The Oklahoma Register

Oklahoma
Secretary of State
Office of Administrative Rules

Kevin Stitt, Governor
Michael Rogers,
Secretary of State
Peggy Coe, Editor-in-Chief

THE OKLAHOMA REGISTER is an official publication of the State of Oklahoma. It is published semi-monthly on the first working day of the month and on the first working day following the 14th day of the month under the authority of 75 O.S., Sections 250 et seq. and OAC 655:10-15-1. The rules of the State of Oklahoma are codified and published in the *Oklahoma Administrative Code*.

The Oklahoma Register and the documents accepted for publication are **AVAILABLE FOR PUBLIC INSPECTION** at the Office of Administrative Rules pursuant to the Oklahoma Open Records Act. Copies of the *Register* are also available for public inspection at many County Clerks' offices in Oklahoma, the Jan Eric Cartwright Memorial Law Library at 200 NE 18th Street in the State Capitol Complex, and the following depository libraries:

Ada - East Central University, Linscheid Library
Bartlesville - Bartlesville Public Library
Claremore - Rogers State University, Stratton Taylor Library
Clinton - Clinton Public Library
Durant - Southeastern Oklahoma State University, H.G. Bennett Memorial Library
Edmond - University of Central Oklahoma, Chambers Library
Enid - Public Library of Enid and Garfield County
Goodwell - Oklahoma Panhandle State University, Marvin E. McKee Library
Lawton - Lawton Public Library

McAlester - McAlester Public Library
Oklahoma City - Metropolitan Library System
Oklahoma City - Publications Clearinghouse, Oklahoma Department of Libraries
Stillwater - Oklahoma State University, Edmon Low Library
Tahlequah - Northeastern State University, John Vaughan Library
Tulsa - Tulsa City/County Library System
Weatherford - Southwestern Oklahoma State University, Al Harris Library

CITE MATERIAL PUBLISHED IN THE OKLAHOMA REGISTER by the volume and the beginning page number of the document in the *Register*. For example: 36 Ok Reg 256.

SUBSCRIPTION RATES for the *Register* are \$500.00 per year for the printed issues and \$300.00 per year for the CD-ROM issues, payable in advance. When available, individual printed issues may be purchased for \$20.00 plus the cost of postage, payable in advance. Make checks payable to "Secretary of State." Send subscription requests, change of address notices, and undelivered copies to: Secretary of State, Office of Administrative Rules, 421 NW 13th Street, Suite 210, Oklahoma City, OK 73103.

INFORMATION ABOUT THIS PUBLICATION may be obtained by contacting the OAR by mail at Oklahoma Secretary of State, Office of Administrative Rules, 421 NW 13th Street, Suite 210, Oklahoma City, OK 73103, by email at oar@sos.ok.gov, or by phone at (405) 521-4911. Information may also be obtained by visiting the OAR's office, located in Suite 220, Colcord Center, 421 NW 13th Street, Oklahoma City, between 8:00 a.m. and 5:00 p.m., Monday through Friday.

This publication is issued and printed by the Secretary of State as authorized by 75 O.S., Section 255. 40 copies have been prepared and distributed at a cost of \$1851.86. Copies have been deposited with the Oklahoma Department of Libraries, Publications Clearinghouse.

Emergency Adoptions

"If an agency finds that a rule is necessary as an emergency measure, the rule may be promulgated" if the Governor approves the rules after determining "that the rule is necessary as an emergency measure to do any of the following:

- a. protect the public health, safety or welfare,
- b. comply with deadlines in amendments to an agency's governing law or federal programs,
- c. avoid violation of federal law or regulation or other state law,
- d. avoid imminent reduction to the agency's budget, or
- e. avoid serious prejudice to the public interest." [75 O.S., Section 253(A)]

An emergency rule is considered promulgated immediately upon approval by the Governor, and effective immediately upon the Governor's approval or a later date specified by the agency in the emergency rule document. An emergency rule expires on September 15 following the next regular legislative session after its promulgation, or on an earlier date specified by the agency, if not already superseded by a permanent rule or terminated through legislative action as described in 75 O.S., Section 253(H)(2).

Emergency rules are not published in the *Oklahoma Administrative Code*; however, a source note entry, which cites to the *Register* publication of the emergency action, is added to the *Code* upon promulgation of a superseding permanent rule or expiration/termination of the emergency action.

For additional information on the emergency rulemaking process, see 75 O.S., Section 253.

TITLE 310. OKLAHOMA STATE DEPARTMENT OF HEALTH CHAPTER 535. IMMUNIZATION REGULATIONS

[OAR Docket #20-732]

RULEMAKING ACTION:

EMERGENCY adoption

RULES:

Subchapter 1. Childhood Immunizations [AMENDED]
310:535-1-2 [AMENDED]
310:535-1-3 [AMENDED]

AUTHORITY:

Oklahoma State Commissioner of Health; Title 63 O.S. Section 1-104

ADOPTION:

July 23, 2020

APPROVED BY GOVERNOR:

July 27, 2020

EFFECTIVE:

September 12, 2020

EXPIRATION:

Effective through September 14, 2021, unless superseded by another rule or disapproved by the Legislature

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

n/a

FINDING OF EMERGENCY:

The proposed amended emergency rules in OAC 310:535-1-2 and OAC 310:535-1-3 are necessary to remove rules that conflict with Title 70 O.S., Section 1210.192, the statutory provision that governs exemptions from school immunizations. OAC 310:535-1-2 and OAC 310:535-1-3 condition the receipt of a personal or religious exemption from school immunizations upon receiving an approved brief instructional presentation provided by any local county health department regarding the risks associated with not being vaccinated and the benefits vaccinations provide to the individual and the community. Title 70 O.S., Section 1210.192 does not impose such a condition. It permits exemptions from school immunizations if a parent, guardian or legal custodian of a child submits either: a certificate of a licensed physician stating that the physical condition of the child is such that immunization would endanger the life or health of the child; or a written statement by the parent, guardian or legal custodian of the child objecting to immunization of the child. The child is then exempt from the immunization laws of Oklahoma. Rescission of the instructional presentation on immunizations as a prerequisite to receiving an exemption from immunizations is necessary to remove the conflicting regulations created by the rules.

GIST/ANALYSIS:

The emergency rules remove the requirement that conditions the receipt of an exemption from immunization requirements on first viewing an instructional presentation on the benefits and risks of immunizations. As a

result, the emergency rules remove the rules that conflict with Title 70 O.S., Section 1210.192.

CONTACT PERSON:

Audrey C. Talley, Agency Rules Liaison, Oklahoma State Department of Health, 1000 N.E. 10th Street, Oklahoma City, OK 73117-1207; phone (405) 271-9444 ext. 56535 e-mail: AudreyT@health.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING EMERGENCY RULES ARE
CONSIDERED PROMULGATED UPON APPROVAL
BY THE GOVERNOR AS SET FORTH IN 75 O.S.,
SECTION 253(F), WITH A LATER EFFECTIVE DATE
OF SEPTEMBER 12, 2020:**

SUBCHAPTER 1. CHILDHOOD IMMUNIZATIONS

310:535-1-2. Criteria for immunizations required

(a) Each child shall present certification that he or she has received or is receiving the immunizations as specified below before he or she is admitted to any public, private, or parochial school.

(b) Certification shall include the following:

(1) Diphtheria, Tetanus and Pertussis (DTP/DTaP) vaccine in five doses unless the fourth dose is received on or after the fourth birthday in which case only four doses are required. If the doses are not completed by the seventh birthday, the series must be completed with Adult Td vaccine and/or Tdap vaccine based on the individual's age at the time the first dose was received and age at the time the series is completed and beginning with the fall 2011-12 school year one dose of Tdap vaccine for students entering the seventh grade. Each year following the 2011-12 school year, the Tdap requirement shall be extended one grade level so that in the 2016-17 school year and all subsequent school years, students in grades seven through twelve shall be required to have received one dose of Tdap vaccine.

(2) Poliomyelitis vaccine in four doses unless the last dose is on or after the fourth birthday in which case only three doses are required. If the doses are not started or

completed by the eighteenth birthday, no additional doses are required.

(3) Measles, Mumps and Rubella (MMR) vaccine with the first dose on or after the first birthday and the second dose at least twenty-eight days thereafter for children in grades kindergarten through eighth grade in the school year beginning in 1998. In the school year beginning in 1999, this requirement shall apply to the children through the ninth grade. Each year thereafter the requirement shall be extended one grade level so that in the school year beginning in 2002, children in all grades shall be required to have the second dose of vaccine.

(4) Hepatitis B vaccine in three doses for students of any age or two doses for students eleven through fifteen years of age who complete the alternative dosage schedule providing that the alternative schedule is fully documented. Such documentation must include the name of the vaccine and the dosage received for each dose of that vaccine:

(A) before entering seventh and eighth grades in 1998. In the school year beginning in 1999, this requirement shall apply to the children entering the seventh through ninth grades. Each year thereafter the requirement shall be extended one grade level so that in the school year beginning in 2002, children in grades seven through twelve shall be required to have the three doses of the vaccine.

(B) before entering kindergarten in 1998. In the school year beginning in 1999, this requirement shall apply to the children entering kindergarten and first grade. Each year thereafter the requirement shall be extended one grade level so that in the school year beginning in 2004, all children entering school shall be required to have the three doses of the vaccine.

(5) Hepatitis A vaccine in two doses with the first dose on or after the first birthday and the second dose six to eighteen calendar months later:

(A) before entering kindergarten in 1998. In the school year beginning in 1999, this requirement shall apply to the children entering kindergarten and first grade. Each year thereafter the requirement shall be extended one grade level so that in the school year beginning in 2004, all children entering school shall be required to have the two doses of the vaccine.

(B) before entering grade seven in 1998. In the school year beginning in 1999, this requirement shall apply to the children entering the seventh and eighth grade. Each year thereafter the requirement shall be extended one grade level so that in the school year beginning in 2003, children in grades seven through twelve shall be required to have the two doses of the vaccine.

(6) Varicella (chickenpox) vaccine in one dose on or after the first birthday: before entering kindergarten in 1998. In lieu of vaccination, a parent's statement of a history of the disease chickenpox will be accepted. In the school year beginning in 1999, this requirement shall apply to the children entering kindergarten and first grade.

Each year thereafter the requirement shall be extended one grade level so that in the school year beginning in 2010, all children entering school shall be required to have the vaccine or a parent's statement of a history of the disease chickenpox.

(c) The minimum intervals between doses and minimum ages for doses shall be as follows:

(1) DTP/DTaP:

(A) First and second dose - 4 weeks

(B) Second and third dose - 4 weeks

(C) Third and fourth dose - 4 months

(D) Fourth and fifth dose - 6 months

(E) For all fifth doses given after January 1, 2003 the minimum age for the fifth dose is 4 years of age

(2) Polio:

(A) First and second dose - 4 weeks

(B) Second and third dose - 4 weeks

(C) Third and fourth dose - 4 weeks

(3) MMR: First and second dose - 4 weeks

(4) Hepatitis B 3-dose series:

(A) First and second dose - 1 month (4 weeks)

(B) Second and third dose - 2 months (8 weeks), and the third dose at least 4 months (16 weeks) after first dose, and the third dose not before 24 weeks of age

(5) Hepatitis B 2-dose series: First and second dose - 4 months

(6) Hepatitis A: First and second dose -- 6 months and for all doses given on or after January 1, 2003, 6 months will be defined as 6 calendar months

(7) Four day grace period: Vaccine doses administered 4 days or less before the minimum intervals or ages listed in the preceding sections will be counted as valid.

(d) A child, through his parent or guardian, may apply for an exemption from this requirement by submitting a form to the Department. The school shall maintain a copy of the approved application in the child's records. All exemptions submitted prior to a student entering 7th grade shall expire at the end of the student's 6th grade year. A new exemption is required to be completed and submitted to the Oklahoma State Department of Health by the parent or guardian prior to enrolling the child in 7th grade.

(1) A request for exemption for medical reasons shall contain a certificate signed by a physician stating that the physical condition of the child is such that the immunization would endanger the life or health of the child and that the child should be exempt for immunization.

(2) A request for exemption for religious or other personal reasons shall contain a signed written statement from the parent or guardian stating a summary of the objections. Lost or unobtainable immunization records are not a ground for personal exemption. Religious and personal exemptions may be obtained after receiving an approved brief instructional presentation provided by any local county health department regarding the risks associated with not being vaccinated and the benefits vaccinations provide to the individual and the community.

~~To be approved, the completed exemption form along with evidence of completed instruction is required.~~

(e) A child participating in a pre-kindergarten school program shall have received or be in the process of receiving the appropriate immunization for the listed diseases based on the child's age.

(f) The Department may grant exemptions or substitutions in the immunization schedule based on a medical history of a physical condition such that the immunization would endanger the life or health of the child or a medical history stating the child is likely to be immune as a result of having had a vaccine-preventable disease if the following are met:

(1) A history of having had diphtheria and/or tetanus is not acceptable as proof of immunity since infection with diphtheria or tetanus may not render an individual immune to either of these diseases,

(2) A history of having had polio, pertussis, rubella, mumps, hepatitis B, or hepatitis A must be supported by laboratory evidence to be acceptable as proof of immunity to these diseases,

(3) A history of having had measles must be accompanied by a statement from a physician, public health authority, or laboratory evidence to be acceptable as proof of immunity to measles,

(4) A parental history of having had varicella is acceptable evidence of immunity to varicella.

(g) Haemophilus influenzae type B (Hib) vaccine is not a requirement for children attending pre-kindergarten, kindergarten, or school.

(h) In some circumstances, the United States Food and Drug Administration may approve the use of an alternative dosage schedule for an existing vaccine. These alternative schedules may be used to meet the requirements only when the alternative schedule is fully documented. Such documentation must include the name of the vaccine and dosage received for each dose of that vaccine.

310:535-1-3. Criteria for immunizations required for child care

(a) Each child two months of age or older shall present certification that he or she has received or is receiving the immunizations as specified below before he or she is admitted to, and while enrolled in, a child care center or child care home.

(b) Certification shall include the following:

(1) 5 DTaP/DTP doses at 2, 4, 6, and 12 to 18 months and 4 to 6 years or beginning at 6 weeks of age with minimum intervals of 4 weeks between doses 1 and 2 and doses 2 and 3 and 4 months between doses 3 and 4 and 6 months between doses 4 and 5, with all fifth doses given on or after January 1, 2003 given on or after the fourth birthday; The fifth DTaP/DTP is not required if the fourth DTaP/DTP is administered on or after the fourth birthday;

(2) 4 Polio doses at 2, 4 and 6 to 18 months and 4 to 6 years or beginning at 6 weeks of age with minimum intervals of 4 weeks between all doses; The fourth Polio is not required if the third dose is given on or after the fourth birthday;

(3) 1 to 4 Haemophilus influenzae type B (Hib) doses at 2, 4, 6, and 12 to 15 months of age or older depending upon age at first Hib immunization and type of vaccine used or beginning at 6 weeks of age with minimum intervals of 4 weeks between doses 1, 2, and 3, if a third dose is part of the primary series, and the booster dose no earlier than 12 months of age and at least 8 weeks after the previous dose;

(4) 2 Measles, Mumps, Rubella doses with the first dose on or after the first birthday and the second dose at 4 to 6 years or at anytime after the first dose provided at least 4 weeks have elapsed since the receipt of the first dose;

(5) 1 Varicella dose on or after the first birthday;

(6) 2 Hepatitis A doses with the first dose on or after the first birthday and the second dose six to eighteen months later and for all doses given on or after January 1, 2003, 6 months will be defined as 6 calendar months;

(7) 3 Hepatitis B doses with minimum intervals as follows: 1 month (4 weeks) between doses 1 and 2, two months (8 weeks) between doses 2 and 3, four months (16 weeks) between doses 1 and 3, and dose 3 no earlier than 24 weeks of age;

(8) 1 to 4 doses of pneumococcal conjugate vaccine (PCV) for children 2 months through 59 months of age at 2, 4, 6, and 12 to 15 months of age or older depending upon age at first PCV immunization with minimum intervals between doses as follows: 4 weeks between doses 1, 2, and 3 and 8 weeks between doses 3 and 4 or any dose given as the final dose at age >12 months.

(9) Vaccine doses administered 4 days or less before the minimum intervals or ages listed in the preceding sections will be counted as valid.

(c) In the event that the parent, guardian, or responsible adult presenting a child for admission to a child care facility certifies in writing that a family emergency exists, the immunization requirements shall be waived for a period not to exceed thirty days. No such waiver shall be knowingly permitted more than once for any child.

(d) Immunization records for children attending school-age programs are not required if those records are maintained by the school and are readily available.

(e) A child, through his parent or guardian, may apply for an exemption from this requirement by submitting a form to the Department. The child care center or child care home shall maintain a copy of the approved application in the child's records.

(1) A request for exemption for medical reasons shall contain a certificate signed by a physician stating that the physical condition of the child is such that the immunization would endanger the life or health of the child and that the child should be exempt for immunization.

(2) A request for exemption for religious or other personal reasons shall contain a signed written statement from the parent or guardian stating a summary of the objections. Lost or unobtainable immunization records are not a ground for personal exemption. Religious and personal exemptions may be obtained after receiving an approved brief instructional presentation provided by any local county health department regarding the risks

~~associated with not being vaccinated and the benefits vaccinations provide to the individual and the community. To be approved, the completed exemption form along with evidence of completed instruction is required.~~

(f) The Department may grant exemptions or substitutions in the immunization schedule based on a medical history of a physical condition such that the immunization would endanger the life or health of the child or a medical history stating the child is likely to be immune as a result of having had a vaccine-preventable disease if the following are met:

- (1) A history of having had diphtheria and/or tetanus is not acceptable as proof of immunity since infection with diphtheria or tetanus may not render an individual immune to either of these diseases;
- (2) A history of having had polio, pertussis, rubella, mumps, or hepatitis A must be supported by laboratory evidence to be acceptable as proof of immunity to these diseases;
- (3) A history of having had measles must be accompanied by a statement from a physician, public health authority, or laboratory evidence to be acceptable as proof of immunity to measles;
- (4) A parental history of having had varicella is acceptable evidence of immunity to varicella.
- (5) A history of having had Hib before age two years is not acceptable as proof of immunity since infection with Hib prior to age two years may not render an individual immune.

[OAR Docket #20-732; filed 8-3-20]

TITLE 748. OKLAHOMA UNIFORM BUILDING CODE COMMISSION CHAPTER 20. ADOPTED CODES

[OAR Docket #20-733]

RULEMAKING ACTION:

EMERGENCY adoption

RULES:

Subchapter 1. IBC® 2015

748:20-1-9. IBC® 2015 Chapter 4 Special Detailed Requirements Based on Use and Occupancy [AMENDED AND RENUMBERED TO 748:20-2-9]

748:20-1-11. IBC® 2015 Chapter 9 Fire Protection Systems [AMENDED AND RENUMBERED TO 748:20-2-14]

748:20-1-12. IBC® 2015 Chapter 10 Means of Egress [AMENDED AND RENUMBERED TO 748:20-2-15]

AUTHORITY:

Oklahoma Uniform Building Code Commission; 59 O.S. § 1000.23 and 1000.24

COMMENT PERIOD:

January 3, 2020 through January 17, 2020

PUBLIC HEARING:

January 21, 2020

ADOPTION:

June 16, 2020

EFFECTIVE:

Immediately upon Governor's approval

APPROVED BY GOVERNOR:

August 3, 2020

EXPIRATION:

Effective through September 14, 2021, unless superseded by another rule or disapproved by the Legislature

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

Incorporated standards:

International Code Council; International Building Code®, 2015 Edition
 International Code Council; International Fire Code®, 2015 Edition
 National Fire Protection Association; National Electrical Code®, 2014 Edition

Incorporating rules:

748:20-1-9., 748:20-1-11., 748:20-1-12., 748:20-2-7., 748:20-2-9., 748:20-2-14., 748:20-2-15., 748:20-3-4., 748:20-3-6., 748:20-3-7., 748:20-3-11., 748:20-3-12., 748:20-3-14., 748:20-4-4., 748:20-4-6., 748:20-4-7., 748:20-4-14., 748:20-4-15., 748:20-4-44., 748:20-4-58., 748:20-4-85., and 748:20-10-10.

Availability:

8:00 a.m. to 4:30 p.m., Monday through Friday at the Oklahoma Uniform Building Code Commission, 2401 NW 23rd Street, Suite 2F, Oklahoma City, OK 73107, 405-521-6501.

FINDING OF EMERGENCY:

The modifications to the OUBCC's adoption of the 2015 editions of the International Building Code®, International Fire Code®, and the 2014 edition of the National Electrical Code® are necessitated by the Medical Marijuana, 63 O.S. § 420-427, the Oklahoma Medical Marijuana and Patient Protection Act, 63 O.S. § 427.1-427.23 and the Oklahoma Medical Marijuana Waste Management Act, 63 O.S. § 427a-430 and related rules of the State Department of Health to clarify life safety building code requirements related to growing, processing and processing and extraction methods utilized through any industry that utilizes these practices.

GIST/ANALYSIS:

The purpose of these emergency rules is to continue implementation of 59 O.S. § 1000.20 through 1000.29 (the "Act") creating the Oklahoma Uniform Building Code Commission (the "OUBCC"). These emergency rules amend the adoptions of the 2015 Edition of the International Building Code®, as the statewide minimum code for commercial building construction in the State of Oklahoma; the 2015 Edition of the International Fire Code®, as the statewide minimum code for residential and commercial fire prevention and fire protection systems in the State of Oklahoma; and the 2014 Edition of the National Electrical Code® as the statewide minimum code for commercial electrical construction in the State of Oklahoma.

Sections 748:20-1-9., 748:20-1-11., and 748:20-1-12. of the IBC® 2015, have been amended and renumbered to 748:20-2-9., 748:20-2-14., and 748:20-2-15, respectively. Subchapter 2 has been added to begin the process of renumbering the agency rules related to the adoption of the International Building Code® (IBC®), which will conclude with the filing of permanent rules. Sections 748:20-2-7., 748:20-2-9., 748:20-2-14., and 748:20-2-15., amend the OUBCC's previous adoption of Oklahoma modifications to provide for changes needed for the extraction and processing of plant materials to provide critical safety requirements to those involved in any industry utilizing these practices, to the provisions adopted by the OUBCC for the IBC®, 2015 edition. Sections 748:20-2-1., through 748:20-2-6., 748:20-2-8., 748:20-2-10, through 748:20-2-13., and 748:20-2-16., through 748:20-2-40 have been reserved to address future changes to the chapters of the IBC® in permanent rulemaking.

Sections 748:20-3-4., 748:20-3-6., 748:20-3-7., 748:20-3-11., 748:20-3-12., and 748:20-3-14., of the IFC® 2015 have been amended and renumbered to 748:20-4-4., 748:20-4-6., 748:20-4-7., 748:20-4-14.,

Emergency Adoptions

748:20-4-15., and 748:20-4-85, respectively. Subchapter 4 has been added to begin the process of renumbering the agency rules related to the adoption of the International Fire Code®, (IFC®), which will conclude with the filing of permanent rules. Sections 748:20-4-4., 748:20-4-6., 748:20-4-7., 748:20-4-14., 748:20-4-15., 748:20-4-44., 748:20-4-58., and 748:20-4-85., have been added to amend the OUBCC's previous adoption of Oklahoma modifications to provide for changes needed for the extraction and processing of plant materials to provide critical safety requirements to those involved in any industry utilizing these practices, to the provisions adopted by the OUBCC for the IFC®, 2015 edition. Sections 748:20-4-1., through 748:20-4-3., 748:20-4-5., 748:20-4-8., through 748:20-4-13., 748:20-4-16., through 748:20-4-43., 748:20-4-45., through 748:20-4-57., and 748:20-4-59., through 748:20-4-84., and 748:20-4-85., have been reserved to address future changes to the chapters of the IFC® in permanent rulemaking.

Subchapter 10 has been added to being the process of renumbering the agency rules related to the adoption of the National Electrical Code® (NEC®), which will conclude with the filing of permanent rules. Section 748:20-10-10 amends the OUBCC's previous adoption of Oklahoma modifications to provide for changes needed for horticultural lighting, to the provisions adopted by the OUBCC for the NEC® 2014 edition. Subchapters 748:20-10-1., through 748:20-10-9., and 748:20-10-11 through 748:20-10-15 have been reserved to address future changes to the chapters of the NEC® in permanent rulemaking.

CONTACT PERSON:

Billy Pope, Chief Executive Officer, OUBCC, 2401 NW 23rd, Suite 2F, Oklahoma City, OK 73107, 405-521-6501

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):

SUBCHAPTER 1. IBC® 2015

748:20-1-9. IBC® 2015 Chapter 4 Special Detailed Requirements Based on Use and Occupancy [AMENDED AND RENUMBERED TO 748:20-2-9]

Chapter 4 of the IBC® 2015 is adopted with the following modifications:

(1) Section 406.7.2.1 Canopies used to support gaseous hydrogen systems. This section has been modified by deleting the word "hydrogen" in the heading and in the third requirement; and by adding the wording "lighter than air" to the section header to make the section applicable to all lighter than air fuels. This section has been modified to read: 406.7.2.1 Canopies used to support lighter than air gaseous systems. Canopies that are used to shelter dispensing operations where flammable compressed gases are located on the roof of the canopy shall be in accordance with the following:

- (A) The canopy shall meet or exceed Type I construction requirements.
- (B) Operations located under canopies shall be limited to refueling only.
- (C) The canopy shall be constructed in a manner that prevents the accumulation of gas.

(2) Section 406.7.2.2. Canopies sheltering units and devices that dispense lighter than air gas. This section has been added to require all canopies to be designed to prevent the accumulation or entrapment of ignitable vapors under canopies when dispensing lighter than air gas

or all electrical equipment installed beneath the canopy is required to be suitable for Class I, Division 2 hazardous (classified) locations. This section has been added to read: 406.7.2.2 Canopies sheltering units and devices that dispense lighter than air gas. Where CNG, LNG, or Hydrogen motor fuel dispensing devices are installed beneath a canopy, the canopy shall be designed to prevent the accumulation or entrapment of ignitable vapors, including provisions for natural or mechanical ventilation means, or all electrical equipment installed beneath the canopy or within the enclosure shall be suitable for Class I, Division 2 hazardous (classified) locations. Tank vents that are installed within or attached to the canopy shall extend a minimum of 5 feet (1524 mm) above the highest projection of the canopy. Compression and storage equipment located on the top of the canopy shall be in accordance with current State of Oklahoma adopted International Fire Code®, Section 2309.

(3) Section 419.1 General. This section has been modified to add a new exception to allow Group B, M, and F occupancies located in a detached dwelling unit to be constructed in accordance with the IRC® if they comply with the limitations in Section 419.1.1. This section has been modified to read: 419.1 General. A live/work unit shall comply with Sections 419.1 through 419.9. Exceptions:

(A) Dwelling or sleeping units that include an office that is less than 10 percent of the area of the dwelling unit are permitted to be classified as dwelling units with accessory occupancies in accordance with Section 508.2.

(B) Group B, M, and F occupancies that are located in a detached dwelling unit complying with the limitations of Section 419.1.1 shall be permitted to be constructed in accordance with the IRC®.

(4) Section 419.1.1 Limitations. This section has been modified to limit the nonresidential portion of the live/work unit to not greater than 2,500 square feet (232 square meters). This section has been modified to read: 419.1.1 Limitations. The following shall apply to all live/work areas:

(A) The nonresidential portion of the live/work unit is permitted to be not greater than 2,500 square feet (232 square meters) in area;

(B) The nonresidential area is permitted to be not more than 50 percent of the area of each live/work unit;

(C) The nonresidential area function shall be limited to the first or main floor only of the live/work unit; and

(D) Not more than five nonresidential workers or employees are allowed to occupy the nonresidential area at any one time.

(5) Section 423.1.1 Scope. This section has been modified to include above and below ground storm shelters and limit the use of the term storm shelter to those structures constructed according to this section. This section has been modified to read: 423.1.1 Scope. This section applies to the construction of above or below ground

storm shelters constructed as separate detached buildings, or rooms within buildings, structures, or portions thereof for the purpose of providing safe refuge from storms that produce high winds, such as tornados and hurricanes. Any room or structure, as may be used as a place of refuge during a severe wind storm event, shall not be defined as a storm shelter unless specifically designed to the requirements as listed in Section 423.

(6) ~~Section 423.3 Critical emergency operations.~~ This section, including the exception, has been moved to the newly created Appendix N, entitled "Supplemental Storm Shelter Requirements" and is not adopted as a minimum standard for residential or commercial construction within the State of Oklahoma. This section has been renumbered in Appendix N to become N102. The section number 423.3 itself, will stay as part of this code for numbering alignment but will not have any requirements attached to it.

(7) ~~Section 423.4 Group E occupancies.~~ This section, including exceptions, has been moved to the newly created Appendix N, entitled "Supplemental Storm Shelter Requirements" and is not adopted as a minimum standard for residential or commercial construction within the State of Oklahoma. The section has been renumbered in Appendix N to become N103. The section number 423.4 itself, will stay as part of this code for numbering alignment but will not have any requirements attached to it.

(8) ~~Section 423.5 Required.~~ This section has been added to specify the requirements when storm shelters are provided. This section has been added to read: 423.5 Required. Where storm shelters are provided, they shall be provided in compliance with ICC 500[®] except as required by Sections 423.5.1 through 423.5.11.

(9) ~~Section 423.5.1 Storm shelter documents.~~ This section has been added to require the construction documents prepared for the storm shelter to be maintained and protected within the storm shelter by the owner or owner's authorized agent. This section has been added to read: 423.5.1 Storm shelter documents. The construction documents which were prepared for the construction of the storm shelter, shall be maintained and protected within the storm shelter by the owner or owner's authorized agent.

(10) ~~Section 423.5.2 Signage.~~ This section has been added to clarify that all signs for a storm shelter, as outlined in ICC 500[®] Sections 108, 504.1, 504.1.1, and 504.1.2, comply with the applicable signage requirements of ICC A117.1[®]. This section has been added to read: 423.5.2 Signage. All signs, as outlined in ICC 500[®] Sections 108, 504.1, 504.1.1 and 504.1.2 shall comply with the applicable requirements of ICC A117.1[®].

(11) ~~Section 423.5.2.1 Entrance signage.~~ This section has been added to clarify entrance signage as required by ICC 500[®] Section 504.1.1 is not required for the storm shelter when the storm shelter can be accessed from within the host building and is only open to the occupants of the host building. This section has been added to read: 423.5.2.1 Entrance signage. Entrance signage, as outlined

in ICC 500[®] Section 504.1.1 shall not be required at exterior entrances where the shelter can be accessed from within a host building and is only open to the occupants of the host building.

(12) ~~Section 423.5.3 Roof live load reduction for shelters.~~ This section has been added to clarify roof live loads may not be reduced as allowed in Section 1607.12.2.1 (Equation 16-26) if the roof live load is stipulated under ICC 500[®] Section 303.2. This section has been added to read: 423.5.3 Roof live load reduction for shelters. Roof live load reduction in Section 1607.12.2.1 (Equation 16-26) shall not be allowed for roof live loads stipulated under ICC 500[®] Section 303.2.

(13) ~~Section 423.5.4 Design wind speed.~~ This section has been added to modify the requirements of ICC 500[®] Section 304.2 to clarify the minimum design wind speed for all storm shelters in the State of Oklahoma shall be set at 250 miles per hour. This section has been added to read: 423.5.4 Design wind speed. For storm shelters, the minimum design wind speed for the entire State of Oklahoma shall be 250 miles per hour.

(14) ~~Section 423.5.5 Usable storm shelter floor area.~~ This section has been added to modify the requirements of ICC 500[®] Section 501.1.2 to clarify when calculating the maximum usable floor area of a shelter, the areas within a privacy enclosure for sanitary facilities shall not be included. This section has been added to read: 423.5.5 Usable storm shelter floor area. The usable storm shelter floor area shall be determined by ICC 500[®] Section 501.1.2.1 or 501.1.2.2. Exception: Areas within privacy enclosures for sanitary facilities shall not be included in the usable floor area calculations.

(15) ~~Section 423.5.6 Door operation.~~ This section has been added to modify the requirements of ICC 500[®] Section 501.5 to specify means of egress doors shall be operable from the inside of the storm shelter without the use of keys or special knowledge or effort. This section has been added to read: 423.5.6 Door operation. Means of egress doors shall be operable from the inside without the use of keys or special knowledge or effort.

(16) ~~Section 423.5.6.1 Additional doors and shutters operation.~~ This section has been added to clarify doors and shutters designed to protect windows and other unprotected openings not required as a means of egress in storm shelters shall be operable from the inside without the use of keys or special relocatable tools. This section has been added to read: 423.5.6.1 Additional doors and shutters operation. Doors and shutters designed to protect windows or other unprotected openings not in a required means of egress in storm shelters shall be operable from the inside without the use of keys or special relocatable tools.

(17) ~~423.5.7 Height of storm shelter.~~ This section has been added to clarify how to determine the location of the natural ventilation openings in storm shelters in accordance with ICC 500[®] Section 702.1.1.1, by providing a definition for the height of the storm shelter to be calculated by average of the vertical dimensions from the floor elevation to the bottom of the storm shelter deck or to the

underside of a hard ceiling within the storm shelter. This section has been added to read: 423.5.7 Height of storm shelter. When determining the location of natural ventilation in accordance with ICC 500® Section 702.1.1.1, the height of the storm shelter shall be defined as an average of the vertical dimensions from the floor elevation to the bottom of the storm shelter deck or to the underside of a hard ceiling within the storm shelter.

(18) Section 423.5.8 Additional facilities for storm shelters. This section has been added to modify the requirements of ICC 500® Section 702.2.2 to clarify when the required number of sanitation facilities for the storm shelter exceeds the number of required facilities provided for the normal occupancy of space, additional facilities may be temporary toilets, chemical toilets or other approved means and must have privacy enclosures with minimum clear inside dimensions of 5 feet by 5 feet (1524 mm by 1524 mm). This section has been added to read: 423.5.8 Additional facilities for storm shelters. Where the required number of sanitation facilities for the storm shelter exceeds the number of facilities provided for the normal occupancy of the space, the additional facilities shall be permitted to be temporary sanitary fixtures, chemical toilets, or other means approved by the authority having jurisdiction. Temporary toilets, chemical toilets, or other approved means shall have temporary or permanent privacy enclosures such as fabric, portable screens, or other means approved by the authority having jurisdiction. Privacy enclosures shall have minimum clear inside dimensions of 5 feet by 5 feet (1524 mm by 1524 mm).

(19) Section 423.5.9 Sanitary facilities support systems. This section has been added to modify the requirements of ICC 500® Section 702.2.3 to clarify the support systems discussed in the section are for temporary sanitation facilities. This section has been added to read: 423.5.9. Sanitary facilities support systems. Support systems for the temporary sanitation facilities (e.g. bladders, storage tanks or vessels, etc.) shall be capable of supplying water and containing waste for the design capacity of the tornado shelter.

(20) Section 423.5.10 Conversion of plumbing systems. This section has been added to omit ICC 500® Section 702.2.4 from the minimum requirements of the code. This section has been added to read: 423.5.10 Conversion of plumbing systems. ICC 500® Section 702.2.4 is omitted.

(21) Section 423.5.11 First aid kit. This section has been added to modify the requirements of ICC 500® Section 702.4 to specify that first aid kits for community shelters shall be required to be ANSI rated for the number of occupants in the shelter. This section has been added to read: 423.5.11 First aid kit. An ANSI compliant first aid kit rated for the number of storm shelter occupants, as listed in the construction documents, shall be supplied in all tornado shelters.

748:20-1-11. IBC® 2015 Chapter 9 Fire Protection Systems [AMENDED AND RENUMBERED TO 748:20-2-14]

Chapter 9 of the IBC® 2015 is adopted with the following modifications:

(1) Section 903.2.7 Group M. This section has been modified to reword subsection 4 D of this text to provide a reasonable limit for these occupancies and adequate protection without excessive burden on Group M occupancies with small areas of upholstered furniture and mattresses. This section has been modified to read: 903.2.7 Group M. An automatic sprinkler system shall be provided throughout buildings containing a Group M occupancy where one of the following conditions exists:

(A) A Group M fire area exceeds 12,000 square feet (1115 square meters).

(B) A Group M fire area is located more than three stories above grade plane.

(C) The combined area of all Group M fire areas on all floors, including any mezzanines, exceeds 24,000 square feet (2230 square meters).

(D) A Group M occupancy where the cumulative area used for the display and sale of upholstered furniture or mattresses exceeds 5,000 square feet (464 square meters).

(2) 903.2.9 Group S 1. This section has been modified to add an exception to the fifth requirement in the list for when an automatic fire sprinkler system is required. This section has been modified to read: 903.2.9 Group S 1. An automatic sprinkler system shall be provided throughout all buildings containing a Group S 1 occupancy where one of the following conditions exists:

(A) A Group S 1 fire area exceeds 12,000 square feet (1115 square meters).

(B) A Group S 1 fire area is located more than three stories above grade plane.

(C) The combined area of all Group S 1 fire areas on all floors, including any mezzanines, exceeds 24,000 square feet (2230 square meters).

(D) A Group S 1 fire area used for the storage of commercial motor vehicles where the fire area exceeds 5,000 square feet (464 square meters).

(E) A Group S 1 occupancy used for the storage of upholstered furniture or mattresses exceeds 2,500 square feet (232 square meters). Exception: Self-service storage facility where the fire area is less than 5,000 square feet (464 square meters).

(3) Section 907.2.3 Group E. This section has been modified to delete the requirement for an emergency voice/alarm communication system in Group E occupancies and require a fire alarm system. This section has been modified to read: 907.2.3 Group E. A manual fire alarm system that activates the occupant notification signal in accordance with Section 907.5 and installed in accordance with 907.6 shall be installed in Group E occupancies. When automatic sprinkler systems or smoke detectors are installed such systems or detectors shall be connected to the building fire alarm system. Exceptions:

(A) A manual fire alarm system is not required in Group E occupancies with an occupant load of 50 or less.

(B) Manual fire alarm boxes are not required in Group E occupancies where all of the following apply:

- (i) Interior corridors are protected by smoke detectors.
- (ii) Auditoriums, cafeterias, gymnasiums and similar areas are protected by heat detectors or other approved detection devices.
- (iii) Shops and laboratories involving dusts or vapors are protected by heat detectors or other approved detection devices.
- (iv) The capability to activate the evacuation signal from a central point is provided.
- (v) In buildings where normally occupied spaces are provided with a two-way communication system between such spaces and a constantly attended receiving station from where a general evacuation alarm can be sounded, except in locations specifically designated by the fire code official.

(C) Manual fire alarm boxes shall not be required in Group E occupancies where all of the following apply:

- (i) The building is equipped throughout with an approved automatic sprinkler system installed in accordance with Section 903.3.1.1.
- (ii) The fire alarm system will activate on sprinkler waterflow.
- (iii) Manual activation is provided from a normally occupied location.

(4) Section 911.1.3 Size. This section was modified to include an exception to make the fire command center smaller when approved by the fire code official. This section was modified to read: 911.1.3. Size. The room shall be a minimum of 200 square feet (19 square meters) with a minimum dimension of 10 feet (3048 mm). Exception: When approved by the fire code official the fire command center can be reduced in size to not less than a minimum of 96 square feet (9 square meters) with a minimum dimension of 8 feet (2438 mm).

**748:20-1-12. IBC® 2015 Chapter 10 Means of Egress
[AMENDED AND RENUMBERED TO
748:20-2-15]**

Chapter 10 of the IBC® 2015 is adopted with the following modifications:

(1) Section 1010.1.10 Panic and fire exit hardware. This section has been modified to add an exception to the requirement for panic hardware or fire exit hardware on the access doors for electrical rooms and working spaces. This section has been further modified to require personnel doors in rooms or spaces that contain electrical equipment rated 800 amperes or more that contain overcurrent devices, switching devices, or control devices where the personnel door intended for entrance to and

egress from the working space is less than 25 feet from the nearest edge of the working space, to be equipped with panic hardware or fire exit hardware. This section has been modified to read: 1010.1.10 Panic and fire exit hardware. Doors serving a Group H occupancy and doors serving rooms or spaces with an occupant load of 50 or more in a Group A or E occupancy shall not be provided with a latch or lock other than panic hardware or fire exit hardware. Exceptions:

(A) A main exit of a Group A occupancy shall be permitted to have locking hardware in accordance with Section 1010.1.9.3, Item 2.

(B) Doors serving a Group A or E occupancy shall be permitted to be electromagnetically locked in accordance with Section 1010.1.9.3.

(2) Electrical rooms with equipment operating at more than 600 volts, nominal, and equipment operating at 600 volts or less, nominal and rated 800 amperes or more that contain overcurrent devices, switching devices or control devices with exit or exit access doors, shall be equipped with panic hardware or fire exit hardware. The doors shall swing in the direction of egress travel. Exception: Personnel entrance to and egress from doors of the electrical equipment working spaces that are greater than 25 feet (7.6 m) from the nearest edge of the electrical equipment.

(3) Section 1015.6 Mechanical equipment, systems and devices. This section has been modified to clarify the circumstances under which guards shall be provided and to modify the exception to require the authority having jurisdiction approve the use of a fall/restraint system instead of guards. This section has been modified to read: 1015.6 Mechanical equipment, systems and devices. Guards shall be provided where various components that require services are located on a roof or elevated structure and have a condition as set forth in Sections 1015.6.1 through 1015.6.3. The guard shall be constructed so as to prevent the passage of a sphere 21 inches (533 mm) in diameter. Exception: When approved by the authority having jurisdiction, guards are not required where permanent fall arrest/restraint anchorage connector devices that comply with ANSI/ASSE Z 359.1 are affixed for use during the entire roof covering lifetime. The devices shall be reevaluated for possible replacement when the entire roof covering is replaced. The devices shall be placed not more than 10 feet (3048 mm) on center along hip and ridge lines and placed not less than 10 feet (3048 mm) from roof edges and the open sides of walking surfaces.

(4) Section 1015.6.1 Roof edge. This section has been added to clarify the circumstances required to exist for the installation of guards at the roof edge when the components needing service are within a specific distance of the roof edge. This section has been added to read: 1015.6.1 Roof edge. Guards shall be provided when components are located within 10 feet (3048 mm) of a roof edge or open side of a walking surface or elevated structure and such edge or open side is located more than 30 inches (762 mm) above the floor, roof, or grade below. The guard shall

extend not less than 30 inches (762 mm) beyond each end of the component that requires service.

(5) ~~Section 1015.6.2 Skylights. This section has been added to clarify the circumstances for the installation of guards around components near skylights and to provide exceptions to the requirement. This section has been added to read: 1015.6.2 Skylights. Guards shall be provided when a skylight is within 10 feet (3048 mm) of the component that requires service. The guard shall extend 30 inches (762 mm) beyond the edge of the skylight. Exceptions:~~

~~(A) Guards are not required when the skylight is located at least 42 inches (1067 mm) above the highest point of the walking surface adjacent to the skylight or component.~~

~~(B) Guards are not required if some other provision for skylight fall thru protection is provided and approved by the authority having jurisdiction.~~

(6) ~~Section 1015.6.3 Roof hatch. This section has been added to clarify the circumstances for the installation of guards around components installed within a specific distance from the roof hatch. This section has been added to read: 1015.6.3 Roof hatch. Guards shall be provided when a roof hatch is within 10 feet (3048 mm) of the component that requires service. The guard shall extend 30 inches (762 mm) beyond the edge of the roof hatch. If the component is within 10 feet (3048 mm) of the ladder access side of the roof hatch, the guard shall incorporate a self-closing, self-latching gate. The gate shall have a top edge of not less than 42 inches (1067 mm) above the elevated surface adjacent to the gate and shall not allow the passage of a 21-inch (533 mm) sphere.~~

(7) ~~Section 1015.7 Roof access. This section has been modified to require the authority having jurisdiction approve the use of a fall restraint system instead of a guard in the exception. This section has been modified to read: 1015.7 Roof access. Guards shall be provided where the roof hatch opening is located within 10 feet (3048 mm) of a roof edge or open side of a walking surface and such edge or open side is located more than 30 inches (762 mm) above the floor, roof or grade below. The guard shall be constructed so as to prevent the passage of a sphere 21 inches (533 mm) in diameter. Exception: When approved by the authority having jurisdiction, guards are not required where permanent fall arrest/restraint anchorage connector devices that comply with ANSI/ASSE Z 359.1 are affixed for use during the entire roof covering lifetime. The devices shall be reevaluated for possible replacement when the entire roof covering is replaced. The devices shall be placed not more than 10 feet (3048 mm) on center along hip and ridge lines and placed not less than 10 feet (3048 mm) from roof edges and the open sides of the walking surfaces.~~

SUBCHAPTER 2. IBC® 2015

748:20-2-1.

Adoption of the International Building Code® (IBC®) 1 [RESERVED]

748:20-2-2.

Effect of Adoption [RESERVED]

748:20-2-3.

IBC® and Other Appendices [RESERVED]

748:20-2-4.

IBC® Provisions Adopted and Modified [RESERVED]

748:20-2-5.

IBC® Chapter 1 [RESERVED]

748:20-2-7.

IBC® 2015 Chapter 2 Definitions

Chapter 2 of the IBC® 2015 is adopted with the following modification: The definition of a GAS DETECTION SYSTEM has been added to clarify multiple references in the code. The definition has been added to read: GAS DETECTION SYSTEM. A system or portion of a combination system that utilizes one or more stationary sensors to detect the presence of a specified gas at a specified concentration and initiate one or more responses required by this code, such as notifying a responsible person, activating an alarm signal, or activating or deactivating equipment. A self-contained gas detection and alarm device is not classified as a gas detection system.

748:20-2-8.

IBC® Chapter 3 [RESERVED]

748:20-2-9.

IBC® 2015 Chapter 4 Special Detailed Requirements Based on Use and Occupancy

Chapter 4 of the IBC® 2015 is adopted with the following modifications:

(1) Section 406.7.2.1 Canopies used to support gaseous hydrogen systems. This section has been modified by deleting the word "hydrogen" in the heading and in the third requirement; and by adding the wording "lighter-than-air" to the section header to make the section applicable to all lighter-than-air fuels. This section has been modified to read: 406.7.2.1 Canopies used to support lighter-than-air gaseous systems. Canopies that are used to shelter dispensing operations where flammable compressed gases are located on the roof of the canopy shall be in accordance with the following:

(A) The canopy shall meet or exceed Type I construction requirements.

(B) Operations located under canopies shall be limited to refueling only.

(C) The canopy shall be constructed in a manner that prevents the accumulation of gas.

(2) Section 406.7.2.2. Canopies sheltering units and devices that dispense lighter-than-air gas. This section has been added to require all canopies to be designed to prevent the accumulation or entrapment of ignitable vapors under canopies when dispensing lighter-than-air gas or all electrical equipment installed beneath the canopy is required to be suitable for Class I, Division 2 hazardous (classified) locations. This section has been added to read: 406.7.2.2 Canopies sheltering units and devices that dispense lighter-than-air gas. Where CNG, LNG, or Hydrogen motor fuel dispensing devices are installed beneath a canopy, the canopy shall be designed to prevent the accumulation or entrapment of ignitable vapors, including provisions for natural or mechanical ventilation means, or all electrical equipment installed beneath the canopy or within the enclosure shall be suitable for Class I, Division 2 hazardous (classified) locations. Tank vents that are installed within or attached to the canopy shall extend a minimum of 5 feet (1524 mm) above the highest projection of the canopy. Compression and storage equipment located on the top of the canopy shall be in accordance with current State of Oklahoma adopted International Fire Code®, Section 2309.

(3) Section 419.1 General. This section has been modified to add a new exception to allow Group B, M, and F occupancies located in a detached dwelling unit to be constructed in accordance with the IRC® if they comply with the limitations in Section 419.1.1. This section has been modified to read: 419.1 General. A live/work unit shall comply with Sections 419.1 through 419.9. Exceptions:

(A) Dwelling or sleeping units that include an office that is less than 10 percent of the area of the dwelling unit are permitted to be classified as dwelling units with accessory occupancies in accordance with Section 508.2.

(B) Group B, M, and F occupancies that are located in a detached dwelling unit complying with the limitations of Section 419.1.1 shall be permitted to be constructed in accordance with the IRC®.

(4) Section 419.1.1 Limitations. This section has been modified to limit the nonresidential portion of the live/work unit to not greater than 2,500 square feet (232 square meters). This section has been modified to read: 419.1.1 Limitations. The following shall apply to all live/work areas:

(A) The nonresidential portion of the live/work unit is permitted to be not greater than 2,500 square feet (232 square meters) in area;

(B) The nonresidential area is permitted to be not more than 50 percent of the area of each live/work unit;

(C) The nonresidential area function shall be limited to the first or main floor only of the live/work unit; and

(D) Not more than five nonresidential workers or employees are allowed to occupy the nonresidential area at any one time.

(5) Section 423.1.1 Scope. This section has been modified to include above and below ground storm shelters and limit the use of the term storm shelter to those structures constructed according to this section. This section has been modified to read: 423.1.1 Scope. This section applies to the construction of above or below ground storm shelters constructed as separate detached buildings, or rooms within buildings, structures, or portions thereof for the purpose of providing safe refuge from storms that produce high winds, such as tornados and hurricanes. Any room or structure, as may be used as a place of refuge during a severe wind storm event, shall not be defined as a storm shelter unless specifically designed to the requirements as listed in Section 423.

(6) Section 423.3 Critical emergency operations. This section, including the exception, has been moved to the newly created Appendix N, entitled "Supplemental Storm Shelter Requirements" and is not adopted as a minimum standard for residential or commercial construction within the State of Oklahoma. This section has been renumbered in Appendix N to become N102. The section number 423.3 itself, will stay as part of this code for numbering alignment but will not have any requirements attached to it.

(7) Section 423.4 Group E occupancies. This section, including exceptions, has been moved to the newly created Appendix N, entitled "Supplemental Storm Shelter Requirements" and is not adopted as a minimum standard for residential or commercial construction within the State of Oklahoma. The section has been renumbered in Appendix N to become N103. The section number 423.4 itself, will stay as part of this code for numbering alignment but will not have any requirements attached to it.

(8) Section 423.5 Required. This section has been added to specify the requirements when storm shelters are provided. This section has been added to read: 423.5 Required. Where storm shelters are provided, they shall be provided in compliance with ICC 500® except as required by Sections 423.5.1 through 423.5.11.

(9) Section 423.5.1 Storm shelter documents. This section has been added to require the construction documents prepared for the storm shelter to be maintained and protected within the storm shelter by the owner or owner's authorized agent. This section has been added to read: 423.5.1 Storm shelter documents. The construction documents which were prepared for the construction of the storm shelter, shall be maintained and protected within the storm shelter by the owner or owner's authorized agent.

(10) Section 423.5.2 Signage. This section has been added to clarify that all signs for a storm shelter, as outlined in ICC 500® Sections 108, 504.1, 504.1.1, and 504.1.2, comply with the applicable signage requirements of ICC A117.1®. This section has been added to read: 423.5.2 Signage. All signs, as outlined in ICC 500® Sections 108, 504.1, 504.1.1 and 504.1.2 shall comply with the applicable requirements of ICC A117.1®.

(11) Section 423.5.2.1 Entrance signage. This section has been added to clarify entrance signage as required by

ICC 500® Section 504.1.1 is not required for the storm shelter when the storm shelter can be accessed from within the host building and is only open to the occupants of the host building. This section has been added to read: 423.5.2.1 Entrance signage. Entrance signage, as outlined in ICC 500® Section 504.1.1 shall not be required at exterior entrances where the shelter can be accessed from within a host building and is only open to the occupants of the host building.

(12) Section 423.5.3 Roof live load reduction for shelters. This section has been added to clarify roof live loads may not be reduced as allowed in Section 1607.12.2.1 (Equation 16-26) if the roof live load is stipulated under ICC 500® Section 303.2. This section has been added to read: 423.5.3 Roof live load reduction for shelters. Roof live load reduction in Section 1607.12.2.1 (Equation 16-26) shall not be allowed for roof live loads stipulated under ICC 500® Section 303.2.

(13) Section 423.5.4 Design wind speed. This section has been added to modify the requirements of ICC 500® Section 304.2 to clarify the minimum design wind speed for all storm shelters in the State of Oklahoma shall be set at 250 miles per hour. This section has been added to read: 423.5.4 Design wind speed. For storm shelters, the minimum design wind speed for the entire State of Oklahoma shall be 250 miles per hour.

(14) Section 423.5.5 Usable storm shelter floor area. This section has been added to modify the requirements of ICC 500® Section 501.1.2 to clarify when calculating the maximum usable floor area of a shelter, the areas within a privacy enclosure for sanitary facilities shall not be included. This section has been added to read: 423.5.5 Usable storm shelter floor area. The usable storm shelter floor area shall be determined by ICC 500® Section 501.1.2.1 or 501.1.2.2. Exception: Areas within privacy enclosures for sanitary facilities shall not be included in the usable floor area calculations.

(15) Section 423.5.6 Door operation. This section has been added to modify the requirements of ICC 500® Section 501.5 to specify means of egress doors shall be operable from the inside of the storm shelter without the use of keys or special knowledge or effort. This section has been added to read: 423.5.6 Door operation. Means of egress doors shall be operable from the inside without the use of keys or special knowledge or effort.

(16) Section 423.5.6.1 Additional doors and shutters operation. This section has been added to clarify doors and shutters designed to protect windows and other unprotected openings not required as a means of egress in storm shelters shall be operable from the inside without the use of keys or special relocatable tools. This section has been added to read: 423.5.6.1 Additional doors and shutters operation. Doors and shutters designed to protect windows or other unprotected openings not in a required means of egress in storm shelters shall be operable from the inside without the use of keys or special relocatable tools.

(17) 423.5.7 Height of storm shelter. This section has been added to clarify how to determine the location of

the natural ventilation openings in storm shelters in accordance with ICC 500® Section 702.1.1.1, by providing a definition for the height of the storm shelter to be calculated by average of the vertical dimensions from the floor elevation to the bottom of the storm shelter deck or to the underside of a hard ceiling within the storm shelter. This section has been added to read: 423.5.7 Height of storm shelter. When determining the location of natural ventilation in accordance with ICC 500® Section 702.1.1.1, the height of the storm shelter shall be defined as an average of the vertical dimensions from the floor elevation to the bottom of the storm shelter deck or to the underside of a hard ceiling within the storm shelter.

(18) Section 423.5.8 Additional facilities for storm shelters. This section has been added to modify the requirements of ICC 500® Section 702.2.2 to clarify when the required number of sanitation facilities for the storm shelter exceeds the number of required facilities provided for the normal occupancy of space, additional facilities may be temporary toilets, chemical toilets or other approved means and must have privacy enclosures with minimum clear inside dimensions of 5 feet by 5 feet (1524 mm by 1524 mm). This section has been added to read: 423.5.8 Additional facilities for storm shelters. Where the required number of sanitation facilities for the storm shelter exceeds the number of facilities provided for the normal occupancy of the space, the additional facilities shall be permitted to be temporary sanitary fixtures, chemical toilets, or other means approved by the authority having jurisdiction. Temporary toilets, chemical toilets, or other approved means shall have temporary or permanent privacy enclosures such as fabric, portable screens, or other means approved by the authority having jurisdiction. Privacy enclosures shall have minimum clear inside dimensions of 5 feet by 5 feet (1524 mm by 1524 mm).

(19) Section 423.5.9 Sanitary facilities support systems. This section has been added to modify the requirements of ICC 500® Section 702.2.3 to clarify the support systems discussed in the section are for temporary sanitation facilities. This section has been added to read: 423.5.9. Sanitary facilities support systems. Support systems for the temporary sanitation facilities (e.g. bladders, storage tanks or vessels, etc.) shall be capable of supplying water and containing waste for the design capacity of the tornado shelter.

(20) Section 423.5.10 Conversion of plumbing systems. This section has been added to omit ICC 500® Section 702.2.4 from the minimum requirements of the code. This section has been added to read: 423.5.10 Conversion of plumbing systems. ICC 500® Section 702.2.4 is omitted.

(21) Section 423.5.11 First aid kit. This section has been added to modify the requirements of ICC 500® Section 702.4 to specify that first aid kits for community shelters shall be required to be ANSI rated for the number of occupants in the shelter. This section has been added to read: 423.5.11 First aid kit. An ANSI compliant first aid kit rated for the number of storm shelter occupants, as listed

in the construction documents, shall be supplied in all tornado shelters.

(22) Section 427 Cultivation, Extraction and Processing Plant Material. This section header has been added to create and identify requirements related to cultivation, extraction and processing of plant material, covered by the 2018 edition of NFPA® 1, Fire Code, not otherwise covered by the IBC® or IFC®. This section has been added to read: 427 Cultivation, Extraction and Processing Plant Material.

(23) Section 427.1 General. This section has been added to clarify plant growing facilities that utilize carbon dioxide enrichment systems in accordance with Section 5307.4 of the International Fire Code® and plant processing or extraction facilities in accordance with Chapter 39 of the International Fire Code® shall also comply with Sections 427.2 through 427.6 of this code. This section has been added to read: 427.1 General. Plant growing facilities that utilize carbon dioxide enrichment systems in accordance with Section 5307.4 of the International Fire Code® and plant processing or extraction facilities in accordance with Chapter 39 of the International Fire Code® shall also comply with Sections 427.2 through 427.6.

(24) Section 427.2 Construction. This section has been added to clarify the construction of buildings used for the extraction process that include the act of extraction of the oils and fats by use of solvent, desolventizing of the raw material, production of the miscella, distillation of the solvent from the miscella and solvent recovery shall comply with the section. An exception has been provided for extraction processes that utilize nonhazardous solvents or carbon dioxide. This section has been added to read: 427.2 Construction. The construction of buildings used for the extraction process that include the act of extraction of the oils and fats by use of solvent, desolventizing of the raw material, production of the miscella, distillation of the solvent from the miscella and solvent recovery shall comply with this section. Exception: Extraction process that utilizes nonhazardous solvents or carbon dioxide.

(25) Section 427.2.1 Noncombustible construction. This section has been added to clarify extraction equipment and processes utilizing materials classified as physical hazards in accordance with Section 307 of this code and the International Fire Code® shall be located in a room constructed of noncombustible construction. This section has been added to read: 427.2.1 Noncombustible construction. Extraction equipment and processes utilizing materials classified as physical hazards in accordance with Section 307 and the International Fire Code® shall be located in a room constructed of noncombustible materials.

(26) Section 427.2.2 Prohibited occupancies. This section has been added to clarify extraction equipment and extraction processes utilizing materials classified as physical hazards in accordance with Section 307 of this code and the International Fire Code® are not permitted in any building containing a Group A, E, I or R occupancy. This section has been added to read: 427.2.2 Prohibited occupancies. Extraction equipment and extraction processes

utilizing materials classified as physical hazards in accordance with Section 307 and the International Fire Code® shall not be located in any building containing a Group A, E, I, or R occupancy.

(27) Section 427.3 Equipment location. This section has been added to clarify extraction equipment and extraction processes utilizing materials classified as physical hazards in accordance with Section 307 of this code and the International Fire Code® as solvents shall be located in a room dedicated to extraction and the room shall not be used for any other purpose. The section prohibits the storage of solvents in the extraction room. This section has been added to read: 427.3 Equipment location. The extraction equipment and extraction processes utilizing materials classified as physical hazards in accordance with Section 307 and the International Fire Code® as solvents shall be located in a room dedicated to extraction and the room shall not be used for any other purpose. There shall be no storage of solvents in the extraction room.

(28) Section 427.4 Interior finish. This section has been added to require the interior finish of walls and ceilings in plant growing, processing and extraction facilities to comply with this section and Section 803 of this code. This section has been added to read: 427.4 Interior finish. Interior finish of walls and ceilings in plant growing, processing and extraction facilities shall comply with this section and Section 803.

(29) Section 427.4.1 Plastic, mylar and other thin sheeting. This section has been added to require plastic, mylar or other thin sheeting that covers any walls or ceilings comply with this section and Section 803. This section has been added to read: 427.4.1 Plastic, mylar and other thin sheeting. Plastic, mylar and other thin sheeting that covers any walls or ceilings shall comply with this section and Section 803.

(30) Section 427.4.1.1 Installation. This section has been added to prohibit plastic, mylar or other thin sheeting from being hung from ceilings or suspended overhead structures to create divider walls or rooms. This section has been added to read: 427.4.1.1 Installation. Plastic, mylar and other thin sheeting shall not be hung from ceilings or suspended overhead structures to create divider walls or rooms.

(31) Section 427.5 Emergency power system. This section has been added to require emergency power to lighting and ventilation systems in the extraction room when the extraction process utilizes hydrocarbon gases or liquids as solvents, in accordance with Section 2702. This section has been added to read: 427.5 Emergency power system. For extraction processes utilizing hydrocarbon gases or liquids as solvents, the extraction room lighting and ventilation system shall be provided with emergency power in accordance with Section 2702.

(32) Section 427.6 Means of egress. This section has been added to require at least one means of egress door from an extraction room, utilizing materials classified as physical hazards in accordance with Section 307 of this

Emergency Adoptions

code and the International Fire Code®, to swing in the direction of egress travel. The section requires the egress door to be equipped with panic hardware or fire exit hardware and to have a self-closing or automatic-closing device. This section has been added to read: 427.6 Means of egress. Extraction rooms utilizing materials classified as physical hazards in accordance with Section 307 and the International Fire Code® shall have a minimum of one exit access door that swings in the direction of egress travel. The exit access door shall be equipped with panic hardware or fire exit hardware and a self-closing or automatic-closing device.

748:20-2-10. IBC® Chapter 5 [RESERVED]

748:20-2-11. IBC® Chapter 6 [RESERVED]

748:20-2-12. IBC® Chapter 7 [RESERVED]

748:20-2-13. IBC® Chapter 8 [RESERVED]

748:20-2-14. IBC® 2015 Chapter 9 Fire Protection Systems

Chapter 9 of the IBC® 2015 is adopted with the following modifications:

(1) Section 902.1 Definitions. This section has been modified to clarify the definition of a "GAS DETECTION SYSTEM" has been added to chapter two of the code. This section has been modified to read: 902.1 Definitions. The following terms are defined in Chapter 2:

- (A) [F] ALARM NOTIFICATION APPLIANCE.
- (B) [F] ALARM SIGNAL.
- (C) [F] ALARM VERIFICATION FEATURE.
- (D) [F] ANNUNCIATOR.
- (E) [F] AUDIBLE ALARM NOTIFICATION APPLIANCE.
- (F) [F] AUTOMATIC.
- (G) [F] AUTOMATIC FIRE-EXTINGUISHING SYSTEM.
- (H) [F] AUTOMATIC SMOKE DETECTION SYSTEM.
- (I) [F] AUTOMATIC SPRINKLER SYSTEM.
- (J) [F] AUTOMATIC WATER MIST SYSTEM.
- (K) [F] AVERAGE AMBIENT SOUND LEVEL.
- (L) [F] CARBON DIOXIDE EXTINGUISHING SYSTEMS.
- (M) [F] CEILING LIMIT.
- (N) [F] CLEAN AGENT.
- (O) [F] COMMERCIAL MOTOR VEHICLE.
- (P) [F] CONSTANTLY ATTENDED LOCATION.
- (Q) [F] DELUGE SYSTEM.
- (R) [F] DETECTOR, HEAT.
- (S) [F] DRY-CHEMICAL EXTINGUISHING AGENT.

(T) [F] ELECTRICAL CIRCUIT PROTECTIVE SYSTEM.

(U) [F] ELEVATOR GROUP.

(V) [F] EMERGENCY ALARM SYSTEM.

(W) [F] EMERGENCY VOICE/ALARM COMMUNICATIONS.

(X) [F] FIRE ALARM BOX, MANUAL.

(Y) [F] FIRE ALARM CONTROL UNIT.

(Z) [F] FIRE ALARM SIGNAL.

(AA) [F] FIRE ALARM SYSTEM.

(BB) FIRE AREA.

(CC) [F] FIRE COMMAND CENTER.

(DD) [F] FIRE DETECTOR, AUTOMATIC.

(EE) [F] FIRE PROTECTION SYSTEM.

(FF) [F] FIRE SAFETY FUNCTIONS.

(GG) [F] FOAM-EXTINGUISHING SYSTEM.

(HH) [F] GAS DETECTION SYSTEM.

(II) [F] HALOGENATED EXTINGUISHING SYSTEM.

(JJ) [F] INITIATING DEVICE.

(KK) [F] MANUAL FIRE ALARM BOX.

(LL) [F] MULTIPLE-STATION ALARM DEVICE.

(MM) [F] MULTIPLE-STATION SMOKE ALARM.

(NN) [F] NOTIFICATION ZONE.

(OO) [F] NUISANCE ALARM.

(PP) PRIVATE GARAGE.

(QQ) [F] RECORD DRAWINGS.

(RR) [F] SINGLE-STATION SMOKE ALARM.

(SS) [F] SMOKE ALARM.

(TT) [F] SMOKE DETECTOR.

(UU) [F] SMOKEPROOF ENCLOSURE.

(VV) [F] STANDPIPE SYSTEM, CLASSES OF.

(i) Class I system.

(ii) Class II system.

(iii) Class III system.

(WW) [F] STANDPIPE, TYPES OF.

(i) Automatic dry.

(ii) Automatic wet.

(iii) Manual dry.

(iv) Manual wet.

(v) Semiautomatic dry.

(XX) [F] SUPERVISING STATION.

(YY) [F] SUPERVISORY SERVICE.

(ZZ) [F] SUPERVISORY SIGNAL.

(AAA) [F] SUPERVISORY SIGNAL-INITIATING DEVICE.

(BBB) [F] TIRES, BULK STORAGE OF.

(CCC) [F] TROUBLE SIGNAL.

(DDD) [F] VISIBLE ALARM NOTIFICATION APPLIANCE.

(EEE) [F] WET CHEMICAL EXTINGUISHING SYSTEM.

(FFF) [F] WIRELESS PROTECTION SYSTEM.

(GGG) [F] ZONE.

(HHH) [F] ZONE, NOTIFICATION.

(2) Section 903.2.7 Group M. This section has been modified to reword subsection 4 D of this section to provide a reasonable limit for these occupancies and adequate protection without excessive burden on Group M occupancies with small areas of upholstered furniture and mattresses. This section has been modified to read: 903.2.7 Group M. An automatic sprinkler system shall be provided throughout buildings containing a Group M occupancy where one of the following conditions exists:

(A) A Group M fire area exceeds 12,000 square feet (1115 square meters).

(B) A Group M fire area is located more than three stories above grade plane.

(C) The combined area of all Group M fire areas on all floors, including any mezzanines, exceeds 24,000 square feet (2230 square meters).

(D) A Group M occupancy where the cumulative area used for the display and sale of upholstered furniture or mattresses exceeds 5,000 square feet (464 square meters).

(3) Section 903.2.9 Group S-1. This section has been modified to add an exception to the fifth requirement in the list for when an automatic fire sprinkler system is required. This section has been modified to read: 903.2.9 Group S-1. An automatic sprinkler system shall be provided throughout all buildings containing a Group S-1 occupancy where one of the following conditions exists:

(A) A Group S-1 fire area exceeds 12,000 square feet (1115 square meters).

(B) A Group S-1 fire area is located more than three stories above grade plane.

(C) The combined area of all Group S-1 fire areas on all floors, including any mezzanines, exceeds 24,000 square feet (2230 square meters).

(D) A Group S-1 fire area used for the storage of commercial motor vehicles where the fire area exceeds 5,000 square feet (464 square meters).

(E) A Group S-1 occupancy used for the storage of upholstered furniture or mattresses exceeds 2,500 square feet (232 square meters). Exception: Self-service storage facility where the fire area is less than 5,000 square feet (464 square meters).

(4) Section 907.2.3 Group E. This section has been modified to delete the requirement for an emergency voice/alarm communication system in Group E occupancies and require a fire alarm system. This section has been modified to read: 907.2.3 Group E. A manual fire alarm system that activates the occupant notification signal in accordance with Section 907.5 and installed in accordance with 907.6 shall be installed in Group E occupancies. When automatic sprinkler systems or smoke detectors are installed such systems or detectors shall be connected to the building fire alarm system. Exceptions:

(A) A manual fire alarm system is not required in Group E occupancies with an occupant load of 50 or less.

(B) Manual fire alarm boxes are not required in Group E occupancies where all of the following apply:

(i) Interior corridors are protected by smoke detectors.

(ii) Auditoriums, cafeterias, gymnasiums and similar areas are protected by heat detectors or other approved detection devices.

(iii) Shops and laboratories involving dusts or vapors are protected by heat detectors or other approved detection devices.

(iv) The capability to activate the evacuation signal from a central point is provided.

(v) In buildings where normally occupied spaces are provided with a two-way communication system between such spaces and a constantly attended receiving station from where a general evacuation alarm can be sounded, except in locations specifically designated by the fire code official.

(C) Manual fire alarm boxes shall not be required in Group E occupancies where all of the following apply:

(i) The building is equipped throughout with an approved automatic sprinkler system installed in accordance with Section 903.3.1.1.

(ii) The fire alarm system will activate on sprinkler waterflow.

(iii) Manual activation is provided from a normally occupied location.

(5) Section 911.1.3 Size. This section was modified to include an exception to make the fire command center smaller when approved by the fire code official. This section was modified to read: 911.1.3. Size. The room shall be a minimum of 200 square feet (19 square meters) with a minimum dimension of 10 feet (3048 mm). Exception: When approved by the fire code official the fire command center can be reduced in size to not less than a minimum of 96 square feet (9 square meters) with a minimum dimension of 8 feet (2438 mm).

(6) Section 916 Gas Detection Systems. This section header has been added to the code to clarify a new section of code has been added. This section heading has been added to read: Section 916 Gas Detection Systems.

(7) Section 916.1 Gas detection systems. This section has been added to specify when the requirements for gas detection systems are provided, they shall be in compliance with Section 916.2 through 916.11. This section has been added to read: 916.1 Gas detection systems. Gas detection systems required by this code shall comply with Sections 916.2 through 916.11.

(8) Section 916.2 Permits. This section has been added to specify permits shall be required as set forth in Section 105.7 of the International Fire Code®. This section has been modified to read: 916.2 Permits. Permits shall be required as set forth in Section 105.7 of the International Fire Code®.

(9) Section 916.2.1 Construction documents. This section has been added to require construction documentation to be submitted with the application for permit. It requires the documentation of the gas detection system design and equipment be used, demonstrate compliance with the requirements of this code and be provided with the permit application. This section has been added to read: 916.2.1 Construction documents. Documentation of the gas detection system design and equipment to be used that demonstrates compliance with the requirements of this code shall be provided with the application for permit.

(10) Section 916.3 Equipment. This section has been added to require gas detection systems to be designed for use with the gases being detected and to be installed in accordance with the manufacturer's instructions. This section has been added to read: 916.3 Equipment. Gas detection system equipment shall be designed for use with the gases being detected and shall be installed in accordance with the manufacturer's instructions.

(11) Section 916.4 Power connections. This section has been added to require gas detection systems to be permanently connected to the building electrical power supply or be permitted to be cord connected to an unswitched receptacle using an approved restraining means that secures the plug to the receptacle. This section has been added to read: 916.4 Power connections. Gas detection systems shall be permanently connected to the building electrical power supply or shall be permitted to be cord connected to an unswitched receptacle using an approved restraining means that secures the plug to the receptacle.

(12) Section 916.5 Emergency and standby power. This section has been added to require standby or emergency power to be provided to the gas detection system, or if the power supply is interrupted, the system shall initiate a trouble signal at an approved location. This section has been added to read: 916.5 Emergency and standby power. Standby or emergency power shall be provided or the gas detection system shall initiate a trouble signal at an approved location if the power supply is interrupted.

(13) Section 916.6 Sensor locations. This section has been added to require sensors to be installed in approved locations where leaking gases are expected to accumulate. This section has been added to read: 916.6 Sensor locations. Sensors shall be installed in approved locations where leaking gases are expected to accumulate.

(14) Section 916.7 Gas sampling. This section has been added to require gas sampling to be performed continuously and be processed immediately after sampling, except under certain conditions. The section further requires upon activation of a gas detection alarm, alarm signals or other required responses shall be specified by the section of this code requiring a gas detection system. The section requires audible and visible alarm signals associated with the gas detection alarm to be distinct from fire alarm and carbon monoxide signals. HPM stands for "Hazardous Production Material" as defined in Chapter 2 of this code. This section has been added to read: 916.7 Gas sampling. Gas sampling shall be performed continuously. Sample

analysis shall be processed immediately after sampling, except as follows:

(A) For HPM gases, sample analysis shall be performed at intervals not exceeding 30 minutes.

(B) For toxic gases that are not HPM, sample analysis shall be performed at intervals not exceeding 5 minutes, in accordance with Section 6004.2.2.7 of the International Fire Code®.

(C) Where a less frequent or delayed sampling interval is approved.

(15) Section 916.8 System activation. This section has been added to require a gas detection alarm to be initiated where any sensor detects a concentration of gases exceeding the thresholds specified in this section. The section requires upon activation of a gas detection alarm, alarm signals or other required responses to be specified by the section of this code requiring a gas detection system. The section further requires the alarm signals to be both audible and visible alarm signals that are distinct from fire alarm and carbon monoxide signals. IDLH stands for "Immediately Dangerous to Life and Health" as defined in Chapter 2 of this code. This section has been added to read: 916.8 System activation. A gas detection alarm shall be initiated where any sensor detects a concentration of gas exceeding the following thresholds:

(A) For flammable gases, a gas concentration exceeding 25 percent of the lower flammability limit (LFL).

(B) For nonflammable gases, a gas concentration exceeding one-half of the IDLH, unless a different threshold is specified by the section of this code requiring a gas detection system.

(16) Upon activation of a gas detection alarm, alarm signals or other required responses shall be specified by the section of this code requiring a gas detection system. Audible and visible alarm signals associated with a gas detection alarm shall be distinct from fire alarm and carbon monoxide alarm signals.

(17) Section 916.9 Signage. This section has been added to require signage to be provided adjacent to gas detection system alarm signaling devices that advises occupants of the nature of the signals and actions to take in response to the signal. This section has been added to read: 916.9 Signage. Signs shall be provided adjacent to gas detection system alarm signaling devices that advise occupants of the nature of the signals and actions to take in response to the signal.

(18) Section 916.10 Fire alarm system connections. This section has been added to prohibit gas sensors and gas detection systems to be connected to fire alarm systems unless approved and connected in accordance with the fire alarm equipment manufacturer's instructions. This section has been added to read: 916.10 Fire alarm system connections. Gas sensors and gas detection systems shall not be connected to fire alarm systems unless approved and connected in accordance with the fire alarm equipment manufacturer's instructions.

- (19) Section 916.11 Inspection, testing and sensor calibration. This section has been added to require gas detection systems and sensors to be inspected, tested and calibrated in accordance with the International Fire Code®. This section has been added to read: 916.11 Inspection, testing and sensor calibration. Gas detection systems and sensors shall be inspected, tested and calibrated in accordance with the International Fire Code®.
- (20) Section 917 Emergency Responder Radio Coverage. This section has been modified to change the section title number from 916 to 917. This section has been modified to read: Section 917 Emergency Responder Radio Coverage.
- (21) Section 917.1 General. This section has been modified to change the section reference from 916.1 to 917.1. This section has been modified to read: 917.1 General. Emergency responder radio coverage shall be provided in all new buildings in accordance with Section 510 of the International Fire Code®.

748:20-2-15. IBC® 2015 Chapter 10 Means of Egress
Chapter 10 of the IBC® 2015 is adopted with the following modifications:

- (1) Section 1010.1.9.8 Sensor release of electrically locked egress doors. This section has been modified to permit the use of sensor release of electronic locking systems on doors located in a means of egress in any occupancy except Group H where installed and operated in accordance with specific criteria. This section has been modified to read: 1010.1.9.8 Sensor release of electrically locked egress doors. Sensor release of electric locking systems shall be permitted on doors located in a means of egress in any occupancy except Group H where installed and operated in accordance with all of the following criteria:
- (A) The sensor shall be installed on the egress side, arranged to detect an occupant approaching the doors, and shall cause the electric locking system to unlock.
- (B) The electric locks shall be arranged to unlock by a signal from or loss of power to the sensor.
- (C) Loss of power to the lock or locking system shall automatically unlock the electric locks.
- (D) The doors shall be arranged to unlock from a manual unlocking device located 40 inches to 48 inches (1016 mm to 1219 mm) vertically above the floor and within 5 feet (1524 mm) of the secured doors. Ready access shall be provided to the manual unlocking device and the device shall be clearly identified by a sign that reads "PUSH TO EXIT." When operated, the manual unlocking device shall result in direct interruption of the power to the electric lock - independent of other electronics - and the doors electric lock shall remain unlocked for not less than 30 seconds.
- (E) Activation of the building fire alarm system, where provided, shall automatically unlock the electric lock, and the electric lock shall remain unlocked until the fire alarm system has been reset.

- (F) Activation of the building automatic fire sprinkler system or fire detection system, where provided, shall automatically unlock the electric lock. The electric lock shall remain unlocked until the fire alarm system has been reset.
- (G) The door locking system units shall be listed in accordance with UL 294.
- (2) Section 1010.1.9.9. Door hardware release of electrically locked egress doors. This section has been modified to change part of the section heading and permit door hardware release of electric locking systems to be on all doors in a means of egress in any occupancy except Group H where installed and operated in accordance specific requirements. This section has been modified to read: 1010.1.9.9. Door hardware release of electrically locked egress doors. Door hardware release of electric locking systems shall be permitted on doors in the means of egress in any occupancy except Group H where installed and operated in accordance with all of the following:
- (A) The door hardware that is affixed to the door leaf has an obvious method of operation that is readily operated under all lighting conditions.
- (B) The door hardware is capable of being operated with one hand and shall comply with Section 1010.1.9.5.
- (C) Operation of the door hardware directly interrupts the power to the electric lock and unlocks the door immediately.
- (D) Loss of power to the electric locking system automatically unlocks the door.
- (E) Where panic or fire exit hardware is required by Section 1010.1.10, operation of the panic or fire exit hardware also releases the electric lock.
- (F) The locking system units shall be listed in accordance with UL 294.
- (3) Section 1010.1.10 Panic and fire exit hardware. This section has been modified to change the door type, and allow for doors provided with panic hardware or fire exit hardware serving Group A or E occupancies to be permitted to be electrically locked, in accordance with Section 1010.1.9.8, or 1010.1.9.9. This section has been further modified to require personnel doors in rooms or spaces that contain electrical equipment rated 800 amperes or more that contain overcurrent devices, switching devices, or control devices where the personnel door intended for entrance to and egress from the working space is less than 25 feet from the nearest edge of the working space, to be equipped with panic hardware or fire exit hardware. This section has been modified to read: 1010.1.10 Panic and fire exit hardware. Swinging doors serving a Group H occupancy and swinging doors serving rooms or spaces with an occupant load of 50 or more in a Group A or E occupancy shall not be provided with a latch or lock other than panic hardware or fire exit hardware. Exceptions:
- (A) A main exit of a Group A occupancy shall be permitted to have locking hardware devices in accordance with Section 1010.1.9.3, Item 2.

- (B) Doors provided with panic hardware or fire exit hardware and serving a Group A or E occupancy shall be permitted to be electrically locked in accordance with Section 1010.1.9.8 or 1010.1.9.9.
- (4) Electrical rooms with equipment rated 1,200 amperes or more and over 6 feet (1829 mm) wide, and that contain overcurrent devices, switching devices or control devices with exit or exit access doors, shall be equipped with panic hardware or fire exit hardware. The doors shall swing in the direction of egress travel.
- (5) Where electrical equipment rated 800 amperes or more that contains overcurrent devices, switching devices, or control devices is installed and there is a personnel door(s) intended for entrance to and egress from the working space less than 25 feet (7.6 m) from the nearest edge of the working space, the personnel door shall be equipped with panic hardware or fire exit hardware. The door(s) shall open in the direction of egress.
- (6) Section 1015.6 Mechanical equipment, systems and devices. This section has been modified to clarify the circumstances under which guards shall be provided and to modify the exception to require the authority having jurisdiction approve the use of a fall/restraint system instead of guards. This section has been modified to read: 1015.6 Mechanical equipment, systems and devices. Guards shall be provided where various components that require services are located on a roof or elevated structure and have a condition as set forth in Sections 1015.6.1 through 1015.6.3. The guard shall be constructed so as to prevent the passage of a sphere 21 inches (533 mm) in diameter. Exception: When approved by the authority having jurisdiction, guards are not required where permanent fall arrest/restraint anchorage connector devices that comply with ANSI/ASSE Z 359.1 are affixed for use during the entire roof covering lifetime. The devices shall be reevaluated for possible replacement when the entire roof covering is replaced. The devices shall be placed not more than 10 feet (3048 mm) on center along hip and ridge lines and placed not less than 10 feet (3048 mm) from roof edges and the open sides of walking surfaces.
- (7) Section 1015.6.1 Roof edge. This section has been added to clarify the circumstances required to exist for the installation of guards at the roof edge when the components needing service are within a specific distance of the roof edge. This section has been added to read: 1015.6.1 Roof edge. Guards shall be provided when components are located within 10 feet (3048 mm) of a roof edge or open side of a walking surface or elevated structure and such edge or open side is located more than 30 inches (762 mm) above the floor, roof, or grade below. The guard shall extend not less than 30 inches (762 mm) beyond each end of the component that requires service.
- (8) Section 1015.6.2 Skylights. This section has been added to clarify the circumstances for the installation of guards around components near skylights and to provide exceptions to the requirement. This section has been added to read: 1015.6.2 Skylights. Guards shall be provided when a skylight is within 10 feet (3048 mm) of the

component that requires service. The guard shall extend 30 inches (762 mm) beyond the edge of the skylight. Exceptions:

- (A) Guards are not required when the skylight is located at least 42 inches (1067 mm) above the highest point of the walking surface adjacent to the skylight or component.
- (B) Guards are not required if some other provision for skylight fall-thru protection is provided and approved by the authority having jurisdiction.
- (9) Section 1015.6.3 Roof hatch. This section has been added to clarify the circumstances for the installation of guards around components installed within a specific distance from the roof hatch. This section has been added to read: 1015.6.3 Roof hatch. Guards shall be provided when a roof hatch is within 10 feet (3048 mm) of the component that requires service. The guard shall extend 30 inches (762 mm) beyond the edge of the roof hatch. If the component is within 10 feet (3048 mm) of the ladder access side of the roof hatch, the guard shall incorporate a self-closing, self-latching gate. The gate shall have a top edge of not less than 42 inches (1067 mm) above the elevated surface adjacent to the gate and shall not allow the passage of a 21 inch (533 mm) sphere.
- (10) Section 1015.7 Roof access. This section has been modified to require the authority having jurisdiction approve the use of a fall-restraint system instead of a guard in the exception. This section has been modified to read: 1015.7 Roof access. Guards shall be provided where the roof hatch opening is located within 10 feet (3048 mm) of a roof edge or open side of a walking surface and such edge or open side is located more than 30 inches (762 mm) above the floor, roof or grade below. The guard shall be constructed so as to prevent the passage of a sphere 21 inches (533 mm) in diameter. Exception: When approved by the authority having jurisdiction, guards are not required where permanent fall arrest/restraint anchorage connector devices that comply with ANSI/ASSE Z 359.1 are affixed for use during the entire roof covering lifetime. The devices shall be reevaluated for possible replacement when the entire roof covering is replaced. The devices shall be placed not more than 10 feet (3048 mm) on center along hip and ridge lines and placed not less than 10 feet (3048 mm) from roof edges and the open sides of the walking surfaces.

SUBCHAPTER 3. IFC® 2015

748:20-3-4. IFC® 2015 Provisions Adopted and Modified [AMENDED AND RENUMBERED TO 748:20-4-4]

(a) All chapters and provisions within chapters, including exceptions, of the IFC® 2015 not specifically addressed within these rules as being modified, deleted, moved or removed are hereby adopted without modification as the statewide minimum code for residential and commercial fire prevention and fire protection systems within the State of Oklahoma pursuant to 59 O.S. § 1000.23. Chapters and provisions within chapters, including exceptions adopted with modifications are specifically addressed in these rules.

(b) The ICC® has reserved Chapters 12 through 18, Chapters 38 through 49, Chapter 52, and Chapters 68 through 79 for possible future use. The OUBCC has not adopted Chapters 12 through 18, Chapters 38 through 49, Chapter 52, and Chapters 68 through 79 and these chapters are not considered part of the statewide minimum code for residential and commercial fire prevention and fire protection systems within the State of Oklahoma.

(c) To the extent any references in the IFC® 2015 as amended and modified in this sub chapter are made to any other code or standard, the particular edition for that reference is defined in the referenced standards found in the IFC® 2015 as amended and modified in this sub chapter and in the IFC® 2015 Chapter 80 entitled "Referenced Standards."

748:20-3-6. IFC® 2015 Chapter 1 Scope and Administration [AMENDED AND RENUMBERED TO 748:20-4-6]

Chapter 1 of the Oklahoma adopted IFC® 2015, includes the following Preamble at the very beginning of the chapter:

(1) Pursuant to 59 O.S. § 1000.23, the OUBCC has adopted the IFC® 2015 as amended and revised by the Commission, as the statewide minimum code to be used by all entities for residential and commercial fire prevention and fire protection systems in jurisdictions throughout the State of Oklahoma. However, the OUBCC's adoption of Chapter 1 "Scope and Administration" of the IFC® 2015 is for continuity purposes and the OUBCC's adoption of Chapter 1 recognizes the methods of best practice in fully implementing the statewide minimum code for residential and commercial fire prevention and fire protection systems.

(2) All provisions of the adopted IFC® 2015, including Chapter 1, as amended and revised by the OUBCC, are hereby established and adopted as the statewide minimum code for residential and commercial fire prevention and fire protection systems in Oklahoma pursuant to 59 O.S. § 1000.23, which may only be amended or altered pursuant to Oklahoma law and the administrative rules of the OUBCC as set forth in Title 748, Chapter 15 of the Oklahoma Administrative Code. However, the provisions of Chapter 1 adopted herein are only intended to be in force and effect to the extent that the respective provisions do not conflict with State law or the lawful exercise of code administration and enforcement jurisdiction by entities empowered to do so pursuant to applicable law.

Emergency Adoptions

(3) ~~Section 105.1.1 Annual permit. This section has been modified to clarify what an annual permit is. This section shall read: An annual permit is a yearly permit which represents a group of individual permits for each alteration to an already approved electrical, gas, mechanical or plumbing installation. The building official is authorized to issue an annual permit upon application therefor to any person, firm or corporation regularly employing one or more qualified tradespersons in the building, structure or on the premises owned or operated by the applicant for the permit.~~

(4) ~~Section 105.1.2 Annual permit records. This section has been modified to require the building official to collect the OUBCC permit fee for each individual permit that is part of the annual permit at the completion of the annual permit term. This section has been modified to read: Annual permit records. The person to whom an annual permit is issued shall keep a detailed record of alterations made under such annual permit. The building official shall have access to such detailed records of alterations at all times. At the completion of the entity's annual permit term, the applicant shall file such detailed records of alterations with the building official. Pursuant to the authority of 59 O.S. § 1000.25, the building official shall collect fees for each individual permit which is part of the annual permit once the detailed records are submitted and remit such fees to the OUBCC.~~

(5) ~~The OUBCC's adoption of Chapter 1 in this manner is made with the recognition that the legal authority granting state and local code administration and enforcement jurisdictions the power and discretion to administer and enforce codes arises from Oklahoma laws governing those jurisdictions. Furthermore, the OUBCC also recognizes that many state and local code administration and enforcement jurisdictions have already created, or have the lawful authority to create, departments, offices and administrative policies pursuant to various applicable laws and other adopted model codes with "Scope and Administration" provisions similar to Chapter 1 of the adopted IFC® 2015.~~

(6) ~~This limited adoption of Chapter 1 is made in recognition of the authority and discretion possessed by jurisdictions to administer and enforce building codes. Exercising such authority and jurisdiction in a manner inconsistent with Chapter 1 must be supported by Oklahoma law. Code administration and enforcement jurisdictions shall not use the OUBCC's limited adoption of Chapter 1 to circumvent the remainder of the requirements established by the Oklahoma adopted IFC® 2015 and the OUBCC will strongly oppose any such practice.~~

748:20-3-7. IFC® 2015 Chapter 2 Definitions [AMENDED AND RENUMBERED TO 748:20-4-7]

Chapter 2 of the IFC® 2015 is adopted with the following modifications:

(1) ~~The definition of an AUTHORITY HAVING JURISDICTION has been added to clarify the different individuals that may have authority with in the code. This definition has been added to read: AUTHORITY HAVING JURISDICTION. Means an organization, office, or individual responsible for enforcing the requirements of the State Adopted Building Codes, including the prior authorization or approval of any equipment, materials, installations or procedures used in all or part of the construction of a new, or alteration or renovation of an existing building or structure, including integral finishes, fixtures and building system therein.~~

(2) ~~The definition of a DISPENSING AREA has been added to clarify multiple references in the code with regard to fuel dispensing. This definition has been added to read: DISPENSING AREA. The appropriate hazardous (classified) locations for the fuel being dispensed in accordance with the National Electrical Code®-NFPA® 70.~~

(3) ~~The definition of a MAIN RAILROAD TRACK has been added to provide clarity to building code officials. This definition has been added to read: MAIN RAILROAD TRACK. That part of the railway, exclusive of switch tracks, branches, yards, and terminals upon which trains are operated by timetable or train order or both.~~

(4) ~~The definition for Residential Group R-3 has been modified to clarify the International Residential Code® 2015 (IRC® 2015) can be utilized so long as the facilities have four or fewer rooms. This definition has been modified to read: [BG] Residential Group R-3. Residential R-3 occupancies where occupants are primarily permanent in nature and not classified as Group R-1, R-2, R-5, or I including Boarding houses (non transient) with 16 or fewer occupants, Boarding houses (transient) with 10 or fewer occupants, Buildings that do not contain more than two dwelling units, Care facilities that provide accommodations for five or fewer persons receiving care, Congregate living facilities (non transient with 16 or fewer occupants), Congregate living facilities (transient) with 10 or fewer occupants and Lodging houses with four or fewer guest rooms.~~

(A) ~~[BG] Care facilities within a dwelling. Care facilities for five or fewer persons receiving care that are within a single family dwelling are permitted to comply with the IRC® provided an automatic sprinkler system is installed in accordance with Section 903.3.1.3 or Section P2904 of the IRC®.~~

(B) ~~[BG] Lodging houses. Owner occupied lodging houses with four or fewer guest rooms shall be permitted to be constructed in accordance with the IRC®.~~

(5) ~~The definition of a SELF SERVICE STORAGE FACILITY from the International Building Code®, 2015 Edition (Section 202) has been added to the International Fire Code®, 2015 Edition. This definition has been added to read: SELF SERVICE STORAGE FACILITY. Real property designed and used for the purpose of renting or leasing individual storage spaces to customers for the~~

purpose of storing and removing personal property on a self-service basis.

748:20-3-11. IFC® 2015 Chapter 9 Fire Protection Systems [AMENDED AND RENUMBERED TO 748:20-4-14]

Chapter 9 of the IFC® 2015 is adopted with the following modifications:

(1) Section 903.2.7 Group M. This section has been modified to reword subsection 4 to provide a reasonable limit for these occupancies and adequate protection without excessive burden on Group M occupancies with small areas of upholstered furniture and mattresses. This section has been modified to read: 903.2.7 Group M. An automatic sprinkler system shall be provided throughout buildings containing a Group M occupancy where one of the following conditions exists:

- (A) A Group M fire area exceeds 12,000 square feet (1115 square meters).
- (B) A Group M fire area is located more than three stories above grade plane.
- (C) The combined area of all Group M fire areas on all floors, including any mezzanines, exceeds 24,000 square feet (2230 square meters).
- (D) A group M occupancy where the cumulative area used for the display and sale of upholstered furniture or mattresses exceeds 5,000 square feet (464 square meters).

(2) 903.2.9 Group S 1. This section has been modified to add an exception to the fifth requirement in the list for when an automatic fire sprinkler system is required. This section has been modified to read: 903.2.9 Group S 1. An automatic sprinkler system shall be provided throughout all buildings containing a Group S 1 occupancy where one of the following conditions exists:

- (A) A Group S 1 fire area exceeds 12,000 square feet (1115 square meters).
- (B) A Group S 1 fire area is located more than three stories above grade plane.
- (C) The combined area of all Group S 1 fire areas on all floors, including any mezzanines, exceeds 24,000 square feet (2230 square meters).
- (D) A Group S 1 fire area used for the storage of commercial motor vehicles where the fire area exceeds 5,000 square feet (464 square meters).
- (E) A Group S 1 occupancy used for the storage of upholstered furniture or mattresses exceeds 2,500 square feet (232 square meters). Exception: Self-service storage facility where the fire area is less than 5,000 square feet (464 square meters).

(3) Section 907.2.3 Group E. This section has been modified to remove the requirement for an emergency voice/alarm system and require a fire alarm system in Group E occupancies. The section has been modified to read: 907.2.3 Group E. A manual fire alarm system that activates the occupant notification signal in accordance with Section 907.5 and installed in accordance with 907.6

shall be installed in Group E occupancies. When automatic sprinkler systems or smoke detectors are installed such systems or detectors shall be connected to the building fire alarm system. Exceptions:

- (A) A manual fire alarm system is not required in Group E occupancies with an occupant load of 50 or less.
- (B) Manual fire alarm boxes are not required in Group E occupancies where all of the following apply:
 - (i) Interior corridors are protected by smoke detectors
 - (ii) Auditoriums, cafeterias, gymnasiums or similar areas are protected by heat detectors or other approved detection devices.
 - (iii) Shop and laboratories involving dusts or vapors are protected by heat detectors or other approved detection devices.
 - (iv) The capability to activate the evacuation signal from a central point is provided.
 - (v) In buildings where normally occupied spaces are provided with a two way communication system between such spaces and constantly attended receiving station from where a general evacuation alarm can be sounded, except in locations specifically designated by the fire code official.
- (C) Manual fire alarm boxes shall not be required in Group E occupancies where all the following apply:
 - (i) The building is equipped throughout with an approved automatic sprinkler system installed in accordance with Section 903.3.1.1.
 - (ii) The fire alarm system will activate on sprinkler waterflow.
 - (iii) Manual activation is provided from a normally occupied location.

748:20-3-12. IFC® 2015 Chapter 10 Means of Egress [AMENDED AND RENUMBERED TO 748:20-4-15]

Chapter 10 of the IFC® 2015 is adopted with the following modifications:

(1) Section 1010.1.10 Panic and fire exit hardware. This section has been modified to add an exception to the requirement for panic hardware or fire exit hardware on the access doors for electrical rooms and working spaces. This section has been further modified to require personnel doors in rooms or spaces that contain electrical equipment rated 800 amperes or more that contain overcurrent devices, switching devices, or control devices where the personnel door intended for entrance to and egress from the working space is less than 25 feet from the nearest edge of the working space, to be equipped with panic hardware or fire exit hardware. This section has been modified to read: 1010.1.10 Panic and fire exit hardware. Doors serving a Group H occupancy and doors serving rooms or spaces with an occupant load of 50 or

more in a Group A or E occupancy shall not be provided with a latch or lock other than panic hardware or fire exit hardware. Exceptions:

- (A) A main exit of a Group A occupancy shall be permitted to have locking hardware devices in accordance with Section 1010.1.9.3, Item 2.
 - (B) Doors serving a Group A or E occupancy shall be permitted to be electromagnetically locked in accordance with Section 1010.1.9.8 or 1010.1.9.9.
- (2) Electrical rooms and working spaces with equipment operating at more than 600 volts, nominal, and equipment operating at 600 volts or less, nominal and rated 800 amperes or more and that contain overcurrent devices, switching devices or control devices with exit or exit access doors, shall be equipped with panic hardware or fire exit hardware. The doors shall swing in the direction of egress travel. Exception: Personnel entrance to and egress from doors of the electrical equipment working spaces that are greater than 25 feet (7.6 m) from the nearest edge of the electrical equipment.
- (3) ~~Section 1015.6 Mechanical equipment, systems and devices. This section has been modified to clarify the circumstances under which guards shall be provided and to modify the exception to require the authority having jurisdiction approve the use of a fall/restraint system instead of guards. This section has been modified to read: 1015.6 Mechanical equipment, systems and devices. Guards shall be provided where various components that require services are located on a roof or elevated structure and have a condition as set forth in Sections 1015.6.1 through 1015.6.3. The guard shall be constructed so as to prevent the passage of a sphere 21 inches (533 mm) in diameter. Exception: When approved by the authority having jurisdiction, guards are not required where permanent fall arrest/restraint anchorage connector devices that comply with ANSI/ASSE Z 359.1 are affixed for use during the entire roof covering lifetime. The devices shall be reevaluated for possible replacement when the entire roof covering is replaced. The devices shall be placed not more than 10 feet (3048 mm) on center along hip and ridge lines and placed not less than 10 feet (3048 mm) from roof edges and the open sides of walking surfaces.~~
- (4) ~~Section 1015.6.1 Roof edge. This section has been added to clarify the circumstances required to exist for the installation of guards at the roof edge when the components needing service are within a specific distance of the roof edge. This section has been added to read: 1015.6.1 Roof edge. Guards shall be provided when components are located within 10 feet (3048 mm) of a roof edge or open side of a walking surface or elevated structure and such edge or open side is located more than 30 inches (762 mm) above the floor, roof, or grade below. The guard shall extend not less than 30 inches (762 mm) beyond each end of the component that requires service.~~
- (5) ~~Section 1015.6.2 Skylights. This section has been added to clarify the circumstances for the installation of guards around components near skylights and to provide exceptions to the requirement. This section has been~~

added to read: 1015.6.2 Skylights. Guards shall be provided when a skylight is within 10 feet (3048 mm) of the component that requires service. The guard shall extend 30 inches (762 mm) beyond the edge of the skylight. Exceptions:

- (A) Guards are not required when the skylight is located at least 42 inches (1067 mm) above the highest point of the walking surface adjacent to the skylight or component.
 - (B) Guards are not required if some other provision for skylight fall thru protection is provided and approved by the authority having jurisdiction.
- (6) ~~Section 1015.6.3 Roof hatch. This section has been added to clarify the circumstances for the installation of guards around components installed within a specific distance from the roof hatch. This section has been added to read: 1015.6.3 Roof hatch. Guards shall be provided when a roof hatch is within 10 feet (3048 mm) of the component that requires service. The guard shall extend 30 inches (762 mm) beyond the edge of the roof hatch. If the component is within 10 feet (3048 mm) of the ladder access side of the roof hatch, the guard shall incorporate a self-closing, self-latching gate. The gate shall have a top edge of not less than 42 inches (1067 mm) above the elevated surface adjacent to the gate and shall not allow the passage of a 21 inch (533 mm) sphere.~~
- (7) ~~Section 1015.7 Roof access. This section has been modified to require the authority having jurisdiction approve the use of a fall restraint system instead of a guard in the exception. This section has been modified to read: 1015.7 Roof access. Guards shall be provided where the roof hatch opening is located within 10 feet (3048 mm) of a roof edge or open side of a walking surface and such edge or open side is located more than 30 inches (762 mm) above the floor, roof or grade below. The guard shall be constructed so as to prevent the passage of a sphere 21 inches (533 mm) in diameter. Exception: When approved by the authority having jurisdiction, guards are not required where permanent fall arrest/restraint anchorage connector devices that comply with ANSI/ASSE Z 359.1 are affixed for use during the entire roof covering lifetime. The devices shall be reevaluated for possible replacement when the entire roof covering is replaced. The devices shall be placed not more than 10 feet (3048 mm) on center along hip and ridge lines and placed not less than 10 feet (3048 mm) from roof edges and the open sides of the walking surfaces.~~

748:20-3-14. IFC® 2015 Chapter 80 Referenced Standards [AMENDED AND RENUMBERED TO 748:20-4-85]

Chapter 80 of the IFC® 2015 is adopted with the following modifications:

- (1) The reference to the International Building Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section has been modified to read:

~~IBC® 15 International Building Code® as adopted and modified by the State of Oklahoma through the OUBCC.~~
(2) ~~The reference to the International Existing Building Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section has been modified to read: IEBC® 15 International Existing Building Code® as adopted and modified by the State of Oklahoma through the OUBCC.~~

(3) ~~The reference to the International Fuel Gas Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section has been modified to read: IFGC® 15 International Fuel Gas Code® as adopted and modified by the State of Oklahoma through the OUBCC.~~

(4) ~~The reference to the International Mechanical Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section has been modified to read: IMC® 15 International Mechanical Code® as adopted and modified by the State of Oklahoma through the OUBCC.~~

(5) ~~The reference to the International Plumbing Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through OUBCC." This section has been modified to read: IPC® 15 International Plumbing Code® as adopted and modified by the State of Oklahoma through the OUBCC.~~

(6) ~~The reference to the International Residential Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section has been modified to read: IRC® 15 International Residential Code® as adopted and modified by the State of Oklahoma through the OUBCC.~~

(7) ~~The referenced standard for NFPA® 2 Hydrogen Technologies Code has been modified to change the edition year from 2011 to 2016. This Section has been modified to read: 02 16 Hydrogen Technologies Code.~~

(8) ~~The referenced standard for NFPA® 70® National Electrical Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section has been modified to read: 70 14 National Electrical Code® as adopted and modified by the State of Oklahoma through the OUBCC.~~

SUBCHAPTER 4. IFC® 2015

748:20-4-1. **Adoption of the International Fire Code®**
[RESERVED]

748:20-4-2. **Effect of Adoption [RESERVED]**

748:20-4-3.. **IFC® and Other Appendices**
[RESERVED]

748:20-4-4. **IFC® 2015 Provisions Adopted and Modified**

(a) All chapters and provisions within chapters, including exceptions, of the IFC® 2015 not specifically addressed within these rules as being modified, deleted, moved or removed are hereby adopted without modification as the statewide minimum code for residential and commercial fire prevention and fire protection systems within the State of Oklahoma pursuant to 59 O.S. § 1000.23. Chapters and provisions within chapters, including exceptions adopted with modifications are specifically addressed in these rules.

(b) The ICC® has reserved Chapters 12 through 18, Chapters 38 through 49, Chapter 52, and Chapters 68 through 79 for possible future use. The OUBCC has not adopted Chapters 12 through 18, Chapters 38 through 49, Chapter 52, and Chapters 68 through 79 and these chapters are not considered part of the statewide minimum code for residential and commercial fire prevention and fire protection systems within the State of Oklahoma.

(c) In light of the notice by ICC® of the creation of a new Chapter 39 entitled "Processing and Extraction Facilities" in the IFC® 2018, the OUBCC has created a Chapter 39 entitled "Processing and Extraction Facilities" as hereby amended and modified to clarify requirements to be utilized when processing and extracting fats and oils from plant based materials, not currently addressed in the IFC® 2015 as amended and modified in this sub-chapter.

(d) To the extent any references in the IFC® 2015 as amended and modified in this sub-chapter are made to any other code or standard, the particular edition for that reference is defined in the referenced standards found in the IFC® 2015 as amended and modified in this sub-chapter and in the IFC® 2015 Chapter 80 entitled "Referenced Standards."

748:20-4-5. **Participation in Federal Programs and/or Federally Funded or Financed Projects [RESERVED]**

748:20-4-6. **IFC® 2015 Chapter 1 Scope and Administration**

Chapter 1 of the Oklahoma adopted IFC® 2015, includes the following Preamble at the very beginning of the chapter:

(1) Pursuant to 59 O.S. § 1000.23, the OUBCC has adopted the IFC® 2015 as amended and revised by the Commission, as the statewide minimum code to be used by all entities for residential and commercial fire prevention and fire protection systems in jurisdictions throughout the State of Oklahoma. However, the OUBCC's adoption of Chapter 1 "Scope and Administration" of the IFC® 2015 is for continuity purposes and the OUBCC's adoption of Chapter 1 recognizes the methods of best practice in fully implementing the statewide minimum code for residential and commercial fire prevention and fire protection systems.

(2) All provisions of the adopted IFC® 2015, including Chapter 1, as amended and revised by the OUBCC,

Emergency Adoptions

are hereby established and adopted as the statewide minimum code for residential and commercial fire prevention and fire protection systems in Oklahoma pursuant to 59 O.S. § 1000.23, which may only be amended or altered pursuant to Oklahoma law and the administrative rules of the OUBCC as set forth in Title 748, Chapter 15 of the Oklahoma Administrative Code. However, the provisions of Chapter 1 adopted herein are only intended to be in force and effect to the extent that the respective provisions do not conflict with State law or the lawful exercise of code administration and enforcement jurisdiction by entities empowered to do so pursuant to applicable law.

(3) Section 105.1.1 Annual permit. This section has been modified to clarify what an annual permit is. This section shall read: An annual permit is a yearly permit which represents a group of individual permits for each alteration to an already approved electrical, gas, mechanical or plumbing installation. The building official is authorized to issue an annual permit upon application therefor to any person, firm or corporation regularly employing one or more qualified tradespersons in the building, structure or on the premises owned or operated by the applicant for the permit.

(4) Section 105.1.2 Annual permit records. This section has been modified to require the building official to collect the OUBCC permit fee for each individual permit that is part of the annual permit at the completion of the annual permit term. This section has been modified to read: Annual permit records. The person to whom an annual permit is issued shall keep a detailed record of alterations made under such annual permit. The building official shall have access to such detailed records of alterations at all times. At the completion of the entity's annual permit term, the applicant shall file such detailed records of alterations with the building official. Pursuant to the authority of 59 O.S. § 1000.25, the building official shall collect fees for each individual permit which is part of the annual permit once the detailed records are submitted and remit such fees to the OUBCC.

(5) Table 105.6.9 Permit Amounts for Compressed Gases. This table has been modified to add carbon dioxide used in carbon dioxide enrichment systems and carbon dioxide used in insulated liquid carbon dioxide beverage dispensing systems to the list of types and amounts of compressed gases where an operational permit is required, if the amount of compressed gases used for the storage, use or handling of the compressed gases at normal temperature and pressure (NTP), is in excess of the amount listed in the table. This table has been modified to read: Table 105.6.9 Permit Amounts for Compressed Gases. The table contains ten rows with two columns per row as described below:

(A) Row 1 contains the headers for the two columns as listed below:

- (i) Row 1, column 1 is entitled "Type of Gas."
- (ii) Row 1, column 2 is entitled "Amount (cubic feet at NTP)."

(B) Row 2 contains the following information for the two columns listed in the header row number 1:

- (i) Row 2, column 1 lists the compressed gas type entitled "Carbon dioxide used in carbon dioxide enrichment systems."
- (ii) Row 2, column 2 lists the amount of cubic feet at NTP of "875 (100 lbs.)."

(C) Row 3 contains the following information for the two columns listed in the header row number 1:

- (i) Row 3, column 1 lists the compressed gas type entitled "Carbon dioxide used in insulated liquid carbon dioxide beverage dispensing applications."
- (ii) Row 3, column 2 lists the amount of cubic feet at NTP of "875 (100 lbs.)."

(D) Row 4 contains the following information for the two columns listed in the header row number 1:

- (i) Row 4, column 1 lists the compressed gas type entitled "Corrosive."
- (ii) Row 4, column 2 lists the amount of cubic feet at NTP of "200."

(E) Row 5 contains the following information for the two columns listed in the header row number 1:

- (i) Row 5, column 1 lists the compressed gas type entitled "Flammable (except cryogenic fluids and liquefied petroleum gases)."
- (ii) Row 5, column 2 lists the amount of cubic feet at NTP of "200."

(F) Row 6 contains the following information for the two columns listed in the header row number 1:

- (i) Row 6, column 1 lists the compressed gas type entitled "Highly toxic."
- (ii) Row 6, column 2 lists the amount of cubic feet at NTP of "Any Amount."

(G) Row 7 contains the following information for the two columns listed in the header row number 1:

- (i) Row 7, column 1 lists the compressed gas type entitled "Inert and simple asphyxiant."
- (ii) Row 7, column 2 lists the amount of cubic feet at NTP of "6,000."

(H) Row 8 contains the following information for the two columns listed in the header row number 1:

- (i) Row 8, column 1 lists the compressed gas type "Oxidizing (including oxygen)."
- (ii) Row 8, column 2 lists the amount of cubic feet at NTP of "504."

(I) Row 9 contains the following information for the two columns listed in the header row number 1:

- (i) Row 9, column 1 lists the compressed gas type "Pyrophoric."
- (ii) Row 9, column 2 lists the amount of cubic feet at NTP of "Any Amount."

(J) Row 10 contains the following information for the two columns listed in the header row number 1:

- (i) Row 10, column 1 lists the compressed gas type "Toxic."
- (ii) Row 10, column 2 lists the amount of cubic feet at NTP of "Any amount."

(K) Below the table is a footnote that reads: "For SI: 1 cubic foot equals 0.02832 cubic meters."

(6) Section 105.6.49 Plant extraction systems. This section has been added to require an operational permit for a plant extraction system. This section has been added to read: 105.6.49 Plant extraction systems. An operational permit is required to use plant extraction systems.

(7) Section 105.7.19 Gas detection systems. This section has been added to require a construction permit for the installation of or modification to a gas detection systems. The section clarifies that maintenance performed in accordance with the code is not considered a modification and shall not require a permit. This section has been added to read: 105.7.19 Gas detection systems. A construction permit is required for the installation of or modification to gas detection systems. Maintenance performed in accordance with this code is not considered a modification and shall not require a permit.

(8) Section 105.7.20 Plant extraction systems. This section has been added to require a construction permit for the installation of or modification to plant extraction systems. The section clarifies that maintenance performed in accordance with the code, is not considered a modification and shall not require a construction permit. This section has been added to read: 105.7.20 Plant extraction systems. A construction permit is required for the installation of or modification to plant extraction systems. Maintenance performed in accordance with this code is not considered to be a modification and does not require a permit.

(9) The OUBCC's adoption of Chapter 1 in this manner is made with the recognition that the legal authority granting state and local code administration and enforcement jurisdictions the power and discretion to administer and enforce codes arises from Oklahoma laws governing those jurisdictions. Furthermore, the OUBCC also recognizes that many state and local code administration and enforcement jurisdictions have already created, or have the lawful authority to create, departments, offices and administrative policies pursuant to various applicable laws and other adopted model codes with "Scope and Administration" provisions similar to Chapter 1 of the adopted IFC® 2015.

(10) This limited adoption of Chapter 1 is made in recognition of the authority and discretion possessed by jurisdictions to administer and enforce building codes. Exercising such authority and jurisdiction in a manner inconsistent with Chapter 1 must be supported by Oklahoma law. Code administration and enforcement jurisdictions shall not use the OUBCC's limited adoption of Chapter 1 to circumvent the remainder of the requirements established by the Oklahoma adopted IFC® 2015 and the OUBCC will strongly oppose any such practice.

748:20-4-7. IFC® 2015 Chapter 2 Definitions

Chapter 2 of the IFC® 2015 is adopted with the following modifications:

(1) The definition of an AUTHORITY HAVING JURISDICTION has been added to clarify the different individuals that may have authority with in the code. This definition has been added to read: AUTHORITY HAVING JURISDICTION. Means an organization, office, or individual responsible for enforcing the requirements of the State Adopted Building Codes, including the prior authorization or approval of any equipment, materials, installations or procedures used in all or part of the construction of a new, or alteration or renovation of an existing building or structure, including integral finishes, fixtures and building system therein.

(2) The definition of a DISPENSING AREA has been added to clarify multiple references in the code with regard to fuel dispensing. This definition has been added to read: DISPENSING AREA. The appropriate hazardous (classified) locations for the fuel being dispensed in accordance with the National Electrical Code® - NFPA® 70.

(3) The definition of GAS DETECTION SYSTEM has been added to clarify multiple references in the code with regard to gas detection. This section has been added to read: GAS DETECTION SYSTEM. A system or portion of a combination system that utilizes one or more stationary sensors to detect the presence of a specified gas at a specified concentration and initiate one or more responses required by this code, such as notifying a responsible person, activating an alarm signal, or activating or deactivating equipment. A self-contained gas detection and alarm device is not classified as a gas detection system.

(4) The definition of a MAIN RAILROAD TRACK has been added to provide clarity to building code officials. This definition has been added to read: MAIN RAILROAD TRACK. That part of the railway, exclusive of switch tracks, branches, yards, and terminals upon which trains are operated by timetable or train order or both.

(5) The definition of MISCELLA has been added to clarify multiple references in the code. This definition has been added to read: MISCELLA. A mixture, in any proportion, of the extracted oil or fat and the extracting solvent.

(6) The definition for Residential Group R-3 has been modified to clarify the International Residential Code® 2015 (IRC® 2015) can be utilized so long as the facilities have four or fewer rooms. This definition has been modified to read: [BG] Residential Group R-3. Residential R-3 occupancies where occupants are primarily permanent in nature and not classified as Group R-1, R-2, R-5, or I including Boarding houses (non-transient) with 16 or fewer occupants, Boarding houses (transient) with 10 or fewer occupants, Buildings that do not contain more than two dwelling units, Care facilities that provide accommodations for five or fewer persons receiving care, Congregate living facilities (non-transient with 16 or fewer occupants), Congregate living facilities (transient) with 10 or fewer occupants and Lodging houses with four or fewer guest rooms.

(A) [BG] Care facilities within a dwelling. Care facilities for five or fewer persons receiving care that

Emergency Adoptions

are within a single-family dwelling are permitted to comply with the IRC[®] provided an automatic sprinkler system is installed in accordance with Section 903.3.1.3 or Section P2904 of the IRC[®].

(B) [BG] Lodging houses. Owner-occupied lodging houses with four or fewer guest rooms shall be permitted to be constructed in accordance with the IRC[®].

(7) The definition of a SELF-SERVICE STORAGE FACILITY from the International Building Code[®], 2015 Edition (Section 202) has been added to the International Fire Code[®], 2015 Edition. This definition has been added to read: SELF-SERVICE STORAGE FACILITY. Real property designed and used for the purpose of renting or leasing individual storage spaces to customers for the purpose of storing and removing personal property on a self-service basis.

748:20-4-8. IFC[®] Chapter 3 [RESERVED]

748:20-4-9. IFC[®] Chapter 4 [RESERVED]

748:20-4-10. IFC[®] Chapter 5 [RESERVED]

748:20-4-11. IFC[®] Chapter 6 [RESERVED]

748:20-4-12. IFC[®] Chapter 7 [RESERVED]

748:20-4-13. IFC[®] Chapter 8 [RESERVED]

748:20-4-14. IFC[®] 2015 Chapter 9 Fire Protection Systems

Chapter 9 of the IFC[®] 2015 is adopted with the following modifications:

(1) Section 902.1 Definitions. This section has been modified to clarify the definition for a "GAS DETECTION SYSTEM," has been added to the list of definitions defined in Chapter 2. This section has been modified to read: 902.1 Definitions. The following terms are defined in Chapter 2.

- (A) ALARM NOTIFICATION APPLIANCE.
- (B) ALARM SIGNAL.
- (C) ALARM VERIFICATION FEATURE.
- (D) ANNUNCIATOR.
- (E) AUDIBLE ALARM NOTIFICATION APPLIANCE.
- (F) AUTOMATIC.
- (G) AUTOMATIC FIRE-EXTINGUISHING SYSTEM.
- (H) AUTOMATIC SMOKE DETECTION SYSTEM.
- (I) AUTOMATIC SPRINKLER SYSTEM.
- (J) AUTOMATIC WATER MIST SYSTEM.
- (K) AVERAGE AMBIENT SOUND LEVEL.

(L) CARBON DIOXIDE EXTINGUISHING SYSTEM.

(M) CLEAN AGENT.

(N) COMMERCIAL MOTOR VEHICLE.

(O) CONSTANTLY ATTENDED LOCATION.

(P) DELUGE SYSTEM.

(Q) DETECTOR, HEAT.

(R) DRY-CHEMICAL EXTINGUISHING AGENT.

(S) ELEVATOR GROUP.

(T) EMERGENCY ALARM SYSTEM.

(U) EMERGENCY VOICE/ALARM COMMUNICATIONS.

(V) FIRE ALARM BOX, MANUAL.

(W) FIRE ALARM CONTROL UNIT.

(X) FIRE ALARM SIGNAL.

(Y) FIRE ALARM SYSTEM.

(Z) FIRE AREA.

(AA) FIRE DETECTOR, AUTOMATIC.

(BB) FIRE PROTECTION SYSTEM.

(CC) FIRE SAFETY FUNCTIONS.

(DD) FIXED BASE OPERATOR (FBO).

(EE) FOAM-EXTINGUISHING SYSTEM.

(FF) GAS DETECTION SYSTEM.

(GG) HALOGENATED EXTINGUISHING SYSTEM.

(HH) IMPAIRMENT COORDINATOR.

(II) INITIATING DEVICE.

(JJ) MANUAL FIRE ALARM BOX.

(KK) MULTIPLE-STATION ALARM DEVICE.

(LL) MULTIPLE-STATION SMOKE ALARM.

(MM) NOTIFICATION ZONE.

(NN) NUISANCE ALARM.

(OO) PRIVATE GARAGE.

(PP) RECORD DRAWINGS.

(QQ) SINGLE-STATION SMOKE ALARM.

(RR) SLEEPING UNIT.

(SS) SMOKE ALARM.

(TT) SMOKE DETECTOR.

(UU) STANDPIPE SYSTEM, CLASSES OF.

(i) Class I system.

(ii) Class II system.

(iii) Class III system.

(VV) STANDPIPE, TYPES OF.

(i) Automatic dry.

(ii) Automatic wet.

(iii) Manual dry.

(iv) Manual wet.

(v) Semiautomatic dry.

(WW) SUPERVISING STATION.

(XX) SUPERVISORY SERVICE.

(YY) SUPERVISORY SIGNAL.

(ZZ) SUPERVISORY SIGNAL-INITIATING DEVICE.

(AAA) TIRES, BULK STORAGE OF.

(BBB) TRANSIENT AIRCRAFT.

(CCC) TROUBLE SIGNAL.

(DDD) VISIBLE ALARM NOTIFICATION APPLIANCE.

(EEE) WET-CHEMICAL EXTINGUISHING AGENT.

(FFF) WIRELESS PROTECTION SYSTEM.

(GGG) ZONE.

(HHH) ZONE, NOTIFICATION.

(2) Section 903.2.7 Group M. This section has been modified to reword subsection 4 to provide a reasonable limit for these occupancies and adequate protection without excessive burden on Group M occupancies with small areas of upholstered furniture and mattresses. This section has been modified to read: 903.2.7 Group M. An automatic sprinkler system shall be provided throughout buildings containing a Group M occupancy where one of the following conditions exists:

(A) A Group M fire area exceeds 12,000 square feet (1115 square meters).

(B) A Group M fire area is located more than three stories above grade plane.

(C) The combined area of all Group M fire areas on all floors, including any mezzanines, exceeds 24,000 square feet (2230 square meters).

(D) A group M occupancy where the cumulative area used for the display and sale of upholstered furniture or mattresses exceeds 5,000 square feet (464 square meters).

(3) Section 903.2.9 Group S-1. This section has been modified to add an exception to the fifth requirement in the list for when an automatic fire sprinkler system is required. This section has been modified to read: 903.2.9 Group S-1. An automatic sprinkler system shall be provided throughout all buildings containing a Group S-1 occupancy where one of the following conditions exists:

(A) A Group S-1 fire area exceeds 12,000 square feet (1115 square meters).

(B) A Group S-1 fire area is located more than three stories above grade plane.

(C) The combined area of all Group S-1 fire areas on all floors, including any mezzanines, exceeds 24,000 square feet (2230 square meters).

(D) A Group S-1 fire area used for the storage of commercial motor vehicles where the fire area exceeds 5,000 square feet (464 square meters).

(E) A Group S-1 occupancy used for the storage of upholstered furniture or mattresses exceeds 2,500 square feet (232 square meters). Exception: Self-service storage facility where the fire area is less than 5,000 square feet (464 square meters).

(4) Section 907.2.3 Group E. This section has been modified to remove the requirement for an emergency voice/alarm system and require a fire alarm system in Group E occupancies. The section has been modified to read: 907.2.3 Group E. A manual fire alarm system that activates the occupant notification signal in accordance with Section 907.5 and installed in accordance with 907.6 shall be installed in Group E occupancies. When automatic sprinkler systems or smoke detectors are installed

such systems or detectors shall be connected to the building fire alarm system. Exceptions:

(A) A manual fire alarm system is not required in Group E occupancies with an occupant load of 50 or less.

(B) Manual fire alarm boxes are not required in Group E occupancies where all of the following apply:

(i) Interior corridors are protected by smoke detectors

(ii) Auditoriums, cafeterias, gymnasiums or similar areas are protected by heat detectors or other approved detection devices.

(iii) Shop and laboratories involving dusts or vapors are protected by heat detectors or other approved detection devices.

(iv) The capability to activate the evacuation signal from a central point is provided.

(v) In buildings where normally occupied spaces are provided with a two-way communication system between such spaces and constantly attended receiving station from where a general evacuation alarm can be sounded, except in locations specifically designated by the fire code official.

(C) Manual fire alarm boxes shall not be required in Group E occupancies where all the following apply:

(i) The building is equipped throughout with an approved automatic sprinkler system installed in accordance with Section 903.3.1.1.

(ii) The fire alarm system will activate on sprinkler waterflow.

(iii) Manual activation is provided from a normally occupied location.

(5) Section 916 Gas Detection Systems. This section header has been added to the code to clarify a new section of code has been added. This section heading has been added to read: Section 916 Gas Detection Systems.

(6) Section 916.1 Gas detection systems. This section has been added to specify when the requirements for gas detection systems are provided, they shall be in compliance with section 916.2 through 916.11. This section has been added to read: 916.1 Gas detection systems. Gas detection systems required by this code shall comply with Sections 916.2 through 916.11.

(7) Section 916.2 Permits. This section has been added to specify permits shall be required as set forth in Section 105.7. This section has been modified to read: 916.2 Permits. Permits shall be required as set forth in Section 105.7.

(8) Section 916.2.1 Construction documents. This section has been added to require construction documentation to be submitted with the application for permit. It requires the documentation of the gas detection system design and equipment be used, demonstrate compliance with the requirements of this code and be provided with the permit application. This section has been added to read: 916.2.1

Construction documents. Documentation of the gas detection system design and equipment to be used that demonstrates compliance with the requirements of this code shall be provided with the application for permit.

(9) Section 916.3 Equipment. This section has been added to require gas detection system equipment to be designed for use with the gases being detected and be installed in accordance with the manufacturer's instructions. This section has been added to read: 916.3 Equipment. Gas detection system equipment shall be designed for use with the gases being detected and shall be installed in accordance with the manufacturer's instructions.

(10) Section 916.4 Power connections. This section has been added to require gas detection systems to be permanently connected to the building electrical power supply or be permitted to be cord connected to an unswitched receptacle using an approved restraining means that secures the plug to the receptacle. This section has been added to read: 916.4 Power connections. Gas detection systems shall be permanently connected to the building electrical power supply or shall be permitted to be cord connected to an unswitched receptacle using an approved restraining means that secures the plug to the receptacle.

(11) Section 916.5 Emergency and standby power. This section has been added to require standby or emergency power to be provided to the gas detection system, or if the power supply is interrupted, the system shall initiate a trouble signal at an approved location. This section has been added to read: 916.5 Emergency and standby power. Standby or emergency power shall be provided or the gas detection system shall initiate a trouble signal at an approved location if the power supply is interrupted.

(12) Section 916.6 Sensor locations. This section has been added to require sensors to be installed in approved locations where leaking gases are expected to accumulate. This section has been added to read: 916.6 Sensor locations. Sensors shall be installed in approved locations where leaking gases are expected to accumulate.

(13) Section 916.7 Gas sampling. This section has been added to require gas sampling to be performed continuously and require sample analysis to be processed immediately after sampling, except under certain conditions. HPM stands for "Hazardous Production Material" as defined in Chapter 2 of this code. This section has been added to read: 916.7 Gas sampling. Gas sampling shall be performed continuously. Sample analysis shall be processed immediately after sampling, except as follows:

(A) For HPM gases, sample analysis shall be performed at intervals not exceeding 30 minutes.

(B) For toxic gases that are not HPM, sample analysis shall be performed at intervals not exceeding 5 minutes, in accordance with Section 6004.2.2.7.

(C) Where a less frequent or delayed sampling interval is approved.

(14) Section 916.8 System activation. This section has been added to require a gas detection alarm to be initiated

where any sensor detects a concentration of gases exceeding the thresholds specified in this section. The section requires upon activation of a gas detection alarm, alarm signals or other required responses to be specified by the section of this code requiring a gas detection system. The section further requires the alarm signals to be both audible and visible alarm signals that are distinct from fire alarm and carbon monoxide signals. IDLH stands for "Immediately Dangerous to Life and Health" as defined in Chapter 2 of the IBC®. This section has been added to read: 916.8 System activation. A gas detection alarm shall be initiated where any sensor detects a concentration of gas exceeding the following thresholds:

(A) For flammable gases, a gas concentration exceeding 25 percent of the lower flammability limit (LFL).

(B) For nonflammable gases, a gas concentration exceeding one-half of the IDLH, unless a different threshold is specified by the section of this code requiring a gas detection system.

(15) Upon activation of a gas detection alarm, alarm signals or other required responses shall be specified by the section of this code requiring a gas detection system. Audible and visible alarm signals associated with a gas detection alarm shall be distinct from fire alarm and carbon monoxide alarm signals.

(16) Section 916.9 Signage. This section has been added to require signage to be provided adjacent to gas detection system alarm signaling devices that advises occupants of the nature of the signals and actions to take in response to the signal. This section has been added to read: 916.9 Signage. Signs shall be provided adjacent to gas detection system alarm signaling devices that advise occupants of the nature of the signals and actions to take in response to the signal.

(17) Section 916.10 Fire alarm system connections. This section has been added to prohibit gas sensors and gas detection systems to be connected to fire alarm systems unless approved and connected in accordance with the fire alarm equipment manufacturer's instructions. This section has been added to read: 916.10 Fire alarm system connections. Gas sensors and gas detection systems shall not be connected to fire alarm systems unless approved and connected in accordance with the fire alarm equipment manufacturer's instructions.

(18) Section 916.11 Inspection, testing and sensor calibration. This section has been added to require gas detection systems to be inspected and tested not less than annually and sensors to be calibrated as specified by the sensor manufacturer. This section has been added to read: 916.11 Inspection, testing and sensor calibration. Inspection and testing of gas detection systems shall be conducted not less than annually. Sensor calibration shall be confirmed at the time of sensor installation and calibration shall be performed at the frequency specified by the sensor manufacturer.

748:20-4-15. IFC® 2015 Chapter 10 Means of Egress

Chapter 10 of the IFC® 2015 is adopted with the following modifications:

(1) Section 1010.1.9.8 Sensor release of electrically locked egress doors. This section has been modified to permit the use of sensor release of electronic locking systems on doors located in a means of egress in any occupancy except Group H, where installed and operated in accordance with specific criteria. This section has been modified to read: 1010.1.9.8 Sensor release of electrically locked egress doors. Sensor release of electric locking systems shall be permitted on doors located in a means of egress in any occupancy except Group H where installed and operated in accordance with all of the following criteria:

(A) The sensor shall be installed on the egress side, arranged to detect an occupant approaching the doors, and shall cause the electric locking system to unlock.

(B) The electric locks shall be arranged to unlock by a signal from or loss of power to the sensor.

(C) Loss of power to the lock or locking system shall automatically unlock the electric locks.

(D) The doors shall be arranged to unlock from a manual unlocking device located 40 inches to 48 inches (1016 mm to 1219 mm) vertically above the floor and within 5 feet (1524 mm) of the secured doors. Ready access shall be provided to the manual unlocking device and the device shall be clearly identified by a sign that reads "PUSH TO EXIT." When operated, the manual unlocking device shall result in direct interruption of the power to the electric lock - independent of other electronics - and the doors electric lock shall remain unlocked for not less than 30 seconds.

(E) Activation of the building fire alarm system, where provided, shall automatically unlock the electric lock, and the electric lock shall remain unlocked until the fire alarm system has been reset.

(F) Activation of the building automatic fire sprinkler system or fire detection system, where provided, shall automatically unlock the electric lock. The electric lock shall remain unlocked until the fire alarm system has been reset.

(G) The door locking system units shall be listed in accordance with UL 294.

(2) Section 1010.1.9.9. Door hardware release of electrically locked egress doors. This section has been modified to change part of the section heading and permit door hardware release of electric locking systems to be on all doors in a means of egress in any occupancy except Group H, where installed and operated in accordance with specific requirements. This section has been modified to read: 1010.1.9.9. Door hardware release of electrically locked egress doors. Door hardware release of electric locking systems shall be permitted on doors in the means of egress in any occupancy except Group H where installed and operated in accordance with all of the following:

(A) The door hardware that is affixed to the door leaf has an obvious method of operation that is readily operated under all lighting conditions.

(B) The door hardware is capable of being operated with one hand and shall comply with Section 1010.1.9.5.

(C) Operation of the door hardware directly interrupts the power to the electric lock and unlocks the door immediately.

(D) Loss of power to the electric locking system automatically unlocks the door.

(E) Where panic or fire exit hardware is required by Section 1010.1.10, operation of the panic or fire exit hardware also releases the electric lock.

(F) The locking system units shall be listed in accordance with UL 294.

(3) Section 1010.1.10 Panic and fire exit hardware. This section has been modified to change the door type, and allow for doors provided with panic hardware or fire exit hardware serving Group A or E occupancies to be permitted to be electrically locked, in accordance with Section 1010.1.9.8, or 1010.1.9.9. This section has been further modified to require personnel doors in rooms or spaces that contain electrical equipment rated 800 amperes or more that contain overcurrent devices, switching devices, or control devices where the personnel door intended for entrance to and egress from the working space is less than 25 feet from the nearest edge of the working space, to be equipped with panic hardware or fire exit hardware. This section has been modified to read: 1010.1.10 Panic and fire exit hardware. Swinging doors serving a Group H occupancy and swinging doors serving rooms or spaces with an occupant load of 50 or more in a Group A or E occupancy shall not be provided with a latch or lock other than panic hardware or fire exit hardware. Exceptions:

(A) A main exit of a Group A occupancy shall be permitted to have locking devices in accordance with Section 1010.1.9.3, Item 2.

(B) Doors provided with panic hardware or fire exit hardware and serving a Group A or E occupancy shall be permitted to be electrically locked in accordance with Section 1010.1.9.8 or 1010.1.9.9.

(4) Electrical rooms with equipment rated 1200 amperes or more and over 6 feet (1829 mm) wide, and that contain overcurrent devices, switching devices or control devices with exit or exit access doors, shall be equipped with panic hardware or fire exit hardware. The doors shall swing in the direction of egress travel.

(5) Where electrical equipment rated 800 amperes or more that contains overcurrent devices, switching devices, or control devices is installed and there is a personnel door(s) intended for entrance to and egress from the working space less than 25 feet (7.6 m) from the nearest edge of the working space, the personnel door shall be equipped with panic hardware or fire exit hardware. The door(s) shall open in the direction of egress.

(6) Section 1015.6 Mechanical equipment, systems and devices. This section has been modified to clarify the circumstances under which guards shall be provided and to modify the exception to require the authority having jurisdiction approve the use of a fall/restraint system instead of guards. This section has been modified to read: 1015.6 Mechanical equipment, systems and devices. Guards shall be provided where various components that require services are located on a roof or elevated structure and have a condition as set forth in Sections 1015.6.1 through 1015.6.3. The guard shall be constructed so as to prevent the passage of a sphere 21 inches (533 mm) in diameter. Exception: When approved by the authority having jurisdiction, guards are not required where permanent fall arrest/restraint anchorage connector devices that comply with ANSI/ASSE Z 359.1 are affixed for use during the entire roof covering lifetime. The devices shall be reevaluated for possible replacement when the entire roof covering is replaced. The devices shall be placed not more than 10 feet (3048 mm) on center along hip and ridge lines and placed not less than 10 feet (3048 mm) from roof edges and the open sides of walking surfaces.

(7) Section 1015.6.1 Roof edge. This section has been added to clarify the circumstances required to exist for the installation of guards at the roof edge when the components needing service are within a specific distance of the roof edge. This section has been added to read: 1015.6.1 Roof edge. Guards shall be provided when components are located within 10 feet (3048 mm) of a roof edge or open side of a walking surface or elevated structure and such edge or open side is located more than 30 inches (762 mm) above the floor, roof, or grade below. The guard shall extend not less than 30 inches (762 mm) beyond each end of the component that requires service.

(8) Section 1015.6.2 Skylights. This section has been added to clarify the circumstances for the installation of guards around components near skylights and to provide exceptions to the requirement. This section has been added to read: 1015.6.2 Skylights. Guards shall be provided when a skylight is within 10 feet (3048 mm) of the component that requires service. The guard shall extend 30 inches (762 mm) beyond the edge of the skylight. Exceptions:

(A) Guards are not required when the skylight is located at least 42 inches (1067 mm) above the highest point of the walking surface adjacent to the skylight or component.

(B) Guards are not required if some other provision for skylight fall-thru protection is provided and approved by the authority having jurisdiction.

(9) Section 1015.6.3 Roof hatch. This section has been added to clarify the circumstances for the installation of guards around components installed within a specific distance from the roof hatch. This section has been added to read: 1015.6.3 Roof hatch. Guards shall be provided when a roof hatch is within 10 feet (3048 mm) of the component that requires service. The guard shall extend 30 inches (762 mm) beyond the edge of the roof hatch. If the

component is within 10 feet (3048 mm) of the ladder access side of the roof hatch, the guard shall incorporate a self-closing, self-latching gate. The gate shall have a top edge of not less than 42 inches (1067 mm) above the elevated surface adjacent to the gate and shall not allow the passage of a 21 inch (533 mm) sphere.

(10) Section 1015.7 Roof access. This section has been modified to require the authority having jurisdiction approve the use of a fall-restraint system instead of a guard in the exception. This section has been modified to read: 1015.7 Roof access. Guards shall be provided where the roof hatch opening is located within 10 feet (3048 mm) of a roof edge or open side of a walking surface and such edge or open side is located more than 30 inches (762 mm) above the floor, roof or grade below. The guard shall be constructed so as to prevent the passage of a sphere 21 inches (533 mm) in diameter. Exception: When approved by the authority having jurisdiction, guards are not required where permanent fall arrest/restraint anchorage connector devices that comply with ANSI/ASSE Z 359.1 are affixed for use during the entire roof covering lifetime. The devices shall be reevaluated for possible replacement when the entire roof covering is replaced. The devices shall be placed not more than 10 feet (3048 mm) on center along hip and ridge lines and placed not less than 10 feet (3048 mm) from roof edges and the open sides of the walking surfaces.

<u>748:20-4-44.</u>	<u>IFC® 2015 Chapter 39 Processing and Extraction Facilities</u>

Chapter 39 of the IFC® has been created and added to the 2015 edition to address plant processing and extraction facilities. This chapter title has been added to read: Chapter 39 Processing and Extraction Facilities. Chapter 39 is adopted as follows:

- (1) Section 3901 General. This section heading has been added to clarify a new section of code has been added to address the scope, utilization of existing buildings and permit requirements for plant processing and extraction facilities. This section heading has been added to read: Section 3901. General.
- (2) Section 3901.1 Scope. This section has been added to clarify plant processing and extraction facilities will comply with this chapter and the International Building

Code®. The section clarifies the extraction process includes the act of extracting oils and fats by the use of a solvent, desolventizing of the raw material, production of the miscella, distillation of the solvent and solvent recovery. The section further requires the use, storage and transfilling and handling of hazardous materials in these facilities to comply with the chapter, other applicable provisions of this code and the International Building Code®. This section has been added to read: 3901.1 Scope. Plant processing or extraction facilities shall comply with this chapter and the International Building Code®. The extraction process includes the act of extraction of the oils and fats by use of a solvent, desolventizing of the raw material, production of the miscella, distillation of the solvent from the miscella and solvent recovery. The use, storage, transfilling, and handling of hazardous materials in these facilities shall comply with this chapter, other applicable provisions of this code and the International Building Code®.

(3) Section 3901.2 Existing buildings or facilities. This section has been added to clarify when existing buildings or facilities used for the processing of plants or where the medium of extraction or solvent is changed, they shall comply with this chapter. This section has been added to read: 3901.2 Existing buildings or facilities. Existing buildings or facilities used for the processing of plants or where the medium of extraction or solvent is changed shall comply with this chapter.

(4) Section 3901.3 Permits. This section has been added to clarify permits shall be required as set forth in Sections 105.6 and 105.7. This section has been added to read: Permits shall be required as set forth in Sections 105.6 and 105.7.

(5) Section 3902 Definitions. This section heading has been added to signify the start of a new section of code related to definitions. This section heading has been added to read: 3902 Definitions.

(6) Section 3902.1 Definitions. This section has been added to clarify what terms have definitions in Chapter 2. This section has been added to read: 3902.1 Definitions. The following terms are defined in Chapter 2:

(A) DESOLVENTIZING.

(B) MISCELLA.

(7) Section 3903 Processing and Extraction. This section heading has been added to signify the start of new section of code related to processing and extraction. This section heading has been added to read: 3903 Processing and Extraction.

(8) Section 3903.1 Construction. This section has been added to clarify all processing shall be located in buildings complying with the International Building Code®. This section has been added to read: 3903.1 Construction. Processing shall be located in a building complying with the International Building Code®.

(9) Section 3903.2 Prohibited occupancies. This section has been added to clarify that any extraction equipment and extraction processes utilizing materials classified as physical hazards in accordance with Section 307 of the International Building Code® and other provisions of

this code shall not be located in any building containing a Group A, E, I or R occupancy. This section has been added to read: 3903.2 Prohibited occupancies. Extraction equipment and extraction processes utilizing materials classified as physical hazards in accordance with Section 307 of the International Building Code® and other provisions of this code shall not be located in any building containing a Group A, E, I or R occupancy.

(10) Section 3903.3 Location. This section has been added to clarify extraction equipment and extraction processes utilizing materials classified as physical hazards in accordance with Section 307 of the International Building Code® and other provisions of this code shall be located in a room dedicated to extraction and prohibits the room from being used for any other purpose. The section prohibits the storage of solvents in the extraction room. This section has been added to read: 3903.3 Location. The extraction equipment and extraction processes utilizing materials classified as physical hazards in accordance with Section 307 of the International Building Code® and other provisions of this code as solvents shall be located in a room dedicated to extraction and the room shall not be used for any other purpose. There shall be no storage of solvents in the extraction room.

(11) Section 3903.4 Post-process purification and winterization. This section has been added to clarify post processing and winterization involving the heating, cooling or pressurizing of miscella to other than normal pressure or temperature shall be approved and performed in an appliance listed for such use and shall comply with Sections 3903.4.1 or 3903.4.2. The section prohibits the use of domestic or commercial cooking appliances. This section has been added to read: 3903.4 Post-process purification and winterization. Post-processing and winterization involving the heating, cooling or pressurizing of the miscella to other than normal pressure or temperature shall be approved and performed in an appliance listed for such use and shall comply with Sections 3903.4.1 or 3903.4.2. Domestic or commercial cooking appliances and cooling appliances shall not be used.

(12) Section 3903.4.1 Industrial ovens. This section has been added to require industrial ovens, when used, to comply with Chapter 30. This section has been added to read: 3903.4.1 Industrial Ovens. The use of industrial ovens shall comply with Chapter 30.

(13) Section 3903.4.2 Refrigerators, freezers and other cooling equipment. This section has been added to require refrigerators, freezers and other cooling equipment used to store or cool flammable liquids to be listed for the storage of flammable and/or combustible liquids or shall be listed for Class I Division I locations in accordance with NFPA 70®. This section has been added to read: 3903.4.2 Refrigerators, freezers and other cooling equipment. Refrigerators, freezers and other cooling equipment used to store or cool flammable liquids shall be listed for the storage of flammable and/or combustible liquids or shall be listed for Class I, Division I locations in accordance with NFPA 70®.

(14) Section 3903.4.3. Post-processing. This section has been added to require post-processing operations, including dispensing of flammable liquids between containers, to be performed within a hazardous exhaust fume hood rated for exhausting flammable vapors and listed in accordance UL 1805. The section requires the electrical equipment utilized within the hazardous exhaust fume hood to be rated for use in flammable atmospheres and provides an exception for the exhaust fume hood when an approved exhaust system is installed in accordance with NFPA 91®. This section has been added to read: 3903.4.3 Post-processing. Post-processing operations, including dispensing of flammable liquids between containers, shall be performed within a hazardous exhaust fume hood rated for exhausting flammable vapors and listed in accordance with UL 1805. Electrical equipment used within the hazardous exhaust fume hood shall be rated for use in flammable atmospheres. Exception: A hazardous exhaust fume hood is not required where an approved exhaust system is installed in accordance with NFPA 91®.

(15) Section 3903.5 Use of flammable and combustible liquids. This section has been added to specify the use of flammable and combustible liquids for liquid extraction processes, including dispensing of flammable liquids between containers, where the liquid is boiled, distilled, or evaporated, to be located within a hazardous exhaust fume hood, rated for exhausting flammable vapors and listed in accordance with UL 1805. The section requires all electrical equipment used within the hazardous exhaust fume hood to be rated for use in flammable atmospheres, prohibits the heating of flammable or combustible liquids over an open flame, and provides exceptions when certain conditions are met. This section has been added to read: 3903.5 Use of flammable and combustible liquids. The use of flammable and combustible liquids for liquid extraction processes, including dispensing of flammable liquids between containers, where the liquid is boiled, distilled, or evaporated shall be located within a hazardous exhaust fume hood, rated for exhausting flammable vapors and listed in accordance with UL 1805. Electrical equipment used within the hazardous exhaust fume hood shall be rated for use in flammable atmospheres. Heating of flammable or combustible liquids over an open flame is prohibited. Exceptions:

(A) The use of a heating element not rated for flammable atmospheres, where documentation from the manufacturer, or approved testing laboratory indicates the element is rated for heating of flammable liquids.

(B) Unheated processes at atmospheric pressure using less than 16 oz. (473 ml) of flammable liquids are not required to be located within a hazardous exhaust fume hood.

(C) A hazardous exhaust fume hood is not required where an approved exhaust system is installed in accordance with NFPA 91®. Electrical equipment used within this room shall be rated for use in flammable atmosphere.

(16) Section 3903.6 Liquefied petroleum gas. This section has been added to require plant processing and extraction utilizing liquefied petroleum gas to comply with Sections 3903.6.1 through 3903.6.4 and other applicable provisions of this code. This section has been added to read: 3903.6 Liquefied Petroleum gas. Plant processing and extraction utilizing liquefied petroleum gas shall comply with Section 3903.6.1 through 3903.6.4 and other applicable provisions of this code.

(17) Section 3903.6.1 Release of gas. This section has been added to prohibit liquefied petroleum gases from being released to the atmosphere except when released in accordance with Section 7.3 of NFPA 58®. This section has been added to read: 3903.6.1 Release of gas. Liquefied petroleum gases shall not be released to the atmosphere except where released in accordance with Section 7.3 of NFPA 58®.

(18) Section 3903.6.2 Exhaust. This section has been added to require any plant processing and extraction utilizing liquefied petroleum gas including processes for off-gassing spent plant material and oil retrieval to be located under a chemical fume hood, listed in accordance with UL 1805. The section provides an exception where an approved exhaust system is installed in accordance with NFPA 91®. This section has been added to read: 3903.6.2 Exhaust. Plant processing and extraction utilizing liquefied petroleum gas, including processes for off-gassing spent plant material and oil retrieval, shall be located under a chemical fume hood, listed in accordance with UL 1805. Exception: A chemical fume hood is not required where an approved exhaust system is installed in accordance with NFPA 91®.

(19) Section 3903.6.3 Electrical. This section has been added to require the extraction room where liquefied petroleum gas is used as a solvent to be classified as Class I, Division I hazardous location in accordance with NFPA 70®. The section requires all conductive equipment and conductive objects within the extraction room to be bonded and grounded with a resistance of less than 1.0 times 10 to the sixth power ohms in accordance with NFPA 70®. This section has been added to read: 3903.6.3 Electrical. The extraction room where liquefied petroleum gas is used as a solvent shall be classified as Class I, Division I hazardous location in accordance with NFPA 70®. All conductive equipment and conductive objects within the extraction room shall be bonded and grounded with a resistance of less than 1.0 times 10 to the sixth power ohms in accordance with NFPA 70®.

(20) Section 3903.6.4 Automatic fire-extinguishing system. This section has been added to require chemical fume hoods and enclosures, including ductwork required by Section 3903.6.2 to be provided with an automatic fire-extinguishing system complying with Section 903.3.1.1, 904.6, 904.8 or 904.10. This section has been added to read: 3903.6.4 Automatic fire-extinguishing system. Chemical fume hoods and enclosures, including ductwork required by Section 3903.6.2 shall be provided

with an automatic fire-extinguishing system complying with Section 903.3.1.1, 904.6, 904.8 or 904.10.

(21) Section 3903.7 Carbon dioxide extraction. This section has been added to require plant processing and extraction facilities utilizing carbon dioxide solvents to comply with Sections 3903.7.1 through 3903.7.3, Section 5307 and other applicable provisions of the code. This section has been added to read: 3903.7 Carbon dioxide extraction. Plant processing and extraction facilities utilizing carbon dioxide solvents shall comply with Sections 3903.7.1 through 3903.7.3, Section 5307 and other applicable provisions of this code.

(22) Section 3903.7.1 Storage and handling. This section has been added to require all carbon dioxide compressed gas cylinders to be secured to a fixed object to prevent falling. This section has been added to read: 3903.7.1 Storage and handling. All carbon dioxide compressed gas cylinders shall be secured to a fixed object to prevent falling.

(23) Section 3903.7.2 Gas detection system. This section has been added to require a gas detection system complying with Sections 916 and 5307.4.3 to be provided in a room where carbon dioxide solvents are used in the extraction process. This section has been added to read: 3903.7.2 Gas detection system. A gas detection system complying with Sections 916 and 5307.4.3 shall be provided in a room where carbon dioxide solvents are used in the extraction process.

(24) Section 3903.7.3 Carbon dioxide discharge. This section has been added to require the carbon dioxide equipment pressure relief device and blow-off valves to be piped to the exterior of the building. This section has been added to read: 3903.7.3 Carbon dioxide discharge. The carbon dioxide extraction equipment pressure relief device and blow-off valves shall be piped to the exterior of the building.

(25) Section 3904 Systems and Equipment. This section heading has been added to signify the start of new section of code to address the systems and equipment for processing and extraction facilities. This section header has been added to read: 3904 Systems and Equipment.

(26) Section 3904.1 General requirements. This section has been added to require systems and equipment used with the processing and extraction of oils and products from plants, to comply with Sections 3904.2 through 3904.4 and 5003.2, and other applicable provisions of this code, the International Building Code® and International Mechanical Code®. This section has been added to read: 3904.1 General requirements. Systems and equipment used with the processing and extraction of oils and products from plants shall comply with Sections 3904.2 through 3904.4 and 5003.2, and other applicable provisions of this code, the International Building Code®, and International Mechanical Code®.

(27) 3904.2 Systems and equipment. This section has been added to require systems and equipment used for the extraction of oils from plant material to be listed or approved for the specific use or require the unlisted systems

and equipment to be reviewed by a registered design professional who will review and consider any information provided by the systems designer or manufacturer. The section requires for systems and equipment not listed for a specific use that a technical report, in accordance with Section 3904.3, be prepared by the registered design professional and submitted to the fire code official for review and approval, and requires the firm or individual preparing the technical report to be approved by the fire code official prior to performing the analysis. This section has been added to read: 3904.2 Systems and equipment. Systems or equipment used for the extraction of oils from plant material shall be listed or approved for the specific use. If the system used for extraction of oils and products from plant material is not listed, the system shall be reviewed by a registered design professional. The registered design professional shall review and consider any information provided by the system's designer or manufacturer. For systems and equipment not listed for the specific use, a technical report in accordance with Section 3904.3 shall be prepared and submitted to the fire code official for review and approval. The firm or individual preparing the technical report shall be approved by the fire code official prior to performing the analysis.

(28) 3904.3 Technical report. This section has been added to specify a technical report must be reviewed and approved by the fire code official as required by Section 3904.2 prior to the equipment being located or installed at the facility. The section requires the report to be prepared by a registered design professional or other professional approved by the fire code official. This section has been added to read: 3904.3 Technical report. A technical report, reviewed and approved by the fire code official as required by Section 3904.2, is required prior to the equipment being located or installed at the facility. The report shall be prepared by a registered design professional or other professional approved by the fire code official.

(29) 3904.3.1 Report content. This section has been added to list out the items to be included in the technical report required in Section 3904.3. This section has been added to read: Section 3904.3.1 Report content. The technical report shall contain all of the following:

- (A) Manufacturer information.
- (B) Preparer of record of the technical report.
- (C) Date of review and report revision history.
- (D) Signature page, including all of the following:
 - (i) Author of the report.
 - (ii) Date of the report.
 - (iii) Date and signature of registered design professional of record performing the design or peer review.
- (E) Model number of the item evaluated. If the equipment is provided with a serial number the serial number shall be included for verification at the time of site inspection.
- (F) Methodology of the design or peer review process used to determine minimum safety requirement. Methodology shall consider the basis of

design, and shall include a code analysis and code path to demonstrate whether specific codes or standards are applicable.

(G) Equipment description. A list of every component and subassembly, such as fittings, hose, quick disconnects, gauges, site glass, gaskets, valves, pumps, vessels, containers and switches, of the system or equipment, indicating the manufacturer, model number, material and solvent compatibility. Manufacturer's data sheets shall be provided.

(H) A general flow schematic or general process flow diagram of the process. Post-processing or winterization shall be included in this diagram. Primary components of the process equipment shall be identified and match the equipment list required in Item 7. Operating temperatures, pressures and solvent state of matter shall be identified in each primary step or component. A piping and instrumentation diagram (PID or P&ID) shall be provided.

(I) Analysis of the vessel(s) if pressurized beyond standard atmospheric pressure. Analysis shall include purchased and fabricated components.

(J) Structural analysis for the frame system supporting the equipment.

(K) Process safety analysis of the extraction system, from the introduction of raw product to the end of the extraction process.

(L) Comprehensive process hazard analysis considering failure modes and points of failure throughout the process. The process hazard analysis shall include a review of emergency procedure information provided by the manufacturer of equipment or process and not that of the facility, building or room.

(M) Review of the assembly instructions, operational and maintenance manuals provided by the manufacturer.

(N) List of references used in the analysis.

(30) Section 3904.4 Site Inspection. This section has been added to specify prior to the operation of the extraction equipment, when required by the fire code official, the engineer of record or approved professional, as approved in Section 3904.2, inspect the site of the extraction process once equipment has been installed for compliance with the technical report and building analysis. The section requires the engineer of record or approved professional to provide a report of the findings and observations of the site inspection to the fire code official prior to the approval of the extraction process. It requires the field inspection report authored by the engineer of record to include the serial number of the equipment used in the process and confirm that the equipment installed is the same model and type of equipment identified in the technical report. This section has been added to read: 3904.4 Site inspection. Prior to the operation of the extraction equipment, where required by the fire code official, the engineer of record or approved professional, as approved in 3904.2, shall inspect the site of the extraction process once equipment has been installed for compliance with the technical

report and the building analysis. The engineer of record or approved professional shall provide a report of the findings and observations of the site inspection to the fire code official prior to the approval of the extraction process. The field inspection report authored by the engineer of record shall include the serial number of the equipment used in the process and shall confirm that the equipment installed is the same model and type of equipment identified in the technical report.

(31) Section 3905 Safety Systems. This section header has been added to signify the addition of new section of code related to the safety systems for extraction and processing facilities. This section heading has been added to read: Section 3905 Safety Systems.

(32) Section 3905.1 Gas detection. This section has been added to require a continuous gas detection system to be provided for extraction processes utilizing flammable gases as solvents. It requires the gas detection threshold be not greater than 25 percent of the lower explosive limit/lower flammability limit (LEL/LFL) of the materials. This section has been added to read: 3905.1 Gas detection. For extraction processes utilizing flammable gases as solvents, a continuous gas detection system shall be provided. The gas detection threshold shall be not greater than 25 percent of the lower explosive limit/lower flammability limit (LEL/LFL) of the materials.

(33) Section 3905.1.1 System design. This section has been added to require the flammable gas detection system to be listed or approved and calibrated to the types of fuels or gases used for the extraction process. The section requires the gas detection system to be designed to activate when the level of flammable gas exceeds 25 percent of the LFL. This section has been added to read: 3905.1.1 System design. The flammable gas detection system shall be listed or approved and shall be calibrated to the types of fuels or gases used for the extraction process. The gas detection system shall be designed to activate when the level of flammable gases exceeds 25 percent of the LFL.

(34) Section 3905.1.2 Gas detection system components. This section has been added to require gas detection system control units and gas detectors to be listed and labeled in accordance with specific standards for use with the gases and vapors being detected. This section has been added to read: 3905.1.2 Gas detection system components. Gas detection system control units shall be listed and labeled in accordance with UL 864 or UL 2017. Gas detectors shall be listed and labeled in accordance with UL 2075 for use with the gases and vapors being detected.

(35) Section 3905.1.3 Operation. This section has been added to require the activation of the gas detection system to result in the initiation of specific actions to activate alarms and the ventilation systems while deactivating heating systems, located in the extraction room. This section has been added to read: 3905.1.3 Operation. Activation of the gas detection system shall result in all of the following:

(A) Initiation of distinct audible and visual alarm signals in the extraction room.

(B) Deactivation of all heating systems located in the extraction room.

(C) Activation of the mechanical ventilation system, where the system is interlocked with gas detection.

(36) Section 3905.1.4 Failure of the gas detection system. This section has been added to require specific actions to occur when the gas detection system experiences a failure. This section has been added to read: 3905.1.4 Failure of the gas detection system. Failure of the gas detection system shall result in the deactivation of the heating system; activation of the mechanical ventilation system where the system is interlocked with the gas detection system; and initiation of a trouble signal to sound in an approved location.

(37) Section 3905.1.5 Interlocks. This section has been added to require electrical components within the extraction room to be interlocked with the gas detection system and disable all light switches and electrical outlets when the gas detection system is activated. This section has been added to read: 3905.1.5 Interlocks. Electrical components within the extraction room shall be interlocked with the gas detection system. Activation of the gas detection system shall disable all light switches and electrical outlets.

(38) Section 3905.2 Emergency shutoff. This section has been added to require an emergency shutoff system to be provided when extraction processes utilize gaseous hydrocarbon-based solvents. This section has been added to read: 3905.2 Emergency shutoff. Extraction processes utilizing gaseous hydrocarbon-based solvents shall be provided with emergency shutoff systems in accordance with Section 5803.1.3.

(39) Section 3905.3 Emergency power system. This section has been added to require the extraction room lighting and extraction room ventilation system to be provided with emergency power for extraction processes utilizing hydrocarbon gases or liquids as solvents, in accordance with Section 2702 of the International Building Code®. This section has been added to read: 3905.3 Emergency power system. For extraction processes utilizing hydrocarbon gases or liquids as solvents, the extraction room lighting and extraction room ventilation system shall be provided with emergency power in accordance with Section 2702 of the International Building Code®.

- 748:20-4-58. IFC® 2015 Chapter 53 Compressed Gases

Chapter 53 of the IFC® is adopted with the following modifications:

(1) Section 5302.1 Definitions. This section has been modified to clarify the definition for a "CARBON DIOXIDE ENRICHMENT SYSTEM" has been added to the list of definitions defined in Chapter 2. This section has been modified to read: 5302.1 Definitions. The following terms are defined in Chapter 2:

- (A) CARBON DIOXIDE ENRICHMENT SYSTEM.
- (B) COMPRESSED GAS.
- (C) COMPRESSED GAS CONTAINER.
- (D) COMPRESSED GAS SYSTEM.
- (E) NESTING.
- (F) TUBE TRAILER.

(2) Section 5307 Compressed gases not otherwise regulated. This section header has been modified to change the title from "Carbon Dioxide Systems used in Beverage Dispensing Applications" to "Compressed gases not otherwise regulated" and to update Section 5307 to address more than carbon dioxide systems used in beverage dispensing applications. This section header has been modified to read: 5307 Compressed Gases Not Otherwise Regulated.

(3) Section 5307.1 General. The original Section 5307.1 published in the 2015 IFC® has been modified and moved to Section 5307.3 and a new Section 5307.1 with the same section heading entitled: "General" has been added to clarify compressed gases in storage or use not regulated by material specific provisions in other chapters of the code, including asphyxiant, irritant and radioactive gases, shall comply with this section in addition to other requirements in this chapter. This section has been

modified to read: 5307.1 General. Compressed gases in storage or use not regulated by the material-specific provisions of Chapters 6, 54, 55, and 60 through 67, including asphyxiant, irritant and radioactive gases, shall comply with this section in addition to other requirements of this chapter.

(4) Section 5307.2 Ventilation. The original Section 5307.2 published the 2015 IFC®, entitled "Permits" has been stricken from the code. A new Section 5307.2 entitled "Ventilation" has been added in its place. This section has been added to clarify indoor storage and use areas and storage buildings shall be provided with ventilation in accordance with Section 5004.3; and where mechanical ventilation is provided, the system shall be operational during such time as the building or space is occupied. The section provides exceptions to the requirement for mechanical ventilation when a gas detection system complying with Section 5307.2.1 is utilized and when areas containing insulated liquid carbon dioxide systems used in beverage dispensing applications comply with Section 5307.3. This section has been added to read: 5307.2 Ventilation: Indoor storage and use areas and storage buildings shall be provided with ventilation in accordance with Section 5004.3. Where mechanical ventilation is provided, the systems shall be operational during such time as the building or space is occupied. Exceptions:

(A) A gas detection system complying with Section 5307.2.1 shall be permitted in lieu of mechanical ventilation.

(B) Areas containing insulated liquid carbon dioxide systems used in beverage dispensing applications shall comply with Section 5307.3.

(5) Section 5307.2.1 Gas detection systems. This section has been added to require a gas detection system complying with Section 916 or where approved, an oxygen depletion alarm system, either of which initiates audible and visible alarm signals in the room or area where the sensors are installed, shall be provided. This section has been added to read: 5307.2.1 Gas detection systems. In rooms or areas not provided with ventilation in accordance with Section 5307.2, a gas detection system complying with Section 916 or, where approved, an oxygen depletion alarm system, either of which initiates audible and visible alarm signals in the room or area where the sensors are installed, shall be provided.

(6) Section 5307.3 Insulated liquid carbon dioxide systems used in beverage dispensing applications. The original Section 5307.3 published in the 2015 IFC® entitled "Equipment" has been stricken and the originally published Section 5307.1 entitled "General" has been modified and moved to change the title of the section from "General" to "Insulated liquid carbon dioxide systems used in beverage dispensing applications." The section requires insulated liquid carbon dioxide systems with more than 100 pounds (45.4 kg) of carbon dioxide used in beverage dispensing applications to comply with Section 5307.3.1. This section has been modified to read: 5307.3 Insulated liquid carbon dioxide systems used in beverage

dispensing applications. Insulated liquid carbon dioxide systems with more than 100 pounds (45.4 kg) of carbon dioxide used in beverage dispensing applications shall comply with Section 5307.3.1.

(7) Section 5307.3.1. Ventilation. The original section 5307.5 published in the 2015 IFC® has been modified and moved to Section 5307.3.1 by changing the title of the section from "Required protection" to "Ventilation." The section requires insulated liquid carbon dioxide storage tanks, cylinders, piping and equipment located indoors and in any other indoor areas where a leak of carbon dioxide may accumulate to be provided with mechanical ventilation and to be designed to have a negative pressure in relation to the surrounding area. The section contains an exception if there is a gas detection system complying with Section 5307.3.2. This section has been added to read: 5307.3.1 Ventilation. Where insulated liquid carbon dioxide storage tanks, cylinders, piping and equipment are located indoors, rooms or areas containing storage tanks, cylinders, piping and equipment, and other areas where a leak of carbon dioxide is expected to accumulate, shall be provided with mechanical ventilation in accordance with Section 5004.3 and designed to maintain the room containing the carbon dioxide at a negative pressure in relation to the surrounding area. Exception: A gas detection system complying with Section 5307.3.2 shall be permitted in lieu of mechanical ventilation.

(8) Section 5307.3.2 Gas detection system. This section has been added to specify where ventilation is not provided in accordance with Section 5307.3.1, a gas detection system shall be provided in rooms or indoor areas and in below grade outdoor locations with insulated carbon dioxide systems. The section specifies where carbon dioxide sensors shall be provided and requires the system to be designed to activate audible and visible supervisory alarms under specific circumstances and at specific locations. This section has been added to read: 5307.3.2 Gas detection system. Where ventilation is not provided in accordance with Section 5307.3.1, a gas detection system shall be provided in rooms or indoor areas and in below grade outdoor locations with insulated carbon dioxide systems. Carbon dioxide sensors shall be provided within 12 inches (305 mm) of the floor in the area where the gas is expected to accumulate or other approved locations. The system shall be designed as follows:

(A) Activates an audible and visible supervisory alarm at a normally attended location upon detection of a carbon dioxide concentration of 5,000 ppm (9000 mg/cubic meter).

(B) Activates an audible and visible alarm within the room or immediate area where the system is installed upon the detection of a carbon dioxide concentration of 30,000 ppm (54 000 mg/cubic meter).

(9) Section 5307.4 Carbon dioxide enrichment systems. The originally published Section 5307.4 entitled "Protection from damage" has been stricken from the code and has been replaced with a new Section 5307.4

entitled "Carbon dioxide enrichment systems." The section specifies the design, installation and maintenance of carbon dioxide enrichment systems with more than 100 pounds (45.4 kg) of carbon dioxide and carbon dioxide enrichment systems with any quantity of carbon dioxide having a remote fill connection, to comply with Sections 5307.4.1 through 5307.4.7. This section has been added to read: 5307.4 Carbon dioxide enrichment systems. The design, installation and maintenance of carbon dioxide enrichment systems with more than 100 pounds (45.4 kg) of carbon dioxide, and carbon dioxide enrichment systems with any quantity of carbon dioxide having a remote fill connection, shall comply with Sections 5307.4.1 through 5307.4.7.

(10) Section 5307.4.1 Documentation. This section has been added to list the information that must be submitted with the application for permit. This section has been added to read: 5307.4.1 Documentation. The following information shall be provided with the application for permit:

(A) Total aggregate quantity of liquid carbon dioxide in pounds or cubic feet at normal temperature and pressure.

(B) Location and total volume of the room where the carbon dioxide enrichment operation will be conducted. Identify whether the room is at grade or below grade.

(C) Location of containers relative to equipment, building openings, and means of egress.

(D) Manufacturer's specifications and pressure rating, including cut sheets, of all piping and tubing to be used.

(E) A piping and instrumentation diagram that shows piping support and remote fill connections.

(F) Details of container venting, including but not limited to vent line size, material and termination location.

(G) Alarm and detection system and equipment, if applicable.

(H) Seismic support for containers.

(11) Section 5307.4.2 Equipment. This section has been added to require pressure relief, vent piping, fill indicators, fill connections, vent terminations, piping systems and the storage, use and handling of carbon dioxide to be in accordance with Chapter 53 and NFPA 55. This section has been added to read: 5307.4.2 Equipment. Pressure relief, vent piping, fill indicators, fill connections, vent terminations, piping systems and the storage, use and handling of carbon dioxide shall be in accordance with Chapter 53 and NFPA 55.

(12) Section 5307.4.3. Gas detection system. This section has been added to require a gas detection system complying with Section 916 to be provided in rooms or indoor areas in which the carbon dioxide enrichment process is located, in rooms or areas where container systems are located, and in other areas where carbon dioxide is expected to accumulate. The section provides directions on where

the carbon dioxide sensors will be located, how the system shall be designed and specifications for alarm activation. This section has been added to read: 5307.4.3 Gas detection system. A gas detection system complying with Section 916 shall be provided in rooms or indoor areas in which the carbon dioxide enrichment process is located, in rooms or indoor areas in which container systems are located, and in other areas where carbon dioxide is expected to accumulate. Carbon dioxide sensors shall be provided within 12 inches (305 mm) of the floor in the area where the gas is expected to accumulate or leaks are most likely to occur. The system shall be designed as follows:

(A) Activates a low-level alarm upon detection of carbon dioxide concentration of 5,000 ppm (9000 mg/cubic meter).

(B) Activates a high-level alarm upon detection of carbon dioxide concentration of 30,000 ppm (54 000 mg/cubic meter).

(13) Section 5307.4.3.1 System activation. This section has been added to specify the required automatic system activation steps for both low level and high level gas detection alarms. This section has been added to read: 5307.4.3.1 System activation.

(A) Activation of the low level gas detection system alarms shall automatically:

(i) Stop the flow of carbon dioxide to the piping system.

(ii) Activate the mechanical exhaust ventilation system.

(iii) Activate the audible and visible supervisory alarm signal at an approved location within the building.

(B) Activation of the high-level gas detection system alarm shall automatically:

(i) Stop the flow of carbon dioxide to the piping system.

(ii) Activate the mechanical exhaust ventilation system.

(iii) Activate the audible and visible evacuation alarm both inside and outside of the carbon dioxide enrichment area, and the area in which the carbon dioxide containers are located.

(14) Section 5307.4.4 Pressurizing and ventilation. This section has been added to require rooms or indoor areas in which carbon dioxide enrichment is provided to be maintained at a negative pressure in relation to the surrounding areas in the building. The section requires a mechanical ventilation system to be provided in accordance with the International Mechanical Code® and other requirements in the section. This section has been added to read: 5307.4.4 Pressurizing and ventilation. Rooms or indoor areas in which carbon dioxide enrichment is provided shall be maintained at a negative pressure in relation to the surrounding areas in the building. A mechanical ventilation system shall be provided in accordance with the International Mechanical Code® that complies with all of the following:

(A) Mechanical ventilation in the room or area shall be at a rate of not less than 1 cfm per square foot [0.00508 cubic meters divided by (s times meters squared)].

(B) When activated by the gas detection system, the mechanical ventilation system shall remain on until manually reset.

(C) The exhaust system intakes shall be taken from points within 12 inches (305 mm) of the floor.

(D) The ventilation system shall discharge to the outdoors in an approved location.

(15) Section 5307.4.5 Signage. This section has been added to require hazard identification signs to be posted at the entrance to the room and indoor areas where the carbon dioxide enrichment process is located and at the entrance to the rooms or indoor areas where the carbon dioxide containers are located. The section specifies the minimum size of the sign and the required warning language for the sign. This section has been added to read: 5307.4.5 Signage. Hazard identification signs shall be posted at the entrance to the room and indoor areas where the carbon dioxide enrichment process is located and at the entrance to the room or indoor area where the carbon dioxide containers are located. The sign shall be not less than 8 inches (200 mm) in width and 6 inches (150 mm) in height and indicate: CAUTION - CARBON DIOXIDE GAS. VENTILATE THE AREA BEFORE ENTERING. A HIGH CARBON DIOXIDE (C02) GAS CONCENTRATION IN THIS AREA CAN CAUSE ASPHYXIATION.

(16) Section 5307.4.6 Seismic and structural design. This section has been added to require carbon dioxide system containers and piping to comply with the seismic design requirements in Chapter 16 of the International Building Code® and not exceed the floor loading limitation of the building. This section has been added to read: 5307.4.6 Seismic and structural design. Carbon dioxide system containers and piping shall comply with the seismic design requirements in Chapter 16 of the International Building Code® and shall not exceed the floor loading limitation of the building.

(17) Section 5307.4.7 Container refilling. This section has been added to prohibit refilling of carbon dioxide containers located indoors, unless filled from a remote connection located outdoors. This section has been added to read: 5307.4.7 Container refilling. Carbon dioxide containers located indoors shall not be refilled unless filled from a remote connection located outdoors.

(18) Section 5307.5 Required protection. The originally published section 5307.5 entitled "Required protection" in the 2015 IFC® has been modified and moved to Section 5307.3.1 entitled "Ventilation."

(19) Section 5307.5.1 Ventilation. This section has been stricken from the code.

(20) Section 5307.5.2 Emergency alarm system. This section has been stricken from the code.

(21) Section 5308 Compressed gases not otherwise regulated. This section header and the subsequent sections

5308.1 General and 5308.2 Ventilation have been stricken from the code.

748:20-4-85. IFC® 2015 Chapter 80 Referenced Standards

Chapter 80 of the IFC® 2015 is adopted with the following modifications:

- (1) The reference to the International Building Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section has been modified to read: IBC®-15 International Building Code® as adopted and modified by the State of Oklahoma through the OUBCC.
- (2) The reference to the International Existing Building Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section has been modified to read: IEBC®-15 International Existing Building Code® as adopted and modified by the State of Oklahoma through the OUBCC.
- (3) The reference to the International Fuel Gas Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section has been modified to read: IFGC®-15 International Fuel Gas Code® as adopted and modified by the State of Oklahoma through the OUBCC.
- (4) The reference to the International Mechanical Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section has been modified to read: IMC®-15 International Mechanical Code® as adopted and modified by the State of Oklahoma through the OUBCC.
- (5) The reference to the International Plumbing Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through OUBCC." This section has been modified to read: IPC®-15 International Plumbing Code® as adopted and modified by the State of Oklahoma through the OUBCC.
- (6) The reference to the International Residential Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section has been modified to read: IRC®-15 International Residential Code® as adopted and modified by the State of Oklahoma through the OUBCC.
- (7) The referenced standard for NFPA® 2 Hydrogen Technologies Code has been modified to change the edition year from 2011 to 2016. This Section has been modified to read: 02-16 Hydrogen Technologies Code.

Emergency Adoptions

(8) The referenced standard for NFPA® 70® National Electrical Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section has been modified to read: 70-14 National Electrical Code® as adopted and modified by the State of Oklahoma through the OUBCC.

(9) A reference to the UL Standard 1805 - 2002 Standard for Laboratory Hoods and Cabinets has been added to the list of UL standards. This standard has been added to read: UL 1805 - 2002: Standard for Laboratory Hoods and Cabinets. 3903.4.3, 3903.5, 3903.6.2.

748:20-10-10. NEC® 2014 Chapter 4 Equipment for General Use

Chapter 4 of the NEC® 2014 is adopted with the following modifications:

(1) Section 410.2 Definition. This section has been modified to add two definitions to the section:

(A) The definition of HORTICULTURAL LIGHTING EQUIPMENT has been added to clarify lighting equipment identified for horticultural use is to be designed to provide supplemental general illumination within the growing environment. This definition has

been added to read: HORTICULTURAL LIGHTING EQUIPMENT. Lighting equipment identified for horticultural use is designed to provide a spectral characteristic needed for the growth of plants and can also provide supplemental general illumination within the growing environment.

(B) The definition of LUMINAIRE REMOTE POWER SOURCES has been added to clarify Luminaire remote power sources include LED Drivers, fluorescent ballasts or HID ballasts. This definition has been added to read: LUMINAIRE REMOTE POWER SOURCES. Luminaire remote power sources include LED Drivers, fluorescent ballasts, or HID ballasts.

