of receipt of said assessment.

GIST/ANALYSIS:

Modifications to these Chapter 36 Rules are adopted in response to comments and program changes.

Section 42 of the Internal Revenue Code of 1986, as amended (Code), provides that a federal tax credit (Credit) may be claimed for a period of ten years by qualified owners (as defined by the Code) of residential property rented to qualified low-income tenants at restricted rates, if said owner has been approved for an allocation of Credits by the state housing credit allocating agency. Oklahoma Housing Finance Agency (OHFA) is Oklahoma's allocating agency. The Code further provides that each state's annual Credit authority is to be allocated by that state's allocating agency pursuant to a Qualified Allocation Plan (QAP). Chapter 36 Affordable Housing Tax Credit

Program (Rules) is part of Oklahoma's QAP. The purpose of said Rules is to comply with the Code, the Oklahoma Administrative Procedures Act (APA), and to provide guidelines for administering the allocations of Oklahoma's annual Credit authority and OHFA's Affordable Housing Tax Credit Program (Program). The Board of Trustees are also required to administer the Program in a manner consistent with Oklahoma's Housing Antidiscrimination Act, 15 O.S., § 1451-1453 and all federal laws prohibiting discrimination, including 42 U.S.C., § 1983 and the Fair Housing Act, as amended 42 U.S.C., § 3601 et seq.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF JANUARY 1, 2018:

SUBCHAPTER 1. GENERAL PROVISIONS

330:36-1-4. Definitions

The following words and terms, when used in this Chapter, shall have the following meanings unless the context clearly indicates otherwise. Additional capitalized terms used in these Chapter 36 Rules are defined in the Code and these Chapter 36 Rules. When a conflict exists between the following definitions and the Code the more restrictive meaning shall be applied.

"Affiliate" means any Person that directly or indirectly through one (1) or more intermediaries, Controls, is Controlled By, or is Under Common Control With any other Person.

"Allocation" means the maximum amount of TCAs available to the Development as a result of the approval of an award by the Trustees. The Credit shall be apportioned to each Qualified Building at the time such Qualified Building is Placed-In-Service.

"Applicable Fraction" means the fraction used to determine the qualified basis of a qualified low-income Building which is the smaller of the Unit Fraction or the Floor Space Fraction.

"Applicant" means any individual, Nonprofit Sponsored Development, Nonprofit organization or profit-motivated individual, corporation, general or limited partnership, limited liability company or other legal entity which has submitted an Application to OHFA for a Credit Reservation and Allocation, and its successors in interest. "Applicant" includes the Owner and Owner's predecessor in interest, if any, and includes any successor in interest, Transferee of all or any portion of the Development, and the heirs, executors, administrators, devisees, successors and assigns of any purchaser, grantee, Transferee, Owner or lessee (other than a Resident) of all or any portion of the Development, and any other Person or entity having any right, title, or interest in the Development.

"Application" means an Application in the form prescribed by OHFA, from time to time, in the Application Packet (AP), including all exhibits and other materials filed by an Applicant with OHFA in support of or in connection with the formal request by the Applicant requesting a TCA.

"Application Packet" (referred to in these Rules as the "AP") means the Application in the form prescribed by OHFA at least annually, together with instructions and such other materials provided by OHFA to any Person requesting the same for the purpose of seeking to obtain from OHFA a TCA. OHFA will solicit formal public input on the Application Packet, and provide explanation of any significant changes. Staff will present the ~~following year's~~ proposed AP to the Trustees for approval at a Trustees meeting. The AP may include definitive statements of what shall constitute Threshold Criteria, Selection Criteria, priorities, preferences, and compliance and monitoring requirements as may be authorized by or provided for in the Code and these Rules, and may include the necessary forms, instructions and requirements for Applications, market studies, Commitments, Agreements, Elections, set-asides, OHFA staff evaluation criteria for Threshold Criteria and Selection Criteria, final ranking, Credit amounts, tax-exempt bond financed projects, compliance monitoring, and other matters deemed by Trustees, in their complete discretion, to be relevant to the process of evaluation of Applications and the Applicants in connection with the award or denial of TCAs.

"Area Median Gross Income" means the median Gross Income adjusted for household size, for the county or counties where each Building in a Development is located as determined and published annually by HUD.

"Building" means a property containing residential Housing Units located on the Land and included in the Development. For purposes of the Credit Program, each Building is identified by its Building Identification Number (BIN) assigned by OHFA and its street address assigned by the United States Postal Service. The BIN shall control for Tax Credit purposes. In the event more than one Building is located on the Land, each Building must be identified in the manner required by Code Section 42(g) to be treated as part of the Development. Any Allocation of Credit shall be effective only for the Building(s) identified in a Carryover Allocation Agreement, if applicable, or in Exhibit "A" to the Regulatory Agreement.

"Capital Needs Assessment" (CNA) means a qualified professional's opinion of a property's current physical condition determined after a physical inspection of the interior and exterior of the units and structures as set out in the ~~annual~~ AP.

"Carryover Allocation" means, an Allocation which is made with respect to a Building or Development pursuant to Code Section 42(h)(1)(E) and/or Code Section 42(h)(1)(F), as the case may be, and in conformance with IRS Notice 89-1 and Treasury Regulation Section 1.42-6.

"Carryover Allocation Agreement" means the contract between Owner and OHFA, authorized and approved by the Trustees. A Carryover Allocation is made pursuant to Code Section 42(h)(1)(E) and/or Code Section 42(h)(1)(F), IRS Notice 89-1 and Treasury Regulation Section 1.42-6.

"Certifications" means the representations made under penalties of perjury by the Applicant, Owner, each Developer, each partner or general partner, party to a joint venture, and/or Resident, as applicable, including but not limited to those representations and Certifications set forth in the Applications and the Regulatory Agreement and Exhibits. Certifications also mean any and all representations made under penalties

of perjury with respect to the Development at any time from the date of submission of the Application and throughout the Extended Use Period.

"Code" means the Internal Revenue Code of 1986, as amended, together with applicable rules and regulations, revenue rulings, guidelines, releases, pronouncements, notices or procedures promulgated thereunder or referred to therein or in the applicable rules and regulations.

"Commitment" means a representation or agreement of the Owner/Applicant contained in the Application, or otherwise, which in all cases shall be irrevocable and binding upon Owner/Applicant and its Transferees and successors in interest throughout the Development Compliance Period, unless otherwise noted in the Regulatory Agreement, these Rules, the Application, or any other agreements entered into by Owner/Applicant with OHFA in connection with the Credit Program.

"Compliance Period" means with respect to any Qualified Building, the continuous fifteen (15) year period over which the Qualified Building must satisfy all requirements of the Code and the Credit Program. The Compliance Period begins with the first year of the Credit Period.

"Consultant" means any Person (which is not an Affiliate of an Owner of the Development) that provides professional or expert services relating to an Application, a Development, or any activities pertaining to the filing of an Application, the award of a TCA, the Carryover Allocation, or cost Certification documents filings with OHFA.

"Control" (including the terms "Controls", "Controlling", "Controlled By", and/or "Under Common Control With") means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of any other Person, whether through an ownership interest in the other Person, by contract, agreement, understanding, designation, office or position held in or with the other Person or in or with any other Person, or by coercion, or otherwise.

"Credit" (including the terms Tax Credit and Low-Income Housing Tax Credit) means the Low-Income Housing Tax Credit available for federal income tax purposes under Code Section 42 for a Qualified Building.

"Credit Period" means the ten (10) year period over which the Credit may be claimed for a Building. The Credit Period begins when the Building is Placed-In-Service, for Credit purposes, or if the Owner makes an election under Section 42(f)(1)(B) of the Code, the next year; but only if the Building is a qualified low-income Building within the meaning of Code Section 42(c)(2), by the end of the first year of that period. For an existing Building with Rehabilitation Expenditures, the Credit Period shall not begin before the year that the rehabilitation Credit is allowed under Code Section 42(f)(5).

"Credit Program" means OHFA's program for approving Allocations and includes, without limitation, adopting the Qualified Allocation Plan and OHFA's Credit Program Rules, the AP, and all things contemplated therein or appurtenant thereto, including without limitations, monitoring Developments throughout the Extended Use Period and notifying the

Permanent Final Adoptions

IRS of the Building's or a Development's failure to comply with Code requirements.

"Credit Reservation" means the reservation of a maximum amount available for Allocation to such Development and apportioned to each Qualified Building therein upon meeting the requirements of the Credit Program and Code Section 42.

"Developer" means the Person or entity with the responsibility of ensuring the effective construction or rehabilitation of the Development, including any and all responsibilities as outlined in the Development Agreement, which may also be the Applicant and/or Owner of the Development. Developer also includes any other Person or organization affiliated with, Controlled by, in Control of or a related party to, the Developer, as determined by OHFA.

"Development" means the Land and one (1) or more Buildings, structures, or other improvements now or hereafter constructed or located upon the Land. If more than one (1) Building is to be part of the Development, each Building must be financed under a common plan and identified in the manner required under Code Section 42(g).

"Development Compliance Period" means the period beginning with the first day the first Building of the Development is Placed-In-Service and continuing thereafter until the latest to end of the following periods for each Building in the Development: (i) the Compliance Period; (ii) the Extended Use Period; or (iii) the "Three Year Period."

"Development Team" means the Applicant, architect, attorney, Consultant, Developer, general contractor, market analyst and/or appraiser, property management company, Owner, tax professional, and the principals of each.

"Drug" for purposes of these OAHTC Program Rules, means "a controlled substance" as that term is defined in Section 102 of the Controlled Substances Act, 21 U.S.C., Section 802.

"Drug-Related Criminal Activity" means the illegal manufacture, sale, distribution, or use of a Drug, or the possession of a Drug with intent to manufacture, sell, distribute or use the Drug.

"Due Date" if a Due Date for submission of documents or fees falls on a weekend or a designated Federal holiday, then the Due Date becomes the next business day.

"Elderly" means housing that meets the Elderly exemptions from Fair Housing. For Credit Program purposes these exemptions only apply to household members. Definitions also only apply to Developments Allocated after the effective date of these Chapter 36 Rules.

(A) Provided under any State or Federal program that HUD has determined to be specifically designed and operated to assist elderly persons (as defined in the State or Federal program); or

(B) Intended for and solely occupied by persons 62 years of age or older; or

(C) Intended and operated for occupancy by persons 55 years of age or older. In order to qualify for this definition, a facility or community must satisfy each of the following requirements:

(i) At least 80 percent of the units must have at least one occupant who is 55 years of age or older; and

(ii) The facility or community must publish and adhere to policies and procedures that demonstrate the intent to operate as 55 or older housing; and

(iii) The facility or community must comply with HUD's regulatory requirements for age verification of residents, all occupant's must be sixty two (62) years of age or older. This definition is for consideration for the Elderly set aside in which one hundred percent (100%) of units are for Elderly as defined in the annual AP and these Chapter 36 Rules. This definition is not superseded by Federal or State definitions.

"Eligible Basis" means generally the depreciable basis in the property.

"Extended Use Period" means the continuous period, a minimum of fifteen (15) years, following the close of the Compliance Period during which a Qualifying Building must satisfy all requirements of the Code and the Credit Program. The Extended Use Period for the Development is set forth on Exhibit "A" to the Regulatory Agreement and may not be revoked or terminated prior to said date except as provided in the Code, these Chapter 36 Rules or in the Regulatory Agreement.

"Floor Space Fraction" means the total floor space of the Low-Income Unit in the Building divided by the total floor space of all residential units in the Building (whether occupied or not).

"Gross Rent" means the rent received for a Low-Income Housing Unit, including utility allowances but excluding (i) any payments under Section 8 or any comparable rental assistance program; (ii) any fees or supportive services (within the meaning of Code Section 42(g)(2)(B)); (iii) paid to Owner (on the basis of the low-income status of the qualified Resident of the Low-Income Unit) by a governmental assistance program or an organization exempt from federal income tax under Code Section 501(c)(3), if such program or organization provides assistance for rent and the amount of assistance provided for rent is not separable from the amount of assistance provided for supportive services; and (iv) rental payments to Owner to the extent an equivalent amount is paid to the Rural Housing Service (RHS) under Section 515 of the Housing Act of 1949. Gross Rent includes the minimum amounts paid toward purchase of a Housing Unit as described in Code Section 42(g)(6). The amount of Gross Rent is determined annually based upon the Area Median Gross Income for the locality in which the Development is located. The annual amount may decrease but such amount will not be reduced below the amount of Gross Rent established in the first year of the Credit Period.

"Hard Construction Costs" means the following types of activities, but not limited to, earthwork/site work, on-site utilities, roads and walks, concrete, masonry, metals, carpentry (rough and finish), moisture protection, doors/windows/glass, insulation, roofing, sheet metal, drywall, tile work, acoustical, flooring, electrical, plumbing, elevators, blinds and shades, appliances, lawns & planting, fence, cabinets, carpets, and heat

& ventilation. For calculations of contractor fees, a reasonable contingency can be included.

"Homeless" means (1) lacking a fixed, regular and adequate nighttime residence; and has a primary nighttime residence that is a supervised public or private shelter providing temporary accommodations or a public or private place not ordinarily used as sleeping accommodations for human beings, OR (2) displaced as a result of fleeing violence in the home; and has a temporary residence that is a supervised public or private shelter OR (3) certified by an agency involved in regularly determining Homeless status. OR (4) displaced as a result of a major disaster and receiving FEMA assistance. Homeless individuals are considered Homeless for a period of twenty-four (24) months from the date of move-in, according to Section 103 of the Stewart B. McKinney Homeless Assistance Act and 42(i)(3)(B)(iii)(I) of the Code.

"Housing Unit" means a Low-Income Unit and/or Market Rate Unit located in a Building which is available for rent or is rented by Residents. Common area units are not included.

"HUD" means the U.S. Department of Housing and Urban Development.

"Income" means the Income of one or more qualified Residents, as determined in a manner consistent with the methods under HUD's Section 8 Program.

"IRS" means the Internal Revenue Service of the Treasury.

"IRS Form 8609" means the IRS Form entitled "Low Income Housing Credit Certification". The IRS Form 8609 establishes the maximum Credit for a Building.

"IRS Form 8823" means the IRS form entitled "Low-Income Housing Credit Agencies Report of Noncompliance or Building Disposition" issued or to be issued by OHFA with respect to issues of noncompliance with the laws of the IRS and/or the sale or disposition of the Development.

"Land" means the site(s) for each Building in the Development and having the legal description set forth described in the Carryover Allocation Agreement and Exhibit "A" to the Regulatory Agreement.

"Large Development" means a Development with more than sixty (60) units.

"LIHTC Program" means the Credit Program. "LIHTC Program" may be used interchangeably with the term "Credit Program" or "OAHTC Program".

"Low-Income Unit" means a Housing Unit that is both Rent-Restricted and occupied by qualified Residents, provided that: (i) Housing Unit shall constitute a Low-Income Unit only if it is suitable for occupancy taking into account local health, safety and building codes and it is used other than on a transient basis except in the case of Transitional Housing, all as determined under Code Section 42(i)(3); and (ii) Housing Unit in any Building which has four (4) or fewer total Housing Units shall not constitute a Low-Income Unit if any Housing Unit in the Building is occupied by an Owner or a related Person [within the meaning of Code Section 42(i)(3)(C)] unless such Building is described in Code Section 42(i)(3)(E).

"Market Rate Unit" means a Housing Unit that does not meet the definition of a Low-Income Unit.

"Minimum Low-Income Housing Set-Aside" means the minimum percent required under Code Section 42(g) of Housing Units in the Development to be both Rent-Restricted and occupied by qualified Residents, i.e., Residents whose Income is at or below a certain percentage of Area Median Gross Income. For purposes of Code Section 42(g), Owner must have selected either: (i) twenty percent (20%) or more of the total Housing Units to be Rent-Restricted and occupied by Residents whose Income is at or below fifty percent (50%) percent of the Area Median Gross Income; or (ii) forty percent (40%) or more of the total Housing Units to be Rent-Restricted and occupied by Residents whose Income is at or below sixty percent (60%) of the Area Median Gross Income as the Minimum Low-Income Housing Set-Aside. The Applicant may, however, have made a Commitment to provide greater percentages of Housing Units that are both Rent-Restricted and occupied by Residents meeting the above Income limitations and/or making Housing Units available to Residents with Income below the above limitations, i.e., an Additional Low-Income Housing Set-Aside. Owner and all Transferees, and successors in interest shall be bound by all Commitments, including the Minimum Low-Income Housing Set-Aside, or Additional Low-Income Housing Set-Aside made in the Regulatory Agreement, or included in the Carryover Agreement or any of the Resolutions of the Trustees respecting the Application, the Development, or Owner.

"National Non-Metro Area Median Income" means as determined and published annually by HUD.

"Nonprofit" means a private Nonprofit organization that is organized under State or local laws; has no part of its net earnings inuring to the benefit of any member, founder, contributor, or individual; is neither Controlled By, nor under the direction of, individuals or entities seeking to derive profit or gain from the organization; has a tax exemption from the Internal Revenue Service under section 501(c) (3) or (4) of the Internal Revenue Code of 1986; does not include a public body; has among its purposes the provision of decent housing that is affordable to low-income persons, as evidenced in its charter, articles of incorporation, resolutions or by-laws; and, has at least a one year history of providing affordable housing, and is duly qualified to do business within the State.

"Nonprofit Sponsored Development" means and refers to a proposed Development that has or will have a Nonprofit that has a Controlling interest by reason of an ownership interest in a Person that is or will be the Owner of the subject Development, and has materially participated, or will materially participate (within the meaning of the Code) in the Development and operation of the Development throughout the Compliance Period.

"Three-Year Period" for a Building means the three (3) year period following: (a) the date of acquisition of such Building by foreclosure or forfeiture under a deed of trust, mortgage or real estate contract or by deed in lieu of foreclosure; or (b) the end of the Extended Use Period, or (c) in the case of the release of the affordability restriction due to the failure of OHFA to present a QC before the expiration of the One Year Period, the recording of a Release of Regulatory Agreement by OHFA. During the Three-Year Period the Owner may not evict or terminate a tenancy of an existing tenant of any Low-Income Unit except for good cause. During the Three-Year Period the Owner may not increase the Gross Rent with respect to any Low-Income Unit except as permitted under Section 42 of the Code.

"Threshold Criteria" means the criteria set out herein and in the ~~annual~~ AP, which shall be established and may be changed by OHFA from time to time in the ~~annual~~ AP, to determine the qualifications of the Applicant and the Owner and

the proposed Development, presented in each Application that are the minimum level of acceptability for consideration under the Rules and the ~~annual~~ AP for the possibility of the award of a TCA by OHFA. Failure to satisfy all Threshold Criteria set out in the ~~annual~~ AP may result in the disqualification of the Application for further consideration, and may require no further action by OHFA Staff except to notify the Applicant of the disqualification.

"Total Development Costs" means the total costs incurred in acquiring and developing the Development as set forth in the proposed budget for the Development included in the Application. Total Development Costs will be certified by an independent certified public accountant's Certification of sources and uses of funds at times prescribed by OHFA.

"Transfer" means any sale, Transfer, merger, consolidation, liquidation, contribution, assignment, exchange or other change in all or part of the Ownership of the Land and/or Development or any Building which is a part thereof, whether voluntary or involuntary, and also includes: a Transfer, sale, contribution or assignment by the Applicant, Owner or Developer of all or any part of its rights, title or interest in the Application, Carryover Allocation Agreement, Credit, Land, Building and/or Development to another party; or a withdrawal, change or addition of any partner to a general partnership, general partner of a limited partnership, any party to a joint venture or the manager of a limited liability company.

"Transferee" means any and all successor(s) in interest of Owner and any other Person or entity having or acquiring any right, title, or interest in the Development.

"Transitional Housing" for purposes of these OAHTC Program Rules means Transitional Housing for the Homeless which meets the requirements of Code Section 42(i)(3)(B)(iii)

"Treasury" means the United States Department of the Treasury.

"Trustees" means the Board of Trustees of OHFA.

"Unit Fraction" means the fraction of a Building devoted to low-income housing, the numerator of which is the number of Low-Income Housing Units in the Building, and the denominator of which is the number of total Housing Units, whether or not occupied, in the Building.

"Violent Criminal Activity" means any criminal activity that has as one of its elements the use, attempted use, or threatened use of physical force substantial enough to cause, or be reasonably likely to cause, serious bodily injury or property damage.

330:36-1-9. Regulatory Agreement/Compliance Manual/Compliance with Applicable Laws

(a) **Regulatory Agreement.** TCA recipients must enter into a written Regulatory Agreement with OHFA. Requirements, procedures, and processes provided in the applicable Regulatory Agreement and amendments to it shall apply to Developments and the Owner(s) thereof.

(b) **Compliance Manual.** OHFA shall provide each Owner, upon request, with a Compliance Manual, at a cost sufficient to defray the cost of production. The Compliance Manual will also be available on OHFA's website at www.ohfa.org.

Permanent Final Adoptions

(c) **Compliance with Applicable Laws.** The Applicant, the Development, the Owner(s) of the Development, the Development Team and the Affiliates of each must comply with all applicable federal, State and local laws, rules, regulations and ordinances, including but not limited to, Code Section 42, and regulations promulgated thereunder, the Oklahoma Landlord Tenant Act, the Titles VI and VII of the Civil Rights Act of 1964, as amended and Title VIII of the Civil Rights Act of 1968, as amended. Neither the Applicant, the Owner(s) of a Development, the Development Team nor the Affiliates of each shall discriminate on the basis of race, creed, religion, national origin, ethnic background, age, sex, familial status or disability in the lease, use or occupancy of the Development or in connection with the employment or application for employment of Persons for the operation and/or management of any Development. The Owner(s) of a Development will be required to covenant and agree in the Regulatory Agreement to comply fully with the requirements of the Fair Housing Act as it may from time to time be amended, for the time period as promised in the Application.

SUBCHAPTER 2. ALLOCATION PROCEDURES

330:36-2-1. TCAs distribution

- (a) OAHTCs allocated annually to the State by the IRS shall be awarded to Applicants selected through a formal Application process governed by the Qualified Allocation Plan (QAP).
- (b) TCAs will be awarded according to the Act, Code, these Chapter 36 Rules, the ~~annual~~ AP, and at the discretion of the Trustees, by their formal action, giving consideration to Staff recommendation following a thorough review and financial feasibility analysis.
- (c) The Trustees reserve the right, to consider and make an award of TCAs at any time as the Trustees, in their sole discretion, deem such award appropriate under the circumstances and facts presented to them. Approval of such an award shall be at a regularly scheduled or special meeting of the Trustees and shall be made by formal action, giving consideration to Staff review and recommendations.
- (d) The AP shall be made available to parties considering the filing of an Application and interested parties upon request. The AP can be accessed at OHFA's website, www.ohfa.org.

330:36-2-2. Additional Credits

- (a) Guidelines for Applications for additional Credits ~~may will~~ be established in the ~~annual~~ AP. Limitations may be placed on types of Developments, amount of additional Credits, or type of Applications.
- (b) The timing of acceptance of Applications for additional Credits ~~may will~~ also be established in the ~~annual~~ AP.

330:36-2-3. Set-aside categories for TCAs

- (a) The annual allocation of OAHTC Program tax Credits made available to the State may be divided into various set-aside categories, including but not necessarily limited to, Nonprofits, New Construction, Rehabilitation, Rural ~~515,~~

~~Other Rural, Elderly,~~ and such other categories as the Trustees, in their complete discretion, may adopt from time to time for inclusion in the ~~annual~~ AP. Nonprofits competing in the Nonprofit set-aside must comply with the definition of Nonprofit Sponsored Development in these Chapter 36 Rules.

(b) Specific set-aside categories and amounts for each category may be determined from time to time by formal action of the Trustees and shall be set out in the ~~annual~~ AP. The Trustees may, in their sole discretion, modify the amount of the State's annual allocation of Credits devoted to any set-aside, if they determine that the housing needs of the State so warrant, except for the maximum ninety percent (90%) allocation limitation to those other than Nonprofits as required by the Code.

330:36-2-5. Geographic Allocation of TCAs

OHFA's jurisdiction for location of Developments shall be the entire State of Oklahoma, and, subject to the priorities established from time to time in the ~~annual~~ AP, OHFA may make awards of TCAs throughout the State.

330:36-2-9. Reallocation of additional tax Credits

- (a) ~~Annually, additional~~ Additional tax Credits may become available for the award of TCAs as the result of:
- (1) Development cancellations;
 - (2) Developments completed under original cost estimates;
 - (3) Credits Allocated but not utilized; or,
 - (4) Other circumstances.
- (b) In keeping with the ~~annual~~ AP, OHFA may award TCAs based on the amount of Credits available, in the calendar year any such Credits first become available.
- (c) The Trustees reserve the right, to consider Allocations of TCAs outside the established reservation period(s) for a given calendar year. The Trustees, in their sole discretion, reserve the right to approve such an Allocation of TCAs, provided the facts presented to them demonstrate a special circumstance or need and said Allocation promotes the development of residential use housing within the State. Provided however, the Trustees also reserve the right to deny any request for an Allocation of TCAs made outside the established reservation period(s) for a given calendar year. Consideration of all Allocations of TCAs shall be made at a regularly scheduled or special meeting of the Trustees and shall be made by formal action, giving consideration to Staff review and recommendations.
- (d) All Credits not awarded in any calendar year shall be carried over for use in the next calendar year, in accordance with the provisions of the Code, these Rules, the ~~annual~~ AP and/or the formal action of the Trustees.

330:36-2-11. OHFA Development notification

- (a) OHFA shall, within fifteen (15) business days of receipt of an Application, ~~and not less than thirty (30) calendar days prior to the Trustees consideration thereof,~~ notify, in writing, by certified mail or other form of traceable delivery system to provide proof of transmission and receipt, the Mayor or highest elected official, or if neither of the aforementioned exist, the Chief Executive Officer of each Local Governing Body of the

jurisdiction within which the proposed Development is located at the time of Application and the legislators who are entitled to such Notice, regarding the characteristics of the proposed Development located within their jurisdiction/district. All comments received from said Mayor or highest elected official, or if neither of the aforementioned exists, the Chief Executive Officer and/or legislator(s) ~~during this thirty (30) day comment period~~ will be presented to the Trustees for their consideration when reviewing a request for an Allocation of Credits.

(b) If the Application is considered at a different Trustees meeting than in the notice, this notification requirement is considered to be met.

330:36-2-16. Carryover Allocations

(a) **Code reference.** Code Section 42(h)(1)(E) provides that an Allocation may be made to a Qualified Building, as defined by Section 42(h)(1)(E)(ii), which has not yet been Placed-In-Service, provided the Qualified Building is Placed-In-Service not later than the close of the second calendar year following the calendar year of the Allocation.

(b) **Carryover Allocation applications.** Owners must submit a carryover application and required documents at a date specified by OHFA staff. The Owner must satisfy all requirements of the Code and OHFA staff.

(c) **Carryover Allocation basis.** To qualify for a Carryover Allocation, the Owner must demonstrate that the Owner's basis in the Development, at one (1) calendar year after the date of Allocation, is more than ten percent (10%) of the Owner's reasonably expected basis in the Development. Developments that fail to meet the ten percent (10%) test will not have a valid Carryover Allocation. The ten percent (10%) test must be certified by the Owner's certified public accountant, in a form acceptable to OHFA. OHFA's determination as to the satisfaction of the ten percent (10%) requirement is not binding upon the IRS and does not constitute a representation by OHFA to the taxpayer or any other party to that effect.

(d) **Carryover Allocation Agreement.** The Owner must submit to OHFA an executed Carryover Allocation Agreement, in a form and at a date specified by OHFA.

(e) **Notification of Placed-In-Service date.** Applicant must notify OHFA within thirty (30) calendar days of the date the Building(s) is/are Placed-In-Service ~~or be subject to loss of any Allocation.~~ Notice will consist of submission of copies of the Certificates of Occupancy for each Building and completion of any and all forms as may be required in the AP.

(f) **Development based Allocation.** An Allocation pursuant to Code Section 42(h)(1)(F) must meet the requirements of Code Section 42(h)(1)(F), all applicable Treasury Regulations, and these Chapter 36 Rules.

330:36-2-17. Final Allocations

(a) **Prior approval.** ~~Applicants must have previously been approved for a Credit Reservation, either in a prior year or previously in the calendar year in which the request is made.~~

(b) **Deadline for filing.** Owner's request for approval of the Final Allocation must be received by OHFA at such date as OHFA may specify in writing to the Owner. Failure to

file a timely Final Allocation accompanied by all required documentation may result in the denial of the Final Allocation and a determination by the Trustees that the Credits have been returned by the Applicant.

(eb) **Complete filing.** The Final Allocation must be accompanied by all evidence or documentation required by the Program Rules then in effect, and such other information or documentation which may be requested by OHFA, in its sole discretion, to verify compliance with the Code, the Program Rules and the Resolutions, and to verify the amount of the Final Allocation. A complete and executed Regulatory Agreement in the form provided by OHFA and ready for filing, together with the appropriate fees, including without limitation applicable filing, must be filed with the Final Allocation. The Regulatory Agreement shall contain provisions for regulation and enforcement by OHFA and such additional provisions as may be necessary to assure compliance with Section 42 of the Code or to give effect to the requirements of OHFA.

(ec) **Additional requirements.** In addition to the opinions and Certifications of professionals which may be required to be filed with OHFA pursuant to 330:36-2-16 in connection with a request for a Carryover Allocation, prior to making a Final Allocation, OHFA will require:

(1) An audited Certification of the Total Development Costs, and the Eligible Basis and qualified basis of each Building in the Development and the sources and uses of funds for the Development prepared ~~from~~by an independent certified public accountant.

(2) All opinions must be in a form satisfactory to OHFA and must indicate that the professional has made an independent inquiry into the matters contained therein.

(ed) **Approval.** Upon receipt of a completed Final Allocation, OHFA will conduct a final feasibility analysis. Approval of the Final Allocation is subject to Owner's continued compliance with the Code, the Program Rules, the Resolutions, all terms and conditions of this Agreement, and Owner's payment of all fees required by the Program Rule.

(fe) **Issuance of Form 8609(s).** OHFA will issue IRS Form 8609(s) respecting each such Development (or each Building therein) to the extent required by, and in accordance with, the Code and the Program Rules. No Form 8609(s) shall be issued if OHFA has not received an executed Regulatory Agreement and all Exhibits thereto, applicable fees, and resolution of any issues to OHFA's satisfaction.

SUBCHAPTER 4. DEVELOPMENT APPLICATIONS AND SELECTION

330:36-4-1. Development Applications

For the purpose of selecting Applicants and Developments for awards of TCAs all Applicants must submit an Application in the form prescribed in the ~~annual~~ AP. The Application shall set forth, in a clear and concise manner, Threshold and Selection Criteria that conform to the Code, these Chapter 36 Rules, QAP, and the ~~annual~~ AP. All Applications submitted to OHFA must contain sufficient information to permit OHFA staff to:

Permanent Final Adoptions

- (1) Make a factual determination as to whether, on its face, the Application satisfies each of the applicable Threshold Criteria, including underwriting standards set forth in the ~~annual~~ AP; and
- (2) Make a factual determination as to whether, on its face, the Application is to be evaluated under any set-aside category established by the AP; and
- (3) Conduct a review, assessment, and evaluation for selection as described in the ~~annual~~ AP.

330:36-4-2. Selection of Applications for award of TCAs

(a) **General.** For the purpose of selecting Applications for awards of TCAs, OHFA ~~shall may annually~~ develop Threshold and Selection Criteria that conform to the Code, the OAHTC Program purposes and these Chapter 36 Rules for inclusion in the next ~~year's~~ AP. The number, severity, or value of any one or more of the Threshold or Selection Criteria items may be increased by adoption of an AP for a given year that contains such increased Threshold or Selection Criteria items. However, each AP must contain for any ~~annual~~ AP, criteria to evaluate set-asides and all Threshold and Selection Criteria.

(b) **Minimum Threshold Criteria.** Failure to meet all Threshold Requirements set forth in the AP upon initial submission of the Application may result in the Application being rejected without further review. The Threshold Criteria may include, but are not necessarily limited to the following:

(1) **Notice Requirements.** The provisions of this subsection apply to all Applicants for a TCA. All notice requirements must be satisfied not less than thirty (30) and no more than ninety (90) calendar days prior to submission of an Application. Each Application requires notice. If the Application is considered at a different Trustees meeting than in the notice, this notification requirement is considered to be met.

~~(A) **Written Notices.** The Applicant must notify, in writing and by a form of traceable delivery, the local Mayor or highest elected official, or if neither of the aforementioned exist, the Chief Executive Officer of the Local Governing Body, Chairman of the appropriate county commissioners, and state legislators (or their successor) within whose district the Development is located at the time of Application regarding their intent to submit an Application. This written notice shall serve to provide a reasonable opportunity to comment on the Application.~~

~~(B) **Additional notice requirements.** If the site for the Development is not located within the specific corporate limits of an incorporated town or city, but is within two (2) miles of an incorporated town(s) or city (ies) limits, Applicant must provide the same notice to each such town(s) and city (ies) as if the site was located within the corporate limits of each such town(s) and city (ies).~~

~~(C) **Publication notice.** Notice of an Applicant's intent to file an Application shall also be published~~

in the local newspaper of the area wherein the Development will be located. The requirements for the publication notice will be in the ~~annual~~ AP.

(2) **Market analysis.** All Applicants must submit a third party, independent housing market analysis conforming to the Threshold Criteria set forth in the ~~annual~~ AP, demonstrating and documenting the status of the market demand for the type and number of Housing Units proposed to be developed. ~~The market analysis must be prepared no more than twelve (12) months prior to the date Application is filed with OHFA.~~

(3) **Nonprofit Owners.** Applicants proposing Developments under the Nonprofit set-aside must demonstrate and document that the Nonprofit Owner and/or Nonprofit ownership participant meet the definition of a Nonprofit Sponsored Development as defined in Section 42h(5)(C) of the Code and these Chapter 36 rules at 330:36-1-4. Applicants for Nonprofit set-aside TCAs must demonstrate that the Nonprofit participant:

(A) ~~demonstrates more than fifty percent (50%) Ownership in the general partner or managing member; is at least a minimum of fifty one percent (51%) co-general partner, co-managing member, or a Controlling stockholder, or can otherwise demonstrate ownership;~~

(B) will materially participate, on a regular basis, in the planning and construction of the Development, and in the operation and management of the Development throughout the entire Compliance Period pursuant to 26 CFR § 1.469;

(C) has a Board of Directors and Officers that are independent from any for-profit Development partner; and

(D) is duly authorized to do business within the State; and

(E) has at least one ~~demonstrable~~ year of affordable housing experience.

~~(4) **Resolution of local support.** Applicants must provide documentation of official local support for the Development by the jurisdiction within which the proposed Development is located at the time of Application, i.e. the Local Governing Body. The required documentation must be in the form of a resolution duly adopted by the Local Governing Body, and must be in a form that shall be subject to approval by OHFA. If there are any conditions set forth in the resolution of support, OHFA may exercise its discretion to contact the governing body to ascertain the potential impact of the conditions. If a conditional resolution of support is submitted, it may result in a determination that the Application has not met Threshold Criteria.~~

~~(5) **Capacity and prior performance.** Each Applicant must demonstrate and document the degree of expertise of Applicant and Owner, the Development Team, general partner, management, and principals thereof in the use of TCAs in the development, rehabilitation and/or conversion, management and operation of properties related to the type of the proposed Development. ~~Applicants, Owners, Development Team members, general partners,~~~~

~~their Affiliates, and principals thereof shall be examined in regard to their Placed In Service Developments, and the record of compliance performance within Oklahoma and other states in which the Applicants, Owners, Development Team members, general partners, their Affiliates, and principals thereof have developed or are developing affordable housing. Applicants, Owners, Development Team members, general partners, their Affiliates, and principals thereof with existing Developments may be ineligible for a TCA where OHFA has or receives notice of uncorrected or repeated instance of nonperformance by Applicant, Owner, the Development Team, general partners, their Affiliates, or principals thereof. Instances of nonperformance include, but are not limited to:~~

- ~~(A) failure to meet and maintain minimum property standards;~~
- ~~(B) failure to meet and maintain any material aspect of a Development as represented in a Development Application;~~
- ~~(C) having been involved in uncured financing defaults, foreclosures, or placement on HUD's list of debarred contractors;~~
- ~~(D) events of material uncorrected noncompliance with any Federal or State assisted housing programs within the prior seven (7) years;~~
- ~~(E) the appointment of a Receiver; conviction on a felony criminal charge; or bankruptcy within the prior seven (7) years;~~
- ~~(F) failure to comply with OHFA's requests for information or documentation on any Development funded or administered by OHFA;~~
- ~~(G) removal as a general partner/managing member; or~~
- ~~(H) failure to meet and maintain any material aspect of a Development as represented in a Development Application;~~
- ~~(I) failure to meet and maintain minimum property standards;~~
- ~~(J) failure to bring any Development back into compliance after receiving written notice from OHFA's Compliance Staff.~~
- ~~(K) failure to comply with OHFA's requests for information or documentation on any Development funded or administered by OHFA;~~
- ~~(L) Extension requests depending on number and severity; and/or~~
- ~~(M) excessive late or incomplete reports to OHFA.~~

~~(65) Acquisition Credits. Applicants requesting acquisition Credits must provide an opinion of independent counsel, in a form satisfactory to OHFA, that the requirements of Code Section 42(d)(2)(B) have been met or a waiver obtained from the IRS. If an existing waiver or waiver to be granted is claimed, a copy of the waiver letter or a copy of the letter indicating a waiver will be granted and is forthcoming must be included in the Applicant's Development proposal.~~

~~(76) Financial feasibility and viability. Applicants must demonstrate that there are Commitments to the~~

Development's financial feasibility and viability as a qualified low-income housing Development. Applicants must demonstrate to OHFA's satisfaction that the Applicant has financing Commitments for one hundred percent (100%) of the project's total estimated construction and permanent financing. Items required to be included in financing Commitments will be established in the annual AP. Requirements set out in 36-4-2.1 (b)(c) and (d) are part of the analysis for financial feasibility.

~~(87) Readiness to proceed. Applicants must demonstrate readiness to proceed in a timely manner should they be awarded a TCA. Factors that may be considered regarding Development readiness may include but not be limited to:~~

- ~~(A) Site Control;~~
- ~~(B) preliminary plans or specifications;~~
- ~~(C) proper zoning for the proposed Development; and~~
- ~~(D) others as established in the annual AP.~~

~~(9) Public Housing Wait Lists. Documents for this criterion will be established in the annual AP.~~

~~(108) Capital Needs Assessment. All Applications for rehabilitation will be accompanied by a Capital Needs Assessment as established in the annual AP.~~

~~(149) Development amenities. Each Application will be analyzed and evaluated as to Commitments made therein for the provision of amenities. Amenities and documentation requirements will be established in the annual AP.~~

~~(12) Family Developments including tenant populations of individuals with children. Each Application will be analyzed and evaluated as to the extent to which it is demonstrated the Development will provide amenities and a unit mix conducive to family Developments and tenant populations with children. Amenities and documentation requirements will be established in the annual AP.~~

~~(13) Tenant Populations of Elderly Individuals. Each Application will be analyzed and evaluated as to the extent to which it demonstrates the Development will provide amenities and a unit mix conducive to Elderly populations. Amenities and documentation requirements will be established in the annual AP.~~

~~(c) Selection Criteria. The Selection Criteria, documentation, and points shall be set forth in the annual AP. Selection and may include, but not necessarily be limited to the following:~~

~~(1) Income targeting. Each Application will be analyzed and evaluated as to the extent to which it is demonstrated therein a Commitment to target lower-income populations. Points will be established in the annual AP.~~

~~(2) Term of affordability. Each Application will be analyzed on its ability and evaluated as to any Commitments made therein in regard to serving qualified tenants for a period of time longer than the minimum required by the Code. Points will be established in the annual AP.~~

~~(3) Development location and housing characteristics. Each Application will be analyzed and evaluated as to~~

Permanent Final Adoptions

the geographic location and prevailing market conditions for the proposed Development. ~~Locations and points will be established in the annual AP.~~

~~(4) **Development Leverage.** Each Application will be analyzed and evaluated as to the extent to which it results in tangible, cost-beneficial investments or contributions to the proposed Development. Points will be established in the annual AP.~~

~~(5) **Community Support.** The extent to which local governments and other community partners commit support for a proposed Development will be analyzed. Support must be directly related and of direct value to the proposed project. Eligible evidence of support and points will be established in the annual AP.~~

~~(6) **Development Team Experience.** Each Application will be analyzed and evaluated as to the experience of the Applicant and/or the Development Team in owning and successfully operating Developments in the LIHTC Program. Points will be established in the annual AP.~~

~~(7) **Management Experience.** Each Application will be analyzed and evaluated as to managing or providing management for Developments in the LIHTC Program. This evaluation will be based on the experience of the management team members. Changes in management may not occur after the Reservation without the prior written approval of OHFA and the payment of the management Transfer fee. Points will be established in the annual AP.~~

~~(84) **Tenant/Targeted Populations.** Each Application will be analyzed and evaluated as to the extent to which Commitments are made therein to serve such Targeted Populations as are designated in the annual AP. Points will be established in the annual AP.~~

~~(5) **Tenant Populations of Individuals with Children.** Each Application will be analyzed and evaluated as to the extent to which it serves tenant populations with children.~~

~~(96) **Tenant ownership.** Applicants proposing single family home ownership after the Compliance Period must submit a detailed plan which includes projections on maintenance, tenant reserve funds, etc., which will be evaluated for feasibility. Points will be established in the annual AP.~~

~~(107) **Preservation of 15-year-old affordable housing.** Each Application will be analyzed and evaluated to how an Application is preserving affordable housing. Points and criteria may be established in the annual AP for the preservation of affordable housing.~~

~~(118) **Energy Efficiency/Green Building of a Development.** Applicants are encouraged to provide energy efficient Developments and to utilize green building. This may be a separate point category, or it may be combined within another Threshold or Selection category. Points will be established in the annual AP.~~

~~(129) **Historic Nature of a Development.** Points will be established in the annual AP regarding the historic nature of Developments.—This may be a separate point category, or it may be combined within another Threshold or Selection category.~~

~~(1310) **Negative Points.** OHFA Staff may deduct points for records of poor performance. Point deductions will be established in the annual AP.~~

~~(1411) **Tie-breaker.** In case there are Applications with the same final score in any set-aside that will affect funding, the tie-breaker procedure will be established in the annual AP.~~

(d) **OHFA Trustee discretion.** Notwithstanding the point ranking under the Selection Criteria set forth above under 330:36-4-2(c), the Trustees may in their sole discretion allocate Credits to a project irrespective of its point ranking, if Allocation is:

- (1) in compliance with Code Section 42;
- (2) in furtherance of the housing goals set forth herein, in the AP or any formally adopted Resolution of the Trustees; and
- (3) determined by the Trustees to be in the interests of the citizens of the State.

330:36-4-2.1. General program requirements and limitations

(a) **General.**

[RESERVED]

(b) **Developer Fee limitations.** The amount of allowable Developer Fees shall be established in the annual AP.

(c) **Contractor Fee limitation.** Allowable contractor fees shall be established in the annual AP.

(d) **Underwriting standards.**

(1) **Total reserves.**

(A) Minimum reserves must equal the sum of six months of each:

- (i) projected operating expenses
- (ii) debt service payments and
- (iii) ~~annual~~ replacement reserve payments.

(B) Minimum replacement reserves will be established in the AP. ~~should equal \$250.00 per unit annually for new construction and \$300.00 for rehabilitation Developments.~~

(C) Developer guarantees or letters of credit may be accepted in lieu of operating reserves, at the discretion of OHFA. The Developer must demonstrate financial capacity and liquidity. OHFA will also consider the Developer's performance record and the number of other guarantees outstanding.

(2) **Debt service coverage.**

(A) Debt service coverage means the ratio of a property's net operating income to debt service obligations.

(B) The minimum acceptable debt service coverage ratio will be established in the AP.

(3) **Projections.** All projections and pro-formas must contain realistic operating expense and vacancy rate projections consistent with prevailing market conditions.

(4) **Cost limits.** Costs per unit must be realistic. Specific cost per unit criteria will be established in the annual AP. OHFA encourages cost efficient production, but will not give a preference solely for lowest construction costs.

(5) **Minimum Hard Construction Costs per unit for rehabilitations.** Minimum Hard Construction Costs will be established in the AP. No Allocations for rehabilitation will be made unless a minimum of \$20,000 in Hard Construction Costs per unit will be expended or at least twenty percent (20%) of Eligible Basis, whichever is greater.

(6) **Buildings designated by OHFA to receive increase in Credit.** OHFA will allow up to one hundred thirty percent (130%) boost for reasons determined and identified in the annual AP.

(e) **Progress reports.**

(1) Progress reports must be filed by the Owner beginning with the calendar quarter following the approval of a ~~Reservation~~Reservation of Credits until the Final Allocation Application is submitted to OHFA. Due Dates are January 10, April 10, July 10 and October 10. The report must contain, at a minimum, the status of site preparation and/or construction, including the percentage of completion of each Building, and costs incurred to date. The report must address any other requirements set forth in a Resolution of the Trustees and/or the Carryover Agreement, or as OHFA may designate. Within thirty (30) calendar days after the Certificate of Occupancy is issued for each Building in the project, the Owner must submit a copy of the Certificate of Occupancy and the Placed-In-Service Acknowledgement for that Building. Remedies for violation of these provisions include those denoted at 330:36-6-3, including but not limited to return of Credits.

(2) Compliance progress reports are required as outlined in the compliance manual.

(f) **Construction time period.** Construction must begin within nine (9) months of the last calendar day of the month of the Credit Reservation, unless extended for cause by OHFA. Remedies for violation of these provisions include those denoted at 330:36-6-3, including but not limited to return of Credits.

(g) **Additional requirements.** OHFA may, as it deems necessary in its sole discretion, impose additional requirements or Program limitations on any Applicant, Owner, or Development. Said requirements or limitations may be set forth in a Resolution of the Trustees, in any contract between the Applicant or Owner and OHFA, or in any other document deemed acceptable in OHFA's sole discretion.

(h) **Timeliness and completeness of filings.** Deadlines for filing Applications will be established in the AP. Should OHFA request additional information, the deadline for filing same with OHFA will be set forth in the letter requesting same. Applicants/Owners must strictly comply with all deadlines and all filings must be complete when filed.

330:36-4-3. Fees

(a) **General.** Application and TCA Fees will be used to support overall OAHTC Program delivery and operation activities. Fees are nonrefundable. Application fees shall be calculated as follows:

(1) **Application fees.** All Applications will pay a \$2,000 fee with each submission of an Application.

(A) for single site or contiguous site Developments consisting of one to four Units, the Application fee shall be \$500.00;

(B) for single site or contiguous site Developments consisting of five to fifty Units, the Application fee shall be \$1,000.00;

(C) for single site or contiguous site Developments consisting of fifty one to one hundred units, the Application fee shall be \$2,000.00;

(D) for single site or contiguous site Developments consisting of over one hundred units, the Application fee shall be \$3,000.00;

(E) for scattered sites, the Application fee shall be \$500.00 per site, up to a maximum of \$3,000.00.

(F) For Nonprofit Sponsored Developments the Application fee shall be \$500.00.

(2) **Allocation fee.** A nonrefundable Allocation fee shall be paid in an amount equal to eleven percent (11%) of the total TCA, but in any event not less than \$1,000.00. The Allocation fee is due within fourteen (14) calendar days of notification from OHFA of the approval of a TCA. A Carryover Allocation Agreement will not be executed, nor will Form 8609(s) be issued unless this fee has been received by OHFA. Nonpayment may result in revocation of Credits.

(3) **Processing fee.** A nonrefundable processing fee of one percent (1%) of the TCA must accompany the request for a Final Allocation. ~~A service fee of \$100.00 must accompany the Request for Final Allocation of Credit.~~ Form 8609(s) will not be issued unless this fee has been received by OHFA.

(4) **Regulatory Agreement filing fee.** An executed Regulatory Agreement must be submitted to OHFA, as part of the request for Final Allocation, and be accompanied by a check payable to the County Clerk of the county or counties in which the Development is located. The check or checks shall be in an amount sufficient to cover the filing fees of the county or counties.

(5) **Compliance monitoring fees.** In addition to the documentation required by OHFA, an annual compliance monitoring fee shall be paid to OHFA. The compliance fee is payable on or before January 28th for each year during the Compliance Period and Extended Use Period subject to annual adjustment. If the Development includes scattered sites, a compliance monitoring fee for each site shall be paid to OHFA. If the compliance fee is not paid within thirty (30) calendar days of the Due Date, then a Late Fee will be assessed. The Late Fee is equal to twenty five percent (25%) of the compliance fee. Failure to remit timely payment of compliance monitoring fees may result in the filing by OHFA of a lien against the Development. The compliance monitoring fee shall be computed as follows:

(A) For Developments financed by RHS under the Section 515 (and otherwise qualify under the Code) receiving a TCA in 2011 or before where an agreement has been entered into between OHFA and RHS wherein the RHS agrees to provide OHFA with the required information respecting the Income and rent

Permanent Final Adoptions

of the tenants in the Development, the fee shall be \$240.00 per Development per year, plus 12.00 per OAHTC unit per year within any Building within the Development;

(B) For single site or contiguous site Developments of four units or less, the fee shall be \$275.00 per Development per year.

(C) For all other Developments including those financed by RHS under Section 515 receiving a TCA in 2012 or later the fee shall be \$375.00 per Development, plus \$21.00 per OAHTC unit per year within any Building within the Development.

(6) **Additional monitoring fees.** In the event of non-compliance with the Code or Regulatory Agreement or these Chapter 36 Rules requiring OHFA to conduct an examination of the Owner, any Building within the Development or any documentation to verify correction of said noncompliance, OHFA shall be reimbursed its costs by the Development or Owner for such an examination, including an hourly rate for the OHFA examiner, not to exceed \$35.00 per hour, plus any and all actual travel, lodging and per diem expenses of such examiner. Such reimbursement of expenses and costs shall be paid to OHFA within ten (10) calendar days of receipt of OHFA's statement of same.

(7) **Ownership/General Partner Transfer fee.** In the event that the Owner submits a request for approval of a Transfer of Ownership/general partner of the Development or any of the Buildings therein, a nonrefundable fee of ~~three percent (3%) of the amount of original Tax Credit Allocation, but no less than \$2,500.00~~ \$7,500.00, shall be imposed to cover OHFA's costs of handling the request. This fee shall accompany the request ~~and shall be nonrefundable.~~ If additional transfers are submitted at the same time and are essentially the same parties involved, then each additional transfer will be \$4,000.

(8) **Management Transfer fees.** In the event that the Owner submits a request for approval of a Transfer of the management company of the Development, a \$500.00 fee per Development shall be imposed to cover OHFA's costs of handling the request. This fee shall accompany the request and shall be nonrefundable.

~~(9) **Notice costs.** All costs of copies and postage costs incurred by OHFA in connection with the notification provisions contained in these Chapter 36 Rules at 330:36-2-11, Review Report at 330:36-2-13, and any occasion when OHFA incurs extra postage costs to accommodate the Applicant, must be paid by the Owner/Applicant as prescribed in the annual AP. Failure to do so may result in the rejection of consideration of the Application.~~

~~(10) **Copies of Rules.** Copies of these Chapter 36 Rules will be provided at a cost of \$10.00 per copy, but can be accessed via OHFA's website, www.ohfa.org. If a copy is requested, then a charge to defray production will be charged.~~

~~(10) **Compliance Workshops.** A cost sufficient to defray the total cost of the presentation will be charged for attendance at the Compliance Workshop.~~

~~(11) **Qualified Contract fees.** Submission deadlines for these fees will be established in the Qualified Contract Application (QCA) materials. Qualified Contract Preliminary Application (QCPA) fee shall be \$1,500.00 and is nonrefundable. Additionally, the nonrefundable Qualified Contract Application fee shall be \$12,500.00 plus any third party fees and expenses incurred by OHFA and not paid directly by the Applicant. Third party fees and expenses include but are not limited to appraisals for the entire property, market study, title reports, environmental reports, accountants review and reports, and legal services. This is not an all-inclusive listing. Any third party fees and expenses incurred by OHFA will be identified and Applicants will receive notice of the charge and reason.~~

~~(12) **Late fees.** The Form 8609(s) will not be issued unless these fees have been received by OHFA.~~

(A) **Progress reports.** Progress reports as required in 36-4-2.1 when filed late will be assessed a late fee of \$10.00 per calendar day, per each late report.

(B) **Carryover Allocations.** Owners who fail to timely file all requirements in the AP as to Agreement, Application, ten percent (10%) cost Certifications, opinions and documents shall incur \$100.00 late fee per calendar day.

(C) **Final Allocations.** Owners who fail to timely file all requirements in the AP as to the Regulatory Agreement, Application, cost Certifications, opinions and documents shall incur \$100.00 late fee per calendar day.

(D) **Transfer Documents.** Owners who fail to timely file all requirements in regard to the Transfer of Ownership or general partnership interest (or other type of entity) may incur \$25.00 late fee per calendar day.

(E) **Acknowledgment of Placed-In-Service Form.** Owners who fail to timely file an Acknowledgment of Placed-In-Service Form in accordance to timelines established in the AP shall incur \$10 late fee per calendar day.

(F) **Annual Owner Certifications.** Owners who fail to file a complete Annual Owner Certification as required in 36-6-7(c)(4) within thirty (30) days of the Due Date shall incur a \$50 per Development late fee per calendar day for the signed certification and a \$150 per unit late fee for failure to file in the electronic format prescribed by OHFA.

SUBCHAPTER 6. PROGRAM ADMINISTRATION

330:36-6-1. Program violations and revocation-

(a) The following are violations of OAHTC Program policies and procedures and these OAHTC Program Rules:

- (1) The filing of false information in an Application and/or a Development report;
- (2) Failure of an Applicant or Owner, as the case may be, to satisfy any of the requirements of the Code, applicable State or federal statutes, rules or regulations, these OAHTC Program Rules, or any requirements contained in the ~~annual~~ AP, or any Commitments made in the Application upon which the award of a TCA was based;
- (3) Breach of any of the terms, conditions, obligations, covenants, warranties, or representations of the Owner or Applicant contained in the Regulatory Agreement and/or the Carryover Allocation Agreement or the breach of any terms conditions, obligations or requirements set forth in any Resolution of the Trustees pertaining to the Applicant/Owner or the Development;
- (4) Notice by OHFA to the Owner that significant corrective actions are necessary to protect the integrity of the Development and that such corrective actions have not been, or cannot be, effected within a reasonable time, in the judgment of OHFA staff;
- (5) An administrative or judicial determination that the Applicant or Owner has committed fraud, waste, or mismanagement in any current or prior State or federally funded project;
- (6) The housing of a person(s) convicted of a felony or engaged in any illegal or criminal activities as set forth in this subsection, if the Owner, or managers of the Development, or any of their Affiliates, have knowledge of or about, or by reasonable inquiry should have known of same. The prohibition on housing shall apply to any person who:
 - (A) is currently engaged in, has been convicted of using, distributing, or manufacturing methamphetamine. Housing of such person shall be prohibited for a period of ten (10) years from the date of the conviction, or end of the incarceration, whichever is most recent.
 - (B) is currently engaged in, has been convicted of Violent Criminal Activity or Drug Related Criminal Activity. Housing of such person shall be prohibited for a period of three (3) years from the date of the conviction, or end of the incarceration, whichever is most recent.
 - (C) has been convicted of any other felonious activities other than Drug Related Criminal Activity or Violent Criminal Activity. Housing of such person shall be prohibited for a period of three (3) years from the date of the conviction or end of the incarceration, whichever is most recent.
 - (D) is subject to a lifetime registration requirement under a Federal or State sex offender registration program.
 - (E) is a sex offender, not subject to lifetime registration. Housing of such person shall be prohibited for a period of ten (10) years from the date of the arrest, conviction, or end of incarceration (whichever is later) or the period of required registration as a sex offender, whichever is greater.

- (7) The prohibition on the housing of a convicted felon shall not apply to qualified tenants of Transitional Housing or Permanent Supportive Housing, except that the housing of a person in any Transitional Housing or Permanent Supportive Housing shall be prohibited if said person:

- (A) is subject to a lifetime registration requirement under a Federal or State sex offender registration program, or
 - (B) is currently engaged in or has been convicted of a violent felony in the last three (3) years.
- (8) From and after the date of the filing of the Application, failure to notify OHFA of any material changes effecting the proposed Development, including, but not limited to, modifications to any representations contained in the Application, any amendments or modifications of the financing plan, syndicators or equity partners or any other Threshold requirement and/or changes in Development Team Members, contractors, property managers, ~~etc and the like~~. Notification must be filed with OHFA not less than sixty (60) calendar days prior to the proposed change. Approval by the Trustees is required for any changes or amendments involving the ownership or Control of the Development or the Owner after the Application is filed. This would include, but not be limited to, changes or Transfers of the Development, changes or modifications of the ownership or composition of the general partner entity (i.e. addition or removal of members, partners, stockholders, etc.), any addition, substitution, withdrawal or removal of any general partner. Other amendments may be handled administratively by staff, although staff reserves the right to refer any amendments to the Trustees for their consideration; or
 - (9) Failure to submit reports including but not limited to the timely filing of progress reports, updates, compliance reports, etc., and failure to provide OHFA with any additional information requested by OHFA within the period set forth in any request for information. Failure to pay fees when due. If payment is returned for insufficient funds, it will be deemed nonpayment and the amount to defray bank costs will be due.
 - (10) Little or no progress has been achieved with previous Tax Credit Reservations approved for the Applicant or Developer or any of the Principals of either. This would include, but not be limited to: failure to meet the minimum Carryover Allocation requirements resulting in the return of Credits; failure to have all Buildings Placed-In-Service no later than the close of the second calendar year following the calendar year in which the Allocation is made; or involvement of a foreclosure or deed-in-lieu of foreclosure within the past seven (7) years.
- (b) Failure to follow all required procedures throughout the Allocation process could jeopardize the final Allocation or result in housing Credits being revoked.

330:36-6-3. Corrective and remedial actions

- (a) Upon a determination by OHFA staff that a violation has occurred during the Application stages or prior to the filing of the Regulatory Agreement, OHFA may take any one or

Permanent Final Adoptions

more of the following actions when the cited violations are not corrected in a timely manner:

- (1) Condition Regulatory Agreements;
 - (2) Withhold Allocations of tax Credits;
 - (3) Reduce the total amount of the tax Credit award;
 - (4) Require the return of unused tax Credits;
 - (5) Deny future program Applications and participation for a specified period of time as determined by OHFA;
 - (6) Indefinitely suspend from program participation;
 - (7) File an action for specific performance; and/or
 - (8) Notify the IRS.
- (b) Additionally, OHFA shall have the right, upon discovery of facts or statements indicating possible program violations by an Applicant or Owner in regard to a Development, or a proposed Development or a pending Application, or a pending TCA, to request and obtain information regarding:
- (1) The administrative, planning, budgeting, management and evaluation functions, actions being taken to correct or remove the cause of the program violation(s);
 - (2) Any activities by an Applicant and/or Owner, or by an Affiliate of either of them that are, or might be in violation or breach of the Commitments made in the Application or that are, or might be, in violation of applicable laws, these Rules, the ~~annual~~ AP, and/or the applicable Carryover Agreement and/or the applicable Regulatory Agreement;
 - (3) The ability of the Applicant and/or Owner to fulfill the Commitments made to OHFA in the Application and/or the applicable Carryover Agreement and/or the applicable Regulatory Agreement, in a timely manner; and
 - (4) Progress schedules for completing and/or performing the Commitments made to OHFA in the Application and/or the applicable Carryover Agreement and/or the Regulatory Agreement in a timely manner.
- (c) Prior to OHFA taking any corrective and/or remedial actions, OHFA, may, in its sole discretion, issue a notice of a show cause hearing. The Applicant and/or Owner shall have thirty (30) business days to appear and show cause as to why corrective and/or remedial actions should not be taken. This language shall not be construed as a limitation on the compliance monitoring and reporting requirements of the Code and these Chapter 36 Rules.

330:36-6-5. Applicant and/or Owner responsibilities

- (a) An Applicant and/or Owner under the OAHTC Program shall be responsible for:
- (1) Taking all action necessary to enforce the terms of the Regulatory Agreement against any private or public Owner that fails to comply with applicable provisions of the Regulatory Agreement or any subcontract or documents resulting from it, and to recover on behalf of OHFA, all costs and expenses incurred by or on behalf of OHFA. Nothing in this subsection shall restrict OHFA's right to independently enforce the terms of the Commitments made to OHFA in the Application and/or the Regulatory Agreement or in any subcontracts or documents resulting

from either of them, or to recover any sums that may become due to OHFA as the result of a breach of any of the Commitments made to OHFA in the Application and/or the Regulatory Agreement, or in any such subcontracts or documents.

- (2) Complying with all applicable provisions of the Code, State and federal regulations, guidelines, circulars, rulings and notices, these Rules, the ~~annual~~ AP, the Application, the Regulatory Agreement between the Applicant and/or Owner, and/or in any subcontracts or documents resulting from either of them, and OHFA or other Program requirements that may be released by the Internal Revenue Service or OHFA from time to time.
 - (3) Maintaining records and accounts, including, but not limited to, property, personnel, financial and tenant records that properly document and account for all Development funds and compliance with the tenant Income Certification requirements of the Code, these Rules, the ~~annual~~ AP, and the application and the Regulatory Agreement. All records required by the Code or 26 CFR 1.42-5, as presently effective or as may be amended in the future, must be kept and retained by the Owner. Additional requirements of OHFA respecting said records may be included in the Regulatory Agreement. OHFA may require specific types and forms of records. All such records and accounts shall be made available upon request by OHFA for the purpose of inspection and use in carrying out its responsibilities for administration of the tax Credits.
 - (4) Retaining all books, documents, papers, records, and other materials involving all activities and transactions related to the Owner's Commitments to OHFA found in the Application and in the Regulatory Agreement, as required by the Code, State and federal regulations, the AP, the Application and the Regulatory Agreement.
- (b) OHFA may require the Applicant and/or Owner to provide special narrative and financial reports related to the elements of a written agreement in the forms and at such times as may be necessary or required by OHFA.
- (c) OHFA shall have the right to perform as many audits and/or compliance inspections of any Development, from time to time, in the complete discretion of OHFA, as OHFA deems necessary or appropriate to discharge its compliance duties to the IRS in regard to each Development for which TCAs have been awarded, at least through the end of the Compliance Period and Extended Use Period of the Buildings and units in the Development. Audits and compliance inspections may include physical inspection of any Building in the Development, as well as a review of the records described in this subchapter. The cost of any such audit shall be borne by the Applicant and/or Owner. The audit and inspection provisions of this subsection are in addition to any inspection of OAHTC Certifications, supporting documentation, or inspection of records performed pursuant to annual compliance review.

SUBCHAPTER 10. CREDIT ASSISTANCE/STIMULUS LEGISLATION

330:36-10-15. Other Enactments of Law

In the event additional federal or State assistance/stimulus programs benefiting the OAHTC Program become available to the State through OHFA, OHFA shall immediately implement such procedures as OHFA deems necessary, in its sole discretion, to access these funds for the purpose of Allocating, granting, awarding, etc. to Qualified Owners of Tax Credit Developments. The process developed for the current economic stimulus programs available and future enactments of law will be consistent with the goals of the Qualified Allocation Plan (QAP), the Chapter 36 Rules, Section 42 of the Code and any relevant rules, regulations, rulings or other guidance issued by the IRS and, as relevant the regulations of the HOME Program and guidance from HUD. The Application process and procedures developed will be reviewed ~~annually~~ by OHFA through normal procedures.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308 (E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

330:60-1-1. Purpose

The purpose of the Oklahoma Housing Trust Fund ("OHTF") is to ~~address declining affordable housing resources at the federal, state, and local levels, which act as an impediment to economic development and business expansion within the state. The intent of the OHTF is to assist moderate and low-income people in obtaining safe, decent and affordable housing with priority for such housing being given to low-income households.~~

330:60-1-3. Scope

During each year, ~~Funding~~ funding will be made available to eligible Applicants for the purpose of implementing specific Activities that further the purpose of the Program. ~~Persons which Apply to Oklahoma Housing Finance Agency.~~

330:60-1-4. Definitions

Masculine words, whenever used in this Chapter, shall include the feminine and neuter, and the singular includes

This language shall not be construed as a limitation on the compliance monitoring and reporting requirements of the OHTF Program ~~program~~ and these Chapter 60 Rules.

330:60-7-3. Awardee responsibilities

(a) An Awardee under the OHTF Program shall be responsible to:

- (1) Take all actions necessary to enforce the terms of the OHTF Documents against any private or public participant that fails to comply with applicable provisions of the OHTF Documents, or any subcontract or documents resulting from them, and to recover on behalf of OHFA, any liabilities that may arise as a result of a breach of the OHTF Documents by any participant. Nothing in this subsection shall restrict OHFA's right to independently

enforce the terms of any OHTF Document or any subcontracts or documents resulting from it, or to recover any sums that may become due as the result of a breach of such document.

(2) Comply with all State Statutes, these OHTF rules, and ~~any~~ the OHTF Documents that may be released by OHFA from time to time.

(3) Maintain records and accounts, including, but not limited to property, personnel, and financial records that properly document and account for all ~~Funds~~ funds. OHFA may require specific types and forms of records. All such records and accounts shall be made available upon request by OHFA for the purpose of inspection and use in carrying out its responsibilities for administration of the ~~Funds~~ funds.

(4) Retain all books, documents, papers, records, and other materials involving all activities and transactions related to the award of the OHTF ~~Funds~~ funds for at least three (3) years from the date of the end of the Term Affordability Period, or until any audit findings have been resolved, whichever is later. As often as deemed necessary by OHFA, shall permit OHFA to have full access to and the right to fully examine all such materials.

(5) Promptly return to OHFA, any ~~Funds~~ funds received under its OHTF Documents that are not obligated as of the final date of the OHTF Documents. Funds shall be obligated only if goods and services have been received as of the final date of the OHTF Document period.

(6) Comply with all applicable State requirements.

(b) OHFA may require a special narrative and/or financial reports in the forms and at such times as may be necessary or required by OHFA. Also OHFA may require audits pertaining to Awardee as necessary.

330:60-7-4. Review and appeals process and Trustee discretion

(a) Applicants for OHTF funding may review their Applications and OHFA's review documents any time after OHFA has publicly released funding decisions.

(b) Appeals cannot introduce new documentation that would change the basis on which a funding decision was made. Additionally, requests for appeals shall be made within thirty (30) days after the Applicant has been notified that the Application was not funded.

(c) The Trustees may in their sole discretion allocate ~~Funds~~ funds to an Activity if the Activity is determined by the Trustees to be in the interests of the State.

(d) A decision by the Trustees will constitute a final order.

330:60-7-5. OHFA's responsibilities

OHFA will review and verify, but is not limited to, the following duties:

- (1) ~~Maintenance of records for each Activity and/or unit.~~ OHFA will verify the Awardee is maintaining records for each qualified affordable housing unit in the Development.
- (2) Possession of valid Certificate(s) of Occupancy.

(3) Physical inspection of 100% of the OHTF Developments/units according to HUD inspection standards as set forth in the Application. Owner must allow OHFA to perform inspections throughout the Term of Affordability for rental Developments. For homebuyer Developments, only an initial inspection may be performed.

(4) Correct income limits were used in selection and on-going compliance requirements for rental Developments. For homebuyer Developments, only an initial review may be performed.

(5) A copy of the deed restrictions, covenant running with land or other forms approved by OHFA ensuring the Term of Affordability.

(6) OHFA will notify in writing the Awardee if staff discovers that the Activity does not comply with the OHTF Rules. In such event, a correction period to supply missing documentation or to correct noncompliance may be allowed.

GIST/ANALYSIS:

These permanent Chapter 75 Rules are adopted to replace the emergency rules adopted last year. Only minor changes were made between the emergency and permanent rules.

The rules of this Chapter have been proposed for the purpose of complying with the provisions of the Administrative Procedures Act, 75 O.S., Section 250 et seq. This Chapter shall be applicable to Oklahoma Housing Finance Agency (OHFA) programs, transactions and activities relating to the National Housing Trust Fund (NHTF) Program. The Trustees reserve the right to adopt, from time-to-time, priorities for financing Projects pursuant to this Chapter, and to establish additional criteria for evaluating proposed Projects and Awardees in regard to such priorities. Any such priorities and/or criteria shall be provided to each party inquiring about OHFA financing pursuant to this Chapter and will be posted on the website of OHFA. The Trustees are also required to administer the Program in a manner consistent with Oklahoma's Housing Antidiscrimination Act, 15 O.S., Sections 1451-1453 and all federal laws prohibiting discrimination, including 42 U.S.C., Section 1983 and the Fair Housing Act, as amended 42 U.S.C., Sections 3601 et seq.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

330:75-1-1. Purpose

The intent of the National Housing Trust Fund Program is to complement existing federal, State and local efforts to increase and preserve the supply of decent, safe, and sanitary affordable Housing for Very Low-Income Families and Extremely Low-Income Families, including homeless families. As set forth in the Interim Rule, Very Low-Income Families may only be assisted if the total funding for the entire federal Program exceeds \$1 Billion. In all instances, at least seventy-five percent (75%) of the funding must assist Extremely Low-Income Families or families with incomes at or below the Poverty Line, whichever is greater. If less than \$1 Billion is available to fund the entire Program, one hundred percent (100%) of the funds must assist Extremely Low-Income Families or families with incomes at or below the Poverty Line, whichever is greater.

330:75-1-2. Authority

The National Housing Trust Fund Program was established under Title I of the Housing and Economic Recovery Act of 2008, Section 1131 (Public Law 110-289). The Oklahoma Housing Finance Agency (OHFA) has been designated as the State's administrative agency for purposes of administering the State's National Housing Trust Fund Program.

330:75-1-3. Scope

During each Program Year, financial assistance will be made available to eligible Applicants for the purpose of implementing specific activities that further the stated purpose of the National Housing Trust Fund Program. Financial assistance will be made available in the form of grants or loans as set forth in the Allocation Plan and the Application Packet.

330:75-1-4. Definitions

The following words and terms, when used in this Chapter, shall have the following meanings unless the context clearly indicates otherwise. Additional capitalized terms used in this Chapter 75 Rules may be defined in the Act. When a conflict exists between the following definitions and the Act, the Act shall control.

"Act" means Title I of the Housing and Economic Recovery Act of 2008, Section 1131 (Public Law 110-289).

"Allocation Plan" means the State's annual Program description for the Administration of National Housing Trust Fund Program Funds received by the State. The Allocation Plan is included in the Consolidated Plan and must be reviewed and approved by HUD.

"Applicant" means an eligible entity that has applied for or will apply for National Housing Trust Fund Program funding.

"Application" means an Application from an eligible entity for funding from the State's allocation of funds for the National Housing Trust Fund.

"Application Packet" means the required Program documents stating the National Housing Trust Fund Program objectives, the State-specific objectives for the National Housing Trust Fund, and method of distribution of National Housing Trust Fund Program Funds (including program income and recaptured funds), as well as the required forms for filing an Application for National Housing Trust Fund Program Funds.

"Consolidated Plan" means a plan prepared in accordance with the requirements of 24 CFR Part 91 which describes community needs, resources, priorities and proposed activities to be undertaken under certain HUD programs, including the National Housing Trust Fund Program.

"Extremely Low-Income Families" means low-income families whose annual incomes do not exceed thirty percent of the median family income for the area, as determined by HUD, with adjustments for family size.

"Housing" means manufactured housing and manufactured housing lots, permanent housing for disabled and homeless persons, single-room occupancy housing, and group homes. "Housing" does not include emergency shelters (including shelters for disaster victims) or facilities such as nursing homes, convalescent homes, hospitals, residential treatment facilities, halfway houses, housing for students, or dormitories (including farmworker dormitories).

"HUD" means the United States Department of Housing and Urban Development.

"Interim Rule" means the National Housing Trust Fund Program requirements as set forth in 24 CFR Part 93, Sections 93.1 et seq.

"National Housing Trust Fund Program" means the National Housing Trust Fund Program as established under Title I of the Housing and Economic Recovery Act of 2008, as set forth therein.

"National Housing Trust Fund Program Regulations" means the regulations pursuant to the Interim Rule at 24 CFR Part 93.

"OHFA" means the Oklahoma Housing Finance Agency. OHFA has been designated by the Governor to administer the State's National Housing Trust Fund Program on behalf of the State.

"Poverty Line" means the Poverty Line as defined in Section 673 of the Omnibus Budget Reconciliation Act of 1981 (42 U.S.C. 9902).

"Program Funds" means all appropriations for the National Housing Trust Fund Program, plus all Program Income and other returned and recaptured funds.

