The Oklahoma Register

Oklahoma
Secretary of State
Office of Administrative Rules

Mary Fallin, Governor
Dave Lopez,
Secretary of State
Peggy Coe, Editor-in-Chief

THE OKLAHOMA REGISTER is an official publication of the State of Oklahoma. It is published semi-monthly on the first working day of the month and on the first working day following the 14th day of the month under the authority of 75 O.S., Sections 250 et seq. and OAC 655:10-15-1. The rules of the State of Oklahoma are codified and published in the *Oklahoma Administrative Code*.

The Oklahoma Register and the documents accepted for publication are **AVAILABLE FOR PUBLIC INSPECTION** at the Office of Administrative Rules pursuant to the Oklahoma Open Records Act. Copies of the *Register* are also available for public inspection at many County Clerks' offices in Oklahoma, the Jan Eric Cartwright Memorial Law Library in the State Capitol, and the following depository libraries:

Ada - East Central University, Linscheid Library
J.W. Martin Library

Bartlesville - Bartlesville Public Library

Claremore - Rogers State University, Stratton Taylor Library

Clinton - Clinton Public Library

Durant - Southeastern Oklahoma State University, H.G.
Bennett Memorial Library

Edmond - University of Central Oklahoma, Chambers Library

Enid - Enid Public Library

Goodwell - Oklahoma Panhandle State University, Marvin E.
McKee Library

Lawton - Lawton Public Library

McAlester - McAlester Public Library

Norman - University of Oklahoma, Bizzell Memorial
Library

Oklahoma City - Metropolitan Library System

Oklahoma City - Publications Clearinghouse,
Oklahoma Department of Libraries

Stillwater - Oklahoma State University, Edmon Low
Library

Tahlequah - Northeastern State University, John
Vaughan Library

Tulsa - Tulsa City-County Library

Weatherford - Southwestern Oklahoma State
University, Al Harris Library

CITE MATERIAL PUBLISHED IN THE OKLAHOMA REGISTER by the volume and the beginning page number of the document in the *Register*. For example: 34 Ok Reg 256.

SUBSCRIPTION RATES for the *Register* are \$500.00 per year for the printed issues and \$300.00 per year for the CD-ROM issues, payable in advance. When available, individual printed issues may be purchased for \$20.00 plus the cost of postage, payable in advance. Make checks payable to "Secretary of State." Send subscription requests, change of address notices, and undelivered copies to: Secretary of State, Office of Administrative Rules, 421 NW 13th Street, Suite 220, Oklahoma City, OK 73103.

INFORMATION ABOUT THIS PUBLICATION may be obtained by contacting the OAR by mail at Oklahoma Secretary of State, Office of Administrative Rules, 421 NW 13th Street, Suite 220, Oklahoma City, OK 73103, by phone at (405) 521-4911, or by fax at (405) 522-3555. Information may also be obtained by visiting the OAR's office, located in Suite 220, Colcord Center, 421 NW 13th Street, Oklahoma City, between 8:00 a.m. and 5:00 p.m., Monday through Friday.

This publication is issued and printed by the Secretary of State as authorized by 75 O.S., Section 255. 43 copies have been prepared and distributed at a cost of \$1974.26. Copies have been deposited with the Oklahoma Department of Libraries, Publications Clearinghouse.

Notices of Rulemaking Intent

Prior to adoption and gubernatorial/legislative review of a proposed PERMANENT rulemaking action, an agency must publish a Notice of Rulemaking Intent in the *Register*. In addition, an agency may publish a Notice of Rulemaking Intent in the *Register* prior to adoption of a proposed EMERGENCY or PREEMPTIVE rulemaking action.

A Notice of Rulemaking Intent announces a comment period, or a comment period and public hearing, and provides other information about the intended rulemaking action as required by law, including where copies of proposed rules may be obtained.

For additional information on Notices of Rulemaking Intent, see 75 O.S., Section 303.

TITLE 252. DEPARTMENT OF ENVIRONMENTAL QUALITY CHAPTER 205. HAZARDOUS WASTE MANAGEMENT

[OAR Docket #17-674]

RULEMAKING ACTION:

Notice of proposed PERMANENT rulemaking

PROPOSED RULES:

Subchapter 3. Incorporation by Reference

252:205-3-1 [AMENDED]

252:205-3-2 [AMENDED]

252:205-3-4 [AMENDED]

Subchapter 13. Miscellaneous

252:205-13-1 [AMENDED]

Subchapter 15. Transfer Stations

252:205-15-2 [AMENDED]

Subchapter 17. Tax Credits

Part 1. Tax Credits

252:205-17-1 [REVOKED]

252:205-17-2 [REVOKED]

252:205-17-3 [REVOKED]

252:205-17-4 [REVOKED]

252:205-17-5 [REVOKED]

252:205-17-6 [REVOKED]

SUMMARY:

The purpose of the proposed amendments is to incorporate by reference the federal hazardous waste regulations found in 40 CFR Parts 124 and 260-279 revised as of July 1, 2017. Significant rule changes during this time period include the revisions to the hazardous waste generator rules. The generator rule revisions will require amendments to several subchapters of the 252:205 rules due to federal citation changes. In some cases language must be added or deleted to the state rules to ensure equivalency with the federal rules. In addition, this rulemaking proposes to revoke the applicable parts of subchapter 17, which are no longer supported by statute since 27A O.S. § 2-11-303 was revoked in 2013.

AUTHORITY:

Environmental Quality Board and Hazardous Waste Management Advisory Council powers and duties; 27A O.S. §§ 2-2-101, 2-2-104, 2-2-201, 2-7-105, and 2-7-106.

COMMENT PERIOD:

Deliver or mail written comments on the proposed rules to the contact person from September 1, 2017 through October 12, 2017.

PUBLIC HEARINGS:

Before the Hazardous Waste Management Advisory Council on October 12, 2017 at 10:00 a.m. at the Department of Environmental Quality offices, First Floor, 707 N. Robinson, Oklahoma City, OK 74103.

Before the Environmental Quality Board on November 7, 2017 at 9:30 am at the NSU Event Center, 1041 N. Grand Ave., Tahlequah, OK 74464.

REQUEST FOR COMMENTS FROM BUSINESS ENTITIES:

The Department of Environmental Quality requests that business entities affected by these modifications provide the DEQ, within the comment period and in dollar amounts if possible, the increase or decrease in the level of direct costs such as fees and the indirect costs such as reporting, record keeping, equipment, construction, labor, professional services, revenue loss, or other costs expected to be incurred by a particular entity due to compliance with the proposed rules.

COPIES OF PROPOSED RULES:

A copy of the proposed rules may be obtained from the contact person or may be viewed on the DEQ web site at www.deq.state.ok.us/LPDnew/LPPProprules.htm or may be reviewed at the Department of Environmental Quality, 707 N. Robinson, Oklahoma City, Oklahoma.

RULE IMPACT STATEMENT:

Pursuant to 75 O.S. § 303(D), a rule impact statement for the proposed rules will be on file at the DEQ and may be requested from the contact person listed below.

CONTACT PERSON:

Mike Edwards, Hazardous Waste Compliance and Inspection Section, Department of Environmental Quality, P.O. Box 1677, Oklahoma City, OK 73101 - 1677, e-mail at mike.edwards@deq.ok.gov, phone 405-702-5226, or fax 405-702-5101.

ADDITIONAL INFORMATION:

Persons with disabilities who desire to attend the public hearing to be held before the Hazardous Waste Management Advisory Council and need assistance should notify the contact person three days in advance of the meeting during business hours at 405-702-5226 or by using TDD relay number 1-800-522-8506.

[OAR Docket #17-674; filed 8-8-17]

Emergency Adoptions

"If an agency finds that a rule is necessary as an emergency measure, the rule may be promulgated" if the Governor approves the rules after determining "that the rule is necessary as an emergency measure to do any of the following:

- a. protect the public health, safety or welfare,
- b. comply with deadlines in amendments to an agency's governing law or federal programs,
- c. avoid violation of federal law or regulation or other state law,
- d. avoid imminent reduction to the agency's budget, or
- e. avoid serious prejudice to the public interest." [75 O.S., Section 253(A)]

An emergency rule is considered promulgated immediately upon approval by the Governor, and effective immediately upon the Governor's approval or a later date specified by the agency in the emergency rule document. An emergency rule expires on September 15 following the next regular legislative session after its promulgation, or on an earlier date specified by the agency, if not already superseded by a permanent rule or terminated through legislative action as described in 75 O.S., Section 253(H)(2).

Emergency rules are not published in the *Oklahoma Administrative Code*; however, a source note entry, which cites to the *Register* publication of the emergency action, is added to the *Code* upon promulgation of a superseding permanent rule or expiration/termination of the emergency action.

For additional information on the emergency rulemaking process, see 75 O.S., Section 253.

TITLE 218. OFFICE OF EDUCATIONAL QUALITY AND ACCOUNTABILITY CHAPTER 10. EDUCATIONAL QUALITY

[OAR Docket #17-671]

RULEMAKING ACTION:

EMERGENCY adoption

RULES:

FINDING OF EMERGENCY:

The Commission for Educational Quality and Accountability adopted emergency rules due to a compelling public interest regarding the severe teacher shortage in the state of Oklahoma.

GIST/ANALYSIS:

Emergency rules allow for an educator preparation program to apply for reaccreditation within one year following revocation when meeting certain requirements.

CONTACT PERSON:

Renee Launey-Rodolf, Director of Educational Quality, OEQA, 840 Research Parkway, Suite 455, Oklahoma City, Ok 73104, 405-521-5399, Renee.Launey-Rodolf@oeqa.ok.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):

218:10-5-1. Educator preparation program accreditation and review process

(a) Oklahoma educator preparation institutions function under an 'accreditation program' system which requires the evaluation of teacher education units and programs on a periodic basis.

(b) Effective July 1, 2014 the Commission of Educational Quality and Accountability, hereafter referred to as the CEQA, shall assume responsibility for accrediting educator preparation programs in Oklahoma's public and private institutions of higher education.

(c) The program accreditation system shall be a multifaceted system based on:

- (1) A competency-based educator preparation program built around the standards for Oklahoma educator preparation programs (See 218:10-5-3 and 218:10-5-4);
- (2) Self-studies as outlined in the standards for state accreditation;
- (3) On-site accreditation review team visits to the campuses of the institutions of higher education;
- (4) Analysis of data related to student success rates on the general education, professional education, and subject matter assessments;
- (5) Analysis of student satisfaction data;
- (6) Analysis of student/teacher candidate portfolios.

(d) Prior to being accredited each institution must meet the Council for Accreditation of Educator Preparation, hereafter referred to as CAEP, preconditions for accreditation and all requirements of the CEQA, and/or receive the approval of the Oklahoma State Regents for Higher Education, Hereafter referred to as the OSRHE, when applicable, and provide required documentation for each precondition.

- (1) All initial plans will be reviewed by the Office of Educational Quality and Accountability, hereafter referred to as OEQA. OEQA will determine accreditation eligibility and CEQA will determine candidacy for accreditation status.
- (2) Performance-based training will be conducted by the CAEP and/or their designee.
- (3) Any CEQA member or OEQA appointee who is involved in any evaluation and/or accreditation decision related to any educator preparation unit and/or program

Emergency Adoptions

must complete the performance-based training related to the review and accreditation of educator preparation units and/or programs prior to voting and/or participating on any accreditation decisions.

(e) The OEQA is a performance-based partner with the OSRHE and CAEP. All educator preparation programs shall be expected to meet all CAEP unit and program standards, State Department of Education competencies, OSRHE teacher education policies as well as all additional standards established by the CEQA.

(1) Application form. The application form containing the required information will be completed by the director of educator preparation at the institution seeking CEQA accreditation for the educator preparation certificate programs.

(2) Self-study. The self-study shall be utilized by the CEQA for state accreditation, OSRHE program review, and CAEP accreditation as stipulated in OS 70 sections 6-180.

(3) Records to be kept on file at the institution. The following items and records shall be kept on file at the institution with the director/dean of teacher education.

- (A) Copy of the self-study;
- (B) Copy of annual report to the CEQA;
- (C) Syllabi for courses in the areas of specialization, general education, and professional education will be kept on file with the institution; and
- (D) Full faculty resumes will be on file for review. All levels of teaching personnel will be indicated.
- (E) Copies of program review reports.
- (F) Candidate CEOE scores.

(4) OEQA personnel will establish an accreditation visit schedule that will adhere to CAEP accreditation timelines.

(5) Selection of accreditation review team. Selection of the accreditation review team will be coordinated by the OEQA staff after the visitation dates are set. Selection of the accreditation review team shall be based on the following:

(A) All team members must have been trained by CAEP staff and/or their designee in the application of CAEP standards and on the process for evaluating programs for the CEQA.

(B) Accreditation team for first accreditation. The membership of a first accreditation review team shall be as follows:

- (i) Three to six CAEP site visitors (for institutions seeking national accreditation)
- (ii) State site visitors appointed by the OEQA including: One P-12 site visitor; One site visitor from higher education who is a member of an educator preparation unit. For accreditation of private institutions the site visitor shall be from a private institution; for public institutions this site visitor shall be from a public institution; One site visitor from the OEQA serving as State Consultant; One additional at-large site visitor;

(iii) For any institution requesting accreditation of a career technology program(s) an additional site visitor may be recommended by the State Director of Career and Technology Education.

(iv) The OEQA may invite observers representing the Oklahoma State Regents for Higher Education, Oklahoma State Department of Education, Oklahoma Department for Career and Technology Education, professional organizations, and the community-at-large.

(v) Observers shall be actively involved in the data collection process, participate in the accreditation review team meetings, and assist the accreditation review team to understand state nuances. They may assist, but shall not be required to write any sections of the team report. They shall not be a voting member of the team.

(vi) Observers are expected to participate in the entire visit and all assigned meetings and activities.

(vii) The chair of the accreditation review team has the authority to dismiss any observer from the accreditation visit who does not participate in the entire site review and assigned activities.

(viii) The OEQA shall collaborate with the director of educator preparation at the institution requesting state accreditation regarding the team representation.

(ix) State site visitors will number one less than the CAEP site visitors.

(C) Accreditation team for continuing accreditation. The membership of a continuing accreditation review team shall be as follows:

(i) CAEP site visitors as determined by CAEP (for CAEP accredited institutions);

(ii) State site visitors which will number one less than the CAEP representatives;

(iii) The OEQA shall collaborate with the director of educator preparation at the institution being reviewed regarding the state team representation;

(iv) The OEQA may invite observers representing Oklahoma State Regents for Higher Education, State Department of Education, and the community-at-large. If a Career and Technology program is offered at the institution the State Director of Career and Technology Education may nominate a site visitor for any institution requesting accreditation of career and technology program(s);

(v) Observers shall be actively involved in the data collection process, participate in the accreditation review team meetings, and assist the accreditation review team with understanding state nuances. They may assist but shall not be required to write any sections of the team report. They shall not be a voting member of the team.

(vi) Observers are expected to participate in the entire visit and all assigned meetings and activities.

- (vii) The chair of the accreditation review team has the authority to dismiss any observer from the accreditation visit who does not participate in the entire site review and assigned activities.
- (D) Accreditation teams for non-CAEP accredited institutions shall be composed of state site visitors.
- (6) Logistics for CAEP/State accreditation visits shall adhere to the CAEP and State guidelines.
 - (A) The completed accreditation review team report will be presented to the CEQA and CAEP (as applicable).
 - (B) Visiting team members will be reimbursed for expenses incurred according to state guidelines. Reimbursement forms must be completed by team members on the last day of the visit.
- (7) Preparation of the team report. The accreditation review team work will culminate in preparation of a report outlining the findings of the team following CAEP guidelines. The report will reflect the team consensus on the review.
 - (A) At the exit report, representatives of the accreditation review team will present a summary of its evaluation of the program. The summary will include an evaluation of the completeness, quality, and strength of evidence for each standard and state requirement.
 - (B) The completed CAEP and OEQA reports will follow the CAEP timelines for submission; and
 - (C) The summary evaluation will be presented to the CEQA for determination of final state accreditation decision. For CAEP accredited institutions, final accreditation decisions will be made after CAEP has forwarded its accreditation decision to the CEQA.
- (8) Final action on the reports and institutional accreditation will proceed according to CAEP and state guidelines.
 - (A) Final action by the CEQA may include the following actions:
 - (i) Initial Accreditation. This accreditation action accredits an educator preparation program initially for a period of seven years with all standards met.
 - (I) Educator preparation programs are denied accreditation if they fail to meet one or more of the standards.
 - (II) Educator preparation programs for which a stipulation(s) (critical deficiency related to one or more components of a standard) has been cited must remove the stipulation(s) within two years to maintain its accreditation for an additional five years. Educator preparation programs must provide documented evidence in order for a stipulation(s) to be removed.
 - (III) Identified areas for improvement (a weakness in evidence for a component or a standard) shall be addressed in the educator preparation program's annual report. When the

CEQA has determined that an education unit is not making progress toward the removal of the areas for improvements cited during their visit, the institution will be notified that the unit will be required to submit a plan and timeline for addressing the areas for improvement. If at the end of six (6) months the CEQA determines the education unit has not submitted sufficient data documenting adequate progress toward the removal of the areas for improvement, a state-level Focus Visit will be warranted within 18 months. After such Focus Visit the CEQA will have the option of granting continuing accreditation or revoking accreditation. This progress will be reviewed, annually, by the OEQA.

(ii) Continuing Accreditation. This accreditation action reaccredits an educator preparation program that was previously accredited by CAEP, NCATE or the state, for a period of seven years with all standards met.

(I) Educator preparation programs for which a stipulation(s) has been cited must remove the stipulation(s) within two years to maintain its accreditation for an additional five years. Educator preparation programs must provide documented evidence in order for a stipulation(s) to be removed.

(II) Identified areas for improvement shall be addressed in the educator preparation program's annual report. When the CEQA has determined that an education unit is not making progress toward the removal of the areas for improvement, the institution will be notified that the unit is required to submit a plan and timeline for addressing the areas for improvement. If at the end of six (6) months the CEQA determines the education unit has not submitted sufficient data documenting adequate progress toward the removal of the areas for improvement, a state-level Focus Visit will be warranted within 18 months. After such Focus Visit the CEQA will have the option of granting continuing accreditation or revoking accreditation. This progress will be annually reviewed by the OEQA.

(iii) Probationary Accreditation. This accreditation action reaccredits an educator preparation program for a period of two years when the program was previously accredited by CAEP, NCATE, or State but now failing to meet no more than one CAEP standard.

(I) To extend accreditation beyond the two-year period, an educator preparation program is required to submit a self-study report addressing the identified stipulations, followed by a focused site visit and subsequent CAEP/CEQA decision. The decision can be

Emergency Adoptions

to accredit for five additional years or to return the educator preparation program to candidate status.

(II) Identified areas for improvement shall be addressed in the determined that an education unit is not making progress toward the removal of the area for improvement, the institution will be notified that the unit is required to submit a plan and timeline for addressing the areas for improvement. If at the end of six (6) months the CEQA determines the education unit has not submitted sufficient data documenting adequate progress toward the removal of the areas of improvement, a state-level Focus Visit will be warranted within 18 months. After such Focus Visit the CEQA will have the option of granting continuing accreditation or revoking accreditation. This progress will be annually reviewed by the OEQA.

(iv) Denial. This accreditation action denies accreditation for an educator preparation program applying for First Accreditation whereby one or more standards were deemed not met.

(I) All students who have been admitted to the program must be notified by mail, within 30 days of receipt of the CAEP or CEQA decision, as to the denial of program accreditation of the unit and programs.

(II) Institutions that are denied accreditation may recommend candidates for certification for one year from the end of the semester in which accreditation is denied.

(III) In the event that accreditation is denied, an institution may reapply for initial accreditation following a two year waiting period. All procedures for initial accreditation will be followed during the reapplication process.

(v) Revocation. This accreditation action revokes a previous accreditation decision following submission of documented evidence on stipulations and/or focus visit whereby stipulations and/or areas for improvement were determined not corrected. Accreditation will be terminated at the end of the semester in which the CEQA ~~or CAEP~~ revokes accreditation.

(I) All students who have been admitted to the program must be notified by mail, within 30 days of receipt of the ~~CAEP or~~ CEQA decision, as to the revocation of accreditation of the unit and programs.

(II) Within 30 days of receipt of the CEQA decision, the institution provides to the OEQA the names, admission dates, and majors of all student admitted to their program at the time of the decision.

(~~III~~) Institutions that lose their state accreditation may recommend candidates for certification for one year from the end of the semester in which accreditation is revoked.

(~~III~~IV) In the event that state accreditation is revoked, an institution may reapply for ~~first~~initial accreditation following a two-year waiting period from the date of revocation. Reapplication shall occur based on the state accreditation standards. All procedures for ~~first~~initial accreditation will be followed during the reapplication process.

(V) On or after January 1, 2017, CEQA may approve application for state initial accreditation following a one-year waiting period after revocation under the following conditions: Institution submits application for initial accreditation to OEQA articulating assessments, processes, and systems in place to address current standards and state requirements. A site visitor team, consisting of a state consultant and representation from higher education, conducts an on-site review interviewing faculty, administration, candidates and stakeholders and reports to CEQA on institution's readiness for seeking reaccreditation based on standards and requirements and compliance with terms of revocation described in this subsection. All costs related to on-site review will be at the expense of the institution. CEQA approves application for initial accreditation following a one-year waiting period.

(VI) An institution seeking state initial accreditation and whose application has been approved by CEQA may admit candidates into certification programs that have state program approval, and must undergo a full accreditation visit within two years from application approval. State team membership and logistics will adhere to state guidelines. Final action on the team report and institutional accreditation will proceed according to state guidelines.

FINDING OF EMERGENCY:

These emergency rule promulgations are necessary to provide a process and clarity regarding recent statutory changes. Without providing a clear process there would be serious prejudice to the public interest.

GIST/ANALYSIS:

This rule is being permanently promulgated to comply with the statutory responsibility of the Board of Trustees in establishing rules and regulations for the administration of the System and the transaction of its business [70 O.S. Section 17-101 et seq., especially 70 O.S. Section 17 106(10)]. This rule is necessary to provide a more efficient administration of the System and ensure that the rules for the Teachers' Retirement System of Oklahoma continue to best serve the System's members.

715:10-1-15 is being promulgated to provide a process and eligibility for retirees returning to work as classroom teachers.

715:10-7-1 is being amended to provide clarity regarding statutory changes in retirement vesting.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):

SUBCHAPTER 1. MEMBERSHIP PROVISIONS

715:10-1-15. Salary limitations for certain returning classroom teachers

Legislation enacted during the 2017 legislative session allows members who retired on or before July 1, 2017 to return to employment as a classroom teacher for a public school or career technology district with no earnings limitations in certain circumstances. Members seeking to return to employment as a classroom teacher under this provision must meet all of the following requirements:

- (1) The member must have been employed as an active classroom teacher as is defined in 70 O.S. § 17-101(27) for at least one full school year immediately prior to their date

of retirement. Members employed as superintendents, administrators, or in other non-classroom teacher positions during the school year immediately preceding retirement are ineligible;

(2) The member can only be employed as an active classroom teacher as defined in 70 O.S. § 17-101(27) when they return to employment;

(3) The member must have been retired and drawing a TRS retirement benefit and not be employed by any public school or career technology district in any capacity for the twelve (12) consecutive months immediately following the last day of employment prior to their retirement date; and

(4) Prior to the member's return to employment the member must provide to TRS on forms prescribed by TRS, documentation establishing their eligibility under this provision. This documentation must be accepted by and approved by TRS prior to the member commencing employment under this provision.

SUBCHAPTER 7. MEMBERSHIP VESTING AND TERMINATION

715:10-7-1. Vesting of membership in TRS

Members who have accumulated five (5) or more years of creditable service in the public schools of Oklahoma, in which retirement contributions have been remitted, and whose account had not closed prior to July 1, 2003, in accordance with 70 O.S. § 17-103(6) or OAC 715:10-7-3, shall be granted an indefinite extension of membership in TRS. Such membership is vested and shall remain open until the member retires or the contributions are voluntarily withdrawn. Military and out-of-state service shall not be included in the five (5) years required for vesting. Any year of service obtained by the use of accumulated unused sick leave cannot be included in the five (5) years required for vesting. Any member who joins TRS after July 1, 1991, shall be required to have five (5) full years of service credit awarded pursuant to OAC 715:10-3-1 et seq. as a contributing member of the System. Any member who joins TRS after November 1, 2017, shall be required to have seven (7) full years of service credit awarded pursuant to OAC 715:10-3-1 et seq. as a contributing member of the System. For members who join after July 1, 1991, Oklahoma service purchased after membership will not be counted for "vesting" purposes.

[OAR Docket #17-670; filed 8-3-17]

Permanent Final Adoptions

An agency may promulgate rules on a permanent basis upon "final adoption," as defined in 75 O.S., Section 250.3(5), of the proposed rules.

Permanent rules are effective ten days after publication in the *Register*, or on a later date specified by the agency in the preamble of the permanent rule document.

Permanent rules are published in the *Oklahoma Administrative Code*, along with a source note entry that cites the *Register* publication of the finally adopted rules in the permanent rule document.

For additional information on the permanent rulemaking process, see 75 O.S., Sections 303, 303.1, 308, 308.1 and 308.3.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2017:**

SUBCHAPTER 7. HEARING PROCEDURES

15:1-7-1. Hearing Procedures

Once an ~~inspection visit is made~~ and it has been determined that an establishment is in violation of appropriate VA Regulations, the following procedures in accordance with VA Regulations shall apply:

- (1) Written notice. A written notice of hearing is sent to the party by a certified letter with a return receipt secured which shall include the following:
 - (A) a statement of the time, place and nature of hearing;
 - (B) a statement of the legal authority and jurisdiction under which the hearing is to be held;
 - (C) a reference to the particular laws and rules involved;
 - (D) a short and plain statement of the issues involved;
 - (E) a statement that all parties are afforded the opportunity to respond and present evidence and argument on all issues involved.
- (2) Hearing procedures before agency.
 - (A) Agency representative presents statement of issues with supportive documentary evidence.
 - (B) The party and authorized representatives shall have the right to challenge through oral proceedings and presentation of documentary evidence.
- (3) Final notification.
 - (A) The final decision shall be a matter of record and the party notified personally or by mail.
 - (B) The final decision shall include findings of fact and conclusions of law, separately stated.
- (4) Appeal procedures.
 - (A) A decision in the individual proceedings shall be subject to rehearing, reopening or reconsideration by the Agency within ten days from the date of its entry.
 - (B) The grounds of such action shall be contained in 75 O.S. 1971, Section 317.

15:1-7-2. Suspension or withdrawal of approval

Continuing approval of a course or courses is contingent upon maintaining prescribed standards and conformance with standards and provisions of Title 38, U.S. Code and V.A. Regulations under Chapters 32, 34, 35, and 36.

- (1) After approving any course or licensing or certification test, the agency may suspend the approval of a course for new enrollments, or approval of a licensing or certification test, for a period not to exceed 60 days to allow the institution to correct any deficiencies, if the evidence of

Permanent Final Adoptions

record establishes that a course or licensing or certification test fails to meet any of the requirements for approval.

[38 CFR 21.4259(a)(1)]

(2) If an institution has not corrected discrepancies at the time the suspension of approval expires, or if the deficiency cannot be corrected within the 60 day time period, the agency shall immediately withdraw approval from the institution. [38 CFR 21.4259(a)(2)]

(3) Prior to withdrawing approval, the agency shall notify the institution by certified mail with return receipt requested of its intended action and shall include a statement of the institution's right to a hearing to respond to the agency's intended action. If the institution has failed to correct discrepancies, the hearing will serve as the institution's opportunity to show it is in compliance with the appropriate VA regulations.

(4) Hearings under this section will take place according to the procedures set forth in OAC 15:1-7-1 and the Oklahoma Administrative Procedures Act.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2017:**

25:25-1-2. Requirements for receiving funding for an Aerospace and Aviation Education Grant Program

(a) The Oklahoma Aeronautics Commission shall identify and award grants to public schools, colleges, and universities, and execute contracts with private entities to promote aviation, aerospace, and STEM (science, technology, engineering and mathematics) education programs that have direct application to aviation and promote careers in aviation and aerospace among Oklahoma students. All grant proposals must demonstrate a direct application to aviation.

(b) Each school, college, university, teacher or private entity must complete the Aerospace and Aviation Education Grant application located on the website of the Commission.

(c) A private entity or organization must also complete the Aerospace and Aviation Education Grant application and if their application is selected, enter into a contract with the Oklahoma Aeronautics Commission for the project. Additional contractual forms will also need to be completed.

(d) Applications must be submitted or postmarked no later than May 31st in order to be considered for the following fiscal year which starts July 1st. If May 31st occurs on a weekend or holiday, applications may be submitted on the next business day following the weekend or holiday.

(e) Applicants who receive approval must provide a Financial Report, corresponding receipts, final invoice and a Completion Report to the Oklahoma Aeronautics Commission which documents the usage of funds and gives a detailed description of the program's implementation. This documentation is due within sixty (60) days of the completion of the program.

(f) If the Financial Report, corresponding receipts, final invoice and the Completion Report are not turned in within the sixty (60) day period, the applicant forfeits the remaining twenty percent (20%) or any outstanding balances.

(g) If an applicant forfeits money, the applicant is prohibited from applying for a grant the following year.

(h) Applicants may request a thirty (30) day extension if they are unable to submit the Financial Report, corresponding receipts, final invoice and the Completion Report within the sixty (60) day period.

(i) The thirty (30) day extension request must be received within sixty (60) days of the completion of the program.

(j) The maximum cost share of any grant or contract awarded by the Commission shall not exceed 50% of the total program cost unless the funding request by the applicant is

less than \$3,000 in which case the maximum cost share shall be 90%.

(k) For start-up or new programs, Commission funding cannot be provided until all other funding sources necessary to complete the program have been identified.

25:25-1-3. Criteria selection for applicants

(a) An applicant's program must have a direct application to aviation with the purpose of increasing aerospace and aviation awareness by promoting science, technology, engineering, and mathematics (STEM) education, or encourage Oklahoma students to pursue a career in the aviation/aerospace industry.

(b) Applications will be rated based on, but not limited to, information provided in the application packet, information obtained from an organization's readily available public information, website, or social media, and past history of administering any aviation education grants the organization may have received from the Commission. according to the following criteria listed in the application will be utilized to rate an applicant:

- (1) Program description to include the ability of the program to energize students into joining the aviation/aerospace workforce.
- (2) Grade levels served
- (3) Number of students involved
- (4) Program goals and objectives, (items to be funded by the Commission must be directly linked to aviation).
- (4) Program relevance to current aviation/aerospace industry issues and workforce demands.
- (5) Curriculum/subject areas covered
- (6) Desired learning outcomes, (items to be funded by the Commission must be directly linked to aviation)
- (7) Student benefits
- (8) Ability of the program to determine Measurements measurements of success for students who complete the program. Ability of the program to track students' successes, career path, level of education, or similar measure after completing the program.
- (9) Justification of need for the funding
- (9) Ability of the program to achieve geographic/demographic diversity among the students who participate in the program.

(c) Applications will also be rated according to the following financial information provided by the applicant:

- (1) Total budget of the organization
- (2) Total budget of the program
- (3) Other contributors and the amount contributed
- (4) Percentage of the program that the Oklahoma Aero-nautics commission is being asked to fund
- (5) Cost of the program per student or for fixed, one-time expenditures, projected benefit and estimated longevity of the program.

GIST/ANALYSIS:

The proposed rule amendments revise fee structures to reflect the increased cost of labor and supplies required to manage the Poultry Health and Animal Disease Traceability programs. The continuing administration of the Poultry Health and Animal Disease Traceability programs by the Department are necessary to secure federal funding for related animal disease programs.

CONTACT PERSON:

Bennett Abbott, Assistant General Counsel, Oklahoma Department of Agriculture, Food, and Forestry, Office of General Counsel, P.O. Box 528804, Oklahoma City, OK 73152-8804, phone: (405) 522-5803, email: bennett.abbott@ag.ok.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 3. FEE SCHEDULES

35:2-3-9. Schedule of fees for poultry programs

The fee schedule for poultry programs is as follows:

- (1) Permitted tester's certificates shall be \$30.00 and valid for 3 years.
- (2) Permitted tester certification school shall be a \$25.00 non-refundable registration fee for each application.

Permanent Final Adoptions

(3) Flock fee for independent flockowners shall be ~~\$5.00/Yr~~ \$25.00/Yr.

(4) Charges for diagnostic testing services for reportable diseases when conducted by state inspectors shall be:

- (A) For a flock size of:
 - (i) 1 to 49 birds: \$1.00/bird plus mileage
 - (ii) 50 to 99 birds: \$.75/bird plus mileage
 - (iii) 100 to 499 birds: \$.50/bird plus mileage
 - (iv) 500 to 999 birds: \$.40/bird plus mileage
 - (v) 1,000 and up birds: \$.25/bird plus mileage
- (B) Mileage shall be charged at current State Motor Pool rates.

35:2-3-29. General animal industry supply fees

(a) ~~Livestock Health~~ Certificates of Veterinary Inspection (Health Certificates) - ~~\$7.00~~ \$25.00 per pad of 25.

(b) Poultry tester supplies:

- (1) Large or small wing bands - ~~\$5.25~~ \$12.00 per 100.
- (2) Small wing band plier - \$11.00 each.
- (3) Leg bands - ~~\$5.60~~ \$8.50 per 100.
- (4) Leg band pliers - ~~\$16.40~~ \$25.00 each.
- (5) Pullorum Test Plate - \$8.00 each.
- (6) 1,000 tests Pullorum Typhoid Antigen - ~~\$52.00~~ \$150.00 per 1,000 doses or ~~\$11.00~~ \$35.00 per 200 doses.
- (7) Shipping fee per order - ~~\$5.00~~ \$6.00.
- (8) Cash On Delivery (C.O.D.) shipping fee per order - actual cost.
- (9) Large wing band plier - ~~\$18.50~~ \$25.00 each.
- (10) Bleeder loop - ~~\$8.50~~ \$12.00 each.

GIST/ANALYSIS:

The proposed rule amendments update citations to the Code of Federal Regulations; add and revise definitions; revise recordkeeping requirements for livestock auction markets; revise rules for EIA testing laboratories; revise rules related to feral swine; revise rules related to bovine trichomoniasis; revise rules related to bovine tuberculosis; revise rules related to miscellaneous animal diseases; and make grammatical corrections.

CONTACT PERSON:

Bennett Abbott, Assistant General Counsel, Oklahoma Department of Agriculture, Food, and Forestry, Office of General Counsel, P.O. Box 528804, Oklahoma City, OK 73152-8804, phone: (405) 522-5803, email: bennett.abbott@ag.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 5. BIOLOGICAL PRODUCTS AND LABORATORIES

35:15-5-2. Laboratories

(a) **Privately owned laboratories requesting authority to perform certain procedures.** Privately owned laboratories requesting authority to perform certain official laboratory procedures must apply for said approval on an application provided by the Assistant Director (AD) of the United States Department of Agriculture (USDA) Animal Plant Health Inspections Service (APHIS) Veterinary Services (VS) Surveillance Preparedness Response Service (SPRS) which provides for a joint signature of recommendation for approval of the AD and the State Veterinarian or designee.

(b) **Initial request for laboratory approval.** All initial requests for laboratory approval shall be made to the AD or State Veterinarian or designee. Laboratories must specify those ~~terms~~ tests which they are requesting approval to perform. These tests include, but are not limited to, Bluetongue, Bovine Leukosis, Equine Infectious Anemia, Johne's Disease, Pseudorabies, Bovine Trichomoniasis, and those diseases that are reportable to the Department.

(c) **Requirements prior to approval of laboratory.** Prior to approval of any laboratory to conduct any official laboratory procedure, the following requirements must be met:

(1) An authorized representative of the Department or USDA will review with laboratory officials the responsibilities, regulatory and technical, inherent in conducting and reporting official tests.

(2) The physical facilities of the laboratory will be inspected by a Federal or State representative. Inspection results will be recorded on a laboratory inspection worksheet. This inspection must be determined as satisfactory before approval will be considered.

(d) **Procedures to be followed by approved laboratories.**

(1) Only antigen licensed by APHIS or supplied by National Veterinary Services Laboratories (NVSL) and accompanying antiserum will be used.

(2) All tests will be conducted according to protocol provided by NVSL.

(3) Official test results will be reported promptly to State or Federal regulatory officials and the veterinarian submitting the sample.

(4) Only samples submitted by a licensed veterinarian, state or federal animal health official, or military veterinarian will be accepted.

(5) Information with sample submission shall include:

(A) Name and address of submitting veterinarian.

(B) Name and address of owner.

(C) Location (including county) or animal(s) at time of test.

(D) Age, breed, and sex of animal tested.

(E) Identification of animal(s) tested, which may include eartag, tattoo, registration number or physical description adequate to provide positive individual identification of animal(s) tested.

(6) Periodic proficiency testing will be required for continuous authority to conduct approved testing. NVSL will supply the samples and evaluate test results.

(7) If any proficiency test is failed, the approved laboratory shall immediately notify the Department and shall suspend further testing until recertified by NVSL.

(8) Incomplete tests charts shall not be accepted and the sample shall not be tested until the chart is completed.

(e) **Training.**

(1) Personnel who perform any approved official test must be recognized as qualified by Veterinary Services and the Department. The AD and the State Veterinarian or designee must recommend personnel for approval and training by NVSL.

(2) The person(s) responsible for conducting official tests for private laboratories will be trained by NVSL.

(3) With approval of the AD and the State Veterinarian or designee, personnel previously trained by NVSL for Federal, State, and University laboratories may train others in the laboratory to conduct official tests. Training will include regulatory responsibility.

(4) NVSL will certify training of personnel for Federal, State, and University laboratories by proficiency testing which must be completed in accordance with standards established by NVSL, and maintained by periodic proficiency testing.

(f) **Evaluation of personnel.** The AD, State Veterinarian or designee, and NVSL will evaluate personnel who do not successfully complete proficiency testing in order to determine if additional training is necessary.

(g) **Laboratories approved to conduct official tests.** Laboratories approved to conduct official tests must notify in writing the AD, State Veterinarian or designee and NVSL when any person trained by NVSL to conduct official tests is no longer employed. If no one with approved training is available to conduct these tests, approval of the laboratory will be cancelled.

(h) **Recommendation for approval.** The AD and the State Veterinarian or designee must recommend approval of the laboratory prior to obtaining official status. A jointly signed memorandum and the originals of all completed documents of application and approval shall be mailed through the appropriate Regional Director of APHIS for his or her concurrence to the Director of NVSL.

(i) **Approval of laboratories.** After the requirements of training have been satisfactorily completed, the laboratory will be approved by the Director of NVSL and will be so notified of approval by a telegram or a letter signed by the Director of NVSL.

(j) **Removal or suspension of laboratory approval.**

(1) Laboratory approval will be removed or suspended by the Director of NVSL or State Veterinarian or designee when any criteria are not met. If the laboratory is approved to perform tests for more than one disease, removal or suspension will apply only to the disease for which proficiency is not maintained. The laboratory will be informed of removal or suspension by a telegram signed by the Director of NVSL, or by certified letter from the Department, or both.

(2) Failure to maintain competency or failure to perform within any established protocol, shall constitute a

violation of this Section and shall submit the laboratory to actions outlined under the Administrative Procedures Act of the State of Oklahoma, above and beyond any action deemed appropriate by APHIS.

SUBCHAPTER 11. IMPORTATION OF LIVESTOCK, POULTRY, AND PETS

PART 1. GENERAL

35:15-11-1. General import requirements

(a) All persons importing livestock, as defined in 2 O.S. Section 6-150, shall have a certificate of veterinary inspection with the following exceptions:

(1) Livestock transported as part of a commuter herd with a copy of the commuter herd agreement;

(2) Livestock transported directly to an Oklahoma veterinarian for treatment if returned to the premises of origin within two (2) days following cessation of treatment;

(3) Livestock transported from a premises of origin in another state to an approved tagging site or approved livestock market and they are accompanied by an owner-shipper statement;

(4) Livestock transported from a premises of origin in another state directly to a slaughtering establishment and they are accompanied by an owner-shipper statement or a completed Drive-In document; or

(5) Livestock transported as a restricted movement accompanied by a VS form 1-27.

(b) The Commissioner of Agriculture or the State Veterinarian shall be authorized to impose pre-entry test requirements on any species if it becomes known that the threat of disease exists which could place the livestock industries of Oklahoma at risk or could become a public health hazard.

(c) Import requirements of this section may be in addition to import requirements for a species or disease found in this subchapter.

(d) The owner of the livestock, the person responsible for arranging transportation, and the operator of the vehicle transporting the livestock shall be equally and individually responsible for meeting all requirements regarding certificates of veterinary inspection, permits, and the movement of livestock into this state.

SUBCHAPTER 13. TESTING AND INSPECTION FOR DISEASE AND RELEASE OF LIVESTOCK AT AUCTION MARKETS

35:15-13-1. Definitions

The following words or terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise.

"Approved veterinarian" means a licensed accredited veterinarian who has complied with all Department regulations

Permanent Final Adoptions

and educational requirements, and who has been approved by the Department to conduct necessary tests, vaccinations, inspections, and other duties.

"Drive-in" means a written record of livestock in a single consignment. Information on a drive-in shall include name and address of the consignor, license tag number of vehicle used to haul livestock, list and brief description of livestock and corresponding backtags applied, and any special notes or instructions concerning the livestock.

"Livestock auction market veterinarian" means a licensed, accredited veterinarian who has been approved to represent the Department by performing the veterinarian's duties at livestock auction markets.

"Official forms" means forms furnished or approved by the State Board of Agriculture or Animal and Plant Health Inspection Service of the United States Department of Agriculture.

"Slaughter only" means to go directly to a slaughter establishment or to a ~~registered feed lot~~ approved feedlot to be fed to go directly to slaughter.

"Slaughter only tag" means a cardboard tag with the words, "For Slaughter Only" applied to the hip of an animal that is to be taken directly to a slaughter establishment or to a ~~registered feed lot~~ approved feedlot to be fed before going directly to slaughter.

"Brucellosis test eligible cattle" means all cattle eighteen (18) months of age, as determined by the loss of first pair of temporary incisor teeth, except exposed cattle which have been "S" branded, steers, and spayed heifers.

35:15-13-3. General requirements for a livestock auction market

- (a) Any person owning, operating, conducting, or maintaining a livestock auction market shall be required to:
- (1) Submit an application for a license to the Department on an official form prior to operation.
 - (2) Bond the market pursuant to 2 O.S. § 9-132, as amended or according to the provisions of the Federal Packers and Stockyards Act as amended.
 - (3) Employ a livestock auction market veterinarian for auctions selling cattle, horses, swine, or other species as determined by the state veterinarian.
- (b) The livestock auction market license shall cost Twenty Five Dollars (\$25.00) per year and shall expire on December 31 of each year.
- (c) Both the buyer's and seller's invoices shall include the name, address of the owner, and description of the cattle as to breed, sex, and age. Invoices for swine shall show the predominant breed and shall show them to be feeding, breeding, or slaughter swine.
- (d) The livestock auction market veterinarian or sale company shall not be responsible for results of any tests that are conducted properly or for any reactor animals or responder animals found in the market.
- (e) Refusal or failure to comply with the Department rules shall be just cause for the revocation or suspension of the livestock auction market license.

(f) No person owning, operating, conducting, or maintaining a livestock auction market shall allow any of the following animals to leave the livestock auction market unless it is individually identified by an official identification with an exception for weak cattle or cattle that pose a greater than normal risk of being injured or injuring a person:

- (1) All beef cattle eighteen (18) months of age or older, except terminal fed steers and heifers, going directly to a feedlot or slaughter which will not be reintroduced into the breeding herd;
 - (2) All dairy cattle;
 - (3) All "M" branded cattle including any commingled cattle, and
 - (4) All roping, exhibition, event, and rodeo cattle.
- (g) Weak cattle or cattle that pose a greater than normal risk of being injured or injuring a person may be sold with a back tag and slaughter only tag to be transported directly to slaughter.
- (h) The owner or operator of the livestock auction market shall keep records of each animal consigned or delivered to the livestock auction market for a period of five (5) years for disease traceback purposes, including but not limited to the following:

- (1) "Drive-in" or any other documents identifying the backtag, owners name and address, and license tag of mode of transportation;
 - (2) Any records kept pursuant to the Livestock Auction Market Act;
 - (3) Records of any official identification applied to the animal or already existing with the animal; ~~and~~
 - (4) Any records available regarding the purchaser of the animals; and
 - (5) Records of official identification shall be sufficiently legible and accurate to facilitate successful tracebacks.
- (i) Each livestock auction market shall sign and have on record with the Department the most current livestock market contract for each of the species sold at the market.
- (j) The livestock auction market shall make the above records available to ODAFF personnel when requested.

35:15-13-5. Approval and responsibilities of veterinarians in livestock auction markets

- (a) The veterinarian shall make application for approval to the Department and shall be examined as to his or her ability to function as a livestock auction market veterinarian.
- (b) The livestock auction market veterinarian shall inspect cattle, bison, horses, swine, or other species as determined by the State Veterinarian at the livestock auction market for the purposes of determining the condition of health and freedom from infectious or contagious diseases.
- (c) The livestock auction market veterinarian shall arrive at the market in sufficient time to do all required testing, official identification, and inspection prior to the beginning of the sale.
- (d) The livestock auction market veterinarian is responsible for completion of state and federal forms necessary for the release of livestock from markets and other state and federal forms required for disease traceability, control, and eradication

programs. These state and federal forms shall be sufficiently legible and accurate to facilitate successful tracebacks.

(e) In the event that an official identification is already present in the animal being tested, the livestock auction market veterinarian shall use this tag instead of retagging, and include all prefixes and numbers in recording the tag on test charts and official documents.

(f) The livestock auction market veterinarian shall use separate bleeding needles or separate syringes for each animal. The use of the same syringe or needle for ~~all~~ multiple animals is prohibited.

(g) If the livestock auction market veterinarian cannot determine the class of livestock to be shipped by the description on the purchaser's invoice, the livestock auction market veterinarian shall look at each shipment prior to release.

(h) All reactor or responder cattle received for sale shall be examined as to official identification by the livestock auction market veterinarian prior to sale.

(i) Copies of all forms shall be forwarded to the office of the State Veterinarian by the livestock auction market veterinarian immediately after sale.

(j) All official ear tags, forms, certificates of veterinary inspection, or documents and official stamps and signature stamps, shall be kept in the exclusive possession of the livestock auction market veterinarian and shall be dated and signed by him or her only at the time it is filled out and issued. Under no circumstances shall any official document be pre-signed or pre-stamped by the livestock auction market veterinarian. Use of any official stamp by persons other than the livestock auction market veterinarian or a state or federal employee is expressly prohibited. The livestock auction market veterinarian shall be solely responsible for the unauthorized or improper issuance of any official document or the use of any official stamp or signature stamp.

(k) The livestock auction market veterinarian shall ensure another livestock auction market veterinarian is available at the market when the regular livestock auction market veterinarian is absent from the market.

(l) The livestock auction market veterinarian shall not resign his duties without written notice to the sale company and State Veterinarian's office at least ten (10) days prior to resignation.

(m) The livestock auction market veterinarian's failure or neglect to perform any of the functions in this Section shall be cause for disapproval and immediate removal from the livestock auction market.

35:15-13-6. Movement of livestock through livestock auction markets

(a) All certificates of veterinary inspection, permits, and other documents, including out-of-state documents accompanying livestock into Oklahoma livestock auction markets, that are incomplete or have been altered in any way are void and shall not be accepted. This includes documents that are incomplete as to official identification number and description of animal it represents. In order to be accurate and acceptable, the prefix of each official identification number shall be recorded.

(b) All livestock shipped or exported from the State of Oklahoma shall meet the state of destination importation requirements.

(c) Dairy cattle or Mexican cattle to be tuberculosis tested after change of ownership that are not held at the livestock auction for testing shall be consigned to the purchaser's accredited veterinarian of choice accompanied by a VS 1-27 form to verify the arrival of the animal for testing.

(d) Cattle tagged with a Slaughter Only Tag shall not be diverted from slaughter channels and shall be transported to a slaughter establishment or an approved feedlot within seven (7) days of sale.

SUBCHAPTER 15. EQUINE INFECTIOUS ANEMIA (EIA)

PART 3. PROCEDURES

35:15-15-34. Requirements for approved EIA testing laboratories

(a) No person shall operate an EIA testing laboratory without first obtaining approval from the Board.

(b) Conditions of approval.

(1) Submit a complete application to the office of the State Veterinarian.

(2) Upon receipt of an application, the facility shall be inspected by an authorized agent of the Board.

(3) A report of the inspection shall be submitted to the State Veterinarian and identify the EIA testing laboratory's compliance with the minimum standards for facilities, equipment, and personnel.

(4) The applicant shall agree in writing to operate the laboratory in conformity with the Department rules and the requirements of the USDA and shall continually meet all requirements during operation of the laboratory.

(5) A determination by the Department that an additional EIA laboratory is necessary in the area.

(c) Operating requirements.

(1) All personnel conducting an official test at an approved laboratory shall receive training prescribed by the National Veterinary Services Laboratories (NVSL).

(2) Approved laboratories shall use USDA licensed antigen and follow standard test protocols prescribed by NVSL.

(3) Approved laboratories shall maintain a work log clearly identifying each individual sample and test results.

(4) Approved laboratories shall maintain a work log and a file of all submission forms for a period of not less than two (2) years.

(5) All approved laboratories shall report all positive results to an official test for EIA to the State Veterinarian's office within twenty four (24) hours.

(6) A copy of all test charts for positive Equidae shall be sent to the State Veterinarian's office within seventy two (72) hours.

Permanent Final Adoptions

- (7) Negative results shall be reported to the office of the State Veterinarian on a monthly basis.
- (8) Approved laboratories shall not test samples until an officially completed test chart is received.
- (d) Inspections, proficiency tests, and licenses.
- (1) The Board shall randomly and without prior notification collect samples and inspect the facilities and records of all EIA laboratories in Oklahoma at a minimum of once per year.
- (2) All records required to be maintained by approved laboratories shall be open to inspection by state or federal employees during normal business hours.
- (3) All approved laboratories shall pass annual proficiency test requirements administered by the NVSL.
- (4) All approved laboratories shall pass any additional proficiency test requirements administered by the Board.
- (5) The Board shall charge a fee to the approved laboratory for administering each additional proficiency test in the amount of Fifty Dollars (\$50.00).
- (6) Each approved laboratory shall obtain a license on an annual basis.
- (A) The annual license fee shall be \$250.00.
- (B) The annual license shall expire on January 31 of each calendar year.
- (C) The renewal license application shall be submitted no later than January 31 of each calendar year.
- (D) A renewal application received or postmarked after January 31 shall be in violation of these rules.
- (E) Failure to renew may result in disapproval of the laboratory.
- (F) A fee waiver may be granted to an EIA laboratory at a university or state agency.
- (e) An EIA laboratory may have its approval cancelled if the Board finds that the laboratory has failed to meet the requirements or has falsified records or reports.
- (f) Any action taken by the Board to cancel laboratory approval shall conform to the Administrative Procedures Act.
- (g) The Department may deny the application of any EIA laboratory if it fails to meet any criteria required by the Department.
- (h) Approved laboratories shall only perform the ELISA test.
- (i) The Department may at its discretion in limited and approved circumstances grant approved laboratories the ability to perform the AGID test for equine being exported from Oklahoma to a foreign country or for horses not residing in Oklahoma. The limited exception shall be detailed in a written agreement between the Department and the approved laboratory.
- (j) Any approved EIA laboratory shall resubmit all application information for approval by the Department upon a change in ownership of the facility or a change in location of the facility.

SUBCHAPTER 16. CONTAGIOUS EQUINE METRITIS

35:15-16-1. Incorporation by reference

- (a) The contagious equine metritis regulation found in Title 9 of the Code of Federal Regulations (CFR) (20152016 Revision), Section 93-301 and USDA VS Guidance Document 13406.1 (2013) Revision are hereby adopted in their entirety.
- (b) All words and terms defined or used in the federal regulation incorporated by reference by the Department shall mean the state equivalent or counterpart to those words or terms.

SUBCHAPTER 17. BOVINE AND BISON BRUCELLOSIS

PART 3. RULES ADOPTED FROM USDA UNIFORM METHODS AND RULES (UM&R) FOR BRUCELLOSIS ERADICATION

35:15-17-52. Heifers to be spayed

Heifers less than test eligible age and are to be spayed may be released from an auction market to a licensed approved veterinarian's clinic within the state of Oklahoma. These heifers shall be accompanied by an official permit. All heifers spayed be marked with ~~as pade a spade~~ brand on the ~~tailhead~~ tailhead. "S" branded females shall not be released to a veterinarian's clinic for spaying.

SUBCHAPTER 34. FERAL SWINE

35:15-34-2. Definitions

The following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Captive feral swine hunter" means a person of any age who procures a hunt at any of the licensed feral swine hunting facilities in Oklahoma.

"Feral swine" means any hog, pig, or swine species (*Sus scrofa*) including, but not limited to, Russian and European wild boar that are running at large, free roaming, or wild upon public or private lands in this state, and shall also include any hog, pig, or swine species that has lived any part of its life running at large, free roaming, or wild. The term feral swine shall also include any feral phenotype swine, whether or not running at large, free roaming, or wild. The term feral swine shall denote live feral swine and not feral swine carcasses unless otherwise specified.

"Feral swine facility" means a handling facility, ~~holding pen,~~ or sporting facility.

"Feral Swine Free Zone" means any region of the state defined by the Board of Agriculture where hunting feral swine or taking feral swine from the region is restricted and the licensing of feral swine facilities or movement of feral swine into or across the region is prohibited.

"Handling facility" means any premises maintaining feral swine in captivity for the purpose of temporary holding,

breeding, slaughter, re-sale, dog training, competition, exhibition, personal use, or any other purpose. Commercial hunting is not permitted in a handling facility.

"Sealed trailer" means a trailer or container holding feral swine that an Oklahoma Department of Agriculture, Food, and Forestry or United States Department of Agriculture employee has affixed a seal for special purpose movement displaying a serial number listed on the VS 1-27 form accompanying the transport.

"Sporting facility" means any premises maintaining feral swine in captivity intended for hunting and feral swine are only removed from the premises through hunting.

"Transport" means intrastate or interstate movement of one or more feral swine.

35:15-34-5. Transporter license

~~(a) All persons that transport live feral swine in this state shall be required to obtain a transporter license from the Department.~~

~~(b) Transporter licenses shall be active for a period of one (1) year and shall not be transferable.~~

~~(c) Transporter licenses shall expire each June 30 but may be renewed. Five year licenses issued by the Department prior to the effective date of these rules shall not be grandfathered and shall expire on June 30, 2017.~~

~~(d) Application for a transporter license shall be on a form prescribed by the Department and shall include the following:~~

- ~~(1) Name, mailing address, physical address, email address, and telephone number of the applicant,~~
- ~~(2) Drivers license number of the transporter;~~
- ~~(3) A brief statement describing the area for which the applicant typically transports feral swine, and~~
- ~~(4) A description of the vehicles, used to transport feral swine, including any license tag numbers.~~

~~(e) Live feral swine shall not be removed from the transport vehicle until released or unloaded pursuant to subsection (f) of this section.~~

~~(f) Any person transporting feral swine pursuant to a valid 24 hour permit may park the transport vehicle at a location the home premises of a licensed transporter specified in the 24 hour permit, so long as a new 24 hour permit is obtained prior to further transport of the feral swine to a location specified in subsection (g) of this section.~~

~~(g) Live feral swine shall only be released or unloaded at the following locations:~~

- ~~(1) A licensed sporting facility;~~
- ~~(2) A licensed handling facility;~~
- ~~(3) A slaughter facility, or~~
- ~~(4) A location designated in an order issued by the State Veterinarian.~~

~~(h) Feral swine shall not be commingled with any domestic livestock species at any point during transportation. Common cages or enclosures, water sources or food sources accessible by both domestic livestock species and feral swine shall be prohibited.~~

35:15-34-5.1. 24 hour permit

(a) A transporter shall apply for a 24 hour permit to transport feral swine using an online system provided by the Department or by phone during regular business hours. The transporter may either request immediate approval or request advance approval by specifying the 24 hour period that the transporter intends to transport feral swine.

(b) If the transporter requests immediate approval, the 24 hour permit shall be valid for twenty-four (24) hours following approval by the Department. The online system shall provide automatic approval for 24 hour permits after the following information is provided:

- (1) The date feral swine are transported;
- (2) The number of feral swine transported;
- (3) The name of the county in which the feral swine were acquired;
- (4) The name of the owner of the property on which the feral swine were acquired;
- (5) A description of the acquisition method (capture or purchase); and
- (6) The name and license number of destination facility or consignee.

(c) If the transporter requests advance approval, the 24 hour permit shall specify the 24 hour period in which the transporter is authorized to transport feral swine.

~~(d) The 24 hour permit shall describe the number and destination of feral swine transported.~~

~~(e) The transporter shall carry paper copy of the approved 24 hour permit in the vehicle transporting feral swine or carry an electronic device capable of accessing and displaying an electronic version of the approved 24 hour permit.~~

35:15-34-6. Sporting facilities

(a) No new sporting facilities shall be licensed by the Department. The Department may issue a license to an unlicensed sporting facility in operation prior to January 27, 2015 and holding a Commercial Hunting Area license issued by the Oklahoma Department of Wildlife Conservation. Licenses for existing sporting facilities shall be renewable and transferrable.

(b) The owner or operator of a sporting facility shall comply with the following requirements:

- (1) The owner or operator of a sporting facility shall maintain a perimeter fence at least forty-eight (48) inches tall made of solid walls, game fence, or other material constructed in a manner adequate to reasonably prevent the escape of enclosed feral swine, and the unsolicited additions of feral swine from outside the enclosure.
- (2) The owner or operator of a sporting facility shall keep the following records using forms provided by the Department:

(A) The name, and 24-hour permit number, and license number for each consignor releasing feral swine into the sporting facility with the corresponding date and number of feral swine released; and

(B) The name of each captive hog hunter killing a feral hog at the sporting facility with the corresponding date and number of feral swine killed.

Permanent Final Adoptions

(3) Any person renewing or procuring a sporting facility license shall provide the following information on a form prepared by the Department:

- (A) Name, mailing address, email address, and telephone number of the owner;
- (B) Name, mailing address, email address, and telephone number of the operator, if different from the owner;
- (C) Name, physical address, and county of the sporting facility;
- (D) Legal description to the nearest quarter section and GPS coordinates, if available, of the sporting facility;
- (E) A map showing topography of the area with a diagram of the facility structures, fencing plan, and perimeter clearly marked;
- (F) Whether the applicant has been convicted of a felony, misdemeanor, administrative, or civil violation of any natural resources requirements, including but not limited to wildlife, forestry, fisheries, environment, or animal health within the past three (3) years in Oklahoma or any other jurisdiction;
- (G) Whether the property where the sporting facility is located is owned or leased;
- (H) Driving directions from the nearest town; and
- (I) Signature under oath "I certify under penalty of law this document, all attachments, and information submitted are to the best of my knowledge and belief, true, accurate, and complete. I am aware there are significant penalties for knowingly submitting false, inaccurate, or incomplete information, including the possibility of fines for each violation."

(4) The owner or operator of a sporting facility shall submit a report describing all feral swine released into or killed at the sporting facility in a month and any other information required by the Department by the 10th day of the following month using forms provided by the Department.

(c) Sporting facilities may have a gate device installed in the perimeter fence that allow for the ingress of additional feral swine but does not allow the egress of captive feral swine. These devices shall be inspected and approved by the Department within seven (7) days of installation.

(d) Sporting facilities shall be licensed for one year terms beginning July 1 of each calendar year and ending on June 30 of the following calendar year. Applications for the renewal of a sporting facility license shall be due on April 1 of each calendar year.

(e) Feral swine shall not be commingled with any domestic livestock species in any sporting facility. Common pens, water sources or food sources accessible by both domestic livestock species and feral swine shall be prohibited. This subsection is not intended to prohibit a licensee from constructing a feral swine facility along the licensee's property line.

(f) Live feral swine shall not be transported from a sporting facility to any other location.

(g) The owner or operator of a sporting facility shall verify that each person who hunts feral swine on the facility has a

valid Oklahoma feral swine hunter's license prior to hunting. If the owner or operator of a sporting facility cannot verify that a person has a feral swine hunter's license prior to hunting, the owner or operator shall collect a captive hog hunter's fee from each hunter using the sporting facility and remit fees collected to the Department on the 10th day of the month following the hunter's visit. The captive hog hunter's fee:

- (1) Shall be collected only once from each hunter during a calendar year;
- (2) Shall be valid for the calendar year in which it is purchased;
- (3) Shall not restrict the number feral swine the hunter is permitted to kill; and
- (4) Shall not restrict the number of visits a hunter may make to any sporting facility.

(h) Any person may apply for a captive feral swine hunter's license by using an online system provided by the Department or by phone during regular business hours.

35:15-34-7. Handling facilities

(a) An owner or operator shall obtain a handling facility license prior to operation of any new handling facility.

(b) The owner or operator of a handling facility licensed prior to October 1, 2017 shall maintain a perimeter fence at least forty-eight (48) inches tall made of solid walls, game fence, or other material constructed in a manner adequate to reasonably prevent the escape of enclosed feral swine, and the unsolicited additions of feral swine from outside the enclosure.

(c) The owner or operator of a handling facility licensed on or after October 1, 2017 shall maintain a perimeter fence at least sixty (60) inches tall made of solid walls, game fence, or other material constructed in a manner adequate to reasonably prevent the escape of enclosed feral swine, and the unsolicited additions of feral swine from outside the enclosure.

(ed) The owner or operator of a handling facility or operator shall keep the following records using forms provided by the Department:

- (1) The name, ~~and~~ 24-hour permit number, and license number of each consignor or consignee releasing feral swine into or transporting feral swine from the handling facility and the corresponding date and number of feral swine released or transported;
- (2) The number of feral swine that are killed at the facility and corresponding dates; and
- (3) The number of feral hogs that die of natural causes at the facility and corresponding dates.

(de) The owner or operator of a handling facility shall submit a report describing all feral swine released into, killed, or dying by natural causes at the handling facility in a month by the 10th day of the following month using forms provided by the Department.

(ef) Any person applying for a handling facility license shall provide the following information on a form prepared by the Department:

- (1) Name, mailing address, email address and telephone number of the owner;
- (2) Name, mailing address, email address, and telephone number of the operator, if different from the owner;

- (3) Name, physical address, and county of the handling facility;
- (4) Legal description to the nearest quarter section and GPS coordinates, if available, of the handling facility;
- (5) A map showing topography of the area with a diagram of the facility structures, fencing plan, and perimeter clearly marked;
- (6) Method of carcass disposal for the facility, including carcass storage sites, carcass burial areas, incineration approval, rendering company, composting plan, or land-fill.
- (7) Whether the applicant has been convicted of a felony, misdemeanor, administrative, or civil violation of any natural resources requirements, including but not limited to wildlife, forestry, fisheries, environment, or animal health within the past three (3) years in Oklahoma or any other jurisdiction;
- (8) Whether the property where the handling facility is located is owned or leased;
- (9) Driving directions from the nearest town; and
- (10) Signature under oath "I certify under penalty of law this document, all attachments, and information submitted are to the best of my knowledge and belief, true, accurate, and complete. I am aware there are significant penalties for knowingly submitting false, inaccurate, or incomplete information, including the possibility of fines for each violation."

(fg) Handling facilities shall be licensed for one year terms beginning July 1 of each calendar year and ending on June 30 of the following calendar year. Applications for the renewal of a handling facility license shall be due on April 1 of each calendar year.

(gh) Feral swine shall not be commingled with any domestic livestock species in a handling facility. Common pens, water sources or food sources accessible by both domestic livestock species and feral swine shall not be permitted. This subsection is not intended to prohibit a licensee from constructing a feral swine facility along the licensee's property line.

(i) Handling facilities licensed on or after October 1, 2017 shall not exceed one (1) acre in size.

35:15-34-13. License fees

- (a) Sporting facilities that are not licensed as a commercial hunting area by the Oklahoma Department of Wildlife Conservation:
 - (1) Application fee - \$325.
 - (2) Renewal fee - \$200.
- (b) Handling facility:
 - (1) Application fee - \$200.
 - (2) Renewal fee - \$100.
- (c) Transporter: Application and renewal fee - \$25.
- (d) Captive ~~hog~~feral swine hunter - \$25.

35:15-34-14. Modify, suspend, cancel, or revoke licenses

- (a) The license of any owner or operator may be revoked if the owner or operator is convicted of violating any provisions of the Oklahoma Agricultural Code.
- (b) In the event a license is denied, revoked, cancelled, or suspended, the owner or operator is not eligible to reapply until after the date the license would have expired.
- (~~dc~~) The Department shall not issue a license in the following circumstances:
 - (1) The facility was not inspected by the Department.
 - (2) The owner or operator had any equivalent license denied, revoked, or suspended by any authority.
- (~~ed~~) Using information from the application and from the State's files, the Department shall determine:
 - (1) The accuracy of all materials in the application;
 - (2) The applicant can reasonably be expected to comply with all legal requirements; and
 - (3) The proposed facility is adequate and complies with all legal requirements and would not result in harm to domestic swine.

35:15-34-15. Holding pens [REVOKED]

- (~~a~~) ~~A handling facility license shall not be required of any feral swine facility that is a temporary holding pen where no individual feral swine is held for more than seven (7) days.~~
- (~~b~~) ~~Any owner or operator shall consent to inspections by the Department to determine compliance with this provision and shall provide any available documentation to show compliance with this provision.~~
- (~~c~~) ~~Any owner of a holding pen shall hold a valid transporter license.~~
- (~~d~~) ~~The perimeter fence of a holding pen shall be constructed in a manner to prevent the escape of enclosed feral swine and unsolicited additions of feral swine from outside the enclosure.~~

SUBCHAPTER 36. SCRAPIE

35:15-36-1. Incorporation by reference of federal regulations

Regulations of the United States Department of Agriculture concerning scrapie in sheep and goats found at 9 CFR Part 79 (~~2015~~2016 Revision) are adopted by reference with the exception of the deleted regulations specified in 35:15-36-2.

35:15-36-2. Deleted regulations

The following sections of the Federal regulations governing scrapie in sheep and goats (9 CFR, Part 79 et seq.) (~~2015~~2016 Revision) of the USDA incorporated by reference under 35:15-36-1 are deleted and are not rules of the Oklahoma Department of Agriculture, Food, and Forestry: 79.6 and 79.7.

SUBCHAPTER 38. BOVINE TRICHOMONIASIS

Permanent Final Adoptions

35:15-38-1. Definitions

The following words or terms, when used in this Subchapter, shall have the following meaning unless the context clearly indicates otherwise:

"Acceptable specimen" means a specimen determined satisfactory for diagnostic testing by the testing laboratory, including complete documentation.

"Approved Feedlot/feedlot" means a confined animal feeding operation (CAFO) licensed by the Department.

"Approved laboratory" means any laboratory designated and approved by the state veterinarian for examining T. foetus samples.

"Approved veterinarian" means a licensed accredited veterinarian who has complied with all Department regulations and educational requirements, and who has been approved by the Department to conduct necessary tests, vaccinations, inspections, and other duties.

"Bovine" means any sexually intact male and female animal of the genus bos.

"Change of ownership" means control of an animal being transferred between two (2) persons by sale, lease, or lending.

"Commingle" means animals of opposite sex and/or belonging to different owners in the same enclosure or pasture with a reasonable opportunity for sexual contact.

"Exposed bull" means an untested bull that has had an opportunity to breed exposed female cattle.

"Exposed Femalefemale" means a female bovine animal that is sexually intact and sexually mature that could have been exposed to a positive T. foetus bull.

"Herd" means the group of animals consisting of all male and female bovines over twelve (12) months of age that have commingled during the last twelve (12) months.

"Negative T. foetus bull" means a bull that qualifies by one of the following:

(A) originate from a herd not known to be infected and has had a negative official T. foetus bull test within the last year;

(B) originate from a positive herd but has a series of three negative official T. foetus bull tests at intervals of at least one week; or

(C) a negative official T. foetus bull test within sixty (60) days prior to entry with no sexual activity for one (1) week prior to the test and between the test and movement.

"Official T. foetus laboratory testing" means the laboratory procedures that shall be approved by the state veterinarian for culture and identification of T. foetus.

"Official T. foetus bull test" means the sampling of the preputial content of a bull by a licensed, accredited and trichomoniasis certified veterinarian or a veterinarian from the Oklahoma Department of Agriculture, Food, and Forestry. The test shall be conducted after a one week separation from all female bovine and the bull and sample shall be officially identified and documented for laboratory submission. The test may consist of three (3) culture tests at least one (1) week apart or one (1) Real Time PCR test. Pooled samples are acceptable

"Oklahoma trichomoniasis certified free herd" means a herd of cattle that has been determined to be free of bovine trichomoniasis by following the requirements of OAC 35:15-38-4.

"Pooled sample" means a method of sampling where a sample from each bull is submitted in an individual transport pouch and the laboratory mixes aliquots from up to five (5) samples together to economize the test cost.

"Positive T. foetus bull" means a bull that has had a positive T. foetus test.

"Positive T. foetus herd" means the group of all bovines which have had any opportunity for sexual contact in the previous breeding season and in which any male or female animal has had a positive diagnosis for T. foetus.

"Negative T. foetus bull" means a bull that qualifies by one of the following:

(A) ~~originate from a herd not known to be infected and has had a negative official T. foetus bull test within the last year;~~

(B) ~~originate from a positive herd but has a series of three negative official T. foetus bull tests at intervals of at least one week; or~~

(C) ~~a negative official T. foetus bull test within sixty (60) days prior to entry with no sexual activity for one (1) week prior to the test and between the test and movement.~~

"Suspect T. foetus bull" means a bull from a positive T. foetus herd that has not yet had three (3) consecutive negative official T. foetus bull tests.

"Trichomonas (Tritrichomonas) Tritrichomonas foetus" or **"T. foetus"** means a contagious venereal protozoan parasite disease of the trichomonas foetus species that frequently results in lifetime infection of male bovidae as an inapparent carrier and causes infertility, pyometra, abortions and reproductive inefficiency in female bovidae.

"Unacceptable sample" means a sample that is deemed not diagnostic by the official testing laboratory.

"Virgin bull" means a sexually intact male bovine less than twelve (12) months of age or a sexually intact male bovine between twelve (12) and eighteen (18) months of age that has had no breeding and no potential breeding contact with females.

"Virgin bull affidavit" means a signed affidavit from the owner, manager, or veterinarian that verifies the bull is between twelve (12) and eighteen (18) months of age and has had no breeding and no potential breeding contact with females.

35:15-38-2.1. Intrastate change of ownership requirements for bulls

(a) Any bull greater than twelve (12) months of age changing ownership within the state of Oklahoma shall have a negative official T. foetus test within sixty (60) days prior to change of ownership with no exposure to females from seven (7) days prior to the test to the time of change of ownership.

(b) Exceptions to this rule shall include the following:
(1) A bull between twelve (12) and twenty-four (24) months of age accompanied by a virgin bull affidavit;
(2) A bull sold directly to slaughter;

- (3) A bull sold for feeding and slaughter to be fed in a registered an approved feedlot only and leaves the feedlot only to be slaughtered; or
- (4) A bull for intrastate change of ownership may be considered a virgin bull up to twenty four (24) months of age with a signed virgin bull affidavit from the owner.
- (c) Any bull presented for sale at a livestock auction market without a virgin bull affidavit (if between twelve (12) and twenty-four (24) months of age) or verification of a negative official T. foetus test:
 - (1) Shall be tagged for slaughter only and sold for slaughter only;
 - (2) May go to the purchaser's destination so long as the market veterinarian takes a sample for an official T. foetus test and the purchaser agrees to keep the bull under quarantine at the destination until receipt of negative test results.
- (d) A livestock auction market shall not be liable for a virgin bull affidavit and shall not be liable for the results of a market veterinarian's sampling and results for an official T. foetus test.

35:15-38-3.2. Exposed bulls

Exposed bulls shall be officially identified and change ownership only:

- (1) With notification of two negative official T. foetus tests, with the first test administered at least seven (7) days after the last exposure to female cattle and the second test administered seven (7) to twenty-one (21) days after the first test;
- (2) If sold for slaughter only; or
- (3) If consigned to an approved feedlot to be fed for slaughter only.

35:15-38-4. Oklahoma trichomoniasis free herd certification

Herd owners who enroll in the Trichomoniasis Herd Certification Program shall sign a herd agreement with the department and maintain the herd in accordance with the herd agreement and following conditions:

- (1) All non-virgin breeding bulls shall be tested annually for T. foetus for three consecutive years as required by the herd agreement.
- (2) During the three year inception period, all non-virgin breeding bulls that are sold, leased, gifted, exchanged or otherwise change possession shall be tested for T. foetus within thirty (30) days prior to such change in possession. The test must be completed and test results known prior to the time a bull(s) is physically transferred to the receiving premises or herd.
- (3) Negative T. foetus bulls will be identified with official identification.
- (4) All slaughter bulls removed from the herd must be tested for T. foetus. The test may be performed at a slaughter facility if prior arrangement with a certified veterinarian and an appropriate agreement with the slaughter facility management are made.
- (5) Bovine females added to a certified herd shall not originate from a known T. foetus infected herd. Female

herd additions must originate from a certified T. foetus free herd or qualify in one of the following categories:

- (A) Calf at side and no exposure to other than known negative T. foetus bulls;
 - (B) Checked by an accredited veterinarian, at least one hundred and twenty (120) days pregnant and so recorded;
 - (C) Virgin; or
 - (D) Heifers exposed as virgins only to known negative T. foetus infected bulls and not yet one hundred and twenty (120) days pregnant.
- (6) Records must be maintained for all tests including all non-virgin bulls entering the herd and made available for inspection by a designated accredited veterinarian or state animal health official.
 - (7) All non-virgin bulls shall be tested for T. foetus every two years after the initial three year inception period to maintain certification status.
 - (8) Herd premises must have perimeter fencing adequate to prevent ingress or egress of cattle.
 - (9) All bulls originating from a Trichomoniasis Certified Free Herd that are maintained in accordance with this section and the herd agreement are exempt from the testing requirements found in OAC 35:15-38-2.1.

SUBCHAPTER 40. BOVINE TUBERCULOSIS

PART 1. DEFINITIONS

35:15-40-1. Definitions

The following words or terms when used in this Subchapter shall have the following meaning unless the context clearly indicates otherwise:

"Accredited free state" means a state that maintains full compliance with all of the provisions of the USDA Uniform Methods and Rules for bovine tuberculosis eradication and where no evidence of bovine tuberculosis has been disclosed for five (5) or more years.

"Accredited herd" means a herd of cattle, bison, or dairy goats that passed at least two (2) consecutive negative caudal fold tuberculin tests at an interval of not less than ten (10) months nor more than fourteen (14) months, has no other evidence of bovine tuberculosis, and meet the standards of this Subchapter.

"Affected herd" means a herd of cattle, bison, or dairy goats that contains, or has recently contained, one (1) or more animals infected with Mycobacterium bovis and has not passed the required tests necessary for release from quarantine.

"Annual tests" means those tests conducted at intervals of not less than ten (10) months nor more than fourteen (14) months.

"Approved feedlot" means a confined dry lot area for the finish feeding of animals on a concentrated feed with no facilities for pasturing or grazing that is licensed as a Concentrated Animal Feeding Operation by ODAFF's Agriculture Environmental Management Services Divison.

Permanent Final Adoptions

"Auction" means a public sale of cattle, bison, or dairy goats to the highest bidder.

"Bison" means a bovine-like animal (genus *Bison*) commonly referred to as American buffalo or buffalo.

"Bovine Tuberculosis" means a disease in cattle, bison, or dairy goats caused by *Mycobacterium bovis*.

"Cattle" means all domestic bovine (genus *Bos*).

"Caudal Fold Tuberculin Test" or **"CFT"** means the intradermal injection of 0.1 milliliters of USDA bovine purified protein derivative (PPD) tuberculin into either side of the caudal fold, with reading by visual observation and palpation seventy-two (72) hours (+ or - 6 hours) following injection. Animals or herds of unknown status shall not be subjected to retest at intervals of less than sixty (60) days.

"Commission firm" means a person, partnership, or corporation that buys or sells livestock as a third party and reports to the seller or to the buyer details of the transactions whether or not a fee is charged for the services.

"Comparative Cervical Tuberculin Test" or **"CCT"** means the intradermal injection of biologically balanced bovine PPD tuberculin and avian PPD tuberculin at separate sites in the cervical area and a determination as to the probable presence of bovine tuberculosis (*M. bovis*) by comparing the responses of the two (2) tuberculins seventy-two (72) hours (+ or - 6 hours) following injection.

"Dairy cattle" means any typical dairy framed animals as determined by the inspecting veterinarian.

"Dairy goats" means domestic caprine (genus *Capra*) kept for the purpose of producing milk for human consumption.

"Dealer" means any person, firm, or partnership engaged in the business of buying or selling cattle, bison, or dairy goats in commerce, either on the dealer's own account or as the employee or agent of the vendor or purchaser, or any person engaged in the business of buying or selling cattle, bison, swine, sheep, or dairy goats in commerce on a commission basis. The term shall not include any person who buys or sells cattle, bison, or dairy goats as a part of their own bona fide breeding, feeding, or dairy operation; is not engaged in negotiating the transfer of cattle, bison, or dairy goats; or receives cattle, bison, or dairy goats exclusively for immediate slaughter on the person's own premise.

"Eradication" means the complete elimination of bovine tuberculosis from cattle and bison in the state so that the disease does not appear unless introduced from another species or from outside the state.

"Exposed animals" means cattle, bison, or dairy goats that have been exposed to bovine tuberculosis by reason of associating with known tuberculous animals.

"Feedlot" means a confined dry lot area for the finish feeding of animals on a concentrated feed with no facilities for pasturing or grazing.

"Herd" means one or more cattle, bison, or dairy goats maintained on common ground or two (2) or more groups of cattle, bison, or dairy goats under common ownership or supervision that are geographically separated but can have an interchange or movement without regard to health status.

"Herd plan" means a herd management and testing plan designed by a state or federal regulatory veterinarian and the herd owner that will control and eventually eradicate bovine tuberculosis from an affected, adjacent, or exposed herd.

"High risk cattle" means cattle from countries, states, or areas that are not considered Bovine Tuberculosis free, including but not limited to, dairy cattle, exhibition cattle, rodeo cattle, and Mexican origin cattle.

"Mexican origin" means cattle that originate or have ever resided in Mexico.

"Modified Accredited Advanced State" means a state that is actively participating in the eradication of bovine tuberculosis and that maintains its status in accordance with the provisions of the USDA Uniform Methods and Rules for Bovine Tuberculosis Eradication.

"Modified Accredited State" means a state that is actively participating in the eradication of bovine tuberculosis and that maintains its status in accordance with the provisions of the USDA Uniform Methods and Rules for Bovine Tuberculosis Eradication.

"Natural additions" means animals born and raised in a herd.

"No Gross Lesion Animals" or **"NGL"** means any cattle, bison, or dairy goats that do not reveal a lesion of bovine tuberculosis upon postmortem inspection. Any animal with skin lesions alone shall be considered a NGL animal.

"Official in charge" means any manager, superintendent, secretary, or other person responsible for an exhibition.

"Official tuberculin test" means a test for tuberculosis conducted and reported by approved personnel in accordance with this Subchapter and the USDA Uniform Methods and Rules for bovine tuberculosis eradication. The official tuberculin tests are the caudal fold test, the comparative cervical test, the single cervical test, gamma interferon test, or any other test that is approved by the United States Department of Agriculture (USDA).

"Permit" means a VS 127 issued by an authorized agent of the State Board of Agriculture, a representative of USDA APHIS Veterinary Services or an accredited veterinarian that is required to accompany any reactor, suspect, or exposed animals to slaughter.

"Reactor" means any animal that may be classified as a reactor by the designated epidemiologist based on supplemental diagnostic tests results from approved laboratories or other information.

~~**"Restricted feedlot"** means a feedlot that has the ability to manage higher risk cattle in such a way as to assure they do not expose cattle in the feedlot that will not go directly to slaughter. A restricted feedlot must agree to identify high risk cattle and handle them in such a way as to prevent the exposure of other cattle and trace the high risk cattle in case of a disease traceback.~~

"Rodeo bulls" means sexually intact male cattle kept for the purposes of performances at rodeos, bucking events, exhibition purposes, or for breeding to produce rodeo bulls.

"**Suspect**" means any cattle, bison, or goats that show a response to the caudal fold tuberculin test and are not classified as reactors, and cattle, bison, or goats that are classified suspects by a comparative cervical test.

"**Tuberculin**" means a product that is approved by and produced under USDA license for injection into cattle, bison, or goats for the purpose of detecting bovine tuberculosis.

PART 3. GENERAL TUBERCULOSIS RULES

35:15-40-46. Quarantine procedures

(a) All herds with reactor animals shall be quarantined. Exposed animals shall remain on the premises where disclosed unless a state or federal permit is obtained. Movement for immediate slaughter shall be directly to an approved slaughtering establishment where state or federal inspection is administered. Animals shall be identified by official identification. Use of the "S" brand is required on cattle and bison or animals shipped in a sealed vehicle.

(b) Sale of feeder calves from quarantined herds shall be restricted. Feeder calves under twelve (12) months of age that have passed a caudal fold tuberculin test within sixty (60) days may be permitted to move intrastate to a ~~restricted~~ approved feedlot.

(c) Herds in which mycobacterium bovis infection is confirmed shall remain under quarantine if not depopulated and shall pass two tuberculin tests of intervals of at least sixty (60) days and one (1) additional test after one hundred eighty (180) days. All animals moved from the farm shall be shipped directly to slaughter and shall be accompanied by slaughter permit issued by a state or federal representative.

(d) Herds in which only NGL reactor(s) occur and in which no evidence of mycobacterium bovis infection is disclosed may be released from quarantine after a sixty (60) day negative caudal fold retest of the entire herd.

(e) Suspects in herds where only suspect animals are disclosed shall be quarantined on the premises until retested and classified negative or shipped directly to slaughter under permit. If an animal is slaughtered as a comparative cervical test reactor following two (2) CCT tests as a suspect and shows no gross lesions, results in an entire herd retest at sixty (60) days by caudal fold test and released from quarantine as in 35:15-40-46(d). If animals are slaughtered as suspects, but show no gross lesions, a sixty (60) day herd retest is recommended.

(f) Herds indicated as the source of slaughter trace back case investigations shall be placed under quarantine within thirty (30) days of notification, and a herd test scheduled.

(g) The issuance of a quarantine may be waived if the State Board of Agriculture or the State Veterinarian enters into a formal cooperative agreement with the affected party that will control and eradicate bovine tuberculosis.

35:15-40-49.1. Dairy cattle change of ownership

(a) All dairy cattle shall be individually identified with an official identification prior to change of ownership.

(b) Sexually intact dairy cattle six (6) months of age or older and weighing four hundred fifty (450) pound or more shall:

(1) Test negative for tuberculosis no more than sixty (60) days prior to a change in ownership;

(2) Be quarantined and test negative for tuberculosis within ten (10) days after the change of ownership date; or

(3) Originate from an accredited tuberculosis free herd.

(c) Any dairy cattle that do not meet the testing requirements in subsection (b) shall be tagged as slaughter only and sent either directly to slaughter or to a ~~restricted~~ approved feedlot.

(d) For purposes of this section, dairy cattle shall include typical dairy framed animals and dairy crossbred animals as determined by the inspecting veterinarian.

PART 7. IMPORT REQUIREMENTS

35:15-40-90. Requirements for cattle entering Oklahoma from a tuberculosis free state or zone

(a) Cattle that test positive for tuberculosis shall not enter Oklahoma.

(b) Cattle from herds quarantined for tuberculosis shall not enter Oklahoma.

(c) All dairy cattle shall be individually identified by official identification and accompanied by a certificate of veterinary inspection.

(1) Originate from a tuberculosis free herd;

(2) Test negative no more than sixty (60) days prior to entry with the results recorded on the certificate of veterinary inspection; or

(3) Be sent directly to slaughter or to a ~~restricted~~ approved feedlot.

35:15-40-90.1. Requirements for cattle entering Oklahoma from a modified accredited advanced state or zone

(a) Cattle that test positive for tuberculosis shall not enter Oklahoma.

(b) Cattle from herds quarantined for tuberculosis shall not enter Oklahoma.

(c) All cattle shall be accompanied by a permit number and a certificate of veterinary inspection that was approved by the Oklahoma State Veterinarian prior to entry into Oklahoma.

(d) Cattle or bison may move directly to slaughter at an approved slaughtering facility.

(e) Sexually intact heifers may move to a ~~restricted~~ approved feedlot.

(f) Steers or spayed heifers may move into Oklahoma so long as they meet one of the following:

(1) Cattle or bison are individually identified by an official identification and the cattle or bison:

(A) Are accompanied by the original certificate of veterinary inspection at all times;

(B) Are placed at a single location for grazing; and

(C) Are only removed from the single location directly to a ~~restricted~~ approved feedlot or directly to slaughter;

Permanent Final Adoptions

(2) Cattle or bison enter on a state or federal identification number for the premise of origin and premise of destination with an approved Group Lot Number and the group lot:

- (A) Is accompanied by the original certificate of veterinary inspection at all times;
- (B) Is placed at a single location for grazing;
- (C) Remains as a group lot;
- (D) Does not commingle with other cattle or bison; and
- (E) Is only removed from the single location directly to a ~~restricted~~ approved feedlot or directly to slaughter; or

(3) Cattle or bison are individually identified by an official identification and test negative to an official tuberculosis test conducted within sixty (60) days prior to movement into Oklahoma.

(g) Cattle or bison from an accredited herd may enter Oklahoma with a certificate of veterinary inspection that includes complete herd tuberculosis negative test results within one (1) year prior to entry.

(h) Sexually intact cattle or bison, not from an accredited herd, shall be individually identified and accompanied by a certificate of veterinary inspection stating the cattle or bison tested negative to an official tuberculin test conducted within sixty (60) days prior to the date of movement.

(i) The state veterinarian may grant a variance to this section so long as the variance is consistent with federal law.

35:15-40-91. International importation of sexually intact cattle or bison

(a) All sexually intact cattle and bison from any foreign country or part thereof with a status less than Modified Accredited Advanced as compared to the UM&R standards of the U.S. Bovine Tuberculosis Eradication program and imported for reasons other than immediate slaughter or feeding for slaughter shall meet the following criteria:

- (1) Obtain a permit issued by the Oklahoma Department of Agriculture, Food, and Forestry prior to entry; and
- (2) Be quarantined to the premise approved in the entry permit pending two (2) consecutive negative tuberculosis tests, with the first test conducted not less than ninety (90) days nor more than 120 days after arrival and the second test conducted not less than 210 days nor more than 240 days after arrival in the state.

(b) All sexually intact cattle and bison from any foreign country or part thereof with no recognized tuberculosis status comparable to the UM&R standards of the U.S. Bovine Tuberculosis Eradication program of Modified Accredited Advanced or above and imported for immediate slaughter or feeding for slaughter shall meet the following criteria:

- (1) Obtain a permit issued by the Oklahoma Department of Agriculture, Food, and Forestry prior to entry; and
- (2) Be consigned direct to an approved slaughter establishment or ~~restricted~~ approved feedlot with no diversion from the permitted destination.

35:15-40-92. Mexican origin cattle

(a) Mexican origin steers and spayed heifers imported as stocker, feeder, slaughter animals may enter Oklahoma provided they test negative for tuberculosis in accordance with the Norma Oficial Mexicana (NOM) within sixty (60) days prior to entry into Oklahoma and a telephone entry permit providing the following information has been obtained prior to entering Oklahoma:

- (1) A certificate of veterinary inspection containing the individual identification and all tag numbers, tuberculosis testing information, statement that the animals are "Mexican Origin Cattle," and complete consignor or consignee information including telephone numbers; and
- (2) A VS 17-30 form.

(b) Mexican origin steers, spayed heifers, and any commingled cattle shall not be diverted from or separated from the main group within the stocker, feeder, slaughter channel.

(c) Mexican origin steers and spayed heifers shall not be commingled with any cattle other than stocker, feeder, slaughter cattle. Any commingled cattle assume the same status as the Mexican cattle.

(d) Holstein and Holstein-cross steers and spayed heifers from Mexico shall not enter Oklahoma regardless of test history.

(e) Mexican stocker, feeder, slaughter steers, and spayed heifers which are separated from their imported group shall:

- (1) Be accompanied by evidence of a negative tuberculosis test no more than sixty (60) days prior to a change in ownership;
- (2) Be quarantined and tested for tuberculosis within ten (10) days after the change of ownership date;
- (3) Be consigned to a ~~restricted~~ approved feedlot; or
- (4) Be tagged for slaughter only and transported directly to a slaughter facility or to a ~~restricted~~ approved feedlot.

(f) Mexican origin steers and spayed heifers and U.S. origin Corriente cattle utilized as rodeo stock prior to entry into Oklahoma shall obtain an entry permit, provide individual identification and all tag numbers, and be accompanied by a negative tuberculosis test that meets one of the following:

- (1) Performed by a U.S. accredited veterinarian within the previous 365 days; or
- (2) Performed in accordance with the Norma Oficial Mexicana (NOM), the animal is accompanied by a VS 17-30 form, and the animal is quarantined upon entry into Oklahoma until retested by a U.S. accredited veterinarian within sixty (60) to one hundred twenty (120) days of the original tuberculosis test.

(g) Mexican origin steers and spayed heifers and U.S. origin Corriente cattle utilized as rodeo stock moving within the state shall meet the following requirements:

- (1) Be accompanied by a negative tuberculosis test performed by an accredited veterinarian within the previous 365 days;
- (2) Be identified with an official identification; and
- (3) There is no change of ownership since the date of the last official test.

- (h) No sexually intact Mexican origin rodeo stock shall enter Oklahoma unless the animal is accompanied by documentation establishing that USDA requirements for entry of sexually intact Mexican cattle have been completed.
- (i) The official in charge of an event shall be responsible for verifying that all Mexican origin cattle utilized as rodeo stock entering any exhibition meet all testing requirements.
 - (1) The official in charge of an event shall not be held responsible for recording or accepting falsified or erroneous information provided by an owner.
 - (2) Any person providing erroneous or fictitious information shall be in violation of these rules.
- (j) Any official in charge of an event who knowingly, negligently, or willfully allows an untested or positive animal to enter an exhibition shall be in violation of these rules and the official in charge and the owner of the positive or untested animal shall be equally and individually in violation of these rules.
- (k) For the purposes of this section and OAC 35:15-40-92.1, "stocker, feeder, slaughter" means the steps of beef production in which cattle are grazed, finished at a ~~feed lot~~ an approved feedlot, and sent to a slaughter establishment.

35:15-40-92.1. Diversion or separation of Mexican origin cattle

If Mexican origin steers, spayed heifers, or any commingled cattle are diverted from or separated from the main group within the stocker, feeder, slaughter channel in violation of OAC 35:15-40-92(c), the diverted or separated cattle shall:

- (1) Have a negative tuberculosis test performed within ten (10) days after the change of ownership date; or
- (2) Be tagged as slaughter only and sent either directly to slaughter or to a ~~restricted~~ an approved feedlot.

SUBCHAPTER 47. CHRONIC WASTING DISEASE (CWD) IN CERVIDS

PART 3. HERD CERTIFICATION STANDARDS

35:15-47-6. Minimum requirements for herd certification

- (a) Regulations of the United States Department of Agriculture concerning the control of CWD found at 9 CFR Part 55 (~~2015~~2016 Revision) are adopted by reference.
- (b) The Board shall issue a quarantine on any herd that contained a CWD positive cervid. The quarantined herd shall not participate in the herd certification program until all herd plan requirements are completed.
- (c) All deaths of cervids twelve (12) months of age or older, regardless of cause of death, shall have the obex and medial retropharyngeal lymph nodes sampled and submitted to an approved laboratory by a certified CWD sample collector. CWD sample collectors shall submit written test results to the Department within seven (7) days after receiving said test results from the laboratory.

- (d) If eligible animal deaths are not tested due to a missed sample, improper sample, or untestable sample, an additional live animal over twelve (12) months of age shall be sacrificed for sampling, status suspended, status decreased, or combination thereof.
- (e) Freezing animal heads or other acts that delay or inhibit quality sampling and testing may result in the suspension, decrease, or loss of CWD status.
- (f) The State Veterinarian may relax the minimum requirements for herd certification for extraordinary circumstances.
- (g) Herd owners shall report any animals displaying clinical signs of CWD, which may include but are not limited to, weight loss, behavioral changes, excessive salivation, increased drinking and urination, and depression.
- (h) Herd owners shall complete an annual herd inventory with an approved veterinarian during the dates assigned by the Department.

SUBCHAPTER 49. MISCELLANEOUS ANIMAL DISEASES

35:15-49-3. Separation requirements

- (a) Any person holding female wildebeest within Oklahoma shall maintain ~~sufficient~~ 0.5 miles separation, or another safe distance as determined by the State Veterinarian, of all wildebeest, including male and female, from cervidae, bovidae, giraffidae, and antilocapridae.
- (b) If wildebeest were legally occupants of a premises prior to another owner locating other livestock within the 0.5 mile radius, the new livestock owner shall maintain the livestock at his own risk.
- ~~(bc) In no case shall any~~ No person holding wildebeest shall allow any of the above listed species to be held in any enclosure sharing a common fence with wildebeest.
- ~~(ed)~~ The requirements of this rule shall not be applicable to any zoological park licensed by USDA APHIS Animal Care.

GIST/ANALYSIS:

The proposed amendments update citations to the Code of Federal Regulations, establish a quarantine for emerald ash borer, prohibit cheating on certification examinations, limit credit for continuing education units to five years, and establish an annual expiration date of pesticide registrations and permits.

CONTACT PERSON:

Bennett Abbott, Assistant General Counsel, Oklahoma Department of Agriculture, Food, and Forestry, Office of General Counsel, P.O. Box 528804, Oklahoma City, OK 73152-8804, phone: (405) 522-5803, email: bennett.abbott@ag.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 6. EMERALD ASH BORER QUARANTINE

35:30-6-1. Establishment of quarantine

The State Board of Agriculture does hereby establish a quarantine for emerald ash borer, *Agrilus planipennis*.

35:30-6-2. Regulated area

Regulated articles from Delaware County, Oklahoma, and any other counties, states or foreign country known to be infested with emerald ash borer shall be quarantined.

35:30-6-3. Regulated articles

The following shall be regulated pursuant to this quarantine:

- (1) Emerald ash borer, *Agrilus planipennis*;
- (2) Firewood of all hardwood (non-coniferous) tree species;
- (3) Nursery stock, green lumber, and other living, dead, cut, or fallen material, including logs, stumps, roots, branches, mulch, and both composted and uncomposted chips of the genus *Fraxinus* (ash); and
- (4) Any other article, product, or means of conveyance not listed in this section may be designated as a regulated if determined by the Oklahoma Department of Agriculture, Food, and Forestry to present a risk of spreading emerald ash borer.

35:30-6-4. Conditions governing movement

- (a) All regulated articles originating from quarantined areas shall be prohibited entry to any destination outside the quarantined area.
- (b) Regulated articles originating in an area not known to have emerald ash borer but transiting through an area known to have emerald ash borer shall be considered to be regulated articles. The point of origin shall be indicated on shipping documents and accompanied by a certificate of inspection for this pest.

35:30-6-5. Movement for scientific purposes

Interstate and intrastate movement of regulated articles and all living stages of the emerald ash borer, *Agrilus planipennis*, for scientific or experimental purposes shall only move under a compliance agreement and scientific permit.

SUBCHAPTER 17. COMBINED PESTICIDE

PART 3. CERTIFICATION, CONDUCT OF EXAMINATIONS, AND RECERTIFICATION

35:30-17-5.1. Examination applicant requirements

- (a) Examinations shall not be administered until the applicant provides the following documents to the testing proctor:
 - (1) A completed and signed Record of Testing on a form provided by the Department;
 - (2) A valid photo identification (ID); and
 - (3) Payment of the appropriate testing fee or proof of payment issued by the Department.
- (b) Applicants shall re-sign the official roster upon completion of the examination and return testing materials and any scratch paper to the testing proctor. Applicants that fail to

re-sign the official roster and return testing materials or scratch paper shall receive a failing grade and may be subject to further administrative action.

35:30-17-5.2. Prohibited at the examination site

(a) Cheating is prohibited. Cheating shall include, but is not limited to, talking to other applicants during the examination, looking at other applicants answer sheet, or using reference materials that are not provided by the testing proctor.

(b) Applicants shall not physically possess or have access to the following items while testing:

- (1) Cell phones or other electronic devices;
- (2) Study materials of any kind; or
- (3) Books, notebooks, or paper of any kind unless provided by the testing proctor.

(c) Applicants shall not engage in conversations, disruptions, or conduct that might disturb other applicants.

(d) Applicants shall not copy, record, or reproduce exam booklets or examination questions.

(e) Any person found in violation of this section shall receive a failing grade and may be subject to further administrative action.

35:30-17-6. Recertification

(a) Each certified applicator shall seek recertification every five (5) years.

(b) A certified applicator shall either pass a written examination or earn a specified number of Continuing Education Units (CEU) approved by the Department to successfully complete recertification. Approximately one (1) hour of education shall be the equivalent of one (1) CEU. The CEU requirements for each category are as follows:

- (1) 1a - Agricultural Plant:
 - (A) Total in five years - 20 CEU
 - (B) Maximum in any one year - 10 CEU
- (2) 1b - Agricultural Animal:
 - (A) Total in five years - 5 CEU
 - (B) Maximum in any one year - 2 CEU
- (3) 2 - Forest:
 - (A) Total in five years - 10 CEU
 - (B) Maximum in any one year - 5 CEU
- (4) 3a - Ornamental and Turf Outdoor:
 - (A) Total in five years - 20 CEU
 - (B) Maximum in any one year - 10 CEU
- (5) 3b - Interiorscape:
 - (A) Total in five years - 10 CEU
 - (B) Maximum in any one year - 5 CEU
- (6) 3c - Nursery/Greenhouse:
 - (A) Total in five years - 15 CEU
 - (B) Maximum in any one year - 7 CEU
- (7) 4 - Seed Treatment:
 - (A) Total in five years - 5 CEU
 - (B) Maximum in any one year 2 CEU
- (8) 5 - Aquatic:
 - (A) Total in five years - 5 CEU
 - (B) Maximum in any one year 2 CEU
- (9) 6 - Right-of-Way:
 - (A) Total in five years - 15 CEU
 - (B) Maximum in any one year 7 CEU

- (A) Total in five years - 15 CEU
- (B) Maximum in any one year 7 CEU
- (10) 7a - General Pest:
 - (A) Total in five years - 20 CEU
 - (B) Maximum in one year - 10 CEU
- (11) 7b - Structural Pest:
 - (A) Total in five years - 20 CEU
 - (B) Maximum in one year - 10 CEU
- (12) 7c - Fumigation:
 - (A) Total in five years - 10 CEU
 - (B) Maximum in one year - 5 CEU
- (13) 7d - Food Processing:
 - (A) Total in five years - 15 CEU
 - (B) Maximum in one year - 7 CEU
- (14) 8 - Public Health:
 - (A) Total in five years - 15 CEU
 - (B) Maximum in one year - 7 CEU
- (15) 9 - Regulatory:
 - (A) Total in five years - 10 CEU
 - (B) Maximum in one year - 5 CEU
- (16) 10 - Demonstration & Research in app. Category:
 - (A) Total in five years - 20 CEU
 - (B) Maximum in one year - 10 CEU
- (17) 11a - Bird & Vertebrate Animal Pest:
 - (A) Total in five years - 5 CEU
 - (B) Maximum in one year - 2 CEU
- (18) 11b - Predatory Animal
 - (A) Total in five years - 5 CEU
 - (B) Maximum in one year - 2 CEU
- (19) 12 - Timber Treating (all subcategories):
 - (A) Total in five years - 5 CEU
 - (B) Maximum in one year - 2 CEU
- (20) 13 - Antimicrobial:
 - (A) Total in five years - 5 CEU
 - (B) Maximum in any one year - 2 CEU
- (21) 14 - Specialty Category:
 - (A) Total in five years - 5 CEU
 - (B) Maximum in any one year - 2 CEU
- (22) 15 - Aerial:
 - (A) Total in five years - 5 CEU
 - (B) Maximum in any one year - 2 CEU

(c) No more than one-half (1/2) of the total credit units shall be accepted for any one (1) calendar year.

- (1) Credit units shall be obtained in at least three (3) of the five (5) years, in any combination, so that the total number obtained equals or exceeds the five (5) year requirement.
- (2) The continuing education units may be prorated for any applicator whose recertification period is less than five (5) years.
- (3) The Department may allow a CEU to be credited to more than one (1) category.

(d) The CEU shall be structured to provide the following information over the five (5) year period:

- (1) Laws and rules;
- (2) Pesticides (formulations, registration, labeling and label comprehension, handling and storage, toxicity, and hazards);

Permanent Final Adoptions

- (3) Application equipment and calibration;
 - (4) Pests and IPM;
 - (5) Identification of hazardous areas;
 - (6) Drift prevention;
 - (7) Endangered species;
 - (8) Groundwater; and
 - (9) Worker protection.
- (e) Any person may request approval of an education program as CEU.
- (1) The request for approval shall include the following:
 - (A) A list of proposed topics including a description of the content and their relative value for meeting the standards of continuing certification;
 - (B) A list of speakers and their qualifications; and
 - (C) Method used to verify attendance and evaluate the progress of participants.
 - (2) The Department and the Oklahoma State University Pesticide Coordinator shall review the request for approval to determine if it meets the criteria of CEU.
 - (A) If the education program is approved for CEU, the person requesting approval shall be notified of the number of assigned CEU.
 - (B) Awarded CEUs shall not be valid for more than five (5) years after the date of approval. After five (5) years, courses shall be resubmitted for review and approval.
 - (C) The person requesting approval may appeal the number of assigned CEU to a three-person review committee with a representative from each of the following:
 - (i) Oklahoma State University;
 - (ii) the Department; and
 - (iii) certified applicators.

PART 6. PESTICIDAL PRODUCT PRODUCING ESTABLISHMENTS

35:30-17-13. Incorporation by reference of federal pesticide producing establishment regulations

- (a) The Registration of Pesticide and Active Ingredient Producing Establishments, Submission of Pesticide Reports and Books and Records of Pesticide Production and Distribution Regulations found in Title 40 of the Code of Federal Regulations (CFR) (~~2015~~2016 Revision), Part 167 et seq. and Part 169 et seq. for the United States Environmental Protection Agency (EPA) as promulgated and amended in the Federal Register, are hereby adopted in their entirety with the exception of 40 CFR § 167.90.
- (b) All words or terms defined or used in the Federal regulations incorporated by reference shall mean the state equivalent or counterpart to those words or terms.

PART 8. PESTICIDE REGISTRATIONS AND PERMITS

35:30-17-18. Dealer permits

- (a) Dealer permits shall be issued for a period of one (1) year and shall expire annually ~~as follows: on December 31 of each year.~~
- (1) ~~Companies whose name begins with the letters A, B, C, D, E, & F shall expire on March 31st of each year (group 1).~~
 - (2) ~~Companies whose name begins with the letters G, H, I, J, K, L, & M shall expire on June 30th of each year (group 2).~~
 - (3) ~~Companies whose name begins with the letters N, O, P, Q, R, & S shall expire on September 30th of each year (group 3).~~
 - (4) ~~Companies whose name begins with the letters T, U, V, W, X, Y, & Z shall expire on December 31st of each year (group 4).~~
- (b) Dealer permit applications must be received no later than the fifteenth day of the month following the date of expiration.

PART 15. MINIMUM STANDARDS FOR TERMITE WORK FOR EXISTING STRUCTURES

35:30-17-54. Minimum standards for termite work

The minimum standards for termite work at existing structures shall be followed, unless the exceptions contained in Section ~~35:30-17-70~~35:30-17-69.2 apply.

35:30-17-69.2. Exceptions to minimum standards

- (a) Exceptions to minimum standards for a complete treatment shall include the following:
- (1) The property owner agrees with the written explanation in the contract as to why the standard was not performed. Sections 35:30-17-66 and 35:30-17-69 shall in no case be written out of the contract; ~~or and~~
 - (2) The termiticide label specifically allows for a variation and the variation is stated in the contract.
- (b) Exceptions to minimum standards for a spot or partial treatment shall include the following:
- (1) The property owner agrees with the written explanation in the contract as to why the standard is not performed, or the termiticide label specifically allows for a variation and the variation is stated in the contract. Sections 35:30-17-66 and 35:30-17-69 shall in no case be written out of the contract.
 - (2) The contract shall include the statement, "This is a SPOT/PARTIAL treatment," or otherwise clearly convey that the treatment is not a complete termite treatment.
 - (3) The contract shall specifically identify the exact location where the spot treatment is performed and the treatment shall meet all minimum standards for the specific location identified. The identified spot treatment location shall not be equal to the entire structure.
 - (4) The contract shall not contain any misrepresentations or false claims regarding the effectiveness of a spot or partial treatment.
- (c) The Board of Agriculture may grant an exception to existing rules or minimum standards if:

- (1) The registered pesticide allows for the use or application method that is currently prohibited under rule or minimum standards; and
- (2) The manufacturer provides verifiable research data to the Board concerning the efficacy of the chemical or methodology.

PART 21. STANDARDS FOR DISPOSAL OF PESTICIDE AND PESTICIDE CONTAINERS

35:30-17-89.1. Incorporation by reference of federal pesticide management and disposal regulations

- (a) The Labeling Requirements for Pesticides and Devices, Container Labeling and Pesticide Management and Disposal regulations found in Title 40 of the Code of Federal Regulations (CFR) (~~2015~~2016 Revision), Part 156.140 et seq. and Part 165 et seq. for the United States Environmental Protection Agency (EPA) as promulgated and amended in the Federal Register, are hereby adopted in their entirety.
- (b) All words or terms defined or used in the federal regulations incorporated by reference shall mean the state equivalent or counterpart to those words or terms.

AUTHORITY:

Okl. Const., Art. 6, § 31; State Board of Agriculture; 2 O.S. § 2-4(A)(2); 2 O.S. 6-181 et seq.; and 2 O.S. § 6-251 et seq.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

November 1, 2016

COMMENT PERIOD:

December 1, 2016 through January 5, 2017

PUBLIC HEARING:

January 5, 2017

ADOPTION:

January 24, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

February 3, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 13, 2017

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

September 11, 2017

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

Incorporated Standards:

9 CFR (2016 Revision) Parts 301 to 391; 416; 417; 418; 424; 430; 441; 442 and 500 excluding §§ 302.2; 303.1(c); 304.1; 304.2(a); 304.2(c); 305.2(b); 307.4; 307.5; 307.6; 316.12; 316.13(c); 317.5; 317.7; 317.9; 317.13; 318.8; 318.12; 321; 322; 327; 329; 331; 335; 351; 352; 354; 355; 362; 381; 381.6; 381.10(a)(2), (5), (6), and (7); 381.10(b); 381.10(d)(2)(i); 381.13(b); 381.16; 381.17; 381.20; 381.21; 381.37; 381.38; 381.39; 381.96; 381.101; 381.103 through 381.112; 381.123(b)(1) and (4); 381.132(c); 381.133; 381.179; 381.185; 381.186; and 381.195 through 381.225; 390; 391; 392; 412; 439; and 590.

Incorporating Rules:

35:37-3-1, 35:37-3-3, 35:37-5-1, and 35:37-5-2.

Availability:

See contact person below.

GIST/ANALYSIS:

The proposed amendments update citations to the Code of Federal Regulations and revise construction standards for meat packing plants by updating contact information, reduce paperwork submitted during the approval process, make minor grammatical corrections, and delete unnecessary or outdated regulations.

CONTACT PERSON:

Bennett Abbott, Assistant General Counsel, Oklahoma Department of Agriculture, Food, and Forestry, Office of General Counsel, P.O. Box 528804, Oklahoma City, OK 73152-8804, phone: (405) 522-5803, email: bennett.abbott@ag.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 3. MEAT INSPECTION

PART 1. GENERAL PROVISIONS

35:37-3-1. Incorporation by reference of federal meat inspection regulations

The Mandatory Meat Inspection Regulations found in Title 9 of the Code of Federal Regulations (CFR) (~~2015~~2016 Revision), Parts 301 to 391; 416; 417; 418; 424; 430; 441; 442 and 500 for the United States Department of Agriculture (USDA) as promulgated and amended in the Federal Register, are hereby adopted in their entirety with the exception of the deleted regulations specified in 35:37-3-3. Whenever an official mark, form, certificate or seal is designated by federal regulations, the appropriate Oklahoma Department of Agriculture, Food, and Forestry form, certificate or seal shall be substituted.

SUBCHAPTER 5. POULTRY PRODUCTS INSPECTION

PART 1. GENERAL PROVISIONS

35:37-5-1. Definitions and incorporation by reference of federal poultry inspection regulations

(a) The Mandatory Poultry Inspection Regulations found in Title 9 of the Code of Federal Regulations (CFR) (~~2015~~2016 Revision), Parts 381; 416; 417; 418; 424; 430; 441; 442; and 500 for the United States Department of Agriculture (USDA) as promulgated and amended in the Federal Register, are hereby adopted in their entirety with the exception of the deleted regulations specified in 35:37-5-2. Whenever an official mark, form, certificate or seal is designated by federal

regulations, the appropriate Oklahoma Department of Agriculture, Food, and Forestry mark, form, certificate or seal shall be substituted.

(b) All words and terms defined or used in the federal regulations incorporated by reference by the Department shall mean the state equivalent or counterpart to those words or terms.

(c) The following terms, when used in this subchapter, shall have the following meaning unless the context clearly indicates otherwise:

- (1) **"Act"** means the Oklahoma Poultry Products Inspection Act.
- (2) **"Director"** means the Director of Meat Inspection.
- (3) **"Poultry"** means any domesticated bird, whether live or dead, including chickens, turkeys, ducks, geese, guineas, ratites, or squabs (also known as young pigeons from one to about thirty (30) days of age).
- (4) **"Poultry product"** means any poultry carcass, part, or product made wholly or in part from any poultry carcass or part that can be used as human food, except those exempted from definition as a poultry product in Title 9 of the Code of Federal Regulations (CFR), Part 381.15. This term shall not include detached ova.
- (5) **"Poultry byproduct"** means the skin, fat, gizzard, heart, or liver, or any combination of any poultry for cooked, smoked sausage.

35:37-5-2. Deleted regulations and exemptions

(a) The following sections of the Federal regulations governing the mandatory poultry inspection (9 CFR Parts 381; 416; 417; 418; 424; 441; 442; and 500), (20152016 Revision) of the USDA incorporated by reference under 35:15-27-1 are deleted and are not rules of the Oklahoma Department of Agriculture, Food, and Forestry: 381.6; 381.10(a)(2), (5), (6), and (7); 381.10(b); 381.10(d)(2)(i); 381.13(b); 381.16; 381.17; 381.20; 381.21; 381.37; 381.38; 381.39; 381.96; 381.101; 381.103 through 381.112; 381.123(b)(1) and (4); 381.132(c); 381.133; 381.179; 381.185; 381.186; and 381.195 through 381.225.

(b) The provisions of this Act and rules do not apply to poultry producers who slaughter their own poultry raised on their farm, and each of the following apply:

- (1) The producers slaughter no more than two hundred and fifty (250) turkeys or their equivalent with a ratio of four (4) birds of other species, excluding ratites, to one (1) turkey during a calendar year;
- (2) The producers do not engage in buying or selling poultry products other than those produced from poultry raised on their own farms;
- (3) The poultry and poultry products do not move in commerce. Poultry producers are prohibited from selling or donating uninspected poultry products to retail stores, brokers, meat markets, schools, orphanages, restaurants, nursing homes, and other similar establishments and are prohibited from sales or donation of uninspected poultry through any type of retail market or similar establishment owned or operated by the poultry producer;
- (4) The producers submit a certificate of registration to the Board;

(5) The poultry is healthy, the poultry is slaughtered and processed under sanitary standards, practices, and procedures that result in the preparation of poultry products that are sound, clean, and fit for human food, and each carcass, part, or poultry product bears a label that lists the customer's name, the producer's name, and the following statement, "This poultry product has not been inspected and passed;"

(6) The poultry is sold directly to the household consumer and transported by either the household consumer or the poultry producer without third-party intervention or intervening transfer or storage, and is maintained in a safe and unadulterated condition during transportation; and

(7) The poultry producers, allow an authorized agent of the Board access to their facilities and an opportunity to examine records at all reasonable times upon notice.

SUBCHAPTER 7. CONSTRUCTION STANDARDS FOR MEAT PACKING PLANTS

PART 1. DESCRIPTION OF PLANS AND SPECIFICATIONS REQUIRED

35:37-7-1. Submission of plans

(a) ~~Three (3)~~ Two (2) sets of drawings with separate specification sheets that fully and clearly illustrate and describe the applicant's plans for constructing and equipping the plant for inspection ~~must~~ shall be submitted to: Oklahoma Department of Agriculture, Food, & Forestry, Food Safety Division, Meat Inspection Services, ~~2800 N. Lincoln Boulevard~~ P.O. Box 528804, Oklahoma City, Oklahoma 73105-4298 ~~73152-8804~~.

~~For custom and/or retail exempt plants, only two (2) sets of drawings and specification sheets are required. This procedure~~ Submission of drawings is required for a new plant and for changing or modifying an existing plant. Plans should be reviewed and given an initial approval by the District or Circuit Supervisor prior to submission to the Oklahoma City office for final approval. The appropriate District or Circuit Supervisor ~~will~~ shall be identified to the applicant when he or she ~~the~~ applicant makes initial contact with the Oklahoma City office.

(b) The name and address of the applicant ~~must~~ shall be shown on each sheet of drawings. ~~The sheets on which prints~~ Prints or drawings are ~~made~~ should shall not exceed 34 by 44 inches.

(c) ~~It is essential for the lines~~ Lines on the drawings ~~to~~ shall be sharp and clear and all writing ~~to~~ shall be legible.

(d) The required specification sheets which accompany the drawings ~~should~~ shall identify such features as the finish of the floors, walls, and ceilings; the source of the water supply; method of sewage disposal; method of controlling rodents and vermin; description of the trapping and venting of drainage lines; description of the hot water system, means to dispel steam and vapor in work rooms; screens for other openings to prevent admittance of flies; ~~as well as~~ and other important features. The specifications should be typewritten on 8 1/2 by 11 inch sheets and organized into sets.

Permanent Final Adoptions

35:37-7-2. Plot plan

(a) The plot plan ~~must~~shall show the entire premises. ~~This should~~The plot plan shall include the location of ALL buildings, railroad sidings, roadways, ~~and~~ alleys adjoining the plant, ~~as well as all~~ streams, catch basins, water wells, routing of sewer lines on premises, and storage tanks. If buildings exist on adjoining property, ~~their~~the height and use ~~of buildings should~~shall be indicated. The character and surfacing of roadways, driveways, streets, ~~and the paving of~~ vehicular loading areas and alleys ~~should~~shall be indicated. The north point of the compass ~~is to~~shall be shown.

(b) ~~A~~Plot plans shall be drawn in a scale of not less than 1/32 inch-per-foot is required for plot plans. Extremely large plants may be exempted from this scale requirement only to the extent necessary to fit the plot plan on the maximum allowable size sheet of 34 by 44 inches

35:37-7-3. Floor plans

(a) A floor plan ~~must~~shall be submitted for each entire floor of the establishment. Each floor plan ~~must~~shall accurately illustrate the facilities as they will exist when the establishment is actually in operation. Most floor plans should be scaled 1/8 inch-per-foot. However, complicated layouts such as large slaughtering departments, hog cutting departments, and large sausage kitchens ~~will need to~~shall be scaled 1/4 inch-per-foot so that necessary details can be clearly illustrated. Very large floor plans ~~can~~may be divided into two or more sheets by using a key to show how the sheets relate to each other.

(b) ~~The~~Floor plans shall show essential features ~~to show on floor plans are~~including locations of walls, partitions, posts, doorways, windows, floor drainage openings, ~~and~~ gutters, rail systems for conveying carcasses, principal pieces of equipment (also include platforms, tables, etc.), hot and cold water hose connections, hand-washing facilities, pipelines for moving product or product ingredients, lockers and benches, toilets, urinals, shelves, ~~and~~ racks, chutes, conveyors, ventilation fans, ramps, and stairways.

(c) Floor plans for poultry plants ~~should~~shall also show the point at which live poultry is hung on the conveyor line, the point at which dressed poultry is removed, the point of transfer of dressed poultry to the eviscerating line, and the routes of the edible and inedible products.

(d) In addition to the drawing features, the floor plans ~~must~~shall include the name and use of each room, number of employees using each welfare and toilet room, room temperature (for coolers, freezers, processing areas, etc.), height of rails, height of all work platforms, and height of inspection tables. The rooms or areas illustrated on the drawings that will not be part of the official establishment ~~must~~shall be clearly marked as such.

(e) The pitch of floors to floor drains or drainage gutters ~~must~~shall be indicated by either grade lines or arrows noting the direction of the pitch.

35:37-7-4. Plumbing plan

The plumbing plan of the floor drainage system and the toilet soil lines ~~must~~shall be shown for the entire plant, ~~and~~

~~the~~The size of the drainage lines ~~shown~~and the toilet soil lines shall be shown on the plumbing plan. Furthermore, theThe toilet soil lines ~~must show that the two systems are~~shall remain separate to some point outside the building. ~~and must be complete for the official premises.~~ Toilet soil lines ~~must~~shall not discharge into grease catch basins.

35:37-7-5. Rearrangement of operations or activities

Expansion or remodeling projects often results in rearrangement of operations to the extent that previously approved overall floor layouts are misleading. In these instances, updated overall floor layouts ~~must~~shall be submitted.

35:37-7-6. Approval of plans and specifications

If the ~~final~~examination of the drawings and specifications shows that ~~they~~the drawings meet ~~the~~meat and poultry inspection requirements, a letter of approval ~~will~~shall be placed with ~~them~~the drawings and an approved set of drawings and letter of approval returned to the applicant. Another set ~~is of~~drawings shall be retained for the Meat Inspection files in Oklahoma City. ~~If the plant is to operate as an officially inspected establishment, a third set will be filed in the plant inspector's files.~~

35:37-7-7. Changes and revisions

Meat Inspection Services, Oklahoma City, Oklahoma, ~~maintains~~shall maintain the approved drawings ~~on file.~~ ~~Accordingly, when~~When changes are proposed in areas for which drawings have been previously approved, one of the following types of revised drawings ~~must~~shall be submitted for review and consideration.

(1) A completely revised sheet ~~or sheet~~ or sheets that show the existing construction and equipment which will remain unchanged, together with the proposed alterations and/or additions (preferable method); or

(2) ~~The required number of~~Two (2) sets of pasters ~~{two (2) required for custom and/or retail exempt plants, and three (3) required for plants under inspection}~~ showing proposed changes, one of which is superimposed and securely affixed to the most recently approved sheets(s). The pasters, as affixed, must not obscure essential data and must be prepared to the same scale and presented on a background similar to that of the previously approved drawings. A new sheet must be submitted when changes would require several pasters.

35:37-7-8. Use of competent architect or engineer

Because of the specialized knowledge required to design and construct a well-arranged meat ~~or~~for poultry packing plant, a competent architect or engineer experienced in laying out plans for operation under State Meat and Poultry Inspection should be employed to prepare the drawings and specifications.

PART 3. LOCATION OF ESTABLISHMENTS [REVOKED]

35:37-7-9. Site [REVOKED]

(a) To the extent possible, slaughtering or processing plants shall be located in areas reasonably free of objectionable odors, smoke, flying ash, dust, etc., that may be produced by oil refineries, city dumps, chemical plants, sewage disposal plants, dyeworks, paper pulpmills, and the like.

(b) The prevailing winds are also an important factor in the site determination because objectionable substances emanating from more distant sources may be a problem if the winds carry them to the plant site.

35:37-7-10. Accessibility [REVOKED]

The shipping and receiving areas of the plant should be connected to public streets or highways by adequate, dust-proof access ways. If supplies or raw materials are to be received into the plant or the finished product is to be shipped from the plant by rail, consideration should be given to arranging for suitable railroad spur tracks.

35:37-7-11. Separation [REVOKED]

An establishment operating under State Meat and Poultry Inspection must be separated from any other plant or building. Direct communication by means of doorways, windows, stairways, elevators, passageways, loading or unloading platforms, or loading courts is permissible only when authorized by the Program Coordinator.

35:37-7-12. Retail business on premises [REVOKED]

If a retail meat or poultry business is carried on within the official premises of a state inspected establishment, it must be arranged so that customers have access only to the room or rooms where such business is conducted.

35:37-7-13. Expansion [REVOKED]

In planning a plant, consideration should be given to providing space that will permit future expansion. To this end, coolers, freezers, processing departments, etc., should be located so that they may be enlarged without adversely affecting other departments.

35:37-7-14. Inedible products departments and grease catch basins [REVOKED]

(a) Features such as the inedible products department and catch basins for grease recovery must be suitably located to avoid objectionable conditions affecting the preparation and handling of edible products.

(b) The Plant is to be designed so that the flow of inedible and condemned products will not come into contact with edible products or otherwise be likely to contaminate edible products.

PART 5. WATER SUPPLY, PLANT DRAINAGE, AND SEWAGE DISPOSAL SYSTEM [REVOKED]

35:37-7-15. Potable water supply [REVOKED]

(a) The water supply must be ample and potable. A certificate showing that the water is potable must be obtained from the State Federal Agriculture Laboratory in Oklahoma City, Oklahoma, prior to granting approval for the plant to operate.

(b) If chlorinators are required to assure a continuous potable supply, they should be automatic, with devices that inform the plant management and inspector when they have ceased to function.

(c) Poultry plants must have specified, in terms of gallons per minute, the water available for the processing needs of the plant.

(d) Water must be distributed throughout the plant under adequate pressure and in quantities sufficient for all operating needs. Both hot and cold water must be provided. Hot water must come from a central heating plant of sufficient capacity or from other facilities capable of furnishing an ample supply. Hand operated mixing valves for mixing steam and water are not acceptable for producing hot water used for such purposes as sanitizing equipment or areas contaminated by diseased material. If automatic mixing valves are utilized, a thermometer must be located at a point after mixing has occurred.

35:37-7-16. Nonpotable water supply [REVOKED]

A nonpotable water supply is a potential health hazard. If such a supply is essential for fire protection or for the condensers of the refrigeration system, it must be kept separate from the potable supply. If a cross connection between the two supplies is necessary, it must adequately safeguard the potable supply, and be acceptable to Meat Inspection Services and appropriate health authorities. Nonpotable water lines should be avoided in buildings where edible products departments are located.

35:37-7-17. Vacuum breakers [REVOKED]

Vacuum breakers of an acceptable type should be provided on all steam lines and water lines connected to various pieces of equipment for the purpose of preventing contamination to the general water supply through back siphonage of contaminated water and other wastes. Examples of these various pieces of equipment are thawing vats, sanitizers (heated by steam), urinals, etc.

35:37-7-18. Plant waste disposal [REVOKED]

An efficient method of disposing of plant wastes is essential. If a private septic tank or sewage disposal system is used, it must be efficiently designed and operated so as not to produce objectionable conditions. The system must be acceptable to those authorities having jurisdiction.

35:37-7-19. Disposal of paunch contents, hog hair, feathers, blood, and similar waste material [REVOKED]

Waste material such as paunch contents, hog hair, feathers, blood, and pen manure must be disposed of without creating

Permanent Final Adoptions

objectionable conditions, and the drawings or specifications must indicate how this will be accomplished.

35:37-7-20. Acceptance of plant waste system [REVOKED]

The sewage disposal facilities must be acceptable to those having jurisdiction over such matters. If the packing plant is to be connected to a city or municipal sewage system, the acceptance must be obtained from that city or municipality. For plants connected to a sewage system outside of city limits, acceptance must be obtained from: Oklahoma Department of Environmental Quality. A letter or permit from these authorities indicating that the proposed sewage system is satisfactory to them must be submitted to the Meat and Poultry Inspection Services Office in Oklahoma City before approval can be granted for the plant to operate.

35:37-7-21. Catch basins for grease recovery [REVOKED]

Catch basins for the recovery of grease must not be located in or near edible products departments or areas where edible products are shipped or received. To permit easy cleaning, such basins must have inclined bottoms and a removable cover. They must be constructed so that they can be completely emptied of their contents for cleaning. Hot water hose connections must be provided at convenient locations near the basins for cleanup purposes. The area surrounding an outside catch basin must be paved with impervious material such as concrete, and provided with proper drainage. Suitable facilities, such as a blow tank, must be provided for the transfer of grease to the point of disposal after it is skimmed from the basins.

35:37-7-22. Plant drainage [REVOKED]

(a) All parts of floors where wet operations are conducted must be well drained. As a general rule, one drainage inlet must be provided for each 400 square feet of floor space. A slope of 1/4 inch per foot to drainage inlets is required. In areas such as beef sales, coolers, and other departments where a limited amount of water is used, the slope may be 1/8 inch per foot.

(b) It is important that the floors slope uniformly to drains with no low spots where liquids could collect. Floor drains are not required in freezer rooms or dry storage areas. When floor drains are installed in rooms where the water seal in traps is likely to evaporate unless replenished, they shall be provided with suitable removable metal screwplugs.

(1) Special drainage requirements. In certain departments, special floor drainage may be required. For example, in very large plants, floor drainage valleys are essential under the dressing rails for hogs, calves, and sheep. Such valleys in the floor should be about 24 inches wide, and should slope at least 1/8 inch per foot to floor drains within the valleys. In on the rail cattle slaughtering departments, floor valleys under the dressing rails are required unless the floor drainage is carefully localized, with

drainage inlets placed advantageously beneath the dressing rail. In poultry picking rooms and poultry eviscerating rooms, for example, drains must have adequate capacity and slope (counter to product flow) to accommodate the operational and cleanup demands without overflow or backup of effluent. All drains should have effluent flow in the reverse direction from edible product flow.

(2) Traps and vents on drainage lines. Each floor drain, including blood drains, must be equipped with a deep seal trap approved by the appropriate plumbing code. Drainage lines must be properly vented to the outside air and be equipped with effective rodent screens.

(3) Trunk lines. Where several drainage lines discharge into one trunk line, this line must be proportionately larger so as to handle the drainage into it efficiently.

(4) Sanitary drainage lines. Drainage lines from toilet bowls and urinals must not be connected with other drainage lines within the plant and must not discharge into a grease catch basin. Such lines must be located so that if leakage develops, it will not affect product or equipment.

(5) Size and construction of drainage lines. Drains for cattle and bison paunch contents must be at least 8 inches in diameter to avoid clogging. Drains for hog, sheep, and calf stomach contents must be at least 6 inches in diameter. Such drains must not be connected to the regular plant drainage lines or to toilet lines. All other lines must have an inside diameter of at least 4 inches. Drainage lines within the plant must be constructed of cast iron, galvanized metal or other acceptable material.

PART 7. PLANT CONSTRUCTION [REVOKED]

35:37-7-23. Minimum requirements [REVOKED]

The building materials listed in this handbook represent minimum requirements. Variations are acceptable, provided substitutions equal or exceed these standards.

35:37-7-24. Materials [REVOKED]

Building materials should be impervious, easily cleanable, and resistant to wear and corrosion. Wall and ceiling surfaces should be white or light colored for light reflection and sanitation. Whenever practical, materials that do not require painting must be used. Materials that are absorbent and difficult to keep clean are generally unacceptable. Examples of such unacceptable materials are wood, plaster boards, and porous acoustical type boards.

35:37-7-25. Floors [REVOKED]

Floors must be constructed of durable water resistant materials. Commonly used acceptable materials are concrete, ceramic floor tile, floor brick, and synthetic materials approved by Meat and Poultry Inspection Services. As a safety precaution, excessively smooth floors must be avoided. Good results are obtained by using brick or concrete floors with abrasive particles embedded in the surface. Concrete floors should have

a wood float (rough) finish. Concrete or mortar floors that incorporate an approved latex or synthetic resin base have better than ordinary resistance to meat fats and acids.

35:37-7-26. Coves [REVOKED]

Coves with radii sufficient to promote sanitation should be installed at the juncture of floors and walls in all rooms.

35:37-7-27. Interior walls [REVOKED]

Interior walls must be smooth, flat, and constructed of impervious materials such as glazed brick, glazed tile, smooth-surfaced portland cement plaster, plastic, or other nontoxic, nonabsorbent material applied to a suitable base. Walls should be provided with suitable sanitary type bumpers or curbs to protect them from damage by handtrucks, carcass shanks, and the like.

35:37-7-28. Ceilings [REVOKED]

Ceilings must be of sufficient height 10 feet or more is desirable in workrooms. So far as structural conditions permit, ceilings must be smooth and flat. Ceilings should be constructed of portland cement plaster or other approved material which is impervious to moisture and easily cleaned. If the ceiling has exposed joists, the joists should be at least 36 inches on center and designed so that there are no excessive ledges or crevices that would be difficult to keep clean.

35:37-7-29. Window ledges [REVOKED]

Window ledges should be sloped 45 degrees to promote proper cleaning. To avoid damage to window glass from impact of handtrucks and similar equipment, the window sills must be at least 3 feet above the floor.

35:37-7-30. Doorways and doors [REVOKED]

(a) Doorways through which product is transferred on rails or in handtrucks must be wide enough so that there is not contact between the doorways and the product. In these cases, 5 foot wide doorways are necessary. For carcasses being transported through doors in which the carcasses are hanging on 11 ft. high rails, 4 1/2 foot wide doorways are necessary.

(b) Doors in doorways must be constructed of either rust-resistant metal or other approved material. If made of wood, they must be clad on both sides with rust resistant metal having tightly soldered or welded seams. Door jambs must be clad with rust resistant metal securely affixed so as to provide no crevices for dirt or vermin. The juncture at the walls must be effectively sealed with a flexible sealing compound.

(c) For safety reason, double acting doors must have a reinforced glass or transparent plastic panel at eye level.

35:37-7-31. Screens and insect control [REVOKED]

All windows, doorways, and other openings that would admit insects must be equipped with effective insect and rodent control devices (screens, fans, seals, etc.)

35:37-7-32. Rodent proofing [REVOKED]

Effective means must be provided to exclude rats and other rodents.

35:37-7-33. Interior woodwork [REVOKED]

Dressed lumber may be used for exposed interior woodwork. Any exposed wood surfaces must be painted with a good grade nontoxic oil or plastic base paint or treated with hot linseed oil or a clear wood sealer.

35:37-7-34. Stairs [REVOKED]

(a) Stairs in edible product handling departments must be of impervious construction with solid treads and closed risers and must have side curbs of similar material, 6 inches high measured at the front edge of the treads.

(b) When stiles are used over exposed edible product, the walking surface shall be of solid construction with solid side guards to prevent debris from falling on product below. Alternately, a solid shield completely enclosing the exposed product area may be used.

35:37-7-35. Lighting [REVOKED]

Well distributed and good quality artificial lighting is required at all places where natural light is unavailable or insufficient. The overall intensity of artificial illumination in workrooms must be no less than 30 foot candles. At all locations where inspections are made or where special illumination is required to enable employees to properly prepare products to meet the requirements of the inspections, the illumination shall be not less than 50 foot candles. Specific requirements for certain locations in meat plants include:

- (1) **General ante-mortem inspection.** Ten foot candles in the pens, alleys, or area where ante-mortem inspection is performed. Readings are taken 3 feet above the floor.
- (2) **Suspect pen.** Twenty foot candles over the entire suspect pen including restraint facilities if separate. Readings are taken 3 feet above the floor.
- (3) **Headwashing cabinet (beef).** Fifty foot candles at the level of the head hook.
- (4) **Beef cervical (head rack).** All areas of head illuminated to 50 foot candles down to the symphysis of the mandible.
- (5) **Beef cervical (head chain).** Fifty foot candles at the lowest inspection point on the hanging heads.
- (6) **Swine cervical.** Fifty foot candles at the level of the mandibular lymph nodes of the lowest hanging heads.
- (7) **Beef viscera (truck).** Fifty foot candles with meter resting at bottom of the pan of lower portion of truck.
- (8) **Viscera (moving top tables).** Fifty foot candles with meter resting in pan or on table top. (All species.)
- (9) **Rail inspection.** Fifty foot candles at levels of the shoulders. (All species.)
- (10) **Final inspection.** Fifty foot candles at shoulder level, viscera pan, and head rack. (All species.)
- (11) **Carcass holding coolers.** Ten foot candles at the level of the front shanks of carcasses in the cooler.

Permanent Final Adoptions

(12) **General work coolers.** Twenty foot candles general cooler illumination at lowest level of product storage. Fifty foot candles at packing point and reinspection area.

(13) **Protective devices.** Light fixtures in rooms where exposed meat or poultry is handled must have a protective shield of suitable non-shattering material to preclude contamination of product with broken glass.

35:37-7-36. Ventilation [REVOKED]

Adequate means for ventilation must be provided in work rooms and welfare rooms. This may be accomplished with ventilating type windows, skylights, or both, or by mechanical means such as air conditioning or a fan duct system. In locations subject to dust and objectionable odors, such as those adjoining livestock pens, runways, and inedible departments, windows must be the fixed type.

35:37-7-37. Refrigeration [REVOKED]

(a) Sufficient refrigerated space should be provided to handle carcasses and product properly. A maximum temperature of 50° F. [10 C.] must be maintained in such areas.

(b) The type of refrigeration must be indicated on the drawings. If wall coils are installed, a drip gutter, of concrete or other impervious material in the floor and properly connected with the drainage system, must be placed beneath them. Floor-type refrigeration units must be placed within curbed and separately drained areas unless located adjacent to floor drains.

35:37-7-38. Equipment [REVOKED]

Equipment intended for use in plants operating under State Inspection must be reviewed, evaluated, and found acceptable by Meat Inspection Services in Oklahoma City. The equipment must be constructed so that it can be readily kept clean. All surfaces contacting product shall be smooth, free from pits, crevices, and scale.

(1) **Acceptable materials.** Excepting equipment as cutting boards, equipment must be constructed either of rust-resisting metal, such as 18-8 (300-series) stainless steel, or of plastic approved by Meat Inspection Services. Galvanized metal, although acceptable in certain equipment, is not desirable because it is not adequately resistant to the corrosive action of food products and cleaning compounds. When used, galvanized metal must have the smoothness of high quality commercial hot dip.

(2) **Nonacceptable materials.**

(A) Copper and its usual alloys are not acceptable in equipment used in connection with edible product.

(B) Cadmium is not acceptable in any manner or form in equipment used for handling edible product.

(C) Lead must not be used in equipment contacting edible product, except that it may be employed in dairy solder in an amount not to exceed 5 percent.

(D) Equipment with painted surfaces in product zone is not acceptable.

(E) The use of containers or equipment made of enamelware or porcelain is not acceptable for any purpose in connection with the handling and processing of product.

(3) **Plastics and resins.** Plastic materials and resinous coatings must be abrasion-resistant, heat-resistant, shatterproof, nontoxic, and shall not contain a constituent that will migrate to meat or meat product in contact with the material. Materials must be approved by Meat Inspection Services.

(4) **Gaskets and packings.** All gasketing and packing materials must be nontoxic, nonporous, nonabsorbent, and unaffected by food products and cleaning compounds. The materials shall be installed in a manner resulting in a true fit to prevent protrusion of the materials into the product zone or creation of recesses or ledges at the gasketed joints.

(5) **Design and construction of equipment (product zone).**

(A) **Accessibility for cleaning.** All parts of the product zone must be readily accessible to sight and reach for cleaning and inspection.

(B) **Provisions for dismantling.** Where necessary for proper cleaning and inspections, equipment must be easily dismantled. To facilitate this dismantling, quick opening devices that require no tools or, at most, such simple tools as a mallet and an open end wrench shall be provided. Bayonet joints, butterfly clamps, spring bolts, and other similar devices are desirable for connecting or closing parts of equipment. Where parts must be retained by nuts and bolts, the design shall provide for fixed stubs with wing nuts, rather than bolts to a tapped hole.

(C) **Bearings.** All bearings must be located outside the product zone, and if adjacent thereto, must be constructed with a readily removable seal at the entrance of the shaft into the product zone.

(D) **Interior corners.** Interior corners of equipment must be provided with radii of a minimum of 1/4 inch, except where greater radii are required to facilitate drainage and cleaning.

(E) **Welded joints.** All welding within the product zone must be continuous, smooth, even, and relatively flush with the adjacent surfaces.

(F) **Freedom from cracks, recesses, ledges, and the like.** All parts of the product zone must be free of recesses, open seams and gaps, crevices, protruding ledges, inside treads, inside shoulders, inside bolts or rivets, and dead ends.

(G) **Self-draining equipment.** Where necessary for sanitary maintenance, equipment must be constructed and installed so as to be completely self-draining.

(H) **Lubricants.** Care must be taken to prevent contaminating product by lubricants used in overhead motors, gears, and similar devices. If drip pans are necessary to provide such protection, they shall be

easily accessible for inspection and removable for cleaning.

(I) ~~**Pumps and pipelines.**~~ Pumps and pipelines used in connection with edible product (including edible brine or vinegar solutions) shall be constructed of 18-8 type stainless steel or approved plastic.

(6) ~~**Design and construction of equipment (non-product zone).**~~

(A) ~~**Safety guards.**~~ All safety or gear guards must be readily removable for cleaning and inspection.

(B) ~~**External surfaces.**~~ All external surfaces that do not contact food product shall be free of open seams, gaps, crevices, and inaccessible recesses.

(7) ~~**Spacing above floor.**~~ All permanently mounted equipment must be installed far enough above the floor to provide access for cleaning (minimum of 1 foot) and inspection, or must be completely sealed (watertight) to the floor.

(8) ~~**Wall-mounted facilities.**~~ Wall-mounted cabinets and electrical connections (such as switch boxes, electrical control panels, conduits, and cables) must be installed at least one (1) inch from equipment or walls, or be completely sealed to the equipment or walls.

(9) ~~**Control of waste water.**~~ Water-wasting equipment, such as soaking and cooking vats, sausage stuffing tables, can sterilizers, and casing preparation equipment, shall be installed so that waste water from each unit is delivered through an interrupted connection into the drainage system without flowing over the floor. Valves on drainage lines serving such equipment shall be easily cleanable and mounted flush with the bottom of the equipment. Soaking and cooking vats shall be equipped with overflow pipes at least two inches in diameter. The upper end of each overflow pipe shall be equipped with an open end cleanout tee to facilitate cleaning.

(10) ~~**Vent stacks from hoods.**~~ Vent stacks from covered cooking vats or hoods over cook tanks shall be so arranged or constructed to preclude drainage of condensate back into the vats.

(11) ~~**Height of work tables.**~~ Working surfaces of tables and other equipment shall be at a height of not more than 34 inches above the floor where employees stand to conduct operations. If tables and equipment have higher working surfaces, suitable metal foot platforms must be provided for employees to stand on.

(12) ~~**Water on work tables.**~~ All tables or other equipment having water on the working surfaces shall be provided with turned up edges. The height of the turned up edge depends on the volume of water used and the operations conducted. In no instance shall the turn up be less than one (1) inch.

(13) ~~**Cutting and boning boards and tables.**~~ Boards used on boning and cutting tables shall be of either an approved plastic or rubber type construction. Boards shall be easily removable from the framework of the table for purposes of cleaning and inspection.

(14) ~~**Equipment washroom or area.**~~ A separate washroom or area shall be provided in a location convenient to the department involved for cleaning curing vats, handtrucks, utensils, and trays. The room or area must have adequate light and ventilation, impervious well drained floor, impervious walls and ceilings, and an exhaust fan for dispelling steam vapors. In plants using cages or trees for smoking sausage or other product, facilities for washing and rinsing such equipment are required.

PART 11. HAND WASHING FACILITIES, STERILIZERS, DRINKING FOUNTAINS, AND CONNECTIONS FOR CLEANUP HOSES [REVOKED]

35:37-7-39. Lavatories [REVOKED]

Each processing room or area should have conveniently located handwashing facilities (lavatories) with a bowl large enough to prevent splashing. Lavatories shall be supplied with hot and cold running water delivered through a combination mixing faucet with outlet at least 12 inches above the rim of the bowl to facilitate washing arms as well as hands; liquid soap; an adequate supply of sanitary towels in suitable dispensers; and a suitable receptacle for used towels. Lavatories in workrooms and welfare rooms must be other than hand operated (usually pedal operated). One lavatory should be provided for every two sausage stuffing tables, and they shall be convenient to the stuffer operators. Lavatories must be directly connected to the drainage system. On eviscerating lines in poultry plants, a continuous flow or other acceptable handwashing facility must be provided at each inspection station. The supply of water shall be of adequate quantity and at proper temperature.

35:37-7-40. Sanitizers [REVOKED]

Sanitizers shall be constructed of rust resistant metal, and of sufficient size for complete immersion of knives, cleaners, saws, and other implements in 180° F (83° C) water. They should adjoin the lavatories in slaughtering departments and elsewhere as required. Each sanitizing receptacle must be provided with a water line, a steam line or other means of heating, an overflow, and a means for completely emptying the receptacle.

35:37-7-41. Drinking fountains [REVOKED]

Sanitary drinking fountains should be provided in large workrooms and in dressing rooms. If desired, they may be located at lavatories and arranged so that the overflow discharges into the bowls of the lavatories. If so located, they shall be placed sufficiently high above the bowls to avoid water and soap splashing on them when the lavatories are used.

35:37-7-42. Hose connections [REVOKED]

Adequate and conveniently located hose connections for cleanup purposes shall be provided throughout the plant. The

Permanent Final Adoptions

use of long hoses should be avoided. Suitable racks or reels for storing the hose when not in use must be provided.

35:37-7-43. Location of facilities [REVOKED]

The location of lavatories, lavatory sanitizers, drinking fountains, and other similar features must be shown on the drawings.

PART 13. FACILITIES FOR PROCESSING EDIBLE PRODUCT [REVOKED]

35:37-7-44. Size of departments [REVOKED]

Meat and poultry preparation and processing departments shall be of sufficient size to permit the installation of all necessary equipment with ample space for plant operators and truck ways.

35:37-7-45. Flow of operations [REVOKED]

For efficiency, the processing departments should be arranged to allow a proper flow of product without undue congestion or backtracking from the time raw materials and supplies are received until the finished product is shipped from the plant. Areas in which raw products are handled (processed) must be separate from areas used for handling (processing) ready to eat product.

35:37-7-46. Perishable product departments [REVOKED]

Facilities for holding perishable product under refrigeration shall be provided. To ensure proper care of product and to prevent growth of molds and bacteria, operations such as beef boning and trimming, deboning or otherwise processing raw poultry, bacon slicing, pork cutting, prepackaging meats, and sausage chopping and mixing should be conducted in departments having a temperature not higher than 50° F (10° C). Such operations should be located in rooms separate from carcass or product holding coolers to avoid contamination of product by cleanup water and condensation during the cleanup time.

35:37-7-47. Freezers [REVOKED]

Freezers shall have adequate space and capacity to properly freeze and/or store product. Product must be stored in freezers well above the floor and in such a manner so as to preclude congestion or other conditions that may lead to contamination or adulteration.

35:37-7-48. Incubation room for canned product [REVOKED]

A room for incubating samples of fully processed canned meat or poultry product shall be provided in a suitable location in all plants conducting regular canning operations. The room shall have adequate size and equipment for holding the necessary samples. A 7 day recording thermometer should be

mounted on the outside wall of the room. The sensitive elements for the thermostat and recording thermometer should be below the bottom shelf. The shelves should be made of expanded metal or heavy gauge (No. 9) wire mesh and be removable for cleaning. The floor in the room shall be pitched to a floor drain equipped with a removable metal screwplug. The door of the room shall be equipped for sealing or locking.

35:37-7-49. Dry storage space for supplies [REVOKED]

Suitable and adequate space for holding supplies such as boxes, paper, and cans, shall be provided in a convenient location in each plant. Establishments that slice bacon, slice and prepackage luncheon meat, bread and batter, chicken, and prepare turkey loaves, sandwich steaks, and the like, generally use a large volume of packaging and labeling material. Adequate dry storage space shall be provided for holding such supplies in a location convenient and preferably adjacent to the department where used. Provisions shall be made to store supplies on racks 12 inches above the floor.

35:37-7-50. Truckways within the plant [REVOKED]

Truckways shall be unobstructed passageways having a minimum width of 5 feet without overhead storage rails. When truckways are in coolers having overhead rails, a horizontal distance of 7 feet shall be provided between an adjacent wall and the vertical of the nearest rail. Truckways shall be clearly designated on the drawings.

35:37-7-51. Vehicular areas for trucks and railroad track gutters [REVOKED]

(a) Concrete paved or other acceptable hard surface areas, properly drained and extending at least 20 feet from buildings, loading docks, poultry handling docks, or livestock chutes and platforms, shall be provided at places where vehicles are loaded or unloaded.

(b) Railroad track gutters with suitable drainage shall be provided where refrigerated railroad and livestock cars are loaded and unloaded. The top of the gutter shall be below the bottom of the railroad ties unless the entire track area is paved. This feature must be clearly illustrated on the drawings by a typical cross section of the gutter and adjacent railroad ties and rails.

PART 15. DESIGN, EQUIPMENT, AND OPERATION OF MEAT AND POULTRY SLAUGHTERING DEPARTMENTS AND RELATED AREAS [REVOKED]

35:37-7-52. Meat [REVOKED]

(a) Livestock Pens. To avoid delays in slaughtering operations, pens for ante mortem inspection should have the capacity for holding the maximum number of animals of the various kinds that will be slaughtered in a single day. The pens, ramps, unloading chutes, and runways must be paved with concrete or

brick and be equipped with suitable drainage facilities. Except at gateways, they shall have side curbs of similar impervious material at least 12 inches in height. Water troughs shall be provided with suitable overflows located above or adjacent to pen floor drains.

(b) Ante mortem inspection facilities. To facilitate the ante mortem inspection of animals, ample natural or artificial lighting must be available, and a suitable suspect pen with a squeeze chute or gate where the temperature of the animals may be taken, shall be provided. A reasonable proportion of the live-stock pens, including the area where the suspect pen and restraining area are located shall be under a weathertight roof to provide an area for proper ante mortem inspection in inclement weather.

(c) Location of holding and shackling pens. To avoid dust and odors, holding and shackling pens should be located outside the slaughtering department or should be separated from the department by full height partitions of impervious material.

(d) Facilities for crippled animals. Suitable facilities should be furnished for conveying crippled animals into the slaughtering department.

(e) Slaughtering departments. Slaughtering departments must have adequate floor space and be arranged to facilitate the sanitary conduct of operations and efficient inspection. Truckways over which products are conveyed from the slaughtering department to rooms such as the offal cooler, the edible products tank charging room, and the inedible products tank charging level shall be located so that the material is not trucked beneath rails from which dressed carcasses and products are suspended. Personnel traffic shall not move through lines of carcasses.

(f) Maximum rate of slaughter permitted.

(1) The rate of slaughter is dependent on the ability of the establishment to present carcasses, their viscera, and parts in an orderly and clean manner, permitting a complete and efficient inspection without congestion or other objectionable conditions.

(2) The drawings or specifications (for very large plants) should indicate the proposed maximum slaughter rate. Drawings should also indicate if more than one species of animal will be slaughtered simultaneously or consecutively and if the Kosher method of slaughtering will be used.

(g) Facilities for handling viscera. Adequate space and suitable, properly located facilities must be provided for separating and handling the viscera of the various species of animals slaughtered. The cattle paunch emptying table should be equipped with a power operated lift. If paunches are saved for edible purposes, the top of the table should extend over the emptying hopper 12 inches, and the sides of the hopper should extend vertically below the top of the table at least 3 1/2 feet, to avoid soiling the paunches.

(h) Edible by product cooler. Suitable facilities for holding edible organs and parts (offal) under refrigeration in a separate cooler or in a separately drained part of a carcass cooler

are required. Such areas must be accessible to the slaughtering departments without passing through a line of carcasses or through a congested cooler.

(i) Carcass chilling coolers rail requirements.

(1) Rail arrangement. Cooler rails must be placed at least 2 feet from refrigerating equipment, walls, columns, and other fixed parts of the building. To promote cleanliness of product and to protect walls from damage by carcass shanks, it is desirable to place rails (required for main header or traffic rails) at least 3 feet from the walls.

(2) Height of cooler rails. The tops of cooler rails must be at least 11 feet above the highest part of the floor for halves of beef and bison; 9 feet above for headless hog carcasses and calves (trolleys 12 inches long); and 7 1/2 feet above for quarters of beef. Sheep and goat carcasses shall be suspended so that the hooks or gambrels are at least 6 1/2 feet above the floor.

(j) Retaining compartments. A suitable compartment shall be provided in a cooler for holding retained carcasses or parts and retained products in plants that are under Official State Inspection. The compartment may be separated from the remainder of the cooler by partitions of rust resistant wire screen (No. 9 gauge, 1 inch mesh), or flat expanded metal of comparable gauge and mesh, extending from 2 inches above the floor to the ceiling. The compartment should have a door of similar material at least 4 feet wide, equipped for sealing or locking by the Oklahoma Department of Agriculture. For cattle carcasses retained because of infestation with *Cysticercus bovis*, a similar compartment may be provided for holding such carcasses in a freezer at a temperature not higher than 15° F (10° C) for at least 10 days.

35:37-7-53. Poultry [REVOKED]

(a) Holding sheds, truck maneuvering areas and loading dock bays.

(1) The holding sheds must be sufficient in size to facilitate the prescribed ante mortem inspection, to assure a continual smooth flow of poultry into the plant, and to provide for the welfare of birds awaiting slaughter.

(2) Artificial lighting shall be provided in the holding sheds as necessary to facilitate inspection. The roofs must be watertight and the road surfaces should be paved with an impervious material, such as concrete. Any additional truck parking area and the truck maneuvering area should be surfaced with an impervious material such as concrete. The loading dock bays should be surfaced with an impervious material such as concrete which extends outward at least 20 feet. Suitable slope and drainage must be provided on all surfaces to prevent the collection of water or other obnoxious substances and to facilitate cleanup. Cleanup hose connections shall be well located and adequate for the purpose.

(b) Docks for receiving and hanging live poultry, slaughtering area and picking area.

(1) To prevent dust, feathers, and other obnoxious substances from entering other parts of the plant, the live hanging dock shall be separated from the rest of the plant by full height impervious walls, self closing impervious

Permanent Final Adoptions

doors, and openings limited to those necessary for poultry conveyance or other systems.

(2) The slaughtering area shall be separated from the rest of the plant by full height impervious walls, self closing impervious doors, and only such other openings as are necessary for conveyance of the poultry. Facilities shall be provided to contain the blood in an area as small as feasible. The picking and scalding operations shall be separated from the eviscerating and other areas of the plant by full height impervious walls, self closing impervious doors, and openings limited to those necessary for poultry conveyor systems.

(c) Maximum rate of slaughter. The rate of slaughter is dependent upon the number of inspectors; the line arrangement; the spacing of birds; the incidence of disease; and the ability of the plant to present carcasses for inspection which are properly dressed and drawn, permitting complete and efficient inspection. The specifications or drawings shall indicate the proposed maximum hourly rate of slaughter for each class of poultry.

35:37-7-54. Facilities for handling animal or fish food [REVOKED]

Slaughtering establishments that process certain by products into inedible animal or fish food shall provide adequate facilities for decharacterizing, chilling, packing, or otherwise preparing the material separate and apart from facilities used in the preparation of edible products. The material must be decharacterized promptly as a part of the dressing or viscera separating operations to avoid extra supervision by inspectors. After the inedible material has been packed in properly marked (labeled) liquid tight container, it may be stored in the edible products freezer, provided it is held separately and does not interfere with handling or storage of edible products.

35:37-7-55. Facilities for handling meat and poultry inedible and condemned materials [REVOKED]

(a) Well arranged and adequate facilities for handling inedible and condemned material must be provided at slaughtering plants. The layout must permit inspectors complete control of condemned material with a minimum of travel and supervision.

(b) Inedible products departments must be separate and distinct from the areas used for edible products, except that one connecting doorway equipped with a solid door completely filling the opening is allowed between the inedible products departments and the slaughtering or eviscerating departments.

(c) If rendering facilities are not located at the establishment, condemned materials must be denatured. Sufficient watertight storage facilities must be provided to hold such materials pending daily removal to a rendering plant (or more frequent removal if deemed necessary by the Circuit or District Supervisor). These storage facilities must be located separate and apart from edible products departments, and they must be constructed to prevent insanitary conditions, including attraction or harborage for vermin. Permission to transport condemned material over public streets and highways must be obtained

from the State of Oklahoma if the plant wishes to transport said materials themselves.

(d) In large meat plants, the most desirable facilities include hooded, vented, closed chutes that lead directly from the slaughtering department to the hashers or prebreakers. This equipment is also recommended for non rendering plants to prevent objectionable odors from inedible and condemned product destined for an outside renderer, from entering edible departments.

(e) If other techniques for transferring inedible materials are used (auger), appropriate methods of odor control must be used.

(f) In low volume slaughter operations where plant personnel perform a number of different duties including the handling of condemned viscera, mechanical devices must be used to eliminate the manual transfer of condemned viscera. Areas for inedible trucks must be paved and enclosed.

PART 17. REQUIRED CATTLE SLAUGHTERING FACILITIES [REVOKED]

35:37-7-56. Cattle dressing layouts [REVOKED]

(a) Cattle dressing layouts are of three principal types:

- (1) double rail hang off,
- (2) single rail hang off, and
- (3) "on the rail" dressing.

(b) Principal minimum rail heights and floor space, is included and should be carefully followed in preparing layouts.

35:37-7-57. Requirements for various types of cattle slaughtering layouts [REVOKED]

(a) Stunning or kosher shackling pens. Efficient facilities shall be provided for confining animals for stunning before bleeding or, if Kosher operations are conducted, for confining animals for shackling.

(b) Dry landing area. A dry landing area at least 7 feet wide should be provided in front of the stunning pen to receive stunned animals ejected from the pen. The area should be separately drained and sufficiently removed from the bleeding area. The dry landing area should be constructed of rust resistant metal pipes and may be installed either as upright pipes 16 inches on center without crossrails, or, if desired, crossrails may be used and the number of upright pipes reduced to the number necessary for adequate and proper support. NOTE: In very small layouts in which only one animal at a time will be slaughtered and dressed, the dry landing area and bleeding area can be the same provided the area is thoroughly washed and dried/squeezed between each animal.

(c) Bleeding area. A curbed in bleeding area of adequate size shall be provided. It shall be located so that blood will not be splashed on stunned animals lying on the dry landing area or on carcasses being skinned on the siding beds.

(d) Bleeding and dressing rails. The top of the bleeding rail must be at least 16 feet above the floor or the metal grating over the bleeding area. Dressing rails must be at least 11 feet above the floor. When moving top viscera inspection tables are used, dressing rails must be at least 12 feet, 3 inches high.

- (e) Facilities for handling heads.
 - (1) Suitable facilities and adequate floor space must be provided for dehorning, flushing, washing, and inspecting heads; for storing heads on racks or trucks after removal from carcasses; and for head workup.
 - (2) If conveyors are used for cattle head inspection, the heads must be spaced 2 feet on centers, and a distance of 4 1/2 feet must be provided between the bottom of the head hooks and the inspector's foot platform. (The details of construction of this equipment should be shown on the drawings.)
- (f) Hide chute or other system of hide removal. In large plants, a properly constructed hide chute should be provided near the point where hides are removed from carcasses. The chute should have a hood of substantial rust resistant metal with a push in door closely fitting a metal frame inclined so as to be self closing by gravity. A vent pipe at least 10 inches in diameter should extend from the hood vertically to a point above the roof. If hides are removed by means other than a chute, the facilities should be designed so as to create no problem of sanitation.
- (g) Carcass washing and shrouding facilities. A separately drained area or an area of sufficient size sloped 1/2 inch per foot to a floor drain shall be provided where carcasses are either washed or shrouded. A platform to permit proper washing shall be provided.
- (h) Header rail clearance. At least 3 feet shall be provided between the header rail and the adjacent wall for the clearance of dressed carcasses transferred on the rail.
- (i) Trim rails. In large slaughtering establishments, the kill floor layout should be designed so that carcasses railed out for trimming or touchup will be reintroduced onto the carcass line prior to the rail inspection position so that a final rail inspection can be performed.
- (j) Retain rail. In plants operating under inspection, a suitable space for holding retained carcasses for final disposition will be provided along with the necessary platforms and hand washing facilities.
- (k) Floor drainage. Efficient drainage facilities must be provided for the entire slaughtering department.

35:37-7-58. Requirements for double-rail and single-rail hang-off dressing systems [REVOKED]

- (a) Space between bleeding area and dressing beds. In plants which slaughter more than one animal at a time, the pritch plates or cradles shall be located at least 5 feet from the curb around the bleeding area.
- (b) Space between drop off to dressing beds and evisceration hoists. For layouts of two dressing beds, a distance of 16 feet should exist between the vertical of the drop offs to the pritch plate area and the vertical of the line of the hoists where carcasses are eviscerated. For three or more beds, a distance of 18 feet or more should exist between the verticals. This is necessary to provide space for the evisceration of carcasses and trucking of product and for the inspections made at this point.

35:37-7-59. Requirements for "on-the-rail" dressing systems [REVOKED]

- (a) **Disposal of feet and udders.** An efficient method must be provided for disposing of feet and udders removed from carcasses. Chutes to a lower level are highly desirable, if structurally possible.
- (b) **Metal foot platforms.** Metal foot platforms installed for establishment employees performing various carcass dressing operations may be either stationary or the elevating type. If elevating, they must be located so as not to contact skinned portions of carcasses. If stationary platforms are used, they must be set far enough away from the dressing rail and be constructed with the legs sufficiently set in to prevent contact with the with the forelegs of cattle. Alternatively, they may be suspended from overhead structures.
- (c) **Spacing of carcasses on dressing rails when powered conveyor or gravity flow rails are used.**
 - (1) To prevent contact between carcasses and to provide adequate space for operation, cattle carcasses shall be separated by fingers at least 5 feet on center on conveyor type dressing rails or by rail "stops" 5 feet on center on gravity flow dressing rails, except that such spacing shall be at least 8 feet on center alongside the viscera inspection table (if used).
 - (2) When a down hide puller is used, the area of the hide puller, head drop and head removal shall be curbed and drained. Also, sufficient space must be provided between hide pulling and carcass evisceration to permit cervical inspection prior to viscera inspection.

35:37-7-60. Viscera inspection facilities [REVOKED]

- (a) **Viscera trucks for small layouts.** In small layouts with a limited rate of slaughter, viscera are usually placed in a specially designed hand truck for inspection. Such trucks shall be constructed of stainless steel. An inspection pan at least 24 1/2 by 26 by 3 inches in size is required for inspecting hearts, lungs, livers, and spleens. This pan should be placed with its bottom 34 inches above the floor. A compartment designed to facilitate evisceration and large enough to contain paunches and intestines is required beneath the inspection pan. The bottom of the lower compartment should be about 14 inches above the floor.
- (b) **Viscera truck cleaning and sterilizing facilities.** When viscera inspection trucks are used, a separately drained area at least 7 by 8 feet in size is required for washing and sanitizing such equipment. The facilities should be located at or near the point where condemned material is discharged from the trucks. When placed where splash might contaminate edible product, the truck washing area must have walls 8 feet or more in height. The floor in the area should be pitched at least 1/2 inch per foot to a drain in a rear corner. A hose with an ample volume of water at a temperature of at least 180° F (83° C) is required for washing trucks in the washing area. The hot water shall be obtained from a central supply rather than by mixing steam and water at or near the hose connection. A dial type thermometer with its temperature sensitive element located in the hot water line near the hose connection is required.

Permanent Final Adoptions

(e) **Flight-top inspection tables for medium or large layouts.**

(1) **Construction.** In layouts handling 30 or more cattle per hour, viscera is usually placed on a flight top table for inspection. (Moving tables are required when the rate of slaughter is 40 or more per hour.) The table must be constructed with stainless steel flights about 5 feet wide. The table shall be of sufficient length for efficient evisceration, inspection, and viscera removal.

(2) **Washing and disinfection.**

(A) Cold water sprays shall be provided beneath the discharge (unloading) end of the table to remove blood and animal tissues and fluids. A suitable compartment type sanitizer is required at the loading end that is vented to the outside air. The vent duct should be at least 10 inches in diameter and constructed of rust-resistant metal. Additional cold water sprays are necessary to cool the flights after the exit from the sanitizing compartment.

(B) A thermometer is required with its sensitive element in the hot water line as the water enters the sanitizing compartment. The temperature recording scale of the thermometer must be located so that it can be readily observed by the inspector working alongside the inspection table.

(3) **Synchronization with carcass conveyor.** The movement of the inspection table must be carefully synchronized with the movement of the carcass conveyor. To accomplish this, the table and the carcass conveyor should be motivated by the same drive with the table propelled by a shaft or worm mechanism.

(4) **Control for movement of table.** A stop button for controlling the movement of the carcass conveyor and the viscera inspection table shall be provided in a location convenient to the inspector.

(5) **Location of the table.** The viscera inspection table shall be located over a separately drained floor area. A floor drain is required beneath the sanitizing chamber.

(6) **Eviscerator's facilities.** A foot platform, hand washing facilities, a hand tool sanitizer, a boot washing cabinet, and a boot storage locker are required for the eviscerator alongside the loading end of the table.

space is required for removing the heads before the carcasses are washed, and for placing the heads on a head truck after they are flushed and washed for transfer to the viscera inspection station. An unobstructed route for conveying the heads to the point of inspection shall also be provided.

35:37-7-63. **Dressing space and operations** [REVOKED]

Adequate space must be provided along the rail for skinning legs and for skinning and removing calf heads before carcasses are transferred from shackles to gambrels. (The transfer point and the places where the principal dressing operations are performed must be indicated on the drawings.) If a moving carcass conveyor and combination viscera and head inspection table are used in the calf dressing layout, and if the carcasses are suspended high enough to prevent contamination of the heads through contact with the floor or splash from the floor, the head skinning, removal, flushing, and washing should be deferred until the carcass reaches a point adjacent to the charging end of the inspection table. Heads from koshered calves, however, should be handled as described in 35:37-7-62.

35:37-7-64. **Calf washing facilities** [REVOKED]

If calf carcasses are dressed with the hides on, proper facilities must be provided for washing the hides before any incisions (except the sticking wounds) are made.

35:37-7-65. **Calf head handling facilities** [REVOKED]

Suitable facilities must be provided for flushing, washing, inspecting, and storing calf heads.

35:37-7-66. **Carcass washing facilities** [REVOKED]

Suitable facilities must be provided for washing unopened sheep carcasses after pelts have been removed and for washing the internal surfaces, breasts, and necks of calf, sheep, or goat carcasses after inspection has been completed.

35:37-7-67. **Viscera, head, and carcass inspection facilities** [REVOKED]

(a) When the rate of slaughter is less than 20 calves, sheep, or goats per hour, facilities for the inspection of viscera and calf heads should consist of a hopped metal stand of the proper size to accommodate an inspection unit of two pans.

(1) The height of the stand should be that the bottom of the pans are 34 inches above the floor or the inspector's foot platform. The stand must be directly connected to the drainage system through a deep seal trap, or it may discharge through a waste pipe directly into a floor drain. The stand should be placed 2 feet from the vertical of the dressing rail, with the smaller of the two pans nearest the rail.

(2) The large pan for the inspection of abdominal viscera must be at least 24 by 36 by 3 inches; the small pan for thoracic viscera (or heads, if calf heads are placed on

PART 19. REQUIRED SHEEP, GOAT, AND CALF SLAUGHTERING FACILITIES [REVOKED]

35:37-7-61. **Bleeding rail** [REVOKED]

The top of the bleeding rail must be at least 11 feet above the floor for handling sheep, goats, or calves. If only sheep are handled in the bleeding section, the bleeding rail may be only 9 feet.

35:37-7-62. **Dressing rails** [REVOKED]

Dressing rails shall be of such height that gambrels or leg hooks from which carcasses are suspended are at least 7 1/2 feet above the floor of the inspector's platform. If calves are slaughtered by the kosher method and dressed with the skin on,

the table for inspection) must be at least 12 by 36 inches. The pans must be located so they do not interfere with the movement of the inspector and eviscerator alongside the stand. The pans should have handles or hand holes for convenient removal and a perforated bottom with the holes 1/4 inch in diameter, spaced 3 inches on centers. If calves are dressed on the layout, the smaller pan must be provided with a suitable device for holding the head immobile in an upright position for inspection. If only sheep or goats are dressed on the layout, the pans may be 24 by 24 by 3 inches and 12 by 24 by 3 inches in size. A conveniently located receptacle (sanitizer) must be provided for sanitizing the inspection pan.

(b) When the rate of slaughter is more than 20 sheep, goats, or calves per hour, a moving pan type inspection table and a carcass conveyor are required. The pan must conform to the previously listed standards, and the table must conform to the requirements described in the section for moving hog viscera and head inspection facilities.

35:37-7-68. Floor drainage [REVOKED]

A drip valley 24 inches wide is required beneath the dressing rail from the bleeding area to the point where viscera inspection is completed.

PART 21. REQUIRED HOG SLAUGHTERING FACILITIES FOR LARGE PLANTS THAT SCALD HOGS [REVOKED]

35:37-7-69. Location of certain operations [REVOKED]

The following equipment and operations should be located in an area or areas entirely separated from the carcass dressing room, except for the necessary openings for access and the passage of carcasses: hoisting, sticking, and bleeding; scalding vat; dehairing machine located within a curbed area having non-clogging drainage outlet; gambrelling table; facilities for dipping carcasses in a rosin mixture as a depilatory aid (if installed); and singeing operations.

35:37-7-70. Scalding vat [REVOKED]

The scalding vat should be constructed of rust resistant metal and of sufficient size to accommodate the rate of production.

35:37-7-71. Space for operations and truckways [REVOKED]

Adequate space and facilities must be provided for the proper conduct of operations and the efficient performance of inspection. The layout must preclude the need to walk, truck, or otherwise convey product through a line of carcasses suspended from the dressing rail.

35:37-7-72. Floor drainage [REVOKED]

A drip valley 24 inches wide should be provided in the floor. It should be pitched to drainage inlets properly located in the valley and extend from the point where carcasses leave the gambrelling table to the point where carcass inspection is completed. The floor may be sloped to drain to the drip valleys.

35:37-7-73. Shaving and carcass washing facilities [REVOKED]

In very large hog slaughtering layouts, a shaving rail of adequate length and a separately drained cabinet type carcass washer are essential. The carcass washer should be located at a point after completion of the shaving operations and before the head dropper's station. A throw out rail prior to head dropping should be provided so that unclean hogs can be removed from the dressing line for cleaning. No shaving is permitted after heads are dropped.

35:37-7-74. Inspection facilities needed for very large slaughter layouts [REVOKED]

In a plant in which the slaughter rate will consistently be in excess of 20 hogs per hour, it is recommended that a moving carcass conveyor and a pan type moving inspection table be used. Moving viscera and head inspection tables for hogs must conform to the following specifications: the pans of the moving top viscera inspection table shall be constructed of stainless steel. The guard rail should be omitted from the section of the viscera inspection table opposite the eviscerator's station. A suitable pan sanitizer is required at the loading end of the table. The sanitizer should be without bottom and the sides should extend upward from 2 inches above the floor. In all other details, hog viscera inspection tables shall conform to specifications already listed under cattle.