(2) Part XVI. Special Provisions for Horticultural Lighting Equipment. This part header has been added to Article 410 Luminaires, Lampholders, and Lamps to signify the start of a new section of code related to provisions for horticultural lighting equipment. This part heading has been added to read: Part XVI. Special Provisions for Horticultural Lighting Equipment

(3) Section 410.170 General. This section has been added to clarify luminaires complying with Parts I, II, III, IV, V, VI, VII, IX, X, XI, and XII of this article shall be permitted to be used for horticultural lighting. The section clarifies Part XVI of the article shall apply to lighting equipment specifically identified for horticultural use. This section has been added to read: 410.170 General. Luminaires complying with Parts, I, II, III, IV, V, VI, VII, IX, X, XI, and XII of this article shall be permitted to be used for horticultural lighting. Part XVI shall additionally apply to lighting equipment specifically identified for horticultural use.

(4) Section 410.172 Listing. This section has been added to clarify lighting equipment identified for horticultural use is required to be listed. This section has been added to read: 410.172 Listing. Lighting equipment identified for horticultural use shall be listed.

(5) Section 410.174 Installation and use. This section has been added to clarify lighting equipment identified for horticultural use shall be installed and used in accordance with the manufacturer's installation instructions and installation markings on the equipment as required by the listing. This section has been added to read: 410.174 Installation and use. Lighting equipment identified for horticultural use shall be installed and used in accordance with the manufacturer's installation instructions and installation markings on the equipment as required by that listing.

(6) Section 410.176 Locations not permitted. This section has been added to clarify the location and installation where lighting equipment identified for horticultural use is not permitted. This section has been added to read: 410.176 Locations not permitted.

(A) General Lighting. Lighting equipment identified for horticultural use shall not be installed as lighting for general illumination unless such use is indicated in the manufacturer's instructions.

(B) Installed Location. Lighting equipment identified for horticultural use shall not be installed where it is likely to be subject to physical damage or where concealed.

(7) Section 410.178 Flexible cord. This section has been added to clarify flexible cords will be permitted only when provided as part of a listed lighting equipment identified for horticultural use and identified for specific uses. This section has been added to read: 410.178 Flexible cord. Flexible cord shall only be permitted when provided as part of listed lighting equipment identified for horticultural use for any of the following uses:

(A) Connecting a horticultural lighting luminaire directly to a branch circuit outlet.

(B) Interconnecting horticultural lighting luminaires.

(C) Connecting a horticultural lighting luminaire to a remote power source.

(8) Section 410.180 Fittings and connectors. This section has been added to clarify fittings and connectors attached to flexible cords shall be provided as part of a listed horticultural lighting equipment device or system and be installed in accordance with the instructions provided as part of the listing. This section has been added to read: 410.180 Fittings and connectors. Fittings and connectors attached to flexible cords shall be provided as part of a listed horticultural lighting equipment device or system and installed in accordance with the instructions provided as part of that listing.

(9) Section 410.182 Grounding. This section has been added to require lighting equipment identified for horticultural use to be grounded as required in Article 250 and Part V of this article. This section has been added to read: 410.182 Grounding. Lighting equipment identified for horticultural use shall be grounded as required in Article 250 and Part V of this article.

(10) Section 410.184 Ground-fault circuit-interrupter protection. This section has been added to clarify lighting equipment identified for horticultural use employing flexible cord(s) with one or more connectors to be supplied by lighting outlets with ground-fault circuit-interrupter protection. This section has been added to read: 410.184 Ground-fault circuit-interrupter protection. Lighting equipment identified for horticultural use employing flexible cord(s) with one or more connectors shall be supplied by lighting outlets with ground-fault circuit-interrupter protection.

(11) Section 410.186 Support. This section has been added to clarify special fittings identified for support of horticultural lighting equipment shall be designed specifically for the horticultural lighting equipment on which they are installed and shall be used in accordance with the installation instructions provided and shall be securely fastened. This section has been added to read: 410.186 Support. Special fittings identified for support of horticultural lighting equipment shall be designed specifically for the horticultural lighting equipment on which they are

installed and shall be used in accordance with the installation instructions provided and shall be securely fastened.

(12) Section 410.188 Hazardous (classified) locations. This section has been added to clarify where horticultural lighting is installed in hazardous (classified) locations, the horticultural lighting equipment shall conform to Articles 500 through 517 in addition to this article. This section has been added to read: 410.188 Hazardous (classified) locations. Where installed in hazardous (classified) locations, horticultural lighting equipment shall conform to Articles 500 through 517 in addition to this article.

TITLE 800. DEPARTMENT OF WILDLIFE CONSERVATION CHAPTER 25. WILDLIFE RULES

[OAR Docket #20-730]

RULEMAKING ACTION:

EMERGENCY adoption

RULES:

Subchapter 7. General Hunting Seasons

Part 19. Season on Areas Owned or Managed by the Oklahoma Department of Wildlife Conservation and the U.S. Fish and Wildlife Service

800:25-7-139.1. Sandhills WMA [NEW]

AUTHORITY:

Title 29 O.S., Sections 3-103, 5-401; Article XXVI, Section 1 and 3 of the Constitution of Oklahoma; Department of Wildlife Conservation Commission.

ADOPTION:

June 17, 2020

EFFECTIVE:

Immediately upon Governor's Approval

APPROVED BY GOVERNOR:

July 13, 2020

EXPIRATION:

Effective through September 14, 2021, unless superseded by another rule or disapproved by the Legislature.

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

n/a

FINDING OF EMERGENCY:

The Department recently purchased 5,212 acres in Woods County and named it Sandhills Wildlife Management Area. The property remains closed until rules/regulations can be established. Passage of emergency rules will allow the Department to open the property this fall so the public will be able to access and utilize this property and the natural resources found there. Without emergency rules, the Department cannot open the property for public use until the fall of 2021.

Emergency Adoptions

GIST/ANALYSIS:

These rules will establish hunting season dates on the newly acquired Sandhills Wildlife Management Area so that the public can utilize this property and the natural resources beginning this fall.

CONTACT PERSON:

Bill Dinkines, Chief of Wildlife Division, Oklahoma Department of Wildlife Conservation, PO Box 53465, Oklahoma City, OK 73152. Phone: 405/521-2739 or Rhonda Hurst, APA Liaison, phone: 405/522-6279.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):

SUBCHAPTER 7. GENERAL HUNTING SEASONS

PART 19. SEASONS ON AREAS OWNED OR MANAGED BY THE OKLAHOMA DEPARTMENT OF WILDLIFE CONSERVATION AND THE U.S. FISH AND WILDLIFE SERVICE

800:25-7-139.1. Sandhills WMA

The following hunting and trapping seasons apply to the Sandhills WMA:

- (1) Quail: Same as statewide season dates, except closed during the first nine days of deer gun season. Hunting hours close at 4:30 PM daily.
- (2) Pheasant: Same as statewide season dates and bag limit, except closed during first nine days of deer gun season. Hunting hours close at 4:30 p.m. daily.
- (3) Prairie chicken: Closed season.
- (4) Turkey - Fall:
 - (A) Archery: Same as statewide season dates.
 - (B) Gun: Same as statewide season dates, shotgun only.
- (5) Turkey - Spring: Same as statewide season dates, 1 tom limit. Hunting hours close at 7:00 p.m. daily.
- (6) Squirrel: Same as statewide dates, except closed during first nine days of deer gun season.
- (7) Rabbit: Same as statewide dates, except closed during first nine days of deer gun season.
- (8) Crow: Same as statewide season dates, except closed during first nine days of deer gun season.
- (9) Dove: Same as statewide season dates.
- (10) Rail and gallinule: Same as statewide season dates.
- (11) Common snipe: Same as statewide season dates, except closed during first nine days of deer gun season.
- (12) Woodcock: Same as statewide season dates, except closed during first nine days of deer gun season.
- (13) Deer - archery: Same as statewide season dates.
- (14) Deer - Primitive firearms: Same as statewide season dates, except closed to antlerless hunting.
- (15) Deer - gun: Controlled hunts only.
- (16) Trapping: Open to water sets, live box traps and enclosed trigger traps only.

(17) Pursuit with hounds: Same as statewide season dates, except closed during deer gun season.

(18) Predator/furbearer calling: Same as statewide season dates, except closed during deer gun season.

(19) Waterfowl: Same as statewide season dates, except closed during first nine days of deer gun season.

[OAR Docket #20-730; filed 7-31-20]

TITLE 800. DEPARTMENT OF WILDLIFE CONSERVATION CHAPTER 30. DEPARTMENT OF WILDLIFE LANDS MANAGEMENT

[OAR Docket #20-731]

RULEMAKING ACTION:

EMERGENCY adoption

RULES:

Subchapter 1. Use of Department Managed Lands
800:30-1-7. Livestock and feral hogs [AMENDED]

AUTHORITY:

Title 29 O.S., Sections 3-103, 5-401; Article XXVI, Section 1 and 3 of the Constitution of Oklahoma; Department of Wildlife Conservation Commission.

ADOPTION:

June 17, 2020

EFFECTIVE:

Immediately upon Governor's Approval

APPROVED BY GOVERNOR:

July 13, 2020

EXPIRATION:

Effective through September 14, 2021, unless superseded by another rule or disapproved by the Legislature.

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

n/a

FINDING OF EMERGENCY:

The Feral Swine Eradication and Control Pilot Program (FSCP) was established in the 2018 Farm Bill to respond to the threat feral swine pose to agriculture, native ecosystems, and human/animal health. This Program is a joint effort between USDA, NRCS and the Department to eradicate feral swine in the 2 designated zones in Oklahoma. Within these two zones are four Wildlife Management Areas (WMA's) that currently allow feral swine hunting. For efficiency and safety, these four WMA's need to be closed immediately to hog hunting so that Program personnel can conduct eradication efforts without interference. Without emergency rules, feral swine hunting on these WMA's would continue until the fall of 2021, which would compromise and cause serious delays to the eradication efforts.

GIST/ANALYSIS:

These rules will eliminate recreational feral swine hunting on the four WMA's within the FSCP zones. This will allow Wildlife Services to begin and increase control efforts on these WMA's without interference and also reduces the incentive for illegal transport/release of feral swine to these WMA's. The WMA's included in this rule are: Hackberry Flat, Kaw, Sandy Sanders, and Waurika.

CONTACT PERSON:

Bill Dinkines, Chief of Wildlife Division, Oklahoma Department of Wildlife Conservation, PO Box 53465, Oklahoma City, OK 73152. Phone: 405/521-2739 or Rhonda Hurst, APA Liaison, phone: 405/522-6279.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):

**SUBCHAPTER 1. USE OF DEPARTMENT
MANAGED LANDS****800:30-1-7. Livestock and feral hogs**

(a) **Livestock.** It is unlawful for any person to willfully or neglectfully allow unauthorized livestock to encroach upon any lands owned or managed by the Oklahoma Department of Wildlife Conservation.

(b) **Horses.** No person shall ride, drive, lead or keep a horse or other livestock on lands owned or managed by the Oklahoma Department of Wildlife Conservation, except Honobia Creek WMA and Three Rivers WMA, during the period of October 1 through January 1 and spring turkey season, annually without prior written approval from the Oklahoma Department of Wildlife Conservation. Individuals or parties of less than 25 may ride on areas with prior written approval of the local biologist during the closed period if no hunting conflict is determined by the biologist. U.S. Forest Service regulations shall apply to those lands owned by the Forest Service. See 800:25-7-71 [REVOKED] (renumbered to 800:30-1-20) also.

(c) **Use of horses.** Hunting on, from or with the aid of horses or mules on WMAs (except U.S. Forest Service lands, Honobia Creek WMA and Three Rivers WMA) is prohibited during daylight hours during the period of October 1 - January 1 and during spring turkey season. Persons holding nonambulatory permits or motor vehicle permits are exempt.

(d) **Feral hogs.** Feral hogs may be taken on lands owned or managed by the Oklahoma Department of Wildlife Conservation during any established hunting season with methods authorized by the Department for that hunting season, except that during any open deer and/or turkey season only appropriate methods, hunting hours, and weapons for that deer and/or turkey season are authorized for taking or pursuing feral hogs. The following WMAs are closed to all hog hunting: Hackberry Flat, Kaw, Sandy Sanders and Waurika. No feral hogs may be removed alive from a WMA.

[OAR Docket #20-731; filed 7-31-20]

Permanent Final Adoptions

An agency may promulgate rules on a permanent basis upon "final adoption," as defined in 75 O.S., Section 250.3(5), of the proposed rules.

Permanent rules are effective ten days after publication in the *Register*, or on a later date specified by the agency in the preamble of the permanent rule document.

Permanent rules are published in the *Oklahoma Administrative Code*, along with a source note entry that cites the *Register* publication of the finally adopted rules in the permanent rule document.

For additional information on the permanent rulemaking process, see 75 O.S., Sections 303, 303.1, 308, 308.1 and 308.3.

GIST/ANALYSIS:

The proposed revision to 10:15-18-1(b) is to take out the "good moral character" requirement for exam applicants in keeping with the removal of the same requirement for qualification applicants under House Bill 1373

("HB 1373"), which became effective November 1, 2019. The removal of 10:15-18-3(b)(3) allows for continuous CPA exam testing. The proposed revisions to 10:15-21-1, 10:15-23-1, and 10:15-25-3, assists in compliance with the Military Service Occupation, Education, and Credentialing Act under Senate Bill 670 (2019). These changes require the application of an active duty military personnel or their spouse to be processed expeditiously and also waives the application fee. The proposed revisions also grant a waiver of the first year registration and permit fees for those same military personnel applicants. The addition of 10:15-27-16 allows the Board to charge a \$95.00 fee, as authorized under HB 1373, for an "initial determination of eligibility request" for those applicants with criminal history. The proposed revisions to 10:15-37-11 are to set out the framework to effectuate the requirements under HB 1373. Under the new law, the Board must maintain and make available to the public a list of criminal offenses that would disqualify an individual from holding a license or certificate.

CONTACT PERSON:

Randall A. Ross, CPA, Executive Director, or LaLisa Semrad, Staff Liaison to the OAB Rules Committee, Oklahoma Accountancy Board, 201 NW 63rd Street, Suite 210, Oklahoma City, OK 73116, (405) 521-2397, rross@oab.ok.gov or lsemrad@oab.ok.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 18. COMPUTER-BASED EXAMINATION

10:15-18-1. Applications for examination

(a) An application for qualification in a format prescribed by the Board, will not be considered filed until the application and all required fees as provided by §15.8 of the Act and supporting documents, including but not limited to photographs and official transcripts as proof that the applicant has satisfied the education requirement, are received by the Board.

(b) Evidence, ~~by means established in Title 59, Section 15.8 of the Act, is obtained to substantiate that the applicant is of good moral character~~ by submission to a national criminal history record search, that the applicant has not committed a criminal offense that would disqualify the applicant from holding a certificate or license;

(c) A candidate's application for examination will not be considered filed until the application in a format prescribed by the Board and the application fee as provided in Subchapter 27 are received by the Board.

(d) Failure of a candidate to furnish all information requested by the Board within the time frame set by the Board shall be grounds for denying such candidate admission to the examination.

Permanent Final Adoptions

(e) Any candidate who gives false information to the Board in order to be eligible to take the examination shall be subject to disciplinary action by the Board.

10:15-18-3. Retake and granting of credit requirements

(a) A grade of seventy-five (75) in each required test section shall be the minimum passing grade for purposes of granting credit.

(b) A candidate may take the required test sections individually and in any order. Credit for any test section(s) passed shall be valid for eighteen months from the date the candidate took that test section, without having to attain a minimum score on any failed test section(s) and without regard to whether the candidate has taken other test sections.

(1) A CPA candidate must pass all four test sections of the AICPA Uniform CPA Examination within a rolling eighteen-month period, which begins on the date that the first test section(s) passed is taken. In the event all four test sections of the AICPA Uniform CPA Examination are not passed within the rolling eighteen-month period, credit for any test section(s) passed outside the eighteen-month period will expire and that/those test section(s) must be retaken.

(2) A PA candidate must pass the Financial Accounting and Reporting (FAR), Auditing and Attestation (AUD), and Regulation (REG) sections of the AICPA Uniform CPA Examination within a rolling eighteen-month period, which begins on the date that the first test section(s) passed is taken. In the event all three test sections of the PA Examination are not passed within the rolling eighteen-month period, credit for any test section(s) passed outside the eighteen-month period will expire and that/those test section(s) must be retaken.

~~(3) A candidate cannot retake a failed test section(s) in the same examination window. An examination window refers to a three month period in which a candidate has an opportunity to take the CPA/PA examination (comprised of two months in which the examination is available to be taken and one month in which the examination will not be offered while routine maintenance is performed and the item bank is refreshed). Thus, a candidate will be able to test two out of the three months within an examination window.~~

(c) A candidate shall be deemed to have passed the CPA examination once the candidate holds at the same time valid credit for passing each of the four test sections of the examination within the rolling eighteen month period. For purposes of this section, credit for passing a test section of the computer-based examination is valid from the actual date of the testing event for that test section, regardless of the date the candidate actually receives notice of the passing grade.

(d) A candidate shall be deemed to have passed the PA examination once the candidate holds at the same time valid credit for passing each of the three test sections of the examination within the rolling eighteen month period. For purposes of this section, credit for passing a test section of the computer-based examination is valid from the actual date of the testing event for

that test section, regardless of the date the candidate actually receives notice of the passing grade.

SUBCHAPTER 21. RECIPROCITY

10:15-21-1. Application for certificate or license

(a) An applicant seeking to obtain an Oklahoma reciprocal certificate or license, who holds a valid certificate or license pursuant to the laws of another jurisdiction shall provide the Board with:

(1) written proof of test scores received on all examinations from the examining jurisdiction;

(2) written information that the applicant met or currently meets all Oklahoma requirements for eligibility as provided by statute, §15.13, Title 59, Oklahoma Statutes and these rules;

(3) a current certificate of good standing from the jurisdiction who issued the certificate or license upon which the reciprocal certificate or license is based;

(4) written proof of having met all Oklahoma continuing professional educational requirements for those applicants seeking a permit to practice public accounting;

(5) evidence of successful completion of the AICPA ethics examination or its equivalent as determined by the Board; and

(6) evidence, by means established in Section 15.9 of the Act, is obtained to substantiate that the applicant is of good moral character.

(b) The application for a reciprocal certificate or license shall be filed within one hundred twenty (120) days of employment with a public accounting firm located in this state or engaging in the practice of public accounting in Oklahoma.

(c) An application for a reciprocal certificate or license, in a format prescribed by the Board, will not be considered filed until the application, all required documents as proof that the applicant has satisfied the eligibility requirements, and fees are received by the Board.

(d) The filed application of an active duty military personnel or their spouse shall be processed expeditiously and the requested certificate or license shall be issued within thirty (30) days, assuming the eligibility requirements are met. In addition, pursuant to the Military Service Occupation, Education and Credentialing Act, the reciprocal application fee shall be waived for an active duty military personnel or their spouse.

SUBCHAPTER 23. REGISTRATION

10:15-23-1. Registration of individuals

(a) All individuals shall register annually by the last day of the individuals' birth months as provided in Section 15.14 of the Oklahoma Accountancy Act and shall file a registration statement with the Board in a format prescribed by the Board. The certificate or license shall be considered lapsed after the last day of the birth month.

(b) All registration statements shall be accompanied by a registration fee.

(1) In the case of a registrant who has reached the age of sixty-five (65), the registration fee shall be reduced, as provided in Subchapter 27.

(2) In the case of a registrant who is disabled beyond gainful employment, as provided in Section 15.14 of the Oklahoma Accountancy Act, the registration fee may be waived for the period of disability.

(3) In the case of a registrant who is retired as defined in Subchapter 1, the registration fee shall be waived.

(4) Pursuant to the Military Service Occupation, Education and Credentialing Act, the first year registration fee shall be waived for an active duty military personnel or their spouse.

(45) All requests for a reduction or waiver of the registration fee shall be addressed to the Board, in writing.

(56) The Board shall use its discretion in determining the conditions required for disability.

(c) In addition to the registration fee paid by an individual, there shall be a fee for registering after the last day of the renewal month but within twelve (12) months after the lapse date of the certificate or license.

(d) In addition to the registration fee paid by an individual, there shall be a fee for registering later than twelve (12) months following the lapse date of the certificate or license.

(e) Evaluation of qualifications and approval of registrations filed by individuals shall be performed by the Executive Director or his/her designee, subject to the review and supervision of the Board.

(f) Denial of individual registrations shall be by the Board.

(g) During the period when a certificate or license is suspended by the Board, the suspended registrant shall be required to file annually with the Board an informational report in a format prescribed by the Board. No fee shall be required with such filing.

(h) Renewal forms delivered to the Board office via carrier service with a postmark or ship date on or before the set expiration date as provided in this subsection shall be deemed timely filed.

SUBCHAPTER 25. PERMITS

10:15-25-3. Individual permit

(a) Any registrant engaged in the practice of public accounting, regardless of whether such services are rendered for compensation, must have a permit, except for a licensed attorney providing tax services who does not display the certificate or license and does not have any reference thereto on professional stationery, business cards, or printed or electronic format. However, for purposes of this section, an individual may not be considered to be in the practice of public accounting if the individual performs an incidental amount of non-compensated services for immediate family members. An individual who meets the definition of retired or inactive status as defined in the Code or the Act is not considered to be in the practice of public accounting. In order to obtain a

permit, an individual must have a valid certificate or license, be properly registered, pay all applicable fees, and comply with the continuing education requirements.

(b) The application for renewal of a permit shall be filed with the Board in a format prescribed by the Board prior to the expiration of the permit.

(c) At the time the application for a permit is filed, the registrant shall attest to compliance with the continuing education requirement for the applicable compliance period as specified by the Board.

(d) An application for a permit may be filed at any time during the year by a registrant who is entering or reentering the practice of public accounting. Such registrant shall attest to compliance with the applicable continuing education requirement.

(e) The fees to obtain a permit to practice shall accompany the application. The fees for the renewal of permits are set forth in Subchapter 27. However, pursuant to the Military Service Occupation, Education and Credentialing Act, the first year permit fee shall be waived for an active duty military personnel or their spouse.

(f) Effective January 1, 2010, the issue dates and expiration dates for individual permits to practice public accounting, as provided in this subchapter, shall be adjusted according to the schedule provided for in 10:15-25-3(g) below.

(g) The Board shall provide a schedule of expiration dates and prorated fees for purposes of transitioning into the new staggered annual renewal dates.

SUBCHAPTER 27. FEES

10:15-27-16. ~~Initial determination of eligibility~~

Each request for an initial determination of eligibility due to criminal history record shall be accompanied by an administrative fee of Ninety-Five Dollars (\$95.00).

SUBCHAPTER 37. ENFORCEMENT PROCEDURES

10:15-37-11. ~~Felony convictions~~ Convictions and pleas

(a) The provisions of this section shall be applicable, except where indicated, to applicants for the examination, examination candidates, and applicants for certificates and licenses; ~~and registrants~~ including registrants seeking renewal of certificates and licenses (applicants).

(b) When an applicant has been convicted of or plead guilty or nolo contendere to a ~~felony~~ crime included on the Board's list of disqualifying crimes, the applicant shall be required to furnish to the Board documentation of the charges and the final judgment of the Court in the form of certified documents from the Court file. Failure by an applicant for the examination to furnish adequate documentation no later than sixty (60) days prior to the commencement of the examination applied for shall result in denial of the application.

Permanent Final Adoptions

(c) Failure of any applicant to cooperate with an investigation conducted by the Board shall result in denial of the application.

~~(d) The Enforcement Committee shall review all documents pertaining to the applicant's conviction or plea and may further require that an investigation be conducted in accordance with Subchapter 37 of the Oklahoma Administrative Code.~~

~~(e) The Board may obtain from the Oklahoma State Bureau of Investigation or other sources a criminal record check of any applicant.~~

~~(e) The Board shall maintain and make available to the public a list of criminal offenses that would disqualify an individual from obtaining or holding a license or certificate. This list shall be periodically reviewed, at least annually, and updated, if necessary, by the Board.~~

~~(f) A person with a criminal history record may at any time, including before obtaining any required education or training, request an initial determination of whether his or her criminal history would potentially disqualify the individual from obtaining a license or certificate. The request shall be in writing and shall include either a copy of the person's criminal history record with explanation of each conviction mentioned in the criminal history record or a statement describing each criminal conviction including the date of each conviction, the court of jurisdiction and the sentence imposed. The person may include a statement with his or her request describing additional information for consideration by the Board including, but not limited to, information about his or her current circumstances, the length of time since conviction and what has changed since the conviction, evidence of rehabilitation, testimonials or personal reference statements and his or her employment aspirations.~~

~~(g) Upon receipt of a written request for consideration of a criminal history record, the Board shall evaluate the request and make an initial determination based upon the information provided in such request whether the stated conviction is disqualifying. A notice of initial determination shall be issued to the petitioner within sixty (60) days from the date such request was received by the Board and shall contain the following statements:~~

~~(1) Whether the person appears eligible for licensure or certification at the current time based upon the information submitted by the requestor;~~

~~(2) Whether there is a disqualifying offense prohibiting the person's licensure or certification at any time and a statement identifying such offense in the criminal history record or information submitted for consideration;~~

~~(3) Any actions the person may take to remedy what appears to be a temporary disqualification, if any;~~

~~(4) The earliest date the person may submit another request for consideration, if any; and~~

~~(5) A statement that the notice of initial determination is only an initial determination for eligibility for licensure or certification based upon the information provided by the requestor.~~

~~(hf) The Enforcement Committee shall make a preliminary determination of whether the applicant satisfies the requirement of good moral character as set forth in Sections 15.8 and~~

~~15.9 of the Act. The Enforcement Committee shall consider, but not be limited to, the nature of the felony conviction or plea and the time period which has elapsed since the offense was committed or judgement was entered. The Board may approve applications disclosing criminal history based upon the nature of the crime, the time period which has elapsed since the offense was committed, and any other factors which the Board deems relevant. When, in the opinion of the Board, public protection requires conditional approval of an applicant, the Enforcement Committee may negotiate a consent order with the applicant. The consent order shall set forth the terms and conditions proposed by the Enforcement Committee for approving the application. All consent orders must be either approved or disapproved by the Board.~~

~~(g) When, in the opinion of the Enforcement Committee, public protection requires conditional approval of an applicant, the Enforcement Committee may negotiate a consent order with the applicant. The consent order shall set forth the terms and conditions proposed by the Enforcement Committee for approving the application. All consent orders must be either approved or disapproved by the Board.~~

~~(h) If the Enforcement Committee is unable to negotiate a consent order with an applicant, or if the Board does not approve the consent order, a hearing may be held to determine whether the application may be approved and to determine conditions for such approval which may be imposed by the Board as a result of the hearing.~~

~~(i) A list of all applicants having criminal histories, with information describing each felony conviction or plea and the penalty imposed for each, shall be presented to the Vice Chair. Board approval must be granted, or a hearing, as ordered by the Board, must be held in conjunction with each application presented to the Board.~~

~~(j) Individual registrants who have a felony conviction or plea are subject to the provisions of the Act and the enforcement procedures set forth in this Subchapter.~~

[OAR Docket #20-605; filed 7-14-20]

TITLE 25. OKLAHOMA AERONAUTICS COMMISSION CHAPTER 15. OAC GRANT PROGRAM

[OAR Docket #20-479]

RULEMAKING ACTION:

PERMANENT final adoption

INCORPORATIONS BY REFERENCE:

N/A

GIST/ANALYSIS:

The proposed permanent rules will modify the definition of Airport Layout Plan/Drawing and add the definition for Project Sketch. It will also alphabetize the already established definitions. A change made to planning will identify the letter of interest requirement for a projects potential inclusion into the Airport Construction Program. Changes made to programming implementation include a signatory requirement when an airport's administration and/or operation is performed by a Trust and clarifying language regarding the type of account a sponsor's share of a project must be deposited in. The amendments will allow staff to consider line-item change orders. The amendments will allow for inclusion of engineering costs incurred pursuant to submitting a completed grant application. The amendments will stipulate the Engineer-of-record is to sign the tabulation of all bids. The amendments will clarify the documentation requirements for reimbursement requests and the Commission's obligation until a satisfactory financial report is completed by the Commission.

All of these changes to the permanent rules are to help clarify and ensure efficiency with the Commission's airport grant program. More specifically, we want our airport grant administration processes to be easily understood by those airports and communities we provide grant funding to across the State of Oklahoma.

CONTACT PERSON:

Michelle Bouziden, Grants Administrator, Oklahoma Aeronautics Commission, 110 N. Robinson, Suite 200, Oklahoma City, OK 73102, (405) 604-6912.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

25:15-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Commission" means the Oklahoma Aeronautics Commission, the state agency responsible for administering airport grant programs for the State of Oklahoma and the Federal Aviation Administration.

"Administrative official" means an official of the airport sponsor who is authorized to legally bind the airport sponsor.

"Airport Construction Program" means a list of airport construction projects approved by the Commission for implementation within a five-year programming horizon showing a description of the project, the cost of each phase of the project, when the project is expected to occur, and the sources of funding.

"Airport Development Worksheet" means a listing of the capital projects needed at an airport over a twenty-year planning horizon together with the estimated cost, construction type, objective code, and airport component for each project. Projects identified for a particular airport must be consistent

with the service level, functional classification, design standard, and airport reference code identified for the airport in the Oklahoma Airport System Plan. An airport development worksheet is developed and maintained for each system plan airport that is not part of the National Plan of Integrated Airport Systems (NPIAS) cooperatively by the airport sponsor and the Commission staff.

"Airport layout plan/drawing" means the basic plan for the layout of an airport that shows, at a minimum, the present boundaries of the airport, the areas that the airport sponsor owns or controls for airport purposes, and any proposed areas that will be acquired by the airport sponsor in the future. It will include the location and nature of existing and proposed airport facilities such as runways, taxiways, aprons, terminal buildings, hangars, roads, and other vital airport infrastructure items. Also, it will provide the location of existing and proposed uses of property under control by the airport sponsor. The full airport layout plan-set is a combination of many pages of documents, including items such as instrument approach path details, terminal area maps, property maps, and the page that is identified as the airport layout drawing. Not every airport will have a full plan-set and may only have an airport layout drawing which will detail most of the above information on a single page drawing.

"Airport Sponsor" or **"Municipality"** is used interchangeably throughout this chapter. Either term means any incorporated city, village, or town of this state, any public institution of higher education, and any county or political subdivision or district of this state, or any public trust thereof, which is, or may be, authorized by law to acquire, establish, construct, maintain, improve, and operate airports, airstrips, and aeronautical facilities. To be eligible for the state grant program, the airport sponsor must be one of the governmental entities referenced in the preceding sentence and included in the Oklahoma Airport System Plan. Nothing herein precludes two or more of these entities from acting jointly as an airport sponsor. In the event a public trust is the airport sponsor, the beneficiary of that public trust must also be a record owner of the airport property.

"Commission" means the Oklahoma Aeronautics Commission, the state agency responsible for administering airport grant programs for the State of Oklahoma and the Federal Aviation Administration.

"Oklahoma Airport System Plan" means the plan, adopted by the Commission, which identifies the airports included in the State's airport system and identifies the service level, functional classification, design standard, and airport reference code for each system airport.

"Administrative Official" means an official of the airport sponsor who is authorized to legally bind the airport sponsor.

"Emergency" means a condition that could not have been foreseen and which affects the safety of the airport sufficiently that the airport or runway may need to be closed if the situation is not remedied.

"FAA" means the Federal Aviation Administration, a unit of the U.S. Department of Transportation.

Permanent Final Adoptions

"Letter of Interest" means a letter expressing the desire of an airport sponsor to have one or more projects included in the Airport Construction Program.

"Non-Primary Entitlement (NPE) funds" are FAA Airport Improvement Program (AIP) funds set aside for general aviation airports listed in the National Plan of Integrated Airport Systems. These airports can each receive up to \$150,000 per year based on the FAA assessment of needs over a 5 year period.

"Notification Letter" means correspondence prepared by the Commission staff informing an airport sponsor that one or more of their projects have advanced to the current year of the Airport Construction Program. The letter sets forth the terms the Commission imposes on airport sponsors participating in the state grant program, describes the project, authorizes the airport sponsor to begin engineering work for the project and directs the sponsor to prepare a grant application once project bids have been received.

"Airport Layout Plan" means the basic plan for the layout of an airport that shows, as a minimum the present boundaries of the airport and of the offsite areas that the airport sponsor owns or controls for airport purposes, and of their proposed additions. It will include the location and nature of existing and proposed airport facilities such as runways, taxiways, aprons, terminal buildings, hangars and roads, and of their proposed modifications and extensions. Also, it will provide the location of existing and proposed non-aviation areas, and of their existing improvements.

"NPIAS Needs Worksheets" are identical to Airport Development Worksheets with the difference being that these are maintained for NPIAS airports.

"Non-Primary Entitlement (NPE) funds" are FAA Airport Improvement Program (AIP) funds set aside for general aviation airports listed in the National Plan of Integrated Airport Systems. These airports can each receive up to \$150,000 per year based on the FAA assessment of needs over a 5 year period.

"Oklahoma Airport System Plan" means the plan, adopted by the Commission, which identifies the airports included in the State's airport system and identifies the service level, functional classification, design standard, and airport reference code for each system airport.

"Project Sketch" shown in color the area and location of proposed construction or rehabilitation work for the accompanying construction grant application.

25:15-1-3. Planning

(a) Planning and Programming Process.

(1) The Commission staff shall, in consultation with airport sponsors, prepare and maintain the Oklahoma Airport System Plan. The Commission shall adopt and approve changes to the plan.

(2) The Commission staff shall assist publicly owned, publicly used airports in identifying airport needs and deficiencies. Airport sponsors eligible to participate in grant programs are sponsors of publicly owned, public use airports included in the Oklahoma Airport System Plan. The Commission staff shall, in consultation with

each airport sponsor, prepare and maintain an airport development worksheet for each airport included in the Oklahoma Airport System Plan. The airport development worksheet shall be reviewed and updated at least once every three years. The airport development worksheet shall identify the capital projects needed at the airport over a 20 year planning horizon, together with the estimated cost, construction type, objective code, and airport component for each project. The identified projects shall be consistent with the service level, functional classification, design standard, and airport reference code identified for the airport in the Oklahoma Airport System Plan.

(3) The Commission staff shall, in consultation with airport sponsors, prepare and update annually the Airport Construction Program. The Commission shall approve the Airport Construction Program.

(b) Airport Construction Program Content.

(1) The Airport Construction Program shall contain a list of proposed State and FAA funded projects that can be implemented with forecast revenues within the five year programming horizon.

(2) Projects included for an airport in the Airport Construction Program shall be consistent with service level, functional classification, design standard, and airport reference code identified for the airport in the Oklahoma Airport System Plan.

(3) The Airport Construction Program shall show the proposed sources of funding for each project.

(4) The Airport Construction Program shall show the proposed implementation schedule for each project.

(5) The Airport Construction Program shall include other priorities, policies, and procedures as adopted by the Commission.

(c) Airport Construction Program Projects.

(1) To be included in the Airport Construction Program a project must be eligible to receive airport grant funding from OAC. To be eligible a project must be conducted on active public-use areas of an airport or to support those public-use areas of an airport. Types of projects considered eligible are listed below:

(A) Maintenance: this type of work is limited to pavement maintenance of runways, taxiways, and aprons and can include routine cleaning, filling, or sealing of cracks/joints, maintenance of pavement drainage systems, patching pavement, and remarking of the above mentioned pavement areas. Items not considered maintenance are applying herbicide to prevent grass encroachment, mowing of airport grass, FOD sweeping, replacing light bulbs, replacing light fixtures due to damage from a manmade source, re-topping of trees that had been previously topped in an OAC project, and other similar type activities.

(B) Rehabilitation: this type of work is a more comprehensive restoration of an item to its original functionality. Items such as pavement sealcoats, overlays, replacement of an entire set of lighting fixtures would be considered rehabilitation.

(C) Reconstruction: this type of work is a complete restoration of an item to its original functionality once it has reached the end of its useful life. This results in a virtually new piece of pavement, electrical system, or building.

(D) New Construction/Installation: this type of work would construct new pavement such as a runway widening or extension, hangar taxiway area, or apron expansion, or construct new structures such as a terminal building, or construct new drainage structures to support the removal of water from the airport. This work item would also include the installation of new navigational aids that weren't previously at an airport such as a precision approach path indicator, runway edge lighting, omnidirectional approach light system, weather observation system, or similar item.

(E) Planning/Design: this type of work includes the engineer design and associated support work with any of the eligible project types. This could also include planning projects such as master plans, airport layout plans, specialty planning studies, and obstruction/approach surveys.

(F) Off-airport: this type of work is typically for the support of on-airport operations. This work item could include items such as obstruction removal, land acquisition, drainage improvements, relocation of roads and utilities, installation of navigational aids, or similar projects.

(2) The following are three basic tests that must be met to determine if a project is justified for inclusion in the Airport Construction Program:

(A) The project advances OAC policy laid out in 3 O.S. § 85 and the adopted Oklahoma Airport System Plan. The basic goals and objectives in these policies include airport safety, security, and capacity, meeting FAA or OAC standards, preserving and improving airport infrastructure that is for the use and benefit of the public, airport planning, and other similar projects.

(B) OAC must determine if there is an actual need for the project at the airport within the five-year horizon.

(C) The project scope is appropriate. OAC must determine that all the elements of the project are necessary to obtain the project scope's overall goal. Any elements that do not meet this criteria must stand on their own separate merit and justification.

(3) For a project to be considered for inclusion in the Airport Construction Program, the airport sponsor must submit a letter of interest to the Commission detailing the basic scope and estimated cost of the project that they want to have included in the Airport Construction Program.

(d) Airport Construction Program Development.

(1) The Airport Construction Program lists projects for which expenditures are expected to begin within the five year programming horizon.

(2) On a two-year cycle, the Commission staff shall update the NPIAS needs database and the ADWS database

(for Non-NPIAS airports). To update the Commission's database, sponsors will use FAA's Overall Development Objective (ODO) data sheet for each requested project.

(3) The Commission staff shall evaluate projects in the NPIAS and ADWS databases and recommend projects for inclusion in the Airport Construction Program based on:

(A) Airport system development priorities, policies, and procedures adopted by the Commission and/or the FAA.

(B) Multi-year on-going projects that are currently identified in the approved Airport Construction Program will be given higher priority during the development of the Airport Construction Program.

(C) The airport's pavement condition index, pavement life-cycle consideration as developed by the pavement management program.

(D) The National Priority Rating System developed by FAA and included in FAA's Order 5100.39 titled "Airports Capital Improvement Plan".

(E) The amount of aviation activity, the types of airplanes served, the numbers of based airplanes at the airport, and the population included in the airport's service area.

(F) Other factors as may be relevant (for example, the services provided at the airport, the sponsor's demonstrated ability to maintain and operate the airport, the sponsor's ability to address safety inspection deficiencies, etc.)

(G) An emergency project request, with verifiable justification, may be submitted to the Commission for inclusion in the Airport Construction Program at any time.

(4) The five year programming horizon of the Airport Construction Program shall be broken down into three general time periods (Appendix A): near-term program, transition year, and the extended program.

(A) Near-term program: This shall be the current year plus years two and three. Projects in this time period are considered to be of low flexibility.

(B) Transition year: This shall be year four. Projects in this time period are considered to be of moderate flexibility.

(C) Extended program: This shall be year five. Projects in this time period are considered to be flexible.

25:15-1-4. Programming Implementation Airport Grant Program Requirements and Procedures

(a) **Contingency.** Implementation of an airport grant program is contingent upon funding being available to the Commission for this purpose.

(b) **Notification to Proceed.**

(1) As funding becomes available, the Commission staff shall send a notification letter to each airport sponsor that has a capital project included in the approved Airport Construction Program as described in 25:15-1-3.

(2) The notification letter shall:

Permanent Final Adoptions

- (A) Advise the airport sponsor of the proposed cost sharing for the project and identify project development items eligible for funding.
- (B) Authorize or direct the airport sponsor to:
- confirm in writing within 30 days the airport sponsor's intention to proceed with the project as programmed;
 - select an engineering consultant and provide a copy of the contract entered into with the consultant;
 - prepare project plans and specifications and to coordinate the project design with the Commission staff;
 - prepare to meet the federal and state administrative requirements depending upon the proposed funding sources;
 - provide updated project costs after the final design is completed;
 - proceed to bid when directed by the Commission staff; and
 - submit a grant application for the Commission's consideration and approval.
- (c) **Grant Application; General Information.**
- The airport sponsor shall submit a complete grant application for a capital project for ~~either~~:
- Reimbursement of the cost of planning and engineering; and/or
 - Reimbursement for the cost of ~~planning or~~ construction based on the bids received by the airport sponsor.
- The airport sponsor's administrative official must sign the grant application form(s). If the administration and/or operation of the airport is performed by a Trust, the Chairman of the Trust must also sign the grant application.
 - The Commission shall consider all grant applications in accordance with 25:15-1-3(c).
 - Reimbursement for the cost of engineering is contingent upon submission of the final set of plans and specifications to the Commission staff.
- (d) **Grant Application; Funding Information.**
- Each airport sponsor must state in its application that it has on hand funds to pay all estimated costs of the proposed project that are not borne by the Commission or any other state or federal agency. As part of this requirement, each airport sponsor is required to provide written verification in the grant application (designated as Exhibit E) to the Commission that the airports sponsor's share of the project has been deposited in a ~~designated~~ an account; that will be used for defraying the costs of the project.
 - If any of the funds for the project are to be furnished by another state or federal agency, the airport sponsor must provide evidence that the funds are available with the grant application.
- (e) **Information Regarding State Level of Participation and Required Matches.**
- For state grants, the maximum level of participation for the Commission shall not exceed 95 percent.
 - For FAA grants for projects identified in the Commission's Airport Construction Program, the Commission may provide half of the match that is required from the airport sponsor.
 - For FAA grants for projects identified in the Commission's Airport Construction Program, the Commission may provide supplemental state grant funding for project items. The maximum level of participation for the Commission in such supplemental funding shall not exceed 95 percent.
 - For non-primary entitlement (NPE) grants or special earmarks, the Commission will not provide half the match that is required from the airport sponsor. If NPE grant funds are transferred from other airport sponsors to an airport sponsor for a project identified in the Commission's Airport Construction Program, the Commission may assist with half of any required match from the receiving airport sponsor so long as it will save the Commission state funds.
 - For terminal building projects, the Commission's maximum cost-share level shall be 50 percent and shall not exceed \$500,000.
- (f) **Grant Application; Project Information.**
- The airport sponsor will provide the following information:
- The airport sponsor shall submit an Airport Layout ~~Plan~~ Drawing or project sketch with the grant application—(designated as Exhibit A) indicating the location of the proposed construction work with all grant applications.
 - The airport sponsor shall submit final project plans and specifications with the grant application (designated as Exhibit B).
 - The airport sponsor shall submit a project narrative with the grant application describing the items of airport development for which the airport sponsor is requesting assistance (designated as Exhibit B-1).
 - The airport sponsor shall submit a line-item project cost list with the grant application that provides a detailed cost breakdown of the project (designated as Exhibit B-2). This list will be based on the bid awarded by the airport sponsor. The amounts on this list are considered not to be exceeded amounts without prior approval, and any ~~Any~~ expenditure over these line-item amounts will not be considered for reimbursement ~~without prior~~ unless approval of ~~the Commission (designated as Exhibit B-2).~~ has been received as described in 25:15-1-4(g).
 - The airport sponsor shall submit the engineering contract for the project scope and the project engineering fees with the grant application (designated as Exhibit B-3).
 - The Sponsor will ~~also~~ submit a certification stating compliance with FAA standards ~~(or state standards with~~ unless an approved Modification to

Standards for state standards has been received from the appropriate funding agencies) agency.

(G) The airport sponsor shall submit the contract for on-site construction observations (designated Exhibit B-4).

(H) The airport sponsor shall provide a signed statement in the grant application that the airport sponsor is not currently in default to any state agency for any obligation related to the development, operation or maintenance of the airport (designated as Exhibit C).

(I) The airport sponsor shall provide a signed statement with the grant application that the airport sponsor will not award any contract to any contractor who is currently suspended or disbarred by any federal agency, the Oklahoma Department of Central Services or the Oklahoma Department of Transportation for the project contemplated under the grant application (designated as Exhibit C-1).

(J) The airport sponsor shall provide an affidavit with the grant application that states the person signing is the administrative official for the sponsor, that the sponsor has not provided any compensation, donation or gift to an officer or employee of the state in procuring the grant, that any employee of the state compensated by the airport sponsor involved in the development of the grant will not provide any services in the project, and that this project will not result in any duplication of previous grant requests or awards (designated as Exhibit C-2).

(g) **Change Orders.** As described in 25:15-1-4(f) the B-2 form lists line-item project costs that cannot be exceeded. During the course of the construction of a project, change orders and/or supplemental agreements may be necessary to increase or decrease bid or line-item amounts and quantities due to unknown or unforeseen circumstances. A change order and/or supplemental agreement shall be sent to the Commission along with a request to amend the approved grant's B-2 line-item or bid item.

(1) For change orders and/or supplemental agreements that will not increase the Commission's overall share for the project the Director may approve such an amendment to the grant application. Change orders and/or supplemental agreements approved by the Director shall be presented to the Commission at its next regular or special business meeting stating the reasons for the change order and/or supplemental agreement with such information as the Commission may require.

(2) For change orders and/or supplemental agreements involving a total increase to the Commission's overall share for the project not to exceed Ten Thousand Dollars (\$10,000) the Director may approve such an amendment to the grant application. Change orders and/or supplemental agreements approved by the Director shall be presented to the Commission at its next regular or special business meeting stating the reasons for the change order and/or supplemental agreement with such information as the Commission may require.

(3) For change orders and/or supplemental agreements involving a total increase to the Commission's overall share for the project in excess of Ten Thousand Dollars (\$10,000) the Commission may approve such an amendment to the grant application.

(gh) **Grant Application; Height Hazard Zoning and Land Use.** Each airport sponsor shall indicate within the application that it has taken action to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and take-off of aircraft, and assuring the protection or control of the aerial approaches to the airport (designated as Exhibit D). The adoption and enacting of these zoning regulations is outlined in Title 3, Section 103 through 116, of the Oklahoma State Statutes.

(hi) **Grant Application; Assurances.** The airport sponsor, upon signing the grant application, agrees to the following assurances:

(1) Upon the approval of the grant by the Commission, the capital project will be completed within a maximum of two years.

(2) The airport sponsor agrees to the following conditions regarding the users of the airport:

(A) Neither the airport sponsor nor the occupant of any of the airport facilities shall discriminate against any person or a class of persons in the use of any facility provided to the public on airport property.

(B) The airport sponsor shall operate the airport in such a manner that the airport is open to all types and classes of users and establish such non-discriminatory conditions required for the safe and efficient operation of the airport.

(C) Any agreement, contract, lease or other arrangement that the airport sponsor enters into shall include provisions that such services meet the demands of all users of the airport, that services shall be provided on a non-discriminatory basis, that charges for goods and services shall be fair and reasonable, that services allow any user of the airport to perform any and all services to their own aircraft, and that essential facilities will be operated in a manner that these facilities shall be available to all users of the airport. In addition, if the airport sponsor provides any or all of these services, the airport sponsor agrees to the same provisions.

(3) The airport sponsor certifies that it has the legal authority to carry out all provisions of the grant application in conformity with State and Federal Statutes, Acts, and Regulations.

(4) The airport sponsor shall reserve sufficient powers and authority when entering into any transaction or arrangement to perform any of the covenants expressed in the grant application.

(5) The airport sponsor shall provide the following minimum essential facilities: a landing area and an aircraft parking area.

(6) The airport sponsor shall agree to properly maintain the airport under the following conditions:

Permanent Final Adoptions

- (A) The airport sponsor will operate and maintain the airport and all facilities to meet the needs of all users of the airport.
- (B) The airport sponsor shall not permit the airport to be used for an activity that would impede or obstruct aeronautical activity.
- (C) The airport sponsor shall appropriate the funds required to properly maintain the airport to prevent deterioration of the facilities. Failure to have a documented pavement maintenance program shall be cause for the Commission to disqualify the airport sponsor for additional funds. In addition, failure to have a documented pavement maintenance program shall be considered a breach of these assurances.
- (7) The airport sponsor shall maintain an updated Airport Layout Plan that has been prepared in accordance with the FAA's regulations and shall not make any alterations to the airport other than those outlined in the approved Airport Layout Plan, or approved by the FAA or the Commission in writing.
- (8) The Commission shall prepare a financial report of income and expenditures of all project funds. All project records shall be maintained by the airport sponsor for not less than three (3) years from the final acceptance of the project by the Commission, and the airport sponsor shall provide access to these records upon request of the Commission or the FAA. This provision shall in no way affect any requirement imposed upon the airport sponsor by the Oklahoma Open Records Act or any other state or federal law. These records shall include such documentary evidence as invoices, cost estimates, payrolls, vouchers, cancelled checks or warrants, and receipts for cash payments that support each item of project costs. The final 10% of state grant funds will not be released until a satisfactory financial report has been completed and accepted by the Commission staff.
- (9) The Commission shall not pay or be obligated to pay for any work on the project that has been incurred prior to the grant application being submitted to and awarded by the Commission except for planning and/or engineering costs incurred pursuant to submitting a completed grant application. In addition, any funds approved by the Commission shall only be used for project costs identified in the grant application unless approval has been obtained as described in 25:15-1-4(g).
- (ij) **Grant Agreement; Terms and Conditions.** Upon the approval of Commission, the completed grant application shall constitute an agreement between the Commission and the airport sponsor. Both the Commission and the airport sponsor are bound to all the requirements of the grant agreement. In addition, all grants of the Commission shall be subject to the following terms and conditions:
- (1) The time period of the grant agreement between the airport sponsor and the Commission shall be twenty (20) years from the date of the airport sponsor's acceptance and/or the life of the improvements contemplated under the grant application.
- (2) The airport and all visual navigational aids shall be under the control of and maintained by the airport sponsor for the period covered by the grant agreement.
- (3) For the purposes of the grant agreement, the airport sponsor must have title free and clear of any reversionary interest, lien, easement, lease, or other encumbrance for all property to be constructed on during the grant agreement. If the property is leased, the airport sponsor asserts that the lease will be maintained no less than the time period of the grant agreement, and in both circumstances, asserts that the property will not be used for any purpose other than the operation of the airport. In addition, airport property as defined in the airport layout plan cannot be transferred by the airport sponsor without the written approval of the Commission.
- (4) The airport and all visual navigational aids shall be made available to all classes of aeronautical users without discrimination by airport sponsor with adequate access at all times.
- (5) The airport sponsor will not grant or permit, either directly or indirectly, any exclusive right to any person, firm or corporation for any aeronautical activities, and will terminate any existing exclusive rights now existing before accepting a grant from the Commission.
- (6) The airport sponsor shall complete the project in accordance with FAA's standard specifications unless prior written modification to standards has been approved by the FAA (for federally funded projects) or the Commission (for state only projects). The airport sponsor shall provide the following reports to the Commission:
- (A) A weekly progress report using the appropriate FAA form;
- (B) A copy of all acceptance tests shall be provided by the acceptance testing laboratory as soon as they are available; and
- (C) An acceptance test summary report shall be provided to the Commission upon completion of the project.
- (7) The airport sponsor, upon request, shall provide annual statements of airport revenues and expenses.
- (8) The airport sponsor shall comply with the Municipal Airports Act, Title 3, Section 65, and the provisions thereafter, of the Oklahoma State Statutes, specifically Section 65.12, that requires that revenues from airport operations be deposited in a separate fund and used exclusively for the airport.
- (9) All airport development using grant funds shall be consistent with the Airport Layout Plan approved by the FAA. A copy of the approved Airport Layout Plan, with any modifications, will be filed with the Commission.
- (10) The airport sponsor shall comply with all applicable provisions of Title 61 of the Oklahoma State Statutes which governs competitive bidding for public construction contracts.
- (11) The airport sponsor shall provide a tabulation of all bids signed by the Engineer-of-record for the project with the grant application.

(12) The airport sponsor shall operate lighting for the airport when such lighting is included in the project.

(13) The Commission and/or the state are not parties to any contract entered into by the airport sponsor to accomplish the project.

(14) The airport sponsor shall understand and agree that should the airport sponsor fail to abide by all of the terms and conditions of the grant agreement, then the funds provided by the Commission shall be withdrawn. In addition, the airport sponsor shall notify the Commission of any delays or problems with the project and request an extension or deviation from the Commission.

(jk) Grant Agreement; Payments.

(1) The airport sponsor shall request reimbursement for project costs from the Commission on a monthly basis upon initiation of the project. The Commission shall reimburse the sponsor only for bid items at the bid unit price. The Commission will only process the request for reimbursement when accompanied by the following documentation:

(A) For federal participation grants, a copy of a ~~signed FAA form SF 271 Outlay Report Invoice Summary Worksheet~~ and a Cost Distribution Worksheet based upon the line items in the executed grant.

(B) For non-federal participation grants, ~~a Cost Distribution Worksheet~~ an Invoice Summary Worksheet based upon line items in the executed grant.

(C) Copies of all vendor invoices.

(D) A construction quantities report from the primary contractor signed by ~~the resident inspector and/or~~ the Engineer-of-record.

(E) All test invoices.

(2) The Commission shall process the monthly requests for reimbursement until 90% of the grant awarded by the Commission is expended or 90% of the Commission's total project cost is expended in the event the project comes in under budget. The final 10% will be released upon the completion of the following items:

(A) ~~A copy of all acceptance tests. The summary of acceptance testing report~~ and if required by the specifications, the calculated lot-wise percentage within limits (PWL) calculation has been submitted to the Commission of the project. The report shall document the results of all acceptance tests performed, the construction lot, location of the material tested and the quantity represented.

(B) A report submitted by the ~~The Resident Inspector or Engineer-of-Record shall submit a report~~ detailing those acceptance tests that were out-of-tolerance and include the pay reductions applied and reasons for accepting any out-of-tolerance material.

(C) All final acceptance and close-out forms for the project have been submitted to the Commission.

(D) ~~A satisfactory financial report has been completed by the Commission.~~ For federal participation grants, a copy of the final signed FAA form SF 271 Outlay Report.

(E) A satisfactory financial report has been completed by the Commission.

(kl) Endorsement by the Commission:

(1) Upon receipt of the fully executed and complete grant application, the Commission staff shall verify compliance with the terms of the notification letter.

(2) If the grant application is found to be in compliance with the terms of the notification letter, the Commission staff shall forward the grant application to the Commission for action.

(3) If the Commission approves the grant application, the Commission staff shall communicate that approval to the airport sponsor with authorization to proceed.

(4) If the Commission staff finds that the grant application is not in compliance with the terms of the notification letter, the Commission staff shall notify the airport sponsor of the non-compliance and suggest possible remedies.

(5) Upon receipt of the Commission staff's finding of non-compliance, the airport sponsor may:

(A) Modify the grant application to bring it into compliance with the terms of the notification letter; or

(B) State the reason that the airport sponsor believes it is in compliance and request that the grant application be forwarded to the Commission for action; or

(C) Agree that it is not in compliance and request that the grant application be forwarded to the Commission as is.

(D) Request the grant application not be forwarded to the Commission.

(6) The Commission staff shall notify the airport sponsor of the Commission's action.

GIST/ANALYSIS:

The permanent rule will set the requirements and procedures to be followed as a result of House Bill (HB) 2118. This legislation provided requirements for wind energy companies to submit documentation to the Aeronautics Commission prior to the construction of wind turbines and other structures associated with wind energy facilities. The substance of these rules will detail the submittal timelines, methods, and documentation for wind energy companies to comply with HB2118 as well as further action required by the Aeronautics Commission to other state agencies

CONTACT PERSON:

Michelle Bouziden, Grants Administrator, Oklahoma Aeronautics Commission, 110 N. Robinson, Suite 200, Oklahoma City, OK 73102, (405) 604-6912.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

25:40-1-1. Purpose of this chapter

The purpose of this chapter is to implement the Aeronautics Commission's responsibilities within the Oklahoma Wind Energy Development Act, 17 O.S. §§ 160.11 et seq., by establishing rules and procedures for an owner of a wind energy facility to submit documentation to the Aeronautics Commission.

25:40-1-2. Definitions

In addition to terms defined in the Oklahoma Wind Energy Development Act, 17 O.S. § 160.11 et seq., the following

word(s) or term(s), when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Clearinghouse" means the Military Aviation and Installation Assurance Siting Clearinghouse.

"Determination of No Hazard" means a document issued by the Federal Aviation Administration.

"Director" means the Director of the Oklahoma Aeronautics Commission.

"FAA" means the Federal Aviation Administration.

"Owner" means the entity having a majority equity interest in commercial wind energy equipment, including their respective successors and assigns.

"Project boundary" means a graphic depiction of a wind energy facility's outer boundary, which should adequately demonstrate the project's outer perimeter, inclusive of all wind turbines.

"Wind energy facility" means an electrical generation facility consisting of one or more wind turbines under common ownership or operating control, and includes substations, meteorological data towers, aboveground and underground electrical transmission lines, transformers, control systems, and other buildings or facilities used to support the operation of the facility, and whose primary purpose is to supply electricity to an off-site customer or customers. Wind energy facility shall not include a wind energy facility located entirely on property held in fee simple absolute estate by the owner of the wind energy facility.

"Wind turbine" means a wind energy conversion system which converts wind energy into electricity through the use of a wind turbine generator and includes the turbine, blade, tower, base, and pad transformer, if any.

SUBCHAPTER 3. SUBMITTAL REQUIREMENTS FOR FEDERAL AVIATION ADMINISTRATION AND DEPARTMENT OF DEFENSE DOCUMENTATION

25:40-3-1. Notification of intent to build a wind energy facility and other notices

(a) The owner of a wind energy facility shall submit to the Aeronautics Commission copies of all initial FAA 7460-1 form(s) for all individual wind turbines or any other individual structure that requires a FAA form 7460-1 that is part of a wind energy facility within thirty (30) days of the initial filing with the FAA.

(b) If the owner of a wind energy facility is required to file subsequent 7460-1 forms with the FAA due to changing locations or heights of individual structures from the locations or heights originally proposed in the initial 7460-1 forms submitted to the Aeronautics Commission, the owner shall, within ten (10) calendar days of filing with the FAA, submit such subsequent 7460-1 forms to the Aeronautics Commission.

(c) The 7460-1 form(s) shall be submitted electronically unless prior approval of another format has been granted by the Director. A cover letter shall accompany the 7460-1 form(s)

detailing the name of the project, the owner of the wind energy facility, and indicating whether the submittal is for initial 7460-1 form(s) or subsequent 7460-1 form(s).

25:40-3-2. Final Documentation from the Federal Aviation Administration and Department of Defense

- (a) The owner of a wind energy facility shall submit to the Aeronautics Commission the Determination of No Hazard from the FAA for each individual wind turbine or other individual structure that requires a 7460-1 form that is part of a wind energy facility prior to the start of construction.
- (b) The owner of a wind energy facility shall submit to the Aeronautics Commission the Military Compatibility Certification Letter or successor form from the Clearinghouse which serves as documentation of the resolution of adverse impacts to the Department of Defense prior to the start of construction.
- (c) All submissions shall be submitted electronically unless prior approval of another format has been granted by the Director.

SUBCHAPTER 5. AERONAUTICS COMMISSION ACTIONS TO THE OKLAHOMA STRATEGIC MILITARY PLANNING COMMISSION

25:40-5-1. Notification to the Strategic Military Planning Commission

After receiving a FAA 7460-1 form from the owner of a wind energy facility, either as an initial or subsequent 7460-1 form, the Aeronautics Commission shall notify the Strategic Military Planning Commission within 10 days of receiving the 7460-1 form.

GIST/ANALYSIS:

The proposed rule amendments increase certain laboratory fees to cover the Department's costs of labor and testing supplies; reduce certain laboratory fee to reflect reduced cost; modify entities to be charged for certain license; and delete obsolete or unused laboratory testing procedures from the Department's fee schedules.

CONTACT PERSON:

Kambi Maddy, Assistant General Counsel, Oklahoma Department of Agriculture, Food, and Forestry, Office of General Counsel, P.O. Box 528804, Oklahoma City, OK 73152-8804, phone: (405) 522-5803, email: kambi.maddy@ag.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 14, 2020:

SUBCHAPTER 3. FEE SCHEDULES

35:2-3-2. Schedules of laboratory fees

- (a) The following schedules of laboratory testing fees shall apply to all samples submitted to the Oklahoma Department of Agriculture, Food, and Forestry Laboratory Services Division, unless otherwise stated.
- (b) All listed fees are for standard analysis time according to the methods utilized and the workload of the Laboratory Services Division. Any request to rush the analysis of a sample shall be subject to a fifty percent (50%) surcharge.
- (c) Samples submitted by or services provided to nonresident persons shall be billed at twice the listed fee.
- (d) Any listed fee may be waived if deemed necessary by the Laboratory Services Division Director.
- (e) Fees may be discounted or waived pursuant to a contract for a high volume of samples as approved by the Board.
- (f) The following administrative fees shall apply to all types of testing:

(1) Extra copies of official reports provided by hard copy, facsimile, or electronic means - \$1.00 per page.

(2) ~~Results delivered by facsimile - \$1.00 per page.~~

(3) Complete analytical data packets with reports - \$50.00 per invoice.

(4) Unlisted tests, special - \$70.00 per hour plus reagent cost.

Permanent Final Adoptions

35:2-3-2.1. Schedule of animal health testing fees

- (a) Equine Infectious Anemia:
 - (1) AGID (agar gel immuno-diffusion) - \$10.00.
 - (2) ELISA (enzyme linked immuno-sorbent assay) - \$10.00.
- (b) Pseudorabies - \$6.00.
- (c) Brucellosis:
 - ~~(1) All tests, except complement fixation (CF) - \$5.00.~~
 - ~~(2) Complement fixation (CF) - \$10.00.~~

35:2-3-2.3. Schedule of meat chemistry testing fees

- (a) Sample preparation - \$5.00.
- (b) Starchy flour (qualitative) - \$11.00.
- (c) Cereal (qualitative) - \$45.00.
- (d) Corn syrup solids - 75.00.
- (e) Fat, total - \$30.00.
- (f) Non-fat dry milk - \$75.00.
- (g) Protein, total - \$20.00.
- (h) Salt - \$42.00.
- (i) Sodium nitrite(quantitative) - \$65.00.
- (j) Potassium nitrite (quantitative) - \$65.00.
- (k) Sodium sulfite, (qualitative) - \$9.00.
- (l) Soy protein - \$45.00.
- (m) Water, total - \$13.00.
- ~~(n) Water activity - \$30.00.~~

35:2-3-2.4. Schedule of microbiological testing fees

- (a) Aerobic plate count - \$22.00.
- (b) Coliform, total (PA, MPN, or MF) - \$22.00.
- (c) E. coli (PA, MPN, or MF) - \$22.00.
- (d) E. coli O157:H7 or STEC - \$66.00.
- ~~(e) Enterococcus - \$44.00.~~
- ~~(f) Coliform, fecal (MF or MPN) - \$22.00.~~
- ~~(g) Listeria spp. or listeria monocytogenes - \$66.00.~~
- ~~(h) Salmonella - \$66.00.~~
- ~~(i) Shigella - \$85.00.~~
- ~~(j) Staphylococcus aureus on petri film - \$85.00~~\$25.00.
- ~~(k) Thermometer check for OK Dairy Program - \$25.00.~~
- ~~(l) Pipette check for OK Dairy Program - \$25.00.~~
- ~~(m) Yeast and mold count - \$25.00.~~
- ~~(n) Antibiotics in dairy products - \$22.00~~\$25.00.
- ~~(o) Somatic cell count in dairy products - \$22.00.~~
- ~~(p) Fat, protein, added water, and lactose in dairy products - \$22.00.~~
- ~~(q) Aflatoxin in dairy products - \$33.00.~~
- ~~(r) Alkaline phosphatase in dairy products - \$33.00.~~
- (q) Water activity in jerky - \$70.00.

35:2-3-2.5. Schedule of pesticide testing fees

- (a) Residue analyses:
 - (1) Water samples:
 - (A) Organochloride/organophosphate/organonitrogen analysis - \$225.00.
 - (B) Herbicide analysis, per test - \$325.00.
 - (C) Unknown/other - \$400.00.
 - (2) Soil samples:

- (A) Organochloride/organophosphate/organonitrogen analysis - \$225.00.
- (B) Herbicide analysis, per test - \$350.00.
- (C) Termiticide analysis - \$225.00.
- (D) Unknown/other - \$375.00.

- (3) Vegetation samples:
 - (A) Organochloride/organophosphate/organonitrogen analysis - \$275.00.
 - (B) Herbicide analysis, per test - \$375.00
 - (C) Unknown/other - \$400.00.

- (4) Organic food program or food samples:
 - (A) Organochloride/organophosphate/organonitrogen analysis - \$275.00.
 - (B) Herbicide analysis, per test - \$375.00.
 - (C) Unknown/other - \$400.00.

- (5) Surface/Swab samples:
 - (A) Organochloride/organophosphate/organonitrogen analysis - \$225.00.
 - (B) Herbicide analysis, per test - \$325.00.
 - (C) Unknown/other - \$400.00.

- (6) Air Samples:
 - (A) Organochloride/organophosphate/organonitrogen analysis - \$225.00.
 - (B) Herbicide analysis, per test - \$325.00.
 - (C) Unknown/other - \$400.00.

- (7) Animal Tissue:
 - (A) Organochloride/organophosphate/organonitrogen analysis - \$375.00.
 - (B) Herbicide analysis, per test - \$400.00.
 - (C) Unknown/other - \$400.00.

- (8) Other matrices not listed above:
 - (A) Organochloride/organophosphate/organonitrogen analysis - \$375.00.
 - (B) Herbicide analysis, per test - \$400.00.
 - (C) Unknown/other - \$400.00.

- (b) Formulations or tank mixes:
 - (1) Concentrates or tank mixes:
 - (A) Single component - \$100.00.
 - (B) Two components - \$150.00.
 - (C) Three or more components - \$225.00.
 - (2) Aerosols - \$275.00.
 - (3) Baits - \$325.00.
 - (4) Unknowns/other - \$350.00.

(c) Hemp (may only be submitted by Consumer Protection Services Division of the Oklahoma Department of Agriculture, Food, and Forestry) Δ9-THC (delta-9-tetrahydrocannabinol) - \$200.00.

35:2-3-12. Schedule of horticulture program fees

(a) The fee for each Federal Phytosanitary Certificate issued or renewed shall be as follows:

- (1) Federal Phytosanitary Certificate PPQ Form 577.
 - (A) If the aggregate commercial value of the product inspected for certification is \$1,250.00 or more: One Hundred and Six Dollars (\$106.00).
 - (B) If the aggregate commercial value of the product inspected for certification is less than \$1,250.00: Sixty One Dollars (\$61.00).

- (2) Federal Phytosanitary Certificate, Processed Plant Products PPQ Form 578.
 - (A) If the aggregate commercial value of the product inspected for certification is \$1,250.00 or more: One Hundred and Six Dollars (\$106.00).
 - (B) If the aggregate commercial value of the product inspected for certification is less than \$1,250.00: Sixty One Dollars (\$61.00).
- (3) Federal Phytosanitary Certificate for Re-export PPQ Form 579.
 - (A) If the aggregate commercial value of the product inspected for certification is \$1,250.00 or more: One Hundred and Six Dollars (\$106.00).
 - (B) If the aggregate commercial value of the product inspected for certification is less than \$1,250.00: Sixty One Dollars (\$61.00).
 - (C) Ten Dollars (\$10.00) for the re-issuance of a Federal Phytosanitary Certificate.
- (4) All Federal Phytosanitary Certificates shall require an administrative fee paid by the Department to USDA in the following amounts:
 - (A) Six Dollars (\$6.00) if the certificate is issued in PCIT.
 - (B) Twelve Dollars (\$12.00) if the certificate is issued outside of PCIT.
- (b) The fee for each State Phytosanitary Certificate issued or renewed shall be as follows:
 - (1) If the aggregate commercial value of the product inspected for certification is \$250.00 or more: Twenty Dollars (\$20.00).
 - (2) If the aggregate commercial value of the product inspected for certification is \$249.00 or less: Five dollars (\$5.00).
 - (3) The Phytosanitary Certificate fee if you do not have an Oklahoma nursery license shall be \$20.00 regardless of aggregate commercial value.
 - (4) There shall be no charge for the issuance of a Phytosanitary Certificate if it is required by the Japanese Beetle Harmonization Plan unless a treatment is monitored by an authorized agent of the Board.
- (c) The fee for each grower, dealer, and landscaper license issued or renewed and inspection conducted shall be as follows:
 - (1) Growers license - Twenty-five Dollars (\$25.00) for each business location.
 - (2) Growers inspection fee - One Dollar (\$1.00) per acre and per 1,000 square feet of greenhouse area inspected.
 - (3) Dealers license fee - Thirty-eight Dollars (\$38.00) for each business location.
 - (4) Landscaper or Personal Use Only license fee - One Hundred Dollars (\$100.00) for each business location.
 - (5) No fee shall be charged for a license issued to any scientific, agricultural, or horticultural club, ~~garden center~~, educational or eleemosynary institution, or any department or branch of the state or federal government.

- (6) Failure to remit the license fee by the 15th day of the month following the expiration month shall result in a penalty fee equal to the cost of the license.
- (d) A fee of Twenty-Five Dollars (\$25.00) shall be charged for any requested inspection or certification and shall be payable at the time of inspection and includes inspections and certificates issued for transporting plants.
- (e) All fees and monies collected under this program shall be paid to the Oklahoma Department of Agriculture, Food, and Forestry.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 14, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

35:15-1-2. Definitions

The following words or terms, when used in this Subchapter, shall have the following meaning unless the context clearly indicates otherwise:

"**Accredited veterinarian**" means a veterinarian approved by the United States Department of Agriculture (USDA) to perform functions required for state or cooperative state and federal animal disease control and eradication programs.

"**Animal disease traceability**" means the ability to trace an animal to its site of application of official identification and/or premises of origin as set out in 9 CFR Parts 71, 77, 78, 86, et al. Traceability for Livestock Moving Interstate; Final Rule.

"**Approved tagging site**" means a premises, authorized by APHIS, State, or Tribal animal health officials, where livestock may be officially identified on behalf of their owner or the person in possession, care, or control of the animals when they are brought to the premises.

"Backtag" means a USDA approved identification system consisting of a tag of special tough paper, bearing identification codes relating to origin of animals, which are stuck to animals a few inches from the midline and just behind the shoulder with very strong glue. The backtag is designed as temporary identification for easy reading in livestock auction markets to help trace the origin of livestock in Department investigations.

"Certificate of veterinary inspection" means an official document or its electronic equivalent approved by the chief livestock official of the state of origin issued by an accredited veterinarian at the point of origin of a shipment of animals that includes the name and address of the consignor; the name and address of the consignee; the entry permit number, if applicable; the age, sex, number, and breed of the animal; sufficient identifying marks or tags to positively identify each animal; purpose of shipment; and the results of all required tests. It shall also include a record of a physical examination of the animal verifying that each animal is free from visible evidence of any contagious, infectious, or communicable diseases and that the animals do not originate from an area of quarantine, infestation, or infection. A certificate of veterinary inspection is valid for thirty (30) days after the date of issuance. The term certificate of veterinary inspection shall also include an official health certificate, an official certificate, or a certificate.

"Commuter herd" means all cattle under common ownership or supervision, that are located on one (1) or more premises in two (2) or more states and there is an interchange or interstate movement of animals between premises in those states as part of the normal farming, breeding or ranching operation without a change of ownership. A commuter herd agreement shall be completed and approval of commuter herd status shall be obtained from each chief animal health official of all states in which the herd resides.

"Designated epidemiologist" means an epidemiologist selected by the State Veterinarian who has been designated to perform those functions necessary for the classification of livestock suspected to be infected with a particular disease, based on an evaluation of test results and consideration of the animal and herd history, as well as other epidemiological factors.

"Livestock special sale" means a consignment, production, or farm sale, other than a regular livestock auction, where livestock are sold.

"Official identification" means any official method of identification approved by USDA, as described by 9 C.F.R. § 86.1, or the State Veterinarian. Official identification for specific species may be further defined within the applicable section of the Oklahoma Administrative Code. Backtags shall not be considered official identification unless the animal is shipped directly to slaughter. The term "official ear tag" is synonymous with "official identification."

"Owner-Shipper statement" means a statement signed by the owner or shipper of the livestock being moved stating the location from which the animals are moved interstate; the destination of the animals; the number of animals covered by the statement; the species of animal covered; the name and address of the owner at the time of the movement; the name and address of the shipper; and the identification of each animal, as

required by the regulations, unless the regulations specifically provide that the identification does not have to be recorded.

"Quarantine" means a written notice or order issued by an authorized agent of the Department showing the boundaries of the area or premise affected, the animals restricted, and conditions, if any. No livestock held under quarantine may be moved or released without a written permit or quarantine release signed by an authorized agent.

"Resident herd of origin" means a group of livestock that have been maintained as a herd or flock on the same premises for at least four (4) months.

"Special sale permit" means a permit from the Animal Industry Services Division to hold a consignment, production, farm, or special sale.

"State animal health official" means the state animal health official, or designee, who is responsible for the livestock and poultry disease control and eradication programs in a state.

SUBCHAPTER 5. BIOLOGICAL PRODUCTS AND LABORATORIES

35:15-5-1. Biological products

(a) No biological product, ~~including antigens, used to immunize, test, or treat in the treatment of~~ livestock or any other species of animals shall be manufactured, produced, transported, distributed, sold, or offered for sale, or ~~possessed~~ used in Oklahoma unless the biological product has been ~~licensed or permitted by and produced in an establishment licensed by the United States Veterinary Biologics Division of the United States Department of Agriculture, and approved by the Oklahoma Department of Agriculture, Food, and Forestry.~~ Exemption: Autogenous vaccines and/or bacterins when prepared for use on individual premises or animals may be prepared in laboratories approved by the Department.

(1) licensed or permitted by the United States Veterinary Biologics Division of the United States Department of Agriculture;

(2) produced in an establishment licensed by the United States Veterinary Biologics Division of the United States Department of Agriculture; and

(3) approved by the Oklahoma Department of Agriculture, Food, and Forestry.

(b) Biological products prepared in laboratories approved by the Oklahoma Department of Agriculture, Food, and Forestry when prepared by any person solely for the treatment of animals of such person or prepared solely for treatment of animals under a veterinary-client-patient relationship in the course of the state licensed professional practice of veterinary medicine by such person shall be exempt from (a) and (d) of this section.

(c) Johne's (Paratuberculosis) vaccine is expressly prohibited in Oklahoma without prior approval of the Department. This approval may be obtained only after a written agreement is developed between the producer, attending veterinarian, and state regulatory officials. A plan of herd management, vaccination, and any restrictions shall be a part of this agreement.

(~~ed~~) Each biological product manufactured, produced, distributed, sold, offered for sale or used in Oklahoma or delivered

for transportation or transported in intrastate or interstate commerce shall be registered with the Department on an annual basis.

(~~de~~) Each person registering biological products shall pay an annual registration fee of Two Hundred Dollars (\$200.00) for each biological product registered.

(1) The Department may require the submission of the complete formula of any biological product.

(2) Trade secrets and formulations submitted with the registration shall be kept confidential.

(~~ef~~) If it appears to the Department that the composition of the biological product is adequate to warrant the proposed claims and if the biological product, its labeling, and other material required to be submitted comply with the requirements of this section, then the biological product shall be registered.

(~~fg~~) Additional registration of a biological product shall not be required in the case of a biological product shipped from one location within Oklahoma to another location within Oklahoma if the location is operated by the same person.

(~~gh~~) All biological product registrations shall expire on March 20 of each year but may be renewed by the Department. Any person who fails to renew a biological product by March 20 of each year shall pay a penalty of an additional Two Hundred Dollars (\$200.00).

(~~i~~) Any biological product that contains any living organism and is produced pursuant to subsection (b) may be used with prior written notice to the Department. Notice shall be provided for each day the person intends to utilize the biological product and shall contain the name of the person prescribing the biological product, the specific location where the biological product will be used, and the reason for using the biological product.

(~~j~~) Any person providing notice to the Department may elect to provide notice to neighboring owners of susceptible species.

(~~hk~~) No person shall sell or offer for sale an unregistered biological product or an expired biological product.

(~~il~~) The term "biological product" shall mean all viruses, serums, toxins (excluding substances that are selectively toxic to microorganisms, including antibiotics), or analogous products at any stage of production, shipment, distribution, or sale, which are intended for use in the treatment of animals and which act primarily through the direct stimulation, supplementation, enhancement, or modulation of the immune system or immune response. The term biological products includes but is not limited to vaccines, bacterins, allergens, antibodies, antitoxins, toxoids, immunostimulants, certain cytokines, antigenic or immunizing components of live organisms, and diagnostic components that are of natural or synthetic origin, or that are derived from synthesizing or altering various substances or components of substances such as microorganisms, genes or genetic sequences, carbohydrates, proteins, antigens, allergens, or antibodies. The term shall not include any product identified and regulated as a pesticide by the Department.

(1) A product's intended use shall be determined through an objective standard dependent upon factors such as representations, oral or written claims, packaging, labeling, or appearance.

(2) The term "analogous products" shall include the following:

(A) Substances, at any stage of production, shipment, distribution, or sale, which are intended for use in the treatment of animals and which are similar in function to biological products in that they act, or are intended to act, through the stimulation, supplementation, enhancement, or modulation of the immune system or immune response;

(B) Substances, at any stage of production, shipment, distribution, or sale, which are intended for use in the treatment of animals through the detection or measurement of antigens, antibodies, nucleic acids, or immunity; or

(C) Substances, at any stage of production, shipment, distribution, or sale, which resemble or are represented as biological products intended for use in the treatment of animals through appearance, packaging, labeling, claims (either oral or written), representations, or through any other means.

(~~jm~~) The term "treatment" shall mean the prevention, diagnosis, management, or cure of diseases of animals.

(~~n~~) The term "unregistered biological product" shall mean a biological product that has not been registered with the Department or a biological product that has been previously registered with the Department but the registration has lapsed.

(~~ko~~) The term "expired biological product" shall mean a biological product which exceeds the expiration date established by the manufacturer.

SUBCHAPTER 13. TESTING AND INSPECTION FOR DISEASE AND RELEASE OF LIVESTOCK AT AUCTION MARKETS

35:15-13-6. Movement of livestock through livestock auction markets

(a) All certificates of veterinary inspection, permits, and other documents, including out-of-state documents accompanying livestock into Oklahoma livestock auction markets, that are incomplete or have been altered in any way are void and shall not be accepted. This includes documents that are incomplete as to official identification number and description of animal it represents. In order to be accurate and acceptable, the prefix of each official identification number shall be recorded.

(b) All livestock shipped or exported from the State of Oklahoma shall meet the state of destination importation requirements.

(c) Dairy cattle or Mexican cattle to be tuberculosis tested after change of ownership that are not held at the livestock auction for testing shall be consigned to the purchaser's accredited veterinarian of choice accompanied by a VS 1-27 form to verify the arrival of the animal for testing.

(~~d~~) Restricted cattle shall be tagged with a slaughter only tag except in instances where the cattle have been tested for the disease of concern.

(~~e~~) Cattle tagged with a Slaughter Only Tag shall not be diverted from slaughter channels and shall be transported to

~~a slaughter establishment or an approved feedlot livestock facility within seven (7) days of sale.~~

~~(f) It shall be a violation of the Oklahoma Administrative Code to remove a Slaughter Only Tag from an animal.~~

~~(g) It shall be a violation of the Oklahoma Administrative Code to present feral swine to a livestock auction market or to sell feral swine at livestock auction markets.~~

SUBCHAPTER 15. EQUINE INFECTIOUS ANEMIA (EIA)

PART 1. GENERAL PROVISIONS

35:15-15-4. Definitions

The following words or terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Adjacent herds" means a group or groups of Equidae sharing common pasture or having any direct contact with an affected herd or positive animal and includes any herd containing an animal purchased from or exchanged with the affected herd. Herds separated by a distance of less than two hundred (200) yards are adjacent herds.

"Affected herd" means a herd of Equidae that contains or has contained one or more animals infected with equine infectious anemia and that has not passed all tests required for release from quarantine.

"Approved laboratory" means a laboratory approved prior to operating by the State Veterinarian and the Federal Area Veterinarian In Charge to conduct an official test for equine infectious anemia.

"Approved market" means a stockyard, livestock market, or other premises approved by the Board, where horses or other Equidae are assembled for sale purposes.

"Direct shipment to slaughter" means the shipment of equine infectious anemia positive or exposed Equidae from the premises of origin or a quarantined holding facility to a slaughter establishment operated under state or federal inspection without diversion of any type.

"Equidae" means a family of perissodactyl ungulate mammals containing a single genus *Equus*, which includes but is not limited to horses, asses, jacks, jennies, hennies, mules, donkeys, burros, ponies, and zebras.

"Equine infectious anemia (EIA)" means a blood borne viral infection of Equidae.

"Exposed animals" means Equidae that have been in contact with, associated with, or adjacent to animals known to be equine infectious anemia positive. Untested animals sold for slaughter at approved markets shall be considered exposed.

"Herd" means one or more Equidae maintained on common ground and includes all Equidae under single or multiple ownership or supervision that are geographically separated but can have an interchange or movement without regard to health status.

"Herd plan" means a herd management and testing agreement designed by a state or federal veterinarian and a

herd owner to control and eradicate equine infectious anemia from an affected, adjacent, or exposed herd of Equidae.

"Livestock dealer" means any person engaged in the business of buying or selling Equidae in commerce or any person registered and bonded under the provisions of the Federal Packers and Stockyards Act of 1921, as amended, who buys Equidae. The term livestock dealer shall not include a farmer or rancher who buys or sells Equidae in the ordinary course of their farming or ranching operation, unless they are registered and bonded under the Federal Packers and Stockyards Act of 1921, as amended.

"Market veterinarian" means any accredited veterinarian who has entered into a written agreement to work a specified market.

"Negative animals" means Equidae that show a negative response to an official test for equine infectious anemia or have been classified negative by the designated epidemiologist, based on history, supplemental tests, or other epidemiological evidence.

~~**"Official Equine Passport" or "Equine Interstate Event Permit"**~~
Extended Equine Certificate of Veterinary Inspection means an ~~approved~~ electronic document issued by an accredited veterinarian ~~at the point of origin of a shipment of equine originating in a state with an equine passport agreement or equine interstate event permit~~ which allows a horse to be transported for up to six (6) months between states with an Extended Equine Certificate of Veterinary Inspection agreement.

"Official in charge" means any manager, superintendent, secretary, or other person responsible for an equine exhibition.

"Official test" means the agar gel immunodiffusion (AGID) or "Coggins" test, the enzyme-linked immunosorbent assay (ELISA) test, or any other diagnostic test approved by the State Veterinarian.

"Owner" means any person with the legal right of possession or having control over any Equidae, and shall include but not be limited to agents, caretakers, and other persons acting on behalf of that person.

"Permit" means an official document that shall accompany positive or exposed Equidae to a quarantined holding facility, an approved slaughter establishment, or approved quarantined premise. The permit shall be issued by the Board, a representative of USDA, or an accredited veterinarian. The permit shall list the name, breed, any registration number, any tattoo, any brand, sex, age, color, and markings sufficient to positively identify each Equidae listed on the form and shall also include the owner's name and address, origin and destination locations, and the purpose of the movement.

"Positive" means any Equidae which discloses a positive reaction to an official test for equine infectious anemia.

"Quarantined holding facility" means a quarantined premise approved by the Board to handle positive or exposed Equidae for a period of not more than thirty (30) days prior to direct shipment to an approved slaughter establishment.

"State or federal veterinarian" means any veterinarian employed by a state or federal regulatory agency.

"**Test eligible**" means all Equidae other than foals less than six (6) months of age accompanied by their negative tested dam.

"**VS Form 10-11**" means the official USDA Equine Infectious Anemia Laboratory Test form labeled VS Form 10-11 or an approved electronic version.

PART 11. REQUIREMENTS FOR EQUIDAE ENTERING OKLAHOMA

35:15-15-111. General requirements for Equidae entering Oklahoma

(a) All test eligible Equidae entering Oklahoma for any purpose other than consignment to a veterinarian's clinic ~~or an approved slaughter facility~~ or livestock auction market shall be accompanied by one of the following:

- (1) ~~An Official Equine Passport~~ A record of a negative official test for EIA conducted within the previous twelve (12) months and an Extended Equine Certificate of Veterinary Inspection.
- (2) A record of a negative official test for EIA conducted within the previous twelve (12) months and a certificate of veterinary inspection.
- (3) An equivalent certificate as approved by the State Veterinarian.
- (4) A copy of a VS Form 10-11 shall be considered an official record of test when accompanied by a properly completed certificate of veterinary inspection.
- (5) An exception to import test requirements may be issued by the Department. To qualify for the exception, the person seeking the exception shall:
 - (A) Apply for an entry permit during the Department's office hours.
 - (B) Obtain a certificate of veterinary inspection issued no more than thirty (30) calendar days prior to entry;
 - (C) Test the Equidae for EIA within thirty (30) days after entry; and
 - (D) Immediately quarantine the Equidae entering Oklahoma pursuant to this subsection until the Equidae is tested negative for EIA.

(b) ~~An Official Equine Passport shall include the following:~~

- (1) ~~The name, breed, sex, age, color, and an electronic identification, a unique brand, or a tattoo to positively identify each Equidae listed on the form, provided that any owner using electronic identification shall carry and maintain a functional reader or scanner.~~
- (2) ~~A record of a physical examination of each Equidae verifying freedom from visible evidence of any contagious, infectious, or communicable diseases at the time of the examination.~~
- (3) ~~The negative test results of an official test for EIA, including the name of the approved laboratory, the case or accession number, and the date of the most recent test.~~
- (4) ~~A VS Form 10-11 or equivalent EIA test chart for each animal.~~

(e) ~~The Official Equine Passport shall be valid and meet import requirements for a period of six (6) months when accompanied by proof of an official negative VS Form 10-11 or equivalent EIA test chart. In no instance shall a permit expiration date exceed twelve (12) months after the date of a negative EIA test.~~

(d) ~~An Official Equine Passport~~ Extended Equine Certificate of Veterinary Inspection shall be accepted from states ~~approved by the State Veterinarian~~ participating in the Extended Equine Certificate of Veterinary Inspection program.

35:15-15-113. Entry requirements to an approved slaughter facility [REVOKED]

- (a) ~~All Equidae consigned to an approved slaughter facility shall be properly and individually identified and accompanied by a waybill, bill of lading, permit, or certificate of veterinary inspection.~~
- (b) ~~Known positive EIA Equidae shall be branded and known exposed animals shall be properly identified.~~
- (c) ~~Known positive and exposed EIA animals shall be accompanied by a permit.~~

SUBCHAPTER 16. CONTAGIOUS EQUINE METRITIS

35:15-16-1. Incorporation by reference

- (a) The contagious equine metritis regulation found in Title 9 of the Code of Federal Regulations (CFR) (2017 ~~2019~~ Revision), Section 93-301 and USDA VS Guidance Document 13406.1 (2013) Revision are hereby adopted in their entirety.
- (b) All words and terms defined or used in the federal regulation incorporated by reference by the Department shall mean the state equivalent or counterpart to those words or terms.

SUBCHAPTER 22. SWINE PSEUDORABIES AND BRUCELLOSIS

PART 1. GENERAL PROVISIONS

35:15-22-4. Requirements for livestock auction markets

- (a) ~~All~~ Except for swine purchased for immediate slaughter, all swine consigned to a livestock auction market shall have an official identification for each pig. The market operator shall maintain a record of each official identification, consignee's name and address, and premise of origin.
 - (1) ~~official identification already in place and the official identification shall be recorded by the livestock auction market; or~~
 - (2) ~~official identification applied and the official identification shall be recorded by the livestock auction market.~~
- (b) ~~The market operator shall maintain a record of all official identifications and the corresponding consignee's name and address.~~

Permanent Final Adoptions

(e) All swine over six (6) months of age not purchased or ~~reassigned~~ as direct to slaughter shall be tested for brucellosis and pseudorabies prior to leaving the livestock auction market.

SUBCHAPTER 34. FERAL SWINE

35:15-34-2. Definitions

The following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Captive feral swine hunter" means a person of any age who procures a hunt at any of the licensed feral swine hunting facilities in Oklahoma.

"Feral swine" means any ~~hog, pig, or swine~~ domestic or wild animal of the species (~~Sus scrofa~~) ~~including, but not limited to, Russian and European wild boar~~ Sus scrofa that ~~are~~ is or has been running at large, free roaming, or wild upon public or private lands ~~in this state, or has been captured, hunted, pursued, maintained, utilized, or released for any sporting purpose and shall also include any hog, pig, or swine species that has lived any part of its life running at large, free roaming, or wild. The term feral swine shall also include any feral phenotype swine, whether or not running at large, free roaming, or wild. The term feral swine shall denote live feral swine and not feral swine carcasses unless otherwise specified.~~

"Feral swine facility" means a handling facility or sporting facility.

"Feral Swine Free Zone" means any region of the state defined by the Board of Agriculture where hunting feral swine or taking feral swine from the region is restricted and the licensing of feral swine facilities or movement of feral swine into or across the region is prohibited.

"Handling facility" means any premises maintaining feral swine in captivity for the purpose of temporary holding, breeding, slaughter, re-sale, dog training, competition, exhibition, personal use, or any other purpose. Commercial hunting is not permitted in a handling facility.

"Sealed trailer" means a trailer or container holding feral swine that an Oklahoma Department of Agriculture, Food, and Forestry or United States Department of Agriculture employee has affixed a seal for special purpose movement displaying a serial number listed on the VS 1-27 form accompanying the transport.

"Sporting facility" means any premises maintaining feral swine in captivity intended for hunting and feral swine are only removed from the premises through hunting.

"Transport" means intrastate or interstate movement of one or more feral swine.

35:15-34-6. Sporting facilities

(a) ~~No new sporting facilities shall be licensed by the Department. The Department may issue a license to an unlicensed sporting facility in operation prior to January 27, 2015 and holding a Commercial Hunting Area license issued by the Oklahoma Department of Wildlife Conservation. Licenses for existing sporting facilities shall be renewable and transferrable.~~

(b) The owner or operator of a sporting facility shall comply with the following requirements:

(1) The owner or operator of a sporting facility shall maintain a perimeter fence at least forty-eight (48) inches tall made of solid walls, game fence, or other material constructed in a manner adequate to reasonably prevent the escape of enclosed feral swine, and the unsolicited additions of feral swine from outside the enclosure.

(2) The owner or operator of a sporting facility shall keep the following records using forms provided by the Department:

(A) The name, 24-hour permit number, and license number for each consignor releasing feral swine into the sporting facility with the corresponding date and number of feral swine released; and

(B) The name of each captive hog hunter killing a feral hog at the sporting facility with the corresponding date and number of feral swine killed.

(3) Any person renewing or procuring a sporting facility license shall provide the following information on a form prepared by the Department:

(A) Name, mailing address, email address, and telephone number of the owner;

(B) Name, mailing address, email address, and telephone number of the operator, if different from the owner;

(C) Name, physical address, and county of the sporting facility;

(D) Legal description to the nearest quarter section and GPS coordinates, if available, of the sporting facility;

(E) A map showing topography of the area with a diagram of the facility structures, fencing plan, and perimeter clearly marked;

(F) Whether the applicant has been convicted of a felony, misdemeanor, administrative, or civil violation of any natural resources requirements, including but not limited to wildlife, forestry, fisheries, environment, or animal health within the past three (3) years in Oklahoma or any other jurisdiction;

(G) Whether the property where the sporting facility is located is owned or leased;

(H) Driving directions from the nearest town; and

(I) Signature under oath "I certify under penalty of law this document, all attachments, and information submitted are to the best of my knowledge and belief, true, accurate, and complete. I am aware there are significant penalties for knowingly submitting false, inaccurate, or incomplete information, including the possibility of fines for each violation."

(4) The owner or operator of a sporting facility shall submit a report describing all feral swine released into or killed at the sporting facility in a month and any other information required by the Department by the 10th day of the following month using forms provided by the Department.

(eb) Sporting facilities may have a gate device installed in the perimeter fence that allow for the ingress of additional

feral swine but does not allow the egress of captive feral swine. These devices shall be inspected and approved by the Department within seven (7) days of installation.

(~~dc~~) Sporting facilities shall be licensed for one year terms beginning July 1 of each calendar year and ending on June 30 of the following calendar year. Applications for the renewal of a sporting facility license shall be due on April 1 of each calendar year.

(~~ed~~) Feral swine shall not be commingled with any domestic livestock species in any sporting facility. Common pens, water sources or food sources accessible by both domestic livestock species and feral swine shall be prohibited. This subsection is not intended to prohibit a licensee from constructing a feral swine facility along the licensee's property line.

(~~fe~~) Live feral swine shall not be transported from a sporting facility to any other location.

(~~gf~~) The owner or operator of a sporting facility shall verify that each person who hunts feral swine on the facility has a valid Oklahoma feral swine hunter's license prior to hunting. If the owner or operator of a sporting facility cannot verify that a person has a feral swine hunter's license prior to hunting, the owner or operator shall collect a captive hog hunter's fee from each hunter using the sporting facility and remit fees collected to the Department on the 10th day of the month following the hunter's visit. The captive hog hunter's fee:

- (1) Shall be collected only once from each hunter during a calendar year;
- (2) Shall be valid for the calendar year in which it is purchased;
- (3) Shall not restrict the number of feral swine the hunter is permitted to kill; and
- (4) Shall not restrict the number of visits a hunter may make to any sporting facility.

(~~hg~~) Any person may apply for a captive feral swine hunter's license by using an online system provided by the Department or by phone during regular business hours.

SUBCHAPTER 35. GARBAGE FEEDING

35:15-35-1. Permits [REVOKED]

~~No person shall feed garbage to swine unless a permit therefor has first been obtained from the State Board of Agriculture. Applications for such permits shall be on a form prescribed by the Board. The State Veterinarian may refuse to issue such permit or suspend any permit that has been issued if the applicant fails to comply with or violates any of the laws or rules of the Board pertaining to the feeding of garbage. The Board may revoke any permit if they find any operator guilty of violating the laws or rules.~~

35:15-35-2. Cooking of garbage [REVOKED]

(~~a~~) A direct fire cooker shall be constructed over a fire box with the bottom of the cooker at least 15 inches above the ground. The cooker shall have a hinged lid completely covering the cooker opening to hold heat.

(~~b~~) The fire box shall be constructed of brick, stone or heavy gauge steel that will not burn out. The fire box shall have a hinged door and smoke stack.

(~~c~~) The cooker shall be separated from any feeding area by a hog tight fence.

(~~d~~) An adequate fuel supply shall be exhibited at all times.

(~~e~~) Cooking on a kitchen or restaurant stove is prohibited.

(~~f~~) Cooker must be sheltered by a roof in order to facilitate cooking during inclement weather. (Does not apply to a steam cooker.)

(~~g~~) A definite schedule for cooking garbage shall be established and filed with the State Veterinarian. (Days and time of day that the cooker will be in operation.) The schedule may be changed by notifying the inspector or the State Veterinarian's office.

(~~h~~) A thermometer shall be supplied by the permit holder, and used to determine the temperature of the garbage being cooked. All garbage, regardless of previous processing, shall, before being fed, be thoroughly heated to at least 212°F., and said temperature shall be maintained for at least thirty (30) minutes, unless treated in some manner approved in writing by the Board or authorized agent of the Board as being equally effective for the protection of animal and human health.

35:15-35-3. Premise and equipment [REVOKED]

(~~a~~) If feeding platforms are used, the platform will constitute at least three (3) square feet for each hog to be fed.

(~~b~~) If troughs are used, at least one (1) linear foot will be supplied for each hog to be fed.

(~~c~~) Excess garbage shall be removed from the premises, and is not to remain on premise over thirty six (36) hours in warm weather. Unused, excess or spoiled garbage shall be buried or burned, and shall under no circumstances be poured or dumped in the feeding or cooking area.

(~~d~~) Premise shall be kept free of all waste materials such as cans, boxes and paper.

(~~e~~) Premise is to be sprayed a minimum of one (1) time each week for fly control during the seasons that flies are active. Effective rodent control measures shall be used.

(~~f~~) Containers used to transport or store garbage are to be closed and shall be sufficiently sealed to prevent access by rodents or insects. These containers are to be kept clean and free from accumulation of grease and foreign matter.

35:15-35-4. Records [REVOKED]

~~A daily log shall be kept by the permit holder giving the amount of garbage collected and cooked, the time of day cooked and the maximum temperature reached, and the length of time cooked. These forms will be furnished by the State Board of Agriculture, and are to be submitted to the inspector or State Board of Agriculture upon request.~~

SUBCHAPTER 36. SCRAPIE

Permanent Final Adoptions

35:15-36-1. Incorporation by reference of federal regulations

Regulations of the United States Department of Agriculture concerning scrapie in sheep and goats found at 9 CFR Part 79 (20172019 Revision) are adopted by reference with the exception of the deleted regulations specified in 35:15-36-2.

35:15-36-2. Deleted regulations

The following sections of the Federal regulations governing scrapie in sheep and goats (9 CFR, Part 79 et seq.) (20172019 Revision) of the USDA incorporated by reference under 35:15-36-1 are deleted and are not rules of the Oklahoma Department of Agriculture, Food, and Forestry: 79.6 and 79.7.

35:15-36-3. Requirements for identification

(a) All sheep and goats imported into Oklahoma shall be identified by a USDA approved official identification device.

(b) All sheep and goats shall be officially identified prior to movement for sale or exhibition.

(1) If moving to a livestock market, identification may be applied by the market before sale.

(2) The state veterinarian may grant a written exception for the official identification of wethers on an individual basis.

SUBCHAPTER 38. BOVINE TRICHOMONIASIS

35:15-38-1. Definitions

The following words or terms, when used in this Subchapter, shall have the following meaning unless the context clearly indicates otherwise:

"Acceptable specimen" means a specimen determined satisfactory for diagnostic testing by the testing laboratory, including complete documentation.

"Approved feedlot" means a confined animal feeding operation (CAFO) licensed by the Department.

"Approved laboratory" means any laboratory designated and approved by the state veterinarian for examining T. foetus samples.

"Approved veterinarian" means a licensed accredited veterinarian who has complied with all Department regulations and educational requirements, and who has been approved by the Department to conduct necessary tests, vaccinations, inspections, and other duties.

"Bovine" means any sexually intact male and female animal of the genus bos.

"Change of ownership" means control of an animal being transferred between two (2) persons by sale, lease, or lending.

"Commingle" means animals of opposite sex and/or belonging to different owners in the same enclosure or pasture with a reasonable opportunity for sexual contact.

"Exposed bull" means an untested bull that has had an opportunity to breed exposed female cattle.

"Exposed female" means a female bovine animal that is sexually intact and sexually mature that could have been exposed to a positive T. foetus bull.

"Herd" means the group of animals consisting of all male and female bovines over twelve (12) months of age that have commingled during the last twelve (12) months.

"Negative T. foetus bull" means a bull that qualifies by one of the following:

(A) originate from a herd not known to be infected and has had a negative official T. foetus bull test within the last year;

(B) originate from a positive herd but has a series of three negative official T. foetus bull tests at intervals of at least one week; or

(C) a negative official T. foetus bull test within sixty (60) days prior to entry with no sexual activity for one (1) week prior to the test and between the test and movement.

"Official T. foetus laboratory testing" means the laboratory procedures that shall be approved by the state veterinarian for culture and identification of T. foetus.

"Official T. foetus bull test" means the sampling of the preputial content of a bull by a licensed, accredited and trichomoniasis certified veterinarian or a veterinarian from the Oklahoma Department of Agriculture, Food, and Forestry. The test shall be conducted after a one week separation from all female bovine and the bull and sample shall be officially identified and documented for laboratory submission. The test may consist of three (3) culture tests at least one (1) week apart or one (1) Real Time PCR test. Pooled samples are acceptable

"Oklahoma trichomoniasis certified free herd" means a herd of cattle that has been determined to be free of bovine trichomoniasis by following the requirements of OAC 35:15-38-4.

"Pooled sample" means a method of sampling where a sample from each bull is submitted in an individual transport pouch and the laboratory mixes aliquots from up to five (5) samples together to economize the test cost.

"Positive T. foetus bull" means a bull that has had a positive T. foetus test.

"Positive T. foetus herd" means the group of all bovines which have had any opportunity for sexual contact in the previous breeding season and in which any male or female animal has had a positive diagnosis for T. foetus.

"Resident herd of origin" means a group of livestock maintained together as a herd or flock on the same premises for at least four (4) months.

"Suspect T. foetus bull" means a bull from a positive T. foetus herd that has not yet had three (3) consecutive negative official T. foetus bull tests.

"Tritrichomas foetus" or **"T. foetus"** means a contagious venereal protozoan parasite disease of the trichomonas foetus species that frequently results in lifetime infection of male bovidae as an inapparent carrier and causes infertility, pyometra, abortions and reproductive inefficiency in female bovidae.

"Unacceptable sample" means a sample that is deemed not diagnostic by the official testing laboratory.

"Virgin bull" means a sexually intact male bovine less than twelve (12) months of age or a sexually intact male bovine between twelve (12) and eighteen (18) months of age that has had no breeding and no potential breeding contact with females.

"Virgin bull affidavit" means a signed affidavit from the owner, manager, or veterinarian that verifies the bull is between twelve (12) and eighteen (18) months of age and has had no breeding and no potential breeding contact with females.

35:15-38-2. Import requirements for bulls

- (a) All bulls entering Oklahoma shall be accompanied by a certificate of veterinary inspection. All non-virgin bulls shall have a negative official T. foetus test within sixty (60) days prior to entry with no exposure to females from seven (7) days prior to the test to the time of change of ownership.
- (b) The pre-entry test shall be conducted at a laboratory approved by the American Association of Veterinary Diagnostic Laboratories or the Oklahoma state veterinarian.
- (c) No bull that has ever previously tested positive for T. foetus shall enter Oklahoma unless the bull is consigned directly to slaughter and is individually identified for movement on a VS form 1-27.
- (d) No bull from a known positive T. foetus herd shall enter Oklahoma unless the bull has three (3) consecutive negative tests at least a week apart within thirty (30) days prior to entry, in addition to a post entry test and the bulls shall be isolated from all females until the in-state test results are known.
- (e) The veterinarian issuing the certificate of veterinary inspection shall list the official identification, date of the test, name of the laboratory, laboratory accession number, type of test, and result of the test for each bull represented on the certificate of veterinary inspection.
- (f) Exceptions to the importation requirements are:
 - (1) transient rodeo or exhibition bulls that will have no sexual contact with a female bovine and are held in a secure facility to prevent contact, excluding pasture while in Oklahoma;
 - (2) bulls consigned direct to slaughter; ~~or~~
 - (3) bulls consigned to a feedlot for feeding and slaughter purposes where they will be isolated from all females; and
 - (4) bulls consigned from a resident herd of origin to a livestock auction market.

SUBCHAPTER 40. BOVINE TUBERCULOSIS

PART 1. DEFINITIONS

35:15-40-1. Definitions

The following words or terms when used in this Subchapter shall have the following meaning unless the context clearly indicates otherwise:

"Accredited free state" means a state that maintains full compliance with all of the provisions of the USDA Uniform Methods and Rules for bovine tuberculosis eradication and

where no evidence of bovine tuberculosis has been disclosed for five (5) or more years.

"Accredited herd" means a herd of cattle, bison, or dairy goats that passed at least two (2) consecutive negative caudal fold tuberculin tests at an interval of not less than ten (10) months nor more than fourteen (14) months, has no other evidence of bovine tuberculosis, and meet the standards of this Subchapter.

"Affected herd" means a herd of cattle, bison, or dairy goats that contains, or has recently contained, one (1) or more animals infected with *Mycobacterium bovis* and has not passed the required tests necessary for release from quarantine.

"Annual tests" means those tests conducted at intervals of not less than ten (10) months nor more than fourteen (14) months.

"Approved feedlot" means a confined dry lot area for the finish feeding of animals on a concentrated feed with no facilities for pasturing or grazing that is licensed as a Concentrated Animal Feeding Operation by ~~ODAFF's~~ the Department's Agriculture Environmental Management Services Division.

"Auction" means a public sale of cattle, bison, or dairy goats to the highest bidder.

"Bison" means a bovine-like animal (genus *Bison*) commonly referred to as American buffalo or buffalo.

"Bovine Tuberculosis" means a disease in cattle, bison, or dairy goats caused by *Mycobacterium bovis*.

"Cattle" means all domestic bovine (genus *Bos*).

"Caudal Fold Tuberculin Test" or "CFT" means the intradermal injection of 0.1 milliliters of USDA bovine purified protein derivative (PPD) tuberculin into either side of the caudal fold, with reading by visual observation and palpation seventy-two (72) hours (+ or - 6 hours) following injection. Animals or herds of unknown status shall not be subjected to retest at intervals of less than sixty (60) days.

"Commission firm" means a person, partnership, or corporation that buys or sells livestock as a third party and reports to the seller or to the buyer details of the transactions whether or not a fee is charged for the services.

"Comparative Cervical Tuberculin Test" or "CCT" means the intradermal injection of biologically balanced bovine PPD tuberculin and avian PPD tuberculin at separate sites in the cervical area and a determination as to the probable presence of bovine tuberculosis (*M. bovis*) by comparing the responses of the two (2) tuberculins seventy-two (72) hours (+ or - 6 hours) following injection.

"Dairy cattle" means any typical dairy framed animals and dairy crossbred animals as determined by the inspecting veterinarian.

"Dairy goats" means domestic caprine (genus *Capra*) kept for the purpose of producing milk for human consumption.

"Dealer" means any person, firm, or partnership engaged in the business of buying or selling cattle, bison, or dairy goats in commerce, either on the dealer's own account or as the employee or agent of the vendor or purchaser, or any person engaged in the business of buying or selling cattle, bison, swine, sheep, or dairy goats in commerce on a commission basis. The term shall not include any person who buys or sells cattle,

bison, or dairy goats as a part of their own bona fide breeding, feeding, or dairy operation; is not engaged in negotiating the transfer of cattle, bison, or dairy goats; or receives cattle, bison, or dairy goats exclusively for immediate slaughter on the person's own premise.

"Eradication" means the complete elimination of bovine tuberculosis from cattle and bison in the state so that the disease does not appear unless introduced from another species or from outside the state.

"Exposed animals" means cattle, bison, or dairy goats that have been exposed to bovine tuberculosis by reason of associating with known tuberculous animals.

"Feedlot" means a confined dry lot area for the finish feeding of animals on a concentrated feed with no facilities for pasturing or grazing.

"Herd" means one or more cattle, bison, or dairy goats maintained on common ground or two (2) or more groups of cattle, bison, or dairy goats under common ownership or supervision that are geographically separated but can have an interchange or movement without regard to health status.

"Herd plan" means a herd management and testing plan designed by a state or federal regulatory veterinarian and the herd owner that will control and eventually eradicate bovine tuberculosis from an affected, adjacent, or exposed herd.

"High risk cattle" means cattle from countries, states, or areas that are not considered Bovine Tuberculosis free, including but not limited to, dairy cattle, exhibition cattle, rodeo cattle, and Mexican origin cattle.

"Mexican origin" means cattle that originate or have ever resided in Mexico.

"Modified Accredited Advanced State" means a state that is actively participating in the eradication of bovine tuberculosis and that maintains its status in accordance with the provisions of the USDA Uniform Methods and Rules for Bovine Tuberculosis Eradication.

"Modified Accredited State" means a state that is actively participating in the eradication of bovine tuberculosis and that maintains its status in accordance with the provisions of the USDA Uniform Methods and Rules for Bovine Tuberculosis Eradication.

"Natural additions" means animals born and raised in a herd.

"No Gross Lesion Animals" or **"NGL"** means any cattle, bison, or dairy goats that do not reveal a lesion of bovine tuberculosis upon postmortem inspection. Any animal with skin lesions alone shall be considered a NGL animal.

"Official in charge" means any manager, superintendent, secretary, or other person responsible for an exhibition.

"Official tuberculin test" means a test for tuberculosis conducted and reported by approved personnel in accordance with this Subchapter and the USDA Uniform Methods and Rules for bovine tuberculosis eradication. The official tuberculin tests are the caudal fold test, the comparative cervical test, the single cervical test, gamma interferon test, or any other test that is approved by the United States Department of Agriculture (USDA).

"Permit" means a VS 127 issued by an authorized agent of the State Board of Agriculture, a representative of USDA

APHIS Veterinary Services or an accredited veterinarian that is required to accompany any reactor, suspect, or exposed animals to slaughter.

"Reactor" means any animal that may be classified as a reactor by the designated epidemiologist based on supplemental diagnostic tests results from approved laboratories or other information.

"Rodeo bulls" means sexually intact male cattle kept for the purposes of performances at rodeos, bucking events, exhibition purposes, or for breeding to produce rodeo bulls.

"Suspect" means any cattle, bison, or goats that show a response to the caudal fold tuberculin test and are not classified as reactors, and cattle, bison, or goats that are classified suspects by a comparative cervical test.

"Tuberculin" means a product that is approved by and produced under USDA license for injection into cattle, bison, or goats for the purpose of detecting bovine tuberculosis.

SUBCHAPTER 44. FARMED CERVIDAE

35:15-44-3. Application for license

(a) An application for a farmed cervidae facility shall contain the following complete, accurate, and legible information, in addition to the information required by the Farmed Cervidae Act:

- (1) Email addresses, if available, of the applicant.
- (2) Name, address, telephone number, and email addresses, if available, of the operator, if different from the applicant.
- (3) A list of all names the farmed cervidae facility operates pursuant to, and the address and facility telephone number of each, including but not limited to the Doing Business As (D/B/A), corporate name, or other name. If a corporation, submit the certificate of good standing from the Secretary of State.

(b) The Department shall not issue a license if the applicant had any equivalent license denied, revoked, or suspended by any authority, except in accordance with the provisions of 2 O.S. § 6-514.

(c) The Department may refuse to issue a license for a premises where a previous herd of animals has been infected with a reportable or other disease regulated by the Department.

(d) Using information from the application and from the State's files, the Department shall determine if the proposed facility is adequate and complies with all legal requirements and would not result in harm to native wildlife.

(~~e~~) If an applicant is denied a farmed cervidae license, the Department shall notify the applicant in writing by certified mail, return receipt requested, of the denial. The denial shall include the following:

- (1) Reasons for the denial;
- (2) Steps necessary to meet the requirements for a license, if applicable; and
- (3) The opportunity to request an administrative hearing on the denial.

35:15-44-19. Entry and export requirements

(a) Import of cervidae shall be accompanied by a Certificate of Veterinary Inspection and a Cervidae Import Permit approved or provided by the Department.

(1) The import permit shall be valid for thirty (30) days from approval.

(2) Cervidae Import Permit applications shall be submitted to the Department no less than three (3) working days prior to the scheduled shipment.

(b) Cervidae shall have two forms of identification. One (1) of these two (2) forms of identification shall be official identification.

(c) The State Veterinarian or designee may require a brucellosis test of any cervidae subject to the provisions of this subchapter.

(d) All cervidae ~~six (6) months or older shall meet one of the following criteria prior to entry:~~

~~(1) Classified negative to two (2) official tuberculosis test that were conducted no less than ninety (90) days apart with the second test conducted no more than ninety (90) days prior to the date of movement and recorded on the Certificate of Veterinary Inspection.~~

~~(2) Originate from a Qualified Herd and test negative to an official tuberculosis test conducted no more than ninety (90) days prior to the date of movement. The Qualified Herd number and date of the qualifying test shall be recorded on the Certificate of Veterinary Inspection.~~

~~(3) Originate from an Accredited Free Herd provided the Accredited Free Herd number and date of last test are recorded on the Certificate of Veterinary Inspection shall meet the tuberculosis testing provisions found at 9 CFR Part 77 (2019 Revision).~~

(e) All cervidae, with the exception of fallow deer, within the genera Odocoileus, Cervus, and Alces and their hybrids, shall originate from a chronic wasting disease certified herd from a county where no chronic wasting disease has been confirmed in native cervidae populations.

SUBCHAPTER 47. CHRONIC WASTING DISEASE (CWD) IN CERVIDS

PART 7. INTERSTATE MOVEMENT REQUIREMENTS

35:15-47-18. Minimum CWD requirements for interstate movement of cervids

(a) Regulations of the United States Department of Agriculture concerning the interstate movement of cervidae found at 9 CFR Part 81 ~~(2014)~~2019 Revision) are adopted by reference.

(b) Caribou and Reindeer shall meet all interstate movement regulations that apply to cervidae found at 9 CFR Part 81 ~~(2014)~~2019 Revision).

SUBCHAPTER 49. MISCELLANEOUS ANIMAL DISEASES

35:15-49-7. Equine herpes virus

(a) The State Veterinarian or any state or federal veterinarian acting under authority of the State Veterinarian may cause an official test to be conducted on any Equidae known or suspected to be infected with or exposed to Equine Herpes Virus.

(b) If the owner refuses or neglects to comply with the testing requirements, the Equidae shall be quarantined and the movement of any Equidae from the premises shall be prohibited.

[OAR Docket #20-552; filed 7-7-20]

**TITLE 35. OKLAHOMA DEPARTMENT OF AGRICULTURE, FOOD, AND FORESTRY
CHAPTER 17. WATER QUALITY**

[OAR Docket #20-553]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

Subchapter 3. Swine Feeding Operations

35:17-3-10. Transfer of license [AMENDED]

35:17-3-11. Pollution Prevention Plan (PPP) [AMENDED]

35:17-3-13. Criteria for liners [AMENDED]

35:17-3-17. Carcass disposal [AMENDED]

35:17-3-30. Commencement of construction [AMENDED]

Subchapter 4. Concentrated Animal Feeding Operations

35:17-4-8. Transfer of license [AMENDED]

35:17-4-9. Pollution Prevention Plan (PPP) [AMENDED]

35:17-4-11. Criteria for liners [AMENDED]

35:17-4-13. Carcass disposal [AMENDED]

Subchapter 5. Registered Poultry Feeding Operations

35:17-5-3. Registration, Nutrient Management Plan (NMP) required [AMENDED]

35:17-5-3.2. Cancellation of poultry feeding operation registration [NEW]

35:17-5-4. Soil and litter tests required [AMENDED]

35:17-5-5. Nutrient Management Plan [AMENDED]

Subchapter 9. Agricultural Compost Facilities [AMENDED]

35:17-9-1. Purpose and applicability [AMENDED]

35:17-9-3. Permit provisions and application [AMENDED]

AUTHORITY:

Okla. Const., Art. 6, § 31; State Board of Agriculture; 2 O.S. § 2-4(A)(2); 2 O.S. § 2A-1 et seq., 2 O.S. § 10-2 et seq., 2 O.S. § 20-1 et seq., and 2 O.S. § 20-40 et seq.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

November 25, 2019

COMMENT PERIOD:

December 16, 2019, and ending January 15, 2020

PUBLIC HEARING:

January 15, 2020

ADOPTION:

February 5, 2020

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

February 14, 2020

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 25, 2020.

FINAL ADOPTION:

June 25, 2020

EFFECTIVE:

September 14, 2020

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

n/a

GIST/ANALYSIS:

The proposed rule amendments revise transfer of license requirements; modify requirements of pollution prevention plans; clarify criteria for certain liners; update language; clarify conditions for commencement of construction of certain operation; modify requirements of nutrient management plans; provide conditions for cancellation of poultry feeding operation registration; provide requirements for poultry waste application; and limit application of compost facility rules.

CONTACT PERSON:

Kambi Maddy, Assistant General Counsel, Oklahoma Department of Agriculture, Food, and Forestry, Office of General Counsel, P.O. Box 528804, Oklahoma City, OK 73152-8804, phone: (405) 522-5803, email: kambi.maddy@ag.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 14, 2020:

SUBCHAPTER 3. SWINE FEEDING OPERATIONS

35:17-3-10. Transfer of license

In addition to the provisions of the Act, transfer of a license to a new owner or lessee shall meet the following conditions:

- (1) Upon approval of the transfer of a license, the transferee shall provide to the Department within thirty (30) calendar days, a notarized statement and other proof of transfer of ownership or occupancy as the Department requires.
- (2) All required transfer application documents shall be completed and submitted to the Department within ninety (90) calendar days of approval by the Department of transfer of a license or actual transfer of a licensed operation, whichever is sooner.
- (3) If a transfer is denied by the Department, the transferee may, within thirty (30) calendar days after receiving notification of the denial, request in writing a hearing to review the denial of the transfer. In addition to the items which are considered at the hearing, the ALJ may also hear evidence and witnesses on the issue of whether a substantial change of condition has occurred since the issuance of the original license and whether the changes should result in a denial of the transfer of the license.

35:17-3-11. Pollution Prevention Plan (PPP)

- (a) Prior to the submission of a CAFO license application or modification, each facility shall develop or update a Pollution Prevention Plan (PPP) according to the Oklahoma Swine Feeding Operations Act and rules promulgated pursuant to the Act.
- (b) The PPP shall include provisions for documentation of structural controls, documentation of operating Best Management Practices (BMPs), a Swine Waste Management Plan, a carcass disposal plan for normal and emergency disposal of carcasses, and record keeping provisions.
- (c) The following forms and records shall be maintained by the CAFO for each PPP:

- (1) wastewater measurements;
- (2) precipitation measurements;
- (3) spill reporting forms;
- (4) discharge reporting forms;
- (5) inspection and maintenance records;
- (6) annual inspection records;
- (7) preventive maintenance records;
- (8) employee annual education records (for LMFO's);
- (9) records of manure or wastewater sold or transferred (if applicable);
- (10) records of land application of solid manure (if applicable);
- (11) records of land application of liquid manure (if applicable);
- (12) records of land application of compost from mortalities (if applicable)
- (13) mortality management records; and
- (14) other site specific information requested by the Department.

(d) The Plan shall identify an individual who is responsible for implementing, maintaining, and revising the PPP.

(e) The PPP for an LMFO shall also include an Odor Abatement Plan (OAP) and a Pest Management Plan (PMP).

(f) Equivalent measures contained in a site specific swine waste management plan prepared by the United States Department of Agriculture, Natural Resources Conservation Service (NRCS) may be substituted for the appropriate PPP requirements. An AWMP developed by USDA NRCS can be substituted for the documentation of land application rate calculations.

(g) With Department approval, the owner shall amend the PPP prior to any change in design, construction, operation, or maintenance, which has significant effect on the potential for the discharge of pollutants to the surface or groundwaters of the State.

(h) The owner shall implement appropriate changes to the Plan within ninety (90) calendar days of notification that the plan does not meet one or more specified minimum requirements unless otherwise provided by the Department. If notice of changes is not received by the Department within the prescribed ninety (90) calendar days, the application shall be denied.

(i) In addition to the requirements of the Act, the PPP shall include:

- (1) A list of materials that are used, stored, or disposed of at the facility which may cause pollution. A contingency plan for releases of potential pollutants shall also be included. The PPP shall contain a log of any pollutant releases and clean up of those materials. Documentation of releases shall include any corrective action taken to prevent recurrence.
- (2) Testing of groundwater, Nitrogen as Nitrate, total Phosphorous, and fecal coliform bacteria levels shall be performed by an Oklahoma Department of Environmental Quality certified independent testing laboratory at least annually. All testing shall establish a management record, with all costs paid by the owner. Owners of LMFOs shall sample groundwater annually for electrical conductivity,

pH, ammonium-nitrogen, nitrate-nitrogen, total phosphorus, and fecal coliform bacteria.

(3) Soil tests from land application sites shall be performed by an Oklahoma Department of Environmental Quality certified testing laboratory or State operated laboratory at least annually. All testing shall establish a management record, with all costs paid by the owner. Owners of LMFOs shall perform soil tests for electrical conductivity, pH, nitrate-nitrogen, ammonium-nitrogen, organic matter, sodium, potassium, calcium, magnesium, available phosphorus, and total nitrogen. Soil test results shall be maintained at the site for as long as the facility is in operation.

(4) Sufficient testing of wastewater in waste storage facilities shall be required at least every three (3) years and performed by a qualified independent testing laboratory. Testing may be required more frequently at an individual facility at the Department's request. All owners of LMFOs shall sample waste retention structure contents annually prior to the first land application of the calendar year. Owners of LMFOs shall sample waste retention structure contents for ammonium-nitrogen, nitrate-nitrogen, total phosphorus, electrical conductivity, pH, sodium, potassium, calcium, magnesium, total nitrogen, and total solids. Additional parameters may be required upon request of the Department.

(5) A description of management controls appropriate for the facility. The owner initiates these controls. The appropriateness and priorities of any controls shall reflect the identified sources of pollutants at the facility and conform to criteria established by the Act and the Department.

(A) The location and a description of existing surface water controls. Structural controls shall be inspected at least quarterly each year for structural integrity and maintenance.

(B) Documentation of new or rebuilt retention structure capacity shall be submitted to the Department and shall be based upon input parameters, the assumptions and actual calculations, showing volumes for all intermediate steps, used in determining the appropriate volume capacity. All waste retention structures for LMFOs shall be designed for the maximum number of swine that are or will be licensed at the facility. Retention structure capacity shall be based upon the following, at a minimum:

- (i) The runoff volume from open lot surfaces.
- (ii) The runoff volume from areas between open lot surfaces and the retention structure.
- (iii) The rainfall multiplied by the area of the retention structure.
- (iv) The volume of rainfall from any roofed area that is directed into the retention structure.
- (v) All waste and process generated wastewater produced during a period of time not less than one-hundred-eighty (180) calendar days, including: volume of wet manure that enters a pond; plus volume of water used for manure or waste removal; plus volume of wash or cleanup water; plus

other water, including drinking water that enters the retention structure.

(vi) Volume of a 25-year, 24-hour rainfall event.

(vii) One (1) foot of freeboard below spillway or outlet.

(viii) A water budget analysis shall be performed on all liquid waste retention structures based on real the average monthly or daily data from a rain gauge located near the facility precipitation taken from a National Weather Service current publication of the previous fifteen (15) years of data, at a minimum.

(C) A description of the design standards for the retention facility embankments. The following minimum design standards are required for construction or modification of a retention structure embankment:

(i) Soils used in the embankment shall be free of foreign material, including trash, brush, and fallen trees.

(ii) The embankment shall be constructed in lifts no more than six (6) inches thick after compaction and compacted to a minimum of 95% of the maximum dry density and 2% of optimum moisture content as determined by ASTM D 698 standard proctor test.

(iii) Each lift of the embankment of the retention structures shall be checked to ensure proper compaction and moisture content; all readings shall be recorded and properly documented with minimum information required for documentation to include:

- (I) project name,
- (II) date,
- (III) test method used,
- (IV) site name,
- (V) technician name,
- (VI) location of reading, including sketch, if necessary,
- (VII) percent compaction,
- (VIII) wet density, pcf,
- (IX) dry density, pcf,
- (X) moisture content,
- (XI) lift number, and
- (XII) soils lab name, report number and proctor test results used to obtain field measurements.

(iv) If retention structures are constructed with an emergency spillway, a minimum of one (1) foot of freeboard shall be maintained between the top of the 25-year, 24-hour storm volume and the bottom of the emergency spillway.

(v) An erosion control plan shall be developed and approved by the Department detailing how the owner immediately stabilizes the embankment walls to prevent erosion and deterioration. The plan shall include a preventive maintenance section. Each plan shall be approved on a case by case

basis and may include the use of vegetative cover, geomembrane liners, sod, or other Department approved methods for controlling erosion.

(vi) A permanent measuring device shall be maintained in the wastewater retention structure to show the volume required to contain a 25-year, 24-hour rainfall event. The device shall be visible from the top of the levee and a separate mark shall be placed on the measuring device clearly identifying the 25-year, 24-hour rainfall event. Installation of the measuring device shall be performed in a manner to protect the integrity of liner at all times.

(vii) A rain gauge shall be kept on site and properly maintained. A log of all measurable precipitation events shall be kept with the PPP.

(viii) Documentation of method used to ensure liner of the waste retention structure is protected at or below the inlet.

(6) All owners of LMFOs shall install a leak detection system or monitoring wells in accordance with criteria approved by the Department.

(A) Samples of groundwater shall be collected by the Oklahoma Department of Agriculture, Food, and Forestry at least annually. The analysis of the water samples shall be performed by a qualified environmental laboratory approved by the Oklahoma Department of Environmental Quality or the relevant certification agency for the state in which the laboratory is located and approved by the Oklahoma Department of Agriculture, Food, and Forestry. All costs of analysis shall be the responsibility of the owner of the LMFO.

(i) The frequency of sampling may be reduced to once every three (3) years for those monitoring wells which have been sampled for at least three (3) consecutive years and have always been found to be dry.

(ii) If any subsequent sampling event indicates the monitoring well is no longer dry, that monitoring well shall be sampled pursuant to this subsection.

(B) All waste retention structures shall have sufficient numbers of groundwater monitoring wells upgradient and downgradient in the direction of groundwater flow. All monitoring well locations shall be approved by the Department on a case by case basis.

(C) No monitoring well shall be installed more than one hundred and fifty (150) feet from the crown of the outer berm.

(D) All new monitoring wells shall be drilled through the first aquifer encountered, but need not extend more than fifty (50) feet below the bottom of the waste retention structure. One downgradient monitoring well shall be drilled to the first aquifer encountered or the first impermeable layer, but need not extend more than one hundred (100) feet below the bottom of the waste retention structure.

(E) All monitoring wells shall be drilled and completed by an Oklahoma Water Resources Board licensed monitoring well driller.

(F) If no groundwater is encountered during the drilling operation, the bore hole shall be left open for at least forty eight (48) hours but not over thirty (30) days for the aquifer to recharge the bore hole. Thereafter, the bore hole shall be either developed into a monitoring well or plugged according to Oklahoma Water Resources Board requirements.

(G) All new monitoring wells shall meet the following minimum requirements:

(i) A minimum of two (2) inch diameter PVC casing shall be used with a sealing cap on the bottom.

(ii) The casing shall consist of minimum SDR-21 rated casing with a minimum SDR-21 rated factory screen in the saturated zone, or the bottom ten (10) feet if no groundwater is encountered.

(iii) Perforated zone shall be gravel or sand packed originating at the bottom of the screen and extending to two (2) feet above the top of the screen, and otherwise as appropriate for the installation.

(iv) Bentonite shall be placed in the annular space of the well above the gravel or sand pack for an interval of at least two (2) feet to form an impermeable seal.

(v) A cement grout or a mixture of bentonite and cement shall be placed above the bentonite seal to prevent seepage from entering behind the pipe and causing hydrologic connection.

(vi) At least the top ten (10) feet of the annular space shall be filled with type A cement.

(vii) A concrete apron, minimum of four (4) inch thickness and two (2) feet from the casing shall be installed at the surface to prevent seepage of rain water into the bore hole. The apron shall be sloping away from the casing to avoid percolation of rain water.

(viii) A lockable protective cap shall be placed on top of the casing, which shall be a metal protective casing extending two (2) feet above the concrete apron and one (1) foot into the apron. The well shall remain securely capped and locked at all times, except during sampling events.

(ix) Within thirty (30) days of installation, a copy of the Oklahoma Water Resources Board approved Multi-Purpose Completion Form shall be submitted to the Department.

(x) Existing monitoring wells shall be evaluated on a case by case basis by the Department to determine equivalency. Monitoring wells previously required and approved by the Department shall be considered equivalent.

(H) Groundwater monitoring wells shall be sampled at least annually for electrical conductivity, pH,

ammonium-nitrogen, nitrate-nitrogen, total phosphorus, and fecal coliform bacteria.

(I) Owners of LMFOs may install a leak detection system instead of monitoring wells. The system shall be approved by the Department on a case by case basis.

(7) The following records, in addition to those required by the Act, shall be maintained at the site for a minimum of three (3) years:

(A) Weekly measure of water level in the retention facility;

(B) Quarterly inspection and maintenance reports;

(C) Copies of waste retention structure liner specifications and design plans and any other information required by the Department directly related to the construction, installation, or future modification or operation of the swine feeding operation;

(D) Copies of groundwater sample laboratory analyses;

(E) Waste retention structure(s) contents sample laboratory analyses;

(F) Dates of inspections of the retention structure and a log of the findings of the inspections;

(G) A rain gauge shall be kept on site and properly maintained. A log of all measurable precipitation events shall be kept with the PPP;

(H) If swine wastes are sold or given to other persons for disposal, the owner of the LMFO shall maintain a log of the following:

(i) Date of removal from the swine feeding operation,

(ii) Name of hauler, and

(iii) Amount in wet tons, dry tons, gallons, or cubic yards of waste removed from the swine feeding operation;

(I) A log of employee training and education shall be maintained at the site;

(J) A complete inspection of the site shall be performed at least annually by the owner. A report documenting the findings of the inspection shall be prepared and retained which includes the operative status of the check valves system on applicable wells;

(K) Records of incidents including spills, discharges, and other information describing the pollution potential and quantity of the discharge shall be included in the records. Inspections and maintenance activities shall be documented and recorded; and

(L) Records documenting significant observation made during the site inspection shall be retained as part of the PPP.

(8) The following records, in addition to those required by the Act, shall be maintained at the site as long as the facility is in operation:

(A) Documentation of no significant impact, if applicable,

(B) Copy of Notice of Intent (NOI) or Notice of Termination (NOT), if applicable,

(C) Copy of ~~EPACAF~~EPACAF~~AgPDES~~ General Permit, if applicable,

(D) Copies of soil samples/test/laboratory results from land application fields, and

(E) A notarized sworn statement signed by the owner accepting full responsibility for properly closing all waste retention structures upon termination of the swine feeding operation.

(9) Within twenty-four (24) hours of identifying a discharge, a licensee shall be required to report the discharge to the Department. The licensee shall be required to submit an additional, final report to the Department upon clean-up and receipt of discharge analysis.

35:17-3-13. Criteria for liners

(a) Soil liners shall be constructed to meet the following minimum requirements:

(1) Constructed in lifts or layers no more than six (6) inches thick when compacted.

(A) Soils used in the liner shall be free of foreign material, including trash, brush, and fallen trees.

(B) All side slopes and the floor of the retention structures shall be checked after each lift to ensure proper compaction and moisture content. All readings shall be recorded and properly documented. Minimum information required for documentation shall include:

(i) Project name.

(ii) Date.

(iii) Test method used per ASTM specification.

(iv) Site name.

(v) Technician name.

(vi) Location of reading, include sketch.

(vii) Percent compaction.

(viii) Wet density in pounds per cubic foot (pcf).

(ix) Dry density in pounds per cubic foot (pcf).

(x) Moisture content, percent.

(xi) Lift number.

(xii) Soils lab name, report number, and Proctor Test results used to obtain field measurements.

(2) Compaction to a minimum of ninety-five percent (95%) of Standard Proctor (ASTM D 698) at optimum or wetter moisture content.

(3) Hydraulic conductivities of no greater than 1×10^{-7} cm/sec. The field permeability of the liner shall be verified by using one of the following methods:

(A) If a sealed Double Ring Infiltrometer is used to determine the field permeability of the liner, at least one representative location on each corner and one location in the center of the waste retention structure bottom shall be selected for Double Ring Infiltrometer determination.

(B) At least four (4) representative undisturbed core samples, one from each corner of the waste retention structure bottom shall be retrieved for permeability determination in the laboratory. The permeability shall be determined using a Flexible Wall Permeameter (ASTM D 5084).

Permanent Final Adoptions

- (4) Minimum thickness of one and one half (1.5) feet.
- (5) Maximum hydrostatic head of ten and one half (10.5) feet.
- (6) Hydrostatic head or water depth may be increased above ten and one half (10.5) feet in one of the following circumstances:

(A) Liner thickness above the minimum shall be increased by an amount needed to maintain the allowable seepage rate, which shall not exceed eighty three one hundredths (0.83) feet per year pursuant to Darcy's Velocity.

(B) Soils with permeabilities less than 1×10^{-7} cm/sec are used to maintain the allowable seepage rate, which shall not exceed eighty three one hundredths (0.83) feet per year pursuant to Darcy's Velocity. Soils which do not meet the maximum criteria of 1×10^{-7} cm/sec can be mixed with a sufficient amount of bentonite clay to achieve the desired standard.

(C) Any combination of (A) or (B). In no case shall hydraulic conductivity be used to reduce the minimum thickness of one and one half (1.5) feet or shall thickness be used to increase the maximum hydraulic conductivity of 1×10^{-7} cm/sec.

- (i) ~~Project name.~~
- (ii) ~~Date.~~
- (iii) ~~Test method used per ASTM specification.~~
- (iv) ~~Site name.~~
- (v) ~~Technician name.~~
- (vi) ~~Location of reading, include sketch.~~
- (vii) ~~Percent compaction~~
- (viii) ~~Wet density in pounds per cubic foot (pcf).~~
- (ix) ~~Dry density in pounds per cubic foot (pcf).~~
- (x) ~~Moisture content, percent.~~
- (xi) ~~Lift number.~~
- (xii) ~~Soils lab name, report number, and Proctor Test results used to obtain field measurements.~~

(b) The owner shall maintain the liner to inhibit infiltration of wastewaters. Liners shall be protected from burrowing and other animals by fences or other protective devices. Liners shall also be protected from the potential root zone of all trees.

(c) Any mechanical or structural damage to the liner shall be evaluated by an environmental, agricultural, or other Department approved professional engineer registered in the state of Oklahoma within thirty (30) calendar days of the damage. Documentation of liner maintenance shall be kept with the Pollution Prevention Plan.

(d) ~~USDA NRCS Agricultural Waste Management Field Handbook Chapter 10 Appendix D shall only be used when an NRCS Engineer designs the retention structures.~~

(e) Flexible membrane or synthetic liners may be used in connection with a soil liner or as a substitute for a soil liner. Geosynthetic liners and flexible membrane liners shall be installed so as to protect waters of the State from contamination.

(1) The subgrade soil shall be prepared according to the design standards. A subgrade verification form shall be submitted with liner documentation.

(2) The surface to be lined shall be rolled and compacted and free of irregularities, undulations, protrusions,

vegetation, excessive moisture, loose soil, or abrupt changes in slope.

(3) The subgrade surface shall be free of foreign material including stones, cobbles, broken pieces of wood, plastic, or glass.

(4) The owner shall provide a copy of a completed Surface Acceptance Form indicating acceptable locations. In no case shall the installer deploy any geomembrane or flexible membrane liner in areas not acceptable within these rules.

(5) If at any time during the installation the subgrade surface deteriorates or is damaged, or in any way deemed unacceptable by the regulatory authority, all work shall stop until proper repair is performed.

(6) The anchor trench shall be constructed according to the standard industry practices. The trench shall be adequately drained to prevent ponding or softening of the side walls. After installation of the liner, the trench shall be back filled, compacted, and anchored according to the standards.

(7) The liner placement plan shall take into consideration the site drainage, low lying areas, temperature, and prevailing wind velocity and direction. Field panels shall be deployed one at a time and seamed as soon as possible to minimize the risk of wind or water damage.

(8) Field panel deployment shall not proceed at an ambient temperature below forty degrees (40°) F, unless Low Temperature Welding Procedures are used. All deployed panels should be amply ballasted or sand bagged at all times to avoid wind damage.

(9) Personnel responsible for placement of the liner shall not smoke, wear damaging shoes, or engage in other activities which may cause damage to the liner. The method of deployment shall not cause scratches, crimps, or tear the liner or damage the subgrade. Adequate sand bags shall be placed on the edges of the liner to avoid wind uplifting.

(10) The installer shall visually inspect the panels as soon as possible after deployment for damage or distressed surfaces.

(11) A seam is considered a separate entity if it joins two panels. Repairs are not considered seams in this context. Seams shall be generally oriented parallel to the line of maximum slope, or along instead of across the slope. In corners and odd shaped geometric locations the number of seams should be minimized.

(12) The Extrusion Process shall be used only for repairs and patching and shall not be used for the overall operation. The Fusion Process shall be used for seaming panels together using hot-wedge type or solid wedge type automated self-propelled apparatus equipped with temperature gauges.

(13) The nondestructive seam continuity test shall be performed during daylight hours and certified by the owner.

35:17-3-17. Carcass disposal

(a) Dead swine shall be disposed of in accordance with a carcass disposal plan developed by the owner and approved by the Department which shall decrease the possibility of the spread of disease, reduce odors, and preclude contamination of ground and surface waters of the state. Dead swine shall be disposed of properly and in an environmentally safe manner in accordance with Federal, State, and local requirements. At all times the facility shall comply with the provisions of ~~Section 1223 of Title 21 of the Oklahoma Statutes, in addition to compliance with the~~ approved carcass disposal plan.

(b) The plan shall include provisions for the disposal of carcasses associated with normal mortality and shall include provisions for emergency disposal when a major disease outbreak or other emergency results in deaths significantly higher than normal mortality rates.

(c) Accepted methods of carcass disposal include the following:

(1) Rendering.

(A) The owner shall obtain a contract with a rendering service that insures disposal of all carcasses within a reasonable period of time. The name, address, and telephone number of the rendering service shall be provided. In addition, the frequency and schedule of carcass pickup shall be included.

(B) Storage facilities shall be sealed or have lids and maintained so as to prevent pests and odors in accordance with a Department approved OAP and PMP.

(C) Sealed storage facilities shall not be required for animals weighing 300 pounds or more, but the prevention of pests and odors shall be addressed by a Department approved OAP and PMP.

(2) Burial.

(A) Burial shall only be allowed as a method of carcass disposal if no reasonable alternative exists and the disposal plan contains specific measures and practices which are utilized to protect the ground and surface waters of the state.

(B) In no event shall burial be used by an LMFO unless the burial area meets the requirements of a Swine Waste Management System, including but not limited to the use of liners.

(C) Prior approval by the Department is required of any carcass disposal plan listing burial as the method of disposal.

(3) Composting.

(A) Prior approval by the Department is required of any carcass disposal plan listing composting as the method of disposal.

(B) The Department may require another method of carcass disposal other than composting if the Department determines that a more feasible and effective method of carcass disposal exists.

(4) Incineration shall only be used as method of carcass disposal if the swine feeding operation has a valid air quality permit from the Oklahoma Department of Environmental Quality, Air Quality Division.

35:17-3-30. Commencement of construction

(a) ~~Construction~~ Upon the request of an affected property owner, construction of a new or expanding operation shall not commence until an administrative hearing has been completed. Completion of an administrative hearing shall occur when the Administrative Law Judge submits final recommendations to the Oklahoma Department of Agriculture, Food, and Forestry and the State Board of Agriculture ~~issues a building permit~~ has approved or denied a requested license.

(b) If an administrative hearing is not requested by an affected property owner, construction shall commence upon the approval of a requested license by the State Board of Agriculture ~~issuing a building permit~~.

SUBCHAPTER 4. CONCENTRATED ANIMAL FEEDING OPERATIONS

35:17-4-8. Transfer of license

In addition to the provisions of the Act, transfer of a license to a new owner or lessee shall meet the following conditions:

(1) Upon approval of the transfer of a license, the transferee shall provide to the Department within thirty (30) calendar days, a notarized statement and other proof of transfer of ownership or occupancy as the Department requires;

(2) All required transfer application documents shall be completed and submitted to the Department within ninety (90) days of approval of transfer of a license or actual transfer of a licensed operation, whichever is sooner.

(3) If a transfer is denied by the Department, the transferee may, within thirty (30) calendar days after receiving notification of the denial, request in writing a hearing to review the denial of the transfer. In addition to the items which are considered at the hearing, the ALJ may also hear evidence and witnesses on the issue of whether a substantial change of condition has occurred since the issuance of the original license and whether the changes should result in a denial of the transfer of the license.

35:17-4-9. Pollution Prevention Plan (PPP)

(a) Prior to the submission of a CAFO license application or modification, each facility shall develop or update a Pollution Prevention Plan (PPP) according to the Oklahoma Concentrated Animal Feeding Operations Act and rules promulgated pursuant to the Act.

(b) The PPP shall include provisions for documentation of structural controls, documentation of operating Best Management Practices (BMPs), an Animal Waste Management Plan (AWMP), a carcass disposal plan for normal and emergency disposal of carcasses, and record keeping provisions.

(c) The following forms and records shall be maintained by the CAFO for each PPP:

- (1) wastewater measurements;
- (2) precipitation measurements;
- (3) spill reporting forms;
- (4) discharge reporting forms;

- (5) inspection and maintenance records;
 - (6) annual inspection records;
 - (7) preventive maintenance records;
 - (8) records of manure or wastewater sold or transferred (if applicable);
 - (9) records of land application of solid manure (if applicable);
 - (10) records of land application of liquid manure (if applicable);
 - (11) records of land application of compost from mortalities (if applicable)
 - (12) mortality management records; and
 - (13) other site specific information requested by the Department.
- (d) The Plan shall identify an individual who is responsible for implementing, maintaining, and revising the PPP.
- (e) Equivalent measures contained in a site specific AWMP prepared by the United States Department of Agriculture, Natural Resources Conservation Service (NRCS) may be substituted for the appropriate PPP requirements. An AWMP developed by USDA NRCS can be substituted for the documentation of land application rate calculations.
- (f) With Department approval, the owner shall amend the PPP prior to any change in design, construction, operation, or maintenance, which has significant effect on the potential for the discharge of pollutants to the surface or groundwaters of the State.
- (g) The owner shall implement appropriate changes to the Plan within ninety (90) calendar days of notification that the plan does not meet one or more specified minimum requirements unless otherwise provided by the Department. If notice of changes is not received by the Department within the prescribed ninety (90) calendar days, the application shall be denied.
- (h) In addition to the requirements of the Act, the PPP shall include:
- (1) A list of materials that are used, stored, or disposed of at the facility which may cause pollution. A contingency plan for releases of potential pollutants shall also be included. The PPP shall contain a log of any pollutant releases and clean up of those materials. Documentation of releases shall include any corrective action taken to prevent recurrence.
 - (2) Testing of groundwater, Nitrogen as Nitrate, total Phosphorous, and fecal coliform bacteria levels shall be performed by an Oklahoma Department of Environmental Quality certified independent testing laboratory at least annually. All testing shall establish a management record, with all costs paid by the owner.
 - (3) Soil tests from land application sites shall be performed by an Oklahoma Department of Environmental Quality certified testing laboratory or State operated laboratory at least annually. All testing shall establish a management record, with all costs paid by the owner.
 - (4) Sufficient testing of wastewater in waste storage facilities shall be required at least every three (3) years and performed by a qualified independent testing laboratory. Testing may be required more frequently at an individual

facility at the Department's request. Additional parameters may be required upon request of the Department.

(5) A description of management controls appropriate for the facility. The owner initiates these controls. The appropriateness and priorities of any controls shall reflect the identified sources of pollutants at the facility and conform to criteria established by the Act and the Department.

(A) The location and a description of existing surface water controls. Structural controls shall be inspected at least quarterly each year for structural integrity and maintenance. Dates of inspections of the retention structure and a log of the findings of the inspections shall be maintained at the site.

(B) Documentation of retention structure capacity shall be submitted to the Department and shall be based upon input parameters, the assumptions and actual calculations, showing volumes for all intermediate steps, used in determining the appropriate volume capacity. Retention structure capacity shall be based upon the following, at a minimum:

(i) The runoff volume from open lot surfaces.

(ii) The runoff volume from areas between open lot surfaces and the retention structure.

(iii) The rainfall multiplied by the area of the retention structure.

(iv) The volume of rainfall from any roofed area that is directed into the retention structure.

(v) All waste and process generated wastewater produced during a period of time not less than twenty-one (21) calendar days, including: volume of wet manure that enters a pond; plus volume of water used for manure or waste removal; plus volume of wash or cleanup water; plus other water, including drinking water that enters the retention structure. The minimum twenty-one (21) day storage capacity is an absolute minimum. The minimum storage capacity may be increased depending on the number of acres available for land application, crops and crop water demands, climate conditions, operations and management.

(vi) Volume of a 25-year, 24-hour rainfall event.

(vii) One (1) foot of freeboard below spillway or outlet.

(viii) A water budget analysis shall be performed on all liquid waste retention structures based on the average monthly or daily data from a rain gauge located near the facility; precipitation taken from a National Weather Service current publication of the previous fifteen (15) years of data, at a minimum.

(C) A description of the design standards for the retention facility embankments. The following minimum design standards are required for construction or modification of a retention structure embankment:

(i) Soils used in the embankment shall be free of foreign material, including trash, brush, and fallen trees.

- (ii) The embankment shall be constructed in lifts no more than six (6) inches thick after compaction and compacted to a minimum of 95% of the maximum dry density and 2% of optimum moisture content as determined by ASTM D 698 standard proctor test.
 - (iii) Each lift of the embankment of the retention structures shall be checked to ensure proper compaction and moisture content; all documentation to include:
 - (I) project name,
 - (II) date,
 - (III) test method used,
 - (IV) site name,
 - (V) technician name,
 - (VI) location of reading, including sketch, if necessary,
 - (VII) percent compaction,
 - (VIII) wet density, pcf,
 - (IX) dry density, pcf,
 - (X) moisture content,
 - (XI) lift number, and
 - (XII) soils lab name, report number and proctor test results used to obtain field measurements.
 - (iv) If retention structures are constructed with an emergency spillway, a minimum of one (1) foot of freeboard shall be maintained between the top of the 25-year, 24-hour storm volume and the bottom of the emergency spillway.
 - (v) An erosion control plan shall be developed and approved by the Department detailing how the owner immediately stabilizes the embankment walls to prevent erosion and deterioration. The plan shall include a preventive maintenance section. Each plan shall be approved on a case by case basis and may include the use of vegetative cover, geomembrane liners, sod, or other Department approved methods for controlling erosion.
 - (vi) A permanent measuring device shall be maintained in the wastewater retention structure to show the volume required to contain a 25-year, 24-hour rainfall event. The device shall be visible from the top of the levee and a separate mark shall be placed on the measuring device clearly identifying the 25-year, 24-hour rainfall event. Installation of the measuring device shall be performed in a manner to protect the integrity of liner at all times.
 - (vii) A rain gauge shall be kept on site and properly maintained. A log of all measurable precipitation events shall be kept with the PPP.
 - (viii) Documentation of method used to ensure liner of the waste retention structure is protected at or below the inlet.
- (6) The following records, in addition to those required by the Act, shall be maintained at the site for a minimum of three (3) years.
- (A) Weekly measure of water level in the retention facility;
 - (B) Quarterly inspection and maintenance reports;
 - (C) Other specific information required by the Department.
- (7) The following records, in addition to those required by the Act, shall be maintained at the site as long as the facility is in operation:
- (A) Documentation of no significant impact, if applicable.
 - (B) Copy of Notice of Intent (NOI) or Notice of Termination (NOT), if applicable.
 - (C) Other records as required by the Department.
- (8) Within twenty-four (24) hours of identifying a discharge, a licensee shall be required to report the discharge to the Department. The licensee shall be required to submit an additional, final report to the Department upon clean-up and receipt of discharge analysis.
- 35:17-4-11. Criteria for liners**
- (a) Soil liners shall be constructed to meet the following minimum requirements:
- (1) Constructed in lifts or layers no more than six (6) inches thick when compacted.
 - (A) Soils used in the liner shall be free of foreign material, including trash, brush, and fallen trees.
 - (B) All side slopes and the floor of the retention structures shall be checked after each lift to ensure proper compaction and moisture content. All readings shall be recorded and properly documented. Minimum information required for documentation shall include:
 - (i) Project name.
 - (ii) Date.
 - (iii) Test method used per ASTM specification.
 - (iv) Site name.
 - (v) Technician name.
 - (vi) Location of reading, include sketch.
 - (vii) Percent compaction
 - (viii) Wet density in pounds per cubic foot (pcf).
 - (ix) Dry density in pounds per cubic foot (pcf).
 - (x) Moisture content, percent.
 - (xi) Lift number.
 - (xii) Soils lab name, report number, and Proctor Test results used to obtain field measurements.
 - (2) Compaction to a minimum of ninety-five percent (95%) of Standard Proctor (ASTM D 698) at optimum or wetter moisture content.
 - (3) Hydraulic conductivities of no greater than 1×10^{-7} cm/sec. The field permeability of the liner shall be verified by using one of the following methods:
 - (A) If a sealed Double Ring Infiltrometer is used to determine the field permeability of the liner, at least one representative location on each corner and one location in the center of the waste retention structure bottom shall be selected for Double Ring Infiltrometer determination.

- (B) At least four (4) representative undisturbed core samples, one from each corner of the waste retention structure bottom shall be retrieved for permeability determination in the laboratory. The permeability shall be determined using a Flexible Wall Permeameter (ASTM D 5084).
- (4) Minimum thickness of one and one half (1.5) feet.
- (5) Maximum hydrostatic head of ten and one half (10.5) feet.
- (6) Hydrostatic head or water depth may be increased above ten and one half (10.5) feet in one of the following circumstances:
- (A) Liner thickness above the minimum shall be increased by an amount needed to maintain the allowable seepage rate, which shall not exceed eighty three one hundredths (0.83) feet per year pursuant to Darcy's Velocity.
- (B) Soils with permeabilities less than 1×10^{-7} cm/sec are used to maintain the allowable seepage rate, which shall not exceed eighty three one hundredths (0.83) feet per year pursuant to Darcy's Velocity. Soils which do not meet the maximum criteria of 1×10^{-7} cm/sec can be mixed with a sufficient amount of bentonite clay to achieve the desired standard.
- (C) Any combination of (A) or (B). In no case shall hydraulic conductivity be used to reduce the minimum thickness of one and one half (1.5) feet or shall thickness be used to increase the maximum hydraulic conductivity of 1×10^{-7} cm/sec.
- (b) The owner shall maintain the liner to inhibit infiltration of wastewaters. Liners shall be protected from burrowing and other animals by fences or other protective devices. Liners shall also be protected from the potential root zone of all trees.
- (c) Any mechanical or structural damage to the liner shall be evaluated by an environmental, agricultural, or other Department approved professional engineer registered in the state of Oklahoma within thirty (30) calendar days of the damage. Documentation of liner maintenance shall be kept with the Pollution Prevention Plan.
- ~~(d) USDA NRCS Agricultural Waste Management Field Handbook Chapter 10 Appendix D shall only be used when an NRCS Engineer designs the retention structures.~~
- ~~(e)~~ Flexible membrane or synthetic liners may be used in connection with a soil liner or as a substitute for a soil liner. Geosynthetic liners and flexible membrane liners shall be installed so as to protect waters of the State from contamination.
- (1) The subgrade soil shall be prepared according to the design standards. A subgrade verification form shall be submitted with liner documentation.
- (2) The surface to be lined shall be rolled and compacted and free of irregularities, undulations, protrusions, vegetation, excessive moisture, loose soil, or abrupt changes in slope.
- (3) The subgrade surface shall be free of foreign material including stones, cobbles, broken pieces of wood, plastic, or glass.
- (4) The owner shall provide a copy of a completed Surface Acceptance Form indicating acceptable locations.

In no case shall the installer deploy any geomembrane or flexible membrane liner in areas not acceptable within these rules.

- (5) If at any time during the installation the subgrade surface deteriorates or is damaged, or in any way deemed unacceptable by the regulatory authority, all work shall stop until proper repair is performed.
- (6) The anchor trench shall be constructed according to the standard industry practices. The trench shall be adequately drained to prevent ponding or softening of the side walls. After installation of the liner, the trench shall be back filled, compacted, and anchored according to the standards.
- (7) The liner placement plan shall take into consideration the site drainage, low lying areas, temperature, and prevailing wind velocity and direction. Field panels shall be deployed one at a time and seamed as soon as possible to minimize the risk of wind or water damage.
- (8) Field panel deployment shall not proceed at an ambient temperature below forty degrees (40°) F, unless Low Temperature Welding Procedures are used. All deployed panels should be amply ballasted or sand bagged at all times to avoid wind damage.
- (9) Personnel responsible for placement of the liner shall not smoke, wear damaging shoes, or engage in other activities which may cause damage to the liner. The method of deployment shall not cause scratches, crimps, or tear the liner or damage the subgrade. Adequate sand bags shall be placed on the edges of the liner to avoid wind uplifting.
- (10) The installer shall visually inspect the panels as soon as possible after deployment for damage or distressed surfaces.
- (11) A seam is considered a separate entity if it joins two panels. Repairs are not considered seams in this context. Seams shall be generally oriented parallel to the line of maximum slope, or along instead of across the slope. In corners and odd shaped geometric locations the number of seams should be minimized.
- (12) The Extrusion Process shall be used only for repairs and patching and shall not be used for the overall operation. The Fusion Process shall be used for seaming panels together using hot-wedge type or solid wedge type automated self-propelled apparatus equipped with temperature gauges.
- (13) The nondestructive seam continuity test shall be performed during daylight hours and certified by the owner.

35:17-4-13. Carcass disposal

- (a) Dead animals shall be disposed of in accordance with a carcass disposal plan developed by the owner and approved by the Department which shall decrease the possibility of the spread of disease, reduce odors, and preclude contamination of ground and surface waters of the state. Dead animals shall be disposed of properly and in an environmentally safe manner in accordance with Federal, State, and local requirements. At all times the facility shall comply with the provisions of ~~Section~~

~~1223 of Title 21 of the Oklahoma Statutes, in addition to compliance with the approved carcass disposal plan.~~

(b) The plan shall include provisions for the disposal of carcasses associated with normal mortality and shall include provisions for emergency disposal when a major disease outbreak or other emergency results in deaths significantly higher than normal mortality rates.

(c) Accepted methods of carcass disposal include the following:

(1) Rendering.

(A) The owner shall obtain a contract with a rendering service that insures disposal of all carcasses within a reasonable period of time. The name, address, and telephone number of the rendering service shall be provided. In addition, the frequency and schedule of carcass pickup shall be included.

(B) Storage facilities shall be sealed or have lids and maintained so as to prevent pests and odors.

(C) Sealed storage facilities shall not be required for animals weighing 300 pounds or more, but the prevention of pests and odors shall be addressed.

(2) Burial.

(A) Burial shall only be allowed as a method of carcass disposal if no reasonable alternative exists and the disposal plan contains specific measures and practices which are utilized to protect the ground and surface waters of the state.

(B) Prior approval by the Department is required of any carcass disposal plan listing burial as the method of disposal.

(3) Composting.

(A) Prior approval by the Department is required of any carcass disposal plan listing composting as the method of disposal.

(B) The Department may require another method of carcass disposal other than composting if the Department determines that a more feasible and effective method of carcass disposal exists.

(4) Incineration shall only be used as method of carcass disposal if the animal feeding operation has a valid air quality permit from the Oklahoma Department of Environmental Quality, Air Quality Division.

SUBCHAPTER 5. REGISTERED POULTRY FEEDING OPERATIONS

35:17-5-3. Registration, Nutrient Management Plan (NMP) required

(a) Registration.

(1) Every poultry feeding operation in operation on July 1, 1998 shall register by January 1, 1999. All registrations shall be received by the State Department of Agriculture prior to January 1, 1999. It shall be unlawful for any person to construct or operate a new poultry feeding operation without first registering with the State Board of Agriculture.

(2) Every poultry feeding operation shall be required to reregister annually by January 1 to operate.

(3) Any poultry feeding operation that has a valid license pursuant to the Oklahoma Concentrated Animal Feeding Operations Act shall not be required to register pursuant to the Oklahoma Registered Poultry Feeding Operations Act.

(4) The owner or operator of a poultry feeding operation not classified as a poultry feeding operation may register if the owner elects to come under the provisions of the Oklahoma Registered Poultry Feeding Operations Act and the rules of the State Board of Agriculture.

~~(5) It shall be unlawful for any person to construct or operate a new poultry feeding operation without first registering with the State Board of Agriculture.~~

(b) Nutrient Management Plan.

(1) Every poultry feeding operation shall obtain or apply for an approved NMP addressing both nitrogen and phosphorus.

(2) All new operators of poultry feeding operations shall obtain or apply for ~~an~~ NMP prior to construction of the facility.

(3) The NMP shall be prepared by USDA NRCS or an entity approved by the StateOklahoma Department of Agriculture, Food, and Forestry.

(4) Plans shall be reviewed and updated at least every six (6) years from the date the NMP was obtained. Plans ~~shall~~may also be reviewed and updated in the following circumstances:

(A) When a change in the waste utilization standards occurs and upon notification by the StateOklahoma Department of Agriculture, Food, and Forestry; and

(B) Upon recommendation of the StateOklahoma Department of Agriculture, Food, and Forestry.

(5) Plans shall be updated prior to the expansion of a facility.

(6) Implementation of the NMP shall occur within ninety (90) days of receipt of the NMP unless otherwise determined by the StateOklahoma Department of Agriculture, Food, and Forestry. In no event shall the poultry feeding operation land apply poultry waste in excess of the current USDA NRCS ~~Waste Utilization Standards~~ 590 Standard, unless the StateOklahoma Department of Agriculture, Food, and Forestry approves other standards.

~~(7) Registered poultry feeding operations may voluntarily submit to the Oklahoma Department of Agriculture, Food, and Forestry an annual assessment of one hundred dollars (\$100.00) for the purpose of securing the ODAFF service of drafting NMP for their registered poultry feeding operation(s). ODAFF shall revise plans for poultry operations that pay the voluntary assessment every six years and/or when the poultry operation adds or subtracts poultry litter land application fields or when their carcass disposal method changes. ODAFF will assign a priority of drafting new or revised NMP to operations that pay ODAFF the annual voluntary assessment over operations~~

Permanent Final Adoptions

~~that do not pay the voluntary assessment. ODAFF may assign additional priority to operations based on the receipt date of the voluntary annual assessments.~~

35:17-5-3.2. Cancellation of poultry feeding operation registration

(a) A request to cancel registration of a poultry feeding operation shall be in writing and include a final annual report for the current fiscal year.

(b) Poultry waste shall be properly removed from all poultry waste management systems prior to request for cancellation of a poultry feeding operation registration.

35:17-5-4. Soil and litter tests required

(a) All soil and poultry waste analysis data shall be dated prior to land application.

(b) Poultry waste shall be applied only by a certified poultry waste applicator.

35:17-5-5. Nutrient Management Plan

(a) The NMP shall contain, at a minimum, the following:

(1) A description of poultry waste handling procedures and availability of equipment and type of equipment to be used.

(2) The calculations and assumptions used for determining land application rates.

(3) All nutrient analysis data, including soil and poultry waste testing.

(4) Legal description of lands to be used by an operation for land application.

(5) Soils map with description and type or series.

(6) Land application rates of poultry waste shall be based on the available nitrogen and phosphorus content of the poultry waste and soil test results.

(7) The procedures documented in the NMP shall ensure that the handling and utilization of poultry waste complies with the following requirements:

(A) Adequate poultry waste storage shall be provided. Poultry waste shall not be stored without adequate protection from rainfall and runoff. All new poultry feeding operations shall make provisions for storage of poultry waste prior to operating. Exceptions to storage requirements for poultry waste in emergency situations shall be granted on a case by case basis. Exceptions shall include but not be limited to allowing a contract poultry grower to take such actions as are necessary to meet requirements imposed on a grower by an integrator. However, in all situations growers shall be required to take all actions feasible to prevent pollution from stored poultry waste.

(B) Poultry waste shall not be applied to land when the ground is saturated or during rainfall events. Poultry waste shall not be applied to land when the ground is frozen or snow covered except in conformance with the NMP.

(C) Poultry waste shall only be applied to suitable land at appropriate times and rates as specified by the NMP. Runoff of poultry waste from the application site is prohibited.

(D) All practices necessary to minimize movement of poultry waste to watercourses shall be utilized and documented in the NMP.

(E) Edge of field, grassed strips shall separate water courses from runoff which may be carrying eroded soil and poultry waste.

(F) Poultry waste application shall be prohibited on land subject to excessive erosion.

(G) Land application rates of poultry waste shall provide controls for runoff as appropriate for site conditions.

(H) Poultry waste shall be applied only by a certified poultry waste applicator.

(b) The NMP shall also include a method for the disposal of carcasses. The NMP shall include provisions for disposal of carcasses associated with normal mortality and shall include provisions for emergency disposal when a major disease outbreak or other emergency results in deaths significantly higher than normal mortality rates. Accepted methods of carcass disposal include:

(1) Rendering

(A) Disposal of all carcasses shall occur within a reasonable period of time as approved by the State Department of Agriculture.

(B) Storage facilities shall be sealed or have lids and maintained so as to prevent pests and odors.

(2) Burial shall only be allowed as a method of carcass disposal if no reasonable alternative exists and specific measures and practices are identified which will be utilized to protect the ground and surface waters of the State.

(3) Composting by methods as approved in the NMP.

(4) Incineration shall only be used as a method of carcass disposal if the poultry feeding operation has a valid air quality permit from the Oklahoma Department of Environmental Quality, Air Quality Division, if required.

(c) Storage and land application of poultry waste shall not cause a discharge or runoff of significant pollutants to waters of the State or cause a water quality violation to waters of the State.

(d) The operator shall notify the State Department of Agriculture within twenty-four (24) hours of a discharge.

SUBCHAPTER 9. AGRICULTURAL COMPOST FACILITIES

35:17-9-1. Purpose and applicability

(a) This subchapter applies to any person who owns or operates any compost facility using source materials within the Department's areas of environmental jurisdiction pursuant to 2 O.S. § 2-4(A)(16).

(b) These rules shall not apply to any compost facility located:

- (1) Located on a facility permitted or licensed as a concentrated animal feeding operation or a registered poultry feeding operation ~~so long as~~ if any portion of the source materials is from the concentrated animal feeding operation or registered poultry feeding operation, ~~not to any compost facility permitted.~~
- (2) Permitted or required to be permitted by the Oklahoma Department of Environmental Quality ~~or~~
- (3) Producing compost volume of fewer than two hundred (200) cubic yards annually if production does not create a public nuisance or impair local water quality standards.

35:17-9-3. Permit provisions and application

- (a) Prior to operation, any person using any source materials within the Department's jurisdictional areas of environmental responsibility to produce compost shall obtain a permit to operate the facility from the Department, ~~unless the person is producing compost solely for personal use and not for commercial purposes.~~
- (b) The permit shall be renewed every five (5) years on October 1.
- (c) The application for a compost facility shall contain, as a minimum, the following information:
 - (1) Name, address, and telephone number of the owner;
 - (2) Name, address, and county of the facility, including specific driving directions from the nearest municipality, and legal description of the facility to the nearest ten (10) acres;
 - (3) Name, address, and telephone number of the operator, if other than the owner;
 - (4) Narrative describing the proposed compost facility.
 - (5) A composting plan that shall include but not be limited to the following:
 - (A) Source materials proposed for use and the estimated amount of compost produced per month or per year;
 - (B) Proposed type of composting process or processes to be used at the facility, including windrow, static pile, or in vessel composting method;
 - (C) Characterization of the physical and environmental setup of the facility, including but not limited to the following:
 - (i) Description of topography using a current 7.5 minutes topographic map highlighting the location of waters of the state within three (3) miles of the facility, an outline of the watershed drainage area with arrows indicating general direction of surface water drainage from the facility;
 - (ii) Soil map showing soil types at the facility; and
 - (iii) 100-year flood plain map.
 - (D) Laboratory test reports showing the amount of nitrogen as nitrate and total phosphorus contained in waters of the state at the facility, including but not limited to groundwater from all existing wells and surface impoundments located on the site.
 - (E) Design drawings and specifications for:

- (i) receiving, processing, storage, disposal, or reuse areas;
- (ii) leachate collection systems;
- (iii) storage, treatment, and disposal of leachate;
- (iv) storm water drainage;
- (v) protection of groundwater from leachate;
- (vi) any other design drawings and specifications necessary to describe the proposed operations of the facility.
- (F) Proposed operational parameters.
- (G) Site layout and construction.
- (H) Best management practices used at the site for erosion control, water pollution control, odor control, storage of the source materials, storage of the finished compost, and aesthetic enhancement.
- (I) A notarized sworn statement signed by the owner accepting full responsibility for properly closing the facility upon termination of operation at the facility.
- (J) A notarized certification signed by the person applying for the permit, stating: "I certify under penalty of law this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware there are significant penalties for knowingly submitting false, inaccurate, or incomplete information, including the possibility of fines for each violation."
- (K) Supporting documentation regarding composting method used, including compost mix design, selection of C:N ratio, determining bulking agent need, aeration method, and moisture content and temperature to be maintained.
- (L) All other documentation deemed necessary and requested by the Department to assure the quality of waters of the state is not compromised, and any other information required by the Department directly related to the construction, installation and operation of the facility.
- (d) The application for a new facility or a renewal shall be accompanied by an application fee of Two Hundred Dollars (\$200.00).
- (e) The operator of a facility shall notify the Department in writing that the facility is no longer in operation within thirty (30) days of the cessation of operation.
- (f) The Department shall require closure of any facility under the following circumstances:
 - (1) The operator of the facility notifies the Department that the facility is no longer in operation.
 - (2) The facility has not accepted source material nor produced compost for a period of six (6) months.

(3) The facility is ordered to close by the Board due to failure to operate in compliance with any provision of the Agriculture Code or rules of the Board.

GIST/ANALYSIS:

The proposed rule amendments are for regulating the disposal of all domestic animal carcasses in Oklahoma pursuant to the provisions of Section 1223 of Title 21 of the Oklahoma Statutes, as amended by SB 546, which became effective November 1, 2019.

CONTACT PERSON:

Kambi Maddy, Assistant General Counsel, Oklahoma Department of Agriculture, Food, and Forestry, Office of General Counsel, P.O. Box 528804, Oklahoma City, OK 73152-8804, phone: (405) 522-5803, email: kambi.maddy@ag.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 14, 2020:

35:18-1-1. Purpose

(a) These rules are for regulating the disposal of all domestic animal carcasses in Oklahoma pursuant to the provisions of Section 1223 of Title 21 of the Oklahoma Statutes.

(b) The owner of any domestic animal shall be required to dispose of its carcass within twenty-four (24) hours after notice or knowledge of the animal's death.

(c) These rules shall supercede any other rules related to carcass disposal in Title 35 of the Oklahoma Administrative Code, except for those related to licensed managed feeding operations pursuant to 35:17-3-17. These rules shall not apply to wildlife, but may be used as guidance in disposal of wildlife animal carcasses.

35:18-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Burial" means a process by which an animal carcass is disposed of by placement within an excavation into the soil or upon the soil surface where it is then covered by soil material.

"Composting" means the natural biological degradation of plant and animal matter in a controlled, well-aerated system.

"Domestic animal" means any cattle, bison, horses, sheep, goats, asses, mules, swine, domesticated rabbits, chickens, turkeys, other domesticated fowl, and any animal or bird in captivity.

"Incineration" means the controlled and monitored combustion of animal carcasses for the purposes of volume reduction and pathogen control and the final product is reduced to ashes.

"Landfill" means a solid waste disposal site permitted or approved by the Oklahoma Department of Environmental Quality.

"NRCS" means Natural Resources Conservation Service, an agency in the United States Department of Agriculture.

"Owner" means any person who has possession of a domestic animal by ownership, rent, hire, loan, or otherwise. This definition includes, but is not limited to, an owner or caretaker of an animal and any person who owns or is in control of land on which an animal carcass is found.

"Rendering" means the process or business of recycling animal carcasses and animal by products.

35:18-1-3. Unlawful acts

It shall be unlawful for the owner of any domestic animal to leave or deposit, or cause to be left or deposited, the carcass of any domestic animal in any well, spring, pond, or stream of water; or leave or deposit the carcass within one-fourth (1/4) mile of any occupied dwelling or of any public highway, without burying or disposing of the carcass pursuant to the provisions of this Chapter.

35:18-1-4. Methods of disposal

A domestic animal carcass may be stored in a freezer until such time as the owner is able to dispose of the carcass in one of the following methods:

(1) Burial shall be used to dispose of a domestic animal carcass if the soil and site conditions are suitable and if no other reasonable alternative exists.

(A) Specific measures and practices shall be utilized to protect the ground and surface waters of the state. The local NRCS office may be available with initial evaluation or an owner may use the NRCS web soil survey tool to perform a desktop site evaluation, but actual site conditions shall be the determining factor when evaluating a site's suitability for burial of a domestic animal carcass.

(B) Requirements for burial of a domestic animal carcass are as follows:

(i) Burial of a domestic animal carcass requires the construction of a pit or trench.

(ii) A burial pit or trench shall not be located closer than one (1) foot vertically above the flood plain or within two (2) feet of the water table or bedrock.

(iii) A burial pit or trench shall not be located within three hundred (300) feet of a well, waters of the state, neighboring residences, public areas, or property lines.

(iv) A burial pit or trench shall not be located along any stream or ravine where a domestic animal carcass may become exposed through erosion of the soil, or where the land is at any time subject to overflow.

(v) After placing a domestic animal carcass in a pit or trench, the carcass shall be covered with a minimum of two and one-half ($2\frac{1}{2}$) feet of soil.

(vi) A burial pit or trench shall be mounded so water does not pond on the mounded area.

(vii) A burial pit or trench shall be routinely inspected to add additional soil, if necessary, and to ensure that animals are not scavenging, digging, or dragging away a domestic animal carcass.

(viii) Surface rainwater shall be directed to flow away or around the burial pit or trench.

(2) General requirements for composting of a domestic animal carcass are as follows:

(A) The composting process shall be managed at all times to be practically odorless, prevent fly larvae development, prevent animal depredation and prevent leaching of waste material which may cause water or soil contamination.

(B) A domestic animal carcass shall be reduced to brittle, easily broken bone after composting.

(C) A minimal peak temperature of 130 degrees Fahrenheit shall be achieved during the composting process to produce pathogen free compost.

(3) A domestic animal carcass shall be disposed of in a self-contained, closed incinerator. An air quality permit from the Oklahoma Department of Environmental Quality may be required.

(4) A domestic animal carcass shall be disposed of in a landfill approved to dispose of animal carcasses by the Oklahoma Department of Environmental Quality.

(5) A domestic animal carcass shall be disposed of by delivering to a rendering facility within twenty-four (24) hours of death, unless the carcass has been refrigerated or frozen.

35:18-1-5. Variances

Variances from these rules shall only be granted by the Department on a case by case basis. The granting of a variance shall not act as a precedent for any other case, whether similar or not. In each case where a variance is granted, the decision shall be thoroughly documented.

See contact person below.

GIST/ANALYSIS:

The proposed rule amendments modify fire ant quarantine areas; update citations to the Code of Federal Regulations; clarify termite treatment standards; reduce requirements for wood infestation reports; add seed labeling requirements; add minimum safety requirements for valves on anhydrous ammonia nurse tanks; update language; and modify entities to be charged for grower's license.

CONTACT PERSON:

Kambi Maddy, Assistant General Counsel, Oklahoma Department of Agriculture, Food, and Forestry, Office of General Counsel, P.O. Box 528804, Oklahoma City, OK 73152-8804, phone: (405) 522-5803, email: kambi.maddy@ag.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 14, 2020:

SUBCHAPTER 13. IMPORTED FIRE ANT QUARANTINE

35:30-13-3. Regulated area

Imported Fire Ant regulated areas are the Oklahoma counties of:

- (1) Bryan Jefferson, and McCurtain (~~4-15-86~~)(1986);
- (2) Marshall (Additional Infested Area ~~2-5-87~~1987);
- (3) Carter, Choctaw, Comanche, Johnston, and Love; ~~and~~
- (4) LeFlore, Pushmataha, Atoka, Coal, Pontotoc, Garvin, Murray, Stephens, Jefferson, Cotton, Tillman, and Jackson;
- (5) Latimer (~~6-9-17~~)(2017); and
- (6) Pittsburgh (2020).

