(iv) Proceed through intersection on yellow light when applicant could stop without creating a dangerous situation.

(d) **Retesting.**

(1) Applicants who fail the skills examination for a driver license or the motorcycle endorsement may be granted the opportunity to retest on the next available regular business day as scheduling permits. When an applicant fails to qualify for a Class D license after three (3) skills examination attempts, he or she will be required to obtain a restricted driver license, restricting the individual to operating a motor vehicle while accompanied by a qualified licensed driver in the front seat, before another skills examination will be administered.

(2) The Department shall conduct the skills examination for the holder of a restricted Class D driver license not more than three (3) times beginning thirty (30) days from the date of issuance of the restricted license. Should the restricted licensee fail the third examination, the licensee shall wait thirty (30) days before being given another skills examination by the Department. The fourth and subsequent examinations shall be given not more than one (1) time every thirty (30) days thereafter at the request of the restricted licensee.

(3) In computing any time period prescribed by this subsection, the day of the failed examination from which the designated period of time begins to run shall not be included. The last day of the period computed shall be included, unless it is not a working day, in which event the period runs until the end of the next working day.

(e) **Minimum waiting period for examination.** The holder of a restricted driver license will not be eligible to have a skills examination administered until after a minimum of thirty (30) days following the issuance of such license, provided the applicant is at least eighteen (18) years of age. In computing the 30-day time period prescribed by this subsection, the day on which the restricted driver license is issued shall not be included. The last day of the period computed shall be included, unless it is not a working day, in which event the period runs until the end of the next working day.

(f) **Substitute for skills examination.** A skills examination may be waived for a licensee when one of the following requirements is met:

(1) The licensee is applying for a Class D driver license, provided all established requirements for a Class D license have been satisfied, and the licensee is licensed at the time of application by one of the fifty (50) states, by the District of Columbia, by a Canadian province, or by another country; provided, the current driver examination requirements of the country must be on file with the Department and must meet or exceed the standards, specifications, and requirements of the Department as set out in this Subchapter [47 O.S. § 6-110(A)(2)] .

(2) The licensee:

(A) has enrolled in and successfully completed a course taught by an instructor certified by the Motorcycle Safety Foundation and using the Motorcycle Safety Foundation curriculum, and

(B) submits to the Department at the time of application for a motorcycle endorsement a Motorcycle RiderCourse® or an Experienced RiderCourse® completion card filled out by the certified instructor that shows the individual has passed both the knowledge and skills test authorized by the Department of Public Safety. [47 O.S. §6-101(D)].

GIST/ANALYSIS:

The rule amendments in Subchapter 1, Parts 3, 5, and 7 modify the required documentation to be used to establish a commercial driver license applicant's identification at the time of application to the Department of Public Safety for an Oklahoma REAL ID Compliance or REAL ID Non-Compliant commercial driver license.

The rule amendments in Subchapter 1, Part 1 and Subchapter 3 are needed to meet federal regulations for Entry Level Training for commercial license applicants. Federal regulations now also require additional training for those applicants seeking a Hazardous Materials endorsement.

The rule amendments in Subchapters 5 and 7 provides for Third Party Examiners to be employed by Public or private truck driving schools. If further provides DPS to adopt curriculum and courses required for training of the third party examiners. Additionally, the Department must conduct an annual nationwide background check for each third party examiner. SB378 also provides the Department the ability to develop processes to inform schools or examiners of application denials and to create an appeal process for said denials.

- (iii) Consular Report of Birth Abroad (CRBA) issued by the U.S. Department of State;
- (iv) Certificate of Naturalization issued by the U.S. Department of Homeland security (DHS); or
- (v) Certificate of Citizenship issued by DHS.

(B) is a lawful permanent resident who shall provide a valid, unexpired Permanent Resident Card—issued by USCIS or INS.

(43) proof of full legal name,

(54) date of birth, and

(65) ~~and~~ proof of Oklahoma residency: established by a utility bill or Government form bearing the name and address of the applicant. Proof of current residence must be shown for initial issuance, transfer, renewal, or upgrade, made after July 8, 2011. [47 O.S. § 6-106(B)].

(6) on or after February 7, 2022, applicants must be in compliance with the provisions of 49 CFR 380.600 - 609 Subpart F-Entry Level Driver Training Requirements and meet the curriculum requirements set forth in appendices A through E of part 380.

(7) 49 CFR 380.700-725 Subpart G- Registry of Entry-Level Driver Training Providers On and After February 7, 2022.

(c) **Documentation requirements.** Any document furnished must be either a certified or original copy and issued by the proper authority; notarized documents will not be accepted.

Any document presented shall be unexpired unless otherwise noted in OAC 595:10-1-3. Any document that has been or appears to have been duplicated, traced over, mutilated, defaced, tampered with, or altered in any manner or that cannot be read by the Driver License Examiner shall not be accepted or used for identification purposes. All identification documents must be approved by the Driver License Examiner before acceptance. The Driver License Examiner may, at his or her discretion, request additional identification documentation of the applicant.

(d) **Commercial driver license numbers.**

(1) Commercial driver license numbers shall be assigned by computer. Use of the applicant's Social Security number as the commercial driver license number is prohibited [47 O.S. § 6-106(B)].

(2) Any licensee may request to change the numeric characters of his or her commercial driver license number to any nine-digit number by making a written request to the Department. Upon approval by the Department, the licensee shall obtain a replacement commercial driver license from a ~~motor license agent~~ Motor License Agent or the Department, and the licensee shall pay the required fee for the replacement license [OAC 595:11-1-31 or OAC 595:11-1-41].

595:11-1-13. Application by person licensed by another jurisdiction

(a) Any person who holds a valid commercial driver license to operate a motor vehicle equivalent to a Class A, B or C commercial motor vehicle, as defined by 47 O.S. §§ 1-107.1 through 1-107.3, issued by another state, as defined in 47 O.S. § 1-168, may have the written or skills examination, or both, required in 47 O.S. § 6-110, waived; provided, an applicant On or after February 7, 2022, an applicant applying for a hazardous materials endorsement must complete the Hazardous Materials Endorsement Training Curriculum as defined in 49 CFR Part 380 Appendix E shall take the required examination prior to completing the required knowledge examination.

(b) Upon approval of the application by the Department, the applicant shall surrender to the Department the driver license from the other state, and the Department shall issue to the person a commercial driver license [47 O.S. § 6-101] if the applicant is otherwise eligible. If the license has been lost or stolen, the Department may accept a Lost License Affidavit in lieu of the license. (c) The Department may cancel the Oklahoma commercial driver license of the person, whereupon the person shall surrender the commercial driver license to the Department [47 O.S. § 6-201(A)] for any of the following reasons.

(1) The driving record is not available from the other jurisdiction.

(2) The driving record is not forwarded from the other jurisdiction within thirty (30) days of the application.

(3) The driving record indicates any type of withdrawal of driving privileges.

(4) Information is received by the Department that the surrendered license was inappropriately or erroneously issued to the person; provided, the Department shall first

Permanent Final Adoptions

attempt to resolve with the person the underlying cause for the inappropriate or erroneous issuance.

(5) Any other reason that would make the person ineligible to be issued a commercial driver license

595:11-1-15. Applicability, substitutions, limitations, and additions to federal regulations adopted by reference

(a) **Applicability.** The licensing regulations found in 49 C.F.R., Parts 380, 383 and 391, as adopted in OAC 595:11-1-14 are applicable to all applicants for Class A, B, and C commercial driver licenses.

(b) **Terminology substitutions.** Unless otherwise specified, the following terminology shall apply to federal rules adopted by reference in OAC 595:11-1-14:

(1) "Department of Public Safety" shall be substituted wherever the term "Department of Transportation" or "Federal Motor Carrier Safety Administration" is used.

(2) "Commissioner of Public Safety" shall be substituted wherever the term "Federal Motor Carrier Safety Administrator" or "Regional Director" is used.

(c) **Limitations to scope of definitions.** The definitions provided in (b) of this Section are limited in application to 47 O.S. § 6-101 et seq. and the rules adopted by the Department to carry out the provisions of those statutes. These definitions do not alter, replace, or change any definitions contained in Title 47 of the Oklahoma Statutes.

(d) **Additional qualification of all classes of commercial drivers.** The following additions are made to the federal requirement in Qualifications of Drivers [49 CFR §391.11(b)(1)] that a driver be twenty-one (21) years of age or older:

(1) A driver operating solely in intrastate commerce shall be at least eighteen (18) years of age; and

(2) Any person who is not at least twenty-one (21) years old shall not be licensed for:

(A) the transportation of hazardous materials which are required to be placarded or marked in accordance with 49 CFR §177.823, or

(B) transporting fifteen (15) or more passengers; provided, this subparagraph shall not apply to school bus drivers as provided in OAC 210:30-5.

(e) **Additional qualifications for non-excepted commercial drivers.** The following additions are made to the federal requirement in Commercial Driver's License Standards; Requirements and Penalties [49 CFR §384] relating to medical examiner's certificate:

(1) A non-excepted commercial driver operating solely in intrastate commerce shall meet the same qualifications as a driver operating in interstate commerce; and, A driver that certifies that he or she operates as a non-excepted interstate driver must have a current medical examiner certificate.

(2) A Current current medical examiner's certificate, including any variance if applicable, shall be delivered to the Department of Public Safety by the driver:

(A) by mail to: Department of Public Safety, Attn: Driver License Services; P.O. Box 11415, Oklahoma City, OK 73136;

(B) by fax to: 405-419-2196

(C) by e-mail to: mec@dps.ok.gov

(D) in person to: the Department of Public Safety headquarters or any Department of Public Safety Examination Site

(3) ~~Until January 30, 2014, the~~ The Department may date stamp the medical examiner's certificate and return a copy, along with the variance if applicable, as a receipt to the driver; and the driver shall keep the copy of the medical examiner's certificate, and any variance if applicable, in his or her possession at all times when operating a commercial motor vehicle.

(4) Changes to the status of any driver from non-excepted status to excepted status or from excepted status to non-excepted status shall be made in writing to the Department by the driver, using one of the delivery methods described in paragraph (2).

PART 3. COMMERCIAL DRIVER LICENSE RENEWAL - IN PERSON

595:11-1-21. Procedure for obtaining a renewal commercial driver license in person

(a) **General requirements.** During the month of expiration or as provided in (d) of this Section, each licensee shall present proper identification and pay the required fee to a Motor License Agent or to the Department of Public Safety for renewal of the commercial driver license. Failure to renew a commercial driver license by the end of the month of expiration shall not relieve the person of the obligation to renew his or her commercial driver license under the provisions required by law and this Section if the person wishes to keep his or her commercial driver license in force.

(b) **Required identification.**

(1) **Renewal with expiring or expired commercial driver license.** The expiring or expired commercial driver license provided as ~~the primary~~ identification may be retained by the licensee, after the Department or the Motor License Agent has invalidated the ~~document~~ credential by punching ~~holes~~ a hole through the license class and license type displayed. ~~The person shall provide secondary identification as prescribed in OAC 595:10-1-3(b)(2). Applicant~~ The applicant must provide current United States citizenship, unless noted on the driving index confirming the proof of citizenship required by 49 C.F.R. § 383.71 has been met and the date it was done [49 C.F.R. § 383.73(a)(2)(vi)] or lawful permanent resident and proof of domicile in the State of Oklahoma.

(2) **Renewal without driver license.** Any person who does not have the expiring or expired commercial driver license shall provide ~~both primary and secondary identification~~ proof of identification as prescribed in OAC 595:10-1-3(b) for an Oklahoma REAL ID Compliant credential and OAC 595:10-1-3(c) for an Oklahoma REAL ID Non-Compliant credential.

(c) **Vision screening.** Persons holding a commercial driver license shall, upon renewal, meet the vision standards established in OAC 595:10-5-7 and 49 C.F.R., §391.41.

(d) **Limitations to issuance of a renewal commercial driver license.**

(1) A renewal commercial driver license shall be issued only to an individual whose driving privilege is not under suspension, revocation, disqualification, cancellation, or denial and who complies with this Chapter, state law, and federal law and regulation.

(2) Any applicant who requests a renewal of his or her commercial driver license when the license has been expired in excess of three (3) years shall be required to appear before a ~~driver license examiner~~ Driver License Examiner, pursuant to OAC 595:11-1-11 as for an original commercial driver license.

(e) **Early renewal of a commercial driver license.** Any licensee may renew his or her commercial driver license no more than one (1) year prior to the expiration date. A renewal which occurs more than one (1) year prior to the expiration date shall be treated as a replacement under the provisions of OAC 595:10-1-18.

(f) **Change of commercial driver license number.** A request by a licensee to change the commercial driver license number shall conform to the provisions of OAC 595:11-1-12(c).

PART 5. COMMERCIAL DRIVER LICENSE REPLACEMENT - IN PERSON

595:11-1-31. Procedure for obtaining a replacement driver license in person

(a) **General requirements.** Any licensee requiring a replacement commercial driver license because the license was lost, stolen, or mutilated, or because information on the license needs to be changed, shall request a replacement, upon presentation of proper identification and payment of the required fee. The ~~driver examiner~~ Driver License Examiner shall retain the driver license to be replaced if it is available.

(b) **Required identification to replace lost, stolen, or mutilated license.** Any person shall provide ~~both primary and secondary~~ identification as prescribed in OAC 595:10-1-3(b) for a REAL ID Compliant commercial driver license and OAC 595:10-1-3(c) for a REAL ID Non-Compliant commercial driver license. ~~Applicant~~ The applicant must provide current United States citizenship or lawful permanent resident and proof of domicile in the State of Oklahoma. If the credential cannot be produced because it was lost or stolen, the applicant must complete the Lost or Stolen Driver License Affidavit and submit it with his or her request.

(c) **Required identification to change information and replace a commercial driver license.**

(1) **Name change.** Any person who requests a replacement commercial driver license in order to make a name change shall comply with the ~~primary and secondary~~ identification requirements prescribed in OAC 595:10-1-3(b) for a REAL ID Compliant credential and

OAC 595:10-1-3(c) for a REAL ID Non-Compliant credential ~~in order~~ to identify the person by his or her former name and with OAC 595:10-1-35 ~~in order~~ to identify the person by his or her new name. The former name shall be entered by the ~~driver examiner~~ Driver License Examiner into the "Alias" field in the driver license database to provide historical information to the Department. The person requesting the name change may retain the old license, if it is available, after the Department has invalidated the document by punching ~~holes~~ a hole through the license class and license type displayed.

(2) **Address change.** A licensee shall request a replacement commercial driver license within ten (10) calendar days of any address change, ~~and~~

(A) shall provide the new address to the Department, and

(B) shall provide ~~both primary and secondary~~ identification as prescribed in OAC 595:10-1-3(b) for a REAL ID Compliant credential and OAC 595:10-1-3(c) for a REAL ID Non-Compliant credential.

(3) **Endorsement or restriction change.** Any person who requests a replacement commercial driver license in order to change endorsement or restriction information on the license shall provide ~~both primary and secondary~~ identification as prescribed in OAC 595:10-1-3(b) for a REAL ID Compliant credential and OAC 595:10-1-3(c) for a REAL ID Non-Compliant credential. The person requesting the information change may retain the old license, if it is available, after the Department has invalidated the ~~document credential~~ by punching holes ~~a hole~~ through the license class and license type displayed.

(4) **Sex change.** The licensee shall show an original or certified court order for name change, if applicable, and a notarized statement on letterhead from the physician who performed the sex change operation indicating the applicant or licensee has undergone a complete physical sex change. The letter shall state the sex change is "irreversible and permanent". The licensee shall also show proof of former legal name, if applicable. The new sex shall be entered by the ~~driver examiner~~ Driver License Examiner in the "Sex" field in the driver license database, and the former name shall be entered by the ~~driver examiner~~ Driver License Examiner into the "Alias" field in the driver license database to provide historical information to the Department.

(d) **Limitations to issuance of a replacement driver license.**

(1) A commercial driver licensee shall appear before a ~~driver examiner~~ Driver License Examiner to request a replacement commercial driver license in order for the ~~examiner~~ Driver License Examiner to perform the federally required ten-year driving history check.

(2) A replacement commercial driver license shall be issued only to an individual whose driving privilege is not under suspension, revocation, disqualification, cancellation, or denial and who complies with this Chapter, state laws, and federal laws and regulations.

Permanent Final Adoptions

(3) The commercial driver license number may be changed as provided in OAC 595:11-1-12(c).

PART 7. CHANGES TO INFORMATION CONTAINED ON COMMERCIAL DRIVER LICENSE

595:11-1-51. Procedure to make a change of name on a commercial driver license

(a) **Procedure.** Any licensee may request a change of name on his or her commercial driver license upon providing the appropriate identification, as provided in OAC 595:10-1-3(b) for a REAL ID Compliant credential and OAC 595:10-1-3(c) for a Real ID Non-Compliant credential, and paying the required fee to a ~~motor license agent~~ Motor License Agent or to the Department of Public Safety.

(b) **Name changes allowed.** Name changes must result from either marriage or court action. A licensee requesting a legitimate name change shall submit, without exception, the ~~original certified copy of the~~ document which indicates the name change.

(c) **Documentation required.** A person requesting a name change shall comply with the ~~primary and secondary~~ identification requirements in OAC 595:10-1-3(b) for a REAL ID Compliant credential and OAC 595:10-1-3(c) for a REAL ID Non-Compliant credential in order to identify the person by his or her former name and OAC 595:10-1-18(c)(1) in order to identify the person by his or her new name and proof of current residence address [OAC 595:11-1-12(b) and 49 C.F.R. § 383.71]. The required documents for a name change shall include:

(1) Court-ordered name change, which shall be in addition to the ~~primary and secondary~~ forms of identification required by OAC 595:10-1-3(b). Only the following types of court orders may be considered when a name change is requested:

- (A) divorce decree,
- (B) adoption decree,
- (C) name change decree, or
- (D) establishment of record of birth, pursuant to 63 O.S. § 1-315;

(2) Marriage certificate name change, which shall be to the name of the licensee reflected on the marriage certificate, ~~may serve only as the secondary form of identification required by OAC 595:10-1-3(b). The name change shall be to the name signed by the person on the marriage certificate; or;~~

(3) ~~For a common~~ Common law marriage name change, "Affidavit of Common Law Marriage" containing the notarized signatures of the husband and wife;:

(4) A REAL ID credential issued by another state; or

(5) A valid military identification card.

(d) **Form of new name.** A name change resulting from a marriage, court order or divorce decree must appear on the driver license or identification card exactly as stated on the marriage certificate, court order or decree.

(e) **Titles or ecclesiastical names.** Titles or ecclesiastical names shall not be placed on a commercial driver license.

(f) **Retention of information.** The former name shall be entered by the ~~driver examiner~~ Driver License Examiner into the "Alias" field in the driver license database to provide historical information to the Department.

SUBCHAPTER 3. EXAMINATION

595:11-3-3. Application for examination

(a) **Information from applicant.** An applicant shall complete and submit an application for a commercial driver license at a ~~driver license examination station~~ Driver License Examination Station prior to the commencement of the required examination. When determined by the ~~driver examiner~~ Driver License Examiner, from information received from the applicant, that the applicant may be afflicted with any physical or mental ailment as set out in 47 O.S. § 6-119, the examination shall be discontinued until the applicant has met all of the requirements set out in the OAC 595:10-5, Medical Aspects. In addition, an applicant for a commercial driver license who does not certify that he or she is exempt from Subpart E of the Federal Motor Carrier Safety Regulations shall meet the requirements prescribed under 49 CFR § 391.41.

(b) **Required identification.** Each applicant shall furnish documentary proof to establish his or her identity, legal name and birth date as required in OAC ~~595:10-1-3(b)~~ 595:11-1-12(b). ~~Notwithstanding the requirements of OAC 595:11-1-12(b), an applicant for an a Hazardous Materials ("H") endorsement who possesses either an I-766 or I-688 card issued by United States Citizenship and Immigration Service (USCIS) shall not be granted an the "H" endorsement pursuant to 49 CFR § 383.71.~~

(c) **Medical reports.** An applicant may be required to submit medical reports regarding any physical or mental condition which might affect driving ability as set forth in 47 O.S. § 6-119 and Department of Public Safety rules regarding Medical Aspects [see OAC 595:10-5].

(d) **License application void.** Approved commercial driver license applications (Class A, B, or C) shall be valid for only twenty-four (24) hours from the time of approval. If the license has not been obtained by the applicant within the allowed time, the approved application shall be void, and the applicant shall appear before a ~~driver license examiner~~ Driver License Examiner and, after determination by the Examiner that all criteria and test scores are still valid, the Examiner may revalidate the application.

(e) **Training Requirements.** On or after February 7, 2022, applicants must be in compliance with the provisions of 49 CFR 380.600 subpart F-Entry Level Driver Training Requirements and meet the curriculum requirements set forth in appendices A through E of part 380.

(f) **Hazardous Materials Endorsement.** On or after February 7, 2022, the applicant must complete the Hazardous Materials Endorsement Training Curriculum. CFR 49 part 380 Appendix E- Hazardous Materials Endorsement Training Curriculum prior to completing required knowledge examination.

595:11-3-6. Written examination

(a) **General.** A written examination shall be administered by a ~~driver examiner~~ Driver License Examiner to each applicant for a commercial driver license to determine the applicant's ability to read and understand highway signs and the applicant's knowledge of the traffic laws of this state; provided, the written examination may be waived as provided in OAC 595:11-1-13(a). The written examination, if not waived, and the vision screening shall be successfully passed by the applicant before the skills test is administered. The written examination includes, when applicable, any separate endorsement/restriction examinations as described in this Section. An applicant determined by an examiner to be cheating on any portion of an examination shall:

- (1) immediately forfeit the examination,
- (2) be given a failing score by the examiner, and
- (3) be disqualified from retaking the examination for one week.

(b) **Examination content.**

(1) **Written examination.** The written examination administered for a commercial driver license shall consist of a minimum of fifty (50) multiple-choice questions. In addition, the combination vehicle test administered for a Class A commercial driver license shall consist of a minimum of twenty (20) multiple-choice questions. The minimum passing score for each written examination shall be eighty percent (80%).

(2) **Endorsement or restriction examination.** The minimum number of multiple-choice questions and the minimum passing score for each endorsement or restriction examination shall be as follows:

- (A) P passenger endorsement - 20 questions - 80% score
- (B) H hazardous material endorsement - 30 questions - 80% score
- (C) N tank vehicle endorsement - 20 questions - 80% score
- (D) M motorcycle endorsement - 20 questions - 75% score
- (E) S school bus endorsement - 20 questions - 80% score
- (F) T double or triple trailers endorsement - 20 questions - 80% score
- (G) Airbrakes - 25 questions - 80% score. Failure to pass at least 80% of the 25 questions regarding air brakes will result in a restriction code "L" (Vehicle Without Air Brakes) being placed on the applicant's license upon issuance. The applicant shall be prohibited from taking the skill examination in a vehicle with air brakes.

(c) **Alternate method of examination.** The Department may provide an alternate method for the written examination for an applicant who ~~cannot read~~ has difficulty reading or has a language barrier.

(d) **Retesting.** An applicant failing the written examination may be granted the opportunity to retest on the next regular business day.

(e) **Discretionary examination.** Any examination, as deemed necessary by the Department, may be administered by the Department as required for the establishment and authorization of a special endorsement or to permit the operation of commercial motor vehicles.

(f) **Hazardous Materials Endorsement.** On or after February 7, 2022, the applicant must complete the Hazardous Materials Endorsement Training Curriculum. CFR 49 part 380 Appendix E- Hazardous Materials Endorsement Training Curriculum prior to completing required knowledge examination.

(g) **Commercial learner permit.** Any person eighteen (18) years of age or older may apply for a Class A, B, or C commercial learner permit (CLP), as provided in 47 O.S. §6-101(F), solely for the purpose of behind-the-wheel training in a commercial motor vehicle while accompanied by a licensed driver who is twenty-one (21) years of age or older and who holds a valid commercial driver license, including any and all required endorsements, for the class and type of commercial motor vehicle being driven. The CLP ~~must be is only~~ valid for no more than 180 days from the date of issuance. The State may renew the CLP for ~~none~~ (1) additional 180 daysday period without requiring the CLP holder to take the general and endorsement knowledge test. However, any previously passed skills tests are only valid for the ~~lengthduration of the~~ that permit period. Skills tests cannot be carried over to another CLP period. The issuance of a CLP is a pre-condition to the issuance of a CDL. The issuance of a CLP is also a pre-condition to the upgrade of a CDL if the upgrade requires a skills test. The CLP holder is not eligible to take the CDL skills in the first 14 days (excluding the day of issuance) after initial issuance of the CLP.

(1) The commercial learner permit shall be issued as provided for 47 O.S. §6-101(F)(2). Any person may reapply for another commercial learner permit by complying with all requirements for the class of commercial learner permit desired.

(2) The Department shall not place a ~~hazardous materials~~ Hazardous Materials (H) endorsement on a commercial learner permit.

(3) A "No Passengers" restriction (restriction code "P") shall be placed on any commercial learner permit issued with a "P" or "S" endorsement. The permit holder shall not operate a commercial motor vehicle which carries any passengers [49 C.F.R. §383.25].

(4) An "Empty/Purge Tank" restriction (restriction code "X") shall be placed on any commercial learner permit issued with an "N" endorsement. The tank vehicle shall be empty and shall be purged if the tank vehicle contained hazardous materials, and the permit holder shall not operate a commercial motor vehicle with a tank vehicle which is not empty or which has not been purged if the tank vehicle contained hazardous materials. A current and valid purge certificate shall be carried in the vehicle at all times when operated by a driver with a ~~permit-CLP~~ [49 C.F.R. §383.25].

595:11-3-7. ~~Pre-trip Vehicle inspection examination of commercial motor vehicles~~

(a) **Condition of vehicle.** It is the responsibility of the applicant to furnish for the skills examination a commercial motor vehicle in good working order which meets all state laws and federal requirements regarding operability and equipment.

(b) **In general.** An applicant for a commercial driver license shall pass a vehicle pre-trip inspection examination at the designated inspection location. The pre-trip inspection test:

(1) shall be performed in a vehicle representative of the vehicle class for the type of commercial driver license for which the applicant is applying,

(2) shall not be performed using a vehicle transporting hazardous materials or a vehicle which is required to be placarded for hazardous materials under the rules of the Department of Public Safety or federal law or regulation,

(3) shall not be performed using a vehicle which requires an oversize permit under state law or Department of Public Safety rules,

(4) shall not be performed using a vehicle that was not designed and constructed by the manufacturer with a seating capacity for one or more persons in addition to the driver, and

(5) shall not be performed with the assistance of notes or prompting other than the memory aid provided by the Department. An applicant determined by an examiner to be cheating on any portion of an examination shall:

(A) immediately forfeit the examination,

(c) **Physical pre-trip inspection examination.** The physical pre-trip inspection examination administered for a commercial driver license shall consist of the content and methods provided in the most recent release of the 2005 American Association of Motor Vehicle Administrators CDL test model. The content is available to the public as provided for in OAC 595:11-3-2.

(d) **Scoring procedure.** The scoring procedure for the vehicle pre-trip inspection examination shall be based on the applicant's ability to identify and fully explain what is being inspected for each item required to be inspected. Applicants must successfully identify and explain at least 70% of the inspection items, which will be based upon the type and axle configuration of the vehicle.

(1) For air brake vehicles, the following actions will constitute an automatic failure:

(A) an air brakes leakage test while the engine is running,

(B) failure to turn the ignition key to the "on" or "accessory" position for air brake bleed down test, or

(C) failure to release the parking brake for air leakage and bleed down test.

(2) For hydraulic vehicles, failure to complete a hydraulic brake check correctly will constitute an automatic failure.

(3) If the applicant fails to complete the brake check correctly, the applicant will be deemed to have failed the pre-trip inspection examination.

(e) **Failure to complete the pre-trip inspection examination within the allotted time.** The applicant will be allowed forty (40) minutes to complete the pre-trip inspection examination. Upon completion of the pre-trip inspection examination or the expiration of the allotted forty (40) minutes, the examiner will score the pre-trip inspection examination. If the applicant does not achieve a passing score of inspection items, the applicant will be deemed to have failed the pre-trip inspection examination.

595:11-3-8. Skills examination

(a) **In general.** The skills examination shall be administered only after the applicant has successfully passed the written examination, or had it waived if eligible under OAC 595:11-1-13(a), and the vision screening. Whenever a skills examination is required, the following general conditions shall apply:

(1) The skills examination shall start at a designated location and shall include an actual demonstration of the applicant's ability to exercise ordinary and reasonable control in the operation of a commercial motor vehicle. ~~You~~ The applicant must take the skills test in the type of vehicle for which ~~you~~ he or she ~~wish~~ requests to be licensed. It is the responsibility of the applicant to furnish for the skills examination a commercial motor vehicle in good working order which meets all state laws and federal requirements regarding operability and equipment. A vehicle not equipped with air brakes shall be required to have driving restriction code "L" (Vehicle Without Air Brakes) placed on the license of the applicant, upon approval ~~off~~ for the issuance of the commercial driver license.

(2) The skills examination shall not be administered in a commercial motor vehicle which:

(A) is transporting hazardous materials or which is required to be placarded for hazardous materials,

(B) requires an oversize permit under the laws of this state or the rules of the Department of Public Safety,

(C) was not designed and constructed by the manufacturer with a seating capacity for one or more persons in addition to the driver,

(D) is not insured as required by 47 O.S. §7-600 et seq.,

(E) does not have a current license plate; unless the vehicle has an unexpired dealer tag or a dated notarized bill of sale not more than five (5) days old.

(F) is saddle mounted,

(G) is a wrecker vehicle towing another vehicle, ~~or~~

(H) is not equipped with seatbelts, if the vehicle was originally manufactured and equipped with seatbelts;

(I) any vehicle that has components marked or labeled cannot be used for the CDL skills test, or

(J) any vehicle hauling livestock.

(3) The applicant has been issued ~~and held a commercial learner permit~~ CLP for a minimum of fourteen (14) days. The date of issuance shall not be included.

(4) On or after February 7, 2022, applicants must be in compliance with the provisions of 49 CFR 380.600 subpart F-Entry Level Driver Training Requirements and meet the curriculum requirements set forth in appendices A through E of part 380.

(b) **Scoring of Basic Control Skills (BCS) examination.** ~~The scoring procedure will be on a cumulative deduction system based on poor or improper driving practices. The Basic Control Skills scoring procedure shall consist of the content and methods provided in the most recent release of the 2005 American Association of Motor Vehicle Administrators CDL test model. The content is available to the public as provide for in OAC 595:11-3-2. The Commissioner or the Commissioner's representative shall determine a point value for each act of poor or improper driving.~~ The applicant will be allowed ten (10) minutes per Basic Control Skills (BCS) maneuver to complete the maneuver. In the event the applicant is not able to complete the maneuver in the time allowed, the skills examination will be deemed an automatic failure.

(c) **Content of examination for commercial driver license.** The skills examination shall be conducted in conformance with 49 C.F.R., Section 383.

(d) **Retesting.**

(1) An applicant who fails the skills examination for a commercial driver license may be granted the opportunity to retest the following business day.

(2) The Department shall conduct the skills examination ~~not more than three (3) times, each time at least one (1) business day apart or as instructed by the examiner, beginning no sooner than fourteen (14) days (excluding the day of issuance) from the date of issuance of the commercial learner permit. Should the licensee fail the third examination, the licensee shall wait at least thirty (30) days before being given another skills examination by the Department. The fourth and subsequent examinations shall be given at the request of the licensee but not more than one (1) examination shall be given every thirty (30) days.~~

(3) In computing any time period prescribed by this subsection, the day of the failed examination from which the designated period of time begins to run shall not be included. The last day of the period computed shall be included, unless it is not a working day, in which event the period runs until the end of the next working day.

(e) **Substitute for skills examination.** A skills examination may be waived by the Department for an applicant when one of the following requirements is met:

(1) The applicant is the holder of a valid commercial driver license from one of the fifty (50) states, the District of Columbia, or a Canadian province.

(2) The applicant is an active member of any branch of the military, Military Reserves or National Guard on active duty, including personnel on full-time or part-time National Guard training, National Guard Military Technicians (civilians who are required to wear a military

- (15) **Violation of time limit for Basic Control Skills ("BCS").** Applicant does not complete each BCS maneuver within ten (10) minutes.

SUBCHAPTER 5. COMMERCIAL DRIVER LICENSE THIRD-PARTY EXAMINERS

595:11-5-1. Purpose

This Subchapter establishes requirements, procedures, and standards for the certification of public and technology center schools, any public or private commercial truck driving school that has or maintains a program instructing students for a commercial license in the State of Oklahoma, and of commercial motor vehicle driver training instructors to administer skills examinations on the premises of the schools to qualified applicants for a commercial driver license.

595:11-5-2. Scope and application

The provisions of this Subchapter shall apply only to schools and persons described under the following agreements:

- (1) Memorandum of Understanding entered into on July 1, 2006, by and between the Department of Public Safety and the State Board of Education.
- (2) Memorandum of Understanding entered into on January 1, 2007, by and between the Department of Public Safety and the Oklahoma Department of Career and Technology Education.
- (3) State of Oklahoma law stating upon application and approval of the Commissioner of the Department of Public Safety, any public or private commercial truck driving school that has or maintains a program instructing students for a Class A, B, or C license in the State of Oklahoma shall be authorized to hire or employ third-party examiners, approved by the Department of the Class A, B, or C skills portion of the Oklahoma driving examination. All third party examiners must successfully have completed the courses and training as outlined in 595:11-5-6.

595:11-5-3. Definitions

In addition to terms defined in 47 O.S. § 1-101, et seq., the following words or terms, when used in this Subchapter, shall have the following meaning unless the context clearly indicates otherwise. Use of the singular term includes the plural, and use of the plural term includes the singular.

"Business day" means Monday through Friday 8:00 a.m. to 4:45 p.m., excluding state and federal holidays.

"Certified school" means a school district or technology center school or any public or private commercial truck driving school that has or maintains a program instructing students for a commercial driver license in the State of Oklahoma that is approved and licensed by the Department of Public Safety to provide, on the premises of the school, the driving skills examinations for Oklahoma commercial driver licenses.

"Commercial driver license" means an Oklahoma Class A, B, or C commercial driver license, as defined in 47 O.S. § 6-101.

"Commercial truck driving school" means any public or private entity that offers a program of instruction for a Class A, B, or C license in the State of Oklahoma that has been approved and certified by the Department of Public Safety.

"Commercial motor vehicle" means a Class A, B, or C commercial motor vehicle, as defined in 47 O.S. §§ 1-107.1, 1-107.2 or 1-107.3, used for training students.

"Department" means the Department of Public Safety.

"Driver training instructor" means an employee of a certified school who has been approved by the State Board of Education to teach school bus driver training courses, or has been approved by Oklahoma Board of Career and Technology Education to teach truck driver training courses, or who has the appropriate approval to teach both courses, or an employee of any commercial truck driving school that has been approved by the Department to be a Third-Party Examiner.

"Examination" means the skills portion (one (1) test with three (3) segments to include the pre-trip, basic controls skills (BCS), and road test) of the examination for a commercial driver license which shall test the ability of the applicant to operate a commercial motor vehicle and shall be administered on the premises of a certified school by a third-party examiner employed by that school. "Examination" shall also mean:

- (A) an examination to upgrade the current commercial driver license of a driver license applicant, or
- (B) an examination to remove restriction ~~code codes, "L" from the current commercial driver license of a driver license applicant.~~

"Federal Motor Carrier Safety Administration" means the United States Department of Transportation Office of Motor Carrier Safety, 300 N. Meridian, Suite 106 North, Oklahoma City, Oklahoma 73107, (405) 605-6047.

"School district" means a school district, as defined in 70 O.S. § 1-108, which has at least one secondary school, as defined in 70 O.S. §1-106, which offers a school bus driver training course approved by the State Board of Education.

"Technology center school" means a technology center school within a technology center school district, established pursuant to Section 9B of Article X of the Oklahoma Constitution, and operated in accordance with the rules of the Oklahoma Board of Career and Technology Education which offers a school bus driver training course approved by the State Board of Education or a truck driver training course approved by the State Board of Education.

"Third-party examiner" means a driver training instructor employed by a certified school who has been approved by the Department of Public Safety to administer, on the premises of the certified school employing the instructor, the examination, as defined in this Section, for a commercial driver license. A third-party examiner is not and shall not be construed or purported, either explicitly or by implication, to be an employee of the Department of Public Safety.

"Third-Party Examiner program" means the program at the Department that issues Third-Party Examiner certifications.

595:11-5-4. Requirements for certification as a certified school; display of certificate; certification renewal

(a) **Requirements and application for certification.** A school district, technology center school, or a commercial truck driving school may apply for certification as a certified school. The applying school shall meet the following requirements:

- (1) Be actively enrolling students and teaching a formal course of instruction for school bus drivers training as

approved by the State Board of Education, or truck driver training as approved by the Oklahoma Board of Career and Technology Education, or a commercial truck driving school.

(2) Obtain and possess written approval to make application for and be, if approved, a certified school from:

- (A) the State Board of Education, if the school is a school district, or
- (B) the Oklahoma Board of Career and Technology Education, if the school is a technology center.
- (C) the Department of Public Safety, if the school is a commercial truck driving school that has been in operation for at least two (2) years.

(3) Submit an application to the Department on a form prescribed by the Department [OAC 595:11-5-13].

(4) Have its on-site examination route or routes examined and approved by the Department of Public Safety CDL Coordinator or his or her designee ~~an employee of the Department.~~ A route:

- (A) shall start and end on the premises or property of the certified school, unless otherwise approved by the Department,
- (B) shall meet all state and federal requirements,
- (C) shall not be altered or changed in any manner without first being examined and approved by the Department,
- (D) shall not be replaced by an alternate route unless the alternate route is first examined and approved by the Department. If, during the course of the examination, it is determined that any of the approved routes could not be followed, the third-party examiner shall notify the Department in writing immediately after completing the test ~~the same day the test is administered~~ as to the reason for the change in route,
- (E) shall not be used to conduct training or practicing for the examination, and
- (F) shall be configured to be at least seventy-five percent (75%) different from any route used for training or practicing.

(5) Agree to:

- (A) meet minimum examination standards required by the Department and by the Federal Motor Carrier Safety Regulations [49 C.F.R. Part 383];
- (B) allow access to school facilities by the Department and by the Federal Motor Carrier Safety Administration for the purpose of monitoring examinations and examining records;
- (C) comply with the Oklahoma Open Records Act [51 O.S., § 24a.1, et seq.] with regard to records kept pursuant to this Subchapter;
- (D) maintain security of examination documents and related material as deemed necessary by the Department;
- (E) ensure all examinations are administered by a third-party examiner;
- (F) ensure third-party examiners administer the examination only to driver license applicants who:

- (i) have successfully completed a formal course of instruction, ~~as submitted to and approved by the Department,~~ at the institution where the third-party examiner is employed and certified, ~~and/or~~
- (ii) successfully completed a course of instruction at a school district or technology center school in the surrounding counties of the certified school, and
- (~~iii~~) have a commercial learner permit and driver license issued by Oklahoma. The commercial learner permit must be issued at least fourteen (14) days prior to testing and the date of issuance shall not be included;
- (G) ensure no person acts as a third-party examiner without current certification from the Department;
- (H) provide immediate written notification to the Department of any impropriety or misconduct of any third-party examiner employed by the school;
- (I) acknowledge that the Department reserves the right to take prompt and appropriate remedial action against the certification of any school or of any third-party examiner in the event that the school or the third-party examiner fails to comply with:
 - (i) any state law, Department rule, or federal regulation regarding the examination of an applicant for a commercial driver license, or
 - (ii) any terms of the appropriate memorandum of understanding or of a subsequent contract or agreement entered into pursuant to the memorandum of understanding, any terms of the contract or agreement entered into with the Department of Public Safety;
- (J) maintain records of all third-party examiners employed by the school and copies of all documents relating to examinations administered for a period of not less than three (3) years; provided, if a school discontinues doing business, the school shall send to the Department a roster of all students who were administered examinations by the school during the immediately preceding three (3) years;
- (K) immediately notify the Department by telephone, followed by written notification within five (5) days, of the termination of employment of any third-party examiner. The official seal of the Department, the CDL examiner's manual, the score sheet pads and/or testing tablet, and the certificate and identification card issued by the Department to the third-party examiner shall be returned to the Department with the written notification;
- (L) immediately notify the CDL Coordinator ~~within the Commercial Driver License Program Administration~~ of the Department, electronically, by telephone, or first-class mail of every fraudulent application made to obtain a commercial driver license; and
- (M) acknowledge that the Department reserves the right to randomly reexamine applicants tested by

third-party examiners for purposes of quality assurance.

- (b) **Certification.** Upon acceptance and approval by the Department of the application for certification from a school district, ~~or technology center school, or any public or private commercial truck driving school,~~ or upon acceptance and approval by the Department of the application for renewal of certification from a certified school, and upon completion to the satisfaction of the Department by the school of all other requirements for certification, the Department shall provide the certified school with a certificate evidencing approval by the Department as a certified school. The certificate shall be posted at the examination location at the certified school and in full view of the public. The certificate shall be valid for four (4) years.

- (c) **Renewal of certification.** A certified school may apply for renewal of certification as a certified school. The school shall meet the following requirements:

- (1) Have evidence on file with the Department of a satisfactory on-site inspection conducted by an employee of the Department prior to renewal.
- (2) Employ at least one third-party examiner.
- (3) Submit an application for renewal on a form prescribed by the Department no later than December 1 of the year of expiration [OAC 595:11-5-13].

595:11-5-5. Requirements for certification as a third-party examiner, display of certificate, certification renewal

- (a) **Requirements and application for certification.** A driver training instructor [see OAC 595:11-7-4 for instructor qualifications] may apply for certification as a third-party examiner. The applicant shall meet the following requirements:

- (1) Meet all the requirements for a Driver License Examiner of the Department [47 O.S., § 2-106(c) and (d)].
- (2) Complete an application provided by the Department [see OAC 595:11-5-13] and submit a nationwide criminal background check [FMCSR, 49 CFR 384.228(g)] certified within the immediately preceding thirty (30) days and, if the applicant has not lived in Oklahoma for the immediately preceding five (5) years, a criminal background check from the agency responsible for keeping criminal history in the state or states of previous residence.
- (3) Be employed by a certified school.
- (4) Have and maintain throughout the time period to be covered by the certification:

If a Class G wrecker service provides storage, it must meet the same facilities, storage, and insurance as a Class AA wrecker service. If the Class G wrecker service does not provide storage, it will not be required to meet the facilities, storage and insurance requirements as a Class AA wrecker service. Class G wreckers services must meet the Class G vehicle requirements and must have a verified primary business location.

SUBCHAPTER 3. WRECKER LICENSE

595:25-3-1. General requirements

The following are the requirements for obtaining an original or renewal of a wrecker license:

(1) **License required.** No operator as defined by law, regardless of storage location, shall operate a wrecker vehicle upon any public street, road or highway of this state for the offering to tow vehicles or the actual towing of vehicles without first obtaining from the Department a license as provided in this Chapter. Any wrecker vehicle being operated on any public street, road, highway or turnpike in violation of Oklahoma law or these rules may be removed from service by Oklahoma law enforcement officers.

(2) **Display and use.** An operator's wrecker service license shall be personal to the holder thereof and a wrecker vehicle license shall be unique to the vehicle. Each license shall be issued only to a person, a corporation or some definite legal entity. The licenses are non-transferable and any change in ownership, whether of a wrecker service or wrecker vehicle, shall cancel the applicable license. The wrecker service license shall be conspicuously displayed at the primary place of business. The license shall be valid only at the place of business as shown on the license. Additional or satellite places of business shall not be permitted or approved on the same license but shall require a separate application and license.

(3) **Reason for application.** No showing of public convenience or necessity need to be made in support of an application for a wrecker or towing license.

(4) **Issuance.** No license for operation of a wrecker or towing service shall be issued until:

(A) The wrecker operator has a minimum of one towing/wrecker vehicle,

(B) Certificates of insurance as prescribed by the Department are on file with the Department,

(C) Each wrecker vehicle has been inspected by an officer of the Department to verify that equipment requirements of this Chapter have been met, and

(D) Each wrecker operator and driver of a wrecker/towing vehicle has successfully completed a minimum of 16 hours of Department approved course of training or have a minimum of 2 years of experience on the following:

(i) Traffic incident management

(ii) Wrecker vehicle recovery controls

(iii) Connecting or loading vehicle onto wrecker

(iv) Tie down and secure vehicle to wrecker

(v) Wrecker operation safety

(vi) Annually complete 4 hours of continuing education approved by the department

(5) **Carry license.** A copy of the wrecker vehicle license issued by the Department shall be carried at all times in the wrecker vehicle for which the license was issued.

(6) **Return license to Department.** Any wrecker operator that disposes of or deletes any wrecker vehicle from operation shall return the license and window decal issued for that particular vehicle and window decal to the Department of Public Safety. When an unlicensed wrecker vehicle is observed with decals identifying it as a licensed wrecker vehicle, law enforcement personnel may remove the decals and seize the cab card license and return both to the Department. Any operator that cancels its last remaining wrecker vehicle from operation will have thirty (30) days to have another wrecker vehicle inspected, approved, and licensed or the wrecker license issued to that operator will be cancelled.

(7) **Additional wreckers.** Any wrecker operator that adds a wrecker vehicle shall:

(A) Register the wrecker vehicle with the Oklahoma Tax Commission, in the name of the operator or the name of the wrecker service, and properly display a current license plate. A leased wrecker vehicle shall show the owner information and the name of the lessee on the vehicle registration.

(B) Notify the Department of the make, model, GVW and serial number of the vehicle.

(C) Send notification to the Department from the insurance carrier of the wrecker operator that the vehicle has been added to present insurance coverage.

(D) Have the vehicle inspected and approved by an employee of the Department.

(E) A wrecker license plate, or a proportional license plate, must be purchased and affixed to the

wrecker vehicle after the vehicle has been inspected and approved and before the vehicle can be used by the operator to tow vehicles.

(8) **License number and business name.**

(A) The DPS number issued to the operator by the Department for the operation of a wrecker or towing service, along with the name of the wrecker service, shall be clearly visible at all times and shall be conspicuously displayed and vertically centered on each side of every tow vehicle used by the operator in the wrecker or towing service. All wrecker services will display AA or G designation at the end of the DPS number. Example: DPS 12345W AA or DPS 12345WG.

(B) On wrecker vehicles in use the DPS number and business name shall be at least three inches (3") in height. The font shall not be a font which is highly decorative or difficult to read. The lettering shall be in a color that will contrast with the color of the tow vehicle in order to be readily noticed and legible.

(C) The signage required by this paragraph shall be permanent in nature and shall not contain any misleading or false information. The wrecker vehicle shall not have more than one wrecker service name on the vehicle.

(D) Magnetic signs are not approved; provided, if requested of and approved by the Commissioner's designee, a magnetic sign may be used for a period of thirty (30) days in an emergency situation.

(9) **Service of notice.** Any notice required by law or by the rules of the Department served upon any holder of a wrecker or towing license shall be served personally or mailed to the last known address of such a person as reflected by the records on file with the Department. It is the duty of every holder of a certificate or license to notify the Department of Public Safety, Wrecker Services Division, in writing as to any change in the address of such person or of the place of business.

(10) **License prohibited.**

(A) No person under eighteen (18) years of age shall be licensed or employed as a wrecker operator.

(B) No person shall be licensed as a wrecker/towing service operator or employee who has been convicted of:

(i) a felony offense constitution a violent crime as defined in 57 O.S. § 571, larceny, theft, Felony convictions expunged through deferred sentencing will not be considered as convictions of untruthfulness; or

(ii) any provision of Title 21 O.S. § 1029 while providing wrecker services; or

(C) No person shall be licensed as a wrecker/towing service or be employed by a wrecker/towing service until ~~five (5) years after~~ completion of the sentence for the conviction, including probation or supervised release. ~~In cases of deferred judgment and sentence, the prohibition shall extend to five~~

~~(5) years after the end of the deferred judgment and sentence.~~

(D) Any person who is required to register as a sex offender, as required by 57 O.S. § 582, shall be prohibited from owning or working for a wrecker service for the period of time the person is or is required to be registered.

(E) Nothing in this section prohibits the Commissioner of Public Safety or his or her designee from approving, denying, suspending, cancelling, or not renewing a wrecker license if it is determined to be in the best interest of public safety.

(11) **One Class AA license per place of business.** Wrecker operators shall be issued no more than one Class AA wrecker license for any one place of business.

(12) **One Class AA wrecker service on Oklahoma Highway Patrol 's rotation log in same rotation area.**

An operator shall be permitted to rotate no more than one Class AA wrecker service in the same Highway Patrol rotation area on the Highway Patrol 's rotation log. For purposes of this paragraph, "Class A wrecker service" shall include those services with a Class AA-TL wrecker vehicle.

(13) **Business telephone number.** Each wrecker service shall have a telephone number published that is accessible to the public twenty-four hours a day. The operator shall provide in writing to the Department notice of any permanent business telephone number change prior to the new telephone number being placed in service.

(14) **Business sign.** Each AA Wrecker Service and each G Wrecker Service with storage shall have a business sign at the business location. The sign shall be at least 2 feet by 4 feet with letters at least 3 inches in height with contrasting background and shall display, at a minimum, the name of the wrecker service as shown on the license and a telephone number accessible to the public twenty-four (24) hours a day.

(15) **Wrecker drivers.** Wrecker services shall notify the Wrecker Services Division within ten (10) days of hiring or termination of employment of any wrecker driver.

595:25-3-4. Trade name

(a) Each operator shall use a unique trade name, approved by the Department, which shall be printed and appear on the license and shall be clearly distinguishable from the trade name of any other operator. ~~Provided, however, the Department shall approve any trade name which has been accepted and currently registered with Oklahoma 's Secretary of State.~~

(b) Upon written request by the operator, the Department may change the trade name of a wrecker or towing service if there is no change in ownership. The identifying number shall be retained and no license fee shall be assessed.

(c) Any change in ownership due to sale, merger, dissolution, or any other reason, except as provided in subsection (d), shall reserve the wrecker service trade name for a period of sixty (60) days, during which time the successor or owner shall apply for a wrecker license using the same trade name or another trade name. However, the successor may not operate

as a licensed wrecker service until the application has been accepted and approved by the Department.

(d) When the owner of a sole-proprietorship wrecker service dies, the wrecker license shall be considered cancelled by the Department effective upon the date of the death of the owner. Upon the death of the wrecker service owner, the wrecker service shall be immediately removed from Oklahoma Highway Patrol rotation. The heirs shall apply for a reinstatement of the wrecker service license using the same name and the same Department-assigned number; provided, the application shall be treated by the Department as a new application, and all procedures and fees shall apply.

SUBCHAPTER 5. ALL WRECKER OPERATORS

595:25-5-1. Physical requirements for storage facility

(a) **General Requirements.** All wrecker operators, who, in conjunction with or as part of a licensed wrecker operation, store, park or maintain possession of a towed vehicle, shall store such vehicle in a storage facility which shall meet the minimum physical requirements prescribed in this Section. No vehicle shall be stored in any facility or area which has not been inspected and approved by the Department except in case of exceptional circumstances such as natural disasters or at the direction of law enforcement officers at the scene of an incident.

- (1) An operator shall not store vehicles:
 - (A) At their home,
 - (B) In another operator's storage lot; or
 - (C) Any other location unknown to the Department.
- (2) The entrance to the storage facility shall be separate from any other business entity.
- (3) A vehicle accepted for storage may not be altered without consent of the vehicle owner or their authorized representative.
- (4) No stored vehicle may be used for personal or business use without the prior written consent of the vehicle's owner.

(b) **Outdoor Storage Facilities.**

- (1) Every primary outdoor storage facility:
 - (A) Shall be designed to be minimum of 5000 square feet for small truck and minimum of 15000 square feet for large truck in size. A previously licensed proprietor, partnership or corporation business will be allowed to renew the DPS license for their location unless they are changing locations of business.
 - (B) Shall be surrounded completely by a fence. Construction material for fences shall be of wood, metal, chain link or masonry and be at least six feet (6') in height built solid, firmly and securely to provide the best protection for restricted access. Live-stock paneling (welded wire) shall not be used unless the wire diameter is equal to or larger than 8 gauge (0.160 diameter) with horizontal panels no larger than 4" x 4". T-post construction shall not be approved. Outdoor storage facilities, effective July 1, 2014,

shall meet new standards or if facilities previous of date, upon a failed inspection, if found the fence did not meet previous standards, new standards will be imposed.

(C) Shall have at least one (1) gate of the same quality of material and height of the fence and must be locked if not attended.

(D) The storage lot area:

- (i) Shall be maintained, including but not limited to removal of tall weeds, overgrown vegetation and debris;
- (ii) The lot surface shall be an all-weather surface such as concrete, asphalt, blacktop, gravel, or any materials equivalent;
- (iii) And cover the complete area of the storage lot that enables the safe and effective movement of stored vehicles upon all portions of the storage lot.

(2) If the construction requirements in paragraph (1) of this subsection are in violation of municipal zoning ordinances or other laws, regulations, or ordinances, the operator may file with the Department a petition for exemption and a proposed security plan in lieu of the requirements, which the Department may approve. The operator shall attach a copy of such zoning ordinance or other laws, regulations, or ordinances with the petition.

(c) **Facility Location and Number.**

(1) A minimum of one (1) primary storage facility shall be located within a two (2) mile radius of the place of business address as reflected on the wrecker license and, effective January 1, 2005, shall be located within Oklahoma. Secondary storage facilities may be located outside the two (2) mile radius.

(2) Each vehicle stored must be initially stored and held at the primary storage facility. After thirty (30) days from date of initial storage, vehicles may be moved to a secondary storage facility. The provisions of this paragraph shall not apply to junk vehicles.

(d) **Alternate Primary Storage Facility.** In lieu of or in addition to the primary storage facility described in this Section, a wrecker operator that tows a vehicle pursuant to a contract with a municipality or county may store such vehicle in a facility meeting the requirements set forth in such contract; provided, that:

- (1) A copy of the proposed contract is furnished to the Department, along with documentation that requirements specified in this Section will be or have been met.
- (2) Only vehicles towed at the request of the municipality shall be stored in such facilities unless such facility meets all the requirements of this Section.
- (3) The wrecker operator shall have assumed reasonable responsibility with respect to the owner of such towed vehicle for any damages or loss of contents occurring during such time as the towed vehicle is stored in the facility.
- (4) If the storage facility is not owned by the operator, the owner of such storage facility shall also assume joint responsibility for damages or loss of contents to the vehicle secured during such time as the vehicle is stored at such facility.

Permanent Final Adoptions

- (5) Such storage facility must meet or exceed the requirements of this Section.
- (6) If such storage facility is not operated by the operator, the operator shall have made arrangements with the owner of such storage facility to enable the owner of the vehicle to make full payment for towing and storage costs at the storage facility location and thereby obtain full release of the vehicle.
- (7) A wrecker operator may not store any vehicle in a facility which has not been inspected and approved by the Department.
- (e) **Indoor storage facility.** An operator may also provide an indoor storage facility as either a primary or secondary storage facility. Due to a special situation such as, but not limited to, a pending fatal collision, asset forfeiture or criminal investigation, law enforcement may select without regard to rotation, an operator nearest to the incident with appropriate indoor storage. The facility must meet the requirements of the Oklahoma Highway Patrol and the operator must comply with any special instructions. An indoor storage facility shall be a permanent structure that meets the following minimum physical requirements.
- (1) A solid roof,
 - (2) A solid hard-surface floor,
 - (3) Solid walls which fully enclose all sides, i.e. reach from corner to corner on each side and from the floor to the roof on all sides so there is no public access. The walls may be penetrated by windows and doors which must be fully operable so as to make the facility fully enclosed when the windows and doors are closed, and
 - (4) Must be a minimum of 500 square feet in size.
- (f) **Each Wrecker Service is a Separate Entity.** Each wrecker service shall be licensed as a separate legal entity. Any wrecker service with storage shall maintain a primary storage facility that is physically separated from any other entity's storage facility as determined by the Department, so that the responsibility and accountability of the operator relating to compliance with these rules is maintained.
- (g) **Shared Storage Prohibited.** Shared use of any outdoor or indoor storage facility by two (2) or more wrecker services is not permitted, except as may be determined by the Commissioner.
- (h) **Leased or rented building, office or storage.** Wrecker operators intending to lease or rent any building, office or storage facilities shall file such plan of lease or rent with the Department for approval. Such plan shall be signed and approved by the owner of the property or representative of the owner and be of at least one year in duration and include specific terms therein delineating the responsibility of the operator relating to compliance with the rules of this Chapter and assurance that accountability is maintained.
- (i) **Accessibility.** Any primary storage facility used to store vehicles at the request of law enforcement shall be accessible to the public by way of an all-weather road. This provision shall not apply to primary storage facilities which have been approved prior to July 14, 2003.

595:25-5-9. Inspections

- (a) **Availability of Records.** The wrecker operator, manager, or their representative must make available to the inspection officer all records, notices and other documents required by these rules. Due to possible noncompliance or complaint, the inspection of the facility or tow trucks may be required. May include an inspection of any and all tow trucks and inspection of records, tow authorizations, thirty (30) day reports and facilities. Upon completion of the inspection, the operator, manager, or representative shall be given a contact report that will provide the results of the inspection. A date and Time will be provided to make corrective action and a follow up inspection will be performed to assure compliance.
- (b) **Initial Inspection.** Will include inspection of all tow trucks and any or all storage facilities. Any tow truck meeting FMCSA requirements of single or combination weight limits of 26,001 GVWR, shall provide a copy of the DOT inspection, per 49 C.F.R. § 396.17, before the Department of Public Safety inspection can be performed. This will apply to the initial inspection or if the truck requires a re-inspection.

SUBCHAPTER 7. CLASS AA OPERATORS

595:25-7-2. Release and holding of vehicle

- (a) **Release.** The Class AA wrecker operator shall at all times have a capable person available to release impounded or stored vehicle within ~~thirty (30) minutes~~ one (1) hour. As per 47 O.S. § 955, any vehicle impounded by law enforcement shall not be released to the owner until that owner provides proof of valid insurance or an affidavit of nonuse on the roadway. In the event an insurer or a representative of the insurer who has accepted liability for the vehicle requests the release, no proof of valid insurance or affidavit of nonuse on the roadway shall be required.
- (b) **Exceptions to release of impounded or stored vehicles.**
- (1) Officers may have a legitimate need and reason to preserve the secured status of an impounded or stored vehicle, including but not limited to:
 - (A) Failure to pay taxes due the State;
 - (B) Forfeiture proceedings under the Controlled Dangerous Substances Act [63 O.S., § 2-506];
 - (C) Evidentiary proceedings.
 - (D) Failure to provide proof of insurance
 - (E) The vehicle has been used in the commission of a felony offense. [47 O.S., § 955(A)(6)]
 - (2) In the event an officer determines a need exists to preserve the secured status of an impounded or stored vehicle, the officer may direct the operator to place a hold thereon, which the operator shall honor, subject to the following procedures.
 - (3) If the hold is because taxes due the State have not been paid, the operator shall not release the vehicle until the owner, or another person as described in OAC 595:25-5-3(13), has furnished proof from the Oklahoma Tax Commission or a motor license agent to the operator that the vehicle has been duly registered and the license

fee has been paid before the vehicle may be released to the owner. Inquiry regarding this law may be made to the Oklahoma Tax Commission.

(4) If the stated reason for the hold is a forfeiture proceeding under the Uniform Controlled Dangerous Substance Act, the operator may not release the vehicle unless authorization is received either from the District Attorney's Office of the county from which the vehicle was impounded or from the impounding officer.

(A) If, after the expiration of seventy-two (72) hours from the time of impoundment (excluding Saturday, Sunday and legal holidays), the operator has not received either the court case number under which a forfeiture proceeding has been accepted and filed or a release of the hold from the impounding officer, the operator shall contact the law enforcement agency storing the vehicle, between 7:00 a.m. and 12:00 noon following such seventy-two (72) hours period, advising the ranking supervisor on duty or dispatcher of the following information:

- (i) That the vehicle is being held for the filing of forfeiture proceedings;
- (ii) That no court case number of forfeiture proceedings has been received;
- (iii) Description of vehicle, including tag and vehicle identification number;
- (iv) Vehicle owner, if known;
- (v) County from which the vehicle was impounded;
- (vi) Name of impounding officer;
- (vii) Name and telephone number of operator submitting the above information.

(B) The supervisor may direct the impounding officer to verify the decision of the District Attorney and to notify the operator:

- (i) Of the forfeiture proceedings style and case number; or
- (ii) That the hold is canceled because the District Attorney has declined forfeiture proceedings and therefore, the vehicle may then be released in accordance with (a) and (b) of this Section.

(C) Any vehicle seized or stored for forfeiture proceedings under the Uniform Controlled Dangerous Substance Act is considered to be in the custody of the District Attorney of the county where the property was seized [63 O.S., § 2-506 (K)] and therefore the operator may contact that office regarding any matter relating to such vehicle, in addition to the foregoing procedure.

(5) If the hold is for evidentiary proceedings or for any stated reason other than taxes or forfeiture described above, or if the officer fails to state a reason, then the hold shall expire forty-eight (48) hours from the time of impoundment (if not released earlier by the officer), and the operator shall not honor the hold beyond the forty-eight (48) hour period without express direction of the law enforcement agency storing said vehicle. The vehicle may

then be released in accordance with the provisions of this Chapter.

(c) **Court orders regarding impounded or stored vehicles.** If any rule provided, herein conflicts with a court order served upon the operator relating to impoundments, release, storage or other matter relating to the wrecker service, the court order shall take precedence.

(d) **Release to another wrecker service.** When a wrecker service is to lawfully obtain a vehicle from another wrecker service which originally towed the vehicle, the original wrecker service shall:

- (1) allow the other wrecker service to enter its premises and remove the vehicle, or
- (2) if the original wrecker service does not allow the other licensed wrecker services or registered owner or agent on its premises to make the tow, the original wrecker service shall properly tow the vehicle to a mutually agreeable site in order to transfer the vehicle to the requesting wrecker service.

SUBCHAPTER 9. OKLAHOMA HIGHWAY PATROL ROTATION LOG - ADDITIONAL REQUIREMENTS

595:25-9-2. Operator requirements

Operators on the Rotation Log shall comply with the following:

- (1) When more than one (1) vehicle is towed on one (1) call, each tow shall be counted as another call to that operator.
- (2) When an operator receives a request for services from the Oklahoma Highway Patrol and no services are rendered ~~for which the operator is able to receive compensation~~, the operator shall not lose position on the Rotation Log.
- (3) If an operator has received a request for services, but does not respond to the scene within a reasonable length of time, including but not limited to such factors as distance from the scene, weather, and nature of the collision or traffic tie-up, the Oklahoma Highway Patrol may request the services of the next operator on the Rotation Log. Under these circumstances, the operator who receives the first request shall lose position on the Rotation Log.
- (4) When an emergency condition exists, the Oklahoma Highway Patrol reserves the right to request the services of any appropriately equipped and licensed wrecker service best able to handle the emergency and can reach the scene in the shortest time, regardless of the operator's position on the Rotation Log. Said call shall count as a call on the Rotation Log.
- (5) Only one (1) wrecker service shall be approved for Highway Patrol rotation at any one place of business and/or storage facility, unless otherwise approved by the Commissioner.
- (6) Wrecker services shall respond to Highway Patrol requests only in a wrecker vehicle licensed to the

Permanent Final Adoptions

requested wrecker service, unless otherwise approved by the Commissioner.

(7) Every wrecker service on the Highway Patrol Rotation Log shall maintain twenty-four (24) hour service.

(8) A wrecker service called from the Highway Patrol Rotation Log shall not accept a request for services unless the operator has a vehicle immediately available to perform the requested service.

(9) Each operator shall require each driver responding to a request to maintain the appropriate driver license for the type vehicle being operated.

(10) Each operator shall require each driver to obey in good faith the rules of the road.

(11) Each operator shall prohibit any known thief or felon from loitering, visiting, or otherwise being on the premises of the place of business or any storage facility of the wrecker service.

(12) Every operator shall accept each Oklahoma Highway Patrol call unless there exists a valid reason for refusal. Upon acceptance of a call an operator shall advise dispatch of their current location and estimated time of arrival.

(13) Each operator shall provide service for a minimum of seventy-five (75%) percent of the requests made by the Highway Patrol to be computed on a quarterly basis. Failure to meet this standard for any reason shall be grounds for removal from the Oklahoma Highway Patrol Rotation Log.

(14) Any Class AA wrecker operator who uses an answering service as a means of dispatch and who fails to properly respond in a timely manner, as determined by the Commissioner's designee of the Wrecker Services Division, to a rotation call request may have the Class AA license revoked for failure to properly respond to rotation call requests. The operator shall not be licensed as a Class AA wrecker service while utilizing the same answering service as a means of dispatch.

(15) Persons responding to calls must be able to speak and understand the English language.

(16) A wrecker operator shall respond to law enforcement agencies' wrecker service requests with a wrecker vehicle and operator capable of efficiently uprighting an overturned vehicle, pulling or winching a vehicle back onto the roadway, lifting a vehicle off a victim, or assisting with opening a vehicle to extricate a victim. In addition, the wrecker vehicle shall be equipped to remove a disabled vehicle without inflicting further damage to the disabled vehicle.

(17) If two or more vehicles are involved in a collision and two or more wrecker services are called the following shall apply:

(A) The first wrecker service arriving at the scene will tow the vehicle causing the greatest traffic hazard, which shall be determined by the investigating officer.

(B) If a requested wrecker service is first on scene, said wrecker service will assist in removing the vehicle causing the traffic hazard from roadway, then will proceed to pick up the vehicle it has been requested to tow.

(18) Any wrecker service having a wrecker vehicle with major or critical mechanical failure or failing to meet equipment requirements, which does not have another wrecker vehicle of the same classification approved for rotation, shall become temporarily unavailable for rotation until the wrecker vehicle has been approved to return to service or a new wrecker vehicle of the same classification has been inspected, if necessary, and approved by the Department.

(19) A wrecker service shall become temporarily unavailable for rotation if there is no approved Certificate of Insurance (WA) filing on file with the Department for the wrecker service or wrecker vehicles approved for rotation.

(20) Any wrecker service with a wrecker vehicle displaying an expired tag, which does not have another wrecker vehicle of the same classification approved for rotation, shall become temporarily unavailable for rotation until the wrecker license plate has been renewed and is properly displayed on the wrecker vehicle.

595:25-9-3. Rotation calls for truck wreckers (Class AA-TL)

(a) Rules governing the rotation calls for Class AA-TL truck wrecker operators shall be the same as the rules governing the rotation calls for all other Class AA wrecker operators, except that in the case of truck wreckers the involved Trooper and/or the dispatcher shall have and be free to exercise his or her discretion as provided for in this section. If, in the judgment of any involved trooper and/or dispatcher, a Class AA-TL truck wrecker operator within a service area is needed because of an emergency situation, such wrecker service may be called without regard to position on the truck wrecker log except in relation to other operators also meeting the additional Class AA qualities in the service area.

(b) The large trucks and operators shall be capable and expected

(1) to clear a lane of traffic within one (1) hour upon arrival on the scene unless an extreme circumstance exist, using Traffic Incident Management (TIM) standards for the safety of the public and responders.

(2) have recovery and remediation resources immediately available to assist in clearing the scene as safely and as quickly as possible; and

(3) shall coordinate and participate in the recovery, towing and cleanup. Participation does not include only traffic management.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 3. SIZE AND WEIGHT PERMIT LOAD

595:30-3-2. A permit is a legal document; permit types

(a) **Permit defined.** A permit is a legal document authorizing the permittee to move a vehicle or load, which is oversize, overweight, or both, upon the roads and highways of this state when the route constitutes the safest practical routing. The

document shall be carried in paper form and in the drivers possession (Electronic copies will not be acceptable) and consist of:

- (1) the information furnished by the applicant contained in the permit,
- (2) the conditions and restrictions stated in the permit, and
- (3) the applicable provisions of this Chapter, OAC 730:30-9, Oklahoma law, or any combination of provisions.

(b) **Annual permits.** Annual permits, as authorized by 47 O.S. §14-101 et seq. and by OAC 730:30-9, shall be on a form and in a manner prescribed by the Commissioner of Public Safety. Annual permits shall comport to 23 U.S.C. §127 for interstate applications, to other state statutes relating to size and weight of vehicles and combinations of vehicles, and to OAC 730:30-9 for all roads and highways of this state. Annual permits shall be for a duration of one calendar year from the date of issuance. Annual permits for the movement of vehicles, loads, or both which exceed the size or weight provisions, or both, of 47 O.S. §14-101 et seq., but do not exceed the provisions of OAC 730:30-9 or state statutes relating to maximum allowable permit limits, shall be applied for and issued, using the procedures established in this Chapter, through the Size and Weight Permit Division of the Department of Public Safety. Annual permits shall not be restricted to nondivisible vehicles or loads and shall be specific to the towing vehicle of any vehicle operating as a combination of vehicles.

- (1) Fees for annual permits shall be in accordance with the fee schedule contained in 47 O.S. §14-101 et seq.
- (2) Annual permits shall be subject to suspension, revocation or cancellation by the Commissioner of Public Safety or an authorized representative upon due process, as outlined in this Subchapter.

(c) **Single trip permits.** Single trip permits, as authorized in OAC 730:30-9-6(2), shall be on a form and in a manner prescribed by the Commissioner of Public Safety. Single trip permits shall be applied for and issued, using the procedures established in this Chapter, through the Size and Weight Permit Division of the Department of Public Safety. All single trip permits shall comport to OAC 730:30-9 and related state statutes and shall be for a duration of up to, but not to exceed, five (5) consecutive calendar days. Single trip permits shall be issued for nondivisible vehicles or loads, as defined in 23 C.F.R. § 658, which exceed the provision of state statutes but do not exceed the provisions of OAC 730:30-9 or state statutes relating to maximum allowable permit limits. All or any permits may be revoked by any duly qualified law enforcement officer of the Department of Public Safety after having observed any violation of any of the provisions of the permit. The revocation shall be final and no further movement of the vehicle or load shall be authorized until the vehicle or load is authorized by a proper permit.

(d) **Multi-trip oversize permits.** A multi-trip oversize permit may be issued for a specific motor vehicle, which can be identified by a vehicle identification number or serial number, for movement as set forth in 730:30-9-9(a)(1) and (j).

Permanent Final Adoptions

(e) **Annual envelope vehicle permit.** An annual envelope vehicle permit shall be issued by the Department in conformity with 730:30-9-16. In addition to the requirements of 730:30-9-16:

- (1) An annual envelope permit shall not be used in conjunction with any other permit.
- (2) An annual envelope permit shall be void if used for the movement of houses or modular or manufactured homes.
- (3) An annual envelope permit shall be void if laminated.
- (4) Reasonable access to and from terminals for fuel, food, repairs and rest shall not exceed five (5) statute miles from the roadways authorized by the Oklahoma Department of Transportation.
- (5) A vehicle being moved under an envelope permit shall not be moved on turnpikes except on non-interstate turnpikes. Non-interstate turnpikes are:
 - (A) Indian Nation
 - (B) Cimarron
 - (C) Cherokee
 - (D) Chickasaw
 - (E) Creek
 - (F) Muskogee
 - (G) Kilpatrick

(6) The operator of a vehicle in excess of 9 feet and 6 inches in width which is moving under an envelope permit shall use a valid PikePass to travel on any turnpike listed in paragraph (5) and shall travel only in a PikePass lane when in the area of any tollbooth or turnpike entrance or exit.

(f) **Special overheight trailer permit for limited travel.** A Special Overheight Trailer Permit for Limited Travel (SOTPLT), in accordance with 47 O.S. § 14-103(B)(1), shall be issued in a manner and on a form prescribed by the Commissioner of Public Safety.

- (1) An SOTPLT shall be for a duration as determined by the Commissioner of Public Safety, but under no circumstance shall the permit exceed one (1) calendar year.
 - (A) The fee for a single trip SOTPLT shall be Forty Dollars (\$40.00) and shall be nonrefundable.
 - (B) The fee for a thirty (30) day SOTPLT shall be Five Hundred Dollars (\$500.00) and shall be nonrefundable.
 - (C) The fee for a one (1) year SOTPLT shall be Two Thousand Dollars (\$2000.00) and shall be nonrefundable.
- (2) An SOTPLT shall not be restricted to nondivisible loads and shall be specific to the trailer being permitted.
- (3) In addition to these requirements:
 - (A) An SOTPLT shall not be used in conjunction with any other permit.
 - (B) A trailer being moved under an SOTPLT shall not access nor be moved on any part of the National System of Interstates and Defense Highways or four-lane divided Federal Aid Primary System Highways, state highways or turnpikes.

(4) An SOTPLT shall comply with 595:30-3-18(b)(3), unless otherwise waived by the Commissioner of Public Safety.

(5) An SOTPLT applicant shall submit a detailed application to the Commissioner of Public Safety containing:

(A) Physical features of the route, including but not limited to:

- (i) applicable speed limits,
- (ii) specifications and description of any bridges,
- (iii) infrastructure,
- (iv) public or private utility overhead wire lines,
- (v) traffic control devices,
- (vi) road signage, and
- (vii) any potential for pedestrian traffic.

(B) The duration of time the SOTPLT permit is needed.

(C) Trailer information including, but not limited to, VIN, tag number, height and specifications of the trailer.

(D) A certification from the permittee stating the permittee has contacted the effected City Street Department and/or County Commissioner and referenced any possible restrictions or obstacles within their jurisdiction that may impact the permittee's ability to travel.

~~(f) **Prima facie evidence.** Undertaking the movement of the vehicles and loads specified in the permit is deemed prima facie evidence of an unequivocal allegation that the permit is accepted by the permittee. Acceptance of the permit by the permittee will be deemed prima facie evidence of an unequivocal allegation by the permittee that:~~

- ~~(1) Permittee is in compliance with all operational requirements;~~
- ~~(2) All dimension and weight limitations specified in the permit will not be exceeded;~~
- ~~(3) All operation, registration, and license requirements have been met;~~
- ~~(4) All financial responsibility obligations and other legal requirements have been met. The permittee assumes all responsibility for injury to any person or for damage to public or private property, including the permittee's own, or to the load being transported, caused directly or indirectly by the transportation of vehicles and loads authorized under the permit.~~

(g) **Multiple trailer or semitrailer permits.** To obtain a permit for multiple trailers or semitrailors pursuant to 47 O.S. 14-116 (F) an affidavit must:

- (1) be submitted to the Department of Public Safety Size and Weight Permits Division containing:
 - (A) license plate number of each trailer or semitrailer;
 - (B) vehicle identification number of each trailer or semitrailer;
 - (C) US DOT Number of power unit pulling a trailer or semitrailer;
 - (D) Make and Model of trailer or semitrailer; and

(h) Any violation of any part of this section shall result in the permit being voided.

(i) **Prima facie evidence.** Undertaking the movement of the vehicles and loads specified in the permit is deemed prima facie evidence of an unequivocal allegation that the permit is accepted by the permittee. Acceptance of the permit by the permittee will be deemed prima facie evidence of an unequivocal allegation by the permittee that:

- (1) Permittee is in compliance with all operational requirements;
- (2) All dimension and weight limitations specified in the permit will not be exceeded;
- (3) All operation, registration, and license requirements have been met;
- (4) All financial responsibility obligations and other legal requirements have been met. The permittee assumes all responsibility for injury to any person or for damage to public or private property, including the permittee's own, or to the load being transported, caused directly or indirectly by the transportation of vehicles and loads authorized under the permit.

(b) Driver Education schools must furnish the Department of Public Safety, Driver License Examining Services Division, with a copy of an official collision report on any driver education vehicle which is involved in an collision while used for training purposes. This is in addition to the collision report required by law.

(c) A commercial motorcycle school shall, prior to the first day of class, submit to the Department of Public Safety a list of all students enrolled in the motorcycle course. Upon completion of the motorcycle course, the commercial motorcycle school shall submit to the Department of Public Safety a roster containing the full legal name, date of birth, driver's license number, test scores, and the Motorcycle Safety Foundation (MSF) card number for each student who has successfully completed the motorcycle course. This roster shall be stored in paper form or electronically at the office of the commercial motorcycle school.

SUBCHAPTER 7. IMPAIRED DRIVER ACCOUNTABILITY PROGRAM

595:40-7-1. Impaired Driver Accountability Program - Purpose

The Impaired Driver Accountability Program (IDAP) is created for the purpose of enhancing public safety and to assist impaired driving offenders in mitigating the personal and financial costs of the offense of impaired driving through the administration of a monitored ignition interlock program implementing compliance based removal of the ignition interlock device.

595:40-7-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"IDAP phase 1" means the period of time in IDAP in which the participant is subject to remedial measures other than program extension as a result of ignition interlock violations or program violations.

(A) Six (6) month IDAP: the first 120 days after enrollment.

(B) Twelve (12) month IDAP: the first 245 days after enrollment.

(C) Thirty-six (36) month IDAP: the first 365 days after enrollment.

"IDAP phase 2" means the period of time in IDAP in which the participant is subject to program extension as a result of ignition interlock violations or program violations.

(A) Six (6) month IDAP: the last 60 days of the original program length, and any extensions imposed by these rules.

(B) Twelve (12) month IDAP: the last 120 days of the original program length, and any extensions imposed by these rules.

(C) Thirty-six (36) month IDAP: the last 365 days of the original program length, and any extension imposed by these rules.

"One (1) year" means 365 days.

"Six (6) months" means 180 days.

"Three (3) years" means 1,095 days.

"Verified ignition interlock violation" means a record received by the Department from the Board of Tests for Alcohol and Drug Influence indicating the review and verification of an ignition interlock violation in accordance with the rules of the Board. These include:

(A) Three (3) penalty fails, at startup, within a fifteen (15) minute time frame;

(B) Three (3) retest violations constitute a reportable violation. Each retest violation thereafter constitutes a reportable violation.

"Verified program violation" means a record received by the Department from the Board of Tests for Alcohol and Drug Influence indicating the review and verification of an ignition interlock program violation. These include:

(A) A circumvention

(B) Removal of the device except:

(i) Upon receipt of documentation from the Installation Authority or Monitor authorizing said removal

(ii) The vehicle is being repaired. The program participant must inform the licensed service center at least every eight (8) days as to the anticipated date of completion of repairs, or

(iii) The vehicle is being replaced. In the event the vehicle is being replaced by another vehicle, the removal and reinstallation of the device in the subsequent vehicle must be accomplished within eight (8) days of the removal

(C) Tampering

(D) Missed service appointment

595:40-7-3. Request for participation - Departmental review - IDAP agreement

(a) Requests for participation in IDAP must be received within thirty (30) days of the notice of revocation, given pursuant to 47 O.S. §2-116, as reflected by the records of the Department. Upon receipt of the request for participation, the Department shall enter a temporary stay until the expiration of 45 days from the date of the notice of revocation to the participant. Exceptions to the thirty (30) day requirement may be approved by the Director of the Driver Compliance Division or General Counsel.

(b) The customer cannot enroll in IDAP if a District Court appeal is pending on behalf of the customer for the same incident referenced in the customer's request for IDAP participation.

(c) Requests for participation in IDAP will be reviewed immediately if presented in person to a Hearing Officer.

(d) Requests for participation in IDAP mailed to the Department will be reviewed within three (3) business days of receipt and approved, denied, or returned for more information.

(e) Review of the Request for Participation will include, at a minimum:

- (1) Examination of the driving record for the purpose of determining program length;
- (2) Confirmation of the License class. Only customers who were class D license holders at the time of the impaired driving arrest may participate in IDAP.
- (3) Confirmation that alcohol was a factor in the associated impaired driving arrest.
- (4) Confirmation that the offense does not involve the operation of a commercial motor vehicle.

(f) Upon approval of the Request to Participate in IDAP the participant will execute an IDAP Agreement with the Department outlining the respective roles and responsibilities of the participant and the Department.

(g) For IDAP request received by U.S. Mail, the post mark date shall be considered the date received.

595:40-7-4. Program enrollment - calculation of time - IDAP agreement

(a) The participant must enroll in IDAP within forty-five (45) days of the day of notice of revocation as reflected by the records of the Department. Exceptions to the forty-five (45) day requirement may be approved by the Director of the Driver Compliance Division.

(b) Enrolling in IDAP consists of:

- (1) Payment of the IDAP fee of \$200.00 to the Department;
- (2) Presentation of an Ignition Interlock Installation Verification Form;
- (3) Execution of an IDAP Agreement by the Participant;
- (4) Acknowledgement of receipt and review of the "IDAP Participant's Guide";
- (5) Obtaining a Restricted Driver License with an Ignition Interlock Restriction.

(c) Whatever the Participant's required program length, as calculated by the Department:

- (1) The day enrollment in IDAP is complete counts as the Participant's first day of the program.
- (2) All program restrictions, including the ignition interlock requirement, continue through the last day of the program as calculated by the Department. The participant is responsible for ensuring completion of IDAP before removing the ignition interlock device.

(d) The IDAP Agreement will be signed by the Participant and shall include the following information:

- (1) Participant's full name;
- (2) Participant's correct address. In the event Participant's address on record is not correct, it will be updated;
- (3) Participant's preferred phone number;
- (4) Participant's email address (if applicable);
- (5) The date upon which the IDAP Agreement was signed;
- (6) A list of Ignition Interlock Violations as defined by the Board of Tests for Alcohol and Drug Influence;
- (7) An explanation of the consequences of violations of the Ignition Interlock Program.

595:40-7-5.

Ignition interlock device monitoring - interlock violations - program extensions - informal hearings

(a) The participant is responsible for ensuring the ignition interlock is monitored on a regular basis in accordance with the rules of the Board of Tests for Alcohol and Drug Influence.

(b) Upon receipt of a report of a verified program violation during any phase of IDAP the participant must appear before the Department to provide proof the program violation has been remedied.

(c) Upon receipt of a report of a verified ignition interlock violation, or verified program violation, during Phase 2 of IDAP, the Department will extend the participant's program length in accordance with 47 O.S. §212.3, and issue notice of the extension to the participant.

(d) In Phase 1 or Phase 2 of IDAP, when the Department receives a report of a verified program violation, or a verified ignition interlock violation, the following remedial measures may be imposed:

- (1) Retraining with the manufacturer, at the expense of the participant, if applicable;
- (2) Installation of an ignition interlock device with a camera;
- (3) Restrictions on the days and times of the participant's driving;
- (4) Referral to re-assessment; and
- (5) Removal from IDAP which will result in a driver license revocation.

(e) The participant may appear before a hearing officer within fifteen (15) days of receipt of the notice of any violation to contest the violation. The hearing officer may sustain or set aside the violation. The participant's failure to contest a violation within the time allowed will waive any future right to contest the violation.

(f) The Department will not credit any time toward the participant's required program length for any period in which an ignition interlock is not installed as reflected by an approved Installation Verification Form, whether or not an ignition interlock violation has been reported.

(g) In the event the Department receives documentation from a Court of record that requires a mandatory revocation, the Department will toll the participant's IDAP until completion of the mandatory revocation except if the mandatory revocation is a result of the conviction of the offense that led to the participation in IDAP.

595:40-7-6.

Graduation from IDAP - requirements - presentation of certificate

Graduation from IDAP occurs when the participant presents to the Department:

- (1) Completion form from the Board of Tests for Alcohol and Drug Influence verifying no ignition interlock violations have occurred in Phase 2 of IDAP;
- (2) Certificate of completion of requirements of the drug and alcohol assessment required by Oklahoma statutes;

(3) The Department will verify that it has not received any additional officer's affidavits and notices of revocation related to the participant.

(4) The Department will update the Driver Index of the participant to reflect the completion of the IDAP program and issue a completion certificate to the participant.

GIST/ANALYSIS:

The amendments to Subchapter 3 remove superseded requirements for good moral character, remove submission of a photograph with applications, modify post-license continued education requirements, and add a one-time application-processing fee. These rule interprets 59 O.S. §§ 858-302, 858-303, 858-303A, and 858-307.1.

The amendments to Subchapter 5 reduce the fees for entities seeking approval of a continuing education course, increase the fee for instructor applications, and clarify language related to guest instructors. These rule interprets 59 O.S. §§ 858-304 and 858-307.2.

The amendments to Subchapter 7 increase license fees, clarify requirements for certain brokers seeking reinstatement or activation of a license, and incorporate all current licensure options for active duty military and military spouse applicants. These rule interprets 59 O.S. §§ 858-306, 858-307.1, 385-307.2 and 59 O.S. § 4100 *et seq.*

The new Section 605:10-7-11 codifies and incorporates newly implemented laws requiring state agencies to keep a transparent list of felony crimes that disqualify an applicant upon conviction and provides applicants with the means to request an initial determination from the agency as well as an appeals process. This rule interprets 59 O.S. § 858-301.1.

The amendments to Subchapters 9 and 11 modify the fee for changing information that requires issuance of a new license and provides that team members must hold an active license and that sales associates must only register one entity for the purpose of receiving compensation. These rule interprets 59 O.S. §§ 858-305 and 858-307-1.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF NOVEMBER 1, 2020:

SUBCHAPTER 3. EDUCATION AND EXAMINATION REQUIREMENTS

605:10-3-2. Application for license

(a) Requirements for completing application.

(1) Any person seeking a real estate license shall make application for such license on a form provided by the Commission. The form shall contain, but not be limited to, the following:

(A) Legal name to include first, middle and last name.

(B) Routine biographical information.

(C) License history in Oklahoma and other states.

(D) Criminal and/or civil charges or convictions, including bankruptcy and judgments.

(E) Compliance with Title 59 O.S. 858.301.1 regarding felony convictions.

~~(F) Recent photograph.~~

~~(G) Birth date.~~

~~(H) Evidence of successful completion of course requirement as specified in the "Code".~~

~~(I) If applicable, evidence of transaction experience as specified in the "Code."~~

~~(J) If applicable, evidence of successful completion of the Broker in Charge course.~~

~~(K) A sworn statement as to accuracy of the application information.~~

~~(L) Documentation required for compliance necessary to verify citizenship, qualified alien status, and eligibility under the Personal Responsibility and Work Opportunity Reconciliation Act of 1996.~~

~~(M) Social security number, pursuant to Title 56, Oklahoma Statutes, Section 240.21A.~~

(NM) Submit to a national criminal history record check, as defined by Section 150.9 of Title 74 of the Oklahoma Statutes. A fee amount, not to exceed sixty dollars (\$60.00), shall be sent to the Commission to begin the process of the national criminal history check.

(i) A completed national criminal history record check, completed for the Commission, shall be valid for six (6) months from the date of issuance from the issuing authority.

(ii) In the event an applicant is not physically able to submit to finger printing, other applicant identifiers shall be utilized, i.e., name, birth date and social security number.

(2) An applicant indicating a bankruptcy or judgment, criminal and/or civil charges or convictions on the application, must submit with the application official documents to the Commission which pertain to the disposition of the matter. If official documents are unable to be obtained, a detailed letter explaining the matter(s) must be attached to the application.

(b) **Applicant shall appear for examination.** Each applicant shall appear for an examination as soon as possible subsequent to the filing of an approved application or the signing of a form as required in 605:10-3-3. Each applicant shall allow a photograph to be taken of them at the time they take their real estate examination.

~~(c) **Applicant must be of good moral character.** The application submitted by an individual seeking a license must indicate that the applicant possesses a reputation for honesty, truthfulness, trustworthiness, good moral character, and that he or she bears a good reputation for fair dealing.~~

~~(d) **Determining good moral character.** In determining whether or not an applicant meets the definition of good moral character, the Commission will consider, but not be limited to, the following:~~

~~(1) Whether the probation period given in a conviction or deferred sentence has been completed and fully satisfied to include fines, court costs, etc.~~

~~(2) Whether the restitution ordered by a court in a criminal conviction or civil judgement has been fully satisfied.~~

~~(3) Whether a bankruptcy that is real estate related has been discharged.~~

~~(4) Whether an applicant has been denied licensure or a license has been suspended or revoked by this or any other state or jurisdiction to practice or conduct any regulated profession, business or vocation because of any conduct or practices which would have warranted a like result under the Oklahoma "Code".~~

~~(5) Whether an applicant has been guilty of conduct or practices in this state or elsewhere which would have been grounds for revocation or suspension under the current Oklahoma "Code" had the applicant been licensed.~~

~~(e) **Subsequent good conduct.** If, because of lapse of time and subsequent good conduct and reputation or other reason deemed sufficient, it shall appear to the Commission that the interest of the public will not likely be in danger by the granting~~

~~of such license, the Commission may approve the applicant as relates to good moral character.~~

(c) **Application Fee.** A one-time application processing fee of Thirty Five Dollars (\$35.00) shall accompany all applications for original licensure.

605:10-3-7. Provisional sales associate post-license education requirement

(a) **Purpose.** The purpose of the provisional sales associate post-license education requirement is to provide an educational program through which real estate provisional sales associate licensees can become more competent, knowledgeable and perfect their ability to engage in real estate activities for which they are licensed. Such activities involve facts and concepts which licensees must be knowledgeable in order to safely and confidently conduct real estate negotiations and transactions in the public's best interest.

(b) **Goals.** The goals of the provisional sales associate post-license education requirements are:

(1) To provide newly licensed individuals with the opportunity to obtain current information and knowledge to enable them to conduct real estate negotiations and transactions in a legal and professional manner in order to better protect public interest.

(2) To assure that licensees are provided with relevant information pertaining to practices which directly relate to real estate business.

(3) To assure that the provisional sales associate is provided with information regarding new and/or changing laws and regulations which affect the real estate business.

(4) To assure that the consumers' interest is protected from unknowledgeable licensees.

(c) **Objectives.** The objectives of post-license education are to:

(1) Assist newly licensed individuals by having available a practical educational program wherein the information attained can be put into practice.

(2) To help licensees expand and enhance their knowledge and expertise so as to continually be effective, competent, and ethical as they practice real estate.

(3) To encourage licensees to gain additional education for specialization in particular areas of real estate.

(d) **Subject content.** On and after July 1, 1993, a provisional sales associate shall be required to successfully complete prior to the first license expiration date, forty-five (45) clock hours of post-license education or its equivalent as determined by the Commission. Such course of study shall be referred to as the Provisional Post-license Course of Real Estate, Part II of II and shall encompass the following areas of study:

- (1) Real Estate Marketplace
- (2) Marketing Real Estate
- (3) Personal Marketing
- (4) The Qualifying Process
- (5) Prospecting and Negotiating
- (6) Financing Real Estate, Investments and Exchanges
- (7) Financial Documents
- (8) Duty to Account

Permanent Final Adoptions

- (9) Title Search
 - (10) Risk Management
 - (11) At least three (3) clock hours of Broker Relationships with Parties to a Transaction
 - (12) Property Management
 - (13) At least three (3) clock hours of Laws and Regulations Affecting Real Estate Practice, including Code and Rules
 - (14) Disciplinary Action
 - (15) At least three (3) clock hours of Contracts and Forms
 - (16) At least three (3) clock hours of Professional Conduct and Ethics
 - (17) At least three (3) clock hours of Fair Housing.
- (e) **Equivalent course content.** The Commission may approve and/or accept any offering or combination of offerings which consists of forty-five (45) clock hours or more or its equivalent as determined by the Commission provided by an entity which meets the purposes, goals and objectives of the provisional sales associate post-license education requirement.
- (f) **Offerings.**
- (1) The Commission may accept the following offerings as proof of meeting the post-license education requirement:
 - (A) Any offering which is approved and presented by those entities enumerated in Title 59, O.S., subsection B, of 858-307.2 of the "Code."
 - (B) Any offering in real estate, or directly related area, approved and/or accepted by the real estate regulatory agency in another state; provided such offering is not excluded elsewhere in this Chapter.
 - (C) Any offering in real estate, or directly related area, not accepted in paragraphs (A) or (B) of this subsection, which can be determined by the Commission to be in compliance with the intent of the rules of this Chapter.
 - (2) The Commission has the authority to disapprove any offering which fails to meet the purposes, goals and objectives of this Section.
- (g) **Licensee responsible for notification to Commission.** Each provisional sales associate shall be responsible to furnish evidence to the Commission of having successfully completed a Commission approved forty-five (45) clock hour post-license education course or its equivalent as determined by the Commission. Upon successful completion of the post-license education requirement, evidence must be submitted on or before license expiration and on a form approved by the Commission.
- (h) **Failure to complete post-license education requirement prior to license expiration.** A provisional sales associate who fails to complete the post-license education requirement prior to the first expiration date of the provisional sales associate license, shall not be entitled to renew such license within six (6) months from the date of issuance, shall be placed on inactive status until evidence of successful completion is submitted to the Commission. A provisional sales associate who fails to complete the post-license education requirement prior to the first expiration date of the provisional

sales associate license, shall not be entitled to renew such license.

(i) **Evidence of completion.** As evidence of having completed the education requirement, each provisional sales associate shall present one or more of the following as required by the Commission:

- (1) A certificate, and/or documents, statements and forms, as may reasonably be required by the Commission, or
- (2) A certified transcript; however, if such offering is taken as an accredited C.E.U. (Continuing Education Unit) a certificate may be accepted in lieu of the transcript.

(j) **Attendance and successful completion required for in-class credit.** To complete any in-class offering, a person must physically be present during all of the offering time and successfully complete all course requirements and an examination.

(k) **Successful completion of materials and examination required for distance education credit.** To complete a distance education offering, a person must successfully complete all course requirements to include all modules and an examination.

(l) **Course limitations.** The following course limitations shall apply:

- (1) A provisional sales associate shall only be given credit for courses specifically approved by the Commission.
- (2) Educational courses taken for disciplinary reasons do not count towards the normal post-license education requirement.

(m) **Extension of time for completion of post-license course for provisional sales associate that has received orders for active military service.** A provisional sales associate that has received orders for active military service may request an extension of time to complete the post-license education requirement if the request is received in writing prior to the expiration of the license. The request must be accompanied by a copy of the military orders for active military service. The extension of time shall be one (1) year from the date of return from active military service. In conformance with §858-309, a licensee on active military service shall request an inactive status prior to each term for which the license is to be issued. If an extension is approved, a provisional sales associate shall be allowed to renew their license by requesting an inactive status in writing prior to each term for which the license is to be issued.

SUBCHAPTER 5. INSTRUCTOR AND ENTITY REQUIREMENTS AND STANDARDS

605:10-5-1. Approval of pre-license course

(a) **Course approval.** Any person or entity seeking to conduct an approved course of study shall make application and submit documents, statements and forms as may reasonably be required by the Commission. The request shall include the following:

- (1) Completed course application.

- (2) Application fee of One Hundred Twenty-five Dollars (\$125.00) for each course.
- (3) An approved course syllabus encompassing the contents enumerated in 605:10-3-1 and divided by instructional periods, the name, author and publisher of the primary textbook, or a statement stating the entity will use OREC syllabus and other items as may be required by the Commission.
- (b) **Course offering requirements.**
- (1) An entity not conducting an applicable approved course within any thirty-six (36) month period shall automatically be removed from approved status. In such event, the person and/or entity must re-apply as an original applicant.
- (2) If a course of study is to be conducted in the name of a corporation, the application shall include the names and addresses of all directors and officers.
- (3) An approved entity shall immediately report any changes in information in regards to the application previously filed with the Commission.
- (c) **Denied applications.** No portion of the fees enumerated in this section are refundable. If an instructor, entity or course application is not approved, the applicant may appeal the decision by filing a written request for a hearing before the Commission. The hearing procedure shall be that as outlined in 605:10-1-3 titled "Appeal of administrative decisions; procedures."
- (d) **Advertising course offerings.** No person or entity sponsoring or conducting a course of study shall advertise the course as approved prior to the course receiving approval from the Commission. Further, no person or entity sponsoring or conducting a course of study shall advertise that it is endorsed, recommended or accredited by the Commission although such person or entity may indicate that a course of study has been approved by the Commission.
- (e) **Instructor application and approval requirements.** An individual determined by the Commission to possess one or more of the following qualifications may, upon receipt of an application and evidence of education and/or experience, be considered for approval as an approved instructor. Each application for approval must be accompanied by a Twenty-Five Dollar (\$25.00) application fee and documentation required for compliance necessary to verify citizenship, qualified alien status, and eligibility under the Personal Responsibility and Work Opportunity Reconciliation Act of 1996. In order to qualify, an individual must possess proof of one of the following:
- (1) A bachelor's degree with a major in real estate from an accredited college or university.
- (2) A bachelor's degree from an accredited college or university, and at least two (2) years of applicable active experience within the previous ten (10) years as a real estate broker or sales associate.
- (3) A real estate broker or sales associate licensed in Oklahoma with a minimum of five (5) years applicable active experience within the previous ten (10) years as a real estate broker or sales associate and proof of high school education or its GED equivalent.
- (4) An individual determined by the Commission to possess a combination of education and/or applicable active broker or sales associate experience in real estate or real estate related fields which constitutes an equivalent of one or more of the qualifications in paragraphs (1), (2), or (3) of this subsection.
- (f) **Course content examination.** Final approval will be considered after the instructor applicant has paid the appropriate examination fee and successfully completed an applicable examination with a passing score of 80% or more. If an instructor applicant has successfully taken an applicable license examination with a passing score of 80% or more within thirty (30) days of filing an instructor application, the passing score may be utilized to meet the applicable examination requirement in this section.
- (g) **Instructor renewal requirements.**
- (1) In order to maintain approved status an instructor must comply with the following:
- (A) Attend a Commission directed Instructor Renewal Course every twenty-four (24) months or successfully complete nationally recognized teacher modules consisting of at least 3 clock hours of credit as approved by the Commission.
- (B) Complete one of the following:
- (i) Furnish evidence that the instructor has taught a Commission approved pre-license course, or any other real estate related course(s) the Commission determines to be equivalent, within a required thirty-six (36) month period;
- (ii) Successfully pass the applicable sales or broker examination with a score of 80% or more; or
- (iii) Furnish evidence to the Commission that the instructor has audited an in-class pre-license course, in its entirety, that must be validated by the school instructor or director.
- (2) Any instructor not meeting the requirements of this subsection will be required to re-apply as an original instructor applicant.
- (h) **Guest instructors.** Guest instructors may be utilized ~~for in-class instruction~~ provided an approved instructor is also present during presentations. Total guest instruction and lectures shall not consume more than thirty percent (30%) of the total course time.
- (i) **Instructor and entity requirements.**
- (1) **Instructor must be present.** An approved instructor must be present in the same room during all in-class course instruction for students to receive credit toward course completion.
- (2) **Retention of records.** An instructor/entity shall maintain enrollment records and roll sheets which include number of hours completed by each student for seven (7) years.
- (3) **Course completion certificate.** Each individual successfully completing a course of study approved by the Commission shall be furnished a certificate prescribed or approved by the Commission certifying completion. The Commission shall accept from a college or university a

Permanent Final Adoptions

certified transcript or a course completion certificate as prescribed by the Commission.