PART 23. REQUIRED HOG SLAUGHTERING FACILITIES FOR SMALL PLANTS [REVOKED]

35:37-7-75. General specifications [REVOKED]

In smaller meat packing plants, the hog slaughtering department is usually located in an area in which all species of livestock are slaughtered. In general, the minimum specifications for cattle slaughter will meet the requirements for the slaughter of swine as well, with the exceptions of:

- (1) Scalding vats and related equipment (if hogs are to be scalded rather than skinned).
- (2) Additional drainage lines for these pieces of equipment.
- (3) Additional inspection trays, pans, tables, sanitizers, etc., if needed.
- (4) Additional rail space or different rail layout, if necessary.
- (5) Additional stunning area and/or facilities if necessary.
- (6) Additional equipment and/or facilities for handling inedible and condemned materials if needed.

Permanent Final Adoptions

PART 25. REQUIRED POULTRY SLAUGHTERING FACILITIES [REVOKED]

35:37-7-76. Eviscerating and chilling areas [REVOKED]

~~The eviscerating department must have adequate floor space and be arranged to facilitate sanitary operations and efficient inspection. All eviscerating operations shall be readily accessible. Lines that cross over walkways, equipment, or work stations, shall be of sufficient height to protect the product, and drip pans shall be installed underneath them. Truckways and walkways shall be of sufficient width to preclude encroachment on evisceration and inspection operations. Eight feet of space shall be provided for each inspection station. The chillers shall be located so that all sides can be inspected, and all meters and chiller settings shall be readily accessible so the inspector is not required to assume an awkward or unsafe position.~~

35:37-7-77. Conveyors [REVOKED]

~~The poultry conveyors shall be constructed of metal or other acceptable material and designed to present each carcass and its parts so as to permit adequate and efficient inspection. A trough or other acceptable facility shall be provided beneath the conveyor line. Its length shall not be less than from the point where the carcass is opened or inspected to the point where all viscera have been completely removed. It must be continually water flushed or otherwise kept in an acceptable sanitary state. At a point after complete removal of viscera and before poultry enters the chilling system, a water spray washing system shall be provided with sufficient water pressure to thoroughly and efficiently wash the inside and outside of each carcass. A control button for stopping and starting the poultry conveyor system shall be within easy reach of the inspector.~~

35:37-7-78. Facilities for processing giblets [REVOKED]

~~The facilities must be sufficient to allow the giblet processing to keep pace with the slaughter rate. The operation must result in adequate and proper removal, preparation, inspection, and washing of giblets prior to pumping and entry into the chilling system. The location and construction of these facilities must provide adequate safeguards against contamination by, and of, other plant operations.~~

35:37-7-79. Facilities for handling inedible offal [REVOKED]

~~In poultry plants, the facilities for handling inedible offal, whether trough or otherwise, shall be large enough to allow clean and orderly removal during processing, without a pileup and without cross contamination of edible product.~~

35:37-7-80. Semi-dry poultry offal system [REVOKED]

~~(a) Materials. All materials used in the system within the eviscerating rooms must be constructed of noncorrosive and nontoxic materials.~~

~~(b) Design.~~

~~(1) For young chickens, the water rail should range from 34 to 36 inches in height above the standing surface and be positioned 7 to 10 inches horizontally from the vertical line of the shackle.~~

~~(2) For turkeys, the water rail should range from 34 to 36 inches in height above the standing surface and be positioned 13 to 15 inches horizontally from the vertical line of the shackle.~~

~~(3) Handwashing facilities must be within easy reach of each worker and should be movable when operational adjustments require a change in a worker's position. (If the worker must walk to reach such facility, it is improperly located.)~~

~~(4) The floor gutter shall be distinct, with vertical sides sufficiently inside the post supporting the water rail (a minimum of 6 inches is suggested to prevent worker's feet from being in the gutter). Gutters must also be wide enough to catch all material dropping from the carcass.~~

~~(5) Splash protectors in the form of flat sheets made of acceptable material shall be installed at all points along the eviscerating line where splashing by employees occurs.~~

~~(6) Pipes for conveying offal shall be constructed to permit daily cleaning and positioned so that sanitation will not be a problem, i.e., no pipes lying on the floor or bottom of a gutter.~~

~~(7) Side walls of hoppers must have sufficient pitch to assure that material deposited in the hopper will slide to the point where the offal is being mechanically conveyed.~~

~~(e) Wax dipping. When wax dipping is used, metal troughs shall be provided to catch the wax removed from dipped poultry. Acceptable facilities and methods shall be used to reclaim the wax.~~

PART 27. WELFARE FACILITIES FOR PLANT EMPLOYEES [REVOKED]

35:37-7-81. Dressing rooms and equipment [REVOKED]

~~Well located dressing rooms, properly separated from toilet rooms, are required for employees of each sex (unless only one sex is employed at the plant). The number of employees using each dressing room should be indicated on the specifications accompanying the drawings. If multiple shifts of employees use the facilities, this should also be indicated on the plans.~~

35:37-7-82. Lockers [REVOKED]

~~(a) In larger plants, each employee shall be provided with a metal locker at least 15 by 18 by 60 inches to facilitate cleaning beneath the lockers, they shall be placed on legs or other supports 16 inches above the floor. The lockers must have sloping~~

tops to facilitate orderliness and cleaning of the dressing room. Seats should be plastic or wood planks about 12 inches wide, mounted in front of and below the doors of the lockers on an extension of the framework supporting the lockers. If preferred, the seats may be unattached to the lockers and located in the aisle between the lockers. They should be plastic or wooden planks securely fastened to the floor by a minimum number of pipe leg supports.

(b) The aisle between the rows of lockers must be a minimum of 7 feet wide when attached seats are used (5 feet between rows of seats) and a minimum of 6 feet wide with centrally located seats.

(c) Alternate means of storing work clothing and equipment will be considered if it is accomplished in an orderly and sanitary manner.

35:37-7-83. Shower-bath facilities [REVOKED]

Suitable shower bath facilities should be provided in locker rooms (not in toilet rooms) at establishments where slaughtering operations are conducted. Such facilities are also desirable in processing plants. The shower bath stall should have an 8 inch high curb of impervious material, unless entry is through an individual dressing room with a floor sloped to drain into the shower.

35:37-7-84. Toilet rooms [REVOKED]

(a) Toilet rooms shall be separated from adjoining dressing rooms by tight, full height walls and self closing doors. Toilet rooms may not be entered directly from a workroom, but entrance through an intervening dressing room or ventilated toilet room vestibule is permissible. Toilet rooms and toilet room vestibules must have solid, self closing doors completely filling the openings except as described in the paragraph under Part F. of OAC 35:37-7-95.

(b) A sufficient number of elongated water closets with open front seats should be provided. The following formula should be used to determine the number of toilet bowls required in meat and poultry plants:

- (1) For 1 to 15 employees (persons of the same sex): 1
- (2) For 16 to 35 employees (persons of the same sex): 2
- (3) For 36 to 55 employees (persons of the same sex): 3 (1 urinal may be substituted for toilet bowls but only up to 1/3 of the total number of bowls required)
- (4) For 56 to 80 employees (persons of the same sex): 4 (1 urinal may be substituted for toilet bowls but only up to 1/3 of the total number of bowls required)
- (5) For each additional 30 employees in excess of 80 (persons of the same sex): 1 (1 urinal may be substituted for toilet bowls but only up to 1/3 of the total number of bowls required)

(c) Two feet of trough urinal is considered equivalent to one individual urinal. In both meat and poultry plants, it is desirable to provide urinals in toilet rooms for men. If stall type urinals are used, the floor must slope to drain in to the urinals. If wall hung type urinals are used, floor drains must be provided immediately beneath such fixtures.

35:37-7-85. Handwashing facilities [REVOKED]

A sufficient number of modern type (other than hand operated) handwashing basins (lavatories) are required in welfare rooms. In small plants with a limited number of employees, lavatories may be located in toilet rooms. However, plants with large dressing rooms must have handwashing facilities, in addition to those located in the toilet rooms.

35:37-7-86. Ventilation of welfare rooms [REVOKED]

Toilet and dressing rooms which are not air conditioned and which are located where no natural light and ventilation is available, must be equipped with an exhaust fan (activated by a common switch with the lighting in the area) and a duct leading to the outside air. Doors to dressing and toilet rooms ventilated in this manner should have a louvered section 12 inches by 12 inches minimum in the lower panel.

35:37-7-87. Lunch facilities [REVOKED]

To avoid unsanitary conditions usually associated with employees eating lunch in edible processing departments, adequate lunch facilities must be provided when plant cafeterias or nearby eating places are not available. There will be no objection to providing lunch facilities in dressing rooms if there is sufficient space to avoid congestion. Otherwise, a separate room or area is required.

35:37-7-88. Welfare facilities for employees working in inedible product areas [REVOKED]

In large volume establishments, separate welfare facilities must be provided for employees of the hide cellar, inedible products department, live poultry dock, and the like.

PART 29. INSPECTOR'S OFFICE AND WELFARE FACILITIES [REVOKED]

35:37-7-89. General [REVOKED]

(a) In official establishments (those under inspection), a well located inspector's office is required. The office shall be easily accessible without having to pass through or under eviscerating lines, plant offices, locker rooms, toilets or similar such detriments to access. It shall be supplied with suitable furniture including, but not limited to, a desk, chairs, a metal clothing locker at least 15 inches by 18 inches by 60 inches, and a metal filing cabinet with provisions for locking with an Oklahoma Department of Agriculture padlock. The minimum acceptable floor space is 70 square feet. However, if inspection supplies must be stored in this room, a minimum of 100 square feet must be provided.

(b) In larger plants where more than one inspector is routinely assigned, additional office space must be provided. A minimum of 40 square feet of floor space for the first inspector and at least 15 additional square feet for each additional inspector is required. When the USDA grader (in poultry plants) also occupies this office, at least 40 additional square feet of

Permanent Final Adoptions

floor space is needed. Additional desks, chairs, storage lockers, file cabinets, etc., shall be supplied in sufficient quantity for the number of inspectors assigned to the plant.

35:37-7-90. Dressing facilities [REVOKED]

Adequate dressing facilities to accommodate both sexes shall be provided in plants where more than two full-time inspectors are routinely assigned.

35:37-7-91. Toilet room [REVOKED]

A common toilet room can be utilized when more than two inspectors are assigned to the plant if access is not through either locker (dressing) room.

35:37-7-92. Shower-bath facilities [REVOKED]

Suitable shower-bath facilities shall be provided in or connected to locker rooms (not in toilets) in establishments where slaughter operations are conducted.

35:37-7-93. Lighting and ventilation [REVOKED]

A minimum of 20 foot candles of lighting is required in locker rooms and toilets. A minimum of 30 foot candles is required in the offices except on desk surfaces where a minimum of 50 foot candles is required. Facilities that provide adequate ventilation and maintain an even comfortable temperature are required. Adequate janitorial services and supplies are to be maintained.

PART 31. SUGGESTED NOTES ON SPECIFICATIONS TO ACCOMPANY DRAWINGS [REVOKED]

35:37-7-94. Use of suggested notes [REVOKED]

The following suggestions are intended to be of assistance in preparing specifications that must accompany prints or drawings. The complete set of suggestions may not include all specifications to be submitted nor will any given plant necessarily use each suggestion listed. For example, a slaughter plant that does no processing would not use purely processing suggestions and a processing plant that does not slaughter would not use purely slaughtering suggestions. Suggestions that are applicable should be used in a manner that results in factual information about the plant as it is, as it will be when under inspection, or as it will be when revisions are completed. Therefore, persons preparing plans for approval are urged to be selective and accurate in making use of the following specifications notes.

35:37-7-95. Building construction [REVOKED]

- (a) Finish of walls, floors, doors, and ceilings must be indicated.
- (b) All exposed wood surfaces are painted with a good grade of oil or approved plastic paint or treated with hot linseed oil or a clear wood sealer.

(e) All window, door, and other openings that would admit insects are provided with effective screens or fly chaser fans. Effective means are also provided to preclude rodents and other vermin from entering buildings.

(d) Rails are placed not less than 2 feet from walls, posts, and other fixed parts of the building. Header rails are spaced at least 3 feet from adjacent walls and columns.

(e) For plants which are to slaughter and operate under inspection, the drawings should indicate a retaining compartment for holding carcasses and parts in a cooler. The compartment should be constructed of rust resistant No. 9 gauge wire or comparable material extending from the floor to the ceiling with doors equipped for locking or sealing by the Oklahoma Department of Agriculture. Poultry and processing plants under inspection should also provide for suitable retaining facilities.

(f) All doors of toilet rooms and dressing rooms and toilet room vestibules are solid, self-closing, and completely fill the openings, except as otherwise allowed for purposes of adequate ventilation (1 foot by 1 foot louvered area located near the bottom of the door, etc.).

(g) Suitable coves to facilitate sanitary maintenance are provided at junctions between walls and floors.

(h) Stairs are of impervious material and have solid treads, closed risers, and side curbs six (6) inches high measured at the front edge of the step.

(i) The livestock pens are paved with impervious material, such as concrete or brick, and pitched to suitable drainage facilities. Curbs at least 12 inches high and constructed of impervious material such as concrete, are installed around the borders of the livestock pen area, except at entrances, to confine liquids and fecal material. In plants under inspection, a suitable suspect pen and squeeze chute or gate are provided in locations shown on the drawings. Good natural or artificial lighting is provided in the livestock pen area for the performance of ante-mortem inspection at times when there is insufficient daylight. Well located hose connections are provided for the cleanup of the livestock pens. Watering troughs are located above or adjacent to pen floor drains and are equipped with suitable overflow outlets. For plants under inspection, a reasonable portion of the livestock pens, including the area with the suspect pen and squeeze gate, has a weathertight roof.

(j) Floor openings for chutes, etc., and for stairways except at entrances have curbs of impervious material, such as concrete or metal, at least 12 inches high to exclude floor drainage.

35:37-7-96. Water supply, plumbing, drainage, and refrigeration [REVOKED]

(a) The potable water supply is obtained from (indicate source of supply, e. g., private well, City of), and is effectively protected from pollution.

(b) An ample supply of hot water is available at adequate temperature and under suitable pressure and is properly distributed throughout the plant. Hose connections for supplying hot and cold water are provided in the various work rooms at the approximate locations shown on the drawings. Hot water of at least 180°F. at hose outlets is supplied for cleaning the

slaughtering, inedible and similar departments, and for sanitizing equipment such as cattle viscera inspection trucks. A thermometer with an easily read dial type scale is provided on the common water line at the place where viscera trucks are cleaned and sanitized.

(e) Only clean, and not re-circulated, water is used in the hog dehairer or poultry scalders. (In large volume swine establishments, clean water is required in at least the last six (6) feet of the dehairer.)

(d) Each lavatory (handwashing basin) is supplied with hot and cold water delivered through a combination mixing faucet with outlet 12 inches above the rim of the bowl, liquid soap, an adequate supply of sanitary towels in suitable dispensers, and a suitable receptacle for used towels. Lavatories are other than hand operated (knee or pedal operated).

(e) In larger plants, sanitary drinking fountains are provided in the slaughtering and processing departments and in the dressing rooms. If placed adjoining a lavatory, they are located high enough to avoid splash from the lavatory.

(f) All equipment wasting water is installed so that waste water is delivered into the drainage system without flowing over the floor. Drainage from edible products handling equipment such as sausage tables, cook tanks, tripe scalders, etc., is delivered to the drainage system by means of uninterrupted connections.

(g) Effective means have been taken to prevent back siphonage of liquids into the potable water supply or steam lines. Back siphonage of liquids into potable water supply is prevented by placing water lines to equipment, such as cooking or soaking vats and the like, higher than the highest level reached by liquids in the vats, or by other acceptable means such as mechanical anti-siphonage devices.

(h) The sewage from the plant is discharged into the city sewer system (furnish description of facilities if other method of disposal is employed).

(i) Toilet soil lines are separate from house drainage lines to a point outside of the building and bypass the grease catch basin (if there is one at the plant).

(j) Floor drainage lines inside the building are metal with an inside diameter of at least 4 inches and are properly vented to the outside air to a point above the roof. Each drainage inlet is equipped with a deep seal trap. All floor drains and vent lines are equipped to exclude rodents.

(k) Discharge lines for paunch contents are cast iron or steel pipe at least eight (8) inches in diameter. The paunch material is discharged into a tank for dewatering. The solid material is then discharged into a water tight truck for removal from the plant. Hog stomach content lines are at least six (6) inches in diameter. The paunch contents are removed daily or more often as may be necessary and are disposed of in a manner that does not create a nuisance or other objectionable condition. The area adjoining the tank where the truck stands during loading is paved with concrete (or other acceptable impervious material) and provided with suitable drainage facilities. A hose connection for supplying hot water for cleanup is provided nearby. The capacity of the dewatering tank is sufficient for holding the paunch contents from the maximum daily

slaughter of cattle. At least 2 1/2 cubic feet of capacity per animal is provided. Paunch and stomach contents lines are not connected to the regular drainage lines within the plant.

(l) Blood drains are provided with long neck deep seal traps properly vented to a point about the roof.

(m) Blood is discharged into a metal receiving tank and transferred by gravity or pump or blowline to a metal truck for removal from the plant or to processing equipment in the plant. (Use appropriate statement, if either is applicable.)

(n) The grease catch basin is not located in or near an edible department and is constructed so that it can be completely drained of its contents for daily cleaning. It is without ground cover (debris and clutter) for ready inspection. Grease skimmed from the basin is placed in water tight containers and promptly removed from the plant. (Use appropriate statement.) A conveniently located hose connection is provided for supplying hot water to clean the basin and adjacent area. The area around the basin is paved with concrete and equipped with drainage facilities. The location and construction of the basin are shown on detailed drawings.

(o) A means is provided in un-refrigerated workrooms to dispel steam and vapor which would interfere with inspection.

(p) Refrigerated rooms are maintained at a temperature no higher than 50°F.

(q) The coolers are refrigerated by means of (select appropriate statement below):

(1) overhead refrigeration units with insulated drip pans beneath them, properly connected to the drainage system;

(2) floor type refrigeration units placed within curbed and separately drained area unless located adjacent to floor drains;

(3) wall refrigeration coils with drip gutters installed beneath them; the gutters are constructed of impervious material such as concrete and are properly connected to the drainage system.

35:37-7-97. Equipment [REVOKED]

(a) Product handling equipment is designed and constructed in a manner acceptable to the Oklahoma Department of Agriculture, Food, & Forestry and is located in conformity with the guidelines in this Handbook.

(b) Chutes for the transfer of product are constructed so they can be readily cleaned. Chutes are round in shape or otherwise have well rounded corners. Those leading from edible to inedible products departments are effectively hooded and vented to dispel odors.

(c) Cooking vats and similar equipment are equipped with overflow pipes at least 2 inches in diameter with open end cleanout tees at the upper ends and are connected to the drainage system by means of interrupted drains. Valves on drainage lines leading from such equipment are located flush with the bottom of equipment for complete drainage.

(d) A suitable room or space and facilities for washing gambrels, beef hooks, trolleys, etc., are provided in a convenient location as shown and an exhaust fan is installed for dispelling steam.

(e) The hog scalding vat is constructed of metal.

Permanent Final Adoptions

(f) Platforms for eviscerators, openers, giblet harvesters, etc., are constructed of suitable metal, of a type that can be readily cleaned (not subway type grating). Foot platforms for employees performing such operations as hind legging, erotch opening, udder removal, etc., in "on the rail" cattle or calf slaughtering departments are constructed with legs sufficiently set in to prevent contact between the forelegs of the cattle and the platform legs or such platforms can be suspended from the ceiling.

(g) The pans (or flights) of the moving top viscera inspection table are constructed of stainless steel or similar rust resistant metal. A suitable pan (or flight) sanitizer is provided at the loading end of the table. The sanitizer is without bottom and the sides extend upward from two (2) inches above the floor. The sanitizing chamber is vented to the outside air with a rust resisting metal vent pipe, at least ten (10) inches in diameter. A thermometer is provided with the sensitive element in the hot water line as it enters the sanitizer and with the temperature recording scale located so that it can be easily read by the inspector working alongside the viscera inspection table. A floor drain is provided beneath the sanitizer. The area in which the viscera inspection table is located has separate drainage. Cold water sprays are provided at both ends of the table. The movement of the viscera inspection table is synchronized with the movement of the carcass conveyor. The viscera inspection table is driven by a shaft and worm device and the carcass conveyor and the viscera inspection table are motivated by the same drive. A stop button for controlling the movement of the carcass conveyor and the viscera inspection table is provided in a location convenient for use by the inspector.

(h) Acceptable booths for flushing and washing cattle and calf heads are provided. Facilities are provided for sanitizing saws and knives used to remove horns and pieces of hide from cattle and calf heads before washing. Similar facilities are provided for sheep and goats if the heads are saved for edible purposes.

(i) The paunch emptying table is constructed of rust resistant metal. The end of the table overhangs the emptying hopper 12 inches to avoid soiling the cut and serous surfaces of paunches. The sides of the hopper extend vertically below the top of the table at least three and one half (3 1/2) feet and then converge to a discharge opening at least eight (8) inches in diameter.

(j) Edible offal is placed on cages with removable metal drip pans beneath or on suitable trucks equipped with similar drip pans, and conveyed to the offal cooler. If offal is packed in the coolers, suitable facilities, including a table and lavatory, are provided.

(k) Suitable mechanical equipment is provided for transferring condemned soft material to metal containers or hasher and washer without manual handling of this material.

(l) The rendering units and driers in the inedible products rendering department are equipped with effective condensers to suppress objectionable odors. Rendering units are equipped for Oklahoma Department of Agriculture sealing.

(m) Curing containers are constructed of stainless steel or other materials approved by the Oklahoma Department of Agriculture.

(n) Pipelines and pumps used in connection with edible product (including edible brine and pickling solutions) are demountable and made of stainless steel or other approved materials.

(o) The cages or trees used for smoked meats and sausage are designed to provide a clearance of at least twelve (12) inches between the product and the floor of the smokehouses and hanging rooms.

(p) Smoke making equipment, ducts, and smokehouses are located and designed so that all outer and inner surfaces can be readily cleaned.

(q) In large establishments, a suitable room or separately drained area is provided for washing handtrucks, boxes, trays, demountable parts of sausage stuffing equipment, etc. Two suitable compartments with entrance rails are provided for washing smokehouse cages and trees. The first compartment is used for washing cages and trees with a detergent solution and the second for rinsing this equipment with clean water to remove all detergent solution. The washing compartment has a suitable exhaust duct extending to a point outside the building.

(r) In plants with canning operations, a room for incubating samples of fully processed canned meat product is provided. The room is of adequate size and properly equipped for incubation. The room is equipped with a 7 day recording thermometer located on an outside wall and visible from outside the room. The shelves are made of expanded metal and are removable. The sensitive elements of the thermostat and recording thermometer are below the bottom shelf. The floor in the room is pitched to a floor drain equipped with a removable screw plug. The door of the room is equipped for sealing.

(s) A designated area is indicated and properly equipped for the reinspection of received carcasses and other products.

(t) A suitable rust resistant metal table is provided in an unobstructed space in a cooler for holding returned product for inspection.

(u) Each employee is provided with a metal locker at least 15 by 18 by 60 inches, having a sloping top and elevated on legs 16 inches long, removable plastic or wood seats 12 inches wide are provided in front of and below the doors of the lockers (or, a single plastic or wooden seat 12 inches wide securely attached to the floor by a minimum number of pipe leg supports is located 2 1/2 feet in front of the lockers). The dressing room will be used by not more than (give number and sex of employees). Alternate means of storing work clothing or equipment will be considered if this can be accomplished in an orderly and sanitary manner.

(v) The inspector's office is provided with suitable furniture, including a desk and chairs, a metal clothing locker (at least as large as that provided for employees) for each inspector, a metal cabinet equipped with a lock for the storage of supplies, and lavatory and toilet facilities.

(w) A suitable room or space for storage of supplies, such as wrapping paper, cartons and containers, is provided in a convenient location. All supplies are placed on racks 12 inches above the floor.

35:37-7-98. Operations [REVOKED]

- (a) The rate of slaughter is dependent upon the ability of the establishment to present carcasses, their viscera, and parts in an orderly and clean manner, permitting complete and efficient inspection at all times without congestion or other objectionable conditions. Therefore, give the maximum rate expected under optimum conditions. The estimated maximum rate of slaughter is: (give rate for each species or class).
- (b) ~~Animals (are or are not) slaughtered by the Kosher method;~~
- (c) ~~Hides are not spread for inspection in the slaughtering room.~~
- (d) ~~Calves of such large size that:

 - (1) there is not a clearance of at least 12 inches between the carcass and the floor, and
 - (2) the viscera cannot be readily transferred by the eviscerator manually and unaided from carcasses to the viscera inspection pan are not slaughtered on the calf inspection layout. Large calves are skinned and eviscerated as cattle.~~
- (e) ~~In large volume slaughtering plants, duplicate tags are provided to identify cattle and/or calf heads with corresponding carcasses.~~
- (f) ~~Sinks are provided for washing pieces of meat individually and not in batches, under running water.~~
- (g) ~~Hog hair is removed from the slaughtering room in watertight metal containers at the end of the day's operations and

 - (1) removed from the plant in a watertight metal truck and disposed of in a manner that does not create objectionable conditions such as fly breeding or odors; or
 - (2) conveyed to suitable equipment for processing in the plant. (Use appropriate statement.)~~
- (h) ~~Condemned and inedible material is transferred to the inedible products department in suitable watertight metal containers or conveyors

 - (1) for processing in the department; or
 - (2) for removal from the plant daily, or more often if deemed necessary by the inspector in charge, to an outside rendering plant for disposal. (Use appropriate statement.) Suitable facilities are provided for washing the containers used for such materials.~~
- (i) ~~Animals found dead on the premises are disposed of by prompt removal

 - (1) to a rendering plant; or
 - (2) to inedible products rendering department at the establishment. (Use appropriate statement.)~~
- (j) ~~Empty cans in canning department are washed in an inverted position using water at a temperature of at least 180°F, or they are cleaned by an approved jet vacuum device immediately before filling. If hot water is used for cleaning, an easily read dial type thermometer is provided in the hot water line of the sanitizer.~~
- (k) ~~Retorts drain into curbed and drained areas or pits or are connected to the drainage system by interrupted drains.~~
- (l) ~~Sausage material grinding and chopping, bacon slicing, boning, cutting, and similar operations are conducted in departments having a temperature no higher than 50°F. If conducted in areas warmer than this, a mid-shift cleanup will be~~

- ~~performed. Such departments are not located in areas where hanging carcasses or exposed product are stored.~~
- (m) ~~Vegetables are stored in bulk in a suitable separate room and are handled so as to avoid dissemination of dust. Suitable facilities in a location separate from the processing area are provided for the preliminary preparation of vegetables used in product. Vegetables such as celery and potatoes are thoroughly washed before being cut.~~
- (n) ~~Sawdust is conveyed to smokehouses in metal containers with tightly fitting lids (when it is necessary to transport through processing departments). Ashes are removed from smokehouses in the same manner.~~

35:37-7-99. General [REVOKED]

- (a) ~~Each workroom is provided with artificial lighting of good quality having an intensity of at least 50 foot candles at places where inspections are performed and where plant operations require establishment employees to prepare products of any character to meet inspection requirements. Other work surfaces should have at least 30 foot candles of light.~~
- (b) ~~Outer clothing of employees, shroud clothes, etc., are laundered at

 - (1) the plant laundry; or
 - (2) an outside laundry. (Use appropriate statement.)~~
- (c) ~~Roadways on the premises adjoining the plant are hard surfaced, with a binder of asphalt, tar, or cement, and are properly drained.~~
- (d) ~~Wall mounted cabinets, electrical control panels, and the like have a clear space of at least one (1) inch between the mounted units and the wall.~~
- (e) ~~Light fixtures in rooms where exposed meat is handled or processed have a protective shield of suitable non shattering material.~~
- (f) ~~A set of specifications must be submitted with each set of drawings. A minimum of two (2) sets of drawings and two (2) sets of specifications are required for plants not under inspection, and three (3) sets of drawings and three (3) sets of specifications are required for plants that will be under State Inspection.~~

The proposed rule amendments revise fee structures to reflect the increased cost of labor and supplies required to manage the Aquaculture program.

CONTACT PERSON: Bennett Abbott, Assistant General Counsel, Oklahoma Department of Agriculture, Food, and Forestry, Office of General Counsel, P.O. Box 528804, Oklahoma City, OK 73152-8804, phone: (405) 522-5803, email: bennett.abbott@ag.ok.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. PRIVATE COMMERCIAL PRODUCTION

PART 3. LICENSING, REPORTING, AND RECORDS

35:50-1-30. Initial licensing requirements Every aquaculture operation shall obtain a license and aquaculture hauling unit decals from the Department.

- (1) A duplicate license may be issued at the cost of ~~five~~ fifteen dollars ~~(\$5.00)~~ (\$15.00) each. (2) Licenses are non-transferable. (3) A license may be revoked pursuant to Title 2, Section 6-316 F1-4. (4) No license shall be issued prior to an initial inspection by the Department. (5) Each hauling unit used for the transportation of live aquatic species shall be affixed with each of the following: (A) No less than two (2) hauler decals. (i) Each decal shall be replaced every eight (8) years and shall be available from the Department. (ii) Each decal shall cost ~~One Dollar and Seventy Five Cents (\$1.75)~~ five dollars (\$5.00). (B) No less than two (2) date decals indicating the appropriate year. (i) The date decals shall each be applied to a separate hauler decal. (ii) Each date decal shall cost ~~One Dollar and Twenty Five Cents (\$1.25)~~ two dollars and fifty cents (\$2.50) and shall be available from the Department. (6) Prior to issuance of a license, an applicant shall provide the following to the Department: (A) A license fee of ~~ten~~ twenty-five dollars ~~(\$10.00)~~ (\$25.00). (B) Proof of identification including the applicant's age or date of birth and current residency information.

(C) A list of all persons with control or decision-making authority at the aquaculture operation, including but not limited to owners, operators, and managers.

(D) If applicable, copies of any permits directly related to the aquaculture operation issued by the Oklahoma Department of Environmental Quality (including a copy of any BMP submitted to the Oklahoma Department of Environmental Quality), the Oklahoma Water Resources Board, and the Army Corps of Engineers.

(E) A map or aerial photograph showing the aquaculture operation including the facilities and property lines, and specifies the legal description of the property or Global Positioning System (GPS) coordinates.

(F) A catastrophic aquatic species die-off disposal plan that requires immediate notification to the Department and is approved by the Department for emergency purposes.

35:50-1-31. Renewal licensing requirements

Each aquaculture operation shall renew the license and aquaculture vehicle decals by January 15th of each year.

(1) The renewal application shall include the following:

(A) A renewal fee of ~~twenty-five~~ twenty-five dollars ~~(\$10.00)~~ (\$25.00). Any renewal fee received after the annual renewal deadline of January 15th shall be assessed a late fee of ~~twenty-five~~ twenty-five dollars ~~(\$10.00)~~ (\$25.00).

(B) A copy of any modifications, changes, updates, or renewals to the items listed in (6)(B) through (F) of Rule 35:50-1-30.

(C) An annual report.

(2) Each hauling unit used for the transportation of live aquatic species shall be affixed with each of the following:

(A) No less than two (2) hauler decals.

(i) Each decal shall be replaced every eight (8) years and shall be available from the Department.

(ii) Each decal shall cost ~~One Dollar and Seventy Five Cents (\$1.75)~~ five dollars (\$5.00).

(B) No less than two (2) date decals indicating the appropriate year.

(i) The date decals shall each be applied to a separate hauler decal.

(ii) Each date decal shall cost ~~One Dollar and Twenty Five Cents (\$1.25)~~ two dollars and fifty cents (\$2.50) and shall be available from the Department.

GIST/ANALYSIS:

The proposed rules approve disposable materials for use in the collection of blood specimens for the determination of the alcohol concentration thereof, or the presence and concentration of other intoxicating substances, or a combination thereof. The proposed rules eliminate language that implies regulation of health care providers in the performance of their duties by the Board of Tests. The proposed rules make minor changes to terminology related to retained blood samples.

CONTACT PERSON:

Kevin Behrens, State Director of Tests, Board of Tests for Alcohol and Drug Influence, P.O. Box 36307, Oklahoma City, OK 73136-2307, 405-425-2460, kevin.behrens@dps.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

40:20-1-3. Collection, ~~transfer~~transfer, and retention of blood specimens of blood

(a) ~~Withdrawal and collection~~Collection of specimens of blood ~~obtained~~ from living human subjects under the provisions of Title 47 and Title 3 and Title 63, Oklahoma Statutes shall be performed as set forth in this Section. The person, from whom blood is collected for analysis of the presence or concentration of alcohol, other intoxicating substances, or a combination thereof, is referred to as the "Tested Person" for the purposes of this Section.~~The entire process shall be carried out with full regard for the health and safety of the tested persons, and so as to maintain properly the identity, integrity, and composition of such blood specimens.~~

(1) Collection of blood specimens - general conditions.

(A) ~~Blood specimens shall be withdrawn in accordance with accepted medical practices, in an appropriate hospital or medical or clinical environment, including the interior of an ambulance, and collected by persons authorized by Title 47, Section 752 of the Oklahoma Statutes, and these rules, to withdraw blood.~~

(B) No blood shall be knowingly ~~with-~~drawn~~collected~~ from any person with hemophilia or from any person who is taking anticoagulant medication(s) ~~under the direction of a licensed healing arts practitioner.~~ However, the collection of blood from a person with hemophilia or from a person who is taking anticoagulant medications does not invalidate an otherwise valid test.

(2) Procedures ~~and~~techniques, and precautions.

(A) ~~Blood shall be withdrawn by venipuncture, after appropriate preparation of the puncture site(s), and with necessary precautions to maintain asepsis and avoid contamination of the specimens. Puncture site preparation and skin cleansing shall be performed without the use of alcohol or other volatile organic disinfectant.~~

(B) All blood specimens shall be collected directly in or immediately deposited into ~~suitable clean, sterile, dry containers with inert closures, which contain adequate and appropriate anticoagulant(s) and preservative(s) in accordance with recognized procedural standards.~~ 10 milliliter (mL) glass vacuum tubes labeled by the manufacturer as containing 100 milligrams (mg) of sodium fluoride and 20 milligrams (mg) of potassium oxalate. Such containers are hereby approved for the collection of blood for analysis of the presence or concentration of alcohol, other intoxicating substances, or a combination thereof.

~~(C) All disposable materials, supplies, and paraphernalia shall not be reused for the withdrawal and collection or storage of blood specimens. All such materials, supplies, and paraphernalia other than required records or those required to be stored or retained or forwarded for evidentiary or other reasonable purposes shall be safely disposed of as soon as practicable after use. All materials, supplies, and paraphernalia with which the tested subject will or may come into physical contact shall be stored, handled, and used in a properly safe and sanitary manner.~~

~~(D)~~ Each tube ~~or other vessel~~ containing a blood specimen shall be placed into a ~~sealed envelope or other suitable sealed container or enclosure,~~ approved by the State Director of Tests for Alcohol and Drug Influence, and bearing or containing at least the following information:

- (i) Full name of the subject from whom the blood specimen was obtained
- (ii) Date, time, and location where the blood specimen was obtained
- (iii) Name of the law enforcement agency (and unit thereof, if needed for further identification) responsible for obtaining and processing the blood specimen
- (iv) ~~Legible signature~~Signature, printed name, and title of the qualified person who withdrew the blood specimen.

(b) **Handling and disposition of state's blood specimen.** A blood specimen collected at the request of a law enforcement officer, hereafter termed "State's blood specimen~~Blood Specimen~~," shall be handled and processed as set forth hereinafter.

(1) Each State's ~~blood specimen~~Blood Specimen, in its sealed container and employing other shipping or transport enclosures as required, shall be promptly dispatched or forwarded by the law enforcement agency to a central or branch forensic laboratory of the Oklahoma State Bureau

of Investigation, or to another official Forensic Alcohol Laboratory or Forensic Drug Laboratory approved by the Board, as appropriate, accompanied by a request for determination of the presence and/or concentration of alcohol and/or other intoxicating substance in such blood specimen, as appropriate. The ~~choice~~selection of the approved ~~Laboratory~~laboratory shall be made by the law enforcement agency employing the arresting officer.

(2) The law enforcement agency may ~~accomplish the dispatch or forwarding of~~forward the State's ~~blood specimen~~Blood Specimen to the approved ~~Laboratory~~laboratory of its choice by use of the U. S. Postal Service, personal delivery, or by any other appropriate means.

(3) The storage and dispatch or forwarding of the State's ~~blood specimen~~Blood Specimen shall be accomplished in such manner and by such means as to maintain the identity and integrity of specimens, maintain the chain of custody, to exclude tampering with and unauthorized access to or exchange or loss of specimens, and to provide the requisite security for evidentiary purposes.

(c) **Collection, transfers, and retention of retained blood specimens.** Whenever a State's blood specimen is collected under the provisions of Title 47, Oklahoma Statutes, at the direction of a law enforcement officer and for the purpose of determining the concentration of alcohol or other intoxicating substance thereof, an additional and separate blood specimen shall be collected at the same time and by the same qualified person withdrawing the State's blood specimen. The resulting additional specimen is hereafter termed "Retained Blood Specimen." Such Retained Blood Specimens shall be collected, retained, transferred, and analyzed as set forth hereinafter.

(1) **Collection of retained blood specimens** ~~Retained Blood Specimens.~~

(A) Whenever possible, the additional blood specimen shall be withdrawn from the tested person without performing additional venipunctures, and shall be collected incident to and as a part of the entire blood collection process.

(B) The Retained Blood Specimen shall be ~~with- drawn—~~and collected in a manner identical to the State's ~~blood specimen~~Blood Specimen and as set forth heretofore in this Section.

(C) The tube ~~or other vessel~~ containing the Retained Blood Specimen shall be placed into a ~~sealed envelope or other suitable sealed container or enclosure~~, approved by the State Director of Tests for Alcohol and Drug Influence, and bearing or containing at least the following information:

- (i) Full name of the subject from whom the blood specimen was obtained
- (ii) Date, time, and location where the blood specimen was obtained
- (iii) Name of the law enforcement agency (and unit thereof, if needed for further identification) responsible for obtaining and processing the blood specimen

(iv) ~~Legible signature~~Signature, printed name, and title of the qualified person who withdrew the blood specimen.

(2) **Transfer of retained blood specimens** ~~Retained Blood Specimens to an approved retention laboratory.~~

(A) Each Retained Blood Specimen, in a sealed container and employing other shipping or transport enclosures as required, shall be promptly transferred by the law enforcement agency to a Retention Laboratory approved by the Board of Tests for Alcohol and Drug Influence and designated for that purpose by the Board.

(B) Each Retained Blood Specimen so transferred shall be accompanied by substantially the following information, clearly associated with a given specimen:

- (i) Name, location, address, and telephone number of the law enforcement agency (and unit thereof if needed for further identification) transferring the blood specimen
- (ii) Date of transfer of the blood specimen from the law enforcement agency to the Approved Retention Laboratory
- (iii) Full name of the subject from whom the blood specimen was obtained
- (iv) Date, time and location of blood specimen collection
- (v) Case or identification number assigned to the case or subject by the law enforcement agency
- (vi) ~~Legible signature~~Signature, printed name, and title of the authorized person initiating the transfer of the specimen from the law enforcement agency to the Approved Retention Laboratory.

(C) The law enforcement agency may ~~accomplish the transfer or forwarding of~~forward the Retained Blood Specimen to the Approved Retention Laboratory designated by the Board by use of the U. S. Postal Service, personal delivery, or by any other appropriate means.

(D) The transfer or forwarding of the Retained Blood Specimen shall be accomplished in such manner and by such means as to maintain the identity and integrity of specimens, to exclude tampering with and unauthorized access to or exchange or loss of specimens, and to provide the requisite security for evidentiary purposes.

(E) Neither the tested person, nor any agent or attorney of such person, shall have access to the Retained Blood Specimen while it is in the custody of the law enforcement agency, or during the transfer process, or thereafter.

(3) **Retention and storage of retained blood specimens** ~~Retained Blood Specimens.~~

(A) Each Retained Blood Specimen, in a sealed envelope or other sealed container or enclosure, shall be kept and stored by the Approved Retention Laboratory designated by the Board for sixty (60) days from the date of collection, unless transferred prior thereto

to a Board-approved Forensic Alcohol Laboratory or Forensic Drug Laboratory as hereinafter provided. After the expiration of sixty (60) days from the date of such collection, all such Retained Blood Specimens, other than those transferred to an approved Laboratory as hereinafter provided, may be promptly and safely destroyed by the Approved Retention Laboratory.

(B) Retained Blood Specimens shall be stored and kept in accordance with policies, practices, or procedures established by the Approved Retention Laboratory responsible for obtaining and storing these specimens and not inconsistent with the Rules of the Board of Tests for Alcohol and Drug Influence. Storage shall be carried out in such a manner and by such means as to maintain the identity and integrity of specimens, to exclude tampering with and unauthorized access to or exchange or loss of specimens, and to provide the requisite security for evidentiary purposes.

(C) Neither the tested person, nor any agent or attorney of such person, shall have access to the Retained Blood Specimen while it is in the custody of the Approved Retention Laboratory.

(4) ~~Transfer of retained blood specimens~~Retained Blood Specimens to a forensic alcohol laboratory or forensic drug laboratory.

(A) Upon ~~proper~~written direction by the tested person or such person's agent to the Approved Retention Laboratory ~~which~~that has custody of the Retained Blood Specimen obtained from such person, received in accordance with such Approved Retention Laboratory's policies, practices and procedures and within sixty (60) days from the date of collection of the Retained Blood Specimen, the Approved Retention Laboratory shall promptly transfer the Retained Blood Specimen obtained from such person to any Forensic Alcohol Laboratory or Forensic Drug Laboratory, as appropriate, which is approved by the Board of Tests for Alcohol and Drug Influence and was selected by such person or such person's agent.

(B) The Approved Retention Laboratory may ~~accomplish the transfer of~~ the Retained Blood Specimen to the Forensic Alcohol Laboratory or Forensic Drug Laboratory by use of the U. S. Postal Service, personal delivery, or by any other appropriate means; provided, that neither the tested person nor any agent or attorney of such person shall have access to the Retained Blood Specimen during the transfer process, or thereafter.

GIST/ANALYSIS:

The proposed rules approve evidential breath alcohol measurement devices for use in determining the breath alcohol concentration of persons suspected of driving under the influence or driving while impaired. The proposed rules approve dry gas canisters to be used as external reference methods in conjunction with approved evidential breath alcohol measurement devices. The proposed rule revocations eliminate language that is either unnecessary or relocated to other rules.

CONTACT PERSON:

Kevin Behrens, State Director of Tests, Board of Tests for Alcohol and Drug Influence, P.O. Box 36307, Oklahoma City, OK 73136-2307, 405-425-2460, kevin.behrens@dps.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

40:25-1-2. Approved evidential breath-alcohol analyzers measurement devices

~~(a) Any evidential breath alcohol analyzer, approved by the Board as an automated analyzer, by resolution, at an~~

open meeting of the Board is hereby approved for analysis of alcohol in breath specimens and is designated as an automated analyzer. The Intoxilyzer 8000 is hereby approved for determining the presence or concentration of alcohol in subject's breath.

(b) ~~The Board may expunge from approval any previously approved analyzer, by resolution, at an open meeting of the Board.~~

(c) ~~The Board shall maintain a list of all said approved analyzers, available for public review at the administrative office of the Board during regular office hours.~~

40:25-1-3. Alcoholic breath simulators and reference methods Approved dry gas canisters

(a) ~~Any alcoholic breath simulator or reference method, approved by the Board, by resolution, at an open meeting of the Board is hereby approved, for use in association with any breath alcohol analysis apparatus, device, or instrument for the determination of the alcohol concentration of breath specimens approved for that purpose by the Board of Tests for Alcohol and Drug Influence. Any pressurized dry gas canister labeled by the manufacturer with a target value of 0.080 BAC, 2% or .002, whichever is greater, is hereby approved for use in association with approved evidential breath alcohol measurement devices.~~

(b) ~~The Board may expunge from approval any previously approved simulator or reference method, by resolution, at an open meeting of the Board. The State Director of Tests, in accordance with the needs of the agency, may deploy dry gas canisters approved by this section for the purpose of performing calibration checks of approved evidential breath alcohol measurement devices.~~

(c) ~~The Board shall maintain a list of all said approved simulators or reference methods, available for public review at the administrative office of the Board during regular office hours. The State Director of Tests shall maintain a list of the dry gas canisters approved by this section that have been deployed by the agency.~~

40:25-1-4. Disposable materials, supplies, and paraphernalia [REVOKED]

(a) ~~**Items for breath alcohol analysis.** In the collection and analysis of breath specimens for the determination of the alcohol concentration thereof by means of any apparatus, device, instrument, method, or procedure approved for that purpose by the Board of Tests for Alcohol and Drug Influence or its predecessor agency, the following safeguards additional to the prescribed operating procedure shall be employed in every such collection and/or analysis involving a human subject.~~

(1) ~~All mouth pieces employed in any breath test shall be new, previously unused, commercial items designed and manufactured for that purpose and specifically approved for such use by the State Director of Tests for Alcohol and Drug Influence. For the purpose of this rule, breath test means the completion of the steps contained in~~

~~40 O.A.C. 30-1-3 and the operating procedure prescribed by the State Director of Tests.~~

(2) ~~Any such disposable materials, supplies, and paraphernalia shall not be reused for the collection or analysis of breath specimens from any other human subject.~~

(3) ~~All such disposable materials, supplies, and paraphernalia, other than required records or report or other documents, shall be safely disposed of as soon as practicable after use.~~

(4) ~~All such disposable materials, supplies, or paraphernalia with which the tested subject will or may come into physical contact shall be stored, handled, and used in a properly safe and sanitary manner.~~

(b) ~~**Items for blood alcohol analysis.** All materials, supplies, and paraphernalia of whatever kind (including but not limited to hypodermic needles, syringes, partially evacuated tubes and other containers, anticoagulants, preservatives, etc.) employed in the withdrawal and collection of blood and storage of blood specimens shall be new, previously unused, sterile or otherwise suitable single use disposable commercial items designed and manufactured for that purpose and approved for such use by the State Director of Tests for Alcohol and Drug Influence; or shall be other suitable items, materials, or supplies specifically approved for such use by the State Director of Tests for Alcohol and Drug Influence.~~

Kevin Behrens, State Director of Tests, Board of Tests for Alcohol and Drug Influence, P.O. Box 36307, Oklahoma City, OK 73136-2307, 405-425-2460, kevin.behrens@dps.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

40:50-1-1.1. Definitions

The following words or terms, when used in this chapter, shall have the following meaning, unless the context clearly indicates otherwise.

"Absconding" means a failure of an interlock program participant to remedy a permanent lockout in accordance with these rules within 30 days of the occurrence of such permanent lockout, which results in a report of removal being sent to the installation authority and/or monitor.

"Alcohol" means Ethyl Alcohol, also called ethanol.

"Anti circumvention feature" means any feature or circuitry incorporated into the device that is designed to prevent activity that would cause the device not to operate as intended.

"Board" means the Administrative Offices of the Oklahoma Board of Tests for Alcohol and Drug Influence created by O.S. 47:759.

"Board en banc" means the sitting members of the Board as defined by O.S. 47:759 (A).

"Breath alcohol test" means the analysis of a person's expired alveolar breath to determine the alcohol concentration.

"Calibration" means the process of testing and adjusting a device to ensure accuracy.

"Circumvention" means to bypass the correct operation of an interlock device by starting the vehicle, by any means, without first providing a breath test or passing a confirmatory test.

"Confirmatory test" means a breath test required in response to a circumvention.

"Certification" means a status granted by the Board that permits a manufacturer to distribute a device in the state of Oklahoma.

"Data storage system" means a recording of all events monitored by the device.

"Director" means the position of the State Director of the Board as defined in O.A.C. 40:1-1-3.

"Fee" means a non-refundable administrative fee.

"Free restart" means a function of a device that will allow a vehicle to be restarted under the requirements in this title, without having to complete another breath alcohol test.

"Ignition interlock device" means a mechanism that prevents a vehicle from starting when the breath alcohol concentration of a breath alcohol test meets or exceeds the startup set point. Also referred to as "device".

"Inclusion Zone" means an area encompassing 25 driven miles from the Oklahoma state line as determined by the Board.

"Installation Authority" means the Oklahoma agency or entity by statute or order requiring or authorizing installation of a device.

"License" means the permission granted by the Board to engage in specific activities of the ignition interlock program.

"Manufacturer" means the actual producer of the device.

"Manufacturer representative" means the individual designated by the manufacturer to act on behalf of or represent the manufacturer in all matters under the jurisdiction or consideration of the Board with respect to device certification.

"Monitor" means the agency, organization and/or person(s) designated by the Installation Authority to receive reports regarding ignition interlock program participants.

"Negative result" means a breath alcohol test result indicating the alcohol concentration is less than the specific point value for the purpose specified.

"Penalty Fail" means a breath alcohol test resulting in a positive result that meets or exceeds the specific point value for the purpose specified.

"Permanent lockout" means a condition wherein the device will not allow a breath alcohol test and therefore will not allow the vehicle to be started.

"Positive result" means a breath alcohol test result indicating the alcohol concentration meets or exceeds the specific point value for the purpose specified.

"Proper Record Maintenance" means the manufacturer's complete records on every participant for a period of five (5) years from the date of removal including, but not limited to, all data retrieved from the data storage system of a device. The Board, or its designee, shall have access to any and all records.

"Reciprocity" means the process by which the Board may defer to a foreign state's device standards and specifications when an interlock participant is required to meet an interlock requirement for more than one state simultaneously.

"Reference sample device" means any alcohol breath testing external control or device approved for use by the Board.

"Retest" means a breath alcohol test or tests required in accordance with O.A.C. 40:50-1-3(e).

"Startup set point" means an alcohol concentration at which, or above, the device would prevent the vehicle from starting.

"Tampering" means any act or attempt to alter, interfere, disable, defeat or circumvent the installation or operation of the device.

"Vendor" means a licensed ignition interlock technician designated by the Manufacturer representative of a certified device to act on behalf of or represent the manufacturer in all matters under the jurisdiction or consideration of the Board, excluding matters related to device certification.

40:50-1-6.1. Removal requirements

The device shall be removed according to the following guidelines:

- (1) The only person(s) allowed to remove or observe the removal of the device are ignition interlock technicians ~~duly~~ licensed by the Board.
- (2) A designated waiting area that is separate from the removal area is to be provided for the participant.
- (3) Adequate security measures shall be taken to ensure that unauthorized personnel cannot gain access to proprietary materials or files of other participants.
- (4) All data contained in the data storage system shall be retrieved in conjunction with removal of the device. Records may be maintained electronically.
- (5) Upon completion of the removal of the device, the licensed ignition interlock technician shall:
 - (A) Provide the participant a report showing the removal of the device, and
 - (B) Notify the Board in the form and/or format designated by the Board.
 - (C) Notify the installation and monitoring authority in the form and format designated by the Board.

40:50-1-8. Ignition interlock technician

- (a) No person may perform any service(s) related to any device in this state or located within the inclusion zone without being duly licensed by the Board.
- (b) An applicant who has been convicted of an alcohol related traffic offense or any offense classified as a felony, within five (5) years prior to the date of filing of the applicant's application for licensure as an ignition interlock technician may not be eligible for licensure. For purposes of this section, a conviction means the applicant was adjudicated guilty by a court of competent jurisdiction.
- (c) An applicant must be at least eighteen (18) years of age.
- (d) An applicant must possess a valid driver license.
- (e) A vendor seeking licensure for an ignition interlock technician shall initiate an ignition interlock technician license application and remit the appropriate fee by accessing the Board website at <http://ignitioninterlock.ok.gov>.
- (f) The applicant shall:
 - (1) Complete the ignition interlock technician license application.
 - (2) Complete and score an 80% or higher on a knowledge and skills examination administered by the Board.
 - (3) Submit a criminal history report certified within the immediately preceding thirty (30) days from either the Oklahoma State Bureau of Investigation or, if the applicant has not lived in Oklahoma for the immediately preceding five (5) years, a criminal background check from the agency responsible for keeping criminal history in the state or states of previous residence.
- (g) Each application for licensure shall be for a single ignition interlock technician. Separate ignition interlock technician applications are required for additional ignition interlock technicians.

(h) The technician must utilize the ignition interlock management system for issuing, updating, and removing the installation verification form for any participant provided device related services.

Kevin Behrens, State Director of Tests, Board of Tests for Alcohol and Drug Influence, P.O. Box 36307, Oklahoma City, OK 73136-2307, 405-425-2460, kevin.behrens@dps.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S.,

Permanent Final Adoptions

SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. ALCOHOL SCREENING DEVICES

40:55-1-1. Approved devices

Devices listed on the current *Conforming Products List of Screening Devices to Measure Alcohol in Bodily Fluids* (77 FR 35745), or conforming to the *Model Specifications for Screening Devices to Measure Alcohol in Bodily Fluids* (73 FR 16956), published by the National Highway Traffic Safety Administration are approved for use as alcohol screening devices for law enforcement use to aid in the detection of impaired drivers.

40:55-1-2. Operating Procedure

(a) **Authorized use.** Alcohol screening devices approved by these rules shall be used as a presumptive preliminary breath test. The operator of the alcohol screening device, or the law enforcement agency employing the operator, shall determine the appropriate timing for use of the alcohol screening device during impaired driving investigations.

(b) **Operation.** Alcohol screening devices approved by these rules shall be operated in accordance with the manufacturer's instructions. In addition to any manufacturer's instructions, the operator of the alcohol screening device shall observe the subject for at least 15 minutes prior to obtaining a breath sample to confirm that the subject has not ingested any substance, vomited, or smoked during that time.

40:55-1-3. Calibration check and calibration

(a) **Authorized personnel.** The calibration, or calibration check, may be performed by the operator, a designated member of the law enforcement agency employing the operator, or a third party in accordance with the manufacturer's instructions.

(b) **Calibration check interval and procedure.** Alcohol screening devices approved by these rules shall be checked for calibration accuracy annually. Calibration accuracy shall be within (=/-) 0.005 g/210L of the value of the reference method at the time of the calibration check. Calibration checks shall be performed in accordance with the manufacturer's instructions.

(c) **Calibration procedure.** Calibrations shall be performed in accordance with the manufacturer's instructions when a calibration check falls outside (+/-) 0.005 g/210L of the value of the reference method at the time of the calibration check.

SUBCHAPTER 2. DRUG SCREENING DEVICES

40:55-2-1. Approved method

The approved method for drug screening devices for use in the field by law enforcement officers is oral fluid testing accomplished by immunoassay lateral flow testing devices.

40:55-2-2. Approved devices

The following devices are approved for use as drug screening devices:

- (1) Draeger Drug Test 5000
- (2) Alere DDS-2

40:55-2-3. Use, precautions, and maintenance

(a) Oral fluid testing shall be performed in accordance with the manufacturer's instructions related to the use of the approved device.

(b) The officer shall be trained in the use of the approved drug screening device in accordance with the manufacturer's specifications. The drug screening device results do not imply impairment in and of themselves. All precautions for the safety of the subject as prescribed by the manufacturer shall be adhered to.

(c) Approved drug screening devices shall be maintained in accordance with the manufacturer's instructions.

GIST/ANALYSIS:

The rule requires applicants who are age forty (40) or older to provide specific health information when applying to be licensed as a combative sports practitioner in boxing or Mixed Martial Arts. The rule provides a process by which licensure can be denied if it is determined that competing in a combative sports event poses an undue risk to the applicant's health or safety. The rule also provides a process by which a denied applicant may request that the Commission review the denial. The rule implements 3A O.S. § 603(A) which

authorizes the Commission to promulgate rules defining qualifications for licensure.

CONTACT PERSON:

Aleta Billings, Oklahoma State Athletic Commission, 1000 NE 10th Street, Room 159, Oklahoma City, OK 73117-1299; Phone: (405) 271-2694.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

92:10-1-4. Licenses process

- (a) All participants must apply for and be issued a license before participating in an event.
- (b) Each applicant for a license shall request an official application from the Commission. The Commission will not process any application for a license that does not contain the proper fee and all information required from the applicant. All licenses expire on June 30 of each year following the date of issuance.
- (c) Each participant shall consistently use the same name in events. Each participant shall provide the Commission with the participant's legal name and the name to be used in events, if any.
- (d) The license fees and permit fees shall be:
 - (1) Professional Promoter - \$250.00
 - (2) Combative Sports Practitioner Fee - \$30.00
 - (3) Referee Fee - \$50.00
 - (4) Judge - \$50.00
 - (5) Matchmaker - \$150.00
 - (6) Second - \$25.00
 - (7) Announcer - \$20.00
 - (8) Timekeeper - \$40.00
 - (9) Vendor - \$50.00
 - (10) Event Permit Boxing - \$50.00
 - (11) Event Permit MMA - \$100.00
 - (12) Event Permit Wrestling - \$50.00
 - (13) National MMA ID Cards - \$20.00
 - (14) Federal Boxer ID Cards - \$20.00
 - (15) Replacement License, Permit or ID - \$15.00
 - (16) Fight Fax Records - \$5.00 per record requested
- (e) Applicants must provide a residence or business address at the time of application and inform the Commission in writing of any change of address. An applicant whose license or permit is returned to the Commission office because of an incorrect address, or whose application is not legible forfeits the fee that has been paid and must submit a new application and pay a replacement fee in order to be issued a license or permit.
- (f) Applicants shall provide the Commission with identification showing proof of age.
- (g) Any person whose license is lost or stolen may obtain a replacement from the Commission.
- (h) No license issued under the Act or these rules shall be transferable.

(i) Applicants for licensure as combative sports practitioners in boxing, kickboxing or MMA who are 40 years of age or older shall attach to their application the following:

- (1) the results a thorough physical examination administered by a Medical Doctor (MD) or Doctor of Osteopathy (DO) on a form provided by the Commission;
- (2) a Dilated Ophthalmologic Examination;
- (3) a Brain MRI
- (4) a Cardiac Stress Echo; and
- (5) a Cardiac Stress Test.

(j) The examinations and tests required by this subsection shall be dated no more than One Hundred Eighty (180) days prior to the date of the event. The application shall be submitted to the Commission at least ten (10) days prior to the date of the event. The Commissioner who has experience in sports medicine, or a physician certified by the Association of Ringside Physicians approved by the Commission, shall review the application. The Executive Director shall deny the application if the Commissioner or approved physician determines that competing in a combative sports event poses an undue risk to the applicant's health or safety.

(k) If an application is denied under subsection (i) of this section, the applicant may file a written request within ninety (90) days for the denial to be reviewed by the Commission at its next regularly scheduled meeting. The Commission may in its discretion reverse the denial and approve the application. The review shall not constitute an individual proceeding under the Oklahoma Administrative Procedures Act.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 3. OFFICE OF JUVENILE SYSTEM OVERSIGHT

135:10-3-2. Duties and responsibilities
(a) In addition to the duties set out in 10 O.S. § 601.6 et seq., the Office of Juvenile System Oversight:
(1) Shall conduct periodic inspections of facilities and community-based programs operated within the state by public and private agencies;
(2) Shall abide by applicable state and federal confidentiality statutes;
(3) Shall, to the maximum extent possible consistent with state and federal law, discharge its responsibilities in a manner open to the public;
(4) Shall provide ongoing education and training for current and new OJSO staff to ensure implementation of established rules and procedures; and
(5) May release de-identified reports to the public relating to their investigations and make recommendations when appropriate.
(b) Pursuant to 10 O.S. § 601.4(11), the Director or the Director's designee may request that an investigation be conducted by the Oklahoma State Bureau of Investigation in matters under OJSO review where the Director or designee reasonably believes that criminally injurious conduct including, but not limited to, physical or sexual abuse of a child has occurred.

The proposed new rules establish the procedure by which the Oklahoma Commission on Children and Youth shall credential juvenile competency evaluators pursuant to Oklahoma Session Laws 2015, ch. 398, § 4, codified at 10A O.S. § 2-2-401.4, which became effective Jan. 1, 2016.
CONTACT PERSON:
Michael Walsh, Oklahoma Commission on Children and Youth, at (405) 606-4900; Michael.Walsh@occy.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 26. JUVENILE FORENSIC EVALUATOR CREDENTIALING

135:10-26-1. Origin and authority
The Oklahoma Commission on Children and Youth has the duty of credentialing juvenile forensic evaluators pursuant

Permanent Final Adoptions

to 10A O.S. § 2-2-401.4. The Commission shall establish procedures for ensuring the training and qualifications of evaluators and shall provide a list of credentialed juvenile forensic evaluators to the Administrative Office of the Courts.

135:10-26-2. Definitions

The following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Commission" shall refer to the Oklahoma Commission on Children and Youth.

"Competent and competency" refer to a child's ability to understand the nature and objectives of a proceeding against the child or to assist in the child's defense. A child is incompetent if, due to developmental disability, developmental immaturity, intellectual disability, or mental illness, the child is presently incapable of understanding the nature and objective of proceedings against the child or of assisting in the child's defense.

"Credentialed forensic evaluator" means a licensed psychologist, psychiatrist or other physician with necessary education, training, and experience to perform juvenile competency evaluations, and who has been approved to render such opinions for the court.

"Developmental disability" means a severe and chronic disability that is attributable to a mental or physical impairment. Such disabilities include, but are not limited to, cerebral palsy, epilepsy, autism, or other neurological conditions that lead to impairment of general intellectual functioning or adaptive behavior.

"Developmental immaturity" means a condition based on a juvenile's chronological age and significant lack of developmental skills when the juvenile has no significant mental illness or intellectual disability.

"Director" means the Director of the Oklahoma Commission of Children and Youth.

"Intellectual disability" means a disability characterized by significant limitations both in intellectual functioning and in adaptive behavior as expressed in conceptual, social and practical adaptive skills.

"Juvenile Competency Evaluation Professional Committee" or **"Professional Committee"** shall mean those persons appointed by the Director to perform the duties provided for by this subchapter.

"Mental illness" has the same meaning as in paragraph 11 of Section 5-502 of Title 43A of the Oklahoma Statutes.

135:10-26-3. Credentialing process

(a) **Eligibility.** In order to be eligible to be placed on the list of credentialed juvenile forensic evaluators, a psychologist, psychiatrist or other physician shall:

- (1) Submit an application on a form prepared by the Director in consultation with the Professional Committee;
- (2) Hold a current license to practice in Oklahoma;
- (3) Provide documentation of clinical experience consisting of at least two thousand (2,000) hours, of which one thousand (1,000) hours must be postdoctoral, in the

assessment, diagnosis or treatment of children and/or adolescents with developmental disability, developmental immaturity, intellectual disability or mental illness;

(4) Demonstrate professional experience conducting comprehensive/integrated psychological evaluations of children and/or adolescents which shall include administering intellectual/cognitive, personality and behavioral measures; and

(5) Successfully complete the Oklahoma Juvenile Forensic Evaluator Training including a post-training written exam.

(b) **Provisional approval.** A candidate who meets the criteria established in (a). shall be deemed provisionally approved by the Commission and shall be placed on the list of credentialed evaluators. Such provisionally approved evaluators shall complete one juvenile competency evaluation at the discretion of the court. At the time that the provisionally approved evaluator submits the first evaluation report to the court, the evaluator shall submit a redacted copy to the Professional Committee for review. The report will be assessed by the Professional Committee to determine adherence to the minimum criteria as established in the Oklahoma Juvenile Forensic Evaluator Training.

(c) **Final Approval.**

(1) The Professional Committee shall submit to the Commission for final approval the names of those evaluators whose first report meets minimum criteria as determined by the Professional Committee. Persons approved by the Commission shall remain on the list of credentialed evaluators for a period of three (3) years. Approved evaluators must retake and successfully complete the Juvenile Forensic Evaluator Training at the end of each three-year period in order to remain on the list.

(2) If an evaluator's first evaluation report does not meet minimum criteria, the Professional Committee shall notify the court. The Professional Committee shall also inform the evaluator of the deficiencies, make mentoring available, and provide an opportunity for the evaluator to submit one additional report contingent upon referral by a court. If the Professional Committee determines that the second evaluation report does not meet minimum criteria, the Professional Committee shall notify the court and the evaluator's name shall be removed from the list of credentialed evaluators. A person whose name is removed from the list may reapply and must retake and successfully complete the Oklahoma Juvenile Forensic Evaluator Training.

135:10-26-4. Juvenile Competency Evaluation Professional Committee

(a) **Membership.** The Director shall appoint up to twelve (12) members each serving a term of three (3) years. Members may be reappointed at the discretion of the Director. The members shall be persons who have training and experience in matters related to juvenile competency and shall include as a minimum:

- (1) Four persons licensed to practice either psychology or psychiatry in the State of Oklahoma;

- (2) One judge with responsibility for juvenile cases;
 - (3) One defense attorney who primarily represents juvenile defendants;
 - (4) One prosecuting attorney with responsibility for juvenile cases; and
 - (5) A legal or other professional with expertise in areas relevant to competency such as developmental disabilities, special education or competency restoration services.
- (b) Duties. The Professional Committee shall advise the Commission on development and implementation of Juvenile Competency Evaluator credentialing including but not limited to:

- (1) Developing and administering the Oklahoma Juvenile Forensic Evaluator Training;
- (2) Reviewing evaluator applications and determining whether an applicant meets minimum criteria for provisional approval;
- (3) Reviewing in a timely fashion reports submitted by provisionally approved evaluators, and recommending evaluators to the Commission for final approval; and
- (4) Performing any other duties as directed by the Commission.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

140:1-1-2. Definitions

The following words and terms when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Accredited Chiropractic College" means a chiropractic educational institution, which is accredited by the Commission on Accreditation of the Council on Chiropractic Education or its successor.

"Act" means the Oklahoma Chiropractic Practice Act, 59 O.S. 1991, §§161.1 et seq.

"APA" means the Oklahoma Administrative Procedures Act, 75 O.S.1991, §§ 250 et seq.

"Advisory Committee" means the committee appointed by the Board to advise and assist the Board in the investigation of the qualifications for licensure, complaints as to the conduct of chiropractic physicians, and for such other matters as the Board delegate to them.

"Applicant" means any person submitting an application for licensure to the Board.

"Board" means the Board of Chiropractic Examiners.

"Certified chiropractic assistant" means an unlicensed member of a chiropractic physician's team of healthcare workers who may assist a chiropractic physician in the performance of examination and therapeutic procedures and techniques necessary to deliver healthcare services within the scope of chiropractic and has been certified by the Board.

"Chiropractic" means the science and art that teaches health in anatomic relation and disease or abnormality in anatomic, disrelation, and includes hygienic, sanitary and therapeutic measures incident thereto in humans.

"Chiropractic physician" or "licensee" means a person who holds an original license to practice chiropractic in this state.

"Continuing education requirements" means attendance by a licensee at a minimum of (16) sixteen hours of Chiropractic education seminars as required for a renewal license.

"Emergency meeting" means a meeting of the board, which is called pursuant to the Open Meeting Act based upon exigent circumstances, which require expedited attention, by the board to the matters concerned.

~~**"Emergency meeting"** means a meeting of the board, which is called pursuant to the Open Meeting Act based upon exigent circumstances, which require expedited attention, by the board to the matters concerned.~~

Permanent Final Adoptions

"Examination" means the process used by the Board, prior to the issuance of an original license, to test the qualifications and knowledge of an applicant on any or all of the following: current statutes, rules, or any of those subjects listed in Section 161.8 of the Act.

"Executive Director" means the Executive Director of the Board.

"Final order" means an order made by the Board pursuant to the APA and which is subject to judicial review.

"Individual proceeding" means the formal process employed by the Board to provide a hearing for a licensee of the Board to provide a hearing for the licensee of the Board accused of a violation of the Act and in which the Board may take action against such person's original license to practice chiropractic in this state.

"Licensure" means the Board's process with respect to the grant, denial, renewal, revocation, or suspension of an original or renewal license.

"Nonclinical" means of a business nature including, but not limited to, practice management, insurance information, and computer information. It shall also mean the discussion of philosophy as it relates to the performance of chiropractic; **"OAC"** means the Oklahoma Administrative Code.

"Order" means a formal or official decision of the Board including, but not limited to, final orders.

"Original license" means a license which grants initial authorization to practice chiropractic in this state issued by the Board to an applicant found by the Board to meet the requirements for licensure of the Act,

(A) by examination pursuant to § 161.7 and 161.8 of the Act and 140:10-3-1 through 140:10-3-4; or

(B) by relocation of practice pursuant to § 161.9 of the Act and 140:10-3-5.

"Party" means a person or agency named and participating or properly seeking and entitled by law to participate in an individual proceeding.

"Person" means any individual, association, governmental subdivision, or public or private organization of any character other than an agency.

"Regular meetings" means regular meetings of the Board held at such times and places as scheduled by the Board and includes continued and reconvened meetings as may be allowed pursuant to the Open Meetings Act. Provided, however, that continued and reconvened meetings shall be as limited by the Open Meeting Act.

"Relocation of Practice" means the ability for an applicant to obtain a chiropractic license on the following conditions:

(A) The applicant is of good moral character;

(B) The applicant shall submit documentary evidence that they have been in active practice for five (5) years immediately preceding the date of application;

(C) The applicant has had no disciplinary action pending against their license in any other state, country or province:

(D) The licensee requesting relocation of practice shall comply with the jurisprudence assessment examination administered by the Board of Chiropractic Examiners of this state.

(E) The applicant may be requested to appear before the Board for a personal interview, and:

(F) The applicant shall meet all other requirements set forth in the Oklahoma Chiropractic Practice Act.

"Renewal license" means a license issued by the Board on or before the first day of January of each year to a licensee, which authorizes the licensee to practice chiropractic in this state for the succeeding calendar year.

"Revocation" means the recalling, annulling or rendering inoperative of an original license or renewal license, or both, by the Board, after notice and an opportunity for a hearing in an individual proceeding.

"Rule or rules" means the rules of the Board promulgated pursuant to the APA or its successor statutes.

"Rule-making" means the process employed by the Board for the promulgation of a rule.

"Scope of practice" means chiropractic is the science and art that teaches health in anatomic relation and disease or abnormality in anatomic disrelation, and includes hygienic, sanitary and therapeutic measures incident thereto in humans. Pursuant to 59 O.S. § 161.2, the Board hereby approves those diagnostic and treatment services and procedures related to the science and art of chiropractic as defined herein and as described in the Oklahoma Chiropractic Practice Act and, which have been taught by an accredited chiropractic college. Such diagnostic and treatment services and procedures shall include the following: Chiropractic physicians may examine, analyze and diagnose the human body to correct, relieve or prevent diseases and abnormalities by the use of any physical, chemical, electrical, or thermal method; use or order diagnostic radiological imaging; use or order laboratory testing; and use any other method of examination for diagnosis and analysis taught by an accredited chiropractic college. In addition, Chiropractic physicians may adjust, manipulate and treat the human body by manual, mechanical, chemical, electrical, or natural methods; by the use of physiotherapy; meridian therapy; by utilizing hygienic, sanitary and therapeutic measures; by the administration of naturopathic and homeopathic remedies, by the application of first aid or by performing any other treatment taught by an accredited chiropractic college. Nothing in this rule shall permit a Chiropractic Physician to prescribe legend drugs, beyond injectable nutrients as authorized by Section 161.12 of the Oklahoma Statutes.

"Secretary-Treasurer" means the Secretary-Treasurer of the Board.

"Special meeting" means all meetings of the Board other than regular or emergency meetings.

"Suspension" means temporary discontinuance or cessation, with an expectation of reinstatement, of an original license or renewal license, or both, by the Board after notice and an opportunity for a hearing as required in an individual proceeding.

GIST/ANALYSIS:

The rule amendment deletes the requirement that the Board approve or deny an application within thirty days after submission. The Board does not meet monthly making compliance with the rule unduly burdensome and costly. The amendment does not prevent the Board from making timely reviews of the applications. The proposed amendment in OAC140:10-5-3 removes the discrepancy between OAC 140:10-5-3 and OAC 140:10-8-1(2)(E). The proposed rule harmonizes the two rules and clarifies that the penalty fee for late renewal of a license is One Hundred and Fifty Dollars (\$150.00).

CONTACT PERSON:

Beth Kidd, Executive Director, 421 N.W. 13th Street, Suite 180, Oklahoma City, Oklahoma 73103, 405-522-3400.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 5. PROCEDURES FOR RENEWAL LICENSES

140:10-5-2. License renewal program approval

(a) Approval of programs to be offered to satisfy license renewal provisions of the Subchapter is vested solely in the Board. No program shall be offered, advertised or marketed for the purpose of license renewal prior to being approved by the Board.

(b) It shall be the duty of the Board to review and consider for approval, during a meeting of the Board, every application from a chiropractic association or ~~institution~~ accredited chiropractic colleges which desires to present a continuing chiropractic education program required for license renewal.

(c) The Board shall maintain a list of all chiropractic associations or accredited chiropractic colleges ~~institution~~ that notify the Board of an intent to present a continuing chiropractic education program for license renewal. It shall be the duty of each association to inform the Board of any change of address or name.

(d) A chiropractic association or accredited chiropractic college ~~institution~~ may submit applications to present continuing chiropractic program for license renewal. All applications to present continuing chiropractic program must be submitted at least ninety (90) calendar days prior to said education programs being presented. Each application must contain the qualifications of the applicant, association or entity seeking to sponsor the program, the state of domicile, the classification of the applicant as "profit" or "nonprofit", and the educational experience of the instructors conducting the program.

(e) The board shall create and approve a form to be used by a chiropractic association or accredited chiropractic college ~~institution~~ to apply for approval to present a continuing chiropractic education program. In order to be considered for approval, such form shall be completed by an association or accredited chiropractic college. An association or accredited chiropractic college shall submit a separate application for each program it wishes to present.

(f) The board in its discretion, may refer the application to the Advisory Committee or the Executive Director for review and/or information gathering.

~~(g) No later than thirty (30) days after submission of the application the Board shall either approve or reject the application.~~

~~(h)g~~ During the meeting provided for in paragraph (b) of this Section, each association and accredited chiropractic college, shall be given the opportunity to make an oral presentation of no more than fifteen (15) minutes for each application to provide the Board with any additional relevant information for such program. The board may request additional information regarding the application.

~~(h)h~~ The board shall consider, among other relevant factors, the content of the program and the cost by for a chiropractic physician to attend the program. The Board shall not approve programs which do not present a program of a chiropractic nature; provided no program shall be approved which is used primarily as a sales promotion for the association and accredited chiropractic college which presents the program or any speaker who presents any part of a program or at which products or services related to the programs are offered for sale.

~~(i)j~~ At the conclusion of all presentations and during the same meeting, the board shall announce individually the approval or denial of the application to present a continuing chiropractic program. The Board shall state the specific reason or reasons for the denial of any application.

~~(k)j~~ All programs approved by the Board shall be open to all persons.

Permanent Final Adoptions

140:10-5-3. Revocation or suspension of license; reinstatement

In the event that a licensee fails to obtain a renewal license on or before the first day of July of each year, the original license of such licensee shall be subject to revocation or suspension, upon order of the Board. The Board may reinstate the original license of such person upon the payment of all fees due, plus a penalty fee in the amount provided for in the Board's fee schedule of One Hundred Dollars (\$100.00), and upon presentation to the Board of satisfactory evidence of compliance with the continuing education requirements.

SUBCHAPTER 7. PUBLIC WELFARE

140:15-7-5. Code of Ethics

There is hereby created the "Oklahoma Chiropractic Code of Ethics". This Code of Ethics is based upon the fundamental principle that the ultimate end and objective of the chiropractic physician's professional services and effort should be: "The greatest good for the patient."

(1) Chiropractic physicians shall attend to their patients as often as they consider necessary to ensure the well-being of their patients, but should avoid unnecessary treatments;

(2) Having once undertaken to serve a patient, chiropractic physicians shall not neglect the patient. Chiropractic physicians shall not terminate their professional services to patients without taking reasonable steps to protect such patients, including due notice to them allowing sufficient time for obtaining professional services of others, delivering to their patients all papers and documents in compliance with paragraph 3 of this subsection;

(3) Chiropractic physicians shall comply within twenty-one (21) calendar days of a patient's authorization certification to provide records, or copies of such records, to those persons whom the patient designates as authorized to inspect or receive all or part of such records. A reasonable charge may be made for the cost of copying records. Unpaid charges incurred by the patient are not grounds for refusal to release records.

(A) After receipt of complaint, all records shall be available for inspection and copying by investigators of the Board during normal business hours.

(B) A patient record shall be maintained for every patient under the care of the chiropractic physician and such records shall be kept confidential. Only authorized personnel shall have access to the records.

(C) Records generally shall not be removed from the control of the chiropractic physician except upon court order or as authorized by law. Board staff shall be authorized to obtain copies or review any records to assure compliance with these rules or other parts of the Act.

(D) Chiropractic physicians shall furnish the Board, its investigators or representatives, information lawfully requested by the Board and shall cooperate with a lawful investigation conducted by the Board.

(4) Subject to paragraph 3 of this subsection, chiropractic physicians should preserve and protect the patient's confidences and records, except as the patient directs or consents, or if the law requires otherwise. They should not discuss a patient's history, symptoms, diagnosis, or treatment with a lawyer until they have received the consent of the patient or the patient's personal representative. They should avoid exploiting the trust and dependency of their patients;

(5) Chiropractic physicians shall maintain the highest standards of professional and personal conduct. Chiropractic physicians shall refrain from all illegal or morally reprehensible conduct;

(6) Chiropractic physicians shall assure that the patient possesses enough information to enable an intelligent choice in regard to proposed chiropractic treatment. The patient shall make his or her own determination on such treatment;

(7) Chiropractic physicians shall observe the appropriate laws, decisions and rules of state governmental agencies of the United States and the State of Oklahoma and cooperate with the pertinent activities.

(8) Chiropractic physicians may advertise but shall exercise utmost care that such advertising is relevant to the selection of a chiropractic physician, is accurate, truthful, not misleading, false or deceptive, and is scrupulously correct in representing the chiropractic physician's professional status and area of special competence. Communications to the public shall not appeal primarily to an individual's anxiety or create unjustified expectations of results. Chiropractic physicians shall conform to all applicable state laws, rules and judicial decisions in connection with professional advertising;

(9) Chiropractic physicians may testify either as experts or when their patients are involved in court cases, workers' compensation proceedings or in other similar proceedings in personal injury or related cases.

(10) The chiropractic profession shall address itself to improvements in licensing procedures consistent with the development of the profession and of relevant advances in science;

(11) Chiropractic physicians who are public officers part time or full time, shall not engage in activities which are, or may be perceived to be, in conflict with their official duties;

(12) Chiropractic physicians shall not commit fraud, misrepresentation, or deception which includes, but is not limited to:

(A) Practicing or attempting to practice chiropractic under false or assumed name;

(B) Aiding, assisting, or advising another in the unlicensed practice of chiropractic;

(C) Fraud or deceit in obtaining or renewing a license to practice chiropractic;

(D) Making false or misleading statements or withholding relevant information regarding the qualifications of any individual in order to attempt to obtain a license or engage in the practice of chiropractic;

(E) Failing to report past, present, or pending disciplinary action by another licensing board or the current status of the final administrative disposition of a matter. A licensee is required to report any compromise or settlement of disciplinary action, whether voluntary or involuntary, which results in encumbrance of licensure;

(F) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, or willfully impeding or obstructing another person to do so. Such reports or records shall include

only those which are signed by the licensee in his/her capacity as a licensed chiropractic physician;

(G) Submitting to any patient, insurer or third-party payor a claim for a service or treatment which was not actually provided to a patient.

(H) Failing to report to the Board a conviction of, or pleading guilty or nolo contendere to, fraud in filing Medicare or Medicaid claims or in filing claims with any third party payor. A copy of the record of the plea or conviction certified by the clerk of the court entering the plea or conviction, shall be conclusive evidence of the plea or conviction.

(13) Chiropractic physicians shall not abuse the physician's position of trust by coercion, manipulation or fraudulent representation in the doctor-patient relationship which includes, but is not limited to:

(A) Engaging in sexual misconduct which consists of sexual behavior that occurs during the doctor-patient relationship. Chiropractic physicians shall terminate the doctor-patient relationship before dating or having a sexual relationship with a patient. Such termination shall be done in writing and signed by both the patient and the chiropractic physician and placed in the patient's record. This paragraph shall not apply to chiropractic physicians treating their spouses.

(B) Engaging in sexual impropriety which consists of behavior, verbal or physical, that is suggestive, seductive, harassing, intimidating or demeaning to a patient.

(C) Engaging in sexual violation which consists of physical contact, whether or not initiated by the patient, that is sexual or may be reasonably interpreted as such.

(14) Chiropractic physicians shall not violate any lawful order of the Board previously entered in a disciplinary hearing or fail to comply with a lawfully issued subpoena of the Board.

(15) Chiropractic physicians shall not make statements which in any way reflect against a fellow licensee including statements which imply superiority over another licensee.

SUBCHAPTER 3. CERTIFIED CHIROPRACTIC ASSISTANT

140:30-3-2. Application for certification

(a) Chiropractic assistants seeking certified chiropractic assistant status shall complete and submit an application on a form provided by the Board. The application shall contain the signature of the applicant's supervisory chiropractic physician and be accompanied by a nonrefundable application fee. The applicant must complete the certification process and pass the certification examination as set forth in these rules within twelve (12) months of the date of ~~examination~~ application.

(b) If an applicant is approved by the Executive Director, the applicant shall be notified by the Executive Director of such approval and will thereafter be eligible to take the certified chiropractic assistant examination.

(c) If an applicant is disapproved, the applicant shall be notified by the Executive Director of such disapproval by the return of the application along with the reason(s) for disapproval being fully stated in writing.

(d) A fraudulent or false statement as to any material fact which is contained in any application for the certification, or failure to provide any requested information, shall constitute sufficient cause for the disapproval of the application.

(e) The certified chiropractic assistant shall display his/her certificate in an area for public view.

140:30-3-3. Certified chiropractic assistant examination

(a) If an application to become a certified chiropractic assistant is approved by the Executive Director pursuant to 140:30-3-2, they must have taken a ~~four (4)~~ twelve (12) hour training course approved by the Board before taking the certified chiropractic assistant exam. The applicant will have (3) opportunities to pass the exam. If the exam is failed three times, the applicant will be required to take another ~~four (4)~~ (12) hour course before he or she can retake the exam.

(b) A nonrefundable examination fee will be charged each time an applicant takes the certified chiropractic assistant examination.

(c) In order to pass the certified chiropractic examination, the applicant must receive a score of ~~sixty percent (60%)~~ seventy percent (70%) or higher.

(d) After certification, that certification will remain with the assistant even if the assistant leaves the employment of the supervisory chiropractic physician who employed the assistant at the time of certification.

(e) If an applicant has a minimum of two thousand (2000) hours of full time employment as a chiropractic assistant employed by a licensed Oklahoma chiropractic physician, that applicant will be exempt from obtaining the ~~four (4)~~ (12) hours of training prior to taking the examination the first time as required in paragraph (a) of this section. If the applicant is unable to pass the examination after three attempts, the applicant must, at that time, successfully complete ~~four (4)~~ twelve (12) hours of training obtained at an educational program approved by the Board before taking the certified chiropractic assistant examination a third fourth time.

140:30-3-4. Continuing education

Each certified chiropractic assistant shall complete ~~2 hours~~ 6 hours of continuing education every two (2) years beginning the year following certification by the Board. Continuing education may be obtained by attending training offered by an accredited chiropractic college, or other educational program which has been approved by the Board.

140:30-3-5. Certification renewal

(a) Chiropractic assistant certifications shall be renewed within two years of ~~January 1, 2013~~, following their original ~~application~~ certification issuance.

~~(b) Chiropractic assistant certifications which are issued after January 1, 2013 shall be renewed by the next January 1st two (2) years following certification.~~

~~(be)~~ All certified chiropractic assistants must complete and submit a renewal form and a renewal fee along with verification of completion of approved continuing education by January 1 of the required recertification year.

(1) Failure to renew by January 1 will result in a penalty of twenty-five dollars (\$25.00).

(2) Failure to renew by March 1 will result in forfeiture of certification and the employee must reapply and complete all the requirements for initial certification.

140:30-3-7. Prohibited acts

(a) Certified chiropractic assistants and other employees to whom duties are delegated by the supervisory physician shall not:

- (1) Perform independent patient examinations
- (2) Diagnose conditions
- (3) Determine or change a regimen of patient care/plan case management
- (4) Perform chiropractic manipulation or adjustments
- (5) Perform Acupuncture
- (6) Unlawfully disclose patient information
- (7) Violate any portion of the Chiropractic Practice Act or Rules

(b) The Board may refuse to grant a certificate to any certified chiropractic assistant applicant, may suspend or revoke a certificate, or may impose upon a certified chiropractic assistant or a certified chiropractic assistant applicant, a penalty not to exceed one thousand dollars (\$1,000.00) per occurrence upon finding a violation of any prohibited act as stated in 140:30-3-7.

(c) The supervising chiropractic physician is required to notify the Board, in writing of any dismissal of a certified chiropractic assistant or certified chiropractic applicant for a prohibited act within thirty (30) days of the dismissal.

(d) The supervising chiropractic physician is required to immediately notify the Board, in writing if the supervising chiropractic physician learns that a certified chiropractic assistant and certified chiropractic assistant applicant has:

- (1) Committed fraud or misrepresentation in applying for or maintaining certification
- (2) Plead guilty, nolo contendere or was convicted of:
 - (A) a felony
 - (B) a misdemeanor involving moral turpitude, or
 - (C) a violation of federal or state controlled dangerous substance laws;

GIST/ANALYSIS:

The proposed amendments provide revisions to the State Public Assistance Program. Proposed amendments to Section 145:10-5-4 establish a maximum of one Gubernatorial Declaration per Grantee in a calendar year, a maximum State share of one hundred thousand dollars (\$100,000.00) per Grantee in a calendar year, cost share responsibilities for the Grantee and the State, and limitations of eligibility due to delinquency and time limitations for requests. Proposed amendments to Section 145:10-7-3 identify entities eligible for funding through the State Public Assistance Program. Proposed amendments to all subchapters provide an update to the agency acronym, from "ODCEM" to "OEM".

Albert Ashwood, Director, OEM, 2401 N Lincoln Blvd, Oklahoma City, OK 73105, 405-521-2481, Albert.Ashwood@oem.ok.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2017:

SUBCHAPTER 1. GENERAL

145:10-1-1. Purpose

The purpose of this subchapter is to prescribe the policies and procedures to be followed in implementing 62 O.S. Supp. 1993, § 139.47 as amended by Enrolled Senate Bill No. 1091, signed into law by the Governor on 26 May 1994, delegated to the Oklahoma Department of ~~Civil~~ Emergency Management (~~ODCEM~~OEM).

Permanent Final Adoptions

145:10-1-2. Definitions

Definitions which apply to individual Subchapters in this chapter are found in those Subchapters. In addition, the following words and terms, when used in this chapter, shall have the following meaning, unless the context clearly indicates otherwise:

~~"Applicant" means local governments and political subdivisions who apply for assistance as a result of a declaration of major disaster or emergency.~~

"Contractor" means any individual, partnership, corporation, agency, or other entity (other than an organization engaged in the business of insurance) performing work by contract for the ~~local government~~ eligible Applicant.

"Designated Area" means any emergency or major disaster-affected portion of the State which has been determined eligible for State Disaster Assistance.

"Director" means the Director, ~~ODCEMOEM~~, or his/her designee.

"Eligible Applicant" means incorporated cities, towns and counties that apply for assistance as a result of a declaration of major disaster or emergency.

"Emergency" means any occasion or instance for which, in the determination of the Governor, State assistance is needed to supplement local efforts and capabilities to save lives and protect property and public health and safety, or to lessen or avert the threat of a catastrophe in any part of the State of Oklahoma.

~~"State Agency" means any department, independent establishment, Government corporation, or other agency of the executive branch of the State Government.~~

~~"State Coordinating Officer (SCO)" means the person appointed by the Director, or in his absence, the Deputy Director, to coordinate State assistance in an emergency or major disaster.~~

"Governor" means the chief executive officer in the State, or the Acting Governor.

"Governor's Authorized Representatives (GAR)" means the person empowered by the Governor to execute, on behalf of the State, all necessary documents for State Disaster Assistance.

"Gubernatorial Declaration" means any major disaster or emergency declaration made by the Governor to alleviate suffering, protect life and property and provide assistance to eligible Applicants.

"Hazard Mitigation" means any cost-effective measure which will reduce the potential for damage to a facility from a disaster event.

"Local Government" means any county, city, village, town, district or other political subdivision of the State; and includes any rural community, unincorporated town or village, or other public entity for which an application for assistance is made by a county or political subdivision thereof.

"Major Disaster" means any natural catastrophe (including any tornado, storm, high water, wind-driven water, earthquake, landslide, mudslide, snow storm, or drought), or regardless of cause, any fire, flood, or explosion, in any part of the State of Oklahoma, which in the determination of the Governor causes damage of sufficient severity and magnitude

to warrant major disaster assistance to supplement ~~the efforts and available resources of State and local governments~~ State and local resources in alleviating the damage, loss, hardship, or suffering caused thereby.

"Public Assistance" means supplementary State assistance provided to ~~local governments~~ eligible Applicants other than assistance for the direct benefit of individuals and families. For further information, see subchapters 5, 7 and 9 of this chapter.

"State Agency" means any department, independent establishment, Government corporation, or other agency of the executive branch of the State Government.

"State Coordinating Officer (SCO)" means the person appointed by the Director, or in his/her absence, the Deputy Director, to coordinate State assistance in an emergency or major disaster.

145:10-1-3. Policy

It is the policy of ~~ODCEMOEM~~ to provide an orderly and continuing means of assistance by the State government to ~~local governments~~ eligible Applicants in carrying out their responsibilities to alleviate the suffering and damage that result from major disasters and emergencies by:

- (1) Providing State assistance programs for public losses and needs sustained in disasters;
- (2) Encouraging the development of comprehensive disaster preparedness and assistance plans, programs, capabilities, and organizations by the State and local governments;
- (3) Achieving greater coordination and responsiveness of disaster preparedness and relief programs;
- (4) Encouraging individuals and local governments to obtain insurance coverage and thereby reduce their dependence on governmental assistance; and
- (5) Encouraging hazard mitigation measures, such as development of land-use and construction regulations, floodplain management, protection of wetlands, and environmental planning, to reduce losses from disasters.

145:10-1-6. Use of local firms and individuals

In the expenditures of State funds for debris removal, distribution of supplies, reconstruction, and other major disaster or emergency assistance activities which may be carried out by contract or agreement, consistent with State and Federal procurement procedures, with private organizations, firms, or individuals, preference shall be given, to the extent feasible and practicable, to those organizations, firms, and individuals residing or doing business primarily in the area affected by such major disaster or emergency. This shall not be considered to restrict the use of State resources in the provision of major disaster assistance under the Act.

145:10-1-7. Nondiscrimination in disaster assistance

(a) State financial assistance to political subdivisions eligible Applicants in this Act is conditioned on full compliance with 44 CFR part 7 Nondiscrimination in Federally-Assisted Programs.

(b) All personnel carrying out State major disaster or emergency assistance functions, including the distribution of supplies, the processing of the applications, and other relief and assistance activities, shall perform their work in an equitable and impartial manner, without discrimination on the grounds of race, color, religion, nationality, sex, age, or economic status.

(c) As a condition of participation in the distribution of assistance or supplies under the Act, or a receiving assistance under the Act, government bodies and other organizations shall provide a written assurance of their intent to comply with regulations relating to nondiscrimination.

(d) The ~~agency—State Agency~~ shall make available to employees, applicants, participants, beneficiaries, and other interested parties such information regarding the provisions of this chapter and its applicability to the programs or activities conducted by the ~~agency~~State Agency, and make such information available to them in such manner as the head of the agency finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this chapter.

145:10-1-8. Standards and reviews

(a) The Director shall establish program standards and assess the efficiency and effectiveness of programs administered under the Act by conducting annual reviews of the activities of State agencies and the ~~State and local governments~~eligible Applicant(s) involved in a major disaster or emergency response efforts.

(b) In carrying out this provision, the Director may direct State agencies to submit reports relating to their disaster assistance activities. The Director may request similar reports relating to these activities on the part of the ~~State and local governments~~eligible Applicant(s). Additionally, the Director may conduct independent investigations, studies, and evaluations as necessary to complete the reviews.

145:10-1-9. Criminal and civil penalties

(a) **Misuse of funds.** Any ~~political—subdivision~~eligible Applicant~~who—that~~ knowingly misapplies the proceeds of cash benefit obtained under the Act may be fined an amount equal to one and one-half times the misapplied amount of the proceeds or cash benefit.

(b) **Civil enforcement.** Whenever it appears that any ~~political—subdivision~~eligible Applicant has violated or is about to violate any provision of the Act, including any civil penalty imposed under the Act, the Attorney General may bring a civil action for such relief as may be appropriate. Such action may be brought in an appropriate district court.

(c) **Referral to Attorney General.** The Director shall expeditiously refer to the Attorney General for appropriate action any evidence developed in the performance of functions under the Act that may warrant consideration for criminal prosecution.

(d) **Civil penalty.** Any ~~political—subdivision~~eligible Applicant~~who—that~~ knowingly violates any order or regulation issued under the Act may be subject to a civil penalty of not more than \$5,000 for each violation.

145:10-1-10. Recovery of assistance

Any ~~political—subdivision~~eligible Applicant~~who—that~~ intentionally causes a condition for which State assistance is provided under the Act or under any other law as a result of a declaration of major disaster or emergency under the Act shall be liable to the State for the reasonable costs incurred by the State in responding to such disaster or emergency to the extent that such costs are attributable to the intentional act or omission of such ~~political—subdivision~~Applicant which caused such condition. Such action shall be brought in an appropriate District Court.

145:10-1-11. Audit and investigations

(a) The Director shall conduct ~~audits—fiscal reviews~~ and investigations as necessary to assure compliance with the Act, and in connection therewith may question such persons as may be necessary to carry out such audits and investigations.

(b) For purposes of audits and investigations under this section, ~~ODCEMOEM~~ or State auditors, the Governor's Authorized Representative, ~~The—the~~ Director or their duly authorized representatives, may inspect any books, documents, papers, and records of any person relating to any activity undertaken or funded under the Act.

SUBCHAPTER 3. THE DECLARATION PROCESS

145:10-3-2. Definitions

All definitions in 145:10-1-2 apply to this Subchapter. In addition, the following words or terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"**Appeal**" means a request for reconsideration of a determination on any action related to State assistance. Specific procedures for appeals are contained in the relevant subchapters of this chapter.

"**Incident**" means any condition which meets the definition of major disaster or emergency as set forth in 145:10-1-2 which causes damage or hardship that may result in a gubernatorial declaration of a major disaster or an emergency.

"**Incident period**" means the time interval during which the disaster-causing incident occurs. No State assistance under the Act shall be approved unless the damage or hardship to be alleviated resulted from the disaster-causing incident which took place during the incident period or was in anticipation of that incident period. The incident period will be established by ODCEMOEM.

145:10-3-3. Preliminary damage assessment

The preliminary damage assessment (PDA) process is a mechanism used to determine the impact and magnitude of damage and the resulting unmet needs of the public sector, and the community as a whole. ~~Information collected is used by the State as a basis for the Governor's request, and by ODCEM to document the recommendation made to the Governor in response to the Declaration request.~~ It is in the best interest of

Permanent Final Adoptions

all parties to combine State and local personnel resources by performing a joint PDA prior to the initiation of a request, as follows:

(1) **Preassessment by the State.** When an incident occurs, or is imminent, which the State official responsible for disaster operations determines may be beyond the ~~local government~~ eligible Applicant(s) capabilities to respond, the State will perform a joint ~~State-Local preliminary damage assessment~~ PDA with the eligible Applicant. ~~It is not anticipated that all occurrences will result in the requirement for assistance; therefore, the State will be expected to verify their initial information, in some manner.~~

(2) **Damage assessment teams.** Damage assessment teams will be composed of at least one representative of the ~~Local Government~~ eligible Applicant and one representative of the State. Other State agencies, may also be asked to participate, as needed. It is the State's responsibility to coordinate ~~State and local participation in the~~ PDA and to ensure that the participants receive timely notification concerning the schedule. An ~~ODCEMOEM~~ official will brief team members on damage criteria, the kind of information to be collected for the particular incident, and reporting requirements.

(3) **Review of findings.** At the close of the PDA, ~~ODCEMOEM~~ will consult with ~~local officials~~ the eligible Applicant to discuss findings and reconcile any differences.

(4) **Exceptions.** The requirements for a joint PDA may be waived for those incidents of unusual severity and magnitude that do not require field damage assessments to determine the need for supplemental State assistance under the Act, or in such other instances determined by the Director upon consultation with the ~~local official~~ eligible Applicant. It may be necessary, however, to conduct an assessment to determine unmet needs for managerial response purposes.

145:10-3-4. Requests for emergency declarations

(a) When an incident occurs or threatens to occur in the State, which would not qualify under the definition of a major disaster, the ~~Chief Elected Official~~ eligible Applicant's highest elected official, or his/her representative in his/her absence, may request that the Governor declare an emergency. The ~~Chief Elected Official~~ eligible Applicant's highest elected official should submit the request to the Governor through the Director to ensure prompt acknowledgment and processing.

(b) The basis for the eligible Applicant's highest elected officials ~~Chief Elected Officials~~ request must be the finding that the situation:

(1) Is of such severity and magnitude that effective response is beyond the capability of the ~~affected local government(s)~~ eligible Applicant(s) and

(2) Requires supplementary State emergency assistance to save lives and to protect property, public health and safety, or to lessen or avert the threat of a disaster.

(c) In addition to the findings in (b) of this Section, the complete request shall include:

(1) Confirmation that the ~~local jurisdiction~~ eligible Applicant has taken appropriate action and directed the execution of the ~~local~~ emergency plan;

(2) Information describing the ~~local~~ efforts and resources which have been or will be used to alleviate the emergency;

(3) Information describing other ~~local~~ efforts and resources which have been or will be used in responding to this incident.

(d) The requirement for a ~~local~~ request under subsection (a) of this section can be waived when an emergency exists for which the primary responsibility rests in the State government because the emergency involves a subject area for which, under the Constitution or laws of the State of Oklahoma exercises exclusive or preeminent responsibility and authority. Any party may bring the existence of such a situation to the attention of the ~~ODCEMOEM~~ Director. In determining that such an emergency exists, the Director shall consult the Governor.

(e) It is not intended for an emergency declaration to preempt other state authorities and/or established plans and response mechanisms in place prior to the enactment of the act.

(f) The request must be submitted within 30 days after the occurrence of the incident in order to be considered.

145:10-3-5. Requests for major disaster declarations

(a) When a ~~catastrophe~~ incident occurs in the State, the eligible Applicant's highest elected official ~~Chief Elected Official~~ of the affected jurisdiction or his/her representative may request a major disaster declaration. The eligible Applicant's highest elected official ~~Chief Elected official~~ should submit the request to the Governor through the Director to ensure prompt acknowledgment and processing.

(b) This basis for the request shall be a finding that:

(1) The situation is of such severity and magnitude that effective response is beyond the capabilities of the ~~affected local governments~~ eligible Applicant(s); and

(2) State assistance under the Act is necessary to supplement the efforts and available resources of the ~~local governments~~ eligible Applicant(s), and compensation by insurance for disaster-related losses.

(c) In addition to the findings in (b) of this Section, the complete request shall include:

(1) Confirmation that the ~~Chief Elected Official~~ eligible Applicant's highest elected official has taken appropriate action and directed the execution of the ~~local~~ emergency plan;

(2) An estimate of the amount and severity of damages and losses stating the impact of the disaster on the public sector;

(3) Information describing the nature and amount of ~~State and local~~ resources which have been or will be committed to alleviate the results of the disaster;

(4) Preliminary estimates of the types and amount of supplementary State disaster assistance needed under the Act.

(d) The request must be submitted within 30 days of the occurrence of the incident in order to be considered.

145:10-3-6. Processing requests for declarations of a major disaster or emergency

- (a) **Acknowledgment.** The Director shall provide written acknowledgment of the ~~local eligible Applicant's~~ request.
- (b) **ODCEMOEM recommendation.** Based on all available information, the Director shall formulate a recommendation which shall be forwarded to the Governor or ~~his/her representative~~ with the ~~local eligible Applicant's~~ request.
 - (1) **Major disaster recommendation.** The major disaster recommendation will be based on a finding that the situation is or is not of such severity and magnitude as to be beyond the capabilities of the ~~local governments~~ eligible Applicant(s). It will also contain a determination of whether or not supplemental State assistance under the Act is necessary and appropriate. In developing a recommendation, ~~ODCEMOEM~~ will consider such factors as:
 - (A) the amount and type of damages;
 - (B) the impact of damages ~~on affected individuals, the State, and local governments;~~
 - (C) the ~~available availability of resources of the State and local governments, and other disaster relief organizations;~~
 - (D) the extent and type of insurance in effect to cover losses;
 - (E) assistance available from other State programs and other sources;
 - (F) imminent threats to public health and safety;
 - (G) recent disaster history in the State;
 - (H) hazard mitigation measures taken by the State or ~~local governments~~ the eligible Applicant(s), especially implementation of measures required as a result of previous major disaster declarations; and
 - (I) other factors pertinent to a given incident.
 - (2) **Emergency recommendation.** The emergency recommendation will be based on ~~a report~~ the findings which will indicate whether or not State emergency assistance is necessary to ~~supplement local efforts to save lives, protect property and public health and safety, or to lessen or avert the threat of a catastrophe~~ major disaster. ~~Only after it has been determined that all other resources and authorities available to meet the crisis are inadequate, and that assistance would be appropriate, will ODCEM recommend an emergency declaration to the Governor.~~
- (c) **Modified State emergency recommendation.** ~~The modified State emergency recommendation will be based on a report which will indicate that an emergency does or does not exist for which assistance would be appropriate.~~

145:10-3-7. Gubernatorial determination

- (a) The ~~local eligible Applicant's~~ request for a major disaster declaration may result in either a Governor's declaration of a major disaster or ~~an emergency~~, or denial of the ~~local~~ request.
- (b) The ~~local eligible Applicant's~~ request for an emergency declaration may result ~~only in either~~ a Governor's declaration of an emergency; or denial of the request.

145:10-3-8. Notification

- (a) The ~~eligible Applicant's highest elected official~~ Chief Elected Official of the affected jurisdiction will be promptly notified by the Director or his/her designee of a declaration by the Governor that an emergency or a major disaster exists. ~~ODCEMOEM~~ also will notify other state agencies and other interested parties.
- (b) The ~~eligible Applicant's highest elected official~~ Chief Elected Official of the affected jurisdiction will be promptly notified by the Director or his/her designee of a determination that the request does not justify the use of the authorities of the Act.
- (c) Following a major disaster or emergency declaration, the Director will promptly notify the ~~eligible Applicant's highest elected official~~ Chief Elected Official of the affected jurisdiction of the designations of assistance and areas eligible for such assistance.

145:10-3-9. Designation of affected areas

- (a) **Areas eligible to receive assistance.** The Director ~~also~~ has been delegated authority to designate ~~the disaster affected areas~~ eligible for supplementary State assistance under the Act. ~~A disaster affected area designated by the Director includes all local government jurisdictions within its boundaries. The Director may, based upon damage assessments in any given area, designate all or only some of the areas requested by the Chief Elected Official of the affected jurisdiction or for supplementary State assistance.~~
- (b) **Requests for additional designations after a declaration.** After a declaration by the Governor, requests that additional areas or types of supplementary State assistance may be authorized by the Director. Such requests shall be accompanied by appropriate verified assessments and commitments by ~~local governments~~ eligible Applicant(s) to demonstrate that the requested designations are justified and that the unmet needs are beyond local capabilities without supplementary State assistance.
- (c) **Time limits to request.** In order to be considered, all supplemental requests under subsection (b) of this section must be submitted within 30 days from the termination date of the incident ~~period, or 30 days after the declaration, whichever is later.~~ The 30-day period may be extended by the Director provided that a written request is made by the ~~appropriate local official~~ eligible Applicant's highest elected official during this 30-day period. The request must include justification of the local's inability to meet the deadline.

145:10-3-10. Appointment of disaster officials

- (a) **State Coordinating Officer.** Upon a declaration of a major disaster or of an emergency, the Governor ~~of the affected State~~ shall designate a State Coordinating Officer (SCO) who shall coordinate ~~local disaster assistance efforts with those of the State Government~~ all State assistance.
- (b) **Governor's Authorized Representative.** The Governor shall designate the Governor's Authorized Representative (GAR), who shall administer disaster assistance programs on

Permanent Final Adoptions

behalf of the ~~State Governor~~. The GAR is responsible for the State and local compliance.

145:10-3-11. Responsibilities of coordinating officers

Following a declaration of a major disaster or an emergency, the SCO shall:

- (1) Make an initial appraisal of the types of assistance most urgently needed;
- (2) Establish field offices as necessary to coordinate and monitor assistance programs, ~~and disseminate information, and accept applications.~~
- (3) Coordinate the administration of relief, ~~including activities of State and local governments.~~
- (4) Undertake appropriate action to make certain that all of the State agencies are carrying out their appropriate disaster assistance roles under their own legislative authorities and operational policies; and
- (5) Take other action, consistent with the provisions of the Act, as necessary to assist citizens and public officials in promptly obtaining assistance to which they are entitled.

145:10-3-12. Emergency support teams

The State Coordinating Officer may activate emergency support teams, composed of State program and support personnel, to be deployed into an area affected by a major disaster or emergency. These emergency support teams assist the SCO in carrying out his/her responsibilities. Any State ~~agency~~ Agency can be directed to detail personnel within the agency's administrative jurisdiction to temporary duty with SCO approval. Each detail shall be without loss of seniority, pay, or other employee status.

145:10-3-13. Appeals

- (a) **Denial of declaration request.** When a request for a major disaster declaration or for any emergency declaration is denied, the eligible Applicant's highest elected official ~~Chief Elected Official of the affected jurisdiction~~ may appeal the decision. An appeal must be made within 30 days after the date of the letter denying the request. This one-time request for reconsideration, along with appropriate additional information, is submitted to the Governor through the Director. ~~The processing of this request is similar to the initial request.~~
- (b) **Extension of time to appeal.** The 30-day period referred to in subsection (a) of this section may be extended by the Director provided that a written request for such an extension, citing reasons for the delay, is made during this 30-day period, and if the Director agrees that there is a legitimate basis for extension of the 30-day period. Only the ~~Chief Elected Official of the affected jurisdiction~~ eligible Applicant's highest elected official may request a time extension for appeals covered in subsection (a) of this section.

SUBCHAPTER 5. PUBLIC ASSISTANCE PROJECT ADMINISTRATION

145:10-5-2. Definitions

The following words or terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Eligible Applicant" means a ~~local government, or political subdivision~~ an incorporated city, town or county submitting an application for assistance under the State's grant.

"Emergency work" means that work which must be done immediately to save lives and to protect improved property and public health and safety, or to avert or lessen the threat of a major disaster.

"Facility" means any publicly owned building, works, system, or equipment, built or manufactured, or an improved and maintained natural feature. Land used for agricultural purposes is not a facility.

"Grant" means an award of financial assistance. The grant award shall be based on the total eligible State share of all approved projects.

"Grantee" means the ~~government~~ eligible Applicant to which a grant is awarded which is accountable for the use of the funds provided. ~~The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.~~

"Hazard mitigation" means any cost effective measure which will reduce the potential for damage to a facility from a disaster event.

~~"Individual project" means "Project", as defined in this Section.~~

"Permanent work" means that restorative work that must be performed through repairs or replacement, to restore and eligible facility on the basis of its predisaster design and current applicable standards.

"Predisaster design" means the size or capacity of a facility as originally designed and constructed or subsequently modified by changes or additions to the original design. It does not mean the capacity at which the facility was being used at the time the major disaster occurred if different from the most recent designed capacity.

"Project Worksheet (PW)" means an OEM document capturing all work performed at a single or multiple site sites and eligible for assistance under this Act, whether or not described on a single Damage Survey Report (DSR). ~~See also definition of "Individual project" in this Section.~~

"Project Worksheet approval" means the process where the Director signs an approval of work and costs on a ~~DSR or group of DSR's~~ PW. Such approval is also an obligation of funds to the ~~grantee~~ Grantee.

145:10-5-3. Application procedures

(a) **General.** This section describes the policies and procedures for processing grants for State disaster assistance. The State is responsible for processing grants to applicants in accordance with its own policies and procedures.

(b) **Grantee.** The Grantee serves as the grant administrator for all funds provided under the State Public Assistance grant program. The Grantee's responsibilities as they pertain to procedures outlined in the section include providing ~~local~~ support and submission of those documents necessary for grants award.

(c) **Per Capita Indicator.** The Grantee must provide evidence their level of damage has exceeded their indicator. The Grantee indicator is derived from the calculated result of the current year Federal Emergency Management Agency ("FEMA") County Per Capita Indicator multiplied by the latest census of the Grantee's population.

(ed) **Notice of Interest Intent (NOI).** The Grantee must submit to the Director a completed NOI (ODCEM Form 94-01) for requesting assistance. NOI's must be submitted to the Director within 30 days following designation of the area in which the damage is located. The Grantee must submit to the Director, within 30 days following designation of the area in which damage is located, a letter on official letterhead and contain the following:

- (1) Evidence the Grantee indicator has been met or exceeded
- (2) Identification of damage
- (3) Recovery cost or estimate
- (4) Economic impact to the jurisdiction's budget

(de) **Damage Survey Reports (DSR's) Project Worksheet (PW).** Damage surveys are conducted by an inspection team. An authorized local representative accompanies the inspection team and is responsible for representing the applicant and ensuring that all eligible work and costs are identified. The inspectors prepare a Damage Survey Report Data Sheet (ODCEM Form 94-01), for each site. On the Damage Survey Report Data Sheet the inspectors will identify the eligible scope of work and prepare a quantitative estimate for the eligible work. Any damage that is not shown to the inspection team during its initial visit shall be reported in writing to the Director by the Grantee within 60 days following completion of the initial visit. A Project Worksheet will be formulated following policies and procedures established by OEM. A PW will identify the eligible scope of work and a quantitative estimate for the eligible work. All PWs will be written using the current FEMA Public Assistance eligibility criteria.

(ef) **Grant approval.** Upon completion of the field surveys the Damage Survey Report Data Sheets are reviewed and action is taken by the Director. This will be done within 45 days of the date of inspection or a written explanation of any delay will be provided to the grantee. Prior to the obligation of any funds the Grantee shall submit a Standard Form ODCEM 424, Application for Assistance, and ODCEM 424-D, Assurances for Construction Programs, to the Director. Following receipt of the ODCEM 424 and 424D, the Director will then obligate funds to the grantee based upon the approved DSR's. The Director will provide NOI approval or denial notification to the Grantee within 60 days from the date of the NOI. If approved, all eligible PWs will be written and approved by the Director within 60 days of the date of the Director's approval notification or from the date OEM receives all needed documentation to formulate the PW from the Grantee. The Director shall have the authority to withdraw grant approval if all required documentation is not submitted by the Grantee to OEM within 30 days of the date of the Director's approval notification.

(fg) **Exception.** The time limitations shown in subsections (c) and (d) of this section may be extended by the Director when justified and requested in writing by the Grantee. Such

justification shall be based on extenuating circumstances beyond the ~~grantee's~~ Grantee's control.

145:10-5-4. State grant assistance

(a) **General.** This section describes the types and extent of State funding available under State disaster assistance grants, as well as limitations and special procedures applicable to each.

(b) **Project funding Funding.** A Grantee shall only be eligible to receive one Gubernatorial Declaration per calendar year.

(1) **Large projects.** When the approved estimate of eligible costs for an individual project is \$50,000 or greater. State funding shall equal the actual eligible costs documented by a grantee. Such \$50,000 amount shall be adjusted annually to reflect changes in the Consumer Price Index for All Urban Consumers published by the Department of Labor.

(2) **Small projects.** When the approved estimate of costs for an individual project is less than \$50,000 State funding shall equal the approved estimate of eligible costs. Such \$50,000 amount shall be adjusted annually as indicated in paragraph (b)(1) of this section.

(c) **Funding options. Annual maximum.** Funding provided to a Grantee through the State Public Assistance Program shall not exceed one hundred thousand dollars (\$100,000.00) in a calendar year.

(1) **Improved projects.** If a grantee desires to make improvements, but still restore the predisaster function of a damaged facility, the Director's approval must be obtained. State funding for such improved projects shall be limited to the approved estimate of eligible costs.

(2) **Alternate projects.** In any case where a grantee determines that the public welfare would not be best served by restoring a damaged public facility or the function of that facility, the Grantee may request that the Director approve an alternate project.

(A) The alternate project option may be taken only on permanent restorative work.

(B) Funding for such alternate projects shall equal 90 percent of the approved estimate of eligible costs.

(C) Funds contributed for alternate projects may be used to repair or expand other selected public facilities, to construct new facilities, or to fund hazard mitigation measures.

(D) Prior to the start of construction of any alternate project the Grantee shall submit for approval by the Director the following: a description of the proposed alternate project(s); a schedule of work; and the projected cost of the project(s). The Grantee shall also provide the necessary assurances to document compliance with special requirements, including, but not limited to floodplain management, environmental assessment, hazard mitigation, protection of wetlands, and insurance.

(d) **Cost Share.** Funding of the State Public Assistance Program is to be shared by the Grantee and the State. The State shall be responsible for 75 percent of total cost, of which may not exceed one hundred thousand dollars (\$100,000.00). The

Permanent Final Adoptions

Grantee shall be responsible for the remaining 25 percent of total cost.

(e) **Delinquency.** A Grantee delinquent in owing the State funds received through the FEMA Public Assistance Program or previous Gubernatorial declarations may not be eligible to receive Gubernatorial declaration funding until all outstanding payments have been paid to the State.

145:10-5-5. **Project worksheet performance validation**

(a) **General.** This section describes the policies and procedures applicable during the performance of eligible work project worksheet validation.

(b) **Advances of funds.** Advances of funds will be made in accordance with 145:10-5-4 (b)(1) and (2).

(eb) **Time limitations for completion of work.**

(1) **Deadlines.** The PW project completion deadlines shown below are set from the date that a major disaster or emergency is declared and apply to all projects—PWs approved under State disaster assistance grants:

- (A) Debris clearance - 6 months
- (B) Emergency work - 6 months
- (C) Permanent work - 18 months

(2) **Exceptions.** The State may impose lesser alternate deadlines for the completion of work.

(A) under paragraph (c)(1) of this section if considered appropriate.

(B) Based on extenuating circumstances or unusual project requirements beyond the control of the Grantee the Director may extend the deadlines under paragraph (c)(1) of this section for an additional 6 months for debris clearance and emergency work and an additional 30 months, on a project by project basis for permanent work.

(ec) **Requests for time extensions.** Requests for time extensions shall be submitted by the Grantee to the Director-SCO and shall include the following:

(1) The dates and provisions of all previous time extensions on the project-PW; and

(2) A detailed justification for the delay and a projected completion date. The Director—SCO shall review the request and make a determination. The Grantee shall be notified of the Directors—SCO's determination in writing. If the Director—SCO approves the request, the letter notification shall reflect the approved completion date and any other requirements the Director—SCO may determine necessary to ensure that the new completion date is met. If the Director—SCO denies the time extension request, the grantee Grantee may, upon completion of the project-PW, be reimbursed for eligible project-PW costs incurred only up to the latest approved completion date. If the project-PW is not completed, no State funding will be provided for that project-PW.

(ed) **Cost Overruns.** During the execution of approved work a grantee Grantee may find that actual project-PW costs are exceeding the approved DSR-PW estimates.

(1) Such cost overruns normally fall into the following three categories:

- (A) Variations in unit prices;
- (B) Change in the scope of eligible work; or
- (C) Delays in timely starts or completion of eligible work.

(2) The ~~grantee~~ Grantee shall evaluate each cost overrun and, when justified, submit a request for additional funding to the Director—SCO for final determination. All requests for the Directors—SCO's approval shall contain sufficient documentation to support the eligibility of claimed work and costs. The ~~grantee~~ Grantee shall include a written recommendation when forwarding the request. The Director shall notify the Grantee in writing of the final determination. ~~OCDEM will not normally review an overrun for an individual small project. The normal procedure for small projects will be that when a grantee discovers a significant overrun related to the total final cost for all small projects, the~~ The grantee Grantee may submit an appeal for additional funding in accordance with 145:10-5-6 ~~145:10-5-7~~, within 60 days following the completion of all of its small projects-PWs. Funding shall not exceed the annual maximum.

(fe) **Progress reports.** Progress reports will be submitted by the Grantee to the Director—SCO quarterly. The Director and Grantee shall negotiate the date for submission of the first report. The first quarterly report shall be due the first quarter subsequent to receiving the award. Such reports will describe the status of those projects—PWs on which a final payment has not been made to the grantee Grantee and outline any problems issues or circumstances expected to result in noncompliance with the approved grant conditions.

145:10-5-6. **Payment of claims**

(a) **Payment.** PWs may be paid up to the PW estimate at the Director's discretion.

(b) **Small projects.** Final payment of small projects shall be made to the Grantee upon approval of the project. The State shall make payment to the grantee as soon as practicable after approval of funding. **Timing.** Payment should be made by the State to the Grantee as soon as practicable after approval of funding. Prior to the ~~closeout~~ validation of the disaster contract-PW, the Grantee shall certify that all such projects were completed ~~in~~ the completed PWs are in accordance with ~~OCDEM~~ OEM approvals. The payment for small projects shall not be reduced if all of the approved funds are not spent to complete a project. However, ~~failure~~ Failure to complete a project-PW may require that the payment be refunded.

(bc) **Large projects. Account of Work.**

(1) If requested by the SCO, The Grantee shall make an accounting to the Director—SCO of eligible costs for each approved large—project-PW. In submitting the accounting the Grantee shall certify that reported costs were incurred in the performance of eligible work, that the approved work was completed and that the project-PW is in compliance. Each large project-PW shall be submitted as soon as practicable after the grantee Grantee has completed the approved work and requested payment.

(2) The Director—SCO shall review the accounting to determine the eligible amount of reimbursement for each

large project PW and approve eligible costs. If a discrepancy between reported costs and approved funding exists, the Director-SCO may conduct field reviews to gather additional information. If discrepancies in the claim cannot be resolved through a field review, a State audit may be conducted and funds may be recovered by the State. If the Director-SCO determines that eligible costs exceed the initial approval, he/she will obligate additional funds as necessary up to the annual maximum.

145:10-5-7. Appeals

(a) **Grantee.** The grantee~~Grantee~~ may appeal any determination previously made related to State assistance including a time extension determination made by the grantee~~Grantee~~. The grantee~~Grantee~~'s appeal shall be made in writing and submitted to the Director within 60 days after receipt of notice of the action which is being appealed. The appeal shall contain documented justification supporting the grantee~~Grantee~~'s position.

(b) **Director.** Upon receipt of an appeal, the Director shall review the material submitted and make such additional investigations as deemed appropriate. Within 90 days following receipt of an appeal, the Director shall notify the Grantee, in writing, as to the disposition of the appeal or of the need for additional information. Within 90 days following the receipt of such additional information, the Director shall notify the grantee~~Grantee~~, in writing, of the disposition of the appeal. If the decision is to grant the appeal, the Director will take appropriate implementing action.

SUBCHAPTER 7. PUBLIC ASSISTANCE ELIGIBILITY

145:10-7-2. Definitions

The following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Facility" means any publicly owned building, works, system, or equipment, built or manufactured, or an improved and maintained natural feature. Land used for agricultural purposes is not a facility.

"Force account" means an applicant's own labor forces and equipment.

"Immediate threat" means the threat of additional damage or destruction from an event which can reasonably be expected to occur within five years.

"Improved property" means a structure, facility or item of equipment which was built, constructed or manufactured. Land used for agricultural purposes is not improved property.

"Public entity" means an organization formed for a public purpose whose direction and funding are provided by one or more political subdivisions of the State.

"Public facility" means the following facilities owned by a local government:

(A) any flood control, navigation, irrigation, reclamation, public power, sewage treatment and collection, water supply and distribution, watershed development, or airport facility; any

(B) non-Federal aid, street, road, or highway; and

(C) any other public building, structure, or system.

"Standards" means codes, specifications or standards required for the construction of facilities.

145:10-7-3. Applicant eligibility

The following entities are eligible to apply for assistance under the State public assistance grant:

(1) Local governments-Incorporated cities and towns

(2) Other political subdivisions-Counties

145:10-7-4. General work eligibility

(a) **General.** To be eligible for financial assistance, an item of-work must be:

(1) Be required~~Required~~ as the result of the major disaster event,

(2) Be located~~Located~~ within a designated disaster area, and

(3) Be the~~The~~ legal responsibility of an eligible applicant~~Applicant~~.

(b) **Public entities.** Facilities belonging to a public entity may be eligible for assistance when the application is submitted through the State or a political subdivision of the State.

(c) **Negligence.** No assistance will be provided to an applicant-eligible Applicant for damages caused by its own negligence. If negligence by another party results in damages, assistance may be provided, but will be conditioned on agreement by the applicant-eligible Applicant to cooperate with OCCEMOEM in all efforts necessary to recover the cost of such assistance from the negligent party.

145:10-7-5. Debris removal

(a) **Public interest.** Upon determination that debris removal is in the public interest, the Director-SCO may provide assistance for the removal of debris and wreckage from publicly and privately owned lands and waters. Such removal is in the public interest when it is necessary to:

(1) Eliminate immediate threats to life, public health, and safety; or

(2) Eliminate immediate threats of significant damage to improved public or private property; or

(3) Ensure economic recovery of the affected community to the benefit of the community-at-large.

(b) **Debris removal from private property.** When it is in the public interest for an eligible applicant~~Applicant~~ to remove debris from private property in urban, suburban and rural areas, including large lots, clearance of the living, recreational and working area is eligible except those areas used for crops and livestock or unused areas. The Grantee will ensure that the rights of the property owner are met through documentation and notification.

(c) **Assistance to individuals and private organizations.** No assistance will be provided directly to an individual or

Permanent Final Adoptions

private organizations, or to an eligible ~~applicant~~ Applicant for reimbursement of an individual or private organization, for the cost of removing debris from their own property.

145:10-7-6. Emergency work

(a) ~~General.~~

~~(1) Emergency protective measures to save lives, to protect public health and safety, and to protect improved property are eligible.~~

~~(2) In determining whether emergency work is required, the Director-SCO may require certification by local officials that a threat exists, including identification and evaluation of the threat and recommendations of the emergency work necessary to cope with the threat.~~

~~(3) In order to be eligible, emergency protective measures must:~~

~~(A) Eliminate or lessen immediate threats to livelife, public health or safety; or~~

~~(B) Eliminate or lessen immediate threats of significant additional damage to improved public or private property through measures which are cost effective.~~

~~(b) **Emergency access.** An access facility that is not publicly owned or is not the direct responsibility of an eligible applicant for repair or maintenance may be eligible for emergency repairs or replacement provided that emergency repair or replacement of the facility economically eliminates the need for temporary housing. The work will be limited to that necessary for the access to remain passable through events which can be considered an immediate threat. The work must be performed by an eligible applicant and will be subject to cost sharing requirements.~~

~~(c) **Emergency communications.** Emergency communications necessary for the purpose of carrying out disaster relief functions may be established and may be made available to local government officials as deemed appropriate. Such communications are intended to supplement but not replace normal communications. ODCEM funding for such communications will be discontinued as soon as the needs have been met.~~

~~(d) **Emergency public transportation.** Emergency public transportation to meet emergency needs and to provide transportation to public places and such other places as necessary for the community to resume its normal pattern of life as soon as possible is eligible. Such transportation is intended to supplement but not replace predisaster transportation facilities that remain operable after a major disaster. ODCEM funding for such transportation will be discontinued as soon as the needs have been met.~~

145:10-7-7. Restoration of damaged facilities

Work to restore eligible facilities on the basis of the design and function of such facilities as they existed immediately prior to the disaster and in conformity with the following is eligible:

(1) **Assistance under other State or Federal agency programs.** Generally, disaster assistance will not be made available under the Act when another State or Federal

agency has specific authority to restore facilities damaged or destroyed by an event which is declared a major disaster.

(2) **Standards.** For the costs of ~~State, and local~~ repair or replacement standards which change the predisaster design and construction of facility to be eligible, the standards must meet Federal and State guidelines:

~~(A) Apply to the type of repair or restoration required (Standards may be different for new construction and repair work);~~

~~(B) Be appropriate to the predisaster use of the facility;~~

~~(C) Be in writing and formally adopted by the applicant prior to project approval or be a legal State requirement applicable to the type of restoration;~~

~~(D) Apply uniformly to all similar types of facilities within the jurisdiction of owner of the facility; and~~

~~(E) For any standard in effect at the time of a disaster, it must have been enforced during the time it was in effect.~~

(3) **Hazard mitigation.** In approving grant assistance for restoration of facilities, the Director-SCO may require cost effective hazard mitigation measures not required by applicable standards. The cost of any requirements for hazard mitigation placed on restoration projects by ODCEMOEM will be an eligible cost for ODCEMState assistance, not to exceed the cumulative annual maximum allowed.

(4) **Repair vs. replacement.**

(A) A facility is considered repairable when disaster damages do not exceed 50 percent of the cost of replacing a facility to its predisaster condition, and it is feasible to repair the facility so that it can perform the function for which it was being used as well as it did immediately prior to the disaster.

(B) If a damaged facility is not repairable in accordance with paragraph (d)(1) of this section, approved restorative work may include replacement of the facility. The ~~applicant~~ eligible Applicant may elect to perform repairs to the facility, in lieu of replacement, if such work is in conformity with applicable standards. However, eligible costs shall be limited to the less expensive of repairs or replacement.

(C) An exception to the limitation in paragraph (d)(2) of this section may be allowed for facilities eligible for or on the National Register of Historic Properties. If an applicable standard requires repair in a certain manner, costs associated with that standard will be eligible.

(5) **Relocation.**

(A) The Director-SCO may approve funding for and require restoration of a destroyed facility at a new location when:

(i) The facility is and will be subject to repetitive heavy damage;

(ii) The approval is not barred by other provisions.

(iii) The overall project worksheet (PW), including all costs, is cost effective.

(B) When relocation is required by the ~~Director~~ SCO, eligible work includes land acquisition and ancillary facilities such as roads and utilities, in addition to work normally eligible as part of a facility reconstruction. Demolition and removal of the old facility is also an eligible cost.

(C) When relocation is required by the ~~Director~~ SCO, no future funding for repair or replacement of a facility at the original site will be approved.

(D) When relocation is required by the ~~Director~~ SCO, and, instead of relocation, the applicant ~~eligible Applicant's~~ requests approval of an "alternate project", eligible costs will be limited to 90 percent of the estimate of restoration at the original location excluding hazard mitigation measures.

(E) If relocation of a facility is not feasible or cost effective, the ~~Director~~ SCO shall disapprove funding for the original location when he/she determines that restoration in the original location is not allowed. In such cases, an alternate project may be applied for.

(6) **Equipment and furnishings.** If equipment and furnishings are damaged beyond repair, comparable items are eligible as replacement items.

(7) **Library books and publications.** Replacement of library books and publications is based on an inventory of the quantities of various categories of books or publications damaged or destroyed. Cataloging and other work incidental to replacement are eligible.

(8) **Beaches.**

(A) Replacement of sand on an unimproved natural beach is not eligible.

(B) **Improved beaches.** Work on an improved beach may be eligible under the following conditions:

- (i) The beach was constructed by the placement of sand (of proper grain size) to a designed elevation, width, and slope; and
- (ii) A maintenance program involving periodic renourishment of sand must have been established and adhered to by the applicant.

(9) **Restrictions.**

(A) **Alternative use facilities.** If a facility was being used for purposes other than those for which it was designed, restoration will only be eligible to the extent necessary to restore the immediate predisaster alternate purpose.

(B) **Inactive facilities.** Facilities that were not in active use at the time of the disaster are not eligible except in those instances where the facilities were only temporarily inoperative for repairs or remodeling, or where active use by the applicant was firmly established in an approved budget or the owner can demonstrate to ODCEM's satisfaction an intent to begin use within a reasonable time.

145:10-7-8. Snow removal assistance

~~Thru traffic lanes of collector roads and streets; minor arterial roads and streets; and principal arterial; and tracks and rights of way of urban mass transit systems as necessary for the continuation or resumption of services; and roads and streets, are defined for purposes of snow removal assistance as:~~

~~(1) **Collector roads and streets** means local roads and streets which serve thru traffic and provide access to higher type roads and facilitate community activities but are primarily of local interest.~~

~~(2) **Minor arterial roads and streets** means roads and streets which serve thru traffic and provide access of higher type roads, connecting communities in nearby areas in addition to serving adjacent property.~~

~~(3) **Principal arterial** means roads and streets which serve thru traffic and are of statewide interest. They carry high volumes of traffic between population centers and are designed to facilitate traffic movement with limited land access. It also means roads and streets which serve thru traffic only and provide no access to abutting property.~~ Snow removal assistance under this Act will be consistent with current Federal guidelines and policy.

145:10-7-9. Allowable costs

~~General policies for determining allowable costs are explained below. Reimbursement for ownership and operation costs of applicant owned equipment used to perform eligible work shall be provided in accordance with the following guidelines.~~ Policy for determining allowable costs of eligible Applicant-owned equipment used to perform eligible work will be in accordance with current FEMA Cost Codes for the State. :

~~(1) **Rates established under State guidelines.** In those cases where an applicant uses reasonable rates which have been established or approved under State guidelines, in its normal daily operations, reimbursement for applicant owned equipment which has an hourly rate of \$75 or less shall be based on such rates. Reimbursement for equipment which has an hourly rate in excess of \$75 shall be determined on a case by case basis by ODCEM.~~

~~(2) **Rates established under local guidelines.** Where local guidelines are used to establish equipment rates, reimbursement will be based on those rates or rates in a Schedule of Equipment Rates published by ODCEM whichever is lower. If an applicant certifies that its local established rates do not reflect actual costs, reimbursement may be based on the ODCEM Schedule of Equipment Rates, but the applicant will be expected to provide documentation if requested. If an applicant wishes to claim an equipment rate which exceeds the ODCEM Schedule, it must document the basis for that rate and obtain ODCEM approval of an alternate rate.~~

~~(3) **No established rates.** The ODCEM Schedule of Equipment Rates will be the basis for reimbursement in all cases where an applicant does not have established equipment rates.~~

SUBCHAPTER 9. PUBLIC ASSISTANCE INSURANCE REQUIREMENTS

145:10-9-1. General

- (a) The requirements of this subchapter apply to all assistance provided pursuant to the Act with respect to any major disaster declared by the Governor.
- (b) Insurance requirements prescribed in the subchapter shall apply equally to all eligible applicants.
- (c) Actual and anticipated insurance recoveries shall be deducted from otherwise eligible costs, in accordance with the subchapter.
- (d) The full coverage available under the standard flood insurance policy from the National Flood Insurance Program (NFIP) will be subtracted from otherwise eligible costs for a building and its contents within the special flood hazard area.
- (e) The insurance requirements of this subchapter should not be interpreted as a substitute for various hazard mitigation techniques which may be available to reduce the incidence and severity of future damage. Public Assistance Insurance requirements are consistent with current FEMA guidelines and policies.

145:10-9-2. Definitions [REVOKED]

The following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Assistance" means any form of a State grant under the Act to replace, restore, repair, reconstruct, or construct any facility and/or its contents as a result of a major disaster.

"Building" means a walled and roofed structure, other than a gas, or liquid storage tank, that is principally above ground and affixed to a permanent site, as well as a manufactured home on a permanent foundation.

"Community" means a political subdivision thereof, which has authority to adopt and enforce floodplain management regulations for the areas within its jurisdiction.

"National Flood Insurance Program (NFIP)" means the program authorized by the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 et seq.

"Special flood hazard area" means an area having special flood, mudslide, and/or flood related erosion hazards, and shown on a Flood Hazard Boundary map (FHBM) or the Flood Insurance Rate Map (FIRM) issued by FEMA as Zone A, AO, A1-30, AE, A99, AH, VO, V1-30, VE, V, M, or E.

"Standard Flood Insurance Policy" means the flood insurance policy issued by the Federal Insurance Administrator, or by a Write Your Own Company pursuant to 44 CFR 62.23.

145:10-9-3. Insurance requirements for facilities damaged by flood [REVOKED]

- (a) Where an insurable building damaged by flooding is located in a special flood hazard area identified for more than one year by the Director, assistance of the Act shall be reduced. The amount of the reduction shall be the maximum amount of the insurance proceeds which would have been received had

the building and its contents been fully covered by a standard flood insurance policy.

(b) Prior to approval of a State grant for the restoration of a facility and its contents which were damaged by a flood, the Grantee shall notify the Director of any entitlement to an insurance settlement or recovery. The Director shall reduce the eligible costs by the amount of insurance proceeds which the grantee receives.

(c) The grantee is required to obtain and maintain flood insurance in the amount of eligible disaster assistance, as a condition of receiving State assistance that may be available. This requirement also applies to insurable flood damaged facilities located outside a special flood hazard area when it is reasonably available, adequate, and necessary. However, the Director shall not require greater types and amounts of insurance than are certified as reasonable by the State Insurance Commissioner. The requirement to purchase flood insurance is waived when eligible costs for an insurable facility do not exceed \$5,000.

145:10-9-4. Insurance requirements for facilities damaged by disasters other than flood [REVOKED]

(a) Prior to approval of a State grant for the restoration of a facility and its contents which were damaged by a disaster other than flood, the Grantee shall notify the Director of any entitlement to insurance settlement or recovery for such facility and its contents. The Director shall reduce the eligible costs by the actual amount of insurance proceeds relating to the eligible costs.

(b) Assistance under the Act will be approved only on the condition that the grantee obtain and maintain such types and amounts of insurance as are reasonable and necessary to protect against future loss to such property from the types of hazard which caused the major disaster. The extent of insurance to be required will be based on the eligible damage that was incurred to the damaged facility as a result of the major disaster. The Director shall not require greater types and extent of insurance than are certified as reasonable by the State Insurance Commissioner.

(c) Due to the high cost of insurance, some applicants may request to insure the damaged facilities under a blanket insurance policy covering all their facilities, an insurance pool arrangement, or some combination of these options. Such an arrangement may be accepted for other than flood damages. However, if the some facility is damaged in a similar future disaster, eligible costs will be reduced by the amount of eligible damage sustained on the previous disaster.

(d) The Director shall notify the Grantee of the type and amount of insurance required. The grantee may request that the State Insurance Commissioner review the type and extent of insurance required to protect against future loss to a disaster damaged facility, the Director shall not require greater types and extent of insurance than are certified as reasonable by the State Insurance Commissioner.

(e) The requirements of the Act are waived when eligible costs for an insurable facility do not exceed \$5,000. The Director may establish a higher waiver amount based on hazard

~~mitigation initiatives which reduce the risk of future damages by a disaster similar to the one which resulted in the major disaster declaration which is the basis for the application for disaster assistance.~~

~~(f) The Grantee shall provide assurances that the required insurance coverage will be maintained for the anticipated life of the restorative work or the insured facility, whichever is the lesser.~~

~~(g) No assistance shall be provided under the Act for any facility for which assistance was provided as a result of a previous major disaster unless all insurance required by ODCEM as a condition of the previous assistance has been obtained and maintained.~~

[OAR Docket #17-663; filed 7-19-17]

**TITLE 158. CONSTRUCTION INDUSTRIES BOARD
CHAPTER 1. PROCEDURES OF THE OKLAHOMA CONSTRUCTION INDUSTRIES BOARD**

[OAR Docket #17-591]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

Subchapter 3. General Operation and Procedures

158:1-3-9. Fees for plan review and project review for code conformance [AMENDED]

AUTHORITY:

Construction Industries Board; 59 O.S. §§ 858-627, 1000.4, 1000.5, 1002, 1032, 1681, 1850.3, 1151.2a, and 1151.4

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

November 21, 2016

COMMENT PERIOD:

December 16, 2016, through January 17, 2017

PUBLIC HEARING:

January 18, 2017

ADOPTION:

January 18, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

January 26, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 13, 2017

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

October 1, 2017

GIST/ANALYSIS:

Gist: The amendments add provisions already described in the separate trade Acts (Plumbing, Electrical and Mechanical), and add language clarifying existing rules and statutory authority.

Analysis: No fees are established or changed by these amendments. The amendments incorporate into the procedures for the Construction Industries Board the requirement currently in separate trade Acts for notice of work related to installing, modifying or altering plumbing, electrical facilities, or mechanical systems in an incorporated area of the State which has not adopted a State recognized code and which has not appointed an inspector for the respective trade. The amendments also clarify procedures for requesting an inspection by a Construction Industries Board Inspector. The amendments

may result in amendments/clarifications on existing forms or the creation of new forms.

CONTACT PERSON:

Linda Ruckman, Board Secretary/Executive Assistant, 405-521-6550.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 3. GENERAL OPERATION AND PROCEDURES

158:1-3-9. Fees for plan review and project review for code conformance

(a) **Plan review fee.** For formal review of project plans pursuant to 59 O.S. §§ 1002.1, 1681.1 and 1850.3a, the Construction Industries Board shall charge a fee of \$ 75.00 per hour per review, one hour minimum, not to exceed \$200 for any single review.

(b) **Project review inspection fee.** For inspection services related to a project review for code conformance pursuant to 59 O.S. § 1000.5(A)(2), the Construction Industries Board shall charge a fee of \$ 75.00 per hour, per inspection, one hour minimum, not to exceed \$200 for any single inspection.

(c) **Limitations on inspection fees.** The fee required in subsection (b) herein only applies in localities where the Construction Industries Board is the authority having jurisdiction for code enforcement purposes and the inspection services are performed at the request of a contractor or property owner. The Construction Industries Board shall not charge a fee for inspections related to licensing or licensee investigations.

(d) **Each code inspection requires separate fee.** A separate fee shall be charged pursuant to subsection (b) herein based on the trade (plumbing, electrical or mechanical) work inspected for code conformance by the Construction Industries Board.

(e) **Subsequent code inspection requires separate fee.** A separate fee shall be charged pursuant to subsection (b) herein for each subsequent inspection of work for conformance to a code, including scheduled progress inspections performed at different intervals during the stages of construction.

(f) **Notice requirement for work in incorporated areas without municipal inspector.** No individual, business, company, corporation, limited liability company, association, or other entity subject to the provisions of The Plumbing License Law of 1955, the Electrical License Act, or the Mechanical Licensing Act, shall install, modify or alter plumbing, electrical facilities, or mechanical systems in any incorporated area of this State which has not adopted a State recognized code and which has not appointed an inspector for the respective trade without providing notice of such plumbing, electrical or mechanical work to the Board. The notification must be submitted on a notice form provided by the Board.

(g) **Procedures to request inspection.** All requested inspections require advance notification, and in no event

Permanent Final Adoptions

shall such notification be given less than two (2) business days before the work is to be inspected. To request an inspection, contact the trade supervisor in the trade for which the inspection is requested. Once an inspection request has been received an inspector will contact the requestor within one (1) business day to schedule a time for the inspection. Failure to provide sufficient notice may result in the inability to provide the requested inspection within the time frame requested. If upon inspection the work is determined not to be in conformance with the applicable code as adopted by the Oklahoma Uniform Building Code Commission, the inspector may issue a notice of violation pursuant to this Chapter. Any inspection conducted by the Construction Industries Board only determines if the electrical, mechanical, or plumbing work was completed according to the recently adopted code and the Board, does not warranty or guarantee any work.

GIST/ANALYSIS:

Gist: The amendments add a definition and language clarifying existing rules and statutory authority.

Analysis: The amendments add a definition for "contracting" that is already described in the separate trade Acts (Plumbing, Electrical, Mechanical, and Roofing) and clarify that the requirement for payment of fines and penalties applies to all individuals assessed such a fine or penalty. The amendments may result in amendments/clarifications on existing forms or the creation of new forms.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

158:10-1-1.1. Definitions

Unless the context otherwise requires, singular words shall be deemed to include the plural, and masculine words to include the feminine, and vice versa. The following words or terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"Act" means the Construction Industries Board Act as found at 59 O.S. § 1000.1, *et seq.*

"Administrator" means the Administrator of the Construction Industries Board as described in the Construction Industries Board Act.

"Board" means the Oklahoma Construction Industries Board.

"Contracting" means engaging or offering to engage in, on behalf of oneself or on behalf of another, any plumbing, mechanical, electrical, or roofing work which requires a valid and appropriate license or registration from the Construction Industries Board as required by the Plumbing License Law of 1955, the Electrical License Act, the Mechanical Licensing Act, or the Roofing Contractor Registration Act.

SUBCHAPTER 3. ADMINISTRATIVE FINE SCHEDULE

158:10-3-4. Payment of fines

(a) A person who is ordered to pay a fine shall submit the fine to the Construction Industries Board, 2401 N.W. 23, Suite 2F, Oklahoma City, Oklahoma 73107. A person who decides not to contest the issuance of the citation shall submit payment of the fine amount to the address above on or before the hearing date indicated on the citation.

(b) ~~Contractors or journeymen shall pay all~~Any fines and penalties imposed by penalty orders of the ~~Electrical, Mechanical, Plumbing, or Inspector~~by the respective Hearing Boards and/or the Board and fines and penalties imposed by courts of competent jurisdiction for the violation of municipal ordinances shall be paid.

(c) The Board may seek payment through the surety bond of any licensed Contractor for any fines or penalties, which the licensee fails to pay.

GIST/ANALYSIS:

Gist: The amendments to the Plumbing Industry Regulations add language clarifying existing rules and statutory authority, including clarifying language from court supported interpretation; remove obsolete language; and provide applicants options on licensing renewal categories and partial exam completion.

Analysis: The amendments clarify and add definitions to provide the public a description of terms as the statutes have historically been applied by the agency; clarify the result of a contractor failing to maintain the required bond and insurance; clarify requirements for obtaining a plumbing license by reciprocity; provide options for those no longer needing to hold a contractor license but still wanting to work in the trade; establish a time limit for completing both portions of the contractor exam before an applicant is required to retake a portion they may have previously passed; establish procedures which allow an applicant for a contractor license who passes only the trade portion of the contractor exam to apply the passing score of the trade portion to an application for a journeyman license; allow an active or inactive contractor to elect to have a permanent change of license category and renew as a journeyman; amend and clarify the procedures/requirements related to an applicant who violates exam procedures; clarify the method by which license renewal fees can be paid; remove obsolete, outdated verbiage and clarify the manner in which continuing education programs must be conducted; rescind approval of all types of continuing education courses upon the adoption of a different statewide code; and amend the deadline for submission of applications for continuing education course approval. The amendments may result in amendments/clarifications on existing forms or the creation of new forms.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

158:30-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Act" means the Plumbing License Law of 1955 as found at 59 O.S. § 1001, et seq., as amended.

"Administrator" means the Administrator of the Board as described in the Construction Industries Board Act found at 59 O.S. § 1000.1, et seq.

"Applicant" means any person applying for an examination, for a license or registration, for continuing education approval, for review of plans and specifications or for a plumbing code variance from the standard of installation as described in OAC 158:30-1-4 by the Construction Industries Board under the Act.

"Board" means the Oklahoma Construction Industries Board.

"Bonds and Insurance Unit" means the consolidated unit that processes bonds and insurance under the direction of the Construction Industries Board.

"Cheating" means any unapproved deviation from any official instruction given before, during or after a license examination, for the purpose of affecting or influencing the examination results or otherwise providing an undue advantage to any examinee.

"Committee" means the Committee of Plumbing Examiners.

"Contracting" means engaging or offering to engage in, on behalf of oneself or on behalf of another, any plumbing work which requires a valid and appropriate license from the Construction Industries Board as required by the Plumbing License Law of 1955, regardless if said work is in exchange for monetary payment or otherwise.

"Credit Hour" or "Hour" means at least fifty (50) minutes of classroom instruction with a ten (10) minute break.

"Direct supervision" means the on-the-job presence by the supervisor who must be a licensed plumbing contractor or plumbing journeyman.

"Farm Operations"

(A) For purposes of the Plumbing License Law, "farm" means land devoted primarily to production for sale of livestock or agricultural commodities in sufficient quantity to be capable of contributing materially to the operator's support.

(B) For purposes of the Plumbing License Law, "farm building" means all homes (i.e., domiciles,

Permanent Final Adoptions

residences), or buildings therewith designed and used primarily for and in conjunction with conducting farming operations, provided that said buildings are not connected to a public water and/or sewage system. A "farm building" shall not include other structures such as stores, service stations, schools, motels, or any other building having public access, whether connected to private or public water or sewer systems.

"Hearing Board" means the Plumbing Hearing Board.

"Maintenance of state owned or operated facilities" means maintenance of state institutions and school districts and will be construed as all repair and/or upkeep of existing plumbing or plumbing fixtures within existing state owned buildings or local school district owned buildings. This term shall not include the installation of plumbing in a new building or new additions to existing structures or replacement of plumbing systems in existing buildings.

"Oklahoma Uniform Building Code Commission" or **"OUBCC"** means the state agency created under 59 O.S. § 1000.20, *et seq.*, and authorized to adopt all building codes and standards for residential and commercial construction to be used as minimum standards by all entities within this State.

"Plumbing" means and includes:

(A) all piping, fixtures, appurtenances and appliances for, and in connection with, a supply of water within or adjacent to any building, structure, or conveyance, on the premises and to the connection with a water main or other source of supply;

(B) all piping, fixtures, appurtenances and appliances for sanitary drainage or storm drainage facilities, including venting systems for such facilities, within or adjacent to any building, structure, or conveyance, on the premises and to the connection with a public disposal system or other acceptable terminal;

(C) the installation, repair, maintenance and renovation of all piping, fixtures, appurtenances and appliances for a supply of water, or for the disposal of waste water, liquid waste, or sewage within or adjacent to any building, structure, or conveyance, on the premises and to the source of supply of water or point of disposal of wastes;

(D) the original installation of a water softener but not the exchanging of the units whereby only unions are disturbed in the replacement;

(E) the installation of water services and building sewers; and

(F) sewer cleaning-house sewer maintenance.

"Plumbing License Unit" means the staff and administrative support unit to the Committee of Plumbing Examiners and the Plumbing Hearing Board.

"Property of Residence" means permanently constructed residential property that is an existing single-family dwelling occupied by the individual owner as a primary dwelling where the individual owner's habitation is fixed.

"Reciprocity agreement" means an agreement whereby a person holding a plumber's license or registration who is licensed in another state with substantially similar or greater

licensure requirements may be licensed in this State after payment of a fee for licensing by reciprocity.

"Variance" means the use of an alternative material or method of construction from that prescribed in the standard of installation as described in OAC 158:30-1-4 for use at a particular location or project specified in the variance application; and

"Variance and Appeals Board" means the Oklahoma State Plumbing Installation Code Variance and Appeals Board.

SUBCHAPTER 5. LICENSE TYPES, BOND REQUIREMENTS, AND DISPLAY OF LICENSE NUMBER AND FIRM NAME

158:30-5-2. Insurance and bond requirements

(a) Unless as otherwise provided in (b) of this Section: Each active plumbing contractor must maintain a five thousand dollar (\$5,000.00) corporate surety bond, payable to the Board, and must cause the surety to deposit a copy of such bond with the Plumbing Licensing Unit.

(b) An active plumbing contractor may satisfy the requirements of (a) of this Section by depositing with the Plumbing Licensing Unit, either the sum of \$5,000 cash, or a certificate of deposit in the sum of \$5,000 payable to the order of the Plumbing Licensing Revolving Fund.

(c) Failure to maintain a corporate surety bond in effect shall constitute ~~an inactive contractor status~~ ~~grounds for summary suspension~~ of a bonded plumbing contractor license immediately upon the expiration of such bond.

(d) A corporate surety bond may be accepted from any surety authorized to do business in the State of Oklahoma. It shall continue in effect until thirty (30) days have elapsed after the Bond and Insurance Unit is notified by the surety of the cancellation of such bond, unless the bond expired on a date certain on its face. Sureties must notify each municipality furnished with a copy of the bond regarding the pending cancellation if known to them.

(e) The Board shall notify the surety of the ~~summary suspension or revocation of the~~ change in license status of any of its bonded licensed plumbing contractors.

(f) A bond or other surety filed in accordance with (a) of this Section shall be in lieu of filing a bond with each municipality where the plumbing contractor works, and shall be conditioned upon all the following terms:

(1) Plumbing contractors shall faithfully and properly conduct business in compliance with applicable statutes, rules of the Oklahoma Construction Industries Board, and with all the applicable ordinances of the municipality in which plumbing work is performed.

(2) Plumbing contractors shall pay all fines and penalties imposed by penalty orders of the Board and fines and penalties imposed by courts of competent jurisdiction for the violation of municipal ordinances. The Board may seek payment through the surety bond of any fines or penalties, which the licensee fails to pay.

(3) In lieu of a corporate surety, an active plumbing contractor may deposit with the Bonds and Insurance

Unit the required amount in lawful money or negotiable bonds of the United States, accompanied by a written instrument, to be approved by the Construction Industries Board, executed and acknowledged by the active plumbing contractor, and setting forth the conditions upon which the deposit is made. When the true owner is other than the active plumbing contractor making the deposit, the instrument shall so state and shall also be executed and acknowledged by the true owner. Upon exoneration, the instrument and deposit may be returned by the Bonds and Insurance Unit to the depositor or the true owner, if the depositor is other than the named true owner, after application of the deposit to claims made pursuant to this Section.

(4) Notwithstanding any provision of a security instrument to the contrary, every surety or depositor of security subjects himself or herself to the jurisdiction of the Construction Industries Board and irrevocably appoints the Administrator as his or her agent upon whom any papers affecting his or her liability may be served. Every surety or depositor of security consents to his or her liability being joint and several. Consequently, judgment may be entered against the surety, or depositor of security, in accordance with his or her obligation simultaneously with judgment against the principal, and execution may thereupon issue.

(5) Plumbing contractors shall protect, save harmless and indemnify the State and municipalities against any liability imposed by law against the State and municipalities for the negligence of said contractor arising from any act or omission while engaged in work pursuant to the Plumbing License Law.

(6) Any aggrieved person may bring an action upon the bond for the recovery of penalty thereof to the same extent and with equal rights as though such aggrieved person had been named as the obligee in the bond.

(7) For purposes of this Section, the term plumbing contractor also includes the agents, servants, and employees of a plumbing contractor.

(g) Exceptions. The bond and insurance requirement will be waived if:

(1) The plumbing contractor wishes to be inactive. A contractor may choose to place his or her license on inactive status and may practice as a journeyman but shall not practice as an active contractor. The inactive contractor can obtain an active license at any time if his or her license is valid and the bond and insurance requirements are met; or

(2) The plumbing contractor is employed by a corporation, partnership, public entity, or political subdivision and said corporation, partnership, public entity or political subdivision submits an affidavit on behalf of the contractor that the employee will only perform plumbing work on property owned by said corporation, partnership, public entity, or political subdivision and the employer assumes all financial responsibility in lieu of the contractor providing bond and insurance. The affidavit must include a statement by the employer that the Board will be notified if the contractor is no longer employed by said employer,

or if the employer no longer wishes to assume financial responsibility for the contractor.

(h) Insurance. A plumbing contractor shall provide proof of financial responsibility by providing a certificate of insurance, which indicates a minimum general liability policy of \$50,000.

158:30-5-4. Plumbing journeymen and contractor licenses by reciprocity

(a) **General procedures for application.** Any person holding a valid plumbing journeyman license or plumbing contractor license issued by another state who is seeking to obtain a license by reciprocity shall first submit an application to the Construction Industries Board on a form provided by the Board and confirm that a written reciprocity agreement exists between the applicant's state and Oklahoma for the license the applicant is seeking. The application shall include all documentation necessary to show the applicant meets the requirements established by the Act and this Chapter. All applications shall first be directed to the Committee or its designee for an initial review to determine if the applicant meets the qualifications for a license by reciprocity as set forth in this Chapter and in 59 O.S. § 1000.5A or any subsequent enactment of the Legislature. Following this review, the Committee or its designee shall make a recommendation to the Board or its designee as to whether the application should be approved or disapproved. The Board or its designee shall make the final determination as to whether an application shall be approved or disapproved. If the Board or its designee disapproves an application, the application shall be returned to the applicant with the reason for the disapproval.

(b) **Application fees.** Before an application will be considered, a person applying for a plumbing journeyman license by reciprocity must pay the journeyman application fee and the initial journeyman license fee as set forth in OAC 158:30-9-2. If the person is applying for a plumbing contractor license, the person must pay the contractors application fee and the initial contractor license fee as set forth in OAC 158:30-9-2. These fees shall not be refundable under any circumstances.

(c) **Requirements for issuance of a license by reciprocity.** An application for a license by reciprocity may be approved upon a satisfactory showing by the applicant of the following:

(1) That the requirements for licensure from the state in which the applicant is licensed are determined to be substantially the same or equivalent to the requirements for obtaining a license by examination in this State. In making this determination the following shall be considered:

(A) Whether the experience required by the other state to be eligible to sit for the license examination is substantially the same or equivalent to the Board's requirements;

(B) Whether the continuing education requirements of the other state are substantially the same or equivalent to the Board's requirements;

(C) Whether the codes adopted by the other state are substantially the same or equivalent to the Board's requirements;

(D) Whether the examination of the other state is substantially the same or equivalent to the Board's

Permanent Final Adoptions

requirements. This shall include the score required to pass the examination, the subject matter of the examination, the codes on which the examination is based, and whether the examination is in written form.

- (2) That the other state will recognize a license issued by the State of Oklahoma through the Construction Industries Board. Paragraphs (1) and (2) of this subsection may only be satisfied by the existence of a reciprocity agreement between the Board and the state issuing the applicant's current license as provided in (d) of this Section.
- (3) That the applicant is currently licensed by a state that meets the requirements of (1) of this subsection and that one (1) year immediately prior to the application, the applicant lawfully practiced an applicable trade within and under the laws of that state.
- (4) That no disciplinary matters are pending against the applicant in any jurisdiction in which the applicant is currently licensed. This requirement will be considered satisfied upon presentation of a certified statement from the licensing authorities of all jurisdictions in which the applicant is currently licensed that no disciplinary matters are pending against applicant.
- (5) That the applicant obtained the license to be reciprocated by examination.
- (d) **Reciprocity agreements.** The Board may enter into a reciprocity agreement with another state if the requirements for licensure in the other state are deemed by the Board to be substantially the same or equivalent to the requirements for obtaining an original license by examination in this State.
- (e) **Additional requirements for contractor applicants.** Applicants seeking a plumbing contractor license by reciprocity who meet the necessary qualifications for a license as required in this Section and for which there is a written reciprocity agreement for contractors, will be granted a journeyman license by reciprocity. The applicant will be issued a contractor license upon successfully passing the Oklahoma Plumbing Contractor Business and Law portion of the full contractor examination and satisfaction of the bonding and insurance requirements of OAC 158:30-5-2.

SUBCHAPTER 9. EXAMINATION PROCEDURES, LICENSE AND REGISTRATION FEES AND DURATION OF LICENSES

158:30-9-1. Examination and licensure procedures

- (a) The plumbing standards for the plumbing examination shall be the standard of installation as described in OAC 158:30-1-4.
- (b) Any previously certified examination may be used to meet an examination requirement pursuant to the Act and this Chapter.
- (c) Examination for a plumber's license shall include, but not be limited to, written questions and drawings and/or charts.
- (d) The maximum grade value of each part of the plumbing examination shall be 100 points. An examinee must make 75% or more on each part, to pass the examination.

(e) Applicants for a contractor license must pass both portions (business/law and trade) of the contractor license exam. If an applicant for a contractor license passes only one of the two portions of the required exam, the applicant need only retake the portion of the exam not passed if done within three (3) years of the date the Applicant is approved and eligible to sit for the contractor's exam. Otherwise, the Applicant will need to retake both portions of the contractor license exam.

(f) If an applicant for a contractor license passes only the trade portion of the contractor exam, the applicant may choose to apply the passing score of the trade portion of the contractor exam to a journeyman license application. All other requirements in the Act and this Chapter for a journeyman license are required, including but not limited to, completing the journeyman application form and submitting any applicable fee, both of which must be received by the Board no more than one year after passing the trade portion of the contractor exam. The timeframe to complete both portions of the contractor exam as provided in (e) of this Section is applicable even if a journeyman license is obtained under this subsection.

(g) A contractor license, whether active or inactive, must be renewed annually including completing the renewal form and paying the renewal license fee for a contractor license. An inactive contractor status may be changed to active contractor status at any time by providing proof of compliance with bond and insurance requirements as provided in this Chapter. A contractor, whether active or inactive, can elect to renew as a journeyman with filing of a journeyman renewal application and fee which election will be considered a permanent change of license category. If a permanent license category change occurs and the individual wants to change from journeyman to contractor category, either active or inactive, the individual must retake and pass the contractor license exam and meet all other contractor license requirements in the Act and this Chapter.

(eh) Applicants for the plumbing contractor examination must be capable of reading English without assistance. A person who cannot meet this requirement may request a hearing before the Committee to request reasonable accommodations.

(fi) Except as authorized by the Plumbing Examiners Committee, no person, other than examinees, shall be permitted in the examination area.

(gj) An examinee who is caught cheating during the course of an examination shall be deemed to have failed the examination. Any applicant who violates exam procedures as determined by the examination provider, including but not limited to cheating, misrepresenting oneself as another, or inappropriate actions during an examination may be immediately notified and expelled from the examination. Furthermore, the applicant's exam will be considered invalid and the applicant will be disqualified from retaking the exam for a period of time no less than 30 days and no more than 365 days as determined by the Administrator of the Construction Industries Board.

(hk) Applicants for the journeyman examination must be eighteen (18) years of age or older and have:

- (1) three (3) years of experience in the plumbing trade while employed by a licensed Plumbing contractor; or
- (2) equivalent verifiable three (3) years of experience in the plumbing trade while serving in the U.S. military; or

(3) a verifiable out-of-state plumbing license that must be:

- (A) current, and
- (B) in good standing.

(h) Applicants for the contractors examination must be eighteen (18) years of age or older and have four (4) years of experience in the plumbing trade while employed by a licensed Plumbing contractor.

(jm) Applicants for plumbing license examinations who are not licensed and wish to include experience gained in Oklahoma must maintain an apprentice registration on file with the Oklahoma Construction Industries Board for all experience obtained in Oklahoma. The Construction Industries Board will not consider experience obtained in or outside of Oklahoma as verifiable experience for periods in which an apprentice is unregistered, except for experience lawfully obtained according to any applicable federal or state laws, and must be comprised of plumbing work as defined in the Act and in this Chapter.

(kn) The following may be substituted for a portion of the experience requirement in ~~(h)(1)(k)(1)~~ and ~~(i)(1)~~ of this Section:

- (1) An associate degree or Career Tech diploma certifying completion of a plumbing educational program consisting of a minimum of one thousand (1,000) classroom hours from a school, approved by the Committee, may be substituted for two (2) years of experience.
- (2) A Career Tech diploma certifying completion of an educational program consisting of a minimum of five hundred (500) classroom hours from a school, approved by the Committee, may be substituted for one (1) year of experience.
- (3) A Career Tech diploma certifying completion of an educational program consisting of a minimum of three hundred and seventy five (375) classroom hours from a school, approved by the Committee, may be substituted for three-fourths (3/4) of a year, or nine months of experience.
- (4) A Career Tech diploma certifying completion of an educational program consisting of a minimum of three hundred and thirty four (334) classroom hours from a school, approved by the Committee, may be substituted for two-thirds (2/3) of a year, or eight months of experience.
- (5) A Career Tech diploma certifying completion of an educational program consisting of a minimum of two hundred and fifty (250) classroom hours from a school, approved by the Committee, may be substituted for one-half (1/2) year, or six months of experience.

(lo) The fees for a license must be on deposit with the Administrator in advance of the examination.

(mp) If the applicant fails to meet the minimum qualifications to take the examination, the application fee will be forfeited.

158:30-9-3. Duration of licenses

- (a) All licenses shall have a duration of no longer than one (1) year, and shall expire on the last day of the birth month of the licensee each year.
- (b) Before any license may be renewed, all applicable continuing education requirements must be met.

(c) Any license issued by examination may be renewed by submitting the renewal application and the license fee for the next year by check or money order, or other payment method as provided, which must be delivered or mailed on or before the birth month expiration date, ~~or by credit card through a state-wide internet online licensing system.~~

(d) An expired license issued by examination may be reinstated by submitting the license renewal fee and late fee with the filing of a renewal application and proof of meeting all license renewal requirements.

(e) A licensee who, during an investigation of the licensee by the Construction Industries Board, surrenders their license shall be treated as if the license had been revoked for one (1) year from the day of surrender.

(f) A license cannot be renewed until the licensee has paid any and all outstanding fines due and owing to any division of the Construction Industries Board.

158:30-9-4. Continuing Education

(a) **Continuing education requirements.**

(1) ~~By July 1, 2014, no~~ No contractor or journeyman license shall be renewed unless the licensee has completed at least six (6) hours of continuing education ("CE"); ~~and thereafter, the licensee shall complete six (6) hours every three (3) years or thirty-six (36) months preceding the license expiration date.~~ The continuing education course and instructor shall be approved in advance by the Committee. Exceptions to advance approval, or post-course approval, may be allowed by the Committee, or its designee, for substitute instructors in emergency situations when written notice of the emergency is provided to the Committee or its designee within seven (7) days of the course. The continuing education material shall cover codes and revisions adopted by the OUBCC and/or other trade related subject matters appropriate for topics of continuing education for licensees and approved by the Committee including: examination materials, manufacturers' installation of equipment or parts, the licensing Act, the trade regulations as set forth in this Chapter as well as the rules of the Construction Industries Board in OAC 158:10, and other trade or safety related subject matters approved by the Committee.

(2) If a license expires before the licensee completes the CE requirement, any CE that is completed while the license is expired will be applied to the CE requirement for the thirty-six (36) months preceding the date the license expired. Six (6) hours of CE will still have to be completed in order to meet the CE requirement for the subsequent thirty-six (36) month period.

(3) Credit will be given for CE programs including correspondence and online courses approved by the Plumbing Examiners Committee or its designee.

(4) Except as provided herein this Section shall apply to every journeyman or contractor licensed by the Construction Industries Board.

(5) A licensee is exempt from the educational requirements of this Section for three (3) years from the date he or she passed their current licensing exam.

Permanent Final Adoptions

(b) The following standards will govern the approval of continuing education programs by the Committee.

(1) The program must be offered by a provider having substantial, recent experience in offering continuing education or demonstrated ability to organize and present effectively continuing education. Demonstrated ability arises partly from the extent to which individuals with trade training or educational experience are involved in the planning, instruction and supervision of the program.

(2) If written materials are provided, the materials must be thorough, high quality, readable, and must be made available to all participants at or before the time the course is presented.

(3) The program must be conducted in a comfortable physical setting which is conducive to learning.

(4) The program itself must be conducted by an individual or group qualified by practical or academic experience. The program including the named advertised participants must be conducted substantially as planned approved, including lunch and breaks shown on the approved agenda, subject to emergency withdrawals and alterations.

(5) Changes including but not limited to location, date, instructors, or cancellations must be requested from the Committee or its designee in writing prior to the start of class. All requests for change must include the Course ID number.

(6) The training location shall be outside the regular work place or after regular working hours.

(7) A credit hour is at least fifty (50) minutes of instruction with a ten (10) minute break.

(8) CE courses shall be presented in one of the following formats:

(A) Six (6) credit hours presented on one (1) day

(B) Two sessions of three (3) credit hours each presented within a seven (7) day period

(C) One (1) session of two (2) credit hours for the purposes of presenting a manufacturers' installation course,

(D) An approved correspondence or online course, or

(E) Another format approved by the Committee.

(9) Verification of Credit.

(A) The Course Provider shall verify the total number of continuing education hours completed by each attendee.

(B) Continuing education providers shall require attendees to present a photo I.D. prior to the attendee signing the sign-in sheet provided by the Construction Industries Board. Sign-in sheets shall include the name and license number of each licensee in attendance.

(C) As soon as practicable but in any event on or before seven (7) days following an approved education program, the provider shall furnish to the Plumbing License Unit the original sign-in sheets from the course.

(D) Providers must maintain copies of all sign-in sheets for a period of two (2) years following the conclusion of the course.

(10) Course providers or instructors may not advertise or promote the sale of any goods, products or services between the opening and closing of any Continuing Education Course.

(c) Any organization desiring approval of a course shall apply to the Plumbing Examiners Committee by submitting an application on a form to be obtained from the Construction Industries Board and supporting documentation at least fifteen (15) days prior to the date of the Regular meeting of the Committee from which the organization wants the course to be considered for approval, and at least thirty (30) days prior to the date for which the course is scheduled. An application is to be submitted for each date or set of dates that constitute a single class. Each class must be included on a separate application. The Committee or its designee will review each application for completeness of form and supporting documentation as well as course content. The applicant will be notified in writing by mail whether the program is approved or disapproved. Applicants denied approval of a course may appeal such a decision by submitting a letter of appeal to the Committee within fifteen (15) days of the receipt of the notice of disapproval. All appeals will be heard by the Committee at its next regularly scheduled meeting.

(1) Supporting documentation includes:

(A) resumes or a brief summary of qualifications for all instructors providing instruction for the class,

(B) a class agenda designating beginning and ending of actual instructional times, sign-in times, breaks, lunches and evaluation time, and

(C) A class curriculum indicating the subject or code areas to be taught with sufficient detail to determine which code revisions are to be addressed or the product for which the installation education is being provided.

(2) The Committee or its designee may refuse to accept any application for approval if the supporting documentation is insufficient or incomplete. The Committee may deny or revoke approval of an application for any of the following reasons:

(A) Failure to comply with the continuing education provisions;

(B) Inadequate application or supporting documentation;

(C) Failure to instruct on the topic approved, or

(D) Unsatisfactory assessments of the course, instructor, or materials from previous classes.

(3) If an application is refused or disapproved, written notice detailing the basis of the decision shall be provided to the applicant.

(4) The Committee may at any time reconsider and grant or revoke approval of an application or course.

(A) The Committee may at any time review courses for quality in instruction. The Committee shall also investigate and take appropriate action, up to and

including revocation of authority to provide CE, regarding complaints involving approved courses.

(B) A provider's failure to comply with the provisions of this Section constitutes grounds for disciplinary action, up to and including revocation of authority to provide CE, against the provider or for denial of future applications for coursework.

(5) Approval of any course, including a correspondence or online course, is rescinded upon the adoption of a different statewide code and a new application showing updated course subject matter and materials is necessary in order to obtain updated course approval.

(d) **Course advertisement.**

(1) All advertising must include the course identification number.

(2) Approved program courses may be advertised.

(3) The provider of an approved continuing education program may announce or indicate as follows: Course # _____ has been approved by the Construction Industries Board Plumbing Examiners Committee for _____ hours of CE credit.

(e) **Correspondence or online course approval.**

(1) Entities seeking to offer correspondence courses for continuing education shall submit a course curriculum and study material for review and approval by the Committee prior to the courses being offered as continuing education. Approved correspondence courses shall be required to comply with all requirements for other continuing education courses except for sign-in sheets. Providers shall provide a student with a document of completion which certifies completion of approved correspondence courses.

(2) Providers seeking to offer online courses for continuing education shall submit a course curriculum and study material for review and approval by the Committee prior to the courses being offered as continuing education. An access code and password shall be provided to the Committee, or its designee, for an online course for the purpose of review and approval. Providers of an on-line course shall submit verification of six (6) hours of real time on-line instruction. Correspondence or online courses shall have sufficient explanation and or graphics to expound the concepts being taught. The format of the online course shall be constructed so as to elicit interaction between the student and the material presented. Each page of text shall be designed with a question that must be answered before advancing to the next page or a test at the end of a subject matter before the course is considered complete. Providers shall provide a student with a document of completion that shall certify completion of an approved online course.

~~(3) Approval of any correspondence or online course is rescinded upon the adoption of a different statewide code and a new application showing updated course subject matter and materials is necessary in order to obtain updated course approval.~~

(4) Applications for correspondence or online courses shall be resubmitted annually, from date of approval, for review and approval.