SUBCHAPTER 17. COMBINED PESTICIDE

PART 6. PESTICIDAL PRODUCT PRODUCING ESTABLISHMENTS

35:30-17-13. Incorporation by reference of federal pesticide producing establishment regulations

(a) The Registration of Pesticide and Active Ingredient Producing Establishments, Submission of Pesticide Reports and Books and Records of Pesticide Production and Distribution Regulations found in Title 40 of the Code of Federal Regulations (CFR) (~~2017~~2019 Revision), Part 167 et seq. and Part 169 et seq. for the United States Environmental Protection Agency (EPA) as promulgated and amended in the Federal

Register, are hereby adopted in their entirety with the exception of 40 CFR § 167.90.

(b) All words or terms defined or used in the Federal regulations incorporated by reference shall mean the state equivalent or counterpart to those words or terms.

PART 15. MINIMUM STANDARDS FOR TERMITE WORK FOR EXISTING STRUCTURES

35:30-17-69.1. Perimeter termite treatments

(a) These minimum standards are intended to address perimeter termite treatments with termiticides which allow perimeter treatments.

(b) Perimeter treatments can not be performed using any pesticide which does not allow this type treatment as stated on the product label.

(1) Perimeter Termite Treatments shall be considered a complete structural treatment unless limited by the label.

(2) The exterior open ground area along the foundation wall shall be trenched or trenched and rodded through the bottom of the trench to the bottom of the footing at no more than twelve inch (12") intervals. The trench shall be a minimum of six inches (6") in depth and six inches (6") wide. The trench shall be backfilled and the backfill treated at label rate. If physical obstructions prevent trenching then rodding can be performed at twelve inch (12") intervals.

(3) All concrete slabs adjoining the structure shall be drilled and treated at no more than twelve inch (12") intervals.

(4) With an accessible crawl space, all piers, pipes and interior support walls shall be trenched or trenched and rodded through the bottom of the trench to the bottom of the footing at no more than twelve inch (12") intervals. The trench shall be a minimum of six inches (6") in depth and six inches (6") wide.

(5) If termites are found in an inaccessible crawl space the soil shall be treated in accordance with label directions.

(6) Treatment of a garage shall be performed around all garage door supports and along any wall or portion of wall that has not been treated in accordance with this section. The drilling shall be at twelve inch (12") intervals.

(7) Basements shall be trenched or trenched and rodded through the bottom of the trench to a depth of at least four feet (4'). The trench shall be a minimum of six inches (6") in depth and six inches (6") wide.

(8) The contract shall specifically identify the exact location where a spot treatment is performed and the treatment shall meet all minimum standards for the specific location identified. The spot treatment shall be at least three feet (3') in two (2) or more directions ~~unless label requires a distance greater than three feet (3').~~

35:30-17-69.2. Exceptions to minimum standards

(a) Exceptions to minimum standards for a complete treatment shall include the following:

- (1) The property owner agrees with the written explanation in the contract as to why the standard was not performed. Sections 35:30-17-66 and 35:30-17-69 shall in no case be written out of the contract; and
 - (2) The termiticide label specifically allows for a variation and the variation is stated in the contract.
- (b) Exceptions to minimum standards for a spot or partial treatment shall include the following:
- (1) The property owner agrees with the written explanation in the contract as to why the standard is not performed, or the termiticide label specifically allows for a variation and the variation is stated in the contract. Sections 35:30-17-66 and 35:30-17-69 shall in no case be written out of the contract.
 - (2) The contract shall include the statement, "This is a SPOT/PARTIAL treatment," or otherwise clearly convey that the treatment is not a complete termite treatment.
 - (3) The contract shall specifically identify the exact location where the spot treatment is performed and the treatment shall meet all minimum standards for the specific location identified. The identified spot treatment location shall be at least three feet (3') in two (2) or more directions but the identified spot treatment location shall not be equal to the entire structure.
 - (4) The contract shall not contain any misrepresentations or false claims regarding the effectiveness of a spot or partial treatment.
- (c) The Board of Agriculture may grant an exception to existing rules or minimum standards if:
- (1) The registered pesticide allows for the use or application method that is currently prohibited under rule or minimum standards; and
 - (2) The manufacturer provides verifiable research data to the Board concerning the efficacy of the chemical or methodology.

PART 21. STANDARDS FOR DISPOSAL OF PESTICIDE AND PESTICIDE CONTAINERS

35:30-17-89.1. Incorporation by reference of federal pesticide management and disposal regulations

- (a) The Labeling Requirements for Pesticides and Devices, Container Labeling and Pesticide Management and Disposal regulations found in Title 40 of the Code of Federal Regulations (CFR) (2017/2019 Revision), Part 156.140 et seq. and Part 165 et seq. for the United States Environmental Protection Agency (EPA) as promulgated and amended in the Federal Register, are hereby adopted in their entirety.
- (b) All words or terms defined or used in the federal regulations incorporated by reference shall mean the state equivalent or counterpart to those words or terms.

PART 22. WOOD INFESTATION REPORTS

35:30-17-107. Forms

- (a) Form ODAFF-1 [Oklahoma Official Termite and Wood Destroying Insect Report] ~~and Form ODAFF-2 (Official Termite and Wood Destroying Insect Report Follow up)~~ shall be the official and required ~~forms~~ form for WIRs and ~~are~~ is available for inspection or ~~copies~~ copy at the offices of the Plant Industry and Consumer Services Division, Oklahoma Department of Agriculture, Food, and Forestry.
- (b) The official ~~forms~~ form may be preprinted by a business, however no alterations or additions to the form shall occur, other than the following:
 - (1) Name of the business.
 - (2) Business structural pest control license number.
 - (3) Business address and telephone number.
- (c) Additional documents or addenda shall be listed and attached to the WIR.
- (d) Each official form including more than one page, whether printed on the front and back or on separate pages, shall include the total number of pages in the WIR and the page number of each individual page, i.e. "Page One of Three."

SUBCHAPTER 25. SEED

35:30-25-2. Labeling requirements

- (a) **Agricultural Seed.** Labeling requirements for agricultural seed are as follows:
 - (1) The word "trace" or other nonspecific word is prohibited from the label in expressing any required labeling point.
 - (2) Noxious weeds shall be expressed on the label in "Name and Number Per Pound", subject to the limitations in Section 35:30-24-4. The name and number per gram or per ounce cannot be used in expressing noxious weeds. The words "None in Excess" or similar phrases are prohibited in the labeling of noxious weeds.
 - (3) Unacceptable abbreviations in labeling seed are not permissible.
 - (4) The percent of germination, hard or firm seed, shall be expressed in whole figures.
 - (5) Noncertified seed labeled a variety which has been restricted for sale to certified class only by the Federal Seed Act and U.S. Plant Variety Protection Act shall be considered falsely labeled.
 - (6) The name of the laboratory testing the seed is not required on the label. Phrases such as "State Tested" or "Tested by Oklahoma Seed Laboratory" are not permitted on the label.
 - (7) Variety labeling requirements are as follows:
 - (A) The following kinds of agricultural seeds are generally labeled as to variety and shall be labeled to show the variety name or the words "variety not stated":
 - (i) Alfalfa
 - (ii) Bahiagrass
 - (iii) Barley
 - (iv) Bean, field
 - (v) Beet, field

- (vi) Brome, smooth
- (vii) Broomcorn
- (viii) Clover, crimson
- (ix) Clover, red
- (x) Clover, white
- (xi) Corn, field
- (xii) Corn, pop
- (xiii) Cotton
- (xiv) Cowpea
- (xv) Fescue, tall
- (xvi) Flax
- (xvii) Lespedeza, striate
- (xviii) Millet, foxtail
- (xix) Millet, pearl
- (xx) Oat
- (xxi) Pea, field
- (xxii) Peanut
- (xxiii) Rice
- (xxiv) Rye
- (xxv) Safflower
- (xxvi) Sorghum
- (xxvii) Sorghum-sudangrass, hybrid
- (xxviii) Soybean
- (xxix) Sudangrass
- (xxx) Sunflower
- (xxxi) Tobacco
- (xxxii) Trefoil, birdsfoot
- (xxxiii) Wheat, common
- (xxxiv) Wheat, durum

(B) If the name of the variety is given, the name may be associated with the name of the kind with or without the words "kind and variety". The percentages in this case, which may be shown as "pure seed", shall apply only to seed of the variety named. If separate percentages for the kind and variety are shown, the name of the kind and the name of the variety shall be clearly associated with the respective percentages. When two or more varieties are present in excess of 5 percent and are named on the label, the name of each variety shall be accompanied by the percentage of each.

(8) When type is designated, the designation may be associated with the name of the kind but shall in all cases be clearly associated with the word "type". The percentage, which may be shown as "pure seed", shall apply only to the type designated. If separate percentages for the kind and the type are shown, the percentages shall be clearly associated with the name of the kind and the name of the type.

(A) If the type designation does not include a variety name, it shall include a name descriptive of a group of varieties of similar character; and the pure seed shall be at least 90 percent of one or more varieties all of which conform to the type designation.

(B) If the name of a variety is used as a part of the type designation, the seed shall be of that variety and may contain an admixture of seed of other indistinguishable varieties of the same kind and of similar

character; or an admixture of indistinguishable seeds having genetic characteristics dissimilar to the variety name by reason of cross-fertilization with other varieties. In either case, at least 90 percent of the pure seed shall be of the variety named or upon growth shall produce plants having characteristics similar to the variety named. No one kind or variety of seed shall be labeled as hybrid if the pure seed contains less than 90 percent hybrid seed.

(9) No one kind or variety of seed shall be labeled as hybrid if the pure seed contains less than (90) percent hybrid seed.

(10) Agricultural seeds other than those included in the percentage or percentages of kind, hybrid, variety, or type may be expressed as "other crop seeds" or "other crop", but the percentage shall include collectively all kinds, hybrids, varieties, or types not named upon the label.

(b) **Vegetable Seed.** For vegetable seeds which contain other crop, weed seed, or noxious weed seed, labeling shall be attached showing:

- (1) Percent of pure seed
- (2) Percent of inert matter
- (3) Percent of other crop
- (4) Percent of weed seed

(c) **Standard of germination.** The standard of germination for vegetable seed, including hard seed, is as follows:

- (1) Artichoke - 60%
- (2) Asparagus - 70%
- (3) Asparagus bean - 75%
- (4) Bean, garden - 70%
- (5) Bean, lima - 70%
- (6) Bean, runner - 75%
- (7) Beet - 65%
- (8) Broadbean - 75%
- (9) Broccoli - 75%
- (10) Brussels sprouts - 70%
- (11) Burdock, great - 60%
- (12) Cabbage - 75%
- (13) Cabbage, tronchuda - 75%
- (14) Cantaloupe (see Muskmelon)
- (15) Cardoon - 60%
- (16) Carrot - 55%
- (17) Cauliflower - 75%
- (18) Celeriac - 55%
- (19) Celery - 55%
- (20) Chard, Swiss - 65%
- (21) Chicory - 65%
- (22) Chinese cabbage - 75%
- (23) Chives - 50%
- (24) Citron - 65%
- (25) Collards - 80%
- (26) Corn, sweet - 75%
- (27) Cornsalad - 70%
- (28) Cowpea - 75%
- (29) Cress, garden - 75%
- (30) Cress, upland - 60%
- (31) Cress, water - 40%
- (32) Cucumber - 80%

- (33) Dandelion - 60%
- (34) Eggplant - 60%
- (35) Endive - 70%
- (36) Kale - 75%
- (37) Kale, Chinese - 75%
- (38) Kohlrabi - 75%
- (39) Leek - 60%
- (40) Lettuce - 80%
- (41) Muskmelon - 75%
- (42) Mustard, India - 75%
- (43) Mustard, Spinach - 75%
- (44) Okra - 50%
- (45) Onion - 70%
- (46) Onion, Welsh - 70%
- (47) Pak-Choi - 75%
- (48) Parsley - 60%
- (49) Parsnip - 60%
- (50) Pea - 80%
- (51) Pepper - 55%
- (52) Pumpkin - 75%
- (53) Radish - 75%
- (54) Rhubarb - 60%
- (55) Rutabaga - 75%
- (56) Salsify - 75%
- (57) Sorrel - 65%
- (58) Soybean - 75%
- (59) Spinach - 60%
- (60) Spinach, New Zealand - 40%
- (61) Squash - 75%
- (62) Tomato - 75%
- (63) Tomato, husk - 50%
- (64) Turnip - 80%
- (65) Watermelon - 70%

(d) Marijuana seed. Labeling requirements for marijuana seed are as follows:

- (1) Company/grower's name
- (2) Company/grower's OMMA license number, if licensed
- (3) Company/grower's seed license number
- (4) Seed name (marijuana)
- (5) Strain name (if unknown, labeled as unknown)
- (6) Origin
- (7) Lot number (number or name identifier)
- (8) Harvest date (date of seed's actual harvest)
- (9) Net weight (g/oz.) or number of seeds

SUBCHAPTER 29. FERTILIZER

PART 3. LIQUID, DRY, AND ANHYDROUS AMMONIA

35:30-29-38. Anhydrous ammonia requirements

(a) General safety requirements.

- (1) Each tank used with a system shall be constructed and tested in accordance with parts UG-1 through UG-36, inclusive, entitled "General Requirements for All Methods

of Construction and All materials" and parts UF-1 through UF-136 entitled "Requirements for Pressure Vessels Fabricated by Forging" as published in Section VIII, Division I of the ASME Boiler and Pressure Vessel Code, July 1, 1983 edition amendments, supplements, or successors.

(2) No person shall fill a storage or nurse tank with anhydrous ammonia unless the tank bears a manufacturer's nameplate showing that it is a code container.

(3) The copy of the report form from each inspection and re-qualification, together with tank repair and mill test reports, if any, shall be maintained for the entire service life of the tank. The reports shall be forwarded with the tank when relocated.

(4) For protection to the public and safety for individuals, the storage of nurse tanks shall conform to the same subsection as permanent storage installations in order to prevent tampering by individuals, which may cause injury to human health.

(5) Anhydrous ammonia tanks of three thousand (3,000) gallon water capacity or less shall not be used for any other commodity except anhydrous ammonia.

(6) Tank trucks, semi-trailers, nurse tanks, and trailers transporting anhydrous ammonia shall not be left unattended on public thoroughfares or in densely populated areas.

(7) If the ammonia hose is marked with:

(A) the year of manufacture and made from the following materials, it shall be replaced per the indicated service life with not more than one (1) year shelf life added:

- (i) Rayon - 2 years
- (ii) Nylon - 4 years
- (iii) Stainless Steel - 6 years

(B) a manufacturer's removal date, it shall be replaced prior to that date (i.e., the manufacturer removal date is ~~2005~~2020, the hose shall be removed prior to January 1, ~~2005~~2020).

(8) All anhydrous ammonia high pressure transfer hoses shall be clearly marked at least once every five (5) feet with the manufacturer's name or trademark, the words Anhydrous Ammonia, the maximum working pressure in PSIG, and the year of manufacture or manufacture removal date. Bulk hoses shall not be used. All hose ends shall be connected by the manufacturer.

(9) Any accident or release, involving anhydrous ammonia, shall be reported (telephone or fax) to the Oklahoma Department of Agriculture as soon as possible, no later than twenty-four (24) hours following the incident, so that an investigation may be made before the area is disturbed.

(A) An accident includes nurse tanks that have been in a wreck, overturned tanks, vandalism (without a release), storage tank being damaged, or "ANY" personal injuries.

(B) A release includes valve malfunctions, ruptured hoses, or any time anhydrous ammonia is released into the air with the exception of safety relief (pop off and hydrostatic) valves.

(10) Converted railroad tank cars shall not be used for the storage of anhydrous ammonia unless they have been retested and meet the requirements of this subsection.

(11) All storage installations shall have on hand, as a minimum, the following equipment in a readily accessible location for emergency and rescue purposes:

(A) One full face gas mask with one industrial size ammonia canister with current date and at least one spare ammonia canister in a readily accessible location. A positive pressure self-contained breathing apparatus shall be used in ammonia contaminated atmospheres that are immediately dangerous to life or health. Gas masks and self-contained breathing apparatus shall be approved by NIOSH/MSHA under provisions of 30 CFR Part II. Procedures and training shall be in accordance with 29 CFT Part 1910 and documented.

(B) One pair of approved protective gloves made of material impervious to anhydrous ammonia.

(C) One pair of protective boots made of material impervious to anhydrous ammonia.

(D) One protective slicker and/or protective pants and jacket made of material impervious to anhydrous ammonia.

(E) Approved flexible fitting, hooded ventilation goggles and one full face shield.

(12) Each employee shall be provided with a pair of approved gloves and a pair of approved flexible fitting, hooded ventilation goggles and, as an option, a full face shield worn over the goggles, which shall be worn when making, breaking, or testing, any ammonia connection, transferring ammonia, or performing maintenance on an ammonia system under pressure.

(13) Each vehicle transporting anhydrous ammonia shall carry a container of at least five gallons of water and shall be equipped with one pair approved protective gloves; a full face gas mask; a pair of approved flexible fitting hooded ventilation goggles, and as an option, one full face shield to be worn over the goggles. The driver shall be instructed in their use and the proper action to take to provide for their safety.

(14) If a leak occurs in transportation equipment and it is not practical to stop the leak, the driver should move the vehicle to an isolated location downwind from populated communities or heavily traveled highways.

(15) Wheel chocks for nurse tanks and railcars shall be available and shall be used when loading or unloading.

(16) It is a violation for any person to transfer or deliver any anhydrous ammonia into a storage or nurse tank having defects which are plainly apparent.

(17) No container pressure relief device shall be used after the replacement date as specified by the manufacturer.

(18) An attendant is required to transfer anhydrous ammonia and shall be trained in safe operating practices, use of equipment, safety devices, and the proper action to take in the event of emergencies.

(19) Additional safety guidelines found in the American National Standards Institute, Inc., Safety Requirements for

Storage and Handling of Anhydrous Ammonia may be applied at the Board's discretion.

(b) **Minimum safety requirements for anhydrous ammonia storage tanks.** Minimum safety requirements for storage tank facility operations are as follows:

(1) A sign shall be on display at each location in a conspicuous place stating the name, address, and phone number of the nearest representative, agent, or owner of the storage system in letters not less than one inch high.

(2) An easily accessible shower and/or a minimum of one hundred (100) gallons of clean water in an open top container shall be available at every anhydrous ammonia storage location.

(3) Storage tanks shall be free of leaks

(4) Tank supports shall be in good condition.

(5) Storage tanks shall have a reflective surface maintained in good condition. White is recommended for painted surfaces, but other light reflective colors are acceptable.

(6) All hoses shall be maintained, approved for anhydrous ammonia and meet current data specifications.

(7) Hose hang-up racks shall be provided and operational.

(8) All gauges shall be operative with markings clearly visible.

(9) Vapor valves shall be color coded safety yellow and labeled.

(10) Liquid valves shall be color coded safety orange and labeled.

(11) All pressure relief valves shall be capped.

(12) All piping shall be well supported and provision made for expansion and contraction.

(13) All piping shall be done with Schedule 40 black pipe when joints are welded or Schedule 80 black pipe when joints are threaded. An unpainted stainless steel braided flex hose, with Schedule 80 welded fittings, no longer than thirty (30) inches, may be used to provide expansion, contraction, jarring, vibrating, and for settling. In no case shall the angle of the connection exceed ten (10) degrees.

(14) Brass, copper, or galvanized steel pipe or tubing shall not be used.

(15) Provisions shall be made to protect all exposed piping by use of guardrails or other types of protective barriers.

(16) In addition, to the excess flow valves in the liquid and vapor connections of the storage tank and the tank car or truck, an excess flow valve or backflow check valve shall be installed in the piping connecting the storage tank with the tank car or truck, close to the point where the piping and hose are joined.

(17) "STOP-TANK CAR CONNECTED" signs shall be available and in use when railcars are being unloaded. A sign shall be used at each end of the railcar when the railroad siding opens onto the main line from both directions.

(18) The area around permanent storage tanks shall be kept free of trash, debris, and vegetation which could be a fire or safety hazard.

(19) Storage tanks and appurtenances shall be secured to provide reasonable protection against vandalism or unauthorized access which may result in a discharge. Discharge valves on storage tanks shall be locked except when persons responsible for facility security or transfer operations are present. A trained attendant shall make all connections, disconnections, and supervise the transfer of liquids from the time the connections are made until they are disconnected.

(20) Each storage tank shall be marked on at least two sides with the words "ANHYDROUS AMMONIA" OR "CAUTION-AMMONIA" in sharply contrasting colors with letters not less than four (4) inches high. The inhalation hazard decals on a background of sharply contrasting colors at least two (2) inches high shall be on two (2) sides.

(21) Storage tanks shall be located outside of densely populated areas.

(22) Storage tanks shall not be located less than fifty (50) feet from any property line upon which a building may be erected.

(23) Storage tanks shall not be located less than six hundred (600) feet from building, structures, or areas used for activities such as civic, political, religious, recreational, or education purposes, or for involuntary detention of persons.

(24) Storage tanks shall not be located less than fifteen hundred (1500) feet from hospitals, nursing homes, homes for the aged, or public swimming facilities.

(25) Storage tanks shall not be located less than fifty (50) feet from containers of petroleum products.

(c) **Minimum safety requirements for anhydrous ammonia nurse tanks.** Minimum safety requirements for nurse tanks are as follows:

(1) Nurse tanks shall be painted white or aluminum.

(2) All nurse tanks shall be equipped with both pressure gauge and liquid level gauge. Gauges shall be operative at all times.

(3) All ammonia hoses shall be in good condition, approved for anhydrous ammonia, and meet current date specifications.

(4) It is a violation for any person to transfer or deliver any anhydrous ammonia into a nurse tank having defects which are plainly apparent.

(5) Nurse tanks shall be securely attached to the pulling vehicle and supplemented by two (2) suitably welded safety chains.

(6) There shall appear on each side and on each end of the nurse tank the words "ANHYDROUS AMMONIA" on a background of sharply contrasting colors at least four (4) inches high. The words are not required on the tank end with valves, fittings, gauges, or appurtenances. In addition, on the rear end of the tank or trailer, there shall be a "Slow Moving Vehicle" sign.

(7) The name of the owner, place of business, phone number, or contact in case of an emergency shall appear on each side.

(8) The owner's unique number shall appear as an individual identifying figure on each nurse tank, including single or dual nurse tank setups, in letters and numbers with at least one half (1/2) inch in height and width.

(9) Vapor valves shall be color coded safety yellow and labeled.

(10) Liquid valves shall be color coded, safety orange and labeled.

(11) Vapor valves and liquid valves shall remain closed when not in operation.

(12) All pressure relief valves shall be capped.

~~(12)~~ (13) Decals depicting step by step ammonia transfer instructions and/or connecting/disconnecting instructions for quick couplers to include first aid procedures to use when contaminated with ammonia shall be on each nurse tank.

~~(13)~~ (14) All nurse tank operators shall be furnished with the following by the dealer:

(A) One pair of approved flexible fitting, hooded ventilation goggles or full face shield.

(B) One pair of approved protective gloves made of rubber or other material impervious to ammonia.

~~(14)~~ (15) A minimum five gallon container of water shall be carried on all tanks containing anhydrous ammonia. When the temperature is near freezing or below, five gallons of water shall be carried in the pulling vehicle. The water container shall be filled with clean water before the trailer leaves the storage facility.

~~(15)~~ (16) Nurse tanks shall have the 1005 nonflammable gas placard on the sides and ends. The placard is not required on the tank end with valves, fittings, gauges, or appurtenances.

~~(16)~~ (17) The inhalation hazard decals on a background of sharply contrasting colors at least two (2) inches high shall be on two (2) sides of the tank.

~~(17)~~ (18) A decal showing the maximum pulling speed of 25 M.P.H. shall be on the front of each nurse tank as per the American National Standards Institute, Inc. (ANSI).

~~(18)~~ (19) The provisions found in Title 49 CFR § 173.315 (m) (1) and (2) (2010) as promulgated and amended in the Federal Register, are hereby adopted by reference in their entirety.

SUBCHAPTER 37. NURSERY STOCK SALES

35:30-37-12. Schedule of horticulture program fees

(a) The fee for each Federal Phytosanitary Certificate issued or renewed shall be as follows:

(1) Federal Phytosanitary Certificate PPQ Form 577

(A) If the aggregate commercial value of the product inspected for certification is \$1,250.00 or more - Fifty Dollars (\$50.00).

(B) If the aggregate commercial value of the product inspected for certification is less than \$1,250.00 - Twenty Five Dollars (\$25.00).

(2) Federal Phytosanitary Certificate, Processed Plant Products PPQ Form 578

- (A) If the aggregate commercial value of the product inspected for certification is \$1,250.00 or more - Fifty Dollars (\$50.00).
- (B) If the aggregate commercial value of the product inspected for certification is less than \$1,250.00 - Twenty Five Dollars (\$25.00).
- (3) Federal Phytosanitary Certificate for Re-export PPQ Form 579.
- (A) If the aggregate commercial value of the product inspected for certification is \$1,250.00 or more - Fifty Dollars (\$50.00).
- (B) If the aggregate commercial value of the product inspected for certification is less than \$1,250.00 - Twenty Five Dollars (\$25.00).
- (4) Ten Dollars (\$10.00) for the re-issuance of a Federal Phytosanitary Certificate.
- (b) The fee for each State Phytosanitary Certificate issued or renewed shall be Twenty Dollars (\$20.00) except there shall be no charge for the issuance of a certificate required by the Japanese Beetle Harmonization Plan unless a treatment is monitored by an authorized agent of the Board.
- (c) The fee for each grower, dealer, broker, and landscaper license issued or renewed and inspection conducted shall be as follows:
- (1) Growers license - Twenty five Dollars (\$25.00) for each business location.
 - (2) Growers inspection fee - One Dollar (\$1.00) per acre and per 1000 square feet of greenhouse area inspected.
 - (3) Dealers, broker license and landscapers fees -Thirty eight Dollars (\$38.00) for each business location.
 - (4) Landscaper or Personal Use Only license fee - One Hundred Dollars (\$100.00) for each business location.
 - (5) No fee for shall be charged for a grower's license issued to any scientific, agricultural, or horticultural club, ~~garden center~~, educational or eleemosynary institution, or any department or branch of the state or federal government.
 - (6) Failure to remit the license fee by the 15th of the month following the expiration month shall result in a penalty fee equal to the cost of the license.
- (d) A fee of Twenty-Five Dollars (\$25.00) shall be charged for any requested inspection or certification and shall be payable at the time of inspection and includes inspections and certificates issued for transporting plants.
- (e) All fees and monies collected under this program shall be paid to the Oklahoma Department of Agriculture, Food, and Forestry.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 14, 2020:

SUBCHAPTER 1. EGGS

35:37-1-2. Methods of grading

Methods of egg grading shall be the same as those described in USDA "Regulations Governing the Voluntary Grading of Shell Eggs 7 CFR Part 56" (~~2008~~2019 Version).

SUBCHAPTER 3. MEAT INSPECTION

PART 1. GENERAL PROVISIONS

35:37-3-1. Incorporation by reference of federal meat inspection regulations

The Mandatory Meat Inspection Regulations found in Title 9 of the Code of Federal Regulations (CFR) (~~2018-2019~~ Revision), Parts 301 to 391; 416; 417; 418; 424; 430; 441; 442 and 500 for the United States Department of Agriculture (USDA) as promulgated and amended in the Federal Register, are hereby adopted in their entirety with the exception of the deleted regulations specified in 35:37-3-3. Whenever an official mark, form, certificate or seal is designated by federal regulations, the appropriate Oklahoma Department of Agriculture, Food, and Forestry form, certificate or seal shall be substituted.

35:37-3-3. Deleted regulations

The following sections of the Federal regulations governing the mandatory meat inspection of the USDA incorporated by reference under 35:37-3-1 are deleted and are not rules of the Oklahoma Department of Agriculture, Food, and Forestry: 9 CFR 302.2; 303.1(c); 304.1; 304.2(a); 304.2(c); 305.2(b); 307.4; 307.5; 307.6; 316.12; 316.13(c); 317.5; 317.7; 317.9; 317.13; 318.8; 318.12; 321; 322; 327; 329; 331; 335; 351; 352; 354; 355; 362; 381; 390; 391; 392; 439; and 590 (~~2018~~2019 Revision).

SUBCHAPTER 5. POULTRY PRODUCTS INSPECTION

PART 1. GENERAL PROVISIONS

35:37-5-1. Definitions and incorporation by reference of federal poultry inspection regulations

(a) The Mandatory Poultry Inspection Regulations found in Title 9 of the Code of Federal Regulations (CFR) (~~2018~~2019 Revision), Parts 381; 416; 417; 418; 424; 430; 441; 442; and 500 for the United States Department of Agriculture (USDA) as promulgated and amended in the Federal Register, are hereby adopted in their entirety with the exception of the deleted regulations specified in 35:37-5-2. Whenever an official mark, form, certificate or seal is designated by federal regulations, the appropriate Oklahoma Department of Agriculture, Food, and Forestry mark, form, certificate or seal shall be substituted.

(b) All words and terms defined or used in the federal regulations incorporated by reference by the Department shall mean the state equivalent or counterpart to those words or terms.

(c) The following terms, when used in this subchapter, shall have the following meaning unless the context clearly indicates otherwise:

- (1) **"Act"** means the Oklahoma Poultry Products Inspection Act.
- (2) **"Director"** means the Director of Meat Inspection.
- (3) **"Poultry"** means any domesticated bird, whether live or dead, including chickens, turkeys, ducks, geese, guineas, ratites, or squabs (also known as young pigeons from one to about thirty (30) days of age).
- (4) **"Poultry product"** means any poultry carcass, part, or product made wholly or in part from any poultry carcass or part that can be used as human food, except those exempted from definition as a poultry product in Title 9 of the Code of Federal Regulations (CFR), Part 381.15. This term shall not include detached ova.
- (5) **"Poultry byproduct"** means the skin, fat, gizzard, heart, or liver, or any combination of any poultry for cooked, smoked sausage.

35:37-5-2. Deleted regulations and exemptions

(a) The following sections of the Federal regulations governing the mandatory poultry inspection (9 CFR, Part 381; 416; 417; 418; 424; 441; 442; and 500), (~~2018~~2019 Revision) of the USDA incorporated by reference under 35:15-27-1 are deleted and are not rules of the Oklahoma Department of Agriculture, Food, and Forestry: 381.6; 381.10(a)(2), (5), (6), and (7); 381.10(b); 381.10(d)(2)(i); 381.13(b); 381.16; 381.17; 381.20; 381.21; 381.37; 381.38; 381.39; 381.96; 381.101; 381.103 through 381.112; 381.123(b)(1) and (4); 381.132(c); 381.133; 381.179; 381.185; 381.186; and 381.195 through 381.225.

(b) The provisions of this Act and rules do not apply to poultry producers who slaughter their own poultry raised on their farm, and each of the following apply:

- (1) The producers slaughter no more than two hundred and fifty (250) turkeys or their equivalent with a ratio of four (4) birds of other species, excluding ratites, to one (1) turkey during a calendar year;
- (2) The producers do not engage in buying or selling poultry products other than those produced from poultry raised on their own farms;

(3) The poultry and poultry products do not move in commerce. Poultry producers are prohibited from selling or donating uninspected poultry products to retail stores, brokers, meat markets, schools, orphanages, restaurants, nursing homes, and other similar establishments and are prohibited from sales or donation of uninspected poultry through any type of retail market or similar establishment owned or operated by the poultry producer;

(4) The producers submit a certificate of registration to the Board;

(5) The poultry is healthy, the poultry is slaughtered and processed under sanitary standards, practices, and procedures that result in the preparation of poultry products that are sound, clean, and fit for human food, and each carcass, part, or poultry product bears a label that lists the customer's name, the producer's name, and the following statement, "This poultry product has not been inspected and passed";

(6) The poultry is sold directly to the household consumer and transported by either the household consumer or the poultry producer without third-party intervention or intervening transfer or storage, and is maintained in a safe and unadulterated condition during transportation; and

(7) The poultry producers, allow an authorized agent of the Board access to their facilities and an opportunity to examine records at all reasonable times upon notice.

SUBCHAPTER 13. MILK AND MILK PRODUCTS

35:37-13-2. Incorporations by reference

(a) **Adopted references.**

(1) PMO. "Grade A Pasteurized Milk Ordinance with Administrative Procedures - ~~2015~~2017 Recommendations," including Appendices A through ~~RT~~ thereto, hereinafter referred to as the "PMO," as published in the Grade A Pasteurized Milk Ordinance, ~~2015~~2017 Revisions, by the Department of Health and Human Services, Public Health Service/Food and Drug Administration, Washington, D.C. is hereby incorporated by reference.

(2) Code of Federal Regulations. Where mention is made to any section or sections of the Code of Federal Regulations in the PMO, that section or sections shall be incorporated by reference. The State Board of Agriculture declares that, by incorporating the PMO by reference, it does not intend to create any inconsistency with the Oklahoma Milk and Milk Products Act, in the event there may be any inconsistency.

(b) **Exceptions.**

(1) Section 16, "Penalty" is not incorporated by reference.

(2) Section 17, "Repeal and Date of Effect" is not incorporated by reference.

(3) Section 5, "Certified Industry Inspection" is not incorporated by reference.

(4) Appendices E, "Examples of 3-out-of-5 Compliance Enforcement Procedures" is not incorporated by reference.

SUBCHAPTER 15. ORGANIC PRODUCTS

35:37-15-2. The Adoption of NOP Standards

The Department adopts or incorporates by reference the following parts of the official rules and regulations of the NOP, 7 CFR Part 205 (~~2014~~2019 Revision), except for OAC 35:37-15-1, or as the Department designates otherwise in specific cases:

(1) Subpart A - Definitions, except for those designated otherwise by this subchapter;

(2) Subpart B - Applicability;

(3) Subpart C - Organic Production and Handling Requirements;

(4) Subpart D - Labels, Labeling, and Market Information;

(5) Subpart E - Certification;

(6) Subpart F - General Requirements for Accreditation; and

(7) Subpart G - Administrative.

(A) Sections 205.600 through 205.607.

(B) Sections 205.660 through 205.663.

(C) Sections 205.670 through 205.672.

(D) Sections 205.680 through 205.681.

GIST/ANALYSIS:

The proposed rule amendments are proposed to provide financing for food retailers to provide healthy food in underserved communities which primarily serve low or moderate income communities pursuant to the provisions of Section 5-201 et seq. of Title 2 of the Oklahoma Statutes; and to promote foods and products produced in Oklahoma in a manner consistent with the provisions of Section 5-9 et seq. of Title 2 of the Oklahoma Statutes.

CONTACT PERSON:

Kambi Maddy, Assistant General Counsel, Oklahoma Department of Agriculture, Food, and Forestry, Office of General Counsel, P.O. Box 528804, Oklahoma City, OK 73152-8804, phone: (405) 522-5803, email: kambi.maddy@ag.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 14, 2020:

SUBCHAPTER 21. OKLAHOMA HEALTHY FOOD FINANCING PROGRAM

35:40-21-1. Purpose

The purpose of the Oklahoma Healthy Food Financing Program is to provide financing for food retailers to provide healthy food in underserved communities which primarily serve low or moderate income communities. The Oklahoma Department of Agriculture, Food, and Forestry shall operate the Oklahoma Healthy Food Financing Program in a manner consistent with the provisions of Section 5-201 et seq. of Title 2 of the Oklahoma Statutes.

35:40-21-2. Definitions

The following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Board" means the State Board of Agriculture or its designee.

"Department" means the Oklahoma Department of Agriculture, Food, and Forestry, or its designee.

"Financing" means loans, grants, and forgivable loans.

"Grocery store" means a for-profit or not-for-profit self-service retail establishment that primarily sells meat, seafood, fruits, vegetables, dairy products, dry groceries, household products, and sundries.

"Low-income community" means a census tract, as reported in the most recent decennial census published by the United States Bureau of the Census, that has a poverty rate of at least twenty percent (20%) or in which the median family income does not exceed eighty percent (80%) of the greater of the statewide or metropolitan median family income.

"Moderate income community" means a census tract, as reported in the most recent decennial census published by the United States Bureau of the Census, in which the median family income is between eighty-one percent (81%) and ninety-five percent (95%) of the statewide or metropolitan median family income.

"Small food retailer" means a small retail outlet less than two thousand five hundred (2,500) square feet, which sells a limited selection of foods and other products.

"Underserved community" means a census tract, as reported in the most recent decennial census published by the United States Bureau of the Census, determined to be an area with low supermarket access by either the United States Department of Agriculture, as identified in the Food Access Research Atlas, or through a methodology that has been adopted for use by another governmental healthy food initiative.

35:40-21-3. Applicant eligibility

(a) Applicants eligible for financing shall include, but are not limited to, sole proprietorships, partnerships, limited liability companies, corporations, cooperatives, nonprofit organizations, nonprofit community development entities, universities, and government entities.

(b) Eligibility may be given to those applicants who:

- (1) Demonstrate the capacity to successfully implement the project;
- (2) Demonstrate the project is expected to be economically self-sustaining;
- (3) Demonstrate the ability to repay the debt; and
- (4) Agree, for a minimum of five (5) years, to comply with the following conditions:

(A) To accept the benefits of the United States Department of Agriculture's Supplemental Nutrition Assistance Program (SNAP) or other federal or state nutrition assistance programs;

(B) To apply for the United States Department of Agriculture's Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) or other federal or state nutrition assistance programs, and to accept the benefits, if approved;

(C) To allocate at least thirty percent (30%) of food retail space for the sale of perishable foods, which shall include fresh dairy, produce, meats, poultry, and fish;

(D) To comply with all data collection and reporting requirements established by the Board; and

(E) To promote the hiring of local residents.

35:40-21-4. Project eligibility

Projects eligible for financing shall be located in an underserved community and primarily serve low or moderate income

Permanent Final Adoptions

communities. These projects shall include, but not be limited to:

- (1) Construction of new grocery stores;
- (2) Construction of small food retailers; and
- (3) Grocery store or small food retailer renovations, expansions, and infrastructure upgrades that improve the availability and quality of fresh produce and other healthy foods.

35:40-21-5. Evaluation and financing criteria

When an applicant and the applicant's project are eligible for financing, the Department shall evaluate the application and determine the overall ability to participate and the amount of financing after considering the following criteria:

- (1) The level of need of access to healthy foods in the area to be served;
- (2) The degree to which the project requires an investment of public financing to progress, create, or impact the access to healthy food;
- (3) The degree to which the project will have a positive economic impact on the underserved community, including creating or retaining jobs for local residents;
- (4) The degree to which the project will participate in state and local health department initiatives to educate consumers on nutrition and promote healthier eating; and
- (5) Other criteria the Board determines to be consistent with the purposes of the Healthy Food Financing Act.

35:40-21-6. Allowed use of project funds

Financing made available for projects shall only be expended for the following purposes:

- (1) Site acquisition and preparation;
- (2) Construction costs;
- (3) Equipment and furnishings;
- (4) Workforce training or security;
- (5) Pre-development costs, including market studies and appraisals;
- (6) Energy efficiency measures;
- (7) Working capital for first-time inventory and start-up costs; and
- (8) For small food retailers, the acquisition or leasing of refrigeration equipment, display shelving, or other one-time capital expenditure, at a cost of less than Five Thousand Dollars (\$5,000.00), for the promotion and display of perishable foods, which shall include a blend of dairy products, fresh produce, fresh meats and poultry, and fresh or frozen fish.

35:40-21-7. Applications for project funds

Applications for project funds are limited to the equivalent of twenty (20) typed, single-spaced, eight and one-half inch by eleven inch pages, including any attachments. Applications shall be submitted electronically to the Oklahoma Department of Agriculture, Food and Forestry.

35:40-21-8. Supplemental program information

(a) Loan proposals are not limited to a specific dollar amount. Grants shall be limited to Ten Thousand Dollars (\$10,000.00). The Department may recommend an increase or decrease in the amount of requested funding based on its findings and on its level of available funds.

(b) Proposals may be submitted at any time. Deadline dates for submissions are January 1st, April 1st, July 1st, and October 1st or the next regular business day if the Department offices are closed on the deadline date. Reviews of loan and grant requests shall be made on a quarterly basis.

(c) The Oklahoma Department of Agriculture, Food, and Forestry shall complete initial screening for completeness and eligibility of all proposals upon receipt. If revisions or corrections are necessary, the applicant may withdraw and resubmit if submitted by the deadline date. If the Department recommends a funding level less than the amount requested in the proposal, the Department shall confer with the applicant to determine whether the amount recommended would alter the project's feasibility. No individual may participate in, or vote on, the determination of an application relating to an organization in which the individual has a direct personal financial interest.

(d) Following approval of a loan or grant request by the Department, a loan or grant contract shall be executed between the Department and the borrower or grantee. This agreement shall specify the time line and budget, fund release schedule, and any other conditions specific to the individual proposal. The entire loan or grant amount may not be released at the time of the execution of the contract. The borrower or grantee shall submit interim reports, as required, to the Department that outline the project's progress, time lines, and budget compliance prior to the Department issuing any subsequent payments pursuant to the agreement.

(e) Financial documents, books, receipts, orders, expenditures, electronic data, and accounting procedures and practices of the borrower or grantee necessary to evaluate the use of loan or grant funds are subject to examination by the Department at any time for three (3) years following the termination of the project.

(f) The Department may limit the dissemination of information concerning a project, but does not assume any liability for inadvertent disclosure.

(g) If a grantee or loan recipient fails to comply with the terms of an agreement, including, but not limited to, failure to pay back loans pursuant to the terms outlined in the agreement or failure to submit reports in a timely manner, the grantee or loan recipient shall not participate in any events sponsored by any program of the Oklahoma Department of Agriculture, Food, and Forestry.

(h) Failure to complete the terms of the agreement shall result in an audit and collection activities by the Oklahoma Department of Agriculture, Food, and Forestry.

SUBCHAPTER 23. MADE IN OKLAHOMA

35:40-23-1. Purpose

The purpose of the Made in Oklahoma program is to promote foods and products and services produced in Oklahoma. The Oklahoma Department of Agriculture, Food, and Forestry shall operate the Made in Oklahoma program in a manner consistent with the provisions of Section 5-9 et seq. of Title 2 of the Oklahoma Statutes.

35:40-23-2. Definitions

The following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"**Applicant**" means a person who is requesting membership into the Made in Oklahoma program.

"**Department**" means the Oklahoma Department of Agriculture, Food, and Forestry, or its designee.

"**Product**" means a product processed or manufactured to add value.

35:40-23-3. Applicant eligibility

(a) Applicants eligible for membership into the Made in Oklahoma program shall grow, process, or manufacture a product within the state of Oklahoma.

(b) Eligibility may be given to those applicants who are in compliance with other state and federal agencies.

35:40-23-4. Product eligibility

Products eligible to use the Made in Oklahoma logo shall:

- (1) Be processed or manufactured in an Oklahoma facility;
- (2) Meet or exceed all federal and State of Oklahoma standards and regulations; and
- (3) Include an Oklahoma address on each label.

35:40-23-5. Application

(a) Applications for membership into the Made in Oklahoma program shall be submitted to the Department.

(b) Each applicant shall submit a description of products, packaging, and proposed marketing materials. In addition, a label and sample of the product shall be provided.

(c) Each applicant shall submit a copy of any required licenses, health certifications or records of inspection by state or federal agencies from the previous year for the facilities and raw materials utilized in the applicant's products.

35:40-23-6. Logo

The Made in Oklahoma program logo shall be used only by a member of the Made in Oklahoma program. It shall be used only for promotion of eligible products as determined by the Department.

35:40-23-7. Renewal and revocation

(a) Made in Oklahoma program memberships shall be renewable on an annual basis. Applications for membership renewal shall be due on a date determined by the Department.

(b) Any person, firm, partnership, corporation, LLC, or other association who violates any provision of this section, gives false information in the application process, misrepresents certifications in the application process, or uses the Made in Oklahoma Program logo on an ineligible product shall be subject to immediate suspension or revocation of membership in the program and use of the Made in Oklahoma logo.

(c) Prior suspension or revocation of a Made in Oklahoma program membership may be cause for denial of a renewal application by the Department.

35:40-23-8. Product endorsement

The Department does not endorse and makes no warranty regarding any product determined eligible to use the Made in Oklahoma program logo.

GIST/ANALYSIS:

Changes in Subchapter 7 are to more clearly define the scope of practice of the LADC/MH and be more consistent with the law in 59 O.S. § 1871 (10). The law says LADC/MH and the rule says LADC. Another change in Subchapter 7 is to take out the application fee amount and to make the application fee consistent with other application fees. Subchapter 9 on supervision of candidates is a language change to allow supervisors and supervisees to apply for an exception to extend the amount of supervision that can be done by video means for supervision in hardship cases. A fee schedule change in Subchapter 11 is to bring consistency to LADC/MH application fee amount with other credential application fees and to make the language more

consistent throughout (formally called co-occurring). Subchapter 13 changes continuing education requirements for candidates for licensure or certification. Candidates will be required to complete six (6) clock hours of continuing education one-year post graduation and until licensed or certified. The six hours must include a minimum of three (3) clock hours of ethics in mental health and substance abuse counseling.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 7. APPLICATION

**38:10-7-2. Requirements for licensure or
certification**

(a) Licensed Alcohol and Drug Counselor.

(1) An application for a license to practice as a LADC shall be made to the Oklahoma Board of Licensed Alcohol and Drug Counselors in writing. Such application shall be on a form and in a manner prescribed by the Board. The application shall be accompanied by the fee required by the act, which shall be retained by the Board and not returned to the applicant.

(2) Each applicant shall

- (A) Be of good moral character;
- (B) Pass an oral and written examination;
- (C) Be at least twenty-one (21) years of age;
- (D) Not have engaged in, nor be engaged in, any practice or conduct which would be grounds for denying, revoking or suspending a license pursuant to the provisions of the Act;
- (E) Otherwise comply with the rules promulgated by the Board pursuant to the provisions of the Act.

(3) In addition to the requirements in subsection (a) (2), each applicant shall:

- (A) Have at least a master's degree in alcohol and substance abuse counseling or other clinical counseling field recognized by the Oklahoma Board of Licensed Alcohol and Drug Counselors from a college or university accredited by an accrediting body recognized by the U.S. Department of Education. The degree program must include, at a minimum, the courses and the practicum/internship listed in 59 O.S. § 1876 (D) (1) and;
- (B) Have successfully completed at least one (1) year of full-time supervised work experience. For the purpose of the Act, "one (1) year of full-time work experience" shall be defined as two thousand (2,000) hours of work experience, of which at least one thousand (1,000) hours shall consist of direct client contact providing behavioral health services to an individual and/or the individual's family. At least

five hundred (500) hours of the one thousand (1,000) direct client contact hours must be the provision of alcohol and drug counseling services; or

(C) Be a licensed mental health professional as defined in Section 1-103 of Title 43A of the Oklahoma Statutes and have completed a minimum of fifteen (15) hours of master's level substance abuse specific coursework, including, but not limited to, chemical addiction, counseling, alcohol/drug counseling theory, pharmacology of drugs and abuse, assessment and treatment of alcohol and drug problems, theories in family addiction and family addiction counseling. An applicant who qualifies under this subsection is not required to complete the supervised work experience.

(D) An applicant must complete all requirements for licensure, including passing the exams, within three (3) years of the date the application was accepted.

(E) Persons who meet the requirements in subsection (a) may include the assessment, diagnosis, and treatment of mental health disorders within the LADC/MH scope of practice as defined in 59 O.S. § 1871 (10). The designation LADC/MH (licensed alcohol and drug counselor/mental health) shall be noted on their license and wallet card.

(F) ~~Persons who were licensed as LADC or made application prior to January 1, 2012 and who meet the requirements in subsection (a) may make application applying~~ for the LADC/MH designation. Applicants must submit a completed application on the form prescribed by the Board and pay at the LADC/MH fee of one hundred forty dollars (\$140) which shall be retained by the Board and not returned to the applicant. The application must include:

- (i) An official transcript in a sealed envelope showing that the applicant has obtained the educational requirements;
- (ii) Proof that the applicant holds a valid license in good standing in one of the behavioral health professions listed in 59 O.S. § 1876 (F)(1);
- (iii) For applicants who do not meet the requirements in (a) (3) (A) or (a) (3) (B), proof that the applicant has a valid co-occurring disorders certification from a certification entity approved by the Board.

(G) The scope of practice of a LADC who does not have the MH designation may not include provision of services that focus solely on mental health disorders. The LADC may provide services for a client with no independent substance use disorder if services are focused on the client's exposure to a family member's substance abuse.

(b) Certified Alcohol and Drug Counselor.

(1) An application for certification as a CADC shall be made to the Oklahoma Board of Licensed Alcohol and Drug Counselors in writing. Such application shall be on

a form and in a manner prescribed by the Board. The application shall be accompanied by the fee required by the Act, which shall be retained by the Board and not returned to the applicant.

(2) Each applicant for certification shall:

- (A) Be of good moral character;
- (B) Pass an oral and written examination;
- (C) Be at least twenty-one (21) years of age;
- (D) Not have engaged in, nor be engaged in, any practice or conduct which would be grounds for denying, revoking or suspending a license pursuant to the provisions of the Act;
- (E) Otherwise comply with the rules promulgated by the Board pursuant to the provisions of the Act.
- (F) At a minimum, a bachelor's degree in a behavioral science field that is recognized by the Oklahoma Board of Licensed Alcohol and Drug Counselors as appropriate to practice as a certified drug and alcohol counselor in this state;
- (G) Have successfully completed at least two (2) years of full-time supervised work experience. For the purpose of the Act, "two years of full-time work experience" shall be defined as four thousand (4,000) hours of work experience of which at least two thousand (2,000) hours shall consist of direct client contact providing alcohol and drug counseling services to an individual and/or the individual's family;
- (H) Have successfully completed at least two hundred seventy (270) clock hours of education related to alcohol and drug counseling subjects, theory, practice or research;
- (I) Successfully completed, as a part of or in addition to the education requirements established in paragraph three of this subsection, a minimum of forty-five (45) clock hours of specialized training approved by the Board in identifying co-occurring disorders and making appropriate referrals for treatment of co-occurring disorders; and
- (J) Successfully completed at least three hundred (300) hours of supervised practicum experience in the field of drug and alcohol counseling.
- (K) complete all requirements for certification, including passing the examinations, within five (5) years of the date the application was accepted.

(c) Direct client contact hours, as referenced above in (a) and (b), are defined as activities in which a counselor provides services to a client or group of clients. These must be activities within the scope of the alcohol and drug counselor, such as assessment, intervention, screening, counseling, education. This does not include observation of others providing these services. Direct client contact also includes activities in which services are provided to the client's family members/caregiver/guardian, with or without the client physically present, such as family education and/or family counseling. This includes review of assessment and treatment results with these stakeholders, either individually or during group meetings. Direct client contact also includes communication with the client and/or family members/caregiver/guardian via email or telephone. Activities

that DO NOT count as direct contact include speaking or consulting with other professionals regarding the client, without the client and/or family member/caregiver/guardian present; collaborating with other professionals without the client and/or family member/caregiver/guardian present; time spent preparing materials, writing reports, planning for assessment or intervention, and so forth. Administrative duties without the client and/or family member/caregiver/guardian present, while important, are NOT direct contact. Observation of treatment or assessment sessions are NOT considered direct contact, if the counselor is only observing others providing services.

(d) **Post-Military Service Applicants.** The Board shall consider the equivalent education, training and experience completed by an applicant for certification or licensure while the applicant was a member of the United States Armed Forces or Reserves, National Guard of any state, the Military Reserves of any state, or the Naval militias of any state, and apply it in the manner most favorable toward satisfying the qualifications for certification or licensure. To determine whether education, training and experience completed by an applicant for certification or licensure while the applicant was a member of the military as described in the preceding paragraph, the Board may consider, but is not limited to, determinations made by institutions of higher education based on the Guide to the Evaluation of Educational Experiences in the Armed Services, published by the American Council on Education.

SUBCHAPTER 9. SUPERVISION

38:10-9-5. Supervisor Requirements

(a) **Qualifications.** To be eligible for Board approval to supervise LADC or CADC candidates, a Licensed Alcohol and Drug Counselor must be licensed and in good standing and:

- (1) If originally licensed in Oklahoma, must have practiced alcohol and drug counseling for at least two years after licensure; or
- (2) If licensed by endorsement from another state, must have practiced alcohol and drug counseling for at least one year beyond Oklahoma licensure; or
- (3) Also hold a license in good standing with supervision privileges in another behavioral health field as determined by the Board; or
- (4) Hold a current valid IC&RC Certified Clinical supervisor credential, and
- (5) Successfully complete the Board approved alcohol and drug counselor supervision training course, and
- (6) Pass the Oklahoma LADC Supervisor Examination(s)
 - (A) Examination Part A shall consist of a NAADAC clinical supervision exam, or the IC&RC Certified Clinical Supervisor exam, or other clinical supervision exam approved by the Board.
 - (B) Examination Part B shall consist of Oklahoma State Laws, Rules, and procedures.

(b) **Application Process.**

- (1) Complete an application form provided by the Board.

(2) Submit two letters of reference. At least one letter must be from a current Board approved LADC supervisor. The other shall be from another professional holding a current Oklahoma behavioral health license.

(3) Sign a supervision agreement and supervisor code of ethics.

(4) Pay an application processing fee.

(c) **Supervision Training course and Supervisor Examination.**

(1) The Supervision course shall consist of a fifteen hour Board approved workshop on counseling supervision in combination with thirty hours of directed individual study of Board approved counseling supervision literature for a total of forty-five contact hours. The workshop or class must have a minimum of four enrolled supervisor candidates.

(2) For persons who meet the qualifications in subsection (a)(3) or (4), or the supervision course shall consist of a seven and one-half hour Board approved advanced LADC supervisor training workshop and exam Part B-Oklahoma State Laws, Rules and procedures only.

(d) **Renewal of Supervisor Status.** To maintain Board approved supervisor status, LADC supervisors must complete, prior to June 30 of each year,

(1) Three (3) clock hours of continuing education in counseling supervision, and

(2) These hours are included in the twenty (20) continuing education hours required for licensure renewal.

(3) With the exception of the twenty hour requirements in 38:10-13-2(a), the Rules in subchapter 13 regarding continuing education requirements for licensure renewal shall also apply to continuing education requirements for supervision status.

(4) Approved supervisor designation will not be renewed until renewal fee has been paid and

(5) Continuing education requirements have been met.

(e) **Supervisor Responsibilities.**

(1) The supervisor is responsible for having and maintaining knowledge about the supervisee's practice whether in a private or agency setting.

(2) The supervisor is responsible for providing professional consultation and monitoring the supervisee's ethical and professional practices.

(3) The supervisor must provide an average of one hour per week of live, interactive and visual supervision until the candidate becomes licensed or certified. Group supervision is acceptable if such supervision does not exceed at least one half of the total supervisory time per evaluation period. Group size is limited to a maximum of six (6) supervisees.

(A) The phrase "an average of one hour per week of live, interactive and visual supervision " means one continuous hour in one day of each week of face-to-face or interactive video supervision relating to the supervisee's skills, knowledge and practices in providing alcohol and drug counseling to clients.

(i) Video supervision shall not exceed 1/8 of the total supervision time; 6 sessions for LADC or

12 sessions for CADC). ~~Video supervision must meet all Federal and State Laws of confidentiality unless approved by the Board as described in (ii).~~

(ii) Candidates and supervisors may apply for an exception to these video supervision limits on the basis of hardship. Any requests for such an exception will be reviewed on a case by case basis. In the case an exception is granted and approved by the Board, the maximum video supervision shall not exceed $\frac{3}{4}$ of the total supervision time (39 sessions for LADC and 78 for CADC.) Video supervision must meet all Federal and State laws of confidentiality.

(B) The supervisor must provide four hours of face-to-face supervision per calendar month, at the rate of one hour per week, or two hours per week, every other week.

(C) When unforeseen circumstances arise that result in a supervisor providing less than four hours per month, or less than two hours every other week of face-to-face contact, the supervisor and supervisee shall provide notice of such circumstances to the board, and shall submit a plan to make up the missed hours to the Board for approval. The plan may include designation of a back-up or alternate supervisor, providing that the supervisee has entered into a supervision contract with the alternate supervisor and such contract has been approved by the Board.

(D) Clinical staff meetings attended by supervisees or meetings with supervisees that consist of discussion of issues other than supervisee's skills, knowledge, and practices in providing alcohol and drug counseling to clients shall not be counted as group supervision.

(4) When the licensure supervisor is not a staff member of the supervisee's employer, the licensure supervisor will ensure that the employer, or its representative, is in accord with the arrangements for supervision. This is essential whether these arrangements are made by the agency or the supervisee and regardless of whether the agency contributes to the financial compensation of the supervisor. The supervisor is responsible for securing agreement from the agency administration as to the purpose and content of the desired supervision and the supervisor's specific role responsibilities and limitations. The supervisor is also responsible for learning agency functions and policies so that any supervisory suggestions are constructive and realistic within agency purposes and resources.

(5) The Supervisor must be available to the supervisee for consultation "on call " 24 hours a day, seven days a week, and arrange for alternate "on call " supervisor to provide consultation when the primary supervisor is unavailable.

(6) The supervisor must immediately notify the Board of any ethical or professional violations by supervisee.

(7) A supervisor for an applicant who provides community or home-based services shall, in addition to other

supervision requirements, conduct at least six (6) direct observations of the supervisee conducting counseling sessions in the client's home, school, or other remote location outside of the applicant's employer's office. The observations must be made periodically throughout the applicant's supervised work experience at least once every other month. Direct observation may be conducted via interactive live audio/video conferencing and shall be documented in a form approved by the Board. No more than three (3) of the direct observations per year may be conducted via interactive live audio/visual conferencing. Both the supervisor and the supervisee are responsible for ensuring that the interactive live audio-video conferencing complies with all applicable federal and state confidentiality laws and regulations.

(8) The supervisor must notify the Board in writing within three (3) business days of the date supervision is terminated. The supervisor must submit an evaluation of the supervisee within ten business days of the date of termination.

(9) A supervisor may not supervise more than a total of twenty (20) persons, including candidates and CADCs who are engaging in private or independent practice. A supervisor who wants to supervise more than twenty (20) persons must petition the Board for approval for each person above the maximum number. The petitions will be determined on a case-by-case basis depending on the circumstances of the request.

SUBCHAPTER 11. FEES

38:10-11-1. Schedule of fees

Fees are non-refundable and include:

(1) **Application fee.** One-hundred and seventy-five (\$175.00) dollars and shall be submitted with the application form.

(2) **Examination fee.** The fee shall be the amount set by the examination provider, and is paid by the applicant directly to the examination provider.

(3) **Initial license or certification fee.** One-hundred and twenty-five (\$125.00) dollars shall be submitted prior to the receipt of license or certificate. The initial license or certification notices shall invoice the licensed or certified person for the interim period between the original license or certification date and the following June 30 so that subsequent renewals shall be on a July 1 annual basis.

(4) **Renewal fee.** One-hundred and twenty-five dollars (\$125.00). Shall be submitted upon notification by the Board on or before June 30, and validates the license or certification for twelve (12) months.

(5) **Late renewal fee.** Twenty-five dollars (\$25.00) will be charged each month, if the license or certification is not renewed by June 30. This fee combined with the renewal fee shall not exceed \$200.00. The licensed or certified person must submit this fee as well as the renewal fee on or before the following June 30 to avoid revocation.

- (6) **Replacement fee.** Twenty-five dollars (\$25.00). Shall be submitted for the issuance of a license or certification to replace a license which has been lost, damaged, or is in need of revision.
- (7) **Inactive license or certification fee.** Twenty-five dollars (\$25.00). Payment of this fee renders the license or certification inactive and suspends all rights and privileges granted by the license or certification for a period of no more than two (2) years. If not renewed within the two (2) year period, license or certification is considered lapsed.
- (8) **Mailing list of licensed and certified counselors.** Thirty-five dollars (\$35.00).
- (9) **Written verification of licensure or certification.** Five dollars (\$5.00).
- (10) **Duplication of public records.** Twenty-five cents (\$.25) per page for un-certified copies; one dollar per page (\$1) for certified copies.
- (11) **Search fee for public records.** \$25 per hour.
- (12) **Investigation or prosecution.** At cost incurred.
- (13) **Returned check processing fee, or denied or non-payment of credit card fees.** Fifty Dollars (\$50.00).
- (14) **Probation.** Twenty-five dollars (\$25.00) per month.
- (15) **Board approved supervisor status designation.** Thirty-five Dollars (\$35.00) for initial application fee.
- (16) **Supervisor status designation annual renewal fee.** Twenty-five Dollars (\$25.00).
- (17) ~~Co-occurring disorders~~ **Certification LADC/MH application fee.** One Hundred Forty Seven-Five Dollars ~~(\$140.00)~~ **(\$175.00).**
- (18) **Co-occurring disorders Certification renewal fee.** Fifty Dollars (\$50.00).
- (19) **Application maintenance fee.** A candidate for certification or licensure shall pay an annual application maintenance fee of twenty-five dollars (\$25.00). The purpose of the fee is to defray the cost of monitoring the application for compliance with the supervision requirements. The fee shall be due and payable on or before December 31 of each year until the license is issued. The fee shall not be imposed until the following year for applications accepted by the Board from December 1 to December 31. An additional twenty-five dollar (\$25.00) late fee will be charged for each month the maintenance fee is past due for up to three months. If the maintenance fee and late fees are not paid in full on or before April 1, the application shall be void. Persons whose applications are void must submit a new application, pay the application fee, and shall be subject to the licensure and certification requirements currently in effect. The following requirements may carry over to the new application: (1) supervised work experience hours and continuing education hours completed within 2 years prior to the application void date; (2) practicum. This fee shall apply to all applications on file with the Board as of the effective date of the rule.
- (20) **Continuing education provider application fee -** \$200
- (21) **Licensee application fee for approval of continuing education program -** \$25

SUBCHAPTER 13. CONTINUING EDUCATION REQUIREMENTS

38:10-13-2. Continuing education standards

(a) **Continuing education hours required.** As a requirement for license or certification renewal, twenty (20) clock hours of continuing education units shall be required for each license or certification held. These hours must have been obtained during the previous renewal period July through June) and approved by the Board. At least three (3) hours must be categorized as ethics training as defined by the Board. At least ten (10) hours must be alcohol and drug specific as defined by the Board and only half or 10 hours can be done through online sources. For LADC/MH, the twenty (20) hours of continuing education hours must be on topics categorized by the Board as Co-Occurring, or consist of (10) hours on Mental Health topics and ten (10) hours on alcohol and drug specific topics as defined by the Board.

(b) **Candidates requirements for continuing education.** Candidates who have been in the licensure process for more than one year must have at least three hours of continuing education in ethics each successive year until licensed. For each year of candidacy after the first year, the candidate must also obtain three hours of continuing education in addition to the three hours of ethics.

(b) **Continuing education approval.** Approval of continuing education shall be at the discretion of the Oklahoma Board of Licensed Alcohol and Drug Counselors and shall be in accordance with standards acceptable to the profession of alcohol and drug counseling. Requirements for the providers of continuing education are addressed in OAC 38:10-13-7.

(e) **Armed services.** A licensed or certified person called to active duty in the armed forces of the United States for a period of time exceeding one hundred and twenty (120) days during a calendar year shall be exempt from obtaining the continuing education required during that calendar year.

(d) **Exemption.** A licensed or certified person experiencing physical disability, illness or other extenuating circumstances may request partial or complete exemption from the continuing education requirements. The licensee or certified person shall provide supporting documentation for the Board's review. Such hardship cases will be considered by the Board on an individual basis.

(e) **Prorating.** Licensees or certified persons upon initial certification will have their CEU hours prorated according to the date of their initial certification.

GIST/ANALYSIS:

The rule changes clarify intent/purpose of the chapter. The rules revoke Independent Operator Permit language as breath testing device manufacturers no longer manufacture devices with additional breath sample collection technology. State statute requires independent breath tests to additionally provide a sample to the state at the time of such testing. The rule is obsolete due to the lack of instrumentation to fulfill statutory obligation. The rule allows blood withdraw personnel licensed outside state jurisdiction who would otherwise be recognized professionally as appropriately licensed to conduct blood draws. The rules clarify Board authority to revoke breath-alcohol operator permits and establish a formal appeal process to such actions against permits.

CONTACT PERSON:

Joshua Smith, State Director of Tests, Board of Tests for Alcohol and Drug Influence, P.O. Box 36307, Oklahoma City, OK 73136-2307, 405-425-2460, Joshua.Smith@bot.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. PURPOSE

40:10-1-1. Purpose

The rules in this Chapter pertain to persons involved in various aspects of the conduct of tests for alcohol and other intoxicating substances under the provisions of Title 47 O.S., Sections 751-761 and 3 O.S., Section 303 and 63 O.S., Section

4210A, Oklahoma Statutes. These rules address standards and qualifications of breath-alcohol test operators and supervisors, forensic alcohol and drug analysts, specimen collectors and other personnel, and regulate initial issuance, renewal and reinstatement of permits for such persons.

SUBCHAPTER 3. BREATH-ALCOHOL ANALYSTS

40:10-3-8. Qualifications and requirements for Independent breath-alcohol operators (initial permits) [REVOKED]

~~Qualifications and requirements for breath-alcohol Independent operators (initial permits) are as follows:~~

- ~~(1) Residence within State of Oklahoma at time of application.~~
- ~~(2) Minimum age of 21 years.~~
- ~~(3) Good moral character.~~
- ~~(4) Graduation from a state accredited high school, or satisfactory passing of the "General Education Development Test", or equivalent educational background.~~
- ~~(5) Satisfactory completion, within 1 year prior to application for an Operator permit, of a course of instruction in breath-alcohol analysis acceptable to the Board of Tests for Alcohol and Drug Influence.~~
- ~~(6) Establishment, to the satisfaction of the Board of Tests for Alcohol and Drug Influence, of the applicant's competence to perform independent chemical analysis of breath for alcohol.~~

40:10-3-10. Qualifications and requirements for Independent breath-alcohol operators (renewal permits) [REVOKED]

~~Qualifications. Qualifications for Independent breath-alcohol operators (renewal permits) are as follows:~~

- ~~(1) Residence within State of Oklahoma at time of application.~~
- ~~(2) Minimum age of 21 years.~~
- ~~(3) Good moral character.~~
- ~~(4) Graduation from a state accredited high school, or satisfactory passing of the "General Education Development Test," or equivalent education background.~~
- ~~(5) Possession of a valid Independent Breath-Alcohol Analysis Operator Permit issued by the Board of Tests for Alcohol and Drug Influence within the preceding year upon compliance with:~~
 - ~~(A) Qualifications and Requirements for Initial Issuance of such Permits then in force, or~~
 - ~~(B) Qualifications and Requirements for Renewal of such Permits then in force.~~
- ~~(6) Satisfactory completion, within one (1) year prior to renewal of the Independent Operator Permit, of a re-qualification course of instruction in independent breath alcohol analysis acceptable to the State Director of Tests for Alcohol and Drug Influence.~~

(7) Establishment within one (1) year prior to renewal of the Independent Operator Permit, to the satisfaction of the Board of Tests for Alcohol and Drug Influence, of the applicant's competence to perform chemical analysis of breath for alcohol.

40:10-3-12. Reinstatement of expired independent breath-alcohol analysis permits [REVOKED]

~~Persons who otherwise meet the qualifications and requirements for issuance of a renewal Independent Breath Alcohol Analysis Operator or Independent Breath Alcohol Analysis Specialist Permit, respectively, but whose initial or renewal Permit has expired because of failure satisfactorily to complete a timely requalification course of instruction acceptable to the State Director of Tests for Alcohol and Drug Influence may regain eligibility for active and valid Permit status, for good cause and in the discretion of this Board, by the following Permit Reinstatement procedure:~~

- ~~(1) Documentation that a valid Independent Breath Alcohol Analysis Operator or Independent Breath Alcohol Analysis Specialist Permit was issued to the applicant under authority of this Board, of the issue and expiration dates of said Permit, and that said Permit had not been revoked for cause;~~
- ~~(2) Completion of a designated application form for Independent Permit Reinstatement, inclusive of all required information;~~
- ~~(3) Satisfactory completion of a requalification or retraining course of instruction in independent breath alcohol analysis operation and/or independent breath alcohol analysis specialist, as applicable, consisting of such theoretical and practical instruction and laboratory practice as deemed applicable and necessary by the State Director of Tests for Alcohol and Drug Influence in consultation with the instructional staff;~~
- ~~(4) Establishment, by written and practical examination, to the satisfaction of the Board of Tests for Alcohol and Drug Influence of the applicant's respective competence to perform, or to perform and conduct administrative maintenance of breath testing devices;~~

40:10-3-13. Revocation of breath-alcohol operator permits

Revocation refers to the immediate cancellation of a permit.

- (1) A breath alcohol operator permit may be revoked by the Board when, in the opinion of the Board, the operator no longer meets the requirements of these rules because of unreliability, incompetence, or violation of these rules, or in any case where, in the opinion of the Board, continuance of licensure would not uphold the scientific integrity of the breath testing program.
- (2) Upon revocation, the Board shall forward the notice and order of revocation of the breath alcohol operator permit to the operator and his/her employer specifying the basis for the revocation.

(3) The Board, in its sole discretion, shall determine the period of revocation.

(4) A revocation cancels any license issued to the breath alcohol operator for the period of revocation.

(5) During the period of revocation, the revoked breath alcohol operator shall cease any and all activities related to evidential breath testing in the state of Oklahoma.

(6) Licensure of a breath alcohol operator whose license has been revoked will require a written request from the applicant to the Board and successful completion of the original requirements for licensure outlined in this subsection.

(7) Revocation shall be for the purpose of maintaining the scientific integrity of the program and enforcing these rules.

40:10-3-14. Appeal process

An appeal of any action issued under the requirements in this title may be made in the following manner:

(1) The Director.

(A) A request for appeal must be received at the administrative offices of the Board within 30 days of the date of action.

(B) Upon proper submission, the Director shall issue an administrative order sustaining or overruling the action within 30 days.

(2) The Board *en banc*.

(A) A request for appeal of an administrative order shall be received at the administrative offices of the Board within 30 days of the date of the administrative order.

(B) Upon proper submission, the Board *en banc* shall issue a final administrative order sustaining or overruling the administrative order.

(3) Appeal. (An appeal of a final administrative order of the Board *en banc* may be made in accordance with the requirements in the Oklahoma Administrative Procedures Act, 75 O.S. 250, et seq.

SUBCHAPTER 9. BLOOD SPECIMEN COLLECTORS

40:10-9-1. Persons authorized to withdraw blood

(a) Authority to withdraw blood. Licensed medical doctors, licensed osteopathic physicians, registered nurses, licensed practical nurses, personnel licensed in accordance with 63 O.S. §1-2505 as Intermediate Emergency Medical Technician, Advanced Emergency Medical Technician, or Paramedic acting within the limits of protocols established by the applicable medical director and other persons designated by law (47 O.S., Section 752) or who otherwise hold a certification or designation as a phlebotomist and has been approved by the medical facility for which they are employed are authorized to withdraw blood for the purpose of determining the concentration of alcohol or other intoxicating substance therein, when acting at the request of a law enforcement officer

Permanent Final Adoptions

or of an arrested person under the provisions of Title 47 and 3 O.S., Section 303 and 63 O.S., Section 4210A, Oklahoma Statutes.

(b) **Permits.** The current and valid license, registration, practice certificate or other official document entitling its holder to engage in the practice of the respective profession or practice, and issued by the respective Oklahoma healing arts licensing body to any qualified practitioner enumerated above is deemed by the Board of Tests for Alcohol and Drug Influence to be a valid Permit to Withdraw Blood under the provisions of Title 47 and 3 O.S., Section 303 and 63 O.S., Section 4210A, Oklahoma Statutes.

GIST/ANALYSIS:

The rule amendments clean up statutory reference and redefine laboratories recognized by the Board. The rules add exemptions to Board administrative rule for laboratories that are ISO/IEC 17025 accredited and their location. The

rule provides a pathway for independent blood testing at laboratories outside the state of Oklahoma.

CONTACT PERSON:

Joshua Smith, State Director of Tests, Board of Tests for Alcohol and Drug Influence, P.O. Box 36307, Oklahoma City, OK 73136-2307, 405-425-2460, Joshua.Smith@bot.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

40:15-1-1. Purpose

The rules in this Chapter concern approval and regulation by the Board of forensic alcohol laboratories, forensic drug laboratories, and other facilities involved in tests for alcohol and other intoxicating substances under the provisions of Title 47 O.S., Sections 751-761 and 3 O.S., Section 303 and 63 O.S., Section 4210A, Oklahoma Statutes. They include qualifications and requirements for initial issuance and renewal of permits for such entities. All forensic laboratories and facilities that are ISO/IEC (International Organization of Standards/International Electrotechnical Commission) 17025 accredited, or as defined in 74 O.S. § 150.37 (Forensic Laboratory Accreditation Act) are exempt from these rules.

40:15-1-2. Forensic alcohol analysis laboratories

(a) ~~Initial approval~~**Approval.** Any laboratory in which analysis for alcohol of specimens of blood, hereafter termed "forensic alcohol analysis," is performed under the provisions of Title 47 ~~or Title 3 or Title 63~~ or 3 O.S., Section 303 or 63 O.S., Section 4210A, Oklahoma Statutes, shall possess at least the following qualifications and shall meet the following requirements. Any laboratory complying with such qualifications and requirements shall be deemed by this Board to be a Forensic Alcohol Laboratory approved by the Board of Tests for Alcohol and Drug Influence, and shall be entitled to issuance of a Forensic Alcohol Laboratory Permit. Such laboratory shall continue to satisfy such qualifications and requirements as a condition of the continued validity of such Permit.

(1) **Qualifications.** Qualifications for forensic alcohol analysis laboratories (initial permits) are as follows:

(A) ~~Location within the State of Oklahoma.~~**All forensic laboratories and facilities that are ISO/IEC (International Organization of Standards/International Electrotechnical Commission) 17025 accredited, or as defined in 74 O.S. § 150.37 (Forensic Laboratory Accreditation Act), or permitted by the Board of Tests, may perform testing regardless of location.**

(B) Possession of all current and valid Federal, State, and local licenses and permits required to engage in the activities and operations carried out by or in the laboratory, and compliance with all current Federal, State, and local requirements for such activities and operations.

(C) The laboratory shall be at least one (1) of the following:

(i) A clinical laboratory located within and operated and controlled by an institution which is currently licensed by the Oklahoma State Department of Health as a general hospital, and which is currently accredited as a general hospital by the Joint Commission on Accreditation of Healthcare Organizations. Such clinical laboratory shall be directed by a qualified doctoral-level director.

(ii) A clinical laboratory which is currently Federally licensed and/or approved under the implementing Federal regulations applicable to laboratories pursuant to the Federal Clinical Laboratory Improvement Amendments of 1988 (P.L. No. 100-578) for the performance of clinical chemistry and/or toxicology procedures, Title 42, Part 405 et al., Code of Federal Regulations, adopted in this Section by reference. Such clinical laboratory shall be directed by a qualified doctoral-level director.

(iii) A central or branch forensic laboratory operated and controlled by the Oklahoma State Bureau of Investigation.

(iv) A forensic laboratory operated and controlled by a county or municipal law enforcement agency.

(v) The Toxicology/Forensic Science Laboratories of The University of Oklahoma Health Sciences Center.

(D) The laboratory shall regularly employ or have on its permanent staff at least one (1) person holding a currently valid Forensic Alcohol Analysis Permit issued by the Board of Tests for Alcohol and Drug Influence.

(E) The laboratory shall have space, facilities, equipment, and apparatus adequate and appropriate for the performance of forensic alcohol analysis.

(2) **Requirements.** Requirements for forensic alcohol analysis laboratories (initial permits) are as follows:

(A) Submission of a properly completed application form for Initial Approval, obtainable from the Board, together with all supporting documentation specified therein.

(B) Maintenance of an adequate and appropriate quality assurance program and activities in forensic alcohol analysis, meeting nationally-recognized standards.

(C) Regular and satisfactory participation and performance in any program of proficiency testing in forensic alcohol analysis conducted by or on behalf of the Board of Tests for Alcohol and Drug Influence, or required by the Board.

(D) Regular and satisfactory participation and performance in any program of proficiency testing in clinical chemistry or toxicology in which the laboratory is voluntarily enrolled or required to be

enrolled as a condition of Federal or state licensure or approval.

(b) **Renewal of approval.** Laboratories which have been approved by the Board of Tests for Alcohol and Drug Influence for performance of forensic alcohol analysis and which hold a current valid Forensic Alcohol Laboratory Permit shall be eligible for renewal of such Permit upon satisfying the following qualifications and requirements. Such laboratory shall continue to satisfy such qualifications and requirements as a condition of the continued validity of such Permit.

(1) **Qualifications.** Qualifications for forensic alcohol analysis laboratories (renewal permits) are as follows:

(A) Possession of all qualifications stipulated in this Rule for Initial Approval as a Forensic Alcohol Laboratory.

(B) Possession of a valid Forensic Alcohol Laboratory Permit issued by authority of the Board of Tests for Alcohol and Drug Influence within the preceding twelve (12) months upon compliance with the Qualifications and Requirements then in force for, Initial Approval or for Renewal of Approval as a Forensic Alcohol Laboratory.

(2) **Requirements.** Requirements for forensic alcohol laboratories (renewal permits) are as follows:

(A) Submission of a properly completed application form for Renewal of Approval, obtainable from this Board, together with all supporting documentation specified therein.

(B) Continued satisfactory participation and performance in the quality assurance and proficiency testing programs and activities stipulated in this Section as requirements for Initial Approval.

(c) **General conditions of approval.** The following general and continued conditions of Approval apply to every Forensic Alcohol Laboratory.

(1) Every such Laboratory may be inspected periodically, during its normal working hours, by the State Director of Tests for Alcohol and Drug Influence or by the State Director's duly authorized representative(s). Such inspection may include examination of the Laboratory's pertinent files and records, as well as its facilities.

(2) Every such Laboratory shall maintain a current file of all methods and procedures employed in such Laboratory for forensic alcohol analysis.

(3) Every such Laboratory shall maintain and retain at least the following records for a period of at least three (3) years from the date of origin of such records:

(A) An up-to-date record of persons in its employ or on its staff who are or were engaged in the performance of forensic alcohol analysis. Such records shall include, at least, the inclusive employment dates, qualifications of each such person, and any continuing education or training pertinent to forensic alcohol analysis received by each such person within or outside of the Laboratory.

(B) Records of specimens received by and subjected to forensic alcohol analysis within the Laboratory under the provisions of Title 47 or Title 3 or

Permanent Final Adoptions

Title 63, Oklahoma Statutes, including all pertinent dates and times, identification of such specimens, results obtained and reported, and the identity of the person(s) who performed each such analysis.

(C) Records of the internal and external quality assurance programs and proficiency testing activities and results, in or pertinent to forensic alcohol analysis, in which the Laboratory participates or has participated.

(4) Every such Laboratory shall be operated and shall perform its forensic alcohol activities in substantial compliance with applicable nationally-recognized standards of good laboratory practice.

(5) In every such Laboratory, forensic alcohol analysis shall be performed only by methods and procedures approved by the Board of Tests for Alcohol and Drug Influence, and only by persons holding valid Forensic Alcohol Analysis Permits.

(d) **Period of validity.** Forensic Alcohol Laboratory Approval and Forensic Alcohol Laboratory Permits shall be valid for one (1) year from the date of Approval or the date of Permit issuance, respectively, and shall be subject to earlier suspension, termination, or revocation at the discretion of the Board.

40:15-1-3. Forensic drug analysis laboratories

(a) ~~Initial approval~~**Approval.** Any laboratory in which analysis for drugs and other intoxicating substances ~~(as defined in 47 O.S., Section 75163 O.S. § 2-101, Oklahoma Statutes) of~~ specimens of blood, hereafter termed "forensic drug analysis," is performed under the provisions of Title 47 ~~or Title 3 or Title 63 or 3 O.S., Section 303 or 63 O.S., Section 4210A,~~ Oklahoma Statutes, shall possess at least the following qualifications and shall meet the following requirements. Any laboratory complying with such qualifications and requirements shall be deemed by this Board to be a Forensic Drug Laboratory approved by the Board of Tests for Alcohol and Drug Influence and shall be entitled to issuance of a Forensic Drug Laboratory Permit. Such Laboratory shall continue to satisfy such qualifications and requirements as a condition of the continued validity of such Permit.

(1) **Qualifications.** Qualifications for forensic drug analysis laboratories (initial permits) are as follows:

(A) ~~Location within the State of Oklahoma. All forensic laboratories and facilities that are ISO/IEC (International Organization of Standards/International Electrotechnical Commission) 17025 accredited, or as defined in 74 O.S. § 150.37 (Forensic Laboratory Accreditation Act), or permitted by the Board of Tests, may perform testing regardless of location.~~

(B) Possession of all current and valid Federal, State, and local licenses and permits required to engage in the activities and operations carried out by or in the laboratory, and compliance with all current Federal, State, and local requirements for such activities and operations.

(C) The laboratory shall be at least one (1) of the following:

(i) A clinical laboratory located within and operated and controlled by an institution which is currently licensed by the Oklahoma State Department of Health as a general hospital, and which is currently accredited as a general hospital by the Joint Commission on Accreditation of Healthcare Organizations. Such clinical laboratory shall be directed by a qualified doctoral-level director.

(ii) A clinical laboratory which is currently Federally licensed and/or approved under the implementing Federal regulations applicable to laboratories pursuant to the Federal Clinical Laboratory Improvement Amendments of 1988 (P.L. No. 100-578), for the performance of clinical chemistry and/or toxicology procedures, Title 42, Part 405 et al., Code of Federal Regulations, adopted in this Section by reference. Such clinical laboratory shall be directed by a qualified doctoral-level director.

(iii) A central or branch forensic laboratory operated and controlled by the Oklahoma State Bureau of Investigation.

(iv) A forensic laboratory operated and controlled by a county or municipal law enforcement agency.

(v) The Toxicology/Forensic Science Laboratories of The University of Oklahoma Health Sciences Center.

(D) The laboratory shall regularly employ or have on its permanent staff as least one (1) person holding a currently valid Forensic Drug Analysis Permit issued by the Board of Tests for Alcohol and Drug Influence.

(E) The laboratory shall have space, facilities, equipment, and apparatus adequate and appropriate for the performance of forensic drug analysis.

(2) **Requirements.** Requirements for forensic drug analysis laboratories (initial permits) are as follows:

(A) Submission of a properly completed application form for Initial Approval, obtainable from the Board, together with all supporting documentation specified therein.

(B) Maintenance of an adequate and appropriate quality assurance program and activities in forensic drug analysis, meeting nationally-recognized standards.

(C) Regular and satisfactory participation and performance in any program of proficiency testing in forensic drug analysis conducted by or on behalf of the Board of Tests for Alcohol and Drug Influence, or required by the Board.

(D) Regular and satisfactory participation and performance in any program of proficiency testing in clinical chemistry or toxicology in which the laboratory is voluntarily enrolled or required to be enrolled as a condition of Federal or state licensure or approval.

(b) **Renewal of approval.** Laboratories which have been approved by the Board of Tests for Alcohol and Drug Influence

for performance of forensic drug analysis and which hold a current valid Forensic Drug Laboratory Permit shall be eligible for renewal of such Permit upon satisfying the following qualifications and requirements as a condition of the continued validity of such Permit.

(1) **Qualifications.** Qualifications for forensic drug laboratories (renewal permits) are as follows:

(A) Possession of all qualifications stipulated in this Rule for Initial Approval as a Forensic Drug Laboratory.

(B) Possession of a valid Forensic Drug Laboratory Permit issued by authority of the Board of Tests for Alcohol and Drug Influence within the preceding twelve (12) months upon compliance with the Qualifications and Requirements then in force for Initial Approval or for Renewal of Approval as a Forensic Drug Laboratory.

(2) **Requirements.** Requirements for forensic drug analysis laboratories (renewal permits) are as follows:

(A) Submission of a properly completed application form for Renewal of Approval, obtainable from the Board, together with all supporting documentation specified therein.

(B) Continued satisfactory participation and performance in the quality assurance and proficiency testing programs and activities stipulated in this Section as requirements for Initial Approval.

(c) **General conditions of approval.** The following general and continued conditions of Approval apply to every Forensic Drug Laboratory.

(1) Every such Laboratory may be inspected periodically, during its normal hours, by the State Director of Tests for Alcohol and Drug Influence or by the State Director's duly authorized representative(s). Such inspection may include examination of the Laboratory's pertinent files and records, as well as its facilities.

(2) Every such Laboratory shall maintain a current file of all methods and procedures employed in such Laboratory for forensic drug analysis.

(3) Every such Laboratory shall maintain and retain at least the following records for a period of at least three (3) years from the date of origin of such records:

(A) An up-to-date record of persons in its employ or on its staff who are or were engaged in the performance of forensic drug analysis. Such records shall include, at least, the inclusive employment dates, qualifications of each such person, and any continuing education or training pertinent to forensic drug analysis received by each such person within or outside of the Laboratory.

(B) Records of specimens received by and subjected to forensic drug analysis within the Laboratory under the provisions of Title 47 or Title 3 or Title 63, Oklahoma Statutes, including all pertinent dates and times, identification of such specimens, results obtained and reported, and the identity of the person(s) who performed each analysis.

(C) Records of the internal and external quality assurance programs and proficiency testing activities and results, in or pertinent to forensic drug analysis,

(4) Every such Laboratory shall be operated and shall perform its forensic drug activities in substantial compliance with applicable nationally-recognized standards of good laboratory practice.

(5) In every such Laboratory, forensic drug analysis shall be performed only by methods and procedures approved by the Board of Tests for Alcohol and Drug Influence, and only by persons holding valid Forensic Drug Analysis Permits.

(d) **Period of validity.** Forensic Drug Laboratory Approval and Forensic Drug Laboratory Permits shall be valid for one (1) year from the date of Approval or the date of Permit issuance, respectively, and shall be subject to earlier suspension, termination, or revocation at the discretion of the Board.

INCORPORATIONS BY REFERENCE:

N/A

GIST/ANALYSIS:

The amended rules clean up statutory reference and remove language pertaining to blood draws knowingly collected from persons with hemophilia or persons who are taking anticoagulant medications. The rule is obsolete, advances in medicine eliminate any risk to persons having blood withdrawn that are currently taking anticoagulant medications or whom have been diagnosed with hemophilia.

Permanent Final Adoptions

CONTACT PERSON:

Joshua Smith, State Director of Tests, Board of Tests for Alcohol and Drug Influence, P.O. Box 36307, Oklahoma City, OK 73136-2307, 405-425-2460, Joshua.Smith@bot.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

40:20-1-1. Purpose

The rules in this Chapter provide procedures for the selection, collection, handling, storage, forwarding, and disposition of specimens of blood, breath or other materials which are to be analyzed for alcohol and other intoxicating substances under the provisions of Title 47 O.S., Sections 751-761 and 3 O.S., Section 303 and 63 O.S., Section 4210A, Oklahoma Statutes.

40:20-1-3. Collection, transfer, and retention of blood specimens

(a) **Collection of blood.** Collection of specimens of blood from living human subjects under the provisions of Title 47 and Title 3 Section 303 and Title 63 Section 4210A, Oklahoma Statutes shall be performed as set forth in this Section. The person, from whom blood is collected for analysis of the presence or concentration of alcohol, other intoxicating substances, or a combination thereof, is referred to as the "Tested Person" for the purposes of this Section.

(1) Collection of blood specimens - general conditions.

(A) Blood specimens shall be collected by persons authorized by Title 47, Section 752 of the Oklahoma Statutes, and these rules, to withdraw blood.

(B) ~~No blood shall be knowingly collected from any person with hemophilia or from any person who is taking anticoagulant medication(s).~~ However, ~~the~~The collection of blood from a person with hemophilia or from a person who is taking anticoagulant medications does not invalidate an otherwise valid test.

(2) Procedures, techniques, and precautions.

(A) Puncture site preparation and skin cleansing shall be performed without the use of alcohol.

(B) All blood specimens shall be collected directly in or immediately deposited into 10 milliliter (mL) glass vacuum tubes labeled by the manufacturer as containing 100 milligrams (mg) of sodium fluoride and 20 milligrams (mg) of potassium oxalate. Such containers are hereby approved for the collection of blood for analysis of the presence or concentration of alcohol, other intoxicating substances, or a combination thereof.

(C) Each tube containing a blood specimen shall be placed into a sealed container approved by the State Director of Tests for Alcohol and Drug Influence, and

bearing or containing at least the following information:

- (i) Full name of the subject from whom the blood specimen was obtained
- (ii) Date, time, and location where the blood specimen was obtained
- (iii) Name of the law enforcement agency (and unit thereof, if needed for further identification) responsible for obtaining and processing the blood specimen
- (iv) Signature, printed name and title of the qualified person who withdrew the blood specimen.

(b) Handling and disposition of state's blood specimen.

A blood specimen collected at the request of a law enforcement officer, hereafter termed "State's Blood Specimen," shall be handled and processed as set forth hereinafter.

(1) Each State's Blood Specimen in its sealed container and employing other shipping or transport enclosures as required, shall be promptly dispatched or forwarded by the law enforcement agency to a central or branch forensic laboratory of the Oklahoma State Bureau of Investigation, or to another official Forensic Alcohol Laboratory or Forensic Drug Laboratory approved by the Board, as appropriate, accompanied by a request for determination of the presence and/or concentration of alcohol and/or other intoxicating substance in such blood specimen, as appropriate. The selection of the approved laboratory shall be made by the law enforcement agency employing the arresting officer.

(2) The law enforcement agency may dispatch or forward the State's Blood Specimen to the approved laboratory of its choice by use of the U. S. Postal Service, personal delivery, or by any other appropriate means.

(3) The storage and dispatch or forwarding of the State's Blood Specimen shall be accomplished in such manner and by such means as to maintain the identity and integrity of specimens, maintain the chain of custody, to exclude tampering with and unauthorized access to or exchange or loss of specimens, and to provide the requisite security for evidentiary purposes.

(c) **Collection, transfers, and retention of retained blood specimens.** Whenever a State's blood specimen is collected under the provisions of Title 47 or 3 O.S., Section 303 or 63 O.S., Section 4210A, Oklahoma Statutes, at the direction of a law enforcement officer and or for the purpose of determining the concentration of alcohol or other intoxicating substance thereof, an additional and separate blood specimen, whenever possible, shall be collected at the same time and by the same qualified person withdrawing the State's blood specimen. The resulting additional specimen is hereafter termed "Retained Blood Specimen." Such Retained Blood Specimens shall be collected, retained, transferred, and analyzed as set forth hereinafter.

(1) Collection of Retained Blood Specimens.

(A) Whenever possible, the additional blood specimen shall be withdrawn from the tested person without performing additional venipunctures, and

shall be collected incident to and as a part of the entire blood collection process.

(B) The Retained Blood Specimen shall be collected in a manner identical to the State's Blood Specimen and as set forth heretofore in this Section.

(C) The tube containing the Retained Blood Specimen shall be placed into a sealed container, approved by the State Director of Tests for Alcohol and Drug Influence, and bearing or containing at least the following information:

- (i) Full name of the subject from whom the blood specimen was obtained
- (ii) Date, time, and location where the blood specimen was obtained
- (iii) Name of the law enforcement agency (and unit thereof, if needed for further identification) responsible for obtaining and processing the blood specimen
- (iv) Signature, printed name and title of the qualified person who withdrew the blood specimen.

(2) Transfer of Retained Blood Specimens to an approved retention laboratory.

(A) Each Retained Blood Specimen, in a sealed container and employing other shipping or transport enclosures as required, shall be promptly transferred by the law enforcement agency to a Retention Laboratory approved by the Board of Tests for Alcohol and Drug Influence and designated for that purpose by the Board.

(B) Each Retained Blood Specimen so transferred shall be accompanied by substantially the following information, clearly associated with a given specimen:

- (i) Name, location, address, and telephone number of the law enforcement agency (and unit thereof if needed for further identification) transferring the blood specimen
- (ii) Date of transfer of the blood specimen from the law enforcement agency to the Approved Retention Laboratory
- (iii) Full name of the subject from whom the blood specimen was obtained
- (iv) Date, time and location of blood specimen collection
- (v) Case or identification number assigned to the case or subject by the law enforcement agency
- (vi) Signature, printed name, and title of the authorized person initiating the transfer of the specimen from the law enforcement agency to the Approved Retention Laboratory.

(C) The law enforcement agency may transfer or forward the Retained Blood Specimen to the Approved Retention Laboratory designated by the Board by use of the U. S. Postal Service, personal delivery, or by any other appropriate means.

(D) The transfer or forwarding of the Retained Blood Specimen shall be accomplished in such manner and by such means as to maintain the identity and integrity of specimens, to exclude tampering with and unauthorized access to or exchange or loss of specimens, and to provide the requisite security for evidentiary purposes.

(E) Neither the tested person, nor any agent or attorney of such person, shall have access to the Retained Blood Specimen while it is in the custody of the law enforcement agency, or during the transfer process, or thereafter.

(3) Retention and storage of Retained Blood Specimens.

(A) Each Retained Blood Specimen, in a sealed envelope or other sealed container or enclosure, shall be kept and stored by the Approved Retention Laboratory designated by the Board for sixty (60) days from the date of collection, unless transferred prior thereto to a Board-approved Forensic Alcohol Laboratory or Forensic Drug Laboratory as hereinafter provided. After the expiration of sixty (60) days from the date of such collection, all such Retained Blood Specimens, other than those transferred to an approved Laboratory as hereinafter provided, may be promptly and safely destroyed by the Approved Retention Laboratory.

(B) Retained Blood Specimens shall be stored and kept in accordance with policies, practices, or procedures established by the Approved Retention Laboratory responsible for obtaining and storing these specimens and not inconsistent with the Rules of the Board of Tests for Alcohol and Drug Influence. Storage shall be carried out in such a manner and by such means as to maintain the identity and integrity of specimens, to exclude tampering with and unauthorized access to or exchange or loss of specimens, and to provide the requisite security for evidentiary purposes.

(C) Neither the tested person, nor any agent or attorney of such person, shall have access to the Retained Blood Specimen while it is in the custody of the Approved Retention Laboratory.

(4) Transfer of Retained Blood Specimens to a forensic alcohol laboratory or forensic drug laboratory.

(A) Upon written direction by the tested person or such person's agent to the Approved Retention Laboratory that has custody of the Retained Blood Specimen obtained from such person, received in accordance with such Approved Retention Laboratory's policies, practices and procedures and within sixty (60) days from the date of collection of the Retained Blood Specimen, the Approved Retention Laboratory shall promptly transfer the Retained Blood Specimen obtained from such person to any Forensic Alcohol Laboratory or Forensic Drug Laboratory, as appropriate, which is approved by the Board of Tests for

Permanent Final Adoptions

Alcohol and Drug Influence and was selected by such person or such person's agent.

(B) The Approved Retention Laboratory may transfer the Retained Blood Specimen to the Forensic Alcohol Laboratory or Forensic Drug Laboratory by use of the U. S. Postal Service, personal delivery, or by any other appropriate means; provided, that neither the tested person nor any agent or attorney of such person shall have access to the Retained Blood Specimen during the transfer process, or thereafter.

GIST/ANALYSIS:

The rule amendment corrects language that was intended to be removed during Administrative Rule session 2019. The amended rule removes lingering language referencing "nitrogen-ethanol" dry gas canisters. The revoked rule removes Independent breath-alcohol analysis with the Intoxilyzer model 5000-D. The rule is obsolete and the Intoxilyzer 5000-D is not an approved instrument for evidential breath testing in the state.

CONTACT PERSON:

Joshua Smith, State Director of Tests, Board of Tests for Alcohol and Drug Influence, P.O. Box 36307, Oklahoma City, OK 73136-2307, 405-425-2460, Joshua.Smith@bot.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

40:30-1-3. Breath-alcohol analysis with Board approved devices

(a) **Approved method.** Analysis of breath specimens for the determination of the alcohol content therein may be accomplished by any method, technique, or instrument approved by the Board in accordance with OAC 40: 25-1-2.

(b) **Operating procedure(s).** Each such analysis shall include the following steps:

(1) Determination that the subject's mouth has no presence of any substantial loose material(s), foreign substance(s), or any such substance(s). Metal, porcelain, or hard plastic items need not be removed.

(2) Observation of the subject whose breath is to be tested sufficient to determine that, for a period of at least fifteen (15) minutes prior to the collection of the first breath specimen, and continuing through the second breath specimen, the subject shall not have ingested alcohol in any form or any other substance, vomited, or smoked. Such observation shall be carried out by the breath-alcohol analysis Operator or by any other qualified person.

(3) Analysis for alcohol of two (2) or more specimens of breath consisting substantially of expired alveolar air.

(4) A blank analysis preceding analysis of each breath specimen.

(5) Analysis of at least one control sample from a dry gas canister deployed by the agency in accordance with 40:25-1-3 to verify the calibration of the instrument at the time of the test. The results of each such control analysis must coincide with the corresponding vapor-alcohol concentration target value within plus or minus one-hundredths gram per two hundred and ten liters ($\pm 0.01\text{g}/210\text{L}$).

(6) The operator performing each such analysis shall properly complete a Breath-Alcohol Analysis Record and Report form prescribed and designated by the State Director of Tests for Alcohol and Drug Influence, and shall promptly forward one (1) copy thereof to the Oklahoma Department of Public Safety, and to other agencies and persons listed on the form.

(c) **Reporting results.** The results of each such breath-alcohol analysis shall be reported in terms of the concentration of alcohol in the subject's breath, in grams of alcohol per two hundred and ten liters of breath ($\text{g}/210\text{L}$), truncated to two (2) decimal places. Results of duplicate breath alcohol analyses, on the same subject on the same occasion, which are within three-hundredths grams per two hundred and ten liters of breath ($\pm 0.03\text{g}/210\text{L}$) shall be deemed to be in acceptable agreement and mutually confirmatory and ~~substantive~~ substantive. Results of analysis of all breath specimens shall be reported, but actions and interpretation of the results of such duplicate analyses shall be based upon the lowest such acceptable breath alcohol result obtained.

(d) **Maintenance.** Maintenance shall be performed on the CMI 8000—Intoxilyzer 8000, equipped with an ~~approved nitrogen-ethanol~~ dry gas canister ~~canister—mixture~~, at such time as the regulator of the ~~nitrogen-ethanol—pressurized dry gas canister~~ ~~canister~~ fails to provide a gas sample

for analysis or by the manufacturers stated expiration date, whichever occurs first. Such maintenance shall be performed by Board personnel, according to the procedure(s) prescribed by the State Director of Tests for Alcohol and Drug Influence.

40:30-1-3.1. Independent Breath-alcohol analysis with the Intoxilyzer Model 5000-D [REVOKED]

~~(a) **Approved method.** Analysis of breath specimens for the determination of the alcohol content therein by means of the of the Independent Model 5000 D (manufactured by CMI, Inc., Owensboro, Kentucky 42301 or its successors), is hereby approved as a method or technique for analysis of independent breath specimens for alcohol.~~

~~(b) **Operating procedure(s).** Each such analysis shall be performed in compliance with Operating Procedure(s) prescribed and approved by the State Director of Tests for Alcohol and Drug Influence.~~

~~(c) **Analysis.** Each such analysis shall include the following steps:~~

~~(1) Continuous observation of the subject whose breath is to be tested, for a period of at least fifteen (15) minutes prior to the collection of the first breath specimen, during which observation period the subject shall not have ingested alcohol or alcoholic beverages or any other substance, regurgitated, vomited, or smoked. Such bservation may be carried out by the breath alcohol analysis Operator or Supervisor or by any other qualified person.~~

~~(2) Analysis for alcohol of two (2) or more specimens of breath consisting substantially of expired alveolar air.~~

~~(3) A blank analysis preceding analysis of each breath specimen.~~

~~(4) Analysis for alcohol of at least one suitable reference or control sample of known alcohol concentration, such as air equilibrated at a known temperature with a reference solution of known ethyl alcohol content in an alcoholic breath simulator device approved by this Board. The results of each such control analysis must coincide with the corresponding vapor alcohol concentration target value within plus or minus one hundredths gram per two hundred and ten liters ($\pm 0.01\text{g}/210\text{L}$).~~

~~(5) The operator performing each such analysis shall provide a copy of the Intoxilyzer printout with each test attached to the Log of Tests and Maintenance Report prescribed and designated by the State Director of Tests for Alcohol and Drug Influence, and shall promptly forwarded one (1) copy of the print out thereof and within 10 days of the solution change, to the Administrative Offices of the Board of Tests for Alcohol and Drug Influence.~~

~~(d) **Reporting results.** The results of each such breath alcohol analysis shall be reported in terms of the concentration of alcohol in the subject's breath, in grams of alcohol per two hundred and ten liters of breath ($\text{g}/210\text{L}$), truncated to two (2) decimal places. Results of duplicate breath alcohol analyses, on the same subject on the same occasion, which are within three-hundredths grams per two hundred and ten liters of breath ($\pm 0.03\text{g}/210\text{L}$) shall be deemed to be in acceptable agreement and mutually confirmatory and substantive. All such results~~

Permanent Final Adoptions

shall be reported, but actions and interpretation of the results of such duplicate analyses shall be based upon the lowest such breath alcohol result obtained.

(e) ~~Maintenance. Administrative Maintenance shall be performed as follows on the above listed equipment at least once during each thirty (30) day period and not later than thirty (30) days since the last prior such maintenance, or after the testing of twenty five (25) subjects, whichever occurs first, by a person possessing a valid Breath Alcohol Analysis Specialist permit issued by this Board:~~

(1) ~~A thorough inspection of the equipment for cleanliness and determination that it is in proper operating condition shall be performed.~~

(2) ~~The reference ethyl alcohol solution in the alcoholic breath simulator device shall be replaced with new solution and one (1) or more verification analyses performed with the new solution. Each verification analysis shall be performed in accordance with the Operating Procedure(s) prescribed by the State Director of Tests for Alcohol and Drug Influence. The result of each such verification analysis must coincide with the corresponding vapor alcohol concentration target value within plus or minus one hundredths gram per two hundred and ten liters ($\pm 0.01\text{g}/210\text{L}$).~~

(3) ~~The administrative maintenance performed, shall include; results of said verification analyses, the date of inspection, and a written record of the inspection will be entered in the applicable portions of the Intoxilyzer 5000 D Log of Tests and Maintenance Record (or equivalent) form prescribed and approved by the State Director of Tests for Alcohol and Drug Influence. One (1) copy of each such completed written inspection and maintenance record form shall be forwarded to the Administrative Offices of the Board, within 10 days of the solution change.~~

SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

40:35-1-1. Purpose

The rules in this Chapter concern analysis of alcohol in specimens of blood under the provisions of Title 47 O.S., Sections 751-761 and 3 O.S., Section 303 and 63 O.S., Section 4210A, Oklahoma Statutes. They include designation by the Board of approved methods and procedures for blood-alcohol analysis, and apply to analysis of the State's blood specimens and to retained blood specimens. All forensic laboratories and facilities that are ISO/IEC (International Organization of Standards/International Electrotechnical Commission) 17025 accredited, or as defined in 74 O.S. § 150.37 (Forensic Laboratory Accreditation Act) are exempt from these rules.

January 3, 2020 through February 4, 2020

PUBLIC HEARING:

February 4, 2020

ADOPTION:

February 25, 2020

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

February 26, 2020

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's Declaration on June 25, 2020

FINAL ADOPTION:

June 25, 2020

EFFECTIVE:

September 11, 2020

SUPERSEDED EMERGENCY ACTIONS:

N/A

INCORPORATIONS BY REFERENCE:

Incorporated standards:

Oklahoma Forensic Laboratory Accreditation Act

ISO/IEC 17025(International Organization of Standards / International Electrotechnical Commission)

Incorporating rules:

40:40-1-1

Availability:

8:00 a.m. to 5:00 p.m., Monday through Friday, Board of Tests for Alcohol and Drug Influence, 3600 N. Martin Luther King Avenue, Building 9, Oklahoma City, OK 73136.

GIST/ANALYSIS:

The amended rule cleans up statutory reference. The amended rule adds an exemption to Board administrative rules for laboratories that are ISO/IEC 17025 accredited.

CONTACT PERSON:

Joshua Smith, State Director of Tests, Board of Tests for Alcohol and Drug Influence, P.O. Box 36307, Oklahoma City, OK 73136-2307, 405-425-2460, Joshua.Smith@bot.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

40:40-1-1. Purpose

The rules in this Chapter concern analysis of blood and other specimens for "other intoxicating substances" (i.e., substances and drugs, other than ethyl alcohol) under the provisions of Title 47 O.S., Section 751-761 and Title 3 O.S., Section 303 and Title 63 O.S., Section 4210A, Oklahoma Statutes. They include standards, requirements, and conditions for performance of such tests, and prescribe specimens, parameters for initial and confirmatory analyses, quality assurance practices, and reporting practices. All forensic laboratories and facilities that are ISO/IEC (International Organization of Standards/International Electrotechnical Commission) 17025 accredited, or as defined in 74 O.S. § 150.37 (Forensic Laboratory Accreditation Act) are exempt from these rules.

[OAR Docket #20-495; filed 6-29-20]

**TITLE 40. BOARD OF TESTS FOR ALCOHOL AND DRUG INFLUENCE
CHAPTER 50. IGNITION INTERLOCK DEVICES**

[OAR Docket #20-496]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

GIST/ANALYSIS:

The rule amendments add and remove definitions of various terms related to the ignition interlock device. The rules amend device standards and specifications relating to activation of the vehicle's horn. The rules amend device standards and specifications to define approved volume limitations and alternative configuration pathways for approval. The rules clean up and correct language related to maintenance and calibration. The rules update and define rules related to installations and removals. The rules clarify qualified applicants for ignition interlock technician licensure and approval/denial procedures.

CONTACT PERSON:

Joshua Smith, State Director of Tests, Board of Tests for Alcohol and Drug Influence, P.O. Box 36307, Oklahoma City, OK 73136-2307, 405-425-2460, Joshua.Smith@bot.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

40:50-1-1.1. Definitions

The following words or terms, when used in this chapter, shall have the following meaning, unless the context clearly indicates otherwise.

"Alcohol" means Ethyl Alcohol, also called ethanol.

Permanent Final Adoptions

"Anti circumvention feature" means any feature or circuitry incorporated into the device that is designed to prevent activity that would cause the device not to operate as intended.

"Board" means the Administrative Offices of the Oklahoma Board of Tests for Alcohol and Drug Influence created by O.S. 47:759.

"Board en banc" means the sitting members of the Board as defined by O.S. 47:759 (A).

"Breath alcohol test" means the analysis of a person's expired alveolar breath to determine the alcohol concentration.

"Calibration" means the process of testing and adjusting a device to ensure accuracy.

"Circumvention" means to bypass the correct operation of an interlock device by starting the vehicle, by any means, without first providing a breath test or passing a confirmatory test.

"Confirmatory test" means a breath test required in response to a circumvention.

"Certification" means a status granted by the Board that permits a manufacturer to distribute a device in the state of Oklahoma.

"Data storage system" means a recording of all events monitored by the device.

"Director" means the position of the State Director of the Board as defined in O.A.C. 40:1-1-3.

"Fee" means a non-refundable administrative fee.

"Free restart" means a function of a device that will allow a vehicle to be restarted under the requirements in this title, without having to complete another breath alcohol test.

"Ignition interlock device" means a mechanism that prevents a vehicle from starting when the breath alcohol concentration of a breath alcohol test meets or exceeds the startup set point. Also referred to as "device".

"Installation Authority" means the Oklahoma agency or entity by statute or order requiring or authorizing installation of a device.

"Ignition Interlock Maintenance and Calibration Fee" means the fee collected from the participant, at the time of the performing calibration and maintenance as required by this title. This fee is to be remitted to the Board of Tests.

"License" means the permission granted by the Board to engage in specific activities of the ignition interlock program.

"Manufacturer" means the actual producer of the device.

"Manufacturer representative" means the individual designated by the manufacturer to act on behalf of or represent the manufacturer in all matters under the jurisdiction or consideration of the Board with respect to device certification.

"Missed service appointment" means the failure of the interlock participant to return for a scheduled maintenance and calibration service as defined by these rules.

"Monitor" means the agency, organization and/or person(s) designated by the Installation Authority to receive reports regarding ignition interlock program participants.

"Negative result" means a breath alcohol test result indicating the alcohol concentration is less than the specific point value for the purpose specified.

"Operable vehicle" means a motor vehicle with ability to drive forward under its own power and steer and can be legally driven on public roadways.

"Penalty Fail" means a breath alcohol test resulting in a positive result that meets or exceeds the specific point value for the purpose specified.

"Permanent lockout" means a condition wherein the device will not allow a breath alcohol test and therefore will not allow the vehicle to be started.

"Positive result" means a breath alcohol test result indicating the alcohol concentration meets or exceeds the specific point value for the purpose specified.

"Proper Record Maintenance" means the manufacturer's complete records on every participant for a period of five (5) years from the date of removal including, but not limited to, all data retrieved from the data storage system of a device. The Board, or its designee, shall have access to any and all records.

"Reciprocity" means the process by which the Board may defer to a foreign state's device standards and specifications when an interlock participant is required to meet an interlock requirement for more than one state simultaneously.

"Reference sample device" means any alcohol breath testing external control or device approved for use by the Board.

"Retest" means a breath alcohol test or tests required in accordance with O.A.C. 40:50-1-3(e).

"Startup set point" means an alcohol concentration at which, or above, the device would prevent the vehicle from starting.

"Tampering" means any act or attempt to alter, interfere, disable, defeat or circumvent the installation or operation of the device.

"Technical non-compliance" means the failure of the device to comply with one or more provisions of this title with regard to device performance that does not affect the device's ability to respond appropriately to a negative breath test or a breath test required by 40:50-1-3-(c), (e), or (g), or the ability of the device to satisfy the requirements of 40:50-1-3(b)(1) or 40:50-1-3(f).

"Vendor" means a licensed ignition interlock technician designated by the Manufacturer representative of a certified device to act on behalf of or represent the manufacturer in all matters under the jurisdiction or consideration of the Board, excluding matters related to device certification.

40:50-1-3. Standards and specifications

(a) The provisions in this subsection only apply to the use of a device pursuant to an Installation Authority.

(b) The device shall:

(1) Permit a free restart of the motor vehicle within two (2) minutes after the engine has shut off without requiring a further breath alcohol test.

(2) Have a data storage system of sufficient capacity to facilitate the recording and maintaining of all daily driving activities for the period of time elapsed from one maintenance and calibration to the next. All daily driving activity records in this data storage system shall be maintained by

the manufacturer or the licensed service center and shall be available to the Installation Authority, Monitor and/or the Board upon request.

(3) Display tamper seals and a warning label that states: "Any person attempting to physically disable, disconnect or wire around this device or who intentionally fails to return the device upon request by the owner may be guilty of a misdemeanor under Oklahoma law (47 O.S. §11-902a)." If the device consists of separate pieces (e.g. a handset and separate base unit) a separate warning label shall be placed on each piece.

(c) The startup set point value for the device shall be an alcohol concentration of 0.025 g/210L.

(d) The penalty fail point value for the device shall be an alcohol concentration of 0.025g/210L.

(e) A retest feature is required while a vehicle's engine is in operation.

(1) The first retest shall be required at a randomly variable interval ranging from five (5) to fifteen (15) minutes after passing the initial breath test and starting the vehicle's engine. Subsequent retests shall be required at a randomly variable interval ranging from fifteen (15) to forty-five (45) minutes from the previously requested test for the duration of the travel.

(2) The device shall allow five (5) minutes for the retest to be completed.

(3) The retest set point value shall be an alcohol concentration of 0.025 g/210L.

(4) A distinct audible and/or visual indicator shall come on to alert the driver that a retest is in progress. Once a retest is in progress, failure to deliver a negative result within the time frame allowed shall:

(A) ~~Activate the vehicle's horn to sound repeatedly or activate a unique~~ audible and/or visual indicator inside the passenger compartment of the vehicle, until the engine is shutdown.

(B) Record a retest violation in the data storage system, and

(C) Disable the free restart.

(f) The device shall have an approved anti circumvention feature(s) activated at all times.

(g) The device shall require a confirmatory test in response to a circumvention.

(1) The device shall allow two (2) minutes for the confirmatory test to be completed.

(2) The confirmatory test set point value shall be an alcohol concentration of 0.025 g/210L.

(3) An audible and/or visual indicator shall come on to alert the driver that a confirmatory test is in progress. Once a confirmatory test is in progress, failure to deliver a negative result within the time frame allowed shall:

(A) ~~Activate the vehicle's horn to sound repeatedly or activate a unique~~ audible and/or visual indicator inside the passenger compartment of the vehicle, until the engine is shutdown.

(B) Record a circumvention violation in the data storage system, and

(C) Disable the free restart.

(4) Once the confirmatory test is passed, the device shall enter the normal retest sequence as provided by these rules.

(h) A breath sample collection volume limit at or above 1.2 Liters unless an alternative configuration has been approved by the Board.

~~(hi)~~ In addition to the standards and specifications listed herein, the Board or its designee may impose additional requirements, as needed, depending upon design and functional changes in device technology and to ensure that the device functions properly and reliably.

40:50-1-3.1. Violation reset

(a) A violation reset shall be activated by any of the following:

(1) Three (3) penalty fails, at startup, within a fifteen (15) minute time frame.

(2) A circumvention.

(3) A retest violation.

(b) When a violation reset is activated, the device will initiate a unique audible and/or visual cue that will warn the driver that the device will enter a permanent lockout in five (5) days. This event will be uniquely recorded in the data storage system and will simultaneously start a countdown that culminates in the permanent lockout. A licensed ignition interlock technician shall remedy a permanent lockout in person. However, the Director may approve standards and procedures for an override lockout. For the purposes of this section, override lockout means a method of overriding a lockout condition by providing a breath sample indicating a negative result.

(c) Anytime a device is submitted pursuant to a violation reset the licensed ignition interlock technician shall perform a violation reset service consisting of, but not limited to:

(1) Performing ~~a calibration confirmation test~~ maintenance and calibration in accordance with this title, and

(2) Retrieving all data contained in the data storage system. Proper record maintenance shall be ensured as required in this title.

40:50-1-3.2. Reporting requirements

(a) Reportable violations are as follows:

(1) Three (3) penalty fails, at startup, within a fifteen (15) minute time frame.

(2) A circumvention.

(3) Three (3) retest violations constitute a reportable violation. Each retest violation thereafter constitutes a reportable violation.

(4) Removal of the device, ~~except:~~

~~(A) Upon receipt of documentation from the Installation Authority or Monitor authorizing said removal.~~

~~(B) The vehicle is being repaired. The program participant must inform the licensed service center at least every eight (8) days as to the anticipated date of completion of repairs, or~~

Permanent Final Adoptions

~~(C) The vehicle is being replaced. In the event the vehicle is being replaced by another vehicle, the removal and reinstallation of the device in the subsequent vehicle must be accomplished within eight (8) days of the removal.~~

(5) Tampering.

~~(6) Missed service appointment, which shall be reported at the time the device enters, or should enter, permanent~~Permanent lockout.

(b) Reportable violations shall be reported to the Installation Authority and/or Monitor, in the form and/or format designated by the Board, within five business days, banking holidays excepted, after the maintenance and calibration service, violation reset service or removal of the device.

(c) The manufacturer shall ensure proper record maintenance.

(d) The manufacturer shall report to the Board, in the form and format designated by the Board:

(1) Device installations.

(2) Device removals.

(3) Any reportable violations.

~~(4) Vehicle transfers~~

~~(5) Device changes~~Maintenance and calibration performed on an ignition interlock device as required by these rules

~~(6) Program length change~~

40:50-1-4.1. Installation requirements

The device shall be installed according to the following guidelines:

(1) Original device installations shall only be performed in a service center duly licensed by the Board.

(2) The only person(s) allowed to install or observe the installation of the device are ignition interlock technicians duly licensed by the Board.

(3) A designated waiting area that is separate from the installation area is to be provided for the participant.

(4) Adequate security measures shall be taken to ensure that unauthorized personnel cannot gain access to proprietary materials or files of other participants.

(5) Installations shall be completed on operable vehicles, as defined in this title.

~~(56)~~ The ignition interlock technician shall perform maintenance and calibration on the device in accordance with this title.

~~(67)~~ Upon completion of an installation of a device and all the components required for the device to function as required by these rules, the licensed ignition interlock technician shall provide the participant with installation verification in the form and/or format designated by the Board.

~~(78)~~ Upon completion of the installation of a device required for compliance with an Installation Authority(s), the licensed ignition interlock technician shall:

(A) Provide the participant with installation verification in the form and/or format designated by the Board, and

(B) Remit the appropriate fee.

~~(89)~~ Outside the State of Oklahoma, upon completion of the installation of a device required for compliance with an Installation Authority(s), the technician who installs the device shall:

(A) Apply to the Director for authority to issue installation verification in the form and/or format designated by the Board, and

(B) Remit the appropriate fee.

40:50-1-5. Maintenance and calibration

(a) The maintenance and calibration of a device shall be completed according to the following guidelines:

(1) The device shall enter a permanent lockout if the device has not been checked for calibration accuracy within sixty-five (65) days subsequent to the last check for calibration accuracy.

(2) The maintenance and calibration of the device shall only be performed by ignition interlock technicians duly licensed by the Board who shall perform a visual inspection of the vehicle, the device, and the device's wiring to ensure no tampering or circumvention has occurred.

(3) The maintenance and calibration will consist of, but not be limited to, a check of the device to determine:

(A) The device is configured to the specifications required in this title.

(B) The anti circumvention features are activated and properly functioning.

(C) The device is in calibration.

(D) The device is installed in an operable vehicle as defined in this title.

(i) The device shall be subjected to a calibration confirmation test. This test shall consist of introducing a sample from a calibration standard approved by these rules into the device.

(I) Calibration standard(s) shall be within plus or minus (+/-) 0.005 g/210L of the stated alcohol concentration.

(II) Only dry gas calibration standards appearing on the *Conforming Products List of Calibrating Units for Breath Alcohol Testers* (77 FR 64588) published by the National Highway Traffic Safety Administration may be employed in the maintenance and calibration of the ignition interlock device.

(III) Calibration standards shall be operated in accordance with the manufacturer's recommendations, unless modified by the Board or its designee, and shall be maintained in proper working order. This includes, but is not limited to, any required altitude adjustment.

(IV) Preparatory documentation (such as a certificate of analysis) stating the alcohol concentration on the calibration gas standard must be available for inspection while the gas standard is being utilized.

(ii) The calibration confirmation test shall verify the accuracy of the ignition interlock device to be within plus or minus (\pm) 0.01 g/210L of the

stated alcohol concentration, unless modified by the Board en banc.

(iii) Should the ignition interlock device fail the calibration confirmation test:

(I) The ignition interlock device shall be recalibrated so as to restore accuracy before the device may be placed into service.

(II) That information shall be provided to the Board or its designee and/or the Installation Authority and/or the monitor upon request.

(iv) If the device fails to meet the requirements in this section, the device shall be removed from service and simultaneously replaced with a device that successfully meets the requirements in this section. All data contained in the data storage of the device being replaced shall be retrieved upon replacement. Records may be maintained electronically.

(b) The manufacturer's software utilized in a licensed service center by the licensed ignition interlock technician shall be capable of performing, documenting and reporting the result of this calibration confirmation test. All data contained in the data storage system shall be retrieved anytime the device is submitted to maintenance and calibration. Records may be maintained electronically. Upon completion of maintenance and calibration of the device, the licensed ignition interlock technician shall provide the participant a report showing the maintenance and calibration of the device.

40:50-1-6.1. Removal requirements

The device shall be removed according to the following guidelines:

(1) The only person(s) allowed to remove or observe the removal of the device are ignition interlock technicians licensed by the Board.

(2) A designated waiting area that is separate from the removal area is to be provided for the participant.

(3) Adequate security measures shall be taken to ensure that unauthorized personnel cannot gain access to proprietary materials or files of other participants.

(4) All data contained in the data storage system shall be retrieved in conjunction with removal of the device. Records may be maintained electronically.

(5) Upon completion of the removal of the device, harness, relay and all third party materials used to initially install the device, the licensed ignition interlock technician shall:

(A) Provide the participant a report showing the removal of the device, and

(B) Notify the Board in the form and/or format designated by the Board.

(C) Notify the installation and monitoring authority in the form and format designated by the Board.

40:50-1-8. Ignition interlock technician

(a) No person may perform any service(s) related to any device in this state without being duly licensed by the Board.

(b) An applicant who has been convicted of, or plead guilty or *nolo contendere*, to an alcohol related traffic offense or any offense classified as a felony, within five (5) years prior to the date of filing of the applicant's application for licensure as an ignition interlock technician may not be eligible for licensure. For purposes of this section, a conviction means the applicant was adjudicated guilty by a court of competent jurisdiction.

(c) An applicant must be at least eighteen (18) years of age.

(d) An applicant must possess a valid driver license without any requirements for ignition interlock.

(e) A vendor seeking licensure for an ignition interlock technician shall initiate an ignition interlock technician license application and remit the appropriate fee by accessing the Board website at www.ok.gov/bot.

(f) The applicant shall:

(1) Complete the ignition interlock technician license application.

(2) Complete and score an 80% or higher on a knowledge and skills examination administered by the Board.

(3) Submit a criminal history report certified within the immediately preceding thirty (30) days from either the Oklahoma State Bureau of Investigation or, if the applicant has not lived in Oklahoma for the immediately preceding five (5) years, a criminal background check from the agency responsible for keeping criminal history in the state or states of previous residence.

(g) Each application for licensure shall be for a single ignition interlock technician. Separate ignition interlock technician applications are required for additional ignition interlock technicians.

~~(h) The technician must utilize the ignition interlock management system for issuing, updating, and removing the installation verification form for any participant provided device related services.~~

GIST/ANALYSIS:

The proposed revisions to Subchapter 1 are expanding definitions and clean-up. Changes to Subchapter 3 include the additions of fee exemptions for active-duty military personnel and spouses (per SB670), and based on low income (per HB2933). Changes to Subchapter 5 include clean-up and updates to the current processes, as well as the deletion of "good moral character" (per HB1379). Changes in Subchapter 7 were made in order that the application and licensing processes by examination be better understood by the public. The changes in Subchapter 15 provide clarification for what constitutes a violation. All other Rule changes are simplification or clean-up items that do not change the interpretation or intent of the Rules.

CONTACT PERSON:

Leslie Hanska, Executive Director, 220 NE 28th Street, Suite 150, Oklahoma City, OK 73105, 405-949-2383

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTION 250.3(5) AND 308(E) WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

55:10-1-2. Terms defined by statute

Terms defined in the Act shall have the same meanings when used in this Chapter, ~~unless the context or subject matter clearly requires a different interpretation.~~

55:10-1-3. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"**Act**" means the currently enacted and effective legislation codified at 59 O.S., Section 46.1, et seq.

"**Applicant**" means an individual who has submitted an application for a License or Registration to the Board.

"**Architect**" means any person who is licensed in the practice of architecture by the State of Oklahoma as hereinafter defined. ~~means an individual who engages in the practice of architecture and, for the purpose of these Chapter 10 Rules, holds a License issued by the Board.~~

"Architect(s) of Record" means a Licensee currently licensed as an Architect or Landscape Architect and in good standing with this Board, that has met statutory and OAC 55:10 requirements, who is directly responsible to the Board for the firm practice, filings, paying all fees, penalties and submitting all documents.

"Architectural Intern" shall have the same meaning as "Intern Architect".

"ARE" means the current architect registration examination prepared by NCARB and adopted by the Board as the examination to be used in determining a Candidate's qualifications to practice architecture.

"AXP" means Architectural Experience Program, as defined by NCARB.

"Board" means the Board of Governors of the Licensed Architects, Landscape Architects and Registered Interior Designers of Oklahoma.

"Broadly Experienced" means a person who can demonstrate that the Board's equivalent education, training and examination standards have been met through a combination of education and comprehensive practice in responsible control in architectural, landscape architecture or interior design experience. This person is currently licensed or registered in the same profession in another jurisdiction and is in good standing. The person seeking licensure or registration may be required to have a personal interview by the Board and may, at the sole discretion of the Board, issue a license or registration.

"Building types" means the types of buildings found in O.S. 59, Section 46.21b of the Act.

"Candidate" means an individual who has been approved to sit for the examinations given by the Board, or who has passed said examinations, but has not been issued a License or Certificate of Registration.

"CE" means continuing education.

"Certificate of Authority" means the authorization granted by the Board for individuals to practice or offer to practice architecture or landscape architecture in the ~~state~~State through an Entity.

"Certificate of Registration" means the ~~authority~~authorization granted by the Board to an individual Registrant to ~~offer interior design services and~~ represent the individual as a Registered Interior Designer in the ~~state~~State.

"Certificate of Title" means the authorization granted by the Board to an Entity to use the title and offer services as a Registered Interior Designer.

"CEU" means a continuing education unit of one Contact Hour.

"CIDA" means Council of Interior Design Accreditation or its successor.

"CIDQ" means Council for Interior Designers Qualification, the organization administering examinations and setting model practice standards for the Registration of Interior Designers, or its successor.

"CLARB" means Council of Landscape Architectural Registration Boards or its successor.

"Contact Hour" as used in the continuing education requirements means one clock hour of not less than 50 minutes.

"Entity" means any group of individuals joined together to offer or contract for services to practice architecture, landscape architecture or use the term registered interior design or the title of Registered Interior Designer. Entity shall include individuals, partnerships, firms, associations, corporations, limited liability companies and limited liability partnership and any other business or professional group recognized under the Act and approved by the Board.

"Examination" means the current licensing and registration examinations administered by this Board, or its designee, for Architects, Landscape Architects or Registered Interior Designers.

"Fiscal Year" means July 1 through June 30.

"IDP" ~~means Intern Develop Program.~~

"IDEP" means the Interior Design Experience Program, as defined by CIDQ.

"Intern Architect" means an individual in the process of obtaining training acceptable to the Board in order to complete requirements and/or is currently testing to pursuing licensure.

"Intern Landscape Architect" means an individual in the process of obtaining credits acceptable to the Board in order to complete requirements and is currently testing to pursue licensing as a Landscape Architect.

"LAAB" means Landscape Architectural Accrediting Board or its successor.

"LARE" means the current Landscape Architect registration examination prepared by CLARB or its successor and adopted by the Board as the licensing examination to be used in determining a Candidate's qualifications to practice landscape architecture.

"Landscape Architect" means an individual licensed to practice landscape architecture in Oklahoma.

"Landscape Architectural Intern" shall have the same meaning as "Intern Landscape Architect".

"License" means License to practice architecture or landscape architecture issued by the Board and permission to use the title Architect or Landscape Architect.

"Licensee" means a licensed Architect or Landscape Architect that practices architecture or landscape architecture.

"NAAB" means the National Architectural Accrediting Board or its successor.

"NASAD" means the National Association of the Schools of Art and Design or its successor.

"NCARB" means National Council of Architectural Registration Boards or its successor.

"NCIDQ" means the current National Council of Interior Design Qualification exam, prepared by CIDQ or its successor and adopted by this Board used in determining a Candidate's qualifications to register as an interior designer.

"Prototypical Building" means any commercial building or space within a commercial building that is intended to be constructed in multiple locations and which conveys an owner's intended uniform business program, plan or image.

"Prototypical Plans" are technical submissions for prototypical buildings that are prepared by and under the responsible control of an architect licensed in any jurisdiction in the United States for use in the ~~state~~State of Oklahoma.

Permanent Final Adoptions

"Reciprocal License" means a License granted by the Board to an individual to practice architecture or landscape architecture and granting use of the term Architect or Landscape Architect or any derivation of the word based on a current License in good standing in another jurisdiction meeting the requirements for licensing in this State.

"Reciprocal Registration" means a registration granted by the Board to an individual to use the title Registered Interior Designer or any derivation of the word based on the License or Registration in good standing in another jurisdiction meeting the requirements for Registration in this ~~state~~State.

"Registered Interior Designer" means an individual registered by the Board to use the title.

"Registered Interior Designer of Record" means a Registered Interior Designer in good standing with this Board, that has met statutory and OAC 55:10 requirements, and who is directly responsible to the Board for the activities, filings, paying all fees, penalties and submitting all documents for the Entity having been issued the Certificate of Title.

"Registrant" means an individual registered by the Board to use the title Registered Interior Designer, as a designation of the individual's profession.

"Registration" means the authority granted by this Board to a qualified individual to use the term Registered Interior Designer unless exempt by the Act from Registration.

"Resident State" means the state where the Applicant, Candidate, Licensee or Registrant legally resides.

"Responsible Control" shall have the meaning set forth in the Act.

"Rules" means this Oklahoma Administrative Code, Title 55, Chapter 10 Rules.

"Sole proprietorship" means the only owner of a firm, licensed or registered as an individual by the Board.

"Sponsor" means an individual, organization, association, institution or other entity that provides an educational activity for the purpose of fulfilling the continuing educational requirements of the Board.

"Technical submissions" has the same meaning as in the Act.

"UNE" means the former Landscape Architect licensing examination, prepared by CLARB and adopted by the Board as the licensing examination.

SUBCHAPTER 3. ADMINISTRATIVE OPERATIONS

55:10-3-11. NCARB, CLARB and CIDQ memberships and programs

The Board may maintain membership in NCARB, CLARB and/or CIDQ or their successors and their regional conferences. It is the intention of the Board, to the extent permitted under Oklahoma law, to support NCARB, CLARB and/or CIDQ or their successors programs. This Board will cooperate with NCARB, CLARB and/or CIDQ in furnishing transcripts of records, administering examinations and rendering assistance in establishing uniform standards of professional qualification.

55:10-3-13. Fees and penalties

(a) Schedule of fees and penalties are as follows:

- (1) Initial and subsequent biennial License, Registration or renewal fee -- \$325.00
- (2) Reciprocal License or Registration application fee -- \$100.00
- (3) Examination & Retake application fee -- \$50.00
- (4) Examination -- Actual Cost
- (5) Late payment penalty -- \$25.00
- (6) Returned (insufficient funds) check fee -- \$25.00
- (7) Reinstatement penalty -- \$200.00
- (8) Certificate of Authority and Certificate of Title application or renewal fee -- \$325.00; revisions--\$100.00
- (9) Duplicate certificate -- \$25.00
- (10) Roster-- \$.25 per page or electronic copy \$25.00
- (11) Transcript of hearing-- Actual Cost plus \$25.00
- (12) Copy of public records-- \$.25 per page
- (13) Emeritus License -- All fees waived
- (14) CE reinstatement penalty-- \$1000.00 (per biennial renewal period of noncompliance)
- (15) Civil penalties -- Set by the Act
- (16) Manual processing fee-- \$25.00 per transaction
- (17) File Transfer fee-- \$75.00
- (18) Readmission Application fee-- \$100.00

(b) **Fee exemption based on temporary military deployment.** The Board shall waive all fees, penalties and continuing education, if applicable, during the time Licensees, Registrants or Candidates are called to active military duty in the armed forces of the United States and deployed to a temporary military assignment. In order to obtain this exemption, the Licensees, Registrants or Candidates are required to submit to the Board office military documentation of such deployment. Upon receipt, the staff shall make a note to the file and the Licensees, Registrants or Candidates shall be placed on active military status for the duration of the above mentioned deployment. At the end of the temporary deployment, the Licensees, Registrants or Candidates shall submit to the Board office within ninety (90) days, military documentation that the individual has returned from deployment. The individual will ~~than~~then be returned to regular active status. All fees, penalties and continuing education, if applicable, will be waived until the beginning of the next biennial License or Registration period. This exemption from fees and penalties shall also apply to the Certificate of Authority or the Certificate of Title if the Licensee is the only Architect of Record or the Registrant is the only Registered Interior Designer of Record associated with the Entity.

(c) **Fee exemption for active duty military personnel and spouses.** The Board shall waive the application and license or registration fee for active duty military personnel and their spouse for the first period of issuance upon satisfactory documentation of formal notice, orders for military transfer or honorable discharge to this state.

(d) **Fee exemption based on low income.** The Board shall grant a one-time waiver of any fees associated with the license or registration upon presentation of satisfactory documentation that an applicant is a low-income individual. This waiver shall not include fees charged by NCARB, CLARB, CIDQ or

any other outside organization, nor shall it include any fines or costs assessed as a result of any disciplinary action. Documentation must verify that the individual is enrolled in a state or federal public assistance program, including but not limited to, the Temporary Assistance for Needy Families, Medicaid or the Supplemental Nutrition Assistance Program, or whose household adjusted gross income is below one hundred forty percent (140%) of the federal poverty line or a higher threshold to be set by the executive branch department that oversees business regulation.

(e-e) **Readmission Application fee.** This fee applies to individuals who are re-applying for their License or Registration to be reinstated for any reason, or changing from emeritus to active status. This fee does not apply to OAC 55:10-3-13 (b), Certificates of Authority or Certificates of Title.

SUBCHAPTER 5. APPLICATION AND ELIGIBILITY FOR LICENSING OR REGISTRATION

55:10-5-2. Documents required for a License or Registration by exam

Every individual applying for an initial or reciprocal License or Registration by examination shall submit (i) an original application to the Board, accompanied by the applicable fees in 55:10-3-13, a 2" x 3" passport quality photograph, original college transcript, letter of good standing and examination grades from initial state, proof of citizenship or alien status, and the required reference forms verifying all training experience, or (ii) transmit a record through NCARB, CLARB or CIDQ or their successors, copies of these documents, and an original Oklahoma application. Information submitted will be verified and evaluated and subsequent submissions may be required of the Applicant. The forms must be complete and properly executed over the signature of the Applicant. Incomplete applications are withdrawn after one (1) year from the date of receipt by the Board and the Applicant will be required to reapply.

55:10-5-4. Evaluation criteria

(a) In the Board's evaluation of education and experience credits required, the application shall be subject to the following education and training requirement standards for the applicable profession:

- (1) for Architects, as established by this Board based upon the current "NCARB Handbook for Interns and Architects," "NCARB Education Standard Guidelines", Architect Registration Examination Guidelines and "Intern Development Architectural Experience Program Guidelines", the Act, these Rules, and equivalent standards; determined by the Board in the standards and requirements for Architects set forth in OAC 55:10-5-4.1 and/or in compliance with O.S. 59, Section 4100 et seq;
- (2) for Landscape Architects, as established by current CLARB standards, the Act, these Rules and/or equivalent standards determined by the Board;

(3) for Registered Interior Designers, as established by current CIDQ standards, the Act, these Rules and/or equivalent standards determined by the Board. See OAC 55:10-5-10.

(b) Rejections of applications will include evaluation reports and instructions for completing requirements.

(c) The order upon which a ~~an~~ Candidate ~~Applicant~~ completes education, examination, and/or training may, at the sole discretion of the Board, be considered to have met or not met their requirements.

55:10-5-4.1. Equivalent education and training standards for Architects

(a) **Education and training equivalent requirements for licensing.** This is a State of Oklahoma program to lead national and/or international applicants into meeting licensing and acceptable training standards through equivalent and/or alternative standards and methods. The requirements set out in this paragraph for education and training along with the Board's current Rules will be used to meet these goals. The standard is a five (5) year professional education from an NAAB accredited degree in architecture and completion of the NCARB ~~Intern Development Program (IDP)~~ Architectural Experience program (AXP) plus the passage of the NCARB examinations and examinations required by the Board. Education and training may be gained in a variety of ways. The following paragraphs identify and explain those education and training equivalents and alternatives. A person seeking licensure is required to have five (5) years of education credits established below or an NAAB accredited degree in architecture and complete a national and/or international diverse training program or equivalent practical training acceptable to the Board in its sole discretion. Education and training may be gained in a variety of ways. A candidate for licensure must hold an NAAB accredited degree in architecture or meet the alternate education criteria adopted here, unless the candidate had been licensed by a member board or had accumulated at least five (5) years of education credits in accordance with these standards.

(1) Education and training equivalents and alternatives.

(A) Education credits allowed toward the first professional degree in architecture, or credits toward the first professional degree, where the degree program has been accredited by the National Architectural Accrediting Board (NAAB) not later than two (2) years after termination of enrollment.

- (i) 75% credit allowed first two (2) years
- (ii) 100% credit allowed succeeding years
- (iii) Five (5) years maximum credit allowed

(B) Education credits allowed toward the first professional degree in architecture, or credits toward that degree, where the degree program has not been accredited by NAAB within two (2) years of graduation.

- (i) 75% credit allowed first two (2) years
- (ii) 75% credit allowed succeeding years
- (iii) Four (4) years maximum credit allowed

(C) Education credits allowed toward a foreign bachelor degree in architecture or credits toward that degree accredited by a national or internationally recognized accrediting council or entity acceptable to the Board as equivalent to (a)(1)(A) of this section, in its sole discretion.

- (i) 75% credit allowed first two (2) years
- (ii) 100% credit allowed succeeding years
- (iii) Five (5) years maximum credit allowed

(D) Education credits allowed toward any other pre-professional related bachelor degree

- (i) Three (3) years maximum credit allowed

(E) Education credits allowed for diversified experience directly related to architectural work as an employee in the office of a licensed architect.

- (i) 50% credit allowed first two (2) years
- (ii) 50% credit allowed succeeding years
- (iii) Five (5) years maximum credit allowed
- (iv) 100% training credits allowed; no limit

(F) Education credits allowed for diversified experience, practicing as a principal, with verified record of substantial practice, directly related to architectural work.

- (i) 50% credit allowed first two (2) years
- (ii) 50% credit allowed succeeding years
- (iii) Five (5) years maximum credit allowed
- (iv) 100% training credits allowed; no limit

(G) Education credits allowed for diversified experience as an employee of an organization (other than offices of licensed architects) when the experience is related to architectural work and is under the personal supervision of a licensed architect.

- (i) 50% credit allowed first two (2) years
- (ii) 50% credit allowed succeeding years
- (iii) Four (4) years maximum credit allowed
- (iv) 100% training credits allowed; two (2) year maximum limit

(H) Education credits allowed for experience as an employee of an organization (other than offices of licensed architects) when the experience is in a foreign country or on a military installation and directly related to architectural work but is not under direct supervision of a licensed architect in good standing in the United States or Canada, but rather a foreign credential entity or the military. And equates to (a)(1)(E) of this section by the Board in its sole discretion.

- (i) 50% credit allowed first two (2) years
- (ii) 50% credit allowed succeeding years
- (iii) Five (5) years maximum credit allowed
- (iv) 100% training credits allowed; no limit

(I) Education credits allowed for experience, other than (a)(1)(E-H) of this section, directly related to on-site building construction operation or experience involving physical analyses of existing buildings.

- (i) No education credits allowed
- (ii) 50% training credits allowed; six (6) month maximum limit

(J) Education credits allowed for non-diversified experience in architecture under the direct supervision of a licensed architect or engineer.

- (i) No education credits allowed
- (ii) 50% training credits allowed; six (6) month maximum limit

(K) Education credits allowed for a Master or Doctoral degree in architecture (except where the degree is the first professional degree) where it is a second accredited professional degree.

- (i) No education credits allowed
- (ii) 100% training credits allowed; one (1) year maximum limit

(L) Education credits allowed full time teaching or research in an NAAB accredited architectural program.

- (i) No education credits allowed
- (ii) 100% training credits allowed; one (1) year maximum limit

(M) Education credits allowed other education or training experience. See (b)(5)(B) of this section.)

(b) Explanation of Requirements.

(1) Licensing Standards

(A) To be granted licensure, an applicant must:

- (i) Be at least twenty-one (21) years of age;
- (ii) Hold a high school diploma or equivalent;
- ~~(iii) Be of good character as verified by employers, architects, NCARB member boards or foreign accrediting entities;~~

~~(iv-iii)~~ Hold an NAAB accredited degree in architecture or have at least five (5) years of education credits using these standards and the Board's current Rules;

~~(v-iv)~~ Have at least three (3) years of diversified acceptable training credits;

~~(vi-v)~~ Hold a current registration to practice architecture issued by an NCARB member board or foreign accrediting entity;

~~(vii-vi)~~ Have passed the NCARB Architect Registration Examination (ARE), the NCARB Professional Examination (and the Qualifying Test or the Equivalency Examination when applicable by NCARB standards) or the NCARB 7-part, 36-hour Examination; provided such examinations and the grading procedures applied were in accordance with NCARB standards current at the time the applicant sat for the examinations or

~~(viii-vii)~~ Have passed an acceptable foreign examination comparable to the United States examinations at the sole discretion of the Board; and (viii) Take and pass an examination on the Oklahoma Act and these Rules.

(B) Licensing standard deficiencies.

- (i) Applicants meeting all the requirements of (b)(1)(A)(i-vi, viii) of this section may nonetheless be granted licensure if the applicant has accumulated ten or more years of excess training credits (earned as described in (b)(2)(A) of this section)

and has passed an examination given by the Board at their discretion.

(2) **Examination Deficiencies.**

(A) Prior to July, 1973, the NCARB written examination was a 7-part examination of thirty-six (36) hour duration, but some NCARB member boards administered examinations of a shorter duration. Compensation for each one-hour deficiency in duration in the 7-part examination may be achieved by one (1) year of excess training credits. Excess training credits may be earned only after initial licensing by accumulating training credits in excess of those required for initial licensing. Applicants who have earned, under (a)(1)(F) of this section, ten (10) or more years of excess training credit (in the manner described in the preceding sentence) and have received their initial license by written examination, regardless of hour duration, are eligible for licensure.

(B) The Board may waive deficiencies in the applicant's examination procedure arising from examination transitions, if, in its judgment, such deficiencies are minor in nature or, if substantial, have been adequately compensated for by some equivalent proof of the applicant's competency.

(C) The transition rules relating to the implementation of any NCARB examinations will be followed by this Board.

(3) **Education credits.** Education credits shall be subject to the following conditions:

(A) No education credits may be earned prior to graduation from high school.

(B) Applicants with the degree specified in (a)(1)(A-D) of this section will be allowed the credit shown in the Maximum Credit Allowed column, regardless of the length of the degree program. Applicants without the degree specified in (a)(1)(A-B) of this section may not accumulate more than three (3) years of education credits in the aggregate from all degree programs.

(C) Thirty-two (32) Semester credit hours or forty-eight (48) quarter credit hours are considered to be one (1) year. Fractions of a year of one-half or greater will be considered one-half year, and smaller fractions will not be counted.

(D) Foreign education credits will be granted only under classifications in (a)(1)(C-D) of this section, unless the Board determines the degree is equivalent to the NAAB educational requirements. Any cost of translation and evaluation will be borne by the applicant.

(4) **Training Credits.**

(A) Training credits shall be subjected to the following conditions:

(i) No training credits may be earned prior to accumulating three (3) education credits

(ii) Every applicant must earn at least one (1) year of training credit under (a)(1)(E-G) of this

section, and must earn it after earning five (5) years of education credits

(iii) To earn credit under (a)(1)(K) or (L) of this section, an applicant's credit hours must be in subjects evaluated by the Board as directly related to architecture. Twenty (20) semester credit hours or thirty (30) quarter credit hours of teaching or equivalent time in research will equal one (1) year.

(iv) No credit used as an education credit may be used as a training credit

(v) Organizations will be considered to be "offices of licensed architects" if: (a) the architectural practice of the organization in which the applicant works is in the charge of a licensed person practicing as a principal and the applicant works under the personal supervision of a licensed architect; and (b) the organization may engage in construction.

(vi) An organization (or affiliate) is engaging in construction if it customarily engages in either of the following activities: (a) undertakes to provide labor and/or material for all or any significant portion of a construction project, whether on lump sum, cost plus or other basis of compensation, or (b) agrees to guarantee to an owner the maximum construction cost for all or any significant portion of a construction project.

(vii) A person practices as a "principal" by being (a) a licensed architect and (b) the person in charge of the organization's architectural practice, either alone or with other licensed architects, landscape architects and/or engineers.

(viii) In evaluation training credits the Board prior to licensing, the Board requires the applicant to substantiate training experience by comparing this experience to the training requirements as indicated in these standards and the Board's current Rules.

(5) **General evaluation criteria.**

(A) To earn full education and/or training credits under (a)(1)(E-J) of this section, an applicant must work at least thirty-two (32) hours per week for a minimum period of six (6) consecutive weeks. An applicant may earn one-half the credit specified under (a)(1)(E) of this section for work of a least fifteen (15) hours per week in periods of six (6) or more consecutive weeks; no credit will be given for part-time work in any category other than (a)(1)(E-G) of this section.

(B) Other education and training may be substituted for the requirements outlined above, only insofar as the Board considers them to be equivalent to the required qualifications.

(C) In evaluation credits, the Board may, prior to licensure, require substantiation of the quality and character of the applicant's experience, notwithstanding the fact that the applicant has complied with the technical education and training requirements set forth above.

Permanent Final Adoptions

55:10-5-4.2. Equivalent education and training standards for Landscape Architects

(a) **Education and training equivalent requirements for licensing.** This is a State of Oklahoma program to lead national and/or international applicants into meeting licensing and training standards through equivalent and/or alternative standards and methods. These paragraphs for education and training will be used to meet these goals. The standard is a five year professional education from an LAAB accredited degree program in landscape architecture and completion of the Board's training standards along with passage of the CLARB examinations or equivalent examinations and examinations required by the Board. Education and training may be gained in a variety of ways. The following paragraphs identify and explains those education and training equivalents and alternatives. A person seeking licensure is required to have five years of professional education credits established below or an LAAB accredited degree in landscape architecture and complete a national and/or international diverse training program or equivalent practical training acceptable to the Board in its sole discretion. Education and training may be gained in a variety of ways. A candidate for licensure must hold an LAAB accredited degree in landscape architecture or meet the alternate education criteria adopted here, unless the candidate had been licensed by a member board or had accumulated at least five years of education credits in accordance with these standards.

(1) Experience Description and Education Credits.

(A) Education credits allowed toward first professional degree in landscape architecture, or credits toward the first professional degree, where the degree program has been accredited by the Landscape Architectural Accrediting Board (LAAB) not later than two years after termination of enrollment.

- (i) 75% credit allowed first two (2) years
- (ii) 100% credit allowed succeeding years
- (iii) Five (5) years maximum credit allowed

(B) Education credits allowed toward first professional degree in landscape architecture, or credits accredited by LAAB within two (2) years of graduation.

- (i) 75% credit allowed first two (2) years
- (ii) 75% credit allowed succeeding years
- (iii) Four (4) years maximum credit allowed

(C) Education credits allowed toward a foreign bachelor degree in landscape architecture or credits toward that degree accredited by a national or internationally recognized accrediting council or entity acceptable to the Board as equivalent to (a)(1)(A) of this section, in its sole discretion.

- (i) 75% credit allowed first two (2) years
- (ii) 100% credit allowed succeeding years
- (iii) Five (5) years maximum credit allowed

(D) Education credits allowed toward any other pre-professional related bachelor degree or credits toward that degree.

- (i) Three (3) years maximum credit allowed

(E) Education credits allowed for diversified experience directly related to landscape architecture as an employee in the offices of a licensed or credentialed landscape architect

- (i) 50% credit allowed first two (2) years
- (ii) 50% credit allowed succeeding years
- (iii) Five (5) years maximum credit allowed
- (iv) 100% training credits allowed; no limit

(F) Education credits allowed for diversified experience, practicing as a principal, with a verified record of substantial practice, directly related to landscape architecture work.

- (i) 50% credit allowed first two (2) years
- (ii) 50% credit allowed succeeding years
- (iii) Five (5) years maximum credit allowed
- (iv) 100% training credits allowed; no limit

(G) Education credits allowed for diversified experience as an employee of an organization (other than offices of a licensed landscape architect) when the experience is related to landscape architecture work and is under the personal supervision of a licensed landscape architect, architect, civil engineer or credentialed planner in good standing

- (i) 50% credit allowed first two (2) years
- (ii) 50% credit allowed succeeding years
- (iii) Four (4) years maximum credit allowed
- (iv) 100% training credits allowed; two (2) year maximum limit

(H) Education credits allowed for experience as an employee of an organization (other than offices of licensed landscape architects) when the experience is in a foreign country or on a military installation and directly related to landscape architectural work but is not under direct supervision of a licensed engineer, architect, landscape architect or credentialed planner in good standing in the United States or Canada, but rather a foreign credential entity or the military and equates to (a)(1)(E) of this section, by the Board in its sole discretion.

- (i) 50% credit allowed first two (2) years
- (ii) 50% credit allowed succeeding years
- (iii) Five (5) years maximum credit allowed
- (iv) 100% training credits allowed; no limit.

(I) Education credits allowed for experience, other than (a)(1)(E-H) of this section, directly related to on-site building construction, maintenance, or installation operations

- (i) No education credits allowed
- (ii) 50% training credits allowed; one (1) year maximum limit

(J) Education credits allowed for non-diversified experience in landscape architecture under the personal supervision of a licensed landscape architect, architect, engineer or credentialed planner in good standing.

- (i) No education credits allowed
- (ii) 50% training credits allowed; one (1) year maximum limit

(K) Education credits allowed for a Master or Doctoral degree in landscape architecture (except where the degree is the first professional degree) where it is a second accredited professional degree.

- (i) No education credits allowed
- (ii) 100% training credits allowed; one (1) year maximum limit

(L) Education credits allowed for full time teaching or research in an LAAB accredited landscape architect program.

- (i) No education credits allowed
- (ii) 100% training credits allowed; one (1) year maximum limit

(M) Education credits allowed for other education and experience. See (b)(5)(B) of this section.

(b) **Explanation of requirements.**

(1) **Licensing standards.**

(A) To be granted licensure, an applicant must:

- (i) Be at least twenty-one (21) years of age;
- (ii) Hold a high school diploma or equivalent;
- ~~(iii) Be of good character as verified by employers, landscape architects, CLARB member boards or foreign accrediting entities;~~

~~(iv-iii)~~ Hold an LAAB accredited degree in landscape architecture or have at least five (5) years of education credits using these standards and the Board's current Rules;

~~(v-iv)~~ Have at least three (3) years of diversified acceptable training credits;

~~(vi-v)~~ Hold a current registration to practice landscape architecture issued by a CLARB member board or foreign accrediting entity;

~~(vii-vi)~~ Have passed the CLARB Landscape Architect Registration Examination (LARE), the CLARB Uniform National Examination (UNE) or a state administered examination prior to national testing methods; provided such examinations and the grading procedures applied were in accordance with CLARB standards and/or this ~~state's~~ State's standards current at the time the applicant sat for the examinations; ~~or~~

~~(viii-vii)~~ Have passed an acceptable foreign examination comparable to the United States examinations at the sole discretion of the Board; ~~and~~ (viii) Take and pass an examination on the Oklahoma Act and these Rules and an examination on Oklahoma plant materials.

(B) Licensing standard deficiencies.

- (i) Applicants meeting all the requirements of (b)(1)(A)(i-vi, viii) of this section may nonetheless be granted licensure if the applicant has accumulated ten or more years of excess training credits, earned as described in (b)(2)(A) of this section and has passed an examination given by the Board at their discretion.

(2) **Examination deficiencies.**

(A) Some CLARB member boards administered examinations of a shorter duration. Compensation

for each one-hour deficiency in duration of an examination may be achieved by one year of excess training credits. Excess training credits may be earned only after initial licensing by accumulating training credits in excess of those required for initial licensing. Applicants who have earned, under (a)(1)(F) of this section, ten or more years of excess training credit (in the manner described in the preceding sentence) and have received their initial license by written examination, regardless of hour duration, are eligible for licensure.

(B) The Board may waive deficiencies in the applicant's examination procedure arising from examination transitions, if, in its judgment, such deficiencies are minor in nature or, if substantial, have been adequately compensated for by some equivalent proof of the applicant's competency.

(C) The transition rules relating to the implementation of any CLARB examinations will be followed by this Board.

(3) **Education credits.** Education Credits shall be subject to the following conditions:

(A) No education credits may be earned prior to graduation from high school

(B) Applicants with the degree specified in (a)(1)(A-D) of this section, will be allowed the credit shown in the Maximum Credit Allowed column, regardless of the length of the degree program. Applicants without the degree specified in (a)(1)(A) or (B) of this section, may not accumulate more than three (3) years of education credits in the aggregate from all degree programs.

(C) 32 Semester credit hours or 48 quarter credit hours are considered to be one (1) year. Fractions of a year of one-half or greater will be considered one-half year, and smaller fractions will not be counted.

(D) Foreign education credits will be granted only under classifications in (a)(1)(C-D) of this section, unless the Board determines the degree is equivalent to the LAAB educational requirements. Any cost of translation and evaluation will be borne by the applicant.

(4) **Training credits.**

(A) Training credits shall be subjected to the following conditions:

(i) No training credits may be earned prior to accumulating three (3) education credits

(ii) Every applicant must earn at least one year of training credit under (a)(1)(E-G) of this section, and must earn it after earning five (5) years of education credits

(iii) To earn credit under (a)(1)(K) or (L) of this section an applicant's credit hours must be in subjects evaluated by the Board as directly related to landscape architecture. 20 semester credit hours or 30 quarter credit hours of teaching or equivalent time in research will equal one (1) year.

(iv) No credit used as an education credit may be used as a training credit

(v) Organizations will be considered to be "offices of licensed landscape architects" if:

(I) the landscape architectural practice of the organization in which the applicant works is in the charge of a licensed person practicing as a principal and the applicant works under the personal supervision of a licensed landscape architect, architect or engineer; and

(II) the organization may engage in construction.

(vi) An organization (or affiliate) is engaging in construction if it customarily engages in either of the following activities:

(I) undertakes to provide labor and/or material for all or any significant portion of a construction project, whether on lump sum, cost plus or other basis of compensation, or

(II) agrees to guarantee to an owner the maximum construction cost for all or any significant portion of a construction project.

(vii) A person practices as a "principal" by being:

(I) a licensed landscape architect, and

(II) the person in charge of the organization's landscape architectural, architectural or engineering practice, either alone or with other licensed architects, landscape architects and/or engineers.

(viii) In evaluating training credits prior to licensing, the Board requires the applicant to substantiate training experience by comparing this experience to the training requirements as indicated in these standards and the Board's current Rules.

(5) General evaluation criteria.

(A) To earn full education and/or training credits under (a)(1)(E-J) of this section, an applicant must work at least 32 hours per week for a minimum period of six (6) consecutive weeks. An applicant may earn one-half the credit specified under (a)(1)(E) of this section, for work of at least 15 hours per week in periods of six (6) or more consecutive weeks; no credit will be given for part-time work in any category other than (a)(1)(E-G) of this section.

(B) Other education and training may be substituted for the requirements outlined above, only insofar as the Board considers them to be equivalent to the required qualifications.

(C) In evaluation credits, the Board may, prior to licensure, require substantiation of the quality and character of the applicant's experience, notwithstanding the fact that the applicant has complied with the technical education and training requirements set forth above.

55:10-5-5. Registered Interior Designer application deadlines [REVOKED]

~~Interior Design applications for initial Registration received later than June 1st for the fall exams or December 1st for the spring exams will be continued to the next examination schedule. All applications, fees and notifications must reach this office by 4:30 p.m. on the due date and postmarks will not be accepted.~~

55:10-5-6. Active and inactive applications [REVOKED]

~~Applications for examination for current Landscape Architect Candidates testing on the five (5) year time period shall remain active for the five (5) years examination period only. At the end of the five (5) year period, these Candidates shall reapply as a new Candidate and begin testing under the current and changing provisions of CLARB or as modified by this Board in its sole discretion. Candidates testing on the five (5) year rolling clock shall remain active for one (1) year after the last examination section was passed. Beginning July 1, 2012, new Candidates and those with expired rolling clock authorizations shall begin testing by CLARB's current and changing provisions or as modified by this Board in its sole discretion. Registered Interior Design Candidates shall remain active for one (1) year after the last examination was taken and must reapply. Any Candidate experiencing physical disability, illness or other extenuating circumstances may request exemption or extension from the examination retention requirements. The individual shall provide supporting documentation for the Board's review. Such hardship cases will be considered by the Board on an individual basis. Incomplete applications are withdrawn after one (1) year and the Applicant will be required to reapply. Applicants and Candidates called to active military duty in the armed forces of the United States and deployed to a temporary military assignment, shall be exempt from the retention period for the duration of the temporary deployment under Section 55:10-7-1. Beginning July 1, 2009, all Architect Candidates shall test under the current and changing provisions set out by NCARB or its successor or modified by this Board in its sole discretion.~~

55:10-5-7. Qualifications for an Architect License

(a) **General requirements.** An Applicant for an initial License to practice architecture in Oklahoma shall be an individual of ~~good moral character~~ and not less than 21 years of age. Further, the Applicant shall have a professional degree from an NAAB accredited program in a school of architecture or an equivalent degree, ~~and provide evidence of acceptable training in architecture as noted in Section 55:10-5-4. The Board requires completion of complete the HDP AXP program, and pass all sections of the ARE~~ prior to licensing. The Board may accept an Architect who is Broadly Experienced meeting the Board's equivalent standards of acceptable education and experience and licensed in good standing in another jurisdiction or country who has also passed the NCARB examinations or its equivalent, as determined by the Board in its sole discretion and the Board's Act and Rules examination.

(b) **Equivalent Education and Training.** The Board may, in its discretion, accept applications for an initial License to practice architecture from Applicants who are not graduates as required in Section 55:10-5-4, who furnishes evidence acceptable to the Board of having completed an equivalent educational and training program.

~~(c) **State Exam Required.** All Applicants shall take and pass an examination on the Act and these Rules. All Applicants shall take and pass an examination on the Act and these Chapter 10 Rules, as well as pass NCARB's examination or its equivalent prior to receiving a License in the State.~~

55:10-5-8. Qualifications for a Landscape Architect License

~~(a) **General requirements.** An Applicant for an initial License to practice landscape architecture shall be an individual of good moral character and not less than 21 years of age.~~

~~(b-a) **Education and training requirements.** General requirements. An Applicant for an initial License to practice landscape architecture shall be an individual not less than 21 years of age. Applicants shall have a professional degree from a LAAB accredited program in a school of landscape architecture or an equivalent educational program, and provide evidence of three (3) years of acceptable training credits as provided in Section 55:10-5-4 or as established by CLARB, and pass all sections of the LARE. The Board may accept a Landscape Architect who is Broadly Experienced meeting the Board's equivalent standards of acceptable education and experience and licensed in good standing in another jurisdiction or country who has passed the CLARB examinations or its equivalent, as determined by the Board in its sole discretion and the Board's Act and Rules examination.~~

~~(e-b) **Training credits.**~~

(1) Training credits may not be counted prior to completion of the third year of college or a pre-professional degree. Thirty-two (32) semester credit hours or forty-eight (48) quarter credit hours are considered to be one (1) year. Fractions of one-half or greater will be considered one-half year and smaller fractions will not be counted. To earn full training credits, an Applicant must work at least (32) to (35) hours per week for a minimum of two consecutive months. A Candidate may earn one-half the credit specified for work of at least fifteen (15) hours per week for a minimum of four consecutive months. Training credits may also be earned by any person who works outside the U.S. or Canada if the person is under the Responsible Control of a person credentialed to practice landscape architecture, architecture, engineering or planner and the supervision person is not registered in a U.S. or Canadian jurisdiction.

(2) Training credits are defined as follows:

(A) Diversified landscape architectural experience under the Responsible Control of a licensed Landscape Architect.

- (i) 100% credit
- (ii) No limit to credit
- (iii) Practicing as a principal in good standing as a landscape architecture for six (6) years full

time, shall be deemed to have satisfied the training requirement.

(B) Diversified landscape architectural experience under the Responsible Control of a licensed Architect, engineer or credentialed planner in good standing.

- (i) 100% credit
- (ii) Two (2) years maximum credit

(C) Landscape architectural experience directly related to on site construction, maintenance, or installation operations.

- (i) 50% credit
- (ii) 1 year maximum credit

(D) Non-diversified experience in landscape architecture under the Responsible Control of a licensed Landscape Architect, engineer, Architect or credentialed planner in good standing.

- (i) 50% credit
- (ii) One (1) year maximum credit

~~(d-c) **State exams required.** All Applicants shall take and pass an examination on the Act and these Rules as well as and an examination on Oklahoma plant materials, and CLARB's examination or its equivalent prior to receiving a License in the State.~~

55:10-5-10. Qualifications for Registration as an-a Registered Interior Designer

(a) **General requirements.** All individuals applying for Registration as a Registered Interior Designer shall:

- (1) Obtain all required education and training prior to Registration.
- (2) Hold an accredited professional degree in interior design accredited by the Council of Interior Design Accreditation or its successor, obtain two (2) years or 3,520 hours of acceptable training as defined by this Subsection and pass the examinations for Registration as a Registered Interior Designer administered by CIDQ or its successor; or
- (3) Obtain an equivalent education to an accredited professional degree in interior design, as determined by the Board, obtain two (2) years or 3,520 hours of acceptable training and experience hours as defined by this Subsection and pass the examinations for Registration as an Interior Designer administered by CIDQ or its successor; or
- (4) Have been issued a valid Registration from another state, jurisdiction or foreign country provided the requirements for Registration are equivalent to the requirements of this ~~state~~ State as determined by the Board; or
- (5) Have a degree from a program accredited by CIDA or its successor. An applicant, who has completed the program within two (2) years of the program acquiring this accreditation, shall be considered to have obtained an accredited education program in interior design.

(b) **Equivalent education and defining training requirements.** The following education, training and experience may be considered to be equivalent to the requirements of OAC 55:10-5-10(a) as determined by the Board in its sole discretion:

Permanent Final Adoptions

- (1) A baccalaureate degree in programs of no less than 120 semester or 180 quarter passing credit hours of which 60 semester or 90 quarter hours, respectively, are interior design-related; and a total of no less than 3,520 hours of interior design acceptable training as defined herein;
 - (2) Certificate, degree or diploma with a minimum passing credit of 60 semester hours or 90 quarter passing credit hours respectively in interior design related coursework and obtain 5,280 hours of acceptable training; or
 - (3) Meet the educational standards set forth by the National Association of the Schools of Art and Design and other similar institutions provided the educational program has a minimum of 40 semester passing credit hours or 60 passing quarter credit hours in Interior Design related coursework and 7,040 hours of acceptable training.
 - (4) Thirty (30) passing semester hours from a Board approved program shall equal one (1) year of education towards the first accredited professional degree in interior design or its equivalent program.
 - (5) One (1) year of education credit hours from a Board approved program earned in an interior design program or its equivalent degree program shall equal two (2) years of acceptable training and experience.
 - (6) Four (4) years from a Board approved program shall be an equivalent standard for the first professional degree in interior design or its equivalent when computing the fifteen (15) years experience and training to equate towards the training and experience requirement in O.S. 59, Sections 46.39 through 46.40 of the Act.
 - (7) A second accredited professional degree in interior design or its equivalent shall count as one year of education for two (2) years of training and experience.
 - (8) The Board may accept a Registered Interior Designer who is Broadly Experienced meeting the Board's equivalent standards of acceptable education and experience and Registration who has passed the CIDQ examinations or an equivalent examination as determined by the Board in its sole discretion and the Board's Act and Rules examination.
- (c) **Education content requirements.** Educational instruction shall include, but is not limited to, the following:
- (1) Building and Interior Systems
 - (2) Business and Professional Practices, Management and Ethics
 - (3) Codes and Ordinances
 - (4) Basic and Creative Arts
 - (5) Color Theory
 - (6) Interior Design
 - (7) Technical Knowledge
 - (8) History and theory of Art, Architecture and Design
 - (9) Human Factors
 - (10) Lighting
 - (11) Materials and Finishes
 - (12) Communication Skills
 - (13) Furnishings
- (d) **Training and experience categories.** Training and experience credits shall be awarded for work performed in the following areas:
- (1) Programming
 - (2) Schematic Design
 - (3) Design Development
 - (4) Contract Documents
 - (5) Contract Administration
 - (6) Professional Practice
- (e) **Training and experience requirements.** The Board may accept as evidence of diversified training and experience in interior design as stated in this Subsection:
- (1) Applicants having obtained the first CIDA professional accredited degree in interior design or its equivalent shall have 2 years of acceptable training and experience hours, as determined by the Board in its sole discretion. One year shall equal 1760 hours of training and experience.
 - (2) Applicants may earn one (1) year of training and experience hours after completing 96 semester passing credit hours toward the first professional degree in interior design.
 - (3) On January 1, 2007, all individuals beginning their training and experience shall obtain credits after all educational requirements have been met for those individuals with equivalent education equating to the first accredited professional degree in interior design.
 - (4) Applicants with acceptable education and experience may take the examination to become a Registered Interior Designer, regardless of the order in which each was obtained when training and experience requirements are met and if training began prior to January 1, 2007.
 - (5) Training and experience hours shall be awarded based on working full time for at least two (2) consecutive months with thirty-two (32) hours per week or more in interior design or architecture. Part time training and experience hours shall be calculated at the rate of fifty percent (50%) for less than thirty-two (32) hours per week and more than fifteen (15) hours per week working for a least (4) consecutive months. Working less than fifteen (15) hours per week will not qualify for training and experience hours. Two (2) years of full time acceptable training and experience under a Registered Interior Designer or Architect offering services as registered interior design shall equal one (1) year of equivalent education in interior design.
 - (6) Applicants beginning their training and experience after January 1, 2008, shall be under the Responsible Control of a Registered Interior Designer, an interior designer registered or licensed in another jurisdiction, or an Architect, licensed in any jurisdiction. ~~If the individual is not registered or licensed in a jurisdiction, then all work shall be under the Responsible Control of an CIDQ certificate holder.~~
 - (7) The Board, in its sole discretion, shall determine whether all education, training and experience for Applicants are acceptable or not and whether or not it satisfies the requirements for Registration.
 - (8) If the individual is not registered or licensed in a jurisdiction then all work shall be under the Responsible Control of a CIDQ certificate holder.

(9) Training and experience hours shall be submitted on the Board's forms or equivalent. It is the responsibility of the Applicant to obtain all required signatures. All Board forms are to be returned directly to the Board office by the employer, as they are confidential records.

(10) Training outside the U.S. or Canada under the Responsible Control of an individual credentialed by entities similar to CIDQ or NCARB or their successors in a foreign jurisdiction or country.

(f) **Grandfather requirements.** Any Applicant who submits a properly completed and acceptable application for Registration and pays all applicable fees shall be issued a Certificate of Registration provided the requirements below have been met:

(1) An Applicant has submitted evidence of education and training the Board deems equivalent to an accredited professional degree in interior design, satisfied training requirements, if applicable and has passed the examinations administered by CIDQ or its successor; or

(2) Without limitation to application deadlines, an Applicant may apply who has obtained fifteen (15) years of diversified and acceptable training and experience in the practice of interior design as determined by the Board prior to July 1, 2007, and the Applicant is not registered under this Act and not exempt from the requirements for Registration in order to use the title "Registered Interior Designer" and provide services as registered interior design. The Applicant shall be exempt from passing the CIDQ examinations and fulfilling any additional education or training requirements as determined by the Board. The Applicant may use any combination of education, training and experience as acceptable and determined by the Board to equate to the fifteen (15) years of experience. Thirty (30) passing education hours equals one (1) education credit year used toward obtaining the first accredited professional degree in interior design or an equivalent degree as determined by the Board or may equal two (2) years of diversified and appropriate experience when calculating the required fifteen (15) years of experience. Additionally, the Applicant obtaining a second accredited professional degree in interior design or an equivalent degree as determined by the Board may use this education in addition to other education or training.

(g) **Exemption from Registration.** An individual holding a current Architect License is exempt from Registration and does not have the right to use the term Registered Interior Designer unless the individual is registered.

(h) **State Exam Required.** All Applicants shall take and pass an examination on the Act and these Rules.

55:10-5-11. Changing resident state and applying for a Reciprocal License or Registration

(a) All individuals applying for a reciprocal License or Registration shall satisfy the requirements contained in the Act and these Rules and submit an acceptable and complete application for the License or Registration requested and enclose the necessary fees payable by check, cashier's check, money order, credit card, if applicable or certified funds when

submitted. Prior to being issued a License or Registration, all Applicants shall take and pass an examination on the Act and these Rules. The Secretary-Treasurer shall have the power at his/her discretion, to approve all reciprocal applications that meet the statutory requirements of the Act and Rules in this Chapter without full Board action. The License or Certificate of Registration will follow at a later date.

(b) A License certificate shall be issued and will authorize the individual to engage in the practice of architecture or landscape architecture and use the title Architect or Landscape Architect in this ~~state~~State until the 30th day of June of the biennial License period. A Certificate of Registration shall be issued and will authorize the individual to use the title Registered Interior Designer or offer services as registered interior design until the 30th day of June of the biennial Registration period. No License or Certificate of Registration shall be issued for longer than two (2) years.

(c) Any reciprocal License or Registration which is denied, suspended, revoked or refused to be renewed, by any state in which the Licensee or Registrant has obtained a License or Registration, or in which a certification is withdrawn by NCARB, CLARB or CIDQ or their successors shall be cause to suspend, revoke or refuse to renew the License or Registration by this Board.

~~(d) The Licensee or Registrant may change the resident state to Oklahoma by qualifying and applying for a transfer of the individual's official records to this Board and paying all applicable fees in 55:10-3-13.~~

~~(e)~~ Applications for an architectural License by reciprocity shall comply with (a) of this Section and be through NCARB or directly through the Board and only to those individuals whose states, jurisdictions, countries or territories have similar requirements and equivalent standards and extend the same privilege to this ~~state's~~State's Applicants. Upon approval, a letter confirming the individual's qualifications will be sent and the Board will assign a License number.

~~(f)~~ Applications for a Landscape Architect License by reciprocity will be through submission of a CLARB record or its successor or directly through the Board, complying with (a) of this Section and showing licensure by the UNE, the LARE or its successor in any other state, jurisdiction, country or territory whose requirements for licensing are at least equivalent to the requirements of this ~~state~~State and extend the same privilege of reciprocity to Landscape Architects licensed in this ~~state~~State. The Applicant shall be required to pass an examination on Oklahoma plant material. Upon approval, a letter confirming the individual's qualifications will be sent and the Board will assign a License number.

~~(g)~~ Applications for an Interior Design Registration by reciprocity shall comply with (a) of this section through submission of an CIDQ record or its successor or directly through the Board and only to those individuals whose states, jurisdictions, countries or territories have similar requirements and equivalent standards and extend the same privilege to this ~~state's~~State's Registrants. Upon approval, a letter confirming the individual's qualifications will be sent and the Board will assign a Registration number.

(h-g) Rejections of applications for a License or Registration by reciprocity will be by letter explaining the reasons, and outlining procedures under which reconsideration may be possible.