"Program Income" means gross income received by OHFA or the Recipient that is directly generated by the use of Program Funds, as further defined in the Interim Rule.

"Program Year" means the period selected by OHFA in which it shall administer its formula allocation for the National Housing Trust Fund Program.

"Project" means a site or sites, together with any building or buildings that are to be assisted with National Housing Trust Fund Program Funds as a single undertaking.

"Recipient" means any eligible Applicant or entity receiving National Housing Trust Fund Program Funds through OHFA. The use of the term "Recipient" instead of "Awardee" as used in most of OHFA's funding programs, is to maintain consistency with the Program terminology as used by HUD in the Interim Rule.

"State" means the State of Oklahoma.

"Very low-income families" means families whose annual incomes are in excess of 30 percent but not greater than 50 percent of the median family income for the area, as determined by HUD, with adjustments for family size.

"Written Agreement" means the contract between OHFA and an Recipient of Program Funds, setting forth the terms and conditions that must be met by the Recipient to satisfactorily complete a NHTF Program Project and comply with the Interim Rule and these Chapter 75 Rules.

330:75-1-5. National standards incorporated by reference

(a) The national standards for development of the Program description are hereby incorporated by reference. The standards are set forth in the regulations promulgated thereunder by HUD to implement the Program, as amended, published at 24 CFR Part 93 Sections 93.1 et seq.

(b) Copies of these federal laws and regulations may be obtained from OHFA, during regular business hours Monday through Friday 8:00 a.m. to 4:45 p.m., excluding legal holidays.

330:75-1-6. Recipients' implementation manual

(a) Recipients must enter into a Written Agreement with OHFA containing all requirements of the Interim Rule. OHFA shall provide each Recipient a Program implementation manual.

(b) Requirements, procedures, and processes provided in the Program implementation manual and amendments to same shall apply to all Program funded Projects.

330:75-1-7. Technical assistance

OHFA shall designate staff members who shall be available to provide general Program technical assistance regarding proposed Project concepts and Program implementation.

330:75-1-8. Process to establish funding priorities

The National Housing Trust Fund Program falls under the Community Planning and Development division of HUD, and must be included in the State's Consolidated Plan. Each Program year, OHFA will hold informal and formal public input sessions for the Program as part of the Consolidated Planning process. OHFA will take comments and suggestions from interested parties and consider possible changes to funding priorities for the Program. In addition, OHFA will consider data provided by HUD and obtained by other local and federal

Permanent Final Adoptions

sources. Once the Consolidated Plan update has been submitted to HUD and has been approved, OHFA will draft an Application Packet for use by potential Applicants. OHFA will hold a public input session on the Application Packet and consider any public comments and suggestions. After a final version of the Application Packet has been drafted, it will be formally approved by OHFA's Board of Trustees before any Applications are accepted.

330:75-1-9. Compliance requirements

(a) The Applicant, the Development, the Owner(s), Development Team and the Affiliates of each, must comply with all applicable federal, State and local laws, rules, regulations and ordinances, including but not limited to, the Oklahoma Landlord Tenant Act, Titles VI and VII of the Civil Rights Act of 1964, as amended and Title VIII of the Civil Rights Act of 1968, as amended. Neither the Applicant, the Owners(s), the Development Team nor the Affiliates of each shall discriminate on the basis of race, creed, religion, national origin, ethnic background, age, sex, familial status, or disability in the lease, use or occupancy of the Development or in connection with the employment or application for employment of Persons for the operation and/or management of any Development. Owners(s) of a Development will be required to covenant and agree in the regulatory agreement to comply fully with the requirements of the Fair Housing Act as it may from time to time be amended, for the time period promised in the Application.

(b) Any awards by OHFA are subject to compliance with all applicable federal and State laws and all rules and regulations promulgated thereunder and all local ordinances, rules and regulations applicable to the Development, its financing, or any portion or aspect thereof.

(c) The Applicant and all members of the Development team and the Affiliates of each must be in compliance with, and good standing under, any OHFA program in which any may participate.

SUBCHAPTER 3. FUNDS

330:75-3-1. Funds distribution

(a) Program Funds allocated annually to the State by HUD shall be awarded to eligible Applicants through a formal Application process. Submission requirements for Project Applications will be developed periodically by OHFA in the Application Packet and described in Program Application materials.

(b) Program Funds will be awarded according to the Act, federal regulations and guidelines, the Consolidated Plan, the annual Allocation Plan, and the Application Packet.

(c) The Application Packet shall be made available to eligible Applicants and interested parties upon request. Requests for the Application Packet should be directed to OHFA. The Application Packet will be made available on OHFA's website, www.ohfa.org.

330:75-3-2. Funding activities

(a) The annual allocation of Program Funds made available to the State by HUD shall be divided into various eligible Program activities. The amount of the annual State allocation devoted to each eligible activity will be determined by OHFA and will be set out in the annual Allocation Plan and the Application Packet.

(b) OHFA will use Administrative funds as permitted by HUD, the Act, and the Interim Rule to support overall Program delivery and operation activities.

330:75-3-3. Geographic allocation of funds

OHFA will make awards of Program Funds throughout the State. Awards of Program Funds will be consistent with OHFA's mandate to affirmatively further fair housing choice, and any applicable Analysis of Impediments to Fair Housing Choice or Affirmatively Furthering Fair Housing Plan. An award of Program Funds for an Application proposing to newly construct rental housing will require a review of Site and Neighborhood Standards as required by HUD.

330:75-3-4. Award amounts

(a) Maximum award amounts for each eligible activity may be established periodically in the Application Packet, to insure maximum utilization of the State's allocation of Program Funds.

(b) Award maximums applicable to Program activities shall apply to all Applications and awards made in that Program Year.

330:75-3-5. Partial funding

OHFA reserves the right within its discretionary authority to adjust Program Application award maximums based on the most efficient, equitable and practicable utilization of the State's allocated funds.

330:75-3-6. Reallocation of additional Program funds

(a) Annually, additional funds for Program Projects may become available as the result of:

- (1) Project cancellations;
- (2) Projects completed under original cost estimates;
- (3) Funds awarded but not utilized; or,
- (4) Other circumstances.

(b) As set forth in the Application Packet, OHFA shall reallocate these funds based on the amount of funds available and the reallocation plan described in the Application Packet.

(c) Any reallocation of Program Funds will follow all the provisions of the Interim Rule, these Chapter 75 Rules, and the Application Packet.

SUBCHAPTER 5. PROJECT APPLICATION AND SELECTION

330:75-5-1. Project applications

- (a) Eligible Applicants seeking Program funding must submit a written Application in the form prescribed in Application Packet. All Applications will be required to contain sufficient information to permit OHFA to conduct a review and assessment, and selection as described in the Application Packet.
- (b) The documentation as set forth in the Application Packet will be required of all Applicants, and will contain all necessary information to assist potential Applicants in the preparation of Applications.

330:75-5-2. Applicant selection

- (a) For the purpose of selecting Program Applicants for funding award, OHFA shall periodically develop selection criteria, which conform to the Program objectives and method of distribution described in the annual Allocation Plan and the Application Packet. The selection criteria will be set forth in the Application Packet.
- (b) Some of the selection criteria are mandated by HUD in the Interim Rule.

SUBCHAPTER 7. PROGRAM ADMINISTRATION

330:75-7-1. Program income

OHFA and all recipients of Program Funds shall comply with all federal regulations regarding Program Income.

330:75-7-2. Program violations

Violations of Program policies include, but are not limited to, the following:

- (1) The filing of false information in an Application and/or Project report;
- (2) Failure of a Recipient to meet requirements of a federal statute, federal regulation, the Interim Rule, or these Title 330 Chapter 75 rules;
- (3) Deviation from the Written Agreement terms or failure to meet the Written Agreement terms;
- (4) Notice by HUD and/or OHFA that significant corrective actions are necessary to protect the integrity of the Project funds, and that these corrective actions are not or cannot be completed within a reasonable time, in the judgment of HUD and/or OHFA staff;
- (5) An administrative or judicial determination that the Recipient has committed fraud, waste, or mismanagement in any current or prior State or federally funded project.

330:75-7-3. Corrective and remedial actions

- (a) Under any of the circumstances previously described as violations during the Application stage or Written Agreement execution, OHFA may take the following actions, or other actions it deems necessary:
 - (1) Condition Written Agreements;
 - (2) Withhold funds;
 - (3) Reduce the total amount of the Program award;

- (4) Require the return of unexpended funds;
- (5) Cancel a Written Agreement and recover all funds expended in an ineligible manner prior to the date of notice of cancellation;
- (6) Deny future Program Applications and participation for a specified period of time as determined by OHFA.
- (7) Indefinitely suspend from Program participation.
- (b) Additionally, OHFA reserves the right under circumstances of possible Program violations to request information regarding the following, or other information it deems necessary:
 - (1) The administrative, planning, budgeting, management and evaluation functions, actions being taken to correct or remove the cause of the Program violation(s);
 - (2) Any activities undertaken that were not in conformance with the approved Program or Application process or that are in non-compliance with applicable laws or regulations;
 - (3) The Recipient's capacity to carry out the approved or proposed Project in a timely manner; and,
 - (4) Progress schedules for completing approved or proposed activities.

330:75-7-4. Recipient responsibilities

A Recipient under the National Housing Trust Fund Program shall be responsible for:

- (1) Taking all action necessary to enforce the terms of the Written Agreement against any private or public participant that fails to comply with applicable provisions of the Written Agreement or any subcontract or documents resulting from it, and to recover on behalf of OHFA, any liabilities that may arise as a result of a breach of the Written Agreement by any participant. Nothing in this subsection shall restrict OHFA's right to independently enforce the terms of any Written Agreement or any subcontracts or documents resulting from it, or to recover any sums that may become due as the result of a breach of such Written Agreement.
- (2) Complying with all state and federal regulations, guidelines, circulars and notices as set forth in the Interim Rule, these National Housing Trust Fund Program Rules, the Written Agreement between the Recipient and OHFA and/or the Implementation Manual, or other guidance, circulars and notices that may be released by HUD and/or OHFA from time to time.
- (3) Maintaining records and accounts, including, but not limited to, property, personnel, and financial records that properly document and account for all Project funds. OHFA may require specific types and forms of records. All such records and accounts shall be made available upon request by OHFA for the purpose of inspection and use in carrying out its responsibilities for administration of the funds.
- (4) OHFA may require the Recipient to provide special narrative and financial reports related to the elements of a Written Agreement in the forms and at such times as may be necessary or required by OHFA.

Permanent Final Adoptions

(5) Retaining all books, documents, papers, records, and other materials involving all activities and transactions related to its Written Agreement for at least five years from the date of submission of the final expenditure report or until any audit findings have been resolved, whichever is later. Recipient shall, as often as deemed necessary by OHFA, permit authorized representatives of OHFA, HUD, and the Comptroller General to have full access to and the right to fully examine all such materials.

(6) Promptly returning to OHFA, any funds received under its Written Agreement that have not been obligated as of the final date of the Written Agreement period. Funds shall be obligated only if goods and services have been received as of the final date of the Written Agreement period.

(7) Complying with OHFA's audit policy as applicable to the Recipient.

(8) Providing OHFA timely copies of reports on any audits that include funds received from OHFA.

(A) Audits shall be performed by a by a public accountant or public accounting firm, or a certified public accountant or certified public accounting firm.

(B) The audit shall be performed in accordance with Government Auditing Standards; Compliance Supplement for Single Audits or State and Local Governments; generally accepted auditing standards established by the American Institute of Certified Public Accountants; and OHFA.

(9) Complying with all applicable federal requirements.

330:75-7-5. OHFA's responsibilities

OHFA's responsibilities include, but are not necessarily limited to, the following duties:

(1) OHFA will verify that the Recipient is maintaining records for each qualified affordable housing unit in the Project.

(2) Verification of whether Recipient is in possession of valid Certificate(s) of Occupancy.

(3) Physical inspection of the Project pursuant to HUD's Uniform Physical Condition Standards as set forth in the Interim Rule. Owner must allow OHFA to perform inspections throughout the affordability period as stated in the Written Agreement.

(4) Verification of Recipient's use of the correct and most current income limits and rent limits as established by HUD.

(5) Verify that the Recipient has filed the necessary deed restriction, covenants running with the land, or other approved forms of protection of the affordability period.

(6) OHFA will notify in writing the Recipient if staff discovers that the Activity does not comply with the NHTF Rules. In such event, a correction period to supply missing documentation or to correct noncompliance may be allowed.

330:75-7-6. Review and appeals process

(a) Applicants for Program Funds may review their Applications and OHFA's application review documents any time after OHFA Staff has publicly released its funding recommendations. Written notice must be given to OHFA, and OHFA will have at least three (3) working days to grant any such requests for review. Written notice may be in electronic form.

(b) OHFA's Board of Trustees makes the final decisions regarding awards of Program Funds. Therefore, appeals of the funding recommendations of OHFA Staff must be made at the Board of Trustees meeting at which the Applications are considered. Appeals cannot introduce new documentation that was not included with the original Application for Program Funds.

(c) The OHFA Board of Trustees will consider the Application, OHFA Staff's recommendations, the presentation of the Applicant, these NHTF Program Rules (OAC 330:75), the Consolidated Plan, the Allocation Plan, and the Application Packet. The procedures set forth in OAC 330:1 and Article II of the Oklahoma Administrative Procedures Act, 75 O.S., Sections 309, *et seq.* (the "OAPA") will be followed. The meeting will be considered an individual proceeding under the OAPA and the decision of the OHFA Board of Trustees will constitute a Final Order. No further appeals will be considered.

(d) The public may appear at any OHFA Board of Trustees meeting to speak on behalf of or in opposition to an award of Program Funds. Presentations by members of the public are subject to the limitations of time and scope imposed by the OHFA Board of Trustees pursuant to the procedures set forth in paragraph (c) above.

PART 3. INVESTIGATIONS

340:2-3-34. Administrator's responsibilities regarding allegations reportable to Office of Client Advocacy (OCA)

(a) **Facility administrator's responsibility for protection, safety, health, and welfare of children and vulnerable adults.** When OCA intake receives an allegation of maltreatment by a vulnerable adult caretaker (VAC) or a person

responsible for the child of interest (PRFCI), from anyone other than the administrator or the administrator's designee, of the facility or provider responsible for the client, OCA intake promptly notifies the applicable administrator of the allegation.

(1) Upon becoming aware of an allegation of caretaker maltreatment involving an OCA client, an administrator or the administrator's designee ensures the safety, protection, and needed medical attention of any client named in the allegation and other clients receiving services from the facility or provider.

(2) When criminal activity is alleged regarding a child or vulnerable adult, the administrator or the administrator's designee immediately notifies the appropriate local law enforcement authority. The types of criminal activity reported to law enforcement include, but are not limited to, the use or possession of illegal drugs, domestic abuse, illegal sexual activity, illegal use of alcohol, theft of money, property, or medication that is a controlled substance, and when someone other than a caretaker is believed to have committed the allegation.

(3) The administrator or the administrator's designee takes necessary personnel actions to ensure the protection and safety of the alleged victim(s) and other clients. When necessary to ensure safety, ~~an Immediate Protective Action Plan (IPAP)~~ a Plan for Immediate Safety (PFIS) is completed with an OCA investigator. The creation of the ~~IPAP~~ PFIS may include consultation with: Oklahoma Department of Human Services (DHS) Developmental Disabilities Services (DDS), Child Welfare Services (CWS), Specialized Placements and Partnerships Unit (SPPU), Child Care Services (CCS), or the Oklahoma Office of Juvenile Affairs (OJA). OCA does not determine or approve personnel actions taken by an administrator or the administrator's designee in response to allegations reported to OCA.

(4) In the event of alleged abuse or neglect of a Hissom class member by a provider's employee or subcontractor, the administrator or the administrator's designee ensures the protection and medical attention for any class member named in an allegation or other individual served. In the event of alleged abuse or neglect by an individual serving as a provider, it is the responsibility of the class member's case manager to ensure protection, medical attention, or both for the class member. OCA intake notifies the applicable DDS area manager by email within one business day of receipt of a referral of abuse or neglect by an individual serving as provider for the class member.

(b) **Preliminary assessment.** Upon learning of an incident reportable to DHS, the administrator or the administrator's designee:

- (1) immediately ensures the safety of any client(s) named in the referral;
- (2) secures any physical evidence and gathers documents within the possession, custody, or control of the facility or provider relevant to the allegation;
- (3) immediately photographs injuries. Photographs are taken by a person uninvolved in the incident that is the subject of the allegation relating to the injuries; and

Permanent Final Adoptions

- (4) coordinates activities with OCA and other agency or law enforcement authorities involved in investigating the referral.
- (c) **Collecting pertinent reports and documents.** The administrator ~~or the administrator's designee~~ determines which employees were present when the alleged incident occurred and requires each employee to submit a written account of the alleged incident. The administrator ~~or the administrator's designee~~ collects medical records, documents, reports, and other documentary evidence that pertains to the alleged incident, within the facility or provider's possession, custody, or control, and places them in a file for OCA investigative and other investigative authorities' use. The administrator ~~or designee~~ securely maintains documents collected during the preliminary assessment.
- (d) **OCA access to documents and evidence.** Upon request, an OCA investigator is provided a copy of and access to the original written statements, incident reports, relevant documents, records, reports, photos, and other evidence collected during the preliminary assessment.
- (e) **Prohibition from interviewing during preliminary assessment.** Facility or provider employees do not conduct an investigation of an alleged incident while the OCA decision to accept the referral for investigation is pending, or during an open OCA investigation. To avoid the consequences of over-interviewing parties involved in an alleged incident, the preliminary assessment is limited to inquiries regarding those involved, obtaining written statements, and clarifying information needed to take appropriate action to ensure client safety. Determining if a staff member engaged in maltreatment is not the goal of a preliminary assessment. Once there is reason to believe ~~abuse or neglect-maltreatment may have~~ occurred, the preliminary assessment ceases, and the incident is reported to the ~~OKDHS~~DHS Abuse and Neglect Hotline (Hotline), when it involves a juvenile; or to the OCA Intake Unit when the alleged victim is a vulnerable adult. Outside of regular business hours reports of abuse or neglect of a vulnerable adult are reported to the Hotline. This prohibition does not extend to interviews and investigations conducted by law enforcement when responding to a report of criminal activity. The assigned OCA investigator coordinates activities with local, state, and federal law enforcement entities to seek the most appropriate investigative response to the referral.
- (f) **Facility and provider contact person.** The facility or provider administrator is responsible for the care of each individual per Oklahoma Administrative Code (OAC) 340:2-3-32(a)(2) and designates a contact person for OCA. The administrator ~~or the administrator's designee~~ informs the advocate general of the name, phone number, and email address of the designated contact person and immediately notifies the advocate general ~~in writing of changes to the information by email or mail or email, of changes to the information.~~ The designated contact person is available by ~~telephone, phone,~~ telephone, phone, or email at all times. Form 15IV011E, Designation of Contact Person for Client Investigations, may be used for this purpose.
- (g) **Documentation provided by the Robert M. Greer Center (Greer).** Within one business day of Greer submitting

an incident report to the Oklahoma State Department of Health, a ~~five-day~~five-business day report, or a final report regarding an allegation reported to OCA intake, the facility sends OCA intake a copy by ~~email or fax or email attachment.~~

(h) **Ensuring confidentiality.** Administrators maintain information, files, and documents regarding referrals made to OCA intake ~~or to the Hotline~~, including OCA investigation reports distributed per ~~OAC~~Oklahoma Administrative Code 340:2-3-36, in a manner that protects information confidentiality.

- (c) **Notice of investigation provided to person responsible for the child of interest (PRFCI).** Per 10A O.S. § 1-2-106, at initial contact with a PRFCI who is the subject of an investigation pursuant to the Oklahoma Children's Code, DHS advises the PRFCI of the specific complaint or allegation made against him or her.
- (d) **Written description of the investigation process provided to PRFCI.** When DHS is unable to locate the PRFCI who is the subject of an investigation, DHS as soon as possible after initiating the investigation of the person, provides the person a brief and easily understood written description of the investigation process that includes information per 10A O.S. § 1-2-106.
- (e) **Reportable incident regarding vulnerable adult reported by DHS to law enforcement.** Per ~~43A O.S. § 10-104~~ 43A O.S. § 10-105(B)(1), the DHS investigation of a vulnerable adult ~~by DHS~~ includes notification of the allegation to the local law enforcement agency.
- (f) **Notice of investigation provided to vulnerable adult's caretaker (VAC), legal guardian, and next of kin.**
 - (1) Per 43A O.S. § 10-105.1, as soon as possible after initiating an investigation of a referral regarding a vulnerable adult, DHS provides the alleged victim's caretaker, legal guardian, and next of kin, notice that includes a brief oral summary and a written description of the investigation process, whether or not the caretaker, guardian, or next of kin is alleged to be the perpetrator of the abuse, neglect, or exploitation of the vulnerable adult.
 - (2) When the vulnerable adult retains capacity to consent to voluntary services and does not wish for a caretaker or next of kin to receive notification of the investigation, DHS abides by the vulnerable adult's wishes.
- (g) **Facility or provider responsibility to arrange document production, visits, and interviews.** The applicable facility administrator or the administrator's designee arranges document production, site visits, and interviews per OCA request.
 - (1) The facility or provider administrator or the administrator's designee who employed the accused PRFCI or VAC at the time of the alleged incident informs the employee of:
 - (A) the OCA investigator's name and ~~telephone~~ phone number;
 - (B) the investigative process described in this Section;
 - (C) except as stated in paragraph (2) of this subsection, the employee's rights and responsibilities relating to the investigation described in subsection (1) of this Section, using Form 15IV005E, Rights and Responsibilities of Accused Caretakers; Form 15IV006E, Investigations of Foster Parent Retaliation Complaints - Rights and Responsibilities of Accused DHS Employees; Form 15IV004E, Investigations of Client Maltreatment - Rights and Responsibilities of Accused DHS Employees; or a substantially similar provider or agency form, a copy of which is provided

- to the OCA investigator except as stated in paragraph (2) of this subsection; and
- (D) the allegation made against the PRFCI or VAC without divulging the identity of the reporting party or the substance of the evidence.
- (2) When the PRFCI or VAC is subject to the Community Services Worker (CSW) Registry maintained by DHS Legal Services, the rights and responsibilities of the accused community services worker and Medicaid personal care assistant ~~is~~ are found in OAC 340:100-3-39.
 - (A) The facility or provider administrator or the administrator's designee promptly completes Form 06PE059E, Rights and Responsibilities of Community Services Worker in an Investigation of Maltreatment, per OAC 340:100-3-39(e)(2)(C).
 - (B) The facility or provider administrator or the administrator's designee mails Form 06PE059E to the worker when it is not possible to hand-deliver it to the worker who is no longer employed by the provider.
- (h) **OCA access to victims, employees, clients, facilities, files, and other records.**
 - (1) The applicable facility or provider administrator or the administrator's designee arranges for the OCA investigator to have immediate and direct access to any alleged victim in the referral who is still a client of the facility or provider.
 - (2) During an OCA investigation, DHS, Office of Juvenile Affairs (OJA), Oklahoma Department of Rehabilitation Services (ODRS), Oklahoma Department of Mental Health and Substance Abuse Services (ODMH-SAS), the J.D. McCarty Center, providers, and facilities and persons who contract with them, provide OCA access to all employees, clients, facilities, locations, files, and records of any nature that may pertain to the investigation.
 - (3) Denial of access may be grounds for a contract termination between DHS and the contractor.
- (i) **Court order allowing entry to premises, access to and exam of the child, and access to child's medical, psychological, or psychiatric records.** Per 10A O.S. § 1-2-105:
 - (1) the investigation may include a medical, psychological, or psychiatric examination of any child in the home or in an out-of-home placement. When admission to the home, school, or any place where the child may be located cannot be obtained, the district court having jurisdiction, upon application by the district attorney and upon cause shown, orders the PRFCI, or the person in charge of any place where the child may be located, to allow entrance for the interview, examination, and investigation;
 - (2) when the PRFCI does not consent to the DHS requested medical, psychological, or psychiatric examination of the child, the district court having jurisdiction, upon application by the district attorney and upon cause shown, orders the examination to be made at the times and places designated by the court; and
 - (3) the investigation may include an inquiry into the possibility the child has a history of mental illness. When the PRFCI does not allow DHS access to requested behavioral health records or treatment plans that may be relevant

Permanent Final Adoptions

to the alleged abuse or neglect, the district court having jurisdiction, upon application by the district attorney and upon good cause shown, allows DHS by order, access to the records pursuant to terms and conditions prescribed by the court.

(j) **Court order allowing entry to premises, private access to the vulnerable adult, or records and documentation.**

(1) Per 43A O.S. § 10-105, the DHS investigation includes:

- (A) a visit to the home or other place of residence of the person who is the subject of the report;
- (B) a private interview with the person who is the subject of the report; and
- (C) consultation with persons who have knowledge of the circumstances.

(2) When in the course of an investigation, DHS is denied entrance to the home or other place of residence of a person believed to be a vulnerable adult in need of protective services, or is denied a private interview with the vulnerable adult, DHS may petition the court for an order allowing entry to the premises or private access to the vulnerable adult per 43A O.S. § 10-105.

(3) The court makes a finding of probable cause of the vulnerability of the adult before issuing the order.

(4) When documentation, or access to records, or other information relating to the alleged vulnerable person is denied, DHS may petition the court for an order allowing entry or access. The petition states the name and address of the person who is the subject of the report and alleges specific facts sufficient to show the circumstances of the person are in need of investigation.

(5) When it is necessary to forcibly enter the premises, DHS enters, accompanied by a peace officer per 43A O.S. § 10-105.

(k) **Discrimination, retaliation, or interference in an OCA investigation prohibited.**

(1) ~~10A O.S. § 1-2-101(B)(4) prohibits discrimination or retaliation states that an employer, supervisor, or administrator shall not interfere, discriminate, or retaliate against a person who in good faith provides information about a reportable incident or testifies in any proceeding involving child abuse or neglect.~~

(2) ~~21 O.S. § 455 makes states it is a felony to interfere with a child abuse investigation or a vulnerable adult investigation:~~

~~(A) willfully prevent or attempt to prevent, threaten, cause, or procure physical harm through force or fear:~~

- ~~(i) with intent to prevent a witness from testifying or to alter his or her testimony;~~
- ~~(ii) from providing any record, document, or object in any proceeding; or~~
- ~~(iii) from making a report of child abuse or neglect or a report of abuse, neglect, or exploitation to a vulnerable adult; or~~

~~(B) harass, or cause a witness to be harassed because of:~~

~~(i) testimony given by that person in any proceeding; or~~

~~(ii) making a report of child abuse or neglect or a report of abuse, neglect, or exploitation to a vulnerable adult.~~

(3) A DHS employee who interferes with an OCA investigation may be subject to administrative action. Interference includes, but is not limited to:

- (A) intimidating, harassing, or threatening a party to the investigation;
- (B) retaliation against an employee for reporting an allegation; or
- (C) denial of access to clients, employees, facilities, witnesses, records, or evidence.

(34) 43A O.S. § 10-104(K) states an employer ~~shall~~ will not terminate the employment, prevent or impair the practice or occupation, or impose any other sanction on ~~any~~ an employee solely for the reason the employee made or caused to be made a report, or cooperated with an investigation pursuant to the Protective Services for Vulnerable Adults Act, 43A O.S. §§ 10-101 et seq.

(l) **Rights and responsibilities of accused PRFCI or VAC.** The rights and responsibilities of the accused PRFCI or VAC during an OCA investigation are outlined in this subsection, except when the accused is a community services worker, whose rights and responsibilities are found at OAC 340:100-3-39.

(1) **Rights.** During the investigation process, an accused PRFCI or VAC has the right to:

- (A) be advised of the nature of each allegation made against him or her;
- (B) be advised by OCA of the investigative process involving caretaker maltreatment;
- (C) be interviewed by the OCA investigator and allowed to give his or her position regarding the allegation;
- (D) be advised by the OCA investigator of the substance of the evidence against him or her, but not the identity of the person reporting the allegation;
- (E) submit or supplement a written statement relating to the allegations;
- (F) seek advice from other parties concerning a PRFCI's or VAC's rights and responsibilities in OCA investigations, including the right to seek counsel;
- (G) decline to answer any question when he or she reasonably believes the answer to the question may incriminate him or her in a criminal prosecution; ~~and~~
- (H) be notified in writing by his or her employer of the outcome of the investigation when the investigation involves a VAC; and
- (I) be notified in writing by OCA of the outcome of the investigation when the investigation involves a PRFCI.

(2) **Responsibilities.** During the investigative process, the accused PRFCI or VAC has the responsibility to:

- (A) prepare written statements and reports relevant to the investigation, upon request;
- (B) be available for interviews and accommodate the OCA investigator ~~in~~ with scheduling interviews;

(C) refrain from action that interferes with the investigation; including any action that intimidates, threatens, or harasses any person who has or may provide information relating to the allegation; and

(D) provide pertinent information and respond fully and truthfully to questions asked.

(m) **Educational employees.** This subsection applies to an employee of a school district providing contract educational services on-site at a facility per OAC 340:2-3-2, who is either a witness or the accused PRFCI or VAC in an OCA investigation.

(1) The facility administrator ~~of the facility~~ where the incident took place notifies the school principal ~~of the school~~ of the nature of the allegation and the ~~name of the assigned OCA investigator~~ investigator's name.

(2) The school principal ~~of the school~~ is responsible for notifying the school employee of the reason for the investigative interview, advising the employee of his or her rights and responsibilities relating to the OCA investigation, and arranging for the employee's appearance at an investigative interview. This requirement is for purposes of notification and coordination of the investigative process and does not extend to ensuring the protection of the alleged victim(s) or other clients at the facility where the educational services are provided. The facility administrator ~~of the facility~~ where the alleged incident took place is responsible for client protection.

(3) OCA investigates educational employees who meet the definition of a caretaker per OAC 340:2-3-2.

(n) **Contractor's employees.** This subsection applies to an employee of a contractor of a provider or facility when the employee is an accused PRFCI or VAC in an investigation opened by OCA.

(1) The facility or provider administrator where the incident took place notifies the contractor chief administrative officer of the nature of the allegation against the contractor's employee and the ~~name of the assigned OCA investigator~~ investigator's name.

(2) The contractor chief administrative officer is responsible for notifying the contract employee of the reason for the investigative interview, advising the employee of his or her rights and responsibilities relating to the OCA investigation, and arranging for the employee's appearance at an investigative interview. This requirement is for purposes of notification and coordination of the investigative process. The facility or provider administrator where the alleged incident took place is responsible for client protection.

(o) **Document collection and review.** The OCA investigator gathers and reviews relevant documents including, but not limited to:

- (1) incident reports and other written reports, accounts, and statements prepared during the preliminary assessment;
- (2) medical records;
- (3) photographs and/or video; and
- (4) facility or provider logs; and
- (5) activity and tracking documents.

(p) **Investigative interviews.** When an injury is alleged, the OCA investigator or other appropriate person observes, notes, and documents apparent injuries; and obtains pertinent medical documentation, including photographic evidence. Interviews are conducted in private. No person, other than the OCA investigator and the person interviewed, is allowed to attend an interview except for a person necessary to facilitate communication. An attorney or other representative of the person interviewed attends an interview only as a silent observer with prior permission of the advocate general or the advocate general's designee.

(q) **Interview protocols.** The OCA investigator conducts a separate private interview with each alleged victim, available witnesses to the alleged maltreatment, and persons who allegedly were directly or indirectly involved in the allegation, persons with knowledge of relevant information, and each caretaker accused of the maltreatment.

(r) **Conducting the investigation.** OCA investigators conduct investigations in a professional manner.

(s) **Recording investigation interviews.** OCA interviews are audio-recorded. To maintain information confidentiality provided in an interview, recording by the person interviewed or ~~by anyone else~~ in attendance is not permitted. Recordings of interviews remain with the OCA investigative file. OCA files and recordings are not public documents.

(t) **Immediate Protective Action Plan (IPAP) regarding children and vulnerable adults.** ~~The purpose of an IPAP is to address issues related to the present danger of children or vulnerable adults in order to ensure their continued safety. An IPAP involves communication by the investigator with the agency or facility to document the steps the agency or facility is taking to ensure the immediate safety of children or vulnerable adults until safety concerns are eliminated. "Plan for Immediate Safety" means the plan for actions taken to immediately control any significant and clearly observable condition that is present and is endangering or threatening to endanger a child or vulnerable adult.~~

(u) **Presentation of the allegation.** ~~If, during the course of~~ During an investigation, when a witness is identified as a potential accused caretaker, the OCA investigator interviews the witness again to inform the witness that he or she is a potential accused caretaker. At that time, the witness is informed of the substance of the evidence and relevant information learned during the investigation and provided an opportunity to respond. The OCA investigator informs the facility administrator or provider agency of the new allegation and of the potential, additional accused caretaker(s). The OCA investigator advises the accused caretaker of the substance of the new information and provides an opportunity to present a response.

(v) **Opportunity for accused caretakers to respond.** Following the initial interview of the accused caretaker, if the OCA investigator obtains information the accused caretaker did not have an opportunity to respond, the OCA investigator conducts another interview with the caretaker. The OCA investigator advises the accused caretaker of the substance of the new information and provides an opportunity to present a response.

Permanent Final Adoptions

(w) **Interpreter services for persons who are deaf or hard of hearing.** When OCA interviews the person who is deaf or hard of hearing, the facility or provider agency that employed the person at the time of the alleged incident provides, ~~at no cost to OCA,~~ oral or sign language interpreter services by an independent and qualified interpreter, ~~at no cost to OCA.~~ Interpreter services for DHS employees and clients are provided per OAC 340:1-11-10.

(x) **Scheduling interviews.** To schedule an interview with an accused caretaker, the OCA investigator ~~contacts by phone, email, or regular mail, phones, emails, or mails~~ the facility administrator, the provider agency administrator, or the administrator's designee that employs the caretaker. After two documented attempts to schedule an interview, the OCA investigator in writing, ~~in writing,~~ the facility administrator, provider agency administrator, or the administrator's designee advising the administrator of ~~their~~ his or her responsibility to compel the employee to participate. The OCA investigator notifies Developmental Disabilities Services (DDS) Quality Assurance (QA) or Child Welfare Services Specialized Placements and Partnerships Unit (SPPU) to ensure compliance with contract provisions. If unsuccessful, the OCA investigator sends a letter by ~~regular~~ mail to the caretaker's last known address notifying the caretaker of the investigation, offering an opportunity to be interviewed, and setting a date and time for a response. The letter informs the caretaker of the consequence of failing to participate. The OCA investigative report is completed without the caretaker's statement, and a finding is made based on the available information. For other persons needing to be interviewed, the OCA investigator follows the same protocol for an accused caretaker, but the letter only requests his or her participation in an interview.

(y) **Area ~~Areas~~(s) of concern (AOC) notification.** During ~~the course of~~ the investigation, the assigned OCA investigator ~~contacts emails or phones~~ the applicable facility or provider administrator or the administrator's designee ~~by email or telephone~~ and informs the facility or provider agency administrator or the administrator's designee of ~~identified areas of concern~~ AOCs. Upon completion of the investigation, all identified ~~areas of concern~~ AOCs are provided in writing to the facility or agency provider administrator.

(z) **The written investigative report.** After completing the information-gathering portion of the investigative process, the OCA investigator prepares a written investigative report containing:

- (1) the referral allegation(s) investigated, including the date, time, and location of the alleged incident(s), the date the allegation was reported to OCA, and the assigned OCA case number;
- (2) a statement of any physical injuries sustained by the alleged victim(s);
- (3) information regarding ~~any~~ involved law enforcement entities;
- (4) a recommendation for the district attorney to consider further investigation;
- (5) the applicable definition(s) of caretaker misconduct or the type of maltreatment at issue, such as abuse, neglect, verbal abuse, exploitation, or caretaker misconduct;

(6) the finding(s) per ~~this (t) – (v) of this Section~~ (aa) and (cc);

(7) a list of the involved parties, ~~their~~ titles and roles in the matter, if they were interviewed and, ~~if when~~ interviewed, whether was the interview face-to-face or by ~~telephone~~ phone;

(8) the name, address, and ~~telephone~~ phone numbers of any interpreter employed during the investigation;

(9) an explanation of the basis for the finding(s);

(10) a summary of relevant information obtained during each interview conducted during the investigation;

(11) ~~areas of concern~~ AOCs relating to the referral identified during the investigation regarding facility, provider, or DHS practices or procedures that have implications for the safety, health, or welfare of clients; but do not rise to the level of abuse or neglect;

(12) a list of relevant documents and records reviewed during the investigation;

(13) a list of attachments to the report provided upon request; and

(14) an explanation for any delays in meeting the time requirements for completing the investigation report contained in this Section.

(aa) **OCA findings and completion time requirements regarding investigations involving a child in DHS custody.**

Per 10A O.S. § 1-9-112.1, the OCA investigation of a report of abuse or neglect of a child in DHS custody results in a written report within 30-calendar days from the date of the referral stating one of the findings in (1) through (3) ~~of this subsection.~~

(1) "Substantiated" means OCA determined, after an investigation of a report of child abuse or neglect of a child in DHS custody and based upon credible evidence, that child abuse or neglect occurred;

(2) "Unsubstantiated" means OCA determined, after an investigation of a report of child abuse or neglect of a child in DHS custody, that insufficient evidence exists to fully determine whether child abuse or neglect occurred; or

(3) "Ruled out" means OCA determined, after an investigation of a report of child abuse or neglect of a child in DHS custody, that no child abuse or neglect occurred.

(bb) **OCA findings and completion time requirements regarding investigations involving a child not in DHS custody.**

OCA investigations involving a child not in DHS custody results in a written report within 30-calendar days from the date of the referral stating one of the findings in (1) through (3) of this subsection.

(1) "Substantiated" means OCA determined, after an investigation of a report of child abuse or neglect of a child not in DHS custody and based upon credible evidence, that child abuse or neglect occurred;

(2) "Unsubstantiated" means OCA determined, after an investigation of a report of child abuse or neglect of a child not in DHS custody, that insufficient evidence exists to fully determine whether child abuse or neglect occurred; or

(3) "Ruled out" means OCA determined, after an investigation of a report of child abuse or neglect of a child not in DHS custody, that no child abuse or neglect occurred.

(cc) **OCA findings regarding investigations involving a vulnerable adult.** The OCA investigation of a report of abuse or neglect of a vulnerable adult results in a written response within 45-calendar days from the date of the referral stating one of the findings in (1) through (4)(3) of this subsection. ~~The OCA investigator determines the appropriate finding for each allegation contained in the referral investigated. Findings are made based on a greater weight of the evidence standard. The finding options are:~~

- (1) ~~"substantiated"~~ **"Substantiated"** means the ~~greater weight/preponderance~~ of the available evidence establishes the alleged maltreatment occurred;
- (2) ~~"not substantiated"~~ **"Unsubstantiated"** means the ~~greater weight/preponderance~~ of the available evidence indicates the alleged maltreatment did not occur; or
- (3) ~~"ruled out"~~ **"Ruled Out"** means no evidence was discovered that indicated the alleged maltreatment occurred;

(dd) **Identification of the responsible VAC.** Regarding investigations involving a vulnerable adult, when the evidence gathered during the investigation is sufficient to substantiate maltreatment of a vulnerable adult but the person responsible for the maltreatment cannot be identified, the substantiated finding is made on an unknown VAC. The administration may be named as responsible VAC when the policies, procedures, or practices adopted by the administration of a facility or provider are the primary factor resulting in the maltreatment of individual clients.

(ee) Notice of findings of abuse, neglect, sexual abuse, financial exploitation, or financial neglect to a vulnerable adult.

(1) After completion of the OCA investigation, a findings letter is mailed to the:

- (A) alleged VAC;
- (B) legal guardian and next of kin; and
- (C) facility administrator.

(2) When a facility administrator is named as an accused VAC, a findings letter is mailed to the facility's chair of the board of directors, or to the director of the state agency operating the facility, as applicable.

(eff) Notice of findings of child abuse or neglect to a child.

(1) After completion of the OCA investigation, a findings letter is mailed to the:

- (A) alleged PRFCI; and
- (B) facility administrator.

(2) When a facility administrator is named as an accused PRFCI, a findings letter is mailed to the facility's chair of the board of directors ~~of the facility~~, or to the director of the state agency operating the facility, as applicable.

(3) The OCA investigator verbally provides the findings to the child victim's parents or guardian.

(f) Appeal process for substantiated findings of child abuse or neglect. The 2010 Child Abuse Prevention and

Treatment Act (CAPTA), Section 5101 et seq. of Title 42 of the United States Code (42 U.S.C. § 5101, et. seq.), requires that DHS provide an appeal process for persons who disagree with a substantiated finding of child abuse or neglect per OAC 340:2-3-39.

~~(g)h~~ **Appeal process for substantiated findings of vulnerable adult abuse, neglect, financial exploitation, financial neglect, or verbal abuse.** The appeal process is provided for VACs who disagree with a substantiated finding of vulnerable adult abuse, neglect, financial exploitation, financial neglect, or verbal abuse per OAC 100-3-39.

~~(h)j~~ **OCA investigation report submitted to Child Welfare Services (CWS).** Per 10A O.S. § 1-9-112.1, in addition to the requirements of 10A O.S. § 1-9-112, the OCA investigation report concerning a report of abuse or neglect of the child in DHS legal custody ~~DHS~~ is submitted to the CWS director or the director's designee within 30-calendar days from the referral date.

~~(i)j~~ **Dissemination of OCA investigative reports involving PRFCIs and VACs not subject to the Community Services Worker (CSW) Registry.**

(1) Except as provided in subsection (aa) of this Section, a copy of the final OCA investigation report involving a vulnerable adult client is sent to the administrator of an affected facility or provider agency. The administrator is responsible for notifying the client of the OCA finding. OCA notifies the caretaker, legal guardian, and next of kin of a vulnerable adult of the OCA finding.

(2) When the referral alleges abuse, verbal abuse, sexual abuse, neglect, financial neglect, or exploitation, a copy is sent to the applicable district attorney.

(3) A copy is sent to the appropriate DHS State Office administrator, ~~OJA executive director, ODRS director, or ODMHSAS director, or the J.D. McCarty Center director,~~ as applicable.

(4) When a facility or provider administrator is named as an accused VAC in the allegation, OCA forwards the investigative report to the facility or provider agency chair of the board of directors or to the director of the state agency operating the facility.

(5) A copy of the OCA report is sent to the Oklahoma State Department of Health (OSDH) when the investigation ~~involved~~ involves a day treatment program.

~~(6) Form 04K1078E, Notification Concerning Finding(s) of Child Abuse/Neglect, is sent to the administrator of a DHS operated facility and applicable DHS director or designee. When an accused PRFCI is a DHS employee who does not work at a DHS operated facility, the applicable DHS director or designee is responsible for providing the employee with a letter summarizing the allegation and states the OCA finding.~~ The administrator provides the accused DHS employee who is a VAC, a letter summarizing the allegation and states the OCA finding.

(7) When client maltreatment by a licensed nurse is substantiated, a copy of the OCA report is submitted to the Oklahoma State Board of Nursing.

(8) When appropriate in cases involving a vulnerable adult, a copy of the OCA report is sent to any state agency

Permanent Final Adoptions

with concurrent jurisdiction over persons or issues identified in the investigation including, but not limited to, OSDH and any appropriate state licensure or certification board, agency, or registry and includes sending OSDH a copy of any report when at least one of the accused ~~PRFCIs~~ or VACs is a certified nurse aide (CNA).

(9) When maltreatment by a guardian is substantiated, a copy of the OCA investigation report is submitted to the applicable guardianship court.

(10) OCA distributes the investigation report by ~~United States~~ mail, fax, or email, ~~as appropriate while maintaining confidentiality of materials.~~

(kk) Dissemination of OCA investigative reports involving PRFCIs not subject to the Child Care Restricted Registry.

- (1) A copy of the investigation report is sent to the:
 - (A) district attorney in the county where the suspected maltreatment occurred per 10A O.S. § 1-2-105(E);
 - (B) appropriate DHS State Office administrator, OJA executive director, or the J.D. McCarty Center director, as applicable; and
 - (C) Oklahoma State Board of Nursing, when client maltreatment by a licensed nurse is substantiated.

(2) Form 04K1078E, Notification Concerning Finding(s) of Child Abuse/Neglect, is sent to the DHS-operated facility administrator and applicable DHS director or the director's designee. When an accused PRFCI is a DHS employee who does not work at a DHS-operated facility, the applicable DHS director or the director's designee is responsible for providing the employee with a letter summarizing the allegation and stating the OCA finding.

(3) OCA distributes the investigation report by mail, fax, or email while maintaining confidentiality of materials.

(jll) Dissemination of reports involving Hissom class members, PRFCIs, and VACs subject to the CSW Registry or the Child Care Restricted Registry.

(1) All OCA investigations involving a substantiated finding against a community services worker, or Medicaid personal care assistant employed by a Medicaid personal care services provider, are processed for the CSW Registry per OAC 340:100-3-39 and 317:35-15.

(2) ~~All OCA investigations involving a substantiated finding against a PRFCI while the child is in the care of a child care facility are processed for the Child Care Restricted Registry per OAC 340:110-1-10.1.~~

~~(3) A copy of the investigation report is sent to the district attorney in the county where the suspected maltreatment occurred per 10A O.S. § 1-2-105(E) when the victim is a child, or 43A O.S. § 10-104(I) when the victim is a vulnerable adult.~~

~~(4) In addition to (aa) of this Section, when the victim is a child receiving DDS services, OCA sends a copy of the report to the DDS director or designee.~~

~~(5) When the OCA finding substantiates an allegation against a PRFCI when the abuse or neglect occurred to a child in the care of a child care facility, OCA submits a~~

~~copy of the report to Child Care Services (CCS) Licensing Records Office per OAC 340:110-1-10.1(f) for processing under the Child Care Restricted Registry.~~

~~(63) When the victim is a vulnerable adult, OCA sends the report to the facility or provider administrator, the DDS director or designee, the Aging Services director or designee, or the Oklahoma Health Care Authority (OHCA) director or designee as applicable.~~

~~(74) OCA notifies the caretaker, legal guardian, and next of kin of a vulnerable adult of the investigation finding. When the vulnerable adult is a Hissom class member, the class member's assigned OCA advocate notifies the class member and the class member's guardian or close family member of the investigation finding.~~

~~(85) When an investigation involves a vulnerable adult with a guardian, a copy of the completed investigation report must be filed with the court to which the guardian is accountable per 43A O.S. § 10-105 (D).~~

(mm) Dissemination of reports involving PRFCIs subject to the Child Care Restricted Registry.

(1) All OCA investigations involving a substantiated finding against a PRFCI while the child is in the care of a child care program are processed for the Child Care Restricted Registry per OAC 340:110-1-10.1; and OCA submits a copy of the report to the Child Care Services Licensing Records Office.

(2) A copy of the investigation report is sent to the district attorney in the county where the suspected maltreatment occurred per 10A O.S. § 1-2-105(E).

(3) In addition to (aa) of this Section, when the victim is a child receiving DDS services, OCA sends a copy of the report to the DDS director or the director's designee.

(kenn) Confidentiality of OCA investigative reports.

(1) Persons receiving copies of OCA investigative reports regarding a child are bound by the confidentiality provisions of 10A O.S. §§ 1-6-102 through 1-6-107.

(2) Persons receiving copies of OCA investigative reports regarding a vulnerable adult are bound by the confidentiality provisions of 43A O.S. § 10-110.

(A) ~~Pursuant to~~ Per 43A O.S. § 10-110(A) of the Protective Services for Vulnerable Adults Act, all reports, records, and working papers used or developed in an investigation of the circumstances of a vulnerable adult are confidential and can be disclosed only pursuant to rules promulgated by DHS, by court order, or as otherwise provided in the "Public Disclosure" provisions per 43A O.S. § 10-110.1 when a VAC is charged with committing a crime that resulted in the death or near death of the vulnerable adult.

(B) ~~Pursuant to~~ Per 43A O.S. § 10-110(B), all reports, records, and working papers may be disclosed without a court order, upon showing of proper credentials and pursuant to their lawful duties, to:

- (i) any district attorney and their staff upon presentation of proper credentials in the course of their official duties ~~pursuant to this Title~~ per 43A O.S. § 10-110 or in the prosecution of crimes against a vulnerable adult;

 - (3) OCA reports information regarding substantiated findings to the DHS Director.
- ~~(mapp)~~ **Findings involving a Hissom class member.** This subsection applies to the administrator of a provider that employed, or contracted with a contractor that employed an accused VAC named in an OCA investigation report. Within 60 calendar days of receipt of a final OCA investigation report, the

Permanent Final Adoptions

DDS director or the director's designee notifies the advocate general in writing:

- (1) when personnel action was or will be taken with regard to each accused VAC named in the report; and
- (2) of corrective action taken or to be taken regarding areas of concern AOC noted in the report.

340:2-3-38. Investigation of foster parent complaints of retaliation, and discrimination, or harassment

(a) **Application.** This Section describes processes relating to allegations of retaliation, and discrimination, or harassment against a foster parent by an employee or agent of the Oklahoma Department of Human Services (DHS) or a child-placing agency. The Office of Client Advocacy (OCA) is designated by Sections 1-9-112 and 1-9-117 of Title 10A of the Oklahoma Statutes (O.S. 10A §§ 1-9-112 and 1-9-117) to conduct administrative investigations into these allegations.

(b) **Definitions.** The following words and terms when used in this Section shall have the following meanings unless the context clearly indicates otherwise:

(1) **"Administrator,"** with regard to a child-placing agency, means the chief administrative officer of the agency.

(2) **"Child-placing agency"** means a private agency licensed to place children in foster family homes, group homes, adoptive homes, transitional or independent living programs, or family child care homes or other out of home placements, and approves and monitors such placements and facilities per the licensing requirements established by the Oklahoma Child Care Facilities Licensing Act Sections 401 through 408 of Title 10 of the Oklahoma Statutes (10 O.S. §§ 401 through 418) an agency that arranges for or places a child in a foster family home, group home, adoptive home, or successful adulthood program per 10 O.S. §§ 401 through 418.

(3) **"Child Welfare Services"** means DHS Adult and Family Services.

(4) **"Developmental Disabilities Services (DDS)"** means DHS Developmental Disabilities Services.

(5) **"Discrimination"** means knowing and willful application of a different standard to a particular foster parent that negatively affects the foster parent actions taken by a DHS employee or child-placing agency against a foster parent that result in differential treatment, such as conduct, actions, or decisions based on race, color, national origin, sex, religion, age, or disability, unless authorized by law.

(6) **"Harassment"** means a knowing and willful course pattern of conduct, statements, or behaviors serving that serve no legitimate purpose, directed at a foster parent that a reasonable person in the same or similar circumstances would find intimidating or substantially distressing.

(7) **"OJSO"** means the Office of Juvenile Systems Oversight of the Oklahoma OCCY.

(8) **"Protected activity"** means a foster parent engaged in:

(A) filing a grievance with DHS, OJSO, or with a child-placing agency, per 10A O.S. § 1-9-120;

(B) providing information regarding foster care services to any state official or DHS employee; or

(C) testifying, assisting, or otherwise participating in an investigation, proceeding, or hearing against DHS or a child-placing agency.

(9) **"Retaliation"** means that, in reprisal for the foster parent engaging in a protected activity, an employee of DHS or a child-placing agency has:

(A) threatening threatened a foster parent with removal of a child from the foster parent's care, harassing a foster parent;

(A) filed or attempted to file a grievance with DHS per OAC 340:2-3-45 or with a child-placing agency, as applicable;

(B) provided information regarding foster care services to any state official or DHS employee; or

(C) testified, assisted, or otherwise participated in an investigation, proceeding, or hearing against DHS or a child-placing agency forwards discrimination allegations to the Office for Civil Rights (OCR). When the alleged discrimination includes allegations of retaliation or harassment, OCA coordinates with OCR.

(d) **Exclusions.** The provisions of this Section do not apply to:

(1) a complaint by a foster parent regarding the result of a criminal, administrative, or civil proceeding for a violation by that foster parent of a law, rule, or contract provision, or an action taken by DHS or a child-placing agency in conformity with the result of such proceedings;

- (2) allegations of acts of retaliation, ~~or~~ discrimination, or harassment that occurred more than one year prior to the date of the foster parent complaint; or
- (3) allegations of a pattern of retaliation, ~~or~~ discrimination, or harassment, the last incident which occurred more than one year after the foster parent participated in a protected activity.
- (e) **Reportable allegations.** Section 1-9-117 of Title 10A of the Oklahoma Statutes provides that any foster parent who has reasonable cause to believe he or she ~~has been improperly treated~~ was threatened with removal of a foster child, refused placement of a child, or had a placement disrupted in retaliation, discrimination, or harassment by a DHS employee or a child-placing agency, as outlined in subsection (c) of this Section, may file a complaint with OCA/OJSO. The law provides that persons making a report in good faith under this Section may not be adversely affected solely on the basis of having made such report. The law also provides that any person who knowingly and willfully makes a false or frivolous report or complaint ~~or a report the person knows lacks factual foundation~~, may be subject to loss of foster parent approval or licensure status.
- (f) **Reporting procedure.** Foster parents may file complaints by ~~contacting:~~
- (1) ~~the Foster Parent Hotline, 1-800-376-9729; or~~
 - (2) ~~the OCA offices in Oklahoma City, 1-405-525-4850 or 1-800-522-8014 calling OJSO or using the OCCY website at okfosterparentvoices.org.~~
- (g) **Confidentiality.** ~~At the request of the reporter,~~ OCA maintains ~~confidential~~ confidentiality regarding the identity of the reporter. OCA ~~maintains~~ must prepare and maintain written records ~~regarding from the reporting source to provide information to the extent known at the time the report is received,~~ including the:
- (1) names and addresses of the foster child and the person(s) responsible for the child's welfare;
 - (2) nature of the complaint; and
 - (3) names of the persons ~~and/or~~ agencies responsible for the allegations contained in the complaint.
- (h) **~~Interference prohibition~~ Prohibition against interference.**
- (1) A DHS employee who interferes with a foster parent's grievance rights or an OCA investigation may be subject to administrative action for misconduct per the DHS personnel policy relating to cause for disciplinary action ~~when an employee attempts to intimidate a witness, foster parent, or other DHS employee, or threatens any of them with physical or mental harm.~~
 - (2) Interference includes, but is not limited to:
 - (A) intimidating, harassing, or threatening a party to the investigation;
 - (B) retaliation against an employee for cooperating during an OCA investigation;
 - (C) denial of access to clients, employees, facilities, witnesses, records, or evidence; and
 - (D) causing or influencing another person to provide false information during the investigation.
- (i) **Initiation of OCA investigation.** Upon ~~acceptance~~ disposition of a report of retaliation, ~~or~~ discrimination, or harassment against a foster parent, OCA assigns an OCA investigator to investigate the allegations per this Section. The OCA investigation does not duplicate and is separate from any investigation mandated by the Oklahoma Child Abuse Reporting and Prevention Act or other investigations having formal notice or hearing requirements.
- (j) **Rights and responsibilities of employees.** The rights and responsibilities of DHS employees or agents in an OCA foster parent investigation are listed in (1) through (7) of this subsection. DHS employees or agents:
- (1) ~~Employees~~ make themselves available for interviews and accommodate the OCA investigator in scheduling interviews;
 - (2) ~~Employees~~ provide pertinent information and respond fully and truthfully to questions asked;
 - (3) ~~In addition to being interviewed, employees~~ may submit written statements relating to the events in question in addition to being interviewed;
 - (4) ~~Employees~~ may seek advice concerning their rights and responsibilities from other parties within or outside of DHS;
 - (5) ~~Employees~~ prepare written statements or reports relevant to the investigation upon request;
 - (6) ~~Employees,~~ who reasonably believe answers to official inquiries regarding the events in question may incriminate them in a criminal prosecution, may decline to answer those questions; and
 - (7) ~~Employees when~~ interviewed do not discuss their interviews with anyone outside of OCA.
- (k) **Access.** OCA at all times is granted access to any foster home ~~that is~~ approved, authorized, or funded by DHS, or a child-placing agency.
- (l) **Investigation procedures.** Investigations are conducted per Oklahoma Administrative Code (OAC) 340:2-3-36 unless otherwise provided in this Subchapter.
- (1) **Notifying administrators and accused caretakers.** The assigned OCA investigator notifies the applicable administrator or ~~state office~~ State Office administrator of the investigation and arranges for document production, site visits, and interviews. The administrator or ~~state office~~ State Office administrator who employed ~~any an~~ accused employee at the time of an alleged incident promptly informs the accused employee of the:
 - (A) name and ~~telephone~~ phone number of the OCA investigator;
 - (B) investigative process;
 - (C) employee's rights and responsibilities relating to the investigation described in subsection (j) of this Section, using Form 15IV006E, Investigations of Foster Parent Retaliation Complaints - Rights and Responsibilities of Accused DHS Employees, a copy of which is provided ~~to by~~ the OCA investigator; and
 - (D) nature of the allegation(s) made against the employee; however, at this time the employee is not provided the details of the allegations or the substance of the evidence.

Permanent Final Adoptions

(2) **OCA access to evidence.** Applicable administrators and ~~state office~~State Office administrators facilitate and cooperate with the OCA investigation by:

- (A) providing access to requested information;
- (B) producing relevant documents, files, and records;
- (C) accompanying the OCA investigator on foster home visits, when requested by OCA; and
- (~~E~~) providing access to accused employees and others who have knowledge of relevant information.

(3) **~~Document review and interviews~~OCA findings regarding foster parent retaliation, discrimination, or harassment and completion timeframes.** The OCA investigator conducts a prompt and thorough investigation per ~~OAC 340:2-3-36(h) through (j) unless otherwise provided in this Section~~within 60-calendar days from the date of the referral, stating one of the following findings.

(A) **"Substantiated"** means OCA determined, based on the preponderance of the evidence that foster parent retaliation, discrimination, or harassment occurred.

(B) **"Unsubstantiated"** means OCA determined, based on the preponderance of the evidence that foster parent retaliation, discrimination, or harassment did not occur.

(4) **Exit notice.** The OCA investigator provides an exit notice, via email, to the applicable administrator or state office administrator when the information-gathering portion of the investigative process is completed. The investigator informs the administrator or state office administrator a written report is forthcoming. Preliminary findings are not required.

(~~5~~) **The written investigation report.** After completing the information-gathering portion of the investigative process, the OCA investigator prepares a written report containing:

(A) the allegations investigated, including the date, time, and location of the alleged ~~incidents~~incident, the date the allegation was reported to OCA, and the assigned OCA case number, and the assigned OCA investigator;

(B) a list of the involved parties, their titles and roles in the matter, whether they were interviewed and, if so, when and where alleged incident;

(C) the applicable definition of the type of ~~misconduct~~conduct at issue, such as discrimination, retaliation, discrimination, or harassment, or both combinations thereof;

(D) ~~whether~~if the foster parent engaged in ~~an~~ a protected activity listed in (c)(2) in this Section and, if so, a description of the activity;

(E) the findings per ~~OAC 340:2-3-36(m)(1)(3) of this Section~~;

(F) an explanation of the basis for the finding;

(G) ~~in cases involving a confirmed finding, a summary, in cases involving a substantiated finding, of relevant information obtained during each interview~~

conducted during the investigation, including the date and location of the interview;

(H) ~~any areas of concern relating to the allegations~~AOCs identified during the investigation regarding DHS or child-placing agency practices or procedures of ~~DHS or the child-placing agency~~;

(I) a list of ~~relevant~~ documents and records reviewed during the investigation; and

(J) a list of attachments ~~to the report~~submitted with the final report.

(~~6~~) **Dissemination of the OCA investigative report.**

(A) In cases involving allegations against a DHS employee, the advocate general submits a copy of the final OCA investigation report to the DHS Director, and ~~state office~~applicable State Office administrators.

(B) In cases involving an employee of a child-placing agency, the advocate general sends a copy of the OCA report to the agency administrator, ~~of the agency~~ and the appropriate ~~state office~~State Office administrator. When the ~~administrator of the child-placing agency~~ administrator is the subject of the report, the report is sent to the agency's board of directors.

(C) OCA sends the foster parent and each accused DHS employee a letter summarizing the allegation and states the OCA finding.

(D) All parties receiving copies of the investigative reports are bound by the confidentiality provisions of Section 1-9-112 of Title 10A and Section 10-110 of Title 43A of the Oklahoma Statutes per O.S. 10A § 1-9-112 and O.S. 43A § 10-110.

(~~m~~) **Request for reconsideration by the advocate general.** Within 15-calendar days of receipt of the final OCA investigative report, the CWS State Office administrator or the administrator's designee, the child-placing agency administrator, or the employee may request reconsideration by the advocate general.

(~~nn~~) **DHS Director's request for review by the Grievance and Abuse Review Committee (GARC).** Within 20-30-calendar days of receipt of ~~at~~ the final OCA investigative report, the DHS Director may request that GARC review the allegations and submit a report of its findings per OAC 340:2-3-63.

(~~oo~~) **State ~~office~~Office administrator's response to a ~~confirmed~~substantiated finding.**

(1) When a ~~state office~~State Office administrator receives a copy of an OCA ~~investigation~~investigative report containing a substantiated finding that a DHS employee engaged in retaliation, discrimination, or discrimination harassment against a foster parent, within 30-calendar days of receipt of the OCA report, the ~~state office~~State Office administrator notifies the advocate general in writing of any personnel action taken or to be taken with regard to the employee, ~~and/or~~ any corrective action taken or to be taken regarding ~~areas of concern~~the AOCs noted in the OCA report.

(2) When the DHS Director refers the matter for GARC review per ~~subsection (1)(m)~~(m) of this Section, the ~~state of~~State Office administrator's response is due within

~~45-calendar days~~30-calendar days of GARC's written report to the DHS Director.

(3) When an administrator of a child-placing agency receives a copy of an OCA ~~investigation~~investigative report containing a substantiated finding that an employee of the child-placing agency engaged in retaliation, discrimination, or discrimination/harassment against a foster parent, ~~within 30-calendar days of receipt of the report~~ the administrator he or she notifies the advocate general in writing within 30-calendar days of the final report of any personnel action taken or to be taken with regard to each employee named in the report as having engaged in ~~misconduct~~retaliation, discrimination, or harassment against a foster parent, and the status of ~~any areas of concern~~AOCs noted in the OCA report.

PART 5. GRIEVANCES

340:2-3-45. Grievance system protocols

(a) **Legal authority, scope, and purpose.**

(1) **Legal authority.**

(A) ~~Section~~Sections 1-9-112 and 1-9-120 of Title 10A of the Oklahoma Statutes (10A O.S. §§ 1-9-112 and 1-9-120) ~~confers~~confer on the Office of Client Advocacy (OCA) the responsibility to establish and maintain a fair, simple, and expeditious grievance system for ~~complaints filed by or on behalf of children in Oklahoma Department of Human Services (DHS) custody~~resolution of grievances of:

(i) all children in Oklahoma Department of Human Services (DHS) custody regarding:

(I) the substance or application of any DHS policy or rule; or

(II) any decision or action by an employee or agent of DHS, or of any child in DHS custody;

(ii) foster parents, when related to the provision of foster care services, per 10A O.S. §§ 1-9-112 and 1-9-117; or

(iii) all persons receiving DHS Developmental Disabilities Services (DDS) services.

(B) 10 O.S. § 1415.1(A)(2) requires that DHS establish an ombudsman program for each institution and residential facility for the intellectually disabled operated by DHS, including an appeals procedure for the resolution of grievances and complaints of residents, their parents, and court-appointed guardians. DHS conferred this responsibility on OCA.

(C) DHS ~~also~~ conferred OCA with the responsibility for grievance systems for other clients listed in ~~paragraph~~ (2) of this subsection.

(2) **Scope.** OCA administers and monitors grievance programs for the individuals listed in (A) through (H) of this paragraph, ~~all of whom are~~ collectively referred to as the "client" throughout this Section and Oklahoma Administrative Code (OAC) 340:2-3-46. Further ~~detail about grievances~~grievance details for:

(A) children ~~who are~~ in DHS custody regardless of placement, ~~refer to~~are found at OAC 340:2-3-47 through 340:2-3-49;

(B) ~~children in DHS care, refer to~~ OAC 340:2-3-49;

(~~C~~) DHS approved foster parents, ~~refer to~~are found at OAC 340:2-3-50;

(~~DC~~) residents of the ~~Southern Oklahoma Resource Center (SORC), the Northern Oklahoma Resource Center of Enid (NORCE), or the Robert M. Greer Center (Greer), refer to~~are found at OAC 340:2-3-51;

(~~ED~~) Hissom class members, ~~refer to~~are found at OAC 340:2-3-52;

(~~FE~~) other clients receiving services in the community from DHS Developmental Disabilities Services (DDS), ~~refer to~~are found at OAC 340:2-3-53;

(~~GF~~) residents of group homes for persons with developmental or physical disabilities due to a developmental disability subject to 10 O.S. § 1430.1 et seq., ~~refer to~~ OAC 340:2-3-54; and

(~~HG~~) clients receiving DHS services who want to file a grievance about a problem, concern, or complaint for which another grievance system within DHS does not exist, ~~refer to~~are found at OAC 340:2-3-55.

(3) **Purpose.** The purpose of OCA grievance policies ~~and procedures~~ is to provide clients a fair, simple, effective, and timely system of problem resolution with access to procedures where clients may obtain a thorough review, fair consideration, and correction, when appropriate. These policies also ensure that persons filing grievances are free from restraint, ~~coercion~~, reprisal, or discrimination. To further this purpose, OCA independently reviews and monitors the implementation of grievance programs subject to this Section.

(4) **Informal problem resolution.** Clients have the right to file grievances; however, resolving problems and concerns informally before filing a grievance is encouraged. Not all client inquiries and requests for explanation are considered grievances. Most ~~can be~~are resolved within the ~~regular~~ relationship between clients and DHS, ~~provider~~providers, and facility staff. Efforts are made at the local level to resolve issues and reach a consensus with the client on a plan of action to resolve the problem informally unless the client ~~desires~~ chooses to proceed with the grievance process.

(b) **Definitions.** In addition to the definitions in OAC 340:2-3-2, the following words and terms when used in Part 5, OAC 340:2-3-45 through 340:2-3-55, shall have the following meanings, unless the context clearly indicates otherwise:

(7) **"Decision-maker"** means the person with authority to decide whether to accept a proposed resolution at each level of the grievance process; typically, the client who filed the grievance or on whose behalf a grievance was filed. For clients unable to advocate for themselves, such as young children and persons with severe cognitive limitations, ~~the~~ the decision-maker is a person who speaks on the client's behalf, depending on the circumstances and the nature of the decision to be made.

(A) With regard to minors, the decision-maker may be a parent, guardian, guardian ad litem, foster parent, or a legal custodian appointed by a court.

(B) With regard to adult DDS clients ~~who are adults~~, the decision-maker may be a guardian or the individual client's personal support team for the client.

(C) When the grievant is not the decision-maker, the local grievance coordinator (LGC) does not inform the grievant when the proposed resolution is issued or ~~whether~~ if it was accepted or rejected. The decision-maker may share this information with the person grieving on behalf of the client.

(8) **"Deputy director"** means a director of one of the five regional delivery areas designated by DHS CWS.

(9) **"Discrimination"** means differential treatment, such as conduct, actions, or decisions based on race, color, national origin, sex, religion, age, or disability, unless authorized by law.

(10) **"District director"** means a director of a district within one of the regional delivery areas, designated by DHS CWS.

(11) **"Due date"** means the date ~~some~~ a response or action is required, such as the date a respondent must respond to a grievance. When calculating the due date, the first day of the period computed is not included and only business days are included. When the last day of the period computed is a Saturday, Sunday, or legal holiday, the period runs until the end of the next business day.

(12) **"Email"** communication with OCA or with the advocate general means; an email sent to the email address: oca.grievances@okdhs.org.

(11) **"Facility grievance"** means, a grievance that involves:

(A) the substance or application of policy, rule, or regulation, written or unwritten, of a facility per OAC 340:2-3-2; or

(B) a decision, act, or omission by an employee, agent, or contractor of a facility.

(12) **"Grievance"** is defined in subsection (e) of this Section.

(13) **"Grievant"** means; a client or the person who files a grievance on behalf of a client.

(14) **"Local grievance coordinator"** or **"LGC"** means, ~~with regard to~~ regarding:

(A) minors in DHS custody who live in a residential facility, the individual designated by the facility as its grievance coordinator;

(B) minors in DHS custody who do not live in a residential facility, including minors in foster care ~~and foster parents~~, the individual designated as grievance coordinator LGC in the DHS county office where the grievant resides;

(D) DHS approved foster parents, the district director in the DHS county office where the grievant resides;

(E) DDS clients who are pursuing a grievance with a provider of residential, vocational, or in-home supports, the individual designated by the provider as its grievance coordinator; and

(F) other DDS clients, the applicable DDS area manager, or the area manager's designee.

(15) **"OCA grievance liaison"** means the individual(s) designated by the advocate general to coordinate and monitor contested grievances; and local grievance programs.

(16) **"DHS grievance"** means, a grievance that involves:

(A) the substance or application of DHS policy, rule, or regulation, written or unwritten, other than DHS policies, rules, and regulations of operated shelters and residential facilities for minors; or

(B) a decision, act, or omission of an DHS employee, including, but not limited to, a CWS specialist, case manager, and DHS district directors, but not including an employee of a DHS operated facility.

(17) **"Placement grievance"** means, a complaint about a present or proposed placement of a minor in DHS custody.

(18) **"Respondent"** means the person at each level in the grievance process, who has the responsibility for reviewing the grievance and proposing a resolution to resolve the grievance.

(c) **Grievance defined Grievances.**

(1) **"Grievance"** means a problem or concern ~~that with~~ which an individual needs assistance ~~resolving to resolve~~, including a complaint of unfair treatment. At the request of a client, an unresolved problem, concern, complaint,

or dispute is processed as a grievance. When a client verbally communicates a complaint to a DHS employee or a facility or provider employee that is not resolved, the client is informed of the right to have the problem or concern processed as a grievance. At the request of the client, the employee prepares a written statement of the client's complaint or refers the client to the local grievance coordinator for assistance.

(A) **Facility or provider grievances.** The subject of a facility grievance or a provider grievance includes:

- (i) the substance or application of policy, rule, or regulation, written or unwritten, of a DHS-operated shelter or residential facility for minors, a facility, agency, or provider that contracts with DHS, or a child-placing agency; or
- (ii) a decision, act, or omission of an employee, agent, or contractor of such a facility, or any client residing in the same placement setting.

(B) **DHS grievances.** The subject of a DHS grievance includes:

- (i) the substance or application of policy, rule, or regulation, ~~written or unwritten~~, of DHS, but does not include policies, rules, and regulations of DHS-operated shelters and residential facilities for minors;
- (ii) a decision, act, or omission of an employee in a DHS-operated facility; and includes case managers, a CW specialists, and county office employees; or
- (iii) a facility grievance filed by a ~~SORC, NORCE, or~~ Greer resident.

(C) **Placement grievances.** A placement grievance is defined in ~~subsection~~ (b) of this Section.

(2) **Summary dispositions.** When a grievance is submitted and it falls into subparagraphs (A) through (K) of this paragraph, when appropriate, the LGC contacts the client to provide assistance to the client, as needed, in rewriting the grievance to state the problem(s) or concern(s) the client wants to grieve. When it is determined the client is asking to grieve a problem or concern covered by any of the categories in (A) through (K) of this paragraph, the LGC informs the client why the grievance is not being processed, using ~~Form~~Forms 15GR012E, Notice of Summary Disposition of Grievance - DHS County Offices; 15GR013E, Notice of Summary Disposition of Facility Grievance; 15GR014E, Notice of Summary Disposition of Grievance - Developmental Disabilities Services (DDS) Clients; 15GR015E, Notice of Summary Disposition of Developmental Disabilities Services (DDS) Provider Grievance; or 15GR016E, Notice of Summary Disposition of Foster Parent Grievance; ~~whichever is~~ applicable. Notices of Summary Disposition for an approved Foster Parent are located at OAC 340:2-3-50. The LGC ~~also~~ writes the reason on the bottom of Form 15GR001P (paper version) or 15GR001E (electronic version), Grievance Form, and ~~then~~ dates and signs the form.

The grievance is logged on Form 15GR009E, Grievance Tracking Log. The form used to notify the grievant, ~~along~~ with a copy of the grievance form, is sent within three business days to the advocate general for review, and the original is filed in the ~~appropriate~~ grievance file. Within three business days of receipt, the OCA grievance coordinator reviews the grievance. ~~If~~When the OCA grievance liaison determines the grievance was improperly given a summary disposition, the OCA grievance liaison informs the LGC who immediately processes the grievance. ~~If~~When the OCA grievance liaison concurs with the summary disposition, the OCA grievance liaison informs the LGC in writing.