(4) **Commission authorized to audit and inspect records.** A duly authorized designee of the Commission may audit any offering and/or inspect the records of the entity at any time during its presentation or during reasonable office hours or the entity may be required to provide the records to the Commission.

(5) **Clock hours and breaks.** Not more than one clock hour may be registered within any one sixty (60) minute period and no more than ten (10) minutes of each hour shall be utilized for breaks.

(6) **Class size limited.** Instructor ratio to students shall not exceed sixty (60).

(j) **Facility requirements.** The offering entity shall ensure that all classroom facilities have adequate lighting, seating space and technology to meet the needs of the student. The classroom area shall be free of distractions and noise.

(k) **Disciplinary action.** An approved course of study, director, and/or instructor may be withdrawn or disciplined as outlined in Title 59, O.S., Section 858-208, paragraph 6 either on a complaint filed by an interested person or the Commission's own motion, for the following reasons, but only after a hearing before the Commission and/or a Hearing Examiner appointed by the Commission:

(1) In the event the real estate license of a director is suspended or revoked, the course of study shall automatically be revoked.

(2) In the event the real estate license of an instructor is suspended or revoked.

(3) Failure to comply with any portion of the Code or the rules of this Chapter.

(4) Failure of an approved entity to maintain a 50% or better pass/fail ratio on the Commission examinations.

(5) Falsification of records and/or application(s) filed with the Commission.

(6) False and/or misleading advertisement.

(7) Any other improper conduct or activity of the director, instructor, or entity as may be determined by the Commission to be unacceptable.

605:10-5-2. Approval of a continuing education course

(a) **Approval and expiration of application.** An entity seeking to conduct an approved continuing education course shall make application for the approval or renewal of each course. Such approval or renewal shall expire at the end of the thirty-sixth (36) month including the month of issuance.

(b) **Application form.** Entities seeking approval of a course ~~or group of courses totaling thirty six (36) hours or less~~ shall submit an application on a form prescribed by the Commission along with a nonrefundable fee of ~~seventy dollars (\$70.00)~~ Twenty Five Dollars (\$25.00) per course. ~~Each application is limited to thirty six (36) hours and shall be submitted on a separate application and accompanied by a non refundable fee of seventy dollars (\$70.00). Such application shall be made on a form prescribed by the Commission.~~ Each

application shall include, but is not limited to, the following information:

(1) The name(s), address(es), and telephone number(s) of the sponsoring entity, the owner(s), and the coordinator/director responsible for the quality of the course.

(2) The title(s) of the course or courses.

(3) The number of hours in each course.

(4) A copy of each course's curriculum, including comprehensive course objectives, a detailed outline of the course subject matter and instructor(s) for each course.

(5) The method the entity will use to evaluate the course offering.

(6) The procedure the entity will use to monitor attendance.

(7) A personal resume indicating name(s) and qualifications of the instructor(s).

(8) Any other relevant information useful in determining that the entity is presenting a course which will meet the definition, purposes, goals and objectives adopted by the Commission.

(9) A statement attesting to the fact that in accepting approval as a continuing education entity, the entity will protect and promote the purposes, goals and objectives of continuing education as stated in the License Code and Rules.

(c) **Commission course approval notice.** The Commission shall within sixty (60) days after receipt of an application inform the entity as to whether the course has been approved, denied, or whether additional information is needed to determine the acceptability of the course.

(d) **Course renewal requirements.** Upon expiration of the time period, as stated in sub-paragraph (a) of this rule, an application for renewal of any course ~~or group of courses~~ by an entity shall also be accompanied by a non-refundable application fee of ~~Seventy Dollars (\$70.00)~~ Twenty Five Dollars (\$25.00) per course for a thirty-six (36) month period. Renewal applications shall be subject to the same requirements as original applications; however, the renewal application shall be submitted prior to expiration of the course(s).

(e) **Change of information notice requirement.** Whenever there is any change in a course, the entity shall notify the Commission prior to the effective date of the change. Such change shall not be considered approved until written notice is received from the Commission.

(f) **Advertising of course offering.** An entity advertising a course as being approved for continuing education credit shall state in such advertisement, "Approved by the Commission for (correct number) hours of continuing education credit." No entity sponsoring or conducting a course of study shall advertise the course as approved prior to the course receiving approval from the Commission. Further, no entity sponsoring or conducting a course of study shall advertise that it is endorsed, recommended or accredited by the Commission.

(g) **Course requirements and limitations.**

(1) A course will not be approved by the Commission if its duration is less than one (1) clock hour or its equivalent as determined by the Commission.

(2) To meet the statutory requirement, a clock hour shall equal sixty (60) minutes, with no more than ten minutes of each hour utilized for breaks.

(3) An entity conducting an approved continuing education course shall, within seven (7) days of the completion thereof, successfully submit to the Commission the list of name(s), license number(s) and other personal identifiers of those licensees who have successfully completed the course. The information shall be submitted to the Commission by way of electronic format as required by the Commission, along with other information which may reasonably be required.

(4) Each licensee successfully completing a course shall be furnished a completion certificate, prescribed or approved by the Commission.

(5) Each course shall be presented in a facility necessary to safely and properly present the course.

(6) An approved instructor must be present in the same room during all in-class course instruction for students to receive credit toward course completion. If an instructor is presenting a Commission approved in-class course offering which is delivered to the licensees by way of electronic means to receiving sites other than where the instructor is presenting, the Commission may require that each receiving entity site have an in-class person monitoring the class in lieu of a Commission approved instructor.

(h) **Recruitment disallowed.**

(1) A coordinator/director or instructor shall not allow the classroom to be used by anyone to advertise and/or recruit new affiliates for any firm. The coordinator/director shall cause the following statement to be posted in the classroom in such a manner as will be readable by all participants: "No recruiting for employment opportunities for any real estate brokerage firm is allowed in this class. Any recruiting on behalf of, or permitted by, the Instructor should be promptly reported to the Oklahoma Real Estate Commission."

(2) An instructor shall not wear any identification relating to a specific name or identity of a real estate firm, a group of companies or franchises while in the class or on the premises.

(i) **Instructor application and approval requirements:**

An individual may, upon receipt of an application and evidence of education and/or experience, be considered for approval as an instructor for a three (3) year period including the month of approval. Each application ~~for approval and subsequent renewal~~ must be accompanied by a ~~Ten Dollar (\$10.00) non-refundable~~ Fifty Dollar (\$50.00) application fee. In order to qualify, an individual must possess proof of one of the following:

- (1) Possession of a bachelor's degree in a related field.
- (2) Possession of a valid teaching credential or certificate from Oklahoma or another jurisdiction authorizing the holder to instruct in an applicable field of instruction.
- (3) Five (5) years full-time experience out of the previous ten (10) years in a profession, trade, or technical occupation in the applicable field of instruction.

(4) An individual determined by the Commission to possess a combination of education and/or experience, in a field related to that in which the person is to instruct, which constitute an equivalent to one or more of the qualifications in (1), (2) or (3) of this subsection.

(j) **Denied application; appeal.** If the Commission is of the opinion that a proposed continuing education offering does not qualify under the Code and/or Rules of the Commission, the Commission shall refuse to approve the offering and shall give notice of that fact to the party applying for approval within fifteen (15) days after its decision. Upon written request from the denied party, filed within thirty (30) days after receipt of the notice of denial, the Commission shall set the matter for hearing to be conducted within sixty (60) days after receipt of the request. The hearing procedure shall be that as outlined in 605:10-1-3, titled "Appeal of administrative decisions; procedures."

(k) **Disciplinary action.** The Commission may withdraw or discipline as outlined in Title 59, O.S., Section 858-208, paragraph 6 the approval of a coordinator/director, instructor, offering or entity either on a complaint filed by an interested person or on the Commission's own motion, for any of the following reasons, but only after a hearing before the Commission and/or a Hearing Examiner appointed by the Commission:

- (1) In the event the real estate license of an instructor and/or coordinator/director is revoked or suspended.
- (2) Failure to submit all documents, statements and forms as may be reasonably required by the Commission.
- (3) Falsification of records and/or applications filed with the Commission.
- (4) False and/or misleading advertising.
- (5) Failure to revise an offering so as to reflect and present current real estate practices, knowledge, and laws.
- (6) Failure to maintain proper classroom order and decorum.
- (7) Any conduct which gives the coordinator/director, instructor or entity presenting the offering an unfair advantage over other brokers and/or real estate companies.
- (8) Failure to comply with any portion of the Code or rules of this Chapter.
- (9) Any other improper conduct or activity of the director, instructor, or entity the Commission determines to be unacceptable.

(l) **Retention of records.** An instructor/entity shall maintain enrollment records and roll sheets which include number of hours completed by each student for seven (7) years.

(m) **Commission authorized to audit.** A duly authorized designee of the Commission may audit any offering and/or inspect the records of the entity at any time during its presentation or during reasonable office hours or the entity may be required to provide the records to the Commission.

(n) **Licensee/Instructor course credit.**

- (1) A licensee who is the instructor of an approved offering for continuing education shall be credited with one (1) hour for each hour of actual instruction performed.
- (2) An instructor may not receive continuing education credit for instructing an offering more than one time during a license term.

Permanent Final Adoptions

- (3) Records of such instruction shall be reported and maintained in the same manner as prescribed for participants elsewhere in the rules of this Chapter.
- (o) **Guest instructors.** Guest instructors may be utilized ~~for in-class instruction~~ provided an approved instructor is also present during presentations. Total guest instruction and lectures shall not consume more than thirty percent (30%) of the total course time.

SUBCHAPTER 7. LICENSING PROCEDURES AND OPTIONS

605:10-7-2. License terms and fees; renewals; reinstatements

(a) **License term and fees.** Each original license issued under the Code shall be issued to expire at the end of the thirty-sixth (36) month including the month of issuance. Each original provisional sales associate license issued under the Code shall be issued to expire at the end of the twelfth (12th) month including the month of issuance. Fees are non-refundable and are as follows:

- (1) For an original broker license and each subsequent license renewal, to include corporations, associations or partnerships, the fee shall be ~~Two Hundred and Ten Dollars (\$210.00)~~Two Hundred and Eighty Dollars (\$280.00).
- (2) For an inactive original broker license and each subsequent inactive license renewal, with the exception of corporations, associations or partnerships, the fee shall be ~~One Hundred and Twenty five Dollars (\$125.00)~~One Hundred and Sixty Dollars (\$160.00). In order to activate a license that was renewed inactive in the same license term, the licensee shall pay ~~One Hundred and Thirty Dollars (\$130.00)~~One Hundred and Sixty Five Dollars (\$165.00). Thereafter, any future request to activate in the same license term shall be in accordance with Rule 605:10-7-4.
- (3) For an original broker associate license and each subsequent license renewal, the fee shall be ~~One Hundred and Eighty Dollars (\$180.00)~~Two Hundred and Forty Five Dollars (\$245.00).
- (4) For an inactive original broker associate license and each subsequent inactive license renewal, the fee shall be ~~One Hundred and Ten Dollars (\$110.00)~~One Hundred and Fifty Dollars (\$150.00). In order to activate a license that was renewed inactive in the same license term, the licensee shall pay ~~One Hundred and Fifteen Dollars (\$115.00)~~One Hundred and Fifty Five Dollars (\$155.00). Thereafter, any future request to activate in the same license term shall be in accordance with Rule 605:10-7-4.
- (5) For an active original sales associate license and each subsequent active license renewal the fee shall be ~~One Hundred and Fifty Dollars (\$150.00)~~Two Hundred Dollars (\$200.00).
- (6) For an inactive original sales associate license and each subsequent inactive license renewal the fee shall be ~~Ninety five Dollars (\$95.00)~~One Hundred and

Twenty Five Dollars (\$125.00). In order to activate a sales associate license that was renewed inactive in the same license term, the licensee shall pay ~~One Hundred Dollars (\$100.00)~~One Hundred and Thirty Five Dollars (\$135.00). Thereafter, any future request to activate in the same license term shall be in accordance with Rule 605:10-7-4.

(7) For an original provisional sales associate license that is non-renewable the fee shall be ~~Seventy Dollars (\$70.00)~~Ninety Five Dollars (\$95.00).

(8) For an original branch office license and each subsequent license renewal the fee shall be ~~One Hundred and Twenty five Dollars (\$125.00)~~One Hundred and Seventy Dollars (\$170.00).

(9) For each duplicate license or pocket card, where the original is lost or destroyed, and a written request is made, a fee of Seven Dollars and fifty cents (\$7.50) shall be charged.

(10) The Fifteen Dollar (\$15.00) Education and Recovery Fund fee, shall be added and payable with the license fee for an original license and for each subsequent license renewal. Exceptions to this rule are: 1) a provisional sales associate license fee shall be Five Dollars (\$5.00) for their twelve (12) month license term; and, 2) a branch office shall not pay the fee.

(b) **Terms cannot be altered.** Terms shall not be altered except for purposes of general reassignment of terms which might be necessitated for the purpose of maintaining an equitable staggered license term system.

(c) **Expiration date.** The actual expiration date of a license shall be midnight of the last day of the month of the designated license term. A person who allows their license to expire shall be considered an applicant and subject to a national criminal history record check, as defined by Section 150.9 of Title 74 of the Oklahoma Statutes.

(d) **Late penalty.** All renewals shall be filed on or before midnight of the tenth day of the month in which said license is due to expire, except in the event that date falls on a Saturday, Sunday or holiday; in such case, the next Commission working day shall be considered the due date for all renewals except electronic online renewal wherein this exception would not apply. Any such renewal application filed after such date shall be subject to a late penalty fee of Ten Dollars (\$10.00).

(e) **Actual filing of license renewal.** A license shall lapse and terminate if a renewal application and required fees have not been filed with the Commission by midnight of the date on which the license is due to expire, except in the event that date falls on a Saturday, Sunday or holiday; in such a case, the next Commission working day shall be considered the due date. A renewal application and required fees are considered filed with the Commission on the date of the United States postal service postmark or the date personal delivery is made to the Commission office.

(f) **Reinstatement of license.** Any licensee whose license term has expired shall be considered for reinstatement of same such license upon payment of an amount equal to the current examination fee in addition to the license and late penalty

fee(s) for each delinquent license period(s). The following documents and fees must be submitted:

- (1) **Lapsed less than one year.** In the case of a license lapsed less than one year:
 - (A) License and late penalty fee.
 - (B) Reinstatement fee.
 - (C) National criminal history check.
 - (D) Documents as required by the Commission.
- (2) **Lapsed more than one year but less than three years.** In the case of a license lapsed more than one year but less than three years:
 - (A) License and late penalty fee.
 - (B) Reinstatement fee.
 - (C) National criminal history check.
 - (D) A completed reinstatement application.
 - (E) Successful completion of the appropriate licensing examination.
 - (F) A statement that the applicant has read a current License Code and Rules booklet.
 - (G) Documents as required by the Commission.
- (3) **Lapsed more than three years.** If an application is submitted more than three (3) years subsequent to the most recent year of licensure, the applicant shall be regarded as an original applicant.
- (g) **Reinstatement of a provisional sales associate license wherein post-license education was completed prior to license expiration date.** An applicant who successfully completed the post-license education requirement before their first license expiration date and failed to renew their license on or before such date shall be eligible to reinstate the license as a sales associate according to 605:10-7-2 (f), (1) through (3).
- (h) **Reinstatement of a provisional sales associate license wherein post-license education was not completed prior to license expiration date.** An applicant who has not successfully completed the post-license education requirement prior to the first license expiration date shall not be eligible to reinstate such license and shall apply and qualify as an original applicant.
- (i) **Reinstatement of revoked license.** An applicant may not apply for re-license or reinstatement of license for a minimum of three (3) years from the effective date of license revocation, except for an applicant whose license was automatically revoked pursuant to Sections 858-402 or 858-604 of Title 59, Oklahoma Statutes. Upon the passage of the three (3) year period, the applicant shall be required to comply with the requirements of an original applicant.
- (j) **Reinstatement of an automatically revoked license.** An applicant who has had their license automatically revoked, pursuant to Section 858-402 or 858-604 of Title 59 of the Oklahoma Statutes, shall be required to comply with the requirements of (f) of this section. In addition, reinstatement will not be granted until all outstanding amounts due the Commission have been paid in full.
- (k) **Reinstatement of a surrendered or cancelled license.** A surrendered or cancelled license applicant may be reinstated provided the applicant has received approval for re-issuance from the Commission. The following forms and fees must be submitted:

- (1) **Reinstatement with term of license still current.** A surrendered or cancelled license applicant whose license term is still current:
 - (A) Applicable reinstatement fee equal to the current examination fee.
 - (B) Re-issuance fee equal to the transfer of license fee.
 - (C) Documents as required by the Commission.
 - (D) Criminal history background check.
- (2) **Reinstatement with term of license expired.** A surrendered or cancelled license applicant whose license term has expired shall be required to comply with the requirements of (f) of this section.
- (3) **Reinstatement of provisional sales associate with term of license expired.** A surrendered or cancelled provisional sales associate whose license term has expired shall be required to comply with the following:
 - (A) If a provisional sales associate completed the post-license requirement on or before the first license expiration date, the applicant shall be eligible to reinstate the license according to 605:10-7-2 (f), (1) through (2).
 - (B) If a provisional sales associate did not complete the post-license requirement on or before the first license expiration date, the applicant shall be required to apply and qualify as an original applicant.
- (l) **Continuing education requirement.** Each licensee with the exception of those as listed in Title 59, O.S., Section 858-307.2 (D) seeking renewal of a license must submit evidence that they have completed the continuing education requirements enumerated in Section 858-307.2 of Title 59. An applicant seeking active reinstatement of a lapsed license must submit evidence that all continuing education requirements have been completed for each term in which an active license is requested.
- (m) **License fees prorated.** If a real estate sales associate qualifies for a license as a real estate broker associate or broker, or if a real estate broker associate qualifies for a license as a real estate broker, the unused license fee shall be credited to the new license fee. The unused license fee credit shall commence with the first full month following the month in which the broker license is to be issued.
- (n) **License expires after effective date of national criminal history check.**
 - (1) Any licensee who allows their license to expire shall be required to submit to a national criminal history check; however, such individual shall be allowed to proceed with reinstatement of such license pending receipt by the Commission of a completed fingerprint card, application Part A, and fee as stated elsewhere in these rules for the background search. If the Commission does not receive a completed Part A of the application and completed fingerprint card and fee within thirty (30) days from the date of request by the Commission, the license will be placed inactive and a hold placed on the license until receipt by the Commission of the aforementioned items. Thereafter, upon receipt by the Commission, the license may be reactivated so long as appropriate reactivation

forms and fees, as stated elsewhere in these rules, have been received by the Commission. However, if the fingerprint card is rejected for the purposes of a national criminal history check, the Commission will provide written notice to the licensee and the licensee must submit a new and unique fingerprint card to the Commission within thirty (30) days of receipt of such notice or the license will be placed on inactive status.

(2) A provisional sales associate who completes the Provisional Post-License Course prior to their first license expiration date but fails to timely renew the license shall be eligible to apply under the requirement under the preceding paragraph. However, after a period of three (3) years from the date of the license expiration such applicant shall no longer be eligible to apply under this section.

(o) **Issuance of license from provisional sales associate to sales associate.** A provisional sales associate is required to furnish to the Commission evidence of successful completion of the Provisional Post- license Course of Real Estate, Part II of II education requirement as set forth in Section 858-302 of Title 59, of the Oklahoma Statutes. Upon successful completion of the Provisional Post-license Course of Real Estate, Part II of II education requirement, the provisional sales associate must submit the appropriate document(s) to the Commission prior to the provisional sales associate's license expiration date for issuance of a renewable sales associate license. The Commission shall not issue the provisional sales associate a renewable sales associate license until the end of the provisional sales associate's license term and until the provisional sales associate has submitted evidence of successful completion of the forty-five (45) clock hour post-license course requirement and submitted all required form(s) and fee(s) as required by the Commission.

(p) **Active sales associate to inactive broker associate, or sales associate and/or broker associate to inactive broker license - no remaining credit to be given.** In the event an active sales associate, within six (6) months of obtaining their original license, reinstatement or license renewal qualifies for an inactive broker associate license, the Commission shall not credit the difference in license fees. In the event an active sales associate or broker associate within six (6) months of obtaining their original license, reinstatement or license renewal qualifies for an inactive broker license, the Commission shall not credit the difference in the license fees.

(q) **Licensee on active duty as a member of the Armed Forces of the United States.**

(1) In accordance with Title 59, O.S., Section 4100.6 of the Post-Military Service Occupation, Education and Credentialing Act while a license holder is on active duty the license may be renewed without payment of the license and education and recovery fund fee and meeting the continuing education requirement. Such waiver shall be requested in writing to the Commission prior to license expiration along with evidence of the order for active duty. The license issued pursuant to this rule may be continued as long as the licensee is a member of the Armed Forces of the United States on active duty and for a period of at least one (1) year after discharge from active duty. Upon

discharge from active duty and a request for license activation, the licensee shall submit to the Commission evidence of successful completion of the continuing education requirement for the current license renewal term.

(2) If a licensee on active duty does not request such a waiver in writing and the license expires, the applicant may, by written request provide the Commission documentation as required in subparagraph (1) of this subsection; however, no later than one (1) year after discharge from active duty.

(3) In the event a license expires during the events as noted herein, the Commission shall waive the criminal history background check and license examination.

(4) **Member of the National Guard or reserve component of the armed forces.** In accordance with Title 72, Chapter 1, Section 48.2 Extension and Renewal of Professional Licenses, any licensee whose license expires while on active duty as a member of the National Guard or reserve component of the armed forces shall be extended until no later than one (1) year after the member is discharged from active duty status. Upon the Commission receiving a copy of the official orders calling the member or reservist to active duty and official orders discharging the member or reservist from active duty all licensee fee and continuing education shall be waived for this time period as well as the criminal history background check and license examination.

(r) **Reinstatement for corporation, association or partnership.**

(1) A corporation, association or partnership that has lapsed for less than three (3) years that wishes to reinstate must submit:

(A) License and late penalty fees.

(B) Reinstatement forms and documents as required by the Commission.

(C) If the corporation or association has been lapsed for more than sixty (60) days, a current "Certification of Good Standing."

(2) Any corporation, association or partnership that has lapsed for more than three (3) years must submit an original application to be considered for licensure.

(s) **Reinstatement for branch offices.**

(1) A branch office that is lapsed for less than three (3) years that wishes to reinstate must submit:

(A) License fee and late penalty fees.

(B) Reinstatement forms and documents as required by the Commission

(2) Any branch office that has lapsed for more than three (3) years must submit an original application as a new branch office.

(t) **Specific license fees waived for low-income individuals.** In accordance with Title 59, Section 4003, any applicant who can present satisfactory evidence of being a low-income individual shall receive a one-time one-year waiver of the licensure fees as outlined in 605:10-7-2 (a.) Such waiver shall be prorated for a multi-year license so that the applicant shall only receive a waiver for one year of the applicable license fees. For the purposes of this section, "low-income individual"

means an individual who is enrolled in a state or federal public assistance program, or whose household adjusted gross income is below 140% of the federal poverty line or a higher threshold to be set by the executive branch department that oversees business regulation. Satisfactory evidence that the applicant is a low-income individual must be made upon forms provided by the Commission and must be presented upon application for original licensure.

605:10-7-9. Nonresident licensing

(a) **Nonresident licensed in another jurisdiction.** A nonresident applicant may apply to the Commission for a license to operate as a nonresident by submitting all appropriate documents as required by the Commission and furnish evidence that the applicant possesses a current active license in the applicant's resident jurisdiction or another jurisdiction in which the applicant has qualified for a license. No license shall be issued to any nonresident applicant at a higher level than the highest license of any current active license in the applicant's resident jurisdiction or another jurisdiction in which the applicant has qualified for a license. All nonresidents shall be required to complete the appropriate examination as required by the Commission. No inactive license experience may be credited to qualify under this section. The Commission may issue a nonresident license if such nonresident has qualified and maintains a license in another jurisdiction and meets the following qualifications:

(1) A nonresident applicant who has been actively licensed as a sales associate or broker respectively for a minimum of two (2) years out of the previous five (5) years.

(A) A nonresident applicant that applies under this paragraph must complete and submit the following:

- (i) Appropriate application(s).
- (ii) License certification(s) from the jurisdiction in which the applicant has held and/or currently holds a license.
- (iii) Criminal history background application, fingerprint card and fee.
- (iv) Examination fee and successful completion of the state portion of the examination.
- (v) Consent for service of jurisdiction form.
- (vi) Proof of completion of at least one (1) continuing education clock hour in each of the following Oklahoma-specific subjects: Broker Relationships Act, Contracts and Forms, and Code and Rule Updates.

(B) Upon the Commission granting approval to the nonresident applicant for licensure in this jurisdiction, the applicant must complete and submit the following:

- (i) appropriate license application form(s) along with license and education and recovery fund fees.

(2) A nonresident applicant who has been actively licensed less than two (2) years as a sales associate or broker respectively out of the previous five (5) years must successfully complete the appropriate examination.

(A) A nonresident applicant applying under this paragraph must complete and submit the following:

- (i) Appropriate application(s).
- (ii) License certification(s) from jurisdiction(s) in which the applicant has held and/or currently holds a license.
- (iii) Criminal history background application, fingerprint card and fee.
- (iv) Examination fee and successful completion of the entire appropriate examination.
- (v) Consent for service of jurisdiction form.
- (vi) Proof of completion of at least one (1) continuing education clock hour in each of the following Oklahoma-specific subjects: Broker Relationships Act, Contracts and Forms, and Code and Rule Updates.

(B) Upon the Commission granting approval to the nonresident applicant for licensure in this jurisdiction, the applicant must complete and submit the following:

- (i) Appropriate license application form(s) along with license and education and recovery fund fees.

(b) **Nonresident agreement.** The Commission may enter into a nonresident agreement with another jurisdiction and thereby qualify actively licensed nonresident applicants for licensing in this jurisdiction provided the Commission determines that the educational and experience requirements of the other jurisdiction are equivalent or equal to this jurisdiction; however, the applicant shall be required to comply with paragraph (a)(1)(A) and (B) of this section.

(c) **Nonresident applicant that is inactive in another jurisdiction.** A nonresident applicant who holds an inactive license in another jurisdiction and is unable to meet the requirement under paragraph (a) of this section may apply to the Commission for a license to operate as a nonresident provisional sales associate or broker by submitting all appropriate documents and successfully completing all requirements as required by the Commission.

(1) The nonresident applicant must complete and submit the following:

- (A) Appropriate application(s).
- (B) Criminal history background application, fingerprint card and fee.
- (C) Qualify as an original applicant by submitting proof of appropriate required education.
- (D) Examination fee and successful completion of the entire appropriate examination.
- (E) License certification(s) from the jurisdiction(s) in which the applicant holds or has held a license.
- (F) Consent for service of jurisdiction form.
- (G) Proof of completion of at least one (1) continuing education clock hour in each of the following Oklahoma-specific subjects: Broker Relationships Act, Contracts and Forms, and Code and Rule Updates.

(2) Upon the Commission granting approval to the nonresident applicant for licensure in this jurisdiction, the applicant must complete and submit appropriate license

Permanent Final Adoptions

application form(s) along with license and education and recovery fund fees.

(d) **Consent for service of jurisdiction.** Prior to the issuance of a license to a nonresident, such nonresident shall file with the Commission a designation in writing that appoints the Secretary-Treasurer of the Commission to act as the licensed agent, upon whom all judicial and other process or legal notices directed to such nonresident licensee may be served. Service upon the agent so designated shall be equivalent to personal service upon the licensee. Copies of such appointment, certified by the Secretary-Treasurer of the Commission, shall be deemed sufficient evidence thereof and shall be admitted into evidence with the same force and effect as the original thereof. In such written designation, the licensee shall agree and stipulate that any notice or instrument which is served upon such agent shall be of the same legal force and validity as if served upon the licensee, and that the authority shall continue in force so long as any liability remains outstanding in this state. Upon receipt of any such process or notice the Secretary-Treasurer shall forthwith mail a copy of the same, by certified mail, to the last known business address of the licensee.

(e) **License history and application requirements.** Prior to the approval of the application, the nonresident must file with the Commission a certification of licensure from the real estate licensing jurisdiction of the licensee's resident jurisdiction and/or other jurisdictions in which the applicant has held or currently holds a license. The applicant shall pay the Commission the same examination fee and license fee as provided in the "Rules" for the obtaining of a resident sales associate or broker license in this jurisdiction. The certification of licensure shall be valid for sixty (60) days from date of issuance.

(f) **Approved application valid for ninety (90) days.** An approved application shall be valid for ninety (90) days.

(g) **Stipulations.** Nonresident licenses granted under the provisions of this section shall remain in force, only as long as such nonresident remains licensed in good standing in this jurisdiction or any other jurisdiction in which the nonresident is or has been licensed.

(h) **Co-brokerage arrangements.** A broker of this jurisdiction may participate in a cooperative brokerage arrangement with a broker of another jurisdiction provided that each broker conducts real estate activities only in the jurisdiction in which they are licensed.

(i) **Request for license transfer.** In the event a nonresident Oklahoma licensee desires to transfer the license and obtain a resident Oklahoma license or desires to transfer the license to another jurisdiction, the nonresident licensee shall be required to meet all applicable requirements and pay the appropriate change of address fee and submit all appropriate documents as required by the Commission. In the event a resident Oklahoma licensee desires to transfer the license and obtain a nonresident Oklahoma license, the licensee shall be required to pay the appropriate change of address fee and complete and submit all appropriate documents as required by the Commission.

(j) **Continuing education.** If a nonresident licensee completes the continuing education requirement of another jurisdiction for license renewal, the Commission will require proof of completion of at least one (1) continuing education

clock hour in each of the following Oklahoma-specific subjects for license renewal: Broker Relationships Act, Contracts and Forms, and Code and Rule Updates. If a nonresident licensee is exempt from meeting a continuing education requirement in another jurisdiction then the licensee must meet the Oklahoma continuing education requirement as follow:

(1) Each licensee shall have completed of said twenty-one (21) clock hours of continuing education six (6) clock hours of required subject matter as directed by the Commission

(2) The required subject matter, or its equivalent, as determined by the Commission, shall consist of all following subjects each license term: Professional Conduct, Broker Relationships Act, Fair Housing, Contracts and Forms, Code and Rules Updates and Current Issues. The remaining fifteen (15) clock hours may consist of elective subject matter as approved by the Commission

(3) Any licensee may complete the Broker in Charge course as approved by the Commission consisting of fifteen (15) clock hours in lieu of the required subject matter.

(4) Any Broker who holds or has held a license type of Broker Manager (BM), Proprietor Broker (BP), or Branch Broker (BB) during any portion of their current license term shall be required to successfully complete the Broker in Charge course as approved by the Commission consisting of fifteen (15) clock hours, or its equivalent, as approved by the Commission. In addition, to complete the continuing education requirement of twenty-one (21) clock hours such broker shall complete at least two (2) of the six (6) required subject matter, equal to at least six (6) clock hours, as referenced in paragraph (2) of this subsection.

(5) Any broker that lapsed or renewed inactive in their previous license term or current license term who applies for reinstatement or activation and held in their previous or current license term the license type of Broker Manager (BM), Proprietor Broker (BP), or Branch Broker (BB) must complete the Broker in Charge course and two (2) of the six (6) required subject matter totaling six (6) hours prior to their license being reinstated active or reactivating.

(k) Any broker applying for reinstatement or activation as a Broker Manager, Proprietor Broker, or Branch Broker must:

(1) provide documentation verifying ten real estate transactions within the past five (5) years or the equivalent as determined by the Commission; and

(2) successfully complete the Broker in Charge course as approved by the Commission consisting of fifteen (15) clock hours in lieu of the required subject matter.

(l) For the purposes of this subsection (k), transaction shall be defined in Title 59 O.S. Section 858-351 and shall be demonstrated on forms developed by the Commission.

605:10-7-10. Resident applicants currently or previously licensed in other jurisdictions

(a) **Requirements.** In order to qualify under previously licensed procedures, an applicant must complete and submit all appropriate documents as required by the Commission and furnish evidence that the applicant possesses or has possessed

a license in good standing in another jurisdiction. Applications approved for resident applicants currently or previously licensed in other jurisdictions shall be valid for ninety (90) days. The Commission may issue the applicant a license if such previously licensed applicant meets all of the requirements of either paragraphs (1), (2), (3) or (4) of this subsection:

(1) If a nonresident agreement exists between Oklahoma and the jurisdiction in which the applicant qualified for a license, the Commission shall qualify the licensed applicant through the nonresident agreement. In order to qualify under this paragraph an individual must furnish evidence that the license from the former jurisdiction has not been inactive more than six (6) months prior to application to this jurisdiction.

(A) An applicant applying under this paragraph must complete and submit the following:

- (i) Appropriate application(s).
- (ii) License certification(s) from the jurisdiction(s) in which the applicant has held or currently holds a license.
- (iii) Criminal history background application, fingerprint card and fee.
- (iv) Examination fee and successful completion of the state portion of the examination.
- (vi) Proof of completion of at least one (1) continuing education clock hour in each of the following Oklahoma-specific subjects: Broker Relationships Act, Contracts and Forms, and Code and Rule Updates.

(B) Upon the Commission granting approval to the applicant for licensure in this jurisdiction, the applicant must complete and submit the appropriate license application form(s) along with license and education and recovery fund fees.

(C) An applicant qualifying under this paragraph will be issued either a sales associate, broker associate or broker license.

(2) If a nonresident agreement does not exist, the applicant shall be required to furnish evidence of two (2) years of active experience respectively as a sales associate or broker out of the previous five (5) years. In order to qualify under this paragraph an individual must furnish evidence that the license from the former jurisdiction has not been inactive more than six (6) months prior to application to this jurisdiction.

(A) An applicant applying under this paragraph must complete and submit the following:

- (i) Appropriate application(s).
- (ii) License certification(s) from the jurisdiction(s) in which the applicant has held or currently holds a license.
- (iii) Criminal history background application, fingerprint card and fee.
- (iv) Examination fee and successful completion of the state portion of the examination.
- (v) Proof of completion of at least one (1) continuing education clock hour in each of the following Oklahoma-specific subjects: Broker

Relationships Act, Contracts and Forms, and Code and Rule Updates.

(B) Upon the Commission granting approval to the applicant for licensure in this jurisdiction, the applicant must complete and submit the appropriate license application form(s) along with license and education and recovery fund fees.

(C) An applicant qualifying under this paragraph will be issued either a sales associate, broker associate or broker license.

(3) An applicant who does not possess the required two (2) years active experience out of the previous five (5) years respectively as a sales associate or broker, or an applicant who does not meet all of the requirements of either paragraphs (1) or (2) of this subsection, shall be required to apply as an original applicant.

(A) An applicant applying under this paragraph must complete and submit the following:

- (i) Qualify as an original applicant by submitting appropriate required education and application.
- (ii) License certification(s) from the jurisdiction(s) in which the applicant has held or currently holds a license.
- (iii) Criminal history background application, fingerprint card and fee.
- (iv) Examination fee and successful completion of the entire appropriate examination.
- (v) Proof of completion of at least one (1) continuing education clock hour in each of the following Oklahoma-specific subjects: Broker Relationships Act, Contracts and Forms, and Code and Rule Updates.

(B) Upon the Commission granting approval to the applicant for licensure in this jurisdiction, the applicant must complete and submit the appropriate license application form(s) along with license and education and recovery fund fees.

(C) An applicant qualifying under this paragraph will be issued either a provisional sales associate, broker associate or broker license.

(4) In accordance with Title 59, O.S., Section 4100.4 of the Post-Military Service Occupation, Education and Credentialing Act, the Commission shall, upon satisfactory evidence of equivalent education, training and experience by an applicant for licensure, accept the education, training and experience completed by the applicant as a member of the Armed Forces or Reserves of the United States, National Guard of any jurisdiction, the Military Reserves of any jurisdiction, or the Naval Militias of any jurisdiction, and apply it in the manner most favorable toward satisfying the applicant's qualifications for examination and license issuance.

(A) An applicant applying under this paragraph must complete and submit the following:

- (i) Appropriate application(s).
- (ii) Satisfactory evidence of education, training and experience obtained by the applicant as a

member of the military Armed Forces or Reserves of the United States.

(iii) License certification(s) from the jurisdiction(s) in which the applicant has held or currently holds a license.

(iv) Criminal history background application, fingerprint card and fee.

(iv) Examination fee and successful completion of the entire appropriate examination.

(B) Upon the Commission granting approval to the applicant for licensure in this jurisdiction, the applicant must complete and submit the appropriate license application form(s) along with license and education and recovery fund fees.

(C) An applicant qualifying under this paragraph will be issued either a provisional sales associate, broker associate or broker license.

(b) **May be required to meet additional requirements.** If, in the opinion of the Commission, there is question as to the competence of the previously licensed applicant, the individual may be required to meet additional educational courses and/or successfully complete the Oklahoma examination.

~~(e) Military spouse applicant — 120-day temporary permit. In accordance with Title 59, O.S., Section 4100.5 the Commission shall expedite the issuance of a 120-day permit to an applicant:~~

~~(1) Who is actively licensed in real estate in another jurisdiction;~~

~~(2) Whose spouse is an active duty member of the Armed Forces or Reserves of the United States;~~

~~(3) Whose spouse is subject to military transfer to this state; and~~

~~(4) Who left employment in another state to accompany their spouse to this state.~~

~~(c) Active duty military and military spouse applicants may utilize licensure methods provided for in 59 O.S. § 4100 et seq. as appropriate.~~

~~(d) Expedite licensure means to issue the applicant a temporary permit to perform licensed activities for a period of 120 days to allow the person to successfully complete all application requirements as required by the Commission and any specific requirements in this state that were not required in the jurisdiction in which the person was licensed, i.e., criminal history background check and successful passage of the Oklahoma portion of the examination. An extension of the 120 days may be granted up to an additional 60 days if written justification is submitted by the applicant to the commission and the delay of license issuance was not the fault of the applicant.~~

605:10-7-11. Applicant criminal history

(a) This section establishes the criteria utilized by the Commission in determining the effect of criminal history on applicant eligibility for real estate licensure and certification. This section applies to:

(1) All individuals seeking to obtain a real estate license;

(2) All individuals seeking an initial determination of their eligibility to obtain a real estate license.

(b) The Commission shall maintain a list of felony crimes that disqualify an applicant from obtaining a real estate license within ten (10) years of completion of the criminal sentence, including parole and probation. The felony crimes included on the list substantially relate to the practice of real estate and pose a reasonable threat to public safety for the reasons stated below:

(1) Real Estate Licensees have unique access to residential homes and commercial buildings.

(2) Real Estate Licensees have daily contact with the public and individuals in the occupation.

(3) Real Estate Licensees play a vital role in assisting the public with substantial long-term financial obligations.

(c) The Commission's list of disqualifying felony crimes is available on the Commission's website or upon request by contacting the Commission office.

(d) Individuals may request an initial determination from the Commission regarding whether the individual's criminal history disqualifies that individual from obtaining a real estate license. Such request must be in writing and directed to the Oklahoma Real Estate Commission. The individual must submit a copy of their criminal history and any related documents and court records that specify the criminal history of the individual. A ninety-five dollar (\$95.00) fee shall accompany any request for initial determination. The fee shall be collected by the Commission prior to the determination.

(e) Individuals may appeal the Commission's initial determination of disqualification by submitting a request in writing of the circumstances the individual would like the Commission to consider. The Commission may discuss the individual appeals at any scheduled meeting of the Commission. The individual may be allowed to address the Commission during public comment by signing in at the beginning of the meeting at which the appeal may be on the agenda.

SUBCHAPTER 9. BROKER'S OPERATIONAL PROCEDURES

605:10-9-3.2. Team registration and fees

(a) The broker shall register each team within the brokerage with the Commission on a form prescribed by the Commission. The fee for each team name registration shall be \$100.00.

(b) Each team name must be approved by the broker and must be unique and not registered to another real estate team within the State of Oklahoma, and must not be identical to any association, corporation or partnership licensed as a real estate entity by the Commission.

(c) The broker shall not allow any team name identical to an associate's corporation or association formed for the purpose of receiving compensation.

(d) Each team name must be registered to the Commission prior to the performance of any licensable activities by the team.

(e) It shall be prohibited for a broker to register any team name that is not being used by a team within their brokerage.

(f) The broker shall maintain and keep current a list of teams and their respective members, in writing, within the brokerage.

Copies of this list shall be made available immediately to the Commission upon request.

(g) The broker shall notify the Commission, in writing, of all deleted or unused team names.

(h) Team members must maintain an active Oklahoma real estate license.

605:10-9-5. Broker change of address or office telephone number

(a) **Change of business address or office telephone number.** Any change of business address or office telephone number of a broker must be filed in the Commission office within ten (10) days of such change. Filed shall mean the date of the United States Postal Service postmark or the date personal delivery is made to the Commission office. The broker shall return his or her certificate to the Commission along with those of all licensees in his or her association with a request for a change of address. Upon any request for a change of address there shall be paid a fee to the Commission of ~~Twenty-five Dollars (\$25.00)~~ Forty Dollars (\$40.00) for each license to be changed. No fee shall be charged for adding or deleting an office telephone number.

(b) **Group change of address.** Under certain circumstances as determined by the Commission, the Commission may place a cap of Seven Hundred Fifty Dollars (\$750.00) on group transactions requesting licenses to be issued. To qualify, such request must be received complete and require no further correspondence and/or documents except for the issuance of the licenses.

(c) **Change of home address.** A broker is required to notify the Commission of his or her current home address. Such change shall be filed in the Commission office within ten (10) days of such change. No fee is required to change the licensee's record; however, a fee of ~~Twenty-five Dollars (\$25.00)~~ Forty Dollars (\$40.00) will be charged if the change requires a new license to be issued.

SUBCHAPTER 11. ASSOCIATE'S LICENSING PROCEDURES

605:10-11-2. Associate licenses

(a) **License issuance and change request.** Each associate license shall be issued to the associate's broker, who shall retain custody of such license. Upon an associate leaving the association of the broker, the associate's license shall be returned to the Commission, together with a release executed by the broker. Any change of association from one firm to another or relocation from one office to another within a firm by an associate must be filed in the Commission office within ten (10) days. The associate's new broker shall be required to file a consent agreement to sponsor said associate on a form provided by the Commission. An associate requesting an association or office change shall be required to pay a fee of ~~Twenty-five Dollars (\$25.00)~~ Forty Dollars (\$40.00).

(b) **Broker refusal to release associate.** In the event a broker refuses for any reason to release an associate, the associate

shall notify the broker by certified mail of the disassociation and furnish the Commission a sworn statement that the notification has been sent to the broker. Upon receipt by the Commission of the aforementioned statement, the Commission shall release the licensee.

(c) **Group change requests.** Under certain circumstances as determined by the Commission, the Commission may place a cap of Seven Hundred Fifty Dollars (\$750.00) on group transactions requesting licenses to be reissued. To qualify, the request must be received complete and require no further correspondence and/or documents except for the issuance of the licenses.

(d) **Associates transfer.** When an affiliated associate leaves a broker for whom the associate is acting, the broker shall immediately cause the license of that associate to be forwarded to the Commission along with a release of association form. The broker shall make every attempt to notify the associate of the disassociation.

(e) **Active associate may continually act.** An active associate transferring from one broker to a new broker may continually act if the change is done in a timely manner and in compliance with the ten (10) day notification requirement and other applicable rules of this Chapter.

(f) **Compensation due a disassociated associate.** A previous broker may pay compensation due a disassociated associate directly to the associate and not be required to make such payment through the associate's new broker. However, any agreements between the associate and prior broker requiring further activities to be performed in connection with the compensation to be received, can only be performed with consent and acknowledgement of the new broker.

(g) **Change of home address.** An associate is required to notify the Commission office of his or her current home address. The change shall be filed in the Commission office within ten (10) days of the change. No fee is required to change the licensee's records; however a fee of ~~Twenty-five Dollars (\$25.00)~~ Forty Dollars (\$40.00) will be charged if the change requires a new license to be issued.

605:10-11-3. Associate's corporation or association formed for the purpose of receiving compensation

Within the meaning of subsection 14 of Section 858-312 of the "Code" payment of a commission by a broker to an associate's corporation or association does not constitute a payment of a fee (commission) to an unlicensed person provided the corporation or association, the associate and the broker, abide by the following requirements:

- (1) The associate's corporation or association shall not perform any act requiring a real estate license and shall not hold itself out as engaged in such activity.
- (2) The associate must have an active individual real estate license.
- (3) The broker of the associate must provide the Commission a written statement approving of the associate's corporation or association.

Permanent Final Adoptions

- (4) The associate must be the majority stockholder and president of the corporation or majority member of the association.
- (5) Ownership of an associate's corporation or association is limited to spouses and blood relatives.
- (6) The associate's corporation or association shall not advertise nor receive referral fees or commissions except from the associate's broker.
- (7) The broker and associate must complete and sign a Commission approved form that includes the following:
 - (A) A statement that the associate is the majority stockholder and president of the corporation or majority member of the association.
 - (B) Names and relation of all officers/members and/or stockholders.
 - (C) Verification that the association or corporation is in good standing with the Oklahoma Secretary of State.
- (8) An associate may only register one corporation or association for the purpose of receiving compensation.

State Regents' Administrative Rules, among other things, outline the procedures for creation of meeting agendas for each State Regents meeting. Section (e) of Rule 610:1-7-14 addresses the "Reports" section of the meeting

agenda, which contains items of a general reporting nature. Current State Regents' policy requires that State Regents "accept" the reports listed under the "Reports" section of the agenda unless their consideration is essential to the understanding of subsequent action items. According to Section (e) of Rule 610:1-7-14, the "Reports" section shall include items such as, matters for study and consideration with action to be taken at some future meeting, routine periodic program/activity reports, special informational reports to the State Regents, published reports, and communications.

Furthermore, Section (f) of Rule 610:1-7-14 provides the Chairman with the authority to receive oral presentations on all reports prior to their acceptance or the authority to forego oral reports should additional clarification not be needed for the items listed in the "Reports" section of the agenda.

Upon discussion with the State Regents regarding terminology and legal definitions of the terms "accept" and "acceptance," the Regents decided that their actions under Sections (e) and (f) are more accurately defined and described as an acknowledgement of receipt. Therefore, in order to avoid confusion and mischaracterization of their actions, it is recommended that State Regents' Rule be revised as follows to more accurately reflect the action taken by the State Regents with regard to reports.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 7. RULES OF OPERATION

610:1-7-14. Organization of agenda

(a) The agenda for a State Regents' meeting will contain items of business categorized under the following topics:

- (1) Academic Affairs
- (2) Fiscal Affairs
- (3) Executive
- (4) Consent Docket
- (5) Reports

(b) The order in which the items of business are listed may vary although academic items are normally considered first.

(c) Items requiring State Regents' action will generally be scheduled at the first of the agenda.

(d) Items of a routine nature that require State Regents' action and that are consistent with State Regents' policies and previous action will be placed on a Consent Docket. These items normally will be handled with one vote and little, if any, discussion.

(e) Items of a reporting nature requiring only general ~~acceptance~~acknowledgement of receipt by the State Regents will generally be listed under "Reports" and scheduled at the end of the agenda for one general ~~acceptance~~acknowledgement action by the Regents unless, for instance, their consideration is essential to the understanding of subsequent action items. The "Reports" section shall include such items as:

- (1) matters for study and consideration with action to be taken at some future meeting,
- (2) routine periodic program/activity reports,
- (3) special informational reports to the State Regents,
- (4) published reports, and
- (5) communications.

(f) The Chairman may elect to receive oral presentations on all or selected reports prior to their general ~~acceptance~~acknowledgement of receipt or may elect to proceed with ~~acceptance~~acknowledgement of receipt and forego oral reports should additional clarification not be needed.

GIST/ANALYSIS:

The program provides participants a scholarship for up to four years of study at accredited institutions of higher education in Oklahoma. The proposed rule revisions address two issues. The first is adding a third minimum eligibility criterion option for Institutional Nominees that provides a stronger predictor of college success, addresses a disadvantage for high schools that do not calculate class rank and provides more flexibility for institutions to select qualified applicants while maintaining high academic standards. The second is allowing consideration of ACT scores based on a recent change in ACT's testing and scoring policy. On October 8, 2019, ACT announced a change in the administration of the ACT test that will calculate a "superscore" if a student takes the test more than once. ACT plans to implement this change in

September 2020. The new ACT policy will also allow students to retest in one or more of the individual test sections without having to retake the entire test.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. ACADEMIC SCHOLARS PROGRAM

610:25-1-3. General principles for operation of program

(a) Recipients of award must attend a regionally or State Regents accredited public, independent or proprietary higher education institution in Oklahoma.

(b) The program is designed to adhere to the State Regents' Policy on Social Justice by encouraging all potential applicants to the Oklahoma State Regents' Academic Scholars Program to enter national scholarship competition.

(c) Concurrently enrolled high school students are not eligible for this program.

(d) Only ACT test scores reported ~~on an official test report issued~~ by ACT prior to college entry, excluding concurrently enrolled students and students enrolled for the summer term following high school graduation, will be considered for admission to the program. Scores from ACT residual tests will not be considered. SAT test scores will be considered in a manner comparable to ACT test scores. Qualifying test scores obtained after college enrollment are invalid for applying to the program. Until August 31, 2020, partial Partial scores from more than one examination will not be considered. Beginning September 1, 2020, all test scores reported by ACT, including "superscores" as defined by ACT, will be considered.

(e) A student must enter the program the fall semester immediately after his/her class graduates from high school, except for students admitted under the State Regents' Opportunity Admission Category. The Chancellor may approve exceptions to this requirement for extraordinary circumstances.

(f) Disability Provision. Provisions contained in this section are consistent with 70 O.S. 1991, Section 2403, as amended, and federal legislation affecting disabled persons. If a person identifies himself or herself as a student with a disability and requests consideration for a scholarship under the Academic Scholars Program by means other than standard testing procedures, the State Regents shall permit the student to be examined under the special testing arrangements provided by either ACT or The College Board provided that he or she meets the qualifications specified by ACT and SAT respectively to be examined. Performance percentile requirements for participation in the Academic Scholars Program remain the same as for other students. Students taking such tests and receiving Academic Scholarship awards will be expected to meet the

Permanent Final Adoptions

same retention standards as other students. Special provisions may be considered in determining full-time enrollment for students falling in this category.

610:25-1-4. Eligibility Requirements and Term of Scholarship Award

(a) There are five avenues by which to qualify for the Academic Scholars Program. Each is defined below:

(1) An Individual Applicant Qualified Student, which shall mean a student who is a resident of the State of Oklahoma whose ACT test score or whose Scholastic Aptitude Test score falls within the 99.5 to 100.0 percentile levels as administered in the State of Oklahoma and whose grade-point average and/or class rank is exceptional, as determined by the State Regents,

(2) A Presidential Scholar, which shall mean a student selected by the Commission on Presidential Scholars pursuant to the Presidential Scholars Program administered by the United States Department of Education,

(3) A National Merit Scholar, which shall mean a student designated as a National Merit Scholar by the National Merit Scholarship Corporation,

(4) A National Merit Finalist, which shall mean a student designated as a National Merit Finalist by the National Merit Scholarship Corporation.

(5) An Institutional Nominee, which shall mean a student nominated by an institution in The Oklahoma State System of Higher Education whose ACT test score or whose Scholastic Aptitude Test score falls within the 95.0 to 99.49 percentile levels, or who shows exceptional academic achievement as evidenced by factors including but not limited to grade point average, class rank, national awards, scholastic achievements, honors, and who shows exceptional promise based on documentation that may include but not be limited to teacher recommendations, extracurricular activities, and evidence of overcoming economic and social obstacles as determined by the State Regents. The State Regents shall ensure that standards of high academic ability are documented. Scholarship awards to institutional nominees become effective when appropriate documentation is verified by the State Regents.

(A) Effective with the Fall ~~2006~~2020 semester, Institutional Nominees are required to meet at least one of the ~~two~~three minimum criteria outlined below to be considered eligible for application as an Institutional Nominee:

(i) Research universities:

(I) ACT: 32 or SAT equivalent

(II) GPA 3.9 and either Top 2% Class Rank or rank of first or second in their graduating class

(III) GPA 3.9 and 30 ACT or SAT equivalent

(ii) Regional universities:

(I) ACT: 30 or SAT equivalent

(II) GPA 3.8 and either Top 4% Class Rank or rank of first or second in their graduating class

(III) GPA 3.8 and 28 ACT or SAT equivalent

(iii) Two-year colleges:

(I) ACT: 29 or SAT equivalent

(II) GPA 3.7 and either Top 5% Class Rank or rank of first or second in their graduating class

(III) GPA 3.7 and 26 ACT or SAT equivalent

(B) ~~Students graduating from high schools that do not provide class rank and home educated~~Home-educated students shall be considered for eligibility as an Institutional nominee based on their ACT or SAT test scores.

(C) Students are eligible for consideration as an Institutional Nominee no later than the fall semester immediately following the graduation of their high school class. The Chancellor may approve exceptions to this requirement for extraordinary circumstances.

(D) Institutional Nominees may be Oklahoma residents or nonresidents.

(E) Students receiving the scholarship as an Institutional Nominee of a two-year college are eligible for transfer to a four-year public or private Oklahoma institution after completion of an associate's degree or the accumulation of at least 48 credit hours. In addition, the Institutional Nominee of a two-year college must attend the nominating institution for the first year.

(F) Students receiving the scholarship as an Institutional Nominee of a four-year university are eligible for transfer to another Oklahoma institution after one year of attendance at the nominating institution.

(G) For any year that the State Regents provide less than full funding of the total cost of all awards for nonresident students participating in the program, nonresident students may transfer the scholarship to another institution only upon approval of the institution to which they intend to transfer.

(H) Students who fail to enroll the first semester upon nomination forfeit their scholarship eligibility.

(I) Institutions may not replace students who forfeit their scholarship or are removed from the program due to failure to meet continuing eligibility requirements with another nominee.

(b) Students receiving the scholarship are eligible for eight semesters of scholarship at Oklahoma colleges and universities. Additional semesters of award, up to ten semesters, are available upon approval by the President or appropriate academic officer of the institution and the Chancellor. Additional semesters are intended only for extraordinary circumstances or for undergraduate academic programs that cannot be completed within eight semesters.

- (A) The Program Manager responsible for budgets, contracts, and purchases approves administrative purchases under \$10,000. Computer purchases must be co-signed by the Administrator for Information Services.
- (B) Reorder of existing printed materials.

SUBCHAPTER 5. PROGRAM DIVISIONS WITHIN THE DEPARTMENT

612:1-5-1. Overview of the department

The purpose of this Subchapter is to provide an overview of the program divisions within the Department of Rehabilitation Services. Program divisions are established for the following areas: Vocational Rehabilitation Services, ~~Visual Services for the Blind and Visually Impaired~~, Disability Determination Services, Management Services, The Oklahoma School for the Blind and the Oklahoma School for the Deaf. Each of the Divisions has one or more components.

612:1-5-3. Division of ~~Visual Services for the Blind and Visually Impaired~~(DVS)(DSBVI)

The Division of ~~Visual Services for the Blind and Visually Impaired~~ provides diagnostic, counseling and guidance, physical restoration, training, and other services to individuals whose major disability is blindness, or—severe visual impairment, a progressive sight threatening disease, or functional limitation resulting from sight loss. All departmental managers and ~~Visual Services for the Blind and Visually Impaired~~ Field Coordinators report directly to the Division Administrator or designee. Rehabilitation teachers for the blind provide in-home training, counseling and instruction in daily-living skills to blind and visually impaired individuals. DRS has field staff assigned to meet the needs in every county of the state, although staff may not be officed in each county. Local office staff report to ~~VSSBVI~~ Program Managers, who report to the Field Coordinators. The Oklahoma Library for the Blind and Physically Handicapped provides books and magazines in special media to blind and print-limited Oklahomans. The Division of ~~Visual Services for the Blind and Visually Impaired~~ administers the Randolph-Sheppard Business Enterprise Program in Oklahoma, securing suitable locations for vending facilities; designing and installing equipment; recruiting, training, placing and supervising operators for the facilities.

612:1-5-4. Disability Determination ~~Division Services~~(DDD)(DDS)

The Disability Determination ~~Division Services~~ is responsible for adjudicating applications for Social Security Disability Insurance benefits and Supplemental Security Income payments for all Oklahoma applicants under these programs. This Division is not involved in treatment, diagnosis, or the provision of therapeutic services. Applications for Social Security Disability Insurance benefits are taken in the Social Security District offices throughout the State of Oklahoma and

612:1-15-6. Revision of administrative rules and internal policy

(a) Purpose of Administrative Rules and Internal Policy. Agency rules and internal policy communicate the expected standards for staff conduct and provide the necessary direction for carrying out the agency's mission. The intent of rules and internal policy is to provide a common basis for decision making so that individuals can expect equitable treatment when dealing with the agency. DRS rules and internal policy are public documents, maintained as part of the DRS Internal Policy Manual by the DRS Policy Administration and Development Section the Oklahoma Administrative Code by the Office of Administrative Rules, in the Secretary of State's Office, so that

the public will have the opportunity to know the mission of our program and how this agency intends to carry out that mission.

(b) DRS Staff Responsibility. DRS staff are expected to be thoroughly familiar with agency rules and internal policies pertaining to their conduct and program.

(1) Supervisors and managers are responsible for ensuring that staff under their supervision are familiar with all rules and internal policies and updates, and that their staff receive training on rules, internal policies and updates.

(2) Staff are expected to use professional judgment in conducting the agency's business. The rules and internal policies of this agency are to inform and guide the professional judgment and conduct of staff. When a staff person needs guidance in making a decision, the first step is to consult agency rules and internal policy.

(c) Policy Administration and Development Section Responsibility. The Policy Administration and Development Section is charged with assuring that the Department complies with the Administrative Procedures Act. This responsibility includes:

(1) Ensuring that all emergency and permanent rules are promulgated in accordance with the APA.

(2) That the public receives proper notice of the Department's intent to adopt, amend, or revoke rules so that opportunity is provided for public and consumer input during the rulemaking process.

(3) Management of the promulgation process for the Department in an efficient and effective manner that complies with the APA.

(4) The Project Coordinator of the Policy Administration and Development Section or designee, shall serve as the Department's liaison to the Office of Administrative Rules in the Office of the Secretary of State. The administrator will also designate a staff member to act in the capacity of back-up liaison.

(5) The Project Coordinator of the Policy Administration and Development Section or designee, shall also serve as the attestation officer, as delegated by the Oklahoma Commission for Rehabilitation Services, for purposes of 75 O.S., Section 254. The administrator will also designate a staff member to act in the capacity of back-up attestation officer.

(d) Drafting of New or Revised Rules. In compliance with the Administrative Procedures Act, new rules may be developed or an existing rule revised utilizing the following procedures:

(1) Each Division Administrator, Unit Administrator, and School Superintendent is responsible for ensuring that Departmental rules for his or her program conform to the requirements of applicable statutes and regulations, and are effective in achieving their program's mission.

(2) When a program administrator, or the Director, decides there is a need to draft a new rule, or to amend an existing rule,

(A) The program administrator will initiate drafting content through whatever method deemed most effective by the administrator. Policy Administration

and Development staff are available to provide guidance if requested.

(B) The program administrator will provide to Policy Administration and Development staff the completed draft content, the reasons for changing the rule and any budgetary impact these changes may incur.

(C) Policy Administration and Development staff will format the draft content in accordance with APA standards. Once drafted, Policy Section staff will consult with the program administrator concerning any needed revisions and produce a revised draft.

(D) Revised draft rules will be distributed to Executive Team members for further review and response. Comments and suggestions for revision will be provided to the program administrator. The program administrator shall consider the comments and suggestions for inclusion and may revise the content again if appropriate.

(E) The program administrator will provide the latest draft version to the Policy Administration and Development Section. Policy Administration and Development staff will provide this draft version to agency staff for comment.

(F) Agency staff shall be notified via e-mail that a draft rule is available for comment. The notification will include:

(i) Identification and summary of the draft rule;

(ii) General instructions on where the draft rule can be accessed;

(iii) How to submit comments, and the due date for submission of comments, and;

(iv) Where to direct questions about the draft rule.

(G) Policy Administration and Development staff will collect and collate agency staff comments and develop a summary. The collated comments and the summary will be provided to the originating program administrator for consideration.

(H) The program administrator will decide on what rule changes to make in response to the submitted comments, if any. The program administrator will also draft responses to the comments, which will at a minimum explain any instance in which staff recommendations were not adopted and will send the response to the Policy Administration and Development so it can be forwarded to the respective commentator.

(I) Policy Administration and Development staff will work with the program administrator to finalize draft rule. This step will include a final check by the program administrator for consistency with existing rules, regulations, and applicable statutes. The program administrator may consult with legal counsel. Policy Administration and Development staff will obtain authorization from the appropriate program administrator to proceed with promulgation of the draft rules.

Permanent Final Adoptions

- (J) When the draft rule pages are submitted to the Policy Administration and Development section for promulgation, the draft rule is then referred to as a proposed rule.
- (e) **Adoption of New or Revised Rule.** Proposed rules must be approved by the DRS Commission prior to submission for promulgation. Proposed rules for the Business Enterprise Program must also be approved by the Rehabilitation Services Administration prior to submission for promulgation.
- (1) Policy Administration and Development staff will submit the proposed rule and/or notice, including executive summary and resolution, to the Director for review and to the Commission support staff by the established deadline for inclusion in the Commission meeting packet.
- (2) The originating administrator, with the assistance of the Policy Administration and Development Project Coordinator or designee, will be responsible for the presentation of proposed rules at the Commission meeting. Once proposed rules are presented to the Commission for approval their content will not be changed unless so ordered by the Commission.
- (3) Upon adoption of the proposed rule by the Commission, Policy Administration and Development staff will manage the promulgation process.
- (f) **New or Revised Internal Policy.** New internal policies may be developed or an existing internal policy revised utilizing the following procedures:
- (1) Program administrators may submit proposed internal policy additions or revisions to the division administrator, superintendent or director. A draft of the proposed internal policy will be reviewed by legal counsel for consistency with existing law.
- (2) Once approved by the director and legal counsel, the proposed internal policy with a proposed "DRS: " citation will be submitted to the Policy Administration and Development Project Coordinator or designee who will be responsible for the presentation to the Commission. Proposed internal policies may be submitted for review and discussion only or for immediate adoption at the director's discretion.
- (3) Once adopted by the Commission, the internal policy will be published in the Internal Policy Manual by the Policy Administration and Development Section.
- (g) **Effective Dates of Internal Policy and Rule Revisions.** The effective dates of internal policy and rule revisions will be determined as follows:
- (1) The effective date will be noted in the section history of the adopted internal policy or rule. Internal policies or rules can only be applied prospectively from their effective date.
- (2) Internal policies become effective immediately upon adoption by the Commission.
- (3) Permanent rules become effective ten days after they are published in the Oklahoma Register pursuant to the APA. DRS permanent rules will usually be published following the legislative session. If a later date is specified in statute, or in the rules, the later date will become the effective date.

- (4) Emergency rules become effective immediately or at a stated date after certification by the Governor. The Governor has forty-five calendar days from the date rules are submitted to review them.
- (5) Policy Section staff will notify the appropriate Division Administrator, Superintendent, and the Director of approvals.
- (h) **Permanent Rules; Modification Limitations.** Once the Governor and Legislature have approved the rules, they may only be modified or revoked through the rulemaking process. The APA states that any agency shall not by internal policy, memorandum, or other action not otherwise authorized by the APA:
- (1) amend, interpret, implement or repeal a statute or a rule;
- (2) expand upon or limit a statute or rule; and;
- (3) except as authorized by the Constitution of the United States, the Oklahoma Constitution or a statute, expand or limit a right guaranteed by the Constitution of the United States, the Oklahoma Constitution, a statute, or a rule.
- (i) **Petition Requesting Promulgation.** Per the APA, any interested person or group may petition the Department requesting the promulgation, amendment, or repeal of a rule.
- (1) The petition must be submitted in writing to the Director of the Department of Rehabilitation Services at the Department's state office. A request to amend or repeal a rule will include a copy of the rule in question.
- (2) The Department shall act upon such a request within a reasonable time period; however, if the Department does not initiate rulemaking proceedings within 30 calendar days of receiving the request, the petition will be considered to have been denied.

SUBCHAPTER 18. PROCESS IMPROVEMENT

PART 1. GENERAL PROVISIONS

612:1-18-1. Purpose

The purpose of this Chapter is to set forth the policies and procedures governing the operations of the Process Improvement Unit and its subsections, Program Standards and Case Review of the Department of Rehabilitation Services.

PART 3. PROGRAM STANDARDS

612:1-18-10. Program Standards

(a) **Purpose of Program Standards.** The purpose of the Program Standards Section is to inform agency strategic decision-making and support agency programs through the use of research, statistical analysis, program evaluation and process improvement methodologies aimed at improving programmatic outcomes.

(b) **Responsibilities of Program Standards.** Program Standards staff are charged with supporting agency programs by:

- (1) Conducting studies and surveys of agency staff, clients and the public to determine opinions and needs regarding agency programs;
- (2) Analyzing statistical data collected either by the agency or obtained from recognized external data sources regarding client demographics, behavior, participation, needs and outcomes to inform program administrators and agency leadership;
- (3) Applying program evaluation methodologies to agency programs, either formative or summative, focused on process/implementation fidelity, outcomes/performance measures, or cost effectiveness/efficiency;
- (4) Through the use of Lean and Six Sigma methodologies, facilitating work groups to analyze and streamline business processes, identify and correct areas of programmatic concern, and improve effectiveness and efficiency of programmatic flow;
- (5) Verifying, cleaning and reporting data to the Rehabilitation Services Administration as required by federal regulation;
- (6) Participating, as required, in external auditing procedures by state or federal entities;
- (7) Monitoring programmatic outcomes for report to program and agency leadership.

(A) Notice of rulemaking intent.

(B) Notice of canceled hearing or comment period.

(C) Notice of continued hearing or comment period.

(D) Final adoption of a new permanent rule or of a permanent amendment to or revocation of an existing rule.

(E) Promulgation of a new emergency rule or of an emergency amendment to or emergency revocation of an existing permanent rule.

(F) Submission of a permanent rule for gubernatorial and legislative review.

(G) Approval of a permanent rule by the Governor.

(H) Disapproval of a permanent rule by the Governor.

(I) Disapproval of a rule by the Legislature.

(J) Withdrawal of a rule from the rulemaking process.

(K) Notice of error in published document.

"Rulemaking entity" means the board or commission, in this case the Oklahoma Commission for Rehabilitation Services, authorized to adopt and promulgate rules as defined in 75 O.S., Section 250.3(2).

PART 3. POLICY [REVOKED]

612:3-5-12. Policy [REVOKED]

(a) **Purpose of Policy.** Agency policy communicates the expected standards for staff conduct and provides the necessary direction for carrying out the agency's mission. The intent of policy is to provide a common basis for decision making so that individuals can expect equitable treatment when dealing with the agency. Our policy is a public document, maintained as part of the Oklahoma Administrative Code by the Office of Administrative Rules, in the Secretary of State's Office, so that the public will have the opportunity to know the mission of our program and how this agency intends to carry out that mission.

(b) **DRS Staff Responsibility.** DRS staff are expected to be thoroughly familiar with agency policies pertaining to their conduct and program:

- (1) Supervisors and managers are responsible for ensuring that staff under their supervision are familiar with all policy and updates, and that their staff receive training on policy and updates.
- (2) Staff are expected to use professional judgment in conducting the agency's business. The policies of this agency are to inform and guide the professional judgment and conduct of staff. When a staff person needs guidance in making a decision, the first step is to consult agency policy.

(c) **Process Improvement Policy Section Responsibility.** The Policy Section is charged with assuring that the Department complies with the Administrative Procedures Act. This responsibility includes:

- (1) Ensuring that all Department statements of general applicability and future effect that implement, interpret, or prescribe law or policy, or describe the procedures or practice requirements of the Department are promulgated in accordance with the APA.
- (2) That the public receives proper notice of the Department's intent to adopt, amend, or revoke rules so that opportunity is provided for public and consumer input during the rulemaking process.
- (3) Management of the promulgation process for the Department in an efficient and effective manner that complies with the APA.
- (4) The Administrator of the Process Improvement Unit, or designee, shall serve as the Department's liaison to the Office of Administrative Rules in the Office of the Secretary of State. The administrator will also designate a staff member to act in the capacity of back up liaison.
- (5) The Administrator of the Process Improvement Unit, or designee, shall also serve as the attestation officer, as delegated by the Oklahoma Commission for Rehabilitation Services, for purposes of 75 O.S., Section 254. The administrator will also designate a staff member to act in the capacity of back up attestation officer.

(d) **Drafting of New or Revised Policy.** In compliance with the Administrative Procedures Act, new policy may be developed or an existing policy revised utilizing the following procedures:

- (1) Each Division Administrator, Unit Administrator, and School Superintendent is responsible for ensuring that Departmental policies for his or her program conform to the requirements of applicable statutes and regulations, and are effective in achieving their program's mission.
- (2) When a program administrator, or the Director, decides there is a need to draft new policy, or to amend existing policy,

(A) The program administrator will initiate drafting content through whatever method deemed most effective by the administrator. Policy Section staff are available to provide guidance if requested.

(B) The program administrator will provide to Policy Section staff the completed draft content, the reasons for changing the policy and any budgetary impact these changes may incur.

(C) Policy Section staff will format the draft content in accordance with APA standards. Once drafted, Policy Section staff will consult with the program administrator concerning any needed revisions and produce a revised draft.

(D) Revised draft policy will be distributed to Executive Team members for further review and response. Comments and suggestions for revision will be provided to the program administrator. The program administrator shall consider the comments and suggestions for inclusion and may revise the content again if appropriate.

(E) The program administrator will provide the latest draft version to the Policy Section. Policy Section staff will provide this draft version to agency staff for comment.

(F) Agency staff shall be notified via e-mail that draft policy is available for comment. The notification will include:

- (i) Identification and summary of the draft policy;
- (ii) General instructions on where the draft policy can be accessed;
- (iii) How to submit comments, and the due date for submission of comments, and;
- (iv) Where to direct questions about the draft policy.

(G) Policy Section staff will collect and collate agency staff comments and develop a summary. The collated comments and the summary will be provided to the originating program administrator for consideration.

(H) The program administrator will decide on what policy changes to make in response to the submitted comments, if any. The program administrator will also draft responses to the comments, which will at a minimum explain any instance in which staff recommendations were not adopted and will send the response to the Policy Section so it can be forwarded to the respective commentator.

(I) Policy Section staff will work with the program administrator to finalize draft policy. This step will include a final check by the program administrator for consistency with existing policies, regulations, and applicable statutes. Policy Development staff will obtain authorization from the appropriate program administrator to proceed with promulgation of the draft policy.

(J) When the draft policy pages are submitted to the Policy Section for promulgation, the draft policy is then referred to as proposed policy.

(e) **Adoption of New or Revised Policy.** Proposed policy must be approved by the DRS Commission prior to submission for promulgation.

- (1) Policy Section staff will submit the proposed policy and/or notice, including executive summary and resolution, to the Director for review and to the Commission support staff by the established deadline for inclusion in the Commission meeting packet.
 - (2) The originating administrator, with the assistance of the Administrator of Process Improvement, will be responsible for the presentation of proposed policy at the Commission meeting. Once proposed policies are presented to the Commission for approval their content will not be changed unless so ordered by the Commission.
 - (3) Upon adoption of the proposed policy by the Commission, Policy Section staff will manage the promulgation process.
- (f) **Effective Dates of Policy Revisions.** The effective dates of policy revisions will be determined by the policy type.
- (1) The effective date will be noted on each page of the adopted policy. Whether internal management policies or administrative code, policies can only be applied prospectively from their effective date.
 - (2) Internal management policies that do not fall under the APA become effective immediately upon adoption by the Commission.
 - (3) Permanent rules become effective ten days after they are published in the Oklahoma Register pursuant to the APA. DRS permanent rules will usually be published following the legislative session. If a later date is specified in statute, or in the rules, the later date will become the effective date.
 - (4) Emergency rules become effective immediately or at a stated date after certification by the Governor. The Governor has forty five calendar days from the date rules are submitted to review them.
 - (5) Policy Section staff will notify the appropriate Division Administrator, Superintendent, and the Director of approvals.
- (g) **Permanent Rules; Modification Limitations.** Once the Governor and Legislature have approved the rules, they may only be modified or revoked through the rulemaking process. The APA states that any agency shall not by internal policy, memorandum, or other action not otherwise authorized by the APA:
- (1) amend, interpret, implement or repeal a statute or a rule;
 - (2) expand upon or limit a statute or rule; and;
 - (3) except as authorized by the Constitution of the United States, the Oklahoma Constitution or a statute, expand or limit a right guaranteed by the Constitution of the United States, the Oklahoma Constitution, a statute, or a rule.
- (h) **Petition Requesting Promulgation.** Per the APA, any interested person or group may petition the Department requesting the promulgation, amendment, or repeal of a rule.
- (1) The petition must be submitted in writing to the Director of the Department of Rehabilitation Services at the Department's state office. A request to amend or repeal a rule will include a copy of the rule in question.

- (2) The Department shall act upon such a request within a reasonable time period; however, if the Department does not initiate rulemaking proceedings within 30 calendar days of receiving the request, the petition will be considered to have been denied.

PART 5. PROGRAM STANDARDS [REVOKED]

612:3-5-29. Program Standards [REVOKED]

- (a) **Purpose of Program Standards.** The purpose of the Program Standards Section is to inform agency strategic decision making and support agency programs through the use of research, statistical analysis, program evaluation and process improvement methodologies aimed at improving programmatic outcomes.
- (b) **Responsibilities of Program Standards.** Program Standards staff are charged with supporting agency programs by:
- (1) Conducting studies and surveys of agency staff, clients and the public to determine opinions and needs regarding agency programs;
 - (2) Analyzing statistical data collected either by the agency or obtained from recognized external data sources regarding client demographics, behavior, participation, needs and outcomes to inform program administrators and agency leadership;
 - (3) Applying program evaluation methodologies to agency programs, either formative or summative, focused on process/implementation fidelity, outcomes/performance measures, or cost effectiveness/efficiency;
 - (4) Through the use of Lean and Six Sigma methodologies, facilitating work groups to analyze and streamline business processes, identify and correct areas of programmatic concern, and improve effectiveness and efficiency of programmatic flow;
 - (5) Verifying, cleaning and reporting data to the Rehabilitation Services Administration as required by federal regulation;
 - (6) Participating, as required, in external auditing procedures by state or federal entities;
 - (7) Monitoring programmatic outcomes for report to program and agency leadership.
- (c) **Federal Data Reporting.** Federal regulation requires the reporting of data to RSA on a periodic basis.
- (1) Data will be cleaned, verified, and if necessary, corrected prior to submission.
 - (2) Federal reports will be submitted prior to or on the deadline date specified by RSA.
 - (3) The Administrator of Process Improvement, or designee, shall serve as the data submission liaison with RSA. The administrator shall designate a backup staff member from Program Standards to fulfill federal reporting standards in the absence of the primary liaison.
- (d) **Confidentiality.** All activities of the Program Standards Section will be conducted in a manner to ensure the confidentiality of participants.

PART 7. CASE REVIEW [REVOKED]

612:3-5-35. Case Review [REVOKED]

(a) ~~**Purpose.** The purpose of the Case Review Section is to conduct evaluations on programmatic case documentation to ensure compliance with federal regulation and to enhance agency effectiveness.~~

(b) ~~**Case Review Responsibilities.** Case Review staff are charged with the following responsibilities:~~

(1) ~~Conducting reviews on a random sample of closed cases to determine if case documentation indicates consumers are being served according to standards established by the Rehabilitation Act and agency policy. Staff will use the instrument currently approved by the Director or designee and will report their findings to appropriate staff on a regular schedule.~~

(2) ~~Upon request and as other duties allow, conducting reviews of active cases or other specialized reviews and will report their findings to appropriate staff within agreed upon deadlines.~~

(3) ~~Participating in compliance reviews conducted by RSA as assigned. RSA staff will be responsible for reporting the results of such reviews unless otherwise directed by the Administrator for Process Improvement.~~

(4) ~~Acting as subject matter experts in the area of case review, compliance and best practices, including providing training as requested.~~

(c) ~~**Confidentiality.** All activities of the Case Review Section will be conducted in a manner to ensure the confidentiality of clients and staff.~~

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

612:10-1-1. Purpose

The purpose of this Chapter is to set forth rules for the provision of services provided by the Division of Vocational Rehabilitation and the Division of Visual Services for the Blind and Visually Impaired.

612:10-1-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Act" means the Rehabilitation Act [29 USC 701 et seq.].

"ADL" Activities of Daily Living often refer to the routine activities carried out for personal hygiene and health (including bathing, dressing, feeding) and for operation of a household.

"Applicant" means an individual who has completed and signed an agency application form or has otherwise requested vocational rehabilitation services; who has provided information necessary to initiate an assessment to determine eligibility and priority for services; and who is available to complete the assessment process.

"Assistive technology" means technology designed to be utilized in an assistive technology device or service.

"Assistive technology device" means any item, piece of equipment, or product system, whether acquired commercially, modified, or customized, that is used to increase, maintain, or improve functional capabilities of individuals with disabilities.

"Assistive technology service" means any service that directly assists an individual with a disability in the selection, acquisition, or use of an assistive technology device.

"Authorized Representative" means a client's or applicant's parent, guardian, advocate (i.e. Client Assistance Program) or other person designated by the client or applicant as the individual authorized to deal with the Department on behalf of the client or applicant, consistent with provisions of the Act. Authorized representative does not include an employee of the Department of Rehabilitation Services, another state agency, or vendor of the Department unless the person is actually the parent, guardian, or is serving in the capacity of guardian (for example: court appointed).

"Best correction" refers to the use of standard eyeglasses or contact lenses and does not include the use of bioptic telescopic systems or specialized lenses which cannot be worn by the individual on a sustained basis.

"Blind" means persons who are blind within the meaning of the State Law relating to Vocational Rehabilitation. Legal blindness means a visual acuity of 20/200 or less in the better eye with best correction, or a visual field of 20 degrees or less.

"Client/Consumer" means an individual found eligible and receiving services under the Act.

"Clubhouse model" means a psychosocial and vocational approach to work adjustment for people with mental illness. The work-ordered day is a core element of the clubhouse, which focuses on strengths, talents and abilities. Work in the clubhouse helps members develop appropriate social skills and gain self-worth, purpose, and confidence. The clubhouse enables members to return to the workforce and achieve employment outcomes.

"Community rehabilitation program" (CRP) means a program that directly provides or facilitates the provision of vocational rehabilitation services to individuals with disabilities, and provides singly or in combination, services for an individual with a disability to enable the individual to maximize opportunities for employment, including career advancement.

"Comparable services and benefits" means services that are provided or paid for in whole or in part by other Federal, state or local public agencies, health insurance or employee benefits, and are available to the individual at the time needed to further the progress of the individual toward achieving his/her identified employment outcome.

"Compensatory training" means training required before the client can enter a formal training program or employment, such as pre-vocational or personal adjustment training.

"Competitive integrated employment" means full or part-time work that is compensated at or above minimum wage, offers an individual with a disability benefits and opportunities for advancement comparable to those offered to employees in similar positions, and is performed in a setting where the individual with a disability interacts with persons without disabilities to the same extent that employees who are not individuals with disabilities and who are in comparable positions interact with these persons. Specific criteria defining competitive integrated employment are detailed in 34 CFR 361.5(c)(9)."

"Consumer Independence Support Services" (CISS) are defined as providing independent living assessment, intensive counseling, community integration, and housing modifications to further assist consumers with severe disabilities in achieving independence.

"Continuity of Services" means once an individual is selected for services in accordance with policy, regardless of the priority category from which the individual was selected, the individual will receive the necessary purchased services, including post-employment services.

"Counselor" means the qualified rehabilitation professional, who is an employee of the designated state unit, and who has primary responsibility for the management of an individual's rehabilitation services case record, including determination of eligibility, service planning and management, counseling and guidance, and determination of successful or unsuccessful rehabilitation. Counselor is equivalent to such terms as ~~VR/VS~~ VR/SBVI Specialist and ~~VR/VS~~ VR/SBVI Coordinator.

"Customized employment" means competitive integrated employment, for an individual with a significant disability, that is based on a determination of the unique strengths, needs and interests of the individual; designed to meet the specific abilities of the individual and the business needs of the employer; and carried out using flexible strategies such as those detailed in 34 CFR 361.5(c)(11).

"Department" unless otherwise indicated in the text, means the Department of Rehabilitation Services as constituted in 74 O.S., Section 166.1 et seq.

"DRS" means the Department of Rehabilitation Services.

"DVR" means the Division of Vocational Rehabilitation.

~~"DVS"~~ "DSBVI" means the Division of ~~Visual~~ Services for the Blind and Visually Impaired.

"Eligibility" or **"Eligible"** means:

(A) when used in relation to an individual's qualification for Vocational Rehabilitation services, a determination that the individual has a physical or mental impairment which for such individual constitutes or results in a substantial impediment to employment; can benefit in terms of an employment outcome from rehabilitation services; and requires vocational rehabilitation services to prepare for, secure, retain, advance in or regain employment;

(B) when used in relation to an individual's qualification for Supported Employment services, a determination that the individual is eligible for Vocational Rehabilitation services; is an individual with the most significant disabilities (priority group one); and

(i) for whom competitive employment has not traditionally occurred; or

(ii) for whom competitive employment has been interrupted or intermittent as a result of a significant disability; and

(iii) who, because of the nature and severity of their disability, need intensive supported employment services, and extended services after the transition from intensive supported employment services, in order to perform such work;

(C) when used in relation to an individual's qualification for Rehabilitation Teaching services, a finding that an individual is legally and/or functionally blind, has a rapidly progressive eye condition; or has a visual impairment that with or without secondary disabilities results in functional visual limitations; the individual has identifiable deficiencies in independent living due to disabilities; and it is expected services will improve the individual's independence in the home and community.

"Employment and Retention" (E&R) means short-term job coach support for individuals with severe disabilities who require assistance preparing for, obtaining, and maintaining employment.

"Employment outcome" means, with respect to an eligible individual, entering, advancing in, or retaining full-time or part-time competitive integrated employment as defined in 34 CFR §361.5(c)(9) (including customized employment, self-employment, telecommuting, or business ownership), or supported employment as defined in 34 CFR §361.5(c)(53), that is consistent with an individual's unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice. (Note: As specified in federal rule, a designated State unit may continue services to individuals with uncompensated employment goals on their approved individualized plans for employment prior to the effective date of the final federal regulations until June 30, 2017, unless a longer period of time is required based on the needs of the individual with the disability, as documented in the individual's service record.)

"Extended employment" means work in a non-integrated or sheltered setting for a public or private nonprofit agency or organization that provides compensation in accordance with the Fair Labor Standards Act and any needed support services to an individual with a disability to enable the individual to continue to train or otherwise prepare for competitive integrated employment.

"Extended period of time" means, with respect to duration of vocational rehabilitation, services that are expected to extend at least 6 months from eligibility.

"Extended services" means ongoing support services provided to individuals with the most significant disabilities,

Permanent Final Adoptions

including youth with the most significant disabilities, after the time-limited vocational rehabilitation services have been completed and job stabilization has been achieved. They consist of specific services, including natural supports, needed to maintain the supported employment placement. Extended services are paid from funding sources other than DRS and are specifically identified in the IPE, except that DRS may provide and pay for extended services for youth with the most significant disabilities for a period not to exceed 4 years or extend beyond the date when the youth reaches age 25.

"Extreme medical risk" means a risk of substantially increasing functional impairment or risk of death if medical services are not provided expeditiously.

"Functional capacities" means a client's assets, strengths, and resources which maintain or increase the individual's ability to work. Functional capacities include mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills.

"Functional limitations" means physical or mental conditions, emergent from a disability, which impair, interfere with, or impede one or more of an individual's functional capacities.

"Higher education" means universities, colleges, community/junior colleges, vocational schools, technical institutes, or hospital schools of nursing.

"Highly challenged" describes a client receiving supported employment services who, due to the nature of the disability, requires a greater level of support from the job coach to achieve and maintain employment.

"IEP" means Individualized Education Program as required by the Individuals with Disabilities Education Act.

"Independent Living (IL) Core Services" is defined as information and referral services; independent living skills training; peer counseling; individual and systems advocacy; and services that facilitate the transition of individuals with significant disabilities from institutions to community-based residences, assist individuals at risk of entering institutions to remain living in the community, and assist the transition to postsecondary life for youth with significant disabilities who were eligible for special education and are no longer in school.

"Independent Living Services" as defined in the Rehabilitation Act, 29 USC Section 705 (17) and (18), include IL core services and counseling, housing procurement and modifications, personal assistance, mobility training, rehabilitation technology, life skills training, interpreters, readers, transportation, community integration, supported living, physical rehabilitation, aids and devices, social and recreational opportunities, and other services that are necessary and not inconsistent with the Act's provisions related to independent living.

"Individual with a disability" means an individual having one or more physical or mental conditions which materially limits, contributes to limiting or, if not corrected, will probably result in limiting an individual's employment activities or vocational functioning.

"Individual with a severe disability" means with respect to eligibility for the state's Optional Program for Hiring Applicants with Disabilities, an individual who has a physical or

mental impairment which seriously limits one or more functional capacities (such as mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of an employment outcome.

"Individual with a significant disability" means an individual with a disability:

(A) who has a severe physical or mental impairment that seriously limits one or more functional capacities (such as mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of an employment outcome;

(B) whose vocational rehabilitation can be expected to require multiple vocational rehabilitation services over an extended period of time; and

(C) who has one or more physical or mental disabilities resulting from amputation, arthritis, autism, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, respiratory or pulmonary dysfunction, mental illness, intellectual disability, multiple sclerosis, muscular dystrophy, musculoskeletal disorder, neurological disorders (including stroke and epilepsy), paraplegia, quadriplegia, other spinal cord conditions, sickle cell anemia, specific learning disability, end-stage renal disease or other disability or combination of disabilities determined on the basis of an assessment for determining eligibility and vocational rehabilitation needs to cause comparable substantial functional limitation.

"Individual with the most significant disability" means an individual with a disability:

(A) who has a severe physical or mental impairment that seriously limits three or more functional capacities in terms of an employment outcome;

(B) whose vocational rehabilitation can be expected to require multiple vocational rehabilitation services over an extended period of time; and

(C) who has one or more physical or mental disabilities resulting from amputation, arthritis, autism, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, respiratory or pulmonary dysfunction, mental illness, intellectual disability, multiple sclerosis, muscular dystrophy, musculoskeletal disorder, neurological disorders (including stroke and epilepsy), paraplegia, quadriplegia, other spinal cord conditions, sickle cell anemia, specific learning disability, end-stage renal disease or other disability or combination of disabilities determined on the basis of an assessment for determining eligibility and vocational rehabilitation needs to cause comparable substantial functional limitation.

"Integrated setting" means:

(A) With respect to the provision of services, a setting typically found in the community in which applicants or eligible individuals interact with non-disabled individuals other than non-disabled individuals

who are providing services to those applicants or eligible individuals.

(B) With respect to an employment outcome, means a setting typically found in the community in which applicants or eligible individuals interact with non-disabled individuals, other than non-disabled individuals who are providing services to those applicants or eligible individuals, to the same extent that non-disabled individuals in comparable positions interact with other persons.

"Intercurrent (acute) conditions" means an illness or injury occurring during the actual course of an individual's rehabilitation which, if not cared for, will complicate or delay achievement of the client's employment outcome as identified in the client's IPE.

"IPE" means the Individualized Plan for Employment.

"Job Club" is a structured learning experience for a client to build skills in self-assessment, resume development, job search and research strategies, and interview techniques to assist the person to enter a career of their choice.

"Job Coach/Employment Training Specialist" means a qualified individual providing support services to eligible individuals in supported employment and employment and retention programs. Services directly support the eligible individual's work activity including marketing and job development, applied behavioral analysis, job and work site assessment, training and worker assessment, job matching procedures, and teaching job skills.

"Long-term treatment" means medical or psychological treatment that is expected to last more than three months.

"Maintenance" is a service provided to assist with the out-of-ordinary or extra expenses to the individual resulting from and needed to support the individual's participation in diagnostic, evaluative, or other substantial services in the IPE. Activities of Daily Living (ADL) expenses are not eligible for maintenance payments.

"Milestones" means a payment system that reimburses a vendor based on incentives and outcomes. The vendor is paid when the client completes pre-defined checkpoints on the way to a desired employment goal.

"Multiple services" means the counseling and guidance provided as a routine part of case management plus two or more VR services. Comparable benefits and/or services can count toward meeting the definition of multiple services. Services routinely provided as a package do not count as multiple services for the purpose of determining the presence of a significant disability, even if two or more services are included in the package.

"Natural supports" means any assistance, relationships or interactions that allow a person to maintain employment in ways that correspond to the typical work routines and social interactions of other employees. Natural supports may be developed through relationships with people or put into place by the adaptation of the work environment itself, depending on the support needs of the person and the environment.

"Occupational license" means any license, permit, or other written authority required by a state, city or other governmental unit to be obtained in order to enter an occupation.

"Ongoing support services" means services specified in the IPE according to individual need, which support and maintain an individual with the most significant disabilities in supported employment. Sponsored ongoing support services are provided from the time of placement until the individual is stabilized on the job. Ongoing support services are provided by one or more extended services providers, or by natural supports, following transition throughout the individual's term of employment.

"Other Qualified Rehabilitation Personnel" means qualified rehabilitation personnel who, in addition to rehabilitation counselors, are necessary to facilitate the accomplishment of the employment outcomes and objectives of an individual (Section 100(a)(3)(E) of the Act.) Other qualified rehabilitation personnel include, but are not limited to, rehabilitation teachers of the blind who are certified at the national level.

"Package of services" means several services which are usually provided together for the same purpose. The services in a package are usually, but not always, from the same category of services (see definition of multiple services, this section). Examples include, but are not limited to: surgery, anesthesia, and hospitalization; or personal computer, software, and peripheral equipment.

"Personal assistance services" means a range of services provided by one or more persons designed to assist an individual with a disability to perform daily living activities on or off the job that the individual would typically perform without assistance if the individual did not have a disability.

"Physical and mental restoration services" means services which are necessary to correct or substantially modify a physical or mental condition which is stable or slowly progressive, within a reasonable period of time.

"Physical or mental disability" means a physical or mental condition which, if not corrected, materially limits, contributes to limiting or will result in limiting an individual's activities or functioning.

"Pre-employment transition services" means the required activities and authorized activities specified in 34 CFR 361.48(a)(2) and (3).

"Prior approval" refers to the receipt of approval from the granting authority prior to issuing the authorization for the purchase of goods and services.

"Rehabilitation Act" means the Rehabilitation Act [29 USC 701 et seq.].

"Related factors" means those factors which are not directly attributable to the impediment to employment, but which have impact on the potential for successful rehabilitation. They frequently become evident only from an assessment of the person's social, vocational, educational, and environmental circumstances.

"SBVI" means the Division of Services for the Blind and Visually Impaired, depending upon the context.

"Section 504 Plan" is a plan designed as a protection for students with disabilities who may not be considered eligible for special education under IDEA in compliance with Section 504 of the Rehabilitation Act of 1973 as amended.

Permanent Final Adoptions

"Small business enterprises" means a small business operated by blind or other individuals with severe disabilities under the management and supervision of the state DRS. Such businesses include only those selling, manufacturing, processing, servicing, agricultural, and other activities which are suitable and practical for the effective utilization of the skills and aptitudes of individuals who are blind or individuals who have severe disabilities. Small business enterprise provides substantial gainful employment or self-employment commensurate with the time devoted by the operators to the business, the cost of establishing the business and other factors of an economic nature.

"Stabilization" means the period of time when job coach support is reduced to the long-term maintenance level while the individual retains employment, and personal satisfaction with the job, as well as employer satisfaction with the person's job performance. Stabilization must include appropriate individualized supports, including a minimum of two employee contacts and one employer contact per month.

"Substantial impediment to employment" means that a physical or mental disability (in the light of related medical, psychological, vocational, educational, cultural, social or environmental factors) that impedes an individual's occupational performance, by preventing his/her obtaining, retaining, or preparing for a gainful occupation consistent with his/her capacities and abilities.

"Supported employment" (SE) means competitive integrated employment, including customized employment, or employment in integrated work settings in which individuals are working on a short-term basis toward competitive work, consistent with the strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice of the individuals, for individuals with the most significant disabilities who meet the eligibility criteria for supported employment as defined in 34 CFR 361.5(c)(53). For purposes of this definition, "short-term basis" shall mean six months or up to 12 months in limited circumstances as described in 34 CFR 361.5(c)(53).

"Transition services" means, for a student or a youth with a disability, a coordinated set of activities designed within an outcome-oriented process that promotes movement from school to post-school activities, including postsecondary education, vocational training, competitive integrated employment, supported employment, continuing and adult education, adult services, independent living, or community participation. Transition services (1) are based upon the individual student's or youth's needs, preferences and interests; (2) include instruction, community experiences, the development of employment and other post-school adult living objectives, and, if appropriate, acquisition of daily living skills and functional vocational evaluation; (3) promote or facilitate the achievement of the employment outcome identified in the student's or youth's individualized plan for employment; and (4) include outreach to and engagement of the parents, or, as appropriate, the representative of such a student or youth with a disability.

"Transportation" is a service provided to assist with the costs of travel, including instruction in the use of public

transportation vehicles and systems, which result from and are needed to support the individual's participation in diagnostic, evaluative, or other substantial and necessary VR services.

"VR" means the Division of Vocational Rehabilitation, or the more general term vocational rehabilitation services, depending upon the context.

~~**"VS"** means the Division of Visual Services, depending upon the context.~~

612:10-1-3. Basic philosophy of rehabilitation programs

(a) **Purpose.** The purpose of programs and services provided by the Division of Vocational Rehabilitation (DVR) and the Division of ~~Visual Services~~ for the Blind and Visually Impaired (DVS) (DSBVI) is to empower individuals with disabilities to maximize employment, economic self-sufficiency, independence, and inclusion and integration into society through comprehensive programs of vocational rehabilitation. Vocational rehabilitation programs are designed to assess, plan, develop and provide vocational rehabilitation services for individuals with disabilities, consistent with their strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice, so that they may prepare for and engage in gainful employment (34 CFR 361.1 (b)).

(b) **Basic philosophy.** DVR and ~~DVS~~ DSBVI vocational rehabilitation programs are carried out in accordance with the principles stated in Section 100 (3) of the Rehabilitation Act including,

- (1) Individuals with disabilities, including individuals with the most significant disabilities, are generally presumed to be capable of engaging in gainful employment and the provision of individualized vocational rehabilitation services can improve their ability to become gainfully employed.
- (2) Individuals with disabilities must be provided the opportunities to obtain gainful employment in integrated settings.
- (3) Individuals with disabilities must have the opportunity to be active and full partners in their vocational rehabilitation process.
- (4) Qualified vocational rehabilitation counselors and other qualified and specialized rehabilitation personnel are necessary to facilitate the accomplishment of the employment outcomes and objectives of an individual.