SUBCHAPTER 7. EXAMINATION

55:10-7-1. Examination required for Candidates

(a) ~~Approved Candidates for initial Landscape Architect licensing shall individually appear and pass the required examinations. Candidates may take any section of the examinations that has not been previously passed. After June 30, 1999, current Candidates shall have a six (6) year time frame to pass all sections of the examination. Any Candidate failing to obtain a passing score on all sections of the examinations within the six (6) year period, shall forfeit all credits for section(s) of the examinations previously passed. These Candidates shall re-apply as a new Candidate after their six (6) year testing period ends and begin testing under the new five (5) year rolling clock.~~

(b) ~~Beginning July 1, 2007, all new Candidates for licensing as Landscape Architects shall begin on a five (5) year rolling clock. The clock begins from the date the Candidate passes the first section. The passing grade for any section shall be valid for five (5) years only, after which time the section shall be re-taken if the remaining sections have not been passed within the five (5) year period. If a Candidate fails to pass all remaining sections within the initial five (5) year period, the Candidate is given a new five (5) year period from the date of the second oldest passed section and so on. After passage of all sections of the examinations within five (5) years, and prior to licensing, all Candidates shall take and pass an examination on the Act and these Rules. In addition, Landscape Architect Candidates shall take and pass an examination on Oklahoma plant materials prior to licensing. Beginning July 1, 2012, all new Candidates and those with expired rolling clock authorizations shall begin taking and passing the CLARB examinations on their current and changing provisions.~~

(c) ~~Beginning July 1, 2009, all Architect Candidates shall individually appear and pass the required examinations and retain or forfeit grades according to the current policies and procedures adopted by NCARB and this Board.~~

(d) ~~Candidates for Registration as Interior Designers shall be required to take and pass the CIDQ examination on interior design, unless exempt by the Act. Candidates shall submit a properly completed and acceptable application, documentation and applicable fees to the Board. Evaluation and determination of qualifications prior to beginning testing shall be determined by the Board in its discretion according to current CIDQ standards, the Act and these Rules. Upon approval by the Secretary-Treasurer of the Board or by the Board, CIDQ and the Candidate shall be notified of the Board's decision for entrance into the examination. Upon completing the examination, the Candidate shall contact CIDQ and have them send a letter to the Board indicating the Candidate has passed the entire examination. Prior to Registration, the Candidate shall take and pass an examination on the Act and these Rules. Upon payment of the Registration fee and properly completed and~~

~~acceptable updating of the application, the Board may issue the Registration.~~

(a) **Architect Candidates.** All Architect Candidates are required to take the ARE exam, as developed by NCARB. Prior to taking the ARE exam, Candidates are required to apply with this Board for approval and must already be enrolled in AXP by establishing a council record with NCARB. Upon completing the ARE, the candidate shall take an examination on the Act and these Rules. Each candidate shall pass the required examinations and retain or forfeit grades according to the current policies and procedures adopted by NCARB and this Board.

(b) **Landscape Architect Candidates.** All Landscape Architect Candidates are required to take the LARE exam, as developed by CLARB and approved for administration on specific dates. Prior to taking the LARE exam, Candidates are required to apply with this Board for approval and must establish a council record with CLARB. Upon completing the LARE candidates shall take and pass an examination on the Act and these Rules and be tested upon their knowledge of Oklahoma plant material. Each candidate shall pass the required examinations and retain or forfeit grades according to the current policies and procedures adopted by CLARB and this Board.

(c) **Registered Interior Design Candidates.** All Candidates for Registration as an Interior Designer must take the NCIDQ exam, as developed by CIDQ. Prior to begin taking the NCIDQ exam, Candidates are required to apply with this Board for approval. Upon completing the examination, the candidate shall take and pass an examination on the Act and these Rules. Each candidate shall pass the required examinations and retain or forfeit grades according to the current policies and procedures adopted by CIDQ and this Board, unless exempt by the Act.

(e-d) **Active Military Duty Candidates.** Any Candidate on active military duty deployed to a temporary military assignment, shall be exempt from the retention period for the duration of the temporary deployment and is allowed to carry forward all passing scores into the individual's current examination cycle, as if the person had not been deployed. In order to qualify for this exemption, the Candidate shall submit military documentation of the deployment to the Board office and the staff shall place the Candidate on military active status. Upon return from the temporary military deployment, the Candidate shall submit to the Board office within ninety (90) days, military documentation that the individual has returned from deployment. The Candidate shall then be returned to regular active status for examination without losing any credits for sections passed in the current examination cycle.

(f-e) **Testing extensions.** A Candidate shall not forfeit any examination time or passing score in the current testing cycle if the Board has granted an extension of time to take the examinations due to a hardship. All current passing scores in the current testing cycle will be carried into the extended time.

(g-f) **Failure to appear for testing.** All Candidates failing to appear to examination ~~one year five years~~ after being approved to start testing are required to reapply for admission to the examinations, except for those Candidates on temporary military deployment, who are exempt under 55:10-7-1 or those persons granted a hardship by the Board.

55:10-7-2. Examination notifications [REVOKED]

~~Examination information, formats, dates, times and places will be announced in notices mailed to Landscape Architect Candidates, at their last known address. NCARB, CLARB or CIDQ will notify all Candidates of all pertinent examination information at the Candidate's last known address.~~

55:10-7-3. Examination [REVOKED]

~~Examinations offered may be developed by NCARB, CLARB or CIDQ, and approved for administration on specified dates. Landscape Architect Candidates and reciprocal Applicants shall, in addition to other CLARB testing materials, be tested upon their knowledge of Oklahoma plant material. All Applicants shall take and pass an examination on the Act and these Rules prior to being licensed or registered in the state.~~

55:10-7-4. Deadlines for submissions Examination applications and fees

~~(a) All Architect Candidate examination applications and fees and notifications must be submitted prior to testing. Landscape Architect Candidates and Registered Interior Designer Candidates applications must reach be Board-approved by this office at least 10 days prior to the closing of the scheduling exam period as established by CLARB and CIDQ by 4:30 p.m. on the due date and postmarks will not be accepted.~~

~~(b) All incomplete candidate applications are withdrawn after one (1) year from the date of receipt by the Board and the Applicant will be required to reapply.~~

~~(c) Any Candidate experiencing physical disability, illness or other extenuating circumstances may request exemption or extension from the examination retention requirements. The individual shall provide supporting documentation for the Board's review. Such hardship cases will be considered by the Board on an individual basis.~~

55:10-7-5. Examination fee refunds [REVOKED]

~~The Board may return examination fees paid to the Board by an Applicant whose application to take the examination has been rejected or for other extenuating circumstances approved by the Board. No refund of the examination application fee shall be returned to any Applicant who takes any section of the examination or who voluntarily withdraws after his/her application to take the examination has been approved.~~

55:10-7-6. Grading

~~Exams will be graded and scored generally in accordance with NCARB, CLARB or CIDQ procedures, except as directed by the Board. Minimum passing scores are adopted as recommended by NCARB, CLARB or CIDQ. Minimum passing scores on the landscape architectural plant material and the Act and Rules examinations shall be 75%. Examination Candidates will pass or fail in accordance with the current NCARB, CLARB or CIDQ grading procedures.~~

55:10-7-7. Reexamination

(a) Candidates shall reapply to continue testing if their application was placed on inactive status except for those Candidates on temporary military deployment or the Board has granted an extension of their time to take the examinations due to a hardship. ~~This consists Candidates must submit of filing a new updated application and paying pay the fees which may be processed by the Board's staff without Board approval.~~

(b) ~~Beginning July 1, 2007, all new Candidates for licensing as Landscape Architects shall begin on the five (5) year rolling clock, as described in 55:10-7-1 and shall continue to retest under those provisions until the entire sections of the examinations have been passed within the five (5) year period. If a Candidate fails to pass all remaining sections within the initial five (5) year period, the Candidate is given a new five (5) year period from the date of the second oldest passed section and so on. No passing score is valid for longer than five (5) years.~~

(c) ~~Interior Design Candidates shall be permitted to retest according to the guidelines of CIDQ.~~

SUBCHAPTER 9. LICENSING AND REGISTRATION

55:10-9-1. The License or Registration

A License or Registration shall be issued to individuals meeting all requirements of the Act and the Rules of the Board. Such License or Registration shall identify the individual by name, License or Registration number, designate an effective date, confirm the individual's qualifications and acknowledge the individual's right to practice architecture, landscape architecture or offer interior design services as a ~~registered interior designer~~ Registered Interior Designer or use the titles Architect, Landscape Architect, Registered Interior Designer or other restricted titles defined by the Act or the Rules, as the case may be, in the ~~state~~State. Every ~~Architect~~architect unlicensed in the ~~state~~State, shall ~~apply to the Board for licensing within obtain a License~~ ten (10) working days after notification of selection (whether notified orally or in writing) prior to signing a contract as the Architect by the client/owner. Such Architect shall be licensed in the state prior to signing a contract or engaging in the practice of architecture, as defined by the Act.

55:10-9-5. Suspension, revocation, or refused renewal of a License or Registration

(a) **Surrender of License or Registration.** Upon notice of the Board, Licenses or Registrations suspended, revoked or refused by the Board to be renewed for cause, as defined in (b) of this Section, shall be surrendered immediately in the manner prescribed by that notice.

(b) **Cause defined.** Cause shall be defined as any violation of the Act and the Board's current Rules in this Chapter. Cause shall also be defined as another state refusing to renew the Architect's, Landscape Architect's License or ~~Registered Interior Designer's~~ interior designer's Registration, not meeting continuing education requirements, if applicable, suspension or

Permanent Final Adoptions

revocation of a License or Registration or NCARB, CLARB or CIDQ withdrawing the certification of the individual Licensee or Registrant.

55:10-9-6. Biennial License or Registration required

~~(a) All Licenses and Registrations must be renewed biennially, in order. The Act requires all Architects, Landscape Architects and Registered Interior Designers desiring to practice or use the professional titles in Oklahoma, to biennially renew the License or Registration with the Board and pay a biennial License or Registration renewal fee in 55:10-3-13. Notices will may be sent to all Licensees and Registrants at the last known address of record; however, it is the responsibility of each individual Licensee or Registrant to insure the renewal fees and completed applications are received by at the Board office, properly completed and acceptable only by mail or hand delivery by or before 4:30 p.m. or online by 11:59p.m. CST on June 30th of the renewal year to avoid penalties. Postmarks will not be accepted. Upon receipt by the Board of the individual's and if applicable, Entity's renewal forms, continuing education forms, if applicable, and fees and compliance with the Board's current Act and Rules in this Chapter, the License or Registration shall be renewed. No License or Registration will be issued for longer than a 2-(two)-two (2) year period.~~

~~(b) Licensees or Registrants called to active military duty in the armed forces of the United States and deployed to a temporary military deployment shall comply with OAC 55:10-3-13.~~

55:10-9-7. Emeritus status requirements

Licensees and Registrants who are residents of Oklahoma and who have been licensed or registered in this ~~state~~State for ten (10) consecutive years, ~~are~~ sixty-five (65) years of age or older, and ~~are~~ retired from active practice, providing services as interior design, or other related professional activities, may request emeritus status by filing the application showing compliance with this Section. If the Rules of this Chapter have been met, all fees and penalties for biennial License or Registration shall be waived by the Board. Emeritus status Licensees and Registrants are also exempt from continuing education requirements unless they reinstate their License or Registration to active status in accordance with OAC 55:10-9-9. At that time, they shall complete the continuing education requirements for the current licensing period.

55:10-9-10. Reinstatement of canceled License or Registration

~~(a) Reinstatement of any License or Registration within three (3) years. Licenses or Registrations canceled for non-payment of fees and/or failure to comply with continuing education requirements, if applicable, may be renewed reinstated at any time within three (3) years, from the date of the cancellation, upon compliance with the Act and the Board's current Rules and upon after paying the Board all fees and penalties as prescribed in 55:10-3-13, and meeting all continuing education requirements, which shall have been accrued at the time of the cancellation reinstatement and which would have been paid at the time of reinstatement had not the License~~

~~or Registration been suspended and revoked, together with the amount of penalties prescribed in 55:10-3-13. Additionally, no License or Registration shall be reinstated unless the individual has completed all past continuing education requirements, where applicable for the three (3) years and paid to the Board the penalties for reinstatement set forth in OAC 55:10-3-13. These Licenses and Registrations Reinstatements may be reinstated approved by the Board's staff upon compliance with the Act and Rules of the Board without Board action.~~

~~(b) Reinstatement of initial License or Registration after three (3) years. For those Architects, Landscape Architects or Registered Interior Designers licensed or registered initially in Oklahoma that allow their License or Registration to remain cancelled for a period exceeding three (3) consecutive years, such former Licensee or Registrant may have the License or Registration reinstated in a manner as determined by the Board consistent with the Act and these Rules, after reapplying and paying a readmission application fee. Additionally, the Licensee or Registrant shall meet all continuing education requirements where applicable, that would have been otherwise required, and pay all back fees and penalties.~~

~~(c) Reinstatement of Reciprocal Licenses or Registrations after three (3) years. Any Architect or Landscape Architect licensed to practice in Oklahoma by reciprocity must, after his/her reciprocal License has been canceled for more than three (3) years, must re-apply through the means of which the initial License was granted or demonstrate a current License in another jurisdiction, meet all continuing education where applicable that would have been required, and pay a readmission application fee and all back fees and penalties. Registered Interior Designers must re-apply and prove a current Registration in another jurisdiction or through CIDQ, pay a readmission application fee, meet all continuing education requirements where applicable, that would have been otherwise required, and pay all back fees and penalties.~~

~~(d) Returning from temporary military deployment. Licensees or Registrants returning from temporary military deployment shall notify the Board office consistent with OAC 55:10-3-13(b)~~

55:10-9-11. Reinstatement of a License or Registration based on cause

A License or Registration suspended, refused to be renewed, penalties levied, orders issued or revoked for cause, may be reinstated only by Board action and only then in the manner determined by the Board. Requests for reinstatement of a license or registration revoked for cause shall be addressed to the Board, showing why such reinstatement is justified. Request for reinstatement may be filed by re-applying, paying a readmission application fee after all appeals have been exhausted and the further passage of six (6) months. The request shall show the Board that the public interest will not suffer by reason of the reinstatement and should be addressed to the Secretary Treasurer at the Board office. The Board has the sole discretion as to whether to reinstate the License or Registration, deny the reinstatement and require the payment of all back fees, penalties and meet continuing education requirements if applicable.

SUBCHAPTER 11. RULES OF PROFESSIONAL CONDUCT

55:10-11-2. Good moral character [REVOKED]

~~The Act requires all Licensees to be of good moral character. Among items considered as defining the lack of good moral character are:~~

- ~~(1) Practicing architecture or landscape architecture without a License in violation of any jurisdiction regulation.~~
- ~~(2) Conviction of a felony.~~
- ~~(3) Misrepresentations or falsifications of fact in an application for licensing or any other document filed with the Board.~~
- ~~(4) Individual cases may require consideration of other items that define the lack of good moral character.~~

55:10-11-3. Competence

(a) In engaging in the practice of architecture or landscape architecture, a Licensee or Entity shall act with care and competence, and shall apply the technical and tactical knowledge and skill which is ordinarily applied by licensed Architects and Landscape Architects of good standing. The Licensee or Entity shall not directly or indirectly indulge in exaggerated, misleading, deceptive or false statements or claims about professional qualifications.

(b) In designing a project, a licensed Architect or Landscape Architect shall follow all applicable ~~state~~State and municipal building laws, codes and regulations. While a Licensee of these professions may rely on the advice of other professions as to the intent and meaning of such laws, codes and regulations, once having obtained such advice, the Licensee shall not intentionally or negligently design a project in violation of such laws, codes and regulations. When two or more codes are in conflict, the standard of practice is to use the most restrictive.

(c) A licensed Architect or Landscape Architect shall undertake to perform professional services only when he or she together with those engaged as consultants, is qualified by licensing, education, training and experience in the specific technical and tactical areas required. The Licensee shall establish by agreement, the nature and extent of services to be provided and the compensation to be paid.

(d) No individual shall be permitted to engage in the practice of architecture or landscape architecture if, after a hearing, in the Board's judgment, such individual's professional competence is found to be substantially impaired by mental disabilities. An individual may apply for reinstatement through the procedures established by the Rules in this Chapter.

55:10-11-5. Full disclosure

(a) A Licensee or Entity making public statements on architectural or landscape architectural questions, shall disclose when he/she or it is being compensated for making such statements.

(b) A Licensee or Entity shall accurately represent to a prospective or existing client or employer his/her/its qualifications and the scope of responsibility in connection with work

for which he/she/it is claiming credit. An individual leaving employment shall obtain written permission from the employer to take or copy plans and specifications when they leave the Entity.

(c) If, in the course of his/her/its work on a project, the Licensee or Entity becomes aware of a decision taken by his/her/its employer or client, against such Licensee's or Entity's advice, which violates applicable ~~state~~State or municipal building laws, codes or regulations, and which will, in the Licensee's or Entity's judgment, materially and adversely affect the health, welfare and safety to the public of the finished project, the Licensee or Entity shall:

- (1) report the decision to the local building inspector or other public official charged with the enforcement of the applicable ~~state~~State or municipal building laws, codes or regulations;
- (2) refuse to consent to the decision;
- (3) in circumstances where the Licensee or Entity reasonably believes that other such decisions will be taken, notwithstanding her/his/its objection, terminate services with respect to the project. In the case of a termination in accordance with (c) of this Section, the Architect, Landscape Architect or Entity shall have no liability to his/her/its client or employer on account of such termination.

(d) A Licensee or Entity shall not deliberately make a materially false statement or fail deliberately to disclose a material fact requested in connection with an application for a License, Registration, renewal or contract with a client/owner.

(e) A Licensee or Entity shall not assist the application for an individual or Entity known by the Registrant or Entity to be unqualified in respect to education, training, experience or character.

(f) A Licensee or Entity, shall report such knowledge to the Board.

~~(g) The Architect, Landscape Architect or Entity contracting to provide professional services shall disclose whether or not they carry liability insurance or are bonded for the project. If insurance or a bond is canceled during the term of a contract, or any extension thereof, the client/owner shall be notified in writing of the cancellation.~~

55:10-11-6. Compliance with laws

(a) A Licensee or Entity shall not, while engaging in the practice of his/her/its profession, knowingly violate any ~~state~~State or federal criminal law.

(b) A Licensee or Entity shall neither offer nor cause to be offered any payment or gift to a government official, elected or appointed, with the intent of influencing the official's judgment in connection with a prospective or existing project in which the Licensee or Entity is interested.

(c) A Licensee or Entity shall comply with the licensing laws, rules and/or regulations governing his/her/its professional practice in any jurisdiction.

55:10-11-7. Professional conduct

An Architect, Landscape Architect or Entity shall preserve the confidences of the client or employer. A Licensee or Entity may make contributions of service or anything of value to those endeavors which he/she/it deems worthy. A Licensee or Entity has the right to participate in the political process and to contribute time and money to political campaigns. In making political contributions, the Licensee or Entity shall do so publicly.

(1) Each office maintained for the preparation of drawings, specification, reports or other professional work shall have a Licensee in that office having Responsible Control of the work.

(2) A Licensee shall not sign or seal drawings, specifications, reports or other professional work for which he/she does not have Responsible Control. ~~Provided, however, that in the case of the portions of such professional work prepared by the Licensee's licensed consultants, licensed under this or another professional license in Oklahoma, the Licensee may dually sign and seal that portion of the professional work if the licensed Architect or Landscape Architect has additionally coordinated its preparation and intends to be responsible for its adequacy. Prototypical submissions plans are an exception to the rule as noted in OAC 55: 10-11-9(e) (f) if they are not complete for construction when leaving the original architect's office.~~

(3) A Licensee or Entity shall neither offer nor make any gifts, other than gifts of nominal value including, for example, reasonable entertainment and hospitality, with the intent of influencing the judgment of an existing or prospective client in connection with a project in which the Licensee or Entity is interested. Intent of influence means influence, direct or indirect, which induces or tends to induce consideration or action with respect to any prospective work on any basis other than the merits of the matter.

(4) A Licensee or Entity shall not engage directly or indirectly an agent or representative to solicit work on his/her/its behalf whose compensation is contingent, in whole or in part, upon obtaining professional work for the Entity, Architect or Landscape Architect.

(5) A Licensee or Entity shall not make false statements about the professional work, or maliciously injure or attempt to injure the prospects, practice or employment position of others.

(6) A Licensee or Entity shall not furnish limited services in such a manner as to enable owners, draftsmen, or others to evade public health and safety requirements.

(7) A Licensee or Entity provides a service to the client, as well as a product and/or drawings and as such is only responsible for the design of the facility represented by the products and/or drawings he or she completed, signed, sealed and dated for a specific client and location. Should the client or any other individual modify or change locations of the facility or make changes to the design without the authorization of the Licensee, the Licensee is only responsible and liable for the project as he/she signed,

sealed and dated it and the site at the original location. A Licensee is allowed to review and adapt documents already sealed by the original Licensee when modifying the plan and/or bringing the plan up to the current code requirements at the same location as the original site. In this case, the Licensee is required to sign, seal and date only the modifications to the original documents and shall only be responsible for his/her new modifications.

(8) Nothing contained in 55:10-11-7-(7) shall apply to prototype plans, where the Licensee is allowed to review and adapt a prototypical technical submission, making changes to adapt in whole or in part to a different location and/or bring the plan up to the current code requirements. In this case, the Licensee is required to sign, seal and date the adapted, integrated documents and the licensee assumes full responsibility for the documents, in their entirety, as if fully prepared by or under the licensed architect's responsible control.

55:10-11-8. Licensee's seal

(a) **Seal required.** Every individual authorized to practice architecture or landscape architecture by a License shall procure a seal with which to identify all technical submissions, addenda, field orders and other documents of service issued by the Licensee for use in this ~~state~~ State. This seal may be purchased from any company of the Licensee's choice or computer generated.

(b) **Type of seal.** The seal required shall be of a type that makes an image on the surface of original documents and duplications of original documents. The use of a rubber stamp or electronic image producing an accurate and legible image of the seal is permissible.

(c) **Design of seal.** The seal of a licensed Architect shall contain his/her name, Oklahoma License number and the words, "Licensed Architect, State of Oklahoma." The seal of a licensed Landscape Architect shall contain his/her name, Oklahoma License number and the words, "Licensed Landscape Architect, State of Oklahoma." Examples of acceptable forms for the design of seals are available from the Board.

55:10-11-9. Authorized use of seal

(a) **Seal declares authorship.** The seal appearing on any technical submission shall be a prima facie evidence in 55:10-15-1 that said technical submission was prepared by or under the individual named on said seal. Changes made to a signed, sealed and dated end of point product or service that are not designed by the original Licensee and that are not authorized or indicated by the seal of another Licensee on the changes, exempts the original Licensee from any authorship or liability concerning any changes made, including making site changes without the knowledge of the Licensee.

(b) **Location of seal, signature and date.** The seal impression or image shall be across the signature that may be generated electronically of the Licensee responsible to this Board for authorship of the documents thus identified. The handwritten or electronically generated date the signature is affixed shall accompany the signature.

(c) **Use of seal is individual act.** Authorized use of the prescribed seal is an individual act. The Licensee is responsible for its security when not in use.

(d) **Use or attempted use of seal by unauthorized individuals.** No individual, other than the Licensee represented, shall use or attempt to use the prescribed seal, and no unregistered individual or Entity shall be authorized to use the prescribed seal, except as described in (c) above. Use, reproduction distribution or attempted use of the seal shall include using a set of construction documents to construct a structure on another site without the permission of the original Licensee or making unauthorized copies, modifications or incorporating any portion of the specifications into another work without the use of a Licensee's seal, signature and date authorizing such modifications. Prototype building plans are not required to carry the seal, signature and date of the original Licensee ~~if they are not complete~~, but must prior to their issue in Oklahoma be marked and qualified by a written statement to the effect of: "Prototypical design submissions not for regulatory approval or construction." These submissions do not comprise a final, comprehensive set of design and construction documents and are not intended for use on any specific project without the appropriate review, modifications and integration into the work of a licensed architect engaged to provide professional architectural services for the specific project."

(e) **Entire Contract.** Any licensed Architect or Landscape Architect preparing documents that would be considered to fulfill an entire contract with a client being the end point of service, whether or not the plans are complete, shall sign, seal and date those documents. The Licensee may add any words on the documents that he/she/it chooses to indicate an incomplete document and not for construction notice.

(f) **Technical submissions.** Architects and Landscape Architects are permitted to review and adapt portions of technical submissions if:

- (1) the seal of the original Architect or Landscape Architect appears on the submissions to authenticate authorship.
- (2) the succeeding Architect or Landscape Architect clearly identifies all modifications to the submissions.
- (3) the succeeding Architect or Landscape Architect assumes responsibility and liability for the adequacy of the design on the modifications.
- (4) the documents are prototypical technical submissions. An architect may sign and seal technical submissions prepared by another ~~architect licensed in any state, jurisdiction, country or territory~~ person if the signing and sealing architect has reviewed the ~~other architect's~~ work and has integrated the work into his/her own technical submissions and the other ~~architect's~~ technical submissions are prototypical building documents. Any licensed architect signing or sealing technical submissions integrating the work of another ~~architect~~ into the licensed architect's own work as permitted above shall maintain ~~and make available to the Board upon request for at least ten (10) years following such signing and sealing, adequate and complete records demonstrating the nature and extent of the licensed architect's review of and integration of~~

~~the work of such other architect's work into his/her own technical submissions, and that such review and integration met the required professional standard of care. In applying his or her seal, the Oklahoma licensed architect assumes full responsibility in its entirety for the documents as if fully prepared by or under the Oklahoma licensed architect's responsible control.~~

55:10-11-10. Required use of seal, signature and date on documents and retention period

(a) All Licensees shall affix their seal, signature and date, to all original ~~working~~ drawings, and to the original cover sheet and the page identifying all specification pages covered, including all addenda and field changes.

(b) In the absence of sheets or covers identifying all sheets or pages bound, all original contract documents of service must have the seal, date and signature of the Licensee responsible. ~~In addition, the Licensee shall identify on the page or covers of sheets or pages bound, by name and License number the consultants used on the project and the sections the consultants worked on.~~

(c) An Architect, Landscape Architect or Entity shall retain a copy of all technical submissions produced for a minimum of ten (10) years following the date of preparation. Should the submissions be retained by electronic means, all submissions shall be updated into current versions so they are accessible at all times and can be printed out in a legible format.

55:10-11-12. Prohibited use of seal

(a) **Prohibition on sealing documents.** No Licensee shall affix or attempt to affix the seal, signature or dates to sketches, ~~working~~ drawings, specifications or other documents developed by unlicensed persons that are not employees in their offices or professional consultants except as stated in OAC 55:10-11-9(e) (f).

(b) **Prohibited acts using seal.** No Licensee shall affix the seal, signature or date to documents unless:

- (1) such documents were developed and prepared under a Licensee's Responsible Control;
- (2) the Licensee had full authority to determine their development; and
- (3) the Licensee has reviewed and adopted, in whole or in part, architectural or landscape architectural portions and has either coordinated their preparation ~~and~~ or integrated them into the work.

SUBCHAPTER 13. ORGANIZATIONAL PRACTICE

55:10-13-1. Individual and group practice

Individual Licensees or Registrants holding current Licenses or Registration may organize or engage in individual or group practice of architecture, landscape architecture or organize in an Entity for the purposes of representing themselves as a Registered Interior Designer or offering services as registered interior design allowed by statutes of this ~~state~~ State and which

Permanent Final Adoptions

are in compliance with the Act and the Board's current Rules in this Chapter. The Secretary-Treasurer of the Board may approve these applications without full Board action.

55:10-13-2. Licensee required in each office [REVOKED]

~~Each Entity where architectural or landscape architectural services are offered or performed for execution in Oklahoma shall have a current Oklahoma licensed Architect or Landscape Architect in Responsible Control who is listed on the Certificate of Authority as an Architect of Record.~~

55:10-13-4. Certificate of Authority or Certificate of Title required [REVOKED]

~~Excluding sole proprietorships practicing or using a title of profession under the name of the Architect, Landscape Architect or Registered Interior Designer only, all entities, including entities using a fictitious name, practicing, offering to practice or contracting to provide architectural or landscape architectural services or using the title of Registered Interior Designer or offering services through a as registered interior design for use in the State of Oklahoma shall file an application with the Board, pay applicable fees and penalties in OAC 55:10-3-13 and, if qualified, be issued a Certificate of Authority or Certificate of Title by the Board. Certificates of Authority or Certificates of Title may be granted by the Board to any Entity which meets the criteria of the Act and these Rules and approved by the Secretary-Treasurer of the Board.~~

55:10-13-5. Establishing criteria for issuance of Certificate of Authority or Certificate of Title required

The Board may grant a Certificate of Authority to practice architecture or landscape architecture through individual Licensees or a Certificate of Title to represent the person as a Registered Interior Designer or to offer services of registered interior design through Registrants to those firms meeting the following criteria:

- (1) An application for any entity, including branch offices, is filed and approved by the Secretary-Treasurer of or the Board or the Board.
- (2) At least one general partner, or director, officer, shareholder, manager, member or principal is a licensed Architect or Landscape Architect and designated as being responsible for the practice of the profession in the State of Oklahoma or is registered as a Registered Interior Designer offering services of registered interior design and responsible for the Entity. If a firm is offering multiple professions, the firm shall have at least one general partner, director, officer, shareholder, principal or for a limited liability company, a manager or member who is licensed or registered in each profession and is designated as being responsible for the activities of each profession, as the Architect, Landscape Architect, or Registered Interior Designer of Record.
- ~~(3) The firm's practice of architecture or landscape architecture in any office (e.g., branch office) is under the~~

~~Responsible Control of a resident licensed Architect or Landscape Architect and such individual supervises its activities and is listed in the Certificate of Authority as an Architect of Record. The branch office is required to obtain its own Certificate of Authority.~~

~~(43) All technical submissions, original working drawings, original cover sheet and the page identifying all specification pages covered, all addenda and field changes shall be signed, sealed and dated by an Architect of Record defined in 55:10-1-3. Prototypical technical submissions refer to 55:10-11-7(8) and 55:10-11-9(d)(f)(4).~~

~~(5) The Certificate of Authority or the Certificate of Title shall identify the individual(s) Oklahoma licensed Architect(s) or Landscape Architect(s) or Registered Interior Designer(s), who shall be an Architect of Record or a Registered Interior Designer of Record and in responsible charge of the professional activities of the Entity; and~~
~~(64) Compliance with the Board's Rules in this Chapter and the Act shall not alleviate other members, officers, shareholders, managers, principals, directors, partners or employees from direct responsibility and liability by reason of employment or relationship with the Entity to the Board.~~

~~(75) The Certificate of Authority or Certificate of Title issued by the Board is subject to powers of renewal, suspension, revocation, denial, refusal to renew, levying criminal or civil penalties, vested in the Board by the Act and does not preclude the Board from using any other legal procedures necessary to carry out its powers and duties.~~

~~(8) A duplicate Certificate of Authority or Certificate of Title may be issued to an Entity provided:~~

- ~~(A) the current License or Registration renewal of the Architect(s) of Record or the Registered Interior Designer(s) of Record is current and in good standing and the Certificate of Authority or Certificate of Title is current and in good standing;~~
- ~~(B) a written request for a replacement or duplicate Certificate of Authority or Certificate of Title is received; and~~
- ~~(C) the fee is paid as prescribed in 55:10-3-13.~~

55:10-13-6. Biennial renewals required for Certificate of Authority or Certificate of Title

(a) **Biennial renewal requirements.** An Entity desiring to practice Architecture, Landscape Architecture or use the title Architect or Landscape Architect through a Certificate of Authority or an Entity desiring to represent themselves as a Registered Interior Designer or offer services of registered interior design through a Certificate of Title, must submit the proper fees and applicable penalties in 55:10-3-13 and forms for application and renewal biennially. No Certificate of Authority or Certificate of Title shall be issued for longer than a two (2) year period. The renewal forms, required information and fees shall be due with the Licensee's or Registrant's individual renewal which are due by mail or hand delivery to the Board office by 4:30 p.m. or online by 11:59p.m. CST on or before June 30 of the renewal year to avoid penalties. Postmarks will not be accepted.

(b) **Late payment and reinstatement penalties.** Failure to biennially renew and remit payment of the renewal fee for the Certificate of Authority or Certificate of Title on June 30 of the renewal year will result in a late payment and reinstatement penalties in 55:10-3-13 and cancellation of the certificate.

(c) **Renewal exemption based on temporary military deployment.** The exemption from fees and penalties shall apply to the Certificate of Authority or the Certificate of Title if a Licensee is the only Architect of Record or a Registrant is the only Registered Interior Designer of Record associated with the Entity. Licensees or Registrants who are called to active military duty in the armed forces of the United States and deployed to a temporary military assignment are exempt from paying all renewal fees and penalties in OAC 55:10-3-13.

55:10-13-7. Failure to biennially renew a Certificate of Authority or Certificate of Title

(a) Failure to biennially renew the Entity and remit payment of the renewal fee and applicable penalties, submit an acceptable and complete application and other required documents or information for the Certificate of Authority or Certificate of Title on June 30 of the renewal year will result in automatic cancellation and revocation of the certificate.

(b) Automatic cancellation and revocation of the Certificate of Authority or Certificate of Title will result in the Entity paying late payment and reinstatement penalties in addition to all other fee requirements in OAC 55:10-3-13.

(c) Notices of suspension or revocation will be sent to the last known address of the Entity failing to biennially ~~License~~ license or ~~Registrant~~ register and remit renewal fees and penalties.

55:10-13-8. Reinstatement of canceled Certificate of Authority or Certificate of Title

(a) ~~Reinstatement for nonpayment of fees within three (3) years.~~ A Certificate of Authority or Certificate of Title canceled for nonpayment of fees may be ~~renewed-reinstated at any time within three (3) years upon submission of an updated acceptable and complete application form, after paying all fees and penalties accrued at time of reinstatement, provided the Entity currently meets all statutory requirements, the Rules of this Chapter and payment to the Board of the fees and penalties in OAC 55:10-3-13 have been paid, which have been accrued by the Entity at the time of reinstatement. Reinstatements may be approved by Board staff upon compliance with the Act and Rules without Board action.~~

(b) **Reapplication after three (3) years.** Entities whose Certificate of Authority or Certificate of Title has been cancelled for three years or more shall submit a new Certificate of Authority or Certificate of Title application, along with all required documents and fees.

(b-c) ~~Reinstatement of Certificate of Authority or Certificate of Title for cause.~~ A Certificate of Authority or Certificate of Title suspended, denied, refused to be renewed, penalties levied, orders issued or revoked for cause may be reinstated only by Board action and only then in the manner determined by such Board action. Requests for reinstatement

of the Certificate of Authority or Certificate of Title revoked for cause shall be addressed to the Board and shall show cause why such reinstatement is justified. ~~Request for reinstatement may be filed by re-applying after all appeals have been exhausted and the further passage of six (6) months of suspension, refusal to renew, penalties levied, orders issued or revoked for cause. The request shall show the Board that the public interest will not suffer by reason of the reinstatement and should be addressed to the Secretary-Treasurer at the Board office. The Board has the sole discretion as to whether to reinstate the Certificate of Authority or Certificate of Title, deny the reinstatement and require the payment of all back fees and penalties.~~

(e-d) **Reinstatement based on temporary military deployment.** Entities given an exemption from paying fees and penalties because the only Architect of Record or Registered Interior Designer of Record was deployed on a temporary military deployment in the armed forces of the United States, shall notify the Board office consistent with OAC 55:10-3-13.

55:10-13-13. Authority to use professional titles

(a) Only individuals holding current Licenses or Registrations in Oklahoma and entities holding a current Certificate of Authority or Certificate of Title issued by the Board are authorized to employ the titles Architect, Landscape Architect or Registered Interior Designer or use any various construction of these words, in describing or identifying services, contracting or executing work.

(b) No unlicensed individuals or entities have authority to contract or execute architectural or landscape architectural services or offer services of registered interior design in this ~~state~~ State unless they comply the Act and these Rules.

55:10-13-16. Use of deceased or retired names in titles of firm name

Use of the names of deceased or retired licensed or registered partners or directors in a firm name is permissible. Stationary, advertisements, business cards and similar items circulated to the public, shall indicate the status and year the individual retired or died. Retired individuals may also be listed as consulting Architects, Landscape Architects or Registered Interior Designers. Example:

Doe, Smith & Jones	
Architects and Registered Interior Designers	
John Doe	Fred Jones
Deceased, Architect	Registered Interior Designer
1988-2016	2017

55:10-13-17. Use of multiple surnames in titles of firm name

Use of multiple surnames in titles of firms is permissible so long as one surname is a licensed Architect, Landscape Architect or Registered Interior Designer. Other surnames shall be names of related licensed or registered professions (e.g., engineer - structural, mechanical, electrical, civil, or land

Permanent Final Adoptions

surveyor). ~~Example (where Doe is a licensed Architect, and Smith and Jones are licensed structural engineers):~~

~~Doe, Smith & Jones~~

~~Architects & Engineers~~

55:10-13-18. Use of full name in title of firm name

Use of a full name in the title of a firm is permissible so long as the full name is the name of a licensed Architect, Landscape Architect or a Registered Interior Designer or a deceased licensed Architect or Landscape Architect or Registered Interior Designer. ~~Example (where John C. Doe was a licensed Architect):~~

~~John C. Doe Company~~

~~Architects~~

~~John C. Doe (1988-2040)~~

55:10-13-19. Use of departed surname in title of firm name

Use of a surname of an individual who has left a firm is permissible by written agreement for a period of two (2) years, ~~so long as all stationary, advertising, business cards and similar items note that individual's inactive status with the firm, the year and a current licensed Architect, Landscape Architect or Registered Interior Designer who is a general partner or director appears on all stationary, advertising, business cards and similar items. Example:~~

~~Doe & Smith~~

~~Architects & Engineers~~

~~John Doe, Architect David Williams~~

~~Inactive 2020 Engineer~~

55:10-13-20. Use of fictitious name in title of firm name

Fictitious names of firms are permissible so long as at least one Architect of Record or Registered Interior Designer of Record as defined in 55:10-1-3, has Responsible Control for the activities of the firm ~~and the individual's name appears on all stationary, business cards and similar items. Example:~~

~~The Gold Star Group~~

~~Architects & Engineers~~

~~John Brown, Architect~~

55:10-13-21. Use of single surname in title of firm name

Use of a single surname is permissible so long as that surname is a licensed Architect, Landscape Architect, Registered Interior Designer, or related professional (e.g., engineer, structural, mechanical, electrical, or civil, or land surveyor).

~~The entity shall also list the name of the licensed Architect, Landscape Architect, or Registered Interior Designer responsible for the activities of the firm and the individual's name appears on all stationary, business cards and similar items. Example (where Jones is a licensed related professional):~~

~~The Jones Group~~

~~Architects & Engineers & Land Surveyors~~

~~John Doe, Architect~~

SUBCHAPTER 15. VIOLATIONS

55:10-15-1. Prima facie evidence

(a) Prima facie evidence shall be construed or attempting to construe to practice, perform or offer architecture, landscape architecture or services as interior design within the meaning and intent of the Act by display or verbal claim, sign, advertisement, contract, card or other printed, engraved, or written instrument or device, or by electronic means bearing an individual's or entities name or in any other way represent to be licensed or registered under the Act. Prima facie evidence is also defined as an individual or Entity representing as able to contract, offer, perform services or use the restricted titles defined under the Act as requiring a License, Registration, Certificate of Authority or a Certificate of Title. Any such action noted by this Section shall be sufficient to justify an injunction or any other order or a conviction without evidence of a general course of conduct. The Board shall determine if other legal procedures and penalties are necessary and shall have the power to proceed with any and all legal procedures in addition to the injunction or other such orders issued.

(b) The following actions shall not be violations under 59 O.S. 46.1 et seq. and the Rules of the Board: Advertising in national publications or electronic media, provided there is no offering of professional services in jurisdictions where not licensed.

55:10-15-2. Grounds for violations and penalties

Grounds for probation, denial, revocation, suspension, refusal to renew, orders, injunctions, civil and/or criminal penalties are as follows:

- (1) Fraud, deception or misrepresentation in applying for a License, Registration, Certificate of Authority, Certificate of Title or in taking the examinations (see 55:10-15-4);
- (2) Noncompliance with statutory requirements or Rules in this Chapter for qualifying for a License or Registration;
- (3) Violating the Act or any Rule in this Chapter, regulation or order issued by the Board, including the unlicensed practice of architecture or landscape architecture;
- (4) Conviction of a felony;
- (5) Violating any ~~other~~ jurisdiction's registration or licensing laws, requirements or rules and regulations;

- (6) Mental impairment;
- (7) Gross incompetence (see 55:10-15-5);
- (8) Recklessness on the part of the Licensee in designing, planning or observing the construction or alteration of a project or building (see 55:10-15-6);
- (9) Dishonest practice (see 55:10-15-7);
- (10) Failure to maintain a License or Registration in good standing in one additional jurisdiction for reciprocal Licensees or Registrants;
- (11) Loss of NCARB, CLARB or CIDQ certification for reciprocal Licensees or Registrants based on cause;
- (12) Nonpayment of fees, penalties, failure to complete continuing education requirements, when applicable, or failure to file acceptable and properly completed required documents with the Board will result in automatic revocation;
- (13) Unauthorized or misuse of seal which shall include sealing, dating and signing any or all documents not prepared under a Licensee. Prototype plans are an exception to this rule as noted in OAC 55:10-11-9 (e) (f).
- (14) Aiding and/or abetting unlicensed practice of architecture or landscape architecture.
- (15) Sealing, signing and/or dating plans and/or specifications not prepared in accordance with the Act and/or these Rules.
- (16) Giving false or forged evidence or documents submitted to the Board or generated in the practice of architecture or landscape architecture.
- (17) Presenting the License or Registration of another as the individual's or Entity's own.
- (18) Concealing information relative to any violation of the Act or the Board's Rules.
- (19) Inappropriate behavior on the part of an Applicant during the examination period.

SUBCHAPTER 17. CONTINUING EDUCATION REQUIREMENTS

55:10-17-3. Noncompliance and sanctions

The continuing education requirements contained in this Section will apply to every Architect and Landscape Architect, as a condition for renewing of his/her license, and Registered Interior Designers ~~and/or the Certificate of Authority and Certificate of Title~~. Failure to fulfill the continuing education requirements, or file the required biennial report and affidavit, properly completed and signed, or to pay all required fees by June 30th of the renewal year, shall result in non-renewal of an Architect's or Landscape Architect's License, and Registered Interior Designers certificate ~~and/or Certificate of Authority or Certificate of Title~~.

GIST/ANALYSIS:

The amended rules eliminate obsolete language, strengthen an institution's internal controls, and relieve regulatory burden associated with closing a branch facility when an institution also maintains another branch nearby.

The amendments to Subchapter 5 address the requirements of an institution's internal control program. Some amendments are for the purpose of clarifying typographical changes without substantive effect. The purpose of adding subsection (g) to rule 85:10-5-2 is to codify an existing interpretation of the State Banking Department. The changes to rules 85:10-5-3, 85:10-5-3.1, and 85:10-5-4 are for the purpose of strengthening the internal controls at regulated institutions, eliminating obsolete or unnecessary requirements, and to clarify ambiguous terminology. For example, in rule 85:10-5-3.1, some existing internal control requirements are deleted and a new subsection (c) is added to list requirements more relevant for the safety and soundness of the institution. The changes to rule 85:10-5-4 reflect the types of reports that a board of directors should review at each meeting.

The amendment to rule 85:10-9-6 removes the requirement for regulatory approval when a bank closes a branch but maintains another branch within two miles of the closed branch.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,**

Permanent Final Adoptions

SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 5. REQUIREMENTS, STANDARDS AND PROCEDURES FOR AN INTERNAL CONTROL PROGRAM

85:10-5-2. Internal control program

- (a) The internal control program set forth in this subchapter must be administered by the control officer or auditor with a record maintained as to the date upon which each recommended procedure was performed and a notation as to any exceptions disclosed.
- (b) The control officer or auditor must be accountable directly to the board of directors or committee thereof.
- (c) The adoption of a sound internal control program is a primary responsibility of the bank's board of directors. ~~They~~The board cannot delegate this duty. ~~They~~The board shall appoint a control officer or auditor to administer such a program, but the ultimate accountability for the degree of effectiveness with which the program functions is the board's responsibility. Neither supervisory examination nor insurance, or a combination thereof, can take the place of an internal control program.
- (d) In order to obtain the maximum protection economically feasible it is necessary that all concerned be continually aware of the fundamental principles with respect to sound internal checks and controls and internal auditing. An objective in any bank or trust company control program is to discourage fraud, not necessarily to discover its existence. A program of safeguards must be implemented to meet this primary objective.
- (e) The internal control program should contain the institution's policy for annual examination by the board of directors and, further, should contain a provision for annual review as to adequacy and compliance.
- (f) The failure of a bank or trust company to meet the requirements of this subchapter does not by itself establish or diminish any private right of action otherwise available under other state or federal law against a bank or trust company.
- (g) Any bank that complies fully with Title 12 Part 363 of the Code of Federal Regulations will be deemed to have complied with the provisions of this subchapter.

85:10-5-3. Minimum control elements for bank internal control program

All internal control programs adopted by banks shall contain as a minimum the following:

- (1) A requirement that each officer and employee, when eligible for vacation, be absent from the institution at least five consecutive ~~business~~banking days each calendar year, unless otherwise approved in writing by the bank's bonding company for bank officers and employees generally and then each officer and employee who may be excepted from this requirement must be specifically approved by the bank's board of directors and it shall be recorded in the board of director's minutes, that the officer

or the employee may be absent less than the five consecutive banking days. During the absence of an officer or employee, the duties of the absent officer or employee must be performed by other bank officers and employees.

- (2) A requirement that periodic reports be made to the board of directors, ~~said report to which must~~ contain at least the minimum ~~as set out in~~information described in 85:10-5-4.

(3) Require the control officer or auditor to periodically, as frequently as necessary but no less often than stated herein, perform or supervise performance of:

(A) Daily - Review all master file changes, by not less than two persons.

(B) Quarterly - on a surprise basis, count tellers' cash, including vault cash, review bait money, and ensure that established procedures are being followed.

(C) Monthly - On a surprise basis, prove to the general ledger and verify validity of all cash items ~~and cash collections, and report to the board of directors those cash items and cash collections which are in excess of the minimum amount established by the Board.~~ Also, all cash items held over 30 days that are not being currently worked for collection, ~~should~~must be charged off. The collection effort of these items should be documented in writing.

(D) Monthly - On a surprise basis, balance overdrafts to general ledger, scrutinize for large recurring overdrafts and report to the board of directors those overdrafts which are in excess of the minimum amount established by the board.

(E) Monthly - Review and prove to the general ledger:

(i) All customer deposit accounts, including demand, savings, time certificates and cashier's checks.

(ii) Official checks.

(iii) All loans.

~~(iv) Internal accounts used for bank purposes.~~

(F) Monthly - Reconcile all correspondent bank accounts. Explain any item outstanding over fifteen (15) days and document resolution efforts.

(G) Monthly - Review teller's over/short.

~~(H) Quarterly - Reconcile all unissued consign-ment items.~~

~~(I) Quarterly - Reconcile Treasury Tax and Loan Account.~~

~~(H)~~ Quarterly - Review all officer and employee accounts in the institution and report any unexplained items to the board of directors or committee thereof.

~~(K)~~ Monthly - Reconcile and prove to the general ledger all investment accounts.

~~(L)~~ Monthly - Verify the unrealized gains or losses on securities account and associated tax account.

~~(M)~~ Quarterly - Prove to the general ledger those accounts which have been determined by institution policy to be inactive or dormant. ~~Review the operations for compliance to institution policy.~~ Each time activity occurs in an inactive or dormant account that

activity should be reviewed to establish the authenticity of the entry.

~~(NL)~~ Quarterly - Balance and verify all remaining asset and liability accounts which have had activity since last verification.

~~(QM)~~ Monthly - Balance to general ledger and verify all accruals including but not limited to loans, investments, and time deposits.

(4) Establish the maximum cash exposure the institution will have. This should include not only the total but the maximum amounts to be in each teller's unit.

(5) Establish a procedure for security of vault cash and for collateral held by the bank or trust company.

(6) Establish a procedure for dual control for the reserve stocks of all official checks, consigned items, and the reserve stocks of other items in the bank.

(7) All requirements of this section that are met, should be documented, in writing, so that evidence exists that will substantiate to an examiner that this Section's requirements are being met.

85:10-5-3.1. Internal control program for fiduciary activities of trust departments and trust companies

~~(a) Each trust department and trust company should establish an appropriate system of notification to prompt and aid in the administration of fiduciary accounts.~~

~~(ba) Where applicable, the following items, at a minimum, shall be performed by all trust departments and all trust companies conducting fiduciary activities to assure the maintenance of sufficient internal audits, and reviews and appointments, and reports audits and reviews, approvals and appointments, and board/committee reporting. Documentation must be maintained to show that each item was completed as required.~~

~~(b) The following internal audits and reviews must be completed at the frequency specified:~~

~~(1) A daily review of master file changes.~~

~~(2) A monthly review of overdrafts and uninvested cash balances that exceed a reasonable minimum established by the institution.~~

~~(3) A monthly review of uninvested cash balances that exceed a reasonable minimum established by the institution.~~

~~(4) A monthly review of past due loans held in trust accounts to assure proper collection efforts.~~

~~(5) A monthly verification to assure that all opened and closed accounts received appropriate review within 60 days of opening or closing.~~

~~(6) A monthly reconciliation of trust department or trust company deposit accounts deposit operating accounts and any suspense accounts.~~

~~(7) A semi-annual verification of dual control procedures vault and safe deposit box review for all trust assets held on premises.~~

~~(8) Annually assure that a notification or prompt system has been established for the following items, at a minimum:~~

~~(A) Annual reviews of all fiduciary accounts.~~

~~(B) Premiums due for property insurance.~~

~~(C) Payment of real estate taxes.~~

~~(D) Performance of annual real estate inspections.~~

~~(E) Performance of tri-annual real estate appraisals.~~

~~(5) A quarterly review of trust accounts (a reasonable sample determined by management) for appropriate administration, asset management, documentation, and compliance with governing instruments, laws, internal policies, and sound fiduciary standards.~~

~~(c) All trust departments and all trust companies conducting fiduciary activities shall on an annual basis perform the following reviews and make the following appointments. Documentation must be maintained to show that each item was completed as required. The following reviews and appointments must be made on an annual basis:~~

~~(1) A review and approval of trust department policies, including account investment criteria.~~

~~(2) An annual appointment Appointment of individuals or committees with authority to approve discretionary account distributions over a reasonable minimum established by the institution.~~

~~(3) An annual appointment Appointment of individuals with authority to sign trust department checks, including dual signature requirements.~~

~~(d) The following reports must be provided to the institution's board, or committee of the board, at the frequency specified:~~

~~(1) A monthly report of all opened and closed accounts.~~

~~(2) A quarterly report of the status of all outstanding litigation, efforts taken since the last report to resolve the litigation, and any expected exposure to the institution.~~

~~(3) A quarterly report of any new formal complaints directed at the trust company or trust department.~~

~~(4) A quarterly report of any new settlements or other amounts paid to settle disputes.~~

~~(5) A quarterly report of assets with stale pricing dates that exceed generally accepted fiduciary standards.~~

~~(6) A quarterly report of any new audits conducted including management responses to any recommendations.~~

~~(7) A quarterly report of "watch list" accounts that warrant increased attention.~~

~~(8) A quarterly report of trust department or trust company profitability.~~

85:10-5-4. Reports

~~(a) Bank reports.~~ Reports which the internal control program shall require to be made monthly, except as otherwise provided, to the bank's board of directors or committee thereof shall consist of, at a minimum, the following:

~~(1) A report containing either:~~

~~(A) all expense items over a reasonable minimum amount established by the board of directors, or~~

~~(B) if a formal budget has been previously approved by the board of directors, any substantial deviations or changes (as determined by the board of directors) in budget items showing the board-approved budget compared to actual income and expenses for the calendar year and the current month~~

with explanations for any significant deviation or change.

(2) A report from the control officer or auditor that the internal minimum control elements have been performed with explanations for and any differences, outages or shortages determined thereby.

~~(3) A report containing all cash items, cash collections, and overdrafts, as of the surprise date, which are in excess of a minimum amount established by the board, including the date the cash item, cash collection or overdraft commenced.~~

~~(4) A report of income and expense since the beginning of the institution's accounting period, together with a comparison for the same period of the previous year.~~

~~(5) A quarterly report of the institution's liquidity position, rate sensitivity analysis, and volatile liability dependence position as of the last business day of the previous quarter detailing board-approved liquidity performance measures and explanations for any significant deviations.~~

~~(6) A quarterly report of the progress being made and current status of all internally and externally classified loans in excess of 5% of the institution's capital, until the board of directors has determined the loan has either been paid in full or its condition significantly improved to no longer be classified all criticized and classified loans.~~

~~(7) A report of all outstanding loans made to officers, employees and directors and their business interests or affiliates since the last report.~~

~~(8) Investments purchased or sold since the last report.~~

~~(9) A quarterly report detailing the bank's analysis of the Allowance for Loan and Lease Losses or Allowance for Credit Losses.~~

~~(10) All charge-offs or other losses the bank has sustained since the last report.~~

~~(11) All past due loans. A loan or category of loans shall be considered "past due" according to guidelines that may be established by the board of directors.~~

~~(12) All overdrafts which exceed a time period and/or amount to be set by the board of directors.~~

~~(13) All loans since the last report for which cause the aggregate indebtedness from a single borrower to exceed the lesser of 20% of the bank's capital or such lesser percentage as set by the bank's board of directors. A report showing the aggregate indebtedness of any single borrower that exceeds 25 percent of the bank's capital and reserves. This report shall be made to the bank's entire board of directors.~~

~~(b) **Trust reports.** All trust departments and all trust companies conducting fiduciary activities shall on a quarterly basis prepare the following written reports for review by the board of directors or committee thereof:~~

~~(1) A report of all existing and threatened litigation.~~

~~(2) A report of trust department profitability.~~

~~(3) A report of all exceptions involving the aforementioned requirements.~~

SUBCHAPTER 9. NEW BANKS, BRANCHES, AND OTHER FACILITIES

85:10-9-6. Branch closing

(a) A bank may discontinue a branch office with the approval of the Commissioner. In order to gain approval, the bank must:

(1) submit to the Commissioner a resolution of its board of directors authorizing the closing;

(2) post a notice of the closing at both the branch location and the main office of the bank for thirty (30) days prior to the closing. Said notice shall state the effective date of the closing and indicate the location of the bank's closest office;

(3) submit to the Commissioner an affidavit stating that the notice posting requirement has been met;

(4) either publish notice of the closing once a week for two (2) weeks in a legal newspaper in general circulation in the community where the branch is located or furnish written notice to depositors and safe deposit box holders at the branch to be closed; and

(5) submit to the Commissioner a copy of the notices required by subsections (a)(2) and (a)(4) of this Section.

(b) The Commissioner shall approve the branch closing absent compelling reasons for denial.

(c) The requirements of subsection (a) of this section do not apply when:

(1) the bank posts notice of the closing at both the branch location being closed and the main office of the bank for thirty (30) days prior to the closing; and

(2) the bank operates an existing branch location within two miles of the branch being closed.

(3) The notice posted pursuant to this subsection must include the date of the closing and information (including address and operating hours) of the nearest operating branch location of the bank.

The following permanent rules interpret the Oklahoma Licensed Professional Counselor Act, (59 O.S. 1991, Sections 1901 et seq.)

CONTACT PERSON:

Eric Ashmore, Executive Director, State Board of Behavioral Health Licensure, 3815 N. Santa Fe., Suite 110, Oklahoma City, OK 73118, (405) 522-3696, Eric.Ashmore@bbhl.ok.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 3. RULES OF PROFESSIONAL CONDUCT

86:10-3-4. Professional standards

(a) **Violations of other laws.** It shall be unprofessional conduct for an LPC to plead guilty to or no contest to or be convicted of a state or federal ~~statute~~felony crime if the violation ~~directly~~substantially relates to the ~~duties and responsibilities~~practice of the counselor or if the violation involves moral turpitude ~~practice of the counselor or if the violation involves moral turpitude~~ counseling and poses a reasonable threat to public safety.

(b) **Drug and alcohol use.** LPCs shall not render professional services while under the influence of alcohol or other mind or mood altering drugs.

(c) **Sexual conduct.**

(1) **Current and previous clients.** Sexual conduct with current and previous clients is prohibited.

(2) **Supervisees.** LPCs shall not engage in sexual conduct with supervisees and shall not supervise persons with whom they have had a sexual relationship within the previous five (5) years. LPCs shall not engage in sexual contact with supervisees they have supervised within the previous five (5) years.

(d) **Updating.** LPCs shall notify the Board of any change in their contact information, including ~~by~~but not limited to: mailing address, telephone number, place of employment, name and email address, within fourteen (14) days of the change.

(e) **Candor to the Board.** A LPC or applicant for LPC licensure, in connection with a license application or an investigation conducted by the Board or the Board's designee pursuant to OAC 86:10-29-1 through 15, shall not:

- (1) knowingly make a false statement of material fact;
- (2) fail to disclose a fact necessary to correct a misapprehension known by the LPC, LPC candidate or applicant for licensure to have arisen in the application or the matter under investigation; or
- (3) fail to respond to a demand for information made by the Board or any designated representative thereof.

SUBCHAPTER 9. ACADEMIC REQUIREMENTS

86:10-9-1. Graduate hours and degrees required

Each applicant shall possess at least a master's degree in counseling, or a mental health related graduate degree deemed substantially content-equivalent. All graduate course work applied toward licensure shall be from a regionally accredited college or university recognized by the United States Department of Education. At least sixty (60) semester credit hours or ninety (90) quarter credit hours of graduate counseling-related course work, including internship, shall be earned. In order to be considered acceptable, the graduate degree(s) shall:

- (1) follow a planned, sequenced mental health program of study which is reflected in the university catalog and approved by the governing authority of the college or university;
- (2) include a program whose primary focus is clearly to prepare the applicant for a career in counseling; and
- (3) be listed in the college or university catalog; or
- (4) be accredited by the Council for Accreditation of Counseling & Related Education Programs (CACREP).

SUBCHAPTER 25. LICENSURE BY ENDORSEMENT

86:10-25-3. License by endorsement

The Board shall issue a license by endorsement to an applicant who is licensed or certified as a professional counselor by another state or territory of the United States or the District of Columbia and who meets the following:

- (1) The applicant's professional counselor license in the other jurisdiction is active and in good standing which allows the applicant to practice independently without supervision. The applicant shall have no history of suspension or revocation action against the license and fulfills all the requirements located in OAC 86:10-5;
- (2) The applicant fulfills the requirements of Title 59 of the Oklahoma Statutes, Section 1906(A) and (B)(1)(3)(4);

(3) The applicant must have at least a masters degree in a counseling or a mental health related field from a regionally accredited college or university;

(4) ~~The applicant must show proof of one of the following:~~

~~(A) has held a license in another jurisdiction for at least five years; or~~

~~(B) satisfies the requirements located at Title 59 Oklahoma Statutes, Section 1906 (C); and~~

(5) The applicant successfully completes the Oklahoma Legal and Ethical Responsibilities Examination.

SUBCHAPTER 31. POST-MILITARY SERVICE OCCUPATION, EDUCATION AND CREDENTIALING RULES

86:10-31-1. Education, training and experience completed as a member of the Armed Forces of the United States pursuant to 59 O.S. § 4100.4(A)

(a) If an applicant otherwise qualifies for licensure, the Board shall issue an appropriate license to applicants who present satisfactory evidence of equivalent education, training and experience completed by the applicant as a member of the Armed Forces or Reserves of the United States, National Guard of any state, the Military Reserves of any state, or the Naval Militias of any state.

(b) Active-duty military service members seeking to make application for licensure may do so without payment of application fee.

86:10-31-3. Reciprocal licensing of spouses of active-duty members of the Armed Forces of the United States

The procedure to expedite endorsement of licensure pursuant to Section 4100.5 of Title 59 of the laws of the State of Oklahoma for applicants who are licensed in another state and who are the spouse of an active-duty member of the Armed Forces of the United States is as follows:

(1) A license shall be issued to the applicant if the requirements for licensure of the other state are substantially equivalent to those required by this state;

(2) If specific licensure requirements in this state were not required in the state in which the Applicant was licensed, a temporary license for a set period of time shall be issued to Applicants to allow the person to work as a licensed professional counselor while completing those requirements.

(3) Applicants who are licensed in another state and who are the spouse of an active-duty member of the Armed Forces of the United States seeking to make application for licensure may do so without payment of application fee.

Eric Ashmore, Executive Director, State Board of Behavioral Health Licensure, 3815 N. Santa Fe., Suite 110, Oklahoma City, OK 73118, (405) 522-3696, Eric.Ashmore@bbhl.ok.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 3. RULES OF PROFESSIONAL CONDUCT

86:15-3-1. Responsibility to clients

- (a) LMFTs are dedicated to advancing the welfare of families and individuals, including respecting the rights of those persons seeking their assistance, and making reasonable efforts to ensure that their services are used appropriately.
- (b) LMFTs shall not, in the rendering of their professional services, participate in, condone, or promote discrimination based on age, culture, disability, ethnicity, race, religion/spirituality, gender, gender identity, sexual orientation, marital status/partnership, language preference, socioeconomic status, or any basis proscribed by law. LMFTs do not discriminate against clients, students, employees, supervisees, or research participants in a manner that has a negative impact on these persons.
- (c) LMFTs are cognizant of their potentially influential position with respect to clients, and they shall not exploit the trust and dependency of such persons. LMFTs therefore shall avoid extra therapeutic relationships with clients that could impair their professional judgment or increase the risk of exploitation. When extra-therapeutic relationships cannot be avoided, LMFTs shall take appropriate professional precautions to insure that judgment is not impaired and that no exploitation occurs. Examples of such extra therapeutic relationships include, but are not limited to, business or close personal relationships with clients.
- (d) LMFTs shall not undertake to provide therapy to any person with whom the LMFT has had any prior sexual conduct, as defined by the Board. LMFTs shall not undertake to provide therapy to any person with whom the LMFT has had familial, any prior social, financial, business, professional, close personal, or other non-therapeutic relationship with a client, or engage in any activity with another person that interferes or conflicts with the LMFTs professional obligation to a client within the previous five (5) years. Sexual intimacy with clients is prohibited.
- (e) Sexual conduct with current or former clients is prohibited.
- (f) LMFTs shall not use their professional relationship with clients to further their own interests.
- (g) LMFTs respect the right of clients to make decisions and help them to understand the consequences of those decisions. LMFTs shall clearly advise a client that a decision on marital status is the responsibility of the client.
- (h) LMFTs shall continue therapeutic relationships only so long as it is reasonably clear that clients are benefiting from the relationship.
- (i) LMFTs shall assist persons in obtaining other therapeutic services if a marital and family therapist is unable or unwilling, for appropriate reasons, to see a person who has requested professional help.
- (j) LMFTs shall not abandon or neglect clients in treatment without making reasonable arrangements for the continuation of such treatment by other appropriate professionals as necessary and indicated.
- (k) When an LMFT becomes cognizant of a disability or other condition that may impede, undermine or otherwise interfere with the LMFTs duty of responsibility to the client, including a suspension of the LMFTs license or any other

situation or condition described in subchapter 3 of these rules, the LMFT shall promptly notify the client in writing of the presence or existence of the disability or condition and take reasonable steps to timely terminate the therapeutic relationship consistent with the provisions of paragraphs (g) and (h) herein.

- (l) LMFTs shall obtain informed consent of clients before taping, recording, or permitting third party observation of their activities.

86:15-3-3. Professional competence and integrity

- (a) LMFTs are dedicated to maintaining high standards of professional competence and integrity.
- (b) LMFTs are presumed to have violated high standards of integrity or competence and it shall be unprofessional conduct if they:
 - (1) ~~are convicted of a felony;~~
 - (2) ~~are convicted of a misdemeanor (related to their qualifications or functions); or~~
 - (3) ~~engage in conduct which could lead to conviction of felonies, or misdemeanors related to their qualifications or functions.~~
 - (4) ~~It shall be unprofessional conduct for a LMFT to plead guilty to or no contest to or be convicted of a state or federal statute felony crime if the violation directlysubstantially relates to the duties and responsibilitiespractice of the therapist or if the violation involves moral turpitude therapy and poses a reasonable threat to public safety.~~
 - (5) ~~have their licenses or certificates suspended or revoked; or~~
 - (6) ~~are no longer competent to practice marital and family therapy because they are impaired due to physical or mental causes or the abuse of alcohol or other substances.~~
- (c) LMFTs shall seek appropriate professional assistance for their own personal problems or conflicts that are likely to impair their work performance and their clinical judgment.
- (d) LMFTs, as teachers and supervisors, are dedicated to maintaining high standards of scholarship and presenting information that is accurate.
- (e) LMFTs shall remain abreast of new developments in family therapy knowledge and practice through both educational activities and clinical experiences.
- (f) LMFTs shall not engage in sexual or other harassment or exploitation of clients, students, trainees, supervisees, employees, colleagues, research subjects, or actual or potential witnesses or complainants in ethical proceedings.
- (g) LMFTs shall not attempt to diagnose, treat, or advise on problems outside the recognized boundaries of their competence.
- (h) LMFTs shall prevent the distortion or misuse of their clinical and research findings.
- (i) LMFTs are aware that, because of their ability to influence and alter the lives of others, they must exercise special care when making public their professional recommendations and opinions through testimony or other public statements.

- (j) LMFTs shall protect the welfare of the client by storing and/or destroying, when appropriate, client files.
- (k) LMFTs shall not, under normal circumstances, offer professional services to clients concurrently receiving services from another professional except with the knowledge of the professional.
- (l) LMFTs shall display their original, current license certificate in a prominent place in the primary location of their practice.
- (m) LMFTs shall notify the Board of any change in their contact information, including but not limited to: mailing address, telephone number, place of employment, and name and email address, within fourteen (14) days of the change.
- (n) LMFTs and LMFT Candidates may perform forensic services, which may include, but are not limited to, assessments, interviews, consultations, custody evaluations, reports, or expert testimony, or other such activity that is undertaken or conducted by the candidate or licensee in contemplation that the results may, or are intended to be, later furnished to a trier of fact or other decision maker, only under the following conditions:
 - (1) LMFTs and LMFT Candidates must demonstrate competence by education or experience in the subject matter relevant to the issues in question, as determined by the court.
 - (2) LMFTs and LMFT Candidates shall provide a written notice and make reasonable attempts to obtain a signature acknowledging receipt of such notice, from each person or persons who is the subject of the forensic services. This written notice shall include:
 - (A) a description of what procedure will be followed in the evaluation process;
 - (B) how such information, interpretations, conclusions, and recommendations will be distributed;
 - (C) fee arrangements; and
 - (D) explanation of the role of the evaluator if subsequently called upon to provide expert testimony before a trier of fact
 - (3) LMFTs and LMFT Candidates shall maintain written records, in a form or format that is legible or readable to third persons, of all contacts and information received and used in the preparation of their report.
 - (4) LMFTs and LMFT Candidates must conduct a thorough examination of the person who is the subject of their forensic analysis, and such other person or persons who has/have a legally recognizable right in the subject matter of the proceeding.
 - (5) LMFTs and LMFT Candidates must base their findings and conclusions only upon information gained by appropriate and lawful means. Interviews of minor children shall be preceded by written consent from the joint-custodial parents or from the custodial parent or from the legal guardian or from the legal custodian appointed by the Court.
 - (6) LMFTs and LMFT Candidates who provide therapy services for a client shall only provide fact witness testimony, which may include diagnostic impressions, treatment plans and other factual clinical information

ordinarily included in a treatment file. Fact witness testimony by LMFTs and LMFT Candidates shall not include opinions or recommendations pertaining to matter subject to a decision by the Court, in forensic matters involving that client, unless otherwise required by law or court order. LMFTs and LMFT Candidates who provide mediation, parent coordinating assistance or any other neutral participation, may not undertake to provide therapy concurrently or subsequently to any person(s) involved or directly affected by the LMFT's or LMFT Candidate's role as a neutral participant. Fact witness testimony means evidentiary statements that are limited to direct observations by the LMFT or LMFT Candidate and shall not include conclusions, opinions or recommendations.

- (7) Assessments, interviews, consultations, custody evaluations, reports or other activity not performed in contemplation that the results would be furnished to a trier of fact or decision maker, must be kept confidential and cannot be utilized in the formation or publication of an opinion by the candidate or licensee.
- (o) An LMFT, LMFT candidate, or applicant for LMFT licensure, in connection with a license application or an investigation conducted by the Board pursuant to OAC 86:15-15-1 through 15, shall not:
 - (1) knowingly make a false statement of material fact; LMFT, LMFT candidate or applicant for licensure to have arisen in the application or the matter under investigation; or
 - (2) fail to disclose a fact necessary to correct a misapprehension known by the LMFT, LMFT candidate or applicant for licensure to have arisen in the application or the matter under investigation; or
 - (3) fail to respond to a demand for information made by the Board or any designated representative thereof.
- (p) No person may engage in the private or independent practice of marital and family therapy work or open a facility with the intent of providing private or independent therapy practice unless that person:
 - (1) is licensed under this Act as a Licensed Marital and Family Therapist; and,
 - (2) has met all requirements of OAC 86:15-9-4 and all of the LMFT Regulations; and
 - (3) has continued to meet all continuing education requirements set forth in Subchapter 13 of this Chapter.

SUBCHAPTER 5. APPLICATION FOR LICENSURE

86:15-5-3. Academic and experience requirements

- (a) **Fulfillment of Section 1925.6, subsection B of the LMFT Act.** Persons applying for licensure must have fulfilled the requirements listed in Section 1925.6, Subsection B of the LMFT Act.
- (b) **Academic requirements.** Applicants must possess at least a masters degree in marital and family therapy or in a mental health, behavioral science, or counseling related field from a college or university accredited by one of the following

six regional accrediting associations recognized by the U.S. Department of Education: The New England Association of Schools and Colleges, The Middle States Association of Colleges and Schools, The North Central Association of Colleges and Schools, The Northwestern Association of Schools and Colleges; The Western Association of Schools and Colleges, or The Southern Association of Colleges and Schools which is content-equivalent to a graduate degree in marital and family therapy. ~~In order to qualify as a "content equivalent" degree, a graduate transcript must document the minimum number of graduate hours and knowledge areas listed below. Academic courses (3 semester hours or 4 quarter credit hours) must include a minimum of 45 class hours for each course. or;~~

(c) **Degree requirements.** Applicants must possess at least a masters degree in marital and family therapy or in a mental health, behavioral science, or counseling related field from a degree program accredited by the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE).

(d) **Coursework requirements.** In order to qualify as a "content-equivalent" degree, a graduate transcript must document the minimum number of graduate hours and knowledge areas listed below. Academic courses (3 semester hours or 4 quarter credit hours) must include a minimum of 45 class hours for each course.

(1) Theoretical Foundations of Marital and Family Systems - any course which deals primarily in areas such as family life cycle; theories of family development; marriage and/or the family; sociology of the family; families under stress; the contemporary family; family in a social context; the cross-cultural family; youth/adult/aging and the family; family subsystems; individual, interpersonal relationships (marital, parental, sibling). (3 courses: 9 semester or 12 quarter hours.)

(2) Assessment and Treatment in Marital and Family Therapy -any course which deals primarily in areas such as family therapy methodology; family assessment; treatment and intervention methods; overview of major clinical theories of marital and family therapy such as: communications, contextual, experiential, object relations, strategic, structural, systemic, transgenerational. (3 courses: 9 semester or 12 quarter hours.)

(3) Human Development - any course which deals primarily in areas such as human development; personality theory; human sexuality, psychopathology; at least one of which must be in psychopathology or abnormal human behavior. (3 courses: 9 semester or 12 quarter hours.)

(4) Ethics and Professional Studies - any course which deals primarily in areas such as professional socialization and the role of the professional organization; legal responsibilities and liabilities; independent practice and interprofessional cooperation; ethics; family law. (1 course: 3 semester or 4 quarter hours.)

(5) Research - any course which deals primarily in areas such as research design, methods, statistics; research in marital and family studies and therapy. (1 course: 3 semester or 4 quarter hours.)

(6) Practicum/Internship (at least 300 clock hours.)

~~(ee)~~ **International degrees.** For applicants with international degrees, the Board shall review the applications of applicants for licensure under this Chapter who have received a post-secondary degree from an educational institution outside the United States. The Board shall determine whether the applicant's experience, command of the English language, and completed academic program meet the standards of an academic program of an accredited educational institution.

~~(fd)~~ **Experience requirement.**

(1) Applicants must complete two (2) calendar years of work in marital and family therapy following the receipt of the qualifying degree.

(2) These two years must be completed under a supervisor approved by the Board.

~~(ge)~~ **Examination.** Applicants must achieve a passing score on the LMFT examinations.

SUBCHAPTER 9. SUPERVISED EXPERIENCE REQUIREMENTS

86:15-9-3. Supervisor qualifications

(a) In order to be approved as a supervisor for therapists seeking MFT licensure, an individual must:

(1) be an American Association for Marriage and Family Therapy approved Supervisor familiar with Oklahoma LMFT Act and Rules duly promulgated, or

(2) be an LMFT

(A) with two (2) years of experience in marital and family therapy beyond the number of years of experience required for licensure and

(B) who has successfully completed a graduate course in therapist supervision (at least 45 contact hours) or equivalent course of study acceptable to the Board. This equivalent course of study should consist of workshops in marriage and family therapy supervision in combination with directed study of the marriage and family therapy supervision literature. Fifteen (15) of the 45 clock hours should be in a class or workshop format which includes a minimum of four supervisors-in-training; the other 30 clock hours should be reserved for the directed study. Directed study must be approved and monitored by an Approved Supervisor.

~~(b) If continuing education requirement is not met within one (1) year of expiration, approved supervisor status will be permanently expired and the LMFT must re-apply and meet all requirements, including passing the Oklahoma LMFT Examination, in this Subchapter to become an approved supervisor.~~

~~(eb)~~ An active approved supervisor may request inactive status by submitting a request in writing to the Board. An inactive approved supervisor shall not provide any activities described in Subchapter 9 of this Chapter.

~~(dc)~~ An inactive approved supervisor may reactivate by submitting the required therapy supervision continuing education due by the end of the current renewal period. If approved supervisor status has been inactive for three (3) or more years,

the supervisor must retake and pass the Oklahoma LMFT Examination before approved status is reinstated.

(ed) An active approved supervisor status may be retired by informing the Board in writing. Retired approved supervisor status shall not be reinstated but does not prevent a person from applying for approved supervisor status at a future date.

(fe) No ~~re-application~~ application for a revoked approved supervisor status, as a result of administrative proceeding, shall be considered for a period of five (5) years following the revocation.

(gf) Effective October 1, 2015, a supervisor may not supervise more than a total of twelve (12) candidates for licensure at a time. A supervisor who wants to supervise more than twelve (12) candidates must petition the Board for approval for each person above the maximum number. The petitions will be determined on a case-by-case basis depending on the circumstances of the request.

SUBCHAPTER 13. ISSUANCE AND MAINTENANCE OF LICENSE

86:15-13-4. Continuing education

(a) **Purpose.** The purpose of the requirements in this Section is to establish the continuing education requirements necessary for license renewal.

(b) **Number of hours required.**

(1) Licensees shall complete and furnish documentation to the Board of twenty (20) clock hours of acceptable continuing education per year. One college credit hour is equal to fifteen (15) clock hours.

(2) A minimum of three (3) clock hours of continuing education hours must be in mental health ethics from programs pre-approved by the Board or its designee. Continuing education in mental health ethics is acceptable as meeting the pre-approval requirements by the Board when the continuing education program:

(A) Addresses ethics issues specifically pertaining to the practice of therapy, as defined in Section 1925.2(7) of this Act;

(B) Addresses regulations as promulgated in Subchapter 3 of this Chapter; and

(C) Meets all requirements of subsections (b) through (e) of OAC 86:15-13-4 of this Chapter.

(D) Beginning renewal year 2009, the three clock hours of mental health ethics continuing education must be accrued in a face-to-face setting.

(E) Current LMFT Board members shall receive clock hours of acceptable continuing education in mental health ethics for attendance and participation in Board or Committee meetings.

(3) Approved LMFT Supervisors are required to complete a minimum of three (3) clock hours, ~~every three (3) years~~, of continuing education in therapy supervision specific to Oklahoma law provided by the Board or its designee. Continuing education in Therapy Supervision is acceptable as meeting the pre-approval requirements by the Board when the continuing education program:

(A) Addresses issues specifically related to the practice of therapy supervision pursuant to regulations promulgated in Subchapter 9 of this Chapter; and

(B) Contains content in one or more of the following knowledge areas:

(i) Overview of a supervision model;

(ii) Supervisors' areas of focus and roles in supervision;

(iii) Supervisors' process and practical application;

(iv) Ethical dilemmas involved in therapy supervision;

(v) Methods of effectively addressing and preventing ethical dilemmas in therapy supervision;

(vi) Overview of AAMFT standards of supervision; or

(vii) Overview of Oklahoma LMFT Rules and Regulations regarding therapy supervision; and

(C) Meets all requirements of subsections (b) through (e) of OAC 86:15-13-4 of this Chapter.

(c) **Acceptable continuing education.** Continuing education is acceptable to the Board when it:

(1) approximates the content of any of the academic areas listed under Subchapter 5 of this Chapter and;

(2) is presented by a person who meets one of the following qualifications:

(A) is licensed or certified by therapy related professions;

(B) is a licensed or certified member of a non-therapy field (i.e. medicine, law) if the content of the presentation is therapy related and falls within the presenter's area of training;

(C) has experience teaching, at the graduate level, in a regionally accredited college or university from any of the knowledge areas listed in OAC 86:15-5-3 of this Chapter;

(D) the person is presenting or has presented at a national mental health conference provided by the American Association for Marriage and Family Therapy (AAMFT), American Psychological Association (APA), American Counseling Association (ACA), or any of its divisions, National Association for Social Workers (NASW), the Association for Addiction Professionals (NAADAC), or other nationally recognized professional organization in the mental health field;

(E) is presenting in a program sponsored or provided by a state or federal government agency with responsibility for mental health and substance abuse services; and

(3) takes place in the context of one of the following:

(A) a college course, in-service training, institute, seminar, workshop, conference or a Board pre-approved technology-assisted distance learning or home-study course;

(B) a national mental health conference provided by the American Association for Marriage and Family

Therapy (AAMFT), American Psychological Association (APA), American Counseling Association (ACA), or any of its divisions, National Association for Social Workers (NASW), the Association for Addiction Professionals (NAADAC), or other nationally recognized professional organization in the mental health field;

(C) a program approved or offered by a state or federal government agency with responsibility for mental health and substance abuse services; or

(D) Board or Committee meetings, for current Board members.

(d) **Continuing education accrual from teaching.** Continuing education may also be accrued when the LMFT teaches in programs such as institutes, seminars, workshops, and conferences, when the content conforms to OAC 86:15-13-4(c) of this subchapter, provided that such teaching is not required as part of the LMFT's regular employment. Two hours of C.E. is credited for each hour taught.

(e) **Continuing education accrual from technology-assisted distance learning or home-study courses.** Continuing education may be accrued when the LMFT completes technology-assisted distance learning or home-study programs that are approved by the Board. No more than ten (10) hours of continuing education may be accrued per renewal period through technology-assisted distance learning or home-study courses.

(f) **Professional audience.** Continuing education, whether received or presented by the LMFT must be targeted toward a professional audience.

(g) **Documentation of attendance.** LMFT's shall retain verification of attendance documents for all C.E. hours claimed for a period of two (2) years. Acceptable C.E. verification of attendance documents are:

(1) an official continuing education validation form furnished by the presenter, or,

(2) a letter on the sponsoring presenter's letterhead giving the name of the program, location, dates, subjects taught, total number of hours attended, participant's name and presenter's name and credentials, or,

(3) an official college transcript showing courses or audit credit, or

(4) For teaching a letter on sponsoring agency's letterhead giving the name of the program, location, dates, subject taught and total number of hours taught.

(h) **Submission of continuing education roster.** LMFT's shall submit a Continuing Education Roster, on official Board forms, (not individual verification of attendance documents) with the license renewal fee. Rosters may be obtained from the LMFT office. The Continuing Education Roster shall include the name of the licensee, signature and signature date of the licensee, total clock hours of workshop(s), name of workshop(s), sponsoring agency of workshop, date of workshop, and the number of hours of each workshop. Only C.E. accrued in the preceding license renewal period is acceptable.

(i) **Audit of continuing education submissions.** In November of each year, the Board will randomly select from two (2) to twenty-five (25) percent of the number of LMFT's

on active status the previous year for an audit of their claimed Continuing Education credits. These selected LMFT's must then provide the Board with verification of all credits claimed on their Continuing Education Roster on or before the renewal deadline. The Board may, at its discretion, audit and require verification of any credits claimed which it may consider questionable or fraudulent.

(j) **Penalty for failure to submit continuing education.** Failure to fulfill the C.E. requirement by the renewal date renders the license in suspension. All rights granted by the license are null and void until the requirement is fulfilled and a late renewal fee is paid. The LMFT has 12 months from the date of suspension to become reinstated. If not reinstated, the license shall be revoked.

(k) **Submission of fraudulent continuing education.** The submission of fraudulent C.E. hours will be reviewed by the License Committee for disciplinary action and may result in suspension or revocation of license.

(l) **Responsibility.** The licensee is ultimately responsible for providing or arranging for sponsors to provide the information necessary for the Board to make a determination of the suitability of the program for continuing education requirements.

(m) **Continuing Education Rosters for LMFT Approved Supervisors.** (1) Effective January 1, 2020, approved LMFT Supervisors are required to complete a minimum of three (3) clock hours of continuing education in therapy supervision each renewal period. Approved Supervisor designation will not be renewed until the continuing education requirement for each missed renewal period is met.

(2) Every year, LMFT Approved Supervisors are required to submit three (3) hours of continuing education in therapy supervision on the LMFT Approved Supervisor Continuing Education Roster.

(3) The LMFT Approved Supervisor Continuing Education Roster shall include name of licensee, signature and signature date of licensee, total clock hours of workshop(s), name of therapy supervision workshop, sponsoring agency of workshop(s), date of workshop(s), and number of hours of each workshop.

(4) If continuing education requirement is not met within five (5) years of expiration, approved supervisor status will be permanently expired and the LMFT must ~~re-apply~~ apply and meet ~~the~~ the requirements in ~~the~~ the Subchapter ~~9~~, including the retaking of ~~86:15-9-3(B)~~ 86:15-9-3(a)(2)(B) to become an approved supervisor.

86:15-13-8. Licensure by endorsement

The Board may grant a license by endorsement, in accordance with Section 1925.9 of the LMFT Act.

(1) **Submission of Out-of-State License Verification Form.** An applicant for licensure by endorsement must submit the Out-of-State License Verification Form and may be required to submit a copy of the statute and rules of the agency issuing the license and the name and address of the licensing agency.

(2) **Licensing procedures.** An applicant must submit all application materials as described in OAC 86:15-5-2(b)(1), (2), (3), (5) and (6).

(3) The Board shall issue a license by endorsement to an applicant who is licensed or certified as a marital and family therapist in another jurisdiction and who meets the following:

(A) The applicant's marital and family therapy license in the other jurisdiction is active and in good standing with no history of suspension or revocation action against the license.

(B) The applicant fulfills the requirements of Section 1925.6 (A), (B), (C) of the LMFT Act;

(C) The applicant must have at least a masters degree in marital and family therapy, or in a mental health, behavioral science, or counseling related field, or a content-equivalent degree from a regionally accredited college or university;

(D) The applicant takes and passes the examination as provided in Section 1925.7, unless the applicant has passed a written, marital and family therapist examination that, in the judgment of the Board, is substantially equivalent to the examination established by the Board; and

(E) The applicant takes and passes the Oklahoma LMFT Examination.

(4) If the Applicant cannot meet the requirements of Paragraph (3) of this section, the Board shall issue a license by endorsement to an applicant who is licensed or certified as a marital and family therapist in another jurisdiction and who meets the following:

(A) The applicant's marital and family therapy license in the other jurisdiction is active and in good standing which allows the applicant to practice independently without supervision and shall have no history of suspension or revocation action against the license;

~~(B) The applicant must show proof of practice in marital and family therapy for five (5) years prior to application in Oklahoma;~~

~~(C)~~ The applicant fulfills the requirements of Section 1925.6 (A), ~~and~~ (B), ~~(C)~~ of the LMFT Act;

~~(D)~~ The applicant must have at least a masters degree in marital and family therapy or in a mental health, behavioral science, or counseling related field from a regionally accredited college or university;

~~(E)~~ The applicant takes and passes the Oklahoma LMFT Examination as described in OAC 86:15-7-2(2) of this Chapter.

~~(F)~~ The applicant meets the requirements in OAC 86:15-5-1(b).

(5) The applicant must meet the requirements in OAC 86:15-5-2(a), ~~(2)~~, ~~and~~ ~~(3)~~ ~~and~~ ~~(4)~~.

SUBCHAPTER 17. POST-MILITARY SERVICE OCCUPATION, EDUCATION, AND CREDENTIALING RULES

86:15-17-1. Education, training and experience completed as a member of the Armed Forces of the United States pursuant to 59 O.S. § 4100.4(A)

(a) If an applicant otherwise qualifies for licensure, the Board shall issue an appropriate license to applicants who present satisfactory evidence of equivalent education, training and experience completed by the applicant as a member of the Armed Forces or Reserves of the United States, National Guard of any state, the Military Reserves of any state, or the Naval Militias of any state.

(b) Active-duty military service members seeking to make application for licensure may do so without payment of application fee.

86:15-17-3. Reciprocal licensing of spouses of active-duty members of the Armed Forces of the United States

The procedure to expedite endorsement of licensure pursuant to Section 4100.5 of Title 59 of the laws of the State of Oklahoma for applicants who are licensed in another state and who are the spouse of an active-duty member of the Armed Forces of the United States is as follows:

(1) A license shall be issued to the applicant if the requirements for licensure of the other state are substantially equivalent to those required by this state;

(2) If specific licensure requirements in this state were not required in the state in which the Applicant was licensed, a temporary license for a set period of time shall be issued to Applicants to allow the person to work as a licensed marital and family therapist while completing those requirements.

(3) Applicants who are licensed in another state and who are the spouse of an active-duty member of the Armed Forces of the United States seeking to make application for licensure may do so without payment of application fee.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 25. LICENSURE BY ENDORSEMENT

86:20-25-1. Requirements for licensure by endorsement

~~(a)~~ The Board shall issue a license by full endorsement to an applicant who is licensed as a behavioral practitioner in another jurisdiction and who meets the following:

- (1) Possess a behavioral practitioner's license which is active and in good standing, with no history of suspension or revocation against license;
- (2) Fulfill the requirements of Section 1935 (A); and (B); ~~and (C)~~ of the Act;
- (3) Possess at least a masters degree from a program in psychology from a regionally accredited college or university; and
- (4) Pass the LBP State Standards Test; ~~and~~
- ~~(5) Pass the Practice Examination of Psychological Knowledge unless the applicant has passed a written examination that, in the judgment of the Board, is substantially equivalent to the examination established by the Board~~

~~(b) The Board shall issue a two (2) year, non renewable, license by endorsement to applicants seeking full endorsement who do not fulfill the requirements set forth in subsection 86:20-25-1(a) of this Chapter, under the following conditions:~~

~~(1) The applicant must show proof of continuous practice in counseling for five (5) years prior to application in Oklahoma;~~

~~(2) The applicant must show proof of behavioral practitioner license in the other jurisdiction is current and in good standing, with no history of suspension or revocation against the license;~~

~~(3) The applicant takes and passes the examinations as provided in subsection 86:20-17-1 of this Chapter; and,~~

~~(4) The applicant completes all deficient course work to meet the academic requirements as provided in subchapter 7 of this Chapter.~~

~~(e) The license by endorsement will expire after two years from the date of issue. Failure to fulfill the requirements as provided in this subsection, within the two (2) year licensure period, will require the applicant to fulfill licensure requirements set forth in Section 1935 (C)(2)(3) of the Act.~~

SUBCHAPTER 31. POST-MILITARY SERVICE OCCUPATION, EDUCATION AND CREDENTIALING RULES

86:20-31-1. Education, training and experience completed as a member of the Armed Forces of the United States pursuant to 59 O.S. § 4100.4(A)

(a) If an applicant otherwise qualifies for licensure, the Board shall issue an appropriate license to applicants who present satisfactory evidence of equivalent education, training and experience completed by the applicant as a member of the Armed Forces or Reserves of the United States, National Guard of any state, the Military Reserves of any state, or the Naval Militias of any state.

(b) Active-duty military service members seeking to make application for licensure may do so without payment of application fee.

86:20-31-3. Reciprocal licensing of spouses of active-duty members of the Armed Forces of the United States

The procedure to expedite endorsement of licensure pursuant to Section 4100.5 of Title 59 of the laws of the State of Oklahoma for applicants who are licensed in another state and who are the spouse of an active-duty member of the Armed Forces of the United States is as follows:

(1) A license shall be issued to the applicant if the requirements for licensure of the other state are substantially equivalent to those required by this state;

(2) If specific licensure requirements in this state were not required in the state in which the Applicant was licensed, a temporary license for a set period of time shall be issued to Applicants to allow the person to work as a licensed behavioral practitioner while completing those requirements.

GIST/ANALYSIS:

These rules amend the procedures by which Oklahoma Department of Commerce associates seek reimbursement for travel expenditures, the criteria for approval of these expenses, the review process for these expenses and the criteria for reimbursement of these expenses.

CONTACT PERSON:

B. Joshua McGoldrick, General Counsel and Chief of Staff, Oklahoma Department of Commerce, 900 N. Stiles Avenue, Oklahoma City, OK, 73104, 405-815-5153, josh.mcgoldrick@okcommerce.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 19. ACTUAL AND NECESSARY TRAVEL REIMBURSEMENTS

150:1-19-1. Actual and necessary expenses

(a) Allowable and approved actual and necessary expenses incurred by the Director and other employees of the Oklahoma Department of Commerce and others, authorized by the Director for the purpose of business recruitment, shall be reimbursed to such employee in accordance with the rules of this subchapter adopted pursuant to 74 O.S.; ~~500.18(B)(6)(a)~~ **500.18(B)(5)(A).**

(b) All requests for the use of actual and necessary expense reimbursement must be approved in advance by the ~~Agency~~ Director.

(c) Prior to review by the Director, an employee's request to travel under actual and necessary reimbursement shall be reviewed and approved by the requesting employee's immediate supervisor and division director ~~and the appropriate Assistant Director.~~

(d) Requests to travel under actual and necessary reimbursement shall be submitted on required Agency forms.

(e) The ~~Agency~~ Director shall notify the requestor of approval by returning the signed travel request form to him.

150:1-19-2. Criteria for approval

(a) Requests to travel under actual and necessary reimbursement shall be reviewed to determine if the travel is ~~justified in accordance with one or more of the following purposes: to further the Agency's priorities, Objectives and Strategies for national and international recruitment or export assistance.~~

~~(1) The travel is to further the Agency's Priorities, Objectives and Strategies for national and international recruitment or export assistance as set forth in the Agency's Annual Business Plan; or~~

~~(2) The travel is to further the Agency's Action Plans with regard to the priorities established for the national and international recruitment as set forth in the Agency's Annual Business Plan; or~~

~~(3) The travel is to further one of the Agency's Action Plans with regard to the priorities for export assistance as set forth in the Agency's Annual Business Plan.~~

~~(b) The Annual Business Plan is prepared in accordance with and mandated by 74 O.S. 5003.7(C).~~

~~(e) Requests to travel under actual and necessary reimbursement which do not meet one or more of the guidelines requirements set forth in this section shall be denied.~~

150:1-19-3. Review of expenses; criteria for reimbursement

(a) Expenses claimed for actual and necessary reimbursement shall be reviewed by the Director of the Oklahoma Department of Commerce and individually approved or disapproved.

(b) In reviewing expenses claimed for actual and necessary reimbursement, the following criteria shall be applicable:

(1) The purpose for which the travel was intended and requested was a qualified one as set out in 150:1-19-2.

(2) The expense shall be a reimbursable expense under the provisions of 74 O.S., 500.2 et seq. and the guidelines

provided by the Office of Management and Enterprise Services regarding reimbursable expenses.

(3) Expenses for laundry and dry cleaning are reimbursable only if the employee is in travel status more than seven (7) nights.

(4) Expenses for others must be verified by receipt. The receipt shall designate date of expense, to whom expense was paid (name of business or entity), for whom the expense was made, a brief explanation of the expenditure (i.e. lunch and tip, lodging, transportation charges), the business purpose of the expenditure (what was the nature of the business involved), and the dollar amount of the expense.

(5) Expenses for meals—~~or entertainment~~ for others shall be reimbursable if they are ordinary and necessary expenses incurred by economic developers. As provided in 26 U.S.C. 274(a)(1)(A), expenses must be directly related to or associated with, the active conduct of business. Expenditures must be on behalf of the company or individuals in whose name the travel claim has been submitted. Documentation as required in paragraph ~~(5)~~(4) of this section must reflect that the expense was incurred for more than a general expectation of some specific business benefit at some future time; and that business was engaged in during the meal and the main purpose of the combined business and meal was the active conduct of business.

(c) Employees, submitting requests for reimbursement under actual and necessary expenses, shall be required to provide all information necessary to enable the Financial Services Division of the Department to process the request.

SUBCHAPTER 9. INCENTIVES

150:35-9-2. Priority enterprise zone incentives

(a) An Enterprise Zone, as defined by 62 O.S. §690.2, is eligible for designation as a Priority Enterprise Zone, as defined by 62 O.S. §690.2, if it is located within a Federal Opportunity Zone.

(b) The Department shall use the following criteria for selection of Priority Enterprise Zones:

(1) The degree of need;

(2) Likelihood of success in attracting new economic growth;

(3) Evidence of local commitment; and

(4) Any other criteria the Director deems appropriate.

(c) The Priority Enterprise Zone status shall stay in effect as long as the Federal Opportunity Zone is in effect.

GIST/ANALYSIS:

This action is to amend the Quick Action Closing Fund rules to comport with statutory amendments allowing payment of rebates to high impact productions and further creates the ability for the executive director to establish a short term set aside for projects in smaller communities

CONTACT PERSON:

B. Joshua McGoldrick, General Counsel and Chief of Staff, Oklahoma Department of Commerce, 900 N. Stiles Avenue, Oklahoma City, OK, 73104, 405-815-5153, josh.mcgoldrick@okcommerce.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

150:140-1-1. Purpose and scope

(a) The purpose of these rules is to implement the Oklahoma Quick Action Closing Fund at the Oklahoma Department of Commerce.

(b) *All monies accruing to the credit of the fund are hereby appropriated and may be budgeted and expended by the Governor for the purposes of economic development and related infrastructure development in instances in which expenditure of such funds would likely be a determining factor in locating a high-impact business project or facility in Oklahoma, or in retaining such project or facility within the state or for payment of rebates to a high impact production pursuant to the Oklahoma Film Enhancement Rebate Program. Expenditures from the fund shall be made upon warrants issued by the State Treasurer against claims filed as prescribed by law with the Director of the Office of State Finance for approval and payment.* [62 O.S. § 48.2(B)]

150:140-1-3. Application process

(a) For the purpose of evaluating the applications, the Department will require all applicants interested in the Oklahoma Quick Action Closing Fund to submit an application in a form

prescribed by departmental guidelines as provided in the application packet. All applications will be required to contain sufficient information to permit the Department to comprehensively review the project proposal and determine if the project will result in a net economic benefit to the State of Oklahoma. The application for the Quick Action Closing Fund will be based upon the statutory mandates set forth in 62 O.S. § 48.2 and to provide the information required in 150:140-1-4.

(1) The Department will make available upon request application forms and application guidelines.

(2) The forms and guidelines will provide information that will assist applicants in their application preparation.

(3) The guidelines and forms set forth shall apply to all applications and awards made in the program year corresponding with the application and application guidelines packet.

(b) *In order to qualify for any funds from the Oklahoma Quick Action Closing Fund, the establishment making application shall be engaged in a business activity described by a North American Industry Classification System (NAICS) Code used to define eligibility for incentive payments from the Oklahoma Quality Jobs Program Act as defined in Section 3603 of Title 68 of the Oklahoma Statutes or a business activity described by Section 3603 of Title 68 of the Oklahoma Statutes or be engaged in a "basic industry" used to define eligibility for incentive payments from the 21st Century Quality Jobs Incentive Act as prescribed by Section 3913 of Title 68 of the Oklahoma Statutes or a high impact production company which has been approved for a rebate pursuant to the provisions of Section 3624 of Title 68 of the Oklahoma Statutes.* [62 O.S. § 48.2(C)]

(c) ~~The application~~ Applications other than those from high impact production companies which ~~has~~ have been approved for a rebate ~~needs to~~ shall include a full and complete description of the project which includes the following:

(1) The number of jobs to be created if the project is a new or existing company;

(2) The number of jobs to be retained if the project is an existing company;

(3) The average salary of jobs to be created or retained by the company;

(4) The latest audited financial statements of the company including the credit rating of the company if it has issued publicly held debt;

(5) The total capital investment to be made by the company;

(A) Sources of the capital investment; and

(B) If the investment is secured or if applications/solicitations are pending.

(6) The relative likelihood of other business enterprises locating within the same vicinity or within the state as a result of the company's location or expansion as a result of payments from the Oklahoma Quick Action Closing Fund;

(7) The relative impact on the economy of the area or community in which the company is or will be conducted;

(8) The location of the project;

- (9) Any needed infrastructure improvements at the project site for the project to go forward;
- (10) All investment, both in kind and monetary, from local governmental units in support of the project;
- (11) The history of the company including date and location of establishment, and significant accomplishments of the company; and
- (12) North American Industries Classification System ("NAICS") code for qualifying business activity;
- (13) Any other information deemed relevant by the Department.

(d) An application for payment of a rebate to a high impact production pursuant to the Oklahoma Film Enhancement Program shall include:

- (1) Proof that the production has been designated as a high impact production as defined in 68 O.S. §3623;
- (2) Proof that the production has been approved or otherwise prequalified for a rebate pursuant to the Oklahoma Film Enhancement Rebate Program detailed in 68 O.S. §3624;
- (3) Any other information deemed relevant by the Department.

150:140-1-4. Award process

(a) *The Oklahoma Department of Commerce shall administer the Oklahoma Quick Action Closing Fund, and expenditures from the fund shall be recommended by the Director of the Oklahoma Department of Commerce to the Governor after a thorough evaluation of selected projects or facilities or after a rebate is approved for payment to a high impact production company pursuant to the provisions of Section 3624 of Title 68 of the Oklahoma Statutes. Except for rebates approved pursuant to the provisions of Section 3624 of Title 68 of the Oklahoma Statutes, the* ~~The~~ *Director of the Oklahoma Department of Commerce shall only recommend expenditures that the Director determines are expected to result in a net economic benefit to the state through the following:*

- (1) *The creation of new jobs which offer a basic health benefit plan, as defined in the Oklahoma Quality Jobs Program Act;*
- (2) *The maintenance of existing jobs which are at a risk for termination;*
- (3) *Investment in new real property, plant or equipment or in the improvement or retooling of existing plant or equipment; or*
- (4) *Additional revenues in either ad valorem, income or sales and use taxes. [62 O.S. § 48.2(E)]*

(b) *The Governor will make the funding decision, after review of the recommendation and evaluation submitted by the Director of the Oklahoma Department of Commerce.*

(c) ~~The~~ Except in the case of a high impact production company which has been approved for a rebate pursuant to the provisions of Title 68 of the Oklahoma Statutes, the ~~Gov-~~ ernor shall not approve payments from the Oklahoma Quick Action Closing Fund unless the Department of Commerce has conducted a complete analysis of the potential impact of the applicant's business activity which shall include, but not be limited to:

- (1) *The number of jobs to be created by a new business establishment;*
- (2) *The number of jobs to be retained by an existing business establishment;*
- (3) *The average salary of jobs to be created by a new establishment;*
- (4) *The average salary of jobs to be retained by an existing business establishment;*
- (5) *The total capital investment to be made by the business establishment;*
- (6) *The likelihood of other business establishments locating within the same vicinity or within the state as a result of the business activity to be conducted by the entity to receive payments from the Oklahoma Quick Action Closing Fund;*
- (7) *The impact on the economy of the area or community in which the business activity of the applicant is or will be conducted; and*
- (8) *Such other factors as the Governor and the Department of Commerce determine to be relevant. [62 O.S. § 48.2(D)]*

(d) The Director of the Oklahoma Department of Commerce may consider the following factors when determining whether to recommend expenditures from the Closing Fund to a high impact production company:

- (1) The amount of money available in the fund for payment of rebates;
- (2) The amount of the anticipated rebate;
- (3) The anticipated economic impact to the State of the production;
- (4) The degree of net benefit or net cost to the State of the production;
- (5) Any other factor that the Director deems relevant to the Governor's funding decision.

(e) At the beginning of each fiscal year, the lesser amount of five hundred thousand dollars (\$500,000.00) or twenty percent (20%) of the available funds held within the closing fund may be set aside by the Director for qualified expenditures affecting cities, towns or unincorporated rural areas, the population of which does not exceed fifty thousand persons according to the most recent Decennial Census. This set aside shall expire and become available for all otherwise permissible uses on January 1st of the fiscal year. This provision shall in no way be construed to limit the amount of funds that can be expended from the Quick Action Closing Fund for projects affecting these communities.

150:140-1-5. Award Agreement

(a) *Upon approval by the Governor, the Oklahoma Department of Commerce shall enter into an agreement that sets forth the conditions for payment of monies from the Oklahoma Quick Action Closing Fund. The agreement must include:*

- (1) *The total amount of funds awarded;*
- (2) ~~The~~ Except in the case of a rebate approved for payment to a high impact production company pursuant to the provisions of Section 3624 of Title 68 of the Oklahoma Statutes, the ~~performance~~ conditions that must be met to obtain the award; including, but not limited to,

Permanent Final Adoptions

net new employment in the state, average salary, and total capital investment;

(3) *If appropriate, a baseline of current service and measure of enhanced capability;*

(4) *The methodology of validating performance;*

(5) *The schedule of payments from the fund, and claw-back provisions for failure to meet performance conditions; and*

(6) *A requirement that no monies paid from the Oklahoma Quick Action Closing Fund shall be used by a recipient or any other person or entity for purposes of any political contribution to or on behalf of any candidate or for the support of or opposition to any measure including but not limited to an initiative petition or referendum. [62 O.S. § 48.2(H)]*

(b) *If any or all of the amount to be awarded is used to build a capital improvement, except in the case of an amount approved for payment to a high impact production company pursuant to the provisions of Section 3624 of Title 68 of the Oklahoma Statutes:*

(1) *The funds used for the capital improvement shall be deemed to be held in trust for the benefit of the state and shall be considered as a priority claim for purposes of federal bankruptcy law; and*

(2) *If the capital improvement is sold, the recipient of the award shall:*

(A) *repay the state the money awarded to pay for the capital improvement, with interest at the rate and according to the other terms provided by the agreement, and*

(B) *share with the state a proportionate amount of any profit realized from the sale. [62 O.S. § 48.2(J)]*

(c) *If, as of the date certain provided in the agreement, the award recipient has not used monies awarded for the intended purposes, the recipient shall repay that amount and any related interest to the state at the agreed rate and on the agreed terms and any such amounts shall be deemed to be held in trust for the benefit of the state and shall be considered as a priority claim for purposes of federal bankruptcy law. [62 O.S. § 48.2(K)]*

These rules set out the procedures by which the Oklahoma Department of Commerce shall evaluate applications pursuant to the Oklahoma Economic Development Pooled Finance Act and by which applicants may apply to access the Infrastructure, Economic Development and Public-Private Partner Development Pools.

CONTACT PERSON:

B. Joshua McGoldrick, General Counsel and Chief of Staff, Oklahoma Department of Commerce, 900 N. Stiles Avenue, Oklahoma City, OK, 73104, 405-815-5153, josh.mcgoldrick@okcommerce.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. GENERAL

150:145-1-1. Purpose and scope

The purpose of these rules is to implement the Oklahoma Economic Development Pooled Finance Act at the Oklahoma Department of Commerce.

150:145-1-2. Definitions

The following words and terms, when used in this chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Department" means the Oklahoma Department of Commerce.

"Economic development pool" means proceeds of obligations sold by the Authority to provide resources for eligible local government entities or a local government entity in conjunction with a for-profit business entity to finance an eligible

economic development project or other purposes authorized by this act. [62 O.S. 891.3(9)]

"Infrastructure pool" means the proceeds of obligations sold by the Authority to provide resources for eligible local government entities to provide financing for infrastructure or other purposes authorized by this act.[62 O.S. 891.3 (14)]

"Public-private partner development pool" means proceeds of obligations sold by the Oklahoma Development Finance Authority to provide resources for eligible local government entities to provide financing for infrastructure in conjunction with for-profit business entities and federal government defense entities or any other purpose authorized by this act. [62 O.S. 891.3 (17)]

150:145-1-3. Applications

For the purpose of evaluating applications, the Department will require all applicants interested in the Infrastructure Pool, the Economic Development Pool, or the Public-Private Partner Development Pool to submit an application in a form prescribed by departmental guidelines as provided in the application packet. All applications will be required to contain sufficient information to permit the Department to comprehensively review the project proposal and determine whether or not the project meets the statutory requirements and to evaluate the project under the relevant scoring system.

- (1) The Department will make available upon request application forms and application guidelines.
- (2) The forms and guidelines will provide information that will assist applicants in their application preparation.
- (3) The guidelines and forms set forth shall apply to all applications and awards made in the program year corresponding with the application and application guidelines packet.

SUBCHAPTER 2. INFRASTRUCTURE POOL

150:145-2-1. Criteria

Funds obtained from the Infrastructure Pool may be used for the acquisition, construction, reconstruction, repair, rehabilitation or installation of Infrastructure, as defined in 62 O.S. §891.3, and carried out by the recipient or other public entities.

150:145-2-2. Scoring system

(a) The Department shall develop a scoring system in order to evaluate potential projects which may be eligible for pooled financing from the infrastructure pool. This scoring system shall include, but not be limited to, the following factors:

- (1) Capital investment by eligible local governmental entities as defined in 62 O.S. §891.3;
- (2) Amount and type of benefit to low and moderate income persons;
- (3) Whether or not the improvement will contribute significantly to the safety, health, or welfare of the residents of the area;

(4) Whether or not the area is in a Federally-designated Empowerment Zone or Enterprise Community or Opportunity Zone;

(5) Whether or not the infrastructure improvement would allow the local government entities create jobs;

(6) Whether or not the infrastructure improvement would allow the local governmental entities to retain jobs that would likely be lost without the funds;

(7) Whether or not the infrastructure project provide or significantly improve locally owned broadband internet lines and/or facilities; and

(8) Any other factor(s) deemed relevant by the Department.

(b) This scoring system shall only be used as necessary to prioritize the funding of qualified infrastructure pool projects.

SUBCHAPTER 3. ECONOMIC DEVELOPMENT POOL

150:145-3-1. Scoring system

The Department shall develop a scoring system in order to evaluate potential projects which may be eligible for pooled financing from the economic development pool. The scoring system shall include, but not be limited to, the following factors:

- (1) Capital investment by a for-profit business entity or entities;
- (2) New direct jobs as such term is defined by 68 O.S. §3603, to be created by a for-profit business entity or entities;
- (3) Salary and wage payments to persons employed in new direct jobs;
- (4) Likelihood of additional business location decisions resulting from the activity of the for-profit business entity or entities that would benefit from the use of the economic development pool;
- (5) Capital investment by governmental and/or not for profit entities;
- (6) The amount and degree of net benefit to be had by the State from completion of the project;
- (7) Whether or not the local government entity or for-profit business entity is a participant in any other projects governed by the Oklahoma Economic Development Pooled Finance Act; and
- (8) Any other factor(s) deemed relevant by the Department.

SUBCHAPTER 4. PUBLIC-PRIVATE PARTNER DEVELOPMENT POOL

150:145-4-1. Criteria

Funds obtained from the Public-Private Partner Development Pool may be used for the acquisition, construction, reconstruction, repair, rehabilitation or installation of infrastructure

Permanent Final Adoptions

owned by an eligible local government entity, as defined in 62 O.S. §891.3.

150:145-4-2. Scoring system

The Department shall develop a scoring system in order to evaluate potential projects which may be eligible for pooled financing from the Public Private Partnership Pool. The scoring system shall include, but not be limited to:

- (1) Capital investment by one or more for-profit business entities and/or federal government defense entities;
- (2) Additional capital investment by one or more local government entities;
- (3) New direct jobs as defined 68 O.S. §3603, to be created by a for-profit business entity or entities;
- (4) Salary and wage payments to persons employed in new direct jobs;
- (5) The likelihood of additional business location decisions resulting from the activity of the for-profit business entity or entities that would benefit from use of the Public-Private Partner Development Pool;
- (6) The amount and degree of net benefit to be had by the State from completion of the project;
- (7) Whether or not the local government entity or business entities is a participant in other projects governed by the Oklahoma Economic Development Pooled Finance Act; and
- (8) Any other factor(s) deemed relevant by the Department.

GIST/ANALYSIS:

Gist: The proposed changes provide fee waivers for active duty military and their spouses as well as a one-time low income fee waiver.

Analysis: No fees are established or changed by the proposed rules. The purpose of the amendments to 158:1-3-10 is due to legislation that was passed (SB 670) which provides a fee waiver to active duty military and their spouses; amendments also clarify licensure requirements. Amendments in 158:1-3-13 are due to legislation that was passed (HB 2933) providing a one-time low income fee waiver.

CONTACT PERSON:

Stephanie Brown, Board Secretary/Executive Assistant, 405-521-6550.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 3. GENERAL OPERATION AND PROCEDURES

158:1-3-10. Acceptance of Military education, training, and experience toward qualification for licensure or endorsement examination

(a) ~~Licensure or endorsement - post-military service. In accordance with 59 O.S. § 4100.4 of the Post Military Service Occupation, Education and Credentialing Act, the related trade committee and the~~ The Board shall, upon satisfactory evidence of substantially equivalent education, training and experience by an applicant for licensure, registration, or endorsement, accept the education, training and experience completed by the applicant as a member of the Armed Forces or Reserves of the United States, National Guard of any jurisdiction, the Military Reserves of any jurisdiction, or the Naval Militias of any jurisdiction, and apply it in the manner most favorable toward satisfying the applicant's qualifications for examination and license or endorsement issuance.

(1) An applicant applying under this paragraph must complete and submit the following:

(A) Appropriate application(s).

(B) Satisfactory evidence of education, training and experience obtained by the applicant as a member of the military Armed Forces or Reserves of the United States.

(C) License, registration, or endorsement certification(s) from jurisdiction(s) in which the applicant has held or currently holds a license, registration, or endorsement, if applicable.

(D) Criminal history background application, finger print card and fee, if applicable.

(E) Successful completion of the appropriate examination.

(2) An Oklahoma license or registration will be issued within thirty (30) days if applicant is licensed or registered and in good standing in another state upon receipt of completed application and presentation of satisfactory proof of equivalency.

(b) **Military spouse applicant - equivalency.** ~~In accordance with 59 O.S. § 4100.5 the~~ The Board shall issue the individual an equivalent license, registration, or endorsement in an equivalent category if, ~~in the opinion of the related trade committee,~~ the requirements for licensure, registration, or endorsement of the other state are substantially equivalent to those required by this state, and the applicant:

- (1) is actively licensed or holds active registration or endorsement in another state;
- (2) is the spouse of an active-duty member of the Armed Forces or Reserves of the United States;
- (3) has a spouse subject to a military transfer to this state; and
- (4) left employment in another state to accompany their spouse to this state.

(c) **May be required to meet additional requirements.** If, in the opinion of the related trade committee, there is a question as to the competence of the previously licensed, registered, or endorsed applicant, the individual may be required to meet additional educational courses and/or successfully complete the required examination.

(d) **Meeting licensure requirements.** Nothing in the Military Service Occupation, Education and Credentialing Act shall be construed to require the issuance of any license or registration to an applicant who does not otherwise meet the stated eligibility standards, criteria, qualifications or requirements for licensure or registration, nor shall the provisions be construed to automatically allow issuance of any license or registration without the required examination, without proper consideration by the licensing and examination board, or without proper verification that the applicant is not subject to pending criminal charges or disciplinary actions, has not been convicted of any offense prohibiting licensure or registration, and has no other impairment which would prohibit licensure or registration in this state.

(e) **Active duty and spouse of active duty application.** Every active duty military personnel and their spouse who is licensed or registered in another state, upon receiving notice or orders for military transfer or honorable discharge to Oklahoma may in advance of actual transfer or discharge submit a completed application to the Construction Industries Board requesting a license or registration based on their currently held valid license or registration from another state or territory of the United States so such person may upon entering Oklahoma be authorized to continue their licensed or registered occupation without delay.

- (1) Upon receipt of an active duty military application submitted as outlined above and presentation of satisfactory evidence of equivalent education, training and experience on such valid license or registration from another state, the Construction Industries Board can accept the

valid license or registration and apply all its education, training and experience in the manner most favorable toward satisfying the qualifications for issuance of the requested license or registration in Oklahoma, and shall issue the requested Oklahoma license or registration within thirty (30) days provided the license or certification from the other state is found to be in good standing and reasonably equivalent to the requirements of this state.

(2) A license or registration issued pursuant to 59 O.S. § 4100.8 shall be valid for the same period as authorized for full license or registration in this state, unless the person is notified that there is cause for a denial of the application or that certain documentation required by Oklahoma is lacking or unavailable. In such case, a temporary credential shall be issued to allow the person time to obtain the necessary requirement while continuing to be employed in his or her occupation or profession in this state. Any active duty military applicant receiving a notice of denial of full licensure or registration shall have the right to appeal the denial determination as provided in the Administrative Procedures Act or to obtain and submit the documentation required to complete full license or registration requirements in this state.

(3) Each credentialing authority in this state shall waive the application fee for active duty military personnel and their current spouse and shall further waive the license or certificate fees for the first period of issuance for such temporary, reciprocal or comity license or certificate.

(4) Any active duty military personnel who pursuant to any federal or military law, rule or regulation is not required to be licensed or credentialed while employed and performing their occupation or profession only on the premises of an assigned military base shall not be required to be licensed or credentialed in this state pursuant to the same law, rule or regulation.

158:1-3-13. Reciprocity, exam equivalency, and portability of licensure and registration and one time low-income license fee waiver

(a) **Reciprocity.** Pursuant to the Construction Industries Board Act and trade licensing and registration acts administered by the Board, the Board may enter into reciprocity agreements with another state or jurisdiction, upon a satisfactory showing that the requirements for obtaining a license by examination in Oklahoma are deemed by the Board to be substantially the same or equivalent to the requirements of the other jurisdiction's original license by examination. A current Oklahoma reciprocity agreement allows Oklahoma and another jurisdiction, to reciprocate by license type and category, without the Oklahoma licensee or the in-coming applicant being required to meet any additional requirement in either jurisdiction.

(b) **Exam equivalency.** To allow licensees to have more portability of their license, one who is seeking Oklahoma licensure may be eligible for exam equivalency in the category of their home jurisdiction license by examination. The Board

Permanent Final Adoptions

may enter into exam equivalency agreements with another state or jurisdiction concerning an examination requirement of a license upon a satisfactory showing that the examination in Oklahoma and the other jurisdiction is deemed by the Board to be an equivalent examination. After there is an approved exam equivalency agreement with the jurisdiction, applications may be accepted from that jurisdiction showing proof of successfully passing the exam. Proof of continuous licensing in good standing from time of examination is required. A current examination equivalency agreement allows another jurisdiction's exam, that is evaluated by a trade Committee to be equivalent to Oklahoma's exam for the same license type and category, to be approved by the Board and accepted for the exam requirement in Oklahoma. Exam equivalency only applies to the examination requirement of a license, therefore all other requirements for that license type and category must still be completed to obtain a license in Oklahoma.

(c) One time low-income fee waiver. An individual may be eligible to obtain a one-time one-year fee waiver if the individual completes a request form and provides proof of one of the following requirements: enrolled in the Temporary Assistance for Needy Families, Medicaid, Supplemental Nutrition Assistance Program or other similar state or federal public assistance program, or whose household adjusted gross income is below one hundred forty percent (140%) of the federal poverty line or a higher threshold to be set by the executive branch department that oversees business regulation.

GIST/ANALYSIS:

Gist: The proposed changes to the Plumbing Industry Regulations amend and add language clarifying existing rules and authority; provide additional clarification regarding surety bonds; and clarifies statutory changes as a result of SB 670 and HB 2933.

Analysis: The proposed amendment to 158:30-1-2 adds two definitions for clarification; the proposed amendment to 158:30-1-3 adds clarification to the rule regarding the role of a plumbing contractor or journeyman. The proposed amendment to 158:30-5-1 clarifies apprentice plumber registration and journeyman plumber license information and the proposed amendment to 158:30-5-2 provides clarification related to the process for surety bonds. Proposed amendments to 158:30-9-1 are related to SB 670 and provide a fee waiver for active military and their spouses and amendments to 158:30-9-2 provides a one-time low income fee waiver related to HB 2933. The proposed amendment to 158:30-11-2 provides further clarification for the public.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

158:30-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Act" means the Plumbing License Law of 1955 as found at 59 O.S. § 1001, *et seq.*, as amended.

"Administrator" means the Administrator of the Board as described in the Construction Industries Board Act found at 59 O.S. § 1000.1, *et seq.*

"Applicant" means any person applying for an examination, for a license or registration, for continuing education approval, for review of plans and specifications or for a plumbing code variance from the standard of installation as described in OAC 158:30-1-4 by the Construction Industries Board under the Act.

"Apprentice" or "Plumber's Apprentice" means any person sixteen (16) years of age or older who, as the principle occupation of the person, is registered pursuant to OAC 158:30-5-1(a) and engaged in learning and assisting in the installation of plumbing under the direct supervision of a licensed journeyman plumber or plumbing contractor.

"Board" means the Oklahoma Construction Industries Board.

"Bonds and Insurance Unit" means the consolidated unit that processes bonds and insurance under the direction of the Construction Industries Board.

"Cheating" means any unapproved deviation from any official instruction given before, during or after a license examination, for the purpose of affecting or influencing the examination results or otherwise providing an undue advantage to any examinee.

"Committee" means the Committee of Plumbing Examiners.

"Contracting" means engaging or offering to engage in, on behalf of oneself or on behalf of another, any plumbing work which requires a valid and appropriate license from the Construction Industries Board as required by the Plumbing License Law of 1955, regardless if said work is in exchange for monetary payment or otherwise.

"Credit Hour" or **"Hour"** means at least fifty (50) minutes of classroom instruction with a ten (10) minute break.

"Direct supervision" means the on-the-job physical presence by the supervisor who must be in the work area where the plumbing work is being performed and who also must be a licensed plumbing contractor or plumbing journeyman in the appropriate category for any plumbing work supervised.

"Farm Operations"

(A) For purposes of the Plumbing License Law, "farm" means land devoted primarily to production for sale of livestock or agricultural commodities in sufficient quantity to be capable of contributing materially to the operator's support.

(B) For purposes of the Plumbing License Law, "farm building" means all homes (i.e., domiciles, residences), or buildings therewith designed and used primarily for and in conjunction with conducting farming operations, provided that said buildings are not connected to a public water and/or sewage system. A "farm building" shall not include other structures such as stores, service stations, schools, motels, or any other building having public access, whether connected to private or public water or sewer systems.

"Hearing Board" means the Plumbing Hearing Board.

"Maintenance of state owned or operated facilities" means maintenance of state institutions and school districts and will be construed as all repair and/or upkeep of existing plumbing or plumbing fixtures within existing state owned buildings or local school district owned buildings. This term shall not include the installation of plumbing in a new building or new additions to existing structures or replacement of plumbing systems in existing buildings.

"Oklahoma Uniform Building Code Commission" or **"OUBCC"** means the state agency created under 59 O.S. § 1000.20, *et seq.*, and authorized to adopt all building codes and standards for residential and commercial construction to be used as minimum standards by all entities within this State.

"Plumbing" means and includes:

(A) all piping, fixtures, appurtenances and appliances for, and in connection with, a supply of water

within or adjacent to any building, structure, or conveyance, on the premises and to the connection with a water main or other source of supply;

(B) all piping, fixtures, appurtenances and appliances for sanitary drainage or storm drainage facilities, including venting systems for such facilities, within or adjacent to any building, structure, or conveyance, on the premises and to the connection with a public disposal system or other acceptable terminal;

(C) the installation, repair, maintenance and renovation of all piping, fixtures, appurtenances and appliances for a supply of water, or for the disposal of waste water, liquid waste, or sewage within or adjacent to any building, structure, or conveyance, on the premises and to the source of supply of water or point of disposal of wastes;

(D) the original installation of a water softener but not the exchanging of the units whereby only unions are disturbed in the replacement;

(E) the installation of water services and building sewers; and

(F) sewer cleaning-house sewer maintenance.

"Plumbing License Unit" means the staff and administrative support unit to the Committee of Plumbing Examiners and the Plumbing Hearing Board.

"Property of Residence" means permanently constructed residential property that is an existing single-family dwelling occupied by the individual owner as a primary dwelling where the individual owner's habitation is fixed.

"Reciprocity agreement" means an agreement whereby a person holding a plumber's license or registration who is licensed in another state with substantially similar or greater licensure requirements may be licensed in this State after payment of a fee for licensing by reciprocity.

"Variance" means the use of an alternative material or method of construction from that prescribed in the standard of installation as described in OAC 158:30-1-4 for use at a particular location or project specified in the variance application; and

"Variance and Appeals Board" means the Oklahoma State Plumbing Installation Code Variance and Appeals Board.

"Verifiable Experience" means plumbing experience, for which one (1) year of verifiable experience equals two thousand (2000) hours, may be obtained while employed by a licensed plumbing contractor, or by other means approved by the Committee of Plumbing Examiners including equivalent experience earned while serving in the military.

158:30-1-3. License and registration requirement

(a) No person, on his or her own behalf or on behalf of a plumbing firm, shall engage or offer to engage in, by advertisement or otherwise, any plumbing work who does not possess a valid and appropriate license or registration from the Construction Industries Board pursuant to this Chapter.

(b) Any changes in address, business relationship, structure or affiliation shall be reported in writing to the Oklahoma

Permanent Final Adoptions

Construction Industries Board within thirty (30) days of such change.

(c) No person shall act in the capacity as a foreman, supervisor or superintendent, regardless of job title, over any plumbing work on behalf of a plumbing contractor unless such person possesses a valid plumbing contractor or journeyman license from the Construction Industries Board.

SUBCHAPTER 5. LICENSE TYPES, BOND REQUIREMENTS, AND DISPLAY OF LICENSE NUMBER AND FIRM NAME

158:30-5-1. License and registration types

(a) **Apprentice plumber registration.**

(1) Apprentice plumbers when engaged in plumbing must be under the direct supervision of a licensed plumber when engaged in plumbing who are both employed by the same plumbing contractor.

(2) A maximum of three (3) apprentice plumbers can work under the supervision of a licensed plumber.

(3) Apprenticeship registration is effective upon the posting of the application and evidence of such posting shall be a copy of the executed application form with proof of tender of the proper fee which may serve as evidence of registration for a period not to exceed thirty (30) days.

(4) The apprentice will be registered for a one (1) year period if a completed application form with the apprentice application and registration fee listed in OAC 158:30-9-2(b) is submitted to the Plumbing License Unit along with verification of enrollment in an approved school or training course or a statement of employment by the licensed plumbing contractor who arranged for employment of the apprentice.

(5) When re-registering, the application fee is only required with the registration fee when the registration application is not filed within thirty (30) days of the expiration of previous registration.

(b) **Journeyman plumber license.**

(1) To engage in the act of plumbing, a journeyman plumber must be employed ~~or~~ and supervised by a licensed plumbing contractor, who may operate as an individual, a firm, partnership, limited liability company, or corporation, or other legal entity to engage in the business of plumbing, or the business of contracting to do plumbing.

(2) A journeyman shall not contract or furnish labor and/or labor and materials.

(c) **Plumbing contractor license.** Plumbing contractors must notify their surety of any municipalities wherein plumbing work will be performed.

158:30-5-2. Insurance and bond requirements

(a) Unless as otherwise provided in (b) of this Section: Each active plumbing contractor must maintain a five thousand dollar (\$5,000.00) corporate surety bond, payable to the Board on the Board's call upon the bond, and must cause the surety

to ~~deposit~~ file a copy of such bond with the Plumbing Licensing Unit.

(b) An active plumbing contractor may also satisfy the requirements of (a) of this Section by depositing filing with the Plumbing Licensing Unit, documentation demonstrating cash funds securely held for bonding purposes equivalent to a corporate surety bond of either the sum of \$5,000 cash, or a certificate of deposit in the sum of \$5,000 so held for bonding purposes and payable to the order of the Plumbing Licensing Revolving Fund Board on the Board's call upon the bond.

(c) Failure to maintain a corporate surety bond in effect shall constitute an inactive contractor status of a bonded plumbing contractor license immediately upon the expiration of such bond.

(d) A corporate surety bond may be accepted from any surety authorized to do business in the State of Oklahoma. It shall continue in effect until thirty (30) days have elapsed after the Bond and Insurance Unit is notified by the surety of the cancellation of such bond, unless the bond expired on a date certain on its face.

(e) A bond or other surety filed in accordance with (a) of this Section shall be in lieu of filing a bond with each municipality where the plumbing contractor works, and shall be conditioned upon all the following terms:

(1) Plumbing contractors shall faithfully and properly conduct business in compliance with applicable statutes, rules of the Oklahoma Construction Industries Board, and with all the applicable ordinances of the municipality in which plumbing work is performed.

(2) Plumbing contractors shall pay all fines and penalties imposed by penalty orders of the Board and fines and penalties imposed by courts of competent jurisdiction for the violation of municipal ordinances. The Board may seek payment through the surety bond of any fines or penalties, which the licensee fails to pay.

(3) In lieu of a corporate surety, an active plumbing contractor may deposit with the Bonds and Insurance Unit the required amount in lawful money or negotiable bonds of the United States, accompanied by a written instrument, to be approved by the Construction Industries Board, executed and acknowledged by the active plumbing contractor, and setting forth the conditions upon which the deposit is made. When the true owner is other than the active plumbing contractor making the deposit, the instrument shall so state and shall also be executed and acknowledged by the true owner. Upon exoneration, the instrument and deposit may be returned by the Bonds and Insurance Unit to the depositor or the true owner, if the depositor is other than the named true owner, after application of the deposit to claims made pursuant to this Section.

(4) Notwithstanding any provision of a security instrument to the contrary, every surety or depositor of security subjects himself or herself to the jurisdiction of the Construction Industries Board and irrevocably appoints the Administrator as his or her agent upon whom any papers affecting his or her liability may be served. Every surety or depositor of security consents to his or her liability being joint and several. Consequently, judgment may be entered

against the surety, or depositor of security, in accordance with his or her obligation simultaneously with judgment against the principal, and execution may thereupon issue.

(5) Plumbing contractors shall protect, save harmless and indemnify the State and municipalities against any liability imposed by law against the State and municipalities for the negligence of said contractor arising from any act or omission while engaged in work pursuant to the Plumbing License Law.

(6) Any aggrieved person may bring an action upon the bond for the recovery of penalty thereof to the same extent and with equal rights as though such aggrieved person had been named as the obligee in the bond.

(7) For purposes of this Section, the term plumbing contractor also includes the agents, servants, and employees of a plumbing contractor.

(f) Exceptions. The bond and insurance requirement will be waived if:

(1) The plumbing contractor wishes to be inactive. A contractor may choose to place his or her license on inactive status and may practice as a journeyman but shall not practice as an active contractor. The inactive contractor can obtain an active license at any time if his or her license is valid and the bond and insurance requirements are met; or

(2) The plumbing contractor is employed by a corporation, partnership, public entity, or political subdivision and said corporation, partnership, public entity or political subdivision submits an affidavit on behalf of the contractor that the employee will only perform plumbing work on property owned by said corporation, partnership, public entity, or political subdivision and the employer assumes all financial responsibility in lieu of the contractor providing bond and insurance. The affidavit must include a statement by the employer that the Board will be notified if the contractor is no longer employed by said employer, or if the employer no longer wishes to assume financial responsibility for the contractor.

(g) Insurance. A plumbing contractor shall provide proof of financial responsibility by providing a certificate of insurance, which indicates a minimum general liability policy of \$50,000. The Construction Industries Board must be notified in the event such liability policy is cancelled for any reason or expires for non-payment of premiums. Plumbing contractors are to add the Construction Industries Board to the certificate as a certificate holder but not as an additional insured and with no additional cost to ensure required notification.

(h) Failure to provide the complete information with current bond and insurance certificate or failure to maintain bond and insurance will result in an inactive plumbing contractor's license being temporarily issued until such time as the requirements are met.

SUBCHAPTER 9. EXAMINATION PROCEDURES, LICENSE AND REGISTRATION FEES AND DURATION OF LICENSES

158:30-9-1.1. Acceptance of Military education, training and experience toward qualification for licensure examination

(a) **Licensure - ~~post~~-military service.** See OAC 158:1-3-10 for provisions related to the application of substantially equivalent education, training, and experience completed as a member of the Armed Forces or Reserves of the United States, National Guard of any jurisdiction, the Military Reserves of any jurisdiction, or the Naval Militias of any jurisdiction toward satisfying the qualifications for examination and license or registration issuance.

(b) **Military spouse applicant—~~equivalency~~.** See OAC 158:1-3-10 for provisions related to issuance of ~~an equivalent~~ a license or registration in an equivalent category for the spouse of an active-duty member of the Armed Forces or Reserves of the United States.

158:30-9-2. Fee schedule for contractors, journeymen, and apprentices

(a) **Examination fees for contractors and journeyman.** The Construction Industries Board, or its designated representative, may collect for the actual cost of any examination provided by this Chapter. The cost for each such examination referenced in OAC 158:30-9-1 shall be posted in plain view at the testing site that provides and administers the examination. Every person whose application for examination is approved shall be informed of the specific fee prior to setting for the examination. The unit testing fee shall be the amount negotiated by the Administrator in accordance with the provisions of the Oklahoma Central Purchasing Act, but cannot exceed the maximum allowable fee provided in 59 O.S. § 1000.5(A)(2). Documentation confirming the contractual fee shall be available upon request.

(b) **Licensing, registration and application fee schedule for contractors, journeyman, and apprentices.** The licensure, application, registration and annual renewal fees shall be as follows:

- (1) contractors application - \$30.00
- (2) initial contractor license - \$300.00
- (3) renewal contractor license - \$200.00
- (4) renewal contractor late fee - \$100.00
- (5) journeyman application - \$25.00
- (6) initial journeyman license - \$50.00
- (7) renewal journeyman license - \$75.00
- (8) renewal journeyman late fee - \$25.00
- (9) apprentice application - \$5.00
- (10) apprentice registration - \$20.00

(c) **One time low-income fee waiver.** See OAC 158:1-3-13(c) regarding eligibility on a one-time, one-year fee waiver.

SUBCHAPTER 11. LICENSE REVOCATION OR SUSPENSION AND PROHIBITED ACTS

Permanent Final Adoptions

158:30-11-2. Prohibited acts

- (a) No person, entity, or firm may engage in plumbing contracting or perform plumbing work without first obtaining the appropriate license or registration pursuant to this Chapter.
- (b) No person shall offer to engage in work as a plumber during the period his or her license is suspended or revoked.
- (c) No employing plumbing firm shall employ or use an unlicensed or unregistered plumber to perform plumbing work.
- (d) No person, entity, or firm may transfer a license or registration.
- (e) No plumber, licensed pursuant to the Act and this Chapter, shall enter into an agreement for the use of his or her license with any firm or person which is, or has been adjudicated to be, in violation of any provision of the Act or this Chapter, or whose license is currently suspended or has within the last year been revoked, unless or until otherwise approved by the Board.
- (f) No person shall make a materially false or fraudulent statement in an application for license.
- (g) No person may alter a license.
- (h) No person may engage in cheating or any act involving the fraudulent misrepresentation of an applicant by an examinee.
- (i) No person or entity shall deny access to the Construction Industries Board or its representative on a job site.

GIST/ANALYSIS:

Gist: The proposed changes to the Electrical Industry Regulations add language clarifying existing rules and authority; remove obsolete language, and clarify statutory changes as a result of SB 670 and HB 2933.

Analysis: The proposed amendments to 158:40-1-2 are to clean up definitions including one requested by the Home Theater Industry to provide industry members and the public better clarity. The addition of 158:40-5-3.1 is due to HB1373. The proposed amendments to 158:40-7-4 are to clarify qualifications of a limited electrical contractor. The proposed amendments to 158:40-9-2.1 are related to SB 670 and provide a fee waiver for active military and their spouses and the proposed amendment to 158:40-9-3 provides a one-time low income fee waiver related to HB 2933. The proposed amendments to 158:40-11-2 provides further clarification to the public

Stephanie Brown, Board Secretary/Executive Assistant, 405-521-6550.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

158:40-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Act" means the Electrical License Act as found at 59 O.S. § 1680, *et seq.*

"Administrator" means the Administrator of the Board as described in the Construction Industries Board Act found at 59 O.S. § 1000.1, *et seq.*

~~"Alarm Endorsement"~~ ~~or~~ ~~"Alarm Endorsement registration"~~ means a licensed electrician or registered electrical apprentice who has met the endorsement ~~registration~~ requirements and holds a current valid electrical license or registration may install, service, or repair alarm or security systems or electronic security devices such as residential or commercial burglar alarms or security systems, electronic access control, closed circuit television, nurse call systems and the like pursuant to the regulations governing that electrical license or registration.

"Applicant" means any person applying for an examination, for a license or registration, for continuing education approval, for review of plans and specifications, or for an electrical code variance from the standard of installation as described in OAC 158:40-1-4 by the Board under the Act.

"Apprentice" means an electrical worker registered pursuant to OAC 158:40-5-1 who is limited to working for a contractor and is directly supervised by a licensed contractor or

journeyman with the appropriate license classification for the work being performed.

"Associated with and responsible for" means the relationship between an electrical contractor and electrical firm based on the electrical contractor being a permanent employee, owner, partner, or officer in a corporate firm, and whereby the electrical contractor shall give full time to the supervision and control of operations necessary to secure full compliance with the provisions of the Electrical License Act and this Chapter.

"Board" means the Oklahoma Construction Industries Board.

"Bonds and Insurance Unit" means the consolidated unit that processes bonds and insurance under the direction of the Construction Industries Board.

"Cheating" means any unapproved deviation from any official instruction given before, during or after a license examination, for the purpose of affecting or influencing the examination results or otherwise providing an undue advantage to any examinee.

"Committee" means the Committee of Electrical Examiners.

"Contracting" means engaging or offering to engage in, on behalf of oneself or on behalf of another, any electrical work which requires a valid and appropriate license from the Construction Industries Board as required by the Electrical License Act, regardless if said work is in exchange for monetary payment or otherwise.

"Contractor" means a person who meets the definition of 59 O.S. § 1682(5) and is licensed in the appropriate category for any electrical work performed.

"Continuing Education Credit Hour" means at least sixty (60) minutes of classroom instruction.

"Direct supervision" means the on-the-job physical presence by the supervisor who must be in the work area where the electrical work is being performed and who also must be a licensed electrical contractor or electrical journeyman in the appropriate category for any electrical work supervised.

"Electrical facility" means wiring, fixtures, appurtenances and appliances used for and in connection with a supply of electricity, but excludes the connection with a power meter or other utility supply source or other statutory exclusions such as alarm system work (59 O.S. §1800.3(4)), and data, voice and home theater audio/visual communications except for fire alarm systems, security systems and environmental control systems that are not an integral part of a telecommunications system.

"Electrical firm" means any firm, corporation, partnership, sole proprietorship, joint venture or any other business entity engaged in the business of planning, contracting, supervising or furnishing labor or labor and materials for the installation, repair, maintenance or renovation of electrical facilities according to the Act.

"Electrical License Unit" means the staff and administrative support unit to the Committee of Electrical Examiners and the Electrical Hearing Board.

"Electrical maintenance" means electrical work limited to maintaining existing electrical systems, facilities or equipment by an employee of a person, company, corporation or

entity owning the electrical systems, facilities or equipment. Maintenance shall not include any alterations or additions to existing systems, facilities or equipment.

"Electrical work" means work as that term is defined in 59 O.S. § 1682.

"Hearing Board" means the Electrical Hearing Board created by the Act.

"Inactive contractor" means any class of licensed electrical contractor who does not have current bond and insurance to be able to be contracting for electrical work pursuant to the act. An inactive contractor works as a journeyman electrician.

"Journeyman electrician" or **"journeyman"** means any person, other than a contractor or apprentice, who engages in the installation, repair, maintenance or renovation of electrical facilities according to the Act, in the category in which the person is licensed.

"Limited electrical contractor" means any person who has qualified and become licensed in accordance with OAC 158:40-7-4. Such person is prohibited from engaging in the work of a journeyman electrician.

"Military electrical experience" means verifiable military experience in electrical work which is the same as or similar to electrical construction work as defined in the Act.

"Oklahoma Uniform Building Code Commission" or **"OUBCC"** means the state agency created under 59 O.S. § 1000.20, *et. seq.*, and authorized to adopt all building codes and standards for residential and commercial construction to be used as minimum standards by all entities within this State.

"Reciprocity agreement" means an agreement whereby a person holding an electrical license or registration who is licensed in other states with substantially similar or greater licensure requirements may be licensed in this State after payment of a fee for licensing by reciprocity.

"Refinery Electrical Journeyman" means an electrician licensed as a refinery electrical journeyman electrician pursuant to OAC 158:40-7-6 and is limited to performing electrical work only in refinery facilities.

"Residential contractor" means an electrician licensed as a residential contractor pursuant to OAC 158:40-7-2 and is limited to performing residential electrical construction work.

"Residential journeyman" means an electrician licensed as residential journeyman electrician pursuant to OAC 158:40-7-2 and limited to performing residential electrical construction work.

"Temporary electrical journeyman" means an electrician temporarily licensed by the Oklahoma Construction Industries Board as a journeyman electrician and is limited to electrical construction per the equivalent temporary journeyman classification determined by the Board.

"Variance" means the use of an alternative material or method of construction from that prescribed in the standard of installation as described in OAC 158:40-1-4 for use at a particular location or project specified in the variance application; and

"Variance and Appeals Board" means the Oklahoma State Electrical Installation Code Variance and Appeals Board.

Permanent Final Adoptions

SUBCHAPTER 5. LICENSING REQUIREMENTS, DISPLAY OF LICENSE, AND FIRM NAME, AND BOND REQUIREMENTS

158:40-5-3.1. Eligibility for alarm endorsement for apprentice, journeyman, or contractor

(a) A person with a criminal history record may request an initial determination of whether his or her criminal history record would potentially disqualify him or her from obtaining the desired alarm endorsement at any time, including before obtaining any required education or training.

(b) The request shall be in writing and shall include either a copy of the person's criminal history record with explanation of each conviction mentioned in the criminal history record or a statement describing each criminal conviction including the date of each conviction, the court of jurisdiction and the sentence imposed. The person may include a statement with his or her request describing additional information for consideration by the licensing authority including, but not limited to, information about his or her current circumstances, the length of time since conviction and what has changed since the conviction, evidence of rehabilitation, testimonials or personal reference statements and his or her employment aspirations.

(c) Disqualifying offenses are provided to applicants as contained in OAC 158:40.

(d) Upon receipt of a written request for consideration of a criminal history record for alarm endorsement, the CIB shall evaluate the request and make an initial determination based upon the information provided in such request whether the stated conviction is a disqualifying offense for the occupation.

(1) A notice of initial determination shall be issued to the petitioner within sixty (60) days from the date such request was received by the licensing authority, except however, a licensing authority regulating fifty thousand or more members in its occupation shall be allowed ninety (90) days to make its initial determination and issue notice to the requestor.

(2) The notice of initial determination shall be in writing and mailed to the requestor at the address provided in his or her request, and shall contain the following statements:

(A) Whether the person appears eligible for electrical endorsement at the current time based upon the information submitted by the requestor;

(B) Whether there is a disqualifying offense prohibiting the person's engagement in the occupation at any time and a statement identifying such offense in the criminal history record or information submitted for consideration;

(C) Any actions the person may take to remedy what appears to be a temporary disqualification, if any;

(D) The earliest date the person may submit another request for consideration, if any; and

(E) A statement that the notice of initial determination is only an initial determination for eligibility for endorsement based upon the information provided by

the requestor and any approval is subject to meeting all application and endorsement requirements.

(e) Written requests must be provided upon CIB forms for initial determination and the non-refundable Ninety-five Dollars (\$95.00) initial determination of eligibility fee paid.

SUBCHAPTER 7. LICENSE CLASSIFICATIONS

158:40-7-4. Limited electrical contractor

A limited electrical contractor is prohibited from engaging in the work of a journeyman electrician, performing or supervising field work, and has met the following requirements:

(a) Applicants for Limited Electrical Contractor examination must be eighteen (18) years of age or older and must have a degree in Electrical Engineering from an accredited college or university. Additionally, an applicant must have eight thousand (8,000) hours (4 years) of electrical experience in field construction, electrical estimating, electrical project management in commercial and industrial electrical work; or

(b) Applicants for a Limited Electrical Contractor examination must be eighteen (18) years of age or older and must verify sixteen thousand (16,000) hours (8 years) experience in the electrical trade performing electrical work, estimating or project management. The experience must be verified in commercial and/or industrial work.

SUBCHAPTER 9. EXAMINATION APPLICATIONS, EXAMINATIONS AND LICENSE AND REGISTRATION FEES AND RENEWALS

158:40-9-2.1. Acceptance of Military education, training and experience toward qualification for licensure examination

(a) **Licensure - ~~post~~-military service.** See OAC 158:1-3-10 for provisions related to the application of substantially equivalent education, training, and experience completed as a member of the Armed Forces or Reserves of the United States, National Guard of any jurisdiction, the Military Reserves of any jurisdiction, or the Naval Militias of any jurisdiction toward satisfying the qualifications for examination and license or registration issuance.

(b) **Military spouse applicant—~~equivalency~~.** See OAC 158:1-3-10 for provisions related to issuance of ~~an~~ equivalent a license or registration in an equivalent category for the spouse of an active-duty member of the Armed Forces or Reserves of the United States.

158:40-9-3. License and registration fees and renewals

(a) **Examination fees for contractors and journeyman.** The Construction Industries Board, or its designated representative, may collect for the actual cost of any examination

provided by this Chapter. The cost for each such examination referenced in OAC 158:40-9-2 shall be posted in plain view at the testing site that provides and administers the examination. Every person whose application for examination is approved shall be informed of the specific fee prior to setting for the examination. The unit testing fee shall be the amount negotiated by the Administrator in accordance with the provisions of the Oklahoma Central Purchasing Act, but cannot exceed the maximum allowable fee provided in 59 O.S. § 1000.5(A)(2). Documentation confirming the contractual fee shall be available upon request.

(b) **Licensing, registration and application fee schedule for contractors, journeyman, and apprentices.** The licensure, application, and registration and annual renewal fees shall be as follows:

- (1) contractors application - \$30.00
- (2) initial contractor license - \$300.00
- (3) renewal contractor license - \$200.00
- (4) renewal contractor license with late fee - \$300.00
- (5) journeyman application - \$25.00
- (6) initial journeyman license - \$50.00
- (7) renewal journeyman license - \$75.00
- (8) renewal journeyman license with late fee - \$100.00
- (9) apprentice application - \$5.00
- (10) apprentice registration - \$20.00
- (11) initial alarm endorsement - \$75.00
- (12) renewal alarm endorsement - \$25.00

(c) **License renewal penalties.** Thirty (30) days after the expiration of a license for contractors and journeyman a late license renewal fee is effective, as provided in the Act and as listed in (b) of this Section. Upon meeting the continuing education requirements listed in OAC 158:40-9-4, a license may be renewed up to a year from the original renewal date. Any license which remains expired for longer than one (1) year shall not be renewed. The former license holder shall be required to make an initial application and retest to obtain the license formerly held.

(d) **Outstanding fines.** A license cannot be issued or renewed until the applicant has paid any and all outstanding fines due and owing to any division of the Construction Industries Board.

(e) **Duration of licenses.** All licenses and alarm endorsements shall have a duration of no longer than one year, and shall expire on the last day of the birth month of the licensee each year. The alarm endorsement for apprentices shall expire on the expiration date of each apprentice registration.

(f) **One time low-income fee waiver.** See OAC 158:1-3-13(c) regarding eligibility on a one-time, one-year fee waiver.

SUBCHAPTER 11. LICENSE REVOCATION OR SUSPENSION AND PROHIBITED ACTS

158:40-11-2. Prohibited acts

(a) The following acts are prohibited:

- (1) No person, entity, or firm may engage in electrical contracting or perform work without first obtaining the appropriate license or registration pursuant to this Chapter.

(2) No ~~licensee~~person shall perform work contrary to any provision of the standard of installation in OAC 158:40-1-4, except as otherwise provided by law or rule. Each violation of the standard of installation in OAC 158:40-1-4 can be treated as a separate violation of this Chapter.

(3) No person shall offer to engage in work during the period his or her license is suspended or revoked.

(4) No employing firm shall employ or use an unlicensed or unregistered individual or entity to perform work.

(5) No person, entity, or firm may transfer a license or registration.

(6) No individual or entity, licensed pursuant to this Chapter, shall enter into an agreement for the use of his or her license with any firm or person which is, or has been adjudicated to be, in violation of any provision of the Act, or whose license is currently suspended or has within the last year been revoked, unless or until otherwise approved by the Board.

(7) No person shall make a materially false or fraudulent statement in an application for license.

(8) No person may alter a license.

(9) No licensee shall perform work without keeping their license on their person or in close proximity while performing work.

(10) No person may engage in cheating or any act involving the fraudulent misrepresentation of an applicant by an examinee.

(11) No person or entity shall deny access to the Construction Industries Board or its representative on a job site.

(b) The following prohibited acts apply to persons issued a contractor license:

(1) No licensee shall allow more than three (3) apprentices per journeyman at a job site.

(2) No licensee shall fail to maintain a bond and insurance as provided for in OAC 158:40-5-5.

(3) No licensee shall be associated with and responsible for more than one firm.

(c) The following prohibited acts apply to persons issued a journeyman license:

(1) No licensee shall perform work except under the employment or ~~supervision~~ of a contractor.

(2) No licensee shall engage in the planning, contracting, or furnishing of labor and/or materials used for work.

GIST/ANALYSIS:

Gist: The proposed changes to the Mechanical Industry Regulations add definitions; add language clarifying existing rules and authority; and a new category license type, to allow for smaller examinations for limited specialty license work that already requires a license; and clarifies statutory changes as a result of SB 670 and HB 2933.

Analysis: The proposed amendments to 158:50-1-2 add definitions related to a new category license type. There is no new fee. There is no additional licensing. Currently, fueled hearth product work requires a license and continuing education. By separating fueled hearth product work into its own category license type, specialty workers on fireplaces would be able to take a smaller examination over only the fueled hearth product work instead of the larger examination over all the subjects of the HVAC/R license that would make it easier for fireplace workers to obtain licensing and protect the health, safety, and welfare of the public. HVAC/R licensees would continue to be able to perform the same work. The proposed amendment to 158:50-5-1 adds a license category related to fueled hearth product work. The proposed amendments 158:50-5-2 provide a description of the added license category and requirements. The proposed amendment to 158:50-9-1 is related to proof of examination related to the new license category. The proposed amendments to 158:50-9-1.1 are related to SB670 and provide a fee waiver for active duty military and their spouses and the proposed amendment to 158:50-9-2 provides a one-time low income fee waiver related to HB2933. The proposed amendments to 158:50-9-7 provide continuing education options for the new category license type. The proposed amendment to 158:50-11-2 provides further clarification to the public.

CONTACT PERSON:

Stephanie Brown, Board Secretary/Executive Assistant, 405-521-6550.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S.,

SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

158:50-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Act" means Mechanical Licensing Act as found at 59 O.S. § 1850.1, *et seq.*

"Administrator" means the Administrator of the Board as described in the Construction Industries Board Act found at 59 O.S. § 1000.1, *et seq.*

"Applicant" means any person applying for an examination, for a license or registration, for continuing education approval, for review of plans and specifications or for a mechanical code variance from the standard of installation described in OAC 158:50-1-4 by the Construction Industries Board under the Act.

"Associated with and responsible for" means the relationship between a mechanical contractor and mechanical firm based on the mechanical contractor being a permanent employee, owner, partner, or officer in a corporate firm, and whereby the mechanical contractor shall give full time to the supervision and control of operations necessary to secure full compliance with the provisions of the Mechanical Licensing Act and this Chapter.

"Biomass" means organic material that comes from plants and animals, and is a renewable source of energy intended for fueled hearth products.

"Board" means the Oklahoma Construction Industries Board.

"Bonds and Insurance Unit" means the consolidated unit that processes bonds and insurance under the direction of the Construction Industries Board.

"Cheating" means any unapproved deviation from any official instruction given before, during or after a license examination, for the purpose of affecting or influencing the examination results or otherwise providing an undue advantage to any examinee.

"Chemical plant" means a chemical plant within the context of 59 O.S. § 1850.10(D) including a fertilizer plant engaged in formulating chemicals ultimately used generally in the agricultural fertilizer industry.

"Committee" means the Committee of Mechanical Examiners.

"Contracting" means engaging or offering to engage in, on behalf of oneself or on behalf of another, any mechanical work which requires a valid and appropriate license from the Construction Industries Board as required by the Mechanical Licensing Act, regardless if said work is in exchange for monetary payment or otherwise.

"Credit Hour" or "Hour" means at least 50 minutes of classroom instruction with a 10 minute break.

"Direct supervision" means the on-the-job physical presence by the supervisor who must be in the work area where the

mechanical work is being performed and who also must be a licensed mechanical contractor or mechanical journeyman in the appropriate category for any mechanical work supervised.

"Endorsed apprentice" means a registered apprentice who met the qualifications, pursuant to OAC 158:50-9-5(i), to sit for the journeyman examination in the HVAC limited category and received a passing score on the examination, but who is working to complete the required one (1) year of verifiable experience as a registered apprentice prior to being issued the journeyman license.

"Fueled Hearth Product Work" means the installation, service or repair of biomass-fueled or natural gas-fired fireplace, fireplace insert, stove or log set and associated venting and piping that fuels or simulates a flame of a solid fuel fire, including accessories for use with natural gas. This does not include (a) gas piping work, (b) the servicing of gas piping, or (c) work associated with pressure regulating devices, except for factory installed appliance gas valves.

"Gas piping" means and includes all natural gas piping within or adjacent to any building, structure, or conveyance, on the premises up to the connection with a natural gas meter, regulator, or other source of supply.

"Ground source piping" means piping buried below the earth's surface or submerged in a water well, lake or pond and used in conjunction with a heat pump to provide heating, ventilation and/or air conditioning to a structure.

"Health care facility" includes but is not limited to hospitals, nursing homes, limited care facilities, clinics, medical or dental offices, and ambulatory care centers, whether permanent or moveable.

"Hearing Board" means the Mechanical Hearing Board.

"Humidification" when applied to air conditioning, means and includes an increase or decrease in moisture content of the air being conditioned and supplied to the space for human occupancy by means of that integral part of the entire air conditioning system, equipment, and control devices; when applied to refrigeration, means and includes an increase or decrease in the moisture content of the air or product being conditioned for a food preservation measure or manufacturing process by means of the integral part of the entire refrigeration system, equipment, and control devices.

"HVAC" or "heating, ventilation and air conditioning" means the process of treating air by controlling its temperature, humidity, and cleanliness and of supplying such air to spaces for human occupancy by means of an integrated system of air conditioning and ventilation equipment, accessories and control devices.

"ICC" means the International Code Council.

"Limited residential installer" means a type and category of mechanical license that is restricted to new installations in new construction for detached one or two family dwellings and multiple single family dwellings (townhouses) not more than three stories in height with a separate means of egress as regulated by this Chapter.

"Limited residential journeyman" means a type and category of mechanical license that is restricted to new installations for detached one or two family dwellings and multiple single family dwellings (townhouses) not more than three

stories in height with a separate means of egress as regulated by this Chapter.

"Mechanical License Unit" means the staff and administrative support unit to the Committee of Mechanical Examiners and the Mechanical Hearing Board.

"Mechanical work" means the installation, maintenance, repair, or renovation, in whole or in part, of any heating system, exhaust system, cooling system, mechanical refrigeration system, ventilation system, medical gas system, medical-surgical vacuum systems, or any equipment or piping carrying chilled water, air for ventilation purposes, or natural gas, or the installation, maintenance, repair, or renovation of process piping used to carry any liquid, substance, or material, including steam and hot water used for space heating purposes not under the jurisdiction of the Department of Labor or Department of Health, provided that minor repairs and maintenance are excluded.

"Medical gas piping work" means the lay out, assembly, installation, and maintenance of pipe systems used in health care facilities for oxygen, nitrous oxide, medical air, carbon dioxide, helium, nitrogen, instrument air, medical-surgical vacuum, waste anesthetic gas disposal, mixtures thereof, or any other gaseous, partly gaseous substance, material or any mixtures thereof used in a health care facility. Replacing cylinders and filters, and performing routine and preventive maintenance that does not breach the integrity of the medical gas piping system and does not constitute the installation, repair, or replacement of medical gas piping shall not require a medical gas piping licensee.

"Medical gas journeyman" means a type and category of mechanical license that is restricted to medical gas piping.

"Minor repairs and maintenance" means minor repairs or maintenance as each are prescribed in the manufacturer's operating instructions to be performed by the equipment owner or his authorized agent, and shall not include replacement and repairs of any nature on natural gas piping, natural gas controls, the manufacturer installed controls and components, the vent system of fuel burning appliances, a breach of the integrity of a refrigeration system or any repair or maintenance which would violate the safe operation of the equipment.

"National Fireplace Institute" or "NFI" means the professional certification entity for planning and installing residential hearth fueled gas, wood, or pellet appliances and venting systems.

"Oklahoma Uniform Building Code Commission" or "OUBCC" means the state agency created under 59 O.S. § 1000.20, *et seq.*, and authorized to adopt all building codes and standards for residential and commercial construction to be used as minimum standards by all entities within this State.

"Petroleum refinery" means an industrial plant which processes petroleum for purposes of creating products derived from petroleum and includes industrial plants which produce and/or refine alternative fuels or petroleum additives. "Petroleum refinery" shall not mean gas processing plant or gas gathering pipeline operations.

"Petroleum refinery journeyman" means a type and category of mechanical license that is restricted to petroleum refinery process piping.

"Petroleum refinery process piping work" means the lay out, assembly, installation, and maintenance of pipe systems used in the petroleum refining process or product refining systems of a petroleum refinery.

"Process" means a series of operations performed in the making or treatment of a product.

"Process piping" means lay out, assembly, installation, and maintenance of pipe systems, pipe supports, and related hydraulic and pneumatic equipment for steam, hot water, heating, cooling, lubricating and fire sprinklers, not subject to regulation pursuant to the Alarm Industry Act, and industrial production and processing systems, and piping used to carry any gaseous, or partly gaseous, substance or material as part of a medical gas piping system.

"Reciprocity" means an agreement whereby a person holding a mechanical license or registration who is licensed in other states with substantially similar or greater licensure requirements may be licensed in this State after payment of a fee for licensing by reciprocity.

"Refrigeration system" means installation, repairing and servicing of a system employing fluid which normally is vaporized and liquefied in an air conditioning system, food preservation measure or manufacturing process.

"Variance" means the use of an alternative material or method of construction from that prescribed in the standard of installation as described in OAC 158:50-1-4 and/or other approved documents by the OUBCC for use at a particular location or project specified in the variance application; and

"Variance and Appeals Board" means the Oklahoma State Mechanical Installation Code Variance and Appeals Board.

"Verifiable experience" means mechanical experience obtained while employed by a licensed Mechanical contractor, or by other means approved by the Committee of Mechanical Examiners including equivalent experience earned while serving in the U.S. Military, for which one (1) year of verifiable experience equals two thousand (2,000) hours.

SUBCHAPTER 5. LICENSE TYPES, LIMITATIONS OF LICENSES, CONTRACTOR SPECIAL REQUIREMENTS AND DISPLAY OF LICENSE NUMBER AND FIRM NAME

158:50-5-1. License types

(a) Mechanical licenses shall be issued as journeyman, contractor or inactive contractor.

(b) Licenses shall be issued for the following categories:

- (1) HVAC limited or unlimited
- (2) Natural Gas Piping
- (3) Process Piping
- (4) Refrigeration
- (5) Sheet Metal
- (6) Ground Source Piping
- (7) Fueled Hearth Product Work
- (78) Limited Residential (journeyman only)
- (89) Limited Residential Installer (journeyman license type)

(910) Petroleum Refinery Process Piping (journeyman only)

(4011) Medical Gas (journeyman only)

158:50-5-2. Limitations of licenses

(a) License duties.

(1) Journeyman is a person who possesses the knowledge and skills to perform mechanical work within a category or categories without direct supervision.

(2) Contractor is a person who possesses the knowledge and skills of a journeyman and who is responsible, either to the contractor or the contractor's employer, for planning, contracting, supervising, or furnishing labor and/or materials used for mechanical work. A mechanical contractor shall only be associated with and responsible for one mechanical firm. However, a mechanical contractor may be responsible for one firm with branch offices.

(A) Active contractor is one who is actively performing as a contractor and who has met the bond and insurance requirements for licensure.

(B) Inactive contractor is one who has met all the licensing requirements of a contractor, but has chosen not to currently perform as a contractor. An inactive contractor is not required to provide bond or insurance, and will be regulated as a journeyman.

(b) License categories.

(1) **Limited mechanical HVAC license.** A limited mechanical HVAC license entitles the licensee to install, alter, modify, service, maintain, or repair a ventilation (duct) system and/or:

(A) any cooling product, system, or equipment including the process piping, that has a cooling capacity of no more than twenty-five (25) tons, and/or

(B) all heating equipment including the process piping that have a heat input of no more than 500,000 Btu/h per appliance, and/or

(C) natural gas piping, refrigeration, and sheet metal.

(2) **Limited residential journeyman license.** A limited residential journeyman license entitles the licensee to install complete new systems for detached one or two family dwellings and multiple single family dwellings (townhouses) not more than three stories in height with a separate means of egress. Installations shall include 5-ton or less cooling systems and 150,000 Btu/h or less heating systems and related accessories such as humidifiers, filtering systems, kitchen vent hoods, exhaust fans and clothes dryer vent exhausts for such dwellings. Such installations shall not include any fuel gas piping, welding, soldering, brazing or final connection of refrigerant lines or final connection of any electrical wiring permitted to be installed in accordance with Oklahoma statutes.

(3) **Limited residential installer license.** A limited residential installer license entitles the licensee to install complete new systems in new construction for detached one or two family dwellings and multiple single family dwellings (townhouses) not more than three stories in height with a separate means of egress. Installations shall

include 5-ton or less cooling systems and 150,000 Btu/h or less heating systems and related accessories such as humidifiers, filtering systems, kitchen vent hoods, exhaust fans and clothes dryer vent exhausts for such dwellings. Such installations shall not include any fuel gas piping, welding, soldering, brazing or final connection of refrigerant lines or final connection of any electrical wiring permitted to be installed in accordance with Oklahoma statutes. Further:

(A) The limited residential installer is a person who possesses the knowledge and skills to perform limited residential mechanical work within this category without direct supervision while under the employment or supervision of a Mechanical Contractor.

(B) No licensee shall allow an apprentice under his or her direct supervision to perform mechanical work for which the limited residential installer is not licensed to perform, or be allowed more than three (3) apprentices per limited residential installer,

(C) Applicants for a limited residential installer license must be at least eighteen (18) years of age and have:

(i) one (1) year of verifiable experience in the mechanical trade in category for which he or she is applying, or

(ii) a vocational diploma certifying completion of an educational program consisting of a minimum of two hundred and fifty (250) or more hours from a school, approved by the Committee, which exhibits knowledge of the trade and in the category of limited residential applied for, and six (6) months of verifiable experience in the mechanical trade, or

(iii) equivalent, verifiable experience in the mechanical trade while serving in the U.S. military.

(D) The examination requirements for an installer's license can be found in OAC 158:50-9-1(c).

(E) A license cannot be issued or renewed until the applicant has paid any and all outstanding fines due and owing to any division of the Construction Industries Board.

(F) Information on license, renewals, and examination fees can be found in OAC 158:50-9-2 (for journeyman)

(G) Continuing education requirements can be found in OCA 158:50-9-7.

(4) **Unlimited mechanical HVAC license.** An unlimited mechanical HVAC license entitles the licensee to install, alter, modify, service, maintain, or repair a ventilation (duct) system and/or:

(A) any cooling product, system, or equipment, including the process piping, and/or

(B) heating equipment, including the process piping, and/or

(C) natural gas piping, process piping, refrigeration, and sheet metal.

(5) **Natural gas piping license.** A natural gas piping license entitles the licensee to install, alter, modify, service, maintain, or repair all natural gas piping.

(6) **Process piping license.** A process piping license entitles the licensee to install, alter, modify, service, maintain, or repair all process piping.

(7) **Refrigeration license.** A refrigeration license entitles the licensee to install, alter, modify, service, maintain, or repair refrigeration products, systems, or equipment, including the process piping.

(8) **Sheet metal license.** A sheet metal license entitles the licensee to install, alter, modify, service, maintain, or repair all ferrous and nonferrous duct systems.

(9) **Ground source piping license.** A ground source piping license entitles the licensee to install, alter, modify, service, maintain or repair all piping outside a structure for a ground source (earth or water) loop pipe.

(10) **Fueled Hearth Product Work license.** A Fueled Hearth Product Work license allows for the licensee to install, service or repair Fueled Hearth Product Work as defined in this Chapter.

(A) The Fueled Hearth Product Work licensee shall be certified by the NFI through examination in the certification categories of gas, wood, or pellets for the work performed which, upon providing satisfactory proof of successful passage of any of the three (3) fuel classes of NFI examination, will meet the examination and experience requirements of this license.

(B) The Fueled Hearth Product Work Contractor licensee, in addition to providing satisfactory proof of successful passage of the appropriate NFI examination, shall provide satisfactory proof of having read the Mechanical Licensing Act and Mechanical Industry Regulations and shall comply with the contractor requirements of this Chapter including, but not limited to, proof of general liability insurance, compliance with workers' compensation insurance laws, bond, lawful presence, along with providing satisfactory proof of successfully passing the business and law portion of any Mechanical Contractor examination or otherwise demonstrating minimum competency in business operations by any three (3) from the below listed items:

(i) Registration with the Oklahoma Secretary of State for the last five (5) years.

(ii) A letter (stating the specific professional service has been provided to the hearth product installation business of the Contractor applicant for a period of at least five (5) years) from a professional service provider used by your business including those who: prepare taxes, payroll, financial statements, provide legal services, banking, risk management or other professional services provided to your business.

(iii) Satisfactory proof of filing state business taxes for the last five (5) years.

(iv) Satisfactory proof of business entity filing with another state agency or registered business.

(v) Satisfactory proof of business operations for the last five (5) years such as bidding, estimating, quoting, contract/project management, customer relations, employee management, job-site safety, or financial management, or

(vi) Any other substantial proof of business operations for the last five (5) years.

(C) Unless otherwise stated in this Section, all licensees and apprentices must comply with all other provisions of this Chapter.

(D) The licensed Fueled Hearth Product Work person can only perform work in the same certification category of gas, wood, or pellets as their certification and the apprentice must perform work in the same certification category of the licensee who is directly supervising the apprentice.

(E) No licensee shall perform mechanical work in a category under which he or she is not licensed or work outside of the confinements of the Fueled Hearth Product Work classification of certification of gas, wood, or pellets.

(F) There is no work experience requirement for licensing in Fueled Hearth Product Work and work experience under this category does not count towards the experience requirement of any other license category in this Chapter.

(G) Information on license, application, and renewal fees can be found in OAC 158:50-9-2.

(H) Continuing education requirements per OAC 158:50-9-7 can be satisfied for Fueled Hearth Product Work licensees by providing proof of continuing education or retesting as required by NFI.

(I) All licensees must maintain current NFI certification in order to renew his or her license.

(4011) **Petroleum refinery journeyman license.** A petroleum refinery journeyman license entitles the licensee to install, alter, modify, service, maintain, or repair all petroleum refinery process piping, and said license is limited to petroleum refinery process piping work only. A petroleum refinery journeyman shall be under the direction and supervision of a licensed unlimited mechanical contractor or a licensed process piping mechanical contractor.

(4412) **Medical gas journeyman license.** A medical gas journeyman license entitles the licensee to install, alter, modify, service, maintain, or repair medical gas or medical-surgical vacuum systems, or equipment, including the piping. A medical gas journeyman shall be under the direction and supervision of a licensed unlimited mechanical contractor or a licensed process piping mechanical contractor.

SUBCHAPTER 9. QUALIFICATIONS FOR MECHANICAL LICENSURE, LICENSE AND REGISTRATION FEES, DURATION OF LICENSE, MECHANICAL LICENSE APPLICATION, AND APPRENTICE REGISTRATION

158:50-9-1. Qualifications for mechanical licensure

(a) **Application.** A person desiring to be licensed under this Chapter, unless otherwise provided in this Chapter, shall file an application with the application fee, examination fee (unless the examination fee is paid directly to a testing provider), and the initial License fee to the Administrator. The fees must be received no less than three (3) working days before the examination date. If the applicant fails to meet the minimum qualifications to take the examination, the application fee will be forfeited.

(b) **Experience.** All persons applying for a license must provide proof of experience in the mechanical trade. Applicants for mechanical license examinations who are not licensed and wish to include experience gained in Oklahoma must maintain an apprentice registration on file with the Oklahoma Construction Industries Board for all experience obtained in Oklahoma. The Construction Industries Board will not consider experience obtained in or outside of Oklahoma as verifiable experience for periods in which an apprentice is unregistered, except for experience lawfully obtained according to any applicable federal or state laws, and must be comprised of mechanical work as defined under the Act and in this Chapter.

(1) Applicants for a journeyman license must be at least eighteen (18) years of age and have:

(A) three (3) years of verifiable experience in the mechanical trade in the category for which he or she is applying, or

(B) an associate's degree or vocational diploma certifying completion of a formal mechanical educational program approved by the Committee, consisting of one thousand (1,000) hours or more from a school approved by the Committee, which exhibits knowledge of the trade in the category of license applied for and one (1) year of verifiable experience in the mechanical trade, or

(C) a vocational diploma certifying completion of a formal mechanical educational program approved by the Committee, consisting of five hundred (500) or more hours from a school approved by the Committee, which exhibits knowledge of the trade in the category of license applied for, and two (2) years of verifiable experience in the mechanical trade, or

(D) a vocational diploma certifying completion of a formal mechanical educational program approved by the Committee, consisting of a minimum of three hundred and seventy five (375) or more hours from a school approved by the Committee, which exhibits knowledge of the trade and in the category of license applied for, and two and one-fourth (2 1/4) years of verifiable experience in the mechanical trade, or

(E) a vocational diploma certifying completion of a formal mechanical educational program approved by the Committee, consisting of a minimum of three hundred and thirty four (334) or more hours from a school approved by the Committee, which exhibits knowledge of the trade and in the category of license

applied for, and two and one-third (2 1/3) years of verifiable experience in the mechanical trade, or

(F) a vocational diploma certifying completion of a formal mechanical educational program approved by the Committee, consisting of a minimum of two hundred and fifty (250) or more hours from a school approved by the Committee, which exhibits knowledge of the trade and in the category of license applied for, and two and one-half (2 1/2) years of verifiable experience in the mechanical trade, or

(G) equivalent, verifiable experience in the mechanical trade while serving in the U.S. military, or

(H) experience sufficient to obtain the special certification required for the mechanical category sought by the tendered application, such as Ground Source Piping and Medical Gas, or

(I) a verifiable out-of-state license in the mechanical classification for which the applicant is applying may expedite processing of the requirements or be considered for reciprocity under OAC 158:50-9-6 if there is a written reciprocity agreement with that state. The license must:

- (i) be current,
- (ii) be in good standing, and
- (iii) meet qualifications listed in (A) through (F) above.

(2) Applicants for a contractor license must meet the same requirements as a journeyman with an additional one (1) year of experience.

(3) Applicants must present transcripts showing the Committee approved schools, the Committee approved program, courses, hours attended, grades, any certificates achieved, and a vocational diploma or certificate of completion for the specific educational program and school that has been approved by the Committee. The Administrator shall make the final determination on acceptability of the described supporting documentation.

(c) **Examination.** A license cannot be issued until the applicant has passed the appropriate examination for the license type and category. Examinations and the passing score for each examination shall be approved by the Committee. Applicants for the Ground Source Piping category shall provide proof of being certified by examination in the proper installation of ground source piping by an organization approved by the Committee. Applicants for the Petroleum Refinery journeyman category shall provide proof of being certified by examination in the area of industrial pipefitter by an organization approved by the Committee. Applicants for the Medical Gas category shall provide proof of being certified by examination in accordance with the most current NFPA 99 standard or certified in the proper installation of medical gas piping by an organization approved by the Committee. Applicants for a Fueled Hearth Product Work license shall provide proof of having been certified by examination in accordance with NFI in one of the three (3) categories: gas, wood, or pellets per OAC 158:50-5-2(b)(10).

(1) If the applicant does not pass the exam, the applicant may reapply for the exam and pay an additional

retesting fee. However, no person will be allowed to retake an exam within thirty (30) days of the first failed exam or within ninety (90) days of the second or subsequent failed exam.

(2) Applicants for a contractor license must pass both portions (business/law and trade) of the contractor license exam. If an applicant for a contractor license passes only one of the two portions of the required exam, the applicant need only retake the portion of the exam not passed if done within three (3) years of the date the Applicant is approved and eligible to sit for the contractor's exam. Otherwise, the Applicant will need to retake both portions of the contractor license exam.

(3) If an applicant for a contractor license passes only the trade portion of the contractor exam, the applicant may choose to apply the passing score of the trade portion of the contractor exam to a journeyman license application within the same license category as the trade portion of the contractor exam that the applicant passed. All other requirements in the Act and this Chapter for a journeyman license are required, including but not limited to, completing the journeyman application form and submitting any applicable fee, both of which must be received by the Board no more than one year after passing the trade portion of the contractor exam. The timeframe to complete both portions of the contractor exam as provided in (c)(2) of this Section is applicable even if a journeyman license is obtained under this subsection.

(4) A contractor license, whether active or inactive, must be renewed annually including completing the renewal form and paying the renewal license fee for a contractor license. An inactive contractor status may be changed to active contractor status at any time by providing proof of compliance with bond and insurance requirements as provided in this

Chapter. A contractor, whether active or inactive, can elect to renew as a journeyman with filing of a journeyman renewal application and fee which election will be considered a permanent change of license category. If a permanent license category change occurs and the individual wants to change from journeyman to contractor category, either active or inactive, the individual must retake and pass the contractor license exam and meet all other contractor license requirements in the Act and this Chapter.