(A) **Untimely grievances.** A grievance ~~that is~~ not timely filed per OAC 340:2-3-45(g) may be accepted and processed when good cause exists for the delay in filing the grievance. There are no time limits for filing grievances on behalf of individuals served by DHS DDS.

(B) **Discrimination based on race, color, national origin, sex, age, religion, or disability, unless authorized by law.** When a grievance alleges discrimination or other civil rights matters, the client is referred to the DHS Office for Civil Rights (OCR) and the LGC immediately forwards the grievance to the DHS ~~civil rights~~OCR administrator and informs the grievant.

(C) **A moot problem ~~that is moot~~.** A moot problem is one that ~~has been~~was decided or settled or one that has no practical resolution, such as a placement grievance with regard to a child who is no longer in DHS custody or a grievance with regard to an event that was in the future but is now in the past, or when the dispute about the event is unlikely to occur again with regard to this client.

(D) **Duplicative grievances.** A grievance that duplicates another pending grievance in the same grievance system, by or on behalf of the client involving the same incident or problem is a duplicative grievance.

(E) **Requests that violate laws.** A grievance that requests an action, ~~which~~that violates federal or state ~~or federal~~ law.

(F) **Collateral complaint.** A collateral complaint does not involve a problem concerning the client who filed or on whose behalf the grievance was filed.

(G) **Remote grievances.** The grievance requires action by a ~~private or public~~an individual, or an entity ~~over which~~when DHS does not have authority or control, such as a grievance about the action of a public school teacher, a guardian, or a physician in private practice. In these situations, the LGC assists the grievant ~~in using~~with use of external grievance or complaint systems that may be available regarding the subject of the grievance.

(H) **Pending proceedings.** The grievance involves a matter that is the subject of a decision of a court or administrative hearing, pending civil, criminal, or

Permanent Final Adoptions

administrative proceeding, ~~a decision of a court or administrative hearing~~, or the subject of a pending OCA, Office of Inspector General (OIG), or ~~Child Welfare Services~~ CWS investigation.

(I) **Investigative findings.** The results of an investigation regarding abuse, neglect, verbal abuse, caretaker misconduct, or exploitation cannot be grieved.

(J) **Fair hearing decisions.** The results of a fair hearing cannot be grieved.

(K) **Frivolous grievances.** A frivolous grievance does not state a complaint or problem of any substance. Before declining to process a grievance of this nature, the LGC contacts the grievant to inquire if the grievant needs assistance in submitting a substantive grievance.

(3) **Documenting exclusions.** When a grievance is submitted and it falls into an excluded category listed in ~~the preceding paragraph~~ (2)(k) of this subsection, the LGC dates and signs Form 15GR001P as received, and notes on the form the reason ~~the LGC~~ he or she does not process it. The grievant is informed of the reason and decision. The grievance is logged in ~~the grievance tracking log~~ on Form 15GR009E and ~~the form~~ is filed in the client's grievance file. The LGC sends ~~a copy~~ copies of the Form 15GR001P (paper version) or 15GR0014E (electronic version) and ~~a copy~~ of the applicable Notice of Summary Disposition to the advocate general or the advocate general's designee for review.

(4) **Who may file a grievance.** A grievance may be filed by any client listed in subsection (a) of this Section. A grievance may also be filed by, or on behalf of, a client, by any person who knows the client and is interested in the client's welfare, including, but not limited to, a parent, guardian, relative, foster parent, court appointed special advocate, guardian ad litem, case manager, personal support team member, job coach, ~~and~~ or others including DHS employees and employees of residential, in-home supports, and vocational providers.

(5) **Group grievances.** Grievants whose complaints address the same issue(s) may file a group grievance. At any time during the processing of a group grievance, an individual grievant may withdraw. When separate grievances are filed by two or more grievants, regarding an identical issue, the interests of each grievant are identical, and the grievants do not object, a LGC can combine ~~them~~ the grievances for processing as a group, provided this does not unduly delay the processing of a particular grievance. When multiple grievances are grouped for processing, the LGC informs each grievant of the action. When a group grievance is filed, the LGC may ask the grievants to designate a spokesperson for the group in writing, ~~a spokesperson for the group~~.

(6) **Grievances involving reportable incidents.** When a grievance alleges a reportable incident, including, but not limited to, facts that constitute abuse, neglect, exploitation, or caretaker misconduct, per OAC 340:2-3-2 the LGC immediately reports it to ~~OCA intake~~ per

~~OAC 340:2-3-33~~ the allegation to the State Abuse Hotline for children or to the OCA intake for vulnerable adults. A grievance involving a reportable incident may be processed during a pending investigation provided the grievance does not interfere with the investigation and as needed, is held in abeyance pending the conclusion of the investigation. When the grievance alleges additional facts that do not constitute abuse, neglect, exploitation, or caretaker misconduct, the grievance is processed as to those facts. The LGC contacts OCA and other law enforcement agencies investigating the matter to coordinate grievance processing.

(d) **Grievance policies required.** Every provider and facility providing services to a client listed ~~in~~ per OAC 340:2-3-45(a)(2) who is living in Oklahoma, is required to operate a system for grievance resolution by clients using policies and procedures meeting the requirements of this Part.

(1) **Designation of LGC.**

(A) Every public and private facility and provider subject to Part 5, OAC 340:2-3-45 through 340:2-3-55, every DHS county office, and every DDS area office designates an employee to serve as LGC to carry out the responsibilities described in this Section. Facilities and providers inform the advocate general of the name, phone number, mailing ~~address~~, and email ~~address~~ addresses of its LGC, and ~~inform the advocate general of any changes to the information~~ within 30-calendar days of the effective date of a change ~~by completing~~ on Form 15GR021E, Designation of Local Grievance Coordinator-Facilities and Provider Agencies, and ~~submitting~~ submit it to ~~the Office of Client Advocacy~~ OCA. ~~The OCA advocates~~ advocate assigned to ~~SORC, NORCE, and Greer~~ serve as the LGC ~~at those facilities for Greer~~. The LGC is an individual who:

- (i) implements grievance policies and procedures;
- (ii) has experience with the programs and functions of the facility, provider, county office, or DDS area office;
- (iii) functions impartially and independently in grievance processing;
- (iv) reports directly to the facility administrator with regard to the LGC grievance duties and functions;
- (v) within 60-calendar days of ~~being~~ designated LGC designation, completes the online OCA Grievance Course;
- (vi) ensures that client requests regarding how to file a grievance are responded to within two business days; and
- (vii) is accessible and available to meet with grievants in person.

(B) Each facility, provider, DHS county office, and each DDS area office subject to this Part, displays ~~in a place conspicuous to its clients~~ a poster notifying clients of its grievance system and the name of its ~~local grievance coordinator~~ LGC, in a conspicuous

place to clients, using Form 15GR017E, Grievance Poster - Child Welfare Services Contracted Facilities; Form 15GR018E, Grievance Poster - Oklahoma Department of Human Services (DHS) County Offices Child Welfare Services; Form 15GR019E, Grievance Poster - Developmental Disabilities Services (DDS) Providers; or 15GR020E, Grievance Poster - Oklahoma Department of Human Services (DHS) Developmental Disabilities Services (DDS) Offices, whichever is applicable.

(2) **Advocate general review of grievance programs.**

The grievance system operated by each facility and provider ~~subject to~~ Part 5, OAC 340:2-3-45 through 340:2-3-55, is subject to the advocate general approval of the advocate general. Each provider and facility other than a DHS-operated facility is required to submit to the advocate general for approval, its grievance policies, procedures, forms, and any adopted revisions that are adopted, along with proof that the policies or revisions have been approved by the applicable approving authority to the advocate general. Revised policies are submitted to the advocate general for approval within 30-calendar days of the provider or facility adopting the revised policy.

(3) **Notifying clients of their grievance rights.** Each client covered by these grievance policies is notified of his or her right to, and how to, access the grievance resolution procedures using Form 15GR004E, Notice of Grievance Rights - Minors in DHS Custody; Form 15GR005E, Notice of Grievance Rights - Children in DHS Custody and Care; Form 15GR006E, Notice of Grievance Rights - DDS Service Recipients (General); Form 15GR007E, Notice of Grievance Rights - Hissom Class Members; or Form 15GR008E, Notice of Grievance Rights - Foster Parents, whichever is applicable. Hissom class members are provided notice per OAC 340:2-3-52. Each provider or facility annually notifies the client, and the guardian when applicable, in writing of the right to file a grievance and how to access the grievance resolution procedures. Providers or facilities use applicable forms Forms 15GR004E, or 15GR006E, or develop an equivalent form. In addition, providers are encouraged to provide a simplified version of their grievance policies using language appropriate to the clients' age level and cognitive functioning of its clients.

(4) **Monitoring and evaluation.** OCA ensures the quality of grievance systems by establishing minimum standards and an ongoing monitoring program. The advocate general and OCA staff have immediate and unlimited access to clients, staff, and facility files, records, and documents relating to grievance procedures and practices.

(5) **Reporting deficiencies.** An LGC who becomes aware of a deficiency in a grievance system, including a failure to follow or implement the grievance policy, must report it to the advocate general by phone at ~~1-405-522-2720 or 1-800-522-8014~~, fax at ~~1-405-522-2680~~, or email.

(6) **Advocate general deficiency report.** When the advocate general determines a deficiency exists in the grievance system of a facility or agency provider, the advocate general sends a deficiency report to the administrator and, when applicable, the ~~state office~~ State Office administrator.

(7) **Advocate general grievance.** The advocate general may, on behalf of any or all clients served by the grievance policy in this Section, originate a grievance. An advocate general grievance is filed with the provider or facility administrator or the ~~state office~~ State Office administrator and processed as a contested grievance.

(8) **Advocate general report.**

(A) The advocate general may initiate an inquiry on behalf of any client as defined in ~~subsection~~ (a) of this Section regarding:

- (i) any aspect of the care of a client that effects the quality of the client's life;
- (ii) the substance, application, or interpretation of any policy, rule, or regulation, written or unwritten, of a DHS-operated shelter or residential facility, or a facility or agency that contracts with DHS, or a placement provider; or
- (iii) any decision, behavior, or action of an employee, agent, or DHS contractor ~~of DHS~~, or of any client residing in the same placement setting.

(B) The person to whom the advocate general inquiry is addressed has seven business days to respond in writing to the advocate general.

(C) The advocate general issues a report that sets forth the inquiry subject matter, pertinent facts, and recommendations. An advocate general report is submitted to the provider or facility administrator, when applicable, and the ~~state office~~ State Office administrator. A copy is submitted to the DHS Director.

(e) **The grievance form.** A grievant files a grievance by obtaining ~~from the LGC~~ Form 15GR001P, ~~from the LGC~~, filling it out, and ~~turning~~ returning it ~~in~~ to the LGC, or to the facility or to DHS staff, who immediately transmits it to the LGC. A grievance may also be filed using electronic Form 15GR001E at <http://www.okdhs.org>. The grievant submits the completed form to the OCA grievance unit at oca.grievances@okdhs.org. Within one business day of receipt of the grievance, OCA staff assigns a grievance number, sends it to the assigned LGC, and contacts the grievant. Approved kinship or foster parents contact OJSO to initiate a grievance.

~~(1) DHS LGCs order this form from the DHS Warehouse. Private provider and facility LGCs obtain copies of this form from OCA at, 1-405-522-2720 or 1-800-522-8014.~~

~~(2) Those who need assistance completing the grievance form are assisted by the LGC or other staff members.~~

~~(3) A grievance received on paper other than Form 15GR001P, is attached to Form 15GR001P and filled out by the LGC on behalf of the grievant.~~

(f) **Retaliation prohibited.** No person filing a grievance is retaliated against, discriminated against or harassed, solely

Permanent Final Adoptions

or in part, for having asserted a grievance, or sought advice or inquired about filing a grievance. Clients are encouraged to use available grievance systems. ~~Clients and~~ are not discouraged from filing a grievance. All allegations of retaliation, discrimination, and harassment for filing a grievance, seeking advice, or inquiry about filing a grievance are reported to the OCA grievance unit and may result in an OCA investigation or an advocate general inquiry or grievance.

(g) **Grievance time limits.** Except for DDS clients, in order to be processed for action and resolution, a grievance must be filed within 15-business days of the date of the incident, decision, act, or omission complained about in the grievance, or within 15-business days of the date the grievant becomes aware of, or, with reasonable effort, should have become aware of a grievable issue. ~~The LGC may extend the time limit for filing a grievance may be extended by the LGC. When a foster parent requests an extension in order to pursue mediation through the Oklahoma Commission on Children and Youth (OCCY) Foster Parent Mediation Program per Section 601.6 of Title 10 of the Oklahoma Statutes, an LGC must grant the requested extension. The grievance is not processed until the mediation has been completed, and grievance timeframes are suspended for the duration of the mediation. When mediation resolves the original grievance, the foster parent(s) may withdraw the grievance, or the LGC may declare the grievance "administratively resolved." When a foster parent grieves, but has requested mediation of the dispute through the OCCY mediation program before filing a grievance that alleges retaliation, the LGC counts from the date of the mediation when computing timeliness.~~

(1) Filing and other time requirements contained in this Section are counted in DHS business days unless otherwise specified. In computing any time requirement, the day of the incident, decision, act, or omission at issue is not included. The next calendar day is the first day of the time requirement.

(2) When the LGC or a respondent fails to meet grievance processing time requirements without obtaining an extension, the LGC processes the grievance to the next step within three business days of the grievant's request.

(3) Responses, notices, and other documents issued during the ~~processing of a grievance~~ process are delivered to the grievant in person or by mail at the grievant's last known address. A grievance is considered administratively resolved when a correctly addressed letter with proper postage is sent to the last known address of the grievant, with proper postage and is returned undeliverable with no forwarding address.

(4) There is no time limit on allegations of abuse, neglect, verbal abuse, exploitation, or caretaker misconduct. When a grievance, timely or untimely, consists of such an allegation, the OCA intake Intake Unit or the Abuse and Neglect Hotline is immediately notified per OAC 340:2-3-33.

(5) There are no time limits for grievances filed on behalf of individuals served by DHS DDS.

(h) **Grievance records, logs, and quarterly reports.** The LGC maintains an accurate and complete record of each

grievance filed, as well as summary information about the number, nature, and outcome of all grievances filed. Grievance records are kept separate and apart from other client records and files. DHS grievance records and files are retained per federal and state and federal laws governing record retention and destruction.

(1) Each LGC tracks grievances as they progress through the system and ~~keeps a log of logs~~ every OCA-numbered grievance form issued on Form 15GR009E, ~~Grievance Tracking Log, may be used for this purpose.~~ For grievances submitted by a client, ~~the tracking log~~ Form 15GR009E includes the:

- (A) grievance number;
- (B) name of the grievant given the form;
- (C) date the form was submitted by the grievant;
- (D) nature and outcome of the grievance;
- (E) date of final resolution; and
- (F) level where it was resolved.

(2) When a ~~grievance form~~ Form 15GR001P is provided to a client and not turned in, the facility tracks only the identification number on the form copy of Form 15GR001P given to the client, the name of the client to whom the form was given, and the date it was given to the client. This information is tracked on Form 15GR009E.

(3) Each LGC submits a quarterly grievance report, Form 15GR010E, Quarterly Grievance Report, to the advocate general. ~~The quarterly report is transmitted to the advocate general~~ no later than the 21st day following the end of each calendar quarter. Quarterly reports are submitted by mail, fax, or email. The email address is [emailed to: oca.grievances@okdhs.org](mailto:oca.grievances@okdhs.org). When grievance activity did not occur or was pending during a particular fiscal year quarter, the LGC indicates it on Form 15GR010E.

(4) When a grievance becomes moot at any point during ~~the local processing of the grievance~~, the LGC may stop the grievance process and declare the grievance, administratively resolved. The LGC informs the grievant, notes it on applicable Forms 15GR001P or 15GR001E and 15GR009E, and sends a copy of Form 15GR001P or 15GR001E to OCA with the next quarterly grievance report.

(i) **Processing the grievance form.** After completing Form 15GR001P, the grievant submits the form directly to the LGC, ~~or other facility employee, or DHS lockbox, or OCA.~~ Form 15GR001P is printed in duplicate sets with a carbonless yellow copy. The grievant submits the white copy and keeps the yellow copy. If someone other than the LGC receives a grievance, that person submits it directly to the LGC within one business day of receipt. When the grievant completes and submits Form 15GR001E, the OCA grievance unit submits the grievance directly to the assigned LGC within one business day. Foster parent grievances are processed per OAC 340:2-3-50.

(j) **Informal resolution of grievance.** ~~When~~ the LGC is able to can promptly resolve the grievance to the grievant's satisfaction without further processing, the LGC fills out the bottom of Form 15GR001P or 15GR001E, signs it, and files it in the appropriate grievance file.

(k) **First level problem resolution.** Within three business days of receipt of Form 15GR001P or 15GR001E, ~~if when~~ the grievance ~~was~~ not resolved to the decision-maker's satisfaction, the LGC fills out Form 15GR002E, Local Grievance Coordinator (LGC) Worksheet.

(1) The LGC identifies who has the authority to provide the quickest and surest resolution to the problem at the lowest level in the organizational structure.

(A) For DHS grievances of children in DHS custody and care, the first level respondent may be the supervisor of the grievant's ~~Child Welfare Services (CWS)~~ specialist.

(B) For grievances regarding placements above the therapeutic foster care level made by CWS placement services, the first level respondent is the applicable CWS programs manager.

(C) For placement grievances regarding a specific foster child, the first level respondent is the applicable district director.

(D) When the minor child is also a DDS client, ~~this~~ the first level respondent may be the DDS case manager supervisor.

(E) For adults receiving services from DDS, the first level respondent may be the DDS case manager supervisor.

(2) The LGC completes the first box in the first level section on Form 15GR002E, attaches ~~the~~ corresponding Form 15GR001P or 15GR001E, and other relevant documentation and information, and submits it to the first level respondent, by the most efficient means practicable, within three business days of receipt of the grievance from the grievant.

(3) The first level respondent responds to the grievance within five business days of receipt of Form 15GR002E by completing the second box in the first level section on Form 15GR002E. When the proposed resolution contains a promise of some future action, a target date is specified for full implementation of that future action. The grievant may contest the target date by ~~taking the grievance proceeding to the next~~ second problem resolution level.

(4) The LGC monitors the timely response by the first level respondent. When a complete response is not timely received by the LGC, the LGC notes this on Form 15GR002E, and the grievance immediately proceeds to the second problem resolution level.

(5) Within three business days of receipt of the first level response, the LGC or the LGC's designee contacts the decision-maker to inform the decision-maker of the proposed resolution, ~~and~~ the right to take the grievance to the second ~~level~~ of problem resolution level, and determines if the decision-maker is satisfied with the proposed resolution. The first level respondent may meet with the decision-maker with or without the LGC present. ~~If the decision maker needs time to decide whether to accept the proposed resolution, the decision maker has three business days to make a decision. The LGC is responsible for informing the decision-maker that he or she has three~~

business days to accept or appeal the respondent's proposed resolution. ~~If when~~ a decision is not communicated to the LGC within three business days, the decision-maker is deemed to have accepted the proposed resolution. ~~The LGC is responsible for informing the decision maker that he or she has three business days to accept or appeal the respondent's proposed resolution.~~

(6) When the decision-maker is satisfied with the proposed resolution, the LGC indicates his or her acceptance on Form 15GR002E, notifies those responsible for grievance resolution, and places the form in the appropriate grievance file.

(7) When the proposed resolution has been accepted by the decision-maker, but involves a future target date, the LGC monitors compliance with the target date. If the LGC determines that the resolution was not achieved by the target date, the LGC immediately reopens the grievance and processes it for the second problem resolution level.

(8) When the decision-maker does not accept the proposed resolution and elects to take the grievance to the second problem resolution level, the LGC processes the grievance for the second problem resolution level per ~~subsection (l)~~ (l) of this Section.

(1) **Second level problem resolution.**

(1) ~~If when~~ the grievance is not resolved at the first ~~level~~ of problem resolution level, the LGC processes it ~~in accordance with~~ per this subsection within three business days of the grievant requesting the second ~~level~~ of problem resolution level, per ~~subsection (k)~~ (k) of this Section.

(2) The LGC fills out the first box in the second level section on Form 15GR002E, ensures the corresponding Form 15GR001P (paper version) or 15GR001E (electronic version) and other relevant documents are attached, and immediately submits it ~~immediately~~ to the second level respondent. For facilities and providers subject to these rules, the administrator or the administrator's designee is the second level respondent. For DHS grievances, the DHS district director or the DDS area manager, ~~whichever is~~ applicable, is the second level respondent. However, ~~if when~~ the district director was the first level respondent, then the second level respondent ~~would be~~ is the applicable deputy director or the deputy director's designee. ~~If when~~ the provider administrator or DDS area manager is the first level respondent, the second level review is ~~skipped~~ bypassed and processed as a contested grievance per OAC 340:2-3-46.

(3) The administrator or the administrator's designee responds to the grievance within seven business days of receipt of Form 15GR002E by completing the applicable box in the second level section ~~on Form 15GR002E~~. When the proposed resolution contains a promise of some future action, a target date is specified for full implementation of that future action.

(4) The second level respondent for a placement grievance regarding a specific foster child is the applicable deputy director or the deputy director's designee.

(5) The LGC monitors the timely response by the respondent. ~~If when~~ a complete response is not timely

Permanent Final Adoptions

received by the LGC, the LGC notes this on Form 15GR002E and the grievance immediately is processed as a contested grievance. A contested DHS grievance is processed per OAC 340:2-3-46. Contested facility grievances are processed ~~in accordance with subsection~~ (m) of this Section.

(6) Within three business days of receipt of the second level response, the LGC ~~or the LGC's designee~~ contacts the decision-maker to inform him or her of the proposed resolution, ~~and~~ the right to contest the response to the grievance, and determines if the decision-maker is satisfied with the proposed resolution. ~~If the decision-maker needs time to decide whether to accept the proposed resolution, the grievant has three business days to make a decision. The LGC is responsible for informing the decision-maker that he or she has three business days to accept or appeal the respondent's proposed resolution. If~~ When no decision is communicated to the LGC within three business days, the grievant is deemed to have accepted the proposed resolution.

(7) When the decision-maker is satisfied with the proposed resolution, the LGC documents the decision-maker's acceptance on Form 15GR002E, notifies those responsible for resolution of the grievance, and places ~~the form~~ Form 15GR002E in the appropriate grievance file.

(8) When the proposed resolution ~~has been~~ is accepted by the decision-maker, but involves a future target date, the LGC monitors compliance with the target date. ~~If~~ When the LGC determines ~~that~~ the resolution ~~has~~ was not ~~been~~ completed by the target date, the LGC immediately reopens the grievance and processes it as a contested grievance.

(9) When the decision-maker does not accept the proposed resolution and elects to contest the response, a contested DHS grievance is processed, ~~in~~ per OAC 340:2-3-46. Contested facility ~~or provider~~ grievances are processed per ~~subsection~~ (m) of this Section.

(m) **Contested facility or provider grievances.** When the decision-maker does not accept the proposed resolution or the target date of the second level proposed resolution, a facility or provider grievance is appealed to the chair of the board of directors of the facility or provider or an appeals committee designated by the board. This ~~section~~ Section does not apply to grievances of Hissom class members or individuals who previously resided at NORCE or SORC after November 1, 2012. Grievances at DHS-operated facilities are appealed as a contested grievance, per OAC 340:2-3-46.

(1) The LGC transmits a contested facility or provider grievance to the chair of the board of directors of the facility or provider, or an appeals committee designated by the board, within three business days of notice that the decision-maker does not accept the proposed resolution and is contesting ~~the proposed resolution~~ it.

(2) In reviewing the contested grievance, the board of directors, or appeals committee if applicable, is not required to conduct an evidentiary hearing or hear argument. In the event the board determines evidentiary hearing

evidence would assist in resolving the grievance, the board has the option of conducting an informal hearing.

(3) Within 10-business days of ~~receiving receipt~~ of a contested grievance, the chair of the board of directors or the appeals committee responds by submitting a written decision to the LGC.

(4) Within three business days of ~~receiving receipt~~ of the written decision of the chair of the board of directors or the appeals committee, the LGC informs the decision-maker of the decision and provides the decision-maker with a copy of the board's decision. This concludes the grievance process and the grievant's administrative remedies have been exhausted.

(n) **Fast track grievances.** When the subject of a DHS grievance is such that time is of the essence, with the approval of the advocate general or ~~the advocate general's~~ designee a grievance can be submitted directly to the OCA grievance liaison for processing as a contested grievance, ~~in accordance with~~ per OAC 340:2-3-46. When a grievance involves a time-sensitive problem, the OCA grievance liaison may shorten the response time as circumstances warrant.

(o) ~~Communications~~ **Communication with OCA.** Any notices, forms, or other information that facilities, providers, or DHS county offices are required to submit to OCA or ~~to~~ the advocate general ~~can be~~ are submitted by email, ~~using the email address~~ at oca.grievances@okdhs.org.

(p) **Grievance training required.** LGCs are required to take the OCA ~~online~~ approved grievance training within 60-calendar days of their appointments, and annually thereafter.

340:2-3-46. Contested grievances appealed to the State Office

(a) **Application.** This Section describes the processes for contesting the second level response to Oklahoma Department of Human Services (DHS) grievances, facility grievances at DHS-operated facilities, and provider grievances of Hissom class members. For contested grievances of approved foster parents refer to Oklahoma Administrative Code (OAC) 340:2-3-50.

(b) **Definitions.** The definitions in OAC 340:2-3-2 and 340:2-3-45(b) apply to this Section unless the context clearly indicates otherwise.

(c) **Initiating the contested grievance.** When a decision-maker asks to appeal a grievance to the State Office administrator, within three-business days of notice of the request, the local grievance coordinator (LGC) transmits the grievance to the Office of Client Advocacy (OCA), Attention OCA grievance liaison, with Form 15GR002E, Local Grievance Coordinator (LGC) Worksheet, attaching the corresponding Form 15GR001P (paper version) or 15GR001E (electronic version), Grievance Form, and other documents and information relevant to the subject matter of the grievance.

(d) **Documentation requirements.** When Form 15GR002E is submitted to OCA, attachments are:

- (1) corresponding Form 15GR001P or 15GR001E;
- (2) supporting facts relating to the proposed resolution by the second level respondent, including documentation

relating to the first level and second level of problem resolution processes; and

(3) any written rule, policy, procedure, regulation, or other information relevant to the grievance subject matter.

(e) **OCA grievance processing.** Within three-business days following receipt of an OCA contested grievance, the OCA grievance liaison reviews the contested grievance and accompanying documentation and determines if additional information is necessary for disposition of the appeal. When information is missing, the OCA grievance liaison contacts the person(s) in possession of the needed information and sets deadlines for submission of the information by the most efficient means to avoid delays in processing the contested grievance.

(f) **Rejected grievances.** When OCA determines the subject matter of a grievance falls in one of the categories listed in OAC 340:2-3-45(c)(2), the OCA grievance liaison returns the grievance to the LGC with a cover letter indicating the reason the grievance was not accepted for processing as a contested grievance. Within three-business days following receipt of the letter, the LGC contacts the grievant to inform the grievant of the status of the grievance.

(g) **OCA transmittal to State Office administrator.** Within three-business days following receipt of an OCA contested grievance and all documents required by (d) of this Section, the advocate general or the advocate general's designee prepares and sends Form 15GR011E, Contested Grievance Transmittal, to the State Office administrator with decision-making authority to respond to the subject of the grievance.

(h) **State Office administrator's response.** The State Office administrator who receives a contested grievance responds to the grievant within 10-business days or by the due date on Form 15GR011E. The advocate general or the advocate general's designee may grant an extension when good cause is shown. The State Office administrator sends his or her response directly to the LGC after completing the designated portion of Form 15GR011E. A copy is sent to the advocate general or the advocate general's designee. The State Office administrator attaches his or her response to Form 15GR011E and includes:

- (1) the proposed resolution and how it will be implemented;
- (2) the names of those responsible for implementing the proposed resolution;
- (3) the proposed resolution target date;
- (4) the facts and analysis supporting the proposed resolution including relevant documentation; and
- (5) any relevant written rules, policies, procedures, regulations, or other information.

(i) **Timely response required.** The OCA grievance liaison monitors the timely response by the State Office administrator. When a complete response is not timely received by the OCA grievance liaison and an extension was not granted, the OCA grievance liaison immediately processes the grievance for review by the Grievance and Review Committee (GARC), per OAC 340:2-3-64(b). OCA notifies the grievant and affected

State Office administrator that the grievance is being processed for GARC.

(j) **Presentation of proposed resolution.** The LGC or the LGC's designee contacts the decision-maker within three-business days following receipt of the State Office administrator's response. When the decision-maker accepts the proposed resolution, the LGC notes this on the OCA transmittal memo and files it in the client's grievance file.

(k) **Request for GARC review.** When the grievant does not accept the State Office administrator's response, the LGC completes the designated portion of Form 15GR011E and returns it to the OCA grievance liaison within three-business days. Upon OCA receipt of Form 15GR011E, the grievance is processed for review by GARC, per OAC 340:2-3-64.

340:2-3-52. Grievances of Hissom class members

- (a) **Application.** This Section describes processes relating to grievances of Hissom class members. The Oklahoma Department of Human Services (~~OKDHS~~) (DHS) legal basis and authority for grievance policies and procedures for Hissom class members includes orders of the United States District Court for the Northern District of Oklahoma in Homeward Bound, et al., vs. The Hissom Memorial Center, Case No. 85-C-437-E.
- (b) **Definitions.** The definitions in Oklahoma Administrative Code (OAC) 340:2-3-2 and 340:2-3-46(b) apply to this Section unless the context clearly indicates otherwise.
- (c) **Notice of grievance rights.** The Office of Client Advocacy (OCA) advocate assigned to a Hissom class member gives Form 15GR007E, Notice of Grievance Rights - Hissom Class Members, at least yearly to each class member or his or her guardian(s), close family members, and volunteer advocates. This form is used to identify the OCA advocate assigned to the class member and to explain the class member's right to grieve. After the class member, guardian(s), or both, sign the form, the advocate documents this in a contact sheet and provides copies to the client or the client's guardian, the assigned Developmental Disabilities Services ~~Division (DDSD)~~ (DDS) case manager, and the program coordinator of the applicable provider for placement in the client's home record. The original is maintained in the class member's OCA's record ~~for the class member~~.
- (d) **Filing and processing of grievances.** Grievances of class members are processed ~~in accordance with~~ per OAC 340:2-3-45 unless otherwise provided in this Section.
- (1) OCA assigns an advocate to represent each class member. The assigned advocate serves as the grievance advisor for ~~the class member~~ members and provides assistance to class members and persons interested in their class members' welfare who want to file a provider or ~~OKDHS~~ DHS grievance. ~~[per OAC 340:2-3-71(h)(4)]~~. When an advocate files a provider or ~~OKDHS~~ DHS grievance on behalf of a class member, the advocate contemporaneously provides a copy of the grievance to the

~~DDSDDS~~ case manager assigned to the class member and to the ~~DDSDDS~~ programs administrator for community services.

(2) Class members, ~~their~~ guardians, volunteer and other advocates and ~~other advocates~~, case managers, personal support team members, and persons interested in ~~their class members'~~ welfare also can file ~~an OKDHSa DHS~~ grievance by submitting/completing Form 15GR001P (paper version) or 15GR001E (electronic version); Grievance Form, to the local grievance coordinator (LGC) in the appropriate ~~DDS~~ area office. The advocate submits a completed 15GR001P to the LGC. When the advocate completes Form 15CR001E the OCA grievance unit submits it directly to the LGC within one business day of receipt. When the LGC receives a grievance that has/was not been submitted by the OCA advocate representing the class member, the LGC promptly informs the advocate of the grievance by e-mail/mail, fax, or telephone/phone.

(3) ~~If/When~~ a grievance involves a decision of a class member's team, the first level respondent is the supervisor of the client's ~~DDSDDS~~ case manager, unless the case manager is involved in the decision being grieved.

(e) **Provider grievances.**

(1) Each residential and vocational provider that contracts with ~~DDSDDS~~ to provide services to Hissom class members has a grievance resolution system ~~for resolution of grievances~~. The provider's written grievance policies, forms, and procedures are in compliance with OAC 340:2-3-45.

(2) Provider grievances ~~are initiated~~ by the class member, the assigned OCA advocate, or a person interested in the welfare of the class member by/are initiated using Form 15GR001P or 15GR001E or the provider's grievance form. The completed grievance form is submitted to the provider's grievance coordinator LGC. Upon receipt of a provider grievance by or on behalf of a Hissom class member by anyone other than the OCA advocate or the ~~DDSDDS~~ case manager ~~for the class member~~, the LGC promptly informs the ~~DDSDDS~~ case manager and the advocate ~~assigned to the class member~~ by e-mail/mail, fax, or phone. If an OKDHS/When a DHS employee initiates a grievance on behalf of a class member, at the time the grievance is filed the employee sends a copy to the DDSDDS case manager and the OCA advocate assigned to the class member.

(3) ~~If/When~~ the subject matter of a grievance can be submitted for resolution as a provider grievance or ~~an OKDHSa DHS~~ grievance, the class member has the option to file it as a provider grievance, ~~an OKDHSa DHS~~ grievance, or both.

(f) **Time limits on filing grievances.** The time limit set forth in OAC 340:2-3-45(g) does not apply to grievances filed by or on behalf of Hissom class members.

(g) **Fast track grievances.** When the subject of ~~an OKDHSa DHS~~ grievance is such that time is of the essence, with the approval of the advocate general or the advocate general's designee, a grievance can be submitted directly to the

OCA grievance liaison for processing as a contested grievance ~~in accordance with~~ per OAC 340:2-3-46. When a grievance involves a time sensitive problem, the OCA grievance liaison can shorten the response time ~~for responding~~ as warranted by the circumstances.

(h) **Second level problem resolution.** The area manager of the appropriate ~~DDSDDS~~ area office is the individual responsible for responding to ~~an OKDHSa DHS~~ grievance at the second level of problem resolution.

(i) **Contested grievances.** When the response to ~~an OKDHSa DHS~~ or provider grievance is contested by a class member or a grievant on behalf of a class member, the contested grievance is processed ~~in accordance with~~ per OAC 340:2-3-46 unless otherwise provided in this Section. The ~~DDS~~ director of ~~DDS~~ is the state office administrator responsible for responding to contested grievances of class members.

(j) **Request for review by the Grievance and Abuse Review Committee (GARC).** When a Hissom class member requests review by GARC of the ~~DDSDDS~~ director's response to a grievance, the OCA grievance liaison prepares a request for GARC review using the OCA-prescribed format ~~prescribed by OCA~~ that includes the information listed in subsection (i) of this Section.

(k) **Formal inquiry.** The advocate general or any OCA advocate staff may file a formal inquiry to request information relating to: the treatment of a client; the substance or application of any policy, rule, or regulation, ~~written or unwritten,~~ of ~~OKDHS/DHS~~ or an agent or contractor of ~~OKDHS/DHS~~; or any decision, behavior or action of ~~an OKDHSa DHS~~ employee, agent or contractor, or of another client.

(1) A formal inquiry is submitted directly to the administrator of a community services provider or the appropriate ~~DDSDDS~~ area manager. An advocate general formal inquiry is submitted to the ~~DDS~~ director of ~~DDS~~. The person to whom it is submitted has seven business days to respond in writing. The advocate general can grant an extension.

(2) ~~If/When~~ the response to the formal inquiry does not resolve the concern that prompted the formal inquiry, the matter may be treated as a formal grievance and processed as a contested grievance.

(3) The advocate general issues a report that sets forth the subject matter of the inquiry, the pertinent facts, and recommendations. An advocate general report is submitted to the administrator, when applicable, and the ~~state office~~ State Office administrator. A copy is submitted to the ~~OKDHS/DHS~~ Director.

(l) **Advocate grievances.** An OCA advocate may file a grievance on behalf of a class member even though a grievance ~~has/was~~ not ~~been~~ filed by or on behalf of the class member.

(1) At the discretion of the advocate general or the advocate general's designee, an advocate grievance is submitted directly to the administrator of a provider agency or the appropriate ~~DDSDDS~~ area manager using Form 15GR003E, Grievance - Hissom Class Member.

(2) An advocate general grievance is submitted directly to the ~~DDS~~ director of ~~DDS~~ or the administrator of the provider agency, ~~whichever is~~ applicable.

Permanent Final Adoptions

(3) The person to whom it is submitted has seven business days to respond in writing. The advocate general can grant an extension.

(4) If the response to a grievance is not acceptable, or is not timely submitted, it is processed as a contested grievance pursuant to per OAC 340:2-3-46.

(m) **Monitoring of grievance programs.** Providers submit their policies for review and approval by the advocate general. OCA provides training and technical assistance to providers, at their request, in the development of grievance forms and procedures. OCA, in cooperation with other monitoring entities to avoid unnecessary duplication, monitors provider grievance programs in accordance with per OAC 340:2-3-45(d) through (h).

340:2-3-53. Grievances of clients receiving services from the Developmental Disabilities Services (DDS)

(a) **Application.** This Section describes processes relating to grievances of clients receiving services from the ~~Developmental Disabilities Services (DDS)~~ who are not residing in an Oklahoma Department of Human Services (DHS) operated facility and are not Hisson class members. This Section includes minors and adults in specialized foster care. Subsections (h) through (k) apply to clients who were former residents of NORCE or SORC, upon the Oklahoma Commission for Human Services resolution to close the state operated resource centers November 1, 2012.

(b) **Definitions.** The definitions in Oklahoma Administrative Code (OAC) 340:2-3-2 and 340:2-3-45(b) apply to this Section unless the context clearly indicates otherwise.

(c) **Notice of grievance rights.** The DDS case manager gives Form 15GR006E, Notice of Grievance Rights - DDS Clients (General), to the service recipient, or guardian when applicable, at the initial plan of care meeting and at each annual plan of care meeting thereafter. ~~If~~ When the service recipient does not have a DDS case manager, the provider gives Form 15GR006E to the service recipient within 30 calendar days of service initiation and annually thereafter. Form 15GR006E is used to identify the local grievance coordinator and to explain the client's right to grieve. After the client or guardian signs the form, the original is maintained in the client's permanent record ~~for the client~~.

(d) **Filing and grievance processing of ~~grievance~~.** Provider and DHS grievances are filed and processed per OAC 340:2-3-45. When a grievance involves a decision of an individual's team, the first level respondent is the supervisor of the client's case manager unless the case manager participated in making or approved the decision being grieved.

(e) **Time limits on filing grievances.** The time limit set forth in OAC 340:2-3-45(g) does not apply to grievances filed by or on behalf of ~~these~~ the clients listed in this Section.

(f) **Contested grievances.** When a grievant asks to appeal a DHS grievance, the appeal is processed per OAC 340:2-3-46.

(g) **Monitoring grievance programs.** In order to avoid unnecessary duplication, the Office of Client Advocacy (OCA), in cooperation with other monitoring entities, monitors

provider grievance programs per OAC 340:2-3-45 (d) through (m).

(h) **Provider grievances of DDS clients who were former residents at NORCE or SORC as of November 1, 2012.**

(1) Each residential and vocational provider that contracts with DDS to provide services to DDS clients has a grievance system for resolution of grievances. The provider's written grievance policies, forms, and procedures are in compliance with OAC 340:2-3-45.

(2) Provider grievances are initiated by the DDS client, the assigned OCA advocate, or a person interested in the welfare of the client by using Form 15GR001P (paper version) or 15GR001E (electronic version) or the provider's grievance form. The completed grievance form is submitted to the provider's grievance coordinator. Upon receipt of a provider grievance by or on behalf of a DDS client by anyone other than the OCA advocate or the client's DDS case manager ~~for the client~~, the LG local grievance manager promptly informs the DDS case manager and the advocate assigned to the client by email, fax, or phone. When a DHS employee initiates a grievance on behalf of a client, at the time the grievance is filed the employee sends a copy to the DDS case manager and the OCA advocate assigned to the client.

(3) ~~If~~ When the subject matter of a grievance can be submitted for resolution as a provider grievance or a DHS grievance, the DDS client has the option to file it as a provider grievance, ~~an~~ a DHS grievance, or both.

(i) **Contested grievances.** When the response to a DHS or provider grievance is contested by a DDS client or a grievant on behalf of a client, the contested grievance is processed per OAC 340:2-3-46 unless otherwise provided in this Section. The DDS director is the state office administrator responsible for responding to DDS client contested grievances.

(j) **Request for review by the Grievance and Abuse Review Committee (GARC).** When a DDS client requests a GARC review ~~by GARC~~ of the DDS director's response to a grievance, the OCA grievance liaison prepares a request for GARC review using the ~~format~~ OCA-prescribed by OCA format that includes the information listed in subsection (i) of this Section.

(k) **Formal inquiry.** The advocate general or ~~any~~ OCA advocate staff may file a formal inquiry to request information relating to:

- (1) the treatment of a client;
- (2) the substance or application of any DHS policy, rule, or regulation, ~~written or unwritten~~, of DHS or an agent or contractor of DHS; or
- (3) any decision, behavior or action of a DHS employee, agent or contractor, or of another client;

(A) A formal inquiry is submitted directly to ~~the administrator of~~ at the community services provider administrator or the appropriate DDS area manager. An advocate general formal inquiry is submitted to the DDS director. The person to whom it is submitted has seven business days to respond in writing. The advocate general can grant an extension.

(B) When the response to the formal inquiry does not resolve the concern that prompted the formal inquiry, the matter may be treated as a formal grievance and processed as a contested grievance.

(C) The advocate general issues a report that sets forth the subject matter of the inquiry, the pertinent facts, and recommendations. An advocate general report is submitted to the administrator when applicable, and the ~~state office~~ State Office administrator. A copy is submitted to the DHS Director.

PART 9. ADVOCACY PROGRAMS

340:2-3-71. Office of Client Advocacy (OCA) general advocacy services

(a) **Legal authority.**

(1) Section 1415.1(A)(2) of Title 10 of the Oklahoma Statutes (10 O.S. § 1415.1(A)(2)) requires the Oklahoma Department of Human Services (DHS) to establish an ombudsman program for each institution and residential facility for persons with intellectual disabilities operated by DHS. DHS conferred this responsibility on ~~the Office of Client Advocacy (OCA).~~

(2) Orders of the United States District Court for the Northern District of Oklahoma in Homeward Bound, Inc., et al. v. Hissom Memorial Center, et al., Case No. 85-C-437-TCK-SAJ, require DHS and OCA to provide advocacy services to individuals certified by the court as members of the plaintiff class, known as Hissom class members.

(3) Per Oklahoma Administrative Code (OAC) 340:2-3-71 through 340:2-3-75, DHS assigned additional advocacy responsibilities to OCA.

(b) **Scope.** OCA provides advocacy services to Developmental Disabilities Services (DDS) clients listed in this subsection, who are collectively referred to as "clients" in OAC 340:2-3-71 through 340:2-3-75.

(1) OCA advocacy services for residents of the Robert M. Greer Center (Greer) are outlined in greater detail per OAC 340:2-3-72.

(2) OCA advocacy services for former residents of the Southern Oklahoma Resource Center (SORC), and the Northern Oklahoma Resource Center of Enid (NORCE) are outlined in greater detail in OAC 340:2-3-73. ~~in-class members are outlined in greater detail in OAC 340:2-3-74.~~

(3) OCA advocacy services for ~~for~~ Hissom class members are outlined in greater detail in OAC 340:2-3-74.

(4) OCA provides advocacy services on a short-term or emergency basis for other DDS clients who have special advocacy needs per OAC 340:2-3-75.

(c) **Guiding principles.** OCA advocacy programs advance the capacity and recognition of individual choice, the realization of rights and responsibilities of citizenship, and the personal well-being of recipients of DDS services. In addition to the guiding principles listed in OAC 340:100-1-3.1, the guiding principles for OCA advocacy on behalf of clients are:

(1) **self-determination.** Advocates promote the individual as the driving force of life choices and decisions;

(2) **meaningful choice.** Advocates promote the development of meaningful choices for persons with developmental disabilities consistent with their unique strengths, resources, priorities, concerns, abilities, capabilities, and interests;

(3) **active citizenry.** Advocates promote the inclusion and involvement of persons with developmental disabilities in the social and political structures of the community; and

(4) **well-being.** Advocates promote access to physical and emotional supports necessary for a healthy ~~life style~~ life style.

(d) **Definitions.** In addition to definitions in OAC 340:2-3-2, the following words and terms when used in OAC 340:2-3-71 through 340:2-3-75 shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Capacity assessment"** means the process of determining an individual's ability to make informed decisions and the need for assistance with decision-making regarding personal and financial matters, per OAC 340:100-3-5.

(2) **"Human Rights Committee"** or **"HRC"** means the committee charged with the responsibility for external monitoring and advocacy to address protection of individual rights.

(3) **"Individual plan"** or **"IP"** means a written document developed by the Personal Support Team based upon assessment of need. The IP specifies outcomes pursued on behalf of the individual, steps ~~being~~ taken to achieve outcomes, and all services and supports necessary to achieve outcomes.

(4) **"Informed consent"** means ~~informed consent~~ per OAC 340:100-3-5 the ability to make and express voluntary decisions, given correct and sufficient information about the nature, purpose, risks, benefits, and alternatives of a proposed service or action. Individuals, 18 years of age and older, are presumed to have capacity to give informed consent except to the extent adjudicated incapacitated by the court. An individual is not considered incapacitated solely by reason of his or her diagnosis. Individuals may be adjudicated incapacitated in one area, while being fully capable of understanding and exercising rights in other areas. Individuals have the right to exercise judgment in all areas of capacity.

(5) **"Personal Support Team (PST)"** means the participants in the individual's assessment and planning process. The PST includes the service recipient, case manager, legal guardian, advocate, service providers, and others whose participation is necessary to achieve the outcomes desired by the service recipient.

(6) **"Program coordinator"** or **"PC"** means a person employed by a DDS residential or group home contract provider agency responsible for the supervision, coordination, and monitoring of services provided by the contract provider agency to a service recipient.

Permanent Final Adoptions

- (7) **"Service review"** means an assessment by an OCA advocate of a client's health, living circumstances, and the delivery of supportive services. The service review documents the extent of services provided to an individual client and identifies problem areas in service delivery. Each service review is a snapshot of the life of an individual at the time the review is completed.
- (8) **"Statewide Behavior Review Committee"** or **"SBRC"** means the SBRC established per OAC 340:100-3-14 to review each protective intervention plan with restrictive or intrusive procedures to ensure the plan complies with DDS policy on the use of restrictive or intrusive procedures, per OAC 340:100-5-57.
- (e) **Client records.** Information in OCA records relating to advocacy services provided to the clients listed in (b) of this Section is confidential and protected from unauthorized use. Only authorized individuals are given access to client records or provided information from those records.
- (1) The confidentiality provisions of OAC 340:100-3-2 apply to OCA client files.
- (2) The confidentiality provisions of OAC 340:5-1-5 apply to information in OCA records regarding allegations of abuse, neglect, and exploitation of a vulnerable adult, as those terms are defined in 43A O.S. §§ 10-103, 10-110, and 10-110.1.
- (3) A breach of confidentiality may result in a criminal prosecution. Violations by DHS employees can also result in personnel action.
- (f) **Training requirements for advocates.** New and tenured OCA advocates receive appropriate training consistent with background and experience. This includes training on the rights of DDS clients under federal and state law.
- (g) **Client representation.**
- (1) OCA assigns advocates to represent Greer residents.
- (2) OCA assigns advocates, per Part 9, OAC 340:2-3-71 through 340:2-3-75 to represent specific DDS clients living in community residential settings, including Hissom class members living in Oklahoma and former residents of SORC and NORCE.
- (3) An OCA advocate is knowledgeable about the clients he or she represents and seeks to understand each client's specific challenges and communication styles, needs, interests, and goals. An advocate ascertains the client's preferences and choices. An advocate becomes familiar with a client by:
- (A) reviewing relevant client records and files;
- (B) visits and other contacts with the client at home, at work, and in other contexts; and
- (C) communication with the client's relatives, loved ones, guardians, program coordinator and other provider staff, case manager, and others in the client's circle of support.
- (h) **OCA advocacy services.**
- (1) **Advocacy.** Advocacy is ~~the function of~~ assisting an individual in voicing his or her interests. Clients are encouraged to engage in self-determination and are assisted to the extent they need and desire. When a client has a limitation in voicing his or her own interests, needs, and preferences, an advocate seeks to speak on behalf of the client. Advocacy services provided by OCA advocates include:
- (A) supporting the implementation of the least restrictive alternative in residential, vocational, therapeutic, and medical settings;
- (B) supporting the most appropriate living environment for each client consistent with the client's needs and objectives;
- (C) encouraging the development of natural supports, including friends, coworkers, and neighbors in the community where the individual lives; and
- (D) ~~advocating for those responsible for providing services for a client to fulfill their responsibilities by bringing performance issues or service deficiencies to the attention of those who are responsible for correcting the situation.~~
- (2) **Monitoring.** OCA monitors the well-being and provision of services to a client ~~by means of:~~
- (A) Monitoring is done by means of:
- (i) visits and other forms of contact with the client, staff, family members, and others who know the client;
- (ii) reviewing records, documentation, contract, and financial agreements between clients and providers of services, incident reports, and professional assessments; and
- (iii) attendance at IP and other PST meetings.
- (B) ~~reviewing records, documentation, contracts, and financial agreements between clients and providers of services, incident reports, and professional assessments; and~~
- (C) ~~attendance at IP and other PST meetings.~~
- (D) OCA advocates cooperate with and render assistance to outside monitoring and advocacy entities as provided for by federal and state laws, per laws and rules relating to client confidentiality, and release of information protocols.
- (E) The monitoring role of an OCA advocate ensures:
- (i) individual needs, preferences, and choices are identified and met appropriately and consistently;
- (ii) health, safety, and welfare standards and safeguards are maintained; and
- (iii) problems and issues are addressed at the earliest juncture by appropriate persons and entities in a prompt manner.
- (3) **Informal problem resolution.** An advocate seeks to resolve issues and client concerns by means of informal problem resolution at the lowest level of administrative responsibility or decision-making. Informal problem resolution seeks to resolve issues and reach a consensus with the client on a plan of action to informally resolve the problem. An advocate uses the problem resolution activity consistent with the nature and imminence of the

problem. An advocate assists a client in the development of problem resolution skills and self-advocacy.

(4) **Grievances.** An OCA advocate files grievances on behalf of clients, per OAC 340:2-3-45 through 340:2-3-55, as needed. OCA also advises clients and assists them ~~file in~~ file in filing grievances on their own behalf.

(5) **Protection and safety.** OCA staff ~~take~~ takes appropriate action ~~under the circumstances~~ to protect the health, safety, and well-being of clients including reporting allegations of abuse, neglect, maltreatment, and exploitation, per OAC 340:2-3-32 through 340:2-3-39.

(A) OCA advocates assist OCA, Adult Protective Services investigators, and law enforcement officers ~~obtain in~~ obtaining information necessary to complete investigations when a client is an alleged victim.

(B) Advocates engage in appropriate follow-up activity in response to a referral from the OCA Intake Unit, per OAC 340:2-3-35.

(C) When an advocate has a concern related to a client's health, safety, well-being, or program implementation, the advocate advises the client's case manager or designated qualified intellectual disabilities professional (QIDP), as applicable, and others, such as DDS staff, provider or facility staff, treatment staff, or health care professionals as circumstances warrant.

(D) Immediately upon becoming aware of concerns regarding imminent risk of harm, an advocate advises the applicable residential or vocational provider and the client's case manager.

(E) An OCA advocate ensures that abuse, neglect, maltreatment, and/or exploitation allegations are reported to the OCA Intake Unit, per OAC 340:2-3-33.

(6) **Promoting informed choice.** An OCA advocate promotes informed decision-making, consistent with a client's unique strengths, resources, priorities, concerns, abilities, capabilities, and interests through provision of necessary information and assistance to a client in understanding options and potential consequences of a decision. When a client is unable to make an informed choice, the advocate seeks to provide the client's legal guardian, ~~Guardian ad Litem~~ guardian ad litem, volunteer advocate, and other representative(s) with access to information to make an informed decision on the client's behalf. The advocate general does not provide legal advice to clients but may provide information about the law.

(7) **Protection of rights.** An OCA advocate promotes the full exercise of legal rights guaranteed clients under federal and state laws. An advocate takes appropriate steps to protect a client's rights including ensuring those rights are considered in PST decisions and in the manner PST decisions are carried out. An advocate seeks to ensure the application of due process in administrative, quasi-judicial, and judicial proceedings involving a client that might result in a rights restriction or a reduction in services. When a rights restriction is absolutely necessary,

OCA supports the least restriction necessary for the shortest period of time possible, ~~and with~~ with a plan to remove the restriction as soon as possible.

(8) **Access to services.** An OCA advocate promotes client access to the full range of supports per federal and state requirements. Although an advocate takes a position with regard to services needed by a client, an advocate does not have authority to approve services.

(9) **Guardianship issues.** The Oklahoma Guardianship and Conservatorship Act promotes the participation of persons as fully as possible in the decisions that affect them, in the development of maximum self-reliance and independence, and the appointments of guardians and others, only to the extent necessitated by the mental and adaptive limitations or other conditions of individuals, per 30 O.S. § 1-103. Because a full guardianship of the person and his or her estate is the most restrictive intrusion on an individual's decision-making, OCA advocates for the least restrictive alternative to a full guardianship feasible under the circumstances including, but not limited to:

- (A) limited guardianship;
- (B) representative payee for financial benefits;
- (C) volunteer advocate;
- (D) supportive friends and family;
- (E) health care proxy;
- (F) durable power of attorney; and
- (G) advance directives.

(10) **Promoting inclusion.** An advocate:

- (A) promotes the realization of active citizenship and inclusion in the community. This includes, but is not limited to, encouraging clients to:
 - (i) learn the rights and responsibilities of good citizenship;
 - (ii) vote;
 - (iii) take classes;
 - (iv) participate in volunteer services organizations;
 - (v) attend religious services of the client's choice;
 - (vi) attend recreational, cultural, and social events; and
 - (vii) join citizen advocacy organizations that promote inclusion in the community;
- (B) encourages the development of friends who can serve as natural supports for a client; and
- (C) assists a client in locating relatives who are not currently active in the client's life and encourages relationship building between the client and family members.

(11) **End-of-life issues.** End-of-life issues for an individual with a developmental or intellectual disability do not differ from those of other individuals. Regardless of the medical circumstance that brought these issues to the forefront, an OCA advocate seeks to have a client's physicians, guardians, and loved ones adhere to Oklahoma laws relating to do-not-resuscitate orders, withdrawal or denial of nutrition or hydration, and withdrawal or termination of medical treatment. In the absence of clear and convincing

Permanent Final Adoptions

evidence of a client's choices, an advocate presumes the client would choose life-sustaining measures.

(i) **Contacting an OCA advocate.** When an advocate is not available during office hours, his or her supervisor serves as an advocate back-up. Information about the name of the advocate assigned to a client, the advocate's phone numbers, and the name of the advocate's supervisor is obtained by phoning OCA at 1-800-522-8014.

(j) **OCA access to client records and information.** OCA staff is provided access to all records, files, documents, and information needed to fulfill OCA responsibilities regarding a client. DDS case managers and employees and provider agency staff ~~send~~sends the assigned OCA advocate copies of documents and notices sent to the client.

340:2-3-74. Advocacy services for Hissom class members

(a) **Application.** This Section describes Office of Client Advocacy (OCA) advocacy services for Hissom class members who reside in Oklahoma. Advocacy services are provided to Hissom class members per Oklahoma Administrative Code (OAC) 340:2-3-71. Orders of the United States District Court for the Northern District of Oklahoma in Homeward Bound, Inc., et al. vs. Hissom Memorial Center, et al., Case No. 85-C-437-TCK-SAJ, require the Oklahoma Department of Human Services (DHS) and OCA to provide independent advocacy services to individuals certified by the court as members of the plaintiff class, known as Hissom class members. This includes, but is not limited to:

- (1) independently advocating for class members' rights and interests regarding their daily lives, proposed movements, medical and behavioral emergencies including hospitalizations, appropriate consents, financial interests, and meetings held on their behalf;
- (2) challenging adverse service authorization actions through the DHS administrative appeal and/or grievance procedures; and
- (3) referral to Oklahoma protection and advocacy agencies to obtain legal counsel and legal advocacy services.

(b) **Assignment of advocate.** OCA assigns an advocate to each Hissom class member living in Oklahoma. Clients are provided choices with regard to the advocate assigned to represent them to the extent feasible, taking into consideration the geographic location of the client's residence and OCA advocates' caseloads. Requests for a change in the advocate representing an individual are made to the advocate general or the advocate general's designee.

(c) **Personal Support Team (PST) membership.** As a representative of a Hissom class member living in a community residential placement, an OCA advocate is a member of the client's PST. As a PST member, the advocate receives from the client's Developmental Disabilities Services (DDS) case manager timely notice of all PST meetings, including emergency PST meetings. Within the team context, the advocate assists the client and represents the client's interests without relinquishing priority to client safety and rights.

(d) **Guardianship issues.** The OCA advocate ensures the client has a current capacity assessment and attends capacity assessment meetings. If a client with a full guardianship has sufficient capacity to require no guardian or only a limited guardian, the advocate promotes the filing of a petition with the guardianship court to limit or terminate the guardianship. If the current capacity assessment of a client who does not have a guardian recommends a guardian or volunteer advocate, the OCA advocate participates with the PST in identifying persons who might serve as guardian or advocate for the client. This includes encouraging the development of friends in the community who might become a guardian or volunteer advocate for the client. The OCA advocate monitors the implementation of the recommendations in the capacity assessment and advocates for their timely achievement. When a guardian is needed and a suitable guardian is identified, the advocate promotes filing a petition with the guardianship court to appoint a guardian.

(e) **Advocacy and monitoring services for class members in residential community settings.** OCA advocates provide advocacy and monitoring to class members living in community residential settings, including group homes, to ensure compliance with policies, rules, and regulations applicable to the client's health, safety, and well-being. In addition to the activities described in OAC 340:2-3-71(h), advocacy and monitoring activities on behalf of each client include:

- (1) verifying Form 06CB034E, Residential Pre-service Checklist, is completed prior to any change in residence, and making a home visit with the client within 30-calendar days after the client moves into a new residence;
- (2) conducting a face-to-face visit with the client at least once every three months;
- (3) completing a meaningful contact regarding each client served, at least monthly;
- (4) ~~completion of~~completing a service review twice a year, at least once every six months;
- (5) verifying direct contact staff ~~have~~ completed required training in connection with each service review;
- (6) participating as a member of a client's PST;
- (7) attending annual individual plan (IP) meetings, person-centered planning meetings, interim meetings, and follow-up planning meetings;
- (8) attending emergency PST meetings;
- (9) attending other PST meetings when significant issues are addressed, including when a rights restriction or an intrusive behavior intervention strategy is contemplated or recommended;
- (10) attending guardianship assessment meetings of the client's PST;
- (11) attending other team meetings at the request of the client, guardian, or involved family or friend;
- (12) requesting DDS Quality Assurance to conduct an administrative inquiry of suspected provider contract violations per OAC 340:100-3-27;
- (13) assisting the client and the client's guardian or representative with the review of proposed financial agreements and contracts between the client and the provider;

- (14) prior to and during a hospitalization, advocating for the provision of adequate staff to be present in the hospital with the client as circumstances warrant;
- (15) ~~review of~~ reviewing documents and electronic files including, but not limited to:
 - (A) assessments, IP, and interim IP documents;
 - (B) incident reports;
 - (C) behavior data collection forms; and
 - (D) Adult Protective Services and OCA investigation findings;
- (16) attending mortality reviews conducted, per OAC 340:100-3-35;
- (17) communicating to the client, the client's guardian, and the client's family as appropriate, the final finding of an OCA investigation in which the client was named as an alleged victim;
- (18) attending legal proceedings involving the client, including guardianship proceedings, as warranted by the circumstances;
- (19) monitoring, of the water temperature in homes every six months, using a thermometer to ensure the water does not exceed 114 degrees Fahrenheit;
- (20) verifying that appropriate records are kept with regard to an individual's personal finances at least once every six months; and
- (21) providing each client or guardian an annual copy of Form 15GR007E, Notice of Grievance Rights: Hissom Class Members.

(f) **Advocate services for Hissom class members on the Focused Advocacy List (FAL).** On December 1, 2004, the judge in *Homeward Bound, et al. vs. The Hissom Memorial Center, et al.*, U.S. District Court for the Northern District of Oklahoma, Case No. 85-C-437-E, issued an order for the transition of responsibilities and phase-out of the combined office of the Homeward Bound review panel and Guardian ad Litem (GAL). The Court Order specified "advocacy services provided by the Guardian ad Litem's Office for all class members on the GAL List will be transferred to and be assumed by the Office of Client Advocacy" by January 31, 2005. In response, OCA created the Focused Advocacy program to provide increased advocacy supports to class members with limited or no family involvement. In addition to the activities described in (e) of this Section and OAC 340:2-3-71(h), advocacy and monitoring activities on behalf of each client include:

- (1) ensuring the assigned developmental disabilities representative is invited to PST meetings when warranted to review and update progress in securing a volunteer advocate or guardian for all clients on the FAL;
- (2) visiting each class member on the FAL at least once every two months, and more frequently when warranted. Visits include home visits, work-site visits, and other face-to-face contacts;
- (3) placing a priority on expanding the circles of support of a class member on the FAL to include persons who are not paid to be involved in the class member's life, including identifying relatives not involved in the class member's life who may be encouraged to become more involved;

- (4) identifying class members who have the greatest immediate need for a volunteer advocate or guardian. Advocates must promptly inform the OCA Focused Advocacy manager when a class member is identified as having a priority need; and
- (5) ensuring a Team Review of Advocate/Guardian Participation (TRAGP) document is prepared for each class member assigned to them at least annually and one is completed more frequently whenever there is a significant change in circumstances warranting review of the involvement of persons who are not paid to be involved in the class member's life. The form includes information documenting the need for the individual to remain on, be added to, or be removed from the FAL. The Focused Advocacy Committee meets regularly to review TRAGP forms and determine whether class members remain on the FAL or require prioritized identification of a volunteer advocate or guardian.

(g) **Advocacy services for Hissom class members in private intermediate care facilities for individuals with intellectual disabilities (ICF/IID).** Advocacy and monitoring services for class members who reside in a private ICF/IID in Oklahoma are contained in this subsection.

- (1) The assigned OCA advocate personally visits a client living in a private ICF/IID at least quarterly, and more frequently as warranted.
- (2) The OCA advocate maintains a helping relationship with the client assessing the realization of desired and targeted outcomes, and initiating change through referral or grievance as needed. During contacts with the client, the advocate inquires about individual satisfaction with current supports and provides information regarding options available to clients for community supports.
- (3) The OCA advocate, at least bi-annually, contacts the guardian of the client if one was appointed. The OCA advocate also contacts the guardian in response to an expression by the client of dissatisfaction with the current residential arrangements. These contacts reaffirm the availability of service options to clients for support in community settings. Contacts with the guardian occur in person, by phone, or mail as the circumstances warrant.
- (4) The OCA advocate contacts the private ICF/IID case manager, generally a qualified intellectual disability professional, responsible for yearly care planning for the client. The advocate informs the facility case manager of the advocate's intent to attend yearly planning meetings. The advocate asks to be notified in advance of yearly planning meetings and emergency meetings. The advocate checks periodically to ensure meetings have not been held without notice to the advocate.
- (5) The OCA advocate participates in annual planning meetings at the private ICF/IID. The advocate provides advocacy assistance regarding the individual's expressed desires. The advocate brings concerns expressed by the client, guardian, or other family members to the PST attention. The advocate participates in interim meetings addressing any significant change in residence, work, health, or important relationships.

(6) The OCA advocate develops a working knowledge of the facility's grievance procedure as well as other problem resolution processes and resources for change, such as the Long-Term Care Ombudsman Program and licensing agencies. The advocate uses these services, either directly or through referral, as needed for the benefit of the individual.

(7) The OCA advocate assesses the welfare of the client and determines if OCA advocacy assistance ~~OCA can provide~~ is needed. The advocate, either directly or through referral, provides assistance with resolving concerns identified by the client or by others on behalf of the client. This includes contacting the DHS Aging Services, long-term care ombudsman. The advocate also informs the long-term care ombudsman office of concerns involving other individuals living in an ICF/IID that come to the advocate's attention.

(8) Service reviews are not completed.

(9) The OCA advocate requests a capacity assessment on behalf of the client when there has been a substantial change in circumstances regarding the individual's need for a guardian.

(10) The OCA advocate provides information and encouragement to consider community residential settings.

(h) **Advocacy services for Hisson class members who are in the Oklahoma Department of Corrections (DOC) or a county sheriff's custody.** Advocacy and monitoring services for class members who are in DOC or a county sheriff's custody except those who are detained pre-trial are contained in this subsection. The assigned OCA advocate:

(1) contacts the client at least every six months; these contacts are in person when feasible;

(2) obtains copies of court documents that reflect the sentence the class member is serving;

(3) assesses the welfare of the client and determines if advocacy assistance is needed. The advocate provides assistance, either directly or through referral, with resolving concerns identified by the client or by others on behalf of the client. Advocacy assistance is provided in regard to enforcing the rights of clients under the Americans with Disabilities Act and other federal and state laws to the extent they are applicable to persons who are in custody; and

(4) provides advocacy assistance and works with the DDS case manager to begin transition planning when the client has less than one year remaining to serve in custody. The advocate participates in and monitors transition planning, representing the client's interests.

(i) **Services for Hisson class members who decline DDS services.** Per OAC 340:100-3-11, class members and their legal representatives have the right to refuse services from DDS. The OCA advocate for a class member, who declined DDS services, contacts the individual at least once every six months, and remains available to assist with advocacy regarding non-specialized assistance when requested by the individual. If the OCA advocate determines the client's need or

desire for specialized supports has changed, the advocate takes appropriate follow-up action with DDS case management.

SUBCHAPTER 2. TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF) WORK PROGRAM

340:10-2-3. Employability planning

(a) **Scope and applicability.** The employability planning process begins at intake and continues as long as there are employment barriers or family circumstances that interfere with the participant obtaining and retaining employment. The worker and the participant initiate Form 08TW002E, TANF Work/Personal Responsibility Agreement. ~~In the development of the~~ While completing Form 08TW002E, the participant provides information regarding his or her work history, education and training, employment interests, child care plan, and transportation and support services needs to help the worker develop an employability plan, the worker takes into consideration the need for English as a second language, basic education, literacy, learning disabilities, counseling or treatment for substance abuse or mental health issues, and crisis intervention for domestic violence that addresses the participant's strengths and employment barriers.

(1) ~~Substance abuse screening is mandatory for every Temporary Assistance for Needy Families (TANF) adult parent or needy caretaker applicant and participant. This includes when the client self declares a substance abuse problem.~~

(2) Literacy screening is mandatory and must be included as a required Temporary Assistance for Needy Families (TANF) Work activity for individuals participants who have not obtained a high school diploma or General Educational Development (GED) high school equivalency certificate and have demonstrated demonstrate a lack of literacy skills.

(2) The participant's identified employment barriers must be addressed on Form 08TW002E. In addition to literacy issues, barriers may include the inability to fluently speak English, learning disabilities, physical or mental health issues, domestic violence issues, lack of transportation, or substance abuse issues.

(b) **Interest and ability assessments.** Assessments are required to determine the participant's skills, abilities, and barriers per Section 261.11 of Title 45 of the Code of Federal Regulations (45 C.F.R. § 261.11). The worker includes completion of required interest and ability assessments as a required work activity on the participant's initial employability plan unless the client has a good cause reason not to participate in TANF Work activities. ~~Assessment tools used are the Washington State Learning Disability Screen, the Test of Adult Basic Education (TABE) locator, the TABE battery, the Career Occupation Preference System (COPS), Key Train, and Career Readiness Certification.~~

(1) The use of ~~these~~ assessments provides the worker, participant, assessment specialist, and/or community partners with:

(A) an indication of ~~possible~~ learning disabilities and vision problems;

(B) a measurement of the participant's skills, abilities, interests, and aptitude; ~~and~~

(C) the participant's current academic achievement level; and

(~~C~~D) meaningful information to create a valid employability plan.

(2) Participants referred for testing are informed how test results are used. Test scores are confidential but may be shared with community partners. To refer the participant for testing, the worker completes and sends Form 08TW003E, Interagency Referral and Information, to the community partner. Participants ~~inferred~~ referred for formal assessments are eligible for participant allowances and child care.

(c) **Employability planning.** The worker and the participant use the information from the assessment and other relevant information to develop a plan for securing employment per 45 C.F.R. § 261.12 and Section 230.52 of Title 56 of the Oklahoma Statutes.

(1) The employability plan:

(A) is a part of the social services plan for the entire family and includes establishing ~~both~~ short and long term goals, including specific occupational goals, activities, and services necessary to achieve the goals; ~~;~~

(B) ~~The employability plan~~ must be realistic and within the participant's ability to achieve; ~~;~~

(~~2~~C) ~~The employability plan~~ may include staffing with other community partners for assignment to specific work activities, collaboration with other agencies for services, such as job placement, training, and education, and the provision of social services; ~~;~~

(D) ~~The employability plan~~ must identify specific needs and activities required to reach the occupational goal and estimated achievement dates; ~~and~~

(E) ~~The employability plan~~ may include more than one activity at a time based on the participant's specific needs and available hours.

(~~3~~2) ~~The worker informs the participant is informed~~ that the employability plan is updated as necessary to account for situational changes.

(3) ~~The worker reviews the employability plan is reviewed~~ with the participant:

(A) ~~and updated~~ at least every six months;

(B) as changes ~~occur~~ are made to the employability plan; and

(C) at the completion of any work activity. ~~If no changes occurred, the worker reviews the employability plan within six months.~~

(4) ~~Participants who are~~ Employment plans for employed participants with income insufficient to close the ~~case~~ TANF benefit must have a plan designed to upgrade employment. These plans must not interfere with current employment.

(d) **Work activities.** Participants are assigned to one or more activities and scheduled the required minimum number of hours. The participant signs Form 08TW002E, when ~~any~~

work activity ~~other than the Work Experience Program or Subsidized Employment Program (SEP) is approved~~ agreed upon and assigned.

- (1) Assignments must be within the scope of the participant's employability plan.
- (2) The assignment must be related to the participant's capability to perform the task on a regular basis.
- (3) The daily commuting time to and from home to the assigned education, employment, or training site is normally less than two hours. Commuting time does not include the time required to transport a child to and from a child care facility. When longer travel time is normal in the community, the round trip commuting time may not exceed the general community standards.
- (4) ~~When the participant needs child care is required it must be of the participant's choosing. It in order to participate in work activities:~~
 - (A) ~~the participant chooses the child care provider;~~
 - (B) ~~child care~~ must be available during the hours the participant is engaged in any work activity, plus any additional commuting time; ~~and~~
 - (C) ~~the participant completes a child care application and must meet child care eligibility rules per Oklahoma Administrative Code (OAC) 340:40 when subsidized child care is needed.~~
- (5) Assignments that are discriminatory in terms of age, sex, race, ~~color, religion, ethnic~~ national origin, or physical or mental disability, and in some cases religion or political beliefs are not permitted.
- (6) The assignment site must not be in violation of established and applicable health and safety standards.
- (7) ~~The worker does not refer a participant is not referred for to~~ a work activity unless supportive services necessary for participation are available. The cessation or withdrawal of such services constitutes good cause for refusal to participate.
- (8) When the agreed upon employability plan requires hours in excess of the minimum requirement, the participant must participate the agreed upon number of hours.

340:10-2-4. Employment

(a) **Applicability.** Temporary Assistance for Needy Families (TANF) Work activities are designed to ~~assist~~ help the participant in ~~obtaining~~ obtain employment to achieve economic self-sufficiency. Work allows participants to enhance their self-esteem and to become more independent. Every effort is made to assist participants in securing jobs that provide financial security and opportunities for advancement. The appropriate employment criteria for subsidized and unsubsidized employment are included in (1) through (5) of this subsection.

- (1) Appropriate employment may be temporary, permanent, full-time, part-time, or seasonal work, as long as the daily and weekly hours of employment do not exceed those customary to the occupation.
- (2) The wage must meet or exceed the federal or state minimum wage laws or the prevailing rate for similar employment, whichever is applicable. The state law applies when federal law does not cover the job.

- (3) A participant is not required to accept employment when the position offered is vacant due to a strike, lockout, or other bona fide labor dispute.
- (4) A participant is not required to work for an employer when ~~this~~ it is contrary to the conditions of membership in the union governing that occupation. Employment not governed by the rules of the union to which the participant belongs may be appropriate.
- (5) A participant is not required to accept employment that results in the net loss of income.

(b) **Unsubsidized employment.** The State Work Incentive Program and any employment for which the employer does not receive reimbursement for any portion of the wages paid are examples of unsubsidized employment.