(f) **Alternate Credit accrual.**

(1) Credit may be earned through teaching in an approved continuing education class. The Committee may award up to six (6) hours of CE credit not to exceed the number of approved hours for that CE class.

(2) Credit may also be earned through teaching a course in an accredited trade school or a trade-specific program approved by the Committee. The Committee may award up to six (6) hours of CE credit for each semester of academic credit awarded by the academic institution for the course.

(g) **Complaint procedure.**

(1) A person, government, or private organization may submit a written complaint to the Committee, or its designee, charging a provider of continuing education with a violation of this Section, and specifying the grounds for the complaint.

(2) Complaints must be in writing and include contact information, and shall be filed on the proper complaint form prescribed by the Construction Industries Board, or its designee.

(3) The Committee may consider an unsigned or anonymous complaint for further investigation.

(4) Upon receipt of a signed complaint form, a copy shall be sent to the continuing education provider addressed in the complaint. The continuing education provider shall provide a written response within fifteen (15) days. Upon receipt of the continuing education provider's written response, both complaint and response shall be considered by the Committee, or its designee, for appropriate action including dismissal of the complaint, further investigation, or a finding of violation of the Act or this Chapter. The Committee, or its designee, shall notify both complainant and continuing education provider of the determination made by the Committee. Failure of the continuing education provider to respond will be considered as a violation of this Section.

(5) If a reasonable cause violation determination is made by the Committee, the Oklahoma Administrative Procedure Act shall be followed for all disciplinary proceedings undertaken.

GIST/ANALYSIS:

Gist: The changes to the Electrical Industry Regulations add language clarifying existing rules and statutory authority; remove obsolete language; and provide applicants options on licensing renewal categories and partial exam completion.

Analysis: The amendments clarify and add definitions to provide the public a description of terms as the statutes have historically been applied by the agency; clarify the result of a contractor failing to maintain the required bond and insurance; establish a time limit for completing both portions of the contractor exam before an applicant is required to retake a portion they may have previously passed; establish procedures which allow an applicant for a contractor license who passes only the trade portion of the contractor exam to apply the passing score of the trade portion to an application for a journeyman license; allow an individual who has a current active or inactive contractor license to pursue other category contractor applications in the electrical trade without being required to retake the business and law portion of the exam if the business and law portion was successfully passed previously; allow an active or inactive contractor to elect to have a permanent change of license category and renew as a journeyman; amend and clarify the procedures/requirements related to an applicant who violates exam procedures; remove obsolete, outdated verbiage and clarify the manner in which continuing education programs must be conducted; rescind approval of continuing education courses upon the adoption of a different statewide code; amend the deadline for submission of applications for continuing education course approval; and provide that applications for correspondence or online courses must be resubmitted annually, from date of approval, for review and approval. The proposed amendments may result in amendments/clarifications on existing forms or the creation of new forms.

CONTACT PERSON:

Linda Ruckman, Board Secretary/Executive Assistant, 405-521-6550.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

158:40-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Act" means the Electrical License Act as found at 59 O.S. § 1680, *et seq.*

"Administrator" means the Administrator of the Board as described in the Construction Industries Board Act found at 59 O.S. § 1000.1, *et seq.*

"Alarm Endorsement" or **"Alarm Endorsement registration"** means a licensed electrician or registered electrical apprentice who has met the endorsement registration requirements may install, service, or repair alarm or security systems or electronic security devices such as residential or commercial burglar alarms or security systems, electronic access control, closed circuit television, nurse call systems and the like.

"Applicant" means any person applying for an examination, for a license or registration, for continuing education approval, for review of plans and specifications, or for an electrical code variance from the standard of installation as described in OAC 158:40-1-4 by the Board under the Act.

"Apprentice" means an electrical worker registered pursuant to OAC 158:40-5-1 who is limited to working for a contractor and is directly supervised by a licensed contractor or journeyman with the appropriate license classification for the work being performed.

"Associated with and responsible for" means the relationship between an electrical contractor and electrical firm based on the electrical contractor being a permanent employee, owner, partner, or officer in a corporate firm, and whereby the electrical contractor shall give full time to the supervision and control of operations necessary to secure full compliance with the provisions of the Electrical License Act and this Chapter.

"Board" means the Oklahoma Construction Industries Board.

"Bonds and Insurance Unit" means the consolidated unit that processes bonds and insurance under the direction of the Construction Industries Board.

"Cheating" means any unapproved deviation from any official instruction given before, during or after a license examination, for the purpose of affecting or influencing the examination results or otherwise providing an undue advantage to any examinee.

"Committee" means the Committee of Electrical Examiners.

"Contracting" means engaging or offering to engage in, on behalf of oneself or on behalf of another, any electrical work which requires a valid and appropriate license from the Construction Industries Board as required by the Electrical License Act, regardless if said work is in exchange for monetary payment or otherwise.

"Contractor" means a person who meets the definition of 59 O.S. § 1682(5) and is licensed in the appropriate category for any electrical work performed.

"Continuing Education Credit Hour" means at least sixty (60) minutes of classroom instruction.

"Direct supervision" means the on-the-job presence by the supervisor who must be a licensed electrical contractor

or electrical journeyman in the appropriate category for any electrical work supervised.

"Electrical facility" means wiring, fixtures, appurtenances and appliances used for and in connection with a supply of electricity, but excludes the connection with a power meter or other supply source.

"Electrical firm" means any firm, corporation, partnership, sole proprietorship, joint venture or any other business entity engaged in the business of planning, contracting, supervising or furnishing labor or labor and materials for the installation, repair, maintenance or renovation of electrical facilities according to the Act.

"Electrical License Unit" means the staff and administrative support unit to the Committee of Electrical Examiners and the Electrical Hearing Board.

"Electrical maintenance" means electrical work limited to maintaining existing electrical systems, facilities or equipment by an employee of a person, company, corporation or entity owning the electrical systems, facilities or equipment. Maintenance shall not include any alterations or additions to existing systems, facilities or equipment.

"Electrical work" means work on "electrical facilities" as that term is defined in 59 O.S. § 1682.

"Hearing Board" means the Electrical Hearing Board created by the Act.

"Inactive contractor" means any class of licensed electrical contractor who has formally and voluntarily placed their contractor's license in an inactive status.

"Journeyman electrician" or **"journeyman"** means any person, other than a contractor or apprentice, who engages in the installation, repair, maintenance or renovation of electrical facilities according to the Act, in the category in which the person is licensed.

"Limited electrical contractor" means any person who has qualified and become licensed in accordance with OAC 158:40-7-4. Such person is prohibited from engaging in the work of a journeyman electrician.

"Military electrical experience" means verifiable military experience in electrical work which is the same as or similar to electrical construction work as defined in the Act.

"Oklahoma Uniform Building Code Commission" or **"OUBCC"** means the state agency created under 59 O.S. § 1000.20, *et. seq.*, and authorized to adopt all building codes and standards for residential and commercial construction to be used as minimum standards by all entities within this State.

"Reciprocity agreement" means an agreement whereby a person holding an electrical license or registration who is licensed in other states with substantially similar or greater licensure requirements may be licensed in this State after payment of a fee for licensing by reciprocity.

"Refinery Electrical Journeyman" means an electrician licensed as a refinery electrical journeyman electrician pursuant to OAC 158:40-7-6 and is limited to performing electrical work only in refinery facilities.

"Residential contractor" means an electrician licensed as a residential contractor pursuant to OAC 158:40-7-2 and is limited to performing residential electrical construction work.

"Residential journeyman" means an electrician licensed as residential journeyman electrician pursuant to OAC 158:40-7-2 and limited to performing residential electrical construction work.

"Temporary electrical journeyman" means an electrician temporarily licensed by the Oklahoma Construction Industries Board as a journeyman electrician and is limited to electrical construction per the equivalent temporary journeyman classification determined by the Board.

"Variance" means the use of an alternative material or method of construction from that prescribed in the standard of installation as described in OAC 158:40-1-4 for use at a particular location or project specified in the variance application; and

"Variance and Appeals Board" means the Oklahoma State Electrical Installation Code Variance and Appeals Board.

SUBCHAPTER 5. LICENSING REQUIREMENTS, DISPLAY OF LICENSE, AND FIRM NAME, AND BOND REQUIREMENTS

158:40-5-5. Bond and insurance requirements

(a) Each active electrical contractor must furnish a license bond in the amount of \$5,000.00 to the Bonds and Insurance Unit. This bond is to be a continuous bond with a thirty (30)-day cancellation notice. Such bond shall be conditioned upon faithful and lawful performance of all work entered upon by the contractor within the State of Oklahoma and shall be for the benefit of persons injured or suffering financial loss by reason of failure of such performance. The bond will be filed with the Bonds and Insurance Unit of the Oklahoma Construction Industries Board and be in lieu of all other license bonds to any political subdivision.

(b) Each active electrical contractor must maintain insurance coverage and furnish and maintain in effect in the Bonds and Insurance Unit of the Oklahoma Construction Industries Board, Electrical Licensing Unit, a certificate of insurance therefore which indicates that the electrical contractor has a comprehensive general liability policy including manufacturers and contractors, completed operations, and independent contractors liability coverage. Limits of liability are to be no less than \$50,000.00 combined single limit for bodily injury and property damage.

(c) Each active electrical contractor shall be aware of the requirements of Titles 85 and 85A of the Oklahoma Statutes (Workers' Compensation Acts and the Rules and Regulations of the Workers' Compensation Court of the State of Oklahoma), and indicate in the space provided on the application compliance therewith.

(d) Failure to provide the complete information with current bond and insurance certificate will result in an inactive electrical contractor's license being issued until such time as the requirements are met. Failure to maintain the bond and insurance in force, as required, will result in the summary suspension of the electrical contractor's active license and the issuance of an inactive license to said electrical contractor.

Permanent Final Adoptions

(e) Electrical contractors shall pay all fines and penalties imposed by penalty orders of the Board and fines and penalties imposed by courts of competent jurisdiction for the violation of municipal ordinances. The Board may seek payment through the surety bond of any fines or penalties which the licensee fails to pay.

(f) Exceptions. The bond and insurance requirement will be waived if the electrical contractor is employed by a corporation, partnership, public entity, or political subdivision and said corporation, partnership, public entity or political subdivision submits an affidavit on behalf of the contractor that the employee will only perform electrical work on property owned by said corporation, partnership, public entity, or political subdivision and the employer assumes all financial responsibility in lieu of the contractor providing bond and insurance. The affidavit must include a statement by the employer that the Board will be notified if the contractor is no longer employed by said employer, or if the employer no longer wishes to assume financial responsibility for the contractor.

SUBCHAPTER 9. EXAMINATION APPLICATIONS, EXAMINATIONS AND LICENSE AND REGISTRATION FEES AND RENEWALS

158:40-9-2. Examinations and licensure

(a) Electrical license examinations may include, without limitation, the following parts:

(1) Written questions, consisting of open book, closed book and problems, based on the standard of installation as described in OAC 158:40-1-4 and other related questions; and

(2) Practical shop, which for contractors shall also include written questions on job estimating and the laws and regulations relating to electricians as found in the Act and this Chapter.

(b) Applicants for a contractor license must pass both portions (business/law and trade) of the contractor license exam. If an applicant for a contractor license passes only one of the two portions of the required exam, the applicant need only retake the portion of the exam not passed if done within three (3) years of the date the Applicant is approved and eligible to sit for the contractor's exam. Otherwise, the Applicant will need to retake both portions of the contractor license exam.

(c) If an applicant for an unlimited contractor license passes only the trade portion of the contractor exam, the applicant may choose to apply the passing score of the trade portion of the contractor exam to a journeyman license application. All other requirements in the Act and this Chapter for a journeyman license are required, including but not limited to, completing the journeyman application form and submitting any applicable fee, both of which must be received by the Board no more than one year after passing the trade portion of the contractor exam. The timeframe to complete both portions of the contractor exam as provided in (b) of this Section is applicable even if a journeyman license is obtained under this subsection.

(d) A contractor license, whether active or inactive, must be renewed annually including completing the renewal form and paying the renewal license fee for a contractor license. An inactive contractor status may be changed to active contractor status at any time by providing proof of compliance with bond and insurance requirements as provided in this Chapter. A contractor, whether active or inactive, can elect to renew as a journeyman with filing of a journeyman renewal application and fee which election will be considered a permanent change of license category. If a permanent license category change occurs and the individual wants to change from journeyman to contractor category, either active or inactive, the individual must retake and pass the contractor license exam and meet all other contractor license requirements in the Act and this Chapter.

(e) If an active or inactive contractor license is current, the Applicant may pursue other category contractor applications in the same trade without being required to retake the business and law portion of the exam if the business and law portion was successfully passed previously.

~~(bf)~~ The maximum grade value of each part of the examination shall be 100 points. A passing score is 75% or more on each part.

~~(eg)~~ Each applicant shall pay all examination and license fees before undertaking any examination. If the applicant fails to meet the minimum qualifications to take the examination, the application fee will be forfeited. Reexamination fees shall be the same as the initial examination fees.

~~(dh)~~ Applicants for a contractor license must be capable of reading without assistance.

~~(ei)~~ Unless authorized by the Administrator, only examinees shall be permitted in the examination area.

~~(ej)~~ Any applicant who fails a first examination must wait thirty (30) days before taking any other electrical examination. All subsequent failures will result in a waiting period of at least ninety (90) days.

~~(ek)~~ Applicants shall present positive identification before undertaking an examination.

~~(hl) An examinee cheating or fraudulently representing an applicant shall immediately be expelled from the examination. A written record of the proceedings shall be made and become a part of the applicant's file. The Administrator shall determine when the applicant may retake the exam, which time shall be no fewer than thirty (30) days and no longer than three hundred sixty five (365) days. Any applicant who violates exam procedures as determined by the examination provider, including but not limited to cheating, misrepresenting oneself as another, or inappropriate actions during an examination may be immediately notified and expelled from the examination. Furthermore, the applicant's exam will be considered invalid and the applicant will be disqualified from retaking the exam for a period of time no less than 30 days and no more than 365 days as determined by the Administrator of the Construction Industries Board.~~

~~(im)~~ Any previously certified examination may be used to meet an examination requirement pursuant to the Act and this Chapter.

158:40-9-4. Continuing education

(a) Continuing Education Requirements.

(1) ~~By July 1, 2014, no~~ No contractor or journeyman license shall be renewed unless the licensee has completed at least six (6) hours of continuing education (CE); ~~and thereafter, the licensee shall complete six (6) hours every three (3) years or thirty-six (36) months preceding the license expiration date.~~ The continuing education course and instructor shall be approved in advance by the Committee. Exceptions to advance approval, or post-course approval, may be allowed by the Committee, or its designee, for substitute instructors in emergency situations when written notice of the emergency is provided to the Committee or its designee within seven (7) days of the course. The continuing education material shall cover codes and revisions adopted by the OUBCC and/or other trade related subject matters appropriate for topics of continuing education for licensees and approved by the Committee including: examination materials, manufacturers' installation of equipment or parts, the licensing Act, the trade regulations as set forth in this Chapter as well as the rules of the Construction Industries Board in OAC 158:10, and other trade or safety related subject matters approved by the Committee.

(2) If a license expires before the licensee completes the CE requirement, any CE that is completed while the license is expired will be applied to the CE requirement for the thirty-six (36) months preceding the date the license expired. Six (6) hours of CE will still have to be completed in order to meet the CE requirement for the subsequent thirty-six (36) month period.

(3) Credit will be given for CE programs approved by the Committee or its designee.

(4) Except as provided herein this Section shall apply to every journeyman or contractor licensed by the Construction Industries Board.

(5) A licensee is exempt from the educational requirements of this Section for three (3) years from the date he or she passed their current licensing exam.

(b) The following standards will govern the approval of continuing education programs by the Committee.

(1) The program must be offered by a provider having substantial, recent experience in offering continuing education or demonstrated ability to organize and present effectively continuing education. Demonstrated ability arises partly from the extent to which individuals with trade training or educational experience are involved in the planning, instruction and supervision of the program.

(2) If written materials are provided, the materials must be thorough, high quality, readable, and must be made available to all participants at or before the time the course is presented.

(3) The program must be conducted in a comfortable physical setting which is conducive to learning.

(4) The program itself must be conducted by an individual or group qualified by practical or academic experience. The program including the named advertised participants must be conducted substantially as ~~planned~~

approved, including lunch and breaks shown on the approved agenda, subject to emergency withdrawals and alterations.

(5) Changes including but not limited to location, date, instructors, or cancellations must be requested from the Committee or its designee in writing prior to the start of class. All requests for changes must include the Course ID number.

(6) The training location shall be outside the regular work place or after regular working hours.

(7) Each attendee of a continuing education course shall have, or otherwise be provided with, a copy of the OUBCC's most recently adopted edition of the National Electrical Code and revisions for use during the duration of the course.

(8) Sixty (60) minutes constitutes one (1) instructional hour.

(9) CE courses shall be presented in one of the following formats:

- (A) Six instructional hours presented on one day
- (B) Two sessions of three instructional hours each presented within a seven day period
- (C) An approved correspondence or online course, or
- (D) Another format approved by the Committee.

(10) Verification of Credit.

(A) The Course Provider shall verify the total number of continuing education hours completed by each attendee.

(B) Continuing education providers shall require attendees to present a photo I.D. prior to the attendee signing the sign-in sheet provided by the Construction Industries Board. Sign-in sheets shall include the name and license number of each licensee in attendance.

(C) As soon as practicable but in any event on or before seven (7) days following an approved education program, the provider shall furnish to the Electrical License Unit the original sign-in sheets.

(D) Providers must maintain copies of all sign-in sheets for a period of two (2) years following the conclusion of the course.

(11) Course providers or instructors may not advertise or promote the sale of any goods, products or services between the opening and closing of any Continuing Education Course.

(12) Approval of any course, including a correspondence or online course, is rescinded upon the adoption of a different statewide code and a new application showing updated course subject matter and materials is necessary in order to obtain updated course approval.

(c) **Submission of application for course approval.** Any organization desiring approval of a course shall apply to the Committee by submitting an application on a form to be obtained from the Construction Industries Board and supporting documentation at least fifteen (15) days prior to the date of the Regular meeting of the Committee from which the provider wants the course to be considered for approval, and

Permanent Final Adoptions

at least thirty (30) days prior to the date for which the course is scheduled. An application is to be submitted for each date or set of dates that constitute a single class. Each class must be included on a separate application. The Committee or its designee will review each application for completeness of form and supporting documentation as well as course content. The applicant will be notified in writing by mail whether the program is approved or disapproved. Applicants denied approval of a course may appeal such a decision by submitting a letter of appeal to the Committee within fifteen (15) days of the receipt of the notice of disapproval. All appeals will be heard by the Committee at its next regularly scheduled meeting.

- (1) Supporting documentation includes:
 - (A) resumes or a brief summary of qualifications for all instructors providing instruction for the class,
 - (B) a class agenda designating beginning and ending of actual instructional times, sign-in times, breaks, lunch time, and
 - (C) A class curriculum indicating the subject or code areas to be taught with sufficient detail to determine which code revisions are to be addressed.
 - (2) The Committee or its designee may refuse to accept any application for approval if the supporting documentation is insufficient or incomplete. The Committee may deny or revoke approval of an application for any of the following reasons:
 - (A) Failure to comply with the continuing education provisions;
 - (B) Inadequate application or supporting documentation;
 - (C) Failure to instruct on the topic approved; or
 - (D) Unsatisfactory evaluations of the course, instructor, or materials from previous classes.
 - (3) If an application is refused or disapproved, written notice detailing the basis of the decision shall be provided to the applicant.
 - (4) The Committee may at any time re-evaluate and grant or revoke approval of an application or course.
 - (A) The Committee or its designee shall be granted access to attend, observe and audit any continuing education course approved by the Committee.
 - (B) The Committee may at any time review courses for quality in instruction. The Committee shall also investigate and take appropriate action, up to and including revocation of authority to provide CE, regarding complaints involving approved courses.
 - (C) A provider's failure to comply with this Section constitutes grounds for disciplinary action, up to and including revocation of authority to provide CE, against the provider or for denial of future applications for coursework.
- (d) **Course Advertisement.**
- (1) All advertising must include the course identification number.
 - (2) Approved program courses may be advertised.
 - (3) The provider of an approved continuing education program may announce or indicate as follows: Course

_____ has been approved by the Construction Industries Board Electrical Examiners Committee for _____ hours of CE credit.

- (e) **Correspondence or Online course approval.**
- (1) Providers seeking to offer correspondence or online courses for continuing education shall submit a course curriculum and study material for review and approval by the Committee, or its designee, prior to the courses being offered as continuing education. An access code and password shall be provided to the Committee, or its designee, for an online course for the purpose of review and approval. Correspondence or online courses shall have sufficient explanation and or graphics to expound the concepts and changes being taught. The format of the online course shall be constructed so as to elicit interaction between the student and the material presented. Each page of text shall be designed with a question that must be answered before advancing to the next page or a test at the end of a subject matter before the course is considered complete. Approved correspondence and online courses shall be required to comply with all requirements for other continuing education courses except for sign-in sheets. Providers shall provide a student with a document of completion that shall certify completion of an approved correspondence or online course.
 - (2) Applications for correspondence or online courses shall be resubmitted annually, from date of approval, for review and approval.
- (f) **Alternate Credit accrual.**
- (1) Credit may be earned through teaching in an approved continuing education class. The Committee may award up to six (6) hours of CE credit not to exceed the number of approved hours for that CE class.
 - (2) Credit may also be earned through teaching a course in an accredited trade school or a trade-specific program approved by the Committee. The Committee may award up to six (6) hours of CE credit for each semester of academic credit awarded by the academic institution for the course.
- (g) **Complaint procedure.**
- (1) A person, government, or private organization may submit a written complaint to the Committee, or its designee, charging a provider of continuing education with a violation of this Section, and specifying the grounds for the complaint.
 - (2) Complaints must be in writing and include contact information, and shall be filed on the proper complaint form prescribed by the Construction Industries Board, or its designee.
 - (3) The Committee may consider an unsigned or anonymous complaint for further investigation.
 - (4) Upon receipt of a signed complaint form, a copy shall be sent to the continuing education provider addressed in the complaint. The continuing education provider shall provide a written response within fifteen (15) days. Upon receipt of the continuing education provider's written response, both complaint and response shall be considered by the Committee, or its designee, for

appropriate action including dismissal of the complaint, further investigation, or a finding of violation of the Act or this Chapter. The Committee, or its designee, shall notify both complainant and continuing education provider of the determination made by the Committee. Failure of the continuing education provider to respond will be considered as a violation of this Section.

(5) If a reasonable cause violation determination is made by the Committee, the Oklahoma Administrative Procedure Act shall be followed for all disciplinary proceedings undertaken.

[OAR Docket #17-594; filed 7-7-17]

**TITLE 158. CONSTRUCTION INDUSTRIES BOARD
CHAPTER 50. MECHANICAL INDUSTRY REGULATIONS**

[OAR Docket #17-595]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

Subchapter 1. General Provisions

158:50-1-2 [AMENDED]

Subchapter 9. Qualifications for Mechanical Licensure, License and Registration Fees, Duration of License, Mechanical License Application, and Apprentice Registration

158:50-9-1 [AMENDED]

158:50-9-6 [AMENDED]

158:50-9-7 [AMENDED]

AUTHORITY:

Construction Industries Board; 59 O.S. §§ 1000.4 and 1850.3.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

November 21, 2016

COMMENT PERIOD:

December 16, 2016, through January 17, 2017

PUBLIC HEARING:

January 18, 2017

ADOPTION:

January 18, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

January 26, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 13, 2017

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

October 1, 2017

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

n/a

GIST/ANALYSIS:

Gist: The changes to the Mechanical Industry Regulations add language clarifying existing rules and statutory authority; remove obsolete language; and provide applicants options on licensing renewal categories and partial exam completion.

Analysis: The amendments clarify and add a definition to provide the public a description of terms as the statutes have historically been applied by the agency; establish a time limit for completing both portions of the contractor exam before an applicant is required to retake a portion they may have previously passed; establish procedures which allow an applicant for a contractor license who passes only the trade portion of the contractor exam to apply the passing score of the trade portion to an application for a journeyman

license; allow an active or inactive contractor to elect to have a permanent change of license category and renew as a journeyman; allow an individual who has a current active or inactive contractor license to pursue other category contractor applications in the mechanical trade without being required to retake the business and law portion of the exam if the business and law portion was successfully passed previously; amend and clarify procedures/requirements related to an applicant who violates exam procedures; clarify requirements for obtaining a mechanical license by reciprocity; remove obsolete, outdated verbiage; amend the deadline for submission of applications for continuing education course approval; clarify the manner in which continuing education programs must be conducted; and allow continuing education credit to be earned through teaching a course in an accredited trade school or a trade-specific program approved by the Committee of Mechanical Examiners. The amendments may result in amendments/clarifications on existing forms or the creation of new forms.

CONTACT PERSON:

Linda Ruckman, Board Secretary/Executive Assistant, 405-521-6550.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

158:50-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"**Act**" means Mechanical Licensing Act as found at 59 O.S. § 1850.1, *et seq.*

"**Administrator**" means the Administrator of the Board as described in the Construction Industries Board Act found at 59 O.S. § 1000.1, *et seq.*

"**Applicant**" means any person applying for an examination, for a license or registration, for continuing education approval, for review of plans and specifications or for a mechanical code variance from the standard of installation described in OAC 158:50-1-4 by the Construction Industries Board under the Act.

"**Associated with and responsible for**" means the relationship between a mechanical contractor and mechanical firm based on the mechanical contractor being a permanent employee, owner, partner, or officer in a corporate firm, and whereby the mechanical contractor shall give full time to the supervision and control of operations necessary to secure full compliance with the provisions of the Mechanical Licensing Act and this Chapter.

"**Board**" means the Oklahoma Construction Industries Board.

"**Bonds and Insurance Unit**" means the consolidated unit that processes bonds and insurance under the direction of the Construction Industries Board.

"**Cheating**" means any unapproved deviation from any official instruction given before, during or after a license examination, for the purpose of affecting or influencing the examination results or otherwise providing an undue advantage to any examinee.

Permanent Final Adoptions

"Chemical plant" means a chemical plant within the context of 59 O.S. §1850.10(D) including a fertilizer plant engaged in formulating chemicals ultimately used generally in the agricultural fertilizer industry.

"Committee" means the Committee of Mechanical Examiners.

"Contracting" means engaging or offering to engage in, on behalf of oneself or on behalf of another, any mechanical work which requires a valid and appropriate license from the Construction Industries Board as required by the Mechanical Licensing Act, regardless if said work is in exchange for monetary payment or otherwise.

"Credit Hour" or **"Hour"** means at least 50 minutes of classroom instruction with a 10 minute break.

"Direct supervision" means the on-the-job presence by the supervisor who must be a licensed mechanical contractor or mechanical journeyman.

"Gas piping" means and includes all natural gas piping within or adjacent to any building, structure, or conveyance, on the premises up to the connection with a natural gas meter, regulator, or other source of supply.

"Ground source piping" means piping buried below the earth's surface or submerged in a water well, lake or pond and used in conjunction with a heat pump to provide heating, ventilation and/or air conditioning to a structure.

"Health care facility" includes but is not limited to hospitals, nursing homes, limited care facilities, clinics, medical or dental offices, and ambulatory care centers, whether permanent or moveable.

"Hearing Board" means the Mechanical Hearing Board.

"Humidification" when applied to air conditioning, means and includes an increase or decrease in moisture content of the air being conditioned and supplied to the space for human occupancy by means of that integral part of the entire air conditioning system, equipment, and control devices; when applied to refrigeration, means and includes an increase or decrease in the moisture content of the air or product being conditioned for a food preservation measure or manufacturing process by means of the integral part of the entire refrigeration system, equipment, and control devices.

"HVAC" or **"heating, ventilation and air conditioning"** means the process of treating air by controlling its temperature, humidity, and cleanliness and of supplying such air to spaces for human occupancy by means of an integrated system of air conditioning and ventilation equipment, accessories and control devices.

"ICC" means the International Code Council.

"Limited residential journeyman" means a type and category of mechanical license that is restricted to new installations in new construction for detached one or two family dwellings and multiple single family dwellings (townhouses) not more than three stories in height with a separate means of egress as regulated by this Chapter.

"Mechanical License Unit" means the staff and administrative support unit to the Committee of Mechanical Examiners and the Mechanical Hearing Board.

"Mechanical work" means the installation, maintenance, repair, or renovation, in whole or in part, of any heating system,

exhaust system, cooling system, mechanical refrigeration system, ventilation system, medical gas system, medical-surgical vacuum systems, or any equipment or piping carrying chilled water, air for ventilation purposes, or natural gas, or the installation, maintenance, repair, or renovation of process piping used to carry any liquid, substance, or material, including steam and hot water used for space heating purposes not under the jurisdiction of the Department of Labor or Department of Health, provided that minor repairs and maintenance are excluded.

"Medical gas piping work" means the lay out, assembly, installation, and maintenance of pipe systems used in health care facilities for oxygen, nitrous oxide, medical air, carbon dioxide, helium, nitrogen, instrument air, medical-surgical vacuum, waste anesthetic gas disposal, mixtures thereof, or any other gaseous, partly gaseous substance, material or any mixtures thereof used in a health care facility. Replacing cylinders and filters, and performing routine and preventive maintenance that does not breach the integrity of the medical gas piping system and does not constitute the installation, repair, or replacement of medical gas piping shall not require a medical gas piping licensee.

"Medical gas journeyman" means a type and category of mechanical license that is restricted to medical gas piping.

"Minor repairs and maintenance" means minor repairs or maintenance as each are prescribed in the manufacturer's operating instructions to be performed by the equipment owner or his authorized agent, and shall not include replacement and repairs of any nature on natural gas piping, natural gas controls, the manufacturer installed controls and components, the vent system of fuel burning appliances, a breach of the integrity of a refrigeration system or any repair or maintenance which would violate the safe operation of the equipment.

"Oklahoma Uniform Building Code Commission" or **"OUBCC"** means the state agency created under 59 O.S. § 1000.20, *et seq.*, and authorized to adopt all building codes and standards for residential and commercial construction to be used as minimum standards by all entities within this State.

"Petroleum refinery" means an industrial plant which processes petroleum for purposes of creating products derived from petroleum and includes industrial plants which produce and/or refine alternative fuels or petroleum additives. "Petroleum refinery" shall not mean gas processing plant or gas gathering pipeline operations.

"Petroleum refinery journeyman" means a type and category of mechanical license that is restricted to petroleum refinery process piping.

"Petroleum refinery process piping work" means the lay out, assembly, installation, and maintenance of pipe systems used in the petroleum refining process or product refining systems of a petroleum refinery.

"Process" means a series of operations performed in the making or treatment of a product.

"Process piping" means lay out, assembly, installation, and maintenance of pipe systems, pipe supports, and related hydraulic and pneumatic equipment for steam, hot water, heating, cooling, lubricating and fire sprinklers, not subject to regulation pursuant to the Alarm Industry Act, and industrial

production and processing systems, and piping used to carry any gaseous, or partly gaseous, substance or material as part of a medical gas piping system.

"Reciprocity" means an agreement whereby a person holding a mechanical license or registration who is licensed in other states with substantially similar or greater licensure requirements may be licensed in this State after payment of a fee for licensing by reciprocity.

"Refrigeration system" means installation, repairing and servicing of a system employing fluid which normally is vaporized and liquefied in an air conditioning system, food preservation measure or manufacturing process.

"Variance" means the use of an alternative material or method of construction from that prescribed in the standard of installation as described in OAC 158:50-1-4 and/or other approved documents by the OUBCC for use at a particular location or project specified in the variance application; and

"Variance and Appeals Board" means the Oklahoma State Mechanical Installation Code Variance and Appeals Board.

"Verifiable experience" means mechanical experience obtained while employed by a licensed Mechanical contractor, or by other means approved by the Committee of Mechanical Examiners including equivalent experience earned while serving in the U.S. Military, for which one (1) year of verifiable experience equals two thousand (2,000) hours.

**SUBCHAPTER 9. QUALIFICATIONS FOR
MECHANICAL LICENSURE, LICENSE AND
REGISTRATION FEES, DURATION OF LICENSE,
MECHANICAL LICENSE APPLICATION, AND
APPRENTICE REGISTRATION**

158:50-9-1. Qualifications for mechanical licensure

(a) **Application.** A person desiring to be licensed under this Chapter shall file an application with the application fee, examination fee (unless the examination fee is paid directly to a testing provider), and the initial License fee to the Administrator. The fees must be received no less than three (3) working days before the examination date. If the applicant fails to meet the minimum qualifications to take the examination, the application fee will be forfeited.

(b) **Experience.** All persons applying for a license must provide proof of experience in the mechanical trade. Applicants for mechanical license examinations who are not licensed and wish to include experience gained in Oklahoma must maintain an apprentice registration on file with the Oklahoma Construction Industries Board for all experience obtained in Oklahoma. The Construction Industries Board will not consider experience obtained in or outside of Oklahoma as verifiable experience for periods in which an apprentice is unregistered, except for experience lawfully obtained according to any applicable federal or state laws, and must be comprised of mechanical work as defined under the Act and in this Chapter.

(1) Applicants for a journeyman license must be at least eighteen (18) years of age and have:

(A) three (3) years of verifiable experience in the mechanical trade in the category for which he or she is applying, or

(B) an associate's degree or vocational diploma certifying completion of an educational program consisting of one thousand (1,000) hours or more from a school, approved by the Committee, which exhibits knowledge of the trade in the category of license applied for and one (1) year of verifiable experience in the mechanical trade, or

(C) a vocational diploma certifying completion of an educational program consisting of five hundred (500) or more hours from a school, approved by the Committee, which exhibits knowledge of the trade in the category of license applied for, and two (2) years of verifiable experience in the mechanical trade, or

(D) a vocational diploma certifying completion of an educational program consisting of a minimum of three hundred and seventy five (375) or more hours from a school, approved by the Committee, which exhibits knowledge of the trade and in the category of license applied for, and two and one-fourth (2 1/4) years of verifiable experience in the mechanical trade, or

(E) a vocational diploma certifying completion of an educational program consisting of a minimum of three hundred and thirty four (334) or more hours from a school, approved by the Committee, which exhibits knowledge of the trade and in the category of license applied for, and two and one-third (2 1/3) years of verifiable experience in the mechanical trade, or

(F) a vocational diploma certifying completion of an educational program consisting of a minimum of two hundred and fifty (250) or more hours from a school, approved by the Committee, which exhibits knowledge of the trade and in the category of license applied for, and two and one-half (2 1/2) years of verifiable experience in the mechanical trade, or

(G) equivalent, verifiable experience in the mechanical trade while serving in the U.S. military, or

(H) experience sufficient to obtain the special certification required for the mechanical category sought by the tendered application, such as Ground Source Piping and Medical Gas, or

(I) a verifiable out-of-state license in the mechanical classification for which the applicant is applying. The license must:

- (i) be current,
- (ii) be in good standing, and
- (iii) meet qualifications listed in (A) through (E) above.

(2) Applicants for a contractor license must meet the same requirements as a journeyman with an additional one (1) year of experience.

(c) **Examination.** A license cannot be issued until the applicant has passed the appropriate examination for the license type and category. Examinations and the passing score for each

Permanent Final Adoptions

examination shall be approved by the Committee. Applicants for the Ground Source Piping category shall provide proof of being certified by examination in the proper installation of ground source piping by an organization approved by the Committee. Applicants for the Petroleum Refinery journeyman category shall provide proof of being certified by examination in the area of industrial pipefitter by an organization approved by the Committee. Applicants for the Medical Gas category shall provide proof of being certified by examination in accordance with the most current NFPA 99 standard or certified in the proper installation of medical gas piping by an organization approved by the Committee.

(1) If the applicant does not pass the exam, the applicant may reapply for the exam and pay an additional retesting fee. However, no person will be allowed to retake an exam within thirty (30) days of the first failed exam or within ninety (90) days of the second or subsequent failed exam.

(2) Applicants for a contractor license must pass both portions (business/law and trade) of the contractor license exam. If an applicant for a contractor license passes only one of the two portions of the required exam, the applicant need only retake the portion of the exam not passed if done within three (3) years of the date the Applicant is approved and eligible to sit for the contractor's exam. Otherwise, the Applicant will need to retake both portions of the contractor license exam.

(3) If an applicant for a contractor license passes only the trade portion of the contractor exam, the applicant may choose to apply the passing score of the trade portion of the contractor exam to a journeyman license application within the same license category as the trade portion of the contractor exam that the applicant passed. All other requirements in the Act and this Chapter for a journeyman license are required, including but not limited to, completing the journeyman application form and submitting any applicable fee, both of which must be received by the Board no more than one year after passing the trade portion of the contractor exam. The timeframe to complete both portions of the contractor exam as provided in (c)(2) of this Section is applicable even if a journeyman license is obtained under this subsection.

(4) A contractor license, whether active or inactive, must be renewed annually including completing the renewal form and paying the renewal license fee for a contractor license. An inactive contractor status may be changed to active contractor status at any time by providing proof of compliance with bond and insurance requirements as provided in this Chapter. A contractor, whether active or inactive, can elect to renew as a journeyman with filing of a journeyman renewal application and fee which election will be considered a permanent change of license category. If a permanent license category change occurs and the individual wants to change from journeyman to contractor category, either active or inactive, the individual must retake and pass the contractor license exam and meet all other contractor license requirements in the Act and this Chapter.

(5) If an active or inactive contractor license is current, the Applicant may pursue other category contractor applications in the same trade without being required to retake the business and law portion of the exam if the business and law portion was successfully passed previously.

~~(26) Any person suspected of cheating during an examination shall be immediately notified of the suspicion and shall not be allowed to finish the examination. He or she shall be called before the Committee during the next scheduled meeting for discussion of the incident. If the Committee determines that the person did in fact cheat, the examinee's application for licensure shall be denied and the Committee shall determine when the applicant can next apply for an examination. Any applicant who violates exam procedures as determined by the examination provider, including but not limited to cheating, misrepresenting oneself as another, or inappropriate actions during an examination may be immediately notified and expelled from the examination. Furthermore, the applicant's exam will be considered invalid and the applicant will be disqualified from retaking the exam for a period of time no less than 30 days and no more than 365 days as determined by the Administrator of the Construction Industries Board.~~

(37) No person shall be allowed any assistance in reading the contractor's examination, nor shall any persons other than the examinees or the Committee members be allowed in the examination area. However, an applicant may request that the Committee make reasonable accommodations for any disability.

(d) **Outstanding fines.** A license cannot be issued or renewed until the applicant has paid any and all outstanding fines due and owing to any division of the Construction Industries Board.

158:50-9-6. Mechanical journeyman and contractor licenses by reciprocity

(a) **General procedures for application.** Any person holding a valid mechanical journeyman license or mechanical contractor license issued by another state who is seeking to obtain a license by reciprocity shall first submit an application to the Construction Industries Board on a form provided by the Board and confirm that a written reciprocity agreement exists between the applicant's state and Oklahoma for the license the applicant is seeking. The application shall include all documentation necessary to show the applicant meets the requirements established by this Chapter. All applications shall first be directed to the Committee or its designee for an initial review to determine if the applicant meets the qualifications for a license by reciprocity as set forth in this Section and in 59 O.S. § 1000.5a or any subsequent enactment of the Legislature. Following this review, the Committee or its designee shall make a recommendation to the Board or its designee as to whether the application should be approved or disapproved. The Board or its designee shall make the final determination as to whether an application shall be approved or disapproved. If an application is disapproved by the Board or its designee, the application shall be returned to the applicant with the reason for the disapproval.

(b) **Application fees.** Before an application will be considered, a person applying for a mechanical journeyman license by reciprocity must pay the journeyman application fee and the initial journeyman license fee as set forth in OAC 158:50-9-2(b). If the person is applying for a mechanical contractor license, the person must pay the contractors application fee and the initial contractor license fee as set forth in OAC 158:50-9-2(b). These fees shall not be refundable under any circumstances.

(c) **Requirements for issuance of a license by reciprocity.** An application for a license by reciprocity may be approved upon a satisfactory showing by the applicant of the following:

(1) That the requirements for licensure from the state in which the applicant is licensed is determined to be substantially the same or equivalent to the requirements for obtaining a license by examination in this State. In making this determination the following shall be considered:

(A) Whether the other state regulates and issues licenses for mechanical trade categories in a manner that is substantially the same or equivalent to the State of Oklahoma;

(B) Whether the experience required by the other state to be eligible to sit for the license examination is substantially the same or equivalent to the Board's requirements;

(C) Whether the continuing education requirements of the other state are substantially the same or equivalent to the Board's requirements;

(D) Whether the codes adopted by the other state are substantially the same or equivalent to the Board's requirements;

(E) Whether the examination of the other state is substantially the same or equivalent to the Board's requirements. This shall include the score required to pass the examination, whether examinations are given for specific mechanical trade categories, and whether the examination is in written form.

(2) That the other state will recognize licenses issued by the State of Oklahoma through the Construction Industries Board. Paragraphs (1) and (2) of this subsection may be satisfied by the existence of a reciprocity agreement between the Board and the state issuing the applicant's current license as provided in (d) of this Section.

(3) That the applicant is currently licensed by a state that meets the requirements of (c)(1) of this Section and that one year immediately prior to the application, the applicant lawfully practiced an applicable trade within and under the laws of that state.

(4) That no disciplinary matters are pending against the applicant in any jurisdiction in which the applicant is currently licensed. This requirement will be considered satisfied upon presentation of a certified statement from the licensing authorities of all jurisdictions in which the applicant is currently licensed that no disciplinary matters are pending against applicant.

(5) That the applicant obtained the license to be reciprocated by examination in the applicable mechanical trade category.

(d) **Reciprocity agreements.** The Board may enter into a reciprocity agreement with another state if the requirements for licensure in the other state are deemed by the Board to be substantially the same or equivalent to the requirements for obtaining an original license by examination in this State.

(e) **Additional requirements for contractor applicants.** Applicants seeking a mechanical contractor license by reciprocity who meet the necessary qualifications for a license as required in this Section and for which there is a written reciprocity agreement for contractors, will be granted a journeyman license by reciprocity. The applicant will be issued a contractor license upon successfully passing the Oklahoma Mechanical Contractor Business and Law portion of the full contractor examination and satisfaction of the requirements of OAC 158:50-5-3.

(f) **Additional requirements for ground source piping license applicants.** Applicants seeking a mechanical license by reciprocity in the ground source piping category must provide proof of being certified in the proper installation of ground source piping by an organization approved by the Committee.

158:50-9-7. Continuing Education

(a) **Continuing Education Requirements:**

(1) ~~By July 1, 2014, no~~ No contractor or journeyman license shall be renewed unless the licensee has completed at least six (6) hours of continuing education ("CE"); ~~and thereafter, the licensee shall complete six (6) hours every~~ three (3) years or thirty-six (36) months preceding the license expiration date. The continuing education course and instructor shall be approved in advance by the Committee. Exceptions to advance approval, or post-course approval, may be allowed by the Committee, or its designee, for substitute instructors in emergency situations when written notice of the emergency is provided to the Committee or its designee within seven (7) days of the course. The continuing education material shall cover codes and revisions adopted by the OUBCC and/or other trade related subject matters appropriate for topics of continuing education for licensees and approved by the Committee including: examination materials, manufacturers' installation of equipment or parts, the licensing Act, the trade regulations as set forth in this Chapter as well as the rules of the Construction Industries Board in OAC 158:10, and other trade or safety related subject matters approved by the Committee.

(2) If a license expires before the licensee completes the CE requirement, any CE that is completed while the license is expired will be applied to the CE requirement for the thirty-six (36) months preceding the date the license expired. Six (6) hours of CE will still have to be completed in order to meet the CE requirement for the subsequent thirty-six (36) month period.

(3) Credit will be given for CE programs approved by the Committee, or its designee.

(4) Except as provided herein, this Section shall apply to every licensed mechanical journeyman or contractor.

Permanent Final Adoptions

- (5) A licensee is exempt from the education requirements of this Section for three (3) years from the date he or she passed their current licensing exam.
- (b) **Standards.** The following standards will govern the approval of continuing education programs by the Committee.
- (1) The program provider shall submit evidence that the provider and instructional staff are qualified by reason of education, experience or training. The training provider and instructors will be of good reputation and of good moral character.
- (2) Any written material that is distributed during the session shall be readable, of high quality and shall be made available to all attendees.
- (3) The program shall be presented in a comfortable location such as hotel/motel conference room, corporate meeting room, or regular classroom.
- (4) The training session shall be presented outside the regular workplace or after regular working hours. An on-site conference room, that meets standards imposed by (3) of this subsection, shall be considered outside the regular workplace.
- (5) A credit hour means at least fifty (50) minutes of classroom instruction with a ten (10) minute break.
- (6) CE courses shall be presented in one of the following formats.
- (A) Six (6) credit hours presented in one (1) day.
- (B) Two (2) sessions of three (3) credit hours each presented within a seven (7) day period.
- (C) One (1) session of two (2) credit hours of trade related instruction, Mechanical Licensing Act and/or Mechanical Industry Regulations.
- (D) An approved correspondence course.
- (E) Another format approved by the Committee.
- (7) **Verification of Credit.**
- (A) The Course Provider shall verify the total number of continuing education hours completed by each attendee.
- (B) Continuing education providers shall require attendees to present a photo I.D. prior to the attendee signing the sign-in sheet provided by the Construction Industries Board. Sign-in sheets shall include the name and license number of each licensee in attendance.
- (C) As soon as practicable but in any event on or before seven (7) days following an approved continuing education program, the provider shall furnish the original sign-in sheets from the course to the Mechanical License Unit of the Construction Industries Board.
- (D) Providers shall maintain copies of all sign-in sheets for a period of two (2) years following the conclusion of the course.
- (E) **Complaint Procedure.**
- (i) A person, government, or private organization may submit a written complaint to the Committee, or its designee, charging a provider of continuing education with a violation of this Section, and specifying the grounds for the complaint.
- (ii) Complaints must be in writing and include contact information, and shall be filed on the proper complaint form prescribed by the Construction Industries Board, or its designee.
- (iii) The Committee may consider an unsigned or anonymous complaint for further investigation.
- (iv) Upon receipt of a signed complaint form, a copy shall be sent to the continuing education provider addressed in the complaint. The continuing education provider shall provide a written response within fifteen (15) days. Upon receipt of the continuing education provider's written response, both complaint and response shall be considered by the Committee, or its designee, for appropriate action including dismissal of the complaint, further investigation, or a finding of violation of the Act or this Chapter. The Committee, or its designee, shall notify both complainant and continuing education provider of the determination made by the Committee. Failure of the continuing education provider to respond will be considered as a violation of this Section.
- (v) If a reasonable cause violation determination is made by the Committee, the Oklahoma Administrative Procedure Act shall be followed for all disciplinary proceedings undertaken.
- (8) Course providers or instructors may not advertise or promote the sale of any goods, products or services between the opening and closing of any Continuing Education Course.
- (c) **Application Procedures.**
- (1) A completed application form, with all supporting documentation, shall be submitted to the Construction Industries Board at least fifteen (15) days prior to the date of the Regular meeting of the Committee from which the provider wants the course to be considered for approval, and at least thirty (30) days prior to the scheduled start date. Supporting documents shall include the following:
- (A) A resume or brief summary of qualifications of all course developers and instructors.
- (B) A course agenda designating the beginning and ending of actual instruction times, sign-in times, breaks, lunches and evaluation time.
- (C) A course curriculum indicating the subject or code areas to be taught with sufficient detail to determine which code revisions are to be addressed or the trade related instruction being provided.
- (2) An application is to be submitted for each date, or dates, that constitute a single course.
- (3) Each course must be included on a separate application.
- (d) **Mechanical Examiners Committee Acceptance.**
- (1) The Committee, or its designee, will review each application for completeness of form and supporting documentation, as well as course content.
- (2) The approval of any course will be made by a majority vote of the Committee at a regularly scheduled meeting of the Mechanical Examiners Committee.

- (3) The Committee's designee may approve additional dates and locations after the course has been approved by Committee vote. Substantive change to course content must be brought before the Committee.
- (4) The applicant will be notified in writing whether the program is approved or disapproved, detailing the basis of the decision if disapproved.
- (5) Approval is rescinded upon the adoption of a different statewide code and a new application showing updates of new code is necessary.
- (e) **Committee Rejection and Reevaluation of a Course.**
- (1) The Committee, or its designee, may refuse to accept any application for approval if the supporting documentation is insufficient or incomplete. The Committee may deny or revoke approval of an application for any of the following reasons.
- (A) Failure to comply with the continuing education provisions.
- (B) Inadequate application or supporting documentation.
- (C) Failure to instruct on topic approved.
- (D) Inadequate experience of program developer or instructor.
- (E) Unsatisfactory evaluation of the course instructor or materials from previous classes.
- (2) The Committee may, at any time, re-evaluate and grant or revoke approval of application or course.
- (A) The Committee may, at any time, review courses for quality of instruction. The Committee may also investigate complaints regarding approved courses. The Committee may then take appropriate action, up to and including revocation of authority to provide CE courses.
- (B) A provider's failure to comply with this Section constitutes grounds for disciplinary action, up to and including revocation of authority to provide CE, against the provider or for denial of future applications for course work.
- (3) The Committee, or its designee, will notify the provider, in writing, of any changes in approval status.
- (f) **Appeals.**
- (1) Applicants denied approval of a course may appeal such a decision by submitting a written letter of appeal to the Committee within fifteen (15) days of the receipt of the notice.
- (2) All appeals will be heard by the Committee at its next regularly scheduled meeting.
- (g) **Course Presentation.**
- (1) The program, including the named advertised participants, shall be conducted as approved ~~by the Committee, including lunch and breaks shown on the approved agenda,~~ subject to emergency withdrawals and minor alterations.
- (2) Changes including but not limited to location, date, instructors, or cancellations must be requested from the Committee, or its designee, in writing prior to start of class. All requests for change must include the course ID number.
- (h) **Course Advertisement.**
- (1) All advertising must include the course ID number.
- (2) Approved program courses may be advertised.
- (3) The provider of an approved continuing education program may announce or indicate as follows: Course #____ has been approved by the Construction Industries Board Mechanical Examiners Committee for ____ hours of CE credit.
- (i) **Correspondence and Online Courses.**
- (1) Applications, approvals and rejections, and appeals of all correspondence and online courses shall be the same as for classroom-based courses.
- (2) Correspondence courses shall be required to comply with all requirements of continuing education courses, except sign-in sheets.
- (3) Providers of an on-line course shall submit verification of six (6) hours of real time on-line instruction.
- (4) Course providers shall provide a student with a document of completion which certifies completion of approved correspondence course.
- (5) Applications shall be resubmitted annually, from date of approval, for review and approval.
- (j) **Alternate Credit Method Accrual.**
- (1) Credit may be earned through teaching an approved continuing education course. The Committee may award up to six (6) hours of CE credit, not to exceed the number of approved hours for that CE course.
- (2) Credit may also be earned through teaching a course in an accredited trade school or a trade-specific program approved by the Committee. The Committee may award up to six (6) hours of CE credit for each semester of academic credit awarded by the academic institution for the course.
- (k) **Continuing Education Not Required for Petroleum Refinery Journeyman.** Subsections (a) through (j) of this Section shall not apply to the license category of Petroleum Refinery Journeyman. The Petroleum Refinery Journeyman license may be renewed without continuing education.
- (l) **Continuing Education Not Required for Ground Source Piping.** Subsections (a) through (j) of this Section shall not apply to the license category of Ground Source Piping. The Ground Source Piping category license may be renewed without continuing education provided that a current approved certification is submitted.
- (m) **Continuing Education Not Required for Medical Gas.** Subsections (a) through (j) of this Section shall not apply to the license category of Medical Gas. The Medical Gas category may be renewed without continuing education provided that a current approved certification is submitted.

GIST/ANALYSIS:
Gist: The changes to the Inspectors Regulations add language clarifying existing rules and statutory authority.

Analysis: The amendments clarify existing rule requirements for an unlimited inspector license; clarify the deadline for submission of applications for continuing education course approval; clarify the manner in which continuing education courses must be presented; require that an access code and password be provided to the Inspector Examiners Committee for an online course for the purpose of review and approval; require that applications for correspondence or online courses be resubmitted annually from date of approval for review and approval; establish requirements for advertisement of continuing education courses; and clarify that approval of all types of continuing education courses is rescinded upon the adoption of a different statewide code by the OUBCC. The amendments may result in amendments/clarifications on existing forms or the creation of new forms.

CONTACT PERSON:
Linda Ruckman, Board Secretary/Executive Assistant, 405-521-6550.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 5. CATEGORIES AND CLASSIFICATIONS OF INSPECTOR LICENSES, QUALIFICATIONS FOR INSPECTOR LICENSURE, LICENSE REQUIREMENTS FOR INSPECTORS, FEES, CERTIFICATION AND CONTINUING EDUCATION FOR INSPECTORS, AND CONTINUING EDUCATION COURSES

158:60-5-3. License requirements for inspectors

- (a) The licensee shall notify the Construction Industries Board in writing within fifteen (15) days of any change in address or change in employment status related to the license.
- (b) The licensee shall, in addition to any local procedures or requirements, notify the Administrator as to persons suspected of performing building, electrical, mechanical, or plumbing work within their jurisdiction who are not properly licensed by the State. All licensed building and construction inspectors shall require all persons doing work in his/her jurisdiction to meet all requirements for licensing and code standards.
- (c) Any person who voluntarily surrenders their license during an investigation by the licensing authority shall be treated as if their license had been revoked by the Administrator on the day of surrender.
- (d) The licensee shall not attempt to retain licensure by making false statements concerning C.E.U.'s.
- (e) In political subdivisions where licensing is required by the Act, no person may perform building and construction inspections in a category in which he or she is not licensed.
- (f) To receive an unlimited inspector license, one must take and pass both the residential certification examination and the commercial certification examination.

158:60-5-5. Continuing education

- (a) **Continuing education requirements:**
- (1) No license shall be renewed unless the licensee has completed at least six (6) hours of continuing education within twelve (12) months preceding the application for renewal.
- (2) Credit will only be given for continuing education programs approved by the Committee.
- (3) A licensee is exempt from the continuing education requirements of this Chapter for one (1) year from the date he or she passed their current licensing exam.
- (b) **Application procedures for continuing education course approval.** Any provider or instructor which desires to sponsor education to licensees in compliance with the continuing education requirements of OAC 158:60-5-4 shall file an application for approval on the form prescribed by the Committee, or its designee at least fifteen (15) days prior to the date of the Regular meeting of the Committee from which the organization wants the course to be considered for approval, and at least thirty (30) days prior to the date for which the course is scheduled. The application shall include a list of the course instructors and their qualifications, an agenda detailing the material to be presented, the location of the training, the program objectives, and the number of credit hours of classroom and supervised instruction. Licensees shall

not receive continuing education credit for attending classes that are not approved by the Committee. Within seven (7) days of the completion of the course, the provider or instructor shall submit the original sign-in sheets for all sessions to the Inspector Examiners Unit of the Construction Industries Board. The sign-in sheets shall include the signature and state inspector license number of each person in attendance. The provider or instructor shall verify the total number of continuing education hours completed by each attendee. All programs shall be presented as submitted and approved, including lunch and breaks shown on the approved agenda, unless changes have been approved. Changes to the program shall be submitted to the Committee, or its designee, within ten (10) days of the training session for review by the Committee. Failure to obtain approval of changes may result in loss of CEU approval.

(c) **Standards for continuing education.** The following standards will govern the approval of continuing education programs by the Inspector Examiners Committee:

- (1) The program provider shall submit evidence that the provider and instructional staff are qualified by reason of education, experience or training.
- (2) All material and information presented shall pertain to the discipline in which the person is licensed.
- (3) All courses must be of at least two (2) credit hours in length.
- (4) The training location must be outside the regular work place or after hours.
- (5) Correspondence or online course approval standards:

(A) Providers or instructors seeking to offer correspondence courses for continuing education shall submit a course curriculum and study material for review and approval by the Committee prior to the courses being offered as continuing education. An access code and password shall be provided to the Committee, or its designee, for an online course for the purpose of review and approval. Approved correspondence courses shall be required to comply with all requirements for other continuing education courses except for sign-in sheets. Providers shall provide a student with a document of completion which certifies completion of approved correspondence courses.

(B) Only licensees meeting one or more of the following requirements may receive CEU credit for taking a correspondence or online course;

- (i) Any licensee residing outside of Oklahoma,
- (ii) Any licensee that has an expired license which requires a continuing education course that is no longer available in the classroom,
- (iii) Any licensee who is currently incarcerated, or
- (iv) Any licensee who submits written proof to the Committee from a physician stating the medical reason that the licensee is unable to attend a continuing education class.

(C) Applications for correspondence or online courses shall be resubmitted annually, from date of approval, for review and approval.

(6) Along with a course application, a video presentation may be submitted for course material and instructor approval by the Committee if the video presentation is closely related to the subject matter of the course and meets the following:

(A) All video presentations must be submitted in electronic format at least thirty (30) days in advance of the Committee meeting reviewing the course application, except for manufacturer's videos generally accepted in the industry covering accepted industry practices or standards. If the electronic format does not allow forwarding by email, then seven (7) copies of a portable storage format are required.

(B) Video segments shall be no more than thirty (30) minutes, followed by a discussion and no more than fifty percent (50%) of the total course time.

(C) The required copies of each individual video presentation training segment must be submitted with the CEU class approval request for review and approval by the Committee of the course material and instructor. However, if the video is a manufacturer's video, the Committee is not required to approve of the instructor in the video as long as the video course material and video presentation is approved by the Committee.

(D) An approved instructor will be present during the viewing of any video and will monitor the class for questions. Prior to any video presentation, class participants shall be instructed to raise their hand if they have a question or comment during the video presentation. When a class participant has a question or comment during the video presentation, the instructor must be able to stop or pause the video to accommodate live interactive discussion.

(E) Audio and video equipment shall be arranged in advance or otherwise provided to assure that class participants are able to see and hear all portions of any video presentation. In the case of audio or video failure, the time of the video presentation may be presented by the approved instructor over subject matter previously approved for that instructor.

(d) **Course Advertisement.**

- (1) All advertising must include the course ID number.
- (2) The provider of an approved continuing education program may announce or indicate as follows: Course # _____ has been approved by the Construction Industries Board Inspector Examiners Committee for _____ hours of CE credit.

(de) **Approval Limitations.**

(1) The Committee's designee may approve additional course dates and locations after the course has been approved by Committee vote. Substantive change to course content must be brought before the Committee.

(2) Approval of all courses, including correspondence and online courses, is rescinded upon the adoption of a

Permanent Final Adoptions

different statewide code by OUBCC, and a new application showing updates of new code is necessary.

(ef) **Complaint procedure:**

- (1) A person, government, or private organization may submit a written complaint to the Committee, or its designee, charging a provider of continuing education with a violation of the rules, and specifying the grounds for the complaint.
- (2) Complaints must be in writing and include contact information, and shall be filed on the proper complaint form prescribed by the Construction Industries Board, or its designee.
- (3) The Committee may consider an unsigned or anonymous complaint for further investigation.
- (4) Upon receipt of a signed complaint form, a copy shall be sent to the continuing education provider addressed in the complaint. The continuing education provider shall provide a written response within fifteen (15) days. Upon receipt of the continuing education provider's written response, both complaint and response shall be considered by the Committee, or its designee, for appropriate action including dismissal of the complaint, further investigation, or a finding of violation of a statute or rule. The Committee, or its designee, shall notify both complainant and continuing education provider of the determination made by the Committee. Failure of the continuing education provider to respond will be considered as a violation of this rule.
- (5) If a reasonable cause violation determination is made by the Committee, the Oklahoma Administrative Procedure Act shall be followed for all disciplinary proceedings undertaken including but not limited to all parts of this subsection.

GIST/ANALYSIS:

Gist: The changes to the Home Inspection Industry Regulations add language clarifying existing rules and statutory authority.

Analysis: The amendments clarify definitions to provide the public a description of terms as the statutes have historically been applied by the agency; clarify and amend procedures related to an applicant who violates exam procedures; amend the deadline for submission of applications for continuing education course approval; clarify that the requirement for applications for continuing education course approval to be resubmitted annually applies to online and correspondence courses; clarify the manner in which continuing education courses must be conducted; and allow a designee of the Committee of Home Inspector Examiners to consider an unsigned or anonymous complaint regarding continuing education for further investigation, and to make a determination as to appropriate action related to an anonymous complaint regarding continuing education. The amendments may result in amendments/clarifications on existing forms or the creation of new forms.

Linda Ruckman, Board Secretary/Executive Assistant, 405-521-6550.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

158:70-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Act" means the Home Inspection Licensing Act, found at 59 O.S. § 858-621, *et seq.*

"Alarm systems" means warning devices, installed or free-standing, including but not limited to: carbon monoxide detectors, flue gas and other spillage detectors, security equipment, ejector pumps and smoke alarms.

"Applicant" means any person applying for an examination for a license or registration, or for continuing education approval, under the Act.

"Architectural service" means any practice involving the art and science of building design for construction of any structure or grouping of structures and the use of space within and surrounding the structures or the design for construction, including but not specifically limited to, schematic design,

design development, preparation of construction contract documents, and administration of the construction contract.

"Board" means the Construction Industries Board.

"Certificates of course completion" means a document acceptable to the Committee which signifies satisfactory completion of course work and reflects the hours of credit earned.

"Cheating" means any unapproved deviation from any official instruction given before, during or after a home inspector license examination for the purpose of affecting or influencing the examination results or otherwise providing an undue advantage to any examinee.

"Classroom hour", **"credit hour"**, and **"clock hour"** are each equal to means at least fifty (50) minutes out of each sixty (60) minute segment of classroom instruction with a ten (10) minute break.

"Client" means a person with a direct material interest in the outcome of a home inspection who hires and compensates a home inspector for the performance of a home inspection.

"Committee" means the Committee of Home Inspector Examiners established by the Home Inspection Licensing Act, 59 O.S. § 858-624.

"Component" means a part of a system.

"Continuing education" and **"CE"** means education that is approved by the Committee to satisfy education requirements in order to renew licensure as a home inspector.

"Continuing education verification form" means a form acceptable to the Committee and completed by the course provider, that documents compliance with the continuing education requirements.

"Cosmetic" means a condition that affects appearance but not the manner in which the system or component functions.

"Decorative" means ornamental; not required for the operation of the essential systems and components of a home.

"Defect" means a condition, malfunction or problem, which is not decorative or cosmetic, that would have a materially adverse effect on the value of a system or component, or would impair the health or safety of the occupants or client.

"Describe" means to report a system or component by its type or other observed, significant characteristics to distinguish it from other systems or components.

"Dismantle" means to take apart or remove any component, device or piece of equipment that would not be taken apart or removed by a homeowner in the course of normal and routine homeowner maintenance.

"Engineering service" means any professional service or creative work requiring engineering education, training, and experience and the application of special knowledge of the mathematical, physical and engineering sciences to such professional service or creative work as consultation, investigation, evaluation, planning, design and supervision of construction for the purpose of assuring compliance with the specifications and design, in conjunction with structures, buildings, machines, equipment, works or processes.

"Further evaluation" means examination and analysis by a qualified professional, tradesman or service technician beyond that provided by the home inspection.

"Home" or **"residence"** means any dwelling, from one to four (1-4) units in design, intended principally for residential purposes by one (1) or more individuals.

"Home inspection" or **"inspection"** means a visual examination of any or all of the readily accessible physical real property and improvements to real property consisting of four or fewer dwelling units, including structural, lot drainage, roof, electrical, plumbing, heating and air conditioning and such other areas of concern as are specified in writing to determine if performance is as intended. [59 O.S. § 858-622(3)]

"Home inspection license unit" means the staff and administrative support unit to the Committee of Home Inspector Examiners.

"Home inspection report" means a written opinion of the functional and physical condition of property written by the licensed home inspector pursuant to home inspection.

"Home Inspection Training" means prelicense education that is approved by the Committee to satisfy the education requirements to qualify an applicant to take a home inspector examination for licensure as a home inspector.

"Home inspector" means an individual licensed pursuant to the Home Inspection Licensing Act who, for compensation, conducts home inspections.

"Inspect" means to examine readily accessible systems and components of a building in accordance with these Standards of Practice, using normal operating controls and opening readily openable access panels.

"Installed" means attached such that removal requires tools.

"Instructor" means a person who presents course materials approved for qualifying education and continuing education credit hours that has the experience, training, and/or education in the course subject matter and has been approved by the Committee.

"Normal working order" means the system or component functions without defect for the primary purpose and manner for which it was designed.

"Normal operating controls" means devices such as thermostats, switches or valves intended to be operated by the homeowner.

"Practice of Architecture" means that practice defined in 59 O.S. § 46.3(2) and exempt from the Home Inspection Licensing Act under 59 O.S. § 858-623(B).

"Professional craftsman" means a person who can demonstrate by certification, education or experience, specialized skill in the construction or repair of homes, duplexes, apartment buildings or similar structures. Persons demonstrating specialized skill by experience alone must be able to show that they have been actively engaged in their profession, trade or craft for at least one (1) year prior to the performance of a single item inspection.

"Provider" means a person, corporation, professional association or its local affiliates, or any other entity, which is approved by the Committee and provides approved home inspection training or continuing education to home inspectors.

"Readily accessible" means available for visual inspection without requiring moving of personal property,

Permanent Final Adoptions

dismantling, destructive measures, or any action which will likely involve risk to persons or property.

"Readily openable access panel" means a panel provided for homeowner inspection and maintenance that is within normal reach, can be removed by one person, and is not sealed in place.

"Reciprocity agreement" means an agreement whereby a home inspector who is licensed in other states with substantially similar or greater licensure requirements may be licensed in this State after payment of a fee for licensing by reciprocity.

"Recreational facilities" means spas, saunas, steam baths, swimming pools, exercise, entertainment, athletic, playground or other similar equipment and associated accessories.

"Report" means to communicate in writing.

"Roof drainage systems" means components used to carry water off a roof and away from a building.

"Shut down" means a state in which a system or component cannot be operated by normal operating controls.

"Solid fuel burning appliances" means a hearth and fire chamber or similar prepared place in which a fire may be built and which is built in conjunction with a chimney; or a listed assembly of a fire chamber, its chimney and related factory-made parts designed for unit assembly without requiring field construction.

"Structural component" means a component that supports non-variable forces or weights (dead loads) and variable forces or weights (live loads).

"System" means a combination of interacting or interdependent components, assembled to carry out one or more functions.

"Technically exhaustive" means an investigation that involves dismantling, the extensive use of advanced techniques, measurements, instruments, testing, calculations, or other means.

"Under-floor crawl space" means the area within the confines of the foundation and between the ground and the underside of the floor.

"Unsafe" means a condition in a readily accessible, installed system or component which is judged to be a significant risk of personal injury during normal operation. The risk may be due to damage, deterioration, improper installation or a change in accepted residential construction standards.

"Wiring methods" means identification of electrical conductors or wires by their general type, such as "non-metallic sheathed cable" ("Romex"), "armored cable" ("bx") or "knob and tube", etc.

158:70-9-2. Examinations

(a) Home inspection license examinations may include, without limitation, written questions, consisting of open book, closed book and problems, based on current national standards, and other related questions.

(b) The maximum grade value of each part of the examination shall be 100 points. A passing score is 70% or more on each part.

(c) Each applicant shall pay the examination fee before undertaking any examination. Reexamination fees shall be the same as the initial examination fees.

(d) Unless authorized by the Committee, only examinees shall be permitted in the examination area.

(e) Applicants shall present positive identification before undertaking an examination.

(f) Any applicant who fails an examination must wait thirty (30) days before retaking the home inspection examination.

(g) ~~An examinee cheating or fraudulently representing an applicant shall immediately be expelled from the examination. A written record of the proceedings shall be made and become a part of the applicant's file. The Committee shall determine when the applicant may retake the exam, which time shall be no fewer than three hundred sixty five (365) days. Any applicant who violates exam procedures as determined by the examination provider, including but not limited to cheating, misrepresenting oneself as another, or inappropriate actions during an examination may be immediately notified and expelled from the examination. Furthermore, the applicant's exam will be considered invalid and the applicant will be disqualified from retaking the exam for a period of time no less than 30 days and no more than 365 days as determined by the Administrator of the Construction Industries Board.~~

158:70-9-3. Course approval requirements

(a) Any person or entity seeking to conduct an approved course for home inspection training or continuing education credits shall make application and submit documents, statements and forms as may reasonably be required by the Committee in accordance with OAC 158:70-5-2, at least fifteen (15) days prior to the date of the Regular meeting of the Committee from which the person or entity wants the course to be considered for approval, and at least thirty (30) days prior to the date for which the course is scheduled.

(b) Applications shall include the following information:

- (1) Name and address of the provider;
- (2) Contact person and his or her address, telephone number and fax number;
- (3) The location of the courses or programs;
- (4) The number and type of education credit hours requested for each course;
- (5) Topic outlines, which list the summarized topics, covered in each course and upon request a copy of any course materials;
- (6) If a prior approved course has substantially changed, a summarization of these records;
- (7) The names and qualifications of each instructor who is qualified in accordance with OAC 158:70-9-4;

SUBCHAPTER 9. EXAMINATION APPLICATIONS, EXAMINATIONS, COURSE APPROVAL REQUIREMENTS, INSTRUCTOR REQUIREMENTS, CONTINUING EDUCATION, DENIED APPLICATION APPEAL, SUBMISSION OF RECORDS, SUBSTANTIAL COMPLIANCE AND RECIPROCIITY

(8) Information demonstrating the proposed home inspection training program meets the education standards for licensing; and,

(9) Information demonstrating the proposed continuing education course meets the standard provided in OAC 158:70-9-5(b).

(c) The Board may automatically accept without further review, courses pre-approved by the Committee.

(d) The Committee may withhold or withdraw approval of any provider for violation of or non-compliance with any provision of this section.

(e) No person or entity sponsoring or conducting a course shall advertise that it is endorsed, recommended, or accredited by the Committee. All advertising must include the course ID number and the number of hours of CE credit approved by the Committee, except for advertising that refers or links to a website that displays the required information including the course ID in the website material that advertises or refers to the home inspection class.

(f) The Committee may decline to renew, or revoke the approval of any qualifying course or any instructor or entity previously approved to conduct a home inspection training course upon a showing or demonstration that the course, instructor or entity has substantially failed to adequately prepare its attendees or participants to pass the national Home Inspection Examination or similar qualifying examination.

(g) Each course is to be submitted on a separate application for each date, or dates, that constitute a single course.

(h) Applications for approval of online or correspondence courses shall be resubmitted annually, from date of approval, for review and approval.

(i) The course, including the named advertised participants, must be conducted substantially as approved, including lunch and breaks shown on the approved agenda, subject to emergency withdrawals and alterations.

158:70-9-5. Continuing education

(a) **Continuing education hours.** No home inspection license shall be renewed unless the licensee has completed at least eight (8) credit hours, consisting of no more than two (2) hours of Ancillary Systems topics per year, of continuing education prior to the date of renewal.

(b) **Special approval requirements for continuing education.** All continuing education providers shall abide by the following requirements:

(1) Course content should be designed to update knowledge and improve inspection skills directly related to the components and systems described in Subchapter 1 of this Chapter.

(2) All courses shall be at least two (2) hours in length. Recommended curriculum for Committee approval may cover, but it is not limited to, the following topics related to residential real property of four or fewer residences: (Approval of Continuing Education material is not an endorsement or underwriting of the subject content or the presentation.)

(A) structural systems

(B) foundations, basements, grading and drainage

(C) interior walls, windows, doors, stairways, ceilings and floors

(D) exterior walls, windows, doors, and stairways

(E) exterior coatings, claddings and glazing

(F) roof structure, coverings, penetrations, drainage and attics

(G) porches, decks, driveways and walkways

(H) railings and assistive devices

(I) thermal insulation, air penetration, and moisture barriers

(J) electrical service entrances, panels, branch electrical circuits, connected devices

(K) environmental heating, cooling ventilation, and air conditioning devices, controls and distribution systems

(L) solid, liquid, and gas fuel heating systems

(M) electrical heating and cooling systems chimneys, ductwork, vents, fans and flues (including dryer vents)

(N) home inspection administrative subjects

(i) Oklahoma home inspection laws and regulations

(ii) Oklahoma Standards of Practice

(iii) ethics

(iv) Home Inspection documentation, forms and contracts

(v) Report writing and legal ramifications of report content

(O) Ancillary Systems

(i) Plumbing systems, controls, and components (including septic systems)

(ii) Water supply system, capacities, and components (drilled wells/community water supplies)

(iii) Swimming pools, spas and hot tubs

(iv) Solar/wind/generator energy systems

(v) Lawn irrigation systems

(vi) Energy auditing

(3) Unless provided after regular working hours, the training location shall be outside the regular work place.

(4) The CE provider shall return the sign-in sheets to the home inspection license unit.

(5) Complaint procedure.

(A) A person, government, or private organization may submit a written complaint to the Committee, or its designee, charging a provider of continuing education with a violation of the rules, and specifying the grounds for the complaint.

(B) Complaints must be in writing and include contact information, and shall be filed on the proper complaint form prescribed by the Construction Industries Board, or its designee.

(C) The Committee or its designee may consider an unsigned or anonymous complaint for further investigation.

(D) Upon receipt of a signed complaint form, a copy shall be sent to the continuing education provider addressed in the complaint. The continuing education provider shall provide a written response

Permanent Final Adoptions

within fifteen (15) days. Upon receipt of the continuing education provider's written response, both complaint and response shall be considered by the Committee, or its designee, for appropriate action including dismissal of the complaint, further investigation, or a finding of violation of a statute or rule. The Committee, or its designee, shall notify both complainant and continuing education provider of the determination made by the Committee, or its designee for an anonymous complaint. Failure of the continuing education provider to respond will be considered as a violation of this rule.

(E) If a reasonable cause violation determination is made by the Committee, the Oklahoma Administrative Procedure Act shall be followed for all disciplinary proceedings undertaken including but not limited to all parts of this subsection.

[OAR Docket #17-597; filed 7-7-17]

TITLE 158. CONSTRUCTION INDUSTRIES BOARD CHAPTER 85. ROOFING CONTRACTOR REGISTRATION REGULATIONS

[OAR Docket #17-598]

RULEMAKING ACTION:
PERMANENT final adoption

RULES:
Subchapter 1. General Provisions
158:85-1-2 [AMENDED]
Subchapter 2. Registration and Endorsement Application and Renewal Requirements, Procedures, Fees, Duration, Military and Reciprocity
158:85-2-1 [AMENDED]
158:85-2-4 [AMENDED]
Subchapter 9. Endorsement Qualifications, Requirements, Examination and Continuing Education
158:85-9-3 [AMENDED]
158:85-9-4 [AMENDED]

AUTHORITY:
Construction Industries Board; 1000.4, 1151.2a, and 1151.4
SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:
November 21, 2016

COMMENT PERIOD:
December 16, 2016, through January 17, 2017

PUBLIC HEARING:
January 18, 2017

ADOPTION:
January 18, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:
January 26, 2017

APPROVED BY GOVERNOR'S DECLARATION:
Approved by Governor's declaration on June 13, 2017

FINAL ADOPTION:
June 13, 2017

EFFECTIVE:
October 1, 2017

SUPERSEDED EMERGENCY ACTIONS:
n/a

INCORPORATIONS BY REFERENCE:
n/a

GIST/ANALYSIS:

Gist: The changes to the Roofing Contractor Registration Regulations add language clarifying existing rules and statutory authority; remove outdated, obsolete language; and add provisions required by Senate Bill 1083.

Analysis: The amendments correct punctuation and add definitions to provide the public a description of terms as the statutes have historically been applied by the agency; amend requirements for Workers' Compensation coverage pursuant to Senate Bill 1083 which became effective November 1, 2016; correct a scrivener's error which had resulted in conflicting rules related to the length of time that a commercial roofing endorsement can be expired before the former endorsement holder is required to make an initial application and retest to obtain the endorsement; establish a time limit by which an applicant for a commercial roofing endorsement must pass both portions of the commercial roofing endorsement exam before the applicant would be required to retake a portion they may have previously passed; clarify and amend procedures related to an applicant who violates exam procedures; remove obsolete, outdated verbiage; amend the deadline for submission of applications for continuing education course approval; clarify that approval of any type of continuing education course is rescinded upon the adoption of a different statewide code; clarify the manner in which continuing education programs must be conducted; and allow continuing education credit to be earned through teaching a course in an accredited trade school or a trade-specific program approved by the Committee of Roofing Examiners. The amendments may result in amendments/clarifications on existing forms or the creation of new forms.

CONTACT PERSON:

Linda Ruckman, Board Secretary/Executive Assistant, 405-521-6550.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

158:85-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Act" means Roofing Contractor Registration Act as found at 59 O.S. § 1151, *et seq.*

"Administrator" means the Administrator of the Board as described in the Construction Industries Board Act found at 59 O.S. § 1000.1, *et seq.*

"Advertise" means any written publication, dissemination, solicitation, contract, bid, promotional item, or circulation which is intended to directly or indirectly induce any person to contract for roofing construction services with the advertiser, including, but not limited to, business cards, telephone directory display advertisements, vehicle signage, radio, television and electronic solicitations.

"Applicant" means the qualifying party, or if no qualifying party, any person applying under the Roofing Contractor Registration Act for a roofing contractor registration to be issued by the Construction Industries Board. Applicant also means any person making application under the Act for endorsement, examination, roofing code variance, or continuing education program and instructor approval.

"Board" means the Oklahoma Construction Industries Board.

"Bonds and Insurance Unit" means the staff unit that processes bonds and insurance for all trades, under the direction of the Construction Industries Board.

"Business entity" means a person as defined in this Subchapter.

"Certificate of insurance" means a general liability policy in the amounts specified in 59 O.S. Section 1151.5(C)(4) for roofing contractor work for which the general liability policy includes the registration number, if any, the roofing firm name, and that the policy specifically covers roofing work, with the Construction Industries Board added as a certificate holder to be immediately provided notice in the event such liability policy is cancelled for any reason or expires for non-payment of premiums.

"Cheating" means any unapproved deviation from any official instruction given before, during or after a commercial endorsement examination, for the purpose of affecting or influencing the examination results or otherwise providing an undue advantage to any examinee.

"Commercial roofing contractor work" means work done on roofing systems or structures as defined as commercial in the International Building Code, as adopted by the Oklahoma Uniform Building Code Commission; except it does not mean buildings used for commercial purposes having equivalent or substantially the same roofing requirements as a "residence" defined herein, including but not limited to business offices converted from a structure that formerly was a residence.

"Committee" means the Committee of Roofing Examiners.

"Contracting" means engaging or offering to engage in any roofing work which requires a valid and appropriate registration or endorsement from the Construction Industries Board as required by the Roofing Contractor Registration Act.

"Credit Hour" or **"Hour"** means at least fifty (50) minutes of classroom instruction with a ten (10) minute break.

"Excluded from registration" means those for whom no registration or endorsement is required pursuant to 59 O.S. § 1151.2(18)(a) through (d) and 59 O.S. § 1151.9(B).

"Handyman" means, a person who is receiving compensation from the owner in an amount less than \$10,000.00 or a repair area covering less than 25% of the roofing surface and who is performing roofing work in conjunction with other repairs to the property and who does not perform more than two roofing repair jobs per calendar year. Any roofing repair jobs performed by a handyman in excess of two per calendar year are not excluded from the provisions of the Act. Roofing repair jobs estimated at \$10,000.00 or more or repair of an area covering 25% or more of the roofing surface and paid out at less than \$10,000.00 are not excluded.

"Hearing Board" means the Roofing Hearing Board created by the Act.

"Homeowner" means one who owns and resides in, or who resides in, or who contracts for the purchase, construction, remodeling or repairing of a residence.

"ICC" means the International Code Council.

"Nonresident contractor" means any contractor who has not established and maintained a place of business as a roofing

contractor in this state within the preceding year, or who claims residency in another state, or who has not submitted an income tax return as an Oklahoma resident within the preceding year.

"Oklahoma Uniform Building Code Commission" or **"OUBCC"** means the state agency created under 59 O.S. § 1000.20, *et seq.*, and authorized to adopt all building codes and standards for residential and commercial construction to be used as minimum standards by all entities within this State.

"Owner" means the person who owns the property or is a lessee of the property.

"Person" means any natural person, firm, limited or general partnership, corporation, association, limited liability company, trust, association, other legal entity and any organization capable of conducting business, or any combination thereof acting as a unit, unless the intent to give a more limited meaning is disclosed clearly by the Roofing Contractor Registration Act.

"Prime contractor" means a general contractor, commercial contractor, or other contractor who contracts directly with the owner for construction trade work in multiple trade areas.

"Project manager" means one who manages construction projects consisting of work involving multiple trades.

"Public contract" means a contract with the State of Oklahoma, its political subdivisions, or any board, commission, or department thereof, or with any board of county commissioners, or with any city council, school board, or with any state or municipal agency, or with any other public board, body, commission, or agency authorized to award contracts for the construction or reconstruction of public works and includes subcontracts undertaken to perform works covered by the original contract or any part thereof.

"Qualifying party" means a natural person who is an officer or owner of the corporation, a member of the limited liability company, or a general partner of the limited liability partnership, and who is actively engaged in the work undertaken by the registrant for which a registration is required pursuant to the Roofing Contractor Registration Act who meets the experience and ability requirements for registration on behalf of the registrant.

"Reciprocity agreement" means a written agreement between states whereby a person holding a roofing registration, endorsement or license in another state with substantially similar or greater requirements than Oklahoma may be registered and endorsed for commercial roofing work, if any, in this State after application and payment of a fee for registration and endorsement by reciprocity.

"Registrar" means the Construction Industries Board or any person designated by the Board to administer the provisions of the Roofing Contractor Registration Act.

"Registration" means the process of applying for an initial or renewal registration which upon approval is exhibited by a registration number and card issued pursuant to the Roofing Contractor Registration Act.

"Registration number" means the roofing registration number issued by the registrar to the registrant's qualifying party.

Permanent Final Adoptions

"Registrant" means a holder of a registration issued pursuant to the Roofing Contractor Registration Act.

"Residence" means a single structure for residential occupancy or use which is a detached one- to four-family dwelling or a multiple single-family dwelling (townhouse) not more than three (3) stories/floors above grade plane in height with a separate means of egress, and which is intended for use as a primary habitation, and any appurtenances thereto shall be in compliance with the International Residential Code, as adopted by the Oklahoma Uniform Building Code Commission.

"Residential roofing contractor work" means work done on roofing systems as defined in the International Residential Code, as adopted by the Oklahoma Uniform Building Code Commission, or as defined as a "residence" herein; except for buildings used for commercial purposes having equivalent or substantially the same roofing requirements as a "residence" defined herein, including but not limited to business offices converted from a structure that formerly was a residence.

"Roofing contractor" means any person, including a subcontractor and nonresident contractor, engaged in the business of commercial or residential roofing contractor work as that term is defined and exclusions listed in 59 O.S. § 1151.2 and this Chapter.

"Roofing contractor work" means the installation, fabrication or assembly of equipment or systems included in commercial or residential roofing systems as defined in the International Building Code and the International Residential Code, as adopted by the Oklahoma Uniform Building Code Commission, and roofing construction work including, but not limited to, installation, renovation, remodeling, reroofing, reconstructing, repair, maintenance, improvement, alteration, and waterproofing, unless specifically excluded in the Roofing Contractor Registration Act.

"Roofing firm" means any person, as defined by the Act, offering to engage or engaging in roofing contractor work.

"Roofing Hearing Board" means the Hearing Board enacted pursuant to 59 O.S. § 1151.28 which shall consist of a designee of the Construction Industries Board, as chair, and the members of the Committee of Roofing Examiners acting in compliance with the provisions of the Construction Industries Board Act, rules and Article II of the Administrative Procedures Act

"Roofing Unit" means the staff and administrative support unit to the Committee of Roofing Examiners and the Roofing Hearing Board.

"Subcontractor" means one who contracts with a prime contractor, general contractor, residential contractor, project manager, property manager, another subcontractor, or another entity for roofing contractor work.

"Variance" means the use of an alternative material or method of construction from that prescribed in the International Building Code or the International Residential Code or other approved documents by the Oklahoma Uniform Building Code Commission, described as the standard of installation at OAC 158:85-1-4, for use at a particular location or project specified in the variance application.

"Variance and Appeals Board" means the Oklahoma State Roofing Installation Code Variance and Appeals Board enacted pursuant to 59 O.S. § 1151.29.

SUBCHAPTER 2. REGISTRATION AND ENDORSEMENT APPLICATION AND RENEWAL REQUIREMENTS, PROCEDURES, FEES, DURATION, MILITARY AND RECIPROCITY

158:85-2-1. Registration, insurance, and workers compensation coverage

(a) **Registration Requirement.**

(1) All persons performing roofing contractor work are required to apply and obtain from the Board a roofing registration number before advertising or engaging in the performance of roofing contractor work unless excluded under the Act. All persons performing commercial roofing contractor work as defined in this Chapter are required to apply and obtain from the Board a commercial endorsement to a roofing registration before advertising or engaging in the performance of commercial roofing contractor work unless excluded under the Act. The commercial endorsement is in addition to the registration. Roofing contractors who do not perform commercial roofing contractor work and only perform residential roofing contractor work do not need to obtain a commercial endorsement.

(2) Each roofing firm must have a person who is currently registered as a roofing contractor, and employed, full time, and who shall give full time to the supervision and control of operations necessary to ensure full compliance with the provisions of the Act and these Rules. Such contractor shall be an officer, partner or owner of that roofing firm, and shall be responsible for the work, registered, and endorsed if applicable, on behalf of that roofing firm.

(3) Applications for registration and commercial endorsement for any commercial roofing work shall be made to the Construction Industries Board in writing and under oath on forms approved and provided by the Board and shall be accompanied by the proper fee. If the registrar deems it appropriate or necessary, the registrar may also require other information to be included on the application form to assist the registrar in registering the person as a contractor.

(b) **Insurance.**

(1) Prior to engaging in roofing work, each person on an initial application process, and all roofing contractors submitting renewal applications, shall provide proof of financial responsibility by providing a certificate of insurance which indicates a minimum general liability policy of \$500,000.00 for residential roofing contractor work and \$1,000,000.00 for endorsement of commercial roofing contractor work. Proof that the general liability policy specifically includes coverage of roofing work must be provided by the insurance policy carrier to the registrar.

(2) Any insurance company issuing a liability policy to a roofing contractor pursuant to the provisions of the

Roofing Contractor Registration Act shall include the registration number, if any, the roofing firm name, and sufficient information to demonstrate the policy specifically covers roofing work; shall add the Construction Industries Board as a certificate holder; and shall be required to notify the Construction Industries Board in the event such liability policy is cancelled for any reason or expires for non-payment of premiums.

- (c) **Workers Compensation.** The residential roofing contractor shall submit proof that the residential roofing contractor has secured workers' compensation coverage satisfactory under the Workers' Compensation Act, or an affidavit of exemption or self-insurance as authorized pursuant to the Workers' Compensation Act which shall be maintained during all times of engaging in and performing residential roofing contractor work. All commercial roofing contractors shall maintain worker's compensation insurance coverage satisfactory under the Workers' Compensation Act and pursuant to Title 59 § 1151.22 on all commercial roofing contractor work. Any insurance company issuing a workers' compensation coverage policy to a roofing contractor pursuant to the provisions of the Roofing Contractor Registration Act shall include the registration number, if any, the roofing firm name, and sufficient information to demonstrate the policy specifically covers roofing work, add the Construction Industries Board as a certificate holder and shall be required to notify the Construction Industries Board in the event such liability policy is cancelled for any reason or expires for nonpayment of premiums.
- (d) **Failure to Provide.** Any person failing to provide certificate of insurance or worker's compensation information at the time of initial application may be refused registration or endorsement for incomplete information, and all current registrations and endorsements under the Roofing Contractor Registration Act shall be placed not in good standing on the date of the policy cancellation. The registrar must receive proof of insurance and workers compensation prior to restoring the registration and endorsement. Any registrations and endorsements remaining in not good standing may be suspended or revoked according to the Act.

158:85-2-4. Renewal of registration and endorsement

- (a) Applications for renewal of a registration and commercial endorsement shall be made to the Construction Industries Board in writing and under oath on forms approved and provided by the Board and shall be accompanied by the proper fee.
- (b) Any registration issued may be renewed by submitting the completed registration form, requirements and fee for the next year before the birth month expiration date.
- (c) Any endorsement issued may be renewed by submitting the completed registration and endorsement form, requirements and fee for the next year before the birth month expiration date, along with providing any applicable continuing education and insurance requirements. Before any commercial endorsement may be renewed, all applicable continuing education requirements must be met. Any endorsement which remains expired for longer than ~~two (2) years~~ one (1) year shall not be renewed. The former endorsement holder shall be

required to make an initial application and retest to obtain the endorsement.

- (d) A registration or endorsement renewed under the provision of this Chapter is effective when notice of such renewal is issued by the Construction Industries Board.

**SUBCHAPTER 9. ENDORSEMENT
QUALIFICATIONS, REQUIREMENTS,
EXAMINATION AND CONTINUING
EDUCATION**

158:85-9-3. Commercial endorsement examination

- (a) **Exam required.** A commercial endorsement cannot be issued until the applicant's roofing registration has been approved, all endorsement requirements met, and the qualifying party has passed the examination.
- (b) **Exam content.** The commercial endorsement examination may include, without limitation, the following parts:
- (1) Written questions consisting of open book problems based on the standards of installation for roofing adopted by the Oklahoma Uniform Building Code Commission at OAC 158:85-1-4.
 - (2) Practical shop, which shall also include written questions on job estimating and the laws and regulations relating to roofing contractors.
 - (3) The maximum grade value of each part of the examination shall be 100 points. A passing score is 70% or more on each part.
 - (4) The qualifying party shall present current identification before undertaking an examination.
- (c) **Exam procedures.**
- ~~(51) If the qualifying party does not pass the exam, the qualifying party may reapply for the exam and pay an additional retesting fee. However, no person will be allowed to retake an exam within thirty (30) days of the first failed exam or within ninety (90) days of the second or subsequently failed exam.~~
- (2) Applicants for a commercial endorsement must pass both portions (business/law and trade) of the roofing contractor endorsement exam. If an applicant for a commercial endorsement passes only one of the two portions of the required exam, the applicant need only retake the portion of the exam not passed if done within three (3) years of the date the Applicant is approved and eligible to sit for the commercial endorsement exam. Otherwise, the Applicant will need to retake both portions of the commercial endorsement exam.
- ~~(63) An examinee that is caught cheating during the course of an examination shall be deemed to have failed the examination. Any applicant who violates exam procedures as determined by the examination provider, including but not limited to cheating, misrepresenting oneself as another, or inappropriate actions during an examination may be immediately notified and expelled from the examination. Furthermore, the applicant's exam will be considered invalid and the applicant will be disqualified from retaking the exam for a period of~~

Permanent Final Adoptions

time no less than 30 days and no more than 365 days as determined by the Administrator of the Construction Industries Board.

(ed) **Examination fees.** The Construction Industries Board, or its designated representative, may collect for the actual cost of any examination provided by the Act and this Chapter. Every person whose application for examination is approved shall be informed of the specific fee prior to sitting for the examination. The testing fee shall be the amount negotiated by the Administrator with a third-party provider in accordance with the provisions of the Oklahoma Central Purchasing Act. Documentation confirming the contractual fee shall be available upon request.

158:85-9-4. Continuing education

(a) **Continuing education required for endorsement renewal.** ~~Beginning on July 1, 2016, no~~ No roofing contractor commercial endorsement shall be renewed unless the endorsee has completed at least four (4) hours of continuing education within thirty-six (36) months preceding the ~~application for renewal~~ commercial endorsement expiration date; and thereafter, the endorsee shall complete four (4) hours every three (3) years or thirty-six (36) months preceding the commercial endorsement expiration date.

(b) Continuing education course requirements.

(1) The continuing education course and instructor shall be approved in advance by the Committee. Exceptions to advance approval, or post-course approval, may be allowed by the Committee, or its designee, for emergency situations when written notice of the emergency is provided to the Committee within seven (7) days of the course. The continuing education material shall cover codes and revisions adopted by the Oklahoma Uniform Building Code Commission or other trade related subject matters appropriate for topics of continuing education for endorseees and approved by the Committee including manufacturers' installation of materials or equipment, the registration act, the trade rules and regulations, and other trade or safety related subject matters approved by the Committee.

(2) Course content should be designed to update knowledge and improve roofing contracting knowledge and skills.

(3) Credit will be given for CE courses approved by the Committee of Roofing Examiners, or its designee.

(4) Except as provided herein, these rules shall apply to every registered roofing contractor commercial endorsement.

(5) An endorsee is excluded from the education requirements of these rules for three (3) years from the date he or she passed their current endorsement exam.

(c) **Standards.** The following standards will govern the approval of continuing education programs by the Committee of Roofing Examiners.

(1) The program provider shall submit evidence that the provider and instructional staff are qualified by reason of education, experience or training.

(2) Any written material that is distributed during the session shall be readable, of high quality and shall be made available to all attendees.

(3) The program shall be presented in a comfortable location such as hotel/motel conference room, corporate meeting room, or regular classroom.

(4) The training session shall be presented outside the regular workplace or after regular working hours. An on-site conference room, that meets standards imposed by (3) of this subsection, shall be considered outside the regular workplace.

(5) A credit hour means at least 50 minutes of classroom instruction with a 10 minute break.

(6) CE courses shall be presented in one of the following formats.

(A) Four (4) credit hours presented in one day.

(B) Two sessions of two credit hours each presented within a seven day period.

(C) One session of two credit hours of trade related instruction, Roofing Contractor Registration Act and/or Roofing Contractor Industry Regulations.

(D) An approved correspondence or online course.

(E) Another format approved by the Committee.

(7) Verification of Credit.

(A) The Course Provider shall verify the total number of continuing education hours completed by each attendee.

(B) Continuing education providers shall require attendees to present a current photo I.D. prior to the attendee signing the sign-in sheet form approved by the Construction Industries Board. Sign-in sheets shall include the name and registration number of each registrant in attendance.

(C) As soon as practicable but in any event on or before seven (7) days following an approved continuing education program, the provider shall furnish the original sign-in sheets from the course to the Roofing Unit of the Construction Industries Board.

(D) Providers shall maintain copies of all sign-in sheets for a period of two (2) years following the conclusion of the course.

(8) Course providers or instructors may not advertise or promote the sale of any goods, products or services between the opening and closing of any Continuing Education Course.

(d) Application procedures and requirements.

(1) In order to receive continuing education credit, a course must be approved by the Committee.

(2) A completed application form, with all supporting documentation, shall be submitted to the Construction Industries Board at least ~~sixty (60)~~ fifteen (15) days prior to the date of the Regular meeting of the Committee from which the applicant wants the course to be considered for approval, and at least thirty (30) days prior to the date for which the course is scheduled-start date.

(3) An application is to be submitted for each date, or dates, that constitute a single course.

- (4) Each course must be included on a separate application.
- (5) The application shall include the following information:
 - (A) Name and address of the provider.
 - (B) Contact person and his or her address, telephone number and fax number.
 - (C) The location of the courses or program.
 - (D) The number and type of education credit hours requested for each course.
 - (E) Topic outlines listing the summarized topics covered in each course.
 - (F) If a prior approved course has substantially changed, a summarization of these records.
 - (G) The names and qualifications of each instructor who is qualified in accordance with this Chapter.
 - (H) Information as to how the proposed course meets the standard in accordance with this Chapter.
 - (I) Supporting documents which shall include the following:
 - (i) A resume or brief summary of qualifications of all course developers and instructors.
 - (ii) A course agenda designating the beginning and ending of actual instruction times, sign-in times, breaks, lunches and any evaluation time.
 - (iii) A course curriculum indicating the subject or code areas to be taught with sufficient detail to determine which codes and codes revisions are to be addressed or the trade related instruction being provided and, if requested, a copy of any course materials.
- (6) Entities seeking to offer correspondence courses for continuing education must comply with the application procedures and requirements of this Subchapter and shall submit a course curriculum and study material for review and approval by the Committee prior to the courses being offered as continuing education. Approved correspondence courses shall be required to comply with all requirements for other continuing education courses except for sign-in sheets. Providers shall provide a student with a document of completion which certifies completion of approved correspondence courses.
- (7) Providers seeking to offer online courses for continuing education must comply with the application procedures and requirements of this Subchapter and shall submit a course curriculum and study material for review and approval by the Committee prior to the courses being offered as continuing education. An access code and password shall be provided to the Committee, or its designee, for an online course for the purpose of review and approval. Providers of an on-line course shall submit verification of four (4) hours of real time on-line instruction. Correspondence or online courses shall have sufficient explanation and or graphics to expound the concepts being taught. The format of the online course shall be constructed so as to illicit interaction between the student and the material presented. Each page of text shall be designed with a question that must be answered before advancing

to the next page or a test at the end of a subject matter before the course is considered complete. Approved online courses shall be required to comply with all requirements for other continuing education courses except for sign-in sheets. Providers shall provide a student with a document of completion that shall certify completion of an approved online course.

- (8) Approval of any course, including a correspondence or online course, is rescinded upon the adoption of a different statewide code and a new application showing updated course subject matter and materials is necessary in order to obtain updated course approval.
- (9) Applications for correspondence or online courses shall be resubmitted annually, from date of approval, for review and approval.
- (e) **Instructor requirements.** An instructor must be qualified and approved by the Committee. An instructor should have one of the following qualifications:
 - (1) Three (3) years of recent experience in the subject matter being taught, or
 - (2) A degree related to the subject area being taught, and two (2) years of recent experience in the subject area being taught, or
 - (3) Other educational, teaching, or professional qualifications determined by the Committee to constitute equivalent qualification to one or more of the qualifications in the previously stated sub-paragraphs of this paragraph.
- (f) **Committee of Roofing Examiners acceptance.**
 - (1) The Committee, or its designee, will review each application for completeness of form and supporting documentation, as well as course content.
 - (2) The approval of any course or instructor will be made by a majority vote of the Committee at the regularly scheduled meeting of the Committee of Roofing Examiners.
 - (3) The Committee's designee may approve additional dates and locations after the course and instructor have been approved by Committee vote. Substantive change to course content must be brought before the Committee for approval.
 - (4) The applicant will be notified in writing whether the program is approved or disapproved, and the reason for disapproval.
- (g) **Committee rejection and reevaluation of a course.**
 - (1) The Committee, or its designee, may refuse to accept any application for approval if the supporting documentation is insufficient or incomplete. The Committee may deny or revoke approval of an application for any of the following reasons.
 - (A) Failure to comply with the continuing education provisions.
 - (B) Inadequate application or supporting documentation.
 - (C) Failure to instruct on topic approved.
 - (D) Inadequate experience of program developer or instructor.
 - (E) Unsatisfactory evaluation of the course instructor or materials from previous classes.

Permanent Final Adoptions

- (2) The Committee may, at any time, re-evaluate and grant or revoke approval of application, course, or instructor.
- (3) The Committee may, at any time, review courses for quality of instruction. The Committee may also investigate complaints regarding approved courses. The Committee may then take appropriate action, up to and including revocation of authority to provide CE courses.
- (4) A provider's failure to comply with any continuing education rule constitutes grounds for disciplinary action, up to and including revocation of authority to provide CE, against the provider or for denial of future applications for course work.
- (5) The Committee, or its designee, will notify the provider, in writing, of any changes in approval status.
- (h) **Appeals.**
- (1) Applicants denied approval of a course may appeal such a decision by submitting a written letter of appeal to the committee within fifteen days of the receipt of the notice.
- (2) All appeals will be heard by the Committee at its next regularly scheduled meeting.
- (i) **Course presentation.**
- (1) The course program, including the named advertised participants, ~~shall~~ must be conducted substantially as approved by the committee, including lunch and breaks shown on the approved agenda, subject to emergency withdrawals and minor alterations.
- (2) Changes including but not limited to location, date, instructors, or cancellations must be requested from the Committee, or its designee, in writing prior to start of class. All requests for change must include the course ID number.
- (j) **Course advertisement.**
- (1) All advertising must include the course ID number.
- (2) Approved program courses may be advertised.
- (3) The provider of an approved continuing education program may announce or indicate as follows: Course # has been approved by the Construction Industries Board Committee of Roofing Examiners for "x" hours of CE credit.
- (k) **Correspondence and online courses.**
- (1) Applications, approvals and rejections, and appeals of all correspondence and online courses shall be the same as for classroom-based courses.
- (2) Correspondence courses shall be required to comply with all requirements of continuous education courses, except sign-in sheets.
- (3) An access code and password shall be provided to the Committee, or its designee, for an online course for the purpose of review and approval. Correspondence or online courses shall have sufficient explanation and or graphics to expound the concepts and changes being taught. The format of the online course shall be constructed so as to illicit interaction between the student and the material presented. Each page of text shall be designed with a question that must be answered before advancing to the next page or a test at the end of a subject matter before the course is considered complete.
- (4) Providers of an on-line course shall submit verification of four (4) hours of real time on-line instruction.
- (5) Course providers shall provide a student with a document of completion which certifies completion of approved correspondence course.
- (6) Applications shall be resubmitted annually, from date of approval, for review and approval.
- (l) **Alternate credit method accrual.**
- (1) Credit may be earned through teaching an approved continuing education course. The Committee may award up to four (4) hours of CE credit, not to exceed the number of approved hours for that CE course.
- (2) Credit may also be earned through teaching a course in an accredited trade school or a trade-specific program approved by the Committee. The Committee may award up to four (4) hours of CE credit for each semester of academic credit awarded by the academic institution for the course.
- (m) **Exception to continuing education requirement.** Continuing education is not required for roofing registration (residential work) only.
- (n) **Course, instructor, and provider complaint procedure.**
- (1) A person, government, or private organization may submit a written complaint to the Committee, or its designee, charging a provider of continuing education with a violation of the rules, and specifying the grounds for the complaint.
- (2) Complaints must be in writing and include contact information, and shall be filed on the proper complaint form prescribed by the Construction Industries Board, or its designee.
- (3) The Committee may consider an unsigned or anonymous complaint for further investigation.
- (4) Upon receipt of a signed complaint form, a copy shall be sent to the continuing education provider addressed in the complaint. The continuing education provider shall provide a written response within fifteen days. Upon receipt of the continuing education provider's written response, both complaint and response shall be considered by the Committee, or its designee, for appropriate action including dismissal of the complaint, further investigation, denying future course or instructor approval, or a finding of violation of a statute or rule. The Committee, or its designee, shall notify both complainant and continuing education provider of the determination made by the Committee. Failure of the continuing education provider to respond will be considered as a violation of this rule and an admission of the allegations in the complaint.
- (5) If a reasonable cause violation determination is made by the Committee, the Oklahoma Administrative

Procedure Act shall be followed for all disciplinary proceedings undertaken including but not limited to all parts of this subsection.

GIST/ANALYSIS:

As the Crude Oil Windfall Profit Tax Act was repealed on August 23, 1988, in Pub. Law 100-418, OAC 165:5-7-15 regarding applications for certification of tertiary recovery projects pursuant to the provisions of the Crude Oil Windfall Profit Tax Act of 1980 is revoked. Other rules were adopted in efforts to update, streamline, clarify, and establish new rules concerning the Rules of Practice, including, but not limited to, designation of a new Oklahoma Universal Service Fund (OUSF) docket for causes relating to funding from the Oklahoma Universal Service Fund, the Oklahoma Lifeline Fund, submissions regarding OUSF administrative preapproval requests and the OUSF fee assessment, addressing procedures for the presentation of telephonic and videoconferencing testimony during hearings, modify processes concerning reciprocity of final orders between states with respect to electric companies, and to provide for an administrative review procedure regarding applications to permanently close underground storage tanks in place.

CONTACT PERSON:

Susan Dennehy Conrad, Deputy General Counsel, Office of General Counsel, Oklahoma Corporation Commission, 2101 North Lincoln Boulevard, PO Box 52000, Oklahoma City, OK 73152-2000, telephone: (405) 521-3939, s.conrad@occcemail.com.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

PART 1. GENERAL

165:5-1-3. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise.

"**Administrative Law Judge**" means an Oil and Gas Appellate Referee, Referee, Administrative Law Judge, Hearing Officer, an officer, attorney, or any other employee of the Commission to whom the Commissioners delegate by order or otherwise, the authority to conduct a hearing.

Permanent Final Adoptions

"Applicant" means any person commencing a proceeding.

"Application" means any written request by an applicant commencing a proceeding for Commission action or relief.

"Attorney" means a licensed attorney currently admitted to practice before the Supreme Court of Oklahoma, or an attorney currently licensed to practice in another state who is granted under principles of reciprocity permission to appear in proceedings of the Commission.

"Business day" means a day that is not a Saturday, Sunday, or legal holiday.

"Commission" means the Oklahoma Corporation Commission, the public entity created under the provisions of Article IX, Section 15, Oklahoma Constitution.

"Commissioner" means a member of the Commission.

"Complaint" means the written document that opens a cause and seeks enforcement of an order, rule, or regulation of the Commission or relief against a named respondent based upon an alleged violation of law or of a rule, regulation, or order of the Commission.

"Confirmation of electronic filing" means the electronic confirmation generated by the Electronic Filing System.

"Document" means any written matter filed in a cause. A "document" includes any attached appendices.

"Electronic" means technology having electrical, digital, magnetic, wireless, optical, electromagnetic or similar capabilities.

"Electronic Filing System" means the Commission's online filing system used to file documents with the Court Clerk in Commission proceedings.

"Electronic mail address" is the primary electronic mail address provided by the registered user. An electronic mail address must have the functionality required by the Electronic Filing System.

"Electronic signature" means a symbol or process attached to or logically associated with a document and executed or adopted by a person with the intent to sign the document.

"File(d)" or "filing" means tender of documents in Commission proceedings to, and acceptance by, the Court Clerk. Upon implementation of the Electronic Filing System, electronic filing will be the Commission's preferred filing method pursuant to OAC 165:5-1-5, and all persons tendering documents to the Court Clerk will be expected to tender them electronically to the greatest extent possible as directed by the Court Clerk. Facsimile transfers pursuant to OAC 165:5-1-5(f) shall not be construed as electronic filing.

"Filer" means a registered user whose user identification and password are used to file documents electronically.

"Intervenor" means any party of record who is not an applicant or named respondent.

"Legal holiday" means only those days declared legal holidays by law or proclamation of the Governor of Oklahoma, or those days on which United States mail is not delivered.

"Official service list" means the list of designated recipients of electronically mailed documents regarding the Commission's Electronic Filing System.

"Oil and Gas Appellate Referee" means a duly licensed attorney in the State of Oklahoma who is familiar with statutes

and rules governing oil and gas operations in Oklahoma who shall provide central support to the Commission en banc in the hearing of oil and gas matters before the Commission en banc.

"Order" means that which is required or commanded to be done, or not to be done, and shall be generally reserved for the requirement or directive portion of an official order or decision of a proceeding; or the promulgation of rules, regulations, and requirements in matters in which the Commission acts.

"Party of record" means a person who makes formal appearance either in person or by an attorney at any stage of a cause whether or not seeking affirmative relief.

"Person" means an individual, partnership, corporation, association, trust, and every other type of legal entity, including an officer or employee of the Commission.

"Protestant" means a person who, upon grounds of private or public interest, resists an application or any relief sought thereby. A protest is governed by the rules applicable to a response.

"Record" of any proceeding shall consist of the following:

- (A) Preliminary exhibits, including pleadings, motions, notices, and proof of publication;
- (B) Transcript of proceedings at all hearings or the electronic recording of hearings or proceedings as provided by OAC 165:5-13-1(d);
- (C) Depositions, stipulations, interrogatories and answers, written testimony, offers of proof, and similar matters;
- (D) Exhibits, together with attachments, appendices, and amendments thereto;
- (E) Initial Report of the Administrative Law Judge and Report of the Oil and Gas Appellate Referee, if any;
- (F) Exceptions and motions subsequent to the hearing;
- (G) Orders or rules of the Commission; and
- (H) Any other document or matter relevant to the issues ordered to be included by the Commission.

"Referee" means a duly licensed attorney in the State of Oklahoma who is familiar with statutes and rules governing Commission regulated entities in Oklahoma who shall provide central support to the Commission en banc in the hearing of matters before the Commission en banc.

"Register" or "registration" means the process for a person to request authority from the Commission to use the Electronic Filing System.

"Registered user" means a person who has applied for and been approved to use the Electronic Filing System.

"Regular mail" means first class United States Mail, postage prepaid, and includes hand delivery. Wherever in OAC 165:5 a person is directed to mail by regular mail, such directive shall not preclude mailing by restricted mail.

"Respondent" means a named person against whom relief is sought in a proceeding, or a person who is entitled to receive a notice of hearing as set forth in 165:5-7-1(f), or who appears in opposition to relief sought by the applicant, and includes the term "defendant".

"**Respondent list**" means a list of named persons against whom relief is sought in a proceeding, or persons who are entitled to receive a notice of hearing as set forth in 165:5-7-1(f), or who appears in opposition to relief sought by the applicant, and includes the term "defendant". The "Respondent list" is distinguished from the Official service list as defined herein.

"**Restricted mail**" means mailing by certified mail, return receipt requested, within the United States and its territories and mailing by registered mail outside the United States and its territories. For purposes of service outside the United States, "registered mail" includes any means provided by Federal Rule of Civil Procedure 4(f).

"**Secretary**" means the duly appointed and qualified Secretary, Assistant Secretary or Acting Secretary of the Commission, or any person appointed by the Commission to act as such Secretary during the absence, inability, or disqualification of the Secretary to act.

"**Staff counsel**" means the General Counsel or other attorney on the staff of the General Counsel's Office when acting as counsel for the Commission.

"**Technical failure**" means a malfunction of Electronic Filing System hardware, software, and/or telecommunications facility which results in the inability of a registered user to file a document. It does not include the failure of a registered user's equipment, software, and/or telecommunications facility.

"**Website**" means the Commission website.

165:5-1-4. Office location; office hours; records

(a) **Principal office.** The principal office of the Oklahoma Corporation Commission is in the Jim Thorpe Building, 2101 North Lincoln Boulevard, Oklahoma City, Oklahoma 73105. The mailing address is P. O. Box 52000, Oklahoma City, Oklahoma, 73152-2000.

(b) **Regional service areas.** The Commission has two regional service areas described as the Eastern Regional Service Area and the Western Regional Service Area. The Eastern Regional Service Area shall consist of the land east of Oklahoma State Highway 99. The Western Regional Service Area shall consist of the land west of that highway. The establishment of these regional service areas shall not limit the services available from either regional service office.

(c) **Eastern regional service office.** In the Eastern Regional Service Area, the Commission maintains a regional service office located at 440 South Houston, Suite 114, Tulsa, Oklahoma, 74127.

(d) **Western regional service office.** In the western regional service area, the Commission's principal office serves as the regional service office.

(e) **Telephonic communication service.** The Office of Administrative Proceedings shall develop and maintain a system for providing telephonic communication service for all hearings.

(f) **Office hours.** For each regional service office or other office described in (a) through (d) of this Section, office hours shall be from 8:00 a.m. to 4:30 p.m., each day except Saturday, Sunday, and any legal holiday proclaimed by the Governor or official agency closing. Public records may be viewed during

regular office hours. Copies of public records may be obtained from 8:00 a.m. to 4:00 p.m.

(g) **Exercise of Commission authority.** The Commission, or any person exercising its authority, may meet and exercise its official powers and functions at any location in the State of Oklahoma.

(h) **Oil and gas filings.** Applications for oil and gas development, administrative applications, and any other related oil and gas matters may be filed in any regional service office.

(i) **Central records.** The central record of all filings with all regional service offices shall be maintained in the regional service office of the Corporation Commission located in Oklahoma City.

(j) **Court Clerk.** Every oil-and-gas-related document or order tendered to the Court Clerk shall be filed, deposited with, or mailed to the Court Clerk at a regional service office unless the Commission directs otherwise. All documents related to other matters shall be filed, deposited with, or mailed to the Court Clerk at the Commission's principal office unless the Commission directs otherwise. All persons filing, mailing or presenting documents, including orders, to the Court Clerk or Office of Administrative Proceedings shall enclose a self-addressed postage paid envelope large enough for the return of a file-stamped or processed copy, provided that a document other than a proposed order may be hand-delivered to the Court Clerk during normal business hours without such an envelope so long as a file-stamped copy of the document is immediately obtained by the presenter. Failure to enclose a self-addressed postage paid envelope will result in a file-stamped or processed document not being returned. No document will be mailed to anyone who obtains an immediate file-stamped copy. All documents shall be deemed received upon the date file-stamped by the Court Clerk, subject to the provisions of 165:5-1-5(f). Filing of any document shall not be complete except upon payment of all applicable fees required by law or by the rules of this Chapter. Filing of any document with the Court Clerk shall be deemed filing with the Secretary.

165:5-1-5. Filing of documents

(a) **Document form.** Electronic filing is the Commission's preferred filing method. All persons filing documents with the Court Clerk ~~are encouraged to~~ shall file electronically to the greatest extent possible as directed by the Court Clerk. Documents filed with the Court Clerk in paper format may be printed, typewritten or reproduced by any legible method. All documents filed in paper format must be single-sided on 8 1/2" x 11" paper and ready for digital processing by the Court Clerk. Exceptions to the required document size may be allowed by the Court Clerk for good cause shown. Exact duplicates of any allowed documents must be filed in sections on 8 1/2" X 11" paper to allow for digital processing by the Court Clerk. Quotations shall be indented. Subsequent to the filing of the original application, every page of documents filed with the Court Clerk shall contain a page number, the applicable subject matter docket listed in OAC 165:5-5-1(a), the docket number assigned to the cause by the Court Clerk, and document type, e.g., application, motion, response, or brief. All filed documents must have a continuous pagination for the entire

Permanent Final Adoptions

document, including exhibits and attachments. The original application shall include all this information, except the docket number, on each page.

(b) **Filing refused/stricken by motion.** ~~The Court Clerk is authorized to refuse to accept for~~ Upon the motion of the Commission or Administrative Law Judge, or the filing of a motion pursuant to OAC 165:5-9-2(b), the Administrative Law Judge is authorized to recommend to the Commission an order to strike the filing of any document containing defamatory, scurrilous or improper language, or otherwise in violation of any of the rules of this Chapter. In case of such ~~refusal, recommendation to grant a motion to strike a filed document, upon request,~~ the subject document shall be presented to the Commission for ruling on acceptability for filing.

(c) **Required information.** The requirements of this subsection shall not be jurisdictional. All documents shall include the party's or attorney's actual or electronic signature, typed name, business mailing address, telephone number, facsimile number and electronic mail address, if any. A registered user must provide an electronic mail address at the time the registered user files his or her entry of appearance or other initial filing. All documents, except notices of hearing, signed by an attorney shall contain the name of the State Bar Association to which the attorney belongs and his/her State Bar Association number.

(d) **Requirement conflicts.** Wherever any provision of the Constitution or laws of Oklahoma makes a requirement as to notice or procedure which exceeds or conflicts with any provision of the rules of this Chapter, the former shall govern.

(e) **Informal communications.** Nothing in the rules of this Chapter shall prohibit informal inquiry or complaint to the Commission by mail, facsimile, electronic mail, or in person, which matters shall be handled administratively by the staff in an effort to secure amicable adjustment or agreement among affected persons. No official order shall be issued as a result of any informal proceedings.

(f) **Facsimile transfers.** The Court Clerk shall accept pleadings submitted by facsimile transfer during regular Commission business hours pending payment of appropriate filing fee and submission of a proper original and requisite copies within five (5) calendar days of the filed facsimile, in accordance with the provisions of 165:5-1-6(a). New applications must be transferred and completed prior to 4:00 p.m. of each business day. A facsimile shall be deemed filed on date of receipt, unless the proper original is not timely received and/or the appropriate filing fee is not paid. When the original documents are not received within five (5) calendar days of receipt of the facsimile and/or the appropriate filing fee is not timely paid, the facsimile will be destroyed and the original documents will not be deemed timely filed. Requests for reconsideration filed on the Oklahoma Universal Service Fund docket cannot be submitted by facsimile.

165:5-1-9. Telephonic or videoconferencing testimony

(a) In an unopposed hearing, testimony may be offered by telephone or videoconferencing connection, unless the Commission or Administrative Law Judge determines that the

presence of the witnesses in the courtroom is necessary for the effective and efficient presentation of evidence.

(b) In a protested hearing, testimony may be offered by telephone or videoconferencing connection with the consent of all parties of record and the Commission or Administrative Law Judge. It shall be the responsibility of the proponent of telephonic or videoconferencing testimony to obtain the required consent before the hearing. No continuance shall be granted for failure to obtain the required.

(c) The cost of telephonic or videoconferencing communication shall be paid by the party requesting its use. If participation through a videoconferencing connection in a proceeding is sought by consent, the proponent must indicate the capability to establish the videoconference using its own digital device or other means of access.

(d) Each witness testifying by telephone or videoconferencing connection shall be required to sign an affidavit verifying the witness' identity, unless the circumstances of the videoconferencing testimony enable the Commission or Administrative Law Judge to verify the identity of the witness. Said affidavit, if necessary, shall be filed in the cause prior to the issuance of an order. A copy of the filed affidavit shall be submitted to the Commission or Administrative Law Judge. Appendix "J" to this Chapter contains a sample affidavit.

(e) If an interested party intends to participate in the hearing by telephone or videoconferencing connection, said party shall so notify the Applicant, prior to the hearing date.

(f) Applicant or applicant's attorney shall be responsible for announcing at docket call those parties who plan to testify or otherwise participate by telephone or videoconferencing connection.

PART 3. REVIEW OF ENVIRONMENTAL PERMIT APPLICATIONS

165:5-1-17. Application submittal

Each Division shall make available to the public, for each type of environmental permit required, permit application forms and instructions that clearly delineate the information necessary for a permit application to be deemed administratively complete. Upon determining that an application is not administratively complete, the Division shall immediately notify the applicant by mail, facsimile or electronic mail and shall indicate with reasonable specificity the inadequacies and measures necessary to complete the application. Upon such notification, and until receipt of the supplemental information requested, the sixty (60) day environmental permit review period shall be suspended.

165:5-1-18. Extension of review period

The 60-day administrative review period set forth in 165:5-1-16 may be extended:

- (1) By written agreement with the applicant pending submission of Division requested supplemental information deemed necessary for adequate Division review.
- (2) If circumstances beyond the Division's control prevents it from reaching a determination within sixty (60)

days. The applicant shall be notified in writing by mail, facsimile, or electronic mail of the reasons for delay and of the anticipated date of review completion.

PART 5. RESPONSE TO CITIZEN ENVIRONMENTAL COMPLAINTS

165:5-1-26. Receipt of pollution complaints

- (a) Any pollution complaint received by the Commission or any of its Divisions, including any regional or district offices, shall be recorded immediately upon receipt in such format as the Commission may designate.
- (b) A written acknowledgement of pollution complaint receipt will be sent by mail, facsimile, or electronic mail to the complainant, alleged violator, and other relevant parties, if known, within two (2) business days following receipt of the pollution complaint and shall provide the status of the pollution complaint at that time.

165:5-1-27. Review of pollution complaints

- (a) The appropriate Divisions of the Commission shall immediately review each pollution complaint and immediately, in writing, by mail, facsimile, or electronic mail, refer any pollution complaint concerning a site or facility permitted by or clearly within the jurisdiction of another state or federal environmental agency, to that agency or agencies for resolution.
- (b) Pollution complaints that are not referred shall be reasonably and sufficiently investigated, which may include on site inspection, to determine whether or not a response action or actions should be initiated by the Commission.

165:5-1-28. Closure

Pollution complaints referred to other agencies, pollution complaints that involve issues not within the Commission's jurisdiction, and pollution complaints that involve issues for which an adequate remedy has already been implemented to the extent possible shall be closed in writing and a copy of the referral or other closure document shall be sent by mail, facsimile, or electronic mail to the complainant, alleged violator, and other relevant parties, if known, within seven (7) days of closure.

165:5-1-29. Pollution complaint resolution

- (a) All pollution complaints received by the Commission that are not closed pursuant to 165:5-1-28, and that involve issues over which the Commission has jurisdiction, shall be handled in such manner as to ensure that pollution complaint resolution shall be achieved within 180 days of receipt of the pollution complaint.
- (b) Pollution complaint resolution is not achieved until a written determination is made by the Commission, or any duly authorized representative of the Commission, that:
 - (1) the facts and circumstances of a pollution complaint do not constitute a violation of law or rule within the Commission's jurisdiction; or

- (2) the facts and circumstances of a pollution complaint constitute a violation of law or rule within the Commission's jurisdiction but for which an adequate remedy including abatement and mitigation of pollution or appropriate punishment has been implemented to the extent possible; or
- (3) the facts and circumstances of a pollution complaint constitute a violation of law or rule within the Commission's jurisdiction and for which an individual proceeding has been initiated before the Commission, an Administrative Law Judge of the Commission, or before a court of competent authority; or
- (4) a long term site remediation has been initiated that is expected to take longer than 180 days from receipt of the pollution complaint to complete, and such remediation is being performed pursuant to an administrative or judicial order.
- (c) A copy of the written determination shall be sent, by mail, facsimile, or electronic mail, within seven (7) days of its preparation, to the complainant, alleged violator, and other relevant parties, if known.

165:5-1-30. Reporting

- (a) All pollution complaints as defined in this Part shall be summarized monthly and the previous month's summary reported to the Conservation Commission as required by 27A O.S. § 3-2-107. When a pollution complaint has been resolved as provided in this Part, it shall be reported to the Conservation Commission as resolved and removed from all subsequent monthly reports.
- (b) All final judicial decisions regarding pollution complaints will be conveyed by mail, facsimile, or electronic mail to the complainant, alleged violator, and other relevant parties, if known, within seven (7) days of Commission knowledge of the decision and shall also be reported to the Oklahoma Conservation Commission.
- (c) All remediations completed in accordance with an administrative or judicial order shall be summarized in writing, including a description of the final outcome and the results of any required final environmental analyses performed on site, and a copy of the summary conveyed to the complainant, alleged violator, and other relevant parties, if known. The completion of the remediation shall also be reported to the Conservation Commission.

SUBCHAPTER 3. FEES

PART 1. GENERAL PROVISIONS

165:5-3-1. Fees

- (a) **General.**
 - (1) **Exceptions to filing fees.** For each initial application in each category listed in (b) of this Section, a filing fee shall be paid by the person seeking to file or submit the

Permanent Final Adoptions

document, unless the document is filed under authorization of and in the name of an instrumentality of the State of Oklahoma.

(A) Filing fees shall not apply to any subsequent pleading or amended application except a Form 1000 required in OAC 165:10-3-1(b)(1)(A) through (E) and OAC 165:10-3-1(c).

(B) No filing fee shall be required for any application filed pursuant to OAC 165:5-3-31, Use of vacuum.

(C) No filing fee applicable to the conservation docket shall be required for any Notice of Intent to Mediate filed with the Office of Administrative Proceedings pursuant to OAC 165:5-23-1 et seq. A per participant fee provided in OAC 165:5-3-1(b)(1)(H) shall be charged for any informal dispute resolution procedure that commences.

(D) No filing fee shall be paid by a party filing a protest to an adverse action of the Commission pursuant to the International Fuel Tax Agreement ("IFTA") or the International Registration Plan ("IRP").

(E) No filing fee shall be paid by a customer filing a Consumer Services docket application against a public utility.

(F) No filing fee shall be required for any application filed on the Oklahoma Universal Service Fund ("OUSF") docket.

(2) **Filing fees.** Any filing fee assessed by this Section shall be due and paid at the time of filing of the document. Neither the Court Clerk's Office nor any division of the Commission shall accept an application subject to a filing fee until the required fee is paid. No filing fee shall be refundable. For documents that are being filed in paper form, all associated filing fees must be paid and the documents submitted to the Court Clerk's Office for filing prior to 4:00 p.m. to allow for document processing within established hours of operation.

(3) **Other fees.** Any other fee assessed by this Section shall be due and payable at the time the service is requested. No service shall be rendered before payment of the prescribed fee. No such other fee shall be refundable.

(4) **Negotiable instruments.** Fees paid by negotiable instruments shall be made payable to the "Oklahoma Corporation Commission." Negotiable instruments include personal checks, cashier checks, certified checks, and money orders. Foreign checks must be payable through a United States bank in United States funds.

(5) All fees pertaining to the Petroleum Storage Tank Division are listed in OAC 165:5-3-2.

(b) **Schedule of filing fees.**

(1) **Oil and gas fees.**

(A) Commercial disposal well application - \$1,000.00

(B) Commercial earthen pit application - \$1,000.00

(C) Commercial soil farming site application - \$1,000.00

(D) Commercial recycling facility application - \$1,000.00

(E) Conservation docket and pollution docket base applications - \$100.00

(F) Permit to drill - \$175.00

(G) Emergency walk-thru permit to drill - \$500.00

(H) Notice of Intent to Mediate pursuant to Chapter 23 of this Chapter - \$5.00 per participant

(I) Permit for one-time land application of water based fluids - \$100.00

(J) Emergency walk-through of permit for one-time land application water based fluids - \$200.00

(K) Application for non-commercial injection or disposal well - \$100.00

(L) Emergency application on the conservation or pollution docket - \$100.00

(M) Tax exemption application filed pursuant to OAC 165:10-21 - \$100.00

(N) Transfers of well operatorship - Forms 1073 and 1073I B single well - \$25.00

(O) Transfers of well operatorship - Forms 1073IMW and 1073MW B multiple wells - \$250.00

(P) Notification of intent to plug B Form 1001 - \$100.00

(2) **Transportation fees.**

(A) Transportation docket application - \$100.00

(B) Other transportation fees:

(i) Intrastate license and certificate fees.

(I) Original application filing fee - \$100.00

(II) Sub application filing fee - \$100.00

(III) Renewal application filing fee - \$50.00

(IV) Reinstatement application filing fee - \$100.00

(V) Name change application filing fee - \$50.00

(VI) Identification device or per vehicle fee - \$7.00

(ii) Deleterious Substance License Permit application filing fee - \$350.00

(iii) International Fuel Tax Agreement (IFTA) fees.

(I) IFTA decal - \$2.00 per vehicle per decal set

(II) IFTA reinstatement fee - \$100.00

(iv) Trailer registration processing fee per trailer registered through the IRP System - \$2.00

(v) Temporary registration and fuel permit fees.

(I) Temporary registration (72 hour trip permit) - \$12.00

(II) Temporary fuel permit (120 hours) - \$25.00

(III) Unladen or hunters permit (45 days) - \$25.00

(vi) Harvest permit fees (power units only).

(I) Thirty day permit - \$20.00 per axle

- (II) Sixty day permit - \$35.00 per axle
- (III) 15 day extension - \$8.75 per axle
- (vii) Transportation Network Company annual permit fee - \$5,000.00
- (3) **Utility fee.** Public utility docket application - \$100.00
- (4) **Enforcement fee.** Enforcement docket application - \$100.00
- (c) **Certified copies.** A fee of \$1.00 per copied page is charged for each copy of an order or other document on file with the Commission certified by the Secretary, in addition to the fees specified in (d) of this Section.
- (d) **Other fees.** The following fees shall be charged and collected at the time of request for same; none of which shall ever be refundable:
 - (1) Certificate of non-development (maximum of one quarter section) - \$10.00
 - (2) Copies of any file or order -
 - (A) Non-certified copies - \$0.25 per page; certified copies \$1.00 per page
 - (B) Postage B actual cost
 - (3) Microfilmed images from coin-operated microfilm reader (coin box) - \$0.25
 - (4) Batch reproduction on continuing basis (per page) - \$0.25
 - (5) Copy of any document prepared in OCC offices (per page) - \$0.25
 - (6) Copy of any Chapter of Commission rules and regulations - \$10.00
 - (7) Copy of Oil and Gas Conservation rules - \$20.00
 - (8) Current ownership/lienholder information - \$1.00 per vehicle record page
 - (9) Computer generated title history - \$5.00 per vehicle
 - (10) Manual title history - \$7.50 per vehicle
 - (11) Copy of lien release - \$7.50 per vehicle
 - (12) Certified copy of lien release - \$10.00 per vehicle
 - (13) Certified copy of title history - \$10.00 per vehicle
- (e) **Computer data processing documents.** Reproduction of documents or informational searches involving computer data processing services will be in accordance with the rates established by the Oklahoma Office of Management and Enterprise Services.
- (f) **Document search fee.** Except where provided otherwise by law, where the request for document copying and/or mechanical reproduction is solely for commercial purpose or clearly would cause excessive disruption of the Commission's essential functions, then a fee of \$10.00 per hour (minimum of one hour) shall be charged to recover the direct cost of document search.
- (g) **Fax.** A service charge of \$5.00 plus \$1.00 per page will be assessed for all outgoing faxes. All incoming faxes for persons not associated with the Commission shall be assessed a copy fee of \$0.25 per page including the cover page.
- (h) **Payments by Credit Card and other means of electronic funds transfer.**
 - (1) "Nationally recognized" credit card means any instrument or device, whether known as a credit card,

- credit plate, charge plate, debit card, or by any other name, issued with or without fee by an issuer for the use of the cardholder in lieu of a check, as defined by 12A Oklahoma Statute § 3-104(f), in obtaining goods, services or anything else of value or for the use of the cardholder in obtaining such goods, services, or anything else of value on credit and which, in either case, is accepted by over one thousand merchants in this state. The Oklahoma Corporation Commission shall determine which nationally recognized credit card will be accepted for any payments due and owing to the Oklahoma Corporation Commission.
- (2) Implementation of payment by nationally recognized credit card and other means of electronic funds transfer will be phased in over a period of time as determined by the Commission.
- (3) The Oklahoma Corporation Commission will verify that sufficient credit is available before acceptance of credit card to insure that no loss of state revenue will occur by the use of such card.
 - (A) If a person is at a designated receiving point and credit is not available, the person then has the opportunity to pay by other methods accepted by the Commission.
 - (B) If a person mails in the credit card information and credit is not available, the transaction will be handled as one with no remittance and a bill will be forthcoming.
- (4) The Oklahoma Corporation Commission may add an amount equal to the amount of the service charge incurred, not to exceed four percent (4%) of the amount of such payment as a service charge for the acceptance of such nationally recognized card.
- (5) Persons wishing to pay by credit card must be willing to submit normally required credit card information to the Commission. This includes, but is not limited to: card type (VISA, etc.), card number, card expiration date, card holder name as shown, and three digit security personal identification number (PIN). The Commission assumes no liability for unauthorized use of this information.
- (6) "Electronic funds transfer" means any transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, which is initiated through an electronic terminal, telephonic instrument, or computer or magnetic tape so as to order, instruct or authorize a financial institution to debit or credit an account.
- (7) "Electronic terminal" means an electronic device, other than a telephone operated by a person, through which a person may initiate an electronic funds transfer.
- (8) "Financial institution" means a State or National bank, a State or Federal savings and loan association, a mutual savings bank, a State or Federal credit union, or any other person who, directly or indirectly, holds an account belonging to another person.
- (9) "State" means any State, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or any political subdivision of any of the foregoing.

SUBCHAPTER 5. DOCKETS

165:5-5-1. Dockets; identifying initials

(a) **Subject matter dockets.** Subject matter dockets shall be maintained by the Court Clerk, with identifying initials preceding the docket number as follows:

- (1) General Docket (GD), which shall consist of causes not coming within the purview of any other docket listed below.
- (2) Conservation Docket (CD), which shall consist of causes to prevent waste and protect or adjust the correlative rights of parties owning interests in the common source of supply or unitized management of a common source of supply including, but not limited to, spacing, increased density, location exception, pooling and unitization.
- (3) Consumer Services Docket (CS), which shall consist of causes initiated by (A) the Director of the Consumer Services Division against a retail public utility or (B) a customer against the customer's regulated utility provider of telecommunications, electricity, natural gas, water, steam or other regulated service of a public utility seeking to require the utility to abide by approved tariffs, state statutes, Commission rules, or Commission orders. Public utility includes public utilities and telecommunications carriers as defined by 17 Okla. Stat. §§ 41, 139.102 and 151.
- (4) Enforcement Docket (EN), which shall consist of causes initiated by the Commission or any of its directors, the Attorney General of Oklahoma, or other affected parties to find parties in contempt of Commission rules or to require compliance of parties with applicable statutes, rules, and Commission orders.
- (5) Gas Gathering Docket (GG), which shall consist of causes initiated for determination of reasonable fees and terms or conditions of service related to open access to natural gas gathering systems.
- (6) Motor Carrier Citation Docket (MCC), which shall consist of causes initiated by issuance of citations by Commission motor carrier/vehicle officers at roadside, weigh stations or on-site, for alleged violation of state statutes, Commission rules or federal regulations regarding the registration, licensing, certification, or operation of motor carriers or commercial motor vehicles.
- (7) Oil and Gas Citation Docket (OGC), which shall consist of causes initiated by the Director of the Oil and Gas Conservation Division, seeking to find parties in contempt of Commission rules as listed in Appendices E and F of OAC 165:10 and to impose the penalties therein.
- (8) Oklahoma Universal Service Fund Docket (OUSF), which for causes filed on or after January 1, 2018, shall consist of causes relating to funding from the Oklahoma Universal Service Fund or the Oklahoma Lifeline Fund (OLF), including, but not limited to, requests for OUSF or OLF funding, submissions relating to OUSF administrative preapproval requests and the OUSF fee assessment.
- (89) Petroleum Storage Tank Docket (PSD), which shall consist of causes initiated by the Director of the Petroleum

Storage Tank Division or other party seeking relief from Commission rules, disputing PSD decisions regarding jurisdiction, corrective action, licensing, system shutdown, Petroleum Storage Tank Indemnity Fund eligibility or reimbursement.

~~(910)~~ Petroleum Storage Tank Division Citation Docket (PSC), which shall consist of causes initiated by issuance of citations by Commission fuel inspectors for alleged violation of state statutes or Commission rules regarding operation of petroleum storage tank systems.

~~(1011)~~ Pollution Docket (PD), which shall consist of causes initiated and related to the protection of the environment regarding oil and gas production or the disposal, injection, remediation or storage of deleterious substances produced from oil and gas related activities including, but not limited to, applications for injection wells, commercial disposal wells, disposal pits and recycling.

~~(1112)~~ Public Utility Docket (PUD), which shall consist of causes initiated by the Director of the Public Utility Division, a public utility, or other party with standing concerning any matter relating to public utilities, except rulemaking and, effective January 1, 2018, the Oklahoma Universal Service Fund.

~~(1213)~~ Rulemaking Docket (RM), which shall consist of causes initiated by the Commission or any of its directors for the promulgation, amendment, or repeal of a Commission statement or group of related statements of general applicability and future effect that implements, interprets or prescribes law or policy, or describes the procedure or practice requirements of the Commission. [75 Okla. Stat. § 250.3(17)] Formal petitions by the public for rulemaking shall be part of the General Docket. If the Commission orders a rulemaking proceeding as a result of such petition, the rulemaking proceeding shall be part of the Rulemaking Docket.

~~(1314)~~ State Fund Plugging Docket (SF), which shall consist of causes initiated by the Director of the Oil and Gas Conservation Division seeking authorization to use monies from the Commission's Plugging Fund to plug or replug abandoned wells in the State of Oklahoma.

~~(1415)~~ Transportation Docket (TD), which shall consist of causes initiated by:

- (A) an applicant protesting a Transportation Division determination denying a motor carrier's application seeking a license, certificate, or permit from the Transportation Division to lawfully operate as a for-hire or private motor carrier or for a special permit or registration;
- (B) an applicant protesting a Transportation Division determination denying its registration or fuel tax application or proposed audit assessment;
- (C) an application by the Transportation Division modifying, suspending, canceling or revoking an existing certificate, permit, registration, or license;
- (D) an application by the Transportation Division modifying a previously issued order;

(E) an application by the Transportation Division to effect an operational change in a transportation regulated entity;

(F) an interested party protesting a license, certificate, permit or registration being issued or renewed;

(G) an interested party seeking to modify, suspend, cancel, or revoke an existing certificate, permit, registration or license or to assess penalties to a motor carrier, registrant or licensee;

(H) a pipeline operator seeking a pipeline acceptance;

(I) any individual, entity or railroad seeking approval to update, open or close a railroad crossing; or

(J) any interested party seeking relief from the Commission in transportation matters relating to its jurisdiction.

(1516) "Oil and gas dockets" as used in these Rules includes the following dockets: CD, PD, GG, SF and OGC.

(b) **Docket assignment.** Every cause shall be assigned a docket number by the Court Clerk, and all documents filed in the cause shall bear the docket number, including the year prefix. The Court Clerk shall:

(1) File-stamp each document received with the date of receipt.

(2) Record every document filed in the cause.

(3) Maintain a complete file of all original documents filed in every cause.

(c) **Improper docketing.** If the Commission or an Administrative Law Judge, ~~or after consultation with~~ the Court Clerk, determines that an application has been filed on an improper docket as set forth in (a) of this Section, the Commission shall enter an order transferring the application to the proper docket. The Office of Administrative Proceedings shall send the order transferring the application to the proper docket to the applicant by mail, facsimile, or electronic mail, who shall be responsible for sending the order to all parties of record.

(d) **Procedural dockets.** In addition to the subject matter dockets described in (a) of this Section, the Commission may, from time to time, designate procedural dockets.

(e) For the purposes of documentation produced by the case management feature of the Electronic Filing System, individual applications or causes may be denoted as dockets and daily and weekly court calendars may be denoted as agendas.

SUBCHAPTER 7. COMMENCEMENT OF A CAUSE

PART 1. GENERAL

165:5-7-1. General application and notice requirements

(a) **Scope.** Except where otherwise specifically provided in this Subchapter, including the Petroleum Storage Tank Division at OAC 165:5-21-3, and the Oil and Gas Conservation Division at OAC 165:5-7-27 (injection and disposal wells), the provisions of this Section shall govern the commencement of

a cause filed with the Commission and over which the Commission may exercise jurisdiction, including applications for declaratory rulings as to the applicability of any rule or order of the Commission.

(b) **Form.** Every cause shall be commenced by:

(1) An application.

(2) A complaint.

(3) An order of the Commission commencing a cause.

(c) **Caption.** The application or complaint shall be headed by a caption, which shall contain:

(1) The heading, "Before the Corporation Commission of the State of Oklahoma".

(2) The applicant.

(3) The relief sought. In the case of a conservation docket or pollution docket cause, the statement shall contain the legal description of the lands involved in the cause.

(4) The docket identifying initials, year prefix, and cause number, pursuant to OAC 165:5-5-1.

(5) The title of the document.

(6) In the case of an enforcement docket cause, the caption shall contain the name(s) of the respondent(s).

(d) **Body.** The body of the application or complaint shall consist of five numbered paragraphs, if applicable, as follows:

(1) **Applicants and respondents identified.** The applicant shall be identified, including name, address, and telephone number of his attorney or designated representative and the nature of the applicant's interest in the subject matter of the cause; and the name and address of each person (if any) named as respondent.

(2) **Allegation of facts.** The allegation of fact stated in the form of ultimate facts, without unnecessary detail, upon which the right to relief is based. The allegations will be stated in numbered subparagraphs as necessary for clarity.

(3) **Legal authority.** Citations of statutes, rules, orders, and decided cases authorizing the relief sought; including, in the case of a complaint, the laws, rules, regulations, or orders alleged to have been violated. Statutes shall be cited by title and section. Rules and orders of the Commission shall be cited by number. Decided cases shall be cited by citation to official reports. Quotations from legal authorities shall not be required.

(4) **Relief sought.** A brief statement of the provisions of the order, authority, or other relief sought. An application relating to oil and gas conservation shall seek only one type of relief. Formal prayer for relief shall not be required.

(5) **Specify order to be affected.** An application to vacate, alter, modify, or amend an order shall state the specific order in the body which is sought to be vacated, altered, modified, or amended.

(e) **Certification.** The application shall be signed by the applicant, or an authorized agent of the applicant, or by the attorney for the applicant, and shall set out the mailing address, telephone number, facsimile number, electronic mail address and bar identification number of the person so signing it, as applicable. The person signing the application shall be deemed, on signing same, to be certifying that:

Permanent Final Adoptions

- (1) He has read the application.
 - (2) To the best of his knowledge, information, and belief formed after reasonable inquiry the facts and allegations contained in the application are true and correct.
 - (3) The application is not filed to harass or to cause unnecessary delay or needless expense.
- (f) **Service of an application.** Except as hereinafter provided in this Subchapter, every application and notice of hearing stating the date on which the cause is set for hearing, if required, in which a person is named a respondent shall be served by regular mail on each respondent named therein and Commission staff counsel by the person filing the application.
- (g) **Manner of service.** All documents subsequent to the application in a cause may be served on a party of record by regular mail, facsimile, electronic mail or in person, except where the rules of this Subchapter or a statute requires a specific mode of service which shall be followed. Service on a corporation may be by delivery to the registered corporate agent, or by delivery to the principal place of business of the corporation. Service outside the United States and its territories shall be by any means provided by Federal Rule of Civil Procedure 4(f). For purposes of this Section, a corporation may designate its principal place of business by filing a notice thereof with the Court Clerk. When an attorney has appeared of record for a person, all subsequent service shall be on the attorney. Service by mail, facsimile or electronic mail shall be complete on the date and time of transmittal except where otherwise provided in this Subchapter; provided, that a person may be granted appropriate relief upon showing that a document so served was not received, or delivery thereof was delayed.
- (h) **Certificate of service.** Except where an affidavit of mailing is required by law or by this Subchapter, a certificate of service shall be filed following or with the filing of every document. The certificate of service shall contain a list of the persons served and the certification that on the date stated a copy of the document was mailed, postage prepaid, transmitted by facsimile, mailed electronically or delivered to each person listed.
- (i) **Service not jurisdictional.** Service prescribed by the rules of this Subchapter shall not be jurisdictional except where so provided by the Constitution or by statute. Failure to comply with the provisions of this Section as to mailing and service of notice shall not deprive the Commission of jurisdiction of the application or complaint, but shall be grounds for such appropriate relief as the Commission may order.
- (j) **Publication of notice.** Every application, except as provided in this Chapter for motor carrier and public utility applications, shall be accompanied by a notice of hearing, which date shall be set by the Commission. The notice of hearing shall be published as provided in the rules of this Subchapter.
- (k) **Signatures.** The notice of hearing of an application shall be signed by the Secretary certifying to the Commissioners' signatures. The signatures of the Secretary and the Commissioners may be electronic signatures as provided by OAC 165:5-1-14.
- (l) **Content of notice.** The notice shall ~~specify~~ contain:
- (1) The caption from the application.
 - (2) The time, date, and place of hearing.

- (23) Briefly the general nature of the order, rule, regulation or other relief sought.
 - (34) In oil and gas causes, where applicable, the names or description of all common sources of supply affected by the order sought; or that the entire state would be affected.
 - (45) Who to contact for additional information.
- (m) **Form of notice.** The notice shall conform substantially to the form shown in Appendix A to this Chapter.
- (n) **Notice by publication.**
- (1) When a cause other than an oil and gas or Petroleum Storage Tank Division cause is commenced, the applicant shall cause the notice of hearing prescribed in (j) through (l) of this Section to be published in one or more newspapers of general circulation, on dates and for periods as required by law, or this Subchapter, or as the Commission shall order.
 - (2) In oil and gas causes, unless otherwise provided in this Subchapter, the notice of hearing shall be published one time at least fifteen (15) days prior to the hearing in a newspaper of general circulation published in Oklahoma County, Oklahoma and in a newspaper of general circulation published in each county in which the lands embraced in the application are located.
 - (3) Publication shall be at the expense of the applicant, and shall be made in a newspaper which has met the statutory requirements for publication of legal notices. Written proof of publication shall be filed in the cause.
 - (4) Proof of publication shall be established by an original proof of publication.
- (o) **Effective date prior to date of issuance of order.** No order may be made effective prior to its date of issuance without evidence placed into the record that the approval of such effective date is necessary. An effective date prior to the date of issuance of the order shall be requested in the application and placed in the special relief paragraph of the notice of hearing.
- (p) **Notice of motor carrier motions and applications.** Notice of all motor carrier motions and applications shall be printed on the Commission docket as prescribed by law for circulation to the public.

PART 3. OIL AND GAS

165:5-7-15. Tertiary crude oil recovery project certification [REVOKED]

- ~~(a) Each application for certification of a tertiary recovery project under the provisions of the Crude Oil Windfall Profit Tax Act of 1980 shall be verified by an authorized person and shall be on a form prescribed by the Commission.~~
- ~~(b) The application, with additional copies as may be required by the Court Clerk, shall be filed with the Court Clerk. A true copy of each document or record required to support the application for certification shall be attached to the application and to each copy of the application.~~
- ~~(c) Notice that an application has been filed shall be published by the applicant pursuant to 165:5-7-1(n)(2). This notice must specify that a party may protest the certification sought~~

by filing said protests with the Commission within fifteen (15) days of the publication of the notice.

(d) If written objection to the application is filed within fifteen (15) days after the notice is published, the application shall be set for hearing and notice thereof shall be given in the same manner as required for the filing of an application. If no objection is filed and the applicant does not request a hearing, the matter shall be presented administratively to the Conservation Division. The Conservation Division shall verify the authenticity and correctness of each material statement in the application and the authenticity of each supporting document and file the report and recommendation with the Court Clerk.

165:5-7-30. Amending existing orders or permits authorizing injection for enhanced recovery, saltwater disposal, or LPG storage wells

(a) Each application for an amendment to an existing order or permit shall be filed on Form 1015 and comply with the requirements of OAC 165:5-7-27(a) and (b).

(b) The application shall also include a statement of facts explaining in detail the nature of and the reason for the amendment, and shall be signed by a duly authorized agent of the operator.

(c) Notice of the application relating to the nature of the amendment shall be published pursuant to OAC 165:5-7-1(n)(2). The notice shall include:

- (1) UIC tracking number.
- (2) Name and address of applicant.
- (3) Location of proposed well to nearest 10-acre tract.
- (4) Well name.
- (5) The geological name of the injection formation.
- (6) The top and bottom of the injection interval.
- (7) Maximum injection pressures.
- (8) Maximum B/D or MCF/D injection rate.
- (9) The type of well (injection, disposal, commercial, LPG storage).

(d) If a written objection to the application is filed with the Commission within fifteen (15) days after notice of the application is published or if hearing is required by the Commission, the application shall be set for hearing and notice thereof shall be given in the same manner as required in OAC 165:5-7-1. If no objection is filed and if the Commission does not require a hearing, the application may be approved administratively by the Manager of Underground Injection Control

165:5-7-40. Oil and gas conservation and pollution rulemakings

Notice of an application to make or prescribe or to alter, amend, or modify a permanent rule or regulation relating to oil and gas conservation or to pollution matters shall be published one time at least fifteen (15) days prior to the hearing or prior to the commencement of the comment period, whichever is applicable, in a newspaper of general circulation published in Oklahoma County, Oklahoma, and in a newspaper of general circulation published in Tulsa, Oklahoma.

PART 5. PUBLIC UTILITIES

165:5-7-60. Reciprocity of final orders between states - electric companies

WhenTo facilitate the efficient use of resources for the benefit of ratepayers, when any electric company serves less than ten percent (10%) of its total customers or five hundred (500) of its members for rural electric cooperatives within the State of Oklahoma, the electric company may elect to allow all or a portion of the rates, charges, and terms and conditions of service within the Oklahoma portion of such service territory shall be those prescribed by the regulatory agency of the adjacent state within which the central office of the electric company is located; provided that, to demonstrate this election:

(1) The electric company shall file before the Commission an application to adopt the rates, charges, and terms and conditions of service prevailing in an adjacent state within ten (10) business days after the initiation of a ratemaking proceeding before the regulatory agency of the adjacent state. The electric company shall also file all pleadings and exhibits with this Commission and provide to the Office of the Attorney General of Oklahoma within ten (10) days subsequent to filing the pleadings and exhibits with the adjacent state where such central office or offices are located.

(2) The electric company shall ~~publish~~ or provide actual notice to the individual customers located within Oklahoma, ~~stating that the customer may contact the Commission regarding any objection to the proposed rate increase by direct mail and/or bill insert, concerning any hearing set before the Commission to adopt the rates, charges, and terms and conditions of service pursuant to this Section, including notice that a protest may be filed with the Director of the Public Utility Division, Oklahoma Corporation Commission, Jim Thorpe Office Building, 2101 North Lincoln Boulevard, Oklahoma City, Oklahoma 73105.~~

~~(3) The consumers shall be individually notified of the date when the thirty day time period will lapse and that any protest must be entered prior to that date with the Director of Public Utilities, Oklahoma Corporation Commission, Jim Thorpe Office Building, Oklahoma City, Oklahoma 73105.~~

~~(4) The electric company shall comply with all rules and regulations prescribed by the Commission or in the absence of that compliance shall clearly indicate by footnoting on the filed tariffs and/or terms and conditions of service, any and all departures from the Commission's Rules and Regulations Governing Electric Utilities, OAC 165:35, which are currently in effect.~~

~~(5) Such rates, and charges, and terms and conditions prescribed by an order of the Regulatory Agency of such adjacent state, after hearing on the merits have been held in such adjacent state, shall be filed with the Corporation Commission of the State of Oklahoma, along with the final order and~~

Permanent Final Adoptions

recommendation of the administrative law judge, if any, of the regulatory agency of the adjacent state.

(4) To ensure that rates and terms and conditions of service resulting from this Section are just and reasonable and consistent with Oklahoma law and prevailing Corporation Commission policy, the electric company shall also file the following:

(A) A statement or testimony clearly describing the methods and standards relied upon in the ratemaking proceeding in the adjacent state, specifying any distinctions between the methods and standards prevailing in Oklahoma and in that adjacent state;

(B) A statement or testimony clearly describing how costs were allocated between Oklahoma customers and customers in other jurisdictions during the proceedings in the adjacent state; and

(C) A statement or testimony clearly describing any deviation from the Electric Utility Rules, OAC 165:35, or other applicable rules prescribed by the Commission, that would result from the use of the rates, charges, and terms and conditions of service in the adjacent state.

(5) Upon the submission of all filings identified in paragraphs 3 and 4 above, the Commission shall hold a hearing to receive testimony and/or statements from interested parties concerning if adjustments should be made to the rates, charges, and terms and conditions of service set in the adjacent state to set just and reasonable rates, charges, and terms and conditions of service consistent with Oklahoma law and prevailing Corporation Commission policy.

(6) If the Commission fails to enter a final order determining the rates, charges, and terms and conditions of service of an electric company pursuant to this Section within one hundred twenty (120) days after the submission of all filings identified in paragraphs 3 and 4 above, the electric company may impose interim rates not to exceed the rates listed on the filed rates and charges approved by the final order of the regulatory agency of the adjacent state, subject to being refunded by order of the Commission once a final order has been entered.

(7) The rates, charges, and terms and conditions of service prescribed by a final order of the regulatory agency of an adjacent state shall not be adopted by the Commission if:

(A) The electric company has not filed before the Commission, within the last four (4) years, an application under this Section or an application under the Commission's Minimum Standard Filing Requirements In Support of a Request by a Public Utility Doing Business in Oklahoma for a Proposed General Rate Change, OAC 165:70; or

(B) The rates resulting from the order would result in an average increase of more than ten percent (10%) above the currently applicable rates for the electric company's customers in Oklahoma.

(6) Unless this Commission, within thirty (30) days after filing of the rates and charges approved by the adjacent

state, determines that additional hearings are required to either accept or reject such rates and charges, then such rates and charges shall be lawfully effective for the next regular billing for the Oklahoma customers served by the rural electric distribution cooperative.

SUBCHAPTER 13. INITIAL AND SUBSEQUENT PROCEEDINGS

165:5-13-1. Sessions and hearings

(a) **Open to public.** All official sessions and public hearings of the Commission or any Administrative Law Judge will be open to the public and will be held in its official courtrooms at the principal office in Oklahoma City, Oklahoma, the regional service office in Tulsa, Oklahoma, or at such other place as provided by law or designated by the Commission.

(b) **Time.** All hearings shall commence at the time designated in the notice of hearing or by order of the Commission.

(c) **Courtroom conduct.** Conduct of attorneys before the Commission shall be governed by the applicable rules of the Supreme Court of Oklahoma. All parties, witnesses, and observers will at all times maintain decorum, and will conduct themselves in such manner as to reflect respect for the authority and dignity of the Commission and its Administrative Law Judges. Upon violation of this provision, any person, witness, attorney, or other representative may be subject to punishment for contempt.

(d) **Record of hearing.** A stenographic ~~and~~ or electronic record will be made of all proceedings before the Commission or an Administrative Law Judge pursuant to 20 O.S. §106.4(A). Audio and video recordings of all proceedings are official electronic records to be kept by the Commission of which a copy may be kept by the court reporter present during the proceeding. A transcript of proceedings will be made by a court reporter at the request and expense of the person ordering it; or at the request of the Commission, in which case a copy will be made for any person requesting it, at that person's expense.

165:5-13-3. Hearings

(a) **Conduct of hearing.** Every hearing shall be conducted by the Commission, by an Administrative Law Judge or as provided at OAC 165:5-13-2.1. The Commission or Administrative Law Judge shall call the cause for hearing, after which proceedings shall be had as provided in this Section.

(b) **Scope of hearings.** The Commission, Administrative Law Judge or Public Utility Referee may state the purpose and scope of the hearing, or the issues upon which evidence will be heard.

(c) **Appearances.** Every person appearing shall enter his appearance by stating his name and address. Thereafter, such person shall be deemed a party of record, unless specified otherwise. An individual may appear on his own behalf. A corporation may appear only by its attorney; provided, that a representative other than an attorney may appear on behalf of a corporation for the sole purpose of making a statement or

~~indicating~~indicating corporate policy. Such a representative may not assume an advocate's role or introduce evidence or examine witnesses in the proceeding.

(d) **Preliminary matters.** The following shall be addressed prior to receiving evidence:

(1) The applicant, or staff counsel, may offer preliminary exhibits, including documents necessary to present the issues to be heard, notices, proof of publication and orders previously entered in the cause.

(2) Ruling may be made on any pending motions, including requests pertaining to discovery.

(3) Stipulations of fact and stipulated exhibits shall be received. No stipulation, settlement, or agreement between the parties of record, their attorneys, or representatives with regard to any matter involved in any cause shall be enforced unless it shall have been reduced to writing and signed by the parties of record or the representatives authorized by the rules of this Chapter to appear for them and thereafter made a part of the record, or unless it shall have been dictated into the record by them during the course of a hearing or incorporated into an order bearing their written approval. This Section does not limit a party of record's ability to waive, modify, or stipulate any right or privilege afforded by the rules of this Chapter, unless precluded by law.

(4) Parties of record may, in the discretion of the Commission or Administrative Law Judge, make opening statements where appropriate.

(5) Any other preliminary matters appropriate for disposition prior to presentation of evidence.

(e) **Rules of evidence.** The Commission and Administrative Law Judges shall follow the rules of evidence applied in the district courts of Oklahoma, except that such rules may be relaxed where the Commission or the Administrative Law Judge deems it in the public interest to do so. The Commission or Administrative Law Judge may exclude evidence upon objection made thereto, or the evidence may be received subject to final ruling by the Commission. An exception will be deemed to be preserved by a party of record objecting to evidence upon an adverse ruling thereon. The Commission or Administrative Law Judge may exclude inadmissible evidence on his own motion and may direct cumulative evidence be discontinued.

(f) **Order of proof.** The applicant or complainant who institutes a cause may open and close the proof. Staff counsel may open and close a cause instituted by the Commission or a staff member. Intervenors may be heard immediately following parties of record with whom allied in interest. In all cases, the Commission or Administrative Law Judge shall designate the order of proof.

(g) **Examination of witnesses.** Every witness shall be examined and cross-examined orally and under oath by not more than one attorney for each party of record. The Commission or Administrative Law Judge shall designate the order of examination and may limit the scope of examination and cross-examination.

(h) **Adverse party.** A party of record may call an adverse person or an officer or employee of an adverse person, in which

case the witness may be impeached and otherwise cross-examined.

(i) **Record.** All testimony shall be taken on the record.

(j) **Prepared testimony.** Written testimony of a witness in form of questions and answers, or a narrative statement may be received in lieu of direct examination upon authentication by the witness under oath. In order to be received and relied upon at the hearing, such testimony and exhibits shall be filed and served upon all parties of record not less than five (5) days prior to the hearing, unless otherwise ordered by the Commission for good cause shown. The witness shall be subject to cross-examination. A written or oral statement by or a communication from any person, or a statement or resolution of a political subdivision, trade association, civic organization, or other organization may be received without cross-examination, but will be considered only as argument and not as proof of any recitation of facts contained therein.

(k) **Documents.**

(1) A photographic copy of a document which is on file as part of the official records of the Commission will be received without further authentication.

(2) A photographic copy of a public record certified by the official custodian thereof will be received without further authentication. A written statement by such custodian of records that no record or entry of described character is found in his records shall be received as proof of absence of such record.

(3) A photographic copy of a document may be substituted for the original at the time the original is offered in evidence.

(4) A document may not be incorporated in the record by reference except by permission of the Commission or Administrative Law Judge. Any document so received must be precisely identified.

(5) The Commission or Administrative Law Judge may require that documents such as rate compilations, statistical or technical data, and tabulated material be filed at a designated time prior to the hearing.

(6) The Commission or Administrative Law Judge may require that additional copies of exhibits be furnished for use by the Commission, staff counsel, and other parties of record.

(7) When evidence is offered which is contained in a book or document containing material not offered, the person offering the same shall extract or clearly identify the portion offered.

(8) The Commission or Administrative Law Judge may permit a party of record to offer a document as part of the record within a designated time after conclusion of the hearing.

(l) **Exhibits.** All exhibits shall be identified by docket and cause number prior to submitting to the Commission.

(m) **Summary exhibits.** An exhibit consisting of a compilation or summary of evidence, records, data, statistics, or other similar information may be received in evidence in addition to or in lieu of the evidence summarized, provided:

(1) The evidence summarized has been admitted in evidence, or is admissible; and

Permanent Final Adoptions

(2) If the evidence summarized has not been admitted, the person offering the summary exhibit has made the evidence summarized available for inspection by all other parties of record, or the information is published in a generally recognized publication which is available to all parties of record. It shall be the responsibility of a person offering a summary exhibit to comply with this subsection in advance of the hearing, and failure to make the evidence summarized available for inspection shall be grounds for refusal to admit the exhibit.

(n) **Closing the record.** The record shall be closed when all parties of record have had an opportunity to be heard and to present evidence, and the Commission or Administrative Law Judge announces that the record of testimony and exhibits is closed. Unless a decision is then announced, the matter will be taken under advisement for later decision.

(o) **Briefs.** The Commission or Administrative Law Judge may require or allow the filing of briefs by the parties of record, and may designate the order and time for filing briefs and reply briefs.

(p) **Reopening the record.** Any person may file and serve, by regular mail, facsimile or electronic mail on all parties of record a motion to reopen the record for further hearing or to offer additional evidence. The Commission, at any time prior to final order in the cause, may, upon such motion or upon the motion of the Commission, order the record to be reopened for the purpose of taking testimony and receiving evidence which was not or could not have been available at the time of the hearing on the merits or for the purpose of examining its jurisdiction. A motion to reopen shall be filed and served in the same manner as provided in OAC ~~165:5-9-1(b)~~ 165:5-9-2(b). The motion and notice shall include a statement that if the Administrative Law Judge grants the motion, the record may be reopened the same day or on some other day as the Commission may determine.

(q) **Corrections to transcript.** ~~In all proceedings~~ Except as provided in OAC 165:5-13-1(d), an official reporter shall make a stenographic and electronic record of the hearing. Errors claimed to be in a transcription of either a contested or uncontested hearing shall be noted in writing and suggested corrections may be offered to the Commission or Administrative Law Judge who presided at such hearing within ten (10) days after the transcript is filed, unless the Commission or Administrative Law Judge shall permit suggested corrections to be offered thereafter. Suggested corrections shall be served in writing upon each party of record and the Commission or Administrative Law Judge. If not objected to within twelve (12) days after being offered, the Commission or Administrative Law Judge shall direct that such suggested corrections be made and the manner of making them. In the event that parties disagree on suggested corrections, the Commission or Administrative Law Judge, with the aid of argument and testimony from the parties of record, shall then determine the manner in which the record shall be changed, if at all.

(r) **Preparation of report or order.** The Commission or Administrative Law Judge may permit or direct any party or parties of record to prepare a proposed report or order in any

protested cause. In unprotested causes, the applicant shall prepare and submit a proposed Commission order.

165:5-13-3.1. Optional procedure for spacing related applications

(a) If no protest to a spacing related application is announced at docket call, an applicant for spacing, despadding, increased well density, or location exception may elect for consideration of the merits of the cause without a full evidentiary hearing. Such review of the cause shall be referred to as the optional procedure.

(b) After electing the optional procedure, the applicant shall provide the Administrative Law Judge with a proposed order and documentation supporting the application. With respect to documentation, any written testimony shall be presented in the form of a sworn, notarized affidavit which shall be marked as exhibits and entered into the record.

(c) The Administrative Law Judge shall prescribe the time period for completing the record and may request additional evidence as deemed appropriate.

(d) After closing the record, the Administrative Law Judge shall have seven (7) business days in which to make a recommendation to the Commission concerning disposition of the application.

(e) If the Administrative Law Judge's recommendation is unfavorable, the matter will be automatically set for a full evidentiary hearing before the same ~~administrative~~ Administrative Law Judge. Any exceptions from the report issuing after the full evidentiary hearing will proceed pursuant to OAC 165:5-13-5.

165:5-13-4. Report of Administrative Law Judge

(a) At the conclusion of a hearing before an Administrative Law Judge, such officer shall, at the earliest practicable date, file a written report in the proceeding. The report shall contain the following:

(1) Names of parties of record and their attorneys.

(2) Brief statement of facts establishing jurisdiction of the cause.

(3) Brief summary of the evidence of each party of record who offered evidence.

(4) The pertinent facts as found by the officer upon consideration of all evidence offered.

(5) Recommended conclusions of law and recommendations as to action to be taken or relief to be granted or denied.

(6) In oil and gas conservation causes and pollution causes, such report shall be prepared only when a party of record in the hearing before the Administrative Law Judge has formally, either orally or in writing, protested the granting of the application, or, in the judgment of the Administrative Law Judge, the issuance of a report is required.

(b) The Administrative Law Judge shall send a copy of the report by regular mail, facsimile, electronic mail or in person to each party of record.

(c) At the expiration of ten (10) business days after the report is filed, if no exceptions are filed, the Commission shall enter such order as shall be deemed appropriate upon consideration of the report.

(d) In any conservation or pollution cause in which the Administrative Law Judge has recommended that an order issue, but the approval of staff counsel or technical staff is withheld after all efforts have been exhausted to resolve technical or legal problems with the applicant and Administrative Law Judge, the Administrative Law Judge shall issue a report in accordance with this Section, allowing any person time to file exceptions.

(e) Upon request by a Commissioner, an Administrative Law Judge shall appear at any scheduled signing agenda, Commission hearing or public deliberation to respond to questions from the Commissioners concerning the proposed order or report of the Administrative Law Judge.

the making of the order may be electronic signatures as provided in OAC 165:5-1-14.

(9) Seal of the Commission.

(10) Date of filing, and effective date where appropriate.

(b) **Duty to send orders.** The Court Clerk shall immediately mail or otherwise deliver a copy of the order to the applicant. Except where otherwise specifically provided in this Chapter, the applicant shall thereafter mail or otherwise deliver a copy of the order within five (5) days of the receipt of the order to all parties of record and to each respondent in the cause. Where an attorney has appeared of record for a person, service shall be on the attorney.

(c) **Effectiveness of order.** The issuance of or effectiveness of an order or its enforcement will not be stayed or postponed by the filing of any motion for rehearing or for other relief therefrom. The Commission may by order stay any order pending further hearing, and may stay or postpone the effective date thereof, or enforcement thereof for such time and on such terms as may be just.

(d) **Order titles and numbers.** An order of the Commission, descriptively titled, shall be issued for all motions and other matters set for hearing, except for continuances, and all such orders shall be given an order number.

SUBCHAPTER 15. ORDERS

165:5-15-1. General form and procedure

(a) **Contents of orders.** The Commission may prescribe a standardized format for all orders. Every order of the Commission shall contain the following where appropriate or except where the Commission determines otherwise:

- (1) Caption, cause number on the appropriate docket and order number. Every page of the order shall also contain a page number, the applicable subject matter docket listed in OAC 165:5-5-1(a), the docket number assigned to the cause by the Court Clerk, and order type, e.g., emergency order, final order, etc.
- (2) Appearances.
- (3) Date and place of all hearings.
- (4) Summary of allegations of applicant, and of all other parties of record.
- (5) Summary of evidence of applicant, and of all other parties of record.
- (6) Findings of fact, containing all ultimate facts found to have been established.
- (7) Conclusions of law, containing:
 - (A) All legal conclusions found to be applicable to the facts; and
 - (B) The directive of the order stated in concise and mandatory language.
- (8) Signature of the Secretary certifying as to all Commissioners participating in making the order. The signatures of the Secretary and Commissioners participating in

SUBCHAPTER 21. PROCEDURE FOR THE PETROLEUM STORAGE TANK DOCKET

165:5-21-3.1. Applications to close a storage tank in place

(a) **Administrative review.** For an application for a variance to close a storage tank in place, the Petroleum Storage Tank Division shall review the application administratively without the necessity of a hearing. If the Petroleum Storage Tank Division approves the relief requested by the application, it shall submit a proposed order to the Commissioners to determine whether the variance and/or other relief, if any, should be granted.

(b) **Remedies after denial or modification.** If the Petroleum Storage Tank Division denies the relief requested by the application, or the Petroleum Storage Tank Division cannot agree to a modification, the applicant may withdraw its application or file a notice of hearing before an Administrative Law Judge and present their application for a recommendation on the merits of the variance sought. If the application for the variance is denied by the Administrative Law Judge, the Applicant may file exceptions as more fully defined under OAC 165:5-13-5.

GIST/ANALYSIS:

Certain amendments to OAC 165:10-3-10 requiring an operator to obtain the approval of the Conservation Division to use diesel fuel as the base fluid for hydraulic fracturing operations were made to conform to the Environmental Protection Agency's Permitting Guidance for Oil and Gas Hydraulic Fracturing Activities Using Diesel Fuels: Underground Injection Control Program Guidance No. 84 pursuant to 40 CFR 144.6. OAC 165:10-1-7 was amended to require operators of commercial disposal wells to file a new Form 1012C fluid disposal report pursuant to OAC 165:10-5-7. OAC 165:10-1-7 was also amended to require operators of wells authorized for disposal within areas of interest designated by the Oil and Gas Conservation Division to file a new Form 1012D at a minimum on a weekly basis regarding daily volumes and pressures pursuant to OAC 165:10-5-7. Other rules were amended in efforts to update, clarify and streamline language and procedures appearing in OAC 165:10, as well as to address reporting regarding well operations impacted by hydraulic fracturing operations, establish procedures for fluid level monitoring required by underground injection control orders or permits and specify corrective action, standardize procedures for land application of deleterious substances, impose notice requirements and procedures concerning applications to permit pits with capacities in excess of 50,000 barrels at commercial disposal well sites, and require installation of both leachate collection systems and monitor wells for new commercial disposal well pits and semiannual sampling of such systems and monitor wells.

CONTACT PERSON:

Susan Dennehy Conrad, Deputy General Counsel, Office of General Counsel, Oklahoma Corporation Commission, 2101 North Lincoln Boulevard, PO Box 52000, Oklahoma City, OK 73152-2000, telephone: (405) 521-3939, s.conrad@occcmail.com.