(5) If an active or inactive contractor license is current, the Applicant may pursue other category contractor applications in the same trade without being required to retake the business and law portion of the exam if the business and law portion was successfully passed previously.

(6) Any applicant who violates exam procedures as determined by the examination provider, including but not limited to cheating, misrepresenting oneself as another, or inappropriate actions during an examination may be immediately notified and expelled from the examination. Furthermore, the applicant's exam will be considered invalid and the applicant will be disqualified from retaking the exam for a period of time no less than 30 days and no

Permanent Final Adoptions

more than 365 days as determined by the Administrator of the Construction Industries Board.

(7) No person shall be allowed any assistance in reading the contractor's examination, nor shall any persons other than the examinees or the Committee members be allowed in the examination area. However, an applicant may request that the Committee make reasonable accommodations for any disability.

(d) **Outstanding fines.** A license cannot be issued or renewed until the applicant has paid any and all outstanding fines due and owing to any division of the Construction Industries Board.

158:50-9-1.1. Acceptance of Military education, training and experience toward qualification for licensure examination

(a) **Licensure - ~~post~~ military service.** See OAC 158:1-3-10 for provisions related to the application of substantially equivalent education, training, and experience completed as a member of the Armed Forces or Reserves of the United States, National Guard of any jurisdiction, the Military Reserves of any jurisdiction, or the Naval Militias of any jurisdiction toward satisfying the qualifications for examination and license or registration issuance.

(b) **Military spouse applicant—~~equivalency~~.** See OAC 158:1-3-10 for provisions related to issuance of ~~an equivalent~~ a license or registration in an equivalent category for the spouse of an active-duty member of the Armed Forces or Reserves of the United States.

158:50-9-2. License and registration fees and renewals

(a) **Examination fees for contractors and journeyman.** The Construction Industries Board, or its designated representative, may collect for the actual cost of any examination provided by this Chapter. The cost for each such examination referenced in OAC 158:50-9-1 shall be posted in plain view at the testing site that provides and administers the examination. Every person whose application for examination is approved shall be informed of the specific fee prior to sitting for the examination. The unit testing fee shall be the amount negotiated by the Administrator in accordance with the provisions of the Oklahoma Central Purchasing Act, but cannot exceed the maximum allowable fee pursuant to 59 O.S. § 1000.5(A)(2). Documentation confirming the contractual fee shall be available upon request.

(b) **Licensing, registration and application fee schedule for contractors, journeyman, and apprentices.** The licensure, application, registration and annual renewal fees shall be as follows:

- (1) contractors application - \$30.00
- (2) initial contractor license - \$300.00
- (3) renewal contractor license - \$200.00
- (4) renewal contractor late fee - \$100.00
- (5) journeyman application - \$25.00
- (6) initial journeyman license - \$50.00
- (7) renewal journeyman license - \$75.00

(8) renewal journeyman late fee - \$25.00

(9) apprentice application - \$5.00

(10) apprentice registration - \$20.00

(c) **One time low-income fee waiver.** See OAC 158:1-3-13(c) regarding eligibility on a one-time, one-year fee waiver.

158:50-9-7. Continuing Education

(a) **Continuing Education Requirements:**

(1) No contractor or journeyman license shall be renewed unless the licensee has completed at least six (6) hours of continuing education ("CE") every three (3) years or thirty-six (36) months preceding the license expiration date. The continuing education course and instructor shall be approved in advance by the Committee. Exceptions to advance approval, or post-course approval, may be allowed by the Committee, or its designee, for substitute instructors in emergency situations when written notice of the emergency is provided to the Committee or its designee within seven (7) days of the course. The continuing education material shall cover codes and revisions adopted by the OUBCC and/or other trade related subject matters appropriate for topics of continuing education for licensees and approved by the Committee including: examination materials, manufacturers' installation of equipment or parts, the licensing Act, the trade regulations as set forth in this Chapter as well as the rules of the Construction Industries Board in OAC 158:10, and other trade or safety related subject matters approved by the Committee.

(2) If a license expires before the licensee completes the CE requirement, any CE that is completed while the license is expired will be applied to the CE requirement for the thirty-six (36) months preceding the date the license expired. Six (6) hours of CE will still have to be completed in order to meet the CE requirement for the subsequent thirty-six (36) month period.

(3) Credit will be given for CE programs approved by the Committee, or its designee.

(4) Except as provided herein, this Section shall apply to every licensed mechanical journeyman or contractor.

(5) A licensee is exempt from the education requirements of this Section for three (3) years from the date he or she passed their current licensing exam.

(6) The continuing education requirement provisions for Fueled Hearth Product Work corresponds with NFI certification requirements and are described in OAC 158:50-5-2(b)(10).

(b) **Standards.** The following standards will govern the approval of continuing education programs by the Committee.

(1) The program provider shall submit evidence that the provider and instructional staff are qualified by reason of education, experience or training. The training provider and instructors will be of good reputation and of good moral character.

(2) Any written material that is distributed during the session shall be readable, of high quality and shall be made available to all attendees.

(3) The program shall be presented in a comfortable location such as hotel/motel conference room, corporate meeting room, or regular classroom.

(4) The training session shall be presented outside the regular workplace or after regular working hours. An on-site conference room, that meets standards imposed by (3) of this subsection, shall be considered outside the regular workplace.

(5) A credit hour means at least fifty (50) minutes of classroom instruction with a ten (10) minute break.

(6) CE courses shall be presented in one of the following formats.

(A) Six (6) credit hours presented in one (1) day.

(B) Two (2) sessions of three (3) credit hours each presented within a seven (7) day period.

(C) One (1) session of two (2) credit hours of trade related instruction, Mechanical Licensing Act and/or Mechanical Industry Regulations.

(D) An approved correspondence course.

(E) Another format approved by the Committee.

(7) Verification of Credit.

(A) The Course Provider shall verify the total number of continuing education hours completed by each attendee.

(B) Continuing education providers shall require attendees to present a photo I.D. prior to the attendee signing the sign-in sheet provided by the Construction Industries Board. Sign-in sheets shall include the name and license number of each licensee in attendance.

(C) As soon as practicable but in any event on or before seven (7) days following an approved continuing education program, the provider shall furnish the original sign-in sheets from the course to the Mechanical License Unit of the Construction Industries Board.

(D) Providers shall maintain copies of all sign-in sheets for a period of two (2) years following the conclusion of the course.

(E) Complaint Procedure.

(i) A person, government, or private organization may submit a written complaint to the Committee, or its designee, charging a provider of continuing education with a violation of this Section, and specifying the grounds for the complaint.

(ii) Complaints must be in writing and include contact information, and shall be filed on the proper complaint form prescribed by the Construction Industries Board, or its designee.

(iii) The Committee may consider an unsigned or anonymous complaint for further investigation.

(iv) Upon receipt of a signed complaint form, a copy shall be sent to the continuing education provider addressed in the complaint. The continuing education provider shall provide a written response within fifteen (15) days. Upon receipt of the continuing education provider's written

response, both complaint and response shall be considered by the Committee, or its designee, for appropriate action including dismissal of the complaint, further investigation, or a finding of violation of the Act or this Chapter. The Committee, or its designee, shall notify both complainant and continuing education provider of the determination made by the Committee. Failure of the continuing education provider to respond will be considered as a violation of this Section.

(v) If a reasonable cause violation determination is made by the Committee, the Oklahoma Administrative Procedure Act shall be followed for all disciplinary proceedings undertaken.

(8) Course providers or instructors may not advertise or promote the sale of any goods, products or services between the opening and closing of any Continuing Education Course.

(c) **Application Procedures.**

(1) A completed application form, with all supporting documentation, shall be submitted to the Construction Industries Board at least fifteen (15) days prior to the date of the Regular meeting of the Committee from which the provider wants the course to be considered for approval, and at least thirty (30) days prior to the scheduled start date. Supporting documents shall include the following:

(A) A resume or brief summary of qualifications of all course developers and instructors.

(B) A course agenda designating the beginning and ending of actual instruction times, sign-in times, breaks, lunches and evaluation time.

(C) A course curriculum indicating the subject or code areas to be taught with sufficient detail to determine which code revisions are to be addressed or the trade related instruction being provided.

(2) An application is to be submitted for each date, or dates, that constitute a single course.

(3) Each course must be included on a separate application.

(d) **Mechanical Examiners Committee Acceptance.**

(1) The Committee, or its designee, will review each application for completeness of form and supporting documentation, as well as course content.

(2) The approval of any course will be made by a majority vote of the Committee at a regularly scheduled meeting of the Mechanical Examiners Committee.

(3) The Committee's designee may approve additional dates and locations after the course has been approved by Committee vote. Substantive change to course content must be brought before the Committee.

(4) The applicant will be notified in writing whether the program is approved or disapproved, detailing the basis of the decision if disapproved.

(5) Approval is rescinded upon the adoption of a different statewide code and a new application showing updates of new code is necessary.

(e) **Committee Rejection and Reevaluation of a Course.**

Permanent Final Adoptions

- (1) The Committee, or its designee, may refuse to accept any application for approval if the supporting documentation is insufficient or incomplete. The Committee may deny or revoke approval of an application for any of the following reasons.
 - (A) Failure to comply with the continuing education provisions.
 - (B) Inadequate application or supporting documentation.
 - (C) Failure to instruct on topic approved.
 - (D) Inadequate experience of program developer or instructor.
 - (E) Unsatisfactory evaluation of the course instructor or materials from previous classes.
 - (2) The Committee may, at any time, re-evaluate and grant or revoke approval of application or course.
 - (A) The Committee may, at any time, review courses for quality of instruction. The Committee may also investigate complaints regarding approved courses. The Committee may then take appropriate action, up to and including revocation of authority to provide CE courses.
 - (B) A provider's failure to comply with this Section constitutes grounds for disciplinary action, up to and including revocation of authority to provide CE, against the provider or for denial of future applications for course work.
 - (3) The Committee, or its designee, will notify the provider, in writing, of any changes in approval status.
- (f) **Appeals.**
- (1) Applicants denied approval of a course may appeal such a decision by submitting a written letter of appeal to the Committee within fifteen (15) days of the receipt of the notice.
 - (2) All appeals will be heard by the Committee at its next regularly scheduled meeting.
- (g) **Course Presentation.**
- (1) The program, including the named advertised participants, shall be conducted as approved, including lunch and breaks shown on the approved agenda, subject to emergency withdrawals and minor alterations.
 - (2) Changes including but not limited to location, date, instructors, or cancellations must be requested from the Committee, or its designee, in writing prior to start of class. All requests for change must include the course ID number.
- (h) **Course Advertisement.**
- (1) All advertising must include the course ID number.
 - (2) Approved program courses may be advertised.
 - (3) The provider of an approved continuing education program may announce or indicate as follows: Course # ____ has been approved by the Construction Industries Board Mechanical Examiners Committee for ____ hours of CE credit.
- (i) **Correspondence and Online Courses.**
- (1) Applications, approvals and rejections, and appeals of all correspondence and online courses shall be the same as for classroom-based courses.
 - (2) Correspondence courses shall be required to comply with all requirements of continuing education courses, except sign-in sheets.
 - (3) Providers of an on-line course shall submit verification of six (6) hours of real time on-line instruction.
 - (4) Course providers shall provide a student with a document of completion which certifies completion of approved correspondence course.
 - (5) Applications shall be resubmitted annually, from date of approval, for review and approval.
- (j) **Alternate Credit Accrual.**
- (1) Credit may be earned through teaching an approved continuing education course. The Committee may award up to six (6) hours of CE credit, not to exceed the number of approved hours for that CE course.
 - (2) Credit may also be earned through teaching a course in an accredited trade school or a trade-specific program approved by the Committee. The Committee may award up to six (6) hours of CE credit for each semester of academic credit awarded by the academic institution for the course.
 - (3) Credit may also be earned through participating as a designate of a technical committee appointed by the OUBCC to review and recommend adoption of building codes. The Committee may award up to six (6) hours of continuing education for completing a code review as designee in the code listed as the standard for the license held and upon completion of the code review receiving a certificate of completion from the OUBCC. A copy of the certificate will be required to be provided to CIB to receive continuing education credits.
- (k) **Continuing Education Not Required for Petroleum Refinery Journeyman.** Subsections (a) through (j) of this Section shall not apply to the license category of Petroleum Refinery Journeyman. The Petroleum Refinery Journeyman license may be renewed without continuing education.
- (l) **Continuing Education Not Required for Ground Source Piping.** Subsections (a) through (j) of this Section shall not apply to the license category of Ground Source Piping. The Ground Source Piping category license may be renewed without continuing education provided that a current approved certification is submitted.
- (m) **Continuing Education Not Required for Medical Gas.** Subsections (a) through (j) of this Section shall not apply to the license category of Medical Gas. The Medical Gas category may be renewed without continuing education provided that a current approved certification is submitted.

SUBCHAPTER 11. LICENSE REVOCATION OR SUSPENSION AND PROHIBITED ACTS

158:50-11-2. Prohibited acts

- (a) The following are prohibited acts:
 - (1) No person, entity, or firm may engage in mechanical contracting or perform mechanical work without first obtaining the appropriate license or registration pursuant to this Chapter.

- (2) No licensee shall perform mechanical work in a category under which he or she is not licensed or work outside of the confinements of the required Medical Gas certification.
- (3) No licensee shall perform work contrary to any provision of the standards of installation as described in OAC 158:50-1-4, except as otherwise provided by law or rule. Each violation of the standards of installation in OAC 158:50-1-4 can be treated as a separate violation of this Chapter.
- (4) No person shall offer to engage in mechanical work during the period his or her license is suspended or revoked.
- (5) No employing mechanical firm shall employ or use an unlicensed or unregistered individual or entity to perform mechanical work.
- (6) No person, entity, or firm may transfer a license or registration.
- (7) No individual or entity, licensed pursuant to this Chapter shall enter into an agreement for the use of his or her license with any firm or person which is, or has been adjudicated to be, in violation of any provision of the Act, or whose license is currently suspended or has within the last year been revoked, unless or until otherwise approved by the Board.
- (8) No person shall make a materially false or fraudulent statement in an application for license.
- (9) No person may alter a license.
- (10) No licensee or registrant shall fail to notify the Administrator of a change in his or her address.
- (11) No licensee or registrant shall perform mechanical work without keeping their license or registration and any required certification on their person or in close proximity while performing mechanical work.
- (12) No person may engage in cheating or any act involving the fraudulent misrepresentation of an applicant by an examinee.
- (13) No person or entity shall deny access to the Construction Industries Board or its representative on a job site.
- (b) The following prohibited acts apply to persons issued a contractor license:
- (1) No licensee shall employ or supervise persons performing mechanical work unless those persons are licensed or registered to perform that category of work.
- (2) No licensee shall allow any apprentice to perform mechanical work at the contractor's job site unless the apprentice will have direct supervision by a person licensed to perform in that category of mechanical work.
- (3) No licensee shall allow more than three (3) apprentices per journeyman at a job site.
- (4) No licensee shall fail to maintain a bond as provided for in OAC 158:50-5-3.
- (5) No licensee shall fail to provide proof of financial responsibility to the Administrator as provided for in OAC 158:50-5-3(b).
- (6) No licensee shall be associated with and responsible for more than one mechanical firm.

(c) The following prohibited acts apply to persons issued a journeyman license:

- (1) No licensee shall allow an apprentice under his or her direct supervision to perform mechanical work for which the journeyman is not licensed to perform.
- (2) No licensee shall perform mechanical work except under the employment or supervision of a Mechanical Contractor.
- (3) No licensee shall engage in the planning, contracting, or furnishing of labor and/or materials used for mechanical work.

GIST/ANALYSIS:

Gist: The proposed changes to the Inspectors Regulations provides language clarifying existing rules and authority due to legislative changes including a change in provisional licenses from 2 to 1 year and a new independent third party license type; fee waivers for active duty-military, their spouses and a low income fee waiver.

Analysis: The proposed amendments to 158:60-1-2 are for the purpose adding a new definition and changes due to SB 733 and format cleaning of other definitions for consistency. The proposed amendments to 158:60-3-1 are formatting cleanup for consistency. The proposed amendments to 158:60-3-2 add language to clarify the complaint process for the benefit of the public. The proposed amendments to 158:60-5-1 change provisional licenses from 2 years to 1 year and the proposed amendments to 158:60-5-2 are as a result of SB 733. The proposed amendments to 158:60-5-2.1 are related to SB670 and provide a fee waiver for active duty military and their spouses. The proposed amendments to 158:60-5-3 and 158:60-5-3.1 are as a result of SB 733 as well as formatting cleanup. The proposed amendments to 158:60-5-4 include formatting cleanup as well as provides a one-time low income fee waiver as a result of HB 2933. The proposed amendments to 158:60-5-5 are related to formatting cleanup. The proposed amendments to 158:60-9-3 are a result of SB 733 and HB 2088.

CONTACT PERSON:

Shanpie Brown, Board Secretary/Executive Assistant, 405-521-6550.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

158:60-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Act" means the Oklahoma Inspectors Act as found at 59 O.S. § 1031, *et seq.*

"Administrator" means the Administrator of the Board as described in the Construction Industries Board Act found at 59 O.S. § 1000.1, *et seq.*

"Authorized Provider" means one who is not a governmental employee but an independent contractor who, ~~through contract, is designated~~ recognized by a ~~political subdivision~~ Political Subdivision that issues building permits and who meets the requirements under the Oklahoma Inspectors Act and rules promulgated on the requirements of such licensure.

"Board" means the Construction Industries Board.

"Building and ~~construction inspection~~ Construction inspection" means the inspection of plumbing, electrical, mechanical or structural aspects of building and construction, for the purpose of enforcing compliance with the applicable building codes or standards.

"Building and ~~construction inspector~~ Construction Inspector" means any person actively engaged in the inspection of any phase of building and construction ~~by the political subdivision having managerial and superintending control over building codes as the code official~~ for the purpose of enforcing and having the authority to enforce compliance with the applicable building codes or standards and includes, but

is not limited to, plumbing inspectors, electrical inspectors, mechanical inspectors and structural building inspectors.

"Building ~~official~~ Official" means the licensed employee code official having the duty to administer and the authority to enforce building codes in the ~~political subdivision~~ Political Subdivision.

"Certification" means successful passage of an examination by a Committee-approved national certification program in a license category pursuant to the Oklahoma Inspectors Act.

"Category" means one of the following areas of inspector licensure: electrical, mechanical, plumbing, building, or energy.

"Circuit ~~rider~~ inspector Rider Inspector" means a person who acts as a ~~building~~ Building and construction inspector Construction Inspector for two or more municipalities or other political subdivisions and is certified and licensed pursuant to the Oklahoma Inspectors Act.

"Classification" means ~~unlimited~~ Unlimited or ~~residential~~ Residential, ~~circuit rider~~ Circuit Rider, ~~provisional~~ Provisional, or ~~authorized agent~~ Authorized Provider in a license Category. Only ~~unlimited~~ Unlimited and ~~residential~~ Residential classification may be renewed inactive.

"C.E.U." or "CEU" means a continuing education unit that is either one (1) credit hour of Committee approved instruction or its equivalent as determined by the Committee.

"Committee" means the Oklahoma Inspector Examiners Committee.

"Credit Hour" means fifty (50) minutes, or more, of instruction with a ten (10) minute break.

"Designated ~~code official~~ Code Official" means an employee of a Political Subdivision with a population over 10,000 who is licensed, who approves the Report Writer or reviews and accepts the Report Writer's report in the same category as the official is licensed.

"Direction and Control" means when the licensed ~~authorized~~ Authorized Provider ~~agent is solely and exclusively~~ responsible to the ~~recognizing political subdivision~~ Political Subdivision ~~through contract~~ when performing building and construction inspections as an independent contractor separate and free from any influence or control on an inspection by any entity or business that performs industrial, commercial, or residential construction within the ~~political subdivision~~ Political Subdivision where the ~~authorized agent~~ Authorized Provider is providing inspection services.

"Inactive ~~building~~ Building and construction ~~inspector~~ Construction Inspector" means a previously licensed ~~building~~ Building and construction inspector Construction Inspector, having successfully passed an examination by a Committee-approved national certification program, ~~who is currently not employed by a political subdivision and therefore~~ does not meet all requirements of the Oklahoma Inspectors Act to perform building and construction inspections pursuant to the Oklahoma Inspectors Act until all requirements are met.

"OUBCC" means the Oklahoma Uniform Building Code Commission.

"Political Subdivision" means a municipality, city, town, village, county, or public trust where a city or town is a beneficiary.

"Provisional ~~License~~License" means a license issued to a ~~buildingBuilding and construction inspectorConstruction Inspector~~ who is an employee of a ~~political subdivisionPolitical Subdivision~~ on a provisional basis and limited to a maximum of ~~two (2) yearsone (1) year~~ in each license category for the purpose of enabling an applicant to meet the certification requirements.

"Recognized" means when a Political Subdivision, ~~having managerial and superintending control over building codes, determines for the Political Subdivision that a licensee is qualified to perform inspections within the Political Subdivision, is aware the licensee is free of direction and control of any person, entity or performing or designing contractor requesting the inspection, and can notify the Construction Industries Board of the same upon request.~~

"Regular work placeWork Place" means the immediate individual office including desk, chair, computer and office telephone wherein the inspector is expected to be reached and to conduct day-to-day office business.

"Report Writer" means any person ~~or agency designated recognized by a political subdivisionPolitical Subdivision~~ having managerial and superintending control over building codes as a report writer for purposes of furnishing report-writing services on behalf of the ~~building officialBuilding Official~~. This person must be approved by the ~~building officialBuilding Official~~ or designated code official, provided he or she has no conflict of interest and satisfies the requirements of the ~~political subdivisionPolitical Subdivision~~ as to qualifications, ethical standards and reliability in the process and services. The individual's furnished written reports shall be provided and acceptable to the ~~building officialBuilding Official~~, designated code official or ~~political subdivisionPolitical Subdivision~~ for final code evaluation. A report writer must be an employee of or ~~recognized by the political subdivisionPolitical Subdivision~~.

"Residential" means the classification of inspector license which authorizes an individual to conduct electrical, mechanical, plumbing or building inspections of only those structures designated as use group R3 or R4 in the most current Residential code adopted by the "OUBCC".

"Unlimited" means the classification of inspector license which authorizes an individual to conduct electrical, mechanical, plumbing or building inspections of all structures or installations.

SUBCHAPTER 3. PROCEDURES OF THE COMMITTEE

158:60-3-1. Procedures of the Committee

(a) The Committee shall serve the Construction Industries Board in an advisory capacity, assist and advise on all matters pertaining to the formation of rules pursuant to the Act, and assist and advised the Administrator, as needed, on the national certification and examination, by contract or otherwise, and licensing of applicants for ~~buildingBuilding and construction inspectorConstruction Inspector~~ license, and shall act as advisor on all matters related to the licensing of building and

construction inspectors, in accordance with these rules and the Act.

(b) Committee meetings will be held in the principal offices of the Construction Industries Board referenced at OAC 158:1-3-1, unless posted otherwise according to the Open Meeting Act. The Committee shall meet as often as is necessary, but at least once each quarter when applications are pending.

(c) The public may communicate with the Committee, in person or by mail, through the Oklahoma Construction Industries Board.

(d) Application for licensure shall be done by submitting an application to the Construction Industries Board on a form provided by the Board.

158:60-3-2. Hearings and Complaints

(a) The Committee may, upon its own motion or upon receipt of written complaint about a licensee or ~~political subdivisionPolitical Subdivision~~, request an investigation be conducted regarding an alleged violation of the Oklahoma Inspectors Act or the related administrative rules. All Inspector investigations must be approved by the Committee. Complaints must:

- (1) Be in writing;
- (2) Provide adequate information, including but not limited to, the date when the alleged violation occurred, facts surrounding the event, name of the person(s) and/or ~~political subdivisionPolitical Subdivision~~ being complained against; and
- (3) Provide any documented evidence to substantiate the complaint.

(b) Complaints on Authorized Providers may be made by a Political Subdivision as they will be recognizing any Authorized Provider's licensures for their jurisdiction.

(c) Any complaint on a person acting or performing as a Building and Construction Inspector without the proper license can be forwarded to the appropriate district attorney for prosecution.

(d) Any complaint toward an entity who employs an unlicensed person to perform the duties and responsibilities of a Building and Construction Inspector or who fails to notify the Construction Industries Board of the employment of an inspector shall be subject to an administrative fine following an investigation and hearing on the matter.

~~(b)~~ Upon completion of an investigation by the Committee's designee, the results of the investigation will be presented to the Committee for them to determine if an individual proceeding is to be conducted. If the Committee approves a matter to be set for individual proceeding, the CIB Administrator will contact a hearing examiner to conduct the individual proceeding according to the Procedures of the Construction Industries Board's administrative rules in Title 158, Ch. 1.

~~(e)~~ Notice of an individual proceeding will be served upon an individual licensee or for political subdivisions the mayor, city manager or city attorney according to the Procedures of the Construction Industries Board's administrative rules in Title 158, Ch. 1.

(~~dg~~) Pursuant to the Construction Industries Board Act, the Oklahoma Inspectors Act, and Administrative Rules hearings shall occur as often as is necessary to enforce the requirements of the Inspectors Act and this Chapter. Hearings shall be conducted by an administrative hearing examiner who will render a proposed order on any fine, penalty or fee which will then be submitted to the Construction Industries Board to become a final order.

(~~eh~~) After a proposed order by the impartial hearing examiner finding whether a violation occurred pursuant to the Oklahoma Inspectors Act with a recommendation of action as provided by the Oklahoma Inspectors Act, Construction Industries Board Act and/or the administrative rules is completed, it will be provided to the Administrator and then submitted to the Construction Industries Board pursuant to the Procedures of the Construction Industries Board administrative rules in Title 158, Ch. 1.

SUBCHAPTER 5. CATEGORIES AND CLASSIFICATIONS OF INSPECTOR LICENSES, QUALIFICATIONS FOR INSPECTOR Licensure, LICENSE REQUIREMENTS FOR INSPECTORS, FEES, CERTIFICATION AND CONTINUING EDUCATION FOR INSPECTORS, AND CONTINUING EDUCATION COURSES

158:60-5-1. Categories and classifications of inspector licenses

Licenses shall be issued for the following categories and classifications:

- (1) Category of Electrical inspector:
 - (A) Unlimited classification.
 - (B) Residential classification.
 - (C) Inactive Unlimited classification.
 - (D) Inactive Residential classification.
 - (E) Circuit Rider Unlimited classification.
 - (F) Circuit Rider Residential classification.
 - (G) ~~Two year~~One year Provisional Unlimited classification.
 - (H) ~~Two year~~One year Provisional Residential classification.
 - (I) Authorized ~~Agent~~Provider classification (Unlimited only).
- (2) Category of Mechanical inspector:
 - (A) Unlimited classification.
 - (B) Residential classification.
 - (C) Inactive Unlimited classification.
 - (D) Inactive Residential classification.
 - (E) Circuit Rider Unlimited classification.
 - (F) Circuit Rider Residential classification.
 - (G) ~~Two year~~One year Provisional Unlimited classification.
 - (H) ~~Two year~~One year Provisional Residential classification.
 - (I) Authorized ~~Agent~~Provider classification (Unlimited only).
- (3) Category of Plumbing inspector:

- (A) Unlimited classification.
 - (B) Residential classification.
 - (C) Inactive Unlimited classification.
 - (D) Inactive Residential classification.
 - (E) Circuit Rider Unlimited classification.
 - (F) Circuit Rider Residential classification.
 - (G) ~~Two year~~One year Provisional Unlimited classification.
 - (H) ~~Two year~~One year Provisional Residential classification.
 - (I) Authorized ~~Agent~~Provider classification (Unlimited only).
- (4) Category of Building inspector:
 - (A) Unlimited classification.
 - (B) Residential classification.
 - (C) Inactive Unlimited classification.
 - (D) Inactive Residential classification.
 - (E) Circuit Rider Unlimited classification.
 - (F) Circuit Rider Residential classification.
 - (G) ~~Two year~~One year Provisional Unlimited classification.
 - (H) ~~Two year~~One year Provisional Residential classification.
 - (I) Authorized ~~Agent~~Provider classification (Unlimited only).
 - (5) Category of Energy Code Inspector:
 - (A) Unlimited classification.
 - (B) Residential classification.
 - (C) Inactive Unlimited classification.
 - (D) Inactive Residential classification.
 - (E) Circuit Rider Unlimited classification.
 - (F) Circuit Rider Residential classification.
 - (G) ~~Two year~~One year Provisional Unlimited classification.
 - (H) ~~Two year~~One year Provisional Residential classification.
 - (I) Authorized ~~Agent~~Provider classification (Unlimited only).

158:60-5-2. Qualifications for inspector licensure

- (a) Initial application must be made on the form provided by the Administrator and the licensure must be approved by the employing or recognizing Political Subdivision.
- (b) The proper fees must accompany any application, including the late fee if application for renewal is made after expiration of the initial license.
- (c) Be employed by a Political Subdivision with a population over 10,000 unless acting as a circuit rider or Authorized Provider then the person must be licensed regardless of Political Subdivision population size.
- (d) The applicant must submit, as soon as is practicable after application for initial license is made, proof of certification by successful completion of a national examination approved by the Committee.
- (e) ~~Other than two year provisional license, no~~No license shall be issued for longer than one (1) year and all licenses shall expire on the end of the birth date month of the licensee.

(f) Before an application for license renewal can be approved, the Board must receive proof of completion of the required C.E.U.'s.

~~(g) If a licensed Building and Construction Inspector is not employed at the time of renewal, the license may be renewed if the applicant is otherwise compliant with the requirements of the Oklahoma Inspectors Act, including meeting continuing education requirements; however, the renewal application must reflect the change in employment along with a request to renew as inactive status. An inactive license status may be changed to active status upon notification of employment to the Construction Industries Board.~~

(hg) OAC 158:60-5-4 sets forth the licensing qualifications for the license categories and classifications provided in OAC 158:60-5-1. Additional certifications or exams may be recognized by approval of the Committee and the Construction Industries Board on a case by case basis. However, no person shall be required to meet the continuing education requirements for the licensing year the certification requirements of subsection (d) of this Section are met.

(ih) A provisional license is issued to allow a person to work as an inspector even though all the license requirements have not been met. This provisional license will provide the licensee with adequate time and motivation to become educated and meet all licensure requirements within ~~two (2) years~~ one (1) year after being issued the provisional license. No person shall be issued more than one provisional license in any license category. At the end of the ~~two (2) years~~ one (1) year, the provisional license for the specified category and classification will expire. To continue performing inspections in the same category and classification as the expired provisional license an individual must meet the certification requirements to be a licensed inspector. A person cannot renew a provisional license in the category and classification previously held, but may obtain a provisional license in a different classification or category to perform work in that classification and category. The fee for the provisional license shall be \$35.00.

158:60-5-2.1. Acceptance of Military education, training and experience toward qualification for licensure examination

(a) **Licensure - ~~post~~-military service.** See OAC 158:1-3-10 for provisions related to the application of substantially equivalent licensure, education, training, and experience completed as a member of the Armed Forces or Reserves of the United States, National Guard of any jurisdiction, the Military Reserves of any jurisdiction, or the Naval Militias of any jurisdiction toward satisfying the qualifications for examination and license issuance.

(b) **Military spouse applicant—~~equivalency~~.** See OAC 158:1-3-10 for provisions related to issuance of ~~an equivalent~~ a license in an equivalent category for the spouse of an active-duty member of the Armed Forces or Reserves of the United States.

158:60-5-3. License requirements for inspectors

(a) The licensee shall notify the Construction Industries Board in writing within fifteen (15) days of any change in address or change in employment status related to the license.

(b) All licensees shall, in addition to any local procedures or requirements, notify the Administrator as to persons suspected of performing building, electrical, mechanical, plumbing, or roofing work within their jurisdiction who are not properly licensed or registered by the State. All licensees performing building and construction inspections shall require all persons doing work in his/her jurisdiction to meet all requirements for licensing and code standards.

(c) Any person who voluntarily surrenders their license during an investigation by the licensing authority shall be treated as if their license had been revoked by the Administrator on the day of surrender.

(d) The licensee shall not attempt to retain licensure by making false statements concerning C.E.U.'s.

(e) In political subdivisions where licensing is required by the Act, no person may perform building and construction inspections in a classification and category in which he or she is not licensed.

(f) To receive an unlimited inspector license in a given category, one must take and pass both the residential certification examination and the commercial certification examination for that category.

(g) Any person conducting inspections as an Inspector or Building Official is required to be licensed if working for or within a Political Subdivision of over ten thousand. An Authorized ~~Provider~~ Agent conducting inspections for a Political Subdivision regardless of the population must be licensed by passing both residential and commercial exams.

(h) No license is currently required for a Report Writer whose report is subject to review and accepted by one of the following licensees: Inspector, designated code official, or Building Official of the Political Subdivision.

(i) Any municipality or other governmental entity which employs any person as a building and construction inspector for functions normally performed by a building and construction inspector shall notify the Construction Industries Board of the employment.

158:60-5-3.1. ~~Authorized agents~~ Provider

(a) To obtain an ~~authorized agent~~ Authorized Provider inspector license, the applicant shall:

(1) ~~Be engaged in an independently established business approved, recognized individually, accepted and designated by a political subdivision~~ Political Subdivision, meet as meeting all requirements for a state inspector's license in the category of the inspections being performed, unlimited classification, and make any recognizing political subdivisions aware he or she is ~~be~~ free of direction and control of any contractor, person, or entity who is requesting the inspection;

(2) Pass in the chosen category the unlimited inspector classification examinations (residential and commercial)

approved by the Oklahoma Inspector Examiners Committee and complete all other requirements in the Oklahoma Inspectors Act and rules for each category sought; and

(3) Complete an ~~authorized agent~~ Authorized Provider inspector license application for the examination, license or renewal of license. The application shall be completed in writing on forms furnished by the Construction Industries Board. Each application shall be accompanied by a fee and proof of continuing education for renewals as required in the Oklahoma Inspectors Act and rules. Every applicant shall provide to the Construction Industries Board, on new and renewal applications, a completed application form and verify to the Construction Industries Board upon request that applicant is recognized ~~notarized certification~~ by a political subdivision's city or county manager, clerk or director of inspections department that the applicant will be performing as an ~~authorized agent~~ Authorized Provider of or within that political subdivision ~~Political Subdivision~~.

(b) It shall be unlawful for any person to act as or perform the work of an ~~authorized agent~~ Authorized Provider inspector unless such person is qualified and licensed pursuant to the Oklahoma Inspectors Act and regardless of the size of the Political Subdivision. An ~~authorized agent~~ Authorized Provider inspector license does not authorize an individual to issue permits.

(c) ~~Authorized-agent~~ Provider inspectors licensed by the state are deemed to be acting as independent contractors and not as officers, employees or agents of the state. The state assumes no liability for the actions or omissions of licensed ~~authorized agents~~ Authorized Providers.

(d) ~~Authorized-agents~~ Providers shall:

(1) In addition to complying with the provisions of the Oklahoma Inspectors Act, provide proof of insurance coverage of up to One Million Dollars (\$1,000,000.00) in professional liability insurance, in addition to One Million Dollars (\$1,000,000.00) in errors and omissions insurance as set by rule. Proof of valid and current insurance coverage must be provided upon application for registration and renewal of registration in the form of an insurance certificate listing the State of Oklahoma as the certificate holder. Further, proof of compliance with the workers' compensation laws of Oklahoma or exemption is required. Lapse of insurance shall result in the change of license status to inactive;

(2) Not be under the direction and control of any entity that performs industrial, commercial or residential construction within the ~~political—subdivision~~ Political Subdivision in which they would provide services;

(3) Not be under the direction and control of any entity that designs industrial, commercial or residential projects within the ~~political—subdivision~~ Political Subdivision in which they would provide services;

(4) Provide written reports acceptable to the ~~political subdivision~~ Political Subdivision according to the ~~political subdivision~~ Political Subdivision requirements;

(5) Not be prohibited in this act from providing other plan review and inspection services for jurisdictions that pertain to infrastructure projects, utilities projects or other

services not regulated by the Oklahoma Inspectors Act, except as restricted or limited by the Political Subdivision;

(6) Not be allowed to apply for a provisional license as described in Section 1036 of Title 59 of the Oklahoma Statutes; and

(7) Provide evidence of being certified for the specific license category for which they are applying and shall only provide services in the area of certification and licensing.

(e) A Political Subdivision should report to the CIB any instances of an Authorized Provider failing to maintain liability insurance, failing to comply with worker's compensation laws, and if the Authorized Provider is working under the direction and control of an entity to which they are also providing services.

158:60-5-4. Fees, certification and continuing education for inspectors

(a) **Requirements.** The fees for an individual holding more than one inspector license category is capped at the cost for one category thereby the total cost for all license categories is the same total cost as the cost for one license category if application is made at the same time for multiple categories. The same fee structure for the inspector license classifications applies to the ~~Authorized-Agent~~ provider and provisional classifications. Fees, certification and continuing education requirements for inspectors are as follows:

(1) Building inspectors (both unlimited and residential licenses):

- (A) \$35.00 Fee for initial license and renewal;
- (B) \$35.00 Late fee, if applicable;
- (C) Approved Certification; and
- (D) Completion of six (6) C.E.U.'s for renewal license.

(2) Electrical inspectors (both unlimited and residential licenses):

- (A) \$35.00 Fee for initial license and renewal;
- (B) \$35.00 Late fee, if applicable;
- (C) Approved Certification; and
- (D) Completion of six (6) C.E.U.'s for renewal license.

(3) Mechanical inspectors (both unlimited and residential licenses):

- (A) \$35.00 Fee for initial license and renewal;
- (B) \$35.00 Late fee, if applicable;
- (C) Approved Certification; and
- (D) Completion of six (6) C.E.U.'s for renewal license.

(4) Plumbing inspectors (both unlimited and residential licenses):

- (A) \$35.00 Fee for initial license and renewal;
- (B) \$35.00 Late fee, if applicable;
- (C) Approved Certification; and
- (D) Completion of six (6) C.E.U.'s for renewal license.

(5) Energy Code inspector (both unlimited and residential licenses):

- (A) \$35.00 Fee for initial license and renewal;
- (B) \$35.00 Late fee, if applicable;

- (C) Approved Certification;
- (D) Completion of six (6) C.E.U.'s for renewal license.

(b) One time low-income fee waiver. See OAC 158:1-3-13(c) regarding eligibility on a one-time, one-year fee waiver.

158:60-5-5. Continuing education

(a) Continuing education requirements:

- (1) No license shall be renewed unless the licensee has completed at least six (6) hours of continuing education within twelve (12) months preceding the application for renewal.
- (2) Credit will only be given for continuing education programs approved by the Committee.
- (3) A licensee is exempt from the continuing education requirements of this Chapter for one (1) year from the date he or she passed their current licensing exam.

(b) Application procedures for continuing education course approval. Any provider or instructor which desires to sponsor education to licensees in compliance with the continuing education requirements of OAC 158:60-5-4 shall file an application for approval on the form prescribed by the Committee, or its designee at least fifteen (15) days prior to the date of the Regular meeting of the Committee from which the organization wants the course to be considered for approval, and at least thirty (30) days prior to the date for which the course is scheduled. The application shall include a list of the course instructors and their qualifications, an agenda detailing the material to be presented, the location of the training, the program objectives, and the number of credit hours of classroom and supervised instruction. Licensees shall not receive continuing education credit for attending classes that are not approved by the Committee. Within seven (7) days of the completion of the course, the provider or instructor shall submit the original sign-in sheets for all sessions to the Inspector Examiners Unit of the Construction Industries Board. The sign-in sheets shall include the signature and state inspector license number of each person in attendance. The provider or instructor shall verify the total number of continuing education hours completed by each attendee. All programs shall be presented as submitted and approved, including lunch and breaks shown on the approved agenda, unless changes have been approved. Changes to the program shall be submitted to the Committee, or its designee, within ten (10) days of the training session for review by the Committee. Failure to obtain approval of changes may result in loss of CEU approval.

(c) Standards for continuing education. The following standards will govern the approval of continuing education programs by the Inspector Examiners Committee:

- (1) The program provider shall submit evidence that the provider and instructional staff are qualified by reason of education, experience or training.
- (2) All material and information presented shall pertain to the discipline in which the person is licensed.
- (3) All courses must be of at least two (2) credit hours in length.
- (4) The training location must be outside the regular work place or after hours.

(5) Correspondence or online course approval standards:

(A) Providers or instructors seeking to offer correspondence courses for continuing education shall submit a course curriculum and study material for review and approval by the Committee prior to the courses being offered as continuing education. An access code and password shall be provided to the Committee, or its designee, for an online course for the purpose of review and approval. Approved correspondence courses shall be required to comply with all requirements for other continuing education courses except for sign-in sheets. Providers shall provide a student with a document of completion which certifies completion of approved correspondence courses.

(B) Providers of an on-line course shall submit verification of six (6) hours of real time on-line instruction. Correspondence or online courses shall have sufficient explanation and or graphics to expound the concepts being taught. The format of the online course shall be constructed so as to elicit interaction between the student and the material presented. Each page of text shall be designed with a question that must be answered before advancing to the next page or a test at the end of a subject matter before the course is considered complete. Providers shall provide a student with a document of completion that shall certify completion of an approved online course.

(C) Applications for correspondence or online courses shall be resubmitted annually, from date of approval, for review and approval.

(6) Along with a course application, a video presentation may be submitted for course material and instructor approval by the Committee if the video presentation is closely related to the subject matter of the course and meets the following:

(A) All video presentations must be submitted in electronic format at least thirty (30) days in advance of the Committee meeting reviewing the course application, except for manufacturer's videos generally accepted in the industry covering accepted industry practices or standards. If the electronic format does not allow forwarding by email, then seven (7) copies of a portable storage format are required.

(B) Video segments shall be no more than thirty (30) minutes, followed by a discussion and no more than fifty percent (50%) of the total course time.

(C) The required copies of each individual video presentation training segment must be submitted with the CEU class approval request for review and approval by the Committee of the course material and instructor. However, if the video is a manufacturer's video, the Committee is not required to approve of the instructor in the video as long as the video course material and video presentation is approved by the Committee.

Permanent Final Adoptions

- (D) An approved instructor will be present during the viewing of any video and will monitor the class for questions. Prior to any video presentation, class participants shall be instructed to raise their hand if they have a question or comment during the video presentation. When a class participant has a question or comment during the video presentation, the instructor must be able to stop or pause the video to accommodate live interactive discussion.
- (E) Audio and video equipment shall be arranged in advance or otherwise provided to assure that class participants are able to see and hear all portions of any video presentation. In the case of audio or video failure, the time of the video presentation may be presented by the approved instructor over subject matter previously approved for that instructor.
- (d) **Course Advertisement.**
- (1) All advertising must include the course ID number.
 - (2) The provider of an approved continuing education program may announce or indicate as follows: Course #____ has been approved by the Construction Industries Board Inspector Examiners Committee for ____ hours of CE credit.
- (e) **Approval Limitations.**
- (1) The Committee's designee may approve additional course dates and locations after the course has been approved by Committee vote. Substantive change to course content must be brought before the Committee.
 - (2) Approval of all courses, including correspondence and online courses, is rescinded upon the adoption of a different statewide code by OUBCC, and a new application showing updates of new code is necessary.
 - (3) The Committee or its designee may refuse to accept any application for approval if the supporting documentation is insufficient or incomplete. The Committee may deny or revoke approval of an application for any of the following reasons:
 - (A) failure to comply with the continuing education provisions;
 - (B) inadequate application or supporting documentation;
 - (C) failure to instruct on the topic approved; or
 - (D) unsatisfactory evaluations of the course, instructor, or materials from previous classes.
 - (4) If an application is refused or disapproved, written notice detailing the basis of the decision shall be provided to the applicant.
 - (5) The Committee may at any time re-evaluate and grant or revoke approval of an application or course.
 - (A) The Committee or its designee shall be granted access to attend, observe and audit any continuing education course approved by the Committee.
 - (B) The Committee may at any time review courses for quality in instruction. The Committee shall also investigate and take appropriate action, up to and including revocation of authority to provide CE, regarding complaints involving approved courses.
- (C) A provider's failure to comply with this Section constitutes grounds for disciplinary action, up to and including revocation of authority to provide CE, against the provider or for denial of future applications for coursework.
- (6) The applicant will be notified in writing by mail whether the program is approved or disapproved.
- (f) **Alternate Credit accrual:**
- (1) Credit may be earned through teaching in an approved continuing education class in the license category for which the renewal application is submitted. The Committee may award up to six (6) hours of CE credit not to exceed the number of approved hours for that CE class.
 - (2) Credit may also be earned through teaching an approved course in an accredited vocational school or a ~~building~~Building and ~~construction inspector~~Construction Inspector-specific program approved by the Committee. The Committee may award up to six (6) hours of CE credit for each semester of academic credit awarded by the academic institution for the course.
 - (3) Credit may also be earned through participating as a designee of a technical committee appointed by the OUBCC to review and recommend adoption of building codes. The Committee may award up to six (6) hours of continuing education for completing a code review as designee in the code listed as the standard for the license held and upon completion of the code review receiving a certificate to be provided to CIB to receive continuing education credits.
- (g) **Complaint procedure:**
- (1) A person, government, or private organization may submit a written complaint to the Committee, or its designee, charging a provider of continuing education with a violation of the rules, and specifying the grounds for the complaint.
 - (2) Complaints must be in writing and include contact information, and shall be filed on the proper complaint form prescribed by the Construction Industries Board, or its designee.
 - (3) The Committee may consider an unsigned or anonymous complaint for further investigation.
 - (4) Upon receipt of a signed complaint form, a copy shall be sent to the continuing education provider addressed in the complaint. The continuing education provider shall provide a written response within fifteen (15) days. Upon receipt of the continuing education provider's written response, both complaint and response shall be considered by the Committee, or its designee, for appropriate action including dismissal of the complaint, further investigation, or a finding of violation of a statute or rule. The Committee, or its designee, shall notify both complainant and continuing education provider of the determination made by the Committee. Failure of the continuing education provider to respond will be considered as a violation of this rule.
 - (5) If a reasonable cause violation determination is made by the Committee, the Oklahoma Administrative

Procedure Act shall be followed for all disciplinary proceedings undertaken including but not limited to all parts of this subsection.

SUBCHAPTER 9. DURATION OF LICENSES

158:60-9-3. Duration of licenses

- (a) All licenses, ~~except for a provisional license~~, shall have a duration of no more than one (1) year, and shall expire on the ~~licensee's last day of his or her birth-day month~~.
- (b) Any license issued, except for a provisional license, may be renewed by submitting the renewal application and the license fee for the next year by check or money order which must be delivered or mailed on or before the expiration date.
- (c) A license renewed under the provision of (b) of this Section is effective when notice of such renewal is issued by the Construction Industries Board.
- (d) An expired license may be reinstated by submitting the license renewal fee and late fee with the filing of a renewal application and proof of meeting all license renewal requirements.
- (e) A licensee who, during an investigation of the licensee by the Construction Industries Board, surrenders their license shall be treated as if the license had been revoked for one (1) year from the day of surrender.
- (f) A license cannot be renewed until the licensee has paid any and all outstanding fines due and owing to any division of the Construction Industries Board.
- ~~(g) To maintain an active inspector license, in addition to complying with the requirements of this Chapter, an inspector must be employed by a political subdivision, otherwise the license status is inactive.~~

[OAR Docket #20-640; filed 7-17-20]

TITLE 158. CONSTRUCTION INDUSTRIES BOARD

CHAPTER 70. HOME INSPECTION INDUSTRY REGULATIONS

[OAR Docket #20-641]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

- Subchapter 1. General Provisions
- 158:70-1-3 [AMENDED]
- Subchapter 5. License Requirements, License Fees, License Period, Re-Examination, Display and Insurance
- 158:70-5-2 [AMENDED]
- Subchapter 9. Examination Applications, Examinations, Course Approval Requirements, Instructor Requirements, Continuing Education, Denied Application Appeal, Submission of Records, Substantial Compliance and Reciprocity
- 158:70-9-1 [AMENDED]
- 158:70-9-1.1 [AMENDED]
- Subchapter 11. License Revocation and Suspension and Additional Prohibited Acts

158:70-11-2 [AMENDED]

AUTHORITY:

Construction Industries Board; 59 O.S. §§ 858-627, 1000.4 and 1000.5.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

November 22, 2019

COMMENT PERIOD:

December 16, 2019, through January 17, 2020

PUBLIC HEARING:

January 29, 2020

ADOPTION:

January 29, 2020

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

February 4, 2020

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 25, 2020

FINAL ADOPTION:

June 25, 2020

EFFECTIVE:

October 1, 2020

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

n/a

GIST/ANALYSIS:

Gist: The proposed changes to the Home Inspection Industry Regulations add language clarifying existing rules and statutory changes as a result of SB 670, HB 1373 and HB 2933.

Analysis: The proposed amendments to 158:70-1-3 are to clarify the standards of practice for home inspectors. The proposed amendments to 158:70-5-2 are for clarification and also to provide a one-time low income fee waiver related to HB 2933. The proposed amendment to 158:70-9-1 is a result of HB 1373. The proposed amendments to 158:70-9-1.1 are related to SB 670 and provide a fee waiver for active duty military and their spouses. The proposed amendments to 158:70-11-2 are for clarification and also include an ethical provision.

CONTACT PERSON:

Stephanie Brown, Board Secretary/Executive Assistant, 405-521-6550.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

158:70-1-3. Standards of workmanship and practice

- (a) General requirements.

(1) These standards of practice are the minimum levels of inspection practice required of inspectors for the components and systems identified in these rules. No additional inspection beyond these standards of practice set out by the rules is required. Any additional inspection services provided beyond or outside the scope of the standards of practice is a contractual matter between the parties. Home inspections performed in accordance with these standards of practice are intended to provide the client with information regarding the condition of the systems and components at the time of the inspection.

(2) The inspector shall be governed by the following general requirements:

Permanent Final Adoptions

- (A) The inspector shall inspect all readily accessible installed systems and components listed in these standards of practice.
- (B) The inspector shall complete a written inspection report in accordance with these standards and submit the report to the client within an agreed upon time frame.
- (C) The inspector shall identify in any written report the client, the inspector who performed the inspection by name and license number, and the address of the inspected property.
- (D) The inspector shall report:
- those systems and components inspected, which in the professional opinion of the inspector, are in normal working order;
 - those systems and components inspected which, in the professional opinion of the inspector, are not in normal working order and the reason, if not self-evident;
 - those systems and components inspected which, in the professional opinion of the inspector, could impair the safety of the occupants or client and the reason, if not self-evident;
 - the inspector's recommendations to have corrected, further evaluated or monitored any reported condition or defect; and,
 - any systems and components designated for inspection in these standards, which were present at the time of the Home Inspection but were not inspected and the reason they were not inspected.
- (3) These standards of practice are not intended to limit inspectors from:
- including other inspection services or inspecting other systems or components in addition to those required by these Standards when agreed to by the parties contracting for inspection services;
 - providing a higher level of inspection performance than required by these Standards;
 - reporting other observations or conditions in addition to those required by these Standards after any additional conditions are evaluated and would meet the overall purpose of the home inspection, including categorizing additionally reported item, such as but not limited to life and safety, functionality or general maintenance; or,
 - excluding systems and components from the inspection, if requested by the client in writing prior to the inspection and recorded on a signed form, such as the sample form "Sample Home Inspection Exclusion" at Appendix A of this Chapter.
- (4) All home inspectors shall maintain a log or record of all home inspections performed, for a minimum period of five (5) years from the date of inspection. The log or record shall include the name of the client, the address of the property, and the date of the inspection. The home inspector shall maintain a copy of all home inspections completed within the past thirty-six (36) months. The log or record and inspection reports may be a hard file or an electronic file and shall be maintained at the home inspector's principal business address. The files shall be available for review upon request of an authorized representative of the Construction Industries Board.
- (5) A home inspector who visually examines any portion of a residential unit that is part of a real property consisting of more than four (4) dwelling units, shall advise, in writing, the person requesting the visual examination that the visual examination being conducted by the home inspector is not governed by the Act and these rules.
- (6) All home inspectors should provide the standards of practice of this section to all potential clients prior to the home inspection by proof of signature of acknowledgment.
- (7) All home inspectors should require a written pre-inspection agreement to be signed by the client prior to the commencement of a home inspection.
- (b) General limitations and exclusions.
- The inspector is not required to perform any action or make any determination not specifically stated in these Standards of Practice.
 - Inspections performed in accordance with these standards are not required to be technically exhaustive, will not identify concealed conditions or latent defects and are only applicable to buildings with four or fewer dwelling units and their garages, both attached and detached, or carports.
 - The inspector is not required to:
 - perform any action or make any determination unless specifically stated in these Standards, except as may be required by lawful authority;
 - determine the condition of systems or components which are not readily accessible;
 - determine the remaining life of any system or component;
 - determine the strength, adequacy, effectiveness, efficiency or insurability of any system or component;
 - determine the causes of any condition or defect;
 - determine the methods or materials for repair or correction of any defect;
 - determine future conditions including, but not limited to, failure of systems and components;
 - determine the suitability of the property for any specialized use or compliance with any regulatory requirements other than this Chapter;
 - determine the presence of potentially hazardous plants or animals including, but not limited to, wood destroying organisms, mold, mildew, fungi, or diseases harmful to humans;
 - determine the presence of any environmental hazards including, but not limited to, toxins, carcinogens, noise, and contaminants in soil, water, or air;
 - determine the effectiveness of any system installed or methods utilized to control or remove suspected hazardous substances;

- (L) determine the operating costs of any system or component;
 - (M) determine the acoustical properties of any system or component;
 - (N) perform engineering or architectural services or perform work in any trade or professional service other than home inspections;
 - (O) provide warranties or guarantees of any kind;
 - (P) operate any system or component which is shut down or otherwise inoperable or turn on any utility services;
 - (Q) operate any system or component which does not respond to normal operating controls, or shut-off valves;
 - (R) enter any area which will, in the opinion of the inspector, likely be dangerous to the inspector or other persons or may damage the property or its systems or components;
 - (S) enter the under-floor crawl spaces, attics or any area which, in the opinion of the inspector, is not readily accessible;
 - (T) inspect or determine the integrity of underground systems or components, including, but not limited to, main drain lines connecting to sewers, water lines, gas lines, electrical lines and underground storage tanks or other underground indications of their presence whether abandoned or active;
 - (U) inspect systems or components which are not installed, decorative items, systems or components located in areas that are not entered in accordance with these Standards, detached structures other than garages and carports, or common elements and areas in multi-unit housing, such as condominium properties or cooperative housing;
 - (V) move suspended ceiling tiles, personal property, furniture, equipment, plants, soil, snow, ice, or debris;
 - (W) dismantle any system or component, except as explicitly required by these rules; or,
 - (X) light any standing gas pilot light that does not have a spark-igniter, including but not limited to heating systems, water heaters and fireplaces; or,
 - ~~(Y) determine the cost to correct any defect or provide cost estimates.~~
- (4) The inspector shall not:
- (A) offer or perform any act or service contrary to law;
 - (B) determine or report on the market value of the property or its marketability;
 - (C) report on the advisability of the purchase of the property; ~~or;~~
 - (D) estimate or speculate the cost for repairs; or
 - ~~(DE) advertise or solicit to perform repair services on the inspected home for a period of one (1) year from the date of the inspection.~~
- (c) Structural system inspection requirements.
- (1) The inspector shall inspect:
- (A) the foundation structure including slabs, piers, columns, posts, stem walls;
 - (B) the floor structure including beams, girders, joists, trusses, sill plates, blocking, bracing, drilling, notching and sub floors;
 - (C) the wall structure;
 - (D) the roof structure including rafters, trusses, sheathing, blocking, bracing, drilling, notching and fire stops;
 - (E) the ceiling structure including joists, trusses, blocking, bracing, drilling, notching and fire stops at ceiling penetrations; and,
 - (F) the crawl space, basement and attic moisture conditions and indicators of harmful water penetration or condensation on structural components.
- (2) The inspector is required to:
- (A) describe the foundation, floor structure, roof structure, ceiling structure and wall structure;
 - (B) describe indicators of foundation or structural movement;
 - (C) enter the crawl space and attic to determine the general condition of the components;
 - (D) report the method used to observe the crawl space and attic if the inspector did not enter; and,
 - (E) probe structural components where deterioration is suspected or where clear indications of possible deterioration exist. Probing is not required where no deterioration is visible.
- (3) The inspector is not required to:
- (A) enter a crawl space or any foundation area where the headroom is less than 18 inches, the access opening is less than 18 inches by 24 inches, where the area is excessively wet, or where the inspector reasonably determines the conditions or materials are hazardous to the safety of the inspector;
 - (B) enter an attic space where head room is less than 30 inches, the access opening is less than 18 inches wide by 24 inches long, or where the inspector reasonably determines conditions or materials are hazardous to the safety of the inspector; or
 - (C) perform any invasive or destructive inspection.
- (d) Exterior inspection requirements.
- (1) The inspector shall inspect:
- (A) the exterior wall covering, trim, flashings, caulking and protective coatings;
 - (B) all exterior doors and locking devices;
 - (C) overhead garage doors and garage door openers including safety mechanisms;
 - (D) storm windows and doors;
 - (E) attached decks/patios, balconies, stoops, steps, porches, and their associated railings;
 - (F) eaves, soffits and fascias;
 - (G) driveways and walkways leading to dwelling entrances;
 - (H) vegetation, grading, surface drainage, and retaining walls on the property when any of these are likely to have an adverse effect on the structure; and,
 - (I) the primary garage or carport.

- (2) The inspector shall describe:
 - (A) the exterior wall covering;
 - (B) attached decks/patios and balconies;
 - (C) driveways; and,
 - (D) walkways.
- (3) The inspector is not required to inspect:
 - (A) screening, shutters, awnings, and similar seasonal accessories;
 - (B) fences;
 - (C) geotechnical or hydrological conditions;
 - (D) recreational facilities;
 - (E) detached structures except the primary garage or carport;
 - (F) seawalls, break-walls, and docks; or,
 - (G) erosion control and earth stabilization measures.
- (e) Roof system inspection requirements.
 - (1) The inspector shall inspect the:
 - (A) roof covering;
 - (B) roof drainage systems;
 - (C) flashings;
 - (D) skylights;
 - (E) chimneys;
 - (F) attic ventilation covers; and,
 - (G) other roof penetrations.
 - (2) The inspector shall describe the roof covering.
 - (3) The inspector shall report:
 - (A) the number of layers of roof covering;
 - (B) asphalt/composition shingles over wood shingles; and,
 - (C) the methods used to inspect the roof.
 - (4) The inspector is not required to inspect:
 - (A) the interiors of flues or chimneys;
 - (B) antennae; or,
 - (C) other installed accessories.
- (f) Plumbing system inspection requirements.
 - (1) The inspector shall inspect:
 - (A) the interior water supply and distribution systems and components;
 - (B) the connections, flow and drainage of fixtures, and fittings at bathtubs, showers, sinks, toilets and the exterior hose bibs immediately adjacent to the structure;
 - (C) the clothes washing machine faucets and drains, unless a washing machine is in place;
 - (D) drain, waste and vent systems and components;
 - (E) the shower and bathtub enclosure surfaces;
 - (F) the water heating equipment, safety devices/valves, clearances, vent systems, flues and chimneys, gas supply piping, and gas shut off valves;
 - (G) the fuel storage and/or fuel distribution systems; and,
 - (H) the drainage sumps, sump pumps and related piping.
 - (2) The Inspector shall describe:
 - (A) water supply piping materials;
 - (B) drain, waste, and vent piping materials;
 - (C) the water heating equipment and the energy sources;
 - (D) the location of the main water shut-off, main fuel shut-off and the house sewer cleanout, and
 - (E) the presence of any shade of yellow corrugated stainless steel tubing ("CSST") flexible gas piping observed during the inspection in which the inspector is not required to identify concealed conditions, components not readily accessible, or any other item excepted from inspection pursuant to OAC 158:70-1-3. If any shade of yellow CSST flexible gas piping is observed, the home inspector shall notify the client, in writing, as follows: "Manufacturers believe the product is safer if properly bonded and grounded as required by the manufacturer's installation instructions. Proper bonding and grounding of the product can only be determined by a licensed electrical contractor."
 - (3) The inspector is not required to:
 - (A) inspect the interiors of flues or chimneys, wells, well pumps, or water storage related equipment, water conditioning systems, solar water heating systems, fire and lawn sprinkler systems, or private waste disposal systems;
 - (B) determine the quantity or quality of the water supply;
 - (C) determine whether water supply and waste disposal are public or private;
 - (D) operate safety valves, shut-off valves or washing machine hose connections, if installed appliances are present; or,
 - (E) use technically exhaustive techniques to determine the water tightness or integrity of shower pans or enclosures.
- (g) Electrical system inspection requirements.
 - (1) Except as provided in OAC 158:70-1-3(b), the Inspector shall inspect:
 - (A) The service drop;
 - (B) the service entrance conductors, cables, and raceways;
 - (C) the service equipment and main disconnects;
 - (D) the service grounding;
 - (E) the interior components of service panels and sub panels by removing the panel dead front covers;
 - (F) the branch circuit conductors, over current protection devices and the compatibility of the conductors with the device;
 - (G) conduit, wiring and splicing including the basement, crawl space and attic;
 - (H) interior and exterior installed lighting fixtures, switches and ceiling fans;
 - (I) receptacles including polarity and grounding, ground fault circuit interrupters and arc fault circuit interrupters; and,
 - (J) exterior electrical components that provide service to a qualifying garage or carport.
 - (2) The Inspector shall describe:
 - (A) the amperage and voltage rating of the service;

- (B) the wiring methods;
- (C) the location of main disconnect(s), distribution panels and sub panels;
- (D) the presence of solid conductor aluminum branch circuit wiring; and,
- (E) the absence of smoke detectors.
- (3) The inspector is not required to:
 - (A) inspect remote control devices unless the device is the only control device, alarm systems and components, low voltage wiring systems and components or ancillary wiring systems and components not a part of the primary electrical power distribution system;
 - (B) measure amperage, voltage/voltage drop, or impedance;
 - (C) insert any tool, probe or testing device inside panels or dismantle any electrical device or control other than to remove the dead front covers of the main and sub panels; or,
 - (D) test or operate any over current protection device except ground fault and arc fault circuit interrupters.
- (h) Heating, Air conditioning and distribution system inspection requirements.
 - (1) Heating systems.
 - (A) The inspector shall open readily openable access panels.
 - (B) The inspector shall inspect:
 - (i) the installed heating equipment including backup heating devices;
 - (ii) controls;
 - (iii) heating operation;
 - (iv) burners and burner chambers in fuel fired heating systems;
 - (v) combustion air provisions;
 - (vi) gas supply piping and shut off valve;
 - (vii) electrical supply provisions and disconnects;
 - (viii) clearances;
 - (ix) vent systems, flues, and chimneys; and,
 - (x) bathroom supplemental heating appliances.
 - (C) The inspector shall describe the heating methods by their distinguishing characteristics and the energy sources.
 - (D) The inspector is not required to:
 - (i) inspect the interiors of flues or chimneys, humidifiers or dehumidifiers, solar space heating systems, and heat exchangers;
 - (ii) measure amperage of electric heating elements.
 - (2) Air conditioning systems.
 - (A) The inspector shall open readily openable access panels.
 - (B) The inspector shall inspect:
 - (i) installed cooling equipment;
 - (ii) cooling operation;
 - (iii) condensate disposal provisions;
 - (iv) the electrical supply provisions and disconnect; and,
 - (v) the refrigerant lines.
 - (C) The inspector shall describe the cooling methods by their distinguishing characteristics and the energy sources.
 - (D) The inspector is not required to:
 - (i) verify sizing or component matching; or,
 - (ii) operate equipment when outdoor temperatures may cause damage to the equipment.
- (3) Heat and air conditioning distribution systems.
 - (A) The inspector shall inspect:
 - (i) plenums and ducts with associated supports, insulation, supply registers and return grills;
 - (ii) radiators and piping;
 - (iii) filters; and,
 - (iv) main air handlers fans and blowers.
 - (B) The inspector shall describe the type of conditioned air distribution system.
 - (C) The inspector is not required to:
 - (i) inspect electronic air filters, heat reclamation equipment or dampers;
 - (ii) determine duct leakage or calculate duct sizing; or,
 - (iii) determine the uniformity, adequacy, or distribution balance of the heat or cooling supply to habitable rooms.
- (i) **Interior inspection requirements.**
 - (1) The inspector shall inspect:
 - (A) walls, ceilings and floors of the dwelling and garage;
 - (B) steps, stairways, balconies and railings;
 - (C) doors and windows including operation, glazing and thermal pane seals;
 - (D) installed cabinets and countertops; and,
 - (E) indicators of harmful water penetration or condensation on interior and structural components.
 - (2) The inspector shall describe the walls, ceilings and floors.
 - (3) The inspector is not required to inspect:
 - (A) paint, wallpaper, and other finish treatments;
 - (B) carpeting and other floor coverings;
 - (C) window treatments;
 - (D) the operation of interior door locks, latches and devices; or,
 - (E) recreational facilities.
- (j) Insulation and ventilation inspection requirements.
 - (1) The inspector shall inspect:
 - (A) insulation and vapor retarders/barriers in unfinished spaces;
 - (B) ventilation of attics and foundation areas;
 - (C) mechanical ventilation systems; and,
 - (D) the clothes dryer exhaust system.
 - (2) The inspector shall describe:
 - (A) the insulation and vapor retarders or barriers in unfinished spaces; and,
 - (B) the absence of insulation in unfinished spaces at conditioned surfaces.

- (3) The inspector is not required to:
 - (A) disturb insulation or vapor retarders or barriers;
 - (B) operate powered attic vents; or,
 - (C) determine indoor air quality.
- (k) **Appliance inspection requirements.**
 - (1) The inspector shall inspect the:
 - (A) food waste disposal;
 - (B) range/stove, regardless of whether it is an installed or free standing appliance;
 - (C) cook top;
 - (D) oven(s);
 - (E) dishwasher;
 - (F) ventilation equipment or range hoods;
 - (G) installed microwave;
 - (H) trash compactor; and,
 - (I) gas appliance connectors and shut off valves.
 - (2) The inspector shall describe the range/stove, cook top and oven(s) by the energy source.
 - (3) The inspector is not required to:
 - (A) operate appliances in all modes or self-cleaning cycles; or,
 - (B) inspect clocks, timers, thermostats or household appliances not listed in these standards.
- (l) **Fireplaces and solid fuel burning appliances inspection requirements.**
 - (1) The inspector shall inspect the:
 - (A) hearth and hearth extension;
 - (B) damper;
 - (C) gas supply; and,
 - (D) the firebox, vent systems, flues and chimneys.
 - (2) The inspector shall describe:
 - (A) the fireplaces;
 - (B) solid fuel burning appliances; and,
 - (C) chimneys.
 - (3) The inspector is not required to:
 - (A) inspect the interiors of flues or chimneys, the fire screens and doors, the seals and gaskets, the automatic fuel feed devices, the mantels and fireplace surrounds, the combustion make-up air devices, the heat distribution assists whether gravity controlled or fan assisted or free standing solid fuel burning appliances;
 - (B) ignite or extinguish fires;
 - (C) determine draft characteristics; and,
 - (D) move fireplace inserts, stoves or firebox contents.

SUBCHAPTER 5. LICENSE REQUIREMENTS, LICENSE FEES, LICENSE PERIOD, RE-EXAMINATION, DISPLAY AND INSURANCE

158:70-5-2. License fees, license period, re-examination, display, and insurance requirements

- (a) Initial license fees. The following fees apply to home inspection industry licensure:

- (1) Approval fees for schools, instructors and home inspection organizations - \$100.00. If the same home inspection organization conference has multiple instructors, the fee will not exceed \$100.00.
- (2) Approval fees for educational course content - \$50.00. If the same home inspection organization conference has multiple courses, the fee will not exceed \$100.00.
- (3) Application for license - \$30.00
- (4) Licensure for reciprocity - \$50.00
- (5) Examination fee - \$200.00
- (6) License fee - \$250.00
- (7) License renewal - \$150.00
- (8) License reactivation - \$50.00
- (b) License period.
 - (1) A license shall expire twelve (12) months after issuance, and may be renewed without penalty for thirty (30) days following expiration.
 - (2) A license which has been expired for more than one (1) year shall not be renewed. An individual may obtain a valid license by successful completion of the appropriate examination and other licensure requirements.
- (c) Re-examination. Any applicant who fails an examination must wait thirty (30) days before retaking the home inspection examination.
- (d) License display. The state issued license number shall be placed on all letterhead stationery, business cards, bids, estimates and printed advertisements, and shall be included in viewable electronic media advertisements. Decals and yard signs shall display the state issued license number.
- (e) Personal license display. All persons subject to these rules shall possess the state issued card any time the person is working. The card shall be shown when requested.
- (f) Insurance requirements. Each licensee must maintain insurance coverage and furnish and maintain in effect a certificate of insurance therefore which indicates that the licensee has a comprehensive general liability policy. Limits of liability are to be no less than \$50,000.00 combined single limit for bodily injury and property damage. The certificate of insurance shall provide for thirty (30) days notice to the Home Inspection License Unit, prior to cancellation or material alteration of the required insurance. The Licensee must add the Construction Industries Board as a certificate holder but not as an additional insured and with no additional cost. This is required in order for the Construction Industries Board to be notified in the event such liability policy is cancelled for any reason or expires for non-payment of premiums. Failure to provide the complete information with current insurance certificate or failure to maintain insurance will result in an inactive home inspector's license being temporarily issued until such time as the requirements are met.
- (g) **One time low-income fee waiver.** See OAC 158:1-3-13(c) regarding eligibility on a one-time, one-year fee waiver.

**SUBCHAPTER 9. EXAMINATION
APPLICATIONS, EXAMINATIONS, COURSE
APPROVAL REQUIREMENTS, INSTRUCTOR
REQUIREMENTS, CONTINUING EDUCATION,
DENIED APPLICATION APPEAL, SUBMISSION
OF RECORDS, SUBSTANTIAL COMPLIANCE
AND RECIPROCITY**

158:70-9-1. Qualifications and examination applications

Applicants for home inspection license examinations must be eighteen (18) years of age or older ~~and be of good moral character,~~ and every application must be accompanied by evidence of successful completion of ninety (90) credit hours of home inspection training that is approved pursuant to OAC 158:70-9-3, or its equivalent.

158:70-9-1.1. Acceptance of Military education, training and experience toward qualification for licensure examination

(a) **Licensure - ~~post-military~~ service.** See OAC 158:1-3-10 for provisions related to the application of substantially equivalent education, training, and experience completed as a member of the Armed Forces or Reserves of the United States, National Guard of any jurisdiction, the Military Reserves of any jurisdiction, or the Naval Militias of any jurisdiction toward satisfying the qualifications for examination and license issuance.

(b) **Military spouse applicant—~~equivalency~~.** See OAC 158:1-3-10 for provisions related to issuance of ~~an equivalent~~ a license in an equivalent category for the spouse of an active-duty member of the Armed Forces or Reserves of the United States.

**SUBCHAPTER 11. LICENSE REVOCATION AND
SUSPENSION AND ADDITIONAL PROHIBITED
ACTS**

158:70-11-2. Additional prohibited acts

(a) No person, entity, or firm may engage in or perform home inspection work without first obtaining a license or registration pursuant to these Rules.

(b) No person shall offer to engage in work as a home inspector during the period his or her license is suspended or revoked.

(c) No employing home inspection firm shall employ or use an unlicensed home inspector to perform home inspection work.

(d) No person, entity, or firm may transfer a license or registration.

(e) No home inspector, licensed pursuant to this Chapter, shall enter into an agreement for the use of his or her license with any firm or person who is, or has been adjudicated to be, in violation of any provision of the Act, or whose license is currently suspended or has within the last year been revoked, unless or until otherwise approved by the Board.

(f) No person shall make a materially false or fraudulent statement in an application for license or for approval of continuing education, engage in cheating, or otherwise commit an act in violation of OAC 158:70-9-2(g).

(g) No person shall falsify or fail to disclose in a home inspection report a material defect.

(h) No person shall accept inspection assignments when the employment itself is contingent upon reporting a predetermined estimate, analysis or opinion.

(i) No person shall accept inspection assignments when the fee to be paid is contingent upon the opinion, the conclusion, analysis, or report reached, or upon the consequences resulting from such assignments.

(j) No person shall perform a home inspection upon a home, or any part thereof, where the home inspector has solicited or performed any work or repair service therein upon a system or component described in Subchapter 1 of this Chapter, within the previous thirty (30) days. If the person performing the home inspection has performed such work within the previous one-hundred eighty (180) days, such prior work must be disclosed to the client.

(k) No person shall solicit or perform work or repair services upon a home, or any part thereof, that the home inspector has inspected for one (1) year after the date of the inspection.

(l) No person shall knowingly accept compensation from more than one client for a single home inspection, unless the home inspector has informed all clients who are paying a fee for that home inspection that such compensation is sought or anticipated.

(m) Unless upon demand in writing by the Board, a law enforcement agency, or by order of a court of competent jurisdiction, no person shall disclose the results of a home inspection to any person other than the client without the written consent of the client.

(n) No person shall fail to disclose to the client any conflict of interest of which the inspector knows or should have known that may adversely affect the client. Based upon the potentially adverse affect to the home inspector's ability to produce an unbiased report, some circumstances or conditions are presumed to adversely affect the client and must be disclosed to the client in writing prior to the inspection. These include, but are not limited to, the following:

(1) Situations where the payment of remuneration or other consideration is made by the home inspector to a third party and representing a reward or compensation to the third party for the home inspector receiving inspection employment.

(2) Situations where the payment of remuneration or other consideration is received by the home inspector from a third party and representing a reward or compensation for the home inspector recommending services or products to the client or other persons having an interest in the property.

(3) In those cases where the client is the buyer of real property, situations where the home inspector has had some prior connection, relationship or association with the seller, his or her assigns or family members related to the seller within the second degree.

Permanent Final Adoptions

- (4) Situations where prior reports or inspections have been made or conducted upon any system or component of the real property that the home inspector has agreed to inspect.
- (o) No person shall fail to submit a written home inspection report within a reasonable time as determined by the Board to the client after compensation has been paid to the home inspector.
- (p) A home inspector is prohibited from inspecting a home when an immediate family member is a realtor involved in the transaction.

GIST/ANALYSIS:

Gist: The proposed amendments to the Roofing Contractor Registration Regulations add language clarifying existing rules and statutory changes related to SB 670 and HB 2933.

Analysis: The proposed amendments to 158:85-2-5 provide a one-time low income fee waiver related to HB 2933. The proposed amendments to 158:85-2-7 are related to SB 670 and provide a fee waiver for active duty military and their spouses. The proposed amendments to 158:85-5-3 clarify the rule related to truthfully disclosed convictions. There is no prohibition for felonies. The proposed amendments to 158:85-5-4 provides clarification.

Stephanie Brown, Board Secretary/Executive Assistant, 405-521-6550.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 2. REGISTRATION AND ENDORSEMENT APPLICATION AND RENEWAL REQUIREMENTS, PROCEDURES, FEES, DURATION, MILITARY AND RECIPROCITY

158:85-2-5. Fees

(a) The annual registration and commercial endorsement fee and application fee schedule shall be as follows:

- (1) initial roofing contractor registration - \$75.00
- (2) initial roofing contractor registration by reciprocity - \$75.00
- (3) initial roofing endorsement by reciprocity - \$200.00
- (4) renewal of roofing contractor registration - \$75.00
- (5) application for commercial endorsement on roofing contractor registration - \$30.00
- (6) initial commercial endorsement on roofing contractor registration - \$200.00
- (7) initial commercial endorsement and registration by reciprocity - \$275.00
- (8) renewal of commercial endorsement on roofing contractor registration - \$100.00
- (9) renewal of commercial endorsement and registration by reciprocity - \$175.00
- (10) renewal roofing contractor registration late fee if overdue 31 to 60 days - \$100.00
- (11) renewal roofing contractor registration late fee for suspended registration - \$150.00
- (12) renewal roofing contractor registration reinstatement fee for revoked registration - \$300.00

(b) In addition to a registration being categorized as not in good standing or suspended for nonrenewal, pursuant to 59 O.S. § 1151.12(D), registrants have 31 to 60 days after the expiration of a roofing contractor registration to renew, but a late registration renewal fee of \$100.00 is effective as provided in the Act and as listed above.

(c) Pursuant to 59 O.S. § 1151.12(E), a roofing contractor desiring to renew a registration certificate that has been suspended for any cause provided in the Act shall be assessed a fee equal to twice the amount of the fee established by 59 O.S. § 1151.8(D) as listed above. Further, for any registration that has been revoked for any cause provided in the Act, a reinstatement fee in addition to the registration renewal fee is assessed, both of which are listed above.

(d) Commercial endorsement of a registration requires an examination. Examination fees are separate fees and are paid directly to the testing provider.

- (1) **Payable when.** All registration and endorsement fees shall be paid at the time that the application is filed.

(2) **Initial Registration and Endorsement Fee.** The fee for registration as a Registered Roofing Contractor with commercial endorsement shall be Two Hundred Seventy-Five Dollars (\$275.00)

(3) **Renewal Registration and Endorsement Fee.** The fee for a renewal registration as a Registered Roofing Contractor with commercial endorsement shall be One Hundred Seventy-Five Dollars (\$175.00)

(4) **Change of registry information fee.** The fee for the change of information of a registered roofing contractor in the Oklahoma Registry of Roofing Contractors shall be Twenty Five Dollars (\$25.00). This fee shall be applicable when an applicant or registrant submits a change of information notification form required by 59 O.S. § 1151.11.

(e) One Time low-income fee waiver. See OAC 158:1-3-139(c) regarding eligibility on a one-time, one-year fee waiver.

**158:85-2-7. Registration and Endorsement-
post-military and military spouse
application, expediting issuance of
endorsement to military spouse, and
renewals for endorsement—~~post-military~~
service**

(a) **Acceptance of Military education, training and experience toward qualification for endorsement.**

(1) **Registration and Endorsement - ~~post-military~~ service.** See OAC 158:1-3-10 for provisions related to the application of substantially equivalent education, training, and experience completed as a member of the Armed Forces or Reserves of the United States, National Guard of any jurisdiction, the Military Reserves of any jurisdiction, or the Naval Militias of any jurisdiction toward satisfying the qualifications for registration, examination and endorsement issuance.

(2) **Military spouse applicant—~~equivalency~~.** See OAC 158:1-3-10 for provisions related to registration and issuance of an ~~equivalent~~ endorsement in an equivalent category for the spouse of an active-duty member of the Armed Forces or Reserves of the United States.

(b) **Expediting issuances of registration and endorsement to military spouse.** See OAC 158:1-3-11 for provisions related the Board expediting the issuance of a registration and endorsement for spouses of certain members of the Armed Forces on active duty in this state.

(c) **Renewals for registration and endorsement - ~~post-military~~ service.** See OAC 158:1-3-12 for provisions related to registration renewal while a registrant is a member of the Armed Forces of the United States on active duty, and for provisions related to a registrant whose registration expires while on active duty as a member of the National Guard or reserve component of the Armed Forces.

**SUBCHAPTER 5. REGISTRATION AND
ENDORSEMENT REQUIREMENTS AND
LIMITATIONS, DISPLAY OF REGISTRATION
NUMBER, ENDORSEMENT, FIRM NAME AND
CONTACT INFORMATION, EXCLUSIONS**

**158:85-5-3. Registration responsibilities and
limitations**

The holder of a roofing registration or roofer registration with commercial endorsement, shall:

(1) maintain, and provide notice to the Construction Industries Board as Certificate Holder, the required liability insurance coverage at all times,

(2) maintain workers' compensation coverage satisfactory under the Workers' Compensation Act.

(3) maintain or renew a roofing contractor registration as provided in the Roofing Contractor Registration Act;

(4) file or renew a trade name registration;

(5) file, renew, or properly amend any fictitious name certificate.

(6) maintain an active status of a corporation or registration as a foreign corporation, a limited liability company or registration as a foreign limited liability company, a limited liability partnership registration or foreign limited liability partnership registration, or a limited partnership certificate or limited partnership or foreign limited partnership certificate of authority, with the Oklahoma Office of the Secretary of State.

(7) maintain a registration or license as required by law in another state while registered in this state as a nonresident roofing contractor;

(8) notify the registrar in writing within ten (10) days of a change in name, qualifying party, address, legal business entity, business relationship, structure or affiliation, change in firm ownership of fifty percent (50%) or more of the stock or beneficial interest in the company, legal service agent, or adjudication by a court of competent jurisdiction for any act or omission specified in 59 O.S. § 1151.14(A) or a violation of the Roofing Contractor Registration Act;

(9) file and pay all taxes of the qualifying party and business entity when due in this state.

(10) pay all fines imposed by final orders of the Construction Industries Board, and fines and penalties imposed by courts of competent jurisdiction and agreements with a District Attorney.

(11) comply with state laws and local ordinances relating to standards and permits for roofing services and projects;

(12) submit the roofing contractor's registration certificate number when applying for any permit issued by the state, or any of its political subdivisions, for commercial or residential roofing services or projects, if a permit is required by such authority;

(13) notify the registrar within ten (10) days after he or she receives notice that any conviction has been rendered against him or her or the registrant or qualifying party has made any plea of guilty, nolo contendere or finding

of guilt. The notification shall be in writing, by certified mail, and shall include a copy of the conviction, plea, finding of guilt or judgment and sentence. Conviction of an offense shall not disqualify a person from registration as a roofing contractor under the Roofing Contractor Registration Act; provided, that he or she has truthfully disclosed the conviction and nature of offense;

(14) notify the registrar immediately upon receipt of an order imposing disciplinary action upon its registration issued by any other professional regulatory board, in this or any other jurisdiction.

(15) Utilize a valid written contract when engaging in the business of roofing contractor work as described in Sections 1151.7 and 1151.21 of the Act.

158:85-5-4. Display and posting of registration number, endorsement, and firm name

(a) Each person issued a contractor registration shall display the roofing contractor firm name, the contractor registration number bearing the initials "OK" preceding that registration number issued by the registrar, and commercial endorsement, if any, on all vehicles used to transport materials and tools in the operation of the business. Such names, numbers and lettering shall be printed in letters and numerals at least two (2) inches in height in a conspicuous location on both sides of each vehicle in contrasting color to the background color.

(b) The roofing contractor state registration number, along with any commercial endorsement, must be displayed on all advertising, contracts, and bids. Advertising for the purposes of this subsection shall not include uniforms or promotional items including but not limited to pens, pencils, key chains, tape measures, and the like.

(c) Each registrant, or the agents, servants, and employees of a registered roofing contractor shall post in a conspicuous place on the job site where any roofing work is performed, in size, color contrast, language and written form that is easily legible, the roofing firm name, registration number, existence of any commercial endorsement, and telephone number for the registrant pursuant to 59 O.S. § 1151.7 under which any work is being performed, and on all viewable media containing the registrant's name or registrant's firm name, including but not limited to magnetic signs on vehicles, business cards, contracts, bids, letterhead, signs, and advertisements.

GIST/ANALYSIS:

The approved rules update, streamline, and clarify existing rules and establish new rules concerning the Commission's Rules of Practice, including, but not limited to, general clean-up throughout the Chapter, provide consistency between similar provisions in OAC 165:5 and 165:10, clarify how confidential information shall be provided to the Commission, address procedures for telephone and videoconference participation during hearings, and allow electronic signatures of Commissioners in certain documents. The approved rules also establish standardized items that must be included in oil and gas related exhibits and orders, allow the U.S. Department of Defense and/or the Federal Executive Agencies to intervene in Public Utility Division causes without needing to file a motion to intervene, provide a process for automatic continuances of the Motor Carrier Citation Docket when the Commission is closed, provide specificity for service of process in contempt causes, provide instructions for submission of confidential International Fuel Tax Agreement/International Registration Plan (IFTA/IRP) information, create a standard process for consumers to file complaints against a regulated utility provider, and update forms with new signature requirements.

CONTACT PERSON:

Jeff W. Kline, Deputy General Counsel, Judicial & Legislative Services Division, Oklahoma Corporation Commission, 2101 North Lincoln Boulevard, P.O. Box 52000, Oklahoma City, OK 73105, Telephone (405) 521-2308, Email Jeff.Kline@occ.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

PART 1. GENERAL

165:5-1-4. Office location; office hours; records

(a) **Principal office.** The principal office of the Oklahoma Corporation Commission is in the Jim Thorpe Building, 2101 North Lincoln Boulevard, Oklahoma City, Oklahoma 73105. The mailing address is P. O. Box 52000, Oklahoma City, Oklahoma, 73152-2000.

(b) **Regional service areas.** The Commission has two regional service areas described as the Eastern Regional Service Area and the Western Regional Service Area. The Eastern Regional Service Area shall consist of the land east of Oklahoma State Highway 99. The Western Regional Service Area shall consist of the land west of that highway. The establishment of these regional service areas shall not limit the services available from either regional service office.

(c) **Eastern regional service office.** In the Eastern Regional Service Area, the Commission maintains a regional service office located at 440 South Houston, Suite 114, Tulsa, Oklahoma, 74127.

(d) **Western regional service office.** In the western regional service area, the Commission's principal office serves as the regional service office.

(e) **Telephonic communication service.** The Judicial and Legislative Services Division shall develop and maintain a system for providing ~~telephonic~~ telephone and/or videoconference communication service for all hearings.

(f) **Office hours.** For each regional service office or other office described in (a) through (d) of this Section, office hours shall be from 8:00 a.m. to 4:30 p.m., each day except Saturday, Sunday, and any legal holiday proclaimed by the Governor or official agency closing. Public records may be viewed during regular office hours. Copies of public records may be obtained from 8:00 a.m. to 4:00 p.m.

(g) **Exercise of Commission authority.** The Commission, or any person exercising its authority, may meet and exercise its official powers and functions at any location in the State of Oklahoma.

(h) **Oil and gas filings.** Applications for oil and gas development, administrative applications, and any other related oil and gas matters may be filed in any regional service office.

(i) **Central records.** The central record of all filings with all regional service offices shall be maintained in the regional service office of the Corporation Commission located in Oklahoma City.

(j) **Court Clerk.** Every oil-and-gas-related document or order tendered to the Court Clerk shall be filed, deposited with, or mailed to the Court Clerk at a regional service office unless the Commission directs otherwise. All documents related to other matters shall be filed, deposited with, or mailed to the Court Clerk at the Commission's principal office unless the Commission directs otherwise. All persons filing, mailing or presenting documents, including orders, to the Court Clerk or Judicial and Legislative Services shall enclose a self-addressed postage paid envelope large enough for the return of a file-stamped or processed copy, provided that a document other than a proposed order may be hand-delivered to the Court Clerk during normal business hours without such an envelope so long as a file-stamped copy of the document is immediately obtained by the presenter. Failure to enclose a self-addressed

Permanent Final Adoptions

postage paid envelope will result in a file-stamped or processed document not being returned. No document will be mailed to anyone who obtains an immediate file-stamped copy. All documents shall be deemed received upon the date file-stamped by the Court Clerk, subject to the provisions of 165:5-1-5(f). Filing of any document shall not be complete except upon payment of all applicable fees required by law or by the rules of this Chapter. Filing of any document with the Court Clerk shall be deemed filing with the Secretary.

165:5-1-5. Filing of documents

(a) **Document form.** Electronic filing is the Commission's preferred filing method. All persons filing documents with the Court Clerk shall file electronically to the greatest extent possible as directed by the Court Clerk. Documents filed with the Court Clerk in paper format may be printed, typewritten or reproduced by any legible method. All documents filed in paper format must be single-sided on 8 1/2" x 11" paper and ready for digital processing by the Court Clerk. Exceptions to the required document size may be allowed by the Court Clerk for good cause shown. Exact duplicates of any allowed documents must be filed in sections on 8 1/2" X 11" paper to allow for digital processing by the Court Clerk. Quotations shall be indented. Subsequent to the filing of the original application, every page of documents filed with the Court Clerk shall contain a page number, the applicable subject matter docket listed in OAC 165:5-5-1(a), the docket number assigned to the cause by the Court Clerk, and document type, e.g., application, motion, response, or brief. All filed documents must have a continuous pagination for the entire document, including exhibits and attachments. The original application shall include all this information, except the docket number, on each page. No document may be altered after filing; pages may not be otherwise inserted and no interlineations, additions or deletions may be made. If a filing error is made, the correct document or information, as appropriate, shall be submitted as a separate filing to the Court Clerk as soon as possible and the same number of copies as required for the original filing shall be provided to the Court Clerk.

(b) **Filing stricken by motion.** Upon the motion of the Commission or Administrative Law Judge, or the filing of a motion pursuant to OAC 165:5-9-2(b), the Administrative Law Judge is authorized to recommend to the Commission an order to strike the filing of any document containing defamatory, scurrilous or improper language, or otherwise in violation of any of the rules of this Chapter. In case of such recommendation to grant a motion to strike a filed document, the subject document shall be presented to the Commission for ruling on acceptability for filing.

(c) **Required information.** The requirements of this subsection shall not be jurisdictional. All documents shall include the party's or attorney's actual or electronic signature, typed name, business mailing address, telephone number, facsimile number and electronic mail address, if any, with additional copies as may be required by the Court Clerk. A registered user must provide an electronic mail address at the time the registered user files his or her entry of appearance or other initial filing. All documents, except notices of hearing, signed by

an attorney shall contain the name of the State Bar Association to which the attorney belongs and his/her State Bar Association number.

(d) **Requirement conflicts.** Wherever any provision of the Constitution or laws of Oklahoma makes a requirement as to notice or procedure which exceeds or conflicts with any provision of the rules of this Chapter, the former shall govern.

(e) **Informal communications.** Nothing in the rules of this Chapter shall prohibit informal inquiry or complaint to the Commission by mail, facsimile, electronic mail, or in person, which matters shall be handled administratively by the staff in an effort to secure amicable adjustment or agreement among affected persons. No official order shall be issued as a result of any informal proceedings.

(f) **Facsimile transfers.**

(1) The Court Clerk shall accept pleadings submitted by facsimile transfer during regular Commission business hours pending payment of the appropriate filing fees and submission of a proper original and requisite copies within two (2) business days of the filed facsimile, in accordance with the provisions of 165:5-1-6(a). New applications must be transferred and completed prior to 3:30 p.m. of each business day.

(2) Unless otherwise delivered the same day, if an application for emergency relief in a spacing, location exception, increased density or multiunit horizontal well proceeding is submitted by facsimile transfer, a copy of such emergency application shall be emailed to the Technical Services Department of the Commission at an ~~email~~ electronic mail address to be designated by the Director of the Conservation Division, on the date of the facsimile transfer.

(3) A facsimile shall be deemed filed on the date of receipt, unless the proper original is not timely received and/or the appropriate filing fee is not paid. When the original documents are not received within two (2) business days of receipt of the facsimile and/or the appropriate filing fee is not timely paid, the facsimile will not be deemed timely filed. It is the responsibility of the filing party to notify the Court Clerk, upon submission of any original, of any document that has been previously faxed to secure a filing date earlier than the date of submission of the original document. Failure to do so may result in a filing date which does not reflect the submission having been faxed on an earlier date. If any original document requires payment of a fee prior to filing, the cashier must also be notified of the faxed document prior to payment of the required fee.

(4) Administrative filings and submissions or requests for reconsideration filed on the Oklahoma Universal Service Fund docket cannot be submitted by facsimile.

(5) Until electronic filing is available, a CD cause number may be requested by faxing a request for a cause number that contains the entire caption of the proposed application, a statement that only a cause number is being requested, and contact information for the party requesting the cause number. This will not be considered a fax filing of the application and the date of filing the application

will be the date the original documents are received in the Court Clerk's office. In order to minimize gaps in the numbering of causes, the cause number requested by fax must be followed by filing original documents containing the exact same caption in the Court Clerk's office, within three (3) business days of the request, or the cause number will be cancelled and may not be reused for any purpose.

(g) **Confidential documents.** All documents and information considered to be confidential must be clearly marked as such on a cover page of the document. All documents deemed and marked as confidential shall be docketed and retained by the Court Clerk. Until the Commission determines otherwise, the cover page only of such filings will be viewable by the public for identification purposes. The responsibility for following these rules concerning confidential documents and information rests solely with counsel, the parties, or any other filer. The Court Clerk does not have any duty to review documents for compliance with this rule.

(h) **Personal Identifier Information.** If a filer includes personal identifier information such as Social Security numbers, tax identification numbers, financial account numbers, driver's license numbers, dates of birth, addresses or other sensitive information, in any document filed with the Court Clerk, electronically or otherwise, the document becomes a public record as filed, unless otherwise ordered by the Commission. Further, unless otherwise ordered or as otherwise provided by law, every filer, whether filing electronically or otherwise, may redact the following information, except the last four digits, in documents prior to filing with the Court Clerk, including but not limited to:

- (1) Social Security numbers;
- (2) taxpayer identification numbers;
- (3) financial account numbers; or
- (4) driver's license numbers.

165:5-1-9. ~~Telephonic or videoconferencing testimony~~ Telephone or videoconference participation

(a) In an unopposed hearing, testimony by witnesses, appearances by parties of record, and arguments made by parties of record may be offered by telephone or ~~videoconferencing connection~~ videoconference, unless the Commission or Administrative Law Judge determines that the presence of the witnesses or parties of record in the courtroom is necessary for the effective and efficient presentation of evidence or argument.

(b) In a protested hearing, testimony by witnesses, appearances by parties of record, and arguments made by parties of record may be offered by telephone or ~~videoconferencing connection~~ videoconference with the consent of all parties of record and the Commission or Administrative Law Judge. With the agreement of all parties, the Administrative Law Judge may conduct a hearing remotely by videoconference. It shall be the responsibility of the proponent of ~~telephonic or videoconferencing~~ telephone or videoconference testimony or argument to obtain the required consent before the hearing. No continuance shall be granted for failure to obtain the required consent.

(c) The cost of ~~telephonic or videoconferencing communication~~ telephone or videoconference service shall be paid by the party requesting its use. If participation through a ~~videoconferencing connection~~ telephone or videoconference service in a proceeding is sought ~~by consent~~, the proponent must indicate the capability to establish the ~~videoconference participation~~ using its own digital device or other means of access.

(d) A proceeding conducted by telephone or videoconference shall be conducted in the same manner as if the parties had appeared in person, and the Commission or Administrative Law Judge presiding over the matter may exercise all powers consistent with the proceeding.

(e) In any proceeding conducted by telephone or videoconference, the remote location(s) shall be considered an extension of the courtroom and held before the Commission or Administrative Law Judge who is presiding. The Commission or Administrative Law Judge's pronouncements, instructions, recommendations and/or rulings shall have the same force and effect as if all participants had been physically present in the courtroom. The Commission or Administrative Law Judge shall consider and rule on any objections of a party of record prior to beginning the proceeding.

(f) An oath administered by the Commission or Administrative Law Judge in a proceeding conducted by telephone or videoconference shall have the same force and binding effect as if the oath had been administered to a person physically present in the courtroom.

(g) In any proceeding conducted by telephone or videoconference, a court reporter, who can see (if videoconference) and hear the witness and other participants, may record notes and transcribe the proceeding without being physically present in the same location as either the Commission or Administrative Law Judge or the remote participants.

(h) In any proceeding conducted by telephone or videoconference, an interpreter, who can see (if videoconference) and hear the witness and other participants, may provide interpreter services without being physically present in the same location as either the judge or the remote participants.

(i) Any system used for conducting a proceeding by telephone or videoconference shall conform to the following minimum requirements:

- (1) Participants shall be able to see (if videoconference), hear, and communicate with each other simultaneously;
- (2) Participants shall be able to see (if videoconference), hear, and otherwise observe any physical evidence or exhibit presented;
- (3) Video and sound quality shall be adequate to allow participants to observe demeanor and nonverbal communications and to clearly see (if videoconference) and hear what is taking place to the same extent as if they were present in the courtroom;
- (4) When feasible, a party and the party's attorney should be allowed to communicate privately off the record by use of a private communication facility (cellphone, landline, facsimile, Skype, etc.) during the proceeding, or during a break. The Commission or Administrative Law

Permanent Final Adoptions

Judge is not required to provide a private communication facility if none is available.

(j) Any pleading, other document, or exhibit used in a proceeding conducted by telephone or videoconference may be transmitted between the Commission's location and any remote site by electronic means, including, but not limited to, facsimile, scan, or electronic mail address. Signatures on any document transmitted by electronic means shall have the same force and effect as an original signature.

(k) Unless otherwise ordered by the Commission or Administrative Law Judge, any original exhibit offered and/or admitted into evidence from a remote site shall be transferred by the moving party to the court reporter within three (3) business days of the close of the proceeding. If no court reporter was utilized during the proceeding, the Commission or Administrative Law Judge shall instruct the moving party regarding the transmission and custody of the exhibit.

(l) Any stipulation/waiver of any right to be present in the courtroom shall be obtained at the commencement of the proceeding, either on the record or in writing. A written stipulation/waiver shall be filed in the cause and made a part of the record.

~~(d-m)~~ Within three (3) business days following the hearing, each witness testifying by telephone or videoconferencing connection—videoconference shall be required to sign an affidavit verifying the witness's identity, unless the circumstances of the videoconferencing testimony enable the Commission or Administrative Law Judge to verify the identity of the witness, affirming that the witness was provided copies of all documents presented or relied upon, and exhibits offered and/or admitted into evidence, to which the witness testified during the hearing, and affirming that the testimony was unassisted and not prompted or directed by any person. Said affidavit, if necessary, shall be filed in the cause prior to the issuance of an order. A copy of the filed affidavit shall be submitted to the Commission or Administrative Law Judge. Appendix "J"—"K" to this Chapter contains a sample affidavit.

~~(e)~~ If an interested party intends to participate in the hearing by telephone or videoconferencing connection, said party shall so notify the Applicant, prior to the hearing date and obtain the consent of the Commission or Administrative Law Judge.

~~(f)~~ Applicant or applicant's attorney shall be responsible for announcing at docket call those parties who plan to testify or otherwise participate by telephone or videoconferencing connection.

document, unless the document is filed under authorization of and in the name of an instrumentality of the State of Oklahoma.

(A) Filing fees shall not apply to any subsequent pleading or amended application except a Form 1000 required in OAC 165:10-3-1(b)(1)(A) through (E) and OAC 165:10-3-1(c).

(B) No filing fee shall be required for any application filed pursuant to OAC 165:10-3-31, Use of vacuum at the well head.

(C) No filing fee applicable to the conservation docket shall be required for any Notice of Intent to Mediate filed with the Judicial and Legislative Services pursuant to OAC 165:5-23-1 et seq. A per participant fee provided in OAC 165:5-3-1(b)(1)(L) shall be charged for any informal dispute resolution procedure that commences.

(D) No filing fee shall be paid by a party filing a protest to an adverse action of the Commission pursuant to the International Fuel Tax Agreement ("IFTA") or the International Registration Plan ("IRP").

(E) No filing fee shall be paid by a customer filing a Consumer Services docket application against a public utility.

(F) No filing fee shall be required for any application filed on the Oklahoma Universal Service Fund ("OSF") docket.

(G) No filing fee shall be paid by a party filing a protest to a nonconsensual towing Violation Notification issued by the Transportation Division.

(2) **Filing fees.** Any filing fee assessed by this Section shall be due and paid at the time of filing of the document. Neither the Court Clerk's Office nor any division of the Commission shall accept an application subject to a filing fee until the required fee is paid. No filing fee shall be refundable. For documents that are being filed in paper form, all associated filing fees must be paid and the documents submitted to the Court Clerk's Office for filing prior to 3:30 p.m. to allow for document processing within established hours of operation.

(3) **Other fees.** Any other fee assessed by this Section shall be due and payable at the time the service is requested. No service shall be rendered before payment of the prescribed fee. No such other fee shall be refundable.

(4) **Negotiable instruments.** Fees paid by negotiable instruments shall be made payable to the "Oklahoma Corporation Commission." Negotiable instruments include personal checks, cashier checks, certified checks, and money orders. Foreign checks must be payable through a United States bank in United States funds.

(5) **Returned payments.** A service fee of \$20.00 shall be assessed on each check returned to the Commission as a result of the refusal of the bank upon which the check was drawn to honor the same. Upon the return of any check by reason of the refusal of the bank to honor it, the Commission may file a bogus check complaint with the appropriate district attorney. In the event that a payment transaction

SUBCHAPTER 3. FEES

PART 1. GENERAL PROVISIONS

165:5-3-1. Fees, fines and bonds

(a) General.

(1) **Exceptions to filing fees.** For each initial application in each category listed in (b) of this Section, a filing fee shall be paid by the person seeking to file or submit the

for any fee, fine or bond fails, the Commission reserves the right to require payment of that fee, fine or bond, and any future fee, fine or bond owed to the Commission by the same individual or entity, to be made by cash, cashier check, certified check, money order or another secured form of payment.

(6) **Petroleum Storage Tank Division fees.** All fees pertaining to the Petroleum Storage Tank Division are listed in OAC 165:5-3-2.

(b) **Schedule of filing fees.**

(1) **Oil and gas fees.**

- (A) Commercial disposal well application - \$1,500.00
- (B) Commercial earthen pit application - \$1,250.00
- (C) Commercial soil farming site application - \$1,250.00
- (D) Commercial recycling facility application - \$1,000.00
- (E) Noncommercial injection or disposal well application - Form 1015 - \$250.00
- (F) Commercial facilities annual fee due on October 1 of each year:
 - (i) Commercial earthen pit facility - \$750.00
 - (ii) Commercial soil farming facility - \$750.00
 - (iii) Commercial recycling facility - \$750.00
- (G) Conservation docket, ~~and~~ pollution docket, and gas gathering base applications - \$200.00
- (H) Emergency application on the conservation or pollution docket - \$250.00
- (I) Permit to drill - Form 1000:
 - (i) Directional well - \$350.00
 - (ii) Horizontal well - \$400.00
 - (iii) Multiunit well - \$600.00
 - (iv) Vertical well - \$350.00
- (J) Expedited permit to drill - Form 1000:
 - (i) Directional well - \$600.00
 - (ii) Horizontal well - \$600.00
 - (iii) Multiunit well - \$800.00
 - (iv) Vertical well - \$600.00
- (K) Temporary permit to drill - Form 1000:
 - (i) Directional well - \$350.00
 - (ii) Horizontal well - \$350.00
 - (iii) Multiunit well - \$350.00
 - (iv) Vertical well - \$350.00
- (L) Notice of Intent to Mediate pursuant to Chapter 23 of this Chapter - \$5.00 per participant
- (M) Permit for one-time land application of materials - Form 1014S - \$150.00
- (N) Expedited permit for one-time land application of materials - Form 1014S - \$250.00
- (O) Tax exemption application filed pursuant to OAC 165:10-21 - \$100.00
- (P) Transfers of well operatorship - Forms 1073 and 1073I - single well - \$25.00
- (Q) Transfers of well operatorship - Forms 1073IMW and 1073MW - multiple wells - \$250.00
- (R) Notification of intent to plug - Form 1001 - \$100.00

(S) Operator agreement-annual fee-Form 1006B-based on the number of unplugged wells for which the operator is responsible according to Commission records:

- (i) No wells being operated - \$100.00
- (ii) From 1-25 wells - \$250.00
- (iii) From 26-100 wells - \$500.00
- (iv) From 101-~~200-500~~ wells - \$750.00
- (v) ~~From 201-500 wells - \$750.00~~
- (~~vi~~) Over 500 wells - \$1,000.00

(T) Fluid disposal/injection reports:

- (i) Commercial disposal well fluid disposal report-Form 1012C-semiannual per well-\$500.00
- (ii) Noncommercial disposal and injection well and LPG storage well report-Form 1012-annual per well-\$25.00
- (iii) Noncommercial disposal and injection well and LPG storage well report-Form 1012-more than 100 wells-annual fee-\$2,500.00

(U) Permit to use earthen pit, noncommercial disposal or enhanced recovery well pit for temporary storage of saltwater, and pit associated with commercial disposal well surface facility-Form 1014:

- (i) Capacity of pit less than or equal to 10,000 barrels-\$250.00
- (ii) Capacity of pit greater than 10,000 barrels-\$1,000.00

(V) Permit for seismic operations-Form 1000S-\$100.00

(W) Application for temporary exemption from well plugging-Form 1003A-\$100.00

(X) Permit to vent or flare gas from well-Form 1022-\$50.00

(Y) Application for multiple zone well completion, production of well through a multiple choke assembly, and commingling of well production-Form 1023-\$50.00

(2) **Transportation fees.**

(A) Transportation docket application - \$500.00

(B) Other transportation fees:

- (i) Intrastate license.
 - (I) Original application filing fee - \$100.00
 - (II) Sub application filing fee - \$100.00
 - (III) Renewal application filing fee - \$50.00
 - (IV) Reinstatement application filing fee - \$100.00
 - (V) Name change application filing fee - \$50.00
 - (VI) Identification device or per vehicle fee - \$7.00
- (ii) Deleterious Substance License Permit application filing fee - \$350.00
- (iii) International Fuel Tax Agreement (IFTA) fees.
 - (I) IFTA decal - \$2.00 per vehicle per decal set
 - (II) IFTA reinstatement fee - \$100.00

Permanent Final Adoptions

- (iv) Trailer registration processing fee per trailer registered through the IRP System - \$2.00
- (v) Temporary registration and fuel permit fees (a \$10.00 services fee is added to each permit in this unit):
 - (I) Temporary registration (72 hour trip permit) - \$12.00
 - (II) Temporary fuel permit (120 hours) - \$25.00
 - (III) Unladen or hunters permit (45 days) - \$25.00
- (vi) Harvest permit fees (power units only).
 - (I) Thirty day permit - \$20.00 per axle
 - (II) Sixty day permit - \$35.00 per axle
 - (III) 15 day extension - \$8.75 per axle
- (vii) Transportation Network Company annual permit fee - \$5,000.00
- (viii) Household goods certificate fees:
 - (I) Original application filing fee - \$350.00
 - (II) Sub application filing fee - \$300.00
 - (III) Renewal application filing fee - \$300.00
 - (IV) Reinstatement application filing fee - \$250.00
 - (V) Name change application filing fee - \$50.00
 - (VI) Identification device or per vehicle fee - \$7.00
- (ix) Apportioned commercial motor vehicle registration services fee - \$100.00 per vehicle (apportioned)
- (x) Apportioned commercial motor vehicle registration application reprocessing fee - \$100.00 per application
- (xi) Application for lawful fence - \$500.00. If the Transportation Division determines a lawful fence is required to be constructed by the railroad, the railroad shall have sixty (60) days from the date of notice to refund the application filing fee to the landowner
- (3) **Utility fee.** Public utility docket application - \$100.00
- (4) **Enforcement fee.** Enforcement docket application - \$100.00
- (c) **Certified copies.** A fee of \$1.00 per copied page is charged for each copy of an order or other document on file with the Commission certified by the Secretary, in addition to the fees specified in (d) of this Section.
- (d) **Other fees.** The following fees shall be charged and collected at the time of request for same; none of which shall ever be refundable:
 - (1) Certificate of non-development (maximum of one quarter section) - \$10.00
 - (2) Copies of any file or order -
 - (A) Non-certified copies - \$0.25 per page; certified copies \$1.00 per page
 - (B) Postage - actual cost
 - (3) Microfilmed images from coin-operated microfilm reader (coin box) - \$0.25
 - (4) Batch reproduction on continuing basis (per page) - \$0.25
 - (5) Copy of any document prepared in OCC offices (per page) - \$0.25
 - (6) Copy of any Chapter of Commission rules and regulations - \$10.00
 - (7) Copy of Oil and Gas Conservation rules - \$20.00
 - (8) Current ownership/lienholder information - \$1.00 per vehicle record page
 - (9) Computer generated title history - \$5.00 per vehicle
 - (10) Manual title history - \$7.50 per vehicle
 - (11) Copy of lien release - \$7.50 per vehicle
 - (12) Certified copy of lien release - \$10.00 per vehicle
 - (13) Certified copy of title history - \$10.00 per vehicle
 - (14) Preparation of the record on appeal to the Oklahoma Supreme Court - \$200.00
- (e) **Computer data processing documents.** Reproduction of documents or informational searches involving computer data processing services will be in accordance with ~~the rates established by the Oklahoma Office of Management and Enterprise Services~~ 51 O.S. § 24A.5.
- (f) **Document search fee.** Except where provided otherwise by law, where the request for document copying and/or mechanical reproduction is solely for commercial purpose or clearly would cause excessive disruption of the Commission's essential functions, then a fee of \$10.00 per hour (minimum of one hour) shall be charged to recover the direct cost of document search.
- (g) **Fax.** A service charge of \$5.00 plus \$1.00 per page will be assessed for all outgoing faxes. All incoming faxes for persons not associated with the Commission shall be assessed a copy fee of \$0.25 per page including the cover page.
- (h) **Payments by Credit Card and other means of electronic funds transfer.**
 - (1) "Nationally recognized" credit card means any instrument or device, whether known as a credit card, credit plate, charge plate, debit card, or by any other name, issued with or without fee by an issuer for the use of the cardholder in lieu of a check, as defined by 12A Oklahoma Statute § 3-104(f), in obtaining goods, services or anything else of value or for the use of the cardholder in obtaining such goods, services, or anything else of value on credit and which, in either case, is accepted by over one thousand merchants in this state. The Oklahoma Corporation Commission shall determine which nationally recognized credit card will be accepted for any payments due and owing to the Oklahoma Corporation Commission.
 - (2) Implementation of payment by nationally recognized credit card and other means of electronic funds transfer will be phased in over a period of time as determined by the Commission.
 - (3) The Oklahoma Corporation Commission will verify that sufficient credit is available before acceptance of credit card to insure that no loss of state revenue will occur by the use of such card.

(A) If a person is at a designated receiving point and credit is not available, the person then has the opportunity to pay by other methods accepted by the Commission.

(B) If a person mails in the credit card information and credit is not available, the transaction will be handled as one with no remittance and a bill will be forthcoming.

(4) The Oklahoma Corporation Commission may add an amount equal to the amount of the service charge incurred, not to exceed four percent (4%) of the amount of such payment as a service charge for the acceptance of such nationally recognized card.

(5) Persons wishing to pay by credit card must be willing to submit normally required credit card information to the Commission. This includes, but is not limited to: card type (VISA, etc.), card number, card expiration date, card holder name as shown, and three digit security personal identification number (PIN). The Commission assumes no liability for unauthorized use of this information.

(6) "Electronic funds transfer" means any transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, which is initiated through an electronic terminal, telephonic instrument, or computer or magnetic tape so as to order, instruct or authorize a financial institution to debit or credit an account.

(7) "Electronic terminal" means an electronic device, other than a telephone operated by a person, through which a person may initiate an electronic funds transfer.

(8) "Financial institution" means a State or National bank, a State or Federal savings and loan association, a mutual savings bank, a State or Federal credit union, or any other person who, directly or indirectly, holds an account belonging to another person.

(9) "State" means any State, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or any political subdivision of any of the foregoing.

165:5-3-2. Fees for the Petroleum Storage Tank Division

(a) General.

(1) For each initial application filed on the Petroleum Storage Tank docket, a filing fee shall be paid by the person seeking to file or submit the document, unless the document is filed under authorization of and in the name of an instrumentality of the State of Oklahoma. Filing fees shall not apply to any emergency application, subsequent pleading or amended application.

(2) Any fee assessed by this Section is either due and payable at the time of filing or due and payable at the time the service is requested. Neither service shall be rendered before payment of the prescribed fee nor shall the Court Clerk's Office or any division of the Commission accept any application subject to a filing fee until the required fee is paid. All fees are nonrefundable.

(3) The fees listed in this section may be paid by check, personal checks, cashier checks, certified checks, money

orders, credit cards and other means of electronic funds transfer. Foreign checks must be payable through a United States bank in United States funds. The check or money order should be made payable to the "Oklahoma Corporation Commission - Petroleum Storage Tank Division" and will be deposited to the Oklahoma Petroleum Storage Tank Revolving Fund.

(4) Payments by credit card and other means of electronic funds transfers.

(A) "Nationally recognized" credit card means any instrument or device, whether known as a credit card, credit plate, charge plate, debit card, or by any other name, issued with or without fee by an issuer for the use of the cardholder in lieu of a check, as defined by 12A Oklahoma Statute § 3-104(f), in obtaining goods, services or anything else of value or for the use of the cardholder in obtaining such goods, services, or anything else of value on credit and which, in either case, is accepted by over one thousand merchants in this state. The Oklahoma Corporation Commission shall determine which nationally recognized credit card will be accepted for any payments due and owing to the Oklahoma Corporation Commission.

(B) Implementation of payment by nationally recognized credit card and other means of electronic funds transfer will be phased in over a period of time as determined by the Commission.

(C) The Oklahoma Corporation Commission will verify that sufficient credit is available before acceptance of credit card to insure that no loss of state revenue will occur by the use of such card.

(i) If a person is at a designated receiving point and credit is not available, the person then has the opportunity to pay by other methods accepted by the Commission.

(ii) If a person mails in the credit card information and credit is not available, the transaction will be handled as one with no remittance and a bill will be forthcoming.

(D) The Oklahoma Corporation Commission may add an amount equal to the amount of the service charge incurred, not to exceed four percent (4%) of the amount of such payment as a service charge for the acceptance of such nationally recognized card.

(E) Persons wishing to pay by credit card must be willing to submit normally required credit card information to the Commission. This includes, but is not limited to: card type (VISA, etc.), card number, card expiration date, card holder name as shown, and three digit security personal identification number (PIN). The Commission assumes no liability for unauthorized use of this information.

(F) "Electronic funds transfer" means any transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, which is initiated through an electronic terminal, telephonic instrument, or computer or magnetic tape so as to order, instruct

Permanent Final Adoptions

or authorize a financial institution to debit or credit an account.

(G) "Electronic terminal" means an electronic device, other than a telephone operated by a person, through which a person may initiate an electronic funds transfer.

(H) "Financial institution" means a State or National bank, a State or Federal savings and loan association, a mutual savings bank, a State or Federal credit union, or any other person who, directly or indirectly, holds an account belonging to another person.

(I) "State" means any State, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or any political subdivision of any of the foregoing.

(b) **Fees.**

(1) **Application fee.** The fee to file an application on the Petroleum Storage Tank/Indemnity Fund docket is \$100.00.

(2) **Variance review fee.** The fee for administrative review of a Petroleum Storage Tank Division variance application is \$250.00.

(3) **Annual storage tank permit fee.** Owners of regulated petroleum storage tanks, whether in use or not, are required to pay an annual permit fee as follows:

(A) For petroleum storage tanks - \$25.00 per tank or tank compartment.

(B) For noncommercial agricultural underground storage tanks containing petroleum products - \$10.00 per tank.

(C) For any tank installed or permanently closed during a calendar year, the full yearly fee shall be assessed.

(D) Invoices will be mailed out approximately 60 days in advance of the due date as noted on the invoice.

(4) **UST Installer License.** The fees for an Underground Storage Tank Installer License are:

(A) Application fee - \$50.00

(B) License fee - \$100.00

(C) Annual License renewal fee - \$100.00

(5) **Environmental Consultant License.** The fees for an Environmental Consultant License are:

(A) Application fee - \$50.00

(B) License fee - \$100.00

(C) Annual License renewal fee - \$100.00

(6) **UST Remover License.** The fees for an Underground Storage Tank Remover License are:

(A) Application fee - \$50.00

(B) License fee - \$100.00

(C) Annual License renewal fee - \$100.00

(7) **AST Licensee.** The fees for an Aboveground Storage Tank Licensee are:

(A) Application fee - \$50.00

(B) License fee - \$100.00

(C) Annual License renewal fee - \$100.00

(8) **Vapor Monitor Well Technician License.** The fees for a Vapor Monitor Well Technician License are:

(A) Application fee - \$50.00

(B) Examination fee - \$25.00

(C) License fee - \$100.00

(D) Annual License renewal fee - \$100.00

(9) **Groundwater Monitor Well Technician License.**

The fees for a Groundwater Monitor Well Technician License are:

(A) Application fee - \$50.00

(B) License fee - \$100.00

(C) Annual License renewal fee - \$100.00

(10) **Antifreeze Permit.** The manufacturer of any antifreeze displayed, distributed, manufactured, marketed, produced, sold, used and/or offered for sale or resale, held with intent to sell, or transported within the State of Oklahoma is required to pay the following fees:

(A) Application fee - \$100.00 per brand per type

(B) Annual permit renewal fee - \$100.00 per brand per type

(11) **Miscellaneous fees.**

(A) **Certified copies.** A fee of \$1.00 per copied page is charged for each copy of an order or other document on file with the Commission certified by the Secretary, in addition to the fees specified in this Section.

(B) **Other fees.** The following fees shall be charged and collected at the time of request for same; none of which shall be refundable:

(i) Batch reproduction on continuing basis (per page) - \$0.25

(ii) Copy of any document prepared in OCC offices (per page) - \$0.25

(iii) Copies of any file or order -

(I) Non-certified copies - \$0.25 per page; certified copies \$1.00 per page

(II) Postage - actual cost

(C) **Computer data processing documents.** Reproduction of documents or informational searches involving computer data processing services will be in accordance with the rates established by the Oklahoma Office of Management and Enterprise Services 51 O.S. § 24A.5.

(D) **Document search fee.** Except where provided otherwise by law, where the request for document copying and/or mechanical reproduction is solely for commercial purpose or clearly would cause excessive disruption of the Commission's essential functions, then a fee of \$10.00 per hour (minimum of one hour) shall be charged to recover the direct cost of document search.

(E) **Fax.** A service charge of \$5.00 plus \$1.00 per page will be assessed for all outgoing faxes. All incoming faxes for persons not associated with the Commission shall be assessed a copy fee of \$0.25 per page including the cover page when not submitted for filing with the Court Clerk's office.

(12) **Failure to pay fee.** Failure to pay by the designated due date, insufficient payments or returned payment of any fee within this subsection will result in the Corporation

Commission being authorized to assess payment of any outstanding fee, plus for storage tank permits: a penalty of 50% of the computed total fee and/or suspend tank operation until payment of any fee or penalty assessed under this subsection is received.

SUBCHAPTER 5. DOCKETS

165:5-5-1. Dockets; identifying initials

(a) **Subject matter dockets.** Subject matter dockets shall be maintained by the Court Clerk, with identifying initials preceding the docket number as follows:

- (1) General Docket (GD), which shall consist of causes not coming within the purview of any other docket listed below, and which shall include notices of inquiry.
- (2) Conservation Docket (CD), which shall consist of causes to prevent waste and protect or adjust the correlative rights of parties owning interests in the common source of supply or unitized management of a common source of supply including, but not limited to, spacing, increased density, location exception, pooling and unitization.
- (3) Consumer Services Docket (CS), which shall consist of causes initiated by ~~(A) either~~ the Director of the Consumer Services Division against a regulated utility provider retail public utility or ~~(B) a customer against the customer's regulated utility provider of telecommunications, electricity, natural gas, water, steam or other regulated service of a public utility~~ seeking to require the regulated utility provider to abide by approved tariffs, state statutes, Commission rules, or Commission orders. Public-Regulated utility provider includes public utilities and telecommunications carriers as defined by 17 ~~Okl. Stat.~~ O.S. §§ 41, 139.102 and 151.
- (4) Enforcement Docket (EN), which shall consist of causes initiated by the Commission or any of its directors, the Attorney General of Oklahoma, or other affected parties to find parties in contempt of Commission rules or to require compliance of parties with applicable statutes, rules, and Commission orders.
- (5) Gas Gathering Docket (GG), which shall consist of causes initiated for determination of reasonable fees and terms or conditions of service related to open access to natural gas gathering systems.
- (6) Motor Carrier Citation Docket (MCC), which shall consist of causes initiated by issuance of citations by Commission motor carrier/vehicle officers at roadside, weigh stations or on-site, for alleged violation of state statutes, Commission rules or federal regulations regarding the registration, licensing, certification, or operation of motor carriers or commercial motor vehicles.
- (7) ~~Oil and Gas Citation Docket (OGC), which shall consist of causes initiated by the Director of the Oil and Gas Conservation Division, seeking to find parties in contempt of Commission rules as listed in Appendices E and F of OAC 165:10 and to impose the penalties therein.~~

~~(8)~~ Oklahoma Universal Service Fund Docket (OSF), which for causes filed on or after January 1, 2018, shall consist of causes relating to funding from the Oklahoma Universal Service Fund (OUSF) or the Oklahoma Lifeline Fund (OLF), including, but not limited to, requests for OUSF or OLF funding, submissions relating to OUSF administrative preapproval requests and the OUSF fee assessment.

~~(9)~~ Petroleum Storage Tank Docket (PSD), which shall consist of causes initiated by the Director of the Petroleum Storage Tank Division or other party seeking relief from Commission rules, disputing PSD decisions regarding jurisdiction, corrective action, licensing, system shutdown, Petroleum Storage Tank Indemnity Fund eligibility or reimbursement.

~~(10)~~ Petroleum Storage Tank Division Citation Docket (PSC), which shall consist of causes initiated by issuance of citations by Commission fuel inspectors for alleged violation of state statutes or Commission rules regarding operation of petroleum storage tank systems.

~~(11)~~ Pollution Docket (PD), which shall consist of causes initiated and related to the protection of the environment regarding oil and gas production or the disposal, injection, remediation or storage of deleterious substances produced from oil and gas related activities including, but not limited to, applications for injection wells, commercial disposal wells, disposal pits and recycling.

~~(12)~~ Public Utility Docket (PUD), which shall consist of causes initiated by the Director of the Public Utility Division, a public utility, or other party with standing concerning any matter relating to public utilities, except rulemaking and, effective January 1, 2018, the Oklahoma Universal Service Fund.

~~(13)~~ Rulemaking Docket (RM), which shall consist of causes initiated by the Commission or any of its directors for the promulgation, amendment, or repeal of a Commission statement or group of related statements of general applicability and future effect that implements, interprets or prescribes law or policy, or describes the procedure or practice requirements of the Commission. [75 Okla. Stat. § 250.3(17)] Formal petitions by the public for rulemaking shall be part of the General Docket. If the Commission orders a rulemaking proceeding as a result of such petition, the rulemaking proceeding shall be part of the Rulemaking Docket.

~~(14)~~ State Fund Plugging Docket (SF), which shall consist of causes initiated by the Director of the Oil and Gas Conservation Division seeking authorization to use monies from the Commission's Plugging Fund to plug or replug abandoned wells in the State of Oklahoma.

~~(15)~~ Transportation Docket (TD), which shall consist of causes initiated by:

- (A) an applicant protesting a Transportation Division determination denying a motor carrier's application seeking a license, certificate, or permit from the Transportation Division to lawfully operate as a for-hire or private motor carrier or for a special permit or registration;

- (B) an applicant protesting a Transportation Division determination denying its registration or fuel tax application or proposed audit assessment;
- (C) an application by the Transportation Division modifying, suspending, canceling or revoking an existing certificate, permit, registration, or license;
- (D) an application by the Transportation Division modifying a previously issued order;
- (E) an application by the Transportation Division to effect an operational change in a transportation regulated entity;
- (F) an interested party protesting a license, certificate, permit or registration being issued or renewed;
- (G) an interested party seeking to modify, suspend, cancel, or revoke an existing certificate, permit, registration or license or to assess penalties to a motor carrier, registrant or licensee;
- (H) a pipeline operator seeking a pipeline acceptance;
- (I) any individual, entity or railroad seeking approval to update, open or close a railroad crossing; or
- (J) any interested party seeking relief from the Commission in transportation matters relating to its jurisdiction.

~~(46-15)~~ "Oil and gas dockets" as used in these Rules includes the following dockets: CD, PD, GG, SF and ~~OGE~~ oil and gas related EN docket.

(b) **Docket assignment.** Every cause shall be assigned a docket number by the Court Clerk, and all documents filed in the cause shall bear the docket number, including the year prefix. The Court Clerk shall:

- (1) File-stamp each document received with the date of receipt.
- (2) Record every document filed in the cause.
- (3) Maintain a complete file of all original documents filed in every cause.

(c) **Improper docketing.** If the Commission or an Administrative Law Judge, after consultation with the Court Clerk, determines that an application has been filed on an improper docket as set forth in (a) of this Section, the Commission shall enter an order transferring the application to the proper docket. The Judicial and Legislative Services shall send the order transferring the application to the proper docket to the applicant by mail, facsimile, or electronic mail, who shall be responsible for sending the order to all parties of record.

(d) **Procedural dockets.** In addition to the subject matter dockets described in (a) of this Section, the Commission may, from time to time, designate procedural dockets.

(e) For the purposes of documentation produced by the case management feature of the Electronic Filing System, individual applications or causes may be denoted as dockets and daily and weekly court calendars may be denoted as agendas.

SUBCHAPTER 7. COMMENCEMENT OF A CAUSE

PART 1. GENERAL

165:5-7-1. General application and notice requirements

(a) **Scope.** Except where otherwise specifically provided in this Subchapter, including the Petroleum Storage Tank Division at OAC 165:5-21-3, ~~and the Oil and Gas Conservation Division at OAC 165:5-7-27 (injection and disposal wells)~~, the provisions of this Section shall govern the commencement of a cause filed with the Commission and over which the Commission may exercise jurisdiction, including applications for declaratory rulings as to the applicability of any rule or order of the Commission.

(b) **Form.** Every cause shall be commenced by:

- (1) An application.
- (2) A complaint.
- (3) An order of the Commission commencing a cause.

(c) **Caption.** The application or complaint shall be headed by a caption, which shall contain:

- (1) The heading, "Before the Corporation Commission of the State of Oklahoma".
- (2) The applicant.
- (3) The relief sought. In the case of a conservation docket or pollution docket cause, the statement shall contain the legal description of the lands involved in the cause.
- (4) The docket identifying initials, year prefix, and cause number, pursuant to OAC 165:5-5-1.
- (5) The title of the document.
- (6) In the case of an enforcement docket cause, the caption shall contain the name(s) of the respondent(s).

(d) **Body.** The body of the application or complaint shall consist of five numbered paragraphs, if applicable, as follows:

(1) **Applicants and respondents identified.** The applicant shall be identified, including name, address, electronic mail address, and telephone number of his attorney or designated representative and the nature of the applicant's interest in the subject matter of the cause; and the name and address of each person (if any) named as respondent.

(2) **Allegation of facts.** The allegation of fact stated in the form of ultimate facts, without unnecessary detail, upon which the right to relief is based. The allegations will be stated in numbered subparagraphs as necessary for clarity.

(3) **Legal authority.** Citations of statutes, rules, orders, and decided cases authorizing the relief sought; including, in the case of a complaint, the laws, rules, regulations, or orders alleged to have been violated. Statutes shall be cited by title and section. Rules and orders of the Commission shall be cited by number. Decided cases shall be cited by citation to official reports. Quotations from legal authorities shall not be required.

(4) **Relief sought.** A brief statement of the provisions of the order, authority, or other relief sought. An application relating to oil and gas conservation shall seek only one type of relief. Formal prayer for relief shall not be required.

(5) **Specify order to be affected.** An application to vacate, alter, modify, or amend an order shall state the

specific order in the body which is sought to be vacated, altered, modified, or amended.

(e) **Certification.** The application shall be signed by the applicant, or an authorized agent of the applicant, or by the attorney for the applicant, and shall set out the mailing address, telephone number, facsimile number, electronic mail address and bar identification number of the person so signing it, as applicable. The person signing the application shall be deemed, on signing same, to be certifying that:

- (1) He has read the application.
- (2) To the best of his knowledge, information, and belief formed after reasonable inquiry the facts and allegations contained in the application are true and correct.
- (3) The application is not filed to harass or to cause unnecessary delay or needless expense.

(f) **Service of an application.** Except as hereinafter provided in this Subchapter, every application and notice of hearing stating the date on which the cause is set for hearing, if required, in which a person is named a respondent shall be served by regular mail on each respondent named therein and Commission staff counsel by the person filing the application.

(g) **Manner of service.** All documents subsequent to the application in a cause may be served on a party of record by regular mail, facsimile, electronic mail or in person, except where the rules of this Subchapter or a statute requires a specific mode of service which shall be followed. Service on a corporation may be by delivery to the registered corporate agent, or by delivery to the principal place of business of the corporation. Service outside the United States and its territories shall be by any means provided by Federal Rule of Civil Procedure 4(f). For purposes of this Section, a corporation may designate its principal place of business by filing a notice thereof with the Court Clerk. When an attorney has appeared of record for a person, all subsequent service shall be on the attorney. Service by mail, facsimile or electronic mail shall be complete on the date and time of transmittal except where otherwise provided in this Subchapter; provided, that a person may be granted appropriate relief upon showing that a document so served was not received, or delivery thereof was delayed.

(h) **Certificate of service.** Except where an affidavit of mailing is required by law or by this Subchapter, a certificate of service shall be filed following or with the filing of every document. The certificate of service shall contain a list of the persons served and the certification that on the date stated a copy of the document was mailed, postage prepaid, transmitted by facsimile, mailed electronically or delivered to each person listed.

(i) **Service not jurisdictional.** Service prescribed by the rules of this Subchapter shall not be jurisdictional except where so provided by the Constitution or by statute. Failure to comply with the provisions of this Section as to mailing and service of notice shall not deprive the Commission of jurisdiction of the application or complaint, but shall be grounds for such appropriate relief as the Commission may order.

(j) **Publication of notice.** Every application, except as provided in this Chapter for motor carrier and public utility applications, shall be accompanied by a notice of hearing, which

date shall be set by the Commission. The notice of hearing shall be published as provided in the rules of this Subchapter.

(k) **Signatures.** ~~The notice of hearing of an application shall be signed by the Secretary certifying to the Commissioners' signatures. The signatures of the Secretary and the Commissioners may be electronic signatures as provided by OAC 165:5-1-14. The notice of hearing shall contain the typewritten name of each current Commissioner at the bottom of the notice, which shall serve as the Commissioner's electronic signature, followed by the signature of the person filing the application.~~

(l) **Content of notice.** The notice shall contain:

- (1) The caption from the application.
- (2) The time, date, and place of hearing.
- (3) Briefly the general nature of the order, rule, regulation or other relief sought.
- (4) In oil and gas causes, where applicable, the names or description of all common sources of supply affected by the order sought; or that the entire state would be affected.
- (5) Who to contact for additional information.

(m) **Form of notice.** The notice shall conform substantially to the form shown in Appendix A to this Chapter.

(n) **Notice by publication.** When a cause other than an oil and gas or Petroleum Storage Tank Division cause is commenced, the applicant shall cause the notice of hearing prescribed in (j) through (l) of this Section to be published in one or more newspapers of general circulation, on dates and for periods as required by law, or this Subchapter, or as the Commission shall order.

(2) In oil and gas causes, unless otherwise provided in this Subchapter, the notice of hearing shall be published one time at least fifteen (15) days prior to the hearing in a newspaper of general circulation published in Oklahoma County, Oklahoma and in a newspaper of general circulation published in each county in which the lands embraced in the application are located.

(3) Publication shall be at the expense of the applicant, and shall be made in a newspaper which has met the statutory requirements for publication of legal notices. Written proof of publication shall be filed in the cause.

(4) Proof of publication shall be established by an original proof of publication.

(o) **Effective date prior to date of issuance of order.** No order may be made effective prior to its date of issuance without evidence placed into the record that the approval of such effective date is necessary. An effective date prior to the date of issuance of the order shall be requested in the application and placed in the special relief paragraph of the notice of hearing.

(p) **Notice of motor carrier motions and applications.** Notice of all motor carrier motions and applications shall be printed on the Commission docket as prescribed by law for circulation to the public.

PART 3. OIL AND GAS

165:5-7-6. Drilling and spacing unit establishment or modification

(a) Notice of hearing relating to drilling and spacing units shall be published one time at least fifteen (15) days prior to the hearing in a newspaper of general circulation published in Oklahoma County, Oklahoma, and in a newspaper of general circulation published in each county in which lands embraced in the application are located.

(b) When an applicant proposes to establish, vacate, alter, modify, amend, or extend a drilling and spacing unit, the application and notice shall be served by the applicant no less than fifteen (15) days prior to the date of the hearing, by regular mail, upon each person or governmental entity having the right to participate in production from the proposed drilling and spacing unit or the existing drilling and spacing unit.

(c) A plat or plats shall be attached to each application for an order to establish a drilling and spacing unit or units or to extend existing spacing within a common source or sources of supply, which plat shall show the spacing units requested together with any spacing units abutting or overlapping the area to be spaced, and any abutting spacing units in all spaced formations. An amended plat shall be provided at the time of the hearing in the event drilling and spacing units have been established after the application was filed and prior to the hearing to reflect the status of the spacing at the time of the hearing.

(d) An application to extend spacing from an adjacent drilling and spacing unit shall state in the body of the application the order number that created the spacing in the adjacent unit that applies to the common sources of supply which are sought to be extended by the application. Such request to extend spacing and citation to such order number shall be placed in the special relief paragraph of the notice of hearing.

(e) Where a well has not been commenced to or completed in the common source of supply sought to be spaced, notice of hearing for an order to vacate, alter, amend, extend, or change a prior spacing order shall be served and published as required in (a) of this Section. Such request to vacate, alter, amend, extend, or change a prior spacing order shall be placed in the special relief paragraph of the notice of hearing.

(f) Where two or more orders have issued spacing a common source of supply and such spacing orders have resulted in there being a conflict either as to the size of the unit or as to a common source of supply or a conflict as to the nomenclature of the common source of supply, then the applicant seeking to vacate, alter, amend, or change one of the prior spacing orders shall either file an application to construe and modify the conflicting orders or may amend a relevant application to accomplish the same result. Notice of hearing shall be served and published as required upon the commencement of a proceeding.

(g) The Commission may issue an order establishing horizontal well units for a common source of supply. A horizontal well unit may be established for a common source of supply for which there are already established non-horizontal drilling and spacing units, and said horizontal well unit may include within the boundaries thereof more than one existing non-horizontal drilling and spacing unit for the common source of supply. Upon the formation of a horizontal well unit that includes

within the boundaries thereof one or more non-horizontal drilling and spacing units, the Commission shall provide that such horizontal well unit exists concurrently with one or more of such non-horizontal drilling and spacing units, and each such unit may be concurrently developed. Notwithstanding the foregoing, the Commission may vacate any non-horizontal drilling and spacing unit upon a proper showing of a change of conditions or change in knowledge of conditions to justify such vacation or deletion, and any such request to vacate or delete any such non-horizontal drilling and spacing unit may be included in and made a part of any application to form one or more horizontal well units.

(1) In any spacing proceeding to establish or form a horizontal well unit, the application filed in such proceeding shall set forth and describe any non-horizontal drilling and spacing unit that exists concurrently with such horizontal well unit, including the API numbers of the well or wells located in any such non-horizontal drilling and spacing unit.

(2) The order entered in such proceeding shall describe any non-horizontal drilling and spacing unit that exists concurrently with the horizontal well unit, including the API numbers of the well or wells located in such non-horizontal drilling and spacing unit. The order establishing or forming a horizontal well unit that exists concurrently with any non-horizontal drilling and spacing unit shall state, based on the evidence presented, that the consent in writing required by subsection (h) of this Section has been obtained and filed or that a waiver of such consent requirement as authorized by subsection (i) of this Section has been granted by the Commission.

(h) No order of the Commission authorizing a horizontal well unit that overlies any existing well, or portion of any existing drilling and spacing unit with any existing well, producing from the same common source of supply shall be entered until:

(1) at least fifty percent (50%) of the ownership having a right to drill in each such well and drilling and spacing unit consents in writing to the formation of such horizontal well unit and such written consent or consents are filed with the Court Clerk of the Commission in the applicable spacing proceeding or otherwise entered into the record in such proceeding; or

(2) such consent is waived by the Commission. Provided, however, in the event any such order is entered by the Commission without the written consent required above or a waiver of such consent, any horizontal well unit purported to be formed by such order for which such consent is required shall not be effective until such consent is filed with the Court Clerk of the Commission in such spacing proceeding or is otherwise entered into the record of such proceeding or such consent is waived by the Commission. Requests for such consent must be sent by restricted mail to the owners having the right to drill in any existing well and/or drilling and spacing unit producing from the same common source of supply as the proposed horizontal well unit. In addition, if the boundaries of the horizontal well unit do not encompass such existing drilling and spacing unit in its entirety, then the application

and notice for the horizontal well unit shall be served by the applicant no less than fifteen (15) days prior to the date of the hearing, by regular mail, upon each person or governmental entity having the right to participate in production from the existing drilling and spacing unit.

(i) Any written consent to the order required under subsection (h) of this Section shall not be a waiver of, nor commitment of, any rights of such owners in either the existing production or the proposed horizontal well unit. If the required percentage of consent cannot be obtained, the applicant may make application to the Commission for a waiver of the consent requirement, and upon a showing of good cause by the applicant, the Commission may waive the consent requirement. For purposes of this subsection, a showing of good cause means applicant must present sufficient testimony and evidence, and the Commission must find in the order, that applicant has established the following:

- (1) Due diligence was exercised to locate each owner having a right to drill in any existing well and/or any existing drilling and spacing unit producing from the same common source of supply as the proposed horizontal well unit;
- (2) A bona fide effort was made to obtain the required percentage of consent;
- (3) Alternate methods of development are inadequate to prevent waste and to protect correlative rights unless the consent requirement is waived and the proposed horizontal well unit created; and
- (4) Any correlative rights or vested rights, or both, of owners in the existing well(s) and/or drilling and spacing unit(s), and in the proposed horizontal well unit, will be adequately protected if the consent requirement is waived and the proposed horizontal well unit created.

(j) If a horizontal well unit formed under subsection (g) of this Section is determined to exist concurrently with any previously formed non-horizontal drilling and spacing unit, or any portion thereof, the order forming such horizontal well unit shall provide that each concurrently existing unit may be separately developed in that a well may be drilled into, completed in, and produce hydrocarbons from the same common source(s) of supply in each such concurrently existing unit, with production from such well to be governed by and allocated pursuant to the applicable unit. If a unit is determined to exist concurrently with another unit and is subject to a prior pooling order, which is in full force and effect, the rights relinquished by a non-participating owner which became vested under such prior pooling order in the same common source(s) of supply shall be treated and recognized as vested rights in any subsequent pooling proceeding covering such other unit. An owner, who participated as a working interest owner under an existing pooling order covering a unit that exists concurrently with another unit, need not participate or continue to participate as a working interest owner under any other pooling order covering such other unit in order to continue to participate as a working interest owner under such existing pooling order; provided, however, if such owner does not participate as a working interest owner under such other pooling order, such owner shall

relinquish its rights to participate in any well drilled under or otherwise covered by such other pooling order.

(k) Any spacing order entered by the Commission pursuant to 52 O.S. §87.1(f) which forms a horizontal well unit or units that exceed six hundred forty (640) acres plus tolerances and variances as allowed by statute shall provide that the contemplated lateral length of the initial horizontal well drilled in any such horizontal well unit formed by such order shall be at least seven thousand five hundred (7,500) feet. Such spacing order shall further provide that upon the initial horizontal well drilled under such spacing order reaching its total depth, an affidavit shall be filed in the spacing proceeding in which such order is entered setting forth the lateral length of such initial horizontal well in any horizontal well unit formed by such order.

(l) At the hearing, except for good cause shown, a production plat, type log, and any other exhibits necessary to support the requested relief (e.g. isopach map or structure of the target zone(s)) shall be provided.

(m) The Commission may request that the record be reopened to receive additional information from the applicant prior to issuance of an order.

165:5-7-9. Well location exception

(a) The application, which shall be limited to a single well, and notice of hearing for an order granting a well location exception for a well drilled or to be drilled for oil or gas into any common source of supply at a location other than that authorized by a rule or order of the Commission shall be served by the applicant no less than fifteen (15) days prior to the date of the hearing, by regular mail, upon the operator of each well located in an adjoining or cornering tract of land or drilling and spacing unit, currently producing from the same common source of supply, toward which tract or unit the well location has been or is proposed to be moved. The application and notice of hearing shall specify the name(s) of the well(s) and operator(s) of the well(s) towards which the location exception well is moving. The application and notice of hearing also shall be served, in the manner required above, upon the operator of any well located in an adjoining or cornering tract of land or drilling and spacing unit currently producing from the same common source of supply, if the requested well location is closer to the offsetting well than would be permitted under the applicable well location tolerances or requirements. Provided, however, if the applicant, or any other entity to be authorized to drill or otherwise operate the subject well, is the operator of any of the wells identified above, then the application and notice of hearing shall be served, in the manner required above, upon each working interest owner in any such well.

(b) An application and notice of hearing for an order granting a well location exception pursuant to this Section may also include a request for an exception to OAC 165:10-3-28(c)(2). The application and notice of hearing shall be served in the manner required in subsection (a) of this Section, and shall contain the information required in such subsection. Where an application includes requested relief for both a location exception and exception to OAC 165:10-3-28(c)(2), such application shall separately identify respondents for the location exception and respondents for the exception to OAC 165:10-3-28(c)(2).

(c) For any well other than a directionally drilled well or a horizontal well, the application and notice of hearing for a location exception shall specify the proposed or actual surface location of the well expressed in feet from the two nearest boundaries of the drilling and spacing unit, or, if no drilling and spacing unit has been established, from the two nearest boundaries of the mineral estate(s) upon which the well will be or has been drilled.

(d) For a directionally drilled well, the application and notice of hearing for a location exception shall specify the proposed or actual subsurface location of the well's entry into and the proposed or actual subsurface location of the well's exit from the common source of supply for which the location exception is requested, expressed in feet from the two nearest boundaries of the drilling and spacing unit or, if no drilling and spacing unit has been established, from the two nearest boundaries of the mineral estate(s) upon which the well will be or has been drilled. For purposes of this section, a directionally drilled well does not include a horizontal well.

(e) For a horizontal well, the application and notice of hearing for a location exception shall specify the proposed or actual subsurface location of the completion interval, as defined by OAC 165:10-3-28, within the common source of supply for which the location exception is requested, expressed as the distance in feet from the nearest boundaries of the drilling and spacing unit or, if no drilling and spacing unit has been established, from the nearest boundaries of the mineral estate(s) upon which the well will be or has been drilled.

(f) The proposed subsurface location for a directionally drilled well or a horizontal well may be described in the application and notice of hearing as no closer than specified footages from the nearest boundaries of the drilling and spacing unit or, if no drilling and spacing unit has been established, from the nearest boundaries of the mineral estate(s) upon which the well will be drilled.

(g) At the time of hearing, a well's location, as set out in the application and notice of hearing, may be changed to another location that is not closer to the boundaries of the drilling and spacing unit or mineral estate(s) described in the application and notice of hearing, that is not closer to any offsetting well the operator of which, or any working interest owner in which, was required to be notified under this section, and that does not require notice to additional operators or working interest owners under this section.

(h) If at the time of the hearing on an application for a directionally drilled well or a horizontal well, the applicant does not have the results of the well survey required by OAC 165:10-3-27, then the Administrative Law Judge may recommend the issuance of an interim order granting the application and, if so, shall consider whether to adjust the allowable based on the potential locations of the well in each common source of supply for which the order is sought. All potential locations shall be considered in the interim order. If the directionally drilled well or the horizontal well is drilled and completed in compliance with the interim order, the well shall be assigned the allowable as set out in the interim order.

(i) If a directionally drilled or horizontal well is drilled and completed in compliance with an interim order approving

a location exception, and no party of record has requested a hearing, the Commission may issue a final order approving the location exception, without further hearing, based on an administrative review by the Commission's Technical Services Department of the following documents, which the applicant must file with the Court Clerk for the record: the directional survey, a final plat showing the actual location of the lateral, and the well completion report. The applicant must also submit a proposed final order to the Commission's Technical Services Department in any cause handled through the administrative review process. In the event the directional survey shows that a directionally drilled or horizontal well was not drilled and completed in compliance with the interim location exception order, the applicant shall notify the Commission and all of the parties entitled to notice in the original hearing establishing the interim order by filing an amended application in the cause setting forth the actual subsurface locations of the well and by giving proper notice thereof. The actual subsurface locations of the well will be considered at a hearing conducted on the date specified in the interim location exception order, or on such date to which the hearing is continued.

(j) Notice of hearing on an application for an order granting a well location exception for a well drilled or to be drilled for oil or gas at a location other than that authorized by a rule or order of the Commission shall be published pursuant to OAC 165:5-7-1(n)(2).

(k) An application for an exception to the minimum distance requirements specified by OAC 165:10-3-28 (c)(2) and (c)(3) for the completion interval of a horizontal well, the notice of hearing for such exception proceeding and any resulting order in such proceeding shall include the API numbers of the existing well or wells being encroached upon by such horizontal well requiring such exception. Such application shall set forth the proposed subsurface location tolerance area or if available, the actual subsurface locations of the completion interval of such horizontal well requiring such exception. The proposed or actual subsurface locations, as applicable, of the completion interval of the horizontal well requiring such exception may be amended at the hearing on any such application. If the results of the well survey required by OAC 165:10-3-28(c)(1) are not available at the time of the hearing on such an application, the Administrative Law Judge may recommend the issuance of an order granting the application on an interim basis. Any final order issuing in such a proceeding shall specify the distance in feet between the completion interval of the subject horizontal well and the well or wells being encroached upon by such horizontal well requiring such exception.

(l) At the hearing, except for good cause shown, a production plat and any other exhibits necessary to support the requested relief (e.g. isopach map or structure of the target zone(s), and cross section) shall be provided.

(m) The Commission may request that the record be re-opened to receive additional information from the applicant prior to issuance of an order.

165:5-7-10. Increased well density

(a) **Notice of hearing.**

(1) For increased well density applications, notice of hearing shall be served by the applicant no less than fifteen (15) days prior to the date of the hearing by regular mail upon:

(A) Each person or governmental entity entitled to oil or gas or the proceeds of oil or gas produced from the common source of supply in the drilling and spacing unit for which the application for an increased density well has been filed; and

(B) The operator, as shown by the records of the Commission, of each well which is commencing or currently producing from the same common source of supply in the drilling and spacing unit or any separate tract of land for which no drilling and spacing unit has been formed for such common source of supply adjoining, cornering or adjacent to the drilling and spacing unit for such an increased density well.

(2) If the applicant is the operator of a well commencing or currently producing from the same common source of supply applicable to the increased density well in a drilling and spacing unit or a separate tract of land for which no drilling and spacing unit has been formed for such common source of supply adjoining, cornering or adjacent to the drilling and spacing unit for such increased density well, notice of hearing shall be served by the applicant no less than fifteen (15) days prior to the date of hearing by regular mail upon each owner, as shown by the records of the operator, with a working interest in such well in such common source of supply.

(3) If the applicant is seeking approval of an increased density well to be completed in a common source of supply for which the Commission has established field rules, and for which no application for an increased density well in such common source of supply has been approved by the Commission subsequent to January 1, 1998, and prior to June 21, 1999, notice of hearing shall be served by the applicant no less than fifteen (15) days prior to the date of hearing by regular mail upon the operator, as shown by the records of the Commission, of each well commencing or currently producing from that same common source of supply governed by the field rules.

(4) Where some person other than the applicant may be authorized to drill an increased density well, the notice shall so state.

(5) No person except for those persons provided for in this subsection shall be entitled to notice of the hearing on an application for approval of an increased density well in any drilling and spacing unit.

(b) **Publication of notice.** Notice of hearing for an increased density well shall be published pursuant to 165:5-7-1(n)(2). If the increased density well is to be completed in a common source of supply for which the Commission has established field rules and for which no application for an increased density well in such common source of supply has been approved by the Commission subsequent to January 1, 1998, and prior to June 21, 1999, notice of the hearing shall also be published one time at least fifteen (15) days prior to the

hearing in a newspaper of general circulation published in each county in which the lands subject to the field rules are located.

(c) **Commingled production.** Where production from an original unit well has been commingled and the operator has failed to obtain a commingling order for that well, an increased density well shall not be produced from the commingled common sources of supply until such time that proof of a commingling order is entered at the hearing for increased density.

(d) **Exhibits.** At the hearing, except for good cause shown, a production plat, isopach map, and any other exhibits necessary to support the requested relief shall be provided.

(e) **Additional Information.** The Commission may request that the record be reopened to receive additional information from the applicant prior to issuance of an order.

165:5-7-27. Enhancement or addition Application for approval of injection and disposal wells

(a) Each application for the approval of a ~~newly drilled or newly converted proposed~~ injection well or disposal well shall be filed with the UIC Department on Form 1015 and shall be verified by a duly authorized representative of the operator. See OAC 165:10-5-5.

(b) The application for the approval of an enhanced recovery injection or disposal well or wells shall be accompanied by:

(1) Plat:

(A) ~~Noncommercial. A plat showing the location and total depth of the well or wells and each abandoned, producing or drilling well, and dry hole within one quarter (1/4) mile of the proposed enhanced recovery injection well or disposal well, for volumes less than 20,000 barrels per day and within one half (1/2) mile of the proposed disposal well for volumes equal to or greater than 20,000 barrels per day, and identifying the surface owner of the land on which the enhanced recovery injection or disposal well is to be located, and each operator of a producing spacing unit or well within one half (1/2) mile of each enhanced recovery injection or disposal well with a requested injection rate of less than five thousand barrels per day, and each operator of a producing spacing unit or well within one (1) mile of each enhanced recovery injection or disposal well with a requested injection rate of five thousand barrels per day or more.~~

(B) ~~Commercial. A plat showing the location and total depth of the well or wells and each abandoned, producing or drilling well and dry hole within one half (1/2) mile of the disposal well, and identifying the surface owner of the land on which the disposal well is to be located, and each operator of a producing spacing unit or well within one (1) mile of each disposal well.~~

(2) ~~If the well has been drilled, a copy of the Completion Report (Form 1002A) and any available electric or radioactivity log of the well.~~

(3) A schematic diagram of the well showing:

(A) The total depth or plugback depth of the well.
(B) The depth of the injection or disposal interval indicating both the top and bottom.

- (C) The geological name (geological group) of the injection or disposal zone.
 - (D) The depths of the tops and bottoms of the casing and cement to be used in the well.
 - (E) The size of the casing and tubing, and the depth of the packer.
- (4) Information showing that injection into the proposed zone will not initiate fractures through the overlying strata which could enable the injection fluid or formation fluid to enter fresh water strata.
- (A) When the fluid injection rate is 1,000 barrels per day or less, or an equivalent rate for any fraction of twenty four (24) hours, an overlying strata of at least 200 feet in thickness between the lowest base of fresh water and the top of the proposed interval of injection is considered sufficient evidence of fresh water protection.
 - (B) When the fluid injection rate is greater than 1,000 barrels per day or an equivalent rate for any fraction of twenty four (24) hours, an overlying strata of at least 500 feet in thickness between the lowest base of fresh water and the top of the proposed interval of injection is considered sufficient evidence of fresh water protection.
 - (C) When the fluid injection rate is greater than 10,000 barrels per day or an equivalent rate for any fraction of twenty four (24) hours, an overlying strata of at least 3,000 feet in thickness between the lowest base of fresh water and the top of the proposed interval of injection is considered sufficient evidence of fresh water protection.
 - (D) If the overlying strata is less than required in (A), (B) and (C) of this paragraph, the Commission may administratively approve injection provided a finding is made that such injection will not initiate fractures through the overlying strata into the fresh water strata. Applicant is required to furnish the Commission sworn evidence and data in support of such findings. The Commission, when issuing a permit approving fluid injection, shall consider the following:
 - (i) Maximum injection rate.
 - (ii) Maximum surface injection pressure.
 - (iii) Injection fluid.
 - (iv) The lithology and rock characteristics of the injection zones and overlying strata.
- (5) Proposed operating data:
- (A) Daily injection rates and pressures. The maximum permitted surface injection pressure will be the pressure requested in the application or 1/2 psi per foot of depth to the top of the injection/disposal interval, whichever is less, unless the results of a fracture pressure step rate test support a higher pressure.
 - (B) Geologic name, depth, and location of injection fluid source.
 - (C) Qualitative and quantitative analysis of fresh water from two (2) or more fresh water wells within one (1) mile of the proposed enhanced recovery injection or disposal well showing location of wells and dates samples were taken, or statement why samples were not submitted. The analysis shall include at a minimum chloride, sodium, and total dissolved solids. Sample collection date(s) must be no more than twelve (12) months prior to the date the application is filed.
 - (D) Qualitative and quantitative analysis of representative sample of water to be injected. The analysis shall include at a minimum chloride, sodium, and total dissolved solids.
- (e) A copy of the application for approval of injection or disposal of water or other substances in a well shall be served by the applicant within five (5) days of the date the application is filed by regular mail or delivered to the following:
- (1) The owner of the surface of the land on which the proposed injection or disposal well is to be located;
 - (2) For a proposed commercial disposal well, to each surface owner and surface lessee of record on each tract of land adjacent and contiguous to the site of the proposed well;
 - (3) For a noncommercial injection or disposal well with a requested injection rate of less than five thousand (5,000) barrels per day, to each operator of a producing spacing unit or well within one half (1/2) mile of such proposed well;
 - (4) For a noncommercial injection or disposal well with a requested injection rate of five thousand (5,000) barrels per day or more, or a commercial disposal well, to each operator of a producing spacing unit or well within one (1) mile of such proposed well;
 - (5) For a noncommercial horizontal injection or disposal well with a requested injection rate of less than five thousand (5,000) barrels per day, to each operator of a producing spacing unit or well within one half (1/2) mile of the lateral of such proposed well; and
 - (6) For a noncommercial horizontal injection or disposal well with a requested injection rate of five thousand (5,000) barrels per day or more, or a horizontal commercial disposal well, to each operator of a producing spacing unit or well within one (1) mile of the lateral of such proposed well.
- (d) Notice of an application relating to injection, disposal or commercial wells shall be published one time for injection and noncommercial disposal wells and two times for a commercial disposal well in a newspaper of general circulation published in Oklahoma County, Oklahoma, and in a newspaper of general circulation published in each county in which land embraced in the application are located. The notice shall include:
- (1) PD or tracking number.
 - (2) Name and address of applicant.
 - (3) Location of proposed well to nearest 10 acre tract.
 - (4) Well name.
 - (5) The geological name of the injection formation.
 - (6) The top and bottom of the injection interval.
 - (7) Maximum injection pressures.
 - (8) Maximum B/D or MCF/D injection rate.

- (9) ~~The type of well (injection, disposal, commercial).~~
- (e) ~~If a written objection to the application is filed within fifteen (15) days after the application is published for injection and noncommercial disposal wells or thirty (30) days after the last publication date for commercial disposal wells, or if hearing is required by the Commission, the application shall be set for hearing and notice thereof shall be given in the same manner as required for the filing of the application. If no objection is filed and the Commission does not require a hearing, the matter may be approved administratively by the Manager of Underground Injection Control.~~
- (f) ~~Any operator of a commercial disposal well facility shall file with the Manager of Document Handling for the Conservation Division an agreement to properly plug the well and reclaim the site upon termination of operations. The agreement shall be on forms available from the Conservation Division and shall be accompanied by surety. The agreement shall provide that if the Commission finds that the operator has failed or refused to comply with Commission rules or take remedial action as required by law and Commission rules, the surety shall pay to the Commission the full amount of the operator's obligation up to the limit of the surety.~~
- (g) ~~The Commission shall establish the amount of surety in the order or permit for the authority to operate a commercial disposal well facility. The amount of surety shall be based on factors such as the depth of the well, dimensions of the facility, and costs of plugging the well, reclamation, monitoring, plugging of monitor wells, any pit closure, trucking of any deleterious substances, remediation and earth work. The amount may be subject to change for good cause. The surety shall be maintained for as long as monitoring is required. The type of surety shall be a corporate surety bond, certificate of deposit, irrevocable commercial letter of credit, or other type of surety approved by order or permit of the Commission. Any type of surety that expires shall be renewed prior to 30 days before the expiration date.~~
- (h) ~~Operators of commercial disposal well facilities authorized prior to the effective date of subsections (f) and (g) must either comply with those subsections or close such facilities within one (1) year of the effective date of those subsections.~~
- (i) ~~Optionally, the operator can file a Unit wide Application for Injection (Form 1015U) that fulfills all the requirements of (b) through (e) of this Section. Upon review and approval, the operator receives a Unit wide permit that allows the operator to file a traditional, individual well application (Form 1015) and if it fits the Unit wide criteria, the UIC permit can be issued immediately without additional area of review, notice, or protest period.~~

165:5-7-29. Request for exception to certain underground injection well requirements

- (a) Each application for an exception to 165:10-5-1 through 165:10-5-10 shall comply with the requirements of OAC 165:5-7-1(a) through (g).
- (b) Each application shall be filed at the UIC Department and shall be verified by a duly authorized representative of the

operator. The application and one complete set of attachments, with additional copies as may be required by the Court Clerk, shall be furnished to the Court Clerk.

(c) The application shall be accompanied by the information required in ~~165:5-7-27(b)~~ OAC 165:10-5-5(b). The Manager of UIC may waive any particular information depending on the nature of the exception.

(d) Notice of the application shall be published pursuant to 165:5-7-1(n)(2).

(e) If a written objection to the application is filed within fifteen (15) days after the application is published or if hearing is required by the Commission, the application shall be set for hearing and notice thereof shall be given in the same manner as required for the filing of the application. If no objection is filed and if the Commission does not require a hearing, the matter shall be presented administratively to the Manager of Underground Injection Control who shall file the Manager's report and make the Manager's recommendations.

165:5-7-30. Amending existing orders or permits authorizing injection for ~~enhanced recovery injection, saltwater disposal, or~~ LPG storage wells

(a) Each application for an amendment to an existing order or permit shall be filed on Form 1015 and comply with the requirements of ~~OAC 165:5-7-27(a) and (b)~~ OAC 165:10-5-5(a) and (b).

(b) The application shall also include a statement of facts explaining in detail the nature of and the reason for the amendment, and shall be signed by a duly authorized agent of the operator.

(c) Notice of the application relating to the nature of the amendment shall be published pursuant to OAC 165:5-7-1(n)(2). The notice shall include:

- (1) UIC tracking number.
- (2) Name and address of applicant.
- (3) Location of proposed well to nearest 10-acre tract.
- (4) Well name.
- (5) The geological name of the injection formation.
- (6) The top and bottom of the injection interval.
- (7) Maximum injection pressures.
- (8) Maximum B/D or MCF/D injection rate.
- (9) The type of well (injection, disposal, commercial, LPG storage).

(d) If a written objection to the application is filed with the Commission within fifteen (15) days after notice of the application is published or if hearing is required by the Commission, the application shall be set for hearing and notice thereof shall be given in the same manner as required in OAC 165:5-7-1. If no objection is filed and if the Commission does not require a hearing, the application may be approved administratively by the Manager of Underground Injection Control.

PART 5. PUBLIC UTILITIES

165:5-7-61. Procedures for causes filed pursuant to OAC 165:70

(a) **Purpose.** The purpose of this Section is to establish procedures regarding rate change causes filed on the Public Utility Docket pursuant to OAC 165:70 which will allow the Oklahoma Corporation Commission to fulfill its responsibility to process rate changes within the time prescribed by Title 17 O.S. (Supp. 1993) § 152 et seq.

(1) This Section shall apply to all parties to the proceeding, including the utility, the Commission Staff, the Attorney General and any intervening party of record.

(2) To the extent this Section conflicts with other Sections of the Commission's Rules of Practice, OAC 165:5, the procedures established in this Section shall control.

(b) **Definitions.** The definitions set forth in OAC 165:70-1-2 shall be deemed applicable to this Section.

(c) **Intervening party requirement.**

(1) The Commission Staff, the Attorney General and any intervening party of record shall conform their testimony and exhibits to the format set forth in OAC 165:70-5-4. A waiver of any requirements of Chapter 70 shall be obtained as outlined in OAC 165:70-3-6.

(2) Any interested person seeking to intervene pursuant to OAC 165:5-9-4 shall request permission to intervene no later than ninety (90) days following the filing date of the application for a general rate change. The filing or granting of any Motion to Intervene shall not be grounds to delay, continue or extend any hearing date, deadline or time limit set or to be set in a proceeding.

(3) If the Commission does not rule on a motion to intervene within twenty (20) days from the date the motion to intervene is filed, the motion to intervene shall be deemed to have been granted.

(d) **Data requests/responses.** Any party, including but not limited to the utility, the Commission Staff, the Attorney General and any other intervening party of record, shall answer, within ten (10) business days from the date of receipt, all data requests issued, unless an objection is filed or the parties agree in writing to a different response time. Any data requests received after 3:00 p.m. shall be deemed received the next regular business day.

(1) Data requests submitted by any party prior to the date of filing the application package shall be deemed received the date the application package is filed pursuant to OAC 165:70-3-1.

(2) A copy of all data requests and/or answers to data requests shall be submitted to all counsel of record by regular mail, facsimile, electronic mail or in person at the same time they are issued or answered.

(3) The party served with the data request shall notify the issuing party within five (5) business days of receipt of the requests that the ten (10) business day requirement or otherwise agreed-upon response time cannot be met and provide an explanation for the delay. The party served with the data request shall commit, at the time of such notification, to a response date.

(4) Any objection(s) relating to a data request or the date a response is to be provided shall be presented by the

objecting party within five (5) business days of receipt of the data request. If the parties are unable to reach a resolution regarding the dispute within three (3) business days of the date of the objection, the objecting party shall file a written objection and a hearing on all such objections shall be set on the next Public Utility Motion Docket. It shall be the responsibility of the objecting party to notify the Commission or the Administrative Law Judge that the matter will appear on the Docket.

(e) **General instructions regarding testimony and exhibits.** The following instructions are applicable to all classes of utilities, the Commission Staff, the Attorney General and any intervening party of record who filed testimony and exhibits regarding a general rate change filed pursuant to OAC 165:70:

(1) All schedules and exhibits shall be mathematically correct and properly cross-referenced.

(2) All schedules and exhibits shall be designated as provided in 165:70-5-4.

(3) Headings on all schedules and exhibits shall clearly indicate the party's name, the nature and content of the schedule, the test period covered and the cause number.

(4) All schedules and exhibits shall be typed and/or clearly legible.

(f) **Filing of responsive and rebuttal testimony, notice of major issues to be raised and oral surrebuttal.**

(1) The Commission Staff, the Attorney General and any intervening party of record seeking to present evidence shall file responsive testimony and exhibits no later than the one hundred twentieth (120th) day subsequent to the filing date of the application for a general rate change. Any party seeking only to cross-examine witnesses shall file a statement of position no later than the one hundred twentieth (120th) day subsequent to the filing date of the application for a general rate change. At the time of filing testimony the Commission Staff, the Attorney General and any intervening party of record shall, upon request, provide a copy of the workpapers which support the recommendations contained in their testimony to the requesting party of record. The workpapers shall be organized and presented in the same format as required of the utility by Part 5 of OAC 165:70-5.

(2) If the utility elects to present rebuttal testimony, the rebuttal testimony shall be filed by the one hundred fortieth (140) day subsequent to the filing date of the application for a general rate change.

(3) A hearing on the merits shall commence no later than the one hundred fiftieth (150th) day subsequent to the date the application for a general rate change was filed pursuant to OAC 165:70-3-1.

(4) Parties filing direct testimony pursuant to this subsection (f) may present oral rebuttal testimony to any issue raised for the first time during the hearing. Parties filing responsive testimony pursuant to this subsection (f) may present oral surrebuttal.

(5) Nothing in this Section shall preclude the trier of fact from permitting parties who filed testimony to present oral surrebuttal regarding issues raised for the first time

in oral testimony presented during the hearing, if deemed appropriate.

(g) **Hearings regarding intervention, waiver of requirements, deficiencies, the confidentiality agreement and/or protective order.** Any hearings regarding motions to intervene, disputes related to the Waiver of Requirements contained in OAC 165:70, Deficiencies, the Confidentiality Agreement and/or the need for a protective order shall be set before ~~the Commission en banc, since time is of the essence in resolving these disputes~~ an Administrative Law Judge.

(h) **Amending an application.**

(1) A utility may not significantly amend an application for a general rate change filed pursuant to OAC 165:70 after it has been docketed by the OCC Court Clerk, except as provided in this subsection.

(2) An amendment may be accommodated by withdrawing the initial filing and substituting a new, amended filing in place of the original cause, which will establish a new filing date. An amended filing must conform to the requirements of OAC 165:70-5-1 and will be subject to the sanctions in OAC 165:70-5-2.

(3) For purposes of this Section, an amendment shall be deemed "significant" if it changes the test year, or if it requests more than a five percent (5%) increase in the previously requested revenue requirement, unless such changes are the result of arithmetical error or are mandated by law.

(4) A utility may incorporate a significant change without refileing an entirely new case by agreeing to restart the 180-day period. The new period would begin when the amended application is filed.

(i) **Limitations on active applications for a general rate change.**

(1) A utility may not have more than one active general rate change application pending before the Commission at any one time, unless the Commission has failed to issue a final order upon the first application within two hundred seventy (270) days of that application's filing date. This shall not prohibit the utility from filing a new application for a general rate change if the utility can show its financial integrity or service reliability is materially impacted during the period from the closing of the record to the time in which the Commission makes a final determination on an active rate application.

(2) A cause which has been remanded to the Commission by the Oklahoma Supreme Court after appellate review shall not be deemed an active general rate change application pursuant to this Section.

SUBCHAPTER 9. SUBSEQUENT PLEADINGS

165:5-9-4. Intervention and parties of record

(a) Any person, not subject to subsection d of this Section, interested in the subject matter of a cause may become a party of record by filing a motion for intervention, which shall be accompanied by a notice of hearing and set for hearing on the next motion docket or as agreed to by the parties of record and

the Commission or Administrative Law Judge. The Commission or an Administrative Law Judge shall prescribe terms and conditions upon which intervention shall be allowed.

(b) An intervention shall follow the form provided elsewhere in this Chapter for an application or a response. An intervention may seek affirmative relief.

(c) Each motion to intervene, accompanied by the notice of hearing, shall be served to all parties of record.

(d) The following persons shall become a party of record by filing an entry of appearance or orally stating an entry of appearance at any proceeding regarding the cause:

(1) A person named as a respondent,

(2) A person entitled to individual notice in a cause,

(3) A person seeking to intervene with the agreement of the applicant, all parties of record, and the Commission or Administrative Law Judge, ~~or~~

(4) The Attorney General, ~~or~~

(5) The U.S. Department of Defense and/or the Federal Executive Agencies, but only for causes filed on the PUD docket.

(e) Nothing herein shall waive the requirement that attorneys comply with OAC 165:5-1-10.

165:5-9-6. Continuances

(a) **General.** The Commission or Administrative Law Judge before whom a cause is set may continue or adjourn a hearing at any time for any period, with or without notice or motion. Continuances may be granted for good cause shown, or by agreement of all parties of record at the hearing. A stipulation of a continuance among all parties of record ordinarily will be approved, unless the Commission determines that the public interest requires otherwise. A continuance in a cause may be granted in advance of the date for hearing of the cause in the following ways:

(1) As provided in OAC 165:5-9-2(b)(1); or

(2) The applicant in a cause may request a continuance at least five (5) days in advance of a hearing date from the Docket Clerk or, if the cause has been assigned for hearing, the Commission or assigned Administrative Law Judge. Upon approval of a continuance date, the applicant shall send a notice of continuance stating the continuance date to the Docket Clerk and if the cause has been assigned for hearing, the Commission or assigned Administrative Law Judge. Notice of the continuance date shall be served on all respondents or, if a prehearing/scheduling agreement has been filed or a prehearing/scheduling order has been issued in the cause, notice of the continuance date shall be served on all parties of record. The notice of continuance must be sent by regular mail, facsimile, electronic mail or in person at least five (5) days prior to the date of the hearing. Such cause shall be continued on the docket without the necessity of the appearance of the applicant at the time of hearing.

(b) **Contested motion for continuance.** A contested motion for continuance on the day set for hearing of the cause shall be heard by the Commission or Administrative Law Judge. Such decision may be noted as part of the order of the

Permanent Final Adoptions

Commission or Initial Report of the Administrative Law Judge if requested by a party of record.

(c) **More than two continuances.** In those cases where two (2) continuances have previously been granted, upon the granting of each additional continuance, written notice of such continuance shall be served by regular mail, facsimile, electronic mail or in person by the person requesting such continuance on all respondents or, if a prehearing/scheduling agreement has been filed or a prehearing/scheduling order has been issued in the cause, notice of the continuance date shall be served on all parties of record at least five (5) days prior to the date the continued cause is set for hearing. The movant shall provide proof of service of such notice at the time of hearing. This subsection shall not apply to matters assigned to before the Commission or an Administrative Law Judge unless the Commission or Administrative Law Judge deems or orders otherwise.

(d) **Day certain.** Every continuance shall be to a day certain. If an applicant has failed to set a continued cause on a day certain for a period more than thirty (30) days after last recorded hearing date as shown from the Commission's docket records, the Director of the Judicial and Legislative Services or an Administrative Law Judge may recommend dismissal of the cause to the Commission, pursuant to OAC 165:5-9-2(e)(4); and the Commission may dismiss the cause without prejudice by an Order Dismissing Cause.

(e) **Continuances of the Motor Carrier Citation Docket when the Commission is closed.** In the event the Commission is closed due to inclement weather or other administrative reason on the date and/or time of the Motor Carrier Citation Docket, all citations scheduled to be heard on the Motor Carrier Citation Docket shall be automatically continued to the following month's docket as posted on the Commission's website.

SUBCHAPTER 13. INITIAL AND SUBSEQUENT PROCEEDINGS

165:5-13-3. Hearings

(a) **Conduct of hearing.** Every hearing shall be conducted by the Commission, by an Administrative Law Judge or as provided at OAC 165:5-13-2.1. The Commission or Administrative Law Judge shall call the cause for hearing, after which proceedings shall be had as provided in this Section.

(b) **Scope of hearings.** The Commission, Administrative Law Judge or Public Utility Referee may state the purpose and scope of the hearing, or the issues upon which evidence will be heard.

(c) **Appearances.** Every person appearing shall enter his appearance by stating his name and address. Thereafter, such person shall be deemed a party of record, unless specified otherwise. An individual may appear on his own behalf. A corporation may appear only by its attorney; provided, that a representative other than an attorney may appear on behalf of a corporation for the sole purpose of making a statement or indicating corporate policy. Such a representative may not assume an advocate's role or introduce evidence or examine witnesses in the proceeding.

(d) **Protests.**

(1) Except as otherwise permitted by this Chapter, any person desiring to protest the relief requested by the applicant shall file a notice of protest with the Court Clerk's office.

(2) Before the protest is filed or within a reasonable time thereafter, the protestant shall give notice to the applicant in a manner designed to advise the applicant of the protest prior to the scheduled hearing. Once filed, the written protest shall be provided to the applicant by regular mail, facsimile, electronic mail or in person.

(3) A protesting party initially may announce a protest to a case at the time of hearing, but shall subsequently file a written protest within a reasonable amount of time after the announcement of such protest.

(4) A protest form will be available on the Commission's website; however, such form is not required as long as the filed protest document contains the required information.

(5) A filed protest must contain the caption of the application and contact information of the protestant or the protestant's attorney.

(6) The provisions of this subsection shall not apply to causes filed on the PUD or OSF dockets.

(e) **Preliminary matters.** The following shall be addressed prior to receiving evidence:

(1) The applicant, or staff counsel, may offer preliminary exhibits, including documents necessary to present the issues to be heard, notices, proof of publication and orders previously entered in the cause.