(1) **State Work Incentive Program.** The State Work Incentive Program is designed to assist in employing TANF participants into entry level positions in all branches of state government. Oklahoma Department of Human Services (DHS), in cooperation with other state agencies and the Office of Management and Enterprise Services (~~OMES~~) Human Capital Management ~~Division~~, coordinates job placements for TANF participants referred ~~for to~~ the program ~~by on~~ Form 08TW023E, State Work Incentive Referral.

- (A) Employment of eligible participants may be considered for positions of unclassified status for a two-year period in a full-time or part-time capacity. These positions are not included within any limitation on full-time equivalent employee positions for any agency.
- (B) Participants hired under this program are eligible for leave and other benefits available to other state employees, subject to other eligibility requirements, and may be reassigned or promoted while ~~they are~~ in the program.
- (C) Participants hired are exempt from probationary hiring procedures. They may be considered for conversion to ~~the~~ permanent classified status after two years of continuous program participation.
- (D) Requirements for placing employees in permanent status include:

- (i) completing satisfactory performance ratings conducted during employment; and
- (ii) having possession of the minimum requirements stated in the job specifications.

(2) **Other unsubsidized employment.** Unsubsidized employment includes any employment in which a participant is hired by a private or public employer and there is no reimbursement of any portion of the wages paid to the recipient.

(c) **Subsidized employment.** The Subsidized Employment Program (SEP), on-the-job training (OJT), and Supported Transitional Employment Program (STEP) are examples of subsidized employment. The employment criteria in (a) of this Section apply.

(1) **SEP.** SEP is a subsidized employment program through which DHS reimburses employers hiring TANF participants into full-time employment for a portion of

Permanent Final Adoptions

their wages for up to four months. Public agencies, non-profit private agencies, and private employers are eligible to participate. When a state agency expresses an interest in participating in the program, DHS staff informs agency personnel that the subsidized employment reimbursement must not be used by the state agency to claim matching federal funds. When, for any reason in any given month, a SEP participant is paid less than the amount of his or her cash assistance at the time of entry into the program, the SEP participant receives a supplemental TANF benefit. SEP participants are entitled to all benefits the employer makes available to other employees. Participants are assigned based on their employability plan and the availability of appropriate and willing employers.

(A) **Participant requirements.** TANF participants are:

- (i) included in the cash assistance unit; and
- (ii) available for immediate employment.

(B) **Position requirements.** Position requirements must include:

- (i) full-time employment for a minimum of 35 hours per week;
- (iii) the same wages, benefits, and working conditions as provided to other employees performing a substantially equivalent job;
- (iv) employer agreement to conform to the Equal Employment Opportunity Commission and fair employment practices, such as nondiscrimination regarding age, race, sex, color, national origin, ~~or~~ disability, and in some cases religion or political belief; and
- (v) employer assurance the position:
 - (I) does not displace the employer's current employees, including any involved in a strike or lockout;
 - (II) does not involve commission sales when at least \$10 per hour is not guaranteed; or
 - (III) is not for casual, intermittent, or seasonal labor.

(C) **Recruitment of employers.** Designated county staff or the career development specialist (CDS) recruits employers interested in SEP. The employer is asked to notify designated county staff or the CDS of potential positions with job specifications and qualifications in order to match the employer with an appropriate TANF participant referral. Designated county staff or the CDS give Form 08TW011E, Subsidized Employment Program (SEP) Referral to the TANF participant to take to the employer specified on the form.

- (i) When explaining SEP to employers, designated county staff or the CDS emphasizes that employers are expected to retain the SEP participant in full-time employment unless there is good cause for the dismissal. Employers who fail to continue the successful SEP participant's employment without good cause are not granted

subsequent contracts. Good cause reasons for dismissal ~~are~~ occur when:

- (I) ~~there is a lay-off due to economic reasons which result that results~~ in a reduction-in-force;
- (II) the employee is frequently absent from work or engages in disruptive or inappropriate behavior; or
- (III) the employee is unable to perform at an acceptable skill level.

(ii) Before designated county staff or the CDS writes new or additional contracts with an employer, SEP employees or other employees in lay-off status must be recalled.

(iii) Designated county staff or the CDS has the responsibility for ensuring the employer is complying with the contract.

(D) **SEP placements.** Designated county staff or the CDS arranges interviews between participants and potential employers. SEP participants may begin employment any time during the month. The employer is informed that reimbursement begins after the participant ~~has completed~~ completes the first 30-calendar days of employment.

(i) Following the employer's agreement to participate and selection of a TANF participant, designated county staff or the CDS negotiates the contract, Form 08TW017E, Subsidized Employment Program (SEP) Contract, with the employer. Negotiation includes the beginning date of employment, the employee's salary ~~the employee will be paid~~, and the employee's planned number of employment hours per week ~~the participant will be employed~~.

(ii) Upon receipt of the contract, designated county staff or the CDS reviews it for completeness and, when approved, signs and dates the contract. Designated county staff or the CDS delivers ~~to the employer~~ the employer's copy of the contract and Form 08TW018E, Subsidized Employment Program (SEP) Invoice, for requesting reimbursement to the employer.

(iii) Designated county staff or the CDS contacts the participant to complete and sign Form 08TW006E, Subsidized Employment Program (SEP) Temporary Assistance for Needy Families (TANF) Participant Agreement.

(iv) When a contract is not approved, a letter is mailed by the designated county staff or the CDS to the employer explaining the reason for the disapproval. Designated county staff or the CDS notifies the participant by ~~either telephone~~ phone or letter that the contract was not approved.

(E) **Program procedures.** The procedures for programs listed in (i) through (iv) of this subparagraph are used.

(i) **TANF cash assistance.** Under SEP, eligibility for TANF cash assistance is frozen. During

the ~~period of participation period~~, the TANF assistance unit cannot be determined ineligible.

(ii) **Medical benefits.** SEP participants whose TANF cash assistance is frozen, continue to be eligible for SoonerCare (Medicaid) benefits unless found ineligible for a reason other than earned income.

(iii) **Food benefits.** SEP participants whose TANF cash assistance is frozen and who are receiving Simplified Supplemental Nutrition Assistance Program (SSNAP) benefits per Oklahoma Administrative Code (OAC) 340:50-11-20 continue to receive SSNAP benefits without consideration of the SEP income during the ~~period of participation period~~ as long as household composition remains the same. Once the SEP participation period ends and the TANF benefit closes, the household may be eligible for transitional food benefits per ~~Oklahoma Administrative Code (OAC) 340:50-11-27~~.

(iv) **Child care.** Child care plans must be explored with each SEP participant. During the SEP participation period while the TANF cash assistance is frozen, the child remains predetermined eligible for child care subsidy benefits with a zero family share co-payment per OAC 340:40-7-1. Once the SEP participation period ends and the TANF benefit closes, the worker considers the participant's earnings are considered in determining and computes the family share copayment per DHS Appendix C-4, Child Care Eligibility/~~Co-payment~~Copayment Chart.

(F) **Payment of employers.** Employers are eligible for:

(i) ~~One~~one hundred percent reimbursement of the employee's gross wages, capped at a maximum of 40 hours per week at \$12 per hour, for the first 30-calendar days of employment.

(I) Employers are eligible to apply for reimbursement 30-calendar days following the date of hire.

(II) Employers file for reimbursement by submitting Form 08TW018E, with proof of the participant's earnings for the last six months attached, directly to Adult and Family Services (AFS) TANF staff.

(III) When a business changes ownership, the SEP contract transfers with the business. When change of ownership occurs mid-month, the original owner maintains the right to file a claim for reimbursement for the transfer month. The new owner may claim for subsidized wages for the remaining months of the original SEP agreement;

(ii) ~~Fifty~~fifty percent reimbursement of the employee's gross wages, for the following three months, provided the employee remains employed a minimum of 35 hours per week and earning at least \$10 per hour. The reimbursement is capped at

a maximum of 40 hours per week at \$12 per hour; and

(iii) a bonus equal to 100 percent of the unsubsidized portion of wages up to 40 hours per week for the four month subsidized period, provided the SEP employee:

(I) remains employed a minimum of 35 hours per week;

(II) earns a minimum of \$10 per hour; and

(III) is retained for a minimum period of six months after the subsidized agreement ends.

(G) **Supplemental payments to SEP participants.** AFS automatically issues supplemental payments for months in which income shown on Form 08TW018E is less than the amount of the SEP participant's cash assistance prior to entering the program.

(H) **SEP contract period completions.** At the end of the fourth month of subsidized employment, the worker reviews the participant's continued TANF eligibility is reviewed for continued eligibility.

(I) **SEP contract terminations.** ~~At any time~~When the SEP placement is ~~terminated~~ends during the four months of subsidized employment, the worker reviews the participant's continued TANF eligibility is reviewed for continued eligibility.

(2) **OJT.** OJT is subsidized employment in which a ~~participant is hired by a private or public employer~~ hires the participant and, while engaged in productive work, receives training that provides knowledge or skills essential to the full performance of the job. During the OJT period, the employer receives reimbursement for a portion of the wages paid to the employee.

(A) Participants who ~~have~~ successfully completed the Work Experience Program, have a recent history of employment, or ~~who have been through~~ complete a job readiness activity are the primary candidates for OJT referral.

(B) Income from OJT is considered as any other earned income.

(C) ~~Transitional~~The worker explains the availability of transitional child care per OAC 340:40-7-1 and continued medical benefits ~~are explained per~~ OAC 340:10-3-75 to the participant at the time of entry into OJT.

(3) **STEP.** STEP is a subsidized employment program ~~that provides~~providing comprehensive support services leading to permanent employment placements for TANF participants. These services are contracted with specified vendors who provide temporary, paid work experience to program participants in a supportive work environment. When the participant is accepted into the program, his or her TANF benefit remains active with no cash benefit issued. When eligible, the participant continues to receive other program benefits.

(d) **Work Opportunity Tax Credit (WOTC).** The WOTC law permits for-profit employers to take a federal income tax credit ~~on federal income tax~~ when workers from certain target

Permanent Final Adoptions

groups are hired. Workers in these target groups have faced significant barriers to employment. The WOTC is equal to between 25 percent and 40 percent of the first year wages, up to \$9000, depending on the number of hours the employee works, and the applicable target group for ~~that the~~ person. The main objective of this program is to enable ~~the~~ targeted employees to gradually move from economic dependency into self-sufficiency as he or she earns a steady income and become contributing taxpayers, while the participating employers are compensated by reducing their federal income tax liability.

(1) WOTC is available to employers for workers hired from targeted groups. The targeted groups are:

(A) TANF recipients who have received assistance for nine months out of the last 18 months;

(B) qualified veterans. Qualified veterans are persons who ~~have~~ received food benefits for at least three consecutive months within the last 15 months preceding the hire date of hire;

(C) qualified ex-felons. Qualified ex-felons are persons who were convicted of a felony and within the last year were either convicted or released from prison;

(D) designated community residents. Designated community residents are persons, who ~~have attained~~ are 18 years of age, but not ~~yet~~ 40 years of age, on the hiring date and ~~his or her~~ whose principal place of residence is within an Empowerment Zone, Enterprise Community, or a Rural Renewal County, and for ~~persons~~ those who began work ~~for an employer~~ after May 25, 2007. This High-Risk Youth group was renamed "Designated Community Resident" and expanded to include residents of Rural Renewal Counties;

(E) vocational rehabilitation recipients. Vocational rehabilitation recipients are persons with a disability who received or are receiving vocational rehabilitation from a rehabilitation agency approved by the ~~State~~ state or Department of Veterans Affairs;

(F) qualified summer youth employees. Qualified summer youth employees are persons at least 16 years of age, but not 18 years of age, on the hiring date and ~~who~~ have a principal residence in an Empowerment Zone, Enterprise Community, or Rural Renewal County hired between May 1 and September 15;

(G) qualified food benefit recipients. Qualified food benefit recipients are persons, who are at least 18 years of age, but ~~under~~ not 40 years of age, who are:

(i) members of a household that received food benefits for the last six-consecutive months prior to their hiring date; or

(ii) able-bodied adults without dependents no longer eligible for benefits who reside with a household currently receiving food benefits or a household that received food benefits for at least three months out of the last five consecutive months, prior to the hiring date;

(H) qualified recipients of Supplemental Security Income (SSI). Qualified recipients of SSI are persons

who received SSI for any month during the 60-calendar days before the hire date of hire;

(I) long-term TANF recipients. Long-term TANF recipients are persons certified by a designated local agency as ~~being~~ members of families who received TANF payments for:

(i) at least 18 consecutive months ending on the hiring date;

(ii) a total of at least 18 months, whether consecutive or not, after August 5, 1997, ~~if the persons were~~ when hired within two years after the date the 18 month total is reached;

(J) Hurricane Katrina employees. Hurricane Katrina employees do not require certification;

(K) unemployed veterans. Unemployed veterans are persons hired after 2008 and before 2011 who:

(i) were discharged or released from active duty in the United States (U.S.) Armed Forces at any time during the five-year period ending on the hiring date; and

(ii) received unemployment compensation under ~~state or federal or state~~ law for at least four weeks during the ~~one~~ year period ending on the hiring date; and

(L) disconnected youth. Disconnected youth are persons ~~who are~~ certified as:

(i) having attained 16 years of age, but not 25 years of age, on the hiring date;

(ii) not regularly attending any secondary, technical, or post-secondary school during the six month period preceding the hiring date;

(iii) not regularly employed during the six month period preceding the hiring date; and

(iv) not readily employable by reason of lacking a sufficient number of basic skills.

(2) Through an agreement with the Oklahoma Employment Security Commission, DHS issues WOTC conditional certification forms for DHS recipients.

(3) ~~United States~~ (U.S.) Department of Labor Form ETA-9062, Conditional Certification Work Opportunity Tax ~~Credits~~ Credit, and a letter from the worker stating the number of months the participant received DHS benefits is given to the participant to present to the employer, on or before, the first day of employment. An explanation is given to the participant about the purpose of the form and how the tax credit may help the participant get a job.

(e) **Work Experience Program (WEP).** The purpose of WEP is to provide job skills and work enhancement to TANF participants enabling them to move toward self-sufficiency and obtain unsubsidized employment following completion of the placement.

(1) **Benefits.** Program benefits for participants include an opportunity to establish a work history and earn a recommendation from an employer. Participants also learn to balance the demands of home and work, gain confidence by performing in a job setting, enhance current job skills, learn marketable skills on-the-job, and determine interest and aptitude for a particular type of work by doing the job.

(2) **WEP assignments.** WEP assignments are approved for an initial period of 90_ calendar days.

(A) No salary is paid.

(B) With respect to injuries incurred during WEP working hours, federal law requires medical coverage be offered under either state workers' compensation law or by DHS. Oklahoma workers' compensation law does not cover WEP participants. Medical coverage is provided by the SoonerCare (Medicaid) Program.

(3) **WEP referrals.** Participants are referred to WEP slots based on ~~their~~the employability plan. The worker coordinates assignment to a WEP position with the participant. Based on the employability plan, the worker:

(A) determines which facility best meets the participant's needs;

(B) arranges an interview between the facility and the participant; and

(C) notifies the participant of the place, time, and interviewer's name.

(4) **WEP facilities.** Facilities selected for WEP placements must be capable of providing employment and have an apparent intent to hire, or be able to provide quality job skills enhancement. WEP facilities are solicited by designated county staff, the CDS, or a contracted entity who ~~has~~ agreed to assist with job development and placement, including WEP. Local job market conditions, opportunities for employment following completion of WEP participation, as well as the ability of the facility to provide the necessary supervision and skills enhancement are criteria used when soliciting a facility.

(A) WEP slots are developed to meet participant employment needs as determined by the employability plan. When a facility agrees to participate in WEP, the facility representative is requested to provide:

(i) a written description of the type of activities the participant will be involved in;

(ii) the number of participants the facility can accept;

(iii) the hours of participation; and

(iv) any special requirements, such as uniforms or special equipment.

(B) There are two types of WEP facilities, WEP Non-profit (WEP-NP) and WEP-For-Profit (WEP-FP).

(i) WEP-NP placement is approved for public and private non-profit organizations or businesses. When a participant requires additional skills enhancement, the worker may approve a 60-calendar day extension. Extensions are not granted when the primary purpose is to provide additional help to the facility. The criteria listed in (I) through (VII) of this unit are used as a guide in determining the appropriateness of requesting an extension beyond the initial three-month period.

(I) The participant needs additional time to acquire skills to meet minimum hiring requirements.

(II) The participant demonstrates a willingness to learn, but needs additional time to develop new skills, to ~~be competitive~~compete in the labor market.

(III) The facility ~~has agreed~~agrees to hire the participant, but ~~will~~does not have funds available or a job opening until a specific date.

(IV) The facility has an opening in a different area from where the participant was working and ~~has agreed~~agrees to hire the participant when additional time is granted for additional development of job skills.

(V) The participant showed improvement in all areas, but needs additional socialization skills and improved behavior patterns in a work setting.

(VI) The participant missed more than two weeks due to illness or the illness of a household member.

(VII) There are extenuating circumstances that prevented the participant from receiving full benefit of the job skills enhancement.

(ii) WEP-FP is approved for businesses or entities that operate for profit. Only one WEP-FP placement is allowed per 25 full-time employees in a for-profit business or entity. The criteria in (I) through (II) of this unit must be in effect prior to a WEP-FP placement.

(I) The placement matches the participant's employability plan and the career path chosen by the participant.

(II) The employer committed to hire the participant, on or before, the completion of the three-month placement.

(5) **WEP procedures.** Upon ~~approval~~by the county director, designated county staff, or the CDS approval, the worker contacts the WEP facility to complete Form 08TW015E, Work Experience Program - Non-profit Training Agreement, or Form 08TW115E, Work Experience Program - For-Profit Training Agreement.

(A) The worker instructs the facility representative or supervisor regarding on the purpose and use of Form 08TW013E, Time and Progress Report.

(B) It is the participant's responsibility to complete Form 08TW013E and submit it to the worker by the day of the month shown on the form.

(C) Approved WEP slots not utilized within a six-month period are reviewed for appropriateness. When the position is no longer feasible, designated county staff or the CDS sends a letter to the facility stating the WEP slot is no longer active and may be re-evaluated at the facility's request.

(6) **Non-cooperation by WEP facility.** When the worker obtains information the facility is violating the terms and conditions of Forms 08TW015E and/or 08TW115E, or participants are treated unfairly, the county director is informed immediately. The nature of the allegations guides the necessary action that may include:

Permanent Final Adoptions

- (A) suspension of subsequent assignments at the facility;
 - (B) immediate removal of current participants; or
 - (C) termination of the agreement.
- (7) **Notification to participant and facility.** Ten calendar days prior to the anticipated WEP completion date, or at any time the participant becomes ineligible for WEP, the worker notifies the participant by letter or ~~telephone call~~. The worker notifies the facility by letter or ~~by telephone call~~ five calendar days prior to the termination.
- (8) **Changes in placements and subsequent placements.** When the facility, worker, and participant determine placement in a different facility is more beneficial, the worker locates a new facility and arranges an interview for the participant. When the participant fails to secure employment following successful completion of WEP, a conference is held with the participant, worker, and supervisor to determine ~~whether~~ if a second WEP placement might be beneficial. The worker reviews the employability plan prior to allowing a participant to re-enter WEP. Consideration is given to reassignment to job search or another appropriate work activity. In making this decision, consideration must be given to the:
- (A) participant's ability to secure and maintain full-time employment;
 - (B) opportunities for employment in the new field and in the area in which the participant received job skills enhancement;
 - (C) participant's efforts to secure employment; and
 - (D) length of time between assignments.
- (f) **Community Partnership (CP).** CP is unpaid employment in which TANF recipients perform work for the direct benefit of the community. A CP may be approved for both public and non-profit agencies and organizations. A CP assignment is limited to projects that serve a useful community purpose and are designed to improve the employability of recipients not otherwise able to obtain employment. All CPs must be approved by AFS TANF staff. Placements in CP require daily supervision. ~~Prior~~ A recipient's training, experience, and skills ~~of a recipient~~ are considered in making an appropriate CP assignment.
- (1) **Benefits.** Participant program benefits include an opportunity to establish the basic skills necessary to obtain employment, such as daily attendance, appropriate attire, and proper behavior in a work environment. Participants also learn to balance the demands of home and work and gain confidence by performing in a job setting.
 - (2) **CP facilities.** CP facilities are solicited by designated county staff or the CDS. The ability of the CP to provide the necessary supervision and basic skills training are criteria used when soliciting a partnership.
 - (A) Training slots are developed to meet the participant's employment needs as determined by the employability plan.
 - (B) The worker submits Form 08TW019E, Community Partnership (CP) Approval Request, to AFS TANF staff for training facility approval.
 - (C) When a CP agrees to participate, the facility representative is requested to provide:
 - (i) a written description of the type of activities in which the participants will be involved;
 - (ii) the number of participants the CP can accept;
 - (iii) the hours of participation; and
 - (iv) any special requirements, such as uniforms or special equipment.
 - (D) No salary is paid.
 - (E) When injuries occur during working hours in CP, federal law requires medical coverage be offered under either state workers' compensation law or by DHS. Oklahoma workers' compensation law does not cover CP participants. Medical coverage is provided by the SoonerCare (Medicaid) Program.
- (3) **CP assignments.** CP assignments are approved for an initial period of no more than 60-calendar days. When a participant requires additional training, the worker may approve a 30-calendar day extension. The criteria listed in (A) through (F) of this paragraph are used as a guide when determining the appropriateness of an extension request beyond the initial 60-calendar day period, but are not limited to:
- (A) the participant needs additional time ~~for to acquire~~ skills to be acquired to meet minimum hiring requirements;
 - (B) the participant demonstrates a willingness to learn, but needs additional time to develop basic job skills necessary to ~~be competitive~~ compete in the labor market;
 - (C) the CP has an opening in a different area from the one in which the participant was trained;
 - (D) the participant ~~has shown~~ shows improvement in all areas, but needs additional socialization skills and improved behavior patterns in a work setting;
 - (E) the participant missed more than two weeks of training due to illness or the illness of a household member; or
 - (F) extenuating circumstances ~~that~~ prevented the participant from receiving the full benefit of the training.
- (4) **CP referrals.** Participants are referred to CP slots based on their employability plan and the availability of CP positions. Assignment to a CP position is coordinated between the participant, worker, and the CP. Based on the employability plan, the participant and worker determine:
- (A) which CP best meets the participant's needs; and
 - (B) the location, date, and time to report to the CP.
- (5) **Procedures.** Upon approval by AFS TANF staff, the worker contacts the CP facility to complete Form 08TW020E, Community Partnership (CP) Agreement.
 - (A) The worker instructs the facility representative or the training supervisor regarding the purpose and use of Form 08TW013E.

(B) It is the participant's responsibility to complete Form 08TW013E and submit it to the worker by the day of the month shown on the form.

(6) **Non-cooperation by CP.** When the worker obtains information that the CP is violating the terms and conditions of Form 08TW020E or participants are treated unfairly, the worker informs the county director, designated county staff, or the CDS immediately. The nature of the allegations guides the necessary action that may include:

- (A) suspension of subsequent CP assignments;
- (B) immediate removal of the current participants; or
- (C) termination of the agreement.

(7) **Changes in placements and subsequent placements.** Following successful completion of CP training, the worker and participant meet to determine whether a second CP placement or other work activity might be beneficial. The worker reviews the employability plan prior to allowing a participant to enter the next work activity. When making this decision, consideration is given to:

- (A) the participant's ability to secure and maintain employment;
- (B) whether the participant needs additional training or placement opportunities to enhance employment skills; or
- (C) whether the participant needs any educational opportunities to enhance employment skills.

SUBCHAPTER 3. CONDITIONS OF ELIGIBILITY - NEED

PART 1. RESOURCES

340:10-3-5. Personal property

(a) This subsection describes personal property and how it is considered in determining eligibility for Temporary Assistance for Needy Families (TANF).

- (1) **Household goods and equipment.** Items essential to day-to-day living, such as clothing, furniture, and other similarly essential items of limited value, are excluded as resources.
- (2) **Livestock and equipment used in a business enterprise.** A person's equity in livestock, equipment, or inventory of merchandise in a business enterprise is considered as a resource only ~~if~~when the person is not actively engaged in the business enterprise. Equity is not counted ~~if~~when the person actively participates in the business or is only temporarily inactive, for example, the person is incapacitated and can reasonably expect and has plans to resume the business enterprise. Equity is established on the basis of oral or written information which the person has at hand and counsel with persons who have specialized knowledge about the particular resources.

(3) **Livestock and home produce used for home consumption.** Any livestock or produce grown and used by the assistance unit for home consumption is exempt.

(4) **Cash savings and bank accounts.** ~~Money on hand or in a savings account is considered as a resource. The person's statement that he or she has no money on hand or on deposit is sufficient unless there are indications to the contrary.~~ Available cash and money in a financial institution is considered as a resource. The person's statement that he or she does not have cash on hand or in a financial institution is sufficient unless there are indications to the contrary. When there is information to the contrary or when the person does not have records to verify the amount on deposit, verification is obtained from bank records. Section 167.1 of Title 56 of the Oklahoma Statutes (O.S. 56 § 167.1) provides that financial records obtained for the purpose of establishing eligibility for assistance or services must be furnished without cost to the person or the Oklahoma Department of Human Services (~~OKDHS~~)(DHS).

(A) Checking accounts may or may not represent savings. Current bank statements are evaluated with the person to establish what, if any, portion of the account represents savings. Any income deposited during the current month is not considered.

(B) ~~Accounts owned jointly.~~ Jointly-owned accounts are considered available to the person unless it can be established what part of the account ~~actually~~ belongs to each of the owners, the money is separated, and the joint account is dissolved.

(C) Per 56 O.S. § 4001.1, money and assets deposited into or withdrawn from an individual savings or trust account owned by the designated beneficiary of the account and established to pay qualified disability expenses are excluded under the Oklahoma Achieving a Better Life Experience (ABLE) Program or an ABLE program in any other state for the purpose of determining eligibility to receive, or the amount of, any assistance or benefits from local or state means-tested programs. A person may have only one ABLE account. The client must provide documents to verify that the account meets exemption criteria before the funds are exempted from resource and income consideration. When verified, the exclusion applies to money:

(i) deposited in the account up to the annual federal gift tax exclusion per Section 2503(b) of Title 26 of the United States Code. Any money deposited in the account in a calendar year that is in excess of the annual federal gift tax exclusion is considered a countable resource and income in the month deposited; or

(ii) withdrawn to pay qualified disability expenses. Money withdrawn for reasons other than to pay qualified disability expenses is considered as income for the month of withdrawal.

(5) **Insurance policies and prepaid funeral benefits.**

Permanent Final Adoptions

(A) **Life insurance policies.** The cash surrender value (CSV) less any loans or unpaid interest of life insurance policies owned by members included in the TANF cash assistance is counted as a resource. Dividends ~~which that~~ accrue and remain with the insurance company increase the amount of the resource. Dividends paid to a person are considered as income. Assignment of the face value of a life insurance policy to fund a prepaid burial contract is not counted as a resource. In this instance, the amount of the face value of the life insurance is evaluated according to (C) or, ~~if when~~ applicable, (D) of this paragraph.

(B) **Burial spaces.** The value of a burial space for each family member whose needs are included in the cash assistance or whose income and resources are considered when computing the cash assistance is excluded from resources.

(C) **Burial funds.** Revocable burial funds not in excess of \$1500 for each person included in the assistance unit are excluded as a resource ~~if when~~ the funds are specifically set aside for the burial arrangements of the person. Any amount in excess of \$1500 for each person included in the assistance unit is considered as a resource. Burial policies ~~which that~~ require premium payments and do not accumulate cash value are not considered prepaid burial policies.

(i) ~~Burial~~The term burial funds means a prepaid ~~funeral~~burial contract or ~~burial~~ trust with a funeral home or burial association ~~which that~~ is set aside to pay for the person's burial expenses.

(ii) The face value of a life insurance policy, when properly assigned by the owner to a funeral home or burial association, may be used for purchasing burial funds as described in (i) of this subparagraph.

(iii) The burial fund exclusion must be reduced by the face value of life insurance policies owned by the person and by the amounts in an irrevocable trust or other irrevocable arrangement.

(iv) Interest earned or appreciation on the value of any excluded burial funds is excluded ~~if when~~ left to accumulate and become a part of the burial fund.

(v) ~~If When~~ the person did not purchase the prepaid burial contract or trust, even ~~if when~~ the person's money was used for the purchase, the person is not the owner and the prepaid burial funds ~~cannot be~~ not considered a resource to the person.

(D) **Irrevocable burial contract.** Oklahoma law provides that a purchaser of a prepaid ~~funeral~~burial contract may elect to make the contract irrevocable. Irrevocability becomes effective 30-calendar days after the contract is signed.

(i) ~~If When~~ the irrevocable election was made prior to July 1, 1986, and the person received assistance on July 1, 1986, the full amount of the irrevocable contract is excluded as a countable

resource. This exclusion applies only ~~if when~~ the person does not add to the amount of the contract. Interest accrued on the contract is not considered as added. Any break in assistance requires that the contract be evaluated at the time of reapplication.

(ii) ~~If When~~ the effective date for the irrevocable election or application for assistance is July 1, 1986, or later, the amount in any combination of an irrevocable contract, revocable prepaid burial contract or trust, and the cash value of unassigned life insurance policies cannot exceed \$10,000. When the principal amount exceeds \$10,000, the person is ineligible for assistance. Accrued interest is not counted as a part of the \$10,000 limit, regardless of when it is accrued.

(iii) For an irrevocable contract to be valid, the election to make it irrevocable must be made by the purchaser or the purchaser's guardian or a person with power of attorney for the purchaser.

(E) **Medical insurance.** When a person has medical insurance ~~whether directly purchased or available in conjunction with employment, the available benefits are applied toward the payments made to the medical expense for which the benefits are paid. If an assignment of the insurance is not made to the vendor and payment is made~~provider or directly to the person, and the payment must be ~~payments are applied to the cost of medical services, they are excluded from resource consideration.~~ Any amount remaining after payment for medical services is considered a resource.

(6) **Stocks, bonds, mortgages, and notes.** The person's equity in stocks, ~~and~~ bonds, including United States Savings Bonds, Series A through EE, ~~is~~mortgages, and notes are considered ~~a resource~~ as resources.

(A) The current market value less encumbrances is the equity of stocks or bonds.

(B) ~~Except for a bond which has been held beyond the maturity date, the current value is the redemption value listed in the table on the back of the bond for the anniversary date most recently reached.~~

~~(C) If the bond has been held beyond maturity date, it has continued to draw interest.~~

~~(D) The amount which that can be realized from notes, mortgages, and similar instruments, if when offered for immediate sale, constitutes a resource.~~

(7) **Non-negotiable resources.** Installment payments received on a note, mortgage, and similar instruments, for which a buyer cannot be found, are considered as monthly income.

(8) ~~Vehicles, pickups, and trucks.~~ For each ~~auto~~mobile, pickup, truck, motorcycle, or other vehicle, the market value of each year's make and model is established on the basis of the average trade-in value listed in the National Automobile Dealers Association (NADA) books, other blue books, or one of the Internet Web sites that provide data on the market value of used vehicles at no cost to the user. ~~In the event~~ When the person ~~and worker~~

~~cannot agree on the value of~~states the vehicle is worth less than the average trade-in value, the person secures written appraisals ~~by~~from two persons familiar with current values. ~~The appraisals must state the appraised value of the vehicle and why it is worth less than the average trade-in value.~~When there is a substantial unexplained ~~divergence~~difference between ~~these~~the appraisals or between the blue book value and one or more of ~~these~~the appraisals, the worker and the person jointly arrange for a third person familiar with current values and acceptable to both, to establish the true market value ~~to be established by an appraisal made by a third person who is familiar with current values and acceptable to both the person and worker~~of the vehicle.

(A) **Exempt vehicles.** ~~One automobile, pickup, truck, motorcycle, or other~~The equity value of up to \$5,000 in one vehicle used for the primary source of transportation for each assistance unit not to exceed an equity of \$5,000 is ~~exempted~~exempt from resource consideration. The amount of the equity in excess of \$5,000 is considered against the resource limit.

(B) **Other vehicles and personal property.** The equity in other automobiles, pickups, and trucks as well as ~~other~~vehicles and personal property including boats, travel trailers, motorcycles, motor homes, and campers, and similar items is considered a resource ~~against the resource limit.~~ The current market value less encumbrances ~~on the vehicle~~ is the equity. Only encumbrances that ~~can be~~are verified are considered in computing equity.

(9) **Lump sum payments.** A lump sum settlement ~~which~~that compensates for the loss of a resource, such as an automobile, may be disregarded in the amount used to replace the loss.

(A) The person is given a reasonable amount of time to replace the loss not to exceed 30-calendar days. Extension beyond 30-calendar days may be justified in special instances when completion of the transaction is beyond the person's control.

(B) Any amount remaining after the replacement of the loss is considered as income.

(C) Income tax refunds, except for the portion that ~~represents~~representing an earned income tax credit (EITC), must be treated as a resource and considered available to the person upon receipt. Per the Tax Relief, Unemployment Insurance Authorization, and Job Creation Act of 2010, {Public Law 111-312}, EITC payments received after December 31, 2009, as a result of filing a federal or state tax return are exempt as a resource for 12 months following receipt.

(D) Retirement benefits received as a lump sum payment at termination of employment are considered a resource. These benefits are not treated as income because the retirement contribution was regarded as income in the month earned and withheld by the employer.

(10) **Individual Development Accounts (IDAs).** IDAs are dedicated savings accounts that are used for a qualified

purpose, such as purchasing a first home, education or job training expenses, capitalizing a small business, or other purposes designated by the IDA administrative entity.

(A) IDAs are managed by community organizations and accounts are held at local financial institutions.

(B) Cash deposits and interest accrued from the deposits made by a person in an IDA up to \$2,000 are not considered as income or resources in determining TANF eligibility.

(C) The account deposits must be made from earned income, EITCs, or tax refunds.

(11) **Saving For Education, Entrepreneurship, and Downpayment (SEED) Initiative accounts.** SEED accounts are dedicated savings accounts for persons age 13 through 18 years of age that are used for a qualified purpose, such as purchasing a first home, education or job training expenses, capitalizing a small business, or other purposes designated by the administrative entity. SEED accounts are managed by community organizations and accounts are held at local financial institutions. Cash deposits and interest accrued from the deposits made by a person in a SEED account up to \$2,000 are not considered as income or resources in determining TANF eligibility.

(b) This subsection describes resources disregarded in determining need. Disregarded resources are:

(1) ~~food benefit allotments under the Food and Nutrition Act of 2008~~income disregarded per Oklahoma Administrative Code 340:10-3-40;

(2) ~~any payments received under Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970;~~

(3) ~~education grants, including work study, scholarships, and similar grants, if receipt is contingent upon the student regularly attending school. The student's classification, graduate or undergraduate, is not a factor;~~

(4) ~~loans, regardless of use, if a bona fide debt or obligation to pay can be established. Criteria to establish a loan as bona fide includes an acknowledgment of obligation to repay or evidence that the loan was from an individual or financial institution in the loan business. The borrower's acknowledgment of obligation to repay, with or without interest, is considered to indicate that the loan is bona fide. If the loan agreement is not written, Form 08AD103E, Loan Verification, is completed by the borrower attesting the loan is bona fide and signed by the lender verifying the date and amount of loan;~~

(5) ~~Indian payments, including judgment funds or funds held in trust, distributed per capita by the Secretary of the Interior, Bureau of Indian Affairs (BIA) or distributed per capita by the tribe subject to approval by the Secretary of the Interior. For purposes of this paragraph, per capita is defined as each tribal member receiving an equal amount. Any interest or investment income accrued on such funds while held in trust or any purchases made with judgment funds, trust funds, interest, or investment income accrued on such funds is disregarded. Any income from mineral leases or tribal~~

Permanent Final Adoptions

business investments is disregarded as long as the payments are paid per capita. Any interest or income derived from the principal or produced by purchases made with the funds after distribution is considered as any other income;

(6) special allowances for school expenses made available upon petition, in writing, from funds held in trust for the student;

(7) trusts of a child(ren) included in a TANF benefit if it is determined by the worker when the funds are to be used for educational purposes for the child(ren). Any court-established trust must be examined to determine if the court has restricted the trust for other purposes. The worker/client must verify at application and re-termination/renewal if funds have been/were withdrawn. Any funds withdrawn/Withdrawn funds are treated as lump sum unearned income unless it can be is documented/documentation shows the funds were used for the child(ren)'s educational purposes;

(8) any accounts, stocks, bonds, or other resources held under the control of a third party if/when the funds are designated for educational purposes for a child(ren) eligible for TANF, even if the/when a child(ren)'s name is on the account and the third party holder is required to access the funds;

(9) benefits from state and community programs on aging from Title III and Title V are disregarded. Both Title III and Title V are under the Older Americans Act (OAA) of 1965 amended by Public Law (P.L.) 100-175 to become the OAA as amended 2000;

(10) unearned income received, such as needs based payments, cash assistance, compensation in lieu of wages, or allowances from programs funded by the Workforce Investment Act (WIA), including Job Corps income. This includes WIA earned income received as wages;

(11) payments for supportive services or reimbursement of out of pocket expenses made to individual volunteers serving as foster grandparents, senior health aides, or senior companions, and to persons serving in the Service Corps of Retired Executives (SCORE), Active Corps of Executives (ACE), and any other programs pursuant to the National and Community Service Trust Act of 1993 (NCSTA);

(29) child support collected from a child support tax intercept for the month received. The amount remaining in the second month after the month of receipt is a countable resource.

340:10-3-6. Trust accounts

Monies held in trust for an individual When a person applying for or receiving Temporary Assistance for Needy Families (TANF) must have has monies held in trust, a decision regarding the availability of the funds determined must be made. Funds held in trust are considered available both when actually available and when the applicant or recipient

has a legal interest in a liquidated sum and has the legal ability to make such sum available for support and maintenance. ~~In this circumstance, a decision regarding availability is made by the worker.~~ Funds may also be held in trust and under the control of someone other than the TANF parent or caretaker relative, such as the courts, agencies, other individuals, or the Bureau of Indian Affairs (BIA). The availability of these funds is determined by using the procedures described in (1) ~~and (2) through (3)~~ of this Section.

(1) **Funds held in trust by courts, agencies, or other individuals.** ~~Certain information~~ The applicant or recipient must be obtained ~~provide trust documents at the time of application or at the time it is learned~~ when the worker becomes aware of the existence of a trust is in existence. ~~This information must~~ Documents include a copy of the trust instrument, ~~when applicable,~~ and a copy of all relevant court documents ~~including that may include~~ a Journal Entry, Order, Settlement Agreement, and documentation as to date, amount, and purpose ~~reflecting of~~ any prior disbursements.

(A) **Release of trust by written petition or written request.** The availability of the trust can only be determined after the TANF payee sends a written petition to the court ~~for the release of the total funds has been made~~ or a written request is ~~made~~ to the trustee ~~if when~~ the trust is not in a court supervised account for the release of the total funds. ~~The individual is instructed in writing to petition the court in writing or submit a written request to the trustee for release of the total amount of the funds in the trust account.~~

(i) The worker sends a written notice to the TANF ~~caretaker relative~~ informspayee informing him or her to:

(I) file the written petition with the court or submit a written request ~~must be filed with the court or submitted~~ to the trustee within 30-calendar days from the date of the notice;

(II) provide a copy to the worker; and ~~that~~

(III) failure to do so results in case denial or closure due to the county not being able to determine as benefit eligibility cannot be determined. ~~A copy of the petition or request must be submitted by the caretaker relative to the worker.~~

(ii) Upon receipt of a copy of the petition or request, the trust account at issue is considered unavailable. ~~The caretaker relative is instructed~~ worker instructs the TANF payee to provide the worker with a copy of the court or trustee's response when received.

(iii) ~~When the TANF caretaker relative complies timely with~~ payee submits the petition or request timely but ~~cannot~~ does not get a response from the court or trustee, the worker offers assistance, such as writing with the client's permission, to write a letter, with his or her written permission, to the court or trustee.

(iiiiv) When the court or trustee's response to the petition or request is explicit as to the availability

of funds, the worker takes appropriate action. ~~Otherwise, the information is submitted under cover memo to~~ When the response is not explicit, the worker asks Adult and Family Support Services Division (AFSSD) TANF Section staff to make a decision regarding the availability of funds. ~~If~~ When necessary, AFS TANF staff obtains a decision is ~~obtained~~ from the Legal Division Services about the availability of the funds held in trust.

(ivv) A decision regarding trust availability is rendered in one of two ways. The trust monies are considered:

(I) ~~Trust is not available.~~ The trust monies are considered unavailable to the child(ren) and further review is not needed unless the trust instrument is amended.; or

(II) ~~Trust is available.~~ The trust monies are considered available as a resource in determining eligibility.

(B) **Periodic review** ~~renewal.~~ If the funds are ~~Funds~~ determined to be unavailable to the ~~individual, they person~~ are excluded as a resource at that time. ~~However, at~~ until the next ~~redetermination~~ renewal or reapplication. At renewal, the worker obtains information from the court or trustee regarding any modification to the trust instrument and any disbursements. ~~Any disbursements~~ Disbursements are considered as income the month received. ~~If~~ When modification or disbursements ~~have~~ did not occurred occur, the funds continue to be considered as unavailable until the next renewal is due.

(2) **Funds held in trust by BIA.** Interests of individual Indians in trust or restricted lands are not considered a resource in determining eligibility for assistance under the Social Security Act or any other federal or federally-assisted program.

(3) **Funds held in trust in an Achieving a Better Life Experience (ABLE) Program account.** Funds held in a trust account owned by the designated beneficiary of the account and established to pay qualified disability expenses under the Oklahoma Achieving a Better Life Experience (ABLE) Program or an ABLE program in any other state are excluded under the Oklahoma ABLE program or an ABLE program in any other state is excluded for the purpose of determining eligibility to receive, or the amount of, any assistance or benefits from local or state means-tested programs per Sections 4001.1 through 4001.5 of Title 56 of the Oklahoma Statutes or the Achieving a Better Life Experience Act of 2014, Section 529A of Title 26 of the United States Code (26 U.S.C. § 529A). The applicant or recipient must provide documents to verify that the trust account meets exemption criteria before the funds in the trust account are exempted from resource and income consideration. When verified, the exclusion applies to money:

(A) deposited in the account up to the annual federal gift tax exclusion per 26 U.S.C. § 2503(b). Any money deposited in the account in a calendar year in

Permanent Final Adoptions

excess of the annual federal gift tax exclusion is considered a countable resource and income in the month deposited; or

(B) withdrawn to pay qualified disability expenses. Money withdrawn for reasons other than to pay qualified disability expenses is considered as income for the month of withdrawal.

PART 3. INCOME

340:10-3-32. Determination of earned income

Earned income results from self-employment or other employment sources.

(1) **Self-employment income.** Self-employment income received by a member of the assistance unit whose income is derived from a self-employment business enterprise owned solely or in part by the person or when the person works for an employer, but is considered self-employed per Oklahoma Administrative Code (OAC) 340:10-3-31(a), is considered per the procedures listed in (2) of this Section.

(A) **Room or board.** Earned income from a room rented in the home is determined by considering 25% percent of the gross amount received as business expenses. Earned income from room and board paid by a person in the home is determined by considering 50% percent of the gross income received as a business expense.

(B) **Rental property.** Income from rental property is considered income from self-employment if none of the activities associated with renting the property is conducted by an outside person or agency.

(C) **Profit sharing.** Households who operate S corporations, general or limited partnerships, or limited liability companies may receive profit sharing that is reported on the household's personal income tax return. When a household member:

- (i) actively participates in the operations, the income from profit sharing is considered part of the household's self-employed earned income; or
- (ii) does not actively participate in the operations, the income from profit sharing is considered part of the household's unearned income.

(2) **Self-employment income procedures.** Self-employment income that represents the person's annual support is prorated over a 12-month period, even if when the income is received in a shorter period of time. The countable earned income is determined by deducting worker uses the gross self-employment shown on the person's most recent federal tax return, when filed, or computes the person's gross self-employment income from the person's business or employer records. When the person claimed business expenses, the worker subtracts 50% percent of the person's gross self-employment income as business expenses or by using the net business profit for the most recent tax year as reported on the person's income tax return and divides the remaining income by

the number of months to be averaged to arrive at the person's net monthly self-employment income.

(A) **New income source.** When self-employment income ~~has been~~ was received for less than a year, the income must be averaged over the period of time received and the monthly income projected for the coming year.

(B) **Averaged over period of time received.** When there is insufficient data to make a reasonable income projection from this income source, the worker does not consider income from this source until the six month ~~review~~ renewal. At ~~review~~ renewal, the worker averages the income over the number of months received until a full year's data information is available.

(C) **Substantial increase or decrease in income.** When the person who would normally have the self-employment income annualized experiences a substantial increase or decrease in income, the worker does not calculate self-employment income on the basis of prior earnings such as income tax returns. Instead, the worker calculates the self-employment income using only the income that can reasonably be anticipated to project future earnings.

(3) **Earned income from sources other than self-employment.**

(A) **Earned income from wages, salary, or commission.** If the income is from wages, salary, or commission, the earned income is the gross income ~~or true wage~~ prior to payroll deductions and withholdings. This includes earned income from contract employment. Money from the sale of whole blood or blood plasma is considered as earned income.

(B) **Earned income from work and training programs.**

(i) ~~Workforce Investment Act (WIA)~~ Innovation and Opportunity Act (WIOA) of 2014. ~~WIA~~ Per Section 181 of WIOA, earned income is exempt.

(ii) **On-the-job training (OJT).** Earned income from regular employment for OJT is considered as any other earned income.

340:10-3-40. Income disregards

Income that is disregarded in determining eligibility for Temporary Assistance for Needy Families (TANF) is:

- (1) the food benefit allotment under the Food and Nutrition Act of 2008;
- (2) any payment received under Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970;
- (3) educational assistance including grants, work study, scholarships, fellowships, educational loans on which payment is deferred, veterans education benefits, and the like ~~if receipt is contingent upon the student regularly attending school and the money received is intended to offset the costs of education and expenses as identified by the institution, school, program, or other grantor. If~~

~~the money is not intended to be a reimbursement and is a gain to the client, it is considered income.~~ When the educational assistance is serving the same purpose as TANF cash assistance, such as when the client receives a stipend for living expenses, the stipend is countable income. The student's classification as a graduate or undergraduate is not a factor;

(4) loans, regardless of use, if a bona fide debt or obligation to pay can be established.

(A) Criteria to establish a loan as bona fide includes an acknowledgment of obligation to repay or evidence that the loan was from a person or financial institution in the loan business.

(B) ~~If~~When the loan was from a person(s) not in the loan business, the ~~borrower's~~client's acknowledgment of obligation to repay, with or without interest, is required to indicate that the loan is bona fide.

(C) ~~If~~When the loan agreement is not written, the client and lender must complete and sign Form 08AD103E, Loan Verification, must be completed by the borrower or a written statement, attesting that the loan is bona fide and signed by the lender verifying the date and amount of loan.

(D) ~~When copies of written agreements or Form 08AD103E are not available, detailed case documentation must include information that the loan is bona fide and how the debt amount and date of receipt was verified.~~the client receives loans on a recurrent or regular basis from the same source to meet expenses, the client and lender must sign an affidavit that states the payments are loans that must be repaid or that payments will be made in accordance with an established repayment schedule;

(5) Indian payments, including judgment funds or funds held in trust, distributed per capita by the Secretary of the Interior, Bureau of Indian Affairs (BIA) or distributed by the tribe subject to approval by the Secretary of the Interior. For purposes of this paragraph, per capita is defined as each tribal member receiving an equal amount.

(A) Any interest or investment income accrued on such funds while held in trust or any purchases made with judgment funds, trust funds, interest, or investment income accrued on such funds is disregarded.

(B) Any income from mineral leases or from tribal business investments is disregarded as long as the payments are paid per capita.

(C) Any interest or income derived from the principal or produced by purchases made with the funds after distribution is considered as any other income;

(6) special allowance(s) for school expenses made available upon petition in writing from trust funds of the student;

(7) income from trusts of a child(ren) included in a TANF benefit ~~if it is determined by when~~ the worker ~~determines~~ that funds are to be used for educational purposes for ~~the~~ child(ren). Any court established trust must be examined to determine if the court ~~has~~ restricted the trust

for other purposes. The worker must verify at application and ~~redetermination~~renewal if funds ~~have been~~were withdrawn. Any funds withdrawn are treated as lump sum unearned income unless it ~~can be~~is documented the funds were used for ~~the~~ child(ren)'s educational purposes;

(8) income from accounts, stocks, and bonds held under the control of a third party ~~if~~when the funds are designated for educational purposes for a child(ren) in a TANF benefit even when ~~the~~ child(ren)'s name is on the account and the third-party holder is required to access the funds;

(9) benefits from state and community programs on aging from Title III and Title V. Title III and Title V are under the Older Americans Act (OAA) of 1965 amended by Public Law (P.L.) 100-175 to become the OAA, as amended 2000. Any money deposited in the account in the calendar year that is in excess of the annual federal gift tax exclusion amount is considered as countable income in the amount deposited; and

(C) verifies withdrawals from the account were used to pay qualified disability expenses. Money withdrawn for reasons other than to pay qualified disability expenses is considered as income for the month of withdrawal.

PART 5. ASSISTANCE PAYMENTS

340:10-3-57. Special considerations

(a) ~~Concurrent receipt of~~ **Parent receiving or applying for State Supplemental Payment (SSP) for the aged, blind, or disabled.** A person must not concurrently be included in a Temporary Assistance for Needy Families (TANF) assistance unit and SSP for the same month. The person may be included in the TANF assistance unit while an application is pending for SSP or Supplemental Security Income (SSI) when all eligibility requirements are met.

(1) When a parent living in the home is not included in the TANF benefit because he or she receives SSP, the

worker does not consider the parent's income or resources as available to the TANF assistance unit.

(2) When a parent becomes ineligible to receive SSP and does not receive SSI, the worker considers the parent's income, resources, and deprivation status in determining TANF eligibility for the assistance unit and the parent.

(A) When adding the parent and his or her income causes the TANF assistance unit to be over income per Oklahoma Department of Human Services (DHS) Appendix C-1, Maximum Income, Resource, and Payment Standards, Schedule IX, the worker closes the TANF and medical benefit.

(B) When the parent's SSP benefit closed because of an overall Social Security increase and the parent cannot be added to the TANF benefit, the worker places the SSP benefit in Special Medical Status.

(3) When a parent becomes ineligible to receive SSP but continues to receive SSI, the worker does not consider the parent's income or resources as available to the TANF assistance unit. The parent must complete a separate SoonerCare (Medicaid) application to continue receiving medical benefits.

(b) **Concurrent receipt of TANF and SSI.** A person must not concurrently be included in a TANF benefit and receive a SSI payment for the same month. When a person included in a TANF application or an active TANF benefit meets the eligibility conditions for TANF and SSI, the person ~~has a choice~~ may choose to have eligibility determined for TANF or SSI benefits. The payee must inform the Oklahoma Department of Human Services (DHS) Adult and Family Services (AFS) worker when any member of the assistance unit makes application for, or becomes eligible to receive, SSI. When the payee or a member of the assistance unit makes an application for SSI, the payee must inform the Social Security Administration (SSA) of TANF receipt.

(1) When the only dependent child(ren) receives SSI, the natural or adoptive parent(s) or needy caretaker relative may receive an adult only TANF benefit when all other eligibility factors are met.

(2) When a TANF applicant is also a SSI applicant, he or she may be included in the TANF benefit, when eligible, until notified of SSI eligibility.

(3) When a TANF recipient is a SSI applicant, SSA notifies DHS of SSI eligibility to coordinate closure of the person's TANF benefit and approval of SSI and requests the amount of TANF benefits paid for each month of SSI eligibility. ~~If~~ When the actual closure date is later than the date given orally to SSA, TANF payments to SSI recipients are TANF overpayments and must be recouped per Oklahoma Administrative Code (OAC) 340:65-9.

(4) When a TANF recipient is determined ineligible for SSI, the person may continue to be included in the TANF assistance unit when all other conditions of eligibility are met.

(5) When a TANF recipient is determined ineligible for SSI for reasons other than a disability determination, the person may be included in a ~~SSP-cash assistance benefit~~ instead of TANF, if ~~when~~ determined disabled by the

Oklahoma Health Care Authority (OHCA) Level of Care Evaluation Unit (LOCEU) per OAC 317:35-5-4(1)(D).

(c) **Concurrent receipt of state and tribal TANF.** A person must not ~~be~~ concurrently be included in a tribal TANF payment and a state approved TANF benefit in the same month. When the person meets the criteria of a tribal TANF service area and population, the entire assistance unit must be served by tribal TANF. When the household moves out of the tribe's service area, the worker coordinates certification of state TANF benefits.

(d) **Concurrent receipt of TANF in more than one state.** A person must not be included in a TANF benefit in Oklahoma and another state for the same month.

(e) **Stepparent, spouse of needy caretaker, person acting in the role of a spouse, parent who is ineligible as a result of a positive screen for the illegal use of a controlled substance or substances, or parent(s) of a minor parent.** The natural or adoptive parent's income ~~cannot be~~ is considered available to the TANF assistance unit and none of his or her income is diverted to meet the needs of the stepparent or other dependents in the home. No income is considered when the stepparent, spouse of a needy caretaker, person acting in the role of a spouse, parent(s) of a minor parent, or his or her dependent is a SSI recipient.

(1) **Stepparent or spouse of needy caretaker income.** ~~If~~ When a stepparent ~~of the child(ren)~~ or the spouse of a needy caretaker for whom TANF is requested lives in the home with the child(ren) applying for or receiving TANF, the worker ~~computes the~~ counts a portion of his or her verified gross earned and unearned income ~~of the stepparent or spouse of a needy caretaker,~~ after all applicable TANF income disregards and work related expenses are subtracted, to determine the amount considered as income available to the assistance unit. To determine the amount to consider, the worker computes the stepparent's or spouse of a needy caretaker's income by:

(A) ~~subtracting~~ subtracts the work-related expense, one-half of the remaining gross earned income, and any dependent care expense from the stepparent's or spouse of a needy caretaker's earned income ~~for full time or part time employment~~ per OAC 340:10-3-33;

(B) ~~adding~~ adds the net earned income to the stepparent's or spouse of a needy caretaker's gross unearned income;

(C) ~~subtracting~~ subtracts the need standard for the appropriate number of persons, ~~including~~ per DHS Appendix C-1, Maximum Income, Resource, and Payment Standards, Schedule IX.A. The need standard includes the stepparent or spouse of a needy caretaker and any dependents ~~who are~~ not included in the assistance unit, but ~~are~~ living in the home and who can be claimed on the stepparent's or spouse of a needy caretaker's personal income taxes;

(D) ~~subtracting the actual amounts the stepparent or spouse of a needy caretaker paid to persons not living in the household, but claimed as tax dependents.~~

Permanent Final Adoptions

It is the stepparent's or spouse of a needy caretaker's responsibility to identify and verify tax dependents; ~~(E) subtracting~~ subtracts the actual verified payments of alimony and child support to persons outside of the household to arrive at the stepparent's contribution to the assistance unit; and ~~(F) adding~~ adds the stepparent's or spouse of a needy caretaker's remaining net income contribution to all other gross income of persons included in the TANF assistance unit to determine eligibility. ~~If the income does not exceed the monthly maximum gross income, the remaining income of the stepparent or spouse of a needy caretaker is considered as a contribution to the assistance unit.~~

(2) **Stepparent or spouse of a needy caretaker resources.** The worker does not consider resources owned exclusively by the stepparent or spouse of a needy caretaker to determine the assistance unit's resource eligibility, but does consider the assistance unit's share of resources owned jointly with the stepparent or spouse of a needy caretaker.

(3) **Person acting in the role of a spouse.** The worker must count the income of a person acting in the role of a spouse who lives in the home with the natural or adoptive parent when he or she does not receive a TANF benefit on another case.

(A) For the purpose of this rule, "living in the home with" means a person of the opposite sex is a person is considered to be acting in the role of a spouse.

(i) ~~The opposite sex individual is acting in the role of a spouse~~ when one or both of these factors exist:

(i) they represent themselves to be a couple; or
(ii) have a physical relationship with each other.

~~(B)~~ When the client states the conditions in (A)(i) of this paragraph do not exist, factors that may indicate the opposite sex individual person is acting in the role of a spouse include, when he or she:

(i) assists in parenting the child(ren), such as exercising responsibility for the child(ren), providing day-to-day care, physical care, and guidance for the child(ren);

(ii) provides financial support for the family beyond his or her own pro rata share of the household expenses;

(iii) shares joint bank accounts or real property ownership with the client; or

(iv) files a joint tax return with the client.

~~(C)~~ The worker computes the income of this person the same as stepparent income. The person acting in the role of spouse is not eligible to receive the exemption of one-half of the remainder or a dependent care expense deduction in determining this person's countable earned income.

~~(D)~~ ~~If~~ When the parent or the person acting in the role of a spouse fails to provide information necessary to determine income eligibility, the worker denies

~~the application is denied~~ or closes the cash assistance terminated. The income of non-relative adults of the ~~opposite sex~~ may be excluded when the adults have separate living quarters and demonstrate no characteristics of a person acting in the role of spouse.

(4) **Parent who is ineligible as a result of a positive screen for the illegal use of a controlled substance or substances.** The income, earned and unearned, of a parent who is ineligible as a result of a positive screen for the illegal use of a controlled substance or substances per OAC 340:10-4-1 is considered in its entirety.

(5) **Parent(s) of a minor parent.** When a minor parent is living in the home lives with his or her natural or adoptive parent(s) and the needs of the parent(s) are not included in the assistance unit, the:

(A) parent's income is considered available to the assistance unit and computed the same as stepparent income. The parent of the minor parent may or may not be designated as the substitute payee for the assistance unit; and

(B) income of a minor parent's stepparent is not considered. ~~The parent of the minor parent may be designated as the substitute payee for the assistance unit.~~

(f) **Allocating or diverting income.** When family members are not included in the assistance unit, special consideration is required in determining the income available to the assistance unit.

(1) Income received by a person included in the assistance unit is not allocated or diverted to persons who are not in the assistance unit. All countable unearned and earned income of the person is considered available to the assistance unit.

(2) The net income of an alien parent excluded from the benefit because the citizenship or alienage requirement is not met is considered the same as stepparent income. ~~The needs and~~ income of disqualified alien siblings ~~are~~ is not considered when determining eligibility of an otherwise eligible child(ren).

(3) The net income of a fugitive felon excluded from the benefit is considered the same as stepparent income.

(g) **Benefit reduction as a result of program violation.** The TANF benefit is reduced by 25 percent of the payment standard when a determination of program violation is made. The 25 percent penalty is removed the next effective date when compliance is documented or the penalty time period ends. When multiple types of program violations occur, a 25 percent penalty of the payment standard is imposed for each type of violation. ~~If~~ When the benefit reduction causes existing income to be in excess of the benefit amount, the case is closed using the reason for the benefit reduction. The amount of the payment standard reduction applies as Food Stamp Penalty Income (FSPI) in the Supplemental Nutrition Assistance Program (SNAP) per OAC 340:50-7-29(c)(1)(A). Reasons for benefit reduction are:

(1) refusal to cooperate in an effort to obtain child support per OAC 340:10-10-5(c);

- (2) failure to apply for or provide a Social Security number per OAC 340:10-12-1;
- (3) failure of a child(ren) in kindergarten to 18 years of age to attend school per OAC 340:10-13-1;
- (4) failure to provide verification of child(ren) immunizations per OAC 340:10-14-1; and
- (5) intentional program violations determined as fraud by court action or an administrative disqualification hearing or administrative hearing waiver per OAC 340:65-9-2(d) and 340:65-9-4.

(h) **Benefit reduction penalty resulting from use of the TANF benefit in a prohibited business.** Per Section 608(a)(12) of Title 42 of the United States Code (~~42 U.S.C. § 608(a)(12)~~) and Section 241.4 of Title 56 of Oklahoma Statutes (~~56 O.S. § 241.4~~), TANF recipients must not use a debit or electronic benefit transfer (EBT) card containing TANF cash assistance in prohibited businesses. Refer to OAC 340:10-1-3(13) for a list of prohibited businesses and the definition of an EBT transaction.

- (1) When it is determined the parent or caretaker violated provisions per OAC 340:10-1-3(13), the worker reduces the TANF cash assistance payment standard is reduced by:
 - (A) 25 percent for three months for the first violation;
 - (B) 35 percent for six months for the second violation;
 - (C) 50 percent for 12 months for the third violation; and
 - (D) permanently by deeming the parent or needy caretaker ineligible for TANF benefits for subsequent violations.
- (2) When the parent or needy caretaker is permanently deemed ineligible to receive TANF cash assistance for this reason and all other factors of eligibility are met, he or she may receive child only benefits. The ineligible parent's earned and unearned income is considered in its entirety.
- (3) The amount of the penalty reduction applies as FSPI for SNAP per OAC 340:50-7-29(c)(1)(A).

(i) ~~**Parent living in the home receiving SSP.** When there is a parent living in the home, but not included in the TANF benefit because of receipt of SSP and not SSI, no consideration is given to does not his or her individual consider the parent's income for the TANF benefit. When a parent in the SSP benefit becomes ineligible to continue to receive the SSP, the parent is included in the TANF benefit and all income and resources of the parent are considered in determining eligibility for TANF. If consideration of the parent's SSP income and resources causes the TANF benefit to close, and the closure of the SSP benefit was a direct result of an overall Social Security increase, the SSP benefit is placed in Special Medical Status. If the parent is living in the home, but not included in the TANF benefit because of receipt of SSP and SSI, no consideration is given to the parent's income and the parent is not included in the TANF assistance unit as long as the parent remains eligible for SSI.~~

(j) **TANF eligibility when the child(ren) is placed in out-of-home care.** When Child Welfare Services(~~CW~~)(CWS)

staff removes the child(ren) from the home and reasonably anticipates the child(ren) will return home within four months, the natural or adoptive parent or needy caretaker relative may continue to be eligible to receive an adult only TANF benefit per OAC 340:10-3-56(a)(2)(B)(ii). The adult remains eligible when all other conditions of eligibility are met unless the child(ren) is placed with a relative requesting needy caretaker benefits. The child(ren) must be removed from the TANF benefit effective the next advance notice deadline date per Appendix B-2, Deadlines for Case Actions.

(1) A team consisting of the worker, ~~CWCWS~~ special-ist, natural or adoptive parent or needy caretaker relative, and any other appropriate partner must meet to develop a mutually agreed upon plan of action. The plan must include the parent or needy caretaker's employability plan and strategies to correct the conditions that caused the child(ren) to be removed from the home.

(2) At the end of the four-month period ~~if~~when the child(ren) ~~has~~is not ~~been~~ returned to the home, the adult only TANF benefit is closed.

(k) **Strikers.** The assistance unit is not eligible for TANF for any month the natural or adoptive parent, ~~whether included in the benefit, is participating~~living in the home participates in a strike on the last day of that month. A ~~person other than the natural or adoptive parent~~caretaker relative is not included in the benefit for any month ~~if~~when that person is participating in a strike on the last day of the month.

PART 7. TRANSITIONAL BENEFITS

340:10-3-75. Continued medical benefits (CMB)

(a) **Conditions for CMB.** ~~Medical benefits are continued when~~When a Temporary Assistance for Needy Families (TANF) benefit ~~is closed~~closes due to the receipt of child or spousal support, or new or increased earnings of the natural or adoptive parent or caretaker relative, referred hereafter as payee, medical benefits are continued for the time period described in (b) and (c) of this Section when the payee is included in the benefit per Section 408 of the Social Security Act, Section 608 of Title 42 of the United States Code. The medical benefits coverage is of the same amount, ~~duration,~~ and scope as if the assistance unit continued receiving TANF. Eligibility for CMB eligibility begins with the effective date of the TANF benefit closure date or the effective date of closure had the income been reported timely. A person is included for CMB only if that person was eligible for TANF and Only persons included in the assistance unit at the time of the closure when the TANF benefit closed are eligible for CMB. To be eligible for CMB the assistance unit must meet all of the requirements listed in (1) - (~~4~~)(5) of this subsection.

(1) At least one member received TANF in at least three of the six months immediately preceding the month of ~~ease~~closurethe TANF benefit closed.

(2) ~~The assistance cannot have received fraudulently as determined by Family Support Services Division Benefit Integrity and Recovery Section in any one of those six months~~payee must be included in the TANF benefit in the

Permanent Final Adoptions

month of closure and remain as payee during CMB receipt.

(3) The assistance unit did not fraudulently receive TANF benefits in the six months preceding TANF closure. Refer to Oklahoma Administrative Code (OAC) 340:65-9-4 for fraudulent receipt rules.

(34) ~~The assistance unit must include a dependent an eligible child who meets the age and relationship requirements for TANF and whose needs are~~

(A) An eligible child is a child who is included in the TANF cash assistance unit benefit at the time of closure, unless the only and continues to meet age requirements per OAC 340:10-5-1 and relationship requirements per OAC 340:10-9-1 while receiving CMB.

(B) A child who is not included in the TANF cash assistance benefit because of Supplemental Security Income receipt is also considered an eligible child is a Supplemental Security Income (SSI) recipient when he or she is the only child in the home meeting age and relationship requirements.

(C) The eligible child must have met deprivation requirements per OAC 340:10-10-1 prior to TANF benefit closure but is not subject to deprivation requirements during the CMB eligibility period.

(45) ~~Client~~ The payee must comply with Soonercare (Medicaid) citizenship and identity verification rules at per OAC 317:35-5-25.

(b) **Closure due to child support or spousal support.** Medical benefits are continued ~~if for up to four months when the TANF closure is due to the receipt of new or increased child support or payments for spousal support in the form of alimony. The medical benefits are continued for four months.~~

(c) **Closure due to new or increased earnings of caretaker relative payee.** Medical benefits ~~are may be continued if up to 12 months when the closure is due to the new or increased earnings of the caretaker relative payee. The caretaker relative's needs must be included in the assistance unit at the time of closure. The caretaker relative who~~ When the payee is the natural or adoptive parent, ~~he or she is required to cooperate with Oklahoma Child Support Services (OCSS) during the period of time the family is (CSS) while receiving CMB. If the caretaker relative changes during the CMB period, the assistance unit loses its CMB coverage.~~

(1) **Eligibility.** Medical benefits may be continued for ~~a period up to 12 months. This~~ The CMB eligibility period is divided into two, six-month periods with eligibility requirements and procedures for each period.

(A) **Initial six-month period.** The assistance unit is eligible for CMB ~~if when:~~

- (i) an eligible child remains in the home per (a)(4) of this Section;
- (ii) the ~~caretaker~~ relative payee remains the same; and
- (iii) the assistance unit remains in Oklahoma.

(B) **Additional six-month period.** Medical benefits are continued for the additional six month period ~~if when:~~

(i) an eligible child remains in the home per (a)(4) of this Section;

(ii) the ~~caretaker~~ relative payee remains the same;

(iii) the assistance unit remains in Oklahoma;

(iv) the assistance unit was eligible for and received CMB for each month of the initial six month period;

(v) the assistance unit ~~has~~ has complied with reporting requirements in (4) of this subsection;

(vi) the assistance ~~unit~~ unit ~~has~~ unit's average monthly earned income ~~that~~ does not exceed the income standard which per the Oklahoma Department of Human Services (DHS) Appendix C-1, Maximum Income, Resource, and Payment Standards, Schedule I. The income standard is based on 185% percent of the Federal Poverty Level federal poverty level; and

(vii) the ~~caretaker~~ relative payee had earnings in each month of the three-month reporting period, unless the lack of earnings was due to an involuntary loss of employment, illness, or other good cause.

(C) **Income eligibility for additional six-month period.** ~~Income~~ The worker determines income eligibility is determined using for the additional six-month period per rules in (i) through (ix)(iii) of this subsection subparagraph.

(i) The worker disregards the assistance unit's:

(I) unearned income;

(II) a child's earned income when the child is a full time student; and

(III) ~~resources of the assistance unit are disregarded in determining eligibility for CMB.~~

(ii) ~~There is no earned income test for the initial six month period.~~

(iii) ~~The gross earnings of all assistance unit's medical benefits are not continued for the additional six month period if the assistance unit's countable earnings unit members minus the payee's child care expenses incurred for employment purposes must not exceed the income standard per household size on DHS Appendix C-1, Schedule I. Income is determined by averaging To determine income eligibility over the three-month reporting period, the worker averages the:~~

(iv) ~~the entire assistance unit's gross monthly earnings for the three month reporting period;~~

(v) ~~Use average family size for the immediate preceding three months when the family size when changes during the three month period occurred per (D) of this subsection;~~ and

(vi) ~~The only deduction allowed is the cost for approved child care necessary for the employment of the caretaker relative expenses. The child care deduction is averaged for the~~

~~same three month reporting period. There is no maximum amount for this deduction.~~

~~(viii) The earnings of all assistance unit members are used in determining the earned income test. The earnings of an additional family member are considered only if that member is a natural or adoptive parent.~~

~~(viii) The needs of all persons whose additional family member's earnings are considered, are he or she is included in determining the household size for the income test.~~

~~(ix) The earned income of a full time student included in the assistance unit is disregarded the same as in TANF rules.~~

~~(D) **Eligible child.** When the TANF benefit is closed and CMB begins, the assistance unit must include an eligible child whose needs were included in the TANF benefit at the time of closure, unless the only eligible child is a SSI recipient. After the CMB begins, the assistance unit must continue to include an eligible child. However, age is the only requirement an eligible child must meet. This means that the eligible child does not have to meet the deprivation factor once CMB begins.~~

~~(E) **Additional members.** After the CMB begins, the worker:~~

~~(i) does not add family members who move into the home cannot be added to the CMB coverage. This includes siblings and a natural or adoptive parent(s). If when the additional member is in need of needs medical services, a new application is completed for that person the worker refers the payee to the Oklahoma Health Care Authority (OHCA) online enrollment system at www.mysoonercare.org to complete an application for the additional member. The payee may also complete an application at the local health department, Indian clinic, participating health care provider, or county office; and~~

~~(ii) adds a child younger than one year of age to the CMB coverage when the child is deprived of parental support per OAC 340:10-10-1 and the child's mother is included in the CMB coverage.~~

~~(E) **Assistance unit member leaves home and returns.** If when an assistance unit member included in the CMB leaves the home and then returns, that member he or she may be added back to the CMB coverage if when all conditions of eligibility are met, provided the member is not the payee. A child under the age of one year whose mother is included in the CMB coverage, is added to the assistance unit if the child is deprived of parental support.~~

~~(F) **Third party liability.** The assistance unit's eligibility unit remains eligible for CMB is not affected by when it obtains health insurance coverage and third party liability must be considered. However, the assistance unit is responsible for reporting all insurance coverage and any changes in the coverage.~~

~~The worker must explain is responsible for explaining third-party liability and the necessity for applying benefits from filing medical claims with the private insurance to the cost of medical care before filing with OHCA.~~

~~(G) **Termination of CMB closure.** The worker closes the CMB coverage is discontinued any time the assistance unit fails to meet the eligibility requirements as shown included in this Section. If it becomes necessary to discontinue When the worker closes the CMB coverage for the assistance unit or any member of the assistance unit, the person must be advised that he or she worker informs the payee that the assistance unit or the member may be eligible complete an application for medical benefits under the regular SoonerCare (Medicaid) Program and how to obtain these benefits by accessing OHCA's online enrollment system at www.mysoonercare.org or complete an application at the local health department, Indian clinic, participating health care provider, or county office.~~

~~(2) **Notification.** Notices are sent DHS sends notices to the assistance unit, both at the onset of when CMB is approved and throughout the CMB period. These The notices, which are sent at specific times, and inform the assistance unit of its rights and responsibilities. When a TANF benefit is closed closes and the assistance unit is eligible for CMB, the computer-generated closure notice includes notification of the continuation of medical benefits. Another DHS sends another computer-generated notice is sent at the same time to advise the assistance unit of the reporting requirements and under what circumstances the medical benefits may be discontinued. Each notice listed in (A) through (C) of this paragraph includes specific information about what the assistance unit must report. The notices serve unit's reporting responsibilities and serves as the required advance notification in the event benefits are discontinued as a result closed because of the information furnished in response to these notices or because the payee does not respond to the notices.~~

~~(A) **Notice # 1.** PSNCM1 is issued issues in the third month of the initial continued medical eligibility period. This notice advises the assistance unit of the additional six-month period of CMB, the eligibility conditions, reporting requirements, and appeal rights.~~

~~(B) **Notice # 2.** PSNCM2 is issued issues in the sixth month of the continued medical eligibility period, but only if when the assistance unit is eligible for the additional six-month period. This notice advises the assistance unit of the eligibility conditions, reporting requirements, and appeal rights.~~

~~(C) **Notice # 3.** PSNCM3 is issued issues in the ninth month of the continued medical eligibility period, or the third month of the additional six-month period. This notice advises the assistance unit of the eligibility conditions, the reporting requirements, appeal rights, and the expiration of CMB coverage.~~

Permanent Final Adoptions

(3) **Notices not received.** In some instances the assistance unit does not receive all of the notices listed in ~~(e)(2)(A) through~~ (C) of this ~~Section~~ subsection. The notices and report forms are not issued retroactively. When the payee notifies the worker he or she did not receive a notice or report form, the worker obtains required information necessary to establish the assistance unit's continued eligibility and informs the payee he or she must provide earned income proof for the appropriate reporting period.