DUE TO EXCESSIVE LENGTH OF THESE RULES (AS DEFINED IN OAC 655:10-7-12), THE FULL TEXT OF THESE RULES WILL NOT BE PUBLISHED. THE RULES ARE AVAILABLE FOR PUBLIC INSPECTION AT THE OKLAHOMA CORPORATION COMMISSION, WESTERN REGIONAL SERVICE OFFICE, JIM THORPE OFFICE BUILDING, 2101 NORTH LINCOLN BOULEVARD, OKLAHOMA CITY, OKLAHOMA, AT THE OKLAHOMA CORPORATION COMMISSION, EASTERN REGIONAL SERVICE OFFICE, KERR BUILDING, 440 SOUTH HOUSTON, SUITE 114, TULSA, OKLAHOMA, AND AT THE SECRETARY OF STATE'S OFFICE OF ADMINISTRATIVE RULES. THE FOLLOWING SUMMARY HAS BEEN PREPARED PURSUANT TO 75 O.S., SECTION 255(B):

SUMMARY:

OAC 165:10-1-4 is amended to update the list of effective dates for OAC 165:10 rulemakings; OAC 165:10-1-7 to update the list of Oil and Gas Conservation Division prescribed forms and to add new forms; OAC 165:10-3-10 regarding the use of diesel fuel as the base fluid for hydraulic fracturing operations and reporting of impacts of hydraulic fracturing operations on other wells; OAC 165:10-3-25 concerning Completion Reports and amended Completion Reports; OAC 165:10-5-5 with respect to applications for approval of enhanced recovery injection and disposal operations; OAC 165:10-5-6 regarding testing and monitoring requirements for enhanced recovery injection wells and disposal wells; OAC 165:10-5-7 concerning monitoring and reporting requirements for enhanced recovery injection wells, disposal wells and storage wells, and to include a reference to 17 O.S. § 52 and provisions appearing therein; OAC 165:10-5-10 with respect to transfer of authority to inject concerning underground injection wells; OAC 165:10-5-15 regarding reporting requirements for simultaneous injection wells, and OAC 165:10-7-19 is amended concerning land application of water-based fluids from earthen pits, tanks and pipeline construction.

In addition, OAC 165:10-7-26 is amended with respect to land application of contaminated soils and petroleum hydrocarbon based drill cuttings; OAC 165:10-7-33 regarding truck wash pits; OAC 165:10-9-1 concerning use of commercial pits; OAC 165:10-9-2 with respect to commercial soil farming; OAC 165:10-9-3 regarding commercial disposal well surface facilities; OAC 165:10-9-4 concerning operation of commercial recycling facilities; OAC 165:10-11-3 with respect to plugging of wells; OAC 165:10-11-6 regarding plugging and plugging back procedures for wells, and Appendix F is revoked and a new Appendix F proposed regarding a schedule of fines.

The full text of these rules may be obtained by interested parties at the Oklahoma Corporation Commission's Oklahoma City Court Clerk's Office located in the Jim Thorpe Office Building, 2101 North Lincoln Boulevard, Oklahoma City, Oklahoma, 73105, at the Commission's Tulsa

GIST/ANALYSIS:

OAC 165:15-1-1 is amended to include "antifreeze, motor oil, motor fuel", all of which are Petroleum Storage Tank Division ("PSTD") regulated substances. OAC 165:15-1-2 is amended to incorporate by reference the terms defined in 17 O.S. § 301 et seq., 47 O.S. § 466 et seq., and 52 O.S. § 325.1 et seq; to clarify the definition of "Above ground storage tank" or "AST" for tanks that contain any PSTD regulated substance; to give an example of "Cathodic protection"; to clarify the meaning of "Change in service"; and to include the

underground piping under the definition of "Underground storage tank" or "UST." OAC 165:15-1-3 is amended to apply OAC 165:15 to all regulated substances. This amendment also requires that manufacturers of regulated substances test their products to ensure compliance with Commission rules, and that the results of the tests are available upon Commission request. OAC 165:15-3-12 is amended to match the federal regulations in 40 CFR 280.30 to ensure that available volume in the tank is greater than the volume of product to be transferred into the tank, and that violations of this Chapter may result in fines or contempt. OAC 165:15-3-16 is amended to clarify wholesale liquid measuring device calibration requirements. OAC 165:15-3-21 is amended to change "monthly" to "every thirty (30) days" for all methods of release detection per 40 CFR 280.41, and to clarify the specific requirements for statistical inventory reconciliation ("SIR") per 40 CFR 280.43. OAC 165:15-3-22 is amended to remove non-universal sentiment towards vaults, and amend a rule citation regarding corrosion protection. OAC 165:15-15-28 is amended to require liquid measuring devices to automatically and accurately reflect the total money value of the petroleum product delivered. OAC 165:15-15-31 is amended to correct grammatical errors and spelling. OAC 165-15-19-2 is amended to cite 40 Okla. Stat. §466 et seq. OAC 165-15-19-4 is amended to add a potential administrative penalty for violations that are not corrected.

CONTACT PERSON:

Zach Duvall, Assistant General Counsel, Office of General Counsel, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, (405)521-4749, z.duvall@occemail.com.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

165:15-1-1. Purpose

The purpose of this Chapter is to provide a comprehensive regulatory program governing the sale and storage of regulated substances such as antifreeze, motor oil, motor fuel, gasoline, kerosene, aviation fuel, and diesel fuel, and specify standards governing the measuring devices and facilities used to sell, dispense, or deliver these products. This Chapter is intended to protect the end user by regulating the integrity and quantity of the product sold; protect the public and the environment from fire, explosion and pollution; assist the tank owner/operator regarding how to maintain a petroleum storage tank system to avoid damages or deterioration of the system, economic loss to the owner/operator, and damages to others.

165:15-1-2. Definitions

In addition to the terms defined in 17 O.S. § 301 et seq., 47 O.S. § 466 et seq., and 52 O.S. § 325.1 et seq., the following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise.

"API (American Petroleum Institute) gravity scale" means the gravity scale in general use by the petroleum industry in the United States.

"ASTM" means the American Society for Testing and Materials. The latest ASTM revision must be the test used and is expressly incorporated in this Chapter.

"ATG" means an automatic tank gauging system.

"Aboveground storage tank" or **"AST"** means any stationary tank not included within the definition of an underground storage tank in OAC 165:25-1-11, which is designed to contain, ~~any PSTD regulated substances without structural support of earthen material, antifreeze, motor oil, gasoline, diesel, aviation fuel and/or volatile blending materials used in motor fuels, like kerosene and ethanol.~~

"Aboveground storage tank system" means an aboveground storage tank and any connected aboveground or underground piping, dispensers and associated equipment and fixtures.

"Airport" means landing facility for aircraft that is routinely available for public use (whether routinely used or not). Airports as used in this Chapter do not include private residential airstrips or private airports.

"Analog type" means an indicating element or a system of indication or recording in which values are presented as a series of numbered graduations in combination with an index, and in which the most sensitive element of the indicating system moves continuously during the operation of the device.

"Ancillary equipment" means any device including, but not limited to, devices such as piping, fittings, flanges, valves, and pumps that are used to distribute, meter, or control the flow of regulated substances to or from an underground storage tank.

"Approval seal" means an inspection label or tag pasted on the face of a dispenser indicating its official approval, showing day, month, and year.

"Aviation gasoline" means a volatile hydrocarbon fuel suitable for use in an aircraft internal combustion engine.

"Bulk plant" means a petroleum storage tank facility where regulated substances are received by tank vessels, pipelines, tank cars or tank vehicles and are stored or blended in mass quantities or bulk for the purpose of distribution by a tank vessel, pipeline, tank car, tank vehicle, portable tank or other container, for wholesale or retail sale.

"Calibrate" or **"Calibration"** means the comparison of the indicated volume to the volume actually delivered by a retail or wholesale device into a certified test measure, prover, or through a second accurate meter.

"Cathodic protection" means a technique designed to prevent the corrosion of a metal surface by making it the cathode of an electrochemical cell. For example, protection can be accomplished with an impressed current system or a galvanic anode system.

"Change in service" means ~~discontinuing the use of a storage tank system for purposes regulated by the Commission~~ a change in the status of a storage tank (i.e., from currently in use to temporarily out of use); change of regulated substance that a storage tank contains.

"Commission" ~~means the Corporation Commission of Oklahoma.~~

"Computing type" means a device designed to indicate and measure the total money value of product for one of a series of unit prices.

"Diesel fuel" ~~means a hydrocarbon or biodiesel fuel suitable for use in a diesel engine.~~

"Digital type" means a system of indicating or recording that advances intermittently in which all values are presented digitally and without graduations.

"Director" ~~means the Director of the Petroleum Storage Tank Division of the Corporation Commission.~~

"Division" ~~means the Petroleum Storage Tank Division of the Corporation Commission.~~

"Dry hose type" means a device in which the discharge hose must be completely drained following the mechanical operations involved in each delivery.

"Face of the pump" means that side of a measuring device that displays the quantity measured. The face must include an indicator and a series of graduations or present values digitally. It is the side of the pump where the unit price, volume dispensed, and dollar amount of the sale appear.

"Fuel" means any petroleum product, oxygenate, or blend of products suitable for use in an internal combustion or diesel engine.

"Fuel Specialist" means any field inspector employed by the Compliance and Inspection Department of the Petroleum Storage Tank Division of the Oklahoma Corporation Commission.

"Gasoline" means a volatile unleaded fuel that is suitable for use in a spark ignition, internal combustion engine.

"Gravity type" means a type of device designed for discharge by gravity.

"Gum" means the evaporation residue of aircraft gasoline or the heptane insoluble portion of the evaporation residue of motor gasoline.

"Index of an indicator" means that particular portion of an indicator that is directly used in making a reading.

"Indicating element" means that component located on the face of the pump that signifies the amount relative to a quantity measured by a measuring device.

"Isooctane" means a pure hydrocarbon 2,2,4-trimethylpentane used as a reference fuel that has an octane rating of one hundred.

"Kerosene" means a refined hydrocarbon fuel intended for use in heating and illumination.

"Liquid measuring device" or **"liquid fuel device"** means any and all measuring devices (retail, wholesale, or vehicle tank measure) with which gasoline, motor fuel, kerosene, burning oil, diesel fuel, or aviation gasoline is sold, dispensed, or delivered to the public or to any person for any purpose.

"MtBE" means methyl tertiary butyl ether for use as a component in gasoline.

"Manufacturer" ~~means any person engaged in the manufacture of gasoline, motor fuel, kerosene, aviation gasoline, diesel fuel, burning oil, or oxygenate offered for sale or use in the State of Oklahoma, whether such products are manufactured by the method of processing crude petroleum or natural gas or collecting natural or drip gasoline or the blending or mixing of any two or more products obtained from these processing methods. Blending or mixing, as used in this Chapter, does not include the multi-blend pumps at service stations.~~

"Measuring device" or **"meter"** means all measuring devices (retail, wholesale, or vehicle tank measure) with which gasoline, motor fuel, kerosene, burning oil, diesel fuel, or

Permanent Final Adoptions

aviation gasoline is sold, dispensed, or delivered to the public or to any person for any purpose.

"Motor fuel" means any petroleum product, oxygenate, or blend of products, that is suitable for use as a fuel in an internal combustion or diesel engine.

"NACE" means the National Association of Corrosion Engineers.

"N-heptane" means a pure hydrocarbon used as a reference fuel with an assigned octane rating of zero.

"Octane", "octane number", or "octane rating" means the antiknock quality of gasoline as determined by either the ASTM Research Method or the ASTM Motor Method.

"Owner or operator" means the person responsible for and in control of a facility's day-to-day operations, whether the person actually possesses a title to the facility or controls it as a lessee or by any other agreement. The term also includes a past operator at the time of a release or a violation of state statutes or Commission rules.

"Oxygenate" means ethyl alcohol, MtBE, TAME, or other oxygen-containing, ashless organic compounds.

"Permanent out of use" or "POU" means a petroleum storage tank system that is not in service/use, does not contain regulated substances, and is not intended to be placed back in service/use.

"Petroleum products" means antifreeze, motor oil, gasoline, kerosene, ethanol, diesel and biodiesel fuel and aviation gasoline.

"Primary indicating elements" or "recording elements" means those principal visual indicating elements and recording elements that may be used by the operator in the normal commercial use of a device and which are readily visible to the public.

"Private airport" means an airport used only by its owner and regulated as a fleet and commercial facility.

"Private airstrip" means a personal residential takeoff and landing facility attached to the airstrip owner's home, analogous to a garage and driveway used only by the owner.

"PSTD" means Petroleum Storage Tank Division.

"(R+M)/2" means the arithmetic mean of the ASTM Research Method (R) and the ASTM Motor Method (M) octane numbers, and is the octane rating.

"Regulated substance" means antifreeze, motor oil, motor fuel, gasoline, kerosene, diesel or aviation fuel. It does not include compressed natural gas, liquid natural gas and propane.

"Retail device" means a measuring device or mechanism designed for single deliveries of motor fuels to individual land, air, and water vehicles.

"Retail level" means all places of business where gasoline, motor fuel, kerosene, diesel fuel, or aviation gasoline is dispensed or delivered directly into the tank of the consuming vehicle or receptacle, and may include bulk agents, consignment agents, distributors, or jobbers.

"SIR" means Statistical Inventory Reconciliation.

"Security Seal" or "seal" or "lock/locking mechanism" means a lead and wire seal, lock or locking device, or similar device, attached to a petroleum storage tank system for protection against access, removal, or adjustment.

"TAME" means tertiary amyl methyl ether for use as a component in gasoline.

"Temporary out of use" or "TOU" means the status of a petroleum storage tank system that has been taken out of service/use, but not removed, with the intent to return to service.

"Tolerance" means a value fixing the limit of allowable error or departure from the highest performance or value.

"Transport calibration" or "truck calibration" means the volume held to the designated marker as determined by the addition of a calibration fluid to the compartment from an accurate meter or from provers.

"Underground storage tank" or "UST" means a regulated storage tank, including underground piping, that has 10 percent (10%) or more of its volume beneath the surface of the ground.

"Underground storage tank system" means an underground storage tank and any connected aboveground or underground piping, dispensers and ancillary equipment.

~~**"Unleaded gasoline"** means a refined gasoline to which no lead has been intentionally added during the refining or blending process.~~

"Visible type" means a type of device in which the measurement takes place in visible glass measuring chambers.

"Wet-hose type" means a device designed to be operated with the discharge hose full of liquid at all times.

"Wholesale device" means any device other than a retail device.

165:15-1-3. Application of rules

- (a) The rules contained in this Chapter apply to:
 - (1) All manufacturers and handlers of fuel subject to the jurisdiction of the Commission.
 - (2) All persons who sell or distribute any ~~petroleum product, motor fuel~~ regulated substance, oxygenate, or blend of products.
- (b) All persons who use liquid measuring devices in the sale or distribution of motor fuel, as defined by applicable statutes and (a) of this Section, must comply with this Chapter.
- (c) Motor fuel in transit or manufactured in Oklahoma for consumption in other states is not subject to inspection under the rules of this Chapter.
- (d) The tolerances on metric equipment must be equivalent to those specified in English units for similar equipment.
- (e) All regulated substances manufactured in, or imported into, the State of Oklahoma for use or sale must be tested by the manufacturer or importer to ensure its compliance with the rules of this Chapter.
- (f) The results of these tests, together with any other information required by the Commission, must be maintained by the manufacturer in accordance with usual and customary business practices, and copies must be furnished to the Petroleum Storage Tank Division upon request. These test results, excluding trade secrets and proprietary information, must also be furnished to the wholesale dealer of the manufacturer upon request.

**SUBCHAPTER 3. FUEL SPECIALISTS,
TESTING, ACCESSIBILITY, AND ASSISTANCE**

PART 3. MOTOR FUELS AND ANTIFREEZE

165:15-3-12. Fuel deliveries

Deliveries of fuel made for all facilities must be conducted as follows:

- (1) No facility owner or operator may accept delivery of lower octane fuel into a higher octane tank, except when the tank's resulting octane level meets or exceeds the tank's labeled octane level.
- (2) When delivering fuel into a storage tank, no person may purposefully disable a tank's overfill valve for any reason.
- (3) ~~Any violation of this Section will be subject to the enforcement procedures of this Chapter and any other fines or contempt proceedings as provided by law. Owners, operators, their employees or agents, or transporters must ensure that the volume available in the tank (ullage) is greater than the volume of product to be transferred to the tank before the transfer is made and that the transfer operation is monitored constantly to prevent spilling and overfilling.~~
- (4) Any violation of this Section will be subject to the enforcement procedures of this Chapter and any other fines or contempt proceedings as provided by law.

PART 5. LIQUID MEASURING DEVICES

165:15-3-16. Inspection for compliance

- (a) Retail liquid measuring devices subject to the rules of this Chapter are calibrated with a five (5) gallon test measure by the Fuel Specialist from time to time or as often as deemed necessary. High volume dispensers (those that are used to pump at a rate of at least twenty (20) gallons per minute) used to fill large tanks must be calibrated using a fifty (50) or one hundred (100) gallon prover.
- (b) All wholesale liquid measuring devices subject to the rules of this Chapter must be calibrated ~~by the Fuel Specialist no more than before~~ 10 million gallons of use, or more often if ~~the Fuel Specialist~~ PSTD deems it necessary.
- (c) Before a new facility is open for business and before new dispensers are put into service at a pre-existing facility, the owner or operator must have the dispensers calibrated and be able to show written proof when requested by the Fuel Specialist.
- (d) These tests may be ordered or directed by the Commission at any time.
- (e) When a liquid measuring device is found not to be in compliance with this Chapter, the owner or operator will be advised of the problem and the device placed out of service.
- (f) A Fuel Specialist has the responsibility to place or to direct that a lock or seal be placed on a measuring device. The lock or seal must remain in place until the defective measuring

device is repaired or replaced and complies with Commission standards.

- (g) The owner or operator of a locked measuring device may obtain permission to remove the lock or seal after repair by:
 - (1) Written permission from the Fuel Specialist who placed the lock or seal on the device; coupled with written confirmation to PSTD by the person removing the seal or lock; or
 - (2) Written or verbal permission from the Petroleum Storage Tank Division Director or the Director's designee; or
 - (3) Order of the Commission.

PART 7. STORAGE TANKS AND ANCILLARY EQUIPMENT

165:15-3-21. Containment of petroleum products

Because petroleum product releases can pose a threat to the public health and safety and the environment, Fuel Specialists must ensure that the proper mechanisms are in place and standards met to prevent releases.

- (1) **Spill and overfill protection.** Fuel Specialists must ensure that appropriate spill and overfill protection devices are in place and operational.
- (2) **Leak detection on tanks.** Fuel specialists must check the condition of an owner or operator's selected method(s) of leak detection at a location. The requirements of each method listed below are offered as a general outline; a complete list of leak detection requirements is in Chapter 25 and Chapter 26 of Commission rules.
 - (A) **Vapor monitoring wells.** If vapor monitoring wells are an owner or operator's selected method of leak detection, the Fuel Specialist must ensure that the requirements listed below are met:
 - (i) Wells must be correctly installed and sufficient in number for the particular facility.
 - (ii) A monitoring well site assessment must be completed with documentation of Commission acceptance kept on site for review.
 - (iii) Wells must be properly monitored and the results recorded every 30 days on the appropriate OCC form.
 - (iv) Any single vapor monitoring well reading above 4,000 units/ppm for gasoline and 1,500 units/ppm for diesel shall be reported to a Commission Project Environmental Analyst by telephone at (405) 521-4683 (if after hours or on weekends or holidays, call the PSTD emergency number at (405) 823-0994) within 24 hours of the owner or operator, agents, Monitor Well Technicians, or any of his or her employees at the facility knowing the reading. If gasoline and diesel tanks are in the same tankpit, any reading above 1,500 units/ppm shall be reported. If this has not been reported, the Fuel Specialist shall report it.
 - (B) **Groundwater monitoring wells.** The Fuel Specialist must ensure, if groundwater monitoring

Permanent Final Adoptions

wells are an owner or operator's method of leak detection, that the requirements listed below are met:

- (i) Wells must be correctly installed and sufficient in number for the particular facility.
- (ii) A monitoring well site assessment must be completed with documentation of Commission acceptance kept on site for review.
- (iii) Wells must be properly monitored and the results recorded every 30 days on the appropriate OCC form.
- (iv) Any indication of product discovered shall be reported to a Commission Project Environmental Analyst by telephone at (405) 521-4683 (if after hours or on weekends or holidays, call the PSTD emergency number at (405) 823-0994) within 24 hours of the owner or operator, agents, Monitor Well Technicians, or any of his or her employees at the facility knowing of its presence. If this has not been reported, the Fuel Specialist shall report it.

(C) **Tank system tightness testing with monthly inventory control.** When performed in accordance with the following requirements, this combination of functions is a stand-alone method of leak detection for tanks. This method expires ten (10) years after the corrosion protection upgrade of your tank(s) to 1998 standards or ten (10) years after a new tank is installed. This will expire June 30, 2018.

(i) **Tank tightness testing.** Tank tightness testing (or another test of equivalent performance) must be capable of detecting a 0.1 gallon per hour leak rate from any portion of the tank while accounting for the effects of thermal expansion or contraction of the product, vapor pockets, tank deformation, evaporation or condensation, and the location of the water table. The test must be performed by a tester certified by the manufacturer of the testing equipment, and completed once every five years.

(ii) **Inventory control.**

(I) Product inventory control (or another test of equivalent performance) must be conducted monthly to detect a release of at least 1.0 percent of flow-through plus 130 gallons ~~on a monthly basis~~ every thirty (30) days.

(II) Inventory volume measurements for regulated substance inputs, withdrawals, and the amount remaining in the tank are recorded each operating day.

(III) The equipment used is capable of measuring the level of product over the full range of the tank's height to the nearest one-eighth inch (1/8").

(IV) The regulated substance inputs are reconciled with delivery receipts by measurement of the tank inventory volume before and after delivery.

(V) Deliveries are made through a drop tube that extends to within 6 inches (6") of the tank bottom.

(VI) Product dispensing is metered and recorded within an accuracy of 6 cubic inches for every 5 gallons of product withdrawn.

(VII) The measurement of any water level in the bottom of the tank is made to the nearest one-eighth inch (1/8") at least once a month.

(VIII) Use of OCC Monthly Inventory Reconciliation Form or an electric equivalent is required.

(D) **Statistical Inventory Reconciliation (SIR).**

(i) Deliveries, withdrawals and balance remaining must be recorded each operating day on the PSTD Inventory Reconciliation Form or an electronic equivalent and data must be reconciled every thirty (30) days. Product deliveries must be reconciled with an appropriate device, and data must be reconciled ~~monthly~~ every thirty (30) days. SIR records must demonstrate the following:

(I) Report a quantitative result with a calculated leak rate;

(II) Be capable of detecting a leak rate of 0.2 gallon per hour or a release of one hundred fifty (150) gallons within thirty (30) days, with a probability of detection of 0.95 and a probability of false alarm of 0.05; and

(III) Use a threshold that does not exceed one-half (1/2) the minimum detectible leak rate.

(ii) The tank must be equipped with a drop tube and measured for water at least ~~monthly~~ every thirty (30) days.

(iii) Records must be submitted to a certified SIR vendor for ~~monthly~~ evaluation. Only third party certifications that have been reviewed and approved by the National Work Group on Leak Detection Evaluations (NWGLDE), found at the NWGLDE website, will be accepted (www.nwglde.org).

(iv) Results of ~~monthly~~ SIR analysis must be on premises ~~no later than the last day of the following month~~ for inspector review every thirty (30) days.

(v) The equipment used must be capable of measuring the level of product over the full range of the tank's height to the nearest one-eighth inch (1/8").

(vi) The regulated substance inputs are reconciled with delivery receipts by measurement of the tank inventory volume before and after delivery.

(vii) SIR analysis reports must include a summary report of the quantitative results and copies of all Inventory Reconciliation Forms.

(E) **Automatic tank gauging (ATG).**

(i) The ATG must be in operating condition. It must perform a ~~monthly~~ test at least once every thirty (30) days capable of detecting a 0.1 or 0.2 gallons per hour (gph) leak rate; and if the system

detects a 0.2 gph leak rate, monthly inventory reconciliation must be completed in conjunction with it.

(ii) If the Fuel Specialist has concerns about the operation of the system, they may require notice and be present when an authorized person is printing relevant reports from the ATG.

(F) **Manual tank gauging.** If manual tank gauging is the selected form of release detection Fuel Specialists must determine that the test duration is appropriate, and that tank tightness testing is performed in conjunction with manual tank gauging in accordance with Chapter 25 or Chapter 26 of Commission rules. Manual tank gauging is only accepted as a method of leak detection on tanks with a capacity of up to 2,000 gallons.

(G) **Interstitial monitoring.** Sampling or testing must be capable of detecting a ~~release leak monthly at~~ least every thirty days in accordance with the manufacturer's instructions.

(H) **Other methods.** If a method of leak detection other than those listed in this Chapter is used, it must be approved by the Commission and checked by the Fuel Specialist.

(3) **Leak detection on pressurized lines.** The Fuel Specialist must check for leak detection on pressurized piping. A complete list of requirements is in Chapter 25 and Chapter 26 of Commission rules. All pressurized piping must have electronic/automatic or mechanical line leak detectors capable of detecting a three gallons per hour leak. New installations and facilities replacing a piping system must have double-walled piping. An annual line tightness test is required unless the alternative criteria listed in (C) below are met.

(A) **Electronic/automatic and mechanical line leak detectors; sump sensors, floats and similar mechanical devices.**

(i) Automatic electronic or mechanical line leak detectors must be installed on all pressurized lines. Double-walled piping systems must have dispenser and tank sumps with a sensor, float or similar mechanical device installed at each submersible pump or at the lowest sump at the lowest island for each tank, whichever is at the lowest end of the piping gradient.

(ii) The line leak detectors, floats and other devices must be tested annually according to manufacturer's specifications.

(B) **Annual line tightness testing.** An annual line tightness test, either hydrostatic or electronic, must be performed unless the requirements of (C) below are met.

(C) **Alternative to line tightness testing.** A certified electronic line leak detector may be used in lieu of an automatic mechanical line leak detector and annual tightness test only if:

(i) The system is capable of detecting and tests for a leak of 3 gallons per hour before or after each operation of the submersible turbine pump; and

(ii) The system is capable of detecting and tests for a leak of 0.2 gallons per hour at least once every month; and

(iii) The system is capable of detecting and tests for a leak of 0.1 gallons per hour annually, and the system is tested annually in accordance with manufacturer's specifications.

(D) **Vapor monitoring wells.** If vapor monitoring wells are an owner or operator's selected method of leak detection, the Fuel Specialist must ensure that the requirements listed below are met:

(i) There must be a sufficient number of wells limited to a 20-foot radius around the lines, and the wells must be properly marked and secured.

(ii) Wells must be correctly installed, and the OCC approved monitoring well site assessment must be made available to the Fuel Specialist.

(iii) Wells must be properly monitored and the results recorded every 30 days.

(E) **Interstitial monitoring.**

(i) All double-walled piping must be sloped to allow a leak to flow to the sump at the tank or dispensers.

(ii) Containment sumps connected to product piping must be equipped with at least one sump sensor at the lowest end of the piping gradient.

(iii) Sump sensors must detect any liquid or leaking petroleum product in accordance with the manufacturer's specifications.

(4) **Suction piping.** A line tightness test must be performed every 3 years according to manufacturer's specifications unless one of the line leak detection methods listed above is used, or unless it is safe suction piping that meets the specifications of (5) below.

(5) **Safe suction piping.** No annual line tightness test and no leak detection method is required if piping meets these specifications: below-grade piping must operate under vacuum, be sloped to allow product to drain back into the tank, and have only one check valve installed on each line directly below the pump. Compliance with these standards must be readily determined by the Fuel Specialist.

(6) **Cathodic protection.** The Fuel Specialist must ensure that cathodic protection is installed and in proper working order for all metal tanks and piping that routinely contain regulated substances or product and are in contact with the ground. Cathodic protection can be an impressed current or galvanic system with these requirements:

(A) A site map and anode information should be made available to the Fuel Specialist and all tanks and lines must be protected.

(B) Continuity tests must be conducted, and the soil-to-structure potential must be at least -0.85 volts.

Permanent Final Adoptions

(C) Rectifier and cathodic protection tests must be performed by a qualified cathodic protection tester once every three years.

(D) Rectifier readings on impressed current systems must be recorded at least every 60 days and kept on site for review.

165:15-3-22. Equipment installation

Fuel Specialists must ensure that tanks and ancillary equipment are installed properly and conform to Commission standards. These standards apply to all facilities. Requirements are listed in detail in Chapter 25 and Chapter 26 of Commission rules.

(1) Unattended self-service stations.

(A) Operating instructions must be conspicuously posted.

(B) There must be a properly placed emergency shutoff device and conspicuously posted emergency instructions. A telephone or other approved means of communication to notify the fire department.

(2) **Emergency pressure release venting.** Above-ground storage tanks must have some form of construction or device that will relieve excessive internal pressure caused by exposure to fires, and have some form of emergency pressure venting. This applies to all compartments and interstitial spaces of tanks, and any enclosed spaces around tanks that can contain liquid.

(3) **Release vent construction.** An aboveground tank must have some form of pressure-relieving construction to appropriately control and direct a tank rupture. The tank owner or operator must present, upon request, evidence certifying the construction if the owner has the information.

(4) **Venting and venting specifications.** The Fuel Specialist will ensure that vent piping size, height, width, placement and construction meet approved standards, vent vapors upward and do not present collision or fire hazards.

(5) **Piping requirements.** The Fuel Specialist must ensure piping is appropriately constructed and protected from physical damage and corrosion where appropriate. Appropriate valves must be in place in piping to prevent leaks and fires. Aboveground storage tank piping and associated parts such as flanges and bolts must be constructed to resist fire to the appropriate extent.

(A) All new aboveground or underground piping must be installed in accordance with requirements of either Chapter 25 or Chapter 26 of Commission rules.

(B) Pressurized piping must have automatic line leak detectors with one sensor, float or similar mechanical device at each submersible pump, or at the lowest sump at the lowest island for each tank, whichever is at the lowest end of the piping gradient.

(6) **Equipment and materials.** All pipes, valves, couplings, faucets, flexible connectors, fittings and other pressure-containing parts must meet material specifications and pressure and temperature limitations, adhering to Commission standards. Underground equipment must

be cathodically protected where appropriate and above-ground equipment must resist fire to the approved extent. Impact/shear valves and breakaway valves must be in place to prevent leaks and stop their flow in an emergency.

(7) **Electrical equipment.** All electrical equipment must meet the requirements NFPA 70, the National Electrical Code, as it applies to wet, damp and hazardous conditions. All electrical wiring and equipment must be suitable for the locations in which it is installed, and required emergency switches must be provided and appropriately placed.

(8) **Vault requirements.** Vaults are ~~superior installation systems that are~~ not required, but can be used above or below grade and must meet standards listed in 165:26-2-71 of Commission rules. The Fuel Specialist will ensure that those standards are met.

(9) **Fill pipes.** Fill pipes must be properly installed and labeled, and overfill sump lids must be color-coded or properly labeled with permanent markings.

(10) **Collision barriers.** Aboveground storage tanks and all dispensers exposed to traffic must be resistant to damage from the impact of a motor vehicle or be protected by suitable collision barriers. Secondary containment may serve as a collision barrier.

(11) **Fencing requirements.** All aboveground tanks must be enclosed by an appropriate security fence.

(12) **Spill Prevention Control and Countermeasure Plan.** Owners or operators of aboveground storage tanks must have a Spill Prevention Control and Countermeasure Plan (SPCC Plan) completed in strict accordance with the requirements of Environmental Protection Agency 40 CFR 112, and updated every five years. Each facility location must have its own plan.

(13) **Corrosion protection.** Any portion of a tank or its piping system that routinely contain regulated substances or product and in contact with the soil must be protected from corrosion by a properly engineered, installed and maintained cathodic protection system in accordance with recognized standards of design listed in ~~165:26-3-80, 3-81, and 3-82~~OAC 165:26 Subchapter 2, Part 4 of Commission rules. A tank sitting on a concrete pad will be considered in contact with the soil unless it is insulated from the concrete by some dielectric material.

(14) Storage tank spacing and buffer distances.

(A) Aboveground storage tanks must be appropriately spaced; the Fuel Specialist will determine whether the spacing is in accordance with Chapter 26 of Commission rules.

(B) Minimum distances from aboveground storage tanks must also be maintained between tanks and the nearest important building on the same property, fuel dispensers, public ways, and property lines.

(15) **Secondary containment requirements for aboveground storage tanks.** Double-walled tanks do not require additional containment if conditions listed in OAC 165:26-2-31 are satisfied.

SUBCHAPTER 15. LIQUID MEASURING DEVICES

PART 7. MONEY VALUES AND VOLUMES DISPENSED

165:15-15-28. Position of equipment and money value divisions

- (a) A measuring device equipped with a primary indicating element, as described in 165:15-15-31 and used in direct sales to the public, must be positioned so that its indications may be accurately read and the measuring operation may be observed from some reasonable "customer" position.
- (b) The money value and dispensed liquid volume readings on the primary indicating elements must be the ones used for determining the money and volume amounts in any sale to the public. ~~The value of the graduated intervals representing money values on a computing type liquid measuring device with analog indications must be not more than one (1) cent at all unit prices up to and including \$2.99.~~ The device must automatically and accurately compute the total money value of the petroleum product delivered at the posted unit price.
- (c) On a computing type liquid measuring device with digital indications, the money values, mathematical agreement, and the total price computation must be based on quantities not exceeding 0.001 gallon intervals for devices indicating in inch-pound units and 0.002 liters for devices indicating in metric units.

165:15-15-31. Primary elements

- (a) **General.** A liquid measuring device must be equipped with a primary indicating element and may also be equipped with a primary recording element.
- (b) **Units.** ~~A liquid~~ A liquid measuring device must indicate, ~~and if the device is~~ be equipped to ~~must~~ record, its deliveries in terms of gallons, liter, or decimal subdivisions of the gallon or liter.
- (c) **Value of smallest unit.** The value of the smallest unit of indicated delivery, and recorded delivery if the device is equipped to record, must not exceed:
 - (1) One thousandth (.001) gallon or two thousandth (.002) liter on digital type retail devices, or one-tenth (0.1) gallon or one-tenth (0.1) liter on analog type systems.
 - (2) One gallon or one liter on wholesale devices.
- (d) **Return to zero.** Primary indicating and recording elements must advance only by the mechanical or electronic operation of the measuring device. However, a measuring device may be cleared by advancing its elements to zero, but only if:
 - (1) The advancing movement, once started, cannot be stopped until zero is reached; or
 - (2) In the case of indicating elements only, such elements are automatically obscured until the elements reach the correct zero position.
- (e) **Return to zero (key-lock).** The primary indicating elements, and primary recording elements if the device is equipped to record, must be readily returnable to a definite zero

indication. However, a key-lock or other self-operated device may be equipped with cumulative indicating or recording elements, provided that it is also equipped with a zero-return indicating element. Means must be provided to prevent the return of primary indicating elements, and of primary recording elements if the device is so equipped, beyond their correct zero position.

SUBCHAPTER 19. VIOLATIONS AND CONTEMPT

165:15-19-2. Enforcement procedure

In addition to the contempt procedures described in Chapter 5 of Commission rules, the following procedure for violations may be followed:

- (1) The PSTD Director or designee may issue a Field Citation for any violation or violations of the rules of this Chapter, and/or 17 O.S. §301 et seq., 47 O.S. §466 et seq., and/or 52 O.S. §321 et seq., ~~and/or 83 O.S. §111 et seq.~~, and amendments thereto.
- (2) A copy of the Field Citation must be furnished to the owner or operator.
- (3) The Field Citation must be authorized by the PSTD Director.
- (4) Prior to issuing a Field Citation to an owner or operator, the approval of the Director of the Petroleum Storage Tank Division must be obtained.

165:15-19-4. Re-inspection, Enforcement and Fine Citation

- (a) After the date that the violation is to be corrected, a Fuel Specialist will re-inspect the storage tank facility to verify that the violation has been corrected.
- (b) If the re-inspection shows that the violation has not been corrected, the Fuel Specialist will:
 - (1) Refer the violation to the Division's Compliance and Inspection Manager for enforcement action; and/or
 - (2) If the storage tank facility constitutes an immediate hazard, it may be shut down pending a correction of the problem or a hearing on the issue.
 - (3) Re-inspection of violations that are uncorrected shall be subject to an administrative penalty set forth in OAC 165:25 Appendix S or 165:26 Appendix G.

[OAR Docket #17-499; filed 6-23-17]

**TITLE 165. CORPORATION COMMISSION
CHAPTER 16. ANTIFREEZE**

[OAR Docket #17-500]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

- Subchapter 1. General Provisions
- 165:16-1-1. Purpose [AMENDED]
- 165:16-1-2. Definitions [AMENDED]

Permanent Final Adoptions

- 165:16-1-3. Applicability [AMENDED]

AUTHORITY:

The Commission's statutory authority is found in Article IX, Section 18 of the Oklahoma Constitution, and 47 O.S. §466.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2013-34, the proposed rules were submitted to the Governor and Cabinet Secretary on September 21, 2016.

COMMENT PERIOD:

September 20, 2016 through December 23, 2016

PUBLIC HEARING:

January 24, 2017

ADOPTION:

January 24, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

February 1, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 13, 2017

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

September 11, 2017

SUPERSEDED EMERGENCY ACTIONS:

INCORPORATIONS BY REFERENCE:

- 165:16-5-1. Testing of ethylene glycol antifreeze
- 165:16-5-2. Testing of methanol type antifreeze
- 165:16-5-3. Testing of prediluted aqueous ethylene glycol antifreeze
- 165:16-5-4. Testing of propylene glycol antifreeze

INCORPORATED STANDARDS:

The American Society for Testing and Materials (ASTM): Standard Number D3306 Specification for Glycol Base Engine Coolant for Automobile and Light-Duty Service (2014); Standard D-1120 Standard Test Method for Boiling Point of Engine Coolants (2016); Standard D-1287 Standard Test Method for pH of Engine Coolants and Antirusts (2011); Standard D-1121 Standard Test Method for Reserve Alkalinity of Engine Coolants and Antirusts (2011); Standard D-1384, Standard Test Method for Corrosion Test for Engine Coolants in Glassware (2012); and Standard D-1177 Standard Test Method for Freezing Point of Aqueous Engine Coolants (2016).

INCORPORATING RULES:

- 165:16-5-1
- 165:16-5-2
- 165:16-5-3
- 165:16-5-4

AVAILABILITY:

8:00 am to 4:30 pm, Monday through Friday at Oklahoma Corporation Commission, Office of Petroleum Storage Tank Division, 4th Floor, Jim Thorpe Office Building, 2101 N. Lincoln Blvd., Oklahoma City, OK 73152-2000, 405-521-4683.

GIST/ANALYSIS:

OAC 165:16-1-1 is amended to correct punctuation. OAC 165:16-1-2 is amended to include language requested by the OAR whenever there are definitions listed in the rules, to update and clarify, and to match the language used in OAC 165:15; OAC 165:25; and OAC 165:26. OAC 165:16-1-3

is amended to include all entities subject to the requirements of OAC 165:16. OAC 165:16-1-4 is amended to outline and detail the authority of the Commission pertaining to enforcing antifreeze rules. OAC 165:16-3-1 is amended to set forth the specific requirements for an application to sell antifreeze in Oklahoma; to correct rule citations; and to outline the guidelines for antifreeze permitting. OAC 165:16-3-2 is amended to correct grammar. OAC 165:16-3-3 is revoked because it is already in the statute as set forth in 75 Okla. Stat. § 251. OAC 165:16-5-1 is amended to include the current edition of the standards incorporated in the rules as provided in 75 Okla. Stat. § 251. OAC 165:16-5-2 is amended to include the current edition of the standards incorporated in the rules as provided in 75 Okla. Stat. § 251. OAC 165:16-5-3 is amended to include the current edition of the standards incorporated in the rules as provided in 75 Okla. Stat. § 251. OAC 165:16-5-4 is amended to include the current edition of the standards incorporated in the rules as provided in 75 Okla. Stat. § 251. OAC 165:16-7-1 is amended to correct the name of the department for permit approval. OAC 165:16-7-2 is amended to correct the name of the department for permit approval; to make a grammatical correction for clarification; to include all entities subject to the rule; and to require a copy to be provided to PSTD when a label changes. OAC 165:16-9-1 is amended to include all entities subject to the rule. OAC 165:16-11-1 is amended to clarify what constitutes an offense.

CONTACT PERSON:

Travis Weedn, Senior Attorney, Office of General Counsel, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, (405)521-4137, t.weedn@occcmail.com.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

165:16-1-1. Purpose

The purpose of this Chapter is to implement the provisions of 47 O.S. (1995) §§ 461 et seq., regarding the sale of antifreeze in the State of Oklahoma.

165:16-1-2. Definitions

~~The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:~~ In addition to the terms defined in 47 O.S. § 461 et seq., the following words or terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"Antifreeze" means all substances and preparations intended for use as the cooling medium, or to be added to the cooling liquid, in the cooling system of an internal combustion engine to prevent freezing or to raise the boiling point.

"Certified" means to attest that the analysis is as represented and meets the required standards of this Chapter.

"Commission" means the Oklahoma Corporation Commission and includes its designated divisions, departments, agents or representatives.

"Ethylene glycol antifreeze" means an antifreeze containing ethylene glycol as the major component.

"Licensee" means the name and address of the person who is selling, distributing, manufacturing, marketing, producing, selling or transporting antifreeze under a specific brand name.

"**Manufacturer**" means any person engaged in the manufacture of any antifreeze sold, offered for sale, ~~used, displayed, distributed, produced, used,~~ or consumed in the State of Oklahoma.

"**Methanol**" means an antifreeze with an alcohol base.

"**Person**" means any and all persons, including any individual, firm, partnership, corporation, company, trust, LLC, LLP, and association, whether such persons are acting as owner, bailee, or agent.

"**Propylene glycol antifreeze**" means an antifreeze containing propylene glycol as the major component.

"**Prediluted aqueous ethylene glycol**" means an antifreeze containing a 50 volume percent aqueous solution.

"**PSTD**" means the Petroleum Storage Tank Division.

165:16-1-3. Applicability

This Chapter shall apply to persons who display, distribute, manufacture, market, produce, store, transport, warehouse, sell, barter, use, or offer for sale or resale antifreeze of any brand or type in the State of Oklahoma. This Chapter does not apply to antifreeze used in manufacturing processes and consumptive use on the premises.

165:16-1-4. Authority of the Commission

In addition to other authority prescribed by law, the Commission shall have the authority to:

- (1) Enforce this Chapter by ~~certification~~ licensing, inspections, chemical analysis, or any other appropriate methods.
- (2) Call upon and take samples of antifreeze from the stocks of any applicant for or any holder of an antifreeze permit or any other persons suspected of ~~selling or distributing, displaying, manufacturing, marketing, producing, selling, storing, or transporting~~ antifreeze.
- (3) Access, by ~~legal~~ any means, all places of businesses of such persons, including buildings, vehicles, cars, and vessels used in the ~~manufacture, transportation, sale, or storage~~ display, distribution, manufacturing, marketing, producing, sale, storage, or transporting of antifreeze during regular business hours.
- (4) Open, by ~~legal~~ any means, any box, carton, parcel, or package containing or supposed to contain antifreeze, take possession of a representative container signed by receipt, for the purpose of taking samples ~~therefrom.~~
- (5) Require, request, and demand a bill of lading or other proof of delivery of antifreeze that on it's face appears to be unlicensed.

SUBCHAPTER 3. APPLICATIONS AND PERMITS

165:16-3-1. General requirements

Before any antifreeze can be ~~bartered, displayed, distributed, manufactured, marketed, produced, sold, used~~

~~and/or offered for sale or resale, or held with intent to sell, or transported~~ within the State of Oklahoma, a permit, bearing an official permit number of the Commission shall be obtained by the manufacturer of the antifreeze from the ~~Fuel Compliance and Inspection Department of the Commission~~ Petroleum Storage Tank Division.

(1) Application for antifreeze permits shall be ~~made on forms supplied by the Fuel Inspection Department and a certified analysis of the antifreeze covering the specification and standards as set out in 165:16-5-1, 165:16-5-2, and 165:16-3-2 shall be submitted with each application. The applicant shall further certify that the antifreeze is not misbranded and is properly labeled as set out in 165:16-7-2 and such certification shall be submitted with each applicationsubmitted with certified laboratory analysis, copies of the labels, and \$100.00 per brand and per type. If PSTD has previously approved the formula, a new laboratory analysis is not needed.~~

(2) ~~The initial application of the seller, manufacturer, packer, or distributor shall include the payment of a fee of One Hundred Dollars (\$100.00) for each brand of antifreeze submitted.~~

(3) ~~If said antifreeze meets the specifications and standards as set out in 165:16-5-1, 165:16-5-2, 165:16-5-3 and 165:16-5-4165:16-3-2, and 165:16-7-2, an annuala permit shall be issued to the applicant authorizing the sale of such antifreeze for the fiscal year, July 1 to until the end of the fiscal year, June 30.~~

(4) ~~On approval of an application for renewal of a permit, the fee shall not exceed One Hundred Dollars (\$100.00) per annum. Renewal invoices will be sent sixty (60) days before the fiscal year expires. The renewal fee is \$100.00 per brand and per type. Licensees do not need to resubmit information on individual brands and types each year unless the formula, name of the brand or the type has changed.~~

(5) ~~The original permit and/or renewal issued by the Commission shall bear the same permit number.~~

(6) ~~No permits shall be transferable.~~

165:16-3-2. Application for special permitsvariance

(a) Application ~~may~~ shall be made for an order establishing standards for any antifreeze product which does not fall within any classification established by this Chapter. The application shall be accompanied by a certified analysis setting out the chemical composition of the product and test data, including boiling point, pH, reserve alkalinity, and freezing point as measured by applicable ASTM or other appropriate methods.

(b) After notice as prescribed by the Commission and public hearing, the Commission ~~shall~~ may enter its order prescribing appropriate minimum standards applicable to the product and authorizing issuance of permit for the product pursuant to 165:16-3-1.

(c) A permit issued pursuant to such an order may be renewed annually, without further hearing, as provided in 165:16-3-1.

Permanent Final Adoptions

165:16-3-3. Cancellation of permit [REVOKED]

If the Commission finds after the issuance of a permit that the antifreeze product has been materially altered without written permission of the Commission or a change has been made in the name, brand, or trademark under which the antifreeze is sold or the applicant has violated any provision of this Chapter, the Commission shall notify the applicant and the permit shall be cancelled.

SUBCHAPTER 5. TESTING OF ANTIFREEZE

165:16-5-1. Testing of ethylene glycol antifreeze

The American Society for Testing and Materials (ASTM) standards standard D3306 (2014) shall be used to make the following tests of antifreeze.

(1) **Boiling point test.** The boiling point of an antifreeze shall be determined by the ASTM designation D-1120 (2016) test. The boiling point of a concentrated antifreeze shall not be below 311°F or 155°C. When added to the cooling system of a motor vehicle, at atmospheric pressure, an antifreeze shall increase the boiling point to a degree not less than the following:

- (A) 50% antifreeze: 226° F or 108° C
- (B) 40% antifreeze: 221° F or 105° C
- (C) 33 1/3% antifreeze: 219° F or 104° C
- (D) 20% antifreeze: 214° F or 101° C

(2) **pH test.** The pH of an antifreeze shall be determined by the ASTM designation D-1287 (2011) test. The pH of an antifreeze shall be run by using a solution composed of 50% concentrated antifreeze and 50% water, by volume. The pH of this antifreeze solution shall not be below 7.5.

(3) **Corrosion inhibition test.** The reserve alkalinity of antifreeze as determined by ASTM D-1121 (2011) shall be reported. The corrosion inhibitive properties of antifreeze shall be determined by ASTM D-1384 Test Method (2012). The average weight loss of each metal coupon shall not exceed the maximums stated as follows: copper 10 mg, solder 30 mg, brass 10 mg, steel 10 mg, cast iron 10 mg, and aluminum 30 mg.

(4) **Freezing point test.** The freezing point of antifreeze shall be determined by the ASTM designation D-1177 (2016) test. The freezing points of the various water antifreeze solutions shall be such as to protect according to the chart in Appendix A of this Chapter.

165:16-5-2. Testing of methanol type antifreeze

The American Society for Testing and Materials (ASTM) standards shall be used to make the following tests of antifreeze.

(1) **Boiling point test.** The boiling point of an antifreeze shall be determined by the ASTM designation D-1120 (2016) test. The boiling point of a concentrated antifreeze when added to the cooling system of a motor vehicle at atmospheric pressure shall not be below 133° F or 56° C.

(2) **pH test.** The pH of an antifreeze shall be determined by the ASTM designation D-1287 (2011) test. The pH of an antifreeze shall not be below 7.5. The pH of an antifreeze shall be run by using a solution composed of 50% concentrated antifreeze and 50% water, by volume.

(3) **Reserve alkalinity test.** The reserve alkalinity of an antifreeze shall be determined by the ASTM designation D-1121 (2011) test. The reserve alkalinity shall not be below 10.0.

(4) **Freezing point test.** The freezing point of an antifreeze shall be determined by the ASTM designation D-1177 (2016) test. The freezing point of the various water antifreeze solutions shall be such as to protect according to the chart in Appendix B of this Chapter.

165:16-5-3. Testing of prediluted aqueous ethylene glycol antifreeze

The American Society for Testing and Materials (ASTM) standards shall be used to make the following tests of antifreeze.

(1) **Boiling point test.** The boiling point of an antifreeze shall be determined by the ASTM D-1120 (2016) test. The boiling point of the prediluted coolant as packaged shall be at least 226°F or 108°C.

(2) **pH test.** The pH of an antifreeze shall be determined by the ASTM designation D-1287 (2011) test. The pH of an antifreeze shall be run by using a sample of the prediluted coolant as packaged. The pH of this antifreeze solution shall not be below 7.5.

(3) **Corrosion inhibition test.** The reserve alkalinity of antifreeze as determined by ASTM D-1121 (2011) shall be reported. The corrosion inhibitive properties of antifreeze shall be determined by ASTM D-1384 Test Method (2012). The average weight loss of each metal coupon shall not exceed the maximums stated as follows: copper 10 mg, solder 30 mg, brass 10 mg, steel 10 mg, cast iron 10 mg, and aluminum 30 mg.

(4) **Freezing point test.** The freezing point of antifreeze shall be determined by the ASTM designation D-1177 (2016) test. The freezing point of the concentrated antifreeze solution shall be at least to -34° F or -37° C.

165:16-5-4. Testing of propylene glycol antifreeze

The American Society for Testing and Materials (ASTM) standards shall be used to make the following tests of antifreeze.

(1) **Boiling point test.** The boiling point of an antifreeze shall be determined by the ASTM designation D-1120 (2016) test. The boiling point of a concentrated antifreeze shall not be below 305° F or 152° C. When added to the cooling system of a motor vehicle, a 50% antifreeze solution at atmospheric pressure shall increase the boiling point to a degree not less than 219° F or 104° C.

(2) **pH test.** The pH of an antifreeze shall be determined by the ASTM designation D-1287 (2011) test. The

pH of an antifreeze shall be run by using a solution composed of 50% concentrated antifreeze and 50% distilled water, by volume. The pH of this antifreeze solution shall not be below 7.5.

(3) **Corrosion inhibition test.** The reserve alkalinity of antifreeze as determined by ASTM D-1121 (2011) shall be reported. The corrosion inhibitive properties of antifreeze shall be determined by ASTM D-1384 Test Method (2012). The average weight loss of each metal coupon shall not exceed the maximums stated as follows: copper 10 mg, solder 30 mg, brass 10 mg, steel 10 mg, cast iron 10 mg, and aluminum 30 mg.

(4) **Freezing point test.** The freezing point of antifreeze shall be determined by the ASTM designation D-1177 (2016) test. The freezing points of a 50% concentrated antifreeze and 50% distilled water solution shall not be above -26°F or -32°C.

SUBCHAPTER 7. ADULTERATION AND MISBRANDING

165:16-7-1. Adulteration

Any antifreeze submitted to the ~~Fuel Compliance~~ and Inspection Department for permit approval and testing shall be deemed to be adulterated if the certified analysis or other testing indicates:

- (1) It consists in whole or in part of any substance which will render it injurious to the cooling system of an internal combustion engine or will make the operation of the engine dangerous to the user.
- (2) Its strength, quality, or purity falls below the professed standard of strength, quality, or purity under which it is sold.
- (3) It is a product intended to be used without further dilution and does not provide freezing point protection to -34° Fahrenheit.

165:16-7-2. Misbranding and labeling

Any antifreeze submitted to the ~~Fuel Compliance~~ and Inspection Department for permit approval shall be deemed to be misbranded if:

- (1) Labeling is false or misleading in any particular manner.
- (2) In package form it does not bear a label containing the name and place of business of the ~~manufacturer, packer, seller or distributor~~ distributor, manufacturer, marketer, packer, producer, seller, warehouse or wholesaler, and an accurate statement of the quantity of contents in terms of weight or volume and these facts are not stated plainly and correctly on the outside.
- (3) The product is to be diluted with another substance for use and does not bear on the label or in an accompanying instruction sheet, folder, or booklet a statement or chart showing appropriate amounts of each substance to be used to provide protection from freezing at various degrees of

temperature down to at least thirty degrees (30°) below zero Fahrenheit.

(4) The product is intended to be used without further dilution and the freezing point is not stated on the label and the front and back labels do not bear the words "Ready to Use" in minimum one quarter (1/4) inch high letters.

(5) Antifreeze manufacturers and licensees must provide a copy of any new version of any label change not previously submitted and approved by PSTD.

SUBCHAPTER 9. ADVERTISING

165:16-9-1. Advertising

No advertising literature relating to any antifreeze sold, or to be sold, in the State of Oklahoma shall contain any statement that the antifreeze advertised for sale has been approved by the Commission unless a current permit from PSTD has been issued to the ~~wholesaler, manufacturer, packer, or distributor~~ distributor, manufacturer, marketer, packer, producer, seller, warehouse or wholesaler, in which event such statement, together with the permit number, may be contained in any labeling and advertising literature where such brand or trademark or antifreeze is being advertised for sale.

SUBCHAPTER 11. PENALTY FOR VIOLATION

165:16-11-1. Penalty

- (a) Any person who violates or fails to comply with the provisions of this Chapter or the laws of the State, or any person who aids and abets in the violation thereof, shall, in addition to the penalties provided by law, be deemed guilty of contempt of order of the Commission and be subject to a fine not to exceed \$500.00 for each offense.
- (b) Each day such violation occurs shall constitute a separate offense.
- (c) Each container of antifreeze not conforming to all requirements set forth in this Chapter shall constitute a separate offense.

[OAR Docket #17-500; filed 6-23-17]

**TITLE 165. CORPORATION COMMISSION
CHAPTER 20. GAS & HAZARDOUS LIQUID
PIPELINE SAFETY**

[OAR Docket #17-501]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

- Subchapter 5. Safety Regulations for Gas Pipelines
- Part 5. Minimum Safety Standards for Gas
- 165:20-5-21. Adoption of federal safety regulations [AMENDED]
- Subchapter 7. Safety Regulations for Hazardous Liquids
- 165:20-7-1. Adoption of federal safety and reporting regulations [AMENDED]

Permanent Final Adoptions

Subchapter 13. Enforcement

Part 1. General

165:20-13-1. Scope and fines [AMENDED]

Subchapter 15. Regulations for Grants to Aid State Pipeline Safety Programs

165:20-15-1. Regulations for grants to aid state pipeline safety programs [AMENDED]

AUTHORITY:

The Commission's statutory authority is found in Title 52 O.S. § 5, Title 52 O.S. § 47.3, Article IX, Sections 18 and 18a of the Oklahoma Constitution and OAC 165-5-1-7.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2013-34, the proposed rules were submitted to the Governor and Cabinet Secretary on December 30, 2016.

COMMENT PERIOD:

December 29, 2016 to February 21, 2017

PUBLIC HEARING:

March 9, 2017

ADOPTION:

March 9, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

March 16, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 13, 2017

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

September 11, 2017

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

Incorporated standards as they existed on January 1, 2017:

Adoption of federal safety regulations, 49 C.F.R. Part 192. Transportation of Natural and Other Gas by Pipeline: Minimum Federal Safety Standards.

Adoption of federal safety and reporting regulations, 49 C.F.R. Part 195. Transportation of Hazardous Liquids by Pipeline.

Regulations for grants to aid state pipeline safety programs, 49 C.F.R. Part 198. Regulations for Grants to Aid State Pipeline Safety Programs.

Incorporating rules:

165:20-5-21

165:20-7-1

165:20-15-1

Availability:

8:00 am to 4:30 pm, Monday through Friday at Oklahoma Corporation Commission, Gas & Hazardous Liquid Pipeline Safety, 2nd Floor, Jim Thorpe Office Building, Room 232, 2101 N. Lincoln Blvd., Oklahoma City.

GIST/ANALYSIS:

OAC 165:20-5-21 is amended to adopt an updated version of the Code of Federal Regulations, 49 C.F.R. Part 192. OAC 165:20-7-1 is amended to adopt an updated version of the Code of Federal Regulations, 49 C.F.R. Part 195. OAC 165:20-13-1 is amended to remove outdated rule provisions based on changes in Oklahoma statute. OAC 165:20-15-1 is amended to adopt an updated version of the Code of Federal Regulations, 49 C.F.R. Part 198.

CONTACT PERSON:

Mark A. Willingham, Deputy General Counsel, Office of General Counsel, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, (405)522-1638, m.willingham@occcemail.com.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 5. SAFETY REGULATIONS FOR GAS PIPELINES

PART 5. MINIMUM SAFETY STANDARDS FOR GAS

165:20-5-21. Adoption of federal safety regulations

The Commission adopts the provisions of 49 C.F.R. Part 192, as such exist on January 1, ~~2014~~2017, and all those amendments and appendices adopted thereafter, subject to the following amendments:

- (1) 49 C.F.R. § 192.1 is replaced by the following:
 - (A) This Part prescribes minimum safety requirements for intrastate pipeline facilities and the transportation of gas subject to the jurisdiction of the Commission.
 - (B) This Part shall not apply to:
 - (i) Interstate transmission facilities; and
 - (ii) Onshore gathering of gas through a pipeline that operates at less than 0 psig or through a pipeline that is not a regulated onshore gathering line as determined by 49 C.F.R. § 192.8.
- (2) The definition of "Administrator" and "State" are deleted and replaced as follows:
 - (A) All references to the "Administrator" are replaced with the "Commission".
 - (B) All references to the "State" refer to the State of Oklahoma.

SUBCHAPTER 7. SAFETY REGULATIONS FOR HAZARDOUS LIQUIDS

165:20-7-1. Adoption of federal safety and reporting regulations

The Commission adopts the provisions of 49 C.F.R. Part 195, as such exist on January 1, ~~2014~~2017, and all those amendments and appendices adopted thereafter subject to the following amendments:

- (1) 49 C.F.R. § 195.0 is replaced by the following: "This Part prescribes safety standards and accident reporting requirements for pipeline facilities used in the intrastate transportation of hazardous liquids subject to the jurisdiction of the Commission."
- (2) 49 C.F.R. § 195.1(a) is replaced by the following: "Except as provided in paragraph (b) of 49 C.F.R. § 195.1(b), this Part applies to pipeline facilities and the transportation of hazardous liquids associated with those facilities used in the intrastate transportation of hazardous liquids subject to the jurisdiction of the Commission."
- (3) The definition of "Administrator" shall be deleted and all references to the "Administrator" are replaced with the "Commission".
- (4) 49 C.F.R. § 195.52(b) is replaced by the following: "(b) Reports made under paragraph (a) of 49 C.F.R. § 195.52(a) are made by telephone to 405-521-2258 (Pipeline Safety Department in Oklahoma City, OK) and 800-424-8802 (in Washington, D.C. 202-462-2675), and must include the following information:
 - (A) Name and address of the operator.

- (B) Name and telephone number of the reporter.
- (C) The location of the failure.
- (D) The time of the failure.
- (E) The fatalities and personal injuries, if any.
- (F) All other significant facts known by the operator that are relevant to the cause of the failure or extent of the damages."

(5) 49 C.F.R. § 195.54(a) is replaced by the following: "Each carrier that experiences an accident that is required to be reported under this subpart, as soon as practicable but not later than 30 days after discovery of the accident, shall prepare and file an accident report on DOT Form 7000-1, or a facsimile, with the Pipeline Safety Department, Oklahoma Corporation Commission, in accordance with OAC 165:20-1-6 of this Chapter, and the Information Resources Manager, Office of Pipeline Safety, Department of Transportation, Washington, D.C. 20590."

(6) 49 C.F.R. § 195.54(b) is replaced by the following: "Whenever an operator receives any changes in the information reported or additions to the original report on DOT Form 7000-1, it shall file a supplemental report within 30 days with the Pipeline Safety Department, Oklahoma Corporation Commission, in accordance with OAC 165:20-1-6 of this Chapter, and the Information Resources Manager, Office of Pipeline Safety, Department of Transportation, Washington, D.C. 20590."

SUBCHAPTER 13. ENFORCEMENT PART 1. GENERAL

165:20-13-1. Scope and fines

This Subchapter prescribes the procedures utilized by the Oklahoma Corporation Commission in carrying out its responsibilities regarding pipeline safety under 52 O.S. 1981, Section 5 and 52 O.S. Supp. Sections 47.1 through 47.8, and is designed to utilize enforcement procedures already in place by hereby adopting the Commission's Rules of Practice, OAC 165:5, that are pertinent and necessary to carry out the enforcement of pipeline safety rules and regulations.

(1) For each violation of a Commission rule in Subchapters 5 and 10, the Commission may issue an order pursuant to 17 O.S. Section 1 et seq. fining an operator up to ~~ten thousand dollars (\$10,000.00) per day plus prosecution costs for each violation for each day the violation continues provided that the maximum fine shall not exceed five hundred thousand dollars (\$500,000.00) for any related series of violations~~ the maximum amount provided by 17 O.S. Section 6.1.

(2) For each violation of a Commission rule for hazardous liquid pipelines, the Commission may issue an order pursuant to 52 O.S. Section ~~47.647.1~~ et seq. fining an operator up to ~~ten thousand dollars (\$10,000.00) per day plus prosecution costs for each day the violation continues provided that the maximum fine shall not exceed five hundred thousand dollars (\$500,000.00) for any related series of violations~~ the maximum amount provided by 52 O.S. Section 47.6.

SUBCHAPTER 15. REGULATIONS FOR GRANTS TO AID STATE PIPELINE SAFETY PROGRAMS

165:20-15-1. Regulations for grants to aid state pipeline safety programs

The Commission adopts the provisions of 49 C.F.R. Part 198, with all amendments and appendices thereto as such exist January 1, ~~2009~~2017, and all amendments and appendices adopted thereafter.

[OAR Docket #17-501; filed 6-23-17]

TITLE 165. CORPORATION COMMISSION CHAPTER 25. UNDERGROUND STORAGE TANKS

[OAR Docket #17-502]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

- Subchapter 1. General Provisions
- Part 3. Definitions
- 165:25-1-11. Definitions [AMENDED]
- Part 9. Notification and Reporting Requirements
- 165:25-1-41. General reporting requirements [AMENDED]
- 165:25-1-51. Transfer of ownership [AMENDED]
- Part 11. Recordkeeping
- 165:25-1-53. Availability of records [AMENDED]
- 165:25-1-56. Release detection and cathodic protection records [AMENDED]
- 165:25-1-58. Piping records [AMENDED]
- 165:25-1-60. Walkthrough inspections and records [AMENDED]
- Part 15. Shutdown of Operations
- 165:25-1-67. Shutdown of operations [AMENDED]
- Part 17. Licensing Procedures
- 165:25-1-107. License penalties
- Subchapter 2. General Requirements for Underground Storage Tank Systems
- Part 1. Codes and Standards
- 165:25-2-2. Incorporated codes and standards [AMENDED]
- 165:25-2-4. Financial responsibility [AMENDED]
- 165:25-2-6. Lender liability [NEW]
- Part 3. Design and Installation
- 165:25-2-33. Approved tanks, tank design [AMENDED]
- 165:25-2-36. Tank system installation [AMENDED]
- 165:25-2-39. Spill and overfill protection [AMENDED]
- 165:25-2-40. Installation testing [AMENDED]
- Part 5. Protection Against Corrosion
- 165:25-2-51. Corrosion protection [AMENDED]
- 165:25-2-52. Compliance with corrosion protection requirements and manufacturer's specifications [AMENDED]
- 165:25-2-53. Frequency and criteria of inspections and tests [AMENDED]
- Part 6. Piping
- 165:25-2-55.1. Underground storage tank piping materials [AMENDED]
- Part 13. Removal and Closure of Underground Storage Tank Systems
- 165:25-2-131. Tank removal and closure [AMENDED]
- 165:25-2-133. Temporary removal from service [AMENDED]
- 165:25-2-134. ~~Temporary closure: requirements~~ Requirements for returning to service [AMENDED]
- 165:25-2-135. Permanent closure [AMENDED]
- 165:25-2-136. Assessing the site at closure or change in service [AMENDED]
- Subchapter 3. Release Prevention and Detection Requirements
- Part 2. Release Detection Requirements and Methods
- 165:25-3-6.20. General monitoring requirements [AMENDED]

Permanent Final Adoptions

165:25-3-6.21. General release detection methods and devices [AMENDED]
165:25-3-6.22. Tank system tightness testing with monthly inventory control [AMENDED]
165:25-3-6.23. Testing or monitoring for vapors [AMENDED]
165:25-3-6.24. Testing or monitoring for liquids on the groundwater [AMENDED]
165:25-3-6.25. Interstitial monitoring [AMENDED]
165:25-3-6.26. Automatic tank gauging systems [AMENDED]
165:25-3-6.28. Statistical Inventory Reconciliation (SIR) [AMENDED]
165:25-3-6.29. Monitoring requirements for piping [AMENDED]
Part 3. Release Investigation Requirements
165:25-3-8. Release investigation and confirmation [AMENDED]
Subchapter 18. Inspections, Notices of Violation, and Citations
Part 1. Inspections
165:25-18-4. Inspection for compliance [AMENDED]
Part 3. Notices of Violation and Citations
165:25-18-13. Payment of fine or hearing [AMENDED]
Appendix S. Fine Citations Table [REVOKED]
Appendix S. Fine Citations Table [NEW]

AUTHORITY:

The Commission's statutory authority is found in Article IX, Section 18 of the Oklahoma Constitution, 17 O.S. §§ 52, 306, 307, 321, 325 and 47 O.S. § 466.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2013-34, the proposed rules were submitted to the Governor and Cabinet Secretary on September 21, 2016.

COMMENT PERIOD:

September 20, 2016 through December 23, 2016.

PUBLIC HEARING:

January 24, 2017

ADOPTION:

January 24, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

February 1, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 13, 2017

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

September 11, 2017

SUPERSEDED EMERGENCY ACTIONS:

Superseded rules:

Subchapter 1. General Provisions

Part 3. Definitions

165:25-1-11. [AMENDED]

Subchapter 3. Release Detection Requirements and Methods

Part 2. Release Detection Requirements and Methods

165:25-3-6.28. [AMENDED]

Gubernatorial approval:

October 24, 2016

Register Publication:

34 Ok Reg 121

Docket number:

16-777

INCORPORATIONS BY REFERENCE:

Incorporated standards:

Title 40 Code of Federal Regulations (CFR) 280 Environmental Protection Agency.

American Petroleum Institute (API): RP 1621 (2012) Bulk Liquid Stock Control at Retail Outlets; Publication 2200 (2015) Repairing Crude Oil, Liquefied Petroleum Gas, and Product Pipelines, Fourth Edition and Publication 2015 (2014) Requirements for Safe Entry and Cleaning of Petroleum Storage Tanks.

National Association of Corrosion Engineers (NACE): International Test Method, TM 0101, Measurement Techniques Related to Criteria for Cathodic Protection of Underground Storage Tank Systems; International Test Method, TM 0497, Measurement Techniques Related to Criteria for Cathodic Protection on Underground or Submerged Metallic Piping Systems; International Standard Practice SP 0169, Control of External Corrosion on Underground or Submerged Metallic Piping Systems; RP0285 External

Corrosion Control of Underground Storage Tank Systems by Cathodic Protection and International Standard Practice SP 0285 External Control of Underground Storage Tank Systems by Cathodic Protection.

GIST/ANALYSIS:

OAC 165:25-1-11 is amended to illustrate different types of cathodic protection; define previously undefined "change in service" as used in the Chapter; define previously undefined "inert material" as used in this Chapter. OAC 165:25-1-41, OAC 165:25-1-51 are amended to alert owners/operators/purchasers of the requirement to provide address changes within 30 days. OAC 165:25-1-53 is amended to require leak detection record retention from one (1) year to three (3) years, and provide documentation of tank/substance compatibility when storing regulated substance with greater than 10% ethanol and 20% biodiesel. OAC 165:25-1-56 is amended to require release detection record retention from one (1) year to three (3) years, documentation of all calibration, maintenance and repair of release detection equipment must be kept at least three (3) years, and schedules of calibration and maintenance of release detection equipment from the manufacturer must be kept for five (5) years. OAC 165:25-1-58 is amended to change discretionary language to mandatory language for a map of the facility. OAC 165:25-1-60 is amended to add additional requirements for walkthrough inspections. This amendment is to conform the previous rule to 40 CFR 280.36. OAC 165:25-1-67 is amended to conform the current rule language to statute by adding the word "requirement" (17 O.S. § 1). OAC 165:25-1-107 is amended to strike the word "installation". The practical effect of the change broadens license penalties to any work performed, not just installation. OAC 165:25-2-2 is amended to include current dates of standards and adds seven (7) new standards. OAC 165:25-2-4 is amended to strike specific reference to federal regulation and Oklahoma statute, and inserting the new federal regulation 40 CFR 280, Subpart H. OAC 165:25-2-6 is a new rule referencing and incorporating the federal rule regarding lender liability, 40 CFR 280, Subpart I. OAC 165:25-2-33 is amended to reference the new standards incorporated in OAC 165:25-2-2. OAC 165:25-2-36 is amended to change "licensed tank installer" to "Licensed UST Installer" to clarify who may perform Underground Storage Tank ("UST") installations. OAC 165:25-2-39 is amended to add who is responsible for making sure fuel deliveries will not exceed tank capacity; ensuring that overfill protection devices function; and provide guidance on what to do if an overfill occurs. OAC 165:25-2-40 is amended to include how to test containment sumps. OAC 165:25-2-51 is amended to include five (5) additional standards and regulated parties may choose one (1) standard to comply with corrosion protection requirements. OAC 165:25-2-52 is amended to clarify that the Commission has jurisdiction over storage tanks that only contain regulated substances. OAC 165:25-2-53 is amended to require scheduling of cathodic protection testing, repair, or recertification. OAC 165:25-55.1 is amended to clarify when underground piping must be replaced. OAC 165:25-2-131 is

amended to clarify that a Licensed UST Remover perform UST removal and closures, and the UST remover must be present when concrete cutting and removal over any part of the tank system is performed. OAC 165:25-2-133 is amended to reflect a date certain (10/13/18) for when owners/operators must perform certain duties for temporarily out of service tanks systems. OAC 165:25-2-134 is amended to require additional testing of return to service tank systems in certain circumstances. OAC 165:25-2-135 is amended to require removal or closure in place with an inert material of underground storage tanks and piping if out of use for more than twelve (12) months. OAC 165:25-2-136 is amended to reference the sampling document for change of service/closure/removal. OAC 165:25-3-6.20 is amended to provide for release detection on compartmentalized tanks that are not in use. OAC 165:25-3-6.21 is amended to require testing of release detection devices and other components of a storage tank system no later than October 18, 2018, pursuant to 40 CFR 280. OAC 165:25-3-6.22 is amended to change the reference to inventory control from "every month" to "every thirty (30) days" in accordance with 40 CFR 280. OAC 165:25-3-6.23 is amended to confirm that fuel storage site assessments are to be performed by Commission Licensed Environmental Consultants and vapor observation wells must be checked every thirty (30) days by a Commission Licensed Observation Well Technician. OAC 165:25-3-6.24 is amended to change the reference from "Licensed remediation consultants" to "Licensed Environmental Consultants" and requires retention of a site assessment performed by the same to be kept onsite. Further, the amendment requires retention on site of observation well checks performed every thirty (30) days. OAC 165:25-3-6.25 is amended from monthly interstitial monitoring to every thirty (30) days in conformance with 40 CFR 280. OAC 165:25-3-6.26 is amended to require automatic tank gauging every thirty (30) days in accordance with 40 CFR 280. OAC 165:25-3-6.28 is amended to require statistical inventory reconciliation every thirty (30) days and the requirements for testing as provided in 40 CFR 280. OAC 165:25-3-6.29 is amended to strike "monthly" tests for product piping and substitute "every thirty (30) days" testing as required by 40 CFR 280. OAC 165:25-3-8 is amended to clarify language of system testing for secondary containment of double walled tanks. OAC 165:25-18-4 is amended to expand records retention in accordance with 40 CFR 280. OAC 165:25-18-13 is amended to allow for electronic payment. OAC 165:25 Appendix S is amended to correct three (3) rule numbers in the table.

CONTACT PERSON:

Jeff Southwick, Deputy General Counsel, Office of General Counsel, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, (405) 522-4457, j.southwick@occcemail.com.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

PART 3. DEFINITIONS

165:25-1-11. Definitions

In addition to the terms defined in 17 O.S. § 303, the following words or terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"Agent" means a person authorized by another to act on their behalf, either out of employment or contract.

"Airport" means landing facility for aircraft that are routinely available for public use (whether routinely used or not). Airports as used in this Chapter do not include private airstrips or private airports.

"Airport hydrant system" means an underground storage tank system which fuels aircraft and operates under high pressure with large diameter piping that typically terminates into one (1) or more hydrants (fill stands). The airport hydrant system begins where fuel enters one or more tanks from an external source, such as a pipeline, barge, rail car, or other motor fuel carrier.

"ATG" means automatic tank gauge.

"Ball float functionality" means the ball float is operational as designed.

"BTEX" means benzene, toluene, ethylbenzene and xylene.

"Bulk plant" means a petroleum storage tank facility where gasoline, aviation fuel, diesel and/or volatile blending materials used in motor fuels, like kerosene and ethanol, are received by tank vessels, tank cars or tank vehicles and are stored or blended in mass quantities or bulk for the purpose of distribution by a tank vessel, tank car, tank vehicle, portable tank or other container, for wholesale or retail sale.

"Cathodic protection" means a technique designed to prevent the corrosion of a metal surface by making that surface the cathode of an electrochemical cell. For example, protection can be accomplished with an impressed current system or a galvanic anode system.

"Change in service" means a change in the status of a storage tank (i.e., from currently in use to temporarily out of use); change of regulated substance that a storage tank contains.

"Commission" means the Oklahoma Corporation Commission (OCC) and includes its designated agents or representatives.

"Construction tank" means a fuel tank used for twelve months or less at a construction site.

"Division" means the Petroleum Storage Tank Division (PSTD) of the Corporation Commission.

"EPA" means the United States Environmental Protection Agency.

"Farm tank" is a tank located on a tract of land devoted to the production of crops or raising animals, including fish, and associated residences and improvements. A farm tank must be located on the farm property. "Farm" includes but is not limited to fish hatcheries, rangeland, and nurseries with growing operations.

"Field constructed tank" means a tank constructed in the field such as a tank constructed of concrete that is poured in the field, or a steel or fiberglass tank primarily fabricated in the field.

"Financial responsibility" shall have the same meaning in this Chapter as in 40 CFR 280 Subpart H.

"Financial security" means holding financial security in a tank system or facility site and is not considered ownership of a tank system unless certain criteria of 40 CFR 280 Subpart H is met.

"Fleet and Commercial" means any facility as defined in this Chapter that uses underground storage tanks to store regulated substances for use in its own vehicles or equipment.

"Flow-through process tank" means a tank that forms an integral part of a production process through which there

Permanent Final Adoptions

is a steady, variable, recurring or intermittent flow of material during the operation of the process. Flow-through process tanks do not include tanks used for the storage of materials prior to their introduction to the process or for the storage of finished products or by-products from the production process.

"Inert material" means a solid, motionless substance that is neither chemically nor biologically reactive, is denser than water, and will not decompose. Examples of inert material include sand and concrete, or as otherwise approved by PSTD staff.

"Lender liability" shall have the same meaning in this Chapter as in 40 CFR 280 Subpart I.

"Licensed Environmental Consultant" means an individual who has a current license issued by PSTD to perform corrective action.

"Marina" means any fuel storage tank system located on or by the water for the purpose of fueling watercraft.

"Out of Order tag" means tag, device or mechanism on the tank fill pipe that clearly identifies an underground storage tank as ineligible for delivery of product.

"Permanent out of use" or **"POU"** means a petroleum storage tank system that is not in service/use, does not contain regulated substances, and is not intended to be placed back in service/use.

"Private airport" means an airport used only by its owner and regulated as a fleet and commercial facility.

"Private airstrip" means a personal residential takeoff and landing facility part of the airstrip owner's residential property.

"PST" means petroleum storage tank.

"PSTD" means Petroleum Storage Tank Division.

"Public Utility" means any entity providing gas, electricity, water, or telecommunications services for public use.

"Regulated substance" means antifreeze, motor oil, motor fuel, gasoline, kerosene, diesel or aviation fuel. It does not include compressed natural gas, liquid natural gas and propane.

"Release detection" means determining whether a release of regulated substances has occurred from a petroleum storage tank or system into the environment or into the interstitial area between the underground storage tank system and its secondary barrier.

"Residential tank" is a tank located on property used primarily for dwelling purposes.

"Retail facility" means a service station, convenience store or any other facility selling motor fuel that is open to the general public.

"Secondary containment" means an underground storage tank and/or piping with inner and outer barriers which provide a space for interstitial (the space between the inner and outer walls of a double walled tank or piping) monitoring.

"Tampering" means willful intention which makes an attempt to deceive, cheat or misrepresent the facts to the public. It also presents a risk to environmental welfare as well as public health, safety and welfare.

"Tank tightness testing" or **"precision testing"** means a procedure for testing an underground storage tank system's integrity.

"Temporary out of use" or **"TOU"** means the status of an underground storage tank system that has been taken out of service/use but not removed with the intent to return to service.

"TPH" means total petroleum hydrocarbons.

"Underground storage tank" or **"UST "** or **"tank"** means a regulated storage tank, including underground piping, that has ten percent or more of its volume beneath the surface of the ground. ~~Piping is also included in this definition when referring to an airport hydrant system tank.~~

"Underground storage tank system" means an underground storage tank and any connected aboveground or underground piping, dispensers, containment sump, if any, and ancillary equipment or transport truck connected to the storage tank system.

"Used Motor Oil" is any spent motor oil removed from a motor vehicle.

PART 9. NOTIFICATION AND REPORTING REQUIREMENTS

165:25-1-41. General reporting requirements

PSTD requires owners or operators of underground storage tank systems to provide information it deems necessary for the protection of human health, safety, property and the environment. Use of the designated PSTD form(s) is required for scheduling, tank registration, change in ownership, monthly release detection, testing, temporary change in service, permanent closure, or return to service. Owners and operators must notify PSTD within thirty (30) days when their mailing address changes. Owners and operators of underground petroleum storage tank systems must notify PSTD at least thirty (30) days prior to switching to regulated substances containing greater than ten (10) percent ethanol or regulated substances containing greater than twenty (20) percent biodiesel using the PSTD notification form. These forms are available at the OCC website, PSTD webpage: www.occeweb.com, follow link to Petroleum Storage Tank Division and link to PSTD Compliance Forms.

165:25-1-51. Transfer of ownership

When the owner of an underground storage tank transfers ownership of the facility or tank to another person, the new owner must notify PSTD within 30 days of the transfer, by submitting the appropriate PSTD form. The former owner must advise the Commission of the name and address of the new owner. All records required by PSTD must be transferred at no cost to the new owner. Owners and operators must notify PSTD within thirty (30) days when their mailing address changes.

PART 11. RECORDKEEPING

165:25-1-53. Availability of records

- (a) Owners and operators of underground storage tank systems regulated by this Chapter must cooperate with PSTD requests for submission of records.
- (b) Each owner/operator must provide written notice of any address change within 30 days to the PSTD office.
- (c) All leak detection records, including but not limited to, sampling, testing, inventory and monitoring records, must be available on site for each tank for the preceding ~~12 months~~ three (3) years. Emergency generator tanks at unmanned locations are not required to keep leak detection records at the facility, and may forward any required records to the PSTD office or upon request to the PSTD Fuel Specialist.
- (d) Copies of the following records must be readily available to the PSTD Fuel Specialist:
 - (1) Tank tightness tests, monthly inventory reconciliation, statistical inventory reconciliation, vapor or groundwater monitoring, automatic tank gauge tests, and interstitial monitoring results that demonstrate compliance with release detection for tanks. ~~Statistical inventory reconciliation (SIR) records must demonstrate the following:~~
 - ~~(A) Report a quantitative result with a calculated leak rate;~~
 - ~~(B) Be capable of detecting a leak rate of 0.2 gallon per hour or a release of one hundred fifty (150) gallons within thirty (30) days; and~~
 - ~~(C) Use a threshold that does not exceed one half the minimum detectable leak rate.~~
 - (2) Line tightness tests, electronic line tests, all sensor and alarm history results, and line leak detector function tests that demonstrate compliance with release detection for lines.
 - (3) Installation and repair records for spill containment, overfill prevention, tank and piping construction must be maintained for three (3) years and readily available to PSTD.
 - (4) Cathodic protection records specified in 25-1-56, tank lining certificates, and any other records that demonstrate compliance with corrosion protection for the tank system must be maintained and readily available to PSTD.
 - (5) Current owner and tank system registration and current permit for all tanks located at the facility.
 - (6) Certificate(s) of training for all classes of operators.
 - (7) Records that document compatibility with underground petroleum storage tank systems storing regulated substances containing greater than ten (10) percent ethanol or twenty (20) percent biodiesel. These records must be maintained at the facility for as long as the tank system is used to store these substances. Additionally, the documents that prove compatibility must be submitted to PSTD within at least thirty (30) days of prior to the owner or operator receiving the records, switching to a regulated substance containing greater than ten percent (10%) ethanol or twenty percent (20%) biodiesel.
 - (8) Beginning October 13, 2018, owners and operators must maintain records of annual operation and maintenance tests on the electronic and mechanical components

- of release detection equipment. Records must be maintained for three (3) years and at a minimum must list each component tested, indicate whether each component needed to have action taken and describe any action taken to correct an issue.
- (9) A copy of the site assessment for groundwater or vapor monitoring must be kept at the facility for as long as this method is used as release detection.
- (e) Failure to have the required records available upon request by PSTD may result in enforcement action.
- (f) Release detection records must be maintained on forms specified by the Commission.

165:25-1-56. Release detection and cathodic protection records

- (a) Owners and operators of underground storage tank systems regulated by this Chapter must maintain release detection records for ~~a minimum of one year~~ three (3) years.
- (b) Owners and operators of underground storage tank systems regulated by this Chapter who use cathodic protection must maintain the following records.
 - (1) Original cathodic protection design with drawings, plans, description of materials used, and suitability study depicting all of the cathodic protection system components in accordance with National Association of Corrosion Engineers (NACE) RP0285.-
 - (2) Rectifier readings for impressed current systems conducted at least every 60 days on the appropriate OCC form.
 - (3) Results of the last three inspections or cathodic protection system tests completed by a corrosion tester.
- (c) If observation wells are used as release detection, the PSTD approved site assessment must be maintained on site.
- (d) Written documentation of all calibration, maintenance, and repair of release detection equipment permanently located on-site must be maintained for at least three (3) years after the servicing work is completed. Any schedules of required calibration and maintenance provided by the release detection equipment manufacturer must be retained for five (5) years from the date of installation.

165:25-1-58. Piping records

Tank owners ~~should~~ shall maintain a current map of their underground tank system and update it within 30 days of any changes.

165:25-1-60. Walkthrough inspections and records

- (a) Owners and operators must conduct walkthrough inspections according to the requirements in 40 CFR 280.36. Owners and operators of underground storage tank systems must maintain a record of 30-day and annual walkthrough inspections according to EPA requirements with the first inspection due by October 13, 2018.
 - (1) Every 30 days all spill prevention equipment and release detection equipment must be inspected (except spill prevention equipment at UST systems receiving deliveries at intervals greater than 30 days may be checked prior to

Permanent Final Adoptions

delivery). Containment sumps and any hand-held release detection equipment, such as tank gauge sticks, must be inspected annually.

(2) Records should include a list of each area checked, whether each area checked was acceptable or needed action taken, a description of any actions taken to correct issues, and delivery records if spill prevention equipment is checked less frequently.

(b) In addition, airport hydrant systems must meet the additional walkthrough inspection requirement in 40 CFR 280.252(c).

(c) All walkthrough inspection records must be maintained on site for three (3) years.

PART 15. SHUTDOWN OF OPERATIONS

165:25-1-67. Shutdown of operations

(a) PSTD may close (shut down) a UST system:

- (1) If the system poses an imminent threat to health, safety, or the environment.
- (2) If the owner or operator is operating tanks for which permit fees have not been paid.
- (3) If the owner or operator fails to comply with a Commission requirement or order.
- (4) For failure to properly install, operate and/or maintain leak detection, spill, overfill, or corrosion equipment if the owner/operator has been issued a written notice of violation and has failed to take corrective action.
- (5) Failure to protect a buried metal flexible connector from corrosion if the owner/operator has been issued a written notice of violation and has failed to take corrective action.

- (6) Failure to perform, maintain, have readily available or present records for the previous twelve (12) months.
- (7) Failure to have a Class A, B, or C operator on premises during business hours.
- (8) Tampering with equipment.

(b) PSTD must close (shut down) a UST system:

- (1) If required spill prevention equipment is not installed.
- (2) If required overfill protection equipment is not installed.
- (3) If required leak detection equipment is not installed.
- (4) If required corrosion equipment is not installed.
- (5) If 2" or more of water is found in the tank where conventional gasoline or diesel fuel is stored and if 1/2" or more of water is found in the tank of gasoline blended with alcohols, E85 fuel ethanol, or diesel blended with biodiesel.
- (6) If a meter is found to be off in calibration by more than -15 cubic inches per every 5 gallons.
- (7) If a Fuel Specialist makes two (2) scheduled visits to a facility and the violation(s) is/are not corrected.

(c) Only PSTD designated employees have the authority to lock or seal dispensers and/or fill pipes of any UST system violating subsection (a) or (b) of this Section. The PSTD

employee must explain to the owner or operator the reason the UST system is being locked or sealed.

(d) The PSTD "Out of Order" tag attached to each fill pipe of the tank(s) in violation shall serve to clearly identify the tank(s) as ineligible for delivery, deposit, or acceptance of product. Tank owners/operators and product deliverers are responsible for ensuring that product is not delivered into the tagged tank(s).

(e) Owners, operators, or any persons who remove a lock or seal without permission from PSTD will be subject to penalties imposed by this Chapter, or formal enforcement proceedings.

(f) Upon confirmation that the UST system no longer poses an imminent threat to health, safety, or the environment, permit fees paid, violation(s) corrected, or Commission order requirements satisfied, the authority to remove a lock or seal by the owner or operator may be obtained as follows:

- (1) Written permission from the PSTD employee who placed the lock or seal on the device; or
- (2) Verbal or written permission from the Manager of Compliance and Inspection; or
- (3) Application to and order of the Commission.

(g) If a facility is closed under the provisions of this Section, the owner or operator of the facility will be afforded a hearing within ten (10) days of receipt by PSTD of the owner's or operator's application for a hearing.

PART 17. LICENSING PROCEDURES

165:25-1-107. License penalties

(a) The PSTD has the responsibility to deny, suspend, refuse to renew or revoke the license, or reprimand any licensee who is found guilty of:

- (1) The practice of any fraud or deceit in obtaining a license or in performing work pursuant to this Chapter.
- (2) Any gross negligence, incompetence or misconduct in ~~installation~~ work performed pursuant to this Chapter.
- (3) Knowingly making false statements or signing false statements, certificates or affidavits to the PSTD or to clients with the intention to induce payment.
- (4) Aiding or assisting another person in violating any provision of this Chapter.
- (5) Signing a verification statement for work performed pursuant to this Chapter that was not performed by the licensee.
- (6) Engaging in dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud or harm a customer or the public.
- (7) Failure to comply with this Chapter, Chapters 26, 27, 29, ~~and~~ the Oklahoma Petroleum Storage Tank Regulation Act (17 O.S. § 301 et seq.), and the Oklahoma Petroleum Storage Tank Release Indemnity Program will result in PSTD seeking a suspension and/or revocation of the license.
- (8) Being under indictment or convicted of any criminal offense.
- (9) Failure to submit required PSTD ~~installation~~ paperwork within ~~30 days~~ the time allowed.

(b) Prior to any license suspension, revocation, or refusal to renew, the Director of PSTD will have the matter investigated and a report made for his or her consideration. If the Director elects to proceed with suspension, revocation, or refusal to renew, a Notice of Intent will be mailed to the licensee. If the Director elects to pursue suspension, revocation, or refusal to renew, PSTD will schedule a hearing before an Administrative Law Judge and the licensee will be officially notified. The burden of clear and convincing proof of violations of this Chapter, applicable state law, or other rules, regulations or Commission orders rests upon the PSTD.

(c) This Section in no way exempts the licensee from having to meet other applicable requirements as set by state and federal statutes and regulations from other state and federal agencies.

(d) Any licensee in violation of state law, enabling statutes, PSTD rules and/or Commission orders may be subject to fines assessed by the Commission after notice and hearing.

SUBCHAPTER 2. GENERAL REQUIREMENTS FOR UNDERGROUND STORAGE TANK SYSTEMS

PART 1. CODES AND STANDARDS

165:25-2-2. Incorporated codes and standards

Specific references to documents are made in this Chapter. Each of these documents or part thereof is included by reference as a standard. New editions of codes and standards supersede all previous editions. Commission rules will supersede in all conflicts between PSTD rules and any industry standard. These codes and standards will be updated periodically through a formal rulemaking procedure initiated by PSTD to reflect any substantive or relevant changes.

- (1) National Fire Protection Association Standards:
 - (A) Standard Number 30, 2015, "Flammable and Combustible Liquids Code."
 - (B) Standard Number 329, 2015, "Handling Releases of Flammable and Combustible Liquids and Gases."
 - (C) Standard Number 385, 2012, "Tank Vehicles for Flammable and Combustible Liquids."
 - (D) Standard Number 326, 2015, "Safeguarding Tanks and Containers for Entry, Cleaning and Repair."
 - (E) Standard Number 30A, 2015, "Motor Fuel Dispensing Facilities and Repair Garages."
- (2) American Petroleum Institute Standards
 - (A) Recommended Practice 1615, 2011, "Installation of Underground Hazardous Substances or Petroleum Storage Systems, Sixth Edition."
 - (B) Recommended Practice 1632, 2002, "Cathodic Protection of Underground Storage Tank and Piping Systems."
 - (C) Recommended Practice 1604, (R2010), "Closure of Underground Petroleum Storage Tanks, Third Edition."

- (D) Recommended Practice 1631, 2001, "Interior Lining and Periodic Inspection of Underground Storage Tanks."
 - (E) Recommended Practice 1621, ~~(R2001)~~(R2012), "Bulk Liquid Stock Control at Retail Outlets."
 - (F) Recommended Practice 1626, 2010, "Storing and Handling Ethanol and Gasoline - Ethanol Blends at Distribution Terminals and Service Stations."
 - (G) Recommended Practice 1627, 1993, "Storing and Handling of Gasoline - Methanol/Cosolvent Blends at Distribution Terminals and Service Stations."
 - (H) Publication 1628, 1996, "A Guide to the Assessment and Remediation of Underground Petroleum Releases."
 - (I) Publication 2200, ~~2010~~2015, "Repairing Crude Oil, Liquefied Petroleum Gas, and Product Pipelines, Fourth Edition."
 - (J) Publication 2015, ~~2004~~2014, "Requirements for Safe Entry and Cleaning of Petroleum Storage Tanks."
 - (K) Recommended Practice 1637, (R2012), "Using the API Color Symbol System to Mark Equipment and Vehicles for Product Identification at Gasoline Dispensing Facilities and Distribution Terminals, Third Edition."
- (3) National Association of Corrosion Engineers:
- (A) Standard Number SP0169-2013, "Control of External Corrosion on Underground or Submerged Metallic Piping Systems."
 - (B) Standard Number SP0285-2011, "External Corrosion Control of Underground Storage Tank Systems by Cathodic Protection."
 - (C) Standard Number SP0286-2007, "Electrical Isolation of Cathodically Protected Pipelines."
 - (D) International Test Method, TM 0101, "Measurement Techniques Related to Criteria for Cathodic Protection of Underground Storage Tank Systems."
 - (E) International Test Method, TM 0497, "Measurement Techniques Related to Criteria for Cathodic Protection on Underground or Submerged Metallic Piping Systems."
- (4) Underwriter's Laboratory Standards:
- (A) Standard UL58, 9th Edition, 1996, "Steel Underground Tanks for Flammable and Combustible Liquids."
 - (B) Standard UL1316 Bulletin 2013, "Glass-Fiber-Reinforced Plastic Underground Storage Tanks for Petroleum Products, Alcohols, and Alcohol-Gasoline Mixtures."
 - (C) Standard UL1746 Bulletin 2013, "External Corrosion Protection Systems for Steel Underground Storage Tanks."
 - (D) Standard UL567 Bulletin-2012, "Emergency Breakaway Fittings, Swivel Connectors and Pipe-Connection Fittings for Petroleum Products and LP-Gas."

Permanent Final Adoptions

- (E) Standard UL971 Bulletin 2011, "Nonmetallic Underground Piping for Flammable Liquids."
- (5) American Society for Testing Materials:
(A) ASTM E1739-95 (2015), "Standard Guide for Risk-Based Corrective Action Applied at Petroleum Release Sites."
(B) ASTM G158-98 ~~(2010)~~(2016), "Three Methods of Assessing Buried Steel Tanks."
- (6) Petroleum Equipment Institute:
(A) PEI/RP 100 (2011 Edition) "Recommended Practices for Installation of Underground Liquid Storage Systems."
(B) PEI/RP 400-02 (2012 Edition), "Recommended Practices for Inspection and Maintenance of Motor Fuel Dispensing Equipment."
(C) PEI/RP 500-05 (2011 Edition), "Recommended Practice for Inspection and Maintenance of Motor Fuel Dispensing Equipment."
(D) PEI/RP 900-07 (2008 Edition), "Recommended Practices for the Inspection and Maintenance of UST Systems."
(E) PEI/RP 1200, "Recommended Practices for the Testing and Verification of Spill, Overfill, Leak Detection and Secondary Containment Equipment at UST Facilities."
- (7) Steel Tank Institute:
(A) STIP3®, "Specification and Manual for External Corrosion Protection of Underground Steel Storage Tanks."
(B) STI-R892-91, "Recommended Practice for Corrosion Protection of Underground Piping Networks Associated with Liquid Storage and Dispensing Systems."
(C) STI-R894-91, "Specification for External Corrosion Protection of FRP Composite Underground Steel Storage Tanks."
(D) RP-972-10, "Recommended Practice For The Addition of Supplemental Anodes to STI-P3 USTs."
(E) STI-ACT-100-U®, F961, "Specification for External Corrosion Protection of Composite Steel Underground Storage Tanks".
(F) STI-F841, "Standard for Dual Wall Underground Steel Storage Tanks."
(G) STI-F922, "Specification for Permatank®."
(H) RP-R051, "Cathodic Protection Testing Procedures for STI-P3® Underground Storage Tank Systems."
- (8) Association of Composite Tanks, ACT 100, "Specifications for the Fabrication of FRP Clad/Composite Underground Storage Tanks."
- (98) Factory Mutual 1920, "Flexible Pipe Couplings."
(109) National Leak Prevention Association Standard 631, "Spill Prevention, Minimum 10 Year Life Extension, Existing Steel UST by Lining without Additional Cathodic Protection."
(110) National Groundwater Well Association, 1986, "RCRA Ground Water Monitoring Technical Enforcement Guidance Document (TEGD)."

~~(11)~~ U.S. Environmental Protection Agency Office of Water, 1997, Drinking Water Advisory: "Consumer Acceptability Advice on Health Effects Analysis on Methyl Tertiary-Butyl Ether (MTBE)."

~~(12)~~ Ken Wilcox Associates, Inc., First Edition: "Recommended Practice for Inspecting Buried Lined Steel Tanks Using a Video Camera."

165:25-2-4. Financial responsibility

(a) An owner/operator ~~may~~**must** satisfy the requirements of Title 40 Code of Federal Regulations (CFR), ~~280.90 through 280.111~~280, Subpart H by use of the Petroleum Storage Tank Indemnity Fund (Indemnity Fund) ~~(ref: Okla. Stat. Tit. 17 §350 et seq.)~~ (ref: Okla. Stat. Tit. 17 §350 et seq.). A co-pay must be paid for which compliance may be demonstrated by use of any of the mechanisms outlined in 40 CFR ~~280.90 through 280.111~~280, Subpart H, including, but not limited to Self-insurance, Guarantee, Insurance, Surety Bond, Letter of Credit, Trust fund or standby trust fund, Securities pledge, Cash or cash equivalent pledge. For releases that occurred before June 4, 2004 the co-pay is \$5,000; for releases that occurred after June 4, 2004 the co-pay is 1% of fund expenditures not to exceed \$5,000.

(b) Financial responsibility regulations promulgated on or before November 9, 1989 by the United States Environmental Protection Agency are hereby adopted as provisions of this Chapter as though set forth herein with the exception that, and unless the context otherwise dictates, all references therein to "Implementing Agency" shall be considered references to the "Oklahoma Corporation Commission," and all references to "Administrator," "Regional Administrator," "Director," or "State Director" shall be considered references to the "Director of the Petroleum Storage Tank Division of the Oklahoma Corporation Commission."

165:25-2-6. Lender liability

PTSD incorporates by reference the lender liability requirements specified in 40 CFR 280, Subpart I.

PART 3. DESIGN AND INSTALLATION

165:25-2-33. Approved tanks, tank design

(a) Tanks must be properly designed and constructed, and any portion underground that routinely contains a regulated substance must be protected from corrosion as specified in referenced codes and standards. All new or replacements tanks except those excluded by regulation in this Chapter must be double wall or jacketed secondarily contained in construction to prevent the release of regulated substances to the environment during the operational life of the system.

(1) Fiberglass-reinforced plastic tanks must conform to the standards contained in UL 1316 or ASTM D4021-86.

(2) Steel tanks clad with fiberglass-reinforced plastic must conform to the standards contained in UL 1746, ~~or ACT-100 F894, ACT-100-U F961, or STI F922.~~

(3) Tanks constructed of steel and cathodically protected must conform to the standards in UL 58, UL 1746, STI-P3, STI F841, and NACE RP-0285 and must be protected in the following manner:

- (A) The tank must be coated with a suitable dielectric material.
- (B) Field-installed cathodic protection systems must be designed by a corrosion expert.
- (C) Impressed current systems must be designed to allow determination of current operating status as required by this Chapter and manufacturer's specifications.
- (D) Cathodic protection systems must be operated and maintained according to this Chapter and manufacturer's specifications.

(b) PSTD may permit alternative types of tank construction, design, and corrosion protection if the owner demonstrates to PSTD's satisfaction that the proposed system will prevent the release of any stored regulated substance to the environment during the operational life of the system.

(c) All underground storage tank systems must be properly installed in accordance with a code of practice developed by a nationally recognized association or independent testing laboratory and in accordance with the manufacturer's instructions.

165:25-2-36. Tank system installation

(a) **Backfill material.** Backfill material used below, around, and/or above a new underground storage tank system installation must be clean, unused, non-corrosive porous material such as sand, crushed rock or pea gravel specified by the tank manufacturer. ~~The licensed tank installer~~ Licensed UST Installer must be present and continuously supervise backfilling operations to ensure that proper procedures are followed.

(b) **UST installation.**

(1) Owners/operators of all underground storage tank systems must notify PSTD at least 24 hours prior to the installation of underground storage tanks and/or lines by submitting the PSTD scheduling form and receiving confirmation of the installation and the Temporary Authorization for Receipt of Fuel from PSTD. Following the required 24-hour notification of new UST installations, an on-site inspection may be required at the following critical junctures. The PSTD Fuel Specialist may observe and/or inspect:

- (A) The air/soap test of tanks.
- (B) The tank pit prior to the placement of tank(s).
- (C) The backfilling of the lower quadrant of tank(s).
- (D) The air/soap test and layout of piping prior to backfilling.
- (E) The tightness test of tanks and piping, and leak detector tests prior to startup.
- (F) The pit must contain a smooth, evenly graded bed of manufacturer approved material extending the full length of the tank bottom.

(2) Precautions must be taken to prevent damage to the tank or piping coating during installation. Any damage to

the coating must be repaired in accordance with the manufacturer's instructions prior to the completion of the installation.

(3) Piping must be arranged to minimize crossed lines and interference with conduits and other tank system components. If crossing is unavoidable, factory specifications must be provided to prevent contact between piping segments.

(4) Underground piping must have a minimum slope of one-eighth inch (1/8") per foot toward the tank and must be buried below ground a minimum of 18" (inches).

(5) If a tank is installed in an area subject to a high water table or flooding, anchoring must be used to prevent tank flotation. Anchoring straps and associated equipment must be installed in a manner that will prevent damage to the tank and/or its coating.

(6) ~~The licensed installer~~ Licensed UST Installer must follow PEI RP-100 recommended practice for ballasting to prevent tank flotation during installation.

(7) Licensed UST Installers must be certified by the tank and line manufacturer, if applicable, and must be on site during all installation activities, including preparation for and placement of concrete over any part of the tank system.

(8) Photos of installation and other required documentation must be submitted with the PSTD registration form within 30 days and tank fees must be paid before a permit will be issued.

165:25-2-39. Spill and overfill protection

(a) Owners and operators of underground storage tank systems, as well as those who transport regulated substances to these systems must do everything reasonably possible to ensure that releases due to spilling and overfilling do not occur.

(b) Owners, operators, their employees or agents, or transporters must ensure that the volume available in the tank (ullage) is greater than the volume of product to be transferred to the tank before the transfer is made and that the transfer operation is monitored constantly to prevent overfilling and spilling.

~~(bc)~~ Tight fill connections must be used on all deliveries made to underground storage tanks.

~~(ed)~~ Tampering with overfill protection is not permitted. Any violation of this Section will be subject to the enforcement procedures of this Chapter resulting in fines, contempt proceedings, and/or shutdown of operations as provided by law.

~~(de)~~ Except as provided in (e) of this Section, in order to prevent spilling and overfilling associated with product transfer to the petroleum storage tank system, the following prevention equipment must be used:

(1) Spill prevention equipment that will prevent release of product to the environment when the transfer hose is detached from the fill pipe (for example, a spill bucket).

(2) Overfill prevention equipment that will automatically shut off flow into the tank when the tank is no more than 95 percent full.

(A) A drop tube with overfill device is required on all tank systems installed after July 1, 2001.

Permanent Final Adoptions

- (B) Tanks installed before July 1, 2001, must be upgraded to meet these standards before July 1, 2002, unless equipped with an operational ball float overflow device. Use of ball floats is prohibited with suction systems. Staff may require a ball float functionality test.
- (C) Ball float valves that are inoperable cannot be repaired and instead must be replaced with a drop tube with flapper valve, or
- (D) A mechanism to prevent overflowing by sounding an alarm when the liquid level in the tank reaches 90 percent of capacity and by automatically stopping the delivery of liquid to the tank when the level in the tank reaches 95 percent of capacity.
- (ef) On new installations, overflow prevention equipment must be inspected for proper operation at installation and at least once every three (3) years thereafter. Existing systems must inspect overflow prevention equipment for proper operation by October 13, 2018 and at least once every three (3) years thereafter. When inspecting, owners and operators must at a minimum ensure the overflow prevention equipment is set to activate at the correct level in the tank and will activate when regulated substances reach that level.
- (fg) On new installations, spill prevention equipment must be tested for liquid tightness at installation and at least once every three (3) years thereafter or use a double-walled spill bucket with periodic interstitial monitoring that is monitored at least every thirty (30) days. Existing systems must test spill prevention equipment for liquid tightness by October 13, 2018 and at least once every three (3) years thereafter or use a double-walled spill bucket with periodic interstitial monitoring that is monitored at least every thirty (30) days.
- (gh) The spill and overflow prevention equipment specified in (d) of this Section is not required if the underground storage tank system is filled by transfers of no more than twenty-five (25) gallons at one time.
- (i) Owners and operators must contain and immediately clean up any spill or overflow of regulated substances less than 25 gallons within 24 hours of incident occurrence. If the spill or overflow cannot be cleaned up within 24 hours, is more than 25 gallons, or it causes a sheen on nearby surface water, then owners and operators must report to the PSTD within 24 hours and begin corrective action in accordance with Part 5 (Corrective Action Requirements) in Chapter 29 of Commission rules.

165:25-2-40. Installation testing

- (a) All tanks must be tested with air pressure prior to installation, and/or tested according to manufacturer's specifications. Pressure must not exceed 5 pounds per square inch (psi). The entire tank must be soaped during this period and inspected for bubbling.
- (b) All suction piping must be tested while disconnected from the tank, pumps, and dispensing units. The piping must be subjected to an air test with the following specifications:
- (1) The piping must be subjected to an air test of at least 50 psi for a period of one hour.

- (2) All piping joints must be soaped while the system is under pressure, in order to detect any possible leaks.
- (3) As an alternative to the preceding methods in (1) and (2) above, the piping may be subjected to a vacuum test while connected to tanks, pumps and dispensing units.
- (c) Pressurized piping must be tested while connected to tanks and pumps. The piping must be subjected to an air test of at least 50 psi.
- (1) Air test secondary piping for a period of one hour, using the test pressure prescribed by the piping manufacturer.
- (2) Apply soap solution to all joints and piping surfaces and inspect for leaks.
- (d) All piping should be air tested and monitored continuously during the installation.
- (e) Tightness (also called precision) testing of the entire system must be performed after all paving over the tanks and piping has been completed and before the system is placed in operation:
- (1) A precision tightness test must be performed by a certified tester, and in accordance with manufacturer's instructions; or
- (2) The following alternative to a precision tightness test will be accepted, but only if conducted before the system is put into service:
- (A) A certified ATG capable of detecting a leak of 0.10 gallons per hour must be used to test the filled portion of the tank and
- (B) A precision tightness test of the ullage portion of the tank must be completed.
- (3) Testing of both interstice and primary tank of a double wall tank as specified by tank manufacturer must be performed.
- (4) Primary tank openings, manways and risers must be tested during the installation of all double wall tanks.
- (5) The product line(s) must be hydrostatically tested by a NWGLDE approved testing device capable of detecting a leak of 0.10 gallons per hour with a test pressure of 50 psi or $1\frac{1}{2}$ times the operating pressure, whichever is greater. The lines must be tested for a minimum of one hour.
- (6) Mechanical and electronic leak detector(s) must be tested for function by simulating a leak and operate in accordance with manufacturer's specifications.
- (7) If an ATG system with electronic line leak detector(s) is installed, it must complete a leak detector test in each of the modes in which it is certified as capable of detecting a leak (e.g. 3 gph, 0.2 gph and 0.1 gph).
- (8) Containment sumps must be tested after all piping and conduit has been installed by filling sumps with water and monitoring the liquid level for an 8 hour period along with spill prevention equipment (spill buckets) by using vacuum, pressure, or liquid testing in accordance with one of the following criteria:
- (A) Requirements developed by the manufacturer (owners and operators may use this option only if the manufacturer has developed requirements):

(B) Code of practice developed by a nationally recognized association or independent testing laboratory, e.g., PEI RP 1200.

PART 5. PROTECTION AGAINST CORROSION

165:25-2-51. Corrosion protection

Any portion of a metallic tank or piping system in contact with the soil must be protected from corrosion. A cathodic protection system must be designed by a corrosion expert, installed and maintained in accordance with recognized standards of design, such as: American Petroleum Institute Publication 1632, Cathodic Protection of Underground Petroleum Storage Tanks and Piping Systems. One of the following codes of practice shall be used to comply with this section:

- (1) NACE International Test Method TM 0101, "Measurement Techniques Related to Criteria for Cathodic Protection of Underground Storage Tank Systems";
- (2) NACE International Test Method TM 0497, "Measurement Techniques Related to Criteria for Cathodic Protection on Underground or Submerged Metallic Piping Systems";
- (3) Steel Tank Institute Recommended Practice R051, "Cathodic Protection Testing Procedures for STI-P3® Underground Storage Tanks";
- (4) NACE International Standard Practice SP 0169, "Control of External Corrosion on Underground or Submerged Metallic Piping Systems"; or
- (5) NACE International Standard Practice SP 0285, "External Control of Underground Storage Tank Systems by Cathodic Protection.

165:25-2-52. Compliance with corrosion protection requirements and manufacturer's specifications

Corrosion protection systems shall be operated and maintained in accordance with manufacturer's instructions and specifications to provide continuous corrosion protection to the metal components of the storage tank system that ~~are~~ routinely contain regulated substances and are in contact with the ground.

165:25-2-53. Frequency and criteria of inspections and tests

- (a) All cathodic protection systems must be tested within 6 months of installation and/or repair, and at least every ~~3~~three (3) years thereafter.
- (b) Cathodic protection testing, repair, or three (3) year recertification must be scheduled at least 24 hours before by submitting the PSTD scheduling form and PSTD staff may be present.
- (bc) Every 60 days impressed current cathodic protection systems must be inspected by the owner or owner's designated representative to ensure the equipment is working properly.
- (ed) The criteria that are used to determine whether cathodic protection is adequate must be in accordance with a code of

practice developed by a nationally recognized organization, such as NACE RP-0285.

(de) All personnel performing cathodic protection system testing must have the required education, experience, knowledge and competence to correctly perform testing services in accordance with a certified course and applicable industry standards or codes.

PART 6. PIPING

165:25-2-55.1. Underground storage tank piping materials

- (a) All new or replacement underground pressurized piping must be installed as follows:
 - (1) Nonmetallic;
 - (2) Double-walled;
 - (3) A tracer locator wire must be installed in all piping trenches; and
 - (4) Tank, dispenser, and transition sumps must be installed and monitored per 165:25-3-6.29.
- (b) All new or replacement suction product piping must meet the requirements of 165:25-3-6.29 as follows:
 - (1) Nonmetallic;
 - (2) Double-walled;
 - (3) A tracer locator wire must be installed in all piping trenches; and
 - (4) Tank, dispenser, and transition sumps must be installed and monitored per 165:25-3-6.29.
- (c) Existing facilities that are replacing ~~more than~~the lesser of twenty feet (20') or fifty percent (50%) of underground piping must upgrade pursuant to (a) or (b) of this Section. If a metallic line fails due to corrosion, all metallic product lines at the facility must be immediately removed, and cannot be repaired.
- (d) Existing facilities that are making any alteration to a fuel island when concrete removal is required must install dispenser sumps and monitor as pursuant 165:25-3-6.29.
- (e) Existing facilities that are replacing dispensers must install dispenser sumps and monitor as pursuant to 165:25-3-6.29 if modifications are made below the dispenser cabinet.
- (f) Existing facilities that are replacing underground storage tanks or making repairs at a submersible pump that require excavation of dirt or concrete removal must install tank sumps and they must be monitored pursuant 165:25-3-6.29.
- (g) Existing facilities that are replacing underground storage tanks must replace all single walled piping per (a) or (b) of this section.
- (h) Piping installed as a siphon or to manifold tanks may be single wall non-metallic pipe.
- (i) Ball valves must be installed on new safe suction lines to isolate lines for testing purposes.

PART 13. REMOVAL AND CLOSURE OF UNDERGROUND STORAGE TANK SYSTEMS

Permanent Final Adoptions

165:25-2-131. Tank removal and closure

- (a) Owners/operators of all underground storage tank systems must notify PSTD at least 14 days prior to the removal or permanent closure of underground storage tanks and/or lines by submitting the PSTD scheduling form and receiving confirmation of the scheduled removal from PSTD. If events require a change in the date of removal, PSTD shall be given 48 hours notice of the new date.
- (b) An authorized agent of PSTD may be present to observe the removal and to inspect the closed tank system and the surrounding environment prior to backfilling.
- (c) Tanks and lines must be removed upon closure unless a Commission order grants a variance that allows the tanks to be closed in place. Tank systems that are removed from the ground must be transported from the site and a certificate of destruction must be submitted to PSTD with the UST Closure Report. After closure activities are completed, the excavation must be backfilled no later than seven (7) days upon completion of tank removal.
- (d) ~~The licensed~~Licensed UST Remover must be on the job site during all removal activities, beginning with break-out of concrete. This includes while cutting and removing concrete over any part of the tank system.
- (e) Photos must be taken of tank(s), line(s) and soil at removal. In the event there is a hole in tank(s) or line(s), further photographic evidence is required. If tank(s), line(s) or excavated soil show evidence of a release, photos of the apparent release must be taken that indicate the release source.

165:25-2-133. Temporary removal from service

- (a) When an underground storage tank system is taken temporarily out of service for three (3) months or less, the owner or operator must:
- (1) Continue the operation, testing, and maintenance of corrosion protection as required by this Chapter. Electricity must be maintained for an impressed current CP system to be operational.
 - (2) Continue release detection and release detection testing as required by this Chapter;
 - (3) Comply with the requirements of this Chapter concerning release reporting and corrective action; and
 - (4) Notify PSTD of a change in service on the prescribed TOU form.
- (5) Beginning October 13, 2018, tank systems that are temporary closed for three (3) months or less are not required to meet spill testing and overfill inspections, however, they are required to:
- (A) Continue to monitor for leaks by performing release detection,
 - (B) Perform monthly walkthrough inspections,
 - (C) Perform annual inspections and tests of release detection equipment, and
 - (D) Perform three (3) year containment sump testing on containment sumps used for interstitial monitoring of piping.
- (b) When an underground storage tank system is taken out of service for three (3) months or more, but less than twelve (12)

months, the owner/operator must meet the following additional requirements:

- (1) All tanks must be drained to less than one inch (1") of residue remaining in the tank. Release detection is not required as long as the underground storage tank is emptied to less than one inch (1").
 - (2) All vent lines must be left open and functioning.
 - (3) All other lines, pumps, manways, and ancillary equipment must be capped and secured.
 - (4) Lock all fill caps.
- ~~(bc) Release detection is not required as long as the underground storage tank system is empty. The underground storage tank system is empty when all regulated substances have been removed so that no more than 1 inch (1") of residue remains in the tank. Beginning October 13, 2018, tank systems that are empty to less than one inch (1") of residual fluids are not required to maintain the following:~~
- (1) Spill prevention testing,
 - (2) Overfill prevention inspections,
 - (3) Release detections,
 - (4) Annual release detection equipment testing and inspections,
 - (5) Monthly walkthrough inspections, and
 - (6) Three (3) year containment sump testing on containment sumps used for interstitial monitoring of piping.
- ~~(ed) Tanks must be permanently closed if they do not meet PSTD requirements in 165:25-2-133 as set forth above.~~

165:25-2-134. ~~Temporary closure:~~ ~~requirements~~Requirements for returning to service

- ~~(a) When an underground storage tank system is taken out of service for 3 months or more, but less than 12 months, the owner/operator must meet the following additional requirements:~~
- ~~(1) All tanks must be drained.~~
 - ~~(2) All vent lines must be left open and functioning.~~
 - ~~(3) All other lines, pumps, manways, and ancillary equipment must be capped and secured.~~
- (b) When an underground storage tank system is returned to service a tank tightness test, and line tightness test, and a leak detector test must be performed by a certified tester, and must be completed on the underground portion of temporarily closed systems prior to returning the system to service if it has been out of service for more than 12 months. Additional testing shall be required on any portion of the tank system considered detrimental to release detection depending upon the type of tank system installed. Notify PSTD on the prescribed "Return to Service" form when returning a system to service along with copies of all testing and the tank registration fees.

165:25-2-135. Permanent closure

All ~~systems~~underground storage tanks and associated piping out of service for more than 12 months must be removed or closed in place with a PSTD approved inert material in accordance with a variance by Commission order if they do not comply with the requirements as stated in 165:25-2-133

and 165:25-2-134. A closure in place variance will be accomplished by an application for variance and an administrative review by PSTD. The variance applicant will be notified prior to a hearing whether the variance application is approved or disapproved by staff. If the application for variance is approved, no further action by applicant is necessary. If the variance application is disapproved by staff, staff will notify applicant of disapproval in sufficient time for the applicant to present evidence supporting the variance at a Commission hearing.

165:25-2-136. Assessing the site at closure or change in service

- (a) When a change in service, tank or line repair, and/or replacement is completed, the owner/operator must measure for the presence of a release where contamination is most likely to be present at the underground storage tank system site.
- (b) Please refer to the PSTD ~~removal guidance document relating to UST closure sampling removal/closure/change of service sampling document on PSTD's website.~~
- (c) If contaminated soils, contaminated groundwater, or free product as a liquid or vapor is discovered, the owner must immediately begin corrective action in accordance with Chapter 29 of Commission rules.
- (d) All sampling at closures must be under the supervision of a Licensed Environmental Consultant.

SUBCHAPTER 3. RELEASE PREVENTION AND DETECTION REQUIREMENTS

PART 2. RELEASE DETECTION REQUIREMENTS AND METHODS

165:25-3-6.20. General monitoring requirements

Tanks, including any compartments within a compartmentalized tank that are not in use, must be monitored at least every 30 days for releases using one of the methods or combinations of methods listed in this Chapter.

165:25-3-6.21. General release detection methods and devices

- (a) Owners/operators of new and existing underground storage tank systems must use a release detection method, or a combination of release detection methods, that is:
 - (1) Capable of detecting a release of regulated substances from any portion of the underground storage tank system that routinely contains product.
 - (2) Designed, installed, calibrated, operated, and maintained in accordance with the manufacturer's instructions, including routine maintenance and service checks for operability or running conditions.
 - (3) Capable of meeting the performance requirements of this Chapter, with any performance claims and their manner of determination described in writing by the equipment manufacturer or installer.

(4) Sampled, tested, or checked for a release at least once every 30 days.

(b) Owners/operators must keep all written manufacturer and installer performance specifications and the manner in which those specifications are determined.

(c) Interstitial monitoring must be used as the method of release detection for secondarily contained tanks and/or piping installed after July 1, 2008.

(d) Beginning October 13, 2018, the electronic and mechanical components of release detection equipment must be tested for proper operation in accordance with manufacturer's instructions or use a code of practice developed by a nationally recognized association or independent testing laboratory. A test of proper operation must be performed at least annually and, at a minimum, cover the following components and criteria as applicable to the facility:

- (1) Automatic tank gauge and other controllers: test alarm, verify system configuration; test battery backup;
- (2) Probes and sensors: inspect for residual buildup, ensure floats move freely, ensure shaft is not damaged, ensure cables are free of kinks and breaks, test alarm operability and communication with controller;
- (3) Automatic line leak detector: test operation to meet criteria in 40 CFR §280.44(a) by simulating a leak;
- (4) Vacuum pumps and pressure gauges: ensure proper communication with sensors and controller; and
- (5) Hand-held electronic sampling equipment associated with groundwater and vapor monitoring: ensure proper operation.

(e) Owners and operators must maintain records of the annual operation tests for three (3) years. At a minimum, records must list each component tested, indicate whether each component needed to have action taken and describe any action taken to correct the issue.

165:25-3-6.22. Tank system tightness testing with monthly inventory control

When performed in accordance with the following requirements, this combination of functions is a stand-alone method of leak detection for tanks. This method expires ten (10) years after the corrosion protection upgrade of your tank(s) to 1998 standards or ten (10) years after a new tank is installed. This will expire June 30, 2018.

- (1) **Tank tightness testing.** Tank tightness testing must be capable of detecting a 0.1 gallon per hour leak rate from any portion of the tank.
- (2) **Requirements for tank tightness testing.** If tank tightness testing is part of the chosen method of release detection, it must be conducted in accordance with the requirements of this Subchapter, performed by a tester certified by the manufacturer of the testing equipment, and completed once every five years.
- (3) **Inventory control.** Monthly inventory control must be conducted to detect a release of at least 1.0 percent of flow-through plus 130 gallons ~~on a monthly basis~~ every thirty (30) days in the following manner:

Permanent Final Adoptions

- (A) Inventory volume measurements for regulated substance inputs, withdrawals, and the amount remaining in the tank are recorded each operating day.
- (B) The equipment used is capable of measuring the level of product over the full range of the tank's height to the nearest one-eighth inch (1/8").
- (C) The regulated substance inputs are reconciled with delivery receipts by measurement of the tank inventory volume before and after delivery.
- (D) Deliveries are made through a drop tube that extends to within 6 inches (6") of the tank bottom.
- (E) Product dispensing is metered and recorded within an accuracy of 6 cubic inches for every 5 gallons of product withdrawn.
- (F) The measurement of any water level in the bottom of the tank is made to the nearest one-eighth inch (1/8") at least once a month.
- (G) Use of PSTD Monthly Inventory Reconciliation Form or an electronic equivalent is required.

165:25-3-6.23. Testing or monitoring for vapors

(a) Before installing a new vapor monitoring system or continuing to use an existing vapor monitoring system for monthly release detection a site-specific site assessment must be conducted to determine the following:

- (1) The exact location and total depth of the tank(s) and piping to avoid damage to the UST system during well installation and to determine the number and placement of wells.
 - (2) That the backfill is sufficiently porous to allow diffusion of vapors from a release to migrate readily to the observation wells (i.e., sand, pea gravel or crushed rock).
 - (3) That background levels of contamination or naturally occurring organic hydrocarbons are low enough to allow a release from the tank(s) or piping to be detected. To determine background concentrations, a temporary vapor well can be installed in the UST excavation area and the device that will be used for monitoring can be used to get an initial reading.
 - (4) The location and historical levels of groundwater at the site. If the backfill is saturated with water, because of a perched water table, fluctuating water table, rainfall, etc. above the tank burial depth, a vapor monitoring system should not be used because dispersion of vapors would be restricted and a release could go undetected.
 - (5) Volatility of the stored product and its compatibility with the monitoring device that will be used.
- (b) Individuals performing this site assessment must be a ~~PSTD licensed remediation consultant~~ Licensed Environmental Consultant and a copy of the site assessment must be maintained at the facility.
- (c) The vapor observation wells must be installed within the tank excavation. A minimum of 2 wells is required for multi-tank excavations, with at least one of the wells on the downgradient side. Wells must be spaced to cover a maximum 20-foot radius. One well is acceptable for single tanks of 3,000 gallons or less capacity, or for not more than 2-2,000 gallon

tanks in one excavation provided the well is near the center of the excavation.

(d) Observation wells must be installed in accordance with OAC 785:35, Oklahoma Water Resources Board (OWRB), Well Driller and Pump Installer Licensing. OWRB rules allow a PSTD-licensed UST Installer to install observation wells during tank installations only. An OWRB-licensed driller must perform all other well installations.

(e) In addition to 165:25-3-6.23(e), vapor observation wells must meet these minimum requirements:

- (1) Be constructed from two- or four-inch polyvinyl chloride (PVC) or stainless steel casing with factory milled well screen.
- (2) The well screen section should begin approximately two-feet below ground surface (bgs) for tank excavations. The well screen must extend to a depth of two feet below the tank bottom.
- (3) A filter pack of graded gravel or uncontaminated quartz sand, silica, or other material that will not affect the groundwater quality must be placed around the entire length of the well screen.
- (4) The area above the well screen must be sealed (annular seal) to prevent surface spills from contaminating the well, which would result in a false indication of a release. An anti-shrink concrete or grout seal must extend at least 12 inches from within the observation well manhole. The remainder of the well above the well screen must be sealed with a cement-bentonite mixture or bentonite pellets.
- (5) A concrete or cement surface pad must be installed around the casing at the surface with minimum dimensions of 3 feet in diameter by 3.5 inches thick. The surface pad must be sloped so to ensure that all surface water flows away from the well. The surface pad is not required if the well is completed in competent concrete or asphalt paving.
- (6) The well(s) must be installed within manholes competent to withstand anticipated traffic flow. The well casing must be secured with a tight fitting cap and the manhole cover bolted to prevent unauthorized tampering. The manhole cover must be clearly marked with an equilateral triangle to identify the well as a observation well or site assessment observation well.

(f) Records demonstrating compliance with this Section must be submitted to PSTD before a new vapor monitoring system may be used or before an existing vapor monitoring system may continue to be used after July 15, 2005. At a minimum, these records must include a site map that includes the location of tanks, piping, dispensers and all observation wells, copies of the OWRB Multi-Purpose Completion Report for each well, name of the company and individual performing the assessment.

(g) All vapor observation wells must be checked at least every thirty (30) days by a ~~licensed observation well technician~~ Licensed Observation Well Technician and a copy of the results must be maintained at the facility and readily available to the PSTD Fuel Specialist.

(h) The vapor monitoring equipment must be designed and operated to allow the threshold level to be preset specifically for the type of regulated substance stored in the tank system

and be capable of detecting any significant increase in the concentration of regulated substance, component or components of that substance (in a range of 0 to 10,000 units/ppm) or a tracer placed in the tank system above background levels.

(i) Observation well readings above 4,000 units/ppm for gasoline and above 1,500 units/ppm for diesel, or above 1,500 units/ppm for a tank pit containing both gasoline and diesel tanks, must be reported to PSTD by telephone at (405) 521-4683 or toll free at 1-888-621-5878 within 24 hours of the owner, operator, any of their employees, or agents knowing the reading.

(j) An increase in vapor levels of 500 units/ppm above background or historical levels detected by monthly monitoring, even though below the 24-hour reporting level, must be reported if the increase does not correct itself in the second month of monitoring. The report must be made within 24 hours of the owner or operator or any of his or her employees knowing the second month's monitoring results.

(k) If a monitoring report under the circumstances above is not made within 24 hours, the owner or operator must be prepared to show documentation or evidence that would reasonably indicate why knowledge of monitoring results or release conditions was delayed.

165:25-3-6.24. Testing or monitoring for liquids on the groundwater

(a) Before installing a new groundwater monitoring system, or continuing to use an existing groundwater monitoring system for monthly release detection a site-specific site assessment must be conducted to determine the following:

- (1) The exact location and total depth of the tank(s) and piping to avoid damage to the UST system during well installation and to determine the number and placement of wells.
- (2) That the backfill is sufficiently porous to allow migration of product from a release to the observation wells (i.e., sand, pea gravel or crushed rock).
- (3) That background levels of contamination or naturally occurring organic hydrocarbons are low enough to allow a release from the tank(s) or piping to be detected. Groundwater monitoring may not be effective if the site has had prior spills or releases.
- (4) The location and historical levels of groundwater at the site. Groundwater monitoring cannot be used if the water table is less than three feet below ground surface or more than 20 feet below ground surface.
- (5) Fluctuation of groundwater. The well screen must intercept the water table at both high and low elevations. Free product floating on top of the water surface cannot enter a well if the water level is higher than the well screen, nor can free product enter a well if the water level is below the bottom of the well screen. It must be determined that groundwater conditions are such that a release would not go undetected.
- (6) The stored product's compatibility with the monitoring device that will be used. The detection device must be able to detect the presence of at least one-eighth of an

inch of free product on top of the groundwater in the monitoring wells. Groundwater monitoring is only effective if the stored product is lighter than water (i.e., has a specific gravity less than 1.0), which allows the product to float on the water surface. The stored product must not be soluble in water. Products that are highly soluble in water would not be detected as a separate liquid phase.

(b) Individuals performing this site assessment must be a PSTD licensed remediation consultants Licensed Environmental Consultant and a copy of the site assessment must be maintained at the facility.

(c) The groundwater observation wells must be installed in the tank excavation. Two wells are sufficient for single tanks of 3,000 gallons or less capacity or for not more than 2-2,000 gallon tanks in one excavation. For multiple tanks, a minimum of 3 wells must be installed with at least one of the wells placed on the downgradient side. A sufficient number of wells must be installed so that the entire UST system is covered. Under normal circumstances, groundwater monitoring on piping runs would not be appropriate due to the depth to groundwater and the time required to detect a leak.

(d) Observation wells must be installed in accordance with OAC 785:35, Oklahoma Water Resources Board (OWRB), Well Driller and Pump Installer Licensing. OWRB rules allow a PSTD licensed UST Installer to install observation wells during tank installations only. An OWRB-licensed driller must perform all other well installations.

(e) Groundwater observation wells must meet these minimum requirements:

- (1) Be constructed from two- or four-inch polyvinyl chloride (PVC) or stainless steel casing with factory milled well screen.
- (2) The well screen section should begin approximately two-feet below ground surface (bgs) for tank excavations. The well screen must extend to a depth of two feet below the tank bottom.
- (3) A filter pack of graded gravel or uncontaminated quartz sand, silica, or other material that will not affect the groundwater quality must be placed around the entire length of the well screen unless the tank and/or piping is backfilled with pea gravel.
- (4) The well screen must begin no less than 18-inches below ground surface. The area above the well screen must be sealed (annular seal) to prevent surface spills from contaminating the well, which would result in a false indication of a release. An anti-shrink concrete or grout seal must extend at least 12 inches from within the monitoring well manhole. The remainder of the well above the well screen must be sealed with a cement-bentonite mixture or bentonite pellets.
- (5) A concrete or cement surface pad must be installed around the casing at the surface with minimum dimensions of 3 feet in diameter by 3.5 inches thick. The surface pad must be sloped so to ensure that all surface water flows away from the well. The surface pad is not required if the well is completed in competent concrete or asphalt paving.
- (6) The well(s) must be installed within manholes competent to withstand the anticipated traffic flow. The

Permanent Final Adoptions

well casing must be secured with a tight fitting cap and the manhole cover bolted to prevent unauthorized tampering. The manhole cover must be clearly marked with an equilateral triangle to identify the well as a observation well or site assessment observation well.

(f) Records demonstrating compliance with this Section must be submitted to PSTD before a new groundwater monitoring system may be used or before an existing groundwater monitoring system may continue to be used after July 15, 2005. At a minimum, these records must include a site map that includes the location of tanks, piping, dispensers and all monitoring wells, copies of the OWRB Multi-Purpose Completion Report for each well, name of the company and individual performing the assessment.

(1) Any indication of free product floating on the water table must be reported to PSTD by telephone at (405) 521-4683 within 24 hours of the owner/operator or any of their employees or agents discovering the product.

(2) If a monitoring report under the circumstances of above is not made within 24 hours, the owner or operator must be prepared to show documentation or evidence that would reasonably indicate why knowledge of the existence of free product was delayed.

(g) All groundwater observation wells must be checked at least every thirty (30) days by a ~~PSTD licensed observation well technician~~ Licensed Observation Well Technician and a copy of the results must be maintained at the facility and readily available to the PSTD Fuel Specialist.

165:25-3-6.25. Interstitial monitoring

(a) For double-walled underground storage tank systems, the sampling or testing method must detect a ~~release leak monthly~~ at least every thirty (30) days through the inner wall in any portion of the tank that routinely contains product in accordance with the manufacturer instructions.

(b) On new installations, the containment sumps used for interstitial monitoring of piping must be tested at installation and at least once every three (3) years for liquid tightness or use double-walled containment sumps with periodic interstitial monitoring of the space between the two (2) walls of the sump at least every thirty (30) days. Records demonstrating compliance must be maintained for three (3) years.

(c) Existing systems must have the containment sumps tested for liquid tightness by October 13, 2018, and at least once every three (3) years thereafter or use double-walled containment sumps with periodic interstitial monitoring of the space between the two (2) walls of the sump at least every thirty (30) days. Records demonstrating compliance must be maintained for three (3) years.

(d) Beginning October 13, 2018, owners and operators must perform operation and maintenance tests on electronic and mechanical components of release detection equipment. This testing must be conducted according to the manufacturer's instructions or a code of practice developed by a nationally recognized association or independent testing laboratory. A test of the proper operation must be performed at least annually and, at a minimum, as applicable to the facility, cover the following components and criteria:

(1) Automatic tank gauge and other controllers: test alarm, verify system configuration, test battery backup.

(2) Probes and sensors: inspect for residual buildup, ensure floats move freely, ensure shaft is not damaged, ensure cables are free of kinks and breaks, test alarm operability and communication with controller.

(3) Vacuum pumps and pressure gauges: ensure proper communication with sensors and controller.

(4) Hand-held electronic sampling equipment associated with groundwater and vapor monitoring: ensure proper operation.

(e) Owners and operators must maintain records of the annual operation tests for three (3) years. At a minimum, records must list each component tested, indicate whether each component meets the criteria listed above or needed to have action taken, and describe any action taken to correct an issue.

165:25-3-6.26. Automatic tank gauging systems

(a) Automatic tank gauging systems (ATG's) that test for the loss of product must conduct an automatic product level monitor test at a minimum frequency of once every 30 days, and be capable of detecting at least a 0.2 gallon per hour leak rate for any portion of the tank that routinely contains product.

(b) The test must be performed with the system operating in one of the following modes:

(1) In-tank static testing conducted at least once every thirty (30) days; or

(2) Continuous in-tank leak detection operating on an uninterrupted basis or operating within a process that allows the system to gather incremental measurements to determine the leak status of the tank at least once every thirty (30) days.

~~(c)~~ ATG's that cannot detect a 0.1 gallon per hour leak rate ~~monthly~~ are also required to have ~~monthly~~ inventory ~~reconciliation~~ control.

~~(e)~~ ATGs must be third party certified for the size of tanks and for the quantity of tanks that are manifolded together. Only third party certifications that have been reviewed and approved by the National Work Group on Leak Detection Evaluations (NWGLDE), found at NWGLDE Web Site, will be accepted (www.nwglde.org).

165:25-3-6.28. Statistical Inventory Reconciliation (SIR)

(a) Deliveries, withdrawals and balance remaining must be recorded each operating day on the PSTD ~~Monthly~~ Inventory Reconciliation Form or an electronic equivalent and data must be reconciled ~~monthly~~ every thirty (30) days. Product deliveries must be reconciled with an appropriate device and data must be reconciled every thirty (30) days.

(b) SIR records must demonstrate the following:

(1) Report a quantitative result with a calculated leak rate;

(2) Be capable of detecting a leak rate of 0.2 gallon per hour or a release of one hundred fifty(150) gallons within thirty (30) days, with a probability of detection of 0.95 and a probability of false alarm of 0.05; and

(3) Use a threshold that does not exceed one-half (1/2) the minimum detectible leak rate.

(bc) The tank must be equipped with a drop tube and measured for water at least ~~monthly~~every thirty (30) days.

(ed) The equipment used is capable of measuring the level of product over the full range of the tank's height to the nearest one-eighth inch (1/8").

(de) The regulated substance inputs are reconciled with delivery receipts by measurement of the tank inventory volume before and after delivery.

(ef) Records must be submitted to a certified SIR vendor for ~~monthly~~ evaluation. Only third party certifications that have been reviewed and approved by the National Work Group on Leak Detection Evaluations (NWGLDE), found at the NWGLDE Web Site, will be accepted (nwgldc.org).

(fg) SIR analysis reports ~~may~~must include a summary report of the quantitative results and ~~must include~~ copies of all ~~Monthly~~ Inventory Reconciliation Forms.

(gh) Results of ~~monthly~~ SIR analysis must be on premises ~~no later than the end of the following month for inspector review every thirty (30) days.~~

~~(h)(i)~~ This method is approved as release detection for tanks only.

165:25-3-6.29. Monitoring requirements for piping

Underground piping that routinely contains regulated substances must be monitored for releases in a manner that meets the following requirements:

(1) **Pressurized piping.**

(A) All underground piping that conveys regulated substances under pressure must be equipped with a mechanical or electronic line leak detector installed and operated in accordance with this Chapter.

(B) New installations and facilities replacing a piping system must have a sump sensor, float or similar mechanical device at each tank, transition, and dispenser sump. Sensors should be mounted near the bottom of the sump(s) and accessible for annual testing.

(C) New installations and facilities replacing a piping system must have double-walled piping. The interstitial area of the piping must be open inside the sumps to allow fuel to drain into the sumps in the event that a leak occurs.

(D) The underground pressure piping from the master dispenser to the satellite must be designed and installed so that the satellite piping is tested by the automatic line leak detector. An annual line tightness test is required on the satellite underground piping.

(2) **Suction piping.**

(A) Suction piping installed after July 1, 2008 must be double-walled piping. The interstitial area of the piping must be open inside the sumps to allow fuel to drain into the sumps in the event that a leak occurs.

(B) New installations and facilities replacing a piping system must have a sump sensor, float or similar mechanical device at each tank, transition, and dispenser sump. Sensors should be mounted near

the bottom of the sump(s) and accessible for annual testing.

(3) **Methods of release detection for pressurized piping.** Each method of release detection for piping must be done in accordance with the following requirements.

(A) Mechanical line leak detectors and annual line tightness testing.

(i) An annual function test of the operation of the leak detector must be conducted by simulating a leak ~~in accordance with the manufacturer's requirements.~~

(ii) A hydrostatic line tightness test must be done annually by a certified tester in accordance with this chapter.

(B) Sump sensors with automatic line leak detectors.

(i) Double walled piping with sump sensors, floats or similar mechanical devices at each sump may be used in lieu of annual line tightness testing except at marinas where a line tightness test is required by April 1st of each year.

(ii) The sump sensors, floats or other mechanical devices used must be tested annually ~~according to manufacturer's requirements.~~ Sensors status and alarm history reports must be printed and retained ~~each month~~every thirty (30) days for systems installed after July 1, 2008.

(iii) An annual function test of the operation of the leak detector must be conducted by simulating a leak ~~in accordance with the manufacturer's requirements.~~

(C) Electronic line leak detection. A certified electronic line leak detector may be used in lieu of a mechanical line leak detector and annual tightness test only if:

(i) The system is capable of detecting and tests for a leak of 3 gallons per hour before or after each operation of the submersible turbine pump; and

(ii) The system is capable of detecting and tests for a leak of 0.2 or 0.1 gallons per hour at least once every month; and

(iii) The system is capable of detecting and tests for a leak of 0.1 gallons per hour annually, AND the system is function tested annually by simulating a leak, and if necessary, calibrated ~~in accordance with manufacturer's specifications.~~

(4) **Methods of release detection for suction piping.**

(A) Safe Suction Piping. No release detection is required for suction piping installed on or prior to July 1, 2008 if it is designed and constructed to meet (i) through (iv) below:

(i) The below-grade piping operates at less than atmospheric pressure.

(ii) The below-grade piping is sloped so that the contents of the pipe will drain back into the storage tank if the suction is released.

(iii) One check valve is included in each suction line.

Permanent Final Adoptions

- (iv) The check valve is located directly below and as close as is practical to the suction pump.
- (B) Tri-annual Line Tightness Testing. Underground piping that conveys regulated substances under suction must have a line tightness test conducted at least every 3 years by a certified tester.
- (C) Sump sensors.
 - (i) Double walled piping with sump sensors, floats or similar mechanical devices at each sump may be used in lieu of tri-annual line tightness testing except at marinas where a line tightness test is required by April 1st of each year.
 - (ii) The sump sensors, floats or other mechanical devices used must be tested annually according to manufacturer's requirements. Sensors status and alarm history reports must be printed and retained ~~each month~~ every 30 days for systems installed after July 1, 2008.

PART 3. RELEASE INVESTIGATION REQUIREMENTS

165:25-3-8. Release investigation and confirmation

- (a) This Section applies to the investigation of all reportable releases unless PSTD specifically waives any part of this Section in writing.
- (b) Owners/operators must immediately investigate and confirm all suspected releases of regulated substances requiring reporting under this Chapter within 7 days of receipt of notice from PSTD using the following steps or another procedure approved by PSTD:
 - (1) **System test.** Owners/operators must conduct tightness tests and if applicable, secondary containment testing, that will determine whether a leak exists in the storage tank system or a breach of either wall of the secondary containment has occurred.
 - (A) Owners/operators must repair, ~~remove~~ or replace or permanently close as defined in OAC 165:25-2-135, the underground storage tank system and begin investigation in accordance with (b)(2) of this Section if the test results for the system, tank, ~~or~~ delivery piping or the interstice indicate indicates that a leak release exists.
 - (B) Further investigation is not required if the test results for the system, tank, ~~and~~ delivery piping and interstice do not indicate that a ~~leak release~~ exists and chemical concentrations of regulated substances detected in soil or water are not the basis for suspicion of a release.
 - (C) Owners/operators must conduct a site check as described in (b)(2) of this Section if the test results for the system, tank, ~~and~~ delivery piping and interstice do not indicate that a ~~leak release~~ exists but indicate concentrations of regulated substances detected in soil or water are above action levels cited in (c).
 - (2) **Site check.** Owners/operators must measure for the presence of a release where released chemicals are

most likely to be present at the underground storage tank system site. In selecting sample types, sample locations, sample depths, and measurement methods, owners and/or operators must consider the nature of the stored substance, the type of initial alarm or cause for suspicion, the type of native soil, the depth of groundwater, and other factors appropriate for identifying the presence and source of the release. Sample locations should be approximately 5 feet (5') from the outside of the UST system in native soil or another location approved by PSTD. Analyses for both BTEX constituents and the appropriate TPH must be obtained in all cases. Site check investigations must be conducted by an OCC licensed Environmental Consultant.

- (A) If the test results for soil and/or groundwater taken outside the excavation zone or the underground storage tank system site confirm that a release has occurred, owners and/or operators must begin corrective action in accordance with Chapter 29 of Commission rules.
- (B) If the test results for the native soil and/or groundwater or the underground storage tank system site do not indicate that a release has occurred, further investigation is not required.
- (c) Laboratory analysis of levels of chemical constituent concentrations that may be required to confirm a case are:
 - (1) Benzene
 - (A) Native Soils - 0.5 mg/kg
 - (B) Groundwater - 0.005 mg/l
 - (2) Toluene
 - (A) Native Soils - 40.0 mg/kg
 - (B) Groundwater - 1.0 mg/l
 - (3) Ethyl Benzene
 - (A) Native Soils - 15.0 mg/kg
 - (B) Groundwater - 0.7 mg/l
 - (4) Xylene
 - (A) Native Soils - 200.0 mg/kg
 - (B) Groundwater - 10.0 mg/l
 - (5) TPH
 - (A) Native Soils - 50.0 mg/kg
 - (B) Groundwater - 2.0 mg/l
 - (C) If BTEX concentrations are below action levels, a TPH concentration of 500 ppm or mg/kg in soil shall be required to confirm a case at the direction of PSTD.
- (d) Within 20 days after the reporting of a release, the owner and/or operator must submit a report to PSTD summarizing the steps taken under (a) of this Section and any resulting information or data. If a release is confirmed through performance of the steps taken under this Section, then the report must be submitted in accordance with a format established by the Commission, after which corrective action may be undertaken under the provisions of Chapter 29 of Commission rules.

SUBCHAPTER 18. INSPECTIONS, NOTICES OF VIOLATION, AND CITATIONS

PART 1. INSPECTIONS

165:25-18-4. Inspection for compliance

- (a) All storage tank systems regulated by this Chapter must be physically inspected for compliance with the provisions of this Chapter.
- (b) These inspections may include, but not necessarily be limited to, review of:
 - (1) Records of installation.
 - (2) Records of repair and retrofit operations including required tightness testing.
 - (3) Release containment practices.
 - (4) Release detection practices.
 - (5) Compliance with prior Commission orders to perform corrective action.
 - (6) Records of removal and closure.
 - (7) Records that document compatibility with underground storage tank systems storing regulated substances greater than ten percent (10%) ethanol or twenty percent (20%) biodiesel.
 - (8) Records of annual operation and maintenance tests on the electronic and mechanical components of release detection equipment.
 - (9) Site assessments for groundwater or vapor monitoring
 - (10) Current permit for all tanks located at the facility
 - (11) Current operator training certificates for all classes of operators.
- (c) In addition, PSTD may perform any other inspection, testing, or monitoring necessary to ensure compliance with this Chapter and to protect property, human health, safety and welfare and the environment.

PART 3. NOTICES OF VIOLATION AND CITATIONS

165:25-18-13. Payment of fine or hearing

- (a) The storage tank owner/operator can either pay the amount of the fine as stated in the Fine Citation or request an evidentiary hearing.
- (b) The tank owner/operator will have thirty (30) days from the date the citation was issued to pay the fine.
 - (1) A fine may be paid with cash, a money order, or check, or electronic method approved by the OCC. Any cash payment must be made at the Commission's cashier window. All checks must be made payable to the Oklahoma Corporation Commission - Petroleum Storage Tank Division. If sending payment through the mail, a copy of the citation must be sent with the payment to ensure proper credit.
 - (2) Payment of a fine within the 30-day timeframe will not be considered an agreement or disagreement with the citation.
- (c) If the storage tank owner/operator disagrees with the citation, they may appear at the Citation hearing at the Commission. If found guilty at the hearing, the tank owner or operator must pay the amount of the fine, as well as an administrative cost of \$250.00.
- (d) If a Fine Citation has not been paid within ninety (90) days of being issued or within ninety (90) days of a Commission order confirming the fine, the amount of the fine will double. Refusal to comply with an order of the Commission may result in an additional fine being levied after notice and hearing in an amount as allowed by law, and shutdown of the facility for failure to pay fines.
- (e) Failure of a tank owner/operator to appear at the hearing will result in additional enforcement action.
- (f) An appeal from the hearing must be to the Commission en banc in accordance with Chapter 5 of Commission rules.
- (g) A tank owner/operator is still responsible for following the Commission's rules regarding petroleum storage tanks regardless of paying a fine or correcting a violation.

Permanent Final Adoptions

APPENDIX S. FINE CITATIONS TABLE [REVOKED]

APPENDIX S. FINE CITATIONS TABLE [NEW]

Rule	Violation	Fine Amount
Registration & Permit Requirements		
165:25-1-42	Failure to register tanks within 30 days of bringing the system into service	\$500
165:25-1-41 165:25-1-51	Failure to amend registration within 30 days to reflect change in ownership or tank status	\$500
165:25-1-64 165:25-1-67	Failure to pay permit fees prior to due date	Not > 50% of fee
165:25-1-126	Failure to certify training for all operator classes, per owner not facility	\$500
165:25-1-126	Second offense within 12 months Third offense, formal enforcement	\$1,000
Notification Requirements		
165:25-1-41	Failure to properly identify all storage tank systems on OCC forms after third request, including a letter advising tank owner of the penalty	\$1,000
165:25-1-41	Failure to provide installation information on OCC forms after third request, including a letter advising tank owner of the penalty	\$1,000
165:25-1-42 165:25-1-55	Failure to notify the OCC prior to tank installation or closure	\$500
165:25-1-48	Failure to report tank and line tightness test results as required	\$500
Required Reports		
165:25-1-55	Failure to submit tank closure report within 45 days	\$250
165:25-1-48 165:25-3-8 165:29	Failure to submit required reports pertaining to suspected release investigations and/or corrective action activities in a timely manner	\$250
	Second offense and thereafter for same case or tracking number	\$500
165:25-3-6.28	Failure to maintain SIR analysis on premises every thirty (30) days	\$500
General Leak Detection Requirements		
165:25-3-1	Failure to notify OCC of indicated release	\$250
165:25-3-6.20 165:25-3-6.21	Failure to provide adequate release or leak detection for storage tank system (first offense)	\$250
	Second offense	\$500
	Third offense	\$1,000

Rule	Violation	Fine Amount
165:25-3-6.20 165:25-3-6.21	Failure to use an approved method of release or leak detection method for tanks	\$250
165:25-2-55.1 165:25-3-6.29	Failure to use an approved method of release or leak detection monitoring for piping	\$250
165:25-3-6.23 165:25-3-6.24	Failure to use a licensed technician for monitoring vapor or groundwater wells as required	\$250
165:25-1-53 165:25-3-6.21	Failure to maintain records of release or leak detection monitoring	\$250
165:25-1-53	Failure to maintain results of sampling, testing, or monitoring	\$250
165:25-1-53 165:25-1-54	Failure to retain records of calibration, maintenance, and/or repair of release or leak detection equipment	\$250
165:25-2-40 165:25-3-6.29	Failure to install or test leak detection on pressurized piping	\$250
Spill Protection & Overfill Prevention		
165:25-2-39 165:25-1-57	Tank owner/operator accepting delivery into UST without spill protection	\$1,000
165:25-2-39 165:25-1-57	Tank owner/operator accepting delivery into UST that does not have overfill prevention	\$1,000
165:25-3-7	Failure to report a spill over 25 gallons	\$100
165:25-3-70	Failure to investigate a spill over 25 gallons	\$100
165:25-3-70	Failure to investigate an spill resulting from overfill	\$100
165:25-3-7	Failure to clean up any spill or overfill	\$500
Operation & Maintenance of Corrosion Protection		
165:25-2-51	Tank owner/operator accepting delivery into a UST that does not have a required corrosion protection system	\$1,000
165:25-1-56	Failure to provide cathodic protection system design or suitability study	\$1,000
165:25-2-53 165:25-2-53.1	Failure to properly operate and maintain corrosion protection, inspect tank lining, or make necessary repairs (first offense)	\$150
	Second offense	\$500
	Third offense	\$1,000
165:25-2-53	Failure to properly and/or timely test corrosion protection every 60 days	\$250
165:25-1-56	Failure to maintain records of cathodic protection installation, repair, inspections or testing	\$250
165:25-2-53	Failure to use a qualified cathodic protection tester to certify corrosion protection system	\$500

Permanent Final Adoptions

Rule	Violation	Fine Amount
	operation at least once every 3 years (first offense)	
	Second offense	\$1,000
165:25-2-53 165:25-2-111	Failure to test cathodic protection system within 6 months of installation or repair	\$250
Release Investigation		
165:25-3-7 and 165:25-3-8	Failure to conduct tightness test(s) to investigate suspected leak(s) from the storage tank system as required	\$250
Temporary & Permanent Closure		
165:25-2-132 165:25-2-133	Failure to operate and maintain corrosion protection in a temporarily closed storage tank system as required	\$500
165:25-2-133	Failure to provide adequate release or leak detection as required in a temporarily closed storage tank system	\$250
165:25-2-134	Failure to cap and secure all storage tank related equipment for temporary closure	\$250
165:25-2-135	Failure to measure for the presence of a release before permanent closure as required	\$500
165:25-2-138	Failure to maintain proper closure records	\$250
165:25-2-131 165:25-2-136	Failure to use an OCC licensed UST Remover and/or Remediation Consultant	\$500
165:25-5-1	Failure to upgrade UST with CP by December 1998 deadline or remove tank within 12 months of December 1998 deadline	\$500/tank
Repairs Allowed		
165:25-2-42 165:25-2-111	Failure to use an OCC licensed UST Installer or repair person for installation or repair as required	\$500
	Second offense (per owner, not per facility)	\$1,000
165:25-2-40 165:25-2-111	Failure to perform tightness test on storage tank system after installation or repair	\$300
165:25-1-54	Failure to maintain repair records for operating life of storage tank	\$250
Other Violations		
165:15	Misrepresentation of octane level per location	\$500
	Second offense within one year	\$1,000
	Third offense – Closure and Hearing	\$5,000
165:25-1-41 165:25-1-53	Failure to provide records upon request	\$100

Rule	Violation	Fine Amount
	Second offense or thereafter (per owner, not per facility)	\$500
Administrative Penalty	Any owner/operator of a storage tank system who fails to comply with any requirement or order issued by the Commission for corrective or enforcement actions may be subject, after notice and hearing, to an administrative penalty in an amount as allowed by law.	

Appendix S is revised to correct rule numbers; require SIR (release detection) records be on site for inspector review; and add OCC requirements for when administrative penalties can be applied.

Part 9. Over-Water Piping Requirements
165:26-8-40.2. Installation requirements for over-water piping [AMENDED]

AUTHORITY:

The Commission's statutory authority is found in Article IX, Section 18 of the Oklahoma Constitution, 17 O.S. §§ 52, 306, 307, 321, 325 and 47 O.S. §466.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2013-34, the proposed rules were submitted to the Governor and Cabinet Secretary on September 21, 2016.

COMMENT PERIOD:

September 20, 2016 through December 23, 2016.

PUBLIC HEARING:

January 24, 2017

ADOPTION:

January 24, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

February 1, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 13, 2017

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

September 11, 2017

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

Incorporated standards:

National Fire Protection Association (NFPA): Standard Number 30, 2015, Flammable and Combustible Liquids Code; Standard Number 30A, 2015, Motor Fuel Dispensing Facilities and Repair Garages.

American Petroleum Institute (API): RP 652, Lining of Aboveground Petroleum Storage Tank Bottoms, Second Edition, April, 2014; RP 653, Tank Inspection, Repair, Alteration, and Reconstruction, Fifth Edition, 2014; Publication 1632-2002, Cathodic Protection of Underground Petroleum Storage Tanks and Piping Systems.

National Association of Corrosion Engineers (NACE): All NACE recommended practices for cathodic protection design; Standard RP0193-2001, Recommended Practice of External Cathodic Protection of On-Grade Metallic Storage Tank Bottoms.

Petroleum Equipment Institute (PEI): RP 1200 Recommended Practices for the Testing and Verification of Spill, Overfill, Leak Detection and Secondary Containment Equipment at UST Facilities.

GIST/ANALYSIS:

OAC 165:26-1-1 is amended to adopt NFPA 30 and 30 A as the basis of standards for Chapter 26, instead of recommending the regulated community follow the same. OAC 165:26-1-2 (Definitions) is amended to redefine change in service to allow only the storage of Commission regulated substances; "emergency venting" is a new definition regarding a device that relieves excessive internal pressure within a storage tank; "total venting capacity" is a new definition calculating the venting capacity of the wetted area of the tank and emergency vent capacity; "wetted area of a cylindrical tank" is a new definition establishing 75% of the total tank ends and shell; "wetted area of a rectangular tank" is a new definition establishing 100% of the surface area the entire tank; "wetted area of a vertical tank" is a new definition establishing the first 30' above grade as the wetted area. OAC 165:26-1-28 is amended to allow for administrative review of variances proposed by a tank owner. OAC 165:26-1-31 is amended to include a new standard API (American Petroleum Institute) Recommended Practice 653, pertaining to tank inspection, repair, alteration and reconstruction (Fifth Edition, 2014). In addition, the amendment updates certain standards by referring to new editions. OAC 165:26-1-36 is amended to reflect the current rule citation, OAC 165:26-1-37. OAC 165:26-1-41 is amended to reflect the rule has changed from discretionary information provision to mandatory information including change of address and change from a regulated substance to a regulated substance that contains either more than 10% ethanol or 20% biodiesel. OAC 165:26-1-55 and 165:26-1-58 are amended to require record retention for three (3) years. OAC 165:26-1-90 is amended to include failure to obey a Commission requirement as a reason for system shutdown. OAC 165:26-1-130 and 165:26-1-132 are revoked because operator training is not a Commission requirement or recommendation for aboveground storage tank systems. OAC 165:26-2-5.1 is amended to establish a cutoff date for certain storage tank system spill and overfill protection methods. In addition, the amended rule sets forth minimum standards that will become effective on October 13, 2018, for new installations of aboveground storage tank systems spill and overfill protection. OAC 165:26-2-6 is amended to require that vent piping must meet certain minimum standards on new installations

occurring after October 13, 2018. OAC 165:26-2-8 is amended to update the method of testing containment sumps. OAC 165:26-2-40 is amended to update standards for corrosion protection. OAC 165:26-2-52 is amended to specify that an anti-siphon valve must be installed on product piping. OAC 165:26-2-53 is amended to reflect staffs' allowance of manual shutoff valves in lieu of a pressure relief device and allows use of a steel check valve if the valve is installed upstream of the block valve if no fire valve is installed. OAC 165:26-2-71 is amended to remove gratuitous language. OAC 165:26-2-91 is amended to require dispensers at new installations with aboveground piping must be monitored. OAC 165:26-2-214 is amended to direct the regulated community to a specific document for choosing sampling locations. OAC 165:26-3-77 is amended to include prohibitory language regarding release reporting to extend to any person. OAC 165:26-8-40.2 is amended to require a specific type valve with built-in pressure relief for over water piping at marina installations.

CONTACT PERSON:

Jeff Southwick, Deputy General Counsel, Office of General Counsel, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, (405) 522-4457, j.southwick@occcemail.com.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

PART 1. PURPOSE AND DEFINITIONS

165:26-1-1. Purpose

The purpose of this Chapter is to provide a regulatory program for the safe operation of aboveground storage tanks in Oklahoma and to prevent and contain pollution caused by leaking aboveground storage tank systems and to reduce the hazards of fire and explosion. ~~It is recommended that all aboveground storage tanks whether regulated by these rules or not follow the NFPA guidelines, including NFPA 30 and 30A. PSTD adopts NFPA 30 and 30A, which serves as a basis for the standards in this Chapter. A copy of NFPA 30 and 30A is available for inspection at PSTD during regular business hours.~~

165:26-1-2. Definitions

In addition to the terms defined in 17 O.S. § 301 et seq., the following words or terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"Aboveground storage tank" or "AST" means any stationary tank not included within the definition of a petroleum storage tank in OAC 165:25-1-11, which is designed to contain any PST regulated substances without structural support of earthen material.

"Aboveground storage tank system" means an aboveground storage tank and any connected aboveground or underground piping, dispensers and associated equipment and fixtures.

"Agent" means a person authorized by another to act on their behalf, either out of employment or contract.

"Airports" mean landing facilities for aircraft which are routinely available for public use (whether routinely used or not). Airports as used in this Chapter do not include private airstrips or private airports.

"Ancillary equipment" means any device including, but not limited to: devices, such as piping, fittings, flanges, valves, and pumps that are used to distribute, meter, or control the flow of regulated substances to or from a petroleum storage tank.

"ATG" means automatic tank gauging.

"Backfill" is the material that is placed in piping excavation to support and separate the piping from the natural environment.

"BTEX" means benzene, toluene, ethylbenzene and xylene.

"Bulk plant" means petroleum storage tank facility where regulated substances are received by tank vessels, pipelines, tank cars, or tank vehicles and are stored or blended in mass quantities or bulk for the purpose of distributing them by a tank vessel, pipeline, tank car, tank vehicle, portable tank or other container, for wholesale or retail sale.

"Cathodic protection" means a technique designed to prevent the corrosion of a metal surface by making that surface the cathode of an electrochemical cell. For example, protection can be accomplished with an impressed current system or a galvanic anode system

"Change in service" means ~~discontinuing use of the petroleum storage system for purposes regulated by PSTD~~ change in the status of a storage tank (i.e., from currently in use to temporarily out of use); change of regulated substance that a storage tank contains.

"Commission" or "OCC" means the Oklahoma Corporation Commission and includes its designated agents or representatives.

"Compatible" means the ability of two or more substances to maintain their respective physical properties upon contact with one another for the design life of the PST system under conditions likely to be encountered in the system.

"Construction tank" means a fuel tank used for less than 12 months at a construction site.

"Division" means the Petroleum Storage Tank Division (PSTD) of the Corporation Commission.

"Emergency venting" means a construction method or device that relieves excessive internal pressure due to fire exposure.

"EPA" means the United States Environmental Protection Agency.

"Farm tank" is a tank located on a tract of land devoted to the production of crops or raising animals, including fish, and associated residences and improvements. A farm tank must be located on the farm property. "Farm" includes but is not limited to fish hatcheries, rangeland, and nurseries with growing operations.

"Fire protected tank" means an aboveground storage tank that is listed in accordance with UL 2085, *Standard for Insulated Aboveground Tanks for Flammable and Combustible*

Permanent Final Adoptions

Liquids, or an equivalent test procedure that consists of a primary tank provided with protection from physical damage and fire-resistant protection from exposure to a high-intensity liquid pool fire.

"Fire resistant tank" means a UL listed aboveground storage tank that provides fire-resistant protection from exposure to a high intensity liquid pool fire.

"Fleet and Commercial" means any facility that uses aboveground storage tanks to store regulated substances for use in its own vehicles or equipment.

"Flow-through process tank" means a tank that forms an integral part of a production process through which there is a steady, variable, recurring or intermittent flow of material during the operation of the process. Flow-through process tanks do not include tanks used for the storage of materials prior to their introduction to the process or for the storage of finished products or by-products from the production process.

"Fund" means the Petroleum Storage Tank Indemnity Fund.

"Generation facilities" means those tanks that are permanently installed, which routinely contain fuel to be used in emergency generators in the event of a power failure.

"Impervious barrier" means a barrier of sufficient thickness, density, and composition that is impenetrable to the regulated substance, has a permeability of at least 1×10^{-6} cm/sec., and will prevent the discharge to the environment of any regulated substance for a period of at least as long as the maximum anticipated time during which the regulated substance will be in contact with the impervious material.

"In service" means a petroleum storage tank that contains a regulated substance, and/or has a regulated substance added to or withdrawn from it.

"Licensed Environmental Consultant" means an individual who has a current license issued by PSTD to perform corrective action.

"Marina" means any fuel storage tank system located on or by the water for the purpose of fueling watercraft.

"Permanent out of use" or "POU" means a petroleum storage tank system that is not in service/use, does not contain regulated substances, and is not intended to be placed back in service/use.

"Pier" means dock, floating dock, and wharf.

"Positive sampling, testing, or monitoring results" means the results of sampling, testing or monitoring using any of the release detection methods described in this Chapter that indicate that a release from a petroleum storage tank system may have occurred.

"Private airport" means an airport used only by its owner and regulated as a fleet and commercial facility.

"Private airstrip" means a personal residential takeoff and landing facility attached to the airstrip owner's residential property and used only by the owner.

"PSTD" means Petroleum Storage Tank Division.

"Public Utility" means any entity providing gas, electricity, water, or telecommunication services for public use.

"Regulated substances" means antifreeze, motor oil, motor fuel, gasoline, kerosene, diesel or aviation fuel. It does

not include compressed natural gas, liquid natural gas and propane.

"Release detection" means the methodology used in determining whether a release of regulated substances has occurred from a petroleum storage tank system.

"Residential tank" is a tank located on property used primarily for dwelling purposes.

"Responsible person" means a person other than a petroleum storage tank system owner or operator, such as an adjacent property owner, impacted party, or city, seeking corrective action of real property, and submits itself to the jurisdiction of the Commission.

"Retail facility" means a service station, convenience store or any other facility selling motor fuel that is open to the general public.

"Sacrificial anode" means a device to reduce or prevent corrosion of a metal in an electrolyte by galvanic coupling to a more anodic metal.

"Secondary containment" means a system installed around a petroleum storage tank or system that is designed to prevent a release from migrating beyond the secondary containment system outer wall (in the case of a double-walled tank system) or excavation area (in the case of a liner or vault system) before the release can be detected. Such a system may include, but is not limited to, impervious barriers (both natural and synthetic), double walls, or vaults.

"TPH" means total petroleum hydrocarbons.

"Tampering" means willful intention which makes an attempt to deceive, cheat or misrepresent the facts to the public. It also presents a risk to environmental welfare, as well as public health, safety and welfare.

"Tank tightness testing" or "precision testing" means a procedure for testing a petroleum storage tank system's integrity.

"Temporary out of use" or "TOU" means the status of a petroleum storage tank system that has been taken out of service/use but not removed with the intent to return to service.

"Total venting capacity" means the sum of the normal and emergency vent capacities and is determined by the wetted area of the tank as provided in Appendix I.

"Used Motor Oil" is any spent ~~engine~~ motor oil removed from a motor vehicle.

"Vault" means an enclosure consisting of four walls, a floor, and a top for the purpose of containing a liquid storage tank and not intended to be occupied by personnel other than for inspection, repair, or maintenance of the vault, the storage tank or related equipment.

"Wetted area of cylindrical tank" means seventy-five (75) percent of the total exposed area of the tank ends and shell.

"Wetted area of rectangular tank" means one hundred (100) percent of the surface area of the bottom, sides, and ends of the tank.

"Wetted area of vertical tank" means the first thirty (30) feet above grade of the exposed shell and floor.

PART 4. ADMINISTRATIVE PROVISIONS

165:26-1-28. Variances

A variance to a provision of this Chapter may be granted by the Commission after application, ~~notice and hearing~~ and administrative review by staff. If the application for variance is approved, no further action by applicant is necessary. If the application is denied, staff will notify applicant to proceed with notice and hearing.

PART 5. STANDARDS AND CODES

165:26-1-31. Codes and standards

(a) Specific references to documents listed below are made throughout the Aboveground Storage Tank Rules. Each of these documents or parts thereof is adopted and incorporated by reference as a standard. In the event these rules are in conflict with any of the standards set forth below, the provisions of these rules shall prevail. New editions of codes and standards supersede all previous editions. These codes and standards will be updated periodically through a formal rulemaking procedure initiated by PSTD to reflect any substantive or relevant changes. A copy is available for inspection at the Offices of the Petroleum Storage Tank Division during regular business hours.

PART 6. FINANCIAL RESPONSIBILITY

165:26-1-36. Financial responsibility

- (a) This Subchapter applies to owners and operators of all petroleum aboveground storage tank (AST) systems except as otherwise provided in this Section.
- (b) State and Federal government entities whose debts and liabilities are the debts and liabilities of a state or the United States are exempt from the requirements of this Subchapter.
- (c) The requirements of this Subchapter do not apply to owners and operators of any AST system described in 165:26-1-22, "Exclusions."
- (d) If the owner and operator of a petroleum aboveground storage tank are separate persons, only one person is required to demonstrate financial responsibility; however, both parties are liable in event of noncompliance.
- (e) An owner or operator may satisfy the requirements of this Subchapter by use of the Indemnity Fund. There is a co-pay for use of this mechanism and for which compliance

Permanent Final Adoptions

may be demonstrated by use of any of the mechanisms listed in ~~165:26-18-3~~165:26-1-37. For releases that occurred before June 4, 2004 the co-pay is \$5,000; for releases that occurred after June 4, 2004 the co-pay is 1% of fund expenditures not to exceed \$5,000.

PART 7. NOTIFICATION AND REPORTING REQUIREMENTS

165:26-1-41. General reporting requirements

PSTD ~~may require~~requires owners and operators of aboveground storage tank systems to provide information it deems necessary for the protection of human health, the environment and to assure the safety of people and property. Owners and operators must notify PSTD within thirty (30) days when their mailing address changes. Use of the designated PSTD form(s) is required for scheduling, tank registration, change in ownership, monthly release detection, testing, temporary change in service, permanent closure, or return to service. Owners and operators of aboveground storage tanks must notify PSTD at least thirty (30) days prior to switching regulated substances containing greater than ten (10) percent ethanol or twenty (20) percent biodiesel using the PSTD notification form. These forms are available at the OCC website, PST Division webpage: www.occeweb.com follow link to Petroleum Storage Tank Division and link to PST Compliance Forms.

PART 9. RECORDKEEPING

165:26-1-55. Availability of records

- (a) Owners and operators of regulated aboveground storage tank systems must cooperate with PSTD requests for submission of inventory and monitoring records. All leak detection records, including sampling, testing, inventory and monitoring records must be available for each tank for at least the preceding twelve months. Copies of all records required pursuant to this Chapter must be kept at the facility and available for immediate inspection by the PSTD Fuel Specialist or be readily available upon request.
- (b) Failure to have the required records available when requested by PSTD may result in an enforcement action.
- (c) Release detection records must be maintained for a minimum of three (3) years on forms specified by PSTD.
- (d) When a change in an owner or operator of a petroleum storage tank system occurs, all records required by PSTD must be transferred at no cost to the new owner or operator.
- (e) Each owner/operator must provide written notice of any address change within 30 days to the PSTD office.

165:26-1-58. Release detection and corrosion protection records

- (a) Owners and operators of regulated aboveground storage tank systems must maintain release detection records for a minimum of ~~one year~~three (3) years.

- (b) Owners and operators of regulated aboveground storage tank systems who use cathodic protection ("CP") must maintain the following records:

- (1) Original cathodic protection design created in accordance with National Association of Corrosion Engineers (NACE) recommended practices with drawings depicting all of the CP system components and a description of the materials used.
- (2) Suitability study performed to determine if a tank could be upgraded with corrosion protection.
- (3) Rectifier readings for impressed current systems conducted at least every 60 days.
- (4) Results of the last three inspections or CP system tests completed by a corrosion tester.