612:10-1-3.1. Procedural exceptions

Procedures set forth in this Chapter are not intended to reflect every situation that might confront DVR or ~~DVS~~ DSBVI staff or to replace the staff's use of good judgment. In individual cases an exception from basic procedures may be requested. Authority to approve certain deviations from standard procedure rests with the division administrator. Authority to approve certain procedural exceptions has been delegated to program managers and field coordinators. Only those exceptions stated in rule may be applied to rules.

612:10-1-3.2. Pilot projects

The purpose of pilot projects is to allow the Divisions of Vocational Rehabilitation and ~~Visual~~ Visual Services for the Blind and Visually Impaired to design and evaluate service delivery innovations on a scale that will provide for an effective trial without being disruptive to the entire organization. Such pilot projects might include trials of innovative policies, standards, and/or procedures.

(1) **Authorization of pilot projects.** The Division Administrator may approve applications for pilot projects after review and approval of the pilot by the ~~DVR/DVS~~ DVR/DSBVI Management Team. Approval of an application for a pilot project by the Division Administrator will constitute authority to implement the pilot project for a length of time to be specified by the Division Administrator. The Division Administrator can terminate the pilot project at any time prior to the specified project duration. The pilot project may not be extended beyond the originally approved time period.

(2) **Effect of DRS policy on pilot projects.** The Director of the Department of Rehabilitation Services may waive the applicability of specified departmental policies when necessary to implement a meaningful trial of the approved pilot project. The waiver will apply only to the pilot project specified by the Director, and will be effective only for the duration of the pilot project. The waiver will end immediately upon termination or completion of the model project.

612:10-1-5. Confidentiality

(a) **General guidelines.** All client or applicant information acquired will remain the property of DRS. All casework materials are to be maintained in the appropriate case record. The terms "release of information", "release of personal information", and similar terms refer to providing access to the record, or providing copies, summaries, descriptions, or other reproductions of the actual case record materials and not to the materials themselves. All applicants, clients, or client representatives will be informed of the Department's policies on confidentiality of personal information. This information will only be used and released for purposes directly related to the administration of the Vocational Rehabilitation and ~~Visual~~ Visual Services for the Blind and Visually Impaired programs. Information containing identifiable personal information will not be shared with advisory or other bodies who do not have official responsibility for the administration of these programs. In the administration of the program, the DVR and ~~DVS~~ DSBVI units may obtain personal information from service providers and cooperating agencies under assurances the information will not be further divulged. Use and release of personal information will conform to applicable state and federal laws and regulations. Questions regarding release of information are to be directed to the Department's general counsel. Staff are to consult the general counsel before providing trial testimony, depositional testimony, or a sworn affidavit concerning consumer information. Moreover, if served with a subpoena for the release of client information, staff should notify the general counsel immediately. In a legal proceeding, client information

can only be released without the client's consent in response to a court order. A subpoena by itself is not sufficient to authorize disclosure of client information.

(b) **Written release required.** Release of personal information must be by written consent of the individual or authorized representative. If requested in writing by an applicant or eligible individual, DRS will make all requested information in that individual's record of services available to the individual in a timely manner except as provided in subsection (c). The Department's Authorization for Release of Information form may be used when the client requests that personal information be released by DRS to a third party and may also be used to request confidential information from other sources. Other release forms are acceptable, as long as they provide the required information. Written authorization for release of information must include:

- (1) the nature of the information to be released;
- (2) designation of the parties to whom the information is to be released;
- (3) the specific purpose for which the released information may be used;
- (4) designation of the agency or person authorized to disclose the information; and
- (5) dates of initiation and termination of consent.

(c) **Release of information to the individual.** The individual, or the individual's representative, will be given access to the relevant case record, or provided copies of requested information upon providing a written authorization for release of information, except as in (1) through (3) of this Subsection.

(1) Psychological, psychiatric, mental health and substance abuse treatment records and information from psychological, psychiatric, mental health and substance abuse treatment practitioners may only be obtained provided the requirements of Section 1-109 of Title 43A of the Oklahoma Statutes are met. Under these circumstances, refer the individual, or the individual's representative, to the treating health professional.

(2) When a DRS professional staff person believes medical or other information not covered in (1) of this Subsection may be harmful to the individual, the information may not be released directly to the individual but must be provided to the individual through a third party chosen by the individual, which may include, among others, an advocate, a family member, or a qualified medical or mental health professional, unless a representative has been appointed by a court to represent the individual, in which case the information must be released to the court-appointed representative.

(3) Information obtained from another organization or agency may be released only through that agency, or under the conditions established by the outside agency, organization or providers. For example, information from the Veteran's Administration and Social Security Administration may not be released. Refer the individual requesting such information to the source from which the information was obtained.

(d) **Request for information correction.** An individual who believes that information in the individual's case record is

Permanent Final Adoptions

inaccurate or misleading may request that the information be amended. Even if the information is not amended, the request for amendment must be documented in the case record.

(e) **Release of information to other programs or authorities.** Paragraphs (1) through (4) of this Subsection provide the rules governing release of personal information to other programs or authorities.

(1) Upon receiving the informed written consent of the individual, or the individual's representative, information may be released to another agency or organization. Only that information that would be released to the involved individual, or the individual's representative will be released, and only to the extent that the other program or organization demonstrates that the information requested is necessary for its program.

(2) Personal information will be released if required by Federal law or regulations.

(3) Personal information will be released in response to investigations in connection with law enforcement, fraud, or abuse, unless expressly prohibited by Federal or State laws or regulations, and in response to an order issued by a judge, magistrate, or other authorized judicial officer.

(4) Personal information may be released in order to protect the individual or others if the individual poses a threat to his or her safety or to the safety of others.

(f) **Release of information for audit, evaluation or research.** Personal information may be released to an organization, agency, or individual engaged in audit, evaluation, or research, only:

(1) for the purposes directly connected with the administration of the DVR or ~~DVS~~DSBVI program;

(2) for purposes which would significantly improve the quality of life for persons with disabilities; and

(3) if the organization, agency or individual assures:

(A) The information will be used only for the purpose it is being provided;

(B) The information will be released only to persons officially connected with the audit, evaluation or research;

(C) The information will not be released to the individual;

(D) The information will be managed in a manner to safeguard confidentiality; and

(E) The final product will not reveal any personal identifying information without the informed written consent of the involved individual or the individual's representative. [34CFR361.38]

612:10-1-6. Due process

(a) **Notification of rights to due process.** Any applicant or client of DVR or ~~DVS~~DSBVI dissatisfied with a determination that affects the provision of vocational rehabilitation services may request a timely review of the determination. Each applicant or client, or as appropriate, the individual's authorized representative will be informed of:

(1) the right to get decisions regarding the individual's case reviewed by an impartial hearing officer;

(2) the right to pursue mediation on decisions regarding the individual's case;

(3) the names and addresses of individuals with whom requests for mediation or due process hearings may be filed;

(4) the manner in which a mediator or impartial hearing officer may be selected; and

(5) the availability of assistance from the client assistance program.

(b) **When notification of rights to due process is required.**

The notifications specified in (a) shall be provided in writing, and in appropriate accessible format:

(1) at the time an individual applies for VR services;

(2) at the time an individual is assigned to the State's order of selection;

(3) at the time the Individualized Plan for Employment is developed; and

(4) upon reduction, suspension, or cessation of VR services for the individual.

(c) **Client Assistance Program (CAP).** The purpose of the Client Assistance Program (CAP) as described in this Section is to provide assistance with informing and advising clients and applicants of all available benefits under the Rehabilitation Act. When requested by clients and applicants, CAP will assist them in their relationships with projects, programs, and Community Rehabilitation Programs providing services to them under the Act.

(1) The Oklahoma CAP has the authority to pursue legal, administrative and other appropriate remedies to ensure the protection of the rights of individuals with disabilities who are receiving treatment, services or rehabilitation under the Act within the State.

(2) Vocational Rehabilitation agencies are required by Federal statute to advise all clients and applicants of the existence of CAP, the services provided by the program, and how to contact the program. A brochure is provided to each individual at the time of application and development of the IPE.

(3) Counselors must assure clients and applicants have access to CAP without fear of reprisal and are not pressured against or otherwise discouraged from using CAP services.

(4) The CAP staff members will provide the following services:

(A) Helping clients or applicants to understand rehabilitation service programs under the Act;

(B) Advising clients or applicants of benefits available to them through rehabilitation programs authorized under the Act and their rights and responsibilities in connection with those benefits;

(C) Otherwise assisting clients and applicants in their relationships with projects, programs, and Community Rehabilitation Programs providing rehabilitation services under the Act;

(D) Helping clients or applicants by pursuing or assisting them in pursuing legal, administrative, and other available remedies when necessary to ensure the protection of their rights under the Act;

- (E) Advising State and other agencies of identified problem areas in the delivery of rehabilitation services to individuals with disabilities and suggesting methods and means of improving agency performance; and
- (F) Providing information to the public concerning the CAP and Title I of the ADA.
- (5) Clients may be referred to CAP by any one of the following:
 - (A) The client's counselor;
 - (B) Other DRS representative;
 - (C) Office of ~~Handicapped~~Disability Concerns' Hotline;
 - (D) Self;
 - (E) Any other interested party.
- (6) Every client or applicant has the right to protection of information provided by him/her from unauthorized or indiscriminate disclosure. DVR and ~~DVS~~DSBVI will provide CAP officials information regarding an individual's case in accordance with 612:10-1-5 and applicable Federal law and regulations.
- (7) The CAP staff will make periodic field visits to facilitate CAP's availability to clients or applicants who cannot travel to Oklahoma City.
- (d) **Supervisory review.** DVR and ~~DVS~~DSBVI use a supervisory review process to resolve disagreements as close to the field service delivery level as possible. The objective of the supervisory review process is a timely resolution of disagreements, and is not to be used to delay or deny a fair hearing before a hearing officer or the services of an impartial mediator. The supervisory review of a counselor determination starts the 60 day time period established under (f)(5) of this Section. The request for a fair hearing is submitted at this time in accordance with (f)(2) of this Section.
 - (1) The supervisory review is usually conducted by the program manager. If the program manager was involved in the disputed determination, the field coordinator conducts the administrative review. If the field coordinator was involved in the disputed determination, the division administrator conducts the administrative review.
 - (2) The decision that results from the administrative review will be stated in a letter to the individual, or to the individual's representative, with copies to the case record, the program manager, and the hearings coordinator. The letter will identify the individual, case number, caseload, and office location. The body of the letter will state the reason for the administrative review and the decision resulting from that review. If the administrative review resolves the disagreement, the Withdrawal of Request for Hearing form must be submitted with the copy of the letter that is sent to the hearings coordinator.
- (e) **Mediation.** Whenever a fair hearing is requested under this Section, mediation shall be offered as an option to resolve a disputed decision. DRS uses the voluntary mediation services of the Oklahoma Supreme Court. The supervisor will arrange for a mediator with the Early Settlement Center that is most convenient to the consumer upon receipt of a request for mediation. DRS will bear the cost of the mediation. The

mediation session will be scheduled in a timely manner. An agreement reached by the parties to the dispute in the mediation will be set forth in writing. Discussions that occur during the mediation process will be confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding. Should the dispute be resolved through mediation, a withdrawal of request for hearing must be submitted to the hearings coordinator. The parties to the mediation may be required to sign a confidentiality pledge prior to commencement of the process. Nothing in this Subsection shall be construed to preclude the parties from informally resolving the dispute. The Departmental representative attending the mediation must be the individual who has final decision making authority for the question in dispute. The mediation:

- (1) must be entered into voluntarily by all parties;
- (2) is not used to deny or delay the hearing or any other right; and
- (3) Is conducted by a qualified and impartial mediator.
- (f) **Fair hearing process.** The fair hearing process will be conducted in accordance with (1) through (10) of this Subsection.
 - (1) **Services under IPE to continue.** No services being provided under the IPE shall be stopped, delayed, or reduced by the Department pending a final resolution of a requested hearing unless so requested by the individual or individual's authorized representative; or the service was obtained through misrepresentation, fraud, collusion, or criminal conduct on the part of the individual with disabilities.
 - (2) **Request for a fair hearing.** The individual has 30 calendar days following the date on the notice of the adverse decision to request a fair hearing.
 - (A) The individual requesting a fair hearing, may submit it to the local office, or may send it directly to the hearings coordinator in State Office. DVR and ~~DVS~~DSBVI staff will assist the individual in completing this form and with preparation of evidence from the case record in conformance with 612:10-1-5, if so requested.
 - (B) DVR and ~~DVS~~DSBVI staff will immediately notify their supervisor of the request for a fair hearing so that the administrative review can be started by the appropriate staff person. The completed Hearing Summary form, a copy of the notice of the adverse decision, and all supporting materials to be used in the hearing must be sent to the hearings coordinator as soon as possible. If a request for a fair hearing is submitted to the local office, staff will immediately forward it with the other materials.
 - (C) Prior to the actual fair hearing, the hearings coordinator will provide copies of materials the agency will use in the fair hearing to the individual and/or the individual's representative in conformance with 612:10-1-5.
 - (3) **Withdrawal of request for a fair hearing.** The individual, or the individual's representative, may submit a withdrawal of request for hearing any time following the submission of a request for a fair hearing up to the

time the hearing is actually held. If the issue is resolved prior to the fair hearing, the individual, or the individual's representative, must submit a Withdrawal of Request for Hearing to end the fair hearing process.

(4) **Selection of impartial hearing officer.** The hearings coordinator will select an impartial hearing officer from a list of qualified impartial hearing officers maintained and identified by the State unit. Once selected, the impartial hearing officer will assume responsibility for arranging and conducting the fair hearing with the assistance of agency staff as necessary. The hearings coordinator will be apprised of events in the hearing process, and will be provided copies of all correspondence.

(A) Selections will be made randomly; or by agreement between the director of the designated State unit and the applicant or eligible individual or, as appropriate, the individual's representative; from the list of available impartial hearing officers. The hearings coordinator will forward all relevant materials to the assigned impartial hearing officer.

(B) The impartial hearing officer will send written notice of the fair hearing to all parties involved. The written notice of the fair hearing will include the name, address, and a brief vita of the impartial hearing officer.

(C) The individual may request a different impartial hearing officer based upon presented evidence that a conflict of interest exists consistent with Section 7 (16) of the Rehabilitation Act and 34 CFR 361.5(b)(25). A request for a different impartial hearing officer must be made within five days of receiving the fair hearing notice.

(5) **Scheduling of the fair hearing.** The fair hearing must be held within 60 calendar days from the date the request for a fair hearing is received, unless the issue is resolved prior to the 60th day or the parties agree to a specific extension of time. The administrative review must be conducted and concluded within the same 60 days. Delays or continuances will not be given for the purpose of extending the provision of services. Any agreement to an extension of time must be formalized in writing.

(6) **Consumer's participation in hearing.** At a fair hearing, the individual, or the individual's representative, is afforded the opportunity to:

- (A) present additional evidence, information, and witnesses to the impartial hearing officer;
- (B) be represented by counsel or other advocate selected by the applicant or eligible individual; and
- (C) examine all witnesses and other relevant sources of information and evidence.

(7) **Agency staff attendance.** Professional staff involved in the disputed determination will appear at the hearing to provide appropriate information and evidence and testimony. Other staff will appear as directed.

(8) **Order of proceedings in the fair hearing.** The Impartial Hearing Officer will conduct the fair hearing in accordance with State laws regarding conduct of individual proceedings before an agency, and applicable Federal

laws and regulations. Although the order of proceedings is at the discretion of the Hearing Officer, generally, the fair hearing follows this order of proceedings:

- (A) presentation, arguments, and disposition of all preliminary motions and matters;
- (B) opening statements;
- (C) information and evidence presented by the agency;
- (D) evidence presented by the grievant;
- (E) rebuttal by either or both sides;
- (F) closing statements by the grievant;
- (G) closing statements by the agency; and
- (H) rebuttal by grievant.

(9) **Decision.** The hearing officer makes a decision based on the provisions of the approved State Plan, the Act, Federal vocational rehabilitation regulations, and State regulations and policies that are consistent with Federal requirements and on whether or not the counselor properly applied rules. The hearing officer does not have the authority to rule upon the legality of DRS rules that are consistent with Federal requirements. A decision made after a fair hearing shall be final, unless a party to the fair hearing requests a review under Paragraph (10) of this Subsection. The hearing officer provides the individual, or the individual's representative, and the hearings coordinator a full written report of the findings and grounds for the decision within 30 days of the completion of the hearing. The hearings coordinator will immediately forward the decision to the Director of DRS. The impartial hearing officer may make one of several decisions, which include, but are not limited to:

- (A) finding in favor of the grievant;
- (B) upholding the determination or action of the agency;
- (C) accepting a withdrawal of the appeal confirmed in writing signed by the grievant, or the grievant's representative; or
- (D) accepting a settlement of the issues agreed to by the grievant and the agency which must include a written withdrawal of request for a hearing.

(10) **Review of impartial hearing officer's decision.** Any party involved in a fair hearing may request an impartial review of the impartial hearing officer's decision within 20 calendar days of that decision. This review will be conducted by the Governor or the Governor's designee to whom DRS is assigned. The review will be conducted in accordance with the standards in (A) through (E) of this paragraph:

- (A) The Governor or the Governor's designee will not delegate responsibility for this review to any officer or employee of DRS.
- (B) The Governor or the Governor's designee will provide an opportunity for the submission of additional evidence and information relevant to a final decision concerning the matter under review.
- (C) The Governor or the Governor's designee will make a final decision within 30 days of the request

for administrative review. The decision will be provided to all parties, and/or to the parties' authorized representatives, in writing. The written decision will include a full report of the findings, and the grounds for the decision.

(D) The Governor or the Governor's designee cannot overturn or modify a decision, or part of a decision, made by an impartial hearing officer that supports the position of the individual unless the Governor or the Governor's designee concludes, based upon clear and convincing evidence, that the decision of the hearing officer is clearly erroneous on the basis of being contrary to the approved State plan, the Act, Federal vocational rehabilitation regulations, or State regulations and policies that are consistent with Federal requirements. The Governor or the Governor's designee will apply the standards presented in (i) through (iii) of this Subparagraph when conducting the review of the hearing officer's decision.

(i) The hearing officer's decision shall not be arbitrary, capricious, an abuse of discretion, or otherwise unreasonable.

(ii) The hearing officer's decision shall be supported by substantial findings of fact.

(iii) In reaching the initial decision, the impartial hearing officer shall correctly apply Federal and State law, regulation, agency policy, and the approved State Plan as they pertain to the specific issue in question.

(E) A decision made under this Paragraph shall be final unless a party involved in the hearing brings a civil action.

(g) **Civil proceedings.** Any party aggrieved by a final decision of an impartial hearing officer, or by the Governor or the Governor's designee, may bring a civil action for review of the decision. The action may be brought in any State court of competent jurisdiction or in a district court of the United States of competent jurisdiction without regard to the amount in controversy. If a party brings a civil action, the final decision of the impartial hearing officer, or of the Governor or the Governor's designee, shall be implemented pending review by the court. In any action brought under this Subsection, the court:

(1) shall receive the records relating to the hearing, and the records relating to any review conducted under (f)(10), if applicable;

(2) shall hear additional evidence at the request of a party to the action; and

(3) basing the decision of the court on the preponderance of the evidence, shall grant such relief as the court determines to be appropriate. [29 USC 722]

(h) **Standards for impartial hearing officers.** In addition to qualifications required in a contract with the Department, an impartial hearing officer must meet the standards set forth in (1) through (6) of this Subsection:

(1) cannot be an employee of a public agency (other than an administrative law judge, hearing examiner, or employee of an institution of higher learning);

(2) cannot be a member of the Oklahoma Rehabilitation Council;

(3) has not been involved previously in the vocational rehabilitation of the applicant or eligible individual;

(4) must have knowledge of the delivery of vocational rehabilitation services, the State plan required under Section 101 of the Act, and the Federal and State rules governing the provision of such services and training with respect to the performance of official duties;

(5) must have no personal, professional or financial interest that would be in conflict with the objectivity of the impartial hearing officer; and

(6) must have successfully completed impartial hearing officer training presented by DRS.

(i) **Standards for impartial mediators.** In addition to qualifications required in a contract with the Department, an impartial mediator:

(1) will be trained and certified or licensed in effective mediation techniques;

(2) will not be an employee of a public agency (other than an Administrative Law Judge, hearing examiner, employee of a State Office of Mediators, or employee of an institution of higher education);

(3) will not be a member of the Oklahoma Rehabilitation Council;

(4) must be knowledgeable in laws and regulations relating to the provision of VR services;

(5) has not been involved previously in the vocational rehabilitation of the applicant or eligible individual; and

(6) must have no personal, professional or financial interest that would be in conflict with the impartiality of the mediator.

612:10-1-7. Purchase of services and goods for individuals with disabilities

(a) All Department authorizations are made in compliance with the state purchasing policy under legal authority of the Director or by an employee to whom the Director has delegated such authority. Services, other than diagnosis and pre-employment transition services for students with disabilities regardless of whether the student has applied or been determined eligible for vocational rehabilitation services, must be in an approved Individualized Plan for Employment prior to authorization. All authorizations are to be issued prior to or simultaneously with the provision of the services. Verbal authorizations may be made when needed to ensure effective delivery of services. Verbal authorization must be followed immediately by the actual authorization. Separate authorizations for each fiscal year are required when a planned service extends beyond a single fiscal year. Rehabilitation professionals may not authorize fees for services in excess of those established by the Department unless approved by the Division Administrator. A prior written purchasing agreement is required before authorization can be made to any medical vendor or post-secondary school. Other nonmedical vendors will not require a prior written purchasing agreement unless stated otherwise in the DRS policy manual section(s) for that

Permanent Final Adoptions

service. When a vendor has a prior written purchasing agreement with the Department, and required approvals have been obtained, authorization may be issued for consumer services directly to that vendor. All other consumer services will be purchased pursuant to the rules in (g) and (h) of this Section. However, a requisition may be submitted to the DRS Purchasing Section if, in the judgment of the responsible rehabilitation professional, the best interests of the consumer and/or the agency would be served by having the Purchasing Section handle the procurement. In either case, once items have been received and checked against the authorization, the appropriate DVR or ~~DVS~~DSBVI staff, in accordance with (g) and (h) of this Section, approves the claim, then forwards it to the DRS Financial Services Division. When a vendor does not abide by the authorization or written purchasing agreement or bills and accepts fees from the client in addition to those agreed upon, the rehabilitation professional will bring this to the immediate attention of the supervisor for action by the administration. The vendor will not be used for further rehabilitation services until agreement to discontinue the objectionable practice is reached.

(b) Since the Department is a state-federal agency, it does not pay sales, excise, or transportation taxes.

(c) All claims for medical and/or nonmedical client services must be filed on claim forms approved by the Department. When the provision of an authorization is fulfilled, payment for the authorized client services constitutes payment in full. The client will not have any financial liability other than the amount required of clients who must participate in the cost of the service provided. The individual is liable for services he/she arranged which were not planned and initiated under the auspices of DRS. When DVR and ~~DVS~~DSBVI funds are used to supplement third party medical resources, participation cannot exceed the difference between the third-party payment and the Department's established schedule.

(d) The client must transfer, assign, or authorize payments to the Department of any and all claims against Health Insurance or Liability Insurance companies or other third parties, to the full extent of all payments for medical services made by the Department.

(e) The Department retains right and title to any tools, equipment, durable medical equipment, or other goods costing \$500 or more purchased with DVR and ~~DVS~~DSBVI funds, until and unless such goods are released to the client. Upon delivery of any such goods to the client, a Receipt for Equipment and Title Agreement must be completed and approved.

(1) **Completion of Program:** Any tools, equipment or durable medical goods purchased for training or occupational purposes remain with the client after completion of the program of services if they can be used in the client's chosen vocation. If the client fails to complete the program of service, the counselor will make effort to reclaim the goods to transfer to another client.

(2) **Disposition at closure:** Case recording must reflect the disposition at the time of closure of tools, equipment, and goods provided the client. All occupational tools, equipment, and durable medical goods remain the property of the agency until released. If the client is not

using the items, the counselor will pick them up if an economical savings to the agency will result, and if the transfer will not endanger the health or safety of the client.

(3) **Title Release:** Title on any tools, equipment or durable medical equipment purchased with DRS funds for training or occupational purposes will not be released to the client until the counselor has determined the client is using the items as planned.

(f) When the rehabilitation professional determines an authorization or portion of an authorization will not be utilized, procedures to cancel the remaining services will be completed. Before the case is closed, all unliquidated authorizations must be canceled or accounted for to determine if a claim will be made against any outstanding authorization.

(g) Purchasing consumer goods or services, other than direct client payments, when there is no prior written purchasing agreement is basically a three step process. These steps include specifying the requirements for the goods or services, authorizing for the purchase, and receiving delivery of the goods or services. For audit purposes, no one person can perform more than one of these steps. A different person is required for:

- (1) identifying the requirement for the purchase;
- (2) placing the order; and
- (3) accepting the material or service.

(h) When a prior written purchasing agreement for consumer goods or services, other than direct client payments, is not required, and the service or package of services to be obtained will cost the amount of the DCAM authority order limit or less, the rehabilitation professional and client will jointly choose an appropriate vendor. The rehabilitation professional will then authorize for the planned services to the chosen vendor. When a prior written purchasing agreement for consumer services, other than direct client payments, is not required, and the service or package of services will cost more than the DCAM authority order limit, the rehabilitation professional will follow rules in (1) through (7) of this Subsection.

(1) The rehabilitation professional will obtain specialist recommendations for purchase requirements and approvals in accordance with agency policy.

(2) The participation of the client, or the client's authorized representative, will be obtained in deciding upon at least three vendors to be contacted by the rehabilitation professional to obtain bids for the goods or services. The rehabilitation professional will review available vendor information with the client, or client's authorized representative, to jointly determine which vendor(s) can best meet the needs of the client in terms of product and service function, quality, and vendor accessibility.

(3) At least three vendors offering the goods or services will be contacted to obtain bids. To expedite planning and service delivery, bids may be obtained verbally. Upon request, contacted vendors will be afforded at least 24 hours in which to prepare and submit the verbal bid. The rehabilitation professional will ensure that all bids are submitted in writing for the same or comparable items, and will document the bids received by using the Vendor Bid Documentation Form.

(4) The rehabilitation professional will issue the appropriate authorization and claim to the vendor submitting the lowest and best bid. If the rehabilitation professional managing the case is also the recognized specialist who identified the purchase requirements, then the supervisor will issue the appropriate authorization. Authorization may be issued to a vendor not submitting the lowest bid only with strong documentation that the selected vendor can best meet the needs of the client. When the bid is in excess of \$5,000.00 the successful bidder will sign a non-collusion statement (to be sent with the claim), which will be maintained in the case service record.

(5) In the case of a vehicle modification or housing modification, upon completion of the authorized services, the counselor will contact the AT Specialist to schedule inspection of the work in accordance with 612:10-7-220 and ~~612:10-11-38~~. The AT Specialist will complete the "Assistive Technology Inspection Report" verifying the modification conforms to acceptable standards and the work is satisfactory.

(6) Upon delivery of the goods or services in accordance with the IPE and authorization, a rehabilitation staff person other than the specialist who specified the purchase requirements and the rehabilitation professional who authorized the purchase will accept delivery, verify that goods received match the vendor invoice, sign the appropriate claim form, sign and attach the invoice and forward them to the DRS Financial Services Division.

(7) Upon delivery of any goods costing \$500 or more to the client, a Receipt for Equipment and Title Agreement must be completed and approved.

(8) Itemized documentation will be in the case record on all orders costing less than \$500 and the client will acknowledge their receipt. (For example, signing and dating the packaging slip, vendor's invoice, or typed list of goods.)

(9) Returned or repossessed items must be documented on for "Receipt for Equipment and Title Agreement" and the final disposition noted in Case Narrative entry.

(i) Program Managers will review case records when submitted for approvals to ensure that purchases are being awarded in a manner that ensures competition and client participation within the scope of DRS and applicable fiscal rules. At least once each fiscal year a random selection of case records will be reviewed by the DRS Central/Departmental Services Unit to monitor compliance with DRS and applicable fiscal rules. If a Program Manager has reason to believe that a rehabilitation professional is not making a good faith effort to award purchases in a competitive manner and in accordance with agency policy, a fiscal audit of the entire caseload will be requested to determine the appropriate action to take.

(j) Pursuant to 74 O.S. 85.44A, any goods or services required under a court order shall be purchased in accordance with DRS fiscal rules.

SUBCHAPTER 3. CLIENT PARTICIPATION IN COST OF SERVICES

612:10-3-2. Consideration of comparable services and benefits

(a) Prior to providing any VR service to an eligible individual, except those services specified in Paragraph (1), the VR counselor will determine whether comparable services and benefits are available under any other program unless any of the conditions in Paragraph (2) apply to the individual.

(1) The VR services listed in (A) through (F) are to be provided without first determining the availability of comparable services and benefits. However, comparable services and benefits may be used for these VR services if the comparable services and benefits are readily available at the time the VR services are needed. VR services exempt from a required search for comparable services and benefits are:

(A) information and referral services to eligible individuals not in an open priority group under the order of selection;

(B) assessment for determining eligibility and vocational rehabilitation needs by qualified personnel, including, if appropriate, an assessment by personnel skilled in rehabilitation technology;

(C) counseling and guidance, including information and support services to assist an individual in exercising informed choice;

(D) referral and other services to secure needed services from other agencies through cooperative agreements;

(E) job-related services, including job search and placement assistance, job retention services, follow-up services, and follow-along services; and

(F) rehabilitation technology, including telecommunications, sensory, and other technological aids and devices.

(2) Determining whether comparable benefits and services are available will not be required prior to providing any VR services if that determination would interrupt or delay:

(A) the progress of the individual toward achieving the employment outcome identified in the IPE;

(B) an immediate job placement; or

(C) the provision of such services to any individual at extreme medical risk.

(b) Counselors will advise clients of available benefits, help in completing the application for such benefits when needed, and refer clients to the appropriate contact person. Each client is required to apply for such benefits. ~~DVR and DVSD~~ DSBVI will not participate in the cost of services for any client who fails to apply for and accept available comparable benefits.

(c) Whether or not the client must participate in the cost of VR services has absolutely no effect upon the required search for, or use of, available comparable benefits. Available comparable benefits cannot be used in place of client resources when the client is required to participate in the cost of VR services.

(d) Awards and scholarships based upon merit will not be counted as comparable benefits.

(e) A student loan is not a comparable benefit. Failure to apply for a student loan which must be repaid will not be cause

Permanent Final Adoptions

to withhold participation by DVR or ~~DVS~~DSBVI. Clients who have defaulted on a student loan will not be assisted with post-secondary training until the client has cleared the default or has made arrangement with the lender on the terms of payment. Documentation of the arrangement made must be in the case record before post-secondary training services are provided when it is known a client has defaulted on a loan. The counselor will inform such clients of organizations which can help resolve debt problems, such as credit counseling services and legal aid.

(f) Clients are expected to provide the counselor a copy of the award letter(s) or other written notice of comparable benefits received from other sources, and it is expected the comparable services and benefits available to the client will be used to defray all or part of the cost of the individual's IPE.

(g) The client's IPE will be reviewed and amended by the client and VR counselor whenever comparable services or benefits that were not accounted for in the original plan become available to the client.

(h) Cooperative agreements between DRS and other service providers may affect how comparable services and benefits available from such service providers will be applied in an IPE. Cooperative agreements entered into by DRS with other service providers will include:

- (1) provisions for determining and stating the financial responsibility of each agency in providing services;
- (2) conditions, terms, and procedures for DRS to be reimbursed by other agencies for providing covered services;
- (3) procedures for resolving interagency disputes under the agreement; and
- (4) coordination of agency procedures for timely VR services delivery.

612:10-3-3. Client participation in services cost and financial status determination

(a) DVR and ~~DVS~~DSBVI require the client to participate in the cost of some vocational rehabilitation services if the client and/or client's family income exceeds the established basic living requirement for the applicable family size. Any client who has been determined eligible for Social Security benefits under Title II or XVI of the Social Security Act is exempt from client participation in service costs.

(b) Before an individual can be provided services other than those listed in DRS policy, the counselor must evaluate the client's financial situation to determine if the client must participate in the cost of services, and if so, the amount of such participation. Any client whose available family income exceeds the applicable basic living requirements is required to apply the monthly surplus to the cost of services during each 30 day period services are provided. DVR and ~~DVS~~DSBVI funds will not be used to purchase services based on client's financial status when there is any refusal on client's behalf to participate in the cost of services. However, the client can be provided services not based on financial status. Any client who does not have a surplus is not required to participate in the cost of services. Financial status does not exempt the client from

required use of comparable benefits. If a payment is required of the client, it will be made to the vendor.

(c) The counselor will re-evaluate the client's financial situation at least annually and any time there is a change in the financial situation of the client or family. The amount of client participation in cost is based upon the most recent determination of client's financial status at the time the IPE or amendment is written, and is stated in the IPE or amendment.

(d) The client's financial status must be verified when an IPE includes services which require client participation in cost of services. Information used to verify the client's financial status includes such documents as income tax returns, bank statements, pay stubs, canceled checks, payment receipts, and/or payroll documents. It is the client's responsibility to provide the documents needed for verification of financial status information for the family. If the client refuses to provide the requested verification, DVR and ~~DVS~~DSBVI resources will not be used to defray the cost of services which require client participation in cost of services.

612:10-3-4. Services exempt from client participation in service costs

(a) DVR and ~~DVS~~DSBVI clients who have income and assets above the basic living requirements will be required to apply surplus resources to the cost of rehabilitation services except for the following services which do not require a determination of financial status:

- (1) services provided to assess eligibility and rehabilitation needs (services which would require the individual's participation in cost under an IPE will also require the individual's participation in cost during an evaluation of the individual's ability to benefit from VR services);
- (2) counseling, guidance, referral, and other services provided directly by DVR and ~~DVS~~DSBVI staff;
- (3) on-the-job training, work experiences, internships and apprenticeships;
- (4) personal or work-adjustment training;
- (5) reader services;
- (6) interpreter services;
- (7) personal assistance services;
- (8) job-related services including job search and placement, job retention services, follow-up services and follow-along services;
- (9) compensatory training;
- (10) job coaching services (i.e., supported employment, employment and retention, transitional employment); or
- (11) any auxiliary aid or service that an individual with a disability require under Section 504 of the Rehabilitation Act or the Americans with Disabilities Act, or regulations implementing those laws, in order for the individual to participate in the VR program; and
- (12) library services.

(b) Recipients of Social Security benefits under Titles II (federal old age, survivors, and disability insurance benefits) or XVI (SSI) of the Social Security Act do not have to participate financially in the cost of their rehabilitation program.

**SUBCHAPTER 7. VOCATIONAL
REHABILITATION AND ~~VISUAL~~ SERVICES FOR
THE BLIND AND VISUALLY IMPAIRED**

**PART 1. SCOPE OF VOCATIONAL
REHABILITATION AND ~~VISUAL~~ SERVICES FOR
THE BLIND AND VISUALLY IMPAIRED**

**612:10-7-1. Overview of Vocational Rehabilitation
and ~~Visual~~ Services for the Blind and
Visually Impaired**

(a) Vocational rehabilitation services are provided by the Division of Vocational Rehabilitation and the Division of ~~Visual~~ Services for the Blind and Visually Impaired to help eligible individuals achieve employment outcomes that are consistent with the unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice of each eligible individual. VR services for individuals are meant to result in competitive employment in an integrated setting. Vocational rehabilitation services include services for individuals and services to groups of individuals.

(b) Vocational rehabilitation services for an individual are prescribed in an Individualized Plan for Employment (IPE) that is based on an assessment of the individual's rehabilitation needs, guidance provided by a qualified vocational rehabilitation professional and the individual's informed choice with regard to employment goal, services and service providers. Services may include but are not limited to:

- (1) an assessment for determining eligibility and vocational rehabilitation needs by qualified personnel, including, if appropriate, an assessment by personnel skilled in rehabilitation technology;
- (2) counseling and guidance, including information and support services to assist an individual in exercising informed choice;
- (3) referral and other services to secure needed services from other agencies through cooperative agreements if such services are not available from DVR or ~~DVS~~ DSBVI;
- (4) job-related services, including job search and placement assistance, customized employment services, services leading to self-employment, job retention services, ongoing services, and extended services;
- (5) vocational and other training services, including the provision of personal and vocational adjustment services, books, tools, and other training materials;
- (6) to the extent that financial support is not readily available from a source (such as health insurance or comparable services and benefits) other than DVR or ~~DVS~~ DSBVI, diagnosis and treatment of physical and mental impairments;
- (7) maintenance for additional costs incurred while participating in an assessment for determining eligibility and vocational rehabilitation needs or while receiving services under an Individualized Plan for Employment;
- (8) transportation, including training in the use of public transportation vehicles and systems, that is provided in connection with the provision of any other service

described in this section and needed by the individual to participate in rehabilitation services or to achieve an employment outcome;

(9) on-the-job or other related personal assistance services provided while an individual is receiving other services described in this section;

(10) interpreter services provided by qualified personnel for individuals who are deaf or hard of hearing, and reader services for individuals who are determined to be blind;

(11) rehabilitation teaching services, and orientation and mobility services, for individuals who are blind;

(12) occupational licenses, tools, equipment, and initial stocks and supplies;

(13) technical assistance and other consultation services to conduct market analyses, develop business plans, and otherwise provide resources, to the extent such resources are authorized to be provided through the statewide workforce investment system, to eligible individuals who are pursuing self-employment or telecommuting or establishing a small business operation as an employment outcome;

(14) rehabilitation technology, including rehabilitation engineering, assistive technology devices and assistive technology services;

(15) transition services for students with disabilities, that facilitate the achievement of the employment outcome identified in the Individualized Plan for Employment, and pre-employment transition services as described in 34 CFR 361.48(a) and 29 USC 733;

(16) supported employment services for individuals with the most significant disabilities that need ongoing support services from a job coach to obtain and maintain employment;

(17) employment and retention services for individuals with significant disabilities who require short term job coach support to obtain and maintain a successful employment outcome;

(18) transitional employment services for individuals with the most significant disabilities due to mental illness who have little or no successful work history and need work adjustment/trial work experience;

(19) work experiences, internships, and apprenticeships;

(20) services to the family of an individual with a disability necessary to assist the individual to achieve an employment outcome; and

(21) specific post-employment services necessary to assist an individual with a disability to, retain, regain, or advance in employment.

(c) Vocational rehabilitation services for groups of individuals with disabilities are described in 34 CFR 361.49 and include:

- (1) In the case of any type of small business operated by individuals with significant disabilities the operation of which can be improved by management services and supervision provided by DVR or ~~DVS~~ DSBVI, the provision of such services and supervision, along or together with the acquisition by DVR or ~~DVS~~ DSBVI of vending facilities or other equipment and initial stocks and supplies.

Permanent Final Adoptions

(2) Equipment for clients who are going into self-employment requires prior approval from RSA.

(23) Transition services to youth and students with disabilities who may not have applied or been determined eligible for vocational rehabilitation services, that involve collaboration of a vocational rehabilitation counselor with education agencies, programs serving individuals with developmental disabilities, businesses, workforce programs, independent living centers, housing and transportation authorities and related entities. Such services are to benefit a group of youth or students with disabilities and may not be individualized services related to an individual plan for employment. Services may include group tours of training programs and businesses, career fairs, interview practice, resume writing, and other group activities that support future employability.

(4) High school students who have a disability and are not clients of the DRS, but are going to a conference or camp to provide them with the necessary tools and education for employment requires prior approval from RSA.

(35) The use of telecommunications systems (including telephone, television, video description services, tactile-vibratory devices, satellite, radio, and other similar systems) that have the potential for substantially improving delivery methods of activities described in this section and developing appropriate programming to meet the particular needs of individuals with disabilities;

(46) Special services to provide access to information for individuals who are blind, visually impaired, deaf, hard of hearing or deaf-blind including:

- (A) the use of telecommunications, Braille, sound recordings, or other appropriate media;
- (B) captioned television, films, or video cassettes for individuals who are deaf or hard of hearing;
- (C) tactile materials for individuals who are deaf-blind; and
- (D) other special services that provide information through tactile, vibratory, auditory, and visual media.

(57) Technical assistance to businesses that are seeking to employ individuals with disabilities.

(68) Consultative and technical assistance services to assist educational agencies in planning for the transition of students with disabilities from school to post-school activities, including employment.

(79) The establishment, development or improvement of assistive technology demonstration, loan, reutilization or financing programs in coordination with activities authorized under the Assistive Technology Act of 1998.

(810) The establishment, development or improvement of a community rehabilitation program that is used to provide vocational rehabilitation services that promote integration into the community and prepare individuals with disabilities for competitive integrated employment.

person. The counselor is responsible for providing interpreter services to applicants who are deaf or non-English speaking.

(b) The rehabilitation counselor is responsible for the determination of an individual's eligibility to receive services from DVR or ~~DVSDSBVI~~. In cases where the counselor has difficulty in making an eligibility determination, the counselor will consult with the supervisor. For further clarification, the case will be reviewed by the field coordinator for a decision. Individuals who are legally blind are to be referred to the appropriate rehabilitation teacher for determination of eligibility for the rehabilitation teaching program.

(c) The counselor's primary vocational rehabilitation service is counseling and guidance with job placement. Additional services must be justified as necessary to compensate for, correct or circumvent an impediment to employment. Every IPE must include a plan of counseling and guidance services. Regular documentation of counseling sessions will be included in every DVR and ~~DVSDSBVI~~ case.

(d) The rehabilitation counselor is to ensure that the client is a full participant in the decisions that are made concerning his or her vocational rehabilitation. This responsibility is carried out by providing the individual with as much relevant information as is available so that the individual, and/or the individual's authorized representative, can exercise informed choice consistent with the Department's policies. The minimum information concerning service choice to be supplied includes:

- (1) service cost;
- (2) available service providers;
- (3) service accessibility;
- (4) expected duration of services;
- (5) consumer satisfaction with the services in question, to the extent that such information is available;
- (6) qualifications of potential service providers;
- (7) the types of services offered by the potential service providers;
- (8) the degree to which services are provided in integrated settings; and
- (9) outcomes achieved by individuals working with the service provider, to the extent such information is available.

(e) The individual will be notified in writing of any adverse determination made by professional staff concerning that individual's case. This notification will be made in a timely manner, and in a manner that supports the individual's right to due process.

(f) The counselor will complete a financial status determination form prior to the provision of any service (other than exempt services listed in 612:10-3-4) to determine if the client will be required to participate in the cost of services.

(g) The counselor will inform each individual of his or her rights and responsibilities as an applicant or client of DVR and ~~DVSDSBVI~~. Cross reference 612:10-7-3

(h) The Department of Rehabilitation Services (DRS) has an obligation under state and federal law to provide services in a fair and impartial manner. State Ethics Commission Rules state that the proper operation of state government requires that the state employee be independent and impartial; that state

612:10-7-2. Field staff responsibilities

(a) The counselor is responsible for contacting each referral within 30 days of receipt of the referral information. The counselor is responsible for completing a contact by telephone or in

employees not use state office to obtain private benefits; that a state employee must avoid action which creates the appearance of using state office to obtain a private or inappropriate benefit; and that state employees exercise their powers without prejudice or favoritism.

612:10-7-2.5. Work Experience

(a) When Work Experience (WE) will best suit the client's needs, this type of training can be considered. In order for the client to gain work experience and obtain employment, WE can be provided in conjunction with any other DRS Service. The nature of the work training experience may (or may not) match the consumer's employment goal on the IPE. This service does not require client participation in cost of services.

(b) In selecting work training sites, the counselor must assure the items in (1) - (5) of this Subsection are met;

(1) The business or individual must be willing to train and provide experience to DRS clients for specific duties, skills and occupations.

(2) DRS will provide proper equipment and other accommodations as needed.

(3) The individual who actually does the training must be the employer or an employee of the business and have the knowledge, skill, and ability to train the client.

(4) Time must be devoted daily to the training of the client.

(5) It is expected the client will be employable after a reasonable period of training.

(c) The length of time for Work Experience needed for training will vary with the complexity of the job being learned. However, Work Experience cannot exceed six (6) months.

(d) Individuals and businesses which provide Work Experience are expected to compensate WE participants according to applicable minimum wage and hour regulations under the Fair Labor Standards Act. The employer must pay the client at least the applicable minimum wage.

(e) Work Experience payments are reimbursement for training by the employer. Reimbursement is paid to the employer who pays the client just like his or her own employees. It is not permissible for the employer to endorse the reimbursement check and give it to the client in lieu of wages.

(f) Reimbursement for Work Experience is paid on a monthly basis.

612:10-7-3. Client responsibilities

To make the rehabilitation effort a success, the individual and agency's staff must work together to reach chosen goals. This shared responsibility requires that the client or applicant for services accept the basic responsibilities in (1) through (12) of this Subsection. Other specific client responsibilities are stated in relevant manual sections. It is the counselor's responsibility to fully and appropriately inform the client of client responsibilities.

(1) Provide information and be available to complete the assessment process to find out if you are eligible for services.

(2) Be on time and keep appointments with ~~DVR/DVS~~DVR/DSBVI staff, doctors and others. Call in advance or as soon as possible, if you cannot come to an appointment.

(3) Follow the advice of doctors and other medical professionals to include compliance with all prescribed medications.

(4) Participate with your ~~DVR/DVS~~DVR/DSBVI counselor in developing the Individualized Plan for Employment, (IPE) including participating in assessments needed to determine your needs and strengths.

(5) Provide enrollment documents to home/supervisor counselor before the college or university's designated "Drop and Add" deadline so an authorization can be issued, if your IPE includes educational and training services.

(6) Attend education or training classes on a regular basis and make at least passing grades, if your IPE includes these services.

(7) Review your IPE with your counselor at least once a year and participate in making revisions to the plan when needed.

(8) Maintain satisfactory progress toward completing the IPE.

(9) Abstain from abuse of drugs and/or alcohol. Individuals who abuse drugs and/or alcohol while receiving services will be referred to the Oklahoma Department of Mental Health and Substance Abuse Services (ODMH-SAS) and/or other appropriate agencies for purposes of seeking treatment. All case services will be suspended. If the client refuses or fails to cooperate with seeking treatment, or is not available to pursue a DRS program, this will be considered as reasonable cause for case closure.

(10) Keep the appropriate professional informed of changes in the individual's address, financial status, or other program-related changes.

(11) Apply for and make appropriate use of any comparable benefits and services for which the client is eligible to defray in whole or in part the cost of services in the individual's IPE and provide verification of financial aid award status to counselor.

(12) Work with the counselor to obtain or keep suitable gainful employment or appropriate independent living outcomes as services are being completed.

PART 3. CASE PROCESSING REQUIREMENTS**612:10-7-21.1. Processing incoming referrals**

(a) **Processing incoming referrals.** All referrals to DVR and ~~DVS~~DSBVI will be contacted by the VR counselor and appropriate action taken within 30 days, after receipt of the referral information. The counselor is responsible for completing a contact by telephone or in person. The counselor is responsible for providing interpreter services to referrals who are deaf or non-English speaking. In situations where the individual cannot be personally contacted, correspondence will be mailed to the individual for informational purposes.

Permanent Final Adoptions

(b) **Referrals to rehabilitation teachers.** All individuals who are legally blind, whether being served by a DVR counselor or a ~~DVS~~DSBVI counselor, will be referred to a rehabilitation teacher. Rehabilitation teachers may also receive counselor referrals and provide services for individuals who are not legally blind but have functional limitations due to vision loss and have potential to benefit from rehabilitation teaching services.

612:10-7-21.2. Information and referral system

(a) DVR and ~~DVS~~DSBVI staff will ensure that individuals with disabilities, including eligible individuals who do not meet order of selection criteria when the agency is operating under an order of selection, are provided accurate vocational rehabilitation information and guidance, using appropriate modes of communication. This information and guidance will be used to assist the individual in preparing for, securing, retaining, or regaining employment.

(b) Staff will ensure that individuals with disabilities are appropriately referred to Federal and State programs, including other components of the workforce investment system. An appropriate referral shall:

- (1) be to the Federal or State program(s) best suited to address the specific employment needs of the individual; and
- (2) include, for each involved program, provision to the individual of:
 - (A) a notice of the referral from DVR or ~~DVS~~DSBVI to the agency responsible for the program;
 - (B) information identifying a specific point of contact within the agency responsible for the program; and
 - (C) information and advice regarding the most suitable services to assist the individual.

612:10-7-24.1. Basic eligibility requirements for vocational rehabilitation services

(a) An individual is eligible for vocational rehabilitation services under the Rehabilitation Act through the State Department of Rehabilitation Services if the individual:

- (1) has a physical or mental impairment which for such individual constitutes or results in a substantial impediment to employment;
 - (2) is determined by a qualified vocational rehabilitation counselor to require vocational rehabilitation services to prepare for, secure, retain, advance in, or regain employment; and
 - (3) can benefit in terms of an employment outcome from vocational rehabilitation services.
- (b) The agency presumes that an applicant with a physical or mental impairment that constitutes or results in a substantial impediment to employment can benefit from vocational rehabilitation services in terms of an employment outcome, unless the agency demonstrates, based on clear and convincing evidence, that the individual is incapable of benefiting from

rehabilitation services due to the severity of the individual's disability.

(c) An individual who has a disability or is blind as determined pursuant to Titles II (federal old age, survivors, and disability insurance benefits) or XVI (SSI) shall be:

- (1) considered to have a significant disability under the order of selection; and
 - (2) presumed to be eligible for vocational rehabilitation services, (provided that the individual intends to achieve an employment outcome consistent with the unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice of the individual) unless clear and convincing evidence demonstrates that the individual is incapable of benefiting in terms of an employment outcome from vocational rehabilitation services due to the severity of the individual's disability.
- (d) Eligibility requirements shall be applied without regard to:

- (1) duration of residence in the state,
 - (2) type of disability,
 - (3) age, except that in serving eligible individuals below working age, the client must be expected to reach working age by the time the IPE is completed, and DRS will not provide services that are the responsibility of the public school system.
 - (4) gender, race, color or national origin,
 - (5) type of expected employment outcome,
 - (6) source of referral, or
 - (7) the particular service needs or anticipated cost of services required by an applicant or applicant's family.
- (e) **Disabled veterans.** Disabled veterans are eligible for vocational rehabilitation services on the same basis as other individuals with disabilities subject to the following restrictions:
- (1) Disabled veterans are not provided services which can be secured from the Veterans Administration (VA), unless use of VA services will cause a substantial delay of services.
 - (2) Veterans receiving additional benefits under the G. I. Bill or the War Orphan Act may be provided services if such services do not duplicate those being received from the VA.

(f) **Applicants who are employed.** Employed persons who meet basic eligibility requirements may be provided vocational rehabilitation services to advance in or retain employment, or when the employment is not consistent with the individual's strengths, resources, priorities, concerns, abilities, interests and capabilities.

(g) **Citizenship.** Participation in the VR program is available to citizens and nationals of the United States, lawfully admitted permanent resident aliens, refugees, asylees and parolees, and other immigrants authorized to work in the United States.

(h) **Criteria.** Some conditions have unique criteria that must be considered when determining eligibility.

- (1) **Alcoholism/Drugs.** Individuals may be eligible for vocational rehabilitation services based on a substance abuse diagnosis that may be made by a qualified professional. Clients must be willing to undergo random

alcohol/drug screening. DRS does not pay for detoxification or replacement drug treatment. Documentation from qualified Drug and Alcohol treatment professionals indicating that the client is presently substance-free, maintaining sobriety, and actively participating in a treatment or maintenance program if recommended by the treating professional must be filed in the case record upon IPE development.

(2) **Allergies/Asthma.** Allergies/asthmatic conditions that require continuous or intermittent medical intervention and result in a substantial impediment to employment will be considered eligible for services.

(3) **Deafness and Hearing Loss.** The rehabilitation professional will base eligibility determination upon one of the measurement methods listed below, as performed by a qualified audiologist or other qualified professional as determined by the Department. The case record must document the method chosen provides the most accurate evaluation of functional hearing level for the individual.

(A) **Eligibility criteria.** Eligibility criteria for each method of measurement are listed in (i) through (iv) of this Subsection. An individual will also be considered to have a qualifying disability when documentation indicates the hearing loss is progressive and the progression is substantial enough to result in an impediment to employment.

(i) **Average hearing loss.** Average hearing loss, which is determined by computing average of the pure tone thresholds for each ear at 1000Hz, 2000Hz, 3000Hz and 4000Hz. An individual is considered to have a qualifying disability based upon average hearing loss when:

- (I) The hearing loss in one ear is profound (91 dB or greater) and the hearing loss in the better ear is at least 15 dB; or
- (II) The hearing loss in the better ear is 30 dB or greater.

(ii) **Speech recognition threshold (SRT).** An individual is considered to have a qualifying disability when:

- (I) the speech reception threshold in one ear is 91 dB or greater and is at least 15 dB in the better ear; or
- (II) the speech reception threshold in the better ear is 30 dB or greater.

(iii) **Speech discrimination or word recognition score.** An individual is considered to have a qualifying disability when the speech discrimination or word recognition score is 70% or less.

(iv) **Articulation index.** An individual is considered to have a qualifying disability when the articulation index is 70% or less.

(B) **Severity of Hearing Loss.** All individuals who qualify as having a severe hearing loss will be referred to a Rehabilitation Counselor for the Deaf and Hard of Hearing (RCD). Relevant information provided will include copies of the initial interview narrative recording, medical information, eligibility

data entry form, Individualized Plan for Employment, pertinent copies of case narratives and DRS application form. On receipt of a referral, the RCD will contact the client and make a determination of potential for Deaf and Hard of Hearing services. The referring counselor will be informed in writing of the RCD's findings.

(i) **Severe Hearing Loss.** Average hearing loss, as calculated above, is considered severe when:

- (I) The hearing loss in one ear is profound (91 dB or greater) and the hearing loss in the better ear is at least 31 dB; or
- (II) The hearing loss in each ear is 55 dB or greater.

(ii) **Severe Speech Recognition Threshold (SRT).** An individual is considered to have severe disability when:

- (I) The SRT in one ear is 91 dB or greater and the SRT in the better ear is at least 31 dB; or
- (II) The SRT in each ear is 55 dB or greater.

(iii) **Severe Speech Discrimination or word recognition score.** An individual is considered to have a severe disability when the speech discrimination or word recognition score is 59% or less.

(4) **Diabetes:** The individual must require prescribed medication to control the condition. Those persons whose diabetes is controlled by diet and exercise alone or whose condition does not result in a substantial impediment to employment will not be considered eligible. Eligible clients will be required to undergo a visual exam by a licensed ophthalmologist at least once a year. Diabetes management training will be incorporated into the IPE unless the client shows that he/she has previously completed diabetes management training. When recommended by a physician, diabetes management training will be incorporated into the IPE regardless of past diabetes education received by the individual.

(5) **Facial and Disfigurement Conditions.** When these conditions result in an impediment to employment an individual may be eligible for VR services.

(6) **Learning Disabilities.** ~~An individual may be identified as learning disabled.~~ Learning disabilities is a general term that refers to a group of disorders manifested by significant difficulties in the attainment and use of listening, speaking, reading, writing, reasoning, or mathematical abilities. Learning disabilities are identified when there are difficulties learning and using academic skills, as indicated by at least one of the following occurring even with interventions: Inaccurate or slow reading, difficulty understanding the meaning of what is read, difficulties with spelling, difficulties with written expression, difficulties mastering numbers sense, facts or calculation, and difficulties with mathematical reasoning. Also, academic skills are significantly below those expected for the student's chronological age and causes issues with academic and occupational performance. Academic areas include,

impairment in reading, impairment in written expression, and impairment in mathematics.

~~(A) When there is a marked discrepancy between verbal and performance intellectual level or~~

~~(B) When the individual's achievement on individually administered, standardized tests in reading, mathematics or written expression is substantially below that expected for age, schooling and level of intelligence (DSM, current edition).~~

(7) **Mental Disorders.** Individuals may be eligible for vocational rehabilitation services based on a mental health diagnosis made by a qualified professional (612:10-7-98 (17)(A)(1-5)). Documentation must be filed from a qualified professional indicating the client is participating in a treatment plan and in compliance with all medication as prescribed. Treatment must be incorporated as a service in the IPE for individuals with a mental disorder.

(8) **Intellectual Disability.** To be eligible, individuals having an I.Q. of 69 or below and substantially limited adaptive functioning, as measured by an individual intelligence test, will be considered to have a substantial disability. Individuals eligible under IDEA with an I.Q. level higher than 69 may be considered to have a substantial impairment provided the documentation used by the school in determining eligibility under IDEA, in the counselor's judgment, confirms the individual is functioning in the intellectual disability range of ability. Individuals not enrolled in public school special education classes with an I.Q. higher than 69 may be considered to have a substantial impairment provided appropriate documentation confirms the individual is functioning in the intellectual disability range of ability.

(9) **Height.** To be eligible, a person's stature must constitute or result in a substantial impediment to employment.

(10) **Obesity.** To be eligible, a person must be considered obese according to a recognized medical classification protocol and the impairment must constitute or result in a substantial impediment to employment. Some type of weight loss plan or treatment for obesity must be included as a service in the IPE.

(11) **Visual.** Any of the following conditions may provide a basis for eligibility due to visual disability:

(A) **Blindness.** A central visual acuity of 20/200 or less in the better eye with best correction, or a limitation in the field of vision in the better eye so that the widest diameter of the visual field subtends an angle of 20 degrees or less. "Best correction" refers to the use of standard eyeglasses or contact lenses, and does not include use of bioptic telescopic systems or any specialized lenses which cannot be worn by the individual on a sustained basis.

(B) **Visual impairment.** A central visual acuity of 20/60 or less in the better eye with best correction, or other visual condition which, for the individual, results in functional limitations and constitutes a barrier to employment. Other visual conditions which may result in functional limitations include, but are

not limited to, limited peripheral vision, extreme light sensitivity, loss of depth perception, loss of stereopsis, diplopia (double vision), aphakia, total absence of color discrimination or red-green deficiency, blurred vision, eye muscle and movement conditions, and cortical visual impairment.

(C) **Progressive eye disease.** Diagnosis of a progressive sight threatening disease or condition that has resulted in functional limitations for the individual or is expected to progress rapidly. Progressive eye diseases which may result in significant vision loss include, but are not limited to, retinitis pigmentosa, diabetic retinopathy, glaucoma and macular degeneration.

(12) **Re-evaluation.** Individuals with chronic disabilities that can be removed with little or no residual limitations will not be eligible for purchase of services other than those related to the required treatment.

612:10-7-24.2. Assessment for determining eligibility

(a) To determine whether an individual is eligible for vocational rehabilitation services:

(1) the counselor will use to the maximum extent possible and appropriate existing data including counselor observations, education records, information provided by the individual or the individual's family, and determinations made by officials of other agencies; and

(2) to the extent necessary provide appropriate assessments, including provision of goods and services during the assessment, to obtain additional documentation necessary to make the determination of eligibility and priority group assignment. The counselor will carefully evaluate the need to provide assistive technology devices and services or worksite assessments.

(b) The counselor will determine whether an individual is eligible for vocational rehabilitation services within a reasonable period of time, not to exceed 60 days after the individual has submitted an application for services. This time period may be extended only when unforeseen and exceptional circumstances beyond the control of the Department preclude completing the determination of eligibility within the 60 days and the individual agrees a specific extension of time is warranted as documented on the Need for Extension of Time to Determine Eligibility form; or a trial work period or an extended evaluation is needed to determine the individual's ability to benefit from VR services.

(c) Documentation that the individual has a disability which constitutes or results in an impediment to employment must come from qualified professionals.

(d) Eligibility determinations will be expedited for applicants who have been determined eligible for vocational rehabilitation services by an American Indian Vocational Rehabilitation Services (AIVRS) Program. Counselors will work cooperatively with the applicable American Indian VR Program to obtain pertinent diagnostic and other documentation, and utilize such documentation, as appropriate, in making eligibility decisions that are prompt or, whenever feasible, immediate.

(e) A qualified rehabilitation professional may proceed with a determination of eligibility if there is an obvious and/or observable disability that results in an impediment to employment. The VR specialist will document observations pertaining to the applicant's disability. After making the determination of eligibility the VR specialist may authorize any assessments and services necessary to further document eligibility, establish priority group placement and determine rehabilitation needs for development of the Individualized Plan for Employment.

(f) Diagnosis and evaluation are to be provided only for determination of eligibility for VR services, priority group placement, and determination of VR service needs. DVR and ~~DVS~~DSBVI funds are not to be used to assist an individual in establishing eligibility for other programs.

(g) When necessary, diagnostic evaluations may be purchased at any time during the life of the case.

(h) If an individual is determined eligible, the VR counselor will notify the individual in writing. If the individual is determined to be ineligible, the counselor will notify the applicant and provide information on further options in accordance with DRS policy on ineligibility decisions.

(i) Eligibility for supported employment. The counselor may not find an individual ineligible for supported employment services because a resource for providing extended services cannot be identified. In this instance, the counselor will:

- (1) accept the individual as eligible for VR services;
- (2) plan VR services as appropriate, including the expected availability of extended services; and
- (3) seek out and/or help in developing the needed extended services resource.

612:10-7-25.1. Order of selection

(a) **Need for order of selection.** The Department, in consultation with the Oklahoma Rehabilitation Council, has determined, due to budgetary constraints or other reasoned limitations, that it cannot serve all individuals who are determined eligible for DVR and ~~DVS~~DSBVI services. The Department consults with the Oklahoma Rehabilitation Council regarding the:

- (1) need to establish an order of selection, including any re-evaluation of the need;
- (2) priority categories of the particular order of selection;
- (3) criteria for determining individuals with the most significant disabilities; and
- (4) administration of the order of selection.

(b) **Priority groups.** It is the policy of DRS to provide vocational rehabilitation services to eligible individuals under an order of selection. Under the order of selection, the Department has established three priority groups on the basis of serving first those with the most significant disabilities. Every individual determined to be eligible for DVR and ~~DVS~~DSBVI services is placed in the appropriate priority group based upon the documentation used to determine eligibility and/or vocational rehabilitation needs. Selection and placement in a priority group is based solely upon the significance of the eligible individual's disability, and is not based upon the type

of disability, geographical area in which the individual lives, projected type of vocational outcome, age, sex, race, color, creed, religion, or national origin of the individual. The priority groups are:

(1) **Priority Group 1.** Eligible individuals with a most significant disability are individuals with the most significant barriers to employment. A most significant barrier is one that includes a severe mental or physical impairment resulting in serious limitations in three or more functional capacities and which can be expected to require multiple vocational rehabilitation services over an extended period of time.

(2) **Priority Group 2.** Eligible individuals with a significant disability are individuals with significant barriers to employment. A significant barrier is one that includes a severe physical or mental impairment resulting in serious limitations in at least one, but not more than two, functional capacities and which can be expected to require multiple vocational rehabilitation services over an extended period of time.

(3) **Priority Group 3.** Eligible individuals with disabilities not meeting the definition of individual with a significant or most significant barrier to employment.

(c) **Implementation.** Prior to the start of each fiscal quarter, or when circumstances require, the DRS Director will determine in which priority groups new Individualized Plans for Employment will be written and initiated. The Director may restrict the writing and initiation of new Individualized Plans for Employment within a priority group to cases having eligibility dates falling on or before a specified date providing that all consumers in higher priority groups are being served. Considerations in making this determination will include, but not be limited to, the projected outcomes, service goals, expenditures, and resources available for each priority group. Projected costs and resources for each priority group will be based upon costs of current Individualized Plans for Employment, anticipated referrals, availability of financial resources, and adequacy of staffing levels. The Director will implement actions under the order of selection through written notice to DVR and ~~DVS~~DSBVI staff. The written notice will specify the implementation date of the action and direct DVR and ~~DVS~~DSBVI staff on how to handle cases by priority group and application date. DVR and ~~DVS~~DSBVI staff will inform each eligible individual on their caseloads:

- (1) of the priority groups in the order of selection;
- (2) of the individual's assignment to a priority group; and
- (3) of the individual's right to appeal that assignment.

(d) **Closing and opening priority groups.** When all or part of a priority group is closed, designated cases within that priority group without a written IPE will be placed on a waiting list after the individual has been determined to be eligible. No IPE will be written for cases on the waiting list. Staff will continue to take applications, diagnose and evaluate all applicants to determine eligibility and vocational rehabilitation needs, find the individual eligible when documentation supports such a decision, then place each eligible individual's case in the appropriate priority group. If an eligible individual is placed in

a closed priority group, his or her case will go on the waiting list and no IPE will be written or initiated. The DRS Director will notify DVR and ~~DVSDSBVI~~ staff in writing when all or part of a closed priority group is opened. When this directive includes new applicants who are found eligible, individuals already on the waiting list within that same priority group will be given priority over new applicants. When all or part of closed priority groups are opened, staff will contact individuals on the waiting list to develop and implement their Individualized Plans for Employment using the priorities in Paragraphs (1) - (3) of this Subsection:

- (1) contact individuals within the highest open priority group first, Most Significant being the highest of all priority groups;
 - (2) within each opened priority group, staff will contact individuals on the waiting list in order of application date, earliest application date first; then
 - (3) staff will contact individuals whose cases will remain on the waiting list to explain how their cases will be handled.
- (e) **Continuity of services.** Any individual with an IPE that existed prior to the date all or part of that individual's priority group was closed will continue to receive services as planned. Such an IPE may be amended if the changes are necessary for the individual to continue progress toward achieving an appropriate employment outcome, or are otherwise necessary within policy. Persons requiring post employment services will also be provided the necessary services regardless of priority group assignment.
- (f) **Information and referral services.** Information and referral services will remain available to eligible individuals who are not in an open priority group. These individuals will be given information and guidance, using appropriate modes of communication, to assist such individuals in preparing for, securing, retaining or regaining employment, and will be appropriately referred to Federal and State programs (other than the vocational rehabilitation program) including other components of the statewide workforce investment system in the state. No IPE will be written to provide such services to these individuals.

612:10-7-31. Transfer of cases

- (a) **Transfer of cases between caseloads.** When it has been determined an individual has moved from one counselor's area to another, the individual could be served more appropriately under another DVR or ~~DVSDSBVI~~ program, or in the supervisor's opinion, transfer is in the best interest of the individual, the case will be transferred.
- (b) **Transfer of cases between programs.** Prior to transferring a case between DVR and ~~DVSDSBVI~~, the transferring counselor must obtain the required specialist information to support the change of primary disability. The transferring counselor will review the case record to ensure it is complete, accurate and contains the information necessary for the receiving counselor to find the individual and continue services without interruption.

PART 5. CASE STATUS AND CLASSIFICATION SYSTEM

612:10-7-50. Eligibility Status

- (a) **Use of Eligibility Status.** An active case is defined as one which has been accepted as meeting the basic eligibility requirements. An applicant who has been determined eligible for vocational rehabilitation will be placed in Eligibility Status for completion of a comprehensive assessment to determine employment goal and rehabilitation needs and for development of the Individualized Plan for Employment (IPE). An individual who is placed in an order of selection priority group that is not currently being served will be placed on a waiting list and held there pending further directives from the Director concerning opening or closing of priority groups.
- (b) **Case recording requirements.** The counselor records activities during this period by individual entry or by summary recording at regular intervals in case narratives. Copies of pertinent case information will be shared with all DVR or ~~DVSDSBVI~~ professionals involved in the case. During eligibility status and throughout the life of the case, ~~DVSDSBVI~~ counselors and rehabilitation teachers will share pertinent information related to a case they jointly serve. Pertinent case information will also be shared with contracted vendors, when appropriate, with a release signed by the client. If an IPE cannot be developed during this period, the client's case is closed with a full explanation to the client and documentation as to the reason for closing the case. This documentation will be completed on a closure letter and a copy given to the client.

612:10-7-51. Individualized Plan for Employment

- (a) **Options for developing the Individualized Plan for Employment (IPE).** The VR counselor will provide the eligible individual, or the individual's authorized representative, in writing and in appropriate mode of communication, with information on the individual's options for developing the IPE.
- (1) The required information will include the following:
 - (A) information on the availability of assistance, to the extent determined to be appropriate by the eligible individual, or authorized representative, from a qualified VR counselor in developing all or part of the IPE, and the availability of technical assistance for this purpose;
 - (B) a description of the required content of the IPE;
 - (C) as appropriate:
 - (i) an explanation of agency requirements for client participation in cost of services;
 - (ii) additional information requested by the individual or authorized representative;
 - (iii) information on the availability of assistance in completing ~~DVR/DVSDVR/DSBVI~~ forms required in developing the IPE;
 - (iv) For cases involving Mental Disorders and Obesity, treatment must be incorporated as a service in the IPE, in accordance with DRS policy.

(D) a copy of a DRS publication addressing client's rights and responsibilities.

(2) For cases in an open priority group, the IPE must be completed and signed as soon as possible, consistent with the needs of the individual, but not more than 90 calendar days following the eligibility determination, unless the individual or the authorized representative and the VR or ~~VSSBVI~~ counselor jointly agree to an extension of time of a specific duration. The 90-day time frame for development of the IPE will be applied from the date a closed priority group is reopened.

(b) **Vocational objective.** The primary purpose in providing vocational rehabilitation services is to assist an eligible individual obtain appropriate competitive employment in an integrated setting consistent with the individual's informed choice. The choice of a vocational objective for an individual receiving vocational rehabilitation services must be based primarily upon the individual's strengths, resources, priorities, concerns, abilities, interests and capabilities, consistent with the general goal of competitive integrated employment.

(1) **Informed choice.** The vocational objective is to be chosen with the full participation of the client. The client's interests and informed choice determine his or her vocational goal to the extent these factors are consistent with the client's strengths, resources, priorities, concerns, abilities, interests and capabilities.

(2) **External conditions.** Factors such as the local labor market or local economy must also be taken into consideration. However, in most cases these factors cannot be used as the only basis upon which to determine whether a vocational objective is appropriate.

(c) **General requirements for the Individualized Plan for Employment.**

(1) The IPE documents the client's chosen employment goal, and the planning of vocational rehabilitation services which are necessary to achieve a successful employment outcome. The client will be a full participant in the development of the IPE or any amendments consistent with Federal and State regulations, laws, and statutes. The eligible individual must be given the opportunity to exercise informed choice in selecting an employment outcome, the specific VR services to be provided under the plan, the service providers, and the methods for service delivery. For cases in an open priority group, the IPE must be agreed to and signed by the eligible individual or authorized representative, approved by a VR counselor and, as appropriate, other administrators employed by DVR or ~~DVSDSBI~~ within 90 days of determination of eligibility, unless the individual or the authorized representative of the individual and the VR or ~~VSSBVI~~ counselor jointly agree to an extension of time of a specific duration. To the maximum extent possible, the IPE is to be provided in the native language or mode of communication of the individual or, as appropriate, of a parent, family member, guardian, advocate, or authorized representative. It is also required the client receive a copy of the plan and any subsequent amendments.

(2) The IPE is subject to continuous development and change. Substantial changes to the IPE are documented as amendments. A substantial change is broadly defined as any change in the employment objective, or in service needs or available resources not accounted for in the original IPE or existing amendment(s). The amount of any client participation in the cost of a service will be based upon the determination of client's financial status completed at the time the relevant IPE or amendment is written, and is to be stated in the IPE or amendment. If services based upon financial status are included in the original IPE and/or in the amendment, a new Financial Status Determination form will be completed when the IPE is amended. A copy of any Amendment to an Individualized Plan for Employment will be given to the client, or client's authorized representative, as appropriate.

(3) Diagnosis related to eligibility or the IPE can be provided at any time it is necessary during the life of the case.

(4) An IPE is not considered in effect until all required approvals have been obtained in accordance with Department policy.

(5) Plan reviews are comprehensive reviews of the entire IPE. A plan review can be done at any time, but must be done at least annually. The client must be given the opportunity to review the plan and, if necessary, participate in its redevelopment and agree to its terms. A financial status determination will be completed at the time of plan review when the IPE includes services based upon client's financial status.

(d) **Content of the Individualized Plan for Employment.** The Individualized Plan for Employment must include:

(1) a description of the specific employment outcome that is chosen by the client consistent with the individual's unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice consistent with the general goal of competitive integrated employment (except that in the case of a student or a youth with a disability, the description may be a description of the individual's projected post-school employment outcome), and the estimated timeframe for the achievement of the employment outcome;

(2) a description of the specific VR services that are:

- (A) needed to achieve the employment outcome including as appropriate, the provision of assistive technology services and devices, and personal assistance services, including training in the management of such services;
- (B) provided in the most integrated setting that is appropriate for the service involved and is consistent with the informed choice of the client; and
- (C) timelines for the achievement of the employment outcome and for the initiation of services.

(3) a description of the service provider chosen by the client or authorized representative, and the methods of services delivery;

(4) a description of the criteria that will be used to evaluate progress toward achieving the employment outcome;

Permanent Final Adoptions

- (5) the terms and conditions of the IPE including as appropriate:
 - (A) the responsibilities of DVR or ~~DVS~~DSBVI;
 - (B) the responsibilities of the client, including:
 - (i) the client's responsibilities for the employment outcome;
 - (ii) the client's participation in paying the cost of VR services; and
 - (iii) the client's responsibility to apply for, accept, and use comparable services and benefits to defray in whole or in part the cost of VR services.
- (6) for an IPE that includes supported employment services, information identifying:
 - (A) the extended services needed by the client; and
 - (B) the source of the extended services, including natural supports, or an explanation concluding there is a reasonable expectation a source will become available; and
 - (C) the weekly work goal.
- (7) if it appears they will be necessary, a statement of needed post-employment services.

612:10-7-55. Job Ready

(a) ~~The Use of Job Ready status.~~ **Status:** This status is used when services incidental to placement are the only services being provided. Job Ready Status is used to identify individuals who are qualified, willing and able to begin an active job search. Job Ready Status can also be used for individuals pursuing a variety of work experiences, including internships, apprenticeships, or temporary jobs to supplement income while attending school or receiving other vocational rehabilitation services. Job Ready status can be used at any time during the life of the case, once an Individual Plan for Employment (IPE) is in place.

(1) Job Ready Status should only be used after consultation with the Participant to insure the person is aware they are considered an active job seeker and may be contacted about employment or work experiences in which they have expressed an interest. Also, Job Ready Status should not be used for those who have been referred to an Employment Services Provider for assistance with services such as Employment & Retention, Customized Employment Supported Employment, etc.

(2) Those individuals who are in job ready status but are no longer participating in a job or work experience search should be removed from Job Ready Status. Individuals who have located a job or work experience and are not currently pursuing another position should also be removed.

(b) ~~Supported employment.~~ **Cases are placed in Job Ready status at the beginning of the "Job Stabilization" Milestone. 2 The "Job Stabilization" Milestone is complete when the client has reached the minimum number of weeks of employment required in the contract, is working the minimum work hours set in the weekly work goal defined in the IPE, and all other requirements of the contract are met.**

(eb) ~~Case recording requirements.~~ **Recording Requirements:** ~~Case recording~~

~~in this status must document that the client is ready for employment, the fulfillment of the counselor's responsibility to assist the client with placement, and the client's efforts to obtain employment. The information on the Job Ready page in AWARE case management system should be completed in conjunction with the Participant to insure it is accurate and timely. The information should be reviewed periodically to make sure it is up-to-date.~~

PART 9. ACTIONS REQUIRING REVIEW AND APPROVAL

612:10-7-87. Actions requiring supervisor's approval

Actions requiring supervisory approval include:

- (1) All actions of a newly employed counselor/teacher.
- (2) All IPE's or amendments when the total of the planned DVR and ~~DVS~~DSBVI expenditures for the entire case exceed \$25,000.
- (3) All case closures in which an IPE was developed and the case was placed into service status or beyond.
- (4) Transfer of cases from one counselor/teacher caseload to another outside the sending supervisor's unit (signed by the supervisor of the sending counselor or teacher).
- (5) All IPE's which include purchase of physical or mental restoration services, prescription drugs or prescribed medical supplies lasting more than three months.
- (6) Small Business plans with a cost to the agency in excess of \$10,000.00.
- (7) Vehicle or home modifications over the DCAM authority order limit and housing modifications involving structural modifications.
- (8) Vehicle repairs that exceed \$1,000.00 for the life of a case.
- (9) Dental services with a projected cost over \$5,000.00.

PART 11. PHYSICAL AND MENTAL RESTORATION SERVICES

612:10-7-98. General guidelines for physical and mental restoration services

(a) To the extent that assistance is not readily available from a source other than DVR or ~~DVS~~DSBVI, diagnosis and treatment of physical and mental impairments may be provided to assist the individual with a disability in preparing for, securing, retaining or regaining employment. Physical or mental restoration services are provided only when the condition is stable, or slowly progressive. A slowly progressive condition is one in which the client's functional capacity is not expected to diminish so rapidly as to prevent successful completion of vocational rehabilitation services, and/or employment for a reasonable period of time. The individual is liable for services he or she arranged which were not planned and initiated under the auspices of DVR and ~~DVS~~DSBVI. DVR and ~~DVS~~DSBVI will not pay for hospitalization or treatment occurring prior

to initiation of an Individualized Plan for Employment (IPE). DVR and ~~DVS~~DSBVI will not pay for emergency hospitalization or treatment needed at the time of referral. However, diagnostic examinations or information may be paid from DVR and ~~DVS~~DSBVI funds for use in eligibility determination, priority group placement, or determination of vocational rehabilitation needs. Physical and/or mental restoration services will be purchased only from licensed or board certified health professionals unless otherwise specified in DRS policy. Payment will be made in accordance with the established fee schedule of the Department.

(b) Temporary conditions with sudden onset do not fall within the definition of impairment for eligibility purposes. Emergency treatment of remediable conditions will not be purchased by DVR and ~~DVS~~DSBVI except under intercurrent illness policy. When the staff is in doubt as to the effect of such a condition upon the outcome of the IPE objectives, a medical consultation may be requested.

(c) DVR and ~~DVS~~DSBVI do not provide long-term or ongoing physical or psychological treatment. DVR and ~~DVS~~DSBVI funds cannot be used to initiate treatment that is reasonably anticipated to last more than three months unless supervisory approval has been obtained for a three month extension. Additional three month extensions may be approved if the client maintains reasonable progress toward achieving the vocational goal. Persons needing long-term or ongoing treatment are to be referred to other medical assistance sources if available.

(d) Payment from DVR and ~~DVS~~DSBVI funds may be planned and authorized only after applicable third party pay sources provide verification of the expense they will cover, and not cover, associated with the physical or mental restoration services in question. When DVR and ~~DVS~~DSBVI funds are used to supplement a third party pay source, planned services and the authorization will be limited to those expenses that fall within the scope of the program and that do not exceed the difference between what the third party pay source will pay and the Department's established payment schedule.

(e) Individuals with chronic disabilities that can be removed with little or no residual limitations will not be eligible for purchase of services other than those related to the required treatment.

(f) Physical and mental restoration services may include but are not limited to:

- (1) Braces and orthotic devices.
- (2) Chiropractic services. A chiropractor providing treatment must be duly licensed to practice his profession in Oklahoma, have a current provider/vendor agreement with DRS, and following evaluation of the client's needs, must provide a treatment plan with goals, time frames and the estimated number of treatments required to meet the goals. Treatment may not be extended beyond three months unless progress toward treatment goals can be determined.
- (3) Dental services. Dental services may be provided to treat or correct dental conditions that constitute an impediment to employment or participation in the rehabilitation process, produce health problems or aggravate

an existing disability. Dental services with a projected cost over \$5,000.00 require review by the DRS dental consultant and supervisory approval.

(4) Dialysis and treatment for end-stage-renal-disease. DVR and ~~DVS~~DSBVI may assist with the cost of Medicare deductible, co-insurance, and services not covered by Medicare if documentation states other resources are not available and the client is actively participating in an IPE with treatment as part of the plan. Requests for kidney transplants must be approved by the medical consultant.

(5) Prescription drugs and prescribed medical supplies. Prescription drugs and/or prescribed medical supplies may be purchased when required for proper diagnosis, for post-operative treatment, or to stabilize a documented disability. The need for the drugs and/or medical supplies must be documented in a physician's report. Payment will be made for generic type drugs unless the physician specifically requests a brand name drug.

(6) Hearing aids and audiological services.

(7) Hospitalization when recommended by a physician and the client is to receive medical treatment or surgery. Hospitalization may also be authorized for diagnostic services upon recommendation of a physician.

(8) Treatment for intercurrent illness. Intercurrent illness is an illness or injury which occurs during the course of an individual's vocational rehabilitation and, if not treated, will complicate or significantly delay achievement of the client's employment outcome. DVR and ~~DVS~~DSBVI will purchase treatment for intercurrent illness or injuries if the client is not covered by health insurance or eligible for comparable services and benefits, or when the provision of services through comparable services and benefits would significantly interrupt or delay treatment for an individual at extreme medical risk, jeopardize a job placement or impair the individual's progress in achieving the planned employment outcome.

(9) Laboratory work and x-rays if required by the physician to complete his examination or in conjunction with diagnosis or treatment.

(10) Low vision services.

(11) Medical examinations, when necessary to determine eligibility, achieve a goal in the IPE or when related to an intercurrent illness.

(12) Nursing services can be provided for a client who is convalescing from physical restoration services if recommended by the doctor of treatment. Either Registered Nurses or Licensed Practical Nurses may be used to provide this service when a current medical vendor agreement is on file with the Department. Volunteers may be used if less technical care is needed and if approved by the client's physician.

(13) Physical and occupational therapy may be provided on either an in-hospital or outpatient basis if recommended by the attending physician.

(14) Post-operative care of cataract patients.

(15) Prosthetic eyes, glasses and other optical aids.

- (A) Glasses and other visual aids and services may be prescribed or provided by either an ophthalmologist or an optometrist. Other optical aids recommended by optical aid clinics are purchased upon the recommendation of the specialist(s) in one or more such clinics. Prosthetic eyes are provided, upon the recommendation of an ophthalmologist.
- (B) Lenses and frames for glasses purchased by DRS will be authorized at fee schedule prices. The vendor may add a service charge not to exceed the established fee. An additional code and fee may be added for tinting if it has been prescribed by the physician or optometrist that performed the eye examination with written medical/vocational justification.
- (C) The fee that has been established for frames will only cover the cost of plain sturdy frames. Clients do not have the option of selecting more expensive frames and paying the difference between the vendor's price and the amount authorized. If the vendor accepts payment from the client or a representative of the client and also files a claim with the Department for the same services, a violation of the Provider Agreement has occurred and the vendor would be subject to sanctions.
- (D) If a client selects special frames and has sufficient resources to purchase them, the frames should not be included on the authorization and the client would be responsible for the entire cost of the frames.
- (16) Prosthetic limbs.
- (A) Prosthetic limbs may be provided if the prosthesis is recommended by a physician. The client who has successfully worn a prosthesis will not be required to see an orthopedist or physiatrist, or attend an amputee clinic unless some other disorder is apparent.
- (B) An individual who has never worn a prosthesis must be seen by a physician before the prosthesis is provided. The client must agree to training in its use. Gait training is considered Personal Adjustment Training and does not require client participation in cost. However, physical therapists providing the training are recognized as medical vendors and require authorizations completed on a Medical Service Authorization.
- (C) Persons with multiple amputations must have the special examination and training.
- (D) The counselor may authorize for a prescribed standard prosthesis without further review. The choice of prosthesis must be closely related to its intended use in a work setting, or in relation to reasonable independent living goals. Non-standard prostheses (i.e., myoelectric) will not be purchased with DRS funds unless medically justified and/or required for a specific employment, or independent living, outcome. When a prosthesis other than a standard prosthesis is prescribed the counselor will request a consultation from the appropriate medical consultant. Justification for the non-standard prosthesis must be documented in the case record.
- (17) Psychiatric and psychological treatment.
- (A) Psychotherapy may be provided for emotional conditions which may be expected to respond within a reasonable period of time. Psychotherapy can be provided only by the sources in (1) - (5) of this Subsection.
- (i) Psychiatrists certified by the American Board of Psychiatry and Neurology or completed the required training and are "Board Qualified", or who have spent a major portion of their time in a particular specialty for at least two years and are recognized as specialists in the local community (same criteria as applied to other medical specialists).
- (ii) Licensed Doctors of Medicine or Doctors of Osteopathy who have received specific training for and are experienced in performing mental health therapeutic, diagnostic, or counseling functions.
- (iii) Psychologists with a doctorate in clinical or counseling psychology who hold a valid license to practice psychology.
- (iv) Psychologists with a doctorate in clinical or counseling psychology who are employed by governmental agencies exempt from the licensing law.
- (v) Other licensed clinicians or those employed by governmental agencies who have received administrative approval to provide this treatment service.
- (B) Upon receipt of a written report from the therapist, the supervisor may approve additional three-month periods of therapy. Clients needing long-term or ongoing psychiatric or psychological treatment will be referred to the appropriate community mental health center.
- (C) Personal Adjustment Counseling may be provided for those persons with emotional conditions who may benefit from counseling to bring about a more adequate social adjustment, alleviate superficial anxiety, and to create more effective interpersonal relationships. Personal Adjustment Counseling may be provided by: those individuals listed in (17) (A) of this Subsection.
- (18) Speech therapy/training as recommended in a speech evaluation. Speech therapy, although provided by recognized speech therapists, is considered Personal Adjustment training and is not based on financial status. The providers of speech therapy are classified as medical vendors.
- (19) Surgery and medical treatment.
- (A) Surgery and complex or unusual medical treatment may be provided when recommended by a specialist. Medical consultant approval will be obtained prior to planning and authorizing a diagnostic procedure which could lead to immediate surgical treatment. The medical consultant will give conditional approval for the possible surgery if deemed

necessary. Normal post-operative care is an integral part of the surgery; therefore, no post-operative charges are to be paid above the approved surgical fee. (B) Specified outpatient surgical services are approved for payment when provided in qualified outpatient surgical facilities. Qualified facilities include Medicare certified free standing ambulatory surgical centers, Medicare certified hospitals offering outpatient surgical services, and hospitals which have an agreement with DRS.

(C) The counselor will advise the client he/she may be liable for any balance due when payment by private insurance exceeds the Department allowable rate.

(20) Weight loss treatment. A weight loss plan or treatment are included as a service in the IPE for individuals who are eligible on the basis of obesity. A licensed dietician or a physician skilled in weight reduction must monitor any treatment program authorized by the agency. Surgery for weight loss is not provided unless medically recommended as treatment for morbid obesity, a second confirming medical opinion is obtained, the surgery is approved by the DRS medical consultant and supervisory approval is obtained. Before approving DRS provision of surgery for treatment of morbid obesity, the supervisor shall consider the individual's past experience with standard weight loss protocols, and medical and behavioral factors that may impact the individual's ability to obtain long-term benefit from the surgery.

(21) Wheelchairs and other durable medical equipment when prescribed by a physician or recommended by an occupational therapist, physical therapist, assistive technology specialist or person with equivalent qualifications. Power mobility devices may be purchased for individuals when necessary to assist the client in achieving IPE goals.

(A) The client, and/or client's authorized representative, will participate in choosing from which vendor the wheelchair or durable medical equipment will be purchased. Wheelchairs and other durable medical equipment will be authorized at the agency approved fee.

(B) The client, or client's family or authorized representative as appropriate, is responsible for maintaining wheelchairs or other durable medical equipment in good working order. DVR and ~~DVS~~DSBVI will pay for repairs to wheelchairs or other durable medical equipment during the life of the case unless there is clear evidence the equipment has been damaged due to client abuse or neglect. An agency-purchased wheelchair will be returned to the agency if the client becomes unable to use it.

(C) Wheelchair rental may be authorized for a period not to exceed six months when necessary to assist the client with mobility. An exception can be made if it is documented that rental is more cost effective than purchase.

PART 13. SUPPORTIVE SERVICES

612:10-7-130. Maintenance

(a) **General guidelines.** Maintenance is a supportive service provided to assist with the out-of-ordinary or extra expenses to the individual resulting from and needed to support the individual's participation in diagnostic, evaluative, or other substantial services in the IPE. Maintenance, including payments, may not exceed the cost of documented expenses to the individual resulting from service provision. Authorizations for maintenance will not be issued to pay the cost, or part of the cost, for any other service or expense.

(b) **Provision of maintenance.** To receive maintenance, an individual must be either an eligible DVR or ~~DVS~~DSBVI client or an applicant for vocational rehabilitation services undergoing diagnostic evaluation and testing. For an accepted client, maintenance must be a supportive service related to outcomes listed in the Individualized Plan for Employment. The costs of the maintenance may not exceed the amount of increased expenses that the IPE causes for the individual or his/her family. The provision of maintenance as a supportive service is not synonymous with general assistance payments. It is not intended to pay for those living costs that exist irrespective of the individual's status as a DVR and ~~DVS~~DSBVI client. Maintenance payments must be carefully tied to the achievement of specific VR outcomes which must be stated and documented in the case record and the IPE to justify such payments. Maintenance cannot substitute for or supplement income assistance payments.

(1) **Maintenance for diagnostic and evaluation services.** Maintenance payments for individuals receiving diagnostic or evaluation services may be authorized for overnight care, short-term lodging and/or meals.

(2) **Maintenance for physical restoration services.** Maintenance for physical restoration services is paid to the client until he/she is able to work. The client must be in his/her own home and the covered period of convalescence is to be 60 days or less. For convalescent periods in excess of 60 days, the counselor will refer the client to other sources for assistance (public assistance, SSI). In no instance will medical maintenance be paid while the client is hospitalized.

(3) **Maintenance for training.** Maintenance can be authorized for full time vocational school students or college students. Maintenance can be authorized for a client granted an exception to the full-time attendance requirement under 612:10-7-150(a). DRS will not pay for assistance with room and board expenses if there is a state funded vocational school, college or university within 40 miles of the client's official residence. In addition, DRS will only sponsor room and board expenses related to on-campus housing options with the lowest cost. Exceptions to this policy may be granted due to issues such as disability requirements. All exceptions must be approved by the Programs Manager and thorough justification must be documented in the case.

(4) **Maintenance for job search services.** Maintenance for job search services requires an IPE with major services directed toward the goal of employment.

- (5) **Maintenance for job relocation.** Maintenance may be paid to a client for assistance in relocating to a new job site. Maintenance services for this purpose must be identified on the IPE.
- (c) **Clothing expenses.** Clothing and/or uniforms can be purchased when needed to begin training or enter employment. Everyday clothing needs of the client are considered as part of the basic living requirements. Any clothing purchased for the client must be:
- (1) required by the training facility;
 - (2) necessary to participate in job search or begin employment; or
 - (3) necessary to begin a training program that requires clothing standards beyond the client's means.
- (d) **Day care expenses.** Day care expenses will be paid for from DVR and ~~DVSDSBVI~~ funds only when necessary to participate in the IPE, and it is fully documented that no other resources are available for this service, including family members and friends.

PART 15. TRAINING

612:10-7-142. General guidelines for training services

(a) **Types of training.** Training provided by DVR and ~~DVSDSBVI~~ may include:

- (1) **Vocational.** Vocational training provides the knowledge and skills necessary for performing the tasks involved in an occupation. Such knowledge and skills may be acquired through training from an institution, on-the-job, by tutors or through a combination of these methods. Vocational training may be provided for any occupation.
 - (2) **Prevocational.** Prevocational training includes any form of academic or basic training provided for the preparatory skills needed for entrance into a vocational training program or employment. Prevocational training is initiated to enhance occupational knowledge or skills or to remove an educational deficiency interfering with employment.
 - (3) **Personal or work adjustment.** Personal or work adjustment training includes any training given for one or a combination of the reasons given in (A) - (D) of this paragraph.
 - (A) To assist the individual in developing personal habits, attitudes, and skills enabling the individual to function effectively in spite of disability.
 - (B) To develop or increase work tolerance prior to engaging in prevocational or vocational training or in employment.
 - (C) To develop work habits and to orient the individual to the world of work.
 - (D) To provide skills or techniques enabling the individual to compensate for a disability such as the loss of a body part or the loss of a sensory function.
- (b) Training may be provided for clients who:
- (1) are mentally, physically and/or emotionally capable of pursuing a course of training to completion;

- (2) require training to achieve an employment outcome or other goals established in the Individual Plan for Employment (IPE); and

(3) are determined to have a reasonable opportunity for obtaining employment in the chosen vocation.

(c) Decisions related to training are based on the individual needs and informed choices of the client as identified in the IPE.

(d) DVR and ~~DVSDSBVI~~ will only pay tuition and fees for courses which count toward requirements consistent with the vocational goal of the IPE. Training of DVR and ~~DVSDSBVI~~ clients is provided by colleges, universities, private business and trade schools, state supported vocational schools, employers in the form of on-the-job training, sheltered workshops, and other approved training facilities with valid contracts.

(e) Federal regulations require a search for comparable services and benefits with the results documented before payment can be made for training in the following institutions: colleges, universities, community/junior colleges, public or private vocational/technical schools, or hospital schools of nursing. PELL grants and other available Federal/State student aid (excluding merit awards) must be applied to tuition, fees and all other educational expenses as a first dollar source prior to consideration of the expenditure of DRS funds.

(f) Training costs will not be authorized beyond the first DVR and ~~DVSDSBVI~~ sponsored enrollment until proof of the availability of comparable benefits is received by the counselor.

(g) Once training has begun, the client is expected to progress toward the vocational objective at a steady rate. This requires the client to attend training on a regular basis, and maintain a full-time load unless an exception is granted by the counselor due to severity of disability, scheduling problems or other valid reasons. Training progress reports or other methods of reporting (i.e., grade reports, transcripts) are utilized to document training progress. Sporadic attendance and reduced training loads causing a delay in the completion of training must be reviewed by the counselor. The client is responsible for advising the counselor of problems encountered during the training program.

(h) All types of institutional, technical, personal adjustment or employment training are purchased by an authorization issued by the counselor.

612:10-7-149. College and university training

(a) Training for rehabilitation clients is provided in those colleges and universities which are accredited by the appropriate accrediting agency, whose credits will be given full recognition by other accredited colleges and universities, and which are under contract. Private and denominational colleges and universities may be used for the training of DRS clients, provided they are accredited and under contract.

(b) Clients approved for college or university training must exhibit the ability to do college work. The counselor will have evidence in the case file indicating the client's ability to do college work before a program is developed calling for training at the college or university level.

(c) For DVR and ~~DVSDSBVI~~ clients pursuing a college or university degree, the Department will sponsor only the

number of semester hours or remaining hours required for a specific degree. Exceptions may be approved by the counselor. (d) Previously completed credit hours which are applicable to the degree requirements will be incorporated in the development of the IPE. When a client changes majors, DVR and ~~DVSDSBVI~~ funding will be limited to the number of credit hours needed for the new major minus the number of DVR and ~~DVSDSBVI~~ funded credit hours lost due to the change in majors, unless the change in majors results from circumstances beyond the client's control.

612:10-7-150. Continued eligibility for college or university training

(a) **Requirements for continued eligibility.** DVR or ~~DVSDSBVI~~ clients in college or university training will be expected to attend classes regularly and make continuous progress toward graduation. ~~To continue assistance with college or university training, the client must maintain a cumulative 2.0 grade point average (GPA), based on a four point (4.0) scale. The client must carry the minimum number of semester hours determined to be full time at the school attended. Exceptions may be granted by the counselor, based on severity of disability, scheduling problems, or other valid reasons. When a client fails to meet the requirements for continued sponsorship the guidelines in (1) — (5) of this Subsection are to be followed:~~

- ~~(1) Payment of training services based on client's financial status will not be provided if the client's grades fall below 1.5 cumulative GPA.~~
- ~~(2) Training services may be paid for a client having a cumulative GPA between 1.5 and 1.9 for the first semester that grades fall below 2.0 cumulative GPA. Subsequent enrollments can only be paid if the student's cumulative GPA shows progress.~~
- ~~(3) A client failing to meet the grade point requirement may continue to receive services not based on financial status.~~
- ~~(4) A client failing to meet grade point requirements may be approved by the counselor if there are extenuating circumstances beyond the client's control.~~
- ~~(5) A client failing to meet grade point requirements will be contacted as soon as appropriate to complete a program review to determine if a change in services, vocational goal, or objectives is needed. A client failing to meet chosen goals will not have his/her case closed until the counselor has provided counseling and guidance and determined that a change in the IPE is inappropriate. The counselor should investigate the need for further vocational and/or educational evaluation to explore alternative employment goals.~~

(b) To continue assistance with college or university training, the client must maintain a cumulative 2.0 grade-point average (GPA), based on a four point (4.0) scale.

(c) The client must maintain at a minimum the cumulative GPA, required by the Institution for the client's major field of

study. If the client is unable to consistently maintain the minimum cumulative GPA for their chosen field of study, the Counselor will reassess the justification for continued training and whether a change in vocational goal is necessary.

(d) The client must carry the minimum number of semester hours determined to be full time at the school attended. Exceptions may be granted by the counselor, based on severity of disability, scheduling problems, or other valid reasons.