(4) **Reporting.** The assistance unit is required to periodically report specific information necessary to determine the assistance unit's continued eligibility for CMB. To assist the unit, ~~computer-generated~~ Form 08TA018E, Continued Medical Benefit Reply Form, is sent ~~at the same time as to~~ the assistance unit with the notices generated during the CMB period. Though preferred, it is not mandatory ~~for the report form itself to that~~ Form 08TA018E be returned. The information may be reported by ~~telephone~~, in an office interview, or by letter. The payee must provide proof of all gross earnings for the three-month reporting period.

(A) The assistance unit must report:

- (i) gross earned income of the entire assistance unit for the appropriate three-month period;
- (ii) child care expenses, for the appropriate three-month period, necessary for the caretaker relative's continued employment;
- (iii) changes in members of the assistance unit;
- (iv) residency; and
- (v) third party liability.

(B) The reporting requirement time frames are explained in this subparagraph.

(i) The payee must report required information requested in the third month must be received and return required earned income proof by the 21st day of the fourth month and is used. The worker evaluates the information provided to determine the assistance unit's eligibility for the additional six-month period. ~~While this~~ Even though the payee is required to report is due required information in the fourth month, no negative action cannot be taken occurs during the initial six-month period for failure to report. If when the:

(I) assistance unit returns required information and no longer meets eligibility conditions per (1) of this subsection, the worker closes CMB effective the first day of the seventh month; or

(II) payee fails to report required information and submit the requested information earned income proof, benefits are CMB automatically suspended — suspend effective the first day of the seventh month. If action to When the worker does not reinstate is not taken CMB by advance notice deadline of the suspension month per DHS Appendix B-2,

Deadlines for Case Actions, the computer CMB automatically closes the case effective the next month.

(ii) The payee must report required information requested in the sixth month must be furnished and return required earned income proof by the 21st day of the seventh month. The decision to continue benefits into the eighth month is determined by the information reported. When the:

(I) assistance unit returns required information and no longer meets eligibility conditions per (1) of this subsection, the worker closes CMB effective the first day of the eighth month; or

(II) payee fails to report required information and submit earned income proof, CMB automatically suspends effective the first day of the eighth month. When the worker does not reinstate CMB by advance notice deadline of the suspension month per DHS Appendix B-2, CMB automatically closes effective the next month.

(iii) The payee must report required information requested in the ninth month must be furnished and return required earned income proof by the 21st day of the tenth month. The decision to continue medical benefits into the 11th month is determined by the information reported. When the:

(I) When the assistance unit returns required information and no longer meets eligibility conditions per (1) of this subsection, the worker closes CMB effective the first day of the eleventh month; or

(II) payee fails to report required information is not reported timely and return required earned income proof by the 21st day of the tenth month, the CMB are automatically suspended by the computer for the appropriate suspends effective date the first day of the eleventh month. When the worker does not reinstate CMB by advance notice deadline of the suspension month per DHS Appendix B-2, CMB automatically closes effective the next month.

~~(H5)~~ **CMB reinstatement.** ~~If~~ When the assistance unit subsequently reports the necessary information following suspension, the worker determines eligibility. ~~(H)~~ ~~If~~ When all eligibility factors are met during and after the suspension period, the worker reinstates the medical benefits are reinstated. ~~The effective date of the reinstatement is the same as the effective date of the suspension so the~~ assistance unit has continuous medical coverage.

(d) **Receipt of medical benefits after CMB ends.** To ensure continued medical coverage, ~~Form 08MA007E, Recertification of Eligibility for Sooner Care Health Benefits, is a~~ computer-generated expiration notice is mailed to the assistance unit during the third month of CMB for benefits closed due to the receipt of child or spousal support or the 11th month of CMB for benefits closed due to new or increased earnings.

The assistance unit must return Form 08MA007E for a medical redetermination to be made prior to the termination of the CMB benefit; expiration notice explains how to apply for medical benefits. When the assistance unit applies and is determined eligible, medical benefits continue as regular SoonerCare (Medicaid) benefits, not CMB. If the assistance unit fails to return Form 08MA007E, medical benefits are terminated.

SUBCHAPTER 18. CONDITIONS OF ELIGIBILITY FOR SUPPORT SERVICE FUNDS FOR CHILD ONLY CASES

340:10-18-1. Conditions of eligibility for support service funds for child only cases

(a) **Scope.** In an effort to promote family stability and assist in the prevention of Child Welfare (CW) involvement, the Oklahoma Department of Human Services (DHS) provides support service funds ~~are provided~~ to child only cases when there is no natural or adoptive parent(s) in the home and a caretaker relative has assumed responsibility for rearing the child(ren). The worker provides or arranges payment(s) of the approved support service fund(s) determined appropriate to maintain the child(ren) in the home. ~~Items and services covered by Medicaid are not paid by support service funds.~~

(b) **Support service funds.** Payments for the services through support service funds are not an automatic entitlement to the child(ren). The worker determines on a case-by-case basis, whether to authorize payments and services. The county director or designee is responsible for periodically monitoring expenditures from the support service account.

(1) ~~Support~~ The worker does not approve support service funds are not used for:

- (A) fines, including traffic fines or any cost related to a criminal offense, such as legal fees or court costs;
- (B) items and services covered by SoonerCare (Medicaid);
- (C) ongoing household expenses, such as, but not limited to, rent, utilities, and car payments; or
- (D) payments to reimburse the client or another person for the cost of services already paid.

(2) ~~Before any consideration is given to authorizing payment for support service funds, the worker:~~

- (A) ~~must determine~~ determines if the service is available through any other resource. Resources may include other Oklahoma Department of Human Services (OKDHS) DHS programs, local churches, and civic groups. ~~This determination is made on a case-by-case basis. The worker pre determines and authorizes payments and services; and~~
- (B) ~~The worker~~ negotiates for goods and services for the child(ren) for the least possible cost. The negotiated amounts must not include state or local sales taxes.

(3) Payments of specific services are allowed only after the service is rendered. ~~Ongoing maintenance payments~~

~~are not allowed. The county director or designee is responsible for periodically monitoring expenditures from this account. The~~ To authorize payment, the:

- (A) worker signs an Authorization to Purchase form and gives it to the caretaker relative to take to;
- (B) caretaker relative takes the Authorization to Purchase form to the provider. Approval for payment to the;
- (C) provider occurs after is rendered renders the service and the caretaker relative signs the Authorization to Purchase form confirming the service was provided; and
- (D) provider sends the Authorization to Purchase form to DHS Finance and Administration for payment.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2017:

SUBCHAPTER 1. LOW INCOME HOME ENERGY ASSISTANCE PROGRAM

340:20-1-14. Actions, method of payment, and notifications

Contingent upon the receipt of federal funding, ~~one~~ payment is made during the federal fiscal year to or on behalf of households included in paragraph (1) of this Section unless a situation arises that causes two payments to be made. ~~Two or more payments may be made when there is a delay in federal funding or the release of contingency funds by the President~~ submitted Low Income Home Energy Assistance Program (LIHEAP) applications are approved or denied, payments are issued, and households are notified of their eligibility during winter heating, summer cooling, and Energy Crisis Assistance Program (ECAP) application periods.

(1) Households pre-authorized for LIHEAP. Selected households may be pre-authorized for winter heating or summer cooling and sent a pre-authorization notice prior to an open application period.

(A) Households are pre-approved for LIHEAP per criteria in Oklahoma Administrative Code (OAC) 340:20-1-19 for winter heating and OAC 340:20-1-20 for summer cooling.

(B) The pre-authorization notice informs the household:

(i) of the utility supplier and the account number the Oklahoma Department of Human Services (DHS) intends to pay based on the prior year's certification; and

(ii) DHS does not pay a different utility supplier based on the pre-authorization.

(C) Households are not pre-authorized for ECAP.

(2) Approvals. Maximum household benefit levels are determined by the primary energy source, household size, and household income. Generally, one direct payment is made to designated energy suppliers on behalf of approved households. Payments are made on a weekly basis. The amount of the payment is the original household benefit level as adjusted, if necessary, based upon the total encumbrance for assistance in relation to federal funds available for payments. Households may be approved for LIHEAP during each of the three-designated application periods per fiscal year.

(A) Certain households may be approved for ECAP outside of a designated application period when there is a life-threatening emergency per OAC 340:20-1-17(g).

(B) Households are approved for LIHEAP when they:

(i) submit a signed and completed application during the designated application period per OAC 340:20-1-12;

(ii) provide required verification per OAC 340:20-1-13; and

(iii) meet program factors per OAC 340:20-1-10.

(2) Direct payments. The same payment schedule in paragraph (1) of this Section applies to unsubsidized renters and roomers with utilities included in their rent, and for households whose energy source is wood, coal, heating oil, or kerosene, except when payments are made directly to approved households.

(3) Closures. The worker authorizes closure of cases in which the household is no longer eligible. Closure is not authorized before the worker has contacted the designated energy supplier and determined that the household has no outstanding debt with the supplier. If there is an outstanding debt, the case is not closed. The case automatically closes after the household's program benefit level has been paid.

(4) Denials. The worker/employee denies any application applications:

(A) submitted outside of a designated application period;

(B) that is/are incomplete. Reasons an application is considered incomplete include submitting an unsigned application or failing to verify program factors per OAC 340:20-1-10. Prior to application denial, the worker/employee must allow ~~ten~~ give or send the applicant Form 08AD092E, Client Contact and Information Request, indicating what verification must be provided and allow the applicant at least 10-calendar days to provide the needed verification; or

(C) when the household does not meet program factors per OAC 340:20-1-10.

(5) Timeliness. Applications are considered timely processed when approved or denied within ~~ten~~ calendar days of:

(A) the ~~date~~ 60-calendar days of the application when all verification is provided at the time of application date for winter heating and summer cooling; or

(B) giving or mailing Form 08AD092E, Client Contact and Information Request, to the applicant requesting needed verification no later than 18 hours from the application date for an ECAP application involving a life-threatening medical situation or 48 hours for all other ECAP applications.

(6) Households pre-authorized for the Low Income Home Energy Program (LIHEAP). Selected households

may be pre-authorized for winter heating or summer cooling when the household continues to meet pre-authorization requirements per OAC 340:20-1-19 and 340:20-1-20. Households are mailed a pre-authorization notice prior to the application period. The notice advises the household:

- (A) of the utility supplier and account number the Oklahoma Department of Human Services (OKDHS) plans to pay based on the prior year's certification; and
- (B) OKDHS will not pay a different utility supplier based on this pre-authorization.

(5) **LIHEAP payments.** LIHEAP payment amounts are estimated and reserved for each application period based on available funding and may be adjusted as needed. Refer to Appendix C-7-A, Estimated Low Income Home Energy Assistance Program (LIHEAP) Benefit Level for all Households, for maximum payment amounts.

(A) Payment amounts are determined based on the household's size, income, and primary energy source.

(B) One payment is made per approved application directly to:

(i) designated energy suppliers on behalf of approved households responsible for their utilities;

or

(ii) the household when the:

(I) utilities are included in the rent;

(II) energy source is wood, coal, heating oil, or kerosene; or

(III) energy supplier is not designated to receive direct payments from DHS.

(C) Payments are made on a weekly basis as applications are approved.

(6) **Closures.** The LIHEAP authorization automatically closes after the LIHEAP payment issues. Authorizations are closed when it is discovered that an ineligible household was certified in error before a LIHEAP payment is made.

(7) **Computer-generated notices.** Computer-generated notices are mailed to the applicant or recipient showing actions taken.

(A) LIHEAP-37-A, Notice of Eligibility/Authorization, is mailed to the applicant.

(B) LIHEAP-37-C, Notice of Eligibility, is mailed to the recipient. This notice is mailed for authorization of each roomer or renter when fuel is included as a part of the shelter payment, and for households whose fuel source is wood, coal, kerosene, or oil.

(C) LIHEAP-37-D, Notice of Payment, is mailed to the recipient as notification that the payment has been made to the energy supplier on his or her behalf.

(D) LIHEAP-37-E, Notice of Denial, is mailed to the applicant when an application has been denied.

(E) LIHEAP-37-F, Notice of Closure, is mailed to the recipient when the worker closes an authorization closes.

(F) PSNEN37K, Utility Account Verification and Pre-Approval Notice, is mailed to clients who were

pre-authorized for LIHEAP winter heating or summer cooling.

(G) LIHEAP-37-M, Energy Crisis Assistance Program Notice of Payment, is mailed to the recipient as notification that the payment was made to the supplier on his or her behalf.

(8) **Worker/Employee-generated notices/notice.** The worker mails or employee issues Form 08LH003E, Notice of Eligibility for Energy Assistance, to the energy provider/supplier or to the recipient for delivery to the energy provider/supplier unless the provider is specifically exempted by the Family Support Services Division. The notice is issued by the worker whenever when the household meets eligibility requirements for crisis assistance per OAC 340:20-1-17. Issuance of Form 08LH003E is not necessary when the supplier's business system is set up to receive a daily approval file from DHS.

Chapter 25, Subchapter 1: The proposed revisions are designed to provide clear and concise information for customers and staff to ensure consistency in policy interpretation.

Chapter 25, Subchapter 3: The proposed revisions are designed to provide more complete information about service of process for customers and staff.

Chapter 25, Subchapter 5: The proposed rules are designed to contribute to the health, safety, and wellbeing of children entitled to support and promote healthy families by: (1) increasing program efficiency; (2) improving customer service; and (3) providing clear and accurate guidance to staff to ensure consistency in policy application.

Failure to adopt these rules could cause hardships on families by negatively impacting the services Child Support Services (CSS) provides, decreasing CSS's ability to serve customers, and result in unnecessary expenditures of public funds to provide support for children that could otherwise be provided by noncustodial parents.

The classes of persons most likely to be affected by the proposed rules are children entitled to support, noncustodial parents (NCP) who owe child support, custodial parents (CP) who are owed child support, CSS staff, and courts. Most affected classes of persons will bear no costs associated with implementation of the rules. Custodial persons not receiving Temporary Assistance for Needy Families (TANF) or Medicaid (SoonerCare) will be charged a service fee of three percent per Title IV-D payment, not to exceed 10 dollars per month.

340:25-1-2. Legal base

(a) **Federal law.** Sections 651 through 669b of Title 42 of the United States Code ~~is~~ (42 U.S.C. §§ 651 through 669b) are

the primary basis in federal law for Oklahoma's child support program. The program is also governed by Chapter III of Title 45 of the Code of Federal Regulations. The Servicemembers Civil Relief Act, codified in Sections 50 App. §§ 501 through 596 of Title 50A of the United States Code, applies to servicemembers. Other federal laws and regulations are followed to the extent they apply to Oklahoma's child support program.

(b) **State law.** Oklahoma Statutes covering child support issues include, but are not limited to:

- (1) Sections 80, 83, 90.4, 90.5, ~~7005-1.4~~, and 7700-101 through ~~7700-902~~ 7800 of Title 10 ~~(10 O.S. §§ 80, 83, 90.4, 90.5, and 7700-101 through 7800);~~
- (2) ~~Sections 12 O.S. §§ 1170 and 1171.2 through 1171.4 of Title 12;~~
- (3) ~~Sections 21 O.S. §§ 566, 567, and 852 of Title 21;~~
- (4) ~~Sections 43 O.S. §§ 109.2 through 110, 112, 112A, 114 through 120, 135 through 139.1, 410 through 413, and 601-100 through 601-901 of Title 43~~ 601-903;
- (5) ~~Sections 56 O.S. §§ 166.1, 183, 230.60, and 231 through 240.23 of Title 56~~ 240.24;
- (6) ~~Sections 63 O.S. §§ 1-311.2 and 1-311.3 of Title 63;~~ and
- (7) ~~Sections 68 O.S. § 205.2 and 205.3 of Title 68.~~

(c) **Applicability.** Oklahoma Department of Human Services Child Support Services ~~(OCSS)~~ (CSS) uses federal or state statutes, as appropriate, in specific situations to establish and enforce child support orders. ~~OCSS~~ CSS follows applicable state and federal laws in carrying out its responsibilities and providing services regardless of whether a statute, regulation, final order, or other legal obligation is specifically referenced in this Chapter.

340:25-1-3.1. Designation of an authorized representative

(a) A custodial person, noncustodial parent, or biological parent may designate a person as an authorized representative to:

- (1) obtain child support case information and documents from Oklahoma Department of Human Services (DHS) Child Support Services (CSS) on his or her behalf; or
- (2) provide information and documents to CSS on his or her behalf.

(b) CSS does not honor requests to designate ~~as an authorized representative~~ a person who has a conflict of interest that would result in the release of information he or she is otherwise not entitled to receive as an authorized representative.

(c) ~~The~~ An authorized representative may obtain information and documents ~~an authorized representative may obtain~~ are limited to those items the person represented may obtain per Oklahoma Administrative Code 340:25-5-67.

(d) This Section does not allow an authorized representative to appear before the DHS Office of Administrative Hearings: Child Support or the district court on behalf of the person represented unless specifically allowed by law. Further, nothing in this Section prevents CSS from requesting the court to enter a default order based on the person's failure to appear, even when the person's authorized representative is present.

Permanent Final Adoptions

- (e) The authorized representative does not have to be an attorney.
- (f) A person must complete and submit Form 03EN010E, Authorized Representative Designation, to CSS, before the representative may act or receive information orally or in writing on behalf of the person represented. A person may have only one authorized representative at any time.
- (g) ~~Once~~ When CSS receives Form 03EN010E, CSS verifies the identity of the individual completing Form 03EN010E. CSS considers the designation in effect until CSS receives:
- (1) a new Form 03EN010E designating another person as the authorized representative;
 - (2) written notice that the designation of an authorized representative is revoked; or
 - (3) written notice that the designator is deceased.
- (h) CSS reserves the right to refuse to honor a designation of authorized representative.

SUBCHAPTER 3. COMMISSIONED PEACE OFFICERS

340:25-3-3. Service of process

- (a) **Authority.** Oklahoma Department of Human Services Child Support Services (~~OCSS~~)(CSS) follows the provisions of Section 2004 of Title 12 of the Oklahoma Statutes (12 O.S. § 2004) for service of process. ~~OCSS~~CSS uses the most cost effective and efficient method of service of process depending on what is most appropriate under the facts of the case.
- (b) **Service by acknowledgment.** ~~When feasible, OCSS delivers the documents directly to a party and requests the party accept and acknowledge service. The Acknowledgment of Service is filed in the court case.~~
- (~~e~~) **Service by regular mail to address of record (AOR).** Service to the AOR by regular mail may be appropriate when an AOR is on file with the Central Case Registry for a party in the case per Oklahoma Administrative Code 340:25-5-340. Service to the ~~address of record~~AOR is not appropriate when the:
- (1) remedy sought may result in the obligor's incarceration including, but not limited to, indirect civil contempt actions; or
 - (2) court may require a higher level of notice to the affected party, including, but not limited to, actions to determine paternity.
- (c) **Service by acknowledgment.** CSS delivers the documents directly to a party and requests the party accepts and acknowledges service, as appropriate. The Acknowledgment of Service is filed in the court case.
- (d) **Service by certified mail.** Service by mail is made by certified mail, return receipt requested, and delivery restricted to the addressee. CSS uses service by certified mail when service to the AOR or by Acknowledgment of Service is not appropriate or successful. CSS staff is not required to attempt service by certified mail before attempting personal service when the case history indicates a low probability of acceptance or the court requires personal service.

- (~~e~~) **Personal ~~service~~Service by personal delivery.** Service by personal delivery is completed by a sheriff, deputy sheriff, individual licensed to make service of process in civil cases, or an individual specially appointed for that purpose per 12 O.S. § 2004. ~~OCSS~~CSS uses service by personal service~~delivery~~ when:
- (1) ~~a person~~ individual has not accepted service by certified mail;
 - (2) service to the ~~address of record~~address of record ~~AOR~~ or by acknowledgment is not available or appropriate;
 - (3) case history indicates a low probability of acceptance of service by certified mail; or
 - (4) the court requires service ~~by personal service~~delivery.
- (~~e~~) **Diligent efforts.** When CSS contracts with vendors for service of process, the vendor must make diligent efforts to complete service and provide timely documentation to CSS. Diligent efforts means repeated attempts to serve the ~~person~~individual at least three times, and at different times of day or on different days of the week, before declaring inability to serve. ~~OCSS~~CSS:
- (1) attempts to serve process in the manner, ~~and~~ at the time, and place most reasonably calculated to complete service of process in the most efficient and cost effective manner;
 - (2) makes diligent efforts to serve process utilizing all information:
 - (A) provided by ~~OCSS~~CSS staff;
 - (B) documented in the case record; or
 - (C) gathered from other locate resources;
 - (3) provides address and employer information to the process server;
 - (4) attempts to serve the person at:
 - (A) work;
 - (B) home; or
 - (C) other locations based on information gathered on the ~~person's~~his or her lifestyle; and
 - (5) documents all facts about attempts to serve process in the case record.
- (~~e~~) **Minor noncustodial parent.** ~~OCSS~~CSS serves a minor noncustodial parent (NCP) who is:
- (1) 15 years of age or older per 12 O.S. § 2004; or
 - (2) younger than 15 years of age, through a parent, guardian, or other appropriate adult as the next friend of the minor NCP.

SUBCHAPTER 5. OPERATIONAL POLICIES

PART 9. DISCLOSURE OF INFORMATION

340:25-5-67.1. Family violence

- (a) Oklahoma Department of Human Services (DHS) Child Support Services (~~OCSS~~)(CSS) establishes and maintains records regarding family violence per Sections 303.21 and 307.11 of Title 45 of the Code of Federal Regulations and

Sections 653 and 654 of Title 42 of the United States Code (42 U.S.C. §§ 653 and 654).

(b) ~~OCSS~~CSS is committed to promoting the safety and well-being of its customers and staff.

(c) A family violence indicator is a designation placed on a participant in a Title IV-D or non-Title IV-D case by ~~OCSS~~CSS indicating the risk of child abuse or domestic violence. The family violence indicator is used to restrict disclosure of the location of a participant who is reported to ~~OCSS~~CSS as being at risk of family violence.

(d) ~~OCSS~~CSS considers as reasonable evidence of family violence, and enters a family violence indicator on appropriate ~~persons~~individuals, when:

(1) a parent or custodian states that he or she or the child(ren) is at risk of emotional or physical harm from another ~~person~~individual in the same child support case; or

(2) ~~OKDHS~~DHS has knowledge of a court-ordered protective order or other information that family violence exists.

(e) ~~OCSS~~CSS makes available to custodial persons (CP) and noncustodial parents (NCP) Form 03EN008E, Family Violence - Address of Record Statement, to collect address of record (AOR) information and explain how the information is used. The ~~custodial person~~CP or noncustodial parent NCP may use Form 03EN008E to:

(1) request that his or her home address, or location information, not be released to another parent or party in a child support case because release could result in family violence to the requesting ~~person~~individual or his or her children; or

(2) designate an ~~address of record~~AOR per OAC 340:25-5-340. ~~OCSS~~CSS may release the ~~address of record~~AOR per OAC 340:25-5-340.1.

(f) The presence or absence of a family violence indicator on a case does not guarantee anyone's safety. ~~OCSS~~CSS is not liable for harm arising from the use or non-use of a family violence indicator.

(g) ~~OCSS~~CSS may remove a family violence indicator from a case participant when ~~OCSS~~CSS receives:

(1) a written request from the participant;

(2) information that the family violence indicator was entered in error; or

(3) a court order to remove the family violence indicator.

(h) Upon order of a court having the authority to make or enforce child custody or visitation determinations per 42 U.S.C. § 663, ~~OCSS~~CSS may:

(1) request the federal Office of Child Support Enforcement to override a family violence indicator in a single instance; and

(2) authorize release of the person's home address or location to the court.

(i) Interstate cases follow OAC 340:25-5-270.

(j) When an NCP submits an application for Title IV-D services in a case previously closed for good cause, CSS follows OAC 340:25-5-117.

PART 15. CASE INITIATION, CASE MANAGEMENT, AND CASE CLOSURE

340:25-5-114. Procedures for determining and processing noncooperation on Temporary Assistance for Needy Families (TANF) and non-TANF SoonerCare (Medicaid) cases

(a) **Cooperation of custodial persons.** The custodial person (CP) must cooperate with the Oklahoma Department of Human Services (DHS) Child Support Services (~~OCSS~~)CSS program in establishing paternity or in establishing, modifying, or enforcing a support order per Section 654 of Title 42 of the United States Code (42 U.S.C. § 654) and Section 264.30 of Title 45 of the Code of Federal Regulations (45 C.F.R. § 264.30). A CP receiving:

(1) ~~Temporary Assistance for Needy Families (TANF)~~ must assign rights to support to the ~~Oklahoma Department of Human Services (OKDHS)~~DHS per 42 U.S.C. § 608; and

(2) non-TANF SoonerCare (Medicaid) benefits for minor child(ren) must assign medical support rights to the Oklahoma Health Care Authority (OHCA) per ~~(42 C.F.R. § 433.146)~~.

(b) **Noncooperation of custodial persons.** When a CP fails to cooperate, ~~OCSS~~CSS reviews the case to determine noncooperation. ~~If OCSS~~When CSS determines noncooperation, ~~OCSS~~CSS notifies ~~OKDHS~~ Adult and Family Services (AFS) staff in the appropriate DHS county office. AFS staff updates the computer document for noncooperation with ~~OCSS~~CSS and a computer-generated notice per Oklahoma Administrative Code (OAC) 340:65-5-1 is sent advising the recipient of any decrease in benefits due to noncooperation.

(1) For ~~OCSS~~CSS to make a noncooperation determination on a TANF case, the cooperation must be essential for the next step in providing child support services, per OAC 340:10-10-5 and 340:10-10-7.

(2) Noncooperation is indicated when the CP:

(A) fails to appear at a CSS district office to provide information or evidence relevant to the case;

(B) refuses to complete and sign documents necessary to take legal action against the noncustodial parent(s) (NCPs) when requested to do so by ~~the district office~~CSS;

(C) fails to comply with an order to submit oneself ~~and/or~~ the child(ren) to genetic testing to determine paternity;

(D) fails to appear as a witness at an administrative, ~~or~~ district court hearing, or other proceeding;

(E) fails to provide information, or attest to lack of information, under penalty of perjury;

(F) fails to forward to ~~OCSS~~CSS all child support payments received from the NCPs or those received from entities other than the Centralized Support Registry; ~~or~~

(G) pursues private legal action affecting paternity, child support, medical support, or child care, or authorizes payments made other than through the

Permanent Final Adoptions

Centralized Support Registry without giving ~~OCSS~~ CSS notice, and fails to keep ~~OCSS~~ CSS informed of the case status; or

(H) engages in ongoing conduct detrimental to CSS enforcement efforts.

(3) ~~OKDHS~~ DHS AFS staff in the county office determines ~~whether~~ if good cause for noncooperation with ~~OCSS~~ CSS exists per OAC 340:10-10-6.

(c) **Noncooperation of custodial persons on non-TANF SoonerCare (Medicaid) cases.** When ~~the OCSS~~ CSS district office ~~staff~~ receives an OHCA referral on a non-TANF or existing case update with a pending good cause indicator (~~PGC~~), ~~OCSS~~ CSS district office ~~staff~~ determines ~~whether~~ if good cause exists for noncooperation per OAC 317:35-5-7.

340:25-5-117. Initiation of Title IV-D cases

(a) **Title IV-A, Title IV-E foster care, non-TANF SoonerCare (Medicaid), and child care subsidy referrals.**

(1) Oklahoma Department of Human Services Child Support Services (~~OCSS~~) CSS automatically initiates child support cases without additional application for certified Title IV-A, Title IV-E foster care, non-Temporary Assistance for Needy Families (TANF) SoonerCare (Medicaid), and child care subsidy referrals.

(2) Custodial persons (CP)s who apply for non-TANF SoonerCare (Medicaid) ~~on behalf of~~ for themselves and their child(ren) must assign medical support rights to the state per Section 1396k of Title 42 of the United States Code (42 U.S.C. § 1396k).

(A) A referral from the Oklahoma Health Care Authority (OHCA) means receipt of data that includes verified information with no errors or duplications ~~that is sufficient for OCSS~~ CSS to initiate a child support case.

(B) These ~~custodial persons~~ CPs must cooperate in establishing paternity and obtaining medical support unless an exception exists per ~~Sections 42 U.S.C. §§ 1396a(1)(1)(A), 1396k, or 1396r-6 of Title 42 of the United States Code.~~

(C) ~~OCSS~~ CSS must open a Title IV-D medical enforcement only case per Oklahoma Administrative Code (OAC) 340:25-5-169. ~~OCSS~~ CSS may open a full-service case to provide all appropriate Title IV-D services per OAC 340:25-1-1.2 at the ~~custodial person's~~ CPs request.

(3) When ~~OCSS~~ CSS receives a referral from the Adult and Family Support Services—Division worker per OAC 340:40-7-9, ~~OCSS~~ CSS must open a full-service case ~~if~~ when any of the applicant's children in the household are certified for a child care subsidy.

(4) When ~~OCSS~~ CSS receives a non-TANF SoonerCare (Medicaid) referral from ~~the~~ OHCA in which assigned court-ordered or cash medical support child support is owed, ~~OCSS~~ CSS must open a full-service case per OAC 340:25-5-169.

(5) ~~Custodial persons~~ CPs who apply for non-TANF SoonerCare (Medicaid) on behalf of their child(ren) only

are not required to cooperate in establishing paternity and obtaining medical support. Therefore, except when (a)(3) of this Section applies, ~~OCSS~~ CSS does not provide child support services unless the ~~custodial person has~~ CP made a request for a full-service case or the case is for medical enforcement only.

(b) **Termination of Title IV-A, Title IV-E foster care, and non-TANF SoonerCare (Medicaid) benefits.** When a family is no longer eligible for assistance under Titles IV-A, Title IV-E foster care, or SoonerCare (Medicaid) programs, all appropriate Title IV-D services continue without application per Section 302.33 of Title 45 of the Code of Federal Regulations. Non-TANF SoonerCare (Medicaid) cases previously limited to medical support continue as full-service cases. ~~If~~ When a ~~custodial person~~ CP refuses continued Title IV-D services and subsequently requests services, the ~~person~~ CP must submit a completed and signed Form 03EN001E, Application for Child Support Services, even ~~if OCSS~~ when CSS has an active case because of unreimbursed assistance owed to the state.

(c) **Referrals from other jurisdictions.** ~~OCSS~~ CSS accepts cases referred:

(1) by any state or tribal Title IV-D agency and from other countries when the noncustodial parent (NCP) resides in Oklahoma. ~~OCSS~~ CSS does not require an application for cases referred from another Title IV-D agency;

(2) by interstate referrals for judgment only collections ~~if~~ when the case was opened in the initiating state during the minority of any child on the case; or

(3) when Oklahoma is an appropriate jurisdiction to establish, enforce, modify, or determine the controlling order per the Uniform Interstate Family Support Act in Sections 601-101 through ~~601-901~~ 601-903 of Title 43 of the Oklahoma Statutes, whether or not the ~~noncustodial parent~~ NCP resides in Oklahoma.

(d) **Responses from ~~noncustodial parents~~ NCPs who sign an acknowledgment of paternity form.** ~~OCSS~~ CSS opens full-service cases for ~~noncustodial parents~~ NCPs who have filed Form 03PA209E, Acknowledgment of Paternity, with the Oklahoma State Department of Health, Division of Vital Records, and requested child support services by completing and signing Form 03EN001E, Application for Child Support Services ~~in response to outreach letters sent to them.~~

(e) **Other Title IV-D cases.** Except as provided in subsections (a), (c), and (d) of this Section, an applicant must submit a completed and signed Form 03EN001E to receive all appropriate child support services or locate only services.

(f) **Building case balances.**

(1) ~~OCSS~~ CSS builds case balances on new and reopened cases per OAC 340:25-5-140.

(2) When ~~OCSS~~ CSS opens a case and has information the ~~noncustodial parent has~~ NCP made payments in excess of the court-ordered child support order, ~~OCSS~~ CSS only collects the excess payment when a court has determined the amount of the excess payment and ordered that it be satisfied by offset against the monthly current child support obligation.

(g) **Good cause.** When the NCP submits an application for child support services in a case previously closed for good cause for noncooperation, CSS:

- (1) reviews the case to determine if:
 - (A) good cause still exists for the CP not to cooperate with CSS; and
 - (B) CSS can proceed without the CP's cooperation or participation;
- (2) opens the case when good cause no longer exists;
- (3) opens the case when good cause exists, but CSS can proceed without the CP's cooperation or participation; or
- (4) closes the case when good cause still exists and CSS cannot proceed without the CP's cooperation or participation.

340:25-5-118. Noncooperation on non-TANF and child care subsidy cases

- (a) The ~~Oklahoma Child Support Enforcement Division (CSED) Services (CSS)~~ determines noncooperation in a non-TANF case on the same basis as a Temporary Assistance for Needy Families (TANF) case. Oklahoma Administrative Code (OAC) 340:25-5-114 describes indications of noncooperation. ~~If CSED~~ When CSS determines noncooperation, ~~CSED~~ CSS closes the case under Section 303.11 of Title 45 of the Code of Federal Regulations.
- (b) ~~CSED~~ CSS requires a new application to reopen a case closed because of noncooperation. The applicant for services must agree to cooperate with ~~CSED~~ CSS.
- (c) OAC 340:40-7-9 describes the requirement to pursue child support with ~~CSED~~ CSS, as a condition of eligibility, for custodial persons participating in the Oklahoma Department of Human Services (~~OKDHS~~) (DHS) child care subsidy program. ~~If CSED determines noncooperation of a custodial person receiving CSED child support services and child care subsidy services, CSED notifies the OKDHS Family Support Services (FSS) worker in the county office. CSED~~ When the noncooperation prevents CSS from providing child support services, CSS initiates case closure action under Section 303.11 of Title 45 of the Code of Federal Regulations. The FSS worker closes the child care subsidy benefits under OAC 340:40-7-9.

PART 17. PAST SUPPORT

340:25-5-140.2. Child Support College Savings Incentive Program [REVOKED]

- (a) **General.** ~~Oklahoma Department of Human Services Child Support Services (CSS) partners with the Oklahoma State Treasurer to offer the Oklahoma Child Support College Savings Incentive Program (program). The program allows CSS to waive all or a portion of arrears assigned to Oklahoma (state) in exchange for contributions to a designated Oklahoma 529 College Savings Plan (529) account by the noncustodial parent (NCP) or by other persons on behalf of the NCP.~~
- (b) **Authority.** ~~CSS is authorized to offer the college savings plan by Oklahoma Statute Title 70 Sections 3970.1 through~~

~~3970.12 (70 O.S. §§ 3970.1—3970.12), 43 O.S. § 112, and Oklahoma Administrative Code 340:25-5-140 and 340:25-5-140.1.~~

(e) **Program Details.**

- (1) ~~To be eligible for the program, all child support arrears owed on an NCP's case must be assigned to the state.~~
- (2) ~~CSS waives two dollars of child support arrears assigned to the state in exchange for every one dollar contributed to the program account on behalf of an eligible NCP when:~~
 - (A) ~~any current support amount has been paid in full; and~~
 - (B) ~~at least one dollar has been paid to CSS toward the state arrears in the same month as the deposit in the 529 account.~~

PART 19. LOCATE SERVICES

340:25-5-155. Locate services

- (a) **Scope of Services.** ~~Oklahoma Department of Human Services (DHS) Child Support Services (OCSS)~~ (CSS) follows the provisions of Sections 653, 654, 654a, 663, and 666 of Title 42 of the United States Code (42 U.S.C. §§ 653, 654, 654a, 663, and 666) and Sections 302.35, 303.3, 303.7, and 303.15 of Title 45 of the Code of Federal Regulations (45 C.F.R. §§ 302.35, 303.3, 303.7, and 303.15) in locating parents and their assets for the ~~purpose~~ purposes of:
 - (1) establishing paternity;
 - (2) establishing, setting the amount of, modifying, or enforcing child support obligations;
 - (3) making or enforcing a child custody determination; ~~and/or~~
 - (4) assisting in cases of parental kidnapping.
- (b) **Locate only services.** When authorized persons apply for locate only services, ~~Oklahoma Department of Human Services~~ Form 03EN007E, Locate Only Rights and Responsibilities, must be completed and submitted with an application for child support services.
- (c) **Most Wanted Missing Parent program (MWMP).**
 - (1) Per Section 240.24 of Title 56 of the Oklahoma Statutes, CSS maintains publicly accessible lists of Oklahoma's CSS most wanted and missing parents to find parents, who:
 - (A) are in arrears in court-ordered child support obligations;
 - (B) are sought for the purpose of establishing a child support order; or
 - (C) have a valid child support arrest warrant issued at the time of the MWMP listing.
 - (2) At CSS's discretion the list may include the names of parents who were referred for inclusion according to CSS established criteria.

PART 20. MEDICAL SUPPORT

Permanent Final Adoptions

340:25-5-169. Establishment of medical enforcement only cases

(a) **Legal authority.** Oklahoma Department of Human Services (DHS) Child Support Services (CSS) follows Sections 302.33, 302.56, 303.30, and 303.31 of Title 45 of the Code of Federal Regulations (45 C.F.R. §§ 302.33, 302.56, 303.30, and 303.31); Section 6058A of Title 36 of the Oklahoma Statutes (36 O.S. § 6058A); 43 O.S. §§ 112, 118F, 118.2, and 119; and 56 O.S. § 237.

(ab) **Medical enforcement only (MEO) status.** When a person receiving non-TANF (Temporary Assistance for Needy Families) SoonerCare (Medicaid) notifies ~~Oklahoma Child Support Services (OCSS)~~CSS that only Title IV-D services related to securing medical support are requested, ~~OCSS~~CSS updates the case as an MEO case and does not provide full child support services per Oklahoma Administrative Code (OAC) 340:25-1-1.2. OCSS follows Sections 302.33, 302.56, 303.30, and 303.31 of Title 45 of the Code of Federal Regulations; Section 6058A of Title 36; Sections 112, 118F, 118.2, and 119 of Title 43; and Section 237 of Title 56 of the Oklahoma Statutes.

(bc) Services provided on MEO cases.

(1) ~~OCSS~~CSS establishes paternity, ~~if~~when necessary, and a child support order. The child support order must include a provision for:

(A) ~~a provision for~~ current child support per OAC 340:25-5-178;

(B) ~~a provision for~~ support for a prior period per OAC 340:25-5-179.1, when appropriate; and

(C) ~~a provision for~~ medical support per OAC 340:25-5-168.

(2) ~~OCSS~~CSS conducts a review of the order per OAC 340:25-5-198.1 and seeks a modified order including a provision for medical support when:

(A) the existing child support order does not include a medical support provision;

(B) ~~no~~ insurance is not available for the child(ren); or

(C) a parent or custodial person claims ~~that~~ the available health insurance is not accessible or reasonable in cost.

(ed) **Exception to MEO status.** ~~OCSS~~CSS opens a full-service case on all of the custodial person's (CP) child support cases when ~~OCSS~~CSS receives a non-TANF SoonerCare (Medicaid) referral, ~~as defined in~~per OAC 340:25-5-117, from the Oklahoma Health Care Authority and:

(1) assigned court-ordered child support is owed per OAC 340:25-5-117;

(2) the child(ren) is in a deprived or delinquent juvenile court action;

(3) assigned cash medical support is owed per OAC 340:25-5-117; or

(4) the ~~custodial person~~CP is a child care subsidy recipient.

340:25-5-198.2. Modification

(a) **Authority for modification.** Oklahoma Department of Human Services(DHS) Child Support Services (CSS) may initiate modification of a child support order per Sections 112, 118-118I, 118.1, 119, 601-611, 601-613, and 601-615 of Title 43 of the Oklahoma Statutes (43 O.S. §§ 112, 118-118I, 118.1, 119, 601-611, 601-613, and 601-615) and 56 O.S. § 237 in the appropriate tribunal when facts indicate modification is warranted under applicable state or federal law or regulation.

(b) **Modification of child support order.** CSS seeks a modification when:

(1) there ~~has been~~is a material change in circumstances per 43 O.S. § 118I including, but not limited to:

(A) a change in either parent's gross income or changes in child support guideline calculation, such as child care expenses or medical support;

(B) a child reaching the age of majority per 43 O.S. § 112;

(C) a component of or the new current child support amount is 20 percent higher or lower than the existing order;

(D) there is a change in physical custody verified per Oklahoma Administrative Code (OAC) 340:25-5-201.1;

(E) one of the parents is determined disabled by the Social Security Administration and the parent is receiving Supplemental Security Income or Social Security Disability Income; or

(2) per 56 O.S. § 237 when the evidence in the case justifies a modification regardless of whether there has been a change of circumstances including, but not limited to, when:

(A) the original order fails to set child support according to the guidelines;

(B) an adjustment is needed to maximize a noncustodial parent's (NCP's) available income to meet the current child support obligation in each of the NCP's cases; or

(C) a parent provides proof the child support obligation is being satisfied in full or in part by an apportionment of the veteran's disability compensation.

(c) Modification of medical support order.

(1) CSS seeks a modification of ~~an order for~~a medical support order, when:

(A) there is no existing order for either parent to provide dependent health care coverage. CSS initiates a modification of a support order to require either or both parents to provide dependent health care coverage when CSS obtains information the child(ren) is not covered under an existing health care plan other than SoonerCare (Medicaid), regardless ~~of whether~~ ~~the~~if coverage is currently available to either parent;

(B) the availability of medical insurance changes;

(C) there is an order for the custodial person to provide medical support for the minor child(ren) and enforcement of the order is not appropriate per 43 O.S. § 139.1 or 21 O.S. § 566;

PART 22. REVIEW AND MODIFICATION

(D) an order for the NCP to provide medical insurance and the release of information necessary for enrollment of the child is inappropriate due to family violence and a cash medical order is appropriate per OAC 340:25-5-198; or

(E) there is an order for a parent to provide medical insurance, the applicant for child support services ~~has~~ did not request services against that parent, and the ordered parent is not actually providing medical insurance for the child.

(2) When CSS participates in the modification of a child support order filed by a party, CSS requests the court order contain a provision for medical support consistent with OAC 340:25-5-168.

(3) When a child support order exists, CSS considers a request to establish a medical support order as a request for modification of the order per 43 O.S. § 118.1. CSS seeks a medical support order in a tribunal ~~that has~~ with jurisdiction to modify the child support order and follows procedures per OAC 340:25-5-198.1.

(4) When cash medical support is ordered as part of a modification action, CSS requests a cash medical support order be effective the ~~first day of the month following the date the modification order is entered~~ same date the modified child support amount is effective, unless the parties agree to a different date or the change in health coverage cost or availability occurred on a later date.

PART 23. ENFORCEMENT

340:25-5-200. Scope and applicability

(a) **Enforcement.** The Oklahoma Department of Human Services Child Support Services (CSS) follows Part D of Subchapter IV of Chapter 7 of Title 42 and Section 1738B of Title 28 of the United States Code (28 U.S.C. § 1738B), Section 303.6 of Title 45 of the Code of Federal Regulations (45 C.F.R. § 303.6), and Section 240.1 of Title 56 of the Oklahoma Statutes (56 O.S. § 240.1) in initiating enforcement proceedings.

(1) Orders for current and past child and spousal support, health care coverage, fixed amounts of medical support, judgments, and delinquencies may be enforced through expedited and judicial processes, or through other collection efforts.

(2) Past-due child support is a judgment by operation of law and may be enforced in the same manner as any other money judgment per 43 O.S. § 137.

(3) Post-judgment remedies do not require an adjudicated judgment by a district or administrative court.

(4) Each missed support payment is a judgment; thus, a judgment increases with each missed payment. This total judgment becomes a lien on the real and personal property of the noncustodial parent (NCP).

(b) **Non-Oklahoma support order.** CSS registers a support order from another state, Native American tribe, territory, or foreign country, per subsection (b) of the Full Faith and Credit for Child Support Orders Act codified in 28 U.S.C. § 1738B(b)

and 43 O.S. § 601-101(21) when enforcement of the order is sought.

(c) **Multiple support orders.** When multiple child support orders are entered in the same or different tribunals involving the same NCP and child, CSS seeks a determination of controlling order, per 43 O.S. §§ 601-207, 601-307, and 601-601 through 601-603 and Oklahoma Administrative Code (OAC) 340:25-5-270.

(d) **Legal remedies.** CSS determines appropriate enforcement actions and may use any legal remedy to enforce support obligations. CSS chooses remedies designed to obtain compliance with an obligor's support obligations and does not use any remedy for the purpose of punishment. When an NCP is participating in the Court Liaison Program (CLP) or complying with a seek work order, CSS considers the NCP's participation and compliance per OAC 340:25-5-200.3 when choosing enforcement remedies. Remedies CSS may use include, but are not limited to:

(1) annual notice to NCPs per 56 O.S. § 237A and OAC 340:25-5-213;

(2) income assignment, garnishment, and levy per Chapter 21 of Title 12, 43 O.S. §§ 115 and 601-501 through 601-507, 56 O.S. §§ 237, 240.2, and 240.23, and 42 U.S.C. § 666;

(3) hearing on assets per 12 O.S. § 842;

(4) intercept of federal tax refunds, per 42 U.S.C. § 664, 31 C.F.R. § 285.3, and 45 C.F.R. § 303.72, OAC 340:25-5, Part 25. Intercept of state tax refunds per 45 C.F.R. § 303.102, 68 O.S. §§ 205.2 ~~and 205.3~~, and OAC 340:25-5, Part 27;

(5) administrative offsets per 31 U.S.C. § 3716, 31 C.F.R. § 285.1, and Executive Order 13019;

(6) denial, revocation, or suspension of United States passports, per 56 O.S. § 240.1 and 42 U.S.C. §§ 652 and 654;

(7) revocation, suspension, non-renewal, and non-issuance of various licenses including, but not limited to, revocations of certificates of motor vehicle titles per 43 O.S. §§ 139 and 139.1 47 O.S. §§ 1-153, 6-201, 6-201.1, and 6-211, and 56 O.S. §§ 237.1 and 240.15 through 240.21A;

(8) imposing liens and executing and levying on personal and real property, including, but not limited to, workers' compensation benefits, personal injury, wrongful death, and probate actions per 43 O.S. § 135, 56 O.S. § 240.23, and Titles 12 and 58 of the Oklahoma Statutes;

(9) registration of foreign support orders per the Uniform Interstate Family Support Act per 43 O.S. §§ 601-100 through 601-903;

(10) credit bureau referrals per 42 U.S.C. § 666 and 15 U.S.C. § 1681b, 56 O.S. § 240.7, and OAC 340:25-5, Part 31;

(11) financial institution data match per 42 U.S.C. §§ 666 and 669A, 56 O.S. §§ 240.22 through 240.22G, and OAC 340:25-5-212;

(12) seek work orders per 56 O.S. § 240.10;

(13) indirect civil contempt of court per 21 O.S. §§ 566 and 567, 43 O.S. § 137, and 56 O.S. § 234. CSS does not

Permanent Final Adoptions

use contempt as a penal sanction and does not recommend incarceration to the district court at sentencing in an indirect civil contempt proceeding unless there is evidence or information available that the obligor can purge the contempt. CSS asks the court to set a reasonable purge fee per Rule 8.3 of the Rules of the District Court;

(14) action to void the transfer or obtain favorable settlement in cases in which a debtor transferred income or property to avoid payment to a child support creditor per the Uniform Fraudulent Transfer Act, 24 O.S. §§ 112 through 123 and 42 U.S.C. § 666;

(15) registration of foreign judgments per the Uniform Enforcement of Foreign Judgments Act, 12 O.S. §§ 719 through 726;

(16) criminal actions brought per 21 O.S. § 852;

(17) civil actions brought per 42 U.S.C. § 660;

(18) transfer of child support obligation to another custodian per 56 O.S. § 237;

(19) referral to the United States Attorney for federal prosecution per 18 U.S.C. § 228;

(20) full collection services by the Secretary of the Treasury per 6305 of the Internal Revenue Code of 1954; and

(21) attachment of lottery prize winnings from the Oklahoma Lottery Commission per 3A O.S. § 724.1.

(e) **Servicemember.** When CSS initiates proceedings to enforce a child support order for a child of an NCP or a custodial person who is a servicemember, CSS applies the provisions of the Servicemembers Civil Relief Act, per 50A U.S.C. §§ 501 through 596.

340:25-5-200.3. ~~Child Support Services (CSS) Problem-Solving Court Liaison Program (CLP)~~

(a) ~~CLP is the program designated by~~ Oklahoma Department of Human Services Child Support Services (CSS) designates the following process as the problem-solving court program referenced in Section 140 of Title 43 of the Oklahoma Statutes (43 O.S. § 140), 21 O.S. § 566.1, and 56 O.S. § 240.10.

(b) When:

(1) a noncustodial parent (NCP) is participating in the CLP, CSS staff follows (1) and (2) of this subsection indicates barriers to the payment of child support, CSS staff offers information about available community resources that might assist in removing such barriers; or

(2) a court action is ongoing, CSS requests the court include requirements in the court order for the NCP to work to remove barriers to payment of child support by using available community resources.

(c) CSS requests the court set future court dates as appropriate under the circumstances of the case to review the NCP's compliance with the court's requirements. When a court action is not filed, CSS may file a seek work proceeding per 56 O.S. § 240.10.

(d) When an NCP is complying with the court's requirements:

(1) When an NCP is complying with CLP requirements or a seek work order, CSS staff coordinates, within

an office and between offices, to find a case management strategy that treats NCP's cases consistently and is most likely to result in a reliable source of support in all of the NCP's cases.

(2) "Complying" means the NCP is following the ~~CLP Individual Service Plan~~ court's orders to remove barriers to paying support or is otherwise meeting the requirements set out in a seek work order, including disclosing all information about earnings and assets.

340:25-5-211.1. License revocation and reinstatement for failure to comply with child support order

(a) **Legal basis.** Oklahoma Department of Human Services Child Support Services (CSS) follows Sections 139 and 139.1 of Title 43 of the Oklahoma Statutes (43 O.S. §§ 139 and 139.1), 47 O.S. §§ 1-153, 6-201, 6-201.1, and 6-211, and 56 O.S. §§ 237.1, 240.15 through 240.17, and 240.19 through 240.21A in processing enforcement actions to order the revocation, suspension, non-issuance, nonrenewal, or probation of a license for a noncustodial parent (NCP) who is not in compliance with an order for child support.

(b) **License Reinstatement Process.**

(1) **Request for license reinstatement; desk review.** When CSS receives a written request to reinstate a license, CSS conducts a desk review of the case file within 15-calendar days after receipt of a written request for reinstatement.

(2) **Compliance with payment plan.** When CSS determines an NCP is complying with a court-ordered payment plan and other terms of a support order, and the reinstatement provisions of 43 O.S. § 139.1 or 56 O.S. § 240.17, CSS requests a reinstatement of the license from the tribunal that revoked the license.

(3) **Alternative compliance.** CSS may request a reinstatement of the license when:

(A) the NCP is actively participating in the ~~CSS Court Liaison Program~~ problem-solving court program per Oklahoma Administrative Code 340:25-5-200.3 and 43 O.S. § 140 or complying

with a seek work order per 56 O.S. § 240.10; and

(B) a CSS state's attorney determines reinstating the NCP's license ~~would~~ will increase the ~~likelihood that the NCP is able~~ NCP's likelihood to pay support.

(4) **Noncompliance with payment plan.**

(A) When CSS determines an NCP is not complying with a court-ordered payment plan, other terms of a support order, or the reinstatement provisions per 43 O.S. § 139.1, CSS sends a notice to the NCP that the request for reinstatement of a license is denied. The notice advises the NCP that he or she has 15-calendar days to request a reinstatement hearing in writing. Upon timely receipt of a written request for a hearing, CSS schedules the matter for a hearing before the tribunal that ordered the license revocation.

(B) CSS provides notice of the hearing to the custodial person per 12 O.S. § 2005 or 43 O.S. § 112A.

(C) When a license was reinstated per (b) of this Section and the NCP subsequently is in noncompliance with a payment plan, CSS requests the court immediately revoke the NCP's license(s).

340:25-5-213. Annual notice

(a) Oklahoma Department of Human Services Child Support Services (CSS) sends a notice, referred to as the Notice and Order of Child Support Lien or annual notice, per Section 237A of Title 56 of the Oklahoma Statutes (56 O.S. § 237A) to noncustodial parents (NCP) and custodial persons (CP) in Title IV-D cases at least once every 12 months, *unless the amount of past due support has been determined in a court proceeding within the past twelve months. The annual notice:*

- (1) ~~confirms the amount of past support and establishes a payment plan to collect past support;~~
- (2) ~~includes notice of the procedure to submit address changes to the Central Case Registry;~~
- (3) ~~informs the NCP that child support services under the state plan are being provided;~~
- (4) ~~instructs the NCP to redirect the support payments to the Centralized Support Registry;~~
- (5) ~~advises the NCP of the amount of past support and collection actions that may be taken to collect the support debt;~~
- (6) ~~includes directions for the NCP to make specified monthly payments to satisfy past due support; and~~
- (7) ~~establishes an address of record for the NCP.~~

(b) The annual notice includes directions for the NCP to make specified monthly payments to satisfy past-due support. The annual notice requests two separate monthly payments on past due support: one temporary payment and one permanent payment.

- (1) The temporary monthly payment on past due support is a payment that is effective when the annual notice is issued and is included on an Income Withholding Order (IWO).
- (2) The permanent monthly payment on past due support is a payment that is effective after the time period for administrative review has passed. After the time period for administrative review has passed, CSS issues an amended IWO that includes the permanent monthly payment on past due support.
- (3) To promote healthy families, CSS sets a payment schedule per Oklahoma Administrative Code 340:25-5-140 temporary and permanent monthly payment on past due support appropriate to the obligor's circumstances, according to the best evidence available per Oklahoma Administrative Code 340:25-5-140. The temporary monthly payment on past due support does not exceed 25 percent of the last order addressing current support.

(c) The initial notice is served ~~upon~~ on the NCP per 12 O.S. § 2005. When there is an address of record (AOR) on file with the Central Case Registry ~~under~~ per 43 O.S. § 112A, the notice may be served by regular mail at the ~~address on record~~ AOR. Subsequent notices may be served by regular mail with a certificate of mailing to the last ~~address of record~~ AOR. The

initial notice and subsequent annual notices are sent to the CP by regular mail with a certificate of mailing.

(d) The annual notice sent to the NCP must not include the CP's address or employer's name and address. The annual notice sent to the CP must not include the NCP's address or employer's name and address.

(e) The NCP or CP may timely request in writing, an administrative review of the annual notice per 56 O.S. § 237A. When all disputed issues are not settled at the administrative review, CSS sets the matter for hearing.

PART 37. RECOVERY

340:25-5-312. Overpayment rules and procedures

(a) **Overpayment recipient.** A custodial person (CP), noncustodial parent, or other entity to whom Oklahoma Department of Human Services (DHS) Child Support Services (~~OCSS~~)CSS has made an overpayment is an overpayment recipient and owes the amount of the overpayment to ~~OCSS~~CSS, acting on behalf of the State of Oklahoma.

(b) **Fraud.** ~~If~~When an overpayment ~~may have~~ resulted in whole or in part from false or misleading statements, concealed information, willful misrepresentation, or ~~if~~when fraud is otherwise suspected, ~~OCSS~~CSS reports the information to the Oklahoma Department of Human ServicesDHS Office of Inspector General for appropriate action. Action may include, but is not limited to, investigation and criminal prosecution.

(c) **Recovery amount.**

(1) In order to recover ~~overpayments of any child support overpayments,~~ ~~OCSS~~CSS retains 25 percent of monthly current support payments collected for the recipient and retains the total amount of any arrearage payments collected at any time until the overpayment is recovered in full. The percent retained can be changed:

- (A) at the discretion of the ~~OCSS~~CSS director; or
- (B) when the CSS Center for Finance and Budget determines the overpayment was a result of fraud by the CP.

(2) ~~When the custodial person has~~CP received his or her full monthly support payment in the same month as an overpayment, ~~OCSS~~CSS retains the full amount of any subsequent payments for that month up to the amount of the overpayment. ~~OCSS~~CSS satisfies any remaining overpayment as set forth in (1) ~~above~~of this subsection.

(d) **Notice.** ~~OCSS~~CSS sends a notice of overpayment and recovery to the recipient of the overpayment. The notice includes:

- (1) a statement that the recipient received money to which ~~the recipient~~he or she was not entitled and owes money to ~~OCSS~~CSS;
- (2) the overpayment amount of the overpayment;
- (3) the withholding method of withholding from monthly payments until the overpayment is recovered in full;
- (4) a statement that ~~OCSS~~CSS may collect the overpayment through any means permitted by law; and

Permanent Final Adoptions

- (5) instructions for requesting in writing, an administrative review per Oklahoma Administrative Code (OAC) 340:25-5-200.1 within 30-calendar days after the date on the notice of overpayment and recovery letter, ~~if when~~ the recipient disagrees with the amount of the overpayment.
- (e) **Other overpayment recovery methods.** ~~OCSS~~ CSS recovers overpayments; including, but not limited to:
- (1) voluntary payments;
 - (2) state income tax refund intercepts per Section 205.2 of Title 68 of the Oklahoma Statutes (68 O.S. § 205.2); and
 - (3) lottery prize claims per ~~Section 3A O.S. § 724.1 of Title 3A of the Oklahoma Statutes.~~
- (f) **Temporary Assistance for Needy Families (TANF) customers.** In active ~~Temporary Assistance for Needy Families (TANF)~~ cases, when a TANF recipient retains child support receipts, ~~OCSS~~ CSS may make a noncooperation referral to the TANF social services specialist. ~~OCSS~~ CSS recovers overpayments from TANF customers through voluntary payments, state income tax refund intercepts, and lottery prize claims.
- (g) **Administrative review and hearing.**
- (1) ~~If When~~ an administrative review is requested per OAC 340:25-5-200.1, the purpose of the review is to provide the overpayment recipient an opportunity to offer new or additional information regarding the amount of the overpayment. Upon timely receipt of a written request for an administrative review, the ~~OCSS~~ CSS office conducts the review within 30-calendar days.
 - (2) After the administrative review, ~~OCSS~~ CSS issues a notice of administrative review decision and information about requesting an administrative hearing. The overpayment recipient may request in writing, a hearing within 20-calendar days after the ~~date of the~~ administrative review decision date.
 - (3) Upon timely receipt of a written request for an administrative hearing, ~~OCSS~~ CSS schedules the matter for an administrative hearing before the Office of Administrative Hearings: Child Support (OAH). OAH conducts a hearing and enters an order determining the contested issues.

PART 38. TITLE IV-D AND NON-TITLE IV-D CENTRAL CASE REGISTRY INFORMATION

340:25-5-340. Collection and maintenance of addresses of record

- (a) **Scope and authority.** Section 112A of Title 43 of the Oklahoma Statutes (43 O.S. § 112A) provides the basis for Oklahoma Department of Human Services (DHS) Child Support Services (CSS) to collect and maintain address of record an (AOR) for:
- (1) parties and custodial persons (CP) subject to paternity orders or child support orders entered in Oklahoma;
 - (2) noncustodial parents (NCP) per ~~456 O.S. § 237A~~ and Oklahoma Administrative Code 340:25-5-213;
 - (3) parties and CPs subject to paternity orders or child support orders entered in other jurisdictions; and

(4) parties and CPs when ~~they~~ voluntarily submit them submitted.

(b) Establishment of address of record AOR.

(1) CPs and NCPs establish the initial ~~address of record~~ AOR through:

- (1A) completion of Form 03EN008E, Child Support Services - Address of Record and/or Family Violence Statement;
- (2B) designation in form 03EN001E, Application for Child Support Services;
- (3C) a court order; or
- (4D) a support order summary form when services are not provided under the DHS state Title IV-D plan per 56 O.S. § 237.

(2) When an AOR is established, it remains in effect until it is updated per (c) of this Section.

(c) Updating an address of record AOR.

(1) A person ~~who~~ is responsible for maintaining an ~~address of record~~ AOR, on file with CSS per 43 O.S. § 112A or 56 O.S. § 237A must notify CSS of any change in the ~~address~~ AOR within 30-calendar days. The person may send changes to CSS, Central Case Registry, PO Box 248843, Oklahoma City, Oklahoma 73124-8843 or to a district child support office. CSS may require proof of a person's identity before establishing or changing a person's name or the ~~address of record~~ AOR and may attempt to verify or confirm the correctness of the ~~address of record~~ AOR.

(2) A CP updates an ~~address of record~~ AOR:

- (A) by submitting a new ~~address of record~~ AOR in writing;
- (B) by ~~telephoning~~ calling CSS customer service at 405-522-2273 in the Oklahoma City calling area, 918-295-3500 in the Tulsa calling area, or toll-free at 1-800-522-2922 ~~and entering a DHS customer identification number and personal identification number. This provides restricted access to the CP's case information for CSS to update~~ updates the mailing address of record by telephone. CSS sends Form 03EN008E, Address of Record and/or Family Violence Statement, in confirmation of the mailing address update and for the CP to complete and return an updated AOR or claim family violence; or
- (C) through a court order.

(3) A CP who is represented by an attorney may designate the attorney's address as the ~~address of record~~ AOR per 43 O.S. 112A & 413(F) by completing Form 03EN026E, Designation of Custodial Person's Address of Record. The designation must include the CP's and ~~the~~ attorney's signatures. In accepting designation as the CP's ~~address of record~~ AOR, the attorney becomes responsible for receiving the CP's legal documents and other official papers by regular mail and may receive the CP's payments. When a CP ~~has designated~~ designates an attorney's address as the ~~address of record~~ AOR, the CP can update the address of record can be updated AOR by ~~the CP~~ completing Form 03EN030E, Termination of Attorney Address of Record Designation.

- (4) CSS does not change a CP's ~~address of record~~AOR to ~~that of~~ a collection agency to send support payments to the collection agency's address. CSS denies any such request, unless there ~~has been~~ is an assignment of child support to an attorney per 43 O.S. § 118.4.
- (5) An NCP updates an ~~address of record~~AOR:
 - (A) by submitting a new ~~address of record~~AOR in writing; or
 - (B) through a court order.

340:25-5-340.1. Disclosure of address of record

- (a) A party or custodial person (CP) seeking disclosure of the address of record (AOR) of another party or ~~custodial person~~CP from the Central Case Registry (CCR) of Oklahoma Department of Human Services Child Support Services (~~OCSS~~CSS) must submit Form 03EN009E, Request for Address of Record, that:
 - (1) elicits information about the requester and the reasons for the request; and
 - (2) includes information about statutory limitations on the AOR release of ~~addresses of record~~.
- (b) ~~OCSS~~CSS may:
 - (1) refuse to release an ~~address under~~AOR per Sections 112A and 413 of Title 43 of the Oklahoma Statutes (43 O.S. §§ 112A & 413), Oklahoma Administrative Code (OAC) 340:25-5-67.1, or other applicable law; and
 - (2) release ~~addresses of record under~~an AOR per OAC 340:25-5, Part 9.
- (c) ~~The address of record~~When the AOR is not included in a public record document, the AOR of a party or ~~custodial person~~CP may be released by CCR staff or an ~~OCSS~~CSS state's attorney after verifying that the sole purpose of providing the address is for service of process in support, visitation, ~~and~~or custody actions. The AOR release of ~~the address of record~~ by a state's attorney is at the ~~discretion of the state's attorney~~pursuant to attorney's discretion per OAC 340:25-5-67.1 and Section 112A of Title 43 of the Oklahoma StatutesO.S. § 112A.
- (d) When an AOR is established per OAC 340:25-5-340, CSS staff lists the AOR in the certificate of service for all court documents.

PART 39. ACCOUNTING AND DISTRIBUTION

340:25-5-350.1. Return of over collected support amounts

- (a) When Oklahoma Department of Human Services (DHS) Child Support Services (CSS) receives a payment:
 - (1) in excess of the noncustodial parent's (NCP's) total arrears balance, CSS returns the excess amount to the payor within 45-calendar days, after discovering the ~~overcollection~~over collection;
 - (2) and the custodial person's (CP's) address is unknown, CSS applies support collections to any unreimbursed public assistance debt associated with the NCP; and
 - (3) made due to an error on the part of the payor that ~~has~~was not ~~been~~ disbursed, CSS returns it to the payor

within 45-calendar days, after discovering the ~~overcollection~~over collection. CSS is not required to correct, redirect, or recover the payment unless it was retained by DHS; ~~and~~ that cannot be disbursed to a CP; or returned to the payor or NCP; and there is no debt to the State of Oklahoma, CSS remits the payment to the DHS General Revenue Fund Treasury.

- (b) When an NCP makes an overpayment, amounts less than \$3 are not refunded unless issued on an Electronic Benefits ~~debit~~Transfer (EBT) card. Amounts less than \$3 and not issued on a ~~debit~~EBT card are remitted to the DHS General Revenue Fund Treasury.
- (c) CSS does not return ~~overcollected~~over collected support amounts when the parties failed to provide CSS with:
 - (1) a copy of the modified or vacated order ~~that was modified or vacated~~; or
 - (2) verification of a change in physical custody of the child.
- (d) When a child support modification order ~~initiated by~~ CSS is effective back to the date the motion to modify was filed and the modified support amount is less than the amount previously ordered and paid, CSS:
 - (1) CSS satisfies the over collection when the NCP owes:
 - (A) owes past-due child support, by crediting the arrears amount by the amount ~~overcollected~~over collected; or
 - (B) ~~does not owe~~ past-due child support but owes current support, by offsetting the current child support by an amount each month ~~that will~~ to satisfy the ~~overcollected~~over collected. Unless the parties agree to another amount, CSS requests the offset not exceed 25 percent of the current child support amount; or
 - (2) CSS is not responsible for satisfying the over collection when there is no current or past due support due and the ~~overcollected~~over collected support was not retained by the state.

340:25-5-351. Allocation and distribution of collections

- (a) **Authority.** Oklahoma Department of Human Services Child Support Services (~~OCSS~~CSS) allocates and distributes support collections per Section 657 of Title 42 of the United States Code (42 U.S.C. § 657) and Sections 302.32, 302.51, and 302.52 of Title 45 of the Code of Federal Regulations (45 C.F.R. §§ 302.32, 302.51, and 302.52). ~~OCSS~~CSS collects ~~the annual fee~~fees per 42 U.S.C. § 654, 45 C.F.R. § 302.33, and Section 237 of Title 56 of the Oklahoma Statutes (56 O.S. § 237) ~~in the collection of the annual fee~~.
- (b) **Annual fee**fees. ~~OCSS~~CSS collects ~~the annual fee~~fees per 42 U.S.C. § 654, 45 C.F.R. § 302.33, and 56 O.S. § 237. A case is exempt from fees when the custodial person (CP) is currently receiving Temporary Assistance for Needy Families (TANF). Fees are withheld prior to child support distribution to the CP. CSS collects:

Permanent Final Adoptions

- (1) ~~OCSS automatically collects~~ an annual \$25 fee once \$500 in support is collected and issued to the ~~custodial person (CP)~~. A case is exempt from this annual fee when the family is currently receiving or formerly received assistance under state or tribal Temporary Assistance for Needy Families (TANF) or the Aid to Families with Dependent Children program. When there is more than one Title IV-D child support program involved, ~~OCSS CSS~~ collects the annual fee on cases when Oklahoma is the initiating state; and
- (2) a three percent service fee for each payment distributed to the CP, up to a \$10.00 per month maximum.
- (c) **Allocation.**
- (1) ~~In general~~**General allocation.** Allocation refers to how a payment ~~will be~~ is divided among eligible obligations. Some obligors have more than one child support case and the allocation rules of ~~allocation~~ determine which case receives all or a portion of the collection received. A collection is allocated based on the source of the collection and the type of legal action resulting in a collection.
- (2) **Allocation models.** ~~OCSS CSS~~ divides collections among the obligor's eligible obligations based on the following models:
- (A) ~~Standard Model.~~ All payments not made by income withholding order or federal income tax refund offset are allocated to eligible obligations in the following sequence (i) through (iii):
- prorated to the current child support, cash medical support, and spousal support;
 - prorated to the monthly payment plan on past support; and
 - amounts remaining from the initial collection or additional collections received during the same month will allocate based on a prorated share of total arrears owed on all eligible obligations. The allocated amounts cannot exceed the total arrears due on the cases.
- (B) **Income Withholding Order (IWO) Model.** Periodic payments from an ~~income withholding order~~IWO are allocated to eligible obligations in the following sequence (i) through (iii):
- prorated to the current child support, cash medical support, and spousal support;
 - prorated to the monthly payment plan on past support and other judgment(s), such as judgments for attorney fees or genetic testing costs; and
 - the steps in (1) and (2) of this subsection are repeated for amounts remaining from the initial collection or additional collections received during the same month, until the entire collection is allocated.
- (C) **Internal Revenue Service (IRS) Model.** Collections received from the offset of federal income tax refunds are allocated according to the existing federal hierarchy per 42 U.S.C. § 657 and 45 C.F.R. § 302.32. ~~OCSS CSS~~ allocates only to balances certified to the IRS. ~~OCSS CSS~~ applies these collections to each eligible obligation; first to ~~any~~ balances certified to the IRS as public assistance, and then to any CP's certified balances.
- (3) **Specific enforcement actions.** Collections received from case-specific enforcement actions are not allocated across all cases, but are allocated to the case(s) in which the action is taken.
- (4) **Non-Title IV-D cases.** In non-Title IV-D cases, ~~OCSS CSS~~ allocates payments as follows:
- (A) payments received from an ~~income withholding order~~IWO are allocated using the IWO Model above model. Collections are allocated to non-Title IV-D cases based on the amounts listed in the non-Title IV-D IWO; and
- (B) all other payments are allocated using the Standard Model above model. When ~~OCSS CSS~~ receives information on processing a specific payment, ~~OCSS CSS~~ may allocate the payment based on that information.
- (5) **Intergovernmental cases.**
- (A) **Incoming.** In cases where ~~OCSS CSS~~ is collecting support for a CP who is receiving services from another jurisdiction's child support agency, past-due payments are allocated based on information provided by the initiating state.
- (B) **Outgoing.** Collections received from other jurisdictions resulting from an outgoing referral are allocated to that case.
- (d) **Distribution.**
- (1) ~~OCSS CSS~~ distributes collections based on the federal distribution hierarchy per 42 U.S.C. § 657 and 45 C.F.R. §§ 302.32 and 302.51.
- (2) ~~OCSS CSS~~ initially distributes collections to current support, and current cash medical support obligations due each month. ~~If~~When collections are less than the amount of all current support and current cash medical support due, ~~OCSS CSS~~ distributes collections between the current child support and the current cash medical support obligations in proportionate shares.
- (3) After the current child support and current cash medical support ~~obligation~~ obligations are met, ~~OCSS CSS~~ distributes collections to current spousal support due.
- (4) After current child support, current cash medical support, and current spousal support obligations are satisfied, ~~any~~ remaining collections for the month are distributed to past-due balances.
- (5) ~~OCSS CSS~~ distributes payments to interest owed after ~~the~~ current child support and principal arrears balances are paid in full to each obligation.
- (6) When a payment collected represents current support for future months, the amount is applied to such future months. When past support balances exist on any of the noncustodial parent's cases, payments ~~should~~ are not be applied to the next month's current support per 45 C.F.R. § 302.51.

SUBCHAPTER 3. INITIAL APPLICATION

340:40-3-1. Application process

(a) **Application process.** The application process for subsidized child care benefits begins with a request for benefits and ends with an eligibility determination. Application approval is subject to available funding. Subsidized child care benefits must be synchronized with the client's food benefits or Sooner-Care (Medicaid) benefits per Oklahoma Administrative Code (OAC) 340:40-9-1(e)(f). ~~The Child Welfare Services or Adult and Family Services (AFS) staff process the application.~~

(1) **When an application is required.** An application is required when:

(A) an applicant initially applies for subsidized child care benefits. Refer to (c)(2) of this Section when an application is denied;

(B) the client's subsidized child care benefits ~~have been~~are closed for more than 30-calendar days;

(C) the payee for the subsidized child care benefits changes; or

(D) family income was not considered because OAC 340:40-7-12(6) policy applied and one or more of the affected adopted children turns 6 years of age unless there is already a separate open income eligible case and the child can be added to that case per OAC 340:40-9-2(c).