PART 13. SHUTDOWN OF OPERATIONS

165:26-1-90. Shutdown of operations

- (a) PSTD may close (shut down) a system:
 - (1) If the system poses an imminent threat to health, safety, or the environment.
 - (2) If the owner or operator is operating tanks for which permit fees have not been paid.
 - (3) If the owner or operator fails to comply with a Commission requirement or order.
 - (4) For failure to properly install, operate and/or maintain leak detection, spill, overfill, or corrosion equipment if the owner/operator has been issued a written notice of violation and has failed to take corrective action.
 - (5) Failure to protect a buried metal flexible connector from corrosion if the owner/operator has been issued a written notice of violation and has failed to take corrective action.
 - (6) Failure to perform, maintain, have readily available or present records for the previous twelve (12) months.
 - (7) Tampering with equipment.
- (b) PSTD must close (shut down) a system:
 - (1) If required spill prevention equipment is not installed.
 - (2) If required overfill protection equipment is not installed.
 - (3) If required leak detection equipment is not installed.
 - (4) If required corrosion equipment is not installed.
 - (5) If 2" or more of water is found in the tank where conventional gasoline or diesel fuel is stored and if 1/2 " or more of water is found in the tank of gasoline blended with alcohols, E85 fuel ethanol, or diesel blended with biodiesel.
 - (6) If meter is found to be off in calibration by more than -15 cubic inches per every 5 gallons.
 - (7) If a Fuel Specialist makes two (2) scheduled visits to a facility and the violation(s) is not corrected.
- (c) Only PSTD designated employees have the authority to lock or seal dispensers and/or fill pipes of any system violating subsection (a) or (b) of this Section. The PSTD employee must explain to the owner or operator the reason the AST system is being locked or sealed.

(d) The PSTD "Out of Order" tag attached to each fill pipe of the tank(s) in violation shall serve to clearly identify the tank(s) as ineligible for delivery, deposit, or acceptance of product. Tank owners/operators and product deliverers are responsible for ensuring that product is not delivered into the tagged tank(s).

(e) Owners, operators, or any persons who remove a lock or seal without permission from PSTD will be subject to penalties imposed by this Chapter, or formal enforcement proceedings.

(f) Upon confirmation that the AST system no longer poses an imminent threat to health, safety, or the environment, permit fees paid, violation(s) corrected, or Commission order requirements satisfied, the authority to remove a lock or seal by the owner or operator may be obtained as follows:

- (1) Written permission from the PSTD employee who placed the lock or seal on the device; or
- (2) Verbal or written permission from the Manager of Compliance and Inspection; or
- (3) Application to and order of the Commission.

(g) If a facility is closed under the provisions of this Section, the owner or operator of the facility will be afforded a hearing within ten (10) days of receipt by PSTD of the owner's or operator's application for a hearing.

PART 17. OPERATOR TRAINING [REVOKED]

165:26-1-130. Training requirements [REVOKED]

~~Each aboveground storage tank system or group of aboveground storage tank systems at a facility may have a Class A, Class B, and Class C operator designated. Separate individuals may be designated for each class of operator or an individual may be designated to more than one of the operator classes.~~

165:26-1-132. Operator Class designations [REVOKED]

~~(a) A Class A operator has primary responsibility to operate and maintain the aboveground storage tank system in the broader aspects of the statutory and regulatory requirements to achieve and maintain compliance.~~

~~(b) A Class B operator implements applicable requirements and standards for one or more facilities to monitor day to day aspects of operation and recordkeeping.~~

~~(c) A Class C operator is an onsite employee responsible for responding to alarms or emergencies caused by spills or release from aboveground storage tank systems.~~

SUBCHAPTER 2. GENERAL REQUIREMENTS FOR ABOVEGROUND STORAGE TANK SYSTEMS

PART 1. DESIGN AND INSTALLATION

165:26-2-5.1. General spill and overflow prevention requirements

(a) Owners and operators of aboveground storage tank systems, as well as those who transport regulated substances to these systems must do everything reasonably possible to ensure that releases due to spilling and overfilling do not occur.

(b) Tanks with a fill pipe must be filled through a liquid tight connection mounted inside at least a 5 gallon spill container. A spill bucket is not required if the fill pipe is located within the containment dike. Where an aboveground tank is filled by means of fixed piping, either a check valve and shutoff valve with a quick-connect coupling or a check valve with a dry-break coupling shall be installed in the piping at a point where connection and disconnection is made inside the spill containment between the tank and the delivery vehicle. This device shall be protected from tampering and physical damage. Tampering with equipment is not permitted. Any violation of this section may result in fines, enforcement action and/or shutdown of operations.

(c) ~~One~~For existing aboveground storage tank systems installed after July 1, 2007 any one of the following methods must be used to prevent overfilling.

(1) High liquid level alarms with an audible or visual signal that alerts personnel when the tank reaches 90% capacity at a constantly attended operation or surveillance station.

(2) High liquid level pump cutoff devices set to stop flow at a predetermined container content level.

(3) Direct audible or code signal communication between the container gauger and the pumping station.

(4) A fast response system for determining the liquid level of each bulk storage container such as digital computers, telepulse, or direct vision gauges. If this alternative is used a second person must be present to monitor gauges and the overall filling of the tank.

(d) For installations after October 13, 2018, a fill valve which automatically stops delivery of liquid when the tank reaches 95% capacity in addition to one of the following methods must be used to prevent overfilling.

(1) High liquid level alarms with an audible or visual signal that alerts personnel when tank reaches 90% capacity at a constantly attended operation or surveillance station.

(2) Direct audible or code signal communication between the container gauger and the pumping station.

(3) A fast response system for determining the liquid level of each bulk storage container such as digital computers, telepulse, or direct vision gauges. If this alternative is used, a second person must be present to monitor gauges and the overall filling of the tank.

(~~d~~e) Liquid level sensing devices must be tested at least annually to ensure proper operation.

(~~e~~f) Means shall be provided for determining the liquid level in each tank and this means shall be accessible to the delivery operator. Tank filling shall not begin until the delivery operator has determined that the tank has sufficient available capacity (ullage).

Permanent Final Adoptions

165:26-2-6. Vent piping requirements

(a) For installations after October 13, 2018, each tank and each compartment of a compartment tank shall have both normal and emergency venting. The vent opening shall be in addition to the fill, withdrawal, and liquid level gauge opening.

(ab) Normal vents must be sized in accordance with either:

- (1) UL new tank manufacturing standards
- (2) API new tank manufacturing standards
- (43) API 2000, Venting Atmospheric and Low-Pressure Storage Tanks, or
- (24) Other accepted standards; or
- (35) Must be at least as large as the filling or withdrawal connection, whichever is larger, but in no case less than 1 1/4 in. (7 centimeters) nominal inside diameter.

(c) Emergency vents must be sized in accordance with either:

- (1) UL new manufacturing standards
- (2) API new tank manufacturing standards
- (3) API 2000, Venting Atmospheric and Low-Pressure Storage Tanks, or
- (4) Appendix I, or
- (5) Other accepted standards.

(bd) Where vent pipe outlets for tanks storing Class I liquids are adjacent to buildings or public ways, they must be located so that the vapors are released at a safe point outside of buildings and not less than 12 ft. (3.6 meters) above the adjacent ground level.

(ee) In order to aid in dispersion, vapors must be discharged upward. Vent outlets must be located so that flammable vapors will not be trapped by eaves or other obstructions and be at least 5 ft. (1.5 meters) from building openings.

(ef) Vent pipes that are provided for normal tank venting must extend at least 12 ft. (3.6 meters) above ground level or 5 ft. above the roof line at the highest point of attachment.

(g) Total venting capacity must be sized in accordance with:

- (1) UL new manufacturing standards
- (2) API new manufacturing standards
- (3) Wetted area calculations per tank design, and
- (4) Appendix I, or
- (5) Other approved method.

165:26-2-8. Installation testing

(a) A tightness test must be completed on tank and lines during construction and before being put into service after the lines have been covered.

(1) All aboveground storage tanks must be tested to manufacturers instructions. Single-wall tanks shall be air tested, soaped, and inspected for bubbling prior to installation.

(2) Aboveground product piping shall be subjected to ~~an~~ air test of at least 50 psi. The test must have a duration of not less than 60 minutes. All piping joints must be soaped while the system is under pressure, in order to detect any possible leaks. The interstice area of double-wall piping must be tested according to the manufacturer's instructions.

(3) All suction product piping must be tested while disconnected from the pumps, and dispensing units. The

piping must be subjected to an air test of at least 50 psi. The test must have a duration of not less than 60 minutes. All piping joints must be soaped while the system is under pressure, in order to detect any possible leaks. The interstice area of double-wall piping must be tested according to the manufacturer's instructions

(4) All pressurized piping must be tested while connected to tanks, pumps and dispensing units if installed at the time of installation. The piping must be subjected to an air test of at least 50 psi. The test must have a duration of not less than 60 minutes. All piping joints must be soaped while the system is under pressure, in order to detect any possible leaks. The interstice area of double-wall piping must be tested according to the manufacturer's instructions.

(5) All piping should be air tested and monitored continuously during the installation.

(6) All underground pressurized and suction piping must have a precision tightness test performed after all paving over the piping has been completed and before the system is placed in operation. The precision tightness test must be performed by a certified tester, and in accordance with manufacturer's instructions. The product line(s) must be hydrostatic tested by a NWGLDE approved testing device capable of detecting a leak of 0.10 gallons per hour with a test pressure of 50 psi or 1½ times the operating pressure, whichever is greater. The lines must be tested for a minimum of one hour.

(7) Mechanical and electronic leak detector(s) must be tested for function by simulating a leak and operate in accordance with manufacturer's instructions.

(8) If an ATG system with electronic line leak detector(s) is installed it must complete a leak detector test in each of the modes in which it is certified as capable of detecting a leak (e.g. 3gph, 0.2gph, and 0.1gph).

(9) Containment sumps must be tested after all piping and conduit has been installed ~~by filling sumps with water and monitoring the liquid level for an 8 hour period by using vacuum, pressure, or liquid testing in accordance with one of the following criteria:~~

(A) Requirements developed by the manufacturer (owners and operators may use this option only if the manufacturer has developed requirements);

(B) Code of practice developed by a nationally recognized association or independent testing laboratory, e.g., PEI RP 1200.

PART 4. REQUIREMENTS FOR CORROSION PROTECTION SYSTEMS

165:26-2-40. Corrosion protection

(a) Any portion of a tank or its piping system that is in contact with the soil must be protected from corrosion by a properly engineered, installed and maintained cathodic protection system in accordance with recognized standards of design, such as:

- (1) American Petroleum Institute Publication 1632-2002, Cathodic Protection of Underground Petroleum Storage Tanks and Piping Systems;
 - (2) National Association of Corrosion Engineers Standard RP0193-2001, Recommended Practice of External Cathodic Protection of On-Grade Metallic Storage Tank Bottoms;
 - (3) National Association of Corrosion Engineers Standard SP0169-2013, Control of External Corrosion of Underground or Submerged Metallic Piping Systems;
 - (4) National Association of Corrosion Engineers Standard SP0285-2011, Control of External Corrosion on Metallic Buried, Partially Buried, or Submerged Liquid Storage Systems; and
- (b) Approved or listed corrosion-resistant materials or systems include special alloys, fiberglass reinforced plastic, or fiberglass reinforced plastic coatings.
 - (c) Piping systems for liquids, both aboveground and underground, that are subject to external corrosion must be protected.

PART 5. PIPING

165:26-2-52. Piping and gravity flow

Where tanks are at an elevation that produces a gravity head on the dispensing device, the tank outlet must be equipped with ~~an anti-siphon~~ device such as a solenoid valve, positioned adjacent to and downstream from the emergency valve, installed and adjusted so that liquid cannot flow by gravity from the tank in case of piping or hose failure when the dispenser is not in use.

165:26-2-53. Valves on piping

- (a) If a submersible pump system is used, a UL listed emergency shutoff/shear valve must be installed at each dispensing device. Both the emergency shutoff/shear valve and dispensing device shall be rigidly anchored in place.
- (b) If a suction pump-type dispensing device is used, a UL listed, vacuum-actuated shutoff/shear valve or equivalent-type valve must be installed directly under each dispensing device. Both the shut off/shear valve and dispensing device shall be rigidly anchored in place. Tanks installed in below-grade vaults are not required to comply with this requirement.
- (c) Manual shutoff and check valves must be equipped with a pressure-relieving device that will relieve the pressure generated by thermal expansion back to the tank. Manual shutoff valves that are normally open and only closed for maintenance do not require a pressure relieving device.
- (d) Each ~~outlet~~ connection to an aboveground tank through which liquid can normally flow must be provided with an internal or an external emergency fire valve located as close as practical to the shell of the tank or submerged pump. The fill line may be equipped with a check valve made of steel or nodular iron rather than a fire valve. The steel check valve must be installed upstream of the block valve on fill lines if a fire valve is not installed.

- (e) An anti-siphon or solenoid valve must be installed on each supply line according to manufacturer guidance and recognized industry standards.
- (f) A manual shut off or ball valve must be installed on each supply line according to manufacturer guidance and recognized industry standards.
- (g) All valves must meet the construction criteria of 165:26-2-54.

PART 7. VAULT REQUIREMENTS

165:26-2-71. Vaults

A vault is ~~a superior installation system that is not required. When used they are~~ allowed above or below grade and must meet NFPA 30 and NFPA 30A requirements.

PART 9. DISPENSER REQUIREMENTS

165:26-2-91. Dispensers

- (a) Liquids must be transferred from storage tanks by means of fixed pumps designed and equipped to allow control of the flow and prevent leakage or accidental discharge.
- (b) Dispensing devices for Class I and Class II liquids must be listed.
 - (1) Existing listed or labeled dispensing devices may be modified provided the modifications made are "Listed by Report" by an approved testing laboratory or as otherwise approved by PSTD.
 - (2) Modification proposals must contain a description of the component parts used in the modification and the recommended methods of installation on specific dispensing devices, and they must be made available to PSTD upon request.
- (c) A control must be provided that will permit the pump to operate only when a dispensing nozzle is removed from its bracket or normal position with respect to the dispensing device and only when the switch on this dispensing device is manually actuated. This control must also stop the pump when all nozzles have been returned either to their brackets or to the normal non-dispensing position.
- (d) A listed emergency breakaway device designed to retain liquid on both sides of the breakaway point must be installed on each hose dispensing any class of liquids. These devices must be installed and maintained in accordance with the manufacturer's instructions. Where hoses are attached to a hose-retrieving mechanism, the listed emergency breakaway device must be installed between the point of attachment of the hose-retrieving mechanism to the hose and the hose nozzle valve.
- (e) All gasoline, gasoline-alcohol blends, gasoline-ether blends, E85 Fuel ethanol, and M85 methanol dispensers located at retail facilities shall have a 10 micron or smaller nominal pore-sized filter. All biodiesel, biodiesel blends, diesel, and kerosene dispensers located at retail facilities shall have a 30 micron or smaller nominal pore-sized filter.

Permanent Final Adoptions

(f) Dispensers at new installations that are connected to aboveground piping must have ~~containment~~ or sumps underneath the dispensers and be monitored.

PART 21. REMOVAL AND CLOSURE OF ABOVEGROUND STORAGE TANK SYSTEMS

165:26-2-214. Assessing the site at tank closure or change in service

- (a) Before permanent closure or a change in service is completed, the owner or operator must measure for the presence of a release where contamination is most likely to be present at the aboveground storage tank system site. Please refer to the PSTD ~~AST~~ sampling ~~guidance~~ document when choosing sample locations.
- (b) For tank systems containing petroleum product, analyses must be done for both TPH and BTEX.
- (c) If contaminated soils, contaminated groundwater, or free product as a liquid or vapor is discovered, the owner must immediately begin corrective action in accordance with Chapter 29 of Commission rules.
- (d) Any sampling at closures must be conducted under the supervision of a Licensed Environmental Consultant.
- (e) The requirements of this Section do not apply to aboveground storage tanks which are located in or on buildings.

SUBCHAPTER 3. RELEASE PREVENTION AND DETECTION

PART 14. RELEASE REPORTING REQUIREMENTS

165:26-3-77. Release reporting

- (a) The reporting requirements of this Part do not relieve the owner or operator of the responsibility to take necessary corrective action pursuant to Chapter 29 of Commission rules to protect the public health, safety and the environment, including the containment and cleanup of spills and overfills that are not required to be reported by this Chapter. No person shall allow a confirmed or suspected release of regulated substances from an aboveground storage tank system to continue without reporting or initiating an investigation within 24 hours of discovery as required by this Chapter. Owners and operators of aboveground storage tank systems, as well as persons who transport regulated substances must ensure that spills and overfills do not occur.
- (b) All aboveground storage tank system owners, operators, their employees or agents, or transporters must report any of the following events to PSTD by telephone at (405) 521-4683 or toll free at 1-888-621-5878 (if after hours or on weekends or holidays, call the PSTD emergency phone number at (405) 823-0994) within 24 hours of discovery of any of the following situations. Owners or operators must provide written confirmation to follow within 20 days in accordance with the

requirements established in this Chapter. Qualifying events include:

- (1) The discovery of released regulated substances at the aboveground storage tank system facility or in the surrounding area (such as the presence of free product or vapors in soils, basements, crawlspaces, sewer and utility lines, and nearby surface water);
 - (2) Any unusual operating conditions observed by owners and/or operators, such as the unexplained erratic behavior of product dispensing equipment, the sudden loss of product from the aboveground storage tank system, or an unexplained presence of water in the tank, unless system equipment is found to be defective but not leaking, and is immediately repaired or replaced.
 - (3) In the case of inventory control, two consecutive months where the Total Gallons Over/Short is greater than the "Leak Check" (1 percent of product sales plus 130 gallons) must be reported to PSTD within 24 hours of the owner or operator discovering the inventory control results.
 - (4) Monitoring results from a release detection method required by this Chapter that indicate a release may have occurred unless the monitoring device is found to be defective, and is immediately repaired, recalibrated, or replaced, and additional monitoring does not confirm the initial result.
- (c) While aboveground releases of petroleum of less than 25 gallons need not be reported, they must be recorded by the owner or operator and contained and cleaned up immediately. All of the following releases must be reported by telephone within 24 hours of discovery, with a written confirmation to follow within 20 days in accordance with the requirements established in this Chapter:
- (1) All known belowground releases in any quantity; for example, a release resulting from a line broken during an excavation.
 - (2) Any aboveground release of petroleum greater than 25 gallons.
 - (3) Any aboveground release of petroleum that is less than 25 gallons, but cannot be contained and cleaned up within 24 hours.
- (d) All owners and/or operators of aboveground storage tank systems must maintain records of all reportable and non-reportable events listed in this section sufficient to permit adequate inspection and review by PSTD. These records must be kept for 3 years following the date of the event.
- (e) If any of the possible, probable or definite release conditions in subsections (a) through (c) above are not reported within 24 hours, the owner or operator must be prepared to provide documentation or evidence that would reasonably indicate why knowledge of release conditions or monitoring results was delayed.

SUBCHAPTER 8. REQUIREMENTS FOR ABOVEGROUND STORAGE TANK SYSTEMS UTILIZED BY MARINAS

PART 9. OVER-WATER PIPING REQUIREMENTS

165:26-8-40.2. Installation requirements for over-water piping

(a) Steel piping.

- (1) Piping shall be installed with proper support and strain relief in order to eliminate the physical stress on the piping and piping connections caused by the constant movement of the water and floating dock. Fuel piping and electrical conduit shall be rigidly attached to the dock before the piping enters the sump area, in order to prevent strain on the entry boots and primary pipe fittings.
- (2) Steel flex connectors must be used between the shore piping and the piping on the floating structure and between separate sections of the floating structure to allow for movement of the dock and changes in water levels.
- (3) Onshore piping must be rigidly anchored in place to prevent movement when water levels are elevated.
- (4) A listed emergency breakaway device designed to retain liquid on both sides of the breakaway point must be installed on each line serving the dock. The breakaway device shall be located where the dock piping will separate from the shore or secured ramp piping. The piping shall be secured at both ends of the breakaway device so that the piping will withstand the forces and pressures exerted upon it.
- (5) There must be a normally closed explosion proof solenoid valve with built-in pressure relief or a normally closed explosion proof solenoid valve and a pressure relief valve installed in each product line at the shoreline.
- (6) A ball valve must be installed at the shoreline in order to manually shut off the flow of fuel.
- (7) Containment sumps must be installed under all dispensers and monitored with sensors. If a pressure system is used all sump sensors must automatically control the electricity to both the solenoid valves and submerged pump. If a suction system is used the sump sensors should automatically control the electricity to both the solenoid valve and suction pump motor.
- (8) If the onshore piping is double walled a transition sump is required at the shoreline in order to contain a release from the onshore piping. The transition sump must contain the ball valve and solenoid valve and be rigidly anchored in place.

(b) Double walled piping.

- (1) Double walled piping must be installed according to the double wall piping manufacturer recommendations.
- (2) All double walled piping installed above the water shall be enclosed inside a rigid metal chase or conduit except at joints requiring flexibility. A flexible metal conduit can be used between shore piping and piping on the floating structure or between separate sections of the floating structure to allow for movement of the dock and changes in water levels. Both the rigid and flexible metal chase/conduit must shield the fuel pipe from damage by fire and in itself be fire resistant.

- (3) Due to the constant movement of the water and the floating dock, piping shall be installed with proper support and strain relief in order to eliminate the physical stress on the piping and piping connections. Fuel piping and electrical conduit shall be rigidly attached to the dock before the piping enters the sump area, in order to prevent strain on the entry boots and primary pipe fittings.
- (4) Onshore piping must be rigidly anchored in place to prevent movement when water levels are elevated.
- (5) A listed emergency breakaway device designed to retain liquid on both sides of the breakaway point must be installed on each line serving the dock. The breakaway device shall be located where the dock piping will separate from the shore or secured ramp piping. The piping shall be secured at both ends of the breakaway device so that the piping will withstand the forces and pressures exerted upon it.
- (6) There must be a normally closed explosion proof solenoid valve with built-in pressure relief or a normally closed explosion proof solenoid valve and a pressure relief valve installed in each product line at the shoreline.
- (7) A ball valve must be installed at the shoreline in order to manually shut off the flow of fuel. It must be installed so that it is accessible to the operator at all water levels.
- (8) Containment sumps must be installed under all dispensers and monitored with sensors. If a pressure system is used all sump sensors must automatically control the electricity to both the solenoid valves and submerged pump. If a suction system is used the sump sensors should automatically control the electricity to both the solenoid valve and suction pump motor.
- (9) A transition sump must be rigidly anchored in place either on the dock or at the shoreline. The transition sump must contain the ball valve, solenoid valve, and emergency breakaway device. The transition sump must be either monitored with a sensor or a bypass tube must be used in order to divert a leak from the transition sump to the dispenser sump where it would be detected by a sensor.

[OAR Docket #17-503; filed 6-23-17]

**TITLE 165. OKLAHOMA CORPORATION COMMISSION
CHAPTER 27. INDEMNITY FUND**

[OAR Docket #17-504]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

- Subchapter 1. General Provisions
- 165:27-1-2. Definitions [AMENDED]
- Subchapter 7. Reimbursement
- 165:27-7-2. Reimbursement [AMENDED]

AUTHORITY:

The Commission's statutory authority is found in Article IX, Section 18 of the Oklahoma Constitution, and 17 O.S. §§ 52, 350 et seq.

Permanent Final Adoptions

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2013-34, the proposed rules were submitted to the Governor and Cabinet Secretary on September 21, 2016.

COMMENT PERIOD:

September 20, 2016 to December 23, 2016

PUBLIC HEARING:

January 24, 2017

ADOPTION:

January 24, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

February 1, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 13, 2017

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

September 11, 2017

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

n/a

GIST/ANALYSIS:

OAC 165:27-1-2 is amended to expand and clarify what constitutes a confirmed release, an eligible release, and a suspicion of release; and to provide a definition for an electronic signature. OAC 165:27-7-2 is amended to allow for online submission of documents and payment of claims through electronic funds transfers (EFT's).

CONTACT PERSON:

Travis Weedn, Senior Attorney, Office of General Counsel, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, (405)521-4137, t.weedn@occcemail.com.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

165:27-1-2. Definitions

In addition to the terms defined in 17 O.S. Sections 303, 352, and in OAC 165:25-1-11, 165:26-1-2, and 165:29-1-11 the following words or terms, when used in this Chapter, are the Commission's interpretation of enabling statutes and shall have the following meaning unless the context clearly indicates otherwise:

"Actual physical damage" means those damages to real and personal property directly related to corrective action performed on a release of petroleum from a Commission regulated storage tank system. Personal property damage is limited to the replacement value of the personal property less depreciation. Real property damage is limited to the lesser of the property value or diminution in property value directly associated with a release of regulated substances from a Commission regulated storage tank system. In no event will the Indemnity Fund reimburse speculative damages, inferred damages, unrealized damages or any other damages where damage costs are not actually incurred, paid, or otherwise established to the Commission's satisfaction. The burden of proof shall be

upon the person seeking compensation from actual physical damages.

"Administrative Application" means an Application for eligibility and reimbursement made to the Commission by the Director of the Petroleum Storage Tank Division on behalf of an unavailable or unwilling Applicant to facilitate meeting the Program's obligation to protecting public health, safety and welfare.

"Agent" means a person authorized by another to act on their behalf, either out of employment or contract.

"Allowable Costs" means costs that are reasonable, integral and necessary to corrective action.

"Assignment of Benefits" means a written directive from the Applicant of Record instructing the PSTD Indemnity Fund to pay reimbursement directly to the named Assignee.

"Assignment of Rights" (aka "Limited Power of Attorney") means a transfer of authority granting the Assignee the legal right to act on the Assignee's behalf for specified matters.

"Associated costs" means expenses that are not integral to the corrective action and not subject to reimbursement.

"Chemicals of Concern ("COC")" means chemicals that may pose a threat to human health and the environment.

"Claim or Claims" means a properly submitted request for reimbursement from the Fund for an SOR or eligible case when the co-pay is paid.

"Closed file" means a file for which final resolution has been made of all invoices submitted for corrective action taken under an application for reimbursement from the Indemnity Fund.

"Commission or OCC" means the Oklahoma Corporation Commission.

"Confirmed Release" means a release of petroleum a regulated substance from a regulated storage tank system resulting in levels of chemicals of concern in native soils and/or groundwater that exceed state action levels-free product, contaminated soils or groundwater that exceed state action levels, organic vapor readings significantly above background levels, petroleum staining or odors or any other indication that a release has occurred that could be harmful to human health, safety or the environment and to which a PSTD case number is assigned and further corrective action is required.

"Contamination" means pollution in the native environment caused by a release of a regulated substance above action levels for that substance as set by the Commission.

"Disbursement" includes all monies, actually paid, expended, encumbered, reserved or attributable to a reimbursable event(s).

"Dispenser" means equipment, gauge(s), hose(s), nozzle(s), immediately associated pipe or fittings and other such appurtenances located aboveground and intended for dispensing PSTD-regulated substances from a tank system.

"Electronic signature" means any information in digital form that is included in or logically associated with an electronic document for the purpose of expressing the same meaning and intention as would a handwritten signature if affixed to an equivalent paper document with the same reference to the same content.

"Eligible Person" means the party who has made application to the Indemnity Fund and met applicable criteria to become eligible to receive reimbursement on an OCC confirmed release, and who has been issued an Eligibility Letter from the Indemnity Fund. An eligible person may be an impacted party or adjacent owner.

"Eligible Release" means a suspicion of release or confirmed release of a petroleum product that qualifies for Indemnity Fund reimbursement once Fund eligibility and/or reimbursement, and generally includes only those products and/or a release from a storage tank system regulated by the OCC has been determined.

"Fund" means the Petroleum Storage Tank Indemnity Fund.

"Impacted Party" means an owner whose property has been impacted by a release from an on-site or off-site petroleum storage tank system that was never owned or operated by the impacted party and who has no OCC regulatory responsibility. An Impacted Party can apply for Fund eligibility and reimbursement, and the Fund deductible is not applicable.

"Investigation" means activities taken to identify, confirm, monitor or delineate the physical extent of a release and which result in the selection of an appropriate means to remediate a release and specific design criteria for such remediation upon currently used costing programs and/or reasonable competitive bids.

"Licensed Environmental Consultant" means an individual who has a current license issued by the PSTD to perform corrective action.

"Medical injury(ies)" means actual physical injury to a person in which medical costs have been incurred in association with the diagnosis and treatment of a physical injury directly caused by corrective action performed on a release of petroleum from a Commission regulated storage tank system.

"Occurrence" means the release of a PSTD regulated substance into the soil or groundwater. Each PSTD regulated substance will be treated as one occurrence regardless of the composition of the substance released. Separate occurrences of the same PSTD regulated substance may be allowed if evidence establishes the PSTD regulated substance occurred in two different tank system locations, are separated by time, or both.

"Pay for Performance (PFP)" means a process where an environmental consulting company (Consultant) guarantees by contract that a release of a regulated substance will be remediated to Chemicals of Concern (COC) levels agreed to by the PSTD, the Consultant and tank owner/operator that are protective of human health, safety and the environment. This performance-based process encompasses several steps, but is not limited to the contract signed by an officer/owner of the environmental consulting company, the applicant and the Administrator of the Indemnity Fund and an agreed to reasonable price. Scheduled payments are distributed only as performance-based goals are attained.

"Petroleum storage tank system" means a closed-plumbed system including storage tank(s), line(s) and dispenser(s) for a given product, e.g. a facility site can have a gasoline and a diesel system, or systems for different grades

of gasoline, or even separate systems for the same grade of gasoline. It also includes a transport truck when attached to a tank system, and a used oil tank.

"PSTD" means Petroleum Storage Tank Division, or Division.

"Purchase Order" means a document submitted to PSTD online to obtain pre-approval by PSTD of a scope of work and the costs associated with the scope of work.

"Reimbursement" means repayment of a claim to a qualified Claimant or Assignee, or for an Administrative Application, or for such a claim submitted on behalf of a qualified Claimant, for incurred allowable costs resulting from an eligible release.

"Remedial Action Plan" means a plan implementing the required and approved remediation.

"Remediation" means the process or technique used to reduce concentration levels of regulated substances in the soil and groundwater, and/ or to reduce the presence of free product in the environment to levels that are protective of human health, safety and the environment.

"Site assessment" means a multi-step process designed to determine if a site has possibly been impacted by an amount of regulated substance(s).

"Site characterization" means a report submitted to the Commission that defines the extent of the contamination. The report should include, as a minimum, all things required by Chapter 29 of Commission rules for such a report.

"Suspicion of Release" ("SOR") means preliminary investigative work ~~performed under a PSTD Purchase Order~~ to determine if a release of a regulated substance has occurred. ~~A modified eligibility process for a SOR is required.~~

"Work Plan" means a proposed scope of work submitted online to implement corrective action.

SUBCHAPTER 7. REIMBURSEMENT

165:27-7-2. Reimbursement

(a) Among other requirements an eligible person for reimbursement is required to show:

- (1) Allowable costs were incurred on or after December 23, 1988.
- (2) The PSTD has determined that the release or suspicion of release may pose a threat to human health or the environment.
- (3) The eligible person has fully cooperated with PSTD in responding to the release.

(b) The Petroleum Storage Tank Division will reimburse from the Indemnity Fund an eligible person, with an eligible release from an eligible tank system allowable costs in excess of 1% co-pay not to exceed Five Thousand Dollars (\$5,000.00) but not more than:

- (1) One million five hundred thousand dollars (\$1,500,000.00) per occurrence providing the storage tank is used in petroleum marketing or if the system has a throughput in excess of ten thousand (10,000) gallons per month based on annual throughput for the previous calendar year, (throughput to be established by clear and

Permanent Final Adoptions

convincing documentary records that are deemed sufficient by PSTD staff) and

- (A) Two million dollars (\$2,000,000.00) annual aggregate for owners of one to one hundred storage tank systems, or
 - (B) Three million dollars (\$3,000,000.00) annual aggregate for owners with more than one hundred storage tank systems or,
- (2) Five hundred thousand dollars (\$500,000.00) per occurrence providing the system is not used in petroleum marketing, or if the storage tank system has a throughput of ten thousand (10,000) gallons or less per month based on annual throughput for the previous calendar year, and
- (A) Two million dollars (\$2,000,000.00) annual aggregate for owners of one to one hundred storage tank systems or,
 - (B) Three million dollars (\$3,000,000.00) for owners with more than one hundred storage tank systems.
- (c) Reimbursement shall not be made from the Indemnity Fund pursuant to this Section until the Indemnity Fund Program has determined that the costs for which reimbursement is requested were incurred on behalf of an eligible person, of an eligible release from an eligible tank system and were reasonable, integral and necessary.
- (d) Releases that occurred prior to June 4, 2004, shall not receive reimbursement until the \$5,000.00 co-pay has been prepaid or a payment arrangement concerning the co-pay has been agreed to by PSTD and significant compliance with the payment agreement is achieved.
- (e) All corrective action or assessment costs incurred shall be subject to reimbursement in accordance with unit cost pricing recommended by the Unit Cost Committee as approved by the PSTD Director and any adaptations, amendments or changes thereto.
- (f) All corrective action costs incurred shall be subject to reimbursement that is deemed allowable, fair and reasonable by the PSTD.
- (g) ~~When~~ the technology is available, PSTD will accept online submissions of documents meeting PSTD rules and requirements.

(h) When the technology is available, payment of Indemnity Fund claims may be in the form of Electronic Funds Transfer ("EFT").

[OAR Docket #17-504; filed 6-23-17]

TITLE 165. CORPORATION COMMISSION CHAPTER 29. CORRECTIVE ACTION OF PETROLEUM STORAGE TANK RELEASES

[OAR Docket #17-505]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

Subchapter 1. General Provisions
Part 3. Definitions
165:29-1-11. Definitions [AMENDED]
Part 7. National Industry Codes

165:29-1-31. Sources of standards [AMENDED]
165:29-1-32. Incorporated codes and standards [AMENDED]
Subchapter 3. Release Prevention, Detection and Correction
Part 1. Release Prohibition, Reporting, and Investigation
165:29-3-3. Release investigation; confirmed release; suspected release; emergency suspected release and release reporting [AMENDED]

AUTHORITY:

The Commission's statutory authority is found in Article IX, Section 18 of the Oklahoma Constitution, and 17 O.S. §§ 52, 301 et seq., 305, 306, 307, 321.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2013-34, the proposed rules were submitted to the Governor and Cabinet Secretary on September 21, 2016.

COMMENT PERIOD:

September 20, 2016 to December 23, 2016

PUBLIC HEARING:

January 24, 2017

ADOPTION:

January 24, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

February 1, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 13, 2017

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

September 11, 2017

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

Incorporated standards:

National Ground Water Association, 601 Dempsey Road, Westerville, Ohio, 43081, (800) 551-7379.

American Petroleum Institute (API): Publication 2200, 2015, "Repairing Crude Oil, Liquefied Petroleum Gas, and Product Pipelines," 4th Edition; Publication 2015, 2014, "Requirements for Safe Entry and Cleaning of Petroleum Storage Tanks."

Underwriter's Laboratory (UL): Standard UL567, 2014, "Emergency Breakaway Fittings, Swivel Connectors and Pipe-Connection Fittings for Petroleum Products and LP-Gas."

National Groundwater Association, 1986, "RCRA Ground Water Monitoring Technical Enforcement Guidance Document (TEGD).

Incorporating rules:

165:29-1-31

165:29-1-32

Availability:

8:00 am to 4:30 pm, Monday through Friday at Oklahoma Corporation Commission, Office of Petroleum Storage Tank Division, 4th Floor, Jim Thorpe Office Building, 2101 N Lincoln Blvd., Oklahoma City, OK 73152-2000, 405-521-4683.

GIST/ANALYSIS:

OAC 165:29-1-11 is amended to refine the definition of a confirmed release and a suspicion of release, add a definition for electronic signature, delete hazardous substances language, and expand the definition of release to more closely match the federal definition in 40 CFR 280.12. OAC 165:29-1-31 amends "National Ground Water Association" to the current iteration of its name. OAC 165:29-1-32 is amended to update standards to the current edition as provided in 75 O.S. § 251, and to correct the name of the association. OAC 165:29-3-3 is amended to incorporate the federal requirements for release investigation for interstitial integrity testing where appropriate, pursuant to 40 CFR 280.50; and to expand and clarify what constitutes a confirmed release and a system test.

CONTACT PERSON:

Zach Duvall, Assistant General Counsel, Office of General Counsel, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, (405)521-4749, z.duvall@occcemail.com.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,**

SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

PART 3. DEFINITIONS

165:29-1-11. Definitions

In addition to the terms defined in 17 O.S. § 303, the following words or terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"ANSI" means the American National Standards Institute.

"API" means the American Petroleum Institute.

"ASTM" means the American Society for Testing and Materials.

"Abandoned system" means a storage tank system that has not been removed but has been taken out of service and is not intended to be returned to service, or that has been rendered permanently unfit for use as determined by the Commission, including all tanks closed prior to April 21, 1989.

"Aboveground release" means any release to the surface of the land or to surface water. It includes, but is not limited to, releases from the aboveground portion of an underground storage tank system and aboveground releases associated with overfills and transfer operations as the regulated substance moves to or from an underground storage tank system.

"Agent" means a person authorized by another to act on their behalf, either out of employment or contract.

"Aquifer" means a formation that contains sufficient saturated, permeable material to yield significant quantities of water to wells and springs. This implies an ability to store and transmit water for beneficial uses.

"Ancillary equipment" means any device including, but not limited to, devices such as piping, fittings, flanges, valves, and pumps that are used to distribute, meter, or control the flow of regulated substances to or from a petroleum storage tank.

"Backfill" refers to only the material placed in the excavation zone to support the petroleum storage tank system.

"Belowground release" means any release to the subsurface of the land or to groundwater. It includes, but is not limited to, releases from belowground portions of petroleum storage tank systems and belowground releases associated with overfills and transfer operations as the regulated substance moves to or from underground storage tank systems. "Belowground release" does not include releases to a secondary containment system.

"Beneath the surface of the ground" means beneath the ground's surface or otherwise covered with materials so that physical inspection is precluded or impaired.

"Beneficial uses" means a classification of the waters of the State, according to their best uses in the interest of the public.

"COC" means Chemical of Concern.

"Commission" means the Oklahoma Corporation Commission and includes its designated agents or representatives.

"Compatible" means the ability of two or more substances to maintain their respective physical properties upon contact with one another for the design life of the petroleum storage tank system under conditions likely to be encountered in the system.

"Confirmed Release" means a release of ~~petroleum a regulated substance~~ from a regulated storage tank system resulting in ~~levels of chemicals of concern in native soils and/or groundwater that exceed state action levels~~ free product, contaminated soils or groundwater that exceed state action levels, organic vapor readings significantly above background levels, petroleum staining or odors or any other indication that a release has occurred that could be harmful to human health, safety or the environment and to which a PSTD case number is assigned and further corrective action is required.

"Contaminants" or "contamination" means concentrations of regulated substances or dissolved compounds therefrom at levels that may cause adverse human health or environmental effects.

"Corrective action" means action taken to assess, monitor, minimize, eliminate or clean up a release from a storage tank system.

"Corrective Action Plan" means any plan submitted to the Division detailing the method and manner of corrective action to be taken for a release.

"DAF" means Dilution Attenuation Factor.

"DEQ" means the Oklahoma Department of Environmental Quality.

"DWS" means Drinking Water Standards.

"de minimis" means, for the purposes of this Chapter, very small, as in very small amounts or concentrations of regulated substances.

"Dielectric material" means a material that does not conduct direct electric current. Dielectric coatings are used to electrically isolate underground storage tank systems from the surrounding area. Dielectric bushings are used to electrically isolate portions of the underground storage tank system (e.g., tank from piping).

"Dilution Attenuation Factor" or "DAF" means a unitless number greater than or equal to unity and represents the ratio of dissolved phase concentration at a downgradient location to the concentration at an upgradient location. It represents the reduction in concentration due to the combined influence of several factors (diffusion, dispersion, adsorption, decay, volatilization). It is applicable for all media, but is most commonly used for the unsaturated and saturated zones. DAF is generally estimated using a fate and transport model or based on site-specific data.

"Director" means the Director of the Petroleum Storage Tank Division of the Corporation Commission.

"Division" means the Petroleum Storage Tank Division of the Corporation Commission.

"EPA" means the United States Environmental Protection Agency.

Permanent Final Adoptions

"Electrical equipment" means underground equipment that contains dielectric fluid necessary for the operation of equipment such as transformers and buried electric cable.

"Electronic signature" means any information in digital form that is included in or logically associated with an electronic document for the purpose of expressing the same meaning and intention as would a handwritten signature if affixed to an equivalent paper document with the same reference to the same content.

"Environment" means any water, water vapor, any land including land surface or subsurface, fish, wildlife, air and atmosphere, and all other natural resources.

"Environmental experience" means work-related experience in any type of activities associated with soil, water or atmosphere impacted or potentially impacted by a ~~hazardous~~ **PSTD regulated substance.**

"Excavation zone" means the volume containing the underground storage tank system and backfill materials, bounded by the ground surface, walls, and floor of the pit and trenches into which the underground storage tank system is placed at the time of installation.

"Facility" means any location or part thereof consisting of one or more petroleum storage tanks or systems containing regulated substances.

"Flow-through process tank" means a tank that forms an integral part of a production process through which there is a steady, variable, recurring or intermittent flow of material during the operation of the process. Flow-through process tanks do not include tanks used for the storage of materials prior to their introduction to the process or for the storage of finished products or by-products from the production process.

"FOC" means fraction organic carbon content.

"Fraction organic carbon content" or **"FOC"** means the fraction of organic carbon in soil that influences the adsorption of organic chemicals. It can be estimated in soils using high temperature combustion and oxidation techniques such as ASTM method D2974.

"Free product" means a regulated substance that is present as a non-aqueous phase liquid (e.g., liquid not dissolved in water).

"Fresh groundwater" means groundwater with total dissolved solids (TDS) less than five thousand (5,000) parts per million.

"Fund" means the Petroleum Storage Tank Release Environmental Cleanup Indemnity Fund.

"Gathering lines" means any pipeline, equipment, facility, or building used in the transportation of oil or gas during its production or gathering operations.

"Groundwater" means that part of water that is below the water table.

"Half-life" means the time required for the decay or transformation of one half of the amount of a chemical.

"Hazard Index" means the sum of the Hazard Quotients.

"Hazard Quotient" means the estimated dose, or intake, for a specific chemical and a specific pathway, divided by the Reference Dose (RfD).

"Impervious barrier" means a barrier of sufficient thickness, density, and composition that is impenetrable to

the regulated substance, has a permeability of at least 1×10^{-6} cm/sec., and will prevent the discharge to the environment of any regulated substance for a period of at least as long as the maximum anticipated time during which the regulated substance will be in contact with the impervious material.

"In service" means a petroleum storage tank that is not abandoned, or could contain regulated substances, and/or has regulated substances regularly added to or withdrawn from it.

"Inventory controls" means techniques used to identify a loss of regulated substances that are based on volumetric measurements in the tank and reconciliation of those measurements with product delivery and withdrawal records.

"Licensed Environmental Consultant" means an individual who has a current license issued by the Petroleum Storage Tank Division to perform corrective action.

"Liquid trap" means sumps, well cellars, and other traps used in association with oil or gas production, gathering, and extraction operations (including gas production plants) to collect oil, water, and other liquids. Liquid traps may temporarily collect liquids for subsequent disposition or reinjection into a production or pipeline stream, or may collect and separate liquids from a gas stream.

"MCL" means Maximum Contaminant Level.

"MtBE" means methyl tertiary butyl ether.

"Maintenance" means the normal operational upkeep necessary to prevent a petroleum storage tank system from releasing product.

"Motor fuel" means any petroleum product, oxygenate, or blend of products, that is suitable for use as a fuel in an internal combustion or diesel engine.

"Monitor well" means a piezometer or other cased and screened excavation, boring or drilled hole installed in any way that can be used for the continuous or periodic evaluation of groundwater quality or the detection of soil vapors.

"NACE" means the National Association of Corrosion Engineers.

"NFPA" means the National Fire Protection Association, Inc.

"NPDES" means the National Pollutant Discharge Elimination System.

"Occurrence" means the release of a PSTD regulated substance into the soil or groundwater. Each PSTD regulated substance will be treated as one occurrence regardless of the composition of the substance released. Separate occurrences of the same PSTD regulated substance may be allowed if evidence establishes that the PSTD regulated substance occurred in two different tank systems locations, are separated by time, or both.

"ORBCA" or **"Oklahoma Risk-Based Corrective Action"** means a scientific risk-based analysis that governs petroleum storage tank site assessment and remediation. It determines acceptable concentration levels of petroleum constituents in order to protect the public health, safety or welfare or the environment.

"OSDA" means the Oklahoma State Department of Agriculture.

"OWRB" means the Oklahoma Water Resources Board.

"Observation Well" means a cased and screened boring or drilled hole, installed within the tank excavation or piping trench that can be used for the continuous or periodic evaluation of groundwater quality or the detection of soil vapors as a method of release detection.

"Operational life" means the period beginning from the time installation of the tank or system is commenced until it is properly closed or removed as provided for in this Chapter.

"Overfill" means a release that occurs when a petroleum storage tank is filled beyond its capacity, resulting in a discharge of regulated substance to the environment.

"PEI" means the Petroleum Equipment Institute.

"POC" means Point of Compliance.

"POE" means Point of Exposure.

"PSI" means pounds per square inch.

"PSTD" means Petroleum Storage Tank Division or Division.

"Pay-for-Performance (PFP)" means a process where an environmental consulting company (Consultant) guarantees by signing a mutual agreement (the contract) that a release of a regulated substance will be remediated to COC levels agreed to by the PSTD and the Consultant that are protective of human health, safety and the environment. This performance-based process encompasses several steps, but is not limited to the contract signed by an officer/owner of the environmental consulting company, the applicant and the Administrator of the Indemnity Fund and an agreed to reasonable price. Scheduled payments are distributed only as performance-based goals are attained.

"Permanent out of use" or "POU" means a petroleum storage tank system that is not in service/use, does not contain regulated substances, and is not intended to be placed back in service/use.

"Petroleum" means antifreeze, motor oil, gasoline, diesel, aviation fuel, and/or volatile blending materials used in motor fuels, like kerosene and ethanol and used oil.

"Pipe" or "Piping" means a hollow cylinder or tubular conduit constructed of non-earthen materials.

"Pipeline facilities" means new and existing pipe rights-of-way and any equipment, facilities, or buildings regulated under:

- (A) The Natural Gas Pipeline Safety Act of 1968 (49 U.S.C. § 1671, et seq.).
- (B) The Hazardous Liquid Pipeline Safety Act of 1979 (49 U.S.C. § 2001, et seq.).
- (C) The State Hazardous Liquid Transportation System Safety Act, § 47.1 et seq. of Title 52 of the Oklahoma Statutes.
- (D) Intrastate pipeline facilities regulated under state laws.

"Point of Compliance" means a select location where the concentration of a chemical released must be at or below back-calculated levels. The back-calculated levels are such that estimated concentrations at the Point of Exposure are below health-based levels.

"Point of Exposure" means a location at which an individual or population may be exposed to site-specific Chemicals

of Concern through ingestion, inhalation and/or dermal contact.

"Pollution" means contamination or other alteration of the physical, chemical or biological properties of any natural waters of the state, or contamination or alteration of the physical, chemical or biological properties of the land surface or subsurface, when such contamination or alteration will or is likely to create a nuisance or render the waters or land harmful to the public health, safety or welfare, or the environment.

"Positive sampling, testing, or monitoring results" means the results of sampling, testing, or monitoring using any of the release detection methods described in this Chapter that indicate a release from a petroleum storage tank system may have occurred.

"Potency Factor" means the plausible upper-bound estimate of the probability of a response (cancer) per unit intake of chemical over a lifetime. Also referred to as Slope Factor.

"RBCA" means Risk-Based Corrective Action.

"RfD" means Reference Dose.

"Reasonable Maximum Exposure" or "RME" means the highest rate of exposure that has a small probability (5 percent) of being exceeded.

"Reference Dose" or "RfD" means the estimate of the daily intake of a chemical over a lifetime that is not likely to result in any significant adverse health effects (including in sensitive subpopulations).

"Regulated substances" means antifreeze, motor oil, motor fuel, gasoline, kerosene, diesel or aviation fuel. It does not include compressed natural gas, liquid nature gas and propane.

"Release" means any spilling, overfilling, or leaking, discharging, emitting, or escaping of a regulated substance from a regulated storage tank system that goes beyond the excavation zone, tankpit, or secondary containment facility into the native environment or any concentrations of a regulated substance that as determined by the PSTD poses a threat to human health or the environment onto the ground surface or into the groundwater, surface water or subsurface soils.

"Release detection" means the methodology used in determining whether a release of regulated substances has occurred from a petroleum storage tank or system into the environment or into the interstitial area between the petroleum storage tank system and its secondary barrier.

"Remediation" process or technique used to reduce concentration levels of regulated substances in the soil and groundwater, and, or to reduce the presence of free product in the environment to levels that are protective of human health, safety and the environment. Generally remediation activities are scheduled after the site assessment is complete and the Remedial Action Plan (RAP) has been approved.

"Repair" means to restore a tank or petroleum storage tank system component to PSTD standards that has caused a release of regulated substances from the petroleum storage tank system.

"Reportable Quantity" or "RQ" means the amount of a ~~hazardous~~ PSTD regulated substance release required to be reported to appropriate federal, state, and/or local officials.

Permanent Final Adoptions

"Residual Product" Petroleum hydrocarbons (product) that are absorbed or otherwise bound to geological materials (sand, silt, or clay) in any soil zone (vadose, capillary, or saturated zone), in such a manner that ground water in contact with the residual product or beneath the residual product is not contaminated with any petroleum constituent regulated by the OCC.

"Risk-Based Corrective Action" means all of the activities necessary to manage a site such that concentrations of chemicals from a release are at levels that are not detrimental to public health and the environment. It includes, but is not limited to, collection of site-specific data, analysis of the data to quantify the risk, comparison of the risk with acceptable levels, and implementation of engineering and non-engineering measures to ensure that concentrations of remaining Chemicals of Concern are not detrimental to human health.

"SCL" means Soil Cleanup Level.

"STI" means the Steel Tank Institute.

"Sacrificial anode" means a device used to reduce or prevent corrosion of a metal in an electrolyte by galvanic coupling to a more anodic metal.

"Saturated zone" means a subsurface zone below which all pore space is filled with water.

"Slope Factor" means the plausible upper-bound estimate of the probability of a response (cancer) per unit intake of chemical over a lifetime. Also referred to as Potency Factor.

"Smear Zone" Any soil zone containing petroleum hydrocarbons that can contaminate ground water in contact with the petroleum hydrocarbons or ground water beneath the petroleum hydrocarbons with petroleum constituents regulated by the PSTD.

"Soil zone" means and includes, but is not limited to, vadose zone, capillary fringe, or saturated soil zone.

"Source of contamination" means the location of the highest concentration of chemical contaminants in soil and groundwater.

"Source of release" means the location where regulated substances from a regulated tank system entered the environment.

"Spill" means a release that occurs during transfer operations of PSTD regulated substances to or from a petroleum storage tank system, resulting in a discharge of such substances into the environment.

"Storage Tank System" means one or a combination of tanks, including piping, hoses, dispensers and other system equipment used to contain regulated substances.

"Stormwater collection system" or "wastewater collection system" means piping, pumps, conduits, and any other equipment necessary to collect and transport surface water runoff resulting from precipitation or domestic, commercial, or industrial wastewater to and from retention areas or any areas where treatment is designated to occur. The collection of stormwater and wastewater does not include treatment except where incidental to conveyance.

"Surface impoundment" means a natural topographic depression, man-made excavation, or diked area formed primarily of earthen materials (although it may be lined with man-made materials) that is not an injection well.

"Suspected release (SOR)" means an event has occurred that establishes a reasonable basis to believe a release from a petroleum storage tank system may have occurred.

"Suspicion of Release" or "SOR" means preliminary investigative work to determine if a release of a regulated substance has occurred.

"TCLP" means toxicity characteristic leaching procedure, a test procedure for determining if a solid waste is hazardous because it exhibits toxicity characteristics as enforced under Resource Conservation and Recovery Act.

"TDS" means Total Dissolved Solids.

"TPH" means Total Petroleum Hydrocarbon(s).

"Target Risk Level" means the level set by the Oklahoma Corporation Commission that must be achieved at each site prior to a risk-based closure of the site. For example, for current receptors this level has been set at 1E-06 (one-in-a-million) and a Hazard Quotient of less than 1.0 (one).

"Temporary out of use" or "TOU" means the status of a petroleum storage tank system that has been taken out of service/use but not removed with the intent to return to service.

"Transporter" means any person who transports, delivers, or distributes any quantity of regulated substance from one point to another.

"UL" means Underwriter's Laboratory.

"USGS" means the United States Geological Survey.

"Usable groundwater" means fresh groundwater that may be produced from an aquifer for beneficial uses.

"Unsaturated zone" or "vadose zone" means the subsurface zone containing water under pressure less than that of the atmosphere, including water held by capillary forces within the soil, and containing air or gases generally under atmospheric pressure. This zone is limited by the ground surface and the upper surfaces of the water table.

"Waters of the State" means all bodies or accumulations of water, surface and/or underground, natural or artificial, and public or private, which are contained within, flow through, or border upon any part of the State of Oklahoma or any portion thereof.

PART 7. NATIONAL INDUSTRY CODES

165:29-1-31. Sources of standards

The standards referenced in this Chapter are available for inspection at the Petroleum Storage Tank Division offices during regular business hours and from the following sources:

- (1) American Petroleum Institute (API), 1220 L Street, N.W., Washington, D.C. 20005-4070. Telephone (202) 682-8375.
- (2) National Association of Corrosion Engineers (NACE), P.O. Box 218340, Houston, Texas 77218-8340. Telephone (281) 228-6200.
- (3) National Fire Protection Association (NFPA), 1 Batterymarch Park, Quincy, Massachusetts 02269-9101. Telephone (800) 344-3555.
- (4) American Society for Testing and Materials (ASTM), 100 Barr Harbor Drive, West Conshohocken, Pennsylvania 19428-2959. Telephone (610) 832-9585.

- (5) Underwriter's Laboratory (UL), 333 Pfingston Road, Northbrook, Illinois 60062-2096. Telephone (847) 272-8800, ext. 42612.
- (6) Petroleum Equipment Institute (PEI), P.O. Box 2380, Tulsa, Oklahoma 74101-2380. Telephone (918) 494-9696.
- (7) Steel Tank Institute (STI), 570 Oakwood Road, Lake Zurich, Illinois 60047. Telephone (847) 438-8265.
- (8) American Society of Mechanical Engineers (ASME/ANSI), 22 Law Drive, P.O. Box 2300, Fairfield, New Jersey 07007-2300. Telephone (800) 843-2763.
- (9) National Ground Water Association (~~formerly National Water Well Association~~), 601 Dempsey Road, Westerville, Ohio 43081. Telephone (800) 551-7379.
- (10) United States Environmental Protection Agency
 - (A) National Service Center for Environmental Publications (NSCEP), Box 42419, Cincinnati, Ohio 45242. Telephone (800) 490-9198.
 - (B) Office of Underground Storage Tanks (OUST), 1200 Pennsylvania Avenue N.W., Mail Code 5401G, Washington, DC 20460. Telephone (800) 424-9346.

165:29-1-32. Incorporated codes and standards

Specific references to documents listed in (1) through (13) below are made throughout this Chapter. Each of these documents or parts thereof are adopted and incorporated by reference as standards, but only to the extent that they are specifically referenced in this Chapter. These rules will supercede in any conflict between these rules and any standard. These codes and standards will be updated periodically through a formal rulemaking procedure initiated by PSTD to reflect any substantive or relevant changes.

- (1) National Fire Protection Association Standards:
 - (A) Standard Number 30, 2015, "Flammable and Combustible Liquids Code."
 - (B) Standard Number 329, 2015, "Handling Releases of Flammable and Combustible Liquids and Gases."
 - (C) Standard Number 385, 2012, "Tank Vehicles for Flammable and Combustible Liquids."
 - (D) Standard Number 326, 2015, "Safeguarding of Tanks and Containers for Entry, Cleaning or Repair."
 - (E) Standard Number 30A, 2015, "Motor Fuel Dispensing Facilities and Repair Garages."
- (2) American Petroleum Institute Standards:
 - (A) Recommended Practice 1615, 2011, "Installation of Underground Hazardous Substances or Petroleum Storage Systems."
 - (B) Recommended Practice 1632, 2002, "Cathodic Protection of Underground Storage Tank and Piping Systems."
 - (C) Recommended Practice 1604, R2010, "Closure of Underground Petroleum Storage Tanks, 3rd Edition."
 - (D) Recommended Practice 1631, 2001, "Interior Lining and Periodic Inspection of Underground Storage Tanks."

- (E) Recommended Practice 1621, 2012, "Bulk Liquid Stock Control at Retail Outlets."
 - (F) Recommended Practice 1626, 2010, "Storing and Handling Ethanol and Gasoline - Ethanol Blends at Distribution Terminals and Service Stations."
 - (G) Recommended Practice 1627, 1993, "Storing and Handling of Gasoline - Methanol/Cosolvent Blends at Distribution Terminals and Service Stations."
 - (H) Publication 1628, 1996, "A Guide to the Assessment and Remediation of Underground Petroleum Releases."
 - (I) Publication 2200, ~~2010~~2015, "Repairing Crude Oil, Liquefied Petroleum Gas, and Product Pipelines, 4th Edition."
 - (J) Publication 2015, ~~2004~~2014, "Requirements for Safe Entry and Cleaning of Petroleum Storage Tanks."
- (3) National Association of Corrosion Engineers:
 - (A) Standard Number SP0169-2013, "Control of External Corrosion on Underground or Submerged Metallic Piping Systems."
 - (B) Standard Number SP0285-2011, "External Corrosion Control of Underground Storage Tank Systems by Cathodic Protection."
 - (C) Standard Number SP-0286-2007, "Electrical Isolation of Cathodically Protected Pipelines."
 - (4) Underwriter's Laboratory Standards:
 - (A) Standard UL58, 9th Edition, 1996, "Steel Underground Tanks for Flammable and Combustible Liquids."
 - (B) Standard UL1316, Bulletin-2013, "Glass-Fiber-Reinforced Plastic Underground Storage Tanks for Petroleum Products, Alcohols, and Alcohol-Gasoline Mixtures."
 - (C) Standard UL1746, Bulletin-2013, "External Corrosion Protection Systems for Steel Underground Storage Tanks."
 - (D) Standard UL567, ~~Bulletin-2012~~2014, "Emergency Breakaway Fittings, Swivel Connectors and Pipe-Connection Fittings for Petroleum Products and LP-Gas."
 - (5) Petroleum Equipment Institute PEI/RP 100 (2011 Edition), "Recommended Practices for Installation of Underground Liquid Storage Systems."
 - (6) Steel Tank Institute F894, ACT-100, "Specification for External Corrosion Protection of FRP Composite Underground Steel Storage Tanks 2006."
 - (7) Factory Mutual 1920 (2007), "Pipe Coupling and Fitting for Aboveground Fire Protection Systems."
 - (8) National Leak Prevention Association Standard 631, "Spill Prevention, Minimum 10 Year Life Extension, Existing Steel UST by Lining Without Additional Cathodic Protection."
 - (9) ~~National Water Well~~Groundwater Association, 1986, "RCRA Ground Water Monitoring Technical Enforcement Guidance Document (TEGD)."

SUBCHAPTER 3. RELEASE PREVENTION, DETECTION AND CORRECTION

PART 1. RELEASE PROHIBITION, REPORTING, AND INVESTIGATION

165:29-3-3. Release investigation; confirmed release; suspected release; emergency suspected release and release reporting

(a) **Duty to inspect for release.** Owners and operators of storage tanks must routinely inspect and conduct necessary testing of their storage tanks to prevent spilling, overfilling, or leaking from a storage tank system into the native environment. The owner or operator of a petroleum storage tank system must take the following steps or use other procedures approved by PSTD:

(1) **System test.** Owners or operators must conduct petroleum storage tank system tightness tests and, if applicable containment testing, that will determine whether a leak-release exists in the portion of the tank that routinely contains regulated substances and the attached delivery piping or a breach of either wall of the secondary containment has occurred. If the test results for the system, tank, ~~or~~ delivery piping, or interstice indicate that a leak exists, the owner or operator must repair, remove, replace, or upgrade permanently close as defined in OAC 165:25-2-135 the petroleum storage tank system, delivery piping, or interstice and begin a site check. Further investigation is not required if the test results for the system, tank, ~~and~~ delivery piping, and interstice do not indicate that a leak exists and if indicator chemical concentrations detected in soil or water are not the basis for suspecting a release. However, the owner or operator must conduct a site check as described in (B) below if the test results for the system, tank, ~~and~~ delivery piping, or interstice do not indicate that a ~~leak~~ release exists, but indicator chemical concentrations detected in soil or water are above action levels cited in (b) of this Section.

(2) **Site check.** The owner or operator must measure for the presence of a release where released regulated substances are most likely to be present at the petroleum storage tank system site. In selecting sample types, locations, depths and measurement methods, owners or operators must consider the nature of the stored substance, the type of initial alarm or cause for suspicion, the type of native soil, the depth of groundwater, and other factors appropriate for identifying the presence and source of the

release. Sample locations should be approximately 5 feet from the outside of the petroleum storage tank system in native soil or another location approved by the PSTD. Analyses for both BTEX constituents and the appropriate TPH must be obtained in all cases. For sites where used oil may be involved, as determined through a TPH analysis, TCLP analysis for metals, semi-volatiles, and volatiles may be required. The TCLP results will be used on a case-by-case basis to establish cleanup levels or to refer the case to the DEQ for regulation. The selected method must be able to detect the most stringent cleanup levels required in this Chapter. The Total Petroleum Hydrocarbon (TPH) Laboratory Methodology 418.1 will not be accepted for this Chapter.

(A) If the test results for soil and/or groundwater taken outside the excavation zone or the petroleum storage tank system site confirm that a release has occurred, the owner or operator must begin the required corrective action in accordance with this Subchapter.

(B) If the test results for the native soil and/or groundwater or the petroleum storage tank system site do not indicate that a release has occurred, further investigation is not required.

(b) **Confirmed release.**

(1) When one or more of the following is present from a petroleum storage tank system, a release may be considered confirmed and a confirmed release case may be activated by PSTD staff.

(A) ~~Free product is found anywhere.~~

(B) ~~Contaminated groundwater is found outside the excavation zone and/or soil that exceed OCC action levels.~~

(C) ~~Contaminated "soil zone" is found outside the excavation zone~~ Organic vapor readings above background levels.

(D) Actionable levels of petroleum staining or odors.

(E) Any other indication that a release from a regulated petroleum storage tank system has occurred that is harmful to human health, safety or the environment.

(2) ~~Any contamination from a regulated substance having concentrations determined by PSTD to be harmful to human health or the environment.~~

(3) Laboratory analysis of levels of chemical constituent concentrations that may be required to confirm a case are:

(A) Benzene

(i) Native Soils - 0.5 mg/kg

(ii) Groundwater - 0.005 mg/l

(B) Toluene

(i) Native Soils - 40.0 mg/kg

(ii) Groundwater - 1.0 mg/l

(C) Ethyl Benzene

(i) Native Soils - 15.0 mg/kg

(ii) Groundwater - 0.7 mg/l

(D) Xylene

(i) Native Soils - 200.0 mg/kg

(ii) Groundwater - 10.0 mg/l

- (E) TPH
 - (i) Native Soils - 50.0 mg/kg
 - (ii) Groundwater - 2.0 mg/l
 - (iii) If BTEX concentrations are below action levels, a TPH concentration of 500 mg/kg may be required to confirm a case.

(c) **Suspected release.** When an owner, operator, or their agent has reason to believe that a release from a storage tank may have occurred, he or she must notify PSTD within 24 hours and receive authorization from the Division prior to initiating any investigation for which subsequent payment from the Indemnity Fund may be sought.

(d) **Emergency suspected release.** Owners, operators, or their agent may begin investigation of suspected releases when the suspected release may cause immediate harm to the public health, safety, welfare or the environment. The Petroleum Storage Tank Division will approve and reimburse expenses for an investigation after it has been performed and prior to the issuance of a Suspicion of Release by the Petroleum Storage Tank Division when the owner or operator has reasonably acted upon the belief that the suspected release gave rise to the need for immediate emergency action. The determination of whether or not action was reasonable is within the discretion of PSTD.

(e) **Release reporting.** Within 20 days after the reporting of a release, the owner or operator must submit a report to PSTD summarizing the steps taken under this Section and any resulting information. If a release is confirmed through performance of the steps taken under this Section, then the report must be submitted on PSTD-specified forms and no other abatement measures or site checks are required.

 - Part 3. Response to Nonconsensual Towing Rate Complaints
 - 165:30-26-14. Nonconsensual towing rate complaints and audits [AMENDED]

AUTHORITY:

The Commission's statutory authority is found in Title 47 O.S. § 1120, Title 47 O.S. § 230.24, Title 47 O.S. § 230.32, Title 47 O.S. § 1013, Article IX, Sections 18 and 18a of the Oklahoma Constitution and OAC 165:5-1-7.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2013-34, the proposed rules were submitted to the Governor and Cabinet Secretary on December 29, 2016.

COMMENT PERIOD:

December 29, 2016 to February 21, 2017

PUBLIC HEARING:

March 9, 2017

ADOPTION:

March 9, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

March 16, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 13, 2017

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

September 11, 2017

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

n/a

GIST/ANALYSIS:

OAC 165:30-1-2 is amended to include new definitions related to commonly used acronyms and terms. OAC 165:30-3 is amended to provide the procedure for insurance companies and underwriters to request copies of filings and clarify when a deleterious substance transport permit is not required as well as procedures when transporting without one. OAC 165:30-6 is amended to provide for periodic updating of Transportation Network Company permit eligibility and require Transportation Network Companies' terms of service to conform to statute while allowing for contracting with licensed motor carriers. OAC 165:30-7 is amended to include new types of forms filed with the Transportation Division, remove forms no longer used and provide for updated motor carrier addresses conforming to the Federal Motor Carrier Safety Administration's records.

OAC 165:30-19 is amended to remove redundantly defined terms; clarify the use of independent contractors for residency requirements; update operation records types for documentation of fleet mileage; relocate the electronic record requirement in Chapter 30 for audits for certain fleet sizes; clarify effective dates for advanced registration of fleet vehicles; and, provide for operational record audits, payment of costs associated with the audits, and how documents are to be submitted in an audit for certain fleet sizes. OAC 165:30-21 is amended to remove redundantly defined terms; update the requirements for filing of quarterly and annual fuel tax returns; remove subsection headings and update the International Fuel Tax Agreement description and add the website address.

OAC 165:30-21-18 is added as a new permanent rule to allow for proper operational records under the International Fuel Tax Agreement that mirror the operational records of the International Registration Plan. OAC 165:30-21-19 is added as a new permanent rule establishing the requirements for the

Permanent Final Adoptions

maintenance, duration, availability and enforcement provisions of operational records under the International Fuel Tax Agreement. OAC 165:30-21-20 is added as a new permanent rule establishing the terms of Commission audits under the International Fuel Tax Agreement. OAC 165:30-26-14 is amended to extend the period in which non-compliance with the Commission nonconsensual towing order may be considered a progressive violation.

CONTACT PERSON:

Mark A. Willingham, Deputy General Counsel, Office of General Counsel, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, (405)522-1638, m.willingham@occcemail.com.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

165:30-1-2. Definitions

In addition to terms defined in 47 O.S., Sections 161 through 180m et seq., the Oklahoma Transportation Network Company Services Act and the Motor Carrier Act of 1995, the following words or terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"110% rule" means the household goods carrier must deliver the shipper's goods once the shipper pays 110% of the estimated or agreed upon charges.

"Alliance" means the Alliance for Uniform Hazardous Material Transportation Procedures, a confederation of state, local industry and environmental representatives for the purpose of administering and enforcing a uniform hazardous materials transporters program as established by HMTUSA.

"Accessorial services" means services provided by an intrastate motor carrier of household goods at the request of a shipper that may be in addition to the actual transportation of the household goods. Examples of accessorial services are packing, unpacking, appliance servicing, loading/unloading of large items (such as a piano), climbing/descending stairs, demurrage, etc.

"Audit" means an examination of records, source documents and any other information supporting a regulated entity's application or return; or a review performed by staff as a result of a complaint or prior enforcement actions taken.

"Authority" means a general term referring to permission issued by the Commission to a motor carrier to perform operations under the jurisdiction of the Commission. The term authority is not applicable to vehicle registrations, fuel licenses or permits, or TNC permits.

"Base state" means the state selected by a motor carrier according to the procedures established by a uniform program

"Binding estimate" means a written agreement made in advance between the intrastate household goods carrier and the shipper which guarantees the total cost of the transportation of the household goods based upon the quantities and services shown on the estimate.

"CFR" means the Code of Federal Regulations.

"Consignee" means the person or place shown on the shipping documentation as the location to which a carrier is directed to deliver a shipment.

"Consignor" means the person who offers goods for shipment.

"Commission" means the Oklahoma Corporation Commission.

"Corporate family" means a group of corporations consisting of a parent corporation and all subsidiaries in which the parent corporation owns directly or indirectly one hundred percent (100%) interest.

"Deleterious substance" means any chemical, salt water, oilfield brine, waste oil, waste emulsified oil, basic sediment, mud or injurious substances produced or used in the drilling, development, production, transportation, refining and processing of oil, gas and/or brine mining.

"Environmental restoration" means restitution for loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This includes the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish and wildlife.

"Exceeding authority" means a motor carrier operating outside or beyond the purview of an issued license, certificate, permit, registration or other authority issued by the Commission or a reciprocal state.

"FMCSA" means the Federal Motor Carrier Safety Administration.

"For-hire motor carrier" means a person operating upon any public highway engaged in the transportation of property or passengers for compensation or consideration or for commercial purposes.

"Gross Combination Weight Rating" (GCWR) means the value specified by the manufacturer as the loaded weight of a combination (articulated) vehicle. In the absence of a value specified by the manufacturer, GCWR will be determined by adding the GVWR of the power unit and the total weight of the towed unit and any load thereon.

"Gross Vehicle Weight" (GVW) means the registered weight of the vehicle or any lawful registered combination weight (Gross Combination Weight or GCW).

"Gross Vehicle Weight Rating" (GVWR) means the value specified by the manufacturer as the loaded weight of a single vehicle (gross vehicle weight rating) and may include any lawful combination.

"Harvest permit" means a document issued by the Commission to a motor carrier engaging in the commercial transportation of farm products in a raw state. A harvest permit encompasses vehicle registration, fuel permit and intrastate operating authority requirements of the State of Oklahoma.

"Hazardous waste" means any material that is subject to the "Hazardous Waste Manifest Requirements" of the United States Environmental Protection Agency specified in Title 40, CFR, Part 262.

"**Hazardous waste permit**" means the document issued by a participating state which represents a specific motor carrier's registration to transport hazardous waste in states that participate in the uniform hazardous waste program.

"**HMTUSA**" means the Hazardous Materials Transportation Uniform Safety Act of 1990.

"**Household goods**" means the used personal effects and property of a dwelling.

"**Hunter's permit** or **Unladen permit**" means a permit that provides temporary registration to an apportionable vehicle at the unladen (empty) weight of the vehicle. It is commonly used by a vehicle lessor to move a vehicle, without any load, to another jurisdiction so the lessor can establish a new contractual relationship with a different motor carrier.

"**Identification device**" means an annual, fee-paid, non-transferable device issued by the Commission to be carried in each and every vehicle.

"**IFTA**" means the International Fuel Tax Agreement. The IFTA is a motor fuel use tax reciprocity agreement between the United States contiguous states and certain Canadian provinces which allows a licensee to report and pay motor fuel use taxes to a base jurisdiction for distribution to other member jurisdictions in which the licensee traveled and incurred motor fuel use tax liability.

"**Intercorporate hauling**" means the transportation of property, passengers or household goods by motor vehicle, for compensation, by a carrier which is a member of a corporate family, as defined in this Section, when said transportation for compensation is provided for other members of the corporate family.

"**Interstate**" means a shipment having an origin or destination into, out of or through two or more states.

"**Intrastate**" means a shipment having an origin and destination wholly within one state.

"**IRP**" means the International Registration Plan, as administered by the Commission or other states. The IRP is a commercial vehicle registration reciprocity agreement between the United States contiguous states and certain Canadian providences which allows a registrant to pay and report commercial vehicle registration fees to a base jurisdiction for distribution to other member jurisdictions in which the registrant travels.

"**IVDR**" means an Individual Vehicle Distance Record which is a document where the required operational information, as set forth by IRP and IFTA, can be recorded.

"**Letter of filing**" means a document issued by the Commission to a motor carrier as evidence of temporary compliance with the hazardous waste uniform program.

"**Motor carrier**" means a for-hire motor carrier or a private motor carrier operating in interstate or intrastate commerce.

"**Motor License Agent (MLA)**" means any person meeting the requirements for appointment as a motor license agent pursuant to 47 O.S. § 1140 and authorized by the Oklahoma Corporation Commission to process vehicle registrations, collect associated fees and issue credentials pursuant to the IRP and the Oklahoma Vehicle License and Registration Act (47 O.S. Chapter 74).

"**NAIC**" means the National Association of Insurance Commissions.

"**Non-binding estimate**" means the estimated total cost to transport household goods intrastate based upon the weight of the shipment, volume of the shipment, amount of time to perform the movement and/or any accessorial services requested.

"**OTNCS Act**" means the Oklahoma Transportation Network Company Services Act, 47 O.S. § 1010 et seq.

"**Participating state**" means a state electing to participate in a uniform program by entering into a base state agreement.

"**PIN**" means personal identification number.

"**Principal place of business**" means a single location that serves as the motor carrier's headquarters and where it maintains or can make available its operational records.

"**Private motor carrier**" means a person who operates a commercial motor vehicle and is not a for-hire motor carrier.

"**Process agent**" means a representative upon whom court papers may be served in any proceeding brought against a motor carrier, broker, or freight forwarder.

"**Registration**" means the identification of hazardous waste transporters through a national base state system.

"**Reciprocal state**" means a jurisdiction with which the Commission has entered into a reciprocal agreement regarding the uniform registration, licensing or permitting of motor carriers.

"**Shipper**" means a person authorized to tender a shipment to a carrier and may include, but is not limited to, a consignor, consignee or beneficial owner of the shipment.

"**TNC**" means a Transportation Network Company.

"**Trip permit**" means a temporary authorization issued by the Commission granting permission to conduct operations as a motor carrier in intrastate and/or interstate commerce.

"**Truck yard pit**" means any pit used to store or catch fluids or wash fluids in a truck terminal or maintenance facility as the result of transportation related activities.

"**UCR**" means Unified Carrier Registration.

"**Uniform application**" means a uniform motor carrier registration, licensing or permit application form established under a uniform program.

"**Uniform program**" means any law, rule, policy, practice and/or all combinations thereof which pertain to the regulation of motor carriers by motor vehicle operating in interstate or intrastate commerce over the highways of Oklahoma and is recognized, adopted and enforced or administered by the Transportation Division only when in concert and reciprocal with one or more states which adopt, recognize, administer and enforce the exact same rule, law, policy, practice and/or all combinations thereof.

"**Unprocessed agricultural commodities**" means all products raised or produced by tillage and cultivation of the soil, pasture grasses, orchard products, trees in their raw state and products produced by livestock (such as milk, wool, eggs, honey and manure). The term also includes those products embraced within the above definition which have been processed for purposes of handling, storage, preservation or transportation (such as washing, cleaning, wrapping, packaging, boxing, baling, trimming, drying, sorting, sizing, grading, cooling,

Permanent Final Adoptions

spraying and fumigating). The term does not include those products embraced within the above definition which, as a result of some treatment or processing, have been so changed that they are no longer in their natural or raw state, but possess new forms, qualities, or properties or result in combinations.

"USDOT" means the United States Department of Transportation.

SUBCHAPTER 3. INTRASTATE MOTOR CARRIERS

PART 3. LICENSE REQUIREMENTS

165:30-3-11. Insurance

(a) No motor carrier whose principal place of business is in Oklahoma shall conduct any operations in this State unless such operations are covered by a valid primary bond or insurance policy issued by an insurer authorized or approved by the Oklahoma Insurance Department. No motor carrier whose principal place of business is not in Oklahoma shall conduct any operations in this State unless such operations are covered by a valid bond or insurance policy issued by an insurer licensed or approved by the insurance regulatory authority of the state of their principal place of business or the Oklahoma Insurance Department. No holder of an authority shall conduct any operations before a proper certificate of insurance(s) has been filed with, and approved by the Commission. A surety bond containing all obligations provided by this Section may be substituted for an insurance policy.

(b) Every motor carrier shall file with, and must be approved by, the Commission a certificate on Form E or G certifying that there is in effect a valid bond or insurance policy covering operations in Oklahoma to protect the public against loss of life, injury, property damage, and including environmental restoration in minimum amounts, of combined single limits, for bodily injuries to, or death of all persons injured or killed in any accident, and loss or damage in any one accident to property or others (excluding cargo). Minimum liability insurance limits as set forth in 49 CFR Part 387 shall also be applicable to intrastate operations unless otherwise specified in subsections (b)(1)-(4).

(1) Motor carriers of property using vehicles with a gross vehicle weight rating (GVWR) of 10,000 pounds or more:

(A) Transporting property, non-hazardous commodities or transporting hazardous waste, materials or substances not listed in 49 CFR Part 387.9 - \$750,000.

(B) Transporting deleterious substances - \$750,000.

(C) Transporting hazardous waste, materials, or substances- as required by 49 CFR, Part 387.9.

(2) Motor carriers of property using only vehicles with a GVWR under 10,000 pounds:

(A) Transporting commodities not listed in (B) of this paragraph- \$300,000.

(B) Transporting hazardous waste, materials or substances - as required by 49 CFR Part 387.9.

(3) Motor carriers of the following types of property, materials, and products (also known or identified as restricted property) - \$350,000:

(A) Sand, rock, gravel, rip-rap, aggregate or dirt.

(B) Asphaltic mixtures and similar mixtures and compositions (excluding concrete and concrete mixtures) used in road, highway and other ground surface paving.

(C) Unprocessed forestry products and by products thereof not in a finished state.

(D) Unprocessed agricultural commodities.

(E) Ordinary livestock.

(4) Motor carriers of passengers (manufacturer's designed seating capacity includes the driver):

(A) Utilizing vehicles having a seating capacity of six (6) or less passengers - \$100,000.

(B) Utilizing vehicles having a seating capacity of seven (7) - nine (9) passengers - \$750,000.

(C) Utilizing vehicles having a seating capacity of ten (10) to fifteen (15) passengers - \$1,000,000.

(D) Utilizing vehicles having a seating capacity of sixteen (16) or more passengers - \$5,000,000.

(5) Motor carriers of household goods - \$750,000.

(c) Every motor carrier of freight, except a motor carrier of household goods, shall be exempted from filing proof of cargo liability insurance. Every motor carrier of household goods shall file with, and be approved by, the Commission an additional certificate on Form H or J that there is in effect a valid bond or insurance policy issued by a State Insurance Department authorized provider as security required to compensate shippers or consignees for loss of or damage to property coming into the motor carrier's possession. Security in the amount of at least Five Thousand (\$5,000) Dollars is required to cover loss of or damage to property carried on any one motor vehicle in connection with its transportation service and in the amount of \$10,000 for the loss of or damage to or aggregate of losses of or damages to property occurring at any one time and place.

(d) Motor carriers of hazardous materials or hazardous waste shall maintain a properly executed Form MCS-82 or MCS-90 in effect as required by 49 CFR 387.

(e) The Commission may by order grant authority to operate or to continue operating as a motor carrier conditional upon carrying insurance coverage in amounts larger than prescribed by (b) of this Section.

(f) No certificate of insurance or surety bond filed with the Commission pursuant to this Section shall be ~~en-~~~~acted~~~~canceled~~, unless the authorization to conduct operations has been canceled, except after thirty (30) days written notice made to the Commission, on Form K or L, which notice shall be effective only upon actual receipt thereof by the Commission.

(g) Insurance certificates or surety bonds may be ~~en-~~~~acted~~~~canceled~~ without the thirty (30) days written notice on Form K or L only when the authorization to operate has previously expired or ~~en-~~~~acted~~~~canceled~~, the motor carrier provides an affidavit stating no operations have been conducted and the

effective date of the cancellation notice is not before the date the cancellation notice is received in the Commission.

(h) Insurance certificates or surety bonds not properly ~~cancelled~~cancelled or expired shall be considered expired one year after the motor carrier's authorization to operate has been ~~cancelled~~cancelled or expired.

(i) Insurance certificates or surety bonds approved by this Commission shall be replaced by more recent insurance certificates or surety bonds. The liability of the retiring insurer or surety shall be terminated as of the effective date of the replacement insurance certificate or surety bond provided the replacement is approved by this Commission.

(j) No certificate of insurance shall be filed with the Commission which contains a provision to the effect that liability thereunder may be limited or avoided because of the culpability, the recklessness, or the condition of the driver of the vehicle involved or any other restriction relating to the driving or operation of the vehicle.

(k) Every certificate of insurance filed with the Commission shall provide that the public is protected from damage sustained through operations of any and all vehicles operated by the motor carrier insured, whether or not listed or identified in the policy; and that liability is not limited by the description of any particular vehicle or route which may be traveled by the motor vehicle in transporting passengers or property under the certificate or permit or license.

(l) Every certificate of insurance filed with the Commission shall be executed by an officer or authorized agent of the insurance company; and if executed by an agent, a copy of his written authority or power of attorney to execute the same shall be attached to the certificate.

(m) When insurance is provided by more than one insurer in order to aggregate security limits for motor carriers, a separate insurance certificate and endorsement is required of each insurer.

(n) Every motor carrier shall maintain in force at all times all insurance required by state laws and by this Section. Failure for any cause to maintain any required insurance in force shall automatically and without notice suspend the license or authority of a motor carrier until proper insurance is filed.

(o) Whenever the license or authority of a motor carrier is suspended for failure to maintain in force insurance required by this Section, the carrier must file, within sixty (60) days after commencement of the suspension, proper certificate(s) of insurance as provided in this Section and a sufficient showing, by affidavit or otherwise, that no operations were conducted during the period that insurance was not in force (TDF 18).

(p) Whenever a motor carrier fails to provide proper certificates of insurance within sixty (60) days after suspension thereof as provided in this Section, the motor carrier's certificate or permit, license, or other authority shall be ~~cancelled~~cancelled by operation of law, and without notice. A certificate or permit, license, or other authority so ~~cancelled~~cancelled shall not be reinstated or otherwise made operative except upon proper showing, at a hearing, that the motor carrier was actually covered by proper insurance during the suspension or cancellation period, and that failure to file

with the Commission was not due to the motor carrier's own negligence.

(q) Any motor carrier conducting operations under a suspended or ~~cancelled~~cancelled authority, shall not be eligible to apply for a new authority for a period of not less than one hundred eighty (180) days. The one hundred eighty (180) day period shall be determined by either the date insurance on file expires or the date a violation is discovered, whichever occurrence is later.

(r) A person may not require indemnification from a motor carrier as a condition to the following:

- (1) The transportation of property by the motor carrier.
- (2) Entrance onto property by the motor carrier for the purpose of loading, unloading or transporting property.
- (3) Subsection (r)(2) of this Section does not apply to a claim arising from damages or losses from the wrongful or negligent act or omission of the motor carrier.

(s) Insurance filings and cancellation notices required by this Chapter may be accepted electronically as set forth by the Transportation Division. Electronic insurance filings and cancellations shall be held to the same standard and carry the same force and effect as if accepted through traditional paper filings.

(t) Insurance companies or their underwriters desiring a hard copy of an approved or disapproved insurance filing or insurance cancellation must submit the insurance filing or insurance cancellation in duplicate and additionally provide a self-addressed stamped envelope.

165:30-3-13. Deleterious Substance Transport Permit

(a) No person, motor carrier or private carrier shall transport any deleterious substance(s) in any quantity over twenty (20) gallons, without a Deleterious Substance Transport Permit (DSTP), to be issued by the Commission. A DSTP is required for soils contaminated by deleterious substances unless exempted under subsection (b) of this Section. ~~The Deleterious Substance Transport Permit~~DSTP shall be required in addition to a motor carrier license as prescribed by this Chapter, when required.

(b) A DSTP is not required when:

- (1) Transporting deleterious substances to be applied to land pursuant to a soil farming permit. A valid copy of the soil farming permit must be carried in the vehicle at the time of transportation; or,
- (2) Transporting contaminated soil which surrounded a leaking underground storage tank or a leaking pipeline when such soil is being transported to and can be legally disposed of in a landfill permitted by the Oklahoma Department of Environmental Quality.

~~(c)~~ No person, motor carrier or private carrier shall dump, disperse or otherwise release deleterious liquids or substances described herein upon a public highway, on private property, or at any place except as authorized by law.

~~(d)~~ No motor vehicle used to transport salt water or other deleterious substances shall be equipped with a release device which can be operated in any manner from within the cab of any motor vehicle.

Permanent Final Adoptions

(~~de~~) The Commission may issue the permit upon applicant fulfilling all requirements. If issued, a copy of the permit must be carried in each motor vehicle at all time. Motor carriers must maintain valid liability insurance on file with this Commission in accordance with OAC 165:30-3-11. Failure to do so shall subject the permit to revocation.

(~~ef~~) Notice of the application and hearing thereon shall not be required, unless the Commission shall so direct.

(~~fg~~) Every person, motor carrier or private carrier holding a ~~Deleterious Substance Transport Permit~~DSTP or transporting ~~deleterious substances not requiring a DSTP pursuant to subsection (b) of this Section~~, shall maintain an accurate register in numerical order at the principal place of business and retain for inspection by Commission personnel at all times. The register shall consist of the shipping document or criteria as provided in (g) of this Section.

(~~gh~~) Every vehicle transporting deleterious substances, ~~whether under a DSTP or pursuant to subsection (b) of this Section~~, shall carry an individual shipping document for each load containing the information as follows:

- (1) Vehicle identification
- (2) Driver name
- (3) Shipper name
- (4) Legal description of the origin of the load
- (5) Volume and description of substance
- (6) Legal description of the destination of the load

(~~hi~~) The shipping documentation may be transferred to the register. The register shall be maintained in numerical order by the permit holder and retained for inspection by Commission personnel at all times.

(~~ji~~) Failure to maintain and preserve the records provided herein shall be grounds for revocation of the permit.

SUBCHAPTER 6. TRANSPORTATION NETWORK COMPANIES

PART 1. APPLYING FOR A PERMIT

165:30-6-3. TNC Permit renewals

(a) Any TNC desiring to continue operations as granted in its permit shall apply for renewal by submitting the appropriate application form (TDF 29) ~~and all supporting documentation~~ a minimum of thirty (30) days prior to the date of the permit's expiration. Each renewal application shall be properly signed.

(~~b~~) The applicant must supply updated documentation demonstrating eligibility for a TNC permit upon request.

(~~bc~~) All TNC Permits renewed by the Commission shall become effective the same date as the prior permit's expiration.

(~~ed~~) Renewal applications shall be accompanied by a filing fee as prescribed by law or by Commission rule.

(~~de~~) A renewal application may be set for hearing at the discretion of the Commission.

(~~ef~~) All requirements for compliance with this Chapter must be met within thirty (30) days from date of receipt of a TNC

permit renewal application by the Commission. Failure to comply will result in dismissal of the renewal application for a permit.

(~~fg~~) A renewal application will not be accepted if the permit has previously expired, unless the Director of the Transportation Division reviews and approves the acceptance of the application for renewal.

(~~gh~~) No TNC permit shall be renewed until all outstanding fines or judgments due the Commission or other Oklahoma state agencies have been satisfied.

(~~hi~~) No TNC operations shall be performed under an expired permit.

PART 3. CONDUCTING OPERATIONS

165:30-6-19. Compliance with laws and regulations

(a) All TNCs shall conduct their operations in accordance with all applicable laws of the State of Oklahoma and all applicable rules of this Chapter. All permits heretofore or hereafter granted by the Commission are subject to applicable provisions of law and of this Chapter as fully as if those laws and rules were set forth verbatim therein.

(b) No TNC shall operate or allow to be operated any equipment that does not comply with safety criteria established by the rules of this Commission, the Oklahoma Transportation Network Company Services Act or the statutes of the State of Oklahoma on the public highways of the State of Oklahoma. No TNC shall permit any TNC driver to operate a motor vehicle in violation of any size limits established by this Chapter, of OAC 595:30 or of the statutes of the State of Oklahoma. The TNC shall suspend access to its digital network to a TNC driver, pending an investigation by the TNC, if it receives notice of or has reason to believe the driver has failed to meet the safety criteria or size standards of the Commission, the Oklahoma Transportation Network Company Services Act, or the statutes of the State of Oklahoma.

(c) TNCs shall provide notice to their TNC drivers that arranging for-hire passenger transportation services in any way other than through the TNC's digital network will subject the driver to the same regulation, authority requirements, and penalties as a motor carrier under the Motor Carrier Act of 1995.

(d) TNCs shall provide, via the TNC's Digital Network, a method whereby each TNC driver can present to a requesting law enforcement officer proof that the driver is operating as a TNC driver. TNC drivers unable to present such information may be considered to be engaged in motor carrier operations.

(~~e~~) No provisions may be included in the TNC's Terms of Service or Driver Contracts that are contrary to the OTNCS Act.

(~~f~~) No provisions in this Subchapter prohibit a TNC from contracting with a licensed intrastate for-hire motor carrier.

SUBCHAPTER 7. PROCEDURAL RULES

165:30-7-5. Forms

The following forms of the Commission relate to this Chapter:

- (1) **Intrastate license forms.**
 - (A) TDF 1 - Application for Intrastate Motor Carrier For-Hire or Private Carrier License
 - (B) TDF 2 - Application for renewal of Intrastate Motor Carrier License or Certificate
- (2) **Intrastate certificate forms.**
 - (A) MCF 1 - Application For Household Goods Certificate
 - (B) Form H - Uniform Motor Carrier Cargo Certificate of Insurance
 - (C) Form J - Uniform Motor Carrier Cargo Surety Bond
- (3) **Interstate Form - Unified Carrier Registration**
- (4) **Harvest Permit forms**
 - (A) TOSS 1 - Application for Harvest Permit
 - (B) TOSS 2 - Application for 15-Day Harvest Permit Extension
- (45) **Hazardous Waste forms.**
 - (A) UPW - Part I - Registration
 - (B) UPW - Part II - Permit
 - (C) UPW - Part III - Other Information
 - (D) UPW - Part IV - Certification
 - (E) UPW - Uniform Program Fee Worksheet (Schedules A-D and Summary)
- (56) **IFTA/IRP forms.**
 - (A) IRP Schedule A - International Registration Plan Original Application-Schedule A
 - (B) IRP Schedule B - International Registration Plan- Schedule B
 - (C) IRP Schedule C - International Registration Plan Supplemental Application-Schedule C
 - (D) IRP Schedule G - International Registration Plan Declaration of Estimated Miles-Schedule G
 - (E) IRP Misc 1 - International Registration Plan Affidavit for Lost/Stolen Tag and Additional Cab Cards
 - (F) IFTA Application - International Fuel Tax Agreement Registration Application
 - (G) IFTA QTR - International Fuel Tax Agreement Quarterly Report
- (67) **Miscellaneous forms.**
 - (A) TDF 3 - Application for Change of Name
 - (B) TDF 8 - Application for Reinstatement
 - (C) TDF 14 - Application For for a Deleterious Substance Transport Permit
 - (D) TDF 16 - Application for Identification Devices
 - (E) TDF 17 - Application for Address Change
 - (F) TDF 18 - Affidavit of No Operations
 - ~~(G) TDF 19 - Carrier Identification Update Report~~
 - (H) Form E - Uniform Motor Carrier Bodily Injury and Property Damage Liability Certificate of Insurance
 - (I) Form K - Uniform Notice of Cancellation of Motor Carrier Insurance Policies

- (J) Form G - Uniform Motor Carrier Bodily Injury and Property Damage Liability Surety Bond
- (K) Form L - Uniform Notice of Cancellation of Motor Carrier Surety Bonds
- ~~(L) TDF 25 - Application for Motor Carrier Rules and Regulations~~
- ~~(M) TDF 26 - Motor Carrier Rules and Regulations Update Notification~~
- ~~(N) TDF 28 - Vehicle Information Request Form~~
- (78) **Transportation Network Company forms.**
 - (A) TDF 29 - Application for Oklahoma Transportation Network Company Permit
 - (B) TDF 30 - Oklahoma Transportation Network Company Certificate of Insurance
 - (C) TDF 31 - Oklahoma Transportation Network Company Notice of Insurance Cancellation

165:30-7-6. Applications and requests

- (a) All intrastate motor carrier, private carrier, transportation network company, deleterious, hazardous waste, registration and fuel permit applications must bear an original acceptable signature of the applicant. The applicant must be a legal entity with an optional single trade name listed that is not a legal entity. If signed by an attorney or agent in lieu of the applicant, a copy of the power of attorney must be attached to the application.
- (b) Acceptable signatures on applications for authority are as follows:
 - (1) Sole proprietorship - sole proprietor.
 - (2) Partnership - one of the partners.
 - (3) Corporation - one of the officers or directors.
 - (4) Limited liability company - the manager.
- (c) A name change relating to a partnership or a request to cancel a partnership must be signed by all partners.
- (d) All motor carrier and commercial motor vehicle applications filed by an applicant which does not maintain a terminal in Oklahoma must file and maintain a current listing of a valid Oklahoma process agent on behalf of the applicant.
- (e) All applications for authority shall contain the USDOT number of the operating motor carrier. Applications for registration shall additionally contain the USDOT number of the owner of each vehicle, and the registrant.
- (f) Motor carriers obtaining a name change with FMCSA in association with the motor carrier's DOT number must immediately update the name and/or trade name on the Commission issued authority, registrations, fuel licenses or permits. The Commission may require a name change or an application for new authority. Motor carriers obtaining a name change on Commission issued authority, registration, fuel licenses or permits must immediately obtain a name change with FMCSA in association with the motor carrier's DOT number. Failure to have the motor carrier name and trade name, if any, identically shown on all authority, registrations, fuel licenses or permits may subject the motor carrier to penalties, suspension, revocation, roadside enforcement delays or delays in processing subsequent applications.

Permanent Final Adoptions

(g) Motor carriers changing their address with FMCSA in association with the motor carrier's DOT number must immediately update the address(es) on the Commission issued authority, registrations, fuel licenses or permits. In the event the Commission determines a motor carrier has changed its address(es) with FMCSA prior to notifying the Commission, may cause the Commission to update its records to reflect the updated address(es) on file with FMCSA. The motor carrier may notify the Commission in writing if it chooses to maintain separate address(es) on file with the Commission from the address(es) on file with FMCSA. Failure to have current address(es) on file for authority, registrations, fuel licenses or permits may subject the motor carrier to penalties, suspension, revocation, roadside enforcement delays or delays in processing subsequent applications.

(fh) An application for authority, commercial vehicle registration or fuel permit may not be processed when the motor carrier or the motor carrier responsible for safety has not updated its USDOT number within the prior twenty-four (24) months. Failure to update the USDOT number may subject the authority to revocation.

(gi) Failure to properly complete any application may result in delay or denial of the relief sought.

(hj) Applications may be denied due to outstanding monies owed to the Commission or other state or federal agencies.

(ik) Interstate authority, fuel permits and registration cannot be issued to a motor carrier whose ability to operate in interstate commerce has been denied or revoked.

(jl) If a fee is required for an application, and the funds are returned unpaid, any document or privilege granted as a result of that application shall be immediately revoked without notice. The document or privilege shall be reinstated provided valid payment is received in a timely manner.

SUBCHAPTER 19. REGISTRATION PURSUANT TO THE INTERNATIONAL REGISTRATION PLAN

165:30-19-2. Definitions

In addition to terms defined in the IRP, the Uniform Operational Audit Procedure Guidelines, and the IRP Policies and Procedures Manual, the following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Applicant" means any person making an application with the Oklahoma Corporation Commission seeking to register a vehicle or vehicles pursuant to the IRP.

"Application" means a filing with the Oklahoma Corporation Commission, seeking to register a vehicle or vehicles with the Commission pursuant to the IRP.

"Apportioned registration" means the proportional registration of a vehicle pursuant to the terms of the IRP and this Subchapter.

"Carrier" means a fleet operator which engages in the transportation of passengers or property for compensation or hauls its own commodity.

"Credentials" means identification plates and cab cards.

"Established account" means any prorate account for which a properly completed original application has been received by the IFTA/IRP Section and all corresponding and assessed fees have been paid in full.

"Grace period" means two months following the expiration of the registration year.

"Interstate" means between or through two or more jurisdictions.

"Intrastate" means from one point within a jurisdiction to another point within the same jurisdiction.

~~**"IRP"** means the International Registration Plan. The IRP is a licensing and reciprocity agreement between states of the United States and provinces of Canada that sets forth the procedures for registration and operation of vehicles traveling in two or more member jurisdictions.~~

"New operation" means a vehicle or fleet of vehicles not previously registered pursuant to the provisions of the IRP. "New operation" does not include an existing fleet that is expanding the number of vehicles or area of operation.

"Operations" means actual movement of a vehicle. For purposes of this Subchapter, operations may be classified as interstate or a combination of interstate and intrastate.

"Proportional registration" means registration of an apportionable vehicle pursuant to the terms of the IRP and this Subchapter.

"Records" means and includes operational records.

"Registration agent" means a person hired by an applicant or registrant to prepare and/or file applications, supplemental applications, and other documents required for proportional registration in Oklahoma.

"Regular business hours" means 8:30 a.m. to 4:30 p.m. local time.

"Reporting period" or **"mileage year"** means the period of twelve (12) consecutive months immediately prior to July 1 of the year preceding the year of registration or license.

165:30-19-3. Registration

(a) Before a vehicle can be proportionally registered in the state of Oklahoma the applicant or registrant must:

(1) Have an established place of business located in Oklahoma. Absent an established place of business in any IRP jurisdiction, an applicant must satisfy the residency requirements in 165:30-19-6, prior to being allowed to base plate in Oklahoma. Under no circumstances can an independent contractor be used to establish a place of business or residence on behalf of a registrant.

(2) Complete the application, all required schedules, and provide backup documentation required by the Commission to verify the information submitted by the applicant:

(A) The application must include the mailing address and telephone number of the applicant. In addition to providing the applicant's telephone number, the applicant may provide the telephone number of a third party who has knowledge of the applicant's whereabouts and is able to contact the applicant within a reasonable period of time upon request. An

applicant or registrant may not utilize a telephone listing indicating the same telephone number as that of any other person in this state as a qualifying telephone number under this Section.

(B) If the application is signed by someone other than the applicant or registrant, pursuant to a power of attorney, the name or names of the individuals to whom such authority is granted must be included in the power of attorney executed by the applicant.

(3) Provide proof of payment (or suspension from levy) of Federal Heavy Vehicle Use Tax;

(4) Provide proof of financial responsibility pursuant to 47 O.S. § 7-602 (liability insurance);

(5) Motor vehicles operated by a motor carrier with valid liability insurance on file with FMCSA or this Commission are exempt from subsection (a) (4) of this Section;

(6) If the applicant is leased to a motor carrier, the applicant must provide a copy of the lease to satisfy Oklahoma's financial responsibility requirements (47 O.S. § 7-602). If multiple vehicles are under lease, a letter from the motor carrier listing each vehicle's year, make, model and VIN under lease to the carrier may be provided in lieu of the lease, provided a copy of any and all leases shall be made available to the Commission upon request.

(7) Provide proof of ownership;

(8) Provide proof of payment of prior registration fees, if the vehicle was registered pursuant to the IRP in another jurisdiction; and

(9) Pay all applicable fees to complete registration. Continuous registration is required, therefore registration fees shall be assessed from the last vehicle registration date or the date of sale.

(10) Provide the USDOT number and the social security number, federal employee identification number or taxpayer identification number of the carrier responsible for safety of each vehicle in the apportioned application.

(11) Be the owner, the lessee, the motor carrier responsible for safety or an entity contracted by the owner or motor carrier responsible for safety.

(b) Application for registration may be made at any time during a registration year.

(c) Application for registration may be submitted through the mail to the IFTA/IRP Section, Transportation Division, Oklahoma Corporation Commission, P.O. Box 52948, Oklahoma City, Oklahoma, 73152-2948, or by applying in person at 2101 N. Lincoln Blvd., in Oklahoma City. A list of other locations where application may be submitted is available from the IFTA/IRP Section or the Commission website under the Transportation Division (<http://www.occeweb.com>).

(d) No application for proportional registration shall be processed unless the applicant has submitted the documentation required in (a) of this Section. Failure to submit the required documentation shall result in denial of the application.

(e) Since registration with the Plan can affect other jurisdictions' registration fees and tax receipts, the Transportation Division must be diligent in ensuring that those registrants with

Oklahoma as their base jurisdiction are indeed entitled to base in Oklahoma.

(1) If after approval of the application and during the registration year, the Transportation Division has reason to believe that critical account information submitted on an application has changed, the Transportation Division shall allow the registrant 30 days to provide the updated information. If the information is not provided within that time or is deemed insufficient, the Transportation Division shall revoke the registrants' credentials in accordance with OAC 165:5-25.

(2) If after approval of the application and during the registration year the Transportation Division has evidence that critical account information submitted on an application was submitted erroneously or falsely, the Transportation Division shall revoke the registrants' credentials in accordance with OAC 165:5-25.

165:30-19-7. Operational records

Operational records shall be documents supporting miles traveled in each jurisdiction and the total miles traveled. These documents can be fuel reports, trip sheets, logs, or computer runs that can be supported by source documents, when requested. An acceptable source document to verify fleet mileage is some type of "Individual Vehicle Mileage Distance Record" (IVMR) — (IVDR). ~~IVMRs~~ IVDRs should contain the following basic information:

- (1) Date of trip (starting and ending);
- (2) Trip origin and destination;
- (3) Routes of travel and/or beginning and ending odometer readings;
- (4) Total trip mileage (including all movement, loaded, empty, deadhead, and/or bobtail miles);
- (5) Mileage by jurisdiction;
- (6) Unit number or vehicle identification number;
- (7) Vehicle fleet number;
- (8) Registrant's name; and
- (9) Driver's signature and/or name.

165:30-19-8. Maintenance and availability of operational records

(a) Operational records must be maintained for a period of three (3) years after the close of the registration year for which the records were included in the application. Failure to maintain the required records may result in an assessment in accordance with Section 1015 of the IRP.

(b) Failure to make records available upon proper request shall result in an assessment in accordance with Section 1015 of the IRP.

(c) Failure to maintain or make records available may also subject the registrant to denial of apportion privilege.

~~(d) Registrants or licensees selected for audit whose fleet size exceeds 200 vehicles are required to submit the detailed records required to conduct the audit in the electronic format established by the Commission.~~

Permanent Final Adoptions

165:30-19-12. Supplemental application

(a) After an original application has been filed, vehicles can be added, deleted, or registration weight increased by filing a supplemental application form.

(b) Registration fees for supplemental applications are calculated from the date of purchase or lease, unless the vehicle was previously registered in the fleet, then the fees shall be calculated upon an annual rate. For registrants who do not have possession of equipment on the date they purchased it, fees may be calculated from the date the equipment came into possession of the registrant. Registrants who wish to avail themselves of this provision must provide documentation of the receipt date of the equipment to the Transportation Division. In no case should the effective date of the registration be after equipment is placed in service.

(c) When a supplemental application is filed to add a unit and delete a similar unit, a credit of the registration fees paid on the deleted unit will be given toward registration of the added unit for those states that allow credit. Credit is only available for vehicles subsequently added to the fleet in the registration year in which the credit was created. In no event shall credit be allowed for fees beyond such registration year. Credits are not transferable between fleets. In order for credit to be given on the registration fees, the cab card and license plate for the deleted vehicle must be returned with the supplemental application, or an affidavit of destruction must be submitted with the supplemental application. Under no circumstances can a license plate be transferred from one vehicle to another. No refund for unused deletion credits will be given for a deleted vehicle.

(d) Supplemental applications may be filed with a future effective date to add a unit before the unit is placed in service. In no case shall the registration effective date be more than sixty (60) days ~~in advance of~~ after the filing date of the supplemental application. When a unit is added with a future effective date but the unit does not become part of the fleet, no refund of the fees will be allowed. The unit may be deleted and the resulting deletion credits may be used toward the addition of subsequent unit.

(e) If the license plate is lost, an affidavit may be submitted in lieu of the plate.

(f) ~~When~~ the motor carrier is responsible for safety changes during a registration year, the registrant is required to file for a cab card change for each vehicle. The cab card change application shall include the new motor carrier responsible for safety's USDOT number and taxpayer identification number (social security or federal employee).

165:30-19-14. Audits

~~(a) The Transportation Division of the Commission has the responsibility of conducting audits of the operational records of a registrant that~~ If operational records are not maintained at a location within the State of Oklahoma and cannot be made available for audit at a location within Oklahoma.—~~The, the~~ the registrant ~~will~~ may be required to reimburse the ~~State of Oklahoma Corporation Commission~~ State of Oklahoma Corporation Commission, for expenses incurred ~~by its auditor(s)~~ for performance of an audit at a location outside Oklahoma.

(b) Registrants selected for audit whose fleet size exceeds two hundred (200) vehicles are required to submit detailed records in the electronic format established by the Commission in order to conduct an audit.

SUBCHAPTER 21. INTERNATIONAL FUEL TAX AGREEMENT

165:30-21-2. Definitions

In addition to terms defined in the IFTA, the IFTA Audit Manual, and the IFTA Procedures Manual, the following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Applicant" means any person making an application with the Oklahoma Corporation Commission seeking to license a fleet pursuant to the IFTA.

"Application" means a filing with the Oklahoma Corporation Commission, seeking a license with the Commission pursuant to the IFTA.

~~"Audit" means a physical examination of record and source documents supporting a licensee's reports.~~

"Carrier" means a fleet operator, which engages in the transportation of passengers or property for compensation or hauls its own commodity.

~~"Commission" means the Oklahoma Corporation Commission~~

"Credentials" means IFTA identification license and decals.

"Fleet" means one or more vehicles

"Grace period" means two months following the expiration of the license year.

"Interstate" means between or through two or more jurisdictions.

"Intrastate" means from one point within a jurisdiction to another point within the same jurisdiction.

~~"IFTA" means the International Fuel Tax Agreement. The IFTA is a reciprocity agreement between states of the United States and provinces of Canada that sets forth the procedures for licensing, reporting and enforcement of qualified motor carriers. The IFTA requires member jurisdictions cooperate to ensure that each member receives motor fuel tax revenue due it.~~

"Operations" means actual movement of a vehicle. For purposes of this Subchapter, operations may be classified as interstate or a combination of interstate and intrastate.

"Person" means an individual, corporation, partnership, association, trust, or other entity

"Qualified Motor Vehicle" means a motor vehicle used, designed, or maintained for transportation of persons or property and:

(A) Having two axles and a gross vehicle weight or registered gross vehicle weight exceeding 26,000 pounds or 11,797 kilograms; or

(B) Having three or more axles regardless of weight; or

(C) Is used in combination, when the weight of such combination exceeds 26,000 pounds or 11,797 kilograms.

kilograms gross vehicle or registered gross vehicle weight. Qualified Motor Vehicle does not include recreational vehicles.

"Recreational Vehicle" means vehicles such as motor homes, pickup trucks with attached campers, and buses when used exclusively for personal pleasure by an individual. In order to qualify as a recreational vehicle, the vehicle shall not be used in connection with any business endeavor.

"Records" means all documents, files, and work product and includes but is not limited to, operational records.

"Registration" means the qualification of motor vehicles normally associated with a prepayment of fees for the privilege of using the highway and the issuance of license plate and a registration card or temporary registration-containing owner and vehicle data.

"Registration agent" means a person hired by a licensee to prepare and/or file applications, reports and other documents required for IFTA licensing and reporting in Oklahoma.

"Reporting Period" means a period of time consistent with the calendar quarterly periods of January 1 - March 31, April 1 - June 30, July 1 - September 30, and October 1 - December 31.

"Revocation" means withdrawal of a license and privileges by the licensing jurisdiction.

"Temporary Permit" means a permit issued by the Oklahoma Corporation Commission or its agent to be carried in a qualified vehicle in lieu of carrying the IFTA license and the display of the permanent annual decals. A temporary permit is valid for a period of 30 days to give the carrier adequate time to affix the annual permanent decals.

165:30-21-13. Reporting requirements

(a) Every person licensed under 68 O.S. § 607 shall make and transmit to the Commission, on or before the last day of April, July, October and January of each year, upon a form prescribed and furnished by the Commission, a verified quarterly ~~report~~ return, showing the total distance traveled by the licensee in all jurisdictions and the total volume (in gallons) of motor fuel or diesel fuel purchased or received in each jurisdiction on which the motor fuel tax levied by that jurisdiction has been paid to that jurisdiction. The ~~report~~ return will also show the total distance and the total taxable distance traveled by the licensee in each IFTA jurisdiction, and the total volume (in gallons) of motor fuel or diesel fuel consumed in each IFTA jurisdiction. The total volume (in gallons) of motor fuel or diesel fuel purchased or received in each IFTA jurisdiction shall be deducted from the total number of gallons of motor fuel or diesel fuel consumed by the licensee in each jurisdiction to determine the number of gallons of motor fuel or diesel fuel upon which each jurisdictions' motor fuel tax is to be computed and paid.

(b) Every person licensed under this article who travels less than ~~ten~~ five thousand (10,000) ~~(5,000)~~ miles distance ~~per year in Oklahoma~~ in all jurisdictions other than Oklahoma, based upon the four most recently filed consecutive quarterly returns, may request approval, at the option of the Commission, to file an annual report return in lieu of filing the quarterly ~~report~~ return.

165:30-21-17. Incorporating the International Fuel Tax Agreement

(a) ~~Reference to the International Fuel Tax Agreement (IFTA).~~ When reference is made to ~~the International Fuel Tax Agreement or IFTA,~~ it shall mean, unless the context clearly indicates otherwise, the motor fuel use tax reciprocity agreement among between the various states of the United States contiguous states and the certain Canadian provinces of Canada, including the Procedures Manual and the Audit Manual, which provides for payment of fuel taxes by licensees based on fuel used by qualified vehicles in the various jurisdictions, to which Oklahoma is a signatory state allows a licensee to report and pay motor fuel use taxes to a base jurisdiction for distribution to other member jurisdictions in which the licensee traveled and incurred motor fuel use tax liability, as published by International Fuel Tax Association, Inc., as amended. IFTA can be found online at <https://www.iftach.org>.

(b) ~~Incorporation.~~ The following Articles are, unless otherwise specifically provided, incorporated by reference in their entirety:

- (1) Articles I through XXI of the International Fuel Tax Agreement (IFTA);
- (2) The International Fuel Tax Agreement Audit Manual; and
- (3) The International Fuel Tax Agreement Procedures Manual.

(c) ~~Inclusion of IFTA citation and definitions.~~ When a provision of the IFTA is incorporated by reference, all citations and definitions contained therein are also incorporated by reference.

(d) ~~Inconsistencies or duplications.~~ In the case of any inconsistency or duplication between the requirements of those provisions incorporated by reference in this Section, and rules set out in this Subchapter, the provisions incorporated by reference shall prevail, except where the rules in this Subchapter are more particular. The provisions incorporated by reference are subject to any limitations provided by Oklahoma law.

165:30-21-18. Operational records

Operational records shall be documents supporting miles traveled in each jurisdiction and the total miles traveled. These documents can be fuel reports, trip sheets, logs or computer runs that can be supported by source documents, when requested. An acceptable source document to verify fleet mileage is some type of Individual Vehicle Distance Record (IVDR). IVDRs should contain the following basic information:

- (1) Date of trip (starting and ending);
- (2) Trip origin and destination;
- (3) Routes of travel and/or beginning and ending odometer readings;
- (4) Total trip mileage (including all movement, loaded, empty, deadhead, and/or bobtail miles);
- (5) Mileage by jurisdiction;
- (6) Unit number or vehicle identification number;
- (7) Vehicle fleet number;
- (8) Registrant's name; and
- (9) Driver's signature and/or name.

Permanent Final Adoptions

165:30-21-19. Maintenance and availability of operational records

(a) An IFTA licensee shall retain the records of its operations to which IFTA reporting requirements apply for a period of four (4) years following the date the IFTA tax return for such operations was due or was filed, whichever is later, plus any period covered by waivers or jeopardy assessments. Failure to maintain the required records may result in an assessment in accordance with the IFTA Procedures Manual.

(b) Failure to make records available upon proper request shall result in an assessment in accordance with the IFTA Procedures Manual.

(c) Failure to maintain or make records available may also subject the licensee to revocation of its IFTA license or denial of the issuance of a license.

165:30-21-20. Audits

(a) If operational records are not maintained at a location within the State of Oklahoma and cannot be made available for audit at a location within Oklahoma, the licensee may be required to reimburse the Corporation Commission, for expenses incurred for performance of an audit at a location outside Oklahoma.

(b) Licensees selected for audit whose fleet size exceeds two hundred (200) vehicles are required to submit detailed records in the electronic format established by the Commission in order to conduct an audit.

SUBCHAPTER 26. NONCONSENSUAL WRECKER AND TOWING SERVICES

PART 3. RESPONSE TO NONCONSENSUAL TOWING RATE COMPLAINTS

165:30-26-14. Nonconsensual towing rate complaints and audits

(a) The Commission hereby establishes a progressive system of actions to be taken by the Commission, or its designee, to achieve compliance with a Commission nonconsensual towing order. Violations of a Commission nonconsensual towing order may be established as a result of a nonconsensual towing rate complaint investigation or an audit.

(b) For purposes of progressive actions, the date shown on the service invoice serves as the violation date. The dated written notice of a violation issued by the Commission, or its designee, serves as the Violation Notification.

(c) The following stipulations are in place for violations established as a result of a complaint investigation:

- (1) A Violation Notification will contain instructions on the proper rate calculation procedure and will be provided to the wrecker service. The Violation Notification will list the violations and remediation requirements. The Violation Notification may require the repayment of the overcharge to the person who paid for the services. The

wrecker service shall comply with the written instructions within thirty (30) days of the Violation Notification.

(2) Each subsequent Violation Notification of the same provision of a Commission nonconsensual towing order within a ~~twelve~~eighteen-month period will be treated as a progressive violation.

(A) A violation may progress to the next level only when the date of the second or succeeding Violation Notification is later than the previous violation date.

(B) Each progressive action may consist of a new remediation requirement as well as each of the preceding remediation action requirements.

(3) For the second Violation Notification of the same violation during a ~~twelve~~eighteen-month period, a penalty may be assessed in accordance with (f) of this Section. In addition, the Commission or its designee may recommend the wrecker service be temporarily removed from the Oklahoma Department of Public Safety and/or other political subdivision's rotation log. Any such recommendation for removal will include the justification for such request.

(4) For the third and any subsequent Violation Notification of the same violation during a ~~twelve~~eighteen-month period, the Commission or its designee may recommend to the Oklahoma Department of Public Safety that the license of the wrecker service ~~license~~ be suspended or revoked. Any political subdivision with which the wrecker service maintains a contract to provide nonconsensual wrecker or towing services may also be notified of the violation(s) along with the justification for such notification.

(d) Audits of wrecker services may be conducted with or without specific cause. Typically, audits are conducted as a normal part of rate determination and economic analysis, as a result of a nonconsensual towing rate complaint, as a referral from another political subdivision or as a follow up to a previously conducted audit. Audit periods cannot extend beyond the records retention period as required by the Department of Public Safety in OAC 595:25.

(e) Violations discovered as the result of an audit shall be reviewed by the Director of the Transportation Division or his designee. Progressive action remedies in addition to penalties in accordance with (f) of this Section may be assessed or the Commission may issue an order requiring that violations of this Subchapter be corrected. The order may include a fine up to a maximum of \$500.00 for each violation.

(f) For violations established as a result of a nonconsensual towing rate complaint or as a result of an audit, the following penalties may be assessed by the Director of the Transportation Division:

- (1) A penalty in an amount up to \$175.00 for the second violation;
- (2) A penalty in an amount up to \$375.00 for the third violation; or,
- (3) A penalty in an amount up to \$500.00 for the fourth and subsequent violations.

AUTHORITY:

The Commission's authority is found in Okla. Const. Art. IX, § 18 and 17 O.S. § 131, et seq.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2013-34, the proposed rules were submitted to the Governor and Cabinet Secretary on March 16, 2017.

COMMENT PERIOD:

January 25, 2017 through March 8, 2017

PUBLIC HEARING:

March 8, 2017

ADOPTION:

March 8, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

March 16, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 13, 2017

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

September 11, 2017

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

Incorporated standards:

National Electrical Code 2014 edition
National Electric Safety Code 2012 edition

Incorporating rules:

OAC 165:55-13-20(c) incorporated codes and standards:

Availability:

8:00 a.m. to 4:30 p.m., Monday through Friday at Oklahoma Corporation Commission, Public Utility Division, 2101 North Lincoln Blvd., Oklahoma City, Oklahoma 73105 (405) 521-4114.

GIST/ANALYSIS:

The rules were adopted in an effort to update, clarify, and streamline language and procedures appearing in OAC 165:55. In addition to making changes to correct typographical errors, a majority of the adopted rules were made in response to changes in HB 2616. In addition to other changes, HB 2616 expanded the contributors to the Oklahoma Universal Service Fund ("OUSF"). Further, changes were made regarding data-only providers. The Commission now has the express authority to regulate data-only providers who seek reimbursement from the OUSF for providing Special Universal Services. Additional changes were made to update references to the National Electrical Code ("NEC") and the National Electric Safety Code ("NESC"). Changes were also made in response to changes at the Federal Communications Commission ("FCC").

Language was added to make clear that the Commission has authority to grant certificates of convenience and necessity ("CCN") to data-only providers as well as separate and limit the applicability of Chapter 55 rules to just the CCN requirements as those relate to data-only providers. An amendment was made to the definition of data-only provider to specify that the non-voice services that can be offered by a data-only provider, includes Special Universal Services. This ties the definition of data-only provider to the provision of Special Universal Services and assists when using the data-only provider classification in conjunction with the CCN requirements. Additionally, data-only providers were added to Telecommunication Service Provider ("TSP") and Interexchange Carrier ("IXC") as entities that can seek relief from Chapter 55 rules to remain consistent with the underlying theme in the CCN revisions to treat data-only providers as a unique class of providers.

Special Universal Services was added to the provision of telecommunications service as one of the potential activities an entity could be engaged in for which the CCN application was being made as well as require a data-only application to clearly indicate whether the CCN requested was exclusively for the purpose of seeking reimbursement from the OUSF for the provision of Special Universal Services and in doing so eliminated some of the CCN requirements necessary for a data-only provider seeking a CCN exclusively for the purpose of seeking reimbursement from the OUSF.

Additionally, data-only providers, seeking a CCN for the limited purpose of seeking reimbursement from the OUSF for the provision of Special

Permanent Final Adoptions

Universal Services, were excluded from the requirement to provide an initial tariff and instead are required to provide an informational tariff.

In accordance with HB2616, the term "entity" was replaced with "Contributing Providers" for purposes of describing those parties that are to contribute to the Oklahoma Universal Service Fund ("OUSF") as well as require "Contributing Providers" to provide contact information on an annual basis.

Amendments were made to update references to the NEC and the NESC to the 2014 edition for the NEC and the 2012 edition for NESC (from the current 2002 and 1997 editions). This language also makes the change applicable on a going forward basis beginning on September 1, 2017.

Amendments were made to the definition of Eligible Telecommunication Carrier ("ETC") and recognize that an ETC designation can now be granted by the FCC and clarify that those ETCs with Oklahoma Corporation Commission ("OCC") granted designations will comply with the requirements of OAC 165:55-23 and further, if eligible for Oklahoma Lifeline Fund ("OLF") support, the requirements of OAC 165:59-9-1 *et seq.*

To gain consistency with 17 O.S. § 139.109.1(B)(4) and the definition of "Eligible provider" at 17 O.S. § 139.102(11), amendments were made to make clear that OneNet is excluded from the CCN requirement for purposes of requesting funding from the OUSF for the provision of Special Universal Services.

Language that previously required the CCN to be consistent with where service is actually being provided was deleted.

Amendments were made to remove the current requirement to provide a financial statement as part of the affidavit in conjunction with providing a notification of transaction.

Amendments were made to delete minimum service standards for Lifeline service provided by ETCs and replaced by references to the applicable federal service standards. Additionally, language was deleted that referenced obsolete state and federal Lifeline eligibility programs and replaced by references to appropriate federal eligibility programs. Further, to be consistent with the change in federal law, language was added to limit the applicability of state specific eligibility programs to qualification for the OLF only and amend the number of days of non-usage allowed prior to being required to de-enroll a Lifeline customer for non-usage.

The rules add a definition for Consumer Service Division ("CSD") and states that the Director of CSD is the same as the Director of the Public Utility Division ("PUD").

Amendments were made to correct typographical errors and delete references to revoked subsections.

CONTACT PERSON:

Michael L. Velez, Assistant General Counsel, Office of General Counsel, Oklahoma Corporation Commission, 2101 North Lincoln Boulevard, PO Box 52000, Oklahoma City, OK 73152-2000, telephone (405) 522-5930, m.velez@occcmail.com.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

165:55-1-2. Jurisdiction

The Oklahoma Corporation Commission, by virtue of Article IX § 18 *et seq.* of the Constitution of the State of Oklahoma, enactments of the Oklahoma Legislature, and federal law has the authority and responsibility to supervise, regulate, and control the Oklahoma businesses of telecommunications service providers and interexchange telecommunications carriers in Oklahoma which are subject to regulation of the Commission. In addition, the Commission has the authority to designate eligible telecommunications carriers, to grant certificates of convenience and necessity to data-only providers

and to enact rules and regulations in connection therewith. No person or corporation not otherwise a telecommunications service provider within the meaning of this Chapter shall be deemed such solely because of the manufacture, distribution, installation, or maintenance of end-user premises communication equipment and accessories.

165:55-1-3. Application of rules

This Chapter shall apply to every telecommunications service provider, data-only provider, and IXC in Oklahoma subject to the jurisdiction of the Commission. This Chapter shall apply to a Telephone Cooperative Corporation only to the extent specifically authorized by 18 O.S. § 438.1 *et seq.* This Chapter shall not apply to the interexchange portion of an IXC's business, except as set forth in OAC 165:55-1-8. This Chapter shall not apply to the non-regulated services offered by a data-only provider, except as specified in OAC 165:55-3-1.

165:55-1-4. Definitions

The following words and terms, when used in this Chapter, shall have the following meanings, unless the context clearly indicates otherwise. These definitions shall be supplemented by the definitions contained in 17 O.S. § 139.102. To the extent there is a conflict between a definition contained in 17 O.S. § 139.102 and a definition in this Section, the definition in this Section shall be applicable to this Chapter:

"**Access service**" means any tariffed wholesale service provided by one LEC to another LEC, CLEC, interexchange carrier certificated by the Commission or an end-user that allows for access to the local exchange telecommunications network, excluding local interconnection arrangements.

"**Applicant for telecommunications service**" means any person, partnership, cooperative corporation, corporation, or lawful entity requesting service(s) from a telecommunications service provider.

"**Authorized carrier**" means any telecommunications carrier that submits a change, on behalf of an end-user, in the end-user's selection of a provider of telecommunications service with the end-user's authorization verified in accordance with the procedures specified in this Chapter.

"**Base rate area**" means the developed area within each exchange service area designated in the tariffs of the telephone company or if not so designated, an area within one-half (1/2) mile radius of the serving central office.

"**Basic local service**" means all residential and business telecommunications voice and/or relay service which meets the standards set forth in 165:55-13-10, including lines beyond the first line into a residence or business.

"**Billing agent**" means an entity which provides bills to an end-user for services received from a telecommunications service provider.

"**Billing and collection service**" means the wholesale service provided by a TSP or IXC for the processing and delivery of customer bills, on behalf of a third party.

"Bona Fide Request" means a written request delivered to a telecommunications service provider requesting services and interconnection provided for in this Chapter.

"CIC" means carrier identification code which identifies a provider of toll services by a three- or four-digit number.

"Campus" means multiple buildings located on a single tract or area of land or on adjacent and abutting tracts of land where all the buildings and land are subject to majority ownership by the same person. A campus may be intersected or traversed by public thoroughfares provided that the segments created would be continuous in the absence of the thoroughfare. A tract or tracts of land used for farming and/or ranching shall not be considered a "campus."

"Carrier of last resort" means a telecommunications service provider as designated by the Commission pursuant to OAC 165:55-13-12.

"Central office" means an operating unit of a telecommunications service provider by which connections are established between end-users' lines and between end-users' lines and trunks or toll lines.

"Circuit" or **"Channel"** means one communication path between two (2) or more points suitable for transmitting information.

"Class of service" or **"Customer class"** means a description of service furnished to an end-user in terms of type of rate, location, and use.

"CLEC" means a Competitive Local Exchange Carrier.

"Clear and conspicuous" means notice that would be apparent to the reasonable consumer.

"Competitive Provider" means an entity providing the same or equivalent services through the use of its own or leased facilities including resellers. The service must satisfy the Commission's rules of minimum service standards regardless of whether the provider is regulated by the Commission.

"Competitive service" means a telecommunications service determined by the Commission to be subject to effective competition for a relative geographic and service(s) market, after notice and hearing.

"Competitive Test" means an evaluation by the Commission to determine after notice and hearing, for a particular service on an exchange by exchange basis, the existence of competition among an ILEC, a non-affiliated facilities based Competitive Provider, and one (1) other non-affiliated Competitive Provider. Such exchanges shall be the same as those on file with the Commission on the date of approval of the Transition Plan.

"Cramming" means the placement of unauthorized, misleading, or deceptive charges on a customer's telephone bill for products or services that were never ordered by the customer.

"CSD" means the Consumer Service Division of the Public Utility Division of the Oklahoma Corporation Commission.

"Customer" means any person, firm, partnership, cooperative corporation, corporation, or lawful entity that receives regulated telecommunications services supplied by any telecommunications service provider or IXC.

"Customer trouble report" means any oral or written report given to a telecommunications service provider's repair

service by an end-user of telephone services relating to a physical defect or difficulty or dissatisfaction with the provision of the telecommunications service provider's regulated services. Each trouble report shall count as a separate report regardless of whether subsequent reports relate to the same physical defect, difficulty, or dissatisfaction with the provision of the telecommunications service provider's regulated services.

"Data-only provider" means a company exclusively providing non-voice services, to include Special Universal Services as defined at 17 O.S. § 139.102(39), which, pursuant to OAC 165:55-3-1, has obtained a Certificate of Convenience and Necessity.

"Demarcation point" means the physical location at which responsibility for operating and maintaining facilities passes from one person to another.

"Deniable charge" means a charge for those regulated services for which nonpayment may result in a disconnection of basic local service.

"Dialing parity" means that a person that is not an affiliate of a telecommunications service provider is able to provide telecommunications services in such a manner that end-users have the ability to route automatically, without the use of any access code, their telecommunications to the telecommunications service provider of the end-user's designation from among two (2) or more telecommunications service providers.

"Directory" means the published listing of all telephone numbers, other than those requested by the end-user not to be published, for all end-users in a service area regardless of the local exchange telecommunications service provider selected by the end-user.

"Disconnection of service" means an arrangement made by the end-user or TSP for permanently discontinuing service by terminating the contract and/or removing the telephone service from the end-user's premises.

"Eligible Telecommunications Carrier" ("ETC") means a common carrier designated by the Commission pursuant to OAC 165:55-23-2 and 47 U.S.C. §§ 254 and 214(e). ETC also means a Lifeline Broadband Provider designated by the Federal Communications Commission.

"End-user" means the customer to whom a telephone number is assigned.

"Executing carrier" means any telecommunications carrier that effects a request that an end-user's telecommunications carrier be changed. A carrier may be treated as an executing carrier, however, if it is responsible for any unreasonable delays in the execution of carrier changes or for the execution of unauthorized carrier changes, including fraudulent authorizations.

"Facilities-based provider" means an entity providing telecommunications services predominately through the use of its own facilities, including UNEs, and other technologies capable of meeting all local telecommunications service requirements while complying with the Commission's quality of service rules.

"FCC" means the Federal Communication Commission.

"Filed" means to present a document to and have it accepted by the Office of the Court Clerk of the Oklahoma Corporation Commission.

"ILEC" means an Incumbent Local Exchange Company.

Permanent Final Adoptions

"Individual Case Basis" ("ICB") means a condition, pursuant to the provisions of the tariff, in which the rates and charges for an offering are developed based on the circumstances of each customer.

"Initial Tariffs" means the first tariffs approved after, or in conjunction with, the granting of a Certificate of Convenience and Necessity.

"Interexchange telecommunications service" means telecommunications service provided between locations within different certified telephone exchange service areas.

"InterLATA call" means any call which is originated in one LATA and terminated in another LATA.

"Interstate call" means any call which is originated in one state and terminated within the boundaries of another state.

"IntraLATA call" means any call which is originated and terminated within the boundaries of the same LATA, regardless of whether such call crosses LATA boundaries prior to reaching its termination point.

"Internet Subscriber Fee" means any fee that is paid to a telecommunications service provider for Internet service that is in addition to the access connection charge.

"Intrastate call" means any call which is originated and terminated within the boundaries of the State of Oklahoma, regardless of whether such call crosses state boundaries prior to reaching its termination point.

"LATA" means Local Access and Transport Area as defined in the Code of Federal Regulations, Title 47 Part 53.3.

"Less than Minimum Service Provider" means a CLEC which offers local exchange service that does not meet all minimum service standards, as set forth in OAC 165:55-13-10.

"Letter of Agency" ("LOA") means the written authorization that gives permission to change the customer's telecommunications services and/or the customer's provider or to share that customer's network information with representatives or associates of the telecommunication company or telecommunications carrier.

"Local interconnection arrangements" means a contract for interconnection, including resale, as governed by section 251 of the Communications Act of 1934 (47 U.S.C. § 251), as amended, the Federal Communication Commission rules and the rules of the Commission.

"Local operator services" means the automatic or live assistance provided to a customer, which enables the customer to arrange for billing or completion of a local call. Local operator services may include, but are not limited to, line status verification, busy line verification, emergency interrupt, and calls to emergency numbers (e.g., 911).

"Long run incremental cost" ("LRIC") means the long run forward-looking additional cost caused by providing all volume-sensitive and volume-insensitive inputs required to provide the total demand associated with a service or network element offered as a service, using economically efficient current technology efficiently deployed. LRIC also equals the cost avoided, in the long run, when a service or network element offered as a service is no longer produced. LRIC excludes costs directly and solely attributable to the production of other services or network elements offered as services, and unattributable costs which are incurred in common for all the

services supplied by the firm. The long run means a period long enough so that the cost estimates are based on the assumption that all inputs are variable.

"Network element" means a facility or equipment used in the provision of a telecommunications service. Such term also includes features, functions and capabilities that are provided by means of such facility or equipment, including end-user numbers, databases, signaling systems and information sufficient for billing and collection or used in the transmission, routing or other provision of a telecommunications service.

"Network interface" means the normal demarcation point separating the telecommunications service provider's regulated facilities and equipment from the unregulated facilities, equipment, or systems provided by the end-user. The provision of the network interface is the responsibility of the telecommunications service provider.

"New service provider" means a service provider that did not bill the end-user for service during the service provider's last billing cycle. This definition excludes service providers which bill the customer solely on a per transaction basis.

"New services" means any service(s), except access services or interconnection services, for which a rate element does not presently exist, which does not replace an existing service, and that enlarges the range of service options available to end-users.

"Nonbasic service" means any telecommunication service not included in basic local service, local interconnection arrangements and/or access service.

"Non-deniable charge" means a charge for those not-regulated services for which nonpayment shall not result in a disconnection of basic, local service.

"Not-regulated service" or "Non-regulated service" means the offering of service(s) where the rates and/or terms and conditions for such service(s) are not-regulated by the Commission. These would include any interstate services offered FCC tariffs or rules, and any taxes, fees and surcharges applicable to those services, as well as any intrastate services that are not regulated by the Commission.

"Number Portability" means the ability of end-users of telecommunications services to retain, within the same wire center, their existing telecommunications number without impairment of quality, reliability or convenience when switching from one telecommunications service provider to another.

"Packaging" means the sale of two or more services offered by or in conjunction with the services of a TSP to a customer of a TSP for a single price.

"Rates" means all charges assessed by a TSP or IXC.

"Regulated telecommunications service" means the offering of telecommunications service(s) directly to the public where the rates and/or terms and conditions for such service(s) are regulated by the Commission. These would include services offered from intrastate tariffs approved by the Commission including any taxes, fees and surcharges applicable to those services, and interstate services when the Commission is enforcing the FCC slamming rules.

"Rural telephone company" means a LEC to the extent that such entity:

(A) Provides telecommunications service to any local exchange study area that does not include either:

- (i) Any incorporated place of 10,000 inhabitants or more, or any part thereof, based on the most recently available population statistics of the U.S. Bureau of Census; or,
- (ii) Any territory, incorporated or unincorporated, included in an urbanized area, as defined by the U.S. Bureau of Census as of August 10, 1993.

(B) Provides local exchange service, including exchange access, to fewer than 50,000 access lines;

(C) Provides local exchange service to any local exchange carrier study area with fewer than 100,000 access lines; or,

(D) Has less than fifteen percent (15%) of its access lines in communities of more than 50,000 on the date of enactment of the Federal Telecommunications Act of 1996.

"RUS" means the Rural Utility Services.

"Service" means the offering of telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used. Service shall not include the provision of nontelecommunications services, including but not limited to the printing, distribution, or sale of advertising in telephone directories, maintenance of inside wire, customer premises equipment and billing and collection, nor does it include the provision of mobile telephone service, enhanced services and other not-regulated services.

"Service interruption" means service outage, total failure, or complete loss of service due to a trouble condition in the facilities of a telecommunications service provider.

"Service provider" means any entity that offers a product or service to a customer, the charge for which appears on the bill of the billing agent. This definition shall include only providers that have continuing relationships with the end-user that will result in periodic charges on the end-user's bill, unless the service is subsequently canceled.

"Service territory" means a geographic area served by a telecommunications service provider.

"Slamming" means the unauthorized switching of an end-user's telecommunications service provider or presubscribed IXC.

"Submit" means to present a document to the Director of the Public Utility Division.

"Submitting carrier" means any telecommunications carrier that requests on the behalf of an end-user that the end-user's telecommunications carrier be changed and seeks to provide retail services to the end-user. A carrier may be treated as a submitting carrier, however, if it is responsible for any unreasonable delays in the submission of carrier change requests or for the submission of unauthorized carrier change requests, including fraudulent authorizations.

"Supported Services" means services identified in 47 CFR part 54, or OAC 165:59, as amended from time to time, for which an ETC receives support from the federal USF, OUSF or OLF, or as otherwise may be ordered by the Commission.

"Suspension of service" means an arrangement made at the initiative of the TSP for temporarily discontinuing service without terminating the contract or removing the telephone service from the customer's premises.

"SWBT" means Southwestern Bell Telephone Company d/b/a AT&T Oklahoma.

"Tariff" means all or any part of the body of rates, tolls, charges, classifications, and terms and conditions of service relating to regulated services offered, the conditions under which offered and the charges therefore, which have been filed with and approved by the Commission.

"Telecommunications carrier or Company" means a telecommunications service provider ("TSP") or an interexchange telecommunications carrier ("IXC").

"Telecommunications service provider" ("TSP") means all authorized providers of local exchange service, whether an incumbent LEC or a competitive LEC.

"Telephone bill" means a billing agent's invoice, issued in compliance with this Chapter, for products or services rendered by itself and by a service provider(s), if any.

"Telephone company" or "Company" means any person, firm, partnership, corporation, or other entity engaged in furnishing regulated local exchange telephone services under the jurisdiction of the Commission on July 1, 1995, pursuant to a Certificate of Convenience and Necessity or grandfathered authority.

"Terms of Service" means rates, charges and terms and conditions for regulated services that a TSP or IXC elects to post, in a searchable format, on a publicly availability website.

"Tribal Land" means any federally recognized Indian tribe's reservation, Pueblo, or Colony, including former reservations in Oklahoma, Alaska Native regions established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688), Indian allotments; Hawaiian Home Lands-areas held in trust for Native Hawaiians by the state of Hawaii, pursuant to the Hawaiian Homes Commission Act, 1920 July 9, 1921, 42 Stat. 108, et.seq., as amended; and any land designated as such by the Commission for purposes of this subpart pursuant to the designation process in 47 CFR §.54.412.

"Unauthorized carrier" means any telecommunications carrier that submits a change, on behalf of an end-user, in the end-user's selection of a provider of telecommunications service but fails to obtain the end-user's authorization verified in accordance with the procedures specified in this Chapter.

"Unauthorized change" means a change in an end-user's selection of a provider of telecommunications service that was made without authorization verified in accordance with the verification procedures specified in this Chapter.

"Unbundled network element" ("UNE") means a component of the ILEC's telecommunications network utilized to provide telecommunications services.

"Unbundling" means to provide to any telecommunications service provider nondiscriminatory access to network elements on an unbundled basis at any technically feasible point on rates, terms and conditions that are just, reasonable and nondiscriminatory.

Permanent Final Adoptions

"Unfilled application" means a firm application by an end-user for new service or a different class of service which has not yet been accomplished.

"Wireless Provider" means provider of radio communication service carried on between mobile stations or receivers and land stations, and by mobile stations communicating among themselves and which permits a user generally to receive a call that originates and/or terminates on the public switched network or its functional equivalent, regardless of the radio frequencies used.

"Zone" means a service territory described as such by an incumbent LEC.

165:55-1-6. Relief from rules

Whenever compliance with any requirement of this Chapter would result in unreasonable hardship upon or excessive expense to the telecommunications service provider, IXC, data-only provider, an end-user, consumer or for other good cause shown, the Commission may, by order, waive or modify the requirements of this Chapter upon application of any interested person filed in accordance with the Commission's Rules of Practice, OAC 165:5. The Commission may grant temporary relief pending hearing.

165:55-1-8. Supremacy

(a) Every tariff, rule, regulation, or agreement relating to the subject matter of this Chapter is superseded by this Chapter and is deemed amended to conform with this Chapter.

(b) The interexchange portion of an IXC's business shall continue to operate under the regulatory requirements and procedures prescribed by their respective certification orders and OAC 165:55-1-1, 165:55-1-3, 165:55-1-4, 165:55-1-5, 165:55-1-6, 165:55-1-11, 165:55-1-15, 165:55-1-16, 165:55-3-1, 165:55-3-2, 165:55-3-3, 165:55-3-22, 165:55-3-23, 165:55-5-3, 165:55-5-10, ~~165:55-5-10-1~~, 165:55-5-10.2, 165:55-5-10.4, 165:55-5-11, ~~165:55-5-12-1~~, 165:55-5-13, 165:55-5-14, 165:55-5-20, 165:55-5-34, 165:55-5-35, 165:55-9-2.1, 165:55-15-1, ~~165:55-15-3~~, 165:55-15-5, 165:55-19-1, 165:55-19-3, and 165:55-21-1.

165:55-1-16. Universal service

Consistent with 17 O.S. § 139.107, ~~every allentity Contributing providers, as defined at 17 O.S. § 139.102, that operates operating or provides telecommunications service~~ within the State of Oklahoma shall contribute, on a nondiscriminatory basis, into the Oklahoma Universal Service Fund. Further, each Contributing provider, whether subject to the jurisdiction of the Commission or not, shall annually provide contact information to the OUSF Administrator for the purpose of correspondence regarding contributions to the OUSF. Compliance with this requirement can be accomplished by the submission of an annual report, submission of an affirmation that the Contributing provider filed the FCC Form 499, or submission of full contact information for the Contributing provider.

SUBCHAPTER 3. CERTIFICATES, REPORTS, AND RECORDS

PART 1. CERTIFICATES OF CONVENIENCE AND NECESSITY

165:55-3-1. Certificate of Convenience and Necessity

(a) **Requirement for Certificate of Convenience and Necessity.** No person, firm, association, corporation or cooperative shall furnish telecommunications service to any end-user or customer in the State of Oklahoma without first having secured a Certificate of Convenience and Necessity from the Commission.

(b) **Requirement for Certificate of Convenience and Necessity prior to receiving funding from the Oklahoma Universal Service Fund.** Any provider, excluding OneNet, requesting funding from the Oklahoma Universal Service Fund for the provision of Special Universal Services shall first obtain a Certificate of Convenience and Necessity ~~in the exchange where service is to be provided from the Commission.~~

(c) **Application for Certificate of Convenience and Necessity.** Every provider of telecommunications services making application to the Commission for a Certificate of Convenience and Necessity in accordance with 17 O.S. § 131 *et seq.* shall be required to demonstrate its financial, managerial and technical ability to provide the requested telecommunications services in the State of Oklahoma. An application for a certificate to provide telecommunications service in the State of Oklahoma shall be made pursuant to and in conformance with the requirements of Oklahoma law and any additional requirements set forth in this Chapter. An original and five (5) copies of the application for Certificate of Convenience and Necessity shall be filed at the Commission's Office of the Court Clerk. A filing fee pursuant to the Commission's Rules of Practice, OAC 165:5, shall be required.

(d) **Application requirements for Certificate of Convenience and Necessity.** An application for a Certificate of Convenience and Necessity shall include information and attachments which are certified as true and correct by an officer of any corporate applicant, or an authorized representative of an unincorporated applicant. The Commission reserves the right to deny or dismiss, without prejudice, any application found not to be in compliance with this subchapter. If an applicant is unable to produce any information required in this subsection, the applicant must provide a statement explaining why the information is not included.

(1) The application shall contain the following information:

(A) The complete name, including any and all trade name(s) under which business will be conducted pursuant to 18 O.S. § 1140, corporate or other headquarters street address and names/addresses of principal or corporate officers of the entity proposing to sell telecommunications service or provide Special Universal Services to the public in the State of Oklahoma. The telephone number and, if applicable, the toll-free number will also be included.

(B) If different from those provided pursuant to subparagraph (1)(A) of this Section, the names and address(es) of all officers and corporate or primary offices of the applicant for a Certificate of Convenience and Necessity located in the State of Oklahoma and the name(s) and address(es) of senior management personnel responsible for Oklahoma operations.

(C) A description of any facilities that will be used to provide services in Oklahoma, and whether applicant intends to add additional facilities that will be used to provide services in Oklahoma.

(D) A written affirmation, signed before a Notary Public by someone with authority to bind the corporation or entity, containing the following statements:

(i) That the information contained in the application is true and correct;

(ii) That the applicant is familiar with and will comply with all federal and state laws, and the rules and orders of this Commission;

(iii) That for each area or exchange(s) an applicant proposes to serve, the applicant agrees to offer the provisioning of service to all end-users within that area or exchange(s) on a nondiscriminatory basis;

(iv) That the applicant understands the Commission's contempt authority;

(v) That the applicant will contribute to the Oklahoma Universal Service Fund pursuant to OAC 165:59;

(vi) That the applicant will comply with the provisions of 165:55-13-10.1 and will include a statement to this effect in its tariffs;

(vii) That the applicant ~~either provides only data services~~ is a data-only provider or is seeking a CCN exclusively in order to seek reimbursement from the OUSF under 17 O.S. § 139.109.1(B)(4) for the provision of Special Universal Services, or, if not, that prior to commencing to provide local exchange service the applicant will notify each Public Safety Answering Point ("PSAP") within their service area that they will be providing service within the area served by the PSAP, and provide each PSAP with contact information in case there are issues with the completion of calls by the customers of the Applicant. The attachment shall also state that the Applicant will comply with the requirements of 17 O.S. § 131 and will collect and disburse the E911/911 fee as required by 63 O.S. § 2814. Such affirmation should also include a statement that applicant will provide proof to the Commission of such compliance within thirty (30) days following Applicant's initial provisioning of local service;

(viii) That the applicant understands that before it ceases, discontinues, or curtails operations and/or service, it must file with the Commission and provide each affected customer, in the manner

required by the Commission, notice of the intended action, and, if the change impacts the availability or operation of E911 service, must also provide notice to any E911/911 Database Management Service Provider, pursuant to OAC 165:55-15-5;

(ix) A statement that the applicant, its owners (individuals and/or entities) or investors holding more than five (5) percent ownership, or companies, or officers and senior management, are not currently under investigation or involved in any pending or concluded investigations or litigation, either in this state or in another state or jurisdiction, for violation of any deceptive trade or consumer protection law or regulation related to the operation of a regulated industry, if that is the case;

(x) A statement that the applicant, or its owners (individuals and/or entities) or investors holding more than five (5) percent ownership, or companies, or officers and senior management, have not been fined, found guilty, sanctioned or otherwise penalized either in this state or in another state or jurisdiction for violation of any consumer protection law or regulation related to the operation of a regulated industry, if that is the case; and

(xi) If either of the statements required in (ix) and (x) above is untrue, a detailed explanation of the circumstances of the investigation or fine, sanction, or penalization including a detailed description of the cause(s), the number of customers involved, and current status of the proceeding.

(xii) A statement as to whether applicant currently seeks state or federal universal service funding of any kind for services provided in the state(s) in which applicant is currently authorized to provide service, and whether applicant intends to seek Oklahoma Universal Service Fund funding in Oklahoma.

(2) The attachments to the application shall include the following:

(A) Copies of the applicable Articles of Incorporation, Articles of Organization, and/or partnership agreement, and/or Joint Venture agreement and, where they exist, by-laws or operating agreement of the applicant for a Certificate of Convenience and Necessity and any entity or individual owning a whole or controlling interest in the applicant for a Certificate of Convenience and Necessity.

(B) A copy of the applicable certificate, issued by Oklahoma's Secretary of State, to transact business in the State of Oklahoma, and evidence that applicant is in good standing with the Oklahoma Secretary of State.

(C) A copy of the Corporate Trade Name Report, issued by Oklahoma's Secretary of State, shall be provided for each and every trade name utilized by the telecommunications service provider, data-only provider, or IXC, i.e. a "d/b/a".

Permanent Final Adoptions

(D) Proof that the third-party surety bond, surety bond or letter of credit required in subsection ~~(g)~~(h) of this Section has been obtained, if applicable.

(E) Documentation indicating the applicant's organizational structure and ownership such as:

(i) For corporations, limited liability companies, partnerships and/or joint ventures, the applicant's stockholders annual reports and SEC 10Ks for the last three (3) years, if applicable, or, if the company is not publicly traded, its financial statements for the last three (3) years, if available, or other documentation as may be requested by the Commission.

(ii) A sole proprietor, as well as a limited liability company, shall provide financial statements for the last three (3) years, if available, or other documentation as may be requested by the Commission.

(F) A brief description of its history of providing the requested telecommunications service, Special Universal Services, or other telecommunications services, in order to demonstrate its managerial experience. The history shall include a list of the geographic areas in which it previously provided service and/or is currently providing service and such other documentation as may be requested by the Commission. Applicants for a Certificate of Convenience and Necessity without prior experience shall list the experience of each principal officer, partner, or the sole proprietor in order to demonstrate its managerial ability, and/or provide other documentation as may be requested by the Commission.

(G) A description of the applicant's experience in providing telecommunications services or Special Universal Services in order to demonstrate its technical abilities. In the case of applicants for a Certificate of Convenience and Necessity without prior experience, the applicant shall provide documentation which supports its technical abilities or other documentation as may be requested by the Commission.

(H) The name, address and toll-free telephone number that an end-user may contact concerning repairs and maintenance, complaints, billing questions, refunds and any other customer service-related inquiries.

(I) The contact name, address, and telephone number of the individual with overall responsibility for repairs and maintenance, complaints, billing questions, refunds, and any other customer service-related inquiries. This will be the principal contact for ~~the Commission's Consumer Services Division~~ CSD regarding complaints involving the telecommunications service provider, IXC or data-only provider.

(J) The contact name, address and telephone number of the principal contact to be utilized by the Commission's Public Utility Division regarding any questions which are not related to customer service.

(K) A list of all other states, if any, where:

(i) The applicant is authorized to operate;

(ii) Authorization to operate is pending;

(iii) A request for authorization has been denied, including the reason stated for denial, with a certified copy of the denial document attached; and/or,

(iv) Authorization has been revoked, with a certified copy of the revocation document attached.

(L) A complete set of proposed initial tariffs which include the terms and conditions of service and all rates and charges for each service classification shall be in a format consistent with Subchapter 5 of this Chapter or a statement that the applicant will file tariffs pursuant to OAC 165:55-3-3. A company may elect to post Terms of Service on a publicly available website, subsequent to the approval of their initial tariffs.

(M) A description of the applicant's proposed service territory.

(N) A description of the deposit, if the applicant intends to collect deposits, and disconnection rules to be applied to end-users by the applicant, all of which shall conform to Subchapters 9 and 11 of this Chapter.

(O) A statement setting forth the accounting system to be utilized by the applicant (the FCC-approved Uniform System of Accounts or another accounting system) and a Chart of Accounts.

(P) A listing of the complete name(s), including any trade name(s), corporate or primary headquarters street address(es) and names/addresses of principal officers of any affiliates, individuals or investors holding more than five (5) percent ownership, and/or subsidiaries providing telecommunications and/or other services to the entity making the application proposing to sell the requested telecommunications service or Special Universal Services to the public in the State of Oklahoma, unless otherwise ordered by the Commission.

(Q) An affirmation that the Applicant will maintain a record of complaints in a manner consistent with OAC 165:55-3-23.

(R) A copy of the applicant's proposed letter of authorization to be used by the telecommunications service provider to obtain written authorization from an end-user to switch telecommunications service providers or a copy of the text of the proposed script of the verification, which must be approved by the Director of the Public Utility Division, consistent with OAC 165:55-19-1.

(S) A statement regarding whether the applicant intends to utilize the services of a billing agent to issue bills to end-users.

(T) A description of applicant's parameters for determining creditworthiness if applicant intends to perform credit checks prior to providing service to a potential end-user.

(3) The Public Utility Division Staff may issue data requests for additional information during its initial review of an application.

(4) Agreements in accordance with OAC 165:55-17-7, if any, between telecommunications service providers shall be provided to the Public Utility Division as soon as such agreement(s) become available. Protective relief may be sought pursuant to 51 O.S. § 24A.22.

(e) Requirements applicable to CCN requests exclusively for purposes related to 17 O.S. § 139.109.1(B)(4). An applicant for a CCN for the limited purpose of qualifying as an eligible provider, as that term is defined at 17 O.S. § 139.102(11), in order to be eligible to seek reimbursement from the OUSF for the provision of Special Universal Services as provided at 17 O.S. § 139.109.1(B)(4) shall submit an application consistent with the requirements of this subsection.

(1) All applications for a CCN pursuant to this subsection shall include the information specified at OAC 165:55-3-1(d)(1)(A), 165:55-3-1(d)(1)(B), 165:55-3-1(d)(1)(D)(i), 165:55-3-1(d)(1)(D)(ii), 165:55-3-1(d)(1)(D)(iv), 165:55-3-1(d)(1)(D)(v), 165:55-3-1(d)(1)(D)(vii), 165:55-3-1(d)(1)(D)(ix), 165:55-3-1(d)(1)(D)(x), 165:55-3-1(d)(1)(D)(xi), 165:55-3-1(d)(1)(D)(xii), 165:55-3-1(d)(2)(A), 165:55-3-1(d)(2)(B), 165:55-3-1(d)(2)(C), 165:55-3-1(d)(2)(E), 165:55-3-1(d)(2)(F), 165:55-3-1(d)(2)(G), 165:55-3-1(d)(2)(H), 165:55-3-1(d)(2)(I), 165:55-3-1(d)(2)(J), 165:55-3-1(d)(2)(K), and 165:55-3-1(d)(2)(P).

(2) The application shall also contain the following information:

(A) A full description of any investigations of the applicant, its owners (individuals and/or entities) or investors holding more than five (5) percent ownership, or companies, or officers or senior management in conjunction with participation in any local, state or federal universal service fund or subsidy program.

(B) A full description of any investigations of the applicant, its owners (individuals and/or entities) or investors holding more than five (5) percent ownership, or companies, or officers or senior management officers, owners, senior management, investors or affiliates for potential violations of laws, rules or regulations related to the operation of an entity within a regulated industry.

(C) For each investigation described in (A) and/or (B) provide an indication of the disposition of any ongoing investigations and, if concluded, the investigating agency's findings.

(D) A listing of all affiliates, subsidiaries, or partnerships that participate or collaborate in any manner with the applicant in providing and/or administering any services supported by a local, state or federal universal service fund or subsidy program.

(E) An affirmative statement that the applicant understands and agrees that any request for CCN authority beyond the limited purpose of qualifying for reimbursement from the OUSF for the provision of Special

Universal Services under 17 O.S. § 139.109.1(B)(4) would require an application for authority under OAC 165:55-3-1(C).

(F) An informational tariff describing the services to be offered, any limitations on the availability of those services within Oklahoma, and general terms and conditions.

(ef) Requirements for expanding authority under an existing CCN. An Applicant wishing to expand its service authority under an existing Certificate of Convenience and Necessity granted pursuant to Chapters 55, 56, 57 and/or 58, must make application to the OCC and provide all information and notice as required in Sections 165:55-3-1(c) and 165:55-3-2. However, information submitted in support of a previous Application for certification, if such Application was approved by the OCC, may be used in support of the current Application by providing a written affirmation, signed before a Notary Public, and by someone with authority to bind the Applicant, stating that the previously submitted information is still true and correct, and circumstances have not changed. If the previously submitted information is no longer true and correct, or if circumstances have changed, Applicant shall submit updated information along with a written affirmation fully explaining all changed circumstances. This section shall not apply to an Applicant wishing to expand its existing service territory granted under an existing CCN. Such an application shall be filed pursuant to OAC 165:55-17-3.

(fg) Approval requirement. No Certificate of Convenience and Necessity shall be granted except by order of the Commission, after notice and hearing, if any, as directed by the Commission or unless otherwise provided in this Chapter, or by the laws of the State of Oklahoma.

(gh) Surety requirements for an applicant for Certificate of Convenience and Necessity. To ensure the protection of the applicant's end-users, the applicant that intends to collect deposits from end-users, for a Certificate of Convenience and Necessity shall maintain a third-party surety bond, surety bond or irrevocable letter of credit, as may be determined by the Commission during the certification process, as set forth in this subsection.

(1) An applicant that does not have at least one million dollars (\$1,000,000) net book value invested in telephone plant and/or telephone facilities located in Oklahoma shall be required to post and maintain a third-party surety bond, surety bond or irrevocable letter of credit in, at a minimum, an amount sufficient for the indemnification of one hundred ten percent (110%) of its projected customer deposits.

(2) The third-party surety bond, surety bond or irrevocable letter of credit shall be maintained as long as the telecommunications service provider is furnishing telecommunications services in the State of Oklahoma pursuant to this Chapter, unless modified or released pursuant to Commission order.

(3) The Commission may modify the requirements of this subsection for good cause shown, after such notice and hearing, if any, as the Commission may require.

Permanent Final Adoptions

(hi) **Transferability of certificates.** Any certificate granted under this section shall not be transferable without prior approval of the Commission and shall continue in effect until further order of the Commission.

(hj) Prior to providing service in Oklahoma, the Applicant shall jointly test interoperability with the 911/E911 PSAPs in their service area and provide verification of interoperability to the Commission and the PSAP. If testing is not applicable to the services for which CCN authority has been requested, a statement to that effect will be included in the CCN application.

165:55-3-2. Notice requirements when filing an Application for Certificate of Convenience and Necessity

Applicants seeking a Certificate of Convenience and Necessity shall meet all notice requirements as set forth in this Section.

(1) **Requirements for filing an Application of a Certificate of Convenience and Necessity.** An Application of a Certificate of Convenience and Necessity shall be delivered by mail, electronic mail or by personal service to the following people and/or entities:

(A) The Attorney General of the State of Oklahoma;

(B) The Director of the Public Utility Division of the Oklahoma Corporation Commission;

(i) The Application delivered to the Director of the Public Utility Division shall be file-stamped by the Oklahoma Corporation Commission Court Clerk's Office and shall be delivered to the Director of the Public Utility Division in electronic copy form only.

(ii) The Director of the Public Utility Division shall place the Application of Certificate of Convenience and Necessity on the Commission's website, <http://www.occeweb.com>, within five (5) business days of receipt.

(C) The governing body of each Enhanced 911 Public Safety Answering Point (E911 PSAP) operating in the proposed service territory of the Applicant.

(D) The ILEC in the proposed service territory.

(E) Sections (C) and (D) of this subsection shall not apply to applications for a certificate of convenience and necessity filed exclusively for the limited purpose of receiving reimbursement from the OUSF for the provision of Special Universal Services in accordance with 17 O.S. § 139.109.1(B)(4).

(2) **Publication of a Notice of Application of a Certificate of Convenience and Necessity.** The Notice required by 17 O.S. § 132 shall be published as follows:

(A) In a newspaper of general circulation once a week for two (2) consecutive weeks with at least seven (7) days apart in each service territory affected.

(B) Publication shall be at the expense of the applicant.

(C) A "Proof of Publication" document shall be filed with the Oklahoma Corporation Commission

Court Clerk's Office within fifteen (15) days of the last publication date.

(3) **Requirements for a Notice of Hearing on an Objection to a Certificate of Convenience and Necessity.**

(A) When an objection is made in a cause of an Application of a Certificate of Convenience and Necessity, the Applicant shall promptly file a Notice of Hearing at the Oklahoma Corporation Commission Court Clerk's office requesting a date for a hearing on the merits of the application.

(B) Within ten business days prior to the date of the hearing, the Applicant shall serve the notice by delivering a file-stamped copy by mail, electronic mail or by personal service to the following people and/or entities:

(i) The Attorney General of the State of Oklahoma;

(ii) The Director of the Public Utility Division of the Oklahoma Corporation Commission; and

(iii) Any Interveners, including the person or entity filing the objection.

165:55-3-3. Approval of initial tariffs

(a) No later than twelve (12) months after being granted a Certificate of Convenience and Necessity, pursuant to OAC 165:55-3-1, a telecommunications service provider, or IXC shall file an application requesting approval of its initial tariffs, unless filed pursuant to OAC 165:55-3-1(d)(2)(L), which include the terms and conditions of service and all rates and charges for each service classification, in a format consistent with Subchapter 5 of this Chapter. Notice of such filings shall comply with OAC 165:55-5-11~~(e)~~(d).

(b) The initial tariffs shall not become effective except by order of the Commission after such notice and hearing, if any, as directed by Commission.

(c) Not later than thirty (30) days after approval of the initial tariffs, an original and two (2) copies of the approved tariffs, which conform to OAC 165:55-5-20, shall be provided to the Public Utility Division.

(d) With the application requesting approval of a complete set of proposed initial tariffs, the telecommunications service provider, or IXC, shall file proof that the third-party surety bond, surety bond or letter of credit required in OAC 165:55-3-1~~(g)~~(h) has been obtained, if applicable.

(e) This subsection does not apply to providers with a Certificate of Convenience and Necessity limited to authority to receive reimbursement for the provision of Special Universal Services in accordance with 17 O.S. § 139.109.1(B)(4). Such entities will provide informational tariffs in accordance with OAC 165:55-3-1(e)(2)(F).

PART 5. RECORD REQUIREMENTS

165:55-3-22. Records to be provided to the Commission

(a) **Annual report of operations.** Each telecommunications service provider and IXC shall provide to the Director

of the Public Utility Division an annual report, in a format developed by the Director of the Public Utility Division, no later than May 1 of the year following the reporting year. Proposed revisions to the Annual Report format will be posted to the OCC website at least ninety (90) days prior to their effective date. All carriers will be notified of the posting via e-mail, based on addresses supplied by carriers. Any carrier that objects to the proposed revisions to the Annual Report format may file an Application with the Commission requesting relief from the applicability of the format changes. The filing of an Application will suspend the applicability of the proposed format revisions until an Order is issued by the Commission. Unless an Order revising the Annual Report format is entered at least 90 days prior to the May 1 filing deadline, carriers will not be required to file an Annual Report in the revised format until the following year.

(b) **Confidentiality of annual report.** All non-publicly available information included in the annual report or an ETC's FCC Form 481 or FCC Form 555 will be considered confidential by the OCC.

(c) **Proof of third-party surety bond, surety bond or irrevocable letter of credit.** Where applicable, not later than May 1 of each year, each telecommunications service provider and IXC which does not have at least one million dollars (\$1,000,000) net book value invested in telecommunications plant and/or telecommunications facilities located in the State of Oklahoma, shall provide annually, to the Director of the Public Utility Division, proof of the continuing existence and sufficiency of the required third-party surety bond, surety bond or irrevocable letter of credit providing coverage at a level of at least one hundred and ten percent (110%) of customer deposits. Such proof shall be in a format developed by the Director of the Public Utility Division and approved by the Commission.

(d) **Exchange maps.** Each telecommunications service provider shall provide the Director of the Public Utility Division two (2) copies of updated exchange maps when the boundaries of an exchange(s) are changed. The maps and descriptions shall be in sufficient detail to permit the location of exchange boundaries on the ground, and be consistent with the format set forth in this subsection.

(1) Each exchange map provided after the effective date of this Chapter shall conform to the following:

- (A) One exchange service area per sheet.
- (B) Each map shall be on eight and one-half by eleven inches (8.5" x 11") (or larger sheet which folds down to eight and one-half by eleven inches (8.5" x 11"), twenty pounds (20 lbs.) or heavier, white paper.
- (C) Each township and range will be specified along the side of the map and, at a minimum, each corner section will be numbered.
- (D) The outline of the exchange service area will be a heavy black line with an "E" every one inch (1") or two inches (2") along the boundary.
- (E) The name of adjacent incumbent LEC exchanges will be indicated on the exchange map to identify their relative location.

(2) When said boundary map changes involve more than one telephone exchange and more than one incumbent LEC, the changes involved shall be coordinated between the incumbent LECs concerned and a "Joint Application" submitted. After an order is issued by the Commission the incumbent LECs shall submit revised exchange maps containing the revised territory, the new certificate number, the cause number, the order number, and the date of the order approving the change. A copy of each current exchange map shall be made available for review to any interested person upon reasonable notice containing:

- (A) Application number.
- (B) Maps showing the changes in contrasting colors.
- (C) Metes and bounds of changes.
- (D) Proposed orders (one for each exchange) with complete metes and bounds of the revised exchange(s).

(e) **Competitive LEC service territories maps.** Each competitive LEC shall either identify the LEC exchanges of their service territory or maintain up-to-date maps showing its service territory. The maps and descriptions shall be in sufficient detail to establish the location of incumbent LEC exchange boundaries on the ground. Each map provided shall conform to the format set out in OAC 165:55-3-22(c)(1). Two (2) copies of each map shall be provided to the Director of the Public Utility Division.

(f) **Contracts and agreements.** Upon request by the Director of the Public Utility Division, a TSP or IXC shall provide a copy of a contract entered into by the TSP or IXC for regulated services.

(g) **Contact names.** Each telecommunications service provider and IXC shall notify, in writing, the Director of the Public Utility Division ~~and the Director of the Consumer Services Division~~ within thirty (30) days of a change in the company-designated contacts for Public Utility Division and ~~Consumer Services Division~~ CSD issues.

(1) The update shall include the name(s), physical street address(es), electronic mail addresses and telephone number(s) of the designated individual(s).

(2) The contact name(s) provided pursuant to this subsection shall be the individual(s) primarily responsible for:

- (A) Providing customer service;
- (B) Repair and maintenance;
- (C) Answering complaints;
- (D) Authorizing and/or furnishing refunds to customers; and,
- (E) Tariff issues.

(h) **Other information.** Each telecommunications service provider and IXC shall promptly furnish such other information as the Commission Staff may request, unless otherwise ordered by the Commission.

SUBCHAPTER 5. RATES AND TARIFFS

PART 1. TARIFF FILING

Permanent Final Adoptions

165:55-5-1. Tariffs and/or Terms of Service required

(a) Except as provided in this Subchapter, a telecommunications service provider or IXC shall charge for the provisioning of regulated telecommunications services to its end-users only the rates and charges contained in its tariffs on file with and approved by the Commission or Terms of Service. No deviation from a tariff or Terms of Service shall be permitted, except as permitted by OAC 165:55-5-10.3 or unless otherwise authorized by the Commission. The provisions of each telecommunications service provider's or IXC's filed tariff and/or Terms of Service are binding upon the telecommunications service provider, IXC and the end-user as to the rates and charges for service and the terms and conditions of service. Notwithstanding the foregoing and OAC 165:55-3-3, neither a telecommunications service provider nor an IXC shall be required to file a written tariff with the Commission for any service except payphone access services, E911/911 access services, or switched access services.

(b) A telecommunications service provider or an IXC which has a written tariff on file with the Commission may withdraw the tariff, except for payphone access services, E911/911 services, or switched access services if the telecommunications service provider or IXC:

- (1) provides written notice to the Director of Public Utility Division and the Attorney General, that it is withdrawing the tariff,
- (2) posts the Terms of Service, and
- (3) provides the Commission with the web page information where the language is posted.

(c) The Commission maintains the same authority to review the Terms of Service, of a telecommunications service provider or IXC, as permitted by OAC 165:55-5-10.

(d) All tariff revisions shall be deemed approved by the Commission on the day following the day the tariff revision is submitted to the Commission. Revisions to the Terms of Service on a telecommunications service provider's or IXC's website will become effective on the day following the day the revision is posted on the website, or as otherwise indicated on the website.

(e) A data-only provider, with a CCN granted exclusively for the purpose of seeking reimbursement from the OUSF under 17 O.S. § 139.109.1(B)(4), shall maintain an informational tariff with current terms, conditions and rates applicable to the Special Universal Services it provides. Any modifications to the data-only provider's terms, conditions or rates, shall be submitted to the Director of Public Utility Division prior to the effective date of such modifications.

SUBCHAPTER 7. DIRECTORIES, TELEPHONE NUMBERS, AND CUSTOMER-PROVIDED EQUIPMENT

165:55-7-1. Telephone directories

(a) **Provision of directory to end-users; frequency.** Each telecommunications service provider shall provide in conjunction with the provisioning of local exchange service, or make arrangements to provide to its end-users an alphabetical

telephone directory for each service territory, exchange or group of exchanges. Telecommunications service providers may furnish white page directories in a variety of electronic formats, including CD-Rom, via the internet, or as printed directories. Such directory shall be issued at intervals consistent with satisfactory service, which, in the absence of unusual circumstances, will be at least once each year. If any alternative to a printed paper directory is provided, customers are also to be furnished with notification at the time the directory is issued that they may request a printed version of their local directory at no charge. The notification shall also include a toll free number established for honoring such customer requests. A directory for an exchange or calling area may be issued.

(b) **Listing in directory.** Each telecommunications service provider shall provide its end-users in conjunction with the provisioning of local exchange service, without charge, one listing in the white page directory issued pursuant to this Chapter and inclusion in a database used to provide directory assistance for the end-user's geographic area.

(c) **Provision of directory.** Unless the Commission directs otherwise each customer shall be furnished at the customer service address, one (1) directory for each access line being furnished him under current tariffs, unless the customer and the telecommunications service provider agree this requirement can be fulfilled in an alternative manner. Each telecommunications service provider shall make available its directory to telecommunications service providers for distribution to their end-users.