(e) When a client fails to meet the requirements for continued sponsorship the guidelines in 1- (5) of this Subsection are to be followed:

- (1) Payment of training services based on client's financial status will not be provided if the client's grades fall below 1.5 cumulative GPA.
- (2) Training services may be paid for a client having a cumulative GPA between 1.5 and 1.9 for the first semester that grades fall below 2.0 cumulative GPA. Subsequent enrollments can only be paid if the student's cumulative GPA shows progress.
- (3) A client failing to meet the grade point requirement may continue to receive services not based on financial status.
- (4) A client failing to meet grade point requirements may be approved by the counselor if there are extenuating circumstances beyond the client's control.
- (5) A client failing to meet grade point requirements will be contacted as soon as appropriate to complete a program review to determine if a change in services, vocational goal, or objectives is needed. A client failing to meet chosen goals will not have his/her case closed until the counselor has provided counseling and guidance and determined that a change in the IPE is inappropriate. The counselor should investigate the need for further vocational and/or educational evaluation to explore alternative employment goals.

(f) **Withdrawals and failures.** Clients who withdraw or fail courses paid by DVR and ~~DVSDSBVI~~ will be required to pay for a like number of hours during the following enrollment period subject to the guidelines in (a) of this Section.

612:10-7-152. Payment of tuition and fees at colleges and universities

(a) **Public institutions of higher learning.** Tuition and fees for DVR and ~~DVSDSBVI~~ clients attending public colleges and universities will be paid at the rate set for resident students by the Oklahoma Regents for Higher Education and within limits prescribed by the Legislature. DVR and ~~DVSDSBVI~~ will pay those fees charged to all students and special fees associated with required courses in the student's major field of study.

(b) For the first 60 credit hours or during the completion of an Associate's degree, DRS will only sponsor up to the cost of tuition and fees charged by the local state funded community college or state university within 40 miles of the client's official place of residence. If the client chooses to attend a different training site, DRS will only sponsor an amount equivalent to the amount that would be sponsored if attending the local college/university. Additional transportation or maintenance

Permanent Final Adoptions

costs related to attending another training site will not be sponsored by DRS.

(c) For the completion of a Bachelor's degree, DRS will only sponsor up to the cost of tuition and fees charged by the state funded college or university closest to the client's official place of residence that offers a program to reach the vocational objective. Additional transportation or maintenance costs related to attending another training site will not be sponsored by DRS.

(d) Exceptions to the policies for college/university training must be approved by the Programs Manager through justification and must be documented in the case. Possible exceptions include but are not limited to:

(1) The need to attend a school outside of the 40 mile limit is due to disability related factors such as the need for accessible on-campus housing.

(2) The degree major approved by the DRS Counselor for the client is not available at the local college or university.

(e) After the completion of the first semester, a grade report, proof of enrollment, and an itemized invoice are required documentation to support the authorization for tuition and fees. It is the responsibility of the client to provide this support documentation. The client may provide this documentation electronically or as a printed document in the standard format used by the school.

(f) **Private institutions of higher learning.** Tuition and fees for students in attendance at accredited private or denominational schools will be paid at the same rate as that paid at state-supported colleges or universities of equal rank. After the completion of the first semester, a grade report, proof of enrollment, and an itemized invoice are required documentation to support the authorization for tuition and fees. It is the responsibility of the client to provide this support documentation. The client may provide this documentation electronically or as a printed document in the standard format used by the school.

(g) **Federal/State student aid.** Pell Grant and all other Federal/State aid (excluding merit awards) must be applied to tuition, fees and all other educational expenses as a first dollar source prior to the consideration of the expenditure of DRS funds regardless of whether the student is attending a public or private institution of higher education.

(h) **Cost documentation.** Each client is responsible for providing the counselor a copy of the college or university's current semester costs before the designated "Drop and Add" date.

612:10-7-158. Training for individuals in custody of the Department of Corrections

DVR and ~~DVS~~DSBVI funds are not used to defray the cost of training for individuals in the custody of the Department of Corrections. This does not apply to individuals who meet the criteria set forth within a joint memorandum of understanding between DRS and the Department of Corrections.

612:10-7-161. Public and private vocational schools

(a) Client training may be purchased from public or private vocational schools that have a valid purchasing agreement with DRS, after use of available comparable benefits such as PELL grants and other federal/state student aid (excluding merit awards).

(b) Privately-owned vocational schools must be accredited or licensed through the appropriate state board, if applicable, before a purchasing agreement with DRS can be finalized. Tuition at privately owned vocational schools will be paid at rates approved by the Oklahoma Commission for Rehabilitation Services sitting as the Rates and Standards Committee. The authorized rate will remain constant during the contract period.

(c) Continued eligibility of a client in training at a vocational school will be based on the client's performance in respect to grades, progress and attendance. The minimum standards used by the training facility for satisfactory progress in respect to grades and attendance will be utilized by DVR and ~~DVS~~DSBVI staff in determining the progress of the client.

(1) DVR and ~~DVS~~DSBVI sponsored clients attending vocational technical schools who withdraw or fail course work will be required to pay for like credit or clock hours during the following enrollment period.

(2) A client who fails to meet agency sponsorship guidelines for training at vocational technical schools may continue to receive services not requiring client participation in cost of services.

(3) A client failing to meet agency sponsorship guidelines may be approved by the counselor if there are extenuating circumstances.

(4) A client failing to meet agency sponsorship guidelines will be contacted as soon as appropriate to complete a program review to determine if a change in services, vocational goal or objective is needed. A client failing to meet chosen goals will not have her/his case closed until the counselor has provided counseling and guidance and has determined that a change in the IPE is inappropriate. The counselor should investigate the need for further vocational and/or educational evaluation to explore alternative employment goals.

612:10-7-162. Textbooks, supplies, training tools and equipment

(a) For clients attending training, an allowance may be provided to cover the actual cost of required books, supplies, training tools and equipment, after available comparable benefits have been applied. When an allowance is provided, the client will be required to furnish documentation of the costs of required books, supplies, tools or equipment. The counselor will work with the client in obtaining and utilizing comparable benefits including the PELL grant and planning for the use of other resources to help meet this expense. The textbook allowance will be adjusted the following semester for clients who fail or withdraw from courses paid by DVR or ~~DVS~~DSBVI. Only textbooks for the current semester's enrollment will be provided.

(b) Training tools and equipment costing more than \$500 will be purchased directly from the vendor in accordance with DRS policy.

(c) The client, or client's family or authorized representative as appropriate, is responsible for maintaining supplies and training tools in good working order. DVR and ~~DVS~~DSBVI will pay for repairs to supplies and training tools purchased with DVR and ~~DVS~~DSBVI funds during the life of the case unless there is clear evidence the supplies or training tools have been damaged due to client abuse or neglect.

(d) Gun "kits", but not operable firearms, used as training tools may be purchased for students in gun-smithing school only.

(e) The Department retains title to any tools costing \$500 or more purchased for training purposes until title is released by an authorized agent of the Department. The counselor will complete the Receipt for Equipment and Title Agreement, and obtain necessary signatures, before releasing such tools to the client. Any tools purchased for training purposes remain with the client while he/she is in training and after the completion of the training if they can be used in the client's chosen vocation. If the client drops out of training, DRS at its discretion may take steps to repossess the tools to transfer to another client.

(f) Case recording must reflect the disposition of tools and materials provided the client before the case is closed.

(g) Computers and related high tech equipment necessary for the client to participate in a training program or required by the training entity may be purchased as a client service in accordance with agency policy. The cost of computers and related equipment will not be included in an allowance for textbooks and supplies.

PART 17. SUPPORTIVE EMPLOYMENT SERVICES

612:10-7-183. Ongoing support services

The individual will be provided needed and appropriate ongoing support services such as job site training, transportation, service to family members, or any service necessary to achieve and maintain the supported employment placement throughout the term of employment. DVR and ~~DVS~~DSBVI sponsored support services are provided from the time of placement until the individual is stabilized on the job (completion of "Stabilization Milestone") by the service provider.

612:10-7-184. Extended services

Extended services are a continuation of ongoing support services provided to individuals in Supported Employment at completion of stabilization, during the "Successful Rehabilitation" Milestone and beyond case closure. Such services consist of the provision of specific services, including natural supports, needed to maintain the supported employment placement. Extended services are specifically identified in the IPE. Except as provided by federal law with regard to youth with the most significant disabilities, extended services are paid from funding sources other than DVR and ~~DVS~~DSBVI. An individual may not be found ineligible for supported employment

services because the resource for providing extended services cannot be identified.

PART 19. SPECIAL SERVICES FOR INDIVIDUALS WHO ARE BLIND, DEAF, OR HAVE OTHER SEVERE/SIGNIFICANT DISABILITIES

612:10-7-199. Reader/recording services

(a) Reader services may be purchased for individuals who are blind, visually impaired or have difficulty reading standard print books/materials due to any other disability. Reader services ~~are exempt from client participation in cost of service.~~ Hours of reader service purchased shall be based upon the client's needs with respect to reading of textbooks, training materials or other printed materials used in the rehabilitation process may be provided for those consumers who are involved in educational or vocational training, employment search or entry into employment. Clients will be expected to utilize any comparable services, including available assistive technology devices and services prior to authorization of reader services.

(b) ~~Payment for reader services will be based on the Federal Minimum Wage, unless the counselor justifies use of a higher basis for readers of specialty subjects (e.g., law, science, technology, professions).~~ Reader services may not be paid in advance. Payment is authorized directly to the client in the same manner as maintenance or transportation and may be included on the same authorization with either or both of these other services. Reader services are exempt from client participation in cost of service. DRS will pay up to five (5) hours of reader service per month. Additional hours of reader service may be approved by the Programs Manager with justification.

(c) ~~Individuals who have difficulty reading or using standard print materials will be referred to existing resources for recorded, large print, Braille and digital books and materials. Any required fee or materials cost for a recorded/digital textbook service may be paid through DVR and DVS funds and is not based on financial status determination.~~ Payment for reader services will be based on the Federal Minimum Wage. However, the counselor may authorize up to \$2.00/hour above minimum wage with consideration being given to factors such as the significance of the event and the likelihood of technical/foreign language being used. Reader services may not be paid in advance. Payment is authorized directly to the client in the same manner as maintenance or transportation and may be included on the same authorization with either or both of these other services.

(d) The individual receiving the service shall maintain a record of the reading time he/she has been provided. The record must be signed and dated by the reader and the individual, and returned to the counselor at the end of each month. The record shall include:

- (1) Individual's name;
- (2) Reader's name and address;
- (3) Date service started and ended
- (4) Subjects read and time devoted to each

Permanent Final Adoptions

(e) Individuals who have difficulty reading or using standard print materials will be referred to existing resources for recorded, large print, Braille and digital books and materials. Any required fee or materials cost for a recorded/digital text-book service, reading or scanner app may be paid through DVR and DSBVI funds and is not based on financial status determination.

612:10-7-201. Rehabilitation teaching services

Rehabilitation teachers provide counseling and instruction to aid clients in adjusting to blindness and severe visual impairment. All clients who are legally blind, severely visually impaired or have a rapidly progressive eye condition are to be referred to a rehabilitation teacher. Exceptions are allowed in instances where rehabilitation teaching services have been provided and the client appears to be functioning independently, or when physical restoration services are planned which will likely restore the client's functioning to a level which would remove the need for rehabilitation teaching. Rehabilitation teachers employed by the Division of ~~Visual~~ Visual Services for the Blind and Visually Impaired may serve clients who are legally blind jointly with the DRS counselor.

612:10-7-205. Services to persons who are deaf-blind

(a) **Overview of services.** Because of the overwhelming impact upon the individual with a combination disability of deafness and blindness, a multiple disciplinary approach is needed to adequately serve these individuals. Unique problems in mobility and communication can cause severe social, recreational, academic deprivation and long term prevocational training may be necessary. Persons who are deaf-blind are capable of competitive employment and the counselor will carefully evaluate expected employment outcomes.

(b) **Deaf-Blindness Specialist.** To promote and coordinate appropriate services for persons with dual losses of vision and hearing, the Division of ~~Visual~~ Visual Services for the Blind and Visually Impaired employs a Deaf-Blindness Specialist. This specialist works with counselors, rehabilitation teachers and others who provide services directly to clients who are deaf-blind. A major role served by this specialist is coordinating services and ensuring dialogue among schools, programs, agencies and organizations serving the deaf and blind.

612:10-7-206. Assistive technology services for individuals with visual impairments

The need for assistive technology devices and services is to be addressed in the client's Individualized Plan for Employment. Counselors and rehabilitation teachers may refer clients with visual disabilities to the Division of ~~Visual~~ Visual Services for the Blind and Visually Impaired assistive technology laboratory for blindness and low vision which may provide or procure:

- (1) assistive technology evaluations;
- (2) recommendation of assistive technology devices and services to meet individual needs;
- (3) training in use of technology and devices, referral to training sources and information on training options;

(4) information on technologies and devices to meet specific individual needs;

(5) technical assistance for installation and operation of select applications and devices; and

(6) demonstration and loan of adaptive aids, devices, electronic and computer technologies and other assistive technology products.

PART 21. PURCHASE OF EQUIPMENT, OCCUPATIONAL LICENSES AND CERTIFICATIONS

612:10-7-216. Tools, occupational equipment, initial stocks and supplies

(a) Tools, occupational equipment and supplies will be provided to eligible clients to the extent necessary to achieve their vocational goal providing the client has adequate resources available for the proper maintenance and upkeep of such tools and equipment. The client, or client's family or authorized representative as appropriate, is responsible for maintaining tools, occupational equipment, initial stocks, and supplies in good working order. DVR and ~~DVS~~ DSBVI will not pay for repairs to tools, occupational equipment, initial stocks and supplies purchased with DVR and ~~DVS~~ DSBVI funds once title has been released to the client. DVR and ~~DVS~~ DSBVI will not pay for repairs before title is released when there is clear evidence that the damage resulted from abuse or neglect.

(b) The client will retain possession and control of articles while engaging in the job or occupation for which articles were provided, or when title is released to client. Occupational tools, occupational equipment, and initial stocks and supplies are defined as follows:

(1) Occupational tools are considered to be those minimum tools required for a designated trade, necessary to the employment of the individual, and not furnished by the employer. DRS will NOT purchase operable firearms even if required for employment. Counselor will assist consumer in finding resources to help in this purchase if necessary.

(2) Occupational equipment is equipment required to meet the minimum needs of an individual in starting and conducting a business of his or her own.

(3) Initial stocks and supplies are those materials and merchandise necessary for the client to become operational in a business.

(c) Purchase of occupational tools, equipment and initial stocks and supplies will be made in accordance with 612:10-1-7. If the client is required to participate in cost of services, the payment will be made to the nonmedical vendor. When the equipment is received and/or installed, the appropriate rehabilitation professional completes the Receipt for Equipment and Title Agreement. If the purchase total is \$5,000 or more, the rehabilitation professional then signs the vendor's invoice and routes it to DRS state office.

(d) Used tools or equipment may be purchased when it is evident considerable savings may be affected. Used equipment or tools are to be appraised piece-by-piece by at least three shop

owners or managers in the same type of work, and who are not acquainted with the vendor.

(e) If the counselor, after a thorough check of the tools or equipment, finds they are not being used for the purpose for which they were purchased, the counselor is to repossess the tools or equipment by executing the Release or Receipt of Equipment form.

612:10-7-220. Vehicle modification services

(a) Vehicle modification services may be provided as needed to enable a Vocational Rehabilitation client to prepare for, enter or retain employment. Vehicle modifications include the range of modifications and special equipment needed by a person with an impairment to drive or be a passenger in a vehicle. Vehicle modifications above the State Capitalization rate are subject to the Prior Approval from RSA in accordance with 2 CFR 200.439.

(b) Vehicle modification services provided to an individual in the Vocational Rehabilitation program may include:

- (1) purchase and installation of adaptations or devices in a vehicle;
- (2) assistance with payment of the portion of the cost attributable to modifications pre-installed in a new or used vehicle purchased from a dealer;
- (3) evaluation of an individual's ability to operate a motor vehicle;
- (4) prescription of required devices specific to both the individual's needs and the vehicle; and
- (5) training in the operation of the vehicle.

(c) Vehicle modifications which are projected to cost the amount of the DCAM authority order limit or less will be made in accordance with 612:10-1-7. Vehicle modifications projected to cost more than the DCAM authority order limit will require additional processing by DRS Central/Departmental Services after the process is completed by the counselor as outlined in Categories A through C below. Clients purchasing new vehicles shall apply for any mobility equipment rebate available from the vehicle manufacturer and the amount of any such rebate shall be assigned to DRS.

- (1) Category A: New or used vehicle with structural modifications: In this process, the vehicle will be purchased by client choice and not obtained through a bid process. The client will be responsible for the purchase of the vehicle and DRS will be responsible for the costs attributable to the structural modifications.
- (2) Category B: New or used vehicle with structural modifications and accessibility modifications additions: In this process, the vehicle will be purchased by client choice and not obtained through a bid process. The client will be responsible for the purchase of the vehicle and DRS will be responsible for the costs attributable to the structural modifications and the accessibility modification additions. DRS will participate in this method only if the client obtains warranty from the mobility aids vendor. A copy of the warranty agreement will be obtained by the counselor and maintained in the case file.
- (3) Category C: Any modifications to a new or used vehicle not purchased as part of the vehicle package

with a cost greater than the DCAM authority order limit will require additional processing by C/DS after the bid process is completed by the counselor in accordance with 612:10-1-7.

(d) The qualifications in (1) - (9) of this Subsection apply to all vehicle modifications.

(1) The client or individual providing the transportation must have a current, valid driver's license. If the client will be driving the vehicle and does not yet have a driver's license, he/she must be legally permitted to drive or participate as a driving student.

(2) The name of the client must appear on the title to the vehicle and current vehicle registration. The client may be listed as a co-owner on these documents.

(3) The client must agree to maintain the vehicle for the predictable life of the equipment and is responsible for maintaining special equipment in good working order. DRS may pay for repairs to such equipment during the life of the case unless there is clear evidence that the special equipment has been damaged due to client abuse or neglect as determined by the dealer, vendor or Assistive Technology Specialist.

(4) The client must maintain both collision and comprehensive insurance on the vehicle, including the equipment.

(5) The vehicle must be evaluated by an Assistive Technology Specialist or person with equivalent qualifications (Driver Rehabilitation Instructor, Occupational Therapist, Rehab Engineer, etc.) for identification of the appropriate adaptive equipment and assessment of the compatibility of the vehicle with recommended adaptive equipment.

(6) A used vehicle must be inspected by an ASE or manufacturer certified mechanic to assure it is mechanically and structurally sound before equipment can be installed. This inspection may be authorized by the counselor if necessary. If the ASE or manufacturer certified mechanic recommends it, a separate inspection related to structural soundness will be completed. This inspection may be authorized by the counselor.

(7) Existing modifications on a new or used vehicle shall be inspected for the appropriateness of the adaptive equipment for the consumer's needs by the Assistive Technology Specialist or other qualified person. DRS also requires documentation that existing modifications on a used vehicle have been inspected by the mobility equipment dealer/vendor to determine efficiency, quality and fair market value of the modification or adaptive equipment. This documentation may be obtained directly from the mobility equipment dealer/vendor or from the lender when such documentation has been required for loan approval.

(8) DRS will not pay the expense of replacing the equipment unless the equipment no longer meets the needs of the client as determined through review of current medical reports and assistive technology evaluation indicating replacement is required to meet the IPE goals.

(9) Certain types of vehicle modification equipment are considered "transferable" by design: i.e., hand controls, left foot accelerator, and hitch lift systems for wheelchairs/scooters. DRS may assist with the cost of transferring this type of equipment to meet the IPE goals. These modifications are categorized as non-structural modifications.

(10) When vehicle modifications are completed, installation is to be inspected by an Assistive Technology Specialist or person with equivalent qualifications, to determine if the authorized equipment conforms to prescribed standards, is properly installed and meets the functional needs of the client. The counselor must obtain a statement of satisfaction from the client.

612:10-7-221. Housing Modification

(a) Modification of a residence may include installation of ramps, widening of doors, installation of grab bars and other accessibility modifications when such modifications are necessary to support the consumer in achievement of an employment outcome. Major structural modifications such as room additions or major wall removal will not be provided by DRS without supervisor approval. Housing modifications that will cost more than the DCAM authority order limit require supervisor approval. All housing modifications are subject to the Prior Approval from RSA in accordance with 2 CFR 200.439.

(b) In all situations where housing modification is to be done, the owner of the house must sign a written release form. In those situations where the consumer is a renter, the renter/consumer is responsible for obtaining the written release from the owner. The counselor must make a referral to the Assistive Technology (AT) Specialist who will make the evaluation of the residence and recommend the modifications needed to make the residence accessible and usable for the consumer. After modifications have been completed the counselor will contact the AT Specialist for inspection of the home, to ensure the modifications conform to prescribed standards and meet the consumers accessibility needs. The AT Specialist will provide a report to the counselor and the counselor must get a statement of satisfaction from the consumer.

PART 23. SELF-EMPLOYMENT PROGRAMS AND OTHER SERVICES

612:10-7-233. Special consideration in state government employment for persons with severe disabilities

(a) Oklahoma statute [74 O.S. 840-4.12] establishes provisions to promote the employment of persons with severe disabilities in state government. The law waives written entrance examinations and certain other hiring procedures administered by Human Capital Management (HCM) for persons who are certified as having a severe disability based on standards and criteria established by the Administrator of HCM. Such applicants must be legal residents of Oklahoma and must meet minimum qualifications specified in applicable

job specifications. Rules implementing the provisions of 74 O.S. 840-4.12 are found at ~~OAC 530:10-9-100~~612:10-7-100. HCM rules refer to these provisions as the Optional Program for Hiring Applicants with Disabilities.

(b) For purposes of the Optional Program for Hiring Applicants with Disabilities, the Department of Rehabilitation Services (DRS) shall certify that an applicant has a severe disability according to the definition of "individual with a severe disability" in OAC 612:10-1-2, which the HCM Administrator has established as the standard for disability certification. DRS shall provide electronic or written verification of an applicant's severe disability to the applicant and to Human Capital Management.

(c) Counselors will document the severity of the disability using existing DRS case information for current or former clients. Individuals who have not been DRS clients will provide the counselor with documentation necessary for determining that the individual has a severe physical or mental impairment which seriously limits one or more functional capacities. Medical examinations may not be purchased solely to certify eligibility under 74 O.S. 840-4.12.

PART 25. TRANSITION FROM SCHOOL TO WORK PROGRAM

612:10-7-242. Pre-Employment Transition Services

(a) **Students with a Disability.** Vocational Rehabilitation (VR) must collaborate with local educational agencies (LEAs) to provide, or arrange for the provision of, Pre-employment Transition Services (Pre-ETS) for all students with a disability in need of such services.

(1) A "Student with a Disability" as defined in Oklahoma is ages 16 through 21 and eligible for and receiving special education or related services under an Individualized Education Program (IEP); or an individual with a disability for purposes of Section 504 (individual does not need to have a 504 plan to meet the definition requirements).

(2) An individual as young as 14 years old may be considered a "Student with a Disability" if Pre-ETS is determined necessary by the IEP team.

(3) The definition of "Student with a Disability" applies to all students enrolled in educational programs, including postsecondary education programs or other recognized education programs, so long as they satisfy the age requirements. The definition is inclusive of secondary students who are homeschooled, as well as students in other non-traditional secondary educational programs.

(4) A student with a disability receiving pre-employment transition services is a client for whom goods and services may be procured in the same manner as for clients with an approved Individualized Plan for Employment pursuant to OAC 612:10-1-7.

(b) **Required Activities.** Services may be provided to students, or groups of students, with disabilities who are eligible or potentially eligible for VR services in the following areas:

(1) Job exploration counseling.

- (2) Work-based learning experiences, which may include in-school or after school opportunities or experience outside the traditional school setting, including internships, that is provided in an integrated environment to the maximum extent possible.
 - (3) Counseling on opportunities for enrollment in comprehensive transition or postsecondary educational programs at institutions of higher education.
 - (4) Workplace readiness training to develop social skills and independent living.
 - (5) Instruction in self-advocacy, including instruction in person-centered planning, which may include peer mentoring, including peer mentoring from individuals with disabilities working in competitive integrated employment.
- (c) **Delivery of Services.** Pre-ETS may be delivered in collaboration with school districts/LEAs via any combination of:
- (1) Vocational rehabilitation counselors
 - (2) The vocational rehabilitation counselor will coordinate Pre-ETS with other entities who maybe delivering these services.
 - (3) Other entities contracted with VR such as:
 - (A) Community Rehabilitation Programs
 - (B) Independent Living Centers
- (d) **Considerations under 00S.** VR must continue to provide Pre-ETS to students with disabilities who were receiving such services prior to being determined eligible for ~~VSSBVI~~ and are placed in a closed category.
- (e) **Pre-Employment Transition Coordination.**
- (1) District office staff will be responsible for attending IEP meetings for students with disabilities when invited; using conference calls and video conferences, when necessary;
 - (2) working with local workforce development boards, job centers and employers to develop work opportunities for students with disabilities, including apprenticeships, internships, summer employment and other employment opportunities available throughout the school year;
 - (3) working with schools to coordinate and ensure the provision of Pre-ETS; and
 - (4) attending person-centered planning meetings for individuals with developmental disabilities receiving SSI-D/Medicaid when invited.

612:10-7-245. Definitions

The following words and terms, when used in this Part, shall have the following meaning, unless the context clearly indicates otherwise:

"FLSA" means the Fair Labor Standards Act which sets forth labor standards and protections as enforced by the U.S. Department of Labor.

"IDEA" means the Individuals with Disabilities Education Act, P.L. 101-476 which ensures the rights and protections of children with disabilities and their parents being served by public education agencies through special education services and on an individualized education program (IEP).

"IEP" means Individualized Education Program. This is an educational document developed on an annual basis that documents the educational and transition goals students are working toward each year in grades PK-12.

"LEA" means Local Educational Agency, or local school district.

"SDE" means State Department of Education.

"SECTION 504 Plan" is a plan designed as a protection for students with disabilities who may not be considered eligible for special education under the IDEA in compliance with Section 504 of the Rehabilitation Act of 1973 as amended.

"Teacher coordinator" means a teacher employed by a school who is released as part of her work day and responsible for working with ~~DVR/DVS~~DVR/SBVI counselors and students eligible for the Transition from School to Work Program.

"Work Adjustment Training (WAT)" is provided on a work site, in a school, or in an approved Community Rehabilitation Program having valid contracts with DRS. WAT may also include (but is not limited to) activities aimed toward work tolerance, development of personal habits, attitudes, and work habits necessary to orient the individual to the world of work. High school students eligible for this service must be at least 16 years of age and may not participate for more than 18 months unless determined necessary by the counselor and client.

"School Work Study (SWS)" allows students with disabilities to work on the school campus. The students are supervised or closely monitored by school personnel, and the school pays the students a stipend with DRS making reimbursement to the school for that payment. The stipend is not a wage/salary. The school maintains liability for the students while working on campus.

"Trial Work/Extended Evaluation" has the meaning given these terms in DRS policy and federal law/rules.

"Work Site Learning (WSL)" allows students with disabilities to work in the community. The students are supervised or closely monitored by school personnel, and the school pays the students a stipend with DRS making reimbursement to the school for that payment. The stipend is not a wage/salary. The school maintains liability for the students while working off campus.

"Employer Work Study (EWS)" allows students with disabilities employment experience in part-time jobs in the community with the employers paying the wages/salary(ies). In this instance, the students are employees of the community employers, and DRS does not reimburse the employers for the wages/salary(ies).

SUBCHAPTER 9. REHABILITATION TEACHING SERVICES

PART 1. GENERAL PROVISIONS

612:10-9-5. Vocational rehabilitation

The consumer can receive the services of the Instructional Services program while being served through the Vocational Rehabilitation counseling program. The staff member will

Permanent Final Adoptions

provide comprehensive instructional services necessary for the consumer to meet the employment goal.

(1) **Referral from rehabilitation counselor.** Consumers who are legally blind or severely visually impaired receiving services through a rehabilitation counselor will be referred for Rehabilitation Teaching and Orientation & Mobility (O & M) services. Through the diagnosis and evaluation process the staff member gathers information to aid in determining needs for instructional services.

(2) **Rehabilitation teaching services in joint cases.** Important services provided by the teacher include evaluation and training in areas related to employment which include but are not limited to consumer and family adjustment to blindness, competence in communication, job readiness skills, personal management, home management, and basic orientation to immediate surroundings to facilitate safe mobility at home and work.

(3) **Orientation and Mobility referral for joint cases.** Important services provided by the O & M Specialist include, but are not limited to, evaluation and training for safe travel in the workplace, cane travel, preparation for dog guide, and local transportation usage.

(4) **Joint service status.** When it is determined a consumer can benefit from both instructional and counseling services the instructional staff and counselor, through consultation with each other and the consumer, will each develop a program of services. During the provision of services, the counselor and instructional staff will share pertinent information including narrative recording, through regular contact and case staffing. The formation of the instructional service plan should include objectives and services to be provided.

(5) **Closing joint cases.** When preparing a joint case for closure, the instructional staff and counselor will consult one another to determine readiness for closure.

PART 5. SERVICES

612:10-9-32. **Diagnosis and evaluation [REVOKED]**

~~Through diagnosis and evaluation the rehabilitation teacher gathers information to aid in determining eligibility as well as goals and strategies that may be included in the IPE.~~

~~(1) **Diagnosis.** The teacher must determine the medical causes of impairments to recognize the problems of each consumer and how they affect the ability to function. Individual differences and capabilities will be considered. The teacher will secure medical and/or psychological information when possible. If the teacher's evaluation indicates a need for medical or psychological treatment the specialist will refer the consumer to outside resources for help if it is not within the scope of rehabilitation teaching.~~

~~(2) **Vocational evaluation.** The rehabilitation teacher plays an important role in the evaluation of a consumer's ability to benefit from rehabilitation services in terms of the employment outcome.~~

~~(A) The rehabilitation teacher evaluates the consumer's characteristics and skills based on observation and assessment.~~

~~(B) An important service provided by the teacher is the initial evaluation of the consumer's adjustment to vision loss and ability to function independently. Areas to be evaluated include, but are not limited to, consumer and family attitudes toward blindness, degree of competence in communication, personal management, home management, and basic orientation to immediate surroundings.~~

~~(3) **Family evaluation.** The teacher must be aware of the family influence on the rehabilitation outcome that can be expected for an individual.~~

~~(4) **Community evaluation.** Visual impairment may restrict consumer's use of and access to community resources. Location, cost, eligibility, visual prerequisites, attitudinal barriers, and the level of consumer's skills are to be considered when evaluating community resources.~~

~~(5) **Evaluation of personal adjustment skills.** Prior to the development and implementation of the IPE, the rehabilitation teacher will thoroughly evaluate the consumer's functional limitations and skills, to include basic skills such as home management, communication, personal management, health management, and adjustment to disabilities.~~

612:10-9-38. **Vocational rehabilitation [REVOKED]**

~~The consumer can receive the services of the Instructional Services program while being served through the Vocational Rehabilitation counseling program. The staff member will provide comprehensive instructional services necessary for the consumer to meet the employment goal.~~

~~(1) **Referral from rehabilitation counselor.** Consumers who are legally blind or severely visually impaired receiving services through a rehabilitation counselor will be referred for Rehabilitation Teaching and Orientation & Mobility (O & M) services. Through the diagnosis and evaluation process the staff member gathers information to aid in determining needs for instructional services.~~

~~(2) **Rehabilitation teaching services in joint cases.** Important services provided by the teacher include evaluation and training in areas related to employment which include but are not limited to consumer and family adjustment to blindness, competence in communication, job readiness skills, personal management, home management, and basic orientation to immediate surroundings to facilitate safe mobility at home and work.~~

~~(3) **Orientation and Mobility referral for joint cases.** Important services provided by the O & M Specialist include, but are not limited to, evaluation and training for safe travel in the workplace, cane travel, preparation for dog guide, and local transportation usage.~~

~~(4) **Joint service status.** When it is determined a consumer can benefit from both instructional and counseling~~

services the instructional staff and counselor, through consultation with each other and the consumer, will each develop a program of services. During the provision of services, the counselor and instructional staff will share pertinent information including narrative recording, through regular contact and case staffing. The formation of the instructional service plan should include objectives and services to be provided.

(5) **Closing joint cases.** When preparing a joint case for closure, the instructional staff and counselor will consult one another to determine readiness for closure.

SUBCHAPTER 11. INDEPENDENT LIVING SERVICES FOR OLDER AND INDIVIDUALS WHO ARE BLIND

PART 1. SCOPE OF SERVICES

612:10-11-1. Purpose

(a) Older Blind Independent Living Services (OB) is a formalized program of services with the purpose of enhancing the ability of an individual with severe vision loss to live independently and function within his/her family and community even when he/she cannot gain or regain skills to fully perform duties of a homemaker. Older persons who have vision loss remain more independent when they learn new skills to help them adjust to blindness and make the most of their remaining vision. Through one-on-one instruction, they remain independent or reach this goal which increases confidence, self-esteem and quality of life.

(b) Personal adjustment services through OB are defined as services that allow control of one's life based on the choice of acceptable options which minimize reliance on others in decision making and in performing every day activities.

612:10-11-7. Administrative review

Any individual who is an applicant or client of OB services must be advised of his/her right to request a timely review or a re-determination of any action taken by DRS staff. The review will be conducted by the Administrator for Visual Services for the Blind and Visually Impaired or his/her designee, who shall respond to the applicant or client in writing with the findings and conclusions of the review.

SUBCHAPTER 13. SPECIAL SERVICES FOR THE DEAF AND HARD OF HEARING

PART 3. CERTIFICATION OF INTERPRETERS

612:10-13-21. Code of ethics

The interpreter/transliterater shall agree to abide by the Oklahoma Quality Assurance Ethical Standards National

Association of the Deaf (NAD) and the Registry of Interpreters for the Deaf, Inc. (RID) Code of Professional Conduct. Federal, state, or other laws or regulations may supersede the Ethical Standards NAD-RID Code of Professional Conduct if a conflict is present between existing law or regulations and the Ethical Standards Code of Professional Conduct. The interpreter/transliterater will abide by the rule of the law.

(1) The interpreter/transliterater shall be dedicated to providing competent interpreting services in a manner befitting a professional.

(A) The interpreter/transliterater shall conduct him/herself in a manner which will reflect high standards of professionalism. This requires proper behavior suitable to the circumstances of the interpreting assignment.

(B) The interpreter/transliterater will dress appropriately to the circumstances of the interpreting assignment. Dress will be as unobtrusive as possible, and care will be taken to avoid cloth patterns or accessories which would interfere with clear perception of the consumer(s) through distraction or poor foreground/background contrast.

(C) The interpreter/transliterater will, to the maximum extent possible, choose positioning of themselves to avoid distracting backgrounds or inadequate lighting, and within comfortable visual/audible range of the consumer(s).

(D) The interpreter/transliterater will request compensation for services in a professional and judicious manner. The interpreter/transliterater will be knowledgeable of fees commensurate with their level of skill, level of certification, length of experience, and nature of the interpreting assignment, as well as fees customary to the geographic region.

(E) The interpreter/transliterater duty is to function fully as the support team interpreter/transliterater when engaged in a team assignment environment to assure the accuracy of the message is rendered.

(2) The interpreter/transliterater uses discretion in accepting assignments based upon language competency with regard to the setting and/or consumers involved and according to the Oklahoma interpreter certification Level of Limitations.

(A) The interpreter/transliterater will base acceptance of assignments upon his/her qualifications to handle the English language characteristically utilized in any given situation. If an interpreter/transliterater cannot understand the English language used, nor express it in sign language, or cannot maintain an acceptable pace, the interpreter/transliterater should not accept the assignment.

(B) The best practice for a professional interpreter/transliterater will be to make every reasonable effort to assess the language skills of the consumer(s) involved to determine his/her ability to understand and be understood in the given assignment by asking appropriate questions of the requestor of services, without asking the identity of the consumer. If this

assessment prior to acceptance is not possible, the interpreter/transliterators should arrive at the assignment early to assess the language skills taking care that the communication exchange is not assignment related. At this time, the interpreter/transliterators may decide to proceed with the assignment, or decline the assignment. If the assignment is declined prior to the assignment, or later during the assignment, assistance may be required in securing a more qualified interpreter to take the assignment at that time, or at a later scheduled time.

(C) A certification level is a guideline to what levels may be able to perform in various situations. If a Deaf individual deems an interpreter/transliterators as "qualified" they should be permitted to function as such, as long as it does not violate established Oklahoma interpreter certification Level of Limitations, regulations or laws.

(D) The interpreter/transliterators should be familiar with statutory requirements regarding interpreter qualifications in a state before accepting an assignment in that state which might require a higher level of certification.

(E) The interpreter/transliterators may decline or discontinue assignments if working conditions are not safe, healthy, or conducive to interpreting.

(F) The interpreter/transliterators may render pro bono services providing it is a fair and reasonable manner.

(3) The interpreter/transliterators uses discretion in accepting assignments based upon the capacity to maintain impartiality with regard to the setting and/or consumers involved.

(A) The interpreter/transliterators should accept assignments only when the interpreter/transliterators feels comfortable dealing with the content of the communication in an impartial manner. If the personal feelings or beliefs of the interpreter/transliterators would interfere with rendering the message accurately, the interpreter/transliterators should withdraw from the assignment.

(B) Interpreters/transliterators should refrain from providing interpreter services in situations where family members, or close personal or professional relationships may affect impartiality.

(C) Interpreters/transliterators should strive for complete neutrality between consumers in the interpreting assignment. This neutrality can be compromised for various reasons. Whenever neutrality is compromised, it is the obligation of the interpreter/transliterators to assure that all affected consumers are duly advised and given the option of declining the interpreter/transliterators assignment.

(D) The interpreter/transliterators should avoid performing dual or conflicting roles while in the role as the interpreter/transliterators during the interpreting assignment.

(4) The interpreter/transliterators shall judiciously safeguard assignment related information because it is confidential. Exceptions to confidentiality include federal and/or state laws that mandate reporting a known crime or planning to commit a crime, fraud, or physical injury to the deaf person or another individual.

(A) A full time interpreter/transliterators may provide information to his/her employer or other appropriate staff for purposes of record keeping, program management, or supervision without breaching confidentiality.

(B) The right to privacy is inalienable for all citizens. The interpreter/transliterators has a fundamental obligation to safeguard any confidential information acquired from any source during an interpreter assignment. Injudicious disclosures of confidential information could adversely affect the consumer's reputation, and expose the interpreter/transliterators to liability.

(C) The interpreter/transliterators should consult legal counsel when in doubt concerning disclosure in a court of law, and professional rights and responsibilities.

(D) The interpreter/transliterators should inform consumers when federal or state mandates require disclosure of confidential information.

(5) The interpreter/transliterators shall provide information when necessary, to the consumers involved as to the role and appropriate use of the interpreter/transliterators. Assuring the education of consumers as to the proper use of an interpreter is a basic responsibility of the interpreter/transliterators. The experienced consumer may also provide such education. Consumer education should be succinct, and is best presented prior to an assignment to ensure a smooth communication exchange.

(6) The interpreter/transliterators conveys the content and affect of the communication transmitted using the language most easily understood by the persons involved in the communication/transaction.

(A) The interpreter/transliterators must transmit all communication in the exact way it is presented, conveying the speaker's intention. The interpreter/transliterators is not responsible for what is said or how it is said; only for conveying the message accurately and with the intended affect. The interpreter/transliterators shall withdraw from an assignment when his/her personal feelings interfere with rendering the message accurately with the intended affect.

(B) The interpreter/transliterators shall communicate in the manner most easily understood or preferred by the consumer(s), such as American Sign Language, Manually Coded English, finger spelling, gesturing, drawing, or writing.

(7) The interpreter/transliterators should not counsel nor interject personal opinion, but may exercise professional judgment in assessing whether or not communication is

being understood and may also inform the consumers involved of available resources as appropriate.

(A) ~~The interpreter/transliterators shall not step out of the role of communication facilitator by offering counsel or interjecting personal opinion. Exercising professional judgment and offering a professional opinion in assessing whether communication is being understood is not a breach of ethics.~~

(B) ~~Recommending known and available resources to the consumer is considered within the professional role of the interpreter/transliterators. The interpreter's responsibility in this regard is only to inform in a courteous and helpful manner. It is the consumer's decision whether they wish to follow through with any recommendation.~~

(8) ~~The interpreter/transliterators should pursue further knowledge and maintain competency in interpreting or transliterating skills. The interpreter/transliterators should strive to further knowledge and skills through active participation in workshops, professional meetings, interaction with professional colleagues, and reading of literature in the field.~~

(9) ~~The interpreter/transliterators has a responsibility to be aware of and comply with all federal or state laws regulating specialized interpreting fields (educational, legal, mental health).~~

Tina Calloway, Administrative Programs Officer, State Department of Rehabilitation Services, Executive Division, 3535 N.W. 58th Street, Suite 500, Oklahoma City, OK 73112-4824, (405) 951-3552.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 3. GENERAL OPERATING PROCEDURES FOR THE SCHOOLS

PART 1. GENERAL EDUCATIONAL POLICIES

612:20-3-5. Departmental resources

(a) **In-service training.** State Office staff are available as resource persons through the Staff Development Unit. They are charged by the director with the responsibility of assisting the superintendents with the development of a meaningful, ongoing in-service training program patterned to serve the individual needs of each school and embodying the Department's school goals.

(b) **Rehabilitative and Visual Services for the Blind and Visually Impaired Division.** Coordination of efforts to make a smooth transition from secondary school to employment or further training will be facilitated by VR counselors trained to work with the blind and deaf. The Department of Rehabilitation Services will encourage and support efforts to enhance communication and cooperation between school and rehabilitation personnel.

PART 5. STANDARDS OF CONDUCT FOR ALL SCHOOL PERSONNEL

612:20-3-38. Use of alcohol, drugs and controlled substances by employees (Drug-Free Workplace)

(a) The Department of Rehabilitation Services has committed itself to a continuing good faith effort to maintain a drug-free workplace. The Oklahoma School for the Blind and the Oklahoma School for the Deaf recognize that alcohol and drug abuse in the workplace has become a major concern. The object of the schools' alcohol and drug prevention program is to

provide a safe and secure workplace to comply with federal and state health and safety regulations, and to prevent accidents.

(b) Staff development programs shall be conducted to inform each employee of the school's drug-free workplace program; the dangers of drug abuse in the workplace; this policy; available drug counseling and rehabilitation programs; and the penalties that may be imposed for drug abuse violations occurring in the workplace.

(c) The unlawful possession, sale, distribution, manufacture, or use of any drug, narcotic or controlled substance as defined in the Uniform Controlled Dangerous Substances Act and/or Title 63 O.S. ~~2-102-101~~ by any employee at any time on school premises or while on school business is prohibited and will not be tolerated. Judgment regarding the use of such substances will be based upon behaviors related to being under the influence of such substances or having an adverse effect upon job performance. Any employee found to be in violation of this policy will be subject to disciplinary action which may include termination of employment or satisfactory participation, at the employee's expense, in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

(d) Each employee of the Oklahoma School for the Deaf or the Oklahoma School for the Blind is hereby notified that, as a condition of employment, the employee must abide by the terms of this policy. In addition, the employee must notify the Superintendent or his/her designee of any criminal drug statute conviction ~~for a violation of this law~~ regardless of where it occurred. Such notification must be made to the Superintendent or his/her designee no later than five (5) calendar days after conviction. In compliance with ~~P.L. 100-690, Title V, Subtitle D, (The Drug-Free Workplace Act)~~ the Superintendent shall provide notice of such violation to the Impact Aid Program, United States Department of Education, or other appropriate government agency within ten (10) calendar days after receiving such notice from the employee or otherwise receiving actual notice of such conviction. Within thirty (30) calendar days of receipt of the above notification, the School will take appropriate disciplinary action which may include termination of employment or require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency at the employee's expense.

(e) The unlawful possession, sale, distribution, manufacture, or use of an intoxicating beverage as defined in ~~Title 37 O.S. 50637A~~ O.S. § 1-103 by any employee in the workplace will not be tolerated. Judgment regarding the use of such substances will be based upon behaviors related to being under the influence of such substances or having an adverse effect upon job performance. Any employee found to be in violation of this policy will be subject to disciplinary action which may include termination of employment or satisfactory participation in an alcohol abuse assistance or rehabilitation program at the employee's expense

SUBCHAPTER 9. SPECIAL SERVICE PROGRAMS

612:20-9-2. Grants for Support Service Providers

(a) For the purposes of this section:

(1) Deaf-Blind means being legally blind as provided in definition of blindness at rule 10-1-2, and a hearing loss significant enough to impede everyday life.

(2) Support Service Providers (SSP) are individuals certified by a deaf-blind program recognized by the Department who provide access to the environment for individuals who are Deaf-Blind. This may include auditory information, environmental information and human guide. SSP duties include but are not limited to services to and on behalf of deaf-blind individuals for work related activities, to assist with employment applications, job interviews, or any other employment preparation task; for grocery or clothe shopping, banking, doctor or other appointments, meetings, social or religious events, reading mail or making calls. Transportation to such activities may be provided but cannot be the sole purpose of using a SSP.

(b) Subject to appropriations, the Oklahoma Department of Rehabilitation Services may issue request-for-proposals to provide grants to organizations that:

(1) Provide services for Deaf-Blind adults. Such services may include providing auditory and environmental information and human guide;

(2) Provide services for deaf-blind adults. Such grants shall be used to provide assistance to deaf-blind adults who are working towards establishing and maintaining independence; and

(3) Train support service providers. Such grants shall be used to provide training that will lead to certification of support service providers in Oklahoma.

(c) The total amount of grants provided under this section shall not exceed three hundred thousand dollars annually.

SUBCHAPTER 5. SEAL

655:25-5-2. Official seal

- (a) A notary shall keep an official notarial seal that is the exclusive property of the notary and that may not be used by any other person. At the end of a notary's employment, an employer may not require the notary to surrender the seal.
- (b) The seal may be either a metal seal which leaves an embossed impression, ~~or a rubber stamp, or an electronic seal,~~ as defined in 49 O.S., § 5 and OAC 655:25-1-8.
- (c) A notary shall authenticate all official acts with this seal. The seal ~~impression~~ shall appear near the notary's official signature on a notarial certificate.

655:25-5-3. Lost journal or stolen seal

- (a) **Notification.** ~~Within 10 days after~~Upon the loss or theft of ~~the journal or seal,~~ the notary shall ~~deliver~~submit to the Secretary of State a written notice of the loss or theft and the date the seal was first discovered missing, and inform the appropriate law enforcement agency in the case of theft.
- (b) **Replacement.** When purchasing a replacement seal, it is advisable to have a character or symbol added to the seal to distinguish it from the missing one. ~~Within 10 days after~~After purchasing a new seal, the notary shall ~~deliver~~submit to the Secretary of State a written notice advising that a replacement seal has been purchased, the date of purchase, and, if applicable, the distinguishing character or symbol added.

SUBCHAPTER 7. CHANGE OF NAME OR ADDRESS

655:25-7-1. Change of address

Within 30 days after the change of a notary's Oklahoma residence address or Oklahoma employment address if a non-resident, the notary shall submit to the Secretary of State written notification of the new address [49 O.S., §11].

655:25-7-2. Change of name

If a notary's name changes in the middle of the commission term, the notary may:

- (1) continue to use the former name until the current commission expires; or
- (2) apply for a new commission, obtain and file a new bond and seal, along with official signature and oaths, and pay applicable fees [49 O.S., §11 and this Chapter].

SUBCHAPTER 11. REMOTE ONLINE NOTARIZATION

625:25-11-1. Purpose

The purpose of this Subchapter is to establish the procedures necessary to implement the Oklahoma Remote Online Notary Act, 49 O.S., §§ 201 through 214.

655:25-11-2. Definitions

The following words or terms, when used in this subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Communication technology" means an electronic device or process that allows a notary public and a remotely located individual to communicate with each other by sight and sound [49 O.S., § 202(1)].

"Credential analysis" means a process or service that meets the standards under Section 655:25-11-5(a)(1), through which a third person affirms the validity of an identification credential through review of public or private data sources [49 O.S., § 202(2)].

"Dynamic knowledge-based authentication assessment" means an identity assessment of a remotely located individual that is based on a set of questions formulated from public or private data sources for which the individual has not provided a prior answer.

"Electronic" means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic or similar capabilities [49 O.S., § 202(3)].

"Electronic record" means information that is created, generated, sent, communicated, received or stored by electronic means [49 O.S., § 202(4)].

"Electronic seal" means an electronic image attached to or logically associated with an electronic record that conforms to the requirements of Section 655:25-11-4(b).

"Electronic signature" means an electronic sound, symbol, or process attached to or logically associated with an electronic record and executed or adopted by a person with the intent to sign the electronic record [49 O.S., § 202(6)].

"Identification credential" means a non-expired passport, driver's license, or form of government-issued identification document that contains the signature and photograph of the individual.

"Identity proofing" means a process or service that meets the standards under Section 655:25-11-5(a)(2) by which a third person provides a notary public with the means to verify the identity of a remotely located individual through

Permanent Final Adoptions

review of personal information from public or private data sources.

"Notary public" means an individual commissioned to perform notarial acts by the Secretary of State.

"Person" means an individual, corporation, business trust, statutory trust, estate, trust, partnership, limited liability company, association, joint venture, public corporation, government or governmental subdivision, agency or instrumentality, or any other legal or commercial entity [49 O.S., § 202(11)].

"Personal knowledge" means through dealings sufficient to provide reasonable certainty that the individual has the identity claimed, and "personally known" and "personally knows" have corresponding meanings [49 O.S., § 202(12)].

"Principal" means a remotely located individual whose electronic signature is notarized in a remote online notarization, whether in an individual or representative capacity, or who makes an oath, affirmation or acknowledgment in a remote online notarization, other than in the capacity of a witness [49 O.S., § 202(13)].

"Remote online notarization" or "remote online notarial act" means a notarial act performed for a remotely located individual facilitated by communication technology under this Subchapter.

"Remote presentation" means transmission to a notary public through communication technology of an image of a remotely located individual's identification credential that is of sufficient quality to enable the notary public to identify the individual and to perform credential analysis [49 O.S., § 202(15)].

"Remotely located individual" means an individual who is not in the physical presence of the notary public who performs a remote online notarization [49 O.S., § 202(16)].

655:25-11-3. Registration to perform remote online notarizations

(a) A notary public is authorized to perform remote online notarizations during the term of the notary public's commission if the notary public has registered under subsection (b) of this Section and received written authorization from the Secretary of State under subsection (f) of this Section.

(b) Registration under this section shall be by written application to the Secretary of State that includes the following information:

- (1) the applicant's full legal name;
- (2) the exact name under which the applicant is commissioned as a notary public, if different from the legal name;
- (3) the applicant's commission number as a notary public;
- (4) a description of the technologies or devices that the applicant intends to use to perform remote online notarizations;
- (5) the name, address, and website URL of any vendors or other persons that will directly supply to the notary public the technologies that the notary public intends to use; and

(6) a statement that the technologies identified in the application are compliant with 49 O.S., § 201 through 214 and with this subchapter.

(c) The application must be submitted electronically to the Secretary of State as provided by information posted on the Secretary of State's website.

(d) If, during the term of a notary public's commission, the notary public intends to use the technologies of another vendor or person than those identified in subsection (b)(3) of this Section, then an additional application identifying such other vendors or other persons must be submitted to the Secretary of State as provided in this section.

(e) Each application submitted under this section must be accompanied by a fee of Twenty-Five Dollars (\$25.00) [49 O.S., § 209].

(f) If the technology identified by the notary public in the notification required under subsection (b) of this Section conforms to the standards adopted under this subchapter and the notary public satisfies the requirements of this Section, the Secretary of State shall approve the use of the technology and issue to the notary public written authorization to perform remote online notarizations during the term of the notary public's commission.

(g) The Secretary of State may disapprove the application and reject the notary public's request for authorization for the following reasons:

- (1) the applicant is not currently commissioned as a notary public in the State of Oklahoma;
- (2) any reason for which the Secretary of State may deny, refuse to renew or revoke a commission under 49 O.S., § 12(A);
- (3) the notary public's failure to comply with Title 49 of the Oklahoma Statutes or this Subchapter;
- (4) any information required under subsection (b) of this Section is missing, inaccurate or incomplete; or
- (5) the technology identified by the notary public does not conform to the standards adopted under this Subchapter.

(h) The Secretary of State shall notify the applicant of approval or disapproval of the application within thirty (30) days after receipt. If the application is disapproved, the Secretary of State shall state the reasons for the disapproval.

(i) The renewal of the commission of a notary public who has previously received authorization to perform remote online notarizations under this Section does not constitute renewal of such authorization. A notary public who wishes to perform remote online notarizations after renewal of a prior commission must submit another application for registration under this Section.

(j) A notary public's authorization to perform remote online notarizations terminates if:

- (1) the notary public's name changes during the term of the notary public's commission [49 O.S., § 204(G)(1)]; and
- (2) the notary public elects to use the notary public's new name under a new commission [49 O.S., § 204(G)(2)].

(k) Nothing herein shall be construed to prohibit a notary public from receiving, installing, or using a hardware or software update to the technologies that the notary public identified [49 O.S., § 204(H)] under subsection (b) of this Section if the hardware or software update does not result in technologies that are materially different from the technologies that the notary public identified [49 O.S., § 204(H)].

655:25-11-4. Electronic signatures and electronic seals

(a) **Tamper-evident technology.** A notary public must select one or more tamper-evident technologies to perform remote online notarizations. A person may not require a notary public to use a technology that the notary public has not selected. The tamper-evident technology must consist of a digital certificate complying with the X.509 standard adopted by the International Telecommunication Union on October 14, 2016, or a similar industry-standard technology. A notary public must attach or logically associate the notary public's electronic signature and electronic seal to an electronic record that is the subject of a notarial act by use of the digital certificate. A notary public may not perform a remote online notarization if the digital certificate:

- (1) has expired;
- (2) has been revoked or terminated by the issuing or registering authority;
- (3) is invalid; or
- (4) is incapable of authentication.

(b) **Electronic seal.** A notary public must use the same unique electronic seal for all remote online notarizations. When affixed to an electronic record, an electronic seal must be clear, legible and photographically reproducible. An electronic seal is not required to be within a minimum or maximum size when photographically reproduced on an electronic record. An electronic seal used for remote online notarizations must substantially conform to the following design: a rectangular or circular seal with the notary public's name exactly as indicated on the notary's commission, the words "State of Oklahoma" and "Notary Public", the notary public's commission number, and the date of expiration of the notary public's commission [49 O.S., § 202(5)].

(c) **Security of electronic signature and electronic seal.** A notary public's electronic seal must remain within the exclusive control of the notary public, including control by means of use of a password or other secure method of authentication. A notary public may not allow any other individual to use his or her electronic seal to perform a notarial act. A notary public shall not disclose any access information used to affix the notary public's electronic signature or electronic seal to electronic records, except:

- (1) when requested by the Secretary of State or a law enforcement officer;
- (2) when required by court order or subpoena; or
- (3) pursuant to an agreement to facilitate notarial acts with a vendor or other technology provider identified in Section 655:25-11-3.

(d) **Termination of commission.** Upon resignation, revocation or expiration of the notary's commission, the notary public's electronic seal (including any coding, disk, digital certificate, card, software, or password that enables the notary public to attach or logically associate the electronic seal to an electronic record) must be destroyed or disabled to prohibit its use by any other person.

(e) **Notifications upon theft, vandalism or misuse.** A notary public shall immediately notify an appropriate law enforcement agency and the Secretary of State on actual knowledge of the theft or vandalism of the notary public's electronic signature, electronic seal or digital certificate. A notary public shall immediately notify the an appropriate law enforcement agency and Secretary of State on actual knowledge of the unauthorized use by another person of the notary public's electronic signature, electronic seal or digital certificate provider identified in Section 655:25-11-3.

655:25-11-5. Standards for identity verification

(a) **Multi-factor authentication.** If a notary public does not have satisfactory evidence of the identity of a principal under subsection (b) of this Section, the notary public must reasonably verify the principal's identity through a multi-factor authentication procedure as provided in this subsection. The procedure shall analyze the principal's identification credential that is the subject of remote presentation against trusted third-person data sources, bind the principal's identity to the individual following successful dynamic knowledge-based authentication assessment, and permit the notary public visually to compare the identification credential and the principal. The analysis of the identification credential and the dynamic knowledge-based authentication assessment shall conform to the following requirements:

(1) **Credential analysis.** The analysis of the identification credential that is the subject of remote presentation must use public or private data sources to confirm its validity and shall, at a minimum:

- (A) use automated software processes to aid the notary public in verifying the identity of each principal;
- (B) require that the identification credential passes an authenticity test, consistent with sound commercial practices that use appropriate technologies to confirm the integrity of visual, physical or cryptographic security features and to confirm that the identification credential is not fraudulent or inappropriately modified;
- (C) use information held or published by the issuing source or an authoritative source, as available and consistent with sound commercial practices, to confirm the validity of personal details and identification credential details; and
- (D) enable the notary public visually to compare for consistency the information and photograph on the identification credential and the principal as viewed by the notary public in real time through communication technology.

(2) **Identity proofing.** The notary public must perform an identity proofing procedure that consists of a dynamic

knowledge-based authentication assessment. The assessment is successful if it meets the following requirements:

- (A) The principal must answer a quiz consisting of a minimum of five questions related to the individual's personal history or identity formulated from public or private data sources;
 - (B) Each question must have a minimum of five possible answer choices;
 - (C) At least 80% of the questions must be answered correctly;
 - (D) All questions must be answered within two minutes;
 - (E) If the principal fails the first attempt, the principal may retake the quiz one time within 24 hours;
 - (F) During a retake of the quiz, a minimum of 40% of the prior questions must be replaced;
 - (G) If the principal fails the second attempt, the principal is not allowed to retry with the same online notary public within twenty-four (24) hours of the second failed attempt; and
 - (H) The notary public must not be able to see or record the questions or answers.
- (b) **Other methods of identity verification.** A notary public has satisfactory evidence of the identity of a principal if the notary public has personal knowledge of the identity of the principal or if the principal is identified by oath or affirmation of a credible witness in accordance with the following requirements:
- (1) To be a credible witness, an individual must have personal knowledge of the principal.
 - (2) The notary public must have personal knowledge of the credible witness or verify the identity of the credible witness by multi-factor authentication in accordance with subsection (a).
 - (3) A credible witness may be a remotely located individual if the notary public, credible witness, and principal can communicate by using communication technology.

655:25-11-6. Standards for communication technology

The communication technology used by a notary public in the performance of remote online notarizations must conform to the following requirements:

- (1) **Audio-video feeds.** Communication technology must provide for synchronous audio-video feeds of sufficient video resolution and audio clarity to enable the notary public and all remotely located individuals to see and speak with each other. The process must provide a means for the notary public reasonably to confirm that an electronic record before the notary public is the same electronic record in which the principal made a statement or on which the principal executed an electronic signature.
- (2) **Security measures.** Communication technology must provide reasonable security measures to prevent unauthorized access to:
 - (A) the live transmission of the audio-visual feeds;
 - (B) the methods used to perform the identify verification process under Section 655:25-11-5; and

(C) any electronic record in which the principal made a statement or on which the principal executed an electronic signature.

- (3) **Work flow.** If any remotely located individual must exit the workflow, the individual must restart the identify verification process under Section 655:25-11-5 from the beginning.

655:25-11-7. Certificate of notarial act for remote online notarizations

- (a) The certificate of notarial act for a remote online notarization must indicate that the notarial act was a remote online notarial act performed by means of communication technology.
- (b) A form of certificate for a remote online notarization satisfies the requirement of subsection (a) of this Section if it is in the form provided by applicable law and contains a statement substantially as follows: "This remote online notarization involved the use of communication technology."
- (c) A short form certificate provided in 49 O.S., § 119, or an acknowledgment form prescribed in 60 O.S., § 178.11, satisfies the requirement of subsection (a) of this Section if it is in substantially one of the forms provided in Appendix A of this Chapter.

655:25-11-8. Record retention and depositories

- (a) A notary public must retain an electronic journal and an audio-visual recording created under 49 O.S., § 206 in a computer or other electronic storage device that protects the journal and recording against unauthorized access by password or cryptographic process. The recording must be created in an industry-standard audio-visual file format and must not include images of any electronic record on which the remotely located individual executed an electronic signature.
- (b) An electronic journal must be retained for at least ten (10) years after the last notarial act chronicled in the journal. An audio-visual recording must be retained for at least ten (10) years after the recording is made [49 O.S., § 206].
- (c) A notary public must take reasonable steps to ensure that a backup of the electronic journal and audio-visual recording exists and is secure from unauthorized use.
- (d) On the death or adjudication of incompetency of a current or former notary public, the notary public's personal representative or guardian or any other person knowingly in possession of an electronic journal or audio-visual recording must:
 - (1) comply with the retention requirements of this Section;
 - (2) transmit the journal and recording to one or more depositories under subsection (e); or
 - (3) transmit the journal and recording in an industry-standard readable data storage device to the Secretary of State.
- (e) A notary public, a guardian, conservator, or agent of a notary public, or a personal representative of a deceased notary public may, by written contract, engage a third person to act as a depository to provide the storage required by subsection (a) of this Section. The contract shall:

(1) enable the notary public, the guardian, conservator, or agent of the notary public, or the personal representative of the deceased notary public to comply with the retention requirements of this Section even if the contract is terminated; or

(2) provide that the information will be transferred to the notary public, the guardian, conservator, or agent of the notary public, or the personal representative of the deceased notary public if the contract is terminated.

GIST/ANALYSIS:

These permanent rules establish certification authority reciprocity with states, U.S. territories, and foreign jurisdictions, as authorized by 12A O.S., § 15-121. The permanent rules are needed for the implementation of the Remote Online Notary Act [SB 915 (2019)], which became effective January 1, 2020. Certification authorities issue digital certificates, which are required during the remote online notarization process.

These permanent rules will supersede the emergency rules that were approved by the Governor and effective on December 18, 2019.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 1. GENERAL PROVISIONS

655:35-1-1. Purpose

This Chapter establishes the procedures used by the Oklahoma Secretary of State to implement the provisions of 12A O.S., § 15-121(g)-(h).

SUBCHAPTER 3. RECIPROCITY

655:35-3-1. Reciprocity

Any certification authority that is registered in at least one state, U.S. territory, or other foreign jurisdiction may file with the Secretary of State proof of such registration. If the registration is current, then the Secretary of State shall allow the certification authority to operate in this state.

655:35-3-2. Lapse of out-of-state license

(a) If or when the out-of-state registration lapses, the certification authority may no longer operate in this state.

(b) If the out-of-state registration is reinstated, the certification authority may file proof of reinstatement with the Secretary of State, and the certification authority may again operate in this state.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF NOVEMBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

660:2-1-1. Purpose

(a) The provisions of this Chapter set forth the organization and procedural rules governing the Department of Securities and have been adopted for the purpose of complying with 75 O.S., Section 302.

(b) The provisions of this Chapter relating to investigations and hearings shall apply to all investigations and hearings conducted by the Department in the enforcement of the Business Opportunity Act, the Land Sales Act, and the Securities Act, ~~and the Take over Act.~~

660:2-1-3. Definitions

Unless the context clearly indicates otherwise, or unless defined in this Section, terms used in this Chapter, if defined in the Oklahoma Uniform Securities Act of 2004, the Oklahoma Land Sales Code, or the Oklahoma Business Opportunity Sales Act ~~or the Oklahoma Take over Disclosure Act of 1985~~ shall have the meanings set forth in such acts. The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Administrator" means the Administrator of the Department of Securities.

"Business Opportunity Act" means the most recent codification of the Oklahoma Business Opportunity Sales Act in Title 71 of the Oklahoma Statutes.

"Commission" means the Oklahoma Securities Commission.

"Department" means the Oklahoma Department of Securities.

"Hearing Officer" means a person who has been duly ~~appointed~~ designated by the Administrator to hold hearings and, as required, render proposed orders.

"Land Sales Act" means the most recent codification of the Oklahoma Subdivided Land Sales Code in Title 71 of the Oklahoma Statutes.

"Securities Act" means the most recent codification of the Oklahoma Uniform Securities Act of 2004 in Title 71 of the Oklahoma Statutes.

~~**"Take over Act"** means the most recent codification of the Oklahoma Take over Disclosure Act of 1985 in Title 71 of the Oklahoma Statutes.~~

SUBCHAPTER 5. AUTHORITY AND ACTIONS OF ADMINISTRATOR

660:2-5-1. Official ~~actions~~ actions

(a) All ~~officials~~ official acts of the Administrator shall be evidenced by a written record, and all final orders, decisions, opinions, rules and other written statements of policy or interpretations formulated, adopted or used in the discharge of the function of the Administrator shall be available for public inspection.

(b) Official action of the Administrator shall not be bound or be prejudiced by any informal statement made or opinion given by the Administrator, Commission, or employees of the Department ~~of Securities.~~

660:2-5-4. Summary orders [REVOKED]

~~The Administrator may issue summary orders pursuant to the provisions set forth in:~~

- ~~(1) Sections 1-306(D), 1-411.F or 1-604 of the Securities Act;~~
- ~~(2) Section 814(D) of the Business Opportunity Act;~~
- ~~(3) Sections 628(D), 634(C), or 660 of the Land Sales Act; or~~
- ~~(4) Subsection (D) of Section 453 of the Take over Act.~~

SUBCHAPTER 7. INVESTIGATIONS

660:2-7-3. Investigative processes

(a) **Authority.** Investigations under the statutes administered by the Administrator shall be conducted by representatives designated and duly authorized for this purpose. Such representatives are authorized to exercise and perform the duties of their office in accordance with the statutes of the state of Oklahoma and the regulations of the Administrator, including administration of oaths and affirmations, in any matter under investigation by the Administrator. Nothing in this section shall prohibit the Administrator or ~~his~~ the Administrator's designee from expanding or restricting the scope of any investigation at any time during an investigation.

(b) **Investigative hearings.** Investigative hearings, as distinguished from hearings in individual proceedings, may be conducted in the course of any investigation undertaken by the Administrator, including inquiries initiated for the purpose of determining whether or not a respondent is complying with an order of the Administrator. Investigative hearings may be held before the Administrator, ~~or his~~ the Administrator's designee for the purpose of hearing the testimony of witnesses and receiving documents and other data relating to any subject under investigation. Such hearings shall be non-public.

(c) **Subpoena to testify or produce records.** While the Administrator encourages voluntary cooperation in investigations, the Administrator, ~~or his~~ or the Administrator's designee, at any stage of any investigation, may issue a subpoena ordering the person named therein to appear before a designated representative at a designated time and place, including the offices of the Department, to ~~provide testimony by deposition, testify, to file a sworn statement or affidavit, and/or to produce documentary evidence relating to any matter under investigation. Such testimony shall only be reduced to writing or otherwise recorded in any manner by the person taking the testimony, or under his direction.~~

(1) Testimony shall only be reduced to writing or recorded at the direction of the Department.

(2) Documents required by a subpoena shall be produced in the manner, form, and time frame instructed therein.

(d) **Subpoena to grant access.** The Administrator may issue a subpoena to grant access to, to examine, and to copy documents, books or other records of any person being investigated.

(e) **Service.** Subpoenas shall be served in the manner provided by law.

(f) **Written examination.** The Administrator or ~~his~~ the Administrator's designee may issue an order requiring persons to file a report or statement, or answers in writing and under oath to specific questions, relating to any matter under investigation.

(g) **Rights of witness.** Any person under investigation, compelled to furnish information or documentary evidence, shall be advised of the purpose and scope of the investigation, subject to the confidentiality requirements provided by law. Any person required to testify shall be entitled to review a copy of the transcript of ~~his~~ the person's own testimony, if transcribed, at the offices of the Department ~~of Securities~~. Any person required to submit documentary evidence shall be entitled to retain or, on payment of lawfully prescribed cost, to procure a copy of any document produced by such person. Any party compelled to testify or to produce documentary evidence may be accompanied and advised by counsel, provided that such counsel is duly licensed to practice law by the Supreme Court of Oklahoma. Such counsel may question such person briefly at the conclusion of the examination to clarify any of the answers such person has given.

(h) **Confidentiality.** Information or documents obtained by the Administrator and subpoenas issued in connection with an investigation shall be kept confidential and shall not be made

available to the public, unless expressly ordered by the Administrator, or disclosed pursuant to the provisions of Subchapter 9 of this Chapter or as otherwise provided by law.

(i) **Duty to Supplement.** Any person who has responded to a subpoena must supplement its response in a timely manner if the person learns that in some material respect the disclosure or response is incomplete.

SUBCHAPTER 9. INDIVIDUAL PROCEEDING PRACTICES AND PROCEDURES

660:2-9-1. Hearings in general

(a) **Authority.** Prior to the issuance of a final order in an individual proceeding, all parties shall be afforded an opportunity for hearing after reasonable notice. The notice shall be in writing and advise the parties of their right to a hearing and their obligation to file an answer, the time period within which a hearing must be requested, and the effect of a failure to file an answer and to request a hearing.

(b) **Public hearing.** All hearings shall be open to the public but may not be recorded by the public or any respondent by any electronic means.

(c) **Hearings on summary orders.** The provisions of this Subchapter shall not apply to proceedings for summary orders. ~~The procedures for hearings on summary orders shall be those set forth in:~~

(1) ~~Sections 1-306(D), 1-411(F), or 1-604(B) of the Securities Act;~~

(2) ~~Section 814(D) of the Business Opportunity Act;~~

(3) ~~Sections 628(D), 634(C) or 660 of the Land Sales Act; and~~

(4) ~~Subsections (D) and (E) of Section 453 of the Take-over Act.~~

660:2-9-3. Prehearing proceedings and processes

(a) **Scheduling.** As soon as is practicable after ~~the request for hearing is received, but in no event later than thirty (30) days after the request for hearing is received,~~ a hearing has been scheduled, the Administrator, or the Hearing Officer, shall enter a scheduling order that is intended to expedite the disposition of the action and ~~insure~~ ensure the fair, orderly and efficient conduct of the proceedings. The parties shall confer in person or by telephone and attempt to prepare a single agreed scheduling order to submit to the Administrator or the Hearing Officer. The agreed, proposed scheduling order shall be submitted to the Administrator or the Hearing Officer no later than fifteen (15) days after the hearing has been scheduled. If the proposed scheduling order is acceptable to the Administrator, or the Hearing Officer, no scheduling conference need be held. If the parties are unable to agree to a single scheduling order, the parties shall each submit, no later than twenty (20) days after the hearing has been scheduled, a proposed scheduling order to the Administrator, or the Hearing Officer, who shall issue an appropriate scheduling order or, prior to issuing such order, hold a scheduling conference in person or by telephone. The scheduling order shall establish at least the following:

Permanent Final Adoptions

- (1) a schedule of discovery;
- (2) any limitations to be placed on discovery;
- (3) a preliminary list identifying all witnesses, documents and exhibits intended to be utilized at the hearing;
- (4) identification of any expert witness intended to be called;
- (5) the date for exchanging the documents and exhibits intended to be utilized at the hearing and the final list identifying all witnesses intended to be called at the hearing; and
- (6) such other matters as may aid in the disposition of the matter.

(b) **Discovery.**

- (1) Discovery may be obtained by one or more of the following methods:

(A) A party may serve a written request on any other party requiring the party to produce, within fifteen (15) days, for inspection and copying, any documents or tangible items that are in the possession, custody or control of the party and relevant to the subject matter of the individual proceeding and are not privileged. The number of requests to produce or permit inspection shall not exceed thirty (30) in number except by agreement of the party being required to produce or by order of the Administrator; or Hearing Officer. All documents will be produced at the offices of the Department or at such other place as the parties may agree in writing.

(B) A party may serve on any other party a written request to admit, for purposes of the pending action only, the truth of any matters relating to facts, the application of law to fact, or opinions about either; and the genuineness of any documents described in the request. Copies of documents shall be served with the request to admit unless they have been or are otherwise furnished or made available for inspection and copying. The number of requests to admit for each party shall not exceed thirty (30) in number except by agreement of the party being required to respond or by order of the Administrator; or the Hearing Officer. Each matter upon which an admission is requested shall be separately stated. The matter is admitted unless, within fifteen (15) days after service of the request, or within such shorter or longer time as the Administrator; or the Hearing Officer; may allow, the party to whom the request is directed serves upon the party requesting the admission a written answer or objection addressed to the matter and signed by the party. If a matter is not admitted, the answer must specifically deny it or state in detail why the answering party cannot truthfully admit or deny it. A denial shall fairly meet the substance of the requested admission, and when good faith requires that a party qualify ~~his~~the answer or deny only a part of the matter of which an admission is requested, ~~he~~the party shall specify so much of it as is true and qualify or deny the remainder. An answering party may not give lack of information or knowledge as a reason for failure

to admit or deny unless ~~he~~the party states that ~~he~~the party has made reasonable inquiry and that the information known or readily obtainable by ~~him~~the party is insufficient to enable ~~him~~the party to admit or deny. The grounds for an objection must be stated. A party may not object solely on the ground that the request presents a genuine issue for trial.

(C) A party may take the testimony of a witness by ~~oral~~ deposition at the expense of that party. A party desiring a transcript must make appropriate arrangements with the reporter or transcriber to order and pay for it. A party desiring to take the deposition of another party, or an employee thereof, shall serve written notice to the witness, or his counsel. The notice shall state the time and place for taking the deposition and shall be served at least three (3) days before the person is required to appear. A party desiring to take the deposition of a non-party witness shall serve the witness with a subpoena in accordance with 660:2-9-4. A copy of the notice or subpoena shall be served on all other parties to the proceeding by means specified in paragraph (h) below. Unless otherwise agreed by the parties or ordered by the Administrator or Hearing Officer, a deposition under this provision shall not last more than six (6) hours, exclusive of breaks, and shall be taken only between the hours of 8:00 a.m. and 5:00 p.m. on a day other than a Saturday or Sunday and on a day other than a legal holiday.

- (2) A party who has responded to a request for production or request to admit must supplement or correct its response:

(A) in a timely manner if the party learns that in some material respect the disclosure or response is incomplete or incorrect, and if the additional or corrective information has not otherwise been made known to the other parties during the discovery process or in writing; or

(B) as ordered by the Administrator, or the Hearing Officer.

- (3) In addition to limitations on discovery set forth in a scheduling order or any law, regulation, or rule, discovery does not include:

(A) Non-public information or documents from the personnel file of any Department employee;

(B) Non-public information or documents relating to any investigation conducted by the Department against unrelated parties;

(C) Non-public information or documents relation to any action brought by the Department against unrelated parties;

(D) Information or documents relation to any examination conducted by the Department of unrelated parties;

(D) Information or documents relations to any license applications or determinations made by the Department of unrelated parties; or

(F) Depositions of Department personnel.

- (c) **Motions in general.**

- (1) Unless otherwise permitted by these rules or by the Administrator, or the Hearing Officer, motions and responses thereto shall be served on all parties and shall:
 - (A) be made in writing and shall not exceed twenty (20) pages;
 - (B) state concisely the ~~question~~ questions(s) to be determined; ~~and be accompanied by any necessary supporting documentation; and~~
 - ~~(C) be served on all parties.~~
 - (C) state with particularity the grounds therefore and the relief or order sought; and
 - (D) be accompanied by a concise brief or a list of authorities upon which movant relies.
- (2) A response to a written motion shall be filed within fifteen (15) days after receipt of the motion but no later than one day prior to the date and time of the hearing. A response to a written motion shall not exceed twenty (20) pages. A reply to a response to a written motion may be filed within five (5) days after receipt of the response but no later than the date and time of the hearing. A reply to a response to a written motion shall not exceed five (5) pages.
- (3) The Administrator, or the Hearing Officer, may allow oral argument if it appears necessary to the Administrator, or the Hearing Officer, for a fuller understanding of the issues presented.
- (4) The filing or pendency of a motion does not alter or extend any time period prescribed by this Subchapter or by an order of the Administrator, or the Hearing Officer.
- (d) **Motions for summary decision.** A party may move for summary decision as to any substantive issue in the case. The Administrator, or the Hearing Officer, may issue a summary decision if he finds that there is no genuine issue as to any material fact and that the moving party is entitled to prevail as a matter of law.
- (e) **Prehearing conference.**
 - (1) Upon the request of a party or when the Administrator, or the Hearing Officer, believes it necessary or appropriate, a prehearing conference shall be held, as close to the time of hearing as is reasonable under the circumstances, to address the following matters:
 - (A) simplification of issues;
 - (B) the final list of witnesses and exhibits to be utilized at the hearing;
 - (C) admissions and stipulations of fact;
 - (D) stipulations regarding admission and authenticity of documents;
 - (E) requests for official notice;
 - (F) discovery disputes;
 - (G) pending motions; and
 - (H) other matters that will promote the orderly and prompt conduct of the hearing.
 - (2) At the conclusion of the prehearing conference, a ruling or order shall be entered reciting the action taken. The order shall control the subsequent course of the ~~action~~ proceeding unless modified by a subsequent order. The order shall be modified only to prevent manifest injustice.
- (f) **Failure to participate, appear, comply or cooperate.** A party's failure to participate in good faith in the preparation of a scheduling order or prehearing conference order; failure to comply with a scheduling order or prehearing conference order; failure to comply with or cooperate in discovery; or failure to appear at, substantially prepare for, or participate in good faith in, any hearing or conference, may result in any of the following sanctions:
 - (1) striking of any pleading in whole or in part;
 - (2) an order prohibiting a party from supporting or opposing designated claims or defenses, or from introducing designated matters in evidence;
 - (3) an order directing that designated facts be taken as established for purposes of the proceeding;
 - (4) staying the proceeding;
 - (5) default judgment; or
 - (6) such other order as the Administrator, or the Hearing Officer, may deem just and appropriate.
- (g) **Post prehearing conference.** If additional exhibits are discovered after the prehearing conference order is issued or after the date final documents and exhibits are exchanged, the party intending to use them shall immediately notify all other parties and furnish copies of the additional exhibits to such parties. If additional witnesses are discovered, all other parties shall be notified immediately and furnished the nature of the testimony along with the names and addresses of the witnesses. These additional exhibits or the testimony of the additional witnesses shall not be admitted at the hearing without the agreement of all parties or without a showing to the Administrator, or the Hearing Officer, that manifest injustice would be created if the exhibit or witness testimony were not permitted.
- (h) **Service and filing of papers.** Service of papers upon a party shall be made by personal delivery, regular first-class mail, facsimile transmission or electronic mail. All papers required to be served by a party shall be filed with the Administrator ~~within the applicable time for service~~ in accordance with the scheduling order. When a Hearing Officer is appointed, a person making a filing with the Administrator shall promptly provide to the Hearing Officer a copy of such filing. Papers filed with the Administrator shall be accompanied by a certificate stating the name of the person or persons served, the date of service, the method of service and the mailing address, facsimile telephone number or electronic mail address to which service was made, if not made in person.
- (i) **Signature and certification.** Every filing of a party represented by counsel shall be signed by at least one counsel of record and shall state ~~that counsel's business name, bar number, address, email address, and telephone number.~~ the filing and state his the party's name, residential address, email address, and telephone number on every filing. The signature of counsel or a party shall constitute a certification that:
 - (1) the person signing the filing has read the filing;
 - (2) to the best of his knowledge, information, and belief, formed after reasonable inquiry, the filing is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; and the filing is not made for any improper

purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of adjudication; and

(3) ~~If~~ a filing is not signed, the Administrator, or the Hearing Officer, shall strike the filing, unless it is signed promptly after the omission is called to the attention of the party making the filing.

(j) **Computation of time.** A paper is filed when it is received by the Administrator. Unless otherwise specifically provided by ~~the Securities Act or~~ this Subchapter, computation of any time period prescribed by this Subchapter, or by an order of the Administrator, or the Hearing Officer, begins with the first day following the act or event that initiates the time period. The last day of the time period so computed is included unless it is a Saturday, Sunday, state holiday, or any other day when the Department's office is not open for public business, in which event the period runs until the end of the next business day. If a notice or other filing is served by mail and the party served is entitled or required to take some action within a prescribed time period after service, the date of mailing is the date of service, and three (3) days shall be added to the prescribed time period.

660:2-9-4. Authority to subpoena witnesses

(a) Subpoenas.

(1) Any party to an individual proceeding shall have the right to have subpoenas issued to require the attendance and testimony of witnesses at a designated time and place, or to require the production of documents and tangible items in the possession or under the control of the witness at a designated time and place. A party requesting the issuance of a subpoena shall submit the proposed subpoena in writing to the Administrator or the Hearing Officer. The proposed subpoena shall contain the name and address of the person to be subpoenaed; the name, bar number, address, email address, and telephone number of counsel of record, or if the party is not represented, the name, address, email address, and telephone number of the party requesting the subpoena; and if the production of documents or tangible items is sought, a particular description of such documents or tangible items. Where it appears to the Administrator, or the Hearing Officer, that the subpoena sought may be unreasonable, oppressive, excessive in scope, unduly burdensome, or not relevant, ~~he the Administrator or Hearing Officer may, in his the Administrator's or Hearing Officer's~~ discretion, as a condition precedent to the issuance of the subpoena, require the party seeking the subpoena to show the general relevance and reasonable scope of the testimony or other evidence sought. If after consideration of all the circumstances, the Administrator, or the Hearing Officer, determines that the subpoena or any of its terms is unreasonable, oppressive, excessive in scope, unduly burdensome or not relevant, ~~he the Administrator or the Hearing Officer~~ may refuse to issue the subpoena, or issue the subpoena only upon such conditions as fairness requires.

(2) A party requesting the issuance of a subpoena to an out-of-state witness may be required to show the relevance

of the information sought and the witness' contacts with this state as a condition precedent to the issuance of the subpoena. If after consideration of all circumstances, the Administrator, or the Hearing Officer, determines that the information sought is not relevant or the witness' contacts with the state are insufficient to establish jurisdiction over the witness, ~~he the Administrator or the Hearing Officer~~ may refuse to issue the subpoena.

(b) **Service.** Service of a subpoena in this state shall be by personal delivery or by certified mail with a return receipt requested and delivery restricted to the person named in the subpoena. Service shall be made at least three (3) days before the person is required to appear. Service of a subpoena outside of this state shall be served by any person in any manner prescribed for the service of a subpoena in a civil action in the state in which the subpoena is being served. The party requesting the subpoena shall be responsible for, and bear the cost of, service.

(c) ~~Return of service.~~ **Proof of service of subpoena.** The party requesting the subpoena shall promptly file a return of service with the Administrator including a certificate signed by the person making service. The party requesting the subpoena shall promptly file a notice with the Administrator advising that service has been made upon the person named in the subpoena. If service is effected by mail, the notice shall include a copy of the return receipt reflecting delivery and acceptance by certified mail, return receipt requested and delivery restricted to the person named in the subpoena. If service is effected by personal delivery to the person named in the subpoena, the notice shall include a written, notarized affidavit affirming such delivery by the person making delivery.

(d) **Objection to subpoena.** A person who has been served with a subpoena may object to the subpoena by filing a motion to quash with the Administrator within ten (10) days of service of the subpoena or by the date the person is ordered to appear, whichever is earlier.

(e) Enforcement of subpoenas.

(1) If a person under subpoena fails to appear as required, or fails to produce the documents or tangible items set forth in the subpoena, a party may apply to the Administrator for enforcement of the subpoena.

(2) An application to the Administrator for enforcement of a subpoena shall be made immediately upon the failure to comply with the subpoena or within such other time period as the Administrator may establish.

(3) Upon a timely request by a party for enforcement of a subpoena, the Administrator may apply to the district court of Oklahoma County or the district court in any other county where service can be obtained to enforce the subpoena, ~~as authorized by the Securities Act.~~

(f) **Fees.** Non-party witnesses subpoenaed pursuant to this section shall be paid the same fees and mileage as are paid witnesses in the courts of the state of Oklahoma. Such fees shall be paid by the party requesting that the subpoena be issued ~~at the time within twenty (20) days after the witnesses' testimony is completed.~~

660:2-9-5. Representation

(a) **Right to counsel.** Any party shall have the right to appear in person and by counsel, provided, however, that such counsel representing the party must be duly licensed to practice law by the Supreme Court of Oklahoma. Such counsel may be present during the giving of evidence, ~~may~~ have a reasonable opportunity to examine and inspect all documentary evidence, ~~may~~ examine witnesses, and ~~may~~ present evidence ~~in his~~ on the client's behalf.

(b) **Notice of appearance.** An attorney representing a party shall promptly file a notice of appearance with the Administrator. The notice of appearance shall contain all of the following:

- (1) the attorney's name, address, email address, telephone number, and bar number;
- (2) the firm name, address, and telephone number if the attorney is a member of a firm; and
- (3) the name, address, email address, and telephone number of the person represented.

(c) **Service on attorney.** After a notice of appearance has been filed, service of all papers ~~may~~ shall be made upon the attorney ~~or firm~~ of record and shall be effective as service upon the person represented.

(d) **Withdrawal.** Any attorney who withdraws from representing a party must file a written notice of withdrawal with the Department and the Administrator or Hearing Officer and must serve the notice of withdrawal on all attorneys then of record and on all unrepresented parties. The notice must contain the effective date of the withdrawal, the current name, address, email address, and telephone number of each party who will no longer be represented, and, if known, the name of the person who will represent the party from that time forward. Withdrawal of a party's attorney after the service of a notice of hearing is not grounds for the continuance of the hearing unless good cause is shown.

660:2-9-6. Conduct of individual proceeding

(a) **Order of proceeding.** The hearing shall proceed as follows:

- (1) The Administrator; or the Hearing Officer; shall call the hearing to order;
- (2) the Administrator; or the Hearing Officer; shall briefly explain the purpose and nature of the hearing;
- (3) the Administrator; or the Hearing Officer; may allow the parties to present preliminary matters;
- (4) the Administrator; or the Hearing Officer; may allow the parties to make opening statements;
- (5) the Administrator; or the Hearing Officer; shall state the order of presentation of evidence;
- (6) witnesses shall be sworn or put under affirmation to tell the truth; and
- (7) the Administrator; or the Hearing Officer; may allow the parties to present summations and closing argument.

(b) **Rules of evidence.** The rules of evidence need not be strictly followed or observed by the Administrator; or the Hearing Officer; during the hearing in order to obtain a full and fair disclosure of facts relevant to the matters at issue. However, the admissibility of evidence shall be governed by

the provisions of Section 310 of the Administrative Procedures Act.

(c) **Official notice.** ~~Notice may be taken by the~~ The Administrator; or the Hearing Officer; may take official notice of judicially cognizable general, technical, or scientific facts. In addition, notice may be taken of generally recognized practices ~~and~~ procedures ~~and~~ facts relating to the ~~secu-~~ ri- ~~ties~~ applic- industry. Parties shall be notified either before or during the hearing of the material noticed and they shall be afforded an opportunity to contest the material so noticed. ~~The Administrator, Administrator's or the Hearing Officer, Of-~~ ficer's shall utilize his experience, technical competence, and specialized knowledge may be used in evaluating the evidence presented.

(d) **Examination of witnesses.**

(1) Witnesses shall testify under oath or affirmation. If the Administrator; or the Hearing Officer, determines that a witness is hostile or unresponsive, the Administrator; or the Hearing Officer; may authorize the party calling the witness to proceed as if the witness were under cross-examination.

(2) A party may conduct direct examination or cross-examination of a witness ~~without strict adher-~~ ence to formal rules of evidence, particularly, the rules on ~~hearsay,~~ in order to obtain a full and fair disclosure of facts relevant to the matters at issue.

(3) Upon request by any party, the Administrator; or the Hearing Officer; may exclude witnesses other than parties from the hearing room when those witnesses are not testifying. A party that is not a natural person may designate an individual as its representative to remain in the hearing room, even though the individual may also be a witness. An expert witness who is to render an opinion based on the testimony given at the hearing may remain in the hearing room during all testimony. The Administrator; or the Hearing Officer; may order the witnesses, parties, their counsel, and any person under their direction not to disclose to any sequestered witness the substance of the testimony, exhibits, or other evidence introduced during the absence of the witness.

(4) No witness shall testify by telephone or other electronic means unless by agreement of the parties or by order of the Administrator or the Hearing Officer.

(5) The Administrator or the Hearing Officer may question any witness provided that all parties shall have the right of cross-examination of those witnesses.

SUBCHAPTER 11. PROCEDURES FOR INSPECTING AND/OR COPYING PUBLIC RECORDS

660:2-11-4. Hours of inspection

All public records of the Department shall be available for inspection during the regular business hours of the Department. Such hours shall be 8:00 a.m. to ~~5:00 p.m.~~ 4:30 p.m., Monday through Friday, except legal holidays.

Permanent Final Adoptions

660:2-11-5. Procedures for inspection of records

(a) **Requests for inspection.** To inspect a public record in the possession of the Department, the person requesting the record shall execute a Form OAD 25 - REQUEST FOR RECORD INSPECTION and deliver it to the Record Custodian responsible for the requested record designated in 660:2-11-3. ~~Such request shall be accompanied by the fees set forth in 660:2-11-7.~~ All record inspection forms must be completed by the person requesting the record and signed by the individual making the request. The Record Custodian may demand reasonable identification of any person requesting a record.

(b) **Place of inspection.** All inspections of public records shall be performed in the offices of the Department under the supervision of the Record Custodian or a designee.

(c) **Identification of records.** A written request for inspection of a record shall reasonably describe the record sought. In instances where the person requesting the record cannot provide sufficient information to identify a record, the Record Custodian shall assist in making such identification.

(d) **Delay or denial of requests for inspection.** If the record requested is not available for inspection at the time requested, ~~within three (3) business days following the day the request for inspection is received by the Record Custodian,~~ the Record Custodian shall, no later than seven (7) business days prior to the requested record inspection date, notify the person requesting the record:

- (1) that the record will be available for inspection at a later time by returning Form OAD 26 - RECORD INSPECTION DELAY NOTICE; or
- (2) that the record will not be available for inspection, by returning to the person requesting the record a copy of Form OAD 27 - RECORD INSPECTION DENIAL.

660:2-11-6. Procedures for copying records

(a) **Requests for copies.** To obtain a copy of a public record in the possession of the Department, the person requesting the copy shall execute a Form OAD 28 - REQUEST FOR RECORD COPY and deliver it to the Record Custodian responsible for the requested record designated in 660:2-11-3; except that no form shall be required for requests made for records which have been reproduced for free public distribution. Such request shall be accompanied by the fees set forth in ~~660:2-11-7~~ Section 1-612 of the Securities Act. All record copy forms must be completed by the person requesting the record and signed by the individual making the request. The Record Custodian, or a designee, may demand reasonable identification of any person requesting a record.

(b) **Responsibility for making copies.** All copies of public records shall be performed by the Record Custodian or a designee in the offices of the Department except where the Record Custodian or a designee determines that the size or the volume of records to be copied warrants sending the record outside the Department for copying, in which event the copies shall be made at a place selected by the Record Custodian or a designee and under the supervision of the Record Custodian or a designee.

(c) **Identification of records.** A written request for copies of a record shall reasonably describe the record sought. In instances where the person requesting the copies cannot provide sufficient information to identify a record, the Record Custodian or a designee shall assist in making such identification.

(d) **Delay or denial of requests for copies.** If the record requested is not available for copying at the time requested, ~~within three (3) business days following the day the request for copies is received by the Record Custodian,~~ the Record Custodian or a designee shall, no later than seven (7) business days prior to the requested copy date, notify the person requesting the copies:

- (1) that the record will be available for copying at a later time by returning Form OAD 29 - RECORD COPY DELAY NOTICE; or
- (2) that the record will not be available for copying, by returning to the person requesting the record a copy of Form OAD 30 - RECORD COPY DENIAL.

660:2-11-7. Fees

(a) **Amounts payable.** The following are the fees that shall be charged by the Department for copying and/or mechanical reproduction of public records and for the search for public records requested by the public pursuant to the Open Records Act and Section 1-612 of the Securities Act; provided, however, no record search and/or copying charge shall be assessed against officers or employees of the Department who make requests which are reasonably necessary to the performance of their official duties:

- (1) **Inspection fees.** No fee shall be charged for inspection of a public record in the offices of the Department.
- (2) **Copying Fees.** ~~The following fees shall be charged for copies of public records:~~

- (A) ~~8 1/2" by 14" or smaller \$.25 per page~~
 - (B) ~~Larger than 8 1/2" by 14" \$1.00 per page~~
 - (C) ~~Certified copy larger than 8 1/2" by 14" \$2.00 per page~~
- Any person requesting copies of public records shall pay the fees specified in Section 1-612 of the Securities Act prior to receipt of the records.

- (3) **Fee for mechanical reproduction.** For copying any public record which cannot be reproduced by photocopying, such as a computer printout or a blueprint, or where the size of the record to be copied warrants sending the record outside for copying, the person requesting the record shall be charged the actual cost to the Department of such copying, including the cost of labor, materials and equipment.

- (4) **Search fee.** If the person requesting a record is using the records solely for a commercial purpose, a search fee shall be charged ~~equal to \$20.00 per hour~~ as set forth in Section 1-612 of the Securities Act for the time spent by employees in retrieving the record

(b) **Prepayment of fees.** The Record Custodian may require prepayment of estimated fees for requests for public records and shall require prepayment of a fee whenever the estimated amount exceeds \$200.00. The prepayment amount shall be an estimate of the costs of copying, mechanical reproduction and/or searching for the record. Any overage or underage in

the prepayment amount shall be settled prior to producing the requested record or delivering the copy or mechanical reproduction of the record to the person requesting the record.

SUBCHAPTER 5. BROKER-DEALERS AND AGENTS

PART 1. GENERAL PROVISIONS

660:11-5-2. Definitions

In addition to the terms defined in 660:11-1-3, the following words and terms when used in this subchapter shall have the following meaning, unless the context clearly indicates otherwise or the words or terms are defined in another Section:

"Branch office" means any business location of a broker-dealer identified to the public or customers by any means as a location at which a securities business is conducted on

behalf of the broker-dealer, excluding any location identified solely in a telephone directory line listing or on a business card or letterhead, which listing, card, or letterhead also sets forth the address and telephone number of the office of the broker-dealer responsible for supervising the activities of the identified location.

"Complaint" means and includes any written statement of a customer or any person acting on behalf of a customer alleging a grievance involving the activities of those persons under the control of the broker-dealer in connection with the solicitation or execution of any transaction or the disposition of securities or funds of that customer.

"Completion of the transaction" means:

(A) In the case of a customer who purchases a security through or from a broker-dealer, except as provided in (B), the time when such customer pays the broker-dealer any part of the purchase price, or, if payment is effected by bookkeeping entry, the time when such bookkeeping entry is made by the broker-dealer for any part of the purchase price;

(B) In the case of a customer who purchases a security through or from a broker-dealer and who makes payments therefor prior to the time when payment is requested or notification is given that payment is due, the time when such broker-dealer delivers the security to or into the account of such customer;

(C) In the case of a customer who sells a security through or to a broker-dealer, except as provided in (D), if any security is not in the custody of the broker-dealer at the time of sale, the time when the security is delivered to the broker-dealer, and if the security is in the custody of the broker-dealer at the time of sale, the time when the broker-dealer transfers the security from the account of such customer;

(D) In the case of a customer who sells a security through or to a broker-dealer and who delivers such security to such broker-dealer prior to the time when delivery is requested or notification is given that delivery is due, the time when such broker-dealer makes payment to or into the account of such customer.

"Control" means the power, directly or indirectly, to direct the management or policies of a company, whether through ownership of securities, by contract, or otherwise. Any person is presumed to control a company that:

(A) is a director, general partner or officer exercising executive responsibility or having similar status or functions;

(B) directly or indirectly has the right to vote 25% or more of a class of a voting security or has the power to sell or direct the sale of 25% or more of a class of voting securities; or

(C) in the case of a partnership, has the right to receive upon dissolution, or has contributed, 25% or more of the capital.

"Customer" means any person who, in the regular course of a broker-dealer's business, has cash or securities in the possession of such broker-dealer. "Customer" shall not include a broker-dealer.

"Direct participation programs" mean programs which provide for flow-through tax consequences regardless of the structure of the legal entity or vehicle for distribution including, but not limited to, oil and gas programs, real estate programs, agricultural programs, cattle programs, condominium securities, Subchapter S corporate offerings and all other programs of a similar nature, regardless of the industry represented by the program, or any combination thereof; excluded from this definition are real estate investment trusts, tax qualified pension and profit sharing plans pursuant to Sections 401 and 403(a) of the Internal Revenue Code and individual retirement plans Section 408 of that code, tax sheltered annuities pursuant to the provisions of Section 403(b) of the Internal Revenue Code and any company including separate accounts registered pursuant to the 1940 Act.

"Independent investment adviser" means an investment adviser that is not controlled by, does not control, and is not under common control with a broker-dealer.

"Investment company and variable contracts products" means:

- (A) redeemable securities of companies registered pursuant to the 1940 Act;
- (B) securities of closed-end companies registered pursuant to the 1940 Act during the period of original distribution only; and
- (C) variable contracts and insurance premium funding programs and other contracts issued by an insurance company except contracts which are exempt securities pursuant to Section 3(a)(8) of the 1933 Act.