(2) **Who can apply.** An applicant or the applicant's authorized representative may apply for subsidized child care benefits. When an authorized representative applies on behalf of an applicant, he or she must bring a signed statement from the applicant giving ~~this~~the person permission to act on behalf of the applicant or the applicant must have designated ~~this~~the person as his or her authorized representative on the signed application.

- (A) ~~If~~When the natural or adoptive parent or step-parent ~~of~~lives with the child ~~is in the home~~, he or she is considered the applicant and eligibility is based on ~~that~~the parent's situation regardless of whether he or she has custody of the child.
- (B) ~~If~~When both the natural and adoptive parent of the child ~~are living~~live in the same household and the adoption ~~has been finalized~~is final, the adoptive parent is considered the applicant and eligibility is based on ~~that~~the adoptive parent's situation.
- (C) ~~If~~When the natural or adoptive parent or step-parent is not in the home, the person acting in the role of the parent, referred to as the caretaker, is the applicant. The caretaker may or may not be related to the child.
- (D) ~~If~~When the child's parent is a minor, either the minor parent or the responsible adult the minor ~~is living~~lives with can be considered the applicant for the subsidized child care benefits. Eligibility is based on the minor parent's situation.
- (E) ~~If~~When the natural or adoptive parent ~~is living~~inglives in the home but is too incapacitated to apply, another person living in the home may apply for the natural or adoptive parent. The other person must provide proof of the parent's inability to apply.
- (3) **Application.** An applicant or the applicant's authorized representative completes and signs an application to apply for subsidized child care benefits. ~~When the applicant requests child care is needed for a child with disabilities, the worker, and applicant also complete~~gives Form 08AD006E, Certification for Special Needs Child Care Rate for Licensed Child Care Homes and Centers, to the applicant.
- (4) ~~Date of request~~**Request date.** ~~The request date of request, known as the application date for other Adult and Family Services programs, is the date the applicant requests subsidized child care benefits verbally or in writing.~~
- (5) ~~Date of application~~**Certification date.** ~~The certification date of application is the date the applicant or the applicant's authorized representative completes the child care interview and provides all necessary verification to the county office, including the name of the child care provider the client chooses to use.~~
 - (A) The provider must have a valid Oklahoma Department of Human Services (~~OKDHS~~)DHS child care provider contract.
 - (B) Refer to OAC 340:40-5-1(7) for reasons an applicant cannot choose certain child care providers.
 - (C) For applicants choosing an in-home provider, refer to OAC 340:40-13-1 and 340:40-13-2.
- (6) **Child care interview.** ~~Child care interviews are typically may be completed face-to-face or over the phone with the applicant or authorized representative. A face to face interview is required for protective or preventive child care requests and strongly recommended for special needs requests.~~

- (7) **Explanation of eligibility factors.** At the time of the initial interview, the worker ~~advises~~informs the applicant or authorized representative of:
 - (A) his or her rights and responsibilities;
 - (B) all factors of eligibility including ~~which~~the re-requirement that the chosen child care providers are eligible to receive subsidy paymentprovider be contracted with DHS;
 - (C) the child care plan ~~of service~~ and reason child care may be approved based on the applicant's statements at interview;
 - (D) the applicant's electronic benefit transfer (EBT) responsibilities including viewing the client training video;
 - (E) the earliest date child care can be approved;
 - (F) the requirement to cooperate with the ~~OKDHS~~DHS Office of Inspector General during any audit or investigation of the applicant or the provider the applicant uses for child care; and
 - (G) the requirement to report ~~any~~ changes in his or her circumstances within 10-calendar days.
- (8) **Timeliness.** To be considered timely, the worker must determine eligibility within two ~~working~~business days of receiving all necessary verification to certify or deny the application.
 - (A) ~~If~~When the applicant does not provide requested verification, the worker denies the request within 30-calendar days of the request date ~~of request.~~
 - (B) ~~The~~When eligibility is not determined within 30-calendar days, the worker sends Form 08MP038E, Client Notice of Action Taken, explaining the reason for delay ~~to any applicant whose application is over 30 calendar days old.~~
- (9) **Right to appeal.** The applicant has the right to appeal the untimely processing of a child care request or the decision of eligibility or ineligibility per OAC 340:2-5.
- (b) **Expedited Presumptive eligibility processing.** ~~The worker must process an application immediately when required verification is beyond the applicant's control to provide, the applicant does not have the money to pay toward the cost of~~may presumptively approve a maximum of 30-calendar days of child care, and without child care the applicant prior to making a complete eligibility determination when a reason described in (1) of this paragraph applies:
 - (1) Reasons include when the applicant:
 - (~~1~~) is in danger of losing a job; or
 - (~~2~~) cannot start a new job unless child care is immediately approved. In this circumstance it must be out of the applicant's control to provide required verification and the applicant does not have the money to pay toward the cost of child care;
 - (B) is employed but has not received pay from the job and is not guaranteed a wage because he or she is self-employed or works on a commission only basis. Further care is not approved until the applicant provides proof he or she received earnings from the job;
 - (C) requests protective or preventive child care per OAC 340:40-7-8(f); or

Permanent Final Adoptions

(D) requests good cause for refusal to cooperate in pursuing child support with Child Support Services per OAC 340:40-7-9 and has not provided good cause proof yet. Further care is not approved until the applicant provides good cause proof that supports the good cause claim.

(2) The worker gives or sends the applicant Form 08AD092E, Client Contact and Information Request, to inform the applicant what he or she needs to provide before further care is approved.

(c) Eligibility determination. The worker determines the applicant's eligibility to receive child care subsidy benefits based on eligibility conditions per OAC 340:40-7. The applicant must meet a need factor within 30-calendar days of the request date. ~~The~~After calculating family income, the worker uses ~~OKDHS~~DHS Appendix C-4, Child Care Eligibility/~~Co-payment~~Copayment Chart, to determine whether the household meets income guidelines. Refer to OAC 340:40-5-1(8) and 340:40-7-10 through 40-7-13 for information regarding income determination.

(1) Applicant determined eligible. The earliest date the worker approves subsidized child care benefits is the date the applicant completes the child care interview and provides all necessary verification to determine eligibility. The worker certifies the applicant for a 12-month eligibility period per Section 658E(c)(2)(N)(i) of the Child Care and Development Block Grant Act of 2014, Public Law 113-186. The applicant is responsible for child care used before the certification date that is not part of the approved child care plan of service.

(A) The client swipes attendance with his or her EBT card through a point-of-service (POS) machine at the child care facility.

(B) ~~OKDHS~~DHS does not pay for care for any day the child attends child care if when the client fails to swipe attendance, unless extenuating circumstances exist beyond the control of the client or provider.

(C) If when the client fails to swipe attendance, he or she is responsible for any care provided that day and may be responsible for any absent day payment ~~OKDHS~~DHS pays, if when all of the days the child attended were recorded.

(2) Applicant determined ineligible. The worker denies the child care request or application is denied if when the applicant completes the application process and is determined ineligible, does not provide needed verification, or requests cancellation of the application fails to cooperate in determining eligibility.

(A) When the applicant is determined ineligible after completing the application process and providing necessary verification, a new application is required regardless of the original request date.

(B) ~~A new~~When the worker denies the application because the applicant did not provide required verification, including choice of provider, a new application is not needed when the applicant completes the application process and provides necessary

verification within 60-calendar days of the original request date.

(C) When the worker denies the application because the applicant fails to cooperate in determining eligibility, a new application is not required when the applicant cooperates within 30-calendar days of the original request date.

SUBCHAPTER 7. ELIGIBILITY

340:40-7-3. Age requirements

(a) A child is eligible for subsidized child care benefits through the day before he or she turns 13 years of age. When a child turns 13 years of age during an eligibility period, the child remains eligible until the next renewal.

(b) A child with disabilities may be eligible to receive subsidized child care benefits through the day before he or she turns 19 years of age. When a child with disabilities turns 19 years of age during an eligibility period, the child remains eligible until the next renewal.

(1) A child with disabilities is defined at Oklahoma Administrative Code (OAC) 340:40-7-3.1.

(2) When a child with disabilities is 13 years of age or older, the client must provide a statement from a licensed health care professional verifying that the child is physically or mentally incapable of self-care as age appropriate before care is approved and annually at review. If the licensed health care professional states that the child is capable of self-care as age appropriate, care is not approved.

(c) A child under court supervision may be eligible to receive subsidized child care benefits through the day before the child turns 19 years of age. When a child under court supervision turns 19 years of age during an eligibility period, the child remains eligible until the next renewal. When the child is 13 years of age or older, the client must provide a copy of the court order, a statement from the ~~Child Welfare worker~~child welfare specialist, or the Office of Juvenile Affairs (OJA) worker verifying this before care is approved and annually at ~~review~~renewal.

340:40-7-5. Resources, residence, and citizenship

(a) ~~Resources are not considered in determining eligibility.~~Household resources must not exceed \$1,000,000 for subsidized child care per Section 658P(4) of the Child Care and Development Block Grant Act of 2014, Public Law 113-186. Resources include, but are not limited to; liquid resources, such as cash; financial institution account balances; certificates of deposit; stocks; bonds; and real property other than home property.

(b) A parent or caretaker's statement that he or she lives in Oklahoma meets the residence requirement for child care.

(c) Only the child for whom child care is requested must meet the citizenship and alienage requirements.

(1) A child eligible to be included in a child care benefit must be either a:

(A) citizen or a national of the United States (U.S.), including the 50 states, District of Columbia, Commonwealth of Puerto Rico, Virgin Islands, Guam, American Samoa, and Northern Mariana Islands. The child may be a citizen of the U.S. by being born in the U.S. or by being born in some other country but moving to the U.S. and being granted U.S. citizenship through the U.S. Citizenship and Immigration Services (USCIS), a bureau of the Department of Homeland Security; or

(B) qualified alien:

(i) who is lawfully admitted for permanent residence under the Immigration and Nationality Act (INA);

(ii) who is paroled into the U.S. ~~under~~ per Section 212(d)(5) of INA, ~~§~~ 8 United States Code (U.S.C.) 1182, for a period of at least one year;

(iii) who is granted conditional entry ~~pursuant to~~ per Section 203(a)(7) of INA, ~~§~~ 8 U.S.C. 1153, as in effect prior to April 1, 1980;

(iv) who is granted asylum ~~under~~ per Section 208 of INA;

(v) who is admitted to the U.S. as a refugee ~~under~~ per Section 207 of INA, ~~§~~ 8 U.S.C. 1157;

(vi) whose deportation is withheld ~~under~~ per Section 241(b)(3) of INA;

(vii) who is a Cuban or Haitian entrant ~~as defined in~~ per Section 501(e) of the Refugee Education Assistance Act of 1980;

(viii) who was battered or whose parent or caretaker was battered ~~as defined in~~ per Section 431(c) of the Personal Responsibility and Work Opportunity Reconciliation Act as amended ~~per~~ § 8 U.S.C. 1641(c); or

(ix) who was a victim or whose parent or caretaker was a victim of a severe form of trafficking ~~pursuant to~~ per Section 107(b) of the Trafficking Victims Protection Act of 2000 ~~which that~~ was reauthorized and amended ~~by the~~ per Trafficking Victim's Protection Reauthorization Act of 2003.

(2) A declaration of citizenship and alien status is required for all children included in the child care benefit. This requirement is met when an adult member of the household completes and signs the application or ~~review form~~ renewal attesting to the citizenship and alien status for all children included in the benefit. Refer to Oklahoma Administrative Code (OAC) 340:65-3-1(g) for additional citizenship requirements for persons 14 years of age and older ~~pursuant to~~ per Section 71 of Title 56 and Section 20j of Title 74 of the Oklahoma Statutes.

(3) ~~A child who is an alien determined to have satisfactory~~ The worker must verify the alien status must have the status verified of an alien child through the United States Citizenship and Immigration Services (USCIS) Systematic Alien Verification for Entitlements (SAVE). In situations which require a ~~When SAVE indicates that written inquiry~~ the child's alien status documents must be submitted to the USCIS, the worker must not delay, deny,

~~terminate~~ close, or reduce benefits to an alien pending USCIS verification of submitted documentation.

340:40-7-6. Household composition and income consideration

(a) **Definition of household composition terms.** The worker determines household composition for income considerations using the definition of terms listed in (1) through (9) of this subsection.

(1) An adult is an emancipated minor or person 18 years of age or older. A child who is ~~also~~ a parent is considered an adult.

(2) A spouse is a person married by ceremony or common-law to another person. They ~~can be living~~ may live together or separately. ~~If~~ When they ~~are living~~ live separately, they are not considered part of the household ~~if~~ unless the separation is temporary ~~with no intention of severing the marital relationship or the separation is involuntary.~~

(3) A stepparent is a person who is or was a spouse ~~or has been a spouse~~ to the child's parent.

(4) A caretaker is an adult ~~the child is living with who is acting~~ who lives with and acts in the role of a parent to the child applying for or receiving subsidized child care benefits.

(A) ~~This person~~ The caretaker may or may not be:

(i) related to the child by blood, adoption, or marriage; ~~and~~ or

(ii) ~~may or may not be~~ legally and financially responsible for the child.

(B) The caretaker must pursue child support from the natural or adoptive parent per Oklahoma Administrative Code (OAC) 340:40-7-9.

(5) An adult non-relative is defined as any person over 18 years of age or an emancipated minor who is not related to the parent or caretaker by blood, adoption, or marriage.

(6) The term legally and financially responsible adult is defined as a parent or stepparent of the child who needs child care. The term also includes other caretaker adults who are court-ordered to be legally and financially responsible for the child.

(7) A child is any unmarried, unemancipated, non-parental person under 18 years of age.

(8) A child who has married or voluntarily left the parental home for any reason and established independent living arrangements, other than being away from home for school or health reasons, is considered emancipated and treated as an adult. Once a child is emancipated, the emancipation is permanent.

(9) A sibling is a minor child who has at least one parent in common with another child in the same household. ~~This~~ The definition of a sibling also includes a step-brother or step-sister.

(b) **Household composition and income consideration.** To establish a child's eligibility for subsidized child care benefits, it is necessary to define who must be considered part of household composition for income consideration. All persons whose income is counted in determining the family share

Permanent Final Adoptions

~~co-payment~~copayment are included to determine ~~whether~~ to use a family size of five members or less or for six or more members on ~~OKDHS~~Oklahoma Department of Human Services (DHS) Appendix C-4, Child Care Eligibility/Co-payment~~Copayment~~ Chart. Persons whose income must be considered in determining eligibility are:

- (1) the natural, adoptive, or stepparent of the child living in the home who needs child care;
 - (2) the caretaker(s) of the minor child needing child care ~~if that~~when the caretaker is legally and financially responsible for the child;
 - (3) the child needing child care and his or her siblings under 18 years of age living in the home;
 - (4) ~~any~~an adult non-relative ~~opposite sex individual (ANROSI) who is living~~lives in the home with the natural or adoptive parent ~~provided, however, the income of the non-relative adult of the opposite sex may be excluded if the parent and the adult non-relative have separate living quarters and demonstrate no characteristics of a couple and acts in the role of a spouse. An adult non-relative is considered to be acting in the role of a spouse when the person lives with the parent or caretaker and they represent themselves as a couple and/or have a physical relationship with each other;~~ and
 - (5) ~~any~~a child of the ~~ANROSI who is living~~an adult non-relative acting in the role of a spouse when the child lives in the home with the natural or adoptive parent.
- (c) **Periods of Temporary absence of a household member.**
- (1) When a household member is out of the home due to a temporary absence, he or she is considered a household member as long as he or she plans to return to the home. Any parent or caretaker(s) who remains in the home must meet a need factor per OAC 340:40-7-8. Examples of temporary absence include, but are not limited to:
 - (A) hospitalization for physical or mental health reasons;
 - (B) incarceration;
 - (C) attending school;
 - (D) military service;
 - (E) working or training away from home;
 - (F) looking for a job away from home. ~~Refer to OAC 340:40-7-8(a)(6);~~ and
 - (G) vacation time for a child. When a child goes to stay with:
 - (i) someone other than a natural or adoptive parent for a vacation, household composition, income, and need is based on the usual home situation. The person the child is staying with must also meet the need factor for child care; or
 - (ii) a non-custodial natural or adoptive parent, that parent must apply for subsidized child care benefits for that time frame based on his or her own household's eligibility.
 - (2) ~~If~~When a child lives with each parent for part of the month, refer to (d) of this Section.

(3) ~~If~~When a child lives with a parent for part of the month and a caretaker for the rest of the month, the child's eligibility is based on the parent meeting the eligibility factors per OAC 340:40-7. The caretaker must also meet a need factor per OAC 340:40-7-7 during the time he or she has physical custody of the child.

- (d) **Joint or shared custody.** When parents separate or divorce and ~~share~~have joint or shared custody of their child ~~and one or both need child care, either voluntarily or through a court order, the worker considers each parent's eligibility parent applies separately as well as his or her income for subsidized child care benefits.~~
- (1) Joint or shared custody may be voluntary or court-ordered.
 - (2) The worker determines each parent's eligibility separately. This includes a separate income and need for child care determination.
 - (3) ~~If~~When only one parent qualifies for subsidized child care benefits, the worker only approves child care for the days and hours of care needed while that parent meets a need factor for child care and has physical custody of the child are approved.
 - (4) ~~If~~When both parents qualify for subsidized child care benefits, the worker approves each parent is approved only for the days and hours that parent meets a need factor for child care and has physical custody and meets a need factor of the child.

340:40-7-7. Establishing the need factor for child care

- (a) **Establishing the need factor.** In order for children to be cared for in a safe environment while the parent or caretaker participates in an approved activity or for protective or preventive reasons, the Oklahoma Department of Human Services (DHS) provides subsidized child care benefits.
- (1) The worker arranges to obtain from the client or collateral sources, documentation of the need factor.
 - (2) The worker and client negotiate the amount of travel time allowed for an activity based on what is a reasonable length of time.
 - (3) The worker does not approve child care for the hours the child attends school or Head Start.
- (b) **Need factor for single parent or caretaker families.** The need for subsidized child care is met when the:
- (1) parent or caretaker is employed per Oklahoma Administrative Code (OAC) 340:40-7-8(a);
 - (2) parent or caretaker needs sleep time during the day after working night hours when a feasible alternative is used at no cost to DHS during the night working hours per OAC 340:40-7-8(a)(5);
 - (3) ~~parent or caretaker is actively searching for a job per OAC 340:40-7-8(a)(6);~~
 - (4) parent or caretaker attends a training or formal education program designed to lead to employment per OAC 340:40-7-8(b) and (c);
 - (5) ~~parent or caretaker attends high school, General Educational Development (GED) high school equivalency classes, literacy, adult basic education (ABE), or~~

English as a Second Language (ESL) classes per OAC 340:40-7-8(c);

(5) parent or caretaker participates in Supplemental Nutrition Assistance Program (SNAP) Education and Training (E&T) activities per OAC 340:40-7-8(d);

(6) parent or caretaker participates in an approved Temporary Assistance for Needy Families (TANF) Work activity per OAC 340:10-2-1;

(7) child needs care or supervision for part of the day as a protective or preventive service per OAC 340:40-7-8(e)(f); or

(8) child receives Supplemental Security Income (SSI) and needs care for enrichment purposes per OAC 340:40-7-8(f)(g).

(c) **Need factor for two-parent or two-caretaker families.**

Two-parent or two-caretaker families include two natural or adoptive parents, the natural parent and a stepparent, two grandparents, other relative married couples, or other non-relative married couples. When an unmarried couple applies, only the natural or adoptive parent must meet a need factor. The need for subsidized child care is met when:

(1) both parents or caretakers work during the same hours they request child care per OAC 340:40-7-8(a);

(2) one or both parents or caretakers need sleep time during the day after working night hours when a feasible alternative is used at no cost to DHS during the night working hours per OAC 340:40-7-8(a)(5). When both parents do not work night hours, one parent must work during the other parent's sleep time hours;

(3) ~~one or both parents are searching for a job per OAC 340:40-7-8(a)(6). When one parent or caretaker searches for a job, the other parent or caretaker must work or attend a training or formal education program during the same hours;~~

(4) one parent or caretaker attends a formal education or training program during the same hours the other parent or caretaker works per OAC 340:40-7-8(a) through (c);

(5) both parents or caretakers attend high school per OAC 340:40-7-8(c);

(6) one parent or caretaker attends high school during the same hours the other parent or caretaker works or attends a formal education or post high school training program per OAC 340:40-7-8(a) through (c);

(7) one parent or caretaker attends ~~GED~~high school equivalency classes, literacy, ABE, or ESL classes during the same hours the other parent or caretaker works per OAC 340:40-7-8(a) through (c);

(8) one or both parents or caretakers participates in SNAP E&T activities per OAC 340:40-7-8(d);

(9) one or both parents or caretakers participate in approved TANF Work activities per OAC 340:10-2-1. When one parent or caretaker is not participating in TANF Work activities, that parent must meet a need factor per OAC 340:40-7-8 during the same hours;

(10) the child needs care or supervision for part of the day as a protective or preventive service per OAC 340:40-7-8(e)(f);

(10) the child receives SSI and needs care for enrichment purposes per OAC 340:40-7-8(f)(g); or

(11) one parent or caretaker is incarcerated and the other parent remains in the home. In this instance, the parent remaining in the home is treated as a single parent.

(d) **Need factor in joint custody cases.** When parents are separated or divorced and share custody of their child, voluntarily or through a court order, each parent's income and need for child care is considered separately.

(e) **Need factor for a child attending an Early Head Start-Child Care (EHS-CC) Partnership grant program.**

A child attending an EHS-CC Partnership grant program may be approved for a weekly unit type when the parent or caretaker qualifies for Child Care Subsidy and meets a need factor per (b) or (c) of this Section for some of the EHS-CC Partnership grant program care hours.

(f) **Activities that do not meet the need factor for child care.** The need factor for child care is not met and child care must not be approved for:

(1) job search for parents or caretakers not:
(A) participating in TANF Work activities per OAC 340:10-2-1; or

(B) ~~meeting the job search employment need factor per OAC 340:40-7-8(a)(6);~~

(2) online Internet based or televised education or training courses when an instructor is not conducting a live broadcast and attendance is not required while the program is being broadcast per OAC 340:40-7-8(b) and (c);

(3) undergraduate classes or other training not expected to lead to a degree or certificate of completion per OAC 340:40-7-8(b) and (c);

(4) post graduate education, such as master's and doctoral programs;

(5) two-parent or two caretaker families when both attend a formal education or training program during the same days and hours;

(6) transportation only;

(7) ~~court ordered community service hours~~, volunteer hours; or jury duty;

(8) hours a school age child could attend a public or private school, but the parent or caretaker chooses to home school the child at night; and

(9) children in Child Welfare Services (CWS) foster care, when one or both foster parents do not meet child care eligibility rules per OAC 340:75-7-65.

340:40-7-8. Defining the need factor for child care benefits

(a) **Employment.** Employment means the parent or caretaker earns wages for work performed or meets criteria per (5) or (6) of this subsection.

(1) The client must provide proof of his or her work hours. When the client has the flexibility to set his or her own work hours, the client and worker jointly determine if the client can reduce the number of hours the child needs care by rearranging the client's work schedule. This is

Permanent Final Adoptions

especially important in two-parent or two-caretaker families.

(2) The worker limits approval of child care to the number of days and hours the client is working plus reasonable travel time. In two-parent or two-caretaker working families, the worker limits approval to the days and hours they work the same hours plus reasonable travel time.

(3) The client must make at least minimum wage for the number of hours he or she works to meet the employment need factor unless the client qualifies for an exception per (D) or (E) of this paragraph. Criteria for determining minimum wage is specified in (A) through (C) of this paragraph.

(A) Minimum wage is determined by the federal government.

(B) The worker reviews the pay information provided by the client to determine whether the client makes at least minimum wage.

(i) When the paycheck or employer statement shows the hourly pay rate, the worker compares it to the federal minimum wage.

(ii) When the pay information provided does not show the client's hourly pay rate, the worker divides the number of hours the client works by the gross pay per pay period to determine the client's hourly pay rate.

(iii) When the client is considered self-employed per Oklahoma Administrative Code (OAC) 340:40-7-11(b)(2)(A), the worker divides the number of hours the client works by the net pay, after applicable business expenses, to determine the client's hourly pay rate. When the client and spouse are self-employed in the same business, the worker combines their work hours and divides the work hours by the net pay to determine their hourly pay rate.

(C) When the client works for an employer paying a set wage less than minimum wage, and the employer refuses to begin paying at least minimum wage, the worker ~~denies or closes~~ child care benefits or, when at renewal, does not approve further care.

(D) When the client is self-employed or works for an employer paying wages based on commission or other performance measures instead of a set wage, has received earnings and does not make at least minimum wage, and the client has been performing this work:

(i) less than one year, the worker counsels with the client to develop a plan ~~for increasing to~~ increase his or her income ~~within three to six months to at least minimum wage before the renewal is due.~~ When the client ~~does not cooperate in developing a plan or does not agree to implement the developed plan, the worker closes or denies the child care benefits~~ not making at least minimum wage at renewal, further care is not approved.

~~(I) When the client's income increases to at least minimum wage during this time period, no further monitoring is needed until the next renewal.~~

~~(II) When after three to six months the client's income increases, but is less than minimum wage, the worker evaluates the likelihood of the client making at least minimum wage before approving more care. Factors to consider include how closely the client followed the plan, how much the hourly rate increased, and whether plan modifications could help the client increase earnings. The worker may approve an additional three to six months of care when appropriate.~~

~~(III) When it is not reasonable to presume the client's income will increase to at least minimum wage within three to six months, the worker closes the child care benefit; or~~

(ii) at least one year without any substantial change, the worker denies ~~or closes~~ the child care subsidy benefit.

(E) When the client is an adoptive parent who meets criteria per OAC 340:40-7-12(6) or a caretaker not legally and financially responsible for the child per OAC 340:40-7-6(a)(6), he or she is not required to make at least minimum wage for the number of hours worked.

(4) A ~~person~~ client employed and working from his or her own home may be approved for subsidized child care benefits in an out-of-home child care home or center when he or she is unable to work while the child is in the home. When the person has flexible work hours and can work while the child is in school, care is not approved. When the person operates a licensed child care home, care is only approved in another licensed child care home or center when the client's own child places him or her over maximum licensed capacity;

(5) Subsidized child care benefits may be approved for sleep time during the day when a parent or caretaker works night hours and a feasible alternative is used at no cost to the Oklahoma Department of Human Services (DHS) during the night working hours. Night working hours are defined as the hours between 11:00 p.m. and 7:00 a.m.

(A) The maximum amount of time the worker approves child care allows the client eight hours of sleep plus travel time to and from the child care provider.

(B) In two-parent or two-caretaker families care may only be approved for this reason when both parents have night time jobs or when one parent has a night time job and the other parent or caretaker works during the day while the other parent is sleeping.

~~(6) Job search meets the definition of employment when the client received subsidized child care benefits for at least 30 calendar days, loses employment or successfully completes a formal education or training program, and requests child care to look for a job.~~

(A) ~~Child care may be approved for a maximum of 90 calendar days from the date the client loses employment or successfully completes a formal education or training program as long as the child continues to attend the same child care facility.~~

~~(i) Job search may be approved no more than twice per calendar year.~~

~~(ii) The client must work or attend school for at least 90 calendar days between job search approval periods.~~

~~(B) When the client reports a new job and provides all required verification to prove continued eligibility within the job search period or 30 calendar days of the job search closure, a new application is not needed. When the client does not report a new job or provide required verification within the job search period or 30 calendar days of the job search closure, he or she must complete a new application before being approved for further child care.~~

(b) **Training.** A training program is defined as a course of study that when completed, qualifies a person to meet requirements for a job the client could not obtain without the certificate of completion, accreditation, or licensure. Child care may be approved for one parent or caretaker to attend a training program. In two-parent or two-caretaker families, the other parent or caretaker must work during the same hours.

(1) The training program must qualify to receive federal financial aid from the United States Department of Education (USDE) or other federal or state education funds.

(2) Prior to initial approval for child care and at renewal, the client must provide proof of enrollment, the days and hours the client will be attending, and when he or she is expected to complete the program.

(3) The program must require classroom attendance on a school campus with an instructor present. Care is only approved for an online Internet based course or televised course when it is a live broadcast conducted by an instructor and attendance is required while the program is being broadcast. When the program is self-paced and the client may choose his or her own school hours, care is not approved.

(4) The client must provide proof of progress ~~when requested at renewal~~. When the client is not making satisfactory progress, the worker does not approve further child care for this reason ~~is not approved~~.

(5) Once the client completes a training program, further child care is not approved for training or education. The client is expected to look for jobs that require his or her training credentials. ~~The client may be approved for subsidized child care benefits to job search when he or she meets requirements at (a)(6) of this Section.~~

(6) In certain circumstances, the worker may approve child care benefits for a client to attend a second training program. The client must have been employed in a job requiring the training credentials he or she has for at least 12 months. Possible circumstances include when:

(A) the client can no longer perform the job he or she is trained to do because of physical or mental health reasons. In this instance, the client must provide a statement from a doctor, mental health professional, or a vocational rehabilitation professional verifying the reason. The professional must also state that the client is capable of performing the job tasks after completion of the training program;

(B) there is no longer a demand for the type of work the ~~person~~client is trained to do. The client must provide a statement from a professional working with the client to obtain employment stating there is no demand. The professional must be employed by the Workforce Oklahoma Center, a Workforce ~~Investment~~Innovation and Opportunity Act (WIA)(WIOA) contracted entity, the Oklahoma Employment Security Commission (OESC), or the Oklahoma Department of Rehabilitation Services (DRS); or

(C) the client can establish receipt of the additional training will increase ~~the person's~~his or her earning potential. The client must provide proof the starting salary ~~for a person~~ with the training credentials the client wants to obtain is higher than he or she is currently earning.

(c) **Education program.** An education program may include:

(1) **High school.** Child care may be approved for one or both parents or caretakers to attend high school. It is not approved for a parent or caretaker to receive homebound instruction. Prior to approval the client must provide proof that he or she is enrolled, the days and hours ~~the client is attending~~he or she attends, and when he or she is expected to graduate.

(2) ~~General Educational Development (GED)~~**High school equivalency, literacy, or adult basic education (ABE) classes.** The program must require classroom attendance with an instructor present. Child care may be approved for one parent or caretaker to attend ~~GED~~high school equivalency, literacy, or ABE classes. However, in two-parent or two-caretaker families, the other parent or caretaker must be employed during the same hours.

(A) The client must provide proof of enrollment, the days and hours the client is attending, and the end date of the class prior to care approval. When the class has open enrollment and no established end date, the client must provide proof of progress and how it is measured.

~~(B) Within the first month of classes, the client must provide proof of initial testing showing the client's education or literacy level.~~

~~(C) When the class ends, the~~The worker reviews the client's progress at renewal prior to approval for approving further child care for this reason. ~~When the class is open ended, the worker reviews progress no later than 12 months from the date care is approved for this reason.~~ At renewal, the client must provide a statement from the school that includes:

(i) whether the client attends regularly;

Permanent Final Adoptions

- (ii) whether the client is making satisfactory progress;
- (iii) an estimated end date to complete the program; and
- (iv) the days and hours the client currently attends classes.

(D) When the client is not attending regularly or making satisfactory progress, further child care for this reason is not approved at renewal.

(3) **English as a Second Language (ESL) classes.** The program must require classroom attendance with an instructor present. Child care may be approved for one parent or caretaker to attend ESL classes when the client lacks proficiency in understanding, speaking, reading, or writing the English language. In two-parent or two-caretaker families, the other parent or caretaker must be employed during the same hours.

(A) The client must provide proof of enrollment, the days and hours the client attends, and the end date of the class prior to care being approved. When the class has open enrollment and no established end date, the client must provide proof of how often progress is measured.

(B) The worker reviews the client's progress ~~when the class is expected to end~~ at renewal prior to approval for further care for this reason. ~~When the class is open ended, the worker reviews progress no later than 12 months from the date care is approved for this reason.~~ At renewal, the client must provide a statement from the school that includes:

- (i) whether the client attends regularly;
- (ii) whether the client is making satisfactory progress;
- (iii) an estimated length of time needed to complete the program; and
- (iv) the days and hours the client currently attends.

(C) When the client is not attending regularly or making satisfactory progress at renewal, the worker does not approve further child care for this reason ~~is not approved~~.

(4) **Formal education program.** A formal education program is defined as a course of study leading to the attainment of an associate or bachelor's degree. Child care may be approved for one parent or caretaker to attend a formal education program and participate in activities required to maintain a scholarship. Only required scholarship activities for scholarships disbursed through the school's financial aid office qualify for child care. In two-parent or two-caretaker families, the other parent or caretaker must work during the same hours.

(A) The formal education program must qualify to receive federal financial aid from USDE or other federal or state education funds.

(B) Prior to initial approval for child care and at renewal, the client must provide:

- (i) proof of enrollment;

- (ii) the days and hours the client attends school or participates in activities required to maintain a scholarship; and
- (iii) when the client expects to complete the degree.

(C) The degree program must require classroom attendance on the school campus with an instructor present. Care is only approved for an online Internet based course or a televised course when it is a live broadcast conducted by an instructor and attendance is required while the program is being broadcast. When the program is self-paced and may be completed whenever the client chooses, care is not approved.

(D) ~~The client must provide~~ worker must request proof of progress when requested at renewal when the class schedule does not show the client is progressing from freshman level classes to sophomore, junior, and senior level classes. When the client is not making satisfactory progress at renewal, the worker does not approve further child care for this reason ~~is not approved~~.

(E) Once the client completes a bachelor's degree, further care is not approved for training or education. The client is expected to look for jobs that require a degree. ~~The client may be approved for subsidized child care benefits to job search when he or she meets requirements at (a)(6) of this Section.~~

(F) In certain circumstances, the worker may approve subsidized child care benefits for a client to obtain a different bachelor's degree. The client must first have been employed in a job that required the degree he or she already has for at least 12 months. Possible circumstances include when:

(i) the client can no longer perform the job he or she is trained to do because of physical or mental health reasons. In this instance, the client must provide a statement from a doctor, mental health professional, or a vocational rehabilitation professional that verifies the reason. The professional must also state that the client is capable of performing the job tasks of the degree program in which the client wants to enroll;

(ii) there is no longer a demand for the type of work the person is trained to do. The client must provide a statement from a professional working with the client to obtain employment stating there is no demand. The professional must be employed by the Workforce Oklahoma Center, a ~~WIA~~ WIOA contracted entity, OESC, or DRS; or

(iii) the client can establish receipt of the second degree may increase the person's earning potential. The client must provide proof the starting salary for a person with the degree the client wants to obtain is higher than he or she is currently earning.

(d) **Supplemental Nutrition Assistance Program (SNAP) Education and Training (E&T) related child care.**

Subsidized child care benefits may be provided for SNAP E&T program-related assigned activities.

(1) Prior to approval, the SNAP E&T coordinator confirms with the contracted service provider the:

- (A) activity is part of SNAP E&T;
- (B) assigned start date; and
- (C) scheduled days and hours of the activity.

(2) When a parent or caretaker stops participating in SNAP E&T activities for reasons other than employment, child care is continued for an additional 90-calendar days from the date the client stops participating as long as the client continues to use at the same child care provider. When the client wishes to change child care providers during the 90-calendar day period, care by a different provider is not approved.

(e) Temporary Assistance for Needy Families (TANF) related child care.

(1) TANF related subsidized child care benefits may be provided for:

(1A) any TANF Work activity outlined on the client's Form 08TW002E, TANF Work/Personal Responsibility Agreement, per OAC 340:10-2-1 including when:

(A) the person is waiting to enter an approved TANF Work activity. The worker limits approval to a time period not to exceed:

- (i) two weeks; or
- (ii) one month, on an exception basis, when child care arrangements or other services would otherwise be lost and the subsequent activity is scheduled to begin within that period;

(B) prior to TANF approval, applicants are referred for immediate job search. TANF applicants are advised:

- (i) child care to job search is limited to 20 days that must be used within 30-calendar days from the date of request;
- (ii) TANF applicants may not choose in-home child care arrangements;
- (iii) child care is limited to the times the applicant is actually looking for a job; and
- (iv) he or she must notify the worker immediately upon securing employment; and

(C) the person is sanctioned per OAC 340:10-2-2 and participating in TANF Work activities; or

(2B) substance abuse treatment when the parent of a child receiving TANF is ineligible for TANF due to the illegal use of a controlled substance or substances per OAC 340:10-4-1. Prior to approval, the parent must provide proof of the substance abuse treatment plan from the treatment provider; or

(C) a child receiving a child only TANF benefit when the parent or caretaker relative meets a need factor included in this Section.

(2) When the parent or caretaker relative receiving TANF related subsidized child care stops meeting a need factor, the worker continues subsidized child care benefits for 90-calendar days at the same child care provider.

When the client wishes to change child care providers during the 90-calendar day period, care by a different provider is not approved.

(ef) Protective or preventive child care. Subsidized protective or preventive child care benefits may be used as an early intervention strategy in certain critical situations to help prevent neglect, abuse, or exploitation of a child. The worker may approve child care in these situations to help stabilize the family situation or enhance family functioning. In most instances, Child Welfare Services (CWS) staff completes protective or preventive child care requests when they are working with the family and recommending protective or preventive child care. ~~When CWS staff contracts with an outside agency to provide~~Subsidized protective or preventive services and child care is recommended, Adult and Family Services (AFS) staff completes the child care requests with help from contracted agency staff benefits are approved on a temporary basis. The worker helps the family develop a plan to reduce or eliminate the need for such child care beginning with the initial contact.

(1) Subsidized Reasons protective or preventive child care benefits are temporary and planning to reduce or eliminate the need for such child care begins at the initial contact may be approved include, but are not limited to, when:

(A) an outside agency contracting with CWS to provide Comprehensive Home-Based Services (CHBS) for a non-court involved family recommends child care be provided on a temporary basis;

(B) the parent or caretaker requests child care because of a medical condition that prevents the parent or caretaker from properly caring for the child;

(C) a homeless family requests child care while working to stabilize the family. Homeless means the family lacks a fixed, regular, and adequate night time residence, and includes families who:

(i) temporarily share housing with other persons due to loss of housing, economic hardship, or a similar reason;

(ii) temporarily live in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations;

(iii) live in emergency or transitional shelters; or

(iv) live in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings not designed for or ordinarily used, as a regular sleeping accommodation for human beings; or

(D) a family affected by a natural disaster requests child care to deal with the effects of the natural disaster, such as damage or loss of the home following a fire, flood, or tornado.

(2) The worker must complete a face to face interview with the client prior to approving subsidized protective or preventive child care benefits in order to better assess all of the service needs of the family may approve subsidized protective or preventive child care benefits for a maximum of 30-calendar days.

Permanent Final Adoptions

(3) ~~When the family requests more than 30-calendar days of subsidized protective or preventive child care benefits, the worker must obtain approval from Adult and Family Services Child Care Subsidy staff before authorizing more care. The~~ Prior to requesting an extension, the client must provide a statement written recommendation from a professional working with the family stating:

(A) the names and ages of the children for whom child care is recommended;

(B) the reason child care is recommended;

(C) the days and hours child care is needed;

~~(D)~~ how placing the child in a child care facility helps to prevent neglect, abuse, or exploitation of the child; and

~~(E)~~ the length of time the professional expects care to be needed.

(4) ~~When the family receives CHBS services, the family is not responsible for paying a copayment. The~~ In other protective or preventive situations, the family may or may not be expected to help in ~~paying~~ pay the cost of the subsidized child care benefits depending on the unique circumstances of the family.

(5) In certain circumstances, families who are financially ineligible for subsidized child care benefits may be approved for protective or preventive child care benefits when the child is in danger of neglect, abuse, or exploitation. The client must provide evidence the family is so burdened by debt the additional financial pressure of paying for child care may result in further deterioration of family stability and functioning. The client must also provide a plan for reducing his or her debt.

~~(6) The worker may approve subsidized protective or preventive child care benefits for a maximum of 30 calendar days.~~

~~(7) When the family requests subsidized protective or preventive child care benefits, the worker scans supporting documentation into imaging and sends an email to the AFS Child Care Subsidy staff to request an extension. The client must provide all needed eligibility information prior to submission of the extension request.~~

(fg) **Enrichment.** The purpose of subsidized enrichment child care benefits is to assist a child receiving Supplemental Security Income (SSI) to develop socialization skills and transition into a group setting, such as a classroom. When a child is not receiving SSI benefits, the child is not approved for subsidized enrichment child care benefits.

(1) The need for subsidized enrichment child care benefits is based solely on the needs of the child's condition of delay or disability instead of the activities of the parent or caretaker.

(2) Enrichment child care is limited to a maximum of two days per week not to exceed 10 full-time or part-time days per month.

(3) The parent or caretaker must provide a written recommendation from a professional working directly with the child that states how child care would be beneficial to the child. The professional could be the child's doctor,

occupational therapist, physical therapist, or special education teacher.

(4) Enrichment child care is only approved for a child who has not started school or Head Start unless, due to the child's disabilities, the child receives instruction from a teacher in his or her home.

(5) When subsidized enrichment child care benefits are approved, care must be provided outside of the child's home and at least one other child must attend during the same hours.

(6) The worker obtains approval from staff in AFS Child Care Subsidy prior to authorizing care for this need factor.

340:40-7-9. Mandatory pursuit of child support and other potential income

(a) **Mandatory referral to Child Support Services (CSS).** When one or both of the child's parents are absent from the home, the client must agree to pursue child support through CSS for all children who must be included in the same household per Oklahoma Administrative Code (OAC) 340:40-7-6 before subsidized child care benefits are approved.

(1) **When a CSS referral is required.** The client is required to pursue child support for all children living in the home when one or both parents are absent, unless good cause exists per (2) or (6) of this subsection, including when:

(A) the parent or caretaker is not requesting subsidized child care benefits for every child living in the home;

(B) the client receives court-ordered child support;

(C) there is a joint custody agreement and neither parent is ordered to pay support;

(D) parental rights are terminated, except in the case of adoption, per Section 1-4-906 of Title 10A of the Oklahoma Statutes;

(E) an additional child, whose parent is absent, is added to the household after certification; or

(F) one or both parents leave the home after certification.

(2) **When a CSS referral is not required.** The client is not required to complete child support forms when:

(A) he or she is a foster parent to the child and the CSS referral was completed in the child's SoonerCare (Medicaid) case;

(B) the client is an adoptive parent and provides proof of a single parent adoption;

(C) a parent is temporarily out of the home per OAC 340:40-7-6(c) and considered part of the household;

(D) the child, whose parent is absent, is not required to be considered part of the household per OAC 340:40-7-6;

(E) the client is a minor parent ~~and is not living with his or her own parents. The minor parent must pursue child support for his or her own child but not for the minor parent;~~ or

(F) the child does not receive a subsidized child care benefit and is included in household composition because his or her parent is considered an adult non-relative of the opposite sex individual (ANROSI) acting in the role of a spouse per OAC 340:40-7-6(a) and (b).

(3) **Required forms.** The worker makes the referral to CSS by completing with the client Form 08TA001E, Absent Parent (AP) Information Sheet, for each absent parent. The client must sign Form 08TA012E, Cooperation Agreement and Request for Good Cause, per ~~paragraph~~ (6) of this subsection. The worker gives the Oklahoma Department of Human Services (DHS) Appendix C-16, Child Support Services and Responsibilities, to the client. The form explains CSS services and client expectations. The worker sends copies of legal documents concerning custody or child support to the appropriate CSS district office.

(4) **Oklahoma Centralized Support Registry (CSR).** After approval, the client must send all future child support payments to the CSR. DHS Appendix C-16 contains the address for the CSR. CSR returns the child support payments to the client unless the client receives Temporary Assistance for Needy Families per OAC 340:10-10-7.

(5) **Establishment of paternity.** When the worker is able to contact the alleged father, the worker asks whether he is willing to acknowledge paternity. When the alleged father agrees to acknowledge paternity, the worker gives or sends him Form 03PA209E, Acknowledgment of Paternity, to review. The worker advises him to contact CSS at the ~~telephone~~ number on the back of the form when, after review, he is willing to sign the form.

(6) **Good cause.** Good cause for refusal to cooperate in pursuing child support may be granted when cooperation is not in the best interest of the child or the parent. DHS may continue to pursue child support when CSS determines child support activities may be safely conducted without the client's cooperation.

(A) The client must sign Form 03TA012E, Cooperation Agreement and Request for Good Cause:

- (i) at the time of the initial application;
- (ii) at the time of an additional child request; or
- (iii) when circumstances result in an applicant or recipient's request for good cause.

(B) The worker does not deny, delay, or discontinue subsidized child care benefits pending a determination of good cause when the applicant or recipient furnishes evidence or information supporting the good cause claim.

(C) DHS determines the client has good cause for refusing to cooperate only when:

- (i) there is possible physical or emotional harm to the child;
- (ii) there is possible physical or emotional harm to the parent or caretaker;
- (iii) the child was conceived as a result of incest or forcible rape;

(iv) legal proceedings for adoption of the child are pending before a court; or

(v) the client is currently being assisted by a public or licensed private social agency to resolve the issue of whether to keep the child or relinquish the child for adoption.

(D) The applicant or recipient claiming good cause is responsible for supplying documentary evidence to establish the claim or furnishing sufficient information to permit DHS to investigate the good cause claim. Uncorroborated statements of the applicant or recipient are not acceptable documentation. The evidence must be of probative value and supported by written statements to the extent possible. Examples of acceptable written statements include:

- (i) birth certificate, medical, or law enforcement records indicating the child was conceived as a result of incest or forcible rape;
- (ii) court documents or other records indicating legal proceedings for adoption are pending before a court of competent jurisdiction;
- (iii) criminal, medical, child protective services, social services, psychological, or law enforcement records indicating the putative or absent parent might inflict physical or emotional harm on the child or caretaker;
- (iv) medical records indicating the emotional health history and present emotional health status of the caretaker or child or a written statement from a mental health professional indicating a diagnosis or prognosis concerning the emotional health of the caretaker or child;
- (v) a written statement from a public or licensed private social agency working with the applicant or recipient to resolve the issue of whether to keep the child or relinquish the child for adoption; and
- (vi) sworn statements from persons other than the client with knowledge of the circumstances that provide the basis for the good cause claim.

(E) Upon request, the worker helps the client obtain applicable documentary evidence listed in (D)(i) through (vi) of this subsection. The client must specify the type of document or record needed and provide sufficient identifying information to make it possible for the worker to obtain the documents.

(b) **Failure to cooperate in the pursuit of child support.** Failure to cooperate in pursuit of child support without good cause may be indicated at the time of application or at any time further action by the client is necessary.

(1) Actions indicating failure to cooperate include refusals to:

- (A) identify and assist in locating a known parent;
- (B) establish paternity; or
- (C) establish, modify, or enforce a support order.

(2) When the client refuses to cooperate at the time of application, the worker denies the application.

Permanent Final Adoptions

(3) When an applicant applies for subsidized child care and is in non-cooperation status with CSS, the applicant must verify cooperation with CSS before the worker approves subsidized child care benefits.

~~(34) When, after certification, CSS informs the worker the client is not cooperating, the worker closes the subsidized child care benefits for all children included in the child care benefits effective 10 calendar days from the date action is taken remain open until the child care renewal is due. At renewal, the worker reviews the client's cooperation with CSS. When the client is not cooperating, further care is not approved.~~

(c) **Cooperation with CSS following denial or closure of the subsidized child care benefits.** The client must verify that he or she is cooperating with CSS before the worker approves subsidized child care benefits following a denial or closure based on non-cooperation with CSS.

(1) When the client cooperates with CSS and notifies the worker of the cooperation within 30-calendar days of the:

(A) denial of subsidized child care benefits, the client is not required to file a new application before benefits may be approved; or

(B) closure of the subsidized child care benefits, the worker reopens the benefits back to the closure date.

(2) When the client does not cooperate with CSS or cooperates, but waits to inform the worker of the cooperation for more than 30-calendar days from the denial or closure date, the client must complete a new application before care is approved. The earliest date subsidized child care benefits may be approved is the date the client completes a child care interview and provides all necessary verification per OAC 340:40-3-1.

(d) **Exploration and development of potential income other than child support.** The worker explores potential sources of income, such as Social Security benefits, Supplemental Security Income (SSI), unemployment benefits, veteran's benefits, and increased wages with the client at the time of application and each renewal for all members of the household whose income must be considered per OAC 340:40-7-6. The client must apply for, or continue to pursue, all potential sources of income for which it appears likely he or she may be eligible, except for SSI before the next child care renewal is due. The client is encouraged, but not required, to apply for SSI when the client indicates a household member has a disability. ~~The worker gives the client 90 calendar days to pursue potential identified income.~~

(1) When the client refuses to pursue available income at the time of request, the worker denies the child care request.

(2) When the client agrees to pursue all potential income and fails to do so within ~~90 calendar days~~ the 12 month eligibility period, ~~the worker closes subsidized child care benefits~~ further care is not approved at renewal.

(3) When the client is approved for the potential income or offered a pay raise in pay within the 12 month eligibility period and refuses to accept it, ~~the worker closes~~

~~the subsidized child care benefits effective 10 calendar days from the date the worker takes action~~ further care is not approved at renewal.

(4) When the client's pay decreases in rate of pay or number of hours worked, the worker explores why the decrease occurred. When the client requested the decrease to avoid a family share copayment increase or to maintain eligibility ~~for the subsidized child care benefits~~, the worker closes the subsidized child care benefits ~~are closed~~ at renewal.

(5) At each renewal, the worker determines whether the client continues to pursue potential income.

(A) When the client begins receiving previously identified potential income, the worker considers the income for the next negative action deadline after it is reported.

(B) When the client was not approved for the income, the client must verify this. The worker records in the case record the verification provided and stops exploring this potential income with the client.

(C) When the client stops pursuing potential income and was not determined ineligible for ~~the income~~, ~~the worker closes the client's child care benefit for failure to cooperate effective 10 calendar days from the date the worker takes action~~ further care is not approved at renewal.

(6) When the client's subsidized child care benefits ~~closed~~ close at renewal because of failure to ~~cooperate~~ pursue potential income, the client must verify receipt or pursuit of such income or that such income is no longer potentially available before child care may be approved.

(A) When the client verifies cooperation within 30-calendar days of the closure of subsidized child care benefits, the worker may reopen the benefits back to the date they were closed without imposing a penalty.

(B) When the client does not cooperate or waits to verify cooperation for more than 30-calendar days from the date the subsidized child care benefits close, the client must complete a new application before care is approved. The earliest date subsidized child care benefits may be approved is the date the client completes a child care interview and provides all necessary verification per OAC 340:40-3-1.

340:40-7-11. Sources of income considered

(a) **Sources of income considered.** Income may be received periodically or at irregular intervals. All income, unless specifically excluded per Oklahoma Administrative Code (OAC) 340:40-7-12, is considered in determining monthly gross income. Income is classified as earned or unearned income.

(b) **Earned income.** Earned income means total money earned by a person through the receipt of wages, salary, commission, or profit from activities in which the person is engaged as self-employed or as an employee. Temporary disability insurance payment(s) and temporary ~~worker's~~ workers' compensation payments are considered ~~as~~ earned income

when payments are employer-funded and the person remains employed.

(1) **Wages.** Wages include total money earned for work performed as an employee including armed forces pay, commissions, tips, piece-rate payments, longevity payments, and cash bonuses before ~~any~~ deductions ~~are made~~, such as taxes, bonds, pensions, union dues, credit union payments, ~~and/or~~ cafeteria plans are subtracted.

(A) Countable wages for military personnel include any allowance included on the earnings statement, such as the Basic Allowance for Housing (BAH) ~~and the~~ Basic Allowance for Subsistence (BAS).

(B) Only the portion of the cafeteria plan the client controls, including any excess benefit allowance payments, is counted as income.

(C) Reimbursements for expenses, such as a uniform allowance or transportation costs, other than daily commuting, are subtracted from the gross income.

(D) Payments made for annual leave, sick leave, or severance pay are considered earned income during the month such income is received whether paid during employment or at termination of employment.

(E) Wages that are garnished or diverted and paid to a third party are also counted as income.

(2) **Self-employment.** Self-employment income is ~~considered~~ calculated based on procedures listed in this subsection.

(A) **Persons considered self-employed.** A person is considered self-employed when:

- (i) he or she declares himself or herself to be self-employed;
- (ii) there is an employer/employee relationship and the employer does not withhold income taxes or Federal Insurance Contributions Act (FICA), even when required to do so by law; or
- (iii) the employer withholds taxes and the person provides proof he or she files taxes as self-employed.

(B) **Records used and income calculation.** The worker uses the records described in (i) through (iii) of this subparagraph to calculate income. When the person reports a loss instead of a profit on the business, the worker does not deduct the loss from other household income.

- (i) When the person filed a federal income tax return for self-employment income for the most recent year, whether the person's income is derived from his or her own business or from working for an employer, the worker uses the net gross self-employment income shown on the person's federal income tax return, subtracts 50 percent of the income for claimed business expenses, and divides the income by 12 or the number of months the business has ~~been in existence~~ existed or the person started ~~working~~ working for the employer, when less than 12 months. The worker verifies the person's

start date with the employer when the person states he or she has not worked for the employer for at least 12 months.

(ii) When the person did not file an income tax return for the most recent tax year for his or her own business, the worker calculates self-employment income using the person's business records for the last 12 months or the number of months the business has ~~been in existence~~ existed when less than 12 months. When the client declares ~~he or she has~~ business expenses, the worker subtracts 50 percent of the gross self-employment income to arrive at the net profit.

(iii) When the person works for an employer, did not file a federal tax return as self-employed, and receives earnings from an employer, the person must provide proof of the last 12 months of income from the employer. The worker divides the gross income by 12 or the number of months the person ~~has~~ worked for the employer to determine monthly income. When the person declares ~~he or she has~~ business expenses, the worker subtracts 50 percent of the gross self-employment income before dividing the income by the applicable number of months to determine monthly income.

(C) **Profit sharing.** Households who operate S corporations, general or limited partnerships, or limited liability companies may receive profit sharing that is reported on the household's personal income tax return. When a household member:

- (i) actively participates in the operations, the income from profit sharing is considered part of the household's self-employed earned income; or
- (ii) does not actively participate in the operations, the income from profit sharing is considered part of the household's unearned income.

(D) **Monthly self-employment income.** Self-employment income received on a monthly basis is normally averaged over a 12-month period. When the averaged amount does not accurately reflect the household's actual monthly circumstances because the household ~~has~~ experienced a substantial increase or decrease in income, the worker calculates the self-employment income based on anticipated earnings.

(E) **Seasonal self-employment.** Self-employment income intended to meet the household's needs for only part of the year is averaged over the period of time it is intended to cover.

(F) **Annualized self-employment income.** Self-employment income that represents a household's annual support is averaged and annualized over a 12-month period, even when the income is received in a short time period.

- (i) ~~If~~ When the average annualized amount does not accurately reflect the person's actual monthly circumstances because the person experienced a substantial increase or decrease in income,

Permanent Final Adoptions

the worker calculates the self-employment income on anticipated earnings.

(ii) The worker does not calculate self-employment income on the basis of prior earnings, such as income tax returns, when an increase or decrease of business has occurred.

~~(iii)~~ When the person ~~has~~ received the self-employment income for less than 12 months, ~~the worker averages the income is averaged~~ over the applicable number of months and ~~projects~~ the monthly amount ~~projected~~ for the coming year.

~~(H)~~ ~~When the person has received the self-employment income for a short time and there is insufficient data to make a reasonable income projection, the worker does not consider income from this source until the renewal is due. At the renewal, the worker averages income over the number of months received until a full year's information is available.~~

(G) **Income from rental property.** Income from rental property is considered self-employment income.

(H) **Income from room and board.** Payments from roomers or boarders are considered self-employment when the roomer or boarder is ~~paying~~ pays a reasonable amount. When the roomer or boarder is an ~~adult non relative opposite sex individual (ANROSI) acting in the role of a spouse,~~ OAC 340:40-7-6(b)(4) applies.

(3) **On-the-job training.** Earned income from regular employment for on-the-job training (OJT) is considered as earned income. This includes OJT provided ~~under Sections 204(b)(1)(c) or 264(c)(1)(A) per Section 3(44) of the Workforce Investment Innovation and Opportunity Act (WIOA) for persons 19 years of age or and older.~~

~~(4) **Workforce Investment Act (WIA).** Income earned in OJT positions provided under Section 134 of WIA is considered earned income for persons who are 19 years of age and older. On the job training provided must be full time positions, and there must be a contract between WIA and the employer for each individual position. This does not include classroom or institutional training and institutional training or intern assignments sponsored by WIA/WIOA, even when an hourly amount is paid for such training. Refer to per OAC 340:40-7-12(25)(G) for other types of excluded WIA income.~~

~~(5)~~ **Title I payments of Domestic Volunteer Services Act.** Payments under Title I of the Domestic Volunteer Services Act of 1973 as amended ~~per P.L. Public Law 93-113~~ are considered income unless excluded per OAC 340:40-7-12.

~~(6)~~ **Earnings of children.** Earned income of a minor parent is treated as adult earned income. Earnings of other children 17 years of age and younger who are under the parental control of an adult household member are excluded per OAC 340:40-7-12.

(c) **Unearned income.** Unearned income is income a person receives for which the person does not put forth any

daily, physical labor. Types of income listed in paragraphs (1) through (10) of this subsection are considered unearned income.

(1) **Assistance payments.** Assistance payments include state means-tested programs, such as Temporary Assistance for Needy Families (TANF), including Supported Permanency benefits, State Supplemental Payment (SSP) to the aged, blind, or disabled, and Refugee Resettlement Program (RRP) cash assistance.

(2) **Pensions, disability, and Social Security benefits.** Annuities, pensions, retirement benefits, disability benefits from either government or private sources, or Social Security survivor benefits are considered unearned income.

(A) When a minor child receiving Social Security benefits no longer lives with the payee receiving the Social Security benefits, only the portion of the child's Social Security benefit used to meet the minor child's needs is considered income. This may include cash given directly to the minor child or money paid to a third party for room and board for the minor child.

(B) The parent or caretaker or, when appropriate, the minor child must take action to become the payee within ~~90 calendar days~~ the 12 month eligibility period per OAC 340:40-7-9(d). When ~~the parent, caretaker, or minor child does not take action is not taken within 90 calendar days~~ by renewal, the worker counts the total Social Security benefit as income.

(3) **Supplemental Security Income (SSI).** SSI is considered unearned income.

(4) **Unemployment and workers' compensation.** Income from unemployment insurance benefits or workers' compensation is counted as unearned income.

(5) **Child support, court-ordered or third party paid child care, and alimony.** Child support, child care payments, and alimony payments, whether court-ordered or voluntary, made directly to the household from non-household members are counted as unearned income.

(A) When a child care payment is paid directly to the child care provider, it is not considered income for the client.

(B) When the absent parent reports he or she is paying a portion of the client's family share copayment to the child care provider, the only action taken by the worker is to record this in the case record.

(C) When the absent parent or another third party, such as an employer, is making a payment to the provider in addition to the client's copayment, it is considered as an additional copayment that must be met before the Oklahoma Department of Human Services (DHS) makes a subsidy payment to the provider.

(D) Any other payment made to a third party for a household expense must be considered as income when a court order directs the payment be made to the household. Payments for medical support are excluded.

~~(6) **Veterans' compensation, pensions, or military allotments.** Annuities, pensions, disability~~

Disability compensation, military allotments, servicemen dependent allowances, and similar payments are considered unearned income.

(7) **Contributions.** Appreciable contributions recurrently received in cash are considered unearned income except when the contribution is not made directly to the client. To be appreciable, a contribution must exceed \$30 per calendar quarter per person.

(8) **Dividends, interest, minerals, and royalties.** Dividends, interest income, income from minerals, royalties, and similar sources are considered unearned income. When income from these sources is received irregularly or in varied amounts, it is averaged over 12 months. Income from royalties is treated as unearned, self-employment income, subject to (b)(2) of this Section.

(9) **Lump sum payments.** Recurring lump sum payments, including income from earnings, are averaged over the period they are intended to cover.

(10) **Irregular income.** Income received irregularly but in excess of \$30 per quarter is considered income unless it is from an excluded income source specifically mentioned at OAC 340:40-7-12. Countable irregular income is averaged over 12 months.

340:40-7-12. Sources of excluded income

Only the income listed in this Section is excluded in determining a household's eligibility for a child care benefit. No other income is excluded.

(1) **Lump sum payments.** One-time lump sum payments are excluded as income. Recurring lump sum payments are excluded as a countable income source unless specifically mentioned per Oklahoma Administrative Code (OAC) 340:40-7-11 ~~as a countable source of income.~~

(2) **In-kind income.** In-kind income is excluded as income. In-kind income is defined as any gain or benefit that is not in the form of money paid directly to the household. This includes non-monetary or in-kind benefits, such as meals, clothing, public housing, or produce from a garden.

(3) **Money received from the sale of property.** Money received from the sale of property, such as stocks, bonds, or a house, or a car is excluded. This exclusion does not apply when the person is engaged in the business of selling such property.

(4) **Bank or trust account withdrawals.** Money withdrawn from a bank or trust account is excluded as income even when used to meet current living expenses.

(5) **Capital gains.** The proceeds from the sale of capital goods or equipment are excluded.

(6) **Household income for certain children adopted through Oklahoma Department of Human Services (DHS).** The income of all household members is exempt for a child only when conditions in (A) through (E) are met. The:

(A) child was adopted through DHS or a federally-recognized Indian tribe, as defined by the Federal and Oklahoma Indian Child Welfare Acts, by the parent applying for benefits;

(B) adoptive parent applying for benefits must provide:

- (i) a fully executed Form 04AN002E, Adoption Assistance Agreement, listing child care as an adoption assistance benefit for the child;
- (ii) Form 04AN033E, Post Adoption Child Care Referral;
- (iii) the Final Decree of Adoption; and
- (iv) a form of identity;

(C) adoptive parent and child are Oklahoma residents ~~of Oklahoma~~;

(D) child is 5 years of age or younger. When a child turns 6 years of age during the 12-month eligibility period, household income remains exempt until the next renewal; and

(E) adoptive parent meets an allowable need factor ~~as defined in~~ per OAC 340:40-7-7 and OAC 340:40-7-8 and provides proof. In a two-parent family, both parents must meet an allowable need factor.

(7) **Household income when at least one child attends an Early Head Start-Child Care (EHS-CC) Partnership grant program.** The household income is exempt for all children in care when at least one child attends an EHS-CC Partnership grant program and the household meets income guidelines per DHS Appendix C-4, Child Care Eligibility/~~Co-payment~~Copayment Chart.

(8) **Earnings of children.** Earnings~~Exclude~~ the earnings of a person 17 years of age and younger who is considered a child in the case ~~is excluded~~ as long as the child is attending school regularly. The exclusion continues to apply during temporary interruptions in school attendance due to semester or vacation breaks, provided the child's enrollment resumes following the break. When the child is a minor parent and the payee, the minor parent's earnings are treated as adult income.

(9) **Irregular income.** Any income received too infrequently or irregularly to be reasonably anticipated is not counted unless it is in excess of \$30 per calendar quarter.

(10) **Reimbursements.** Reimbursements for past or future expenses not exceeding actual expenses are excluded.

(11) **Tax refunds.** ~~Federal~~Exclude federal or state income tax refunds; including ~~the state and federal~~ Earned Income Tax Credit (EITC), ~~and advance~~ payments of ~~federal EITC are excluded.~~

(12) **Money received for third parties.** Money received and used for the care and maintenance of a third party who is not a household member is excluded.

(13) **Loans.** All loans, including loans from private as well as commercial institutions, are excluded as income. Verification the incomeWhen the household states someone is loaning the household money to meet expenses, a statement signed by both parties is required indicating the payment is a loan is required and must be repaid. When the household states it receives loans on a recurrent or regular basis from the same source, the lender must sign an affidavit stating the payments are loans that must be repaid or that payments will be made in accordance with an established repayment schedule.

Permanent Final Adoptions

(14) **Grants.** Grants obtained and used under conditions that preclude their use for current living costs are excluded.

(15) **Educational assistance.** Educational assistance is excluded ~~when receipt is contingent upon the student regularly attending school.~~

~~(A) Examples of educational assistance include as income and includes, but is not limited to:~~

~~(i) work study;~~

~~(ii) scholarships;~~

~~(iii) fellowships;~~

~~(iv) educational loans when payment is deferred; and~~

~~(v) veteran's/veterans' education benefits.~~

~~(B) The educational assistance must be intended to offset the costs of education and expenses as identified by the institution, school, program, or other grantor.~~

~~(C) When the educational assistance is not intended to be a reimbursement and is a gain to the client, it is considered income.~~

(16) **Stipends.** Stipends paid to students participating in the Indian Vocational Education Program through the Carl D. Perkins Vocational and Applied Technology Education Act are excluded as income.

(17) **Service Corps of Retired Executives (SCORE) and Active Corps of Executives (ACE).** Payment for supportive services or reimbursement of out-of-pocket expenses made to volunteers serving as foster grandparents, senior health aides, ~~or~~ senior companions, and to persons serving in SCORE and ACE is excluded as income.

(18) **Government rent or housing subsidies.** Government rent or housing subsidies by government agencies received in-kind or in cash for rent, mortgage payments, or utilities ~~is~~are excluded as income.

(19) **Foster care payments.** Foster care payments received for a foster child in state or tribal custody are excluded as income.

(20) **Title IV E of the Social Security Act or State Adoption Subsidy.** Federal or state funded adoption subsidy payments made to adoptive parents are excluded as income.

(21) **Victims of Crime Act of 1984.** Payments made from the crime victims' compensation program as amended in Section 1402 of the Victims of Crime Act of 1984 and per Section 10602 of Title 42 of the United States Code (42 U.S.C. § 10602) are excluded as income. ~~[42 USC 10602]~~

(22) **Family Support Assistance Payment Program.** Family Support Assistance Payment Program payments paid to persons by the DHS Developmental Disabilities Services are excluded as income.

(23) **Vendor payments.** Vendor payments made directly to the household's creditors, ~~or~~ a person, or an organization providing a service to the household, are excluded as income unless a court order or other legally binding agreement specifies the money is to be paid directly to the client.

(24) **Money received by another household for a household member.**

(A) When a child spends part of the month in two separate households and receives countable income, the worker considers the portion of the income received by the household applying for or receiving a child care benefit as income and excludes the remainder.

(B) When a minor parent is the payee and lives with ~~one of his or her parents~~ a parent or caretaker, child support received for the minor parent is considered income for the parent or caretaker and not considered for the minor parent's child care benefit.

(25) **Money deposited into or withdrawn from a qualified Oklahoma Achieving a Better Life Experience (ABLE) Program account.** Money deposited into or withdrawn from a qualified ABLE Program account per Sections 4001.1 through 4001.5 of Title 56 of the Oklahoma Statutes or a qualified ABLE Program account set up in any other state per the ABLE Act of 2014 (26 U.S.C. § 529A) is excluded as income when the client:

(A) provides documents to verify the account meets exemption criteria;

(B) verifies money deposited in the account does not exceed the annual federal gift tax exclusion amount per 26 U.S.C. § 2503(b). Any money deposited in the account in the calendar year that is in excess of the annual federal gift tax exclusion amount is considered as countable income in the amount deposited; and

(C) verifies withdrawals from the account were used to pay qualified disability expenses. Money withdrawn for reasons other than to pay qualified disability expenses is considered as income for the month of withdrawal.

(2526) **Income excluded by federal law.** Income excluded by federal law is defined as:

(A) payments received under Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970;

(B) payments received:

(i) under the Alaska Native Claims Settlement Act, ~~per~~ Public Law (P.L.) 92-203, § 21(a);

(ii) under the Sac and Fox Indian Claims Agreement, ~~per~~ P.L. 94-189;

(iii) from the disposition of funds to the Grand River Band of Ottawa Indians ~~per~~ P.L. 94-540;

(iv) by members of the Confederated Tribes of the Mescalero Reservation ~~per~~ P.L. 95-433;

(v) under the Maine Indian Claims Settlement Act of 1980 to members of the Passamaquoddy and the Penobscot Nation, ~~per~~ P.L. 96-420; or

(vi) by an individual as a lump sum or a periodic payment via the Cobell Settlement per the Claims Resolution Act of 2010, ~~per~~ P.L. 111-291;

(C) any payment to volunteers under Title II, Retired and Senior Volunteer Program, Foster Grandparents and others, of the Domestic Volunteer Services

Act of 1973, ~~P.L. 93-113~~ as amended. Payments under Title I of that Act, Volunteers in Service To America, University Year for Action, and Urban Crime Prevention Program, to volunteers are excluded only ~~if~~when the monthly amount, ~~when~~ converted to an hourly rate, is less than the Oklahoma minimum wage;

(D) income derived from submarginal land of the United States held in trust for certain Indian tribes ~~per~~P.L. 94-114, See Section 6;

(E) Indian per capita payments distributed from judgment awards and trust funds made ~~pursuant to~~per P.L. 98-64. Also excluded is any interest or investment income accrued on such funds while held in trust or any purchases made with judgment funds, trust funds, interest, or investment income accrued on such funds. Any per capita payments, headrights of the Osage tribe, income from mineral leases or other tribal business ventures are excluded as long as the payments are paid per capita. Any interest or income derived from the funds after distribution is considered as any other income. The per capita exclusion applies per person rather than per family;

(F) income up to \$2,000 per year received by individual Indians, ~~which is~~ derived from leases or other uses of individually-owned trust or restricted lands, is not counted as income. The income exclusion applies to calendar years beginning January 1, 1994. Any remaining disbursements from the trust or restricted lands are considered as income;

(G) allowances, stipends, earnings, compensation in lieu of wages, grants, and other payments made for participation in the Workforce ~~Investment~~Innovation and Opportunity Act (WIA)(WIOA) or other federally funded workforce training program to persons of all ages and student status with the exception of income paid to persons 19 years of age and older for on-the-job training. This income is treated as any other earned income. ~~Refer to~~per OAC 340:40-7-11(b)(4);

(H) payments, allowances, or earnings to persons participating in programs under Title I of the National and Community Service Trust Act of 1993. Title I includes three Acts: Serve-America, The Community Service, Schools and Service-Learning Act of 1990, the American Conservation and Youth Service Corps Act of 1990, and the National and Community Service Act. Most of the payments are made as a weekly stipend or for educational assistance. The Higher Education Service-Learning Program and the AmeriCorps Umbrella Program come under this Title. This includes AmeriCorps income;

(I) payments or allowances made under any federal law for the purpose of energy assistance, Low Income Home Energy Assistance Program (LIHEAP), and utility payments and reimbursements made by

the Department of Housing and Urban Development (HUD) and the Farmers Home Administration (FmHA);

(J) the amount of the mandatory salary reduction of military service personnel used to fund the G.I. Bill;

(K) all funds paid to persons under the Community Service Employment Program under Title V, P.L. 100-175. This program is authorized by the Older Americans Act. Each ~~State~~state and various organizations receive some Title V funds. These organizations include:

- (i) Experience Works, formerly Green Thumb;
- (ii) National Council on Aging;
- (iii) National Council of Senior Citizens;
- (iv) American Association of Retired Persons;
- (v) United States (U.S.) Forest Service;
- (vi) National Association for Spanish Speaking Elderly;
- (vii) National Urban League;
- (viii) National Council on Black Aging; and
- (ix) National Council on Indian Aging;

(L) payments made from the Agent Orange Settlement Fund or any other fund established pursuant to the settlement In Re Agent Orange Product Liability Litigation, M.D.L. No. 381 (E.D.N.Y.);

(M) payments received under the Civil Liberties Act of 1988. These payments are made to persons of Japanese ancestry who were detained in internment camps during World War II;

(N) payments made from the Radiation Exposure Compensation Trust Fund as compensation for injuries or deaths resulting from exposure to radiation from nuclear testing and uranium mining;

(O) payments for the fulfillment of a Plan for Achieving Self-Support under Title XVI of the Social Security Act;

(P) payments made to persons because of their status as victims of Nazi persecution;

(Q) payments made for the Experimental Housing Allowance Program under Annual Contributions Contracts entered into prior to January 1, 1975, ~~under~~per Section 23 of the U.S. Housing Act of 1937 as amended;

(R) monetary allowances provided to certain children of Vietnam War veterans ~~as described in~~per Chapter 18 of Title 38 of the United States Code (USC);

(S) federal funds distributed by Federal Emergency Management Assistance (FEMA) due to a disaster or emergency to persons directly affected by the event. This exclusion also applies to comparable disaster assistance provided by states, local governments, and disaster assistance organizations. For payments to be excluded, the disaster or emergency must be declared by the President of the United States;

Permanent Final Adoptions

- (T) the value of the food benefit allotment under the Food and Nutrition Act of 2008; and
- (U) the value of supplemental food assistance under the Child Nutrition Act of 1966 and the special food services program for children under the National School Lunch Act of 1970, both as amended by the per Omnibus Budget Reconciliation Act of 1981.