(d) **Contents of directory.** The directory provided to end-users pursuant to this Section shall contain the following information:

(1) **Minimum requirements.** Each telecommunications service provider shall assure that its end-users receive a directory which includes the following information:

- (A) The name of the exchange or area covered and the date of issue on the front cover;
- (B) Emergency numbers;
- (C) Instructions to access directory assistance;
- (D) Instructions to access repair service;
- (E) Instructions for placing long distance and local calls;
- (F) Instructions for obtaining an itemization of the end-user's current monthly statement;
- (G) Instructions to access Telecommunication Relay Service; and
- (H) A notice prominently displayed on the table of contents page which shall state: "This directory contains important information about your rights as a telephone end-user on page (Here the telecommunications service provider will insert the page number on which the notice shall appear)". In the absence of a table of contents page, said notice shall be prominently displayed on the inside of the front cover.

(2) A statement shall be submitted to ~~the Consumer Services Division of the Commission~~ CSD for approval, at least thirty (30) days prior to being submitted for publication in a directory or distributed as a mailing

or otherwise. Unless notified to the contrary by ~~the Consumer Services Division~~CSD within fifteen (15) days after submission, the statement shall be considered approved. Once approved by ~~the Consumer Services Division~~CSD, the statement need not be resubmitted to ~~the Consumer Services Division~~CSD for further approval, unless and until this Chapter is changed by the Commission to require additional data. The statement shall at least describe or include:

- (A) Billing procedures.
 - (B) Customer payment requirements and procedures.
 - (C) Deposit and guarantee requirements.
 - (D) Conditions of termination, discontinuance, and reconnection of service.
 - (E) Procedures for handling inquiries.
 - (F) A procedure whereby an end-user may avoid discontinuance of service during a period of absence.
 - (G) The telephone number and address of all offices of ~~the Commission's Consumer Services Division~~CSD.
 - (H) The statement that the telecommunications service provider is regulated by the Commission.
 - (I) Notification that the end-user may request an adjustment if service is interrupted for periods in excess of twenty-four (24) hours.
- (3) Additional information. The directory shall contain additional information concerning a telecommunications service provider, as requested by a telecommunications service provider, to the same extent that the directory provider includes similar information for itself or its affiliates offering local exchange service within the geographic area covered by the directory based on rates, terms and conditions that are just, reasonable and nondiscriminatory.
- (e) **Liability for errors.** The liability of the telecommunications service provider for an error or omission in its telephone directory, or for an error or omission on intercept service, shall not exceed the amount of actual damage suffered, and in no event shall its liability exceed an amount equal to local exchange service charged to the end-user for the listed service for the period during which the directory containing the error or omission is the last published directory of the exchange.
- (f) **Access to publishing information.** Upon request, a telecommunications service provider shall provide directory listings gathered in its capacity as a provider of local exchange service on a timely and unbundled basis, under nondiscriminatory and reasonable rates, terms, and conditions, and to any person upon request for the purpose of publishing directories.

165:55-7-2. Telephone numbers and changes

(a) A telephone number shall be deemed a national resource and is not the property of either the telecommunications service provider or the end-user. Initial telephone numbers for end-users establishing a local exchange service account shall be assigned by the telecommunications service provider then serving the end-user. Local exchange service end-users shall not be required to change telephone numbers solely due to a change in telecommunications service providers. The

telecommunications service provider may change the number assigned to a customer upon reasonable notice but only in order to give better service and not as an accommodation to another customer. Changes in telephone numbering plans may be made upon reasonable notice, in order to meet the needs of expansion or better service. Unless changed by the number portability requirements or the numbering administration guidelines established by the FCC, a customer who supersedes an account in order to obtain the telephone number of a previous customer will accept all liabilities for that account. The superseding customer will then retain the telephone number until the account is superseded or the superseding customer has no further use of it for service purposes. Any unresolved dispute arising between end-users or between an end-user and a telecommunications service provider over use of a telephone number may be mediated by ~~the Commission's Consumer Services Division~~CSD.

(b) Whenever an end-user's number is changed on the initiative of the telecommunications service provider after the directory has been issued, the telecommunications service provider shall at no charge to the end-user intercept all calls to the former number and give the calling party the new number. Such intercept service shall be provided until the next directory is published, if the central office equipment permits and the number is not in service or the end-user agrees otherwise. Such numbers have last priority for reassignment. In the event the change in an end-user's telephone number is necessitated by action of the telecommunications service provider providing intercept service, the telecommunications service provider serving the end-user shall be exempt from any charges for intercept service

(c) Whenever the end-user's number is changed by reason of change of location or service to the end-user, or at their request, intercept service will be provided for a reasonable time (of at least thirty (30) days) if central office equipment permits and the number is not in service.

(d) In the event of error in the listed number of any end-user in the telecommunications service provider's directory, the telecommunications service provider shall, at no charge to the end-user, intercept all calls to the listed number until the next directory is published provided central office equipment permits and the number has not been assigned to another end-user, or make other reasonable arrangements. In such case, and in the case of an error in or omission of the name listing of an end-user, the correct listing and number shall be available through directory assistance. If the directory listing error is caused by the telecommunications service provider providing intercept service, the telecommunications service provider serving the end-user shall be exempt from any charges for intercept service.

(e) In areas equipped with E911 emergency service, whenever the end-user's number is changed by reason of change of location or service to the end-user or there is a change in service provider with or without a change to the end-user's number, the telecommunications service provider shall report such changes to the appropriate E911 emergency number database within two (2) business days, or as required by agreement with appropriate E911 agencies within the state, after completion

Permanent Final Adoptions

of service orders. In the event of an error report, the telecommunications service provider shall correct the error within two (2) business days, unless the agreement with the appropriate E911 agency allows otherwise. This subsection shall not apply to telecommunications service providers who provide data service only.

SUBCHAPTER 9. CUSTOMER BILLING AND DEPOSITS

PART 1. BILLING AND PAYMENT REQUIREMENTS

165:55-9-2. Content of bills

(a) Telecommunications service provider's and IXC's bills should comply with the Federal Truth-in-Billing standard. 47 C.F.R. § 64.2401.

(b) Disclosure of inquiry contacts.

(1) Telecommunications service providers and IXCs shall prominently display on each bill, a toll-free number or numbers by which end-users may inquire or dispute any charges on the bill. Where the end-user does not receive a paper copy of his or her telephone bill, but instead accesses that bill only by e-mail or internet, the telecommunications service provider and IXC may comply with this requirement by providing the disclosure information on the bill, an e-mail, or web site address. Each telecommunications service provider and IXC must make a business address available upon request from an end-user.

(2) A telecommunications service provider and IXC may list a toll-free number for itself, a clearinghouse, or other third party, provided such party possesses sufficient information to answer questions concerning the end-user's account and is fully authorized to resolve the end-user's complaints on the service provider's behalf.

(3) A telecommunications service provider and IXC shall also provide a phone number for ~~the Consumer Services Division of the Oklahoma Corporation Commission~~ CSD.

165:55-9-5. Billing disputes

(a) In the event of a dispute between an end-user and a telecommunications service provider, the telecommunications service provider shall make such investigation as is required by the particular case, and report the results thereof to the end-user. A TSP shall not make any attempt to collect disputed amounts or disconnect service over the disputed portion of a bill for sixty (60) calendar days from the date the dispute is received.

(b) In the event the dispute is not resolved, the telecommunications service provider shall inform the end-user that the end-user may utilize the complaint procedures of ~~Commission's Consumer Services Division~~ CSD. The information to be provided to consumers shall be:

(1) The street address of ~~the Consumer Services Division~~ CSD, which is Oklahoma Corporation Commission, Consumer Services Division, 2101 N. Lincoln Blvd. Suite 580W580, Oklahoma City, OK 73105.

(2) The mailing address of the Consumer Services Division, which is ~~P.O.P.O.~~ Box 52000, Oklahoma City, OK 73152-2000.

(3) The telephone numbers of the Consumer Services Division, which are (405) 521-2331 and (800) 522-8154.

(4) The hours of operation of the Consumer Services Division, which are 8:00 a.m. to 4:30 p.m. Monday through Friday, excluding State holidays.

(c) When a complaint has been made with ~~the Commission's Consumer Services Division~~ CSD, the telecommunications service provider shall be required to forego disconnect procedures on account of nonpayment of any portion of accumulated disputed charges pending investigation by ~~the Commission's Consumer Services Division~~ CSD. The end-user shall be required to pay the undisputed part of the bill, and if not paid, the telecommunications service provider may discontinue service.

SUBCHAPTER 11. SERVICE DENIAL, SUSPENSION AND DISCONNECTION

PART 1. NOTICE REQUIREMENTS

165:55-11-6. Service disputes

(a) In case of controversy arising out of the refusal of a telecommunications service provider to extend service or out of its efforts to disconnect existing service, either party or the Commission staff may make application to the Commission for relief pursuant to OAC 165:55-1-7, OAC 165:55-1-10. If there is an unresolved dispute pending with the Commission concerning a bill and the end-user pays the undisputed portion of that bill, disconnection procedures shall be held in abeyance until the dispute is resolved.

(b) If service is denied or terminated pursuant to this Subchapter, the telecommunications service provider shall advise the end-user of end-user's right to contact ~~the Commission's Consumer Services Division~~ CSD and shall provide the end-user with ~~the Consumer Service Division's~~ CSD's address and the telephone number.

(c) The telecommunications service provider or the end-user may seek assistance from the Commission to review records of the telecommunications service provider and the end-user concerning the end-user's complaint.

(d) After the Commission has notified the telecommunications service provider of a complaint or inquiry from the end-user regarding the end-user's account, the telecommunications service provider shall coordinate communication with the Commission Staff regarding the complaint. The Commission Staff shall be the intermediary between the telecommunications service provider and the end-user until the resolution of the problem has been completed.

165:55-11-7. Written correspondence

(a) Any written correspondence or notices to the end-user by the telecommunications service provider or IXC relating to billing disputes or complaints, which are not otherwise provided for in this Chapter, shall meet the following criteria:

- (1) The correspondence shall be sent to the end-user via the method of delivery chosen by the end-user as provided for in OAC 165:55-9-1 or as otherwise agreed by the end-user and telecommunications service provider. This would include paper, electronic, or other delivery methods.
- (2) The correspondence shall clearly state that it is from the telecommunications service provider or IXC.
- (3) The correspondence shall clearly state any applicable deadlines within which the end-user must take the appropriate action.
- (4) The correspondence shall clearly state that if the end-user is unable to resolve any disputes with the telecommunications service provider or IXC regarding the subject of the correspondence, the end-user may contact ~~the Commission's Consumer Services Division~~ CSD at the address and telephone numbers stated on the correspondence.

(b) Written correspondence shall be considered delivered three (3) business days after the correspondence has been mailed, or if written correspondence is provided electronically to end-user, delivery shall be deemed to occur the same date as sent, unless the electronic notice is returned as undeliverable.

PART 3. SUSPENSION AND DISCONNECTION PROCEDURES

165:55-11-11. Suspension or disconnection for reasons other than nonpayment

(a) Unless otherwise provided in this Chapter, service to an end-user may be suspended or disconnected only upon order of the Commission, upon application and after notice and hearing. Prior to the merit hearing, the Commission may order suspension or disconnection of service for good cause with or without notice to the end-user.

(b) End-users that communicate with the TSP's employee(s) in any manner that is reasonably expected to frighten, abuse, torment, or harass such employee(s) or engage in actions reasonably construed as threat(s) against the TSP's physical assets are subject to immediate disconnection, without notice. A TSP that disconnects an end-user's service under this section will:

- (1) provide written or verbal notice to ~~the Consumer Services Division~~ CSD of the disconnect action prior to the actual disconnect;
- (2) within three (3) business days of the actual disconnect, provide a written description of the circumstances leading to the disconnect action; and
- (3) give the customer written notice, which will include an address and telephone number, for ~~the Consumer Services Division~~ CSD.

(c) ~~The Consumer Services Division~~ CSD may, after an informal inquiry and review of the written description of the

circumstances leading to the disconnect action, direct the TSP to restore services to the affected end-user and/or file an application with the Commission requesting a finding of contempt and the imposition of a fine or other penalty against a TSP that unreasonably suspends or disconnects an end-user pursuant to subsection (b) of this section.

165:55-11-12. Notice of Disconnection and Notice of Suspension

(a) A notice of disconnection or suspension shall contain the following information:

- (1) The words "NOTICE OF DISCONNECTION" or "NOTICE OF SUSPENSION" or words with the same meaning, in print type larger than the print type of the notice text.
- (2) The name and address and the telephone number of the end-user.
- (3) A statement of the reason for the proposed disconnection or suspension of service.
- (4) The date on or after which service will be disconnected or suspended unless appropriate action is taken.
- (5) The telephone number in bold print of the telecommunications service provider where the end-user may make an inquiry.
- (6) The approved charges and procedure for reconnection or approved charges and procedure to avoid suspension.
- (7) A statement that the end-user must contact the telecommunications service provider regarding the disconnection or suspension, prior to contacting ~~the Commission's Consumer Services Division~~ CSD.
- (8) The address and telephone number of ~~the Commission's Consumer Services Division~~ CSD, in print size which is smaller than the print size used for the telecommunications service provider's telephone number.
- (9) The services that are being disconnected or suspended, whether local and/or toll, and if the service to be disconnected or suspended is local service, a statement that the end-user must also contact their IXC if such end-user wishes to terminate such service in order to avoid incurring additional charges for such service.
- (10) Notice of suspension of service relating to past-due amounts shall inform the end-user that the total amount due may include charges for non-deniable and/or not regulated services which would not cause interruption of local service. The notice must indicate a toll-free telephone number of a service center where questions can be referred and payment arrangements made.

(b) The following additional information shall be in the notice unless said information can be obtained in the telephone directory and the notice refers the end-user to the location in the directory where the information can be obtained:

- (1) A statement of how an end-user may avoid the disconnection of service or suspension of service, including a statement that the end-user must notify the telecommunications service provider on the day of payment as to the place and method of such payment when the bill is paid

Permanent Final Adoptions

at a place other than the office of the telecommunications service provider.

(2) A statement that informs the end-user where payments may be made or how to obtain a listing of authorized payment agencies.

SUBCHAPTER 13. OPERATING AND MAINTENANCE REQUIREMENTS

PART 3. SERVICE STANDARDS

165:55-13-14.1. Tribal Land Link-up program

(a) Each telecommunications service provider who has been designated as an ETC and is receiving high-cost support on Tribal lands, pursuant to 47 CFR Part 54, Subpart D, shall file tariffs or post Terms of Service which offer a Tribal Land Link-up assistance program. This program shall offer:

(1) For an eligible resident living on Tribal land, a reduction consistent with 47 CFR § 54.413(a)(1). The charge from which the reduction is made shall not exceed the customary charge for commencing telecommunications service for a single telecommunications connection at a subscriber's principal place of residence.

(2) A deferred payment schedule consistent with 47 CFR § 54.413(a)(2) may be offered to the subscriber. The charge assessed for initiating service shall not exceed the customary charge for commencing telecommunications service for a single telecommunications connection at a subscriber's principal place of residence.

(b) A qualifying low-income end-user living on Tribal land may choose one ~~of~~ both of the programs set forth in (a)(1) and (a)(2) above of this Section.

(c) A telecommunications service provider, who has been designated as an ETC and is receiving federal high-cost support on Tribal lands, pursuant to 47 CFR Part 54, Subpart D, shall allow an end-user to receive the benefit of the Link-up program for a second or subsequent time only for a principal place of residence with an address different from the residence address at which the Tribal land Link-up assistance was provided previously.

(d) An eligible telecommunications service provider, who has been designated as an ETC and is receiving federal high-cost support on Tribal lands, pursuant to 47 CFR Part 54, Subpart D, shall publicize the availability of Link-up support throughout their designated ETC service area in a manner reasonably designed to reach those likely to qualify for the support.

(e) The end-user qualification criteria for Tribal land Link-up shall be the same as the criteria established for Lifeline in accord with ~~OAC 165:59-9-347~~ C.F.R. § 54.409.

PART 5. SERVICE QUALITY STANDARDS

165:55-13-20. Responsibility for adequate and safe service

(a) A telecommunications service provider is responsible for providing adequate and efficient telephone service to every end-user served by it.

(b) A telecommunications service provider that uses its own local exchange facilities to provide service shall install and maintain its system so as to render safe, efficient, and continuous service, and shall keep all of its lines, equipment, and facilities in a good state of repair.

(c) The recommendations contained in the ~~2002~~2014 Edition of the National Electrical Code (NEC) and the ~~1997~~2012 Edition of the National Electrical Safety Code (NESC) are hereby adopted as the minimum standards governing the installation, construction, and maintenance of communication lines. The recommendations contained in the ~~2002~~2014 NEC will apply on a prospective basis effective ~~July~~September 1, ~~2002~~2017. Local and municipal electrical codes shall not apply to the installation of telecommunications facilities.

(d) The dominant criteria for these standards is voice grade service quality.

(e) All telecommunications service providers, that install temporary drops and temporary cables as interim facilities to ensure service to customers pending permanent placement of those facilities, are required to:

(1) Permanently remove, bury, or install drops and temporary cables as soon as practical, but in no circumstances shall that time exceed ninety (90) days without notification and justification being provided to ~~the Director of the Consumer Services Division~~ CSD prior to expiration of the ninety (90) day period.

(2) Keep records of all temporary drops and temporary cables in each of its exchanges and provide the records to the Commission upon request.

PART 11. INTERRUPTIONS OF SERVICE

165:55-13-52. Notice of service interruptions

(a) The Commission shall be notified as soon as possible, through the Director of the ~~Consumer Services~~ Public Utility Division and the Commission's Public Information Officer, of interruptions in telecommunications services which affect the entire system; a major division thereof; or which, in the judgment of the telecommunications service provider, may cause a high degree of public interest or concern.

(b) The Commission notification process required in subsection (a) of this Section, may be accomplished by facsimile or by electronic methods, twenty-four (24) hours a day, seven (7) days a week; or by phone, during the business hours of 8:00 a.m. through 4:30 p.m., Monday through Friday, and should consist of the following:

(1) An initial contact to advise of the outage; the cause of such outage; the area affected; and, the estimated time for repair;

(2) Intermediate contact to provide status reports, as deemed necessary by the telecommunications service

provider, or as may be requested by the Commission Staff; and,

(3) A conclusory contact detailing the results and completion of the restoration of service.

SUBCHAPTER 15. NOTIFICATION OF TRANSACTIONS AFFECTING CUSTOMERS OR BUSINESS OPERATIONS

165:55-15-1. Notification of certain transactions affecting the customers or operations of a telecommunications service provider or IXC

(a) The parties to an agreement, the performance of which will result in the movement of some or all of the regulated telecommunications services customers of one or more certificated telecommunications services providers or IXCs to a different legal entity, shall, at least forty-five (45) days before the effective date of such proposed transaction, file an original and five (5) copies of a Notification of Transaction with the Commission's Office of the Court Clerk, accompanied by the applicable filing fee, in order to notify the Commission of the transaction. Any related relief, including but not limited to new Certificates of Convenience and Necessity or tariffs, shall be filed as separate causes.

(b) The parties to an agreement, the performance of which will result in the transfer of a Certificate of Convenience and Necessity, with or without the transfer of a tariff, from one legal entity to another legal entity shall, at least forty-five (45) days before the effective date of such proposed transaction, file an original and five (5) copies of a Notification of Transaction with the Commission's Office of the Court Clerk, accompanied by the applicable filing fee, in order to notify the Commission of the transaction.

(c) The parties to an agreement, the performance of which will result in the merger of one or more legal entities with a surviving legal entity which is certificated to provide local and/or interexchange telecommunications services, shall, at least forty-five (45) days before the effective date of such proposed transaction, file an original and five (5) copies of a Notification of Transaction with the Commission's Office of the Court Clerk, accompanied by the applicable filing fee, in order to notify the Commission of the transaction.

(d) This Section shall not require notification to the Commission of transactions which involve only changes in the ownership of the stock of a telecommunication service provider or IXC. Such transactions are not subject to regulation by the Commission.

(e) The Notification of Transaction shall include a copy of the agreement, with all exhibits and schedules, and set forth the following information, if applicable:

- (1) The name of the acquiring entity and the acquired entity.
- (2) Identification of the acquired assets.
- (3) The anticipated completion date and the effective date (if different) of the transaction.

(4) The name of the entity(ies) which will be providing telecommunications services in Oklahoma subsequent to the effective date of the transaction (the "surviving entity").

(5) The name, address and telephone number of a contact person for purposes of the Notification of Transaction.

(6) The names and qualifications of the individuals who will serve as officers and management of the surviving entity.

(7) The name(s), address(es) and telephone number(s) of the representatives of the surviving entity who will be the contact(s) for the Public Utility Division and ~~the Consumer Services Division~~ CSD and will be primarily responsible for:

- (A) Providing customer service;
- (B) Repair and maintenance;
- (C) Answering complaints;
- (D) Authorizing and/or furnishing refunds to customers
- (E) Tariff issues; and,
- (F) Receiving Notices related to causes docketed at the Commission.

(8) An affidavit, ~~including a financial statement~~, that states that the surviving entity possesses the financial ability to provide telecommunications services in the State of Oklahoma.

(9) A copy of the notice which will be provided to affected customers informing them of the transaction and any change in the name of the entity which provides telecommunications services to them or in their rates, charges or terms and conditions of service as a result of the transaction.

(10) Identification of any changes in services to be offered or tariffed rates to affected customers required by the transaction.

(11) A narrative and/or schematic description of the relationship between or among the acquired and acquiring entities and the surviving entity.

(12) An acknowledgment that any tariff revisions shall only be accomplished in a separate filing.

(13) A statement of the approximate number of Oklahoma customers.

(14) In addition, this Section shall not apply to transactions between affiliates that have an Oklahoma Certificate of Convenience and Necessity. If the transaction is going to modify the company name on the customer's bill, forty-five (45) days advance notice must be provided to affected customers.

(f) At the time of filing the Notification of Transaction, the acquiring entity shall provide a copy of the Notification of Transaction, with all attachments thereto, to the Office of the Attorney General of the State of Oklahoma.

(g) The Commission Staff shall review the Notification of Transaction for the purpose of determining whether the proposed transaction should be approved and, in the case of mergers, whether the surviving entity should be allowed to provide telecommunications service in Oklahoma after the effective date of the transaction under the authority of any

Permanent Final Adoptions

existing Certificate of Convenience and Necessity. The Commission shall act on a notification within forty-five (45) days of the date the notification is filed. No reportable transaction shall be consummated except by order of the Commission. Any person wishing to object to the proposed filing must file an objection with the Commission's Office of the Court Clerk no later than fifteen (15) days after the proposed filing. The Attorney General of the State of Oklahoma shall be granted intervention in such proceeding, if requested.

(h) Within forty-five (45) days of the filing of the Notification of Transaction, the Commission Staff may file a Continuance of Review in the Cause stating that the Commission Staff has not completed its review of the transaction and shall require an additional specified time, not to exceed an additional thirty (30) calendar days, in which to complete such review. The Commission Staff shall accompany such a Continuance of Review with a specification of the additional information, if any, needed to complete this review.

(i) The Commission Staff may, if it determines appropriate, file a Notice in the Cause requiring the acquiring entity and/or the surviving entity to show cause that the proposed transaction and/or merger is lawful, fair to the customers and in the public interest. The filing of such Notice by the Commission Staff will not alone suspend the authority of any entity to operate under an existing Certificate of Convenience and Necessity. Simultaneously with the filing of any such Notice, the Commission Staff shall propose a procedural schedule, including a date for hearing which shall be held within ninety (90) calendar days of the date of the filing of the Notification of Transaction, unless otherwise ordered by the Commission. If such a Notice is filed by the Commission Staff, the acquiring entity and/or surviving entity shall have the burden of establishing that the proposed transaction(s) is lawful, fair to the customers and in the public interest.

(j) After approval of notification of transaction(s), and not later than thirty (30) days after transaction consummation, an original and two (2) copies of the approved tariffs, if necessary, which conform to OAC 165:55-5-20, shall be provided to the Public Utility Division.

SUBCHAPTER 19. UNLAWFUL PRACTICES

PART 1. SLAMMING

165:55-19-1.5. Absolution procedures where the end-user has not paid charges

(a) **Applicability.** This Section shall only apply after an end-user has determined that an unauthorized change, as defined by 165:55-1-4, has occurred and the end-user has not paid charges to the allegedly unauthorized carrier for service provided for thirty (30) days, or a portion thereof, after the unauthorized change occurred.

(b) **Removal of charges for the first 30 days.** An allegedly unauthorized carrier shall remove all charges incurred for service provided during the first thirty (30) days after the alleged unauthorized change occurred, as defined by 165:55-1-4, from

an end-user's bill upon notification that such unauthorized change is alleged to have occurred.

(c) **Challenging an end-user's allegation of unauthorized charges.** An allegedly unauthorized carrier may challenge an end-user's allegation that an unauthorized change, as defined by 165:55-1-4, occurred. An allegedly unauthorized carrier choosing to challenge such allegation shall immediately notify the complaining end-user that:

(1) The complaining end-user must file a complaint with the Commission within thirty (30) days of either:

(A) The date of removal of charges from the complaining end-user's bill in accordance with (b) of this Section or

(B) The date the allegedly unauthorized carrier notifies the complaining end-user of the requirements of this Section, whichever is later; and

(2) A failure to file such a complaint within this thirty (30) day time period will result in the charges removed pursuant to (b) of this Section being reinstated on the end-user's bill and, consequently, the complaining end-user's will only be entitled to remedies for the alleged unauthorized change other than those provided for in 165:55-19-1.3(b)(1). No allegedly unauthorized carrier shall reinstate charges to an end-user's bill pursuant to the provisions of this Section without first providing such end-user with a reasonable opportunity to demonstrate that the requisite complaint was timely filed within the 30-day period described in this Section.

(d) **Procedure if thirty (30) days or fewer of unauthorized charges were incurred.** If the Commission determines after reasonable investigation that an unauthorized change, as defined by 165:55-1-4, has occurred, ~~the Consumer Services Division of the Commission~~ CSD shall issue a factual determination stating that the end-user is entitled to absolution from the charges incurred during the first thirty (30) days after the unauthorized carrier change occurred, and neither the authorized or unauthorized carrier may pursue any collection against the end-user for those charges.

(e) **Procedure if more than thirty (30) days of unauthorized charges were incurred.** If the end-user has incurred charges for more than thirty (30) days after the unauthorized carrier change, the unauthorized carrier must forward the billing information for such services to the authorized carrier, which may bill the end-user for such services using either of the following means:

(1) The amount of the charge may be determined by a re-rating of the services provided based on what the authorized carrier would have charged the end-user for the same services had an unauthorized change, as described in 165:55-1-4, not occurred; or

(2) The amount of the charge may be determined using a fifty percent (50%) Proxy Rate as follows: Upon receipt of billing information from the unauthorized carrier, the authorized carrier may bill the end-user for fifty percent (50%) of the rate the unauthorized carrier would have charged the end-user for the services provided. However, the end-user shall have the right to reject use of this fifty

percent (50%) proxy method and require that the authorized carrier perform a re-rating of the services provided, as described in (e)(1) of this Section.

- (f) **End-user payments for services provided after the first thirty (30) days.** If the unauthorized carrier received payment from the end-user for services provided after the first thirty (30) days after the unauthorized change occurred, the obligations for payments and refunds provided for in this Section shall apply to those payments.
- (g) **Re-billing.** If the Commission determines after reasonable investigation that the carrier change was authorized, the carrier may re-bill the end-user for charges incurred.

165:55-19-1.6. Reimbursement procedures where the end-user has paid charges

- (a) **Applicability.** The procedures in this Section shall only apply after an end-user has determined that an unauthorized change, as defined by 165:55-1-4, has occurred and the end-user has paid charges to an allegedly unauthorized carrier.
- (b) **Order requirements.**
 - (1) ~~If the Consumer Services Division of the Commission~~ CSD determines after reasonable investigation that an unauthorized change, as defined by OAC 165:55-1-4, has occurred, it shall issue a factual determination requiring the unauthorized carrier to forward to the authorized carrier the following:
 - (A) An amount equal to one hundred and fifty percent (150%) of all charges paid by the end-user to the unauthorized carrier; and
 - (B) Copies of any telephone bills issued from the unauthorized carrier to the end-user.
 - (2) This factual determination shall be sent to the end-user, the unauthorized carrier, and the authorized carrier.
- (c) **End-user refund or credit by authorized carrier if payment is received.** Within ten days of receipt of the amount provided for in this Section, the authorized carrier shall provide a refund or credit to the end-user in the amount of fifty percent (50%) of all charges paid by the end-user to the unauthorized carrier. The end-user has the option of asking the authorized carrier to re-rate the unauthorized carrier's charges based on the rates of the authorized carrier and, on behalf of the end-user, seek an additional refund from the unauthorized carrier, to the extent that the re-rated amount exceeds the fifty percent (50%) of all charges paid by the end-user to the unauthorized carrier. The authorized carrier shall also send notice to the Commission that it has given a refund or credit to the end-user.
- (d) **Billing and collection charges.** If an authorized carrier incurs billing and collection expenses in collecting charges from the unauthorized carrier, the unauthorized carrier shall reimburse the authorized carrier for reasonable expenses.
- (e) **End-user refund or credit by authorized carrier if payment is not received.** If the authorized carrier has not received payment from the unauthorized carrier as required by (c) of this Section, the authorized carrier is not required to provide any refund or credit to the end-user. The authorized carrier must, within forty-five (45) days of receiving a factual determination as described in (b) of this Section, inform the

end-user and the Commission if the unauthorized carrier has failed to forward to it the appropriate charges, and also inform the end-user of his or her right to pursue a claim against the unauthorized carrier for a refund of all charges paid to the unauthorized carrier.

- (f) **Reinstatement into programs.** Where possible, the properly authorized carrier must reinstate the end-user in any premium program in which that end-user was enrolled prior to the unauthorized change, if the end-users participation in that program was terminated because of the unauthorized change. If the end-user has paid charges to the unauthorized carrier, the properly authorized carrier shall also provide or restore to the end-user any premiums to which the end-user would have been entitled had the unauthorized change not occurred. The authorized carrier must comply with the requirements of this Section regardless of whether it is able to recover from the unauthorized carrier any charges that were paid by the end-user.

SUBCHAPTER 23. ELIGIBLE TELECOMMUNICATIONS CARRIERS

PART 1. GENERAL PROVISIONS

165:55-23-1. Requirements

The requirements of this Subchapter pertain to the designation of Eligible Telecommunications Carriers by the Commission or the Federal Communications Commission pursuant to 47 U.S.C. § 214(e) and the provision of Supported Services by Eligible Telecommunications Carriers (hereinafter referred to as "ETCs"). All ETCs shall comply with federal requirements, the requirements of this Subsection, and, if also eligible for participation in the Oklahoma Lifeline Fund, the requirements of OAC 165:59-9-1 *et. seq.*

165:55-23-2. ETC Designation

- (a) No person shall receive federal Lifeline funds for Oklahoma customers or Connect America Funds for investment in Oklahoma without first being designated an Eligible Telecommunications Carrier ("ETC") by the Commission or as otherwise provided in 47 C.F.R. § 54.201 and § 54.202. A person seeking to be designated an ETC by the Commission shall file an Application with the Commission, meeting the requirements of the Commission's Rules of Practice, OAC 165:5, and shall provide the following additional information in support of the Application:
 - (1) A description of whether the applicant intends to offer the Supported Services over its own facilities, by resale of another carrier's facilities and/or services, or through a combination of its own facilities and resale of third party facilities and/or services;
 - (2) A description of the service area for which ETC designation is sought, to include a list of exchanges;
 - (3) A description of the applicant's proposed Supported Services;

Permanent Final Adoptions

- (4) A description of the applicant's plans to advertise the availability of Supported Services within the service area sought;
 - (5) A complete description of the terms, conditions and rates applicable to the applicant's offering of Supported Services.
 - (6) Submit a two-year plan that describes with specificity proposed improvements or upgrades to the applicant's network throughout its proposed service area. Each applicant shall estimate the area and population that will be served as a result of the improvements. Except, a common carrier seeking designation as an ETC in order to provide supported services only under 47 C.F.R. Part 54 Subpart E does not need to submit such a five-year plan.
 - (7) Demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.
 - (8) Demonstrate that it will satisfy applicable consumer protection and service quality standards. A commitment by wireless applicants to comply with the Cellular Telecommunications and Internet Association's Consumer Code for Wireless Service will satisfy this requirement. Other commitments will be considered on a case-by-case basis.
 - (9) For common carriers seeking designation as an ETC for purposes of receiving support only under 47 C.F.R. Part 54 Subpart E, demonstrate that it is financially and technically capable of providing the Lifeline service in compliance with 47 C.F.R. Part 54 Subpart E.
- (b) Each incumbent LEC is designated as an ETC for the territory for which it was certified on the date of the adoption of the Federal Telecommunications Act of 1996.
- (c) For the purpose of eligibility to receive federal universal service support under 47 U.S.C. § 214(e), an ETC shall, throughout its service territory:
- (1) Offer the telecommunications services that are supported by Federal universal service support mechanisms under 47 U.S.C. § 254(c), either using its own facilities or a combination of its own facilities and resale of another telecommunications service provider's services, including the services offered by another eligible telecommunications service provider; and,
 - (2) Advertise the availability of such telecommunications services and the charges thereof using media of general distribution.

165:55-23-3. Records to be provided to the Commission

- (a) **Terms, conditions and rates for Supported Services.** An ETC shall maintain current terms, conditions and rates applicable to its Supported Services in an approved tariff on file with the Commission or pursuant to Terms of Service posted on its website and provided to the Commission. Any

modification to an ETC's terms, conditions and rates for Supported Services, shall be submitted to the Director of Public Utility Division prior to the effective date of such modification. Failure to comply with this Section may result in the filing of an application by the Director of the Public Utility Division to revoke the Telecommunication Service Provider's or wireless provider's ETC designation.

(b) **Location of records.** All records including terms, conditions and rates for its Supported Services, required by this Subchapter shall, be kept at the general office of each ETC and shall be made available to the Commission or its designee upon reasonable request. The ETC shall make such records available to the Commission or its designee at reasonable times for examination and inspection at a location designated by the Commission.

(c) **Retention of certification records.** All records, including the Lifeline application form showing proof of eligibility and a report from the third party verification system that shows the identity and address of the Lifeline customer was verified (unless the ETC has obtained a waiver from the requirement to utilize a third party verification system), shall be preserved for a minimum of three (3) years.

(d) **Required information to be reviewed.** Each ETC shall obtain information as follows: At the time a prospective Lifeline subscriber signs up for initial service, each ETC shall obtain:

(1) a legible copy of the subscriber's Lifeline application or service request form showing the customer's name, physical address and proof of eligibility;

(2) the subscriber's information necessary to demonstrate eligibility under 47 C.F.R. § 54.410; and

(3) the subscriber's government issued photo identification unless the ETC utilizes a third party verification system that has been approved by the Director of the Public Utility Division.

(4) Each ETC shall provide annually to the Director of the Public Utility Division a copy of the ETC's FCC Form 555 as filed with Universal Service Administrative Company ("USAC") and the FCC.

(e) **Contact names.** Each ETC shall notify, in writing, the Director of the Public Utility Division ~~and the Director of the Consumer Services Division~~ within thirty (30) days of a change in the company-designated contacts for Public Utility Division and ~~Consumer Services Division~~ CSD issues.

(1) The update shall include the name(s), address(es) and/or telephone number(s) of the designated individual(s).

(2) The contact name(s) provided pursuant to this subsection shall be the individual(s) primarily responsible for:

(A) Providing customer service;

(B) Repair and maintenance;

(C) Answering complaints;

(D) Authorizing and/or furnishing refunds to customers; and,

(E) Terms, conditions and rates of Supported Services.

(f) **Other information.** Each ETC shall promptly furnish such other information as the Commission Staff may reasonably request, unless otherwise ordered by the Commission.

(g) **Supported Services.** Each ETC shall provide confirmation that each Lifeline plan of the ETC provides the Supported Services.

(h) **Exchanges.** Each ETC shall retain a listing of all of the exchanges within which the ETC has provided Lifeline Service during the preceding twelve (12) months and the addresses of households who requested service and were denied Lifeline service for reasons other than the household did not meet eligibility requirement.

(i) **Annual report of operations.** No later than May 1 each year, unless otherwise determined by the Commission, each ETC shall provide an annual report of operations for the preceding calendar year, to the Director of the Public Utility Division, in a format approved by the Director of the Public Utility Division. In addition, each ETC shall provide a copy of any annual report required to be filed with any federal regulatory agency(ies). As a component part of the annual report of operations, each ETC shall attach a copy of its Annual Report to Stockholders. All non-publicly available information included in the annual report will be considered confidential by the OCC. On or before July 1, of each year, each ETC shall submit its FCC Form 481 to the Commission, in accordance with FCC regulations.

(j) **Complaints report.** Each ETC shall maintain a record of customer complaints that it has received regarding Supported Services provided by the ETC, consistent with 47 CFR §54.313(a)(4) and 47 CFR §54.422(b)(2).

(k) **Report attestation.** All reports required by this subchapter to be submitted to the Commission shall be attested to by an officer or authorized agent of the ETC.

(l) **Due dates of reports.** All periodic reports required by this Commission must be received on or before the due dates unless otherwise agreed to by the Director of the Public Utility Division.

(m) **Changes affecting Customers or Business Operations.** An ETC proposing changes to operations that affect either customers or business operations in the State, including but not limited to name changes; and additions, modifications or deletions of trade names under which Supported Services will be operated, shall comply with Subchapter 15 of this Chapter.

165:55-23-9. Billing disputes

(a) In the event of a dispute between an end-user and an ETC, the ETC shall make such investigation as is required by the particular case, and report the results thereof to the end-user.

(b) In the event the dispute is not resolved, the ETC shall inform the end-user that the end-user may utilize the complaint procedures of ~~the Commission's Consumer Services Division~~CSD. The information to be provided to consumers shall be:

- (1) The street address of ~~the Consumer Services Division~~CSD, which is Oklahoma Corporation Commission,

Consumer Services Division, 2101 N. Lincoln Blvd. Suite 580W580, Oklahoma City, OK 73105.

(2) The mailing address of the Consumer Services Division, which is ~~P.O.~~P.O. Box 52000, Oklahoma City, OK 73152-2000.

(3) The telephone numbers of the Consumer Services Division, which are (405) 521-2331 and (800) 522-8154.

(4) The hours of operation of the Consumer Services Division, which are 8:00 a.m. to 4:30 p.m. Monday through Friday, excluding State holidays.

(c) When a complaint has been made with ~~the Commission's Consumer Services Division~~CSD, the ETC shall be required to forego disconnect procedures on account of nonpayment of any portion of accumulated disputed charges pending investigation by ~~the Commission's Consumer Services Division~~CSD. The end-user shall be required to pay the undisputed part of the bill and, if not paid, the ETC may discontinue service.

165:55-23-11. Minimum service standards and Supported Services

(a) The purpose of this Section is to create a uniform standard governing the minimum components of the Supported Services for all end-users of an ETC. Supported Services shall be offered by each ETC pursuant to OAC 165:55-23-15 and OAC 165:55-23-17.

(b) If required by the FCC, each ETC shall make available to each end-user subscribing to its Supported Services within its designated service area voice telephony service with the following functionalities:

- (1) voice grade access to the public switched network or its functional equivalent;
- (2) minutes of use for local service provided at no additional charge to end-users;
- (3) access to the emergency services provided by local government or other public safety organizations;
- (4) toll limitation for qualifying low-income consumers.

(c) In addition to the foregoing voice telephone functionalities applicable to all ETCs, wireless providers shall provide ~~the following additional service requirement:~~a level of voice service consistent with the minimum service standards detailed at 47 C.F.R. § 54.408(b)(3).

~~(1) unless approved by Commission order, at least one Lifeline plan containing unlimited anytime minutes of use for local service on Tribal Land;~~

~~(2) unless otherwise approved by Commission order, at the ETC's option and in addition to the unlimited minute Lifeline plan, additional Lifeline plans containing at least one thousand (1000) minutes of use for local service on Tribal Land or five hundred (500) minutes of local use on non-Tribal Land may be offered; and~~

~~(3d)~~ Any plan that is marketed as an unlimited plan that does not contain unlimited local voice minutes must be approved by the Director of the Public Utility Division. If the Director denies the requested unlimited plan, the ETC may seek approval of the plan by Commission Order, after notice and hearing.

Permanent Final Adoptions

165:55-23-12. Lifeline eligibility requirements

(a) In order to qualify for the federal Lifeline Service Program, an applicant for Lifeline service must meet the qualification requirements of 47 CFR §§ 54.400409 and be certified as eligible consistent with 47 CFR § 54.410. Qualification for the Oklahoma Lifeline Fund program is to be in accordance with OAC 165:59-9-3(b) through 54.415 and show that they:

~~(1) Participate in or receive assistance or benefits, as certified by the Department of Human Services, under a program providing:~~

~~(A) Temporary Assistance to Needy Families;~~

~~(B) Supplemental Nutrition Assistance Program (SNAP) f/k/a Food Stamps, or Food Distribution Program on Indian Reservations, (FDPIR);~~

~~(C) Medical Assistance and/or Medicaid; or~~

~~(D) Supplemental Security Income.~~

~~(2) Participate in Federal Public Housing Assistance;~~

~~(3) Participate in Low Income Home Energy Assistance Programs;~~

~~(4) Participate in or receive assistance or benefits, as certified by the State Department of Rehabilitation Services, under a program providing vocational rehabilitation, including aid to the hearing impaired; or,~~

~~(5) Participate in or receive assistance or benefits, as certified by the Oklahoma Tax Commission, pursuant to the Sales Tax Relief Act, 68 O.S. § 5011 et seq.~~

~~(6) Have income that does not exceed one hundred thirty five percent (135%) of the Federal Poverty Guidelines;~~

~~(7) Low income individuals living on tribal lands may establish their income eligibility by certifying participation in one of the following Federal Assistance Programs:~~

~~(A) Bureau of Indian Affairs General Assistance,~~

~~(B) Tribally Administered Temporary Assistance for Needy Families (TANF);~~

~~(C) Head Start Programs (under income qualifying eligibility provision only);~~

~~(D) National School Lunch Program (free lunch program only).~~

(b) The Lifeline provider shall also advise each end-user customer enrolled in either the State or Federal Lifeline Service program that in order to continue receiving Lifeline service, the end-user customer must provide the ETC with documentary proof of program eligibility annually, in accordance with the recertification requirements at OAC 165:59-9-5, and that the subscriber has a duty to inform the ETC within thirty (30) calendar days whenever the subscriber ceases to be eligible to receive State or Federal Lifeline service support. The requirement to annually provide documentary proof of program eligibility shall not apply if a Lifeline provider utilizes USAC to conduct its annual recertification, unless such documentation is required by USAC at the time of the annual recertification.

165:55-23-15. Lifeline program

(a) Each telecommunications service provider or wireless provider who has been designated as an ETC shall submit

tariffs to the Commission or post informational terms, conditions, and rates on the Company's website and provide to the Commission; implementing a program for which qualifying low-income end-users pay reduced charges as a result of the Lifeline support amount described in (e) below.

(b) If the ETC has toll services, the ETC shall offer toll restriction to all qualifying low-income end-users at the time such end-user subscribes to Lifeline service. If the end-user elects to receive toll restriction, that service shall become part of that end-user's Lifeline service. ETCs may not collect a deposit in order to initiate Lifeline service if the qualifying low-income end-user voluntarily elects toll restriction, where available, from the ETC. If toll restriction is unavailable, or if it is available and the qualifying low-income end-user does not elect toll restriction, the ETC may charge a deposit as detailed in OAC 165:55-9-14.

(c) Each ETC shall publicize the availability of Lifeline service throughout their designated ETC service area in a manner reasonably designed to reach those likely to qualify for the service.

(d) Qualifying end-users must meet the eligibility criteria set out in OAC 165:55-23-12.

(e) For a qualifying low-income end-user who is not an eligible resident of Tribal lands, the Lifeline support amount shall not exceed the federal support amount at 47 C.F.R. § 54.403(a)(1) and § 54.403(a)(2) plus, when qualified, the state support amount established by Commission order or by 17 O.S. § 139.105. For an eligible low-income end-user who lives on Tribal Land, the Lifeline support amount shall not exceed the federal support amount at 47 CFR § 54.403(a)(1), § 54.403(a)(2) and 47 C.F.R. § 54.403(a)(3) plus, when qualified, the state support amount established by Commission order or by 17 O.S. § 139.105.

(f) The ETC shall instruct applicants to the Lifeline program to indicate, at the time of application, in writing, all qualifying programs under which the applicant is eligible for or receives assistance or benefits.

(g) The wireless provider must provide access to its own customer service department by dialing 611 from the wireless handset or have a toll free number for contacting the ETC programmed in the phone and clearly identified.

(h) Any wireless handset provided in conjunction with the Lifeline Service must clearly identify the provider of the service.

(i) An ETC may not provide Lifeline Service purely by resale without a Commission order.

(j) An approved Lifeline product may not be modified without submitting the modification to the Director of the Public Utility Division at least fifteen (15) days prior to the effective date of the proposed change for the purpose of receiving a determination whether the modification is in the public interest. Unless the ETC receives written notification that its modification is NOT IN THE PUBLIC INTEREST within fifteen (15) days after its submission, the submission is deemed to be in the public interest and may be implemented.

(k) The ETC shall utilize a third party verification system that has been approved by the Director of the Public Utility Division to verify the customer's identity and address, or obtain

a waiver from the Director of the Public Utility Division from this requirement.

(l) The ETC must retain a copy of the signed application for Lifeline Service, and any recertification information for three (3) years.

(m) The ETC shall maintain a database sufficient to identify any duplicates among all companies affiliated with the ETC.

(n) Any Lifeline plan offered by a wireless provider must comply with the minimum service standards for voice services detailed at 47 C.F.R. § 54.408. ~~on Tribal Land must include a minimum of one thousand (1000) minutes of local voice use or unlimited domestic calling, to be considered in the public interest. Any Lifeline plan on non Tribal Land must include a minimum of five hundred (500) minutes of local voice usage to be considered in the public interest.~~

(o) In addition to other remedies available to the Commission, violations of the marketing rules may result in a minimum of a thirty (30) days suspension of an ETC's ability to sign up new customers.

(p) The ETC shall comply with the recordkeeping requirements with respect to records on customer identity and addresses, along with corresponding documentation confirming customer eligibility for either State or Federally supported Lifeline Service, as identified in 17 O.S. § 139.105.

(q) If there is no usage of the wireless provider's handset for ~~sixty-thirty(60)(30)~~ days, the ETC shall de-enroll the customer, according to federal guidelines.

165:55-23-17. Link-up program on Tribal Lands

(a) Each ETC providing service on Tribal Land and receiving High Cost Support on Tribal lands, pursuant to 47 CFR Part 54, Subpart D, shall file informational tariffs that offer a Link-up assistance program. This program shall offer:

(1) For an eligible resident living on Tribal Land, a reduction consistent with 47 CFR § 54.413(a)(1). The charge from which the reduction is made shall not exceed the customary charge for commencing telecommunications service for a single telecommunications connection by customers initiating non-Lifeline service with the ETC.

(2) A deferred payment schedule consistent with 47 CFR § 54.413(a)(2). The charge assessed for initiating service may include any charges that the ETC customarily assesses to connect end-users, but may not include any security deposit requirements.

(b) A qualifying low-income end-user who resides on Tribal land may choose one or both of the programs set forth in (a)(1) and (a)(2) above of this Section.

(c) An ETC that is receiving federal High-cost support on Tribal land, pursuant to 47 CFR Part 54, Subpart D, shall allow an end-user to receive the benefit of the Link-up program for a second or subsequent time only for service billed at a principal place of residence with an address different from the residence address at which the Link-up assistance was provided previously.

(d) An ETC shall publicize the availability of Link-up support throughout its designated service area, in a manner reasonably designed to reach those likely to qualify for the support.

(e) The end-user qualification criteria for Link-up shall be the same as the criteria established for Lifeline in accordance with ~~OAC 165:59-9-347~~ C.F.R. § 54.409.

PART 3. TRANSMISSION OBJECTIVES

165:55-23-54. Notice of service interruptions

(a) The Commission shall be notified, through the Director of the ~~Consumer Services Division~~ Public Utility Division and the Commission's Public Information Officer, of all interruptions in Supported Services, which cause a customer to not have access to Supported Services within the designated service area for more than twelve (12) hours; or any interruption which, in the judgment of the ETC, may cause a high degree of public interest or concern.

(b) The Commission notification process required in subsection (a) of this Section, may be accomplished by facsimile, and email twenty-four (24) hours a day, seven (7) days a week; or by phone, during the business hours of 8:00 a.m. through 4:30 p.m., Monday through Friday, and should consist of the following:

- (1) An initial contact to advise of the outage; the cause of such outage; the area affected; and, the estimated time for repair;
- (2) Intermediate contact to provide status reports, as deemed necessary by the telecommunications service provider, or as may be requested by the Commission Staff; and,
- (3) Concluding information detailing the results and completion of the restoration of service.

OAC 165:59-1-1, OAC 165:59-1-3, OAC 165:59-3-14, OAC 165:59-3-16, OAC 165:59-3-36, OAC 165:59-3-42, OAC 165:59-3-46, OAC 165:59-7-13, OAC 165:59-7-15, OAC 165:59-7-17, OAC 165:59-9-1, OAC 165:59-9-5, OAC 165:59-9-6, OAC 165:59-9-11, OAC 165:59-9-15, OAC 165:59-9-17, OAC 165:59-9-21, and OAC 165:59-9-27 were amended to correct terminology to remain compliant with the Oklahoma Telecommunications Act (OTA).

OAC 165:59-1-2 was amended to add the term "contributing providers."

OAC 165:59-1-4 was amended to add the following definitions: ALL, assessed revenues, Bed, Interconnected Voice over Internet Protocol, SETDA, Special Construction Cost, and USAC, and amended to remove the following definitions: Bona fide request, Eligible healthcare entity, Eligible local exchange telecommunications service provider, Eligible telecommunications carrier, Enhanced service provider, Federally Qualified Health Center, Free of charge, Local exchange telecommunications service provider, Oklahoma Lifeline Fund, Primary Universal Service, Public school building wherein classrooms are contained, Special Universal Services, Tariff, Telemedicine, and Universal service area. Additionally, OAC 165:59-1-4 is amended to correct terminology to remain compliant with the OTA.

OAC 165:59-1-7 was amended to remove "of 1997" when referring to the OTA.

OAC 165:59-3-1, OAC 165:59-3-15, OAC 165:59-7-5, OAC 165:59-7-7, and OAC 165:59-7-9 were revoked to remain compliant with the OTA.

OAC 165:59-3-65, OAC 165:59-3-67, OAC 165:59-3-69, OAC 165:59-3-71, OAC 165:59-7-18, and OAC 165:59-7-20 were added as reserved sections.

OAC 165:59-3-11 was amended to correct a spacing issue.

OAC 165:59-3-13 was amended to allow the OUSF Administrator to send notice of a filing to be sent via electronic mail, provide a clear process for establishing the fund amount, and amend the title of the section to match the statutory language.

OAC 165:59-3-30 was amended to add a procedure for accessing, reviewing, and distributing confidential information, and determining who may have access to the confidential information, and amended to correct terminology to remain compliant with the OTA.

OAC 165:59-3-32 was amended to add procedures for an independent audit, who may request audit objectives, and provides that the final audit report will be provided to the Oklahoma Attorney General.

OAC 165:59-3-34 was amended to provide that no acceptance of any payment shall be construed as an accord that the amount paid is in fact the correct amount, nor shall any acceptance of payments be construed as a release of any claim that the OUSF Administrator may have for further or additional sums payable, and to correct terminology to remain compliant with the OTA.

OAC 165:59-3-38 was amended to add the term "the Oklahoma Telecommunications Act."

OAC 165:59-3-40 was amended to remain compliant with the OTA concerning who contributes to the OUSF, including VoIP providers.

OAC 165:59-3-44 was amended to correct terminology to remain compliant with the OTA, to provide for a fiscal reporting year, and clarifies how and when contributions to the OUSF must be paid.

OAC 165:59-3-60 was amended to correct terminology to remain compliant with the OTA, and to create a standard caption for special universal service and primary universal service requests.

OAC 165:59-3-61 was amended to correct terminology to remain compliant with the OTA, to provide a format for the OUSF Administrator to post forms, to provide a procedure for objecting to the OUSF forms.

OAC 165:59-3-62 was revoked to simplify the process into multiple separate sections including Special Universal Services, Primary Universal Services, and a request for reconsideration section.

OAC 165:59-3-64 was amended to correct terminology to remain compliant with the OTA, identify what information must be in a cost study, and require the most recent cost studies be provided in causes filed pursuant to 17 O.S. § 139.106(G).

OAC 165:59-3-66 was added to create a procedure for OUSF administrative preapproval requests, pursuant to the OTA.

OAC 165:59-3-68 was added to create a separate procedure for requesting funding from the OUSF for Special Universal Services.

OAC 165:59-3-70 was added to create a separate procedure for requesting funding from the OUSF for Primary Universal Services, including adding a detailed minimum filing requirement list.

OAC 165:59-3-72 was added to create a separate procedure for when a request for reconsideration is filed.

OAC 165:59-7-1 was amended to correct terminology and procedures to remain compliant with the OTA, require specific necessary information be provided to the OUSF Administrator, require the OUSF Beneficiary to seek alternative funding, implement the 125% funding of the lowest cost reasonable qualifying bid, clarify the monthly payment process, tracking requirements, and posting requirements; amends the procedure and needed information for processing a request for OUSF funding for schools, libraries, and providing a telemedicine line; and allows for multiple lines from the same provider if bandwidth is within provided standard range.

OAC 165:59-7-6 was amended to correct terminology to remain compliant with the OTA, add bandwidth standards for eligible healthcare entities, add exceptions for eligible healthcare entities who request bandwidth beyond the listed standards, removes the requirement for annual recertification, add a process for the OUSF Administrator to verify eligibility of eligible healthcare entities, and requires the eligible healthcare entity to seek alternative funding.

OAC 165:59-7-8 was amended to correct terminology to remain compliant with the OTA, remove sections that were duplicative to other sections, add bandwidth standards for schools and libraries, add Category One services as eligible for reimbursement from the OUSF, and require the eligible provider to notify the OUSF Administrator if E-rate funding is discontinued.

Permanent Final Adoptions

OAC 165:59-7-10 was amended to correct terminology to remain compliant with the OTA, add the requirement to seek alternative funding, and provides that when funding programs offer to match state funds for special construction costs, the OUSF Beneficiary will post bid requests with sufficient lead time for the OUSF Administrator to provide preapproval of the selected bid.

OAC 165:59-7-19 was added to describe the competitive bidding requirements to be in compliance with the OTA.

OAC 165:59-7-21 was added to describe the OUSF Administrator's process to review and fund installation, construction, and special construction in compliance with the OTA, and add requirements regarding receiving reimbursement for special construction costs.

OAC 165:59-9-3 was amended to correct terminology to remain compliant with the OTA, amend qualifications for the Oklahoma Lifeline Service Program to remain compliant with the OTA, renames the Public Utility Division to now state OLF Administrator.

OAC 165:59-9-13 was amended to add procedures for an independent audit, who may request audit objectives, and that the final audit report will be provided to the Oklahoma Attorney General.

OAC 165:59-9-23 was amended to remain compliant with the OTA concerning who contributes to the OLF, including VoIP providers, amended to provide for a fiscal reporting year, and clarifies how and when contributions to the OLF must be paid.

OAC 165:59-9-25 was amended to correct terminology to remain compliant with the OTA, amended to clarify the information submitted in a request for OLF funding, and amends the process for a request for reconsideration to be similar to those for schools, libraries, and eligible healthcare entities.

OAC 165:59-9-29 was amended to allow for resolution of disputes regarding the OLF to be identical to the resolution of disputes regarding the OUSF.

CONTACT PERSON:

Jeff W. Kline, Assistant General Counsel, Oklahoma Corporation Commission, 2101 North Lincoln Boulevard, PO Box 52000, Oklahoma City, OK 73105, telephone (405) 521-2308, j.kline@occcemail.com.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

165:59-1-1. Purpose and title

(a) This Chapter establishes the Oklahoma Corporation Commission Rules and Regulations implementing the Oklahoma Telecommunications Act of 1997 (hereinafter referred to as the "Oklahoma Telecommunications Act"). This Chapter shall be cited as the Oklahoma Universal Service and Oklahoma Lifeline Rules.

(b) The purpose of this Chapter is to establish such rules pertaining to Universal Services and the Oklahoma Lifeline Service Program as are necessary and appropriate to implement the Oklahoma Telecommunications Act.

(c) This Chapter describes:

(1) ~~The services supported by the Oklahoma Universal Service Fund ("OUSF") and the Oklahoma Lifeline Fund ("OLF");~~

(2) ~~Who shall make contributions to the OUSF and the OLF, and the methodology for calculating those contributions;~~

(3) ~~The eligibility criteria to receive OUSF and OLF funding; and,~~

~~(4) The procedures for requesting, calculating and distributing OUSF and OLF funding.~~

(4) This Chapter also establishes the guidelines—procedures for administration of the OUSF and the OLF.

165:59-1-2. Jurisdiction

The Oklahoma Corporation Commission has jurisdiction to enact this Chapter by virtue of Article IX § 18 of the Constitution of the State of Oklahoma, the Oklahoma Telecommunications Act, and the Federal Telecommunications Act of 1996. The Commission has the authority to assess a charge upon all telecommunications carriers and contributing providers, in conformance with federal and state law to support the objectives for Oklahoma Universal Services and Oklahoma Lifeline Service.

165:59-1-3. Application of rules

(a) This Chapter shall be read in context with any applicable:

- (1) Federal law and/or regulation;
- (2) State law and/or regulation; and,
- (3) Commission order and/or rule.

(b) This Chapter shall be applicable to all eligible local exchange telecommunications service providers, eligible providers, and contributing providers, carriers.

(c) No person or corporation not otherwise a provider of telecommunications services shall be deemed such solely because of the manufacture, distribution, installation, or maintenance of end-user premises communication equipment and accessories.

165:59-1-4. Definitions

~~The following words and terms, when used in this Chapter, shall have the same meaning as defined in the Oklahoma Telecommunications Act, provided the words and terms, which are not defined in the Oklahoma Telecommunications Act, shall have the following meaning, unless the context clearly indicates otherwise:—In addition to terms defined in The Oklahoma Telecommunications Act, 17 O.S. §§ 139.101, et seq., the following words and terms, when used in this Chapter shall have the following meaning, unless the context clearly indicates otherwise:~~

"Administrator" or "OUSF Administrator" or "OLF Administrator" means the same as Administrator, as defined in the Oklahoma Telecommunications Act,—person(s) or entity(ies) responsible for administering the Oklahoma Universal Service Fund and/or the Oklahoma Lifeline Fund.

"ALJ" means Administrative Law Judge.

"Assessed Revenues" means as that term is defined in 17 O.S. § 139.107(A).

"Bed" is a patient care bed or bassinets that is regularly maintained, staffed on a 24-hours basis, and immediately available for the care of patients.

"Bona fide request" means a written request delivered to a telecommunications carrier requesting services provided for in this Chapter.

"Carrier of Last Resort" means a telecommunications service provider as designated by the Commission pursuant to OAC 165:55-17-29-165:55.

"Commercial mobile radio service provider" means a carrier who provides wireless telecommunications services.

"Customer" or **"Subscriber"** means any person, firm, partnership, cooperative corporation, corporation or lawful entity that receives telecommunications services.

~~**"Eligible healthcare entity"** means a not for profit hospital; county health department; city county health department; not for profit mental health and substance abuse facility as defined in this Section; and federally qualified health center in Oklahoma. Eligible healthcare entity also includes telemedicine services provided by the Oklahoma Department of Corrections at facilities identified in 57 O.S. § 509.~~

~~**"Eligible local exchange telecommunications service provider"** means any incumbent local exchange telecommunications service provider, its successors and assigns, which owned, maintained and provided facilities for universal service within a local exchange area on January 1, 1996, and any provider of telecommunications service that has been determined to be an eligible local exchange telecommunications service provider pursuant to the Oklahoma Telecommunications Act.~~

~~**"Eligible Telecommunications Carrier"** ("ETC") means a common carrier designated by the Commission pursuant to OAC 165:55-23-2, and 47 U.S.C. §§ 254 and 214(e).~~

~~**"Enhanced service provider"** means a provider of enhanced service.~~

"FCC" means the Federal Communications Commission.

"Federally Qualified Health Center ("FQHC")" means an entity which

(A) is receiving a grant under section 330 of the Public Health Service Act (PHS) [42 U.S.C. 254b]; or is receiving funding from such a grant under a contract with the recipient of such a grant and meets the requirements to receive a grant under section 330 of such Act [42 U.S.C. 254b]; or

(B) based on the recommendation of the Health Resources and Services Administration within the Public Health Service, is determined by the Secretary of the Department of Health and Human Services ("HHS") to meet the requirements for receiving such a grant; or

(C) was treated by the Secretary, for purposes of part B of Section 330, as a comprehensive Federally funded health center as of January 1, 1990; or

(D) is an outpatient health program or facility operated by a tribe or tribal organization under the Indian Self-Determination Act [25 U.S.C. 450f et seq.] or by an urban Indian organization receiving funds under title V of the Indian Health Care Improvement Act [25 U.S.C. 1651 et seq.].

"Free of Charge" means 100% discount off the amount of the tariffed rate or charge, recurring and nonrecurring, directly attributable to the telecommunications line or wireless connection, used to provide the Special Universal Service. All

applicable taxes and regulatory fees shall apply to the undiscounted rate or charge, but shall not be recoverable from the OUSF.

"High cost "High-cost area" means an area where actual costs exceed Commission- or Legislatively-authorized rates for Primary Universal Services.

"Interconnected Voice over Internet Protocol" or "VoIP" includes both fixed and nomadic versions of the service, with fixed Interconnected Voice over Internet Protocol service able to be used at only one location, and nomadic Interconnected Voice over Internet Protocol service able to be used at multiple locations. Interconnected Voice over Internet Protocol means a service that:

(A) enables real-time, two-way voice communications;

(B) requires a broadband connection from the user's location;

(C) requires Internet protocol-compatible customer premises equipment; and

(D) permits users generally to receive calls that originate on the public switched telephone network and to terminate calls to the public switched telephone network.

"Internet Subscriber Fee" means any fee that is paid to a telecommunications service provider for internet service that is in addition to the access connection charge.

"Lifeline Service Program" means the federal and state program designed to keep low-income subscribers on the telecommunications network.

~~**"Local exchange telecommunications service provider"** or **"telecommunications service provider"** or **"TSP"** means a company holding a certificate of convenience and necessity from the Commission to provide local exchange telecommunications service.~~

"Network" includes a telecommunications service provider's or telecommunication carrier's facilities used to originate and terminate traffic.

"Oklahoma Lifeline Fund" or **"OLF"** means the fund established and required to be implemented by the Commission pursuant to 17 O.S. § 139-105.

"Oklahoma Universal Services" means Primary Universal Service and Special Universal Services as defined herein in the Oklahoma Telecommunications Act.

"OneNet" means statewide Internet and technology provider operated by the Oklahoma State Regents for Higher Education for the purpose of meeting the mission critical technology needs of Oklahoma's education, research, healthcare and public service communities.

"Primary Universal Service" means an access line and dial tone provided to the premises of residential or business customers which provides access to other lines for the transmission of two way switched or dedicated communication in the local calling area without additional, usage sensitive charges, including:

(A) A primary directory listing;

(B) Dual tone multifrequency signaling;

(C) Access to operator services;

(D) Access to directory assistance services;

Permanent Final Adoptions

(E) Access to telecommunications relay services for the hearing impaired;

(F) Access to ~~one one~~ service where provided by a local governmental authority or multijurisdictional authority; and,

(G) Access to ~~interexchange long distance~~ services.

"Public school building wherein classrooms are contained" means a building owned, leased or rented with public funds and accredited by the Oklahoma State Department of Education as a public school, which contains one or more classrooms utilized for student instruction for kindergarten pre-kindergarten through twelfth grade, and where internet access is utilized for student instruction.

"Reimbursement" means remuneration from the OUSF pursuant to OAC 165:59-3-60 for Primary Universal Services and OAC 165:59-7 for Special Universal Services. Reimbursement also means remuneration from the Oklahoma Lifeline Fund pursuant to OAC 165:59-9, for the Lifeline Service Program.

"Service territory" means a geographic area within which served by a telecommunications service provider has authority to provide telecommunications services.

"SETDA" means the State Educational Technology Directors Association.

"Special Universal Services" means:

(A) ~~One incoming, toll free phone number and up to a total of five access lines, provided free of charge to a not for profit hospital, public school building wherein classrooms are contained, public library, or county seat, in order to allow incoming, toll free calls from any location within the geographic area of Oklahoma served by said entity.~~

(B) ~~One access line, with the ability, to connect to an Internet service provider in accordance with 17 O.S. §139.109(C)(4), provided free of charge to a public school or a public library within the State, as set forth in 17 O.S. § 139.109 and Subchapter 7 herein.~~

(C) ~~One telecommunications line or wireless connection, provided free of charge to an eligible health care entity within the State, sufficient for providing such telemedicine services as the healthcare entity is equipped to provide.~~

"Special Construction Cost" is the FCC's Category One eligible charge necessary to connect public schools and public libraries to broadband networks.

"State" means the State of Oklahoma.

"Tariff" means all or any part of the body of rates, tolls, charges, classifications, and terms and conditions of service relating to regulated services offered, the conditions under which such services are offered and the charges for services, which have been filed with the Commission and have become effective.

"Telecommunications Act of 1996" means the Federal legislation cited as 47 U.S.C. Section §§151 et. seq.

"Telemedicine" means the practice of health care delivery, diagnosis, consultation, treatment, transfer of medical

data, or exchange of medical education information by means of audio, video, or data communications. Telemedicine is not a consultation provided by telephone or facsimile machine, nor does it include administrative applications such as billing, contracted non-clinical services, or security systems.

"USAC" means the Universal Services Administrative Company.

"U.S.C." means United States Code.

"Universal service area" or "service area" means a geographic area established by the Commission for the purpose of determining universal service obligations and support mechanisms. In the case of an area served by a rural telephone company, "service area" means such company's "study area" unless and until the FCC and the Commission, after taking into account recommendations of a Federal State Joint Board instituted under 47 U.S.C. Section 410(e), establish a different definition of service area for such company.

"Unregulated services" means telecommunications services not regulated by the Commission.

165:59-1-7. Supremacy

This Chapter supersedes any conflicting Commission order that may be in effect on the effective date of this Chapter. If there is any conflict between this Chapter and the Oklahoma Telecommunications Act of 1997, the provisions of said Act shall supersede this Chapter to the extent of any conflict. If there is any conflict between said Act and the Federal Telecommunications Act of 1996, the provisions of the Federal Act shall prevail to the extent of any conflict.

SUBCHAPTER 3. OKLAHOMA UNIVERSAL SERVICE FUND

PART 1. OKLAHOMA UNIVERSAL SERVICES

165:59-3-1. Oklahoma Universal Services [REVOKED]

(a) ~~Oklahoma Universal Services shall consist of Primary Universal Services and Special Universal Services.~~

(b) ~~The Commission may, by rule, expand primary universal services to be supported by the OUSF after notice and hearing as provided in Section 139.106(J) of the Oklahoma Telecommunications Act.~~

PART 3. OKLAHOMA UNIVERSAL SERVICE FUND

165:59-3-11. How the Oklahoma Universal Service Fund shall be funded

The OUSF shall be funded consistent with 17 O.S. § 139.107.

165:59-3-13. ~~Fund amount~~ Establishment of OUSF Assessment

- (a) ~~The Commission Administrator shall initiate a docket to file a cause with the Commission's Court Clerk to establish or adjust the OUSF Assessment, funding level, as necessary, or on an annual basis, and bill assess the telecommunications carriers contributing providers required to contribute to the fund under OAC 165:59-3-11-17 O.S. § 139.107. Notice of this filing shall be sent to all contributing providers via electronic mail to the contributing provider's contact information contained in their annual report.~~
- (b) ~~Within thirty (30) days from the date of billing for contributions received from the OUSF Administrator or contracted agent, each contributor contributing provider shall submit payment to the OUSF Administrator, or, if designated, to the contracted agent.~~
- (b) By posting on the Commission's website, the Administrator shall notify each contributing provider of the effective dates and rates of the ordered OUSF and OLF factors to be applied to OUSF Assessed Revenues.
- (c) Contributing providers are to report revenues and make payment to the OUSF and OLF as described in OAC 165:59-3-44.

165:59-3-14. Eligibility to receive OUSF funding

- (a) The incumbent local exchange telecommunications service provider, its successors and assigns, which owned, maintained and provided facilities for universal service within a local exchange area on January 1, 1996, shall be the eligible local exchange telecommunications service provider eligible for OUSF funding within the local exchange area, except as otherwise provided for in the Telecommunications Act of 1997, 17 O.S. §§ 139.101, et seq.
- (b) Upon request, and after notice and hearing, the Commission shall consider the designation of more than one eligible local exchange telecommunications service provider in a universal service area to receive funding from the OUSF under the Oklahoma Telecommunications Act of 1997 and 47 U.S.C. §214(e).
- (c) Where the incumbent local exchange telecommunications service provider receives or is eligible to receive monies from the OUSF, except as otherwise provided in 17 O.S. § 139.106, the Commission, after notice and hearing, may designate other local exchange telecommunications service providers to be eligible for the funding, provided:
- (1) The other local exchange telecommunications service provider is certificated by the Commission to provide and offer the primary universal services supported by the OUSF to all customers in the universal service area designated by the Commission, using its own facilities, or a combination of its own facilities and the resale of the services or facilities of another;
 - (2) The other local exchange telecommunications service provider may only receive funding for the portion of the facilities that it owns, maintains, and uses for regulated services;
 - (3) The other local exchange telecommunications service provider shall not receive OUSF funding at a level

higher than the level of funding the incumbent local exchange telecommunications service provider is eligible to receive for the same area if the incumbent local exchange telecommunications service provider is also providing service in the same area; provided, the cost of any cost studies required to be performed shall be borne by the party requesting such studies, unless the party performing the study utilizes the study for its own benefit;

- (4) The other local exchange telecommunications service provider advertises the availability and charges for services it provides through a medium of general distribution; and,
 - (5) It is determined by the Commission that the designation is in the public interest and the other local exchange telecommunications service provider is in compliance with all Commission rules for which a waiver has not been granted.
- (d) For any area served by an incumbent local exchange telecommunications service provider which serves less than seventy-five thousand (75,000) access lines within the State, only the incumbent local exchange telecommunications service provider shall be eligible for OUSF funding except:
- (1) ~~Other eligible telecommunications carriers-service providers and eligible providers~~ which provide Special Universal Services or Lifeline service shall be eligible to request and receive OUSF funds in the same manner as the incumbent local exchange telecommunications service provider in the same area pursuant to this Chapter;
 - (2) The incumbent local exchange telecommunications service provider may elect to waive the right to be the only eligible local exchange telecommunications service provider within the local exchange area by filing notice with the Commission; or
 - (3) When the Commission, after notice and hearing, makes a determination that it is in the public interest that another local exchange telecommunications service provider should also be deemed a carrier of last resort and be eligible to receive OUSF funding in addition to the incumbent local exchange telecommunications service provider. It shall not be in the public interest to designate another local exchange telecommunications service provider as being a carrier of last resort and eligible to receive OUSF funding if such designation would cause a significant adverse economic impact on users of telecommunications services generally or if the other carrier refuses to seek and accept carrier of last resort obligations throughout the universal service area as designated by the Commission. The other local exchange telecommunications service provider shall not receive OUSF funding at a level higher than the level of funding the incumbent local exchange telecommunications service provider is eligible to receive for the same area if the incumbent local exchange telecommunications service provider is also providing service in the same area and the other local exchange telecommunications service provider meets the requirements of subsection (c) of this Section.
- (e) In order to be designated as an eligible local exchange telecommunications service provider for purposes of Federal

Permanent Final Adoptions

Universal Service support, the local exchange telecommunications service provider shall meet the requirements of 47 U.S.C. § 214(e).

(f) Notwithstanding the criteria set forth in this Section for designation as an eligible local exchange telecommunications service provider, a commercial mobile radio service provider may, after notice and hearing, seek ~~reimbursement from the OUSF Funding~~ for the provision of services supported by the OUSF.

(g) Notwithstanding the criteria set forth in this Chapter for designation as an eligible local exchange telecommunications service provider, ~~OneNet and/or any telecommunications carrier~~ any eligible provider may seek ~~reimbursement from the OUSF Funding~~ for the provision of Special Universal Services consistent with ~~17 O.S. § 139.109~~ 17 O.S. § 139.109.1.

(h) Any ~~provider who is not prohibited from applying for OUSF funds as set forth in 17 O.S. § 139.109~~ eligible provider shall receive funding for any Special Universal Services provided ~~and contributions made to the Oklahoma E911 Emergency Service Fund and the Oklahoma Telecommunications Technology Training Fund~~ from the OUSF without a hearing, in a manner consistent with OAC 165:59-7-1 and the Oklahoma Telecommunication Act. The funding shall be approved only after the appropriate forms have been ~~submitted to~~ filed with the Commission's Court Clerk and reviewed by the OUSF Administrator or contracted agent.

(i) For an area served by an incumbent local exchange telecommunications service provider which serves less than seventy-five thousand (75,000) access lines within the State, the incumbent local exchange telecommunications service provider may elect to waive the right to be the only eligible local exchange telecommunications service provider within the local exchange area by filing notice with the Commission.

165:59-3-15. Relinquishment of OUSF support eligibility [REVOKED]

~~In exchanges or wire centers where the Commission has designated more than one local exchange telecommunications service provider as eligible for OUSF funding, the Commission shall permit one or more of the local exchange telecommunications service providers in the area to relinquish the designation as a local exchange telecommunications service provider eligible for OUSF funding in a manner consistent with Section 214(e)(4) of the Federal Telecommunications Act of 1996, upon a finding that at least one eligible local exchange telecommunications service provider shall continue to assume the carrier of last resort obligations throughout the area.~~

165:59-3-16. Designation of eligible telecommunications carriers for unserved areas

In no event shall any area(s) be without the capability of accessing universal services supported by the OUSF. If no eligible local exchange telecommunications service provider of telecommunications services is currently providing the services that are supported by the OUSF to an unserved area or

any portion of the area that requests such service, the Commission will:

~~(A1) Determine which eligible local exchange telecommunications service provider(s) telecommunications carrier, or carriers, are best able to provide such service to the unserved area(s), or portion of the area(s); and,~~

~~(B2) Order such eligible local exchange telecommunications service provider(s) telecommunications carrier, or carriers, to provide such service to that area(s), or portion of the area(s).~~

PART 5. ADMINISTRATION OF THE OUSF

165:59-3-30. Administration of the Fund

~~(a) The Commission will appoint the OUSF Administrator, which shall be the Public Utility Division of the Commission.~~

~~(b) The Public Utility Division, as the appointed OUSF Administrator, may as necessary, take all actions necessary to fulfill the objectives of the Oklahoma Telecommunications Act, including but not limited to, contract~~ contracting with a third party having no conflict of interest in the provisioning of telecommunications services, for the provisioning of assistance with the administrative functions related to the OUSE.

~~(e) The OUSF Administrator is expressly authorized to bring actions before the Commission to enforce the provisions of this Chapter and the Oklahoma Telecommunications Act of 1997.~~

~~(d) The OUSF Administrator or and/or contracted agent shall act under the supervision of the Commission, in order to administer the OUSF in accordance with the rules and procedures approved by the Commission and consistent with this Subchapter and the Oklahoma Telecommunications Act of 1997.~~

~~(e) The OUSF Administrator's and/or contracted agent's general duties shall include, but not be limited to:~~

(1) Receiving, distributing, and accounting for funds paid into the OUSF;

(2) Providing ~~funding~~ reimbursement to eligible ~~telecommunications providers and eligible local exchange telecommunications service providers in accordance with the Oklahoma Telecommunications Act from the OUSF;~~

(3) Managing the daily operations and affairs of the OUSF;

(4) Monitoring and assuring contribution/payment compliance as well as conducting periodic audits of ~~the contributing providers~~ contributors to the OUSF to ensure that the ~~contributors~~ contributing providers are accurately reporting and making proper payments to the OUSF;

(5) Monitoring and assuring that ~~all federal and state universal service~~ OUSF funds received by the eligible local exchange telecommunications service providers and eligible providers are based on one of the categories for which reimbursement is allowed under the Oklahoma Telecommunications Act, for primary and special universal services, by any entity are used for the provision, maintenance and/or upgrading of facilities and services for which the support is intended.

~~(6) Performing any periodic audits of the OUSF deemed necessary by the Administrator and/or the Commission;~~

~~(7) Informally resolving disputes;~~

~~(8) Independently evaluate and review Requests for OUSF Funding and OUSF administrative preapproval requests within time frames identified in this Chapter—the Oklahoma Telecommunications Act, and making a recommendation to the Commission for approval, modification or denial of such requests; determine the accuracy of the requests, advise the eligible local exchange telecommunications service provider or eligible provider requesting the funds of the determination of eligibility made by the OUSF Administrator, and determine the eligibility of the OUSF Beneficiary; and,~~

~~(9) Performing any other duties as required by law and/or this Chapter or as ordered by the Commission.~~

(e) The OUSF Administrator and/or contracted agent shall authorize payment of the approved funding to the requesting eligible local exchange telecommunications service provider or eligible provider, pursuant to the Oklahoma Telecommunications Act.

(f) The Commission finds, pursuant to Article IX, Section 18 of the Oklahoma Constitution, and 51 O.S. § 24A.22, that all information that is not otherwise publicly available, provided by an eligible local exchange telecommunications service provider, an eligible provider, an OUSF Beneficiary, or contributing provider in all matters submitted and filed pursuant to the Oklahoma Telecommunications Act is hereby classified as confidential. All documents and information considered to be confidential must be clearly marked as such. All information classified as confidential shall be used by the OUSF Administrator, ALJ, any party to a Request for OUSF Funding or party to a request for reconsideration related to such Request, and the Commission solely in connection with the review and disposition of all matters subject to the Oklahoma Telecommunications Act. The OUSF Administrator, the ALJ, the Commission and all other parties that receive or review information deemed confidential herein shall keep all such information confidential, and shall only use such data for purposes of administering the OUSF, evaluating a Request for OUSF Funding, and/or prosecuting a request for reconsideration of the Administrator's determination of OUSF Funding, and shall not disclose such data to any unauthorized person, provided, confidential information may be disclosed to parties in the cause after the party in the cause signs a nondisclosure agreement, as posted on the Commission Website, or as otherwise agreed between the party requesting the information and the party receiving the request for confidential information.

(g) Pursuant to 51 O.S. § 24A.22, the Commission hereby does classify as confidential all information that is not otherwise publicly available, provided by an eligible local exchange telecommunications service provider, an eligible provider, an OUSF Beneficiary, or contributing provider, in conjunction with an audit of said eligible local exchange telecommunications service provider, eligible provider, OUSF Beneficiary, or contributing provider. All information classified as confidential shall be used by the OUSF Administrator,

ALJ, and the Commission solely in connection with the review and disposition of all matters subject to the Oklahoma Telecommunications Act. The OUSF Administrator, the ALJ, the Commission and all other parties that gain access as provided herein to confidential information shall keep all confidential information confidential, and shall not use such data except for purposes of administering the OUSF, and shall not disclose such data to any unauthorized person, provided, confidential information may be disclosed to parties in any filed cause after the party in the cause signs a nondisclosure agreement, as posted on the Commission Website, unless otherwise agreed to by the parties.

165:59-3-32. Audits of the Fund

(a) The OUSF shall be audited annually by a non-OUSF, independent auditor selected by a committee with input from the State Auditor's Office—the Administrator. The committee shall be selected by the Commission's Director of Administration.

(b) The annual audit should be based on assessed program risk conducted in accordance with standards.

(c) The audit may include further objectives as requested by the Commission's Director of Administration, the State Auditor's Office, the Oklahoma Attorney General, and/or as required by the contract between the OUSF and independent auditor.

~~(d)~~ The cost of the annual audits of the OUSF shall be funded by the OUSF.

(e) All audit reports, once finalized, shall be provided to the Oklahoma Attorney General.

165:59-3-34. Resolution of disputes regarding contributions to the OUSF and OLF

(a) Any telecommunications carrier-contributing provider operating within Oklahoma may dispute the amount of contribution assessed it by the OUSF Administrator for the OUSF and OLF, in the following manner:

(1) The telecommunications carrier-contributing provider shall submit a written notice setting forth its dispute in detail to the OUSF Administrator, on or before the payment due date, and the OUSF Administrator shall have the initial responsibility for trying to resolve the dispute.

(2) If satisfactory resolution is not achieved within thirty (30) days of the receipt of the written notice of dispute, the telecommunications carrier-contributing provider may file an application in with the Commission's Court Clerk's Office—Clerk requesting that the Commission resolve the dispute.

(b) Pending final resolution of a dispute, the disputing telecommunications carrier-contributing provider shall pay the disputed and undisputed amounts to the OUSF and OLF.

(c) If the disputing telecommunications carrier-contributing provider prevails in its protest of the required contribution dispute, the telecommunications carrier-contributing provider will be entitled to a refund, with interest, at the then effective

Permanent Final Adoptions

interest rate, as provided by OAC 165:55-9-14(e)(1), from the date the disputed charge was paid to the date of refund.

(d) No acceptance of any payment shall be construed as an accord that the amount paid is in fact the correct amount, nor shall any acceptance of payments be construed as a release of any claim that the OUSF Administrator may have for further or additional sums payable.

165:59-3-36. Resolution of other disputes

(a) Any adversely impacted party may dispute the actions of ~~a telecommunications carrier~~ an eligible local exchange telecommunications service provider or an eligible provider related to the provisioning of Universal Services. The adversely affected party may contact the OUSF Administrator or contracted agent of the OUSF and the OUSF Administrator shall have the initial responsibility for trying to resolve the dispute.

(b) If satisfactory resolution is not achieved, the affected party may file an application requesting the Commission resolve the dispute.

165:59-3-38. Violations

(a) Failure to pay an assessed contribution to the OUSF shall be deemed a violation of the Oklahoma Telecommunications Act and this Chapter.

(b) The Commission may use all authority it has pursuant to the Oklahoma Constitution and laws of this State to ensure compliance with the Oklahoma Telecommunications Act and this Chapter.

PART 7. CONTRIBUTIONS TO THE OUSF

165:59-3-40. Contributors to the OUSF

(a) The OUSF shall be funded in a competitively neutral manner in accordance with the Oklahoma Telecommunications Act. Every telecommunication carrier shall contribute/make payments, on a nondiscriminatory basis, into the OUSF.

(b) Each contributing provider shall annually provide contact information to the OUSF Administrator for the purpose of correspondence regarding contribution to the OUSF. The submission of an annual report to the Commission shall be deemed compliance with this paragraph.

(c) Each telecommunications carrier providing wholesale telecommunications services to VoIP providers in Oklahoma will annually provide the identity, to include address, of each such VoIP provider(s) to the OUSF Administrator as available. While the names of the VoIP providers may be made publicly available, all information with regard to the reporting telecommunications carrier will be treated as confidential.

(d) The contributing provider must certify to the truth and accuracy of data used to determine the contributing provider's contribution amounts. The OUSF Administrator may verify any information used by the contributing provider in its determination of its contributions to the OUSF. Each contributing provider shall maintain records and documentation used

in its determination of its contributions to the OUSF for three (3) years, and shall provide such records and documentation to the OUSF Administrator upon request. Inaccurate or untruthful information used by the contributing provider may lead to prosecution to the full extent of the law.

165:59-3-42. Reporting requirements

Each telecommunications carrier-contributing provider shall, within thirty (30) days from the date of a request made for information necessary for the OUSF Administrator to perform its duties under the Oklahoma Telecommunications Act and this Chapter shall submit the requested information to the OUSF Administrator, unless otherwise agreed between the OUSF Administrator and the telecommunications carrier-contributing provider.

165:59-3-44. Amount of contributions and charges assessed for the OUSF

(a) The amount of contribution required from each telecommunications carrier-contributing provider shall be determined as provided in the Oklahoma Telecommunications Act.

(b) The Administrator shall, based on the amount to be contributed to the OUSF, calculate the contribution required to be made to the OUSF by each contributor, based on the fund level established by the Commission and the information provided pursuant to OAC 165:59-3-42.

(c) Each telecommunications carrier shall pay its contribution directly to the Administrator as directed by the Administrator on a monthly, quarterly, or annual basis, at the carrier's option, at the beginning of the payment period(s) selected. The payment shall be payable to the "OUSF." The invoice or other request for OUSF contributions shall be past due thirty (30) calendar days after the date on the invoice, unless otherwise agreed by the Administrator or as may be ordered by the Commission.

(d) Interest shall be charged on any payment not received by the past due date at the rate of 1.5% monthly.

(e) All contributions and interest payments made to the "OUSF" shall be deposited into the OUSF account by the Administrator or contracted agent.

(b) The OUSF Administrator or contracted agent shall, based on the amount to be contributed to the OUSF, calculate the contribution required to be made to the OUSF by each contributing provider, based on the fund level established by the Commission sufficient to recover the costs of administration and payments for OUSF and OLF requests for funding, as provided by the Oklahoma Telecommunications Act and the information provided pursuant to OAC 165:59-3-42.

(c) The fiscal reporting year shall be July 1 through June 30.

(d) Each contributing provider shall pay its contribution directly to the OUSF Administrator, or contracted agent, as directed by the OUSF Administrator, on a monthly or annual basis, conditioned upon an annual revenue threshold established by the OUSF Administrator.

(e) If the contributing provider qualifies to pay its contribution annually, payment shall be made at the beginning of the

fiscal year, and is past due after August 31. If the contributing provider underestimates its annual contribution by 15% or greater, the contributing provider shall be required to make its contributions monthly for the next fiscal reporting year, and underpayments will be subject to interest.

(f) If the contributing provider qualifies to pay its contribution monthly, the contributing provider shall report the prior calendar month's revenues, and pay on those revenues, by the end of the month, each month, without skipping a month.

(g) Interest shall be charged on any payment not received by the reporting due date at the rate of 1.5% monthly.

(h) The payment shall be payable to the OUSF. All contributions and interest payments shall be deposited into the OUSF account established by the OUSF Administrator and/or contracted agent.

(i) All contributions shall be subject to audit by the OUSF Administrator, or its contracted agent.

165:59-3-46. Recovery of OUSF contributions

(a) A telecommunications carrier contributing provider may, at its option, recover the amount it pays into the OUSF from its retail customers as provided in the Oklahoma Telecommunications Act. If the telecommunications carrier contributing provider elects to recover the amount of its contributions from its retail customers, such recovery shall be made in a fair, equitable and nondiscriminatory manner.

(b) Any over-recovery of the OUSF contributions for the preceding year shall be carried forward to the ensuing year, and shall be included as a reduction in the calculation of the retail end-user recovery amount for the ensuing twelve-month period of the telecommunications carrier's contributing provider's OUSF contributions; recovery from its customers. Any under-recovery of the OUSF contribution for the preceding year, may be included as an increase in the calculation of the retail end-user recovery amount for the ensuing twelve-month period of the telecommunication carrier's contributing provider's OUSF recovery from its customers, provided the telecommunications carrier contributing provider made a reasonable attempt to collect the funds in the preceding year.

(c) The Commission may, as it deems appropriate, order modifications in a regulated telecommunications carrier's contributing provider's method of recovery from its customers, after notice and hearing.

(d) In the event a telecommunications carrier contributing provider, excluding prepaid wireless providers, elects to recover its OUSF contributions from its customers, the amounts of the recovery shall be explicitly stated as a line item on customer's bills.

PART 9. REQUEST FOR OUSF FUNDING

165:59-3-60. Requests for funding from the OUSF

(a) Any eligible telecommunications service provider Eligible local exchange telecommunications service providers and eligible providers may request funding from the OUSF

as allowed by the Oklahoma Telecommunications Act. necessary to maintain rates for primary universal services, at rates that are reasonable and affordable, and special universal services, and to provide for reasonably comparable services at affordable rates in rural areas as in urban areas.

(b) Any eligible provider may request funding from the OUSF as necessary for the provision of Special Universal Services.

(c) Should the OUSF at any time experience a shortfall, the costs associated with administering the fund will be paid first, followed by the payment due to the Oklahoma Attorney General, pursuant to 17 O.S. § 139.103. Thereafter, any residual funds will be distributed to eligible OUSF recipients providers and eligible local exchange telecommunications service providers on a pro rata basis, pursuant to their approved requests. The balance of each approved request for OUSF funding will be paid at such time as additional funds become available.

(ed) Each request for OUSF funding by an eligible ILEC serving less than seventy-five thousand (75,000) access lines shall be in accordance with the Oklahoma Telecommunications Act.

(de) The Commission OUSF Administrator shall process any request for OUSF funding by an ILEC serving seventy-five thousand (75,000) or more access lines or a CLEC, in accordance with the Oklahoma Telecommunications Act.

(f) Requests for OUSF funding for the provision of Special Universal Service, including OUSF administrative preapproval requests, shall contain the following caption: In the matter of the request by (name of school/library/eligible healthcare provider /consortium) of (name of city / library system or city / health care system or city / Consortium lead) for funding from the Oklahoma Universal Service Fund.

(g) Requests for OUSF funding for primary universal service shall contain the following caption: In the matter of the request by (name of eligible telecommunications service provider) for the (insert basis of request) for funding from the Oklahoma Universal Service Fund.

165:59-3-61. Forms for requesting funding from the OUSF

(a) The appropriate forms necessary for making an OUSF funding request and preapproval funding request shall be available on the Commission's website, and may be obtained from the OUSF Administrator.

(b) The OUSF Administrator shall post the forms on the Commission's website no later than August 31 annually, for requests made for funding years prior to the funding year beginning July 1 annually, and on or before June 30, preceding each subsequent funding year.

(c) Any party objecting to the form shall file an Application in the Commission's Court Clerk within fifteen (15) calendar days of the form being posted on the Commission's website. Notice of the objection shall be given to the OUSF Administrator, the Oklahoma Attorney General, and shall be posted on the Commission's website by the OUSF Administrator within three (3) calendar days of the filing of the Application.

Permanent Final Adoptions

(d) The caption for filing an objection shall be as follows: In the matter of the application of (name of party filing the objection) objecting to the OUSF Administrator's form.

(e) Each objection filed shall be filed in a separate cause and shall provide details of the objection sufficient to allow the Commission to fully evaluate the objection. The Commission may, within its sole discretion, conduct a hearing to resolve the dispute. If the Commission opts to conduct a hearing, it shall provide at least five (5) calendar days notice to the parties in the cause. Any interested person may participate in the hearing by filing an entry of appearance and a statement of position setting forth their position on the objection. The entry of appearance and statement of position shall be served on all parties to the cause.

(f) The Commission shall issue a final order on the objection to the form within thirty (30) calendar days of the objection being filed, or if no order is issued, then the objection shall be deemed approved, and the form modified accordingly.

165:59-3-62. Procedures for requesting funding from the OUSF [REVOKED]

(a) ~~An eligible local exchange telecommunications service provider or provider of Special Universal Services requesting funds from the OUSF shall file a "Request for OUSF Funding" with the Commission Court Clerk's Office. On the date of filing the Request for OUSF Funding, the eligible telecommunications carrier or provider of Special Universal Services shall deliver a filed copy of the Request to the Administrator for processing. To facilitate the timely evaluation of requests for funding from the OUSF, a Request for OUSF Funding shall not contain a request for funding Special Universal Services to more than one Eligible Healthcare Entity or more than one School District or more than one Library system. The filing of the Request for OUSF Funding shall start the 90 day review period established by 17 O.S. §139.106(D) unless otherwise agreed to by the requesting provider.~~

(b) ~~Applications found to be incomplete (missing information required by the form and instruction package contained on the Commission website) may be denied.~~

(c) ~~It is the intention of the Commission that each funding request will be reviewed on a case by case basis. Part 9 of Subchapter 3 does not purport to predetermine the merits of any funding request. The eligible telecommunications service provider requesting OUSF funding for primary universal service shall make every reasonable and timely effort to obtain funding from alternative funding sources designated to support universal service, and shall submit all documentation of the effort to obtain funding from alternative funding sources designated to support universal service as a part of its Request for OUSF funding set forth in subsection (a), or an explanation for why alternative funding is not available. Upon the company providing the documentation that it has sought alternative funding sources or an explanation for why alternative funding is not available, the company shall not be precluded from having its application processed.~~

(d) ~~If a provider receives funding from alternative funding sources for an investment or expense already reimbursed by the OUSF, the provider shall refund the double collection to the~~

~~OUSF by either reducing a prospective funding request from the OUSF by an equivalent amount or remitting cash payment to the OUSF. Under no circumstances will double recovery be allowed.~~

(e) ~~Concurrent with the filing of the Request for OUSF Funding, the eligible telecommunications carrier who is requesting funding from the OUSF shall provide copies of its Request for OUSF Funding and notice of the Request for OUSF Funding, to the Director of the Public Utility Division, to the Attorney General and to the school/library/telemedicine entity. In addition, the eligible telecommunications carrier, which is requesting funding shall provide notice of the Request for OUSF Funding to the contributors to the OUSF. The notice requirement to each telecommunications carrier in the State of Oklahoma which is a contributor to the OUSF, shall be accomplished by providing an electronic copy of such notification to the Fund Administrator on the date the eligible telecommunications provider files its Request for OUSF Funding at the Commission's Court Clerk's office for posting on the OCC website. The OUSF Administrator will then place the notification on the OCC website within five (5) business days. The Administrator shall provide a list of the contributors to the OUSF, upon request by an eligible telecommunications carrier. The notice shall identify whether the request is for Lifeline support, Primary Universal Service support or Special Universal Service support. The notice and Request for OUSF Funding shall also include the dollar amount requested for the lump sum and any recurring amounts, as well as the name and address of the school/library/telemedicine entity for which OUSF funding is sought in the Application.~~

(f) ~~An eligible telecommunications carrier or provider of Special Universal Services shall submit to the Administrator or file with its Request for OUSF Funding a copy of its tariffed rate for the data speed set forth in 17 O.S. § 139.109(C)(4) or its equivalent. If the eligible carrier or provider does not have a tariffed rate for the data speed set forth in 17 O.S. § 139.109(C)(4), then the eligible carrier or provider shall provide a copy of its Individual Case Basis pricing or a document that describes the rates being charged. The eligible carrier or provider shall also provide a diagram showing the configuration identifying components and charges.~~

(g) ~~Within ninety (90) days after receipt of the completed Request for OUSF Funding, the Administrator shall review, determine the accuracy of the request, and advise the provider requesting the OUSF funds of the determination of eligibility. Simultaneously with the Administrator or contracted agent advising the provider, the Administrator or contracted agent shall provide the written determination to the Commission and post it to the Commission's website. The carrier shall provide a copy of the Administrator's Determination to the school/library/telemedicine entity within five (5) days after it is filed.~~

(h) ~~Any adversely affected party shall have fifteen (15) days to file a request for reconsideration by the Commission of the Determination made by the Administrator. Upon filing a request for reconsideration, the party requesting reconsideration shall file a Request for Procedural Schedule with the Request for Reconsideration that sets the Request for Reconsideration before an Administrative Law Judge.~~

(i) The Commission will, within thirty (30) days from the request for reconsideration, issue an order on the Request for OUSF Funding after reviewing the Administrator's or contracted agent's Determination regarding the Request for OUSF Funding and any request for reconsideration. The party requesting reconsideration shall give notice to the provider making the Request for OUSF Funding, the Attorney General, the Administrator or contracted agent, the school/library/telemedicine entity on whose behalf which funding is requested and all parties of the time and place for hearing.

(j) If no request for reconsideration of the Administrator's Determination is filed, an order will be issued by the Commission approving the request without further notice and/or hearing.

(k) If a Request for Reconsideration is filed and the Commission does not issue an order within the time frames set forth in this Section, the request shall be deemed approved, on an interim basis, subject to refund, with interest at a rate determined by the Commission. Any refund shall include interest at a rate of not more than the interest rate established by the Commission on customer deposits and shall accrue for a period not to exceed ninety (90) days from the date the funds were received by the requesting eligible provider.

(l) The Commission shall ensure that all OUSF funds have been received and are on deposit in a sufficient manner so as to pay requests for OUSF funding for primary Universal Services as ordered by the Commission, or as may be deemed approved in accordance with State law. The Administrator or contracted agent shall authorize payment of the approved funding to the requesting Incumbent Local Exchange Carrier, OneNet, or company that has a Certificate of Convenience and Necessity, after issuance of a Commission order approving payment or the request is deemed approved, whichever occurs sooner.

(m) Any Request for OUSF Funding may be returned to the requesting party and deemed denied if the appropriate forms are not used or said forms are not completed in a satisfactory manner. The appropriate forms and applicable instructions may be obtained from the Administrator or the Commission's website.

(n) Unless good cause is shown, any request for OUSF funding should be made within eighteen (18) months from the date the requesting telecommunications carrier can determine the impact of occurrence of the circumstance giving rise to the request.

(o) An eligible telecommunications carrier or provider shall receive future reimbursement upon submission of properly submitted true ups to the Fund Administrator or contracted agent, and upon request, provide copies of invoices submitted to the customer or subscriber showing a credit equivalent to the reimbursement which has been received by the provider from the OUSF.

(p) An eligible telecommunications carrier or provider shall submit changes to the monthly recurring support based on discount adjustments received from alternative funding sources designated to support universal service such as E-Rate and the FCC's rural health care programs, to the Fund Administrator or

contracted agent via the monthly true-up reports, for processing. Any ongoing monthly recurring charges will be adjusted as necessary based on the appropriate discount approved by the Universal Service Administrative Company.

(q) An eligible telecommunications carrier or provider shall notify the Fund Administrator or contracted agent in writing, of any changes to the provisioning of service, including but not limited to disconnection of service, upgrade and/or downgrade in connectivity speed, and adding or removing eligible buildings. Any increase to the number of entities will require approval from the Fund Administrator or contract agent in order to determine if a new application will be required and a new Commission Order issued to approve reimbursement. The Administrator shall advise the provider of its determination within thirty (30) days of receipt of the written notice provided by the provider. If the Administrator fails to advise the provider of its determination within the thirty (30) day period the OUSF funding being received by the provider will not change until a new request for OUSF funding is processed in accordance with the Oklahoma Telecommunications Act and this Chapter.

(r) An eligible telecommunications carrier or provider of Special Universal Services requesting funds from the OUSF may request preapproval of a Request for OUSF Funding.

(1) A request for preapproval shall follow the procedures outlined in OAC 165:59-3-62 (a) (q). The purpose of such a preapproval request is to provide greater certainty to providers of Special Universal Services and the eligible institutions that rely on those services. No OUSF funds shall be dispersed to an eligible telecommunications carrier or provider of Special Universal Services until the services are installed and in service. The amount of OUSF funding preapproved under this subsection shall be subject to adjustments based on the amount of support received from other sources, if any, as well as adjustments to pricing that may occur between the time of preapproval and installation of service. Additional services or buildings that are installed beyond those contained in the pre-approved application shall require an additional application to be filed.

(2) Upon receipt of an application under this paragraph, the Administrator shall process the application in the manner outlined in 165:59-3-62 (e) (j). If the Administrator recommends that preapproval be granted, the Commission may enter an Interim Order regarding the specific request for which preapproval is sought. After the services are installed and in service, the provider of Special Universal Services shall provide documentation regarding the installation and charge for the services, after which time the Commission may enter a final order in the cause approving disbursement of OUSF funds if there are no material differences between the services for which pre approval was granted and the services that were installed.

(3) This paragraph is intended to supplement and not supplant the current application process, and eligible telecommunication carriers and providers of Special Universal Services shall still submit requests for funding from OUSF in the manner provided in OAC 165:59-3-62 (a)-(q).

Permanent Final Adoptions

165:59-3-64. Identifying and measuring the level of OUSF funding

(a) In identifying and measuring the costs of providing primary universal services, exclusively for the purpose of determining OUSF funding levels under 17 O.S. § 139.106, the eligible local exchange telecommunications service provider serving less than seventy-five thousand (75,000) access lines shall, at its option:

(1) Calculate such costs by including all embedded investments and expenses incurred by the eligible local exchange telecommunications service provider in the provision of primary universal service, and may identify high-cost areas within the local exchange area it serves and perform a fully distributed allocation of embedded costs and identification of associated primary universal service revenue. The cost study shall identify any investments and associated expenses jointly used for the provision of primary universal service and any other services and provide a reasonable allocation of those investments and expenses. Such calculation may be made using fully distributed FCC Parts 32, 36, and 64 costs, if such Parts are applicable. The high-cost area shall be no smaller than a single exchange, wire center, or census block group, chosen at the option of the eligible—local exchange telecommunications service provider; or,

(2) Adopt the cost studies approved by the Commission for a local exchange telecommunications service provider that serves seventy-five thousand (75,000) or more access lines; or,

(3) Adopt such other costing or measurement methodology as may be established for such purpose by the FCC pursuant to Section 254 of the Federal Telecommunications Act of 1996.

(b) In identifying and measuring the cost of providing primary universal services, and exclusively for the purpose of determining OUSF funding levels pursuant to 17 O.S. § 139.106, each ILEC which serves seventy-five thousand (75,000) or more access lines and each CLEC shall identify high-cost areas within the local exchange and perform a cost study using a Commission-approved methodology from those identified in subsection (a) of this Section. The high-cost area shall be no smaller than a single exchange, wire center or census block group chosen at the option of the eligible ILEC or CLEC. If the Commission fails to approve the selected methodology within one hundred twenty (120) calendar days of the filing of the selection, the selected methodology shall be deemed approved.

(c) Any cause filed pursuant to 17 O.S. § 139.106(G) shall include the most recent cost study, and an order reflecting the amount to be reimbursed shall only be applicable for a twelve (12) month period, unless otherwise determined by the OUSF Administrator or ordered by the Commission.

165:59-3-65. [RESERVED]

165:59-3-66. Procedures for OUSF administrative preapproval request

Preapproval is an optional process available to OUSF Beneficiaries who desire to have certainty regarding the amount that will be paid from the OUSF in support of Special Universal Services on behalf of the OUSF Beneficiary.

(1) The OUSF Beneficiary may submit a "Request for OUSF Preapproval" to the OUSF Administrator to determine eligible services and credit amounts for the upcoming funding year.

(2) A Request for OUSF Preapproval may be submitted at any time by sending via electronic mail a digital copy of all required documentation to the OUSF Administrator, to the email address posted on the Commission's website, until such time as the Commission implements the electronic filing system. Once the electronic filing system is in place, the OUSF Beneficiary shall file all required documentation using the electronic filing system.

(3) The Request for OUSF Preapproval shall include the following:

(A) All documents and information required by the approved form; and

(B) All documents identified in 17 O.S. § 139.109.1(F)(2)(d).

(4) The Request for OUSF Preapproval may include any documentation that would assist the OUSF Administrator in independently evaluating the request.

(5) The OUSF Administrator and/or contracted agent shall independently evaluate and review the Request for OUSF Preapproval, including all provided documentation, and issue an OUSF preapproval funding letter, without Commission order, to the OUSF Beneficiary within ninety (90) calendar days of receipt of the Request for OUSF Preapproval. The preapproval funding letter shall be electronically delivered to the OUSF Beneficiary.

(6) A Request for OUSF Preapproval that is found by the OUSF Administrator to be incomplete (missing information required by the form and instruction package contained on the Commission website) may be denied.

(7) After a preapproval funding letter has been issued, an OUSF Beneficiary may submit a new Request for OUSF Preapproval to provide corrections or additional information per this Chapter; however, a new Request shall be submitted for each funding year. This new Request shall be submitted by sending via electronic mail a digital copy of all required documentation to the OUSF Administrator, to the email address posted on the Commission's website, until such time as the Commission implements the electronic filing system. Once the electronic filing system is in place, the OUSF Beneficiary shall file all required documentation using the electronic filing system.

(8) Unless an OUSF Beneficiary receives preapproval of a Request for OUSF Preapproval, the Beneficiary shall not identify the OUSF as the source of secured funds for any purpose.

(9) The amount of OUSF funding preapproved under this subsection shall be subject to adjustments based on

the amount of support received from other sources, if any, as well as adjustments to pricing that may occur between the time of preapproval and installation of service.

(10) Additional services that are installed beyond those contained in the Request for OUSF Preapproval shall require either a new Request for OUSF Preapproval or a Request for OUSF Funding to be filed.

(11) Variance from the terms approved in the OUSF preapproval funding letter, which could have impacted bid selection may make the previously issued OUSF preapproval funding letter null and void.

(12) A Request for OUSF Preapproval submitted by an OUSF Beneficiary shall be signed by an authorized agent of the OUSF Beneficiary, or by the attorney for the OUSF Beneficiary.

165:59-3-67. [RESERVED]

165:59-3-68. Procedures for requesting funding from the OUSF - Special Universal Services

(a) An eligible provider of Special Universal Services may seek and obtain funds from the OUSF by filing a "Request for OUSF Funding" and "Notice of Request for OUSF Funding" with the Commission's Court Clerk. On the date of filing the Request for OUSF Funding, the eligible provider shall deliver a filed copy of the Request for OUSF Funding to the OUSF Administrator for processing.

(1) If the OUSF Beneficiary filed a Request for OUSF Preapproval, and a preapproval funding letter was issued by the OUSF Administrator, then the eligible provider must file the Request for OUSF Funding in the same cause number as the Request for OUSF Preapproval.

(2) If the Request for OUSF Funding requests anything different than what is stated in the OUSF preapproval funding letter, then the eligible provider shall file the Request for OUSF Funding as a new cause number.

(b) The Request for OUSF Funding shall include, but not be limited to the following:

- (1) The name and address of the eligible provider;
- (2) The name and address of the OUSF Beneficiary;
- (3) A description of the provisions of the Oklahoma Telecommunications Act relied on for the request;
- (4) The amount requested for funding;
- (5) The completed Affidavit, including all required attachments;
- (6) An affidavit signed by the eligible provider, verifying the truth and accuracy of the information contained in the Request for OUSF Funding and attachments; and
- (7) A copy of the preapproval funding letter, if preapproval was sought by the OUSF Beneficiary.

(c) To facilitate the timely evaluation of requests for funding from the OUSF, a Request for OUSF Funding shall not contain a request for funding Special Universal Services to more than one Eligible Healthcare Entity, or more than one School District, or more than one Library system. An eligible provider to a consortium may request a waiver from the OUSF Administrator to allow a Request for OUSF Funding to include eligible

members of the consortium within a single request for funding. (d) No amended Requests for OUSF Funding shall be accepted. Eligible providers may withdraw the originally filed Request for OUSF Funding and file a new request at any time prior to the issuance of the Determination. Upon the filing of a Withdrawal of Request for OUSF Funding, the Commission's Court Clerk shall close the file, without Commission order. If a new request is filed, it shall be filed under a new cause number.

(e) A Request for OUSF Funding found to be incomplete (missing information required by the form and instruction package contained on the Commission website) may be denied.

(f) It is the intention of the OUSF Administrator that each Request for OUSF Funding will be independently evaluated and reviewed on a case-by-case basis.

(g) Consistent with 17 O.S. § 139.109.1(B)(2), the OUSF Beneficiary shall make every reasonable and timely effort to obtain funding from alternative funding sources designated to support universal service, and shall submit all documentation of the effort to obtain funding from alternative funding sources as a part of the eligible provider's Request for OUSF Funding, or an explanation for why alternative funding is not available.

(h) If an eligible provider receives funding from alternative funding sources for an investment or expense already reimbursed by the OUSF, the eligible provider shall refund the double collection to the OUSF by either reducing a prospective funding request from the OUSF by an equivalent amount or remitting cash payment to the OUSF. Under no circumstances will double recovery be allowed.

(i) Concurrent with the filing of the Request for OUSF Funding, the eligible provider shall:

(1) Provide copies of its Request for OUSF Funding and Notice of the Request for OUSF Funding to the OUSF Administrator, the Oklahoma Attorney General, and the OUSF Beneficiary.

(2) Provide Notice of the Request for OUSF Funding to the contributing providers by providing an electronic copy of such Notice to the OUSF Administrator on the date the eligible provider files its Request for OUSF Funding with the Commission's Court Clerk, for posting on the Commission's website. The OUSF Administrator will then place the Notice on the Commission's website within five (5) business days.

(3) Provide notice which identifies the dollar amount requested for the lump sum and any recurring amounts, as well as the name and address of the OUSF Beneficiary.

(j) The OUSF Administrator and/or its contracted agent shall independently evaluate, review, and determine the accuracy of the complete request and issue a Determination of the eligibility for funds, within sixty (60) calendar days if an OUSF preapproval funding letter was issued, or within ninety (90) calendar days if no preapproval funding letter was issued. Simultaneously with the OUSF Administrator or contracted agent providing a copy of the Determination to the eligible provider and parties to the cause, the OUSF Administrator or contracted agent shall file the Determination

Permanent Final Adoptions

in the Commission's Court Clerk and post it to the Commission's website. The eligible provider shall provide a copy of the OUSF Administrator's Determination to the OUSF Beneficiary within five (5) calendar days after it is filed. If the OUSF Beneficiary received an OUSF preapproval funding letter and subsequently requested additional bids that were not reviewed by the OUSF Administrator during the preapproval process, then the OUSF preapproval funding letter is null and void.

(k) Any affected party, as defined in 17 O.S. § 139.106(D)(5), may file a request for reconsideration within fifteen (15) calendar days of the Determination being filed by the OUSF Administrator, by following the procedures in OAC 165:59-3-72.

(l) If no Request for Reconsideration is filed, the Determination shall be deemed final on the sixteenth (16) calendar day after the Determination is filed, and the cause with the Commission's Court Clerk shall automatically be closed upon the filing of a Notice of Disbursement by the OUSF Administrator. The OUSF Administrator or contracted agent shall issue payment within forty-five (45) days of the previously mentioned sixteenth (16) day, without an order of the Commission.

(m) Unless good cause is shown, any Request for OUSF Funding should be made within eighteen (18) months from the date the requesting eligible provider can determine the impact of occurrence of the circumstance giving rise to the request; however, if an OUSF Beneficiary has obtained an OUSF preapproval funding letter from the OUSF Administrator, the eligible provider shall make a request for funding within sixty (60) calendar days of the start of service.

(n) An eligible provider shall receive future reimbursement upon submission of properly formatted monthly payment requests, and any other required forms, to the OUSF Administrator and/or contracted agent, which shall include discount adjustments received from alternative funding sources designated to support universal service such as E-rate and the FCC's rural health care programs. Any ongoing monthly recurring charges will be adjusted as necessary based on the appropriate discount approved by USAC.

(o) An eligible provider shall notify the OUSF Administrator and/or contracted agent in writing, and in a format determined by the OUSF Administrator and/or contracted agent, of any changes to the provisioning of service, including but not limited to disconnection of service, upgrade and/or downgrade in connectivity speed, change in E-rate discount, or price. Any change to the previously approved Special Universal Services will require approval from the OUSF Administrator and/or contracted agent in order to determine if a new Request for OUSF Funding will be required, rather than the OUSF Administrator approving reimbursement through the monthly payment process. The OUSF Administrator shall advise the eligible provider of its determination within sixty (60) calendar days of receipt of the written notice from the eligible provider identifying the change(s). If the OUSF Administrator fails to advise the eligible provider of its determination concerning the requested change within the sixty (60) calendar day period, the OUSF funding being received by the eligible provider will cease until a new Request for

OUSF Funding is processed in accordance with the Oklahoma Telecommunications Act and this Chapter.

(p) When an eligible provider will no longer be providing Special Universal Services it shall notify the OUSF Administrator of the disconnection of service date fifteen (15) business days prior to disconnection, or immediately upon receipt of a request for disconnection, if the request is less than fifteen (15) business days prior to disconnection.

(q) No OUSF funds shall be disbursed to an eligible provider of Special Universal Services until the services are installed and in service.

(r) A Request for OUSF Funding, pursuant to this Section, shall be signed by an authorized agent of the eligible provider, or by the attorney for the eligible provider.

165:59-3-69. [RESERVED]

165:59-3-70. Procedures for requesting funding from the OUSF - Primary Universal Service

(a) An eligible local exchange telecommunications service provider may seek and obtain funds from the OUSF for Primary Universal Service by filing a "Request for OUSF Funding" and "Notice of Request for OUSF Funding" with the Commission's Court Clerk. On the date of filing the Request for OUSF Funding, the eligible local exchange telecommunications service provider shall deliver a filed copy of the Request for OUSF Funding to the OUSF Administrator for processing.

(b) Unless a waiver is granted by the OUSF Administrator, the following minimum filing requirements are necessary for causes filed pursuant to 17 O.S. § 139.106(G), and must be made available at the time of filing:

(1) The name and address of the eligible local exchange telecommunications service provider;

(2) A description of the provisions of the Oklahoma Telecommunications Act relied on for the request;

(3) The amount requested for funding;

(4) A chart of corporate organization listing all employees, and detailing any affiliate relationships;

(5) A list of affiliates, a description of the service(s) or goods provided to or by the requesting eligible telecommunications service provider for each affiliate, and the total expense charged to the requesting eligible local exchange telecommunications service provider by each affiliate in sufficient detail to demonstrate that any affiliate company utilizing employees or assets of the company are allocated or reimbursed in accordance with 47 C.F.R. 32.27. This information shall be provided for the reimbursement year and the previous three (3) years (4 total), and shall include, but not be limited to, all contracts, memorandum, timesheets, calculations, and studies;

(6) A written description and documentation showing how costs are separated for each regulated and non-regulated service that the requesting eligible local exchange telecommunications service provider provides to, or receives from, any affiliate that is associated with the Request for OUSF Funding. This description must show

compliance with the cost allocation standards and procedures as set forth in 47 C.F.R. 64.901. This information shall be provided for the reimbursement year and the previous three (3) years (4 total), and shall include, but not be limited to, all contracts, memorandum, timesheets, calculations, and studies;

(7) If applicable, copies of the eligible local exchange telecommunications service provider's Cost Allocation Manual (CAM), to include any changes to the CAM for the last three (3) years, including documentation supporting the cost allocation procedures and a current example of the application of the CAM's manual. If a CAM is unavailable, similar documentation must be provided;

(8) The most recent three (3) years preceding the request of audited financial statements, or if not subject to an audit, then reviewed financial statements, (including balance sheet, income statement, statement of cash flows accompanying notes, and any associated management letter);

(9) A description of network facilities, identifying all facilities included in the Request for OUSF Funding, with actual documentation available upon request by the OUSF Administrator;

(10) A description of the cost and accounting methodologies used to support the Request for OUSF Funding;

(11) A trial balance and general ledger in Excel format, or other format as agreed to by the Administrator;

(12) If applicable, a fully distributed cost study based on the FCC's Part 32, 36 and 64; provide plant reserve, rate base, income (revenue, expenses, and taxes), and other schedules included in the filing made with NECA or the FCC; a schedule of separations cost study for the reimbursement year. Underlying work-papers to be available onsite;

(13) Copies of the company's annual Federal Universal Service Fund (USF) High Cost Loop Data Collection forms for the reimbursement year and the previous three (3) years (4 total);

(14) The total number of full-time and part-time employees, officers, and/or contractors to include a listing of each of the above positions that includes title, duties, responsibilities, wages and/or salaries and benefits for the reimbursement year and the previous three (3) years (4 total);

(15) A list of expenses sought, including prior period adjustments and/or contingent liabilities that were reported on the eligible local exchange telecommunications service provider's books and records and are part of this request, including but not limited to any:

(A) reimbursed employee business expense, including travel, mileage, car rental, lodging, meals, etc.;

(B) lobbying;

(C) listing of all legal services and fees by law firm;

(D) advertising expenses;

(E) external relation costs;

(F) community outreach;

(G) entertainment;

(H) food, including travel, normal business, and company events;

(I) political contributions;

(J) charitable donations;

(K) penalties for fines or violations;

(L) membership fees and dues;

(M) gifts.

(16) The Federal tax classification (C-Corp, Sub-Chapter S, Partnership, etc.) of the eligible local exchange telecommunications service provider, and copies of the eligible local exchange telecommunications service provider's Federal and State tax returns for the reimbursement year and the previous three (3) years (4 total);

(17) A Description of the time tracking and reporting methods used by the eligible local exchange telecommunications service provider to distribute payroll dollars between regulated and non-regulated affiliates. Provide all supporting documentation for the reimbursement year and the previous three (3) years (4 total);

(18) A list of plant in-service retirements for the reimbursement year and the three (3) years prior to the reimbursement year (4 total);

(19) A plant in-service schedule by account that provides existing plant and additions for the reimbursement year and the three (3) years prior to the reimbursement year (4 total);

(20) Listing by account of all revenues, including aggregate customer revenues by category (residential, business, wholesale, etc.), that were used to off-set the eligible local exchange telecommunications service provider's OUSF funding request. This should include any amount received from the Federal USF, OUSF, and any other federal or state funding sources;

(21) The total number of customers by category (residential, business, wholesale, etc.) for the reimbursement year and the three (3) years prior to the reimbursement year (4 total);

(22) A copy of the eligible local exchange telecommunications service provider's regulated Continuing Property Records (CPR). If the CPRs do not tie to the general ledger, provide a reconciliation of the differences; and

(23) A list and copies of any audits or reviews to include letters, reports, memorandum, etc. conducted by the National Exchange Carriers Association (NECA), USAC, or FCC conducted during the reimbursement year and three (3) years prior to the reimbursement year (4 total).

(c) Unless a waiver is granted by the OUSF Administrator, the following minimum filing requirements are necessary for causes filed pursuant to 17 O.S. § 139.106(K), and must be made available at the time of filing:

(1) The name and address of the eligible local exchange telecommunications service provider;

(2) A description of the provisions of the Oklahoma Telecommunications Act relied on for the request;

(3) The amount requested for funding;

(4) Documentation necessary to substantiate the requested funding; and

(5) The most recently filed jurisdictional cost study;

Permanent Final Adoptions

- (6) For highway relocation causes, the additional following minimum filing requirements are necessary:
- (A) Copies of all bids;
 - (B) The request for proposal;
 - (C) Copies of all invoices and work orders;
 - (D) Documentation showing internal material accounting;
 - (E) Documentation showing internal labor accounting, including time sheets, and separate documentation showing accounting of overtime work;
 - (F) A certificate of completion of the relocation.
- (d) No amended Requests for OUSF Funding shall be accepted. Eligible local exchange telecommunications service providers may withdraw the originally filed Request for OUSF Funding and file a new request at any time prior to the issuance of the Determination. Upon the filing of a Withdrawal of Request for OUSF Funding, the Commission's Court Clerk shall close the file, without Commission order. If a new request is filed, it shall be filed under a new cause number.
- (e) Requests for OUSF Funding found to be incomplete (missing information required by the form and instruction package contained on the Commission website) may be denied.
- (f) It is the intention of the OUSF Administrator that each funding request will be independently evaluated and reviewed on a case-by-case basis.
- (g) The eligible local exchange telecommunications service provider requesting OUSF funding for primary universal service shall make every reasonable and timely effort to obtain funding from alternative funding sources designated to support universal service, and shall submit all documentation of the effort to obtain funding from alternative funding sources designated to support universal service as a part of its Request for OUSF Funding, or an explanation for why alternative funding is not available. Upon the eligible local exchange telecommunications service provider producing the documentation that it has sought alternative funding sources or an explanation for why alternative funding is not available, the eligible local exchange telecommunications service provider shall not be precluded from having its Request for OUSF Funding processed.
- (h) If an eligible local exchange telecommunications service provider receives funding from alternative funding sources for an investment or expense already reimbursed by the OUSF, the eligible local exchange telecommunications service provider shall refund the double collection to the OUSF by either reducing a prospective funding request from the OUSF by an equivalent amount or remitting cash payment to the OUSF. Under no circumstances will double recovery be allowed.
- (i) Concurrent with the filing of the Request for OUSF Funding, the eligible local exchange telecommunications service provider shall:
- (1) Provide copies of its Request for OUSF Funding and Notice of the Request for OUSF Funding to the OUSF Administrator and the Oklahoma Attorney General.
 - (2) Provide Notice of the Request for OUSF Funding, which shall include the dollar amount of the request for lump sum and any recurring amounts, to the contributing providers by providing an electronic copy of such Notice

to the OUSF Administrator on the date the eligible local exchange telecommunications service provider files its Request for OUSF Funding with the Commission's Court Clerk, for posting on the Commission website. The OUSF Administrator will then place the Notice on the Commission website within five (5) business days.

(j) The OUSF Administrator and/or contracted agent shall independently evaluate, review, and determine the accuracy of the complete request and issue a determination of the eligibility for funds, which details the amount of funding recoverable from the OUSF, within ninety (90) calendar days. Simultaneously with the OUSF Administrator or contracted agent advising the provider and parties to the cause, the OUSF Administrator or contracted agent shall file the written Determination in the Commission's Court Clerk and post it to the Commission's website. The eligible local exchange telecommunications service provider shall provide a copy of the OUSF Administrator's Determination to all parties of record within five (5) calendar days after it is filed.

(k) Any affected party, as defined in 17 O.S. § 139.106(D)(5), may file a Request for Reconsideration within fifteen (15) calendar days of the Determination being filed by the OUSF Administrator, by following the procedures in OAC 165:59-3-72.

(l) If no Request for Reconsideration is filed, the Determination shall be deemed final on the sixteenth (16) calendar day after the Determination is filed, and the cause with the Commission's Court Clerk shall automatically be closed upon the filing of a Notice of Disbursement by the OUSF Administrator. The OUSF Administrator or contracted agent shall issue payment within forty-five (45) calendar days of the previously mentioned sixteenth (16) day, without an order of the Commission.

(m) Unless good cause is shown, any Request for OUSF Funding pursuant to this Section should be made within a reasonable time from the date the requesting local exchange telecommunications service provider can determine the impact of occurrence of the circumstance giving rise to the request, including receipt or notification of alternative funding designed to support universal service. However, this shall neither preclude a local exchange telecommunications service provider from filing a Request for OUSF Funding, nor shall it preclude such a Request from being processed, prior to the time a final decision is made regarding alternative funding from a program designed to support universal service.

(n) A Request for OUSF Funding, pursuant to this Section, shall be signed by an attorney for the eligible local exchange telecommunications service provider.

165:59-3-71. [RESERVED]

165:59-3-72. Request for reconsideration procedures

(a) The Request for Reconsideration and a Notice of Pre-hearing Conference shall be filed with the Commission's Court Clerk and provided to all parties of record on the same day it is filed. Any party filing a Request for Reconsideration must be represented by an attorney, as defined in OAC 165:5-1-3.

(b) Notice of the Request for Reconsideration shall be given to the OUSF Administrator, the Oklahoma Attorney General, and all parties to the cause, and shall be posted on the Commission's website by the OUSF Administrator.

(c) Upon filing the Request for Reconsideration and the Notice of Prehearing Conference, the Request for Reconsideration shall, without Commission order, be assigned to an ALJ, and set for hearing on the next regularly scheduled prehearing conference date, which is at least five (5) business days after the date of filing, unless the parties agree or the Commission directs otherwise.

(d) At the time a Request for Reconsideration is filed, all documentation not contained in the public record and not filed in the cause with the Commission's Court Clerk, relied upon by the OUSF Administrator in making the Determination, shall be made available to the party filing the Request for Reconsideration. No confidential information and/or highly sensitive confidential information shall be provided until the nondisclosure agreement, as approved pursuant to OAC 165:59:3-30(f) is signed by the affected party. Additionally, all data requests issued with respect to a Request for Reconsideration shall be answered within ten (10) business days, unless otherwise agreed by the parties. Any prefiled testimony, statement of position, or legal brief in support of the Request for Reconsideration shall be filed with the Commission's Court Clerk within fifteen (15) calendar days of the Request for Reconsideration, and provided to all parties of record on the same day it is filed.

(e) Any responsive prefiled testimony or responsive legal brief shall be filed with the Court Clerk within ten (10) business days of the filing of the prefiled testimony or legal brief, as referenced in subsection (d), and provided to all parties of record on the same day it is filed.

(f) During the prehearing conference, the ALJ shall identify any additional requirements for a procedural schedule, including scheduling a hearing on the Request for Reconsideration, if deemed necessary by the ALJ. The parties shall identify all witnesses or potential witnesses who will provide testimony, and all witnesses or potential witnesses shall submit prefiled testimony. The ALJ may determine that a hearing on the Request for Reconsideration is not needed for causes without material disputes of fact or if all parties waive cross-examination. The hearing on the Request for Reconsideration shall be set within forty-five (45) calendar days of filing of the Request for Reconsideration, unless the Commission orders otherwise. The parties shall adhere to the procedural schedule set by the ALJ, without a Commission order.

(g) The ALJ shall issue an ALJ report containing the findings of fact, conclusions of law, and recommendation within fifteen (15) business days of the hearing on the Request for Reconsideration. If the ALJ determines no hearing on the Request for Reconsideration is necessary, the ALJ shall issue an ALJ report as set forth herein, no later than sixty (60) calendar days after the date the Request for Reconsideration was filed.

(h) Recommendations on motions, objections, and all filings made prior to the issuance of an ALJ report shall be addressed by the ALJ in the ALJ report, containing the recommendation on the merits of the Request for Reconsideration, unless the Commission orders otherwise.

(i) Oral or written exceptions regarding motions, objections, and all filings made prior to the issuance of an ALJ report will not be allowed, unless the Commission orders otherwise. Exceptions to the ALJ report, shall be governed under OAC 165:5-13-5(a)(2), (b) and (c).

(j) A Request for Reconsideration may be withdrawn at any time prior to opening of the record in the Hearing on the Request for Reconsideration by filing a Withdrawal of Request for Reconsideration with the Commission's Court Clerk. Upon filing a Withdrawal of Request for Reconsideration, the Cause shall be closed by the Commission's Court Clerk, without a Commission order, and payment shall be made within forty-five (45) calendar days after filing the Withdrawal of Request for Reconsideration.

(k) If the Commission does not issue a final order within thirty (30) calendar days from the date the Request for Reconsideration is filed, the Request shall be deemed approved on an interim basis subject to refund with interest. To obtain interim funding, the eligible local exchange telecommunications service provider or the eligible provider must file notice with the Commission's Court Clerk of its intention to seek interim funding. The OUSF Administrator shall pay the interim funding within forty-five (45) calendar days upon receipt of notice.

SUBCHAPTER 7. SPECIAL UNIVERSAL SERVICES

165:59-7-1. Reimbursement from the OUSF for Special Universal Service

(a) A provider of Special Universal Services—An OUSF Beneficiary may be eligible to receive funding from both the OUSF and other state or federal funds; however, in no instance will there be a double recovery. If the provider of Special Universal Services—OUSF Beneficiary receives funding from another state or federal fund for an investment or expense already reimbursed by the OUSF, the OUSF Beneficiary shall notify the eligible provider, and thereafter the eligible provider shall reduce the amount of its credit to the OUSF Beneficiary and its prospective funding request from the OUSF by an equivalent amount. The provider of Special Universal Services—OUSF Beneficiary shall work with the recipient to make every reasonable effort to obtain funding from another state and/or federal fund designated to support special universal service; however, such efforts shall not delay or affect the provider's ability to receive funding from the OUSF pursuant to the provisions of this Chapter and the Oklahoma Telecommunications Act. The provider—OUSF Beneficiary shall provide the Commission—OUSF Administrator with information regarding the recipient's—OUSF Beneficiary's request for funding from government sources designed to support the provisioning of the Special Universal Service, i.e. the federal schools and libraries program or federal rural health care program, or an explanation of why such funding is not available, or why the recipient of the Special Universal Service—OUSF Beneficiary did not request such funding. Failure to provide such documentation regarding Special Universal Service may result in the Commission—OUSF Administrator denying the request for

Permanent Final Adoptions

Special Universal Service funding from the OUSF. The OUSF Beneficiary shall provide evidence of any exemption it has to obtain funding from another state or federal fund designated to support Special Universal Services.

(b) Completing alternative funding requests in a manner that results in reduced alternative funding, for which the OUSF Beneficiary would have otherwise been eligible, may reduce OUSF funding.

(b) A provider of the free of charge telecommunications services identified in this Chapter and 17 O.S. § 139.109 as Special Universal Services, shall be reimbursed from the OUSF for the provisioning of said Special Universal Services, if requested.

(c) A provider of Special Universal Services seeking reimbursement from the OUSF for the tariffed rate or charge for any Special Universal Service provided must make its request for reimbursement pursuant to OAC 165:59-3-62, in the same manner that an eligible telecommunications carrier requests funds from the OUSF for purposes other than the provisioning of Special Universal Services. The requesting provider shall submit information with its Request for OUSF Funding that identifies where and to whom the services were provided, along with documentation supporting the requested level of funding. The information shall include the applicable tariffed rate or charges for providing the services.

(d) Upon receipt of a Request for OUSF Funding, the Administrator of the OUSF or the contracted agent shall review the Request and, if appropriate, reimburse the provider of the Special Universal Services, consistent with the Oklahoma Telecommunications Act.

(ec) The Commission OUSF Administrator will utilize the following procedures when evaluating a request for OUSF funding for internet-Internet access to a public school or public library:

(1) Competitive A fair and open competitive bidding should be used for all services where process shall be used to select the services and eligible provider for which OUSF funding will be sought, including costs for internet Internet access to schools and libraries for the balance not paid by E-Rate, up to the eligible 1.5 Mbps building credit equivalent E-rate.

(2) An affidavit will be required from the public school or public library that the bid information submitted to the OUSF Administrator for review contains all the bids received by the school or library. All evaluation tools utilized by the OUSF Beneficiary while reviewing the bids, including all received bids, must be provided to the OUSF Administrator at the Commission offices or in a manner approved by the OUSF Administrator.

(3) The OUSF will not reimburse charges for redundant service(s); however, if the eligible provider is unable to provision the eligible bandwidth using a single access line, the OUSF Beneficiary may choose to employ multiple access lines to provision the eligible bandwidth level established by the SETDA standard, as long as all lines are provisioned by the same eligible provider. The OUSF Administrator may waive this requirement for good cause shown.

(4) The provider of the LAN/WAN will be given 30 days notice prior to their reimbursement being reduced due to the funding going to the internet access provider first, unless the reduction in funding is caused by an increase in the rate of the LAN/WAN provider.

(5) Funding from the OUSF will be provided to the incumbent carrier until the date of disconnection or thirty (30) days after the end user provides the notice to disconnect to the incumbent carrier; whichever occurs first.

(6) In instances where the provider has not filed or submitted a 1.5 Mbps tariff to the Commission, the OUSF will calculate the 1.5 Mbps building credit using the amount established for a 1.5 Mbps credit by Commission Order.

(7) For applications that include funding for the internet access and for LAN/WAN systems, the OUSF will reimburse distance sensitive mileage for the internet access for the "first building" credit when the carrier's tariff has a mileage sensitive component. Each subsequent building credit will not include distance sensitive mileage.

(8) For applications that include funding for LAN/WAN only, the OUSF will not fund distance sensitive mileage in any building credit unless more than one Central Office is involved to provision internet access. In the latter case, distance sensitive mileage will be allowed for only one (1) building credit per central office.

(9) In the event a school uses multiple service providers for the Internet and LAN/WAN connection, available building credits will be utilized to first fund the Internet service provider, and then the LAN/WAN service provider will be funded based upon remaining available building credits.

(10) The OUSF will fund reasonable installation charges. Installation charges may be amortized over a reasonable period of time to avoid excessive switching, reduced quality of service and excessive burden on the OUSF caused by untimely carrier changes.

(11) The OUSF will not reimburse monthly fees or hardware related to optional services, such as managed routers. The OUSF may pay a one time cost for the installation charge associated with configuring the router.

(12) One (1) building credit is available for each building which contains classrooms wherein students in pre-kindergarten through twelfth grades receive internet-based coursework. Buildings with a physical firewall would qualify for a building credit for each section of the building that is separated by a physical functional firewall.

(13) A building that is the point of service, but which fails to otherwise qualify as a public school building in which classrooms are contained, does not qualify as a building for the purpose of calculating building credits.

(14) Building credits will only be allowed for buildings with classrooms that have active student instructional/testing internet sessions or use the building for state mandated testing that uses internet access. In instances where the internet usage is limited to student testing, the school must

demonstrate that alternative locations or methods for testing are not available.

(15) ~~The OUSF will not fund internet access to a building for more than 60 days during the construction phase or any remodeling/out of service timeframes that occur over an extended period.~~

(4) The OUSF shall not fund more than one eligible provider for the same service at the same location for the same time period, except during a transition period from one eligible provider to another. Such funding during a transition period shall not exceed thirty (30) calendar days.

(5) The OUSF will fund either the lowest cost reasonable qualifying bid, or a bid that is no more than 25% above the lowest cost reasonable qualifying bid, inclusive of all non-recurring eligible charges, for the eligible bandwidth range of the OUSF Beneficiary. If the selected bid is more than 25% above the lowest cost reasonable qualifying bid, the OUSF will fund the lowest cost reasonable qualifying bid plus the 25%.

(6) The OUSF Beneficiary's request for bids shall clearly identify the minimum and a maximum bandwidth at standard available levels as suggested in guidelines promulgated by the FCC or Commission rules.

~~(167) Once an Order regarding OUSF reimbursement has been issued, the Telecommunications Carrier OUSF funding has been approved pursuant to the Oklahoma Telecommunications Act, the eligible provider should submit true up monthly payment reports to the OUSF manager OUSF Administrator or the contracted agent on a monthly basis. Payment will be limited to ninety (90) days of true up; other than for the initial true up filed after the final Order is issued. After the initial true up request, a new application must be filed to recover any true up amount that exceeds (90) days of service, unless otherwise agreed to by the Administrator. The initial payment will be as necessary to pay all amounts approved but not yet received by the eligible provider. After the initial monthly payment request is submitted, a monthly payment request should be submitted by the eligible provider to collect the amount of credit provided to the OUSF Beneficiary. The monthly payment requests shall be paid on the next regularly scheduled payment date. A new Request for OUSF Funding must be filed to recover any monthly payment amount that exceeds ninety (90) days of service, unless otherwise agreed to by the OUSF Administrator.~~

~~(178) True up Monthly payment reports must be received in the form and content prescribed by the OUSF Administrator.~~

~~(189) The OUSF Administrator will post to the Commission website a copy of the monthly payout true up payment report; within five (5) business days of the payout true up payment report being approved by the OUSF Administrator.~~

~~(1910) True up monthly Monthly recurring amounts or other funding related changes (i.e. number of buildings or e.g. level of bandwidth, or changes in E-rate discount amount) will not be increased from the ordered approved~~

amount without supporting documentation being made available to the OUSF Administrator.

~~(20) Increases in cost caused by the expiration of a contract will not be permitted via true up when the new cost is higher than 10% of the expired contract and when there is no new contract in place. A new application will need to be filed in the Court Clerk's office to recover any difference in prices that exceed 10% of the expired contract price.~~

~~(21) Any additional service above and beyond the internet access line on contracts and invoices will be denied, unless good cause is shown for reasonable pricing and public interest. Invoices provided to request recovery from the OUSF must contain a breakdown of non-eligible expenses, such as additional internet maintenance service, Quality of Service product, firewall, email packages, domain registration, etc.~~

(11) Funding for eligible services, including federal funding, shall not exceed actual eligible expenses.

~~(f) The Commission will utilize the following procedures when evaluating a request for OUSF funding for a telemedicine line:~~

~~(1) Competitive bidding should be used for all services where OUSF funding will be sought.~~

~~(2) An affidavit will be required from the telemedicine entity that the bid information submitted to the Administrator for review contains all the bids received by the telemedicine entity.~~

~~(3) The OUSF will not reimburse charges for redundant service(s).~~

~~(4) Funding from the OUSF will be provided to the incumbent carrier until the date of disconnection or thirty (30) days after the end user provides the notice to disconnect to the incumbent carrier; whichever occurs first.~~

~~(5) The OUSF will fund reasonable installation charges. Installation charges may be amortized over a reasonable period of time to avoid excessive switching, reduced quality of service and excessive burden on the OUSF caused by untimely carrier changes.~~

~~(6) The OUSF will not reimburse monthly fees or hardware related to optional services, such as managed routers or maintenance.~~

~~(7) Once an Order regarding OUSF reimbursement has been issued, the Telecommunications Carrier should submit true up reports to the OUSF manager on a monthly basis. Payment will be limited to ninety (90) days of true up; other than for the initial true up filed after the final Order is issued. After the initial true up request, a new application must be filed to recover any true up amount that exceeds ninety (90) days of service, unless otherwise agreed to by the Administrator.~~

~~(8) True up reports must be received in the form and content prescribed by the OUSF Administrator.~~

~~(9) The Administrator will post to the Commission website a copy of the monthly payout true up report; within five (5) days of the payout true up report being approved by the OUSF Administrator.~~

Permanent Final Adoptions

(10) ~~Changes to the funding level may not be done by true up unless expressly authorized by the OUSF Administrator after review of changes to the bandwidth needs of the eligible healthcare entity. True up monthly recurring amounts or other funding related changes (i.e. level of bandwidth) will not be increased from the ordered amount without supporting documentation being made available to the OUSF Administrator.~~

(11) ~~Increases in cost caused by the expiration of a contract will not be permitted via true up when the new cost is higher than 10% of the expired contract and when there is no new contract in place. A new application will need to be filed in the Court Clerk's office to recover any difference in prices caused by an expired contract.~~

(12) ~~Any additional service above and beyond the telemedicine line on contracts and invoices will be denied, unless good cause is shown for reasonable pricing and public interest. Invoices provided to request recovery from the OUSF must contain a breakdown of non-eligible expenses, such as Quality of Service product, firewall, email packages, domain registration, etc.~~

(d) The OUSF Administrator will utilize the following procedures when evaluating a request for OUSF funding for a telemedicine line:

(1) A fair and open competitive bidding process shall be used to select the services and eligible provider for which OUSF funding will be sought, including costs for Internet access to eligible healthcare entities.

(2) An affidavit will be required from the eligible healthcare entity that the bid information submitted to the OUSF Administrator for review contains all the bids received by the eligible healthcare entity. All evaluation tools utilized by the OUSF Beneficiary while reviewing the bids, including all received bids, must be provided to the OUSF Administrator.

(3) The OUSF will not reimburse charges for redundant service(s); however, the eligible healthcare entity may choose to employ multiple access lines to provision the eligible bandwidth level established by the FCC, and as stated in OAC 165:59-7-6(c), as long as all lines are provisioned by the same eligible provider.

(4) The OUSF shall not fund more than one eligible provider for the same service at the same location for the same time period, except during a transition period from one eligible provider to another. Such funding during a transition period shall not exceed thirty (30) calendar days.

(5) The OUSF will fund reasonable installation and/or reasonable construction charges. These charges shall be evaluated as part of the OUSF Administrator's analysis of lowest cost reasonable qualifying bid selection by the OUSF Beneficiary. Installation charges, construction charges, early termination fees, and charges assessed upon the expiration of a contract will be amortized over the initial term of the contract when determining the lowest cost reasonable qualifying bid.

(6) The OUSF will fund either the lowest cost reasonable qualifying bid, or a bid that is no more than 25% above the lowest cost reasonable qualifying bid, inclusive

of all non-recurring eligible charges, for the eligible bandwidth range provided in OAC 165:59-7-6(c) of the OUSF Beneficiary. If the selected bid is more than 25% above the lowest cost reasonable qualifying bid, the OUSF will fund the lowest cost reasonable qualifying bid plus the 25%.

(7) Once OUSF funding has been approved pursuant to the Oklahoma Telecommunications Act, the eligible provider should submit monthly payment reports to the OUSF Administrator or the contracted agent on a monthly basis. The initial payment will be as necessary to pay all amounts approved but not yet received by the eligible provider. After the initial monthly payment request is submitted, a monthly payment request should be submitted by the eligible provider to collect the amount of credit provided to the eligible healthcare entity. The monthly payment requests shall be paid on the next regularly scheduled payment date. A new Request for OUSF Funding must be filed to recover any monthly payment amount that exceeds ninety (90) days of service, unless otherwise agreed to by the OUSF Administrator.

(8) Monthly payment reports must be received in the form and content prescribed by the OUSF Administrator.

(9) The OUSF Administrator will post to the Commission website a copy of the monthly payment report within five (5) business days of the payment report being approved by the OUSF Administrator.

(10) Monthly recurring amounts or other funding related changes (i.e. level of bandwidth) will not be increased from the approved amount without supporting documentation being made available to the OUSF Administrator.

(11) Funding for eligible services, including federal funding, shall not exceed actual eligible expenses.

(12) Increases in cost caused by the expiration of a contract will not be permitted via the monthly payment process when the new cost is higher than 10% of the expired contract and when there is no new contract in place. A new Request for OUSF Funding will need to be filed in the Commission's Court Clerk to recover any difference in prices caused by an expired contract.

(13) Reimbursement of the cost for any additional service above and beyond the telemedicine bandwidth on contracts and invoices will be denied, unless the costs are in compliance with the Oklahoma Telecommunications Act. Invoices provided to request OUSF Funding must contain a breakdown of non-eligible expenses, such as firewall (unless provided as a standard component of Internet access by the eligible provider to all customers with the same type of service and not priced separately), email packages, and domain registration, etc.

(e) If a Request for Reconsideration is filed and subsequently withdrawn, the OUSF Administrator will pay the determined amount no later than forty-five (45) calendar days after the date the Request for Reconsideration is withdrawn.

165:59-7-5. Toll-free calling to not-for-profit hospitals [REVOKED]

(a) Upon receipt of a written request by an authorized representative of a not for profit hospital, as defined by this Chapter,

a telecommunications carrier shall, by itself or in conjunction with another provider of telecommunications services, provide a toll free telephone number, and up to a total of five access lines, free of charge, to allow incoming toll free calls from any location within the geographic area served by the requesting not for profit hospital. The furnished telephone number shall allow toll free calls from the geographical area served by the not for profit hospital, or a larger area if providing access to a larger area is determined by the telecommunications carrier to be more economical. The written request shall be in the form and content approved by the Director of the Public Utility Division.

(b) Where the technical capability exists, the telecommunications carrier shall periodically monitor the usage only of each provided telephone number, and if, upon review, usage does not support the initially requested number of access lines, the number of access lines may be reduced.

(c) The telecommunications carrier providing the Special Universal Service shall receive reimbursement from the OUSF in the amount of the tariffed rate or charge directly attributable to the provisioning of the incoming, toll free telephone number, the associated usage, the access lines and all access or other charges paid by the telecommunications carrier providing the Special Universal Service.

165:59-7-6. Telemedicine access for eligible healthcare entities

(a) It is the intention of the Commission that this Chapter be interpreted to assist in the development of telemedicine service programs which in turn have the following effects on eligible ~~health care~~ healthcare entities:

- (1) Empowering eligible healthcare entities, especially those in rural areas, to provide a higher level of medical service;
- (2) Expanding the range of medical services available, especially those in rural areas;
- (3) Providing greater access to more choices in medical care by patients in rural areas;
- (4) Reducing the number of rural patient transfers to urban areas;
- (5) Enhancing rural economic development; and
- (6) Reducing the costs of medical care at eligible healthcare entities.

(b) ~~Upon compliance with the competitive bidding process, and other requirements set forth in the Oklahoma Telecommunications Act, and upon receipt of a written request by an authorized representative of an eligible healthcare entity, as defined by this Chapter, the telecommunications carrier or OneNet eligible provider shall, by itself or in conjunction with another provider of telecommunications services, provide Special Universal Services to the eligible healthcare entity on a telecommunications line or wireless connection, free of charge, sufficient for providing such telemedicine, clinical, and health consultation services as the entity is equipped to provide as set forth in 17 O.S. § 139.109(C)(2).~~

(c) ~~The telecommunications carrier shall be entitled to reimbursement from the OUSF for the recurring amount of the~~

~~tariff rate or charge directly attributable to the telecommunications line or wireless connection.~~

(c) Special Universal Services to an eligible healthcare entity include the provision of bandwidth per standards as recommended by the FCC sufficient for providing telemedicine services including the telemedicine line, reasonable installation, and network termination equipment owned and operated by the eligible provider that is necessary to provide the eligible telemedicine service. Bandwidth may be rounded up to the next available standard service increment to avoid increased costs to the fund.

(1) The OUSF Administrator shall approve funding for bandwidth requests, up to and including the amount listed below, for an eligible healthcare entity as follows:

(A) Department of Corrections shall be eligible for funding up to 100 Mbps;

(B) Federally Qualified Health Centers shall be eligible for funding as follows:

(i) Urban locations up to 500 Mbps;

(ii) Rural locations up to 100 Mbps.

(C) County Health Department shall be eligible for funding as follows:

(i) Urban locations up to 500 Mbps;

(ii) Rural locations up to 100 Mbps.

(D) City-County Health Department shall be eligible for funding as follows:

(i) Urban locations up to 500 Mbps;

(ii) Rural locations up to 100 Mbps.

(E) Not for Profit Mental Health and Substance Abuse Facilities (certified facilities pursuant to OAC 450, Chapters 17 and 24) that are not staffed 24-hours each day shall be eligible for funding up to 100 Mbps;

(F) Eligible healthcare entities that are staffed 24-hours each day, including those which are academic facilities, large medical centers, hospitals, and mental health and substance abuse facilities (certified facilities pursuant to OAC 450 Chapter 23) shall be eligible to receive bandwidth, based on licensed or certified beds, as follows:

(i) 1 to 50 beds shall be eligible for funding up to 500 Mbps;

(ii) 51 to 100 beds shall be eligible for funding up to 1 Gbps;

(iii) 101 to 200 beds shall be eligible for funding up to 3 Gbps;

(iv) 201 or greater beds shall be eligible for funding up to 10 Gbps.

(G) The eligible healthcare entities, identified above in (A) through (F), which support other eligible healthcare entities as a central location or host, may request additional bandwidth per supported location of up to twenty five percent (25%) of the supported eligible healthcare entity's eligible bandwidth.

(2) When determining whether funding for additional bandwidth is appropriate, when an eligible healthcare entity requests funding for a bandwidth that exceeds the amounts listed in section (1), the OUSF Administrator

Permanent Final Adoptions

may consider, but not be limited to considering, the following factors:

(A) Number of health care providers and staff at the eligible healthcare entity;

(B) Number of beds at the eligible healthcare entity;

(C) The telemedicine services provided at the eligible healthcare entity;

(D) Support for other telemedicine facilities that require broadband access with consideration for any payments received by the supporting facility; and

(E) Prior bandwidth usage, not including public network usage.

(d) In no case, however, shall reimbursement from the OUSF be made for an Internet subscriber fee or charges incurred as a result of services accessed via the Internet.

(e) ~~The telecommunications carrier eligible provider shall be entitled to reimbursement from the OUSF for a one-time reasonable charge for the establishment of service of a new telecommunications line or wireless connection. Under this subsection (e), reimbursement is intended to allow for reasonable changes in 1) the telecommunications services and technologies purchased by an eligible healthcare entity, 2) the physical location of an eligible healthcare entity by permitting establishment of new service at a new location, and and/or 3) the telecommunications carrier eligible provider providing service to an eligible healthcare entity.~~

(f) ~~The written request by an authorized representative of an eligible healthcare entity to a telecommunications carrier or OneNet an eligible provider shall be in the form and content approved by the Director of the Public Utility Division OUSF Administrator.~~

~~(g) No later than February 1, each eligible healthcare entity that receives OUSF telemedicine funding shall, annually recertify for the purpose of determining their continued eligibility. The annual recertification shall be in the form and content approved by the Director of the Public Utility Division. If the healthcare entity is not recertified for the current level of funding, then funding will be adjusted or cease as of July 1 of the same calendar year unless determined otherwise by the Commission; except that in 2013 funding shall be adjusted or cease December 31, 2013, unless determined otherwise by the Commission.~~

~~(h) No later than May 1, the Public Utility Division shall mail a letter to each eligible healthcare entity and its telecommunications service provider, to inform of the Public Utility Division's determination regarding recertification. If either the eligible healthcare entity or the telecommunications service provider disputes the determination of eligibility or bandwidth to be funded by the OUSF after July 1 of that year (December 31, in 2013 only), they may file an application in the Court Clerk's office to request reconsideration by the Commission.~~

~~(i) Effective July 1, 2016, eligible healthcare entities that are eligible for funding from a federal healthcare program are expected to not only request funding, but are expected to follow through and complete the process for federal funding. The telecommunications carrier that provides the Special Universal~~

~~Service to an eligible healthcare entity that is eligible for federal funding shall provide the Form 463 and and/or Form 467 filed by the eligible healthcare to PUD, within thirty (30) days after the eligible healthcare entity has submitted the form to the Universal Service Administrative Corporation.~~

~~(g) The OUSF Administrator and/or its contracted agent may periodically seek verification of continued eligibility from an eligible healthcare entity, and the eligible healthcare entity shall maintain sufficient documentation to be able to provide verification of eligibility within fifteen (15) calendar days after request of the OUSF Administrator and/or its contracted agent. Failure to supply the requested eligibility verification within the stated timeframe will result in immediate discontinuance of OUSF support until information is received and deemed complete, unless the Commission directs otherwise.~~

~~(h) Eligible healthcare entities that are eligible for funding from a program designed to support universal service, including but not limited to the FCC Rural Health Care Program, are expected to not only request funding, but to follow through and complete the process for Rural Health Care Program funding.~~

~~(i) Completing alternative funding requests in a manner that results in reduced alternative funding, for which the OUSF Beneficiary would have otherwise been eligible, may reduce OUSF funding.~~

~~(j) If the eligible healthcare entity is eligible for Rural Health Care Program funding, the following documents shall be provided to the OUSF Administrator within thirty (30) calendar days after the eligible healthcare entity has either submitted the form to USAC, or received the form from USAC, whichever is applicable.~~

~~(1) If eligible under the Telecommunications program, the eligible healthcare entity must provide the OUSF Administrator the FCC Form 466, Funding Commitment Letter, FCC Form 467, and Health Care Provider Support Schedule.~~

~~(2) If eligible under the Healthcare Connect Fund, the eligible healthcare entity must provide the OUSF Administrator the FCC Form 462 and associated network cost worksheet, and Funding Commitment Letter.~~

165:59-7-7. Toll-free calling to public schools and public libraries [REVOKED]

~~(a) Upon receipt of a written request by an authorized representative of a public school or public library, as defined by this Chapter, a telecommunications carrier shall, by itself or in conjunction with another provider of telecommunications services, provide one incoming, toll free telephone number and up to a total of five access lines, free of charge, for each public school building wherein classrooms are contained and for each public library, for the purpose of allowing incoming toll free calls from any location within the geographical area served by the requesting public school or public library, or a larger area if such area is determined by the telecommunications carrier to be more economical. The written request by a public school or public library shall be in the form and content approved by the Director of the Public Utility Division.~~

(b) Where the technical capability exists, the telecommunications carrier shall periodically monitor the usage only of each provided telephone number and if, upon review, usage does not support the initially requested number of access lines, the number of access lines may be reduced.

(c) ~~The telecommunications carrier providing the Special Universal Service shall receive reimbursement from the OUSF in the amount of the tariffed rate or charge directly attributable to the provisioning of the incoming, toll free telephone number, the associated usage, the access lines and all access or other charges paid by the telecommunications carrier providing the Special Universal Service.~~

165:59-7-8. Internet access to public schools and libraries

(a) It is the intention of the Commission that this Chapter be interpreted to maximize the availability of Internet access to all public schools and public libraries within Oklahoma, so that children within Oklahoma will be able to utilize the Internet to enhance their learning opportunities, thereby better preparing them for the future.

~~(b) Upon receipt of a written request by a public school or a public library, the telecommunications carrier or OneNet shall, by itself or in conjunction with another provider of Special Universal Services, provide each public school building wherein classrooms are contained and each public library in the state one access line, free of charge, with the ability to connect toll free to an Internet service provider at 1.5 Mbps as set forth in 17 O.S. § 139.109 (C)(4), in the most economically efficient manner for the carrier, or an equivalent dollar credit to be applied by the public school or public library toward similar services, including services are required to link locations prior to accessing a service provider.~~

~~(c) The written request by a public school or public library shall be in the form and content approved by the Director of the Public Utility Division and for a public school shall include an affidavit from the school regarding the number of buildings and a description thereof, for which a building credit is requested. The public school shall also provide a statement explaining the service requested for reimbursement and an affidavit that the service is needed to achieve the educational needs of the school's students.~~

~~(b) Special Universal Services for schools shall include the E-rate Eligible Services List (ESL) for Category One services as determined by the FCC for the applicable funding year or, in the absence of such a list, as published by USAC. In the event no ESL is available from the FCC or USAC for the applicable funding year, eligible services will be those on the ESL for the last funding year for which an ESL was available.~~

~~(c) Special Universal Services shall include the provision of bandwidth sufficient for providing educational services not to exceed, without good cause shown, the standards established for the relevant funding year by SETDA or successor educational broadband standard including Internet access lines, WAN connections, reasonable installation, and network termination equipment owned and operated by the eligible provider as defined by the ESL that is necessary to provide the eligible service. Student counts as reported to the State Department of~~

Education in October of the year prior to the relevant funding year shall be utilized for the purpose of determining bandwidth recommendations established by SETDA for purposes of this paragraph. In the absence of standards prescribed for the applicable funding year, the standards for the next prescribed funding year shall be used. Bandwidth may be rounded up to the next available standard service increment to avoid increased costs to the fund.

(d) Special Universal Services for libraries shall include the E-rate Eligible Services List (ESL) for Category One services as determined by the FCC for the applicable funding year or, in the absence of such a list, as published by USAC. In the event no ESL is available from the FCC or USAC for the applicable funding year, eligible services will be those on the ESL for the last funding year for which an ESL was available.

(e) Special Universal Services shall include the provision of bandwidth sufficient for providing library services per standards as recommended by the FCC including Internet access lines, reasonable installation, and network termination equipment owned and operated by the eligible provider that is necessary to provide the eligible service. Bandwidth may be rounded up to the next available standard service increment to avoid increased costs to the fund.

(f) Special Universal Services shall not include voice services that use separate lines or have allocated bandwidth.

(dg) In no case will the OUSF reimburse an entity for an Internet subscriber fee or charges incurred as a result of services accessed via the Internet.

(e) The provider of the Internet access component of Special Universal Service shall receive reimbursement from the OUSF in the amount of the tariffed rate or charges directly attributable to the provisioning of the toll free access line capable of connecting with an Internet service provider as set forth in 17 O.S. § 139.109 (C)(4) and Subchapter 7, and the associated usage, and all access or other charges paid by the provider of the Special Universal Service.

(h) The eligible provider shall update the OUSF Administrator through the monthly payment process if E-rate funding is discontinued, for any reason, within thirty (30) calendar days of receiving notification from USAC.

(i) The Commission encourages public schools to request sufficient bandwidth to achieve the school's educational goals.

165:59-7-9. County seats [REVOKED]

~~(a) Upon receipt of a written request from the board of county commissioners, a telecommunications carrier shall, by itself or in conjunction with another provider of telecommunications services, provide one incoming, toll free telephone number and up to a total of five access lines, free of charge, for the purpose of allowing incoming, toll free calls from any location within the geographic area served by the requesting county seat. The furnished telephone number shall allow incoming calls from a larger area if the provision of such service is determined to be more economically efficient for the telecommunications carrier. The written request by a board of county commissioners shall be in the form and content approved by the Director of the Public Utility Division.~~

Permanent Final Adoptions

~~(b) Where the technical capability exists, the telecommunications carrier shall periodically monitor the usage only of the provided telephone number, and if, upon review, usage does not support the requested number of access lines, the number of access lines may be reduced.~~

~~(c) The telecommunications carrier providing the Special Universal Service shall receive reimbursement from the OUSF in the amount of the tariffed rate or charge directly attributable to the provisioning of the incoming, toll free telephone number, the associated usage, the access lines and all access or other charges paid by the telecommunications carrier providing the Special Universal Service.~~

165:59-7-10. Other sources of funds

~~(a) Recipients of funds for Special Universal Services OUSF Beneficiaries should make every reasonable effort to seek other sources of funding from state-State or federal funds, to minimize the impact on the Oklahoma Universal Service Fund-OUSF. This includes completing the application process and requesting disbursement of funds from the federal fund administrator when funding is approved.~~

~~(b) Completing alternative funding requests in a manner that results in reduced alternative funding, for which the OUSF Beneficiary would have otherwise been eligible, may reduce OUSF funding.~~

~~(c) In the event that federal universal service funding programs offer to match state funds for special construction cost, OUSF Beneficiaries will post bid requests with sufficient lead time for the OUSF Administrator to timely provide preapproval of the selected bid.~~

165:59-7-13. Reselling Special Universal Services Prohibited

~~Special Universal Services purchased from a-an eligible provider of Special Universal Services are for the exclusive use of the eligible healthcare entity, public school, public library, or county government which has submitted a written request for Special Universal Services. Under no circumstances shall the eligible healthcare entity, public school, public library, or county government sell, repack or share Special Universal Services with any other entity shall not be sold, resold or transferred in consideration for money or any other thing of value.~~

165:59-7-15. Provision of Special Universal Services

~~(a) Upon-After compliance with the Oklahoma Telecommunications Act, and upon receipt of a written request by an eligible healthcare entity, public school, public library or board of county commissioners-OUSF Beneficiary, the eligible provider of Special Universal Services-receiving the request shall make a good faith effort to provide the requested Special Universal Service not later than ten (10) business days after receiving the request.~~

~~(b) If the requested Special Universal Service cannot be provided within the time limit established by subsection (a) of this Section, the eligible provider of Special Universal Services shall immediately notify the OUSF Beneficiary entity~~

requesting the service of the estimated delay and any interim service that might be available. Service requests shall be filled as quickly as practicable, but no longer than thirty (30) days after the request for service has been received by the eligible provider unless unavoidable delays beyond the eligible provider's control are experienced. If the service will be delayed longer than thirty (30) days, the eligible provider shall promptly notify the ~~Commission-OUSF Administrator~~ of the reason for the delay upon becoming aware of the delay, and the anticipated completion date of the request for service.

165:59-7-17. Disclosure on bill regarding provided Special Universal Services

~~(a) Each eligible provider of Special Universal Services, which may be either a telecommunications carrier or OneNet, shall render a bill to the eligible healthcare entity, public school, public library, or county seat government OUSF Beneficiary regarding said Special Universal Services. The bill shall reflect the provider's itemized charges for the provisioning of tariffed rate or charge for the provided toll free telephone number, access lines, usage and any other costs incurred by the provider in conjunction with the provision of the Special Universal Services.~~

~~(b) Prior to signing a contract with a school, library or recipient of a telemedicine line-an OUSF Beneficiary, the eligible provider shall provide to said school, library or recipient of a telemedicine line-the OUSF Beneficiary, written information regarding the limitations on funding from the OUSF. The content of the written information to be provided shall be posted on the Commission's website.~~

165:59-7-18. [RESERVED]

165:59-7-19. Competitive bidding

~~(a) In the interest of fostering a fair and open bidding process from all qualified bidders eligible to receive OUSF funding under the Oklahoma Telecommunications Act, the following are requirements for requests for bids:~~

~~(1) The bidder must be an eligible provider, as defined in 17 O.S. § 139.102.~~

~~(2) Bidding shall not be structured in a manner to exclude carriers eligible to receive OUSF funding where the OUSF Beneficiary is located.~~

~~(A) The bid request must require ineligible services be priced separately from OUSF eligible services.~~

~~(B) The bid request shall not require that the Internet and WAN be provided by the same eligible provider.~~

~~(C) To avoid bid structuring, the bid request shall clearly identify the requested bandwidth range, inclusive of the eligible bandwidth limit, of the OUSF Beneficiary, and shall include a minimum and a maximum bandwidth at standard available levels as suggested in guidelines promulgated by the FCC or Commission rules.~~

~~(b) Bids must contain all costs to provide the Special Universal Services. Any bid containing estimated costs, other than~~

fees and taxes to be paid to a third party, will be disregarded as not meeting the bid requirements.

(c) Bidders are presumed to know statutory requirements for contracts for public entities; bids that do not conform to requirements for public entities may be disregarded.

(d) An existing contract, selected by the OUSF Beneficiary for comparison to received bids, shall be considered as being submitted during the same bidding period as the awarded bid.

165:59-7-20. [RESERVED]

165:59-7-21. Installation, construction, and special construction

(a) The OUSF will fund reasonable installation and special construction charges. These charges shall be evaluated for purposes of the OUSF Administrator's analysis of lowest cost reasonable qualifying bid selection by the OUSF Beneficiary as part of the overall bid pricing and funding evaluation, and will be amortized as follows:

- (1) For schools and libraries, over a one (1) year period, unless the bid allocates the construction over multiple years and is approved pursuant to state or federal law.
- (2) For telemedicine, over the lifetime of the contract, not to exceed five (5) years.

(b) Upon request by the OUSF Beneficiary, during the preapproval process, the OUSF Administrator's analysis of lowest cost reasonable qualifying bid may allocate special construction charges over the period selected in the special construction cost analysis in (c) in order to consider long term cost effectiveness to the OUSF.

(c) Special Construction Cost:

- (1) Prior to posting the request for bids, the OUSF Beneficiary is required to seek OUSF Administrator review of any bid evaluation criteria for any projects involving special construction cost. Review of the request for bids and bid evaluation criteria does not guarantee approval of funding.
- (2) Cost effectiveness evaluation for projects with special construction cost may extend up to five (5) years.
- (3) If special construction is funded, special construction will not be available again to the location(s) specified for the period used in the analysis.
- (4) Special construction costs will not be included in monthly recurring costs.
- (5) Eligible providers that receive special construction cost funding for installation shall maintain or reduce monthly recurring costs.

SUBCHAPTER 9. OKLAHOMA LIFELINE FUND

PART 1. LIFELINE SERVICE PROGRAM

165:59-9-1. Purpose of Oklahoma Lifeline Fund

(a) This Subchapter establishes guidelines for the administration of the Oklahoma Lifeline Fund ("OLF"), that are consistent with 17 O.S. §§ 139.105 and 139.107.

(b) The Oklahoma Lifeline Fund is designed to advance the goals of universal service, and ensure that low-income residential customers within the State of Oklahoma, who meet the criteria of 17 O.S. § 139.105, and 47 CFR §§ 54.400 through 54.415, are provided financial assistance, pursuant to the Oklahoma Telecommunications Act in maintaining basic local exchange telecommunications service.

(e) ~~The Oklahoma Lifeline Fund is a state fund administered by the Oklahoma Corporation Commission, for the purpose of funding the Lifeline Service Program, as set forth in Section 165:59-9-3.~~

165:59-9-3. Oklahoma Lifeline Service Program

(a) The Oklahoma Lifeline Service Program is a program designed to operate in conjunction with the Federal Lifeline program, to provide a monthly credit to the monthly bill of qualifying residential subscribers for basic local exchange service, in an amount equal to such amount as may be established by the Commission, after notice and hearing or by 17 O.S. § 139.105.

(b) In order to qualify for the Oklahoma Lifeline Service Program, a customer must meet ~~the all applicable requirements of 47 CFR §§ 54.400 through 54.415-54.422 and/or 17 O.S. § 139.105.~~ show that they:

- (1) ~~Participate in or receive assistance or benefits, as certified by the Department of Human Services, under a program providing:~~
 - (A) ~~Temporary Assistance to Needy Families,~~
 - (B) ~~Supplemental Nutrition Assistance Program (SNAP) f/k/a Food Stamps, or Food Distribution Program on Indian Reservations, (FDPIR),~~
 - (C) ~~Medical Assistance and/or Medicaid, or~~
 - (D) ~~Supplemental Security Income;~~
- (2) ~~Participate in Federal Public Housing Assistance~~
- (3) ~~Participate in Low Income Home Energy Assistance Programs~~
- (4) ~~Participate in or receive assistance or benefits, as certified by the State Department of Rehabilitation Services, under a program providing vocational rehabilitation, including aid to the hearing impaired; or,~~
- (5) ~~Participate in or receive assistance or benefits, as certified by the Oklahoma Tax Commission, pursuant to the Sales Tax Relief Act, 68 O.S. § 5011 et seq.~~
- (6) ~~Beginning October 1, 2000, eligibility has been expanded to permit low income individuals living on Tribal lands to establish their income eligibility by certifying participation in one of the following Federal Assistance Programs:~~
 - (A) ~~Bureau of Indian Affairs General Assistance,~~
 - (B) ~~Tribally Administered Temporary Assistance for Needy Families (TANF),~~
 - (C) ~~Head Start Programs (under income qualifying eligibility provision only);~~

Permanent Final Adoptions

- ~~(D) National School Lunch Program (free lunch program only)~~
- (c) Each eligible local exchange telecommunications service provider~~carrier~~ shall file tariffs implementing a Lifeline Service Program that is consistent with this Subchapter.
- (d) Lifeline Assistance shall not be available on a retroactive basis to the customers.
- (e) Upon notification to the eligible local exchange telecommunications service provider~~carrier~~, the credit will be discontinued for customers who no longer qualify for Lifeline Assistance.
- (f) Lifeline Service benefits are applicable only to the primary line at the customer's principal residence. An applicant for Lifeline Service may report only one address in the state as the principal place of residence.
- (g) As a participant in Lifeline Assistance, customers will be eligible to receive Toll Restriction Service at no charge.
- (h) Each eligible local exchange telecommunications service provider with approved Lifeline Service tariffs shall advertise the availability of the Lifeline Service Program within its exchange(s) or service territory on, at a minimum, an annual basis.
- (i) The wireless ETC-eligible local exchange telecommunications service provider must provide access to its own customer service department by dialing 611 from the wireless handset or have a toll free number for contacting the ETC-eligible local exchange telecommunications service provider programmed in the phone and clearly identified.
- (j) All enrollment in any Lifeline Services from any outdoor mobile location shall be governed by OAC 165:55-23-16.
- (k) Any wireless handset provided in conjunction with the Lifeline Service must clearly and permanently identify the provider of the service.
- (l) An ETC-eligible local exchange telecommunications service provider may not provide Lifeline Service purely by resale without a Commission order.
- (m) An approved Lifeline tariff may not be modified without submitting the modification to the Director of the Public Utility Division-OLF Administrator at least fifteen (15) calendar days prior to the effective date of the proposed change for the purpose of receiving a determination whether the modification is in the public interest. Unless the ETC-eligible local exchange telecommunications service provider receives written notification that its modification is NOT IN THE PUBLIC INTEREST within fifteen (15) calendar days after its submission, the submission is deemed to be in the public interest and may be implemented.
- (n) The ETC-eligible local exchange telecommunications service provider shall utilize a third party verification system that has been approved by the Director of PUD-OLF Administrator to verify the customer's identity and address, or obtain a waiver from the Director of the Public Utility Division-OLF Administrator from this requirement.
- (o) The ETC-eligible local exchange telecommunications service provider must retain a copy of the signed application for Lifeline Service, and any recertification information for five (5) years.

- (p) The ETC-eligible local exchange telecommunications service provider shall maintain a database sufficient to identify any duplicates among all companies associated with the ETC-eligible local exchange telecommunications service provider.
- (q) Unless otherwise approved by Commission Order, any Lifeline plan on Tribal Land must include a minimum of ~~400~~ one thousand (1,000) minutes of local voice use or unlimited domestic calling, to be considered in the public interest. Any Lifeline plan on non-Tribal Land must include a minimum of ~~500~~ five-hundred (500) minutes of local voice use to be considered in the public interest.
- (r) All marketing efforts must clearly identify the ETC-eligible local exchange telecommunications service provider actually providing the Lifeline Service.
- (s) In addition to other remedies available to the Commission, violations of the marketing rules may result in a minimum of a thirty (30) days suspension of an ETC's-eligible local exchange telecommunications service provider's ability to sign up new customers and/or a fine as authorized by 17 O.S. § 139.105 after notice and hearing.
- (t) The eligible local exchange telecommunications service provider~~carrier~~ seeking reimbursement from the Oklahoma OUSF-OLF for the provisioning of Lifeline services shall also note on the certified written statement obtained from the customer the name of the employee or representative who verified the customer's eligibility for Lifeline service and the type of documentation reviewed.
- (u) Prior to obtaining money from the OUSF-OLF, an ETC-eligible local exchange telecommunications service provider must show compliance with 17 O.S. § 139.105(E).