"Municipal securities" mean securities which are direct obligations of, or obligations guaranteed as to principal or interest by, a state or any political subdivision thereof, or any agency or instrumentality of a state or any political subdivision thereof, or any municipal corporate instrumentality of one of more states, or any security which is an industrial development bond as defined in Section 3(a)(29) of the 1934 Act.

"Nonbranch sales office" means any business location of the broker-dealer identified to the public or customers by any means as a location at which a securities business is conducted on behalf of the broker-dealer which location is identified solely in a telephone directory line listing or on a business card or letterhead, which listing, card, or letterhead also sets forth the address and telephone number of the office of the broker-dealer responsible for supervising the activities of the identified location.

"Office" means any location where a broker-dealer and/or one or more of its agents regularly conduct the business of handling funds or securities or effecting any transactions in, or inducing or attempting to induce the purchase or sale, of any security.

"Option" means any put, call, straddle or other option or privilege, which is a "security" as defined in Section 2(1) of the 1933 Act, as amended, but shall not include any tender offer, registered warrant, right, convertible security or any other option in respect to which the writer is the issuer of the security which may be purchased or sold upon the exercise of the option.

"OSJ" or "Office of supervisory jurisdiction" means any office designated as directly responsible for the review of the activities of registered agents or associated persons in such office and/or in other offices of the broker-dealer. An office of supervisory jurisdiction would be any business location of a broker-dealer at which one or more of the following functions take place:

- (A) order execution and/or market making;
- (B) structuring of public offerings or private placements;
- (C) maintaining custody of customers' funds and/or securities;
- (D) final acceptance (approval) of new accounts on behalf of the broker-dealer;
- (E) review and endorsement of customer orders pursuant to 660:11-5-42;
- (F) final approval of advertising or sales literature for use by agents of the broker-dealer;
- (G) responsibility for supervising the activities of persons associated with the broker-dealer at one or more other offices of the broker-dealer.

"Principal" means:

- (A) any individual registered with a registered national securities association as a principal or branch manager of a member, broker or dealer, or any other person who has been delegated supervisory responsibility for the firm or its associated persons; or
- (B) any person associated with a non-FINRA applicant for registration as a broker-dealer who is or will be actively engaged in the management of the applicant's securities business, including supervision, solicitation, conduct of business or training of persons associated with an applicant for any of these functions, and is designated as a principal by the broker-dealer applicant.

"Public offering price" shall mean the price at which the security involved was offered to the public as set forth in the prospectus of the issuing company.

"Selling group" means any group formed in connection with a public offering, to distribute all or part of an issue of securities by sales made directly to the public by or through members of such selling group, under an agreement which imposes no financial commitment on the members of such group to purchase any such securities except as they may individually or collectively elect to do so.

"Selling syndicate" means any syndicate formed in connection with a public offering, to distribute all or part of an issue of securities by others or sales made directly to the public by or through participants in such syndicate under an agreement which imposes a financial commitment upon the participants in such syndicate to purchase any of such securities.

"Undertaking for Participation in the NASAA/CRD Temporary Agent Transfer Program" means the document entitled "Broker-Dealer Undertaking for Participation in the NASAA/CRD Temporary Agent Transfer Program" which the employing broker-dealer has executed and filed with the CRD.

PART 3. LICENSING PROCEDURES

660:11-5-14. Agent termination

(a) **Filing requirement.** Termination notice pursuant to the requirements of Section 1-408.A of the Securities Act shall be promptly given by filing within thirty ~~calendar~~ (30) days of termination, a completed Uniform Termination Notice ~~For~~ Securities Industry Registration, Form ~~U-5U5~~. The Form ~~U-5U5~~ for an agent terminating registration with a FINRA member shall be filed with the CRD. The Form ~~U-5U5~~ for agents terminating registration with a non-FINRA broker-dealer shall be filed with the Department.

(b) **Responsibility for filing.** A completed Form ~~U-5U5~~ signed by the employer will be accepted as fulfilling the statutory requirements of both parties. Upon verification that the Form ~~U-5U5~~ has not been filed by the broker-dealer, the agent shall notify the Department in writing of said termination.

(c) **Amendments.** If the information contained in a Form U5 becomes inaccurate or incomplete, the employer shall promptly file a correcting amendment after learning of the facts or circumstances giving rise to the amendment.

(ed) **Effect of failure to file.** In the event of termination, the filing of a future application for registration shall not be considered complete until compliance with the termination notice requirements of Section 1-408.A and this section.

660:11-5-21. Supplemental disclosures

Every broker-dealer and agent registered under the Securities Act must keep their application current at all times by promptly filing amendments supplementing their application after learning of the facts and circumstances giving rise to the amendments as required by Section 1-406.B of the Securities Act, ~~and the instructions to the Form U-5 and Form U-4.~~ "Promptly" ~~shall mean not later than thirty (30) days after learning of the facts and circumstances giving rise to the amendment.~~

660:11-5-26. Merger and acquisition broker exemption

(a) **Definitions.** For purposes of this Section:

(1) **"Control"** means the power, directly or indirectly, to direct the management or policies of a company, whether through ownership of securities, by contract, or otherwise. There is a presumption of control for any person who:

(A) is a director, general partner, member, or manager of a limited liability company, or officer exercising executive responsibility (or has similar status or functions);

(B) has the right to vote 20 percent or more of a class of voting securities or the power to sell or direct the sale of 20 percent or more of a class of voting securities; or

(C) in the case of a partnership or limited liability company, has the right to receive upon dissolution, or has contributed, 20 percent or more of the capital; or

(2) **"Eligible privately held company"** means a company meeting both of the following conditions:

(A) The company does not have any class of securities registered, or required to be registered with the SEC under Section 12 of the 1934 Act, 15 U.S.C. 781, or with respect to which the company files, or is required to file, periodic information, documents, and reports under subsection 15(d) of the 1934 Act, 15 U.S.C. 78o(d).

(B) In the fiscal year ending immediately before the fiscal year in which the services of the Merger and Acquisition Broker are initially engaged with respect to the securities transaction, the company meets either or both of the following conditions (determined in accordance with the historical financial accounting records of the company):

(i) The earnings of the company before interest, taxes, depreciation, and amortization are less than \$25,000,000.

(ii) The gross revenues of the company are less than \$250,000,000.

(3) **"Merger and Acquisition Broker"** means any broker-dealer and any person associated with a broker-dealer engaged in the business of effecting securities transactions solely in connection with the transfer of ownership of an eligible privately held company, regardless of whether that broker-dealer acts on behalf of a seller or buyer, through the purchase, sale, exchange, issuance, repurchase, or redemption of, or a business combination involving, securities, or assets of the eligible privately held company -

(A) if the broker-dealer reasonably believes that upon consummation of the transaction, any person acquiring securities or assets of the eligible privately held company, acting alone or in concert, will control and, directly or indirectly, will be active in the management of the eligible privately held company or the business conducted with the assets of the eligible privately held company; and

(B) if any person is offered securities in exchange for securities or assets of the eligible privately held company, such person will, prior to becoming legally bound to consummate the transaction, receive or have reasonable access to the most recent fiscal year-end financial statements of the issuer of the securities as customarily prepared by its management in the normal course of operations, and, if the financial statement of the issuer are audited, reviewed, or compiled, any related statement by the independent accountant; a balance sheet dated not more than 120 days before the date of the exchange offer, an information pertaining to the management, business, results of operation for the period covered by the foregoing financial statements, and any material loss contingencies of the issuer.

(C) A merger and acquisition broker may receive transaction-based or other compensation, as agreed by the parties.

(4) **"Public shell company"** means a company that at the time of a transaction with an eligible privately held company:

- (A) has any class of securities registered, or required to be registered, with the SEC under Section 12 of the 1934 Act, 15 U.S.C. 781, or with respect to which the company files, or is required to file, periodic information, document, and reports under subsection 15(d) of the 1934 Act, 15 U.S.C. 78o(d); and
- (B) has no or nominal operations; and
- (C) has:
 - (i) no or nominal assets;
 - (ii) assets consisting solely of cash and cash equivalents; or
 - (iii) assets consisting of any amount of cash and cash equivalents and nominal other assets.

(b) **Inflation adjustment.** On the date that is five years after the date of the enactment of this Section, and every five years thereafter, each dollar amount in subparagraph (a)(2)(B) shall be adjusted by:

- (1) dividing the annual value of the Employment Cost Index for Wages and Salaries, Private Industry Workers (or any successor index), as published by the Bureau of Labor Statistics, for the calendar year preceding the calendar year in which the adjustment is being made by the annual value of such index (or successor) for the calendar year ending December 31, 2020; and
- (2) multiplying such dollar amount by the quotient obtained under (i) of this subsection.
- (3) Rounding - Each dollar amount determined under (i) of this subsection shall be rounded to the nearest multiple of \$100,000.

(c) **Exemption.** Except as provided in paragraphs (d) and (e), a Merger and Acquisition Broker shall be exempt from registration as a broker-dealer under this Section.

(d) **Excluded Activities.** A merger and acquisition broker is not exempt from registration under this paragraph if such broker-dealer does any of the following:

- (1) Directly or indirectly, in connection with the transfer of ownership of an eligible privately held company, receives, holds, transmits, or has custody of the funds or securities to be exchanged by the parties to the transaction.
- (2) Engages on behalf of an issuer in a public offering of any class of securities that is registered, or required to be registered, with the SEC under Section 12 of the 1934 Act, 15 U.S.C. 781 or with respect to which the issuer files, or is required to file, periodic information, documents, and reports under subsection 15(d) of the 1934 Act, 15 U.S.C. 78o(d).
- (3) Engages on behalf of any party in a transaction involving a public shell company.

(e) **Disqualifications.** A merger and acquisition broker is not exempt from registration under this paragraph if such broker-dealer is subject to:

- (1) Suspension or revocation of registration under paragraph 15(b)(4) of the 1934 Act, 15 U.S.C. 78o(b)(4);
- (2) A statutory disqualification described in paragraph 3(a)(39) of the 1934 Act, 15 U.S.C. 78c(a)(39);

- (3) A disqualification under the rules adopted by the SEC under Section 926 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (15 U.S.C. 77d); or
- (4) A final order described in subparagraph (4)(H) of Section 15(b) of the 1934 Act, 15 U.S.C. 78o(b)(4)(H).

(f) **Rule of construction.** Nothing in this Section shall be construed to limit any other authority of the Administrator to exempt any person, or any class of persons, from any provision of the Securities Act or from any provisions of any rule or regulation thereunder.

PART 7. RECORD KEEPING AND ETHICAL STANDARDS

660:11-5-42. Standards of ethical practices for broker-dealers and their agents

(a) **Purpose.** This rule is intended to set forth the standards of ethical practices for broker-dealers and their agents. Any noncompliance with the standards of ethical practices specified in this section will constitute unethical practices in the securities business; however, the following is not intended to be a comprehensive listing of all specific events or conditions that may constitute such unethical practices. The standards shall be interpreted in such manner as will aid in effectuating the policy and provisions of the Securities Act, and so as to require that all practices of broker-dealers, and their agents, in connection with their activities in this state shall be just, reasonable and not unfairly discriminatory.

(b) **Standards.**

- (1) A broker-dealer and his agents, in the conduct of his business, shall observe high standards of commercial honor and just and equitable principles of trade. A broker-dealer and his agents shall not violate any federal securities statute or rule or any rule of a national securities exchange or national securities association of which it is a member with respect to any customer, transaction or business effected in this state.

(2) **Recommendations**

- (A) A broker-dealer and his agents shall have reasonable grounds for believing that a recommended transaction or investment strategy involving a security or securities is suitable for such customer based upon the customer's investment profile. A customer's investment profile includes, but is not limited to, the customer's age, other investments, financial situation and needs, tax status, investment objectives, investment experience, investment time horizon, liquidity needs, risk tolerance, and any other information disclosed by the customer or known to the broker-dealer or agent.
- (B) A broker-dealer and his agents fulfill the customer-specific suitability obligation for an institutional account, as defined in 660:11-1-3, if (i) the broker-dealer or agent has a reasonable basis to believe that the institutional customer is capable of evaluating investment risks independently, both in general and with regard to particular transactions and

investment strategies involving a security or securities and (ii) the institutional customer affirmatively indicates that it is exercising independent judgment in evaluating the broker-dealer or agent's recommendations. Where an institutional customer has delegated decision-making authority to an agent, such as an investment adviser or a bank trust department, these factors shall be applied to the agent.

(3) Charges, if any, for services performed, including miscellaneous services such as collection of monies due for principal, dividends, or interest, exchange or transfer of securities, appraisals, safekeeping or custody of securities, and other services, shall be reasonable and not unfairly discriminatory between customers.

(4) In "over-the-counter" transactions, whether in "listed" or "unlisted" securities, if a broker-dealer or agent of a broker-dealer buys for his own account from his customer, or sells for his own account to his customer, he shall buy or sell at a price which is fair, taking into consideration all relevant circumstances, including market conditions with respect to such security at the time of the transaction, the expense involved, and the fact that he is entitled to a profit; and if he acts as agent for his customer in any such transaction, he shall not charge his customer more than a fair commission or service charge, taking into consideration all relevant circumstances including market conditions with respect to such security at the time of the transaction, the expense of executing the order and the value of any service he may have rendered by reason of his experience in and knowledge of such security and the market therefor.

(5) No broker-dealer or agent of a broker-dealer shall publish or circulate, or cause to be published or circulated, any notice, circular, advertisement, newspaper article, investment service, or communication of any kind which purports to report any transaction as a purchase or sale of any security unless such broker-dealer believes that such transaction was a bona fide purchase or sale of such security; or which purports to quote the bid price or asked price for any security, unless such broker-dealer believes that such quotation represents a bona fide bid for, or offer of, such security. If nominal quotations are used or given, they shall be clearly stated or indicated to be only nominal quotations.

(6) No broker-dealer or agent of a broker-dealer shall make an offer to buy from or sell to any person any security at a stated price unless such broker-dealer or agent is prepared to purchase or sell, as the case may be, at such price and under such conditions as are stated at the time of such offer to buy or sell.

(7) A broker-dealer, when a member of a selling syndicate or a selling group, shall purchase securities taken in trade at a fair market price at the time of purchase, or shall act as agent in the sale of such securities.

(8) A broker-dealer who in the capacity of paying agent, transfer agent, trustee, or any other similar capacity, has received information as to the ownership of securities,

shall under no circumstances make use of such information for the purpose of soliciting purchases, sales or exchanges except at the request and on behalf of the issuer.

(9) No broker-dealer or agent of a broker-dealer shall, directly or indirectly, give, permit to be given, or offer to give, anything of value to any person for the purpose of influencing or rewarding the action of such person in connection with the publication or circulation in any newspaper, investment service, or similar publication, of any matter which has, or is intended to have, an effect upon the market price of any security, provided that this rule shall not be construed to apply to matter which is clearly distinguishable as paid advertising.

(10) A broker-dealer at or before the completion of each transaction with a customer shall give or send to each customer written notification disclosing:

(A) whether such broker-dealer is acting as a broker for such customer and some other person; and

(B) in any case in which such broker-dealer is acting as a broker for such customer or for both such customer and some other person, either the name of the person from whom the security was purchased or to whom it was sold for such customer and the date and the time when such transaction took place or the fact that such information will be furnished upon the request of such customer, and the source and amount of any commission or other remuneration received or to be received by such broker-dealer in connection with the transaction.

(11) A broker-dealer or agent of a broker-dealer controlled by, controlling, or under common control with, the issuer of any security, shall, before entering into any contract with or for a customer for the purchase or sale of such security, disclose to such customer the existence of such control, and if such disclosure is not made in writing, it shall be supplemented by the giving or sending of written disclosure at or before the completion of the transaction.

(12) A broker-dealer or agent of a broker-dealer who is acting as a broker for a customer or for both such customer and some other person, or a broker-dealer who is acting as a dealer and who receives or has promise of receiving a fee from a customer for advising such customer with respect to securities, shall, at or before the completion of any transaction for or with such customer in any security in the primary or secondary distribution of which such broker-dealer is participating or is otherwise financially interested, give such customer written notification of the existence of such participation or interest.

(13) The following standards shall apply to discretionary accounts:

(A) No broker-dealer or agent of a broker-dealer shall effect with or for any customer's account in respect to which such broker-dealer or agent or employee is vested with any discretionary power any transactions of purchase or sale which are excessive in size or frequency in view of the financial resources of such customer and character of such account.

(B) No broker-dealer or agent of a broker-dealer shall exercise any discretionary power in a customer's account unless such customer has given prior written authorization to a stated individual or individuals and the account has been accepted by the broker-dealer, as evidenced in writing by the broker-dealer or the partner, officer, or manager duly designated by the broker-dealer, in accordance with (22) of this subsection.

(C) The broker-dealer or the person duly designated shall approve promptly, in writing, each discretionary order entered and shall review all discretionary accounts at frequent intervals in order to detect and prevent transactions which are excessive in size or frequency in view of the financial resources of the customer and the character of the account.

(D) This section shall not apply to discretion as to the price at which or the time when an order given by a customer for the purchase or sale of a definite amount of a specified security shall be executed.

(14) A broker-dealer or agent of a broker-dealer who is participating or who is otherwise financially interested in the primary or secondary distribution of any security which is not admitted to trading on a national securities exchange, shall make no representation that such security is being offered to a customer "at the market" or at a price related to the market price unless such broker-dealer or agent knows or has reasonable grounds to believe that a market for such security exists other than that made, created, or controlled by such broker-dealer or agent, or by any person for whom he is acting or with whom he is associated in such distribution, or any person controlled by, controlling or under common control with such broker-dealer or agent.

(15) No broker-dealer or agent of a broker-dealer shall effect any transaction in, or induce the purchase or sale of, any security by means of any manipulative, deceptive or other fraudulent device, practice, plan, program, design, or contrivance.

(16) The following standards shall apply to the use of customer funds:

(A) No broker-dealer or person associated with a broker-dealer shall make improper use of a customer's securities or funds.

(B) No broker-dealer or agent of a broker-dealer shall lend, either to himself or to others, securities carried for the account of any customer, unless such broker-dealer or agent shall first have obtained from the customer a separate written authorization permitting the lending of securities thus carried by such broker-dealer or agent; and, regardless of any agreement between the broker-dealer or agent and a customer authorizing the former to lend or pledge such securities, no broker-dealer or agent shall lend or pledge more of such securities than is fair and reasonable in view of the indebtedness of the customer, except such lending as may be specifically authorized under (C) of this paragraph.

(C) No broker-dealer or agent of a broker-dealer shall lend securities carried for the account of any customer which have been fully paid for or which are in excess of the amount which may be loaned in view of the indebtedness of the customer, unless such broker-dealer or agent shall first have obtained from such customer a separate written authorization designating the particular securities to be loaned.

(D) No broker-dealer or agent of a broker-dealer shall hold securities carried for the account of any customer which have been fully paid for or which are in excess of the amount which may be pledged in view of the indebtedness of the customer, unless such securities are segregated and identified by a method which clearly indicates the interest of such customer in those securities.

(E) No broker-dealer or agent of a broker-dealer shall guarantee a customer against loss in any securities account of such customer carried by the broker-dealer or in any securities transaction effected by the broker-dealer or agent with or for such customer.

(F) No broker-dealer or agent of a broker-dealer shall share directly or indirectly in the profits or losses in any account of a customer carried by the broker-dealer or agent or any other broker-dealer or agent, unless such broker-dealer or agent obtains written authorization from the broker-dealer carrying the account; and, a broker-dealer or agent shall share in the profits or losses in any account of such customer only in direct proportion to the financial contributions made to such account by the broker-dealer or agent. Exempt from the direct proportionate share limitation are accounts of the immediate family of such broker-dealer or agent. For purposes of this section, the term "immediate family" shall include parents, mother-in-law or father-in-law, husband or wife, children or any relative to whose support the broker-dealer or agent otherwise contributes directly or indirectly.

(17) The following standards shall apply to customer credit:

(A) No broker-dealer or agent of a broker-dealer shall take or carry any account or make a transaction for any customer under any arrangement which contemplates or provides for the purchase of any security for the account of the customer or for the sale of any security to the customer where payment for the security is to be made to the broker-dealer by the customer over a period of time in installments or by a series of partial payments, unless:

(i) in the event such broker-dealer acts as an agent or broker in such transaction, he shall immediately, in the regular course of his business, make an actual purchase of the security for the account of the customer, and shall immediately, in the regular course of his business, take possession or control of such security and shall maintain possession or

control thereof so long as he remains under obligation to delivery of the security to the customer;

(ii) in the event such broker-dealer acts as a principal in any such transaction, he shall, at the time of such transaction own such security and shall maintain possession or control thereof so long as he remains under obligation to deliver the security to the customer; and

(iii) the provisions of Regulation T of the Federal Reserve Board, if applicable to such broker-dealer, are satisfied.

(B) No broker-dealer, whether acting as a principal or agent, shall, in connection with any transaction referred to in this Standard, make any agreement with his customer under which such broker-dealer shall be allowed to pledge or hypothecate any security involved in such transaction for any amount in excess of the indebtedness of the customer to such broker-dealer.

(18) The following standards shall apply to books and records:

(A) Each broker-dealer shall keep and preserve books, accounts, records, memoranda, and correspondence in conformity with all applicable laws, rules, regulations, and statements of policy promulgated by the Administrator and/or the Commission under the Securities Act.

(B) Each broker-dealer shall keep and preserve in each office of supervisory jurisdiction, as defined in 660:11-5-2, either a separate file of all written complaints of customers and action taken by the broker-dealer, if any, or a separate record of such complaints and clear reference to the files containing the correspondence connected with such complaints as maintained in such office.

(19) A broker-dealer shall make available to inspection by any bona fide regular customer, upon request, the information relative to such broker-dealer's financial condition as disclosed in its most recent balance sheet prepared either in accordance with such broker-dealer's usual practice or as required by the state or federal securities laws, or any rule or regulation promulgated thereunder.

(20) No broker-dealer or agent of a broker-dealer shall offer any security or confirm any purchase or sale of any security, from or to any person not actually engaged in the investment banking or securities business at any price which shows a concession, discount, or other allowance, but shall offer such security and confirm such purchase or sale at a net dollar or basis price.

(21) Selling concessions, discounts, or other allowances, as such, shall be allowed only as consideration for services rendered in distribution and in no event shall be allowed to anyone other than a broker-dealer registered under the Securities Act actually engaged in the investment banking or securities business; provided however, that nothing in this standard shall prevent any broker-dealer from selling any security owned by him to any person at any net price

which may be fixed by him unless prevented therefrom by agreement.

(22) The following standards shall apply to supervisory procedures:

(A) Each broker-dealer shall establish, maintain and enforce written procedures which will enable it to supervise properly the activities of each registered agent and associated person to assure compliance with applicable securities laws, rules, regulations and statements of policy promulgated by the Administrator and/or the Commission under the Securities Act.

(B) Final responsibility for proper supervision shall rest with the broker-dealer, the principal(s) of the broker-dealer registered in accordance with 660:11-5-11, and the principal(s) of the broker-dealer in each OSJ, including the main office, and the registered representatives in each non-OSJ branch office designated by the broker-dealer to carry out the supervisory responsibilities assigned to that office by the broker-dealer pursuant to the rules and regulations of the NASD. A copy of the written supervisory procedures shall be kept in each office of supervisory jurisdiction and each non-OSJ branch office.

(C) Each broker-dealer shall be responsible for keeping and preserving appropriate records for carrying out such broker-dealer's supervisory procedures. Each broker-dealer shall review and endorse in writing, on an internal record, all transactions and all correspondence of its registered agents pertaining to the solicitation or execution of any securities transaction.

(D) Each broker-dealer shall review the activities of each office, which shall include the periodic examination of customer accounts to detect and prevent irregularities or abuses and conduct at least an annual inspection of each office of supervisory jurisdiction.

(E) Each broker-dealer shall have the responsibility and duty to ascertain by investigation the good character, business repute, qualifications and experience of any person prior to making such a certification in the application of such person for registration under the Securities Act.

(23) The following standards shall apply to financial information:

(A) Each broker-dealer offering or selling securities not listed on a registered national securities exchange recognized by the Administrator shall have and furnish to customers, on request, a balance sheet of the issuer as of a date within eighteen months, and a profit and loss statement for either the fiscal year preceding that date or the most recent year of operations, prepared in accordance with generally accepted accounting principles, the names of the issuer's proprietors, partners or officers, the nature of the enterprise of the issuer and any other available information reasonably necessary for evaluating the desirability or the lack of desirability of investing in the securities of the issuer.

(B) Each broker-dealer who, in computation of net capital includes securities not listed on a registered national securities exchange recognized by the Administrator shall also have the information provided for in (A) of this paragraph available and shall, upon request, furnish same to the Department.

(C) All transactions in such securities described in (A) and (B) of this paragraph shall comply with the provisions of Section 1-301 of the Securities Act.

(D) The provisions of (A) of this paragraph shall not be required in unsolicited transactions, except when numerous unsolicited transactions in a particular security are occurring, it shall be the duty and responsibility of the broker-dealer to make reasonable effort to secure and provide to customers upon their written request the information required by the provisions of (A) of this paragraph. Nothing contained in this Section shall be construed to limit the powers of the Administrator under Section 1-204 of the Securities Act.

(24) The following standards shall apply when a broker-dealer shares an office with an independent investment adviser that has an investment adviser representative who regularly conducts business in the office and is not registered as an agent of the broker-dealer.

(A) The broker-dealer and the independent investment adviser shall reduce any agreement between them to writing.

(B) The broker-dealer shall take appropriate measures, including, but not limited to, adequate disclosures to eliminate the appearance of an agency relationship between the broker-dealer and the independent investment adviser when one does not otherwise exist.

(C) The broker-dealer shall comply with all applicable Oklahoma and federal laws requiring the safeguarding of customer data from disclosure to the independent investment adviser and investment adviser representative.

SUBCHAPTER 7. INVESTMENT ADVISERS AND INVESTMENT ADVISER REPRESENTATIVES

PART 1. GENERAL PROVISIONS

 - (D) any additional documentation, supplemental forms, and information as the Administrator may deem necessary;
- (2) must have passed the applicable examinations specified in 660:11-7-13.

660:11-7-14. Investment adviser representative termination

(a) **Filing requirement.** Termination notice pursuant to the requirements of Section 1-408.A of the Securities Act shall be promptly given by filing within thirty (30) days of termination, a completed Uniform Termination notice for Securities Industry Registration, Form U5. The Form U5 for an investment adviser shall be filed with IARD.

(b) **Responsibility for filing.** A completed Form U5 signed by the investment adviser will be accepted as fulfilling the statutory requirements of both parties. Upon verification that the Form U5 has not been filed by the investment adviser, the investment adviser representative shall notify the Department in writing of the termination.

(c) **Amendments.** If the information contained in a Form U5 becomes inaccurate or incomplete, the investment adviser shall promptly file a correcting amendment after learning of the facts and circumstance giving rise to the amendment.

(d) **Effect of failure to file.** In the event of termination, the filing of a future application for registration shall not be considered complete until compliance with the termination notice requirements of Section 1-408.A of the Securities Act.

660:11-7-20. Supplemental disclosures

Every investment adviser and investment adviser representative registered under the Securities Act must keep their application current at all times by promptly filing amendments supplementing their application after learning of the facts or circumstances giving rise to the amendment as required by Section 1-406.B of the Securities Act ~~and the instructions to the Form ADV, Form U-5 and Form U-4. "Promptly" shall mean not later than thirty (30) days after learning of the facts or circumstances giving rise to the amendment.~~

660:11-7-21. Errors and omissions coverage

(a) Every investment adviser who is required to maintain an errors and omissions insurance policy under 660:11-7-11 must submit proof of an errors and omissions insurance policy to the Department as condition of registration.

(b) Every investment adviser registered under Section 1-406 of the Securities Act must submit proof of an errors and omissions insurance policy annually as set forth in 660:11-7-31.

(c) If subject to 660:11-7-11, proof of insurance may be demonstrated by submitting to the Department an attestation of compliance on a form approved by the Administrator and a policy declaration page, or a certificate of liability coverage specifying errors and omissions coverage. For purposes of compliance with 660:11-7-31, proof of insurance may be demonstrated by submitting to the Department an attestation of compliance on a form available on the Department's website.

- (1) An attestation must include:
 - (A) The name of the insurer;
 - (B) The policy number;
 - (C) Name of the insured; licensee; and
 - (D) Date of the policy period.

(2) For purposes of compliance with this Section, 660:11-7-11, and 660:11-7-31, a policy may not contain exclusions for investment management and advisory services performed in this state on behalf of the investment adviser or for persons performing investment management and advisory services in this state on behalf of the investment adviser.

(3) The requirements for this insurance may be fulfilled by a policy provided through membership in a professional association so long as the requirements are otherwise met, or at the discretion of the Administrator.

(4) The requirements for this insurance may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.

(d) For purposes of this rule, policies written by admitted or authorized insurers, registered surplus lines insurers, and registered risk retention and purchasing groups will satisfy the errors and omissions requirement of 660:11-7-11 and 660:11-7-31.

(e) Every investment adviser registered under Section 1-406 of the Securities Act shall immediately notify the Department in writing if its errors and omissions insurance policy is cancelled, terminated, or substantially modified.

PART 5. REPORTING REQUIREMENTS

660:11-7-31. Post-registration reporting requirements

(a) **Form ADV Amendments.** Every investment adviser registered under Section 1-406 of the Securities Act must amend its Form ADV each year by filing an annual updating amendment within 90 days of the end of its fiscal year. In addition, every investment adviser registered under Section 1-406 of the Securities Act must amend its Form ADV by promptly filing additional amendments (other-than-annual amendments) if required by the written instructions to Form ADV. "Promptly" shall mean not later than 30 days after learning of the facts or circumstances giving rise to the amendment.

(b) **Proof of Errors and Omissions Coverage.** Every investment adviser registered under Section 1-406 of the Securities Act must submit proof of an errors and omissions insurance policy meeting the requirements of 660:11-7-11(a)(2)(D) to the Department each year within 90 days of the end of its fiscal year. The proof must be submitted in compliance with 660:11-7-21.

(bc) **Financial Reports.**

(1) **Filing requirement.** Pursuant to Section 1-410.B of the Securities Act, every investment adviser registered under Section 1-406 of the Securities Act who has custody, as that term is defined in 660:11-7-48, of clients' funds or securities or requires prepayment of advisory fees six (6) months or more in advance and in excess of \$1,200.00 per client shall file a post-registration financial report with the Department each fiscal year.

(2) **Report content.** ~~A financial report~~ Financial reports shall contain the financial or operating report filing fee specified in Section 1-612 of the Securities Act and an audited statement of financial condition as of the investment adviser's fiscal year end.

(3) **Report filing dates.** Financial reports become due on the last day of the fiscal year to which they apply; however, a grace period is provided before a filing becomes delinquent. The filing must be made within 90 days of the end of the registrant's fiscal year.

(4) **Amendment.** If the information contained in a financial report is or becomes inaccurate or incomplete in a material respect, the investment adviser shall promptly file a correcting amendment. ~~"Promptly" shall mean not later than 30 days after learning of the facts or circumstances giving rise to the amendment.~~

(ed) **Incomplete or Delinquent Filings.** The Department will not accept incomplete or piecemeal filings. Failure to make a required filing before it becomes delinquent may result in the suspension or revocation of registration.

PART 7. RECORD KEEPING AND ETHICAL STANDARDS

660:11-7-41. Record keeping requirements

(a) **General requirements.** Every investment adviser registered or required to be registered under the Securities Act shall make and keep true, accurate and current the following books and records:

(1) A journal or journals, including cash receipts and disbursements, records, and any other records of original entry forming the basis of entries in any ledger.

(2) General and auxiliary ledgers (or other comparable records) reflecting asset, liability, reserve, capital, income and expense accounts. In no event shall the general ledger be posted less than once a month.

(3) A record of each order given by the investment adviser for the purchase or sale of any security, of any instruction received by the investment adviser from the client concerning the purchase, sale, receipt or delivery of

a particular security, and of any modification or cancellation of any such order or instruction. The record shall show the terms and conditions of the order, instruction, modification or cancellation; shall identify the person connected with the investment adviser who recommended the transaction to the client and the person who placed the order; and shall show the account for which entered, the date of entry, and the bank or broker-dealer by or through whom executed where appropriate. Orders entered pursuant to the exercise of discretionary power shall be so designated.

(4) All check books, bank statements, canceled checks and cash reconciliations of the investment adviser.

(5) All bills or statements (or copies thereof), paid or unpaid, relating to the business of the investment adviser as such.

(6) All trial balances, financial statements prepared in accordance with generally accepted accounting principles, and internal audit working papers relating to the business of such investment adviser. The trial balance shall be prepared no later than fifteen (15) business days after the end of the accounting period. The financial statements shall include a balance sheet prepared in accordance with generally accepted accounting principles, an income statement, a cash flow statement, and a net worth computation.

(7) Originals of all written communications received and copies of all written communications sent by the investment adviser relating to the business of the investment adviser, including, but not limited to:

(A) any recommendation made or proposed to be made and any advice given or proposed to be given,

(B) any receipt, disbursement or delivery of funds or securities, or

(C) the placing or execution of any order to purchase or sell any security; provided, however:

(i) that the investment adviser shall not be required to keep any unsolicited market letters and other similar communications of general public distribution not prepared by or for the investment adviser, and

(ii) that if the investment adviser sends any notice, circular or other advertisement offering any report, analysis, publication or other investment advisory service to 2 or more persons, the investment adviser shall not be required to keep a record of the names and addresses of the persons to whom it was sent; except that if the notice, circular or advertisement is distributed to persons named on any list, the investment adviser shall retain with the copy of the notice, circular or advertisement a memorandum describing the list and the source thereof.

(8) A list or other record identifying all accounts in which the investment adviser is vested with any discretionary power with respect to the funds, securities or transactions of any client.

Permanent Final Adoptions

(9) A copy of all powers of attorney and other evidences of the granting of any discretionary authority by any client to the investment adviser.

(10) A copy of all agreements entered into by the investment adviser with any client and all other agreements relating to the business of the investment adviser as such, including agreements which set forth the fees to be charged, the manner of computation and method of payment.

(11) A file containing a copy of each notice, circular, advertisement, newspaper article, investment letter, bulletin, or other communication, including any communication by electronic media, that the investment adviser circulates or distributes, directly or indirectly, to 2 or more persons (other than persons connected with the investment adviser), and if the notice, circular, advertisement, newspaper article, investment letter, bulletin, or other communication, including any communication by electronic media, recommends the purchase or sale of a specific security and does not state the reasons for the recommendation, a memorandum of the investment adviser indicating the reasons for the recommendation.

(12) When providing investment advice is the primary business of the investment adviser.

(A) A record of every transaction in a security in which the investment adviser or any advisory representative (as defined in (B) of this paragraph) of the investment adviser has, or by reason of any transaction acquires, any direct or indirect beneficial ownership, except (i) transactions effected in any account over which neither the investment adviser nor the advisory representative of the investment adviser has any direct or indirect influence or control, and (ii) transactions in securities which are direct obligations of the United States. The record shall state the title and amount of the security involved; the date and nature of the transaction (i.e., purchase, sale or other acquisition or disposition); the price at which it was effected; and the name of the broker-dealer or bank with or through whom the transaction was effected. The record may also contain a statement declaring that the reporting or recording of any transaction shall not be construed as an admission that the investment adviser or advisory representative has any direct or indirect beneficial ownership in the security. A transaction shall be recorded no later than ten (10) days after the end of the calendar quarter in which the transaction was effected.

(B) For purposes of this paragraph, the following definitions will apply:

(i) The term "advisory representative" shall mean any partner, officer or director of the investment adviser; any employee who participates in any way in the determination of which recommendations shall be made; any employee who, in connection with his duties, obtains any information concerning which securities are being recommended prior to the effective dissemination of the

recommendations; and any of the following persons who obtain information concerning securities recommendations being made by the investment adviser prior to the effective dissemination of the recommendations or of the information concerning the recommendations:

(I) any person in a control relationship to the investment adviser,

(II) any affiliated person of a controlling person, and

(III) any affiliated person of an affiliated person.

(ii) "Control" shall mean the power to exercise a controlling influence over the management or policies of a company. Any person who owns beneficially, either directly or through one or more controlled companies, more than 25% of the voting securities of a company shall be presumed to control such company.

(13) When providing investment advice is not the primary business of the investment adviser:

(A) Notwithstanding the provisions of (12) of this subsection, where the investment adviser is primarily engaged in a business or businesses other than advising investment advisory clients, a record must be maintained of every transaction in a security in which the investment adviser or any advisory representative (as defined in (C) of this paragraph) of the investment adviser has, or by reason of any transaction acquires, any direct or indirect beneficial ownership, except:

(i) transactions effected in any account over which neither the investment adviser nor any advisory representative of the investment adviser has any direct or indirect influence or control; and

(ii) transactions in securities which are direct obligations of the United States.

(B) Each record required by (A) of this paragraph shall state the title and amount of the security involved; the date and nature of the transaction (i.e. purchase, sale, or other acquisition or disposition); the price at which it was effected; and the name of the broker-dealer or bank with or through whom the transaction was effected. The record may also contain a statement declaring that the reporting or recording of any transaction shall not be construed as an admission that the investment adviser or advisory representative has any direct or indirect beneficial ownership in the security. A transaction shall be recorded not later than 10 days after the end of the calendar quarter in which the transaction was effected.

(C) For purposes of this paragraph, the following definitions will apply:

(i) The term "advisory representative", when used in connection with a company primarily engaged in a business or businesses other than advising investment advisory clients, shall mean any partner, officer, director or employee of the investment adviser who participates in any way in

the determination of which recommendations shall be made, or whose functions or duties relate to the determination of which securities are being recommended prior to the effective dissemination of the recommendations; and any of the following persons who obtain information concerning securities recommendations being made by the investment adviser prior to the effective dissemination of such recommendations or of the information concerning the recommendations:

- (I) any person in a control relationship to the investment adviser,
 - (II) any affiliated person of a controlling person, and
 - (III) any affiliated person of an affiliated person.
- (ii) "Control" shall mean the power to exercise a controlling influence over the management or policies of a company. Any person who owns beneficially, either directly or through one or more controlled companies, more than 25% of the voting securities of a company shall be presumed to control such company.
- (iii) An investment adviser is "primarily engaged in a business or businesses other than advising investment advisory clients" when, for each of its most recent three fiscal years or for the period of time since organization, whichever is lesser, the investment adviser derived from such other business or businesses, on an unconsolidated basis, more than 50% of:
- (I) its total sales and revenues, and
 - (II) its income (or loss) before income taxes and extraordinary items.

(14) A copy of each written statement and each amendment or revision, given or sent to any client or prospective client of the investment adviser, and a record of the dates that each written statement, and each amendment or revision, was given, or offered to be given, to any client or prospective client who subsequently becomes a client.

(15) For each client that was obtained by the adviser by means of a solicitor to whom a cash fee was paid by the adviser:

- (A) evidence of a written agreement to which the adviser is a party related to the payment of such fee;
- (B) a signed and dated acknowledgment of receipt from the client evidencing the client's receipt of the investment adviser's disclosure statement and a written disclosure statement of the solicitor; and
- (C) a copy of the solicitor's written disclosure statement. The written agreement, acknowledgment, and solicitor disclosure statement will be considered to be in compliance with this paragraph if such documents are in compliance with Rule 275.206(4)-3 of the Advisers Act of 1940.

(16) All accounts, books, internal working papers, and any other records or documents that are necessary to form the basis for or demonstrate the calculation of the

performance or rate of return of all managed accounts or securities recommendations in any notice, circular, advertisement, newspaper article, investment letter, bulletin, or other communication including, but not limited to, electronic media that the investment adviser circulates or distributes, directly or indirectly, to two or more persons (other than persons connected with the investment adviser); provided, however, that, with respect to the performance of managed accounts, the retention of all account statements, if they reflect all debits, credits, and other transactions in a client's account for the period of the statement, and all worksheets necessary to demonstrate the calculation of the performance or rate of return of all managed accounts shall be deemed to satisfy the requirements of this paragraph.

(17) A file containing a copy of all written communications received or sent regarding any litigation involving the investment adviser or any investment adviser representative or employee, and regarding any written customer or client complaint.

(18) Recommendations.

(A) Written information about each investment advisory client that is the basis for making any recommendation or providing any investment advice to such client.

(B) A record evidencing that the account record of each client consisting of the information described in (A) of this paragraph has been furnished by the investment adviser to the client within thirty days of the signing of an investment advisory contract, and thereafter at intervals no greater than thirty-six months. The account record shall include or be accompanied by prominent statements that the client should mark any corrections and return the account record to the adviser and that the client should notify the advisor of any changes to information contained in the account record as they occur in the future.

(19) Written procedures to supervise the activities of employees and investment adviser representatives that are reasonably designed to achieve compliance with applicable securities laws and regulations. The following standards shall apply to supervisory procedures:

(A) Regardless of its size or complexity, every investment adviser registered or required to be registered under the Securities Act must adopt and implement supervisory procedures that are tailored specifically to their business and must address the activities of all its investment adviser representatives and associated persons. Supervisory procedures must be in writing and must be reasonably designed to achieve compliance with applicable securities laws and the rules of the Oklahoma Department of Securities. Ultimate responsibility for supervision rests with the investment adviser.

(B) Written supervisory procedures must identify who has supervisory responsibilities, a record of each associated person who has supervisory responsibilities and the date assigned, and procedures for each

business line and applicable securities laws for which each supervisor is responsible.

(C) All written supervisory procedures should specifically identify the individual to perform a supervisory function; what specifically the supervisor will review; when or how often the review will take place and how the supervisor's review will be documented.

(D) Every investment adviser must maintain a copy of each prior version of its written supervisory procedures for a minimum of five years.

(20) A file containing a copy of each document (other than any notices of general dissemination) that was filed with or received from any state or federal agency or self-regulatory organization and that pertains to the registrant or its investment adviser representatives, which file should contain, but is not limited to, all applications, amendments, renewal filings, and correspondence.

(21) Copies, with original signatures of the investment adviser's appropriate signatory and the investment adviser representative, of each initial Form U-4 and each amendment to Disclosure Reporting Pages (DRPs U-4) must be retained by the investment adviser (filing on behalf of the investment adviser representative) and must be made available for inspection upon regulatory request.

(22) Where the adviser inadvertently held or obtained a client's securities or funds and returned them to the client within three business days or has forwarded third party checks drawn by clients and made payable to third parties within three business days of receipt, the adviser shall keep a ledger or other listing of all securities or funds held or obtained including the following information:

- (A) issuer;
- (B) type of security and series;
- (C) date of issue;
- (D) for debt instruments, the denomination, interest rate and maturity date;
- (E) certificate number, including alphabetical prefix or suffix;
- (F) name in which registered;
- (G) ~~date given to~~ received by the adviser;
- (H) date sent to client or sender;
- (I) form of delivery to client or sender, or copy of the form of delivery to client or sender; and
- (J) mail confirmation number, if applicable, or confirmation by client or sender of the fund's or security's return; and
- ~~(K) date each check was received by the adviser.~~

(23) If an investment adviser obtains possession of securities that are acquired from the issuer in a transaction or chain of transactions not involving any public offering that comply with the exception from custody in (c)(2) of 660:11-7-48, the adviser shall keep the following records:

- (A) a record showing the issuer or current transfer agent's name, address, phone number and other applicable contact information pertaining to the party responsible for recording client interests in the securities; and

- (B) a copy of any legend, shareholder agreement or other agreement showing that those securities are transferable only with prior consent of the issuer or holders of the outstanding securities of the issuer.

(24) A copy of the investment adviser's Physical Security and Cybersecurity Policies and Procedures and Privacy Policy required by 660:11-7-46. In addition to the investment adviser's recordkeeping requirements under subsections (e) and (g) of this Section, the investment adviser shall maintain:

- (A) A current copy of these policies and procedures either in hard copy in a separate location or stored on electronic storage media that is separate from and not dependent on access to the investment adviser's computers or a network;

- (B) All records documenting the investment adviser's compliance with 660:11-7-46, including, but not limited to, evidence of the annual review of the policies and procedures; and

- (C) A record of any violation of 660:11-7-46 and of any action taken as a result of the violation.

(25) Copies of the brochures required by 660:11-7-43 including a list of all clients or perspective clients to whom the brochures were provided and the date the brochures were provided.

(b) Special requirements due to type of custody.

(1) **Custody as defined in 660:11-7-48.** If an investment adviser has custody, as that term is defined in 660:11-7-48, the records required to be made and kept under (a) of this Section shall include:

- (A) a copy of any and all documents executed by the client (including a limited power of attorney) under which the adviser is authorized or permitted to withdraw a client's funds or securities maintained with a custodian upon the adviser's instruction to the custodian.

- (B) a journal or other record showing all purchases, sales, receipts and deliveries of securities (including certificate numbers) for all accounts and all other debits and credits to the accounts.

- (C) a separate ledger account for each client showing all purchases, sales, receipts and deliveries of securities, the date and price of each purchase and sale, and all debits and credits.

- (D) copies of confirmations of all transactions effected by or for the account of any client.

- (E) a record for each security in which any client has a position, which record shall show the name of each client having any interest in each security, the amount or interest of each client, and the location of each security.

- (F) a copy of each of the client's quarterly account statements, as generated and delivered by the qualified custodian. If the adviser also generates a statement that is delivered to the client, the adviser shall also maintain copies of such statements along with the date such statements were sent to the clients.

- (G) if applicable to the adviser's situation, a copy of the special examination report verifying the completion of the examination by an independent certified public accountant and describing the nature and extent of the examination.
- (H) a record of any finding by the independent certified public accountant of any material discrepancies found during the examination.
- (I) if applicable, evidence of the client's designation of an independent representative.
- (2) **Adviser to pooled investment vehicle.** If an investment adviser has custody because it advises a pooled investment vehicle, the adviser shall also keep the following records:
 - (A) true, accurate and current account statements;
 - (B) When the exception set forth in (c)(4) of 660:11-7-48 applies, the records required to be made and kept shall include:
 - (i) the date(s) of the audit;
 - (ii) a copy of the audited financial statements; and
 - (iii) evidence of the mailing of the audited financial to all limited partners, members or other beneficial owners within 120 days of the end of its fiscal year.
 - (C) When the description set forth in (b)(5) of 660:11-7-48 applies to an investment adviser, the investment adviser is required to make and keep records to include:
 - (i) a copy of the written agreement with the independent party reviewing all fees and expenses, indicating the responsibilities of the independent third party.
 - (ii) copies of all invoices and receipts showing approval by the independent party for payment through the qualified custodian.
- (c) **Managed accounts.** Every investment adviser subject to (b) of this Section who renders any investment supervisory or management service to any client shall, with respect to the portfolio being supervised or managed and to the extent that the information is reasonably available to or obtainable by the investment adviser, make and keep true, accurate and current:
 - (1) Records showing separately for each client the securities purchased and sold, and the date, amount and price of each purchase and sale.
 - (2) For each security in which any client has a current position, information from which the investment adviser can promptly furnish the name of each security held by the client, and the current amount or interest of the client.
- (d) **Client identity.** Any books or records required by this Section may be maintained by the investment adviser in such manner that the identity of any client to whom the investment adviser renders investment supervisory services is indicated by numerical or alphabetical code or some similar designation.
- (e) **Records retention.** Every investment adviser subject to (a) of this Section shall preserve the following records in the manner prescribed:
 - (1) All books and records required to be made under the provisions of (a) to (c)(1), inclusive, of this Section (except for books and records required to be made under the provisions of (a)(11) and (a)(16) of this Section), shall be maintained and preserved in an easily accessible place for a period of not less than five years from the end of the fiscal year during which the last entry was made on record, the first two years in the principal office of the investment adviser.
 - (2) Partnership articles and any amendments, articles of incorporation, charters, minute books, and stock certificate books of the investment adviser and of any predecessor, shall be maintained in the principal office of the investment adviser and preserved until at least three years after termination of the enterprise.
 - (3) Books and records required to be made under the provisions of (a)(11) and (a)(16) of this Section shall be maintained and preserved in an easily accessible place for a period of not less than five years, the first two years in the principal office of the investment adviser, from the end of the fiscal year during which the investment adviser last published or otherwise disseminated, directly or indirectly, the notice, circular, advertisement, newspaper article, investment letter, bulletin, or other communication including by electronic media.
 - (4) Books and records required to be made under the provisions of (a)(17)-(22), inclusive, of this Section shall be maintained and preserved in an easily accessible place for a period of not less than five years from the end of the fiscal year during which the last entry was made on such record, the first two years in the principal office of the investment adviser, or for the time period during which the investment adviser was registered or required to be registered in the state, if less.
 - (5) Notwithstanding other record preservation requirements of this Section, the following records or copies shall be required to be maintained at the business location of the investment adviser from which the customer or client is being provided or has been provided with investment advisory services: (A) records required to be preserved under (a)(3), (a)(7)-(10), (a)(14)-(15), (a)(17)-(19), (b) and (c) inclusive, of this Section, and (B) the records or copies required under the provision of (a)(11) and (a)(16) of this Section which records or related records identify the name of the investment adviser representative providing investment advice from that business location, or which identify the business locations' physical address, mailing address, electronic mailing address, or telephone number. The records will be maintained for the applicable period described in this Subsection.
 - (f) **Ceasing business.** An investment adviser subject to (a) of this Section, before ceasing to conduct or discontinuing business as an investment adviser, shall arrange for and be responsible for the preservation of the books and records required to be maintained and preserved under this Section for the remainder of the period specified in this Section, and shall notify the Administrator in writing of the exact address where the books and records will be maintained during the period.

(g) **Format and storage of records.**

(1) The records required to be maintained and preserved may be immediately produced or reproduced, and maintained and preserved as the records are kept in their regular form for the required time, by an investment adviser on:

(A) paper or hard copy form, ~~as those records are kept in their original form~~; or

(B) micrographic media, including microfilm, microfiche, or any similar medium; or

(C) electronic storage media, including any digital storage medium or system that meets the terms of this section.

(2) The investment adviser must:

(A) arrange and index the records in a way that permits easy location, access, and retrieval of any particular record;

(B) provide promptly any of the following that the Administrator or his representatives may request:

(i) a legible, true, and complete copy of the record in the medium and format in which it is stored;

(ii) a legible, true, and complete printout of the record; and

(iii) means to access, view, and print the records; and

(C) separately store, for the time required for preservation of the original record, a duplicate copy of the record on any medium allowed by this section.

(3) In the case of records created or maintained on electronic storage media, the investment adviser must establish and maintain procedures:

(A) to maintain and preserve the records, so as to reasonably safeguard them from loss, alteration, or destruction;

(B) to limit access to the records to properly authorized personnel and the Administrator and his representatives; and

(C) to reasonably ensure that any reproduction of a non-electronic original record on electronic storage media is complete, true, and legible when retrieved.

(h) **Investment supervisory services.** For purposes of this Section, "investment supervisory services" means the giving of continuous advice as to the investment of funds on the basis of the individual needs of each client; and "discretionary power" shall not include discretion as to the price at which or the time when a transaction is or is to be effected, if, before the order is given by the investment adviser, the client has directed or approved the purchase or sale of a definite amount of the particular security.

(i) **Compliance with federal law.** Any book or other record made, kept, maintained and preserved in compliance with Rules 17a-3 [17 C.F.R. 240.17a-3] and 17a-4 [17 C.F.R. 240.17a-4] under the 1934 Act, which is substantially the same as the book or other record required to be made, kept, maintained and preserved under this Section, shall be deemed to be made, kept, maintained and preserved in compliance with this Section.

(j) **Compliance with other state requirements.** Every investment adviser registered or required to be registered under the Securities Act that has its principal place of business in a state other than Oklahoma shall be exempt from the requirements of this section, provided the investment adviser is licensed in the state in which it maintains its principal place of business and is in compliance with that state's books and records requirements.

660:11-7-42. Standards of ethical practices

(a) **Purpose.** This Section is intended to set forth the standards of ethical practices for investment advisers and investment adviser representatives. The standards set forth in this Section apply to federal covered investment advisers and investment adviser representatives only to the extent that application is permitted by the National Securities Markets Improvement Act of 1996 (Pub. L. No. 104-290). Any noncompliance with the standards set forth in this Section will constitute unethical practices in the securities business as the same is set forth in Section 1-411.D.13 of the Securities Act; however, the following is not intended to be a comprehensive listing of all specific events or conditions that may constitute such unethical practices. The standards shall be interpreted in such manner as will aid in effectuating the policy and provisions of the Securities Act, and so as to require that all practices of investment advisers and investment adviser representatives in connection with their activities in this state shall be just, reasonable and not unfairly discriminatory. ~~The standards set forth in this Section and the disclosure delivery requirement set forth in 660:11-7-31 shall apply to all investment advisers and investment adviser representatives.~~

(b) **Standards.** An investment adviser or investment adviser representative shall not engage in dishonest or unethical practices including, although not limited to, the following:

(1) Recommending to a client to whom investment supervisory, management or consulting services are provided the purchase, sale or exchange of any security without reasonable grounds to believe that the recommendation is suitable for the client on the basis of information furnished by the client after reasonable inquiry concerning the client's investment profile.

(A) A client's investment profile includes, but is not limited to, the client's age, other investments, financial situation and needs, tax status, investment objectives, investment experience, investment time horizon, liquidity needs, risk tolerance, and any other information disclosed by the client or known to the investment adviser or investment adviser representative.

(B) Institutional clients.

(i) An investment adviser or an investment adviser representative fulfills the customer-specific suitability obligation for an institutional account, as defined in 660:11-1-3, if

(I) the investment adviser or investment adviser representative has a reasonable basis to believe that the institutional client is capable of evaluating investment risks independently, both

in general and with regard to particular transactions and investment strategies involving a security or securities and

(II) the institutional client affirmatively indicates that it is exercising independent judgment in evaluating the investment adviser or investment adviser representative's recommendations.

(ii) Where an institutional client has delegated decision-making authority to an agent, such as an investment adviser or a bank trust department, these factors shall be applied to the agent.

(2) Exercising any discretionary power in placing an order for the purchase or sale of securities for a client without obtaining written discretionary authority from the client within ten (10) business days after the date of the first transaction placed pursuant to oral discretionary authority, unless the discretionary power relates solely to the price at which, or the time when, an order involving a definite amount of a specified security shall be executed, or both.

(3) Inducing trading in a client's account that is excessive in size or frequency in view of the financial resources, investment objectives and character of the account.

(4) Placing an order to purchase or sell a security for the account of a client without authority to do so.

(5) Placing an order to purchase or sell a security for the account of a client upon instruction of a third party without first having obtained a written third-party trading authorization from the client.

(6) Borrowing money or securities from a client unless the client is a broker-dealer, an affiliate of the investment adviser or investment adviser representative, or a financial institution engaged in the business of loaning funds.

(7) Loaning money to a client unless the investment adviser is a financial institution engaged in the business of loaning funds or the client is an affiliate of the investment adviser or investment adviser representative.

(8) Misrepresenting to any advisory client, or prospective advisory client, the qualifications of the investment adviser or an investment adviser representative or misrepresenting the nature of the advisory services being offered or fees to be charged for such service, or omitting to state a material fact necessary to make the statements made regarding qualifications, services or fees, in light of the circumstances under which they are made, not misleading.

(9) Providing a report or recommendation to any advisory client prepared by someone other than the investment adviser without disclosing the source.

(10) Charging a client an unreasonable advisory fee.

(11) Failing to disclose to clients in writing before any advice is rendered any material conflict of interest relating to the investment adviser or any of its employees which could reasonably be expected to impair the rendering of unbiased and objective advice including:

(A) Compensation arrangements connected with advisory services to clients which are in addition to compensation from such clients for such services; and

(B) Charging a client an advisory fee for rendering advice when a commission compensation for executing effecting securities transactions pursuant to such advice will be received by the investment adviser or its employees or affiliated persons.

(12) Guaranteeing a client that a specific result will be achieved (gain or no loss) with advice which will be rendered.

(13) Publishing, circulating and distributing any advertisement which does not comply with Reg. A § 275.206(4)-1 under the Advisers Act.

(14) Disclosing the identity, affairs, or investments of any client unless required by law to do so, or unless consented to by the client.

(15) Taking any action, directly or indirectly, with respect to those securities or funds in which any client has any beneficial interest, where the investment adviser has custody or possession of such securities or funds when the investment adviser's action does not comply with the requirements of Reg. A § 275.206(4)-2 under the Advisers Act.

(16) Entering into, extending or renewing any investment advisory contract unless such contract is in writing and discloses, in substance, the services to be provided, the term of the contract, the advisory fee, the formula for computing the fee, the amount of prepaid fee to be returned in the event of contract termination or nonperformance, whether the contract grants discretionary power to the investment adviser or investment adviser representative and that no assignment of such contract shall be made by the investment adviser without the consent of the other party to the contract.

(17) Entering into, extending or renewing any investment advisory contract, if such contract contains any provision that limits or purports to limit any of the following:

(A) the liability of the investment adviser for conduct or omission arising from the advisory relationship that does not conform to the Securities Act, applicable federal statutes, or common law fiduciary standard of care;

(B) remedies available to the client at law or equity or the jurisdiction where any action shall be filed or heard; or

(C) applicability of the laws of Oklahoma with respect to the construction or interpretation of the provisions of the investment advisory contract.

(18) Failing to adopt, implement, and follow written supervisory procedures that are tailored specifically to their business and that:

(A) address the activities of all its investment adviser representatives and associated persons;

(B) identify who has supervisory responsibilities, including a record of each associated person who has supervisory responsibilities and the date assigned, and procedures for each business line and applicable securities laws for which each supervisor is responsible; and

(C) specifically identify the individual to perform a supervisory function; what specifically the supervisor will review; when or how often the review will take place and how the supervisor's review will be documented.

(19) Engaging in conduct or any act, indirectly or through or by any other person, which would be unlawful for such person to do directly under the provisions of the Securities Act or any section thereunder.

(20) Accessing a client's account by using the client's own unique identifying information such as username and password.

(21) Failing to establish, maintain, and enforce required policies and procedures.

(22) Knowingly selling any security to or purchasing any security from a client while acting as principal for its own advisory account, or knowingly effecting any sale or purchase of any security for the account of the client while acting as broker-dealer for a person other than the client, without disclosing to the client in writing before the completion of the transaction the capacity in which it is acting and obtaining the consent of the client to the transaction.

(A) The prohibitions of this paragraph (22) shall not apply to any transactions with a customer of a broker-dealer if the broker-dealer is not acting as an investment adviser in relation to the transaction.

(B) The prohibition of this paragraph (22) shall not apply to any transaction with a customer of a broker-dealer if the broker-dealer acts as an investment adviser solely:

(i) by means of publicly distributed written materials or publicly made oral statements;

(ii) by means of written materials or oral statements not purporting to meet the objectives or needs of specific individuals or accounts;

(iii) through the issuance of statistical information containing no expressions of opinion as to the investment merits of a particular security; or

(iv) any combination of the foregoing services.

(C) Publicly distributed written materials or publicly made oral statements shall disclose that, if the purchaser of the advisory communication uses the investment adviser's services in connection with the sale or purchase of a security which is a subject of the communication, the investment adviser may act as principal for its own account or as agent for another person. Compliance by the investment adviser with the foregoing disclosure requirement shall not relieve it of any other disclosure obligations under the Securities Act.

(D) The prohibition of this paragraph (22) shall not apply to an investment adviser effecting an agency cross transaction for an advisory client provided the following conditions are met:

(i) The advisory client executes a written consent prospectively authorizing the investment adviser to effect agency cross transactions for such client;

(ii) Before obtaining such written consent from the client, the investment adviser makes full written disclosure to the client that, with respect to agency cross transactions, the investment adviser will act as broker-dealer for, receive commissions from, and have a potentially conflicting division of loyalties and responsibilities regarding both parties to the transactions;

(iii) At or before the completion of each agency cross transaction, the investment adviser or any other person relying on this subparagraph sends the client a written confirmation. The written confirmation shall include:

(I) A statement of the nature of the transaction;

(II) The date the transaction took place;

(III) An offer to furnish, upon request, the time when the transaction took place; and

(IV) the source and amount of any other remuneration the investment adviser received or will receive in connection with the transaction. In the case of a purchase, if the investment adviser was not participating in a tender offer, the written confirmation shall state whether the investment adviser has been receiving or will receive any other remuneration and that the investment adviser will furnish the source and amount of such remuneration to the client upon the client's written consent.

(iv) At least annually, and with or as part of any written statement or summary of the account from the investment adviser, the investment adviser or any other person relying on this subparagraph (D) send each client a written disclosure statement identifying:

(I) The total number of agency cross transactions during the period for the client since the date of the last such statement or summary; and

(II) The total amount of all commissions or other remuneration the investment adviser received or will receive in connection with agency cross transactions for the client during such period.

(v) Each written disclosure and confirmation required by this subparagraph (D) must include a conspicuous statement that the client may revoke the written consent required under (i) of this subparagraph (D) at any time by providing written notice to the investment adviser.

(vi) No agency cross transaction may be effected in which the same investment adviser recommended the transaction to both any seller and any purchaser.

(vii) Nothing in the subparagraph (D) shall be construed to relieve an investment adviser or investment adviser representative from acting in the best interests of the client, including fulfilling his duty with respect to the best price and execution

for the particular transaction for the client nor shall it relieve any investment adviser or investment adviser representative of any other disclosure obligations imposed by the Securities Act.

(E) Definitions for purposes of this paragraph (22).

(i) "Agency cross transaction for an advisory client" means a transaction in which a person acts as an investment adviser in relation to a transaction in which the investment adviser, or any person controlling, controlled by, or under common control with such investment adviser, including an investment adviser representative, acts as a broker-dealer for both the advisory client and another person on the other side of the transaction. When acting in such capacity such person is required to be registered as a broker-dealer in this state unless excluded from the definition.

(ii) "Publicly distributed written materials" means written materials which are distributed to 35 or more persons who pay for those materials.

(iii) "Publicly made oral statements" means oral statements made simultaneously to 35 or more persons who pay for access to those statements.

(23) Sharing an office with a person who is not an advisory affiliate without:

(A) reducing any agreement with the unaffiliated person to writing;

(B) taking appropriate measures, including, but not limited to, adequate disclosures to eliminate the appearance of an agency relationship with the unaffiliated person when one does not otherwise exist; and

(C) complying with all applicable Oklahoma and federal laws requiring the safeguarding of customer data from the unaffiliated person.

660:11-7-46. Information security and privacy

(a) **Physical security and cybersecurity policies and procedures.** Every investment adviser registered or required to be registered shall establish, implement, update, and enforce written physical security and cybersecurity policies and procedures reasonably designed to ensure the confidentiality, integrity, and availability of physical and electronic records and information. The policies and procedures must be tailored to the investment adviser's business model, taking into account the size of the firm, type(s) of services provided, and the number of locations of the investment adviser.

(1) The physical security and cybersecurity policies and procedures must:

(A) Protect against reasonably anticipated threats or hazards to the security or integrity of client records and information;

(B) Ensure that the investment adviser safeguards confidential client records and information; and

(C) Protect any records and information the release of which could result in harm or inconvenience to any client.

(2) The physical security and cybersecurity policies and procedures must cover at least five functions:

(A) **Identify.** Develop the organizational understanding to manage information security risk to systems, assets, data, and capabilities;

(B) **Protect.** Develop and implement the appropriate safeguards to ensure delivery of critical infrastructure services;

(C) **Detect.** Develop and implement the appropriate activities to identify the occurrence of an information security event;

(D) **Respond.** Develop and implement the appropriate activities to take action regarding a detected information and security event; and

(E) **Recover.** Develop and implement the appropriate activities to maintain plans for resilience and to restore any capabilities or services that are impaired due to an information security event.

(3) The investment adviser must review, no less frequently than annually, and modify, as needed, these policies and procedures to ensure the adequacy of the security measures and the effectiveness of their implementation.

(b) **Privacy policy.** The investment adviser must deliver upon the investment adviser's engagement by a client, and on an annual basis thereafter, a privacy policy to each client that is reasonably designed to aid in the client's understanding of how the investment adviser collects and shares, to the extent permitted by state and federal law, non-public personal information. The investment adviser must promptly update and deliver to each client an amended privacy policy if any of the information in the policy becomes inaccurate.

SUBCHAPTER 9. REGISTRATION OF SECURITIES

PART 5. GUIDELINES AND POLICIES APPLICABLE TO OFFERINGS OF REGISTERED SECURITIES

660:11-9-31. Prospectus delivery requirement

No offer or sale of any security registered under the Securities Act may be made unless concurrent with the initial solicitation or immediately thereafter there is furnished to the prospective purchaser, a prospectus, in such form and containing such information as may be required pursuant to the Securities Act or the rules and regulations promulgated thereunder or by order of the Administrator, which prospectus has been previously filed with and approved by the Administrator for use; provided, no prospectus shall be required in connection with offers or sales of securities or transactions exempted by Sections 1-201 through 1-203 of the Securities Act, except as may be specifically required by such Act or the rules and regulations promulgated thereunder or by order of the Administrator. In addition, after the effective date of the registration statement in the state of Oklahoma, all broker-dealers and agents effecting transactions in the securities registered under the Securities Act shall be required to deliver a prospectus prior to or concurrently with any transaction in said securities for the

Permanent Final Adoptions

same time periods specified in Section ~~4(3)(a)(3)~~ of the 1933 Act and Rule 174 adopted by the SEC (~~17 C.F.R. 230.174~~) (17 CFR § 230.174) in its most currently amended form as of the date of the filing of the application. Nothing in this rule obviates the need for registrants to comply with the provisions of Section 1-501 of the Securities Act.

660:11-9-33. Special requirements for promotional or ~~developmental~~ development stage companies

(a) **Definition.** For purposes of this Section, a "promotional or development stage company" means any entity that meets the definition in 660:11-11-1.

(b) **Requirements.** Registration statements filed under Section 1-305 of the Securities Act or any exhibits filed therewith relating to securities of a promotional or ~~developmental~~ development stage company must demonstrate in addition to meeting any other requirements that may apply, the issuer's ability to meet the following requirements:

(1) Taking into consideration the minimum net proceeds of the offering, past earnings, and accounts receivable, of the issuer, the prospectus must demonstrate the issuer's ability to operate for a period of at least six months without additional capital; or based on a business plan filed supplementally, the issuer must demonstrate its ability to operate for a period of at least 12 months. Any registrant may request that such business plan not be deemed filed with the registration statement and may request that it be held in confidence. A prospectus relating to an offering of debt securities must demonstrate the issuer's ability to service the debt. This can be demonstrated by submission of a compilation.

(2) No more than 25% of the proceeds of the offering net of offering costs shall be paid as remuneration to promoters, executive officers, directors or shareholders owning 10% or more of any class of outstanding stock of the issuer.

(3) The prospectus must demonstrate compliance with 660:11-9-35 regarding limitations on offering expenses and remuneration and with the NASAA statement of policy regarding promotional shares.

(4) Issuers shall not have granted, and shall agree not to grant in the future, options to acquire securities of the same class as those being offered, at an exercise price that is less than 85% of the fair market value of the securities at the time of the grant of the option. The prospectus shall disclose the dilution that would result from the exercise of all outstanding warrants or options to acquire securities of the same class as those being offered.

(5) The use of offering proceeds must be disclosed with specificity in the prospectus.

(c) **Waiver provisions.** The Administrator in his or her discretion may waive any of the above requirements upon written request of the registrant, if the Administrator finds that the requirement is not necessary to protect the public interest under the circumstances. Any such request shall be filed with the registration statement and shall indicate the reasons why

the requirement is not necessary under the circumstances described in the registration statement.

660:11-9-36. Promoters' and organizers' equity contributions

(a) **Requirement.** Where an issuer is a promotional or ~~developmental~~ development stage company as defined in ~~660:11-3-36~~ 660:11-11-1, the ratio of equity investment by promoters or insiders must be determined as reasonable and equitable in light of the facts and circumstances presented in each particular case. Cases where the fair value of such equity investment is less than 10% of the total offering are discouraged, and in such instances, the proponents of the registration shall have the burden of establishing that the offering is being made without unfair or unreasonable amounts of promoters' profits or participation, as provided in Section 1-306.A.7.b of the Securities Act.

(b) **Presumption.** In those instances where only 5% or more has been contributed by promoters or organizers, but where they have entered into bona fide and binding subscription contracts exercisable within one year with the new enterprises for capital stock representing the difference between the amount contributed and 10%, then the burden of proof will be deemed to have been satisfied.

(c) **Determination of equity investment.** The fair value of equity investment shall be deemed to mean the total of all sums conveyed to the issuer in the form of paid-in or contributed cash or other assets with an established or determinable value. In those cases where the issuer has experienced losses from operations, the fair value of equity investment shall be the net worth of the issuer as of the date of the proposed offering determined in accordance with generally accepted accounting principles.

(d) **Burden of proof.** The burden of justifying as equitable the quantity of promotional securities to be issued for assets so conveyed, and of establishing reasonable or market value of said assets, shall rest with the applicant.

SUBCHAPTER 11. EXEMPTIONS FROM SECURITIES REGISTRATION

PART 1. GENERAL PROVISIONS

660:11-11-1. Definitions

The following words and terms, when used in this subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Affiliate" means a person who, directly or indirectly, controls, is controlled by, or is under common control with a person as defined in this Section.

"Associate" means, when used to indicate a relationship with a person, includes:

(A) corporations, legal entities, other than the issuer or majority-owned subsidiaries of the issuer, of

which a person is an officer, director, partner, or a direct or indirect, legal or beneficial owner of five percent (5%) or more of any class of equity securities.

(B) trusts or other estates in which a person has a substantial beneficial interest or for which a person serves as a trustee or in a similar capacity; and

(C) a person's spouse and relatives, by blood or by marriage, if that person is a promoter of the issuer, its subsidiaries, its affiliates, or its parent.

"Class" means the lowest level of subdivision of the securities offered by an issuer.

"Control" means the power to direct or influence the direction of the management or policies of a person, directly or indirectly, through the ownership of voting securities, by contract or otherwise. A presumption of control exists for any person who:

(A) is a director, general partner, member, manager, or officer exercising executive responsibility or has similar status or functions;

(B) has the right to vote twenty percent (20%) or more of a class of voting securities; or

(C) in the case of a partnership or limited liability company, has contributed or has the right to receive upon dissolution twenty percent (20%) or more of the capital.

"Enterprise" means a corporation, general partnership, limited partnership, joint venture and any other formal or informal entity, association or arrangement (other than a sponsor) in which the investors' rights, interests or participation constitute "securities" as defined by Section 1-102 of the Securities Act.

"Equity securities" means, including, but not limited to shares of common stock or similar securities, convertible securities, warrants, and options or rights that may be converted into or exercised to purchase shares of common stock or similar securities.

"Net earnings" means the issuer's after-tax earnings, excluding extraordinary and nonrecurring items, determined in accordance with generally accepted accounting principles.

"Person" means an individual, corporation, business trust, estate, trust, partnership, limited liability company, limited liability partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality; public corporation; or any legal or commercial entity.

"Promoter" means:

(A) a person, including, but not limited to, who:

(i) alone or in conjunction with one or more persons, directly, or indirectly, took the initiative in founding or organizing the issuer or controls the issuer;

(ii) directly, or indirectly, receives, as consideration for property or for services rendered, five percent (5%) or more of any class of the issuer's equity securities or five percent (5%) or more of the proceeds from the sale of any class of the issuer's equity securities.

(iii) is an officer or director for the issuer;

(iv) legally or beneficially owns, directly or indirectly, five percent (5%) or more of any class of the issuer's equity securities; or

(v) is an affiliate or an associate of a person specified in i through iv of this subparagraph.

(B) A promoter does not include

(i) a person who receives securities or proceeds solely as underwriting compensation unless that person otherwise comes with the terms;

(ii) an unaffiliated institutional investor, who purchased the issuer's equity securities more than one year prior to the filing date of the issuer's registration statement; or

(iii) at the Administrator's discretion, an unaffiliated institutional investor, who purchased the issuer's securities on an arm's-length basis within one year prior to the filing date of the issuer's registration statement.

"Promotional or development stage company" means an issuer:

(A) that is not listed, or authorized for listing, on the New York Stock Exchange, the American Stock Exchange, the NASDAQ Global Market, or a securities exchange that the SEC determines under Section 18(b)(1) of the 1933 Act has substantially similar listing standards;

(B) that has had annual net earnings for each of the last two (2) consecutive fiscal years before the public offering that have been less than five percent (5%) of the aggregate public offering; or

(C) that has had average, annual net earnings for the last five (5) fiscal years before the public offering that have been less than five (5%) of the aggregate public offering.

"Promotional shares" means equity securities that:

(A) A promotional or development stage company has issued within five (5) years before the filing of the registration statement or will issue to its promoters for cash or other consideration, including services rendered, patents, copyrights, and other intangibles; or

(B) An issuer that is not a promotional or development stage company has issued within three (3) years before the filing of the registration statement or will issue to promoters for cash or other consideration, including services rendered, patents, copyrights, and other intangibles.

"Sponsor" means any natural person, corporation, general partnership, limited partnership, joint venture or other entity which is directly or indirectly instrumental in organizing an enterprise or which will manage or participate in the management of an enterprise.

"Unaffiliated institutional investor" means the following investors if not affiliated with the issuer:

(A) an institutional investor as defined in 1-102(13) of the Securities Act; and

(B) a business development company as defined in Section 2(a)(48) of the 1940 Act.

PART 5. EXEMPT TRANSACTIONS

660:11-11-40. Manual exemption

(a) **Recognized securities manuals.** The publications which shall be recognized by the Administrator for purposes of the exemption from registration set forth in Section 1-202.2.d of the Securities Act shall be as follows:

- (1) Best's Insurance Reports, Life-Health
- (2) Mergent's Industrial Manual
- (3) Mergent's International Manual
- (4) OTC Markets Group Inc. with respect to securities included in the OTCQX and OTCQB markets.

(b) **Additional requirements.** To be eligible for the exemption from registration provided by Section 1-202.2.d of the Securities Act, the following additional conditions must be met:

(1) All information specified as required to be contained in the recognized securities manuals pursuant to Section 1-202.2.d of the Securities Act must be given to the purchaser with the confirmation by providing the purchaser with a copy of either:

- (A) the information contained in the manual listing; or
- (B) the information maintained by the broker-dealer effecting the transaction that is required to be kept by such broker-dealer pursuant to the requirements of SEC Rule 15c2-11 promulgated under the provisions of the 1934 Act.

(2) The information required under (1) of this subsection must be reasonably current in all material respects. The time for determining whether the information is current is at the date of the particular sale not the date the manual listing is published. For purposes of this paragraph, the term "reasonably current" shall have the meaning set forth in SEC Rule 15c2-11.

(3) The financial statements of the issuer required pursuant to Section 1-202.2.d of the Securities Act must be audited by an independent public accountant in accordance with generally accepted auditing standards, presenting fairly, in all material respects, the financial condition of the issuer; provided, if the issuer is an entity formed and operating under the laws of a foreign jurisdiction, the financial statements shall be audited in accordance with the auditing standards applicable in its jurisdiction of formation and operation.

(4) The issuer of the security, including any predecessors, has either:

- (A) been in continuous business or operations for at least two (2) years, unless the issuer is an insurance company in which event it shall have been in business for at least five (5) years; or
- (B) had a class of equity securities registered under Section 1-301 of the Securities Act within the past five (5) years.
- (C) As used in this paragraph, "business or operations" means actual activities related to its current business or operations and shall not include merely holding funds or assets for future use.

(5) Sales must be made by a broker-dealer, either as principal or agent, who is registered under the provisions of Section 1-401 of the Securities Act.

(6) The securities must be offered or sold at a price reasonably related to the current market price of such securities.

(7) The securities must be issued and outstanding. The exemption is not available for issuer transactions. For purposes of this paragraph, "issuer" shall include all officers, directors and controlling (5% or more) shareholders of the issuer.

(8) The security does not constitute the whole or any part of an unsold allotment to, or subscription or participation by, the broker-dealer as an underwriter of the security.

(c) **Restriction for promotional or developmental stage companies.** This exemption may not be used to evade the registration requirements of Section 1-301 of the Securities Act. Accordingly, transactions in reliance on this exemption for the securities of an issuer which is a promotional or ~~developmental~~ development stage company as defined in ~~660:11-1-3660:11-11-1~~, involving securities that have not been registered for offer or sale in the state of Oklahoma and which securities would not have met the requirements for registration set forth in Sections 1-303 or 1-304 of the Securities Act and the rules promulgated thereunder, had the securities been filed for registration pursuant to such sections of the Securities Act, may be deemed to have violated this requirement unless proven otherwise.

(d) **Exemption.** The requirements of (b)(1) of this Section, shall not apply to the sale of the securities of an issuer who has net tangible assets in excess of \$10,000,000.00 (U.S.) as determined by its most recent audited financial statements. For foreign issuers, the net tangible asset value may be determined by applying the exchange rate in effect as of the date of the financial statement relied upon unless there has been a material change in such exchange rate after the date of the financial statement that would reduce by greater than 20% the value in U.S. dollars. In that event, the exchange rate applied should be the rate effective as of the last day of the preceding month. Nothing in this Section shall release the broker-dealer effecting the transaction from its obligation to maintain the information required by SEC Rule 15c2-11 and to deliver any such information to any person involved in a transaction effected in the security, upon request by such person.

660:11-11-52. Oklahoma Accredited Investor Exemption

~~(a) **Preliminary statement.** On April 27, 1997, the NASAA adopted the Model Accredited Investor Exemption ("MAIE"). MAIE provides exemption from securities registration only for offers and sales to accredited investors. The MAIE rests on the premise that accredited investors are capable of fending for themselves in information gathering and conducting "due diligence" on potential investments in companies before making an investment. Under authority of Section 401(b)(22) of the Oklahoma Securities Act, 71 O.S. § 1-17, 101-103, 201-204, 301-307, 401-413, 501, 701-703~~

(Supp. 1998), repealed effective July 1, 2004, the Administrator issued an order granting such an exemption, effective March 8, 1999, that is known as the Oklahoma Accredited Investor Exemption.

(b) **Definitions.** The following terms, when used in this section, shall have the meanings as such terms are defined in the NASAA Statement of Policy Regarding Corporate Securities Definitions, adopted April 27, 1997.

- (1) "Issuer in the Development Stage"; and
- (2) "Promoters"

(c) **Exemption.** Under the authority of Section 2-4031-203 of the Securities Act, transactions meeting the following conditions are exempt from Sections 1-301 and 1-504 of the Securities Act:

- (1) **Sales only to accredited investors.** Sales of securities shall be made only to persons who are or the issuer reasonably believes are accredited investors. For purposes of this orderSection, an "accredited investor" is a person who meets the definition set forth in 17 CFR § 230.501(a).
- (2) **Investment intent.** The issuer reasonably believes that all purchasers are purchasing for investment and not with the view to or for sale in connection with a distribution of the security. Any resale of a security sold in reliance on this exemption within 12 months of sale shall be presumed to be with a view to distribution and not for investment, except a resale pursuant to a registration statement effective under Sections 1-303 or 1-304 of the Securities Act or to an accredited investor pursuant to an exemption from securities registration under the Securities Act.

(3) **When exemption is unavailable.**

(A) The exemption is not available to ~~an issuer that is in the promotional or Developmentdevelopment Stagestage company~~ that either has no specific business plan or purpose or has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies, or other entity or person.

(B) The exemption is not available to an issuer if the issuer, any of the issuer's predecessors, any affiliated issuer, any of the issuer's directors, officers, general partners, beneficial owners of 10% or more of any class of its equity securities, any ~~of the issuer's Promoterspromoters~~ of the issuer presently connected with the issuer in any capacity, any underwriter of the securities to be offered, or any partner, director or officer of such underwriter:

- (i) within the last five years, has filed a registration statement that is the subject of a currently effective registration stop order entered by any state securities administrator or the SEC;
- (ii) within the last five years, has been convicted of any criminal offense in connection with the offer, purchase or sale of any security, or involving fraud or deceit;
- (iii) is currently subject to any state or federal administrative enforcement order or judgment, entered within the last five years, finding fraud or

deceit in connection with the purchase or sale of any security; or

(iv) is currently subject to any order, judgment or decree of any court of competent jurisdiction, entered within the last five years, temporarily, preliminarily or permanently restraining or enjoining such party from engaging in or continuing to engage in any conduct or practice involving fraud or deceit in connection with the purchase or sale of any security.

(C) Subparagraph (3)(B) shall not apply if:

- (i) the party subject to the disqualification is licensed or registered to conduct securities related business in the state in which the order, judgment or decree creating the disqualification was entered against such party;
- (ii) before the first offer under this exemption, the state securities administrator, or the court or regulatory authority that entered the order, judgment, or decree, waives the disqualification; or
- (iii) the issuer establishes that it did not know and in the exercise of reasonable care, based on a factual inquiry, could not have known that a disqualification existed under this paragraph.

(4) **General announcement.**

(A) A general announcement of the proposed offering may be made by any means.

(B) The general announcement shall include only the following information, unless additional information is specifically permitted by the Administrator:

- (i) The name, address and telephone number of the issuer of the securities;
- (ii) The name, a brief description and price (if known) of any security to be issued;
- (iii) A brief description of the business of the issuer in 25 words or less;
- (iv) The type, number and aggregate amount of securities being offered;
- (v) The name, address and telephone number of the person to contact for additional information; and
- (vi) A statement that:
 - (I) sales will only be made to accredited investors;
 - (II) no money or other consideration is being solicited or will be accepted by way of this general announcement; and
 - (III) the securities have not been registered with or approved by any state securities agency or the SEC and are being offered and sold pursuant to an exemption from registration.

(5) **Additional information.** The issuer, in connection with an offer, may provide information in addition to the general announcement under ~~(5)(4)~~, if such information:

- (A) is delivered through an electronic database that is restricted to persons who have been prequalified as accredited investors; or

(B) is delivered after the issuer reasonably believes that the prospective purchaser is an accredited investor.

(6) **Telephone solicitation.**

(A) No telephone solicitation shall be permitted unless prior to placing the call, the issuer reasonably believes that the prospective purchaser to be solicited is an accredited investor.

(B) Dissemination of the general announcement of the proposed offering to persons who are not accredited investors shall not disqualify the issuer from claiming the exemption under this order.

(7) **Notice filing.** The issuer shall file a notice of the transaction with the Department within 15 days after the first sale of securities subject to the Act. The notice must include the following: an executed copy of the NASAA Model Accredited Investor Exemption Uniform Notice of Transaction; the Oklahoma Accredited Investor Exemption Supplemental Information Form; a consent to service of process on Form U-2 and (if applicable) Form U-2A; a copy of the general announcement; and a fee as set forth in Section 1-612 of the Securities Act.

(8) **Disqualifying provision.** Failure to comply with (7) of this section shall not result in the loss of availability of the subject exemption unless the issuer, any of its predecessors or affiliates have been subject to a cease and desist order of the Administrator or any order, judgment, or decree by another state securities agency, the SEC or any court of competent jurisdiction temporarily, preliminarily or permanently enjoining such person for failure to comply with a notice filing requirement for a comparable exemption. This provision shall not apply if the Administrator determines, upon a showing of good cause, that it is not necessary under the circumstances that the exemption be denied. Requests for waivers of the disqualifying provision of this subsection shall be in writing setting forth the reasons therefor.

660:11-11-53. Exemptions for offers but not sales

Terms of the exemption. By authority delegated to the Administrator in Sections ~~1-202~~ 1-202.18 and 1-203 of the Securities Act, the following transactions are determined to be classes of transactions for which registration is not necessary or appropriate for the protection of investors and are exempt from Sections 1-301 and 1-504 of the Securities Act: an offer to sell, but not a sale, of a security exempt from registration under the 1933 Act if:

- (1) a registration statement has been filed under this act, but is not effective,
- (2) the offeror is not aware of a stop order that has been issued by the Administrator under this act and does not know of an audit, inspection, or proceeding by the Department that may culminate in a stop order is by the offeror to be pending; and
- (3) the offer consists only of:

(A) publication or distribution of a solicitation of interest document that complies with the requirements of ~~17 CFR § 230.254~~ 17 CFR § 230.555 and

any subsequent oral communications with prospective investors and other broadcasts, also permitted by said section;

(B) a preliminary offering circular that complies with the requirements of ~~17 CFR § 230.255~~ 17 CFR § 230.254; or

(C) an offering document that contains the information required to be furnished in ~~17 CFR § 30.502(b)(2)~~ 17 CFR § 230.502(b)(2).

SUBCHAPTER 15. MISCELLANEOUS PROVISIONS

660:11-15-2. Protection from financial exploitation

(a) **Definitions.** The following words and terms, when used in this Section shall have the following meanings, unless the context clearly indicates otherwise:

(1) **"Account"** means any account of a broker-dealer or investment adviser for which a Protected Adult has the authority to transact business.

(2) **"Agencies"** means the one or more of the following: the Oklahoma Department of Human Services, the office of the district attorney in the county in which the suspected exploitation occurred, or the local municipal police or sheriff's department.

(3) **"Financial exploitation"** means:

(A) the wrongful or unauthorized taking, withholding, appropriation or use of money, assets, or property of a protected adult; or

(B) any act or omission taken by a person, including through the use of a power of attorney, guardianship, conservatorship or any other authority, regarding a protected adult, to:

(i) obtain control, through the use of intimidation, undue influence, coercion, harassment, duress, deception, false representation or false pretense, over the protected adult's money, assets or property; or

(ii) convert money, assets, or property of the protected adult.

(4) **"Protected adult"** means

(A) an individual 62 years of age or older; or

(B) an incapacitated person or a vulnerable adult as such terms are defined in the Protective Services for Vulnerable Adults Act in Title 43A of the Oklahoma Statutes.

(b) **Agency disclosure.** As required by the Protective Services for Vulnerable Adults Act in Title 43A of the Oklahoma Statutes, if a broker-dealer or investment adviser reasonably believes that financial exploitation of a protected adult in this state has occurred, is occurring, may have been attempted, is being attempted, or will be attempted, the broker-dealer or investment adviser shall promptly notify one or more of the Agencies.

(c) **Third-party disclosures.** If a broker-dealer or investment adviser reasonably believes that financial exploitation relating to a protected adult has occurred, is occurring, may have

been attempted, is being attempted, or will be attempted, in and/or from this state, the broker-dealer or investment adviser may notify any third-party previously designated by the protected adult or any other third party that is reasonably associated with the protected adult.

(d) Temporary holds.

(1) A broker-dealer or investment adviser transacting business in and/or from this state with a protected adult may place a temporary hold on a transaction in and/or a disbursement of funds or securities from an account of such protected adult or an account on which such protected adult is a beneficiary if:

(A) the broker-dealer or investment adviser reasonably believes that financial exploitation of a protected adult has occurred, is occurring, has been attempted, or will be attempted; and

(B) the broker-dealer or investment adviser:

(i) immediately, but in no event more than two business days after the date the temporary hold is first placed provides oral or written notification, which may be electronic, of the temporary hold and the reason therefor to all parties authorized to transact business in the account; any third party previously designated by the protected adult to be contacted; and the Oklahoma Department of Securities; and

(ii) immediately initiates an internal review of the suspected or attempted financial exploitation of the protected adult, as necessary.

(2) Any temporary hold of a transaction or disbursement of funds or securities as authorized by this subsection will expire upon the earlier of:

(A) a determination by the broker-dealer or investment adviser that the transaction or disbursement of funds or securities will not result in financial exploitation of the protected adult; or

(B) not later than fifteen business days after the date on which the broker-dealer or investment adviser first placed the temporary hold on the transaction or disbursement of funds or securities, unless the broker-dealer or investment adviser's internal review of the facts and circumstances supports its reasonable belief that financial exploitation of the protected adult has occurred, is occurring, has been attempted, or will be attempted, in which case the broker-dealer or investment adviser may extend the temporary hold to not later than twenty-five business days after the date the broker-dealer or investment adviser first placed the temporary hold on the transaction or disbursement of the funds or securities; or

(C) at any time, an agency of competent jurisdiction or a court of competent jurisdiction may terminate or extend a temporary hold authorized by this subsection.

(e) Disclosure exceptions. Notwithstanding subsections (c) and (d) above, a notification permitted or required by this section shall not be made to any person the broker-dealer or investment adviser reasonably believes has engaged, is

engaged, or will engage, in suspected or attempted financial exploitation of the protected adult.

(f) Immunity from administrative liability. A broker-dealer or investment adviser that, in good faith and exercising reasonable care, complies with this section shall be immune from any administrative liability imposed through an action by the Department that might otherwise arise from a disclosure, placing a temporary hold on a transaction or disbursement of funds or securities, or providing access to records in accordance with this section.

(g) Records. A broker-dealer or investment adviser shall retain and provide access to or copies of records that are relevant to the suspected or attempted financial exploitation of a protected adult to the Oklahoma Department of Human Services and to law enforcement, either as part of a referral to, or upon request of, the Oklahoma Department of Human Services or law enforcement. The records may include historical records as well as records relating to the most recent transaction or transactions that may comprise financial exploitation of a protected adult. Nothing in this provision shall limit or otherwise impede the authority of the Administrator of the Oklahoma Department of Securities to access or examine the books and records of broker-dealers and investment advisers as otherwise provided by law.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 3. LICENSURE OF SPEECH-LANGUAGE PATHOLOGISTS AND AUDIOLOGISTS

690:10-3-3. Criteria considered for licensure

(a) The Board shall consider on an individual basis the request of each applicant for licensure under Section 1605 of the Speech-Language Pathology and Audiology Act, 59 O.S. 1605, as amended, using the criteria contained in the following Sections of these rules. Written notification from the chair or program director of an academic institution accredited by the Council on Academic Accreditation, or equivalent accrediting agency as determined by the Board, verifying that applicant attended the academic institution and completed the academic course work requirement and clinical practicum requirement, shall serve as presumptive proof of completion of the requirements. The Board retains the power to determine whether applicant has completed all requirements.

(b) Licensing of Military Service Members and Spouses

(1) The Board shall consider the equivalent education, training and experience completed by an applicant while the applicant was a member of the United States Armed Forces or Reserves, National Guard of any state, the Military Reserves of any state, or the Naval militias of any state, and apply it in the manner most favorable toward satisfying the qualifications for licensure.

(2) To determine whether education, training and experience completed by an applicant while the applicant was a member of the military as described in the preceding paragraph, the Board may consider, but is not limited to, determinations made by institutions of higher education based on the Guide to the Evaluation of Educational Experiences in the Armed Services, published by the American Council on Education.

(c) Criminal history.

(1) The Board shall maintain and make available to the public a list of criminal offenses that would disqualify an individual from obtaining or holding a license. The list shall be reviewed annually, and updated, if necessary, by the Board.

(2) A person with a criminal history record may at any time, including before obtaining any required education or training, request an initial determination of whether the person's criminal history would potentially disqualify the person from obtaining a license. The request must be in writing and include the applicable fee set forth in the Board's fee schedule. The request shall include either a copy of the person's criminal history record with explanation of each conviction mentioned in the criminal history record or a statement describing each criminal conviction.

including the date of each conviction, the court of jurisdiction and the sentence imposed. The person may include a statement with his or her request describing additional information for consideration by the Board including, but not limited to, information about his or her current circumstances, the length of time since conviction, what has changed since the conviction, evidence of rehabilitation, testimonials or personal reference statements.

(3) The Board shall issue an initial determination within sixty days of receipt of the items described in subsection (2) of this section. If the Board determines that the criminal history is disqualifying, the determination shall include the following:

(A) the crime that is disqualifying and the length of time for which it is disqualifying;

(B) any remedial action the applicant can take to become qualified;

(C) the earliest date the person may submit another request for consideration; and

(D) A statement that the notice of initial determination is only an initial determination for eligibility for licensure or certification based upon the information provided by the requestor.

690:10-3-7. Examination requirement and exceptions

(a) **Examination.** All applicants for licensure as a speech-language pathologist and/or audiologist must present evidence of successful completion of the examination approved by the Board. The examination must be passed within two (2) years after board approval of the applicant's first application for a license as a clinical fellow. Failure to pass the examination within this time period shall result in revocation of authorization to practice as a clinical fellow under supervision as defined in Subchapter 5 of this Chapter.

(1) The Board designates as its approved examinations the most current versions of the Educational Testing Service (ETS) Praxis II Audiology Exam and the Praxis II Speech-Language Pathology Exam, or any other national examination recognized by the Board to have similar standards equal to or higher than the ETS Praxis II exams. It shall be the responsibility of the applicant to assure that the testing vendor forwards the examination score to the Board.

(2) An applicant who fails an examination may retake it upon payment of another examination fee to the testing vendor and at any time the testing vendor regularly administers the ETS Praxis II Audiology and Speech-Language Pathology exams. Arrangements and fees are the responsibility of the applicant.

(3) Exceptions to the two year requirement may be granted by the Board under extenuating circumstances.

(b) **Waiver of examination.** The Board shall waive the examination and grant a license to any applicant who holds the Certification of Competence of the American Speech-Language-Hearing Association or its current equivalent in the area for which he is applying for licensure, provided that the current requirements for such certification are equivalent to or

greater than those for licensure under the Speech-Language Pathology and Audiology Licensing Act, 59 O.S. 1601, et. seq., as amended. The current requirements for the Certification of Clinical Competence of the American Speech-Language-Hearing Association are deemed the equivalent of those for licensure under the Act. Evidence of such certification shall be received by the Board directly from the American Speech-Language-Hearing Association. All fees associated with obtaining such evidence shall be borne by the applicant.

(c) **Reciprocity.** The Board may issue a license without examination to a person who holds a current license in another state or country in speech-language pathology or audiology according to the following conditions:

(1) the other state or country maintains a system and standard of qualifications and examinations for speech-language pathologists and audiologists which meet or exceed the current requirements for licensure in Oklahoma;

(2) payment of the Board's current fee for licensure; and

(3) submission of evidence satisfactory to the Board of proof of licensure in good-standing in another state or country.

(d) The Board shall expedite the process of licensure by reciprocity for applicants ~~who are~~^{whose spouse is an} active duty ~~member of the armed forces of the United States if: military personnel and their spouses.~~ The Board will issue a license within thirty (30) days of receipt of a completed application ~~if the conditions set forth in 10-3-7(c)(1) and (3) are met. The application fee for the military member and spouse are waived.~~

~~(4) the military service member is on active duty within Oklahoma or claims permanent residency within Oklahoma for the six (6) months prior to assignment to active duty or during the period of the active duty and~~

~~(2) the applicant left employment in another state to accompany the military service member spouse to Oklahoma.~~

SUBCHAPTER 5. LICENSURE OF SPEECH-LANGUAGE PATHOLOGY CLINICAL FELLOWS COMPLETING POST-GRADUATE CLINICAL FELLOWSHIP

690:10-5-1. License to practice as a speech-language pathology clinical fellow

Persons in the process of fulfilling the supervised clinical experience required by paragraph 3 of Subsection A of Section 1605 of the Speech-Language Pathology and Audiology Licensing Act, as amended, for licensure as a speech-language pathologist must obtain a clinical fellow license and practice as a clinical fellow under the supervision of a licensed speech-language pathologist until the Board issues the clinical fellow a speech-language pathologist license. ~~Upon completion of the clinical fellowship requirement, the applicant may apply for independent licensure and pay the required fee.~~

Permanent Final Adoptions

690:10-5-4. Application form for clinical fellows

Application for ~~authorization~~ license to practice as a clinical fellow ~~under supervision~~ shall be made in the same manner and on the same forms that are used to apply for licensure as a speech-language pathologist. Each application shall include a letter of agreement shall be provided with each application. The letter of agreement must be signed by both the applicant and the proposed supervisor, and must be submitted with the application. Said letter of agreement shall explicitly indicate that the supervisor agrees to supervise the clinical fellow's practice of speech-language pathology and that the supervisor accepts complete and full responsibility for the clinical fellow's activities and services. The supervising speech-language pathologist remains responsible for the clinical fellow's practice until one of the following occurs:

- (1) the Board issues the clinical fellow a speech-language pathologist license;
- (2) the supervisor give the Board and the clinical fellow written notice that supervision is terminated, or
- (3) the clinical fellow license expires.

690:10-5-5. ~~Authorization~~ Licensure period and extensions for clinical fellows

~~Authorization for practice as a~~ The clinical fellow license is valid under this Subchapter shall be for a period of one (1) calendar year from the date of approved by the Board's approval of the application for practice under supervision. The Board may grant the clinical fellow a full one (1) year extension of this authorization the license shall be considered only on upon written request of the clinical fellow and such request must be received prior to the end expiration of the one (1) year period of previous authorization licensure. Failure to apply for extension shall result in an automatic revocation of authorization to practice. A clinical fellow whose license expires prior to the Board's issuance of the speech-language pathologist license may not practice speech-language pathology unless exempt from licensure pursuant to 59 O.S. § 1604. Such revocation shall not jeopardize later application for authorization. If, during the completion of the clinical fellowship, it is necessary for a change of supervisors ~~supervisors to occur is necessary, it is the responsibility of the applicant the clinical fellow is responsible for notifying notify the Board of the change and to must submit revised paperwork a new letter of agreement for Board approval prior to the change in supervision.~~

690:10-5-6. Requirements for supervision of clinical fellows

(a) Clinical fellows must be supervised by a speech-language pathologist who has been licensed for a minimum of two years. Licensure as a clinical fellow does not count toward the two-year license requirement.