SUBCHAPTER 9. PROCEDURES RELATING TO CASE CHANGES

340:40-9-1. Renewal of child care eligibility

(a) **Child care renewal.** All conditions of eligibility are periodically reviewed per OAC 340:40-7. The client is sent notification when the renewal is due and the methods the client may use to complete it. The client must complete the child care renewal at the end of the 12-month eligibility period in order to continue receiving benefits. Refer to Oklahoma Administrative Code 340:40-9-2(g) for reasons child care is closed prior to the renewal. At renewal, the client is sent a computer-generated notice informing the client:

- (1) the renewal is due;
- (2) the methods the client may use to complete the renewal;
- (3) types of verification that may be required; and
- (4) when benefits close if the renewal is not completed.

(b) **Renewal time frame.** ~~When circumstances change between renewal months, the worker evaluates whether to complete a renewal early, a new application, or make changes to the client's family share co-payment and/or plan of service. A child care renewal for subsidized child care benefits must be completed is due no later earlier than 12 months from the date of approval or the last renewal unless the client receives SNAP and benefits must be synchronized per (f) of this Section:~~

- ~~(1) six months from the date of approval or the last renewal when the child does not receive public assistance; or~~
- ~~(2) 12 months from the date of approval or last renewal when the child receives Temporary Assistance for Needy Families (TANF) or a State Supplemental Payment (SSP).~~

(c) **Signature requirement.** The client or the client's authorized representative must sign the renewal.

(d) **Interview requirement.** An interview is not required at renewal for the Child Care Subsidy Program ~~unless the client receives child care benefits because of a protective or preventive reason per OAC 340:40-7-8. When an interview is required, it must be a face-to-face interview.~~

(e) **Eligibility determination.** An eligibility determination is made once the renewal is signed, all required information ~~has been~~ provided, an interview, if required, is conducted, and all information evaluated.

- (1) The eligibility determination results in:
 - (A) completing the renewal without changes;
 - (B) completing the renewal with changes; or
 - (C) closing the child care benefits.

(2) Benefits, when closed, may be reopened when the client provides required information ~~by the last day of the month~~ within 30-calendar days of closure.

(f) **Synchronization of benefits.** When the client is receiving other Adult and Family Services benefits ~~from the Oklahoma Department of Human Services~~ in addition to the subsidized child care benefits, certification and renewal dates must be coordinated with the other programs.

340:40-9-2. Case changes

(a) **Case changes.** The client must report ~~any~~ changes in his or her circumstances within 10-calendar days that would result in an increase or decrease in subsidized child care benefits ~~within 10-calendar days. The worker acts on changes that increase or decrease within 10-calendar days of a reported change listed in this paragraph, except for (8), when the change increases or decreases the subsidized child care benefits within 10-calendar days of the reported change.~~ Failure to report changes timely may result in an overpayment assessment against the client. Examples of changes the client must report include:

- (1) household income;
- (2) household composition;
- (3) names and number of household members in child care;
- (4) ~~the reason child care is needed;~~
- (5) the parent's or caretaker's work or school schedule or any other change affecting the days and hours child care is needed;
- ~~(6) the client's address or telephone number;~~
- ~~(7) the child care facility the child is attending;~~
- ~~(8) when child care is no longer being used or needed;~~
- ~~(9) when the reason for child care changes or the client no longer meets a need factor;~~
- (9) family size; and
- (10) when a child stops attending an Early Head Start-Child Care Partnership grant program.

(b) **Change of payee.** When a change of payee is reported, a new application must be taken. Refer to Oklahoma Administrative Code (OAC) 340:40-3-1 for application processes.

(c) **Additional child request.** When an additional child requires subsidized child care benefits, the worker completes the request within two ~~working~~ business days of the client providing all necessary verification to determine eligibility. When eligible, the child may be approved for subsidized child care benefits beginning with the date of request. Family share copayment increases due to adding an additional child to the subsidized child care benefits are effective the month after the month the client requests subsidized child care benefits for the child.

(d) **Changes that increase the subsidized child care benefits.** When the client reports a timely change ~~timely~~ that increases the subsidized child care benefits, the client and the worker jointly plan the effective date of the change. When the client does not report timely changes ~~timely~~, the earliest date the worker increases the subsidized child care benefits is the first day of the month in which the client reports the change.

(e) **Changes that decrease the subsidized child care benefits.** When possible, the worker and client plan changes that decrease the subsidized child care benefits before implementing the change. When the client reports an increase in income, the worker uses Oklahoma Department of Human Services (DHS) Appendix C-4, Child Care Eligibility/~~Co-payment~~Copayment Chart, to determine whether the household meets income guidelines per OAC 340:40-5-1(8) and to apply or increase a family share copayment when appropriate. Unless the client consents to an earlier change date, the worker makes changes that decrease the client's subsidized child care benefits effective the next advance notice deadline date per DHS Appendix B-2, Deadlines for Case Actions.

(f) **Change in provider.** When a client reports a change in provider, the change is effective the date the change in provider occurs, regardless of whether the client reports the change timely. The worker completes provider changes within two ~~working~~business days of the date the client reports the change.

(g) **Closure of the subsidized child care benefits.** When the client is no longer eligible for subsidized child care benefits, the closure date varies depending on circumstances.

(1) When advance notice is required for reasons other than (2) through (6) of this paragraph, the worker closes the subsidized child care benefits effective 10-calendar days from the date action is taken.

(2) When the closure is based on anticipated income the client will receive in the next month, the worker closes the child care benefit effective the last day of the current calendar month.

(3) When at child care renewal, the client does not meet a need factor or is not pursuing child support or other potential income per OAC 340:40-7-9, the worker closes the child care benefit effective the last calendar day of the renewal month.

(4) When the client receiving Temporary Assistance for Needy Families (TANF) related subsidized child care per OAC 340:40-7-8(e) stops meeting a need factor, the worker closes the child care benefit effective 90-calendar days from the date the client stops participating.

(5) When a client stops participating in Supplemental Nutrition Assistance Program Employment and Training activities per OAC 340:40-7-8(d) and does not meet another need factor, the worker closes the child care benefit effective 90-calendar days from the date the client stops participating.

(6) Ten-day advance notice is not required when the client gives written permission agreeing to an earlier closure date. The earliest date the worker closes the child care benefit is the date action is taken.

(7) When the client does not complete the benefit renewal timely, the system closes the child care benefit effective the last day of the renewal month.

(h) **Reopen action.** When a client's subsidized child care benefits close, benefits may be reopened within 30-calendar days of the closure effective date using current eligibility information unless the client must complete a new application per OAC 340:40-3-1(a)(1). A new application is required when:

- (1) the client's subsidized child care benefits are closed for more than 30-calendar days;
- (2) the payee changes; or
- (3) family income was excluded per OAC 340:40-7-12(6) for an adopted child turning 6 years of age unless the child can be added to an open income eligible case established for the child's siblings in which the adoptive parent's income is considered. When an adopted child turns 6 years of age during the eligibility period, household income is exempt until the next renewal, at which time, a new application is required.

SUBCHAPTER 13. CHILD CARE RATES AND PROVIDER ISSUES

340:40-13-3. Child care payments and rates

(a) The Oklahoma Department of Human Services (~~OKDHS~~DHS) contracts to purchase out-of-home child care services for children only with licensed providers who:

- (1) post rates and fees;
- (2) sign and comply with all the terms of Form 08CC001E, Child Care Provider Contract;
- (3) have participated in mandatory contract training; and
- (4) have access to an account at a financial institution for electronic benefit transfer (EBT) purposes.

(b) Per Section 85.44B of Title 74 of the Oklahoma Statutes, ~~OKDHS~~DHS cannot make advance payments to child care providers.

(c) The rates paid by ~~OKDHS~~DHS are described on DHS Appendix C-4-B, Child Care Provider Rate Schedule, and determined by:

- (1) the child's age;
- (2) settings in which the care is provided:
 - (A) the child's own home;
 - (B) a child care center; or
 - (C) a child care home;
- (3) whether the child has disabilities and the provider is approved for the special needs rate unit type. The special needs rate is added to the applicable rate a child care provider receives for a typical child of the same age after the Form 08AD006E, Certification for Special Needs Child Care Rate, Certification for Special Needs Child Care Rate for Licensed Child Care Homes and Centers, approval process is followed;
- (4) whether the care is provided full-time, over four hours per day, or part-time, four hours or fewer per day;
- (5) whether the worker approves a full-time daily, part-time daily, a combination of full-time and part-time daily, blended, or a weekly unit;
- (6) the county in which the provider is located; and
- (7) whether the facility qualifies for a differential quality rate.

(d) The in-home child care rate is paid for children cared for in their own homes. The in-home rate is shown on ~~OKDHS~~DHS Appendix C-4-B for the child's age. If a child is eligible

Permanent Final Adoptions

for the severe or moderate special needs rate, this additional amount is added to the applicable in-home rate for that child.

(e) When the child is cared for in an out-of-home child care center or home, the allowable rate is the amount as shown on ~~OKDHS~~DHS Appendix C-4-B.

(f) Care may only be authorized at one facility per day per child. If the client uses care at two different providers for the same day for the same child, ~~OKDHS~~DHS staff approves care at only one of the facilities. The parent or caretaker may use care at two different providers for the same child when care is needed on different days of the week.

(g) Charges are authorized and payment is made only when the care provided is in accordance with the jointly developed child care plan of service between the client and ~~OKDHS~~DHS.

(h) Age-driven rate changes are effective the first of the month following the child's birth date ~~except as shown in (i) of this Section.~~

(i) ~~Eligibility for a child stops the day before a:~~
(1) ~~typical child reaches 13 years of age; or~~
(2) ~~a child with disabilities or a child under court supervision reaches 19 years of age.~~

(j) A change to add the higher special needs rate to the applicable daily rate is effective the first of the month following the month eligibility for this rate is determined.

(k) A child care provider may be approved for a differential quality rate if he or she meets the criteria for this rate. This rate is approved effective the first of the month following the month Oklahoma Child Care Services (~~OCCS~~) licensing staff approves the provider for the rate. The rate is designated on ~~OKDHS~~DHS Appendix C-4-B by its star status.

340:40-13-5. Child care provider contracts

(a) **Criteria.** A child care ~~provider facility owner and the Oklahoma Department of Human Services (DHS) director or designee~~ must ~~have a current sign~~ Form 08CC001E, Child Care Provider Contract, ~~signed by the owner of the facility and the Oklahoma Department of Human Services (DHS) Director or designee~~ before DHS pays for out-of-home child care services. By signing the contract, the provider agrees to not take into account a person's race, color, religion, sex, national origin, or disability in deciding which children to accept in the child care program or in how services are provided to them. Age may be a factor only to the extent that certain services are designed for a particular age group.

(1) Written complaints of noncompliance with the assurance in (a) of this Section may be made to the DHS Director or to the Secretary of Health and Human Services, Washington, D.C., 20201.

(2) Local Child Care Services (CCS) licensing staff provides initial contract information ~~about contracts~~ for child care facilities. The provider contacts Adult and Family Services (AFS), Child Care Subsidy staff to request a contract.

(3) Child care contracts are valid for a maximum of one year. Contracts may be renewed at the sole option of DHS for successive one year terms, ~~under the same terms and conditions, unless the child care provider or DHS gives written notice of its intent not to renew to the other party at~~

~~least 30 calendar days prior to the expiration of the current term~~ (g) of this Section.

(b) **License and star status for child care centers and homes.** DHS does not contract with child care providers located out-of-state ~~unless the provider had a contract in effect on January 1, 2010.~~ Child care providers may only obtain a DHS contract after they are licensed or permitted.

(1) A child care center provider requesting a contract must have a license or permit and a one plus or higher star status.

(2) A child care home provider requesting a contract must have a license or a permit.

(A) When licensed, the child care home provider must have a star status of one star or higher.

(B) When on permit, the child care home provider must have a star status of one star plus or higher.

(c) **Procedure for obtaining child care contracts.** The procedures in (1) through (5) of this subsection are used to obtain child care contracts.

(1) CSS licensing staff gives the child care provider a publication DHS Publication 07-12, "Obtaining a Contract with OKDHS for Child Care Subsidy Payments" and instructs the provider to contact AFS Child Care Subsidy to obtain a DHS child care contract ~~with DHS.~~

(2) When contacted by the owner of a child care facility, AFS Child Care Subsidy staff explains to the owner or person authorized to sign the contract that he or she must provide documents listed in (A) through ~~(E)~~(C) of this paragraph before signing a contract. Documents include a copy of:

(A) the owner's Social Security card;

(B) ~~the owner's Oklahoma State Bureau of Investigation (OSBI) background investigation report unless a National Criminal History Result Information report is on file with DHS;~~

~~(C)~~ a document from the Internal Revenue Service (IRS) verifying the employer identification number (EIN) for a child care center provider and a home provider who is not a sole proprietor; and

~~(E)~~(C) the certificate of completion of the required online "Orientation to Child Care Subsidy Contracts" training.

(3) Once the owner provides the required documents, AFS Child Care Subsidy staff sends Form 08CC001E to the provider and explains that the earliest date a contract is valid is the date of approval by the DHS Director or designee.

(4) The owner or person authorized to sign the contract signs and returns the contract to AFS Child Care Subsidy.

(5) AFS Child Care Subsidy staff processes the contract request for approval or denial.

(A) When approved, AFS Child Care Subsidy staff assigns a contract number and sends a copy of the signed contract ~~back~~ to the provider.

(B) When denied, AFS Child Care Subsidy staff sends a ~~denial~~ letter to the provider ~~advising of the denial.~~

(d) **Changes the provider must report.** Form 08CC001E informs child care providers of changes they must report to AFS Child Care Subsidy no less than 30-calendar days prior to the effective date of any changes. When the provider fails to report the anticipated change timely and a new contract is needed, a gap may occur in the child care subsidy payment to the provider. Changes that must be reported include:

- (1) collaborations or agreements;
- (2) change of ownership;
- (3) change of legal business entity;
- (4) change in facility status;
- (5) legal name change;
- (6) plan to stop caring for children; and
- (7) reduction of star status.

(e) **Changes that require a new contract.** A new contract is required when changes listed in (1) through (3) of this subsection occur.

- (1) **Change in ownership.** A change in ownership occurs when the owner of a child care center or child care home changes.
- (2) **Change of legal business entity.** A change of legal business entity is a change from one legal business entity type to another. Refer to Appendix L-7, Ownership Proof Chart, for a list of legal business entity types.
- (3) **Change in facility status.** A change in facility status occurs when a child care home changes to a child care center or a child care center changes to a child care home.

(f) **Providing care at a different site than is authorized.** When the child care provider signs the child care contract, he or she agrees to provide care only at the physical address designated in the contract.

~~(1) In certain circumstances after obtaining prior written approval from AFS Child Care Subsidy staff, a child care center provider owning more than one child care center may be authorized to move children receiving subsidized child care benefits and the point-of-service (POS) machine to an alternate center. The provider must receive prior written approval from AFS Child Care Subsidy staff authorizing him or her to move the children and the point of service (POS) machine to the alternate site for a designated period of time.~~

(2) AFS Child Care Subsidy staff may ~~approve~~ provide written approval when ~~(1)(A)~~ through ~~(4)(D)~~ of this subsection ~~paragraph~~ are met.

- ~~(1A)~~ The same owner or legal business entity operates the alternate site.
- ~~(2B)~~ The alternate site is licensed and contracted at the same star level and the provider has adequate licensed capacity at the alternate site.
- ~~(3C)~~ There is a legitimate business reason for providing care in another location.
- ~~(4D)~~ The provider advises AFS Child Care Subsidy staff how he or she is ensuring parents are aware their children are being cared for at a different location.

(g) **Renewal of child care contracts.** ~~Child care contracts~~ contract renewal. ~~Contracts~~ Child care contracts may be renewed at the sole option of DHS for successive one-year terms, under the same terms and conditions, unless DHS makes changes to

Form 08CC001E. The child care contract is not renewed when:

- (1) the provider or DHS gives written notice of its intent not to renew to the other party at least 30-calendar days prior to the expiration of the previous contract term; or
- (2) ~~A contract is not renewed when a provider during the contract renewal period, the provider fails to:~~
 - (A) complete required contract training; or
 - (B) ~~to~~ provide any other information or documents requested ~~during the contract renewal period.~~

(h) **Contract violations.** ~~When~~ By signing the child care provider signs contract, Form 08CC001E, the child care provider agrees to abide by the terms of the contract. When local county staff becomes aware a provider is violating the terms of the contract, he or she ~~sends an email~~ emails the circumstances to AFS Child Care Subsidy staff ~~advising of the circumstances.~~ Local county staff may also complete Form 19MP001E, Referral Form, to report the violation to the Office of Inspector General. Examples of contract violations include, but are not limited to:

- (1) discriminating against persons seeking services by charging a discriminatory rate or violating a person's rights as listed in the Civil Rights Act of 1964 as amended, the Rehabilitation Act of 1973 as amended, or the Americans with Disabilities Act of 1990, as amended;
- (2) failing to maintain a drug-free workplace;
- (3) operating over licensed capacity;
- (4) possessing or swiping a client's electronic benefit transfer (EBT) card;
- (5) knowing a client's EBT personal identification number (PIN);
- (6) refusing unlimited access by a parent or caretaker to the areas of the facility used for child care during the hours of operation;
- (7) failing to ensure the parent or caretaker records accurate time and attendance information on the POS machine. During the school year when a child is approved for a blended unit type or any time part-time care is approved, the parent or caretaker is only required to enter one swipe per day to record attendance because the number or hours the child attends does not affect provider payment;
- (8) charging a client receiving subsidized child care more than the DHS rate for days and hours within the client's child care plan;
- (9) charging a client receiving subsidized child care an allowable fee when not charged to non-DHS participants;
- (10) failing to post all of the facility's rates and fees;
- (11) charging or requiring a client to swipe attendance for days and hours outside of client's child care plan when those days and hours are a requirement of the provider, not a choice of the client;
- (12) failing to advise and provide DHS a completed copy of any collaboration or agreement the provider enters into within 30-calendar days of signing the collaboration or agreement. This includes agreements with Head Start, Early Head Start, public schools, or ~~any~~ other programs receiving ~~state or federal or state~~ state or federal or state funding;

Permanent Final Adoptions

(13) claiming or receiving payment from DHS for any hours of care the provider is not charging all parents for care because provider receives federal or state ~~or federal~~ funds for those hours. Refer to Oklahoma Administrative Code (OAC) 340:40-5-1(7) ~~for policy on~~ regarding collaborations;

(14) claiming payment for care given for any hours in an unlicensed collaborative classroom;

(15) moving the children from the agreed upon location shown in the contract and claiming for services at the other location without prior, written approval from AFS Child Care Subsidy staff;

(16) moving the POS machine without receiving prior, written approval from AFS Child Care Subsidy staff per subsection (f) of this Section;

(17) failing to inform DHS of a change in facility status, legal business entity, or ownership of the business at least 30-calendar days in advance of the change;

(18) failing to inform DHS in writing within 10-calendar days of any person who has an ownership or controlling interest in, or is an agent or managing employee of the child care business, who ~~has been~~ was convicted of a criminal offense related to such person's involvement under Titles XVIII, XIX, or XX of the Social Security Act;

(19) ~~not maintaining copies of manual claims filed during the last three years;~~

(20) ~~not maintaining daily written attendance records that include in and out times for the last three years;~~

(21) ~~refusing to make available to DHS all business records that document proper fiscal and program management by the provider within an hour of request by any DHS representative;~~

(22) ~~failing to allow full access to the facility's premises and personnel to investigate a complaint;~~

(23) ~~failing to report the income from the child care business within 10-calendar days to his or her AFS worker if when receiving benefits;~~

(24) ~~claiming payment for care given by a home provider for an employee's child. Refer to OAC 340:40-5-1(7);~~

(25) ~~subcontracting services to another provider; and/or~~

(26) ~~breaching the contract signed by the provider with the DHS EBT contractor.~~

(i) **Cancellation of child care provider contracts.** AFS Child Care Subsidy staff initiates the cancellation by issuing a notice to the provider. When AFS cancels a contract, all open child care authorizations for the provider close automatically. Contracts may be cancelled:

(1) with cause. The effective date of cancellation is 13-calendar days after AFS Child Care Subsidy staff mails the notice. This allows three-calendar days for mailing time. The notice must contain a reference to the grounds for cancellation including the specific contract provision(s) ~~that was~~ violated; or

(2) without cause. The effective date of cancellation is 33-calendar days after AFS Child Care Subsidy staff mails

the notice. This allows three-calendar days for mailing time.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2017:

Permanent Final Adoptions

SUBCHAPTER 1. GENERAL PROVISIONS

340:50-1-5. ~~Non-discrimination~~ Civil rights responsibilities

(a) **Non-discrimination statement.** Applications for participation in the ~~The Oklahoma Department of Human Services (DHS) processes Supplemental Nutrition Assistance Program (SNAP) are handled~~ applications, certification renewals, and mid-certification renewals in a non-discriminatory manner without regard to age, race, color, sex, disability, religious creed, political beliefs, or national origin, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by the United States Department of Agriculture (USDA) per Section 272.6 of Title 7 of the Code of Federal Regulations.

(1) ~~Persons who believe they have been subject to discrimination may file a written complaint within 180 calendar days with the Secretary of Agriculture, Administrator of Food and Nutrition Services (FNS), or with OKDHS.~~

(2) ~~The worker explains the complaint system to each person who expresses an interest in filing a discrimination complaint and advises the person of the right to file a complaint.~~

(b) **Public notification.** DHS must have a public notification system to inform potentially eligible persons, applicants, and participants of the availability of SNAP food benefits, program rights and responsibilities, non-discrimination policy, and the procedure for filing a discrimination complaint. This includes, but is not limited to:

(1) informing applicants and participants during an application or certification renewal interview of the right to file a civil rights complaint, how to file a complaint, and complaint procedures per (c) of this Section;

(2) displaying the USDA "And Justice for All" poster in a prominent location, such as the lobby, in all DHS offices;

(3) displaying the non-discrimination statement on forms and public notification materials; and

(4) informing potentially eligible persons, applicants, participants, and grassroots organizations of programs and program changes. This includes information pertaining to eligibility, benefits, services, the location of local county offices or service delivery points, and hours of service.

(c) **Explanation of civil rights complaint process.** When a person makes a discrimination allegation to a DHS employee, the employee to whom the allegation is made is responsible for explaining the civil rights complaint process to the person. The proper procedure includes:

(1) providing Form 14CR001E, Discrimination Complaint - Client or Vendor, to any person alleging discrimination based on a protected class.

(A) The employee offers to help the person complete Form 14CR001E and asks if the complainant wants the employee to submit the complaint for the complainant.

(B) The complainant may choose to submit a written statement instead of using Form 14CR001E. When this occurs, the employee informs the person

what information is needed to facilitate the complaint investigation and provides the addresses for USDA and the DHS Office of Civil Rights (OCR).

(C) When a person makes a verbal discrimination allegation and is unable or unwilling to put the allegation in writing, the employee to whom the allegation is made completes Form 14CR001E based on the information provided by the complainant and asks the complainant to sign the form, when available;

(2) explaining to the complainant that he or she has the right to file the complaint with the DHS OCR or with the USDA Office of Civil Rights, or both;

(3) informing the complainant:

(A) he or she has the right to file a written complaint within 180-calendar days of the alleged discriminatory action and, if accepted for investigation, the investigation is completed within 90-calendar days of receipt;

(B) the complaint is confidential and protected by the Privacy Act of 1974;

(C) the complaint will not affect receipt of benefits; and

(D) DHS is prohibited from retaliating against the person for filing a complaint;

(4) asking the complainant if he or she would like to talk to a supervisor to try to resolve the matter.

(d) **Alternative means of communication.** Persons with disabilities who require alternative means of communication for program information are advised to contact the USDA's TARGET Center at (202) 720-2600 for voice and telecommunications device for the deaf or TDD.

340:50-1-8. **Reporting racial/ethnic groups**

~~Applicable data on households for racial/ethnic groups will be voluntarily collected and reported to FNS by the State Office.~~ The Oklahoma Department of Human Services is required to obtain ethnic and racial data on household members participating in the Supplemental Nutrition Assistance Program in the manner described by the Food and Nutrition Service per Section 272.6(g) of Title 7 of the Code of Federal Regulations.

(1) **Self-identification.** The applicant is asked to self-identify ethnic and racial information regarding all participating household members on the application and, when necessary, during the interview.

(A) The application must clearly indicate that the:

(i) provision of ethnic and racial data is voluntary and will not affect the eligibility or benefit level of food benefits; and

(ii) information is needed to ensure that food benefits are distributed without regard to race, color, or national origin.

(B) When the applicant does not self-identify ethnic and racial information on the application prior to the interview, the worker asks the applicant to provide ethnic and racial information during the interview and explains:

- (i) provision of ethnic and racial data is voluntary and will not affect the eligibility or benefit level of food benefits; and
 - (ii) information is needed to ensure that food benefits are distributed without regard to race, color, or national origin.
- (2) **Worker identification.** When the applicant chooses not to provide ethnic and race information, the applicant is informed that when possible, the worker makes a visual identification of the applicant's ethnicity and race, and records the data in the system.
- (3) **Race and Ethnic Categories.** To provide flexibility and ensure data quality, separate categories are used to collect and report ethnicity and race information.
- (A) The applicant is asked to provide ethnicity information first. The ethnicity question is "Are you Hispanic or Latino?" The term "Spanish origin" may be used in addition to "Hispanic" or "Latino." Hispanic or Latino refers to a person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.
 - (B) The applicant is then offered the option of selecting one or more racial designations. Racial designations include:
 - (i) American Indian or Alaskan Native referring to a person with origins in the original peoples of North or South America, including Central America, and who maintains tribal affiliation or community attachment;
 - (ii) Asian referring to a person with origins in the original peoples of the Far East, Southeast Asia, or the Indian subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, or Vietnam;
 - (iii) Black or African American referring to a person with origins of the black racial groups of Africa. Terms, such as "Haitian" or "Negro" may be used in addition to "Black" or "African American;"
 - (iv) Native Hawaiian or Other Pacific Islander referring to a person with origins in the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
 - (v) White, referring to a person with origins in any of the original peoples of Europe, the Middle East, or North Africa.

340:50-1-9. Rights and responsibilities

- (a) An applicant or recipient for the Supplemental Nutrition Assistance Program (SNAP) has the right to:
- (1) make application on the same day he or she initially contacts the Oklahoma Department of Human Services (~~OKDHS~~)(DHS) in person, by ~~telephone~~phone, or by mail, or through okdhslive.org;
 - (2) designate an authorized representative;
 - (3) be provided information about SNAP;

- (4) a face-to-face interview when ~~the person is discussing his or her individual situation with OKDHS~~requested;
 - (5) have access to free interpreter services when the applicant or recipient is limited English proficient and alternative means of communication for persons with disabilities;
 - (6) a prompt decision in writing ~~of a decision~~ on his or her application and, ~~if~~when eligible, to receive food benefits within 30-calendar days following application;
 - (67) retroactive or lost benefits when the application ~~has been wrongfully~~is incorrectly delayed, denied, or ~~terminated~~closed;
 - (78) the correct amount of food benefits based upon current budgetary standards;
 - (89) equal treatment. The applicant has the right to be treated the same as all other food benefit recipients. On the ~~grounds~~basis of race, color, religious creed, national origin, political beliefs, age, sex, or disability, a person applying for SNAP is not:
 - (A) excluded from participation;
 - (B) denied benefits; or
 - (C) subjected to discrimination;
 - (910) a fair hearing ~~if~~when dissatisfied with any ~~OKDHS~~DHS decision or lack of action in regard to his or her food benefit application. The ~~client~~applicant or recipient also has the right to examine his or her case record and all files and documents to be used at a fair hearing;
 - (1011) withdraw his or her application at any time prior to the eligibility determination ~~of eligibility~~. ~~Once~~After eligibility ~~has been~~is determined, the ~~client~~applicant or recipient has the right to request ~~that~~closure of his or her ~~case~~be closedfood benefits; and
 - (1112) examine the case ~~file~~record upon written request from a responsible member of the household or its authorized representative. ~~OKDHS~~DHS may withhold confidential information, ~~in accordance with~~per Oklahoma Administrative Code (OAC) 340:50-1-6.
- (b) The applicant or recipient has the responsibility to:
- (1) submit an application containing a legible name, address, and signature ~~if~~when he or she wants to participate in SNAP;
 - (2) participate in a ~~face to face~~an interview ~~unless it may be waived per OAC 340:50-3-2(b)~~. ~~The applicant or recipient has a face to face interview with a worker prior to initial certification and either a face to face or a telephone interview for all recertifications;~~
 - (3) supply information essential to ~~the establishment of his or her eligibility to participate in a~~SNAP eligibility determination;
 - (4) ~~provide required or requested verification. Gross non-exempt income and identified alien status are verified for all households prior to certification. The household has primary responsibility for providing verification. Certain exceptions to these requirements are specified at OAC 340:50-3-3;~~

Permanent Final Adoptions

- (5) be accountable for all information given by the authorized representative that includes any overissuance of benefits ~~that result~~ resulting from erroneous information given by an authorized representative;
 - (6) report certain changes. The applicant has the responsibility to report all changes ~~which that~~ occur between the application date of application and the certification interview. The recipient has the responsibility to report ~~certain~~ changes in circumstances within ten calendar days from the date the change becomes known to them per OAC 340:50-9-5;
 - (7) ~~cooperate by providing required information;~~
 - (8) register for work, unless otherwise exempt, at the time of the initial application and at each ~~recertification~~ certification renewal per OAC 340:50-5-85 and 340:50-5-86; and
 - (9) provide a Social Security number (SSN) for each household member that wants to participate in SNAP per OAC 340:50-5-68.
- (c) ~~OKDHS~~ DHS has the responsibility to:
- (1) accept an identifiable application when submitted. An identifiable application is an application containing a legible name, address, and a signature;
 - (2) inform the applicant or recipient of his or her rights and responsibilities;
 - (3) take prompt action on all applications by ~~either~~ approving or denying the application within 30-calendar days from the date the application is filed ~~submitted~~;
 - (4) take prompt action on all changes to determine if the change affects the household's eligibility or entitlement;
 - (5) notify the client of the need for recertification just prior to or at the start of the last month of the household's certification period ~~recipient when mid-certification and certification renewals are due per the time frames specified in OAC 340:50-9-5 and 340:50-9-6;~~
 - (6) recertify ~~renew~~ eligible households timely so there ~~will~~ is not be a break in the benefits the ~~client~~ recipient is eligible to receive;
 - (7) restore lost benefits when the food benefits were ~~wrongfully~~ incorrectly denied, delayed, or ~~terminated~~ closed;
 - (8) give adequate and/or timely notice of action when appropriate; and
 - (9) provide services. The local ~~human services center~~ (HSC) county office ensures that the operating hours meet the needs of recipients or applicants who work. ~~Annually~~ Each office is annually reviewed to ensure that such needs are met. The results of these reviews are retained ~~in~~ by Adult and Family Support Services ~~Division~~ SNAP staff for review by Food and Nutrition Services (~~FNS~~).

SUBCHAPTER 3. APPLICATION PROCESS

340:50-3-2. Interview process

- (a) ~~Face-to-face interview~~ Interview requirement. All households initially applying for food benefits or completing a certification renewal, including those submitting applications

electronically or by mail, must have a face-to-face or phone interview with a worker ~~except when the household~~ prior to certification unless the household meets criterion in (a)(2) or (b) of this Section. Staff may conduct 100 percent of all Supplemental Nutrition Assistance Program (SNAP) initial and certification renewal application interviews by phone.

(1) A face-to-face interview must be conducted when the household or its authorized representative requests the face-to-face interview, be waived because the household is unable to appoint an authorized representative and does not have a household member able to come to the county office because of hardship conditions. Hardship conditions include, but are not limited to:

- (A) education, training, or work hours that make it difficult to come to the county office during business hours;
- (B) illness or the need to care for a family or household member;
- (C) bad weather conditions;
- (D) transportation problems of any kind;
- (E) residence in a rural area; or
- (F) advanced age or disability; or

(2) is being recertified for food benefits. At certification renewal, the interview may be conducted face to face or by phone. Certification renewal interviews may be waived for households when all adult members are elderly or disabled and have no earned income.

(b) ~~Waiver of face-to-face interview~~. When the face-to-face interview is waived, the worker conducts the interview as soon as possible either by phone or at a location convenient to the household, such as a home visit.

- (1) The seven day expedited service or 30-calendar day processing standards apply.
- (2) The home visit or telephone interview is scheduled in advance with the household.
- (3) The household must provide the required verification. If the household is unable to furnish the required verification, the worker provides assistance.

(c) Postponed interviews. Households applying for food benefits that complete and sign an online application or hand-deliver, mail, or fax a complete and signed Form 08MP001E, Request for Benefits, to the county office and who appear eligible for expedited services per Oklahoma Administrative Code (OAC) 340:50-11-1 may have the interview postponed in certain circumstances. The seven-calendar day expedited service or 30-calendar day processing standards apply.

- (1) The interview may be postponed when the:
 - (A) applicant's identity is verified; and
 - (B) worker is unable to contact the household or determines that an interview cannot be scheduled within seven-calendar days.
- (2) When the interview is postponed, the worker ~~sends~~ schedules the interview in advance by sending the household Form 08AD092E08AD091E, Client Contact and Information Request Interview Notice, setting an interview date and time, and listing the type of verification

~~that must be provided~~ the household may need to provide before further benefits are approved.

(A) When, after the interview, the household needs to provide verification, the worker gives or sends the household Form 08AD092E, Client Contact and Information Request, requesting the verification. When the household informs the worker it is unable to furnish the required verification, the worker offers to help the applicant obtain the verification.

(i) The worker's assistance may range from explaining how or where to obtain proof to the worker obtaining proof when the applicant is unable to do so.

(ii) The worker is not required to obtain proof for an applicant who is unwilling to do so.

(B) Per OAC 340:50-3-1 and 340:50-11-5, the interview must be completed and postponed verification provided within 30-calendar days of the application date in order to avoid a break in benefits.

(C) ~~If~~When the household completes the interview and provides postponed verification within 60-calendar days of the date of application, ~~the household is not required to file a new application is not needed.~~ Benefits are prorated from the date the interview is completed and verification provided.

(dc) Who must be interviewed. The person interviewed may be the head of the household, spouse, any other responsible member of the household, or an authorized representative who knows the household's circumstances. ~~The~~When the household chooses to be interviewed face-to-face, the person interviewed may bring any person of their choice to the ~~face-to-face~~ interview.

(ed) Worker responsibilities during the interview. During the ~~face-to-face~~ interview, the worker:

- (1) reviews with the household the information on the application and resolves unclear and incomplete information;
- (2) inquires ~~whether~~if changes ~~have~~ occurred in the household's income, deductions, or other circumstances since the application was filed;
- (3) ~~advises~~informs the household of its rights and responsibilities, including reporting requirements;
- (4) conducts the ~~face-to-face~~ interview as an official and confidential discussion of household circumstances limited to facts related to food benefit eligibility factors;
- (5) gives Form 08MP006E, Information for Benefit Renewal, to the household and explains benefit renewal procedures; and
- (6) ensures the household's right to privacy is protected.

(fe) Scheduling interviews. The worker schedules the ~~face-to-face~~ interview ~~or alternate interview method~~ as ~~promptly~~soon as possible ~~after the filing of the application to ensure the household, if~~when eligible, may participate within 30-calendar days following the application date ~~of application~~.

(1) ~~When the type of verification needed is unknown, the~~The worker uses Form 08AD091E, Interview Notice, or Form 08AD093E, Telephone Support Center Interview Notice, to schedule the interview.

(2) When the person to be interviewed is employed, the worker schedules an appointment to minimize the person's absence from work even ~~if~~when it must be scheduled outside of normal business hours. ~~When the person is unable to attend a scheduled face-to-face interview for any of the reasons stated in (a) of this Section, the worker offers to waive the face-to-face interview and schedules a telephone interview or home visit.~~

(43) ~~Timely certification renewals.~~ When the household submits a timely certification renewal, the worker schedules the interview as early as possible, but not later than the last day of the month.

(A) ~~If~~When the household fails to appear for the ~~first~~ interview, the worker does not reschedule the interview unless the household requests another appointment by the 30th calendar day after the application date.

(B) Upon request, the worker reschedules the interview at the earliest possible date.

(24) ~~Untimely certification renewals and initial applications.~~ When the household submits an untimely certification renewal ~~or an initial application~~, the worker schedules an interview as early as possible, but not later than 20-calendar days from the application date.

(A) ~~If~~When the household fails to appear for the scheduled interview, the worker does not reschedule the interview unless the household requests another appointment by the 30th calendar day after the application date.

(B) Upon request, the worker reschedules the interview at the earliest possible date.

(gf) Household cooperation with eligibility determination. To determine eligibility, the household or authorized representative must complete and sign the application ~~must be completed and signed~~ or certification renewal, the household or its authorized representative must be interviewed, and provide required information on the application verified to determine eligibility.

(4) ~~If~~When the household ~~refuses to~~does not cooperate with the worker in determining:

- (1) ~~completing this process~~initial eligibility, the worker denies the application is denied at that time; or
- (2) ~~continuing eligibility at mid-certification renewal or certification renewal, the worker closes food benefits.~~

(g) Household cooperation with a quality control (QC) review. When the household is selected for a QC review, the household must cooperate with the QC reviewer. When the household refuses to cooperate, the QC reviewer informs the household's worker of the non-cooperation. The worker closes the food benefit for refusal to cooperate.

(A1) For a determination of refusal to be made, the household must be able to cooperate, ~~but~~and clearly demonstrate that it will not take the necessary actions required to complete the ~~application~~QC review process.

(B) ~~The household is also ineligible if it refuses to cooperate in any subsequent benefit renewal, review generated by reporting changes, certification~~

Permanent Final Adoptions

renewals, or an Office of Inspector General Quality Control (QC) review.

(2) ~~If an application is denied or food benefits are closed for refusal to cooperate, the~~The household may reapply following food benefit closure, but may not be determined eligible until it cooperates with the QC review unless (3) of this subsection applies.

(3) ~~If~~When food benefits have ~~been~~were closed for refusing to cooperate with the QC reviewer and the household ~~reapplies~~waits to reapply until after 125-calendar days from the end of the QC review period, October 1 through September 30, the household must provide verification of eligibility factors ~~only~~ for the new application only. For example, if ~~when~~ the household had a QC review during the October 20102014, through September 20112015, annual QC review period and food benefits were closed for refusal to cooperate with the QC review, the household is required to only provide verification for the new application if/when it is filed after February 2, 20122016.

SUBCHAPTER 5. NON-FINANCIAL ELIGIBILITY CRITERIA

PART 1. HOUSEHOLD DEFINITION

340:50-5-5. Non-household members

Persons residing in a household who cannot be considered household members are termed non-household members and are not considered in determining the household's eligibility or food benefit allotment. ~~Such non household~~Non-household members include ~~those~~are described in this subsection(1) through (6) of this Section. Except for ineligible students, persons who cannot be a separate food benefit household per Oklahoma Administrative Code (OAC) 340:50-5-3 are not considered non-household members.

(1) **Roomers.** Roomers are persons to whom the household furnishes lodging for compensation, but not meals.

(2) **Boarders.** ~~Boarders~~Per Section 273.1(b)(3) of Title 7 of the Code of Federal Regulations, 7 C.F.R. § 273.1(b)(3), boarders are residents of a commercial boarding house and persons to whom the household furnishes lodging and meals and who pay a reasonable monthly payment for board.

(A) A commercial boarding house is defined as an establishment that offers meals and lodging for compensation with the intention of making a profit. The number of boarders residing in a boarding house cannot be used to determine if a boarding house is a commercial enterprise.

(B) Households containing a boarder or the proprietor of a commercial boarding house may participate in the program, separate and apart from the boarders

or residents of the boarding house, when the household meets all of the eligibility requirements for participation.

(C) Only the amount paid for board is evaluated to determine if the payment is ~~To be considered~~ a reasonable monthly amount payment for board. A boarder whose arrangement is for:

(i) more than two meals per day must pay an amount ~~which that~~ equals or exceeds the ~~amount of the~~ maximum food benefit allotment amount for the appropriate size of the boarder household size as shown on Oklahoma Department of Human Services (~~OKDHS~~)DHS Appendix C-3, Maximum Food Benefit Allotments and Standards for Income and Deductions; or

(ii) Boarders whose arrangements are for two meals or less per day must pay an amount ~~which that~~ equals or exceeds two-thirds of the food benefit allotment for the appropriate size of the boarder household size as shown on ~~OKDHS~~DHS Appendix C-3.

(D) Boarder status cannot be extended to:

(A) parents who live with children, natural, adopted, or step regardless of age, unless at least one parent is elderly or disabled as defined in OAC 340:50-5-4;

(B) children under the age of 18 under the control of an adult household member. Children placed in foster care or children placed in the home by the Developmental Disabilities Services Division (DDSD) (DDS) may be considered boarders;

(C) a spouse, ceremonial or common law, of a household member;

(D) siblings, natural, adopted, half or step, unless at least one sibling is elderly or disabled as defined in OAC 340:50-5-4; and

(E) persons paying less than a reasonable monthly payment for meals as described in this paragraph. Persons furnished both meals and lodging by a household but paying less than a reasonable monthly payment are considered members of the household which provides the meals and lodging.

(3) **Children in foster care or children placed by ~~DDSD~~Developmental Disabilities Services (DDS).** Children in foster care or children placed by ~~DDSD~~DDS with extended family care providers ~~are~~must be considered boarders unless the household providing care requests ~~such person~~the children be included as food benefit household members. The children cannot participate in the Supplemental Nutrition Assistance Program independently of the household providing the foster care or DDS services.

(A) ~~The foster~~Foster care payments and the ~~DDS room and board~~ reimbursements for room and board paid by ~~DDSD~~ are considered as income to the children and, ~~therefore, cannot be~~are:

(i) not included as income to the household caring for the children even when the payments are

~~made to the provider household when the children are not included in the food benefit household; and~~

~~(ii) The counted as income to the household when the host household has the option chooses to include the children as members of the food benefit household. When the children are included as food benefit household members the entire foster care payment or reimbursement for room and board is counted as income to the household.~~

~~(B) The income paid to the extended family care provider by ~~DDSD~~DDS for care rendered is counted as earned income to the provider.~~

(4) **Live-in attendants.** Live-in attendants are persons who reside in a household to provide medical, housekeeping, child care, or other similar services.

(5) **Students.** Students are persons enrolled in an institution of higher education who are ineligible because they fail to meet the eligibility criteria in OAC 340:50-5-45(a).

(6) **Others.** Others are persons who share living quarters with the household but who do not customarily purchase food or prepare meals with the household.

340:50-5-7. Excluded households and/or Households or household members participating in a food distribution program (FDP) operated by Indian tribal organizations (ITO)

~~(a) Food distribution programs (FDP) operated by Indian tribal organizations (ITO). Several ITO operate FDP. There are several ITOs operating FDPs in the State of Oklahoma. Households or any member of a household participating in a FDP are not eligible to participate in the Oklahoma Department of Human Services (DHS) Supplemental Nutrition Assistance Program (SNAP) for the same month.~~

(1) A household may elect to participate in the FDP instead of SNAP when the household:

(A) includes at least one adult household member of any Indian tribe; and

(B) lives within the boundaries of an ITO location in a rural area or in a town with a population of less than 10,000 persons.

(2) A household may switch between the FDP and SNAP as long as there is no dual participation for any member for the same month.

(3) To ensure dual participation does not occur, exchange of client benefit information between ITO and DHS is needed.

(A) The worker is responsible for calling the appropriate ITO when there are indications an applicant or recipient meets ~~the criteria for FDP eligibility criteria~~, before approving or renewing food benefits.

(i) ITOs in Oklahoma are listed on DHS Appendix D-4-C, Indian Food Distribution Programs.

(ii) When calling, the worker verifies if the household currently receives FDP and if the household was certified since the date of the last inquiry.

(iii) When an FDP case is open, the worker must verify, by a ~~telephone~~ call to or receive written notice from the FDP office, that FDP benefits are closed, before certifying a household can be certified for food benefits.

(B) The FDP office contacts the county office to determine if the household receives food benefits before approving the household for a FDP. The worker provides the ITO with information pertinent to participate in, or eligibility for SNAP food benefits.

(4) When the worker discovers the household received FDP benefits and SNAP food benefits for the same month or months, the household is responsible for repaying the overpayment to DHS or the ITO. When the household was receiving FDP benefits at the time of SNAP certification, it is a SNAP food benefit overpayment.

(5) When a client is disqualified from FDP or SNAP, he or she is prohibited from receiving benefits from the other program per Section 273.11(k) of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.11(k)).

~~(b) Ineligible households.~~

~~(1) Boarders. Residents of a commercial boarding house and boarders defined per 7 § C.F.R. 273.1(b)(3) and Oklahoma Administrative Code (OAC) 340:50-5-5 are not eligible to participate in SNAP.~~

~~(A) A commercial boarding house is defined as an establishment that offers meals and lodging for compensation with the intention of making a profit. The number of boarders residing in a boarding house cannot be used to determine if a boarding house is a commercial enterprise.~~

~~(B) Households containing a boarder or the proprietor of a commercial boarding house may participate in the program, separate and apart from the boarders or residents of the boarding house when the household meets all the eligibility requirements for participation.~~

~~(2) Residents of institutions. Persons are considered residents of an institution when the institution provides them with over 50 percent of three meals daily as part of the institution's normal services. Per 7 § C.F.R. 273.1(b)(7)(vi) residents of institutions are not eligible for participation in the program unless they are:~~

~~(A) residents of federally subsidized houses for the elderly built either under Section 202 of the Housing Act of 1959 or Section 236 of the National Housing Act;~~

~~(B) residents of a drug addiction or alcoholic treatment and rehabilitation program, meeting criteria per OAC 340:50-5-26;~~

~~(C) residents of group homes who are considered blind or disabled per OAC 340:50-5-4 when the group home meets criteria per OAC 340:50-5-27. Group home means a private or public non-profit residential setting serving no more than 16 residents certified by the Oklahoma State Department of Health per Section 1616(e) of the Social Security Act;~~

Permanent Final Adoptions

- (D) ~~victims of domestic violence and their children temporarily residing in a domestic violence shelter meeting criteria, per OAC 340:50-5-28. A domestic violence shelter means a public or private non-profit residential facility serving victims and their children. When the facility also serves other persons, a portion of the facility must be set aside on a long-term basis to serve only victims of domestic violence and their children; or~~
- (E) ~~residents of public or private non-profit shelters for homeless persons when the shelter meets criteria per OAC 340:50-5-30.~~

340:50-5-7.1. Residents of institutions

Persons are considered residents of an institution when the institution provides them with over 50 percent of three meals daily as part of the institution's normal services. Per Section 273.1(b)(7)(vi) of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.1(b)(7)(vi)), residents of institutions are not eligible for participation in the Supplemental Nutrition Assistance Program unless they are:

- (1) residents of federally subsidized housing for the elderly, built either under Section 202 of the Housing Act of 1959 or Section 236 of the National Housing Act;
- (2) residents of a drug addiction or alcoholic treatment and rehabilitation program, meeting criteria per Oklahoma Administrative Code (OAC) 340:50-5-26;
- (3) residents of group homes who are considered blind or disabled per OAC 340:50-5-4 when the group home meets criteria per OAC 340:50-5-27. Group home means a private or public non-profit, residential setting serving no more than 16 residents certified by the Oklahoma State Department of Health per Section 1616(e) of the Social Security Act;
- (4) victims of domestic violence and their children temporarily residing in a domestic violence shelter meeting criteria, per OAC 340:50-5-28. A domestic violence shelter means a public or private non-profit, residential facility serving victims and their children. When the facility also serves other persons, a portion of the facility must be set aside on a long-term basis to serve only victims of domestic violence and their children; or
- (5) residents of public or private non-profit shelters for homeless persons when the shelter meets criteria per OAC 340:50-5-30.

340:50-5-10.1. ~~Disqualified~~Excluded household members

(a) **Excluded household members.** Excluded household members may not participate as a separate food benefit household. When excluded members live with the food benefit household, they are excluded from the household's size when determining benefits and comparing the household's monthly income with the income eligibility standards. Depending on the reason they are excluded, all or a portion of their income is included as countable income for the food benefit household and deductible expenses may be prorated per Section

273.11(c) of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.11(c)). Per Oklahoma Administrative Code (OAC) 340:50-7-29(d), excluded household members whose income is:

- (1) included in its entirety are termed disqualified members and the worker does not prorate deductible expenses; and
- (2) prorated are termed ineligible household members and all deductible expenses are prorated with the exception of the standard utility expense.

(b) **Disqualified household members.** ~~When a household member meets one of the criteria listed in (1) through (7) of this subsection, he or she may be disqualified for Supplemental Nutrition Assistance Program (SNAP) food benefits per Section 273.1(b)(7) of Title 7 of the Code of Federal Regulations (C.F.R.) (7 C.F.R. § 273.1(b)(7)). Disqualification criteria include for:~~

- ~~(1) committing an intentional program violation or fraud per Oklahoma Administrative Code (OAC) 340:50-5-7 or 340:50-15-25;~~
- ~~(2) failing to register for employment or participate in the Employment and Training Program;~~
- ~~(3) meeting fleeing felon criteria per (A) of this paragraph.~~

(A) A fleeing felon is a person who knows a warrant was issued for his or her arrest in relation to a felony.

(B) When the worker has information that a person has a felony warrant issued for his or her arrest, the worker:

- (i) does not initiate contact with law enforcement officials;
- (ii) verifies the person has knowledge of the warrant by asking the person if he or she has satisfied the warrant; and
- (iii) allows the person an opportunity to submit documentation showing the warrant was satisfied.

(I) ~~If~~When the warrant was not satisfied, the person is not eligible to receive food benefits.

(II) ~~If~~When the household provides verification showing the person is not a fleeing felon, the person may be included in the food benefits, ~~if~~when otherwise eligible; or

(3) being a probation or parole violator meeting criteria of this paragraph. Per 7 C.F.R. § 273.11(n)(2), to be considered a probation or parole violator, an impartial party, such as Office of the Inspector General staff, must determine that:

(A) the person violated a condition of his or her probation or parole imposed under federal or state law; and

(B) federal, state, or local law enforcement authorities are actively seeking the person to enforce the conditions of the person's probation or parole.

(c) **Ineligible household members.** Ineligible household members are members that do not meet a program requirement such as:

- (4) failure to obtain or refusal to provide a Social Security number per OAC 340:50-5-68;
- (5) not being a citizen or qualified alien per OAC 340:50-5-67;
- (6) being a probation or parole violator; or
- (7) being an able-bodied adult without dependents and not meeting work requirements per OAC 340:50-5-64.

(b) ~~**Income and deductible expenses of a disqualified person.** The disqualified household member is not included in household size when determining other household members' food benefit allotment. A disqualified member's income and deductible expenses are handled differently, depending on the reason for the disqualification, per Section 273.11(e) of Title 7 of the Code of Federal Regulations (CFR) (7 CFR, § 273.11(e)). Refer to OAC 340:50-7-29(d) for income and expense handling information.~~

PART 5. STUDENTS, STRIKERS, RESIDENT FARM LABORERS, MIGRANT HOUSEHOLDS, SPONSORED ALIENS, AND SCHOOL EMPLOYEES

340:50-5-48. Migrant farm laborers

Migrant farm laborers usually have little or no income upon arriving at a work area; ~~therefore, the worker should be alert to the need for emergency food and determine whether the migrant farm laborer's household qualifies and must be assessed for expedited services per Oklahoma Administrative Code (OAC) 340:50-11-1.~~

- (1) **Income.** In addition to income declared by the household, the worker explores the possibility that out-of-state real property is being rented or is producing income. ~~If when the household has income producing home or other real property is producing income, the worker adds the income must be added to all other household income to determine eligibility and food benefit allotment.~~
- (2) **Exempt income of children in migrant households.** ~~Since many~~ When migrant households receive one payment in combination for work performed by all household members, ~~the worker excludes the earned income of a student under 18-17 years of age must be differentiated from the rest of the household's income or younger. The~~ To exclude the income, the worker prorates the income equally among ~~the number of all working household members working and excludes that and subtracts the student's portion allowed to the student.~~
- (3) **Deductions from income** ~~Income deductions.~~ When eligible, ~~the worker deducts the migrant household is responsible for deductible expenses described at per OAC 340:50-7-31, the worker deducts the expenses from the household's income.~~
- (4) **Work registration.** Employable members of migrant households who are not employed at least 30 hours a week or receiving weekly earnings equal to the federal minimum wage times 30 hours must register for and accept suitable employment the same as other persons.

PART 7. RELATED PROVISIONS

340:50-5-64. Work requirements

(a) **Able-bodied adults without dependents (ABAWDs).** ABAWDs who are members of eligible households receiving food benefits must be exempt from, or comply with work requirements to be eligible to participate as a member of any food benefit household for longer than three months, consecutive or otherwise, during any 36-month period. It is the worker's responsibility to explain to the applicant the household member's work requirements and responsibility. At each application the worker must establish that each adult household member, per Section 273.24(a) of Title 7 of the Code of Federal Regulations (~~C.F.R.~~) (7 C.F.R. § 273.24(a)):

- (1) works continuously 20 hours or more per week, averaged monthly. The employment may be paid, in-kind, unpaid, or volunteer work with religious or community organizations;
- (2) participates in and complies 20 hours or more per week with:
 - (A) Workforce ~~Investment~~ Innovation and Opportunity Act (WIA)(WIOA) Program assignment;
 - (B) Trade Adjustment Assistance Program assignment; or
 - (C) Employment and Training (E&T) Program, not including job search. However, job search or job search training activities, when offered as part of other E&T program components, are acceptable as long as those activities comprise less than half the total required time spent in the components; or
- (3) meets an exemption from the work requirements per (b) of this Section.

(b) **Good cause for failure to meet the ABAWD work requirement.** When an ABAWD has good cause for failure to meet the required number of work or participation hours in a given month per (a) of this Section, the month does not count toward the time limit. Good cause applies to situations in which the person normally meets the ABAWD work requirement by working or participating in a work program, but does not due to circumstances beyond the person's control. Per 7 C.F.R. § 273.7(i) and Oklahoma Administrative Code (OAC) 340:50-5-92, circumstances beyond the person's control include, but are not limited to:

- (1) illness;
- (2) illness of another household member sufficiently serious to require the presence of the ABAWD;
- (3) unavailability of transportation; or
- (4) an unanticipated emergency.

(~~b~~c) **Exemptions from the work requirements.** Per 7 C.F.R. ~~§C.F.R. 273.7 or 7 C.F.R. §C.F.R. 273.24(c)~~, a person is exempt from the work requirement provision of the Supplemental Nutrition Assistance Program when the person is:

- (1) younger than 18 years of age or 50 years of age and older;
- (2) medically certified as physically or mentally unfit for employment. PersonsA person is medically certified as physically or mentally unfit for employment when he or she:

- (B) ~~claiming exemption as obviously mentally or physically unfit for employment, must, in the absence of physical evidence obtain~~ When it is not obvious that he or she is unfit, the person must provide documented evidence from medically qualified sources to substantiate the medical exemption.
- (i) Medically qualified sources may include, but are not limited to a:
- (I) ~~therapists~~ licensed or certified psychologist, therapist, counselor, or social worker;
- (II) ~~counselors~~ physician or physician's assistant; and
- (III) ~~medical social workers~~ nurse or nurse practitioner; or
- (IV) designated representatives of a physician's office.
- (ii) The documented evidence must indicate the person has a physical or mental condition that limits the person's ability to work.
- (~~C~~iii) ~~claiming~~ When the medical exemption is temporary exemption, the person is required to comply with work requirements when released by a medically qualified source to return to work; or
- (C) is chronically homeless;
- (3) a parent or other member of a household with responsibility for care of an incapacitated person of any age;
- (4) pregnant;
- (5) receiving or applied for unemployment insurance benefits;
- (6) a regular participant receiving treatment for drug or alcohol addiction in a rehabilitative program on a resident or non-resident basis;
- (7) an eligible student enrolled at least half-time in any recognized school, training program, or institution of higher education. This includes refugees participating in a refugee-specific training program approved, funded, or operated by the Office of Refugee Resettlement;
- (8) registered for, or participating in Temporary Assistance for Needy Families (TANF) Work;
- (9) employed a minimum of 30 hours per week or receiving weekly earnings that equal the minimum hourly rate under the Fair Labor Standards Act of 1938, as amended, multiplied by 30 hours; or
- (10) a parent or other adult included in the food benefit household with a minor child less than 18 years of age.
- (ed) **Participation without time limits.** Food benefit participation without time limits applies to a person who:
- (1) is exempt;
- (2) works continuously 20 hours or more per week, averaged monthly. The employment may be paid, in-kind, unpaid, or volunteer work with religious or community organizations; or

- (3) participates in, and complies with:
- (A) ~~WIA/WIOA~~ Program assignment;
- (B) Trade Adjustment Assistance Program assignment; or
- (C) E&T Program, not including job search. However, job search or job search training activities when offered as part of other E&T program components, are acceptable as long as those activities comprise less than half the total required time spent in the components.

(de) **Participation with time limits.** Persons who are not exempt or fail to comply with work participation requirements are eligible for only three months, consecutive or otherwise, during any 36-month period. Once the person reaches the three-month eligibility limit, eligibility can be regained for at least an additional three consecutive months when the person:

- (1) works 80 hours or more in any 30-day period; or
- (2) participates for 80 hours or more in, and complies with:
- (A) WIA Program assignment;
- (B) Trade Adjustment Assistance Program assignment; or
- (C) E&T Program, not including job search.

(ef) **Persons who regain eligibility.** A person can regain eligibility only one time for an additional three consecutive months during the 36-month period by meeting the requirements of (d)(e)(1) or (2) of this Section. A person who regains eligibility maintains eligibility by complying with the requirements listed in (e)(d) of this Section. If eligibility is subsequently lost, the person may receive food benefits only when he or she meets one of the exemptions listed in (b)(c) of this Section or the 36-month period expires.

(fg) **ABAWD work requirement waiver prohibition.** Per 7 C.F.R. § 273.24(f), states are allowed to request an ABAWD work requirement waiver in certain instances. Effective October 1, 2013, Section 241.3 of Title 56 of the Oklahoma Statutes prohibits the Oklahoma Department of Human Services from requesting an ABAWD work requirement waiver from the United States Department of Agriculture.

PART 9. WORK REGISTRATION

340:50-5-88. ~~Requirements after registration~~ Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) Program

~~Requirements after registration in the Job Search Project are applicable only to registrants in the Job Search Project human services center (HSC).~~ The Oklahoma Department of Human Services (DHS) operates a voluntary SNAP E&T Program through a contracted service provider for adults receiving SNAP food benefits per Section 273.7(e)(4) of Title 7 of the Code of Federal Regulations. The SNAP E&T Program intent is to help food benefit recipients, especially able-bodied adults

without dependents (ABAWD), become involved in meaningful work-related activities that lead to paid employment and enable them to achieve or maintain economic self-support.

(1) **Employment and Training (E&T) Program Referral and assessment.** The intent of the Supplemental Nutrition Assistance Program (SNAP) E&T Program is to ensure all able-bodied food benefit recipients are involved in meaningful work-related activities which will lead to paid employment and a decreased dependency on assistance programs. The Oklahoma Department of Human Services (OKDHS) is responsible for assisting and directing persons in E&T activities which enable them to achieve or maintain economic self support. These activities include registration for E&T, employment-related evaluations and assessment, employability planning, counseling, job developing, and job placement. The worker sends a referral to the contracted service provider to initiate the intake process.

(A) All work registrants not exempted from work registration who live in the designated SNAP E&T HSC office boundaries or have not been exempted from E&T activity must participate in the SNAP E&T Program. Food benefit recipients exempted from work registration or from E&T may participate in the SNAP E&T Program as a volunteer. After receiving a referral from the worker, contracted staff schedules referred work registrants for an orientation and comprehensive assessment.

(B) The E&T requirement applies each time a registrant loses a work registration exemption, re-enters SNAP after a period of absence, or each 12 months, whichever occurs first. Following orientation and assessment, each participant has an assessment interview with contracted staff to explore the participant's employment and training needs and barriers, communication and employment-related skills, education and employment history, and career interests.

(C) If a work registrant becomes exempt from work registration at any point during the E&T process, E&T requirements no longer apply. Participants are then enrolled in a work readiness workshop and have access to resource center activities.

(D) When a work registrant moves from a non-E&T HSC into the Job Search Project HSC boundaries, the E&T is initiated for work registrants immediately following receipt and review of the case file. When a work registrant moves from the Job Search Project HSC boundaries into a non-E&T HSC boundaries, E&T requirements no longer apply.

(2) **SNAP E&T exemptions component assignments.** Mandatory work registrants not exempted from work registration may be exempted from the SNAP E&T Program if the registrant: Once Supplemental Nutrition Assistance Program (SNAP) E&T participants complete the intake process and work readiness workshop, they are enrolled in an E&T component. SNAP E&T Program components

include job search, educational services, vocational training, Workfare for able-bodied adult without dependents (ABAWD) only, and job retention services.

(A) resides an unreasonable distance from the HSC or potential employer. A distance is considered unreasonable if the round-trip exceeds two hours by public or private transportation. **Job Search component.** Job search is a component that provides structured activities to help participants seek and obtain suitable employment.

(B) is a migrant or seasonal farm worker away from his or her home base and following the work stream; **Educational services component.** Participants are placed in an educational services component when they do not have a high school diploma or equivalency certificate, have literacy issues, or need to learn or improve English language skills.

(C) lacks adequate child care; **Vocational services component.** Participants may receive vocational training when their assessments indicate training is needed to enhance employability or industry-specific training is needed as part of a job placement program.

(D) has physical or mental problems; **Workfare component.** Workfare is a work component only available to non-exempt ABAWDs. A participant is assigned to work in a public service or private non-profit agency to obtain skills necessary to enhance employability or develop skills required for job placement.

(E) is 55 years of age or older and working under Title V of the Older American Act; or **Job retention component.** A participant is assigned to job retention classes when assessments indicate case management services, coaching, and peer support could help them maintain employment and succeed in the workplace.

(F) is homeless as defined in OAC 340:50-5-29.

(3) **E&T classification Supportive services.** Participants are classified into four groups. Supportive services are provided to participants when necessary and directly related to their ability to participate in the SNAP E&T component. DHS authorizes payments for supportive services that may include, but are not limited to, covering the cost of:

(A) **Job ready.** The registrant does not have substantial barriers to employment, child care under special circumstances. When child care is needed after assessment, the contracted service provider assists the client in completing a child care application. The application is sent to the SNAP E&T coordinator to determine eligibility per Oklahoma Administrative Code (OAC) 340:40;

(B) **Not job ready.** This classification is assigned when the food benefit work registrant has barriers that require services not available through the SNAP E&T Program. If this classification is assigned, the person's worker or food benefit E&T worker finds

Permanent Final Adoptions

services to eliminate these barriers to employment. clothing;

(C) **Job attached.** The registrant is temporarily laid off or expects to return to work within 60 calendar days. This classification is assigned for only 60 calendar days. At the end of the 60 calendar day period, the registrant, if still unemployed, is reassessed and reclassified to a different category. uniforms;

(D) **Exempt.** This classification is assigned if the registrant meets any of the conditions listed in paragraph (2) of this subsection. tools;

(E) personal safety items;

(F) books or training manuals;

(G) transportation, such as bus tickets, public transportation passes, taxi cabs, sharing rides, or gas vouchers; or

(H) other equipment deemed necessary for participation.

(4) **SNAP E&T component assignments Contractor responsibility.** Participants classified as job ready are assigned to an E&T component as described in (A) through (C) of this paragraph. The contracted service provider is responsible for tracking participation and informing the SNAP E&T coordinator of the participation status and outcome performance measures of all referred persons.

(A) **Job Search.** Participants assigned to this component are required to contact a minimum of 24 employers within an eight week period or two four week periods. One eight week period is eight consecutive weeks of job search with a follow up meeting after the first four weeks. A two four week job search period has a period of time between the two job search periods. One follow up interview is required each four weeks. When a referred person fails to participate in SNAP E&T following a referral, contracted staff notifies AFS SNAP E&T coordinator within 10-calendar days of the non-participation.

(i) A job contact is defined as a registrant presenting himself or herself as available and applying for work.

(ii) Appointments are scheduled on Form 08FB020E, Supplemental Nutrition Assistance Program (SNAP) Employment and Training Letter.

(iii) The job search assignment is given to the registrant in writing on Form 08FB022E, Job Search Plan. This form is also used to schedule follow up interviews and used by the registrant to report job contacts. Job contacts are reported in writing and the registrant must attest that the signed statement is true. Employers contacted by the registrant are not required to provide written confirmation of the contact, but the registrant is required to sign the statement attesting he or she made the contacts.

(iv) If an E&T participant is referred to a job contact by the food benefit E&T worker and does

not make this contact, the E&T worker initiates conciliation per (6)(A) of this Section.

(v) If an E&T participant does not accept a job offered to him or her without good cause, the food benefit E&T worker initiates conciliation per (6)(A) of this Section.

(B) **Workforce Investment Act (WIA) component.** A participant assigned to a WIA component is eligible for all the services available through WIA. A participant assigned to this component has completed the job search component without finding a job or is identified by the E&T worker as a person who can benefit from the services available through WIA. When the component is assigned, the participant is provided Form 08TW003E, Interagency Referral and Information, to take to WIA. The E&T participant is responsible for returning to the E&T worker Form 08TW003E signed by a representative of WIA. When the non-participant is an ABAWD who reached his or her food benefit receipt time limit per OAC 340:50-5-64, the SNAP E&T coordinator notifies the worker to close food benefits for the ABAWD.

(C) **Oklahoma Employment Security Commission (OESC) component.** A participant assigned to this component is eligible for all the services available at OESC. A participant assigned to this component is an E&T participant the E&T worker has determined would benefit from these services. When this component is assigned, the E&T worker gives the participant Form 08TW003E to take to OESC. The E&T participant is responsible for returning to the E&T worker Form 08TW003E signed by a representative of OESC.

(5) **E&T related expenses.** A participant in the SNAP E&T Program may receive reimbursement up to \$25 per month for E&T activity if another agency is not reimbursing the participant for the same type of activity. Reimbursement is \$3 for a half day, four hours or less, and \$6 for a full day, more than four hours.

(A) The food benefit E&T worker gives Form 08FB023E, Supplemental Nutrition Assistance Program Employment and Training Participation Report, to the E&T participant to complete Part 1 and return to the HSC during the first week of each month

(B) A work registrant with a child under 12 years of age required to participate or who volunteer in the SNAP E&T Program is eligible for a maximum child care payment of \$200 per month per child paid to the child care provider. See OAC 340:50-5-97 for voucher authorized child care for the SNAP E&T Program.

(6) **Failure to comply.**

(A) A registrant who fails to keep a scheduled E&T interview or fails to comply with E&T requirements and does not meet the good cause provision in (7) of this Section, is given the opportunity to comply through a conciliation period. The purpose of conciliation is to resolve disputes in an informal fashion

and avoid invoking penalties. The conciliation period starts the day after noncompliance with E&T requirements is determined and lasts for no more than ten calendar days.

(B) If the registrant has not responded to the conciliation process by the tenth calendar day, the ten-day advance notice is sent. The adverse action is taken for noncompliance of E&T requirements. This notice is sent no later than the last day of the conciliation period.

(C) To comply with conciliation or show a good faith effort to comply, the participant during the conciliation period must:

- (i) be assessed or assigned, if he or she failed to be assessed or assigned;
- (ii) complete the balance of job contacts or at least three verified contacts, if he or she failed to complete job search component; or
- (iii) provide Form 08TW003E, if he or she failed to return Form 08TW003E from the WIA or OESC component.

(D) If conciliation has failed, mandatory disqualification periods are imposed. The disqualification period for households whose non-compliant E&T registrant is the head of household does not exceed the lesser of the duration of ineligibility listed in (i) through (iii) of this paragraph or 180 calendar days. For all other non-compliant E&T registrants, disqualification periods remain in effect until the later of the date the household member complies with the work rules or is disqualified for the:

- (i) first violation, one month;
- (ii) second violation, three months; or
- (iii) third or subsequent violation, six months.

(E) The disqualification cannot be ended unless the required household member meets the criteria in (6)(D) of this subsection, leaves the household, or becomes exempt from work registration.

(i) If any household member who failed to comply with E&T joins another household as the head of household, the entire new household is ineligible for the remainder of the disqualification period.

(ii) If the member who failed to comply with E&T joins another household where he or she is not the head of the household, the person is considered an ineligible household member.

(F) Households and persons disqualified for failure to comply with E&T requirements may request a fair hearing and continue participation.

(G) If the participant fails to comply with E&T requirements and meets the definition of head of household, the food benefits are closed.

(H) If the participant fails to comply with E&T requirements and does not meet the definition of head of household, that person is removed from the case. His or her income continues to be counted.

(I) For purposes of failure to comply with work requirements, the head of household is defined in OAC 340:50-5-90.

(J) The principal wage earner is the household member, including excluded members, who has the greatest earned income in the two months prior to the violation.

(7) **Good cause.** Good cause includes circumstances beyond the registrant's control, such as, but not limited to:

- (A) illness;
- (B) illness of another household member requiring the presence of the registrant;
- (C) a household emergency;
- (D) unavailability of transportation; or
- (E) lack of adequate child care for children ages 6 through 11.

(8) **Suitable work.** Any employment offered is considered suitable:

(A) if the wage offered is at least the highest of the applicable federal minimum wage, the applicable state minimum wage, or 80% of the federal minimum wage, if neither the state nor federal minimum wage applies;

(B) if the employment offered is on a piece rate basis and the average hourly wage the employee can reasonably expect is at least equal to the applicable hourly wages specified;

(C) if the registrant, in order to be hired or to continue working, is not required to join, resign from, or refrain from joining any legitimate labor organization;

(D) if the work offered is not at a site subject to a strike or lockout at the time of the offer unless the strike has been enjoined under the Labor Management Relations Act (Taft Hartley) or an injunction has been issued under Section 10 of the Railway Labor Act; or

(E) unless the registrant demonstrates or the worker determines the:

- (i) risk to health and safety is unreasonable;
- (ii) household member is physically or mentally unfit to perform the employment as documented by medical evidence or other reliable information;
- (iii) employment offered within the first 30 calendar days of registration is not in the registrant's major field of experience;
- (iv) distance from the registrant's home to the place of employment is unreasonable based on the expected wage and the time and cost of daily commuting. Commuting time cannot exceed two hours daily; or
- (v) working hours or nature of the employment interferes with the registrant's religious observations, convictions, or beliefs.

(95) **Monitoring SNAP E&T monitoring responsibilities.** The Family Support Services Division SNAP Section staff monitor E&T coordinator provides oversight and

Permanent Final Adoptions

monitors the contracted service provider's performance in the operation of the SNAP E&T Program.