165:59-9-5. Recertification of Lifeline eligibility

Each ETC-eligible local exchange telecommunications service provider, eligible to receive Lifeline support from the Oklahoma Lifeline Fund and/or the federal Lifeline Fund shall, annually, require each end-user subscriber to recertify confirming their continued eligibility for the State or Federal Lifeline program. The ETC-eligible local exchange telecommunications service provider shall retain a copy of the signed recertification form for three (3) years.

165:59-9-6. Retention of Lifeline eligibility records

All records, including the signup form showing proof of eligibility and a report from the third party verification system that shows the identity and address of the Lifeline customer was verified (unless the ETC-eligible local exchange telecommunications service provider obtained a waiver from the requirement to utilize a third party verification system) shall be retained by the ETC-eligible local exchange telecommunications service provider for a minimum of three (3) years.

PART 3. ADMINISTRATION OF THE OKLAHOMA LIFELINE FUND

165:59-9-11. Administration of the Fund

(a) ~~The Commission will appoint the OLF Administrator, which shall be the Public Utility Division of the Commission shall be the Administrator of the OLF. The administrative function shall be headed by the OLF Administrator, as defined in 17 O.S. § 139.102.~~

(b) ~~The Public Utility Division, as the appointed OLF Administrator, may, as necessary, take all actions necessary to fulfill the objectives of the Oklahoma Telecommunications Act, including but not limited to, contracting contract with a third-party who has no conflict of interest in the provisioning of telecommunications services for the provisioning of assistance with the administrative functions related to the OLF.~~

(c) ~~The OLF Administrator is expressly authorized to bring actions before the Commission to enforce the provisions of this Subchapter and the Oklahoma Telecommunications Act of 1997.~~

(d) ~~The OLF Administrator and/or contracted agent shall act under the supervision of the Commission, in order to administer the OLF in accordance with this Subchapter and the Oklahoma Telecommunications Act of 1997.~~

(e) ~~The OLF Administrator's or contacted agent's general duties shall include, but not be limited to:~~

- (1) ~~Receiving, distributing, and accounting for funds paid into the OLF;~~
- (2) ~~Providing funding to eligible telecommunications providers from the OLF;~~
- (3) ~~Managing the daily operations and affairs of the OLF;~~
- (4) ~~Monitoring and assuring contribution/payment compliance, as well as conducting periodic audits of the contributing providers contributors to the OLF to ensure that the contributors are accurately reporting and making proper payments to the OLF;~~
- (5) ~~Performing any periodic audits of the OLF deemed necessary by the Administrator and/or the Commission, provided however, that the Staff of the Public Utility Division shall not conduct an annual audit for any year during which it also acted as the OLF Administrator;~~
- (6) ~~Informally resolving disputes;~~
- (7) ~~Independently evaluate and review Reviewing all requests Requests for OLF Funding funding from the OLF within the time frames identified in the Oklahoma Telecommunications Act, this Chapter and making a recommendation to the Commission for approval, modification or denial of such requests; make a Determination of the accuracy of the requests, and advise the eligible local exchange telecommunications service provider requesting the funds of the determination of eligibility made by the OLF Administrator; and,~~
- (8) ~~Performing any other duties as required by law, and/or this Chapter, and/or as ordered by the Commission.~~

165:59-9-13. Audits

~~The Administrator of the OLF shall conduct periodic reviews and/or audits of any telecommunications service~~

~~provider's carrier's Lifeline Service Program. This review/audit shall include, but not be limited to:~~

- (1) ~~A review of the documentation on file with the telecommunications service provider carrier regarding eligibility of the end user to participate in the Lifeline Service Program; whether received during the initial enrollment or during the annual recertification process and,~~
- (2) ~~The amounts received by the telecommunications service provider carrier for reimbursement from the OLF.~~

(a) ~~The OLF shall be audited annually by a non-OLF independent auditor selected by a committee with input from the State Auditor's Office. The committee shall be selected by the Commission's Director of Administration.~~

(b) ~~The annual audit should be based on assessed program risk conducted in accordance with standards. It may also include a review of the documentation on file with the eligible local exchange telecommunications service provider regarding eligibility of the end-user to participate in the Lifeline Service Program, whether received during the initial enrollment or during the annual recertification process, and the amounts received by the eligible local exchange telecommunications service provider for reimbursement from the OLF.~~

(c) ~~The audit may include further objectives as requested by the Commission's Director of Administration, and/or as required by the contract between the OLF and independent auditor.~~

(d) ~~The cost of audits of the OLF shall be funded by the OLF.~~

(e) ~~All audit reports, once finalized, shall be provided to the Oklahoma Attorney General.~~

165:59-9-15. Violations

~~If a contributor-contributing provider to the OLF fails or refuses to make a contribution to the OLF as required by the Oklahoma Telecommunications Act and this Chapter, such violation will be resolved consistent with the provisions of OAC 165:59-3-38.~~

165:59-9-17. Reporting requirements

~~Each contributor-contributing provider to the OLF shall, within thirty (30) calendar days from the date of a request made for information or a report by the OLF Administrator or contracted agent, submit to the OLF Administrator or contracted agent a completed report form based on a 12-month period identified by the OLF Administrator or contracted agent, containing such information as designated by the OLF Administrator.~~

PART 5. CONTRIBUTIONS AND REIMBURSEMENTS

165:59-9-21. Contributions to the Oklahoma Lifeline Fund

~~The OLF shall be funded in a competitively neutral manner by a charge paid by all telecommunications carriers, at a level sufficient to maintain the OLF and administrative cost of the fund.~~

Permanent Final Adoptions

(a) The OLF shall be funded in a competitively neutral manner in accordance with the Oklahoma Telecommunications Act.

(b) Each contributing provider, whether they are subject to the jurisdiction of the Commission or not, shall annually provide contact information to the OLF Administrator for the purpose of correspondence regarding contribution to the OLF. The submission of an annual report to the Commission shall be deemed sufficient for compliance with this paragraph.

(c) Each telecommunications carrier providing wholesale telecommunications services to VoIP providers in Oklahoma will annually provide the identity, to include address, of each such VoIP provider(s) to the OLF Administrator as available. While the names of the VoIP providers may be made publicly available, all information with regard to the reporting telecommunications carrier will be treated as confidential.

(d) The contributing provider must certify to the truth and accuracy of data used to determine the contributing provider's contribution amounts. The OLF Administrator may verify any information used by the contributing provider in its determination of its contributions to the OLF. Contributing providers shall maintain records and documentation to justify information used in its determination of its contributions to the OLF for three (3) years, and shall provide such records and documentation to the OLF Administrator upon request. Inaccurate or untruthful information used by the contributing provider may lead to prosecution to the full extent of the law.

165:59-9-23. Amount of contribution

~~(a) The Administrator or contracted agent shall, based on the adjusted amount to be contributed to the OLF, calculate the contribution required to be made to the OLF by each contributor, based on the fund level established by the Commission and the information provided pursuant to OAC 165:59-9-17.~~

~~(b) The funding from each carrier shall be based on the total retail billed intrastate telecommunications revenues, from both regulated and unregulated services, of the telecommunications carrier as a percentage of all telecommunications carriers' total retail billed intrastate telecommunications revenues, from both regulated and unregulated services for the 12-month period identified by the Administrator or contracted agent.~~

~~(c) Each telecommunications carrier shall pay its contribution directly to the Administrator or contracted agent on a monthly, quarterly, or annual basis, at the carrier's option, at the beginning of the payment period(s) selected. The payment shall be payable to the OUSF. The invoice or other written request for OLF contributions shall be past due thirty (30) calendar days after the date on the invoice or other request for OLF contribution, unless otherwise ordered by the Commission.~~

~~(d) Interest shall be charged on any payment not received by the past due date at the rate of 1.5 percent monthly.~~

~~(e) All contributions and interest payments made to the OLF shall be deposited into the OUSF account by the Administrator or contracted agent.~~

(a) The OLF Administrator or contracted agent shall, consistent with 165:59-3-40, and based on the adjusted amount to

be contributed to the OLF, independently evaluate and calculate the contribution required to be made to the OLF by each contributor, based on the fund level established by the Commission sufficient to recover the costs of administration and payments for Requests for OLF Funding as provided by the Oklahoma Telecommunications Act.

(b) The funding from each contributing provider shall be based on the total intrastate retail Oklahoma Interconnected Voice over Internet Protocol revenues and intrastate telecommunications revenues, from both regulated and unregulated services, of the contributing provider, herein after referred to as assessed revenues, as a percentage of all revenues of the contributing providers, or such other assessment methodology not inconsistent with federal law. Interconnected VoIP services shall be assessed only as provided for in the decision of the Federal Communications Commission, FCC 10-185, released November 5, 2010, or such other assessment methodology that is not inconsistent with federal law.

(c) For Interconnected VoIP services, contributing providers shall, consistent with the methodology of the FCC, identify intrastate retail revenue subject to the OUSF/OLF assessment through 1) direct assignment; 2) a company-specific traffic study; or 3) the inverse of the FCC safe harbor calculation, currently 35.1%. A contributing provider must file an application with the Commission and receive approval to utilize any methodology other than the safe harbor calculation.

(d) The fiscal reporting year shall be July 1 through June 30.

(e) Each contributing provider shall pay its contribution directly to the OLF Administrator, or contracted agent, as directed by the OLF Administrator, on a monthly or annual basis, conditioned upon an annual revenue threshold established by the OLF Administrator.

(f) If the contributing provider qualifies to pay its contribution annually, payment shall be made at the beginning of the fiscal year, and is past due after August 31. If the contributing provider underestimates its annual contribution by 15% or greater, the contributing provider shall be required to make its contributions monthly for the next fiscal reporting year, and underpayments will be subject to interest.

(g) If the contributing provider qualifies to pay its contribution monthly, the contributing provider shall report the prior calendar month's revenues, and pay on those revenues, by the end of the month, each month, without skipping a month.

(h) Interest shall be charged on any payment not received by the reporting due date at the rate of 1.5% monthly.

(i) The payment shall be payable to the OLF. All contributions and interest payments shall be deposited into the OLF account established by the OLF Administrator and/or contracted agent.

(j) All contributions shall be subject to audit by the OLF Administrator, or its contracted agent.

165:59-9-25. Procedures for requesting reimbursement from the OLF

(a) Any eligible local exchange telecommunications service provider~~carrier~~ required to file with approved-Lifeline Service tariffs may apply to the OLF Administrator or contracted agent

of the OLF for reimbursement of the Lifeline Service Program credits provided for residential basic local service.

(b) Upon receipt of a "Request for OLF Funding", the OLF Administrator or contracted agent of the OLF shall independently evaluate and review the Request and supporting documentation and, as appropriate, pay the applicable amount to the eligible local exchange telecommunications service provider, as provided in the Oklahoma Telecommunications Act.

(c) ~~A~~ An eligible local exchange telecommunications service provider ~~carrier~~ seeking reimbursement of eligible Lifeline Service Program credits from the OLF shall:

(1) File a "Request for OLF Funding" with the ~~Commission~~ Commission's Court Clerk's Office Clerk.

(2) Concurrent with filing the Request for OLF Funding, the eligible local exchange telecommunications service provider ~~carrier~~ who is requesting funding from the OLF shall provide notice, which shall include the dollar amount of the request for lump sum and any recurring amounts, of the Request for ~~Reimbursement~~ OLF Funding to the ~~OLF Administrator~~ Director of the Public Utility Division, the Oklahoma Attorney General, and to each telecommunications carrier in the State of Oklahoma which is a contributor to the OLF contributing provider by providing an electronic copy of such notification to the OLF Administrator on the date the eligible local exchange telecommunications service provider files its Request for OLF Funding with the Commission's Court Clerk, for posting on the Commission's website. The OLF Administrator will then place the notification on the Commission's website within five (5) business days.

(3) ~~Provide a copy of the Request for OLF Funding to the Attorney General and other telecommunications carriers, upon request.~~

(d) An eligible local exchange telecommunications ~~carrier service provider~~ may not receive reimbursements from the OLF unless it demonstrates that its rates have been reduced by an amount equal to the amount of the Lifeline payments that were previously included in the rate structure of the eligible local exchange telecommunications carrier service provider. ~~A telecommunications carrier~~ An eligible local exchange telecommunications service provider shall be eligible for support from the OLF for any amount which is greater than the amount which has been previously included in the rate structure of the eligible local exchange telecommunications carrier service provider.

(e) ~~Within ninety (90) days after receipt of the Request for OLF Funding, the Administrator or contracted agent shall review such request, determine the accuracy of the request, and advise the telecommunications provider requesting the OLF funds of the determination of eligibility. Simultaneously with the Administrator or contracted agent advising the provider, the Administrator or contracted agent shall provide the written determination to the Commission and post it to the Commission's website. The OLF Administrator and/or contracted agent shall independently evaluate, review, and determine the accuracy of the complete request and issue a Determination of~~

the eligibility for funds, which details the amount of funding recoverable from the OLF, within ninety (90) calendar days. Simultaneously with the OLF Administrator or contracted agent advising the eligible local exchange telecommunications service provider and parties to the cause, the OLF Administrator or contracted agent shall file the written Determination with the Commission's Court Clerk and post it to the Commission's website.

(f) ~~Any adversely affected party shall have fifteen (15) days to file a request for reconsideration the Commission of the determination made by the Administrator or contracted agent. Upon filing a request for reconsideration, the matter will be set for a hearing. Any affected party may file a Request for Reconsideration within fifteen (15) calendar days of the Determination being filed by the OLF Administrator, by following the procedures in OAC 165:59-3-72.~~

(g) ~~The Commission will, within 30 days from the request for reconsideration, issue an order on the request for OLF funding, after reviewing the Administrator's or contracted agent's determination regarding the Request for Reimbursement and any request for reconsideration. The Commission shall give notice to the provider requesting the OLF funds, the Attorney General, the Administrator or contracted agent, and all parties requesting reconsideration of the time and place for hearing.~~

(h) ~~If no request for reconsideration of the Administrator's or contracted agent's determination is filed, an order will be issued by the Commission approving the request without further notice and/or hearing.~~

(i) ~~If the Commission does not issue an order within the time frames set forth in this Section, the request shall be deemed approved, on an interim basis, subject to refund, with interest at a rate determined by the Commission, but not more than the interest rate established by the Commission on customer deposits. Interest on any refund shall accrue for a period not to exceed ninety (90) days from the date the funds were received by the requesting eligible provider.~~

(g) Any Request for Reconsideration will be processed using the provisions set forth in OAC 165:59-3-72.

(j) ~~The OLF Administrator or contracted agent shall ensure that all OLF funds have been received and are on deposit in a sufficient manner so as to pay requests for OLF funding. Funding in accordance with the Oklahoma Telecommunications Act and this Chapter as ordered by the Commission or as may be deemed approved in accordance with State law. The OLF Administrator or contracted agent shall provide the approved funding to the requesting eligible local exchange telecommunications carrier service provider, consistent with the procedures in O.A.C 165:59-3-68 within ten (10) days after issuance of a Commission order approving payment or the request is deemed approved, whichever occurs sooner.~~

(k) ~~Any request for funds from the OLF will be returned to the requesting party and deemed denied if the appropriate forms are not used or said forms are not completed in a satisfactory manner.~~

165:59-9-27. Recovery of contribution

Each ~~contributor~~ contributing provider to the OLF may recover its contributions to the OLF consistent with 17 O.S.

Permanent Final Adoptions

§ 139.105. The OLF recovery received by each eligible local exchange telecommunications service provider shall be subject to an annual true-up. Any over- or under-recovery of the Lifeline Service Program contributions for the preceding year shall be carried forward for inclusion in the calculation for recovery in the ensuing year.

165:59-9-29. Resolution of disputes regarding contributions

~~(a) Any telecommunications carrier which contributes to the OLF may dispute the amount of contribution it is required to pay into the OLF, in the following manner:~~

~~(1) The telecommunications carrier shall make a written request to the Administrator or contracted agent of the OLF setting forth its dispute and the Administrator or contracted agent shall have the initial responsibility for trying to resolve the dispute.~~

~~(2) If satisfactory resolution is not achieved, the telecommunications carrier may file an application in the Commission's Court Clerk's Office requesting that the Commission resolve the dispute.~~

~~(b) Pending final resolution of a dispute, the disputing telecommunications carrier shall pay the disputed and undisputed amounts to the OLF.~~

~~(c) If a disputing contributor prevails in its protest of the required contribution, the contributor will be entitled to a refund, with interest, at the then effective rate, as provided by OAC 165:55-9-14, of any excess amount paid. The resolution of disputes regarding the OLF shall be consistent with the procedures set forth in OAC 165:59-3-34.~~

GIST/ANALYSIS:

The adopted rule amendments will simplify the registration process for students with the Board. It will also update the curriculum requirements in specific subjects to meet the current trends and needs of the industry. The amendments provide general clean up language and also strengthen the sanitation and safety standards for licensed establishments in order to protect the public when services are performed.

CONTACT PERSON:

Jennifer McRee, Principal Assistant, State Board of Cosmetology and Barbering, 2401 NW 23rd Street, Suite 84, Oklahoma City, OK 73107, jmcree@cosmo.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 3. LICENSURE OF SCHOOLS

PART 1. INITIAL SCHOOL LICENSING

175:10-3-3. Second inspection

(a) A second Board inspection is in order once the name of the school, location and space are approved.
(b) The second inspection set forth in (a) of this Section will be conducted at such time as the Board is notified in writing that:

- (1) the school has all equipment ~~including student kits equipped with required~~ and minimum tools for training;
- (2) approved textbooks, library reference materials and educational materials are obtained;

- (3) the minimum equipment is installed and operable; and
- (4) the school license applicant is prepared to begin classes in compliance with Board rules, regulations and law.

~~(e) Student kits shall be prepared and ready for approval at the second inspection.~~

~~(c)~~ All enrolled students shall be present and in appropriate uniform at time of second inspection and if all student registrations are complete, students may accumulate hours for the date of inspection provided all other license requirements are met.

PART 3. STUDENT REGISTRATION AND ENTRANCE REQUIREMENTS

175:10-3-16. Student entrance requirements

Student entrance requirements for the Basic Cosmetologist, Manicurist/Nail Technician, Cosmetician, Hairbraiding Technician, Esthetician/Facialist/Facial Operator, Barber and Barber Instructor courses are as follows:

- (1) The student must:
 - (A) be at least 16 years of age by November 1st of the current year.
 - (B) submit completed student registration application accompanied by a fee of \$5.00 before attending classes.
 - ~~(C) submit a copy of the completed student/school contract with the student registration application. The contract shall state cost of kit and how and when it is considered paid for and becomes the sole property of the student. If kit provision is a rental depreciation or other agreement, contract will provide details of the agreement.~~
 - ~~(C)~~ submit proof of at least eighth grade education or equivalency or submit proof of having satisfactorily passed an ability to benefit exam.
 - ~~(D)~~ submit, if under 18 years of age, a photocopy of birth certificate or other legal proof of age.
 - ~~(E)~~ submit 2"X3" current full-face photograph of the applicant as requested on registration form. A current photograph is one taken within the last six months.
- (2) Each student shall be registered with the Board before attending school.
- (3) Each student shall be provided with an approved textbook or manual upon commencing training.
- (4) Each student must be provided a kit with minimum content requirements before commencing clinic training.
- (5) All applicants who register with the Board as students or who apply for a license will be considered without regard to race, sex, creed, color, religion, or national origin provided they have met all requirements of cosmetology and barber law and rules of the Board. All students shall be considered for enrollment in a school. Admission to public schools is governed by applicable state and federal laws.

PART 5. EQUIPMENT AND CURRICULUM REQUIREMENTS

- (7) Hair coloring 150 clock hours
- (8) Men's hairpieces, mustache, beard design and shaving 65 clock hours
- (9) Board rules, regulations and statutes 40 clock hours
- (10) Total hours 1500 hours

(c) **Public barber school.** The 1500 clock hour curriculum (1000 hours pure barber plus 500 hours of barber related high

school subjects) is prescribed for public school, parochial school, private school or home schooled students in the following situations:

- (1) Barber students that are currently attending high school, parochial, private school or a home school.
- (2) Persons that did not otherwise complete their barber training while registered as a barber student in high school, parochial school, or a home school.

(A) Students who shall qualify for training in this matter must complete 1000 clock hours in a Basic barber course and 500 hours of approved related subjects. The official parochial, private school or home school high school transcript shall serve as documentation for the 500 hours of related instruction. The transcript must show passing grades in related subjects and completion of at least the first semester of the twelfth (12th) grade. Related subjects shall run concurrently with and shall be in no instance older than three (3) years at time of enrollment in a barber school course. The curriculum as follows has a recommended completion time of two (2) school years.

(B) Adult students registered in a barber school are not eligible to train under the 1000 hours pure barber plus 500 hours of barber related high school subjects unless qualified under (c) (1) and (2) of this rule.

(d) **Minimum barber student training supplies**~~student kit contents.~~

~~(1) A Barber training supplies are student kit minimum equipment is required as follows:~~

- ~~(A1) one (1) approved text on theory of barbering~~
- ~~(B2) one (1) razor-type hair shaper and shaper blades~~
- ~~(C3) one (1) pair each hair cutting shears and thinning shears~~
- ~~(D4) one (1) tweezer~~
- ~~(E5) six (6) assorted hair brushes~~
- ~~(F6) twelve (12) combs (including tail, all purpose and/or barber-type)~~
- ~~(H7) one (1) shampoo cape~~

~~(1) one (1) kit or tray to contain student personal training equipment~~

~~(2) In addition to the list of equipment in (1) of this Section the school shall immediately have available for student training:~~

- ~~(A8) permanent wave rods~~
- ~~(B9) other hair restructuring supplies~~
- ~~(C10) an adequate supply of applicator bottles or chemical bowl and brush~~
- ~~(D11) an adequate supply of protective gloves (disposable)~~
- ~~(E12) an adequate supply of neck strips~~
- ~~(F13) an adequate supply of hair clippers~~
- ~~(G14) an adequately supplied products dispensary to appropriately train students in classes~~
- ~~(H15) visual aid equipment in addition to the chalk or marker board~~

175:10-3-46. Master Barber instructor course, entrance and curriculum requirements

- (a) **Entrance requirements.**
 - (1) Student registered in the barber instructor course must:
 - (A) hold an Oklahoma Barber license or be registered for the Barber examination. If any person enrolled prior to examination shall fail to appear or fail to pass the Barber exam, he/she shall immediately cease instructor training until such time as he shall again register for and show proof of achieving a passing score on the barber examination.
 - (B) hold a High School Diploma or General Education Development Certificate.
 - (C) file registration application for barber instructor course including fee of \$5.00 with the Board.
 - (2) Each student shall be provided with an approved textbook or manual before commencing training.
- (b) **Curriculum requirements.** The 1000 clock hour Master Barber Instructor course curriculum is prescribed as follows: (Note: Hours may be measured in credits and ratio is as recognized by the United States Department of Education as recognized by a national accreditation entity as recognized by the United States Department of Education.)
 - (1) Orientation 60 clock hours
 - (2) Introduction to teaching and curriculum 120 clock hours
 - (3) Course outlining and development; lesson planning; teaching techniques; teaching aids; developing and administering and grading examinations 330 clock hours
 - (4) Board rules, regulations and statutes, school management and record keeping 90 clock hours
 - (5) Teaching - assisting in the classroom and clinic 150 clock hours
 - (6) Practice teaching - classroom and clinic 250 clock hours
 - (7) Total hours 1000 clock hours
- (bc) Master Barber Instructor students are assigned practice in classes actually scheduled by the school. Practice teaching by barber instructor students will be in the barber course. Practice teaching must be supervised by a licensed Barber instructor.
- (ed) A master barber instructor student is not allowed to perform patron services. The master barber instructor student shall only demonstrate for or otherwise assist students under his supervision.
- (de) **Minimum student training supplies kit contents.** A master barber instructor minimum kit equipment is required as follows:
 - (1) textbook or manual
 - (2) workbook
 - (3) Board Statute, Rules and Regulations Book

PART 7. GENERAL OPERATIONS AND LICENSING REQUIREMENTS

175:10-3-55. Student application and contracts

- (a) A new student application, contract and other required documents must be submitted before student commences training in any course. Student registration form must contain all applicable information including social security information.
- (b) A student must be given a copy of the student contract at enrollment time.
- (c) A copy of each student/school contract must be kept on file in the school.
- (d) A student/school contract shall not be changed after a copy is submitted to the Board unless a change in contract is initialed by each involved party. A copy of the initialed contract shall be given to student at time of any change and a copy submitted to the Board within five (5) days of a change, noted with revised date.
- (e) A student shall be registered in only one school at any given time.

175:10-3-60. Attendance and other records and requirements

- (a) **Minimum attendance per week.** A part time schedule shall be submitted and approved by the Board. Student shall attend a clock hour school at least three (3) hours per day, five (5) days per week or a total of fifteen (15) hours per week.
- (b) **Daily sign-in/time clock or other records maintained in a clock hour school.** In addition to maintaining a current record of student hours, clock hour schools shall keep a record of daily attendance. Students registered in a clock hour school shall sign or clock in and out of each class daily.
- (c) **Credit hour records maintained in a credit hour school.** Credit hour schools shall maintain a current record of credit hours earned by each student.
- (d) **Practical practice records.** Clock and credit hour schools shall maintain a record of clinic practical practices and theory credit or clock hours earned by each student.
- (e) **Student hour retention.** School shall retain records of students for three (3) years.
- (f) **Record availability.** All attendance and educational records shall be available during inspection or upon request of the Board as allowed under the Cosmetology and Barbering Act.
- (g) **Quarterly submission of hour reports.** All schools shall be required to submit a report of student hours earned to the Board quarterly no later than January 10th, April 10th, July 10th, October 10th, May 10th, September 10th, November 10th.

SUBCHAPTER 7. SANITATION, DISINFECTION AND SAFETY STANDARDS FOR COSMETOLOGY AND BARBER ESTABLISHMENTS, SALONS AND SCHOOLS

175:10-7-4. Furnishings; windows; ceilings; walls; floors

- (a) Furniture shall be of washable material and shall be kept clean. ~~If upholstered furniture is used in the Establishment, it shall be covered with clean, washable slip covers.~~ Breaks

Permanent Final Adoptions

or cracks in ~~leather or vinyl covered~~ furniture must be repaired immediately.

- (b) Windows must be kept in a clean condition.
- (c) Each work/styling station shall be provided with adequate light and fixtures which shall be kept in a sanitary and safe condition.
- (d) Ceilings and walls shall be of an easily cleaned, smooth and unbroken surface.
- (e) Curtains, partitions or wall hangings shall be kept clean at all times.
- (f) Floors in Establishments and schools shall be maintained in a clean manner.
- (g) Carpet is prohibited for use in work areas (shampoo and styling areas) of an Establishment or school.
- (h) Each work/styling station shall be provided with a waste container which shall be emptied and cleaned each day.

175:10-7-6. Disinfecting agents for use in schools and related establishments

- (a) Disinfectants for use by Establishments and schools shall be used only if registered with the Environmental Protection Agency (EPA) for use as a disinfectant to achieve its intended purpose in accordance with the product label.
- (b) To disinfect and minimize corrosion of metal instruments, immerse and wipe thoroughly with an EPA approved disinfectant or spray with approved oil base disinfectant and store in a cabinet or closed container free from contamination between use and service for each patron.
- (c) All disinfection immersion liquid must be changed daily or sooner if visibly contaminated.
- (d) All customer contact items, including neck rests, arm rests and seats, must be cleaned and disinfected between customers.
- (e) UV light boxes for sanitation purposes are prohibited.
- (f) Any products banned by the FDA shall not be used for any cosmetology/barbering service.

175:10-7-18. Disinfection precautions before and after each patron service

- (a) The hands of the licensee, student or apprentice shall be washed and the integrity of the skin carefully examined before and after performing a service for any person. If any abrasion, cut, scratch, open lesion or infection is evidenced, protective or disposable gloves shall be worn while performing services in order to reduce risk or transmission of infectious bacteria/virus/disease.
- (b) Styptic pencils and lump alum are prohibited. Liquid or powdered astringent shall be used to check bleeding and shall be applied with separate, clean, sterile gauze or cotton which shall be disposed of immediately after use.
- (c) Any licensee who can reasonably anticipate, as the result of performing any cosmetology or barbering service, contact with blood and other potentially infectious material shall use universal precautions, and shall wear protective disposable gloves while performing the services. Gloves shall not be re-used and shall be disposed of properly immediately after use.

- (d) Implements and tools that cannot be disinfected must be disposed of after one use.

175:10-7-29. Facial procedures, devices and equipment

- (a) Licensees are prohibited from performing facial procedures using cosmetic exfoliating substances or devices that effect more than the top layer (stratum corneum) or outer most layer of dead cells on the skin. Procedures which use any cosmetic exfoliation substance or device to remove viable (living) skin below the stratum corneum are deemed beyond the scope of practice of persons and Establishments licensed by the Board of Cosmetology and Barbering.
- (b) Cosmetic exfoliating substances may include alpha hydroxyl acids (glycolic and lactic acids), beta hydroxyl acids, salicylic acid, Jessner's solutions, resorcinol and other substances intended to affect no more than the stratum corneum.
- (c) Cosmetic exfoliating devices may include FDA (U.S. Food and Drug Administration) registered and/or approved devices, provided that such devices affect no more than the stratum corneum.
- (d) Invasive procedures which result in the removal, destruction, incision or piercing of the skin beyond the stratum corneum is prohibited.
- (e) Roll on wax products are prohibited.

175:10-7-31. Manicuring equipment

The use of the credo blade, rasp or knife is prohibited for use by licensees.

GIST/ANALYSIS:

The Massage Therapy Practice Act became effective August 25, 2016. The proposed permanent rules support the statutory language already in effect. Emergency rules were passed and shall expire on September 14, 2017 so permanent rules are therefore being proposed.

CONTACT PERSON:

Jennifer McRee, Principal Assistant, State Board of Cosmetology and Barbering, 2401 NW 23rd Street, Suite 84, Oklahoma City, OK 73107, 405-522-74616, jmcree@cosmo.ok.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S.,

SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

175:20-1-1. Purpose

This chapter provides information pertinent to the licensure and regulation of massage therapists by the State Board of Cosmetology and Barbering pursuant to the Massage Therapy Practice Act (59 O.S. §§ 4200 et seq.).

175:20-1-2. Definitions

The following rules and terms shall have the same meaning throughout this chapter unless the context clearly indicates otherwise:

"Advisory Board" means the Advisory Board on Massage Therapy.

"Board" means the State Board of Cosmetology and Barbering.

"Direct access" means the ability that the public has to seek out treatment by a massage therapist without the direct referral from a medical or health care professional.

"Massage therapist" means an individual who practices massage or massage therapy and is licensed under the Massage Therapy Practice Act. A massage therapist uses visual, kinesthetic, and palpatory skills to assess the body and may evaluate a condition to the extent of determining whether massage is indicated or contraindicated.

"Massage therapy" means the skillful treatment of the soft tissues of the human body. Massage is designed to promote general relaxation, improve movement, relieve somatic and muscular pain or dysfunction, stress and muscle tension, provide for general health enhancement, personal growth, education and the organization, balance and integration of the human body and includes, but is not limited to:

(A) the use of touch, pressure, friction, stroking, gliding, percussion, kneading, movement, positioning, holding, range of motion and nonspecific stretching within the normal anatomical range of movement, and vibration by manual or mechanical means with or without the use of massage devices that mimic or enhance manual measures; and

(B) the external application of ice, heat and cold packs for thermal therapy, water, lubricants, abrasives and external application of herbal or topical preparations not classified as prescription drugs.

"Massage therapy school" means a facility providing instruction in massage therapy.

"Seated massage" means any massage provided to the human body while the massage recipient is seated, including massage and techniques performed on clothed clients.

SUBCHAPTER 3. ADVISORY BOARD ON MASSAGE THERAPY

Permanent Final Adoptions

175:20-3-1. Composition, powers and duties of Advisory Board

(a) Title 59 O.S. §4200.4(C) creates the Advisory Board on Massage Therapy. The Advisory Board shall consist of five (5) members appointed by the Governor for four-year terms. The composition of the Advisory Board shall be as follows:

- (1) three members shall be licensed massage therapists and have practiced in Oklahoma for not less than three (3) years prior to their appointment;
- (2) one member shall be an administrator or faculty member of a nationally accredited school of massage therapy; and
- (3) one member shall be a citizen member.

(b) The Advisory Board shall assist the Board in carrying out the provisions of the Massage Therapy Practice Act regarding the qualifications, examination, registration, regulation, and standards of professional conduct of massage therapists.

(c) The Advisory Board shall elect from its members a Chair and Vice Chair. Meetings may be called by the Chair as needed for the Board to fulfill its duties.

SUBCHAPTER 5. LICENSURE OF MASSAGE THERAPISTS

175:20-5-1. Original licensure

(a) The Board may issue a license to practice massage therapy to a person who:

- (1) files a completed application on a form prepared by the Board;
- (2) submits satisfactory evidence in the form of a birth certificate, driver's license or other government-issued identification that the person is at least eighteen (18) years of age;
- (3) provides documentation that the applicant currently maintains liability insurance for practice as a massage therapist;
- (4) provides a certificate and certified transcript from a state-licensed massage school showing successful completion of at least five hundred (500) hours of formal education in massage therapy;
- (5) provides a certified copy of test scores showing the applicant has completed and passed the Massage and Bodywork Licensing Examination (MBLEx);
- (6) states under penalty of perjury in a manner prescribed on the application as to whether the applicant has in any jurisdiction:
 - (A) pleaded guilty, nolo contendere or been convicted of a felony;
 - (B) pleaded guilty, nolo contendere or been convicted of a misdemeanor involving moral turpitude;
 - (C) pleaded guilty, nolo contendere or been convicted of a violation of federal or state controlled dangerous substance laws
- (7) submits a current criminal history information report obtained from the Oklahoma State Bureau of Investigation.

(b) A criminal history background information report required by this section shall be current if dated no more than thirty (30) days prior to the date on which the applicant submits a completed application to the Board. The OSBI criminal history background report shall include a search of the Department of Corrections Sex Offender Database and Violent Offender Database. All fees required for the criminal history background report shall be paid by the applicant.

(c) The Board may deny a license or impose probationary conditions when the applicant has engaged in unprofessional conduct that has endangered or is likely to endanger the health, welfare or safety of the public. Evidence of conduct that endangers or is likely to endanger the health, welfare or safety of the public may include but shall not be limited to:

- (1) pleading guilty, nolo contendere or being convicted of a felony;
- (2) pleading guilty, nolo contendere or being convicted of a misdemeanor involving moral turpitude;
- (3) pleading guilty, nolo contendere or being convicted of a violation of federal or state controlled dangerous substance laws; or
- (4) violating any provision of the Massage Therapy Practice Act or any rule of the Board.

175:20-5-2. Licensure by reciprocity

(a) The Board may issue a license by reciprocity to a person who:

- (1) submits an application on a form prepared by the Board;
- (2) possesses a valid license or registration to practice massage therapy issued by the appropriate examining board under the laws of any other state or territory of the United States, the District of Columbia or any foreign nation;
- (3) has met educational and examination requirements equal to or exceeding those established pursuant to the Massage Therapy Practice Act;
- (4) provides documentation that the applicant currently maintains liability insurance for practice as a massage therapist;
- (5) states under penalty of perjury in a manner prescribed on the application as to whether the applicant has in any jurisdiction:
 - (A) pleaded guilty, nolo contendere or been convicted of a felony;
 - (B) pleaded guilty, nolo contendere or been convicted of a misdemeanor involving moral turpitude; or
 - (C) pleaded guilty, nolo contendere or been convicted of a violation of federal or state controlled dangerous substance laws
- (6) submits a current criminal history information report obtained from the state or territory of the United States, the District of Columbia or foreign nation where the applicant is licensed. If no such report is available from the state, territory or foreign nation, the applicant shall submit a criminal history background information report from the Oklahoma State Bureau of Investigation.

(b) The applicant from another state or territory of the United States, the District of Columbia or a foreign nation may be required to provide evidence that documents have been certified as valid by a creditable agency as recognized by the Board. Any cost incurred for validation of documents shall be paid by the applicant.

(c) A criminal history background information report required by this section shall be current if dated no more than thirty (30) days prior to the date on which the applicant submits a completed application to the Board and shall include a search of sex offender and violent offender databases. All fees required for the criminal history background report shall be paid by the applicant.

(d) The Board may deny a license or impose probationary conditions when the applicant has engaged in unprofessional conduct that has endangered or is likely to endanger the health, welfare or safety of the public. Evidence of conduct that endangers or is likely to endanger the health, welfare or safety of the public may include but shall not be limited to:

- (1) pleading guilty, nolo contendere or being convicted of a felony;
- (2) pleading guilty, nolo contendere or being convicted of a misdemeanor involving moral turpitude;
- (3) pleading guilty, nolo contendere or being convicted of a violation of federal or state controlled dangerous substance laws; or
- (4) violating any provision of the Massage Therapy Practice Act or any rule of the Board.

175:20-5-3. License renewal

(a) Massage therapy licenses shall be renewed biennially on the last day of the birth month of the licensee.

(b) In order to renew a license, a licensee shall:

- (1) submit a renewal application on a form prepared by the Board;
- (2) demonstrate completion of all continuing education requirements in a manner prescribed by the Board;
- (3) provide documentation that the applicant currently maintains liability insurance for practice as a massage therapist;
- (4) remit all required fees for renewal; and
- (5) states under penalty of perjury in a manner prescribed on the application as to whether the applicant has in any jurisdiction:
 - (A) pleaded guilty, nolo contendere or been convicted of a felony;
 - (B) pleaded guilty, nolo contendere or been convicted of a misdemeanor involving moral turpitude; or
 - (C) pleaded guilty, nolo contendere or been convicted of a violation of federal or state controlled dangerous substance laws

(d) A thirty-day grace period shall be allowed after the end of the renewal period. During the grace period, a license may be renewed upon payment of the renewal fee and a late fee as prescribed by the Board.

(e) If a massage therapist license is not renewed by the end of the thirty-day grace period, the license shall be placed on

inactive status for a period not to exceed one (1) year. No person shall practice massage therapy while the license is in inactive status.

(f) If within a period of one (1) year from the date the license was placed on inactive status the massage therapist wishes to resume practice, the massage therapist shall notify the Board in writing and, upon receipt of proof of completion of all continuing education requirements and payment of a reactivation fee, the license shall be restored in full.

(g) If a license is not reactivated within one (1) year from the date that it was placed in inactive status, the license shall automatically expire. If the person who held the expired license wishes to practice as a massage therapist, the person shall apply for an original license and shall meet all requirements for original licensure as prescribed in this chapter.

175:20-5-4. Licensee address and name change

Each person holding a license shall notify the Board of any change in name and/or address within thirty (30) days after the change. Any name change shall require court or other legal documentation of the change before the change may be recognized and recorded in files of the Board.

175:20-5-5. Report of disciplinary action in another jurisdiction

Each person holding a license shall notify the Board within thirty (30) days of disciplinary action taken against the licensee by another state, territory, foreign nation or other jurisdiction where the person is licensed to practice massage therapy. The licensee shall also notify the Board when the licensee's application for licensure is denied by another state, territory, foreign nation or other jurisdiction.

175:20-5-6. Report of criminal plea or conviction

Each person holding a license shall notify the Board within thirty (30) days of pleading guilty, no contest (nolo contendere), or being convicted of a felony or misdemeanor other than a misdemeanor traffic violation.

SUBCHAPTER 7. CONTINUING EDUCATION

175:20-7-1. Continuing education requirement

(a) A licensee shall complete sixteen (16) hours of continuing education per license period. Acceptable continuing education shall address topics within the scope of practice of massage therapy or related business practices and may include training in CPR or First Aid. In order to receive credit for CPR or First Aid, the licensee must take a complete course with certification. If the licensee has lapsed, the licensee shall complete an additional two (2) hours related to best practices for sanitation and safety before the license can be restored to active status.

(b) The Board shall accept continuing education approved or provided by any of the following:

Permanent Final Adoptions

- (1) a state-licensed or accredited massage therapy school;
- (2) an accredited institution of higher education;
- (3) local, state, or national chapters of professional organizations that address improvement of the profession, including but not limited to the National Certification Board for Therapeutic Massage and Bodywork (NCBTMB) and the Federation of State Massage Therapy Boards (FSMTB).
- (c) Continuing education may be in the form of in-person instruction or distance learning.
- (d) Each licensee shall, at the time of making application for renewal, sign a statement on the application certifying that the licensee has completed the required hours of continuing education and provide verifiable evidence of completion.
- (e) Each licensee shall maintain verifiable of completion of the continuing education activity until the licensee submits the next application for renewal.

SUBCHAPTER 9. STANDARDS OF PROFESSIONAL CONDUCT

175:20-9-1. Professional conduct

- (a) A licensee shall maintain current knowledge of massage practice and perform services only if the licensee has the necessary knowledge, training or skill to perform the technique.
- (b) A licensee shall be clean, fully-clothed and professional in dress and appearance. A licensee shall not practice in the nude, while partially nude, or in clothing designed to arouse or gratify the sexual desire of any individual.
- (c) A licensee shall not engage in an activity, interest or influence that conflicts with the licensee's obligation to act in the best interest of the client.
- (d) A licensee shall not exploit a relationship with a client for the licensee's personal advantage, including, but not limited to, a personal, sexual, romantic, or financial relationship.
- (e) A licensee shall not engage in a romantic or sexual relationship with a client during the time that a therapist/client relationship exists.
- (f) A licensee shall conduct business with honesty and integrity.
- (g) A licensee shall be truthful in advertising and marketing, and not misrepresent services, charges for services, credentials, training, experience or result.
- (h) A licensee shall not massage the genitalia of a client.
- (i) A licensee shall only massage the breasts of a female client if:
 - (1) the licensee has training in techniques related to therapeutic treatment of mammary tissue;
 - (2) the massage is ordered by a licensed physician, documentation of which is maintained by the licensee; and
 - (3) signed written consent is obtained from the client.
- (j) A licensee shall not practice when under the influence of alcohol, drugs or any illegal substances, with the exception of legal or prescribed medication in dosages that do not impair the licensee's ability to render massage therapy services in a safe manner.

- (k) A licensee may refuse to treat any person or any part of the body for just or reasonable cause.
- (l) A licensee shall immediately modify or terminate treatment at the client's request regardless of prior consent.
- (m) A licensee shall report to the Board if the licensee has first-hand knowledge or evidence of unlicensed practice or evidence indicating any unethical or illegal act that has been committed by another licensee.
- (n) A licensee shall not perform pregnancy massage unless the licensee has been trained in techniques related to pregnancy or prenatal massage and has first obtained an informed written consent for the treatment from the client.
- (o) A licensee shall not use fraud, misrepresentation or deception in obtaining a massage therapy license, in renewing a license, in passing a massage therapy license examination, in assisting another to obtain a license or pass a license examination, in providing massage therapy services, or in conducting any other activity related to the practice of massage therapy.
- (p) A licensee shall cooperate with any inspection or investigation conducted by the Board.
- (q) Upon request, licensee shall produce proof of licensure and photo ID.

175:20-9-2. Client records

- (a) A licensee shall maintain the confidentiality of client information at all times and not disclose the client's identity or other information unless release of information is:
 - (1) consented to in writing by the client;
 - (2) required for the purpose of immediate treatment of the client by a third party; or
 - (3) otherwise required by law.
- (b) A licensee shall maintain client files and business records for at least three (3) years from the date of service and in a manner that secures client confidentiality.
- (c) A licensee shall dispose of client records in a secure manner that prevents disclosure of personal information.
- (d) A licensee shall obtain informed written consent from all clients. If the client is a minor, the licensee shall obtain written consent from the client's parent or legal guardian. The client intake form shall include the client's name, gender, date of birth, date of session, pertinent medical history, client sensitivities, allergies and medication.
- (e) If a written plan of treatment is required, the client file shall include the intake form, progress notes signed by the licensee, complaints, ongoing assessments, client's response to treatment, referrals to other professionals if indicated, and goals or desired outcome of treatment medications as disclosed by the client.
- (f) Written consent without an intake form but with notification of pre-existing conditions that could affect a massage for a sports event massage, a public demonstration or a chair or seated massage.

175:20-9-3. Sanitation and safety standards

- (a) All client contact items and work areas must be cleaned and disinfected between client therapy sessions.

- (b) Disinfectants shall only be used if registered with the Environmental Protection Agency for use as a disinfectant to achieve its intended purpose in accordance with the product label. Licensees shall be responsible for product knowledge.
- (c) Licensees shall wash their hands, forearms and above the elbows after each client session.
- (d) Clean towels, gowns, linens and sheets shall be used for each client.
- (e) Clean towels, gowns, linens and sheets shall be kept in a closed area that is free from contamination.
- (f) A suitable hamper-type container shall be provided for soiled towels, gowns, linens or sheets.
- (g) All liquids, creams and other products shall be kept in clean, closed containers.
- (h) All products used on a client must be dispensed by a spatula, scoop, spoon, squeeze bottle, pump, dropper or similar dispenser so that the remaining product is not contaminated.
- (i) Products applied to one client cannot be removed and reused on another client.
- (j) Licensees shall observe universal precautions as published by the Centers for Disease Control in the event of exposure to blood or bodily fluids.
- (k) No licensee shall massage any person when the surface to be massaged or has open cuts, lesions or infection.

175:20-9-4. Client draping and privacy

- (a) A licensee shall use appropriate draping to protect the client's physical and emotional privacy. When a client remains dressed for a seated massage or sports massage, draping is not required.
- (b) A licensee shall provide a private area for the client to change before and after service. The licensee shall respect the client's privacy while changing unless the client requires assistance due to age or disability and the client consents to assistance.

SUBCHAPTER 11. GROUNDS FOR DISCIPLINE

175:20-11-1. Grounds for discipline

- (a) The Board may take the following disciplinary action against a licensee:
 - (1) refuse to renew a license;
 - (2) suspend or revoke a license;
 - (3) issue an administrative reprimand; or
 - (4) impose probationary conditions.
- (b) The Board may take disciplinary action upon a finding that the licensee has violated any provision of the Massage Therapy Practice Act, any rule of the Board or has engaged in any unprofessional conduct that endangers or is likely to endanger the health, welfare or safety of the public. Evidence of conduct that endangers or is likely to endanger the health, welfare or safety of the public may include but shall not be limited to:
 - (1) pleading guilty, nolo contendere or being convicted of a felony;

- (2) pleading guilty, nolo contendere or being convicted of a misdemeanor involving moral turpitude; or
- (3) pleading guilty, nolo contendere or being convicted of a violation of federal or state controlled dangerous substance laws.

SUBCHAPTER 13. COMPLAINTS AND HEARINGS

175:20-13-1. Complaints and disciplinary proceedings

- (a) Disciplinary proceedings may be instituted by sworn complaint of any person, including members of the Board, and shall conform to the provisions of the Administrative Procedures Act.
- (b) Complaints shall be made, and investigations and disciplinary proceedings shall be conducted, as provided for in Subchapter 5 of Chapter 1 of this Title.
- (c) A license holder who has been found guilty and sanctioned by the Board shall be responsible for the payment of all costs of the disciplinary proceedings and any administrative fees imposed.

SUBCHAPTER 15. FEE SCHEDULE

175:20-15-1. Massage Therapy Practice Act license and penalty fees

- (a) The following license and penalty fees are hereby adopted:
 - (1) Massage Therapist License (prior to May 1, 2017) - \$25.00
 - (2) Massage Therapist License (after May 1, 2017) - \$50.00
 - (3) Massage Therapist License by Reciprocity - \$65.00
 - (4) License Renewal - \$50.00
 - (5) Duplicate license (in case of loss or destruction of original license and/or renewal application) - \$5.00
 - (6) Notary Fee - \$1.00
 - (7) Certification of Records - \$10.00
 - (8) Late fee (for licenses renewed during the one-month grace period) - \$10.00
- (b) All fees shall be submitted to the Board in the form of a cashiers check, money order or business check. Personal checks are not accepted by the Board.

GIST/ANALYSIS:

Two provisions are added to the rule governing the suspension and revocation of certificates issued by the State Board of Education to teachers, administrators, and other school personnel. Language is added to subsection (k) providing that an individual who has had a certificate revoked may apply for reinstatement if the revocation was based on an offense which has been expunged by a court of competent jurisdiction. A new subsection (l) is also added, directing the State Board of Education to notify the superintendents of all Oklahoma school districts to the extent possible when an individual's certificate has been suspended or revoked by the Board.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 5. DUE PROCESS

210:1-5-6. Suspension and/or revocation of certificates

(a) **Application.** The rules and regulations of the State Board of Education governing the suspension and revocation of certificates apply to the following: superintendents of schools, principals, supervisors, librarians, school nurses, school bus drivers, visiting teachers, classroom teachers and other personnel performing instructional, administrative and supervisory services in the public schools. Except as otherwise specifically provided by law, the issuance or denial of a new certificate shall not be considered an individual proceeding subject to the process and procedures set forth in this Section.

(b) **Grounds for revocation.** A certificate shall be revoked only for:

(1) A willful violation of a rule or regulation of the State Board of Education, or the United States Department of Education; or

(2) A willful violation of any federal or state law, or

(3) A conviction for any of the offenses or bases for revocation set forth in 70 O.S. §§ 3-104 or 3-104.1; or

(4) For other proper cause.

(c) **Duty to report and refrain from illegal activity.**

It shall be a violation of State Board of Education rules and regulations for any person holding a valid teaching certificate to be aware of and fail to report, or knowingly participate in any activity deemed illegal while participating in job-related activities of student organizations, athletic and scholastic competitions, fairs, stock shows, field trips, or any other activity related to the instructional program. Willful violation of (b)(1)-(b)(4) of this regulation or the failure to report or knowing participation in any activity deemed illegal may result in recommendation of revocation or suspension of the certificate, or such other penalty, as may be determined after due process by the State Board of Education.

(d) **Right to hearing on revocation of an existing certificate.** No certificate shall be revoked until the holder of the certificate has been provided with a copy of the application to revoke the certificate and opportunity for a hearing provided by the State Board of Education in accordance with the following procedures:

(1) **Filing of application to revoke a certificate.** An individual proceeding to revoke a certificate shall be initiated by filing an application to revoke a certificate. An application to revoke a certificate shall be filed with the Secretary of the State Board of Education by the State Department of Education. The application shall name the holder of the certificate to be revoked as the respondent in the action, and shall contain:

(A) A statement of the legal authority and jurisdiction under which the applicant seeks to initiate the proceeding and the hearing is to be held;

(B) A reference to each particular statute and/or rule involved;

(C) A short and plain statement of the allegations asserted; and

(D) A statement of the facts alleged to give rise to the revocation. The application shall also state a proposed effective date for the relief requested (e.g., revocation), which shall be set no earlier than forty-five (45) calendar days from the date the complaint is filed.

(2) **Informal disposition.** Informal disposition of the application to revoke a certificate may be made by stipulation, agreed settlement, consent order, or default, unless otherwise precluded by law. Written notice signed by each party or counsel representatives shall be delivered to the Secretary of the State Board of Education prior to the time of the scheduled hearing.

(3) **Notice to parties.** Within three (3) business days of the date the application to revoke a certificate is filed with the Secretary of the State Board of Education, the Secretary shall send a copy of the application along with a notice

of intent to revoke the certificate by certified or registered mail, restricted delivery with return receipt requested, to the holder of the certificate. It is the responsibility of every certificate holder to notify the State Department of Education upon a change of address, and the mailing address on file for each certificate holder shall be presumed to be a proper address for service of notice. Service of notice of intent to revoke a certificate shall be deemed complete upon certified or registered mailing of the notice to the certificate holder's last known address. In addition to the requirements of notice set forth at 75 O.S. § 309, the notice of intent to revoke the certificate shall include:

(A) A statement setting forth the proposed effective date of revocation of the certificate; and

(B) A statement advising the holder that if the holder fails to appear for a hearing and contest the revocation, the allegations in the application for revocation will be deemed confessed and the Board may issue a final order to effect revocation of the certificate as of the effective date proposed in the notice.

(e) **Emergency Action.** Pursuant to 75 O.S. § 314, in the event the State Board of Education finds that public health, safety, or welfare imperatively requires emergency action, the State Board of Education may issue an emergency order summarily suspending a certificate pending an individual proceeding for revocation or other action. Such proceedings shall be promptly instituted and determined. Such an order shall include specific findings of fact specifying the grounds for the emergency action. Within three (3) business days of the issuance of the order by the Board, a copy of the order shall be sent to the holder of the certificate via certified or registered mail, delivery restricted to the certificate holder, with return receipt requested.

(f) **Hearing procedures.**

(1) **Hearing and appointment of a hearing officer.** Upon filing the application with the Secretary of the Board, the Secretary shall set the matter for a hearing. The Board, at its discretion, may utilize a hearing officer to conduct the hearing. If utilized, the hearing officer shall be appointed by the Chairperson of the Board.

(2) **Attendance of witnesses.** If the complainant, or the holder of the certificate wants any person to attend the hearing and testify as a witness, he/she shall notify the Chairperson of the State Board of Education at least fifteen (15) calendar days prior to the hearing, in writing, giving the name and address of the desired witness, and the Chairperson shall thereupon subpoena, by mail, the desired witness to attend in accordance with the provisions of this subsection. Every person testifying at a revocation hearing shall be sworn to tell the truth. The parties to the hearing shall exchange witness and exhibit lists and any exhibits no later than fifteen (15) calendar days prior to the hearing.

(3) **Subpoenas.** Subpoenas and/or subpoenas duces tecum may be issued in accordance with the following procedures:

(A) **Issuance of subpoenas.** Subpoenas for the attendance of witnesses, or for the production of books,

records, papers, objects, or other evidence of any kind as may be necessary and proper for the purposes of a proceeding shall be issued by the Secretary of the Board at the direction of the Chairperson; upon order of the Board; or at the request of any party to a proceeding before the Board. The signature of the Secretary shall be sufficient authentication for any subpoena.

(B) **Service of subpoenas.** Subpoenas shall be served in any manner prescribed for service of a subpoena in a civil action in the district courts of the State of Oklahoma.

(C) **Objections to and compliance with subpoenas.** Any party to the proceeding may move to quash a subpoena or subpoenas duces tecum issued in accordance with the provisions of this Section, provided that, prior to quashing a subpoena or subpoenas duces tecum the agency shall give notice to all parties. A subpoena or subpoenas duces tecum may not be quashed if any party objects.

(D) **Enforcement of subpoenas.** Upon the failure of any person to obey a subpoena, or upon the refusal of any witness to be sworn or make an affirmation or to answer a question put to her or him in the course of any individual proceeding or other authorized action of the Board, the Board as soon as convenient shall consider the issue of enforcement of the subpoena. By resolution, it may direct application to the district or superior court of the county of such person's residence or to any judge thereof for an order to compel compliance with the subpoena or the furnishing of information or the giving of testimony. Meanwhile, the hearing or other matters shall proceed, so far as is possible, but the Board at its discretion at any time may order a stay or continuance of the proceedings for such time as may be necessary to secure a final ruling in the compliance proceedings.

(E) **Costs of issuance and service of subpoenas.** The costs covering the issuance and service of subpoenas and all witness fees incurred on behalf of a party to the proceedings, other than the Board, shall be borne by the party on whose behalf they are incurred.

(4) **Right to representation.** Any party to the individual proceeding shall at all times have the right to representation by counsel, provided that such counsel must be duly licensed to practice law by the Supreme Court of Oklahoma, and provided further that counsel shall have the right to appear and act for and on behalf of the party represented.

(5) **Legal counsel to State Board of Education.** The attorney for the State Board of Education shall present evidence to the Board, in furtherance of the application. If deemed necessary by the Chairperson of the Board, a request may be made of the Attorney General to provide counsel to the Board to rule on questions of admissibility of evidence, competency of witnesses, and any other questions of law. In the event that counsel is not requested

Permanent Final Adoptions

from the Attorney General the Chairperson of the Board will rule on the evidence, competency of the witness and other questions of law.

(6) **Disqualification of a Board member or hearing officer.** A Board member or hearing officer shall withdraw from any individual proceeding in which he or she cannot accord a fair and impartial hearing or consideration. Any party may request the disqualification on the ground of his or her inability to give a fair and impartial hearing by filing an affidavit promptly upon discovery of the alleged disqualification, stating with particularity the grounds upon which it is claimed that a fair and impartial hearing cannot be accorded. The issue shall be determined promptly by the Board, or if it affects a member of the Board, by the remaining members thereof, if a quorum. Upon the entry of an order of disqualification affecting a hearing officer, the Board shall either assign a replacement hearing officer, or conduct the hearing itself. Upon the entry of an order of disqualification affecting a Board member, the Governor immediately shall appoint a member pro tempore to sit in place of the disqualified member in that proceeding.

(7) **Notice of facts.** The Board shall give notice to all parties, prior to, or at the hearing, of any facts of which it proposes to take official notice. Any party or her/his attorney may request that official notice be taken of any fact qualified for such notice by the statutes of this state. If such official notice is taken, it shall be stated in the record, and all parties shall have opportunity to contest and give evidence in rebuttal or derogation of the official notice.

(8) **Presentation and consideration of evidence.** The State Board of Education shall consider only evidence upon the specific cause contained in the notice, and evidence will be heard for such cause. Questions of the admissibility of evidence shall be governed by the provisions of 75 O.S. § 310.

(9) **Order of procedure.** The order of procedure at the hearing shall be as follows:

- (A) Opening statements by legal counsel of both parties;
- (B) Presentation of evidence by both parties followed by cross-examination of witnesses, and questions by State Board members or the hearing officer;
- (C) Closing arguments by legal counsel of both parties; and
- (D) Submission of case to the Board or the hearing officer for decision.

(10) **Continuance of a hearing.** The Board or hearing officer may continue or adjourn the hearing at any time for a specified time by notice or motion. The Board or hearing officer may grant a continuance upon motion of a party for good cause shown if written request is filed and served on all parties of record and filed with the Secretary of the Board at least five (5) days prior to the date set for hearing. A respondent may be granted only one (1) continuance.

(g) **Deliberations and decisions.** Deliberations by the Board or the hearing officer in an individual proceeding may be held in executive session pursuant to the provisions of the Open Meeting Act set forth at 25 O.S. § 307.

(1) **Decision.** Decisions shall be issued in accordance with the following procedures:

(A) After hearing all evidence, and all witnesses, the State Board of Education or, if applicable, the hearing officer, shall render its decision on whether the certificate shall be revoked.

(B) The decision of the State Board of Education or a hearing officer presiding at the hearing shall be announced at the conclusion of the hearing and notification of that decision shall be by certified or registered mail, restricted delivery with return receipt requested to the holder of the certificate.

(C) If the holder of the certificate fails to appear at the scheduled hearing without prior notification within the time frame to request a stay or continuance set forth in (f)(10) of this Section, demonstration of good cause, the Board or hearing officer shall hold the party in default and issue an order sustaining the allegations set forth in the application.

(D) If the applicant fails to appear at the scheduled hearing without prior notification within the time frame to request a stay or continuance set forth in subsection (f)(10) of this Section, demonstration of good cause, or fails to prove the allegations by clear and convincing evidence, the application shall be dismissed.

(2) **Findings of fact and conclusions of law.** After the decision is announced, but before issuance of the final order, if the Board has not heard the case or read the record of the individual proceeding, the hearing officer shall provide the parties with an opportunity to prepare and submit proposed findings of fact and conclusions of law in accordance with the provisions of 75 O.S. § 311. After the parties have been given notice and an opportunity to file exceptions, present briefs and oral arguments to the proposed findings of fact and conclusions of law, the Board may take action to accept, reject, or modify the proposed Findings and Conclusions of the hearing officer. The Board shall render findings of fact and conclusions of law. All findings of fact made by the Board shall be based exclusively on the evidence presented during the course of the hearing or previously filed briefs, (made a part of the record), of the testimony of witnesses taken under oath.

(3) **Final order.** As the final determination of the matter, the final order shall constitute the final agency order and shall comply with the requirements set forth at 75 O.S. § 312. If no motion for rehearing, reopening or reconsideration of the order is filed in accordance with (h) of this Section, the final agency order shall represent exhaustion of all administrative remedies by the State Board of Education. All final orders in an individual proceeding shall be in writing and made a part of the record. Final orders are to be issued by the Chairperson of the Board or the presiding officer for transmission to the parties by the Secretary of the Board. Within five (5) business days of the date of issuance of the final order, parties shall be notified of a final order either personally or by certified mail, return receipt requested. Upon request, a copy of

the order shall be delivered or mailed to each party and the party's attorney of record, if any.

(4) **Communication with parties.** Unless required for the disposition of ex parte matters authorized by law, the Chairperson and the members of the Board, the hearing officer, or the employees or the agents of the Board shall not communicate, directly or indirectly, in connection with any issue of fact, with any person or party, nor, in connection with any issue of law, with any party or his or her representative except upon notice and opportunity for all parties to participate. The Chairperson and members of the Board or their employees may communicate with one another and have the aid and advice of one or more personal assistants. Advice may also be secured from the Attorney General's office.

(h) **Record of hearing.**

(1) The record of a hearing shall be set forth in such form and detail as the Chairperson or the Board may direct. The hearing may also be fully transcribed, and shall be placed on file in the Secretary's office. Parties to the proceeding may have the proceedings transcribed by a court reporter at their own expense. In accordance with the requirements of 75 O.S. § 309, the record shall include:

- (A) All pleadings, motions, and intermediate rulings;
- (B) Evidence received or considered during the individual proceeding;
- (C) A statement of matters officially noticed;
- (D) Questions and offers of proof, objections, and rulings thereon;
- (E) Proposed findings and exceptions;
- (F) Any decision, opinion, or report by the Board or a hearing officer presiding at the hearing; and
- (G) All other evidence or data submitted to the Board or hearing officer in connection with their consideration of the case.

(2) The State Board Secretary shall electronically record the proceedings, with the exception of the executive sessions. The recording shall be made and maintained in accordance with the requirements of 75 O.S. § 309, and a copy shall be provided to any party to the proceeding upon request. If the requesting party should desire the tape(s) to be transcribed by a court reporter, the requesting party shall bear the expense.

(i) **Rights to a rehearing, reopening or reconsideration.**

(1) A petition for rehearing, reopening or reconsideration of a final order must be filed with the Secretary of the State Board within ten (10) days from the entry of the order. It must be signed by the party or his or her attorney, and must set forth with particularity the statutory grounds upon which it is based. However, a petition based upon fraud practiced by the prevailing party or upon procurement of the orders by perjured testimony or fictitious evidence may be filed at any time. All petitions for rehearing, reopening, or reconsideration will be considered

and ruled upon as soon as the convenient conduct of the Board's business will permit.

(2) A petition for a rehearing, reopening, or reconsideration shall set forth the grounds for the request. The grounds for such a petition shall be either:

- (A) Newly discovered or newly available evidence, relevant to the issues;
- (B) Need for additional evidence adequately to develop the facts essential to proper decision;
- (C) Probable error committed by the Agency in the proceeding or in its decision such as would be grounds for reversal on judicial review of the order;
- (D) Need for further consideration of the issues and the evidence in the public interest; or
- (E) A showing that issues not previously considered ought to be examined in order to properly dispose of the matter. The grounds which justify the rehearing shall be set forth by the State Board of Education which grants the order, or in the petition of the individual making the request for the hearing.

(3) It is the burden of the party requesting a rehearing to notify the opposing party of the appeal.

(4) Rehearing, reopening, or reconsideration of the matter may be heard by the State Board of Education or may be referred to a hearing officer. The hearing must be confined to those grounds on which the recourse was granted.

(j) **Judicial review.** Any person or party aggrieved or adversely affected by a final order in an individual proceeding is entitled to certain judicial review in accordance with the provisions of the Oklahoma Administrative Procedures Act, and the procedures set forth therein shall govern appeals.

(k) **Applications for reinstatement of a license certificate.** After five (5) years of the effective date of revocation of a license certificate, or after expungement of the offense(s) that formed the basis for the revocation by a court of competent jurisdiction, an individual may apply for reinstatement of the license certificate in accordance with the application procedures set forth by the State Department of Education.

(l) **Notifications of suspension or revocation.** Upon the suspension or revocation of an individual's certificate, the State Board of Education shall notify the superintendent of the district that most recently employed the certified individual based upon the individual's certification number and the personnel reports currently on file with the State Department of Education. In addition, the State Board shall to the extent possible notify the superintendents of all Oklahoma school districts. Notification shall also be provided to the extent possible to certification officers in each state or territory of the United States.

GIST/ANALYSIS:

The rule outlining the minimum length of a school year must be updated to incorporate both scheduling options now available to school districts. Historically, the minimum length of the school year was one hundred eighty (180) days. House Bill 1864 (2009) added an option for school districts to adopt a total-hours rather than total-days school calendar, with a minimum of one thousand eighty (1,080) hours per school year that school must be in session. The rule is amended to include the 1,080 total-hours approach, and the October 15 deadline by which school districts must inform the State Board of Education they have adopted this option.

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 1. GENERAL PROVISIONS

210:10-1-4. Length of term

(a) The minimum length of ~~term~~ the school year will be one hundred eighty (180) days or one thousand eighty (1,080) hours ~~ten (10) months, (180 days actually taught).~~ ~~Provided provided not to exceed up to five (5) days or thirty (30) hours per school year of 180 days required~~ may be used for attendance of professional meetings. A school district

that adopts a 1,080 hours policy rather than a 180 day policy shall notify the State Board of Education prior to October 15 of the applicable school year. Where professional days are taken, they shall be so recorded in the register of attendance in a like manner as holidays are recorded. The legal aggregate days attendance will be divided by days actually taught to obtain the legal average daily attendance. Any school district holding less than a full term will have its state aid reduced proportionately. No district may have less than a full term of school unless conditions over which it has no control exist that would prevent the district's holding a full term. In cases where sites within a district have different length terms the average daily membership (ADM) and average daily attendance (ADA) should be calculated for each site separately.

(b) School activities must be under the direction or supervision of the teacher or supervisor whether such activities take place within or without the school building or school grounds in order to be considered a school day or part of a school day. Pupils dismissed and not under the direction or supervision of the teacher cannot be considered as participating in scheduled school activities. A student serving as a Page to the Legislature may be counted in attendance.

(c) All pupils attending any school within a school district including underage, overage, non-resident, and non-transferred pupils shall have their names entered in the attendance register and have their attendance recorded in the same manner as any other pupil.

GIST/ANALYSIS:

The rule sets forth Oklahoma's new student assessment system developed pursuant to House Bill 3218 (2016). House Bill 3218 directed the State Board of Education to study and develop a statewide system of assessments in consultation with the State Regents for Higher Education, Commission for

Educational Quality and Accountability, State Board of Career and Technology Education, and Secretary of Education and Workforce Development. On March 7, 2017, the Legislature adopted House Joint Resolution 1028 approving the assessment system recommended by the State Board of Education. House Bill 3218 (2016), Section 5(C)(7) directs the State Board of Education to submit final approved assessment requirements for publication in the Oklahoma Administrative Code in the same manner as agency rules.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULE IS EFFECTIVE AS OF SEPTEMBER 11, 2017:

SUBCHAPTER 13. STUDENT ASSESSMENT

210:10-13-1.1. Assessment system

(a) **Definitions.** The following terms, when used in this Section, shall have the following meaning, unless the context clearly indicates otherwise:

- (1) **"College and career readiness (CCR)"** means that students graduate from high school prepared to enter and succeed in postsecondary opportunities, whether college or career.
- (2) **"Criterion-referenced"** means an assessment that compares a student's performance to a predetermined standard.
- (3) **"Cut score"** means, for each assessment, the score which the Commission for Educational Quality and Accountability has established as the minimum score required to meet the state's performance target for students taking the assessment.
- (4) **"Lexile"** means a score used within the Lexile framework for reading, which represents either the difficulty of a text or a student's reading ability level.
- (5) **"Norm-referenced"** means an assessment that compares a student's performance to the performance of others who take the assessment.
- (6) **"Quantile"** means a score used within the Quantile framework for mathematics that represents a forecast of, or a measure of, a student's ability to successfully work with certain math skills and concepts.
- (7) **"Scale score"** means a raw score that has been adapted through a customized set of mathematical procedures (e.g., scaling and equating) to account for differences in difficulty across multiple forms, and to enable the score to represent the same level of difficulty from one year to the next.
- (8) **"Summative assessment"** means an assessment conducted at the end of a defined period, such as an academic term or school year, which evaluates student performance against a set of learning targets for the instructional period.

(b) **Requirements for a system of assessments.** House Bill 3218 (2016) directed the State Board of Education to study and develop recommendations for a statewide system of student assessments, which were then submitted to the Oklahoma

Legislature for review. The full report of recommendations is available on the State Department of Education website. The assessment system recommended by the State Board of Education and subsequently approved by the Legislature was developed subject to the following requirements under 70 O.S. § 1210.508:

- (1) Alignment with the Oklahoma Academic Standards;
- (2) Comparability of Oklahoma student performance with the performance of students in other states;
- (3) Capability of yielding both norm-referenced and criterion-referenced scores;
- (4) A track record of statistical reliability and accuracy; and
- (5) For assessments administered in high school, a measure of future academic performance.

(c) **Goals.** Pursuant to the requirements to study and develop recommendations for a system of assessments, the State Department of Education convened an Assessment and Accountability Task Force that included educators, parents, tribal leaders, lawmakers, and business and community leaders from across the state. In consultation with experts in the fields of educational assessment and accountability, the Task Force identified the following as primary goals for Oklahoma's student assessment system:

- (1) Provide instructionally useful information to teachers and students, with appropriate detail and timely reporting;
- (2) Provide clear and accurate information to parents and students regarding achievement and progress toward college and career readiness (CCR);
- (3) Provide meaningful information to support evaluation and enhancement of curriculum and programs; and
- (4) Provide information to appropriately support federal and state accountability decisions.

(d) **Summative assessments for grades three (3) through eight (8).** The assessment system adopted by the State Board of Education and approved by the Legislature includes the following components for student assessment in grades three (3) through eight (8):

- (1) **Content alignment and timing.**
 - (A) The Oklahoma Academic Standards will be maintained as the focus of state assessments, and assessments will continue to be administered at the ends of grades three (3) through grade eight (8).
 - (B) An adequate assessment of writing will be included to support coverage of the Oklahoma English Language Arts (ELA) standards.
- (2) **Intended purpose and use.**
 - (A) Assessments will support the calculation of growth for students in at least grades four (4) through eight (8).
 - (B) Assessments will demonstrate sufficient technical quality to support the intended purposes and current uses of student accountability, for example grade three (3) promotion based on reading assessment and driver license eligibility based on grade eight (8) English Language Arts (ELA) assessment.

Permanent Final Adoptions

(3) **Score interpretation.**

(A) Assessments will provide a measure of performance indicative of whether students appear to be on track to college and career readiness (CCR).

(B) Assessments will support criterion-referenced interpretations which measure student performance against the Oklahoma Academic Standards, and report individual claims including but not limited to scale score, Lexile, Quantile, content cluster, and growth performance.

(C) Assessments will support norm-referenced information to help contextualize the performance of students statewide using a feature such as intra-state percentiles.

(4) **Reporting and state comparability.**

(A) Assessments will support aggregate (group) reporting on claims including but not limited to scale score, Lexile, Quantile, content cluster, and growth performance.

(B) The assessment system will utilize the existing National Assessment of Educational Progress (NAEP) data to establish statewide comparisons at grades four (4) and eight (8). NAEP data will also be used during standard-setting activities to ensure the College and Career Readiness (CCR) cut score is set using national and other state data.

(e) **Summative assessments for high school.** The assessment system adopted by the State Board of Education and approved by the Legislature includes the following components for student assessment in high school:

(1) **Content alignment and timing.** A commercial college-readiness assessment (e.g., SAT, ACT) will be used in lieu of state-developed high school assessments in grades nine (9) or ten (10), with alignment to standards and other peer review requirements being a consideration.

(2) **Intended purpose and use.**

(A) The assessment will demonstrate sufficient technical quality to support the need for multiple and differing uses of assessment results.

(B) The possibility of linking college-readiness scores to information of value for students and educators will be explored (e.g., readiness for post-secondary opportunities, remediation risk).

(C) A focus on rigorous expectations of college and career readiness will be maintained.

(D) The assessment will ensure that all students in Oklahoma can be provided with a reliable, valid, and fair score regardless of the accommodations provided or the amount of time needed for a student to take the test, and will further ensure that scores reflecting college and career readiness can be provided to the accepting institution or employer of each student.

(3) **Score interpretation.**

(A) The assessment will support criterion-referenced interpretations of student performance against the Oklahoma Academic Standards, and report individual claims appropriate for high school students.

(B) The assessment will provide evidence to support claims of college and career readiness (CCR). These claims should be supported using theoretically related data in standard-setting activities (e.g., measures of college readiness and other nationally available data), and validated empirically using available postsecondary data linking to performance on the college-readiness assessment.

(C) The assessment will provide norm-referenced information to help contextualize the performance of students statewide using a feature such as intra-state percentiles.

(4) **Reporting and state comparability.**

(A) The assessment system will support aggregate (group) reporting on claims at appropriate levels of categorization for high school assessments (e.g., grade, subgroup, teacher, building/district administrator, state).

(B) The assessment system will support the ability to provide norm-referenced information based on other states that administer the same college-ready assessments, as long as unreasonable administration constraints do not inhibit those comparisons.

GIST/ANALYSIS:

210:10-13-16 laid out the state graduation requirements that were in place under the Achieving Classroom Excellence Act (ACE), and an appeal process for students who were denied a diploma under the requirement to pass four of the seven end-of-instruction exams required by 70 O.S. § 1210.523. This rule must be revoked because 70 O.S. § 1210.523 was repealed by House Bill 3218 (2016), and the ACE end-of-instruction exam graduation requirements are no longer in place.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 13. STUDENT ASSESSMENT

210:10-13-16. Student exceptions and exemptions related to graduation requirements for end-of-instruction exams [REVOKED]

(a) **Definitions.** Words and terms in this section shall have the following meaning:

- (1) **"Alternate method"** means demonstrating mastery of state academic content standards through an End of Course Project designed and approved by the State Board of Education. An End of Course Project is a project integrating and applying the knowledge and skills gained throughout a course to address a practical, real world challenge.
- (2) **"Alternate test"** means a state or national test approved by the Oklahoma State Board of Education for one or more of the subject areas assessed by an end-of-instruction (EOI) exam, which equals or exceeds the rigor of the EOI exam.
- (3) **"Extenuating Circumstances"** means circumstances which are unexpected, significantly disruptive, beyond a student's control, and which may have materially affected his/her academic performance.
- (4) **"Proficient/Satisfactory"** means achieving at least the minimum score for demonstrating mastery as defined by the State Board of Education on an academic achievement test of the Oklahoma School Testing Program (OSTP).

(b) **ACE graduation requirements.** In accordance with 70 O.S. § 1210.523(A)-(E), students may graduate from a public high school with a standard diploma by demonstrating mastery in the state academic content standards for Algebra I; English II; and two of the following five: Algebra II, Biology I, English III, Geometry, and United States History. Students may demonstrate mastery by attaining at least a satisfactory or proficient score on the EOI exams or the following ways:

- (1) Students who do not attain at least a satisfactory or proficient score on any of the four required EOI exams may be eligible to graduate with a standard diploma by

completing at least one of the steps below until a satisfactory or proficient score is attained and all other graduation requirements are met:

- (A) Students shall be provided one or more remediation opportunities and will either:
 - (i) Retake the EOI exam(s) needed to fulfill graduation requirements;
 - (ii) Score satisfactory or proficient on a State Board of Education approved alternate test in the subject area. The approved alternate test may be taken prior to or subsequent to the EOI exam; or
 - (iii) Demonstrate mastery of the subject matter through an End of Course Project which includes meeting the level of mastery defined by the rubrics explained in paragraph (b)(2) of this section.
- (B) School districts will only provide remediation for students while they are enrolled in public school.
- (C) An alternate test may be used to meet the graduation requirements for more than one EOI exam. A student may take more than one alternate test to meet the graduation requirements.
- (D) Remediation opportunities will be outlined in the local school district remediation plan (70 O.S. § 1210.523). School districts shall document a student's failure to participate in remediation including written acknowledgement of the graduation requirements by the student's parent or guardian.
- (E) School districts shall document a student's failure to complete test retake opportunities. Documentation shall include written acknowledgement by the student's parent or guardian of the graduation requirements related to EOI tests.

(2) Students who have not attained a satisfactory or proficient score on one or more EOI exams needed to graduate may demonstrate mastery through an End of Course Project (Alternate Method):

- (A) In order to demonstrate mastery and graduate through an alternate method on EOI exams, students must complete an End of Course Project for Algebra I, Algebra II, Biology I, English II, English III, Geometry, or United States History. End of Course Projects will be designed by the State Department of Education and approved by the State Board of Education.
 - (i) End of Course Projects for English II and English III must include a response to literature and a writing sample of comparable rigor to the EOI exams.
 - (ii) End of Course Projects for Biology I must include the process standards as assessed through laboratory experiments.

(B) End of Course Projects shall be classified by the State Department of Education and submitted to the State Board of Education for approval in three different categories: Category A, Category B, or Category C. Category A projects shall be offered to all students who choose the Alternate Method. Category B projects shall be offered as an Alternate Method to students as directed by an IEP and/or LIEP, and shall

Permanent Final Adoptions

incorporate additional, varied approaches for students to demonstrate mastery of the state academic content standards. Category C projects shall be offered as an Alternate Method to students with the most significant cognitive disabilities and shall be designed for students who are participating in an OAAP assessment for that subject area in accordance with the student's IEP.

(C) School districts shall submit completed student End of Course Project(s) to the State Department of Education by April 1, August 1, or November 1 of each year. Projects will be evaluated and returned within 45 business days. Subject to the availability of funds, the State Department of Education may contract with individuals, educational institutions, or companies to evaluate these End of Course Projects. Evaluators shall use rubrics approved by the State Board of Education for determining student mastery of state academic content standards through End of Course Projects. If funds are not available, End of Course Projects will be evaluated at the local school district level according to requirements of the State Board of Education, and school districts shall submit reports of all student End of Course Project(s) either in progress or completed by April 1, August 1, and November 1 of each year.

(D) End of Course Projects must be retained for a minimum of 5 years from completion.

(3) Students who do not receive instruction in Oklahoma public schools may demonstrate mastery in required subjects by submitting documentation of proficiency on an equivalent state EOI exam(s) in the state in which instruction was received; attaining at least a satisfactory or proficient score (as defined by the Oklahoma State Board of Education) on the Oklahoma EOI exam(s); meeting the approved level of proficiency on an alternate test(s); demonstrating mastery through an End of Course Project(s) as described in (b)(1) and (b)(2) of this section.

(4) Students who do not have an opportunity to take required EOI exams without extending the date of graduation may demonstrate mastery in required subject areas by meeting the approved level of proficiency on an alternate test(s) or an End of Course Project(s).

(5) Students who have an Individualized Education Program (IEP) in accordance with the Individuals with Disabilities Education Act (IDEA) may demonstrate mastery of state academic content standards through a modified proficiency score on the state assessment(s) as established by the IEP Team. Any deviation from the standard conditions, accommodations, or proficiency score on the state assessment(s) must be established on the student's IEP, and shall be recorded on the student's cumulative record.

(6) Students who have an Individualized Education Program (IEP) in accordance with the Individuals with Disabilities Education Act (IDEA) that directs that the student is to be assessed with alternate achievement standards through the Oklahoma Alternate Assessment

Program (OAAP) may demonstrate mastery of state academic content standards upon a determination by the school district that the student has met all of the following criteria:

(A) The student's special education teacher of record, after consultation with the student's teacher in each subject in which the student failed to meet the requirements of (b) of this Section, provides the student with a written recommendation that the student should graduate with a standard diploma. The written recommendation shall be signed by the special education teacher of record, and shall include:

(i) A signed written statement by the principal of the student's school indicating support of the recommendation for graduation; and

(ii) Documentation demonstrating the acquired knowledge of the student by alternate measures as required by the IEP;

(B) The student completes remediation opportunities to the extent required by the IEP;

(C) The student retakes the exam in each subject in which the student failed to meet the requirements of (b) of this Section if the IEP requires retake opportunities;

(D) The student maintains at least a "C" average or the equivalent in each subject in which the student failed to meet the requirements of (b) of this Section; and

(E) The student meets all other graduation requirements of the school district in which the student is enrolled.

(7) Students who have scored ten percent (10%) above the cut scores annually approved by the State Board of Education on a designated alternate test shall have been deemed to have satisfactorily demonstrated mastery of state academic content standards in the subject area for which the alternative test has been approved by the State Board of Education and shall be exempt from taking the EOI exams in the corresponding subject area for which the alternate test has been approved. For purposes of this paragraph, the designated alternate tests shall be limited to the following exams:

(A) The American College Testing Program (ACT);

(B) The Scholastic Aptitude Test (SAT); or

(C) The ACT Plan or Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Tests (PSAT/NMSQT).

(8) Students who have attained a score that is equal to or above the cut scores annually approved by the State Board of Education on a designated alternate test shall have been deemed to have satisfactorily demonstrated mastery of state academic content standards in the corresponding subject area for which the alternate tests has been approved by the State Board of Education and shall be exempt from taking the EOI exams in the corresponding subject area for which the alternate test

has been approved. For purposes of this paragraph, the alternate tests shall be limited to the following exams:

- (A) Advanced Placement (AP) course exams;
- (B) The ACT WorkKeys job skills assessment;
- (C) College Level Examination Program (CLEP) exams; or
- (D) International Baccalaureate (IB) exams.

(9) The exemptions and exceptions set forth in this Section pertain only to ACE end-of-instruction graduation requirements. Nothing in this subsection shall be interpreted as exempting students from the course graduation requirements for completion of curriculum units or sets of competencies at the secondary level as set forth in 70 O.S. §11-103.6.

(10) Each year school districts shall report to the State Department of Education through the School District Reporting Site, by school site, the number of students issued standard diplomas based on the exceptions and exemptions outlined in these rules, including the categories of exceptions and exemptions granted.

(c) ~~ACE cumulative record.~~ In order to facilitate the monitoring of student progress toward meeting the graduation requirements of 70 O.S. § 1210.523, districts will maintain an Achieving Classroom Excellence (ACE) Demonstration of Mastery cumulative record for those students who do not attain at least a satisfactory or proficient score on any of the required EOI exams. All school districts in the state shall use this cumulative record uniform document, or all information required on the uniform document must be contained within the district's student information system. The State Department of Education will provide an electronic version of this cumulative record to the districts. This cumulative record shall accompany the student when transferring to a new district. For each student who meets the graduation requirements, the student's transcript shall read, "The student has met the graduation requirement of demonstrating mastery in the state academic content standards."

(d) **Appeal of denial of a standard diploma.** Any student who has been denied a standard diploma by the school district in which the student is or was enrolled for failing to meet the educational requirements of 70 O. S. § 1210.523 may appeal the denial to the State Board of Education in accordance with the following procedures:

(1) **Who may petition for appeal.** Petitions for appeal of a denial of a student diploma may be filed by the following:

- (A) A parent or legal guardian of a student or an individual who has been issued letters of guardianship of the person of a student pursuant to the Oklahoma Guardianship and Conservatorship Act, or an adult who has assumed permanent care and custody of a student in accordance with local district policies and 70 O.S. §1-113(A)(1) may file an appeal with the State Board of Education as a petitioner on behalf of the student if the student is either considered a minor child as of the date of denial of the student's diploma; if the student is considered legally incompetent as of the date of denial of the student's diploma; or both.

(B) A student who is not otherwise considered legally incompetent may file a petition for appeal directly with the State Board of Education as a petitioner if the student has either:

- (i) Obtained the legal age of majority set forth under Oklahoma law; or
- (ii) Rights of majority have been conferred upon the student by a judicial order recognized by the courts of the State of Oklahoma.

(C) A school, school district, or local school board in which a student is or was enrolled may not name itself as a Petitioner for a student or file a petition on behalf of a student. Any petition for appeal submitted by a school district as a petitioner on behalf of a student shall be grounds for automatic dismissal of the petition for appeal.

(2) **Filing requirements.** A petition for appeal must comply with the following requirements:

(A) **Time of filing.** A notice of appeal must be submitted in writing for filing to the Secretary of the State Board of Education within thirty (30) days after the date the student, parent(s) of the student, or legal guardian of the student receives a written notice of denial of a standard diploma issued by the school district or local board of education. In absence of receipt of a written notice of denial of a standard diploma, a diploma shall be deemed denied if not granted within ninety (90) days of the last day of the last semester of the last school year in which the student attended school.

(B) **Method of filing.** Petitions for appeal may be submitted for filing to the Secretary of the State Board of Education in person or by mail. A petition submitted for filing by mail may be accepted for filing if the mailing envelope contains a postmark dated on or before the date of the filing deadline.

(C) **Verification of a petition for appeal.** The petition for appeal must be signed by the petitioner(s) and the school district's Superintendent or the Superintendent's legal designee, for the purpose of verifying that, to the best of the individual's knowledge, the information submitted in the appeal is accurate and correct.

(D) **Acceptance of a petition for filing.** Upon receipt of the petition for appeal, the Secretary of the Board shall acknowledge receipt of the request in writing and notify the student and/or parent or legal guardian when the appeal shall be submitted to the State Board of Education for action. All timely filed petitions for appeal shall be brought to the State Board of Education for action. The Board shall take action on the petition no later than forty five (45) days after the date of receipt of a timely filed petition.

(3) **Review of petitions.** The State Board of Education shall appoint a committee consisting of employees of the State Department of Education to assign a case number for reference, review the petitions for appeal, and identify the basis for which the standard diploma was denied.

Permanent Final Adoptions

~~(A) **Factors considered in recommending acceptance or denial of an appeal.** The committee shall make a recommendation of action on the appeal to the State Board of Education based on the following criteria:~~

- ~~(i) Completion and scores of EOI exams;~~
- ~~(ii) Remediation and retests of EOI exams;~~
- ~~(iii) Completion and scores of Alternate tests approved by the State Board of Education;~~
- ~~(iv) Completion of End of Course Projects approved by the State Board of Education;~~
- ~~(v) Completion or scores of alternative methods approved by the State Board of Education;~~
- ~~(vi) The existence of an extenuating circumstance, as defined in section (a) of this rule;~~
- ~~(vii) The availability of testing opportunities;~~
- ~~(viii) Other methods identified by the student, which demonstrate mastery of state academic content standards, referenced in section (b) of this rule, not to include completion of the course;~~
- ~~(ix) The exhaustion of reasonable alternative methods and exemptions and exceptions approved by the State Board of Education, including the existence of extenuating circumstances; and~~
- ~~(x) Whether action is appropriate based on the statutory language of 70 O. S. § 1210.523. Petitions for appeal which are untimely filed shall be submitted to the Board with a recommendation for denial based upon untimeliness.~~

~~(B) **Deficiencies in petitions for appeal.** The State Board of Education may provide petitioners with an opportunity to remedy deficiencies in an appeal filed in an inaccurate or incomplete manner in accordance with the following procedures:~~

- ~~(i) Prior to submission to the State Board of Education with a recommendation for denial based upon a deficiency in the petition, the petitioner shall be notified in writing of the deficiency in the appeal and provided five (5) business days from the receipt of written notification to resolve any deficiencies identified in the petition for appeal.~~
- ~~(ii) Within five (5) business days from receipt of the written notification of deficiency, Petitioner shall either:
 - ~~(I) Provide the Board with all information and/or documentation necessary to remedy the deficiency; or~~
 - ~~(II) In the event a petitioner requires additional time to remedy the deficiency, Petitioner may request a stay/continuance of thirty (30) calendar days and provide the Board a signed waiver of the forty five (45) day deadline in accordance with subparagraph (4)(A) of this section. Failure by a petitioner to complete the steps necessary to timely remedy a deficiency in a petition in accordance with the procedures~~~~

~~set forth in (d)(3)(B)(ii) shall result in a recommendation submitted to the State Board of Education for denial based on deficiency.~~

~~(C) Upon completion of review of the petition, the committee shall submit to the Board:~~

- ~~(i) A copy of each petition for appeal;~~
- ~~(ii) A written explanation of the petition;~~
- ~~(iii) Copies of all evidence and/or documentation submitted to the Board by a petitioner in support of the appeal;~~
- ~~(iv) Any additional information that may be necessary for the Board to take action;~~
- ~~(v) A recommendation of either acceptance or denial of the petition.~~

~~(4) **Dismissals of petitions for appeal.** At any time after filing, a petition for appeal may be dismissed by the Board prior to final action in accordance with the following procedures:~~

~~(A) Grounds for dismissal of a petition may be based upon a demonstration of evidence of one or more of the following circumstances:~~

- ~~(i) The appeal has been rendered moot (e.g., petitioner subsequently meets all ACE requirements during the pendency of the appeal);~~
- ~~(ii) Appeal is filed by a party who is not a proper petitioner as set forth by (d)(1) of this section;~~
- ~~(iii) The appeal is premature (e.g., petitioner's diploma has not yet been denied);~~
- ~~(iv) Denial of diploma was based on factors unrelated to failure to demonstrate mastery of state academic content standards set forth in 70 O.S. § 1210.523 (e.g., denial based upon lack of credit hours necessary to meet graduation requirements set forth in 70 O.S. § 11-103.6);~~
- ~~(v) Inaction by Petitioner (e.g., failure to timely respond to requests for additional evidence or information from the State Board) or~~
- ~~(vi) Dismissal is requested by the Petitioner.~~

~~(B) Prior to dismissal, petitioner shall be provided with reasonable notice of intent to dismiss the appeal and opportunity to respond in accordance with the following procedures:~~

- ~~(i) The notice of intent to dismiss the appeal shall conform to the requirements of notice set forth in 75 O.S. § 309, and shall include:
 - ~~(I) A statement notifying the Petitioner of the forty five (45) day time requirement set forth in 70 O. S. § 1210.523;~~
 - ~~(II) A statement providing the Petitioner with five (5) business days from Petitioner's receipt of notice of intent to dismiss, to respond to the notice of intent to dismiss by either submitting a written opposition to dismissal, or requesting a stay/continuance of the action in accordance with the procedures set forth in (d)(5)(A) of this section; and~~~~

(III) A statement that Petitioner's failure to respond to the notice of intent to dismiss within five (5) business days from Petitioner's receipt of notice of intent to dismiss the appeal may result in dismissal of the petition by the Board without further action on the appeal.

(5) **Notice of action on petition recommended to the Board.** Following review of the petition for appeal, the Petitioner shall receive written notification as to the recommended action (i.e., acceptance or denial of the petition) that will be presented to the State Board. Written notification of the recommended action must be received by the Petitioner at least five (5) business days prior to the meeting of the State Board of Education in which the recommendation will be presented.

(A) At any time prior to final action on the appeal, the State Board may grant a stay or continuance of an action on an appeal upon receipt of a motion for continuance by Petitioner and a written waiver by Petitioner of the forty five (45) day deadline for action upon an appeal set forth at 70 O.S. § 1210.523 and accompanying rules.

(B) Recommendations for denial of a petition for appeal shall be based upon the grounds set forth in paragraph (d)(3) of this section.

(6) **Action on a petition for appeal.** After review of the petition for appeal in accordance with the procedures set forth in (d)(3) of this section, the State Board of Education shall take action on a petition for appeal based on the merits of the written information provided in the appeal.

(A) The Board shall consider a petition for appeal in the form of a "Consent Docket," which shall be considered as one item.

(B) Any member of the Board may request that a petition for appeal be removed from the "Consent Docket" for discussion or to be separately considered. If such a request is made, the matter shall be removed from the docket and presented for individual action by the State Board of Education.

(C) In the event the Board determines that there is insufficient evidence in order to make an effective or proper ruling on the appeal, the State Board of Education may, by a vote of the majority of members, remove a petition for appeal from the "Consent Docket" and set a hearing for further review and consideration in accordance with the procedures set forth at (d)(7) of this section.

(7) **Procedures for hearings on appeal of a petition.** If the Board determines a hearing is necessary, the Secretary of the Board shall conduct a hearing in accordance with the Oklahoma Administrative Procedures Act, 75 O.S. § 309 et seq. and with the following procedures:

(A) The Board shall provide the Petitioner(s) and all interested parties, if any, with reasonable notice of the hearing and opportunity to appear at the hearing to present explanation of the petition, evidence submitted to the Board, and/or any additional information that Petitioner believes may be necessary for the

Board to take action. Any proper party to the appeal shall have the right to designate legal counsel to appear and act for and on behalf of the party represented, provided that such counsel must be duly licensed to practice law by the Supreme Court of Oklahoma.

(B) In addition to the contents of the notice required by 75 O.S. § 309, the notice shall also advise Petitioner of:

(i) The forty five (45) day time requirement set forth in 70 O.S. § 1210.523;

(ii) Petitioner's opportunity to submit a motion and waiver of Petitioner's right to final action of the board along with a waiver of the forty five (45) day time requirement in accordance with the procedures set forth in (d)(5)(A) of this section; and

(iii) A statement that Petitioner's failure to respond to the notice of petition and/or appear at the hearing, may result in dismissal of the petition for appeal.

(C) The school district in which the student is or was enrolled shall be named as an "Interested Party" and shall be provided with notice and opportunity to appear and present evidence at the appeal hearing before the State Board of Education.

(D) The determination of the State Board of Education shall be considered a final agency order, shall be issued in writing, and shall conform to the requirements of final agency orders set forth in 75 O.S. § 312.

(e) **Exceptions and Exemptions to Student Requirements to Demonstrate Mastery of State Academic Content Standards.** The State Board of Education may approve the petition for appeal of students and grant a waiver of one or more EOI assessments for students who have provided evidence of the existence of at least one of the following:

(1) Facts documenting events, conditions, or situations which fall within the definition of "extenuating circumstances" set forth in paragraph (a)(3) of this section; or

(2) Demonstration of mastery of the state academic content standards referenced in subsection (b) of this rule, by successful completion of a higher level course in the same subject matter and attaining a satisfactory or proficient score in an EOI exam in that same course.

(f) **Reporting appeal data.** By September 1 of each year, each school district shall report to the State Department of Education all data necessary for the Board to complete the annual report required pursuant to 70 O.S. § 1210.523 by the October 1 deadline. The report provided to the State Department of Education shall include, at a minimum, the total number of students in the school district who filed petitions for appeal of denials of diplomas which occurred in the previous school year, and the total number of those petitions filed which were granted. Data shall include subtotals of number of appeals filed and granted for each school site. Information collected pursuant to state statute shall be made available to the district's Regional Accreditation Officer (RAO) during the accreditation process.

(g) **Re-enrollment for remediation.** Students who have successfully completed all courses necessary to graduate from

Permanent Final Adoptions

high school with a standard diploma but were denied a standard diploma for failing to meet the graduation requirements 70 O.S. § 1210.523 shall be eligible for re enrollment in the school district that denied the student a standard diploma until the student has reached the age of twenty one (21) years old. Enrollment shall be solely for the purpose of obtaining all remediation and/or intervention and opportunities necessary for the student to demonstrate mastery of state academic content standards in the subject area or areas in which the student failed to demonstrate mastery in accordance with the requirements of this Section. Students who re enroll in the school district pursuant to this subsection shall be exempt from the hourly instructional requirements of 70 O.S. § 1-111 and the six period enrollment requirements of 70 O.S. § 11-103.6. State aid funding for students enrolling part time in accordance with the provisions of this subsection shall be calculated in accordance with the provisions of 70 O.S. § 1210.526(D).

(h) ~~Oklahoma School for the Blind and the Oklahoma School for the Deaf.~~ The Oklahoma School for the Blind and the Oklahoma school for the Deaf shall be deemed local education agencies ("LEAs") solely for the purposes of purchasing, administering and obtaining results for the EOI exams necessary to comply with the requirements of 70 O.S. § 1210.523 for the students attending their schools.

GIST/ANALYSIS:

The rule addressing the Academic Assessment Monitoring Program, established to evaluate schools' implementation of required academic assessments, is updated to reflect changes to federal and state law. Legal citations to the *Elementary and Secondary Education Act* (ESEA) now refer to the section numbers as revised in the *Every Student Succeeds Act of 2015* (ESSA), and a reference to a discontinued federal administrative guide is corrected to the current version. Provisions that address charter schools are also updated, because state law now provides for charter school sponsors other than school districts.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 13. STUDENT ASSESSMENT

210:10-13-21. Academic Assessment Monitoring Program (AAMP)

(a) **Purpose.** The Oklahoma State Department of Education (OSDE) shall establish and implement the Academic Assessment Monitoring Program (AAMP) to evaluate school district implementation and compliance with both Federal and State law and regulations related to academic assessments. The rules will bring the state into compliance with the following state and federal statutes and regulations:

(1) Student Achievement and School Accountability Programs (SASA) for Formula Grant Programs,

(2) The Elementary and Secondary Education Act (ESEA), as reauthorized by the Every Student Succeeds Act (ESSA), requires under Section 930420 U.S.C. § 7844 (a)(1) ~~requires~~ that a State Education Agency (SEA) ensure that programs authorized under the ESEA are administered in accordance with all applicable statutes, regulations, program plans, and applications,

(3) ~~ESEA Section 930420 U.S.C. § 7844(a)-(B)(3)~~ requires that an SEA adopt and use proper methods of administering each ESEA program, including the correction of deficiencies in program operations that are identified through audits, monitoring, or evaluation,

(4) ~~Section 80.4034 C.F.R. § 200.328 of the Education Department General Administrative Regulations (EDGAR) Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards~~ requires an SEA to monitor grant and sub-grant activities to ensure compliance with applicable Federal requirements, and the Oklahoma School Testing Program (OSTP) Act at Title 70 O.S. § 1210.505 Student Assessment et seq., Oklahoma School Testing Program (OSTP), and Oklahoma Administrative Codes Code (OAC) sections 210:10-13-2, 4, 6, 7, 9, 10, 11, 18, and 20.

(5) This monitoring program is intended to:

- (A) Ensure the testing of all eligible students, proper training of school district staff is conducted, test security is maintained, assessments are administered consistently and in a uniform manner as mandated in the Oklahoma Administrative ~~Codes~~Code (OAC) sections 210:10-13-2, 4, 6, 7, 9, 10, and 11;
 - (B) Ensure that the OSDE receives from districts data of the highest quality, as mandated in the Oklahoma Administrative Code (OAC) 210:10-13-4, 18, and 20, and;
 - (C) Assist the staff of the OSDE to better advise and partner with districts regarding accountability and assessments.
- (b) **Applicable entities.** These rules are applicable to all public schools, school districts, charter schools, and other educational entities within the state that participate in the OSTP.
- (c) **Schedule of district monitoring.** All public school districts will be monitored at least once during the five (5) year cycle.
- (1) School districts shall be scheduled for monitoring using a random selection process. Of the districts to be monitored within a particular year, five (5) percent will be randomly selected for site monitoring. The remaining ninety-five (95) percent will be monitored using a desk monitoring procedure.
 - (2) Additional school districts may receive a special desk or on-site monitoring and compliance review based on any of the following criteria:
 - (A) Observed statistical irregularities or discrepancies with student assessment data Oklahoma Administrative Code (OAC) 210:10-13-18, and 20 (e.g., statistical improbable growth in the percentage of student scoring proficient, questionable erasure analysis, and/or unusual change in student demographics);
 - (B) An established pattern of testing violations identified in the Oklahoma Administrative Code (OAC) at 210:10-13-2, 4, 6, 7, 9, 10, 11, 18, and 20 or irregularities as reported to the OSDE (e.g., vendor reports, invalidations, improper test administration, failure to attend or conduct yearly training);
 - (C) Documented concerns (e.g., parent and community, noncompliance issues from prior years, other technical assistance requests), and/or;
 - (D) Testing irregularities discovered through previous annual random monitoring.
- (d) **Notification of monitoring schedule.** The monitoring schedule will be updated on an annual basis and posted to the OSDE Web site. Any new school site and/or district will be added to the cycle when the yearly update occurs. School sites and or districts that cease operation within the state shall be removed from the list. The Office of Accountability and Assessments will notify the superintendent of the school district in writing at least ten (10) working days prior to the opening of the testing window that the school district will be monitored during the upcoming testing window and will identify whether the monitoring will be on-site or desk monitoring. Additional schools monitored under (c) (2) of these rules, will be notified

in writing at least twenty (20) working days before the opening of the testing window.

- (e) **Monitoring procedures.**
 - (1) **On-site monitoring.**
 - (A) OSDE will send the district an On-site Monitoring Checklist ten (10) working days before the opening of ~~at the~~ testing window to the District Superintendent and District Test Coordinator of the school district to be monitored.
 - (B) The superintendents of districts receiving an on-site monitoring notification letter will submit the district and site testing schedules to the OSDE, Office of Accountability and Assessments five (5) working days prior to the opening of the testing window. If a change in the testing schedule occurs by the district, prior to on-site monitoring, the district must notify the OSDE, Office of Accountability and Assessments immediately.
 - (C) The OSDE, Office of Accountability and Assessments notification letter of monitoring will indicate which site(s) within the district have been selected for monitoring.
 - (D) At a minimum, one elementary school, one middle school, and one high school site within the district will be monitored as applicable.
 - (E) ~~If charter schools have been established within the school district, these sites~~Charter schools may also be monitored.
 - (2) **Desk monitoring.**
 - (A) The staff of the Office of Accountability and Assessments will analyze across a ~~four~~five (5) year period all pertinent testing and educational data for the school district being monitored (e.g., percent of students tested across cohort).
 - (B) The Desk Monitoring notification letter will indicate which site(s) within the district have been selected for monitoring.
 - (C) At a minimum, one elementary school, one middle school and one high school site within the same district will be monitored as applicable.
 - ~~(D) If charter schools have been established within the school district, these sites may also be monitored.~~
 - ~~(E)~~ District Superintendents and District Test Coordinators of the school district to be monitored will receive a Desk Monitoring Checklist, ten (10) working days before the opening of ~~at the~~ testing window. The section of the checklist titled, "District Provided Documentation" must be completed and documents returned to the Office of Accountability and Assessments of the Oklahoma State Department of Education within twenty (20) working days from the last testing day of the ~~End of Instruction (EOI)~~online assessment window.
 - (E) Charter schools may also be monitored.
- (f) **Failure to comply with state and federal regulations related to Academic Assessment.**
 - (1) The Office of Accountability and Assessments will provide monitoring results to the district superintendent

Permanent Final Adoptions

forty five (45) working days from the end of the 20 day submission date of the On Site or Desk Monitoring documents from the school district being monitored. The monitoring results will inform a district that they have met or not met requirements of Subsection (a) of these rules related to student academic testing. Districts will be designated as in compliance if all requirements have been met, or if any monitored area is found deficient then the district and the school will be designated as noncompliant. If a district is designated as noncompliant, the Office of Accountability and Assessment staff will annually conduct monitoring activities until the district is in compliant status.

(2) Districts that remain in noncompliance for two consecutive years will receive a deficiency on their accreditation report.

GIST/ANALYSIS:

House Bill 3218 (2016) amended the statutes that govern Oklahoma's student assessment system, and the rule that addresses the school accountability system must be updated to incorporate the changes. Further revision of 210:10-13-22 will likely be necessary next year to reflect additional changes, but the rule must be amended at this time to reflect the repeal of the Achieving Classroom Excellence (ACE) Act and the elimination of End-of-Instruction (EOI) exams. In order to streamline the process of calculating school ("A-F") report cards, the "Initial Data Verification" period

for schools to confirm the accuracy of their submitted data is proposed to be amended to fifteen (15) calendar days, from the current thirty (30) days. The 10-day "Calculation Verification" window that follows the Initial Data Verification period will remain the same.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 13. STUDENT ASSESSMENT

210:10-13-22. Implementation of a system of school improvement and accountability

(a) **Purpose.** Accountability for student learning is the key focus of school improvement. Results from the statewide assessment program shall form the basis of the system of school improvement and accountability. Student achievement data from the ~~State's annual standardized assessments in grades three (3) through eight (8) and end of instruction tests administered under Section 1210.508 of Title 70 statewide student assessment system adopted pursuant to 70 O.S. § 1210.508~~ shall be used to establish both proficiency levels and annual progress for individual students, school sites, school districts, and the State. Results shall further be used as the primary criteria in calculating school performance grades as specified in subsection (f) of this rule and shall be annually reported. Results may further be used by the Legislature in calculating any performance-based funding policy that is provided to public school districts. The statewide assessment program shall be used to measure the annual learning gains of each student toward achievement of the State standards appropriate for the student's grade level and to inform parents of the educational progress of their public school children.

(b) **Overview and implementation.** The A-F school accountability system will be implemented in the year 2012, based on data from the 2011-2012 school year, and shall be reported annually thereafter. The school accountability system will be considered to be fully implemented with the following accountability elements:

(1) Designation of overall school performance grades shall be based on a combination of the following:

(A) Fifty percent (50%) on whole school performance, as measured by allocating one (1) point for each student who scores proficient or advanced on the ~~critierion-referenced tests and end of instruction tests~~ assessments and alternative assessments administered to students pursuant to the provisions of the Oklahoma School Testing Program at 70 O.S. §§1210.508 ~~and 1210.523~~, summing the points, and dividing the points by the total number of students taking the tests;

(B) Twenty-five percent (25%) on whole school growth, measured by allocating one (1) point for each student tested who maintains a score of "Proficient" or above, improves proficiency levels, or improves substantially within a proficiency level on the ~~State's annual standardized assessments in reading and mathematics in grades three (3) through eight (8) and Algebra I and English II end of instruction tests administered to students pursuant to the provisions of the Oklahoma School Testing Program at 70 O.S. § 1210.508, tests/assessments adopted pursuant to 70 O.S. § 1210.508,~~ summing the points, and dividing the points by the total number of students taking the tests;

(C) Twenty-five percent (25%) on growth of the lowest twenty-five percent (25%) of students in the school, measured by allocating one (1) point for each student tested in the bottom twenty-five percent (25%) who maintains a score of "Proficient" or above, improves proficiency levels, or improves substantially within a proficiency level on the ~~State's annual standardized assessments in reading and mathematics in grades three (3) through eight (8) and Algebra I and English II end of instruction tests administered pursuant to the provisions of the Oklahoma School Testing Program at adopted pursuant to 70 O.S. § 1210.508,~~ summing the points, and dividing the points by the total number of students taking the tests.

(2) In addition to the three criteria listed in (b)(1) of this Section, bonus points shall be calculated in accordance with the criteria set forth in (g) of this Section and added to the subtotal of component points to create a final report card index of points used to calculate the overall school performance grade of each school site.

(3) Schools shall earn a separate performance grade for each of the three criteria listed in (b)(1) and (f) of this Section. Additionally, schools shall earn an overall performance grade based on a combination of the criteria listed in (b)(1) and (f) and the bonus points earned in accordance with (g) of this Section.

(4) To ensure that student data accurately represent school performance, schools shall be required to assess at least ninety-five percent (95%) of eligible students to earn a school performance grade. Failure to assess at least ninety-five percent (95%) of eligible students will result in a letter grade reduction in the school's overall school performance grade. Schools assessing less than ninety percent (90%) of eligible students will result in the school earning an overall performance grade of F.

(c) **School Accountability for Student Performance.** All schools shall be accountable for performance. Each school is accountable for the performance of its entire student population. Student achievement data from the State's ~~annual standardized assessment system and end of instruction tests administered in this State~~ shall be used to measure a school's student performance for the subject areas of reading, mathematics, social studies, science and writing.

(d) **Reporting Student Achievement Data for School Accountability.** Student achievement data shall be reported for all students in a school. Each year, reports of achievement data for all students shall be prepared for each school, each district, and the State. District reports shall be calculated in the same manner as a school site, aggregated at the student level and calculated in accordance with the requirements of 70 O.S. §§ 1210.545(B), (D) and (J).

(1) The scores will be computed from the number of eligible students enrolled in the school. Eligible students shall include all students enrolled for the full academic year ("FAY") in the school and taking the State's ~~annual standardized assessments adopted pursuant to 70 O.S. § 1210.508 or end of instruction tests. For end of instruction exams, only first opportunity students are included in the calculation of eligible students.~~ A student shall be considered a FAY student if the student is enrolled within the first twenty (20) instructional days of the school's instructional year through and including the date of administration of the exam, and has not experienced an enrollment lapse of ten (10) or more consecutive instructional days. The FAY determination shall be based on continuous enrollment and shall not be based on attendance determinations.

(2) All eligible students, regardless of disability or limited English proficiency classification, with valid state standardized assessment scores in reading and math in both the current school year and the previous school year are included in (f)(2) and (f)(3) of this Section regarding the determination of student learning gains. In addition, the inclusion of these students shall be applied to (b)(3) of this Section, regarding the percentage of students assessed. Current and previous school years' reading and math scores for students with disabilities assessed on the State's annual standardized alternate assessment shall be included in the determination of test scores, including achievement addressed in (f)(1) of this Section.

(3) The Superintendent of Public Instruction is authorized to designate a single school performance grade for schools that serve multiple levels: elementary and/or middle and/or high school grade levels. Designations shall be made based on the highest grade level offered by the school.

(A) If the highest grade offered by a school site is the sixth (6th) grade or below, the school shall be graded according to elementary school criteria.

(B) If the highest grade offered by a school site is the (7th) through tenth (10th) grade, the school shall be graded according to the middle school criteria. Schools in this category shall not earn advance coursework credit for ninth and tenth grade students completing high school coursework unless the course qualifies as advanced coursework pursuant to (g)(1)(B) or (g)(2)(A) of this Section.

(C) If the highest grade offered by a school site is the eleventh (11th) or twelfth (12th) grade, the school shall be graded according to high school criteria.

Permanent Final Adoptions

(4) The State Department of Education will verify that each school is appropriately classified by type before the issuance of school grades. School type is defined as the school level designation of a school based on the grade levels served: elementary, middle, high, or a combination across levels.

~~(5) For purposes of (f) of this Section, the determination of the proficiency level of eligible students exempted from one or more end-of-instruction exams in accordance with the requirements of 70 O.S. 1210.523 and the accompanying rule at 210:10-13-16(b)(7)-(8) shall be based upon the cut scores approved by the State Board of Education. Points shall be awarded and calculated for each "Proficient" or "Advanced" score in accordance with (f) of this Section.~~

(e) **School Performance Grades.** The measure of school accountability shall be the school performance grade. The Oklahoma State Board of Education is authorized to designate a school performance grade for each school that:

(1) For purposes of calculating student achievement pursuant to (f)(1), has at least ten (10) eligible students with valid student state standardized assessment scores.

(2) For purposes of calculating student growth pursuant to (f)(2), has at least ten (10) eligible students with valid student state standardized assessment scores ~~or end-of-instruction test scores~~ in reading or math in both the current and the previous school years.

(3) For purposes of calculating growth of the lowest twenty-five percent (25%) of students pursuant to (f)(3), has at least ten (10) eligible students with valid student state standardized assessment scores ~~or end-of-instruction test scores~~ in reading or math in the current and previous school years.

(4) A school shall not earn a grade for any component or criteria unless minimum N-size requirements established pursuant to this rule are met. Performance designations shall be made using School Performance Grades A+, A, A-, B+, B, B-, C+, C, C-, D+, D, D- and F. School performance grades shall be based on the assessments and criteria as specified in (f) of this Section and bonus points as specified in (g) of this Section. The Superintendent of Public Instruction is authorized to establish and adjust appropriate achievement level criteria to the extent allowed by law for submission to the State Board of Education for final approval.

(f) **Criteria for Designating School Performance Grades.** Overall school performance grades shall be based on a combination of the bonus points calculated in accordance with (g) and the points calculated in accordance with the three criteria outlined in (b)(1) of this Section: (1) whole school performance; (2) whole school growth; and (3) growth of the lowest twenty-five percent (25%).

(1) **Whole school performance index.** Student achievement scores are represented through a performance index, aggregated for each school, calculated based on all state standardized assessments ~~and/or end-of-instruction tests~~ collectively, and by each subject area. A

point value shall be given to each exam based on proficiency score. Points shall be summed and divided by the number of exams administered to eligible students.

(A) Points shall be assigned based on the following criteria:

- (i) Unsatisfactory = 0
- (ii) Limited Knowledge = 0
- (iii) Proficient = 1.0
- (iv) Advanced = 1.0

(B) A letter grade shall be earned based on the following criteria:

- (i) 90 points or Above = A
- (ii) 80 - 89 points = B
- (iii) 70 - 79 points = C
- (iv) 60 - 69 points = D
- (v) 59 points or Below = F

(2) **Whole school growth index.** Annual learning gains in reading and math are represented through a growth index, aggregated for each school. The score shall be calculated in whole and by subject-matter by assigning one point for each student who improves proficiency levels or improves substantially within a proficiency level from the previous school year to the current school year, divided by the number of students taking the tests.

(A) This calculation represents the number of eligible students who have:

- (i) Improved their state standardized assessment achievement level or state standardized alternative assessment achievement level, as applicable, from the previous school year to the current school year; or
- (ii) Improved their state standardized assessment achievement level or state standardized alternative assessment achievement level and such change in OPI from the previous school year to the current school year met or exceeded the State average of students with positive OPI change; or
- (iii) Maintained their proficient or satisfactory achievement level on the state standardized assessment or state standardized alternate assessment, as applicable, from the previous school year to the current school year.

(B) The growth index shall be calculated based on improved state standardized assessment ~~and end-of-instruction test~~ performance from the previous school year to the current school year. The growth index shall be calculated by subject-matter and by assigning a point value to the change in proficiency score from the previous year to the next. Points based on student gains shall be summed and divided by the number of exams administered, and shall include only eligible students for whom comparative test scores exist. Points shall be assigned based on the following criteria:

- (i) Change from Unsatisfactory to Limited Knowledge = 1.0
- (ii) Change from Unsatisfactory to Proficient or Satisfactory = 1.0

- (iii) Change from Unsatisfactory to Advanced = 1.0
 - (iv) Change from Limited Knowledge to Proficient or Satisfactory = 1.0
 - (v) Change from Limited Knowledge to Advanced = 1.0
 - (vi) Change from Proficient or Satisfactory to Advanced = 1.0
 - (vii) Remain Proficient or Advanced from Year 1 to Year 2 = 1.0
 - (viii) Remained at Unsatisfactory from Year 1 to Year 2 and Meets or Exceeds State Average Positive Change or remained at Limited Knowledge from Year 1 to Year 2 and Meets or Exceeds State Average Positive Change = 1.0
 - (ix) Remained at Unsatisfactory from Year 1 to Year 2 and Fails to Meet or Exceed State Average Positive Change or remained at Limited Knowledge from Year 1 to Year 2 and Fails to Meet or Exceed State Average Positive Change = 0
 - (x) Remained at Unsatisfactory from the previous school year to the current school year, or remained at Limited Knowledge from the previous school year to the current school year, but demonstrates substantial improvement within a proficiency level = 1.0
- (C) For purposes of this subparagraph, a student's improvement within a proficiency level will be considered "substantial improvement" if the student demonstrates an increase in Oklahoma Performance Index ("OPI") score from the previous school year to the current school year that meets or exceeds the average positive increase amongst all students in the State who increased their OPI score from the previous school year to the current school year.
- (D) A letter grade shall be earned based on the following criteria:
- (i) 90 points or Above = A
 - (ii) 80 - 89 points = B
 - (iii) 70 - 79 points = C
 - (iv) 60 - 69 points = D
 - (v) 59 points or Below = F
- (3) **Growth of the lowest twenty-five percent of students.** Improvement of the lowest twenty-five percent (25%) of students in reading and math shall be aggregated, as required by 70 O.S. § 1210.545. The score shall be calculated in whole and by subject-matter by assigning one point for each student in the bottom quartile who improves proficiency levels or improves substantially within a proficiency level from the previous school year to the current school year, divided by the number of students taking the test.
- (A) The calculation of a positive change in OPI score that meets or exceeds the State's average growth represents the number of eligible students who have:
- (i) Improved their state standardized assessment achievement level or state standardized

- alternative assessment achievement level, as applicable, from the previous school year to the current school year; or
 - (ii) Retained their state standardized assessment achievement level or state standardized alternative assessment achievement level and such change in OPI from the previous school year to the current school year met or exceeded the State average of students with positive OPI change.
- (B) The score shall be based on improved state standardized assessment ~~and end-of-instruction-test~~ performance from the previous school year to the current school year. Points based on student gains shall be summed and divided by the number of exams administered, and shall include only eligible students for whom comparative test scores exist. The growth of the lowest twenty-five percent (25%) shall be calculated based on the following criteria:
- (i) Change from Unsatisfactory to Limited Knowledge = 1.0
 - (ii) Change from Unsatisfactory to Proficient or Satisfactory = 1.0
 - (iii) Change from Unsatisfactory to Advanced = 1.0
 - (iv) Change from Limited Knowledge to Proficient or Satisfactory = 1.0
 - (v) Change from Limited Knowledge to Advanced = 1.0
 - (vi) Change from Proficient or Satisfactory to Advanced = 1.0
 - (vii) Remain Proficient or Advanced from Year 1 to Year 2 = 1.0
 - (viii) Remained at Unsatisfactory from Year 1 to Year 2 and Meets or Exceeds State Average Positive Change or remained at Limited Knowledge from Year 1 to Year 2 and Meets or Exceeds State Average Positive Change = 1.0
 - (ix) Remained at Unsatisfactory from Year 1 to Year 2 and Fails to Meet or Exceed State Average Positive Change or remained at Limited Knowledge from Year 1 to Year 2 and Fails to Meet or Exceed State Average Positive Change = 0
 - (x) Demonstrates substantial improvement within a proficiency level = 1.0
- (C) For purposes of this subparagraph, a student's improvement within a proficiency level will be considered "substantial improvement" if the student demonstrates an increase in Oklahoma Performance Index ("OPI") score from the previous school year to the current school year that meets or exceeds the average positive increase amongst all students in the State who increased their OPI score from the previous school year to the current school year.
- (D) A letter grade shall be earned based on the following criteria:
- (i) 90 points or Above = A
 - (ii) 80 - 89 points = B
 - (iii) 70 - 79 points = C

Permanent Final Adoptions

(iv) 60 - 69 points = D

(v) 59 points or Below = F

(g) **Bonus points.** Each school can earn up to a maximum of ten (10) bonus points to be added to the subtotal of component points and applied toward their final grade. The criteria listed in (1), (2) and (3) of this subsection shall be used to calculate bonus points for high schools, middle schools, and elementary grade schools. Annually, the Oklahoma State Department of Education shall publish technical assistance specifically detailing the weighted formula and the projected availability of valid data used for computing bonus points. Technical assistance shall be published in time for school districts to make meaningful use of the information and data. A school district, charter school, or virtual charter school shall not be eligible to be awarded bonus points on its site report cards for attendance pursuant to (g)(3)(A) and (g)(2)(B) of this Section unless it has established a method for maintaining accurate records of student daily attendance and accurate reporting of student daily attendance that ensures compliance with the provisions of 70 O.S. §§ 5-117.3, 10-103.1, 10-106, 18-111, 18-116.

(1) **High schools.** Schools comprised of high school grades may earn up to a maximum of ten (10) bonus points as follows:

(A) **Four-year adjusted cohort graduation rate.** A high school shall earn five (5) bonus points if its four-year adjusted cohort graduation rate meets or exceeds the criteria for earning an "A" for the high school graduation rate of the school. The criteria for earning an "A" for this component shall be met if a school's four-year adjusted cohort graduation rate meets or exceeds ninety percent (90%). The calculation of the four-year adjusted cohort graduation rate shall only include students counted as on-time graduates as defined by federal regulations.

(B) **Participation or performance in accelerated coursework.** One (1) bonus point shall be awarded to each high school that meets or exceeds the criteria for earning an "A" in either student participation or student performance in accelerated coursework. The criteria for earning an "A" for this component shall be met if the school achieves either a student participation rate of seventy percent (70%) or higher in accelerated coursework or a student performance rate of ninety percent (90%) or higher in accelerated coursework. Student participation and performance rates shall be calculated as follows:

(i) **Participation in accelerated coursework.** Participation in accelerated coursework, is defined as participation in Advanced Placement (AP) courses, International Baccalaureate (IB) programs, concurrent enrollment, Advanced International Certificate of Education (AICE) courses, and industry certification courses. For this component, participation shall be calculated for the school year by dividing a count of accelerated coursework participants in grades nine (9) through twelve (12) (numerator) by the count of all students enrolled in grades eleven (11) and

twelve (12) (denominator). For this component, a student must earn a passing grade in the course in order to be counted as a participant. Schools shall earn credit for every accelerated course in which a student is enrolled. Students enrolled in multiple accelerated courses shall be counted once for each course in which they are enrolled. In calculating a percentage for this component, participation rate shall include all enrollment data regardless of whether the course was taught at the high school, at a career technology center, an accredited college or university, or at a regional site of the Oklahoma School of Science and Mathematics.

(ii) **Performance in accelerated coursework.** Performance in concurrent enrollment, Advanced International Certificate of Education (AICE) courses, Advanced Placement (AP), International Baccalaureate (IB), and industry certification courses. For this component, the numerator of the performance calculation shall include all students in grades nine (9) through twelve (12) who took an accelerated course or subject area examination during the academic year. AICE successful completion is defined as earning a "C" or higher and being awarded credit for specific postsecondary course(s). For concurrent enrollment, successful completion is defined as a passing grade of "C" or higher in a concurrent enrollment course for college credit. For industry certification, successful completion is defined as earning a "C" or better in the course leading to industry certification. Schools can earn additional successful completions for students who achieve industry certifications that result in credit for more than one (1) college course through statewide articulation agreements. For AP and IB performance, credit shall be earned based for each student scoring a three (3) or better on the AP exams, or a four (4) or better on IB exams. For purposes of this component, a school shall earn credit for every course in which a student demonstrates the required level of performance. In calculating a percentage for this component, performance shall include all coursework regardless of whether the course was taught at the high school, at a career technology center, an accredited college or university, or at a regional site of the Oklahoma School of Science and Mathematics.

(C) **ACT and SAT participation or performance.** One (1) bonus point shall be awarded to each high school that meets or exceeds the criteria for earning an "A" in either student participation or performance on ACT or SAT college entrance exams. The criteria for earning an "A" for this component shall be met if a school achieves a rate of seventy-five percent (75%) or higher percentage of either student participation or performance on college entrance

exams. Student participation and performance rates shall be calculated as follows:

(i) **ACT and SAT participation.** High schools may earn one (1) bonus point based on the calculated percent of students taking the ACT and/or SAT. The percent is calculated by dividing the number of twelfth (12th) grade students who have taken the ACT and/or SAT tests, divided by the number of students enrolled in grade twelve (12). Students will be counted once for the ACT and/or once for the SAT, regardless of the number of times or at which grade levels the test(s) are taken. The high school will earn credit for the most recent test score reported at the time the test is administered.

(ii) **ACT and SAT performance.** High schools may earn one (1) bonus point based on the percentage of students scoring an ACT composite score of 20 or greater based on 36-point scale, and/or an SAT score of 1410 or greater based on a 2400-point scale. Students will be counted once for the ACT and/or once for the SAT, regardless of the number of times or at which grade levels the test(s) are taken. The high school will earn credit for the most recent test score reported at the time the test is administered.

(D) **High school graduation rate of eighth (8th) graders.** One (1) bonus point shall be awarded to each high school that meets or exceeds the criteria for earning an "A" for the a high school graduation rate of students who scored at limited knowledge or unsatisfactory on the eighth (8th) grade reading and mathematics criterion-referenced test administered pursuant to the Oklahoma State Testing Program (OSTP). The criteria for earning an "A" for this component shall be met if a school achieves a graduation rate of eighty-five percent (85%) or higher for its students who scored at limited knowledge or unsatisfactory on the eighth grade reading and mathematics tests. For this component, schools shall be eligible to earn the bonus point based on the calculation of the graduation rate of this population of eighth (8th) graders, regardless of where the student attended the eighth (8th) grade).

~~(E) **Overall EOI performance.** Upon the availability of valid student assessment data, one (1) bonus point shall be awarded to a high school if eighty percent (80%) or more of its graduates from the previous school year have scored either a "Satisfactory/Proficient" or "Advanced" on six (6) out of the seven (7) secondary level EOI assessments required by the Oklahoma School Testing Program Act at 70 O.S. § 1210.508(A)(6).~~

~~(FE) **Year-to-year growth.** Upon the availability of valid student data, one (1) bonus point shall be awarded to each high school which demonstrates improvement from the previous school year in at least three (3) of the five (5) components used to calculate~~

bonus points set forth in (1)(A) through (1)(~~ED~~) of this subsection. For purposes of this subparagraph, a high school will be deemed to have demonstrated improvement in a category if the school has received bonus points in that category for two consecutive years (i.e., the current report card and the previous year's report card). In the alternative, a high school can demonstrate improvement in a category by meeting the following criteria specified in the category:

(i) **Four-year adjusted cohort graduation rate.** A high school demonstrates improvement by increasing its four-year adjusted cohort graduation rate in (1)(A) of this subsection by at least ten percent (10%) of the difference between the previous year's graduation rate and one hundred percent (100%).

(ii) **Participation or performance in accelerated coursework.** A high school demonstrates improvement by increasing its rate of participation or performance in accelerated coursework in (1)(B) of this subsection by five percent (5%) or more.

(iii) **ACT and SAT participation or performance.** A high school demonstrates improvement by increasing its rate of participation or performance in ACT or SAT in (1)(C) of this subsection by at least ten percent (10%) of the difference between the previous year's rate and one hundred percent (100%).

(iv) **High school graduation rate of eighth (8th) graders.** A high school demonstrates improvement by increasing its high school graduation rate of eighth graders in (1)(D) of this subsection by at least ten percent (10%) of the difference between the previous year's graduation rate and one hundred percent (100%).

~~(v) **Overall EOI performance.** A high school demonstrates improvement by increasing its overall rate of EOI performance in (1)(E) of this subsection by at least ten percent (10%) of the difference between the previous year's rate and one hundred percent (100%).~~

(2) **Middle schools.** Schools comprised of middle school grades may earn up to a maximum of ten (10) bonus points as follows:

(A) **The percentage of students who are taking higher level coursework at a satisfactory or higher level in middle school.** Middle schools shall earn two (2) bonus points for meeting or exceeding the criteria for earning an "A" on the rate of the school's middle school students who take accelerated coursework at a satisfactory or higher level. The criteria for earning an "A" for this component shall be met if the school achieves a participation rate of thirty percent (30%) or higher percentage of middle school students taking traditional high school courses, pre-Advanced Placement courses, or honors courses in a traditional classroom or in a virtual environment who score at

Permanent Final Adoptions

a satisfactory level or higher on the corresponding state standardized assessment. Schools shall earn credit for every accelerated course in which a student is enrolled. Students enrolled in multiple accelerated courses shall be counted once for each course in which they are enrolled.

(B) **Attendance.** Middle schools will earn six (6) bonus points for ~~for~~ meeting or exceeding the criteria for earning an "A" for middle school student attendance. The criteria for earning an "A" for this component shall be met if the school achieves a student attendance rate of ninety-four percent (94%) or higher. This rate is the Average Daily Attendance (ADA) divided by the Average Daily Membership (ADM). ADA is calculated by dividing the total number of days students were present by the number of days in the school calendar or by dividing the number of hours students were present by the number of hours in the school calendar, whichever applicable. ADM is calculated by dividing the total number of days students were enrolled in school by the number of days in the school calendar or by dividing the number of hours students were enrolled by the number of hours in the school calendar, whichever applicable.

(C) **Dropout rate.** Middle schools shall earn two (2) bonus points for meeting or exceeding the criteria for earning an "A" for the drop-out rate of the school. The criteria for earning an "A" for this component shall be met if the school achieves a rate of zero point nine percent (0.9%) or lower of the annual number of students reported as dropouts to the Oklahoma State Department of Education on the Annual Dropout Report.

(3) **Elementary schools.** Schools comprised of elementary school grades shall earn ten (10) bonus points for meeting or exceeding the criteria for earning an "A" on student attendance. The criteria for earning an "A" shall be met if the school achieves a student attendance rate of ninety-four percent (94%) or greater. This rate is the Average Daily Attendance (ADA) divided by the Average Daily Membership (ADM). ADA is calculated by dividing the total number of days students were present by the number of days in the school calendar or by dividing the number of hours students were present by the number of hours in the school calendar, whichever applicable. ADM is calculated by dividing the total number of days students were enrolled in school by the number of days in the school calendar or by dividing the number of hours students were enrolled by the number of hours in the school calendar, whichever applicable.

(h) **Technical assistance.** Annually, the Oklahoma State Department of Education shall publish technical assistance specifically detailing the weighted formula used for computing bonus points. Technical assistance shall be published in time for school districts to make meaningful use of the information and data.

(i) **School Performance Grading Scale.** The School Performance Grade shall be based on a combination of the

factors outlined in sub-section (b)(1) and detailed in (f) and (g) of this Section. Fifty percent (50%) shall be based on student test scores; twenty-five percent (25%) on student learning gains; and twenty-five (25%) on improvement of the lowest twenty-five percent (25%) of students in the school in reading and mathematics. Letter grades will be calculated according to the assigned weight of each criteria and by combining points earned for each component within each criteria. The school performance grade will be assigned according to the following scale:

- (1) Ninety-seven percent (97%) to one-hundred and ten percent (110%) = A+
- (2) Ninety-three percent (93%) to ninety-six percent (96%) = A
- (3) Ninety percent (90%) to ninety-two percent (92%) = A-
- (4) Eighty-seven percent (87%) to eighty-nine percent (89%) = B+
- (5) Eighty-three percent (83%) to eighty-six percent (86%) = B
- (6) Eighty percent (80%) to eighty-two percent (82%) = B-
- (7) Seventy-seven percent (77%) to seventy-nine percent (79%) = C+
- (8) Seventy-three percent (73%) to seventy-six percent (76%) = C
- (9) Seventy percent (70%) to seventy-two percent (72%) = C-
- (10) Sixty-seven percent (67%) to sixty-nine percent (69%) = D+
- (11) Sixty-three percent (63%) to sixty-six percent (66%) = D
- (12) Sixty percent (60%) to sixty-two percent (62%) = D-
- (13) Fifty-nine percent (59%) and below = F

(j) **Accuracy and Representativeness of Performance Data.** The Oklahoma State Department of Education shall review all information submitted by school districts to represent the performance of schools receiving a school performance grade.

- (1) Each school district superintendent shall designate a school accountability contact person to be responsible for verifying accuracy of data.
- (2) The Superintendent of Public Instruction shall withhold the designation of a school's performance grade if he or she determines that the performance data does not accurately represent the progress of the school. Circumstances under which a school's performance data may be considered to not accurately represent the progress of the school include:

(A) Less than ninety-five percent (95%) of the school's student population eligible for inclusion in the designation of the school's performance grade was assessed.

(B) Circumstances identified before, during, or following the administration of any state assessment where the validity or integrity of the test results are

called into question and are subject to review as determined by the State Department of Education.

(k) **Data verification by school sites/districts.** School sites shall be provided an opportunity to review all data used to calculate the school performance grade and the calculation of the school performance grade.

(1) **Initial Data Verification.** Initial data verification of the data used to calculate school performance grades shall occur throughout the school year as data becomes available to the State Department of Education. School district accountability staff shall have the opportunity to perform data verification and confirm that data being used to calculate school performance grades are accurate prior to the review period required by (k)(2) of this rule. The school district shall have at least ~~thirtyfive~~ (3015) calendar days to review and request corrections to each new data component, as it becomes available. No requests for changes to data shall be made after the expiration of the respective ~~thirtyfive~~ (3015) calendar day review period. For purposes of this paragraph only, a "new data component" means a data component that has not been previously submitted to the State Department of Education in accordance with other state or federal reporting requirements.

(2) **Calculation Verification.** Prior to the final release of school performance grades, a school district shall have at least ten (10) calendar days to certify the calculation of the performance grade. If the school district determines that a different performance grade should be assigned because of the omission of certified student data, a data miscalculation, or special circumstances that might have affected the grade assigned, school districts may submit a request for a review of the data calculation to the State Department of Education. All evidence supporting the district's claim of a calculation error and documentation of all elements to be reviewed by the Department must be submitted within the time limits specified in this subsection. No request for review of the calculation shall be accepted after the expiration of the ten (10) calendar day review period. Changes to the criteria, data, or process shall not be considered as part of this review.

(3) **Data deemed certified.** To ensure timely issuance of the school report cards in accordance with the requirements of 70 O.S. § 1210.545, any data component verification or calculation verification for which a district fails to timely review and certify as accurate in accordance with the provisions of (1) or (2) of this subsection shall be deemed certified as accurate by the district and districts shall not be permitted to request further corrections to the data.

(l) **Final determination.** The Oklahoma State Board of Education's determination of a school's performance grade shall be final.

(m) **Planned System Enhancements.** As indicated in this subsection, planned enhancements will occur in the System of School Improvement and Accountability. The Superintendent of Public Instruction will periodically recommend additional changes to the system to the State Board of Education for

approval as necessary to ensure that continuous improvements are made in the educational programs of the State. Performance data shall be reviewed annually to determine whether to adjust the school grading scale for the following year's school grades. Adjustments may include, but shall not be limited to grading criteria, classification of school type, point calculations, point requirements, and minimum points necessary to obtain a certain grade. Adjustments may reset the minimum required number of points for each grade.

~~(n) **Virtual education providers and virtual charter schools.** Any virtual provider that offers full-time online programs for students enrolled in charter schools sponsored by a school district, technology center school district, higher education institution, a federally recognized Indian tribe, or the State Board of Education, in accordance with the provisions of the Oklahoma Charter Schools Act shall be considered a "virtual charter school."~~

~~(1) Each virtual charter school and each school district which contracts with a virtual charter school or virtual education provider shall identify its full-time virtual students who do not live in the physical boundaries of the school district with which the sponsor is associated.~~

~~(A) Each virtual charter school and each school district shall report the achievement data of its full-time virtual students who are not residents of the district in which the sponsor is located separate from the achievement data of its full-time virtual students who are residents of the district of sponsorship.~~

~~(B) The performance of non-resident full-time virtual students identified in (1) of this subsection shall be excluded from the determination of the overall school performance letter grade of the sponsoring school district, but shall be included in the overall school performance letter grade of the virtual charter school as resident students.~~

~~(2) Any virtual provider that contracts with a school district to provide full-time virtual education for resident students of the school district shall be considered a separate site within the school district for accountability purposes and shall be issued a separate report card that includes performance of full-time virtual students identified in (1) of this subsection as residents of the school district with which the provider contracts.~~

(n) **Students who attend traditional public school districts online.** A student who attends a traditional (non-charter) public school district through a full-time online program offered by the district shall have their achievement data included for accountability purposes in the school site that claims membership for the student.

(o) **Statewide virtual charter schools.** Any virtual provider sponsored as a charter school by the Statewide Virtual Charter School Board shall be considered a "statewide virtual charter school."

(1) Each statewide virtual charter school will be considered a separate school site and "district" of the Statewide Virtual Charter School Board for accountability purposes and will be subject to the system of school improvement and accountability established by 70 O.S.

Permanent Final Adoptions

§ 1210.545 and the accompanying provisions set forth in this Section.

(2) The performance of all eligible students enrolled in a statewide virtual charter school shall be included in the calculation of the overall school performance letter grade of the virtual charter school. For purposes of this Section, any student enrolled full-time in a statewide virtual charter school who resides within the borders of the state shall be considered a resident student of the statewide virtual charter school.

GIST/ANALYSIS:

House Bill 2404 (2016) added a new provision to the statute on free attendance at public schools. 70 O.S. § 1-114(B)(3) directs the State Board of Education to promulgate a rule creating exemptions to the maximum age at which a child may attend an early childhood (pre-kindergarten or "pre-k") program. The rule provides that school districts are authorized to adopt policies for exemptions to the maximum age limit for enrollment in the district's early childhood programs. Under the rule, school districts are encouraged to consider exemption guidelines which take into consideration that young children may differ in developmental age due to factors including, but not limited to, premature birth and illness or injury during childhood.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2017:**

SUBCHAPTER 11. EARLY CHILDHOOD EDUCATION PROGRAMS

210:15-11-2. Rules and regulations for early childhood education programs

(a) The number of children in a group shall not exceed twenty (20). The adult child ratio shall not exceed 1:10. Any enrollment that exceeds ten (10) shall require the employment of a teacher assistant.

(b) The school district shall ensure the teacher assistant is provided professional development in early childhood education.

(c) A child may attend less than the two and one-half (2 1/2) hours a day the first five (5) days of the semester.

(d) The program shall encourage family involvement to support the child's education experience.

(e) The learning environment shall:

(1) be arranged to provide for individual and group learning experiences

(2) be equipped with movable furniture of the correct size

(3) have adequate materials and supplies available in sufficient quantities to meet the needs of the children in the class

(4) have restroom facilities that will accommodate four-year-olds

(5) provide for a playground area that is accessible and safe

(f) It is recommended that space requirements be based on thirty-five (35) square feet per child, and that the classroom have a sink with running water.

(g) The curriculum shall be appropriate for the age and developmental level of the students. A process to provide continuity between the early childhood program and the kindergarten program shall be established.

(h) The school district shall provide for individual student screening and referral for vision and hearing.

(i) A school district is authorized to adopt a policy providing for exemptions to the maximum age limit for half-day or full-day early childhood programs. Such a policy may allow for enrollment in the district's early childhood programs by students who are older than five (5) if they meet the district's criteria for early childhood program age exemptions. A school district that adopts an early childhood program age exemption policy is encouraged to consider guidelines which take into account that young children may differ in developmental age due to factors including, but not limited to, premature birth and significant illness or injury during early childhood. Adoption of a maximum age exemption policy for early childhood programs does not relieve a school district of its obligations to identify

and serve students with disabilities under the Individuals with Disabilities Education Act (IDEA). A student who is granted an exemption and enrolled in a school district's early childhood program under an age exemption policy shall be included as a half-day or full-day early childhood program student for State Aid purposes in the district's weighted pupil grade level calculations.

GIST/ANALYSIS:

The Apprenticeships, Internships and Mentorships (AIM) Act of 2016 (House Bill 2535) authorizes the governing board of any public, charter, or private school in Oklahoma to enter into agreements with public or private organizations, beginning in school year 2017-2018, for the purpose of creating internship or apprenticeship programs for high school juniors and seniors. Under the Act, each school's governing board is authorized to adopt relevant policies. The Act directs the State Department of Education to promulgate any necessary rules, and the rule requires schools to have a policy in place before entering an internship, mentorship, or apprenticeship program agreement with a public or private organization.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S.

SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 39. STUDENT APPRENTICESHIP, INTERNSHIP, AND MENTORSHIP PROGRAMS

210:15-39-1. Student apprenticeship, internship, and mentorship programs

(a) Policies authorized. The governing body of any public school, charter school, or private school in Oklahoma is authorized to adopt policies regarding student internship, mentorship, and apprenticeship programs. Such policies may provide for participation in the programs by high school juniors and seniors. Policies may allow participation in internship, mentorship, or apprenticeship programs to satisfy elective course requirements as a student's schedule permits, but a student may not use program participation to replace any other state education requirement. Any policy adopted by a school's governing body under this authorization shall include qualifying criteria that public or private organizations must meet to be eligible for an internship, mentorship, and/or apprenticeship program agreement.

(b) Agreements authorized. Beginning with the 2017-2018 school year, the governing body of each public school district, charter school, or private school may enter into an agreement with one or more public or private organizations for the purpose of creating internship, mentorship, and/or apprenticeship programs as addressed in the policies of the governing body. The provisions of 70 O.S. § 1210.528-1 notwithstanding, a school district that has an existing agreement with an outside entity to offer internships or similar arrangements as part of an alternative education program prior to November 1, 2016 may continue to participate in such existing agreements as a component of the district's alternative education program.

GIST/ANALYSIS:

House Bill 2946 (2016) added provisions to the teacher certification statutes authorizing the State Board of Education to issue an Oklahoma teaching certificate to a teacher who holds a valid teaching certificate issued in another country, and meets all other requirements established by the Board. This amendment adds a new subsection to the rule that governs new teaching certificates, establishing the requirements an out-of-country applicant must meet to be eligible for consideration for an Oklahoma teaching certificate. Requirements include: verification of lawful presence in the United States, baccalaureate degree or equivalent, current valid out-of-country teaching certificate, verification of teaching experience, recommendation by a school administrator or education official, criminal history record check, and English proficiency. Applicants are responsible for obtaining any necessary translation and analysis of documents in a language other than English, and bear the costs of translation and/or analysis by a reputable educational credential evaluation service.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 9. PROFESSIONAL STANDARDS: TEACHER EDUCATION AND CERTIFICATION

PART 9. TEACHER CERTIFICATION

210:20-9-91. Application for new certificates

The application processes for individuals seeking new certificates are described separately for individuals completing requirements at an in-state college or an out-of-state college.

(1) **Graduates of Oklahoma colleges and universities.** The application process for graduates of Oklahoma colleges and universities is as follows:

(A) The completed application may be submitted to the director of teacher education at the recommending college or sent directly to the State Department of Education along with an official up-to-date transcript(s) and the appropriate processing fee. See 210:20-9-9 (d)

(B) The signature of the director of teacher education verifies that the applicant has met the requirements of the institution's approved teacher education program for the license/certificate sought and that the applicant possesses the character and general fitness to be a teacher. Application approval by the State Department of Education verifies that the applicant has met an approved program.

(i) Vocational certificate applicants: The director of teacher education at the recommending institution or the applicant will forward the application to the appropriate state supervisor at the Oklahoma Department of Career and Technology Education. After approving the application the state supervisor will send it, along with supporting documents, to the State Department of Education.

(ii) Nonvocational certificate applicants: The director of teacher education at the recommending institution shall forward the approved application, along with supporting documents, to the State Department of Education.

(2) **Graduates of out-of-state colleges and universities.** The application process for graduates of out-of-state colleges and universities is as follows:

(A) The applicant will submit the following items to the State Department of Education as part of the application process:

- (i) the completed application form
- (ii) official up-to-date transcripts of all college course work
- (iii) documentation the applicant has completed an accredited teacher preparation program
- (iv) the appropriate processing fee for each class of certificate sought. See 210:20-9-9 (d)

(B) For vocational certificate applications, the applicant will submit all items in (2) (A) of this section directly to the State Department of Education.

(3) **Applicants who are certified out-of-state.** ~~The following provisions apply to applicants for Oklahoma teaching certificates who already hold certificates issued by another state:~~

~~(A) The State Board of Education shall issue a teaching certificate to an applicant who submits a valid out-of-state teaching certificate issued by a state or territory of the United States, a completed application for certification, and the applicable certification fee, and has on file with the State Department of Education a current Oklahoma criminal history record check from the Oklahoma State Bureau of Investigation and a national criminal history record check as defined in 74 O.S. § 150.9. The applicant shall be responsible for the costs of the criminal history record checks. The Oklahoma certificate shall be valid only for the subject areas and grade levels most closely aligned to those recognized on the applicant's out-of-state certificate. An applicant who holds valid teaching certificates issued by more than one state is eligible for Oklahoma certification in the subject~~

area(s) most closely aligned to any subject area(s) listed on any of the valid out-of-state certificates submitted to the State Department of Education. An applicant who is issued an Oklahoma teaching certificate under this subsection may be eligible for up to five (5) years of credit for documented and verified out-of-state teaching experience.

~~(B) An applicant who submits documentation of five (5) years or more of successful teaching experience as a certified teacher in an accredited school shall not be required to take any competency examinations in the subject areas and grade levels most closely aligned to those recognized on the applicant's out of state certificate. An applicant with fewer than five (5) years of successful teaching experience as a certified teacher in an accredited school must attain a passing score on the Oklahoma Subject Area Test (OSAT) for each area in which certification is sought.~~

(4) Applicants who are certified out-of-country. The temporary certification of visiting teachers from outside the United States, who serve in teaching positions in Oklahoma schools as guest or exchange teachers under the provisions of 22 C.F.R. § 62.24, is governed not by this section but by OAC 210:20-9-98. The following provisions apply to applicants for Oklahoma teacher certification who hold a teacher certification issued in a country other than the United States:

(A) Completed application and documentation. To be eligible for consideration for an Oklahoma teaching certificate based on teaching credentials issued in a country outside the United States, an applicant must submit a completed application for certification, the applicable certification fee, and verifiable documentation of each of the requirements of this section to the State Department of Education. It is the responsibility of the applicant to obtain translation and any necessary analysis of documentation in a language other than English. The applicant shall be responsible for the costs of any necessary translation and/or analysis.

(B) Verification of lawful presence in the United States. In accordance with 8 U.S.C. § 1621 and 56 O.S. § 71, an applicant for certification based on an out-of-country teacher certification must provide proof of lawful presence in the United States. Under federal and state law an applicant for a state benefit such as professional licensure is not required to be a U.S. citizen, but if the applicant is not a U.S. citizen they must document that they are a qualified alien under the federal Immigration and Nationality Act who is lawfully present in the U.S. Because lawful presence is distinct from work authorization under federal immigration and labor laws, an applicant who meets all criteria for teacher certification under this subsection may be eligible for certification prior to receiving authorization to work in the United States. The State Board of Education and the State Department of Education have no authority regarding

an individual's eligibility for employment under federal law, and make no representation regarding the employment authorization status of an individual who is issued an Oklahoma teaching certificate under this subsection. A school district is responsible for verifying the work authorization status of every individual employed by the district.

(C) Baccalaureate degree or equivalent. To be eligible for consideration for an Oklahoma teaching certificate, an applicant must submit documentation verifying that the individual has received a baccalaureate college degree (4-year undergraduate degree), or the equivalent of a baccalaureate degree in the higher education system of the country where the degree was conferred. It is the responsibility of the applicant to obtain any necessary translation and analysis of their foreign education credentials from a reputable educational credential evaluation service approved by the State Department of Education, including but not limited to services approved by the National Association of Credential Evaluation Services (NACES). The applicant shall be responsible for the costs of any necessary translation and/or analysis.

(D) Out-of-country teaching certification and statement of good standing.

(i) An applicant for Oklahoma certification under this subsection must submit a copy of their valid current teacher certification issued outside the United States. An applicant who holds teaching credentials issued in more than one country may submit each valid current teaching certification, but is only required to submit the most recently issued out-of-country certification. It is the responsibility of the applicant to obtain any necessary translation and analysis of the certification(s) from a reputable educational credential evaluation service. The applicant shall be responsible for the costs of any necessary translation and/or analysis.

(ii) An Oklahoma teaching certificate issued under this subsection shall be valid only for the subject areas and grade levels most closely aligned to those recognized on the applicant's out-of-country teaching certificate. For an applicant who holds teaching certifications issued by more than one licensing jurisdiction, the Oklahoma teaching certificate may include the grade level(s) or subject area(s) most closely aligned to the grade level(s) or subject area(s) recognized on any of the applicant's currently valid certifications. If the applicant's out-of-country teaching certification does not specify subject areas, the applicant may provide verification of teaching experience in one or more subjects that correspond to Oklahoma certification areas, plus documentation of a passing score on the Oklahoma Subject Area Test (OSAT) in the subject area(s).

(iii) The applicant must also submit written verification, on the letterhead of the licensing authority that issued their out-of-country teaching certification, or the school system where they were most recently employed, indicating their good standing as a member of the teaching profession whose teaching certification has not been revoked or suspended. If the applicable entity does not use an official letterhead, an alternative verification method such as notarization or apostille may be acceptable subject to the approval of the State Department of Education Office of Certification. It is the responsibility of the applicant to obtain any necessary translation and analysis of the statement of good standing from a reputable educational credential evaluation service, or a reputable translation service, subject to the approval of the Office of Certification. The applicant shall be responsible for the costs of any necessary translation and/or analysis.

(E) **Verification of teaching experience.** An applicant must submit documentation confirming that they were employed as a teacher for at least two (2) of the five (5) years preceding the application for Oklahoma certification. Teaching experience may be confirmed with a properly completed and verified "Proof of Teaching Experience" form upon approval of the State Department of Education Office of School Personnel Records. An applicant who is issued an Oklahoma teaching certificate under this subsection may be eligible for up to five (5) years of credit for documented and verified out-of-country teaching experience.

(F) **Recommendation by school administrator or education official.** An applicant must submit a letter of recommendation from a national, regional, or local education official or school administrator who has worked with or evaluated the applicant in a professional capacity. It is the responsibility of the applicant to obtain any necessary translation of the letter of recommendation from a reputable educational credential evaluation service, or a reputable translation service, subject to the approval of the Office of Certification. The applicant shall be responsible for the costs of any necessary translation and/or analysis.

(G) **Criminal history record check and statement of eligibility for certification.** An applicant shall have on file with the State Department of Education a current Oklahoma criminal history record check from the Oklahoma State Bureau of Investigation and a national criminal history record check as defined in 74 O.S. § 150.9. In addition to the criminal history record checks required by state law, an applicant for Oklahoma certification under this subsection must affirm that they have not been convicted in any jurisdiction, and have not received a suspended or deferred sentence in any jurisdiction, for a crime or attempted crime which would make an

individual ineligible for teacher certification under 70 O.S. § 3-104(6)(a) if committed or attempted in Oklahoma.

(H) **English proficiency.** So that they may adequately instruct and communicate with students, an applicant for Oklahoma certification based on a teacher certification issued in another country must be proficient in spoken and written English. By submitting an application for certification under this subsection, an applicant affirms that their command of spoken and written English is equivalent, at a minimum, to competence under the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), the American Council on the Teaching of Foreign Languages (ACTFL) oral and written English proficiency assessments, or a similar reputable English language competence examination, subject to the approval of the Office of Certification.

The rule addressing Noncitizen Visiting Teacher Certification has been amended to reflect a change to the controlling federal regulations. The state rule previously only allowed for the one-year teaching credential issued to visiting teachers to be renewed on a year-to-year basis for a maximum of three (3) years. The federal regulation governing visas for visiting teachers

has been amended to allow for an extension of up to two (2) years beyond the initial 3-year period, for a total of up to five (5) years authorized for noncitizen visiting teachers. Oklahoma's state rule on visiting teachers is now updated to allow for the maximum 5-year visa period.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 9. PROFESSIONAL STANDARDS: TEACHER EDUCATION AND CERTIFICATION

PART 9. TEACHER CERTIFICATION

210:20-9-98. Administrative requirements of teacher certification

(a) **Evaluation of foreign credentials.** Foreign credentials must be either analyzed by a recognized translation service or an Oklahoma college before the State Department of Education will accept them.

(b) **Noncitizens of the United States.** Requirements for noncitizens seeking an Oklahoma teaching credential are as follows:

(1) Noncitizens of the United States will be required to submit documentation proving lawful presence with the application before an Oklahoma teaching credential may be issued or reissued.

(2) The Oklahoma teaching credential may be issued/reissued for no longer than the validity of the documentation proving lawful presence. If the documentation proving lawful presence does not have an expiration date that affects the duration of a noncitizen's lawful presence, then the teaching credential shall have the same validity period as the teaching credential of a U.S. citizen.

(c) **Noncitizen Visiting Teacher Certification.** The State Board of Education may, upon request of a local school district, issue an international visiting teacher certification pursuant to 70 O.S. § 3-104(6).

(1) An international visiting teacher certification may be issued to applicants who meet the following criteria:

(A) Applicant presents a document from an accredited public school district in this state offering employment following certification;

(B) Applicant must be a citizen of a country other than the United States and hold a J-1 visa issued by the United States Department of State;

(C) Applicant holds the equivalent of a bachelor's degree or higher from an accredited college or university in the subject area the applicant intends to teach and in the case of world languages, if the applicant is not a proficient native speaker of the target language

to be taught, applicant has completed a major in the target language to be taught;

(D) Applicants who seek to teach world languages must have a minimum of three years of teaching experience in the target language requested to be taught unless the applicant is a proficient native speaker of the target language to be taught;

(E) Applicant is a participant in a visiting teacher program approved by the Oklahoma State Department of Education;

(F) Applicant must demonstrate proficiency at the advanced-low level of the American Council on the Teaching of Foreign Languages' (ACTFL) proficiency scale in both spoken and written English; and

(G) Applicant must complete an orientation program prior to employment and must be assigned a mentor teacher by the district.

(2) Applicants meeting all qualifications shall be granted a one-year teaching credential which may be renewed on a year-to-year basis for a maximum of ~~three~~five (5) years upon request of the employing district.

(d) **Native American Language Teacher Certification.** The State Board of Education may, upon application, issue a teacher certification in Native American Languages. For purposes of this subchapter, a "Native American Language" means the historical, traditional languages spoken by Native Americans. For purposes of this subchapter, "Native American" shall have the meaning set forth in 25 U.S.C § 2902(1)-(2).

(1) A Native American language certification may be issued to applicants who meet the qualifications set forth in 210:20-9-104(b) and provide documentation that the applicant has met the following criteria:

(A) Applicant has obtained a certification of proficiency in the language sought to be certified in accordance with the provisions of 210:20-9-104(b);

(B) Applicant has completed a background check conducted by the State Department of Education in accordance with the provisions of 70 O.S. § 5-142; and

(C) Applicant has submitted a portfolio documenting applicant's experience in teaching the Native American language in which the applicant has been certified by a tribe and any other experience related to education.

(D) Any applicant who does not hold an Oklahoma traditional or alternative teaching credential must complete a school orientation program prior to employment and must be assigned a mentor teacher by the district.

(2) Applicants meeting all of the criteria set forth in this subsection shall be granted a provisional Native Language teacher certification for a period of one year. After the expiration of the one year provisional term, the Native Language teacher certification may be renewed in accordance with the following provisions:

(A) For an applicant who does not hold an Oklahoma traditional or alternative teaching credential,

Permanent Final Adoptions

the Native Language certification may be renewed on a year-to-year basis if:

- (i) Renewal is requested by the employing district; and
 - (ii) As a condition of the first two renewals of the teaching certificate, applicant provides evidence of completion of 60 clock hours/points of a professional teaching development program each year. For purposes of (ii) of this subparagraph, a professional teaching development program may include:
 - (I) Programs, seminars, or conferences recognized for professional development credit by an Oklahoma public school district at the time the teacher attends; or
 - (II) Higher education coursework in teacher education from an accredited college or university.
 - (B) For an applicant who holds an Oklahoma traditional or alternative teaching certificate, the Native Language teacher certification may be renewed for a five (5) year period.
- (e) **Privacy and access.** Any person, with proper identification, that makes a written or oral request, will be informed of the certification status of any individual subject to certification. No other information will be given to a third party without the written consent of the person about whom the information is sought.
- (1) College transcripts and other supporting documents will neither be duplicated by nor released by the State Department of Education.
 - (2) An original out-of-state teaching certificate may be returned, upon written request, to the applicant.
- (f) **Multiple applications.** When application is made at the same time for two (2) or more certificates of the same class, only a single processing fee will be charged.
- (1) Applications may be made for multiple classes of certificates on one (1) form. There is a fee for each class.
 - (2) When application is made at different times for two (2) or more certificates, a fee will be charged for each certificate requested.
- (g) **Duplicate/update certificates.** A certificate may be duplicated or updated by submitting a written request and paying the fee.
- (h) **Change of name.** A legal change of last name on a certificate may be accomplished at any time upon written request and paying the fee.
- (i) **Refusal of certification.** No certificate will be issued unless all requirements for the certificate in question are fully met. In addition, no certificate will be issued if the attempt to become certified is based on misrepresentation, forgery, or fraud.
- (j) **Grounds for cancellation of certificates.** Any certificate, credential, or endorsement obtained by misrepresentation, forgery, fraud, or issued by error will be cancelled. Upon written request the holder must surrender the certificate in question to the State Department of Education.

(k) **Felony as grounds for noncertification.** No person shall receive an Oklahoma certificate who has been convicted of a felony, any crime involving moral turpitude, or a felony violation of the narcotics laws of the United States or the State of Oklahoma, provided the conviction was entered within the ten (10) year period immediately preceding application for teacher certification.

(l) **Revocation of teaching certificate.** Teaching certificates issued by authority of the Oklahoma State Board of Education may be revoked by the board for willful violation of any rule or regulation of the board or any federal or state law or other proper cause. A certificate will be revoked only after a sufficient hearing has been given to the teacher before the State Board of Education in accordance with the hearing procedures set forth at 210:1-5-6.

(1) No person whose certificate has been revoked in Oklahoma or any other state shall be issued an Oklahoma certificate unless the revoked certificate has been fully reinstated by the revoking state and grounds for the revocation do not conflict with Oklahoma law.

(2) A person who has either voluntarily surrendered a teaching certificate in another state, been denied certification in another state or has had a certificate suspended in another state is not eligible for Oklahoma certification until an investigation has resolved the issues surrounding the surrender, denial, or suspension of certification.

(m) **Extending provisional certificates.** A request for extension of validity of any expired provisional certificate will be presented to the State Board of Education only when extenuating circumstances seem to justify its consideration. These requests shall be submitted in writing by the employing superintendent. A superintendent who holds an expired provisional certificate needs to have the president of the local board of education make the written request.

(n) **Degree/college credit accepted for certification regulations.** Only degrees conferred by state or regionally accredited colleges and universities recognized by the Oklahoma State Board of Education will be accepted by the Professional Standards Section as part of the requirements for teacher certification. Only work completed in state and regionally accredited colleges and universities, or transfer credit validated by them, will be accepted as a basis for teacher certification. For purposes of Oklahoma certification, state-accredited colleges and universities are considered to be colleges and universities accredited by the Oklahoma State Regents for Higher Education or their counterpart in other states (a statewide higher education coordinating board/agency of control). Regionally accredited colleges and universities are considered to be colleges and universities accredited by regional institutional accrediting bodies recognized by the United States Department of Education.

(o) **Fee for duplicate certificates.** The State Board of Education shall charge and collect reasonable fees for the issuance and duplication of certificates.

GIST/ANALYSIS:

House Bill 3025 (2016) amended the qualifications and requirements for Alternative Placement Certification, and the rule addressing Alternative Placement teaching certificates is updated accordingly. Applicants were historically required to have completed a college major corresponding to an area of certification, but that is no longer a requirement. Applicants must now (1) hold a college degree and (2) demonstrate competency in an area of certification, and the rule provides several different means of demonstrating subject competency. Options for documenting subject area competency include completion of an academic major, relevant work and/or volunteer experience, publication in an academic or trade journal, or other means for demonstrating competency subject to the approval of the State Department of Education.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

**SUBCHAPTER 9. PROFESSIONAL STANDARDS:
TEACHER EDUCATION AND CERTIFICATION**

PART 9. TEACHER CERTIFICATION

210:20-9-110. Alternative placement teaching certificates

(a) **Issuance of provisional alternative teaching certificates.** The State Department of Education shall issue a three (3) year, nonrenewable provisional alternative placement teaching certificate to an individual who completes the application for an alternative placement teaching certificate and submits all documentation necessary to verify that the applicant meets all of the following criteria:

(1) ~~The applicant holds at least a baccalaureate degree from an institution whose accreditation is recognized by the Oklahoma State Regents for Higher Education and has attained a retention/graduation grade point average of not less than 2.50 on a 4.0 scale; Post-secondary education.~~ The applicant for alternative placement certification holds:

(A) At least a baccalaureate degree from an institution whose accreditation is recognized by the Oklahoma State Regents for Higher Education and has attained a retention grade point average of not less than 2.50 on a 4.0 scale; or

(B) A terminal degree in any field from an institution accredited by a national or regional accrediting agency recognized by the United States Department of Education, verified as a terminal degree by the Oklahoma State Regents for Higher Education; or

(C) At least a baccalaureate degree from an institution whose accreditation is recognized by the Oklahoma State Regents for Higher Education, and has completed at least two (2) years of qualified work experience. For purposes of this section, qualified work experience must be documentable through standard employment verification procedures, and relevant to a certification area or area of specialization as determined by the State Board of Education, the Office of Educational Quality and Accountability, the Department of Career and Technology Education, and/or the State Regents for Higher Education.

(2) ~~The applicant has either:~~

~~(A) Earned a major in a field of study that corresponds to an area of specialization for an Elementary Secondary Certificate, a Secondary Certificate or a career technical certificate; or~~

~~(B) Provided a letter from the registrar or academic dean of the college or school from which the applicant graduated verifying that the applicant has completed a major in a field that corresponds to an area of specialization for an Elementary Secondary Certificate, a Secondary Certificate or a career technology certificate;~~

(3) ~~The applicant can document either:~~

~~(A) Two (2) years of work experience in the applicant's degree field area, unless the applicant is participating in the federal Troops to Teachers Program; or~~
~~(B) Completion of post baccalaureate coursework in the applicant's degree field area;~~

(2) **Competency in a certification area.** In addition to having completed qualifying post-secondary education, the applicant demonstrates competency in an area of

Permanent Final Adoptions

specialization for an elementary-secondary certificate, a secondary certificate, or a vocational-technical certificate. Competency in a certification area may be demonstrated through the following:

- (A) Completion of an academic major, or at least thirty (30) credit hours of post-secondary coursework, in a field that corresponds to a certification area.
- (B) Completion of an academic minor, or at least fifteen (15) credit hours of post-secondary coursework, in a field that corresponds to a certification area, plus at least one (1) year of qualified work experience or relevant volunteer experience in the same field. Volunteer experience must be verified through documentation and/or references.
- (C) At least three (3) years of qualified work experience or relevant volunteer experience in a field that corresponds to an area of certification, or a combination of relevant work and volunteer experience totaling at least three (3) years, plus a written recommendation from an employer or volunteer coordinator.
- (D) Successful completion of a relevant professional exam (e.g. accountancy, nursing).
- (E) Publication of a relevant article in a peer-reviewed academic journal or trade journal.
- (F) Other documentable means of demonstrating competency, subject to the approval of the State Department of Education.

(43) Intent to earn standard certification. The applicant declares the intention to earn standard certification by means of an alternative placement program that meets the requirements of 70 O.S. § 6-122.3 in not more than three (3) years; An applicant shall be deemed to have declared their intent to earn standard certification through submitting a completed application for alternative certification.

(54) Teacher competency examinations. The applicant has passed all of the following teacher competency examinations:

- (A) The Oklahoma General Education Test (OGET); and
- (B) The Oklahoma Subject Area Test (OSAT) in ~~the each~~ area of specialization for which certification is sought;

(65) Intent to serve as a public school teacher. The applicant declares their intention to serve as a teacher at an Oklahoma public school. An applicant shall be deemed to have declared their intent to seek employment at an accredited Oklahoma public school district through submitting a completed application for alternative certification, provides one of the following types of documentation:

- (A) A letter from an accredited Oklahoma public school district offering employment to the applicant in the area of specialization for which the applicant seeks certification that is conditioned upon the applicant's enrollment in an alternative certification program approved by the State Board of Education; or
- (B) A letter from the applicant declaring the applicant's intention to seek employment as a teacher in

an Oklahoma public school district accredited by the Oklahoma State Department of Education; and

(7) The applicant has received a favorable recommendation for certification from the Teacher Competency Review Panel (TCRP) for evaluation of the applicant's qualifications and career accomplishments.

(b) Requirements for enrollment in an alternative certification program. As a prerequisite to enrollment in an alternative placement program set forth in 70 O.S. § 6-122.3, applicants shall meet all of the following requirements;

(1) The applicant has never been denied admittance to a teacher education program approved by the Oklahoma State Regents for Higher Education, the North Central Association of Colleges and Schools and by the Oklahoma Commission for ~~Teacher Preparation~~ Educational Quality and Accountability to offer teacher education programs; and has never been enrolled in and subsequently failed courses necessary to successfully meet the minimum requirements of the program;

(2) The applicant has on file with the director of teacher education at an Oklahoma institution of higher education a plan for meeting standard certification requirements within three (3) years; and

(3) The applicant is participating in the teacher residency program set forth in 70 O.S. § 6-195, ~~unless the residency program has been suspended for lack of funding.~~

(c) Requirements for professional education instruction. Participants in alternative placement programs as addressed in subsection (b) must complete between six (6) and eighteen (18) credit hours of professional education instruction, or between ninety (90) and two hundred seventy (270) clock hours of school district-approved professional development, with the minimum hours of instruction required dependent on the applicant's prior level of education and/or experience. Professional education requirements must be completed within three (3) years after entering the Alternative Placement program. For all participants, professional education instruction must include at least one college credit course addressing pedagogical principles and at least one college credit course addressing classroom management. For each year of documented experience in the relevant certification area, a participant's total required professional education may be reduced by three (3) credit hours or forty-five (45) clock hours, provided all participants must complete at least six (6) credit hours or ninety (90) clock hours of professional education instruction. Minimum required instructional hours shall be determined as follows:

(1) For alternative placement program participants who hold a terminal degree, six (6) credit hours or ninety (90) clock hours of professional education instruction are required.

(2) For alternative placement program participants who hold a non-terminal degree beyond a baccalaureate degree, twelve (12) credit hours or one hundred eighty (180) clock hours of professional education instruction are required.

(3) For alternative placement program participants who hold a baccalaureate degree, eighteen (18) credit hours

or two hundred seventy (270) clock hours of professional education instruction are required.

~~(ed)~~ **Issuance of standard alternative—teaching certificates.** The State Department of Education shall issue a standard teaching certificate to an individual who successfully completes all of the requirements set forth in (a), ~~and (b), and (c)~~ of this Section within three (3) years of the date of issuance of the applicant's provisional alternative teaching certificate and meets all of the following requirements:

- (1) The applicant has passed the Oklahoma Professional Teaching Exam (OPTE) for either elementary/middle level or secondary level; and
- (2) The applicant has completed all professional education requirements of the alternative placement program set forth in 70 O.S. § 6-122.3 and the administrative rules and/or adopted policies of the State Board of Education.

~~(de)~~ **No student teaching experience required.** Student teaching and/or pre-student teaching field experience shall not be required of alternative program applicants as a condition of receiving a provisional or standard certificate pursuant to the provisions of this Section.

~~(f)~~ **Criminal history record check.** Prior to employing an alternatively certified teacher, the district board of education shall request a criminal history record check of the individual under the provisions of 70 O.S. § 5-142.

~~(eg)~~ **State Board of Education exceptions.** In accordance with the requirements of 70 O.S. § 6-122.3, the State Board of Education may grant a waiver or exception to any of the requirements of this Section and may grant a certificate upon demonstration of specific competency in the subject area of specialization by the applicant. An applicant for alternative certification who does not have at least two (2) years of relevant work experience, but demonstrates competency in the subject area in which certification is sought, may request an exception to the work experience requirement of 70 O.S. § 6-122.3.

GIST/ANALYSIS:

The rule addressing instructional requirements for local school board members is amended to clarify that board members who are appointed to fill a seat for fifteen (15) months or less may carry forward credit for training completed during the short-term appointment, if they are elected to the board for the subsequent term. The previous rule language did not allow for this carryover, and the rule has been amended to better reflect the school board member training statute at 70 O.S. § 5-110, which allows for training completed "within fifteen (15) months following or preceding election."

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 23. SCHOOL BOARD MEMBERS

210:20-23-3. Requirements for new and incumbent school board member training

(a) **Definitions.** The following words and terms, when used in this subchapter, shall have the following meaning:

(1) **"Approved instruction"** means instruction provided through workshops for the purpose of meeting the school board member instruction and continuing education requirements set forth in 70 O.S. §§5-110 and 5-110.1. Workshops providing instruction to qualify for credit pursuant to this Section and 210:20-23-4 shall include all in-state workshops, seminars, conferences, and/or conventions that are conducted by the State Department of Education, the Oklahoma Department of Career and Technology Education, the Oklahoma State School Boards Association, and all approved local professional development programs of the board member's district. Other programs must have ~~joint~~ prior approval in writing by the State Department of Education ~~and the Oklahoma Department of Career and Technology Education.~~ Requests for such approval must be in writing.

(2) **"Incumbent school board member"** means an individual who currently serves as a member of a district school board by either election or appointment and who also served as a school board member through either election or appointment to the term immediately prior to the

Permanent Final Adoptions

current term of office, but does not include individuals who served a short-term appointment of fifteen (15) months or less during the previous term.