(b) Each supervising speech-language pathologist shall accept no more than two clinical fellows. Each supervisor holding licenses in both speech-language pathology and audiology is restricted to no more than two persons to supervise, in aggregate.

(c) ~~Beginning January 2017, the~~ The supervising speech-language pathologist must have successfully completed at least six hours of Board approved training in clinical supervision within ten years prior to requesting approval to supervise. At least three hours must include instruction in the knowledge and skills areas necessary for clinical fellow supervisors as identified by the American Speech-Language Hearing Association (ASHA), other organizations, or entities the Board deems acceptable. The remaining three hours may consist of other topics related to clinical supervision, including instruction specific to the supervision of speech-language pathology assistants.

(d) A speech-language pathologist who has completed six hours of training is eligible to supervise both clinical fellows and speech-language pathology assistants, provided that the six hour training includes three hours specific to supervision of clinical fellows and three hours specific to supervision of assistants.

SUBCHAPTER 7. LICENSURE OF SPEECH-LANGUAGE PATHOLOGY ASSISTANTS AND AUDIOLOGY ASSISTANTS

690:10-7-3. Supervision required

(a) The speech-language pathology assistant must be supervised by a speech-language pathologist who has been licensed for two years. Each supervisor shall accept no more than two assistants. Licensure as a clinical fellow does not count toward the two-year license requirement. Each practitioner licensed in both speech-language pathology and audiology is likewise restricted to two assistants in aggregate. Further, the total number of licensees supervised by a single supervisor shall not exceed two.

(b) ~~Beginning January 2017, the~~ The supervising speech-language pathologist must have successfully completed at least six hours of Board approved training in clinical supervision within ten years prior to requesting approval to supervise. Three hours must include instruction in the knowledge and skills areas necessary for speech-language pathology assistant's supervisors as identified by the American Speech-Language Hearing Association (ASHA), other organization or entity the Board deems acceptable. The remaining three hours may consist of other topics related to clinical supervision, including instruction specific to the supervision of clinical fellows. A speech-language pathologist who has completed six hours of training is eligible to supervise both clinical fellows and speech-language pathology assistants, provided that the six hour training includes three hours specific to supervision of clinical fellows and three hours specific to supervision of assistants.

(c) For the first 90 ~~workdays~~ calendar days following licensure, a speech-language pathology assistant shall practice under a minimum of 30% ~~supervision weekly, of which 20% is direct and 10% is indirect supervision with a minimum of 8 indirect supervising activities per month. For those speech-language pathology assistants working less than 20 hours per week, a minimum of 4 indirect supervisory activities are required per month.~~ After successful completion

of the first 90 ~~workdays~~ calendar days, a minimum of 10% of direct supervision is required with ~~20% indirect supervision~~ a minimum of 8 indirect supervisory activities per month. For those speech-language pathology assistants working less than 20 hours per week, a minimum of 4 indirect supervisory activities are required per month. The ~~Supervisor~~ supervisor for a speech-language pathology assistant who regularly practices twenty hours or less per week may request that the number of hours of supervision be calculated based on the assistant's total number of hours of practice in each month, rather than each week. The supervising speech-language pathologist must be available by electronic means at all times when the speech-language pathology assistant is performing clinical activities. The supervision must be documented on a supervision log signed by the supervisor and the assistant. Direct supervision must also be documented on the client/patient session note. Records of supervision are subject to inspection by the Board.

(1) Direct supervision: in-view observation and guidance by a speech-language pathologist while the speech-language pathology assistant is providing an assigned clinical service to a patient. While directly supervising, the speech-language pathologist may not perform any clinical services unrelated to the client/patient receiving services from the speech-language pathology assistant.

(2) Indirect supervision means the supervising speech-language pathologist is engaged in supervisory activities other than direct supervision, observation and guidance of the assistant while the assistant is providing an assigned clinical service to a patient. Indirect supervision activities performed by the supervising speech-language pathologist may include but are not limited to demonstration, record review, review and evaluation of audio or videotaped sessions, and interactive television and supervising conferences that may be conducted by telephone, email or live webcam.

(d) The supervising speech-language pathologist is responsible for exercising his or her professional judgment to determine the appropriate level of supervision at or above the required minimum necessary to ensure that each client/patient receives competent services. The supervising speech-language pathologist should consider:

- (1) the individual speech-language pathology assistant's knowledge, experience and competence;
- (2) the treatment setting;
- (3) the client/patient's diagnosis/prognosis; and
- (4) the nature of the assigned clinical service.

(e) For audiology assistants, direct supervision is required when the assistant is performing activities involving direct patient care. Direct supervision requires the supervising audiologist to be present on-site for supervision and guidance of the assistant. Indirect supervision of the audiology assistant is permissible when the audiology assistant is performing duties or activities that do not involve direct patient care. Indirect supervision requires the supervising audiologist to be available for instruction or guidance but does not require the supervising audiologist to be present on-site. The audiology assistant must be supervised by an audiologist who has been licensed

for two years. Each supervisor shall accept no more than two assistants.

SUBCHAPTER 3. EQUALIZATION STUDY

PART 1. GENERAL PROVISIONS

710:10-3-18. Equalization study finding; submission to State Board of Equalization

(a) **Compliance with equalization study requirements.** Upon completion of the equalization study, the Oklahoma Tax Commission Ad Valorem Division shall report median audited assessment percentages for each property classification. Counties found to be within the Constitutional assessment percentage range of 11 to 13.5 percent, with all three classes of real property within the deviation range of 1.5 percent from the highest to the lowest ratio, shall be certified to the State Board, as being in compliance with equalization audit requirements.

(1) **Class deviations.** All counties must have all three classes of real property within the deviation range of 1.5 percent range, from the highest to the lowest ratio, in order to be in compliance, regardless of overall median ratio. [See: Art. 10, Section 8(A)(2), Okla. Const.]

(2) **Annual valuation.** The county must annually value all taxable real and personal property within the county, as required by 68 O.S. §§ 2817; 2829; and 2830, regardless of overall median ratio.

(3) **Constitutional compliance.** The county must be in compliance with Article 10, Section 8, of the Oklahoma Constitution, concerning assessment percentage limitation for real and personal property; with Section 8B, concerning the applicable valuation limitation on increases in fair cash value; and Section 8C, concerning limitations on fair cash value on certain homestead property, regardless of the overall median ratio.

(b) **Categories of noncompliance.** As specified in 68 O.S. §2830, the findings of the equalization study shall constitute the monitoring responsibilities specified in that statute. For purposes of that statute, the following three categories specified are defined:

(1) **Category One noncompliance.** If a county is found out of compliance on its annual equalization study in December, the county would be classed in Category One noncompliance. The county would have until the following June 15 meeting of the State Board of Equalization to correct the deficiencies noted in the equalization study. [See: 68 O.S. § 2830]

(2) **Category Two noncompliance.** If the county did not correct the problems noted in the equalization study by the June 15 date, ~~this will be noted in it~~ it shall be included in the Oklahoma Tax Commission's report to the State Board of Equalization with a recommendation to re-classify the county to Category Two noncompliance. At the next State Board of Equalization meeting in December, if all compliance criteria have been achieved, the State Board of Equalization would determine the county in compliance. If the county was found not in compliance at the December meeting, the county would then have until the following June 15 meeting to achieve compliance. If compliance was not achieved, the State Board of Equalization would

have the option not to certify the county abstract until all compliance criteria had been achieved and to reclassify the county Category Three noncompliance.

(3) **Category Three noncompliance.** If a county which has been previously classified Category Two and has failed to meet compliance criteria set forth by the State Board, the county would be classified Category Three noncompliance. The State Board of Equalization may elect not to certify the abstract.

(c) **Right of appeal.** Under 68 O.S. § 2882, a district attorney, acting under the direction of the board of county commissioners, can appeal a decision of the State Board of Equalization. Pursuant to 68 O.S. § 2883, a county assessor may appeal the decision of the Oklahoma Tax Commission of Category Two or Three noncompliance.

PART 3. DATA COLLECTION

710:10-3-25. Collection of assessment data

The Oklahoma Tax Commission staff will collect assessment data for the prior year and current year in the following manner:

(1) The prior year assessments will be collected immediately upon completion of the data collection process.

(2) The current year assessments will be collected after ~~submission of the county abstract to the Oklahoma Tax Commission June 1st.~~

(3) The current and previous years' assessments to be included in the equalization study will be submitted to the ~~County~~ county assessors for their review pursuant to 710:10-3-36.

(4) The book and page number of the sales to be included in the equalization study may be submitted as soon as available.

GIST/ANALYSIS:

Section 710:50-15-32 has been amended to implement the provisions of SB 485 which eliminates the small business incubator sponsor income tax exemption and amends the small business incubator tenant income tax exemption by eliminating the 75% requirement. [(74:5072, 5075 and 5078)]

Section 710:50-15-51 has been amended in accordance with the Veterans Benefits and Transition Act of 2018; a spouse may elect to use the same residence for tax purposes as the servicemember for tax years beginning on or after January 1, 2018. New Section 710:50-15-69 has been added to implement the provisions of SB 893 which reinstates the income tax deduction for expenses incurred to provide care for a foster child. [68:2358.5-1]

Section 710:50-15-81, which relates to the income tax credit for qualified clean-burning motor vehicle fuel property, has been amended to implement the provisions of HB 2095 which extended the sunset date from tax year 2019 to tax year 2027 and imposed a state wide cap of \$20,000,000 effective for tax year 2020. [68:2357.22]

Section 710:50-15-116, which relates to income tax credits for qualified employers and engineers in the vehicle manufacturing industry, has been amended to implement the provisions of HB 1884; automotive parts manufacturing entities are either eligible for the tax credit or as a qualifying industry for the tax credit, provided that the entity is first placed in service on or after November 1, 2019. Additionally, the definition of "motor vehicle" is expanded to include buses and truck-tractors. [68:2357.404]

New Section 710:50-15-117 has been added to implement the provisions of HB 2759 which enacted a non-refundable income tax credit for individuals employed as qualified software or cybersecurity employees effective for tax years 2020 through 2029. [68:2357.405]

Sections 710:50-17-1 and 710:50-19-1 have been amended to require the electronic filing of Oklahoma corporate income tax returns and partnership income tax returns. [68:203]

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 15. OKLAHOMA TAXABLE INCOME

PART 3. EXEMPTIONS

710:50-15-32. Small business incubators incentive

(a) **General provisions.** Certain exemptions for the levy of Oklahoma income tax may be allowed for income earned by qualifying sponsors and tenants pursuant to the provisions of the Small Business Incubators Incentive Act (74 O.S. ~~1991~~, §5071 et seq.)

(b) **Definitions.** The following words and terms, when used in this Section, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Act"** means the Small Business Incubators Incentives Act (74 O.S. ~~1991~~, §5071 et seq.).

(2) **"~~Arms-length~~Arm's-length basis"** means that standard under which unrelated parties, each acting in his or her own best interest, would carry out a particular transaction.

(c) **Exemption for sponsors.** For tax years ending before January 1, 2020, income earned by a sponsor from rental fees, service fees or any other form of payment for services provided to a tenant as an operator of an incubator, or for providing funding for such a facility, shall be exempt from state income tax for a period not to exceed ten (10) years from the date of the tenant's occupancy in an incubator. Procedures applicable to sponsors under the Act are as follows:

(1) An approved copy of the Small Business Incubator Incentives Program application must be submitted with the Oklahoma Income Tax Return when it is filed with the Oklahoma Tax Commission.

(2) The amount of exemption will be limited to the net income. If the sponsor is involved in other operations, allocations of overhead applicable to the income must be made on an ~~arms-length~~arm's-length basis.

(3) An audit may be made to verify the income received and expenses relating to the business.

(4) An allowable Oklahoma NOL carryback or carry-over shall not include any income or loss attributable to this Section.

(5) Income exempt from income tax is limited to that listed in the Act.

(d) **Exemption for tenants.** Procedures applicable to tenants under the Act are as follows:

(1) The amount of exemption will be limited to the net income. If the tenant is involved in other operations, allocations of overhead applicable to the income must be made on an ~~arms-length~~arm's-length basis.

(2) An audit may be made to verify the income received and expenses relating to the business. If the tenant is organized as either a Subchapter S Corporation or a partnership, the exemption ~~will~~may flow through to the shareholder or partner, as applicable.

(3) An allowable Oklahoma NOL carryback or carry-over shall not include any income or loss attributable to this Section which is the result of such operation. [See: 74 O.S. ~~1991~~, §§5075(B), 5078(B)]

(4) ~~Effective November 1, 2001, the~~The period of income exemption for income earned as a result of activities conducted as an occupant, for tenants of incubators is ten (10) years from the date of occupancy in the incubator. The tenant is not required to be an occupant of the incubator for the full ten (10) years to receive the exemption, however, the exemption period cannot exceed a total of ten (10) years for any tenant. ~~The~~

(5) For tax years ending before January 1, 2020, the exemption is applicable in years six (6) through ten (10) only if the tenant makes at least seventy-five percent (75%)

of its gross sales to buyers located outside of Oklahoma, to buyers whose principal business activity is located outside of Oklahoma, to the federal government, or to buyers in this state if the product or service is resold to an out-of-state customer or buyer for ultimate use. In years six (6) through ten (10), failure of a tenant to achieve the qualifying percentage for the exemption in any single year will not result in disqualification for subsequent years. [See: 74 O.S. § 5078]

PART 5. OTHER ADJUSTMENTS TO INCOME

710:50-15-51. Military pay of nonresidents and income earned by spouse of nonresident servicemember

(a) Military pay earned in Oklahoma by nonresident personnel, stationed in Oklahoma while on active duty, shall be exempt from Oklahoma ~~Income Tax~~ income tax. These earnings are treated as "out-of-state" out-of-state income. This exemption applies only to military pay earned in Oklahoma; and, any other income from the performance of a service other than military duty is subject to Oklahoma ~~Income Tax~~ income tax.

(b) Beginning with tax year 2009, a nonresident spouse of a nonresident servicemember may be exempt from Oklahoma income tax on income from services performed in Oklahoma if all of the following conditions are met:

- (1) The ~~service member~~ servicemember is in Oklahoma in compliance with military orders;
- (2) The spouse is in Oklahoma to be with the ~~service member~~ servicemember; and
- (3) The spouse maintains the same domicile as the ~~service member~~ servicemember or, for tax years beginning on or after January 1, 2018, elects to use the same residence for tax purposes as the servicemember in accordance with the Veterans Benefits and Transition Act of 2018.

(c) The following types of income of a nonresident spouse of a nonresident ~~service member~~ servicemember are not exempt from Oklahoma income tax:

- (1) Income from an unincorporated business activity conducted in Oklahoma.
- (2) The distributive share of the Oklahoma part of partnership income, gains, losses or deductions.
- (3) The distributive share from Subchapter S Corporations doing business in Oklahoma.
- (4) Net rents and royalties from real and tangible personal property located in Oklahoma.
- (5) Gains from the sales or exchanges of real property, located in Oklahoma.

710:50-15-69. Deduction for foster care expenses

(a) **General provisions.** In taxable years beginning after December 31, 2018, an income tax deduction is allowed to individual taxpayers who contract with a child-placing agency to provide care for a foster child.

(b) **Deduction.** The deduction is for expenses incurred to provide care for a foster child not to exceed Five Thousand

Dollars (\$5,000.00) or Two Thousand Five Hundred Dollars (\$2,500.00) for married persons filing separately.

(c) **Qualification.** A taxpayer must be under contract with a child-placing agency, as defined in Section 402 of Title 10, for at least six (6) continuous months regardless of the tax year during which the care occurs. If a taxpayer is under contract with a child-placing agency and providing care for a foster child for at least six (6) continuous months, but less than six (6) months of the tax year, taxpayer may claim only a pro rata share of the credit. For example, if a qualifying taxpayer contracts with a child-placing agency and begins providing care for a foster child on May 1, 2018 and ending on March 31, 2019, taxpayer may deduct up to \$2,500 (3/6 x \$5,000.00) for expenses incurred in 2019 on their 2019 income tax return.

PART 7. CREDITS AGAINST TAX

710:50-15-81. Credit for qualified clean-burning motor vehicle fuel property

(a) **Definitions.** For purposes of the clean-burning motor vehicle fuel property credit, "**motor vehicle**" means a motor vehicle originally designed by the manufacturer to operate lawfully and principally on streets and highways. [See: 68 O.S. § 2357.22(C)] "**Vehicle**" shall not mean conveyor belts, forklifts, riding mowers, tractors, or other similar items. An entity that converts property to qualified clean-burning motor vehicle fuel property may lease such property and retain the right to claim the credit. Property on which the credit has previously been claimed is ineligible for the credit.

(b) **Limitations of eligibility.** No qualified establishment, nor its contractors or subcontractors, that has received or is receiving an incentive payment pursuant to Section 3601 et seq. of the Oklahoma Statutes, (Oklahoma Quality Jobs Program Act), or Section 3901 et seq. of the Oklahoma Statutes, (Small Employer Quality Jobs Incentive Act), shall be eligible to receive the credit for qualified clean-burning motor vehicle fuel property provided by 68 O.S. §2357.22, in connection with the activity and establishment for which incentive payments have been, or are being received. [See: 68 O.S. §§3607, 3909]

(c) **Hydrogen fuel cell.** The credit for equipment installed on a vehicle propelled by a hydrogen fuel cell shall only be eligible for tax year 2010.

(d) **Sunset date.** This credit will only be available through tax years beginning before January 1, 2020 December 31, 2027.

(d) **Tax credit limitation.** For tax years beginning on or after January 1, 2020, the total amount of credits used to offset tax shall be adjusted annually to limit the annual amount of credits to Twenty Million Dollars (\$20,000,000.00). The Tax Commission shall annually calculate and publish by the first day of the affected taxable year a percentage by which the credits shall be reduced so the total amount of credits used to offset tax does not exceed Twenty Million Dollars (\$20,000,000.00) per year.

Permanent Final Adoptions

710:50-15-116. Credit for qualified employers and employees in the vehicle manufacturing industry

(a) **General provisions.** For tax years beginning after December 31, 2018, and ending before January 1, 2026, three (3) credits are allowed against the tax imposed by Section 2355 of Title 68 for the employment of qualified employees ~~in the vehicle manufacturing industry:~~

- (1) Credit for qualified employers for tuition reimbursement to qualified employees.
- (2) Credit for qualified employers for compensation paid to qualified employees.
- (3) Credit for qualified employees.

(b) **Definitions.** The following words and terms, when used in this Section, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Qualified employee".**

(A) A qualified employee is any person newly employed in Oklahoma by a qualified employer on or after January 1, 2018. A qualified employee may include a person whose prior employment was not as a full-time engineer, or whose employment was not in the state of Oklahoma, even though employed by the same qualified employer.

(B) The qualified employee must have been awarded an undergraduate or graduate degree from a qualified program by an institution.

(C) Qualified employee may include a person who has been awarded an undergraduate or graduate degree from a qualified program by an institution and is employed by a professional staffing company and assigned to work in vehicle manufacturing in this state.

(D) Qualified employee may include a person who was employed in vehicle manufacturing in the state of Oklahoma prior to January 1, 2018, but not as a full-time engineer, prior to being awarded an undergraduate or graduate degree from a qualified program by an institution.

(E) Qualified employee does not include a person employed in vehicle manufacturing in this state immediately preceding employment or contracting with a qualified employer.

(F) Qualified employee does not include any person employed in vehicle manufacturing in the state of Oklahoma as a full-time engineer prior to January 1, 2018.

(2) **"Vehicle manufacturing", which includes vehicle manufacturing and automotive parts manufacturing,** means a private or public company first placed in operation in this state after November 1, 2018, for vehicle manufacturing and November 1, 2019, for automotive parts manufacturing which is engaged in the research, development, design and manufacture of motor vehicles which may be driven on the avenues of public access or in automotive parts manufacturing. For purposes of this Section, "motor vehicle" does not include ~~buses, low-speed electric vehicles, truck-tractors~~ or motor vehicles manufactured primarily, but not exclusively, for off-road use,

such as primarily for use on a golf course. For operations placed in service after November 1, 2018, and before November 2, 2019, "motor vehicle" also does not include buses or truck-tractors.

(3) **"Compensation", "institution", "qualified employer", "qualified program", and "tuition"** shall be defined as in Section 2357.404 of Title 68 of the Oklahoma Statutes.

(c) **Credit for tuition reimbursement.**

(1) Qualified employers are allowed a credit against the tax imposed pursuant to Section 2355 of Title 68 of the Oklahoma Statutes based on the amount of tuition reimbursed to a qualified employee.

(2) The credit for tuition reimbursement may only be claimed if the qualified employee has been awarded an undergraduate or graduate degree within one (1) year of starting employment with the qualified employer.

(3) The credit for tuition reimbursement is equal to fifty percent (50%) of the tuition reimbursed to a qualified employee and may be claimed for the first through fourth years of employment with the qualified employer. The credit is only allowed to be claimed in the tax year that the tuition was reimbursed to the qualified employee and may not exceed in any taxable year fifty percent (50%) of the average annual amount paid by a qualified employee for enrollment and instruction in a qualified program at a public institution in Oklahoma.

(4) The credit for tuition reimbursement may not be used to reduce the tax liability of the qualified employer to less than zero (0), is not transferable and may not be carried over.

(5) The credit for tuition reimbursement may not be claimed after the fourth year of employment of the qualified employee.

(d) **Credit for compensation paid.**

(1) Qualified employers are allowed a credit against the tax imposed pursuant to Section 2355 of Title 68 of the Oklahoma Statutes for compensation paid to a qualified employee.

(2) The credit for compensation paid equals:

(A) Ten percent (10%) of the compensation paid for the first through fifth years of employment in vehicle manufacturing if the qualified employee graduated from an institution located in this state.

(B) Five percent (5%) of the compensation paid for the first through fifth years of employment in vehicle manufacturing if the qualified employee graduated from an institution located outside this state.

(3) The credit for compensation paid cannot exceed Twelve Thousand Five Hundred Dollars (\$12,500.00) for each qualified employee annually.

(4) The credit for compensation paid may not be used to reduce the tax liability of the qualified employer to less than zero (0), is not transferable and may not be carried over.

(5) The credit for compensation paid may not be claimed after the fifth year of employment.

(e) **Credit for qualified employees.**

(1) A qualified employee shall be allowed a credit against the tax imposed pursuant to Section 2355 of Title 68 of the Oklahoma Statutes of up to Five Thousand Dollars (\$5,000.00) per year for a period of time not to exceed five (5) years.

(2) The credit authorized by this Section shall not be used to reduce the tax liability of the taxpayer to less than zero (0).

(3) Any credit claimed, but not used, may be carried over, in order, to each of the five (5) subsequent taxable years.

(f) **Limitation of credit.**

(1) Effective for tax years beginning on or after January 1, 2019, no more than Three Million Dollars (\$3,000,000.00) of credits authorized by (c) and (d) of this Section may be allowed as an offset in a taxable year. The Tax Commission shall determine the percentage which may be claimed as a credit no later than September 1 of each calendar year. In the event the total tax credits authorized by (c) and (d) of this Section exceed Three Million Dollars (\$3,000,000.00) in any tax year, the Tax Commission shall permit any excess over Three Million Dollars (\$3,000,000.00), but shall factor such excess into the percentage adjustment formula for subsequent years.

(2) Effective for tax years beginning on or after January 1, 2019, no more than Two Million Dollars (\$2,000,000.00) of credits authorized by (e) of this Section may be allowed as an offset in a taxable year. The Tax Commission shall determine the percentage which may be claimed as a credit no later than September 1 of each calendar year. In the event the total tax credits authorized by (e) of this Section exceed Two Million Dollars (\$2,000,000.00) in any tax year, the Tax Commission shall permit any excess over Two Million Dollars (\$2,000,000.00), but shall factor such excess into the percentage adjustment formula for subsequent years.

710:50-15-117. Credit for qualified software or cybersecurity employee

(a) **General provisions.** For tax years beginning on or after January 1, 2020, and ending before January 1, 2030, a qualified software or cybersecurity employee shall be allowed a credit against the tax imposed pursuant to Section 2355 of Title 68, subject to the provisions of (d) of this Section.

(b) **Definitions.** The following words and terms, when used in this Section, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Qualified software or cybersecurity employee".**

(A) A qualified employee is any person newly employed in Oklahoma by a qualified employer in a qualifying industry on or after November 1, 2019.

(B) The qualified employee must have been awarded a degree in an accredited program from a degree-producing institution as defined in 68 O.S. § 2357.405(A)(1), or has been awarded a certificate or credential in an accredited program from a technology center.

(C) The qualified employee must be employed in a qualifying industry by a qualified employer who pays its qualified employees a qualifying compensation for the county in which the qualified employer has its primary Oklahoma address.

(2) **"Accredited program", "Degree-producing institution", "Qualified employer", "Qualified industry", "Qualifying compensation", and "Technology center"** shall have the same meaning as the terms are defined in Section 2357.405 of Title 68 of the Oklahoma Statutes.

(c) **Credit.**

(1) The credit is Two Thousand Two Hundred Dollars (\$2,200.00) for a qualified software or cybersecurity employee who has been awarded a bachelor's or higher degree from an accredited program at a degree-producing institution, and One Thousand Eight Hundred Dollars (\$1,800.00) for a qualified software or cybersecurity employee who has been awarded an associate's degree from an accredited program at a degree-producing institution or a credential or certificate from an accredited program at a technology center.

(2) The credit may be claimed for a period of time not to exceed seven (7) years.

(3) The credit authorized by this Section shall not be used to reduce the tax liability of the taxpayer to less than zero (0).

(d) **Limitation of credit.** Effective for tax years beginning on or after January 1, 2022, no more than Five Million Dollars (\$5,000,000.00) of credits may be allowed as an offset in a taxable year. The Tax Commission shall annually determine by the first day of the affected year a percentage by which the credits authorized shall be reduced so the total amount of credits used to offset tax does not exceed Five Million Dollars (\$5,000,000.00) per year.

(e) **Letter ruling.** An employer may request a letter ruling to determine whether an employer meets the definition of a "qualified employer". The requesting party must provide sufficient information to demonstrate that the employer meets the following requirements for a qualified employer:

(1) Employer is a sole proprietor, general partnership, limited partnership, limited liability company, corporation or other legally recognized business entity, or governmental entity;

(2) Employer has at least fifteen full-time employees;

(3) Employer's activities are in a "qualified industry", defined or classified in the most recent North American Industry Classification System (NAICS) manual under U.S. Sector Nos. 21, 22, 31-33, 48, 51, 52, 54, 55, 62 and 92;

(4) Employer pays its employees a qualifying compensation for the county in which the qualified employer has its primary Oklahoma address.

(5) Employer is either not participating in the Oklahoma Quality Jobs Program Act, the Small Employer Quality Jobs Incentive Act or the 21st Century Quality Jobs Incentive Act or, if employer is participating in one of these programs, the qualified software or cybersecurity employees are included in baseline employment for the

purposes of the Oklahoma Quality Jobs Program Act, the Small Employer Quality Jobs Incentive Act and the 21st Century Quality Jobs Incentive Act.

SUBCHAPTER 17. OKLAHOMA TAXABLE INCOME FOR CORPORATIONS

PART 1. GENERAL PROVISIONS

710:50-17-1. Corporate returns

(a) Any corporation doing business within or deriving income from sources within Oklahoma is required to file an Oklahoma Corporation Income Tax Return, whether or not a tax is due. All Oklahoma corporate income tax returns, beginning with tax year 2020 returns, must be filed electronically in the format prescribed by the Commission.

(b) Any corporation is subject to Oklahoma income taxes if it has "nexus" with Oklahoma. The purpose of this Subchapter is to provide guidelines for determining what constitutes "nexus", that is, what business activities are needed for any corporation to be subject to Oklahoma ~~Income Taxes~~income taxes.

SUBCHAPTER 19. OKLAHOMA TAXABLE INCOME FOR PARTNERSHIPS

710:50-19-1. Partnership return

(a) **General provisions.** The Oklahoma distributive share of partnership income shall be the same portion of that reported for Federal Income Tax purposes. OTC Form 514 is used to report income. [See: 68 O.S. §§2358, 2362, 2363]

(1) **Oklahoma source income or loss.** When a partnership has source income or loss then that partnership must file a return showing the income or loss applicable to Oklahoma. The partnership shall also furnish a detailed schedule stating the amount of income distributable to each partner from Oklahoma sources.

(2) **Duty to file and report; determination of shares.** All resident partners must file individual income tax returns with Oklahoma if they are required to file individual Federal Income Tax Returns. All nonresident partners that have gross income of \$1,000.00 must file an Oklahoma Return even though their net may actually be a loss. The partnership income for Oklahoma may be apportioned using the three factor formula unless its operations are from real and tangible personal property, such as rents, oil and mining production or royalties, and gains or losses from sales of such property; then the income or loss shall be allocated in accordance with the situs of such property. The partner's distributive share of Oklahoma income or loss shall be the same proportion to the partner's distributive share of income or loss shown on the Federal Partnership Return.

(3) **No credit for income taxes paid other jurisdictions.** Neither residents nor nonresidents are allowed a credit for income taxes paid to other jurisdictions on partnership income.

(4) **Composite returns.** For tax years beginning on or after January 1, 2013, Oklahoma will allow partnerships with two or more partners to file composite returns for nonresident partners as set forth in (A) through (D) of this paragraph.

(A) **Individual partners and trust partners.** Compute each nonresident individual or trust partner's share of Oklahoma distributive income and income tax as follows:

(i) Calculate the Oklahoma distributive share of each nonresident individual and trust partner's income as if all of the partnership income was earned in Oklahoma. In determining taxable income of individual partners filing a composite return, no deductions for the standard deduction, personal exemptions, federal income tax paid, or dependents is permitted.

(ii) Using the Oklahoma individual income tax rates for the applicable tax year, compute a **base tax** for each partner using the highest marginal tax rate, based on the taxable income from (i) of this subparagraph.

(iii) Calculate the actual Oklahoma distributive share of income of each partner.

(iv) The base tax determined from (ii) of this subparagraph is to be prorated to determine the Oklahoma income tax of each partner. Divide each partner's actual Oklahoma distributive share as determined in (iii) of this subparagraph, by each partner's distributive income from all sources as determined by (i) of this subparagraph. Multiply this percentage times the base tax to calculate the actual Oklahoma income tax of each partner. Nothing in this section shall be construed to allow for more than one hundred percent (100%) of a nonresident partner's income to be taxed.

(B) **Corporate partners, S Corporation partners and Partnership partners.** Compute each nonresident corporate, S corp or partnership partner's share of Oklahoma distributive income, using the partner's share of Oklahoma distributive income and the Oklahoma corporate income tax rates, to compute each partner's Oklahoma tax.

(C) **Form.** The income and tax of all partners included in the composite return must be combined on Oklahoma Tax Commission Form 514.

(D) **Schedule to be provided.** Oklahoma Tax Commission Form 514 PT must be enclosed with the Form 514 to show the computation of each nonresident partner's Oklahoma distributive income and Oklahoma tax. The schedule of nonresident partner's information may be provided on magnetic media, electronically, or in another format which meets Tax Commission guidelines.

(b) **When electronic filing is required.**

(1) **Schedule K-1.** For tax years beginning on or after December 31, 2004, partnerships with more than one hundred (100) partners are required to electronically file their Schedule K-1's with the Oklahoma Tax Commission. The format for filing electronically will be in either a spreadsheet format, such as Lotus 1-2-3 or Excel; or a database format, such as DBF or Access. A partnership is deemed to have "more than one hundred (100) partners" if, over the course of the partnership's tax year, the partnership had more than one hundred (100) partners at any time.

(2) **Oklahoma partnership income tax return.** For tax years beginning on or after January 1, 2020, all Oklahoma partnership income tax returns must be filed electronically in the format prescribed by the Commission.

(c) ~~When electronic filing is not permitted.~~ Partnerships filing the following types of returns are not required to file Schedule K-1's electronically:

- (1) ~~A non-calendar year return;~~
- (2) ~~Returns with a non-U.S. address; or,~~
- (3) ~~Amended returns.~~

(d) **Waiver of electronic filing requirement for hardship.** Partnerships may also obtain a waiver from the electronic filing requirement if the partnership demonstrates that a hardship would result if it were required to file electronically.

CONTACT PERSON:

Lisa R. Haws, Tax Policy Analyst, Tax Policy and Research Division, Oklahoma Tax Commission, 2501 North Lincoln Boulevard, Oklahoma City, Ok 73194, 405-521-3133.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 5. MOTOR VEHICLE TITLES

PART 5. CERTIFICATES OF TITLE

710:60-5-62. Lemon law buyback title brand

Any manufacturer reacquiring or assisting a dealer or lienholder in reacquiring a motor vehicle registered in this state shall, prior to any sale, lease or transfer of the vehicle in this state, or prior to exporting the vehicle to another state, shall retitle the vehicle in the name of the manufacturer and the certificate of title shall be branded with the notation "Lemon Law Buyback". Any branding of a title as a "Lemon Law Buyback" shall remain permanently on the title.

SUBCHAPTER 9. MOTOR VEHICLE LICENSE AGENTS/AGENCIES

PART 1. GENERAL REQUIREMENTS, DUTIES AND RESPONSIBILITIES OF MOTOR LICENSE AGENTS

710:60-9-2. Consanguinity; residency

(a) No person shall be appointed as a motor license agent that is related by consanguinity (by blood relation) or affinity (by marriage) within the third degree to any member of the Oklahoma Legislature, ~~to any person who has served as a member of the Oklahoma Legislature within the two year period preceding the date of appointment as a motor license agent~~ Tax Commission or to any employee of the Oklahoma Tax Commission.

(b) Any motor license agent appointed according to the provisions of 47 O.S. §1114.2 shall have been a resident of the county in which his/her agency is located for a period of six (6) months prior to his/her appointment. Provided, that if a

motor license agent moves his residence to a place outside the county, he/she shall forfeit his/her appointment. It shall be the duty of any motor license agent who establishes, or plans to establish, his/her residence in a county other than that in which his/her motor license agency is located to immediately notify the Oklahoma Tax Commission.

(c) A motor license agent may relocate the agency to a county in which the agent does not reside, provided that the agency remains within the same municipality. Such relocation must be approved by the Oklahoma Tax Commission.

PART 13. PROVISIONS FOR MOTOR LICENSE AGENT APPLICATION AND APPOINTMENT

710:60-9-134. Motor license agency location, staffing, equipment, office space, parking, and hours

(a) The location of the applicant's agency shall not be within a three (3) mile radius of an existing agency unless the applicant assumes the location of an existing agency. If the applicant assumes the location of an existing agency, the current agent may submit a letter of resignation contingent upon the appointment of the applicant regardless of the population of the municipality in which the agency is located. The Oklahoma Tax Commission may, at its discretion, approve the relocation of an existing agency within a three (3) mile radius of another existing agency only if a naturally intervening geographic barrier within that radius causes the locations to be separated by not less than three (3) miles of roadway by the most direct route.

(b) No motor license agent shall select a location owned by a member of the Oklahoma ~~Legislature Tax Commission or an employee of the Oklahoma Tax Commission~~ or to any person related to a member of the Oklahoma ~~Legislature Tax Commission or an employee of the Oklahoma Tax Commission~~ within the third degree of consanguinity (by blood relation) or affinity (by marriage).

(c) The number of agency employees is to be determined by the motor license agent subject to the Oklahoma Tax Commission's approval.

(d) The motor license agent shall maintain adequate equipment to accommodate the employees of the agency and sufficient seating arrangements for the taxpayers as determined by the Oklahoma Tax Commission.

(e) The Oklahoma Tax Commission shall determine the amount of office space the motor license agent shall maintain to provide a working area for the employees which is separate from the waiting area of the public. However, the amount of such office space shall not be less than Eight Hundred (800) square feet.

(f) The Oklahoma Tax Commission shall determine the amount of public parking the motor license agent shall maintain. However, the number of parking spaces shall not be less than five (5) with at least one (1) space reserved for disabled persons. It shall be the responsibility of the motor license agent to ensure compliance with all applicable local and ADA

(Americans with Disabilities Act) parking and customer access requirements.

(g) In addition to the payment of costs required by *OAC* 710:60-9-131(f) for new agents, existing motor license agents shall be responsible for all costs incurred by the Tax Commission when relocating an existing agency. Such payment may be waived by the Tax Commission in case of emergency or unforeseen business conditions beyond the control of the agent.

(h) The motor license agent shall provide and maintain, within the agency, a personal computer with internet access for use during normal business hours. The personal computer equipment provided by the motor license agent must satisfy the technical requirements established for such equipment by the Commission. Should those technical requirements change, it shall be the responsibility of the motor license agent to upgrade or replace their personal computer equipment as necessary to remain in continuous compliance.

SUBCHAPTER 13. SALES AND USE TAX EXEMPTIONS

PART 29. MANUFACTURING

710:65-13-158. Sales of rolling stock

Sales of rolling stock locomotives, autocars, and railroad cars when sold or leased by the manufacturer are exempt from sales tax. 68 O.S. § 1357(41) On or after July 1, 2019, and prior to July 1, 2024, sales or leases of rolling stock when sold or leased by the manufacturer, regardless of whether the purchaser is a public services corporation engaged in business as a common carrier of property or passengers by railway, for use or consumption by a common carrier directly in the rendition of public service are exempt from sales tax. For purposes of

this Section, "rolling stock" means locomotives, autocars and railroad cars and "sales or leases" includes railroad car maintenance and retrofitting of railroad cars for their further use only on the railways.

PART 31. MEDICINE, MEDICAL APPLIANCES, AND HEALTH CARE ENTITIES AND ACTIVITIES

710:65-13-169. Definitions

The following words and terms, when used in this Part, shall have the following meanings, unless the context clearly indicates otherwise:

"Drug" means a compound, substance or preparation, and any component of a compound, substance or preparation:

- (A) Recognized in the official United States Pharmacopoeia, official Homeopathic Pharmacopoeia of the United States, or official National Formulary, and supplement to any of them;
- (B) Intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease; or,
- (C) Intended to affect the structure or any function of the body. [68 O.S. § 1352(8)]

"Durable medical equipment" means equipment, including repair and replacement parts for same, which is used in the home; can withstand repeated use, is primarily and customarily used to serve a medical purpose, generally is not useful to a person in the absence of illness or injury, and is not worn in or on the body; ~~and is appropriate for use in the home.~~ **"Durable medical equipment"** does not include "mobility enhancing equipment". [68 O.S. Supp. 2003, § 1357.6(D) 1357.6(E)]

"Medical appliance, device, or equipment" includes corrective eyeglasses, hearing aids, contact lenses, prosthetic devices, durable medical equipment, and ~~mobility enhancing equipment~~.

~~**"Mobility enhancing equipment"**~~ **"Mobility-enhancing equipment"** means equipment, including repair and replacement parts for same, which:

- (A) Is primarily and customarily used to provide or increase the ability to move from one place to another and which is appropriate for use either in a home or a motor vehicle;
- (B) Is not generally used by persons with normal mobility; and,
- (C) Does not include any motor vehicle or equipment on a motor vehicle normally provided by a motor vehicle manufacturer.

~~**"Mobility enhancing equipment"**~~ **"Mobility-enhancing equipment"** does not include "durable medical equipment" as defined in this Section. [68 O.S. Supp. 2003, § 1357.6(E)]

"Over-the-counter drug" means a drug that contains a label that identifies the product as a drug as required by 21 C.F.R., Section 201.66. The over-the-counter-drug label includes:

- (A) A "Drug Facts" panel, or

- (B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation. [68 O.S. § 1352(17)]

"Practitioner" means a physician, osteopathic physician, allopathic physician, surgeon, podiatrist, chiropractor, optometrist, pharmacist, psychologist, ophthalmologist, nurse practitioner, clinical nurse specialist, audiologist or hearing aid dealer or fitter who is licensed by the state as required by law.

"Prescription" means an order, formula, or recipe issued in any form of oral, written, electronic, or other means of transmission by a duly licensed "practitioner", as defined by 68 O.S. § 1357.6. [68 O.S. § 1352(19)]

"Prosthetic device" means a replacement, corrective or supportive device, including repair and replacement parts for same, worn on or in the body to:

- (A) Artificially replace a missing portion of the body;
- (B) Prevent or correct physical deformity or malfunction; or,
- (C) Support a weak or deformed portion of the body.

"Prosthetic device" shall not include corrective eyeglasses, contact lenses, or hearing aids. [68 O.S. §§ 1357(22), ~~1357.6(C)~~ 1357.6(D)]

710:65-13-170. Medicines, drugs, hospitals, nursing homes, practitioners, and medical equipment and appliances, generally

(a) **Drugs.** Sales of drugs, except for over-the-counter drugs, prescribed for the treatment of human beings by a person licensed to prescribe the drugs are exempt from sales tax. Ocular lenses, if permanently implanted through medical surgery, and sales of insulin and medical oxygen are also exempt from sales tax. [68 O.S. § 1357(9)]

(b) **Prosthetic devices.** Sales of prosthetic devices as defined in 710:65-13-169 for use by an individual are exempt from sales tax.

(c) **Medical equipment, appliance, or device.** Except as set forth in 710:65-13-171 and 710:65-13-173, the sale or rental of medical equipment, appliances or devices is taxable. Examples of these taxable items are: syringes, replacement joints, bandages, oxygen regulators and tanks, crutches and wheelchairs.

(d) **Sales to hospitals, nursing homes and practitioners.** Notwithstanding the provisions outlined in subsection (b), sales of medical appliances, medical devices and other medical equipment to hospitals, infirmaries, sanitariums, nursing homes, and similar institutions, and practitioners are taxable when such items are furnished to their patients as part of the services provided. The institutions, companies and practitioners are considered to be the users or consumers. In-state vendors collect and remit the tax on sales of such property to the institutions, and use tax is due on out-of-state purchases. These institutions and practitioners primarily render services and are not liable for sales tax on receipts from meals, bandages, dressings, x-ray photographs, and other tangible personal property when used in rendering medical service to

Permanent Final Adoptions

patients, regardless of whether the tangible items are billed separately.

(e) **Sales to medical benefits recipients, generally.** Unless otherwise prohibited by federal or state law, if a vendor of medical equipment and devices makes a sale to an individual, the sale is not considered to be made to a governmental agency or insurance company, even if the individual assigns the proceeds of an insurance policy to the vendor and the vendor receives payment directly from the insurance company or the governmental agency via the assignment.

(f) **Sales tax refund claims.** Under circumstances where hospitals, nursing homes, similar institutions and practitioners dispense or provide medical appliances, medical devices or medical equipment to Medicare or Medicaid patients, a refund may be claimed by the institution or practitioner for the sales taxes previously paid by the institution or practitioner on such items.

(g) **Direct payment permits (DPP).** Health care providers may qualify for a direct payment permit, valid for three (3) years, pursuant to the provisions of Section 710:65-9-10 of this Chapter.

710:65-13-171. Sales of prosthetic devices, durable medical equipment and mobility-enhancing equipment to individuals

(a) **General provisions.** Sales of prosthetic devices, durable medical equipment and mobility-enhancing equipment when administered, distributed or prescribed by a practitioner who is authorized by law to administer, distribute or prescribe such items, for use by an individual are exempt from sales tax.

(b) **Applicable definitions.** For purposes of this Section:

(1) **"Prosthetic device"** means a replacement, corrective or supportive device, including repair and replacement parts for same, worn on or in the body to:

(A) Artificially replace a missing portion of the body;

(B) Prevent or correct physical deformity or malfunction; or,

(C) Support a weak or deformed portion of the body.

(2) **"Prosthetic device"** does **not** include corrective eye glasses, contact lenses, or hearing aids. A non-exhaustive list of prosthetic devices is set forth in 710:65-13-173(e).

(3) **"Use by that individual"** means usage for the purposes and in a manner for which the device was designed and intended.

(c) **Medicare and Medicaid recipients.** Documentation required to be maintained by the vendor. Eye glasses, contact lenses, and hearing aids are considered items of "medical equipment", and if their cost will be reimbursed by Medicare or Medicaid pursuant to the terms set out in 710:65-13-173, the sale is tax exempt. The documentation set out in (1) and (2) of this subsection must be obtained by the vendor and maintained as part of the vendor's records to substantiate the exemption claimed:

(1) Name and address of the purchaser or lessee or person on whose behalf the item is being purchased or leased;

(2) A copy of the prescription or work order.

710:65-13-173. Exemption for medical appliances, medical devices and other medical equipment furnished to Medicare/Medicaid program recipients

(a) **General provisions.** Sales of medical appliances, medical devices and other medical equipment are exempt if all of the following requirements are met:

(1) The item is a drug, medical appliance, medical device, or medical equipment as defined in 710:65-13-169.

(2) The item is administered or distributed by a "practitioner" or purchased or leased, by or on behalf of an individual, pursuant to a prescription or work order of a practitioner; and

(3) The item is furnished to a Medicare or Medicaid program recipient and the cost of said item will be reimbursed by Medicare or Medicaid.

(b) **Documentation required when reimbursement is made to vendor.** The documentation set out in (1) through (3) of this subsection must be obtained by the vendor and maintained as part of the vendor's records to substantiate the exemption claimed:

(1) Name and address of the purchaser or lessee or person on whose behalf the item is being purchased or leased;

(2) A copy of the prescription or work order; and

(3) A copy of the document which shows that the person on whose behalf the item is being purchased or leased is a Medicare or Medicaid patient.

(c) **Documentation required when reimbursement is made directly to the Medicare recipient.** The documentation set out in this subsection must be maintained as part of the claimant's records to substantiate the exemption claimed:

(1) Name and address of the purchaser or lessee or person on whose behalf the item is being purchased or leased;

(2) A copy of the prescription or work order;

(3) A copy of the eligible recipient's Medicare card; and

(4) A copy of the receipt or invoice issued by the vendor at the time of purchase, with a notation stating that the cost of the item is reimbursable by Medicare, but that Medicare will not be billed by the vendor.

(d) **Sales tax refund claims.** Under circumstances where hospitals, nursing homes, similar institutions and practitioners dispense or provide medical appliances, medical devices or medical equipment to Medicare or Medicaid patients, a refund may be claimed by the institution or practitioner for the sales taxes previously paid by the institution or practitioner on such items. The documentation set out in (1) through (3) of this subsection must be obtained as part of the claimant's records to substantiate the exemption claimed:

(1) Name and address of the purchaser or lessee or person on whose behalf the item is being purchased or leased;

(2) A copy of the prescription or work order; and

(3) A copy of the document which shows that the person on whose behalf the item is being purchased or leased is a Medicare or Medicaid patient.

PART 43. SOCIAL, CHARITABLE, AND CIVIC ORGANIZATIONS AND ACTIVITIES

710:65-13-366. Exemption for tax exempt organization who is an official member of the Fab Lab Network

(a) **Qualifications for exemption.** Effective November, 1, 2019, sales of tangible personal property or services are exempt from sales tax when made to, or by, an organization which is exempt from taxation pursuant to 26 U.S.C., Section 501(c)(3), who is an official member of the Fab Lab Network in compliance with the Fab Charter as verified by a letter from the MIT Fab Foundation and whose primary and principal purpose is to provide community access to advanced 21st century manufacturing and digital fabrication tools for science, technology, engineering, art and math ("STEAM") learning skills, developing inventions, creating and sustaining businesses and producing personalized products.

(b) **Application process.** Application for exemption is made by submitting to the Taxpayer Assistance Division,

Oklahoma Tax Commission, 2501 N. Lincoln Blvd., Oklahoma City, OK 73194, a completed Form 13-16-A, contained in Packet E available online at www.tax.ok.gov along with supporting documentation as follows:

(1) Letter from the Internal Revenue Service (IRS) recognizing the organization as exempt from federal income taxation pursuant to 26 U.S.C. Section 501(c)(3).

(2) A written description stating the activities of the organization which shows the applicant meets the criteria set out in subsection (a) above as evidenced by copies of:

(A) Articles of incorporation;

(B) By-laws;

(C) Brochure;

(D) Letter from the MIT Fab Foundation verifying the organization is an official member of the Fab Lab Network and in compliance with the Fab Charter.

(c) **Exemption limited to eligible, properly documented transactions.** Only sales of tangible personal property or services, purchased by the organization, invoiced to the organization, and paid for by funds or checks directly from the organization, will qualify for the exemption described in this Section.

(d) **Purchases by contractors.** Purchases of tangible personal property or services by a contractor, as defined by 68 O.S. § 1352, are taxable to the contractor. A contractor who performs improvements to real property for organizations which qualify for the exemption from sales tax on their purchases described in this Section may **not** purchase the tangible personal property or services to perform the contract exempt from sales tax under the exemption provided by statute to the qualified organizations.

710:65-13-367. Exemption for the American Legion

(a) **Qualifications for exemption.** Sales of tangible personal property or services are exempt from sales tax when made to the American Legion, whether the purchase is made by the entity chartered by the United States Congress or is an entity organized under the laws of this or another state pursuant to the authority of the national American Legion organization.

(b) **Application process.** Application for exemption is made by submitting to the Taxpayer Assistance Division, Oklahoma Tax Commission, 2501 N. Lincoln Blvd., Oklahoma City, OK 73194, a completed Form 13-16-A, contained in Packet E available online at www.tax.ok.gov along with supporting documentation as follows:

(1) Documentation that the applicant is the entity chartered as the American Legion by the U.S. Congress;

(2) Proof the applicant is organized under the laws of Oklahoma or another state pursuant to the authority of the national American Legion organization;

(3) Written confirmation the applicant is currently recognized as an organization of the American Legion.

(c) **Exemption limited to eligible, properly documented transactions.** Only sales of tangible personal property or services, purchased by the organization, invoiced to the organization, and paid for by funds or checks directly from the organization, will qualify for the exemption described in this Section.

(d) **Purchases by contractors.** Purchases of tangible personal property or services by a contractor, as defined by 68 O.S. § 1352, are taxable to the contractor. A contractor who performs improvements to real property for organizations which qualify for the exemption from sales tax on their purchases described in this Section may **not** purchase the tangible personal property or services to perform the contract exempt from sales tax under the exemption provided by statute to the qualified organizations.

THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE

SUBCHAPTER 1. GENERAL PROVISIONS

710:90-1-2. Definitions

Oklahoma Statutes provide that any term used in the Oklahoma Income Tax Code shall have the same meaning as when used in a comparable context in the Internal Revenue Code, unless a different meaning is clearly required. The terms used in this Chapter are subject to control by the Oklahoma Statutes, and therefore subject to the interpretation and application provided by the Internal Revenue Code. [See: 68 O.S. Sections 2353, 2385.1(b)] In addition, the following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"**Employee**", as described in this Section, means a "resident individual," performing services for an employer whether such services are performed within or without the State of Oklahoma, or both, and any "nonresident individual" performing services within the State of Oklahoma.

(A) The term "**employee**" includes every individual performing services if the relationship between him and the person for whom services are performed is the legal relationship of employer and employee, as follows:

(i) Generally, the relationship of employer and employee exists when the person for whom services are performed has the right to control and direct the individual who performs the services, not only as to the result to be accomplished by the work but also as to the details and means by which that result is accomplished.

(ii) An employee is subject to the will and control of the employer, not only as to what shall be done, but how it shall be done. It is not necessary that the employer actually direct or control the manner in which the services are performed; it is sufficient if the employer has the right to do so. In general, if the individual is subject to the control or direction of another merely as to the result to be accomplished by the work, and not as to the means and methods for accomplishing the result, he is not an employee.

(iii) The existence of an employer-employee relationship shall be determined, when in doubt, by an examination of the particular facts of each case.

(iv) If an employer-employee relationship exists, the designation or description of the relationship by the parties as anything other than that of employer and employee is immaterial.

(v) It is of no consequence that an employee is designated as a partner, coadventurer, agent, independent contractor, contract labor, or the like. It also does not matter how payments are made, what they are called or whether the service is performed full or part-time.

(B) Generally, persons who follow an independent trade, business, or profession, in which they offer their services to the public, such as physicians, attorneys, dentists, veterinarians, contractors and others, are not **"employees."**

(C) Generally, an officer of a corporation is an employee of the corporation. However, an officer of a corporation who performs no services in this capacity or only minor services, and who neither receives nor is entitled to receive, directly or indirectly, any remuneration, is not considered to be an employee of the corporation.

(D) All classifications or grades of employees are included within the employer-employee relationship. Superintendents, managers and other supervisory personnel are employees. A director of a corporation in his capacity as such, is not an employee of the corporation. Officers of a Subchapter S Corporation are subject to these same provisions.

(E) An officer, employee or elected official of the United States, a state, a territory, the District of Columbia, or any agency, instrumentality, or political subdivision is considered an employee subject to Withholding Tax.

(F) Although an individual may be an employee, the services performed may be of such a nature or be performed under such circumstance that the remuneration paid does not constitute wages within the meaning of 68 O.S. Section 2385.1(e) or the Internal Revenue Code.

"Employer" means any person transacting business or deriving any income from sources within the State of Oklahoma for whom an individual performs or performed any services, of whatever nature, as the employee of such person. **"Employer"** does not include nonresident employers who have no place of business in Oklahoma and whose transactions are limited to the solicitation of orders for merchandise filled outside Oklahoma and shipped directly to a purchaser in Oklahoma.

(A) An **"employer"** may be an individual, a corporation, a partnership, a trust, a joint-stock company, an association; or a syndicate, group, pool, joint venture, or other unincorporated organization, group or entity.

(B) The term **"employer"** means not only individuals and organizations engaged in trade or business, but also organizations exempt from Income Tax, such as religious and charitable organizations, educational institutions, clubs, social organizations and societies.

(C) The term **"employer"** includes the governments of the United States, the States, the Territories, the District of Columbia, their agencies, instrumentalities and political subdivisions.

(D) If the person for whom the services are or were performed does not have legal control of the payment of wages for such services, the term **"employer"** means the person having such control.

(E) The term **"employer"** includes an officer or employee of a partnership who is under a duty to act for a corporation or partnership to withhold and remit.

(F) The word **"employer"** also means any person paying wages on behalf of a nonresident alien individual as defined by the Internal Revenue Code.

"Nonresident individual" means any individual other than a resident individual as defined by this Section. This includes "nonresident aliens" as defined by the Internal Revenue Code.

"Resident individual" means a natural person domiciled in Oklahoma who spends a total of more than seven (7) months of the taxable year within Oklahoma. Such person is presumed to be a resident in absence of proof to the contrary.

"Wages" means all remuneration (other than fees to public officials) for services performed by an employee for his employer unless specifically exempted.

(A) Generally, the medium in which remuneration is paid is immaterial. The term **"wages"** includes the cash value of all remuneration paid in any medium other than cash, such as stocks, bonds, or tangible property.

(B) The name by which remuneration is designated is also immaterial. Remuneration such as salaries, tips, fees, bonuses, commission on sales or on insurance premiums, pensions, and retired pay are considered wages if paid as compensation for services performed by the employee for his employer, unless specifically exempted as wages not subject to Withholding Tax by Oklahoma Statutes or the Internal Revenue Code.

(C) The basis upon which the remuneration is paid is immaterial. It may be paid on the basis of piecework, or as a percentage of profits, and may be paid hourly, daily, weekly, monthly, or annually.

(D) Remuneration for services performed constitutes wages subject to Income Tax Withholding, even though paid at a time after the employer-employee relationship no longer exists.

(E) Authorized fees to public officials such as notaries public, clerks of courts, sheriffs, etc., for services rendered in the performance of their official duties are not subject to Withholding Tax. However salaries paid such officials by the government or by a

government agency or instrumentality are subject to withholding.

(F) The term "**wages**" does not include any remuneration for services performed by an employee for his employer which is specifically exempt from wages under 68 O.S. Section 2385.1(e) or the Internal Revenue Code. Any exception attaches to the remuneration for services performed by an employee and not to the employee as an individual. Remuneration for services performed which is specifically excepted from the definition of wages to which a voluntary withholding agreement is in effect are deemed to be wages for purposes of administering the provisions of the Oklahoma Income Tax Withholding Act.

(G) Oklahoma Statutes provide that any term used in the Oklahoma Income Tax Code shall have the same meaning as when used in a comparable context in the Internal Revenue Code, unless a different meaning is clearly required. The terms used in this Chapter are subject to control by the Oklahoma Statutes, and therefore subject to the interpretation and application provided by the Internal Revenue Code. Therefore, any remuneration paid for services performed by an employee for his employer not specifically exempted by Oklahoma Statute or specifically named in this Section as wages shall be subject to Oklahoma Income Tax Withholding if subject to Income Tax Withholding as required by the Internal Revenue Code. [See: 68 O.S. Section 2353]

710:90-1-3. Registration of employers

(a) Every employer required to deduct and withhold tax as required under 68 O.S. ~~§2355(B)~~2355(C) and 68 O.S. § 2385.2 shall register with the Commission for purposes of withholding, reporting, and remitting such tax. An employer must register on the prescribed Commission Business Registration Form and shall furnish such information as required by said form to include the following:

- (1) How the business is owned;
- (2) Federal Employer Identification Number;
- (3) Business phone;
- (4) Ownership information consisting of:
 - (A) Name of legal owner, social security number, if applicable, and mailing address;
 - (B) Name of partners or corporate officers, social security numbers, titles, and residential mailing address;
- (5) Withholding Tax information:
 - (A) Is tax withheld;
 - (B) Date Withholding Tax was or is expected to commence;
 - (C) Is the amount withheld greater than \$500.00 per quarter;
- (6) Name of officer, partner, employee, or agent responsible for the remittance of Withholding Tax, social security number, title, and residential mailing address;

(7) Other information required to include but not limited to: Location information, previous owner information, etc.;

(8) Signature of sole owner, partner, officer or agent and the date thereof.

(b) All taxes withheld must be reported and paid when due.

710:90-1-8. Nonresident aliens

Every employer or payer of Oklahoma taxable income to nonresident aliens shall deduct and withhold tax equal to eight percent (8%) of such amounts paid. [See: 68 O.S. §2355(B)]

710:90-1-13. Pensions, annuities, and certain other deferred income

(a) **Treatment of designated distributions.** Designated distributions, as defined by the Internal Revenue Code (IRC), Section 3405, whether periodic or non-periodic, should be treated as if they were a payment of wages for Oklahoma Income Tax Withholding purposes. The payor of any periodic or non-periodic payment should inform recipients who are or become Oklahoma residents of the need to withhold if:

- (1) The recipient has not chosen the election of "no federal withholding," provided by ~~Sections 3405(a)(2) and (b)(3)~~Section 3405 of the Internal Revenue Code, or
- (2) The recipient elects to have Oklahoma Income Tax withheld irrespective of any election to not withhold federal income tax.

(b) **Treatment of periodic payments.** The amount to be withheld from a periodic payment is determined as if it were a payment of wages. The marital status and number of withholding allowances an employee may claim in determining the tax to be withheld shall be the same as that claimed on Form W-4P, Withholding Certificate for Pension or Annuity Payments, or a similar form provided by the payer.

- (1) If the recipient has not provided a withholding certificate, tax will be withheld as if the recipient were married and claiming three (3) withholding allowances.
- (2) The recipient can choose not to have tax withheld, regardless of how much tax is owed for the previous year, or is expected to be owed in the current year.

(c) **Treatment of non-periodic payments.** Tax will be withheld at a five percent (5%) rate on any non-periodic payments.

- (1) The recipient cannot use Form W-4P to determine the amount to be withheld, since withholding allowances or marital status are not taken into consideration.
- (2) The recipient can use Form W-4P to specify an additional amount to be withheld.
- (3) The recipient can also use Form W-4P to choose not to have tax withheld.

(d) **Employer contributions.** Employer contributions to qualified cash or deferred arrangements are not subject to Oklahoma Withholding Tax.

SUBCHAPTER 5. LIABILITY AND PENALTIES

Permanent Final Adoptions

710:90-5-1. Liability for tax withheld

Any Oklahoma Income Tax withheld in accordance with Oklahoma Statutes or the provisions of this Chapter shall be deemed to be held in trust for the State of Oklahoma and as trustee, the employer is liable for the payment of such trust fund and is subject to the trust laws of this state. [See: 68 O.S. §2385.3(~~d~~)]

710:90-5-2. Failure to withhold

In the event that an employer fails to withhold the tax required and thereafter the tax is paid by the employee, the tax required to have been withheld shall not be collected from the employer. Such payment does not relieve the employer of the liability for penalties or interest otherwise applicable because of such failure to withhold the tax. The employer will not be relieved of his liability for payment of the tax required to be withheld unless the employer can show that the tax of each employee in question has been paid. [See: 68 O.S. §2385.3(~~e~~)]

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 5. USED TIRE RECYCLING

710:95-5-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Automobile" means every motor vehicle of the type constructed and used for the transportation of ten persons or less, including the driver, or used for the transportation of property. Provided, however, that the automobile's gross vehicle weight rating does not exceed sixteen thousand (16,000) pounds.

"Commission" means the Oklahoma Tax Commission.

"DEQ" means the Oklahoma Department of Environmental Quality.

"ODH" means the Oklahoma Department of Health.

"Reusable tire" means a tire that has been previously used on a vehicle, not currently mounted on a vehicle, but can be legally placed into service for vehicle use in Oklahoma.

"Semitrailer" means every vehicle with or without motive power, other than a pole trailer, designed for carrying persons or property and for being drawn by a motor vehicle and so constructed that some part of its weight and that of its load rests upon or is carried by another vehicle. [47 O.S. § 1-162]

"Tire" means any solid or air-filled covering for vehicle wheels.

"Tire-derived fuel facility" or **"TDF facility"** means a facility that uses processed tires or whole used tires for energy or fuel recovery.

"Trailer" means every vehicle with or without motive power, other than a pole trailer, designed for carrying persons or property and for being drawn by a motor vehicle and so constructed that no part of its weight rests upon the towing vehicle, provided however, the definition of trailer herein shall not include implements of husbandry as defined in Section 47-1-125 of Title 47. [47 O.S. § 1-180]

"Used tire" means an unprocessed whole tire or tire part that can no longer be used for its originally intended purpose but can be beneficially reused as approved by the DEQ. Any used tire collected in accordance with the requirements of the Oklahoma Used Tire Recycling Act is not considered to be discarded. A tire that can be used, reused or legally modified

to be reused for its original intended purpose shall not be a used tire.

"Used tire facility" means any place which is permitted as a solid waste disposal site, in accordance with the Oklahoma Solid Waste Management Act, at which used tires are processed.

"Used tire processing" means altering the form of whole used tires by shredding, chipping, or other method approved by the department, except baling. [27A O.S. §2-11-401.1]

"Vehicle" means any device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices used exclusively upon stationary rails or tracks. [47 O.S. § 1-186]. The term **"vehicle"** does not include:

(A) Implements of husbandry which means every device, whether it is self-propelled, designed and adapted so as to be used exclusively for agricultural, horticultural or livestock-raising operations or for lifting or carrying an implement of husbandry and, in either case, not subject to registration if operated upon the highways. [47 O.S. § 1-125]. Examples of implements of husbandry are described in 47 O.S. § 1-125(1)-(3).

(B) Electric personal assistive mobility devices, which means a self-balancing, two nontandem-wheeled device, designed to transport only one person, having an electric propulsion system with an average of seven hundred fifty (750) watts (1 h.p.), and a maximum speed of less than twenty (20) miles per hour on a paved level surface when powered solely by such a propulsion system while ridden by an operator who weighs one hundred seventy (170) pounds. [47 O.S. § 1-114A]

(C) Motorized wheelchairs which means any self-propelled vehicle designed for and used by a person with a disability that is incapable of a speed in excess of eight (8) miles per hour. [47 O.S. § 1-136.3]

- (3) School buses and automobiles owned by schools.
- (4) Tires sold to governmental agencies.
- (5) Tires sold for farm tagged motor vehicles.
- (6) Tires sold for commercial trucks, truck-tractor (semi-trucks), and trailers.
- (7) First registration in Oklahoma of automobiles, motorcycles, mopeds, or trucks, including farm tagged motor vehicles and commercial motor vehicles which are not registered under the International Registration Plan.
- (8) Tires sold for implements of husbandry and agricultural equipment.
- (9) First titling of a semitrailer or trailer including travel trailers.
- (10) First titling of motor vehicles to be registered under the International Registration Plan.

(b) **Transactions to which fee is not applicable.** The used tire recycling fee does not apply to the transactions and vehicles indicated in (1) through (10) of this subsection:

- (1) Airplanes.
- (2) Bicycles.
- (3) Riding lawn mowers.
- (4) Wheelbarrows.
- (5) Push mowers.
- (6) Forklifts.
- (7) Tires sold for backhoe, grader, and other construction machinery.
- (8) ~~First registration in Oklahoma of vehicles registered under the International Registration Plan.~~
- (9) All-terrain vehicles.
- (49) Off-road motorcycles.

CONTACT PERSON:

Phyllis Bennett, Rules Liaison, Teachers' Retirement System of Oklahoma, 2500 N. Lincoln Blvd., Oklahoma City, OK, 73105, 405-521-4745.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. MEMBERSHIP PROVISIONS

715:10-1-6. Date of Membership

Date of membership is the date the initial contribution is made to TRS under the current membership account. Any former member of TRS who has previously withdrawn contributions and who redeposits said withdrawn contributions as permitted by law shall have his or her initial date of membership reinstated. Any person who transfers service from the Oklahoma Public Employees Retirement System in accordance with 70 O.S., Section 17-116.2(L), shall be eligible to use his or her initial entry date into the Oklahoma Public Employees Retirement System as his or her date of membership in TRS for all purposes except the member shall not be considered an "eligible participant" under OAC 715:10-15-27 unless the member first joined TRS prior to July 1, 1996. If a current member purchases non-contributory service for those years of qualified employment prior to the current date of membership, the official date of membership will remain the date the member's current membership account was opened. If a member purchases adjunct service that was performed prior to current date of membership, such purchased service shall be considered contributing service for purposes of vesting and membership date.

SUBCHAPTER 5. ESTABLISHING OTHER SERVICE CREDITS

715:10-5-7. Credit for service in other Oklahoma public retirement systems

A member of the Teachers' Retirement System of Oklahoma may receive credit for employment covered by the following Oklahoma public retirement systems: the Oklahoma Firefighters Pension and Retirement System, the Oklahoma Police Pension and Retirement System, the Uniform Retirement System for Justices and Judges, the Oklahoma Law Enforcement Retirement System, Oklahoma Department of Wildlife, and the Oklahoma Public Employees Retirement System (OPERS). Such service must meet the minimum Teachers' Retirement System membership requirements. (See Subchapter 3)

- (1) After one full year (twelve calendar months) of ~~Teachers' Retirement System~~ TRS contributory service, a member is eligible to purchase service credited in another State retirement system. A certification of service form must be completed by the member's former State retirement system. The certification must show: the date of withdrawal, the salary by fiscal school year, and the total amount of credited service. It shall be the responsibility of the member to notify TRS of intent to claim such service and obtain proper documentation from the member's former State retirement system.
- (2) Employment which did not qualify for membership in the former State retirement system shall not qualify for credit in TRS.
- (3) Employment performed prior to the establishment of the State retirement system for the employment class shall not cause membership in TRS to be denied, however,

the type of service rendered must be accepted by the appropriate State retirement system if the member were now enrolled in that retirement system.

- (4) The purchase price for each year of such service shall be based on the actuarial cost of the incremental projected benefits being purchased (see OAC 715:10-5-4).
- (5) Under no circumstances can the purchased creditable service exceed the total service verified or the amount of credit given by the former retirement system.
- (6) Once purchased, the other State service counts towards vesting, eligibility for retirement, and final average salary. Notwithstanding, the Internal Revenue Code Section 401(a)(17) limits shall apply and the member shall not be considered an "eligible participant" under OAC 715:10-15-27 unless the member first joined TRS prior to July 1, 1996. However, the last year in the member's account immediately preceding retirement must be with a public education employer that participates in ~~Teachers' Retirement System~~ TRS.
- (7) The member shall not be receiving, or be eligible to receive, retirement credit or benefits from said service in any other public retirement system.

SUBCHAPTER 9. SURVIVOR BENEFITS

715:10-9-3. Monthly annuity in lieu of death benefit

The designated beneficiary of an ~~active contributing in-service~~ member, who qualified for service retirement, may elect to receive in lieu of the return of contributions and the \$18,000 death benefit the retirement benefit to which the deceased member would have been entitled at the time of death under the Option 2 retirement plan. To qualify for this option, the designated beneficiary must have been named as the primary beneficiary at the time of the member's death (see OAC 715:10-15-1 and 10-15-2). This option is only available when the member has designated one individual as the designated beneficiary, and the beneficiary is the member's spouse, another person, or the beneficiary of a Discretionary and Special Needs Trust ~~or someone who is not more than 10 years younger than the member.~~ If the designated beneficiary is not the member's spouse, IRS Regulations require that the adjusted member/beneficiary age difference cannot be more than ten (10) years. [See OAC 715:10-15-10, to determine the adjusted member/beneficiary age difference]. [See also OAC 715:10-9-7, if the member and beneficiary were divorced before death].

SUBCHAPTER 13. CONTRIBUTIONS FOR MEMBERSHIP SERVICE

715:10-13-15. ~~Board waiver~~ Waiver of employer late fees

- (a) TRS statutes provide that all employer and employee contributions must be remitted to TRS within 30 days after the end of the month in which the work was performed. If they are remitted after the deadline they are assessed a 1 $\frac{1}{2}$ % late charge,

Permanent Final Adoptions

compounding monthly. The Board of Trustees may waive the late fee for good cause shown but may delegate this authority to staff. The Executive Director is authorized to waive these late fees. Good cause is generally shown in cases of an unforeseen circumstance such as a death or illness, acts of nature, or other unforeseen and unavoidable circumstance rendering the timely payment of ~~late fees~~ contributions impossible.

(b) ~~The Board of Trustees~~ System will automatically waive, ~~without presentation to the Board,~~ late fees assessed for any contributions received late due to the late receipt of federal funds or workers' compensation payments.

(c) ~~The Board of Trustees~~ System will automatically waive, ~~without presentation to the Board,~~ any late fees assessed in the amount of \$50 or less, provided the requesting employer has had one or less late remittances in the past 12 months.

(d) All other requests for waiver of late fees shall be presented to the ~~Board~~ System for review and determination of good cause shown for waiver at their next regularly scheduled meeting, provided that the waiver request is received by TRS at least 7 days in advance of the Board meeting. All waiver requests must be made on district/employer letterhead and signed by the Superintendent, CEO, or CFO.

SUBCHAPTER 15. SERVICE RETIREMENT

715:10-15-3. Date of retirement; making application

The earliest effective date of retirement for any eligible member is the first day of the month following the one in which employment ceases, with the first annuity payment ~~due the last day of that month to be paid on the first day of the month following the effective date of retirement.~~

(1) It is the member's responsibility to notify, by filing a retirement contract as outlined in paragraphs 4 and 5 of this section, the TRS Board of Trustees of the date on which retirement is to begin.

(2) Payments for all years of service, for which a member wants to receive credit, must be made no less than 90 days prior to the date of retirement.

(3) State law does not permit TRS to make retroactive retirement payments. Members should ensure that their creditable service record is up-to-date and accurate before they retire.

(4) Not less than ninety (90) days prior to retirement, the member must submit to TRS a Pre-Retirement Information Verification, copy of the member's proof of birth, copy of marriage certificate or license if married to joint annuitant, and verification of 120 days of accrued/unused sick leave for calculation of sick leave credit. The Pre-Retirement Information Verification and support pre-retirement documentation must be on file with TRS to enable TRS to prepare a complete Application to Retire.

(5) After submitting all required pre-retirement documentation, the member will receive an Application to Retire. This form must be returned to TRS no less than sixty (60) days prior to the effective date of retirement. Upon receipt of the completed Application to Retire the member will receive a final contract for retirement.

(6) The Final Contract for Retirement, properly executed before a notary, is required by statutes to be filed with TRS no less than thirty (30) days before the date of retirement. Therefore, the final contract for retirement must be completed and on file with TRS by the first day of the month immediately preceding the retirement date. The first retirement benefit payment will be made on the first day of the month following the effective date of retirement.

(7) For example, a retirement contract must be on file by May 1, for a retirement date of June 1, in order to process the first retirement benefit payment on July 1.

SUBCHAPTER 17. POST-RETIREMENT EMPLOYMENT

715:10-17-5. Permissible employment

Post-retirement employment in the public schools, institutions, and agencies covered by TRS is allowed after the break in employment outlined in OAC 715:10-17-2 has been met. Employment subject to this section shall include any services performed by a retired member, as defined in this subchapter, except for payments received as an employee of the State Department of Education pursuant to 70 O.S. § 17-103(7) or as an independent contractor or consultant, pursuant to a lawful contract that complies with the requirements of 70 O.S. § 6-101.2(B). ~~The Teachers' Retirement System~~ TRS will follow guidelines in subsection B of Section 6-101.2 of Title 70 and federal guidelines from the Department of Labor and the Internal Revenue Service in determining when a retired person qualifies as an independent contractor or consultant.

715:10-17-16. Post retirement employment with the State Department of Education

A retired member of TRS who becomes employed by the State Department of Education (SDE) for the first time on or after November 1, 2019 ("eligible employee"), shall have the option to remain a member of TRS subject to any applicable post retirement limitations placed on retired members returning to work or may choose to participate in the Oklahoma Public Employees Retirement System (OPERS) as an active member with such eligible employee's participation in OPERS being subject to the laws governing OPERS.

(1) An eligible employee shall have thirty (30) days from such eligible employee's initial date of hire with SDE to make a one-time irrevocable written election to remain a member of TRS subject to post retirement limitations or to participate in OPERS as an active member. If an eligible employee fails to make an election within the thirty-day period such eligible employee shall be subject to post retirement earnings limitations prescribed by laws governing TRS. If an eligible employee elects to participate in TRS, then SDE shall pay both the employee and employer contributions to TRS as required by law.

(2) If an eligible employee makes the election to participate in OPERS such eligible employee shall not participate in TRS as an active member nor make employee

contributions to TRS. In addition, SDE shall not make employer contributions to TRS. The eligible employee and SDE shall pay the applicable contribution rates as provided by the laws governing OPERS.

(3) An eligible employee who elects to participate in OPERS shall be ineligible for participation in TRS so long as such eligible employee remains employed by SDE. If such eligible employee assumes a different position, which is governed by a state retirement system other than OPERS or TRS, the eligible employee shall be subject to the retirement system rules applicable to that new position. However, such eligible employee shall not be eligible for service credit in TRS for service performed while participating in OPERS.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 22. CONCESSION LEASES AND COMMERCIAL USE

725:30-22-1. Purpose and authority

(a) The purpose of this subchapter shall be to define the process in which ~~concession leases~~Concession Leases located upon Department property are examined, competitively bid, awarded and ultimately leased.

(b) In accordance with state law, the Oklahoma Tourism and Recreation ~~Commission~~ (Commission)Department is authorized to lease lands and facilities for the promoting of the public use of parks.

~~(c) Authority concerning concession leases may be delegated to the Executive Director of the Oklahoma Tourism and Recreation Department (Department) pursuant to law.~~

725:30-22-1.1. Examination Definitions

(a) Prior to issuing an invitation to bid (ITB), for a concession lease, a determination will be made whether the proposed operation would be a desirable addition to the Department. Department staff shall make this determination after an analysis of the following considerations:

- (1) Economic viability,
- (2) Environmental impact,
- (3) Impact on the property infrastructure,
- (4) Compatibility with the overall property and its nature,
- (5) Benefits to the park visitor and the citizens of Oklahoma, and
- (6) Impact on and compatibility with other concession leases.

(b) The Department will consult with the owner of the property, if other than the state, to assure that the proposed concession operation is agreed to by the property owner.

~~(c) If the concession operation has been proposed by other than Department staff, the Department may require that the proposing party provide a feasibility study or other analysis for the proposed concession lease, which study or analysis is prepared by a reputable and experienced firm or organization agreeable to the Department. The feasibility study or other~~

Permanent Final Adoptions

analysis may be used to aid the Department in making its determination regarding the proposed concession lease. The expense for preparing the feasibility study or other analysis will be borne by the proposing party. The content of the feasibility study shall be kept confidential to the extent allowable by Oklahoma law.

(d) ~~The party who proposes a concession lease or provides a feasibility study or other analysis acquires no right or preference to be awarded any concession lease resulting from the proposal, study or analysis.~~

(e) ~~The determination of the Department whether to proceed with bidding an ITB for a proposed concession lease shall rest solely with the Department. Such decision shall not be subject to the Administrative Procedures Act.~~

The following words and terms, when used in this Subchapter, shall have following meaning, unless the context clearly indicates otherwise:

725:30-22-1.2. Examination

(a) Prior to issuing an ITB, for a Concession Lease, a determination will be made whether the proposed operation would be a desirable addition to the Department. Department staff shall make this determination after an analysis of the following considerations:

- (1) Economic viability.
- (2) Environmental impact.
- (3) Impact on the property infrastructure.

(4) Compatibility with the overall property and its nature.

(5) Benefits to the park visitor and the citizens of Oklahoma, and

(6) Impact on and compatibility with other concession leases.

(b) The Department will consult with any owner or federal agency as required by either law or contract.

(c) The Department may require a feasibility study or other information in the event that the concession is being proposed by a third party, which shall be done at the expense of the proposing party. Any party proposing a new concession shall receive no preference or special consideration and such new concession shall be put out to bid if pursued by the Department.

(d) The determination of the Department whether to proceed with bidding an ITB for a proposed Concession Lease shall rest solely with the Department. Such decision shall not be subject to the Administrative Procedures Act.

725:30-22-2. Bidding process

The Department shall competitively bid a property or facilities for a concession lease as follows:

SUBCHAPTER 1. OKLAHOMA FILM ENHANCEMENT REBATE PROGRAM

725:35-1-1. Purpose

The purpose of the Oklahoma Film Enhancement Rebate Program (Program) is to ~~create a new~~an incentive program to ~~attract film and television production to the state~~ build a film industry in the state. In accordance with 68 O.S. § 3624, this Program shall be administered by the Oklahoma Tax Commission and Office of the Oklahoma Film and Music Commission (OFMO), ~~which is created within the Oklahoma Tourism and Recreation Department pursuant to 74 O.S. § 2236.~~

Permanent Final Adoptions

725:35-1-2. Definitions

(a) "Application" refers to the Application of Eligibility for Rebate Programs.

(b) "Director" refers to the Director of the Oklahoma Film and Music Office.

(c) "Rebate" is defined as a certain percentage (defined in 68 O.S. § 3624) of production costs incurred in Oklahoma directly attributable to the production of a film in this state if the OFMO determines that the proposed project has a reasonable chance of economic success.

(d) "Principal photography" is defined by the filming of major or significant components of a movie which involve lead actors.

(e) "Production board" is a scheduling device that breaks every scene by location, by day and night, and by interior or exterior.

(f) "Rebate claim" is defined as the documentation of production costs incurred in Oklahoma and submitted in compliance with the requirement of this Program.

In addition to the definitions in the statute (68 O.S. § 3623), the following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Above the Line Personnel (ATL)" means, as defined in 68 O.S. § 3623, namely individuals hired or credited on screen for the Production as producers (all levels), principal cast (SAG Schedule F/Run of Show or equivalent), screenwriters and the Film director(s).

"Application estimate" means, the estimated QOE submitted to OFMO 60 calendar days before the start of Principal Photography.

"ATL Limitation" means up to twenty-five percent (25%) of total Qualifying Oklahoma Expenditures (QOE), see Section 725:35-1-4).

"Crew" means, as defined in 68 O.S. § 3623, namely persons who work on the Production who are not ATL (also known in the industry as "below-the-line" personnel).

"Documented expenditures" means, referred to in 68 O.S. § 3624(A), shall mean QOE as described in Section 725:35-1-4 below.

"Eligibility application" means the application of eligibility for the Program. If the application is approved by OFMO, a Film is "Pre-Qualified."

"Final application" means the package submitted to OFMO documenting all requirements have been completed and the Production Company is requesting payment of a Rebate Claim.

"Fiscal earmark year" means the fiscal year to which payment of potential Rebate Claims is assigned.

"High-impact production" means a Production that meets the requirements of 68 O.S. § 3623 and is so designated by the Oklahoma Tourism and Recreation Department (OTRD) Executive Director.

"Loan out company" means a legal entity (i.e., corporation, partnership or limited liability company) used by ATL and Crew to contract their services to the Production.

"Loan-out limitation" means up to twenty-five percent (25%) of Salary Costs for Oklahoma-Based Crew [as found in

Section 725:35-1-4(a)]. The OTRD Executive Director may, in their discretion, specify a different percentage for High Impact Productions.

"Oklahoma-based" means a natural person that files, or is legally claimed as a dependent on, an Oklahoma resident tax return, or a business entity registered and in good standing as a Domestic entity with the Oklahoma Secretary of State and that files an Oklahoma income tax return.

"Oklahoma expatriate" means a person who previously resided for at least one year, but does not currently reside, in the state of Oklahoma.

"Oklahoma loan out company" means a Loan-Out Company with an active registration to do business in the state of Oklahoma as a domestic or foreign entity and that either reports payments received for the Production as Oklahoma earnings for the artist on an IRS Form W-2 or is considered a disregarded entity for federal income tax purposes.

"Oklahoma resident" means a person who is a resident under the Oklahoma Tax Code at the time of hire.

"Oklahoma vendor" means a seller, renter or lessor of goods or services who charges Oklahoma sales tax under an Oklahoma Sales Tax Permit on taxable transactions and is either (1) Oklahoma-Based or (2) a foreign business entity with an active registration to do business in Oklahoma and a physical Oklahoma location for transacting business.

"Payroll burden" means employer-paid taxes (e.g., FICA, Medicare and unemployment insurance) and payroll-associated payments made on a specific employee's behalf by law or collective labor bargaining agreement (e.g., union dues and union fringes). Payroll Burden also includes the employer-paid portion of health insurance for an employee, provided such insurance was paid to an Oklahoma-Based insurance company or obtained through a licensed Oklahoma insurance broker.

"Per diem" means fixed payments made to Crew and ATL in lieu of reimbursement for lodging/housing, meals and incidentals, up to a maximum of the Per Diem Rate allowed for the applicable location and date in the U.S. General Services Administration Per Diem Rates.

"Pre-qualified" or "Pre-qualification" means the status or act of approval being granted to a Production's Eligibility Application by OFMO.

"Principal photography" means the filming of significant components of a Film which involve principal cast or, in the case of Films that do not involve live actors, the beginning of substantive work on the animation or graphics that form the Film's primary visual story.

"Production" means a project to make a Film.

"Production budget" means the total budgeted cost of the Production.

"Production company" means, as defined in 68 O.S. § 3623, more specifically the legal entity responsible for the Production. Eligibility and Final Applications will be filed by the Production Company and, unless previously agreed to in writing by OFMO, payment of approved Rebate Claims will be made to the Production Company.

"Proof of funding" means demonstration in a form acceptable to OFMO that a Production has or will have funding

in place to cover the Production's budget. Acceptable forms will be specifically approved by OFMO, but could include a letter of intent from a recognized industry financier, written verification of dedicated deposits in a recognized financial institution or a letter of credit from an acceptable guarantor.

"Rebate" means the percentage defined in 68 O.S. § 3624 of QOE.

"Rebate claim" means the formal request for OFMO to issue a Rebate under the Program. Only one Rebate Claim shall be processed per Production.

"Rebate schedule" means a schedule of dates, deadlines and submittals the Production must achieve to submit the Final Application and have its Rebate Claim approved.

"Salary costs" means those salaries and wages designated as Oklahoma earnings on payroll records, along with the associated Payroll Burden, Per Diem and Housing Allowance;

"Scouting expenses" means costs incurred to identify locations, Crew, facilities, services and equipment to be used in the Production.

"Start of pre-production" means the opening of an Oklahoma office for the Production, or incurring QOE other than Scouting Expenses, or otherwise commencing business on the Production in Oklahoma other than scouting.

725:35-1-3. Program requirements and qualification

(a) Production companies cannot use this Program in addition to the sales tax rebate provided in Title 68, Section 3624 of the Oklahoma Statutes.

(b) Production companies shall provide an affidavit as required by law.

(c) The following is a list of qualifying Oklahoma expenditures:

- (1) Above and below the line wages or salaries paid to Oklahoma residents
- (2) Wages or salaries paid to Oklahoma Expatriates (as described in item (d) below)
- (3) Salaries for resident and non resident above the line personnel paid to loan out corporations or limited liability companies registered to do business with the Oklahoma Secretary of State's Office. No more than Twenty-five percent (25%) of total rebated amount can be comprised of qualifying above the line salaries
- (4) Underlying rights for screenplay and novels paid to an Oklahoma entity or individuals with an Oklahoma tax liability (also subject to the 25% cap detailed above)
- (5) The cost of construction and operations, wardrobe, accessories and related services procured in Oklahoma or paid to an Oklahoma company
- (6) The cost of photography, sound synchronization, lighting and related services
- (7) Rental of facilities and equipment paid to an Oklahoma company
- (8) Other direct costs of pre production, production and post production of a film to include:
 - (A) Location scouting expenditures made in Oklahoma

(B) Employer paid payroll taxes for Oklahoma employees, including SUI, FUI, FICA, and Workers Comp

(C) Union fringe paid to Oklahoma crew

(D) Shipping and postage for packages originating within Oklahoma

(E) Hotel costs

(F) Completion bonding if utilizing an Oklahoma-based company

(G) Production insurance if utilizing an Oklahoma-based company

(H) The purchase of airline tickets for the purposes of location scouting and production of the film if utilizing an Oklahoma-based travel agency

(I) Per Diem paid to cast and crew for Oklahoma filming dates

(J) Third party audits conducted by pre-certified Oklahoma accounting firms

(d) Oklahoma Expatriate Program: Included in the definition of qualifying "crew" are wages and salaries paid to an individual registered as an Oklahoma Expatriate by the Oklahoma Film & Music Office. The Expatriate roster consists of Oklahoma below the line crew not currently residing in Oklahoma, who have pre-registered with the Oklahoma Film & Music Office, by first meeting all requirements. That roster will be made available to producers in an effort to supplement Oklahoma's existing crew base.

(1) If a producer chooses to hire one of the qualifying crew members whose name appears on that roster, wages and salaries paid to that person will qualify as an Expenditure or Production Cost and count towards the minimum requirement of Twenty-five Thousand (\$25,000) in Oklahoma expenditures.

(2) Before rebate payment can be made, producer must provide proof to the Oklahoma Film & Music Office that the individual has filed (or has agreed in writing to file) an Oklahoma income tax return for the year services were rendered on the production to the Oklahoma Film & Music Office.

(3) A further requirement is that in exchange for utilizing a crew member from the Expatriate Roster as a qualifying local expenditure, the production must accept assignment of an intern provided by an Oklahoma institution of higher education or Career Tech for an agreed upon length of time during the course of the production (to be assigned to the expatriate or other appropriate personnel).

(e) Third Party Audit Requirement: In order to be eligible to receive rebate monies, the production must retain the services of an independent certified public accountant to serve as a Third Party Auditor. In order for this to be a rebatable expenditure, the production must appoint a Third Party Auditor who is licensed to do business in the state of Oklahoma and who shall not be related to the producer. The Director of the Oklahoma Film & Music Office must be provided with the name, address and telephone number of the independent auditor proposed by the producer in order to make contact with the auditor prior to beginning the audit. The audit shall be performed in accordance with auditing standards generally accepted in the United

Permanent Final Adoptions

States of America and the auditor shall have sufficient knowledge of accounting principles and practices generally recognized in the film and television industries. The auditor shall present a final report based upon agreed-upon procedures:

- (1) Only actual paid expenditures clearly and demonstrably in Oklahoma for the qualified production may be recorded and certified as direct production expenses or qualified personnel expenditures.
- (2) The costs to be recorded are actual costs and shall not include any mark-ups or profit additions. These costs must be made in Oklahoma; must be directly attributable to the production or distribution of the qualified production which is the subject of the Oklahoma Film Enhancement Rebate Program; and must be subject to taxation in Oklahoma.
- (3) The cost report must be in US dollars and the period during which the expenditures were incurred must be disclosed.
- (4) It is the eligible production company's responsibility to ensure that all of the required information is provided.
- (5) For payments made to loan-out companies or limited liability companies, the auditor must verify that the loan-out or LLC is registered with the Oklahoma Secretary of State's Office to do business in the state of Oklahoma.
- (6) Auditor must ensure that salaries for both resident and non-resident above the line personnel paid to loan-out corporations or limited liability companies registered to do business in Oklahoma do not comprise more than Twenty-five percent (25%) of the total amount being submitted for rebate.
- (f) ~~End Credit Requirement: The following screen credit and the current Oklahoma Film and Music Office logo or written confirmation thereof must be included in the end credit crawl of all release prints of a completed short or long form film: "Filmed in Oklahoma utilizing the Oklahoma Film Enhancement Rebate Program."~~
- (g) ~~Rebate Payout Timeline: For expenditures made in FY10 (July 1, 2009 – June 30, 2010) the rebate is payable on or after July 1, 2010 pursuant to the production meeting all requirements of the Oklahoma Film Enhancement Rebate Program. Thereafter, rebates will be paid out immediately after all requirements have been met with no fiscal year delay. Beginning July 1, 2010, and pending receipt of results and supporting documentation of Third Party Audit described in 2D, the Oklahoma Film & Music Office will approve or disapprove of all claims within a period of thirty (30) days. The Oklahoma Tax Commission shall, upon notification of approval from the Oklahoma Film & Music Office, issue payment for all approved claims.~~
- (h) ~~When, Where and How to Apply for the Rebate:~~
 - (1) Applications must be submitted at least sixty (60) calendar days but no more than one hundred eighty (180) calendar days prior to the start of production. Applications submitted more than 180 calendar days or less than 60 days prior to the scheduled start of production will not be accepted.

(2) Applications must be submitted to The Oklahoma Film & Music Office, 120 N. Robinson Avenue, Suite 600, Oklahoma City, OK 73102. Phone: (405) 230-8440 Web site: www.oklahomafilm.org

(3) Applicants must complete, sign and submit hard copies of all required forms, which are available from the Oklahoma Film and Music Office at the above address, or on line at www.oklahomafilm.org, and provide the latest version of the shooting script and production budget. Required forms are: Form A—Project Information; Form B—Application of Eligibility; Form C—Filming Permit; Form D—Statement of Budget; Form E—Expatriate Program Registration; Form F—Summary of Local Expenditures; Form G—Certification of Information; Form H—Confirmation of End Credit Inclusion; and Form I—Final Rebate Application.

(4) Applicants must schedule an interview to discuss their application with the Oklahoma Film & Music Office by calling (405) 230-8440. The meeting must be attended by a producer or a line producer, unit production manager or production accountant or their designee, subject to the approval of the Director of the Oklahoma Film & Music Office.

(i) ~~Notice of Pre-Approval/Disapproval of Eligibility Application:~~

(1) If the Eligibility Application is approved, applicant will receive a letter of eligibility signed by the Director of the Oklahoma Film & Music Office listing the items provided on the application and any supporting documentation currently on file with the office along with the projected amount of rebate pending the production meeting all requirements under the Oklahoma Film Enhancement Rebate Program. At that point, the projected rebate amount, and only that specific amount, will be earmarked for the production, providing applicant meets all benchmarks in the application process.

(2) Receipt of the eligibility letter does not guarantee receipt of rebate monies. Final eligibility and the amount of the rebate will be determined after submission and review of the final application, the results of a Third Party Audit, and all required supporting documentation.

(3) If the Eligibility Application is not approved, the Oklahoma Film & Music Office shall provide applicant with a notice of disapproval which shall state the reasons therefore.

(4) As specified in Oklahoma statute, no more than one (1) application per fiscal year per specific production (based on production title, script and budget) will be accepted.

(j) ~~Requirements after Principal Photography:~~

(1) No more than Ninety (90) calendar days after the payment of all Oklahoma expenditures, the production must submit the following to the Oklahoma Film & Music Office:

- (A) Final Rebate Application (Form I)
- (B) Final budget and signed statement of budget (Form D)
- (C) Amount of wages and qualifying expenditures

- (D) Final payroll report provided directly to the Oklahoma Film & Music Office from production payroll company
 - (E) Final cast and crew lists
 - (F) Daily production reports for all Oklahoma filming days
 - (G) Completed Summary of Local Expenditures (Form F)
 - (H) Final accounting ledger (all supporting documentation and receipts must be kept by the production company of record for a period of three (3) years)
 - (I) The production company has filed or will file any Oklahoma tax return or tax document which may be required by law
 - (J) Final production shooting schedule
 - (K) Results of Third Party Audit conducted by an accounting firm that has been mutually agreed upon in advance. Third Party Audit will be at the expense of the production. This is deemed a qualifying expenditure if certified Oklahoma accounting firm is used.
 - (L) Certification of Information, signed by producers and notarized before submission, stating among other things, that all information provided to the Oklahoma Film & Music Office for the purposes of qualifying for the Oklahoma Film Enhancement Rebate program are true and correct and that there are no unpaid salaries, invoices, reimbursements for damages or liens against the production entity in the State of Oklahoma. No rebate money will be released until this notarized documentation is on file with the Oklahoma Film & Music Office (Form G)
 - (M) End Credit Requirement as described in Item 2E
- (2) Failure to provide the final information according to the time frame provided above may result in a loss of the credit. Within Thirty (30) days of all requirements being met, the Oklahoma Film & Music Office will issue a letter to Oklahoma Tax Commission, requesting rebate payment, copying production company contact.
- (k) Requesting Exemptions to Open Records Act:
- (1) The Oklahoma Film & Music Office is subject to the State of Oklahoma Open Records Act, which governs public access to the records of government agencies. Under Title 74 O.S. § 2231 of Oklahoma State Law, certain information provided to the Oklahoma Film & Music Office as a Division of the Oklahoma Tourism & Recreation Department, by a person or entity seeking economic advice from the Oklahoma Film & Music Office and any information compiled by us in response to submissions, may be kept confidential.
 - (2) In order to protect confidentiality of the above referenced items, rebate applicants must submit a request in writing to the Oklahoma Film & Music Office along with the Eligibility Application requesting that the information be withheld from disclosure on the grounds that it constitutes trade secrets, proprietary information or that the information, if disclosed, would cause substantial injury to the competitive position of the applicant. Applicants must specify the information for which they are seeking protection along with clearly stated reasons for the requested exception.
- (3) The Oklahoma Film & Music Office reserves the right to determine whether the information submitted by the applicant will be withheld from disclosure. The Oklahoma Film & Music Office will notify the applicant of any requests for disclosure and notify the applicant as to whether the information will be disclosed.
- (4) Required Benchmarks for Rebate Eligibility Process:
- (1) 180 Calendar Days (and no sooner) Prior to Production you may submit an Eligibility Application for the Oklahoma Film Enhancement Rebate Program signed by authorized production personnel along with all other required documentation.
 - (2) 60 Calendar Days (minimum) Prior to Production, a production must show proof that fifty percent (50%) of the production budget is in place in the form of a signed and certified letter of intent from a recognized financier or by written verification of the amount of the production's balance from a recognized financial institution. Letter must include name, address, phone number and contact name and account number for financier/bank for verification purposes. Note: Sixty (60) days prior to production is the last point at which a production may revise their Eligibility Application to increase their projected rebate amount and have monies earmarked in advance, subject to availability of funds.
 - (3) 30 Calendar Days (minimum) Prior to Production (via the same methods described for Fifty percent (50%) verification above), production must show proof of ability to cash flow the production on previously established date of commencement of Production. Also required at Thirty (30) days:
 - (A) Copy of the shooting schedule and inclusion on revisions distribution list (or as soon as available prior to principal photography).
 - (B) Latest version of production budget and signed Statement of Budget (Form D)
 - (C) Latest version of the script and inclusion in revisions distribution list
 - (D) Latest version of Crew List tagged as resident and non resident hires
 - (E) Copy of the completion bond (where applicable, see Guidelines, Item 6A, D3)
 - (F) Copy of the Certificate of General Liability, carrying a minimum of One Million Dollars (\$1,000,000) (USD) in coverage
 - (G) Proof of Workers Compensation Policy pursuant to Oklahoma State law
 - (H) Legal Counsel name and contact information for producers and financiers
 - (I) Additional documents as may be requested by the Oklahoma Film & Music Office
 - (4) If a production delays the start of Production as provided in the eligibility application process, its rebate eligibility will be pushed the same length of time between its initial start date and its newly revised start date. Any

Permanent Final Adoptions

productions behind it in the eligibility cue with start dates within this window of time will move ahead, thereby having first claim to rebate funds. Should a production push the start of production a second time, it will move to the back of the eligibility cue. Should a production push its start of production a third time, its Eligibility Application becomes null and void. A subsequent re-application will be delayed until the next fiscal year.

(5) Eligibility is non-transferable. Each Eligibility Application shall be filed under the title of the screenplay submitted to the Oklahoma Film & Music Office. Projects deemed eligible for the rebate under each application shall only be eligible to the extent that project is substantially based on the screenplay previously submitted and on file with the Oklahoma Film & Music Office and supporting budget submitted for said project title.