340:50-5-97. Voucher-authorized child care for Employment and Training (E&T) activities [REVOKED]

~~Eligible food benefit recipients who live in a Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) human services center boundary may receive voucher authorized child care for E&T activities if child care services are necessary for the parent or caretaker to participate in the E&T activities. Participants are eligible for a maximum of 12 full time days or 24 part time days in an eight week period per child.~~

- ~~(1) Child care services are available whether the parent or caretaker is a required or voluntary participant.~~
- ~~(2) In two parent or two caretaker families, both parents may participate in E&T activities simultaneously and receive voucher authorized child care unless one parent or caretaker has been exempted to care for a child(ren) under six years of age.~~
- ~~(3) Child care services are only purchased from licensed and contracted out of home child care facilities.~~
- ~~(4) SNAP E&T participants are predetermined eligible for voucher authorized child care and are approved with a zero family share co payment.~~
- ~~(5) At the end of each calendar month, the client submits to the E&T worker a completed Form 08FB022E, Job Search Plan.~~
- ~~(6) An overpayment is written for any voucher authorized child care used by the client for which he or she was not eligible.~~
- ~~(7) The Family Support Services Division (FSSD) SNAP Section monitors a random selection of cases quarterly to ensure the integrity of the program.~~

(Q) payments for the fulfillment of a Plan for Achieving Self-Support (PASS) under Title XVI of the Social Security Act;

(R) payments made to persons ~~because of their status as~~ who were victims of Nazi persecution;

(S) funds distributed by the Federal Emergency Management ~~Assistance~~ Agency (FEMA) due to a disaster or an emergency to persons directly affected by ~~the events~~ such. This exclusion also applies to comparable disaster assistance provided by states, local governments, and disaster assistance organizations. For payments to be excluded, the disaster or emergency must be declared by the President of the United States;

(T) monetary allowances as described in Section 1823(c) of Title 38 of the United States Code (U.S.C.) provided to certain persons who are children of Vietnam War veterans;

(U) Disaster Unemployment Assistance paid to persons unemployed as a result of a major disaster; ~~and~~

(V) benefits paid to certain veterans and the spouses of veterans who served in the military of the Government of the Commonwealth of the Philippines during World War II by the Filipino Veterans Equity Compensation Fund; and

(W) money deposited into or withdrawn from a qualified Oklahoma Achieving a Better Life Experience (ABLE) Program account per Sections 4001.1 through 4001.5 of Title 56 of the Oklahoma Statutes or a qualified ABLE Program account set up in any other state per the ABLE Act of 2014, (26 U.S.C. § 529A) is excluded as income when the client:

- (i) provides documents to verify the account meets exemption criteria;

Permanent Final Adoptions

- (ii) verifies money deposited in the account does not exceed the annual federal gift tax exclusion amount per 26 U.S.C. § 2503(b). Any money deposited in the account in the calendar year in excess of the annual federal gift tax exclusion amount is considered as countable income in the amount deposited; and
- (iii) verifies withdrawals from the account are used to pay qualified disability expenses. Money withdrawn for reasons other than to pay qualified disability expenses is considered as income for the month of withdrawal.
- (6) **Payments which are not considered income.**
- (A) The payments in (i) through (iii) of this paragraph are not considered as income.
- (i) Monies withheld from any income source to repay a prior overpayment from that same source.
- (ii) Monies voluntarily or involuntarily returned to repay a prior overpayment received from that same income source.
- (iii) Child support payments received by Temporary Assistance for Needy Families (TANF) recipients ~~that are~~ and sent to Oklahoma Child Support Services (OCSS) to maintain TANF eligibility.
- (B) Monies withheld or returned to repay overpayments in federal, state, or local means-tested assistance programs are counted when they are withheld or returned to repay overpayments resulting from intentional program violation as established by the agency administering the program.
- (i) In the Supplemental Nutrition Assistance Program (SNAP), willful misrepresentation is considered as intentional program violation.
- (ii) The State Supplemental Payment to the Aged, Blind, and Disabled and TANF programs define intentional program violation using the terms restitution, fraud, and willful misrepresentation.
- (iii) The Social Security Administration (SSA) and Veterans Benefits Administration programs define intentional program violation as fraud. Supplemental Security Income (SSI) is a means-tested program within SSA.
- (7) **Reimbursements.**
- (A) Reimbursements for past or future expenses to the extent they do not exceed actual expenses and do not represent a gain or benefit to the household are not considered. Examples ~~are~~ of reimbursements ~~for~~ may include:
- (i) job or training-related expenses, such as travel, per diem, uniforms, and transportation to and from job or training ~~sites.~~ However, ~~if these expenses are not reimbursements, they are considered income;~~
- (ii) out-of-pocket expenses incurred by volunteers in the course of ~~their~~ work;
- (iii) medical or dependent care; and
- (iv) services provided by Title XX of the Social Security Act.
- (B) When a reimbursement, including a flat allowance, covers multiple expenses, each expense does not have to be separately identified as long as none of the reimbursement covers normal living expenses. The ~~reimbursement~~ amount of ~~the reimbursement~~ that exceeds the actual incurred expenses is counted as income. A reimbursement is not considered to exceed actual expenses unless the provider or household indicates the amount is excessive.
- (C) The worker excludes any amount the employer adds to the employee's gross income as a benefit allowance to pay for a reimbursable expense, such as insurance or dependent care. When the monthly benefit allowance exceeds the monthly expense and the employer:
- (i) includes the excess in the employee's pay each month, the worker counts the excess benefit allowance as earned income; or
- (ii) retains any excess until the end of the year and then provides a yearly refund to the employee, the worker excludes the refund as income as it is considered a non-recurring lump sum payment per (10)(C) of this Section.
- (8) **Money received for third parties.** ~~Money received and used~~ The worker excludes money the household receives and uses for the care and maintenance of a third-party beneficiary who is not a household member ~~is not considered.~~
- (A) ~~If~~ When the intended beneficiaries of a single payment ~~are both~~ include household and non-household members, any identifiable portion of the payment intended and used for the care and maintenance of the non-household member is excluded.
- (B) ~~If~~ When the non-household member's portion cannot be readily identified, as in TANF cash-assistance payments, the payment is evenly prorated among intended beneficiaries. The exclusion is applied to the non-household member's pro rata share or the amount actually used for the non-household member's care and maintenance, whichever is less.
- (9) **Earnings of a child.** Earned income of a child who is head of his or her own household is counted. The earned income of an elementary or high school student 17 years of age ~~or~~ and younger, ~~who is~~ under parental control of an adult household member is excluded. This exclusion continues to apply during temporary interruptions in school attendance due to semester or vacation breaks, provided the child's enrollment ~~will resume~~ resumes following the break. ~~If~~ When the child's earnings cannot be differentiated from those of other household members, the total earnings are prorated equally among the working members, and the child's prorated share is excluded.
- (10) **Other types of excluded income.**
- (A) **Loans.** All loans, including loans from private as well as commercial institutions, are excluded as

~~income. Verification of the income~~ When the household states someone is loaning the household money to meet expenses, a statement signed by both parties is required indicating the payment is a loan ~~is required and must be repaid. When the household states it receives loans on a recurrent or regular basis from the same source, the lender must sign an affidavit stating the payments are loans that must be repaid or that payments will be made in accordance with an established repayment schedule.~~

(B) **Irregular Income.** Exclude any income in the certification period that is received too infrequently or irregularly to be reasonably anticipated that is \$30 or less per quarter.

(C) **Non-recurring lump sum payments.** Exclude money received in the form of non-recurring lump sum payments, including, but not limited to: income tax refunds, rebates, credits, retroactive lump sums from SSA, SSI, public assistance, Railroad Retirement pensions, ~~or~~ other payments, or retroactive lump sum insurance settlements.

(D) **Cost of self-employment.** Exclude the cost of producing self-employment income per Oklahoma Administrative Code 340:50-7-30.

(E) **Income of non-household members.** The income of non-household members who have ~~are~~ not been disqualified or ~~are not~~ ineligible aliens is not considered available to the household.

(F) **Charitable contributions.** Exclude cash contributions to a household from one or more private non-profit charitable organizations, not to exceed \$300 in a federal fiscal year quarter. For the purposes of this provision a quarter includes these specific months:

- (i) October, November, December;
- (ii) January, February, March;
- (iii) April, May, June; and
- (iv) July, August, September.

(G) **Department of Housing and Urban Development's (HUD) Family Self-sufficiency Program (FSS) escrow accounts.** Families participating in the HUD FSS program may withdraw money from ~~their~~ escrow accounts prior to completion of the program. This money is excluded as income.

(H) **Individual Development Account (IDA).** Any funds deposited in an IDA operated under the Assets for Independence Act and the interest that accrues is excluded as income.

340:50-7-29. Income inclusions

(a) **Sources of income considered.** The worker considers all household income, unless specifically excluded per Section 273.9(c) of Title 7 of the Code of Federal Regulations (~~C.F.R.~~) (7 § C.F.R. 273.9(c)) and Oklahoma Administrative Code (OAC) 340:50-7-22, in determining monthly gross income. Income is classified as earned or unearned.

- (1) When one or more household members are absent from the home, before deciding whether to consider the

absent household member's income, the worker must determine if the person returns to the home for part of the month.

(A) Per OAC 340:50-5-2, the worker does not include the absent member in the benefit amount and only counts the portion of his or her income that he or she makes available to the rest of the household when the household member does not return for part of the month.

(B) When the household member returns for part of each month, the worker includes him or her in the benefit amount and counts all of his or her income unless excluded per OAC 340:50-7-22.

(2) Per OAC 340:50-5-5, the household has the option of including a child receiving a foster payment; that includes a payment for kinship care, or a Developmental Disability Services (DDS) room and board payment in the food benefit. When the household chooses not to include the child ~~receiving a foster care payment~~ in the food benefit, the worker does not count the child's income, including the foster or DDS room and board payment.

(3) When the household adopts a child previously in the custody of the Oklahoma Department of Human Services (DHS) and receives an adoption subsidy payment for the child, the worker includes the child in the food benefit and counts the child's income, including the adoption subsidy payment.

(4) When a member of the household becomes the guardian of a child and receives a guardianship payment from DHS, the payment is considered as income. The child for whom the payment is received must be included in the food benefit.

(b) **Earned income.** Per 7 C.F.R. ~~§C.F.R.~~ 273.9(b)(1), earned income is income a household receives in the form of wages, commission, self-employment, or training allowances, and for which a person puts forth physical labor. Temporary disability insurance payments and temporary workers' compensation payments are considered earned income when payments are employer-funded and the person remains employed. The types of earnings listed in (1) through (4) of this subsection, including money from the sale of whole blood or blood plasma or a DDS payment to an extended family care provider for services rendered in addition to the child's room and board payment, are considered earned income.

(1) **Wages.** Wages and salaries include sick pay paid by the employer to an employee who plans to return to work when recovered, excess benefit allowance payments, and wages ~~garnished~~ garnished or diverted to pay a third party for a household's expenses. Countable wages for military personnel include any allowance included on the earnings statement, such as the Basic Allowance for Housing (BAH) and the Basic Allowance for Subsistence (BAS).

(2) **Self-employment.** Refer to OAC 340:50-7-30 for self-employment income procedures.

(3) **Title I payments of the Domestic Volunteer Services Act.** Countable earned income includes payments paid to a household member under Title I of the Domestic

Permanent Final Adoptions

Volunteer Services Act of 1973 as amended per Public Law (P.L.) 93-113, unless excluded per OAC 340:50-7-22.

(4) **On-the-job training (OJT).** The worker counts income earned in OJT positions as earned income. This includes OJT provided per Section 3(44) of the Workforce Innovation and Opportunity Act of 2014, P.L. 113-128 for persons 19 years of age or older.

(c) **Unearned income.** In general, unearned income is income a household receives and is not in the form of wages, self-employment, or training allowances, and for which a person does not put forth physical labor. The income listed in (1) through (6) of this subsection, while not all inclusive, are considered unearned per 7 C.F.R. § 273.9(b)(2).

(1) **Assistance payments.** The worker counts payments from a federally-aided public assistance program, such as Supplemental Security Income (SSI), Temporary Assistance for Needy Families (TANF), or assistance programs based on need, such as State Supplemental Payments, as unearned income.

(A) A household's food benefit amount does not increase when the ~~benefit received from another program is~~ public assistance benefit the household receives under a federal, state, or local means-tested public assistance program is reduced, suspended, or ~~terminated~~ closed because ~~of the public assistance program imposed a penalty imposed for due to an intentional program violation determined as fraud or a household member's failure to comply with a requirement of that program.~~

(i) To impose a food benefit sanction, the person must be certified for Supplemental Nutrition Assistance Program (SNAP) benefits at the time of the failure to comply and receiving regular benefits from the other program at the time fraud occurred or the household failed to comply with a substantive program requirement.

(ii) ~~The other program must be a~~ Examples of means-tested, federal, state, or local welfare or public assistance program governed by welfare or public assistance laws or regulations distributes public funds, such as programs include SSI and TANF.

(iii) Substantive requirements are behavioral requirements of that program designed to improve the well-being of the household. For TANF, this includes:

(I) complying with TANF Work requirements per OAC 340:10-2, OAC 340:10-2-2 explains the TANF penalty considered for Supplemental Nutrition Assistance Program (SNAP) when the household fails to comply with TANF Work activities;

(II) cooperating to obtain child support per OAC 340:10-10-5;

(III) providing a Social Security number per OAC 340:10-12-1;

(IV) ensuring school-age children regularly attend school per OAC 340:10-13-1;

(V) verifying children meet immunization requirements per OAC 340:10-14-1; and

(VI) not using the TANF benefit in a prohibited business per 340:10-1-3.

(iv) Procedural requirements that do not trigger a penalty include failing to:

(I) provide verification;

(II) complete an interview; or

(III) complete a benefit renewal.

(iv) When a worker is not able to obtain the necessary information and cooperation from another federal, state, or local means-tested welfare, or public assistance program to comply with the provision in (A) of this paragraph, DHS is not held responsible. The worker must make a good faith effort to get the needed information and record the details and results of this effort in the case file.

(~~iv~~v) The worker does not reduce, suspend, or ~~terminate~~ close the household's current food benefit amount when the benefits under another assistance program are decreased.

(~~iii~~vii) When the worker adds eligible members to the food benefit, the benefit must be adjusted regardless of whether the household is prohibited from receiving benefits for the additional member under another federal, state, ~~or~~ local welfare, or public assistance means-tested program.

(~~iv~~viii) Changes in household circumstances not related to the penalty imposed by another federal, state, local welfare, or public means-tested assistance program are not affected by the provision in (A) of this paragraph.

(~~v~~ix) The application of the provision in (A) of this paragraph applies for the duration of the imposed penalty or until DHS cannot determine the amount of the penalty. For example, when the other program benefit closes or the person becomes ineligible for a non-penalty related reason, the worker stops imposing the food benefit sanction.

(x) SNAP sanctions extending beyond one year must be reviewed at least annually to determine if the sanction continues to apply.

(B) The provision in (A) of this paragraph does not apply to persons or households subject to disqualification from SNAP for noncompliance with a comparable work requirement per Title IV of the Social Security Act or an unemployment compensation work requirement.

(2) **Pension and Social Security.** Annuities, pensions, retirement, veterans' or disability benefits, workers' or unemployment compensation, survivors' or Social Security benefits, and strike benefits are unearned income. The worker considers disability payments as:

(A) unearned income when the person is no longer considered an employee of the company and an agency outside of the company pays the disability benefits; and

(B) earned income when the person is still considered an employee of the company and the company pays the disability benefits.

(3) **Support and alimony.** The worker counts support and alimony payments paid directly to the household from non-household members as unearned income. The worker also counts money deducted or diverted to a third party to pay a household expense as unearned income when the court order directs the payment be made to the household. The worker does not count money the court order states must be paid to a third party as income.

(4) **Grants, dividends, royalty, and interest payments.** Payments from government sponsored programs, such as Agricultural Stabilization and Conservation Service Programs, grants, dividends, royalties, interest, and all other direct money payments from any source construed to be a gain or profit are considered as income. The worker treats income from these sources as unearned income. The household must provide proof of income from these sources so income can be averaged to determine monthly countable income.

(5) **Monies withdrawn or dividends that are or could be received by a household from trust funds.** Dividends the household has the option of either receiving as income or reinvesting in the trust are considered income in the month they become available to the household.

(6) **Department of Veteran's Affairs (VA) Aid and Attendance.** When a person receives VA Aid and Attendance income and does not pay someone outside of the food benefit household to care for him or her, this is countable income. Any portion of the VA Aid and Attendance paid to someone outside of the food benefit household for care is excluded.

(d) **Income of disqualified or ineligible excluded household members.** Per OAC 340:50-5-10.1, provides a complete list of reasons for disqualification of excluded household members are termed as disqualified or ineligible. The worker counts the income of disqualified persons and unqualified aliens as indicated in (1) and (2) of this subsection. The worker does not consider the needs of a disqualified or ineligible household member when determining the household's size for purposes of assigning a benefit level to the household or comparing the household's monthly income with the income eligibility standard per 7 C.F.R. § 273.11(c)(2)(iv).

(1) **Income of a person disqualified for failure to comply with food benefit Employment and Training (E&T) Program requirements, a fleeing felon disqualification, or willful misrepresentation or fraud.** Disqualified household members. ~~A~~The worker counts the disqualified household member's income of a person disqualified for failure to comply with food benefit E&T Program requirements, a fleeing felon disqualification, or willful misrepresentation or fraud, is counted in its entirety as available to the remaining household members per 7 C.F.R. § 273.11(c)(1)(i). The worker does not prorate utility, medical, dependent care, child support expenses, and/or excess shelter deductions.

Per OAC 340:50-5-10.1, disqualified household members are those excluded for:

(A) committing an intentional program violation per Oklahoma Administrative Code (OAC) 340:50-5-7 or 340:50-15-25;

(B) meeting fleeing felon criteria per OAC 340:50-5-10.1; or

(C) being a probation or parole violator per OAC 340:50-5-10.1.

(2) ~~Income of persons disqualified for reasons other than willful misrepresentation, a fleeing felon disqualification, or failure to comply with E&T Program requirements.~~ **Ineligible household members.** The worker prorates the income of persons disqualified for reasons other than those stated in (1) of this subsection ineligible household members among all household members per 7 C.F.R. § 273.11(c)(2)(ii).

(A) Per OAC 340:50-5-10.1, ineligible household members are those excluded because they do not meet a program requirement, such as:

(i) failure to obtain or refusal to provide a Social Security number per OAC 340:50-5-68;

(ii) not being a citizen or qualified alien per OAC 340:50-5-67; or

(iii) being an able-bodied adult without dependents and not meeting work requirements per OAC 340:50-5-64.

(B) ~~A~~The worker counts a pro rata share of the ineligible household member's income of a disqualified person is considered as income available to the remaining members. ~~The worker calculates the pro rata share~~ by first subtracting the allowable income exclusions per OAC 340:50-7-22 from the disqualified ineligible member's income and dividing the income evenly among the eligible household members, including and the disqualified ineligible member.

(BC) The worker counts all but the disqualified ineligible member's share as income available to the remaining household members. The earned income deduction, per OAC 340:50-7-31 and DHS Appendix C-3, Maximum Food Benefit Allotments and Standards for Income and Deductions, applies to the prorated income attributed to the household when it was earned by the disqualified ineligible member.

(CD) The portion of the household's allowable shelter, child support, and dependent care expenses paid by or billed to the disqualified ineligible member is divided evenly among the household members, including the disqualified ineligible member. All but the disqualified ineligible member's share is considered a deductible shelter expense for the remaining household members, with the exception of utility expenses per 7 § C.F.R. 273.9(d)(6)(iii)(F). When the household is responsible for utility expenses, the household is allowed the full utility standard for which it qualifies per OAC 340:50-7-31.

Permanent Final Adoptions

~~(E)~~ The portion of the household's allowable shelter, child support, and dependent care expenses paid by or billed to the ~~disqualified ineligible~~ member is divided evenly among the household members, including the ~~disqualified ineligible~~ member. All but the ~~disqualified ineligible~~ member's share is considered a deductible shelter expense for the remaining household members, with the exception of utility expenses per 7 C.F.R. ~~§ C.F.R.~~ 273.9(d)(6)(iii)(F). When the household is responsible for utility expenses, the household is allowed the full utility standard for which it qualifies per OAC 340:50-7-31.

~~(3) **Determining eligibility and benefit level.** The worker does not consider the needs of a disqualified or ineligible household member when determining the household's size for purposes of assigning a benefit level to the household or comparing the household's monthly income with the income eligibility standard per 7 § C.F.R. 273.11(e)(2)(iv).~~

340:50-7-30. Self-employed households

(a) **Person considered self-employed.** A person is considered self-employed when:

- (1) he or she declares himself or herself to be self-employed;
- (2) there is an employer/employee relationship and the employer does not withhold income taxes or Federal Insurance Contributions Act (FICA), even ~~if~~when required by law to do so; or
- (3) the employer withholds taxes and the person provides proof he or she files taxes as self-employed.

(b) **Self-employment income.** Self-employment income received by household members whose income is derived from a self-employment enterprise owned solely or in part by the household member or when the household member works for an employer, but is considered self-employed per (a) of this Section, ~~are~~is treated per the ~~procedures listed in paragraphs (1) through (10) of this subsection.~~

(1) **Capital gains.** The worker counts as income the proceeds from the sale of capital goods or equipment and calculates it in the same manner as a capital gain for federal income tax purposes. Even though a percentage of the proceeds from the sale of capital goods or equipment are taxed for federal income tax purposes, the worker counts the full amount of capital gain as income.

(2) **Profit sharing.** Households who operate S corporations, general or limited partnerships, or limited liability companies may receive profit sharing that is reported on the household's personal income tax return. When a household member:

- (A) actively participates in the operations, the income from profit sharing is considered part of the household's self-employed earned income; or
- (B) does not actively participate in the operations, the income from profit sharing is considered part of the household's unearned income.

(3) **Self-employed farm income.** To be considered a self-employed farmer, the farmer must receive or anticipate receiving annual gross proceeds of \$1,000 or more from the farming enterprise.

(A) Farming is defined as cultivating or operating a farm for profit either as owner or tenant.

(B) A farm includes stock, dairy, poultry, fish, fruit, ~~and~~ truck farms, ~~and~~or plantations, ranches, ranges, ~~and~~or orchards.

(i) A fish farm is an area where fish are grown or raised, ~~and where they are~~ artificially fed, protected, and cared for, and does not include an area where they are only caught or harvested.

(ii) A plant nursery is a farm for purposes of this definition.

~~(C) A loss of income for a self-employed farmer cannot be used to offset~~Per Section 273.11(a)(2)(ii) of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.11(a)(2)(ii)), when the cost of producing self-employment farm income from other household ~~exceeds~~ the income. ~~When a self-employed farmer reports a loss instead of a profit on the business received, the worker does not deduct the loss from~~offsets the losses ~~against other countable household income by:~~

(i) first offsetting the losses against other self-employment income; and

(ii) then offsetting any remaining farm self-employment losses against the total amount of earned and unearned income received by the household after applying the earned income deduction per Oklahoma Administrative Code (OAC) 340:50-7-31(a)(2).

(4) **Monthly self-employment income.** Self-employment income received on a monthly basis, ~~but which that~~ represents a household's annual support, is normally averaged over a 12-month period. ~~if~~When the averaged amount does not accurately reflect the household's actual monthly circumstances because the household ~~has~~ experienced a substantial increase or decrease in business, the worker calculates the self-employment income based on anticipated earnings.

(5) **Seasonal self-employment income.** Self-employment income intended to meet the household's needs for only part of the year is averaged over the period of time it is intended to cover. For example, the income of self-employed vendors who work only in the summer and supplement their income from other sources during the balance of the year is averaged over the summer months rather than a 12-month period.

(6) **Annualized self-employment income.** Self-employment income ~~which that~~ represents a household's annual support must be annualized over a 12-month period, even ~~if~~when the income is received in a shorter period of time. For example, self-employment income received by crop farmers must be averaged over a 12-month period ~~if~~when the income represents the farmer's annual support.

(A) When the household's self-employment income has been received for less than a year, the

income must be averaged over the period of time received and the monthly amount projected for the coming year.

(B) When the household's self-employment income has been received for a short time and there is insufficient data to make a reasonable income projection, the worker does not consider income from this source until the benefit renewal or certification renewal month. At benefit renewal or certification renewal, the worker averages the income over the number of months received until a full year's information is available.

(7) **Determining net monthly annualized self-employment income.** When the household has business expenses associated with its self-employment income, the business expenses must be deducted before determining ~~whether~~^{if} the household meets the maximum gross income standards ~~shown on~~^{shown on} Oklahoma Department of Human Services (~~OKDHS~~)(DHS) Appendix C-3, Maximum Food Benefit Allotments and Standards for Income and Deductions. When the household does not have business expenses, the gross self-employment income is used.

(A) When the household ~~has~~ filed an income tax return on its self-employment income for the most recent year, the worker uses the ~~net~~^{gross} self-employment income shown on the income tax return, subtracts 50 percent of the income for claimed business expenses, and divides the net self-employment income by the number of months to be averaged per 7 C.F.R. § 273.11(b)(3)(iv).

(B) When the household did not file an income tax return on its self-employment income for the most recent year, the worker uses (i) through (iii) of this subparagraph to determine the net monthly self-employment income.

(i) The worker computes gross self-employment income, including capital gains, using the household's self-employment business records or employer records, ~~if~~^{when} applicable.

(ii) ~~If~~^{When} the household declares incurred business expenses, the worker subtracts 50% percent of the gross self-employment income as business expenses per 7 C.F.R. § 273.11(b)(3)(iv). ~~If~~^{When} the household did not incur business expenses, a business expense deduction is not given.

(iii) The worker then divides the net self-employment income by the number of months to be averaged.

(C) The worker adds monthly net self-employment income to all other earned income received by the household. When the household reports a loss instead of a profit on the business, the worker does not deduct the loss from other household income.

(i) The worker adds the total monthly earned income, less the earned income deduction ~~according to OKDHS~~^{per DHS} Appendix C-3 to all other monthly income received by the household.

(ii) The worker subtracts the standard deduction, dependent care, and shelter costs as for any other household per OAC 340:50-7-31 to determine the monthly net income of the household.

(8) **Anticipated income.** When a household who would normally have the self-employment income annualized experiences a substantial increase or decrease in income, the worker does not calculate self-employment income on the basis of prior earnings, such as income tax returns. Instead, the worker calculates the self-employment income using only the income that can reasonably be anticipated to project future earnings. The worker uses procedures in (b)(7)(B) and (C) of this Section to determine net monthly self-employment income.

(9) **Household with income from boarders.** A household that operates a commercial boarding house may be considered a food benefit household and self-employed ~~as shown in paragraph~~^{per} (7) of this subsection. A household with boarders or roomers that is not a commercial boarding house may receive food benefits ~~as shown in subparagraphs~~^{per} (A) through (C) of this paragraph.

(A) The worker excludes a person paying a reasonable amount for room and board from the household and counts payments from the boarder as self-employment income when determining the household's eligibility and benefit level.

(i) The income from a boarder includes all direct payments to the household for room and meals, including contributions to the household for part of the household shelter expense.

(ii) The worker does not count expenses paid directly by a boarder to someone outside the household as income to the household.

(B) The worker excludes 50% percent of the boarder payment as the cost of doing business.

(C) The worker includes the net income from self-employment with other earned income minus the earned income deduction.

(i) The worker computes the shelter cost incurred by the household, even ~~if~~^{when} the boarder contributes part of the shelter expense, to determine if the household qualifies for a shelter deduction.

(ii) The shelter and utility cost must not include any expense billed to and directly paid by the boarder to a third party.

(10) **Income from rental property.** The worker considers income received from rental property as self-employment income.

(A) The worker treats rental income as earned income ~~if~~^{when} a member of the household actively manages the property an average of at least 20 hours per week.

(B) When a household member does not actively manage the property at least 20 hours each week, the worker considers the income as unearned. The person is eligible for business expenses ~~described at paragraph~~^{per} (7) of this ~~Section~~^{subsection}.

Permanent Final Adoptions

340:50-7-31. Deductions

(a) **Deductible expenses.** Per, Households are allowed certain deductible expenses from income as described in (1) through (6) of this subsection and per 273.9(d) of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.9(d)). The household reports current medical, dependent care, legally-binding child support, and shelter expenses at certification, mid-certification renewal, and certification renewal. The household must also report current shelter costs when the household moves.

(1) **Standard deduction.** All households are allowed a standard deduction per Oklahoma Department of Human Services (DHS) Appendix C-3, Maximum Food Benefits Allotments and Standards for Income and Deductions.

(2) **Earned income deduction.** Households with earned income are allowed an earned income deduction per DHS Appendix C-3 to cover the cost of state and local income taxes, pensions, union dues, and work related expenses. Refer to Oklahoma Administrative Code (OAC) 340:50-7-30 for information regarding business expenses for self-employed persons.

(3) **Medical expense deduction.** A medical expense deduction is only allowed for household members meeting the definition of elderly or disabled per OAC 340:50-5-4. For these household members, medical expenses exceeding \$35 per month are deductible when verified. The \$35 is subtracted from medical expenses once per household, not per person, when the household has more than one elderly or disabled member.

(A) **Allowable medical expenses.** Allowable medical expenses must be prescribed or approved by a state licensed or qualified practitioner and include:

- (i) medical and dental care, including psychotherapy and rehabilitation services provided by a licensed practitioner or other qualified health professional authorized by state law;
- (ii) hospitalization or outpatient treatment, nursing care, and nursing home care, including payments by the household for a person who was a household member immediately prior to entering a hospital or nursing home provided by a facility recognized by the state;
- (iii) prescription drugs and other over-the-counter medication,—including insulin, when approved by a licensed practitioner or other qualified health professional authorized by state law. Costs of medical supplies, sick-room equipment, including rentals, or other prescribed equipment are also included;
- (iv) health, dental, and hospitalization policy premiums;
- (v) Medicare premiums and any cost-sharing or spend-down expenses incurred by Medicare or SoonerCare (Medicaid) recipients;
- (vi) dentures, hearing aids, and prosthetics;
- (vii) eye glasses prescribed by a licensed practitioner, ~~and securing and maintaining a seeing eye or hearing dog, including the cost of dog food and veterinarian bills;~~

(viii) reasonable cost of lodging and transportation to obtain medical treatment or services. Lodging costs are allowed when the elderly or disabled member is required to spend the night away from home to receive medical services. Reasonable transportation costs are based on the type of transportation used. When the elderly or disabled member:

- (I) uses his or her own vehicle, the state's current mileage reimbursement is allowed;
- (II) uses public transportation, the actual cost of the transportation is allowed; or
- (III) pays a non-household member for transportation, the amount charged by the person is allowed;

(ix) maintaining an attendant, homemaker, home-health aide, child care services, or housekeeper due to age, infirmity, or illness. When this expense also qualifies as a dependent care expense per (4) of this subsection, it is considered a medical expense rather than a dependent care expense. Additionally, when the household furnishes a majority of the caretaker's meals, an amount equal to one allotment is added to the medical expense for meals provided. The allotment used is the amount in effect at certification; and

(x) costs associated with all service animals specially trained to serve the needs of elderly or disabled program participants. This includes maintenance costs, such as veterinary bills, food, and other expenses for these service animals.

(B) **Medical expenses not allowed.** Expenses not allowed include:

- (i) costs associated with special diets;
- (ii) premiums for health and accident insurance policies, such as those payable in lump sum settlements for death or dismemberment;
- (iii) premiums for income maintenance policies, such as those that continue mortgage or loan payments while the beneficiary is disabled;
- (iv) items that can be purchased with food benefits, such as dietary supplements; and
- (v) the cost of meals or other incidentals when the person spends the night away from home to receive medical services.

(C) **Medical expense verification requirements.** Households are required to report and verify medical expenses at certification and certification renewal. Households are not required to report changes in medical expenses during the certification period.

(i) When a household voluntarily reports a reduction in medical expenses that will decrease the food benefit allotment, no verification is needed. However, the change requires notice of adverse action per OAC 340:50-9-5.

(ii) When a household voluntarily reports additional medical expenses that will increase the food benefit allotment, the household must verify

the additional expenses before the worker changes the medical expense deduction.

(iii) When the additional medical expenses are one-time expenses, such as hospital costs, dental expenses, or the purchase of prescription eyeglasses, the expense is only allowed when the person reports and verifies the expense before it becomes past due. When a portion of the expense will be paid by a vendor or insurance payment, the worker does not allow the expense until the amount owed by the person is verified. Once verified, the household may choose to:

(I) deduct the entire expense in the month incurred or when it becomes due;

(II) average the expense over the remaining months of the certification period; or

(III) average the expense over the scheduled length of a payment plan.

~~(iiiiv)~~ When the worker finds out about a change from a source other than the household, the change is acted on when verified upon receipt, such as when the worker is notified via data exchange of a Medicare premium change. The worker does not contact the household for additional information. When the change requires household contact for additional information or verification, the worker does not make the change.

~~(ivv)~~ When a household reports but does not verify an anticipated medical expense, the worker informs the household the expense will be allowed when the household provides verification. ~~Upon verification, a household may elect average the expense over the remaining months of the certification period or to have the expense deducted for the next effective month only.~~

~~(D) When medical expenses vary. When the household's on going medical expenses vary from month to month, the worker determines the anticipated expense amount by averaging at a minimum, the past two month's expenses.~~

(4) **Dependent care.** Dependent care is payment for the actual cost for the care of a child or other dependent when necessary for a household member to seek, accept, or continue employment or to attend training or education preparatory to employment.

(A) The deduction applies regardless of whether the household member is subject to the Supplemental Nutrition Assistance Program Employment and Training requirements.

(B) When the expense also qualifies as a medical expense, it is considered a medical expense rather than a dependent care expense.

(C) There is no maximum dependent care deduction. The total reported by the client is an allowable expense as long as it meets the criteria in this Section.

(D) Dependent care is only verified when the expenses claimed actually result in a deduction and

other information available to the worker is inconsistent with the household's claim that it incurs a dependent care expense.

(5) **Legally-binding child support.** A deduction is allowed for verified legally-binding child support payments paid by a household member to or for a non-household member, including payments made to a third party on behalf of the non-household member.

(6) **Shelter costs.** A household is allowed a shelter deduction when the monthly shelter cost exceeds 50 percent of the household's income after all other deductions are allowed. The shelter deduction cannot exceed the maximum amount allowed per DHS Appendix C-3, unless the household includes an elderly or disabled member. Households with an elderly or disabled member receive an excess shelter deduction for the monthly cost exceeding 50 percent of the household's income after the deductions listed in (1) through (6) of this subsection are allowed. When the household includes a non-household member or disqualified member, refer to (b)(4) and (5) of this Section to determine whether to prorate shelter costs.

(A) **Allowable rent or mortgage costs.** Allowable rent or mortgage costs for the shelter occupied by the household include, the:

- (i) monthly rent or mortgage payment, or other continuing charges leading to the ownership of the shelter, such as loan repayments for the purchase of a mobile home, including interest on such payments;
- (ii) charge for renting or buying the land on which a mobile home is located;
- (iii) property taxes, state and local assessments, and insurance on the structure. A mobile home is taxed as part of the property tax when the land is owned or being purchased;
- (iv) personal property tax for unregistered mobile homes on rented land; or
- (v) monthly vehicle payment when a homeless household lives in the vehicle.

(B) **Expenses not considered as shelter costs.** The worker does not consider as shelter costs, the cost for:

- (i) insuring furniture or personal belongings when paid separately from the insurance on the home;
- (ii) vehicle registration or a tag for a mobile or motor home; or
- (iii) personal property tax except as allowed per (6)(A)(iv) of this subsection.

(C) **Allowable utility costs.** When the household incurs utility expenses, ~~the worker determines which of the~~ it is eligible for one of three standard utility allowances ~~applies to the household's expenses~~ based on criteria in (i) through (iii) of this subparagraph. ~~A household incurring an allowable utility expense receives the total amount of the~~ The applicable utility standard amount is specified per DHS Appendix C-3.

Permanent Final Adoptions

(i) The standard utility allowance (SUA) is ~~a single standard~~ based on annual averages that include costs for heating or cooling; and cooking fuel, electricity, basic ~~telephone~~ service, water, sewage, and garbage. This includes households that receive Low Income Heat Energy Assistance Payments (LIHEAP).

(I) The household is eligible for the SUA when the household is billed for heating or cooling during the year. Households billed less often than monthly for heating costs, such as butane or propane may continue to use the utility standard between billing months.

(II) When a household reports they no longer incur a heating or cooling expense, but still have a utility expense, the standard must be changed to the basic utility allowance (BUA) or telephone standard.

(III) When a household's heating or cooling expenses are partially reimbursed or paid by an excluded payment, such as a vendor payment, Housing and Urban Development (HUD), or Farmers Home Administration (FmHA) payment, the household remains eligible for the SUA.

(ii) The BUA includes utility charges the household incurs other than for heating and/or cooling, such as cooking fuel, water, sewage, garbage collection, and basic ~~telephone~~ service.

(iii) The telephone standard is used when the household is not entitled to use the SUA or BUA, but has a ~~telephone~~ cost.

(D) **When shelter costs for an unoccupied home are allowed.** Shelter costs for an unoccupied home may be allowable when the household; is temporarily away from home because of; illness, a disaster or casualty loss to the home, or to attend an employment or training opportunity.

(i) For the cost of a vacated home to be included in shelter costs the:

(I) household must intend to return to the home;

(II) current occupants of the home, if any, must not claim the shelter costs during the household's absence; and

(III) home must not be rented or leased during the household's absence.

(ii) A household that has ~~both~~ an occupied home and an unoccupied home is only allowed one standard utility deduction.

(b) **Expense calculation.** The worker calculates a household's expenses based on the expenses the household expects to be billed for during the certification period. The worker anticipates expenses based on the most recent month's bills unless the household is reasonably certain a change will occur.

(1) **Billing fluctuations.** The household may elect to average expenses when the billed amount fluctuates

monthly, is billed less often than monthly, or as in the case of some medical expenses, the expense changes throughout the certification period.

(2) **When expenses are owed but not paid.** The household is allowed a deduction in the month the expense is billed or otherwise becomes due, regardless of when the household intends to pay the expense. A particular expense may be deducted only once.

(3) **Reimbursed expenses.** The portion of an expense paid by an excluded reimbursement or vendor payment is not deductible. The amount left after deducting the excluded payment is deductible and includes HUD and FmHA rent and utility payments. Expenses are only deductible when the service is provided by someone outside of the household and the household makes a monetary payment for the service.

(4) **One-time expenses.** The household may choose to average one-time expenses over the entire certification period in which they are billed per 7 C.F.R. § 273.10(d)(3). When the household reports a one-time expense during the certification period, the household may choose to:

(A) deduct the entire expense for the next effective month; or

(B) average the expense over the remaining months in the certification period beginning with the next effective month. When the household is certified for 24 months and the one-time expense was incurred in the:

(i) first 12 months of the certification period, the household may elect to deduct the expense in one month, average the expense over the remaining months in the first 12 months of the certification period or average the expense over the remaining months in the certification period;

(ii) the second 12 months of the certification period, the household may elect to have the expense deducted in one month or averaged over the remaining months in the certification period.

(5) **When the household includes a disqualified household member.** When the household includes a disqualified household member per OAC 340:50-5-10.1 ~~expense calculation depends on the disqualification reason.~~

~~(A) Disqualification for failure to comply with food benefit Employment and Training (E&T) Program requirements, a fleeing felon disqualification, or willful misrepresentation or fraud.~~

~~When the household member is disqualified because of failure to comply with food benefit E&T Program requirements, a fleeing felon disqualification, or willful misrepresentation or fraud, the remaining household members are eligible for all allowable income deductions. The worker does not prorate allowable deductions because the disqualified member's income is counted in its entirety per OAC 340:50-7-29(d).~~

~~(B) Disqualification for other reasons~~**When the household includes an ineligible household member.** ~~When the household member is disqualified for a reason~~

other than those included in (A) of this paragraph includes an ineligible household member per OAC 340:50-5-10.1, the worker prorates the allowable deductions evenly between the household members, including the disqualified ineligible member. The remaining household members are not eligible for the disqualified member's portion of the expenses, except for utility expenses because the disqualified ineligible member's income is also prorated per OAC 340:50-7-29(d). When the household is responsible for utility expenses, the household is allowed the full utility standard deduction for which it qualifies per Oklahoma Administrative Code OAC 340:50-7-31(a)(6)(C).

(57) **When the household includes a non-household member.** When the household shares deductible expenses with a non-household member, the worker only deducts the amount the household actually pays or contributes toward household expenses with the exception of the utility expenses. When the household pays part of the utility expenses, the household is allowed the full utility standard deduction for which it qualifies per OAC 340:50-7-31(a)(6)(C). When the payments or contributions cannot be differentiated, the worker prorates the expenses evenly among persons actually paying or contributing to the expense and deducts only the household's pro rata share with the exception of the utility expenses.

PART 5. DETERMINATION OF INCOME

340:50-7-45. Income

(a) The methods in this Part are used to estimate income. The worker uses the method(s) that will best predict income for the current and future months. Actual income is used for the current and prior month, if known prior to teleprocessing the certification. When an extra check is received in the initial month due to a third or fifth week and the income is ongoing, it is converted to anticipated income. In the month of application, the anticipated income may be less than a full month's wages. In this case, use the actual or actual anticipated income for the month of application. For the remaining months of the certification period, the income is averaged and converted to a monthly amount to be used. If the household income is received more often than monthly, the income for future months of the certification period must be converted to a monthly amount, if the conversion represents the income anticipated to be received by the household.

(b) **Household income.** Household The worker counts all income means income from all sources excluding only those items described in OAC 340:50-7-22. The income considered is that income which is expected to be received the household expects to receive during the certification period of certification except for income sources excluded per Oklahoma Administrative Code (OAC) 340:50-7-22. When an applicant or recipient reports no income and/or the household's expenses such as rent or mortgage, utilities, other payments, or miscellaneous personal expenses exceed the income, the worker must determine with the household how these needs are met.

(eb) **Income verification.** Gross The worker verifies the gross, non-exempt income is verified for all households prior to certification. In cases where When all attempts to verify income have been are unsuccessful because the person or organization providing the income fails to cooperate with the household, the worker determines the amount to be used calculates income based on the best available information.

(1) **Method of verifying income.** The worker uses documentary evidence as the primary source of verification per Section 273.2(f) of Title 7 of the Code of Federal Regulations. If other types of verification are used, the worker must document in the case why an alternate source was needed. Documentary evidence consists of a written confirmation of a household's circumstances. The household has primary responsibility for providing documentary evidence. The worker must assist the household when requested, when the household is willing, but unable to obtain the documentary evidence.

(A) Documents which can be used to that verify earned income include, but are not limited to:

- (i) pay stubs;
- (ii) employee W-2 forms;
- (iii) wage tax receipts;
- (iv) state or federal income tax returns;
- (v) self-employed bookkeeping credits;
- (vi) sales or expenditure records;
- (vii) employer wage records;
- (viii) statements from an employer;
- (ix) Oklahoma Employment Security Commission (OESC) statements; or
- (x) Oklahoma Tax Commission statements.

(B) Verification of other types of Documents that verify unearned income, documents, or records generally available from the applicant include, but are not limited to:

- (i) award letters;
- (ii) benefit payment checks;
- (iii) correspondence on benefits;
- (iv) income tax records;
- (v) support and alimony payments as evidenced by court order;
- (vi) divorce or separation papers; or
- (vii) contribution checks.

(C) Other Alternate income verification sources of income verification include, but are not limited to:

- (i) State Data Exchange (SDX) system screens;
- (ii) Beneficiary and Earnings Data Exchange (BENDEX) system screens;
- (iii) OESC wage records and unemployment compensation screens;
- (iv) union records;
- (v) workers' compensation records;
- (vi) information received from the Department of Veterans Affairs records; or
- (vii) tax records.

(2) **Unreported income.** When there is an indication other income which has not been reported is available

Permanent Final Adoptions

~~to the household, the~~The worker must exploreexplores the possibilitiespossibility of unreported income when situations described in this subsection occur.

~~(A) When the applicant states he or she has no earnings or other income and~~The household may have unreported income when:

~~(i) the applicant or recipient is employable and does not report earnings;~~

~~(ii) the household reports zero income;~~

~~(iii) the household reports household expenses, paid or unpaid that exceeds the amount of income reported. Household expenses may include rent or mortgage payments, utility payments, car payment, or other personal expenses;~~

~~(iv) it appears he or she a household member may be eligible for other benefits, such as Social Security, Supplemental Security Income (SSI), unemployment compensation, or public assistance, it may be necessary to verify the applicant is not receiving income from such sources; or~~

~~(v) other questionable situations occur.~~

~~(3B) Other required verification. When verifying income is exempt as a loan~~the household states someone is loaning the household money to meet expenses, a simple statement signed by both parties which indicates indicating the payment is a loan and must be repaid is sufficient verification. ~~If~~When the household states it receives paymentloans on a recurrent or regular basis from the same source, ~~but claims the payments are a loan, the worker must require the provider of the loan must sign a~~ notarized affidavit which states that states the payments are being madeloans that must be repaid or that payments will be made in accordance with an established repayment schedule.

340:50-7-46. Converting to monthly income

(a) **Converting income.** When a full month's income is anticipated but is receivedthe household receives income more often than monthly, the worker converts the income is converted to a monthly amount as indicated in (1) through (5) of this subsection. When the amounts to be converted differ, such as fluctuating daily, weekly, or biweekly amounts, ~~an average is obtained and the average is multiplied by 4.3 or 2.15 whichever is applicable~~the worker averages the income per (c) of this Section. ~~Cents are carried~~The worker carries cents through all steps and then ~~rounded~~rounds the monthly income amount to the nearest dollar when the monthly amount is determined. ~~One with one cent through 49 cents are rounded down and 50 cents through 99 cents are rounded up. The worker must exercise extreme caution when determining whether income is received twice per month or biweekly, every two weeks.~~

(1) **Daily. Income**The worker converts income received on a daily basis is ~~converted~~ to a weekly amount, ~~then multiplied by 4.3 only when~~When there is a consistency in days worked each week and a regularity of pay dates, the worker multiplies the weekly income

by 4.3. When there is no consistency, refer to (5) of this subsection for irregular income processing.

(2) **Weekly. Income**The worker multiplies income received weekly is multiplied by 4.3.

(3) **Twice a month. Income**The worker multiplies income received twice a month is multiplied by 2.

(4) **Biweekly. Income**The worker multiplies income received every two weeks is multiplied by 2.15.

(5) **Irregular income. Income**The worker does not convert income received at irregular intervals is ~~not converted~~by 4.3, 2, or 2.15, when there is no consistency in the work offered or when pay is received. Instead, the worker adds all irregular income received in the calendar month together to arrive at a monthly average. When more than one month of irregular income is available, the worker totals the income and divides it by the number of months used.

(b) **Anticipating income.** For the purpose of determining the household's eligibility and monthly benefit allotment, the worker takes into account the income already received by the household and any anticipated income the household ~~can be~~is reasonably certain to receive during the certification period per Section 273.10(c)(1) of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.10).

(1) **Application month income.** In the application month of application, the household's anticipated income may be less than a full month's wages. In this case, ~~use~~the worker uses actual or actual anticipated income for the month of application. When the person receives an extra paycheck in the application month due to a third or fifth week and the income is ongoing, the worker converts the income to anticipated income for the application month. For the remaining months of the certification period, the worker averages and converts the income to a monthly amount.

~~(2) Uncertain income. If~~The worker does not count income when the date and amount of income that will to be received or when it will be received is uncertain, ~~that portion of the household's income is not counted. For example,~~Examples of uncertain income include, when a household's anticipated income is from a new source, such as a new job, and the date and amount of the first paycheck is not known or when a household member recently applied for public assistance, or unemployment benefits, may be uncertain as to the time and the amount of and does not know if or when the initial payment may be made.

(A) The worker does not consider the anticipated payment is ~~not considered~~unless there is reasonable certainty concerning the month the payment will be received and the amount of the payment.

(B) The payment is disregarded if there is no way to determine the amount of the payment.

~~(C) If the exact amount of the~~When some, but not all, household income is not known, ~~that~~the portion of it which that can be anticipated with reasonable certainty must be considered as income.

~~(DC)~~ In cases where the receipt of income is When the worker can reasonably anticipate income receipt, but the monthly amount may fluctuate, the household worker may elect to have their average the income averaged per (c) of this Section.

~~(ED)~~ Households are advised to report all changes in gross monthly income as required.

(23) **Income received in the past 30-calendar days.** Income received during the past 30-calendar days may be used as an indicator of income anticipated to be available to the household during the next certification period. Past income is not used to anticipate future income for any month in which an income change in income has occurred, can be anticipated, or employment has terminated.

(34) **Regular employment.** When the head of the household or other members of the household have regular employment, income from previous months is usually a good indicator of the amount of income that can be anticipated into anticipate for the application month of application and subsequent months. If information supplied by ~~When~~ the household or collateral contact indicates that supplies information indicating future income will differ substantially from the previous month's income, the worker uses the information to make a reasonable estimate of the anticipated income. The method used to determine the income is fully documented in the case record.

(45) **Withheld wages.** Wages withheld at the request of the employee are considered income to the household in the month the wages would otherwise be paid by the employer. Wages withheld by the employer as a general practice, even if when in violation of the law, are not counted as income to the household; unless the household anticipates that it will ask for and receive an advance, or the household anticipates that it will receive income from previously held wages. Advances on wages are counted as income when they can be reasonably anticipated.

(c) **Averaging income.** Households, except for destitute and migrant or seasonal farm worker households, may have their income averaged per 7 C.F.R. § 27310(c)(3). To determine the household's eligibility, the worker adds all other income is added to this the averaged monthly income then the and subtracts applicable income exclusions and deductions are applied in the normal manner.

(1) **Fluctuating income.** Households with fluctuating income may elect to have the income averaged.

(A) If When the household indicates the most recent 30-calendar days income is representative of anticipated future earnings, it is appropriate to use the worker uses this income for computing to compute gross monthly income.

(B) When the household indicates the most recent 30-calendar days of income is not representative of anticipated future income, the worker uses averages additional months of income to arrive at compute a representative anticipated monthly gross income.

(C) Income that is received more often than monthly is converted to a monthly income prior to

determining a monthly average. The number of months used to arrive at the average income need not be the same as the number of months in the certification period. For example, if fluctuating income for the past 30-calendar days and the month of application are known and, with reasonable certainty, are representative of the income fluctuations anticipated for the coming months, the income for the two months may be averaged and projected over the certification period.

(2) **Employment contract and self-employment.** ~~Households which~~ When households derive their annual income by contract or self-employment derive their annual income in a period of time shorter than one year, must have that the worker annualizes the income annualized over a 12-month period, provided the income from the contract is not received on an hourly or piece work basis. These households may include school employees, sharecroppers, farmers, and other self-employed households. These provisions do not apply to migrant or seasonal farm workers or to contracted employees who receive income on an hourly or piece work basis.

(d) **SSA/SSI Income from the Social Security Administration (SSA).** When using the Beneficiary and Earnings Data Exchange System (BENDEX) or the State Data Exchange System (System) (SDX) to verify Social Security (SSA) benefits or Supplemental Security Income (SSI), see OAC 340:65-3-4 the worker drops any cents from the gross benefit amount.

SUBCHAPTER 9. ELIGIBILITY AND BENEFIT DETERMINATION PROCEDURES

340:50-9-1. Determining the food benefit allotment

(a) **Cases with unverified deductible expenses.**

(1) **Food benefits without deductions.** ~~If When~~ a deductible expense that must be verified per Oklahoma Administrative Code (OAC) 340:50-7-31 cannot be verified before within the 30-day processing standard for applications expires, the worker determines the household's benefit level without giving a deduction for the claimed, but unverified expense. If the household:

(A) is eligible without allowing the expense, an allotment that does not reflect deduction of the expense is approved within 30 calendar days after the application is filed; or

(B) chooses to claim expenses for an unoccupied home, the worker verifies the household's utility expenses for the unoccupied home and uses the appropriate utility standard.

(2) **Benefits delayed When the household is ineligible unless deductible expense is allowed.** ~~If When~~ a deductible expense cannot be verified before the 30-day processing standard for applications expires and the household is ineligible unless the expense is allowed, the household worker:

Permanent Final Adoptions

~~(A) denies the application is held pending or denied on the 30th day when the worker gave the household at least 10-calendar days to verify the expense;~~
~~or~~

~~(B) delays making a decision until the 10-calendar day verification period expires.~~

(b) **Determining household eligibility.** ~~The worker determines the household's eligibility based on gross or net monthly income standards per (3) or (4) of this subsection unless the household is considered a categorically eligible household per OAC 340:50-11-113(a) and (2) of this subsection. When changes in household composition or other circumstances occur, households certified under gross income standards may become subject to net income standards during the certification period or vice versa. The worker is required to change one changes the income standard to the other when any change is made making other changes to adjust the household's eligibility, benefit level, or certification period, or at certification renewal, whichever is earlier.~~

(1) Income and expense calculation. ~~The worker calculates the household's gross income before subtracting deductible expenses to arrive at the net monthly income for the household.~~

~~(A) In calculating net monthly income, cents are used in determining. The worker calculates each source of each person's monthly gross income and the household's monthly dependent care, shelter, legally binding child support payments, or medical expense. When the monthly amount of each person's source of income or each of the household's expenses is established, and at all other steps of the net income computation separately for each person, using dollars and cents, and then rounds cents are rounded to the nearest dollar. The worker rounds one cent through 49 cents down and 50 cents through 99 cents up.~~

~~(B) Due to changes in household composition or circumstances, households certified under gross income standards may become subject to net income standards during the certification period or vice versa. The worker is required to change one income standard to the other when any change is made to adjust the household's eligibility, benefit level, or certification period, or at certification renewal, whichever is earlier. The worker uses the same rounding method for each deductible expense. Deductible expenses are subtracted from gross income to arrive at the net monthly household income. Deductible expenses may include dependent care, shelter, legally-binding child support payments, or medical expenses.~~

(2) Categorically eligible households. ~~Per Section 273.2(j) of Title 7 of the Code of Federal Regulations (7 C.F.R § 273.2) and OAC 340:50-11-113(a), categorically eligible households in which all household members receive Temporary Assistance for Needy Families (TANF) or Supplemental Security Income (SSI) are not subject to the gross or net income standards per (3) or (4) of this subsection.~~

~~(+3) Households without elderly or disabled members. If the household does not include an elderly or disabled member, and are not considered categorically eligible per (2) of this subsection are not eligible for food benefits when the household's total gross monthly income and household size are the first basis for determining eligibility exceeds the gross monthly income standard by household size on Table I of the Oklahoma Department of Human Services (DHS) Appendix C-3, Maximum Food Benefit Allotments and Standards for Income and Deductions. The household is not eligible if the total gross income exceeds the Maximum Gross Income Standard for the appropriate household size as shown on Oklahoma Department of Human Services (OKDHS) Appendix C-3, Maximum Food Benefit Allotments and Standards for Income and Deductions. After meets the gross income standard and non-financial conditions of eligibility are established per OAC 340:50-5, the worker computes the household's net food benefit monthly income is computed and compared to the Maximum Net Income Standard for the appropriate household size as shown on OKDHS Appendix C-3 to determine eligibility. If When the net food benefit income does not exceed this standard the net income by household size on the food benefit allotment chart on the Appendix C-3, the household is determined eligible. The worker follows steps in (A) through (H) are used to determine the household's net food benefit monthly income.~~

~~(A) Add gross monthly income earned by all household members per (1) of this subsection including any net self-employment income minus the earned income exclusions per OAC 340:50-7-30 to determine the household's total gross earned income.~~

~~(B) Multiply the total gross earned income by Subtract the appropriate earned income deduction according to the OKDHS per DHS Appendix C-3 and subtract that amount to determine the net monthly earned income. The household is not eligible for the earned income deduction is not allowed on any portion of income earned under a work supplementation or support program that is attributable to public assistance.~~

~~(C) Add the net monthly earned income and the total monthly unearned income of all household members, minus income exclusions per OAC 340:50-7-22.~~

~~(D) Subtract the standard deduction as shown in OKDHS per Appendix C-3.~~

The remaining amount, if any, is the excess shelter costs. ~~If~~When there are no excess shelter costs, the net monthly income has been is determined. ~~If~~When there are excess shelter costs, proceed to the next step. (H) ~~To apply the excess shelter costs, subtract excess shelter costs from the adjusted income if the total of excess shelter costs does not exceed the maximum shown in OKDHS Appendix C-3.~~IfWhen the total of the shelter costs exceeds exceed the standard maximum shelter cost deduction shown in ~~OKDHS~~DHS Appendix C-3, only the amount not exceeding the standard maximum shelter cost deduction is deducted.

(24) Households with an elderly or disabled member.

When a household that includes an elderly or disabled member meets the non-financial conditions of eligibility per OAC 340:50-5, the household's net food benefit monthly income, and household size are the basis for determining eligibility. The worker compares the household's net food benefit monthly income is compared to the Maximum Net Income Standards for the appropriate household size as shown on ~~OKDHS~~Table II of Appendix C-3. ~~If~~When the net food benefit income does not exceed this standard, the household is determined eligible. The worker follows steps listed in (A) through (D)(H) of this paragraph are used to determine the household's net food benefit income if the household includes an elderly or disabled member.

(A) Add gross monthly income earned by all household members per (1) of this subsection including any net self-employment income minus the earned income exclusions per procedures at OAC 340:50-7-30, to determine the household's total gross earned income.

(B) ~~Multiply the total gross earned income by~~Subtract the appropriate earned income deduction from ~~OKDHS~~per DHS Appendix C-3 and subtract that amount to determine the net monthly earned income. The household is not eligible for the earned income deduction is not allowed on any portion of income earned under a work supplementation or support program that is attributable to public assistance.

(C) Add the net monthly earned income and the total monthly unearned income of all household members, minus income exclusions per OAC 340:50-7-22.

(D) Subtract the standard deduction as shown in ~~OKDHS~~DHS Appendix C-3.

(E) Subtract medical expenses that exceed \$35 for elderly or disabled household members only. ~~Thirty five dollars is subtracted~~The worker subtracts the \$35 only once for the household rather than for each household member.

(F) Subtract monthly dependent care expenses. A dependent care deduction cannot be is not allowed

~~for~~when dependent care expenses that are reimbursed or paid for under an E&T program or other source.

(G) Subtract verified legally-binding child support payments made to someone outside the food benefit household.

(H) Add together the allowable shelter expenses, including the appropriate utility standard, to determine the household's total shelter costs. Subtract from the total shelter costs 50% percent of the adjusted income, the household's monthly income after all of the deductions in (A) through (G) of this paragraph have been are subtracted. The remaining amount, if any, is the excess shelter costs.

(i) ~~If~~When there are no excess shelter costs, the net monthly income has been is determined.

(ii) ~~If~~When there are excess shelter costs, go to the next step.

~~(I) To apply the excess shelter costs, subtract excess shelter costs from the adjusted income to determine the net monthly income.~~

(c) Food benefit allotment.

(1) Initial month proration.

(A) Initial month means the first month the household is certified for food benefits following any period during which the household was not certified. Food benefit allotments for an initial month are prorated from the date of application.

(i) ~~Proration of benefits from the application date applies to the new case if one food benefit household separates into two or more food benefit households.~~

(ii) Migrant and seasonal farm worker's food benefits are not prorated when the household has received food benefits in the prior month.

(iii) For the initial month, the worker considers the household's circumstances for the entire application month of application, even though the food benefit allotment is based on the day of the month the household applies for benefits.

(iv) Per OAC 340:65-3-5(4)(5), Temporary Assistance for Needy Families (TANF) cash assistance payments are also prorated from the application date of application. When the worker certifies the household for TANF and food benefits for the same month, the worker uses ~~OKDHS~~DHS Appendix B, Prorated TANF and Food Benefits: Proration Benefit Payment Form, or the formula: (31 minus the application date) x monthly benefit divided by 30 to determine TANF countable income for the initial month.

(B) The prorated benefit is rounded down to the lower dollar. ~~If~~When the answer prorated food benefit is less than \$10, the household is denied worker denies food benefits for the application month of application but certified and certifies the household for the next month. ~~If the household applies on the 31st day of the month, use the 30th for the application date for purposes of this provision.~~Households that apply

Permanent Final Adoptions

~~after the 15th of the month are issued the prorated benefits for the month of application and the benefits for the first full future month on the same day.~~

(C) When the worker certifies the household for the month following the month of initial application because the household failed to furnish necessary information, the worker:

- (i) changes the application date to the date the household furnishes the information to DHS; and
- (ii) prorates benefits are prorated from the new application date the household furnished the information. The application date becomes the date information was furnished to OKDHS.

(2) **Monthly benefit.** The monthly benefit for all months except the initial month is the ~~amount~~ food benefit allotment listed on ~~OKDHS~~ DHS Appendix C-3 for the appropriate household size and net income.

(d) **Certification periods.** ~~Definite~~ Certification periods are established for each eligible household to receive benefits. ~~At the of each~~ When the certification period ends, entitlement to food benefits is established based upon a newly completed the household must complete a new application, an interview be interviewed, and provide required verification ~~provided~~ per OAC 340:50-3-2 and 340:50-3-3, before the worker determines continuing eligibility. Under no circumstances are benefits continued beyond the end of a certification period without completion of a certification renewal.

(1) **Month of application.** The month of application is the first month in the certification period for initial applicants ~~if~~ when eligibility is determined within the 30-day period.

(A) Because of anticipated changes, a household may be eligible for the application month, but ineligible for the subsequent month. In this situation, the worker certifies the household is certified for the application month only.

(B) ~~If~~ When the worker determines a household is ~~found to be ineligible and is denied benefits~~ for the application month, but is eligible for subsequent months, a new application is not needed, ~~and the~~ The worker denies benefits for the application month and certifies food benefits effective the month following the application month.

(2) **Missed interview.** ~~During the application process,~~ When a household who did not appear for their first misses the scheduled interview, the household may request a new interview date be scheduled through the 30th day following their application date. Refer to OAC 340:50-9-4 for information regarding delayed applications to determine the proration date of the food benefit allotment when applications are delayed.

(3) **Information furnished after the application is denied.** When the worker denies an application because the household did not provide the requested information and the applicant furnishes the required information to determine eligibility within the second 30-calendar day

period, a new application is not required. The worker certifies food benefits using the date the household provides required information or verification as the application, certification, and proration date.

(e) **Length of certification periods.** The worker assigns the longest certification period possible based on the predictability of the household's circumstances.

(1) **One month.** The worker assigns a one-month certification to:

- (A) households eligible only for the application month; and
- (B) migrant farm worker households; in the work stream, who apply before the 16th of the month.

(2) **Two months.** The worker assigns a two-month certification to:

- (A) households eligible only for the certification month and subsequent month; and
- (B) migrant farm worker households; in the work stream, who apply after the 15th of the month.

(3) **Twelve months.**

(A) The worker assigns a 12-month certification period to households at certification unless the household:

- (i) ~~the~~ household includes an able-bodied adult without dependents (~~ABAWD~~) member who is not meeting the work requirement or is not otherwise exempt. Refer to OAC 340:50-5-64 for participation time limits; or
- (ii) ~~all adult household members are elderly or disabled with no earned income~~ meets criteria in (1), (2), or (4) of this subsection.

(B) These households are required to complete a ~~benefit~~ mid-certification renewal at six-month intervals. ~~They~~ and are known as semi-annual reporting households.

(4) **Twenty-four months.** The worker assigns a 24-month certification period to households when all adult members are elderly or disabled with no earned income. These households are required to complete a ~~benefit~~ mid-certification renewal at 12-month intervals. ~~They~~ and are known as annual reporting households.

340:50-9-5. Changes after application and during the certification period

(a) **Change reporting requirements.** Section 273.12 of Title 7 of the Code of Federal Regulations (7 ~~C.F.R.~~ C.F.R. 273.12) contains change reporting requirements after application and during the certification period described in (a) through (i) of this Section.

(b) **Applicant households.** Applicant households must report all changes related to their food benefit eligibility and benefit amount. Households must report changes that occur after the interview but before the date of the notice of eligibility, within 10-calendar days of the date of the notice.

(c) **Annual reporting households.** Annual reporting households are households in which all adult members are elderly or disabled with no earned income.

(1) **Certification period.** A 24-month certification period is automatically assigned to annual reporting households. Annual reporting households must complete a mid-certification renewal between certification periods to report current household circumstances.

(2) **Change reporting between renewal periods.** Between the mid-certification renewal and certification renewal reporting months, the household must report gross income changes when the household's income exceeds the maximum gross income scale for household size shown on Form 08MP006E, Information for Benefit Renewal, within 10 calendar days of the change occurring by the 10th of the month following the month the change occurred. The maximum gross income scale is based on 130 percent of the monthly poverty income guidelines.

(3) **Action taken on reported changes.** The worker must act on all changes reported by households.

(A) The computer system determines if the change results in an increase, decrease, or no change in benefits.

(B) Between the mid-certification renewal and certification renewal months, the changes the worker makes do not decrease or close benefits until the mid-certification renewal is due unless the:

- (i) household's income increase exceeds the maximum gross income scale for household size shown on Form 08MP006E;
- (ii) household requested benefit closure; ~~or~~
- (iii) worker has information about the household's circumstances considered verified upon receipt per (g) of this Section; ~~or~~
- (iv) a household member is identified as a fleeing felon or probation violator per 7 C.F.R. § 12(a)(5)(vi) and Oklahoma Administrative Code (OAC) 340:50-5-10.1(a)(3).

(C) The computer system applies all changes that increase benefits.

(d) **Mid-certification renewal for annual reporting households.** Annual reporting households are sent notification in the 11th month of certification that the mid-certification renewal is due. The notice explains methods the household may choose to complete the renewal and required verification needed. An interview is not required.

(1) **When the mid-certification renewal is due.** The household must complete the benefit renewal and provide required verification by the last day of the 12th month of certification.

(2) **Completion of mid-certification renewal.** The worker reviews benefit renewal information and verification provided to determine completeness and continued eligibility.

(A) When the renewal is complete and the household remains eligible, the worker acts on all reported changes and the computer system applies any increase or decrease in benefits.

(i) When the household fails to provide sufficient information regarding a deductible expense requiring verification, the worker processes the

mid-certification renewal without regard to the deduction.

(ii) When benefits are decreased, an advance notice is sent per Appendix B-2, Deadlines for Case Actions.

(B) When the household is no longer eligible, the worker closes food benefits effective the next advance-notice deadline date per Appendix B-2.

(C) When the renewal is incomplete, the computer system closes food benefits effective the next advance-notice deadline date per Appendix B-2.

(3) **When benefits may be reopened.** Food benefits may be reopened following closure when criteria is met per (i) of this Section.

(e) **Semi-annual reporting households.** Food benefit households are considered semi-annual reporting households unless they meet criteria per (b) or (f) of this Section.

(1) **Certification period.** A 12-month certification period is automatically assigned to semi-annual reporting households.

(2) **Change reporting between renewal periods.** Between the mid-certification renewal and certification renewal reporting months, the household must report within 10-calendar days of the change occurring when:

- (A) the household's gross income exceeds the maximum gross income scale for household size shown on Form 08MP006E. The maximum gross income scale is based on 130 percent of the monthly poverty income guidelines; and
- (B) a decrease in work hours below an average of 20 hours per week or 80 hours per month occurs for any household member meeting the able-bodied adults without dependents (ABAWD) work rules per ~~Oklahoma Administrative Code (OAC) 340:50-5-64.~~

(3) **Action taken on reported changes.** The worker must act on all changes reported by households.

(A) The computer system determines if the change results in an increase, decrease, or in no change in benefits.

(B) Between mid-certification renewal and certification renewal months, the changes the worker makes do not decrease or close food benefits until the mid-certification renewal is due unless ~~the~~:

- (i) the household's income increase exceeds the maximum gross income scale for household size shown on Form 08MP006E;
- (ii) the household requested benefit closure;
- (iii) the worker has information about the household's circumstances considered verified upon receipt per (g) of this Section; ~~or~~
- (iv) an ABAWD must be removed from the food benefit household because he or she does not meet the ABAWD work rule per OAC 340:50-5-64; or
- (v) a household member is identified as a fleeing felon or probation violator per 7 C.F.R. § 27312(a)(5)(vi) and OAC 340:50-5-10.1(a)(3).

Permanent Final Adoptions

- (C) The computer system applies all changes that increase benefits.
- (f) **Mid-certification renewal for semi-annual reporting households.** Semi-annual reporting households are sent notification in the fifth month of certification that the mid-certification renewal is due. An interview is not required.
- (1) **When the mid-certification renewal is due.** The household must complete the benefit renewal and provide required verification by the last day of the sixth month of certification.
- (2) **Completion of mid-certification renewal.** The worker reviews benefit renewal information and verification provided to determine completeness and continued eligibility.
- (A) When the renewal is complete and the household remains eligible, the worker acts on all reported changes and the computer system applies any increase or decrease in benefits.
- (i) When the household fails to provide sufficient information regarding a deductible expense requiring verification, the worker processes the mid-certification renewal without regard to the deduction.
- (ii) When benefits are decreased, the worker sends an advance notice per Appendix B-2, Deadlines for Case Actions, deadline dates.
- (B) When the household is no longer eligible, the worker closes food benefits effective the next advance-notice deadline date per Appendix B-2.
- (C) When the renewal is incomplete, the computer system closes food benefits effective the next advance-notice deadline date per Appendix B-2.
- (3) **When benefits may be reopened.** Food benefits may be reopened following closure when criteria is met per (h) of this Section.
- (g) **Change reporting households.** Change reporting households are assigned a certification period other than 12 or 24 months. These households are required to report changes within 10 calendar days of the change occurring by the 10th of the month following the month the change occurred.
- (1) **Household characteristics.** Households not approved for a 12- or 24-month certification period include households approved for:
- (A) expedited services for one or two months because the interview and/or verification was postponed per OAC 340:50-3-2; and
- (B) a three- or four-month certification period because the household includes one or more ABAWDs that do not meet the work rule per OAC 340:50-5-64.
- (2) **Required change reporting.** These households must report changes in:
- (A) sources of income;
- (B) unearned income of \$50 per month or more;
- (C) earned income of more than \$100 per month;
- (D) household composition, such as an addition or loss of a household member;
- (E) residence and shelter costs; and
- (F) the legal obligation to pay child support.

(3) **Action taken on case changes.** The worker must act on changes reported by the household within 10-calendar days of the date the household reported the change and provided necessary verification.

(A) When the household fails to report a change within the 10-calendar day period and, as a result, receives benefits to which it is not entitled, an overpayment claim is referred to Adult and Family Services (AFS) Benefit Integrity and Recovery per OAC 340:50-15.

(B) When the worker fails to take timely action on a reported change and benefits are lost, the worker supplements the household's food benefits.

(4) **Changes that increase benefits.** When the household reports a change that increases benefits the household must verify the information before the worker makes the change. The worker gives the household 10-calendar days to verify the information.

(5) **Changes that decrease or close benefits.** ~~Food benefits are closed when~~ When the household reports a change in household circumstances causes a household to be ineligible for that decreases or closes food benefits, the worker gives or sends the household Form 08AD092E, Client Contact and Information Request, giving the household 10-calendar days to provide verification of the change. When the household provides required verification, the worker reduces or closes food benefits based on the verification provided. When the household does not provide required verification, the worker closes the food benefits based on the household's failure or refusal to provide verification.

(A) When a household's benefit decreases or closes, an advance notice of adverse action is required unless exempt from such a notice for a reason listed in (i) or (ii) of this ~~subsection~~ subparagraph. Per 7 C.F.R. § 273.13, advance notice of adverse action is considered timely when the notice is mailed at least 10-calendar days before the action becomes effective. The household retains its right to a fair hearing and continuation of benefits when a fair hearing is requested within 10-calendar days of the change notice. ~~Advance~~ An adverse action notice is not required, may be mailed just prior to the date the household receives or would have received benefits when the:

(i) Oklahoma Department of Human Services (DHS) receives a clear written statement signed by a responsible household member;

(I) stating the household no longer wishes to receive food benefits; or

(II) giving information that requires closure or reduction of food benefits and stating that ~~he or she~~ the household understands the food benefit will be reduced or closed; or

(ii) ~~the~~ worker closes or reduces food benefits per (i) of this Section.

(B) When an advance notice is required, the benefit decrease or closure is effective the next advance

notice deadline date per Appendix B-2. When the household reports a change:

- (i) 10-calendar days or more before the advance-notice deadline per Appendix B-2, the worker decreases or closes the food benefit effective the first of the following month; or
- (ii) less than 10-calendar days before the advance-notice deadline per Appendix B-2, the worker must take action before the advance-notice deadline the following month.

(C) When a reported change increases food benefits, the worker makes the change by the non-advance-notice deadline date per Appendix B-2.

(h) **Changes considered verified upon receipt.** Verified upon receipt means the information is not questionable and the provider is the primary source of the information. For example, when DHS receives Social Security and Supplemental Security Income verification through data exchange with the Social Security Administration (SSA), it is considered verified upon receipt because SSA is the primary source. When the worker receives information considered verified upon receipt, he or she makes the change within 10-calendar days of notification using Appendix B-2 deadline dates.

(i) **When benefits may be reopened following closure.** The food benefit may be reopened following closure using current eligibility information when:

- (1) DHS did not administer policy and procedures correctly. The food benefit is reopened effective the first day of the month of closure;
- (2) the household fails to complete the mid-certification renewal timely, but provides all required verification by the first day of the month of closure. The food benefit is reopened effective the first day of the month of closure; or
- (3) the household fails to complete the mid-certification renewal timely, but provides all required verification by the last day of the month of closure. The food benefit is reopened and prorated from the date the household completes the mid-certification renewal ~~is completed~~ and provides all required verification.

(j) **Notice requirements.** DHS is required to send a notice to the household when food benefits increase, reduce, or close.

(1) Advance notice of adverse action required. Prior to reducing or closing food benefits during the certification period, per 7 C.F.R. § 273.13, the worker must provide timely advance notice unless circumstances described in (k) of this Section occur.

(A) Advance notice of adverse action is considered timely when the notice is mailed at least 10-calendar days before the action becomes effective. Refer to Appendix B-2, Deadlines for Case Actions, for advance notice processing deadlines.

(B) When the household reports a change:

- (i) 10-calendar days or more before the advance notice of adverse action deadline, the worker decreases or closes the food benefit effective the first of the following month. For example, when the household reports a change on May 18th, the effective date of the change is June 1st; or