(3) **"New school board member"** means an individual who has been elected or appointed to serve as a member of a district school board and who has not been previously appointed or elected to serve as a school board member to the term immediately prior to the current term for which the member has been elected or appointed. For purposes of training requirements, an individual who has served a short-term appointment of fifteen (15) months or less during the previous term is considered a new school board member.

(b) **Training for new school board members.** Within fifteen (15) months ~~after~~of the date of election or appointment, each new school board member shall complete at least twelve (12) hours of approved instruction on education issues that meet all of the following requirements:

- (1) At least one (1) hour on public school finance and/or, if appropriate, Career Technology finance;
- (2) At least one (1) hour on the Oklahoma Open Records Act and Oklahoma Open Meeting Act;
- (3) At least one (1) hour on ethics; and
- (4) At least nine (9) hours of approved instruction in other educational issues ~~authorized~~ by 70 O.S. § 5-110, including the following areas:

- (A) Legal issues impacting local school districts;
- (B) School employment and due process law;
- (C) New laws;
- (D) Special education law; or
- (E) Additional hours of instruction in ~~legal~~ issues related to topics set forth in (1) through (3) of this subsection, provided that no hour of instruction shall be counted more than once to meet the required twelve (12) hours of new board member instruction.

(c) **Training for incumbent school board members.** Within fifteen (15) months ~~after~~of the date of election or appointment, each incumbent school board member shall complete at least six (6) hours of approved instruction that meets all of the following requirements:

- (1) At least one (1) hour of instruction in public school finance and/or, if appropriate, Career Technology finance;
- (2) At least one (1) hour of instruction on the Oklahoma Open Records Act and the Oklahoma Open Meeting Act;
- (3) At least one (1) hour of instruction on ethics; and
- (4) At least three (3) hours of approved instruction in other educational issues in the topics referenced in this subsection and/or in (b)(1) through (b)(4) of this Section, provided that no hour of instruction shall be counted more than once to meet the required six (6) hours of training required by this subsection.

(d) **Short-term appointments.** School board members who hold their seats by appointment for less than fifteen (15) months prior to the date of the next election shall be excused from the training requirements in (b) and (c) of this Section. While training is not required for short-term appointees, in the event a short-term appointee is elected to serve on the board for the subsequent term, any hours of approved

instruction earned during the short-term appointment may carry forward to apply toward the training requirements of 70 O.S. § 5-110 or 70 O.S. § 5-110.1. However, the provisions of this subsection do not excuse an appointed board member from any training requirements of 70 O.S. § 5-110 incurred during the incumbent's previous term or any future training requirements incurred upon future election or appointment.

(e) ~~Carry over of excess~~**Excess approved instruction credits.** Any hours of approved instruction in excess of the requirements of this Section that have been earned during a school board member's current term of office may be applied toward the continuing education requirements of 70 O.S. §5-110.1, provided that:

- (1) With the exception of approved training hours earned during short-term appointments, No excess hours of approved instruction shall be permitted to carry over into a subsequent term of office; and
- (2) No hour of instruction shall be counted more than once to meet any of the training requirements set forth in this Section or in 210:20-23-4.

GIST/ANALYSIS:

Pursuant to House Bill 1017 (1990), the State Board of Education promulgated Standards of Performance and Conduct for Teachers as administrative rules. 70 O.S. § 6-101.21 requires the Standards of Performance and Conduct to include the statutory grounds for dismissal of career teachers, which are codified in the rules as "Principle III". House Bill 2957 (2016)

and previous bills amended 70 O.S. § 6-101.22, "Reasons for Dismissal of Career Teachers", and the rule addressing grounds for dismissal must be aligned with the new statutory language. One change to the statute that must be incorporated into the rule is the requirement to dismiss a teacher who has been convicted of an offense requiring sex offender registration. The amendment also adds the new statutory language allowing for dismissal of a teacher who has been found to have engaged in acts that could form the basis of criminal charges sufficient to result in the revocation of a certificate under 70 O.S. § 3-104(6)(a), which primarily lists crimes involving the sexual exploitation of children.

SUBCHAPTER 29. STANDARDS OF PERFORMANCE AND CONDUCT FOR TEACHERS

210:20-29-5. Principle III

(a) ~~A career teacher may be dismissed or not reemployed for.~~ A career teacher may be dismissed or not reemployed for:

- (1) ~~Willful neglect of duty;~~ Willful neglect of duty;
- (2) ~~Repeated negligence in performance of duty;~~ Repeated negligence in performance of duty;
- (3) ~~Mental or physical abuse to a child;~~ Mental or physical abuse to a child;
- (4) ~~Incompetency;~~ Incompetency;
- (5) ~~Instructional ineffectiveness;~~ Instructional ineffectiveness;
- (6) ~~Unsatisfactory teaching performance;~~ Unsatisfactory teaching performance;
- (7) ~~Any reason involving moral turpitude.~~ Any reason involving moral turpitude; or
- (8) Abandonment of contract.

(b) ~~Subject to the provisions of the Teacher Due Process Act, a probationary teacher may be dismissed or not reemployed for cause.~~ Subject to the provisions of the Teacher Due Process Act, a probationary teacher may be dismissed or not reemployed for cause.

(c) ~~A teacher convicted of a felony shall be dismissed or not reemployed unless a presidential or gubernatorial pardon has been issued.~~ A teacher shall be dismissed or not reemployed, unless a presidential or gubernatorial pardon has been issued, if during the term of employment the teacher is convicted in any state or federal court of any felony offense, or any sex offense subject to the Oklahoma Sex Offenders Registration Act or any other state or federal sex offender registration provisions.

(d) ~~A teacher may be dismissed, refused employment or not reemployed after a finding that such person has engaged in criminal sexual activity or sexual misconduct that has impeded~~

~~the effectiveness of the individual's performance of school duties. As used in this subsection:~~

- (1) ~~"Criminal sexual activity" means the commission of an act as defined in Section 886 of Title 21 of the Oklahoma Statutes, which is the act of sodomy; and~~
- (2) ~~"Sexual misconduct" means the soliciting or imposing of criminal sexual activity.~~ [70:6-101.22] A teacher may be dismissed, refused employment, or not reemployed after a finding that such person has engaged in acts that could form the basis of criminal charges sufficient to result in the denial or revocation of a certificate for a reason set forth in subparagraph a of paragraph 6 of 70 O.S. § 3-104.

House Bill 3102 (2016) amended the statute governing alternative placement and adjunct teachers, expanding the number of clock hours that adjunct teachers are authorized to provide classroom instruction from ninety (90) hours per semester to two hundred seventy (270) hours per semester. Each school district establishes its own requirements and salary for adjunct teachers, who must pass a background check, but under 70 O.S. § 6-122.3 are not required to hold a teaching certificate. The amendment to the adjunct teachers rule incorporates the expansion of authorized teaching hours for adjuncts, and also clarifies that if a district employs a certified teacher as an adjunct, the certified individual's salary shall be the amount they would be entitled to on the state minimum salary schedule, pro-rated to the number of hours taught.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 37. ADJUNCT TEACHERS

210:20-37-2. Adjunct teachers

Rules which pertain to adjunct teachers are:

- (1) The local school district shall determine the specific qualifications, duties, and responsibilities of adjunct teachers.
- (2) The employment of persons to serve as adjunct teachers shall be approved by the local board of education.
- (3) The local district shall request a felony record search of any person approved for adjunct employment.
- (4) Formal notification of the employment of adjunct teachers shall be provided to the State Department of Education within thirty (30) days of the date of employment.
- (5) Adjunct teachers shall be limited to two hundred seventy (270) clock hours of classroom teaching per semester.
- (56) For individuals who do not hold a valid Oklahoma teaching certificate, Hours hours taught while serving as an adjunct teacher shall not count towards teaching experience or recency for purposes of meeting certification or recertification requirements, tenure, or retirement benefits, or for placement on the state minimum salary schedule. For individuals who hold a valid Oklahoma teaching certificate, hours taught while serving as an adjunct teacher may apply toward teaching experience and recency under the experience accrual guidelines of 210:25-3-4(b).
- (7) Salary for an uncertified individual employed as an adjunct teacher shall be established by the school district. Salary for a certified individual who serves as an adjunct teacher shall be the amount the individual would be entitled to on the state minimum salary schedule if they were serving as a full-time teacher, pro-rated to the number of hours taught.
- (68) Adjunct teachers employed to coach school athletic teams shall have successfully completed a course in the care and prevention of athletic injuries.

GIST/ANALYSIS:

The rules addressing the Teacher and Leader Effectiveness Evaluation System (TLE) are amended to incorporate changes made to the TLE system by House Bill 2957 (2016). Changes include: the definition of "teacher" is updated pursuant to 70 O.S. § 1-116; references to Student Academic Growth (SAG) data and other repealed quantitative components are eliminated; "district evaluation rating" is established as the new term for a teacher or leader's holistic rating; requirements for individualized programs of professional development are outlined; and evaluator training is addressed.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 41. TEACHER AND LEADER EFFECTIVENESS

210:20-41-1. Teacher and Leader Effectiveness Evaluation System overview

(a) **Purpose and application.** To ensure that each Oklahoma student is provided with effective instruction that contributes to student success, each school district board of education shall maintain and annually review a written policy of evaluation for all teachers and leaders, to be based upon the minimum criteria for the Teacher and Leader Effectiveness Evaluation System (TLE) outlined at 70 O.S. § 6-101.16. For purposes of the TLE, "leader" means a principal, assistant principal, or any other school administrator who is responsible for supervising classroom teachers. "Teacher" means a duly certified person who is employed to serve as a counselor, librarian,

or school nurse/classroom teacher, or in any other instructional capacity.

(b) **Five-tier rating system.** Each teacher and leader evaluated under the TLE shall be rated on a five-tier scale, and assigned one of the following ratings. Regardless of any additional rating terminology used in an evaluation framework implemented by a school district, a teacher's or leader's district evaluation rating shall be expressed as one of the following five ratings:

- (1) Superior;
- (2) Highly effective;
- (3) Effective;
- (4) Needs improvement; or
- (5) Ineffective.

(c) **Annual evaluations.** Every teacher and leader shall be evaluated annually, and provided with feedback for the purpose of improving student learning outcomes. Both the quantitative and qualitative components of the TLE shall be calculated each year for every teacher and leader, with the following limited exceptions: Each teacher or leader shall receive a district evaluation rating based on the components of the TLE as set forth in 70 O.S. § 6-101.16(b), and expressed as a rating on the five-tier scale shown in subsection (b). For all district evaluations, student performance, including performance on the statewide criterion-referenced tests if available, shall be discussed with the teacher and may be one of the considerations for the teacher's district evaluation rating. A career teacher as defined in 70 O.S. § 6-101.3 who has received a "Superior" or "Highly effective" rating under the TLE may be evaluated once every three (3) years, but shall participate annually in developing a professional growth goal. A probationary teacher as defined in 70 O.S. § 6-101.3 shall be provided formative feedback from the evaluation process at least two times per school year, once during the fall semester and once during the spring semester.

(1) A first year teacher's TLE evaluation shall be based solely on qualitative components, as set forth at 210:20-41-3(b). During the first year of teaching, no Student Academic Growth (SAG) data will be collected. During the second year of teaching, the TLE evaluation score will still be derived entirely from qualitative components, but SAG data will be collected to be applied to the following year's evaluation.

(2) A career teacher who has received a "Superior" or "Highly effective" rating under the TLE may be evaluated once every two years. SAG quantitative data for these teachers shall continue to be collected and reported annually, as this data will be a necessary component of the teacher's next scheduled evaluation.

(3) A teacher or leader who moves to an Oklahoma school district from out of state shall be evaluated during their first school year in Oklahoma based solely on qualitative components, as set forth at 210:20-41-3(b). During the first year of teaching in Oklahoma, SAG data will be collected to be applied to the following year's evaluation.

(4) A teacher or leader who retires or leaves teaching or administrative employment, but returns to a teaching or

administrative position, shall be evaluated solely on qualitative components during the year they return to service. SAG data will be collected during the year they return to service, to be applied to the following year's evaluation.

(d) **Remediation plans and instructional coaching.** For all teachers rated as "Needs improvement" or "Ineffective", comprehensive remediation plans and instructional coaching shall be provided. Each school district's written policy for evaluation shall include guidelines for comprehensive remediation plans and an instructional coaching program.

(e) **Teachers and leaders who change positions.** For an educator who serves as a teacher one year and an administrator the following year, the SAG data acquired during the year of employment as a teacher shall carry over as the SAG data applied to TLE evaluation during the educator's first subsequent year of employment as an administrator. For an educator who serves as an administrator one year and a teacher the following year, the SAG data acquired during the year of employment as an administrator shall carry over as the SAG data applied to TLE evaluation during the educator's first subsequent year of employment as a teacher.

(d) **Individualized programs of professional development.** Every school district board of education shall maintain and annually review a written policy of professional development in addition to, or as a component of, its written policy of evaluation. The policy of professional development adopted by a school district shall provide for the development of a focused and individualized program of professional development for the teacher or administrator that is consistent with the qualitative components of the TLE. Professional development completed pursuant to an individualized program of professional development shall count toward the total number of points a teacher or administrator is required to complete as established by the school district pursuant to 70 O.S. § 6-194, provided that the implementation of individualized programs of professional development does not increase the professional development points requirements. Every school district policy of professional development shall:

(1) Establish an annual professional growth goal for the teacher or administrator that is developed by the teacher or administrator in collaboration with the evaluator. Every teacher or administrator will participate in establishing an annual professional growth goal, including career teachers with a "Superior" rating during the years they are not required to be evaluated.

(2) Be tailored to address a specific area or criteria identified through the qualitative components of the TLE.

(3) Allow the teacher or administrator to actively engage with learning practices that are evidence-based, researched practices that are correlated with increased student achievement.

(4) Be supported by resources that are available and supplied by the school district and the State Department of Education.

(e) **Evaluator training.** Prior to conducting evaluations, every individual designated by a school district board of education to conduct personnel evaluations shall participate in training that addresses the requirements of Oklahoma's

Permanent Final Adoptions

Teacher and Leader Effectiveness Evaluation System. Training provided to a school district's evaluators through a vendor which addresses the district's adopted framework, but does not specifically address Oklahoma's TLE components, will not satisfy the TLE training requirement.

(f) **Reporting.** Every school district must transmit data collected for TLE purposes to the State Department of Education through the current information upload system designated by the agency.

(g) **Confidentiality of records.** The State Department of Education shall keep records of annual evaluations received pursuant to TLE confidential. TLE records which in any way identify a current or former public employee shall not be subject to disclosure under the Oklahoma Open Records Act.

210:20-41-2. Quantitative components of the Teacher and Leader Effectiveness Evaluation System

For districts choosing, at their own expense, to use quantitative measures of teachers and leaders as part of the district evaluation rating, such measures shall include a minimum of one reliable, research-based measure approved by the State Board of Education.

210:20-41-3. Qualitative components of the Teacher and Leader Effectiveness Evaluation System

(a) **Proportion of overall rating.** ~~Fifty percent (50%) of the ratings of teachers and leaders shall be based on qualitative assessment components which are rigorous and fair.~~

(ba) **Qualitative assessment of teachers.** An evidence-based qualitative assessment tool for the assessment of teachers must include observable and measurable characteristics of personnel and classroom practices that are correlated to student performance success. These characteristics shall include, but not be limited to:

- (1) Organizational and classroom management skills;
- (2) Ability to provide effective instruction;
- (3) Focus on continuous improvement and professional growth;
- (4) Interpersonal skills; and
- (5) Leadership skills.

(eb) **Qualitative assessment of leaders.** An evidence-based qualitative assessment tool for the assessment of administrators must include observable and measurable characteristics of personnel and site management practices that are correlated to student success. These characteristics shall include, but not be limited to:

- (1) Organizational and school management, including retention and development of effective teachers and dismissal of ineffective teachers;
- (2) Instructional leadership;
- (3) Professional growth and responsibility;
- (4) Interpersonal skills;
- (5) Leadership skills; and

(6) Stakeholder perceptions.

70 O.S. § 5-190, the statute directing what training is required for school district treasurers and encumbrance clerks, was amended by House Bill 2315 (2016) to allow for the training requirements to be satisfied by instruction completed within three (3) years prior to employment in the position. The rules governing school district encumbrance clerks and treasurers previously only provided for training within nine (9) months after employment, and are updated to reflect the new prior-instruction option.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 5. BUDGETING AND BUSINESS MANAGEMENT

PART 2. PERSONNEL AND PROCEDURES

210:25-5-10. The encumbrance clerk

(a) **Duties and responsibilities.** The encumbrance clerk shall be employed by the district board of education and may also serve as the minute clerk. The encumbrance clerk is responsible for the following duties:

- (1) Maintain Appropriation and Encumbrance Ledger.
- (2) Determine that encumbrances do not exceed appropriations and are for purpose of appropriation charged.
- (3) May complete purchase orders.
- (4) Transmit warrants to vendor(s).
- (5) Perform such other duties as the board or its committees may require.

(b) **Required forms and documents.** In performing the required duties of the position the Encumbrance Clerk needs the following forms and documents:

- (1) A supply of approved purchase order blanks.
- (2) A supply of approved warrant blanks.
- (3) A copy of the following:
 - (A) S.A.&I Form 2661, Estimate of Needs.
 - (B) S.A.&I. Form 307, Request for approval of State Aid and/or Federal Funds.
 - (C) Form 308 - Cash Fund Estimate and Request for Appropriation.
 - (D) Form 150 - Supplemental Estimate
- (4) Other forms to meet board's requirements.

(c) **Additional duties - dual appointments as minute clerk.** If also serving as the minute clerk additional duties to perform:

- (1) Maintain an accurate journal of the proceedings of the board of education.
- (2) Perform such other duties as the board or its committees may require.

(d) **Encumbrance clerk training and continuing education requirements.** Every school district encumbrance clerk shall complete the following training requirements in accordance with the provisions of 70 O.S. § 5-190:

(1) **Encumbrance clerk training.** Within nine (9) months after the first day of employment as an encumbrance clerk by a local school district, or within three (3) years prior to employment in the position, every school district encumbrance clerk shall complete at least twelve (12) hours of approved instruction that meets all of the following requirements:

- (A) Any courses of instruction or workshop of courses offered for purposes of meeting the requirements of this subsection shall be approved for credit by the State Department of Education Office of Financial Services;
- (B) The instruction shall address all of the following topics:
 - (i) School finance laws of the State;
 - (ii) Accounting;
 - (iii) Ethics;
 - (iv) Duties and responsibilities of a school district encumbrance clerk.

(2) **Encumbrance clerk continuing education.** In addition to the requirements of (1) of this subsection, every school district encumbrance clerk shall be required

to complete an additional twelve hours (12) of approved continuing education instruction every three (3) years from the date of initial employment with a school district. The twelve (12) hours of required continuing education instruction shall meet all of the requirements for encumbrance clerk training set forth in (1) of this subsection.

(e) **Certificates of completion.** As a condition of course approval, every instructor of a school district encumbrance clerk course or coordinator of a workshop of school district encumbrance clerk courses shall provide a certificate of completion to encumbrance clerks upon successful completion of the course or workshop offered for the purpose of fulfilling the requirements of (d) of this Section. Upon completion of the course, copies of the certificate, signed by the course instructor or the workshop coordinator, shall be forwarded by the encumbrance clerk to the district board president or the board president's designee.

(f) **Compliance.** Failure to comply with the training requirements set forth in this Section shall result in a deficiency on the accreditation report of the school district that employs the encumbrance clerk.

210:25-5-11. The school district treasurer

(a) **Overview.** The law requires the county treasurer of each county to also be the school district treasurer for all school districts in the County, except that the board of education in each school district may appoint a local treasurer. All school districts are also allowed to employ an assistant local treasurer. An assistant local treasurer may perform any of the duties and exercise any of the powers of the local treasurer with the same force and effect. A school district treasurer or assistant treasurer may also serve as a minute clerk. The local treasurer and/or assistant treasurer shall be a resident of this state. A local treasurer or assistant local treasurer may be appointed for more than one school district. Since the State Auditor and Inspector is directly charged by law to prescribe the forms and procedures for the operation of the county treasurer's office, nothing herein is intended to disturb or supersede any directive or advice from the Auditor's Office. It is, however, agreed upon by the above mentioned office and the Department of Education that if the treasurer follows the principles and procedures as provided below for the operation of the local treasurer's office of the school district, a valuable service to boards of education, taxpayers and the general public will occur.

(b) **Duties and responsibilities.** The Treasurer is required by law to:

- (1) Ensure that warrants shall show warrant number, fiscal year, and fund against which the warrant is being drawn.
- (2) Code all receipts using the Oklahoma Cost Accounting System dimensions of Fiscal Year, Fund, Project Reporting, Source of Revenue, Program, and Operational Unit, to the bold dimension for State Department of Education requirements. If coded in detail have ability to roll dimensions to the bold for magnetic media transfer to State Department of Education.

Permanent Final Adoptions

(3) The Treasurer of a School District shall keep the following computerized records based on the following format:

- (A) SA&I, Form 208 (1967) Treasurer's General Ledger.
- (B) SA&I, Form 2061 (1967) Treasurer's Cash Ledger.
- (C) SA&I, Form 2062 (1967) Treasurer's Investment Ledger.
- (D) SA&I, Form 207 (1967) Treasurer's Warrant Ledger.
- (E) SA&I, Form 411 (1967) Treasurer's Receipt.
- (F) SA&I, Form 410 (1967) Treasurer's Check.
- (G) SA&I, Form 1141 (1967) Bond Register.
- (H) Deposit Books.
- (I) Such other records as may be deemed advisable or useful.

- (4) The Treasurer shall also maintain adequate files of:
- (A) Paid Warrants--Warrants purchased with a treasurer's check, shall be filed by group in the numerical order of the treasurer's checks which paid them. Each group of warrants paid by a treasurer's check shall also have a copy of the treasurer's check with which they were purchased attached to them.
 - (B) Voided Warrants--Shall be filed in the numerical order of their issuance by fund and by fiscal year in a separate file and shall be sufficiently mutilated to prevent their being cashed but not mutilated as to not be identifiable.
 - (C) Paid Bonds and Coupons.
 - (D) Canceled Bonds and Coupons.
 - (E) Bank and fiscal agency statements, including deposit tickets and paid warrants/checks.
 - (F) County Clerk's remittance advises.
 - (G) Copies of any directive from the County Clerk or County Excise Board supplementing, changing or transferring appropriation balances.
 - (H) State Board of Education notices and allocation of State and Federal Aid.
 - (I) School board resolutions pertinent to the conduct of the School Treasurer's office and duties.
 - (J) Letters, memos, or other supporting data pertaining to transactions of the school district or to the operation of the Treasurer's office.
 - (K) Any other files which may be considered advisable or useful.

(c) **Treasurer training and continuing education requirements.** Every school district treasurer who does not also act as the county treasurer shall complete the following training requirements in accordance with the provisions of 70 O.S. § 5-190:

- (1) **Treasurer clerk training.** Within nine (9) months after the first day of assuming duties as a local school district treasurer, or within three (3) years prior to employment in the position, every school district treasurer shall complete at least twelve (12) hours of approved instruction that meets all of the following requirements:

(A) Any courses of instruction or workshop of courses offered for purposes of meeting the requirements of this subsection shall be approved for credit by the State Department of Education Office of Financial Services;

(B) The instruction shall address all of the following topics:

- (i) School finance laws of the State;
- (ii) Accounting;
- (iii) Ethics;
- (iv) Duties and responsibilities of a school district treasurer.

(2) **Treasurer continuing education.** In addition to the requirements of (1) of this subsection, every school district treasurer shall be required to complete an additional twelve hours (12) of approved continuing education instruction every three (3) years from the date of initial employment with a school district. The twelve (12) hours of required continuing education instruction shall meet all of the requirements for treasurer training set forth in (1) of this subsection.

(d) **Certificates of completion.** As a condition of course approval, every instructor of a school district treasurer course or coordinator of a workshop of school district treasurer courses shall provide a certificate of completion to treasurers upon successful completion of the course or workshop offered for the purpose of fulfilling the requirements of (c) of this Section. Upon completion of the course, copies of the certificate, signed by the course instructor or the workshop coordinator, shall be forwarded by the treasurer to the district board president or the board president's designee.

(e) **Compliance.** Failure to comply with the training requirements set forth in this Section shall result in a deficiency on the accreditation report of the school district that employs the treasurer.

GIST/ANALYSIS:

The rule regarding school bus driver certification is amended to provide that the annual health certificate required for school bus drivers may be signed not only by a physician, but also by an Oklahoma-licensed nurse or physician assistant working under the supervision of a physician. The rule previously limited the health certificate signature to physicians only, but in practice, it is often nurses and physician assistants who perform routine physical exams such as the annual health certification. School districts requested expansion of the authorized signatures for bus drivers' annual health certificates to include a licensed nurse or physician assistant working under the supervision of a licensed physician.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 5. TRANSPORTATION

210:30-5-8. School bus driver certification

(a) **General criteria.**

(1) Pursuant to the authority granted to the State Board of Education in 70 O.S. § 3-104(6) to regulate school bus drivers and 47 O.S. § 15-109, no board of education shall have authority to enter into any written contract with a school bus driver who does not hold a valid Oklahoma School Bus Driver's Certificate issued by the State Board of Education authorizing said bus driver to operate a school bus within the State of Oklahoma.

(2) In order to obtain and maintain a standard Oklahoma School Bus Driver's Certificate, the State Board of Education requires all public school bus drivers to:

(A) Successfully complete a school bus driver training course approved by the State Department of Education;

(B) Possess and maintain a valid Commercial Driver's License (CDL) issued by the Oklahoma State Department of Public Safety, which includes the following endorsements required by 70 O.S. § 6-110.1 in accordance with the qualifications determined by the Department of Public Safety:

(i) A school bus "S" endorsement; and

(ii) For drivers of vehicles designed to transport sixteen (16) or more passengers (including the driver), a passenger "P" endorsement; and

(C) Comply with all other health and safety qualifications set forth in this Section.

(3) No school district board of education shall assign or allow to be assigned any school bus driving duty involving the transportation of students to any employee or volunteer, regardless of contract status (e.g. coach, teacher, mechanic), unless that person has all required supporting documentation required for school bus drivers on file with the school district and a valid Oklahoma State Department of Education School Bus Driving Certificate as provided for in this section.

(4) The State Board of Education recognizes the substantial public interest in safe school bus transportation of children. Therefore, in addition to meeting the vision standards required to obtain a CDL from the Department of Public Safety, in order to obtain a standard or emergency Oklahoma School Bus Driver's Certificate, all school bus drivers must have:

(A) A visual acuity of not less than twenty-four (20/40) (Snellen) in each eye with or without corrective lenses; and

(B) Not less than twenty-four (20/40) (Snellen) with both eyes with or without corrective lenses; and

(C) A minimum field of vision of 70 degrees horizontal median vision in each eye.

(5) The use of tobacco by a school bus driver is not permitted during the operation of the bus while hauling pupils. The use of any intoxicating or non-intoxicating alcoholic beverage by the driver eight (8) hours prior to or during the operation of a school bus is strictly prohibited. The use of any controlled dangerous substance seventy-two (72) hours prior to or during the operation of a school bus is strictly prohibited. The possession of any controlled dangerous substance on a school bus is strictly prohibited.

(6) All school bus drivers shall have an annual health certificate signed by a physician licensed by this state, or a nurse or physician assistant who is licensed to practice in this state and who is working under the supervision of a medical doctor (MD) or doctor of osteopathy (DO) licensed by this state. The certificate shall be filed in the office of the chief administrative officer of the local school district or designee of the chief administrative officer attesting that such physician, or other authorized health care professional working under the supervision of a physician, has examined the applicant and that the applicant has no sign or symptoms of ill health, and is otherwise, from the observation of such physician or other authorized health care professional, physically and mentally capable of safely operating a school bus. As an alternative to the annual physical examination requirements for school bus drivers, school districts may adopt a policy that utilizes a biannual physical examination, provided the examination

Permanent Final Adoptions

is in compliance with the physical qualifications and examination requirements at Subpart E of the Federal Motor Carrier Safety Regulations, 49 CFR §§ 391.41 to 391.50.

(7) Substitute and activity school bus drivers shall meet all the requirements prescribed for regular bus drivers.

(8) At a minimum, the chief administrative officer of the local school district or designee of the chief administrative officer shall conduct an annual driving record check of all school bus drivers, including substitute and activity drivers. The Oklahoma State Department of Education shall be immediately notified of any violation(s) that make a school bus driver ineligible to hold an Oklahoma School Bus Driver's Certificate.

(9) The State Board of Education shall revoke the bus driver's certificate of any holder who fails to comply with the provisions of this Section.

(10) School districts who fail to comply with the provisions of this section shall be subject to penalty pursuant to 210:30-5-2.

(b) **School bus driver certificate requirements.**

(1) The chief administrative officer of the local school district or designee of the chief administrative officer shall certify to the State Department of Education that each applicant submitted for Standard Five-Year Certification:

- (A) Is at least 18 years of age;
- (B) Has successfully completed a special school bus drivers' course approved by the State Department of Education;
- (C) Holds a valid Commercial Drivers license (CDL) appropriate for the type of vehicle driven with the proper endorsements required by the Department of Public Safety;
- (D) Has not been convicted of a felony, or pled guilty or nolo contendere to a felony during the last ten years; and
- (E) Has passed a driving record check, and no certificate shall be issued to any person who, within the preceding three (3) years:
 - (i) Has had a license suspended or revoked, canceled or withdrawn pursuant to the Implied Consent Laws at 47 O.S. § 751 et seq.;
 - (ii) Has a conviction for a violation of 47 O.S. § 11-902 which includes driving, operating or being in actual physical control of a vehicle while under the influence of alcohol or any intoxicating drug;
 - (iii) Has been convicted or plead guilty to a violation of 47 O.S. § 761, operating a motor vehicle while impaired by consumption of alcohol;
 - (iv) Has been convicted of any municipal violation of driving under the influence of alcohol or drugs or operating a motor vehicle while impaired or being in actual physical control of a motor vehicle while impaired; or
 - (v) Has had four (4) or more traffic violations (excluding parking violations).

(2) The chief administrative officer of the local school district or designee of the chief administrative officer shall certify to the State Department of Education that the

applicant for an Emergency One-Year School Bus Driver Certificate (Not Renewable):

- (A) Is at least 18 years of age;
- (B) Holds a valid Commercial Driver's License with the proper endorsements required by the Department of Public Safety; and
- (C) Has passed a driving record check and meets the requirements set forth in (1)(D)-(E) of this subsection.

(3) Requirements for Renewal of the Standard Five-Year Certificate include:

- (A) Every five (5) years, each driver shall have successfully completed four (4) hours per year of inservice training approved by the State Department of Education;
- (B) The chief administrative officer of the local school district or designee of the chief administrative officer shall certify to the State Department of Education that the applicant meets all requirements for standard certification; [47 O.S. § 15-109]
- (C) Each applicant has a health certificate on file signed by a licensed physician, or a nurse or physician assistant who is licensed to practice in this state and who is working under the supervision of a medical doctor (MD) or doctor of osteopathy (DO), and meets all vision requirements;
- (D) Each applicant has not been convicted or pled guilty to a felony in the last ten (10) years;
- (E) The applicant's driving record has been checked and meets all other State Board of Education requirements for certification; and
- (F) Notwithstanding the provisions of this paragraph, in order to renew any school bus driver certificate which has been expired for more than one year, a driver must successfully complete a renewal course approved by the State Department of Education. Such a course must, at a minimum, include topics on:
 - (i) Railroad crossings;
 - (ii) Emergency evacuation procedures;
 - (iii) Mirror placement;
 - (iv) Pick-up and drop-off procedures;
 - (v) Sound driving practices; and
 - (vi) Accident procedures.

(4) During the period that the application for issuance of a new or renewed school bus driver certificate is pending, applicants must immediately notify the State Department of Education Transportation Section of any arrest, citation, or conviction of any disqualifying offense set forth in (1)(E) of this subsection; any moving violation; or any involvement in a traffic accident.

(c) **Certification of drivers with a monocular vision condition.**

(1) Individuals who wish to obtain an Oklahoma School Bus Driver's Certificate and meet all other requirements of this Section, but cannot meet the vision requirements in (a)(3) of this Section in both eyes due to the presence of a monocular vision condition, may obtain an exemption from the vision requirements of (a)(3) of

this Section by providing evidence showing that Applicant is exempt from the requirements of 49 C.F.R. § 391.41, has fully adapted to the monocular vision condition, and is capable of safely operating a school bus for the purpose of transporting school children. Such evidence must consist of documentation for each one of the following:

(A) Documentation establishing that Applicant's vision condition has been present and unchanged for three years or more prior to the application for an exemption from the vision requirements of (a)(3) of this Section;

(B) Documentation establishing that Applicant has experience in safely operating a Commercial Motor Vehicle with the monocular vision condition within the three (3) year period immediately preceding the date of the application for an exemption from the vision requirements of (a)(3) of this Section; and

(C) One of the following:

(i) An authority letter issued by the Oklahoma State Department of Public Safety (DPS) qualifying the individual as exempt from the vision requirements of 49 C.F.R. § 391.41; or

(ii) A letter or waiver issued by the Federal Motor Carrier Safety Administration (FMCSA) documenting that the applicant has received a waiver from the vision requirements of 49 C.F.R. § 391.41.

(2) Documentation of the evidence required by (1)(A) of this subsection shall consist of documentation for each one of the following:

(A) Applicant must have been examined by a licensed ophthalmologist or optometrist within sixty (60) days prior to obtaining the Commercial Driver License and within one year of applying for the State Department of Education monocular vision exemption. Applicant must provide the State Department of Education a copy of the official Oklahoma State Department of Public Safety vision form documenting the examination.

(B) In addition, if not included on the official Oklahoma State Department of Public Safety vision form, Applicant must submit additional documentation, in which a licensed ophthalmologist or optometrist identifies and describes:

(i) The nature of the vision deficiency, including how long the individual has had the deficiency;

(ii) The date of the examination;

(iii) Whether the applicant's vision is stable;

(iv) The visual acuity of each eye, corrected and uncorrected;

(v) The field of vision of each eye, including central and peripheral fields, testing to at least 120 in the horizontal. (Formal perimetry is required. The doctor must submit the formal perimetry test for each eye and interpret the results in degrees of field of vision.);

(vi) Whether the applicant has the ability to recognize the colors of traffic control signals and devices showing red, green, and amber; and

(vii) The ophthalmologist/optometrist's medical opinion as to whether the individual has sufficient vision to perform the driving tasks required to operate a school bus.

(3) Documentation of the evidence required by (1)(B) of this subsection shall consist of each of the following:

(A) Applicant must provide documentation of experience in operating a commercial motor vehicle (as defined by 47 O.S. §§ 1-107.1, 1-107.2, or 1-107.3) while the Applicant has a monocular vision condition for the three (3) year period immediately preceding the date of this application which includes the following information:

(i) For any applicant employed as a driver of a commercial motor vehicle, the DOT # or ICC# of Applicant's employer(s); for any applicant with driving experience as an independent motor carrier, a list of names, addresses, and phone numbers of customers for whom Applicant performed transportation services through the operation of a commercial motor vehicle on public highways;

(ii) A list of all dates (month/date/year) during the three (3) year period for which Applicant performed services driving and/or operating a commercial motor vehicle, and the number of hours driven per week; and

(iii) A list of all types of commercial motor vehicles operated by Applicant and gross vehicle weight rating ("GVWR") of each vehicle operated by Applicant;

(B) Acceptable forms of required documentation of the Applicant's driving experience described in (3) of this paragraph may include either:

(i) A signed, notarized statement from the individual's present or past employer(s) on company letterhead; or

(ii) An affidavit by the Applicant.

(C) Applicant shall provide the State Department of Education with a Motor Vehicle Report demonstrating that applicant's driving record during the three (3) year period prior to the date the application is filed:

(i) Contains no suspensions or revocations of Applicant's driver's license for the operation of any motor vehicle (including Applicant's personal vehicle);

(ii) Contains no record of involvement in an accident involving negligence attributable to the monocular vision condition;

(iii) Contains no record of a serious traffic offense attributable to the monocular vision condition (e.g., erratic unsafe lane changes, following too closely, etc.)

(4) Individuals who receive the vision exemption to drive a bus for an accredited school in Oklahoma must

Permanent Final Adoptions

submit to their employer a copy of the documentation required by (1)(C) of this subsection.

(d) Certification of drivers with insulin-dependent diabetes mellitus.

(1) Any person with diabetes mellitus requiring insulin by injection shall not be eligible for a school bus certificate unless the individual meets all other requirements of (a) and (b) of this Section, and the individual possesses and maintains either:

(A) An authority letter issued by the Oklahoma State Department of Public Safety (DPS) qualifying the individual as exempt from the physical requirements of 49 C.F.R. § 391.41; or

(B) A letter or waiver issued by the Federal Motor Carrier Safety Administration (FMCSA) documenting that the applicant has received a waiver from the physical requirements of 49 C.F.R. § 391.41.

(2) Upon hire, exempted individuals will be required to agree to and comply with the following conditions:

(A) Blood glucose levels shall be self-monitored one (1) hour prior to driving and at least once every four (4) hours while driving a school bus or on duty by using a portable glucose monitoring device with a computerized memory, and take corrective action if necessary;

(B) The individual shall maintain blood glucose logs, three months from the current date (or the date that insulin use began, whichever is shorter).

(i) If the employing district has cause to require a medical evaluation as authorized by (5) of this subsection, logs maintained pursuant to this subsection must be provided to the Oklahoma board certified medical doctor (MD) or doctor of osteopathy (DO) treating the individual.

(ii) Blood glucose logs must be created by an electronic blood glucose meter that stores every reading, records date and time of reading, and from which data can be downloaded and printed.

(C) The individual shall carry a source of rapidly absorbable glucose at all times while operating a school bus; and

(D) The individual shall meet the annual physical examination requirements for drivers with metabolic diseases set forth by the Department of Public Safety in OAC 595:10-5.

(E) The individual shall notify the Department of Public Safety and the State Department of Education of any changes in physical or mental ailments or conditions which may cause loss of control or partial control or may otherwise render the individual incapable of properly controlling a school bus.

(3) Superintendents or their designees who hire individuals who hold a diabetes exemption certification must keep on file in a separate medical record:

(A) A current copy of the diabetes exemption certificate of the individual;

(B) The contact information of the board certified medical doctor (MD) or doctor of osteopathy (DO) who is treating the individual;

(C) Record of the annual medical certification issued by the board certified medical doctor (MD) or doctor of osteopathy (DO) pursuant to (1)(B) of this subsection; and

(D) Copies of any medical certifications obtained pursuant to (5) of this subsection.

(4) An individual holding a diabetes exemption certificate shall immediately notify the superintendent (or the superintendent's designee) of the school district in which the individual is employed if the individual's blood glucose level is outside of a range of 100 mg/dl to 400 mg/dl one (1) hour prior to driving. Upon receipt of such notice, the superintendent or the superintendent's designee shall not allow the individual holding the diabetes exemption certificate to drive. If the individual's blood glucose level is below 100 mg/dl or above 400 mg/dl, then the driver cannot operate a school bus or transport school children as an employee of any school district until the blood glucose measure is within the target range.

(5) In the event an individual holding a diabetes exemption is involved in an incident directly caused by the individual's diabetic condition, the individual cannot operate a school bus or transport school children as an employee of any school district until the individual has been certified in writing as medically able to safely resume work related duties by the Oklahoma board certified medical doctor (MD) or doctor of osteopathy (DO) by whom they are being treated.

GIST/ANALYSIS:

House Bill 2784 (2016) amended the statute governing the storage of student records. The rule addressing student records is updated to reflect the statutory changes, which include an authorization for school districts to store records electronically, and a requirement to maintain student transcripts for eighty (80) years. The amendments to the law require districts to develop policies for the destruction of non-transcript student records five to seven (5-7) years after the student graduates or withdraws from the district, and the rule update also addresses HB 2784's requirement for districts to notify former students (or the parents/guardians of minors) when non-transcript records are scheduled for destruction.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 3. STANDARDS FOR ELEMENTARY, MIDDLE LEVEL, SECONDARY, AND CAREER AND TECHNOLOGY SCHOOLS

PART 5. STANDARD III: ADMINISTRATION AND ORGANIZATION

210:35-3-47. School reports and records

Well-delineated policies and procedures for records and reports shall be developed and kept current. School districts may store all documents and information in student records either electronically or in paper format.

- (1) Records and reports needed for effective planning, operation, evaluation, and reporting shall be kept relative to the following components of the educational program:
 - (A) Administrative operations
 - (B) Curriculum
 - (C) Guidance
 - (D) Health services
 - (E) Instructional supplies
 - (F) Media services
 - (G) School Plant
 - (H) Staff
 - (I) Student activities
 - (J) Student personnel

(2) The permanent record of the student, including social security number as permitted by law, shall be current and filed in the superintendent's or principal's office. Standardized test results, student's school activities, attendance and citizenship dates shall be included as a part of the permanent records. Proper safeguards shall be taken with these records to protect the confidentiality of individuals and the human rights of all students. Health and immunization records should be kept separately.

(3) One person in each school shall be responsible for all personally identifiable information to assure that no unauthorized person will be able to obtain the information without written parental permission.

(4) Students shall be officially enrolled upon receipt of their immunization records as required by law and transcripts or grade cards. Information pertaining to grades, graduation tests, college admission test, rank in class of graduating seniors, and other pertinent information required under 70 O.S. § 24-114 shall be recorded on the transcript. A student's transcript shall be maintained by the school district for not less than eighty (80) years following the graduation, transfer, or withdrawal of the student from the district. Because of the likelihood of changes to electronic data storage systems and practices during the timeframe that transcripts must be maintained, districts that store student records electronically are encouraged to make any necessary format conversions of student transcript records each time the district makes a significant change to its electronic data storage system, so that transcripts will be retrievable if the original storage format becomes obsolete.

(5) Principals shall furnish transcripts and immunization records of students within three business days when requested to do so by school officials.

(6) School administrators shall be familiar with and assure compliance with state attendance laws.

(7) Attendance records shall be completed and made available for auditing at the close of the school year. The principal or a competent person under his or her supervision shall record the attendance daily.

(A) Pupils absent from school in which they are regularly enrolled may be considered as being in attendance if the reason for such absence is to participate in scheduled school activities under the direction and supervision of a regular member of the faculty.

(B) Closing classroom work early for seniors for commencement or other activities is prohibited by the State Board of Education. Any school district which does not require students to attend school for the full term shall be in violation of the State Board of Education policy and shall be cited for the violation on the final accreditation report as presented for approval by the State Board of Education for the upcoming school year.

(C) Classroom activities and instruction shall continue until the end of the school term. Students given excused absences during examination periods, for

Permanent Final Adoptions

sickness or any other reason, shall not be counted as being in attendance.

(8) Attendance records and teachers' grade books shall be filed with the district superintendent or his/her designee at the close of the school year.

(9) Permanent records of staff and students shall be retained in the school.

(10) Except for transcript records as defined in 70 O.S. § 24-114, school districts shall dispose of information in a student record at a time established by district policy that is between five (5) and seven (7) years after the student has graduated, transferred, or withdrawn from the district. Prior to the destruction of student records under this provision, school districts shall provide notification to the student or, if the student is under eighteen (18), to the student's parent or guardian, that the student's non-transcript records are scheduled to be destroyed. Notifications may be sent to the student or parent/guardian's last known mailing address and/or email address. Such notification must include an option for the student/parent to request the physical records, if in hard copy format, or a copy of the records if they are stored electronically. Students/parents shall be allowed at least thirty (30) days following notification to request the records before the records may be destroyed by the school district. If a district's policy includes the option for students/parents to request the student records scheduled for destruction by postal mail, the district may require the student/parent to pay the necessary postage, provided that no fee shall be charged if the student/parent retrieves the records in person. A school district shall be deemed to have fulfilled the requirement to notify a student/parent prior to the destruction of student records if notification is directed to the last known contact information available to the district.

~~(1011)~~ Any person who has completed at least thirty (30) hours of college credit at an accredited college or university in Oklahoma may be awarded a high school diploma by the State Department of Education, upon written request and verification of supporting documentation.

(A) A person wishing to apply for a diploma under these provisions must submit a written request to the State Department of Education. This request must be submitted with an official copy of the diploma applicant's transcript from an Oklahoma college or university showing at least thirty (30) credit hours earned.

(B) An official copy of the applicant's transcript may be submitted in either hard copy or electronic form. Acceptance of an official transcript in electronic form may require direct submission to the State Department of Education by the diploma applicant's college or university.

(C) Any person who has previously been an Oklahoma student and has earned at least thirty (30) hours of college credit at an accredited college or university may apply for a diploma under this section, regardless of whether the credits were earned at an institution located in Oklahoma. A former Oklahoma student

applying for a diploma after earning credits from an accredited college or university outside Oklahoma must submit an official transcript showing credits earned, as well as documentation showing that the applicant was previously an Oklahoma student.

House Bill 2931 (2016) amended 70 O.S. §§ 5-148 and 5-149 to change the requirements for certain types of school safety drills. Prior to HB 2931, public schools were required to conduct two (2) "lockdown drills" and two (2) "intruder drills" per school year. The amended statutory provisions now require four (4) "security drills" in place of the former lockdown and intruder drills, and the rule addressing school building health and safety is updated to reflect the new drill requirements.

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

**SUBCHAPTER 3. STANDARDS FOR
ELEMENTARY, MIDDLE LEVEL, SECONDARY,
AND CAREER AND TECHNOLOGY SCHOOLS**

PART 19. STANDARD X: SCHOOL FACILITIES

210:35-3-186. Site and buildings: size and space; accessibility; maintenance; health and safety

(a) **General requirements for school facilities.** All school facilities shall meet the following requirements:

(1) The site and building(s) shall be properly sized and equipped for the number of occupants and grades served in accordance with the requirements of 70 O.S. § 5-131.

(2) Adequate space shall be provided for classrooms, specialized instructional areas, support facilities and other areas as needed, these areas being grouped and arranged in such manner to provide optimum instructional function and class control.

(b) **Accessibility requirements for school facilities.** The site and building(s) shall be readily accessible, and shall meet all requirements of state and federal law in providing access for students with disabilities.

(c) **Capital improvement plans.** Each school district shall develop and adopt a four-year capital improvement plan for all public schools in the district that meets the requirements of 70 O.S. 18-153 and 210:30-1. School facilities shall be able to accommodate changes in curriculum and/or equipment within a program.

(d) **Maintenance of school facilities and equipment.** Programs for preventive and corrective maintenance shall be developed and implemented to ensure that the site and building(s) will be clean, in good repair, and maintained with consideration for function and aesthetic values. Equipment, furnishings, and supplies in proper quantity and quality shall be maintained; and a system shall be developed and implemented for inventory, issue, usage, storage, repair, and replacement.

(e) **Health and safety.** The site and building(s) shall ensure that the health and safety of all school students, school personnel, and school visitors are properly safeguarded.

(1) **Building code compliance.** Where required, the facility shall have utility systems, plumbing systems, electrical systems, mechanical systems, emergency systems, building interiors and building envelope designed, built, and maintained to all federal, state, and local standards, codes and/or other legal requirements.

(2) **Loading and unloading zones.** The site shall be as free as possible from hazards, provide a safe area for (un)loading of vehicles, with adequate lighting, signage and drainage.

(3) **Hazardous materials.** Appropriate programs pertaining to hazardous materials, hazardous waste, asbestos, underground storage tanks, lead contamination, and other applicable life, health, and/or safety matters shall be developed and implemented in accordance with federal, state, and local statutes, regulations, and codes.

(4) **Emergency warning and prevention systems.** Proper precautions shall be taken to prevent injuries. All equipment and facility safety features shall be in place and properly maintained, including, but not limited to safety goggles in accordance with the requirements of 70 O.S. §24-117 and respirators in accordance with the requirements of 70 O.S. §24-118.

(f) **School safety inspections.** The school's administration shall ensure that qualified personnel conduct a safety/emergency/disaster procedure review at least annually and safety inspections of site, building(s), and equipment regularly.

(g) **School safety drills.** Each public school district shall adopt policies and procedures for each type of safety drill required by this subsection. All safety drills shall conform to the written plans and procedures adopted by the district for protecting against natural and man-made disasters and emergencies as required by Title 63 O.S. § 681 and 70 O.S. §§ 5-148 and 5-149.

(1) **Compliance documentation.** Each public school district shall document compliance with the requirements of this subsection by each school site in writing as follows:

(A) The records for each fire drill shall be preserved for at least three (3) years and shall be made available to the State Fire Marshal or the designated agent of the State Fire Marshal upon request. In addition, one copy of the fire drill compliance report shall remain at each school site and one copy shall be filed with the school district's administrative office;

(B) In addition to the fire drill documentation required by (1)(A) of this subsection, each public school district shall document all other required safety drills in writing by school site. One copy of the safety drill compliance report shall remain at each school site and one copy shall be filed with the school district's administrative office. Each school district shall also submit documentation in writing for each school site to the Oklahoma Office of Homeland Security Oklahoma School Security Institute in accordance with the Institute's established forms, policies and/or procedures; and

(C) Each school district shall make all of its safety compliance reports required by this subsection available to the Regional Accreditation Officer during the accreditation process.

(2) **Safety drill types and requirements.** Each school district shall ensure that every public school within the district shall conduct no fewer than ten (10) safety drills per school year at each school site. All students and teachers at the public schools shall participate. Safety drills conducted in accordance with this subsection shall meet all of the following requirements:

(A) **Fire drills.** Each public school district shall conduct a minimum of two (2) fire drills per school year. Each fire drill shall be conducted within the first fifteen (15) days of the beginning of each semester. The fire drills shall include the sounding of a distinctive audible signal designated as the fire alarm signal.

(B) **Tornado drills.** Each public school district shall conduct a minimum of two (2) tornado drills per school year, in which all students and school employees participate. At least one (1) tornado drill shall be conducted in the month of September and at least one (1) tornado drill shall be conducted during the month of March.

~~(C) **Lockdown drills.** All public schools shall have a minimum of two (2) lockdown drills each school year. No lockdown drill shall be conducted at the same time of day as a previous lockdown drill conducted in the same school year.~~

~~(D) **Intruder drills.** In addition to the two lockdown drills required in this subsection, all public schools shall conduct two (2) intruder drills per school year. Intruder drills shall be conducted for the purpose of mitigating injuries or deaths by execution of a plan as an alternative to the lockdown drills required by (2)(C) of this subsection. The two required intruder drills shall be conducted within the first fifteen (15) days of each semester.~~

(C) **Security drills.** Each public school shall conduct a minimum of four (4) security drills per school year, with two (2) security drills conducted per semester. One security drill shall be conducted within the first fifteen (15) days of each semester. No security drill shall be conducted at the same time of day as a previous security drill conducted in the same school year. Security drills shall be conducted for the purpose of securing school buildings to prevent or mitigate injuries or deaths that may result from a threat around or in the school.

~~(E) **Additional safety drills.** The principal of each public school shall, at the direction of the district superintendent, utilize the remaining two (2) required safety drills for one or more of the following purposes:~~

- (i) To conduct additional drills of any of the types provided in this subsection;
- (ii) To conduct one or more drill(s) developed by the district that is consistent with the risks assessed for the school facility; or
- (iii) To conduct one or more drills in accordance with recommendations submitted by the Safe School Committee as authorized by the provisions of 70 O.S. § 24-100.5 or any assisting fire or law enforcement department.

GIST/ANALYSIS:

House Bill 2432 (2016) requires each public school to post a clearly visible sign in English and Spanish that contains the telephone number of the Child Abuse and Neglect Hotline operated by the Department of Human Services. 70 O.S. § 1210.162 directs the State Board of Education to promulgate a rule relating to the size and location of the required signs, and the rule gives guidelines for size and placement.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 3. STANDARDS FOR ELEMENTARY, MIDDLE LEVEL, SECONDARY, AND CAREER AND TECHNOLOGY SCHOOLS

PART 19. STANDARD X: SCHOOL FACILITIES

210:35-3-188. Child Abuse and Neglect Hotline signs in schools

(a) **Requirement to post a visible sign.** Each public school in Oklahoma shall post a sign or signs, in English and Spanish, showing the toll-free telephone number of the Child Abuse and Neglect Hotline operated by the Department of Human Services (DHS). Sample signs in English and Spanish are available on the State Department of Education website.

(b) **Content.** For school districts that choose to design their own hotline awareness signs, the following guidelines apply to content:

- (1) The English and Spanish text must communicate the same information;
- (2) The words "child abuse or neglect" and the telephone number of the DHS hotline must be prominent in the design; and
- (3) The content should convey that anyone who suspects child abuse or neglect should contact the hotline (for example, "You can stop child abuse. If you think that a child is the victim of abuse, neglect, or exploitation, tell someone.").

(c) **Location.** The sign(s) shall be posted in a clearly visible location in a public area of the school that is readily accessible to students. If separate signs are used for the Spanish and English versions, both must be displayed in the same location. The bottom edge of the sign(s) should be a minimum of forty inches (40") and a maximum of seventy inches (70") from the floor, unless the architecture of the public location chosen for display requires a higher placement height. Examples of appropriate public areas to post the sign(s) include, but are not limited to: near the school's main entry doors, outside the school's main office, or inside the cafeteria or another room frequented by all students. A school may post additional copies of the sign(s) in less public areas, such as inside restrooms or classrooms, provided at least one English and Spanish version are posted in a clearly visible public area.

(d) **Size and font.** If separate signs are used for English and Spanish text versions, the minimum size of each sign shall be eight and one-half by eleven inches (8 1/2" x 11"). If both English and Spanish text appear on the same sign, the minimum size shall be eight and one-half by fourteen inches (8 1/2" x 14"). Based on the visibility guidelines of the Americans with Disabilities Act, the font used shall not be italic, script, or highly decorative, and the words "child abuse" and the telephone number of the DHS hotline should appear in a font size at least one inch (1") high on the printed sign(s). For signs placed higher than seventy inches (70") above the floor, all text must be at least one inch (1") high. The colors of the sign background and the text should contrast for easy visibility, for example dark colors should be used for text if the background is a light color, and white or a very light color should be used for text if the background is a dark color. School districts that design their own signs are encouraged to consider color blindness and other potential visibility issues when choosing a design.

GIST/ANALYSIS:

The administrative rule that outlines how accreditation status is determined for Oklahoma schools is updated to remove terminology that is no longer in use following adoption of the federal *Every Student Succeeds Act* (ESSA). The designation "school in need of improvement" was incorporated into the accreditation status rule from the *No Child Left Behind Act* (NCLB), the previous version of the *Elementary and Secondary Education Act* which was superseded by ESSA in December 2015, so those designations are no longer appropriate as a factor in accreditation.

SUBCHAPTER 3. STANDARDS FOR ELEMENTARY, MIDDLE LEVEL, SECONDARY, AND CAREER AND TECHNOLOGY SCHOOLS

Permanent Final Adoptions

PART 21. STANDARD XI: ACCREDITATION STATUS

210:35-3-201. Statement of the standard

(a) Each public school site, including charter school sites, must submit an Application for Accreditation to the Accreditation Standards Section of the State Department of Education by the due date specified on the Application. School sites are accredited for one year. An accredited school site shall meet all applicable regulations and statutory requirements at the beginning of and throughout the school year.

(b) Accreditation status of school sites shall be classified according to the following categories:

- (1) Accredited With No Deficiencies--All standards are being met.
 - (2) Accredited With Deficiencies--A school site fails to meet one or more of the standards but the deficiency does not seriously detract from the quality of the school's educational program.
 - (3) Accredited With Warning--A school site:
 - (A) fails to meet one or more of the standards and the deficiency seriously detracts from the quality of the school's educational program; ~~and/or,~~
 - (B) ~~is designated as a school in need of improvement in school years 2011-2012 or later;~~
 - (4) Accredited With Probation--A school site:
 - (A) consistently fails to remove or make substantial progress towards removing all deficiencies noted the previous year; and/or,
 - (B) consistently violates regulations; and/or,
 - (C) deliberately and unnecessarily violates one or more of the regulations; ~~and/or,~~
 - (D) ~~is declared as a School Improvement School in school years 2009-2010 and 2010-2011 and designated as a school in need of improvement in school year 2011-2012; and/or;~~
 - (E) ~~is designated as a school in need of improvement for three or more consecutive years beginning in school year 2011-2012.~~
 - (5) Nonaccredited--The school site is no longer recognized by the State Board of Education.
- (c) If a school site is placed on warning or probation, the school board and administration will meet with ~~a committee~~ one or more representatives from the Accreditation Section to review their accreditation status. After the review from the ~~committee~~ representative(s), a determination will be made concerning warning, probation or nonaccredited status. The Accreditation Section will then present a recommendation to the State Board of Education.

SUBCHAPTER 9. ADDITIONAL STANDARDS FOR SECONDARY SCHOOLS

PART 7. STANDARD IV: CURRICULUM, INSTRUCTION, ASSESSMENT AND CLIMATE

210:35-9-31. Program of studies and graduation requirements

(a) **General provisions.** Every student at every high school shall have the opportunity to acquire all the competencies to matriculate at a comprehensive graduate institution of the Oklahoma State System of Higher Education without the necessity of enrolling at the university in secondary-level courses. Each student will have the opportunity to attain proficiency in the ~~Priority Academic Student Skills~~Oklahoma Academic Standards.

(b) **Definitions.** The following definitions shall apply to this subsection:

(1) **"Contextual methodology"** means academic content and skills taught by utilizing real-world problems and projects in a way that helps students understand the application of that knowledge.

(2) **"Courses approved for college admission requirements"** means courses which are approved by the Oklahoma State Regents for Higher Education for admission to an institution within the Oklahoma State System of Higher Education.

(3) **"Qualified agricultural courses"** means courses that have been determined by the State Board of Education to offer the sets of competencies set forth in the Oklahoma Academic Standards for one or more science content areas and which correspond to academic science courses and are taught by teacher who is certified and considered "highly qualified" to teach in the science course taught. Qualified agricultural education courses shall include, but are not limited to, Horticulture, Plant and Soil Science, Natural Resources and Environmental Science, and Animal Science.

(4) **"Rigor"** means a level of difficulty that is appropriate for the grade level and that meets state and/or national standards;

(5) **"Sets of competencies"** means instruction in those skills and competencies that are specified skills and competencies adopted by the State Board of Education without regard to specified instructional time;

(6) **"Unit"** means a Carnegie Unit which is given for the successful completion of a course that meets the equivalent of 120 clock hours within the school year.

(c) **Total minimum graduation requirements.** In order to graduate with a standard diploma from a public high school accredited by the State Board of Education, students shall complete twenty-three (23) units or sets of competencies in grades nine (9) through twelve (12), which shall include either:

(1) Seventeen (17) units or sets of competencies of the college preparatory/work ready curriculum requirements set forth in (d) of this Section, plus six (6) elective units or sets of competencies; or

(2) Fifteen (15) units or sets of competencies of the core curriculum requirements set forth in (e) of this Section, plus eight (8) elective units or sets of competencies.

(d) **College preparatory/work ready curriculum requirements.** In order to graduate with a standard diploma from a public high school accredited by the State Board of Education, students shall complete the following college preparatory/work

ready curriculum units or sets of competencies at the secondary level:

(1) Four (4) units or sets of competencies of English to include:

- (A) Grammar;
- (B) Composition;
- (C) Literature; or
- (D) Any English course approved for college admission requirements;

(2) Three (3) units or sets of competencies of mathematics, limited to:

- (A) Algebra I;
- (B) Algebra II;
- (C) Geometry;
- (D) Trigonometry;
- (E) Math Analysis;
- (F) Calculus;
- (G) Advanced Placement Statistics; or
- (H) Any mathematics course with content and/or rigor above Algebra I and approved for college admission requirements;

(3) Three (3) units or sets of competencies of laboratory science, limited to:

- (A) Biology;
- (B) Chemistry;
- (C) Physics; or
- (D) Any laboratory science course with content and/or rigor equal to or above Biology and approved for college admission requirements;

(4) Three (3) units or sets of competencies of history and citizenship skills, including:

- (A) One (1) unit of American History;
- (B) One-half (1/2) unit of Oklahoma History;
- (C) One-half (1/2) unit of United State Government; and
- (D) One (1) unit of a course that has been approved for college admission requirements in one of the following subjects:

- (i) History;
- (ii) Government;
- (iii) Geography;
- (iv) Economics;
- (v) Civics; or
- (vi) Non-Western culture;

(5) Two (2) units or sets of competencies in one (1) of the following:

- (A) Two (2) units of the same foreign, Native American, or non-English language; or
- (B) Two (2) units of computer technology approved for college admission requirements, whether taught at a high school or a technology center school, including:

- (i) Computer programming;
- (ii) Computer hardware;
- (iii) Business computer applications (excluding keyboarding or typing courses) such as:
 - (I) Word processing;
 - (II) Databases;

Permanent Final Adoptions

- (III) Spreadsheets;
- (IV) Graphics;
- (6) One (1) additional unit or set of competencies selected from:
 - (A) The categories of units or sets of competencies set forth in (1) through (5) of this subsection; or
 - (B) Career and technology courses approved for college admission requirements;
- (7) One (1) unit or set of competencies of
 - (A) Fine arts such as music, art, or drama; or
 - (B) Speech.

(e) **Core curriculum requirements in lieu of college/work ready curriculum requirements.** Upon written approval of the parent or legal guardian of a student, a student may enroll in the core curriculum requirements in lieu of the college/work ready curriculum requirements set forth in (d) of this Section. The fifteen (15) units of credit required for high school graduation with a standard diploma in accordance with the provisions of this subsection are:

(~~A~~1) Language Arts: Four (4) units or sets of competencies, to consist of:

- (~~i~~A) One (1) unit or set of competencies of grammar and composition; and
- (~~ii~~B) Three (3) units or sets of competencies which may include, but are not limited to, the following courses:

- (~~i~~) American Literature;
- (~~ii~~) English Literature;
- (~~iii~~) World Literature; or
- (~~iv~~) Advanced English Courses or
- (~~v~~) Any other English courses with content and/or rigor equal to or above grammar and composition;

(~~B~~2) Mathematics: Three (3) units or sets of competencies, to consist of:

- (~~i~~A) One (1) unit or set of competencies of Algebra I or Algebra I taught in a contextual methodology; and
- (~~ii~~B) Two (2) units or sets of competencies which may include, but are not limited to, the following courses:

- (~~i~~) Algebra II;
- (~~ii~~) Geometry or Geometry taught in a contextual methodology;
- (~~iii~~) Trigonometry;
- (~~iv~~) Math Analysis or Precalculus;
- (~~v~~) Calculus;
- (~~vi~~) Statistics and/or Probability;
- (~~vii~~) Computer Science, if taught by a teacher who is certified to teach mathematics;
- (~~viii~~) Other contextual mathematics courses which enhance technology preparation taught at a comprehensive high school;
- (~~ix~~) Other contextual mathematics courses which enhance technology preparation taught at a technology center school by a teacher certified in the secondary subject area, when taken in the

eleventh (11th) or twelfth (12th) grade, and approved by the State Board of Education and the independent district board of education; or
(~~X~~x) Any other mathematics courses with content and/or rigor equal to or above Algebra I.

(~~C~~3) Science: Three (3) units or sets of competencies, to consist of:

- (~~i~~A) One (1) unit or set of competencies of Biology I or Biology I taught in a contextual methodology; and
- (~~ii~~B) Two (2) units or sets of competencies in the areas of life, physical, or earth science or technology which may include, but are not limited to, the following courses:

- (~~i~~) Chemistry I;
- (~~ii~~) Physics;
- (~~iii~~) Biology II;
- (~~iv~~) Chemistry II;
- (~~v~~) Physical Science;
- (~~vi~~) Earth Science;
- (~~vii~~) Botany;
- (~~viii~~) Zoology;
- (~~ix~~) Physiology;
- (~~x~~) Astronomy;
- (~~xi~~) Applied Biology/Chemistry;
- (~~xii~~) Applied Physics;
- (~~xiii~~) Principles of Technology;,
- (~~xiv~~) Qualified agricultural education courses; or
- (~~xv~~) Other contextual science courses which enhance technology preparation taught at a comprehensive high school;
- (~~xvi~~) Other contextual science courses which enhance technology preparation taught at a technology center school when taken in the eleventh (11th) or twelfth (12th) grade, taught by a certified teacher, and approved by the State Board of Education and the independent district board of education;
- (~~xvii~~) Other science courses with content and/or rigor equal to or above Biology I.

(~~D~~4) Social Studies: Three (3) units or sets of competencies, to consist of:

- (~~i~~A) One (1) unit or set of competencies of United States History;
- (~~ii~~B) One-half (1/2) to one (1) unit or set of competencies of United States Government;
- (~~iii~~C) One-half (1/2) unit or set of competencies of Oklahoma History; and
- (~~iv~~D) One-half (1/2) to one (1) unit or set of competencies which may include, but are not limited to, the following courses:
 - (~~i~~) World History;
 - (~~ii~~) Geography;
 - (~~iii~~) Economics;
 - (~~iv~~) Anthropology; or

~~(v)~~ Other social studies courses with content and/or rigor equal to or above United States History, United States Government, and Oklahoma History; and

~~(5)~~ Arts: Two (2) units or sets of competencies which may include, but are not limited to, courses in Visual Arts and General Music.

(f) **Other curriculum requirements.** In addition to the curriculum requirements set forth in (c) through (e) of this subsection, each secondary school shall ensure that the following curriculum requirements are met:

(1) **Personal Financial Literacy Passport.** Beginning with the seventh grade, students shall fulfill the requirements for a Personal Financial Literacy Passport in order to graduate with a standard diploma from a public high school accredited by the State Board of Education.

(A) The requirements for a Personal Financial Literacy Passport shall be the satisfactory completion and demonstration of satisfactory knowledge in all fourteen (14) areas of instruction during grades seven (7) through twelve (12). The fourteen (14) areas of instruction are:

- (i) Understanding interest, credit card debt, and online commerce;
- (ii) Rights and responsibilities of renting or buying a home;
- (iii) Savings and investing;
- (iv) Planning for retirement;
- (v) Bankruptcy;
- (vi) Banking and financial services;
- (vii) Balancing a checkbook;
- (viii) Understanding loans and borrowing money, including predatory lending and pay-day loans;
- (ix) Understanding insurance;
- (x) Identity fraud and theft;
- (xi) Charitable giving;
- (xii) Understanding the financial impact and consequences of gambling;
- (xiii) Earning an income; and
- (xiv) Understanding state and federal taxes.

(B) Instruction in these fourteen areas must align and meet the Personal Financial Literacy academic standards as adopted by the Oklahoma State Board of Education.

(C) School districts shall have the option of determining when each of the fourteen (14) areas of instruction listed above shall be presented to students in grades seven (7) through twelve (12). Options include:

- (i) Integration into one or more existing courses of study;
- (ii) A separate Personal Financial Literacy course; and/or
- (iii) Use of State Department of Education Personal Financial Literacy online modules of learning.

(D) The Oklahoma State Department of Education online modules of learning and the assessments shall be available to all students as determined by the local school district.

(E) In order to facilitate the monitoring of student progress towards achieving the Personal Financial Literacy Passport, districts shall maintain a Personal Financial Literacy Passport cumulative record. The Personal Financial Literacy Passport cumulative record shall be a uniform document used by all school districts within the state. The State Department of Education shall provide an electronic version of the Personal Financial Literacy Passport cumulative record to the districts. Completion of the fourteen (14) areas of instruction of Personal Financial Literacy shall be documented on the student's high school transcript. The Personal Financial Literacy Passport cumulative record shall accompany the student when transferring to a new district.

(F) Elementary districts, PK-8, may enter into a vertical articulated curriculum agreement with an independent district, PK-12, for facilitating and sharing of the personal financial literacy curriculum and instruction.

(G) Teachers providing instruction in personal financial literacy shall be certified in accordance with the provisions of the Passport to Financial Literacy Act at 70 O.S. § 11-103.6h.

(H) School districts shall assess the knowledge of all students who transfer into an Oklahoma school district from out of state after the seventh grade.

(i) If the school district determines that the transferred student has successfully completed instruction in any or all of the areas of personal financial literacy instruction at the previous school in which the student was enrolled, or if the student demonstrates satisfactory knowledge of any or all of the areas of personal financial literacy instruction through an assessment approved by the State Department of Education, the school district may exempt the student from completing instruction in that area of personal financial literacy instruction.

(ii) Students who transfer into an Oklahoma school district from out of state after the junior year of high school may be granted an exception from the requirements of the personal financial literacy passport in accordance with the provisions of 70 O.S. 11-103.6.

(2) **Recommended curriculum.** School districts shall strongly encourage students to complete two units or sets of competencies of foreign languages and two units or sets of competencies of physical and health education.

(3) **Credit toward graduation requirements.** Credits for meeting curriculum requirements toward graduation shall be determined in accordance with all of the following provisions:

(A) No student shall receive credit for high school graduation more than once for completion of the same

Permanent Final Adoptions

unit or set of competencies to satisfy the core curriculum requirements.

(B) Credit for all units or sets of competencies required in (d) and (e) of this Section shall be given when such units or sets of competencies are taken prior to ninth (9th) grade if:

- (i) The teachers are certified or authorized to teach the subjects for high school credit; and
- (ii) The required rigor of the course is maintained.

(C) Notwithstanding the provisions of (3)(B) of this subsection, the three units or sets of competencies in mathematics required in (d) or (e) of this Section shall be completed in the ninth (9th) through twelfth (12th) grades. If a student completes any required courses or sets of competencies in mathematics prior to ninth grade, the student may take any other mathematics courses or sets of competencies to fulfill the requirement to complete three (3) units or sets of competencies in grades nine (9) through twelve (12) after the student has satisfied the requirements of subsection (d) or (e) of this Section.

~~(D) Successful completion of an alternative assessment set forth in 210:10-13-16(b)(7)-(8) shall not constitute a basis for awarding a student credit for any course in which a student has failed the end of instruction exam and failed to attend in accordance with local district attendance policies.~~

~~(4) **Achieving Classroom Excellence Act.** The curriculum requirements for graduation set forth in (e) through (f) of this Section and 70 O.S. § 11-103.6 are in addition to and separate from the requirements of the Achieving Classroom Excellence Act set forth at 70 O.S. § 1210.523 and the accompanying regulation at 210:10-13-16. Students must fulfill the applicable requirements (or, in some cases, qualify for applicable exceptions or exemptions) of both statutes to be eligible to be awarded a standard diploma.~~

(g) **Additional accreditation requirements.** In addition to the curriculum requirements set forth in (c) through (f) of this Section, all public school districts shall ensure that its schools' secondary programs are designed to meet all of the following requirements:

(1) As a condition of receiving accreditation from the State Board of Education, all school districts shall require all students in grades nine (9) through twelve (12) to enroll in a minimum of six periods, or the equivalent in block scheduling or other scheduling structure that allows for instruction in sets of competencies, of rigorous academic and/or rigorous vocational courses each day, which may include arts, vocal and instrumental music, speech classes, and physical education classes. However, students re-enrolled in high school solely for the purpose of ~~receiving ACE remediation in accordance with the provisions of 210:10-13-16(g) completing curricular requirements as authorized by 70 O.S. § 11-103.6(O)~~ shall be exempt from this requirement.

(2) Each high school's academic program shall be designed to prepare all students for employment and/or postsecondary education. The secondary academic program shall be designed to provide the teaching and learning of the skills and knowledge in the ~~Priority Academic Student Skills~~ Oklahoma Academic Standards. All high schools accredited by the State Department of Education shall offer the college preparatory/work ready curriculum required for the students to earn a standard diploma during grades nine (9) through twelve (12). To meet graduation requirements, local options may include courses taken by advanced placement, concurrent enrollment, correspondence courses, supplemental online courses, or courses bearing different titles.

(3) The secondary academic programs may also provide the traditional units of credit to be offered in grades nine (9) through twelve (12) with each secondary school offering and teaching at least thirty-eight (38) units or their equivalent each school year. Four (4) of these units may be offered on a two-year alternating plan with thirty-four (34) units or their equivalent to be taught in the current school year. In schools with other than a four-year organization, these units shall be offered and taught in conjunction with the affiliated schools containing those grade levels. Career and technology center courses in which secondary students are enrolled may count toward the thirty-eight (38) required units of credit or their equivalent.

(4) District boards of education can make exceptions to state high school graduation curriculum requirements for students who move to this state from another state after their junior year of high school.

(A) After a student from another state enrolls in an accredited Oklahoma high school the school board can make an exception to the high school graduation curriculum requirements of 70 O.S. §11-103.63. Individual exceptions can only be made when there are differing graduation requirements between the two states and completing Oklahoma graduation requirements will extend the student's date of graduation beyond the graduation date for the student's class.

(B) The district must report all exceptions made to state graduation requirements for these senior students to the State Department of Education each school year. All exceptions made at each district high school will be forwarded to the State Department of Education on or before July 1 of each year. Districts may report the information on the Annual Statistical Report. This reporting provision does not include students who have individualized education programs pursuant to the Individuals with Disabilities Education Act (IDEA) and who satisfy graduation requirements through the individualized education program.

(5) District boards of education shall waive the Oklahoma History graduation requirement for children of military families who transition with the military from another state and who have satisfactorily completed a similar state history class in another state. "Children of

military families", as defined in 70 O.S. § 510.1, means "a school-aged child(ren), enrolled in Kindergarten through Twelfth grade, in the household of an active duty member".

(6) In order for a course offered by a supplemental educational organization to be counted for purposes of student academic credit and towards graduation requirements, the local board of education must verify that the course meets all requirements in 70 O.S. § 11-103.6.) Upon verification, the local school board of education's request for course approval shall be submitted to the State Board of Education for final approval.

Senate Bill 1004 (2016) amended 70 O.S. § 35e to eliminate the requirement for school districts to submit quarterly dropout reports to the State Board of Education, requiring instead one annual submission of a district's pupil dropout information. The rule addressing dropout reports is updated to remove language that had required quarterly submissions.

SUBCHAPTER 25. STUDENT ENTRANCE AND PROGRESSION THROUGH THE SYSTEM

210:35-25-3. Annual student dropout reports to local school boards

(a) The principal or a representative of each site serving students in Grades 7-12 shall review and discuss in a local school board meeting, the certified annual site dropout report submitted by the school district to the State Department of Education. The local review and discussion shall occur at the next open school board meeting after the district certifies the ~~four quarterly reports as well as the reentry checklist if applicable~~ annual report. The discussion shall be reflected in the board minutes.

(b) Each school site that serves students in Grades 7-12 is required to submit online its accounting of dropouts to the State Department of Education ~~quarterly and~~ annually. Each report is certified locally as an accurate accounting of the dropouts for each site. The annual ~~reentry checklist~~ report is due to the State Department of Education ~~no later than October 19 of each year on the date designated by the agency~~, for inclusion in the annual state dropout report to the State Board of Education, the Governor, and the State Legislature. ~~This reentry checklist report should be used to generate the annual report to the local school board.~~

GIST/ANALYSIS:

70 O.S. § 1-122 established a fund consisting of contributions designated on Oklahoma income tax and corporate tax forms, donated by taxpayers for the benefit of the Public School Classroom Support Revolving Fund. The fund is to be used for the purpose of "providing grants to public school classroom teachers for supplies, materials, or equipment for the class or classes taught by the teacher" (70 O.S. § 1-123). The State Board of Education is authorized to establish rules for the implementation of grants to be issued from the Public School Classroom Support Revolving Fund, and the rule lays out guidelines for the Public School Classroom Support Grants program. The rule includes eligibility requirements for grant applicants, such as defining who is included in the statutory term "classroom teacher" and outlining general criteria for selection. Minimum (\$1,000) and maximum (\$5,000) amounts for grant requests are established. To be eligible for consideration a classroom teacher's grant application must include an articulated purpose that aligns with the Oklahoma Academic Standards, or with the year's grant focus in the event the State Department of Education announces a particular focus for an upcoming grant year. The rule provides that the entire amount available in the grant fund will not be expended during any single year, since taxpayer contributions to the fund vary annually, and maintaining a fund balance will allow grants to be awarded every year although donations may vary.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 31. PUBLIC SCHOOL CLASSROOM SUPPORT GRANTS

210:40-31-1. Public School Classroom Support Grants

(a) **Purpose.** The State Board of Education is authorized to award one or more grants annually to classroom teachers from funds available in the Public School Classroom Support Revolving Fund established pursuant to 70 O.S. § 1-123. A grant awarded under this section shall be used by the grantee teacher for the purpose of purchasing supplies, materials, or equipment for their class or classes. To ensure the continuing availability of the grant program, which is funded by taxpayer donations that vary annually, the full amount available in the Public School Classroom Support Revolving Fund may not be awarded during a single year.

(b) **Eligibility.** A public school classroom teacher in Oklahoma is eligible to apply for a Public School Classroom Support Grant. A certified educator employed under Oklahoma Cost Accounting System (OCAS) Job Class Code 210, "Teacher", or OCAS Job Class Code 213, "Resource Teacher", shall be considered a classroom teacher for purposes of the Public School Classroom Support Grant program.

(c) **Limitations.** The minimum amount that may be requested for each Public School Classroom Support Grant is \$1,000, and the maximum amount that may be requested is \$5,000. A classroom teacher may receive an individual Public School Classroom Support Grant only once. A teacher who has previously applied for a grant, but has not received one, is eligible to apply again in subsequent years. A teacher may submit one application per year for an individual Classroom Support Grant, and may also be included in one shared grant application per year, provided that a teacher may not be awarded an individual grant and a shared grant during the same year. A teacher who has been one of the recipients of a shared grant may not apply for another shared grant for a period of two (2) years following the year the shared grant was received.

(d) **Focus areas and focus goals.** In order to maximize the efficacy of resources donated by Oklahoma taxpayers to the Public School Classroom Support Revolving Fund, the State Department of Education may designate focus areas and/or focus goals that will apply to the upcoming year's Public School Classroom Support Grant cycle. In the event the State Department of Education designates focus areas and/or focus goals for the following year's Public School Classroom Support Grants, grant applications must be relevant to one or more of the stated focuses to be eligible for consideration. If the State Department of Education does not designate a focus area and/or focus goal prior to the end of the calendar year to apply to the following year's grant cycle, grant applications must articulate a purpose intended to promote student learning in one or more content areas or skills aligned with the Oklahoma Academic Standards to be eligible for consideration.

(e) **Distribution of grants.** To the extent possible, subject to the availability of funds, grants will be awarded each year to at least one recipient who represents each of the following categories:

- (1) An early childhood or elementary school.
- (2) A middle or junior high school.
- (3) A high school.
- (4) An alternative school, alternative academy, or alternative education program as defined by 70 O.S. § 1210.568.
- (5) A school in a "small school district" as defined by 70 O.S. § 18-201.1(B)(3).
- (6) A school in a district with an average daily membership of thirty thousand (30,000) or more.
- (7) A school in a district that is not a "small school district" and has an average daily membership lower than thirty thousand (30,000).

(f) **Grant applications.** Applications will be accepted from January 1 through March 31 of each year, with grants awarded for the following school year. Each application must contain:

- (1) The amount of the requested grant, with a minimum amount of \$1,000 and a maximum amount of \$5,000.
- (2) The purpose of the requested grant, which must be intended to promote student learning in one or more content areas or skills, and the supplies, materials, and/or equipment to be funded.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 5. EDUCATOR PREPARATION PROGRAM ACCREDITATION

218:10-5-3. Specific state standards for program accreditation

(a) The following standards apply to both undergraduate and graduate programs. The governance and administration of the total educator preparation program standard is based on

(3) The applying teacher's plan for using the proposed materials and/or equipment in their classroom to achieve the stated purpose.

(4) A proposed budget itemizing how grant funds will be spent if awarded, which includes the appropriate Oklahoma Cost Accounting System (OCAS) codes for the planned expenditures. The OCAS manual that lists the expenditure codes is updated annually and is available on the State Department of Education website.

(5) The name and signature of the applying teacher and the administrator of the school site where the teacher is employed. For shared grants, the names and signatures of all applying teachers should be included along with the name and signature of the site administrator.

(g) **Criteria.** Grant applications will be evaluated by an Oklahoma State Department of Education (OSDE) selection committee, which will make recommendations for each year's grant awards to the State Board of Education. The selection committee will include curriculum specialists who have trained on the rubric that will apply to the specific evaluation criteria that have been announced for the grant year. Applications will be evaluated according to the following general criteria, in addition to any specific criteria announced for a grant year with a designated focus:

(1) An articulated purpose for the requested grant that is intended to promote student learning in one or more content areas or skills.

(2) A specific plan for incorporating supplies, materials, and/or equipment funded by the requested grant into the applying teacher's course(s) for the stated purpose.

(3) Alignment of the purpose and plan for the requested grant with:

(A) The Oklahoma Academic Standards, if a focus area or focus goal has not been designated for the grant year, or

(B) One or more of the focus area(s) and/or focus goal(s), if the State Department of Education has designated focus area(s) and/or focus goal(s) for the grant year.

(h) **Shared grants.** Two (2) or more teachers at the same school site may apply for a shared grant to be used for the same purpose in more than one classroom. One application should be submitted for a shared grant. If a shared grant is awarded, the funded amount of the grant will be shared by the participating teachers listed on the application, with appropriate distribution of the grant funds among participating classrooms to be the responsibility of the participating teachers and the site administrator. A teacher who has been one of the recipients of a shared grant is not eligible to apply for another shared grant for two (2) years following the year the shared grant was received.

[OAR Docket #17-458; filed 6-16-17]

Permanent Final Adoptions

the premise that there must be a recognizable and functioning governance entity within the institution's administrative structure which has responsibility for designing, approving and continuously evaluating and developing educator preparation programs. This governing unit may be a council, committee, department, school, college, or any other recognizable entity, which includes the administration of educator preparation as one of its functions. The governing unit membership and responsibilities include the following:

(1) Membership on the educator preparation governing unit shall be defined by written policy to include:

(A) A majority of the members who have a minimum of three years teaching experience in public schools;

(B) A majority of the members in the governance unit who are currently teacher education faculty members;

(C) Some faculty members who shall represent the arts and sciences;

(D) A designated director of educator preparation defined as the institution's official representative for educator preparation. The authority and responsibilities of this individual shall be clearly defined in written policies; and

(E) A clearly defined process whereby faculty members and administrators become members and the terms of office.

(2) The responsibilities of the educator preparation governing unit shall be defined by written policy to include:

(A) Responsibilities of the officers of the unit;

(B) Responsibilities of the unit's standing committees; and

(C) Responsibilities in the following areas as they are related to educator preparation:

(i) Admission/retention in educator preparation;

(ii) Field experience and student teaching (admission and placement);

(iii) Development of courses and program curricula; and program review, evaluation and planning.

(3) Program review, evaluation and revision responsibilities include:

(A) The governance unit shall conduct at least one systematic review, evaluation, and when appropriate, revision of all educator preparation programs within each accreditation period;

(B) Periodic program reviews and revisions shall be based on, but not limited to, stated goals and objectives; and

(C) The process for conducting program review, evaluation, and revision shall include, but not be limited to, participation by the following:

(i) Educator preparation faculty and arts and science faculty;

(ii) Graduates of the programs;

(iii) Students currently in the program;

(iv) Teachers and administrators from the public schools;

(v) Parents of P-12 students and business and community leaders who are actively involved in assisting P-12 schools.

(4) Documentation related to the budget-making process and level of financial support shall include the following:

(A) A clearly defined budget-making process for all teacher education programs; and

(B) An analysis showing that the institution's financial support for programs in educator preparation are maintained at a level appropriate for a professional preparation program.

(b) Educator preparation faculty workload policies, including class-size and online course delivery, should allow faculty members to be effectively engaged in teaching, scholarship, assessment, advisement, collaborative work in P-12 schools, and service. Faculty loads for teaching on campus and online generally do not exceed 12 hours for undergraduate teaching and nine hours for graduate teaching per semester or the equivalent. Supervision of clinical practice does not generally exceed 18 candidates for each full-time equivalent faculty member per semester or the equivalent.

(c) Candidate-related standards are to be consistent with accreditation standards.

(d) Program decisions of the professional education unit are to be guided by a conceptual framework, which establishes the shared vision for the preparation of teacher candidates.

(1) The conceptual framework application for state initial accreditation.

(2) The conceptual framework shall consist of:

(A) The program's philosophy, purposes, professional commitments and dispositions;

(B) A knowledge base that provides the foundation for the framework;

(C) Performance expectations for candidates that align with professional, state and institutional standards; and

(D) A system by which candidate performance is regularly assessed.

(e) The following guidelines are to be used to collect and maintain data on each institution's educator preparation program:

(1) The institution shall establish a process which seeks information and program input from educator preparation faculty; faculty from arts and sciences and other programs and disciplines which are appropriate; candidates within the educator preparation program; teachers, administrators, parents, guardians or custodians of students; and business and community leaders.

(2) The institution shall establish procedures to inform the public regarding the educator preparation program and to solicit and receive public input.

(3) The self-study shall be accessible to any interested party under the Oklahoma Open Records Act.

(4) The submitted institutional plan must be approved by the institution's governing board.

- (5) Annual reviews and reports indicating program changes.
- (f) The following policies, procedures and guidelines are used to direct the content and candidates' experiences of each institution's teacher preparation program.
- (1) Programs require teacher candidates to have speaking and listening skills at a novice high level in a language other than English.
 - (2) General studies requirements for candidates include the arts, communication, history, literature, mathematics, philosophy, sciences, English, government, and the social sciences.
 - (3) Programs establish cohort or colleague groups within the institution to assist teacher candidates in achieving competencies, better adapting to the school environment and furthering professional growth.
 - (4) Candidates complete a well-planned sequence of courses and/or experiences in pedagogical studies that ensures student competency in the Oklahoma State Department of Education Full Subject Matter Competencies for Teacher Licensure and Certification.
 - (5) The guidelines and standards for program reviews representing specialty organizations and national learned society standards are used in developing programs in each content area.
 - (6) Secondary and elementary/secondary teacher candidates have undergraduate majors or their equivalents, in a subject area.
 - (7) Teacher candidates in early childhood, elementary, and special education have subject area concentrations, which allow qualification as a generalist. To qualify as a generalist, candidates must document competency in mathematics, science, language arts, and social studies as identified in the CAEP professional learned societies' standards and State Department of Education Full Subject Matter Competencies for early childhood, elementary and special education.
 - (8) Teacher candidate coursework includes the study of substance abuse symptoms identification and prevention; mental illness symptoms identification and mental health issues; classroom management skills; and classroom safety and discipline issues.
 - (9) Effective September 1, 2015 teacher candidates must have a minimum of 60 hours of diverse field experiences prior to their student teaching experience.
 - (10) Teacher candidates are provided with advisement services to assist them in taking course work designed to maximize their opportunities for certification and employment. At a minimum, teacher candidates are provided information on the latest supply and demand information concerning teacher employment, state salary structure, and teaching shortage areas.
 - (11) Substantive collaboration and classroom interaction with students accompanies theoretical curriculum, thus allowing teacher candidates the opportunity to apply theory to actual classroom situations.
 - (12) Instruction integrates pedagogical competencies or skills with experiences in the school setting.
 - (13) Teacher candidates are provided with opportunities to have parental, family and community involvement within their pre-service programs.
 - (14) The unit establishes and publishes a set of criteria/competencies for exit from each professional education program. These criteria/competencies reflect the Oklahoma Department of Education General Teacher Competencies and/or subject matter competencies outlined in the CAEP national (professional) learned societies' standards.
 - (15) The unit establishes and publishes the criteria/competencies for exit and satisfactory completion adhering to all rules and regulations established by the Oklahoma State Department of Education.
 - (16) A candidate's mastery of a program's stated exit criteria or competencies is assessed through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools, standardized tests and course grades.
 - (17) Effective September 1, 2015 mentor teachers are required to have minimum of three years of teaching experience in the area in which they are certified.
- (g) The following guidelines are to be used to facilitate the professional learning of faculty: Teacher education faculty continue their professional learning during their tenure at an institution of higher education to ensure that the future teachers of Oklahoma are taught by professional educators fully trained in their areas of expertise. Professional development for teacher educators and arts and sciences faculty should be focused on the faculty members' ability to model such effective teaching strategies as inquiry, group discussions and collaborative learning.
- (h) The following policies are to be used to evaluate individual program areas at each institution:
- (1) The institution shall submit program reviews for each required program area based upon the CAEP/State guidelines and accreditation schedule.
 - (2) Following the completion of each program evaluation, the institution will receive written notification of each program's status. Recognition decisions will include the following categories: recognized, recognized with conditions, recognized with probation, further development required, and not recognized.
 - (3) If the program is recognized, it will retain its status through the semester and year of the institution's next accreditation visit. To retain recognition, another program report must be submitted before that review.
 - (4) If the program is recognized with conditions, a report addressing the conditions to recognition must be submitted within 18 months of the date of the status report. The report must address the conditions specified by the reviewers. Once acceptable data has been submitted, the condition(s) will be removed. If the program does not submit acceptable information within the designated timeframe, the decision reverts to "not recognized."
 - (5) If the program decision is recognized with probation or further development required, a revised report addressing the issues identified by the reviewers must be

Permanent Final Adoptions

submitted within 12 months, or the unit may submit a new program report for recognition within 12 months. If the revised report adequately addresses the concerns cited by reviewers, the program decision will be changed to "recognized" or "recognized with conditions." If the program is unsuccessful after two attempts, the program status will be changed to "not recognized."

(6) A program can receive a decision of "not recognized" only after two submissions are unsuccessful in reaching either "recognized" or "recognized with conditions." If the program is not recognized, a revised report addressing unmet standards may be submitted within 12 months of the date of the recognition report. [This report will be sent to the original team if possible.] If the program does not receive a recognized decision within 12 months, admission of new candidates will not be allowed. The unit may elect to submit a new program report for recognition within 12 months. [This report will be sent to a new team of reviewers].

(7) Programs which are required to submit through CAEP and receive an initial decision of "recognized with probation" or "further development required" may apply to OEQA for state recognition and thus recommend teacher candidates for certification under the following conditions:

(A) The program must have an aggregated pass rate of all candidates on the Oklahoma Subject Area Test (OSAT) of 80% or more over a three-year period. An application for program recognition must be submitted to OEQA containing basic program information as well as current recognition status and future submission deadlines; however an additional review will not be required.

(B) Institutions must submit a revised program report according to applicable CAEP/SPA or OEQA guidelines as appropriate addressing concerns cited in the review. If the revised report is not recognized, the unit must submit additional revised reports according to guidelines. The unit must exhaust all available CAEP options for revision.

(C) Programs which do not meet the required 80% pass rate on the OSAT may apply to OEQA for state recognition only after the unit has exhausted all available CAEP options for revision. The application for state recognition must address concerns cited by reviewers in the final report.

(D) Programs receiving state recognition under these conditions will maintain recognition until the submission period prior to the unit's next scheduled accreditation visit, at which time the unit will be expected to submit a program review to CAEP or OEQA, as appropriate.

(8) Units may receive conditional approval for new programs. These programs must undergo reviews as outlined in the New Certification Program Procedures for Established Units guidelines before receiving full recognition. State recognition will be retained through the semester and year of the unit's next accreditation visit.

Programs with national Specialized Professional Association's are required to submit to CAEP within 18 months of receiving a recognized with conditions decision.

(9) Programs that do not comply with the procedures detailed in items (h)3-7 will no longer be eligible to recommend candidates for licensure and certification.

(10) An institution with a non-compliant program may apply to the CEQA for a waiver if there is evidence that the non-compliant status of a program is due to transitioning national standards.

(i) Gifted Education and Elementary Math Specialist programs, requiring no more than eighteen hours of graduate level coursework, designed as endorsement programs for certified educators are submitted to OEQA for process approval.

218:10-5-4. Standards for Oklahoma educator preparation programs

(a) Effective September 1, 2016 standards as defined by CAEP shall apply to undergraduate and graduate programs.

(1) Standard One: Content and pedagogical knowledge. The educator preparation program ensures that candidates develop a deep understanding of the critical concepts and principles of their discipline and, by completion, are able to use discipline-specific practices flexibly to advance the learning of all students toward attainment of college- and career-readiness standards.

(2) Standard Two: Clinical partnerships and practice. The educator preparation program ensures that effective partnerships and high-quality clinical practice are central to preparation so that candidates develop the knowledge, skills, and professional dispositions necessary to demonstrate positive impact on all P-12 students' learning and development.

(3) Standard Three: Candidate quality, recruitment, and selectivity. The educator preparation program demonstrates that the quality of candidates is a continuing and purposeful part of its responsibility from recruitment, at admission, through the progression of courses and clinical experiences and to decisions that completers are prepared to teach effectively and are recommended for certification. The educator preparation program demonstrates that development of candidate quality is the goal of educator preparation in all phases of the program. This process is ultimately determined by a program's meeting of Standard 4.

(4) Standard Four: Program impact. The educator preparation program demonstrates the impact of its completers on P-12 student learning and development, classroom instruction, schools, and the satisfaction of its completers with the relevance and effectiveness of their preparation.

(5) Standard Five: Educator preparation program quality assurance and continuous improvement. The educator preparation program maintains a quality assurance system comprised of valid data from multiple measures, including evidence of candidates' and completers' positive impact on P-12 student learning and development. The educator preparation program supports continuous improvement

that is sustained and evidence-based and that evaluates the effectiveness of its completers. The educator preparation program uses the results of inquiry and data collection to establish priorities, enhance program elements and capacity and test innovations to improve completers' impact on P-12 student learning and development.

- (b) ~~Teacher candidate portfolios.~~
 - (1) ~~Institutions shall require all initial and advanced certification program(s) students to develop a portfolio following the guidelines outlined in this section.~~
 - (2) ~~A portfolio is a documented profile of an individual's accomplishments, learning, and strengths related to the competencies, state and national standards, and outcomes established by the CEQA, OSRHE, State Department of Education and institution.~~
 - (3) ~~The portfolio, for purposes related to institutional accreditation is a unit of measure which presents evidence that the institution is providing initial, on going, and focused opportunities and avenues which lead to student achievement of competencies, state and national standards and outcomes determined by the CEQA, OSRHE, State Department of Education and institution.~~
 - (4) ~~Institutions will provide for review during each regularly scheduled accreditation visit:~~
 - (A) ~~The unit's portfolio handbook containing a written philosophy related to portfolio development and assessment which is consistent with the institution's and unit's mission and conceptual framework, as well as written policies, criteria, and institutional rubric(s) related to the assessment of the portfolio as a whole or individual artifacts contained in the portfolios for all individuals enrolled in initial and advanced programs.~~
 - (B) ~~Two representative candidate portfolios for each program offered. OEQA will randomly select one candidate portfolio in each program area and the second will be selected by the unit. Portfolios should represent candidates at the final transition point.~~
 - (C) ~~In addition, annual reports must include any revision in the institution's portfolio process.~~
 - (5) ~~Institution's pre service and/or advanced portfolio process. The teacher education unit and programs shall:~~
 - (A) ~~Require the portfolio development process to begin with enrollment into the professional education course work;~~
 - (B) ~~Have a written portfolio handbook(s) containing a written philosophy related to portfolio development and assessment which is consistent with the institutions and unit's mission and conceptual framework(s);~~
 - (C) ~~Have written policies, criteria, and institutional rubrics related to the portfolio assessment(s) of individual(s) enrolled in initial and advanced certification programs.~~
- (eb) Annual report. Each Oklahoma educator preparation unit shall submit an annual report to the OEQA. This report will satisfy the requirements for the CEQA, OSRHE, State

Department of Education, and CAEP/AACTE. The following information will be included in the report:

- (1) Changes that occurred in implementation of the standards outlined in the Institution Plan as a result of local and statewide evaluations/assessments, public hearings or other reasons;
- (2) Progress made in addressing the areas for improvement, if any, identified by the most recent on-site visit by the on-site accreditation review team;
- (3) Quantitative data related to the unit's programs as required in the AACTE/CAEP Annual Report. These data shall reflect information pertaining to supply and demand for teacher candidates;
- (4) Program changes being implemented for OEQA and CAEP continued accreditation;
- (5) Report on resources devoted to technology;
- (6) Report on professional development activities of faculty;
- (7) Report on the number of hours each faculty member taught or were in direct contact with students in public schools;
- (8) Report on the number of graduate students admitted conditionally and the success rates.
- (9) Report on the results of the assessment of teaching skills in the area of reading instruction as administered to candidates in elementary, early childhood education, and special education.
- (10) Report on the participation in the alternative placement programs offered by the institution.
- (11) Report on the procedures used to inform the public regarding the institution's teacher education program and the manner through which public input is solicited and received.
- (12) Annually, the OEQA shall provide feedback to any institution if their annual report indicates that progress is not being made in addressing areas for improvement.
- (13) Complete copies of the annual reports for public institutions will be distributed to OSRHE and summary data for all institutions will be distributed to constituents based on reporting requirements outlined in 70 O.S., Section 6-186.
- (14) The OEQA will produce a report describing the accreditation status of each institution. This report will devote a section to each institution separately and include a summary of CAEP and OEQA review findings.

SUBCHAPTER 7. EDUCATOR ASSESSMENT

218:10-7-1. Educator assessment regulations

- (a) **Examinees - initial licensure and certification.**
 - (1) Any individual who applies for a teaching license/certification must successfully complete the competency examination as defined by the OEQA. The competency examination is made up of three components: The Oklahoma General Education Test (OGET), the Oklahoma Subject Area Test (OSAT) and the Oklahoma Professional Teaching Exam (OPTE).

Permanent Final Adoptions

- (2) See Appendix A for competency exam requirements by certification area and test codes.
- (b) **Examinees - additional certification.**
- (1) Individuals wishing to add a certification area to an existing teaching credential must successfully complete the Oklahoma Subject Area Test for the field of the desired certification.
- (2) Individuals wishing to add a teaching certification area to an existing license or standard certificate in Speech Language Pathologist, School Nurse, School Psychometrist and/or School Psychologist must successfully complete the Oklahoma Subject Area Test and the Oklahoma Professional Teaching Exam for the field of the desired certification.
- (3) See Appendix A for competency exam requirements by certification area and test codes
- (c) **Examinees - alternative placement program.**
- (1) Individuals seeking a teaching license via the Alternative Placement Program must successfully complete the Oklahoma General Education Test and the Oklahoma Subject Area Test. A licensed teacher via the Alternative Placement Program seeking a standard certificate must successfully complete the Oklahoma Professional Teaching Exam.
- (2) See Appendix A for competency exam requirements by certification area and test codes.
- (d) **Examinees-out of state certification.** Individuals seeking an Oklahoma license/certification who are certified educators in another state(s) ~~shall meet the same assessment requirements as all other individuals seeking initial licensure/certification. Individuals having successfully completed comparable examination(s), as determined by OEQA, shall be exempt from the corresponding part(s) of Oklahoma's assessment requirement. Certified out-of-state educators, with 5 years of successful teaching experience in out-of-state accredited schools and seeking Oklahoma certification, and have successfully completed a competency examination used in the majority of other states or comparable customized exam,~~ will be exempt from meeting the Oklahoma educator assessment requirements for the subject/grade levels most closely aligned with their out-of-state certification.
- (e) **Examinees - testing conditions and requirements compliance.**
- (1) If an examinee fails to comply with the conditions and requirements specified or referenced on the *Certification Examinations for Oklahoma Educators Test* website, including the *Conditions of Test Participation*, or take any prohibited actions, the test results may be voided, no refund will be issued, no portion of the testing fee can be applied toward the cost of any future test administrations and/or the examinee's registration may be cancelled.
- (2) If an examinee's test score is found to be unverifiable by either the testing company or the OEQA, the examinee will be allowed one (1) retake under controlled conditions at no cost to the examinee.

SUBCHAPTER 8. TEACHING CERTIFICATION SCHOLARSHIP PROGRAM

218:10-8-1. Teaching Certification Scholarship Program

- (a) **Scholarship Program.** The Commission for Educational Quality and Accountability shall establish the Teaching Certification Scholarship Program. The purpose of the program shall be to provide qualifying teacher candidates who are seeking certification with a scholarship toward the cost of competency examinations required by Section 6-187 of Title 70 of the Oklahoma Statutes, subject to the availability of funds.
- (1) Scholarships are limited to one per teacher candidate.
- (2) Teacher candidates must be currently seeking initial certification.
- (b) **Scholarship application.** OEQA will develop the scholarship application and any associated deadlines.
- (c) **The Application Review Committee.** OEQA will designate the place and time for applications to be read and scored by the Application Review Committee. The Application Review Committee will consist of one representative from
- (1) Oklahoma State Regents for Higher Education
- (2) Oklahoma State Department of Education
- (3) Office of Educational Quality and Accountability
- (4) Oklahoma Association of Colleges for Teacher Education
- (5) Oklahoma Pre-K through 12 grade public school teacher
- (d) **Selection of scholarship recipient.**
- (1) The Application Review Committee will consider one or more of the following:
- (A) Degree which applicant's essay conveys scholarship need
- (B) Conveyance of commitment to teaching in an accredited school district in Oklahoma
- (C) Demonstration of professional disposition
- (2) Scholarship recipients will be selected based on scores determined within the application process, ranking from highest to lowest based on application score
- (e) **Payment and reimbursement of competency examination fees.**
- (1) OEQA will make payment for competency examination fees for each scholarship candidate upon signing a letter of intent
- (2) If the scholarship recipient does not teach at a school district in Oklahoma upon achieving certification, he or she shall be required to reimburse OEQA for the full amount awarded

[OAR Docket #17-435; filed 6-16-17]

**TITLE 230. STATE ELECTION BOARD
CHAPTER 10. THE COUNTY ELECTION BOARD**

[OAR Docket #17-656]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

- Subchapter 3. Election Personnel
 - Part 1. County Election Board Members and Employees
 - 230:10-3-10. Compensation claims for the Chairman and Vice Chairman [REVOKED]
- Subchapter 7. General Administration of the County Election Board Office
 - Part 7. Public Records
 - 230:10-7-59. Public Records [AMENDED]
 - Part 9. Finances
 - 230:10-7-73. County Election Board member claims compensation and mileage reimbursement [AMENDED]
 - 230:10-7-76. Special Depository Account [AMENDED]
 - 230:10-7-82. Expenses paid through Special Depository Account [REVOKED]
 - 230:10-7-83. Reimbursement to County General Fund [AMENDED]
 - 230:10-7-85. Retention of County Election Board financial records [AMENDED]

AUTHORITY:

Title 26 O.S., Section 2-107; Secretary of the State Election Board

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

January 27, 2017

COMMENT PERIOD:

February 15 through March 17, 2017

PUBLIC HEARING:

March 17, 2017

ADOPTION:

March 31, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

March 31, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's Declaration on June 13, 2017

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

September 11, 2017

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

n/a

GIST/ANALYSIS:

The rules promulgated by the Secretary of the State Election Board are intended to provide both consistent interpretation of various requirements of federal and state election laws and to establish uniform procedures to be observed by all County Election Boards in Oklahoma in the implementation of such election laws. These rules are the foundation of Oklahoma's one-of-a-kind election system.

The rules amended and/or revoked in this Chapter are needed to update certain County Election Board procedures concerning compensation for County Election Board members and to incorporate new statutory requirements concerning the confidentiality of personal identification data acquired by the County Election Board on voter registration application forms.

CONTACT PERSON:

Suzanne Cox, Publications Editor, State Election Board. Telephone: (405) 521-2391. Email: suzanne.cox@elections.ok.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 3. ELECTION PERSONNEL

PART 1. COUNTY ELECTION BOARD MEMBERS AND EMPLOYEES

230:10-3-10. Compensation claims for the Chairman and Vice Chairman [REVOKED]

~~(a) Claims for compensation owed by the State Election Board must be filed on the County Board Member Claim forms provided by the State Election Board. Such claims shall be prepared by the County Election Board Secretary and filed promptly.~~

~~(b) In the event a meeting is held specifically to transact business for another governmental entity, such as a school district or a municipality, the entire cost of the meeting shall be paid by that entity. If more than one entity is involved in a meeting, the cost of the meeting shall be prorated among the entities that benefit from the meeting. For example, if five school districts are involved, the \$35 paid to each Board member is prorated among the districts so that each will pay \$7 plus one fifth of the mileage reimbursement. The entity's share of the Board meeting will be included in the Record of Expense submitted to the entity following the election.~~

~~(c) When a school district election is held on the same day as a county election, the county pays all the cost of the County Election Board meeting to certify the election. However, if another entity such as a municipality also holds an election on the same day as the county and school district elections, the cost of the County Election Board meeting is divided equally between the county and the other entity and the school district pays nothing.~~

~~(d) All compensation owed to County Election Board members for meetings held for a county election that does not coincide with a state election, for which compensation is paid by the State Election Board, shall be paid by the County Clerk from a County Election Board budget account and FICA shall be withheld. Mileage reimbursement for County Election Board members may be paid either through a budget account by the County Clerk or through the Special Depository Account by the County Election Board Secretary.~~

SUBCHAPTER 7. GENERAL ADMINISTRATION OF THE COUNTY ELECTION BOARD OFFICE

PART 7. PUBLIC RECORDS

230:10-7-59. Public records

~~(a) All records of the County Election Board, except as specifically designated otherwise in federal or state law, must be made available for public inspection, copying and/or mechanical reproduction during regular office hours. [51:24A.5] The County Election Board must provide prompt, reasonable access to its records but may establish reasonable procedures to protect the integrity and organization of its records and to prevent excessive disruptions of its essential functions.~~

Permanent Final Adoptions

(b) According to state law, a voter's full or partial driver license number or Social Security number provided on a voter registration application form shall not be considered a public record and shall be kept confidential by the County Election Board. [26:4-112; 51:24A.5] When providing copies of original voter registration application forms in the Central File or from the cancellation file, a full or partial driver license or Social Security number shall be masked or obscured on the original while the copy is made or shall be blacked out on the copy. Under no circumstances shall an original voter registration application form in the Central File or cancellation file be permanently altered to conceal these numbers. In the event that an election official in another jurisdiction or law enforcement personnel request a copy of an original registration form with these numbers left visible, contact the State Election Board immediately.

PART 9. FINANCES

230:10-7-73. County Election Board Member Claims member compensation and mileage reimbursement

~~Claims for compensation owed to the Chairman and Vice Chairman by the State Election Board shall be filed each month with the State Election Board. No claim shall be filed if the County Election Board has no meeting in a particular month. Claims should be filed between the first and tenth day of the month. See 230:10-3-10.~~

(a) The State Election Board shall be responsible for the total amount of compensation and mileage reimbursement for the County Election Board Chairman and Vice Chairman for each authorized meeting held to conduct business related to a regular or special federal or state election. The State Election Board also shall be responsible for County Election Board member compensation and mileage for meetings held to conduct other business mandated by statute that is unrelated to a specific federal or state election. See (h) of this Section.

(b) The county shall be responsible for compensation and mileage reimbursement for the County Election Board Chairman and Vice Chairman for meetings held to conduct business related to a county election that is not held concurrently with a regular or special federal or state election in that county.

(c) School districts, municipalities, and other entities authorized to call elections held by the County Election Board shall be responsible for compensation and mileage reimbursement owed to the County Election Board Chairman and Vice Chairman for meetings held to conduct business related to such regular or special elections. When two or more entities conduct regular or special elections on the same election date, the amount of County Election Board member compensation and mileage shall be divided equally among the entities, unless the elections are held concurrently with a regular or special state or county election.

(d) The County Election Board member compensation described in this Section shall be paid at the rate established by

state law. Mileage expenses shall be reimbursed at the rate currently prescribed by the state Office of Management and Enterprise Services.

(e) The Secretary of the County Election Board, who is a member of the County Election Board, shall not be entitled to the compensation and mileage described in this Section. The Secretary's compensation is detailed in 230:10-3-8.

(f) County Election Board member compensation and mileage reimbursement shall be included in the Record of Expense submitted to the appropriate entity following the election. Payment for the election expenses listed in the Record of Expense shall be remitted by the appropriate entity within 30 days of receiving the Record of Expense. Upon receipt of such payment, the County Election Board Secretary shall deposit the payment in the Special Depository Account and shall reimburse the County General Fund for the amount of compensation.

(g) Compensation for County Election Board members shall be paid by the County Clerk after FICA and any other applicable taxes have been withheld. Mileage reimbursement may be paid directly from the Special Depository Account by the County Election Board Secretary or by the County Clerk from a County Election Board budget account or other designated county account.

(h) The State Election Board shall be responsible for County Election Board member compensation and mileage for meetings held to organize the County Election Board following the appointment of County Election Board members to new terms as described in Title 26 O.S., Section 2-111.2 and for the appointment of Precincts Officials to new terms as described in Title 26 O.S., Sections 2-124 and 2-125. The State Election Board shall provide a form to the County Election Board Secretary to file claims for County Election Board member compensation and mileage for meetings held as provided in this subsection.

230:10-7-76. Special Depository Account

(a) The County Election Board must use a County Election Board Special Depository Account for receipt and disbursement of monies received by the Board. [26:3-108] The Special Depository Account is operated through the County Treasurer's office. It is used to receive funds such as candidate filing fees, deposits for contests of candidacy, deposits for contests of election, funds for compensation of Precinct Officials and Absentee Voting Boards, payments for school elections and payments for municipal elections. Deposits shall be made daily as funds are received, and disbursements shall be made as soon as legally possible. Any balance continuing in the Special Depository Account after all appropriate disbursements have been made shall ~~only~~ be only from forfeited candidate filing fees or from processing fees received for County Campaign Committee Statements of Organization ~~only~~.

(b) The County Election Board Secretary shall be authorized to make expenditures from the ~~amount balance of forfeited candidate filing fees~~ and processing fees in the Special Depository Account for any lawful purpose. [26:3-108] ~~However, before expending funds from the balance of filing and processing fees.~~

the Secretary shall seek approval from the State Election Board staff for the expenditure.

(c) The following election expenses always shall be paid by the County Election Board Secretary with vouchers from the Special Depository Account:

(1) Compensation and mileage reimbursement for Precinct Officials, Absentee Voting Board members, and special purpose precinct workers for all elections.

(2) Expenses related to elections conducted for school districts, technology center districts, municipalities, and other local entities authorized to call elections conducted by the County Election Board.

(d) Funds received from the State Election Board or from school districts, technology center districts, municipalities, and other local entities for County Election Board member compensation, overtime compensation for County Election Board employees, and compensation for part-time or temporary employees shall not be paid by the County Election Board Secretary from the Special Depository Account. Funds received for such compensation shall be reimbursed to the county general fund, as described in 230:10-7-83 and in 230:10-7-132. All such compensation shall be paid by the County Clerk with warrants from a County Election Board budget account after FICA and any other applicable federal or state taxes have been withheld. All such compensation shall be reported by the County Clerk on W-2 forms each year.

230:10-7-82. Expenses paid through Special Depository Account [REVOKED]

~~For statewide elections, the state's and the county's share of compensation for Precinct Officials, the Absentee Voting Boards, and special purpose precinct workers are paid through the Special Depository Account. All other expenses are handled by submitting purchase orders to the County Clerk. The expenses then may be paid by the County Clerk with warrants drawn on the County Election Board's budget account or on another county account or they may be paid from the Special Depository Account after appropriate funds have been deposited there in payment of the purchase orders. All compensation and mileage reimbursements paid in connection with regular or special county elections not held in conjunction with a federal or state election for County Election Board members, for overtime and mileage reimbursement for County Election Board employees, and compensation for part time help, are paid by submitting purchase orders to the County Clerk. For school district and municipal elections, all warrants received from the entities are deposited in the Special Depository Account and vouchers are written to pay incurred in the election. However, all compensation and mileage reimbursement in connection with a regular or special school, municipal, or other election paid to County Election Board members; overtime compensation and/or mileage reimbursement for County Election Board personnel; and compensation for part time help shall be paid through a County Election Board budget account by the County Clerk and FICA and any other applicable taxes shall be withheld from such compensation.~~

230:10-7-83. Reimbursement to County General Fund

At the end of each month, all fees received from school districts and municipalities for postage, telephone or other budget item expenses incurred by the entity in an election shall be reimbursed to the County General Fund. Funds received from the State Election Board for County Election Board member compensation and mileage reimbursement for meetings held to conduct business in connection with a regular or special federal or state election and for meetings to conduct other business required by statute shall be reimbursed to the County General Fund. Funds received from school districts, municipalities, and any other entities for County Election Board member compensation, part-time help, and overtime compensation and mileage reimbursement for County Election Board employees shall be reimbursed to the County General Fund as outlined in 230:10-7-132. Such reimbursements shall be made immediately upon receipt of the funds from the entity or from the State Election Board. All fees collected for copying documents shall be reimbursed to the County General Fund. The Secretary shall issue a voucher from the Special Depository Account to the County Treasurer in the appropriate amount.

230:10-7-85. Retention of County Election Board financial records

(a) The Secretary of the County Election Board shall have the responsibility to ensure that financial records are retained as required by law.

(b) Original financial records and/or records for which the County Election Board's copy is the only copy shall be retained for five years. These original records include but are not limited to the following.

(1) Budget account records. ~~The following original~~ Original records of the County Election Board's budget accounts that are maintained in MESA shall be retained for five years. Similar records and reports created and printed from OEMS prior to July 1, 2013, shall be retained through June 30, 2018.

(A) ~~OEMS reports.~~ OEMS reports. ~~Records of the budget accounts maintained in OEMS include the Day Ledger.~~

(B) ~~Manual records.~~ Manual records. ~~Records of the budget accounts maintained manually include the Day Ledger sheets.~~

(2) Special Depository Account records. ~~The following~~ Special Depository Account reports from MESA shall be considered original records of the County Election Board's Special Depository Account and shall be retained for five years. Similar reports created in and printed from OEMS prior to July 1, 2013, shall be retained through June 30, 2018.

(A) ~~OEMS reports.~~ OEMS reports on the Special Depository Account which constitute original records include the

(A) Ledger Sheet;

(B) Election Balance Sheets;

(C) County Election Board Election Expense List;

(D) Pre-Election Expense Claims; ~~Pre Election Expense Claims Compilation;~~

Permanent Final Adoptions

~~(E) Records of Expense; Records of Expense Compilation;~~

(F) Contest Balance Sheets;

~~(G) Contest Records of Expense; Contest Records of Expense Compilation;~~

(H) Voucher Control Log;

(I) Voucher Detail Report ~~and~~

(J) Voucher Registry;

~~(B) Manual records. Records of the Special Depository Account maintained manually which constitute original records include Ledger Sheets, forfeited filing fee records, and records of contest expenses.~~

(3) **Other records.** Other records which are required to be retained for five years include but shall not be limited to the following items:

(A) County Board Member Claim, ~~gold copy, - any copies dated prior to August 1, 2016.~~

(B) Precinct Expense Claim Envelopes-

(C) Duplicate copies of receipts issued by County Election Board-

(D) Cancelled vouchers-

(E) Voided vouchers-

(F) Invoices, statements and other documentation of expenses paid through the Special Depository Account-

(G) Receipts for transfers/deposits to County General Fund-

(c) Records for which the County Election Board retains only a copy and for which the original is retained by another county officer for five years shall be retained for two years following the most recent audit by the State Auditor and Inspector. These records include but shall not necessarily be limited to the following items.

(1) Copies of purchase orders.

(2) Copies of vouchers.

(3) Copies of deposit tickets.

(4) Copies of the Monthly Report of County Officers.

GIST/ANALYSIS:

The rule amended in this Chapter updates certain County Election Board procedures concerning the retention of Precinct Registries for a period of time following elections. Extending the retention period for Precinct Registries is intended to help resolve questions from voters who may have been inactive for some period of time and eventually cancelled as provided by law, but who claim to have voted more recently than records in MESA indicate. Such questions can often be answered by looking at specific Precinct Registries to ensure that credit for voting was given accurately. Retaining Precinct Registries for a longer period of time also provides additional avenues for research on voter participation and other topics. Allowing the Precinct Registries to be scanned and retained digitally for a portion of the retention period will alleviate difficulties that County Election Board offices may have providing secure storage for paper Registries for longer than 24 months.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 7. GENERAL ADMINISTRATION OF THE COUNTY ELECTION BOARD

PART 5. MAINTAINING THE OFFICE

230:10-7-45. Retention of Precinct Registries and affidavits

(a) All Precinct Registries and all used Absentee Voter Affidavits, Voter Assistance Forms and Spoiled Ballot Affidavits shall be retained for 24-60 months after the date of the election. These items shall be stored together in a container bearing the date of the election and the date on which they may be destroyed.

(b) All original, paper Precinct Registries shall be retained for 24 months following the date of the election. After 24 months, the County Election Board Secretary is authorized to scan all original Precinct Registries. After scanning the Precinct Registries and verifying that the scanned copies are both legible and complete, the original Precinct Registries may be destroyed and the digital copies shall be retained for the remaining 36 months of the 60-month retention period.

(c) All used ATI Session Logs, Absentee Voter Affidavits, Spoiled Ballot Affidavits, Voter Assistance Forms, and Provisional Ballot Refusal forms shall be retained for 24 months

after the date of the election. These forms may be stored together, organized by precinct, in a container labeled with the election date and the date on which they may be destroyed.

GIST/ANALYSIS:

The rules promulgated by the Secretary of the State Election Board are intended to provide both consistent interpretation of various requirements of federal and state election laws and to establish uniform procedures to be observed by all County Election Boards in Oklahoma in the implementation of such election laws. These rules are the foundation of Oklahoma's one-of-a-kind election system.

The rules amended in this Chapter are needed to update certain County Election Board procedures concerning ballot printing.

Since implementing the first statewide voting device system in 1992, the State Election Board has included races for county officers and county questions on the state ballot as a courtesy to the counties and for the convenience of voters. That courtesy extended to printing ballots for Runoff Primary Elections for county officer races through the state's contract ballot printer even when there was no Runoff for a federal, state, or district office in the county.

The amendments assign the responsibility and expense of printing Primary and Runoff Primary Election ballots for county officer races and county questions to the county when there is no federal, state, or state district election in the county on the same election day.

The change to long-standing custom was implemented in 2016 to accommodate State Election Board budget reductions required by declared revenue failures in the second half of FY 2016, and to reduce costs in FY2017.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 3. RESPONSIBILITIES FOR BALLOT PRINTING

230:25-3-3. County Election Board responsibilities for printing ballots

(a) The County Election Board shall be responsible for printing ballots, at county expense, for Primary and Runoff Primary Elections for county officers if there is no federal or state office, state legislative office, district office, or nonpartisan judicial office on the ballot in the county on the same election date. The County Election Board shall be responsible for printing ballots, at county expense, for county questions. A county question may be printed on the state ballot for Primary and Runoff Primary Elections if there is a state ballot and if there is adequate space available on the state ballot for the county question. County questions shall not be printed on the state ballot for the biennial General Election.

(b) County Election Board responsibilities for printing ballots for county, municipal, school district or other local elections shall include, but shall not be limited to, the following items:

(1) arranging for the necessary bid process to occur. See 230:25-7-1. Entering all office, candidate, and proposition or question text into MESA.

(2) receiving, proofreading, and approving ballot proofs provided by the State Election Board before printing begins. See 230:25-17-2.

(b-c) In the case of municipal elections, school district elections and other local elections the County Election Board shall be responsible for paying the ballot printing bill from the proceeds of the reimbursement for post-election expenses from the entity for which the election was conducted.

(e-d) In the case of a multi-county election, ballots for each affected county in the election shall be printed by the printer holding the affected county's ballot printing contract. Ballots for the control (parent) county shall be printed by the printer holding its ballot printing contract. Each affected County Election Board shall receive the bill for ballot printing from its own ballot printer and shall include this expense in the Record of Expense submitted to the control (parent) County Election Board following the election.

SUBCHAPTER 7. COMPETITIVE BIDDING PROCESS FOR BALLOT PRINTING

230:25-7-7. Notification of State Election Board

The County Election Board Secretary shall notify the Ballot Generation Services division of the State Election Board

Permanent Final Adoptions

when a new county ballot printing contract is awarded. The notification shall identify the commercial printer that received the contract and shall include contact information for the printer.

GIST/ANALYSIS:

The rules amended in this Chapter are needed to update certain County Election Board procedures concerning the administration of absentee voting. Several new rules are added to establish rules and procedures concerning new absentee voting options such as applications submitted online, ballots delivered online to uniformed services and overseas voters, voted absentee ballots delivered in person to the County Election Board by some voters, and to update references to new or substantially revised publications, forms, and other materials.

CONTACT PERSON:

Suzanne Cox, Publications Editor, State Election Board. Telephone: (405) 521-2391. Email: suzanne.cox@elections.ok.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 5. APPLICATIONS FOR ABSENTEE BALLOTS

230:30-5-8.2. Validity of applications for absentee ballots for all elections

(a) Absent voters, nursing home voters, physically incapacitated voters, voters charged with the care of physically incapacitated persons, and veteran center voters may apply for absentee ballots for all elections in which they are eligible to vote. Such applications for all elections shall be considered valid through December 31 of the calendar year in which they are received. Absentee voters who apply for all elections shall be required to submit a new application for absentee ballots for each calendar year.

(b) Applications for absentee ballots received from uniformed services voters and overseas voters shall be considered applications for all elections in which the voter is eligible to vote. Applications for absentee ballots received from uniformed services voters and overseas voters shall be considered valid through the next two regularly scheduled federal General Elections. For example, an application for absentee ballots from a uniformed services or overseas voter received in February, 2004, shall be considered valid through the federal General Election in November, 2006. An application received in December, 2004, shall be considered valid through the federal General Election in November, 2008.

(c) If absentee ballots mailed to the address provided by the voter on an application for absentee ballots that requests ballots for all elections are returned undelivered to the County Election Board by the postal service, the Secretary of the County Election Board shall ~~be authorized to cancel/deactivate the application in MESA. The application information may be deleted from MESA, as instructed in 230:30-11-7. The Secretary shall indicate on the outside of the returned absentee ballot mailing envelope that the application is cancelled as a result of the returned, undelivered ballots. The returned envelope shall be retained for 24 months. (See 230:30-11-7(a) for instructions to retain such undeliverable absentee ballots.)~~

230:30-5-9. Rejected applications

(a) **Reasons for rejection.** An application for absentee ballots shall be rejected if any one of the following conditions, or combination of the following conditions, occurs.

- (1) The applicant is not a registered voter in the county.
- (2) The application is not properly signed, except as provided in (d) of this Section.
- (3) The applicant is not eligible to vote in the election for which ballots are requested.
- (4) The application does not contain sufficient information to determine which ballots to send.
- (5) The application is received later than 5 p.m. on Wednesday preceding the election.
- (6) The application is illegible.

(b) **Processing rejected application.** In the event that a voter's application for absentee ballots must be rejected, the application shall be entered into MESA and the reason for the rejection shall be noted on the screen. MESA will create a Notice of Rejection of Absentee Ballot Application for the voter which will detail the reason the application was rejected. If an Application for In-Person Absentee Ballots has been rejected, the application shall not be entered into ~~OEMS~~ MESA and, therefore, no Notice of Rejection will be created.

(c) **Form of rejection.** In the event that a voter's application for regular mail absentee ballots must be rejected for any reason, the Secretary shall print the Notice of Rejection of Absentee Ballot Application created by MESA and mail it to the voter. [26:14-133] If there is sufficient time for the voter to return a corrected application, a new application form shall be enclosed with the notice. In the event that an emergency incapacitated voter's application for absentee ballots must be rejected, the Secretary shall so advise the voter's agent and shall provide the agent with a Notice of Rejection of Absentee Ballot Application form, which shall be completed by the Secretary.

(d) **Exception for applications received by electronic mail from uniformed services and overseas voters to signature requirements for some absentee ballot applications.** Generally, absentee ballot applications must be signed by the applicant. However, some exceptions to this requirement shall be granted to some applicants who submit their applications through certain electronic methods.

- (1) Applications submitted by uniformed services and overseas voters on the Federal Post Card Application that are received from uniformed services and overseas voters by electronic mail shall ~~may~~ be accepted and processed without a physical, hand-written signature.
- (2) Applications submitted with the online absentee ballot application on the State Election Board website may be signed digitally and a physical, handwritten signature is not required.

230:30-5-13. Application for absentee ballots may be submitted electronically

(a) Any registered voter may apply for absentee ballots for any election for which he or she is eligible and may submit the application to the County Election Board in the county of his or her residence by United States mail, by electronic mail, by fax,

or by other means of electronic communication designated by the Secretary of the State Election Board as provided by Title 26 O.S. 2014 Supp., Section 14-105.

(b) The Secretary of the State Election Board may establish an online absentee ballot application tool for the purpose of applying for and submitting applications for absentee ballots. Such an online application tool shall meet the following criteria.

- (1) The online absentee ballot application tool shall require the applicant to provide the following information, which is necessary to confirm an applicant's status as a registered voter and to determine that the voter is eligible to receive ballots for an election, and to determine where the absentee ballots should be sent.
 - (A) Voter's name
 - (B) Date of birth
 - (C) Address of voter registration
 - (D) Address ballots should be sent
 - (E) Other information deemed necessary by the Secretary of the State Election Board

(2) The application tool ~~should~~ shall allow the voter to designate whether the application is for a single election or for all elections in which the voter may be eligible in a calendar year or for any other term permitted by law.

(3) The application tool ~~should~~ shall allow an applicant to specify, if applicable, that he or she is physically incapacitated or confined to a nursing home.

(4) The application tool should ~~allow~~ direct an applicant to specify, if applicable, that he or she who is a member of one of the uniformed services of the United States or an overseas citizen and therefore covered by the federal Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) to the Federal Voting Assistance Program website to complete a federal post-card application (FPCA) form.

(5) The online absentee ballot application tool should prepare a letter or form containing all the required information and specifications named in (1) through (3) of this subsection.

(6) ~~The online absentee ballot application tool shall allow the applicant to print, sign, and mail, email, fax, or personally deliver the application to the State Election Board or to the appropriate County Election Board.~~

(7) The online absentee ballot application tool may allow the applicant to sign the application digitally and submit it electronically. ~~The completed application must be transmitted directly to the State Election Board or to the appropriate County Election Board by mail, email, or fax through the online absentee ballot application tool.~~

(8-7) ~~The website landing page for the online absentee ballot application tool shall display information about the statutory deadline for absentee applications preceding an election. The application tool must clearly state that the application must be received at the State Election Board or the appropriate County Election Board by the statutory deadline for an election in order for it to be processed and ballots issued for that election.~~

Permanent Final Adoptions

~~(9-8) Other~~—The online application tool also shall meet any other criteria deemed necessary by the Secretary to ensure security, ~~and~~ privacy of voter information, ~~or~~ and to prevent fraudulent use.

(c) Any organization, entity, or individual interested in promoting voter participation through absentee voting ~~will be able~~ may link to the online absentee ballot application tool on the State Election Board's website.

(d) No online ballot application shall be accepted by the State Election Board or any County Election Board from any organization, entity or individual that creates its own absentee ballot application tool unless:

(1) The information described in (a) of this Section is required by its application tool;

(2) It provides to applicants the ability to sign the application digitally;

(3) It produces a written ballot request; and

(4) The written request is transmitted by facsimile or electronic email by the applicant to the State Election Board or the appropriate County Election Board.

SUBCHAPTER 7. ABSENTEE VOTING BOARDS

230:30-7-6.1. Training for Absentee Voting Board members

(a) The Secretary of the County Election Board shall train the Absentee Voting Board members in their duties before the Absentee Voting Board makes its first visit to a nursing home or veteran center or first provides service to in-person absentee voters. The State Election Board provides the County Election Board Secretary with instructions for conducting training for both nursing home and in-person Absentee Voting Board members.

(1) Absentee Voting Board Procedures for Nursing home—Home Absentee Voting Board. Training for members of a nursing home Absentee Voting Board shall include a review of ~~the blue Instructions for Absentee Voting Board sheet~~ this publication. The Secretary also shall review the specific types of ballots and the potential combinations of ballots, the contents of the pink absentee voter packet, and the use of the Absentee Voting Board Record, the Spoiled Ballot Affidavit, and the ~~Precinct Problem Solver section of Election Day Reference and Problem Solver in the Precinct Official Notebook.~~

(2) Absentee Voting Board Procedures for In-person Absentee Voting Board. Training for members of an in-person Absentee Voting Board shall include a review of ~~the green Instructions for Absentee Voting Board for In Person Absentee Ballots sheet~~ this publication. The Secretary shall provide instructions for ~~a computer with access to the Internet and the using MESA software to~~ verify a voter's registration information and registration status and shall review the specific types of ballots and potential combinations of ballots. The Secretary also shall review the uses of the Spoiled Ballot Affidavit, the Voter Assistance Form, the Ballot Accounting Forms, ~~located in the Precinct Problem Solver section of and the Election~~

~~Day Reference and Problem Solver in the Precinct Official Notebook. The Secretary also shall provide instructions on the use of the voting device, the procedures for opening and closing the in person absentee polling place and the disposition of the election results storage device, ballots and other items. If the in person Absentee Voting Board uses a computer with access to the Internet and the MESA software, the Secretary shall instruct the Board members to obtain updated voter registration information from inactive voters.~~

(b) Following the initial training for nursing home and in-person Absentee Voting Board members, the Secretary shall provide a review of the Absentee Voting Board's duties and procedures, if necessary, before ~~it serves~~ they serve in any election.

230:30-7-6.2. Designation of in-person absentee polling place

(a) The Secretary of the County Election Board shall designate the location of the in-person absentee polling place. The in-person absentee polling place shall not be required to be located within the physical confines of the County Election Board office. However, it shall be located as near the County Election Board office as is practicable. The in-person Absentee Voting Board members must have access either to the Central File or to a computer with access to the Internet and the MESA software to verify that applicants for in-person absentee ballots are registered voters. The in-person absentee polling place shall be subject to the same requirements for accessibility as a regular precinct polling place. Only one in-person absentee polling place shall be designated for an election, except that the Secretary of a County Election Board in a county with 100,000 or more registered voters may designate more than one in-person absentee polling place as outlined in (b) of this Section. More than one in-person Absentee Voting Board may be on duty at ~~the~~ an in-person absentee polling place.

(b) The Secretary of the County Election Board in any county with 100,000 or more registered voters may, with the approval of the Secretary of the State Election Board, designate additional in-person absentee polling places within the county. The Secretary of the County Election Board in such county shall submit a written request for the approval of the State Election Board Secretary for one or more additional in-person absentee polling places for one or more specific election dates.

230:30-7-7. Supplies for Absentee Voting Board

(a) **Supplies for nursing home Absentee Voting Board.** The Secretary shall assemble the necessary supplies for the nursing home Absentee Voting Board. Necessary supplies include, but are not limited to, a pink Incapacitated Voter Packet with ballots for each voter; a ballot box; ~~ink~~ black ballpoint pens; ballot markers; the Absentee Voting Board Additional Ballot Accounting Form; the Absentee Voting Board Record; ~~Instructions for Absentee Voting Board; Absentee Voting Board Procedures for Nursing Home Absentee Voting Board; a~~

copy of the Precinct Official Notebook; Oklahoma Voter Registration Application forms; Address Information Requested handouts; Request to Cancel Registration of Deceased Voter forms; and an adequate number of extra ballots for each type of ballot to replace ballots that may be spoiled by the voter.

(b) **Supplies for in-person Absentee Voting Board.** The Secretary shall assemble the supplies necessary for the Absentee Voting Board to provide service to in-person absentee voters. These supplies include, but are not limited to, ~~green Applications—Application~~ for In-Person Absentee Ballots forms, ~~copies of Instructions for Voting by In-Person Absentee Ballot~~; ballots; secrecy folders; a voting device; plastic seals for the election results storage medium compartment cover; one voting device key envelope; a padded bag or an envelope for the election results storage medium; an Envelope for Tally Report; ballot transfer boxes; a long white State Election Board seal for each ballot transfer box; black ballpoint pens; ~~the In-Person Absentee Ballot Accounting Form~~; a quantity of Oklahoma Voter Registration Application forms; Address Information Requested handouts; a copy of Absentee Voting Board Procedures for In-Person Absentee Voting Board; and a copy of the Precinct Official Notebook.

SUBCHAPTER 9. PROCESSING APPLICATIONS

230:30-9-1. Applications ~~processed on day received~~ entered in MESA when received

~~Each application for absentee ballots shall be processed~~ Absentee ballot applications shall be entered in MESA on the same day it is received. In the event the volume of absentee applications being received makes it impossible or impractical to enter all such applications on the day received, applications shall be entered within 48 hours of receipt. In all cases except for nursing homes—home and emergency incapacitated voters, ballots shall be mailed or electronically transmitted—provided electronically, as provided in 230:30-9-5.1 and 230:30-9-5.2, to the voter the same day the applications are entered in MESA if absentee ballots are available at the time the application is received. If absentee ballots have not yet been received when an application is received and entered, the ballots shall be mailed or provided electronically as soon as possible after the absentee ballots are received from the printer.

230:30-9-5. Processing applications from uniformed services and overseas voters

(a) **Applications from uniformed services and overseas voters.** Applications for absentee ballots received from uniformed services voters and overseas voters are processed differently than applications from other absentee voters. Uniformed services voters and overseas voters are not required to be registered to vote in the county in order to apply to vote by absentee ballot. However, when an application for absentee ballots is received from a person who is not a registered voter in the county, information from the Federal Post Card Application form will be used to register that person in the county provided that the applicant's residence address is located within

the county. All applications received from uniformed services voters and overseas voters are considered to be applications for all elections in which the voter is eligible to vote, except as outlined in (c) of this Section. Applications from these voters shall be processed according to the procedures outlined in (b) of this Section.

(b) **Applications received by mail, by fax, or by electronic mail.** Uniformed services voters and overseas voters may submit applications for absentee ballots, usually the Federal Post Card Application (FPCA) form, to the County Election Board by mail, by fax, or by electronic mail. Upon receipt of an application for absentee ballots from a uniformed services or overseas voter, the Secretary of the County Election Board shall cause the application to be processed according to the following procedure.

(1) If the application was received by electronic mail, take these steps.

(A) Print a copy of the electronic mail message and a copy of the attached FPCA form.

(B) Reply to the electronic mail message to notify the voter that the application was received.

(2) Indicate on the application form the date on which it was received at the County Election Board office.

(3) Indicate on the application form whether it was received by mail, by fax, or by electronic mail.

(4) Enter the application information into MESA.

(A) If the voter's address is not located within the county, the application information shall not be entered. The printed application form shall be forwarded immediately to the correct County Election Board. The date the application was received in the first county shall be the received date for the application.

(B) If the voter's address is located within the county, but the voter is not currently registered in the county, follow the appropriate software instructions to enter the application information in MESA to create both a new voter registration record and an absentee ballot application record for this individual.

(C) If the voter's address is located within the county and the voter is a currently registered voter in the county, follow the appropriate software instructions to enter the application information in MESA to create an absentee ballot application record.

(5) If the voter provided an expiration date ~~for the absentee ballot application in Section 6, Additional Information, or stated anywhere~~ on the FPCA that ballots are requested for only a specific election, enter it—the expiration date or specific election date in the appropriate field in MESA. If the voter did not provide an expiration date or a specific expiration—election date, the system will default to the appropriate date that includes the next two federal general elections.

(6) ~~Designate the elections for which the voter will receive ballots. If the voter requested that ballots be transmitted by electronic mail, check "e-mail." This voter will receive ballots for state and federal elections by electronic mail and ballots for all other elections by regular mail.~~

Permanent Final Adoptions

~~(See 230:30-9-5.2 for additional information about requests to transmit ballots by electronic mail.) Determine the voter's preferred method of receiving absentee ballots.~~

~~(A) If the voter ranks "Email/Online" or "Mail" as first choice, check the "Mail" or "Online" box in MESA.~~

~~(B) If a voter ranks "Fax" as first choice, look at the voter's second choice and check the appropriate box in MESA. (Oklahoma no longer delivers absentee ballots by fax to uniformed services and overseas voters.)~~

(7) Write on the application form the voter identification number assigned by MESA.

(8) If ballots are available, immediately follow the appropriate steps.

~~(A) If the voter requested that ballots be mailed prefers to receive absentee ballots by mail, prepare a uniformed services/overseas voter packet with the correct ballots for the voter and mail it.~~

~~(B) If the voter requested that a ballot for a state or federal election also be transmitted by fax, follow the instructions in 230:30-9-5.1 to prepare and transmit the appropriate state or federal ballot and balloting materials.~~

~~(C) If the voter requested that ballots be transmitted by electronic mail prefers to receive absentee ballots online, follow the instructions in see 230:30-9-5.2 to prepare and transmit the appropriate state or federal ballot and balloting materials.~~

(9) If the absentee ballot application information was used to create a new voter registration record for the voter, ~~follow the appropriate software instructions to print a file copy of the absentee ballot application information entered in from MESA. File this the copy in the appropriate absentee application file. File the voter's original absentee ballot application form FPCA in the Central File. See 230:15-9-18(b).~~

(c) **Validity of applications received from uniformed services and overseas voters.** Applications for absentee ballots from uniformed services voters and overseas voters shall be considered valid through the next two federal General Elections as outlined in 230:30-5-8.2, unless the voter indicates that the request is for a specific election date or an earlier expiration date on the FPCA form. ~~In the event that a uniformed services or an overseas voter requests that ballots be transmitted by electronic mail, ballots shall be provided by electronic mail for state and federal elections only.~~ If ballots mailed to a uniformed services or overseas voter's address are returned undelivered to the County Election Board, the County Election Board Secretary shall be authorized to consider the application invalid and shall be authorized to delete the application from MESA. The Secretary shall indicate on the outside of the returned absentee ballot outer envelope that the voter's absentee ballot application has been cancelled as a result of the returned, undelivered ballots. The returned envelope shall be retained for 24 months.

(d) **Updating existing FPCA.** Upon receipt of an FPCA or other communication from a uniformed services voter or

an overseas voter that includes an electronic mail address to be used for absentee voting purposes, the Secretary shall determine whether the voter has a currently valid application on file. If so, the Secretary shall update the voter's application information in MESA and shall remove the existing application form from the file and replace it with the newly received form. [26:14-118(B)] The Secretary shall note on the removed form the reason for the removal and shall retain it for 24 months.

230:30-9-5.1. Transmitting absentee ballots to uniformed services and overseas voters by fax [REVOKED]

~~(a) The Secretary of the County Election Board is authorized to transmit an absentee ballot for federal and statewide offices to a uniformed services voter or an overseas voter by facsimile device (fax) only under the following circumstances:~~

~~(1) The voter submits an application for absentee ballots and specifically requests that the Secretary transmit by fax a ballot for federal offices to the voter.~~

~~(2) The application is received by the County Election Board Secretary in the county of the voter's residence no later than 5 p.m. Wednesday preceding the election.~~

~~(3) The voter provides a fax number for receiving the ballot and related materials.~~

~~(b) The Secretary shall process the application for absentee ballots according to the procedure outlined in 230:30-9-5 and shall prepare and mail regular absentee ballots to the voter. The Secretary then shall prepare the following materials and immediately shall transmit them by fax to the voter:~~

~~(1) Fax cover sheet and letter to voter~~

~~(2) Instructions for Voting by Write in Absentee Ballot~~

~~(3) A state write in absentee ballot for the election~~

~~(A) Determine the appropriate state write in absentee ballot for the voter.~~

~~(B) Verify that the county name is stamped on both the stub and the ballot and that the stub is correctly numbered.~~

~~(C) Detach the ballot. Leave the numbered stub in the book of ballots.~~

~~(D) Enter the appropriate Congressional District number in the space provided on the ballot.~~

~~(4) A list of the candidates for federal and statewide offices in the election~~

~~(5) Instructions for Faxing Voted Ballot to State Election Board~~

~~(6) A return fax cover sheet~~

~~(e) After transmitting the materials described in (b) of this Section, the Secretary shall attach the original cover sheet to the application form, and then shall file the application in the appropriate absentee voting materials file. Ballots for any future elections not involving federal and statewide offices for which the voter is eligible shall be mailed to the voter at the appropriate time according to the procedure outlined in 230:30-9-5(a).~~

230:30-9-5.2. Transmitting Online absentee ballots ballot delivery to uniformed services voters and overseas voters by electronic mail

(a) ~~The Secretary of the County Election Board is authorized to transmit absentee ballots and related balloting materials by electronic mail to uniformed services and overseas voters for any election under the following specific circumstances. [26:14-118(B)]~~

~~(1) The voter has provided a residence address located within the county and the voter is eligible to vote in the election.~~

~~(2) The voter has a valid Federal Post Card Application (FPCA) form, or other valid application as described in 230:30-5-1.1, on file with the County Election Board and is eligible to receive an absentee ballot. [26:14-118(B)]~~

~~(3) The voter provides an electronic mail address. [26:14-118(B)]~~

~~(4) The voter specifically requests that ballots and balloting materials be transmitted by electronic mail. [26:14-118]Uniformed services voters, overseas voters, and the eligible spouses and dependents of both groups, may request online delivery of their absentee ballots. The FPCA provides a place for the voter to indicate his or her preferred ballot delivery method. Voters who request online delivery are required to provide a valid email address and the last four digits of their Social Security numbers.~~

~~(1) Voters who prefer online ballot delivery but who do not include the last four digits of their Social Security numbers will receive a notice by email that their request for online delivery cannot be honored until they provide the last four digits of their Social Security numbers. Absentee ballots will be mailed to these voters instead.~~

~~(2) Voters who request online delivery but whose provided email address prove to be incomplete or invalid will receive absentee ballots by mail.~~

(b) ~~Upon receipt of an FPCA that includes a request for ballots to be transmitted by electronic mail, the Secretary shall process the application as outlined in 230:30-9-5. However, instead of preparing ballots to be mailed or faxed as described in that Section, the Secretary shall cause the following procedures to be observed:~~

~~(1) The Secretary shall determine the correct absentee ballot style for the voter.~~

~~(2) The Secretary shall prepare an electronic mail message to the voter and shall attach each of the following electronic documents to the message.~~

~~(A) The PDF of the appropriate ballot style for the voter~~

~~(B) The PDF of the Affidavit~~

~~(C) The PDF of the Instructions for Returning Voted Ballot to County Election Board.~~

~~(3) The Secretary shall enter manually the date the ballot is transmitted by electronic mail in the voter's application information in MESA. This step must be completed prior to requesting absentee mailing labels to prevent a label from formatting for this voter.~~

~~(4) The Secretary shall complete the Ballot Accounting Form for Electronic Mail Ballots. When an application for absentee ballots from a uniformed services or overseas voter is entered in MESA with "Online" delivery selected, the voter will receive an e-mail from the County Election Board generated by the Oklahoma Military and Overseas Ballots Online system (OMOBO) confirming receipt of the application and providing information about accessing ballots online. If more than one e-mail address has been entered in MESA for a uniformed services or overseas voter, all system-generated e-mails are sent to all recorded e-mail addresses.~~

~~(1) Application received and ballots are immediately available. This e-mail notifies the voter that his or her new application for absentee ballots has been received and processed and that ballots are available for a current election. This e-mail contains a hyperlink to the OMOBO system login page. The e-mail does not contain a ballot.~~

~~(2) Application received but ballots are not immediately available. This e-mail notifies the voter that the application for absentee ballots has been received and processed and that the voter will receive another e-mail when ballots are available for an election.~~

~~(3) Ballots are available. This e-mail notifies a voter with a current application on file ballots are available for an election. The e-mail contains a hyperlink to the OMOBO login page. The e-mail does not contain a ballot.~~

(c) ~~In the event that an e-mail sent to a uniformed services or overseas voter cannot be delivered ("bounces"), the OMOBO system will mark the e-mail address "Undeliverable" in MESA. If more than one e-mail address has been entered in MESA, emails will continue to be sent to the other address. In the event that all e-mail addresses entered in MESA for a voter are marked "Undeliverable," the voter's ballot delivery method will be changed automatically to "Mail" and mailing labels will be created for the voter. The mailing labels will print the next time County Election Board personnel generate and print absentee mailing labels for uniformed services and overseas voters. County Election Board personnel shall monitor the E-mail Activity Log in MESA on a regular basis from the first time "ballots available" e-mails are sent for an election through the day of the election. Upon finding a bounced e-mail listed on the E-mail Activity Log, County Election Board personnel immediately shall verify that the e-mail address in MESA was entered correctly.~~

~~(1) If an error is found, correct the e-mail address, uncheck the "Undeliverable" box beside the address, and save the updated application. If the corrected address is the only e-mail address for that voter, a new "ballots available" e-mail will be generated and sent by OMOBO. (If another valid e-mail address is available in MESA, a new e-mail will not be sent at this time.)~~

~~(2) If the e-mail address in MESA appears to be correct, request and print absentee ballot mailing labels, prepare a ballot packet, and mail the absentee ballots.~~

~~(d) The e-mails sent to uniformed services and overseas voters are generated automatically by the OMOBO system. When the State Election Board staff finalizes the electronic versions~~

Permanent Final Adoptions

of the ballots for an election, a process is initiated for each county that generates and sends the "ballots available" e-mails to the eligible voters. A message appears in the Election Control Panel window in MESA to notify the County Election Board that OMOBO ballots are available and e-mails have been sent. Absentee application information in MESA syncs with the OMOBO system every six hours and sends e-mails to new applicants through election day.

230:30-9-5.3. Compliance with federal MOVE Act deadline mandatory

(a) Both Oklahoma law and the federal Military and Overseas Voter Empowerment Act (MOVE Act) require absentee ballots to be mailed or made available online not less than 45 days preceding an election involving federal offices. The law also requires that new absentee ballot applications received between 45 days preceding an election involving federal offices and the deadline for absentee ballot applications (5 p.m. Wednesday preceding the election) shall be processed and ballots mailed or "ballots available" e-mails sent within 48 hours of the receipt of the application.

(b) The County Election Board Secretary shall be responsible for confirming that all uniformed services and overseas voters with an active absentee ballot application in MESA on the date of the MOVE Act deadline have either received an e-mail notification that ballots are available online or that ballots have been mailed. The Secretary shall, before close of business on the date of the MOVE Act deadline, take the following steps to confirm compliance with the 45-day deadline.

(1) Verify that all Federal Post Card Applications received by mail or by e-mail have been entered in MESA. Check the inbox for all County Election Board e-mail accounts that may be used by uniformed services or overseas voters. Check the fax machine.

(2) Request and print both the E-mail Activity Log and the Election Date Ballot List reports in MESA to verify that every voter who should have received an e-mail notice that ballots are available online is listed. If the E-mail Activity Log lists any bounced e-mails, determine whether an e-mail was successfully delivered to an alternate e-mail address or whether mailing labels already have been created and ballots mailed.

(3) Calculate ballots and ballot labels for uniformed services and overseas voters. If the calculation reports any unprocessed ballots or labels, immediately follow the appropriate MESA instructions to generate and print the labels. Prepare the ballot packets and deliver them to the local post office as soon as possible.

(c) On the next business day following the date of the MOVE Act deadline, request and print the MOVE Act Compliance Report and compare it to the Election Date Ballot List report. Confirm that all uniformed services and overseas voters with active applications in MESA received either e-mail notification or a ballot by mail. Request and print the MOVE Act Deadline Compliance Statistics report and enter by hand the first date absentee ballots were mailed to uniformed services and overseas voters. Sign and date the report and fax or e-mail it to the State Election Board no later than 12 p.m.

(d) State law requires adherence to the MOVE Act deadline for regular or special elections for state offices and state legislative offices.

230:30-9-7.1. Uniformed services and overseas voters in restricted records status

Uniformed services voters, their spouses, and their eligible dependents may apply to the Secretary of the County Election Board in the county of their voting residence for restricted records status. See 230:15-9-25. Uniformed services voters in restricted records status may vote only by mail absentee ballot. They are not eligible for online delivery of their absentee ballots through the Oklahoma Military and Overseas Ballots Online system. The elections in which these voters are eligible to vote and the absentee ballots they are eligible to receive shall be identified and mailing labels must be prepared manually. Voter history credit shall be maintained manually. When MOVE Act compliance, as outlined in 230:30-9-5.2, is required for an election, ballots must be mailed to these voters no later than 45 days preceding the election. All information about and all documentation of uniformed services voters in restricted records is removed from MESA and from all public files. All such documentation shall be retained in a locked file cabinet or other secure location in the County Election Board office. No information about uniformed services voters in restricted records status shall be released to any unauthorized person without a court order.

230:30-9-9. Obtaining absentee ballot applications submitted online

(a) The online absentee application tool on the State Election Board website delivers the submitted applications to the appropriate County Election Board through MESA. These applications submitted online must be printed and entered into MESA like any other absentee ballot application. Absentee ballot applications may be submitted online at any time. The Secretary of the County Election Board shall be responsible for printing online absentee ballot applications on a daily basis and entering them into MESA as required by 230:30-9-1.

(b) The online absentee application tool formats an Oklahoma Absentee Ballot Application form and populates it with the information entered by an applicant. Based upon the information entered by the applicant, the forms produced by the system may be printed by type:

- (1) CI B voter charged with the care of an incapacitated person;
- (2) PI B physically incapacitated voter;
- (3) NV B nursing home/veteran center voter; and
- (4) ST B standard (all other voters).

(c) Reports are available both at the County Election Board and the State Election Board to allow monitoring of applications submitted through the online absentee application tool. You must request and examine these reports daily to be sure that all applications received are being printed and processed in a timely manner.

(1) The Online Absentee Application Statistics report lists by type the number of absentee ballot applications submitted to the county in a specified date range.

(2) The Online Absentee Application Statistics Log report lists information about each application submitted online to the county. It may be sorted and printed by voter's name or by application type.

(d) The online absentee ballot application tool directs uniformed services and overseas voters to the Federal Voting Assistance Program website to complete and submit a Federal Post Card Application. However, a uniformed services or overseas voter is not prevented from using the application tool on the State Election Board website. In the event an applicant enters an APO or FPO address or an address located outside the United States as the "mail ballots to" address on an application, it should be entered as a uniformed services or overseas application.

SUBCHAPTER 11. RECEIVING AND PROCESSING ABSENTEE BALLOTS

230:30-11-1.1. Receiving hand-delivered absentee ballots from voters

(a) Beginning January 1, 2017, voters who submit standard (no excuse) absentee ballot applications and receive standard (yellow) affidavits are entitled to return their own voted absentee ballots to the County Election Board office in person through the end of regular office hours on the day preceding the election.

(1) The absentee ballot and materials must be sealed inside the Return Envelope provided in the voter's absentee ballot packet. The printed return address label on the envelope must indicate "Type: ST."

(2) The voter must provide proof of identity that meets the same requirements as the proof of identity required during in-person absentee voting and at the precinct polling place on election day. See 230:35-5-58 (a) (2) (A). A voter who does not have or who declines to provide appropriate proof of identity shall be instructed to mail the envelope to the County Election Board.

(3) Verify with the proof of identity document that the person is the voter whose name is on the printed return address label on the Return Envelope.

(4) Write or stamp the received date on the front of the Return Envelope. Note on the front of the envelope that the ballot was delivered in person by the voter.

(5) Record receipt of the absentee ballot in MESA by scanning the barcode on the return address label, by entering the ballot ID number printed on the return address label, or by manually locating the voter's absentee ballot information.

(6) Immediately place the sealed return envelope in the same locked ballot box used to secure absentee ballots returned by mail.

(b) Absentee ballots cannot be hand-delivered to the County Election Board office by a voter who applied as a physically incapacitated voter (PI) or as a caregiver for an incapacitated

person (CI) voter. Absentee ballots cannot be hand-delivered to the County Election Board office by a voter who applied as a uniformed services (US) or overseas voter (OV). Absentee ballots cannot be hand-delivered to the County Election Board office when the office is not open. Any absentee ballot left at the County Election Board office when the office is not open shall be rejected and shall not be counted.

(c) In the event that a voter who submitted a standard application for absentee ballots appears at the County Election Board office to hand-deliver an absentee ballot that is not properly sealed inside the envelope set mailed to the voter with the absentee ballot, the Secretary may provide a set of envelopes B a ballot secrecy envelope, a standard (yellow) affidavit envelope, and a Return Envelope B and a new return address label to the voter. The voter shall be instructed to have the voter's signature on the affidavit envelope notarized and to return the properly sealed envelope set in person or to mail it.

230:30-11-5. Last time for receiving ballots

(a) ~~Absentee ballots returned by regular mail.~~ Regular mail absentee ballots and ~~emergency incapacitated absentee ballots~~ must be received by the Secretary of the County Election Board no later than 7 p.m. on the day of the election. [26:14-104, ~~14-115.1~~] The Secretary shall check his post office box shortly before 7 p.m. to make certain that all eligible ballots are received. The Secretary shall make arrangements with the Postmaster to assure that all absentee ballots received in time will be processed. If a ballot is received after 7 p.m. on election day, the rejection information shall be entered in the voter's application information in MESA. This will cause a Notice of Rejection of Absentee Ballots letter to be created for the voter. This letter shall be mailed to the voter as soon as it is printed possible. [26:14-133]

(b) **Uniformed services and overseas absentee ballots returned by fax.** Absentee ballots returned by fax from uniformed services and overseas must be received by the County Election Board office no later than 7 p.m. on the day of the election. [26:14-104; 26:14-118.1] If a ballot is received by fax after 7 p.m. on election day, the rejection information shall be entered in the voter's application information in MESA. This will cause a Notice of Rejection of Absentee Ballots letter to be created for the voter. This letter shall be mailed to the voter as soon as possible. [26:14-133]

(c) **Emergency incapacitated absentee ballots returned by agent.** Emergency incapacitated absentee ballots returned by the voter's agent must be received by the Secretary of the County Election Board no later than 7 p.m. on the day of the election. [26:14-115.1] If an emergency incapacitated voter's agent arrives at the County Election Board office with the ballot after 7 p.m., the rejection information shall be entered in the voter's application information in MESA. This will cause a Notice of Rejection of Absentee Ballots letter to be created for the voter. This letter shall be mailed to the voter as soon as possible. [26:14-133]

(d) **Standard absentee ballots returned in person by voter.** Standard (no excuse) absentee voters may return their own voted absentee ballots in person to the County Election Board office through the end of the County Election Board's

Permanent Final Adoptions

posted regular office hours on the day preceding the election.
See 230:30-11-1.1.

230:30-11-7. Undeliverable absentee ballots returned by postal service to County Election Board

(a) In the event that absentee ballots mailed to a voter are returned to the County Election Board by the postal service because they are undeliverable as addressed, County Election Board personnel shall note on the envelope the date the undeliverable ballots were received and shall set them aside in a secure place. Such returned undeliverable absentee ballots shall be retained for 24 months with other absentee voting materials for the election. Do not mail the ballots to another address unless it is provided in writing by the voter in the form of a new application for absentee ballots. If the voter's application includes additional upcoming elections, the application shall be considered cancelled and shall be ~~deleted from deactivated in MESA~~. See 230:30-5-8.2.

(b) When the postal service returns undeliverable absentee ballots to the County Election Board, the Secretary is not required to try to contact the voter to obtain a new or a corrected mailing address. The Secretary may choose to do so, however, if there is sufficient time for such communication before the election, or if the voter has applied for absentee ballots for additional upcoming elections. If the Secretary chooses to contact the voter, the following guidelines should be observed. See (c) of this Section for the suggested contents of a letter to the voter.

(1) If the postal service has provided a forwarding address on the returned mailing envelope, mail a letter to the voter at that address.

(2) If the ballots were not mailed to the voter's residence address, mail a letter to the voter at the residence address or to the mailing address provided on the voter's voter registration application.

(3) If the ballots were mailed to a uniformed services voter or an overseas voter and were returned with a forwarding address, mail a letter to the voter at that address.

(4) If the voter provided an e-mail address on the original application for absentee ballots, send an e-mail to the voter.

(c) Prepare a letter to the voter explaining that the absentee ballots could not be delivered to the voter by the postal service at the address provided on the absentee ballot application form and that ballots cannot be mailed again to that address. Enclose or attach a new application form and ask the voter to fill it out with a new or a corrected mailing address and to return it. Include the deadline for absentee ballot applications for the affected election, or for the next election covered by the original application.

(d) If a voter whose absentee ballots were returned undelivered by the postal service contacts the County Election Board to inquire about the ballots, follow the procedures outlined in 230:30-17-1 through 230:30-17-4 to replace the ballots.

AUTHORITY:

Title 26 O.S., Section 2-107; Secretary of the State Election Board

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

February 7, 2017

COMMENT PERIOD:

March 1, 2017 through March 31, 2017

PUBLIC HEARING:

March 31, 2017

ADOPTION:

March 31, 2017

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

March 31, 2017

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's Declaration on June 13, 2017.

FINAL ADOPTION:

June 13, 2017

EFFECTIVE:

September 11, 2017

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

n/a

GIST/ANALYSIS:

Some rules amended in this Chapter are needed to update certain County Election Board procedures concerning compensation and mileage for County Election Board members. Other amendments in this Chapter are needed to

update the titles of publications, forms, and reports used by Precinct Officials on election day, to eliminate an obsolete procedure, and to correct a scrivener's error.

Other rules amended in this Chapter are needed to reflect changes in the procedure to report provisional ballots cast in the county and the retention period for Precinct Registries and Detail and Tally Reports.

CONTACT PERSON:

Suzanne Cox, Publications Editor, State Election Board. Telephone: (405) 521-2391. Email: suzanne.cox@elections.ok.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2017:

SUBCHAPTER 3. COUNTY ELECTION BOARD RESPONSIBILITIES

PART 5. PRECINCT OFFICIAL PAYROLL

230:35-3-31.1. Secretary shall determine mileage for Precinct Officials [REVOKED]

~~(a) The Inspector shall be reimbursed for mileage for two round trips from home to the County Election Board office to receive and return election supplies and materials. The Secretary shall determine the total number of miles traveled by all Inspectors and shall include the appropriate number of miles in the Pre Election Expense Claim for the election.~~

~~(b) A Precinct Official or special purpose precinct worker assigned to work at a polling place located ten miles or more from his or her home may be reimbursed for mileage on election day. The Secretary shall determine whether the polling place to which the Precinct Official is assigned is located ten miles or more from the Precinct Official's home. The Secretary may consider not only the straight line distance between the assigned polling place and the Precinct Official's home but also the distance along the most reasonable route likely to be traveled by the Precinct Official to reach the assigned polling place.~~

~~(c) If the Secretary determines that a Precinct Official, or special purpose precinct is entitled to receive mileage as outlined in (b), the amount of such mileage reimbursement shall be included on the Pre Election Expense Claim if a reasonable estimate of the amount can be made when the claim is prepared. Otherwise, it shall be included as an item on the Record of Expense following the election.~~

~~(1) The Inspector assigned to work at a polling place located ten miles or more from his or her home shall receive mileage reimbursement for a one-way trip from home to the polling place on election day. This shall be in addition to the mileage reimbursement specified in (a) of this Section.~~

~~(2) The Judge, Clerk, or a special purpose precinct worker shall receive mileage reimbursement for a round trip from home to the polling place on election day.~~

~~(d) The State Election Board shall maintain the correct mileage rate in MESA.~~

230:35-3-34. Funds for statewide elections

In the event of a statewide election, the Secretary shall submit a Pre-Election Expense Claim form together with a requisition to the County Clerk and shall follow the procedure established in the county to transfer the county's share of Precinct Official ~~and~~ special-purpose precinct worker, ~~and~~ Absentee Voting Board member compensation into the County Election Board Special Depository Account. [26:3-105.1(E)] A separate Pre-Election Expense Claim shall be submitted to the State Election Board for the state's share of Precinct Official, special-purpose precinct worker, and for all Absentee Voting Board member compensation and mileage. [26:3-105.1(E)]

230:35-3-42. Payment of balance of expenses

Within 30 days following submission of the Record of Expense, the Secretary should receive a warrant from the entity to cover the balance of the expenses incurred in the elections. The Secretary shall deposit the warrant in the County Election Board Special Depository Account and disburse funds for the unpaid expenses incurred in the election. [26:3-105.1(D)] In the case of state elections, however, the balance of expenses incurred in the election, including County Election Board member compensation and FICA, shall be paid from the County Election Board's budget account by the County Clerk. Mileage reimbursement for County Election Board members may be paid by the County Election Board from the Special Depository Account or by the County Clerk from a County Election Board budget account. In county elections, all unpaid expenses shall be paid from the County Election Board's budget account by the County Clerk.

230:35-3-47. Reconciliation of Precinct Official and Absentee Voting Board member compensation

Upon receipt of the Record of Expense, the State Election Board shall determine whether there was an overpayment or an underpayment in the amount pre-paid by the State Election Board for Precinct Official, special-purpose precinct worker, and Absentee Voting Board compensation and mileage. If there was either an overpayment or an underpayment of a Pre-Election Expense Claim or a Record of Expense paid by the State Election Board, an adjustment or other provisions will be made. [26:3-105.1(E)]

PART 11. ELECTION DAY

230:35-3-75. Precinct procedures in The Manual for Precinct Election Officials Election Day Reference and Problem Solver section of Precinct Official Notebook

Procedures for conduct of elections at the precinct level are contained in The Manual for Precinct Election Officials the Election Day Reference and Problem Solver section of the Precinct Official Notebook (Subchapter 5 of this Chapter).

Permanent Final Adoptions

Every Inspector, Judge and Clerk is required to observe these procedures.

230:35-3-76. Familiarity with procedure necessary

The Secretary and Assistant Secretary or Chief Clerk of the County Election Board shall be thoroughly familiar with the procedures outlined in ~~The Manual for Precinct Election Officials~~ the Election Day Reference and Problem Solver section of the Precinct Official Notebook (Subchapter 5 of this Chapter).

PART 13. AFTER THE POLLS CLOSE

230:35-3-84.1. Determining number of signatures on Provisional Ballot Rosters

The number of signatures on the Provisional Ballot Rosters from each precinct in the county shall be determined by the Secretary of the County Election Board on election night. The total number of signatures on Provisional Ballot Rosters may be made public, but no additional information concerning provisional ballots shall be released prior to 1 p.m. on Friday following the election.

- (1) Count the signatures on each page of the Provisional Ballot Roster for a precinct and record the total number of signatures for the precinct on the Provisional Ballot Precinct Log. If there were no provisional ballots cast in a precinct, enter a zero on the Log.
- (2) When all precinct returns have been received and canvassed, determine the total number of provisional ballots cast in the county by adding the precinct totals together. Enter the total number of signatures in the space provided on the Provisional Ballot Precinct Log.
- (3) ~~Fax or e-mail a copy of the Provisional Ballot Precinct Log to the State Election Board.~~ Enter the total number of signatures in the Election Night Status window in MESA.
- (4) If this is a multi-county school or municipal election and yours is an affected county, fax or e-mail a copy of the Provisional Ballot Precinct Log to the parent County Election Board.
- (5) Make a copy of the Provisional Ballot Precinct Log available for public inspection in the County Election Board office. Copies may be distributed to any interested party.

230:35-3-85.1. Election night recounts

(a) **Precinct ballots.** Election night recounts are allowed only under the following circumstances.—~~Precinct Officials failed to remove and count ballots from the emergency compartment before obtaining the Totals Printout.~~

- (1) Precinct Officials failed to remove and count ballots in the emergency compartment of the ballot box before they closed the polls on the voting device.
 - (A) If Precinct Officials properly segregated the uncounted ballots from the counted ballots by placing the uncounted ballots inside the Envelope for Tally

Report, only the uncounted ballots will be included in the election night recount. See 230:35-5-75.3(e)(6).

(B) If Precinct Officials mixed uncounted ballots from the emergency compartment with the counted ballots from the main compartment of the ballot box by placing them in the ballot transfer case, all ballots cast at the polling place will be included in the election night recount.

- (2) Both the election results storage device and the backup memory device from a voting device have failed and no results can be obtained from either device. If this occurs, all ballots cast on that voting device will be included in the election night recount.
- (3) Comparison of the Detail Report with the Ballot Accounting Form(s), Spoiled Ballot Affidavit, and the ATI Session Log reveals a discrepancy of 2% or greater between the number of ballots issued and the number of ballots processed by the voting device.
- (4) The Secretary of the County Election Board is directed by the State Election Board to conduct an election night recount of all ballots cast at a precinct polling place in order to resolve a problem not referenced in this Section.

(b) **Absentee ballots from early voting or mail and nursing home absentee ballots.** Absentee ballots cast during early voting may be recounted on election night only under the circumstances described in (a) of this section. Mail and nursing home absentee ballots may be recounted on election night only under the circumstance outlined in (a)(2) of this Section.

(c) **Procedure for election night recount.** An election night recount shall be conducted on a voting device especially designated and prepared for election night recounts. (Counties with a high-speed ballot scanner for counting mail and nursing home absentee ballots also may perform election night recounts on the high-speed scanner.) If all the ballots for a large precinct or for a precinct where voters received more than one ballot must be included in an election night recount, more than one voting device may be prepared and used. The ballots shall be divided as evenly as possible among all the voting devices being used to perform the election night recount. The election night recount shall be conducted in public view and in the presence of the County Election Board members and a representative of the County Sheriff. [26:7-134.1] If possible, members of the news media also shall be present. The recount shall be conducted according to the following procedure.

- (1) The Secretary shall designate one person to insert the ballots included in the election night recount, one at a time, into the voting device designated for election night recounts.
- (2) After all the ballots included in the election night recount for the precinct have been inserted into the device, the ballots shall be removed from the main compartment of the ballot box and shall be replaced in the ballot transfer case.
- (3) The ballot transfer case shall be resealed and a short turquoise State Election Board seal shall be affixed to the box. [26:7-134.1] The new seal shall be positioned so that it can be distinguished from the broken long white State

Election Board seal signed by the Precinct Officials. The members of the County Election Board and the person who fed the ballots into the voting device all shall sign the short turquoise seal. The Secretary shall check the "Election Night Recount" box on the seal.

(4) Any additional election night recounts shall be conducted on the same voting device.

(5) After all precinct returns are received and canvassed and the Secretary verifies that no additional election night recounts are needed, the polls shall be closed on the election night recount voting device. A Detail Report and a Tally Report shall be printed. The Secretary and the County Election Board Chairman and Vice Chairman shall sign the Tally Report in the spaces provided for Precinct Officials' signatures. An additional number of Tally Reports shall be printed as instructed by the Secretary.

(6) The election results storage device shall be removed from the voting device and shall be given to the tabulation computer operator to be read and tabulated.

(d) **Obtaining cast vote records for ATI ballots.** In the event that all ballots from a precinct must be recounted on election night, and if the ATI device was used by any voter to cast a ballot during the day, the Secretary shall cause the cast vote record for each audio ballot to be retrieved and printed from the precinct MBB. The precinct MBB then shall be set aside to ensure that it is not read and tabulated. The Secretary and the County Election Board Chairman and Vice Chairman shall use the printed cast vote record of the ATI ballot to mark a substitute ballot to be inserted in the voting device during the election night recount. The procedure outlined in 230:30-19-6 shall be observed to mark the substitute ballot.

230:35-3-85.3. Removing election results storage device from voting device

Upon receipt of the voting device from the Inspector, County Election Board personnel immediately shall transfer the voting device to the designated secure work area for removal of the election results storage device. The following procedure shall be observed.

- (1) Unlock and open the voting device case with the square key.
- (2) Verify the seal number on the cover of the compartment containing the storage device against the ~~Voting Device Report~~ Inspector's Notes to Secretary sheet. Cut and remove the seal.
- (3) Unlock and remove the compartment cover with the square key.
- (4) Remove the election results storage device.
- (5) Verify that the correct precinct number is recorded on the storage device label.
- (6) Transfer the election results storage device to the tabulation computer operator to be read and tabulated.

PART 17. DISPOSITION OF MATERIALS

230:35-3-99. Disposing of Precinct Registries

~~Precinct Registries shall be retained for 24 months from the date of the election and shall be subject to public inspection during regular office hours.~~ All Precinct Registries shall be retained for 60 months following the date of the election. [26:7-117] Precinct Registries shall be available for public inspection during the County Election Board's regular office hours. See 230:10-7-45 for additional information about retaining Precinct Registries.

SUBCHAPTER 5. INSTRUCTIONS FOR PRECINCT ELECTION OFFICIALS

PART 1. PRECINCT ELECTION BOARD

230:35-5-1. Purpose