(a) Applying for Rebate Eligibility:

(1) Applications and all necessary forms will be submitted through the OFMO website (okfilmmusic.org) or as otherwise specified by OFMO.

(2) Unless otherwise agreed to by OFMO, Eligibility Applications will be submitted at least 60 calendar days prior to the Start of Principal Photography. The exact requirements of the Eligibility Application are shown on the OFMO website, but generally include:

- (A) General information about the Production;
- (B) Contact information;
- (C) Preliminary Production milestone dates;
- (D) A copy of the screenplay;
- (E) The Production Budget top sheet and estimated headcount;
- (F) Various acknowledgements of Program and OFMO requirements and agreements to abide by them.

(3) Applicants may track the status of their Eligibility Application on the OFMO website.

(4) Application does not guarantee acceptance. OFMO considers each Eligibility Application individually based upon many factors, including compliance with these Rules, the benefits of the project to Oklahoma (such as jobs, tourism, branding, image and follow-on work), funds available, anticipated future Program needs and other projects applying for a Rebate.

(5) If the Eligibility Application is approved, the Production Company will be Pre-Qualified and OFMO will work with the Production to establish a Rebate Schedule.

(6) At the time of Pre-Qualification, Productions are assigned to a Fiscal Earmark Year based upon the start of Principal Photography.

(7) Pre-Qualification does not guarantee ultimate approval of a Rebate Claim. The Production Company must meet the requirements of the Rebate Schedule and their Final Application must be approved in order for the Rebate Claim to be approved.

(8) If the Eligibility Application is denied, OFMO will provide the applicant with the reason(s) it was denied.

(9) Only one Eligibility Application per fiscal year per Production will be accepted.

(b) Application Estimate: If the Eligibility Application is approved, the Application Estimate will be multiplied by the appropriate rebate percentage to determine the estimated amount to be paid in the Rebate Claim (the "Potential Rebate Claim").

(c) If the Final Application and actual Rebate Claim are approved:

(1) If the actual QOE are less than or equal to the Application Estimate, the Rebate Claim will be paid in full.

(2) If the actual QOE are more than the Application Estimate, the Potential Rebate Claim amount will be paid within the normal payment timeframe and the remainder will be considered an additional claim and may, depending upon OFMO's discretion and budget, be paid at a later date outside the normal timeframe.

(d) Rebate Schedule: After Pre-Qualification, OFMO and the Production Company will establish a schedule of dates based upon the following benchmarks:

(1) 60 calendar days prior to Principal Photography - submit Application Estimate and Proof of Funding for at least fifty percent (50%) of the Production Budget.

(2) Prior to paying salaries or wages to a Production Company's employee in Oklahoma - submit a certificate of workers' compensation insurance with limits pursuant to Oklahoma law.

(3) 30 calendar days prior to Principal Photography - submit the following:

- (A) Proof of Funding for the Production Budget;
- (B) Updated shooting schedule;
- (C) Updated screenplay;
- (D) Copy of the Completion Bond (defined in (e) below), if applicable;
- (E) Additional documents as may be reasonably requested by OFMO.

(4) 10 calendar days prior to Principal Photography
(A) Submit a certificate of general liability insurance with a minimum limit of \$1,000,000 in coverage (or a binder for such with a start date no later than the estimated Start of Pre-Production);

(B) Submit a certificate of automobile liability insurance with minimums of \$250,000/500,000/250,000 coverage (or a binder for such with a start date no later than the estimated Start of Pre-Production) or certification that no employee of the Production will drive an automobile as part of the Production;

(C) Work with OFMO to draft and distribute a press release about the Production to relevant media.

(5) During Principal Photography - submit the following (preferably in advance, if practical):

- (A) Updates to the shooting schedule;
- (B) Updates to the screenplay.

(6) Within 90 calendar days of completion of the Production (or payment date of last QOE, if later):

(A) Upload through the OFMO website the list of Oklahoma Crew, Oklahoma Expatriates and Oklahoma Vendors used on the Production;

(B) Submit the Final Application.

(e) Completion Bond: Unless a Production is backed by a major studio or other financing source acceptable to OFMO, the Production will post a Completion Bond from a guarantor acceptable to OFMO guaranteeing the completion of the Production and payment of all Oklahoma liabilities. In lieu of a Completion Bond, a Production may produce evidence acceptable to OFMO that all Crew, vendors and taxes have been paid and there are no outstanding or potential liens in Oklahoma against the Production Company.

(f) Incremental Music Rebate: To qualify for the additional rebate for Oklahoma music described in 68 O.S. § 3624(B), QOE described in Section 725:35-1-4(g)(9) must be \$20,000 or more.

(g) End of Production Requirements:

(1) Unless otherwise approved by OFMO, the end credit crawl of all release prints of a completed short or long-form film shall include "Filmed in Oklahoma utilizing the Oklahoma Film Enhancement Rebate Program" and a logo provided by OFMO.

(2) The Production Company shall provide to OFMO

(A) A film poster, final release copy of the Film on DVD and digital link to a copy of the Film if available.

(B) Production stills, behind-the-scenes footage or other images OFMO can use to promote the Program.

(h) Certified Public Accountant's Report: Final Rebate Applications will be accompanied by a CPA's Report, prepared at the expense of the Applicant, attesting that the amounts in the application are QOE that comply with the requirements of these rules.

(1) Reports will be prepared by a CPA currently licensed by the State of Oklahoma and who is independent under the American Institute of certified Public Accountants' (AICPA) Independence Rule.

(2) CPAs will carry professional liability insurance, in a form and from a carrier acceptable to OFMO, for at least \$500,000.

(3) The CPA's examination will be conducted according to the AICPA's Attestation Standards.

(4) Reports will use a materiality threshold set by OFMO and published on its website.

(5) CPAs will work with the Production Company to resolve exceptions or discrepancies prior to submitting the Final Application, such that the CPA's Report attests to the validity and accuracy of the amounts on the Application without exception.

(6) The CPA's Report will attest:

(A) Actual Production expenditures were at least \$50,000 and QOE at least \$25,000, or if a High-Impact Production, actual expenditures were at least \$50,000,000 and QOE at least \$16,666,667.

(B) All amounts on the Application are properly calculated and materially accurate.

(C) All Oklahoma payroll tax returns due from the Production Company (or its payroll processor) have been filed.

(D) All Oklahoma income tax returns for the Production Company due as of the review date have been filed.

(7) The CPA will retain all workpapers for the CPA's Report for seven years, during which they may be subject to audit by the OFMO or its agents, upon a request by OFMO.

(i) Final Application:

(1) Upon completion of the Production and requirements herein, the Production Company will submit a Final Application.

(2) Submitting a Final Application does not guarantee approval. OFMO will approve or disapprove of all claims within 60 calendar days of receipt of a properly completed Final Application.

(3) If a Final Application or Rebate Claim is denied, the Production Company may attempt to correct any discrepancies or problems and resubmit within thirty (30) days of denial.

(4) Once a Final Application is approved by OFMO,

(A) Amendments are not allowed;

(B) The Production Company will work with OFMO to establish a vendor ID with the State.

(5) The Oklahoma Tax Commission will, upon notification of approval from the OFMO, issue payment for all approved Rebate Claims, subject to any Fiscal Year Maximum imposed by statute and any other agreements that the Production Company and OFMO have agreed to in writing in the case that the Production is a High-Impact Production.

(j) Fiscal Year Maximum: The Program has a rolling cap, which adds a new amount to the fund available to pay Rebate Claims each fiscal year. In order to ensure funds are available to pay all Pre-Qualified Productions, OFMO assigns each Pre-Qualification to a Fiscal Earmark Year, which may be one or more fiscal years in the future. If the total amount available to pay claims in any one fiscal year is restricted by statute, claim approval priority will be determined using the Fiscal Earmark Year and some Productions might have to wait until the first day of a future Fiscal Earmark Year in order to receive payment. This statutory maximum would not affect the amount of the Rebate Claim or its ultimate payment, but could affect the timing of when it is paid.

(k) Delays, Transferability and Expiration:

(1) A Pre-Qualified Production may delay the start of Principal Photography two times as described below. If the start is delayed a third time, or a Production does not start by the date specified in their latest update to the Production Schedule submitted to OFMO, Pre-Qualification is revoked, the Eligibility Application is denied and the Production cannot apply again until the following fiscal year.

(A) The first time a Pre-Qualified Production delays the start of Principal Photography, it moves to the end of the queue for the Fiscal Earmark Year of the new start date. Subsequent Pre-Qualifications with the same Fiscal Earmark Year are placed after it in the queue.

(B) The second time a Pre-Qualified Production delays the start of Principal Photography, it is placed last in the queue for the Fiscal Earmark Year of the

Permanent Final Adoptions

- new start date. Subsequent Pre-Qualifications with the same Fiscal Earmark Year are placed ahead of it in the queue.
- (2) Pre-Qualification is specific to the Production and Production Company, and is non-transferable. Productions, screenplays and budgets may evolve but must remain substantially similar to those submitted in the Eligibility Application.
- (3) Unless otherwise approved by OFMO, Pre-Qualification expires:
- (A) Two years after the approval date of the Eligibility Application, if Principal Photography has not started, OR
- (B) Two years from the start of Principal Photography.
- (l) Open Records Act Exemptions:
- (1) OFMO is subject to the State of Oklahoma Open Records Act, which governs public access to the records of government agencies. Under 74 O.S. § 2231, certain information provided to OFMO by a person or entity seeking economic advice from OFMO and any information compiled by OFMO in response to submissions, may be kept confidential.
- (2) In order to protect confidentiality of such items, applicants must submit a written request to OFMO at the time of the Eligibility Application to withhold its information from disclosure on the grounds that it constitutes trade secrets, proprietary information or that the information, if disclosed, would cause substantial injury to the competitive position of the applicant. Applicants must specify the information for which they are seeking protection along with clearly stated reasons for the requested exception.
- (3) OFMO reserves the right to determine whether the information submitted by the applicant will be withheld from disclosure. OFMO will notify the applicant of any requests for disclosure and notify the applicant as to whether the information will be disclosed.
- (m) High Impact Production Requirements: Due to the size of potential rebates and considerable number of variables in High Impact Productions, the Executive Director is authorized to negotiate and finalize High Impact Production Requirements as part of the High Impact Production Eligibility Application process. High Impact Production Requirements can be tailored to the type and scope of the Production, and may carry additional incentives, provided these requirements and incentives do not contradict statutory provisions of the ACT. Applicants would be required to meet the High Impact Production Requirements in order for the Final Application to be approved.

 - (2) Copy of the proposed budget;
 - (3) Copy of the script and the inclusion of the OFMO on the project's revisions distribution list;
 - (4) Copy of the production board or equivalent documentation;
- (b) After a production company meets all requirements, the Director will issue a formal letter of acknowledgement of qualification.
- (c) At the completion of principal photography, the production company must provide the following information before the claim can be reviewed by the Film Rebate Committee:
 - (1) Submit verifiable documentation to the OFMO of the amount of wages paid for employment in Oklahoma to residents of Oklahoma directly related to the production;
 - (2) File an Oklahoma income tax return;
 - (3) Complete the OFMO expenditure form;
 - (4) Provide the following screen credit, "Filmed in Oklahoma under the Auspices of the Oklahoma Film Enhancement Rebate Program"; and
 - (5) To provide evidence of a recognizable domestic or foreign distribution agreement within one (1) year from the end of principal photography.
- (d) Review and approval of rebate claims.
 - (1) The Film Rebate Committee will be comprised of volunteers with expertise in the film industry, accounting or other related areas, enlisted by the Director. This committee shall review applications for rebates and make recommendations to the Director.

- (2) The Director shall approve or disapprove each completed rebate claim within sixty (60) days of submission of the rebate claim. The Oklahoma Tax Commission shall issue payment for all approved rebate claims, providing funds are available.
- (3) Rebate claims shall be paid in the order in which the rebate claims are approved by the Director.
- (4) If an approved rebate claim is not paid in whole or in part, the unpaid rebate claim or unpaid portion may be paid in the following fiscal year as allowed in 68 O.S. § 3624.D (F), providing funds are available.
- (5) Only one rebate claim shall be processed per film. Once the production company has been paid for that rebate claim, no amendments for that rebate claim are allowable.
- (6) Rebate claims that are disapproved by the Director may be corrected and resubmitted to the Director for reconsideration within ten (10) business days after the date of disapproval. Only one resubmission per rebate claim is allowed.
- (a) OFMO will maintain a roster of Oklahoma Expatriate Crew and make such roster available to a Production Company upon request.
- (b) The Expatriate roster will consist of Oklahoma Expatriates who:
 - (1) Have registered as an Oklahoma Expatriate with OFMO;
 - (2) Have completed a Declaration of Expatriate Status satisfactory to OFMO;
 - (3) At the request of OFMO, agree to be accompanied by an intern provided by an Oklahoma educational institution for a period of time acceptable to OFMO during the Production.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 5. DEPARTMENT OF TRANSPORTATION

730:1-5-1. Powers and duties of Director

The Director is hereby granted all the powers and the authority necessary for the orderly operation of the Department of Transportation, (B) not in conflict herewith or prohibited by law, including, but not limited to the following:

(1) General duties.

(A) To approve and pay claims for all lawful expenses of the Department.

(B) To act as the claims and request officer for the Transportation Commission and the Department.

(C) To appoint Deputy Directors and Assistant Directors as he may deem necessary, and to delegate to them appropriate authority and responsibility.

(D) To effect changes in the Department's organizational structure and personnel, with any change at the division level and above being subject to approval by the Commission.

(E) To keep the Commission informed on the Department's operations and official actions.

(F) To appoint and employ, supervise, and discharge in accordance with the Oklahoma Personnel Act and the Merit Rules for Employment all such professional, clerical, skilled and semi-skilled help, labor

and other employees as may be deemed necessary for the proper and lawful discharge of the duties of the Department.

(G) To establish and maintain training and educational programs.

(H) To keep a journal and to record therein such matters as he may deem necessary or advisable, or which the Commission may direct.

(I) To be the keeper of the official seal of the Commission and the Department.

(J) To make Department budgetary transfers within statutory limitations and Commission authorization.

(K) To cooperate with governing bodies of cities and towns and the boards of county commissioners of the various counties on the basis prescribed by state and federal law, to the end that joint efforts will be coordinated to attain a maximum of transportation development and service.

(L) To execute releases on behalf of the Commission in compromise of claims pursuant to 69 O.S. Section 1002.

(M) To approve claims for returning to local units of government any surplus funds deposited by the local unit of government to match federal or state funds used for federal aid or state aid projects, after completion of the project and final payment has been made.

(N) To act on requests by boards of county commissioners for the transfer of old bridges or sections thereof removed from the state highway system by new construction projects, and to execute agreements setting out the terms of such transfers.

(O) To use consulting engineers' services in the preparation of functional and construction plans where such services are necessary due to special technical nature of contemplated construction or when the Director determines that such consulting services are necessary in the best interest of the Department in order to accommodate a construction programs approved by the Transportation Commission. Contracts with consulting engineers will contain a provision binding the consultants' employees and officers to the same rules and regulations as Department employees insofar as conflict of interest is concerned. The requirements for determining the need for such consulting engineers; services are set forth in OAC 730:30-5-1.

(P) To authorize Department personnel to initiate legal proceedings to take enforcement actions authorized by statute or regulation on behalf of the State and to recover for damages to state property under the care, custody, or control of the Department or to initiate criminal prosecution.

(Q) To, in person or by designee, appear and participate with full authority at settlement conferences as directed by federal or state courts.

(R) To issue more detailed instructions by appropriate orders, policies, or memoranda, not inconsistent with this Title for the general guidance and administration of the Department.

(2) **Contracts and agreements.**

(A) To execute or cause to be executed all contracts and agreements on behalf of the Commission and Department, unless otherwise provided by law.

(B) To issue work orders to commence work on construction contracts.

(C) To approve contract extensions or modifications made necessary by developments arising subsequent to award and execution of construction contracts, except where prior Commission approval is required by law.

(D) To approve and execute change orders and supplemental agreements in a total amount of not to exceed Five Hundred Thousand Dollars (\$500,000.00) on a contract. The Director may further delegate to field division engineers authority to approve and execute change orders and supplemental agreements in a total amount of not to exceed ~~Seventy Five One Hundred Fifty~~ 150,000.00 Thousand Dollars (\$~~75,000.00~~) on a contract. In no event shall the total amount of such change orders exceed the limits set forth in 61 O.S. §121. Change orders approved by the Director or field division engineer shall be presented to the Commission at its next regular or special business meeting stating the reasons for the change order and supplemental agreement with such other information as the Commission may require.

(E) To execute and process contractual awards to the individual counties on county sponsored federal aid projects to be constructed by county forces with county and federal funds, subject to applicable regulations of the United States Department of Transportation.

(F) To execute and process contractual awards to railroad companies for railroad crossing protection projects to be constructed on a force account basis by the railroad company with railroad and/or federal funds, subject to the concurrence of the United States Department of Transportation.

(G) To approve or disapprove requests by utility companies and municipalities for permits to attach pipe lines, telephone cables, and other authorized utility lines to bridges on the state highway system, and to change permit fees in accordance with the schedule of fees provided in OAC 730:30-7-1.

(3) **Federal aid.**

(A) To act for and represent the Department in all official matters involving the United States Department of Transportation or any other agency of the United States government, for the purpose of executing federal aid programs.

(B) To make or withhold commitments, execute contracts and agreements, and to bind the Department by any other action which the Department may

lawfully do relating to programmed items or projects previously approved by the Commission; provided, however, that whenever the United States Department of Transportation requires a commitment to program an item in the future, such requirement shall be submitted to the Commission for approval, before any action is taken.

(C) To execute the Federal Highway Administration's revision forms to provide for changes in termini, cost, length, and character of proposed work; provided that such changes in county programs shall be made only in accordance with plans, specifications and estimates officially submitted by the board of county commissioners of the county in which the programmed project is located or as requested by resolution of the board. On federal aid projects such changes shall be made only when the detailed information obtained after the approval of the programmed project shows a necessity to change from those features that were provided in the approved programming item. Significant changes such as cost or length will require prior approval of the Transportation Commission before execution by the Director.

(4) **Emergency contracts.**

(A) To declare the existence of an emergency situation, provided that:

(i) As used in this subparagraph, the term "emergency" shall be limited to conditions resulting from a sudden unexpected happening or unforeseen conditions and wherein the public health or safety is endangered; and

(ii) The Director notifies the Commission of such action within ten (10) days from the date thereof by written notification containing a statement of the reason therefore, which statement shall be recorded in the official minutes of the next regular meeting of the Commission.

(B) Upon the declaration of an emergency situation as above-defined, the Director shall be authorized to enter into any contract not exceeding Seven Hundred and Fifty Thousand Dollars (\$750,000.00) in amount, without complying with those provisions of the Public Competitive Bidding Act of 1974, as amended, for construction or repair of any highway, bridge or other structure or facility under the jurisdiction of the Department for the protection and preservation of the public health and safety and elimination of the danger thereto.

(C) To accept bids, award, and execute emergency contracts on projects where the Commission has, pursuant to 61 O.S. Section 130, declared that an emergency exists.

(5) **Traffic control.**

(A) To place and maintain traffic signs, markings, and other traffic control devices required under Oklahoma Law to make effective the provisions of said law, and to place and maintain such additional traffic

control devices not in conformance with the "Manual on Uniform Traffic Control Devices for Streets and Highways" as prepared by the National Joint Committee on Uniform Traffic Control Devices. To maintain an official listing or record of:

(i) Through highways and stop or yield intersections.

(ii) Speed zones.

(iii) One-way roadways.

(iv) Turn restrictions.

(v) Additional parking restrictions or prohibitions.

(vi) Traffic control signals.

(B) To take actions necessary to effectuate the provisions of the traffic laws of the State of Oklahoma and to make temporary or experimental regulations to cover emergencies or special conditions. No experimental regulations shall remain in effect for more than 90 days. Emergency, temporary, and experimental regulations shall have the same force and effect as regulations adopted by the Commission and must be submitted to the Commission at its first regular meeting after the regulation is put into effect.

(6) **Right-of-way.**

(A) To make a determination that the establishment of a right-of-way line is a technical matter, and delegate to the Right-of-Way Division the authority to make such decisions; and further that the Chief, Right-of-Way Division be authorized and empowered to appear in court to justify the necessity of right-of-way takings.

(B) To execute all deeds, releases, and other instruments pertaining to the disposal of surplus real property and to delegate such authority to others.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. LICENSING CERTIFICATE OF REGISTRATION QUALIFICATIONS, PROCEDURES AND FEES

765:15-1-1. Purpose

The rules of this Chapter have been adopted for the purpose of complying with the provisions of 75 O.S. Section 250 et seq., and 47 O.S. Section 582 (E), and 47 O.S. 583.1 A (2019 Supp). This Chapter will provide a description of the qualifications for obtaining a used motor vehicle salesperson's license certificate of registration, authority of a salesperson, and the grounds and procedure for assessment of a fine or denial, suspension, or revocation of a used motor vehicle salesperson's license certificate of registration.

765:15-1-2. Fees

The fees required for an application or renewal of used motor vehicle salesperson's license certificate of registration are recited in 47 O.S. Section 583.1. A fee will be returned to the applicant in the event the license certificate of registration is denied.

765:15-1-3. Applicant

(a) Activities requiring license certificate of registration.

A used motor vehicle salesperson is anyone who:

- (1) receives gain or compensation of any kind, directly or indirectly, regularly or occasionally for, or negotiates for, sale or trade of a specified used motor vehicle for a specified used motor vehicle dealer, or
- (2) operates as a broker only for a specified used motor vehicle dealer, or
- (3) receives compensation for referral of a prospective buyer to his employer or acts on behalf of the dealer in the purchase or sale of a used motor vehicle, or
- (4) is authorized to transfer and/or sign titles for the dealership, or
- (5) displays or offers used motor vehicles for sale for the dealership at a licensed location,
- (6) acts in the capacity of sales manager or finance and insurance manager or acts in any capacity as part of the sales process,
- (7) does not otherwise come under the definition of a wholesale used motor vehicle dealer and/or is not required to obtain a license as a wholesale used motor vehicle dealer, but is authorized by a person licensed by the Oklahoma Motor Vehicle Commission to sell new or unused motor vehicles, (franchise dealer) to purchase and sell used motor vehicles without direct supervision by the "franchise dealer," whether at auction or otherwise, to-wit: a "wholesaler" or individual who pays the "franchise dealer" a draft or check fee for vehicles purchased using the "franchise dealer's" used motor vehicle dealer's license; or who is required to compensate the "franchise dealer" for any loss arising from the sale of a vehicle; or who in any manner operates independently of the ordinary business of the "franchise dealer."

(b) **Information required.** An applicant shall provide sufficient information on the application or otherwise to enable the Commission to determine whether the applicant should be granted a license certificate of registration. The information shall include:

- (1) information relating to the applicant's business integrity, the applicant's experience in the same or similar businesses, and his business history,
- (2) whether the applicant will devote full or part time to the business, and
- (3) any other pertinent information consistent with the safeguarding of the public interest and welfare.

(c) **Application required.** Applications for license certificate of registration shall be verified by the oath or affirmation of the applicant and shall be on forms prescribed by the Commission and furnished to such applicants. The applications shall contain such information as the Commission deems necessary to enable it to fully determine the qualifications and eligibility of the applicant for the license applied for certificate of registration.

(d) **Activity not requiring a license certificate of registration.** A dealer, by written instrument, may authorize another licensed individual or dealer to purchase vehicles for the dealer. Said authorization shall not authorize the individual to conduct any other business for the dealer or represent the dealer in any other manner.

(e) **Activity not authorized.** A salesperson's ~~license~~ license certificate of registration shall not authorize the person to refer a prospective customer or consumer to another used motor vehicle dealer and obtain compensation therefor without an employment relationship with the other used motor vehicle dealer.

765:15-1-5. Issuance of license certificate of registration

(a) **Prerequisite.** A license certificate of registration for a used motor vehicle salesperson will not be issued, renewed, or endorsed until the employing dealer is licensed and has certified that the applicant for said license certificate is in his employ. Dealers' payrolls and other evidence will be checked to ascertain that all salespersons for such dealers are licensed registered. ~~It is not intended that the~~ The dealer shall be required to pay for licenses certificates of registration for its salespersons. ~~However, the dealer but~~ may do so on a reimbursable basis, or any other plan satisfactory to its dealership organization. All salespersons license certificates of registration will be sent to the dealer for distribution to the respective applicants, and the dealer will determine that all its personnel required to obtain license certificates of registration have done so.

(b) Temporary license certificate of registration.

(1) A temporary salesperson's license certificate of registration, salesperson's renewal, or reissue of a salesperson's license certificate shall be deemed to have been issued when the appropriate application and fee have been properly addressed and mailed to the Commission, except as follows:

- (A) in the case of incomplete application,

- (B) in the case of proper fee not being submitted,
- (C) in the case of applicant's having been previously denied a license or certificate of registration with this Commission, or
- (D) in the case of applicant's having been convicted of a crime involving moral turpitude (act or behavior that gravely violates accepted moral standards of community), committed any unlawful act which resulted in revocation of similar license in another state, or committed a fraudulent act in selling or purchasing motor vehicles in such a manner as to cause injury to the public.

(2) All temporary salesperson licensecertificate of registration applications shall be submitted for approval to issue a permanent licensecertificate of registration at the first monthly Commission meeting following receipt of a completed application.

(c) **Permanent licensecertificate of registration.** A permanent salesperson's licensecertificate shall be issued after approval of the applicant by the Commission. A salesperson's licensecertificate shall consist of an identification card bearing the name, ~~signature of the salesperson, driver's license number,~~ name of employer, address, signature of the Executive Director, and the dealer's license number prefixed with UD (UD-0000). The card shall be carried upon his person at all times when acting as a used motor vehicle salesperson—~~at licensee location.~~

(d) **Reciprocity.** ~~A salesperson's license issued by the Oklahoma Motor Vehicle Commission shall be valid as a used motor vehicle salesperson's license for the dealer's franchised location.~~

765:15-1-6. **Renewal of licensecertificate of registration**

All licensecertificates shall expire on the 31st day of December of ~~the odd-numbered~~ each year following the date of issue and shall be nontransferable.

765:15-1-7. **Changes**

(a) **Employer.** If the salesperson changes employer, the licensecertificate holder shall immediately mail the licensecertificate of registration to the Commission for its endorsement of the change of employer. ~~There shall be no charge for such endorsement.~~ The licenseholder shall keep his licensecertificate on his person while engaged in his business and shall display it upon request; however, there shall be no penalty for not having the licensecertificate upon his person when he has submitted it to the Commission for its endorsement of a change of employer.

(b) **Notice.** The dealer will notify the Commission in writing when a salesperson's employment is terminated. The dealer may be liable for actions of the salesperson until proper notice is filed with the Commission.

(c) **Salesperson's card.** Each salesperson shall surrender his identification card to the Commission for endorsement of change of employer, before again engaging in the business as a

salesperson for another used motor vehicle dealer or as a used motor vehicle dealer.

SUBCHAPTER 3. AUTHORITY OF SALESPERSONS

765:15-3-1. **Authority**

(a) **Salesperson only.** A used motor vehicle salesperson's licensecertificate of registration shall permit the licenseholder to engage in the activities of a used motor vehicle salesperson. A salesperson's licensecertificate does not entitle the licenseholder to perform as a dealer as defined in 47 O.S. Section 581 (4). A used motor vehicle salesperson's license does not entitle a person to separately own vehicles for sale or any interest in the vehicles or dealer business without first qualifying as a partner, corporate member, or part owner of the dealership and meeting the qualifications of a dealer as prescribed in 47 O.S. Sections 581-583.

(b) **One card only.** A salesperson may not hold more than one used motor vehicle salesperson's licensecertificate at any one time or be employed by or sell for any dealer other than the dealer and at the address designated on the salesperson's licensecertificate, with the exception that the licensed dealer has more than one location. Then the licensed dealer and ~~licensed~~ salesperson may sell on each location properly licensed as additional locations.

(c) **Restrictions.** A salesperson's licensecertificate shall not be issued for an individual who is not actively engaged in the activities of a used motor vehicle salesperson, nor shall it be issued for the purpose of allowing an individual to operate a vehicle with a used motor vehicle dealer's plate for any use not benefitting the dealer's business.

SUBCHAPTER 5. ASSESSMENT OF FINE OR DENIAL, SUSPENSION, OR REVOCATION OF LICENSECERTIFICATE OF REGISTRATION

765:15-5-1. **Grounds**

(a) The Commission may deny an application for license, certificate of registration, or suspend or revoke a licensecertificate of registration after it has been granted ~~for any of the reasons listed in 47 O.S. Sections 584 (1) through (9)~~ for violation of any statute or regulation relating to the purchase, sale, display for sale, or transfer of a used motor vehicle; or if it is determined that the licensecertificate of registration is being or has been issued for the benefit of a person who would not or could not qualify for the licensecertificate in his or her own right; ~~and;~~

(b) On satisfactory proof of unfitness of the applicant or the holder of the certificate of registration under the standards established under Title 47 Oklahoma Statutes § 581 et. seq. or the Rules of the Commission.

(c) For fraudulent or material misstatements made by the applicant in any application for license or certificate of registration.

Permanent Final Adoptions

(d) For any willful failure to comply with, or continued or flagrant violation of, any provision of Title 47 Oklahoma Statutes § 581 et. seq. or with any rule promulgated by the Commission,

(e) A change of condition after a certificate is issued resulting in failure to maintain the qualifications for license.

(f) Conviction of a crime involving moral turpitude or any felony which in the opinion of the Commission may have a direct bearing on the ability of the applicant or holder to act as a used motor vehicle salesperson without endangering those with whom the applicant or holder may deal in the conducting of the duties of a used motor vehicle salesperson.

(g) Committing any act within the preceding ten (10) years, which resulted in the revocation of a similar license in another state.

(h) Engaging in business under a past or present license or certificate of registration in such a manner as to cause injury to the public or those with whom the holder is dealing.

(i) For violation of any statute or regulation relating to the purchase, sale, display for sale, or transfer of a used motor vehicle; or if it is determined that the certificate is being or has been issued for the benefit of a person who would not or could not qualify for the certificate in his or her own right.

(b-j) The Commission may in addition to any other sanction or penalty assessed, impose a fine as authorized by law

765:15-5-2. Prohibitions

A person whose ~~license~~ certificate of registration has been revoked or denied or whose ~~license~~ certificate was surrendered in lieu of revocation or under circumstances such that said ~~license~~ certificate could have been revoked, shall not have a financial interest of any kind in a used motor vehicle business, nor shall that person participate in any way, including in an advisory position, in the operation of a used motor vehicle business.

SUBCHAPTER 1. LICENSING REGISTRATION QUALIFICATIONS, PROCEDURES AND FEES

765:38-1-1. Purpose

The rules of this Chapter have been adopted for the purpose of complying with the provisions of 75 O.S. Section 250 et seq., and 47 O.S. Section 582 (E) and 47 O.S. Section 583.1B (2019 Supp.) This Chapter will provide a description of the qualifications for obtaining a manufactured home salesperson's license certificate of registration, authority of a salesperson, and the grounds and procedure for assessment of a fine or denial, suspension, or revocation of a manufactured home salesperson's license certificate of registration.

765:38-1-2. Fees

The fees required for an application or renewal of manufactured home salesperson's license certificate of registration are recited in 47 O.S. Section 583.1.

765:38-1-3. Applicant

(a) **Activities requiring license certificate of registration.** A manufactured home salesperson is anyone who has been engaged by a manufactured home dealer to buy, sell, exchange, negotiate or act as an agent for the purchase, sale or exchange of an interest in a manufactured home on behalf of the dealer for whom the salesperson is employed. A salesperson shall include anyone employed by the manufactured home dealer who is involved in any part of the sales process, including but not limited to the sales manager and finance and/or insurance manager.

(b) **Information required.** An applicant shall provide sufficient information on the application or otherwise to enable the Commission to determine whether the applicant should be granted a license certificate of registration. The information shall include:

- (1) information relating to the applicant's business integrity, the applicant's experience in the same or similar businesses, and his business history,

(b) **Permanent licensecertificate of registration.** A permanent salesperson's licensecertificate of registration shall be issued after approval of the applicant by the Commission. A salesperson's licensecertificate shall consist of an identification card bearing the name, ~~signature of the salesperson, social security number,~~ name of employer, address, signature of the Executive Director, the dealer's license number prefixed with MH, (MH-0000). The card shall be carried upon his person at all times when acting as a manufactured home salesperson at licensee location.

765:38-1-5. Renewal of licensecertificate of registration

All licensescertificates shall expire on the 31st day of December, of ~~the odd numbered~~ each year following the date of issue and shall be nontransferable.

765:38-1-6. Changes

(a) **Employer.** If the salesperson changes employer, the licenseholder of the certificate of issue shall ~~within thirty (30) days of~~ immediately upon employment by another manufactured home dealer, apply for a salesperson's licensecertificate of registration with the new employer. The salesperson shall surrender his salesperson's licensecertificate of registration upon termination of the employment relationship.

(b) **Notice.** The dealer will notify the Commission in writing when a salesperson's employment is terminated. The dealer may be liable for actions of the salesperson until proper notice is filed with the Commission.

SUBCHAPTER 3. AUTHORITY OF SALESPERSONS

765:38-3-1. Authority

(a) **Salesperson only.** A manufactured home salesperson's licensecertificate of registration shall permit the licenseholder to engage in the activities of a manufactured home salesperson. A salesperson's licensecertificate of registration does not entitle the licenseholder to perform as a dealer as

defined in 47 O.S. Section 581. A manufactured home salesperson's licensecertificate of registration does not entitle a person to separately own manufactured homes for sale or any interest in the manufactured homes or dealer business without first qualifying as a partner, corporate member, or part owner of the dealership and meeting the qualifications of a dealer as prescribed in 47 O.S. Sections 581-583.

(b) **One card only.** A salesperson may not hold more than one manufactured home salesperson's licensecertificate of registration at any one time or be employed by or sell for any dealer other than the dealer and at the address designated on the salesperson's licensecertificate, with the exception that the licensed dealer has more than one location. Then the licensed dealer and ~~licensed~~ salesperson may sell on each location properly licensed as additional locations.

(c) **Restrictions.** A salesperson's licensecertificate of registration shall not be issued for an individual who is not actively engaged in the activities of a manufactured home salesperson.

SUBCHAPTER 5. ASSESSMENT OF FINE OR DENIAL, SUSPENSION, OR REVOCATION OF LICENSECERTIFICATE OF REGISTRATION

765:38-5-1. Grounds

(a) The Commission may deny an application for licensecertificate of registration, or suspend or revoke a licensecertificate after it has been granted ~~for any of the reasons listed in 47 O.S. Sections 584 (1) through (6);~~ for violation of any statute or regulation relating to the purchase, sale, display for sale, or transfer of a manufactured home; or if it is determined that the license is being or has been issued for the benefit of a person who would not or could not qualify for the license in his or her own right ~~and;~~

(b) On satisfactory proof of unfitness of the applicant or the holder of the certificate of registration under the standards established under Title 47 Oklahoma Statutes § 581 et seq. or the Rules of the Commission.

(c) For fraudulent or material misstatements made by the applicant in any application for license or certificate of registration.

(d) For any willful failure to comply with, or continued or flagrant violation of, any provision of Title 47 Oklahoma Statutes § 581 et. seq. or with any rule promulgated by the Commission.

(e) A change of condition after a certificate issued resulting in failure to maintain the qualifications for license.

(f) Conviction of a crime involving moral turpitude or any felony which in the opinion of the Commission may have a direct bearing on the ability of the applicant or holder to act as a used motor vehicle salesperson without endangering those with whom the applicant or holder may deal in the conducting of the duties of a manufactured home salesperson.

(g) Committing any act within the preceding ten (10) years, which resulted in the revocation of a similar license in another state.

Permanent Final Adoptions

- (h) Engaging in business under a past or present license or certificate of registration in such a manner as to cause injury to the public or those with whom the holder is dealing, or;
- (i) For violation of any statute or regulation relating the purchase, sale, display for sale, or transfer of a manufactured home; or if it is determined that the certificate is being or has been issued for the benefit of a person who would not or could not qualify for the certificate in his or her own right.
- (j) The Commission may in addition to any other sanction or penalty assessed, impose a fine as authorized by law.

765:38-5-2. Prohibitions

A person whose license/certificate of registration has been revoked or denied or whose license/certificate was surrendered in lieu of revocation or under circumstances such that said license/certificate of registration could have been revoked, shall not have a financial interest of any kind in a manufactured home sales business, nor shall that person participate in any way, including in an advisory position, in the operation of a manufactured home sales business.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 9. SERVICE CONTRACTS AND EQUIPMENT GUIDELINES

780:10-9-2. Equipment

(a) Tangible assets (equipment).

(1) **State-owned equipment.** An item shall be classified as an equipment inventory item or fixed asset if it has a useful life of one year or more with an acquisition cost of \$2500 or more and is a complete and independent item which does not lose its identity or become a component part of another item. [74 O.S., Section 110.1(D)].

(2) **State-owned telecom and electronic information technology.** To meet the requirements specified in Title 62, §34.12, Subsection 6, the fixed asset system will be used to track applications to "include but are not limited to the use of mainframe computers, minicomputers, or microcomputers, word processing equipment, office automation systems, Internet, eGovernment, broadband, Wi-Fi or wireless networking, radio, including the interoperable radio communications system for state agencies, or Global Positioning Systems (GPS)' costing \$500 or more.

(3) **Donated or purchased equipment.** Equipment donated to or purchased by the Department through re-imbursement shall be considered the property of the Department.

(4) **Special funding.** Equipment purchased through special funding, which require that the equipment be used in specific programs, shall be placed in those programs and shall be subject to appropriate state and federal laws, rules and regulations.

(5) **Maintenance.** The receiving institution shall be responsible for maintaining equipment supplied by the Department.

(6) **Closing program.** The Program Administrator of the training program shall notify the Department inventory personnel, in writing, when a program or class is to be terminated or completed.

(b) **Loaning of equipment.** Equipment purchased for use by the Business and Industry Development Division may be loaned to other eligible training sites. The equipment shall be subject to any restrictions and is subject to recall on notice by the Department when needed for industrial training.

- (1) The local education authority (LEA) agrees to maintain all equipment covered under loan in the same condition when received from the ODCTE.
 - (2) It is understood that all equipment is to be insured and maintained in operating condition at the expense of the local education agency (LEA) and that equipment lost or stolen will be replaced at the expense of the local education agency (LEA).
 - (3) The ODCTE reserves the right to withdraw this equipment at any time after giving a notification of five (5) workdays.
 - (4) All equipment will be picked up at the close of the training program unless the equipment is used in another Business and Industry training program.
 - (5) Business and Industry Services equipment is only to be used for approved training. Use for other reasons is against state statutes and shall be cause for immediate removal of the equipment from the training site.
- (c) **Identification.**
- (1) **Department Purchased.** Equipment as defined in 780:10-9-2(a)(1) and (2) purchased by the Department shall be affixed with an appropriate tag.
 - (2) **Department Reimbursement.**
 - (A) Equipment as defined in 780:10-9-2(a)(1) purchased by local education agencies (LEA) and reimbursed by the Department with state funds for Business and Industry Development Programs shall be affixed with an appropriate Department asset tag. The equipment will be subject to a five day recall by the Business and Industry Development Division.
 - (B) Equipment as defined in 780:10-9-2(a)(1) purchased by local education agencies (LEA) and reimbursed by the Department for non-Business and Industry Development Programs with state funds shall be affixed with an appropriate Department asset tag.
 - (C) Equipment as defined in 780:10-9-2(a)(1) purchased by local education agencies (LEA) and reimbursed by the Department based on grant awards, shall be tagged by (LEA) and maintained in accordance with grant requirements.
 - (3) **Inventory records.** The Department shall maintain inventory records on all tagged equipment. Identification tags will be assigned by the Department and sent to the local education agency or to the appropriate Department personnel to be affixed to the equipment.
- (d) **Accountability.**
- (1) **Tagged equipment.** ~~Equipment~~ A list of equipment to be inventoried annually will be sent to the mailed to Superintendent and/or their designee, by the Department, with a request to verify and update the list, sign and return within 60 days, unless a physical inventory is conducted by Department inventory personnel.
 - (2) **Adjustments.** The Department, after review of requests, will make necessary adjustments to the inventory.
- (e) **Disposal.** Schools requesting items to be removed due to lost, stolen, salvage, or surplus must submit an inventory

adjustment form for approval. Department personnel will inspect and/or make recommendations on the request.

(f) **Transfer of Ownership.** In no case shall an equipment transfer be made without advanced approval from Department inventory personnel. The ownership of state-owned equipment may be transferred upon approval of the Division Manager, appropriate Senior Staff, and Oklahoma Management and Enterprise Services (OMES), to the local education agency (LEA) in possession of equipment unless said equipment is essential for operation of industry specific or new industry training programs. Department inventory personnel will provide requests to accept and notification of transfers.

(g) **Guidelines.** Equipment procedures and guidelines, and the inventory adjustment forms can be found on the Department Website and will be utilized to enforce these rules.

The first proposed change is the minimum grade level that students can enroll in a Business, Marketing and Information Technology Education (BMIT) course from seventh grade to sixth grade. The second proposed change is in the language used for internship courses in comprehensive schools. This change provides consistency with other CareerTech programs. The third proposed change is to clarify the rules for the courses within Science, Technology, Engineering and Math Education (STEM) programs and in which CareerTech student organizations the students may be members. The fourth proposed amendment removes the requirement for the instructor of a BMIT Education program to have access to a school furnished landline telephone

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 3. SECONDARY, FULL-TIME AND SHORT-TERM ADULT CAREERTECH PROGRAMS

780:20-3-2. Programs: admissions, operations, enrollment, and length

(a) **Nondiscrimination; admission guidelines.** Students shall be provided access to CareerTech programs and facilities without regard to race, color, national origin, sex, or disability.

(1) **Agricultural Education.** Agricultural Education programs are designed for junior high and high school grades eight through twelve and shall be provided by comprehensive school districts. Technology center school districts shall be prohibited from operating Agricultural Education programs or FFA chapters in any location. Each student enrolled in an agricultural education program shall participate in a supervised agricultural experience project. For each agricultural education program which is funded by the Oklahoma Department of Career and Technology Education, the local school district shall provide transportation services, for the agricultural education program and FFA program related duties and activities. (FFA is an integral part of the agricultural education program.)

(2) **Business, Marketing and Information Technology Education.** Business, Marketing and Information Technology Education programs are designed to prepare ~~junior high and high school students (grades 7 through 12)~~ students in grades 6 through 12 and adults for pathways to careers in business, marketing and information technology.

(3) **Family and Consumer Sciences Education.**

(A) **Comprehensive Family and Consumer Sciences Education.** Family and Consumer Sciences programs are designed for students grades 6 through 12 to experience hands-on experiential and problem based learning to explore opportunities for careers, post-secondary transitions and pathways in family and consumer sciences related areas.

(B) **Occupational Family and Consumer Sciences Education.** Occupational Family and Consumer Sciences programs are designed to prepare students in grades 11 and 12 and/or adults for careers in specific family and consumer sciences occupations.

(4) **Health Careers Education.**

(A) **CareerTech health careers.** Health Careers Education programs are designed to prepare junior high students, high school students and adults for employment in a health career of their choice.

(B) **Requirements for applicants.** Applicants for admission to Health Careers Education programs must meet requirements as set by the individual program, state statutes, and any other requirements of the appropriate licensing or accrediting agency.

(5) **Science Technology Engineering and Mathematics (STEM).** Science Technology Engineering and Mathematics programs are designed to prepare students grades 6-12 for hands-on and problem based curriculum that allows students to explore opportunities for careers, post-secondary transitions and pathways in Science, Technology, Engineering and Mathematics (STEM).

(6) **Trade and Industrial Education/TechConnect.** Trade and Industrial Education programs in comprehensive schools are designed for students in grades 6 through 12 for hands-on experience and problem based learning that allows students to explore opportunities for careers, post-secondary transitions and pathways in Trade and Industrial Education. The state program administrator must approve exceptions. Trade and Industrial Education programs in technology centers are designed for students in grades 11 and 12 and/or adults. In technology center programs, tenth-grade students, or over-age students in a grade lower than the eleventh, may be enrolled upon approval of the sending school.

(b) **Program operations.**

(1) **Recommendation for program approval.** The appropriate CareerTech program administrator shall recommend approval of a program when criteria for the approval of new programs are met and funds are available.

(2) **Program composition.** Programs shall offer hands-on experience or supervised occupational experiences in the laboratory or clinical setting as well as classroom instruction to provide opportunities for students to achieve career objectives.

(3) **Course titles.** CareerTech course offerings must be in agreement with the course titles listed in the current *Standards for Accreditation of Oklahoma Schools*, published by the State Department of Education. These same course titles (or abbreviated titles) should be the class titles entered on the student's transcript.

(4) **Units of credit.** The units of credit shall be determined by the number of periods the student is in class plus on-the-job training, clinical training, or internship served. (Refer to the *Standards for Accreditation of Oklahoma Schools*.)

(5) **Full-time programs.** A full-time program in a comprehensive school shall consist of five CareerTech instruction class periods and one planning period for a six-period day, and six CareerTech instruction class periods and one planning period for a seven-period day. Exceptions to this rule shall include the following:

(A) **Two planning periods.** Teachers who supervise students' agricultural experience programs shall have a minimum of two periods to plan, supervise, and coordinate the activities of student learners (see 780:20-3-1(e) and 780:20-3-2(b)(7)(A)). For schools on non-traditional schedules, teachers shall have the equivalent of a minimum of 90 minutes per day for planning and supervision of students. It is recommended that the last hour of the school day be utilized as one of the planning periods. Schools offering Agricultural Education courses the final period of the day must provide a written explanation to the program administrator.

(B) **Teaching of related courses.** Full-time program teachers of Marketing Education, Career Transitions Education, and TechConnect may be allowed to teach one related course, subject to the approval of the appropriate ODCTE state program administrator.

(C) **Trade and Industrial Education/TechConnect.** Two three-hour block courses shall constitute a full-time program in Trade and Industrial Education in a Technology Center.

(D) **Health Careers Education.** Teachers of Health Careers may be allowed to teach one or two related courses with at least one conference period (if the school is on a standard six or seven-period teaching day), subject to the approval of the Health Careers Education program administrator.

(E) **Science Technology Engineering and Mathematics.** Teachers of Science Technology Engineering and Mathematics may be allowed to teach one related course, subject to approval of the appropriate cluster administrator. Science and math courses listed in the STEM program can be counted as a STEM course, not a related course, with the approval of the cluster administrator.

(6) **Adult Training and Development.** Adult Training and Development (short-term adult) programs in comprehensive schools may be organized under the supervision of the CareerTech teacher and must be occupationally specific. These programs are organized on request or as the need indicates. They may vary in length.

(7) **Program operations by occupational division.**

(A) **Agricultural Education.**

(i) **Secondary programs.** The agricultural education instructor is a full-time, 12-month employee and shall teach only approved agricultural education courses. Agricultural education instructor shall have no other extra curricular duties or responsibilities other than those required through the FFA student organization and normal school supervisory duties. Coaching, administration, or other similar full-time duties will not be approved. In the case of a non-funded agriculture education program, the program must follow state policy and guidelines to remain in good standing and be able to utilize the CareerTech student organization, FFA.

(ii) **Summer program.** The agricultural education instructor shall formulate a summer program of work and a calendar of activities, which are to be submitted to the local education agency at the completion of the school year.

(iii) **Activities.** Summer activities shall include supervision of students' activities; educational field days and tours; in-service and professional development activities; and, working with adults, agricultural organizations, and industries.

(iv) **Summer leave.** Agricultural Education teachers are entitled to two weeks of summer leave. In lieu of these two weeks of vacation, three weeks each year may be allowed for professional improvement. Summer leave should be coordinated with the local administration. If there is a question in regard to summer leave, the program administrator should be contacted for approval.

(v) **Full-time adult programs.** Full-time adult Agricultural Business Management programs vary in length and are designated for and intended to meet the needs of adults engaged in agriculture and agricultural business operations.

(B) **Business, Marketing and Information Technology Education.**

(i) **Full-time programs in comprehensive schools.** A full-time program in comprehensive school shall consist of five instructional class periods (five credits) and one planning period for a six-period day or six instructional class periods (six credits) and one planning period for a seven-period day that is offered to students in grades 7 through 12. Block schedules, including trimesters, will be approved if they provide one full unit/credit per course and offer a full schedule of approved courses with one planning period. Instructors shall teach only approved business, marketing and information technology education courses that are aligned with an approved occupational outcome. State-approved syllabi identify the required length of courses - one-half or full unit of credit. Business, Marketing and Information Technology Education instructors shall have no other extracurricular duties or responsibilities other than those required through the BPA or DECA student organizations and normal school supervisory duties.

(ii) **Full-time programs in technology centers.** A full-time program in a technology center shall consist of two three-hour block periods of instruction for students in grades 10 through 12 and adults and should have an occupational outcome that includes a work-based learning component. Any exceptions must be approved in writing by the state program administrator.

(iii) **Technology/equipment.** Business, Marketing and Information Technology Education

programs shall provide technology that is appropriate for the defined occupational objectives and is reflective of a modern business environment. A written program plan integrating curriculum, training materials, and technology shall be maintained to guide program development and maintain relevance to the marketplace.

(iv) **Part-time comprehensive school programs.** Comprehensive school Business, Marketing and Information Technology Education programs that are less than full-time will be funded as a half-time program and will be approved only through the permission of the state program administrator. A part-time program shall include a minimum of three approved business, marketing or information technology education courses with one planning period.

(v) **Unfunded programs.** Non-funded Business, Marketing and Information Technology Education programs must follow state policies and guidelines and maintain an active BPA or DECA student organization chapter in order to remain in good standing.

(C) Comprehensive Family and Consumer Sciences Education.

(i) **Full-time programs.** A full-time program shall consist of only approved family and consumer sciences classes with one planning period in the daily schedule. Family and consumer sciences instructors shall have no other extra curricular duties or responsibilities other than those required through the FCCLA student organization and normal school supervisory duties. Each single teacher program shall offer at least two complete programs of study in a three-year period. A multi-teacher district shall offer one more program of study than the number of teachers per building. Coaching, administration, or other similar full-time duties must be approved by the state program manager in writing prior to implementation.

(ii) **Part-time programs.** Programs that are less than full-time will be funded as a half-time program and will be approved only through permission of the program administrator. A part-time program shall include a minimum of two family and consumer sciences classes and a conference period for a six period day and three family and consumer sciences classes and a conference period for a seven or eight period day.

(iii) **Unfunded programs.** In the case of an approved unfunded family and consumer sciences program, the program must follow state policy and guidelines to remain in good standing. Only approved programs shall have a Family, Career and Community Leaders of America chapter.

(D) Occupational Family and Consumer Sciences Education.

(i) **Full-time occupational programs in comprehensive schools.** A full-time occupational family and consumer sciences education program in the comprehensive school will include two or more classes, two to three periods in length for 11th- and 12th-grade students.

(ii) **Full-time occupational programs in technology centers.** A full-time occupational family and consumer sciences education program in a technology center will include two classes, three periods in length for 11th- and 12th-grade students and adults.

(iii) **Length; order.** Two years of occupational training may be offered.

(E) Health Careers Education.

(i) **Comprehensive Schools.** Programs in 7th, 8th, and 9th grade or high schools vary in length and may be offered in one, two or three blocks of time. Secondary programs in technology centers may be one or two academic years in length and vary in hours per day.

(ii) **Technology Centers.** Programs vary in length and in hours per day according to accrediting bodies and program requirements.

(F) Science, Technology, Engineering and Mathematics.

(i) **Full-time program.** In a six period day, instructor shall teach five approved CareerTech STEM courses and/or one approved related course. In a seven period day, instructor shall teach six approved CareerTech STEM courses and/or one approved related course. In an eight period day, instructor shall teach seven approved CareerTech STEM courses and/or one approved related course. Block schedules, including trimesters, will be approved if they provide one full unit/credit per course and offer a full schedule of approved courses with one planning period.

(ii) **Part-time comprehensive school programs.** Comprehensive school Science, Technology, Engineering and Math Education programs that are less than full-time will be funded as a half-time program and will be approved only through the permission of the state program administrator. A part-time program shall include a minimum of three approved science, technology, engineering and math education courses with one planning period.

(iii) **Unfunded programs.** Non-funded Science, Technology, Engineering and Math Education programs must follow state policies and guidelines and maintain an active ~~CareerTech~~~~TSA~~~~HOSA~~ or ~~SkillsUSA~~ student organization chapter in order to remain in good standing.

(G) Trade and Industrial Education. Tech-Connect (grades 6-10): The appropriate approved courses need to be taught from one of the following career pathways: Tech Connect Agriculture, Food

and Natural Resources; Tech Connect Architecture & Construction; Tech Connect Arts; A/V Technology and Communications; Tech Connect Information Technology; Tech Connect Law, Public Safety and Security; Tech Connect Manufacturing; Tech Connect Transportation, Distribution and Logistics; Tech Connect Diversified Programs.

(H) **Integrated Academics.** Academics taught in the technology center shall be delivered in the context of the program in which each student is enrolled. If academic instruction is offered for credit through the sending school, it shall be structured so as to meet current legislation and State Department of Education guidelines. Students must meet, within the structure of the academic class, the attendance requirements of their comprehensive schools in order to receive academic credit. Further, the legislated limit of 10 days of absence from the academic class for school-related activities applies.

(c) **Enrollment for full-time programs.**

(1) **Guidelines compliance.** Program enrollments shall comply with the established guidelines of the appropriate occupational division. Exceptions must have written approval by the appropriate program administrator prior to the second week of class. Consideration shall be given to the availability of work stations, clinical experiences and individual student needs.

(2) **Enrollments specific to occupational divisions and programs.**

(A) **Agricultural Education.**

(i) **Student enrollment limits.** If a department has adequate space, equipment, and laboratory sites, a maximum of 25 students may be enrolled in each agricultural education class with the exception of lab classes, such as Horticulture and Ag Mechanics, and they shall be limited to 15 per class. Exceptions to these numbers must have written approval by the appropriate program administrator.

(ii) **Maximum class enrollment.** The maximum enrollment in each agricultural mechanics and horticulture class shall be 15 students per class period.

(iii) **Course prerequisite.** Introduction to Agricultural Science is the prerequisite for all other agricultural education courses with the exception of eighth-grade Agricultural Orientation.

(iv) **Employment in Agribusiness.** The Agricultural Education course, Employment in Agribusiness, is considered a Cooperative Program in which students can earn scholastic credit if the course meets all requirements listed under section (780:20-3-1 section e). It must be taught and supervised by the agricultural education instructor. Note: The work-site experience must be directly related to the curriculum offered in the program.

(B) **Business, Marketing and Information Technology Education.**

(i) **Programs in comprehensive schools.** Business, Marketing and Information Technology Education courses may enroll a maximum of 25 students at a ratio of one work station per student. A maximum of 25 students per teacher-coordinator shall be enrolled in a capstone course or ~~cooperative learning~~ internship course. Only two sections of ~~cooperative learning~~ internship will be allowed per program. Students enrolling in a ~~cooperative learning~~ internship program must have completed a minimum of 120 hours of approved business, marketing, and information technology education coursework.

(ii) **Programs in technology centers.** Business, Marketing and Information Technology Education courses may enroll a maximum of 25 students at a ratio of one work station per student.

(C) **Family and Consumer Sciences Education.**

(i) **Comprehensive Family and Consumer Sciences programs.** If a department has adequate space, equipment and laboratory sites, maximum enrollment for the following courses shall be:

- (I) Non-laboratory courses-30 students
- (II) Laboratory courses-24 students
- (III) Work-based learning - The School and Community Partnership course is a work-based course in which students gain work-site experience and elective credit. The work-site experience must relate directly to an Oklahoma family and consumer sciences career cluster. Enrollment in this course is limited to 24 students. Additional rules in 780:20-3-1(e) and (h) may apply.

(ii) **Occupational Family and Consumer Sciences Education.** A minimum of 10 and a maximum of 20 students shall be enrolled in each section of occupational family and consumer sciences education.

(D) **Health Careers Education.**

(II) **Full-time adult-only health careers programs.** A minimum of eight and a maximum of twelve students per instructor shall be

enrolled in a full-time adult-only Health Careers Education program. Program enrollment may also be limited by national and/or state accrediting bodies, by equipment, classroom and/or laboratory facilities and by clinical site availability.

(E) **Science, Technology, Engineering and Mathematics. Student Enrollment Limits.** The maximum enrollment for each period of a STEM program shall be 24 students. Consideration should be given to the size of the facility.

(F) **Trade and Industrial Education and TechConnect.**

(i) **Maximum enrollment.** The maximum enrollment for each Trade and Industrial Education, TechConnect program section shall be 20 students, with the exceptions of cosmetology, which may have a maximum of 22 students, and career transitions programs, which may have 50 students per career transitions teacher. Consideration should be given to the size of the facility.

(ii) **Alternate program enrollment.** The Trade and Industrial Education Division shall establish a reduced maximum enrollment for any program not meeting adequate size or layout of teaching facilities, number of training stations, appropriate quality and quantity of tools, and equipment and supplies. Individual student needs, student safety and supervision shall also be considered when determining maximum student enrollment.

(iii) **Inclusion of on-the-job students.** Students involved in on-the-job training shall be included in the maximum enrollment for the program unless each school has an on-the-job training coordinator.

(d) **Length of programs.** CareerTech programs shall be 10 or 12 calendar months as approved by the appropriate program administrator. Exceptions must be approved by the Department.

780:20-3-3. Materials and facilities

(a) **Approved materials.** CareerTech teachers in all CareerTech programs shall use instructional materials developed by the Department or materials approved by the appropriate program administrator.

(b) **Equipment.**

(1) **Responsibility.** The local education agency is responsible for providing equipment and supplies to support the CareerTech program in order to assure quality training. Equipment must meet or exceed all appropriate safety standards.

(2) **Modern equipment.** Equipment shall be indicative of that currently used in business and industry and in conformity with modern technology.

(3) **Maintenance; replacement.** A policy for maintenance and replacement shall be developed by the local education agency.

(4) **Inventory of state-owned equipment.** It is the responsibility of the local education agency to provide appropriate maintenance and repair of state-owned equipment and to maintain an accurate accountability of state-owned equipment tagged in accordance with rule 780:10-9-2(c).

(c) **Facilities.**

(1) **CareerTech programs facilities.** The local education agency shall provide CareerTech programs with facilities to assure safe and orderly, quality instruction to meet each program's objectives. The guidelines used shall be from the Oklahoma Department of Education "Planning for Education: Space Guidelines for Planning/Educational Facilities" booklet 70 O.S. 3-104. The appropriate program administrator shall be consulted regarding plans for new and remodeled facilities.

(2) **Health Careers Education.** Clinical facilities shall be adequate in number and quality to provide the experiences necessary to meet the requirements of the respective accrediting agency and program requirements. Clinical facilities should have adequate staff to provide safe patient care and student should not be used as paid or unpaid facility staff during clinical hours.

~~(3) **Business, Marketing, and Information Technology Education.** The local education agency shall provide access to a telephone for the business, marketing, and information technology program instructor for private conversations regarding student coordination activities and career guidance.~~

GIST/ANALYSIS:

The Oklahoma Water Resources Board ("Board") has amended the following provisions:

OAC 785:5-1-6(d) to increase existing annual maintenance fees for surface water permits. The \$25 increase will help offset rising costs to Information Technology the agency has experienced over the last several years.

OAC 785:5-1-10 to increase existing amounts for filing fees of groundwater applications over sensitive sole-source groundwater basins. Groundwater applications over sensitive sole-source groundwater basins require a higher level of analyses and scrutiny, which increases the amount of time required to process the application.

OAC 785:5-1-11 to streamline filing fees in the Well Driller and Pump Installer Licensing Program. The amendment also increases some fees. The Well Driller Program has increasingly relied on General Revenue funding since the last fee increase in 2010. The proposed fee increases would generate revenue for the program to be approximately 75% self-funded. In addition, HB2933 was passed in 2019 that allowed a waiver for low-income individuals. The proposed addition (785:5-1-11(q)) implements statutorily-required language in the Board's rules.

Remove the fee in OAC 785:5-1-16(a), which is a fee to make a streamflow measurement. The Board no longer provides these services or historically has not needed to implement this fee.

Add OAC 785:5-1-21, to add fees for review of documentation submitted to the Board related to water trapped in producing mines in sensitive sole-source groundwater basins. Such documents include requests for de minimis determination, annual mine reports, Augmentation and Management Plans, and requests to determine if a mine is within a sensitive sole-source groundwater basin. In 2011, SB597 was passed requiring the Board to develop rules relating to the management of water trapped in producing mines in sensitive sole-source groundwater basins. However the amount of staff time required reviewing documents was unknown and has been at a significant cost since formalizing those rules. The proposed fees would cover staff time reviewing documents and would allow for a dedicated employee to focus a portion of their work to this task.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

785:5-1-6. Stream water permit application and administration fees

(a) A filing fee based on amount requested in the application must be submitted with each application for a permit to appropriate stream water as follows:

- (1) 1 through 320 acre-feet - \$250.00

- (2) 321 through 640 acre-feet - \$350.00
- (3) 641 through 1,500 acre-feet - \$450.00
- (4) More than 1,500 acre-feet - \$450.00, plus an additional \$150.00 for each increment of 500 acre-feet above 1,500 acre-feet requested, provided that no person shall be charged a total amount in excess of Four Thousand Dollars (\$4,000.00) per application.
- (5) If the applicant proposes to divert or use stream water from a scenic river or an area designated as an outstanding water resource by the State, the applicant must submit an additional fee of \$250.00 (see also Chapter 45 of this Title).
- (b) Applications for provisional temporary permits to appropriate stream water except expedited applications require a fee of \$200.00.
- (c) Expedited applications for provisional temporary permits to appropriate stream water require a fee of \$250.00.
- (d) Annual water right administration fee for the submittal of water use reports shall be ~~\$50.00~~\$75.00 for each permit or vested right, provided that the cumulative maximum water right administration fees imposed on any one permit or vested right holder shall not be more than \$500.00 per year.
- (e) If the annual water use report is filed later than 30 days after the due date as set forth in the report form mailed to the water right holder, an additional amount of \$50.00 for each permit shall be due (see also 785:20-9-5).

785:5-1-10. Groundwater application and administration fees

- (a) A filing and application fee based on amount requested must be submitted with each application for a permit for the withdrawal of groundwater as follows:
- (1) 1 through 320 acre-feet - \$250.00
 - (2) 321 through 640 acre-feet - \$350.00
 - (3) 641 through 1,500 acre-feet - \$450.00
 - (4) More than 1,500 acre-feet - \$450.00, plus an additional \$150.00 for each increment of 500 acre-feet above 1,500 acre-feet requested, provided that no person shall be charged a total amount in excess of Four Thousand Dollars (\$4,000.00) per application.
 - (b) Applications for provisional temporary permits except expedited applications require a fee of 200.00.
 - (c) Expedited applications for provisional temporary permits require a fee of \$250.00.
 - (d) Annual water right administration fee for the submittal of water use reports shall be \$50.00 for each permit or prior right, provided that the cumulative maximum water right administration fees imposed on any one permit or prior right holder shall not be more than \$500.00 per year.
 - (e) If the annual water use report is filed later than thirty (30) days after the due date as set forth in the report form mailed to the water right holder, an additional amount of \$50.00 for each permit shall be due.
 - (f) Applications for groundwater use that overlie a sensitive sole-source basin shall require an additional \$250.00 fee.

Permanent Final Adoptions

785:5-1-11. Well driller and pump installer licensing fees

- (a) The filing application and license fee for issuance of individual, partnership, or corporation well driller licenses for one activity to be certified under 785:35-3-1 which shall include the operator certification for the individual license or, in the case of a partnership or corporation, one operator certification for such activity shall be ~~\$300.00~~ \$400.00 for two years.
- (b) ~~The license application fee for each additional activity shall be \$40.00 for two years. The license fee for a nonresident shall be the amount charged in the state of the nonresident but in no case less than \$1,000.00 for two years.~~
- (c) ~~The application fee for each additional operator certificate which includes certification to conduct one activity shall be \$60.00 for two years. The initial fee for the Indemnity Fund for one activity certified under 785:35-3-1 shall be \$250.00 for residents and \$400.00 for nonresidents.~~
- (d) ~~The license application and indemnity fund fee for each additional activity shall be \$200.00. The application fee for each additional activity under an operator certificate shall be \$30.00.~~
- (e) ~~The renewal fee for each license for one certified activity, which shall include the operator certification shall be \$250.00 if the application to renew is filed by May 31; provided that a late fee of \$150.00 shall be due for the completed license renewal application if received by the Board after May 31 of the year to be renewed, but before the end of the applicable grace period. The application fee for each additional operator certificate shall be \$100.00 for a two (2) year period.~~
- (f) ~~The license renewal fee for each additional activity shall be \$40.00 for a two (2) year period. The renewal fee, which shall include the operator certification shall be \$350.00 if the application to renew is filed by May 31; provided that a late fee of \$250.00 shall be due for the completed license renewal application if received by the Board after May 31 of the year to be renewed, but before the end of the applicable grace period.~~
- (g) ~~The fee for each additional operator certification renewal which includes certification to conduct the authorized activities shall be \$40.00~~ \$100.00 for a two (2) year period.
- (h) ~~The fee for examination of any operator shall be \$50.00. The renewal fee for the Indemnity Fund for each operator shall be \$100.00 for residents of Oklahoma and \$200.00 for nonresidents for a two (2) year period.~~
- (i) ~~The fee for transfer of individual licensee designation to partnership, corporation or other entity or certified operator from one firm or corporation to another shall be \$50.00. The fee for examination of any operator shall be \$50.00.~~
- (j) ~~The license fee for a nonresident shall be the amount charged in the state of the nonresident but in no case less than \$500.00 for two years. The fee for transfer of individual licensee designation to partnership, corporation or other entity or certified operator from one firm or corporation to another shall be \$50.00.~~
- (k) ~~The initial fee for the Indemnity Fund for one activity certified under 785:35-3-1 shall be \$200.00 for a two (2) year period. The fee to file a request for a variance or exception from any construction, completion, plugging or other requirement set forth for groundwater wells, fresh water observation wells,~~

heat exchange wells or test holes in Chapter 35 in this Title shall be \$75.00.

- (l) ~~The initial fee for the Indemnity Fund for each additional activity certified under 785:35-3-1 shall be \$75.00 for a two (2) year period. The fee to file a request for a variance or exception from any construction, completion, plugging or other requirement set forth for monitoring wells or geotechnical borings in Chapter 35 shall be \$200.00.~~
- (m) ~~The renewal fee for the Indemnity Fund for each activity certified under 785:35-3-1 shall be \$75.00 for a two (2) year period. The fee to file an intent to drill for marginal water well construction shall be \$500.00.~~
- (n) ~~The fee to file a request for a variance or exception from any construction, completion, plugging or other requirement set forth for groundwater wells, fresh water observation wells, heat exchange wells or test holes in Chapter 35 in this Title shall be \$50.00. Upon presentation of satisfactory evidence that an applicant for licensure or certification is a low-income individual, shall grant a one-time one-year waiver of any fees associated with such licensure or certification. For purposes of the section, "low-income individual" means an individual who is enrolled in a state or federal public assistance program, including, but not limited to, the Temporary Assistance for Needy Families, Medicaid or the Supplemental Nutrition Assistance Program, or whose household adjusted gross income is below one hundred forty percent (140%) of the federal poverty line or a higher threshold to be set by the executive branch department that oversees business regulation.~~
- (o) ~~The fee to file a request for a variance or exception from any construction, completion, plugging or other requirement set forth for monitoring wells or geotechnical borings in Chapter 35 shall be \$150.00.~~
- (p) ~~The fee to file an intent to drill for marginal water well construction shall be \$500.00.~~

785:5-1-16. Fees required in other matters

- (a) ~~The fee for making and certifying a measurement of the flow in any stream shall be \$50.00 per measurement.~~
- (b) ~~The fee for computer services shall be as follows:~~
- (1) Copying documents to electronic media - \$1.00 per document or file plus actual cost of Board provided electronic media.
 - (2) Direct labor cost to convert raw data in data bases to machine-readable format, including but not limited to preparation of table and field descriptions.
 - (3) Actual cost of medium supplied by Board used in copying data from data base.
- (c) ~~The fee for a document search shall be \$10.00 per hour.~~
- (d) ~~The filing fee for Information Sheets regarding domestic use of stream water from federal reservoirs shall be \$50.00.~~
- (e) ~~For transcripts prepared by certified court reporter, stenographer or Board staff under the provisions of 785:4-3-6, the fee shall be the actual cost of the transcription. Prior to such transcription being made, the person requesting the transcription (or appealing the Board's order) shall pre-pay to the Board the estimated cost of the transcribing the audio, with such estimate to be prepared by the Board. Upon completion of the transcription, the person requesting the same shall deposit the~~

balance, if any, necessary for full payment of the transcription. The Board shall refund or credit any excess amount previously deposited.

(~~fe~~) If unavailable from local floodplain administrators, flood zone and flood map information on file with the Board for each tract or description of land requested will be provided for a fee of \$25.00.

(~~gf~~) The fee for preparation and compilation of the administrative record for transmittal to a court pursuant to the Administrative Procedures Act shall be \$1.00 per page for written documents, plus the cost of copying the audio recording and the electronic media as provided in this Chapter, plus actual cost of duplication of other exhibits, all payable prior to the transmittal of the record in the court. If the party appealing an order of the Board requests a written transcription of the hearing, or if the district court orders a written transcription as authorized by 75 O.S. § 309, the provisions in subsection (f) above, including prepayment of the cost of transcribing cassette tapes of the hearing, shall apply to the party appealing the Board's order. The full cost of transcribing the tapes must be paid before the Board shall transmit the transcription to the court. The Board shall review any such transcription for accuracy before transmitting the same to court.

(~~gj~~) In addition to any other applicable fee, and subject to review by the State Governmental Internet Applications Review Board and approval by the Office of Management and Enterprise Services ("OMES"), unless otherwise waived by the Board a person who undertakes an electronic/on-line transaction with the Board shall pay a convenience fee approved by OMES which includes, but is not necessarily limited to, the transaction fee levied by OMES, the credit card or other financial institution charge, and a prorated share of the reasonable costs of development and implementation of, sustaining and upgrading, and future expansion of, the electronic/on-line application. Such transactions may include, but shall not be limited to, filing applications for permits or loans, filing reports of well drilling activities, and renewing licenses or certifications.

785:5-1-21. Documentation reviews related water trapped in producing mines

(a) Submittal of documentation requesting the Board's determination of whether a mine meets the requirements of OAC 785:30-15-3(b) (request for de minimis determination) shall be accompanied with a \$2,000.00 application fee. Thereafter, any of the Board's required submittals of de minimis documentation for the mine shall be accompanied with a \$250.00 application fee.

(b) A review fee of \$500.00 shall accompany all annual mine reports submitted to the Board as required by 785:30-15-3(2) and 785:30-15-4(2) & (3).

(c) Augmentation and Management Plans submitted to the Board in accordance with 785:30-15-6 shall be accompanied with a \$3,000.00 review fee.

GIST/ANALYSIS:

The Oklahoma Water Resources Board ("Board") has amended various provisions of Oklahoma Administrative Code ("OAC") 785:25 as follows:

OAC 785:25-3-6(d) is amended by replacing a reference to an older hydrometeorological study (HMR No. 51, National Weather Service, 1978) that was previously used in determining design floods for dams in Oklahoma with a reference to a newer, regional study for probable maximum precipitation in Oklahoma. The proposed change also provides reference to an updated version of OWRB guidelines for acceptable methods to be used for the determination of the design flood.

OAC 785:25-9-1 is amended to clarify the requirements for the inspection of dams. Several minor amendments are proposed to move language from their current sub-sections to more appropriate sub-sections based on their content. The review of Emergency Action Plans and operations manuals was moved from sub-section (b) *Periodic inspections* to a new sub-section (g) *Minimum standards*. The proposed changes clarify the required scheduling of periodic inspections and the training and experience requirements for dam inspectors. The time requirement for the submittal of inspection reports after

Permanent Final Adoptions

the inspection has been completed was moved from sub-section (c) *Expense of periodic inspections* to sub-section (g) *Minimum requirements*.

Other amendments to correct spelling or grammatical errors and to improve clarity.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

785:25-1-3. Violations and penalties

(a) Under Section 105.20 of Title 82 of the Oklahoma Statutes, the continued use of works which are unsafe, after receiving notice to repair, and the refusal to change unsafe works when directed to do so, or the injury or obstruction of waterworks shall be a ~~misdemeanor~~ misdemeanor and each day such violation continues shall be a separate violation.

(b) Under the Oklahoma Dam Safety Act (82 O.S. Supp. 1992, §§110.1 et seq.), the Board is authorized to issue emergency orders without prior notice and hearing and orders after notice and hearing requiring an owner to take action as necessary to put a dam in safe condition. In addition, the Board may impose administrative penalties against owners of dams who fail, refuse or neglect to comply with the provisions of the Oklahoma Dam Safety Act. Procedures for imposition of such penalties are found in Subchapter 11 of this Chapter.

SUBCHAPTER 3. RESPONSIBILITY, CLASSIFICATION AND DESIGN STANDARDS

785:25-3-2. Owner's responsibility

(a) General.

(1) Owners of dams to which the provisions of this Chapter apply shall have the responsibility to provide for the safety of such works by making any necessary changes to put the works in a safe condition.

(2) Such responsibility includes but is not necessarily limited to the following: the filing of an application to construct, enlarge, alter or repair the dam pursuant to Subchapter 5; the modification of the dam to meet applicable minimum requirements in this Subchapter; and the adequate maintenance, operation, and inspection of ~~a~~ an existing dam.

(b) Multiple owners.

(1) When there is more than one owner of a dam, the Board shall consider all such owners responsible for the safety of such dam unless evidence to the contrary shows otherwise.

(2) The Board shall provide copies of inspection reports to at least one owner of record at the Board and shall provide notice of hearing on dam safety related matters to such owner with an instruction that the notice shall be delivered or mailed to all owners.

(3) Unless otherwise agreed by all the owners and the Board, the Board may, after such notice and hearing, order all the owners to take whatever remedial action is necessary to put the dam in a safe condition.

(4) The Board will not attempt to delineate levels of responsibility or allocate particular items of action among the owners.

(c) **Transfer of ownership.** Upon transfer of ownership of the works, the new owner shall notify the Board of such transfer.

785:25-3-6. Minimum spillways performance standards

(a) General performance standards.

(1) Except as otherwise provided in this Chapter, all dams must meet or exceed the following performance standards as determined by analysis of plans and specifications for the dam and existing site conditions.

(2) Owners of existing dams which do not meet the following performance standards must make necessary changes in the dam to meet the applicable performance standards.

(3) The discharge capacity and/or storage capacity of the project shall be capable of passing the indicated spillway design flood without infringing on the minimum freeboard requirements, provided that a design which includes overtopping of the dam may be authorized if specifically approved by the Board.

(4) The minimum performance standards expressed as magnitude of spillway design flood and minimum freeboard will be assigned to the various size and hazard potential classification determined under 785:25-3-3 as ~~follows~~ described in Appendix B.

(b) Minimum Performance Standards.

MINIMUM SPILLWAY			
SIZE	HAZARD	DESIGN FLOOD	MINIMUM FREEBOARD
Small	Low	25% PMF	0 Feet
Small	Significant	40% PMF	0 Feet
Small	High	50% PMF	1 Feet
Intermediate	Low	25% PMF	1 Feet
Intermediate	Significant	50% PMF	1 Feet
Intermediate	High	75% PMF	3 Feet
Large	Low	50% PMF	1 Feet
Large	Significant	75% PMF	1 Feet
Large	High	100% PMF	3 Feet

(~~eb~~) **Amending minimum freeboard.** The minimum freeboard requirement may be amended by the Board on a case-by-case basis for good cause shown by the owner.

(~~ec~~) **Probable maximum flood.**

(1) PMF means and refers to the Probable Maximum Flood and is defined as the flood that may be expected from the most severe combination of critical meteorologic conditions, defined as the Probable Maximum Precipitation (PMP), and critical hydrologic conditions that are reasonably possible in the region as listed in Hydrometeorological Report No. 51, National Weather Service.

(2) Since design floods are usually determined by using mathematical computations through computer modeling and since several different acceptable models are available, flood design calculations must fall within plus/minus 5% PMF of the Board's current model results.

(3) The PMF storm should be the most conservative PMP storm type and of appropriate duration to adequately reflect the size and hydrologic characteristics of the watershed in which the dam is located.

(4) Regional Probable Maximum Precipitation Study for Oklahoma, Arkansas, Louisiana, and Mississippi (Applied Weather Associates, 2019) shall be used in determining precipitation depth, area, and duration relationships for the PMP.

(~~ed~~) **PMF on dam designated for regulation.** Adam which the Board has determined is subject to regulation because of its high hazard potential, although otherwise considered too small, shall be required to safely pass 25% PMF with no minimum freeboard.

(~~ef~~) **Dams constructed prior to June 13, 1973.** Any dam constructed prior to June 13, 1973, classified as having high hazard-potential as described in 785:25-3-3 shall be required to pass a minimum design flood as follows:

- (1) Small size - 25% PMF with one foot of freeboard.
- (2) Intermediate size - 50% PMF with no minimum freeboard.
- (3) Large size - 75% PMF with no minimum freeboard.

(~~gf~~) **Dams constructed after 1973 without Board approval.** An owner of a dam constructed after 1973 without prior approval by the Board shall remove the dam or may request a variance or waiver from the requirement for submittal of plans and specifications as provided for in 785:25-5-2 and 785:25-5-3, provided the owner of the dam shall submit an application containing the following:

- (1) A topographic map of the dam site showing the location of spillway and outlet works.
- (2) Drawings showing the length, width, and height of dam.
- (3) Detailed plans of spillway structures, spillway profile, and procedures for operating of the spillway structure.
- (4) Hydrologic and hydraulic analysis report as described in Hydrologic and Hydraulic Guidelines for Dams in Oklahoma, Oklahoma Water Resources Board, Dam Safety Program, August 2011.
- (5) Complete a dam breach inundation analysis and map if Board staff determines the dam may be a significant or high hazard-potential structure.

(6) Inspection of the dam by a registered Professional Engineer and submit a written inspection report to the Board not later than 30 days after the inspection and shall contain information as set forth in a Board hazard inspection report.

(7) Pay minimum application fee as provided in 785:5-1-9(a).

(8) In addition the applicant may be required to submit a detailed geotechnical investigation and analysis of the dam and report on such investigation. The geotechnical investigation shall include a minimum boring layout as follows:

- (A) One (1) crest boring extending through the embankment and foundation materials to bedrock.
- (B) Two (2) crest borings extending through the embankment and foundation materials to bedrock, one near each abutment.
- (C) One (1) boring extending through the embankment and foundation materials to bedrock near the mid-height on the downstream slope of the dam.
- (D) One (1) boring extending through the embankment and foundation material to bedrock along the toe of the dam.

SUBCHAPTER 5. APPLICATIONS AND APPROVAL OF CONSTRUCTION

785:25-5-4. Additional report information

An engineer's report giving details necessary for analysis of the structure and ~~appurtenances~~ appurtenances shall be submitted with the plans and specifications. Included as a part of the report shall be the following:

- (1) Formula and assumptions used in design;
- (2) Hydrologic data used in determining runoff from the drainage areas including copies of any records that the applicant has of flood flows and precipitation for the region;
- (3) Foundation and materials investigations; and
- (4) All other information which would aid in evaluating the design.

SUBCHAPTER 7. POST APPROVAL ACTIONS

785:25-7-7. Emergency action plans

(a) Owners of existing or proposed dams classified as high hazard-potential, regardless of the size of such dams, and any other dam as determined by the Board, shall create and maintain an EAP that utilizes the recommendations, as determined by the Board, of the "Federal Guidelines for Dam Safety, Emergency Action Planning for ~~Dam~~ Dam Owners," published ~~August 2004~~ July 2013 by the Federal Emergency Management Agency. The owner shall submit a copy of the EAP to the Board.

(b) Owners shall annually review their EAPs to assure they are still accurate and applicable, and submit any updates to the EAPs to the Board.

SUBCHAPTER 9. ACTIONS AFTER CONSTRUCTION

785:25-9-1. Inspections of dams

(a) **Oversight vested in Board.** Oversight of the maintenance and operation of constructed dams and reservoirs insofar as necessary to safeguard life and property from injury by reason of the failure thereof is vested in the Board.

(b) **Periodic inspections.** Except for low hazard potential dams, owners are required to have their dams inspected by qualified persons periodically according to a schedule prepared by the Board to meet the requirements of paragraphs (1) and (2) of this subsection ~~and shall include review of the Emergency Action Plan and of the operation and maintenance manual to assure they are still accurate and applicable.~~ Periodic inspections of dams shall be according to hazard potential classifications as follows:

- (1) High hazard. High hazard potential dams shall be inspected at least once annually.
- (2) Significant hazard. Significant hazard shall be inspected at least once every three years.
- (3) Low hazard. Low hazard potential dams shall be inspected at least once every five years, which inspection shall be conducted by the owner and shall consist of a review of the hazard classification on forms provided by the Board.
- (4) Significant or high hazard dams in an unsatisfactory or poor condition, described in Section 6 of the National Dam Safety Review Board's Guidelines for Updating the 2008 National Inventory of Dams (NID), April 2008, as determined by the Board shall be inspected by a register Professional Engineer at the expense of the owner at least every six months until such time as the deficiencies have been corrected.
- (5) Periodic inspections shall be conducted by the end of the calendar year indicated by the schedule above.

(c) **Expense of periodic inspections.** Periodic inspections shall be at the owner's expense (except for low hazard potential periodic inspections) and shall be conducted by a Registered Professional Engineer hired by the owner, who ~~shall have training and/or construction of dams and reservoirs is licensed in the state of Oklahoma, and shall have training and/or experience concerning the analysis, design, and/or construction of dams and reservoirs,~~ or by an engineer of any United States governmental agency acting in his official capacity. Provided that inspections of low hazard classification dams may be conducted by persons who are not Registered Professional Engineers but who are trained in inspecting dams. ~~If a periodic inspection is conducted by the owner or his representative, a written inspection report shall be submitted to the Board not later than 30 days after the inspection and shall contain information as set forth in a Board's hazard verification report.~~

(d) **Unscheduled inspections.** Unscheduled (non-periodic) inspections such, as those conducted in response to complaints, after major heavy precipitation events, after earthquakes within 50 miles of a high or significant hazard potential dam that measure 5.0 or greater on the Richter magnitude scale, or in emergency situations, may be conducted by Board staff, or the Board may require the owner to conduct an unscheduled inspection at the owner's expense. No fee for such inspection shall be due, provided that a request for inspection by other parties shall be governed by 785:25-9-6.

(e) **United States dams not subject to inspection.** Any dam *constructed by the United States or its duly authorized agencies shall not be subject to inspection while under the supervision of officers or the United States.* [82:105.27]

(f) **Board to notify when inspection due; violation.** The Board shall notify persons shown by its records to own the dam of the date the periodic inspection of the dam is due. Failure to have the inspection completed shall constitute a violation of Board rules.

(g) **Minimum standards.** Except for low hazard potential dams, qualified persons shall submit a written report describing any dam safety deficiencies observed and outline remedial actions to be taken to address those deficiencies as follows:

- (1) Engineering inspection reports shall be prepared for each inspection completed. The inspecting engineer shall record their findings of the inspection and submit a written inspection report to the Board not later than 30 days after the inspection.
- (2) All inspections shall also include documentary digital photographs of the dam, auxiliary spillway, principal spillway inlet structure, principal spillway outlet, and potential safety concerns. When explanation is needed to identify or describe the safety concern, notes shall be included in the written report to provide this explanation. Photographs shall be attached to the completed inspection report.
- (3) Inspection reports shall include a schedule of corrective actions to be taken to address dam safety deficiencies.
- (4) Periodic inspection reports shall also include review of the Emergency Action Plan and of the operation and maintenance manual to assure they are still accurate and applicable, as well as any changes in downstream development or other conditions if applicable.

785:25-9-3. Correction of deficiencies (not creating imminent peril)

(a) *When an owner fails, neglects or refuses to comply with the Oklahoma Dam Safety Act, rules of this chapter, or orders of the ... Board, and there is no imminent peril to the public health or welfare shown the Board may, after notice and opportunity for hearing; issue an order requiring such owner to take whatever action the Board deems necessary to place the dam in a safe condition, meet the requirements of the Oklahoma Dam Safety Act, rules of the Board, or the previous orders of the Board* [82:110.10].

(b) Actions which can be ordered *may include but are not limited to lowering the level of or removing all water in the*

reservoir, providing an adequate warning to the public downstream, repair or modification of the existing dam after having the appropriate application for approval of plans and specifications granted, cease all ~~construction~~ construction work on a dam, and implementation of an appropriate operation and maintenance plan [82:110.10].

(c) If after such hearing it shall be determined to order such amendments, modifications or changes, the owner shall submit, if necessary under 785:25-5-1, plans and specifications for Board approval. Upon approval of the plans and specifications, the Board shall direct the time within which such modification, alteration, or construction shall be completed.

(d) In determining whether amendments, modifications or changes are necessary to protect life and insure safety of the dam, the Board shall take into consideration the possibility that the dam and reservoir might be endangered by overtopping, seepage, settlement, erosion, cracking, earth movement, or other conditions which exist in any area in the vicinity of the dam or reservoir.

(e) Amendments, modifications or changes may include routine maintenance items that do not require plans and specifications, such as removal of trees on an earthen embankment, establishing vegetation cover to prevent erosion, or updating a warning and evacuation plan, etc. Amendments, modifications or changes may also include alterations or repairs which require submittal and approval of plans and specifications, including but not limited to changing the spillway design capacity, rebuilding embankments, etc.

785:25-9-5. Correction of deficiencies creating imminent peril

(a) *When an owner fails, neglects or refuses to comply with the Oklahoma Dam Safety Act, rules of this chapter, or orders*

of the Board, and there is an imminent peril to the public health or welfare shown, the Executive Director of the Board, or Assistant Director in the absence of the Executive Director, may, without notice or opportunity for hearing, issue an emergency order requiring such owner to take actions the Board deems necessary to place the dam in a safe condition. Such emergency order shall indicate the finding of imminent peril and shall specify the actions that are to be taken immediately. The order shall also specify a time and place for hearing to be held after such actions are taken [82:110.10]. In determining whether an imminent peril to the public health or welfare exists, the Board may consider the following:

- (1) The condition of any dam or reservoir is so dangerous to the safety of life or property as not to permit time for the issuance and enforcement of an order after notice and hearing relative to maintenance or operation; or
- (2) Passing imminent floods threaten the safety of any dam or reservoir.

(b) The Board may, if the owner cannot be served or is otherwise unable to act, immediately employ remedial measures. The remedial measures the Board may take in such an emergency include but ~~is~~ are not limited to any of the following:

- (1) Lower the water level by releasing water from the reservoir;
- (2) Completely empty the reservoir; or
- (3) Take such other steps as may be essential to safeguard life and property.

(c) The cost and expenses of the remedial measures taken by the Board, including cost of any work done to render a dam or reservoir or its appurtenances safe, shall be recoverable by the State from the owner by action brought by the Board in the district court of the district wherein the dam or reservoir or any part thereof is situated.

GIST/ANALYSIS:

The Oklahoma Water Resources Board ("Board") has amended various provisions of Oklahoma Administrative Code ("OAC") 785:25 as follows:

The addition of a new section in OAC 785:30-5-10, relating to marginal water permits. This new section is necessary to conform the administrative rules to recent statutory changes authorizing the Board to monitor and regulate marginal water wells.

An amendment to OAC 785:30-3-1 to remove a limitation to the number of wells per 100 acre feet of water requested. The proposed amendment is intended to remove language not required by statute regarding the number of wells per 100 acre feet of water requested.

Amendments to OAC 785:30-5-5, 785:30-5-7, and 785:30-5-9 to include marginal water permits in the list of permits covered by these sections.

An amendment Chapter 30, Appendix D to update coordinates and legal descriptions of some springs that discharge 50 gallons per minute or more and emanate from a Sensitive Sole Source Groundwater Basin. Upon staff review, it was found that a number of these springs were not listed in the correct area in the current version of Appendix D.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED**

**FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 3. PERMIT APPLICATION REQUIREMENTS AND PROCESSING

785:30-3-1. General application requirements

(a) **Application form to be used.** The applicant shall complete an application for a groundwater permit ~~on the approved form set out in Appendix A to this chapter, or on an electronic or other form approved by the Board, copies of which are provided by the Board, and in the manner described by the form. The application form may be presented to the Board in person, by mail, by readable facsimile transmittal, or through the Board's online application service. With copies of the application form, the Board will provide copies of a sample plat on which information as required by the application form must be indicated. The Board may require that relevant portions of the approved form be completed for applications or petitions to amend an existing groundwater right.~~

(b) **Written permission of owner required if applicant does not own land.** Except as provided in 82 O.S., §1020.21, *no permit shall be issued to an applicant who is not the surface owner of the land on which the well is to be located, or hold a valid [82:1020.11(D)] right from such surface owner permitting withdrawal of water [82:1020.11(D)]*, provided that an owner (or lessee) of a mineral estate severed prior to May 28, 1985, shall not be required to get separate authorization from the surface estate owner, pursuant to the Oklahoma Supreme Court case of Unit Petroleum Co. v. Okla. Water Res. Board. A copy of the ownership documentation or written permission may be required as part of the application.

(c) **Existing and proposed well locations; potential well areas; maximum number of wells to be completed.**

(1) **Locations of existing wells.** The applicant may in the application form Appendix A describe or show the actual location of existing wells by distances in feet from readily identifiable objects or monuments such as section lines or provide latitude/longitude coordinates of existing wells requested to be authorized.

(2) **Locations of proposed wells.** If specific information is known, for instances by test drilling, the actual locations of proposed wells may be shown in the application plat by distances in feet from readily identifiable objects or monuments such as section lines or by latitude/longitude coordinates.

(3) **Potential well areas.** If the applicant does not have specific information as to location of existing or proposed wells, the potential area or areas where such wells are located or may be drilled and completed on the dedicated lands must be indicated on the application plat. Unless specified well location information is provided, the potential well area information for proposed well locations as indicated on the plat will be used to determine the certified

mail notice that the applicant must provide. To be authorized by the permit, specific location information about existing and proposed wells must be provided or the wells must be located in the potential well area or areas.

(4) **Maximum number of wells to be completed.** If the requested permit is issued, it will authorize a maximum number of existing wells and proposed wells to be drilled and completed. ~~Absent information to the contrary, a maximum of three wells will be authorized for each 100 acre feet of groundwater to be withdrawn per year. Pursuant to subchapter 7 of this Chapter 30, a permittee may request authority to complete additional wells after the permit is issued.~~

(d) **Additional information.** In addition to the information specified in (a) and (b) of this Section and in the application form, the applicant may be required to submit additional information necessary for proper consideration of the application.

SUBCHAPTER 5. GROUNDWATER PERMITS

785:30-5-5. Contents of permits

(a) Every regular, temporary, special, marginal water, and provisional temporary permit issued by the Board shall contain substantially the following:

- (1) Date of filing.
- (2) The county or counties in which the well(s) is or are located.
- (3) The permit number and date issued, which shall be the date the permit is approved by the Board or where appropriate, by the Executive Director.
- (4) The name and address to whom issued.
- (5) The amount of water in acre-feet authorized to be withdrawn annually.
- (6) The purpose for which the water will be used and the legal description of the land dedicated to the permit.
- (7) The legal description of the well location(s) to the nearest ten (10) acre subdivision, or by indicating "center of" when applicable for a larger tract of land.
- (8) Groundwater basin(s) or formation(s) from which water is to be withdrawn.
- (9) If a proposed well is not drilled and completed within one (1) year of permit issuance, groundwater will no longer be authorized to be withdrawn from that location unless a written request to extend the drilling period is approved by the Executive Director.

(b) In addition to the above, the permit shall contain any additional terms, conditions, limitations, or restrictions the Board may prescribe and on which the applicant agrees or as ordered after notice and hearing.

785:30-5-7. Cancellation or suspension of permits

(a) Any regular, temporary, marginal water, or special permit may be cancelled by the Board upon willful failure of the applicant to report annual usage upon proper notice and hearing as provided in the Administrative Procedures Act.

(b) In addition thereto, if any person commits waste as defined in 82 O.S. §1020.15, *the Board shall immediately institute action to enjoin in a court of competent jurisdiction and may suspend any permit to take water as long as such waste continues.* [82:1020.15]

(c) Any permit for marginal water may be reopened, amended, suspended, or cancelled by the Board at any time for failure to comply with the permit terms, limitations, or restrictions, or any provision of the relevant statutes or rules, upon proper notice and hearing as provided in the Administrative Procedures Act and the Board's rules.

785:30-5-9. Annual reports of water use

(a) Water use report forms will be mailed during January of each year to every holder of a valid prior right and every regular, marginal water, and temporary permit holder, with the exception of persons holding special permits, who must complete same and return to the Board within thirty (30) days of receipt.

(b) This report shall become a part of each permit record.

(c) *Willful failure to report annual usage may result in cancellation of the permit.* [82:1020.12]

(d) Holders of special permits are required to complete and return a water use report within thirty (30) days after expiration of such permit. Holders of provisional temporary permits will not be required to complete and return a water use report.

785:30-5-10. Marginal water permits

(a) In addition to the requirements of this section, all marginal water permits must comply with rules in 30-5-5.

(b) Any well used for the marginal water permit must meet well construction rules as specified in OAC 785:35-7-3(b)(2) so as to not contaminate fresh water resources.

(c) Wells used for marginal water permits shall be metered with the pumping rate logged and volume withdrawn recorded. Meter records shall be kept by the permit holder for the duration of the marginal water permit, and available to submit to the Board, upon request. The permit holder shall maintain records showing the meter is properly calibrated and make them available to the Board upon request.

(d) If the permit applicant can provide hydrologic information of the expected volume of marginal water underlying the proposed acreage of dedicated lands for the marginal water permit, the applicant may request the entire volume of marginal water to be permitted from the Board, with no annual limitation on withdrawal amount, until such time as the applicant withdraws the total permitted amount of marginal water.

(e) If the permit applicant cannot provide hydrologic information, as directed by subsection (d) of this section, the applicant will be allowed to dedicate land overlying the same geologic formation, as determined by the Board, containing the marginal water. In the event the Board determines the geologic formation not sufficient, the Board may allow the applicant to dedicate lands within the same county or contiguous county for use on the marginal water permit. Marginal water permits dedicated to lands based on geologic formation or county will be permitted a minimum of four acre-feet per acre

Permanent Final Adoptions

(f) As determined by staff, and as approved by the Board, water quality sampling measuring total dissolved solids shall occur after every 100 acre feet withdrawn and must be submitted to the Board to verify total dissolved solids are between five thousand and ten thousand parts per million. The well should be purged three well volumes prior to sampling. If that is not possible, alternate methods of purging can be considered. These can include, chemical parameter stabilization where pH and specific conductance remain constant for at least three consecutive measurements, or if the well is pumped dry prior to three well volumes, it can be considered sufficiently purged, or using low flow methods where a pump or sampler is placed directly at the screen.

(g) Water quality sampling results for total dissolved solids from an accredited laboratory must be submitted to the Board. The Board may approve annual sampling after two years of readings between five and ten thousand parts per million.

(h) When the permit holder becomes aware of total dissolved solids below five thousand parts per million, the permit holder must report to the Board within 48 hours. Staff may determine that the permit holder will be required to apply for permit authorization for a provisional temporary permit or a regular permit.

GIST/ANALYSIS:

The Oklahoma Water Resources Board ("Board") has amended various provisions of Oklahoma Administrative Code ("OAC") 785:55 as follows:

An amendment to OAC 785:35-3-1.2 to fulfill requirements of Senate Bill 670 that directs agencies granting occupational licenses to promulgate rules allowing military personnel and their spouses to receive expedited, reciprocal occupational licenses.

An amendment to OAC 785:35-11-1(c)(5) to provide an alternate, more efficient method for plugging and abandoning of contaminated groundwater wells and test holes. The current rules require that the upper twenty feet of well casing be completely removed. Stakeholders have submitted that, if the well meets current standards for grouting and annular seal, complete removal of the upper twenty feet of casing is unnecessary. Additionally, the presence of grout and annular seals increases the difficulty and cost of plugging and abandoning a well. In many cases, such as if the casing material is steel, removal or over-drilling of the casing material is not possible and results in a situation where a plugging variance from the Board is required. The processing of a variance adds additional cost and administrative overhead to plugging and abandoning a well and stands at odds with the Board's emphasis on plugging unused and abandoned wells.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,**

**SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 3. LICENSING AND CERTIFICATIONS

785:35-3-1.2. Military service occupation, education and credentialing

(a) **Expedited temporary, reciprocal, or comity license or certification.** Every active duty military personnel and their spouse who is licensed or certified in another state, upon receiving notice or orders for military transfer or honorable discharge to this state, may in advance of actual transfer or discharge submit a completed application to the Board to request an expedited temporary, reciprocal or comity license or certification for their currently held valid license or certification from another state or territory of the United States so such person may upon entering this state be authorized to continue their licensed or certified occupation or profession without delay.