(2) Ruling may be made on any pending motions, including requests pertaining to discovery.

(3) Stipulations of fact and stipulated exhibits shall be received. No stipulation, settlement, or agreement between the parties of record, their attorneys, or representatives with regard to any matter involved in any cause shall be enforced unless it shall have been reduced to writing and signed by the parties of record or the representatives authorized by the rules of this Chapter to appear for them and thereafter made a part of the record, or unless it shall have been dictated into the record by them during the course of a hearing or incorporated into an order bearing their written approval. This Section does not limit a party of record's ability to waive, modify, or stipulate any right or privilege afforded by the rules of this Chapter, unless precluded by law.

(4) Parties of record may, in the discretion of the Commission or Administrative Law Judge, make opening statements where appropriate.

(5) Any other preliminary matters appropriate for disposition prior to presentation of evidence.

(f) **Rules of evidence.** The Commission and Administrative Law Judges shall follow the rules of evidence applied in the district courts of Oklahoma, except that such rules may be relaxed where the Commission or the Administrative Law Judge deems it in the public interest to do so. The Commission or Administrative Law Judge may exclude evidence upon objection made thereto, or the evidence may be received subject to

final ruling by the Commission. An exception will be deemed to be preserved by a party of record objecting to evidence upon an adverse ruling thereon. The Commission or Administrative Law Judge may exclude inadmissible evidence on his own motion and may direct cumulative evidence be discontinued.

(g) **Order of proof.** The applicant or complainant who institutes a cause may open and close the proof. Staff counsel may open and close a cause instituted by the Commission or a staff member. Intervenor may be heard immediately following parties of record with whom allied in interest. In all cases, the Commission or Administrative Law Judge shall designate the order of proof.

(h) **Examination of witnesses.** Every witness shall be examined and cross-examined orally and under oath by not more than one attorney for each party of record. The Commission or Administrative Law Judge shall designate the order of examination and may limit the scope of examination and cross-examination.

(i) **Adverse party.** A party of record may call an adverse person or an officer or employee of an adverse person, in which case the witness may be impeached and otherwise cross-examined.

(j) **Record.** All testimony shall be taken on the record.

(k) **Prepared testimony.** Written testimony of a witness in form of questions and answers, or a narrative statement may be received in lieu of direct examination upon authentication by the witness under oath. In order to be received and relied upon at the hearing, such testimony and exhibits shall be filed and served upon all parties of record not less than five (5) days prior to the hearing, unless otherwise ordered by the Commission for good cause shown. The witness shall be subject to cross-examination. A written or oral statement by or a communication from any person, or a statement or resolution of a political subdivision, trade association, civic organization, or other organization may be received without cross-examination, but will be considered only as argument and not as proof of any recitation of facts contained therein.

(l) **Documents.**

(1) A photographic copy of a document which is on file as part of the official records of the Commission will be received without further authentication.

(2) A photographic copy of a public record certified by the official custodian thereof will be received without further authentication. A written statement by such custodian of records that no record or entry of described character is found in his records shall be received as proof of absence of such record.

(3) A photographic copy of a document may be substituted for the original at the time the original is offered in evidence.

(4) A document may not be incorporated in the record by reference except by permission of the Commission or Administrative Law Judge. Any document so received must be precisely identified.

(5) The Commission or Administrative Law Judge may require that documents such as rate compilations, statistical or technical data, and tabulated material be filed at a designated time prior to the hearing.

(6) The Commission or Administrative Law Judge may require that additional copies of exhibits be furnished for use by the Commission, staff counsel, and other parties of record.

(7) When evidence is offered which is contained in a book or document containing material not offered, the person offering the same shall extract or clearly identify the portion offered.

(8) The Commission or Administrative Law Judge may permit a party of record to offer a document as part of the record within a designated time after conclusion of the hearing.

(m) **Exhibits.** All exhibits shall be identified by docket type and cause number on the first page of each exhibit prior to submitting to the Commission. All pages of each exhibit shall have continuous pagination. Each exhibit shall conform to the following requirements:

(1) all exhibits must be legible;

(2) the font must be no smaller than a size 10 font;

(3) if multiple colors are used, the colors shall be sufficiently distinguishable; and

(4) data shall be included on each exhibit to support the relief requested.

(n) **Summary exhibits.** An exhibit consisting of a compilation or summary of evidence, records, data, statistics, or other similar information may be received in evidence in addition to or in lieu of the evidence summarized, provided:

(1) The evidence summarized has been admitted in evidence, or is admissible; and

(2) If the evidence summarized has not been admitted, the person offering the summary exhibit has made the evidence summarized available for inspection by all other parties of record, or the information is published in a generally recognized publication which is available to all parties of record. It shall be the responsibility of a person offering a summary exhibit to comply with this subsection in advance of the hearing, and failure to make the evidence summarized available for inspection shall be grounds for refusal to admit the exhibit.

(o) **Closing the record.** The record shall be closed when all parties of record have had an opportunity to be heard and to present evidence, and the Commission or Administrative Law Judge announces that the record of testimony and exhibits is closed. Unless a decision is then announced, the matter will be taken under advisement for later decision.

(p) **Briefs.** The Commission or Administrative Law Judge may require or allow the filing of briefs by the parties of record, and may designate the order and time for filing briefs and reply briefs.

(q) **Reopening the record.** Any person may file and serve, by regular mail, facsimile or electronic mail on all parties of record a motion to reopen the record for further hearing or to offer additional evidence. The Commission, at any time prior to final order in the cause, may, upon such motion or upon the motion of the Commission, order the record to be reopened for the purpose of taking testimony and receiving evidence which was not or could not have been available at the time of the hearing on the merits or for the purpose of examining its

Permanent Final Adoptions

jurisdiction. A motion to reopen shall be filed and served in the same manner as provided in OAC 165:5-9-2(b). The motion and notice shall include a statement that if the Administrative Law Judge grants the motion, the record may be reopened the same day or on some other day as the Commission may determine.

(r) **Corrections to transcript.** Except as provided in OAC 165:5-13-1(d), an official reporter shall make a stenographic and electronic record of the hearing. Errors claimed to be in a transcription of either a contested or uncontested hearing shall be noted in writing and suggested corrections may be offered to the Commission or Administrative Law Judge who presided at such hearing within ten (10) days after the transcript is filed, unless the Commission or Administrative Law Judge shall permit suggested corrections to be offered thereafter. Suggested corrections shall be served in writing upon each party of record and the Commission or Administrative Law Judge. If not objected to within twelve (12) days after being offered, the Commission or Administrative Law Judge shall direct that such suggested corrections be made and the manner of making them. In the event that parties disagree on suggested corrections, the Commission or Administrative Law Judge, with the aid of argument and testimony from the parties of record, shall then determine the manner in which the record shall be changed, if at all.

(s) **Preparation of report or order.** The Commission or Administrative Law Judge may permit or direct any party or parties of record to prepare a proposed report or order in any protested cause. In unprotested causes, the applicant shall prepare and submit a proposed Commission order.

(1) Orders regarding non-emergency applications shall be submitted to the Administrative Law Judge within thirty (30) calendar days of the date the Administrative Law Judge announced the recommendation unless the Administrative Law Judge directs otherwise.

(2) Proposed orders regarding emergency applications shall be submitted to the Administrative Law Judge within ten (10) business days of the date the Administrative Law Judge announced the recommendation unless the Administrative Law Judge directs otherwise.

(3) Failure to submit a proposed order to the Administrative Law Judge within the time frame required by this subsection may result in the Administrative Law Judge reopening the record, with five (5) business days' notice to the party or parties of record, and the application being recommended for dismissal unless good cause is shown for the failure to supply the proposed order as required. Notice to the party or parties of record may be provided via electronic mail.

165:5-13-4. Report of Administrative Law Judge

(a) At the conclusion of a hearing before an Administrative Law Judge, such officer shall, at the earliest practicable date, file a written report in the proceeding. The report shall contain the following:

- (1) Names of parties of record and their attorneys.
- (2) Brief statement of facts establishing jurisdiction of the cause.

(3) Brief summary of the evidence of each party of record who offered evidence.

(4) The pertinent facts as found by the officer upon consideration of all evidence offered.

(5) Recommended conclusions of law and recommendations as to action to be taken or relief to be granted or denied.

(6) In oil and gas conservation causes and pollution causes, such report shall be prepared only when a party of record in the hearing before the Administrative Law Judge has formally, in writing, protested the granting of the application, or, in the judgment of the Administrative Law Judge, the issuance of a report is required.

(b) The Administrative Law Judge shall send a copy of the report by regular mail, facsimile, electronic mail or in person to each party of record.

(c) At the expiration of ten (10) business days after the report is filed, if no exceptions are filed, the Commission shall enter such order as shall be deemed appropriate upon consideration of the report.

(d) In any conservation or pollution cause in which the Administrative Law Judge has recommended that an order issue, but the approval of staff counsel or technical staff is withheld after all efforts have been exhausted to resolve technical or legal problems with the applicant and Administrative Law Judge, the Administrative Law Judge shall issue a report in accordance with this Section, allowing any person time to file exceptions.

(e) Upon request by a Commissioner, an Administrative Law Judge shall appear at any scheduled signing agenda, Commission hearing or public deliberation to respond to questions from the Commissioners concerning the proposed order or report of the Administrative Law Judge.

(f) When a recommendation is made by an Administrative Law Judge on the Motor Carrier Citation Docket, a report for individual citations shall only be required once a request has been received conforming with OAC 165:5-13-5(a)(3).

165:5-13-5. Exceptions to Report of Administrative Law Judge

(a) **Reviewability.** Except as provided in OAC 165:5-9-6(c) for rulings on continuances, any report from Administrative Law Judges shall be subject to review in the manner prescribed in this Section. Oral argument before the Commission en banc in an oil and gas ~~or transportation~~-related matter is not a matter of right. The Commission en banc may deny a motion to entertain oral argument on any oil and gas ~~or transportation~~-related exceptions without a response being filed or hearing oral presentation on said motion.

(1) **Oral exceptions regarding motions and emergency matters.** Any person adversely affected by a decision of an Administrative Law Judge on the motion/emergency docket shall have no more than five (5) days in which to advise the Administrative Law Judge, other parties of record, and the Judicial and Legislative Services of his or her intent to lodge exceptions and any request for oral arguments on the exceptions before the

Commission en banc. Written exceptions shall not be required. Oral exceptions shall be set for hearing before the Corporation Commission sitting en banc unless referred to an Oil and Gas Appellate Referee or an Administrative Law Judge regarding matters involving issues addressed in Chapters 10, 15, 16, ~~20, 25, 26, 27, 28, and/or 29, 30 and/or 32.~~ Oral exceptions in all other matters shall be set for hearing before the Commission sitting en banc. Oral exceptions will be set on the next regularly scheduled day for such matters unless:

- (A) The parties agree to another date; or
- (B) The Commission specifies otherwise.

(2) **Exceptions to the report from the hearing on the merits.** Any person adversely affected by a report of an Administrative Law Judge from the hearing on the merits shall have ten (10) business days in which to file exceptions to the report before the Commission en banc. To perfect exceptions, written exceptions must be filed within ten (10) business days after filing of the Report of the Administrative Law Judge. The person filing exceptions shall serve copies of the exceptions and notice of hearing for the exceptions on all parties of record and the Administrative Law Judge below. Such service shall be made not later than five (5) days after the expiration of the ten (10) business day period for filing the exceptions. In exceptions before the Commission en banc arising from the Petroleum Storage Tank and/or Indemnity Fund, an additional ten (10) business days shall be allowed for the filing of cross exceptions. OAC 165:5-13-2 shall govern the setting of the exceptions. If a party desires the Commission en banc to hear oral arguments on any exceptions, a motion for oral argument of exceptions before the Commission en banc must be filed with the exceptions.

(3) **Exceptions to Report from the Motor Carrier Citation Docket.** Any party of record adversely affected by a recommendation of an Administrative Law Judge on the Motor Carrier Citation Docket shall have five (5) business days from the date the oral recommendation is made to request a report of the Administrative Law Judge for the purpose of filing written exceptions. The request shall be sent jointly to the Administrative Law Judge who issued the recommendation and all other parties of record. Written exceptions shall be filed within ten (10) business days of issuance of the written report. The hearing on the written exceptions shall be heard by an Administrative Law Judge on the next available Motor Carrier Citation Docket or at the Commission en banc's discretion.

(b) **Contents of the exceptions.** For purposes of (a)(2) of this Section, the written exceptions shall specifically state the findings or portions of the report to which the person takes exception, and in what respect the person alleges the findings and report to be in error. A person may be permitted to amend his exceptions, or to present at the initial hearing on exceptions thereon additional grounds for exceptions from the report. A person taking exception from any part of the summary of the evidence stated in the report of the Administrative Law Judge, shall attach to his exceptions a transcript or what he deems a correct summary of the pertinent evidence, provided that if the

transcript is unavailable at the time of filing of the exceptions, then any person filing exceptions desiring to use a transcript instead of a summary of evidence shall, at the discretion of the Commission en banc, or the Oil and Gas Appellate Referee or Administrative Law Judge to whom the exceptions have been referred, submit the transcript as soon as it is available. In the absence of such a transcript or summary of the evidence, the exceptions shall be considered based on the summary of evidence in the appealed report.

(c) **Responses to written exceptions.** For purposes of exceptions under (a)(2) of this Section, any other person may file written response to the exceptions within five (5) business days after service thereof, and may attach thereto a transcript or his own summary of the pertinent evidence, provided that if a transcript is unavailable at the time of the filing of the exceptions, the party desiring to use the transcript instead of a summary of evidence shall, at the discretion of the Commission en banc, or the Oil and Gas Appellate Referee or Administrative Law Judge to whom the exceptions have been referred, submit the transcript as soon as it is available. In the absence of a transcript or written summary of evidence submitted by a party of record, the exceptions shall be considered upon the summary of the evidence in the exceptions to the report.

(d) **Contents of the Oil and Gas Appellate Referee or Administrative Law Judge Reports.** In a case where exceptions are referred to an Oil and Gas Appellate Referee or Administrative Law Judge, such Referee or Administrative Law Judge shall file a written report, stating a recommendation to the Commission to affirm, reverse, or modify the findings of fact or conclusions of law of the Administrative Law Judge below or to remand the cause for further hearing. The Commission, as the final arbiter, shall enter the order it deems appropriate.

(e) **Scope of review by the Commissioners.** With respect to any report, the Commission sitting en banc may affirm, reverse, or modify the findings of fact or conclusions of law of the Administrative Law Judge, or may remand the cause for further hearing. The Commission shall enter the order in its discretion as it deems appropriate.

SUBCHAPTER 15. ORDERS

165:5-15-1. General form and procedure

(a) **Contents of orders.** The Commission may prescribe a standardized format for all orders. Every order of the Commission shall contain the following where appropriate or except where the Commission determines otherwise:

- (1) Caption, cause number on the appropriate docket and order number. Every page of the order shall also contain a page number, the applicable subject matter docket listed in OAC 165:5-5-1(a), the docket number assigned to the cause by the Court Clerk, and order type, e.g., emergency order, final order, etc.
- (2) Appearances.
- (3) Date and place of all hearings.
- (4) Summary of allegations of applicant, and of all other parties of record.

- (5) Summary of evidence of applicant, and of all other parties of record.
 - (6) Findings of fact, containing all ultimate facts found to have been established.
 - (7) Conclusions of law, containing:
 - (A) All legal conclusions found to be applicable to the facts; and
 - (B) The directive of the order stated in concise and mandatory language.
 - (8) Signature of the Secretary certifying as to all Commissioners participating in making the order. The signatures of the Secretary and Commissioners participating in the making of the order may be electronic signatures as provided in OAC 165:5-1-14.
 - (9) Seal of the Commission.
 - (10) Date of filing, and effective date where appropriate.
- (b) **Duty to send orders.** ~~The Court Clerk—Commission~~ shall immediately ~~mail or otherwise deliver~~ provide a copy of the order to the applicant. Upon the implementation of electronic filing, delivery shall only be made by electronic mail, unless there are exigent or extraordinary circumstances. Except where otherwise specifically provided in this Chapter, the applicant shall thereafter mail or otherwise deliver a copy of the order within five (5) days of the receipt of the order to all parties of record and to each respondent in the cause. Where an attorney has appeared of record for a person, service shall be on the attorney.
- (c) **Effectiveness of order.** The issuance of or effectiveness of an order or its enforcement will not be stayed or postponed by the filing of any motion for rehearing or for other relief therefrom. The Commission may by order stay any order pending further hearing, and may stay or postpone the effective date thereof, or enforcement thereof for such time and on such terms as may be just.
- (d) **Order titles and numbers.** An order of the Commission, descriptively titled, shall be issued for all motions and other matters set for hearing, except for continuances, and all such orders shall be given an order number; provided that when a motion is withdrawn, no order shall be required to document the withdrawal.

SUBCHAPTER 19. CONTEMPT

165:5-19-1. Contempt procedure

- (a) **Commencement.** ~~A cause filed for contempt for disobedience to or violation of law or a rule, regulation, order, or judgment of the Commission, shall be commenced by the filing of a verified complaint. A contempt proceeding is commenced with the filing of a verified Complaint. Prior to the filing of a contempt proceeding by the Commission, or a division thereof, the self-reporting of an apparent violation and corrective actions taken by the Respondent, along with plans to prevent future violations, and/or other mitigating factors should be considered.~~
- (b) **Complaint.** The complaint shall state:
- (1) The name of the person, firm, trust, corporation, or association against whom the complaint is made.

- (2) Each law, order, rule, regulation of which violation is charged.
 - (3) In general terms, the acts or omissions constituting the violation of which complaint is made. If complaint is made of more than one violation, each violation shall be separately stated.
- (c) **Citation.** When a complaint is filed, the Secretary shall issue in the name of the state a citation directed to the person against whom complaint is made, which citation shall be accompanied by a copy of the complaint. The citation shall state:
- (1) The name of the complainant and the date the complaint was filed.
 - (2) A brief description of the nature of the complaint.
 - (3) Reference to the accompanying copy of the complaint.
 - (4) The date upon which the complaint is set for hearing, which shall not be earlier than ten (10) days from the date the citation is served.
 - (5) A statement that, unless the person complained against shall on or before the date for hearing file a response to the complaint, the allegations and charges therein will be taken as confessed.
- (d) **Service of citation.** Service of the citation for contempt may be made by a person directed to do so by order of the Commission. Such service shall be made in accordance with the rules of the Commission. Service shall be made by mailing the citation for contempt by certified mail to the respondent's last known address as listed in Commission records, and, if applicable, to the respondent's registered agent as listed with the Oklahoma Secretary of State. The respondent is responsible for notifying the Commission of any change of address.
- (e) **Return of service.** The person making the service shall make his return thereof, and file the same with the Court Clerk. The return shall show the time when the citation was received by him, and the time and manner the same was served by him, and such return shall be verified by the person making the service. Service of the citation for contempt on the respondent by certified mail shall be considered effective on the date of receipt, or if refused, on the date of refusal of the complaint by the respondent, if returned from the last known address as listed in Commission records for the following reasons, including, but not limited to:
- (1) ~~Signed for by any person at the address listed.~~
 - (2) ~~Undeliverable—no forwarding address, forwarding address expired, unclaimed and/or refused.~~ If the certified mailing is returned as undeliverable, the Commission or Administrative Law Judge shall determine sufficiency of service and may recommend additional service requirements. The Commission or Administrative Law Judge may use the service of process requirements in 12 O.S. § 2004 as guidance to ensure effective service.
- (f) **Default.** If no response to the complaint is filed on or before the date set for hearing, or if a respondent fails to appear at the time set for hearing, as specified in the citation, the Commission may immediately proceed to hear the complaint. After hearing the evidence, the Commission shall impose such fine, cancellation, suspension, or other order or punishment as the facts and circumstances warrant, or dismiss the complaint.

(g) **Response.** A respondent who desires a hearing shall, on or before the time specified in the citation for hearing, file a response to the merits of the cause and shall appear at the time set for hearing. The response shall include all objections and defenses of any nature to the complaint and may include a motion to dismiss the complaint for reason of insufficiency thereof or lack of jurisdiction.

(h) **Hearing procedures.** At the hearing, the Commission shall first determine whether jurisdiction and service are proper, then hear all objections and defenses other than to the merits of the complaint and shall enter appropriate order thereon. Amendments may be permitted upon terms that are just, with or without grant of a continuance. After all preliminary questions are heard, the Commission shall hear the merits of the complaint, and at the conclusion thereof, shall impose such fine, suspension, cancellation, or other order or punishment as the facts and circumstances warrant, or dismiss the complaint.

(i) **Hearing date.** Every cause instituted hereunder shall be tried on its merits on the date specified in the citation, or at such other time to which such cause shall be continued for hearing by the Commission.

SUBCHAPTER 25. MOTOR CARRIER TAX AND REGISTRATION PROTESTS

165:5-25-2. Applications Filing confidential applications for hearing

(a) Taxpayer or ~~Registrant~~ applications for hearing shall be filed with the Commission's Court Clerk's Office. Applications shall be in writing, marked "CONFIDENTIAL" pursuant to OAC 165:5-1-5(g), signed by the taxpayer/registrant, taxpayer or registrant or an authorized representative thereof, and shall set out therein:

- (1) The name, mailing address, physical address, telephone number, and e-mail address, and social security number or employer's identification number of the taxpayer/registrant taxpayer or registrant;
- (2) A statement of the amount of the deficiency as determined by the Transportation Division in the proposed assessment, the nature of the tax or fee and the amount thereof in controversy, or the denial of base state registration;
- (3) A clear and concise statement of each item in dispute;
- (4) The argument and any legal authority upon which each item in dispute is made; provided, that the ~~taxpayer/registrant~~ taxpayer or registrant shall not be bound or restricted in such hearing, except on exceptions, to the arguments and legal authorities contained and cited in said applications or presented in the initial hearing;
- (5) A statement of the relief sought by the ~~taxpayer/registrant~~ taxpayer or registrant;
- (6) A verification by the ~~taxpayer/registrant~~ taxpayer or registrant or his duly authorized agent that the statements and facts contained therein are true; and

(7) In a refund claim, a statement as to whether the basis for the claim request is due to a mistake of law or a mistake of fact with a brief explanation of the mistake.

(b) Pursuant to 47 O.S. § 1170 and 51 O.S. § 24A.29, the Commission hereby determines that all reports and files of the Commission concerning the administration of the IFTA/IRP are confidential. All information classified as confidential shall remain confidential unless otherwise provided by law.

(c) The taxpayer or registrant may authorize the disclosure of information to any person pursuant to a written waiver of confidentiality.

SUBCHAPTER 29. CONSUMER SERVICES COMPLAINTS

165:5-29-1. Consumer services complaints against regulated utility providers

(a) **Mediation.** Prior to filing a complaint pursuant to this section, the consumer and the utility are encouraged to follow the mediation provisions in OAC 165:35-21-40, OAC 165:45-11-20, and OAC 165:65-11-17. The consumer and utility are encouraged to continue mediation following the filing of a complaint.

(b) **Commencement.** A cause filed on the Consumer Services Docket shall be commenced by the filing of a complaint.

(c) **Applicant.** A complaint may be filed by either the Director of the Consumer Services Division against a regulated utility provider or customer against the customer's regulated utility provider.

(d) **Respondent.** The Respondent to a complaint is limited to a regulated utility provider, which includes public utilities and telecommunications carriers as defined by 17 O.S. §§ 41, 139.102 and 151.

(e) **Complaint.** The complaint shall state:

- (1) The applicant or attorney's actual or electronic signature, typed or handwritten name, mailing address, telephone number, facsimile number (if applicable), and electronic mail address;
- (2) The name of the person, firm, trust, corporation, or association against whom the complaint is made;
- (3) In general terms, the issues, acts, or omissions constituting the nature of the complaint;
- (4) Each alleged violation of a tariff, state statute, Commission rule, or Commission order shall be stated separately; and
- (5) The relief requested by the applicant.

(f) **Notice of hearing.** When a complaint is filed pursuant to this section, a notice of hearing scheduling the prehearing conference shall be prepared by the applicant pursuant to OAC 165:5-7-1(l). Appendix "J" to this Chapter contains a sample notice of hearing.

(g) **Service of complaint.** The applicant shall serve the respondent by sending, by certified mail, the complaint and the notice of hearing to the respondent's last known address as listed in the Commission records, and, if applicable, to the respondent's registered agent as listed with the Oklahoma Secretary of State.

Permanent Final Adoptions

(h) **Return of service.** The applicant shall prepare the return of service and file it with the Court Clerk. The return shall be verified by the person making the service, and shall show the manner, date, and time when the complaint was received by the Respondent. Service of the complaint and notice of hearing on the respondent by certified mail shall be considered effective on the date of receipt, or if refused, on the date of refusal of the complaint by the respondent. If the certified mailing is returned as undeliverable, the Commission or Administrative Law Judge shall determine sufficiency of service and may recommend additional service requirements. The Commission or Administrative Law Judge may use the service of process requirements in 12 O.S. § 2004 as guidance to ensure effective service.

(i) **Subsequent service.** The applicant and respondent shall provide changes of contact information to all parties of record and will accept service related to the complaint at the provided address.

(j) **Hearing procedures.** The complaint shall be set for prehearing conference before an Administrative Law Judge within thirty (30) calendar days after the complaint is filed. At the prehearing conference, the Administrative Law Judge shall determine whether service and jurisdiction are proper, and whether the issues, acts, or omissions constituting the nature of the complaint have been resolved. If the Administrative Law Judge determines that jurisdiction is not proper, the Administrative Law Judge shall recommend dismissal of the complaint.

(1) The Administrative Law Judge may continue the prehearing conference to a date certain to allow for resolution of the complaint by the parties, or to allow for proper service.

(2) If the Administrative Law Judge finds that the matter cannot be resolved without a hearing, then a hearing on the merits shall be set within the next sixty (60) calendar days.

(3) The Administrative Law Judge may recommend that the parties complete specific actions to complete the record, which may include but not be limited to requiring the applicant to submit additional information, require the respondent file a response to the complaint, and an allowance for discovery.

(4) If the respondent fails to appear at the time set for prehearing conference, as specified in the notice of hearing, or subsequent hearings as directed by the Administrative Law Judge, the Administrative Law Judge may schedule the complaint for a hearing on the merits or immediately proceed to hear the complaint if already scheduled for a hearing on the merits.

(5) If the applicant fails to appear at the prehearing conference or subsequent hearings, the Administrative Law Judge may recommend that the complaint be dismissed without prejudice.

(6) The Administrative Law Judge shall hear the merits of the complaint, and at the conclusion thereof, shall issue a report of the Administrative Law Judge that may impose such resolution as the facts and circumstances warrant, or dismiss the complaint.

(7) Exceptions to the report of the Administrative Law Judge may be filed and heard pursuant to OAC 165:5-13-5.

NOTICE IS ALSO GIVEN that any protest to this application must be filed with the Court Clerk within the protest period prescribed by 165:5-7-35, said protest period being not less than thirty (30) days after publication of this notice.

NOTICE IS FURTHER GIVEN that an initial site inspection shall be made by the Applicant and the Pollution Abatement staff on the ____ day of _____, 20___. Any interested person may attend.

NOTICE IS FURTHER GIVEN that if the application is unprotested then it shall be referred to the Conservation Division of the Commission for review without hearing and that if the application is protested, then any protestants shall receive notice of hearing as prescribed by 165:5-7-35.

NOTICE IS FURTHER GIVEN that for information concerning this action, contact (Name of Attorney--not firm name--or individual signing the application), (Address), (City), (State), (telephone number) (electronic mail address).

TITLE 165. CORPORATION COMMISSION CHAPTER 10. OIL & GAS CONSERVATION

[OAR Docket #20-649]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

Chapter 10. Oil & Gas Conservation [AMENDED]

AUTHORITY:

Corporation Commission; 17 O.S. § 52, 27A O.S. § 1-3-101, and 52 O.S. § 139.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2019-11, the proposed rules were submitted to the Governor and Cabinet Secretary on January 23, 2020.

COMMENT PERIOD:

January 22, 2020, through March 16, 2020

PUBLIC HEARING:

March 11, 2020, and March 16, 2020

ADOPTION:

March 16, 2020

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

March 24, 2020

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 25, 2020

FINAL ADOPTION:

June 25, 2020

EFFECTIVE:

October 1, 2020

SUPERSEDED EMERGENCY ACTIONS:

N/A

INCORPORATIONS BY REFERENCE:

N/A

GIST/ANALYSIS:

The rules were approved to update, streamline, and clarify the Oil & Gas Conservation rules; add a schedule of fines listed in the Chapter 10 rules; eliminate a requirement for operators to file annual unallocated natural gas well surveys; expand the use of noncommercial pits with capacities in excess of fifty thousand barrels; clarify what actions must cease when ruptures, breaks, or openings occur in well casing strings; eliminate a requirement that operators provide at least twenty-four hours' notice to the Oil & Gas Conservation Division (OGCD) as to when surface casing will be run; enhance notice requirements concerning hydraulic fracturing operations; increase the amount and type of information to be submitted with applications for approval of underground injection wells; modify notice requirements for proposed underground injection wells; augment monitoring and reporting requirements for disposal wells within areas of interest designated by the OGCD regarding potentially critical environmental or public safety impacts; update commercial recycling facility requirements; enhance requirements for construction of noncommercial disposal and enhanced recovery well pits used for temporary storage of saltwater and pits at commercial disposal well facilities, and modify gas well testing requirements. OAC 165:10-1-7(b) and OAC 165:10-3-10 require new Form 6000NHF (notice to Conservation Division of hydraulic fracturing operations) and new Form 6000NOO (notice to operators of producing wells of hydraulic fracturing operations).

CONTACT PERSON:

Susan Dennehy Conrad, Deputy General Counsel, Judicial and Legislative Services Division, Oklahoma Corporation Commission, 2101 North Lincoln Boulevard, P.O. Box 52000, Oklahoma City, OK 73152-2000, Telephone (405) 521-3939, Email Susan.Conrad@occ.ok.gov.

DUE TO EXCESSIVE LENGTH OF THESE RULES (AS DEFINED IN OAC 655:10-7-12), THE FULL TEXT OF THESE RULES WILL NOT BE PUBLISHED. THE RULES ARE AVAILABLE FOR PUBLIC INSPECTION AT THE OKLAHOMA CORPORATION COMMISSION, WESTERN REGIONAL SERVICE OFFICE, JIM THORPE OFFICE BUILDING, 2101 NORTH LINCOLN BOULEVARD, OKLAHOMA CITY, OKLAHOMA, AT THE OKLAHOMA CORPORATION COMMISSION, EASTERN REGIONAL SERVICE OFFICE, KERR BUILDING, 440 SOUTH

HOUSTON, SUITE 114, TULSA, OKLAHOMA, AND AT THE SECRETARY OF STATE'S OFFICE OF ADMINISTRATIVE RULES. THE FOLLOWING SUMMARY HAS BEEN PREPARED PURSUANT TO 75 O.S., SECTION 255(B):

SUMMARY:

OAC 165:10-1-2 is amended regarding definitions; OAC 165:10-1-4 to update the list of effective dates for OAC 165:10 rulemakings; OAC 165:10-1-6 to delete a reference to the Natural Gas Policy Act of 1978 and to add a reference to a schedule of fines; OAC 165:10-1-7 to update the list of Oil & Gas Conservation Division (OGCD) prescribed forms, to delete forms and to add new forms; OAC 165:10-1-10 concerning operator agreements; OAC 165:10-1-15 with respect to transfer of operatorship of oil and gas wells; OAC 165:10-3-1 regarding permits to drill wells; OAC 165:10-3-2 concerning notification of spudding of new wells; OAC 165:10-3-3 with respect to ruptures, breaks or openings in well casing strings; OAC 165:10-3-4 regarding casing and cementing of wells; OAC 165:10-3-10 concerning hydraulic fracturing operations and submission of information with respect to chemicals used in hydraulic fracturing operations; OAC 165:10-3-16 regarding operations in hydrogen sulfide areas; OAC 165:10-3-17 concerning well site and surface facilities; OAC 165:10-3-28 with respect to horizontal drilling; OAC 165:10-5-2 regarding the process for obtaining approval of proposed underground injection wells within a specified distance of public water supply wells; OAC 165:10-5-5 concerning applications for approval of underground injection wells; OAC 165:10-5-6 with respect to testing and monitoring requirements for underground injection wells; OAC 165:10-5-7 regarding monitoring and reporting requirements for underground injection wells; OAC 165:10-5-9 concerning duration of underground injection well orders or permits; OAC 165:10-5-10 with respect to transfer of authority to operate underground injection wells; OAC 165:10-7-2 regarding administration and enforcement of the Oil & Gas Conservation rules; OAC 165:10-7-5 concerning reporting of nonpermitted discharges of deleterious substances; OAC 165:10-7-7 to strike references to complaint citations pertaining to alleged violations of Commission orders or the Oil & Gas Conservation rules, and OAC 165:10-7-9 is revoked regarding complaint citations because such complaint citations are no longer used.

In addition, OAC 165:10-7-16 is amended concerning use of noncommercial pits; OAC 165:10-7-19 with respect to land application of water-based fluids from earthen pits, tanks and pipeline construction; OAC 165:10-7-20 regarding noncommercial disposal or enhanced recovery injection well pits used for temporary storage of saltwater; OAC 165:10-7-26 concerning land application of contaminated soils and petroleum hydrocarbon based drill cuttings; OAC 165:10-7-33 with respect to truck wash pits; OAC 165:10-8-5 regarding submission of operator agreements for recycling/reclaiming facilities; OAC 165:10-9-1 concerning operation of commercial pits; OAC 165:10-9-2 with respect to commercial soil farming; OAC 165:10-9-3 regarding commercial disposal well surface facilities; OAC 165:10-9-4 concerning commercial recycling facilities; OAC 165:10-11-9 with respect to temporary exemption from well plugging requirements; OAC 165:10-17-7 regarding alternate shut-in pressure requirements for gas wells; OAC 165:10-17-16 is revoked concerning filing of Form 1007A annual unallocated natural gas well surveys; Appendix E is revoked, and a new Appendix E is reenacted to implement a schedule of fines, and Appendix F is revoked.

The full text of these rules may be obtained by interested parties at the Oklahoma Corporation Commission's Oklahoma City Court Clerk's Office located in the Jim Thorpe Office Building, 2101 North Lincoln Boulevard, Oklahoma City, Oklahoma, 73105, at the Commission's Tulsa Court Clerk's Office located in the Kerr Building at 440 South Houston, Suite 114, Tulsa, Oklahoma, 74127, and on the Commission's website at <http://www.occweb.com>.

GIST/ANALYSIS:

The approved rules make certain definitions consistent with those in other chapters; add definitions for maintenance and observation well and strike definitions already appearing in statute, or which are not otherwise used in the rules. The approved rules also clarify that a retail facility with aboveground storage tanks must provide a safe means of returning motor fuel used for calibrating dispensers back to the storage tank; designate the color of storage tanks that contain E15 motor fuel; and clarify that the price of fuel advertised on the store marquee and the price at the dispenser must be the same. The approved rules clarify which violations can be immediately referred to the Commission's Judicial and Legislative Services Division for Formal Enforcement Action; clarify a storage tank system can be shut down pending correction of a violation or a hearing; clarify that if an owner disagrees with a fine, the Field Citation instructs the owner as to how he or she may request a hearing; and clarify terminology related to a violation of Petroleum Storage Tank Division ("PSTD") rules. The approved rules also clarify terminology related to a tank system shutdown; add language consistent with Oklahoma Administrative Code ("OAC") 165:5; strike unnecessary language, and make grammatical corrections.

CONTACT PERSON:

Travis N. Weedn, Deputy General Counsel, Judicial & Legislative Services Division, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, Telephone (405)521-4137, Email Travis.Weedn@occ.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED

FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

165:15-1-2. Definitions

In addition to the terms defined in 17 O.S. §§ 301 et seq., the following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise.

"API (American Petroleum Institute) gravity scale" means the gravity scale in general use by the petroleum industry in the United States.

"ASTM" means the American Society for Testing and Materials. The latest ASTM revision must be the test used and is expressly incorporated in this Chapter.

"ATG" means an automatic tank gauging system.

"Aboveground storage tank" or "AST" means ~~any stationary tank, and individual compartments not included within the definition of an underground storage tank in Oklahoma Administrative Code (OAC) 165:25-1-11, which is designed to contain any PSTD regulated substances without structural support of earthen material, a "Storage tank" as defined in 17 O.S. § 303(40) that has more than ninety percent (90%) of its volume above the surface of the ground.~~

"Aboveground storage tank system" means ~~an above-ground storage tank, the individual compartments, and any connected aboveground or underground piping, dispensers and associated equipment and fixtures or transport truck connected to the storage tank system.~~

"Airport" means landing facility for aircraft that is routinely available for public use (whether routinely used or not). Airports as used in this Chapter do not include private residential airstrips or private airports.

"Analog type" means an indicating element or a system of indication or recording in which values are presented as a series of numbered graduations in combination with an index, and in which the most sensitive element of the indicating system moves continuously during the operation of the device.

"Ancillary equipment" means any device including, but not limited to, devices such as piping, fittings, flanges, valves, and pumps that are used to distribute, meter, or control the flow of regulated substances to or from a petroleum storage tank.

"Approval seal" means ~~an inspection label or tag pasted on the face of a dispenser indicating its official approval, showing day, month, and year.~~

"Aviation gasoline" means a volatile hydrocarbon fuel suitable for use in an aircraft internal combustion engine.

"Bulk plant" means a petroleum storage tank facility where regulated substances are received by tank vessels, pipelines, tank cars or tank vehicles and are stored or blended in mass quantities or bulk for the purpose of distribution by a tank vessel, pipeline, tank car, tank vehicle, portable tank or other container, for wholesale or retail sale.

"Calibrate" or "Calibration" means the comparison of the indicated volume to the volume actually delivered by a

retail or wholesale device into a certified test measure, prover, or through a second accurate meter.

"Cathodic protection" means a technique designed to prevent the corrosion of a metal surface by making it the cathode of an electrochemical cell. For example, protection can be accomplished with an impressed current system or a galvanic anode system.

~~**"Change in service"** means a change in the status of a storage tank (i.e., from currently in use to temporarily out of use); change of regulated substance that a storage tank contains.~~

"Computing type" means a device designed to indicate and measure the total money value of product for one of a series of unit prices.

"Digital type" means a system of indicating or recording that advances intermittently in which all values are presented digitally and without graduations.

~~**"Dry hose type"** means a device in which the discharge hose must be completely drained following the mechanical operations involved in each delivery.~~

"Face of the dispenser" means that side of a measuring device that displays the quantity measured. The face must include an indicator and a series of graduations or present values digitally. It is the side of the dispenser where the unit price, volume dispensed, and dollar amount of the sale appear.

~~**"Fuel" or "motor fuel"** means any petroleum product, oxygenate, or blend of products suitable for use in an internal combustion or diesel engine.~~

"Fuel Specialist" means any field inspector employed by the Compliance and Inspection Department of the Petroleum Storage Tank Division of the Oklahoma Corporation Commission.

"Formal Enforcement Action" means the process of ensuring compliance with Commission regulations, rules, orders, requirements, standards, and/or state law when a violation occurs and PSTD initiates an enforcement Complaint under the contempt procedure in OAC 165:5 Subchapter 19 to be heard at the Commission by an Administrative Law Judge or the Commissioners.

"Gasoline" means a volatile unleaded fuel that is suitable for use in a spark ignition, internal combustion engine.

"Gum" means the evaporation residue of aircraft gasoline or the heptane insoluble portion of the evaporation residue of motor gasoline.

"Important building" means a building that is considered not expendable in an exposure fire.

"Index of an indicator" means that particular portion of an indicator that is directly used in making a reading.

"Indicating element" means that component located on the face of the dispenser that signifies the amount relative to a quantity measured by a measuring device.

~~**"Isooctane"** means a pure hydrocarbon 2,2,4-trimethylpentane used as a reference fuel that has an octane rating of one hundred.~~

"Kerosene" means a refined hydrocarbon fuel intended for use in heating and illumination.

"Liquid measuring device" or "liquid fuel device" means any and all measuring devices (retail, wholesale, or vehicle tank measure) with which gasoline, motor fuel, kerosene, motor oil, diesel fuel, or aviation gasoline is sold, dispensed, or delivered to the public or to any person for any purpose.

"MtBE" means methyl tertiary butyl used as a component in gasoline.

"Maintenance" means the normal operational upkeep necessary to prevent a petroleum storage tank system from releasing product.

~~**"Measuring device" or "meter"** means all measuring devices (retail, wholesale, or vehicle tank measure) with which gasoline, motor fuel, kerosene, motor oil, diesel fuel, or aviation gasoline is sold, dispensed, or delivered to the public or to any person for any purpose~~ a measuring device as defined in 17 O.S. § 303(23).

~~**"Motor fuel" or "fuel"** means any petroleum product, oxygenate, or blend of products, that is suitable for use as a fuel in an internal combustion or diesel engine.~~

~~**"NACE"** means the National Association of Corrosion Engineers.~~

~~**"N-heptane"** means a pure hydrocarbon used as a reference fuel with an assigned octane rating of zero.~~

"Observation well" means a cased and screened boring or drilled hole, installed within the tank excavation or piping trench that can be used for the continuous or periodic evaluation of groundwater quality or the detection of soil vapors as a method of release detection.

"Octane", or "octane number", or "octane rating" means the antiknock quality of gasoline as determined by either the ASTM Research Method or the ASTM Motor Method.

"Oxygenate" means ethyl alcohol, MtBE, TAME, or other oxygen-containing, ashless organic compounds.

"Permanent out of use" or "POU" means a petroleum storage tank system that is not in service/use, does not contain regulated substances, and is not intended to be placed back in service/use.

~~**"Petroleum"** means antifreeze, motor oil, motor fuel, gasoline, kerosene, diesel or aviation fuel~~ the substances as set forth in 17 O.S. § 303(31). It does not include 100% biodiesel, compressed natural gas, liquid natural gas, methanol, ~~and~~ propane.

"Primary indicating elements" or "recording elements" means those principal visual indicating elements and recording elements that may be used by an owner or operator in the normal commercial use of a device and which are readily visible to the public.

"Private airport" means an airport used only by its owner and regulated by PSTD as a fleet and commercial facility.

~~**"Private airstrip"** means a personal residential takeoff and landing facility attached to the airstrip owner's residential property.~~

"PSTD" means Petroleum Storage Tank Division.

"(R+M)/2" means the arithmetic mean of the ASTM Research Method (R) and the ASTM Motor Method (M) octane numbers, and is the octane rating.

"Regulated substance" means antifreeze, motor oil, motor fuel, gasoline, kerosene, diesel or aviation fuel as set forth in

Permanent Final Adoptions

17 O.S. § 305. It does not include compressed natural gas, liquid natural gas and/or propane.

"Retail device" means a measuring device or mechanism designed for single deliveries of PSTD regulated substances to individual land, air, and water vehicles.

"Retail level facility" means ~~all places of business where a service station, convenience store or any other facility selling a PSTD regulated substance are dispensed or delivered directly into the tank of the consuming vehicle or receptacle, and may include bulk agents, consignment agents, distributors, or jobbers substance that is open to the general public.~~

"SIR" means Statistical Inventory Reconciliation.

"Security Seal" or "seal" or "lock/locking mechanism" means a lead and wire seal, lock or locking device, or similar device, attached to a petroleum storage tank system for protection against access, removal, or adjustment.

"TAME" means tertiary amyl methyl ether for use as a component in gasoline.

"Temporary out of use" or "TOU" means the status of a petroleum storage tank system that has been taken out of service/use with the intent to permanently close or return to service.

"Tolerance" means a value fixing the limit of allowable error or departure from the highest performance or value.

"Transport calibration" or "truck calibration" means the volume held to the designated marker as determined by the addition of a calibration fluid to the compartment from an accurate meter or from provers.

"Underground storage tank" or "UST" means ~~a regulated storage tank and individual compartments, including underground piping.~~ "Storage tank" as defined in 17 O. S. § 303(40) that has 10 percent (10%) or more of its volume beneath the surface of the ground.

"Underground storage tank system" means ~~an underground storage tank a closed-plumbed system including, but not limited to the underground storage tank(s), the individual storage tank compartments, and any connected aboveground or underground piping, dispensers the lines, dispenser for a given product, containment sump, if any, and ancillary equipment or transport a delivery truck that is connected to the storage tank system.~~

"Visible type" means ~~a type of device in which the measurement takes place in visible glass measuring chambers.~~

"Wet-hose type" means a device designed to be operated with the discharge hose full of liquid at all times.

"Wholesale device" means any device other than a retail device.

SUBCHAPTER 3. FUEL SPECIALISTS, TESTING, ACCESSIBILITY, AND ASSISTANCE

PART 11. ACCESSIBILITY AND ASSISTANCE

165:15-3-32. ~~Retail-outlet facility~~ with aboveground storage tanks

(a) At a ~~retail-outlet facility~~ with aboveground storage tanks, the owner or operator must provide a safe means of returning motor fuel to the storage tank or tanks used in checking the calibration of the measuring devices.

(b) When the fuel return opening to the storage tank is reached only by the use of steps, stairs, or a ladder, or is not located at ground level, the owner or operator must:

- (1) Provide safe containers with sufficient volume to complete a required inspection.
- (2) Label each container with the particular contents of product being stored.
- (3) Store containers outside the diked area.
- (4) Properly dispose of the product used in checking the calibration in accordance with applicable law.

SUBCHAPTER 13. LABELING OF TANKS AND PRODUCT LINES

165:15-13-1. General identification and color coding requirements

(a) All storage tanks subject to the rules of this Chapter must be marked with a tag, lettering, or other permanent marking on the fill neck and color coded on the overfill sump lids to identify the type, grade, or quality of regulated substance they contain.

(b) East of 99 degrees west longitude, color coded markings must be:

- (1) Unleaded motor fuel, 91 octane or above: red.
- (2) Unleaded motor fuel, 89 or 90 octane: blue.
- (3) Unleaded motor fuel, 86 through 88 octane: white.
- (4) Diesel motor fuel: yellow.
- (5) Kerosene: brown.
- (6) Dyed diesel: half yellow, half red.
- (7) Unleaded 87 octane E10: white with black "X" and a black border around lid.
- (8) Premium unleaded 91 octane E10: red with black "X" and a black border around lid.
- (9) E15: E15 tanks must be designated "E15" in black with a black border around lid, and the colors referenced above for unleaded motor fuel, 86 through 91 octane, should be used for the lid.
- (910) Biodiesel: bronze with yellow and black border around lid.
- (1011) ~~Ethanol-blending tank for E85:~~ orange with black "X" and a black border around lid.

(c) West of 99 degrees west longitude, color coded markings must be:

- (1) Unleaded motor fuel, 90 octane or above: red.
- (2) Unleaded motor fuel, 88 or 89 octane: blue.
- (3) Unleaded motor fuel, 86 or 87 octane: white.
- (4) Diesel motor fuel: yellow.
- (5) Kerosene: brown.
- (6) Dyed diesel: half yellow, half red.
- (7) Unleaded 87 octane E10: white with black "X" and a black border around lid.

(8) Premium unleaded 91 octane E10: red with black "X" and a black border around lid.

(9) E15: E15 tanks must be designated "E15" in black with a black border around lid, and the colors referenced above for unleaded motor fuel, 86 through 91 octane, should be used for the lid.

(910) Biodiesel: bronze with yellow and black border around lid.

~~(1011) Ethanol-blending tank for E85: orange with black "X" and a black border around lid.~~

~~(d) Products containing extenders (oxygenates) such as ethanol shall be designated by the addition of a black border around a black "X".~~

(ed) Vapor-recovery connections and manholes shall be marked with orange circles.

(fe) Observation and monitoring wells shall be marked with a black triangle on a white background.

(gf) At all facilities with more than one tank, the color coding applied to the fill cap or manhole cover shall extend beyond the edge of the cap or cover onto adjacent concrete or pavement.

(hg) The tag labeling and color coding must be waterproofed and fuel-proofed material so that the type, grade, or quality of the motor fuel is readily visible to persons adding to or taking a sample from the line or storage tank.

SUBCHAPTER 15. LIQUID MEASURING DEVICES

PART 7. MONEY VALUES AND VOLUMES DISPENSED

165:15-15-35. Money value display and computation

(a) **On a retail device.** Money value computations (on a retail device) must be of the full computing type in which the money value at a single unit price, or at each of a series of unit prices, is computed for every delivery within either the range of measurement of the liquid measuring device or the range of the computing elements, whichever is less. Any analog money value indication must not differ from the mathematically computed money value (Quantity X Unit Price = Sales Price), for any delivered quantity, by an amount greater than one-half the value of the money value division. Value graduations must be supplied and accurately positioned. The value of each graduated interval must be 1 cent.

(b) **"Cash" discount.** When a discount for "cash" is offered, the discount must be paid inside the store, the discount is to be calculated, and the customer informed of the discounted amount. The cash discount price must not be posted on a marquee or remote billboards unless it is explicitly called a "cash price".

(c) **Retail dispensing devices used in contract sales.** Those retail motor fuel dispensing devices used in contracted sales, which are normally unattended and accessed and actuated by keys, cards and/or other coding mechanisms and which

are not accessible to the general public, are not required to display unit prices nor to make money value computations for every delivery.

(d) **Airport dispensing devices.** Those retail motor fuel dispensing devices installed at airports for use in fueling aircraft are not required to display unit prices nor to make money value computations for every delivery.

(e) **Advertised price.** The price per gallon charged at the dispenser must be the same price advertised on the facility's marquee and remote billboards. The price per gallon advertised on the facility's marquee and remote billboards must be the same price charged at the dispenser.

SUBCHAPTER 19. INSPECTIONS, NOTICES OF VIOLATION, FIELD CITATIONS, AND FORMAL ENFORCEMENT ACTIONS

165:15-19-3. Notices of Violation

(a) When a Petroleum Storage Tank Division Fuel Specialist finds a violation of any statute, rule, requirement or order of the Commission regarding the regulation of petroleum storage tanks, the Fuel Specialist may issue a Notice of Violation (NOV).

(b) Each violation that can have an NOV issued is listed in this Chapter, OAC 165:16, 165:25, and 165:26.

(1) A Notice of Violation is to alert the tank owner or operator that a violation has been found. The NOV will describe the violation and advise that further PSTD enforcement action may occur if the violation is not corrected. If the violation cannot be corrected, the violation will be referred to the PSTD Compliance and Inspection Manager or Director's designee who may initiate Formal Enforcement Action or issue a Field Citation.

(2) At PSTD's discretion, ~~egregious~~ serious violations can be immediately turned over to the Commission's Judicial and Legislative Services Division for Formal Enforcement Action.

(3) In all situations where an NOV is issued, it must explain to the person to whom it is given what the offense is and how the person can correct it.

(c) A Notice of Violation will state the following information:

(1) A clear description of the violation(s).

(2) A date by which the violation(s) are required to be corrected.

(3) The name of the Fuel Specialist issuing the NOV, along with a telephone number and address so that the tank owner or operator can ask the Fuel Specialist questions.

(d) NOV(s) are issued to the owner or operator of the storage tank facility. If the owner or operator is not present, NOVs can be given to store personnel, but all notifications and/or correspondence will be mailed or electronically delivered to the owner and/or operator.

Permanent Final Adoptions

165:15-19-4. Re-inspection, Formal Enforcement and Field Citation

- (a) After the date that the violation is required to be corrected, a Fuel Specialist will re-inspect the storage tank facility to verify that the violation has been corrected.
- (b) If the re-inspection shows that the violation has not been corrected, the Fuel Specialist may:
- (1) Refer the violation to the Division's Compliance and Inspection Manager or the Director's designee who may initiate Formal Enforcement Action or issue a Field Citation; and/or
 - (2) Shut down the storage tank ~~facility system~~ pending a correction of the problem or a hearing on the issue.

165:15-19-5. Issuance of a Field Citation and payment of fine or hearing

- (a) The storage tank owner or operator can either pay the amount of the fine as stated in the Field Citation or request a hearing.
- (b) The tank owner or operator will have thirty (30) days from the date the Field Citation was issued to pay the fine.
- (1) A fine may be paid with cash, a money order, check or electronic method approved by the Commission. Any cash payment must be made at the Commission's cashier window. All checks must be made payable to the Oklahoma Corporation Commission - Petroleum Storage Tank Division. If sending payment through the mail, a copy of the Field Citation must be sent with the payment to ensure proper credit.
 - (2) Payment of a fine within the thirty (30) day timeframe will not be considered an agreement or disagreement with the Field Citation.
- (c) If the storage tank owner or operator disagrees with the Field Citation, they may appear at the hearing at the Commission as provided in the Field Citation. ~~If found guilty at the hearing in violation of PSTD rules at the time the Commission order is issued,~~ the tank owner or operator must pay the amount of the fine, as well as an administrative cost of \$250.00.
- (d) ~~If a Field Citation has not been paid within ninety (90) days of being issued or within ninety (90) days of a Commission order confirming the fine, the amount of the fine will double.~~—Refusal to comply with an order of the Commission may result in an additional fine to be levied after notice and hearing in an amount as allowed by law, and shutdown of the ~~facility storage tank system~~ for failure to pay fines.
- (e) Failure of a tank owner or operator to appear at the hearing may result in additional enforcement action.
- (f) ~~An appeal from Any exceptions to~~ the hearing must be made in accordance with OAC 165:5.
- (g) A tank owner or operator is still responsible for following the Commission's rules regarding petroleum storage tanks regardless of paying a fine or correcting a violation.

[OAR Docket #20-600; filed 7-14-20]

TITLE 165. CORPORATION COMMISSION CHAPTER 20. GAS & HAZARDOUS LIQUID PIPELINE SAFETY

[OAR Docket #20-663]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

Subchapter 1. General Provisions

165:20-1-4. Forms and documentation [AMENDED]

Subchapter 5. Safety Regulations for Gas Pipelines

Part 5. Minimum Safety Standards for Gas

165:20-5-21. Adoption of federal safety regulations [AMENDED]

Part 9. Mandatory Participation in Oklahoma One Call

165:20-5-41. Mandatory participation in Oklahoma One Call [AMENDED]

Subchapter 6. Safety Regulations for Underground Natural Gas Storage Facilities [NEW]

165:20-6-1. Adoption of federal safety regulations [NEW]

Subchapter 7. Safety Regulations for Hazardous Liquids

165:20-7-1. Adoption of federal safety and reporting regulations [AMENDED]

165:20-7-3. Mandatory participation in Oklahoma one call [AMENDED]

Subchapter 11. Drug Testing

165:20-11-1. Control of drug use in pipeline operations [AMENDED]

AUTHORITY:

Corporation Commission; 17 O.S. § 152 and Article IX, Section 18 of the Oklahoma Constitution.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2019-11, the proposed rules were submitted to the Governor and Cabinet Secretary on January 22, 2020.

COMMENT PERIOD:

January 22, 2020 to February 28, 2020

PUBLIC HEARING:

March 10, 2020, and March 11, 2020

ADOPTION:

March 11, 2020

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

March 20, 2020

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's Declaration on June 25, 2020.

FINAL ADOPTION:

June 25, 2020

EFFECTIVE:

October 1, 2020

SUPERSEDED EMERGENCY ACTIONS:

N/A

INCORPORATIONS BY REFERENCE:

Incorporated standards as they existed on January 1, 2020:

49 C.F.R. Part 191, Transportation of Natural and Other Gas by Pipeline: Annual Reports, Incident Reports, and Safety Related Incident Reports; 49 C.F.R. 192, Transportation of Natural and Other Gas by Pipeline: Minimum Federal Safety Standards; Title 63 O.S. §§142.1 through 142.13, Mandatory Participation in Oklahoma One Call; 49 C.F.R. Part 195, Transportation of Hazardous Liquids by Pipeline; 49 C.F.R. Part 199, PHMSA Drug and Alcohol Testing Regulation

Incorporating rules:

165:20-5-21, 165:20-5-41, 165:20-6-1, 165:20-7-1, 165:20-7-3 and 165:20-11-1

Availability:

8:00 a.m. to 4:30 p.m., Monday through Friday at Oklahoma Corporation Commission, Gas & Hazardous Liquid Pipeline Safety, 5th Floor, Jim Thorpe Office Building, Room 560, 2101 N. Lincoln Blvd., Oklahoma City, OK 73105

GIST/ANALYSIS:

The adopted rules update references to the Federal Pipeline Safety Regulations found in 49 C.F.R. §§ 191, 192, 195, and 199. The adopted rules also incorporate statutory changes in 63 O.S. §§ 142.1 through 142.13 that were passed by the Oklahoma Legislature in 2019 concerning to the definition of the word "Excavation" and relating to the Oklahoma One-Call System.

The proposed rules further clarify the Commission's role in enforcing the Underground Natural Storage Facility Act.

CONTACT PERSON:

Michael P. Copeland, Deputy General Counsel, Judicial & Legislative Services Division, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, Telephone (405) 522-1638, Email Michael.Copeland@occ.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

165:20-1-4. Forms and documentation

- (a) The Commission is empowered to prescribe necessary and proper forms in order to effectuate the purpose of this Chapter. The Manager of Pipeline Safety shall prescribe the number of copies of an appropriate form which shall be necessary to comply with the filing requirements of this Chapter.
- (b) Plans, specifications, maps, and other data relative to natural gas pipeline systems, underground natural gas storage facilities, and hazardous liquid pipeline systems shall be submitted to the Commission as prescribed by the Manager of Pipeline Safety in order to effectuate the purpose of this Chapter. This subsection is applicable to the operators of pipelines regulated pursuant to Subchapters 5, 6, and 7 of this Chapter.
- (c) Plans and maps submitted to the Commission pursuant to subsection (b) shall be deemed confidential records or trade secrets of the operator under the Open Records Act as provided for by 51 O.S. § 24A.22 and shall be kept confidential by the Commission, unless such records are successfully challenged or become subject matter of an enforcement action at the Commission.

SUBCHAPTER 5. SAFETY REGULATIONS FOR GAS PIPELINES

PART 5. MINIMUM SAFETY STANDARDS FOR GAS

165:20-5-21. Adoption of federal safety regulations

The Commission adopts the provisions of 49 C.F.R. Part 192, as such exist on January 1, ~~2019~~2020, subject to the following:

- (1) 49 C.F.R. § 192.1 is replaced by the following:
- (A) This Part prescribes minimum safety requirements for intrastate pipeline facilities and the transportation of gas subject to the jurisdiction of the Commission.
- (B) This Part shall not apply to:
- (i) Interstate transmission facilities; and

- (ii) Onshore gathering of gas through a pipeline that operates at less than 0 psig or through a pipeline that is not a regulated onshore gathering line as determined by 49 C.F.R. § 192.8.
- (2) The definition of "Administrator" and "State" are deleted and replaced as follows:
- (A) All references to the "Administrator" are replaced with the "Commission".
- (B) All references to the "State" refer to the State of Oklahoma.

PART 9. MANDATORY PARTICIPATION IN OKLAHOMA ONE CALL

165:20-5-41. Mandatory participation in Oklahoma One Call

- (a) The Commission adopts the provisions of the Oklahoma Underground Facilities Damage Prevention Act, Title 63 O.S. §§ 142.1 through ~~142.11~~142.13 as such exist on January 1, ~~2019~~2020.
- (b) The Commission will enforce the provisions of Title 63 O.S. §§ 142.1 through ~~142.11~~142.13 as such exist on January 1, ~~2019~~2020, against intrastate and interstate gas pipelines, as described in 49 C.F.R. Part 192.1.

SUBCHAPTER 6. SAFETY REGULATIONS FOR UNDERGROUND NATURAL GAS STORAGE FACILITIES

165:20-6-1. Adoption of federal safety regulations

The Commission adopts all of the provisions of 49 C.F.R. Parts 191 and 192, as such exist on January 1, 2020, pertaining to Intrastate Underground Natural Gas Storage Facilities.

SUBCHAPTER 7. SAFETY REGULATIONS FOR HAZARDOUS LIQUIDS

165:20-7-1. Adoption of federal safety and reporting regulations

The Commission adopts the provisions of 49 C.F.R. Part 195, as such exist on January 1, ~~2019~~2020, subject to the following:

- (1) 49 C.F.R. § 195.0 is replaced by the following: "This Part prescribes safety standards and accident reporting requirements for pipeline facilities used in the intrastate transportation of hazardous liquids subject to the jurisdiction of the Commission."
- (2) 49 C.F.R. § 195.1(a) is replaced by the following: "Except as provided in paragraph (b) of 49 C.F.R. § 195.1(b), this Part applies to pipeline facilities and the transportation of hazardous liquids associated with those facilities used in the intrastate transportation of hazardous liquids subject to the jurisdiction of the Commission."

(3) The definition of "Administrator" shall be deleted and all references to the "Administrator" are replaced with the "Commission".

(4) 49 C.F.R. § 195.52(b) is replaced by the following: "(b) Reports made under paragraph (a) of 49 C.F.R. § 195.52(a) are made by telephone to 405-521-2258 (Pipeline Safety Department in Oklahoma City, OK) or submitting a report online at the <http://www.occeweb.com/> and 800-424-8802 (in Washington, D.C. 202-462-2675), and must include the following information:

- (A) Name and address of the operator.
- (B) Name and telephone number of the reporter.
- (C) The location of the failure.
- (D) The time of the failure.
- (E) The fatalities and personal injuries, if any.
- (F) All other significant facts known by the operator that are relevant to the cause of the failure or extent of the damages."

(5) 49 C.F.R. § 195.54(a) is replaced by the following: "Each carrier that experiences an accident that is required to be reported under this subpart, as soon as practicable but not later than thirty (30) days after discovery of the accident, shall prepare and file an accident report on DOT Form 7000-1, or a facsimile, with the Pipeline Safety Department, Oklahoma Corporation Commission, in accordance with OAC 165:20-1-6 of this Chapter, and the Information Resources Manager, Office of Pipeline Safety, Department of Transportation, Washington, D.C. 20590."

(6) 49 C.F.R. § 195.54(b) is replaced by the following: "Whenever an operator receives any changes in the information reported or additions to the original report on DOT Form 7000-1, it shall submit a supplemental report within thirty (30) days with the Pipeline Safety Department, Oklahoma Corporation Commission, in accordance with OAC 165:20-1-6 of this Chapter, and the Information Resources Manager, Office of Pipeline Safety, Department of Transportation, Washington, D.C. 20590."

165:20-7-3. Mandatory participation in Oklahoma One Call

(a) The Commission adopts the provisions of the Oklahoma Underground Facilities Damage Prevention Act, Title O.S. 63 O.S. §§ 142.1 through ~~142.11-142.13~~ as such exist on January 1, ~~2019-2020~~.

(b) The Commission will enforce the provisions of Title 63 O.S. §§ 142.1 through ~~142.11-142.13~~, as such exist on January 1, ~~2019-2020~~, against intrastate and interstate hazardous liquid or carbon dioxide pipelines, as described in 49 C.F.R. Part 195.1.

SUBCHAPTER 11. DRUG TESTING

165:20-11-1. Control of drug use in pipeline operations

The Commission adopts the provisions of 49 C.F.R. Part 199, with all amendments and appendices thereto as such exist on January 1, ~~2018-2020~~.

INCORPORATIONS BY REFERENCE:

Incorporated Standards:

PEI/RP 1700 (2018 Edition), Recommended Practices for the Closure of Underground Storage Tanks and Shop-Fabricated Aboveground Storage Tank Systems; 16 CFR Parts 306.0 through 306.12, including Appendices; and National Institute of Standards and Technology (NIST) Handbook 44, Specifications, Tolerances, and Other Technical Requirements for Weighing and Measuring Devices

Incorporating rules:

165:25-2-2 and 165:25-2-75.1

Availability:

8:00 a.m. to 4:30 p.m., Monday through Friday at the Petroleum Storage Tank Division, Oklahoma Corporation Commission, Jim Thorpe Building, 2101 N. Lincoln Blvd., Oklahoma City, OK 73105

GIST/ANALYSIS:

The approved rules make definitions consistent with those in other chapters; add language to clarify certain definitions; add definitions for compatible, electronic signature, gathering lines, maintenance, observation well, operational life and OWRB; and strike definitions already appearing in statute or which are not otherwise used in the rules. The approved rules also update the Petroleum Storage Tank Division's ("PSTD") electronic notification and release detection forms submission procedures; update PSTD's electronic notification and tank registration procedures; clarify terminology within the rule and move existing language to a new subsection within the rule; incorporate an industry standard recommended practice for tank and product line closure; and provides that certain PSTD forms and PSTD's electronic notification procedure for internal tank lining inspections will be located on the Commission's website.

The approved rules incorporate industry standard recommended practices to protect vent risers from damage caused by vehicles, mowers, weather and testing methods; add the requirements for displaying fuel contents on dispensers; clarify that an application and administrative review for a variance is required for associated piping to be closed in place; clarify that low liquid level testing cannot be used for initial integrity testing; and refer the public to the Commission's website and release reporting email address. The approved rules clarify that piping upgrade requirements must be met; incorporate an industry standard recommended practice for dispenser nozzles at marinas; clarify that the violation of a statute may result in a Notice of Violation being issued, and clarify which violations can be immediately referred to the Commission's Judicial and Legislative Services Division for Formal Enforcement Action; clarify that a storage tank system can be shut down pending correction of a violation or until a hearing is held on the issue; and clarify that if an owner disagrees with a fine the Field Citation instructs the owner as to how he or she may request a hearing.

The approved rules also clarify terminology related to a violation of PSTD rules; clarify terminology related to tank system shutdown; strike unnecessary language; add language consistent with Oklahoma Administrative Code ("OAC") 165:5; and correct grammatical errors. The approved rules revoke and reenact Appendix S to correct rule citations, clarify some of the descriptions used for rules in the violation column, move existing violations to the applicable section within the table, and update terminology.

CONTACT PERSON:

Travis N. Weedn, Deputy General Counsel, Judicial & Legislative Services Division, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, Telephone (405)521-4137, Email Travis.Weedn@occ.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

PART 3. DEFINITIONS

165:25-1-11. Definitions

In addition to the terms defined in 17 O.S. §§ 303 and 348, the following words or terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"**Agent**" means a person authorized by another to act on their behalf, either out of employment or contract.

"**Airport**" means landing facility for aircraft that are routinely available for public use (whether routinely used or not). Airports as used in this Chapter do not include private airstrips or private airports.

"**Airport hydrant system**" means an underground storage tank system which fuels aircraft and operates under high pressure with large diameter piping that typically terminates into one (1) or more hydrants (fill stands). The airport hydrant system begins where fuel enters one (1) or more tanks from an external source, such as a pipeline, barge, rail car, or other motor fuel carrier.

"**ATG**" means automatic tank gauge.

"**Ball float functionality**" means the ball float is operational as designed.

"**BTEX**" means benzene, toluene, ethylbenzene and xylene.

"**Bulk plant**" means a petroleum storage tank facility where regulated substances are received by tank vessels, pipelines, tank cars or tank vehicles and are stored or blended in mass quantities or bulk for the purpose of distribution by a tank vessel, tank car, tank vehicle, portable tank or other container, for wholesale or retail sale.

"**Cathodic protection**" means a technique designed to prevent the corrosion of a metal surface by making that surface the cathode of an electrochemical cell. For example, protection can be accomplished with an impressed current system or a galvanic anode system.

"**Change in service**" means a change in the status of a storage tank (i.e., from currently in use to temporarily out of use); or change of regulated substance that a storage tank contains.

"**Commission**" or "**OCC**" means the Oklahoma Corporation Commission ~~(OCC) and includes its designated agents or representatives.~~

"**Compatible**" means the ability of two (2) or more substances to maintain their respective physical properties upon contact with one another for the design life of the petroleum storage tank system under conditions likely to be encountered in the system.

Permanent Final Adoptions

"Construction tank" means a fuel tank used for twelve (12) months or less at a construction site.

"Corrosion expert" means an individual having the requisite knowledge, experience, certification, and training to design, install, test, and maintain corrosion protection systems.

"Division" means the Petroleum Storage Tank Division (PSTD) of the Corporation Commission.

"EPA" means the United States Environmental Protection Agency.

"Electronic signature" means an electronic signature as defined in OAC 165:5-1-3.

"Farm tank" is a tank located on a tract of land devoted to the production of crops or raising animals, including fish, and associated residences and improvements. A farm tank must be located on the farm property. "Farm" includes but is not limited to fish hatcheries, rangeland, and nurseries with growing operations.

"Field constructed tank" means a tank constructed in the field such as a tank constructed of concrete that is poured in the field, or a steel or fiberglass tank primarily fabricated in the field.

"Financial responsibility" shall have the same meaning in this Chapter as in 40 CFR 280 Subpart H.

"Financial security" means holding financial security in a tank system or facility site and is not considered ownership of a tank system unless certain criteria of 40 CFR 280 Subpart H is met.

"Fleet and Commercial" means any facility as defined in this Chapter that uses underground storage tanks to store regulated substances for use in its own vehicles or equipment.

"Flow-through process tank" means a tank that forms an integral part of a production process through which there is a steady, variable, recurring or intermittent flow of material during the operation of the process. Flow-through process tanks do not include tanks used for the storage of materials prior to their introduction to the process or for the storage of finished products or by-products from the production process.

"Formal Enforcement Action" means the process of ensuring compliance with Commission regulations, rules, orders, requirements, standards, and/or state law when a violation occurs and PSTD initiates an enforcement Complaint under the contempt procedure in Oklahoma Administrative Code (OAC) 165:5 Subchapter 19 to be heard at the Commission by an Administrative Law Judge or the Commissioners.

"Gathering lines" means a gathering line or gathering system as defined in OAC 165:45-1-2.

"Important building" means a building that is considered not expendable in an exposure fire.

"Inert material" means a solid, motionless substance that is neither chemically nor biologically reactive, is denser than water, and will not decompose. Examples of inert material include sand and concrete, or as otherwise approved by PSTD staff.

"Lender liability" shall have the same meaning in this Chapter as in 40 CFR 280 Subpart I.

"Licensed Environmental Consultant" means an individual who has a current license issued by PSTD to perform corrective action.

"Maintenance" means the normal operational upkeep necessary to prevent a petroleum storage tank system from releasing product.

"Marina" means any fuel storage tank system located on or by the water for the purpose of fueling watercraft.

"Observation well" means a cased and screened boring or drilled hole, installed within the tank excavation or piping trench that can be used for the continuous or periodic evaluation of groundwater quality or the detection of soil vapors as a method of release detection.

"Operational life" means the period beginning from the time installation of the tank or system is commenced until it is properly closed or removed as provided for in this Chapter.

"Operator" means any person in control of or having responsibility for the daily operation of the storage tank system, whether by lease, contract, or other form of agreement. The term "operator" also includes a past operator at the time of a release, tank closure, violation of the Oklahoma Petroleum Storage Tank Consolidation Act, or a rule promulgated thereunder, or a requirement of the Commission. In the case of a storage tank system in service/use before November 8, 1984, but no longer in service/use on that date, the last person to operate the storage tank system immediately before the discontinuation of its service/use.

"Out of Order tag" means tag, device or mechanism on the tank fill pipe that clearly identifies an underground storage tank as ineligible for delivery of product.

"Owner" means: any person as set forth in 17 O.S. § 303(27).

~~(A) In the case of a storage tank system in service/use on November 8, 1984, or brought into service/use after that date, any person who holds title to, controls, or possesses an interest in a storage tank system used for the storage, use, or dispensing of regulated substances, including the real property owner where the storage tank system is still present, the storage tank system presence is a trade fixture or improvement or both. It is not necessary that the real property owner sold, used, or stored regulated substances in, of, or from the storage tank system.~~

~~(B) In the case of a storage tank system in service/use before November 8, 1984, but no longer in service/use on that date, any person who holds title to, controls, or possesses an interest in a storage tank system immediately before the discontinuation of its service/use. However, a real property owner who has a storage tank system located on their property that was taken out of service/use prior to November 8, 1984, is not considered to be a storage tank owner for any PSTD regulated purpose.~~

"OWRB" means the Oklahoma Water Resources Board.

"Permanent out of use" or "POU" means a petroleum storage tank system that is not in service/use, does not contain regulated substances, and is not intended to be placed back in service/use.

"Private airport" means an airport used only by its owner and regulated as a fleet and commercial facility.

"Private airstrip" means a personal residential takeoff and landing facility part of the airstrip owner's residential property.

"PST" means petroleum storage tank.

"PSTD" means Petroleum Storage Tank Division.

"Public Utility" means any entity providing gas, electricity, water, or telecommunications services for public use.

"Recalcitrant owner" means an owner/operator who is responsible for a tank system and after notice will not adhere to a PSTD enabling statute, Commission rule, requirement, or order.

"Regulated substance" means antifreeze, motor oil, motor fuel, gasoline, kerosene, diesel or aviation fuel as set forth in 17 O.S. § 305. It does not include compressed natural gas, liquid natural gas and or propane.

"Release detection" means the methodology used in determining whether a release of regulated substances has occurred from a petroleum storage tank or system into the environment or into the interstitial area between the underground storage tank system and its secondary barrier.

"Residential tank" is a tank located on real property used primarily for dwelling purposes.

"Retail facility" means a service station, convenience store or any other facility selling a PSTD regulated substance that is open to the general public.

"Secondary containment" means an underground storage tank and/or piping with inner and outer barriers which provide a space for interstitial (the space between the inner and outer walls of a double walled tank or piping) monitoring.

"Tampering" means willful intention in an attempt to deceive, cheat or misrepresent facts to the public. Tampering also presents a risk to the environment as well as public health, safety and welfare.

"Tank tightness testing" or **"precision testing"** means a procedure for testing an underground storage tank system's integrity.

"Temporary out of use" or **"TOU"** means the status of an underground storage tank system that has been taken out of service/use with the intent to permanently close or return to service.

"TPH" means total petroleum hydrocarbons.

"Underground storage tank" or "UST" ~~or "tank"~~ means ~~a regulated storage tank and the individual compartments, including underground piping, "storage tank" as defined in 17 O.S. § 303(40)~~ that has ten percent (10%) or more of its volume beneath the surface of the ground.

"Underground storage tank system" means ~~an underground storage tank, a closed-plumbed system including, but not limited to the underground storage tank(s), the individual storage tank compartments, and any connected aboveground or underground piping, dispensers, the lines, dispenser for a given product, containment sump, if any, and ancillary equipment or a transport-delivery truck that is connected to the storage tank system.~~

"Used Motor Oil" is any spent motor oil removed from a motor vehicle.

PART 6. ADMINISTRATIVE PROVISIONS

165:25-1-26.1. Hearings, orders and ~~appeals~~ exceptions

(a) The Commission will issue orders after notice and hearing as necessary to enforce the provisions of this Chapter or PSTD enabling statutes to protect property, the public health and safety, and the environment.

(b) Hearings to enforce or ~~appeal exceptions to~~ the provisions of this Chapter or PSTD enabling statutes will be ~~done~~ conducted in accordance with ~~Chapter 5 of Commission rules~~ OAC 165:5.

PART 9. NOTIFICATION AND REPORTING REQUIREMENTS

165:25-1-41. General reporting requirements

PSTD requires owners or operators of underground storage tank systems to provide information it deems necessary for the protection of human health, safety, property and the environment. Use of the designated PSTD online format is required for reporting, scheduling, tank registration, change in ownership, release detection, testing, temporary change in service, permanent closure, or return to service. Owners and operators must notify PSTD within thirty (30) days when their mailing address changes or tank status changes. Owners and operators of underground petroleum storage tank systems must notify PSTD at least thirty (30) days prior to switching to regulated substances containing greater than ten percent (10%) ethanol or regulated substances containing greater than twenty percent (20%) biodiesel ~~using the PSTD scheduling form in the online format established by PSTD. These Required release detection forms are available at the OCC on the Commission website, PSTD webpage: www.occeweb.com; follow the link to Petroleum Storage Tank Division and the link to PSTD Compliance Forms.~~ Failure to notify and/or submit PSTD paperwork in the online format established by PSTD within the timeframe required may result in an enforcement action.

165:25-1-42. New tank systems

(a) Persons intending to install a new underground storage tank and/or new underground piping must give PSTD notification of the installation at least forty-eight (48) hours before the tank and/or lines are to be installed by submitting the PSTD scheduling notification ~~form in the online format established by PSTD~~ and receiving confirmation of the installation from PSTD. If events require a change in the date of installation, PSTD shall be given forty-eight (48) hours notice of the new date. Any underground storage tank system permanent removal or a removal associated with replacement of tanks or lines requires at least fourteen (14) day notification prior to the removal activity.

(b) Upon receipt of the ~~scheduling form~~ scheduled installation authorization letter giving temporary approval to receive fuel into an un-permitted tank **FOR TESTING PURPOSES ONLY** will be sent to the owner. This letter is site specific and will expire ninety (90) days after the date of issuance. After the tank installation is complete, the PSTD registration ~~form~~ must be submitted to PSTD in the online format

established by PSTD along with copies of required installation testing, photographs of the tank and piping system components before they are covered, an as-built drawing of the entire tank system, and manufacturer installation checklists within thirty (30) days. The tank owner and Licensed UST Installer are both responsible for timely submittal of all installation paperwork. The registration ~~form~~ must be approved and tank fees paid in order to receive a tank permit to dispense fuel. No regulated storage tank system can be operated without a valid permit from the Corporation Commission.

(c) Owners and Commission-licensed UST Installers must certify on the registration ~~form~~ that the installation of tanks and piping meet the requirements of this Chapter.

PART 17. LICENSING PROCEDURES

165:25-1-107. License penalties

(a) The PSTD has the responsibility to deny, suspend, refuse to renew or revoke the license of, or reprimand, any licensee who is found guilty in violation of:

- (1) The practice of any fraud or deceit in obtaining a license or in performing work pursuant to this Chapter.
- (2) Any gross negligence, incompetence or misconduct in work performed pursuant to this Chapter.
- (3) Knowingly making false statements or signing false statements, certificates or affidavits to the PSTD or to clients ~~with the intention to induce payment.~~
- (4) Aiding or assisting another person in violating any provision of this Chapter.
- (5) Signing a verification statement for work performed pursuant to this Chapter that was not performed by the licensee.
- (6) Engaging in dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud or harm a customer or the public.
- (7) Failure to comply with this Chapter, OAC 165:26, 165:27, 165:29, and/or the Oklahoma Petroleum Storage Tank Consolidation Act (17 O.S. §§ 301 et seq.) may result in PSTD seeking a suspension and/or revocation of the license.
- (8) Being under indictment or convicted of a felony for any criminal offense that impacts their obligation to PSTD.
- ~~(9) Failure to submit required PSTD paperwork, test results, and/or reports in the format established by PSTD within the required timeframe may result in enforcement action.~~

(b) Failure to submit required PSTD paperwork, test results, and/or reports in the online format established by PSTD within the required timeframe may result in enforcement action.

~~(bc)~~ Disciplinary action levels against PSTD licensees include but are not limited to informal reprimand, formal reprimand, license suspension, license revocation and refusal to renew.

(ed) Any licensee in violation of Commission enabling statutes, PSTD rules, requirements and/or Commission orders may be subject to disciplinary action levels mentioned above

and/or fines assessed by the Commission after notice and hearing.

SUBCHAPTER 2. GENERAL REQUIREMENTS FOR UNDERGROUND STORAGE TANK SYSTEMS

PART 1. CODES AND STANDARDS

165:25-2-2. Incorporated codes and standards

Specific references to documents are made in this Chapter. Each of these documents or part thereof is included by reference as a standard. New editions of codes and standards supersede all previous editions. Commission rules will supersede in all conflicts between PSTD rules and any industry standard. These codes and standards will be updated periodically through a formal rulemaking procedure initiated by PSTD to reflect any substantive or relevant changes.

- (1) National Fire Protection Association Standards:
 - (A) Standard Number 30, 2018, "Flammable and Combustible Liquids Code."
 - (B) Standard Number 329, 2015, "Handling Releases of Flammable and Combustible Liquids and Gases."
 - (C) Standard Number 385, 2017, "Tank Vehicles for Flammable and Combustible Liquids."
 - (D) Standard Number 326, 2015, "Safeguarding Tanks and Containers for Entry, Cleaning and Repair."
 - (E) Standard Number 30A, 2018, "Motor Fuel Dispensing Facilities and Repair Garages."
- (2) American Petroleum Institute Standards
 - (A) Recommended Practice 1615, (2011), "Installation of Underground Hazardous Substances or Petroleum Storage Systems, Sixth Edition."
 - (B) Recommended Practice 1632, (R2010), "Cathodic Protection of Underground Storage Tank and Piping Systems."
 - (C) Recommended Practice 1604, (R2010), "Closure of Underground Petroleum Storage Tanks, Third Edition."
 - (D) Recommended Practice 1631, (2001), "Interior Lining and Periodic Inspection of Underground Storage Tanks."
 - (E) Recommended Practice 1621, (R2012), "Bulk Liquid Stock Control at Retail Outlets."
 - (F) Recommended Practice 1626, (2010), "Storing and Handling Ethanol and Gasoline - Ethanol Blends at Distribution Terminals and Service Stations."
 - (G) Recommended Practice 1627, (R2000), "Storing and Handling of Gasoline - Methanol/Cosolvent Blends at Distribution Terminals and Service Stations."
 - (H) Publication 1628, (1996), "A Guide to the Assessment and Remediation of Underground Petroleum Releases."

- (I) Publication 2200, (2015), "Repairing Crude Oil, Liquefied Petroleum Gas, and Product Pipelines, Fourth Edition."
- (J) Publication 2015, (2018), "Requirements for Safe Entry and Cleaning of Petroleum Storage Tanks."
- (K) Recommended Practice 1637, (R2012), "Using the API Color Symbol System to Mark Equipment and Vehicles for Product Identification at Gasoline Dispensing Facilities and Distribution Terminals, Third Edition."
- (3) National Association of Corrosion Engineers:
 - (A) Standard Number SP0169-2013, "Control of External Corrosion on Underground or Submerged Metallic Piping Systems."
 - (B) Standard Number SP0285-2011, "External Corrosion Control of Underground Storage Tank Systems by Cathodic Protection."
 - (C) Standard Number SP0286-2007, "Electrical Isolation of Cathodically Protected Pipelines."
 - (D) International Test Method, TM 0101 2012, "Measurement Techniques Related to Criteria for Cathodic Protection of Underground Storage Tank Systems."
 - (E) International Test Method, TM 0497 2012, "Measurement Techniques Related to Criteria for Cathodic Protection on Underground or Submerged Metallic Piping Systems."
- (4) Underwriter's Laboratory Standards:
 - (A) Standard UL58, 2018, "Steel Underground Tanks for Flammable and Combustible Liquids."
 - (B) Standard UL1316 Bulletin 2013, "Glass-Fiber-Reinforced Plastic Underground Storage Tanks for Petroleum Products, Alcohols, and Alcohol-Gasoline Mixtures."
 - (C) Standard UL1746 Bulletin 2013, "External Corrosion Protection Systems for Steel Underground Storage Tanks."
 - (D) Standard UL567 Bulletin-2012, "Emergency Breakaway Fittings, Swivel Connectors and Pipe-Connection Fittings for Petroleum Products and LP-Gas."
 - (E) Standard UL971 Bulletin 2011, "Nonmetallic Underground Piping for Flammable Liquids."
- (5) American Society for Testing Materials:
 - (A) ASTM E1739-95 (2015), "Standard Guide for Risk-Based Corrective Action Applied at Petroleum Release Sites."
 - (B) ASTM G158-98 (2016), "Three Methods of Assessing Buried Steel Tanks."
- (6) Petroleum Equipment Institute:
 - (A) PEI/RP 100-17 (2017 Edition) "Recommended Practices for Installation of Underground Liquid Storage Systems."
 - (B) PEI/RP 400-18 (2018 Edition), "Recommended Practices for Equipment Testing Electrical Continuity of Fuel Dispensing Hanging Hardware."
 - (C) PEI/RP 500-11 (2011 Edition), "Recommended Practice for Inspection and Maintenance of Motor Fuel Dispensing Equipment."
 - (D) PEI/RP 900-17 (2017 Edition), "Recommended Practices for the Inspection and Maintenance of UST Systems."
 - (E) PEI/RP 1200-17 (2017 Edition), "Recommended Practices for the Testing and Verification of Spill, Overfill, Leak Detection and Secondary Containment Equipment at UST Facilities."
 - (F) PEI/RP 1700 (2018 Edition), "Recommended Practices for the Closure of Underground Storage Tank and Shop-Fabricated Aboveground Storage Tank Systems."
- (7) Steel Tank Institute:
 - (A) STIP3®, "Specification and Manual for External Corrosion Protection of Underground Steel Storage Tanks."
 - (B) STI-R892-91, "Recommended Practice for Corrosion Protection of Underground Piping Networks Associated with Liquid Storage and Dispensing Systems."
 - (C) STI-R894-91, "Specification for External Corrosion Protection of FRP Composite Underground Steel Storage Tanks."
 - (D) RP-972-10, "Recommended Practice For The Addition of Supplemental Anodes to STI-P3 USTs."
 - (E) STI-ACT-100-U®, F961, "Specification for External Corrosion Protection of Composite Steel Underground Storage Tanks".
 - (F) STI-F841, "Standard for Dual Wall Underground Steel Storage Tanks."
 - (G) STI-F922, "Specification for Permatank®."
 - (H) RP-R051, "Cathodic Protection Testing Procedures for STI-P3® Underground Storage Tank Systems."
- (8) Factory Mutual 1920, "Flexible Pipe Couplings."
- (9) National Leak Prevention Association Standard 631, "Spill Prevention, Minimum 10 Year Life Extension, Existing Steel UST by Lining without Additional Cathodic Protection."
- (10) National Groundwater Association, 1986, "RCRA Ground Water Monitoring Technical Enforcement Guidance Document (TEGD)."
- (11) U.S. Environmental Protection Agency Office of Water, 1997, Drinking Water Advisory: "Consumer Acceptability Advice on Health Effects Analysis on Methyl Tertiary-Butyl Ether (MTBE)."
- (12) Ken Wilcox Associates, Inc., First Edition: "Recommended Practice for Inspecting Buried Lined Steel Tanks Using a Video Camera."

PART 5. PROTECTION AGAINST CORROSION

Permanent Final Adoptions

165:25-2-53.1. Underground storage tank internal lining requirements

- (a) A previously lined steel tank that fails precision tightness testing or an internal lining inspection shall not be repaired and must be removed.
- (b) Tank lining may not be used as a method of repair for an unlined tank.
- (c) Within 10 years after lining, and every five years thereafter, lined USTs must be internally inspected and found to be structurally sound, with the lining still performing in accordance with original design specifications.
- (d) Standards that must be referenced during the periodic inspection of lined USTs:
 - (1) American Petroleum Institute (API) Publication 1631.
 - (2) Ken Wilcox Associates, Inc. "Recommended Practices for Inspecting Buried Lined Steel Tanks Using a Video Camera," First Edition, 1999, Methods A and D.
 - (3) National Leak Prevention Association Standard 631.
 - (4) PSTD Internal Tank Lining Guidance document and PSTD Interior Lining Inspection Form are available on ~~OCC~~ the Commission website at www.occweb.com.
- (e) UST owners/operators must submit to PSTD a copy of the certificate of performance (Interior Lining Inspection Form) completed by the inspection provider attesting that the UST meets the performance requirements for both the UST and the lining material. Any UST failing to meet the specified performance requirements cannot be relined. Minor imperfections may be repaired and the tank must be upgraded with a cathodic protection system within six months of the lining repair, or be removed.
- (f) USTs upgraded by the addition of both internal lining and cathodic protection do not require internal periodic inspection if the cathodic protection system has been properly installed and maintained on the UST system.
- (g) Tank owners or their representative must provide 48 hour notification for all lining inspections to PSTD ~~by submitting the PSTD scheduling form~~ in the online format established by PSTD.

PART 6. PIPING

165:25-2-55.2. Vent piping requirements

- (a) Where vent pipes installed prior to July, 2003, from tanks storing gasoline are adjacent to buildings or public ways, they must be located not less than twelve feet (12') (3.6 meters) above the adjacent ground level or three feet (3') above the roof line at the highest point of attachment. Newly installed vent pipes must be five feet (5') above the roof or canopy. All vent pipes buried below ground must be a minimum of eighteen inches (18").
- (b) In order to aid in dispersion, vapors must be discharged upward. Vent outlets must be located so that flammable vapors will not accumulate to an unsafe location or trapped under

eaves and shall be at least five feet (5') (1.5 meters) from building openings and fifteen feet (15') (4.5 meters) from powered ventilation air intake devices).

- (c) All new or replacement underground vent piping must be non-metallic. Aboveground vent risers must be steel pipe.

(d) Vent risers must be located or protected and anchored, to prevent damage from traffic, wind, or testing procedures.

PART 7. DISPENSERS

165:25-2-75.1. Display on dispenser

(a) Every dispenser or delivery device regulated by the Commission used for the sale of motor fuel to the public must legibly display the type of motor fuel offered for sale.

(b) Any motor fuel must be displayed in accordance with 16 CFR Part 306.0 through 306.12, including Appendices; and sold as provided for by Commission rules and National Institute of Standards and Technology (NIST) Handbook 44, "Specifications, Tolerances, and Other Technical Requirements for Weighing and Measuring Devices".

PART 13. REMOVAL AND CLOSURE OF UNDERGROUND STORAGE TANK SYSTEMS

165:25-2-135. Permanent closure

All underground storage tanks and associated piping out of service/use for more than twelve (12) months must be removed if they do not comply with the requirements as stated in 165:25-2-133 and 165:25-2-134. A variance to close a tank and/or associated piping in place with a PSTD approved inert material must be made by application and administrative review in accordance with OAC 165:5-21-3.1. For a closure in place variance solely on the basis of financial concerns between the cost to remove and the cost to close in place, applicant must submit three (3) bids to remove and three (3) bids to close in place with their variance application. A variance is effective on order issuance.

SUBCHAPTER 3. RELEASE PREVENTION AND DETECTION REQUIREMENTS

PART 2. RELEASE DETECTION REQUIREMENTS AND METHODS

165:25-3-6.25. Interstitial monitoring

(a) For double-walled underground storage tank systems, the sampling or testing method must be capable of detecting a leak at least every thirty (30) days through the inner wall in any portion of the tank that routinely contains product in accordance with the manufacturer instructions.

(b) On new installations, the containment sumps used for interstitial monitoring of piping must be tested at installation and using a PSTD approved testing method that tests the sump above the highest penetration or sump sidewall seam. After

initial testing, sumps must be tested at least once every three (3) years for liquid tightness or use double-walled containment sumps with periodic interstitial monitoring of the space between the two (2) walls of the sump at least every thirty (30) days. Records demonstrating compliance must be maintained for three (3) years.

(c) Existing systems must have the containment sumps tested for liquid tightness by October 13, 2018, and at least once every three (3) years thereafter or use double-walled containment sumps with periodic interstitial monitoring of the space between the two (2) walls of the sump at least every thirty (30) days. Owners and operators using a low liquid level test must ensure that when the sensor is activated the alarm activates, and verify the submersible pumps automatically shut off when the liquid activates the sensors. Sensors must be mounted and positioned at the lowest point in the sumps. Low liquid level UST sump testing must be performed according to the procedures set forth on the Commission's Containment Sump Alternative Test form. Records demonstrating compliance must be maintained for three (3) years.

(d) Beginning October 13, 2018, owners and operators must perform operation and maintenance tests on electronic and mechanical components of release detection equipment. This testing must be conducted according to the manufacturer's instructions or a code of practice developed by a nationally recognized association or independent testing laboratory. A test of the proper operation must be performed at least annually and, at a minimum, as applicable to the facility, cover the following components and criteria:

- (1) Automatic tank gauge and other controllers: test alarm, verify system configuration, test battery backup.
- (2) Probes and sensors: inspect for residual buildup, ensure floats move freely, ensure shaft is not damaged, ensure cables are free of kinks and breaks, test alarm operability and communication with controller.
- (3) Vacuum pumps and pressure gauges: ensure proper communication with sensors and controller.
- (4) Hand-held electronic sampling equipment associated with groundwater and vapor monitoring: ensure proper operation.

(e) Owners and operators must maintain records of the annual operation tests for three (3) years. At a minimum, records must list each component tested, indicate whether each component meets the criteria listed above or needed to have action taken, and describe any action taken to correct an issue.

PART 3. RELEASE INVESTIGATION REQUIREMENTS

165:25-3-7.1. Release reporting

(a) The reporting requirements of this Part do not relieve the owner/operator of the responsibility to take necessary corrective action pursuant to OAC 165:29, to protect the public health, safety and the environment, including the containment and cleanup of spills and overfills that are not required to be reported by this Chapter.

(b) All underground storage tank system owners, operators, their employees or agents, or transporters must report to PSTD within twenty-four (24) hours of discovering any substances, conditions or monitoring results that indicate a release may have occurred using the link provided on the release reporting tab on PSTD's webpage ~~at the OCC website, www.occweb.com (PSTReleaseReporting@occemail.com)~~ on the Commission website; by email at PSTReleaseReporting@occ.ok.gov; or by telephone at (405) 521-4683 or 1-888-621-5878. If after hours, or on weekends or holidays, call the PSTD emergency phone number at (405) 823-0994. Owners or operators must provide written confirmation to follow within twenty (20) days in accordance with the requirements established in this Chapter. Events indicating a release include, but are not limited to, the following:

- (1) The discovery of released regulated substances at the facility or in the surrounding area (such as the presence of free product or vapors in soils, basements, crawlspaces, sewer and utility lines, and nearby surface water) whether on-site or off-site.
- (2) Any unusual operating conditions observed, such as the unexplained erratic behavior of product dispensing equipment, the sudden loss of product from the underground storage tank system, an unexplained presence of water in the tank, or liquid in the interstitial space of secondarily contained systems, unless the system equipment or component is found not to be releasing regulated substances to the environment; any defective system equipment or component is immediately repaired or replaced; for secondarily contained systems any liquid in the interstitial space not used as part of the interstitial monitoring method (for example brine filled) is immediately removed.

(A) In the case of inventory control, two consecutive thirty (30) day periods where the Total Gallons Over/Short is greater than the "Leak Check" (one percent (1%) of product sales plus 130 gallons) must be reported to PSTD within twenty-four (24) hours of the owner/operator discovering the inventory control results.

(B) Any UST system failure from a third party-certified Statistical Inventory Reconciliation (SIR) analysis must be reported to PSTD by the owner, operator, or agent within twenty-four (24) hours of discovering the failure. An immediate investigation into the cause of the failed report must be conducted and results reported to PSTD within seven (7) days.

(C) An "Inconclusive" report from an SIR analysis must be reported by the owner, operator, or agent within twenty-four (24) hours of report generation. An Inconclusive means that the UST system has failed to meet leak detection requirements for that month thirty (30) day period.

(3) An unusual level of vapors on the site that is of unknown origin. A vapor observation well reading in excess of 4,000 units/ppm from a pit containing gasoline tanks, and in excess of 1,500 units/ppm for a pit containing diesel or both gasoline and diesel, must be reported to PSTD

within twenty-four (24) hours by the owner/operator, their employees, or agents discovering the monitoring results. Within ten (10) days, the owner/operator must submit to PSTD all vapor monitoring well data for the last twelve (12) thirty (30) day periods. Upon examination of the submitted data, PSTD will advise the owner/operator what action, if any, is needed.

(4) An increase in vapor levels of 500 units/ppm above background or historical levels detected by thirty (30) day monitoring, even though below the twenty-four (24)-hour reporting level, must be reported if the increase does not correct itself in the second thirty (30) day period of monitoring and it must be reported to PSTD within twenty-four (24) hours of the owner, operator, their employees, or agents discovering the monitoring results.

(5) Monitoring results, including investigation of an alarm, from a release detection method required by this Chapter that indicate a release may have occurred unless:

(A) The monitoring device is found to be defective, and is immediately repaired, recalibrated, or replaced, and additional monitoring does not confirm the initial result;

(B) The leak is contained in the secondary containment and;

(i) Any liquid in the interstitial space not used as the interstitial monitoring method is immediately removed.

(ii) Any defective system equipment or component is immediately repaired or replaced.

(C) The alarm was investigated and determined to be a non-release event (for example, from a power surge or caused by filling the tank during release detection testing).

(c) While aboveground releases of petroleum of less than twenty-five (25) gallons need not be reported to PSTD, they must be recorded by the owner/operator and contained and cleaned up immediately. All of the following releases must be reported to PSTD electronically or by telephone within twenty-four (24) hours of discovery, by the owner, operator, their employees, or agents, with a written confirmation to PSTD within twenty (20) days in accordance with the requirements established in this Chapter:

(1) All known belowground releases in any quantity; for example, a release resulting from a line broken during an excavation.

(2) Any aboveground release of petroleum greater than twenty-five (25) gallons.

(3) Any aboveground release of petroleum which is less than twenty-five (25) gallons, but cannot be contained and cleaned up within twenty-four (24) hours.

(d) All owners/operators of underground storage tank systems must maintain records of all reportable and nonreportable events listed in this section sufficient to permit adequate inspection and review by PSTD. These records must be kept for three (3) years following the date of the event.

(e) If any of the possible, probable or definite release conditions set forth above are not reported within twenty-four

(24) hours, the owner/operator may be subject to fines, Formal Enforcement Action or shutdown of operations.

(f) Any releases requiring emergency corrective action must be reported immediately to PSTD at (405) 521-4683 or 1-888-621-5878. After office hours, weekends or holidays, calls must be reported to PSTD's emergency number at (405) 823-0994.

SUBCHAPTER 5. UPGRADES

165:25-5-1. Alternatives allowed

No later than December 23, 1998, owners/operators of existing underground storage tank systems shall:

(1) Comply with the requirements for new underground storage tank systems under Subchapter 2 of this Chapter; or

(2) Comply with the upgrading requirements in OAC 165:25-5-2 and 165:25-5-3; or

(3) Permanently close the underground storage tank system and take any necessary corrective action, in accordance with this Chapter.

SUBCHAPTER 8. SPECIAL REQUIREMENTS FOR UNDERGROUND STORAGE TANK SYSTEMS UTILIZED BY MARINAS

PART 5. DISPENSER REQUIREMENTS

165:25-8-15. Nozzles

Dispensing nozzles used at marine service stations must be the automatic closing type. Hold-open latch devices from nozzles intended for marina service are not allowed.

SUBCHAPTER 18. INSPECTIONS, NOTICES OF VIOLATION, FIELD CITATIONS, AND FORMAL ENFORCEMENT ACTIONS

PART 3. NOTICES OF VIOLATION, FIELD CITATIONS, AND FORMAL ENFORCEMENT ACTIONS

165:25-18-11. Notices of Violation

(a) When a PSTD Fuel Specialist finds a violation of any statute, rule, requirement or order of the Commission regarding the regulation of petroleum storage tanks, the Fuel Specialist may issue a Notice of Violation (NOV).

(1) A Notice of Violation is to alert the tank owner or operator that a violation has been found. The NOV will describe the violation and advise that further PSTD enforcement action may occur if the violation is not corrected. If the violation cannot be corrected, the violation will be referred to the PSTD Compliance and Inspection

Manager or Director's designee who may initiate Formal Enforcement Action or issue a Field Citation.

(2) At PSTD's discretion, serious violations can be immediately turned over to the Commission's Judicial and Legislative Services Division for Formal Enforcement Action.

(23) The NOV must explain what the offense is and how the person can correct it.

(b) Notices of Violation will state the following information:

- (1) A clear description of the violation(s).
- (2) A date by which the violation(s) must be corrected.
- (3) The name of the PSTD Fuel Specialist issuing the NOV, along with a telephone number and address so that the tank owner or operator can ask the PSTD Fuel Specialist questions.

(c) NOV(s) are issued to the owner/operator of the storage tank facility. If the owner/operator is not present, NOV(s) can be given to store personnel.

(d) All notifications and/or correspondence will be mailed or electronically delivered to the owner and/or operator.

165:25-18-12. Re-inspection, Field Citation and Formal Enforcement Action

(a) On or after the date that the violation is to be corrected, a Fuel Specialist will re-inspect the storage tank facility to verify that the violation has been corrected.

(b) If the re-inspection shows that the violation has not been corrected, the Fuel Specialist may:

- (1) Refer the violation to the PSTD Compliance and Inspection Manager or the Director's designee who may initiate Formal Enforcement Action or issue a Field Citation; and/or
- (2) Shut down the storage tank ~~facility system~~ pending a correction of the problem or a hearing on the issue.

165:25-18-13. Issuance of a Field Citation and payment of fine or hearing

(a) The storage tank owner/operator can either pay the amount of the fine as stated in the Field Citation or request a hearing.

(b) The tank owner/operator will have thirty (30) days from the date the Field Citation was issued to pay the fine.

- (1) A fine may be paid with cash, money order, check or electronic method approved by the Commission. Any

cash payment must be made at the Commission's cashier window. All checks must be made payable to the Oklahoma Corporation Commission - Petroleum Storage Tank Division. If sending payment through the mail, a copy of the Field Citation must be sent with the payment to ensure proper credit.

(2) Payment of a fine within the thirty (30) day time-frame will not be considered an agreement or disagreement with the Field Citation.

(c) If the storage tank owner/operator disagrees with the Field Citation, they may appear at the ~~Field Citation~~ hearing at the Commission as provided in the Field Citation. If found guilty at the hearing in violation of PSTD rules at the time the Commission order is issued, the tank owner or operator must pay the amount of the fine, as well as an administrative cost of \$250.00.

~~(d) If a Field Citation has not been paid within ninety (90) days of being issued or within ninety (90) days of a Commission order confirming the fine, the amount of the fine will double.~~—Refusal to comply with an order of the Commission may result in an additional fine being levied after notice and hearing in an amount as allowed by law, and shutdown of the facility tank system for failure to pay fines.

(e) Failure of a tank owner/operator to appear at the hearing may result in additional enforcement action.

(f) ~~An appeal from Any exceptions to~~ the hearing must be made in accordance with OAC 165:5.

(g) A tank owner/operator is still responsible for following the Commission's rules regarding petroleum storage tanks regardless of paying a fine or correcting a violation.

PART 5. PENALTIES

165:25-18-19. Penalties

(a) Pursuant to 17 O.S. § 311(A), any person who violates any of the provisions of this Chapter shall be liable for a fine not to exceed \$10,000.00 for each day that the violation continues.

(b) If the person disagrees with the violation(s) listed in the Formal Enforcement Action, they may appear at the hearing at the Commission. If found guilty at the hearing in violation of PSTD rules at the time the Commission order is issued, the person must pay the amount of the fine, as well as an administrative cost of \$250.00.

APPENDIX S. FIELD CITATIONS TABLE [REVOKED]

APPENDIX S. FIELD CITATIONS TABLE [NEW]

*Field Citation Table fine amounts will be used when Field Citations are issued, and may be used as a suggested fine amount in a Formal Enforcement Action, not to exceed the statutorily set limitations in 17 O.S. § 311(A).

Rule	Violation	Fine Amount
Registration & Permit Requirements		
165:25-1-41	Failure to amend registration within 30 days to reflect changes or tank status	\$500
165:25-1-42	Failure to register tanks within 30 days of bringing the system into service	\$500
165:25-1-42	Operating a tank without a valid permit	\$1,000
165:25-1-51	Failure to amend registration within 30 days to reflect change in ownership	\$500
165:25-1-64	Failure to pay permit fees prior to due date	Not > 50% of fee
165:25-1-126	Failure to certify training for all operator classes, per owner not facility	\$500
165:25-1-126	Second offense within 12 months Third offense thereafter, formal enforcement	\$1,000
Notification Requirements		
165:25-1-41	Failure to properly identify all storage tank systems in the online format established by PSTD after second request, including a letter advising tank owner of the penalty	\$1,000
165:25-1-42	Failure to notify PSTD prior to tank installation	\$500
165:25-1-42	Failure to provide installation information in the online format established by PSTD after second request, including a letter advising tank owner of the penalty	\$1,000
165:25-1-48	Failure to report tank and line tightness test results as required	\$500
165:25-2-131	Failure to notify PSTD prior to tank and/or line closure	\$500

Rule	Violation	Fine Amount
165:25-3-7.1	Failure to report to PSTD within 24 hours of discovering any PSTD regulated substances, conditions or monitoring results that indicate a reportable release may have occurred or a spill or overfill over 25 gallons has occurred	\$250
Required Reports		
165:25-1-41	Failure to submit required PSTD paperwork, test results, and/or reports in the required online format and timeframe	\$250
	Second offense	\$500
	Third offense	\$750
165:25-1-55(c)	Failure to submit tank closure report within 45 days	\$250
165:25-3-8(d)	Failure to submit required reports pertaining to suspected release investigations and/or corrective action activities in a timely manner	\$250
	Second offense for same case or facility number	\$500
	Third offense for same case or facility number	\$750
General Leak Detection Requirements		
165:25-1-53 165:25-1-54	Failure to retain records of calibration, maintenance, and/or repair of release or leak detection equipment	\$250
165:25-1-53(c)	Failure to maintain results of sampling, testing, or monitoring	\$250
165:25-1-53(d)(1)	Failure to maintain records of release or leak detection monitoring	\$250
165:25-3-6.20	Failure to provide adequate release or leak detection for storage tank system	\$250 (per period)
	Second offense or formal enforcement	\$500
	Third offense or formal enforcement	\$1,000
165:25-3-6.21	Failure to use an approved method of release or leak detection method for tanks	\$250
165:25-3-6.23	Failure to use a licensed technician for monitoring vapor wells as required	\$250
165:25-3-6.24	Failure to use a licensed technician for monitoring groundwater wells as required	\$250
165:25-3-6.29	Failure to use an approved method of release or leak detection monitoring for piping	\$250

Permanent Final Adoptions

Rule	Violation	Fine Amount
Spill Protection & Overfill Prevention		
165:25-2-39(e)(1)	Tank owner/operator accepting delivery into UST without spill protection	\$1,000
165:25-2-39(e)(2)	Tank owner/operator accepting delivery into UST that does not have overfill prevention	\$1,000
Operation & Maintenance of Corrosion Protection		
165:25-1-56(b)	Failure to maintain records of cathodic protection installation, repair, inspections or testing	\$250
165:25-1-56(b)(1)	Failure to provide cathodic protection system design or suitability study	\$1,000
165:25-2-51	Tank owner/operator accepting delivery into a UST that does not have a required corrosion protection system	\$1,000
165:25-2-52 165:25-2-53 165:25-2-53.1	Failure to properly operate and maintain corrosion protection, inspect tank lining, or make necessary repairs	\$150
	Second offense or formal enforcement	\$500
	Third offense or formal enforcement	\$1,000
165:25-2-53(a)	Failure to test cathodic protection system within 6 months of installation or repair	\$250
165:25-2-53(a)	Failure to use a qualified cathodic protection tester to certify corrosion protection system operation at least once every 3 years	\$500
	Second offense or formal enforcement	\$1,000
165:25-2-53(c)	Failure to properly and/or timely test corrosion protection every 60 days	\$250 (per period)
Release Investigation		
165:25-3-7.1	Failure to clean up a spill or a spill resulting from overfill over 25 gallons	\$500
165:25-3-8	Failure to investigate a spill or a spill resulting from overfill over 25 gallons	\$100
165:25-3-8	Failure to conduct tightness test(s) to investigate suspected leak(s) from the storage tank system as required	\$250
Temporary Closure		
165:25-2-133(a)(1)	Failure to operate and maintain corrosion protection in a temporarily closed storage tank system as required	\$500

Rule	Violation	Fine Amount
165:25-2-133(c)(2)	Failure to provide adequate release or leak detection as required in a temporarily closed storage tank system	\$250
165:25-2-133(c)(3)	Failure to properly vent a temporarily closed storage tank system as required	\$250
165:25-2-133(c)(4)	Failure to cap and secure all storage tank related equipment for temporary closure	\$250
Permanent Closure		
165:25-2-131(d)	Failure to use a PSTD licensed UST Remover	\$500
165:25-2-135	Failure to remove tank system that has been out of service in excess of 12 months and does not comply with the requirements as stated in 165:25-2-133 and 165:25-2-134	\$500/tank
165:25-2-136	Failure to measure for the presence of a release before permanent closure as required	\$500
165:25-2-136(d)	Failure to use a PSTD licensed Environmental Consultant	\$500
165:25-5-1	Failure to upgrade UST with CP by December 1998 deadline or remove tank within 12 months of December 1998 deadline	\$500/tank
Operation & Maintenance		
165:25-1-53(d)(8)	Failure to provide records of annual operation and maintenance tests of release detection	\$250
165:25-1-57(b)	Failure to provide records of overfill prevention inspections and spill prevention equipment testing	\$250
165:25-1-60	Failure to provide records of walkthrough inspections	\$250
Repairs		
165:25-1-54	Failure to maintain repair records for operating life of storage tank	\$250
165:25-2-36 165:25-2-111	Failure to use a PSTD licensed UST Installer or repair person for installation or repair as required	\$500
	Second offense (per owner, not per facility)	\$1,000
165:25-2-40 165:25-2-111	Failure to perform tightness test on storage tank system after installation or repair	\$300

Permanent Final Adoptions

Rule	Violation	Fine Amount
Other Violations		
165:15-7-1	Misrepresentation of octane level per location	\$500
	Second offense within one year	\$1,000
	Third offense – Closure and formal enforcement	\$5,000
Administrative Penalty	Any owner/operator of a storage tank system who fails to comply with any requirement or order issued by the Commission for corrective or enforcement actions may be subject, after notice and hearing, to a fine in an amount as allowed by law.	

TITLE 165. CORPORATION COMMISSION

CHAPTER 26. ABOVEGROUND STORAGE TANKS

[OAR Docket #20-602]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

Subchapter 1. General Provisions
 Part 1. Purpose and Definitions
 165:26-1-2. Definitions [AMENDED]
 Part 3. Scope of Rules
 165:26-1-22. Exclusions [AMENDED]
 Part 4. Administrative Provisions
 165:26-1-26. Hearings, orders and ~~appeals~~ exceptions [AMENDED]
 Part 7. Notification and Reporting Requirements

AUTHORITY:

Corporation Commission; 17 O.S. §§ 306(12), 307, 322, 342, and 347

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2019-11, the proposed rules were submitted to the Governor and Cabinet Secretary on September 18, 2019.

COMMENT PERIOD:

September 18, 2019 to November 15, 2019

PUBLIC HEARING:

December 10, 2019

ADOPTION:

December 10, 2019

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

December 20, 2019

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 25, 2020

FINAL ADOPTION:

June 25, 2020

EFFECTIVE:

October 1, 2020

SUPERSEDED EMERGENCY ACTIONS:

N/A

INCORPORATIONS BY REFERENCE:

Incorporated Standards:

NFPA 30 Flammable and Combustible Liquids Code; 16 CFR Parts 306.0 through 306.12, including Appendices; and National Institute of Standards and Technology ("NIST") Handbook 44, Specifications, Tolerances, and Other Technical Requirements for Weighing and Measuring Devices

Incorporating rules:

165:26-2-3 and 165:26-2-91.1

Availability:

8:00 a.m. to 4:30 p.m., Monday through Friday at the Petroleum Storage Tank Division, Oklahoma Corporation Commission, Jim Thorpe Building, 2101 N. Lincoln Blvd., Oklahoma City, OK 73105

GIST/ANALYSIS:

The approved rules make definitions consistent with those in other chapters; add language to clarify certain definitions; add definitions for electronic signature, maintenance, and mobile or temporary tank at construction site; and strike definitions already appearing in statute or which are not otherwise used in the rules. The approved rules exclude aboveground boiler tanks used for storing heating oil for consumptive use on the premises; add terminology consistent with Oklahoma Administrative Code ("OAC") 165:5; update the Petroleum Storage Tank Division's ("PSTD") electronic notification and release detection forms submission procedures; update PSTD's electronic notification for tank installation and registration procedures; and add a form for certifying tank and piping installation for unregistered tanks.

The approved rules also clarify terminology within the rule; move existing language in the rule to a new subsection; adopt National Fire Protection Association ("NFPA") standards for distance between tanks; strike unnecessary language regarding a fire-protected tank; clarify spill and overfill prevention requirements for aboveground tanks installed before and after 2018; and incorporate industry standards for size and type of collision barrier allowed. The approved rules add the requirements for displaying fuel contents on dispensers; provides that a release reporting email address will be located on the Commission's website; clarify that the violation of a statute may result in a Notice of Violation being issued; clarify which violations can be immediately referred to the Commission's Judicial and Legislative Services Division for Formal Enforcement Action; clarify a storage tank system can be shut down pending correction of a violation or until a hearing is held on the issue; and clarify if an owner disagrees with the fine the Field Citation instructs the owner as to how he or she may request a hearing.

The approved rules also clarify terminology related to a violation of PSTD rules; clarify terminology related to a tank system shutdown; and incorporate an industry standard recommended practice for dispenser nozzles at marinas. The adopted rules correct a grammatical error; strike redundant language; revoke and reenact Appendix G to correct rule citations, clarify some of the descriptions used in the violation column, move existing violations to the applicable section in the table, and update terminology; and revoke Appendix H.

CONTACT PERSON:

Travis N. Weedn, Deputy General Counsel, Judicial & Legislative Services Division, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, Telephone (405)521-4137, Email Travis.Weedn@occ.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

PART 1. PURPOSE AND DEFINITIONS

Permanent Final Adoptions

165:26-1-2. Definitions

In addition to the terms defined in 17 O.S. §§ 301 et seq., the following words or terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"Aboveground storage tank" or "AST" means ~~any stationary tank and individual compartments not included within the definition of a petroleum storage tank in Oklahoma Administrative Code (OAC) 165:25-1-11, which is designed to contain PSTD-regulated substances without structural support of earthen material~~ a "Storage tank" as defined in 17 O.S. § 303(40) that has more than ninety percent (90%) of its volume above the surface of the ground.

"Aboveground storage tank system" means ~~an above-ground storage tank, a closed-plumbed system including, but not limited to, the aboveground storage tank(s), the individual storage tank compartments, and any connected aboveground or underground piping, dispensers and associated equipment and fixtures~~ the lines, the dispenser for a given product, containment sump, if any, ancillary equipment or a transport delivery truck that is connected to the storage tank system.

"Agent" means a person authorized by another to act on their behalf, either out of employment or contract.

"Airports" mean landing facilities for aircraft which are routinely available for public use (whether routinely used or not). Airports as used in this Chapter do not include private airstrips or private airports.

"Ancillary equipment" means any device including, but not limited to: devices, such as piping, fittings, flanges, valves, and pumps that are used to distribute, meter, or control the flow of regulated substances to or from a petroleum storage tank.

"ATG" means automatic tank gauging.

"Backfill" is the material that is placed in piping excavation to support and separate the piping from the natural environment.

"BTEX" means benzene, toluene, ethylbenzene and xylene.

"Bulk plant" means petroleum storage tank facility where regulated substances are received by tank vessels, pipelines, tank cars, or tank vehicles and are stored or blended in mass quantities or bulk for the purpose of distributing them by a tank vessel, pipeline, tank car, tank vehicle, portable tank or other container, for wholesale or retail sale.

"Cathodic protection" means a technique designed to prevent the corrosion of a metal surface by making that surface the cathode of an electrochemical cell. For example, protection can be accomplished with an impressed current system or a galvanic anode system.

"Change in service" means a change in the status of a storage tank (i.e., from currently in use to temporarily out of use); or change of regulated substance that a storage tank contains.

"Commission" or "OCC" means the Oklahoma Corporation Commission ~~and includes its designated agents or representatives.~~

"Compatible" means the ability of two (2) or more substances to maintain their respective physical properties upon

contact with one another for the design life of the PST system under conditions likely to be encountered in the system.

"Construction tank" means a fuel tank used for less than twelve (12) months at a construction site.

"Corrosion expert" means an individual having the requisite knowledge, experience, certification, and training to design, install, test, and maintain corrosion protection systems.

"Division" means the Petroleum Storage Tank Division (PSTD) of the Corporation Commission.

"Emergency venting" means a construction method or device that relieves excessive internal pressure due to fire exposure.

"EPA" means the United States Environmental Protection Agency.

"Electronic signature" means an electronic signature as defined in OAC 165:5-1-3.

"Farm tank" is a tank located on a tract of land devoted to the production of crops or raising animals, including fish, and associated residences and improvements. A farm tank must be located on the farm property. "Farm" includes but is not limited to fish hatcheries, rangeland, and nurseries with growing operations.

"Fire protected tank" means an aboveground storage tank that is listed in accordance with UL 2085, *Standard for Insulated Aboveground Tanks for Flammable and Combustible Liquids*, or an equivalent test procedure that consists of a primary tank provided with protection from physical damage and fire-resistive protection from exposure to a high-intensity liquid pool fire.

"Fire resistant tank" means a UL listed aboveground storage tank that provides fire-resistant protection from exposures to a high intensity liquid pool fire.

"Fleet and Commercial" means any facility that uses aboveground storage tanks to store regulated substances for use in its own vehicles or equipment.

"Flow-through process tank" means a tank that forms an integral part of a production process through which there is a steady, variable, recurring or intermittent flow of material during the operation of the process. Flow-through process tanks do not include tanks used for the storage of materials prior to their introduction to the process or for the storage of finished products or by-products from the production process.

"Formal Enforcement Action" means the process of ensuring compliance with Commission regulations, rules, orders, requirements, standards, and/or state law when a violation occurs and PSTD initiates an enforcement Complaint under the contempt procedure in OAC 165:5 Subchapter 19 to be heard at the Commission by an Administrative Law Judge or the Commissioners.

"Fund" means the Petroleum Storage Tank Indemnity Fund.

"Generation facilities" means ~~those tanks that are permanently installed, which routinely contain fuel to be used in emergency generators in the event of a power failure.~~

"Impervious barrier" means a barrier of sufficient thickness, density, and composition that is impenetrable to the regulated substance, has a permeability of at least 1×10^{-6} cm/sec., and will prevent the discharge to the environment

of any regulated substance for a period of at least as long as the maximum anticipated time during which the regulated substance will be in contact with the impervious material.

"Important building" means a building that is considered not expendable in an exposure fire.

"In service" means a petroleum storage tank that contains a regulated substance, and/or has a regulated substance added to or withdrawn from it.

"Licensed Environmental Consultant" means an individual who has a current license issued by PSTD to perform corrective action.

"Maintenance" means the normal operational upkeep necessary to prevent a petroleum storage tank system from releasing product.

"Marina" means any fuel storage tank system located on or by the water for the purpose of fueling watercraft.

"Mobile or Temporary Tank at Construction Site" means a fuel tank used for less than twelve (12) months at a construction site.

"Operator" means any person in control of or having responsibility for the daily operation of the storage tank system, whether by lease, contract, or other form of agreement. The term "operator" also includes a past operator at the time of a release, tank closure, violation of the Oklahoma Petroleum Storage Tank Consolidation Act, or a rule promulgated thereunder, or a requirement of the Commission. In the case of a storage tank system in service/use before November 8, 1984, but no longer in service/use on that date, the last person to operate the storage tank system immediately before the discontinuation of its service/use.

"Owner" means: any person as set forth in 17 O.S. § 303(27).

~~(A) In the case of a storage tank system in service/use on November 8, 1984, or brought into service/use after that date, any person who holds title to, controls, or possesses an interest in a storage tank system used for the storage, use, or dispensing of regulated substances, including the real property owner where the storage tank system is still present, the storage tank system presence is a trade fixture or improvement or both. It is not necessary that the real property owner sold, used, or stored regulated substances in, of, or from the storage tank system.~~

~~(B) In the case of a storage tank system in service/use before November 8, 1984, but no longer in service/use on that date, any person who holds title to, controls, or possesses an interest in a storage tank system immediately before the discontinuation of its service/use. However, a real property owner who has a storage tank system located on their property that was taken out of service/use prior to November 8, 1984, is not considered to be a storage tank owner for any PSTD regulated purpose.~~

"Permanent out of use" or "POU" means a petroleum storage tank system that is not in service/use, does not contain regulated substances, and is not intended to be placed back in service/use.

"Pier" means dock, floating dock, and wharf.

"Positive sampling, testing, or monitoring results" means the results of sampling, testing or monitoring using any of the release detection methods described in this Chapter that indicate that a release from a petroleum storage tank system may have occurred.

"Private airport" means an airport used only by its owner and regulated as a fleet and commercial facility.

"Private airstrip" means a personal residential takeoff and landing facility attached to the airstrip owner's residential property and used only by the owner.

"PSTD" means Petroleum Storage Tank Division.

"Public Utility" means any entity providing gas, electricity, water, or telecommunication services for public use.

"Recalcitrant owner" means an owner/operator who is responsible for a tank system and after notice will not adhere to a PSTD enabling statute, Commission rule, requirement or order.

"Regulated substances" means antifreeze, motor oil, motor fuel, gasoline, kerosene, diesel or aviation fuel as set forth in 17 O.S. § 305. It does not include compressed natural gas, liquid natural gas ~~and~~ or propane.

"Release detection" means the methodology used in determining whether a release of regulated substances has occurred from a petroleum storage tank system into the environment or into the interstitial area between the storage tank system and its secondary barrier.

"Residential tank" is a tank located on real property used primarily for dwelling purposes.

"Retail facility" means a service station, convenience store or any other facility selling a PSTD regulated substance that is open to the general public.

"Sacrificial anode" means a device to reduce or prevent corrosion of a metal in an electrolyte by galvanic coupling to a more anodic metal.

"Secondary containment" means a system installed around a petroleum storage tank or system that is designed to prevent a release from migrating beyond the secondary containment system outer wall (in the case of a double-walled tank system) or excavation area (in the case of a liner or vault system) before the release can be detected. Such a system may include, but is not limited to, impervious barriers (both natural and synthetic), double walls, or vaults.

"TPH" means total petroleum hydrocarbons.

"Tampering" means willful intention in an attempt to deceive, cheat or misrepresent facts to the public. Tampering also presents a risk to the environment as well as public health, safety, and welfare.

"Tank tightness testing" or "precision testing" means a procedure for testing a petroleum storage tank system's integrity.

"Temporary out of use" or "TOU" means the status of a petroleum storage tank system that has been taken out of service/use with the intent to permanently close or return to service.

"Total venting capacity" means the sum of the normal and emergency vent capacities and is determined by the wetted area of the tank as provided in Appendix I.

Permanent Final Adoptions

"Used Motor Oil" is any spent motor oil removed from a motor vehicle.

"Vault" means an enclosure consisting of four (4) walls, a floor, and a top for the purpose of containing a liquid storage tank and not intended to be occupied by personnel other than for inspection, repair, or maintenance of the vault, the storage tank or related equipment.

"Wetted area of cylindrical tank" means seventy-five percent (75%) of the total exposed area of the tank ends and shell.

"Wetted area of rectangular tank" means one hundred percent (100%) of the surface area of the bottom, sides, and ends of the tank.

"Wetted area of vertical tank" means the first thirty feet (30') above grade of the exposed shell and floor.

PART 3. SCOPE OF RULES

165:26-1-22. Exclusions

(a) The following classes of aboveground storage tanks or systems are specifically excluded from all provisions of this Chapter:

- (1) All tanks used in the exploration or production of oil and gas, including well service equipment and natural gas compression equipment.
 - (2) All mobile or temporary tanks used at construction sites.
 - (3) All farm and ranch tanks.
 - (4) All tanks used by public utilities in the generation of electric power for public use.
 - (5) All tanks used by manufacturers in the production of goods.
 - (6) Emergency generator tanks.
 - (7) All tanks that contain motor oil, used motor oil or antifreeze located at retail motor vehicle lubrication facilities or automotive service centers.
 - (8) Tanks used for storing heating oil for consumptive use on the premises where stored.
- (b) These exclusions do not extend to permanently located fuel storage tanks used to fuel company vehicles, even though the vehicles may be driven to production or construction sites.

PART 4. ADMINISTRATIVE PROVISIONS

165:26-1-26. Hearings, orders and ~~appeals~~ exceptions

- (a) The Commission will issue orders after notice and hearing as necessary to enforce the provisions of this Chapter or PSTD enabling statutes to protect property, ~~human~~ the public health and safety, and the environment.
- (b) Hearings to enforce or ~~appeal~~ exceptions to the provisions of this Chapter or PSTD enabling statutes will be ~~done~~ conducted in accordance with ~~Chapter 5 of Commission rules~~ OAC 165:5.

PART 7. NOTIFICATION AND REPORTING REQUIREMENTS

165:26-1-41. General reporting requirements

PSTD requires owners and/or operators of aboveground storage tank systems to provide information it deems necessary for the protection of human health, the environment and to assure the safety of people and property. Owners and operators must notify PSTD within thirty (30) days when their mailing address changes or when the status of the aboveground storage tank system changes. Use of the designated PSTD online format is required for reporting, scheduling, tank registration, change in ownership, thirty (30) day release detection, testing, temporary change in service, permanent closure, or return to service. Owners and operators of aboveground storage tanks must notify PSTD ~~using the PSTD scheduling form~~ in the online format established by PSTD at least thirty (30) days prior to switching regulated substances containing greater than ten percent (10%) ethanol or twenty percent (20%) biodiesel ~~using the PSTD scheduling form~~ in the online format established by PSTD. ~~These Required release detection forms are available at the OCC on the Commission website, PST Division webpage: www.oceeweb.com; follow the link to Petroleum Storage Tank Division and link to PST Compliance Forms.~~ Failure to notify and/or submit PSTD paperwork in the online format established by PSTD within the timeframe required may result in an enforcement action.

165:26-1-42. New tank systems

- (a) Persons intending to install a new aboveground storage tank and/or new aboveground or underground piping must give PSTD notification of the installation at least forty-eight (48) hours before the tank and/or lines are to be installed ~~by submitting the PSTD scheduling form in the online format established by PSTD~~ and receiving confirmation of the scheduled installation and the Temporary Authorization for Receipt of Fuel from PSTD. If events require the owner to change the date of installation, the Division should be given forty-eight (48) hours notice of the new date. Any storage tank system permanent removal or a removal associated with replacement of tanks or lines requires at least fourteen (14) day notification prior to the removal activity.
- (b) ~~Upon receipt of the scheduling form an authorization letter giving temporary approval to receive fuel into an unpermitted tank for testing purposes only will be sent to the owner. This letter will expire ninety (90) days after the date of issuance.~~ After the tank installation is complete, the PSTD registration ~~form~~ must be submitted to PSTD in the online format established by PSTD along with copies of required installation testing, photographs of the tank and piping system components before they are covered, an as-built drawing of the entire tank system, and manufacturer installation checklists within thirty (30) days. The tank owner and the AST Licensee are both responsible for timely submittal of all installation paperwork. The registration ~~form~~ must be approved and tank fees paid in order to receive a tank permit to dispense fuel. No regulated storage tank system can be operated without a valid permit from the Corporation Commission.

(c) Owners and AST Licensees must certify on the PSTD Registration ~~form~~ that the installation of tanks and piping meet the requirements of this Chapter. A PSTD Certification of Installation Inspection Form may also be submitted to satisfy certification of tank and piping installation.

PART 15. LICENSING PROCEDURES

165:26-1-113. License penalties

(a) PSTD shall have the responsibility to deny, suspend, refuse to renew or revoke the license of, or reprimand, any licensee who is found ~~guilty in violation of~~:

- (1) The practice of any fraud or deceit in obtaining a license or in performing work pursuant to this Chapter.
- (2) Any gross negligence, incompetence or misconduct in installation work performed pursuant to this Chapter.
- (3) Knowingly making false statements or signing false statements, certificates or affidavits to PSTD or to clients ~~with the intention to induce payment.~~
- (4) Aiding or assisting another person in violating any provision of this Chapter.
- (5) Signing a verification statement for work performed pursuant to this Chapter which was not performed by the aboveground storage tank licensee.
- (6) Engaging in dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud or harm a customer or the public.
- (7) Failure to comply with this Chapter, OAC 165:25, 165:26, 165:27, 165:29, and/or the Oklahoma Petroleum Storage Tank Consolidation Act (17 O.S. §§ 301 et seq.) may result in PSTD seeking a suspension and/or revocation of the license.
- (8) Being under indictment or convicted of a felony for any criminal offense that impacts their obligation to PSTD.
- ~~(9) Failure to submit Commission required paperwork, test results, and reports in the format established by PSTD within the required timeframe may result in enforcement action.~~

(b) Failure to submit Commission required paperwork, test results, and reports in the online format established by PSTD within the required timeframe may result in enforcement action.

~~(bc)~~ Disciplinary action levels against PSTD licensees include but are not limited to informal reprimand, formal reprimand, license suspension, license revocation and refusal to renew.

~~(ed)~~ Any licensee in violation of Commission enabling statutes, PSTD rules, requirements and/or Commission orders may be subject to disciplinary action levels mentioned above and/or fines assessed by the Commission after notice and hearing.

SUBCHAPTER 2. GENERAL REQUIREMENTS FOR ABOVEGROUND STORAGE TANK SYSTEMS

PART 1. DESIGN AND INSTALLATION

165:26-2-3. Aboveground storage tank spacing

Spacing (shell to shell) between any two adjacent aboveground tanks for tanks storing Class I, II, or IIIA stable liquids must be according to the ~~table in Appendix H standards in NFPA 30.~~ The minimum distance between tanks shall be no less than 3 feet. Variances can be made by PSTD for pre-existing facilities where deviation from these rules does not pose a serious hazard to people or property.

165:26-2-4. Distance to be kept around tanks

(a) The following distances, at a minimum, must be kept around aboveground storage tanks.

- (1) 50 ft (15 meters) from the nearest important building as defined by this Chapter;
- (2) 50 ft (15 meters) from any fuel dispenser;
- (3) 50 ft (15 meters) from the nearest side of a public way; and
- (4) 100 ft (30 meters) from any property line that is or might be built upon, including the opposite side of a public way.

(b) The distances as set forth in (a) of this may be reduced by 50 percent if the tanks are fire-resistant. The distances as set forth in (a) may be further reduced if the tanks are a fire-protected ~~type aboveground~~ tank or tanks in vaults as per NFPA 30A-4.3.2.4.

(c) A variance may be granted for pre-existing facilities where compliance would be difficult and expensive and the current distances between tanks, property lines or dispensers pose no serious threat to people or property.

165:26-2-5.1. General spill and overfill prevention requirements

(a) Owners and operators of aboveground storage tank systems, their employees or agents, as well as those who transport regulated substances to these systems must do everything reasonably possible to ensure that releases due to spilling and overfilling do not occur.

(b) Tanks with a fill pipe must be filled through a liquid tight connection mounted inside at least a five (5) gallon spill container. A spill bucket is not required if the fill pipe is located within an impervious containment dike. Where an aboveground tank is filled by means of fixed piping, either a check valve and shutoff valve with a quick-connect coupling or a check valve with a dry-break coupling shall be installed in the piping at a point where connection and disconnection is made inside the spill containment between the tank and the delivery vehicle. This device shall be protected from tampering and physical damage. Tampering with equipment is prohibited. Any violation of this section may result in fines, enforcement action and/or shutdown of operations.

(c) For existing aboveground storage tank systems installed ~~after July 1, 2007~~ before October 13, 2018, any one of the following methods must be used to prevent overfilling.

- (1) High liquid level alarms with an audible or visual signal that alerts personnel when the tank reaches ninety

percent (90%) capacity at a constantly attended operation or surveillance station.

- (2) High liquid level pump cutoff devices set to stop flow at a predetermined container content level.
 - (3) Direct audible or code signal communication between the tank gauger and the pumping station.
 - (4) A fast response system for determining the liquid level of each bulk storage container such as digital computers, telepulse, or direct vision gauges. If this alternative is used a second person must be present to monitor gauges and the overall filling of the tank.
- (d) For installations after October 13, 2018, a fill valve which automatically stops delivery of liquid when the tank reaches ninety-five percent (95%) capacity in addition to one of the following methods must be used to prevent overfilling.
- (1) High liquid level alarms with an audible or visual signal that alerts personnel when tank reaches ninety percent (90%) capacity at a constantly attended operation or surveillance station.
 - (2) Direct audible or code signal communication between the tank gauger and the pumping station.
 - (3) A fast response system for determining the liquid level of each bulk storage container such as digital computers, telepulse, or direct vision gauges. If this alternative is used, a second person must be present to monitor gauges and the overall filling of the tank.
- (e) Liquid level sensing devices must be tested at least annually to ensure proper operation.
- (f) Means shall be provided for determining the liquid level in each tank and this means shall be accessible to the delivery operator. Tank filling shall not begin until the delivery operator has determined that the tank has sufficient available capacity (ullage).

165:26-2-7. Collision barriers

- (a) Aboveground storage tanks exposed to traffic must be resistant to damage from the impact of a motor vehicle ~~or be protected~~ by suitable collision barriers. The secondary containment dike may serve as a collision barrier provided that it cannot be penetrated by a motor vehicle.
- (b) When guard posts or collision barriers are installed, the following design shall be acceptable:
- (1) They shall be constructed of steel not less than 4 in. (100 millimeters) in diameter and shall be filled with concrete.
 - (2) They shall be spaced not more than 4 ft. (1.2 meters) on center.
 - (3) They shall be set not less than 3 ft (0.9 meters) deep in a concrete footing of not less than 15-in. (380 millimeters) diameter.
 - (4) They shall not be less than three feet (3') above grade and concrete barriers not less than thirty-two inches (32") above grade.
 - (5) They shall not be less than five feet (5') from the tank shell.
- (c) Dispensing devices, except those attached to containers, must either be mounted on a concrete island or otherwise protected against collision damage by suitable means and must

be securely bolted in place. If located indoors, the dispensing device will be located in a position where it cannot be struck by a vehicle that is out of control descending a ramp or other slope. The installation must be in accordance with the manufacturer's instructions.

PART 9. DISPENSER REQUIREMENTS

165:26-2-91.1. Display on dispenser

- (a) Every dispenser or delivery device regulated by the Commission used for sale of motor fuel to the public must legibly display the type of motor fuel offered for sale.
- (b) Any motor fuel must be displayed in accordance with 16 CFR Part 306.0 through 306.12, including Appendices; and sold as provided for by Commission rules and National Institute of Standards and Technology (NIST) Handbook 44, "Specifications, Tolerances, and Other Technical Requirements for Weighing and Measuring Devices".

SUBCHAPTER 3. RELEASE PREVENTION AND DETECTION

PART 14. RELEASE REPORTING REQUIREMENTS

165:26-3-77. Release reporting

- (a) The reporting requirements of this Part do not relieve the owner or operator of the responsibility to take necessary corrective action pursuant to OAC 165:29 to protect the public health, safety and the environment, including the containment and cleanup of spills and overfills that are not required to be reported by this Chapter. No person shall allow a confirmed or suspected release of regulated substances from an aboveground storage tank system to continue without reporting to PSTD or initiating an investigation within twenty-four (24) hours of discovery as required by this Chapter. Owners and operators of aboveground storage tank systems, as well as persons who transport regulated substances must ensure that spills and overfills do not occur.
- (b) All aboveground storage tank system owners, operators, their employees or agents, or transporters must report to PSTD within twenty-four (24) hours of discovering any substances, conditions or monitoring results that indicate a release may have occurred using the link provided on the release reporting tab on PSTD's webpage ~~at the OCC website, www.okccweb.org (PSTReleaseReporting@okccemail.com); on the Commission website; by email at PSTReleaseReporting@okcc.ok.gov; or by telephone at (405) 521-4683 or 1-888-621-5878. If after hours, or on weekends or holidays, call the PSTD emergency phone number at (405) 823-0994. Owners or operators must provide written confirmation to follow within twenty (20) days in accordance with the requirements established in this Chapter. Events indicating a release include, but are not limited to, the following:~~

(1) The discovery of released regulated substances at the aboveground storage tank system facility or in the surrounding area (such as the presence of free product or vapors in soils, basements, crawlspaces, sewer and utility lines, and nearby surface water) whether on-site or off-site.

(2) Any unusual operating conditions observed by owners, operators, their employees, or agents such as the unexplained erratic behavior of product dispensing equipment, the sudden loss of product from the aboveground storage tank system, or an unexplained presence of water in the tank, unless system equipment is found to be defective but not leaking, and is immediately repaired or replaced.

(3) In the case of inventory control, two (2) consecutive thirty (30) day periods where the Total Gallons Over/Short is greater than the "Leak Check" (one percent (1%) of product sales plus 130 gallons) must be reported to PSTD within twenty-four (24) hours of the owner, operator, their employees, or agents discovering the inventory control results.

(4) Monitoring results from a release detection method required by this Chapter that indicate a release may have occurred unless the monitoring device is found to be defective, and is immediately repaired, recalibrated, or replaced, and additional monitoring does not confirm the initial result.

(c) While aboveground releases of petroleum of less than twenty-five (25) gallons need not be reported to PSTD, they must be recorded by the owner or operator and contained and cleaned up immediately. All of the following releases must be reported to PSTD electronically or by telephone within twenty-four (24) hours of discovery, by the owner, operator, employee, or agent, with a written confirmation to follow within twenty (20) days in accordance with the requirements established in this Chapter:

(1) All known belowground releases in any quantity; for example, a release resulting from a line broken during an excavation.

(2) Any aboveground release of petroleum greater than twenty-five (25) gallons.

(3) Any aboveground release of petroleum that is less than twenty-five (25) gallons, but cannot be contained and cleaned up within twenty-four (24) hours.

(d) All owners and/or operators of aboveground storage tank systems must maintain records of all reportable and non-reportable events listed in this section sufficient to permit adequate inspection and review by PSTD. These records must be kept for three (3) years following the date of the event.

(e) If any of the possible, probable or definite release conditions set forth in subsections (a) through (c) above are not reported within twenty-four (24) hours, the owner, operator, their employees, or agents may be subject to fines, Formal Enforcement Action and/or shutdown of operations.

(f) Any releases requiring emergency corrective action must be reported immediately to PSTD at (405) 521-4683 or 1-888-621-5878. After office hours, weekends or holidays, calls must be reported to PSTD's emergency number at (405) 823-0994.

SUBCHAPTER 4. INSPECTIONS, NOTICES OF VIOLATION, FIELD CITATIONS AND FORMAL ENFORCEMENT ACTIONS

PART 5. NOTICES OF VIOLATION, FIELD CITATIONS, AND FORMAL ENFORCEMENT ACTIONS

165:26-4-16. Notices of Violation

(a) When a PSTD Fuel Specialist finds a violation of any statute, rule, requirement, or order of the Commission regarding the regulation of petroleum storage tanks, the Fuel Specialist may issue a Notice of Violation ("NOV").

(1) A Notice of Violation is to alert the tank owner or operator that a violation has been found. The NOV will describe the violation, and ~~warn~~advise that further PSTD enforcement action may occur if the violation is not corrected.

(2) At PSTD's discretion, serious violations can be immediately turned over to the Commission's Judicial and Legislative Services Division for Formal Enforcement Action.

(23) The NOV must explain what the offense is and how it can be corrected.

(b) Notices of Violation will state the following information:

(1) A clear description of the violation(s).

(2) A date by which the violation(s) must be corrected.

(3) The name of the Fuel Specialist issuing the NOV, along with a telephone number and address so that the tank owner or operator can ask the Fuel Specialist questions.

(c) NOV(s) are issued to the owner or operator of the storage tank facility. If the owner/operator is not present, NOV(s) can be given to store personnel.

(d) All notifications and/or correspondence will be mailed or electronically submitted to the owner and/or operator.

165:26-4-17. Re-inspection, Field Citation and Formal Enforcement Actions

(a) On or after the date that the violation is to be corrected, a Fuel Specialist will re-inspect the storage tank facility to verify that the violation has been corrected.

(b) If the re-inspection shows that the violation has not been corrected, the Fuel Specialist may:

(1) Refer the violation to the PSTD Compliance and Inspection Manager or the Director's designee who may initiate Formal Enforcement Action or issue a Field Citation; and/or

(2) Shut down the storage tank ~~facility system~~ pending a correction of the problem or a hearing on the issue.

165:26-4-18. Issuance of a Field Citation and payment of fine or hearing

(a) The storage tank owner or operator can either pay the amount of the fine as stated in the Field Citation or request a hearing.

(b) The tank owner or operator will have thirty (30) days from the date the Field Citation was issued to pay the fine.

(1) A fine may be paid with cash, a money order, check or electronic method approved by the Commission. Any cash payment must be made at the Commission cashier window. All checks must be made payable to the Oklahoma Corporation Commission - Petroleum Storage Tank Division. If sending payment through the mail, a copy of the Field Citation must be sent with the payment to ensure proper credit.

(2) Payment of the citation within the thirty (30) day time frame will not be considered an agreement or disagreement with the Field Citation.

(c) If the storage tank owner or operator disagrees with the Field Citation, they may appear at the hearing at the Commission as provided on the Field Citation. If found ~~guilty at the hearing in violation of PSTD rules at the time the Commission order is issued~~, the tank owner or operator must pay the amount of the fine, as well as an administrative cost of \$250.00.

(d) ~~If a Field Citation has not been paid within ninety (90) days of being issued or within ninety (90) days of a Commission order confirming the fine, the amount of the fine will double.~~—Refusal to comply with an order of the Commission may result in an additional fine being levied after notice and hearing in an amount as allowed by law, and shutdown of the facility storage tank system for failure to pay fines.

(e) Failure of a tank owner or operator to appear at the hearing may result in additional enforcement action.

(f) ~~An appeal from Any exceptions to~~ the hearing may be made in accordance with OAC 165:5.

(g) A tank owner or operator is still responsible for following the Commission's rules regarding petroleum storage tanks regardless of paying a fine or correcting a violation.

PART 7. PENALTIES

165:26-4-21. Penalties

(a) Pursuant to 17 O.S. § 311(A), any person who violates any of the provisions of this Chapter shall be liable for an administrative penalty or fine not to exceed \$10,000.00 for each day that the violation continues.

(b) If the person disagrees with the violation(s) listed in the Formal Enforcement Action, they may appear at the hearing at the Commission. If found ~~guilty at the hearing in violation of PSTD rules at the time the Commission order is issued~~, the person must pay the amount of the fine, as well as an administrative cost of \$250.00.

SUBCHAPTER 8. REQUIREMENTS FOR ABOVEGROUND STORAGE TANK SYSTEMS UTILIZED BY MARINAS

PART 15. DISPENSER REQUIREMENTS

165:26-8-62. Nozzles

Dispensing nozzles used at marinas must be the automatic closing type. Hold-open latch devices from nozzles for marina service are not allowed.

APPENDIX G. FIELD CITATIONS TABLE [REVOKED]

APPENDIX G. FIELD CITATIONS TABLE [NEW]

*Field Citation Table fine amounts will be used when Field Citations are issued, and may be used as a suggested fine amount in a Formal Enforcement Action, but not to exceed the statutorily set limitations in 17 O.S. § 311(A).

Rule	Violation	Fine Amount
Registration & Permit Requirements		
165:26-1-41	Failure to amend registration within 30 days to reflect changes in tank status	\$500
165:26-1-42	Failure to register tanks within 30 days of bringing the system into service	\$500
165:26-1-42	Operating a tank without a valid permit	\$1,000
165:26-1-47	Failure to amend registration within 30 days to reflect change in ownership	\$500
165:26-1-70	Failure to pay AST permit fees prior to due date	Not > 50% of fee
Notification Requirements		
165:26-1-41	Failure to identify all storage tanks on notification form after third request, including a letter advising tank owner of the penalty	\$1,000
165:26-1-41	Failure to notify PSTD in the required online format and timeframe	\$250
	Second offense	\$500
	Third offense	\$750
165:26-1-42	Failure to notify PSTD prior to AST installation.	\$500
165:26-1-48	Failure to report non-passing tank or line tightness test results.	\$500
165:26-1-57	Failure to provide installation information on notification form after third request, including a letter advising tank owner of the penalty.	\$1,000
165:26-2-210	Failure to notify PSTD prior to AST closure	\$500
165:26-3-77	Failure to report to PSTD within 24 hours of discovering any PSTD regulated substances, conditions or monitoring results that indicate a reportable release may have occurred	\$250

Permanent Final Adoptions

Required Reports		
165:26-1-57	Failure to submit tank closure report within 45 days	\$250
Rule	Violation	Fine Amount
165:26-3-171	Failure to submit required reports pertaining to suspected release investigations and/or corrective action activities in a timely manner	\$250
	Second offense for same case or facility number	\$500
	Third offense for same case or facility number	\$750
General Leak Detection Requirements		
165:26-1-55	Failure to maintain records of release or leak detection monitoring	\$250
165:26-1-58	Failure to retain records of calibration, maintenance, and repair of release or leak detection equipment	\$250
165:26-3-19	Failure to provide adequate release or leak detection for storage tank system	\$250
165:26-3-20	Second Offense	\$500
	Third Offense	\$1,000
165:26-3-20	Failure to monitor tank(s) for releases as required	\$250
165:26-3-20.1	Failure to use approved release or leak monitoring method for tank	\$250
165:26-3-20.1	Failure to use approved release or leak monitoring method for piping	\$250
165:26-3-20.2		
Spill & Overfill Prevention		
165:26-1-59	Failure to maintain spill and overfill records	\$250
165:26-2-5.1	Tank owner/operator accepting delivery into an AST that does not have spill or overfill protection	\$1,000
Operation and Maintenance of Corrosion Protection		
165:26-1-58	Failure to provide a Cathodic Protection Design or Suitability Study	\$1,000
165:26-2-40	Tank owner/operator accepting delivery into an AST that does not have a required corrosion protection system	\$1,000
165:26-2-41	Failure to properly operate and maintain corrosion protection system (first offense)	\$150
	Second Offense	\$500
	Third Offense	\$1,000
165:26-2-42	Failure to properly and/or timely test corrosion protection system	\$250
165:26-2-42	Failure to maintain records of cathodic protection system every 60 days	\$250 (per period)

165:26-2-42	Failure to use a qualified cathodic protection tester to inspect corrosion protection system at least once every three years (first offense)	\$500
	Second Offense	\$1,000
Rule	Violation	Fine Amount
165:26-2-42	Failure to test cathodic protection system within 6 months installation or repair	\$250
Release Investigation & Confirmation		
165:26-3-171	Failure to conduct tightness test(s) to investigate suspected leak(s)	\$250
165:26-3-171	Failure to investigate a spill or a spill resulting from overfill over 25 gallons	\$100
165:26-3-171	Failure to clean up a spill or a spill resulting from overfill over 25 gallons	\$500
Temporary Closure		
165:26-2-212	Failure to provide adequate release detection as required in a temporarily closed storage tank system	\$250
165:26-2-212(2)	Failure to properly vent a temporarily closed storage tank system as required	\$250
165:26-2-212(3)	Failure to secure all storage tank-related equipment for temporary closure.	\$250
Permanent Closure		
165:26-2-213	Failure to use a PSTD licensed AST Licensee	\$500
165:26-2-214	Failure to measure for the presence of a release before a permanent closure	\$500
165:26-2-214(d)	Failure to use a PSTD licensed Environmental Consultant	\$500
Repairs		
165:26-1-56	Failure to maintain repair records for operating life of storage tank	\$250
165:26-2-1.1 165:26-2-191	Failure to use a PSTD licensed AST Licensee to install or repair person to repair	\$500
	Second offense or thereafter by owner (per owner, not per facility)	\$1000
165:26-2-8	Failure to perform tightness test on tank system after installation or repair	\$300
Other		
165:15-7-1	Misrepresentation of octane level per location	\$500
	Second Offense within a year	\$1000
	Third Offense – Closure & Hearing	\$5000

Permanent Final Adoptions

165:26-1-31	Failure to follow standard codes for installation	\$500
Rule	Violation	Fine Amount
Administrative Penalty	Any owner or operator of a storage tank who fails to comply with any order issued by the Commission for corrective or enforcement actions may be subject, after notice and hearing, to a fine in an amount as allowed by law.	

TITLE 165. CORPORATION COMMISSION CHAPTER 27. INDEMNITY FUND

[OAR Docket #20-603]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

Subchapter 1. General Provisions
165:27-1-2. Definitions [AMENDED]
165:27-1-6. Prescribed forms [AMENDED]
Subchapter 9. Administrative Provisions
165:27-9-1. Hearing, orders, and ~~appeals~~ exceptions [AMENDED]

AUTHORITY:

Corporation Commission; 17 O.S. §§ 52, 301, 306(12), 307, 322, 342, and 347.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2019-11, the proposed rules were submitted to the Governor and Cabinet Secretary on September 18, 2019.

COMMENT PERIOD:

September 18, 2019 to November 15, 2019

PUBLIC HEARING:

December 10, 2019

ADOPTION:

December 10, 2019

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

December 20, 2019

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's Declaration on June 25, 2020

FINAL ADOPTION:

June 25, 2020

EFFECTIVE:

October 1, 2020

SUPERSEDED EMERGENCY ACTIONS:

N/A

INCORPORATIONS BY REFERENCE:

N/A

GIST/ANALYSIS:

The approved rules add language to clarify definitions; add statutory citations; and strike definitions appearing in statute, or not otherwise used in the rules. The approved rules also add current forms submittal procedures; add terminology consistent with Oklahoma Administrative Code ("OAC") 165:5; and strike redundant language.

CONTACT PERSON:

Travis N. Weedn, Deputy General Counsel, Judicial & Legislative Services Division, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, Telephone (405)521-4137, Email Travis.Weedn@occ.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

165:27-1-2. Definitions

In addition to the terms defined in 17 O.S. Sections 303, and in Oklahoma Administrative Code (OAC) 165:25-1-11, 165:26-1-2, and 165:29-1-11 the following words or terms, when used in this Chapter, are the Commission's interpretation

of enabling statutes and shall have the following meaning unless the context clearly indicates otherwise:

"Actual physical damage" means those damages to real and personal property directly related to corrective action performed on a release of petroleum from a Commission regulated storage tank system. Personal property damage is limited to the replacement value of the personal property less depreciation. Real property damage is limited to the lesser of the property value or diminution in property value directly associated with a release of regulated substances from a Commission regulated storage tank system. In no event will the Indemnity Fund reimburse speculative damages, inferred damages, unrealized damages or any other damages where damage costs are not actually incurred, paid, or otherwise established to the Commission's satisfaction. The burden of proof shall be upon the person seeking compensation from actual physical damages.

"Administrative Application" means an Application for eligibility and reimbursement made to the Commission by the Director of the Petroleum Storage Tank Division on behalf of an unavailable or unwilling Applicant to facilitate meeting the Program's obligation to protecting public health, safety and welfare.

"Agent" means a person authorized by another to act on their behalf, either out of employment or contract.

"Allowable Costs" means costs that are reasonable, integral and necessary to corrective action.

"Assignment of Benefits" means a written directive from the Applicant of Record instructing the PSTD Indemnity Fund to pay reimbursement directly to the named Assignee.

"Assignment of Rights" (aka "Limited Power of Attorney") means a transfer of authority granting the Assignee the legal right to act on the Assignee's behalf for specified matters.

"Associated costs" means expenses that are not integral to the corrective action and not subject to reimbursement.

"Chemicals of Concern" or **"COC"** means chemicals that may pose a threat to human health and the environment.

"Claim" or **"Claims"** means a properly submitted request for reimbursement from the Fund for an eligible suspicion of release ("SOR") or confirmed release case when the co-pay is paid.

"Closed file case" means a ~~file petroleum release case~~ for which final resolution has been made of all invoices submitted for corrective action taken under an application for reimbursement from the Indemnity Fund and the PSTD Technical Department deems no further corrective action is necessary.

"Commission" or **"OCC"** means the Oklahoma Corporation Commission.

"Confirmed Release" means a release of a regulated substance from a regulated storage tank system resulting in free product, contaminated soils or groundwater that exceed state action levels, organic vapor readings significantly above background levels, petroleum staining or odors or any other indication that a release has occurred that could be harmful to human health, safety or the environment and to which a PSTD case number is assigned and further corrective action is required.

Permanent Final Adoptions

"Contamination" means ~~pollution in the native environment caused by a release of a regulated substance above action levels for that substance as set by the Commission.~~

"Disbursement" includes all monies, actually paid, expended, encumbered, reserved or attributable to a reimbursable event(s).

"Dispenser" means equipment, gauge(s), hose(s), nozzle(s), immediately associated pipe or fittings and other such appurtenances located aboveground and intended for dispensing PSTD-regulated substances from a tank system.

"Electronic signature" means ~~any information in digital form that is included in or logically associated with an electronic document for the purpose of expressing the same meaning and intention as would a handwritten signature if affixed to an equivalent paper document with the same reference to the same content~~ an electronic signature as defined in OAC 165:5-1-3.

"Eligible Person" means the party who has made application to the Indemnity Fund and met applicable criteria to become eligible to receive reimbursement on an OCC suspicion of release or confirmed release, and who has been issued an Eligibility Letter from the Indemnity Fund. An eligible person may be an impacted party or adjacent owner.

"Eligible Release" means a suspicion of release or confirmed release that qualifies for Indemnity Fund reimbursement once Fund eligibility has been determined.

"Fund" means the Petroleum Storage Tank Indemnity Fund.

"Impacted Party" means an owner whose property has been impacted by a release from an on site or off site petroleum storage tank system that was never owned or operated by the impacted party and who has no OCC regulatory responsibility. An Impacted Party can apply for Fund eligibility and reimbursement, and the Fund deductible is not applicable.

"Investigation" means activities taken to identify, confirm, monitor or delineate the physical extent of a release and which result in the selection of an appropriate means to remediate a release and specific design criteria for such remediation upon currently used costing programs and/or reasonable competitive bids.

"Licensed Environmental Consultant" means an individual who has a current license issued by the PSTD to perform corrective action.

"Medical injury(ies)" means actual physical injury to a person in which medical costs have been incurred in association with the diagnosis and treatment of a physical injury directly caused by corrective action performed on a release of petroleum from a Commission regulated storage tank system.

"Modified eligibility" means the eligibility process for a suspicion of release ("SOR") case in which substantial compliance review is not required and the Indemnity Fund co-payment is paid upon closure of the SOR case. In the event the SOR case becomes a confirmed release case, a substantial compliance review is required and the statutory co-payment must be remitted within 30 days of the invoice date.

"Occurrence" means the release of a PSTD regulated substance into the soil or groundwater. Each PSTD regulated substance will be treated as one (1) occurrence regardless of the

composition of the substance released. Separate occurrences of the same PSTD regulated substance may be allowed if evidence establishes the PSTD regulated substance occurred in two (2) different tank system locations, are separated by time, or both.

"Operator" means any person in control of or having responsibility for the daily operation of the storage tank system, whether by lease, contract, or other form of agreement. The term "operator" also includes a past operator at the time of a release, tank closure, violation of the Oklahoma Petroleum Storage Tank Consolidation Act, or a rule promulgated thereunder, or a requirement of the Commission. In the case of a storage tank system in service/use before November 8, 1984, but no longer in service/use on that date, the last person to operate the storage tank system immediately before the discontinuation of its service/use.

"Owner" means: any person as set forth in 17 O.S. § 303(27).

(A) ~~In the case of a storage tank system in service/use on November 8, 1984, or brought into service/use after that date, any person who holds title to, controls, or possesses an interest in a storage tank system used for the storage, use, or dispensing of regulated substances, including the real property owner where the storage tank system is still present, the storage tank system presence is a trade fixture or improvement or both. It is not necessary that the real property owner sold, used, or stored regulated substances in, of, or from the storage tank system.~~

(B) ~~In the case of a storage tank system in service/use before November 8, 1984, but no longer in service/use on that date, any person who holds title to, controls, or possesses an interest in a storage tank system immediately before the discontinuation of its service/use. A~~ However, a real property owner who has a storage tank system located on their property that was taken out of service/use prior to November 8, 1984, is not considered to be a storage tank owner for any PSTD regulated purpose.

"Pay for Performance" or "PFP" means ~~a process where an environmental consulting company (Consultant) guarantees by contract that a release of a regulated substance will be remediated to Chemicals of Concern (COC) levels agreed to by the PSTD, the Consultant and tank owner/operator that are protective of human health, safety and the environment. This performance based process encompasses several steps, but is not limited to the contract signed by an officer/owner of the environmental consulting company, the applicant and the Administrator of the Indemnity Fund and an agreed to reasonable price. Scheduled payments are distributed only as performance based goals are attained.~~

"Petroleum storage tank system" means a closed-plumbed system including storage tank(s), line(s) and dispenser(s) for a given product, e.g. a facility site can have a gasoline and a diesel system, or systems for different grades of gasoline, or even separate systems for the same grade of gasoline. It also includes a transport delivery truck when attached to a tank system, and a used oil tank.

"PSTD" means Petroleum Storage Tank Division, or Division.

"Purchase Order" means a document submitted to PSTD online to obtain pre-approval by PSTD of a scope of work and the costs associated with the scope of work.

"Recalcitrant owner" means an owner/operator who is responsible for a tank system and after notice will not adhere to a PSTD enabling statute, Commission rule, requirement or order.

"Reimbursement" means repayment of a ~~an~~ approved claim to a qualified Claimant or Assignee, or for an Administrative Application, or ~~for such a payment of an approved claim submitted on behalf of a qualified Claimant, for incurred allowable costs resulting from an eligible release.~~

"Remedial Action Plan" means a plan implementing the required and approved remediation.

~~"Remediation" means the process or technique used to reduce concentration levels of regulated substances in the soil and groundwater, and/or to reduce the presence of free product in the environment to levels that are protective of human health, safety and the environment.~~

~~"Site assessment" means a multi-step process designed to determine if a site has possibly been impacted by an amount of regulated substance(s).~~

~~"Site characterization" means a report submitted to the Commission that defines the extent of the contamination. The report should include, as a minimum, all things required by OAC 165:29 for such a report.~~

"Suspicion of Release" or "SOR" means preliminary investigative work to determine if a release of a regulated substance has occurred.

"Work Plan" means a proposed scope of work submitted online to implement corrective action.

165:27-1-6. Prescribed forms

~~All current, recognized and approved division forms must be used and are available from the PSTD or on the web page at www.occweb.com, in person or by written request. Use of the online format established by PSTD is required.~~

SUBCHAPTER 9. ADMINISTRATIVE PROVISIONS

165:27-9-1. Hearing, orders, and ~~appeals exceptions~~

(a) ~~Hearings and appeals to enforce or exceptions to the provisions of this Chapter or PSTD enabling statutes shall be conducted in accordance with Chapter 5 of Commission rules shall be before an Administrative Law Judge on the PSTD Docket OAC 165:5.~~

(b) The Commission shall issue ~~such orders after notice and hearing as it deems necessary to enforce the provisions of this Chapter or PSTD enabling statutes to protect human property,~~

~~the public health and safety, and the environment within the State of Oklahoma.~~

[OAR Docket #20-603; filed 7-24-20]

TITLE 165. CORPORATION COMMISSION CHAPTER 29. CORRECTIVE ACTION OF PETROLEUM STORAGE TANK RELEASES

[OAR Docket #20-604]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

Subchapter 1. General Provisions
Part 3. Definitions
165:29-1-11. Definitions [AMENDED]
Part 7. National Industry Codes
165:29-1-32. Incorporated codes and standards [AMENDED]
Subchapter 3. Release Prevention, Detection and Correction
Part 1. Release Prohibition, Reporting, and Investigation
165:29-3-2. Release reporting [AMENDED]
Part 5. Corrective Action Requirements
165:29-3-71. General applicability; exception [AMENDED]
165:29-3-76. Tier 1A ORBCA [AMENDED]
165:29-3-80. Remedial Action Plan [AMENDED]
165:29-3-81. Property owners affected by releases; notice [AMENDED]
Part 7. Licensing Procedures for Environmental Consultants
165:29-3-92. License penalties [AMENDED]
Subchapter 5. Administrative Provisions
165:29-5-1. Hearings, orders and ~~appeals exceptions~~ [AMENDED]

AUTHORITY:

Corporation Commission; 17 O.S. §§ 306(12), 307, 322, 342, and 347.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2019-11, the proposed rules were submitted to the Governor and Cabinet Secretary on September 18, 2019.

COMMENT PERIOD:

September 18, 2019 to November 15, 2019

PUBLIC HEARING:

December 10, 2019

ADOPTION:

December 10, 2019

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

December 20, 2019

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 25, 2020

FINAL ADOPTION:

June 25, 2020

EFFECTIVE:

October 1, 2020

SUPERSEDED EMERGENCY ACTIONS:

N/A

INCORPORATIONS BY REFERENCE:

Incorporated standards:

PEI 1700 (2018 Edition), "Recommended Practices for the Closure of Underground Storage Tank and Shop-Fabricated Aboveground Storage Tank Systems."

Incorporating rules:

165:29-1-32

Availability:

8:00 a.m. to 4:30 p.m., Monday through Friday at the Petroleum Storage Tank Division, Oklahoma Corporation Commission, Jim Thorpe Building, 2101 N. Lincoln Blvd., Oklahoma City, OK 73105

GIST/ANALYSIS:

The approved rules add language to clarify definitions and make them consistent with other chapters; add statutory citations; add definitions for change in service, chemicals of concern, and site assessment; and strike definitions appearing in statute or not otherwise used in the rules. The

approved rules refer the public to the Commission's website and email address; clarify terminology within the Chapter; move existing language to a new subsection in the rule; add terminology consistent with Oklahoma Administrative Code ("OAC") 165:5; correct grammar; and strike redundant language.

CONTACT PERSON:

Travis N. Weedn, Deputy General Counsel, Judicial & Legislative Services Division, Oklahoma Corporation Commission, 2101 N. Lincoln Blvd., P.O. Box 52000, Oklahoma City, OK 73152-2000, Telephone (405)521-4137, Email Travis.Weedn@occ.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

PART 3. DEFINITIONS

165:29-1-11. Definitions

In addition to the terms defined in 17 O.S. § 303, the following words or terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"ANSI" means the American National Standards Institute.

"API" means the American Petroleum Institute.

"ASTM" means the American Society for Testing and Materials.

"Aboveground release" means any release to the surface of the land or to surface water. It includes, but is not limited to, releases from the aboveground portion of an underground storage tank system and aboveground releases associated with overfills and transfer operations as the regulated substance moves to or from an underground storage tank system.

"Agent" means a person authorized by another to act on their behalf, either out of employment or contract.

"Aquifer" means a formation that contains sufficient saturated, permeable material to yield significant quantities of water to wells and springs. This implies an ability to store and transmit water for beneficial uses.

"Ancillary equipment" means any device including, but not limited to, devices such as piping, fittings, flanges, valves, and pumps that are used to distribute, meter, or control the flow of regulated substances to or from a petroleum storage tank.

"Backfill" refers to only the material placed in the excavation zone to support the petroleum storage tank system.

"Belowground release" means any release to the subsurface of the land or to groundwater. It includes, but is not limited to, releases from belowground portions of petroleum storage tank systems and belowground releases associated with overfills and transfer operations as the regulated substance moves to or from underground storage tank systems. "Belowground release" does not include releases to a secondary containment system.

"Beneath the surface of the ground" means beneath the ground's surface or otherwise covered with materials so that physical inspection is precluded or impaired.

"Beneficial uses" means a classification of the waters of the State, according to their best uses in the interest of the public.

"Change in service" means a change in the status of a storage tank (i.e., from currently in use to temporarily out of use); or change of regulated substance that a storage tank contains.

"Chemicals of Concern" or "COC" means chemicals that may pose a threat to human health and the environment.

"COC" means Chemical of Concern.

"Commission" or "OCC" means the Oklahoma Corporation Commission and includes its designated agents or representatives.

"Compatible" means the ability of two (2) or more substances to maintain their respective physical properties upon contact with one another for the design life of the petroleum storage tank system under conditions likely to be encountered in the system.

"Confirmed Release" means a release of a regulated substance from a regulated storage tank system resulting in free product, contaminated soils or groundwater that exceed state action levels, organic vapor readings significantly above background levels, petroleum staining or odors or any other indication that a release has occurred that could be harmful to human health, safety or the environment and to which a PSTD case number is assigned and further corrective action is required.

"Contaminants" or "contamination" means concentrations of regulated substances or dissolved compounds therefrom at levels that may cause adverse human health or environmental effects.

"Corrective action" means action taken to assess, monitor, minimize, eliminate or clean up a release from a storage tank system.

"Corrective Action Plan" means any plan submitted to the Division detailing the method and manner of corrective action to be taken for a release.

"DAF" means Dilution Attenuation Factor.

"DEQ" means the Oklahoma Department of Environmental Quality.

"DWS" means Drinking Water Standards.

"de minimis" means, for the purposes of this Chapter, very small, as in very small amounts or concentrations of regulated substances.

"Dielectric material" means a material that does not conduct direct electric current. Dielectric coatings are used to electrically isolate underground storage tank systems from the surrounding area. Dielectric bushings are used to electrically isolate portions of the underground storage tank system (e.g., tank from piping).

"Dilution Attenuation Factor" or "DAF" means a unitless number greater than or equal to unity and represents the

ratio of dissolved phase concentration at a downgradient location to the concentration at an upgradient location. It represents the reduction in concentration due to the combined influence of several factors (diffusion, dispersion, adsorption, decay, volatilization). It is applicable for all media, but is most commonly used for the unsaturated and saturated zones. DAF is generally estimated using a fate and transport model or based on site specific data.

"Director" means the Director of the Petroleum Storage Tank Division of the Corporation Commission.

"Division" means the Petroleum Storage Tank Division of the Corporation Commission.

"EPA" means the United States Environmental Protection Agency.

"Electrical equipment" means underground equipment that contains dielectric fluid necessary for the operation of equipment such as transformers and buried electric cable.

"Electronic signature" means any information in digital form that is included in or logically associated with an electronic document for the purpose of expressing the same meaning and intention as would a handwritten signature if affixed to an equivalent paper document with the same reference to the same content an electronic signature as defined by OAC 165:5-1-3.

"Environment" means any water, water vapor, any land including land surface or subsurface, fish, wildlife, air and atmosphere, and all other natural resources.

"Environmental experience" means work-related experience in any type of activities associated with soil, water or atmosphere impacted or potentially impacted by a PSTD regulated substance.

"Excavation zone" means the volume containing the underground storage tank system and backfill materials, bounded by the ground surface, walls, and floor of the pit and trenches into which the underground storage tank system is placed at the time of installation.

"Facility" means any location or part thereof consisting of one (1) or more petroleum storage tanks or systems containing regulated substances.

"Flow-through process tank" means a tank that forms an integral part of a production process through which there is a steady, variable, recurring or intermittent flow of material during the operation of the process. Flow-through process tanks do not include tanks used for the storage of materials prior to their introduction to the process or for the storage of finished products or by-products from the production process.

"FOC" means fraction organic carbon content.

"Fraction organic carbon content" or **"FOC"** means the fraction of organic carbon in soil that influences the adsorption of organic chemicals. It can be estimated in soils using high temperature combustion and oxidation techniques such as ASTM method D2974.

"Free product" means a regulated substance that is present as a non-aqueous phase liquid (e.g., liquid not dissolved in water).

"Fresh groundwater" means groundwater with total dissolved solids (TDS) less than five thousand (5,000) parts per million.

"Fund" means the Petroleum Storage Tank Release Environmental Cleanup Indemnity Fund.

"Gathering lines" means any pipeline, equipment, facility, or building used in the transportation of oil or gas during its production or gathering operations.

"Groundwater" means that part of water that is below the water table.

"Half-life" means the time required for the decay or transformation of one half (1/2) of the amount of a chemical.

"Hazard Index" means the sum of the Hazard Quotients.

"Hazard Quotient" means the estimated dose, or intake, for a specific chemical and a specific pathway, divided by the Reference Dose (RfD).

"Impervious barrier" means a barrier of sufficient thickness, density, and composition that is impenetrable to the regulated substance, has a permeability of at least 1×10^{-6} cm/sec., and will prevent the discharge to the environment of any regulated substance for a period of at least as long as the maximum anticipated time during which the regulated substance will be in contact with the impervious material.

"In service" means a petroleum storage tank that is not abandoned, or could contain regulated substances, and/or has regulated substances regularly added to or withdrawn from it.

"Inventory controls" means techniques used to identify a loss of regulated substances that are based on volumetric measurements in the tank and reconciliation of those measurements with product delivery and withdrawal records.

"Licensed Environmental Consultant" means an individual who has a current license issued by the Petroleum Storage Tank Division to perform corrective action.

"Liquid trap" means sumps, well cellars, and other traps used in association with oil or gas production, gathering, and extraction operations (including gas production plants) to collect oil, water, and other liquids. Liquid traps may temporarily collect liquids for subsequent disposition or reinjection into a production or pipeline stream, or may collect and separate liquids from a gas stream.

"MCL" means Maximum Contaminant Level.

"MtBE" means methyl tertiary butyl ether.

"Maintenance" means the normal operational upkeep necessary to prevent a petroleum storage tank system from releasing product.

"Motor fuel" means any petroleum product, oxygenate, or blend of products, that is suitable for use as a fuel in an internal combustion or diesel engine.

"Monitor well" means a piezometer or other cased and screened excavation, boring or drilled hole installed in any way that can be used for the continuous or periodic evaluation of groundwater quality or the detection of soil vapors.

"NACE" means the National Association of Corrosion Engineers.

"NFPA" means the National Fire Protection Association, Inc.

"NPDES" means the National Pollutant Discharge Elimination System.

"Occurrence" means the release of a PSTD regulated substance into the soil or groundwater. Each PSTD regulated substance will be treated as one (1) occurrence regardless of the

Permanent Final Adoptions

composition of the substance released. Separate occurrences of the same PSTD regulated substance may be allowed if evidence establishes that the PSTD regulated substance occurred in two (2) different tank systems locations, are separated by time, or both.

"ORBCA" or "Oklahoma Risk-Based Corrective Action" means a scientific risk-based analysis that governs petroleum storage tank site assessment and remediation. It determines acceptable concentration levels of petroleum constituents in order to protect the public health, safety or welfare or the environment.

"OSDA" means the Oklahoma State Department of Agriculture.

"OWRB" means the Oklahoma Water Resources Board.

"Observation Well" means a cased and screened boring or drilled hole, installed within the tank excavation or piping trench that can be used for the continuous or periodic evaluation of groundwater quality or the detection of soil vapors as a method of release detection.

"Operational life" means the period beginning from the time installation of the tank or system is commenced until it is properly closed or removed as provided for in this Chapter.

"Overfill" means a release that occurs when a petroleum storage tank is filled beyond its capacity, resulting in a discharge of regulated substance to the environment.

"PEI" means the Petroleum Equipment Institute.

"POC" means Point of Compliance.

"POE" means Point of Exposure.

"PSI" means pounds per square inch.

"PSTD" means Petroleum Storage Tank Division or Division.

"Pay for Performance" or "PFP" means a process where an environmental consulting company (Consultant) guarantees by signing a mutual agreement (the contract) that a release of a regulated substance will be remediated to COC levels agreed to by the PSTD and the Consultant that are protective of human health, safety and the environment. This performance based process encompasses several steps, but is not limited to the contract signed by an officer/owner of the environmental consulting company, the applicant and the Administrator of the Indemnity Fund and an agreed to reasonable price. Scheduled payments are distributed only as performance based goals are attained.

"Permanent out of use" or "POU" means a petroleum storage tank system that is not in service/use, does not contain regulated substances, and is not intended to be placed back in service/use.

"Petroleum" means antifreeze, motor oil, gasoline, diesel, aviation fuel, and/or volatile blending materials used in motor fuels, like kerosene and ethanol and used oil the substances as set forth in 17 O.S. § 303(31). It does not include 100% biodiesel, compressed natural gas, liquid natural gas, methanol, or propane.