(b) **Issuance of the license or certification.** The Board shall, upon receipt of an active duty military application submitted and presentation of satisfactory evidence of equivalent education, training and experience on such valid license or certification from another state, accept the valid license or certification and apply all its education, training and experience in the manner most favorable toward satisfying the qualifications for issuance of the requested license or certification in this state. The Board shall issue the requested Oklahoma license or certification within thirty (30) days provided the license or certification from the other state is found to be in good standing and reasonably equivalent to the requirements of this state. In addition, the applicant shall submit an affidavit stating that they have read and understand the rules and regulations of this Chapter.

(c) **Temporary, reciprocal, or comity license or certification.** The temporary, reciprocal or comity license or certification issued pursuant to this section shall be valid for the same period as authorized for full license or certification in this state, unless the person is notified that there is cause for a denial of the application or that certain documentation required is lacking or unavailable. In such case, a temporary credential shall be issued to allow the person time to obtain the necessary requirement while continuing to be employed in his or her occupation or profession in this state. Any active duty military applicant receiving a notice of denial of full licensure or certification shall have the right to appeal the denial determination as provided in the Administrative Procedures Act to obtain and submit the documentation required to complete full license or certificate requirements in this state.

(d) **Fees.** The Board shall waive the application fee for active duty military personnel and their spouse and shall further waive the license or certificate fees for the first period of issuance for such temporary, reciprocal or comity license or certificate.

(e) **Work performed on military bases.** Any active duty military personnel who, pursuant to any federal or military law, rule, or regulation, is not required to be licensed or credentialed

while employed and performing their occupation or profession only on the premises of an assigned military base, shall not be required to be licensed or credentialed in this state pursuant to the same law, rule, or regulation.

(f) **Eligibility standards, criteria, qualifications and requirements for licensure or certification.** Nothing in the Military Service Occupation, Education and Credentialing Act shall be construed to require the issuance of any license or certificate to an applicant who does not otherwise meet the stated eligibility standards, criteria, qualifications or requirements for licensure or certification, nor shall the provisions be construed to automatically allow issuance of any license or certificate without testing or examination, without proper consideration by the licensing and examination board, or without proper verification that the applicant is not subject to pending criminal charges or disciplinary actions, has not been convicted of any offense prohibiting licensure or certification, and has no other impairment which would prohibit licensure or certification in this state.

SUBCHAPTER 11. PLUGGING AND CAPPING REQUIREMENTS FOR WELLS AND TEST HOLES

785:35-11-1. **Plugging and capping requirements for groundwater wells, fresh water observation wells, heat exchange wells and water well test holes**

(a) **Temporary capping.** When a groundwater well or fresh water observation well is temporarily removed from service, the top of the well casing will be properly sealed with a pitless adapter cap, sanitary well seal, or well casing cap that cannot easily be removed. A new well shall be properly capped before the well driller leaves the drilling site.

(b) **Time for plugging or completing water well test holes.** Water well test holes shall be properly plugged as provided in this section by the well driller prior to removal of drilling equipment unless the test hole is completed as an observation well for aquifer testing, including the installation of surface casing and cement seals. In the alternative and prior to drilling equipment being removed from site, water well test holes may be temporarily cased with SDR 26 water well casing a minimum of 10 feet below ground and 12 inches above ground. Bentonite shall be installed from 10 feet to 2 feet below land surface and cement grout installed from 2 feet to land surface. The top of casing shall be properly sealed or capped. Permanent completion or plugging shall become the responsibility of the landowner and shall be completed within 60 days of drilling equipment being removed from the site. A written statement from the landowner acknowledging such responsibility shall be obtained and submitted to the Board with the multipurpose completion report. The multi-purpose completion report shall be submitted to the Board within sixty (60) days after plugging or temporary completion of each water well test hole.

(c) **Permanent abandonment.** The following plugging requirements apply if a groundwater well, fresh water observation well, heat exchange well or water well test hole is

permanently abandoned, was drilled by a person not holding a valid license or operator certification from the Board, or if the Board determines that the well or test hole was not drilled or completed in compliance with the applicable minimum standards set forth in this Chapter or may otherwise allow pollution to groundwater.

(1) The well driller shall be responsible for plugging the well or test hole if the well drilling equipment is on the drilling site. If a well is abandoned after the well drilling equipment has been removed from the drilling site, the owner of the land where the well or test hole is located shall be responsible for plugging.

(2) If the well or test hole is uncontaminated and unless paragraph 3 or paragraph 5 below applies, fill such well or water well test hole with uncontaminated, compacted drill cuttings and/or uncontaminated surface clay, cement, bentonite pellets or granules, or high solids (a minimum of twenty percent (20%) solids by dry weight) bentonite grout to within fourteen (14) feet of the land surface, and a minimum of ten (10) feet of the annular space and interior of the well casing shall be filled with cement grout to at least four (4) feet below the land surface.

(3) To plug uncontaminated groundwater wells, fresh water observation wells, or heat exchange wells in the alluvium and terrace deposits of the Arkansas, Cimarron, Salt Fork of the Arkansas, North Canadian, Canadian, Washita, North Fork of the Red, Salt Fork of the Red River, Red River, and other streams or rivers authorized by the Board, fill the well with clean, uncontaminated silica sand to within sixteen (16) feet of the land surface, then two (2) feet of bentonite pellets or granules shall be placed on the uncontaminated silica sand, and finally, a minimum of ten (10) feet of cement grout shall be installed in the annular space and interior of the well casing to at least four (4) feet below the land surface.

(4) Hand dug water wells shall be filled with uncontaminated surface clay or grout to within six (6) feet of land surface. The lining of the well shall be removed from the top five (5) feet and a minimum of two (2) feet of cement grout shall be installed. The top four (4) feet shall be filled with compacted uncontaminated native soil, unless otherwise directed by the Board.

(5) If the well or water well test hole is contaminated, or if the well or test hole is located at an underground tank site or within 300 feet of the outside perimeter of an existing wastewater lagoon or is located on a tract of land where a wastewater lagoon is proposed, the casing shall be removed or perforated from the bottom of the casing to twenty (20) feet below land surface. ~~The casing shall be removed from twenty (20) feet below land surface to the surface, then the~~ The well or test hole shall be plugged with cement grout from the bottom to within four (4) feet of the land surface. If the total depth of the well is in excess of twenty feet (20') below land surface, the cement grout shall be placed by pumping from the bottom of the hole to within four (4) feet of the land surface. If the well does not meet current minimum construction standards for grouting and sealing the annulus, the casing shall be

Permanent Final Adoptions

removed from twenty (20) feet below land surface to the surface.

(6) Vertical closed loop heat exchange wells shall be plugged according to standards set forth by Clause 10.9 of ANSI/CSA/IGSHPA C448.3.

These rules will remove minimum length limit for Blue and Channel catfish at Lake Texoma, define the reporting requirements for the harvest of Alligator Gar, and allow antlerless deer harvest during deer gun seasons and deer muzzleloader season on certain Department lakes. These rules also reduce the Rainbow Trout bag limit, increase the Rainbow Trout and brown Trout minimum length limits, eliminate bait restrictions while adding

a barbless hooks restriction, and expand the area boundaries of the lower Mountain Fork River trout area.

Due to public comment, we clarified the upper boundary of the lower mountain fork trout area.

SUBCHAPTER 1. HARVEST AND POSSESSION LIMITS

800:10-1-4. Size limits on fish

There are no length and/or size limit restrictions on any game or nongame fish taken from waters of this state, except as follows:

(1) All largemouth and smallmouth bass less than fourteen (14) inches in total length must be returned to the water unharmed immediately after being taken from public waters unless regulated by specific municipal ordinance or specified in regulations listed below: Lakes and Reservoirs with no length limit on largemouth and smallmouth bass - Lake Murray, all waters in the Wichita National Wildlife Refuge.

(2) All largemouth and smallmouth bass between thirteen (13) and sixteen (16) inches in total length must be returned unharmed immediately after being taken from lakes Chimney Rock (W.R. Holway), Arbuckle, Okmulgee and Tenkiller Lake (downstream from Horseshoe Bend boat ramp).

(3) All crappie (*Pomoxis* sp.) less than 10 inches in total length must be returned to the water unharmed immediately after being taken from Lakes Arbuckle, Tenkiller, Hudson, Texoma, Ft. Gibson, including all tributaries and upstream to Markham Ferry Dam and Grand Lake, including all tributaries to state line.

(4) All walleye, sauger, and saugeye (sauger x walleye hybrid) less than 14 inches in total length must be returned to the water unharmed immediately after being taken statewide, except at Great Salt Plains Reservoir and tailwater where the size limit does not apply, the Arkansas River from Keystone Dam downstream to the Oklahoma state line including all major tributaries upstream to impoundment and R.S. Kerr, Webbers Falls, W.D. Mayo reservoirs as legally defined in Title 800 where all walleye, sauger and saugeye less than 16 inches must be returned to the water unharmed immediately, and at Atoka Bluestem, Bluestem, Carl Blackwell, Haledon, Ponca City, Shell, Sooner, and Thunderbird Reservoirs and the respective tailwaters where all walleye, sauger, and saugeye less than 18 inches total length must be returned to the water unharmed immediately.

(5) All largemouth and smallmouth bass between sixteen (16) and twenty-two (22) inches in total length must be returned to the water immediately after being taken from McGee Creek Lake, Dripping Springs Lake and Crowder Lake (Washita County).

(6) All rainbow trout less than twenty-five (25) inches in total length must be returned to the water immediately after being taken from the lower Mountain Fork River trout area from the State Park Dam downstream to the U.S. Highway 70 Bridge, and all rainbow trout less than twenty (20) inches in total length must be returned to the water immediately after being taken from the lower Mountain Fork River trout stream below Broken Bow dam from the first Highway Bridge below the Spillway downstream to the second Highway Bridge below the Spillway, including the Evening Hole stream channel, and from the State Park Dam downstream to the mouth of Rough Branch Creek and in the lower Illinois River trout stream area from the USGS stream gauge downstream to the gravel pit county road. All brown trout less than thirty (30) inches in total length must be returned to the water immediately after being taken from the lower Mountain Fork River trout area, all brown trout less than twenty (20) inches in total length must be returned to the water immediately after being taken from the lower Mountain Fork River from Broken Bow Dam downstream to the U. S. Highway 70 bridge, and from the lower Illinois River trout stream area from Tenkiller Dam downstream to the U. S. Highway 64 bridge.

(7) ~~All blue catfish and channel catfish less than twelve (12) inches in total length must be returned to the water unharmed immediately after being taken from Texoma Lake.~~

(8) All smallmouth bass less than fourteen (14) inches in total length must be returned to the water unharmed immediately after being taken from all rivers and streams including the Illinois River upstream from the Horseshoe Bend boat ramp, and from the Glover River from the confluence with the Little River upstream to the 'Forks of the Glover River'. Possession of smallmouth bass less than fourteen (14) inches in total length on all streams and rivers is prohibited.

(9) All black bass (largemouth, spotted and smallmouth) less than fourteen (14) inches in total length must be returned unharmed immediately after being taken from the Blue River Public Fishing Area.

(10) All striped bass less than twenty (20) inches must be returned unharmed immediately after being taken from Sooner Reservoir.

(10) On Bull Lake (City of Vinita) - Bag limit of six (6) largemouth bass per day, of which only one (1) largemouth bass may be greater than sixteen (16) inches in total length.

800:10-1-5. Bag limits on fish

No person shall, during any one day, take, attempt to take, kill, or harvest from waters of this state more than:

(1) Six (6) largemouth or smallmouth bass or six in aggregate, except in "Close To Home" fishing water and

Doc Hollis Lake where all largemouth bass caught must be returned to the water unharmed immediately after being taken (no harvest allowed), at Texoma Reservoir where the limit is five (5), largemouth, smallmouth or spotted bass or five in aggregate, at Lake Konawa, McGee Creek Lake, Dripping Springs Lake and Crowder Lake (Washita County) where the limit is six (6) of which only one (1) may be twenty-two (22) inches or longer and rivers and streams including the Illinois River upstream from the Horseshoe Bend boat ramp, and from Glover River from the confluence with the Little River upstream to the "Forks of the Glover River" where the limit is six (6) black bass aggregate of which only one may be a smallmouth bass, which must be fourteen (14) inches or longer.

(2) Fifteen (15) channel and/or blue catfish, or fifteen (15) in aggregate, of which only one (1) blue catfish may be 30 inches in length or larger; except at all U.S. Forest Service and State Park lakes (not including Lake Murray) and Department of Wildlife Management Area ponds and all Department of Wildlife Conservation fishing areas, in "Close To Home" fishing waters and all waters within the Wichita Mountains National Wildlife Refuge, where the limit is six (6). Five (5) flathead catfish.

(3) Thirty-seven (37) crappie (*Pomoxis* sp.) except at Blue River Public Fishing and Hunting Area where the limit is six (6) and at lakes Arbuckle, Tenkiller, Hudson, Ft. Gibson including all tributaries and upstream to Markham Ferry Dam and Grand Lake including all tributaries to state line where the limit is fifteen (15).

(4) Six (6) rainbow trout ~~—possession limit of twelve (12) after first day, except in the lower Mountain Fork River trout stream below Broken Bow dam from the first Highway Bridge below the Spillway downstream to the second Highway Bridge below the Spillway, including the Evening Hole stream channel, and from the State Park Dam downstream to the mouth of Rough Branch Creek, and~~ , except in the lower Illinois River trout ~~stream area~~ from the USGS stream gauge downstream to the gravel pit county road where the limit is one (1) rainbow trout per day twenty (20) inches or longer in total length (no culling); and in the lower Mountain Fork River trout area where the daily limit is three (3) rainbow trout of which only one (1) may be greater than twenty-five (25) inches in total length (no culling); and in the Blue River from its entry onto the Plaster Wildlife Management Unit/Landrum Wilderness downstream approximately $\frac{1}{2}$ mile to a marker cable where all trout caught must be released immediately from November 1 to March 1 (thereafter, statewide trout bag limit applies).

(5) Six (6) brown trout, except in the lower Mountain Fork River trout ~~areastream below Broken Bow dam downstream to the U. S. Highway 70 bridge~~ where the limit is one (1) brown trout per day thirty (30) inches or longer in total length (no culling), and in the lower Illinois River trout ~~stream area~~ from Tenkiller Dam downstream to US Highway 64 bridge where the limit is one (1) fish per day twenty (20) inches or longer in total length.

Permanent Final Adoptions

- (6) Six (6) walleye, sauger and/or saugeye, or six (6) in aggregate.
- (7) Five (5) striped bass except as designated in 800:10-1-5(8).
- (8) Ten (10) striped bass and/or striped bass hybrids or ten (10) in aggregate of which only two (2) may be twenty (20) inches or longer in Texoma Reservoir.
- (9) Twenty (20) striped bass hybrids of which only five (5) may be twenty (20) inches or longer, except as designated in 800:10-1-5(8) and (10).
- (10) Five (5) striped bass and/or striped bass hybrids, in aggregate, of which only two (2) may be 20 inches or longer in Arcadia Lake and Skiatook Lake.
- (11) Twenty-five (25) white bass in Lake Texoma.
- (12) One (1) paddlefish (*Polyodon spathula*) per day on Sunday, Tuesday, Wednesday, Thursday, and Saturday, statewide. Catch and release of paddlefish only (no harvest) is permitted on Monday and Friday, statewide. Possession of paddlefish in the field is prohibited on Monday and Friday, statewide. The catch and release of paddlefish is permitted by use of rod and reel, trotline and throwlines. Paddlefish must be released immediately unless kept for the daily limit. Paddlefish taken by bow and arrow, gigs, spears or spearguns shall not be released.

(A) Individual annual harvest limit- An individual harvest limit for paddlefish may be set or amended annually by the Wildlife Conservation Commission and will be listed in the Oklahoma Department of Wildlife Conservation Fishing Guide. Special area (or management unit) paddlefish harvest caps, a general statewide paddlefish harvest cap, and the total number of paddlefish permits issued may be set or amended annually by the Wildlife Conservation Commission for use in determining the individual annual harvest limit. Once an individual angler has reached their annual harvest limit, continued catch and release is permitted.

(B) Paddlefish permit- It shall be unlawful for any person, regardless of residency, age or disability, to fish for paddlefish or be in possession of paddlefish parts without having first secured from the Department of Wildlife Conservation, an annual paddlefish permit. This permit must be carried on their person while fishing and/or in possession of paddlefish or parts and be produced for inspection upon the demand of any Oklahoma citizen or game warden. This permit shall be valid for paddlefish catch and release fishing in all waters of the state and at any time unless otherwise prohibited.

(C) Harvest Tagging- Paddlefish caught and placed on a stringer or otherwise held in possession must be plainly labeled (tagged) immediately with the angler's paddlefish permit number. Paddlefish taken into possession cannot be released (no culling). Each person must keep their own paddlefish distinctly separate from paddlefish taken by other anglers. Each cleaned paddlefish, or its meat, eggs, or carcass, must be kept

separate from all other cleaned paddlefish or its parts. Paddlefish or their parts must remain tagged until the person in possession of the paddlefish or paddlefish parts has reached their residence. All paddlefish must have all viscera (internal organs) removed from the paddlefish before leaving the state. Persons fishing trotlines or throwlines must release all paddlefish on their lines, except the one (1) paddlefish held in possession for their daily limit, before leaving the trotline or throwline. Anglers must cease snagging for the day when they have taken their daily limit of paddlefish into possession.

(D) Reporting- Harvest of paddlefish must be reported by the harvesting angler to Oklahoma Department of Wildlife within 24 hours of harvest. Instructions for reporting harvest will be provided in the Oklahoma Department of Wildlife Fishing Guide and on the Oklahoma Department of Wildlife website.

(13) Release of striped bass and/or striped bass hybrids caught and placed on a stringer, in a live well or otherwise held in possession is prohibited statewide (no culling).

(14) One (1) alligator gar (*Atractosteus spatula*) per day, statewide, except during the period of May 1 through May 31 when angling for alligator gar by all angling methods is prohibited on Lake Texoma between the Highway 99 bridge upstream to the I-35 bridge. The catch and release of alligator gar is permitted year round, except during the closure referenced above, by use of rod and reel, trotline and throwlines. Alligator gar must be released immediately unless kept for the daily limit. Persons fishing trotlines or throwlines must release all alligator gar on their lines except the one alligator gar held in possession for their daily limit, before leaving the trotline or throwline. Alligator gar taken by bow and arrow, gigs, spears or spearguns shall not be released. Alligator gar caught and placed on a stringer or otherwise held in possession cannot be released (no culling). Anglers must cease snagging when they have taken their daily limit of alligator gar into possession. Reporting - Harvest of alligator gar must be reported by the harvesting angler to Oklahoma Department of Wildlife Conservation within 24 hours of harvest. Instructions for reporting harvest will be provided in the Oklahoma Department of Wildlife Conservation Fishing Guide and on the Oklahoma Department of Wildlife Conservation website.

(15) One (1) of any fish species classified as those of Special Concern Category I or Category II (as identified in 800:25-19-6). Such harvest must be reported to ODWC.

(16) All tiger muskie (*Esox masquinongy* x *Esox lucius*) caught must be returned to the water unharmed immediately after being taken (no harvest allowed).

(17) Other fish do not have bag or possession limits. Notwithstanding the foregoing fish bag limits, any bag limits for fish can be superseded and set by Commission resolution as authorized by Section 6-302(B) of Title 29 of the Oklahoma Statutes.

SUBCHAPTER 5. AREA RESTRICTIONS AND SPECIAL FEES

800:10-5-2. Department fishing areas

The following rules and restrictions govern public use on all Department Fishing Areas, including:

(1) **Department owned lakes and access areas.** The following rules apply:

(A) Camping is permitted, but limited to three (3) days duration at all areas, except at the Kiamichi River Access Area and the Lower Illinois River Public Fishing and Hunting Area - Simp and Helen Watts Management Unit where no overnight camping is permitted and at Lakes Watonga, Carl Etling and the Illinois River Access Areas where camping shall be limited to fourteen (14) consecutive days. Camping is permitted only in designated camping areas.

(B) Boats and motors are permitted except at Doc Hollis Lake. All boats and motors must comply with existing state boat regulations and boat operators must obey Oklahoma State Boat Laws. All boats must be operated at no-wake speed (six '6' miles per hour or less) and may not be left on the water or the areas longer than the limit on camping.

(C) Water skiing is prohibited.

(D) Disposal of trash, refuse and debris is prohibited, except in designated trash containers. This includes organic and inorganic materials.

(E) Glass beverage containers are prohibited at Department fishing areas except in designated camping and parking areas.

(F) Commercial concessions and private developments on Department property are prohibited. Soliciting, advertising or promoting any commercial or private activity is prohibited. The use of these areas for any commercial operation in any way is prohibited.

(G) Dogs must be kept on a leash at all times, except when used to hunt with, during legal open hunting seasons on those areas where hunting is permitted.

(H) Boat houses, ramps, docks and other facilities may not be constructed on Department property without specific approval of the Oklahoma Wildlife Conservation Commission.

(I) It shall be unlawful to drive, occupy or park any motor driven vehicle, including automobiles, trucks, mini bikes, motorcycles, etc., except on maintained roads, (unless posted as "no parking zones"), designated parking areas, and designated camping areas. It shall be unlawful to operate any vehicle in a manner to create a public nuisance or to park in a "no parking zone." Operators must be licensed drivers.

(J) Cutting or defacing of trees and vegetation shall be prohibited. Removal of any vegetation, soil, rocks, water or minerals is prohibited except under written approval of the Department Director.

(K) Vandalism, theft, and damage to State property are prohibited.

(L) No person shall use threatening, abusive, or indecent language, participate in a disorder assemblage, nor publicly appear nude or intoxicated on any lands owned or managed by the Oklahoma Department of Wildlife Conservation.

(M) After 10:00 p.m., and until 5:00 a.m., all Department fishing areas will be restricted to fishing and fishing related activities only, and hunting if permitted by Commission.

(N) Swimming is not permitted unless a designated swimming area is established by the Wildlife Conservation Commission.

(O) Hunting is permitted on the following lakes: Hall, Jap Beaver, Burttschi, Nanih Waiya, Ozzie Cobb, Schooler, Evans-Chambers, American Horse and Vanderwork during the period of September 1 through Spring Turkey Season, including migratory bird seasons. Hunting regulations and restrictions for lakes Dahlgren, and Doc Hollis, and Vincent are the same as those listed for Lexington WMA (Dahlgren), Sandy Sanders WMA (Doc Hollis), and Ellis County WMA (Vincent). The following lakes are closed to hunting or taking of wildlife by any means: Elmer, Etling, Raymond Gary and Watonga. Hunting is restricted to shotguns, muzzleloaders or archery only except no muzzleloaders allowed at Schooler, Ozzie Cobb, or Nanih Waiya. These lakes are closed to antlerless deer harvest, except during archery season. Hunting and shooting other than that provided above is prohibited. The Director may designate "closed areas" for purposes of safety and/or security.

(P) Fishing is permitted in accordance with provisions provided in OAC 800:10, Subchapter 1. The Director may designate "closed areas" for purposes of safety and/or security.

(Q) No person may fish with more than two (2) poles, except during trout seasons at "Designated Trout Areas" where no person may fish with more than one (1) pole.

(R) Trotlines, throwlines, limblines, juglines, nets, seines, yo-yo's, spearguns, and the taking of any fish by noodling and the taking of bait minnows by any method is prohibited, except cast nets may be used to take bait for personal use at Lake Carl Etling.

(S) No person shall possess, consume or use any intoxicating beverage or ~~low point~~ beer, as defined in Title 37, except in camping and parking areas on any lands or waterways subject to the control of the Oklahoma Department of Wildlife Conservation except U.S. Forest Service regulations shall apply to Black Kettle, Ouachita, Rita Blanca and Tiak Wildlife Management Areas.

(T) No person shall possess, consume, use or manufacture any controlled or dangerous substance, as

defined in Title 63 on any lands or waterways subject to the control of the Oklahoma Department of Wildlife Conservation.

(U) All impoundments are catch and release only on the following Department property unless determined otherwise as published in the Oklahoma Fishing Guide: Cimarron Bluff WMA.

(2) **Blue River Public Fishing and Hunting Area.**

The following rules apply:

(A) Hunting shall be permitted during regular hunting seasons and is restricted to shotgun ~~and long bow and arrow and archery equipment~~ only. No other use or other firearms are permitted.

(B) Blue River PFHA is closed to all except emergency traffic from 10:00 p.m. to 6:00 a.m. throughout the year.

(C) Glass beverage containers are prohibited at Blue River PFHA except in designated camping and parking areas.

(D) Fishing is permitted in accordance with provisions provided in OAC 800:10, Subchapter 1.

(E) Trotlines, throwlines, noodling, limblines, spearguns, juglines, nets, seines, and yo-yo's are prohibited throughout the year.

(F) No person may fish with more than two (2) poles, except only one (1) pole and line or rod and reel is permitted during the designated trout season.

(G) The following special rules pertain to the Carl R. and Ruth Walker Landrum Wilderness and Plaster Wildlife Management Unit:

- (i) no camping
- (ii) areas closed from 10:00 p.m. to 6:00 a.m.
- (iii) no swimming
- (iv) walk-in access only (except where wheelchair access is provided).

(H) The Blue River Campground Area is closed to swimming, effective January 1, 1990, unless suitable agreement can be reached between the Department and an acceptable second party who would be responsible for managing a designated swimming area for a three month season, annually. The Department will assume no cost or liability for development and operation of a designated swimming area.

(I) Effective July 1, 2000 the following rules apply to camping at the Blue River Campground Area:

- (i) Camping is restricted to 14 days in a 30 consecutive day period. The Area Manager may grant extensions by issuing a permit for camping beyond the 14 day limit. Such extensions shall be based upon degree of area use, anticipated weekend or holiday occupancy and recreation season. Extensions shall be requested 48 hours prior to the requested date of the extension.
- (ii) Camping is permitted only in designated camping areas.
- (iii) No person shall leave a vehicle, camper, tent or any personal property unattended for more

than a 48-hour period without approval of the Area Manager.

(iv) If property must be removed, it will be at owner's expense and liability. The unauthorized placement of camping equipment or other items on a campsite and/or personal appearance without overnight occupancy at a campsite for the purpose of reserving a designated campsite for future occupancy is prohibited.

(3) **Arcadia Conservation Education Area**

(A) Walk-in fishing permitted on all parts of the lake shoreline. No fishing in any ponds or wetland areas unless part of an ODWC sanctioned education event.

(B) Camping prohibited except as authorized by ODWC.

800:10-5-3. Designated trout areas

(a) **Designated trout areas and seasons.** The following are the designated trout areas and trout seasons at each area:

(1) The Illinois River and its tributaries from the Tenkiller Ferry Reservoir Dam downstream to the Highway 64 Bridge near Gore, trout season is year-round.

(2) Blue River, within boundaries of the Blue River Public Fishing & Hunting Area (includes Landrum Wilderness Area and Plaster Wildlife Management Unit), trout season is from November 1 through March 31 of the following year; season is annual.

(3) Lake Watonga located within the boundaries of Roman Nose State Park, trout season is from the November 1 through March 31 of the following year; season is annual.

(4) The lower Mountain Fork River and tributaries ~~from Broken Bow Dam below Broken Bow reservoir downstream to U.S. Highway 70 bridge, excluding that portion from the mouth of Rough Branch Creek downstream to the Re-regulation dam.~~ Trout season is year-round.

(5) Medicine Creek from Gondola Lake dam downstream to the State Highway 49 bridge, where trout season is from November 1 through March 15 of the following year; season is annual.

(6) Lake Carl Etling located within the boundaries of Black Mesa State Park, trout season is from November 1 through April 30 of the following year; season is annual.

(7) The Fourche Maline River from Carlton Lake Dam downstream to the Robbers Cave State Park boundary a distance of approximately one and one-quarter ($1\frac{1}{4}$) miles, trout season is from November 1 through March 15 of the following year; season is annual.

(8) Perry CCC Lake trout season is from November 1 through March 31 of the following year; season is annual.

(b) **General; area restrictions.** The following rules apply to designated trout areas and to specified locations within certain designated trout areas:

(1) It shall be unlawful to take or attempt to take fish from these areas during trout seasons except with rod and reel or pole and line, except collecting shad with cast nets is legal from the south boundary of the MarVal trout camp

downstream to the Highway 64 bridge; only one (1) rod and reel or pole and line per person is allowed.

(2) Once a trout is reduced to possession by being placed on a stringer or in the creel of any type, said trout must count toward day's limit and cannot be released.

(3) Glass beverage containers are prohibited at designated trout areas except in designated camping and parking areas.

(4) The following areas are restricted to fishing tackle made by fly-tying or artificial lures made of wood, metal, glass, feathers, hair, synthetic fibers or hard plastic and barbless hooks only with the exception of the lower Illinois trout stream when fishing for species other than Rainbow Trout and Brown Trout with hooks 3/0 or larger. The use of any substance in combination with restricted fishing tackle is prohibited:

~~(A) The lower Mountain Fork River trout stream below Broken Bow dam from the first Highway Bridge below the Spillway to the second Highway Bridge below the Spillway including the Evening Hole stream channel, and from the State Park Dam downstream to the mouth of Rough Branch Creek.~~

~~(BA)~~ Fishing in the lower Illinois River trout stream below Tenkiller dam from the USGS stream gauge downstream to the gravel pit county road is restricted to artificial flies and lures only and barbless hooks only, except that barbed hooks, size 3/0 or larger, may be used in combination with natural or artificial bait, including soft plastics, for species other than Rainbow and Brown Trout.

~~(CB)~~ Fishing in the Blue River from its entry onto the Plaster Wildlife Management Unit/Landrum Wilderness Area downstream approximately $\frac{1}{2}$ mile to a marker cable is restricted to artificial flies and lures only and barbless hooks only during the period November 1 to March 1, annually.

(5) All trout retained in possession must be kept separate from other anglers' fish on a stringer or in a creel that is clearly marked with that anglers name and license number.

(6) The lower Mountain Fork River trout area is restricted to barbless hooks.

GIST/ANALYSIS:

Subchapter 3 - These rules will restrict small portions of Corps of Engineers land at Lake Texoma to shotgun with pellets and archery only due to safety concerns, and correct descriptive wording of property.

Subchapter 5 - Clarify language for waterfowl blind construction (seasonal and daily) and drawing process on select Corps of Engineers and Bureau of Reclamation Reservoirs, increase minimum age to 18 to participate in drawing, and define when unoccupied blinds can be used by other hunters. Due to public comments, delete the words "signed federal" since stamps can be purchased electronically; add wording to clarify that seasonal blinds will be designated "by the hunter", and that "no daily blind will be constructed or used within 250 yards of an occupied seasonal blind".

Subchapter 7 - Open all of Osage County to pheasant hunting. In response to public comments regarding the proposal to increase deer gun season to 23 days, staff proposes withdrawing it as this time, keeping the deer gun season at 16 days, and instead maintaining the proposal to allow the Commission by resolution to extend the holiday antlerless season and to increase antlerless deer bag limits for muzzleloader and gun season within certain zones where additional antlerless deer harvest is needed; correct a misspelled word; open several Wildlife Management Areas (WMA's) to archery turkey and deer seasons to same as the statewide season dates; reduce the bag limit of spring turkey to 1 tom on Black Kettle and Ellis County WMA's; open several WMA's to limited antlerless hunting opportunity; reduce days of antlerless harvest on Hickory Creek WMA; standardize quail season to match other open small game seasons on Okmulgee GMA/PHA, and open deer gun season to same as statewide season dates on Okmulgee PMA; open several National

Wildlife Refuges to controlled hunts for deer and turkey, and other hunting opportunities; establish hunting seasons on the new Sans Bois WMA.

Subchapter 24 - Prohibit importation of cervid carcasses or carcass parts from other states, with a few exceptions, to help prevent spreading Chronic Wasting Disease into Oklahoma; and update rules for live cervid imports for commercial hunting areas to align with ODAFF rules since under their jurisdiction.

Subchapter 26 - Allows exemption for Scientific Collectors Permit for Department funded research, clarifies reporting requirements, and other housekeeping wording changes.

Subchapter 37 - Remove reference to 16 day deer gun season to allow flexibility to match current regular gun season for feral swine night shooting regulation.

Subchapter 41 - Rules for application process and requirements for the newly created 3-day special use permit for charity events.

SUBCHAPTER 5. MIGRATORY BIRD HUNTING SEASON

PART 11. WATERFOWL HUNTING BLINDS

800:25-5-48. Purpose

Waterfowl blinds constructed on Corps of Engineers and Bureau of Reclamation Reservoirs are classified in two categories: ~~Permanent blinds constructed for seasonal use and temporary blinds constructed for only one hunting trip and removed at the end of said trip.~~ Seasonal - blinds which are constructed by a hunter permitted by the Department and at a Department approved designated location and used throughout the current hunting season. Daily - blinds constructed for use on any given day and removed at the end of the day's hunt. Daily blinds would include boat blinds, layout blinds, panel blinds and/or any other blind constructed from natural material that is removed at the end of the day's hunt. This Part establishes the guidelines for blind construction.

800:25-5-49. Permits for permanent seasonal or temporary daily blinds

(a) Hunters wishing to construct permanent seasonal blinds for waterfowl hunting on Corps of Engineers installations in Oklahoma must first obtain a permit for construction of said blind from the Oklahoma Department of Wildlife Conservation.

(b) No permit is required for ~~temporary daily~~ blinds.

(c) ~~Permanent Seasonal or temporary daily~~ blinds may be constructed or used on the following reservoirs: ~~Canton, Eu-
faula, Fort Gibson, Fort Supply, W. D. Mayo (Lock and Dam
14), Waurika and Webbers Falls.~~

(d) Temporary Daily blinds only may be constructed or used on all other reservoirs open to waterfowl hunting unless specifically prohibited the following reservoirs: ~~Altus Lugert, Ar-
buckle, Birch, Broken Bow, Chouteau (Lock and Dam 17),~~

Copan, Fort Cobb, Newt Graham (Lock and Dam 18), Heyburn, Hugo, Hulah, Kaw, Robert S. Kerr, Keystone, Mountain Park, Oologah, Optima, Pine Creek, Skiatook, Tenkiller, Texoma and Wister.

(e) ~~Permanent~~Seasonal blind permits will be issued by public—a drawing on for the following reservoirs: Eufaula, Fort Gibson, W D. Mayo (Lock and Dam 14), ~~Waurika~~ and Webbers Falls.

(f) To obtain a ~~permanent~~seasonal blind permit after the first day of issuance, the biologist ~~or for Game Warden~~ for the area of interest should be contacted.

(g) ~~Permanent blind permits will be issued on a first come first served basis on Canton and Fort Supply Lakes.~~

800:25-5-50. Drawing process

(a) Applicants for ~~permanent~~seasonal~~blinds~~blind permits must be at least ~~16~~18 years old on the day of the permit issuance and possess all valid hunting licenses, ~~signed~~ stamps, and permits as required for hunting waterfowl during the waterfowl season, unless exempt.

(b) Anyone wishing to obtain a ~~permanent~~seasonal blind permit must appear in person at the appropriate drawings.

(c) No person may obtain a ~~permanent~~seasonal blind permit for more than one reservoir.

800:25-5-51. Blind construction

(a) ~~Blinds~~Seasonal blinds must be constructed within 25 yards of the location designated by the hunter on the official map approved by the Department ~~designed locations~~. No ~~seasonal blinds, whether temporary or permanent,~~ shall be constructed within 250 yards of another seasonal blind and no daily blind shall be constructed or used within 250 yards of an occupied seasonal blind.

(b) Permit holders must have their permit number and their first and last name conspicuously displayed in the blind, this information must be clearly legible, throughout the waterfowl season.

(c) ~~Blinds~~Seasonal blinds must be constructed as of two (2) weeks before opening day of waterfowl season, otherwise the blind location may be reissued to another licensed hunter on a first come, first serve basis.

(d) All seasonal blinds must be removed ~~within 14 days after the close of the waterfowl season.~~ by March 15 of each year. Blinds remaining after this date ~~shall~~may become the property of the Oklahoma Department of Wildlife Conservation.

(e) ~~Permit~~Seasonal blind permit holders will have priority use on said blind each day until ~~7:30 a.m.~~1/2 hour before official sunrise (legal shooting time). Permit holders claiming priority use before this time must be prepared to furnish identification to ensure priority use. After this time, unoccupied blinds will be available to ~~others~~other hunters.

(f) Blinds must not be locked.

(g) Failure to comply with regulations may result in forfeiture of ~~right~~privilege to obtain a permit for constructing seasonal blinds during the forthcoming year.

SUBCHAPTER 7. GENERAL HUNTING SEASONS

PART 5. UPLAND GAME

800:25-7-12. Pheasant

SUBCHAPTER 24. IMPORT OF CERVIDS

800:25-24-1. Purpose

The purpose of this Subchapter is to establish requirements for the importation of animals ~~in or specific carcass parts from~~ the family Cervidae that will help protect Oklahoma's native deer and elk population from the threat of chronic wasting disease (CWD).

800:25-24-3. Requirements

~~The following restrictions apply to the importation of animals in the family Cervidae.~~

(1) ~~Import authorization is suspended for animals in the family Cervidae which originate from any state or Canadian province where chronic wasting disease has been identified in free-ranging native cervids.~~

(2) ~~In cases where the source herd originates from a state or Canadian province where CWD has not been identified, import will be granted only if the source herd is a participant in a CWD surveillance and certification program which conforms to standards described in Subchapters 11 and 47 of Title 35 of the Oklahoma Administrative Code.~~

(a) The following relate to the importation of live cervids into Commercial Hunting areas.

(1) The import of cervidae for the purpose of deposition in a Commercial Hunting area that are originating in any county or Canadian province where Chronic Wasting Disease exists in free-ranging native herds shall be prohibited, except the State Veterinarian may allow an import from a Canadian province with Chronic Wasting Disease after notification to the Oklahoma Department of Wildlife Conservation and based on a review of the following factors:

- (A) distance of the farmed cervidae facility from the Chronic Wasting Disease area,
- (B) existence of double fencing between the farmed cervidae facility and free-ranging native herds,
- (C) farmed cervidae facility biosecurity measures,
- (D) participation of the farmed cervidae facility in any Canadian Chronic Wasting Disease herd certification programs, and
- (E) any other relevant factors.

(2) All other cervidae imports into Commercial Hunting areas shall only be from a source herd that is in a Chronic Wasting Disease surveillance and certification program for a minimum of five (5) years monitored and the program meets the standards of cervidae importation into Oklahoma.

(3) import of cervidae into Commercial Hunting areas shall be accompanied by a Certificate of Veterinary Inspection and an approved Cervidae Import Permit, and

(4) import of cervidae into a Commercial Hunting area shall follow all other disease testing required by the Oklahoma Statutes or rules promulgated by the Department of Agriculture, Food, and Forestry.

(b) The following restrictions apply to the statewide importation of cervid carcasses or carcass parts

(1) No person shall import, transport, or possess any cervid carcass or part of a cervid carcass from outside the boundaries of Oklahoma. The following items are the only exceptions:

- (A) Antlers or antlers attached to clean skull plate or cleaned skulls (all tissue removed);
- (B) Animal quarters containing no spinal materials or meat with all parts of the spinal column removed;
- (C) Cleaned teeth;
- (D) Finished taxidermy products;
- (E) Hides or tanned products.

SUBCHAPTER 26. SCIENTIFIC COLLECTOR PERMITS

PART 1. SCIENTIFIC PURPOSES

PART 2. AUTHORIZATION LETTERS

800:25-26-5. Purpose

Consistent with State Statute 29-3-103, the Oklahoma Wildlife Conservation Commission may enter into cooperative agreements with federal, state and local agencies regarding the study or conservation of fish and wildlife. The purpose of this section is to establish application procedures and qualification for obtaining a letter of authorization from the Director of the Oklahoma Department of Wildlife Conservation for the capture, holding and/or vouchering of fish and wildlife species for biological monitoring, conservation education, or agency-supported research purposes by government entities.

800:25-26-6. Application process and reporting

(a) The Director, acting on behalf of the Commission, may issue a letter of authorization to a government agency or a subdivision of a government agency including municipal, county, state or federal resource management agencies, for the capture, possession, and/or vouchering of fish and wildlife for the purposes of biological monitoring, conservation education, or research funded by the Oklahoma Department of Wildlife Conservation.

(b) The following are the procedures for obtaining a letter of authorization:

- (1) A request for a letter of authorization must be sent in writing to the Fisheries Division Chief or Wildlife Division Chief of the Oklahoma Department of Wildlife Conservation.
- (2) The request must identify the following:
 - (A) the need for or purpose of the letter of authorization.
 - (B) the name, agency and contact information (phone number, address and email) of one or more primary points of contact to whom the letter of authorization is issued.
 - (C) the species and estimated numbers of individuals for which the applicant seeks authorization to capture, possess or voucher.
 - (D) the geographic area over which the request extends.
 - (E) a list or description of the methods by which fish and wildlife will be captured or taken.
 - (F) the names of all individuals, including the primary point of contact, who are intended to be covered under the letter of authorization.
 - (G) the intended final disposition of the fish and wildlife requested to be collected.

(3) Once a letter of authorization request is received, ODWC fish and wildlife biologists will conduct an internal review process. Once the request is reviewed and

deemed adequate, it will be submitted for the Director's approval and signature and the approved letter of authorization will be sent to the applicant.

(4) Letters of authorization expire at the end of each calendar year, and a new request must be submitted each year that the applicant requested authorization.

(5) Within two months of the end of the calendar year, the primary point of contact is responsible for submitting a written report summarizing the activities conducted under the letter of authorization including the geographic locations where fish and wildlife were captured, the species and numbers of individuals captured, and the disposition of those animals or specimens at the end of the year. Failure to provide an annual report in a timely manner could preclude the issuance of letters of authorization in subsequent years.

800:25-26-7. Uses and specifications

(a) A copy of the letter of authorization must be carried by each authorized individual when active in the field.

(b) Each letter of authorization will describe the extent of the activities that it covers including the geographic area and the methods of capture or take.

(c) Letter of authorization may be issued for the capture, possession and vouchering of species that cannot be permitted under a scientific collector's permit including deer, bear, elk, antelope and turkey.

(d) Letters of authorization may be issued to individuals and laboratories within government research institutions and public universities that conduct fish and wildlife research funded by the Oklahoma Department of Wildlife Conservation.

(e) A letter of authorization does not preclude the need for a federal permit. The capture, possession and vouchering of migratory birds and federally-listed threatened or endangered species requires a federal permit unless exempted under an Endangered Species Act Section 4(d) rule.

(f) A letter of authorization does not preclude the need to obtain permission from landowners to operate on private property, or the need to obtain permission from official area managers when operating on municipal, state or federal lands.

SUBCHAPTER 37. NUISANCE WILDLIFE CONTROL PROGRAM

PART 3. WILDLIFE AND FERAL HOG NUISANCE AND DEPREDATION RULES

800:25-37-16. Feral swine night shooting exemptions

The following rules detail exemptions to shoot feral swine at night under provisions of T29-4-135:

(1) Night Shooting exemptions will only be issued to the deed-holding landowner or a written designee. Only one exemption will be issued per property. The landowner or their written designee may obtain an immediate exemption to night shoot by contacting their game warden in the county in which their property is located. A game

warden in an adjoining county may also be contacted to immediately issue the exemption. If the landowner or their written designee does not speak to the game warden by telephone, the landowner or their written designee may leave a voice mail message, send a text message or email to the game warden which will serve as sufficient means for an immediate exemption to shoot feral swine at night. The Wildlife Department may also create an electronic exemption issuance and notification system.

(2) If the initial contact is through the game warden, then the game warden will be responsible for following up with the requesting party to issue a night shooting exemption.

(3) Exemptions shall be valid for one year. Exemptions shall contain the landowner's name, the name of the written designee (if landowner designates someone in place of himself or herself) claiming the exemption, the person's address, and contact information, plus either a legal description or a listing of the landowner's acreage and location relative to the nearest roadways (e.g.: $\frac{1}{2}$ mile west of the intersection of Hwy 177 and Tooley Rd; on the north side of the roadway; 280 acres). Persons shooting feral swine on a night exemption may not shoot from, to, on or across any public roadway. Anyone under age 18 is recommended to be immediately accompanied by an adult.

(4) Exemptions may be revoked for violations within the last three years of Title 800:25-37-16; Title 29 Section 5-411; Title 29 Section 5-203.1; or municipal law violations (night shooting in a prohibited area).

(5) During the period outside of the ~~16-day~~ regular ~~firearms~~ deer gun season - and in areas where firearms deer season(s) is/are not in effect - the landowner or their written designee can allow anyone to night shoot on the landowner's property by providing written or electronic (text/email) permission. At least one person in the group must have a copy of the landowner's or written designee's exemption (written or electronic copy). Any person night shooting during this time period is encouraged to provide some type of advance notification to the local game warden, but advanced notification is not required.

(6) During the ~~16-day~~ regular ~~firearms~~ deer gun season - only the landowner or their written designee can night shoot on the property listed on their exemption, and he or she is required to provide some type of advanced notification to the local game warden. The advanced notification can be by text message, voice mail message, email, or through an electronic notification system. Family members (parents, children, grandchildren, sons-in-laws and daughters-in-laws) can assist an exemption holder. At least one person in the group must have a copy of the exemption while night shooting.

(7) Night vision equipment, including image-enhancement technology and thermal imaging technology will be allowed, as will infra-red or what are commonly called 'night scopes'. The use of a hand-held or other powerful light (firearms mounted) shall be allowed and for the purposes of night shooting feral swine, vehicle headlights and

vehicle mounted headlights will be allowed. Motor-driven land conveyances to pursue or follow feral swine will be allowed.

(8) There are no firearm restrictions for night shooting feral swine.

(9) Persons controlling only feral swine shall be exempt from possessing the hunting license and Fishing and Hunting Legacy permit.

SUBCHAPTER 41. THREE-DAY SPECIAL USE PERMITS

800:25-41-1. Purpose

The Director of the Oklahoma Department of Wildlife Conservation will determine acceptability of applications and may issue three-day special use permits subject to the following rules pursuant to 29 O.S., Section 4-113.2.

800:25-41-2. Procedures and guidelines

(a) The area where the hunting or fishing will occur during the three-day period shall be restricted to the property, land or area indicated on the permit application.

(b) No more than two permits may be issued per calendar year for a designated property, land, area, landowner, nonprofit or charitable organization.

(c) Permits shall only be issued for hunting and fishing activities during designated seasons as specified in rules promulgated by the Department of Wildlife Conservation, and all statewide bag limits, size restrictions and other limitations shall apply, including check-in requirements.

(d) Permits are not valid for hunting elk, antelope, or bear.

(e) Participants are required to have appropriate federal permits and stamps for hunting migratory birds.

(f) Event organizers cannot charge a fee for participation or otherwise profit from the event.

(g) Law enforcement personnel shall have the authority to enter the property, land or area at any time during the three-day period.

800:25-41-3. Application and fees

(a) The fee for a Three-Day Special Use Permit shall be:

(1) \$300 for 1- 9 participants.

(2) \$500 for ten to twenty participants.

(b) Applications for permits must be submitted to the Department by the landowner no later than thirty (30) days prior to the requested three-day event on forms prescribed by the Department.

(1) Permits will be issued for a period of three consecutive days, for the specific dates requested by the applicant.

(2) Permit applications must include a legal description of the property where the event will occur. Property must be a minimum of 200 contiguous acres.

(3) The Customer ID or other required identifying information of the landowner and all of the participants must be submitted to the Department prior to the event.

- (4) If the event is for veterans, all participants must submit a DD-214, Certification of Release, Discharge from Active Duty Certification under Honorable Conditions documentation, or an affidavit of veteran status.
- (5) All non-profit and charitable organizations must submit documentation of Internal Revenue Service tax exempt status for verification, and their participants must relate to and be of the type to help fulfill the stated mission and purpose of the organization.
- (6) If individual participants are deemed ineligible, the permit may still be approved but limited to eligible individuals.

810:1-1-2. Definitions

In addition to the terms defined in 85A O.S. § 2, the following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"**Administrative Law Judge**" means an Administrative Law Judge of the Commission to whom the Commission has delegated by order or otherwise, the authority to conduct a hearing.

"**Affidavit of Exempt Status**" means an affidavit authorized by 85A O.S., § 36 which any individual or business entity that is not required to secure compensation pursuant to the AWCA may execute and file with the Oklahoma Workers' Compensation Commission.

"**AWCA**" means the Administrative Workers' Compensation Act, 85A O.S. § 1, et seq.

"**Claimant**" means a person who claims benefits for an alleged work injury, occupational disease or illness, or death, pursuant to the provisions of the AWCA.

"**Claim administrator**" means the trading partner sending electronic transactions to the Commission, which can be an insurer filing directly with the Commission on its own behalf, or a servicing company/third party administrator filing on behalf of the insurer.

"**Claim Information**" means data submitted via First Report of Injury (FROI) or Subsequent Report of Injury (SROI).

"**Commission**" means the Oklahoma Workers' Compensation Commission, a designee, or an Administrative Law Judge to whom the Commission has delegated responsibility as authorized by 85A O.S. § 21(D).

"**Electronic Data Interchange**" means the transmission of claim information through electronic means, in a format established by the Commission.

"**Electronic equivalent**" means a Commission-approved means of filing an electronic form through the Commission's

case system. In all cases where a party is required to mail a Commission form to the opposing party, a copy may be sent by electronic mail when an electronic mail address is known. In all cases where a paper form is required to be filed to effect a certain purpose, an electronic equivalent, if available, may also be filed to effect that purpose.

"EDI" means electronic data interchange.

"Executive Director" means the Executive Director of the Commission.

"FROI" means first report of injury.

"Insurer" means the entity responsible for making electronic filings as prescribed by law and these rules. This term includes self-insurers.

"Mandatory EDI implementation date" means September 1, 2018.

"Self-insurer" means any duly qualified individual employer or group self-insurance association authorized by the Commission to self-fund its workers' compensation obligations.

"SROI" means subsequent report of injury.

"Trading Partner" means an entity that has registered with the Commission to exchange data through Electronic Data Interchange.

"Workers' Compensation Commission fee schedule" means a state mandated schedule of maximum allowable reimbursement levels for health care providers, including hospitals, ambulatory surgical centers, and inpatient rehabilitation facilities, rendering reasonable and necessary health care services and supplies to an injured employee for a compensable injury pursuant to the Oklahoma workers' compensation laws.

"Written" means that which is expressed in writing, and includes electronic records.

810:1-1-6. Requests for agency public information

(a) Public access to Commission records is subject to the Oklahoma Open Records Act, 51 O.S. § 24A.1, et seq. and 85A O.S. § 120. Any person making a request for a Commission record shall comply with the following:

(1) The request must be in writing and directed to the Clerk of the Commission when the request is to access information on workers' compensation claims, and to the General Counsel for all other requests to the Commission's Insurance Division Director when the request is for workers' compensation insurance related information maintained by the Commission, or to the Executive Director for all other requests.

(2) Requests to access information on workers' compensation claims are subject to the written request and search fee requirements of 85A O.S. § 120, unless an exemption outlined in the law applies. The Commission may request information of a requester sufficient to determine whether or not an exemption pertains.

(A) To access information on workers' compensation claims, the request must be made in writing, on a form prescribed by the Commission. The request form requires identification of the person requesting the information and the person for whom a search is

being made. The request form must contain an affidavit signed by the requester under penalty of perjury stating that the information sought is not requested for a purpose in violation of state or federal law. Those making a request shall pay the Commission One Dollar (\$1.00) per search request, not to exceed One Dollar (\$1.00) per claims record of a particular worker, plus applicable copy charges set forth in 85A O.S. § 119(A), any applicable fees according to the Oklahoma Open Records Act, 51 O.S. § 24A.5(3), and certification fees if any.

(B) Electronic searches of workers' compensation claims data using public terminals at the Commission's offices may be made. The search function permits searches using the name of a claimant or the Commission file number. Certain information related to the search criteria will be displayed on the terminal. Access to additional information on claims pertaining to the search results is subject to the written request and search fee requirements described in this Paragraph.

(3) Requests not subject to Paragraph (2) of this Subsection, should describe the record(s) requested, indicate the name of the party making the request, and have the party's mailing address and telephone number. The requesting party shall pay for copies and research of such records in accordance with 85A O.S. § 119(A) and the Oklahoma Open Records Act, 51 O.S. § 24A.5(3)(4), and, if applicable, for certification of the record according to a fee established by the Commission if any.

(4) Copy charges may be waived at the Commission's discretion for copies requested by the media or by a public officer or public employee in the performance of his or her duties on behalf of a governmental entity.

(b) This Section does not apply to records specifically required by state or federal law, or by state or federal administrative rule, or by order of a court of competent jurisdiction, to be kept confidential, including, but not limited to, financial data obtained by or submitted to the Commission for the purpose of obtaining a license or permit and records subject to proprietary agreements, confidentiality orders and sealed exhibits.

GIST/ANALYSIS:

The proposed rules: add a definition for "Electronic equivalent" to the Definitions section; add references regarding the ability to file certain forms through an electronic equivalent; remove the requirement to file in quadruplicate; correct language to reflect the current process for assigning a file number to claims for discrimination or retaliation, and provide that attorneys may provide an email address to receive electronic docket notices and orders, which reflect the addition of electronic filing methods under the mandatory implementation of the Commission's Electronic Database Interchange System.

The proposed revisions also reflect changes made by HB 2367 to: 85A O.S. § 7 which provide that the Commission retains exclusive jurisdiction to hear and decide claims related to employer discrimination or retaliation stemming from injuries occurring on or between February 1, 2014 and May 27, 2019; and also to 85A O.S. § 118, regarding the payment of the filing fee for Joint Petitions or medical fee disputes by the employer.

Other proposed revisions correct language regarding a Commission Vice Chair, and changes it to "an available Commissioner," since there is no designated Vice Chair at the Commission; update language regarding the retention and disposition of exhibits, since they are part of the record, and judges do not maintain a separate list; and provide procedure for when a party fails to appear at oral argument without leave of the Commission.

Other non-substantive revisions to correct formatting and grammar errors are included.

"Discovery" means the process by which a party may, before the hearing, obtain evidence relating to the disputed issue or issues from the other parties and witnesses.

"Document" means any written matter filed in a cause, including any attached appendices.

"Electronic Data Interchange" means the transmission of claim information through electronic means, in a format established by the Commission.

"Electronic equivalent" means a Commission-approved means of filing an electronic form through the Commission's case system. In all cases where a party is required to mail a Commission form to the opposing party, a copy may be sent by electronic mail when an electronic mail address is known. In all cases where a paper form is required to be filed to effect a certain purpose, an electronic equivalent, if available, may also be filed to effect that purpose.

"EDI" means electronic data interchange.

"Electronic Signature" means an electronic symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

"Executive Director" means the Executive Director of the Commission.

"FROI" means first report of injury.

"Good cause" means, in the context of a request for continuance or failure of a party to comply with the Rules of this Chapter, circumstances beyond the party's control or that the party could not reasonably foresee. In the context of a claim, defense, or order, it means a reasonable legal basis.

"Insurance carrier" means any stock company, mutual company, or reciprocal or interinsurance exchange authorized to write or carry on the business of workers' compensation insurance in this state, and includes an individual own risk employer or group self-insurance association duly authorized by the Commission to self fund its workers' compensation obligations.

"Insurer" means the entity responsible for making electronic filings as prescribed by law and these rules. This term includes self-insurers.

"Joint Petition Settlement" means a settlement between the employer/insurance carrier and the employee, of all or some issues and matters in a claim for compensation.

"Legal holiday" means only those days declared legal holidays pursuant to 25 O.S. § 82.1 or by proclamation of the Governor of Oklahoma.

"Mandatory EDI implementation date" means September 1, 2018, unless a subsequent date is adopted by the Commission.

"Mediation" means the process of resolving disputes with the assistance of a mediator, outside of a formal administrative hearing.

"Out-of-state attorney" means a person who is not admitted to practice law in the State of Oklahoma, but who is admitted in another state or territory of the United States, the District of Columbia, or a foreign country.

"Pro se" means without an attorney.

"Proceeding" means any action, case, hearing, or other matter pending before the Commission.

"Representative" means a person designated in writing by an injured employee, person claiming a death benefit, employer, insurance carrier or health or rehabilitation provider, to assist or represent them before the Commission in a matter arising under the AWCA.

"Sanction" means a penalty or other punitive action or remedy imposed by the Commission on an insurance carrier, representative, employee, employer, or health care provider for an act or omission in violation of the AWCA or a rule, judgment, order, or decision of the Commission.

"Self-insurer" means any duly qualified individual employer or group self-insurance association authorized by the Commission to self fund its workers' compensation obligations.

"Trading Partner" means an entity that has registered with the Commission to exchange data through Electronic Data Interchange.

"Workers' compensation fee schedule" means a state mandated schedule of maximum allowable reimbursement levels for health care providers, including hospitals, ambulatory surgical centers, and inpatient rehabilitation facilities, rendering reasonable and necessary health care services and supplies to an injured employee for a compensable injury pursuant to the Oklahoma workers' compensation laws.

"Written" means that which is expressed in writing, and includes electronic records.

810:10-1-9. Who may appear before Commission

(a) Attorneys licensed to practice law in Oklahoma and members in good standing of the Oklahoma Bar Association may appear on behalf of parties to litigation before the Commission and in Joint Petition Settlement proceedings before the Commission. Legal interns licensed by the Oklahoma Supreme Court may appear on behalf of a party only on matters properly within the scope of their license. Out-of-state attorneys who have complied with the requirements of Chapter 1, Appendix 1, Article II, Section 5 of Title 5 of the Oklahoma Statutes⁴ may appear on behalf of a party with leave of the Commission. The attorney shall file an entry of appearance with the Commission as provided in 810:10-1-10. Attorneys appearing before the Commission may provide a valid email address for the purposes of docket notice and electronic delivery of Commission Orders.

(b) Persons other than licensed attorneys, including adjusters, may file standard, administrative

reporting forms such as the FROI per 810:10-1-4(a) and notice of compliance with payment and reporting obligations related to Multiple Injury Trust Fund assessments (85A O.S. § 31) and Self-insurance Guaranty Fund assessments (85A O.S. § 98), which are required by law and/or Commission rules, are not considered legal pleadings, and the submission of which in no way is intended as an act of legal representation. Persons other than licensed attorneys may not assume an advocate's role or introduce evidence or examine witnesses in proceedings before the Commission or an Administrative Law Judge.

(c) An individual may appear pro se or by an attorney. A corporation, limited liability company, insurance carrier, individual own risk employer, and group self-insurance association, may appear only by its attorney.

SUBCHAPTER 5. HEARINGS CONDUCTED BY ADMINISTRATIVE LAW JUDGES AND COMMISSIONERS

PART 1. COMMENCEMENT OF CLAIMS

810:10-5-2. Claim for compensation

(a) A claim for compensation for benefits for an injury, including a cumulative trauma injury and death, or occupational disease or illness, occurring on or after February 1, 2014, shall be commenced by filing, ~~in quadruplicate~~, an executed notice form with the Commission that includes the employer's Federal Employer Identification Number and the worker's full name and date of birth, and the last five digits of the worker's Social Security number. The following forms, or electronic equivalents, shall be used, as appropriate:

- (1) CC-Form-3 claim for compensation for benefits for a single event or cumulative trauma injury;
- (2) CC-Form-3A claim for compensation for death benefits; and
- (3) CC-Form-3B claim for compensation for occupational disease or illness benefits.

(b) A proceeding under 810:15-15-3 to address payment of disputed fees for health services (e.g. physician fees, hospital costs, etc.), vocational rehabilitation or medical case management, shall be commenced by filing an MFDR Form 19 or electronic equivalent. A CC-Form-9 or electronic equivalent shall be filed to request a hearing on an MFDR Form 19 dispute.

(c) Within ten (10) days of the filing of a claim for compensation (i.e. CC-Form-3, CC-Form-3A or CC-Form-3B), the Commission shall mail or send electronically a copy of the claim form bearing the assigned file number to the service agent designated by the self-insured employer, group self-insurance association, or insurance carrier—, or as otherwise directed in that Section.

810:10-5-3. Claim against the Multiple Injury Trust Fund

(a) A claim against the State Treasurer as custodian of the Multiple Injury Trust Fund shall be commenced by filing an executed CC-Form-3F or electronic equivalent. The CC-Form-3F shall list each of the claimant's prior adjudicated claims, the date of each injury, the file number and the percentage of permanent partial disability awarded for each injury. If the claimant claims a pre-existing obvious and apparent disability, the disability shall be fully described on the CC-Form-3F, but no percentage of impairment need be included. A CC-Form-9 or electronic equivalent shall be filed to request a hearing. Upon filing the CC-Form-9, the claimant or the claimant's attorney, if any, shall mail a copy thereof to the Multiple Injury Trust Fund.

(b) The CC-Form-3F filed with the Commission shall be served on the State Treasurer and the Multiple Injury Trust Fund and shall have a certificate of service setting forth the manner of such service as required by 810:10-1-7.

(c) A notation on the CC-Form-3 or CC-Form-3B that the claimant is a previously impaired person shall not be deemed to commence a claim against the Multiple Injury Trust Fund. The CC-Form-3F must be filed in the claim in which benefits are sought and shall use that same Commission file number.

(d) All requests by the Multiple Injury Trust Fund for the appointment of an independent medical examiner shall be governed by 85A O.S. § 112 and 810:10-5-45.

810:10-5-7. Claim for discrimination or retaliation

(a) A claim for discrimination or retaliation as prescribed by 85A O.S. § 7, which stems from an injury that occurred on and between February 1, 2014 and May 27, 2019, shall be commenced by filing an executed Commission prescribed CC-Form-3C Claim for Discrimination or Retaliation, or electronic equivalent, with the Commission. ~~The CC Form 3C shall be filed in the underlying workers' compensation claim filed pursuant to the Workers' Compensation Act and shall use that same Commission file number.~~

(b) The CC-Form-3C filed with the Commission shall be served on the employer and shall have a certificate of service setting forth the manner of such service as required by 810:10-1-7. The employer may respond to the CC-Form-3C by timely filing an executed Commission prescribed CC-Form-10C Employer's Response to Claim for Workers' Compensation Discrimination or Retaliation, or electronic equivalent, pursuant to 810:10-5-15.

(c) A CC-Form-9 must be filed to request a hearing. Upon filing the CC-Form-9, the claimant or the claimant's attorney, if any, shall mail a copy thereof to the respondent.

PART 3. SUBSEQUENT PLEADINGS

810:10-5-15. Response to initial pleading; notice of contested issues

(a) An employer or its insurance carrier may respond to any issue related to a claim and liability therefor, including a claim for compensation, a claim for discrimination or retaliation, a

claim for payment of health care or rehabilitation expenses, or a claim against the Multiple Injury Trust Fund for combined disabilities, by timely filing a CC-Form-10 Answer and Notice of Contested Issues, CC-Form-10C, or an MFDR Form 10M, or electronic equivalents pursuant to 810:10-5-16 or 810:15-15-3, as appropriate.

(b) A general denial or failure to timely file a CC-Form-10, CC-Form-10C, or MFDR Form 10M or electronic equivalents shall be taken as admitting all allegations in the claim form except jurisdictional issues; and

- (1) the extent, if any, of the claimant's disability, for a CC-Form-3 or CC-Form-3B claim; or
- (2) the amount due, if any, for a death claim.

(c) Unless excused by the Commission for good cause shown, denials and affirmative defenses shall be asserted on the CC-Form-10, CC-Form-10C, or MFDR Form 10M, or electronic equivalents or shall be waived. No reply to the CC-Form-10, CC-Form-10C, or MFDR Form 10M is required.

810:10-5-16. Request for administrative hearing and pretrial stipulations

(a) Any party may request an administrative hearing before the Commission on any issue by filing a CC-Form-9 Request for Hearing or electronic equivalent. As provided in 85A O.S. § 71(B)(2), the request for hearing shall clearly set forth the specific issues of fact or law in controversy and the contentions of the party applying for the hearing.

(b) When a CC-Form-9 or electronic equivalent is filed on the issues of permanent partial disability or permanent total disability, the claimant shall deliver a medical report to the opposing party. The name of the physician and the date of the report shall be noted on the CC-Form-9. No CC-Form-9 may be filed less than ten (10) days from the date the claimant has filed a claim for compensation as provided in 810:10-5-2 or 810:10-5-3.

(c) Objections to termination of temporary compensation made pursuant to 85A O.S. § 45(A)(2), and requests for temporary compensation or medical treatment, shall be set by the Commission on the assigned Administrative Law Judge's prehearing conference docket for expedited hearing, prior to being docketed for an administrative hearing, unless otherwise directed by the assigned judge. At the time of the prehearing conference, all parties, to the best of their ability, shall advise the Commission and all parties of the number of witnesses expected to be called at the administrative hearing.

(d) The procedure to request an administrative hearing for the termination of temporary compensation is governed by 810:10-1-6.

(e) In all cases, the employer or insurance carrier shall file a CC-Form-10 Answer and Notice of Contested Issues, CC-Form-10C, or MFDR Form 10M or electronic equivalents no later than thirty (30) days after the filing of the CC-Form-9. The CC-Form-10, CC-Form-10C, or MFDR Form 10M may be amended at any time, not later than twenty (20) days before the date of the administrative hearing.

(f) The CC-Form-9, CC-Form-10, CC-Form-10C, and MFDR Form 10M, shall list the names of all witnesses, including any expert witnesses, which the party intends to call

at the time of the administrative hearing. Absent waiver by the opposing party, failure without good cause to comply with this Subsection may, in the discretion of the hearing officer or the Commission, result in a witness not listed being prohibited from testifying, or in the exclusion of the evidence if submitted at the administrative hearing.

(g) Except as otherwise provided in Subsection (h) of this Section, no later than twenty (20) days before the date of the administrative hearing, all parties shall exchange all documentary evidence, exhibits and a complete list of witnesses with all opposing parties.

(h) As provided in 85A O.S. § 72(C), any party proposing to introduce a medical report or testimony of a physician at the hearing on a controverted claim, shall furnish a copy of the written report of the physician's findings and opinions to the opposing party and to the Commission no later than seven (7) days before the date of the hearing. If no written report is available to a party, that party shall notify the opposing party and the Commission in writing of the name and address of the physician proposed to be used as a witness and the substance of the physician's testimony no later than seven (7) days before the date of the administrative hearing. Cross-examination of the physician is governed by 85A O.S. § 72(C)(2)(b).

(i) The time periods specified in Subsections (g) and (h) of this Section may be waived by agreement of the parties.

(j) Absent waiver by the opposing party, failure without good cause to comply with Subsections (g) or (h) of this Section, may, in the discretion of the hearing officer or the Commission, result in exclusion of the evidence if submitted at the administrative hearing.

810:10-5-17. Joinder and consolidation of proceedings

(a) Joinder.

(1) A claimant who desires to add additional employers and/or insurance carriers, shall promptly amend the claim for compensation (CC-Form-3, CC-Form-3A, or CC-Form-3B or electronic equivalents) and mail a copy of the amended claim form to all parties, including the additional employers and/or insurance carriers named. Mailing shall constitute service upon the additional parties.

(2) An employer or insurance carrier that desires to add additional employers and/or insurance carriers shall file a CC-Form-13 Request for Prehearing Conference on the issue, or electronic equivalent, and mail a copy of the CC-Form-13 to all parties, including the additional employers and insurance carriers named. The Commission shall notify all parties of the date of the prehearing conference. At the prehearing conference, the Commission shall hear argument, and based upon its discretion, enter its order granting or denying the request.

(3) The additional employers and insurance carriers shall comply with 810:10-5-15.

(4) The Commission, in its discretion, may impose an appropriate sanction prescribed in 85A O.S. § 83(B) against a party or the party's attorney who, without good cause shown, frivolously joins another party.

(b) Consolidation of proceedings.

- (1) **Consolidation to afford the parties a joint hearing stage.** Consolidation of multiple cases involving the same claimant may be made for hearing purposes only at the discretion of the Administrative Law Judge assigned to the lowest case number, upon request of either party. Cases consolidated for purposes of hearing only shall maintain individual case numbers and shall remain subject to separate filing fees prescribed in 85A O.S. § 118 and costs.
- (2) **Consolidation of cases involving the same claim.** Cases involving the same claim shall be consolidated to the lowest case number.
- (3) **Prehearing conference on consolidation request.** All motions and requests to consolidate shall be set for prehearing conference before the entry of a Commission order sustaining or overruling the motion for case consolidation.

810:10-5-18. Continuances

- (a) A request for a continuance will not be granted as a matter of course. Any motion for a continuance may be granted only by the assigned Administrative Law Judge for good cause shown. All motions for continuance shall be signed by the party on whose behalf the motion is made.
- (b) No continuance of an appeal scheduled for review by the Commission en banc is permitted before the date of an oral argument authorized as provided in 810:10-5-66 without approval of the Commission Chair, or in the absence of the Commission Chair, ~~an available Commissioner~~ ~~the Commission Vice Chair~~. Continuances requested on the date of the oral argument will be granted only upon a majority vote of the Commission en banc.
- (c) Continuances in appeals to the Commission en banc are governed by 810:10-5-66.

PART 5. PREHEARING PROCEEDINGS

810:10-5-30. Prehearing conference

- (a) Any party shall have the right to request a prehearing conference before the Commission on any issue by filing a CC-Form-13 Request for Prehearing Conference or electronic equivalent. The requesting party must certify on the request that the parties have conferred or attempted to confer in good faith, but have reached an impasse and are unable to resolve the issue.
- (b) Except as otherwise provided in 810:10-3-5, the purpose of the prehearing conference is to permit an informal hearing between the parties and the Administrative Law Judge in an effort to resolve the case or issues in the case before an administrative hearing, and to discuss the facts, identify the legal issues, present discovery requests, make all appropriate stipulations, and discuss such other matters as may facilitate consideration of the case.
- (c) The Administrative Law Judge shall set the matter for prehearing conference on the Administrative Law Judge's docket or a Benefit Review Officer's docket, as appropriate, at the earliest available time after the filing of the CC-Form-13. Notice of the date, time and place of the prehearing conference

shall be provided by the Commission to all parties or their attorneys of record.

- (d) Nothing in this Section shall limit a party's right to request a conference with the assigned Administrative Law Judge at the time of the administrative hearing.

- (e) The Commission, in its discretion, may order the appearance of any party or attorney at any prehearing conference or conference requested with the Administrative Law Judge at the time of the administrative hearing. Nothing in this Section shall limit the authority of an Administrative Law Judge to order a prehearing conference or conference at the time of the administrative hearing.

- (f) The Commission may, in its discretion, impose an appropriate sanction prescribed in 85A O.S. § 83(B) against an offending party for failure to appear at a conference, appearance at a conference substantially unprepared, failure to participate in the conference in good faith, or for seeking the conference in an effort to delay, harass or increase costs.

PART 7. INITIAL AND SUBSEQUENT PROCEEDINGS

810:10-5-49. Rules of evidence

- (a) **Generally.** The Commission and Administrative Law Judges and are not bound by technical or statutory rules of evidence or procedure, 85A O.S. § 72(A).
- (b) **Presentation of evidence.** At the hearing, an opportunity shall be afforded all parties to present evidence and argument with respect to matters and issues involved, although the argument may be restricted to a presentation in written form, to cross-examine witnesses who testify, and to submit rebuttal evidence. During a hearing, irrelevant, immaterial, or unduly repetitious evidence shall be excluded.
- (c) **Taking official notice.** The Administrative Law Judge may take official notice of the law of Oklahoma and other jurisdictions, facts that are judicially cognizable, and generally recognized facts within the Commission's specialized knowledge; provided all parties shall be notified either before or during the hearing of the material so noticed, and they shall be afforded an opportunity to contest the facts so noticed.
- (d) **Documents.**

- (1) A photographic copy of a document which is on file as part of the official records of the Commission will be received without further authentication.

- (2) A photographic copy of a public record certified by the official custodian thereof will be received without further authentication. A written statement by such custodian of records that no record or entry of described character is found in his records shall be received as proof of absence of such record.

- (3) A photographic copy of a document may be substituted for the original at the time the original is offered in evidence.

- (4) A document may not be incorporated in the record by reference except by permission of the Commission or Administrative Law Judge. Any document so received must be precisely identified.

- (5) The Commission or Administrative Law Judge may require that additional copies of exhibits be furnished for use by other parties of record.
 - (6) When evidence is offered which is contained in a book or document containing material not offered, the person offering the same shall extract or clearly identify the portion offered.
 - (7) The Commission or Administrative Law Judge may permit a party of record to offer a document as part of the record within a designated time after conclusion of the hearing.
- (e) **Witnesses.** All witnesses who appear to testify during a hearing shall first be subject to oath or affirmation and any testimony submitted by deposition shall show on the face thereof that the witness was so qualified.
- (f) **Prepared testimony.** Except as otherwise provided in Subsection (g) and (h) of this Section, written testimony of a witness in the form of a notarized affidavit may be received in lieu of direct examination.
- (g) **Expert medical testimony.**
- (1) Expert medical testimony may be offered by:
 - (A) a written medical report of the physician;
 - (B) deposition; or
 - (C) oral examination before the Commission or Administrative Law Judge.
 - (2) Medical opinions addressing compensability and permanent disability must be stated within a reasonable degree of medical certainty. Medical opinions concerning the existence or extent of permanent disability must be supported by competent medical testimony of a physician described in 85A O.S. § 45(C)(1) and shall be supported by objective findings as described in 85A O.S. § 2(31). The medical testimony must include the employee's percentage of permanent partial disability and whether or not the disability is job-related and caused by the accidental injury or occupational disease or illness.
 - (3) The fact that the medical report constitutes hearsay shall not be grounds for its exclusion.
 - (4) Objection to and request for cross-examination of a Commission appointed independent medical examiner is governed by 85A O.S. § 112(J). The claimant is responsible for scheduling the deposition regardless of which party asserted the objection. The respondent shall choose the court reporter.
 - (5) Objection to and request for cross-examination of a physician, other than a Commission appointed independent medical examiner, must be made in writing to all parties within ten (10) days after receipt of the physician's report. The party requesting the deposition testimony is responsible for the physician's reasonable charges for such testimony, preparation time and deposition expenses. Arrangements for the deposition shall be made by the offering party.
- (h) **Vocational rehabilitation and case management evidence.**
- (1) Testimony of a vocational rehabilitation expert or medical case manager may be offered by:
 - (A) a written report of the vocational rehabilitation expert or medical case manager, as appropriate;
 - (B) deposition; or
 - (C) oral examination before the Commission or Administrative Law Judge.
 - (2) The fact that the report constitutes hearsay shall not be grounds for its exclusion.
 - (3) Objection to and request for cross-examination of a Commission appointed vocational rehabilitation evaluator or Commission appointed medical case manager shall be made in writing to the Commission and all parties within ten (10) days after receipt of the evaluator's or manager's report. The claimant is responsible for scheduling the deposition regardless of which party asserted the objection. The respondent shall choose the court reporter. All costs associated with the deposition shall be borne by the respondent regardless of which party asserted the objection.
 - (i) **Exhibits.** All exhibits shall be identified by the case style and Commission assigned file number before being submitted.
 - (j) **Retention and retrieval of exhibits.** For purposes of this part, an exhibit is a document or other evidence that is introduced at a hearing and is marked, offered, and accepted into the record by a judge as an exhibit. ~~Exhibits do not become a permanent part of the Commission file; however, the judge's lists of exhibits must be retained in the Commission file.~~ Exhibits must be retained by the Commission or the office for 60 days after a final decision is served and filed in the case. During this 60-day period, exhibits may be retrieved by the submitting party upon request to the Commission. If no party has retrieved the exhibits after 60 days, the exhibits will be destroyed consistent with the records disposition schedule.

PART 9. POST ORDER RELIEF

810:10-5-66. Appeal of Commission Administrative Law Judge order

- (a) **Request for Review.** Any party aggrieved by a judgment or award of an Administrative Law Judge, which party for purposes of this Section shall be known as the "appellant", may appeal the order to the Commission en banc by filing an original and three (3) copies of a Request for Review with the Commission within ten (10) days of when the order was issued as reflected by the file-stamped date on the order. The Request for Review shall:
- (1) be in writing;
 - (2) include a copy of the order being appealed;
 - (3) clearly and concisely rebut each issue in the Administrative Law Judge's order that the appellant wants reviewed, and state the relief sought. General allegations of error do not suffice. Allegations of error concerning matters not included in a timely filed Request for Review shall be deemed waived;
 - (4) be served on all other parties of record, which for purposes of this Section shall be known as the "respondents";

- (5) have a certificate of service setting forth the manner of such service as required by 810:10-1-7;
 - (6) be accompanied by a designation of record filed by the appealing party and a copy submitted to the Commission reporter and all parties in the case concurrently with or before filing a Request for Review in all actions which are appealed to the Commission en banc. The cost of preparing the transcript shall be advanced immediately by the designating party. The transcript shall be prepared and sent to all parties to the appeal within thirty (30) days from the date the designation of record is filed; and
 - (7) be accompanied by a non-refundable filing fee in the sum of One Hundred Seventy-five Dollars (\$175.00) pursuant to 85A O.S. § 78(B).
- (b) **Timeliness of filings.** The timeliness of the filing of a Request for Review is governed by 810:10-1-13. Untimely Requests for Review do not invoke the jurisdiction of the Commission en banc and will not be reviewed by the Commission en banc.
- (c) **Oral argument.** Oral argument before the Commission en banc shall be limited to ten (10) minutes per side, unless the time is enlarged by leave of the Commission en banc. Any party failing to appear when the appeal is called for oral argument shall be deemed to have waived the right to argue the case, and the Commission en banc may hear argument on behalf of the present party and decide the appeal on the briefs and argument heard. A party who fails to appear for oral argument without seeking leave of the Commission may be found to be in contempt of the Commission and may be subject to a fine pursuant to 85A O.S. § 73. If no party appears, the appeal shall be considered as submitted on the record.
- (d) **Written argument.** In any case pending on a Request for Review, the parties of record shall submit written arguments, including a statement of facts and legal authority for their respective positions, as an aid to the Commission en banc. The written argument shall not exceed five (5) pages in length, and shall be double spaced and prepared in at least ten point font size on 8 1/2" x 11" paper with one inch margins. No appendix or other documents shall be attached to the written argument. Appellants and cross-appellants have forty-five (45) days after the filing of the designation of record within which to file an original and three (3) copies of the written argument with the Commission, with a copy served on all opposing parties. The opposing parties shall have ten (10) days within which to submit a response. When submitted, the original and three (3) copies of the response shall be filed with the Commission and a copy served on the appellant or cross-appellant.
- (1) Extensions of time for the filing of written arguments shall be granted only for cause.
 - (2) The failure of any party to timely file a written argument under this section may result in the striking of that party's brief from consideration, or if the untimely brief is that of an appellant or cross-appellant, in the dismissal of the appellant's or cross-appellant's appeal.
- (e) **Motions.** For the purposes of this Section, "motion" means a formal request or application by a party for specific action by the Chair or Commission en banc, which is made

orally, in the presence of all other parties, or in writing, served on all other parties.

- (1) Prior to filing any motion, the movant shall personally confer with the opposing party or parties or, if represented, their attorneys of record to attempt to amicably resolve the subject matter of the motion. All motions shall include a statement that the movant has personally conferred or has used good-faith efforts to confer with all other parties and, if known, shall state whether any party has an objection to the motion. Any document referenced in the motion shall be attached to the motion.
 - (2) Written motions shall have a title describing the relief requested and be served on all other parties, or if represented, the attorneys of record. Any party may respond to a motion within ten (10) days, unless otherwise specified by the Chair or the Commission en banc. Hearings on motions will not be set unless a hearing is specifically requested and good cause is shown in the motion or response.
 - (3) No continuance of an appeal scheduled for review by the Commission en banc is permitted before the date of an oral argument without approval of the Commission Chair. Continuances requested on the date of the oral argument will be granted only upon a majority vote of the Commission en banc.
 - (4) Except for the time periods in subsection (a), the Chair or Commission en banc may order time periods or procedures that differ from those specified in this Section. The Chair may rule on procedural motions and shall issue written notice of any change ordered under this subsection to the parties to any appeal affected by the change.
- (f) **Voluntary dismissals.** A request for review by the Commission en banc may be dismissed upon the agreement of all parties to the review. If a settlement is reached, the appellant shall promptly notify the Commission en banc.
- (g) **Description of appeal proceeding.**
- (1) In appeals pursuant to this Section, the Commission en banc may:
 - (A) modify the decision of the Administrative Law Judge;
 - (B) reverse the decision of the Administrative Law Judge and render a new decision;
 - (C) reverse the decision of the Administrative Law Judge and remand the matter to the Administrative Law Judge with instructions or for a new administrative hearing; or
 - (D) affirm the decision of the Administrative Law Judge; or
 - (E) remand for further proceedings and appropriate action with or without relinquishing the Commission's jurisdiction of the appeal.
 - (2) The Commission en banc may reverse or modify the decision of an Administrative Law Judge only if it determines that the decision was against the clear weight of the evidence or was contrary to law. Any judgment of the Commission en banc which reverses a decision of the Administrative Law Judge shall contain specific findings relating to the reversal. In any case in which it appears that

a prior controlling appellate decision is dispositive of the appeal, the Commission may summarily affirm or reverse, citing in its order this Section and the controlling decision.

(3) All proceedings of the Commission en banc shall be recorded by a court reporter, if requested by a party. Any party requesting a transcript of the proceedings shall bear the costs associated with its preparation. During the pendency of an appeal to the Commission en banc, the Administrative Law Judge shall retain jurisdiction over any issue not affected by the eventual ruling of the appellate body.

(h) **Appeal to Supreme Court.** An order of the Commission en banc may be appealed to the Oklahoma Supreme Court, as provided in 85A O.S. § 78, within twenty (20) days of being sent to the parties as reflected by the file-stamped date on the order.

PART 15. SETTLEMENTS

810:10-5-95. Joint petition settlements

(a) Under 85A O.S. § 87 and 85A O.S. § 115, upon and after the filing of a claim for compensation, or, in the absence of a claim for compensation, the filing of the applicable Employer's First Notice of Injury or FROI per 810:10-1-4(a) in a claim involving a pro se employee, the parties may engage in a compromise and release of any and all liability which is claimed to exist under the AWCA on account of the injury or occupational disease or illness, subject to approval by the Commission, an Administrative Law Judge, or a Benefit Review Officer.

(b) The parties in interest to a claim for compensation may settle upon and determine any and all issues and matters by agreement, subject to the terms and conditions of this Section.

(c) Any agreement submitted to the Commission, Administrative Law Judge or Benefit Review Officer of the Commission's Counselor Division, for approval shall be set forth in a Commission prescribed CC-Joint Petition Settlement, or electronic equivalent. Nothing in this rule shall preclude the Multiple Injury Trust Fund from compromising a claim as authorized by 85A O.S. § 32(F).

(d) No CC-Joint Petition Settlement agreement shall be binding on the parties in interest unless it is approved by the Commission pursuant to 85A O.S. § 22, Administrative Law Judge of the Commission pursuant to 85A O.S. § 115, or a Commission Benefit Review Officer pursuant to 85A O.S. § 70. The CC-Joint Petition Settlement, including any attached appendix as provided in 85A O.S. § 115(B), identifying the outstanding issues that are subject to the Commission's continuing jurisdiction and possible reopen, shall be approved unless it is determined that:

- (1) The agreement is unfair, unconscionable, or improper as a matter of law; or
- (2) The agreement is the result of an intentional misrepresentation of a material fact; or
- (3) The agreement, if for permanent disability, is not supported by competent medical evidence as required by 85A O.S. § 2(33).

(e) As used in this Section, "parties in interest" means the respondent (employer and the employer's insurance carrier if insured), and an employee. An employee who is not represented by legal counsel may effect a CC-Joint Petition Settlement upon the employer's filing of the applicable Employer's First Notice of Injury or FROI as provided in 810:10-1-4(a), or the employee's filing of a claim for compensation (CC-Form-3 or CC-Form-3B), regarding the injury or occupational disease or illness which is the subject of the CC-Joint Petition Settlement.

(f) In no instance shall the total attorney's fee amount provided for in a CC-Joint Petition Settlement exceed the maximum attorney fee allowed by law.

(g) No CC-Joint Petition Settlement shall be made upon written interrogatory or deposition except in cases where the claimant is currently engaged in the military service of the United States, is outside of the state, is a nonresident of Oklahoma, or in cases of extreme circumstances.

(h) A stenographic record of the terms and conditions of an approved joint petition settlement and the understanding of the claimant concerning the effect of the settlement must be made by a Commission court reporter and transcribed at the expense of the employer or insurance carrier. The transcript shall be prepared and provided to the parties within ninety (90) days. Medical reports and other exhibits submitted in support of a CC-Joint Petition Settlement shall not be transcribed. The original exhibits or duplicate copies thereof shall be affixed to the original transcript and placed in the Commission file.

(i) A file-stamped copy of an approved CC-Joint Petition Settlement shall be mailed by the Commission to all unrepresented parties and attorneys of record.

(j) A CC-Joint Petition Settlement that fully and finally resolves all issues in a claim for compensation between the employee and the employer, shall not be deemed an adjudication of the rights between the medical or rehabilitation provider and the employer for reasonable and necessary medical and rehabilitation expenses incurred by the employee due to the injury before the file-stamped date of the approved CC-Joint Petition Settlement.

(k) Within seven (7) days of the date a medical provider provides initial treatment for a work-related accident, the medical provider shall provide notice in writing to the Commission, if and only if, a CC-Form-3 or CC-Form-3B has been filed with the Commission, and in all cases shall provide notice in writing to the patient's employer, and if known, the employer's insurance carrier. If the medical provider fails to provide the required notification, the medical provider forfeits any rights to future notification, including those circumstances where a case is fully and finally settled by a CC-Joint Petition Settlement, unless the medical provider is actually known to the employer or insurance carrier or is listed by the employee.

(l) If the issue of medical treatment is fully and finally settled by a CC-Joint Petition Settlement, the employee shall provide to the employer or insurance carrier a list of all medical providers known to the employee. The Commission prescribed Form CC-Joint Petition Settlement, or electronic equivalent, shall be used for that purpose. Within ten (10) days from the file-stamped date of the CC-Joint Petition Settlement, the employer or insurance carrier shall send notice

Permanent Final Adoptions

of the CC-Joint Petition Settlement to all medical providers listed by the employee and to all medical providers known to the employer or insurance carrier. The employee is liable for payment of any medical services rendered after the CC-Joint Petition Settlement is filed. The employee also is responsible for informing any future medical providers that the case or issue of medical treatment was fully and finally disposed of by a CC-Joint Petition Settlement and that the employee, rather than the employer or insurance carrier, is the party financially responsible for such services.

PART 17. FEES

810:10-5-105. Fees

Fees payable to the Commission include:

- (1) A fee of One Thousand Dollars (\$1,000.00), payable by each carrier writing worker's compensation insurance in this state, upon securing a license to transact business in this state [85A O.S. § 29(A)];
- (2) A fee of One Thousand Dollars (\$1,000.00), payable by each self-insurer at the time it is approved to self-insure its obligations under the AWCA [85A O.S. § 29(B)];
- (3) An annual fee of One Thousand Dollars (\$1,000.00), payable by third-party administrators [85A O.S. § 29(C)];
- (4) A fee of One Hundred Seventy-five Dollars (\$175.00), payable by a party appealing an order or award of an Administrative Law Judge to the Commission en banc [85A O.S. § 78(B)];
- (5) A fee of One Hundred Dollars (\$100.00), for compiling and transmitting a record for appeal of a Commission order to the Oklahoma Supreme Court, payable by the appealing party [85A O.S. § 78(D)];
- (6) A fee of One Hundred Forty Dollars (\$140.00), payable by the employer in the event any award becomes final against the employer. ~~the party against whom an award becomes final (i.e. the employer or insurance carrier if there is an award of compensation, or the worker if there is a denial or dismissal of a claim for compensation)~~ [85A O.S. § 118(A)]. Ten Dollars (\$10.00) of the fee is payable by the Commission to the credit of the Attorney General's Workers' Compensation Fraud Unit Revolving Fund;
- (7) A fee of One Hundred Thirty Dollars (\$130.00), payable by the worker if the reopen request is to reopen on a change of condition for the worse, or payable by the employer or insurance carrier if the reopen request is to reopen on a change of condition for the better [85A O.S. § 118(B)];
- (8) A fee of One Dollar (\$1.00) per page, payable as a copy charge [85A O.S. § 119(A)];
- (9) A fee of One Dollar (\$1.00) per search request for prior claims records, not to exceed One Dollar (\$1.00) per claims record of a particular worker [85A O.S. § 120(B)];
- (10) A fee of Forty-five Dollars (\$45.00), plus postage, if any, for a Commission handbook [85A O.S. § 20(B)]; and

- (11) A fee of Fifty Dollars (\$50.00), payable by any individual or business entity filing an Affidavit of Exempt Status or a renewal thereof [85A O.S., § 36(D)]; and
- (12) Such other fees as may be allowed by law or this Title.

THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 9. INDEPENDENT MEDICAL EXAMINERS

810:15-9-1. Qualifications

(a) The Commission shall maintain a list of private physicians to serve as independent medical examiners. The list shall be placed on the Commission's website at <http://www.wcc.ok.gov>.

(b) To be eligible for appointment by the Commission to the list of qualified independent medical examiners, and for retention on the list, the physician must:

- (1) have a valid, unrestricted professional license as a physician which is not probationary;
- (2) have at least three (3) years' experience and competency in the physician's specific field of expertise and in the treatment of work-related injuries;
- (3) be knowledgeable of workers' compensation principles and the workers' compensation system in Oklahoma, as demonstrated by prior experience and attend Commission approved educational programming at least once every two (2) years, including programming in the Official Disability Guidelines if a treating physician and/or in the American Medical Association's "Guides to the Evaluation of Permanent Impairment" if a rating physician;
- (4) have in force and effect health care provider professional liability insurance from a domestic, foreign or alien insurer authorized to transact insurance in Oklahoma. The per claim and aggregate limits of the insurance must be at least One Million Dollars (\$1,000,000.00);
- (5) have no felony conviction under federal or state law within seven (7) years before the date of the physician's application to serve as a qualified independent medical examiner; and
- ~~(6) have a valid Oklahoma State Bureau of Narcotics and Dangerous Drugs Control (BNDD) registration and federal Drug Enforcement Agency (DEA) registration, as authorized by law for the physician's professional license.~~

(c) Physicians who are serving unexpired terms as qualified independent medical examiners for the Oklahoma Workers' Compensation Court on February 1, 2014 shall serve as qualified independent medical examiners for the Commission until their respective terms expire, unless voluntarily terminated by the physician or revoked by the Commission, and may reapply for successive qualification periods. The two year period in which to meet the educational requirement in 810:15-9-1(b)(3) commences with the independent medical examiner's first appointment or renewal after February 1, 2014.

810:15-9-5. Fees and costs

(a) Fees for services performed by a Commission appointed independent medical examiner shall be paid according to the following schedule:

- (1) Diagnostic tests relevant to the questions or issues in dispute shall be paid by the employer or insurance carrier in accordance with the Oklahoma workers' compensation fee schedule; provided, diagnostic tests repeated sooner than six (6) months from the date of the test are not authorized for payment unless agreed to by the parties or ordered by the Commission for good cause shown.
- (2) The review of records and information, including any treating physician evaluation and/or medical reports

submitted by the parties, the performance of any necessary examinations, and the preparation of a written report as prescribed by Commission rules, shall be billed at the physician's usual and customary rate, not to exceed Three Hundred Dollars (\$300.00) per hour or any portion thereof, not to exceed a maximum reimbursement of One Thousand Six Hundred Dollars (\$1,600.00) per case. The Commission may permit exception to this provision, for good cause shown. Subject to reimbursement if appropriate, these costs shall be billed to, and initially paid by, the respondent.

(3) Reimbursement for medical testimony given in person or by deposition shall be paid by the employer or insurance carrier in accordance with the independent medical examiner's usual and customary charges, not to exceed Four Hundred Dollars (\$400.00) per hour or any portion thereof, plus an allowance of One Hundred Dollars (\$100.00) for 15 minute increments thereafter. Preparation time shall be reimbursed at the examiner's usual and customary charge, not to exceed Four Hundred Dollars (\$400.00). A Four Hundred Dollar (\$400.00) charge is allowable whenever a deposition or scheduled testimony is canceled by any party within three working days before the scheduled start of the deposition or scheduled testimony. The party canceling the deposition or scheduled testimony is responsible for the incurred cost. No physician may receive more than Four Hundred Dollars (\$400.00) in advance in order to schedule a deposition. The advance payment shall be applied against amounts owed for testimony fees. The Commission may permit exception to these provisions, for good cause shown.

(4) Amounts owed to the independent medical examiner for services are payable upon submission of the examiner's written report.

(5) The independent medical examiner may charge and receive up to Two Hundred Dollars (\$200.00), to be paid initially by the employer or insurance carrier in the event the employee fails to appear for any scheduled examination, or if the examination is canceled by the employee or the respondent within forty-eight (48) hours of the scheduled time. The employer or insurance carrier shall be reimbursed by the employee if the failure to appear or the cancellation by the employee was without good cause. The independent medical examiner may not assess a cancellation charge for appointments canceled by the examiner.

(b) Failure to timely pay a Commission appointed independent medical examiner for services rendered pursuant to Commission order may result in the imposition of assessments or sanctions at the discretion of the administrative law judge or Commission, including a fine for contempt as provided in 85A O.S., § 73(B). Disputes regarding payment for services rendered by a Commission appointed independent medical examiner that cannot be resolved by the examiner and the parties themselves, may be addressed by filing a request for

hearing before an administrative law judge of the Commission as provided in 810:10-5-16, or by mediation, as appropriate.

GIST/ANALYSIS:

The two proposed rule amendments reflect changes to 85A O.S. § 40 made by HB 2367 (2019). The first proposed amended rule addresses the enforcement of workers' compensation insurance coverage, specifically related to the cap on penalties for failing to maintain coverage and the Commission's ability to institute certain collection or garnishment proceedings. This rule change also deletes an errant comma in a statutory citation. The second proposed amended rule removes restrictions on what the Commission must consider to reduce a penalty, reflects the statutory change in Section 40 that the Commission may intercept an income tax refund, and deletes errant commas in statutory citations, and corrects a grammatical error.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 7. ENFORCEMENT OF WORKERS' COMPENSATION INSURANCE REQUIREMENTS

810:25-7-1. Proof of insurance

(a) Whenever the Commission has reason to believe that an employer is required to secure the payment of compensation under the AWCA and has failed to do so, the Commission may make reasonable inquiry of the employer, issue subpoenas and demand proof of current workers' compensation insurance coverage compliant with 85A O.S. § 38 or documentation substantiating the employer's exemption from coverage requirements. Subpoenas issued under this Section shall be governed by 810:10-5-31.

(b) As authorized in 85A O.S. § 40, if no proof of insurance or exemption is provided; or the documentation offered does not substantiate a claimed exemption or is not current, valid proof of insurance in accordance with 85A O.S. § 38; or the employer fails to respond in a timely manner, the Commission shall serve on the employer a proposed judgment declaring the employer to be in violation of the workers' compensation insurance coverage requirements mandated by law and may assess a monetary fine against the employer, if any, in an amount not to exceed One Thousand Dollars (\$1,000.00) per day of violation, and not to exceed a total of Fifty Thousand Dollars (\$50,000.00) for the first violation.

810:25-7-2. Hearing process and consent agreements

(a) A proposed judgment issued under 810:25-7-1 may be contested by the employer as provided in 85A O.S. § 40, and is subject to a hearing process conducted pursuant to 85A O.S. § 70 through 78.

(b) An employer served with a proposed judgment, may waive its right to a contested hearing and execute a consent agreement with the Commission for a reduced penalty. The employer shall secure the payment of compensation within the meaning of 85A O.S. § 38 as a condition to executing a consent agreement. ~~In determining the rate of reduction in penalty, consideration shall be given to the appropriateness of the penalty in light of the business of the employer charged, the gravity of the violation and the extent to which the employer charged has complied with the provisions of 85A O.S. § 38 or has otherwise attempted to remedy the consequences of the violation. The penalty amount shall never be reduced to less than the amount in premiums saved by the employer's non-compliance, unless an employer can show that such a penalty would cause an undue financial hardship that would have a significant impact on employer's business or livelihood.~~

(c) The consent agreement may become void if the employer defaults on payment under the agreement or if the agreement was obtained by fraud or misrepresentation of a material fact.

(d) The Commission may institute collection proceedings independently or in District Court, including, but not limited to, an asset hearing, garnishment of income and wages, judgment lien against personal and/or business properties, or an intercept of an income tax refund consistent with Section 205.2 of Title

68 of the Oklahoma Statutes upon any penalties becoming final under the provisions of 85A O.S. § 40.