"Pipe" or "Piping" means a hollow cylinder or tubular conduit constructed of non-earthen materials.

"Pipeline facilities" means new and existing pipe rights-of-way and any equipment, facilities, or buildings regulated under:

(A) The Natural Gas Pipeline Safety Act of 1968 (49 U.S.C. § 1671, et seq.).

(B) The Hazardous Liquid Pipeline Safety Act of 1979 (49 U.S.C. § 2001, et seq.).

(C) The State Hazardous Liquid Transportation System Safety Act, § 47.1 et seq. of Title 52 of the Oklahoma Statutes.

(D) Intrastate pipeline facilities regulated under state laws.

"Point of Compliance" means a select location where the concentration of a chemical released must be at or below back-calculated levels. The back-calculated levels are such that estimated concentrations at the Point of Exposure are below health-based levels.

"Point of Exposure" means a location at which an individual or population may be exposed to site-specific Chemicals of Concern through ingestion, inhalation and/or dermal contact.

"Positive sampling, testing, or monitoring results" means the results of sampling, testing, or monitoring using any of the release detection methods described in this Chapter that indicate a release from a petroleum storage tank system may have occurred.

"Potency Factor" means the plausible upper-bound estimate of the probability of a response (cancer) per unit intake of chemical over a lifetime. Also referred to as Slope Factor.

"RBCA" means Risk-Based Corrective Action.

"RfD" means Reference Dose.

"Reasonable Maximum Exposure" or "RME" means the highest rate of exposure that has a small probability five percent (5%) of being exceeded.

"Reference Dose" or "RfD" means the estimate of the daily intake of a chemical over a lifetime that is not likely to result in any significant adverse health effects (including in sensitive subpopulations).

"Regulated substances" means antifreeze, motor oil, motor fuel, gasoline, kerosene, diesel or aviation fuel as set forth in 17 O.S. § 305. It does not include compressed natural gas, liquid natural gas and/or propane.

"Release" means any spilling, overfilling, leaking, discharging, emitting, or escaping of a regulated substance from a regulated storage tank system onto the ground surface or into the groundwater, surface water or subsurface soils.

"Release detection" means the methodology used in determining whether a release of regulated substances has occurred from a petroleum storage tank or system into the environment or into the interstitial area between the petroleum storage tank system and its secondary barrier.

"Remediation" means a process or technique used to reduce concentration levels of regulated substances chemicals of concern in the soil and groundwater, and, or to reduce the presence of free product in the environment to levels that are protective of human health, safety and the environment. Generally remediation activities are scheduled after the site assessment is complete and the Remedial Action Plan (RAP) has been approved.

"Repair" means to restore a tank or petroleum storage tank system component to PSTD standards that has caused

a release of regulated substances from the petroleum storage tank system.

"Reportable Quantity" or "RQ" means the amount of a PSTD regulated substance release required to be reported to appropriate federal, state, and/or local officials.

"Residual Product" Petroleum hydrocarbons (product) that are absorbed or otherwise bound to geological materials (sand, silt, or clay) in any soil zone (vadose, capillary, or saturated zone), in such a manner that ground water in contact with the residual product or beneath the residual product is not contaminated with any petroleum constituent regulated by the OCC.

"Risk-Based Corrective Action" means all of the activities necessary to manage a site such that concentrations of chemicals from a release are at levels that are not detrimental to public health and the environment. It includes, but is not limited to, collection of site-specific data, analysis of the data to quantify the risk, comparison of the risk with acceptable levels, and implementation of engineering and non-engineering measures to ensure that concentrations of remaining Chemicals of Concern are not detrimental to human health.

"SCL" means Soil Cleanup Level.

"STI" means the Steel Tank Institute.

"Sacrificial anode" means a device used to reduce or prevent corrosion of a metal in an electrolyte by galvanic coupling to a more anodic metal.

"Saturated zone" means a subsurface zone below which all pore space is filled with water.

"Site assessment" means a multi-step process designed to determine if a site has possibly been impacted by regulated substance(s) above OCC action levels.

"Slope Factor" means the plausible upper-bound estimate of the probability of a response (cancer) per unit intake of chemical over a lifetime. Also referred to as Potency Factor.

"Smear Zone" Any soil zone containing petroleum hydrocarbons that can contaminate ground water in contact with the petroleum hydrocarbons or ground water beneath the petroleum hydrocarbons with petroleum constituents regulated by the PSTD.

"Soil zone" means and includes, but is not limited to, vadose zone, capillary fringe, or saturated soil zone.

"Source of contamination" means the location of the highest concentration of chemical contaminants in soil and groundwater.

"Source of release" means the location where regulated substances from a regulated tank system entered the environment.

"Spill" means a release that occurs during transfer operations of PSTD regulated substances to or from a petroleum storage tank system, resulting in a discharge of such substances into the environment.

"Storage Tank System" means one or a combination of tanks, including the individual compartments, and any connected aboveground or underground piping, hoses, dispensers, containment sump, if any, and ancillary equipment used to contain regulated substances, or the transport truck connected to the storage tank system.

"Stormwater collection system" or "wastewater collection system" means piping, pumps, conduits, and any other equipment necessary to collect and transport surface water runoff resulting from precipitation or domestic, commercial, or industrial wastewater to and from retention areas or any areas where treatment is designated to occur. The collection of stormwater and wastewater does not include treatment except where incidental to conveyance.

"Surface impoundment" means a natural topographic depression, man-made excavation, or diked area formed primarily of earthen materials (although it may be lined with man-made materials) that is not an injection well.

"Suspicion of Release" or "SOR" means preliminary investigative work to determine if a release of a regulated substance has occurred.

"TCLP" means toxicity characteristic leaching procedure, a test procedure for determining if a solid waste is hazardous because it exhibits toxicity characteristics as enforced under Resource Conservation and Recovery Act.

"TDS" means Total Dissolved Solids.

"TPH" means Total Petroleum Hydrocarbon(s).

"Target Risk Level" means the level set by the Oklahoma Corporation Commission that must be achieved at each site prior to a risk-based closure of the site. For example, for current receptors this level has been set at one in a million (1E-06) and a Hazard Quotient of less than one (1.0).

"Temporary out of use" or "TOU" means the status of a petroleum storage tank system that has been taken out of service/use with the intent to permanently close or return to service.

"Transporter" means any person who transports, delivers, or distributes any quantity of regulated substance from one (1) point to another.

"UL" means Underwriter's Laboratory.

"USGS" means the United States Geological Survey.

"Usable groundwater" means fresh groundwater that may be produced from an aquifer for beneficial uses.

"Unsaturated zone" or "vadose zone" means the subsurface zone containing water under pressure less than that of the atmosphere, including water held by capillary forces within the soil, and containing air or gases generally under atmospheric pressure. This zone is limited by the ground surface and the upper surfaces of the water table.

"Waters of the State" means all bodies or accumulations of water, surface and/or underground, natural or artificial, and public or private, which are contained within, flow through, or border upon any part of the State of Oklahoma or any portion thereof.

PART 7. NATIONAL INDUSTRY CODES

165:29-1-32. Incorporated codes and standards

Specific references to documents listed in (1) through (13) below are made throughout this Chapter. Each of these documents or parts thereof are adopted and incorporated by reference as standards, but only to the extent that they are specifically referenced in this Chapter. These rules will

Permanent Final Adoptions

supercede in any conflict between these rules and any standard. These codes and standards will be updated periodically through a formal rulemaking procedure initiated by PSTD to reflect any substantive or relevant changes.

- (1) National Fire Protection Association Standards:
 - (A) Standard Number 30, 2018, "Flammable and Combustible Liquids Code."
 - (B) Standard Number 329, 2018, "Handling Releases of Flammable and Combustible Liquids and Gases."
 - (C) Standard Number 385, 2012, "Tank Vehicles for Flammable and Combustible Liquids."
 - (D) Standard Number 326, 2015, "Safeguarding of Tanks and Containers for Entry, Cleaning or Repair."
 - (E) Standard Number 30A, 2015, "Motor Fuel Dispensing Facilities and Repair Garages."
- (2) American Petroleum Institute Standards:
 - (A) Recommended Practice 1615, 2011, "Installation of Underground Hazardous Substances or Petroleum Storage Systems."
 - (B) Recommended Practice 1632, 2002, "Cathodic Protection of Underground Storage Tank and Piping Systems."
 - (C) Recommended Practice 1604, R2010, "Closure of Underground Petroleum Storage Tanks, 3rd Edition."
 - (D) Recommended Practice 1631, 2001, "Interior Lining and Periodic Inspection of Underground Storage Tanks."
 - (E) Recommended Practice 1621, 2012, "Bulk Liquid Stock Control at Retail Outlets."

SUBCHAPTER 3. RELEASE PREVENTION, DETECTION AND CORRECTION

PART 1. RELEASE PROHIBITION, REPORTING, AND INVESTIGATION

165:29-3-2. Release reporting

- (a) These reporting requirements do not relieve the owner or operator of the responsibility to take corrective action as required by this Subchapter to protect human health and the environment, including the containment and cleanup of spills and overfills that are not required to be reported.
- (b) All petroleum storage tank system owners, operators, their agents and employees, or transporters must report to PSTD within twenty-four (24) hours of discovering any substances, conditions or monitoring results that indicate a release may have occurred using the link provided on the release

reporting tab located on PSTD's webpage at the OCC on the Commission website, www.occweb.com; by email at PSTReleaseReporting@occ.ok.gov; or by telephone at (405) 521-4683 or 1-888-621-5878. If after hours, or on weekends or holidays, call the PSTD emergency phone number at (405) 823-0994. Owners or operators must send written confirmation within twenty (20) days in accordance with the release investigation and confirmation requirements of this Subchapter. Events indicating a release include, but are not limited to, the following:

(1) The discovery of released regulated substances at the petroleum storage tank system facility or in the surrounding area including, but not limited to, the presence of free product or vapors in soils, basements, crawlspaces, sewer and utility lines, and nearby surface water whether on-site or off-site.

(2) Any unusual operating conditions observed by the owner or operator, like the unexplained erratic behavior of product dispensing equipment, the sudden loss of product from the petroleum storage tank system, an unexplained presence of water in the tank, or liquid in the interstitial space of secondarily contained systems, unless the system equipment or component is found not to be releasing regulated substances to the environment; any defective system equipment or component is immediately repaired or replaced; for secondarily contained systems, any liquid in the interstitial space not used as part of the interstitial monitoring method (for example brine filled) is immediately removed.

(A) In the case of inventory control, two (2) consecutive thirty (30) day periods where the Total Gallons Over/Short is greater than the "Leak Check" (one percent (1%) of product sales plus 130 gallons) must be reported to PSTD within twenty-four (24) hours of the owner/operator discovering the inventory control results.

(B) Any UST system failure from a third party-certified Statistical Inventory Reconciliation (SIR) analysis must be reported to PSTD by the owner, operator, or SIR provider within twenty-four (24) hours of discovering the failure. An immediate investigation into the cause of the failed report must be conducted and results reported to PSTD within seven (7) days.

(C) An "Inconclusive" report from an SIR analysis must be reported by the SIR provider, owner or operator within twenty-four (24) hours of report generation. An Inconclusive means that the UST system has failed to meet leak detection requirements for that thirty (30) day period.

(3) An unusual level of vapor on the site that is of unknown origin. A vapor monitor well reading in excess of 4,000 units/ppm, or 1,500 units/ppm for diesel storage tanks, must be reported to PSTD within twenty-four (24) hours by the owner, operator, their agents, or employees discovering the monitoring results. If diesel and gasoline tanks share the same tankpit, the reporting level is 1,500 units/ppm. Within ten (10) days, the owner or operator must submit to PSTD all vapor monitoring well data,

including background data, for the last twelve (12) thirty (30) day periods. Upon examination of the submitted data, PSTD will advise the owner or operator what action, if any, he or she needs to take. Whenever these vapor thresholds are exceeded the tank owner must provide alternative test results that confirm the petroleum storage tank system is currently not leaking.

(4) An increase in vapor levels of 500 units/ppm above background or historical levels detected by thirty (30) day monitoring, even though below the twenty-four (24)-hour reporting level, must be reported if the increase does not correct itself in the second thirty (30) day period of monitoring and it must be reported to PSTD within twenty-four (24) hours of the owner, operator, their employees, or agents discovering the monitoring results.

(c) Monitoring results, including investigation of an alarm from a release detection method required by OAC 165:25 that indicate a release may have occurred, must be reported within twenty-four (24) hours of the owner or operator's receipt of them; and PSTD will advise what action should be taken to determine whether or not a release has occurred, unless:

(1) The monitoring device is found to be defective, and is immediately repaired, recalibrated, or replaced, and additional monitoring does not confirm the initial result;

(2) The leak is contained in the secondary containment and;

(A) Any liquid in the interstitial space not used as the interstitial monitoring method is immediately removed.

(B) Any defective system equipment or component is immediately repaired or replaced.

(3) The alarm was investigated and determined to be a non-release event (for example, from a power surge or caused by filling the tank during release detection testing).

(d) All owners and/or operators of petroleum storage tank systems shall maintain records of all reportable and nonreportable events listed in 165:29-3-2 of Commission rules sufficient to permit adequate inspection and review by PSTD. These records shall be kept in permanent form for three (3) years following the date of the event. If any of the possible, probable, or definite release conditions in this Section are not reported within twenty-four (24) hours, the owner or operator must be prepared to provide documentation or evidence that would reasonably indicate an owner or operator's knowledge of release conditions or monitoring results was delayed.

(e) The owner or operator of a petroleum storage tank system must maintain records of all reportable and nonreportable events so that adequate inspection and review can be made by PSTD. These records must be kept for three (3) years following the date of the event.

(f) While aboveground petroleum releases of less than twenty-five (25) gallons need not be reported, they must be recorded by the owner or operator and cleaned up immediately. All of the following releases must be reported to PSTD by email or telephone within twenty-four (24) hours of discovery, by the owner, operator, employee or agent, with a written confirmation to PSTD within twenty (20) days in accordance with the requirements established in this Chapter:

- (1) All known belowground releases in any quantity; for example, a release resulting from a line broken during an excavation.
- (2) Any aboveground release of petroleum greater than twenty-five (25) gallons.
- (3) Any aboveground release of petroleum which is less than twenty-five (25) gallons, but cannot be contained and cleaned up within twenty-four (24) hours.
- (g) Owners and operators must contain and immediately clean up any spill or overfill of regulated substances less than twenty-five (25) gallons within twenty-four (24) hours of incident occurrence. If the spill or overfill cannot be cleaned up within twenty-four (24) hours, is more than twenty-five (25) gallons, or it causes a sheen on nearby surface water, then owners and operators must report to the PSTD within twenty-four (24) hours and begin corrective action in accordance with Part 5 (Corrective Action Requirements) of this Chapter.
- (h) Any releases requiring emergency corrective action must be reported immediately to PSTD at (405) 521-4683 or 1-888-621-5878. After office hours, weekends or holidays, calls must be reported to PSTD's emergency number at (405) 823-0994.
- (i) If any of the possible, probable or definite release conditions above are not reported within twenty-four (24) hours, the owner/operator may be subject to enforcement action.

PART 5. CORRECTIVE ACTION REQUIREMENTS

165:29-3-71. General applicability; exception

- (a) Every owner or operator of a petroleum storage tank system must, in response to a confirmed release from a petroleum storage tank system, comply with the requirements of this Part, with the exception of those systems excluded from regulation in OAC 165:25 and 165:26.
- (b) All work associated with the assessment, characterization, investigation, remedial action, and closure from a release or suspected release of a regulated substance should be pre-approved by PSTD.
- (c) Upon confirmation of a release, or after a release from the petroleum storage tank system is identified, the owner or operator must perform the following initial response actions:
 - (1) Report the release to PSTD using the link provided on the release reporting tab located on PSTD's webpage ~~at the OCC website (PSTReleaseReporting@occemail.com); on the Commission website; by email at PSTReleaseReporting@occ.ok.gov;~~ by telephone at 405-521-4683 or 1-888-621-5878; or fax to 405-521-4945. If after hours, or on weekends or holidays call the PSTD emergency number at 405-823-0994.
 - (2) Take immediate action to prevent any further release of the regulated substance into the environment, and prove that any system still containing fuel is tight by having a system tightness test performed.
 - (3) Identify and mitigate any fire, explosion, and vapor hazards.

- (4) Remove free product to the extent practicable as determined by PSTD while continuing, as necessary, any actions required by this Subchapter.

- (d) Any corrective action work performed at a release site must have prior documented verbal or written approval by a member of PSTD staff to be considered reimbursable by the Indemnity Fund. This requirement for pre-approval excludes required emergency spill mitigation measures. Additionally, field work associated with all corrective actions requires 48-hour (two working days excluding holidays and weekends) written notice to PSTD of scheduled field activities. Notice must be made to the PSTD staff member assigned to the case, his/her Supervisor and the PSTD Technical Manager.

165:29-3-76. Tier 1A ORBCA

- (a) Unless otherwise directed by the PSTD, the owner or operator must compile information in order to assess the site using the Risk-Based Corrective Action (RBCA) process described in the ORBCA Guidance Document. (The ORBCA Guidance Document is available ~~at www.occeweb.com or on the Commission website and~~ at the offices of the Petroleum Storage Tank Division of the Oklahoma Corporation Commission.) The RBCA process must be implemented with a three (3) tiered approach that must involve an increase in the level of data collection and analysis from one tier to the next. Some conservative default parameters under the Initial Site Characterization Tier 1A process must be replaced with more site-specific parameters under the Tier 2 and Tier 3 process. PSTD will review the results and recommendations at the completion of the Tier 1A analysis and decide if a more site-specific tiered analysis is required by initiating a Tier 2 or Tier 3 process, or whether remedial action should be performed as provided for in this Subchapter.
- (b) PSTD will only accept and review reports, worksheets, checklists, closure reports or other relevant documents which incorporate the RBCA process, or any other acceptable risk analysis, from a Commission Licensed Environmental Consultant.
- (c) The RBCA Tier 1A process is as follows:
 - (1) Tier 1A: Non-site-specific risk-based screening method used to determine corrective action goals using limited site-specific data.
 - (A) Tier 1A establishes conservative cleanup goals called modified Risk-Based Screening Levels (RBSLs). Only the Fate and Transport Parameters cited in the ORBCA Guidance Document may be replaced by site-specific information obtained through site investigation and assessment. Justification must be provided when changes in any of the default Fate and Transport Parameters are indicated. The default Exposure Factors cannot be modified, nor can degradation rates be used under a Tier 1A evaluation. This evaluation must be performed using the models cited in Appendix C of the ORBCA Guidance Document. The modified RBSLs take into consideration regional characteristics, aesthetic criteria, and other appropriate standards such as Maximum Contaminant Levels (MCLs) for water. Tier 1A modified RBSLs

are derived from standard exposure scenarios using current Reasonable Maximum Exposure (RME) toxicological parameters and conservative contaminant migration models. RBSL values are determined by the PSTD using one (1) in one million (1,000,000) as a Target Risk Limit for carcinogens and a Hazard Quotient (HQ) not greater than one (1.0) as a Target Risk Limit for non-carcinogens. One (1) in ten thousand (10,000) is the acceptable Target Risk Limit for carcinogens for future potential receptors.

(B) The most likely Point of Exposure (POE) for current and potential future beneficial use of fresh groundwater should be determined. The concentration at this Point of Exposure for each Chemical of Concern (COC) must not exceed the Target Risk Limits cited in this Section.

(C) Unless otherwise directed by PSTD under Tier 1A the owner or operator must drill and install a minimum of four (4) two-inch (2") diameter monitoring wells outside of the UST pit or AST containment or product piping trench excavation zones. These wells must be located as follows:

- (i) One (1) well must be installed in an apparent upgradient location to any known potential source at the site on or as close to the release as possible.
- (ii) One (1) well must be installed in a location most likely to be contaminated.
- (iii) One (1) well must be installed in a location that will allow the determination of an accurate groundwater gradient.
- (iv) One (1) well must be installed in the direction of the nearest probable Point of Exposure either at the nearest property line or fifty feet (50') from the source of contamination, whichever is closer, or at another location as determined by PSTD. This well will be the Point of Compliance (POC) well for the Tier 1A evaluation unless there is a Point of Exposure nearer to the source of contamination, in which case the Point of Exposure will also become the Point of Compliance. The concentration for each Chemical of Concern in the Point of Compliance well should not exceed the Tier 1A standards as calculated using the ORBCA Guidance Document. If a drinking water supply well has been identified within 330 feet of the site, groundwater MtBE must be tested at the Point of Compliance. 0.020 mg/L will be considered the level of concern for MtBE and may require further assessment and corrective action.

(2) Tier 1A: Risk-Based Screening Level corrective action goals developed using limited site-specific data.

(A) This evaluation must be performed using the same models as those which are cited in Appendix C of the Guidance Document.

(B) Only the Fate and Transport Parameters cited in the ORBCA Guidance Document may be replaced by site-specific information obtained through site

investigation and assessment. Justification must be provided when changes in any of the Tier 1A default Fate and Transport Parameters are indicated. The Tier 1A default Exposure Factors cannot be modified, nor can degradation rates be used under a Tier 1A evaluation.

(3) Within forty-five (45) days of release confirmation, or according to a schedule established by PSTD, the owner or operator must submit the information required in the Tier 1A evaluation as a report. This report must be submitted in ~~a~~ the online format established by PSTD.

(d) PSTD may re-evaluate a Tier 1A analysis of a site, for the purpose of closure, on a case-by-case basis.

165:29-3-80. Remedial Action Plan

(a) At any point after reviewing the information submitted, PSTD may require additional information or a Remedial Action Plan for contaminated soils and groundwater. If a plan is required, it must be submitted ~~on forms or~~ in the online format specified by PSTD.

(b) PSTD will approve a Remedial Action Plan only after the Licensed Environmental Consultant ensures that implementation of the plan will adequately protect human health, safety, and the environment as determined by using the process outlined in the ORBCA Guidance Document.

(c) As directed by PSTD, the owner or operator must implement the Remedial Action Plan, including any modifications to the plan made by PSTD. Implementation for the purposes of this Chapter means that the Remedial Action Plan approved by PSTD is fully operational and is performing the task for which it was designed.

(d) The owner or operator will be required to perform remediation and compliance monitoring as directed by PSTD.

(e) The owner or operator may, with verbal pre-approval documented by fax or email of PSTD staff, begin cleanup of soil and groundwater before the Remedial Action Plan is approved, provided that the owner or operator:

- (1) Notify PSTD of the intention to begin cleanup at least seven days prior to initiating any cleanup action, unless it is an emergency.
- (2) Comply with any conditions imposed by PSTD, including halting cleanup or mitigating adverse consequences from cleanup activities.
- (3) Incorporate these self-initiated cleanup measures in the Remedial Action Plan or closure by risk assessment that is submitted to PSTD for approval.

165:29-3-81. Property owners affected by releases; notice

(a) Upon confirmation that soil and/or groundwater contamination is above action levels, owners or operators must, at a minimum, notify adjacent or abutting property owners that have been, or may be impacted by the release. This notice should be made just after delineation of the release to Tier 2 clean-up levels or prior to a case closure based on Tier 1A modified RBSL's. The notice, unless otherwise directed by the PSTD, must include at a minimum:

- (1) The origin and extent of the release; impacted party, upon written request to owner/operator may receive reports;
 - (2) The nature of the substance(s) released;
 - (3) The name, address and telephone number of the owner or operator or his or her designee who may be contacted for more information about the release;
 - (4) The phone number and name of the Project Environmental Analyst at the PSTD whom the property owner can contact for additional information.
 - (5) If an adjacent or abutting property owner that has been or may be impacted by a release requests, in writing, copies of all reports, it is the responsibility of the owner/operator to assure past and future reports are delivered to the requesting property owner.
- (b) For each confirmed release that requires remediation or closure by a risk assessment or Risk-Based Corrective Action, the owner or operator must notify property owners that have been or may be impacted by the release and provide:
- (1) The origin and extent of the release;
 - (2) The nature of the substance(s) released;
 - (3) A description of any planned remedial action or closure based upon a risk assessment of the release;
 - (4) The name, address and telephone number of the owner or operator or his or her designee and of the PSTD Project Environmental Analyst working on the case who may be contacted for more information about the release, including any planned response action; and
 - (5) A statement that additional information about the release, including any planned response action, is on file with the PSTD and available for public review.
- (c) The notices required by this Section must be given by certified mail/return receipt requested. Copies of the return receipts must be included in the Public Participation Report submitted to the PSTD.
- (d) The PSTD must ensure that any and all information concerning the release is made available to the public for review upon request.
- (e) Before approving a remediation plan or closure based upon risk assessment, the PSTD may hold a public meeting to consider comments on the proposed remediation plan or closure if there is sufficient public interest, or for any other reasons. If no comments have been received within thirty (30) days of the receipt date of the certified mail notice letters required by paragraph (c) of this Section, then remediation or closure activities may commence. Any public comments related to the proposed remediation or case closure must be submitted in writing to the OCC to the attention of the PSTD Project Environmental Analyst working on this case, whose name and address will be on the notice letter.
- (f) The notice required by this Section must also be given;
- (1) after implementation, ~~see OAC 165:29-3-80(e)~~, of an approved Remedial Action Plan that does not achieve the cleanup levels established in the plan, and
 - (2) ~~and~~, when termination of the plan is subsequently approved by the PSTD.

PART 7. LICENSING PROCEDURES FOR ENVIRONMENTAL CONSULTANTS

165:29-3-92. License penalties

- (a) PSTD has the responsibility to deny, suspend, refuse to renew or revoke the license of, or reprimand, any Licensed Environmental Consultant who is found guilty in violation of:
- (1) The practice of any fraud or deceit in obtaining a license or in performing work pursuant to this Chapter.
 - (2) Reckless or willful disregard, incompetence or misconduct in work performed pursuant to this Chapter.
 - (3) Knowingly making false statements or signing false statements, certificates or affidavits to the PSTD or to clients.
 - (4) Aiding or assisting another person in violating any provision of this Chapter.
 - (5) Signing a verification statement for work performed pursuant to this Chapter that was not performed by the licensee.
 - (6) Engaging in dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud or harm a customer or the public.
 - (7) Failure to comply with this Chapter, OAC 165:25, 165:26, 165:27, and/or the Oklahoma Petroleum Storage Tank Consolidation Act (17 O.S. §§ 301 et seq.).
 - (8) Being under indictment or convicted of a felony for any criminal offense that impacts their obligation to PSTD.
 - (9) ~~Failure to submit PSTD required paperwork, test results, and/or reports in the format established by PSTD within the time allowed may result in enforcement action.~~
- (b) Failure to submit required PSTD paperwork, test results, and/or reports in the online format established by PSTD within the required timeframe may result in enforcement action.
- (~~b~~c) Disciplinary action levels against PSTD licensees include but are not limited to informal reprimand, formal reprimand, license suspension, license revocation and refusal to renew.
- (~~e~~d) Any licensee in violation of Commission enabling statutes, PSTD rules, requirements and/or Commission orders may be subject to disciplinary action levels mentioned above and/or fines assessed by the Commission after notice and hearing.

SUBCHAPTER 5. ADMINISTRATIVE PROVISIONS

165:29-5-1. Hearings, orders and ~~appeals exceptions~~

- (a) ~~Hearings and appeals to enforce or exceptions to the provisions of this Chapter will be conducted in accordance with Chapter 5 of Commission rules OAC 165:5.~~
- (b) The Commission will issue orders ~~it deems after notice and hearing as necessary~~ to enforce the provisions of this Chapter or PSTD enabling statutes to protect property, the

public health, ~~and safety, or welfare or and~~ the environment ~~within the State of Oklahoma.~~

[OAR Docket #20-604; filed 7-14-20]

TITLE 165. CORPORATION COMMISSION CHAPTER 35. ELECTRIC UTILITY RULES

[OAR Docket #20-627]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

Subchapter 45. Wind Energy

165:35-45-2. Definitions [AMENDED]

165:35-45-4. Notification of intent to build a wind energy facility and other notices [AMENDED]

165:35-45-5. Commission consideration [AMENDED]

AUTHORITY:

Corporation Commission; Article IX, Section 18 of the Oklahoma Constitution; 17 O.S. §§ 160.11 *et seq.*

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

Although the Oklahoma Corporation Commission is not subject to the requirements of Executive Order No. 2019-11, the proposed rules were submitted to the Governor and Cabinet Secretary on January 14, 2020.

COMMENT PERIOD:

January 14, 2020, through February 21, 2020

PUBLIC HEARING:

February 27, 2020

ADOPTION:

February 27, 2020

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

March 6, 2020

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 25, 2020

FINAL ADOPTION:

June 25, 2020

EFFECTIVE:

September 15, 2020

SUPERSEDED EMERGENCY ACTIONS:

Superseded rules:

Subchapter 45. Wind Energy

165:35-45-2. Definitions [AMENDED]

165:35-45-4. Notification of intent to build a wind energy facility and other notices [AMENDED]

165:35-45-5. Commission consideration [AMENDED]

Gubernatorial approval:

October 2, 2019

Register publication:

37 Ok Reg 97

Docket number:

19-786

INCORPORATIONS BY REFERENCE:

N/A

GIST/ANALYSIS:

The purpose of the approved rules is to make permanent the approved emergency rules that address changes to the Oklahoma Wind Energy Development Act, which was amended by House Bill 2118 during the Oklahoma Legislature's 2019 Regular Session. The approved changes to OAC 165:35, Subchapter 45 include: removing the definition of "Mitigation plan;" amending the definition of "Project boundary;" general grammatical changes; and modifying the notification of intent to build a wind energy facility section to align with the requirements in House Bill 2118.

CONTACT PERSON:

Kyle D. Vazquez, Assistant General Counsel, Judicial & Legislative Services Division, Oklahoma Corporation Commission, 2101 North Lincoln Boulevard, P.O. Box 52000, Oklahoma City, OK 73105, Telephone (405) 522-2100, Email Kyle.Vazquez@occ.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2020:

SUBCHAPTER 45. WIND ENERGY

165:35-45-2. Definitions

In addition to terms defined in the Oklahoma Wind Energy Development Act, 17 O.S. § 160.11 *et seq.*, the following word(s) or term(s), when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"**Clearinghouse**" means the Military Aviation and Installation Assurance Siting Clearinghouse.

"**Determination of No Hazard**" means a document issued by the Federal Aviation Administration.

"**FAA**" means the Federal Aviation Administration.

~~"Mitigation plan" means a document issued by the Military Aviation and Installation Assurance Siting Clearinghouse.~~

~~"Project description boundary"~~ means a graphic depiction of a wind energy facility's outer boundary, which should adequately demonstrate the project's outer perimeter, inclusive of all wind turbines.

165:35-45-4. Notification of intent to build a wind energy facility and other notices

(a) ~~The~~ Within six (6) months of the initial filing with the FAA, the owner of a wind energy facility shall electronically submit notification of intent to build a facility to the Commission within six (6) months of the initial filing pertaining to commencement of construction with the FAA of an FAA Form 7460-1 (Notice of Proposed Construction or Alteration) or any subsequent form required by the FAA. Such notification shall be submitted to the PUD Director, and shall include any and all Notices of Proposed Construction, or Alteration required to be filed with the FAA concerning a specific wind energy facility to the PUD Director all initial 7460-1 forms for all individual wind turbines or any other individual structure that requires a FAA Form 7460-1 that is part of a wind energy facility, an attestation of compliance with the provisions of 17 O.S. § 160.20(A), and a map of the project boundary. Within thirty (30) days of the initial filing with the FAA, the owner of a wind energy facility shall submit copies of all initial 7460-1 forms for individual wind turbines and other individual structures that require a 7460-1 that are part of a wind energy facility to the Aeronautics Commission.

(b) PUD shall provide the owner of a wind energy facility with affirmation of submission of the notification of intent to build by either providing proof of receipt stamp or confirmation of receipt if submission is made electronically.

~~(c) In the event that an owner of a wind energy facility submits notification of intent to build a facility with the Commission and files subsequent forms with the FAA, the owner is not required to submit amended or additional notification of~~

Permanent Final Adoptions

intent to build a wind energy facility unless the project layout is expanded beyond the original project description. Movement within the original description will not require the notice process to start over. However, subsequent to submissions under (a) above, copies of FAA submissions for individual turbine modifications, additional turbines, or renewals shall be submitted to PUD within thirty (30) calendar days of submission to the FAA. If, during or after construction of an individual turbine, the FAA requires the developer to submit subsequent FAA filings, the developer shall submit all such subsequent submissions at the time the wind energy facility's first annual report is submitted.

(dc) The owner of the wind energy facility shall send copies of the notification with the board of county commissioners of every county in which all or a portion of the wind energy facility is to be located within twenty-four (24) hours of submission with the Commission. If all or a portion of the wind energy facility is to be located within the incorporated area of a municipality, copies of the notification shall also be sent to the governing body of the municipality within twenty-four (24) hours of submission with the Commission.

(e) ~~Within thirty (30) calendar days of submitting the notification, as described above in (a), to the PUD Director, the owner of the wind energy facility shall cause a copy of the notification to be submitted to the Oklahoma Strategic Military Planning Commission. Subsequent 7460-1s required to be filed shall also be submitted to the Oklahoma Strategic Military Planning Commission at the same time as submission to the PUD Director. When the Oklahoma Strategic Military Planning Commission submits its letter to the Clearinghouse, such letter shall be submitted at the same time to the PUD Director and the owner of the wind energy facility.~~

(fd) Within six (6) months of submitting the notification with the Commission as provided for in subsection (a) of this section, the owner of the wind energy facility shall cause a copy of the notification to be published in a newspaper of general circulation in the county or counties in which all or a portion of the wind energy facility is to be located. Proof of publication shall be submitted to the PUD Director.

(ge) Within sixty (60) calendar days of publishing the notification in a newspaper as provided for in subsection (f) of this section, the owner of the wind energy facility shall hold a public meeting. Notice of the public meeting shall be published in a newspaper of general circulation and submitted to the board of county commissioners in the county or counties in which all or a portion of the wind energy facility is to be located. The notice shall contain the place, date and time of the public meeting. Proof of publication of the notice shall be submitted to the PUD Director. The public meeting shall be held in one of the counties in which all or a portion of the wind energy facility is to be located.

(f) If the owner of a wind energy facility is required to file subsequent 7460-1 forms with the FAA due to changing locations or heights of individual structures from the locations or heights originally proposed in the initial 7460-1 forms submitted to the Oklahoma Aeronautics Commission, the owner shall, within ten (10) calendar days of filing with the FAA,

submit such subsequent 7460-1 forms to the Corporation Commission and Aeronautics Commission. A wind energy facility owner shall not be required to start the notification processes over unless the subsequent 7460-1 forms expand the project beyond its original project boundary submitted to the Corporation Commission.

(hg) The owner of a wind energy facility shall not commence construction on the facility until the notification and public meeting requirements of this section have been met. If an owner of a wind energy facility fails to submit the information as required in this section, the owner shall be subject to an administrative penalty from the Commission not to exceed One Thousand Five Hundred Dollars (\$1,500) per day, per violation following hearing and issuance of a final order of the Commission.

(i) ~~Subsequent to submitting the notification, as described above in (a), Determinations of No Hazard issued by the FAA, or, approved mitigation plans issued by the Clearinghouse shall be submitted to the PUD Director by the owner of a wind energy facility as follows:~~

(1) ~~Within thirty (30) calendar days of receipt of an active Determination of No Hazard issued by the FAA; or~~

(2) ~~Within thirty (30) calendar days of receipt of an approved mitigation plan from the Clearinghouse.~~

(3) ~~Any Determination of No Hazard or mitigation plan issued prior to the initial submission of the notification described above in (a) shall be submitted to the PUD Director by the owner of a wind energy facility within thirty (30) calendar days of such initial notification submission.~~

(h) No individual wind turbine or any other individual structure that requires a FAA 7460-1 form that is part of a wind energy facility may be constructed or expanded unless there is an active Determination of No Hazard from the FAA and adverse impacts to the United States Department of Defense, pursuant to Title 32 of the Code of Federal Regulations, Section 211.6, have been resolved as evidenced by documentation from the Clearinghouse for the individual wind turbine or other individual structure. The Mission Compatibility Certification Letter or successor form may serve as such evidence of adverse impacts being resolved with the Department of Defense or successor agency. Determinations of No Hazard and documentation of the resolution of adverse impacts to the Department of Defense shall be submitted by the owner of a wind energy facility to the Corporation Commission and the Aeronautics Commission.

(i) If an owner of a wind energy facility fails to submit an active Determination of No Hazard and documentation that adverse impacts to the Department of Defense have been resolved by the Clearinghouse for the individual turbine or other individual structure prior to the start of construction, the owner shall be subject to an administrative penalty not to exceed One Thousand Five Hundred Dollars (\$1,500.00) per day, per violation from the Corporation Commission.

(j) All notices, notifications, Determinations of No Hazard, ~~mitigation plans~~, and proof of compliance with all provisions of the Oklahoma Wind Energy Development Act, shall be retained by the wind energy developer, for a period of three (3) years after commercial operation date; and, upon reasonable

request, PUD may inspect these documents to ensure compliance.

(k) The owner of a wind energy facility shall electronically provide a notice to the PUD Director indicating that it has commenced the 60-day notice as required by 17 O.S. § 160.21(F). Such notice shall be sent to the PUD Director prior to commencement of construction of the wind energy facility. The notice to the PUD Director shall also include an affirmation that all required notices and notifications have been properly provided, and a list of the recipients of all required notices and notifications shall be retained by the wind energy developer and made available to PUD upon reasonable request.

(l) All submissions shall be submitted electronically to PUD, unless prior approval is granted by the PUD Director.

165:35-45-5. Commission consideration

(a) PUD shall review and may investigate all wind energy facility information reported or submitted for compliance with the annual reporting requirements in this Subchapter or in 17 O.S. § 160.18 or with the notice requirements in this Subchapter or in 17 O.S. § 160.20 or 17 O.S. § 160.21.

(b) After receiving a report or submission from a wind energy facility pursuant to the annual reporting requirements in this Subchapter or in 17 O.S. § 160.18 or the notice requirements in this Subchapter regarding notice of intent to construct or in 17 O.S. § 160.20 or 17 O.S. § 160.21, PUD will:

- (1) Determine whether the report or submission is compliant with the annual reporting or notice requirements; and
- (2) Inform the wind energy facility owner or operator of PUD's determination within thirty (30) calendar days of receipt of the report or submission if it is not in compliance. In the event PUD determines the wind energy facility's report or submission is not in compliance, PUD shall contact the owner or operator to require additional information; and, such information shall be provided within fifteen (15) calendar days of such notice. If the facility owner fails to correct such non-compliance, PUD may reject the report or submission and may open an investigation to inquire further into the reported or submitted information.

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 25, 2020

FINAL ADOPTION:

June 25, 2020

EFFECTIVE:

September 11, 2020

SUPERSEDED EMERGENCY ACTIONS:

N/A

INCORPORATIONS BY REFERENCE:

N/A

GIST/ANALYSIS:

The rules in this Chapter establish the current organizational structure of the Oklahoma Department of Corrections. The changes update the rules to align with current practices and legislation. Changes include removal of an outdated organizational chart, list of prison facilities and community corrections facilities, and method of appointing the director. The rule change is necessary because the rule as written is functionless. The agency no longer has the same organizational chart, the same facilities, or the same process to appoint the director. Eliminating these derelict portions will prevent the agency from needing to amend the admin rules every time a facility changes or moves.

CONTACT PERSON:

Justin Wolf, Legislative Liaison, (405) 425-7121, Justin.wolf@doc.ok.gov

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

170:1-1-4. Director [REVOKED]

~~The Oklahoma Department of Corrections shall be governed and managed by a director who is appointed by the Board of Corrections with the advice and consent of the Oklahoma Senate. Qualifications and removal of the director shall be as provided in 57 O.S. § 506. The powers and duties of the director shall be as set forth in 57 O.S. § 507 and § 510 as amended from time to time.~~

170:1-1-7. Divisions, subdivisions, institutions, units, sections, offices, and positions

The Oklahoma Department of Corrections, as determined by the director, subject to the approval of the Board of Corrections, shall consist of a sufficient number of divisions, subdivisions, institutions, centers, units, sections, offices, and positions as deemed appropriate to effectively manage the department, ~~all under the supervision and control of the director and Board of Corrections.~~

Permanent Final Adoptions

- (1) There shall be an Administrative Services Division; Community Corrections Division; Community Sentencing and Offender Information Division; Field Operations Division; and a Treatment and Rehabilitative Services Division.
- (2) As required by law, there shall be the Affirmative Action Officer who shall be responsible to the director.
- (3) There shall be an associate director, Administrative Services, who shall be responsible to the director.
- (4) There shall be an associate director, Field Operations, who shall be responsible to the director.
- (5) There shall be a deputy director, Community Corrections, who shall be responsible to the director.
- (6) There shall be a deputy director, Community Sentencing and Offender Information Services, who shall be responsible to the director.
- (7) There shall be a deputy director, Treatment and Rehabilitative Services, who shall be responsible to the director.
- (8) There shall be a General Counsel, who shall be responsible to the associate director, Administrative Services. The director shall employ or contract with attorneys as needed to advise and represent the director, Board of Corrections, and facility and administrative supervisors, in all legal proceedings and actions when required.
- (10) As required by law, there shall be an Internal Affairs Unit to conduct investigations, which shall be responsible to the associate director, Administrative Services.

170:1-1-8. Penal institutions [REVOKED]

The Oklahoma Department of Corrections shall operate, administer, and manage the following penal institutions:

- (1) R. B. "Dick" Conner Correctional Center, located in Hominy, Oklahoma;
- (2) Dr. Eddie Warrior Correctional Center, located in Taft, Oklahoma;
- (3) Jess Dunn Correctional Center, located in Taft, Oklahoma;
- (4) John Lilley Correctional Center, located in Boley, Oklahoma;
- (5) Howard McLeod Correctional Center, located in Atoka, Oklahoma;
- (6) Jackie Brannon Correctional Center, located in McAlester, Oklahoma;
- (7) Mack Alford Correctional Center, located in Stringtown, Oklahoma;
- (8) Oklahoma State Penitentiary, located in McAlester, Oklahoma;
- (9) Jim E. Hamilton Correctional Center, located in Hodgen, Oklahoma;
- (10) James Crabtree Correctional Center, located in Helena, Oklahoma;
- (11) William S. Key Correctional Center, located in Fort Supply, Oklahoma;
- (12) Oklahoma State Reformatory, located in Granite, Oklahoma;

- (13) Joseph Harp Correctional Center, located in Lexington, Oklahoma;
- (14) Lexington Assessment and Reception Center, located in Lexington, Oklahoma;
- (15) Mabel Bassett Correctional Center, located in McLoud, Oklahoma;
- (16) Charles E. "Bill" Johnson Correctional Center, located in Alva, Oklahoma;
- (17) Northeast Oklahoma Correctional Center, located in Vinita, Oklahoma; and
- (18) Other penal institutions approved by statute.

170:1-1-9. Community corrections centers [REVOKED]

The Oklahoma Department of Corrections shall operate, administer, and manage the following community corrections centers:

- (1) Muskogee Community Corrections Center, located in Muskogee, Oklahoma;
- (2) Enid Community Corrections Center, located in Enid, Oklahoma;
- (3) Lawton Community Corrections Center, located in Lawton, Oklahoma;
- (4) Clara Waters Community Corrections Center, located in Oklahoma City, Oklahoma;
- (5) Oklahoma City Community Corrections Center, located in Oklahoma City, Oklahoma;
- (6) Kate Barnard Community Corrections Center, located in Oklahoma City, Oklahoma;
- (7) Hillside Community Corrections Center, located in Oklahoma City, Oklahoma;
- (8) Union City Community Corrections Center, located in Union City, Oklahoma; and
- (9) Other community corrections centers approved by statute.

170:1-1-11. Community corrections districts [REVOKED]

(a) The Oklahoma Department of Corrections shall operate, administer, and manage the following community corrections districts:

- (1) Central District, located in Oklahoma City, Oklahoma;
 - (2) Northeast District, located in Muskogee, Oklahoma;
 - (3) Northwest District, located in Enid, Oklahoma;
 - (4) Oklahoma County Residential Services, located in Oklahoma City, Oklahoma;
 - (5) Southeast District, located in McAlester, Oklahoma;
 - (6) Southwest District, located in Lawton, Oklahoma; and
 - (7) Tulsa County District, located in Tulsa, Oklahoma.
- (b) Each district may have satellite office within the district for effective and efficient management.

**170:1-1-14. Public access to public information
[REVOKED]**

~~All official records, not privileged or protected from public access or publication shall be available to the public for inspection during regular business hours Monday through Friday at the principal office and headquarters of the department. Internal Affairs investigations and supporting documents shall be excluded from public and employee access.~~

~~(1) Notice. Ten days' notice shall be required without which the information may not be readily made available. Any inconvenience or disruption may result in loss of the inspection privilege. Any record or information deemed an unwarranted invasion of privacy may be restricted. If the information requested cannot be gathered and forwarded to the requestor within ten days, the requestor will be informed that the request has been received and will be provided an estimated completion date.~~

~~(2) Copying. All records and information listed in paragraph (1) of this section, not privileged or protected from public access or publication, shall be available to the public for copying at a cost of \$.25 per page, subject to the same restrictions contained in paragraph (1) of this section.~~

~~(3) The Department of Corrections website maintains publicly accessible information, including offender and sex offender lookup functions and the agency policy and procedures manual.~~

170:1-1-15. Principal office

- (a) The principal office of the Oklahoma Department of Corrections is located at 3400 Martin Luther King Avenue, Oklahoma City, Oklahoma 73111.
- (b) An additional mailing address is P.O. Box 11400, Oklahoma City, OK 73136-0400.
- (c) The main telephone number is (405) 425-2500.
- (d) The website address is <http://www.doc.state.ok.us.gov> ~~http://www.doc.ok.gov.~~
- (e) The regular business and office hours for the principal office shall be 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding state recognized holidays.

GIST/ANALYSIS:

The rules of this Chapter establish the procedures for public works agencies requesting to obtain prisoner labor for public works projects. The changes improve clarity and eliminate a reference to a specific person/job title within the agency. The rule change is necessary because the rule as written is overly specific and will require constant updating when ODOC changes the person making the determination. Removing the specific job title allows the agency flexibility and, further, it prevents potential inadvertent rule violations by parties when someone in another position performs the task.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

**SUBCHAPTER 3. APPLICATION AND
APPROVAL**

170:10-3-3. Approval process

The department shall ~~determine~~ approve or deny the application, according to the Location of the project, the availability of prisoner labor, the department's costs, and the Suitability of the project for inmate labor. The term of the contract shall not extend beyond the fiscal year. A standard contract shall be maintained by the general counsel for the Oklahoma Department of Corrections and shall be available at the principal office of the Oklahoma Department of Corrections. All contracts and leases shall be approved by the general counsel for the Oklahoma Department of Corrections.

SUBCHAPTER 5. PROJECT ADMINISTRATION

170:10-5-1. Calculation of the monthly invoice

(a) The ~~facility business manager or designee~~ department shall maintain time sheets and records of prisoners who work on public works projects on a daily basis and shall prepare a monthly invoice.

Permanent Final Adoptions

- (b) Prisoner wages shall be calculated on a work month of 20 work days and in half-day increments.
- (c) The calculated monthly invoice shall be the total of the base costs times the number of prisoners provided, times the number of days worked, times 10 percent.

GIST/ANALYSIS:

The rules in this Chapter establish the procedures and standards for the Oklahoma Department of Corrections to monitor and evaluate private prison contractors operating in the state who house inmates under the custody of the Oklahoma Department of Corrections, inmates from out of state jurisdictions, and inmates in federal custody who are housed in private prisons. The rule eliminates the specific building and office number for the initial point of contact and makes a grammatical correction to improve readability and clarity. The rule change is necessary because the rule as written is overly specific and will require constant updating when ODOC changes the address for the initial point of contact. Removing the specific office further prevents potential inadvertent rule violations by parties who use a different address by mistake.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,**

SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

170:15-1-2. Scope: initial point of contact

Section E of 57 O.S., Section 563.3 requires the Oklahoma Department of Corrections to promulgate and adopt rules for the implementation of this section.

(+) This Chapter is concerned with:

(1A) Approval by the department of internal and perimeter security;

(2B) Adequate food, housing, and medical care in the private prisons;

(3C) Financial condition of the private contractor;

(4D) The ability of the private prison contractor to comply with American Correctional Association standards; and

(5E) Adequate insurance coverage to indemnify the state, its political subdivisions, and its officers, agents, and employees for expenses or losses incurred in intervening in the operation of the private prison, and to indemnify and hold harmless the state, its political subdivisions, its officers and employees for acts resulting in liability by inmates, officers, and employees of the private contractor or stockholders;

(6F) Requirement to obtain written authorization for operation of a private prison from the governing board of the municipality in which the facility is located or from the county commissioners if the facility is located outside a municipality;

(7G) Conducting FBI and OSBI felony record searches of all employees;

(8H) Provision for regular on site monitoring by the Oklahoma Department of Corrections Private Prison Administration unit for statutory, contractual and operational compliance. Access shall be unrestricted;

(9I) Collection of fees for monitoring compliance with statutory requirements;

(10J) The creation of a continuing compliance process and a process for closing the private facility for noncompliance.

~~(2) The initial point of contact for prospective private prison contractors shall be the Private Prison Administration Office, 2901 Classen Blvd., Suite 200, Oklahoma City, Oklahoma, 73106; (405) 962-6080.~~

SUBCHAPTER 13. PRIVATE PRISON EMERGENCY PLANS

170:15-13-3. Departmental emergency response reimbursement

Any emergency response, to include serious incident investigation, provided by the Oklahoma Department of Corrections and/or state and/or local law enforcement agencies

will be at the sole expense of the private prison contractor/operator. Each responding agency will submit a written invoice detailing costs incurred which will be paid within 30 days of receipt by the private prison contractor/operator.

GIST/ANALYSIS:

The proposed rules clarify that the practice of barbering does not include the application of makeup. The proposed rules also clarify that the fine schedule applies to final orders. The rules add definitions of "clean", "contact time", "disinfect", "non-porous", "porous" and "sterilize" in order to give licensees a clearer understanding of sanitation requirements. The proposed rules further clarify the disciplinary action the board can take after three citations. Currently the only possible disciplinary action listed is license revocation. The amendment clarifies that the board can suspend a license rather than revoke it and take other disciplinary action if appropriate.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 1. GENERAL PROVISIONS

175:1-1-2. Definitions

The terms and phrases defined in the Oklahoma Cosmetology Act shall have the same meaning when applied in the rules which are herein set forth in this Chapter to substantiate the Cosmetology and Barbering Law. The following rules and terms shall have the same meaning, unless the context clearly indicates otherwise:

"Act" means the Oklahoma Cosmetology and Barbering Act.

"Apprentice" means a person who is engaged in learning the practice of cosmetology or barbering in a cosmetology or barber establishment. [Title 59 O.S. Section 199.1]

"Assigned practice or clinic work" means demonstrations and lesson practice in which services may be performed on patron, student or model on clinic floor in classroom for the benefit of student observation, notes, etc. The practice or demonstration shall be assigned by or with approval of the instructor in charge and materials/supplies used for the education demonstration are the responsibility of the school.

"Barber/Barber Stylist" means any person who engages in the practice of barbering.

"Barber Establishment" means an Establishment or place of business where one or more persons are engaged in the practice of barbering but shall not include barber schools or colleges.

"Barbering" means any one or combination of practices done upon the upper part of the human body for cosmetic purposes and when done for payment either directly or indirectly for the general public, constitutes the practice of barbering, to wit: shaving or trimming the beard or cutting the hair; giving facial or scalp massages or treatment with oils, creams, lotions or other preparations, either by hand or mechanical appliances; singeing, shampooing or applying lighteners or color to the hair, applying hair tonics; applying cosmetic preparations, antiseptics, powders, oils, clays or lotions to scalp, face, neck or upper part of the body, but excluding the application of makeup; and removing superfluous hair from the face, neck or upper part of the body.

"Barber school or college" means an Establishment operated for the purpose of teaching barbering.

"Board" means the State Board of Cosmetology and Barbering.

"Clean" means removal of surface and/or visible debris by using soap, detergent or chemical "cleaner", followed by a clean water rinse.

"Clock hour" means a measure of time determined to be sixty (60) minutes that a student spends in an educational or training activity.

"Contact time" means the amount of moist contact time required for a disinfectant to be effective against the pathogens on the label. Clean items or surfaces must remain completely immersed or visibly wet (sprays, wipes) for full contact time to be effective.

"Cosmetic studio" means any place or premises where demonstrators give demonstrations, without compensation, for the purpose only of advertising and selling cosmetics.

Permanent Final Adoptions

"Cosmetician" means a person licensed by the Board to perform patron services limited to hair arranging and application of make-up, including, but not limited to using hairstyling tools and products. Services must be performed in a licensed establishment.

"Cosmetologist" means any person who engages in, follows or performs any of the practices of cosmetology.

"Cosmetology" means any one or combination of practices generally and usually performed by and known as the occupation of beauticians, beauty culturists, beauty operators, cosmeticians, cosmetologists, or hairdressers, or any other person holding himself or herself out as practicing cosmetology by whatever designation and within the meaning of the Oklahoma Cosmetology and Barbering Act and in or upon whatever place or premises. Cosmetology shall include, but not limited to, any one or combination of the following practices: bleaching, cleansing, curling, cutting, coloring, dressing, removing, singeing, styling, waving or similar work upon the hair of any person by any means, whether with hands or mechanical or electrical apparatus or appliances. Nothing in the Oklahoma Cosmetology and Barbering Act shall be construed to prohibit the use of hands or mechanical or electrical apparatus or appliances for the non-permanent removal of hair from the human body without puncturing of the skin or the use of stimulating exercising, beautifying or similarly working the scalp, face, neck, arms or the manicuring of the nails of any person, exclusive of such of the foregoing practice as are within the scope of practice of the healing arts as provided by law.

"Cosmetology Establishment" means an Establishment or place of business where one or more persons are engaged in the practice of cosmetology but shall not include barber schools and colleges.

"Cosmetology or Barber school" means a school or department that is approved by the Board to conduct and provide cosmetology and/or barber training and education in Oklahoma. It means any place or premises where instruction in any or all the practices of cosmetology and or barbering are given. Any person, firm, institution or corporation, who holds himself, firm, institution or corporation who shall teach and train any other person or persons in any of the practices of cosmetology and/or barbering is hereby declared to be engaged in operating a cosmetology and/or barbering school, and shall be operating cosmetology and/or barbering school, and shall be subject to the provisions of the Oklahoma Cosmetology and Barbering Act. Licensed cosmetology and barbering schools may offer education to secondary and post secondary students in this state.

"Credit hour" means a unit of value awarded to a student for successful completion of a program, course or course lesson and credit to clock ratio is as recognized by the United States Department of Education or a regional or national accreditation entity recognized by the United States Department of Education.

"Demonstrator" means a person who is not licensed in this state as a Cosmetologist, Barber or Instructor and who demonstrates any cosmetic preparation. The person shall be required to obtain a Demonstrator license from the Board before making any such demonstrations.

"Disinfect" means the process of making a non-porous item safe for use. Requires the use of a chemical intended to kill or denature a bacteria, virus or fungus. Proper disinfection requires adherence to manufacturers label with regard to concentration and contact time. UV light is not acceptable disinfection.

"Dry sanitizer" means a clean, dry, closed (covered) cabinet, drawer, chest or other type container used in a cosmetology/barber establishment or school for the purpose of storing clean, dry disinfected combs, brushes and other implements without fumigant after the articles have been cleaned and disinfected in a wet sanitizer (or by other approved method in the case of metal implements).

"Emergency circumstances" means a serious injury, illness or death in the immediate family of applicant for registration, examination, licensure, etc.

"Establishment" means a place or premises, cosmetology salon or barber shop, cosmetic or other specialty shop/salon where any one or combination of cosmetology or barbering practices are performed on the public except that the term shall not include a cosmetology or barbering school.

"Esthetician/Facialist/Facial Operator" means a person licensed by the Board to perform skin care, make-up and hair removal services to the public provided the hair removal services shall not include electrolysis.

"Facial/Esthetics Instructor" means a person licensed by the Board as a qualified teacher of the art and science of skin care theory and practice.

"Hairbraiding Technician" means a person certified by the Board to perform hairbraiding, hairweaving techniques, and hair extensions in a licensed cosmetology establishment.

"Hybrid learning" means courses that combine face-to-face classroom instruction with on-line computer based learning.

"Manicurist/Nail Technician" means a person licensed by the Board to perform nail care services to the public in a place licensed by the Board where nail care/manicuring/pedicuring services may be performed.

"Manicurist/Nail Technician Instructor" means a person licensed by the Board as a qualified teacher of the art and science of nail technology theory and practice.

"Master Barber Instructor" means a person licensed by the Board who gives instruction in barbering or any practices thereof and trained in a school after November 1, 2014.

"Master Cosmetology Instructor" means a person licensed by the Board as a qualified teacher of cosmetology theory and practice.

"Mobile Establishment" means a specialty Establishment that is operated in a self-contained, self-supporting, enclosed mobile unit.

"Non-Porous" means material that has no pores and does not allow for liquids to be absorbed or pass through. Common non-porous materials include glass, metal and plastic.

"Post secondary institution" means a school licensed to teach students according to prescribed curriculum as in Title 59 O.S. § 199.7 (F) 1 Board rule 175:10-3-34(a).

"Porous" means material that has minute spaces or holes through which liquid or air may pass.

"**Secondary institution**" means a school licensed to teach students eligible for credit for 500 hours of related subjects as prescribed in Title 59 O.S. § 199.7 (f)2 and in Board rule 175:10-3-34(b).

"**Sterilize**" means the eradication of all microbial life through the use of heat, pressure, steam or chemical sterilant.

"**Student**" means a person who is enrolled in a cosmetology or barber school and appropriately registered with the Board for the purpose of being educated and trained in the practice of cosmetology or barbering.

"**Unassigned practice or clinic work**" means a personal service of cosmetology or barber practice (on student on another etc.); which shall be elective practice which one student chooses to perform or to receive (routine shampoo not included); and in which school supplies may be used (i.e. bleach/color/perm, etc.); and which practice and service is not assigned by the instructor and/or performed for the benefit of a group of students who have been scheduled to observe as a classroom or clinic demonstration; and for which a reasonable cost for supplies used in the practice may be charged to the student receiving the unassigned services.

"**Wet sanitizer**" means a large, pan-type covered container which shall contain a liquid chemical disinfecting agent used in a school or Establishment for the purpose of disinfecting combs, brushes and other non-metal tools and implements used in training and practice.

SUBCHAPTER 5. RULES OF PRACTICE

175:1-5-15. Schedule of fines

(a) The fine schedule for citations or final orders issued by the Board for violations of the Cosmetology and Barber Act or rules promulgated there under shall be subject to the fines as follows providing each day a violation continues shall be a separate offense:

- (1) Engaging in cosmetology or barbering in any of the licensed practices without a license
 - (A) First: \$250
 - (B) Subsequent: \$500
- (2) Employing an unlicensed person to perform cosmetology or barbering (per person):
 - (A) First: \$250
 - (B) Subsequent: \$500
- (3) Failure to comply with a specific provision of the Cosmetology and Barber Act or rules by an individual not licensed under the Act:
 - (A) First: \$250
 - (B) Subsequent: \$500
- (4) Operate a cosmetology or barber school without first obtaining a license from the Board:
 - (A) First: \$250
 - (B) Subsequent: \$500
- (5) Failure to comply with sanitation standards established by the Board.
 - (A) First violation: Warning
 - (B) Second violation of the same standard: \$50

(b) If the citation is paid prior to hearing date, the citation is still considered part of the licensee's permanent record but dismissed. After three fines, the Board may consider suspension or revocation of a license, or other disciplinary action, after full Board hearing.

GIST/ANALYSIS:

The proposed new rules in subchapter 1 are necessary to comply with 2019 Session Law, ch. 363, sec. 1 (HB 1373) as codified at 59 O.S. § 4000.1, and 2019 Session Law, ch. 363, sec. 9 (HB 1373), amending 59 O.S. § 199.11. The rules establish a procedure by which the Board will adopt a list of crimes that could disqualify an applicant from licensure or certification by the Board. The rules also provide a procedure by which a person may seek an initial determination as to whether the person's criminal history would disqualify the person from licensure or certification.

The proposed rules in subchapter 3 state that cosmetology and barbering schools shall be inspected at least once a year in order to qualify for license renewal. The rules also remove the requirement that a school's bond cover

Permanent Final Adoptions

substitute teachers. The rules further allow a student to relinquish pending hours and withdraw from a school in order to enroll in a different school.

The proposed rules in subchapter 5 require that the reprint fee be paid within ten days of a request for a reprinted license when the establishment changes address.

The proposed rules in subchapter 13 allow temporary permits to be issued to out-of-state reciprocity applicants. The rules also allow twelve hundred (1200) crossover over hours for licensed barbers seeking licensure as a cosmetologist and cosmetologists seeking licensure as barbers.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

175:10-1-3. Disqualifying criminal history and opportunity for initial determination

(a) Pursuant to 59 O.S. § 4000.1, the Board of Cosmetology and Barbering shall adopt a list of felony crimes that could disqualify a person from holding a license or certification under the Oklahoma Cosmetology and Barbering Act (59 O.S. § 199.1 - 199.15). The Board shall adopt the list at its first meeting of the fiscal year and may modify the list as needed to protect public health and safety.

(b) A person who has been convicted of a crime on the list may at any time, including before obtaining any required education or applying to sit for any necessary examination, request an initial determination as to whether the person's criminal history would potentially disqualify the individual from licensure or certification in Oklahoma. The request shall be in writing and shall include either a copy of the person's criminal history record or a statement describing each conviction including the date of conviction, the court of jurisdiction, and the sentence imposed. The person may submit any additional information including, but not limited to, the person's current circumstances, the length of time since the completion of any sentence, including probation, evidence of rehabilitation, and testimonials or personal reference statements, as well as the person's professional aspirations.

(c) Upon receipt of a written request for consideration of a person's criminal history record, the Executive Director and the Chair of the Board of Cosmetology and Barbering, in consultation with Board legal counsel, shall evaluate the request and make an initial determination based upon the information provided. A notice of initial determination shall be issued within sixty (60) days from the date the request was received. If the person is not satisfied with the response, the person may request that the matter be placed on the agenda of the Board's next regularly scheduled meeting.

(d) The notice of initial determination shall be in writing and mailed to the requestor at the address provided in the request, and shall contain the following statements:

(1) Whether the person appears eligible for licensure or certification at the current time based upon the information submitted by the requestor;

(2) Whether there is a disqualifying offense prohibiting the person's licensure or certification at any time and a statement identifying such offense in the criminal history record or information submitted for consideration;

(3) Any actions the person may take to remedy what appears to be a temporary disqualification, if any;

(4) The earliest date the person may submit another request for consideration, if any; and

(5) A statement that the notice of initial determination is only an initial determination for eligibility for licensure or certification based upon the information provided by the requestor. Additional information or intervening events may result in a different final determination

SUBCHAPTER 3. LICENSURE OF SCHOOLS

PART 1. INITIAL SCHOOL LICENSING

175:10-3-1. Application for initial and renewal of school license

In order to be in compliance with current Cosmetology and Barbering Act as pertains to public and privately owned cosmetology and barber school and license issuance to cosmetology and barber schools, the application procedures for an initial (new) cosmetology and barber school are as follows:

(1) **Privately owned schools.** Any person, corporation or company, who proposes to provide cosmetology or barber training courses designed to qualify persons who complete courses for a professional license to practice cosmetology or barbering, shall be required to obtain a license for the private post secondary school from the Board.

(A) **Letter of intent.** The applicant shall first submit a letter of intent to the Board of Cosmetology and Barbering and shall request Cosmetology or Barber School license application forms from the Board. The letter of intent shall state at least the full name, address and phone number of the applicant and the city where the proposed school is to be located. If the applicant proposes to assume ownership of an existing school, the letter of intent shall specify the name and address of the existing school.

(B) **Application form.** The license application form shall be completed in full making note whether the school intends to operate as a secondary/post secondary establishment and returned to the Board and shall contain the following information:

(i) Proposed name and location (city, street and number), and a brief description of the building.

(ii) Name, address and phone number of the proposed owner(s). If a corporation, the name, address and phone number(s) of the officers and

principal stockholders are required to be submitted.

(iii) Names of Oklahoma license held and the file numbers of the persons to be the instructors of the proposed school and that of the manager, if other the owner.

(C) **Initial license fee;** expiration date. Each initial public and privately owned cosmetology or barber school shall be required to pay to the Board, the initial license fee of \$400.00. Each public and privately owned school shall also pay the annual license renewal fee of \$125.00. Each school license shall expire annually on June 30th. No provision is made for pro rata of any license fee. A school must be inspected at least once each year in order to be eligible for renewal.

(D) **Surety bond.** A surety bond in the amount of two thousand dollars (\$2,000.00) for the first instructor and one thousand dollars (\$1,000.00) for each additional instructor is required to be submitted for cosmetology or barber school license. The bond shall be in an amount sufficient to meet bonding requirements for all staff ~~instructors and for each substitute instructor for the specific school in which license application is made.~~

(E) **Financial statement.** A current financial statement of the license applicant, prepared by a Public Accountant or a Certified Public Accountant, is required to be submitted to the Board. The financial statement shall be prepared in accordance with generally accepted accounting principles and shall reflect the applicant's total property inventory, assets and liabilities which shall show a net worth of at least one hundred thousand dollars (\$100,000.00) for each school owned. Intangible assets will not be considered in net worth.

(F) **Proof of building lease or ownership.** Applicant must obtain a lease of at least one year or be owner of building in which school is proposed to operate. Month to Month lease is not acceptable. Applicant must submit a copy of lease agreement.

(2) **Public schools.** Any public school wherein administrator or other authorized person proposed to provided course(s) in training and education designed to qualify a person who shall complete the public post secondary course(s) for examination and licensure, shall follow instructions for license application procedures in (1) of this Section as may be applicable in requesting school license application and approval from the Board.

(A) Names, address and phone number(s) of Public School Administrator and other supervisory person (Principal, Assistant Principal, Coordinator or Counselor), of school/department and of each instructor proposed to teach in the school shall be submitted to the Board. File number of the instructor(s) shall be submitted.

(B) Applicant shall provide to the Board a notarized affidavit stating source of sufficient bond

coverage and that building wherein the school is proposed to be conducted is publicly owned.

(C) Applicant shall provide phone numbers of public school main campus and school facility and a brief general description of the facility location within campus and other building training sections and parking areas.

(3) **Privately owned school license renewal.** A privately owned school license shall expire annually on June 30th. Renewal must be received by June 30th each year.

(A) Private school license renewal application, forms and instructions are mailed annually to schools by the Board. Forms include a surety bond renewal form, power- of-attorney and verification form.

(4) **Public school license renewal.** A public school license shall expire annually on June 30th. Renewal must be received by June 30th each year.

(A) Public school license renewal application and invoice is mailed annually to schools.

(B) Fee of \$125.00 is required for school license renewal.

(5) Any advertisement for recruitment of students must state school is proposed to be open and shall not contain deceptive or misleading language and shall state that school has applied for licensure.

PART 7. GENERAL OPERATIONS AND LICENSING REQUIREMENTS

175:10-3-67. Student re-registration fee and transfer process

(a) **Student re-registration.** Each time a student registers, re-registers, or transfers, in addition to other requirements, the registration fee of \$5.00 must be submitted to the Board with registration application.

(b) **Student transfer.** An affidavit, signed by official of transferring school must be received by the Board within five (5) days of termination provided tuition is paid in full according to contractual agreement. A notarized affidavit submission is notification to the Board that tuition has been paid in full to the school the student is transferring from.

(c) **Student withdrawal.** A student who withdraws from a school and relinquishes any pending hours shall notify the Board prior to registering in another school.

(ed) **Out-of-state student transfer.** A student may transfer out-of-state hours provided the student submits the necessary proof of training to the Board for evaluation. Necessary papers will be forwarded upon request. The reciprocity processing fee for transfer of out-of-state hours is \$30.00.

SUBCHAPTER 5. LICENSURE OF COSMETOLOGY AND BARBER ESTABLISHMENTS

Permanent Final Adoptions

175:10-5-1. Cosmetology and barber Establishment license application; authorization open to pending first inspection

- (a) The Board will issue an Establishment license upon receipt of application for license, appropriate fee and notarized affidavit of applicant which reflects compliance with all Establishment license requirements. Initial inspection will be conducted to confirm compliance of license requirements.
- (b) In the event the Establishment should fail to be approved at initial inspection, the Establishment may be required to close and cease to provide services to the public until applicant/establishment shall be in compliance of all license requirements.
- (c) When the ownership of an Establishment changes, it will be considered a new Establishment and shall be required to comply with requirements for initial Establishment license.
- (d) Establishment owner is required to submit a Establishment change of location affidavit when the location of a Establishment changes. ~~No fee is required unless a new license with new address information is requested.~~ A \$5 fee is required within 10 days of change for reprint of license with new address.
- (e) Establishment owner is required to submit a Establishment name change affidavit when the Establishment name changes. ~~No fee is required unless a new license with new Establishment name is requested.~~ A \$5 fee is required within 10 days of change for reprint of license with new name.

SUBCHAPTER 13. RECIPROCAL AND CROSSOVER LICENSING

175:10-13-1. Reciprocal license requirements

The Board, in accordance with the Oklahoma Cosmetology and Barbering Statutes 59 O.S. Section 199.13, has ruled to accept any applicant for applicants from other states in accordance with the following requirements:

- (1) The applicant for license as a cosmetologist, manicurist, facialist, or barber:
- (A) must have met the requirements for the same licensure in another state
 - (B) must hold a current license from another state as verified by a valid certification
 - (C) must have successfully passed Oklahoma's state rules, regulations and law test administered by the Board
- (2) If an applicant for a license as a cosmetologist, manicurist, facialist, or barber is from another territory, province, or foreign county that does not issue a license after required occupational training, but can provide sufficient proof that he or she has continuously engaged in the practices or occupation at issue in the reciprocity license application for at least three years immediately prior to such application, the Board may approve the reciprocity license if there is sufficient proof that applicant has at least an eighth grade education, and the applicant has passed Oklahoma's state rules, regulations and law test administered by the Board.

(3) If an applicant for a license as an instructor is from another territory, province, or foreign county, that does not issue a license after required occupational training, but can provide sufficient proof that he or she has continuously engaged in the practices or occupation at issue in the reciprocity license application for at least three years immediately prior to such application, the Board may approve the reciprocity license if there is sufficient proof that applicant has at least a high school education, and the applicant has passed Oklahoma's state rules, regulations and law test administered by the Board.

(4) Any non-English speaking reciprocity licensee or transfer of hours applicant, and transfer of hours applicant must contact the Board's office concerning requirements for licensing and transfer of hours.

(5) After the application is complete, all required documents are attached, and the application is filed, each applicant for reciprocity license must make an appointment and appear personally in the Board's office for an interview before the reciprocity license may be considered.

(6) The applicant from a foreign country, territory or providence may be required to provide evidence that documents have been certified as valid by a creditable agency as recognized by the Board. Validation of documents is at applicant's expense.

(7) No temporary permit shall be issued to ~~an~~ out of state or a foreign reciprocity applicant.

175:10-13-2. Credit allowed for barber/cosmetology crossover training

(a) A barber who holds a current Oklahoma barber license in good standing, who shall apply to register for the Board's examination for a Basic Cosmetologist license, shall be awarded 1200 hours and may be eligible to sit for the written examination upon showing proof of the completion of three hundred (300) hours of training in a cosmetology school. Training shall be in accordance with a curriculum and schedule approved by the Board and developed specific to Cosmetology techniques including manicuring, pedicuring and Cosmetology/Barber law. Training evaluation and curriculum is approved at time of enrollment in a cosmetology school.

(b) A cosmetologist who holds a current Oklahoma cosmetology license in good standing, who shall apply to register for the Boards examination for a Barber license, shall be awarded 1200 hours and may be eligible to sit for the written examination upon showing proof of the completion of three hundred (300) hours of training in a barber school. Training shall be in accordance with a curriculum and schedule approved by the Board and developed specific to Barbering techniques including shaving and clipper cuts and Cosmetology/Barber law. Training evaluation and curriculum is approved at time of enrollment in a barber school.

The proposed rules clarify sanitation standards with regards to the storage or chemicals, waste disposal, the use of disinfectants, the use of towels and linens, the cleaning of pedicure bowls, and the proper use of hair and skin products. The rules clarify that service animals as defined in the Americans with Disabilities Act are permitted in schools and establishments. The new rules establish sanitation standards for makeup and eyelash extensions and waxing. A superfluous section is revoked. The proposed rules also contain clean-up language.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

**SUBCHAPTER 7. SANITATION, DISINFECTION
AND SAFETY STANDARDS FOR
ESTABLISHMENTS AND SCHOOLS**

175:10-7-3. Adequate ventilation/chemical safety

(a) All rooms must have good ventilation adequate to quickly rid immediate premises of fumes from products (i.e. artificial nail products, bleach etc.) according to the city/state codes.

(b) Chemicals shall be transported and stored in accordance with the manufacture's label

(c) Chemicals must be stored in the original containers

(d) Chemicals must be stored in overhead cabinets or locked cabinets. They may not be stored in areas used by customers such as bathrooms.

(e) Chemicals may only be mixed and applied to customers specifically as instructed on manufacturer's label, including patch test.

(f) Chemicals must be discarded in accordance with manufacturer's label, local, state and federal rules.

(g) Chemicals shall not be mixed with any other substance unless expressly instructed on the label.

175:10-7-4. Furnishings; windows; ceilings; walls; floors

(a) Furniture shall be of washable material and shall be kept clean. Breaks or cracks in furniture must be repaired immediately.

(b) Windows must be kept in a clean condition.

(c) Each work/styling station shall be provided with adequate light and fixtures which shall be kept in a sanitary and safe condition.

(d) Ceilings and walls shall be of an easily cleaned, smooth and unbroken surface.

(e) Curtains, partitions ~~or~~ and wall hangings shall be kept clean at all times

(f) Floors in Establishments and schools shall be maintained in a clean manner.

(g) Carpet is prohibited for use in work areas (shampoo and styling areas) of an Establishment or school.

(h) Each work/styling station shall be provided with a waste container which shall be emptied and cleaned each day. There shall be 1 covered trash container for:

(1) every two chairs in a salon or barbershop.

(2) each room used for services (e.g. waxing, massage etc.).

(3) each nail station

(4) between every 2 pedicure chairs

(5) each restroom, dispense area and any break room where food is prepared.

(i) Trash containers must have solid sides and liners should be used. Trash containers must be emptied when full.

175:10-7-5. Disinfectants required for use in schools and related establishments

(a) Every precaution shall be taken to prevent infection by disinfecting all tools.

Permanent Final Adoptions

- (b) All items shall be cleaned and disinfected by removing all visible debris from an item or surface by using soap/water or a cleaning agent.
- (c) Items shall be rinsed thoroughly in plain water.
- (d) Items shall be placed in a wet sanitizer, which is a large, pan-type container which may be of plastic, enamel, stainless steel, or rubber and shall be fully immersed in an EPA approved disinfectant prepared according to manufacturer's directions.
- (e) For immersion the items must stay completely immersed for full contact time according to manufacturer's instructions.
- (f) For spray, place clean item on clean surface and spray with disinfectant until thoroughly saturated. Ensure that all surfaces of item stay visibly moist for full contact time listed on the label for all pathogens listed on the label to be effectively destroyed.
- (g) For EPA registered wipes - wipe all surfaces and ensure that all surfaces remain visibly moist for full contact time listed on the label.
- (h) Combs may be disinfected in a cylinder jar by immersing in an EPA approved disinfectant prepared according to manufacturer's directions. The combs must stay immersed for full contact time according to manufacturer's directions.
- (fi) If an autoclave is used to sterilize items after disinfection, in order to destroy all microbial life (including spores), periodic testing and maintenance must be performed on system according to manufacturer's instructions.
- (gj) All disinfected items must be stored in a dry/closed cabinet, drawer, or other closed/covered/light type container without fumes.

175:10-7-6. Disinfecting agents and procedures for use in schools and related establishments

- (a) Disinfectants for use by Establishments and schools shall be used only if registered with the Environmental Protection Agency (EPA) for use as a disinfectant to achieve its intended purpose in accordance with the product label.
- (b) To disinfect and minimize corrosion of metal instruments, immerse and wipe thoroughly with an EPA approved disinfectant or spray with approved oil base disinfectant and store in a cabinet or closed container free from contamination between use and service for each patron.
- (c) All disinfectants must be mixed as directed on the manufacturer's label.
- (d) All disinfection immersion liquid must be changed daily or sooner if visibly contaminated.
- (e) All disinfectant containers must be covered at all times.
- (df) All customer contact items, including neck rests, arm rests and seats, must be cleaned and disinfected between customers.
- (g) A manufacturer's label for all disinfectant concentrate must be available at all times. If concentrate bottle is emptied, it must remain available until a new bottle is available.
- (h) When disinfectant is placed in a secondary container such as a spray bottle, tub or jar, that container must be labeled to indicate what chemical is in the container.
- (i) Disinfectant must be disposed of in accordance with all local, state and federal requirements.
- (ej) UV light boxes for sanitation purposes are prohibited.

(fk) Any products banned by the FDA shall not be used for any cosmetology/barbering service.

(l) Disinfecting electrical items with plastic/metal guards, clipper blades, drill bits and any metal or nonmetal removable parts must be removed, cleaned and disinfected by first removing all visible debris. Use EPA registered spray or wipe disinfectant as instructed on manufacturer's label for full contact time. Allow to air dry. Tool housing must also be disinfected. Store in a clean place such as a stand, hook or on a clean towel and covered by a clean towel.

(m) Shears and razors must be wiped to remove visible debris and disinfected with an EPA-registered disinfectant, spray or wipe after each use. The surface must remain wet for the full contact time listed on the disinfectant label.

(n) Once properly cleaned and disinfected, all multi-use items must be stored in a clean, covered container marked "clean" or "disinfected".

(o) Disinfectant Options

(1) EPA registered bactericidal, virucidal and fungicidal disinfectant that is approved for use in beauty salon, salon, barber or spa settings, following instruction label for dilution ratio and contact time

(2) EPA registered Sodium Hypochlorite 5.25% or higher (household/disinfecting bleach) with instructions for disinfection, diluted as instructed on the label and observing a 5-minute contact time. Bleach must be active (not expired) with a manufacture date of less than 6 months prior to use.

175:10-7-12. Towels/linens

- (a) Clean towels shall be used for each patron.
- (b) Clean towels and other linens shall be kept in a closed container, cabinet or drawer that is free from contamination.
- (c) A suitable hamper-type container shall be provided for soiled towels.
- (d) The headrest of the facial chair shall be covered with a clean towel for each patron.
- (e) An appropriate supply of clean towels, linens and neck strips shall be maintained in the Establishment.
- (f) All linens (towels, sheets, robes, etc.) cannot be re-used and must be laundered prior to use.
- (g) Linens shall be washed on hot with detergent and dried until "hot to the touch".
- (h) There shall be 1 vented, covered container provided for soiled linens (towels, capes, sheets) in salons, barber shops spa and nail salons and each individual room used for services and any customer changing area.
- (i) Containers for used linens must be covered and have vented sides to reduce the growth of pathogens.
- (j) Towel warmers must be disinfected daily with a disinfectant wipe or spray.
- (k) Salons using hot steamed towels in services must meet these requirements;
 - (1) Towels used in a warmer must be washed with detergent and bleach and dried using a hot dryer setting.
 - (2) Practitioners preparing towels for the warmer must first wash their hands or wear gloves.

(3) Wet towels used in services must be prepared fresh each day. At the end of the day, unused steamed towels must be removed and laundered.

(4) Towel warmers must be left open overnight to allow unit to dry completely.

175:10-7-14. Manicuring station and equipment; methyl methacrylate (MMA) prohibited

(a) Manicuring station and equipment shall be kept in a clean and disinfected condition at all times.

(b) Manicuring bowls, brushes, and other washable items shall be cleaned and disinfected after each use and shall be kept in a closed area, free from contamination, when not in use.

(c) Manicuring instruments, tweezers, and other non-metal implements shall be cleaned and disinfected. Implements shall be sanitized using an EPA registered product. Disinfected implements shall be stored in a sealed plastic bag or must remain in a dry closed/covered/light drawer, cabinet or box-type container until ready for use on next patron. At least two (2) sets of manicuring implements shall be maintained for each practicing manicurist in order that one set is appropriately disinfected for use on each patron.

(d) Hot oil or lotion manicuring units shall be maintained in a safe, clean and disinfected condition. A disposable type liner shall be used in unit cup to hold lotion. The used liner and oil or lotion shall be disposed of immediately after use and shall not be reused.

(e) Maximum precautionary, safe, disinfection and appropriate preparation and application shall be observed in sculptured nails, tips, and other artificial nail procedures. Each licensee shall be knowledgeable and alert to nail diseases and potential health hazards which may be present before or after artificial nail application. If evidenced prior to service, the licensee shall not proceed with application. If infection or other condition of disease is evidenced after application, the patron shall be referred to a physician or health clinic for appropriate treatment. No further manicuring services shall be performed until hands, nails, and/or fingers are free and clear of the disease or infection.

(f) Each licensee shall be knowledgeable of product ingredients. If not listed on the product, the manufacturer should be contacted for content information. The use of methyl methacrylate (MMA) is prohibited.

(g) Metal drill bits may be soaked in acetone to remove nail product. When removed from the acetone they must be washed using a brush and soap/water, then rinsed prior to immersion in disinfectant. Bits must remain in disinfectant for full contact time.

175:10-7-18. Disinfection precautions before and after each patron service

(a) The hands of the licensee, student or apprentice shall be washed and the integrity of the skin carefully examined before and after performing a service for any person. If any abrasion, cut, scratch, open lesion or infection is evidenced, protective or disposable gloves shall be worn while performing

services in order to reduce risk or transmission of infectious bacteria/virus/disease.

(b) All licensees are required to wash hands prior to any service, following eating, smoking or the use of the restroom. Hands must be washed with running water and soap and then dried with a disposable towel. Antibacterial soap is not recommended.

(c) Styptic pencils and lump alum are prohibited. Liquid or powdered astringent shall be used to check bleeding and shall be applied with separate, clean, sterile gauze or cotton which shall be disposed of immediately after use.

(ed) Any licensee who can reasonably anticipate, as the result of performing any cosmetology or barbering service, contact with blood and other potentially infectious material, shall use universal precautions, and shall wear protective disposable gloves while performing the services. Gloves shall not be re-used and shall be disposed of properly immediately after use.

(de) Implements and tools that cannot be disinfected must be disposed of after one use.

175:10-7-25. Animals, birds, pets prohibited in schools and related Establishments

Animals, birds, and/or other pets shall be prohibited in an Establishment or school, ~~unless otherwise provided by law.~~ The use of fish or other animals in performing a cosmetology/barbering service in an Establishment or school, including but not limited to fish pedicures is prohibited. The prohibition in this section shall not apply to a service animal as defined in the Americans with Disabilities Act (P.L. 101-336) as amended.

175:10-7-28. Product use, knowledge and procedures

(a) All licensees shall be held individually liable for product knowledge. Maximum precautionary, safe, disinfection and appropriate preparation prior to service and application, as required by product label, shall be practiced at all times upon the public. For products that contain a requirement for a patch test, licensees may provide a consumer advisory that is clearly visible in the area of the application, or provide the client with a printed fact sheet with information that describes the label requirement for the patch test, or utilize a signed statement of release of liability regarding the patch test warning.

(b) All products removed from a multi-use container such as a tub or tube, must be done so in a manner that the remaining product in the container is not contaminated.

(c) Products such as pomades, wax and gels must be removed with a single use spatula that is disposed of immediately after a single use or a disinfected multi use spatula. Fingers may not be used to remove product.

(d) Powders and lotions may be dispensed from a shaker or pump ensuring that the licensee's or client's hands never touch the dispensing portion of the container.

175:10-7-29. Facial procedures, devices and equipment

(a) Licensees are prohibited from performing facial procedures using cosmetic exfoliating substances or devices that

Permanent Final Adoptions

effect more than the top layer (stratum corneum) or outer most layer of dead cells on the skin. Procedures which use any cosmetic exfoliation substance or device to remove viable (living) skin below the stratum corneum are deemed beyond the scope of practice of persons and Establishments licensed by the Board of Cosmetology and Barbering.

(b) Cosmetic exfoliating substances may include alpha hydroxyl acids (glycolic and lactic acids), beta hydroxyl acids, salicylic acid, Jessner's solutions, resorcinol and other substances intended to affect no more than the stratum corneum.

(c) Cosmetic exfoliating devices may include FDA (U.S. Food and Drug Administration) registered and/or approved devices, provided that such devices affect no more than the stratum corneum.

(d) Invasive procedures which ablate or destroy, remove, or make an incision or pierce the skin beyond the stratum corneum is prohibited.

(e) Roll on wax products are prohibited.

(f) Superficial exfoliation treatments on the stratum corneum using commercially available products and devices used in accordance with manufacturer's written instructions.

(1) Only the stratum corneum may, by any method or means, be removed, and then only for the purpose of improving the appearance of the skin.

(2) Skin removal techniques and practices which result in destruction of living tissue beyond the stratum corneum layer of skin is prohibited.

(g) Use of esthetic devices approved by rule, that are intended to be used for cosmetic skin care purposes, beautifying, and improving the appearance of the skin. Including but not limited to:

(1) galvanic current

(2) High frequency

(3) Mechanical brushes

(4) Vacuum spray devices

(5) Steamers

(6) Micro current devices

(7) Microdermabrasion devices

(8) Low Level radio frequency devices

(9) Light emitting Diode devices

(h) Extraction techniques including but not limited to; Metal extractor tool

(i) Esthetic devices must be commercially available and be operated within manufacture written guidelines and be FDA registered if required under 201 (h) of the Federal Drug and Cosmetic (FD&C) Act and may not fall within class 3 designation.

175:10-7-30. Pedicure equipment and procedures for cleaning and disinfecting after each client use

(a) Pedicure equipment is a unit that holds water for a pedicure service, including whirlpool spas, 'pipe-less' units, footbaths, basins, tubs, sinks and bowls which shall be cleaned by scrubbing surface with a brush, using an enzymatic or surfactant detergent (soap) and water. After cleaning, pedicure equipment, tools and implements shall be disinfected by using an EPA-registered disinfectant as prescribed in Board rule

175:10-7-6. ~~Board rules regarding the cleaning and disinfecting of cosmetology tools and implements apply to all tools and implements used for pedicures. The Board recommends the use of NIC approved "Cleaning and Disinfecting of Circulating and Non-Circulating Tubs and Spa's For All Industry Modalities".~~

(b) All pedicure bowls must be cleaned and disinfected prior to each use by the following method:

(1) Empty pedicure bowl

(2) Remove all removable parts - clean with soap/detergent and water, rinse and immerse in EPA registered disinfectant following manufacturer's directions for proper contact time.

(3) Scrub tub with soap/detergent and rinse

(4) Replace removable cleaned and disinfected parts

(5) Fill tub and add EPA registered disinfectant to achieve proper concentration

(6) Allow to sit, or run through system (jetted tubs) for manufacturer's contact time

(7) Drain tub and air dry or wipe dry with a clean paper towel.

(c) Any item that cannot be properly cleaned and disinfected is considered single use and must be disposed of after single use. This includes, but is not limited to, all nail files/emery boards that are not made entirely of metal or glass, pumice stones, buffing blocks, orangewood sticks, cotton, toe separators, and flip-flops.

(d) Metal drill bits may be soaked in acetone to remove nail product. When removed from the acetone they must be washed using a brush and soap/water, then rinsed prior to immersion in disinfectant. Bits must remain in disinfectant for full contact time.

(e) Credo blades or any implement used to remove skin such as razors, cheese graters and rasp are prohibited.

175:10-7-31. Manicuring equipment [REVOKED]

~~The use of the credo blade, rasp or knife is prohibited for use by licensees.~~

175:10-7-33. Make-up/Eyelash Extensions

(a) Make-up pencils that do not require sharpening, should not be used.

(b) Make-up pencils that require a sharpener, must be sharpened prior to each use

(c) Pencil sharpeners must be cleaned out and properly disinfected by immersion or spray with an EPA registered disinfectant after each use

(d) Disposable applicators must be used in the application of mascara

(e) Liquid foundation must be dispensed with a pump style bottle or removed from container without allowing mouth of container to be contaminated.

(f) Make up that is in a cake format should be scraped off onto a single use or disinfected surface, such as a palette for application.

(g) When make-up displays are accessible to the public, disposable applicators for all make-up must be readily available.

- (h) Eyelash extensions may only be performed by a licensed cosmetologist or esthetician
- (i) Tables/Beds/Chairs used during eyelash services must be covered by a:
- (1) Disposable sheet/paper
 - (2) Non-Porous Plastic cover (disinfected between clients)
 - (3) Clean sheet or linen
 - (4) Disposable paper towel like product or hand sized towel may be used under the head of each new client.
- (j) Tray Barrier - a fresh/new disposable barrier such as a paper towel will be used on tray or counter space on which items for clients replaced before each service begins.
- (k) Mask will be worn properly over both nose and mouth during eyelash service.
- (l) Forehead Barrier - disposable, single use or freshly laundered forehead barrier must be used.
- (m) Lash use and Storage
- (1) Lashes must be stored in covered container
 - (2) Once lashes are removed from original container, they cannot be placed back in original container and may not be used on another client and may not be stored for later use of same client.
 - (3) Any cutting implement used to cut lashes into sections (to render lash strips on time use) must be disinfected and stored in covered container.
 - (4) Glue stones, lash tiles, lash pallets and like items used to pull lasses from during service, must be disinfected between clients.
- (n) De-tacking tape used for taping back eye lid skin or lashes cannot be de-tacked on skin. De-tacking must be done on a clean towel.
- (o) Any nozzle or dropper used for rinsing or flushing the eye during the service cannot come in direct contact with the eye or skin.
- (p) Make up application on the face and beautifying lashes and brows with the use of commercially available products use in accordance with manufacturer written instructions, include but not limited to:
- (1) Lash extension application
 - (2) Lightening hair on the body except the scalp
 - (3) Temporary tattoo application, i.e. henna, crystals.

175:10-7-34. Waxing

- (a) Roll on wax is prohibited
- (b) Wax pots must remain covered and free from debris when not in use
- (c) Wax may be removed for use by one of the following methods:
- (1) Single use spatula disposed of after a single dip/application
 - (2) Disinfected plastic spatula - new spatula for each dip into the pot
 - (3) Removal of wax needed for entire service into a single use, disposable cup. Only in this circumstance may the same applicator(s) be used for the entire service. Cup (including all remaining wax) and applicator(s) must be

disposed of immediately after use. Remaining wax may not be put back into the pot.

- (d) If wax becomes contaminated or has visible debris, pot must be emptied and disinfected. No wax may be re-used - only new wax may be used in the pot.
- (e) Area to be waxed must be cleaned with antiseptic wipe prior to service to reduce the risk of infection.
- (f) Waxing of nasal hair is prohibited
- (g) Paraffin wax must be portioned out for each client in a bag or other container, or dispensed in a manner that prevents contamination of the unused supply. All portions used on a client must be disposed of immediately following use.
- (h) Double dipping is expressly prohibited - HPV and HSV can both be easily transmitted in the wax pot environment.

GIST/ANALYSIS:

The rules establish a procedure by which the Board will adopt a list of crimes that could disqualify an applicant from licensure or certification by the Board pursuant as required by 2019 Session Law, ch. 363, sec. 1 (HB 1373) as codified at 59 O.S. § 4000.1, and 2019 Session Law, ch. 363, sec. 73 (HB 1373), amending 59 O.S. § 4200.5. The rules also provide a procedure by which a person may seek an initial determination as to whether the person's criminal history would disqualify the person from licensure or certification in compliance with 59 O.S. §§ 4000.1 and 4200.5. The rules also clarify the

Permanent Final Adoptions

criminal history that an applicant must disclose in order to determine eligibility pursuant to 59 O.S. § 4200.5 and § 4200.11(A) and (B).

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 5. LICENSURE OF MASSAGE THERAPISTS

175:20-5-1. Original Licensure

(a) The Board may issue a license to practice massage therapy to a person who:

- (1) files a completed application on a form prepared by the Board;
- (2) submits satisfactory evidence in the form of a birth certificate, driver's license or other government-issued identification that the person is at least eighteen (18) years of age;
- (3) provides documentation that the applicant currently maintains liability insurance for practice as a massage therapist;
- (4) provides a certificate and certified transcript from a state-licensed massage school showing successful completion of at least five hundred (500) hours of formal education in massage therapy;
- (5) provides a certified copy of test scores showing the applicant has completed and passed the Massage and Bodywork Licensing Examination (MBLEx);
- (6) states under penalty of perjury in a manner prescribed on the application as to whether the applicant has in any jurisdiction:

(A) whether the applicant has pleaded guilty, nolo contendere or been convicted of a felony crime other than a minor traffic violation in any jurisdiction; and

(B) pleaded guilty, nolo contendere or been convicted of a misdemeanor involving moral turpitude or a misdemeanor involving an act of violence;

~~(C) pleaded guilty, nolo contendere or been convicted of a violation of federal or state controlled dangerous substance laws whether the applicant has had a massage therapy license revoked in another jurisdiction or been the subject of disciplinary action in another jurisdiction.~~

(7) submits a current criminal history information report obtained from the Oklahoma State Bureau of Investigation.

(b) A criminal history background information report required by this section shall be current if dated no more than thirty (30) days prior to the date on which the applicant submits a completed application to the Board. The OSBI criminal

history background report shall include a search of the Department of Corrections Sex Offender Database and Violent Offender Database. All fees required for the criminal history background report shall be paid by the applicant.

(c) The Board may deny a license or impose probationary conditions if the applicant has

(1) pleaded guilty, nolo contendere or been convicted of a felony that substantially relates to the practice of massage therapy or poses as reasonable threat to public safety;

(2) ~~pleaded guilty, nolo contendere or being been convicted of a misdemeanor involving moral turpitude or a misdemeanor involving an act of violence;~~

(3) ~~pleaded guilty, nolo contendere or being been convicted of a violation of federal or state controlled dangerous substance laws;~~

(4) engaged in unprofessional conduct as described in this chapter that has endangered or is likely to endanger the health, welfare or safety of the public;

~~(5)~~ violated any provision of the Massage Therapy Practice Act or any rule of the Board; or

~~(6)~~ had a license revoked in another jurisdiction or been the subject of disciplinary action in another jurisdiction.

(d) As used in this section:

(1) "Substantially relates" means the nature of criminal conduct for which the person was convicted, or to which the person pleaded, has a direct bearing on the fitness or ability to perform one or more of the duties or responsibilities necessarily related to massage therapy; and

(2) "Poses a reasonable threat" means the nature of criminal conduct for which the person was convicted, or to which the person pleaded, involved an act or threat of harm against another and has a bearing on the fitness or ability to serve the public or work with others in massage therapy.

175:20-5-2. Licensure by Reciprocity

(a) The Board may issue a license by reciprocity to a person who:

(1) submits an application on a form prepared by the Board;

(2) possesses a valid license or registration to practice massage therapy issued by the appropriate examining board under the laws of any other state or territory of the United States, the District of Columbia or any foreign nation;

(3) has met educational and examination requirements equal to or exceeding those established pursuant to the Massage Therapy Practice Act;

(4) provides documentation that the applicant currently maintains liability insurance for practice as a massage therapist;

(5) states under penalty of perjury in a manner prescribed on the application as to whether the applicant has in any jurisdiction:

(A) whether the applicant has pleaded guilty, nolo contendere or been convicted of a felony crime other than a minor traffic violation in any jurisdiction; and

- (B) ~~pleaded guilty, nolo contendere or been convicted of a misdemeanor involving moral turpitude;~~
 (C) ~~pleaded guilty, nolo contendere or been convicted of a violation of federal or state controlled dangerous substance laws whether the applicant has had a massage therapy license revoked in another jurisdiction or been the subject of disciplinary action in another jurisdiction.~~
- (6) submits a current criminal history information report obtained from the state or territory of the United States, the District of Columbia or foreign nation where the applicant is licensed. If no such report is available from the state, territory or foreign nation, the applicant shall submit a criminal history background information report from the Oklahoma State Bureau of Investigation.
- (b) The applicant from another state or territory of the United States, the District of Columbia or a foreign nation may be required to provide evidence that documents have been certified as valid by a creditable agency as recognized by the Board. Any cost incurred for validation of documents shall be paid by the applicant.
- (c) A criminal history background information report required by this section shall be current if dated no more than thirty (30) days prior to the date on which the applicant submits a completed application to the Board and shall include a search of sex offender and violent offender databases. All fees required for the criminal history background report shall be paid by the applicant.
- (d) The Board may deny a license or impose probationary conditions if the applicant has
- (1) ~~pleaded guilty, nolo contendere or been convicted of a felony that substantially relates to the practice of massage therapy or poses as reasonable threat to public safety;~~
 - (2) ~~pleaded guilty, nolo contendere or being been convicted of a misdemeanor involving moral turpitude or a misdemeanor involving an act of violence;~~
 - (3) ~~pleaded guilty, nolo contendere or being been convicted of a violation of federal or state controlled dangerous substance laws;~~
 - (4) engaged in unprofessional conduct as described in this chapter that has endangered or is likely to endanger the health, welfare or safety of the public;
 - (5-3) violated any provision of the Massage Therapy Practice Act or any rule of the Board; or
 - (6-4) had a license revoked in another jurisdiction or been the subject of disciplinary action in another jurisdiction.
- (e) As used in this section:
- (1) "Substantially relates" means the nature of criminal conduct for which the person was convicted, or to which the person pleaded, has a direct bearing on the fitness or ability to perform one or more of the duties or responsibilities necessarily related to massage therapy; and
 - (2) "Poses a reasonable threat" means the nature of criminal conduct for which the person was convicted, or to which the person pleaded, involved an act or threat of harm against another and has a bearing on the fitness or

ability to serve the public or work with others in massage therapy.

175:20-5-3. License renewal

- (a) Massage therapy licenses shall be renewed biennially on the last day of the birth month of the licensee.
- (b) In order to renew a license, a licensee shall:
- (1) submit a renewal application on a form prepared by the Board;
 - (2) demonstrate completion of all continuing education requirements in a manner prescribed by the Board;
 - (3) provide documentation that the applicant currently maintains liability insurance for practice as a massage therapist;
 - (4) remit all required fees for renewal; and
 - (5) states under penalty of perjury in a manner prescribed on the application as to ~~whether the applicant has in any jurisdiction:~~
- (A) whether the applicant has pleaded guilty, nolo contendere or been convicted of a felony crime other than a minor traffic violation in any jurisdiction; and
 - (B) ~~pleaded guilty, nolo contendere or been convicted of a misdemeanor involving moral turpitude;~~
 - (C) ~~pleaded guilty, nolo contendere or been convicted of a violation of federal or state controlled dangerous substance laws whether the applicant has had a massage therapy license revoked in another jurisdiction or been the subject of disciplinary action in another jurisdiction.~~
- (d) A thirty-day grace period shall be allowed after the end of the renewal period. During the grace period, a license may be renewed upon payment of the renewal fee and a late fee as prescribed by the Board.
- (e) If a massage therapist license is not renewed by the end of the thirty-day grace period, the license shall be placed on inactive status for a period not to exceed one (1) year. No person shall practice massage therapy while the license is in inactive status.
- (f) If within a period of one (1) year from the date the license was placed on inactive status the massage therapist wishes to resume practice, the massage therapist shall notify the Board in writing and, upon receipt of proof of completion of all continuing education requirements and payment of a reactivation fee, the license shall be restored in full.
- (g) If a license is not reactivated within one (1) year from the date that it was placed in inactive status, the license shall automatically expire. If the person who held the expired license wishes to practice as a massage therapist, the person shall apply for an original license and shall meet all requirements for original licensure as prescribed in this chapter.

175:20-5-7. Disqualifying criminal history and opportunity for initial determination

- (a) Pursuant to 59 O.S. § 4000.1, the Board of Cosmetology and Barbering shall adopt a list of crimes that could disqualify a person from being licensed as a massage therapist. The Board

Permanent Final Adoptions

shall adopt the list at its first meeting of the fiscal year and may modify the list as needed to protect public health and safety.

(b) A person who has pleaded guilty, nolo contendere or been convicted of a crime on the list may at any time, including before obtaining any required education or applying to sit for any necessary examination, request an initial determination as to whether the person's criminal history would potentially disqualify the individual from licensure as a massage therapist in Oklahoma. The request shall be in writing and shall include either a copy of the person's criminal history record or a statement describing each conviction or plea including the date of conviction or plea, the court of jurisdiction, and the sentence imposed. The person may submit any additional information including, but not limited to, the person's current circumstances, the length of time since the completion of any sentence, including probation, evidence of rehabilitation, and testimonials or personal reference statements, as well as the person's professional aspirations.

(c) Upon receipt of a written request for consideration of a person's criminal history record, the Executive Director, the Chair of the Board of Cosmetology and Barbering, and the Chair of the Advisory Board, in consultation with Board legal counsel, shall evaluate the request and make an initial determination based upon the information provided. A notice of initial determination shall be issued within sixty (60) days from the date the request was received. If the person is not satisfied with the response, the person may request that the matter be placed on the agenda of the Board's next regularly scheduled meeting.

(d) The notice of initial determination shall be in writing and mailed to the requestor at the address provided in the request, and shall contain the following statements:

(1) Whether the person appears eligible for licensure at the current time based upon the information submitted by the requestor;

(2) Whether there is a disqualifying offense prohibiting the person's licensure at any time and a statement identifying such offense in the criminal history record or information submitted for consideration;

(3) Any actions the person may take to remedy what appears to be a temporary disqualification, if any;

(4) The earliest date the person may submit another request for consideration, if any; and

(5) A statement that the notice of initial determination is only an initial determination for eligibility for licensure based upon the information provided by the requestor. Additional information or intervening events may result in a different final determination.

(e) A person who has pleaded guilty, nolo contendere or been convicted of a crime on the list adopted by the Board pursuant to this section shall not be eligible for licensure for a period of three years from the date of the plea or conviction. Applicants whose pleas or convictions occurred more than three years prior to the date of application for licensure shall be evaluated on a case-by-case basis.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 1. GENERAL PROVISIONS

210:1-1-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Administrator" means a duly certified person who devotes a majority of time to service as a superintendent, principal, vice principal, or in any other administrative or supervisory capacity in a school district.

"Nonreemployment" means the nonrenewal of a teacher's contract upon expiration of the contract (end of school term).

"Policies" means principles adopted by the State Board of Education (Board) to help it identify and select actions to guide and determine its present and future decisions.

"Policy of evaluation" means the development of a document a school district's policy, developed pursuant to 70 O.S. § 6-101.10, describing the total teacher and administrator evaluation system including the purposes of evaluating, the criteria to be used as standards, and the procedure to be followed in implementing the evaluation process.

"Procedures" means actions specified by rules and regulations to be followed in carrying out a policy or law. It may also mean processes used in the implementation of a program.

"Professional development program" means the program mandated by this act 70 O.S. § 6-194 for the continuous improvement and enrichment of the certified and licensed teachers and administrators of this state.

"Sexual conduct" means the soliciting, or imposing, of criminal activity when such soliciting or imposing occurs during school or school-related activities, or when such soliciting or imposing occurs during nonschool times and is directed toward a student. (70-6-103.15)

"Revocation" or "revoked" means the invalidation of a teacher or administrator certification by the State Board of Education pursuant to due process procedures provided for by applicable laws and regulations.

"Student teacher" means any student who is enrolled in an institution of higher learning approved by the State Board of Education for teacher training and who is jointly assigned by such institution of higher learning and a school district's board of education to perform practice teaching under the direction of a regularly employed and certified teacher. A student teacher, while serving an internship under the supervision of a certified teacher, shall be accorded the same protection of the laws that accorded the certified teacher.

"Suspension" or "suspended" means the temporary discontinuance of a teacher's teaching service or an administrator's administrative duties temporary discontinuance of a teacher or administrator certification pursuant to 75 O.S. § 314, upon a finding by the State Board of Education that public health, safety, or welfare imperatively requires emergency action.

"Teacher (Certified)" means any teacher individual who has been issued a certificate by the Board in accordance with the rules and regulations of the Board, and who falls under the definition of "Teacher" at 70 O.S. § 1-116.

"Teacher (Licensed)" means any person who holds a valid license to teach, issued by the State Board of Education in accordance with the rules and regulations of the Board.

"Teacher (Residency Year)" means any licensed teacher who is employed in a local school to serve as a classroom teacher under the guidance and assistance of a mentor teacher and a residency committee. Any such person shall have completed the program of the college or school of education from the accredited institution of higher learning from which the person has been graduated.

"Teacher (Student)" means any student who is enrolled in an institution of higher learning approved by the State Board of Education for teacher training and who is jointly assigned by such institution of higher learning and a school district's board of education to perform practice teaching under the direction of a regularly employed and certified teacher. A student teacher, while serving as a nonsalaried internship under the supervision of a certified teacher, shall be accorded the same protection of the laws that accorded the certified teacher.

GIST/ANALYSIS:

The rule that addresses requirements for the length of a school year has been updated to reflect changes in law. 70 O.S. § 1-109 provides that beginning with the 2021-2022 school year, public schools must be in session for not less than one thousand eighty (1,080) hours with a minimum of one hundred sixty-five (165) days of instruction each school year. A waiver of the 165-day minimum for school academic calendars is authorized provided a school district "meets the requirements established by the State Board of Education." Pursuant to Senate Bill 441 (2019), the State Board of Education is directed to promulgate rules establishing the minimum guidelines for student performance and cost savings for school districts that wish to apply for a waiver of the 165-day minimum school year. The rule amendment outlines these eligibility guidelines for an alternate length school year waiver, developed through a process involving stakeholder input and alignment with Oklahoma's *Every Student Succeeds Act* (ESSA) state plan. The requirements for elementary and middle school sites include a growth indicator of "C" or higher on the most recent Oklahoma School Report Card, and not currently being identified as in need of Support and Improvement under ESSA. Requirements for high school sites include a 4-year cohort graduation rate of at least 82% or the state average (whichever is higher), having both an academic

Permanent Final Adoptions

indicator and a postsecondary indicator of "C" or higher on the most recent Oklahoma School Report Card, and not currently being identified as in need of Support and Improvement under ESSA.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

210:10-1-4. Length of term

(a) **Minimum length of the school year.** The minimum length of the school year will be one hundred eighty (180) days or one thousand eighty (1,080) hours, provided up to five (5) days or thirty (30) hours per school year may be used for attendance of professional meetings. A school district that adopts a 1,080 hours policy rather than a 180 day policy shall notify the State Board of Education prior to October 15 of the applicable school year, and provide a copy of the school calendar as approved by the district's board of education. Except as otherwise authorized by law, beginning with the 2021-2022 school year, school must be in session and classroom instruction offered for a minimum of one hundred sixty-five (165) days each school year in every public school. Where professional days are taken, they shall be so recorded in the register of attendance in a like manner as holidays are recorded. The legal aggregate days attendance will be divided by days actually taught to obtain the legal average daily attendance. Any school district holding less than a full term will have its state aid reduced proportionately. No district may have less than a full term of school unless conditions over which it has no control exist that would prevent the district's holding a full term. In cases where sites within a district have different length terms the average daily membership (ADM) and average daily attendance (ADA) should be calculated for each site separately.

(b) **Criteria for an alternate school calendar authorization.** Beginning with the 2021-2022 school year, a school district or charter school must meet the eligibility requirements below in order to request a waiver from the State Board of Education authorizing the district to implement a school year calendar for one or more site(s) that includes fewer than one hundred sixty-five (165) days when school is in session and classroom instruction offered. A district that wishes to apply for a waiver authorizing an alternate length school year shall submit an application addressing all criteria in this subsection no later than June 30 prior to the school year for which the waiver is requested. In order to enable school districts to adequately plan their academic calendars, a waiver application for this purpose may be submitted at any time after the student performance data and federal Every Student Succeeds Act (ESSA) status designations addressed under (b)(1) have been released to schools, provided all such applications must be received by

June 30 prior to the applicable school year. The State Board of Education shall render a decision on school calendar waiver applications within sixty (60) days of receipt of a completed application and all necessary supporting materials. The term of a waiver granted under this Section shall be one (1) school year. To be eligible to apply for an alternate school calendar authorization, a school district must submit a narrative detailing how the proposed calendar is intended to benefit students, and evidence that the district meets all of the following requirements:

(1) **Student performance.** Specific performance criteria apply to schools with different grade ranges, and a district applying for a school calendar waiver must demonstrate that each of its school sites for which the waiver is requested meets the appropriate requirements for which data is available.

(A) **Requirements for early childhood centers (pre-kindergarten through 2nd grade).** The elementary school(s) that the early childhood site feeds into must meet all eligibility criteria under (b)(1)(B).

(B) **Requirements for elementary schools and middle schools (pre-kindergarten through 8th grade).**

(i) The school's student growth indicator letter grade is a "C" or higher on the most recent Oklahoma School Report Card issued under the school accountability system. A school's math and English Language Arts (ELA) growth is therefore a compensatory calculation for the purpose of waiver eligibility.

(ii) The school is not currently identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI).

(C) **Requirements for high schools (9th grade through 12th grade).**

(i) The school's 4-year cohort graduation rate is at or above the most recently reported state average graduation rate or 82%, whichever is higher.

(ii) The school's Academic Achievement indicator letter grade is a "C" or higher on the most recent Oklahoma School Report Card issued under the school accountability system.

(iii) The school attained a postsecondary indicator of a letter grade of "C" or higher on the most recent school report card issued under the school accountability system.

(iv) The school is not currently identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI).

(2) **Financial criteria.** Due to significant differences in the size and resources of school districts that make a universal standard for cost savings impractical, each district applying for a school calendar waiver shall submit a

budget and a narrative describing cost savings. The budget submitted with the narrative describing cost savings shall be the most recent Estimate of Needs submitted by the school district or charter school to the County Excise Board.

(bc) Attendance determination for students participating in school activities. School activities must be under the direction or supervision of the teacher or supervisor whether such activities take place within or without the school building or school grounds in order to be considered a school day or part of a school day for attendance purposes. Pupils dismissed and not under the direction or supervision of the teacher cannot be considered as participating in scheduled school activities, provided that a student participating in online coursework or other remote instruction authorized by law for public school students may be included in attendance if the attendance requirements of the instruction program are satisfied. A student serving as a Page to the Legislature may be counted in attendance.

(ed) All pupils attending any school within a school district ~~including underage, overage, non resident, and non transferred pupils~~ shall have their names entered in the attendance register and the district's student information system (SIS) ~~and have their attendance recorded in the same manner as any other pupil.~~

New provisions have been adopted amending the Oklahoma Academic Scholar Recognition rule, to provide for a "Seal of Biliteracy" to be made available for inclusion on the transcript and diploma of a student who meets appropriate eligibility criteria for competence in English and another language.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

210:10-1-16. Oklahoma Academic Scholar Recognition and other student recognitions

(a) **Purpose.** The rules of this subchapter have been adopted for the purpose of providing requirements for recognition as an Oklahoma Academic Scholar and other recognitions of student achievement. The purpose of the program is to recognize those secondary students within the State of Oklahoma who exceed the basic graduation requirements and who, through diligence, achieve academic ratings above those of their peers.

(b) **Requirements for recognition as an Oklahoma Academic Scholar.** Students who meet all the requirements listed below shall be recognized by the local school district and the State Board of Education as an Oklahoma Academic Scholar.

(1) Accumulate over grades 9, 10, 11 and the first semester of grade 12, a minimum grade point average of 3.7 on a 4.0 scale or be in the top 10% of their graduation class.

(2) Complete (or will complete) the curricular requirements for a standard diploma.

(3) Score at least a composite of 27 on the American College Test (ACT) or a 1220 combined score on the Scholastic Assessment Test (SAT). The ACT or SAT must have been taken on a national test date or state-administered test date before the date of graduation. For students with documented disabilities requiring testing accommodations not available on a national or state administration date, a qualifying score on the ACT or SAT may be demonstrated using alternate administration dates.

(c) **Requirements for the Seal of Biliteracy.** Students who meet the requirements listed below for both English and another language shall be recognized by the local school district and the State Board of Education with a Seal of Biliteracy in English and another language, which shall be noted on the student's transcript upon completion of the eligibility requirements and noted on the student's diploma upon graduation. The Seal of Biliteracy shall be available in two levels of distinction, Gold and Platinum, based on the following eligibility requirements:

Permanent Final Adoptions

(1) **Proficiency in English.** The student must score at least the level indicated on one or more of the assessments below:

(A) **ACT.** A score on the English Language Arts section of at least 18 for Gold level recognition or at least 21 for Platinum level recognition.

(B) **SAT.** A score on the Evidence-Based Reading and Writing (formerly verbal) section of at least 570 for Gold level recognition or at least 650 for Platinum level recognition.

(C) **PSAT**

(i) **10th grade.** For a PSAT taken when the student is in 10th grade, a score on the Evidence-Based Reading and Writing section of at least 470 for Gold level recognition or at least 600 for Platinum level recognition.

(ii) **11th grade.** For a PSAT taken when the student is in 11th grade, a score on the Evidence-Based Reading and Writing section of at least 570 for Gold level recognition or at least 620 for Platinum level recognition.

(D) **International Baccalaureate (IB).** A score of at least a 3 for Gold level recognition or at least a 4 for Platinum level recognition on the International Baccalaureate Test of English.

(E) **Advanced Placement (AP).** A score of at least a 3 for Gold level recognition on the Advanced Placement Test of English Language or Advanced Placement Test of English Literature, or a score of at least a 4 for Platinum level recognition on the Advanced Placement Test of English Language or Advanced Placement Test of English Literature.

(F) **WIDA ACCESS.** A score of at least 4.5 through 5.7 on the WIDA ACCESS test for Gold level recognition, or a score of at least 5.8 on the WIDA ACCESS test for Platinum level recognition.

(2) **Proficiency in a language other than English.** In addition to achieving a qualifying score in English on one of the assessments listed in (c)(1) above, the student must score at least the level indicated in a language other than English on one or more of the proficiency measures listed below:

(A) **AAPPL or ALIRA.** A score of at least Intermediate-Mid (I-4) on the Assessment of Performance of Progress toward Proficiency in Languages (AAPPL) or ACTFL Latin Interpretive Reading Assessment (ALIRA) for Gold level recognition, or a score of at least Advanced-Low (A-1) on the AAPPL or ALIRA for Platinum level recognition.

(B) **STAMP.** A score of at least 5 on the Standards Based Measurement of Proficiency (STAMP) for Gold level recognition, or a score of at least 7 on the STAMP for Platinum level recognition.

(C) **OPI, OPIc, or WPT.** A score of at least Intermediate-Mid for Gold level recognition, or at least Advanced-Low for Platinum level recognition, on the Oral Proficiency Interview (OPI), the Oral

Proficiency Interview - Computer (OPIc), or the Written Proficiency Test (WPT).

(D) **Advanced Placement (AP).** A score of at least a 3 for Gold level recognition, or at least a 4 for Platinum level recognition, on the Language and Culture Advanced Placement (AP) test for the target language.

(E) **SLPI.** A score of at least Intermediate for Gold level recognition, or at least Advanced for Platinum level recognition, on the Sign Language Proficiency Interview (SLPI).

(F) **Native American languages.** The State Department of Education (OSDE) will consult with each tribal nation as appropriate to identify an appropriate measure of proficiency.

(G) **Languages for which there is no standard assessment.** If a request for a Seal of Biliteracy is received regarding a language for which there is no standard assessment but which is not a Native American language, the OSDE will work with relevant linguistic and/or cultural entities to identify an appropriate measure of proficiency.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 13. STUDENT ASSESSMENT

**210:10-13-20. Academic Performance Index
[REVOKED]**

Pursuant to Title 70 O.S. § 3-150 through § 3-152 so long as the requirements exist in statute. The Academic Performance Index (API) will measure school performance using a formula that includes a growth index.

(1) **Indicators.** The formula will include the following indicators of school performance:

- (A) Oklahoma School Testing Program
- (B) Attendance Rate
- (C) Graduation Rate
- (D) Dropout Rate
- (E) Advanced Placement
- (F) ACT Score and Participation
- (G) College Remediation

(2) **Components.** The formula is based on three major components, which include the seven indicators mandated by Oklahoma State Law, Title 70 O.S. § 3-150. The three major components include:

(A) ~~Oklahoma School Testing Program (OSTP)—Data from the OSTP for all state tests in the subjects of math and reading, calculated as an index using the percent of students at each performance level, multiplied by specified weights.~~

(i) ~~School sites with core grade spans that do not include indicator data for the OSTP (e.g., K-2 or a sixth and seventh grade center) will share data with the schools that they feed into and will be classified by the school configuration with which they share data.~~

(ii) ~~All end-of instruction (EOI) tests will be used in high school accountability.~~

(B) ~~School Completion—Data regarding school completion, including attendance, graduation, and dropout rates.~~

(i) ~~Attendance data calculated as Average Daily Attendance (ADA) divided by Average Daily Membership (ADM).~~

(ii) ~~Graduation rate calculated as Number of Graduates, divided by the sum of Number of Graduates and Number of 12th-grade Dropouts.~~

(iii) ~~Dropout rate calculated according to criteria set by the National Center for Educational Statistics (NCES) for common core data.~~

(iv) ~~Each of these indicators is equally weighted within the School Completion component, each contributing 33.3 percent.~~

(C) ~~Academic Excellence—Data including ACT scores and participation, Advanced Placement, and college remediation rates.~~

(i) ~~ACT data: average composite score and percent of senior students participating.~~

(ii) ~~Advanced Placement credit awarded at one of three levels based on student AP examination scores.~~

(iii) ~~College remediation rates calculated as first time college freshman enrolled in reading/math remediation divided by total first time college freshman at Oklahoma public colleges and universities.~~

(iv) ~~These indicators are weighted within the Academic Excellence component as follows: ACT data contributes 60 percent; AP information contributes 30 percent; and college remediation rates contribute 10 percent.~~

(3) **Weighting.** District configurations will be defined as a K-12 district, K-8 district or a K-6 district. The schools will be configured as high school, middle school, and elementary school. A district or school type is based on the highest grade level in which the OSTP indicators are available. Each of the components will be weighted according to district/school configuration as follows:

(A) ~~K-12 districts will be calculated using 80 percent from the Oklahoma School Testing Program indicators, 10 percent from the school completion indicators and 10 percent from the Academic Excellence indicators.~~

(B) ~~K-8 districts will be calculated using 90 percent from the Oklahoma School Testing Program indicators and 10 percent from the school completion indicators.~~

(C) ~~K-6 districts will be calculated using 90 percent from the Oklahoma School Testing Program indicators and 10 percent from the school completion indicators.~~

(D) ~~High Schools will be calculated using 80 percent from the Oklahoma School Testing Program indicators, 10 percent from the school completion indicators and 10 percent from the Academic Excellence indicators.~~

(E) ~~Middle Schools will be calculated using 90 percent from the Oklahoma School Testing Program indicators and 10 percent from the school completion indicators.~~

(F) ~~Elementary Schools will be calculated using 90 percent from the Oklahoma School Testing Program indicators and 10 percent from the school completion indicators.~~

Permanent Final Adoptions

- (4) **Growth.** Growth targets will be calculated as 5 percent of the difference between school/district API and API upper limit.

House Bill 1988 (2019) amended 70 O.S. § 1210.545 to eliminate the mandate for the State Board of Education to implement rules governing medical exemptions from the chronic absenteeism provisions of the school accountability system. This rule for determining such medical exemptions at the state level has been revoked, and a new rule was adopted by emergency at 210:10-13-25 that addresses school district authority to determine medical exemptions from inclusion in chronic absenteeism calculations.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 13. STUDENT ASSESSMENT

210:10-13-24. Medical exemptions from chronic absenteeism [REVOKED]

(a) ~~**Purpose of the chronic absenteeism indicator.**~~ Because chronic absenteeism has been linked to lower academic performance, higher dropout rates, and diminished success after high school, Oklahoma has included chronic absenteeism as an indicator in the school accountability system adopted under the requirements of the *Every Student Succeeds Act* (ESSA). By highlighting the importance of regular school attendance to student success in school and beyond, the State of Oklahoma encourages schools to actively engage with students and their families in eliminating barriers to regular attendance, and to ensure students receive the supports needed to attend school every day.

(b) ~~**Purpose of the medical exemption from chronic absenteeism.**~~ The State Board of Education is directed in 70 O.S. § 1210.545 to promulgate rules providing for a medical exemption from the chronic absenteeism indicator. A public school district or charter school may request an exemption from inclusion in the school's chronic absenteeism indicator calculations for the related absences of a student who meets the criteria established in this Section for a significant medical condition.

(c) ~~**Definitions.**~~ The following words and terms, when used in this Section, shall have the following meaning, unless the context clearly indicates otherwise:

(1) ~~**"Chronic absenteeism"**~~ means absence from school at least ten percent (10%) of the time that school is in session and the student is included in membership, eighteen (18) or more days on a 180-day school calendar or ten percent (10%) or more of school days on a 1,080 hours school calendar.

(2) ~~**"Significant medical condition"**~~ means, for the purposes of this Section, a severe, chronic, or life-threatening physical or mental illness, infection, injury, disease, or emotional trauma that meets all of the following criteria:

(A) The condition affects the student so severely as to incapacitate the student from attending school for an identifiable time period or number of school days, or for which the student must receive regular medical care requiring absence from school;

(B) The student is unable to receive instruction through homebound education services for an identifiable time period or number of school days due to the medical condition or its treatment, or homebound education is not appropriate due to brief recurring absences for the purpose of receiving treatment;

(C) The school or school district has been provided with written documentation of the condition that is verified in writing by a physician licensed to practice in the State of Oklahoma, or by a physician licensed in another state if the student has received related treatment out of state. A copy of the documentation verifying the student's condition shall be filed in the student's educational record.

(D) The term "significant medical condition" shall not include:

- (i) Minor illnesses or injuries that do not incapacitate the student or require recurring treatment;
- (ii) Short term illnesses or injuries resulting in absences of ten (10) or fewer consecutive instructional days, including those that require short term hospitalization of ten (10) or fewer consecutive instructional days;
- (iii) Pregnancy, unless complications of the pregnancy otherwise meet this Section's criteria for a significant medical condition; or
- (iv) Refusal of a parent/guardian to permit the student to attend school or receive homebound services due to the illness, injury, or trauma.
- (v) The occurrence of one of the conditions listed in (D) shall not disqualify a student who is eligible for a medical exemption on a different basis.

(E) Examples of conditions that could be considered "significant medical conditions" for the purposes of this Section may include, but are not limited to:

- (i) The student is in the final stages of a terminal disease or degenerative illness, or the student has been placed in hospice care;
- (ii) The student is comatose;
- (iii) The student has a serious chronic medical condition (a condition lasting three months or more), and is absent for the purpose of receiving condition-related treatment such as chemotherapy or dialysis;
- (iv) The death or life-threatening injury of an immediate family member of the student (student's parent/guardian, sibling, or child); or
- (v) The student has sustained serious mental or physical injury as a result of a catastrophic event such as:

- (I) A natural disaster or other event resulting in a declared state of emergency;
- (II) An act of violence, including but not limited to: acts of physical assault, sexual assault, kidnapping, homicide, torture, or terrorism;
- (III) Drowning;
- (IV) Poisoning, fall, or traumatic brain injury; or
- (V) Fire or explosion in the student's home when the student was present.

(d) **Absences from school that do not accrue toward chronic absentee status.** A student with disabilities who is on an Individualized Education Program (IEP), or a student with a physical or mental impairment who is on a Section 504 Plan, is considered in attendance and does not accrue absences while receiving offsite services addressed in the IEP or Section 504 plan. A student on an IEP or Section 504 Plan whose condition worsens or who requires more frequent treatments should have their IEP or Section 504 Plan updated accordingly. A student who is receiving homebound education services from their school district is considered in attendance and does not accrue absences while in homebound status.

(e) **Effect of exempt absence.** The exempt absence(s) of a student who has been granted an exemption of one or more absences from school in accordance with the provisions of this Section shall not be included in the calculation of the chronic absenteeism indicator on the school site report card.

(f) **Applications for exemption of one or more student absences.** A school district's application for a significant medical condition exemption for one or more student absences must include all supporting documentation, including physician verification and documentation of each date for which an exemption is requested, and must be submitted in the time, place, and manner designated by the State Department of Education.

(g) **Appeal of a denial of a medical exemption.** A request for a medical exemption that has been denied by the State Department of Education for failure to meet the criteria for "significant medical condition" outlined in (c)(2) of this Section may be appealed to the State Board of Education in accordance with the following procedures:

- (1) **Petition for appeal.** The school district or charter school in which the student is enrolled may appeal the Department's denial of a medical exemption to the State Board of Education. The parent or legal guardian of a student, an individual who has been issued letters of guardianship of the person of a student pursuant to the Oklahoma Guardianship and Conservatorship Act, or an adult who has assumed permanent care and custody of a student in accordance with local district policies and applicable state law must grant permission to the school district or charter school to file a petition for appeal to the State Board of Education. Parental consent shall be provided in writing and shall be documented by the requesting school district or charter school.

(2) **Filing requirements.** A petition for appeal must comply with the following requirements:

(A) **Time of filing.** The petition for appeal must be submitted in writing to the Secretary of the State Board of Education within ten (10) business days after the date the school district receives notice of the Department's denial of the medical exemption.

(B) **Method of filing.** Petitions for appeal may be submitted to the Secretary of the State Board of Education in person or by mail. A petition submitted by mail will be accepted as timely if the mailing envelope contains a postmark dated on or before the date of the filing deadline.

(C) **Verification of a petition for appeal.** The petition for appeal must be signed by the school Superintendent or the school Superintendent's designee, or charter school administrator or designee, for the purpose of verifying that, to the best of the individual's knowledge, the information submitted in the appeal is accurate and correct.

(D) **Acceptance of a petition for filing.** Upon receipt of the petition for appeal, the Secretary of the Board of Education shall file the petition and obtain copies of all records and information submitted by

~~the school district or charter school to the State Department of Education pursuant to (f) of this Section. Copies of agency records and additional documentation submitted in the petition for appeal shall be provided to members of the State Board of Education for consideration. Only timely filed petitions for appeal shall be brought to the State Board of Education for consideration. The Board shall take action on the petition at the next regularly scheduled State Board of Education meeting, unless the petition is received ten (10) or fewer calendar days prior to the next regularly scheduled meeting. A petition received ten (10) or fewer calendar days prior to the next regularly scheduled meeting of the Board will be considered at the following month's regularly scheduled meeting.~~

(3) Review of petitions. ~~Because the privacy of individual student data is protected by the Family Educational Rights and Privacy Act (FERPA) and Oklahoma's Student Data Accessibility, Transparency, and Accountability Act, the State Board of Education shall review petitions for appeal in executive session as authorized by 25 O.S. § 307 (A)(7). The State Board of Education shall evaluate each petition for appeal based on the following criteria to determine whether a "significant medical condition" exists as contended by the appealing school district or charter school:~~

~~(A) The applicability of the criteria outlined in (c)(2) of this section related to the determination of a "significant medical condition";~~

~~(B) The extent of the student's incapacitation or need for treatment; or~~

~~(C) The existence of newly discovered documentation or newly available information that significantly and substantively reflects on the student's mental and/or physical state of being and that would have resulted in an exemption being granted for one or more absences if the newly discovered information had been available when the request was denied.~~

(4) Actions on a petition for appeal. ~~After review of the petition for appeal in accordance with (g)(3) of this section, the State Board of Education shall take action on a petition for appeal based on the merits of the information provided in the written appeal.~~

~~(A) The Board shall consider each petition for appeal on an individual basis and shall issue an approval or denial of the request for a medical exemption.~~

~~(B) The Secretary of the Board shall notify the school district or charter school and the State Department of Education in writing of the Board's determination.~~

~~(C) The State Department of Education shall document each determination to maintain an accurate agency record of each request for a medical exemption.~~

~~(D) Requests for student medical exemptions granted by the State Board of Education will be processed pursuant to (f) and (g) of this Section. The absences of students denied medical exemptions by~~

~~the State Board of Education will be included in the calculation of the chronic absenteeism indicator of the school and/or school district.~~

GIST/ANALYSIS:

The rule codifies state level guidance for minimizing the use of seclusion and restraint on students, particularly students who are identified as needing special education services under the *Individuals with Disabilities Education Act* (IDEA). The rule gives definitions for terms, including seclusion (the involuntary confinement of a student alone in an area they are physically prevented from leaving) and different types of restraint. Based on current best practices, case law, and federal guidance, guidelines are outlined for reducing the use of such measures on students and for tracking incidents of restraint and seclusion in Oklahoma schools. The rule also prohibits the application of corporal punishment to students with disabilities entitled to special education services under the IDEA.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 13. SPECIAL EDUCATION

210:15-13-9. Guidelines for minimizing seclusion and restraint of students

(a) **Definitions.** The following terms, when used in this Section, shall have the following meanings unless the context clearly indicates otherwise:

- (1) **"Behavior Intervention Plan (BIP)"** means a plan that is based on the results of a functional behavioral assessment (FBA) and, at a minimum, includes a description of the problem behavior, global and specific hypotheses as to why the problem behavior occurs, and intervention strategies that include positive behavioral supports and services to address the behavior.
- (2) **"Chemical restraint"** means a drug or medication used on a student to control behavior or restrict freedom of movement, when such substance is not administered as prescribed to the student by a licensed physician or other qualified health professional acting under the scope of their professional authority.
- (3) **"Corporal punishment"** means, as defined in 70 O.S. § 13-116, the deliberate infliction of physical pain by hitting, paddling, spanking, slapping, or any other physical force used as a means of discipline.
- (4) **"Functional Behavioral Assessment (FBA)"** means a process that uses direct and indirect data collection to determine why a student engages in behaviors that impede learning, and how the student's behavior relates to the environment. The FBA includes, but is not limited to: the identification of the problem behavior, the definition of the behavior in concrete terms, the identification of the contextual factors that contribute to the behavior, and the formulation of a hypothesis regarding the general conditions under which a behavior usually occurs and probable consequences that serve to maintain it.
- (5) **"Mechanical restraint"** means the use of any device or equipment to restrict a student's freedom of movement. This term does not include motor vehicle safety restraints or devices utilized by a student, or appropriately trained school personnel, which are used as prescribed by a medical or related services professional for specific approved purposes such as: mechanical supports used to achieve proper body position or allow greater freedom of mobility, restraints for medical immobilization, or orthopedically prescribed devices.
- (6) **"Physical escort"** means a temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of directing a student to move to a safe location if they are in distress or acting out.
- (7) **"Physical restraint"** means a personal restriction that immobilizes or reduces the ability of a student to move their torso, arms, legs, or head freely. Physical restraint does not include an appropriately applied temporary physical escort.
- (8) **"Prone restraint"** means a prohibited type of physical restraint that positions a student face down on their stomach, potentially restricting the student's ability to breathe freely.

(9) **"Seclusion"** means the involuntary confinement of a student alone in a room or area which the student is physically prevented from leaving. Seclusion does not include short-term monitored separation in a monitored and non-locked timeout setting.

(10) **"Seclusion room"** means a room or other confined area in which a student is involuntarily placed in isolation from other persons and which the student is physically prevented from leaving.

(11) **"Timeout"** means a technique that is part of an approved behavior management program and involves the monitored separation of the student in a non-locked setting for the purpose of calming.

(b) **Student seclusion.** Seclusion should never be used for the purposes of discipline, punishment, forcing compliance, or as a convenience to staff. Seclusion may only be used under emergency circumstances as outlined below.

(1) **Circumstances under which seclusion of a student is authorized.** A student may be placed in seclusion only if:

- (A) The student's actions pose an imminent danger of serious physical harm to the student or other individuals, and not merely a threat to property;
- (B) Positive behavior intervention strategies and less restrictive measures appropriate to the behavior exhibited by the student are currently being implemented, but have not effectively de-escalated the threat of danger or harm;
- (C) School personnel are present who have completed appropriate training that addresses conflict de-escalation, the crisis cycle and associated interventions, appropriate use of seclusion rooms, and possible effects of seclusion; and
- (D) The seclusion only lasts as long as necessary to resolve the threat of danger or harm.

(2) **Conditions required during an authorized use of seclusion.** If a student is placed in seclusion during an emergency situation that meets the criteria of (b)(1) above, the following precautions must be exercised throughout the time the student is in seclusion:

- (A) The student must be continuously monitored visually and aurally by an appropriately trained school employee;
- (B) The student must be allowed to go to the restroom upon request;
- (C) The student must be permitted to drink water upon request; and
- (D) Immediate action must be taken if the student displays any signs of medical distress.

(3) **Requirements for seclusion rooms.** A room or area where a student is placed in seclusion must meet the following criteria:

- (A) Continuous visual and aural monitoring of a secluded student is possible;
- (B) There must be adequate space for the student to sit or lie down;
- (C) There must be adequate lighting;

(D) The room must be equipped with heating, cooling, and ventilation systems comparable to such systems in the rest of the building where the seclusion room or area is located;

(E) The room or area used for seclusion must be free of any objects that pose a potential risk of harm to a student with disabilities or a student in distress; and

(F) If equipped with a door that locks, the lock must automatically disengage in case of an emergency such as a fire or severe weather.

(c) **Student restraint.** Chemical restraint and/or mechanical restraint of a student is prohibited in Oklahoma public schools. Physical restraint of a student should never be used for the purposes of discipline, punishment, forcing compliance, or as a convenience to staff. In cases where a student has a history of dangerous behavior for which physical restraint was used or considered, the school should have a plan in place for teaching and supporting more appropriate behavior and determining positive methods to prevent behavioral escalations that have previously resulted in the use or consideration of restraint. Physical restraint may only be used under emergency circumstances as outlined below.

(1) **Circumstances under which physical restraint of a student is authorized.** A student may be physically restrained only if:

(A) The student's actions pose an imminent danger of serious physical harm to the student or other individuals, and not merely a threat to property;

(B) Positive behavior intervention strategies and less restrictive measures appropriate to the behavior exhibited by the student are currently being implemented, but have not effectively de-escalated the threat of danger or harm;

(C) The physical restraint is applied by school personnel who have completed appropriate training that addresses conflict de-escalation, the crisis cycle and associated interventions, CPR and First Aid (including certifications), possible effects of physical restraint, and monitoring the wellbeing of a restrained student; and

(D) The physical restraint lasts only as long as necessary to resolve the threat of danger or harm.

(2) **Conditions required during an authorized use of physical restraint.** If a student is placed in physical restraint during an emergency situation that meets the criteria of (c)(1) above, the following precautions must be exercised throughout the time the student is restrained:

(A) Under no circumstances may a student be restrained using a prone (facedown) restraint, any restraint that prevents the student from breathing or speaking, or any maneuver that places pressure or weight on the chest, sternum, lungs, diaphragm, neck, throat, or back;

(B) The degree of restriction of the student's freedom of movement may not exceed what is necessary to protect the student or other individuals from the threat of serious physical harm; and

(C) The restraint of the student is continuously witnessed by at least one school employee who is not involved in the physical restraint.

(d) **Corporal punishment of students with disabilities not authorized.** For all students, the State Department of Education strongly encourages Oklahoma schools to implement disciplinary policies and practices that use evidence based, developmentally appropriate methods informed by an awareness that many students have endured Adverse Childhood Experiences (ACEs) and related trauma. As applied to students with disabilities entitled to special education services under the *Individuals with Disabilities Education Act* (IDEA), the use of corporal punishment by employees or agents of an Oklahoma public school is prohibited beginning in the 2020-2021 school year.

(e) **Incident reporting.** Each incident of seclusion, restraint, or corporal punishment of a student with disabilities shall be reported immediately to a school site administrator and documented using the statewide online IEP reporting system. A copy of the documentation shall be placed in the student's file and provided to the student's parent(s) or guardian(s). For each incident of seclusion, restraint, or corporal punishment of a student, the student's parent(s) or guardian(s) shall be notified as soon as possible, and must be notified no later than the school day following the incident or within twenty-four (24) hours of the incident, whichever is first. An IEP meeting may be needed to review or implement a Behavior Intervention Plan (BIP) for the student.

(f) **End-of-year reporting.** At the end of each school year, and no later than June 30th, each school district or charter school shall report to the State Department of Education (OSDE) Office of Special Education Services information regarding all incidents of seclusion, restraint, or corporal punishment of a student with disabilities within the district during the school year that just closed. The end-of-year summary report shall include the total number of each type of incident, as well as the number and type of incidents associated with each student to whom seclusion, physical restraint, or corporal punishment was applied. This information will be used to identify districts in need of additional support, training, and guidance in the areas of conflict de-escalation, crisis intervention, Functional Behavior Assessments, the possible effects of seclusion and restraint, and effective behavior intervention planning.

GIST/ANALYSIS:

The rules addressing the Reading Sufficiency Act (RSA) have been updated to reflect changes to the RSA statutes and other relevant education laws. Updates include amended terminology to reflect language changes in the school accountability system, and the codification of the due dates for schools' required data submissions to ensure timely distribution of RSA funds.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 27. READING SUFFICIENCY ACT

210:15-27-1. District Reading Sufficiency Plans and Summer Academy Reading Programs

(a) **Definitions.** The following terms, when used in this Subsection, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Individualized Program of Reading Instruction"**, also referred to as **"Academic Progress Plan" ("APP")**, means the program of reading instruction developed pursuant to 70 O.S. § 1210.508C for a student in first, second, or third grade who is not meeting grade level targets in reading, which is designed to enable the student to acquire the appropriate grade level reading skills.

(2) **"READ Initiative"** means the Reading Enhancement and Acceleration Development Initiative that each

school district is directed to establish pursuant to 70 O.S. § 1210.508C, which shall be focused on preventing the retention of third grade students, and which comprises statutory components including but not limited to: availability to all kindergarten through third grade students at risk of retention as identified by Reading Sufficiency Act assessments; provision of services during regular school hours; and a reading curriculum that provides skill development in phonemic awareness, phonics, reading fluency, vocabulary, and comprehension.

(b) **District Reading Sufficiency Plans.** Each public school district will develop a ~~district reading sufficiency plan~~District Reading Sufficiency Plan that includes a plan for each school site. The district and site reading plans shall provide for all students to receive at least ninety (90) minutes of reading instruction. Each Reading Sufficiency Plan must be updated annually, signed by the school site principal, and electronically submitted to and approved by the Oklahoma State Department of Education (OSDE) Office of Curriculum and Instruction of the State Department of Education no later than August 30 as part of the requirements for receiving accreditation, provided that electronic submission and approval of annual updates to the district plan shall not be required if:

- (1) The last plan submitted by the school district was approved; and
- (2) Expenditures for the district's reading program include only expenses relating to:
 - (A) Individual and small group tutoring;
 - (B) Purchase of and training in the use of screening and assessment measures;
 - (C) Summer school programs; or
 - (D) Saturday school programs.

(~~b~~c) **Conditions requiring annual submission of Plans.** If any expenditure for the district's reading program is deleted or changed or if any other type of expenditure for the district's reading program is implemented, the school district shall be required to submit the latest annual update for approval. Notwithstanding the provisions of (a)(1) and (2) of this Section, if a district has one or more schools that are not achieving the annual improvement goals as outlined in the Reading Sufficiency Act, or if a district has one or more schools designated as ~~a school in need of improvement~~a Targeted Support and Improvement (TSI) or Additional Targeted Support and Improvement (ATSI) site, the district shall submit its ~~district reading sufficiency plan~~District Reading Sufficiency Plan for approval no later than August 30 of the applicable school year.

(~~e~~d) **Submitting data for the annual report to the Legislature.** Each school district and each school site shall submit to the State Department of Education the information to be used for the ~~annually required Reading Sufficiency Act Annual Reading Report Card~~report to the Oklahoma Legislature by the submission deadline to be determined by the Office of Instruction of the State Department of Education.

(~~d~~e) **Reporting the number of students in need of remediation.** Each school district will submit to the ~~State Department of Education~~OSDE the "Beginning of Year" report indicating the number of students in kindergarten, first, second and third grades found to be in need of remediation in reading based on

Permanent Final Adoptions

screening instruments approved by the State Board of Education by October 1 ~~the submission deadline to be determined by the Office of Instruction of the State Department of Education.~~

(e) ~~Pursuant to the Reading Sufficiency Act, each school district which has any schools that are not achieving the required annual reading goal set forth in 70 O.S. § 1210.508B shall submit to the State Department of Education its annual improvement goals necessary to progress from the baseline established September 1, 2005, to achieving the reading goal for all third grade students set forth at 70 O.S. 1210.508B(D). These improvement goals shall be submitted to the State Board of Education by the submission deadline to be determined by the Office of Instruction of the State Department of Education.~~

(f) **Funding.** Contingent on the availability of appropriated funds designated for the Reading Sufficiency Act, the State Department of Education may allocate funds to public school districts in accordance with the provisions of 70 O.S. § 1210.508D. Superintendents of school districts allocated such funds will sign and submit an assurance statement that their reading program meets the requirements of the Reading Sufficiency Act prior to receipt of funding. In order to be eligible for Reading Sufficiency Act funds, a school district must submit its District Reading Sufficiency Plan to the OSDE by August 30, and must submit its "Beginning of Year" report of the number of students in need of remediation by October 1. A school district that has not submitted either of these documents by the applicable due dates will not be eligible to receive Reading Sufficiency Act funds for the school year in which the submission was not provided to the OSDE by the due date. A district that is unable to meet a submission deadline due to a technical problem in its Student Information System or in a system operated by the OSDE should immediately notify the Office of Curriculum and Instruction of the technical difficulty preventing a timely submission, and may be provided an extension of the applicable due date until the relevant technical issue is resolved. A district that is unable to meet a submission deadline due to circumstances that are beyond the district's control, but not attributable to a technical issue, may file an appeal with the State Board of Education. Such appeals shall be considered by the Board within forty-five (45) days of receipt.

(g) **Authorized expenses for RSA funds.** Reading sufficiency funds allocated pursuant to subsection ~~(f)(e)~~ of this Section must be used for expenses relating to individual and small group tutoring, purchase of and and/or development of instructional training in the use of screening assessment measures, summer academy reading sufficiency plan programs, Saturday school programs, and any other reading program or professional development training contemplated as necessary by the districts to perform the goals of the Reading Sufficiency Act for students in the kindergarten, first, second, and third grades who have been identified by the elementary site as in need of a program of reading instruction. Professional development funded pursuant to this Section shall be consistent with guidance made available on the OSDE website by the Office of Curriculum and Instruction.

(h) **Summer Academy Reading Programs.** Summer ~~academy reading programs~~ Academy Reading Programs for

students, as authorized by 70 O.S. § 1210.508E shall be courses that:

- (1) provide at least four (4) weeks of tutoring ~~a half (1/2) day~~ a minimum of three (3) hours each day for four (4) days;
- (2) incorporate the content of a ~~reading~~ program ~~reading sufficiency plan~~ that meets the criteria set forth in the Reading Sufficiency Act;
- (3) are taught by teachers who have successfully completed a professional development institute or program in reading as prescribed by the statutory provisions of the Reading Sufficiency Act; and
- (4) include only eligible students not reading at grade level based on results from an assessment approved by the State Board of Education.

(i) **Alternative schedule for Summer Academy Reading Program.** School districts observing a continuous learning calendar may request to implement a ~~summer academy reading program~~ Summer Academy Reading Program on an alternative schedule throughout the extended school year (e.g., during intersession breaks) by submitting a proposed alternative ~~summer academy reading program~~ Summer Academy Reading Program schedule to the ~~State Department of Education~~ OSDE for approval prior to the deadline established by the Office of Curriculum and Instruction ~~of the State Department of Education~~, provided that any proposed alternative schedule ~~must meet the requirements set forth in (i) of this Section.~~

~~(j) Superintendents of districts will sign and submit an assurance statement that their reading program(s) meet the requirements of the Reading Sufficiency Act prior to receipt of funding.~~

(k) **Promotion upon completion of a Summer Academy Reading Program.** Upon completion of a Summer Academy Reading Program pursuant to 70 O.S. § 1210.508E, a student may demonstrate successful completion of the required competencies for reading necessary for promotion to fourth grade upon the student's completion of either:

- (1) A student portfolio in accordance with the criteria set forth in 210:15-27-2(b)(4); or
- (2) An acceptable level of performance on an alternative reading assessment in accordance with the criteria set forth in 210:15-27-2(b)(3)(A); or
- (3) An acceptable level of performance on one of the screening instruments approved by the State Board of Education.

210:15-27-2. Good cause exemptions for promotion under the Reading Sufficiency Act

(a) ~~Beginning with the 2013-2014 school year, students who score at the Unsatisfactory level do not meet grade-level criteria as established by the Office of Educational Quality and Accountability (OEQA) on the Reading reading foundations/processes and vocabulary portions of the third grade criterion referenced test(s) assessment administered pursuant to 70 O.S. § 1210.508 may only be promoted to fourth grade if the student qualifies for a good cause exemption pursuant to authorized by 70 O.S. § 1210.508C. Only the scores from the reading comprehension foundations/processes~~

and vocabulary portions of the third grade ~~critereon-referenced test/assessment~~ shall be used to determine the promotion and retention of third grade students pursuant to the Reading Sufficiency Act.

(b) Good cause exemptions shall be limited to the ~~seven (7)~~ statutory exemptions outlined in 70 O.S. § 1210.508C (K) as follows:

(1) Students with limited English proficiency may be granted a good cause exemption for promotion to the fourth grade ~~pursuant to 70 O.S. § 1210.508C(K)(1)~~. To qualify for this exemption, the student must:

- (A) Be identified as Limited-English Proficient (LEP)/English Language Learner ~~(ELL)(EL)~~ on a screening tool approved by the Oklahoma State Department of Education Office of Bilingual/Migrant Education and have a ~~Language Instruction Educational Plan (LIEP)~~ an English Language Academic Plan (ELAP) in place prior to the administration of the third grade ~~critereon-referenced test/assessment~~; and
- (B) The student must have had less than two (2) years of instruction in an English ~~Language-Learner (ELL)(EL)~~ program that meets the definition of a "language instruction educational program" set forth in 20 U.S.C. § 7011.

(2) Students with disabilities who are assessed with alternate achievement standards ~~(AA-AAS)~~ under the Oklahoma School Testing Program (OSTP) with the Oklahoma Alternative Assessment Program (OAAP) qualify for ~~the~~ a good cause exemption for promotion to fourth grade pursuant to 70 O.S. § 1210.508C(K)(2). To qualify for this exemption, the student must meet all of the following criteria:

- (A) The student must be identified as needing special education services prior to the administration of the third grade ~~critereon-referenced test/assessment~~;
- (B) The student must have an Individualized Education Program (IEP) in place prior to the administration of the third grade ~~critereon-referenced test/assessment~~; and
- (C) The student's IEP must direct that the student is to be assessed with alternate achievement standards through the Oklahoma Alternative Assessment Program (OAAP) based upon the OSDE Criteria Checklist for Assessing Students with Disabilities on State Assessments.

(3) Students who demonstrate an acceptable level of performance on an alternative standardized reading assessment may be granted a good cause exemption for promotion to the fourth grade ~~pursuant to 70 O.S. § 1210.508C(K)(3)~~. To promote a student using an alternative standardized reading assessment, the following criteria shall apply:

- (A) The student must score an acceptable level of performance on an approved alternative standardized reading assessment. The following are approved alternative standardized reading assessments that may be used to justify a good cause promotion ~~pursuant to 70 O.S. § 1210.508C(K)(3) under this exemption~~.

The listed score constitutes an acceptable level of performance, and the student must score at or above the following percentiles:

- (i) Stanford Achievement Test, ~~Tenth Edition, (SAT-10)~~ - 45th Percentile
- (ii) Iowa Test of Basic Skills (ITBS) Complete Battery ~~Form A, C or E, Level 9~~, Reading Comprehension - 45th Percentile
- (iii) Iowa Test of Basic Skills (ITBS) Core Battery, ~~Form A, C, or E, Level 9~~, Reading Comprehension - 45th Percentile
- (iv) TerraNova, ~~Third Edition~~ Complete Battery Level 13, Reading - 45th Percentile

(B) Alternative standardized reading assessments may only be administered following the administration of the Reading foundations/processes and vocabulary portions of the third grade ~~critereon-referenced test(s)/assessment~~. The spring test form of the exam shall be administered.

(C) An approved alternative standardized reading assessment may be administered at any time prior to the start of the next academic year, if there are at least twenty (20) calendar days between administrations and different test forms are administered.

(4) Students who can demonstrate evidence through a student portfolio that the student has mastered state standards beyond the retention level and that the student is reading on grade level or higher may be granted a good cause exemption ~~pursuant to 70 O.S. § 1210.508C(K)(4)~~. To promote a student through the use of a student portfolio, the following criteria shall apply:

(A) The student portfolio shall include evidence demonstrating the student's mastery of the Oklahoma state standards in reading equal to grade level performance on the reading ~~comprehension~~ foundations/processes and vocabulary portions of the ~~statewide~~ third grade critereon-referenced test(s)/assessment. Such evidence shall be documented through an organized collection of work representing the student's mastery of such standards, including a demonstration of mastery of all of the following essential components of reading:

- (i) Phonemic awareness;
- (ii) Phonics (i.e., The student demonstrates awareness of letter-sound correspondence for consonants, vowels, and consonant diagraphs, syllable types, and two to three syllable words);
- (iii) Reading fluency (i.e., The student demonstrates timed letter and word identification, sight words, modeled paragraph reading);
- (iv) Vocabulary (i.e., The student demonstrates ability to determine the meaning of general academic-specific and domain-specific words and phrases in a text relevant to a grade three topic or subject area); and
- (v) Comprehension (i.e., The student demonstrates ability to read and comprehend informational text independently and proficiently).

- (B) The student portfolio shall include clear evidence that the standards assessed by the reading comprehension foundations/processes and vocabulary portions of the statewide third grade criterion-referenced test(s) assessment have been met. ~~Clear evidence must include multiple choice items and passages that are 50% literary text and 50% expository text that are between 200-600 words, with an average of 350 words. Such evidence could consist of:~~
- Chapter or unit tests from the district's adopted core reading curriculum that are aligned with the Oklahoma State Academic Standards; or
 - Teacher-prepared assessments.
- (C) Each standard and objective assessed by the reading comprehension foundations/processes and vocabulary portions of the third grade criterion-referenced test(s) assessment must include a minimum of four (4) work samples of mastery whereby the student attained a grade of 70% or above. Demonstrating mastery of each objective for each standard is required.
- (D) The student portfolio shall include copies of ~~the any screening, diagnostic, or assessments and benchmark/~~progress monitoring assessments administered pursuant to 70 O.S. § 1210.508C(B) ~~and (C)~~, as well as a copy of the student's Individualized Program of Reading Instruction (also known as "Academic Progress Plan").
- (E) The student portfolio shall be signed by the certified classroom teacher responsible for the student's Reading instruction and the principal of the school, attesting that:
- The portfolio is an accurate assessment of the student's reading achievement level;
 - The portfolio includes only work that has been independently produced by the student in the third grade, including programs of reading instruction provided after regular school hours, on Saturdays, and during the summer following the student's third grade year; and
 - The student possesses required reading skills to be promoted to fourth grade.
- (5) Students with disabilities who participate in the statewide criterion-referenced test assessments and have an IEP may qualify for a good cause exemption pursuant to 70 O.S. § 1210.508C(K)(5) for promotion to fourth grade. To qualify for this exemption, the student must meet the following criteria:
- (A) ~~The student must have been previously retained in pre-kindergarten for academic reasons, kindergarten, first grade, second grade, or third grade; and~~
- (B) The student's IEP must:
- Identify Reading as an area of education need for the student or identify some type of special education service in the area of Reading reflect that the student has received intensive remediation in reading; and

~~(#B) Reflect that the student has received intensive remediation for more than two (2) years. Intensive remediation may include any type of program offering intensive reading instruction that is identified as appropriate by the IEP team made adequate progress in reading pursuant to the student's IEP.~~

- (6) Students who demonstrate a reading deficiency and have been previously retained may qualify for a good cause exemption pursuant to 70 O.S. § 1210.508C(K)(6) for promotion to fourth grade. To qualify for this exemption, the student must meet the following criteria:

(A) The student must have been previously retained in pre-kindergarten for academic reasons, kindergarten, first grade, second grade, or third grade for a total of two (2) years; and

(B) The student must have received intensive reading instruction for two (2) or more years.

- (7) Students who have been granted an exemption for medical emergencies by the State Department of Education may qualify for a good cause exemption pursuant to 70 O.S. § 1210.508C(K)(7). To qualify for this exemption, the student must have been granted a medical emergency exemption pursuant to 70 O.S. § 1210.508-2 and 210:10-13-23, applicable to the testing window during which the reading comprehension foundations/processes and vocabulary portions of the third grade criterion-referenced test assessment were administered to the student's class.

- (c) Each student completion of a transitional grade between kindergarten and third grade shall be considered a previous retention for purposes of 70 O.S. § 1210.508C(K). A transitional grade consists of subject area curriculum selected from two consecutive grade levels to provide differentiated instruction needed for a student to master appropriate skills required for promotion.

(d) Documentation shall be maintained in the student record of any student promoted on the basis of a good cause exemption listed in 70 O.S. § 1210.508C(K). Documentation shall include the student's criterion-referenced test assessment score on the reading foundations/processes and vocabulary portions and any documentation relied upon to grant a good cause exemption ~~or exemption pursuant to (b) of this Section~~.

(e) Any student promoted on the basis of a good cause exemption listed in 70 O.S. 1210.508C(K) should continue to receive intensive reading instruction and intensive instructional services and supports through the continued implementation of an Academic Progress Plan (APP) Individualized Program of Reading Instruction to remedy the reading deficiency.

(f) Each student's APP Individualized Program of Reading Instruction ~~required under this section~~ shall be documented on a form approved by the OSDE Office of Curriculum and Instruction of the State Department of Education, and shall include, but not be limited to, the following information:

- Identification of assessments used for diagnostic purposes and periodic progress monitoring;
- The results of the assessment(s) used to identify the reading deficiency;

- (3) A list of the developmental reading skill areas targeted for improvement (i.e., phonemic awareness, phonics, reading fluency, vocabulary, or comprehension);
- (4) A description of the supplemental and/or remedial services and supports provided to the student in accordance with the provisions of 70 O.S. § 1210.508C(4)(2);
- (5) A description of parental involvement strategies; and
- (6) Identification of any collaborative services provided to the ~~child~~ student in order to facilitate the ~~APPI~~ Individualized Program of Reading Instruction (i.e., Title I, IDEA, ~~ELL~~ Title III).

210:15-27-3. Standards for mid-year promotion of retained third graders

- (a) ~~District school~~ School district boards of education shall adopt and implement a policy for the mid-year promotion of any student retained in third grade due to a reading deficiency as required by 70 O.S. § 1210.508C. Such mid-year promotions of retained third grade students must occur during the first semester of the academic year, and ~~must~~ shall occur prior to November 1 of that academic year.
- (b) To be eligible for mid-year promotion, a student must demonstrate by reasonable expectation that ~~he or she~~ they:
 - (1) ~~Is~~ Are a successful and independent reader as demonstrated by reading at or above grade level;
 - (2) ~~Has~~ Have progressed sufficiently to master appropriate fourth grade reading skills; and
 - (3) ~~Has~~ Have met any additional requirements, such as satisfactory achievement in other curriculum areas, as determined by the policies of the district school board.
- (c) Standards that provide a reasonable expectation that the student has met the requirements of (b) of this Section include demonstrating a level of proficiency required to ~~score above the Unsatisfactory level~~ meet grade-level criteria as established by the Office of Educational Quality and Accountability (OEQA) on the ~~Grade 3~~ third grade criterion referenced test(s) assessment and mastery of reading skills, consistent with the month of promotion to fourth grade, as presented in the scope and sequence of the school district's core reading program. Evidence of demonstrated mastery shall be shown by the following:
 - (1) Successful completion of portfolio elements that meet state criteria in (d) of this Section; or
 - (2) Satisfactory performance on a subsequent alternative standardized assessment as specified in (e) of this Section.
- (d) To promote a student mid-year using a student portfolio as provided for in (c)(1) of this Section, there must be evidence of the student demonstrating a level of proficiency required to ~~score above the Unsatisfactory level~~ meet criteria on the Oklahoma state standards as assessed by the reading comprehension and vocabulary portions of the ~~Grade 3~~ third grade criterion referenced test(s) assessment administered pursuant to 70 O.S. § 1210.508, and mastery of the Oklahoma state standards Academic Standards as assessed by the reading comprehension foundations/processes and vocabulary portions of the ~~Grade 4~~ fourth grade criterion referenced test(s) assessment.

as specified in (b) of this Section. The student portfolio must meet the following requirements:

- (1) Consist only of work selected by the certified classroom teacher responsible for the student's Reading instruction;
- (2) Be an accurate representation of the student's reading achievement level, and only include work that has been independently produced by the student in the classroom of the certified classroom teacher responsible for the student's Reading instruction;
- (3) Include evidence demonstrating a level of proficiency required to ~~score above the Unsatisfactory level~~ meet criteria on the standards assessed by the reading comprehension and vocabulary portions of the ~~Grade 3~~ third grade criterion referenced test(s) assessment by meeting all portfolio requirements set forth in 210:15-27-2(b)(4);
- (4) Include evidence of beginning mastery of fourth grade state standards that are assessed by the ~~Grade 4~~ fourth grade reading comprehension foundations/processes and vocabulary portions of the criterion referenced test(s) assessment. ~~Clear evidence must include multiple choice items and passages that are 50% literary text and 50% expository text that are between 200-600 words, with an average of 350 words.~~ Such evidence could consist of:
 - (A) Chapter or unit tests from the district's adopted core reading curriculum that are aligned with the Oklahoma State Standards; or
 - (B) Teacher-prepared assessments;
- (5) Each standard and objective assessed by the ~~Grade 4~~ fourth grade reading comprehension foundations/processes and vocabulary portions of the criterion referenced test(s) assessment must include a minimum of three (3) work samples of mastery whereby the student attained a grade of 70% or above. Demonstrating mastery of each objective for each standard is required; and
- (6) Be signed by the certified classroom teacher responsible for the student's reading instruction and the principal of the school, both attesting that the portfolio is an accurate assessment of the student's ability and that the student possesses the required reading skills to be promoted to fourth grade.
- (e) To promote a student mid-year using an alternative standardized assessment as provided for in (c)(2) of this Section, there must be evidence that the student scored at or above grade level on the reading portion of an alternative standardized reading assessment listed in OAC 210:15-27-2(b)(3)(A), as demonstrated by standard scores or percentiles consistent with the month of promotion to the fourth grade. Alternative assessments administered for the purpose of determining a student's eligibility for mid-year promotion must also comply with the requirements of 210:15-27-2(b)(3)(B) (C) and the school district's policy for mid-year promotion, provided that alternative assessments administered for this purpose may be administered until November 1 of the school year.

Permanent Final Adoptions

~~(f) The Academic Progress Plan (APP) for any retained third grade student who has been promoted mid-year to fourth grade must continue to be implemented for the entire academic year.~~

~~(g) A mid-year promotion shall only occur upon agreement of the parent or legal guardian of the student, and the principal of the school. Such decision should be made in consultation with the student's third and fourth grade teachers.~~

(g) The Individualized Program of Reading Instruction for any retained third grade student who has been promoted mid-year to fourth grade shall be re-evaluated and modified as appropriate to support success in fourth grade, and shall be implemented for the entire academic year.

210:15-27-4. ~~Program of reading instruction~~Individualized Program of Reading Instruction

(a) **Eligible students.** Each student enrolled in kindergarten, first, second, and third grade in the public schools of Oklahoma shall be assessed at the beginning, ~~middle,~~ and end of each school year using a screening instrument approved by the State Board of Education. Any student found not to be reading at grade level shall be provided ~~a program of reading instruction~~ an Individualized Program of Reading Instruction designed to enable the student to acquire the appropriate grade level reading skills. Diagnostic assessment shall be provided if determined appropriate, and progress monitoring shall continue throughout the year.

(b) **Student Reading Proficiency Team.** For students found not to be reading at the corresponding grade level upon completion of an approved screening instrument, a Student Reading Proficiency Team shall be created. The following guidelines apply to Student Reading Proficiency Teams:

(1) For a student not reading at the corresponding grade level in first grade or second grade as identified by an approved screening instrument, the Student Reading Proficiency Team shall develop an individualized program of reading instruction. The team shall be composed of:

- (A) The student's parent(s) or guardian(s);
- (B) The teacher assigned responsibility for the student's reading instruction in that academic year;
- (C) A teacher assigned responsibility for reading instruction in the student's next grade level; and
- (D) A certified reading specialist, if available.

(2) For a third grade student who is not eligible for automatic promotion and who ~~scores at the unsatisfactory or limited knowledge levels~~ does not meet criteria on the reading foundations/processes and vocabulary portions of the third-grade statewide criterion referenced test assessment administered pursuant to 70 O.S. § 1210.508, a Probationary Promotion Reading Proficiency Team may evaluate the student for probationary promotion. Upon the unanimous recommendation of the Probationary Promotion Reading Proficiency Team and approval of the school principal and district superintendent, a student recommended for probationary promotion shall be promoted to fourth grade. The Probationary Promotion Reading Proficiency Team shall be composed of:

- (A) The student's parent(s) or guardian(s);
- (B) The teacher assigned responsibility for the student's reading instruction in that academic year;
- (C) A teacher assigned responsibility for reading instruction in the student's next grade level; and
- (D) A certified reading specialist.

(c) **Program requirements.** Each program of reading instruction shall include provisions of the READ Initiative adopted by the school district as provided for in 70 O.S. § 1210.508C. For purposes of the Reading Sufficiency Act, a "program of reading instruction" shall be based upon a ~~three-tiered Response to Intervention ("RtI")~~ Multi-Tiered Systems of Support (MTSS) model, and shall include:

(1) **Tier I.** For students identified for Tier I intervention, a minimum of ninety (90) minutes of uninterrupted daily scientific research-based reading instruction; Tier I, or core instruction, is research-based reading instruction for all students that is based on the science of how students learn to read and is aligned with the Oklahoma Academic Standards. Tier I instruction provides all students a minimum of ninety (90) minutes of reading instruction.

(2) **Tier II.** For students identified for Tier II intervention, at least an amount of uninterrupted scientific research-based reading instructional time that is: Tier II intervention is supplemental, direct, research-based instruction based on the cognitive science of how students learn to read, designed to supplement core instruction and address students' reading skill deficits. Tier II intervention is:

- (A) Based on specific student needs;
- (B) Reflects the needed intensity and/or frequency as identified ~~on a screening tool, by diagnostic~~ appropriate reading assessment, and/or progress monitoring instrument; and
- (C) Is determined by the ~~classroom~~ teacher responsible for grade level Tier I reading instruction, reading specialist (if available), and building principal.

(3) **Tier III.** For students identified for Tier III intervention, at least forty five (45) to sixty (60) minutes of additional uninterrupted daily scientific research-based reading instruction in addition to the ninety (90) minutes of uninterrupted daily reading instruction provided under Tier I. Tier III intervention is supplemental, direct, customized, and intensive research-based instruction based on the cognitive science of how students learn to read, designed to supplement core instruction and address students' reading skill deficits by targeting the area(s) of greatest need. Tier III intervention is:

- (A) Based on specific student needs;
- (B) Reflects the needed intensity and/or frequency as identified by a diagnostic assessment; and
- (C) Is determined by the teacher responsible for grade level Tier I reading instruction, reading specialist (if available), and building principal.

(d) **District review of program.** Each district shall conduct a review of the program of reading instruction for all students ~~who score below the proficient level~~ do not meet criteria on

the reading ~~comprehension~~ foundations/processes and vocabulary portions of the third grade ~~statewide criterion referenced tests assessment~~ and do not qualify for a good-cause exemption under 70 O.S. § 1210.508C(K). For each student retained under the provisions of the Reading Sufficiency Act, the school district shall require a student portfolio to be completed. The district review of each retained student's program of reading instruction shall address additional supports and services needed to remediate the identified areas of reading deficiency, which may include but not limited to:

- (1) Small group instruction;
- (2) Reduced teacher-student ratios;
- (3) More frequent progress monitoring;
- (4) Tutoring or mentoring;
- (5) Transition classes containing third and fourth grade students;
- (6) Extended school day, week, or year; and
- (7) ~~Summer reading academies~~ Summer Academy Reading Programs as provided for in 70 O.S. § 1210.508E, if available.

(e) ~~Transition to ACE remediation for students~~ Students approved for probationary promotion. For a student who is approved for probationary promotion, the Probationary Promotion Reading Proficiency Team shall continue to review the student's reading performance and repeat the evaluation and recommendation process described in 1210.508C(H)(4) each academic year until the student demonstrates grade-level reading proficiency on an approved screening instrument or transitions to ~~remediation provided under the Achieving Classroom Excellence Act (ACE)~~ another school. If a student who has been approved for probationary promotion transitions to another school before demonstrating grade-level proficiency on an approved screening instrument, a copy of the student's Individualized Program of Reading Instruction shall be provided to the student's subsequent school.

GIST/ANALYSIS:

Provisions have been added to the rule governing the renewal of educator certificates issued by the State Board of Education, to provide for the availability of a due process hearing in the event a standard certificate is denied for renewal. The procedures substantially align with the due process provisions that apply to the revocation of a teaching certificate.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 9. PROFESSIONAL STANDARDS: TEACHER EDUCATION AND CERTIFICATION

PART 9. TEACHER CERTIFICATION

210:20-9-96. Requirements for renewal or reissuance of certificates

(a) Standard certificate.

(1) To renew a standard certificate a teacher must submit the appropriate application, pay the appropriate processing fee specified in subsection 210:20-9-9 (d) and complete one of the following options:

(A) Option I--the applicant shall have completed a minimum of three (3) years of school experience in an accredited school during the five (5) year validity of the standard certificate. Applicants who have completed fewer than three (3) years of school experience may substitute coursework in professional education and/or specialization from an accredited college or university for each year of experience they are lacking at the following rate: with two (2) years of experience, complete three (3) semester hours; with one (1) year of experience, complete four (4) semester hours; or with zero (0) years of experience, complete five (5) semester hours. College credit must be completed within the five (5) year period immediately preceding the date of application for renewal. Teachers who teach one-half day in an accredited school each school year for the five (5) year validity period of

their certificate may renew a standard certificate. The following provisions apply if the certificate has been expired more than five (5) years: If the certificate has been expired for more than five years and the teacher was certified in and teaching in another state and has three years of experience within the five year period immediately preceding the date of application for renewal the experience will apply toward renewal.

(B) Option II--a teacher or administrator who is not employed as a teacher or administrator and holds a valid Oklahoma Standard Teaching Certificate may satisfy requirements for renewal of the Standard Teacher Certificate by completing seventy-five (75) points in professional development programs, conferences and seminars approved by a public school district. A combination of professional development points, higher education credits and/or teaching experience may also be used for renewal of a valid standard teaching certificate. Only programs, conferences and seminars recognized for professional development credit by an Oklahoma public school district at the time the teacher attends the programs, conferences or seminars may be used to fulfill the renewal requirement. The individual seeking certification renewal is responsible to maintain his/her professional development attendance forms to submit to the State Department of Education. Exact combinations of professional development points, college credit hours and years of teaching experience will be determined by the Professional Standards Section of the State Department of Education.

(C) Option III--Issue a two-year certificate immediately and then complete the following requirement. Successful employment for one year in an Oklahoma accredited school or accredited college or university. An administrator will provide supervision and a teacher or appropriate colleague will provide assistance as needed. Ultimately, certification is contingent on the district or college/university-level evaluation of the candidate.

(2) School experience, for purposes of renewing a standard certificate, is experience as a teacher, supervisor, or administrator in a school, college, or university accredited by either a state board of education or state board of regents.

(3) If a standard certificate has been expired for one (1) year or more, the applicant must undergo a new criminal history record check, as provided for at 70 O.S. § 5-142. Applicant is responsible for any fees associated with the criminal history record check.

(b) **Provisional certificates.**

(1) **Nonvocational provisional certificates.** Non-vocational provisional certificates may be renewed if requirements outlined by the State Department of Education toward meeting requirements for a standard certificate are met during the term of validity of the provisional certificate.

(2) **Vocational provisional certificates.** Vocational provisional certificates may be renewed if requirements outlined by the State Department of Education and/or the Oklahoma Department of Vocational and Technical Education toward meeting requirements for a standard certificate are met during the term of validity of the provisional certificate.

(c) **Supplemental renewal regulations.**

(1) Experience as a professional employee of a state education agency or professional educational organization is considered valid experience for the renewal of a standard or professional certificate.

(2) Teachers who teach one-half day in an accredited school (nursery--higher education) each year for the validity period of their certificate may renew a standard or professional certificate.

(3) Teaching experience with the Oklahoma Department of Corrections Educational System, the Oklahoma Department of Human Services as a vocational rehabilitation counselor, with optional/special function schools in Oklahoma accredited by the North Central Association of Colleges and Schools, experience in the Head Start Program, full-time active military service, or experience as a member of the Oklahoma Legislature may be accepted in meeting requirements for renewal of a standard or professional certificate.

(4) The State Board of Education shall recognize full-time service as a member of the staff of the ~~house of representatives~~House of Representatives, the ~~senate~~Senate or the ~~legislative service bureau~~Legislative Service Bureau in an area related to education as valid experience for renewal of the standard certificate. This experience is calculated at the same rate as it is for other teachers.

(5) Any person who is receiving retirement compensation from the Teacher Retirement System may renew the last standard or professional certificate for the purpose of substitute teaching.

(6) A minimum of two-thirds of a school year (120 days or 720 hours) acquired in not more than two (2) contractual school years during the validity of the certificate in accredited schools may be considered as one (1) year of school experience.

(7) A teacher who has taught more than one-half of a day for 120 days or more will be considered as having had one year of experience.

(8) Substitute teachers, unless under contract, may count experience acquired in not more than two (2) consecutive years during the validity of the certificate.

(9) Student teaching, experience in nonaccredited schools, experience while not holding a valid certificate, and experience while providing contracted services will not be accepted as school experience for purposes of renewal.

(10) Applications for renewal of standard certificates will not be accepted prior to January 1 of the year in which the certificate expires.

(d) **Due process procedures in case of denial to renew a certificate.** Upon the denial of an individual's application to renew a standard teaching certificate, the State Board of Education shall notify the superintendent of the district that currently employs or most recently employed the certified individual based on the personnel reports currently on file with the State Department of Education. An individual whose application for renewal of a standard certificate is denied may request a hearing to be conducted by the State Board of Education or a hearing officer delegated such authority by the Board. Such a hearing shall not be available to an individual who holds an emergency or provisional teaching certificate. A request for a hearing on denial of renewal shall be filed with the Executive Secretary of the State Board of Education. The following procedures apply to hearings and deliberations held pursuant to such requests:

(1) **Hearing procedures.**

(A) **Hearing and appointment of a hearing officer.** Upon filing the application with the Secretary of the Board, the Secretary shall set the matter for a hearing. The Board, at its discretion, may utilize a hearing officer to conduct the hearing. If utilized, the hearing officer shall be appointed by the Chairperson of the Board.

(B) **Attendance of witnesses.** If the complainant, or the holder of the certificate wants any person to attend the hearing and testify as a witness, the individual shall notify the Chairperson of the State Board of Education at least fifteen (15) calendar days prior to the hearing, in writing, giving the name and address of the desired witness, and the Chairperson shall thereupon subpoena, by mail, the desired witness to attend in accordance with the provisions of this subsection. Every person testifying at a revocation hearing shall be sworn to tell the truth. The parties to the hearing shall exchange witness and exhibit lists and any exhibits no later than fifteen (15) calendar days prior to the hearing.

(C) **Subpoenas.** Subpoenas and/or subpoenas duces tecum may be issued in accordance with the following procedures:

(i) **Issuance of subpoenas.** Subpoenas for the attendance of witnesses, or for the production of books, records, papers, objects, or other evidence of any kind as may be necessary and proper for the purposes of a proceeding shall be issued by the Secretary of the Board at the direction of the Chairperson; upon order of the Board; or at the request of any party to a proceeding before the Board. The signature of the Secretary shall be sufficient authentication for any subpoena.

(ii) **Service of subpoenas.** Subpoenas shall be served in any manner prescribed for service of a subpoena in a civil action in the district courts of the State of Oklahoma.

(iii) **Objections to and compliance with subpoenas.** Any party to the proceeding may move to quash a subpoena or subpoenas duces tecum issued

in accordance with the provisions of this Section, provided that, prior to quashing a subpoena or subpoenas duces tecum the agency shall give notice to all parties. A subpoena or subpoenas duces tecum may not be quashed if any party objects.

(iv) **Enforcement of subpoenas.** Upon the failure of any person to obey a subpoena, or upon the refusal of any witness to be sworn or make an affirmation or to answer a question put to her or him in the course of any individual proceeding or other authorized action of the Board, the Board as soon as convenient shall consider the issue of enforcement of the subpoena. By resolution, it may direct application to the district or superior court of the county of such person's residence or to any judge thereof for an order to compel compliance with the subpoena or the furnishing of information or the giving of testimony. Meanwhile, the hearing or other matters shall proceed, so far as is possible, but the Board at its discretion at any time may order a stay or continuance of the proceedings for such time as may be necessary to secure a final ruling in the compliance proceedings.

(v) **Costs of issuance and service of subpoenas.** The costs covering the issuance and service of subpoenas and all witness fees incurred on behalf of a party to the proceedings, other than the Board, shall be borne by the party on whose behalf they are incurred.

(D) **Right to representation.** Any party to the individual proceeding shall at all times have the right to representation by counsel, provided that such counsel must be duly licensed to practice law by the Supreme Court of Oklahoma, and provided further that counsel shall have the right to appear and act for and on behalf of the party represented.

(E) **Legal counsel to State Board of Education.** An attorney for the State Board of Education shall present evidence to the Board, in furtherance of the application. If deemed necessary by the Chairperson of the Board, a request may be made of the Attorney General to provide counsel to the Board to rule on questions of admissibility of evidence, competency of witnesses, and any other questions of law. In the event that counsel is not requested from the Attorney General the Chairperson of the Board will rule on the evidence, competency of the witness and other questions of law.

(F) **Disqualification of a Board member or hearing officer.** A Board member or hearing officer shall withdraw from any individual proceeding in which the individual cannot accord a fair and impartial hearing or consideration. Any party may request the disqualification on the ground of their inability to give a fair and impartial hearing by filing an affidavit promptly upon discovery of the alleged disqualification, stating with particularity

the grounds upon which it is claimed that a fair and impartial hearing cannot be accorded. The issue shall be determined promptly by the Board, or if it affects a member of the Board, by the remaining members thereof, if a quorum. Upon the entry of an order of disqualification affecting a hearing officer, the Board shall either assign a replacement hearing officer, or conduct the hearing itself. Upon the entry of an order of disqualification affecting a Board member, the Governor immediately shall appoint a member pro tempore to sit in place of the disqualified member in that proceeding.

(G) **Notice of facts.** The Board shall give notice to all parties, prior to, or at the hearing, of any facts of which it proposes to take official notice. Any party or their attorney may request that official notice be taken of any fact qualified for such notice by the statutes of this state. If such official notice is taken, it shall be stated in the record, and all parties shall have opportunity to contest and give evidence in rebuttal or derogation of the official notice.

(H) **Presentation and consideration of evidence.** The State Board of Education shall consider only evidence upon the specific cause contained in the notice, and evidence will be heard for such cause. Questions of the admissibility of evidence shall be governed by the provisions of 75 O.S. § 310.

(I) **Order of procedure.** The order of procedure at the hearing shall be as follows:

- (i) Opening statements by legal counsel of both parties;
- (ii) Presentation of evidence by both parties followed by cross-examination of witnesses, and questions by State Board members or the hearing officer;
- (iii) Closing arguments by legal counsel of both parties; and
- (iv) Submission of case to the Board or the hearing officer for decision.

(J) **Continuance of a hearing.** The Board or hearing officer may continue or adjourn the hearing at any time for a specified time by notice or motion. The Board or hearing officer may grant a continuance upon motion of a party for good cause shown if written request is filed and served on all parties of record and filed with the Secretary of the Board at least five (5) days prior to the date set for hearing. A respondent may be granted only one (1) continuance.

(2) **Deliberations and decisions.** Deliberations by the Board or the hearing officer in an individual proceeding may be held in executive session pursuant to the provisions of the Open Meeting Act set forth at 25 O.S. § 307.

(A) **Decision.** Decisions shall be issued in accordance with the following procedures:

- (i) After hearing all evidence, and all witnesses, the State Board of Education or, if applicable, the hearing officer, shall render its decision on whether the certificate shall be revoked.

(ii) The decision of the State Board of Education or a hearing officer presiding at the hearing shall be announced at the conclusion of the hearing and notification of that decision shall be by certified or registered mail, restricted delivery with return receipt requested to the holder of the certificate.

(iii) If the holder of the certificate fails to appear at the scheduled hearing without prior notification within the time frame to request a stay or continuance set forth in (d)(1)(J) of this Section, demonstration of good cause, the Board or hearing officer shall hold the party in default and issue an order sustaining the allegations set forth in the application.

(iv) If the applicant fails to appear at the scheduled hearing without prior notification within the time frame to request a stay or continuance set forth in subsection (d)(1)(J) of this Section, demonstration of good cause, or fails to prove the allegations by clear and convincing evidence, the application shall be dismissed.

(B) **Findings of fact and conclusions of law.** After the decision is announced, but before issuance of the final order, if the Board has not heard the case or read the record of the individual proceeding, the hearing officer shall provide the parties with an opportunity to prepare and submit proposed findings of fact and conclusions of law in accordance with the provisions of 75 O.S. § 311. After the parties have been given notice and an opportunity to file exceptions, present briefs and oral arguments to the proposed findings of fact and conclusions of law, the Board may take action to accept, reject, or modify the proposed Findings and Conclusions of the hearing officer. The Board shall render findings of fact and conclusions of law. All findings of fact made by the Board shall be based exclusively on the evidence presented during the course of the hearing or previously filed briefs, (made a part of the record), of the testimony of witnesses taken under oath.

(C) **Final order.** As the final determination of the matter, the final order shall constitute the final agency order and shall comply with the requirements set forth at 75 O.S. § 312. If no motion for rehearing, reopening or reconsideration of the order is filed in accordance with (h) of this Section, the final agency order shall represent exhaustion of all administrative remedies by the State Board of Education. All final orders in an individual proceeding shall be in writing and made a part of the record. Final orders are to be issued by the Chairperson of the Board or the presiding officer for transmission to the parties by the Secretary of the Board. Within five (5) business days of the date of issuance of the final order, parties shall be notified of a final order either personally or by certified mail, return receipt requested. Upon request, a copy of the order shall be delivered or mailed to each party and

the party's attorney of record, if any. If an individual's appeal of a denial of renewal is successful following a hearing held under this Section, the certificate shall be reissued. If a certificate that was initially denied for renewal is reissued based on a successful appeal, the State Board of Education shall notify the superintendent of the district that currently employs or most recently employed the certified individual based on the personnel reports currently on file with the State Department of Education.

(D) **Communication with parties.** Unless required for the disposition of ex parte matters authorized by law, the Chairperson and the members of the Board, the hearing officer, or the employees or the agents of the Board shall not communicate, directly or indirectly, in connection with any issue of fact, with any person or party, nor, in connection with any issue of law, with any party or his or her representative except upon notice and opportunity for all parties to participate. The Chairperson and members of the Board or their employees may communicate with one another and have the aid and advice of one or more personal assistants. Advice may also be secured from the Attorney General's office.

(3) **Record of hearing.**

(A) The record of a hearing shall be set forth in such form and detail as the Chairperson or the Board may direct. The hearing may also be fully transcribed, and shall be placed on file in the Secretary's office. Parties to the proceeding may have the proceedings transcribed by a court reporter at their own expense. In accordance with the requirements of 75 O.S. § 309, the record shall include:

- (i) All pleadings, motions, and intermediate rulings;
- (ii) Evidence received or considered during the individual proceeding;
- (iii) A statement of matters officially noticed;
- (iv) Questions and offers of proof, objections, and rulings thereon;
- (v) Proposed findings and exceptions;
- (vi) Any decision, opinion, or report by the Board or a hearing officer presiding at the hearing; and
- (vii) All other evidence or data submitted to the Board or hearing officer in connection with their consideration of the case.

(B) The State Board shall electronically record the proceedings, with the exception of executive sessions. The recording shall be made and maintained in accordance with the requirements of 75 O.S. § 309, and a copy shall be provided to any party to the proceeding upon request. If the requesting party should desire the tape(s) to be transcribed by a court reporter, the requesting party shall bear the expense.

(4) **Rights to a rehearing, reopening or reconsideration.**

(A) A petition for rehearing, reopening or reconsideration of a final order must be filed with the Secretary of the State Board within ten (10) days from the entry of the order. It must be signed by the party or his or her attorney, and must set forth with particularity the statutory grounds upon which it is based. However, a petition based upon fraud practiced by the prevailing party or upon procurement of the orders by perjured testimony or fictitious evidence may be filed at any time. All petitions for rehearing, reopening, or reconsideration will be considered and ruled upon as soon as the convenient conduct of the Board's business will permit.

(B) A petition for a rehearing, reopening, or reconsideration shall set forth the grounds for the request. The grounds for such a petition shall be either:

- (i) Newly discovered or newly available evidence, relevant to the issues;
- (ii) Need for additional evidence adequately to develop the facts essential to proper decision;
- (iii) Probable error committed by the Agency in the proceeding or in its decision such as would be grounds for reversal on judicial review of the order;
- (iv) Need for further consideration of the issues and the evidence in the public interest; or
- (v) A showing that issues not previously considered ought to be examined in order to properly dispose of the matter. The grounds which justify the rehearing shall be set forth by the State Board of Education which grants the order, or in the petition of the individual making the request for the hearing.

(C) It is the burden of the party requesting a rehearing to notify the opposing party of the appeal.

(D) Rehearing, reopening, or reconsideration of the matter may be heard by the State Board of Education or may be referred to a hearing officer. The hearing must be confined to those grounds on which the recourse was granted.

(5) **Judicial review.** Any person or party aggrieved or adversely affected by a final order in an individual proceeding is entitled to certain judicial review in accordance with the provisions of the Oklahoma Administrative Procedures Act, and the procedures set forth therein shall govern appeals.

GIST/ANALYSIS:

The rules for the Teacher and Leader Effectiveness (TLE) Evaluation System have been updated to reflect changes in the law since the rules' original adoption. Terminology clarifications have been made to reflect current law, including alignment with the current statutory definition of "Teacher." The governing statute also now authorizes career teachers to be evaluated every three (3) years if they receive a district evaluation rating of "Superior" or "Highly Effective," and the rule language has been updated accordingly.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 41. TEACHER AND LEADER EFFECTIVENESS

210:20-41-1. Teacher and Leader Effectiveness Evaluation System overview

(a) **Purpose and application.** To ensure that each Oklahoma student is provided with effective instruction that contributes to student success, each school district board of education shall maintain and annually review a written policy of evaluation for all teachers and leaders, to be based upon the minimum criteria for the Teacher and Leader Effectiveness Evaluation System (TLE) outlined at 70 O.S. § 6-101.16. For purposes of the TLE, "leader" means a principal, assistant principal, or any other school administrator who is responsible for

supervising classroom teachers. "Teacher" means a duly certified person who is employed to serve as a counselor, librarian, or classroom teacher, or in any other instructional capacity.

(b) **Five-tier rating system.** Each teacher and leader evaluated under the TLE shall be rated on a five-tier scale. The evaluation framework selected by a school district for teachers shall apply to all teachers of the district in its entirety, and the evaluation framework selected by a school district for administrators shall apply to all administrators of the district in its entirety, with the exception of the district superintendent who is evaluated by the board of education. Regardless of any additional rating terminology used in an evaluation framework implemented by a school district, a teacher's or leader's district evaluation rating shall be expressed as one of the following five ratings:

- (1) Superior;
- (2) ~~Highly effective~~ Effective;
- (3) Effective;
- (4) Needs ~~improvement~~ Improvement; or
- (5) Ineffective.

(c) **Periodic observations and ~~Annual~~ annual evaluations.** Every teacher and leader shall be evaluated annually, and provided with feedback for the purpose of improving student learning outcomes. Each teacher or leader shall receive a district evaluation rating based on the components of the TLE as set forth in 70 O.S. § 6-101.16(b), and expressed as a rating on the five-tier scale shown in subsection (b). For all district evaluations, student performance, including performance on the statewide criterion-referenced tests if available, shall be discussed with the teacher and may be one of the considerations for the teacher's district evaluation rating. ~~A career teacher as defined in 70 O.S. § 6-101.3 who has received a "Superior" or "Highly effective" rating under the TLE may be evaluated once every three (3) years, but shall participate annually in developing a professional growth goal. A probationary teacher as defined in 70 O.S. § 6-101.3 shall be provided formative feedback from the evaluation process at least two times per school year, once during the fall semester and once during the spring semester.~~

(1) **Career teachers.** A career teacher as defined in 70 O.S. § 6-101.3 shall be observed in their instructional setting once during the first semester of the school year and once during the second semester of the school year. The career teacher shall receive their evaluation during the second semester of the school year. A career teacher who has received "Superior" or "Highly Effective" as their most recent rating under the TLE may be evaluated once every three (3) years, but shall participate every year in developing a professional development goal (known as a "Professional Learning Focus" or "PL Focus").

(2) **Probationary teachers.** A probationary teacher as defined in 70 O.S. § 6-101.3 shall be observed in their instructional setting, and provided with formative feedback, at least once during the first semester of the school year and at least once during the second semester of the school year. The probationary teacher shall receive their evaluation during the second semester of the school year.

(d) Individualized programs of professional development. Every school district board of education shall maintain and annually review a written policy of professional development in addition to, or as a component of, its written policy of evaluation. The policy of professional development adopted by a school district shall provide for the development of a focused and individualized program of professional development for the teacher or administrator that is consistent with the qualitative components of the TLE. Each teacher or administrator's individualized program of professional development shall designate a Professional Learning Focus ("PL Focus") topic. Professional development completed pursuant to an individualized program of professional development shall count toward the total number of points a teacher or administrator is required to complete as established by the school district pursuant to 70 O.S. § 6-194, provided that the implementation of individualized programs of professional development does not increase the professional development points requirements. Every school district policy of professional development shall:

- (1) Establish an annual professional growth goal for the teacher or administrator that is developed by the teacher or administrator in collaboration with the evaluator. Every teacher or administrator with the exception of the district superintendent will participate in establishing an annual professional growth goal (Professional Learning Focus), including career teachers with a "Superior" or "Highly Effective" rating during the years they are not required to be evaluated.
- (2) Be tailored to address a specific area or criteria identified through the qualitative components of the TLE.
- (3) Allow the teacher or administrator to actively engage with learning practices that are evidence-based, researched practices that are correlated with increased student achievement.
- (4) Be supported by resources that are available and supplied by the school district and the State Department of Education.

(e) Evaluator training. Prior to conducting evaluations, every individual designated by a school district board of education to conduct personnel evaluations shall participate in training that addresses the requirements of Oklahoma's Teacher and Leader Effectiveness Evaluation System. Training provided to a school district's evaluators through a vendor which addresses the district's adopted framework, but does not specifically address Oklahoma's TLE components, will not satisfy the TLE training requirement.

(f) Reporting. Every school district must transmit data collected for TLE purposes to the State Department of Education through the current information upload system designated by the agency.

(g) Confidentiality of records. The State Department of Education shall keep records of annual evaluations received pursuant to TLE confidential. TLE records which in any way identify a current or former public employee shall not be subject to disclosure under the Oklahoma Open Records Act.

210:20-41-3. Qualitative components of the Teacher and Leader Effectiveness Evaluation System

(a) Qualitative assessment of teachers. An evidence-based qualitative assessment tool for the assessment of teachers must include observable and measurable characteristics of personnel and classroom practices that are correlated to student performance success. These characteristics shall include, but not be limited to:

- (1) Organizational and classroom management skills;
- (2) Ability to provide effective instruction;
- (3) Focus on continuous improvement and professional growth;
- (4) Interpersonal skills; and
- (5) Leadership skills.

(b) Qualitative assessment of leaders. An evidence-based qualitative assessment tool for the assessment of administrators must include observable and measurable characteristics of personnel and site management practices that are correlated to student success. These characteristics shall include, but not be limited to:

- (1) Organizational and school management, including retention and development of effective teachers and dismissal of ineffective teachers;
- (2) Instructional leadership;
- (3) Professional growth and responsibility;
- (4) Interpersonal skills;
- (5) Leadership skills; and
- (6) Stakeholder perceptions.

(c) TLE Qualitative Report. A TLE Qualitative Report shall be submitted to the Oklahoma State Department of Education (OSDE) annually by each school. The Qualitative Report shall indicate the evaluation model used to evaluate the teacher or administrator, include the qualitative results of the teacher or administrator's evaluation, and indicate the Professional Learning Focus topic and completion status for each certified educator with the exception of the district superintendent. The Qualitative Report shall list both the certificate number of each educator evaluated and the certificate number of the individual who conducted their evaluation.

GIST/ANALYSIS:

The rule that details requirements for the employment of certified teachers by public schools, and conditions that apply to the accrual of teaching experience for certified educators, has been amended to address the effect of Workers' Compensation status on a teacher's accrual of experience. The new provisions in the Personnel rule allow a teacher who receives temporary total disability benefits while employed by a public school to have time that they received Workers' Compensation included in the calculation of their cumulative teaching experience. The authorization for periods of temporary total disability during school employment to apply toward teaching experience parallels the process through which the Oklahoma Teacher Retirement System (OTRS) authorizes Workers' Compensation to apply toward years of experience for retirement purposes.

CONTACT PERSON:

Lori Murphy, Assistant General Counsel, Oklahoma State Department of Education, Room 1-17, Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma. Telephone number: (405) 522-5260

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 3. FUNDING CRITERIA

210:25-3-4. Personnel

(a) Teachers who have not yet received their degrees shall be considered as having a degree if all requirements have been completed except participation in graduation exercises.

(b) A teacher who has taught more than one-half of a day for 120 days or more shall be considered as having had one year of experience. A teacher who has taught the equivalent of 120 days within not more than two contractual years shall be considered as having had one year of experience. Experience shall be counted if the individual was legally employed and paid from funds under the supervision of a school board of education or any school accredited by the State Board of Education. Practice teaching or a practicum in a teacher-training institution shall not be considered as experience. Veterans Agricultural training instructors or any teacher employed full-time by an accredited college or university shall be considered as having one (1) year of teaching experience for each year of service after July 1, 1945, if such teaching experience is approved by the State Board of Education, provided such

teacher held a bachelor's degree at the time these services were performed and was eligible to have been issued a teaching certificate. A teacher who has received Workers' Compensation benefits while employed by a public school district or charter school shall be eligible to have the time spent on Workers' Compensation included in the calculation of their cumulative teaching experience, provided all of the following conditions apply:

(1) The individual held a valid Oklahoma teaching certificate during the time period they received Workers' Compensation benefits;

(2) The individual received temporary total disability benefits;

(3) The individual was employed by a public school immediately prior to and during the period of absence due to work-related injury or illness;

(4) The individual's public school employer certifies in writing the dates during which temporary total disability benefits were paid to the individual; and

(5) Service credit for time during which a certified teacher received temporary total disability benefits through the Workers' Compensation system shall be capped at a cumulative maximum of five (5) years.

(c) Any district identified as contracting with a teacher, or administrator without a valid certificate shall be penalized in state aid. The state aid penalty amount shall be the salary amount paid by the district for the number of days the teacher or administrator taught without a valid certificate in excess of allowable substitute days.

(d) All teachers must have an official transcript on file with the Professional Standards Section showing the degree completed.

(e) The timeframe for submitting Initial Personnel Reports shall be open from September 1 through October 1 of each year. No later than October 1, all public school districts must file an accurate Initial Personnel Report with the State Department of Education. The report shall list all personnel in the district and shall list for each person the position code, compensation, degree, certification information, years of qualified experience, number of days employed and other information as deemed necessary. Beginning with the 2004-2005 school year the school district will report to the State Department of Education the salary and benefit information disaggregated as required by law. For each employee not returning from the previous year, a reason for no return code shall be recorded. The Initial Personnel Report must be certified no later than October 15.

(f) From November 1 through December 15 of each year, a school district superintendent shall have access to the district's Initial Personnel Report. During this period, the superintendent will be permitted to make necessary corrections and updates to the report. Any changes made by a superintendent to the school district's Initial Personnel Report must be submitted no later than December 15. Reports are to be recertified after updates are complete.

(g) The timeframe for submitting Mid-Year Personnel Reports shall be open from January 1 through February 1 of each year. No later than February 1, all public school districts must file an accurate revised Mid-Year Personnel Report with the

State Department of Education. The report shall contain any corrections, departures, and additions that have occurred since the October 1 Initial Personnel Report was filed so that more accurate information is available for state aid calculations, legislative projections and other statistical requirements. State Aid funds shall be withheld from any school district that does not submit the Mid-Year Personnel Report by February 1. Only after the accurate report has been received by the State Department of Education shall the withheld State Aid funds be released to the school district.

(h) From February 15 through May 15 of each year, a school district superintendent shall have access to the district's Mid-Year Personnel Report. During this period, the superintendent will be permitted to make necessary corrections and updates to the report. Any changes made by a superintendent to the school district's Mid-Year Personnel Report must be submitted no later than May 15. Reports are to be recertified after updates are complete.

(i) All public school districts must file an accurate End-of-Year Supplemental Personnel Report showing the changes for personnel previously listed as well as all information required on any new employees not previously listed. This report shall contain any corrections or changes to be made to the February 1 Mid-Year Personnel Report. All employees that departed the school district prior to completion of the school year shall be given a "Reason-For-Leaving" code and have salary and days employed adjusted. School districts shall also file the Certified Substitute Teachers Report listing the number of days taught in the school year by all certified substitute teachers. The timeframe for submitting End-of-Year Supplemental Personnel Reports and Certified Substitute Teachers Reports shall be open from June 1 to July 15 of each year. These two reports shall be filed with the State Department of Education no later than July 15.

(j) If the district pays a teacher less than the minimum salary required by law, the difference shall be deducted from the next payment of state aid, or a claim shall be filed by the Director of Finance to recover any such overpayment to the school district.

(1) The School Personnel Records Section will notify the school superintendent of all potentially underpaid teachers after the Mid-Year Personnel Reports are filed with the State Department of Education in February. The school superintendent shall notify the School Personnel Records Section of the district's intent to pay the teacher the underpaid amount or to dispute the amount. If disputed, the school superintendent is responsible for providing documentation to the School Personnel Records Section to show the teacher was not underpaid based on the state minimum salary schedule. The State Aid Section shall withhold from state aid the amount underpaid by October 1 in the school year following the year in which the underpayment occurred.

(2) The method for calculating teacher salaries to ensure state minimums are met shall be determined by the School Personnel Records Section.

(k) If a teacher asserts that the school district he or she is employed by and was employed by the previous year, (or if underpayment occurred prior to July 1, 2002, and the teacher

filed an action to recover an underpayment in a court of competent jurisdiction before July 1, 2002), has reduced the salary and/or fringe benefit level without a proportionate reduction in hours or duties, the teacher may file a complaint with the State Department of Education's School Personnel Records Section. The complaint must be accompanied by documentation sufficient to justify the allegations in the complaint. The teacher shall also send a copy of the complaint and supporting documentation to the superintendent of the school district. The documentation shall include, but not be limited to, the teacher's salary and benefit amount for each year in question. The superintendent shall be given an opportunity to submit documentation to refute the teacher's claim within 20 calendar days of receipt of the complaint. The School Personnel Records Section shall review all the documentation presented and present the complaint to the State Board of Education for determination of whether the school district willfully reduced the teacher's salary and benefits in violation of the law. If the school district does not provide a response and supporting documentation to the complaint, the complaint shall be upheld. In the event the review of the documents reveals that the complaint is valid, the State Board of Education shall withhold the amount underpaid from the district's state aid as a penalty. Additionally, the same amount shall be withheld and that amount shall be sent to the teacher.

(l) Any superintendent, principal, or teacher shall not be considered as having received their minimum salary unless such salary is paid by school district warrants issued by the board of education or the school district.

(m) Personnel on the staff of the Oklahoma Department of Career and Technology Education shall be approved by the State Board of Education for increment purposes.

(n) Certified personnel teaching in Manpower Skill Centers and other Manpower Development Training Programs approved by the Oklahoma Department of Career and Technology Education shall be considered as teaching in a school approved by the State Board of Education for increment purposes as provided by Oklahoma School Law.

(o) Under the federal *Uniformed Services Employment and Reemployment Rights Act* (USERRA), a teacher who is called to active duty in the uniformed services is entitled to certain continuing benefits of civilian employment, including the accrual of Oklahoma teaching experience for minimum salary schedule purposes during their active duty service. For purposes of this subsection, the term "uniformed services" incorporates the definition at 38 U.S.C. § 4303 and includes the Air Force, Army, Coast Guard, Marine Corps, Navy, and the reserve components of these services, as well as the Air National Guard and Army National Guard. There is a cumulative limit of five (5) years on Oklahoma teaching experience accrued during active duty service while contracted as a public school teacher. Because teachers who are called to active duty while under contract with a school district are entitled to this benefit of employment under federal law, this category of up to five (5) years of service is separate from the up to five (5) years of active duty military service accrued *prior to* service as a teacher that an applicant for Oklahoma teaching certification may be eligible to have applied toward their initial step on

Permanent Final Adoptions

the minimum salary schedule under 70 O.S. § 18-114(D). An individual who has been awarded up to five (5) years of credit for active duty service accrued prior to teaching, under 70 O.S. § 18-114(D), may also be eligible for up to five (5) years of credit awarded under this subsection if they are called to active duty while serving as a teacher.

(p) Certified personnel who are employed in the SoonerStart Early Intervention Program, a joint operation of the State Department of Education and the State Department of Health that delivers educational services to children from birth through age two (2) under Part C of the *Individuals with Disabilities Education Act* (IDEA), shall be eligible to accrue Oklahoma teaching experience for services provided through SoonerStart that are substantially equivalent to educational services that the certified individual would provide if employed by a public school. Credit will be awarded based on the guidelines in subsection (b) of this rule, with at least one-half day of SoonerStart service provision for at least one hundred twenty (120) days per year, or at least three hundred sixty (360) hours per calendar year, resulting in one (1) year of Oklahoma teaching experience for salary schedule and retirement system purposes.

SUBCHAPTER 5. TRANSPORTATION

210:30-5-8. School bus driver certification

(a) General criteria.

(1) Pursuant to the authority granted to the State Board of Education in 70 O.S. § 3-104(6) to regulate school bus drivers and 47 O.S. § 15-109, no board of education shall have authority to enter into any written contract with a school bus driver who does not hold a valid Oklahoma School Bus Driver's Certificate issued by the State Board of Education authorizing said bus driver to operate a school bus within the State of Oklahoma.

(2) In order to obtain and maintain a standard Oklahoma School Bus Driver's Certificate, the State Board of Education requires all public school bus drivers to:

(A) Successfully complete a school bus driver training course approved by the State Department of Education;

(B) Possess and maintain a valid Commercial Driver's License (CDL) ~~issued by the Oklahoma State Department of Public Safety~~, which includes the following endorsements required by ~~7047~~ O.S. § 6-110.1 in accordance with the qualifications determined by the Department of Public Safety:

(i) A school bus "S" endorsement; and

(ii) For drivers of vehicles designed to transport sixteen (16) or more passengers (including the driver), a passenger "P" endorsement; and

(C) Comply with all other health and safety qualifications set forth in this Section.

(3) No school district board of education shall assign or allow to be assigned any school bus driving duty involving the transportation of students to any employee or volunteer, regardless of contract status (e.g. coach, teacher, mechanic), unless that person has all required supporting documentation required for school bus drivers on file with the school district and a valid Oklahoma State Department of Education School Bus Driving Certificate as provided for in this section.

(4) The State Board of Education recognizes the substantial public interest in safe school bus transportation of children. Therefore, in addition to meeting the vision standards required to obtain a CDL from the Department of

Public Safety, in order to obtain a standard or emergency Oklahoma School Bus Driver's Certificate, all school bus drivers must have:

- (A) A visual acuity of not less than twenty-fourty (20/40) (Snellen) in each eye with or without corrective lenses; and
 - (B) Not less than twenty-fourty (20/40) (Snellen) with both eyes with or without corrective lenses; and
 - (C) A minimum field of vision of 70 degrees horizontal median vision in each eye.
- (5) The use of tobacco by a school bus driver is not permitted during the operation of the bus while hauling pupils. The use of any intoxicating or non-intoxicating alcoholic beverage by the driver eight (8) hours prior to or during the operation of a school bus is strictly prohibited. The use of any controlled dangerous substance seventy-two (72) hours prior to or during the operation of a school bus is strictly prohibited. The possession of any controlled dangerous substance on a school bus is strictly prohibited.
- (6) All school bus drivers shall have an annual health certificate signed by a physician licensed by ~~this any~~ state within the United States of America (U.S.), or a nurse or physician assistant who is licensed to practice in ~~this any~~ state within the U.S. and who is working under the supervision of a medical doctor (MD) or doctor of osteopathy (DO) licensed by ~~this state any state within the U.S.~~ A school bus driver who is a veteran of the United States Armed Forces may submit a health certificate signed by a licensed physician of the U.S. Department of Veterans Affairs Veterans Health Administration. The certificate shall be filed in the office of the chief administrative officer of the local school district or designee of the chief administrative officer attesting that such physician, or other authorized health care professional working under the supervision of a physician, has examined the applicant and that the applicant has no sign or symptoms of ill health, and is otherwise, from the observation of such physician or other authorized health care professional, physically and mentally capable of safely operating a school bus. As an alternative to the annual physical examination requirements for school bus drivers, school districts may adopt a policy that utilizes a biannual physical examination, provided the examination is in compliance with the physical qualifications and examination requirements at Subpart E of the Federal Motor Carrier Safety Regulations, 49 CFR §§ 391.41 to 391.50.
- (7) Substitute and activity school bus drivers shall meet all the requirements prescribed for regular bus drivers.
- (8) At a minimum, the chief administrative officer of the local school district or designee of the chief administrative officer shall conduct an annual driving record check of all school bus drivers, including substitute and activity drivers. The Oklahoma State Department of Education shall be immediately notified of any violation(s) that make a school bus driver ineligible to hold an Oklahoma School Bus Driver's Certificate.

(9) The State Board of Education shall revoke the bus driver's certificate of any holder who fails to comply with the provisions of this Section.

(10) School districts who fail to comply with the provisions of this section shall be subject to penalty pursuant to 210:30-5-2.

(b) **School bus driver certificate requirements.**

(1) The chief administrative officer of the local school district or designee of the chief administrative officer shall certify to the State Department of Education that each applicant submitted for Standard Five-Year Certification:

- (A) Is at least 18 years of age;
- (B) Has successfully completed a special school bus drivers' course approved by the State Department of Education;
- (C) Holds a valid Commercial Drivers license (CDL) appropriate for the type of vehicle driven with the proper endorsements required by the Department of Public Safety;
- (D) Has not been convicted of a felony, or pled guilty or nolo contendere to a felony during the last ten years; and
- (E) Has passed a driving record check, and no certificate shall be issued to any person who, within the preceding three (3) years:
 - (i) Has had a license suspended or revoked, canceled or withdrawn pursuant to the Implied Consent Laws at 47 O.S. § 751 et seq.;
 - (ii) Has a conviction for a violation of 47 O.S. § 11-902 which includes driving, operating or being in actual physical control of a vehicle while under the influence of alcohol or any intoxicating drug;
 - (iii) Has been convicted or plead guilty to a violation of 47 O.S. § 761, operating a motor vehicle while impaired by consumption of alcohol;
 - (iv) Has been convicted of any municipal violation of driving under the influence of alcohol or drugs or operating a motor vehicle while impaired or being in actual physical control of a motor vehicle while impaired; or
 - (v) Has had four (4) or more traffic violations (excluding parking violations).

(2) The chief administrative officer of the local school district or designee of the chief administrative officer shall certify to the State Department of Education that the applicant for an Emergency One-Year School Bus Driver Certificate (Not Renewable):

- (A) Is at least 18 years of age;
- (B) Holds a valid Commercial Driver's License with the proper endorsements required by the Department of Public Safety; and
- (C) Has passed a driving record check and meets the requirements set forth in (1)(D)-(E) of this subsection.

(3) Requirements for Renewal of the Standard Five-Year Certificate include:

- (A) Every five (5) years, each driver shall have successfully completed four (4) hours per year of

inservice training approved by the State Department of Education;

(B) The chief administrative officer of the local school district or designee of the chief administrative officer shall certify to the State Department of Education that the applicant meets all requirements for standard certification; [47 O.S. § 15-109]

(C) Each applicant has a health certificate on file signed by a licensed physician, or a nurse or physician assistant who is licensed to practice in ~~this any~~ state within the U.S. and who is working under the supervision of a medical doctor (MD) or doctor of osteopathy (DO), and meets all vision requirements;

(D) Each applicant has not been convicted or pled guilty to a felony in the last ten (10) years;

(E) The applicant's driving record has been checked and meets all other State Board of Education requirements for certification; and

(F) Notwithstanding the provisions of this paragraph, in order to renew any school bus driver certificate which has been expired for more than one year, a driver must successfully complete a renewal course approved by the State Department of Education. Such a course must, at a minimum, include topics on:

- (i) Railroad crossings;
- (ii) Emergency evacuation procedures;
- (iii) Mirror placement;
- (iv) Pick-up and drop-off procedures;
- (v) Sound driving practices; and
- (vi) Accident procedures.

(4) During the period that the application for issuance of a new or renewed school bus driver certificate is pending, applicants must immediately notify the State Department of Education Transportation Section of any arrest, citation, or conviction of any disqualifying offense set forth in (1)(E) of this subsection; any moving violation; or any involvement in a traffic accident.

(c) Certification of drivers with a monocular vision condition.

(1) Individuals who wish to obtain an Oklahoma School Bus Driver's Certificate and meet all other requirements of this Section, but cannot meet the vision requirements in (a)(3) of this Section in both eyes due to the presence of a monocular vision condition, may obtain an exemption from the vision requirements of (a)(3) of this Section by providing evidence showing that Applicant is exempt from the requirements of 49 C.F.R. § 391.41, has fully adapted to the monocular vision condition, and is capable of safely operating a school bus for the purpose of transporting school children. Such evidence must consist of documentation for each one of the following:

(A) Documentation establishing that Applicant's vision condition has been present and unchanged for three years or more prior to the application for an exemption from the vision requirements of (a)(3) of this Section;

(B) Documentation establishing that Applicant has experience in safely operating a Commercial Motor

Vehicle with the monocular vision condition within the three (3) year period immediately preceding the date of the application for an exemption from the vision requirements of (a)(3) of this Section; and

(C) One of the following:

(i) An authority letter issued by the ~~Oklahoma State Department of Public Safety (DPS)~~ Applicant's CDL licensing jurisdiction qualifying the individual as exempt from the vision requirements of 49 C.F.R. § 391.41; or

(ii) A letter or waiver issued by the Federal Motor Carrier Safety Administration (FMCSA) documenting that the applicant has received a waiver from the vision requirements of 49 C.F.R. § 391.41.

(2) Documentation of the evidence required by (1)(A) of this subsection shall consist of documentation for each one of the following:

(A) Applicant must have been examined by a licensed ophthalmologist or optometrist within sixty (60) days prior to obtaining the Commercial Driver License and within one year of applying for the State Department of Education monocular vision exemption. Applicant must provide the State Department of Education a copy of ~~the official documentation of Oklahoma State Department of Public Safety vision form documenting the vision examination from the Applicant's CDL licensing jurisdiction.~~

(B) In addition, if not included on the official ~~Oklahoma State Department of Public Safety~~ documentation of the vision form exam, Applicant must submit additional documentation, in which a licensed ophthalmologist or optometrist identifies and describes:

- (i) The nature of the vision deficiency, including how long the individual has had the deficiency;
- (ii) The date of the examination;
- (iii) Whether the applicant's vision is stable;
- (iv) The visual acuity of each eye, corrected and uncorrected;
- (v) The field of vision of each eye, including central and peripheral fields, testing to at least 120 in the horizontal. (Formal perimetry is required. The doctor must submit the formal perimetry test for each eye and interpret the results in degrees of field of vision.);
- (vi) Whether the applicant has the ability to recognize the colors of traffic control signals and devices showing red, green, and amber; and
- (vii) The ophthalmologist/optometrist's medical opinion as to whether the individual has sufficient vision to perform the driving tasks required to operate a school bus.

(3) Documentation of the evidence required by (1)(B) of this subsection shall consist of each of the following:

(A) Applicant must provide documentation of experience in operating a commercial motor vehicle (as defined by 47 O.S. §§ 1-107.1, 1-107.2, or 1-107.3)

while the Applicant has a monocular vision condition for the three (3) year period immediately preceding the date of this application which includes the following information:

- (i) For any applicant employed as a driver of a commercial motor vehicle, the DOT # or ICC# of Applicant's employer(s); for any applicant with driving experience as an independent motor carrier, a list of names, addresses, and phone numbers of customers for whom Applicant performed transportation services through the operation of a commercial motor vehicle on public highways;
- (ii) A list of all dates (month/date/year) during the three (3) year period for which Applicant performed services driving and/or operating a commercial motor vehicle, and the number of hours driven per week; and
- (iii) A list of all types of commercial motor vehicles operated by Applicant and gross vehicle weight rating ("GVWR") of each vehicle operated by Applicant;
- (B) Acceptable forms of required documentation of the Applicant's driving experience described in (3) of this paragraph may include either:
 - (i) A signed, notarized statement from the individual's present or past employer(s) on company letterhead; or
 - (ii) An affidavit by the Applicant.
- (C) Applicant shall provide the State Department of Education with a Motor Vehicle Report demonstrating that applicant's driving record during the three (3) year period prior to the date the application is filed:
 - (i) Contains no suspensions or revocations of Applicant's driver's license for the operation of any motor vehicle (including Applicant's personal vehicle);
 - (ii) Contains no record of involvement in an accident involving negligence attributable to the monocular vision condition;
 - (iii) Contains no record of a serious traffic offense attributable to the monocular vision condition (e.g., erratic unsafe lane changes, following too closely, etc.)
- (4) Individuals who receive the vision exemption to drive a bus for an accredited school in Oklahoma must submit to their employer a copy of the documentation required by (1)(C) of this subsection.
- (d) **Certification of drivers with insulin-dependent diabetes mellitus.**
 - (1) Any person with diabetes mellitus requiring insulin by injection shall not be eligible for a school bus certificate unless the individual meets all other requirements of (a) and (b) of this Section, and the individual possesses and maintains either:
 - (A) An authority letter issued by ~~the Oklahoma State Department of Public Safety (DPS)~~ Applicant's

CDL licensing jurisdiction qualifying the individual as exempt from the physical requirements of 49 C.F.R. § 391.41; or

- (B) A letter or waiver issued by the Federal Motor Carrier Safety Administration (FMCSA) documenting that the applicant has received a waiver from the physical requirements of 49 C.F.R. § 391.41.
- (2) Upon hire, exempted individuals will be required to agree to and comply with the following conditions:
 - (A) Blood glucose levels shall be self-monitored one (1) hour prior to driving and at least once every four (4) hours while driving a school bus or on duty by using a portable glucose monitoring device with a computerized memory, and take corrective action if necessary;
 - (B) The individual shall maintain blood glucose logs, three months from the current date (or the date that insulin use began, whichever is shorter).
 - (i) If the employing district has cause to require a medical evaluation as authorized by (5) of this subsection, logs maintained pursuant to this subsection must be provided to the ~~Oklahoma~~ board certified medical doctor (MD) or doctor of osteopathy (DO) treating the individual.
 - (ii) Blood glucose logs must be created by an electronic blood glucose meter that stores every reading, records date and time of reading, and from which data can be downloaded and printed.
 - (C) The individual shall carry a source of rapidly absorbable glucose at all times while operating a school bus; and
 - (D) The individual shall meet the annual physical examination requirements for drivers with metabolic diseases set forth by the Department of Public Safety in OAC 595:10-5.
 - (E) The individual shall notify the Department of Public Safety and the State Department of Education of any changes in physical or mental ailments or conditions which may cause loss of control or partial control or may otherwise render the individual incapable of properly controlling a school bus.
- (3) Superintendents or their designees who hire individuals who hold a diabetes exemption certification must keep on file in a separate medical record:
 - (A) A current copy of the diabetes exemption certificate of the individual;
 - (B) The contact information of the board certified medical doctor (MD) or doctor of osteopathy (DO) who is treating the individual;
 - (C) Record of the annual medical certification issued by the board certified medical doctor (MD) or doctor of osteopathy (DO) pursuant to (1)(B) of this subsection; and
 - (D) Copies of any medical certifications obtained pursuant to (5) of this subsection.
- (4) An individual holding a diabetes exemption certificate shall immediately notify the superintendent (or the superintendent's designee) of the school district in which

the individual is employed if the individual's blood glucose level is outside of a range of 100 mg/dl to 400 mg/dl one (1) hour prior to driving. Upon receipt of such notice, the superintendent or the superintendent's designee shall not allow the individual holding the diabetes exemption certificate to drive. If the individual's blood glucose level is below 100 mg/dl or above 400 mg/dl, then the driver cannot operate a school bus or transport school children as an employee of any school district until the blood glucose measure is within the target range.

(5) In the event an individual holding a diabetes exemption is involved in an incident directly caused by the individual's diabetic condition, the individual cannot operate a school bus or transport school children as an employee of any school district until the individual has been certified in writing as medically able to safely resume work related duties by the certified medical doctor (MD) or doctor of osteopathy (DO) by whom they are being treated.

GIST/ANALYSIS:

The rule that authorizes public schools to organize Honor Societies, and lays out requirements for student eligibility, has been amended to provide

further guidance to schools. A provision has been added to clarify that a school may establish a policy for determining the top ten percent (10%) of enrolled students eligible for Honor Society membership in the event of a tie in Grade Point Average (GPA). The rule as amended also provides that in the event of a tie in the top 10% of students as ranked by GPA in a school that has not established a "tiebreaker" policy, all students tied for the eligible GPA shall be nominated for membership.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 23. HONOR SOCIETIES

210:35-23-2. Oklahoma middle, junior high, or high school Honor Society

Rules and regulations which apply to Oklahoma middle, junior high, or high school Honor Society are:

(1) The organization shall be known as either the Oklahoma Middle, Junior High or High School Honor Society.

(2) The purpose of this society shall be to promote high standards of scholarship among the students in the schools of Oklahoma.

(3) Every accredited middle, junior high or high school in the state is eligible to organize a local chapter of the society.

(4) Each chapter shall take the name of the local school. The full name of the local organization shall be (Name of School) Chapter, Oklahoma (Middle, Junior High, or High School) Honor Society."

(5) Ten percent (10%) of the middle, junior high, or high school enrollment, whichever is applicable, will be eligible for membership. Only those students enrolled in grades included in the school are eligible for membership.

(6) The ten percent (10%) of the student body making the highest average marks in the school may be nominated.

(7) Forms to be used in listing students that have been nominated for membership will be sent to the local school authorities prior to February 1 of each year. Membership will be based upon work done during the first semester of the current year and the second semester in the preceding year. The standing of students enrolled in the first year of a particular organizational level will be based on the work done during the first semester of the current year.

(8) The local chapter may be organized as soon as nominations are made. Nominations should be approved by the local school officials not later than March 15 of each year. A list of students nominated should be sent to the State Department of Education, Office of Accreditation Section, on forms furnished for that purpose. A certificate of membership for each person approved will be sent to the local school authorities. These certificates will be

distributed in time for closing exercises of the school in the spring.

(9) At the time the certificates are presented, there should be appropriate ceremonial exercises. This is usually done in connection with the commencement program or special awards assembly.

(10) The local school officials shall have authority to make additional rules pertaining to school attendance, deportment, and student activities. A school district or charter school that organizes an Honor Society may establish a policy for determining eligibility for membership based on such additional factors in the event that Grade Point Average (GPA) alone cannot be used to identify ten percent (10%) of the student population for eligibility. Such factors may only include those conditions and activities that are available to all students in the school, such as attendance and participation in school-sponsored extracurricular activities. If a school has not established a policy for identifying the highest performing ten percent (10%) of students in the event of a tie in GPA among two or more students, all students tied for the eligible GPA shall be nominated for membership.

GIST/ANALYSIS:

New provisions have been added to the rule addressing charter school contracts, outlining contracting requirements for charter schools sponsored by the State Board of Education. The contracting requirements incorporated

into the rule for charter schools sponsored by the State Board of Education substantially align with the contracting requirements for statewide virtual charter schools sponsored by the Statewide Virtual Charter School Board (SVCSB).

THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 87. CHARTER SCHOOLS

210:40-87-7. Charter school contracts

(a) **Contract requirement.** The sponsor of a charter school must enter into a written contract with the governing body of the charter school. The initial contract for sponsorship shall be for a period of five (5) years. The contract must meet all statutory requirements listed in 70 O.S. § 3-135(A). A charter contract may provide for one or more schools by the same applicant, to the extent approved by the sponsor and consistent with applicable law. An applicant or the governing board of an applicant may hold one or more charter contracts. Each charter school that is part of a charter contract shall be separate and distinct from any other charter school under the same charter contract, and the sponsor shall evaluate each charter school's performance separately.

(b) **Written procedure for consideration, approval, and disapproval.** Sponsors shall establish a written procedure and criteria for accepting, approving, and disapproving charter school applications in accordance with 70 O.S. § 3-134(E). A copy of this procedure and criteria shall be made available on request to charter school applicants, potential applicants, and members of the public.

(c) **Performance provisions.** Each charter contract shall contain performance provisions based on a performance framework that sets forth the academic and operational performance indicators, measures, and metrics that will guide the sponsor's evaluations of the charter school. The sponsor shall not request any metric or data from a charter school that it does not produce or publish for all school sites in the district or under its sponsorship, unless the metric or data is unique to the charter school. To avoid duplication of administrative efforts, the sponsor shall require that data submitted under the performance provisions must be submitted by the charter school in the exact format required for submission of data to the Oklahoma State Department of Education (OSDE). Alternately, a sponsor may allow a charter school to provide permission to OSDE to share data required by the performance framework with the sponsor of the school. The performance framework must include measures that indicate, at a minimum:

- (1) Student academic proficiency;
- (2) Student academic growth;

Permanent Final Adoptions

- (3) Achievement gaps in both proficiency and growth among major student subgroups;
 - (4) Student attendance;
 - (5) Recurrent enrollment from year to year as determined by the methodology used for public schools in Oklahoma;
 - (6) In the case of high schools, graduation rates as determined by the methodology used for public schools in Oklahoma;
 - (7) In the case of high schools, postsecondary readiness;
 - (8) Financial performance and sustainability; and
 - (9) Governing board performance and stewardship, including compliance with all applicable laws, regulations, and terms of the charter contract.
- (d) **Copies of all modified contracts to be sent to State Department of Education.** A charter school must provide the OSDE Office of Accreditation with a copy of any modified contract within thirty (30) calendar days of execution. The requirement to send a copy of any modified charter contract to the OSDE Office of Accreditation applies to any change in terms, not only to changes that could potentially affect state funding.
- (e) **Contracts for charter schools sponsored by the State Board of Education.** Contracts for sponsorship between the State Board of Education and the governing body of a charter school sponsored pursuant to a successful appeal authorized under 70 O.S. § 3-132(A)(9) shall include terms that meet all of the following requirements:
- (1) The contract shall incorporate the provisions of the charter of the school in accordance with the requirements of 70 O.S. § 3-135, and the charter shall comply with the provisions of 70 O.S. § 3-136.
 - (2) The contract shall contain terms addressing all of the requirements set forth in 70 O.S. § 3-135.
 - (3) The contract shall contain terms setting forth measurable goals and objectives for student performance.
 - (4) The contract shall contain terms specifying standards for fiscal accounting and management that ensure the compliance of the charter school with all applicable provisions of state and federal statutes and regulations pertaining to requests for appropriations and recording and reporting receipt and expenditures of public funds, including, but not limited to:
 - (A) Terms providing that the charter school shall conduct annual financial audits in accordance with the requirements of the Oklahoma Public School Audit Law;
 - (B) Terms providing that the charter school shall comply with all State Department of Education deadlines necessary for budgeting, calculation of appropriations and/or disbursements of state aid and/or federal aid;
 - (C) Terms providing that the charter school shall comply with all deadlines for recording and reporting of state aid revenue and expenditures;

- (D) Terms providing that the charter school shall comply with all requirements of the Oklahoma Cost Accounting System (OCAS);
 - (E) Terms providing that the charter school shall comply with all provisions of the School District Transparency Act at 70 O.S. § 5-135.4;
 - (F) Terms providing that the charter school will provide any and all records of the school including, but not limited to, financial records upon request by the sponsor;
 - (G) Terms providing that the charter school will provide any and all school records including, but not limited to, financial records from education service providers upon request by the sponsor;
 - (H) Terms providing that the school is subject to requests for audit by the State Auditor's office;
 - (I) Terms providing that the charter school shall adopt a viable conflict of interest policy and a code of ethics;
 - (J) Terms providing that the charter school submit at least three data-driven goals and measurement criteria, including one non-academic goal, and included in the Performance Framework.
- (5) The policies and procedures governing administration and operation of the charter school shall be incorporated into the terms of the contract.
 - (6) The term of the initial contract shall be effective for five (5) years from the first day of operation in accordance with the provisions of 70 O.S. § 3-137. 3
 - (7) The term of the contract shall designate at least one contact name and address of record of the governing body of the charter school to which all notices required by the terms of the contract and/or this Section shall be served, including the name, title, mailing address, email address, and phone number of all individual(s) authorized to receive service of notices required by this Section and pursuant to the terms of the contract.
 - (8) The contract shall contain any other terms necessary to ensure compliance with applicable provisions of state and/or federal law.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 5. EDUCATOR PREPARATION PROGRAM ACCREDITATION**218:10-5-3. Specific state requirements for program accreditation**

(a) The following requirements apply to both undergraduate and graduate programs. The governance and administration of the total educator preparation program standard is based on the premise that there must be a recognizable and functioning governance entity within the institution's administrative structure which has responsibility for designing, approving and continuously evaluating and developing educator preparation programs. This governing unit may be a council, committee, department, school, college, or any other recognizable entity, which includes the administration of educator preparation as one of its functions. The governing unit membership and responsibilities include the following:

(1) Membership on the educator preparation governing unit shall be defined by written policy to include:

(A) A majority of the members who have a minimum of three years teaching experience in public schools;

(B) A majority of the members in the governance unit who are currently teacher education faculty members;

(C) Some faculty members who shall represent the arts and sciences;

(D) A designated director of educator preparation defined as the institution's official representative for educator preparation. The authority and responsibilities of this individual shall be clearly defined in written policies; and

(E) A clearly defined process whereby faculty members and administrators become members and the terms of office.

(2) The responsibilities of the educator preparation governing unit shall be defined by written policy to include:

(A) Responsibilities of the officers of the unit;

(B) Responsibilities of the unit's standing committees; and

(C) Responsibilities in the following areas as they are related to educator preparation:

(i) Admission/retention in educator preparation;

(ii) Field experience and student teaching (admission and placement);

(iii) Development of courses and program curricula; and program review, evaluation and planning.

(3) Program review, evaluation and revision responsibilities include:

(A) The governance unit shall conduct at least one systematic review, evaluation, and when appropriate, revision of all educator preparation programs within each accreditation period;

(B) Periodic program reviews and revisions shall be based on, but not limited to, stated goals and objectives; and

(C) The process for conducting program review, evaluation, and revision shall include, but not be limited to, participation by the following:

(i) Educator preparation faculty and arts and science faculty;

(ii) Graduates of the programs;

(iii) Students currently in the program;

(iv) Teachers and administrators from the public schools;

(v) Parents of P-12 students and business and community leaders who are actively involved in assisting P-12 schools.

(4) Documentation related to the budget-making process and level of financial support shall include the following:

(A) A clearly defined budget-making process for all teacher education programs; and

(B) An analysis showing that the institution's financial support for programs in educator preparation are maintained at a level appropriate for a professional preparation program.

(b) Educator preparation faculty workload policies, including class-size and online course delivery, should allow faculty

Permanent Final Adoptions

members to be effectively engaged in teaching, scholarship, assessment, advisement, collaborative work in P-12 schools, and service. Faculty loads for teaching on campus and online generally do not exceed 12 hours for undergraduate teaching and nine hours for graduate teaching per semester or the equivalent. Supervision of clinical practice does not generally exceed 18 candidates for each full-time equivalent faculty member per semester or the equivalent.

(c) Candidate-related standards are to be consistent with accreditation standards.

(d) Program decisions of the professional education unit are to be guided by a conceptual framework, which establishes the shared vision for the preparation of teacher candidates.

(1) The conceptual framework application for state initial accreditation.

(2) The conceptual framework shall consist of:

(A) The program's philosophy, purposes, professional commitments and dispositions;

(B) A knowledge base that provides the foundation for the framework;

(C) Performance expectations for candidates that align with professional, state and institutional standards; and

(D) A system by which candidate performance is regularly assessed.

(e) The following guidelines are to be used to collect and maintain data on each institution's educator preparation program:

(1) The institution shall establish a process which seeks information and program input from educator preparation faculty; faculty from arts and sciences and other programs and disciplines which are appropriate; candidates within the educator preparation program; teachers, administrators, parents, guardians or custodians of students; and business and community leaders.

(2) The institution shall establish procedures to inform the public regarding the educator preparation program and to solicit and receive public input.

(3) The self-study shall be accessible to any interested party under the Oklahoma Open Records Act.

(4) The submitted institutional plan must be approved by the institution's governing board.

(5) Annual reviews and reports indicating program changes.

(f) The following policies, procedures and guidelines are used to direct the content and candidates' experiences of each institution's teacher preparation program.

(1) Programs require teacher candidates to have speaking and listening skills at a novice high level in a language other than English.

(2) General studies requirements for candidates include the arts, communication, history, literature, mathematics, philosophy, sciences, English, government, and the social sciences.

(3) Programs establish cohort or colleague groups within the institution to assist teacher candidates in achieving competencies, better adapting to the school environment and furthering professional growth.

(4) Candidates complete a well-planned sequence of courses and/or experiences in pedagogical studies that ensures student competency in the Oklahoma State Department of Education Full Subject Matter Competencies for Teacher Licensure and Certification.

(5) The guidelines and standards for program reviews representing specialty organizations and national learned society standards are used in developing programs in each content area.

(6) Secondary and elementary/secondary teacher candidates have undergraduate majors or their equivalents, in a subject area.

(7) Teacher candidates in early childhood, elementary, and special education have subject area concentrations, which allow qualification as a generalist. To qualify as a generalist, candidates must document competency in mathematics, science, language arts, and social studies as identified in the CAEP professional learned societies' standards and State Department of Education Full Subject Matter Competencies for early childhood, elementary and special education.

(8) Teacher candidate coursework includes the study of substance abuse symptoms identification and prevention; mental illness symptoms identification and mental health issues; classroom management skills; trauma-informed responsive instruction; and classroom safety and discipline issues.

(9) Teacher candidate coursework or training includes the use of digital and other instructional technologies to effectively maximize student learning.

(10) Early childhood, elementary education and special education candidates; training includes research-based instructional strategies for instruction, assessment and intervention for literacy development for all students, including advanced readers, typically developing readers and struggling readers who are coping with a range of challenges, including, but not limited to, English learners and learners with handicapping conditions and learning disabilities (including dyslexia).

(11) Teacher candidates must complete the equivalent of twelve (12) weeks of student teaching and have a minimum of 60 hours of diverse field experiences prior to their student teaching internship.

(12) Teacher candidates are provided with advisement services to assist them in taking course work designed to maximize their opportunities for certification and employment. At a minimum, teacher candidates are provided information on the latest supply and demand information concerning teacher employment, state salary structure, and teaching shortage areas.

(13) Substantive collaboration and classroom interaction with students accompanies theoretical curriculum, thus allowing teacher candidates the opportunity to apply theory to actual classroom situations.

(14) Instruction integrates pedagogical competencies or skills with experiences in the school setting.

- (15) Teacher candidates are provided with opportunities to have parental, family and community involvement within their pre-service programs.
- (16) The unit establishes and publishes a set of criteria/competencies for exit from each professional education program. These criteria/competencies reflect the Oklahoma Department of Education General Teacher Competencies and/or subject matter competencies outlined in the CAEP national (professional) learned societies' standards.
- (17) The unit establishes and publishes the criteria/competencies for exit and satisfactory completion adhering to all rules and regulations established by the Oklahoma State Department of Education.
- (18) A candidate's mastery of a program's stated exit criteria or competencies is assessed through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools, standardized tests and course grades.
- (19) Effective September 1, 2015 mentor teachers are required to have minimum of three years of teaching experience in the area in which they are certified.
- (g) The following guidelines are to be used to facilitate the professional learning of faculty: Teacher education faculty continue their professional learning during their tenure at an institution of higher education to ensure that the future teachers of Oklahoma are taught by professional educators fully trained in their areas of expertise. Professional development for teacher educators and arts and sciences faculty should be focused on the faculty members' ability to model such effective teaching strategies as inquiry, group discussions and collaborative learning.
- (h) The following policies are to be used to evaluate individual program areas at each institution:
- (1) The institution shall submit program reviews for each required program area based upon the CAEP and/or State policies, guidelines and accreditation schedule.
 - (i) Gifted Education and Elementary Math Specialist programs, requiring no more than eighteen hours of graduate level coursework, designed as endorsement programs for certified educators are submitted to OEQA for process approval.

SUBCHAPTER 7. EDUCATOR ASSESSMENT REGULATIONS

218:10-7-1. Educator assessment regulations

- (a) **Examinees - initial licensure and certification.**
- (1) Any individual who applies for a teaching license/certification must successfully complete the competency examination as defined by the OEQA. The competency examination is made up of three components: The Oklahoma General Education Test (OGET) or an approved assessment of general knowledge, the Oklahoma Subject Area Test (OSAT) and the Oklahoma Professional

Teaching Exam (OPTE) or an approved performance assessment measuring professional knowledge and skills.

(2) See Appendix A for competency exam requirements by certification area and test codes.

(b) **Examinees - additional certification.**

(1) Individuals wishing to add a certification area to an existing teaching credential must successfully complete the Oklahoma Subject Area Test for the field of the desired certification.

(2) Individuals wishing to add a teaching certification area to an existing license or standard certificate in Speech Language Pathologist, School Nurse, School Psychometrist and/or School Psychologist must successfully complete the Oklahoma Subject Area Test and the Oklahoma Professional Teaching Exam or an approved performance assessment measuring professional knowledge and skills for the field of the desired certification.

(3) See Appendix A for competency exam requirements by certification area and test codes

(c) **Examinees - alternative placement program.**

(1) Individuals seeking a teaching license via the Alternative Placement Program must successfully complete the Oklahoma General Education Test and the Oklahoma Subject Area Test. A licensed teacher via the Alternative Placement Program seeking a standard certificate must successfully complete the Oklahoma Professional Teaching Exam or an approved performance assessment measuring professional knowledge and skills.

(2) See Appendix A for competency exam requirements by certification area and test codes.

(d) **Examinees-out of state certification.** Individuals seeking an Oklahoma license/certification who are certified educators in another state(s) and have successfully completed a competency examination used in the majority of other states or comparable customized exam, will be exempt from meeting the Oklahoma educator assessment requirements for the subject/grade levels most closely aligned with their out-of-state certification.

(e) **Examinees - testing conditions and requirements compliance.**

(1) If an examinee fails to comply with the conditions and requirements specified or referenced on the Certification Examinations for Oklahoma Educators Test website, including the Conditions of Test Participation, or take any prohibited actions, the test results may be voided, no refund will be issued, no portion of the testing fee can be applied toward the cost of any future test administrations and/or the examinee's registration may be cancelled.

(2) If an examinee's test score is found to be unverifiable by either the testing company or the OEQA, the examinee will be allowed one (1) retake under controlled conditions at no cost to the examinee.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF SEPTEMBER 11, 2020:**

SUBCHAPTER 3. RECORDS AND INSPECTIONS

240:1-3-9. Release of confidential information to specific government agencies

(a) Pursuant to 40 O.S. § 4-508(C), the government agencies, public entities and political subdivisions specified in part (b) of this rule may obtain confidential information maintained by the Oklahoma Employment Security Commission after entering into an agreement with the Oklahoma Employment Security Commission that sets out the purpose the information will be used for, how the information will be transmitted, and how the information will be safe guarded. All costs involved

in providing information to government agencies, public entities, or political subdivisions will be set out in the agreement. The information shall be held confidential by the receiving government agency, public entity or political subdivision at all times and shall not be disclosed or open to public inspection. It shall be allowable for the receiving government agency, public entity or political subdivision to release aggregated data.

(b) Government agencies authorized to obtain confidential information from the Oklahoma Employment Security are:

(1) The Oklahoma Department of Commerce, to accomplish specific goals, missions or tasks of the agency as determined by the Oklahoma Legislature;

(2) The Oklahoma Department of Transportation for use in federally mandated regional transportation planning, which is performed as a part of its official duties;

(3) The Oklahoma State Treasurer's office to verify or evaluate the effectiveness of the Oklahoma Small Business Linked Deposit Program on job creation;

(4) The Oklahoma Attorney General for use in investigation of workers' compensation fraud, insurance fraud and health care fraud;

(5) The Oklahoma Department of Labor for use in investigation of workers' compensation fraud;

(6) The Oklahoma Workers' Compensation Commission for use in investigation of workers' compensation fraud;

(7) The Oklahoma Insurance Department for use in investigation of workers' compensation fraud, insurance fraud and health care fraud;

(8) The Oklahoma State Bureau of Investigation for use in the investigation of insurance fraud and health care fraud;

(9) Any Oklahoma state, Oklahoma county or Oklahoma municipal law enforcement agency for use in criminal investigations and the location of missing persons or fugitives from justice;

(10) The Center of International Trade of Oklahoma State University for the development of international trade for employers doing business in the State of Oklahoma;

(11) The Oklahoma State Regents for Higher Education for use in the default prevention efforts and/or collection of defaulted student loans guaranteed by the Oklahoma Guaranteed Student Loan Program;

(12) The Center for Economic and Management Research of the University of Oklahoma to identify economic trends;

(13) The Center for Economic and Business Development at Southwestern Oklahoma State University to identify economic trends;

(14) The Office of Management and Enterprise Services to identify economic trends;

(15) The Department of Mental Health and Substance Abuse Services to evaluate the effectiveness of mental health and substance abuse treatment and state or local programs utilized to divert persons from inpatient treatment;

(16) Public housing agencies for purposes of determining eligibility pursuant to 42 U.S.C., Section 503(I);

- (17) An agency of this state or its political subdivisions that operates a program or activity designated as a required partner in the Workforce Innovation and Opportunity Act One-Stop delivery system pursuant to 29 U.S.C.A., Section 3151(b)(1), based on a showing of need made to the Commission;
- (18) The national ~~State Wage Record~~-Interchange System, at the discretion of the Commission;
- (19) The Bureau of the Census of the U.S. Department of Commerce for the purpose of economic and statistical research;
- (20) The Oklahoma Health Care Authority for use in determining eligibility for subsidies for health insurance premiums for qualified employers, employees, self-employed persons, and unemployed persons; or
- (21) The Oklahoma State Department of Rehabilitation Services for use in assessing results and outcomes of clients served.
- (22) The Office of Juvenile Affairs for use in assessing results and outcomes of clients served as well as the effectiveness of state and local juvenile and justice programs including prevention and treatment programs.
- (23) Any county Public Defender's office in the state of Oklahoma and the Oklahoma Indigent Defense System for the purpose of determining financial eligibility for the services provided by these entities.

GIST/ANALYSIS:

Due to the passage of House Bill 1095 in the 2019 legislative session, the definition of "independent contractor" is being deleted from this rule.

240:10-1-7. Independent Contractors/Employees - 20 Factor Test. This is a new rule being proposed in response to the amendment of 40 O.S. §1-210(14) by House Bill 1095 in the 2019 legislative session. The amendments to the statute stated that independent contractor determinations would be made by using the 20 Factor Test set out in Internal Revenue Ruling 87-41. This revenue ruling has been replaced in Internal Revenue Service regulations by another classification system and Revenue Ruling 87-41 no longer appears in the Internal Revenue Service website. The only place where an accurate copy of Revenue Ruling 87-41 can be found is in the archives of George Mason University. This archive will be difficult for employers, claimants, and OESC staff to find. In order to assist those wishing to reference the "20 Factor Test" the relevant provisions of Revenue Ruling 87-41 have been reproduced, word for word, within this rule. This will make it much easier for all parties to research and use the provisions of Revenue Ruling 87-41.

240:10-3-3. Cancellation of a Benefit Claim. This is a new rule that sets out the process a claimant may use to cancel an unemployment benefit claim and the reasons for which a claim may be cancelled. The cancellation of benefits claims has been done through policy guidelines for many years. OESC staff feels that this procedure carries with it extensive consequences for the claimant and employer. Procedures of this type should be in the rules of the agency instead of merely in policy.

240:10-3-21. Educational institutions - between academic terms. In the 2019 legislative session, SB 988 repealed the statute pertaining to educational service contractors at 40 O.S. §2-209.1. The references to section 2-209.1 and educational service contractors must now be removed from this rule. The proposed amendment will make these deletions. No other changes are proposed for this rule.

240:10-5-90. Records. This rule is being amended at subsection (11) to clarify the records that must be kept by an employer for each employee.

240:10-5-91. Employer's Quarterly Contribution Wage Reports. The amendment to this rule will add a new subsection (e) to the rule that will require all employers and third-party administrators to pay taxes on or before the last day of the month following the quarter to which the taxes relate through electronic fund transfer or credit card. This will make the OESC tax process more efficient and will allow for more automation which will then allow OESC to reduce its personnel costs for tax collections. It will also reduce the need for armored car carriers to transport checks and cash for bank deposits. The rule provides that the Commission may grant an exception to an employer or third-party administrator if a payment by cash or check becomes necessary.

CONTACT PERSON:

Gina Antipov, Secretary V, Legal Department, OESC, 2401 N. Lincoln Blvd., Oklahoma City, OK 73152, 405-557-7146, Gina.Antipov@oesc.state.ok.us

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2020:

SUBCHAPTER 1. GENERAL PROVISIONS

Permanent Final Adoptions

240:10-1-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Commuting distance" means an automobile driving distance of fifty (50) miles from a claimant's place of residence.

"Full-time work" means employment in thirty-two (32) or more hours of work per week.

"Good cause" means reasons beyond the control of the party seeking relief.

"Independent contractor" means:

(A) ~~Any person who performs services according to their own methods and without control except as to results is an independent contractor, if they are:~~

- ~~(i) Customarily engaged in an independently established business; or~~
- ~~(ii) Performing service outside the usual course of the contractor's business and outside the places of such business.~~

(B) ~~In order to be considered "without control" the individual providing the service shall:~~

- ~~(i) Provide their own tools and equipment;~~
- ~~(ii) Pay their own ordinary and customary business expenses;~~
- ~~(iii) Risk losing money from the contract;~~
- ~~(iv) Be free to hire their own assistants; and~~
- ~~(v) Be responsible for obtaining and maintaining all business, tax registrations and all business occupational licenses required by federal, state, or local laws or ordinances.~~

(C) ~~A written contract relating to such services shall be considered under 40 O.S. Section 1-210 (14), along with all other pertinent evidence in determining employment status and shall not be accorded any greater weight than any other evidence.~~

(D) ~~This definition shall not be interpreted or construed as conflicting with Section 3304 (a) (6) (a) of the Federal Unemployment Tax Act.~~

"Interested Party" means:

(A) In an unemployment claim appeal - the Commission, a claimant who files a claim for unemployment benefits with the Commission, and any employer who properly files a written objection to the claim pursuant to 40 O.S. § 2-503 (E) and 2-507.

(B) In an unemployment tax protest - the Commission and the employer with an account that is directly affected by a decision made by the Commission or its representative.

(C) In a supplemental unemployment benefit plan appeal - the Commission, the employer that made application for approval of the plan, and the collective bargaining agent of the employees, if any exists.

"Leases" and "Rents" means a contract between an owner of a business, building, or property and a leasee, in which:

(A) Space is leased, sublet, or rented for the purpose of operating or conducting a trade or business by the leasee;

(B) The lease or rental fee is set at a fixed amount per month, that remains constant for the term of the lease, sublease, or rental contract; and

(C) Is not based upon a percentage of income or revenue earned in the trade or business.

"Mail", "Mailed", and "Mailing", as used in 40 O.S. §1-224, shall mean the mailing of a document through the United States Postal Service or a private delivery service designated by the United States Secretary of the Treasury pursuant to 26 U.S.C. ~~§7520(f)~~ §7502(f), as a delivery service that may deliver returns, claims, statements, or other documents to the Internal Revenue Service.

"Part-time work" means employment of less than thirty-two (32) hours of work in a week.

"Reasonable cash value" [40:1-218] means an amount estimated and determined by consideration of the position held, type of work performed, duration of the work, and customary compensation of like providers in like industries.

"Reemployment Services" means those services which provide job search assistance and job placement services, which are counseling, testing, and providing occupational and labor market information, assessment, job search workshops, job clubs and referrals to employers, and other similar services.

"RESEA" means Re-Employment Services and Eligibility Assessment.

"RESEA Selection" means:

(A) A systematic computer generated process that:

- (i) Identifies those claimants most likely to exhaust regular compensation and will need job search assistance services to make a successful transition to new employment;
- (ii) Refers identified claimants to reemployment services; and
- (iii) Collects follow-up information relating to the services received.

(B) Data elements which may be used in the identification process for RESEA selection are:

- (i) Recall status;
- (ii) Union hiring hall agreement;
- (iii) Education;
- (iv) Job tenure;
- (v) Industry;
- (vi) Occupation;
- (vii) Unemployment rate;
- (viii) Number of prior UI claims; and
- (ix) Maximum weekly benefit amount.

(C) Data elements prohibited for usage in RESEA selection are:

- (i) Age;
- (ii) Race or ethnic group;
- (iii) Sex;
- (iv) Color;
- (v) National origin;
- (vi) Disability;
- (vii) Religion;
- (viii) Political affiliation; and
- (ix) Citizenship.

"Temporary Layoff" means a short term cessation of work or employment in which the employer maintains an attachment to an employee by means of a recall date. A temporary layoff may be requested by an employer for no more than eight (8) weeks in any benefit year. A request for a temporary layoff must be made by the employer to the Commission in writing and must include a specific recall date within eight (8) weeks of the cessation of work or employment. The employer may apply to the Commission for an extension of the recall date. The extension shall not exceed four (4) additional weeks in the benefit year.

"Temporary Layoff-Federal" means a short-term cessation of work or employment in cases involving a federal agency or federal contractor with employees who have agreed to refrain from seeking employment elsewhere as part of their terms of employment when work is ceased due to the needs of the federal government, and the federal employer or federal contractor maintains an attachment to an employee by means of its contract of employment. In these cases, a recall date will not be required. The provisions of 40 O.S. §2-105.1 on reimbursed pay or back pay shall apply to this type of temporary layoff.

"Wages"

(A) **"Gratuities"** or **"Tips"** The employer shall include as wages all monies paid as gratuities or tips received by an individual in the course of his or her work pursuant to 40 O.S. Section 1-218 or, if actual information is not available, gratuities and tips shall be allocated to the employer in the amount of 8% of gross receipts.

(B) **"Noncash remuneration"** Noncash remuneration means meals, lodging or any other payment in kind received by a worker from the employing unit in addition to or in lieu of cash payments for services except for meals and lodging that are furnished on the business premises of the employer for the convenience of the employer pursuant to 40 O.S. Section 1-218(6).

"Wages paid"

(A) The term "wages paid", as defined in 40 O.S. Section 1-219, shall include both wages actually received by the worker and wages constructively paid. Wages shall be considered constructively paid when they are credited to the account of or set apart for a worker so that they may be drawn upon by the worker at any time although not then actually in the worker's possession. A mere crediting of the wages to the worker's account, without actually making them available to the worker so that they may be drawn upon by him/her at any time, does not constitute constructive payment.

(B) In the case of an employer who terminates his/her coverage as of January 1st of some year, the term "wages paid" shall include all wages earned for all pay periods up to and including the last payroll period ending in that year, at the end of which, the employer's coverage is terminated.

(C) "Wages paid" to the worker are to be reported in the calendar quarter in which they were actually paid.

"Week" For the purpose of paying benefits and for the purpose of this Chapter, a "week" as defined in 40 O.S. §1-220 shall consist of a calendar week which begins at 12:01 A.M. Sunday and ends at midnight the following Saturday.

"Working day" means:

(A) For employers, any day the employer is open and conducting its regular business activities.

(B) For claimants, any day the claimant's employer or former employer scheduled the claimant to work and the claimant was present and working at his or her assigned activities for part or all of the scheduled work hours for that day.

240:10-1-7. Independent Contractors/Employees - 20 Factor Test

Independent contractors are not subject to the control of an employer. Employees are subject to the control of an employer. The issue in a worker classification case is, "whether sufficient control is present to establish an employer-employee relationship" in a particular situation. The existence of an employer's control of an individual, or lack thereof, shall be decided using the twenty-factor test used by the Internal Revenue Service of the United States Department of Treasury in Revenue Ruling 87-41, 1987-1 C.B. 296.

(1) The twenty factors set out in Revenue Ruling 87-41 are as follows:

(A) **Instructions.** A worker who is required to comply with other persons' instructions about when, where, and how he or she is to work is ordinarily an employee. This control factor is present if the person or persons for whom the services are performed have the right to require compliance with instructions.

(B) **Training.** Training a worker by requiring an experienced employee to work with the worker, by corresponding with the worker, by requiring the worker to attend meetings, or by using other methods, indicates that the person or persons for whom the services are performed want the services performed in a particular method or manner.

(C) **Integration.** Integration of the worker's services into the business operations generally shows that the worker is subject to direction and control. When the success or continuation of a business depends to an appreciable degree upon the performance of certain services, the workers who perform those services must necessarily be subject to a certain amount of control by the owner of the business.

(D) **Services Rendered Personally.** If the services must be rendered personally, presumably the person or persons for whom the services are performed are interested in the methods used to accomplish the work as well as in the results.

(E) **Hiring, Supervising, and Paying Assistants.** If the person or persons for whom the services are performed hire, supervise, and pay assistants, that factor generally shows control over the workers on the job.

Permanent Final Adoptions

However, if one worker hires, supervises, and pays the other assistants pursuant to a contract under which the worker agrees to provide materials and labor and under which the worker is responsible only for the attainment of a result, this factor indicates an independent contractor status.

(F) **Continuing Relationship.** A continuing relationship between the worker and the person or persons for whom the services are performed indicates that an employer-employee relationship exists. A continuing relationship may exist where work is performed at frequently recurring although irregular intervals.

(G) **Set Hours of Work.** The establishment of set hours of work by the person or persons for whom the services are performed is a factor indicating control.

(H) **Full Time Required.** If the worker must devote substantially full time to the business of the person or persons for whom the services are performed, such person or persons have control over the amount of time the worker spends working and impliedly restrict the worker from doing other gainful work. An independent contractor, on the other hand, is free to work when and for whom he or she chooses.

(I) **Doing Work on Employer's Premises.** If the work is performed on the premises of the person or persons for whom the services are performed, that factor suggests control over the worker, especially if the work could be done elsewhere. Work done off the premises of the person or persons receiving the services, such as at the office of the worker, indicates some freedom from control. However, this fact by itself does not mean that the worker is not an employee. The importance of this factor depends on the nature of the service involved and the extent to which an employer generally would require that employees perform such services on the employer's premises. Control over the place of work is indicated when the person or persons for whom the services are performed have the right to compel the worker to travel a designated route, to canvass a territory within a certain time, or to work at specific places as required.

(J) **Order or Sequence Set.** If a worker must perform services in the order or sequence set by the person or persons for whom the services are performed, that factor shows that the worker is not free to follow the worker's own pattern of work but must follow the established routines and schedules of the person or persons for whom the services are performed. Often, because of the nature of an occupation, the person or persons for whom the services are performed do not set the order of the services or set the order infrequently. It is sufficient to show control, however, if such person or persons retain the right to do so.

(K) **Oral or Written Reports.** A requirement that the worker submit regular or written reports to the person or persons for whom the services are performed indicates a degree of control.

(L) **Payment by Hour, Week, Month.** Payment by the hour, week, or month generally points to an employer-employee relationship, provided that this method of payment is not just a convenient way of paying a lump sum agreed upon as the cost of a job. Payment made by the job or on a straight commission generally indicates that the worker is an independent contractor.

(M) **Payment of Business and/or Traveling Expenses.** If the person or persons for whom the services are performed ordinarily pay the worker's business and/or traveling expenses, the worker is ordinarily an employee. An employer, to be able to control expenses, generally retains the right to regulate and direct the worker's business activities.

(N) **Furnishing of Tools and Materials.** The fact that the person or persons for whom the services are performed furnish significant tools, materials, and other equipment tends to show the existence of an employer-employee relationship.

(O) **Significant Investment.** If the worker invests in facilities that are used by the worker in performing services and are not typically maintained by employees (such as the maintenance of an office rented at fair value from an unrelated party), that factor tends to indicate that the worker is an independent contractor. On the other hand, lack of investment in facilities indicates dependence on the person or persons for whom the services are performed for such facilities and, accordingly, the existence of an employer-employee relationship. Special scrutiny is required with respect to certain types of facilities, such as home offices.

(P) **Realization of Profit or Loss.** A worker who can realize a profit or suffer a loss as a result of the worker's services (in addition to the profit or loss ordinarily realized by employees) is generally an independent contractor, but the worker who cannot is an employee. For example, if the worker is subject to a real risk of economic loss due to significant investments or a bona fide liability for expenses, such as salary payments to unrelated employees, that factor indicates that the worker is an independent contractor. The risk that a worker will not receive payment for his or her services, however, is common to both independent contractors and employees and thus does not constitute a sufficient economic risk to support treatment as an independent contractor.

(Q) **Working for More Than One Firm at a Time.** If a worker performs more than de minimis services for a multiple of unrelated persons or firms at the same time, that factor generally indicates that the worker is an independent contractor. However, a worker who performs services for more than one person may be an employee of each of the persons, especially where such persons are part of the same service arrangement.

(R) **Making Service Available to General Public.** The fact that a worker makes his or her services

available to the general public on a regular and consistent basis indicates an independent contractor relationship.

(S) **Right to Discharge.** The right to discharge a worker is a factor indicating that the worker is an employee and the person possessing the right is an employer. An employer exercises control through the threat of dismissal, which causes the worker to obey the employer's instructions. An independent contractor, on the other hand, cannot be fired so long as the independent contractor produces a result that meets the contract specifications.

(T) **Right to Terminate.** If the worker has the right to end his or her relationship with the person for whom the services are performed at any time he or she wishes without incurring liability, that factor indicates an employer-employee relationship.

(2) Revenue Ruling 87-41 states that the degree of importance of each factor in subparagraph (a) varies depending on the occupation and the factual context in which the services are performed. The twenty factors in subparagraph (a) are designed only as guides for determining whether an individual is an employee; special scrutiny is required in applying the twenty factors to assure that formalistic aspects of an arrangement designed to achieve a particular status do not obscure the substance of the arrangement; that is, whether the person or persons for whom the services are performed exercise sufficient control over the individual for the individual to be classified as an employee.

(3) Revenue Ruling 87-41 states that when making a classification determination using the twenty factors set out in subparagraph (a), the relationship of employer and employee exists when the person or persons for whom the services are performed have the right to control and direct the individual who performs the services, not only as to the result to be accomplished by the work but also as to the details and means by which that result is accomplished. That is, an employee is subject to the will and control of the employer not only as to what shall be done but as to how it shall be done. In this connection, it is not necessary that the employer actually direct or control the manner in which the services are performed; it is sufficient if the employer has the right to do so.

SUBCHAPTER 3. BENEFITS

PART 1. GENERAL PROVISIONS

240:10-3-3. Cancellation of a benefit claim

(a) After the filing of an initial claim for unemployment benefits, the claimant may cancel the claim up to the point of issuing the first unemployment benefit payment, except for claims cancelled under subparagraph (c)(1).

(b) In order to cancel a claim, the claimant shall submit a request to cancel the claim in writing to the Commission. The

claimant must certify that the cancellation of the claim was not induced by duress, coercion, or the promise of the payment of money or other consideration by a third party.

(c) Claims can be cancelled for the following reasons:

(1) Where a claimant has base period wages in another state and can be awarded a higher benefit amount in the other state.

(2) Claims filed as a result of incorrect information given by a Commission representative.

(3) Claims filed when the claimant was not unemployed.

(4) When cancelling a claim is warranted to provide fundamental fairness to the claimant.

(d) The separating employer shall be notified of the cancellation of the claim.

(e) The Commission may deny the request for cancellation of the claim if the Commission determines that the request was submitted as a result of duress, coercion, or an agreement with a third party to pay money or other consideration, or if the Commission believes the request is part of a fraud scheme or would interfere with the proper administration of the Employment Security Act of 1980.

PART 5. ELIGIBILITY

240:10-3-21. Educational institutions - between academic terms

Pursuant to 40 O.S. §2-209 and 26 U.S.C.A. §3304(a)(6)(A) or 40 O.S. §2-209.1, benefits based on service and employment defined in 40 O.S. §1-210(3) or (4) or for an education service contractor shall be payable on the same terms and conditions as benefits payable on the basis of other service subject to the Employment Security Act of 1980, except that individuals providing services to an educational institution shall not be paid benefits based on services to the educational institution for any week of unemployment commencing during the period between two successive academic years or terms, if the individual performs services in the first academic year or term and there is a contract or a reasonable assurance that the individual will perform services for the educational institution in the second academic year or term. A determination of the denial of benefits between an academic year or term shall be made based on the following subsections of this rule:

(1) Prerequisites. Before making a determination concerning the existence of a contract or reasonable assurance of employment in the following academic year or term, the Commission representative must find that three prerequisites exist. If any one of the three prerequisites is not met, unemployment benefits must be allowed. The three prerequisites are:

(A) An offer of employment. The offer may be written, oral or implied. The offer must be genuine and made by an individual with authority to offer the employment.

(B) The employment offered in the following academic year or term must be in the same capacity as that of the previous academic year or term.

(C) The economic conditions of the job offered in the following academic year or term may not be considerably less than the conditions present in the previous academic year or term. If the claimant is offered a salary or wage for the following academic year or term that is less than 90% of the salary or wage paid in the previous academic year or term, this shall be considered economic conditions that are considerably less from the previous to the following academic year or term.

(2) The term "contract" means an enforceable, non-contingent agreement that provides for compensation: (i) for an entire academic year; or (ii) on an annual basis, though the contract terms describing compensation are not expressed as an annual salary.

(3) The term "reasonable assurance" means that there is a high probability that employment will be available based on the totality of circumstances and contingent nature of the offer made to the claimant. The following rules apply in making the determination:

(A) If the offer of employment contains a contingency, the Commission representative must determine if the contingency is within the employer's control or not in the employer's control. If the offer of employment is contingent upon a factor within the employer's control, such as course programming, allocation of funding, final course offerings, program changes, and faculty availability, the claimant does not have reasonable assurance and benefits shall be allowed. If the offer of employment is contingent on factors outside of the employer's control such as enrollment levels, legislative funding, or seniority, this would be considered to not be in the employer's control and further examination of the facts is required.

(B) If the employer's offer to a claimant contains a contingency that is not in the employer's control, the Commission representative must examine the contingent nature of the offer. The Commission representative must give primary weight to the contingency when making the determination on the claim. If the Commission representative finds that it is highly probable that the contingency will be met, that is, the issue upon which the contingency is based will probably be concluded in a way that will allow employment to occur in the next academic year or term, then reasonable assurance can be found. If it is not highly probable that the contingency will be met, that is, there is a good probability the contingency will be resolved in a way that will prevent employment from occurring in the next academic year or term, then reasonable assurance cannot be found.

(C) The Commission representative must analyze the totality of circumstances for each offer of employment to determine whether it is highly probable that

there will be a job available for the claimant in the following academic year or term. This element requires considering factors such as legislative appropriations, funding levels, enrollment, the nature of the course of study to be taught, the claimant's seniority, budgeting and assignment practices of the school, the number of offers made in relation to the number of potential teaching assignments, the period of student registration, and any other contingencies. In order to find that there is reasonable assurance, the Commission representative is required to find, through evidence presented by the employer and the claimant, that it is highly probable that a job is available in the next academic year or term. In making a determination of reasonable assurance, the Commission representative is not required to find that there is a certainty of a job.

(4) Employer requirements.

(A) If the educational institution employer ~~or educational service contractor~~ did not enter into a formal employment contract with the claimant, the employer shall submit a written statement to the Commission representative explaining the manner in which the employee was given a reasonable assurance of employment in the following academic period or term. The employer shall state whether the assurance was given in writing, orally, or implied through other means. The employer shall state the information that was given to the claimant about the offer of employment in the next academic year or term, including contingencies.

(B) If the educational institution employer ~~or educational service contractor~~ entered into a formal employment contract with the claimant, the employer shall provide a copy of the contract to the Commission representative.

(C) The educational institution employer ~~or educational service contractor~~ will be responsible to provide any other information necessary to make the determination of a contract of employment or reasonable assurance and any other information requested by the Commission representative.

(5) Claimant requirements. The claimant will be responsible to provide sufficient information for the Commission representative to make a determination of reasonable assurance of employment or a contract of employment in the next academic year or term, and the claimant shall provide any information or documents requested by the Commission representative.

SUBCHAPTER 5. CONTRIBUTIONS

PART 19. MAINTENANCE AND PRODUCTION OF WORK RECORDS

240:10-5-90. Records

Records shall be maintained by employers for a period of four (4) years. For purposes of audits, investigations, verifications, or certifications, each employer shall be required to maintain and produce to a representative of the Commission, the following records:

- (1) Records that show the proprietary interest, type of organization and identity of the employing unit.
- (2) All accounting records, business and personal.
- (3) All bank statements and banking records for all checking and savings accounts, business and personal.
- (4) All federal and state income tax returns, business and personal, including all schedules.
- (5) All payroll records including federal Internal Revenue Service forms W-2, W-3, 940, 941, and 1099.
- (6) All general ledgers, cash disbursement ledgers or journals, cash receipts journals, check registers, and check stubs for the employer's business.
- (7) For each pay period, records that show:
 - (A) The beginning and ending dates of such period.
 - (B) The total amount of wages paid with respect to all employment.
- (8) For each worker, records that show:
 - (A) Name.
 - (B) Social Security account number.
 - (C) Wages for each pay period showing separately:
 - (i) Cash wages.
 - (ii) Reasonable cash value of all remuneration in any medium other than cash (See OAC 240:10-1-2(b), Wages, Noncash remuneration).
 - (iii) Actual or estimated amount of gratuities received from persons other than his/her employing unit (See OAC 240:10-1-2 (a), Wages, Gratuities and tips).
 - (iv) Special payments for services rendered in prior periods, designating the period in which the service was performed.
 - (v) The total amount of wages paid for each pay period.
- (9) Records showing the date on which the worker was hired, and the date he/she was separated from employment.
- (10) Records showing the circumstances under which the worker was separated from employment shall be maintained with respect to the following:
 - (A) If separation from employment was because of lack of work, the records shall so state.
 - (B) If separation from employment was voluntary on the part of the worker, the records shall reflect the fact together with any reason(s) given by the worker.
 - (C) If separation from employment was a discharge of the worker due to misconduct, the record shall reflect the circumstances of the misconduct and the reason given by the employer to the worker for the discharge.
 - (D) If the separation from employment was other than those three listed above, the record shall reflect details of such "other reason."

(11) Records showing each day during the pay period that ~~such individual~~ each employee was in employment if the individual was not regularly employed employed by the employer, the hours worked and the wages earned.

(12) Records showing the state or states in which his/her services are performed, and if such services are performed outside of this state, his/her base of operations (or if there is no base of operations, then the place from which his/her services are directed or contracted) and his/her residence (by state). All work records required by the Commission shall be kept safely and readily accessible at the place of business of the person or firm required to keep same. Nonresident employing units who customarily maintain work records required by OAC 240:10-5-90 outside the State of Oklahoma shall furnish to the Commission, upon request, certified copies of such records.

(13) For each quarter in the records retention period, a copy of the Employer's Quarterly Contribution and Wage Report, and any amended reports, as filed with the Commission.

(14) Records that will confirm, verify, or supply data that is required in any field on any Commission report form that is required to be filed by an employer or on behalf of an employer.

(15) Any other books, papers, correspondence, memoranda, and any other records deemed necessary for review by a Commission representative.

240:10-5-91. Employer's Quarterly Contribution Wage Reports

(a) **Due date of report.** Each employer shall report both contributions and "wages paid" (as defined in OAC 240:10-1-2) through the Employer Portal on the Commission Internet website, or if an exception has been granted, on paper Form OES-3, Employer's Quarterly Contribution and Wage Report, for each quarterly period in which the employer is subject to the Employment Security Act of 1980, on or before the last day of the month following the calendar quarter to be reported. However, an employing unit which has not previously qualified as an employer under the Employment Security Act of 1980 and who first qualifies as an employer during a calendar year shall file Form OES-3, Employer's Quarterly Contribution and Wage Reports, for all past periods of that calendar year on or before the due date for the quarterly report for that quarter in which such employing unit becomes an employer subject to the Employment Security Act of 1980.

(b) **Information required.**

(1) All instructions furnished with the official forms must be followed.

(2) All information required on the official forms shall be given.

(c) **Date of filing.** The date of filing of the Employer's Quarterly Contribution and Wage Report shall be determined by the date that an employer's fully completed report form is submitted for filing with the Commission pursuant to 40 O.S. §1-224.

(d) **Report filing.**

Permanent Final Adoptions

(1) This subsection shall apply to all Employer's Quarterly Contribution and Wage Reports that are due for filing after January 1, 2011.

(2) All employers with an assigned Oklahoma State Unemployment Tax Act (SUTA) account number shall be required to file the Employer's Quarterly Contribution and Wage Report through the employer portal on the Commission Internet website, unless an exception is granted by the Commission.

(3) All third party administrators shall be required to file the Employer's Quarterly Contribution and Wage Report through the employer portal on the Commission Internet website for clients with an assigned Oklahoma SUTA account number, unless an exception is granted by the Commission.

(e) **Payment of Tax.** All employers with an assigned Oklahoma State Unemployment Tax Act (SUTA) account number and all third-party administrators shall be required to pay all amounts due for quarterly state unemployment taxes on or before the last day of the month following the calendar quarter to which the taxes relate. All employers and third-party administrators shall make payment through an electronic fund transfer or a credit card acceptable to the Commission; unless an exception is granted by the Commission for the employer or third-party administrator to make payment in an alternative method.

(f) **Authorization.** This rule is authorized by 40 O.S. §§3-102, 4-302, and 4-503.

TITLE 245. STATE BOARD OF LICENSURE FOR PROFESSIONAL ENGINEERS AND LAND SURVEYORS CHAPTER 2. ADMINISTRATIVE OPERATIONS

[OAR Docket #20-696]

RULEMAKING ACTION:

PERMANENT final adoption

RULES:

245:2-1-10. Official records [AMENDED]

245:2-1-18. Fees and penalties [AMENDED]

245:2-1-22. Powers and authority of Board [NEW]

AUTHORITY:

Oklahoma State Board of Licensure for Professional Engineers and Land Surveyors; 59 O.S. Sections 475.1 et seq.; 65 O.S., 1991 Sections 3-116 et seq.; 75 O.S. Sections 301 et seq.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

November 26, 2019

COMMENT PERIOD:

December 15, 2019 to January 15, 2020

PUBLIC HEARING:

January 16, 2020

ADOPTION:

January 16, 2020

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

January 22, 2020

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 25, 2020

FINAL ADOPTION:

June 25, 2020

EFFECTIVE:

November 1, 2020

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

n/a

GIST/ANALYSIS:

The revisions shall update administrative fees and penalties to reflect fee waivers for military and military spouses, and make downward adjustments to the reinstatement fees. Removes fee waiver for persons 70 years of age or older. Creates the "Building Maintenance, Improving and Operating Fund".

CONTACT PERSON:

Kathy Hart, Executive Director, (405) 521-2874

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF NOVEMBER 1, 2020:**

245:2-1-10. Official records

Among other official records required by law, or by rules of other agencies in support of law, the Board shall maintain accurate and current records including, but not limited to:

(1) A record of minutes, in proper order, containing a summary of actions of all meetings of the Board.

(2) Records of Licensees, containing the name and license number of all persons to whom Certificates of Licensure are issued, date of original license, the last known physical and e-mail addresses of all current licensees and renewals affected through biennial licensure, and the discipline(s) of engineering in which the applicant is claiming competency.

(3) Licensee files for each current licensee containing the original application, relevant verification and evaluation data, record of examination results, and when applicable, records of alleged violations, suspensions, revocations, refusal to renew, orders issued, hearing transcripts and penalties levied.

(4) Certificate of Authorization files containing the name of each current firm holding a current certificate, the engineer(s) or land surveyor(s) of record, a record of all partners, officers and directors of the entity, managing agent(s) and their license numbers and states which they are licensed, if applicable, and the last known address.

(5) A system of finance records indicating funds received, budgeted, committed, spent, remaining and projections of appropriate request for consideration in budget development.

245:2-1-18. Fees and penalties

Schedule of fees and penalties, effective July 1, ~~2013~~2020, are as follows:

(1) Application:

(A) Original (Initial)

(i) Engineer/Surveyor - \$150.00

(ii) Intern - ~~\$50.00~~ no charge

- (iii) Firm - \$200.00
 - (B) Comity
 - (i) Engineer/Surveyor - \$250.00
 - (ii) Intern - ~~\$50.00~~ no charge
 - (iii) Firm - ~~\$250.00~~ \$200.00
 - (C) Re-license
 - (i) Engineer/Surveyor - \$250.00
 - (ii) Intern - ~~\$50.00~~ no charge
 - (iii) Firm - ~~\$250.00~~ \$200.00
 - ~~(D) Requalifications~~
 - ~~(i) Engineer/Surveyor - \$150.00~~
 - ~~(ii) Intern - \$25.00~~
 - (2) Biennial renewals:
 - (A) ~~Individuals~~ Individual: _____ (Renewal fees are waived for Oklahoma licensed engineers and surveyors at 70 years old. Individuals must be 70 years old prior to their biennial renewal date and comply with the administrative renewal requirements of the Board to qualify.) However, beginning January 1, 2021, no renewal fees shall be waived and all licensees shall be required to pay the required renewal fee as long as the licensee chooses to maintain an active license. An individual may choose to retire their license at no cost and maintain a retired professional engineer or retired professional land surveyor status pursuant to the provisions of OAC 245:15-1-3. However, no privilege to offer or practice engineering or surveying shall exist without an active license.
 - (i) Engineer/Surveyor - \$150.00
 - (ii) Intern ~~B~~ WAIVED ~~no charge~~
 - (B) Firm - \$200.00
 - (3) Reinstatement penalty (in addition to the renewal fee): The following reinstatement penalty schedule refers to payments received by the Board within the prescribed number of days following the expiration date of the renewal:
 - (A) ~~1 B-60~~ 30 days:
 - (i) Engineer/Surveyor - ~~\$100.00~~ \$50.00
 - (ii) Firm - ~~\$100.00~~ \$50.00
 - (B) ~~61 B-31~~ 90 ~~120~~ days:
 - (i) Engineer/Surveyor - ~~\$150.00~~ \$100.00
 - (ii) Firm - ~~\$150.00~~ \$100.00
 - (C) ~~121 B-91~~ 180 days:
 - (i) Engineer/Surveyor - ~~\$250.00~~ \$200.00
 - (ii) Firm - ~~\$250.00~~ \$200.00
 - (D) Reinstatement penalties for professional engineers and land surveyors may be waived if the licensee was unable to renew because they were in non-compliance with the Oklahoma Tax Commission or if other documented hardships occur. Application for waiver of reinstatement penalties must be submitted to the board office in writing with appropriate documentation for board review prior to license renewal or payment of the reinstatement penalty.
 - (4) Re-examination application:
 - (A) ~~Engineer/Surveyor~~ - \$50.00 (Oklahoma Law and Surveying Examination)
 - ~~(B) Intern - \$10.00~~
 - (5) Temporary ~~Permit~~ License (Engineering): ~~\$750.00~~ \$500.00
 - (6) Administrative fee for returned checks: \$25.00
 - (7) Duplicate certificate: \$25.00
 - (8) Application fee to revise license or authorization
 - (A) Engineer/Surveyor - \$50.00
 - (B) Intern ~~B~~ no charge
 - (C) Firm - \$100.00
 - (9) Transcript of hearing - Actual cost
 - (10) Copy of public records (per page): \$.25
- (b) The Board shall make no refunds of any fees or penalties to any applicant or licensee.
- (c) These fees and penalties apply to the Rules in this Chapter and Chapter 15 of this Title.
- (1) The administrative fee for returned checks shall be applied to any check returned to the Board for insufficient funds.
 - (2) Any such check returned to the Board shall be replaced with a cashier's check or money order within ten (10) days following notification from the Board of the returned check.
- (d) Any member of the Armed Forces of the United States who is deployed on active duty who at the time of deployment was duly licensed in good standing as a professional engineer or land surveyor in Oklahoma may renew their license without the payment of renewal or reinstatement fees. The license or certificate issued pursuant to the provisions of this section may be continued as long as the licensee or certificate holder is a member of the Armed Forces of the United States on active duty and for a period of at least one (1) year after discharge from active duty.
- (e) Pursuant to O.S., Title 59, Section 4100(2)(D), active duty military personnel and their spouse who are a licensed professional engineer or land surveyor in another state, upon receiving notice or orders for military transfer or honorable discharge to this state, may in advance of actual transfer or discharge apply for an expedited temporary or comity license per this act and Board Policy, and shall not be required to pay an application fee or pro-rated license fee for the issuance of an expedited temporary or comity license.
- 245:2-1-22. Powers and authority of Board**
- The Board is authorized to create and maintain a fund, which may accrue interest, for the purpose of maintaining, improving, and operating property and all other provisions as described and authorized by O.S. Title 59, 475.8(C).

Subchapter 17. Licensee's Seal
245:15-17-1 [AMENDED]
245:15-17-2 [AMENDED]

AUTHORITY:

Oklahoma State Board of Licensure for Professional Engineers and Land Surveyors; 59 O.S. Sections 475.1 et seq.; 65 O.S., 1991 Sections 3-116 et seq.; 75 O.S. Sections 301 et seq.

SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

November 26, 2019

COMMENT PERIOD:

December 15, 2019 to January 15, 2020

PUBLIC HEARING:

January 16, 2020

ADOPTION:

January 16, 2020

SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

January 22, 2020

APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 25, 2020

FINAL ADOPTION:

June 25, 2020

EFFECTIVE:

November 1, 2020

SUPERSEDED EMERGENCY ACTIONS:

n/a

INCORPORATIONS BY REFERENCE:

n/a

GIST/ANALYSIS:

The proposed revisions to the subchapters are as follows: Subchapter 1. General Provisions: Delete duplicated definition of "Practice of land surveying" and provide a definition for "Professional surveyor".

Subchapter 3. Application and Eligibility for Licensure: The proposed amendments will modify the application process to allow for an online licensing system. Further the engineering and land surveying requirements for licensure will remain the same; however, the process by which an applicant applies will be modified to allow the applicant to apply once all requirements for education, examination and experience are met. Also, this revised language removes the 'good character' language throughout to be in congruence with statutory changes enacted as well as the temporary license provisions for military personnel and their qualifying spouses.

Subchapter 5. Examinations: The proposed amendments further describe qualifying examinations and the revised administrative process for applying for and taking examinations. Further, the definition for "examination subversion" was modified to include licensees seeking to obtain access to examination materials or access to the examination questions.

Subchapter 7. Licensure: The proposed amendment removes the waiver for licensees 70 years of age or older to not be required to pay the renewal fee.

Subchapter 9. Rules of Professional Conduct: The proposed amendments update the language and clarify its intent.

Subchapter 11. Continuing Education: Update language and provide further definitions.

CONTACT PERSON:

Kathy Hart, Executive Director, (405) 521-2874

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,
THE FOLLOWING RULES ARE CONSIDERED
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,
SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE
DATE OF NOVEMBER 1, 2020:**

SUBCHAPTER 1. GENERAL PROVISIONS

245:15-1-3. Definitions

The following words or terms, when used in the Rules of Procedure, shall have the following meaning, unless the context clearly indicates otherwise. Definitions in 59 O.S. Section 475.2 and 65 O.S. Section 3-118 shall be read together with the definitions and interpretations provided in the Rules of Procedure of the Board.

"**Accessory to a corner**" means any exclusively identifiable physical object whose spatial relationship to the corner is recorded. Accessories may be bearing trees, bearing objects, monuments, reference monuments, line trees, pits, mounds, charcoal filled bottles, steel or wooden stakes, or other objects.

"**Certify**" or "**Certification**" or similar expressions relating to engineering or land surveying services shall mean a statement based upon facts and knowledge known to the licensee and is not a guarantee or warranty, either expressed or implied.

"**Closure error**" means the ratio between the horizontal linear error of closure to the total horizontal distance traversed, with the numerator of the ratio being the number "one".

"**Control surveying**" means the establishment of horizontal and/or vertical control which will be the basis for future phases of a project including, but not limited to: extraction of geospatial data, engineering design projects, construction staking, surveys to layout horizontal and vertical alignments, topographic surveys using field methods, collection of topographic and planimetric data using photogrammetric methods

and construction surveys of engineering or architectural public works project.

"Engineering surveys" means all survey activities required to support the sound conception, planning, design, construction, maintenance and operation of engineered projects, but exclude the surveying of real property for the establishment of land boundaries, rights-of-way, easements and the dependent or independent surveys or resurveys of the public land survey system. Unless a Professional Land Surveyor has provided the Professional Engineer with geocentric/geodetic control coordinates which meet the accuracy standards set forth in OAC 245:15-13-2, the Professional Engineer shall only use a coordinate system based on assumed values for the project, and so state on the documents.

"Geospatial" means the relative position of features on, above, or below the earth's surface defined by a localized or globalized system.

"Land or boundary survey" means a survey, the primary purpose of which includes, but is not limited to, the determining of the perimeter of a parcel or tract of land by establishing or reestablishing corners, monuments and boundary lines.

"Linear closure" means a measure of the horizontal linear error without regard to direction, between the computed location of the first and last points of a traverse when either the traverse actually returns to its beginning point (geometrically and mathematically closed), or the traverse ends at a point of previously established control relative to the beginning point (geometrically open, but mathematically closed).

"Mortgage Inspection Report" means a representation of the boundaries of a parcel of real property and the improvements thereon, prepared incident to a mortgage of real property.

"Monument" means a physical structure that occupies the exact position of a corner.

"Planimetric mapping surveys" mean a map that presents the horizontal positions only for the features represented. This is distinguished from a topographic map by the omission of relief in measurable form.

"Positional error" means the difference between the actual position of a corner monument and it's described or computed position. This error may be determined by computing the difference between the measured position and the adjusted position of the monument or by measurement of angle and distance between three of the corner monuments on the survey if made with precise surveying instruments using proper procedures.

~~**"Practice of land surveying"** as defined by Title 59 O.S. Section 475.2(8)(a) also includes monumenting the subdivision of land into smaller parcels and the preparation of legal descriptions in connection therewith; however, the preparation of legal descriptions by a person who does not monument the land so described is not the practice of land surveying. Preparation of the control portion of geographic information systems and land information systems means the authoritative and monumented ground survey of a system of marks or objects to establish horizontal or vertical positions.~~

"Professional Engineer, Retired" - The term "Professional Engineer, Retired" as used in these rules, shall mean

an individual who has been duly licensed as a professional engineer by the Board and who chooses to relinquish or not to renew a license and who applies to and is approved by the Board to be granted the use of the title "Professional Engineer, Retired."

"Professional Land Surveyor, Retired" - The term "Professional Land Surveyor, Retired" as used in these rules, shall mean an individual who has been duly licensed as a professional land surveyor by the Board and who chooses to relinquish or not to renew a license and who applies to and is approved by the Board to be granted the use of the title "Professional Land Surveyor, Retired."

"Rules of professional conduct for Professional Engineers and Land Surveyors" means those rules promulgated by the Board.

"Professional Surveyor" or "P.S." - The term "Professional Surveyor" or "P.S." may be used when describing a lawfully licensed Professional Land Surveyor or P.L.S. in Oklahoma, as defined pursuant to Title 59, 475.2(6).

"Signature" means "manual signature" or "digital signature" and shall be defined as follows:

(A) Manual signature means the handwritten name of a person applied to a document that identifies the person, serves as a means of authentication of the contents of the document, provides responsibility for the creation of the document and provides for accountability for the contents of the document.

(B) A digital signature shall carry the same weight, authority, and effects as a manual signature.

"Significant structures", beginning November 1, 2020, shall mean buildings and other structures that represent a substantial hazard to human life in the event of failure or are designated as essential facilities, including but not limited to:

(A) Buildings and other structures whose primary occupancy is public assembly with an occupant load greater than 300,

(B) Elementary schools, secondary schools or day care facilities with an occupant load greater than 50,

(C) Adult education facilities, such as colleges and universities, with an occupant load greater than 500,

(D) Hospitals, nursing homes, mental hospitals and detoxification facilities with an occupant load of 50 or more resident care recipients and/or surgery or emergency treatment facilities,

(E) Prisons, jails, reformatories, detention centers, correctional centers,

(F) Any building or other structure with an occupant load greater than 5,000,

(G) Primary power-generating structures above 50 kilowatts,

(H) Structures at water treatment facilities for potable water and wastewater treatment facilities serving more than 5,000 people,

(I) Structures for public utility facilities containing quantities of toxic or explosive materials that are sufficient to pose a threat to the public if released,

(J) Fire, rescue, ambulance and police stations and emergency vehicle garages,

(K) Designated tornado, earthquake or other non-residential emergency shelters,

(L) Designated emergency preparedness, communications and operations centers and other facilities required for emergency response,

(M) Aviation control towers, air traffic control centers and emergency aircraft hangars,

(N) Buildings and other structures having critical national defense functions,

(O) Elevated water storage structures, and

(P) Buildings and other structures with high lateral loadings including:

(i) those subjected to ultimate design 3 second wind gust speeds equaling or exceeding wind speeds corresponding to approximately a 3% probability of exceedance in 50 years, or

(ii) those that are in Seismic Design Category D and above.

(Q) "Significant structures" shall exclude bridges and geo-structures. As defined in this document, "bridges" will not include elevated structures linking buildings. "Geo-structures" shall mean engineered structures that are loaded by the earth or whose resistance is derived from the earth. A project defined as a "Significant structure" for which a permit has not been applied for or granted as of October 31, 2020, shall be required to have an engineer of record who is a licensed Professional Structural Engineer. Beginning November 1, 2020, all new projects defined as "significant structures", shall require an Oklahoma Licensed Professional Structural Engineer to be the engineer of record.

"Survey plat", "sketch", or "map", or similar document, shall mean any drawing of a parcel or tract of real property used for the purpose of depicting the results of a field survey.

"Topographic surveys" mean surveys that have as their major purpose the determination of the configuration (relief) of the earth (ground) and the location of natural or artificial objects thereon.

SUBCHAPTER 3. APPLICATION AND ELIGIBILITY FOR LICENSURE

245:15-3-1. Availability of forms and Board records

Applications required to be submitted to the Board are available ~~online and at the Board office and other locations~~ as deemed appropriate by the Board. ~~Completed applications, with all attachments and the required fee, when received by the Board will be entered into the Board records.~~

245:15-3-2. Documents required for licensing

(a) Every individual applying for a license shall submit an application ~~as required by Board policy, which shall be the forms furnished by the Board, or its designee, or forms located~~

~~on the Board's website~~, accompanied by the applicable fees. All application fees are non-refundable.

~~(b) All information filled in on the application forms must be typewritten or computer generated. In case there is not sufficient room on the form to present all the subject matter necessary, the applicant shall set forth the additional information on additional sheets of plain white paper, 8 1/2" x 11" in size. Such sheets shall be typewritten or computer generated on one side only, shall be marked and numbered consecutively and in series with the regular pages of the application.~~

~~(e) An affidavit certifying the truthfulness of the statements in the application shall constitute a part of each application. Withholding information or providing statements which are untrue or misrepresent the facts may be cause for denial of an application or disciplinary action taken against a license or certification.~~

(d) An applicant shall request the university or college, or its designee, from which credit has been obtained to forward directly to the Board, or its designee, a properly certified university or college transcript showing all academic work. All application forms and information furnished thereon and all examinations and answers thereto shall be entirely in the English language.

245:15-3-4. Board action required

(a) Individual professional engineer, professional engineer with a structural engineer designation, and professional land surveyor comity applicants meeting the requirements of a NCEES Model Law Engineer, NCEES Model Law Structural Engineer, or NCEES Model Law Surveyor, or other requirements as determined by Board statutes, rules and policy may be reviewed and evaluated by the ~~Principal Assistant~~, Executive Director, or the Board's designee, to determine if the applicant meets or exceeds the approved criteria. If the applicant meets or exceeds these requirements, the applicant may receive a contingent license authorizing the individual to offer or provide engineering or surveying services in Oklahoma. A list of all engineers issued contingent licenses will be placed on the agenda of the next meeting of the Board for formal approval by the Board. A list of all surveyors who have been issued contingent licenses and who have passed the appropriate Oklahoma-specific examination will be placed on the agenda of the next meeting for formal approval by the Board. All other complete comity applicants will be reviewed and evaluated by the Board at the next regularly scheduled meeting of the Board to determine if they meet or exceed the criteria to be licensed as a professional engineer, professional engineer with a structural engineer designation or a professional land surveyor.

(b) Certificate of Authorization applications for firms which meet the statutory and rule requirements may also be approved by the ~~Principal Assistant~~, Executive Director, or the Board's designee. If the firm meets or exceeds these requirements, the firm may receive a contingent authorization allowing the firm to offer or provide engineering or surveying services in Oklahoma. A list of all firms issued contingent authorizations will be placed on the agenda of the next meeting of the Board for formal approval by the Board.

(c) A contingent license or authorization will be in effect from its date of issuance until such time as the Board takes final action on the application for licensure or authorization. If the Board determines that the applicant does not meet the requirements for issuance of a license or authorization, the contingent license or authorization shall be immediately and automatically revoked upon notice to the applicant and no license will be issued.

(ed) Initial applicants for a professional engineer or professional land surveyor license shall apply to the Board when all education, examination and experience requirements have been met. who are applying prior to obtaining the requisite experience for licensure, but have met the education requirement and have passed the Fundamentals of Engineering or Fundamentals of Surveying examination, respectively, may be approved to sit for the requested professional examination upon approval by the Principal Assistant, Executive Director, or the Board's designee.

(de) Intern applications for certification may be approved by the Executive Director, Principal Assistant, or the Board's designee.

(ef) All other applications for Professional Engineer, Professional Engineer with a Structural Engineer Designation, Professional Land Surveyor and Certificate of Authorization submitted for a license or authorization shall be first considered by the Board for approval or disapproval.

245:15-3-6. Active and inactive applications

(a) Incomplete applications not yet presented to the Board, will be withdrawn from consideration by the Board after one year from the date submitted to the Board and a new and complete application shall be required from an applicant seeking licensure.

(b) The Board shall adopt a policy regarding the number of attempts an examinee may be granted for any NCEES or Board-approved examination, as well as requirements for re-applying for future examination attempts. An applicant's application will be closed after a prescribed number of failures of any NCEES examination or other Board-approved examinations, regardless of the jurisdiction in which the examination is administered. For further consideration, an applicant shall file a new and complete application for re-examination, to include evidence of additional education, knowledge or skill sufficient to materially improve the applicant's qualifications for re-examination which shows that the additional requirements outlined in the Board's policy for re-examination have been met. NCEES examinations will be administered per NCEES policy and the policies of the Board.

(c) If an applicant requests that the applicant's application be withdrawn from consideration, the Board will reject the application. Any further consideration will require a new and complete application and fee.

245:15-3-7. Qualifications for original professional engineer license and engineer intern certification

To be eligible for consideration for original licensure as a Professional Engineer or certification as an Engineer Intern, ~~the applicant must be of good character and reputation. Applicants~~ an applicant must meet all qualifications as contained within the Statutes and the Rules of the Board. An application for an Engineer Intern certification or Professional Engineer license shall be ~~individually~~ reviewed by the Board or its designee. Evidence of minimum qualifications is required by the Board in accordance with Title 59, 475.12a. and the following requirements:

(1) Engineer Intern and Professional Engineer - education requirements for certification or original license:

(A) Completion of one of the following shall be considered as minimum evidence that the applicant has fulfilled the education requirement for certification as an Engineer Intern or licensure as a Professional Engineer:

(i) a bachelor's degree in engineering from an EAC/ABET-accredited program, or the equivalent, which may include a bachelor's degree in engineering from a degree program accredited by the Canadian Engineering Accreditation Board (CEAB) or signatories of the Washington Accord, a bachelor's degree in engineering from a program that meets the NCEES Engineering Education Standard, or a bachelor's degree in engineering from a program that, upon evaluation, does not meet the NCEES Engineering Education Standard, but deficiencies outlined in the degree evaluation have been corrected with further education approved by the Board or its designee,

(ii) a bachelor's degree in a Board approved related science degree program which meets the Board's statutory definition of a related science degree,

(iii) a master's degree in engineering from an institution that offers EAC/ABET-accredited programs,

(iv) a master's degree in engineering from an EAC/M-ABET-accredited program, or

(v) an earned doctoral degree in engineering acceptable to the Board.

(B) The Board may accept a bachelor's degree in an engineering or engineering technology program if the program is EAC/ETAC ABET accredited within 3 years of the date of the conferred degree. All other degree programs which are not EAC/ETAC ABET accredited at the time of conferment of the degree, but are currently EAC/ETAC ABET accredited, will be considered by board policy.

(2) Professional Engineer- experience (original license):

(A) Experience credit may be claimed to the date of the application. Part-time experience shall be pro-rated after a review by the Board or its designee.

Permanent Final Adoptions

Experience record is to be continuous from beginning to the date of the application. Experience time shall not exceed elapsed calendar time. ~~Application fees are non-refundable.~~ Only experience obtained directly within the professional field will be considered as qualifying experience by the Board and must be verified by reference. Experience ~~shall~~should be gained under the supervision of a licensed professional engineer or, if not, an explanation shall be made showing why the experience should be considered acceptable. Experience gained under the technical supervision of an unlicensed individual may be considered if the appropriate credentials of the unlicensed supervisor are submitted and approved by the Board or its designee. In evaluating experience that indicates to the Board that the applicant may be competent to practice engineering, the following will be considered:

- (i) Experience must be progressive on engineering projects ~~to indicate that it is of and must demonstrate an~~ increasing quality and ~~requiring greater~~ responsibility.
- (ii) Experience must not be obtained in violation of the licensure act.
- (iii) Experience gained in the armed services must be of a character equivalent to that which would have been gained in the civilian sector doing similar work.
- (iv) Sales experience must demonstrate that engineering principles were required and used in gaining the experience.
- (v) Teaching experience must be in engineering or engineering-related courses at ~~an advanced~~ a junior-, senior-, or graduate-level level in a college or university offering an engineering program of 4 years or more that is approved by the Board.
- (vi) Experience may be gained in engineering research and design projects by members of an engineering faculty, where the program is approved by the Board, or by industry or government employees.
- (vii) Experience in construction must demonstrate the application of engineering principles.
- (viii) Experience should include demonstration of knowledge of engineering mathematics, physical and applied science, properties of materials, and the fundamental principles of engineering design.
- (ix) Experience ~~should~~must include demonstration of the application of engineering principles in the practical solution of engineering problems.
- (x) The board may deem professional experience acquired by applicants outside the United States to be equivalent to the minimum Board requirements established by regulations for professional experience in that jurisdiction.

(B) Partial experience credit may be given for experience earned prior to receipt of a baccalaureate degree, at the discretion of the Board, if the employment is at least half-time and the work is performed under the supervision of a professional engineer. At the time the experience was gained, the applicant must have passed upper level engineering or related engineering science courses and applied relevant engineering knowledge in the claimed experience. In no case shall the experience credit exceed one half of that required for approved qualifying experience.

(C) A graduate degree that is used to satisfy education requirements cannot be applied for experience credit toward licensure. To be eligible for experience credit, graduate degrees shall be relevant to the applicant's area of professional practice. Experience credit for a graduate degree cannot be earned concurrently with work experience credit. Concurrent time spent in engineering work while attending school will be credited either as education experience or work experience but not both.

(D) Applicants shall submit a minimum of five (5) acceptable references, three (3) of whom shall be Professional Engineers having personal knowledge of the applicant's engineering experience, none of whom may be current members of the Board or immediate family members. ~~References verifying experience, who have been disciplined by any professional licensure board within the past 10 years, must submit a copy of the formal disciplinary action taken for the Board's review and consideration. References will~~must verify the periods of qualifying experience since the beginning of the history, leaving no gaps in dates. The Board shall not give credit for engineering experience that has not been verified by one or more references.

(E) Applicants may apply for a waiver of the NCEES Fundamentals of Engineering examination by showing proof of a minimum of fifteen (15) years of acceptable progressive engineering experience following the date of the conferred degree qualifying the applicant for licensure. The required experience shall be verified by reference, and may not be self-verified. Experience earned prior to the conferred qualifying degree shall not be considered in the years of required experience. All elements of the application shall be evaluated by the Board when considering application for a waiver of the exam, including but not limited to; reference responses, disciplinary actions and criminal history~~all convictions~~.

(F) An applicant with a Board-approved doctoral degree in engineering shall be required to obtain two (2) years of experience credit after the doctoral degree is conferred, whether or not an M.S. degree was also conferred, to qualify for licensure.

(G) An applicant with an education path described in OAC 245:15-3-7(1)(A)(i) or (1)(A)(ii), who further

obtains a master's degree in engineering from an institution that offers EAC/ABET-accredited programs or CEAB-accredited programs, shall be required to obtain three (3) years of experience following the master's degree to qualify for licensure. Under the same conditions, if a Board-approved doctoral degree is conferred, the applicant shall be required to obtain two (2) years of experience following the Ph.D. in engineering.

(H) An applicant with a bachelor's degree in engineering from a program that is a signatory of the Washington Accord shall obtain experience per Board policy and may be required to, who chooses not to obtain a degree evaluation from a Board-approved evaluation service, shall be required to obtain six (6) years of experience following the date of the conferred bachelor's degree to qualify for licensure.

(I) Non-U.S., non-EAC/ABET-accredited degrees, non-CEAB-accredited degrees which are not approved by the Board may be considered only following a degree evaluation obtained through a degree evaluation service approved by the Board. If the degree evaluation states that the degree is equivalent to the NCEES Education Standard, then four (4) years of experience will be required following the conferred degree. If the degree does not meet the NCEES Education Standard and deficiencies outlined in the degree evaluation are corrected by further education as approved by the Board, then four (4) years of experience will be required following the conferred degree to qualify for licensure. If the applicant described in this paragraph obtains a master's degree in engineering from an institution that offers EAC/ABET-accredited programs or CEAB-accredited programs, they may be required to obtain three (3) years of experience credit following the master's degree to qualify for licensure. Under the same conditions, if a Board-approved doctoral degree is conferred, the applicant shall be required to obtain two (2) years of experience following the Ph.D. in engineering to qualify for licensure.

(J) Non-U.S., non-EAC/ABET-accredited degrees or non-CEAB-accredited degrees which are not approved by the Board which upon evaluation are not deemed equivalent to the NCEES Education Standard shall be considered at a maximum equivalent to a related science degree.

(K) No examination shall be administered following July 1, 2020, for applicants who qualified prior to July 1, 2016 applying with a non-accredited technology degree or non-related science degree for licensure as a Professional Engineer if the applicant's application was originally approved by the Board prior to July 1, 2016.

(3) Professional Engineer - examination requirements (original license):

~~(A) Applicants for professional engineering licensure must take and pass the FE examination prior to~~

~~being admitted to take the PE examination, unless the Board has approved a waiver request for the FE examination.~~

~~(B) Applicants applying to take the PE examination prior to obtaining the required number of years' experience for licensure shall submit a board approved application and required documents verifying their degree program and verifying passage of the FE examination. The Board or its designee shall review the application for compliance with the education and exam requirements prior to admitting the applicant to the PE examination. Once the applicant has passed the PE examination and has obtained the required experience for professional engineering licensure, the remaining application requirements shall be submitted and verified prior to final consideration.~~

~~(C) When the education requirements of the Statutes and of this Chapter are met, the applicant shall apply to NCEES to take and pass the Fundamentals of Engineering Examination and the Principals and Practice of Engineering Examination. Once these examinations are successfully completed and requisite qualifying experience is complete, the applicant shall apply to the Board for approval and may be admitted to, and must pass, required to pass an examination covering the laws, rules, procedures and practices pertaining to engineering in the state of Oklahoma, prior to being licensed as a Professional Engineer.~~

245:15-3-8. Qualifications for original land surveying license

To be eligible for consideration for original licensure as a Professional Land Surveyor or certification as a Land Surveyor Intern, an applicant ~~must be of good character and reputation.~~ Applicants must meet all qualifications as contained within the Statutes and the Rules of the Board. Applications for Land Surveyor Intern certification or Professional Land Surveyor licensure shall be individually reviewed by the Board or its designee. Evidence of minimum qualifications is required by the Board in accordance with Title 59, 475.12b and the following requirements:

(1) Professional Land Surveyor - experience (original license):

(A) Experience record may be claimed to the date of the application. Part-time experience shall be pro-rated after a review by the Board or its designee. Experience record is to be continuous from the beginning to the date of the application. Experience time shall not exceed elapsed calendar time. ~~Application fees are non-refundable.~~ Only experience obtained directly within the land surveying area will be considered as qualifying experience ~~by the Board.~~ Experience shall be gained under the supervision of a licensed professional surveyor; or if not, an explanation shall be made showing why the experience should be considered acceptable. Experience gained under the technical supervision of an unlicensed individual

may be considered if the appropriate credentials of the unlicensed supervisor are submitted and approved by the Board or its designee. In evaluating experience which indicates to the Board that the applicant may be competent to practice surveying, the following will be considered:

- (i) Experience must be progressive on surveying projects and must demonstrate an increasing quality and greater responsibility.
- (ii) Experience must be obtained in compliance with the Statutes and Rules of the Board.
- (iii) Experience gained in the armed services must be of a character equivalent to that which would have been gained in the civilian sector doing similar work.
- (iv) Teaching experience must be in surveying or surveying-related courses at an advanced level in a surveying program that is approved by the Board.
- (v) ~~A substantial portion of the experience must be spent in charge of work.~~ Experience related to property conveyance and/or boundary line determination must be demonstrated.
- (vi) Experience in the technical field aspects of the profession must be demonstrated.
- (vii) Experience must include demonstration of the application of surveying principles in the practical execution of surveying tasks.
- (viii) Experience may be gained in surveying research projects by members of a surveying faculty where the program is approved by the Board.
- (ix) The Board may deem professional experience acquired by applicants outside the United States to be equivalent to the minimum Board requirements established by statutes or rules for professional experience.

(B) Professional land surveyor applicants shall submit a minimum of five (5) acceptable references, at least three (3) of whom shall be Professional Land Surveyors having personal knowledge of the applicant's land surveying experience and none of whom may be current members of the Board. ~~References verifying experience who have been disciplined by any professional licensure board within the past 10 years must submit a copy of the formal disciplinary action taken for the Board's review and consideration. References should~~ must verify the periods of qualifying experience since the beginning of the history, leaving no gaps in dates. The Board cannot give credit for surveying experience that has not been verified by one or more references.

(C) Pursuant to O.S. Title 59, 475.12b(A)(4), all qualifying courses must be successfully completed at an accredited institution of higher education and, other than the Board-approved core curriculum, must be equivalent to general education requirements typically contained in an approved two (2) or four (4) year surveying degree program.

(2) Professional Land Surveyor - examination requirements (original license):

(A) When the education requirements of the Statutes and of this Chapter are met, the Applicants applicant for professional land surveyor licensure must shall apply to NCEES and take and pass the FS Fundamentals of Surveying examination prior to being admitted to take and the PS Principals and Practice of Surveying examination.

(B) ~~Applicants applying to take the PS examination prior to obtaining the required number of years' experience for licensure shall submit a Board approved application and required documents verifying their degree program and verifying passage of the FS examination. The Board or its designee shall review the application for compliance with the education and examination requirements prior to admitting the applicant to the PS examination. Once the applicant has passed the PS examination and has obtained the required experience for Professional Land Surveying licensure, the remaining application requirements shall be submitted and verified prior to final consideration.~~

(CB) Once these examinations are successfully completed and requisite qualifying experience is complete, the applicant shall apply to the Board for approval and may be. ~~When the requirements of the Statutes and of this Chapter are met, the applicant shall be admitted to, and must required to pass other Oklahoma state specific examination(s) as required, the Oklahoma Law and Surveying examination and an examination covering the laws, rules, procedures and practices pertaining to surveying in the state of Oklahoma, prior to being licensed as a Professional Land Surveyor.~~

245:15-3-9. License by comity or endorsement for professional engineers or professional land surveyors

(a) ~~Applicant for comity or endorsement license shall provide proof that the applicant is a person holding a Professional Engineer or Land Surveyor license, in good standing, issued by a proper authority.~~

(b) ~~Applicant must have been licensed, based on requirements that do not conflict with the provisions of the Statutes and Rules of the Board. If the applicant was originally licensed by standards lower than those specified in the applicable Statute in effect in Oklahoma at the time such license was issued, the applicant must provide proof that they are qualified. All disciplinary actions by a professional licensing board and all criminal activity shall be taken into consideration by the Board.~~

(ea) ~~Applicant~~ An applicant shall submit a minimum of five (5) references, three (3) of whom shall be Professional Engineers or Professional Land Surveyors, respectively, having personal knowledge of the applicant's required qualifying engineering experience as defined in O.S. Title 59, 475.12a(D)(4) or surveying experience, as defined in O.S. Title 59, 475.12b(D).

(b) ~~References none of whom~~ may not be current members of the Board or immediate relatives.

~~(d-c)~~ An applicant with less than the standards outlined in ~~subsection (b) of this section~~ O.S. Title 59, 475.12a for engineering and 475.12b for surveying may be required to obtain additional education, experience and examination requirements as the Board may determine to establish the applicant's qualifications. However, applicants who have been continually lawfully licensed to practice professional engineering or professional land surveying in a state or jurisdiction for at least twenty (20) years shall be approved for comity licensure upon verification that the applicant obtains a qualifying background check and references verifying the competent and lawful practice of professional engineering or professional land surveying, and has passed all examination(s) required by the Board's statutes and rules to determine competence at the professional level in laws and rules specific to Oklahoma and professional ethics.

(d) Upon satisfactorily complying with minimum requirements of this section and ~~examination~~ requirements as described in the Statutes and Rules of the Board rules, the applicant shall be licensed in the State of Oklahoma.

245:15-3-10. Temporary License

(a) The Executive Director or ~~Principal Assistant~~ the Board's designee shall be authorized to issue a Temporary License to a Professional Engineer, subject to the approval of the Board, under Title 59, 475.22(2) and the following conditions:

- (1) An applicant who is granted a Temporary License, but fails to submit their complete permanent professional engineer application within the prescribed period of time, may be considered to be in violation of the Statutes and Rules of this Board. An application shall be considered complete when all required properly completed forms and fees have been received in the Board's office.
- (2) Information relative to a license in the other state or jurisdiction shall be verified before issuance of a Temporary License.
- (3) The Temporary License fee as prescribed by law shall be remitted with the application and is non-refundable, unless otherwise waived by Statute or Rules of the Board.
- (4) A Temporary License shall be issued for a definite period of time not to exceed 120 days, for a specifically described single work project as set out in the application form and may not be renewed or extended.
- (5) A Temporary License shall expire the earliest of the issuance of the permanent professional engineer license by this Board or the rejection of the application for licensure, but not later than 120 days after issuance.
- (6) The holder of a Temporary License shall seal plans, specifications, or other documents only in accordance with the Statutes and Rules of this Board. The seal used shall be the holder's license seal of the state on which issuance of the Temporary License as based and immediately under the seal the following shall be inserted:

(A) Oklahoma Temporary License number

(B) Date of issue

(C) Date of expiration

(D) Signature of holder

(7) No person may be issued more than one (1) temporary license.

(8) A Temporary License application shall include a statement describing the circumstances which require the issuance of a Temporary License for the project. The applicant shall submit either a contract, work order, or correspondence containing the date the proposal was submitted, the scope of the project, the current status of the project and the expected date of completion of the project.

(b) The Executive Director or Board's designee shall be authorized to issue a Temporary License to active duty military personnel who are licensed as a Professional Engineer and/or Professional Land Surveyor in another state or jurisdiction, upon receiving their notice or orders for military transfer or honorable discharge to Oklahoma, subject to the approval of the Board, pursuant to the provisions of Title 59, Section 4100. Qualifying applicants shall be awarded the opportunity to take any required state specific examination(s) in an expedited manner with fee waivers as described in Board Rules 245:2-1-18(e). All other Temporary License provisions above shall apply to this section as well.

(c) The Executive Director or Board's designee shall be authorized to issue a Temporary License to the spouse of an active duty military personnel, pursuant to the provisions of Title 59, Section 4100, upon the applicant showing reasonable evidence that:

- (1) He or she is the spouse of a member of the Armed Services on active duty within the State of Oklahoma; or
- (2) He or she is the spouse of a member of the Armed Services who was a permanent resident in the State of Oklahoma for at least six (6) months prior to assignment to active duty; or
- (3) He or she is the spouse of a member of the Armed Services who is subject to a military transfer to Oklahoma; and
- (4) He or she is licensed as a Professional Engineer or Professional Land Surveyor in another state or jurisdiction; and
- (5) He or she left employment as a Professional Engineer or Professional Land Surveyor in another state to accompany his or her spouse to the State of Oklahoma.

(d) Qualifying applicants shall be awarded the opportunity to take any required state specific examination(s) in an expedited manner with fee waivers as described in Board Rules 245:2-1-18(e). All other Temporary License provisions above shall apply to this section as well.

SUBCHAPTER 5. EXAMINATIONS

Permanent Final Adoptions

245:15-5-1. Examinations required, scheduling, and postponements

(a) Examination fees paid to NCEES shall only be refunded, and examinations postponed, per NCEES policy and procedures.

(b) Following the Board's published deadline, an applicant may be approved to take an Oklahoma specific examination by the Principal Assistant or Executive Director or the Board's designee if sufficient evidence of hardship exists to warrant such action. ~~In no case shall an applicant be allowed to register for an examination after the NCEES cut-off date for paper and pencil examinations.~~

245:15-5-3. Examination specifications

NCEES Examinations offered by the Board will be in accordance with NCEES specifications, developed by NCEES examinations committees.

(b) Land surveyor applicants may be examined on their knowledge of Oklahoma laws and surveying by examination(s) approved by Board policy. ~~will, in addition, be tested by an examination approved by the Board, upon their knowledge of Oklahoma laws and surveying.~~

(c) ~~All applicants will, in addition, be tested by an open book exam based on Oklahoma laws, approved by the Board and administered by Board policy.~~

245:15-5-4. Taking and order of taking examinations Classification of qualifying examinations

(a) Applicants may ~~be approved to take one or more of the examinations listed in this subsection.~~

(1) NCEES Fundamentals of Engineering (FE) examination- The examination consists of subject matters in the fundamentals of engineering. Passing this examination qualifies the examinee for certification as an Engineer Intern, provided the examinee has met all other requirements for certification required by Statute and these Rules.

(2) NCEES Principles and Practice of Engineering (PE) examination-The examination consists of subject matters in applied engineering. Passing this examination qualifies the examinee for licensure as a Professional Engineer, provided the examinee has met the other requirements for licensure required by Statute and these Rules.

(3) NCEES Structural Engineering (SE) examination-The examination shall be considered a qualifying examination for licensure as a Professional Engineer (P.E.) and/or Professional Structural Engineer (P.E., S.E.). A candidate must receive acceptable results on both components to pass the examination. A candidate may sit for each component in separate exam administrations but must receive acceptable results on both components within a 5-year period. Receiving acceptable results on only one component shall not be sufficient for licensure purposes. The Structural examination shall be considered and referred to as one examination.

(4) NCEES Fundamentals of Surveying (FS) examination- The examination consists of subject matters in

the fundamentals of surveying. Passing this examination qualifies the examinee for certification as a Land Surveyor Intern, provided the examinee has met all other requirements for certification required by Statute and these Rules.

(5) NCEES Principles and Practice of Surveying (PS) examination-The examination consists of subject matters in applied surveying, divided in separate parts as determined by the Board. Passing these parts qualifies the examinee for licensure as a Professional Land Surveyor, provided the examinee has met the other requirements for licensure required by Statute and these Rules.

(6) Oklahoma Law and Surveying (OLS) examination-The examination is required and administered by Board Policy, and is a separate module on Oklahoma law and surveying procedures for the practice of surveying.

(7) Oklahoma Law and Engineering/Surveying (OLE/S) examination-The examination consists of Oklahoma law and is required and administered by Board Policy.

(b) Applicants required to take the Fundamentals of Engineering or Surveying examination, the Principles and Practice of Engineering examination, including the Structural Engineering examination, or the Principles and Practice of Surveying examination, shall have apply directly with NCEES to register and take the examinations. received a passing score on the Fundamentals examination prior to being permitted to take the Principles and Practice examination or the Structural Engineering examination.

(c) ~~The Structural examination shall be considered and referred to as one examination. The Structural examination shall consist of two components: the Vertical Forces (gravity/other) and Incidental Lateral component and the Lateral Forces (wind/earthquake) component. A candidate must receive acceptable results on both components to pass the Structural examination. A candidate may sit for each component in separate exam administrations but must receive acceptable results on both components within a 5 year period. Receiving acceptable results on only one component shall not be sufficient for licensure purposes.~~

(d) ~~c Examination subversion is the use of any means to alter the results of an examination to cause the results to inaccurately represent the competency of an examinee. Examination subversion for paper and pencil examination offerings includes, but is not limited to:~~

(1) Communication between examinees inside of the examination room or testing site.

(2) Giving or receiving any unauthorized assistance on the examination while an examination is in progress.

(3) Having any unauthorized printed or written matter or other devices in his or her possession which might serve to aid the examinee on the examination.

(4) Obtaining, using, buying, selling, distributing, having possession of, or having unauthorized access to secured examination questions or other secured examination material prior to, during or after the administration of the examination.

- (5) Copying another examinee's answers or looking at another examinee's materials while an examination is in progress.
 - (6) Permitting anyone to copy answers to the examination.
 - (7) Removing any secured examination materials from the examination facility.
 - (8) Allowing another person to take the examination in the examinee's place.
 - (9) Placing any identifying mark upon his or her examination papers other than his or her identification number or other identifiers as directed by the examination administrator.
 - (10) Use by an examinee of any written material, audio material, video material, digital material, or any other mechanism not specifically authorized during the examination for the purpose of assisting any examinee in the examination.
 - (11) Writing on anything other than designated examination material.
 - (12) Writing or erasing anything after time is called.
- (e) If there is evidence of examination subversion by an examinee prior to, during, or after the administration of the examination, one or more of the following may occur:
- (1) The examinee may be denied the privilege of taking the examination if examination subversion is detected before the administration of the examination.
 - (2) If the examination subversion detected has not yet compromised the integrity of the examination, such steps as are necessary to prevent further examination subversion shall be taken, and the examinee may be permitted to continue with the examination.
 - (3) The examinee may be requested to leave the examination facility if examination subversion is detected during the examination.
 - (4) The examinee may be requested to submit written advisement of his or her intent to comply with and understanding of the law.
 - (5) The examination results may be voided and the application fee forfeited.
 - (6) The examinee may not be allowed to sit for an examination for a time prescribed by the Board following investigation.
- (f) The Executive Director reserves the right not to release the examination results to the examinee pending the outcome of any investigation of examination subversion.
- (g) Removal from or voidance of one part of a multiple-part examination taken during a single examination administration shall constitute removal from or voidance of all other parts of the multiple-part examination.
- (h) Professional engineers or land surveyors shall not attempt to gain access to secured examination questions or other secured examination material or information for personal or professional use. Failure to comply shall result in a full investigation by this Board and may result in disciplinary action for this violation.

SUBCHAPTER 7. LICENSURE

245:15-7-4. Waived renewal fees for professional engineers and professional land surveyors over the age of 70

The biennial renewal fee for engineers or land surveyors who reach the age of 70 prior to the renewal date of their certificate of licensure will be waived. Renewal forms must be ~~completed, filled out and returned to the Board office or completed online~~ prior to the renewal date to qualify. Licensees who are continuing to practice their profession are required to fulfill continuing education requirements, even if the renewal fee is waived. If all requirements of this section are not completed properly, the certificate of licensure will be inactivated and reinstatement fees and penalties will apply to re-licensure. However, beginning January 1, 2021, all licensees shall be required to pay the regular renewal fee as long as the licensee chooses to maintain an active license. An individual may choose to retire their license at no cost and maintain a retired professional engineer or retired professional land surveyor status pursuant to the provisions of OAC 245:15-1-3. However, no privilege to offer or practice engineering or surveying shall exist without an active license.

245:15-7-5. Reinstatement of revoked, inactivated, or retired licenses

(a) Licenses inactivated for nonpayment of fees, ~~failing to complete other administrative requirements for renewal, failing to return the renewal form or completing the online form for licensee over the age of 70,~~ or licenses that were voluntarily retired by the licensee, may be reinstated by making written application for reinstatement within one hundred eighty days after expiration and payment of the prescribed renewal fee and penalty. After one hundred eighty (180) days of license inactivity, a new application and fees will be required, which shall be considered specifically by the Board, both from the standpoint of competency and all other statutory and rule requirements character. If reinstatement is within one hundred eighty (180) days following the date of inactivity, then licensure will be deemed to have been continuous. Licensees who are unable to certify completion of ~~thirty (30)~~ required professional development hours will be held to the requirements of this section. Offering or practicing engineering or surveying with an inactive, revoked or retired license during this reinstatement period is a violation of Title 59, Section 475.1 et seq. and the Rules of this Board.

(b) If a license revoked for non-payment or a retired license remains canceled or suspended for a period exceeding three (3) consecutive years, such former licensee may be required by the Board to take and pass a current examination as prescribed by the Board.

(c) Licenses suspended, ~~refused to renew, penalties, orders issued, inactivated~~ or revoked for cause, may be reinstated only by Board action and only then in the manner determined by such Board action. Request for reinstatement of a license shall show the Board that the public interest will not suffer by reason of the reinstatement ~~and shall be addressed to the Chair at~~

Permanent Final Adoptions

~~the Board office.~~ The Board, by Statute, has the discretion as to whether or not to reinstate the Certificate of Licensure or Certificate of Authorization.

SUBCHAPTER 9. RULES OF PROFESSIONAL CONDUCT

245:15-9-3. Responsibility to the public

(a) Licensees shall at all times recognize their primary responsibility is to safeguard the health, property, safety, and public welfare when performing services for clients and employers.

(b) Licensees shall sign, date, and seal only those design documents and surveys which conform to accepted engineering or land surveying standards and that safeguard the life, health, property and welfare of the public.

(c) Licensees shall not reveal facts, data or information obtained in a professional capacity without the prior consent of the client, employer, or public body on which they serve except as authorized or required by law or rules.

(d) Licensees shall not partner, practice, or offer to practice, or permit the use of their name or firm name nor associate in business ventures with any person or firm which they know, or have reason to believe, is engaging in fraudulent or dishonest business or professional practices.

~~(e) Licensees should make a reasonable effort to inform another licensee whose work is believed to contain a material discrepancy, error, or omission that may impact the health, safety, property or welfare of the public, unless such reporting is legally prohibited. The licensee shall report this matter to the Board for investigation if it is not resolved.~~

~~(ef)~~ Licensees who have knowledge or reason to believe that any person or firm has violated any of these "Rules of Professional Conduct" or any other ~~violation provision~~ of Title 59 O.S., Sec. 475.1 et seq, Title 65 O.S. Sec 3.116 et seq, or the rules of this Board, ~~shall should~~ report it to the Board, may report it to appropriate legal authorities, and shall cooperate with the Board and those authorities as may be requested.

~~(fg)~~ Licensees shall notify their employer or client and such other authority as may be appropriate when their professional judgment is overruled under circumstances where the life, health, property, or welfare of the public is endangered.

~~(g) Licensees shall make a reasonable effort to inform another licensee whose work is believed to contain a material discrepancy, error, or omission that may impact the health, safety, property or welfare of the public, unless such reporting is legally prohibited.~~

245:15-9-4. Areas of practice

(a) Licensees shall practice only in the areas of their competence and shall undertake assignments only when qualified by education, examination, or experience in the specific technical fields of engineering or land surveying involved. The records of the Board shall indicate a discipline(s) of engineering designated by the license holder and considered by the Board to

be their area(s) of competence. All requests relating to listings for area(s) of competency require the review of the Board or its designee and shall include the following:

(1) Original application for licensure. Upon application for licensure, an applicant shall designate a discipline(s) of engineering by providing:

(A) a transcript showing a Board-approved degree(s) in the discipline(s) of engineering; or

(B) a supplementary experience record documenting at least 4 years of experience obtained under the supervision of a professional engineer or in the discipline(s) of engineering and verified by at least one PE reference provider that has personal knowledge of the applicant's ~~character, reputation, suitability for licensure, and~~ qualifying engineering experience; or

(C) verification of successful passage of the examination (s) on the principles and practice of engineering in the discipline(s) of engineering.

(2) Comity application for licensure or current license holder. A comity applicant or current license holder may request that the Board change the primary area of competence or indicate additional areas of competence by providing one or more of the following items:

(A) a transcript showing an additional degree in the new discipline of engineering other than the degree used for initial licensure; or

(B) a supplemental experience record documenting at least 4 years of experience obtained under the supervision of a professional engineer in the new discipline(s) of engineering verified by at least one PE reference provider that has personal knowledge of the license holder's ~~character, reputation, suitability for licensure, and~~ qualifying engineering experience; or

(C) verification of successful passage of the on the principles and practice of engineering in the new discipline.

(b) Licensees shall not affix their signatures, date of signature, or seals to any plans or documents dealing with subject matter in which they lack competence, or areas of competence designated in the official Board records, nor to any plan or document not prepared under their direct control and personal supervision.

(c) Licensees may accept assignments for coordination of an entire project, provided that each design segment is signed, dated, and sealed by a licensee competent to practice in the discipline(s) of engineering and in direct control and personal supervision of that design segment.

(d) In the event a question arises as to the competence of a licensee in a specific technical field which cannot be otherwise resolved to the Board's satisfaction, the Board, either upon request of the licensee or on its own volition, shall admit the licensee to an appropriate examination.

SUBCHAPTER 11. CONTINUING EDUCATION

245:15-11-5. Requirements for Professional Engineers and Land Surveyors

(a) To demonstrate that a Professional Engineer and/or Professional Land Surveyor maintains an acceptable level of competency, a licensee must obtain thirty (30) professional development hours (PDH's) within a twenty-four month (biennial) renewal period. If a licensee exceeds the requirement in any biennial renewal period, a maximum of fifteen (15) PDH's may be carried forward into the subsequent biennial renewal period.

(b) ~~Beginning January 1, 2019, a~~ licensee may choose either the Board's standard continuing education requirement as detailed above, or comply with the calendar year reporting method, which is equivalent to fifteen (15) PDH's per calendar year, totaling thirty (30) PDH's per renewal period, with no allowable carryover. The Board shall adopt a conversion table allowing for different renewal periods within the calendar year.

(c) A Professional Land Surveyor or a dual licensee must earn at least two (2) PDH's covering the Oklahoma Minimum Standards for the Practice of Land Surveying per biennial renewal period, with no allowable carryover for this requirement. If the licensee is reporting using the calendar year reporting method, they must be able to provide proof of completion of the required two (2) PDH's every two (2) years if audited. This requirement shall commence with the completion of the licensee's first full two-year renewal period following the adoption of these administrative rules, unless exempt under one of the provisions listed in OAC 245:15-11-3(b).

(d) A licensee shall only renew their license when they can truthfully certify that they have met the continuing education requirements of this subchapter and have proper proof of completion of the required PDH's to which they are certifying.

(e) PDH's may be earned by a licensee as follows:

- (1) Successful completion of college courses.
- (2) Successful completion of continuing education courses, short courses, tutorials, webinars and distance-education courses offered for independent study, or group study and through synchronous or asynchronous delivery methods such as live, correspondence, archival or the Internet;
- (3) Attending qualifying seminars, in-house courses, workshops, or professional or technical presentations made at meetings, conventions, conferences, or educational institutions;
- (4) Teaching or instructing in (1) through (3) of this subsection;
- (5) Active participation in professional or technical societies serving the engineering or land surveying profession as defined in OAC 245:15-11-7(b) (2);
- (6) Active participation in standards or code development technical committees, standards or code commissions, or licensing examination development committees;
- (7) Developing professional licensure exams, or writing standards or developing code in an official capacity;
- (8) Authoring published papers, articles, or books in the licensee's area(s) of competence;

(9) Authoring peer reviewed published professional or technical paper or book in the licensee's area(s) of competence; and

(10) Award of patents to the licensee or to licensee's employer when developed by the licensee.

(f) All such PDH's earned in activities as described in (e)(1) through (e)(10) of this section must be relevant to the practice of engineering and/or land surveying as applicable and may include technical, ethical or business content. Qualifying ethical or business courses or activities must contain content areas related to (1) the awareness of ethical concerns and conflicts; (2) an enhanced familiarity with the codes of conduct; (3) an understanding of standards of practice or care; (4) project management and risk-assessment management; or (5) other similar topics aimed at maintaining, improving, or expanding the skills set and knowledge relevant to the licensee's field and methods of practice.

245:15-11-7. Conversion of units and determination of credits

(a) The conversion of other units of credit of continuing education to PDH's is as follows:

- (1) One (1) college semester hour - 15 PDH's One (1) college quarter hour - 10 PDH's
- (2) One (1) hour of technical or professional development in a continuing education course, short course, tutorial, webinar, or distance-education course - 1 PDH
- (3) One (1) hour of attendance at a qualifying seminar, in-house course, workshop, or professional or technical presentation made at a meeting, convention, conference or educational institution - 1 PDH
- (4) For teaching or making presentations in (1) - (3) above - apply multiple of 2. Teaching credit is valid for teaching a course or seminar for the first time only. Teaching credit does not apply to full-time or part-time faculty members unless the activity is outside the scope of the licensee's customary teaching responsibilities.
- (5) Active participation in professional or technical societies serving the engineering or land surveying profession - 2 PDH's
- (6) Active participation serving on standards or code development technical committees, standards or code commissions, or licensing examination development committees - 4 PDH's
- (7) One (1) contact hour for developing professional licensure examinations, or writing standards or developing code in an official capacity - 1 PDH
- (8) Each published paper, article, or book in the licensee's area of professional practice - 5 PDH's
- (9) Each peer-reviewed published, professional or technical paper or book in the licensee's area(s) of competence - 10 PDH's
- (10) Each patent. - 10 PDH's

(b) Determination of Credit - The Board has final authority with respect to approval of courses, credit, PDH value for courses, and other methods of earning credit.

(1) Credit for college or community college approved courses will be based upon course credit established by the college.

(2) Credit for activity in subsection (a)(5), active participation in professional and technical societies (limited to 2 PDH's per organization with a maximum of 4 PDH's per biennial renewal period or 2 PDH's per calendar year), requires that a licensee serve as an officer and/or actively participate in a committee of the organization. PDH's are not earned until the end of each year of service is complete. Active participation in educational outreach activities pertaining to professional licensure or the surveying/engineering professions that involve K-12 or higher education students may count as active participation in a professional and technical society.

(3) Credit for activity in subsection (a)(6), active participation in standards or code development technical committees or standards or code commissions or licensing examination development committees is limited to 4 PDH's per organization with a maximum of 8 PDH's per biennial renewal period or 2 PDH's per calendar year. PDH's are not earned until the end of each year of service is complete.

(4) With the commencement of the licensees first full ~~two-year~~biennial renewal period following the adoption of these administrative rules, credit for approved activities which focus on other jurisdictional professional engineering or professional land surveying licensure laws, regulations, or minimum standards may be approved, but shall be limited to 2 PDH's per ~~two-year~~biennial renewal period or 1 PDH per calendar year.

245:15-11-11. Disallowed credit; failure to comply

(a) If a licensee is unable to certify completion of 30 PDH's per biennial renewal period, or 15 PDH's per calendar year ~~beginning January 1, 2019~~, by their expiration date, the license will not be renewed unless an exemption has been claimed and approved pursuant to OAC 245:15-11-3.

(b) If the Board, or its designee, disallows claimed PDH's completed during the designated renewal period for audit, as activities that do not meet the criteria for continuing education activities, the licensee shall have 90 days after notification to substantiate the original claim or to complete new continuing education activities to meet the minimum requirement. Further, if verification is supplied for the submitted hours, but disallowed as not acceptable verification, the licensee shall have 90 days after notification to substantiate the original claim with acceptable verification, or complete new continuing education activities to meet the minimum requirement. The total number of days a licensee will be allowed to complete new continuing education activities or provide additional verification of claimed hours is 90 days from the date of notification.

(c) Failure to comply with an audit occurs when a licensee is notified of an audit and they fail to supply a completed log form and verifications showing the required PDH's earned during the appropriate audit period, by the stated deadline, or a licensee submits false information to the Board in an attempt to renew a license. These acts are violations of Board Statutes

and Rules and may lead to disciplinary action. Licensees who do not properly respond to the audit by the stated deadline, shall be in non-compliance with the audit and shall not be granted extra time to earn additional continuing education credit. If no verification of claimed PDH's is provided at the stated deadline for the audit, the licensee shall not be allowed 90 additional days to provide verification and they will have failed the audit, unless proof of hardship is provided in writing and approved by the Board or its designee.

(d) If a licensee is audited for their continuing education requirements for their renewal period, the licensee shall not be allowed to retire their license to avoid complying with the audit or avoid disciplinary action if they incorrectly certified at the time of renewal that they had completed their continuing education requirements.

245:15-11-13. Dual Licensees

For an individual licensed both as an engineer and surveyor, the number of PDH's required shall remain 30 per biennial renewal period or 15 per calendar year, at least 1/3 of which shall be obtained in each profession. Dual licensees must comply with the provisions of OAC 245:15-11-5(c) regarding the Oklahoma Minimum Standards for the Practice of Land Surveying.

SUBCHAPTER 13. MINIMUM STANDARDS FOR THE PRACTICE OF LAND SURVEYING

245:15-13-2. Minimum Standards

(a) **Definitions:** as used in these standards, the following terms shall have the following meanings where the context permits as provided in 59 O.S. 475.1 et seq. and Chapter 245:15-1-3 of the Rules of the Board.

(b) **Research and investigation.** Every property boundary survey shall be made in accordance with the boundary description, as provided to or as created by the professional land surveyor, as nearly as is practicable. The professional land surveyor, prior to making a survey, shall acquire available necessary survey data, which may include record descriptions, deeds, maps, Certified Corner Records, government notes, subdivision plats, road records, and other available section and boundary line location data in the vicinity. The professional land surveyor shall analyze the data and make careful determination of the record title boundary of the property to be surveyed. From the information gathered, the professional land surveyor, or those working under his or her direct control and personal supervision, shall search thoroughly for all controlling corners and all other available field evidence of boundary location. In the event of the discovery of a material disagreement with the work of another surveyor, the surveyor ~~shall~~should make reasonable efforts to contact the other surveyor in an attempt to resolve the disagreement.

(c) **Minimum technical standards for land or boundary surveys (field and office).**

(1) In order for a plat, subdivision plat, map, or sketch of a survey to be acceptable in terms of this rule, it must

be complete and shall be certified or otherwise stated as meeting these minimum technical standards.

(2) All measurements made in the field shall be in accordance with the United States Standard, using either US Survey Feet or meters. All measurements shall be referenced to the horizontal or vertical plane, with the exception of geodetic surveys.

(3) All survey documents produced by an individual practicing under his or her own name shall bear the name, address, and telephone number, along with the license number, seal, signature, and date of signature of the professional land surveyor. All survey documents produced by a firm shall bear the name, address, telephone number, and Certificate of Authorization number, along with the name, license number, seal, signature, and date of signature of the surveyor.

(4) All survey documents must bear the date of the last site visit and bear the date of any revisions thereon. If the site visit was performed on multiple dates, the drawing may specify the range of those dates.

(5) A designated north arrow and scale of the map shall be shown prominently upon the drawing.

(6) Any symbols and/or abbreviations representing physical objects used on the drawing will be clearly noted upon the drawing.

(7) The basis of control used in the survey must be shown on the survey and shall be based upon one or both of the following:

(A) Projections (state plane coordinates or other) with specifics to elevation, vertical datum, horizontal datum, zone, ground to grid factor used, state plane or UTM zone including all pertinent metadata, if applicable, measured and published geodetic control values based upon an online position user service (OPUS) solution or geodetic control stations or other control;

(B) A reference to all bearings shown must be clearly stated, i.e., whether to 'True North'; 'Grid North as established by state plane datum'; 'Assumed North based on the bearing of a well-established line'; a 'Deed call for a particular line'; or 'the bearing of a particular line shown upon a plat'; etc. A specific line between two points either found or re-established set points as shown on a filed plat or in an existing deed description. If a solar observation, GNSS observation, or other means for determining True or Geodetic North is used, it shall also include the accompanying latitudinal and longitudinal value of the observation point. 'GPS North' or similar ambiguous notations without explanation are unacceptable.

(8) Referencing surveys.

(A) Surveys based on the United States Public Land Survey System shall be referenced to original or properly restored corners. The appropriate Bureau of Land Management Manual of Surveying Instructions shall be used as a guide for the restoration of lost or obliterated corners and subdivision of sections into aliquot parts.

(B) Lot surveys within platted subdivisions shall be referenced to existing corner monuments within the subdivision as necessary to verify the survey.

(9) Where evidence of inconsistencies is found, such as overlapping descriptions, hiatuses, excess or deficiency, or conflicting boundary line or monuments; the nature and extent of the inconsistencies shall be shown on the drawing.

(10) All survey drawings shall show the change in direction between lines, lines and curves, and between adjacent curves, by angles, bearings or azimuths. Circular curves shall show: 1. The length of radius; 2. The arc distance; and 3. The chord distance and chord bearing. Sufficient information must be shown to mathematically close all lots and/or parcels.

(11) All easements, rights-of-way and building lines drawn or referenced on recorded subdivision plats on or across the land being surveyed and the width of the rights-of-way of all section lines adjoining or within the surveyed property shall be shown upon the survey drawing. Physical evidence of roadways providing access to or through the property being surveyed shall be shown and/or noted. If location of easements or rights-of-way, other than those drawn or referenced on recorded subdivision plats is required, this information must be furnished to the professional land surveyor.

(12) The professional land surveyor shall establish or confirm a monument or confirm the prior placement of monuments at each and every property corner on the boundary line or boundary lines of the parcel or tract of land being surveyed. In such cases where the placement of a required monument at its proper location is impractical, a witness or reference monument shall be placed with the data given to show its location upon the ground in relation to the boundary lines or corner. In any case the type and size of all monuments, either found or set, and the relationship of the monuments to the surveyed lines and corners will be shown on the drawing. Where practical, monuments shall be constructed of material capable of being detected with the conventional instruments for finding ferrous or magnetic objects. All set monuments shall have affixed thereto a durable marker or cap bearing, at a minimum, the license number of the land surveyor in responsible charge, or the Certificate of Authorization number of the firm performing the survey. Monuments for the exterior corners of a subdivision shall be set by the surveyor who certified the plat of the subdivision prior to the recordation of the subdivision plat. It is the responsibility of the surveyor to set the interior corners on all lot and block corners prior to the conveyance of the lot, block or any part thereof within thirty days of completion of the infrastructure improvements, but no later than one year after recordation of the subdivision plat.

(13) Accuracy of measurements. The accuracy of the measurements for the survey shall be based upon the type of survey, and the current or expected use of the land. The accuracy of the measurements thus performed shall be substantiated by the computations of the traverse or the

results of a Global Navigation Satellite System (GNSS) survey; the relative error of closure permissible shall be no greater than the following standards given below:

- (A) Where there is or will be zero lot line construction on small tracts in a high density urban area, the allowable closure error is 1:10,000 or the allowable positional error is plus or minus 0.10 feet.
 - (B) In residential or commercial subdivisions where the length of lines does not exceed 300 feet, the area of tracts does not exceed 2 acres, and there is no plan for zero lot line construction, the allowable closure error is 1:10,000 or the allowable positional error is plus or minus 0.25 feet.
 - (C) In suburban or rural residential or industrial tracts where the length of lines does not exceed 1000 feet and the area of tracts is between 2 and 40 acres, the allowable closure error is 1:10,000 or the allowable positional error is plus or minus 0.50 feet.
 - (D) Rural tracts of 40 acres or more where the corners of the tract may be connected with traverse legs in excess of 1000 feet, the allowable closure error is 1:10,000 or the allowable positional error is plus or minus 1.0 foot.
 - (E) Rural tracts of 40 acres or more in rough or tree covered terrain where the corners of the tract must be connected with short traverse lines because of poor visibility between the corners of the tract, the allowable closure error is 1:7,500 or the allowable positional error is plus or minus 1.5 feet.
 - (F) Field work performed which has a closure error greater than the maximum allowed, or linear error of closure greater than the maximum positional error shown, shall be considered unacceptable and shall be corrected. Adjustment of a traverse must not shift the position of any point more than the maximum positional error listed above.
- (14) When special conditions exist that effectively prevent the survey from meeting these minimum standards, the special conditions and any necessary deviation from the standards shall be noted upon the drawing. It shall be a violation of this rule to use special conditions to circumvent the intent and purpose of these minimum standards.
- (15) A survey plat, sketch or map must be created whenever a land or boundary survey is performed. Every survey plat, sketch or map must contain the legal description of the land being surveyed, either on the face of the survey plat or attached to and referenced to the survey plat. If the professional land surveyor prepares a new description, then both the surveyor's description and the original description must be on the drawing.
- (16) Additions or deletions to survey drawings by other than the signing party or parties are prohibited without written consent of the signing party or parties.
- (d) Specifications for Topographic and Planimetric Mapping, Including Ground, Airborne, and Space borne Surveys: Production procedures for topographic and planimetric mapping surveys shall be prepared in accordance with the Instruction Manual for Topographic and Planimetric Mapping,

as adopted by the Board, and with the standards established by Part 3 of the Federal Geographic Data Committee (FGDC) Geospatial Positioning Accuracy Standard and applicable extensions and revisions. These standards are incorporated by reference including subsequent amendments and editions.

(e) Control Surveying Reporting: Whenever a professional land surveyor undertakes control surveying, where the coordinates and elevations of the control points established by the survey will be relied upon by professionals other than the original surveyor for future phases of the work, the licensee shall prepare a control survey report and shall provide the report to the prime client and to any other person who makes a written submittal. Alternatively, if the entire report is contained on the face of the work product, no other reporting is required. The report will contain the following information as appropriate to work being performed:

- (1) A listing of the final adjusted coordinates and elevations for all points within the control network along with a complete description of all monuments established or recovered,
- (2) A complete description of the horizontal and vertical datum used including the basis of bearings,
- (3) A complete description of the state plane or UTM zone used including all pertinent metadata, if appropriate,
- (4) Units used for coordinates and elevations,
- (5) Description of monument(s) used to constrain the control network including the reference coordinates and elevations used for aid monument(s),
- (6) If the final adjusted coordinates are based on a modified (ground datum) state plane coordinate system or a low-distortion local coordinate system (ground referenced) derived from geospatial positions, a complete description of the method(s) used to generate the modified coordinates shall be included in the report,
- (7) A brief description detailing the field methods and equipment used to conduct the control survey,
- (8) The date when the control monuments were set, the date when the control monuments were positionally observed, and the date of the final network adjustment,
- (9) Nothing in this section dictates the spatial accuracy that will be required by any specific project. It will be the responsibility of the individual licensee to determine the appropriate level of accuracy for each project. However, the licensee shall report the spatial accuracy in both the horizontal and vertical components,
- (10) A certificate followed by the dated signature and seal of the professional land surveyor responsible for the control survey stating that the surveyor conducted an actual survey on the ground and is responsible for the survey. The following model certification is considered to be an example of the minimum that the surveyor should certify to: "I, _____, certify that this horizontal/vertical control survey was completed under my direct and responsible charge from an actual survey made under my supervision and meets the Oklahoma Minimum Standards for the Practice of Land Surveying as adopted by the Oklahoma State Board of Licensure for Professional Engineers and Land Surveyors."

(11) Preparation of the control portion of geographic information systems and land information systems means the authoritative and monumented ground survey of a system of marks or objects to establish horizontal or vertical positions.

(f) Minimum Standards for Legal Descriptions: Preparation of a new description that is different from the description furnished to the professional land surveyor should be avoided unless deemed necessary by the professional land surveyor because of errors or ambiguities in the original description. Except in the case of an original survey, if a new description is prepared, a note shall be provided stating (a) that the new description describes the same real estate as the record description or, if it does not, (b) how the new description differs from the record description.

(1) Metes and bounds descriptions prepared shall at a minimum contain the following items:

(A) A preamble containing the Quarter Section, Section, Township, Range, Principal Meridian (Indian or Cimarron) and the County and/ or City of the tract of land being described or a preamble containing the Lot and/or Block number, subdivision name and if available, the recording information of the plat and the City, if applicable, and County in which it is filed of record, and

(B) A beginning point and point of commencement (if applicable) referenced to a known point such as a section corner, quarter-section corner, sixteenth section corner, or a Lot/Block corner of a recorded subdivision a tie to each additional section line or recorded subdivision line it passes through, and all distances and directions identified in the record description of the surveyed property (and in the new description, if one was prepared), and

(C) Distances listed to the nearest hundredth of a foot (if surveyed), and

(D) Bearings or angles listed in degrees, minutes and seconds (if surveyed), and

(E) The basis of control used in the description shall be as stated in (c)(7) of this subsection, and

(F) Curved lines with circular curves shall show: 1. Direction of the curve (right or left); 2. The radius; 3. Arc distance; and 4. Chord distance and chord bearing, and

(G) The name and license number of the professional land surveyor who prepared the description, and

(H) The date of preparation of the legal description, and

(I) Each metes and bounds description must return to the Point of Beginning and close mathematically.

(2) Aliquot descriptions may be used in lieu of a metes and bounds description and shall at a minimum contain the following items: Quarter Section, Section, Township, Range, Principal Meridian (Indian or Cimarron), city (if applicable) and the County of the tract of land being described.

(3) Lot and block description may be used in lieu of a metes and bounds description and shall at a minimum contain the following items: Lot and/or Block number, subdivision name, City (if applicable), the County in which it is filed of record and, if available, the recording information of the plat.

(4) A written legal description of the surveyed tract of land must provide sufficient information to locate the property on the ground and distinctly set it apart from all adjoining properties.

(5) The preparation of legal descriptions by a person who does not monument the land so described is not the practice of land surveying.

SUBCHAPTER 17. LICENSEE'S SEAL

245:15-17-1. Licensee's seal

(a) Every person authorized to practice engineering or land surveying by a certificate of licensure may obtain a seal with which to identify all final engineering and land surveying papers or documents, including drawings, specifications, plans, reports, land surveys, plats, land descriptions, design information, construction documents, calculations, addenda, change orders, field orders and other documents of service involving the practice of engineering or land surveying issued by the licensee for use in the State of Oklahoma whenever presented to a client or any public agency to certify that the work thereon was done by the licensee or under the direct control and personal supervision of the licensee.

(b) The seal required shall be of a type which will make an image on the surface of original documents and duplications of original documents. The use of a rubber stamp or electronic digitization which produces an accurate and legible image of the seal is permissible.

(c) The seal of the licensee shall consist of two (2) concentric circles. The inner circle shall have inscribed the licensee's name and number, which shall correspond to the name and certificate number shown on the Certificate of Licensure. The area between the two (2) circles shall be inscribed with the word "Oklahoma" at the bottom reading counter-clockwise and the words "Licensed Professional Engineer" or "Licensed Professional Land Surveyor" at the top reading clockwise. "Licensed Professional Surveyor" may be substituted for "Licensed Professional Land Surveyor" on the seal. The seals commercially designated as 1 7/8" seal, with an inner circle of 1 1/8" diameter and an outer circle of 1 3/4" diameter, or the 1 5/8" seal, with an inner circle of 1 1/16" diameter and an outer circle of 1 9/16" diameter, are acceptable, as shown in Appendix A of this Chapter. Reproduction of the original documents with the required seal may produce a different seal size provided the seal remains completely legible.

(d) A licensee who practices in other than their full legal name shall register the name customarily used in professional practice with the Board together with a copy of their signature for such customarily used name. The seal may be inscribed with the registered, customarily used name, and the signature affixed across or adjacent to the seal shall be the name inscribed

Permanent Final Adoptions

on the seal. A seal and signature affixed in a registered, customarily used name shall have the same force and effect as the seal and signature affixed in a licensee's full legal name.

(e) Existing seals containing the words "Registered Professional Engineer", "Registered Professional Land Surveyor", and "Registered Land Surveyor" may continue to be used.

(f) Licensed "Professional Structural Engineers" may obtain an additional seal and use the word "Professional Structural Engineer" in lieu of "Licensed Professional Engineer" to use when sealing structural engineering projects, whether or not the work requires the seal of a Professional Structural Engineer. All other work lawfully performed by the Professional Structural Engineer in other disciplines of engineering shall be signed and sealed using the seal which states "Licensed Professional Engineer". Work defined as a "significant structure" shall be sealed with a "Professional Structural Engineer" seal, and/or signed with the designation "P.E., S.E." following the signature.

245:15-17-2. Use of seal

(a) The application of the licensee's signature and date of signature to a sealed document shall constitute certification that the work thereon was done by the licensee or under the licensee's direct control and personal supervision, as defined by statute, and that the licensee accepts full responsibility and liability for the professional work represented thereon. Authorized use of the prescribed seal is an individual act. The licensee is responsible for its security at all times. The licensee shall permit no other person, firm, or entity to use the prescribed seal. The seal shall be affixed to documents and instruments only during the time the licensee's license is current and in good standing. Whenever the seal is applied, the document must be signed by the licensee thereby certifying that he or she is competent in the subject matter, has declared the designated area(s) of competence in the record of the Board, and was in direct control and personal supervision of the work product.

(b) Licensees must affix their seal, signature and date of signature to documents or drawings which reflect work for which the licensee has responsible charge, as defined, including revisions and addenda thereto. In the case when multiple licensees are involved, each sheet in a set of drawings shall contain the seal, signature and date of the licensee responsible. A licensee not practicing as, or through a firm shall also include contact information to include address and phone number.

(c) Regarding professional engineering, the licensee is responsible for meeting and documenting all of the following requirements to be in direct control and personal supervision of the work, whether the work is performed remotely or locally:

(1) The client requesting preparation of such plans, specifications, drawings, reports, or other documents makes the request directly to the licensee, a managing agent or authorized employee of the licensee's firm; and

(2) The licensee supervises the preparation of the plans, specifications, drawings, reports, or other documents and has input into their preparation prior to their completion and reviews the final plans, specifications,

drawings, reports, or other documents prior to signing and sealing the work; and

(23) The licensee has the authority to, and does, make any necessary and appropriate changes to the final plans, specifications, drawings, reports, or other documents prior to signing and sealing the work; and

~~(3) The intent of the definition of direct control and personal supervision may be met if all provisions of the definition are met using remote electronic or communication means.~~

(4) ~~An~~ A professional engineer who signs and seals work must be capable of answering questions as to the engineering decisions made during the work on the project in sufficient detail as to leave little doubt as to the professional engineer's competence for the work performed.

~~(d) Unlicensed persons, including professional engineers and professional land surveyors not licensed in Oklahoma, shall not independently perform engineering or surveying work in the state of Oklahoma, to subsequently have it reviewed, signed, and sealed by a licensed professional engineer or professional land surveyor in the state of Oklahoma, unless excluded in (e) below. An Oklahoma licensed professional engineer must be engaged at the commencement of the project and meet all the provisions of (c) (1) (4) of this subsection to qualify as being in responsible charge of the work. If the Oklahoma licensed professional engineer is a contractor or consultant to the firm or individual who contracted for the project, the licensee must include his or her firm name, if applicable, and contact information on the work.~~

~~(ed)~~ Regarding land surveying, the licensee in responsible charge and directly controlling and personally supervising the work is responsible for meeting and documenting all of the following requirements to be in direct control and personal supervision of the work:

(1) The client requesting preparation of such plans, specifications, drawings, reports, or other documents makes the request directly to the licensee, a managing agent or authorized employee of the licensee's firm; and

(2) The licensee must work in the office where the land surveying services are offered; and

(3) The licensee must be physically present in the office where the surveying personnel are located in order to directly control and personally supervise the surveying work, including exercising professional judgment in making surveying decisions related to the amount and type of research performed, the field procedures used, and the surveying decisions related to the preparation of plats, land surveying reports, legal descriptions and other land surveying documents furnished in connection with the land surveying services provided; and

(24) The licensee has the authority to, and does, make any necessary and appropriate changes to the work prior to signing and sealing the work; and

~~(3) All surveying offices must have an Oklahoma licensed professional land surveyor physically present at the location to be in responsible charge of, and in direct control and supervision of the work; and~~

(45) A professional land surveyor who signs and seals work must be capable of answering questions as to the surveying decisions made during the project in sufficient detail as to leave little doubt as to the professional land surveyor's involvement with the work performed.
